# **Statewide Accountability System**

## ***Guiding Principles***

### **Develop an Accountability System that:**

- Includes multiple measures which provide meaningful, trustworthy data and aid schools in building a culture of student achievement and school improvement
- Reports results responsibly to accurately depict student achievement
- Is flexible in application to school design and considers schools' unique situations

# Statewide Accountability System

## *Proposed Framework*

### Performance Measures

- An accountability system that includes indicators which meet the federal and state accountability requirements
- Indicators to be provided on a data dashboard that present a well-rounded picture of school performance
- Separate indicators for 3 types of schools
  - Elementary and Middle Schools (K-8)
  - High Schools
  - Alternative High Schools
- Indicators may consist of indexes using multiple measures to exhibit performance

# Statewide Accountability System

## *Proposed Framework*

### K-8 Indicators

- Academic
  - ISAT proficiency and growth
    - ISAT proficiency is a federal requirement for state accountability systems
  - Idaho Reading Indicator at-grade level/growth
  - English Learner achieving English language proficiency/growth
    - English Learner proficiency is a federal requirement for state accountability systems
  
- School Quality

**Note:** Per federal requirements, state accountability systems must include at least one School Quality Index

  - Next Level Readiness Index
    - Ex.: Measure of 5<sup>th</sup> graders ready for middle school
    - Ex.: Percent of 8<sup>th</sup> graders enrolled in Pre-Algebra or higher
  - Chronic Absenteeism
  - Teacher Quality and Engagement Index
    - Ex.: Teachers with an advanced degree or National Board Certification
    - Ex.: Teacher attendance

## *Proposed Framework*

### High School Indicators

- Academic
  - ISAT proficiency
    - ISAT proficiency is a federal requirement for state accountability systems
  - English Learner achieving English language proficiency/growth
    - English Learner proficiency is a federal requirement for state accountability systems
  - Four-Year Cohort Graduation Rate
    - Adjust to include students that graduate in the summer of their Senior year
    - Graduation rate is a federal requirement for state accountability systems
- School Quality

**Note:** Per federal requirements, state accountability systems must include at least one School Quality Index

  - College and Career Readiness Index
    - Ex.: Measure of students taking Advanced Opportunities courses and credits earned
    - Ex.: College entrance exam performance
  - Chronic Absenteeism
  - Teacher Quality and Engagement Index

# Statewide Accountability System

## *Proposed Framework*

### Alternative High School Indicators

- Academic
  - ISAT proficiency
    - ISAT proficiency is a federal requirement for state accountability systems
  - English Learner achieving English language proficiency/growth
    - English Learner proficiency is a federal requirement for state accountability systems
  - Four Year Cohort Graduation Rate
    - Graduation rate is a federal requirement for state accountability systems
  - Extended Year Graduation Rate
    - Based on a five-year cohort
  
- School Quality

**Note:** Per federal requirements, state accountability systems must include at least one School Quality Index

  - Credit Recovery/Accumulation Index
  - Chronic Absenteeism
  - Teacher Quality and Engagement Index
  - Student Engagement Index
    - Ex.: Classroom teacher to student ratio
    - Ex.: Counselor/college-career advisor to student ratio

# **Statewide Accountability System**

## ***Proposed Framework***

### **Student Growth Calculations**

- Academic growth is included as a proposed K-8 academic indicator
  - The State Department of Education is working closely with members of the Idaho Assessment Technical Advisory Committee to recommend a new model for calculating student growth
  - ISAT scores from 2015 and 2016 are being used to test different models

### **Scoring and Reporting**

- Data regarding schools' performance on all accountability indicators will be presented publicly on an interactive online data dashboard
  - User friendly
  - School demographics/characteristics will be included to provide context
- All indicators broken-out by subgroups

# Statewide Accountability System

## *Proposed Framework*

### Overall

- The draft accountability system, particularly the indicators designated for use for federal accountability, fulfills the minimum ESSA requirements
- Public input is being gathered to assist identifying how to measure certain indicators
