UNIVERSITY OF IDAHO**

**SUBJECT**

University NCAA Academic Progress Rate (APR) Scores

**BACKGROUND/DISCUSSION**

The APR is determined by using the eligibility and retention for each student-athlete on scholarship during a particular academic year. Student-athletes are awarded points for each semester they are enrolled and for each semester they are eligible for intercollegiate competition. The APR is calculated by taking the number of possible points and dividing that number by the total number of points earned from retention and eligibility over the same period of time.

The NCAA instituted the APR requirements beginning in the 2003-04 academic year. Beginning in the fall of 2007, the APR is based on four years of data and every year thereafter, the most current year's data will be added and the oldest year will be removed to create a four-year rolling rate. The benchmark minimum score is 925.

**IMPACT**

Contemporaneous financial aid penalties can be applied if an athletic team's APR score is below 925. Teams that fall under the contemporaneous penalties risk the loss of future scholarships.

This is the fifth year institutions will be subject to historically based penalties. In the first stage of that structure, teams with APRs below 900 will receive a public warning. If those same teams continue to fall below the 900 cut line, they will be subject to a variety of playing and practice season restrictions, based on a formula that includes a measurement of the team's improvement over the last several years.

After public warnings, penalties become progressively more severe, eventually banning teams from postseason play.

**STAFF COMMENTS AND RECOMMENDATIONS**

Each institution provided a statement regarding APR and how the NCAA requirement affects that institution. Following the statement from each institution are the NCAA APR sheets for all sports at that institution.

Staff recommends the institutions and Board consider using the APR in head coach's contracts to a greater extent than is currently occurring. At present, bonuses tied to APR scores are relatively minor compared to incentives for such items as team record or rankings. Increasing the incentive for academic achievement along with athletic achievement will help place a higher priority on the life-learning needs of the student-athletes.

**BOARD ACTION**

This item is for informational purposes only. Any action will be at the Board's discretion.

**Boise State University**  
**Spring 2011 APR Report Summary**

Boise State University Athletic Department continues to improve its Academic Progress Rate in the 2011 NCAA APR Report. This statistical analysis covers a four-year period for the academic years of 2006-07 to 2009-10. The overall Boise State Athletic Department 4-year APR is 972. Along with Boise State leading the Western Athletic Conference's APR efforts in football and men's basketball, the Broncos ranked second among league schools in seven other sports - women's golf, gymnastics, women's tennis, men's outdoor track and field, men's indoor track and field, men's cross country and women's outdoor track and field. The NCAA honored the Bronco football team (981 APR) with an APR Public Recognition Award. The award is presented to a school which posts multi-year APR rates in the top 10 percent for its specific sport.

# NCAA Division I 2008 - 2009 Academic Progress Rate

## Public Report

Institution: Boise State University

Date of Report: 06/04/2010

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2005-06, 2006-07, 2007-08, and 2008-2009 academic years.

*[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an \* symbol. The information in this report does not reflect any changes to data made after this date.]*

The following chart represents by-sport APR averages for noted subgroups.

Sport (N)	Multiyear APR	2008-2009 APR	Percentile Rank within Sport	Percentile Rank within All Sports	All Division I	P u b l i c Institutions	Private Institutions	Football Bowl Subdivision	Football Championship Subdivision	Division I (Non-Football)
<b>By Sport - Men's</b>										
Baseball (298)	NA	NA	NA	NA	954	946	971	960	950	950
Basketball (343)	986	1000	90th-100th	70th-80th	940	931	958	942	938	942
Cross Country (313)	1000	1000	90th-100th	90th-100th	967	962	976	973	963	967
Football (243)	974	1000	80th-90th	50th-60th	944	937	963	947	939	NA
Fencing (19)	NA	NA	NA	NA	967	943	979	975	981	946
Golf (297)	912	1000	1st-10th	1st-10th	969	963	980	973	965	971

\* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

<sup>1</sup> Denotes APR that does not subject the team to a contemporaneous penalty because the team is performing better than the institution's general student body, or based on institutional, athletics and student resources.

<sup>2</sup> Denotes APR that does not subject the team to contemporaneous penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 925 for that team to be subject to contemporaneous penalties. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>3</sup> Denotes APR that does not subject the team to historical penalties due to the team's demonstrated academic improvement and favorable comparison based on other academic or institutional factors.

<sup>4</sup> Denotes APR that does not subject the team to historical penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to historical penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>5</sup> Denotes APR based on a one year cohort, not subject to a contemporaneous and/or historical penalty.

<sup>6</sup> Denotes APR based on a two year cohort, not subject to a historical penalty.

**Idaho State University  
Spring 2011 APR Report Summary**

The 2009-10 one year score for the whole department was tied for the highest ever at 939. This tied the 2006-07 one-year score. The 939 score was up 19 points from the 2008-09 score of 920.

The 2009-10 four-year average for the whole department was the highest ever at 934. The department as a whole went up seven points in the four-year average score.

- Men's Basketball continues to climb in the four-year average score. They have reached a score of 923. The one-year score went down to a 870, however a score of 827 from the 2005-06 school year dropped off causing their four-year score to increase.
- Football improved slightly in both their one-year score and their four-year score. However the improvements were not enough to avoid Historic Level 3 penalties. Those penalties include:

Scholarship reduction, practice reduction and postseason competition ban.  
The four-year score went from an 881 to an 888.

- Men's Tennis scored a perfect 1000 and saw another huge jump for the third year in a row. Their single-year score for the 2006-07 year was 792. The single-year score for the 2007-08 year was 889. The single-year score for the 2008-09 year 952. Finally, the single-year score for 2009-10 was a perfect 1000. This helped raise their four year score up to a 951.
- Women's Cross Country scored a perfect 1000 for the fourth year in a row and earned a perfect 1000 for their four-year average. They are the second team to do that at Idaho State University. The first team was the Women's Cross Country team in the 2008-09 year.
- Women's Soccer jumped 13 points on their one-year score earning a 976 for 2009-10 and a four-year score of 975. This is the second year in a row that the team has increased in their one-year score.
- Women's Basketball saw a huge jump in their one-year score. They went from an 857 in 2008-09 to a 955 in 2009-10. Their four-year score is currently a 931.
- Men's Outdoor Track dropped slightly in the one-year score but saw an increase in their four-year score from a 922 in 2008-09 to a 930 in 2009-10. They should see a huge jump next year as they will lose an 868 score from the 2006-07 year.
- Women's Golf had their second perfect 1000 single-year score in the last 3 years. This propelled their four-year average up to a 958.

- Women's Softball saw a huge single-year jump of 134 points. They scored an all-time high for Softball with a single year score of 959.
- Women's Tennis saw a big one-year improvement of 28 points. Their one-year score is a 929.
- Women's Outdoor track saw an 18 point increase in their one-year score.
- Women's Volleyball saw their second perfect 1000 for a single-year score in the last 3 years. This propelled their four-year average to a 977.
- Of the teams on the ISU campus, only Men's Basketball (923), Football (888), and Softball (893) have scores below the 925 mark. With Men's Basketball climbing every year they should be over the 925 mark by next year. Football has continued to make slight increases and will continue to climb. The Softball team made a large jump in the single-year score and will continue to climb, shooting to have the four-year average over 925 after the 2012-13 school year.

# NCAA Division I 2009 - 2010 Academic Progress Rate

## Public Report

Institution: Idaho State University

Date of Report: 05/23/2011

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2006-07, 2007-08, 2008-2009 and 2009-10 academic years.

*[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an \* symbol. The information in this report does not reflect any changes to data made after this date.]*

The following chart represents by-sport APR averages for noted subgroups.

Sport (N)	Multiyear APR	2009-2010 APR	Percentile Rank within Sport	Percentile Rank within All Sports	All Division I	P u b l i c Institutions	Private Institutions	Football Bowl Subdivision	Football Championship Subdivision	Division I (Non-Football)
<b>By Sport - Men's</b>										
Baseball (298)	NA	NA	NA	NA	959	953	972	966	956	954
Basketball (344)	923 <sup>1</sup>	870	20th-30th	1st-10th	945	937	961	949	944	943
Cross Country (313)	956	941	20th-30th	20th-30th	970	965	979	976	965	971
Football (244)	888	883	1st-10th	1st-10th	946	941	963	949	943	NA
Fencing (19)	NA	NA	NA	NA	964	936	976	976	972	925
Golf (298)	NA	NA	NA	NA	971	967	979	977	967	970

\* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

<sup>1</sup> Denotes APR that does not subject the team to a contemporaneous penalty because the team is performing better than the institution's general student body, or based on institutional, athletics and student resources.

<sup>2</sup> Denotes APR that does not subject the team to contemporaneous penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 925 for that team to be subject to contemporaneous penalties. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>3</sup> Denotes APR that does not subject the team to historical penalties due to the team's demonstrated academic improvement and favorable comparison based on other academic or institutional factors.

<sup>4</sup> Denotes APR that does not subject the team to historical penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to historical penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>5</sup> Denotes APR based on a one year cohort, not subject to a contemporaneous and/or historical penalty.

<sup>6</sup> Denotes APR based on a two year cohort, not subject to a historical penalty.

\* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

<sup>1</sup> Denotes APR that does not subject the team to a contemporaneous penalty because the team is performing better than the institution's general student body, or based on institutional, athletics and student resources.

<sup>2</sup> Denotes APR that does not subject the team to contemporaneous penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 925 for that team to be subject to contemporaneous penalties. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>3</sup> Denotes APR that does not subject the team to historical penalties due to the team's demonstrated academic improvement and favorable comparison based on other academic or institutional factors.

<sup>4</sup> Denotes APR that does not subject the team to historical penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to historical penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>5</sup> Denotes APR based on a one year cohort, not subject to a contemporaneous and/or historical penalty.

<sup>6</sup> Denotes APR based on a two year cohort, not subject to a historical penalty.

# NCAA Division I 2009 - 2010 Academic Progress Rate Penalty Summary

Institution: Idaho State University

Date of Report: 05/23/2011

This report is based on data submitted by the institution for the 2006-07, 2007-08, 2008-2009 and 2009-10 academic years.

This report provides a summary of the teams identified at your institution that are subject to a contemporaneous penalty and/or historical penalty and their multiyear APR. The historical-penalty structure has a cumulative effect that continues to apply each year as a team progresses through the structure. Each year a team fails the historical-penalty review another stage of penalties will be added.

Sport	Multiyear APR	Contemporaneous Penalty	Historical Penalty - Occasion One	Historical Penalty - Occasion Two	Historical Penalty - Occasion Three	Historical Penalty - Occasion Four
Football	888	N/A	Public notice.	Limited to awarding aid to 22.0 initial counters.  Limited to awarding aid to 62.0 overall counters. Limited to awarding the equivalency value of 57.38 financial aid awards. Limited to 5.0 days as well as 16.0 hours of countable activity per week. <sup>2</sup>	No post-season competition	

<sup>1</sup> Any contemporaneous penalty for the sports of cross country, indoor and/or outdoor track must count against the NCAA maximum team limit for cross country/track and field (i.e., 18 women's, 12.6 men's). If the institution sponsors cross country and does not sponsor track and field, the penalty counts against the NCAA maximum team limit for cross country (i.e., five men's, six women's).

<sup>2</sup> The penalty amount listed includes a penalty that was previously conditionally waived; however, the team failed to meet the condition and the penalty must now be imposed.

<sup>4</sup> The Post-Season Competition penalty for this sport has been waived.

<sup>5</sup> The institution's penalty waiver request is pending.

<sup>6</sup> The Membership Restriction penalty for this sport has been waived.

**University of Idaho  
Spring 2011 APR Report Summary**

The University of Idaho sponsors 16 NCAA sports and of those, 15 currently maintain a 4-year average of at least 940. That number is up one from last year. Football is the only sport below 940. Football has a 923 four-year average, an increase of 15 points over the prior four-year average.

Football had a single year APR of 972 in 2009-10. As a result of having an average below 925 and having an individual student earn neither of the possible two points during a semester, the football program was subject to a contemporaneous penalty of 24 initial counters and 84 overall counters. That penalty must be served within two years of the 09-10 data. The institution made the decision to serve the penalty in the 2010-11 academic year instead of the more traditional route of delaying the penalty until the 2011-12 academic year. As a result of taking the penalty during 2010-11, the football program has a full complement of scholarships available for 2011-12. The football program should raise the team APR average above the 925 cutline after the 2010-11 data is reported.

Fresno is the only WAC institution without at least one team ranked last in Conference APR standings. The University of Idaho has two (men's golf and men's outdoor track). Boise has two (men's tennis and women's volleyball). Louisiana Tech has one (men's indoor track). Nevada has three (baseball, women's cross country, and women's swimming). New Mexico State has four (football, men's basketball, women's indoor track and women's outdoor track). San Jose has three (women's basketball and women's soccer). Hawaii has one (women's golf). Utah State has two (men's cross country, women's tennis).

Idaho's average APR score, by sport, is 961.88. That is an increase of over four points compared to the prior four-year average.

# NCAA Division I 2008 - 2009 Academic Progress Rate

## Public Report

Institution: University of Idaho

Date of Report: 06/04/2010

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2005-06, 2006-07, 2007-08, and 2008-2009 academic years.

*[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an \* symbol. The information in this report does not reflect any changes to data made after this date.]*

The following chart represents by-sport APR averages for noted subgroups.

Sport (N)	Multiyear APR	2008-2009 APR	Percentile Rank within Sport	Percentile Rank within All Sports	All Division I	P u b l i c Institutions	Private Institutions	Football Bowl Subdivision	Football Championship Subdivision	Division I (Non-Football)
<b>By Sport - Men's</b>

Cross Country (313)	977	967	50th-60th	50th-60th	967	962	976	973	963	967
Football (243)	908	908	10th-20th	1st-10th	944	937	963	947	939	NA
Fencing (19)	NA	NA	NA	NA	967	943	979	975	981	946
Golf (297)	942	925	10th-20th	10th-20th	969	963	980	973	965	971

\* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

<sup>1</sup> Denotes APR that does not subject the team to a contemporaneous penalty because the team is performing better than the institution's general student body, or based on institutional, athletics and student resources.

<sup>2</sup> Denotes APR that does not subject the team to contemporaneous penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 925 for that team to be subject to contemporaneous penalties. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>3</sup> Denotes APR that does not subject the team to historical penalties due to the team's demonstrated academic improvement and favorable comparison based on other academic or institutional factors.

<sup>4</sup> Denotes APR that does not subject the team to historical penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to historical penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

<sup>5</sup> Denotes APR based on a one year cohort, not subject to a contemporaneous and/or historical penalty.

<sup>6</sup> Denotes APR based on a two year cohort, not subject to a historical penalty.

# NCAA Division I 2008 - 2009 Academic Progress Rate Penalty Summary

Institution: University of Idaho

Date of Report: 06/04/2010

This report is based on data submitted by the institution for the 2005-06, 2006-07, 2007-08, and 2008-2009 academic years.

This report provides a summary of the teams identified at your institution that are subject to a contemporaneous penalty and/or historical penalty and their multiyear APR. The historical-penalty structure has a cumulative effect that continues to apply each year as a team progresses through the structure. Each year a team fails the historical-penalty review another stage of penalties will be added.

Sport	Multiyear APR	Contemporaneous Penalty	Historical Penalty - Occasion One	Historical Penalty - Occasion Two	Historical Penalty - Occasion Three	Historical Penalty - Occasion Four
Football	908	Limited to awarding aid to 22 initial counters. Limited to awarding aid to 79 overall counters.				

<sup>1</sup> Any contemporaneous penalty for the sports of cross country, indoor and/or outdoor track must count against the NCAA maximum team limit for cross country/track and field (i.e., 18 women's, 12.6 men's). If the institution sponsors cross country and does not sponsor track and field, the penalty counts against the NCAA maximum team limit for cross country (i.e., five men's, six women's).

<sup>2</sup> The penalty amount listed includes a penalty that was previously conditionally waived; however, the team failed to meet the condition and the penalty must now be imposed.

<sup>4</sup> The Post-Season Competition penalty for this sport has been waived.

<sup>5</sup> The institution's penalty waiver request is pending.

<sup>6</sup> The Membership Restriction penalty for this sport has been waived.
