2. Second Reading Approval of K-8 Achievement Standards (Action Item)
3. Achievement Standards Specialist Consultant (Informational Item)

BACKGROUND:

Update Report

An update report will be given by the Achievement Standards Coordinator at the board meeting.

Approval of K-8 Standards

The State Board of Education approved the first reading of the K-8 Achievement Standards on June 16, 2000. After receiving comments from the SBOE and the public, the committee met again to make revisions on the Science standards to make sure there was continuity throughout K-8 Achievement Standards.

The second Public Hearing was held on August 15, 2000 by video conferencing around the State. We are now asking for final approval of the K-8 Achievement Standards and to publish in the Administrative Rules Process for the Legislature in 2001.

Update of Assessment Specialist Consultant

Report will be given by Achievement Standards Chair.
