Eastern Idaho Technical College president Miles LaRowe Announces Resignation

The State Board of Education has received the resignation of Miles LaRowe, President of Eastern Idaho Technical College (EITC). Dr. La Rowe will be leaving EITC to become the President of Northwest College in Powell, Wyoming.

This is a tremendous opportunity for Miles, and on the behalf of the State Board I wish him the very best with his new College. Miles has been extremely effective developing EITC. In the seven plus years he has been at the school he has generated significant support for the College within the community and has established a solid financial basis from which the school can continue to grow. We will miss him," stated Blake Hall, President of the State Board of Education.

Dr. LaRowe will be assuming his new position July 1 of this year. The Board will begin the process to name an interim president as soon as possible.
