# BOARD APPROVES MODEL POLICY TO PROTECT STUDENT DATA

(Pocatello). The State Board of Education today approved a model policy to protect student privacy and data. This policy provides guidance for collecting, using and sharing student data. All Idaho public schools are required to follow this policy and to post it on their websites. The policy can be found [here](#).

The Board reviewed a draft of the policy at its June 2014 meeting. The Board's Data Management Council gathered public input on the draft policy and made revisions based on that input. Questions on the policy or on data collection and use can be sent to the Board's Director of Research, Carson Howell, at [carson.howell@osbe.idaho.gov](mailto:carson.howell@osbe.idaho.gov).
