Letters of Authorization

BACKGROUND:

At its December 6-7, 2004, meeting, the Professional Standards Commission approved Letters of Authorization for recommendation to the State Board of Education for its final approval.

Pertinent to the Letters of Authorization, State Board of Education Rule IDAPA 08.02.02.070.01 states that, "The final recommendation of the Commission will be submitted to the State Board of Education by the Superintendent of Public Instruction."

RECOMMENDATIONS:

The State Department of Education recommends that the State Board of Education give final approval for the Letters of Authorization that have been submitted as approved by the Professional Standards Commission at its December 6-7, 2004, meeting.

BOARD ACTION:

C. SUBJECT:

Proposal to Rezone Mountain Home School District No. 193

BACKGROUND:

Idaho Code 33-313 states that following the release of the decennial census data each school district board of trustees shall prepare a proposal to equalize the population of their trustee zones. It also states that the boundaries of the trustee zones in each school district shall be defined and drawn so that, as reasonably as may be, each such zone shall have approximately the same population. These proposals must be submitted to the State Board for approval.

DISCUSSION:

The Department of Education reviewed a proposal from Mountain Home School District No. 193 to redefine their trustee zones. The review included ensuring population equalization based on the numbers submitted and correcting legal descriptions and maps as needed. Mountain Home School District had the unique challenge of incorporating the fluctuating population of Mountain Home Air Force Base into their rezone proposal.

RECOMMENDATION:

It is recommended the State Board of Education approve the proposal.

BOARD ACTION:

It was carried to approve/disapprove/table the proposal from the Mountain Home School District No. 193 to redefine their trustee zones. Moved by _____, seconded by _____, and carried.

D. SUBJECT:

Annual Summary Accreditation Report of Idaho Schools

BACKGROUND:

All public schools in Idaho will be state accredited. State Accreditation is voluntary for private and parochial schools (Section 33-119, Idaho Code). Under the Administrative Rules of the State Board of Education, the State Department of Education developed the process for school personnel to report how each school is addressing the Elements of Thoroughness and meeting the standards required for school accreditation. School principals/directors submit their annual report via the Internet to the State Department of Education by October 15.

The State Advisory Accreditation Committees represent each region of the state; members are elected by their peers and approved by the State Board of Education. The Committees meet in October to review the reports and compare the school's responses to the required standards. An accreditation rating is assigned to each school, based on how well the school meets the accreditation standards. The State Advisory Accreditation Committees have established a deviation rating scale for each standard and approval ratings based on a school's level of compliance with the standards.

After schools are provided their preliminary accreditation status and committee comments, they are given time to respond to any deviations from the standards. The school responses are given due consideration and a final recommendation is then made to the State Board of Education.

Both the Elementary Advisory Accreditation Committee and the Secondary State/Northwest Advisory Accreditation Committee have reviewed the annual accreditation reports and ratings and submit their accreditation rating recommendations in this annual Accreditation Summary Report of Idaho Schools.

RECOMMENDATIONS:

The State Department of Education recommends the approval of the 2004-2005 Accreditation Summary Report of Idaho Schools.

BOARD ACTION:

The State Board of Education carried to approve/disapprove/table the 2004-2005 Accreditation Summary Report of Idaho Schools as submitted.

Moved by _____, seconded by _____ and carried.

ATTACHMENTS:

1. 2004-2005 Accreditation Summary Report of Idaho Schools

Explanatory note: Under existing rules, all schools do not have to have in place a school plan to meet accreditation standards, particularly elementary schools. Elementary schools meeting schoolwide Title I program criteria have Student Achievement and School Improvement (SASI) plans in place. Under proposed accreditation rules to be reviewed for approval by the 2005 Legislature, all schools will be required to have a school improvement plan.
