COMMON TOPIC NOTES*		
As part of the original Collaboration MOU, four (4) sessions are dedicated to a Common Topic Focus. 2013-14 is the fourth year in a 4-year plan around Common Assessments, though our focus will be on the implementation of the Idaho Core and preparations for the Smarter Balanced Assessments (SBAC).		

***The four Common Topic dates will fall in the approximate windows of Sept-Nov, Nov-Jan, Jan-March, April-June depending on each school's and district priorities.**
