3. The teacher monitors and adjusts strategies in response to individual literacy levels.
4. The teacher creates logical sequences for reading, writing, speaking, listening, viewing, and language study.
5. The teacher uses students' creations and responses as part of the instructional program.
6. The teacher builds a reading, writing, listening, speaking, and viewing community in which students respond, interpret, and think critically (e.g., engages students in discussion, inquiry, and evaluation).
7. The teacher enriches and expands the students' language resources for adapting to diverse social, cultural, and workplace settings.
8. The teacher provides opportunities for students to create authentic responses to cultural, societal, and workplace experiences.

Standard 5: Classroom Motivation and Management Skills- The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher knows methods of assessing students' written and oral communication skills and reading performance (e.g., holistic, analytic, and primary trait scoring; portfolios of student work; projects; student self-assessment; peer assessment; journals; rubrics; reading response logs; reading inventories; reflective and formal writing; student/teacher-developed guidelines; exhibitions; oral and dramatic presentations; and the Idaho State Direct Writing Assessment).

Performance

1. The teacher constructs and uses a variety of formal and informal assessments for reading, writing, speaking, listening, and viewing.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Performance

1. The teacher engages in reading and writing for professional growth and satisfaction.
2. The teacher stimulates student enthusiasm for and appreciation of literature, writing, language, and literacy.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Foreign Language Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Foreign Language Teacher Standards are widely recognized, but not all encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter—The teacher understands the central concepts, tools of inquiry, and structures of the disciplines taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher knows the target language and understands the culture(s) in which the language is used.
2. The teacher understands key linguistic structures particular to the target language and the way(s) in which they compare to English communication patterns.
3. The teacher knows the history and literature of the target culture(s).
4. The teacher knows the current social, political, and economic realities of the countries related to the target language.
5. The teacher knows the commonly held stereotypes of the target culture(s).
6. The teacher understands the impact of the target language and culture(s) on American society.
7. The teacher knows the similarities and differences between the students’ culture(s) and the target culture(s).

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

- ~~8. The teacher understands the ACTFL (American Council on the Teaching of Foreign Languages) Proficiency Guidelines for listening, speaking, reading, writing, and culture.~~

Performancee

- ~~1. The teacher incorporates listening, speaking, reading, writing, and culture into instruction.~~
- ~~2. The teacher articulates the value of foreign language learning to students, educators, and the community.~~
- ~~3. The teacher uses the target language extensively in formal, informal, and conversational contexts and encourages the students to do so.~~
- ~~4. The teacher provides opportunities to communicate in the target language in meaningful, purposeful activities that simulate real-life situations.~~
- ~~5. The teacher systematically incorporates culture into instruction.~~
- ~~6. The teacher incorporates discussions of the target culture's contributions to the students' culture.~~
- ~~7. The teacher encourages students to understand that culture and language are intrinsically tied.~~
- ~~8. The teacher makes generous use of cognates and expressions common to English and the foreign language when those comparisons will further the students' understanding and fluency.~~

Standard 2: Knowledge of Human Development and Learning – The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

- ~~1. The teacher understands that the process of second language acquisition includes the interrelated skills of listening, speaking, reading, and writing.~~
- ~~2. The teacher understands that the development of cultural knowledge is essential for second language acquisition.~~
- ~~3. The teacher understands how to create an instructional environment that encourages students to take the risks necessary for successful language learning.~~

Performancee

- ~~1. The teacher builds on the language learning strengths of students rather than focusing on their weaknesses.~~

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

~~**Standard 3: Modifying Instruction for Individual Needs – The teacher understands how students differ in their approaches to learning and creates instructional opportunities that are adapted to students with diverse needs.**~~

Knowledge

- ~~1. The teacher understands that gender, age, socioeconomic background, ethnicity, and other factors play a role in how individuals perceive and relate to their own culture and that of others.~~

Performance

- ~~1. The teacher plans learning activities that enable students to grasp the significance of language and cultural similarities and differences.~~

~~**Standard 4: Multiple Instructional Strategies – The teacher understands and uses a variety of instructional strategies to develop students’ critical thinking, problem solving, and performance skills.**~~

Knowledge

- ~~1. The teacher understands that foreign language methodology continues to change.~~

Performance

- ~~1. The teacher uses a variety of instructional strategies to enhance students’ understanding of the target language and culture.~~

~~**Standard 5: Classroom Motivation and Management Skills – Classroom Motivation and Management Skills – The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation**~~

~~**Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster inquiry, collaboration, and supportive interaction in and beyond the classroom**~~

~~**Standard 7: Instructional Planning Skills – The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, and curriculum goals.**~~

Knowledge

- ~~1. The teacher understands how to incorporate the ACTFL Standards for Foreign Language Learning of communication, cultures, connections, comparisons, and communities into instructional planning.~~

Performance

- ~~1. The teacher incorporates the ACTFL Standards for Foreign Language Learning of communication, cultures, connections, comparisons, and communities into instructional planning.~~

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

~~**Standard 8: Assessment of Student Learning – The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.**~~

Knowledge

- ~~1. The teacher understands the ACTFL Proficiency Guidelines for listening, speaking, reading, writing, and culture.~~
- ~~2. The teacher understands the need to assess progress in the five language acquisition skills (listening, speaking, reading, writing, and culture).~~

Performance

- ~~1. The teacher motivates the students to reach level-appropriate proficiency based on ACTFL Proficiency Guidelines for listening, speaking, reading, writing, and culture.~~
- ~~2. The teacher employs a variety of ways of assessing the five language skill areas.~~
- ~~3. The teacher constructs and uses a variety of formal and informal assessment techniques, including tests in the primary and target languages, to enhance knowledge of individual students, evaluate student performance and progress, and modify teaching and learning strategies.~~

~~**Standard 9: Professional Commitment and Responsibility – The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching**~~

~~**Standard 10: Partnerships – The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.**~~

Knowledge

- ~~1. The teacher knows about career and other opportunities available to students proficient in a foreign language.~~
- ~~2. The teacher is aware of opportunities for students and teachers to communicate with native speakers.~~

Performance

- ~~1. The teacher informs students of career and other opportunities available to students proficient in a foreign language.~~
- ~~2. The teacher provides opportunities for students to communicate with native speakers of the target language in person or via technology.~~

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

3. ~~The teacher encourages students to participate in community experiences related to the target culture.~~

Idaho Standards for Gifted and Talented Education Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Gifted and Talented Education Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher understands the rationale, history, philosophies, and definitions of gifted and talented education.
2. The teacher understands the unique characteristics and needs of the gifted and talented student from early childhood through adulthood.
3. The teacher knows the common misconceptions, myths, and stereotypes about gifted and talented students.
4. The teacher knows the common controversial issues in gifted and talented education.
5. The teacher understands the Idaho State Gifted and Talented Mandate (Code 33-2003) and the five mandated talent areas: specific academic, intellectual, creativity, leadership, and visual/performing arts.
6. The teacher understands the components of a district plan for gifted and talented students, including philosophy, definitions, goals, program options, identification procedures, and evaluation, and how to develop a district plan for gifted and talented students.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

7. The teacher understands effective administration and evaluation of gifted and talented programs.

Performance

1. The teacher educates colleagues, parents/guardians, and others about the common misconceptions, myths, stereotypes, and controversial issues related to gifted and talented education.
2. The teacher uses the district's plan for gifted and talented students to optimize educational opportunities for students.
3. The teacher demonstrates the ability to effectively administer and evaluate gifted and talented programs.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher understands the social and emotional issues of gifted and talented students (e.g., perfectionism, underachievement, risk taking, and asynchronous development).
2. The teacher understands the theories related to the highly sensitive nature of the gifted and talented student.
3. The teacher understands the moral and ethical challenges of the gifted and talented student.
4. The teacher understands the need for appropriate social and emotional counseling of gifted and talented students.

Performance

1. The teacher identifies, evaluates, develops, and implements strategies to address the social and emotional needs of the gifted and talented student.
2. The teacher identifies and evaluates resources to address the social and emotional development of the gifted and talented student.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Knowledge

1. The teacher understands the exceptional needs of gifted and talented students from diverse populations (e.g., limited-English students, students with disabilities, very young children, and students from a particular culture).

Performance

1. The teacher identifies and provides appropriate activities for the exceptional needs of gifted and talented students from diverse populations.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Knowledge

1. The teacher understands the characteristics of highly creative and highly intellectual students.
2. The teacher understands the definitions and theories of intelligence and creativity.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Knowledge

1. The teacher understands a variety of curriculum models (e.g., Renzulli, Kaplan, and Tomlinson).
2. The teacher understands instructional strategies appropriate for the gifted and talented student (e.g., curriculum compacting, flexible grouping, tiered assignments, and independent studies).
3. The teacher understands curriculum design that includes content, process, product, and learning environments commensurate with the abilities of gifted and talented students.
4. The teacher understands how to develop curriculum in the five mandated talent areas: specific academic, intellectual, creativity, leadership, and visual/performing arts.
5. The teacher understands the array of program options and services available to gifted and talented students.

Performance

1. The teacher implements a variety of gifted and talented curriculum models (e.g., Renzulli, Kaplan, and Tomlinson).

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher implements instructional strategies appropriate for the gifted and talented student (e.g., curriculum compacting, flexible grouping, tiered assignments, and independent studies).
3. The teacher designs curriculum that includes content, process, product, and learning environments commensurate with the abilities of gifted and talented students.
4. The teacher develops curriculum for the five mandated talent areas: specific academic, intellectual, creativity, leadership, and visual/performing arts.
5. The teacher identifies and implements extension and acceleration options for gifted and talented students.
6. The teacher matches student needs with appropriate program options and services.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher understands the different types of formal and alternate assessment tools for the identification of gifted and talented students with diverse and exceptional needs (e.g., tests that measure IQ, creativity, cognitive ability, achievement, aptitude, and ability in the five talent areas).
2. The teacher understands the different types of informal assessment tools for the identification of gifted and talented students (e.g., teacher observations, anecdotal records, rating scales, referrals, checklists, rubrics, and portfolios).

Performance

1. The teacher implements different types of formal and alternate assessment tools for the identification of gifted and talented students (e.g., tests that measure IQ, creativity, cognitive ability, achievement, aptitude, and ability in the five talent areas).
2. The teacher implements informal assessment tools for the identification of gifted and talented students (e.g., teacher observations, anecdotal records, rating scales, referrals, checklists, rubrics, and portfolios).

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

1. The teacher understands how to assist other teachers in adapting curriculum to meet the needs of the gifted and talented student.

Performance

1. The teacher collaborates with colleagues in adapting curriculum to meet the needs of the gifted and talented student.
2. The teacher educates parents, other family members, and teachers about the social and emotional needs and development of gifted and talented students.

Idaho Standards for Health Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Health Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught, and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands Elementary and Secondary methods for teaching health and the following content areas of health: fitness and personal health; health promotion and disease prevention; prevention and care of injuries; mental and emotional health; alcohol, tobacco, and other drugs; nutrition; relationships; growth, development, and family health; consumer health; health literacy; and community and environmental health.
2. The teacher understands the following health risk behaviors: tobacco, alcohol, and other drug use; sexual behaviors that result in human immunodeficiency virus (HIV) infection, other sexually transmitted diseases (STDs), and unplanned pregnancies; poor dietary behaviors; lack of or excessive physical activity; and behaviors that result in intentional injury. .
3. The teacher understands the relationship between health education content areas and youth risk behaviors.
4. The teacher understands the concepts and components of coordinated school health, an approach where partnerships are developed within the school and community (components of coordinated school health: school environment, health education, school meals and nutrition, physical education, health services, counseling and mental health services, staff wellness, and parent/community partnerships).
5. The teacher understands that health is multidimensional (e.g., physical, intellectual, emotional, social, cultural, spiritual, and environmental).

Performance

1. The teacher instructs students about increasing health-enhancing behaviors and about reducing health-risk behaviors.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Knowledge

1. The teacher understands developmentally appropriate practices that motivate students to participate in health-enhancing behaviors.
2. The teacher knows strategies and techniques that develop positive health behavior changes in students.

Performance

1. The teacher motivates students to participate in positive health-enhancing behaviors inside and outside the school setting.
2. The teacher helps students learn and use personal and social behaviors that promote positive relationships (e.g., avoiding abusive relationships, using refusal skills, setting life goals, and making healthy decisions).

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Knowledge

1. The teacher understands student jargon and slang associated with high-risk behaviors.

Performance

1. The teacher identifies and defines student jargon and slang associated with high-risk behaviors and translates these terms into terms appropriate to the educational setting.

2. The teacher facilitates responsible decision making, goal setting, and alternatives to high-risk behaviors that enhance health.
3. The teacher creates a respectful learning environment that is sensitive to controversial health issues.
4. The teacher applies techniques that aid in addressing sensitive issues (e.g., ground rules, question boxes, open-ended questions, and establishment of appropriate confidentiality).
5. The teacher demonstrates the ability to use interpersonal communication skills to enhance health.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Knowledge

1. The teacher understands the differing community health values and practices.
2. The teacher understands how to access valid, appropriate health information and health-promoting products and services.
3. The teacher understands the influence of culture, media, technology, and other factors on health.

Performance

1. The teacher modifies instruction to reflect current health-related research and local health policies.
2. The teacher accesses valid, appropriate health information and health-promoting products and services.
3. The teacher analyzes the influence of culture, media, technology, and other factors on health.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Knowledge

1. The teacher knows the laws and codes specific to health education and health services to minors.

Performance

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

1. The teacher uses appropriate intervention following the identification, disclosure, or suspicion of student involvement in a high-risk behavior.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher understands methods of advocating for personal, family, and community health (e.g. letters to editor, community service projects, health fairs, and health races/walks).

Performance

1. The teacher demonstrates the ability to advocate for personal, family, and community health.
2. The teacher works collaboratively to assess resources and advocate for a coordinated school health education program.

Idaho Standards for Library Science Teachers

In addition to the standards listed here, library science teachers must meet Idaho Core Teacher Standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

The school library is a classroom that serves as the instructional center of the school and needs the expertise of a professionally trained teacher-librarian. Ideally, the teacher-librarian is an experienced classroom teacher with additional specialized training in the discipline of school librarianship.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher-librarian understands the documents and policies that promote intellectual freedom and freedom of expression.
2. The teacher-librarian understands the concepts of information literacy (e.g., reading, information, media, computer, and visual literacies).
3. The teacher-librarian understands the parameters of information access, resource sharing, and ownership based on principles of intellectual freedom and copyright guidelines.
4. The teacher-librarian possesses comprehensive knowledge of children's and young adult literature and their application to student learning.

Performance

1. The teacher-librarian participates on collaborative teaching teams as a peer or leader to integrate information skills, provide access to resources, and promote effective use of technology across the curriculum.
2. The teacher-librarian stimulates thought processes through the skillful use of questioning techniques and guides students and staff in the selection of materials and information for reading, writing, viewing, speaking, and presentation.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The teacher-librarian models the ethical use and critical analysis of information, literature, and mass media, and interacts in these areas with students and staff.
4. The teacher-librarian supports student and staff media productions (e.g., audio, video, scripting, material and information selection, and evaluation of presentations).
5. The teacher-librarian uses professional publications that provide guidance in the selection of quality materials.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher-librarian understands how students construct and use knowledge through the process of resource selection, analysis and synthesis of information, and communication.

Performance

1. The teacher-librarian models the integration of information skills across the curriculum.
2. The teacher-librarian provides access to information from a variety of sources to enrich learning for students and staff.
3. The teacher-librarian fosters an environment where each student is valued as an individual.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Performance

1. The teacher-librarian identifies appropriate services, resources, and technology to meet diverse learning needs.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Knowledge

1. The teacher-librarian knows how to determine the changes necessary in information access, facilities, and technologies in order to make services and materials available to students and staff.

Performance

1. The teacher-librarian includes a variety of reading and information materials in instruction and prompts students through questioning skills to improve performance.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Knowledge

1. The teacher-librarian understands the techniques to motivate students to develop a habit of lifelong reading.

Performance

1. The teacher-librarian models and promotes lifelong reading for purposes of seeking information, knowledge, pleasure, and learning.
2. The teacher-librarian organizes, allocates, and manages the library resources, facilities, time, activities, and materials to provide a broad range of opportunities for learning.
3. The teacher-librarian works to establish and maintain a positive climate in the school library.
4. The teacher-librarian determines collection development needs using a variety of information sources (e.g., samples of student and teacher presentations, information requests, curricula, and current collection holdings).

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Knowledge

1. The teacher-librarian understands various communication and public relations strategies.

Performance

1. The teacher-librarian collaborates with colleagues to enhance the learning environment through improved communication techniques.
2. The teacher-librarian works with colleagues to empower students with effective communication techniques and strategies.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Knowledge

1. The teacher-librarian understands the scope and sequence of curricula and how they interrelate.

Performance

1. The teacher-librarian collaborates with other teachers as they create, implement, and evaluate lessons, and models the use of information tools to meet the developmental and individual needs of diverse students.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher-librarian works with students and staff to help them determine and locate appropriate materials to meet their individual needs.
3. The teacher-librarian promotes appropriate use of relevant information and instruction technologies.
4. The teacher-librarian uses appropriate print and/or electronic instructional resources to design learning experiences.
5. The teacher-librarian maintains a library schedule that is flexible and accessible to individuals, small groups, and classes to enhance learning opportunities.
6. The teacher-librarian develops the library materials collection to support the school's curriculum.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Performance

1. The teacher-librarian continually assesses students' progress concerning their use of information and technology and their selection of reading materials.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher-librarian understands confidentiality issues related to library records.

Performance

1. The teacher-librarian advocates for the school library program and the library profession.
2. The teacher-librarian initiates and participates in resource sharing with public, academic, and special libraries, and with networks and library consortia.
3. The teacher-librarian adheres to the legal and ethical tenets expressed in the Confidentiality of Library Records Interpretation of the Library Bill of Rights and the American Library Association (ALA) Code of Ethics.

Standard 11: Library Management - The teacher-librarian understands the need for efficient management of the library media center.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Knowledge

1. The teacher-librarian understands the process of cataloging and classifying library materials using professional library standards (e.g., MARC, AACR2r, and bibliographic utilities).
2. The teacher-librarian understands the process of automating and retrieving information.
3. The teacher-librarian understands how to develop a balanced and organized print and non-print library collection that supports curricula, fulfills diverse student, staff, and community needs, and brings a global perspective into the school environment.
4. The teacher-librarian understands management techniques, including time management and supervision that ensure the efficient operation of the school library.
5. The teacher-librarian understands the principles of basic budget planning and collection development (e.g., selection, processing, and discarding).
6. The teacher-librarian understands the grant application process.
7. The teacher-librarian understands how to develop and implement the school library mission, goals, objectives, policies, and procedures that reflect the mission, goals, and objectives of the school.
8. The teacher-librarian understands how to integrate the information literacy standards for student learning into formal documents related to the school library program.

Performance

1. The teacher-librarian administers and trains staff to ensure an effective school library program.
2. The teacher-librarian demonstrates the ability to plan and budget resources in a fiscally responsible manner.
3. The teacher-librarian provides leadership in the development and implementation of library policies that expand appropriate access to information.
4. The teacher-librarian participates in decision-making groups to continually improve library services (e.g., building and district technology councils, curriculum councils, and site-based decision-making teams).

Idaho Standards for Mathematics Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Mathematics Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of mathematics and creates learning experiences that make these aspects of mathematics meaningful for learners.

Knowledge

1. The teacher knows a variety of problem-solving approaches for investigating and understanding mathematics.
2. The teacher understands concepts of algebra.
3. The teacher understands the major concepts of geometry (Euclidean and non- Euclidean) and trigonometry.
4. The teacher understands basic concepts of number theory and number systems.
5. The teacher understands concepts of measurement.
6. The teacher understands the concepts of limit, continuity, differentiation, integration, and the techniques and application of calculus.
7. The teacher understands the techniques and applications of statistics, data analysis, and probability (e.g., random variable and distribution functions).
8. The teacher knows how to effectively evaluate the legitimacy of alternative algorithms.

9. The teacher understands the historical and cultural significance of mathematics and the changing ways individuals learn, teach, and do mathematics.

Performance

1. The teacher incorporates the historical perspective and current development of mathematics in teaching students.
2. The teacher applies appropriate and correct mathematical concepts in creating learning experiences.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn mathematics and develop mathematical thinking, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher knows how to make use of students' mathematical development, knowledge, understandings, interests, and experiences.
2. The teacher knows how to plan learning activities that respect and value students' ideas, ways of thinking, and mathematical dispositions.

Performance

1. The teacher encourages students to make connections and develop a cohesive framework for mathematical ideas.
2. The teacher plans and delivers learning activities that respect and value students' ideas, ways of thinking, and promote positive mathematical dispositions.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning mathematics and creates instructional opportunities that are adapted to learners with diverse needs.

Knowledge

1. The teacher knows how to create tasks at a variety of levels of mathematical development, knowledge, understanding, and experience.

Performance

1. The teacher assists students in learning sound and significant mathematics and in developing a positive disposition toward mathematics by adapting and changing activities as needed.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop students' critical thinking, problem solving, and performance skills.

Knowledge

1. The teacher knows how to formulate or access tasks that elicit students' use of mathematical reasoning and problem-solving strategies.
2. The teacher knows a variety of instructional strategies for investigating and understanding mathematics including problem-solving approaches.
3. The teacher understands the role of axiomatic systems and proofs in different branches of mathematics as it relates to reasoning and problem solving.
4. The teacher knows how to frame mathematical questions and conjectures.
5. The teacher knows how to make mathematical language meaningful to students.
6. The teacher understands inquiry-based learning in mathematics.
7. The teacher knows how to communicate concepts through the use of mathematical representations (e.g., symbolic, numeric, graphic, verbal, and concrete models).
8. The teacher understands the appropriate use of technology in teaching and learning of mathematics (e.g., graphing calculators, dynamic geometry software, and statistical software)

Performance

1. The teacher formulates or accesses tasks that elicit students' use of mathematical reasoning and problem-solving strategies.
2. The teacher uses a variety of instructional strategies to support students in investigating and understanding mathematics, including problem-solving approaches.
3. The teacher uses and involves students in both formal proofs and intuitive, informal exploration.
4. The teacher uses a variety of instructional strategies to develop students' use of standard mathematical terms, notations, and symbols.
5. The teacher uses and encourages the students to use a variety of representations to communicate mathematically.
6. The teacher engages students in mathematical discourse by encouraging them to make conjectures, justify hypotheses and processes, and use appropriate mathematical representations.

7. The teacher uses and involves students in the appropriate use of technology to develop students' understanding (e.g., graphing calculators, dynamic geometry software, and statistical software).

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques including verbal, nonverbal, and media to foster mathematical inquiry, collaboration, and supportive interaction in and beyond the classroom.

Knowledge

1. The teacher knows and uses appropriate mathematical vocabulary/terminology.

Performance

1. The teacher encourages students to use appropriate mathematical vocabulary/terminology.
2. The teacher fosters mathematical discourse.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher knows how to assess students' mathematical reasoning.

Performance

1. The teacher assesses students' mathematical reasoning.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Standard 11: Connections among Mathematical Ideas - The teacher understands significant connections among mathematical ideas and the application of those ideas within mathematics, as well as to other disciplines.

Knowledge

1. The teacher has a broad base of knowledge and understanding of mathematics beyond the level at which he or she teaches to include algebra, geometry and measurement, statistics and data analysis, and calculus.
2. The teacher understands the interconnectedness between strands of mathematics.
3. The teacher understands a variety of real-world applications of mathematics.

Performance

1. The teacher uses and encourages students to use mathematical applications to solve problems in realistic situations from other fields (e.g. natural science, social science, business, and engineering).
2. The teacher encourages students to identify connections between mathematical strands.
3. The teacher uses and encourages students to use mathematics to identify and describe patterns, relationships, concepts, processes, and real-life constructs.

Idaho Standards for Online Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the K-12 Online Teacher Standards are widely recognized, but not all-encompassing or absolute indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

The characteristics of online instruction can be vastly different from teaching in traditional face-to-face environments. Online schools and programs serving K-12 students should be structured to support the unique needs of students and teachers in online environments. The Online Teacher Standards are aligned to the Idaho Core Teacher Standards. These standards reflect the principles of Universal Design related to technology. (Universal design is “the design of products and environments to be usable by all people, to the greatest extent possible, without the need for adaptation or specialized design”.)

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard #1: Knowledge of Online Education - The online teacher understands the central concepts, tools of inquiry, and structures in online instruction and creates learning experiences that take advantage of the transformative potential in online learning environments.

Knowledge

1. The online teacher understands the current standards for best practices in online teaching and learning.
2. The online teacher understands the role of online teaching in preparing students for the global community of the future.
3. The online teacher understands concepts, assumptions, debates, processes of inquiry, and ways of knowing that are central to the field of online teaching and learning.
4. The online teacher understands the relationship between online education and other subject areas and real life situations.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

5. The online teacher understands the relationship between online teaching and advancing technologies.
6. The online teacher understands appropriate uses of technologies to promote student learning and engagement with the content.
7. The online teacher understands the instructional delivery continuum. (e.g., fully online to blended to face-to-face).

Performance

1. The online teacher utilizes current standards for best practices in online teaching to identify appropriate instructional processes and strategies.
2. The online teacher demonstrates application of communication technologies for teaching and learning (e.g., Learning Management System [LMS], Content Management System [CMS], email, discussion, desktop video conferencing, and instant messaging tools).
3. The online teacher demonstrates application of emerging technologies for teaching and learning (e.g., blogs, wikis, content creation tools, mobile technologies, virtual worlds).
4. The online teacher demonstrates application of advanced troubleshooting skills (e.g., digital asset management, firewalls, web-based applications).
5. The online teacher demonstrates the use of design methods and standards in course/document creation and delivery.
6. The online teacher demonstrates knowledge of access, equity (digital divide) and safety concerns in online environments.

Standard #2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Performance

1. The online teacher understands the continuum of fully online to blended learning environments and creates unique opportunities and challenges for the learner (e.g., Synchronous and Asynchronous, Individual and Group Learning, Digital Communities).
2. The online teacher uses communication technologies to alter learning strategies and skills (e.g., Media Literacy, visual literacy).
3. The online teacher demonstrates knowledge of motivational theories and how they are applied to online learning environments.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

4. The online teacher constructs learning experiences that take into account students' physical, social, emotional, moral, and cognitive development to influence learning and instructional decisions. {Physical (e.g., Repetitive Use Injuries, Back and Neck Strain); Sensory Development (e.g. Hearing, Vision, Computer Vision Syndrome, Ocular Lock); Conceptions of social space (e.g. Identity Formation, Community Formation, Autonomy); Emotional (e.g. Isolation, cyber-bullying); Moral (i.e Enigmatic communities, Disinhibition effect, Cognitive, Creativity)}.

Standard #3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities that are adapted to learners with diverse needs.

Knowledge

1. The online teacher is familiar with legal mandates stipulated by the Americans with Disabilities Act (ADA), the Individuals with Disabilities Education Act (IDEA), the Assistive Technology Act and Section 508 requirements for accessibility.

Performance

1. The online teacher knows how adaptive/assistive technologies are used to help people who have disabilities gain access to information that might otherwise be inaccessible.
2. The online teacher modifies, customizes and/or personalizes activities to address diverse learning styles, working strategies and abilities (e.g., provide multiple paths to learning objectives, differentiate instruction, strategies for non-native English speakers).
3. The online teacher coordinates learning experiences with adult professionals (e.g., parents, local school contacts, mentors).

Standard #4: Multiple Instructional Strategies - The online teacher understands and uses a variety of instructional strategies to develop students' critical thinking, problem solving, and performance skills.

Knowledge

1. The online teacher understands the techniques and applications of various online instructional strategies (e.g., discussion, student-directed learning, collaborative learning, lecture, project-based learning, forum, small group work).
2. The online teacher understands appropriate uses of learning and/or content management systems for student learning.

Performance

1. The online teacher evaluates methods for achieving learning goals and chooses various teaching strategies, materials, and technologies to meet instructional purposes and student needs. (e.g., online teacher-gathered data and student offered feedback).

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The online teacher uses student-centered instructional strategies to engage students in learning. (e.g., Peer-based learning, peer coaching, authentic learning experiences, inquiry-based activities, structured but flexible learning environment, collaborative learning, discussion groups, self-directed learning, case studies, small group work, collaborative learning, and guided design)
3. The online teacher uses a variety of instructional tools and resources to enhance learning (e.g., LMS/CMS, computer directed and computer assisted software, digital age media).

Standard #5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Performance

1. The online teacher establishes a positive and safe climate in the classroom and participates in maintaining a healthy environment in the school or program as a whole (e.g., digital etiquette, Internet safety, Acceptable Use Policy [AUP]).
2. The online teacher performs management tasks (e.g., tracks student enrollments, communication logs, attendance records, etc.).
3. The online teacher uses effective time management strategies (e.g., timely and consistent feedback, provides course materials in a timely manner, use online tool functionality to improve instructional efficiency).

Standard #6: Communication Skills, Networking, and Community Building - The online teacher uses a variety of communication techniques including verbal, nonverbal, and media to foster inquiry, collaboration, and supportive interaction in and beyond the classroom.

Knowledge

1. The online teacher knows the importance of verbal (synchronous) as well as nonverbal (asynchronous) communication.

Performance

1. The online teacher is a thoughtful and responsive communicator.
2. The online teacher models effective communication strategies in conveying ideas and information and in asking questions to stimulate discussion and promote higher-order thinking (e.g., discussion board facilitation, personal communications, and web conferencing).
3. The online teacher demonstrates the ability to communicate effectively using a variety of mediums.

4. The online teacher adjusts communication in response to cultural differences (e.g., wait time and authority).

Standard #7: Instructional Planning Skills - The online teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Performance

1. The online teacher clearly communicates to students stated and measurable objectives, course goals, grading criteria, course organization and expectations.
2. The online teacher maintains accuracy and currency of course content, incorporates internet resources into course content, and extends lesson activities.
3. The online teacher designs and develops subject-specific online content.
4. The online teacher uses multiple forms of media to design course content.
5. The online teacher designs course content to facilitate interaction and discussion.
6. The online teacher designs course content that complies with intellectual property rights and fair use standards.

Standard #8: Assessment of Student Learning - The online teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Performance

1. The online teacher selects, constructs, and uses a variety of formal and informal assessment techniques (e.g., observation, portfolios of student work, online teacher-made tests, performance tasks, projects, student self-assessment, peer assessment, standardized tests, tests written in primary language, and authentic assessments) to enhance knowledge of individual students, evaluate student performance and progress, and modify teaching and learning strategies.
2. The online teacher enlists multiple strategies for ensuring security of online student assessments and assessment data.

Standard #9: Professional Commitment and Responsibility - The online teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of online teaching.

Knowledge

1. The online teacher understands the need for professional activity and collaboration beyond school (e.g. professional learning communities).

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The online teacher knows how educational standards and curriculum align with 21st century skills.

Performance

1. The online teacher adheres to local, state, and federal laws and policies (e.g., FERPA, AUP's).
2. The online teacher has participated in an online course and applies experiences as an online student to develop and implement successful strategies for online teaching environments.
3. The online teacher demonstrates alignment of educational standards and curriculum with 21st century technology skills.

Standard #10: Partnerships - The online teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well being.

Idaho Standards for Physical Education Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Physical Education Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher understands the components of physical fitness and their relationship to a healthy lifestyle.
2. The teacher understands the sequencing of motor skills (K-12).
3. The teacher understands human anatomy and physiology (structure and function), exercise physiology, and bio-mechanical principles
4. The teacher knows the appropriate rules, etiquette, instructional cues, and skills for physical education activities (e.g., aquatics, sports, games, lifetime activities, dance, rhythmical activities, and outdoor/adventure activities).
5. The teacher understands that daily physical provides opportunities for enjoyment, challenge, self-expression, and social interaction.
6. The teacher understands Adaptive Physical Education and how to work with students with special and diverse needs (e.g., various physical abilities and limitations, culture, and gender).
7. The teacher understands technology operations and concepts pertinent to physical activity (e.g. heart rate monitors, pedometers, global positioning system).

Performance

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

1. The teacher instructs students about disciplinary concepts and principles related to physical activities, fitness, and movement expression.
2. The teacher instructs students in the rules, skills, and strategies of a variety of physical activities (e.g., aquatics, sports, games, lifelong activities, dance, rhythmical activities, and outdoor/adventure activities).
3. The teacher models a variety of physical education activities (e.g., aquatics, sports, games, lifelong activities, dance, rhythmical activities, and outdoor/adventure activities).
4. The teacher models the use of technology operations and concepts pertinent to physical activity (e.g. heart rate monitors, pedometers, global positioning system, and computer software).

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Performance

1. The teacher assesses the individual physical activity, movement, and fitness levels of students and makes developmentally appropriate adaptations to instruction.
2. The teacher promotes physical activities that contribute to good health.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Performance

1. The teacher provides opportunities that incorporate individual variations in movement to help students gain physical competence and confidence.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Knowledge

1. The teacher knows how to help students cultivate responsible personal and social behaviors that promote positive relationships and a productive environment in physical education settings.
2. The teacher knows strategies to help students become self-motivated in physical education.

3. The teacher understands that individual performance is affected by anxiety.
4. The teacher understands principles of effective management in indoor and outdoor movement settings.

Performance

1. The teacher implements strategies, lessons, and activities to promote positive peer relationships (e.g., mutual respect, support, safety, sportsmanship, and cooperation).
2. The teacher uses strategies to motivate students to participate in physical activity inside and outside the school setting.
3. The teacher utilizes principles of effective management in indoor and outdoor movement settings. .

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Knowledge

1. The teacher knows a variety of management (e.g., space, people, and equipment) and instructional strategies to maximize physical education activity time and student success.
2. The teacher knows how to expand the curriculum through the use of community resources (e.g., golf courses, climbing walls, YMCA, and service organizations).

Performance

1. The teacher uses and assesses management (e.g., space, people, and equipment) and instructional strategies to maximize physical education activity time and student success.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher knows how to select and use a variety of developmentally appropriate assessment techniques (e.g., authentic, alternative, and traditional) congruent with physical education activity, movement, and fitness goals.

Performance

1. The teacher uses a variety of developmentally appropriate assessment techniques (e.g., authentic, alternative, and traditional) congruent with physical education activity, movement, and fitness goals.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Knowledge

1. The teacher knows how his/her personal physical fitness and activity levels may impact teaching and student motivation.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Standard 11: Safety - The teacher provides for a safe physical education learning environment.

Knowledge

1. The teacher understands the inherent dangers involved in physical education activities.
2. The teacher understands the need to consider safety when planning and providing instruction.
3. The teacher understands the factors that influence safety in physical education activity settings (e.g., skill, fitness, developmental level of students, equipment, attire, facilities, travel, and weather).
4. The teacher understands the level of supervision required for the health and safety of all students in all locations (e.g., teaching areas, locker rooms, and travel to off-campus activities).
5. The teacher understands school policies regarding student injury and medical treatment.
6. The teacher understands the steps for providing appropriate treatment for injuries occurring in physical education activities.
7. The teacher understands the appropriate steps when responding to safety situations.
8. The teacher knows cardiopulmonary resuscitation (CPR) and first aid.

Performance

1. The teacher identifies, monitors, and documents safety issues when planning and implementing instruction to ensure a safe learning environment.
2. The teacher informs students of the risks associated with physical education activities.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

3. The teacher instructs students in appropriate safety procedures for physical education activities and corrects inappropriate actions.
4. The teacher identifies and corrects potential hazards in physical education facilities, grounds, and equipment.
5. The teacher identifies and follows the steps for providing appropriate treatment for injuries occurring in physical education activities.
6. The teacher identifies safety situations and responds appropriately.
7. The teacher maintains CPR and first aid certification.

Pre-Service Technology Standards

All teacher candidates are expected to meet the Idaho Core Teacher Standards as well as the pre-service technology standards. Each candidate shall also meet the Foundation and Enhancement standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the pre-service technology standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards and competencies. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the competencies. These competencies reflect the principles of Universal Design related to technology. (Universal design is defined as: the design of products and environments to be usable by all people, to the greatest extent possible, without the need for adaptation or specialized design)

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions in which pre-service teachers design, develop, and evaluate technology-based learning experiences and assessments to maximize content learning in context and to develop the knowledge, skills, and attitudes identified in the National Educational Technology Standards (NETS)•for Teachers.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter – The teacher understands the central concepts, types of and uses of technology and creates learning experiences that make technology meaningful for learners.

Knowledge

1. Awareness of use types and usage of technology tools (i.e. 21st Century Skills; hardware; software; web-based; mobile technology).
2. Pre-service teachers understand the central concepts of technology and current standards for best practice in preparing students for the global community of the future.
3. Pre-service teachers understand how students learn and develop, and provide opportunities that support their intellectual, social, and personal development.
4. Promoting designs that engage all students of all abilities is sometimes referred to as promoting “Universal Design”.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

5. Pre-service teachers understand how students differ in their approaches to learning and how to adapt for learners with diverse needs.
6. Pre-service teachers understand how students use collaborative tools to reflect on and clarify their own thinking, planning, and creativity.
7. Pre-service teachers understand the legal and ethical use of digital information and technology, including digital etiquette and responsible social interactions.
8. Pre-service teachers understand how to use and interpret formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.
9. Pre-service teachers continuously improve their professional practice, model lifelong learning, and exhibit leadership in their school and professional community.
10. Pre-service teachers understand the importance of reflective practice.
11. Pre-service teachers understand local and global societal issues and responsibilities in an evolving digital culture and exhibit legal and ethical behavior in their professional practices.
12. Pre-service teachers understand how technology supports cultural diversity and collaboration.

Target: Knowledge competency test through a basic skills test (i.e. Cbest or PPST I for Technology Basic Competency Skills)

Performance

1. All performance indicators included with individual standards.

Note: These links provide some examples of artifacts collected in current intro to edtech and teacher pre-service programs. However, they do not necessarily demonstrate the level of exposure and knowledge we would expect of future teachers.

1. <https://sites.google.com/a/boisestate.edu/barbara-schroeder/Home>
2. <http://lesson.taskstream.com/lessonbuilder/v.asp?LID=uffph8erc0hfzou>
3. <https://sites.google.com/a/u.boisestate.edu/browning-portfolio/home>
4. <https://sites.google.com/a/u.boisestate.edu/sylvia-portfolio/>

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Performance

1. Pre-service teachers customize and personalize learning activities with technology that include accessible instructional materials and technologies to support the learning styles, work strategies, abilities, and developmental levels of all students.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Suggested Artifact(s)

- Lesson plan or unit development
- *Target: Practicum where lesson/unit is implemented and evaluated.*

Standard 3: Adapting Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities that support their intellectual, social and personal development.

Performance

1. Pre-service teachers create digital-age media and formats ensuring equal access for people of all capabilities.
2. Pre-service teachers address the diverse needs of all students by using learner-centered strategies and providing equitable access to appropriate digital tools and resources including hardware, accessible instructional materials, and online resources.

Suggested Artifact(s)

- Development of digital materials using principles of Universal Design for Learning.
- Demonstration of knowledge through product development.
- “Accessibility Features on My Computer” discussion forum.
- Virtual practicum demonstrating learner-centered strategies (i.e., Second Life).
- Assistive Technology blog post.
- Accessibility resource list.
- *Target: Practicum where lesson/unit is implemented and evaluated.*

Standard # 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop students’ critical thinking, problem solving, and performance skills.

1. Pre-service teachers model and facilitate effective use of current and emerging digital tools, to locate, analyze, evaluate, and use information resources which will aid in the dissemination of content and support individual learning strategies.
2. Pre-service teachers promote student learning and creativity by creating learning experiences that include students’ use of technology tools to research and collect information online and to create a report, presentation, or other products.
3. Pre-service teachers use technology to promote student reflection to clarify their own critical thinking, planning, and creativity.
4. Pre-service teachers understand and use a variety of instructional strategies and communication techniques to develop students' critical thinking, problem solving, and performance skills.

Suggested Artifact(s)

- Web site or Internet WebQuest.
- *Target: Practicum where lesson/unit is implemented and evaluated.*

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation in a digital age.

Performance

1. Pre-service selects and demonstrates the use of technology resources that enables students to explore questions and issues of individual interest and to plan, manage, and assess their own learning.
2. Pre-service teachers develop technology enriched learning that enables all students to pursue their individual curiosities and become active participants in learning.
3. Pre-service teachers engage students in researching real-world problems and issues and evaluating diverse solutions using digital tools and resources.

Suggested Artifact(s)

- Create a WebQuest
- *Target: Pre-service collects and shares student created artifacts that demonstrate learning with technology using individual initiative and interest.*

Standard #6: Communication Skills - The teacher uses a variety of digital communication tools and strategies to foster inquiry, collaboration and supportive interaction in and beyond the classroom.

Performance

1. Pre-service teachers communicate relevant information and ideas effectively to students, parents, and peers using a variety of digital-age media (i.e. asynchronous and synchronous tools).
2. Pre-service teachers promote and model digital etiquette and responsible social interactions.

Suggested Artifact(s)

- Web site or web page communicating information about their lesson or course.
- Email communications.
- Online communications using digital tools like Web conferencing, chat or Skype.
- Letter to parents created using word processing technology.
- Set of rules developed through consensus using digital collaboration tools.
- Demonstrated participation in a social work (i.e., join a network, participate, take a screenshot of participation and share).
- *Target: Evidence of asynchronous and synchronous communications with peers, parents and students.*

Standard #7: Instructional Planning Skills - The teacher plans, prepares instruction, and integrates technology into instructional planning based upon knowledge of subject matter, students, the community, and curriculum goals.

Performance

1. Pre-service teachers plan and prepare instruction utilizing a variety of technology tools.
2. Pre-service teachers demonstrate fluency in technology systems and the transfer of current knowledge to new technologies and situations.

Suggested Artifact(s)

- Sample lesson plan that demonstrates how technology can be integrated into content area instruction (see *Handbook of Technological Pedagogical Content Knowledge (TPCK) for Educators*, 2008 - Chapter 11, Guiding Pre-service Teachers in TPCK).
- Demonstrated use of emerging or innovative technology for learning.
- Research emerging (not widely available) technology and analyze its potential impact on and implementation in the classroom.
- *Target: Practicum where lesson/unit integrating technology into instruction is implemented, observed (live or digitally recorded) and evaluated.*

Standard #8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Performance

1. Pre-service teachers assess student's use of technology.
2. Pre-service teachers use technology to formally and informally assess student learning (i.e. polling, proctored test, ISAT).
3. Pre-service teachers use technology to gather and interpret assessment data to inform teaching practice and program effectiveness.

Suggested Artifact(s)

- Sample of student work assessed by candidate (i.e., Rubric created with Rubistar (or other electronic rubric creation tool).
- Electronic quiz.
- Poll created in Web Conferencing tool.
- Poll conducted using clickers.
- Electronic gradebook (spreadsheet), run basic statistics, interpretation of the data.
- *Target: Pretest, lesson, posttest, analysis, interpretation, and lesson revision based on data.*

Standard #9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching, including the ethical, legal and responsible use of technology.

Performance

1. Pre-service teachers evaluate and reflect on current technology for learning research and professional practice to inform teaching practice.
2. Pre-service teachers promote the effective use of digital tools and resources.
3. Pre-service teachers promote and model digital citizenship and responsibility (i.e., digital literacy, information literacy, copyright, privacy, legal)
4. Pre-service teachers use their knowledge of subject matter, teaching and learning, and technology to facilitate experiences that advance student learning, analysis, creativity, and innovation in both face-to-face and virtual environments.
5. Pre-service teachers advocate and teach safe, legal, and ethical use of digital information and technology modeling acceptable use policies including respect for copyright, intellectual property, the appropriate documentation of sources, and strategies for addressing threats to security of technology systems, data, and information.

Suggested Artifact(s)

- Join a network devoted to technology using teachers like classroom 2.0
- Be an active member of a professional learning network
- Offer an Internet Ethics Resource for community members
- Write a letter convincing the school board to remove blocks from Internet usage at your school
- Role play scenario for social networking arguing for and against advantages/disadvantages
- View a school's acceptable use policy - demonstrate understanding
- *Target: Practicum where lesson/unit is implemented and evaluated.*

Standard 10: Community and Partnerships - The teacher interacts in an innovative professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well being. Models digital-age work and exhibits knowledge, skills, and abilities that are representative of a global and digital society.

Performance

1. Pre-service teachers collaborate with students, peers, parents, and community members using digital tools and resources to support student success and innovation by sharing information and supporting creativity, innovation, and improved learning outcomes.
2. Pre-service teachers *promote opportunities for students of all capabilities* to engage with other students, colleagues, and community members in either face-to-face or virtual environments (i.e., collaborative knowledge construction, participatory culture).
3. Pre-service teachers participate in and use local and global learning communities to explore creative applications of technology to improve student learning.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

4. Pre-service teachers provide opportunities for students to apply communications technology resources to interact with students or experts from other communities and other countries.

Suggested Artifact(s)

- Be an active member of a professional learning network
- Create own network for learning or join with other classrooms (i.e. epal; iearn; globalschool.net; jason project; go north; NASA)
- Develop lesson that uses one of the social networks
- Use web conferencing to view a class using technology in action; create a list of items you want to integrate into teaching; reflect and incorporate practices learned into teaching.
- Offer an Internet Ethics Resource for community members
- *Target: Practicum where lesson/unit integrating community and partnership is implemented and evaluated.*

Idaho Foundation Standards for Professional-Technical Teachers

In addition to the standards listed here, professional-technical teachers must meet Idaho Core Teacher Standards and one of the following: (1) Idaho Standards for Agricultural Science and Technology Teachers, (2) Idaho Standards for Business Technology Teachers, (3) Idaho Standards for Family and Consumer Sciences Teachers, (4) Idaho Standards for Marketing Technology Teachers, or (5) Idaho Standards for Technology Education Teachers. Occupationally-certified teachers must meet these foundation standards for Professional-Technical teachers.

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught, and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher ~~knows~~ understands basic technological principles, processes, and skills such as design and problem solving, team decision making, information gathering, and safety.
2. The teacher ~~knows~~ understands how basic academic skills and advanced technology can be integrated into an occupational learning environment.
3. The teacher ~~knows pertinent terminology,~~ understands industry logistics, technical terminologies, and procedures for the occupational area.
4. The teacher ~~knows~~ understands industry trends and ~~workforce~~ labor market needs.
5. The teacher ~~knows~~ understands workplace leadership models.
6. The teacher understands the philosophical principles and the practices of professional-technical education.
7. The teacher ~~recognizes~~ understands the importance of student leadership qualities in technical program areas.

Performance

1. The teacher maintains current technical skills and seeks ~~continuous~~ continual improvement.
2. The teacher demonstrates specific occupational skills necessary for employment.
3. The teacher uses current terminology ~~and~~ , industry logistics, and procedures for the occupational area.
4. The teacher ~~exhibits~~ incorporates and promotes leadership skills in state-approved Professional-Technical Student Organizations (PTSO).
5. The teacher writes and evaluates occupational objectives and competencies.
6. The teacher uses a variety of technical instructional resources.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

7. The teacher assesses the occupational needs of the community.
8. The teacher ~~relates~~ facilitates experiences designed to develop skills for successful employment.
9. The teacher informs students about opportunities to develop employment skills (e.g., work-study programs, internships, volunteer work, and employment opportunities).

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Knowledge

1. The teacher ~~knows~~ understands the entry-level skills in the occupation.
2. The teacher ~~knows~~ understands workplace culture and ethics.
3. The teacher understands how to provide students with ~~simulated~~ realistic occupational and/or work experiences.
4. The teacher knows how to use education professionals, trade professionals, and research to enhance student understanding of processes, knowledge, and safety.
5. The teacher understands how occupational trends and issues affect the workplace.
6. The teacher ~~knows~~ understands how to integrate academic skills into technical content areas.
7. The teacher understands the role of innovation and entrepreneurship in the workplace.
8. ~~The teacher knows policy and regulation concerning occupational content areas.~~
9. The teacher understands integration of leadership training, community involvement, and personal growth into instructional strategies.

Performance

1. The teacher ~~demonstrates~~ models appropriate workplace practices and ethics.
2. The teacher discusses state guidelines to aid students in understanding the trends and issues of an occupation.
3. The teacher integrates academic skills appropriate for each occupational area.
4. The teacher uses simulated and/or authentic occupational applications of course content.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

5. The teacher uses ~~practitioners~~ experts from business, industry, and government as appropriate for the content area.
6. The teacher develops a scope and sequence of instruction related to the students' prior knowledge and that aligns with articulation requirements and course competencies.
7. The teacher integrates instructional strategies and techniques that accommodate prior student knowledge.
8. The teacher discusses innovation and the entrepreneurial role in the workforce and incorporates them where possible.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Knowledge

1. The teacher recognizes the scope and sequence of content and PTSOs across high school secondary and postsecondary technical curricula.
2. The teacher knows how to identify community and industry expectations and access resources.

Performance

1. The teacher designs a ~~technical curriculum~~ instruction that aligns with ~~high school~~ secondary and postsecondary technical curricula that develops technical competencies.
2. The teacher designs ~~curriculum~~ instruction to meet community and industry expectations.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher knows how to use information about a student's progress, including assessments, to evaluate work-readiness.
2. The teacher knows how to conduct a follow-up survey of graduates and how to use the information to modify curriculum and make program improvement.
4. The teacher understands how evaluation connects to instruction.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Performance

1. The teacher writes and evaluates occupational goals, objectives, and competencies.
2. The teacher develops clear learning objectives and creates and integrates appropriate assessment tools to measure student learning.
3. The teacher modifies the curriculum, instruction, and the program based on student progress and follow-up data from recent graduates and employers.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is ~~continuously~~ continually engaged in purposeful mastery of the art and science of teaching.

Knowledge

1. The teacher understands the value and impact of having a professional development plan.
2. The teacher understands how sustained professionalism reflects on him or her as an educator and as a representative of his or her industry.

Performance

1. The teacher ~~develops~~ collaborates with an administrator to create a professional development plan.
2. The teacher evaluates and reflects on his or her educational and occupational own level of professionalism as an educator and as a representative of his or her industry.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher knows the contributions of advisory committees.
2. The teacher understands the importance of using the employment community to validate occupational skills.
3. The teacher understands how to effect change in professional-technical education and in the occupational area taught.
4. The teacher knows about professional organizations within the occupational area.
5. The teacher knows how to cooperatively develop articulation agreements between secondary and postsecondary programs.
6. The teacher understands the structure of ~~student organizations~~ state-approved PTSOs.
7. The teacher understands the ideas, opinions, and perceptions of business and industry.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Performance

1. The teacher establishes and uses advisory committees for program development and improvement.
2. The teacher cooperates with educators in other content areas to develop appropriate instructional strategies and to integrate learning.
3. The teacher interacts with business, industry, labor, government, and the community to build effective partnerships.
4. The teacher participates in appropriate professional organizations.
5. The teacher cooperatively constructs articulation agreements.
6. The teacher ~~describes how to organize~~ incorporates an active professional-technical student organization state-approved PTSO in his or her program.
7. The teacher understands the role of PTSOs as an integral part of the total professional-technical education program.

Standard 11: Learning Environment - The teacher creates and manages a safe and productive learning environment.

Knowledge

1. The teacher understands how to dispose of waste materials.
2. The teacher ~~knows~~ understands how to care for, inventory, and maintain materials and equipment.
3. The teacher understands safety contracts and operation procedures.
4. The teacher understands legal safety issues related to the program area.
5. The teacher ~~knows~~ understands safety requirements necessary to conduct laboratory and field activities.
6. The teacher ~~knows~~ understands time and organizational skills in laboratory management.
7. The teacher is aware of safety regulations at school and work sites.
8. The teacher understands how to incorporate PTSOs as intracurricular learning experiences.

Performance

1. The teacher ensures that facilities, materials, and equipment are safe to use.
2. The teacher ~~uses~~ instructs and models safety procedures and documents safety instruction, and updates each according to industry standards.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The teacher demonstrates ~~good classroom/lab~~ effective management skills (~~e.g., time management skills, budgeting skills, organizational skills, individualized instruction, and stress management~~) in the classroom and laboratory environments.
4. The teacher models and reinforces effective work and safety habits.
5. The teacher incorporates PTSOs as intracurricular learning experiences.

Standard 12: Workplace Preparation - The teacher prepares students to meet the competing demands and responsibilities of the workplace.

Knowledge

1. The teacher understands workplace employability skills and related issues (~~e.g., diversity, productivity, and human resource law and policy~~).
2. The teacher understands ~~how to help students balance~~ the issues of balancing work and personal ~~life~~ responsibilities.
3. The teacher ~~knows~~ understands how to promote career awareness.

Performance

1. The teacher designs instructional ~~strategies~~ that addresses employability skills and related workplace issues (~~e.g., diversity, productivity, human resource law and policy~~).
2. The teacher ~~prepares students to cope with competing~~ discusses how to balance demands between work and personal ~~life~~ responsibilities.
3. The teacher provides opportunities for career awareness and exploration.

Idaho Standards for Agricultural Science and Technology Teachers

In addition to the standards listed here, agricultural science and technology teachers must meet Idaho Core Teacher Standards and Idaho Foundation Standards for Professional-Technical Teachers.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher understands biological, physical, and applied sciences relative to practical solutions for the agricultural industry.
2. The teacher knows about production agriculture.
3. The teacher knows plant and animal science, agricultural business management ~~and law~~, and agricultural mechanics, as well as computer and other technology related to these areas.
4. The teacher understands and has experience in one or more of the following specialized occupational areas:
 - a. Agricultural production and marketing
 - b. Agricultural equipment and supplies
 - c. ~~Product processing~~ Agriculture product processing
 - d. Ornamental horticulture and turf grass management (e.g. floriculture, greenhouse management)
 - e. Agricultural business planning and analysis
 - f. Natural resource management
 - g. Environmental science
 - h. Forestry
 - i. ~~Industrial equipment~~
 - j. Small animal production and care
5. The teacher ~~knows about the operation of agricultural youth organizations~~ understands how to advise, oversee and operate a local FFA chapter and how it relates to the Idaho State and National FFA organizations.
6. The teacher ~~knows about working with students and adults in~~ understands how to organize and implement supervised agricultural experience programs including but not limited to working with parents, students, adults, and employers.
7. The teacher is familiar with the administrative duties related to being a secondary agriculture teacher (e.g. extended contract, state reporting procedures, FFA, and SAE).

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Performance

1. The teacher applies natural and physical science principles to practical solutions.
2. The teacher discusses production agriculture.
3. The teacher discusses and demonstrates, as appropriate, content and best practices of plant and animal science; agricultural business management; and agricultural mechanics; and integrates computer and other technology related to these areas.
4. The teacher advises, oversees and operates a local FFA chapter in relationship to the Idaho State and National FFA organizations.
5. The teacher organizes and implements supervised agricultural experience programs including but not limited to working with parents, students, adults and employers.
6. The teacher observes administrative duties related to being a secondary agriculture teacher (e.g. extended contract, state reporting procedures, FFA, and SAE).

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Business Technology Teachers

In addition to the standards listed here, business technology teachers must meet Idaho Core Teacher Standards and Idaho Foundation Standards for Professional-Technical Teachers.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher ~~knows a~~ possesses a foundational level of knowledge about a broad range of ~~introductory~~ business subjects, for example, (e.g., accounting, business law, communications, economics, information systems, international business, communications, management, marketing, business law, and international business office administration).
2. The teacher ~~is knowledgeable~~ possesses knowledge in areas related to business, (e.g., career education, entrepreneurship, interrelationships in business, mathematics, and personal finance, career education, entrepreneurship, mathematics, and interrelationships in business).
3. The teacher ~~understands the importance of~~ possesses knowledge of appropriate technology as a tool for accomplishing tasks related to business and industry.
4. The teacher understands how to advise, oversee and operate a local Business Professionals of America (BPA) chapter and how it relates to the Idaho State and National BPA organizations.

Performance

1. The teacher demonstrates ~~business and industry-standard skill levels in keyboarding,~~ required by the endorsement, for example, in accounting, business technology and office procedures.
2. The teacher effectively delivers business ~~education and business technology~~ content at the junior high, middle school, and/or ~~high school~~ secondary levels.
3. The teacher demonstrates the efficient use of technology to accomplish tasks related to business and industry.
4. The teacher integrates BPA through intracurricular approaches in the business program of study.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Family and Consumer Sciences Teachers

In addition to the standards listed here, family and consumer sciences teachers must meet Idaho Core Teacher Standards and Idaho Foundation Standards for Professional-Technical Teachers.

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher understands the significance of family and its impact on the well-being of ~~children, adults, individuals~~ and society and the multiple life roles and responsibilities in family, ~~work~~ career, and community settings.
2. Teacher understands the impact of families' multiple roles within the home, workplace and community.
3. The teacher knows of community agencies and organizations that provide assistance to individuals and families.
4. The teacher understands how interpersonal relationships, cultural patterns, and diversity ~~impact~~ affect individuals, families, community, and the workplace.
5. The teacher ~~knows~~ understands the roles and responsibilities of parenting and factors that affect human growth and development across the life span.
6. The teacher understands the science and practical application involved in planning, selecting, preparing, and serving food according to the principles of sound nutrition, ~~and~~ cultural and economic needs of individuals, ~~and~~ families, and industry; along with practices to encourage wellness for life.
7. The teacher understands the design, selection, and care of textiles and apparel products.
8. The teacher understands housing, design, furnishings, technology, and equipment needs for individuals, ~~and~~ families, and industry.
9. The teacher ~~knows~~ understands consumer economic issues ~~about~~ and behavior for managing individual and family resources to achieve goals at various stages of the life cycle.
10. The teacher understands resource conservation and environmental issues in relation to family and community health.
11. The teacher understands the nature of the profession and knows of careers related to family and consumer sciences.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

12. The teacher understands how social media can influence communication and outcomes between individuals, family members, and community connections.
13. The teacher understands how to incorporate Family, Career and Community Leaders of America (FCCLA) as intracurricular learning experiences.

Performance

1. The teacher demonstrates a command of instructional methodology in the delivery of family and consumer sciences content at the middle school and secondary school levels.
2. The teacher integrates Family, Career and Community Leaders of America, FCCLA student leadership organizations (e.g., Family, Career and Community Leaders of America—FCCLA) into the family and consumer sciences curriculum instruction.
3. The teacher validates the significance of family and its impact on the well-being of children, adults, individuals and society and the multiple life roles and responsibilities in family, work career, and community settings.
4. The teacher selects and creates learning experiences that include the impact of families' multiple roles within the home, workplace and community.
5. The teacher knows of community agencies and organizations that provide assistance to individuals and families.
6. The teacher selects and creates learning experiences that include how interpersonal relationships, cultural patterns, and diversity affect individuals, families, community, and the workplace.
7. The teacher promotes the roles and responsibilities of parenting and factors that affect human growth and development across the life span.
8. The teacher incorporates the science and practical application involved in planning, selecting, preparing, and serving food according to the principles of sound nutrition, and cultural and economic needs of individuals, and families, and industry; along with practices to encourage wellness for life.
9. The teacher demonstrates the design, selection, and care of textiles and apparel products.
10. The teacher demonstrates housing, design, furnishings, technology, and equipment needs for individuals, and families, and industry.
11. The teacher integrates consumer economic issues about and behavior for managing individual and family resources to achieve goals at various stages of the life cycle.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

12. The teacher integrates resource conservation and environmental issues in relation to family and community health.
13. The teacher maintains an awareness of the nature of the profession and knows of careers related to family and consumer sciences.
14. The teacher selects and creates learning experiences on how social media can influence communication and outcomes between individuals, family members, and community connections.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, physical, emotional and moral development.

Performance

1. The teacher develops lessons which focus on progressions and ranges of individual variation within intellectual, social, physical, emotional and moral development and their interrelationships.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Knowledge

1. The teacher understands individual and group motivation and behavior and creates a student centered learning environment that encourages positive social interaction, active engagement in learning, exploration of adaptive solutions, and self-motivation.

Performance

1. The teacher promotes individual and group motivation and behavior and creates a student centered learning environment that encourages positive social interaction, active engagement in learning, exploration of adaptive solutions, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques

to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Knowledge

1. The teacher understands how to apply knowledge about the current subject matter, learning theory, instructional strategies, curriculum development, evaluation, and child and adolescent development to meet curriculum goals using family and consumer sciences national standards and other resources.
2. The teacher understands how program alignment across grade levels and disciplines maximizes learning.

Performance

1. The teacher maximizes such elements as instructional materials; individual student interests, needs, and aptitudes; technology and community resources in planning instruction that creates an effective bridge between curriculum goals and students learning.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher understands formal and informal comprehensive and industry assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Performance

1. The teacher uses and interprets formal and informal comprehensive and industry assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Knowledge

1. The teacher understands how to research and select relevant professional development aligned to curriculum and industry standards.

Performance

1. The teacher participates in continual relevant professional development in order to stay current in content areas.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Marketing Technology Teachers

In addition to the standards listed here, marketing technology teachers must meet Idaho Core Teacher Standards and Idaho Foundation Standards for Professional-Technical Teachers.

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher ~~knows~~ possesses a foundational level of knowledge about a broad range of introductory business subjects (e.g. for example, accounting, economics, information systems, communications, management, marketing, merchandising, retailing, business law, and international business). accounting, business law, communications, economics, information systems, international business, management, marketing, merchandising, and retailing.
2. The teacher ~~is possesses knowledge in knowledgeable~~ of areas related to marketing (e.g., personal finance, career education, entrepreneurship, mathematics, and interrelationships in business). , for example, business technology, career education, entrepreneurship, mathematics, personal finance, and interrelationships in business.
3. The teacher possesses knowledge of appropriate technology.
4. The teacher understands how to advise, oversee, and operate a local DECA/Collegiate DECA professional-technical student organization as a part of the state and national organization, and its intracurricular role in marketing education.

Performance

1. The teacher demonstrates ~~business and industry-standard skill levels in promotions, advertising, accounting, and coordination techniques.~~ required by the endorsement, for example accounting, advertising, coordination techniques, and promotions.
2. The teacher effectively delivers marketing content at the junior high, middle school and/or high school levels.
3. The teacher demonstrates the efficient use of technology to accomplish tasks related to business and industry.
4. The teacher embeds DECA/Collegiate DECA activities and curriculum through an intracurricular approach within the marketing program of study.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Standard 11: Learning Environment - The teacher creates and manages a safe and productive learning environment.

Standard 12: Workplace Preparation - The teacher prepares students to meet the competing demands and responsibilities of the workplace.

Idaho Standards for Technology Education Teachers

In addition to the standards listed here, technology education teachers must meet Idaho Core Teacher Standards and Idaho Foundation Standards for Professional-Technical Teachers.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter -- The teacher understands the central concepts, tools of inquiry, and structures of the content area(s) taught and creates learning experiences that make these aspects of subject matter meaningful for learners.

Knowledge

1. The teacher has a basic understanding of contemporary communications; manufacturing; power, energy, and transportation; construction; electronics; computer systems; and other relevant emerging technologies.
2. The teacher understands the operation and features of a computer-aided design and computer-aided manufacturing systems.
3. The teacher understands the principles and concepts of engineering design, technology and the associated mathematics and science concepts.
4. The teacher knows the classical and contemporary elements, principles, and processes of structural systems.
5. The teacher understands industry logistics, technical terminologies and procedures for the technology occupational area.
6. The teacher understands the importance of team dynamics and the project management process when working in the technology occupational areas.

Performance

1. The teacher demonstrates the basic skills that support the fields of communications; manufacturing; power, energy, and transportation; construction; electronics; ~~and~~ computer technology and other relevant emerging technologies.
2. The teacher demonstrates how to install, maintain, and troubleshoot computers and peripheral equipment, telecommunications equipment, and other related technology applications.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The teacher demonstrates architectural and mechanical drafting and developmental skills.
4. The teacher demonstrates the various phases of the engineering design process.
5. The teacher creates opportunities for students to work collaboratively in teams and practice the project management processes related to the technology occupational areas.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based upon knowledge of subject matter, students, the community, and curriculum goals.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Reading Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Reading Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter – The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands the relationships and roles of the components of a balanced literacy program, which encompasses:
 - a. oral language development and its role in the emergence of writing and reading;
 - b. phonological awareness, phonics, structural and morphemic analysis; semantic, syntactic, and pragmatic systems of language, and their relation to reading and writing processes;
 - c. language patterns, vocabulary, comprehension and critical thinking; and
 - d. development of fluency (rate and accuracy).
2. The teacher knows the methods of literacy instruction congruent with a balanced literacy program.
3. The teacher understands that reading is a process of constructing meaning.
4. The teacher knows a variety of research-based instructional strategies to enhance student comprehension of narrative, expository, and technical information (e.g. metacognition, self-monitoring, visualization, accessing prior knowledge, analyzing text structure, summarizing, predicting, previewing, clarifying, and paraphrasing).
5. The teacher understands strategies for developing and extending vocabulary in narrative, expository and technical information, encompassing, but not limited to wide-reading, direct vocabulary instruction, and systematic word analysis: etymology, morphology, orthography.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

6. The teacher understands the relationships between reading, writing, speaking, listening, and viewing.
7. The teacher understands why it is important for developing literacy skills to read aloud to students.
8. The teacher is familiar with a wide range of children’s literature encompassing all genres.

Performance

1. The teacher applies the components of pre-reading and reading instruction in authentic classroom settings in accordance with individual student performance.
2. The teacher articulates and demonstrates knowledge of various research-supported approaches to pre-reading and decoding instruction (e.g. synthetic, analytic, explicit, implicit, embedded, and analogy-based).
3. The teacher articulates and demonstrates a variety of research-based instructional strategies to enhance student comprehension of narrative, expository, and technical information (e.g. metacognition, visualization, accessing prior knowledge, analyzing text structure, summarizing, predicting, previewing, clarifying, and paraphrasing).
4. The teacher implements strategies for developing and extending vocabulary in narrative, expository and technical information (e.g., wide-reading, direct vocabulary instruction, systematic word analysis - etymology, morphology, orthography).
5. The teacher utilizes the reciprocal relationships among reading, writing, speaking, listening, and viewing to build student literacy skills.
6. The teacher provides literacy lessons and opportunities congruent with best research practices.
7. The teacher reads aloud to children.

Standard 2: Knowledge of Human Development and Learning – The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social and personal development.

Knowledge

1. The teacher knows historical and current research as it relates to reading.
2. The teacher understands the significance of home language and culture on the development of literacy in the classroom.

Performance

1. The teachers implements cognitively compatible strategies in developing reading instruction.
2. The teacher utilizes the home language and culture of students to foster the development of literacy in the classroom.
3. The teacher encourages learner reflection and teaches students to evaluate and be responsible for their own literacy learning.

Standard 3: Modifying Instruction for Individual Needs – The teacher understands how students differ in their approaches to learning and creates instructional opportunities that are adapted to students with diverse needs.

Knowledge

1. The teacher understands research-based best practices in prevention identification, intervention, and remediation of reading difficulties.
2. The teacher understands methods for accelerating and scaffolding the students' development of reading strategies.
3. The teacher understands the impact of learning disabilities, giftedness, and language histories on literacy development.

Performance

1. The teacher articulates and demonstrates knowledge of structured, sequential, multi-sensory reading instruction.
2. The teacher differentiates reading instruction and utilizes flexible grouping in response to student performance.

Standard 4: Multiple Instructional Strategies – The teacher understands and uses a variety of instructional strategies to develop students' critical thinking, problem solving, and performance skills.

Knowledge

1. The teacher understands that specific literacy difficulties are not a basis for excluding students from classroom interactions that develop higher-level skills.

Performance

1. The teacher incorporates literacy instruction into all academic content areas in ways that engage each student.

Standard 5: Classroom Motivation and Management Skills – The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Knowledge

1. The teacher understands the power of literacy as it relates to academic success and life-long learning.
2. The teacher understands the importance of extensive reading in a variety of genres for developing literacy skills.

Performance

1. The teacher advocates extensive reading for information and for pleasure.
2. The teacher demonstrates the power of literacy as it relates to academic success and life-long learning.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning – The teacher understands, uses and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher understands the use of assessment for different literacy purposes (e.g. monitoring reading development, assessing reading achievement and performance, enabling students to self-assess their reading strengths and needs, and diagnosing reading difficulties to adjust reading instruction).
2. The teacher understands how to use assessment for attitude and motivation as related to reading.
3. The teacher knows how to choose, administer, and interpret multiple assessments for various aspects of reading (e.g. language proficiency, concepts of print, phonemic awareness, phonological awareness, letter recognition, sound/symbol knowledge, word recognition, spelling, writing, reading fluency, and oral and silent reading comprehension).

Performance

1. The teacher gathers and interprets data from multiple assessments to plan instruction, taking into consideration the student characteristics and instructional history.

2. The teacher collects and utilizes data from multiple sources to inform instruction.
3. The teacher uses assessment to increase students' awareness of their literacy strengths and needs and to encourage them to set personal goals for learning.
4. The teacher uses literacy assessment data to evaluate instructional effectiveness and to guide professional development.
5. The teacher advocates that the needs of every student are accurately represented in assessment data.

Standard 9: Professional Commitment and Responsibility – The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships – The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher knows sources and programs that promote family literacy.
2. The teacher knows community-based programs that promote literacy development.

Performance

1. The teacher engages with colleagues, community, other professionals, and parents to improve the literacy-learning environment.
2. The teacher fosters parental support for family literacy activities.

Idaho Foundation Standards for Science Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Science Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

In addition to the standards listed here, science teachers must meet Idaho Core Teacher Standards and at least one of the following: (1) Idaho Standards for Biology Teachers, (2) Idaho Standards for Chemistry Teachers, (3) Idaho Standards for Earth and Space Science Teachers, (4) Idaho Standards for Natural Science Teachers, (5) Idaho Standards for Physical Science Teachers, or (6) Idaho Standards for Physics Teachers.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher knows the history and nature of science and scientific theories.
2. The teacher understands the science content within the context of the Idaho Science Content Standards within their appropriate certification.
3. The teacher understands the concepts of form and function.
4. The teacher understands the interconnectedness among the science disciplines.
5. The teacher understands the process of scientific inquiry: investigate scientific phenomena, interpret findings, and communicate results.
7. The teacher knows how to construct deeper understanding of scientific phenomena through study, demonstrations, and laboratory and field activities.

8. The teacher understands the importance of accurate and precise measurements in science and reports measurements in an understandable way.

Performance

1. The teacher provides students with opportunities to view science in its cultural and historical context by using examples from history and including scientists of both genders and from varied social and cultural groups.
2. The teacher continually adjusts curriculum and activities to align them with new scientific data.
3. The teacher provides students with a holistic, interdisciplinary understanding of concepts in life, earth systems/space, physical, and environmental sciences.
4. The teacher helps students build scientific knowledge and develop scientific habits of mind.
5. The teacher demonstrates competence in investigating scientific phenomena, interpreting findings, and communicating results.
6. The teacher models and encourages the skills of scientific inquiry, including creativity, curiosity, openness to new ideas, and skepticism that characterize science.
7. The teacher creates lessons, demonstrations, and laboratory and field activities that effectively communicate and reinforce science concepts and principles.
8. The teacher engages in scientific inquiry in science coursework.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher knows how students construct scientific knowledge and develop scientific habits of mind.
2. The teacher knows commonly held conceptions and misconceptions about science and how they affect student learning.

Performance

1. The teacher identifies students' conceptions and misconceptions about the natural world.
2. The teacher engages students in constructing deeper understandings of the natural world.

Standard 3: Modifying Instruction for Individual Needs *Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.*

Standard 4: Multiple Instructional Strategies *- The teacher understands and uses a variety of instructional strategies to develop student learning.*

Knowledge

1. The teacher understands how to apply mathematics and technology to analyze, interpret, and display scientific data.
2. The teacher understands how to implement scientific inquiry.
3. The teacher understands how to engage students in making deeper sense of the natural world through careful orchestration of demonstrations of phenomena for larger groups when appropriate.
4. The teacher understands how to use research based best practices to engage students in learning science.

Performance

1. The teacher applies mathematical derivations and technology in analysis, interpretation, and display of scientific data.
 1. The teacher uses instructional strategies that engage students in scientific inquiry and that develop scientific habits of mind.
 3. The teacher engages students in making deeper sense of the natural world through careful orchestration of demonstrations of phenomena for larger groups when appropriate.

Standard 5: Classroom Motivation and Management Skills *- The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.*

Standard 6: Communication Skills *- The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.*

Knowledge

1. The teacher knows how to use a variety of interfaced electronic hardware and software for communicating data.
2. The teacher knows how to use graphics, statistical, modeling, and simulation software, as well as spreadsheets to develop and communicate science concepts.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The teacher understands technical writing as a way to communicate science concepts and processes.

Performance

1. The teacher models the appropriate scientific interpretation and communication of scientific evidence through technical writing, scientific posters, multimedia presentations, and electronic communications media.
2. The teacher engages students in sharing data during laboratory investigation to develop and evaluate conclusions.
3. The teacher engages students in the use of computers in laboratory/field activities to gather, organize, analyze, and graphically present scientific data.
4. The teacher engages students in the use of computer modeling and simulation software to communicate scientific concepts.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Knowledge

1. The teacher understands the importance of keeping current on research related to how students learn science.
2. The teacher understands the importance of keeping current on scientific research findings.

Performance

1. The teacher incorporates current research related to student learning of science into science curriculum and instruction.
2. The teacher incorporates current scientific research findings into science curriculum and instruction.

Standard 10: Partnerships- The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Standard 11: Safe Learning Environment - The science teacher provides for a safe learning environment.

Knowledge

1. The teacher knows how to select materials that match instructional goals as well as how to maintain a safe environment.
2. The teacher is aware of available resources and standard protocol for proper disposal of waste materials.
3. The teacher knows how to properly care for, inventory, and maintain materials and equipment.
4. The teacher is aware of legal responsibilities associated with safety.
5. The teacher knows the safety requirements necessary to conduct laboratory and field activities and demonstrations.
6. The teacher knows how to procure and use Material Safety Data Sheets (MSDS).

Performance

1. The teacher develops instruction that uses appropriate materials and ensures a safe environment.
2. The teacher creates and ensures a safe learning environment by including appropriate documentation of activities.
3. The teacher makes informed decisions about the use of specific chemicals or performance of a lab activity regarding facilities and student age and ability.
4. The teacher models safety at all times.
5. The teacher makes use of Material Safety Data Sheet (MSDS) and storage information for laboratory materials.
6. The teacher creates lesson plans and teaching activities consistent with appropriate safety considerations.
7. The teacher evaluates lab and field activities for safety.
8. The teacher evaluates a facility for compliance to safety regulations.
9. The teacher uses safety procedures and documents safety instruction.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

10. The teacher demonstrates the ability to acquire, use, and maintain materials and lab equipment.

11. The teacher implements laboratory, field, and demonstration safety techniques.

Standard 12: Laboratory and Field Activities - The science teacher demonstrates competence in conducting laboratory, and field activities.

Knowledge

1. The teacher knows a broad range of laboratory and field techniques.
2. The teacher knows strategies to develop students' laboratory and field skills.

Performance

1. The teacher engages students in a variety of laboratory and field techniques.
2. The teacher uses a variety of instructional strategies in laboratory and field experiences to engage students in developing their understanding of the natural world.

Idaho Standards for Biology Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here, biology teachers must meet Idaho Foundation Standards for Science Teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Biology Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands that there are unifying themes in biology, including levels from molecular to whole organism.
2. The teacher knows the currently accepted taxonomy systems used to classify living things.
3. The teacher understands scientifically accepted theories of how living systems evolve through time.
4. The teacher understands how genetic material and characteristics are passed between generations and how genetic material guide cell and life processes.
5. The teacher knows biochemical processes that are involved in life functions.
6. The teacher knows that living systems interact with their environment and are interdependent with other systems.
7. The teacher understands that systems in living organisms maintain conditions necessary for life to continue.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

8. The teacher understands the cell as the basis for all living organisms and how cells carry out life functions.
9. The teacher understands how matter and energy flow through living and non-living systems.
10. The teacher knows how the behavior of living organisms changes in relation to environmental stimuli.

Performance

1. The teacher prepares lessons that help students understand the flow of matter and energy through living systems.
2. The teacher assists students in gaining an understanding of the ways living things are interdependent.
3. The teacher assists students in understanding how living things impact/change their environment and how the physical environment impacts/changes living things.
4. The teacher helps students understand how the principles of genetics apply to the flow of characteristics from one generation to the next.
5. The teacher helps students understand how genetic “information” is translated into living tissue and chemical compounds necessary for life.
6. The teacher helps students understand accepted scientific theories of how life forms have evolved through time and the principles on which these theories are based.
7. The teacher helps students understand the ways living organisms are adapted to their environments.
8. The teacher helps students understand the means by which organisms maintain an internal environment that will sustain life.
9. The teacher helps students classify living organisms into appropriate groups by the current scientifically accepted taxonomic techniques. .
10. The teacher helps students understand a range of plants and animals from one-celled organisms to more complex multi-celled creatures composed of systems with specialized tissues and organs.
11. The teacher helps students develop the ability to evaluate ways humans have changed living things and the environment of living things to accomplish human purposes (e.g., agriculture, genetic engineering, dams on river systems, and burning fossil fuels).
12. The teacher helps students understand that the cell, as the basis for all living organisms, carries out life functions.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Chemistry Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here, chemistry teachers must meet Idaho Foundation Standards for Science Teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Chemistry Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter- The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher has a broad knowledge of mathematical principles, including calculus, and is familiar with the connections that exist between mathematics and chemistry.
2. The teacher understands the subdivisions and procedures of chemistry and how they are used to investigate and explain matter and energy.
3. The teacher understands that chemistry is often an activity organized around problem solving and demonstrates ability for the process.
4. The teacher understands the importance of accurate and precise measurements in chemistry and reports measurements in an understandable way.
5. The teacher understands the importance of accurate and precise measurements in science and reports measurements in an understandable way. CORE STANDARDS
6. The teacher knows matter contains energy and is made of particles (subatomic, atomic and molecular).

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

7. The teacher can identify and quantify changes in energy and structure.
8. The teacher understands the historical development of atomic and molecular theory.
9. The teacher knows basic chemical synthesis to create new molecules from prec? Molecules
10. The teacher understands the organization of the periodic table and can use it to predict physical and chemical properties.
11. The teacher knows the importance of carbon chemistry and understands the nature of chemical bonding and reactivity of organic molecules.
12. The teacher understands the electronic structure of atoms and molecules and the ways quantum behavior manifests itself at the molecular level.
13. The teacher has a fundamental understanding of quantum mechanics as applied to model systems (e.g., particles in a box).
14. The teacher understands the role of energy and entropy in chemical reactions and knows how to calculate concentrations and species present in mixtures at equilibrium.
15. The teacher knows how to use thermodynamics of chemical systems in equilibrium to control and predict chemical and physical properties.
16. The teacher understands the importance of research in extending and refining the field of chemistry and strives to remain current on new and novel results and applications.

Performance

1. The teacher consistently reinforces the underlying themes, concepts, and procedures of the basic areas of chemistry during instruction, demonstrations, and laboratory activities to facilitate student understanding.
2. The teacher models the application of mathematical concepts for chemistry (e.g., dimensional analysis, statistical analysis of data, and problem-solving skills).
3. The teacher helps the student make accurate and precise measurements with appropriate units and to understand that measurements communicate precision and accuracy.
4. The teacher helps the student develop strategies for solving problems using dimensional analysis and other methods.
5. The teacher helps the student understand that matter is made of particles and energy and that matter and energy are conserved in chemical reactions.
6. The teacher helps the student understand the composition of neutral and ionic atoms and molecules.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

7. The teacher helps the student learn the language and symbols of chemistry, including the symbols of elements and the procedures for naming compounds and distinguishing charged states.
8. The teacher helps the student understand the structure of the periodic table and the information that structure provides about chemical and physical properties of the elements.
9. The teacher helps the student begin to categorize and identify a variety of chemical reaction types.
10. The teacher helps the student understand stoichiometry and develop quantitative relationships in chemistry.
11. The teacher helps the student understand and apply modern atomic, electronic and bonding theories.
12. The teacher helps the student understand ionic and covalent bonding in molecules and predict the formula and structure of stable common molecules.
13. The teacher helps the student understand the quantitative behavior of gases.
14. The teacher helps the student understand and predict the qualitative behavior of the liquid and solid states and determine the intermolecular attraction of various molecules.
15. The teacher helps the student understand molecular kinetic theory and its importance in chemical reactions, solubility, and phase behavior.
16. The teacher helps the student understand the expression of concentration and the behavior and preparation of aqueous solutions.
17. The teacher helps the student understand and predict the properties and reactions of acids and bases.
18. The teacher helps the student understand chemical equilibrium in solutions.
19. The teacher helps the student understand and use chemical kinetics.
20. The teacher helps the student understand and apply principles of chemistry to fields such as earth science, biology, physics, and other applied fields.
21. The teacher helps the student learn the basic organizing principles of organic chemistry.
22. The teacher can do chemical calculations in all phases using a variety of concentration units including pH, molarity, number density, molality, mass and volume percent, parts per million and other units.

23. The teacher can prepare dilute solutions at precise concentrations and perform and understand general analytical procedures and tests, both quantitative and qualitative.
24. The teacher can use stoichiometry to predict limiting reactants, product yields and determine empirical and molecular formulas.
25. The teacher can correctly name acids, ions, inorganic and organic compounds, and can predict the formula and structure of stable common compounds.
26. The teacher can identify, categorize and understand common acid-base, organic and biochemical reactions.
27. The teacher can demonstrate basic separations in purifications in the lab, including chromatography, crystallization, and distillation.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Earth and Space Science Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here, earth and space science teachers must meet Idaho Foundation Standards for Science Teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the earth and space science teacher standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher knows how local events can potentially impact local, regional, and global conditions.
2. The teacher understands the rock cycle and the classification systems for rocks and minerals.
3. The teacher understands the theory of plate tectonics and the resulting processes of mountain building, earthquakes, oceanic trenches, volcanoes, sea floor spreading, and continental drift.
4. The teacher understands the sun, moon and earth system and the resulting phenomena.
5. The teacher knows earth history as interpreted using scientific evidence.
6. The teacher understands the composition of the earth and its atmosphere.
7. The teacher understands processes of weathering, erosion, and soil development (e.g., mass wasting, spheroidal weathering, alluvial fans, physical and chemical weathering, glaciers, stream valleys, cirques, and stream terraces).
8. The teacher knows multiple scientific theories of the origin of galaxies, planets, and stars.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

9. The teacher understands the concept of the interaction of forces and other physical science concepts about earth and astronomical change.
10. The teacher understands the flow of energy and matter through earth and astronomic systems.
11. The teacher knows the concepts of weather and climate.
12. The teacher understands ocean environments and how the physical forces on the surface of the earth interact with them.

Performance

1. The teacher helps students understand the flow of energy and matter through earth and space systems.
2. The teacher helps students understand seasonal changes in terms of the relative position and movement of the earth and sun.
3. The teacher helps students understand the causes of weather and climate in relation to physical laws of nature.
4. The teacher helps students understand the types of rocks and how they change from one type of rock to another as they move through the rock cycle.
5. The teacher helps students understand the theory of plate tectonics, including continental drift, volcanism, mountain building, ocean trenches, and earthquakes.
6. The teacher helps students understand how scientists use indirect methods, including knowledge of physical principles, to learn about astronomical objects.
7. The teacher helps students understand how accepted scientific theories about prehistoric life are developed.
8. The teacher assists students as they critically evaluate the quality of the data on which scientific theories are based.
9. The teacher helps students understand the movement of air, water, and solid matter in response to the flow of energy through systems.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Natural Science Teachers

Teachers with natural science endorsements must meet all of the following standards:

1. *Idaho Core Teacher Standards*
2. *Idaho Foundation Standards for Science Teachers AND*
3. *Idaho Standards for Biology Teachers OR*
4. *Idaho Standards for Earth and Space Science Teachers OR*
5. *Idaho Standards for Chemistry Teachers OR*
6. *Idaho Standards for Physics Teachers*

Idaho Standards for Physical Science Teachers

Teachers with physical science endorsements must meet all of the following standards:

1. *Idaho Core Teacher Standards*
2. *Idaho Foundation Standards for Science Teachers AND*
3. *Idaho Standards for Chemistry Teachers OR*
4. *Idaho Standards for Physics Teachers*

Idaho Standards for Physics Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here physics teachers must meet Idaho Foundation Standards for Science Teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the physics teacher standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter- The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands electromagnetic and gravitational interactions as well as concepts of matter and energy to formulate a coherent understanding of the natural world.
2. The teacher understands the major concepts and principles of the basic areas of physics, including classical and quantum mechanics, thermodynamics, waves, optics, electricity, magnetism, and nuclear physics.
3. The teacher knows how to apply appropriate mathematical and problem solving principles including algebra, geometry, trigonometry, calculus, and statistics in the description of the physical world and is familiar with the connections between mathematics and physics.
4. The teacher understands contemporary physics events, research, and applications.
5. The teacher knows multiple explanations and models of physical phenomena and the process of developing and evaluating explanations of the physical world.
6. The teacher knows the historical development of models used to explain physical phenomena.

Performance

1. The teacher engages students in developing and applying conceptual models to describe the natural world.
2. The teacher engages students in testing and evaluating physical models through direct comparison with the phenomena via laboratory and field activities and demonstrations.
3. The teacher engages students in the appropriate use of mathematical principles in examining and describing models for explaining physical phenomena.
4. The teacher engages student in the examination and consideration of the models used to explain the physical world.

Standard 2: Knowledge of Human Development and Learning- The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Foundation Standards for Social Studies Teachers

Social Studies teachers must meet Idaho Core Teacher Standards and Idaho Foundations Standards for Social Studies Teachers and one of the following: (1) Idaho Standards for Economics Teachers, (2) Idaho Standards for Geography Teachers, (3) Idaho Standards for Government and Civics Teachers, (4) Idaho Standards for History Teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Social Studies Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher has a broad knowledge base of the social studies and related disciplines (e.g., history, economics, geography, political science, behavioral sciences, and humanities).
2. The teacher understands the ways various governments and societies have changed over time.
3. The teacher understands ways in which independent and interdependent systems of trade and production develop.
4. The teacher understands the impact that cultures, religions, technologies, social movements, economic systems, and other factors have on civilizations.
5. The teacher understands the responsibilities and rights of citizens in the United States political system, and how citizens exercise those rights and participate in the system.
6. The teacher understands geography affects relationships between people, and environments over time.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

7. The teacher understands the appropriate use of primary and secondary sources (i.e., documents, artifacts, maps, graphs, charts, tables, and statistical data) in interpreting social studies concepts.

Performance

1. The teacher demonstrates chronological historical thinking
2. The teacher compares and contrasts various governments and cultures in terms of their diversity, commonalities, and interrelationships.
3. The teacher integrates knowledge from the social studies in order to prepare students to live in a world with limited resources, cultural pluralism, and increasing interdependence.
4. The teacher incorporates current events, global perspectives, and scholarly research into the curriculum.
5. The teacher uses primary and secondary sources (i.e., documents, artifacts, maps, graphs, charts, tables, and data interpretation) when presenting social studies concepts.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher understands the influences that contribute to intellectual, social, and personal development.
2. The teacher understands the impact of student environment on student learning,

Performance

1. The teacher provides opportunities for students to engage in civic life, politics, and government.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Economics Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here Economics teachers must meet Idaho Foundation Standards for Social Studies teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Economics teacher standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands basic economic concepts and models (e.g., scarcity, productive resources, voluntary exchange, unemployment, supply and demand credit/debt, market incentives, interest rate, and imports/exports).
2. The teacher understands the functions of money.
3. The teacher understands economic systems and the factors that influence each system (e.g., culture, values, belief systems, environmental and geographic impacts, and technology).
4. The teacher knows different types of economic institutions and how they differ from one another (e.g., business structures, stock markets, banking institutions, and labor unions).
5. The teacher understands how economic institutions shaped history and influence current economic practices.
6. The teacher understands the principles of sound personal finance and entrepreneurship.
7. The teacher understands fiscal and monetary policy.

Performance

1. The teacher demonstrates comprehension and analysis of economic principles and concepts.
2. The teacher engages students in the application of economic concepts in their roles as consumers, producers, and workers.
3. The teacher uses graphs, models, and equations to illustrate economic concepts.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Geography Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here Geography teachers must meet Idaho Foundation Standards for Social Studies teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Geography teacher standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. **This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands the spatial organization of peoples, places, and environments.
2. The teacher understands the human and physical characteristics of places and regions.
3. The teacher understands the physical processes that shape and change the patterns of earth's surface.
4. The teacher understands the reasons for the migration and settlement of human populations.
5. The teacher understands how human actions modify the physical environment and how physical systems affect human activity and living conditions.
6. The teacher understands the characteristics and functions of globes, atlases, maps, map projections, aerial photographs, satellite images, global positioning systems (GPS), geographic information systems (GIS), newspapers, journals, and databases.

Performance

1. The teacher uses past and present events to interpret political, physical, and cultural patterns.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher relates the earth's dynamic physical systems and its impact on humans.
3. The teacher relates population dynamics and distribution to physical, cultural, historical, economic, and political circumstances.
4. The teacher relates the earth's physical systems and varied patterns of human activity to world environmental issues.
5. The teacher uses geographic resources (e.g., globes, atlases, maps, map projections, aerial photographs, satellite images, global positioning systems (GPS), geographic information systems (GIS), newspapers, journals, and databases).

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Government and Civics Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here government and civics teachers must meet Idaho Foundation Standards for Social Studies teachers.

Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the government and civics teacher standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands the relationships between civic life, politics, and government.
2. The teacher understands the foundations of government and constitutional ~~and~~ principles of the United States political system.
3. The teacher understands the organization of local, state, federal, and tribal governments, and how power and responsibilities are organized, distributed, shared, and limited as defined by the United States Constitution.
4. The teacher understands the importance of international relations (e.g., evolution of foreign policy, national interests, global perspectives, international involvements, human rights, economic impacts, and environmental issues).
5. The teacher understands the role of public policy in shaping the United States political system.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

6. The teacher understands the civic responsibilities and rights of all individuals in the United States (e.g., individual and community responsibilities, participation in the political process, rights and responsibilities of non-citizens, and the electoral process).
7. The teacher understands the characteristics of effective leadership.

Performance

1. The teacher promotes student engagement in civic life, politics, and government.
2. The teacher demonstrates comprehension and analysis of the foundations and principles of the United States political system and the organization and formation of the United States government.
3. The teacher demonstrates comprehension and analysis of United States foreign policy and international relations.
4. The teacher integrates global perspectives into the study of civics and government.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

AUGUST 16, 2012

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being

Idaho Standards for History Teachers

All teacher preparation programs are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s). In addition to the standards listed here history teachers must meet Idaho Foundation Standards for Social Studies teachers. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the history teacher standards are widely recognized, but not all-encompassing or absolute, indicators that teacher preparation programs have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate's disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands themes and concepts in history (e.g., exploration, expansion, migration, immigration).
2. The teacher understands the political, social, cultural, and economic responses to industrialization and technological innovation.
3. The teacher understands how international relations impacted the development of the United States.
4. The teacher understands how significant compromises and conflicts defined and continue to define the United States.
5. The teacher understands the political, social, cultural, and economic development of the United States.
6. The teacher understands the political, social, cultural, and economic development of the peoples of the world.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

7. The teacher understands the impact of gender, race, ethnicity, religion, and national origin on history.
8. The teacher understands the appropriate use of primary and secondary sources (i.e., documents, artifacts, maps, graphs, charts, tables, and statistical data) in interpreting social studies concepts.

Performance

1. The teacher makes connections between political, social, cultural, and economic themes and concepts.
2. The teacher incorporates the issues of gender, race, ethnicity, religion, and national origin into the examination of history.
3. The teacher facilitates student inquiry on how international relationships impact the United States.
4. The teacher relates the role of conflicts to continuity and change across time.
5. The teacher demonstrates an ability to research, analyze, and interpret history.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

STATE DEPARTMENT OF EDUCATION

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Social Studies Teachers

Teachers with a social studies endorsement must meet the following Idaho Standards:

- 1. Idaho Core Teacher Standards AND*
- 2. Foundation Social Studies Standards AND*
- 3. History Standards OR*
- 4. Government and Civics Standards OR*
- 5. Economics Standards OR*
- 6. Geography Standards*

Idaho Standards for Special Education Generalists

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

In addition to the standards listed here, special education teachers must meet Idaho Core Teacher Standards and the Idaho Generalist Standards and may meet one of the following, if applicable: (1) Idaho Standards for Teachers of the Blind and Visually Impaired or (2) Idaho Standards for Teachers of the Deaf and Hard of Hearing.

The following knowledge and performance statements for the Special Education Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands the theories, history, philosophies, and models that provide the basis for special education practice.
2. The teacher understands concepts of language arts in order to help students develop and successfully apply their skills to many different situations, materials, and ideas.
3. The teacher understands major concepts, procedures, and reasoning processes of mathematics in order to foster student understanding.

Performance

1. The teacher demonstrates the application of theories and research-based educational models in special education practice.

2. The teacher implements best practice instruction across academic and non-academic areas to improve student outcomes.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher understands how the learning patterns of students with disabilities may differ from the norm.

Performance

1. The teacher uses research-supported instructional strategies and practices (e.g., functional embedded skills approach, community-based instruction, task analysis, multi-sensory strategies, and concrete/manipulative techniques) to provide effective instruction in academic and nonacademic areas for students with disabilities.

• ***Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.***

Knowledge

1. The teacher understands strategies for accommodating and adapting curriculum and instruction for students with disabilities.
2. The teacher knows the educational implications of exceptional conditions (e.g., sensory, cognitive, communication, physical, behavioral, emotional, and health impairments).
3. The teacher knows how to access information regarding specific student needs and disability-related issues (e.g., medical, support, and service delivery).

Performance

1. The teacher individualizes instruction to support student learning and behavior in various settings.
2. The teacher accesses and uses information about characteristics and appropriate supports and services for students with high and low incidence disabilities and syndromes.

3. The teacher locates, uses, and shares information on special health care needs and on the effects of various medications on the educational, cognitive, physical, social, and emotional behavior of students with disabilities.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Knowledge

1. The teacher understands individualized skills and strategies necessary for positive support of academic success (e.g., comprehension, problem solving, organization, study skills, test taking, and listening)
2. The teacher understands the developmental nature of social skills.
3. The teacher understands that appropriate social skills facilitate positive interactions with peers, family members, educational environments, and the community.
4. The teacher understands characteristics of expressive and receptive communication and the effect this has on designing social and educational interventions.

Performance

1. The teacher demonstrates the ability to teach students with disabilities in a variety of educational settings.
1. The teacher designs, implements, and evaluates instructional programs that enhance a student's participation in the family, the school, and community activities.
2. The teacher advocates for and models the use of appropriate social skills.
3. The teacher provides social skills instruction that enhances student success.
4. The teacher creates an accessible learning environment through the use of assistive technology.
5. The teacher demonstrates the ability to implement strategies that enhance students' expressive and receptive communication.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Knowledge

1. The teacher understands applicable laws, rules, regulations, and procedural safeguards regarding behavior management planning for students with disabilities.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher understands applied behavioral analysis and ethical considerations inherent in behavior management (e.g., positive behavioral supports, functional behavioral assessment, behavior plans).
3. The teacher understands characteristics of behaviors concerning individuals with disabilities (e.g., self-stimulation, aggression, non-compliance, self-injurious behavior).
4. The teacher understands the theories and application of conflict resolution and crisis prevention/intervention.
3. The teacher understands that students with disabilities may require specifically designed strategies for motivation and instruction in socially appropriate behaviors and self-control.

Performance

1. The teacher modifies the learning environment (e.g., schedule, transitions, and physical arrangements) to prevent inappropriate behaviors and enhance appropriate behaviors.
2. The teacher coordinates the implementation of behavior plans with all members of the educational team.
3. The teacher creates an environment that encourages self-advocacy and increased independence.
4. The teacher demonstrates a variety of effective behavior management techniques appropriate to students with disabilities.
5. The teacher designs and implements positive behavior intervention strategies and plans appropriate to the needs of the individual student.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Knowledge

1. The teacher understands the characteristics of normal, delayed, and disordered communication and their effect on participation in educational and community environments.
2. The teacher knows strategies and techniques that facilitate communication for students with disabilities.

Performance

1. The teacher uses a variety of verbal and nonverbal communication techniques to assist students with disabilities to participate in educational and community environments.
2. The teacher supports and expands verbal and nonverbal communication skills of students with disabilities.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Knowledge

1. The teacher understands curricular and instructional practices used in the development of academic, social, language, motor, cognitive, and affective skills for students with disabilities.
2. The teacher understands curriculum and instructional practices in self-advocacy and life skills relevant to personal living and participation in school, community, and employment.
3. The teacher understands the general education curriculum and state standards developed for student achievement.

Performance

1. The teacher develops comprehensive, outcome-oriented Individual Education Plans (IEP) in collaboration with IEP team members.
2. The teacher conducts task analysis to determine discrete skills necessary for instruction and to monitor student progress.
3. The teacher evaluates and links the student's skill development to the general education curriculum.
4. The teacher develops and uses procedures for monitoring student progress toward individual learning goals.
5. The teacher uses strategies for facilitating maintenance and generalization of skills across learning environments.
6. The teacher, in collaboration with parents/guardians and other professionals, assists students in planning for transition to post-school settings.
7. The teacher develops opportunities for career exploration and skill development in community-based settings.
8. The teacher designs and implements instructional programs that address independent living skills, vocational skills, and career education for students with disabilities.
9. The teacher considers issues related to integrating students with disabilities into and out of special centers, psychiatric hospitals, and residential treatment centers and uses resources accordingly.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Standard 8: Assessment of Student Learning -- The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Knowledge

1. The teacher understands the legal provisions, regulations, and guidelines regarding assessment of students with disabilities.
2. The teacher knows the instruments and procedures used to assess students for screening, pre-referral interventions, and following referral for special education services.
3. The teacher understands how to assist colleagues in designing adapted assessments.
4. The teacher understands the relationship between assessment and its use for decisions regarding special education service and support delivery.
5. The teacher knows the ethical issues and identification procedures for students with disabilities, including students from culturally and linguistically diverse backgrounds.
6. The teacher knows the appropriate accommodations and adaptations for state and district assessments.

Performance

1. The teacher analyzes assessment information to identify student needs and to plan how to address them in the general education curriculum.
2. The teacher collaborates with families and professionals involved in the assessment of students with disabilities.
3. The teacher gathers background information regarding academic, medical, and social history.
4. The teacher uses assessment information in making instructional decisions and planning individual programs that result in appropriate placement and intervention for all students with disabilities, including those from culturally or linguistically diverse backgrounds.
5. The teacher facilitates and conducts assessments related to secondary transition planning, supports, and services.
6. The teacher participates as a team member in creating the assessment plan that may include ecological inventories, portfolio assessments, functional assessments, and high and low assistive technology needs to accommodate students with disabilities.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Performance

1. The teacher practices within the Council for Exceptional Children Code of Ethics and other standards and policies of the profession.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher understands current federal and state laws pertaining to students with disabilities, including due process rights related to assessment, eligibility, and placement.
2. The teacher understands variations of beliefs, traditions, and values regarding disability across cultures and the effect of these on the relationship among the student, family, and school.
3. The teacher knows the rights and responsibilities of parents/guardians, students, teachers, professionals, and schools as they relate to students with disabilities.
4. The teacher is aware of factors that promote effective communication and collaboration with students, parents/guardians, colleagues, and the community in a culturally responsive manner.
5. The teacher is familiar with the common concerns of parents/guardians of students with disabilities and knows appropriate strategies to work with parents/guardians to deal with these concerns.
6. The teacher knows the roles of students with disabilities, parents/guardians, teachers, peers, related service providers, and other school and community personnel in planning and implementing an individualized program.
7. The teacher knows how to train or access training for paraprofessionals.
8. The teacher knows about services, networks, and organizations for individuals with disabilities and their families, including advocacy and career, vocational, and transition support.

Performance

1. The teacher facilitates communication between the educational team, students, their families, and other caregivers.
2. The teacher trains or accesses training for paraprofessionals.
3. The teacher collaborates with team members to develop effective student schedules.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

4. The teacher communicates the benefits, strengths, and constraints of special education services.
5. The teacher creates a manageable system to maintain all program and legal records for students with disabilities as required by current federal and state laws.
6. The teacher encourages and assists families to become active participants in the educational team (e.g., participating in collaborative decision making, setting instructional goals, and charting progress).
7. The teacher collaborates and consults with the student, the family, peers, regular classroom teachers, related service personnel, and other school and community personnel in integrating students with disabilities into various learning environments.
8. The teacher communicates with regular classroom teachers, peers, the family, the student, administrators, and other school personnel about characteristics and needs of students with disabilities.
9. The teacher participates in the development and implementation of rules and appropriate consequences at the classroom and school wide levels.

Idaho Standards for Teachers of the Blind and Visually Impaired

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

In addition to the standards listed here, teachers of the blind and visually impaired must meet Idaho Core Teacher Standards.

The following knowledge and performance statements for the Standards for Teachers of the Blind and Visually Impaired are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

The teacher of students with visual impairments is well versed in the foundations for education of the blind and visually impaired, the physiology and functions of the visual system, and the effect of vision impairment has on the instructional program. Further, the teacher collaboratively designs instructional strategies based on the results of specialized assessments.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher knows the historical foundations for the education of children with visual impairments, including the array of service options.
2. The teacher knows the effects of medications on the visual system.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher understands the need for students to establish proper posture, communication, self-esteem, and social skills.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher knows the effects of a visual impairment on the student's family and the reciprocal impact on the student's self-esteem.
3. The teacher understands the variations in functional capabilities and the diverse implications that various eye diseases have on growth and development.

Performance

1. The teacher provides students with a means to independently access and re-create materials readily available to the sighted world.
2. The teacher prepares students who have visual impairments to respond to societal attitudes and actions with positive behavior, self-advocacy, and a sense of humor.
3. The teacher designs instructional experiences contingent on student and familial stages of acceptance of the visual impairment.
4. The teacher communicates information from the optometrist/ophthalmologist report to school personnel to confirm the educational implications of the eye condition and to ensure the student's visual strengths are used.

1. Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Knowledge

1. The teacher knows the effects of a visual impairment on language and communication.
2. The teacher knows the impact of visual disorders on learning and experience.
3. The teacher knows methods for the development of special auditory, tactual, and modified visual communication skills for students with visual impairments (e.g., Braille reading and writing, handwriting for students with low vision and signature writing for blind students, listening and compensatory auditory skills, typing and keyboarding skills, unique technology for individuals with visual impairments, and use of alternatives to nonverbal communication).
4. The teacher understands the terminology related to diseases and disorders of the human visual system and their impact on language, cognitive, spatial concept, and psychosocial development.
5. The teacher knows how to critique and evaluate the strengths and limitations of various types of assistive technologies.
6. The teacher knows a variety of input and output enhancements to computer technologies that address the specific access needs of students with visual impairments in a variety of environments.

7. The teacher knows techniques for modifying instructional methods and materials for students with visual impairments and for assisting classroom teachers in implementing these modifications.
8. The teacher knows methods to acquire special academic skills, including the use of an abacus; the use of a talking calendar; tactile graphics (including maps, charts, tables, etc.); and adapted science equipment.

Performance

1. The teacher teaches, writes, and reads Grade 2 literary Braille and Nemeth codes when necessary (e.g., music, computer, and Braille).
2. The teacher secures specialized materials and equipment in a timely manner.
3. The teacher integrates knowledge of the visual impairment when identifying and infusing low vision devices and strategies into the curriculum, learning environments, and instructional techniques.
4. The teacher integrates ophthalmology, optometry, low vision, and functional vision evaluation information to comprehensively design strategies as part of an IEP.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Knowledge

1. The teacher possesses in-depth knowledge of methods, materials, and assistive technology for providing for the development of auditory, tactual, and communication skills for the visually impaired.
2. The teacher knows how to assist the student in developing visual, auditory, and tactile efficiency as well as pre-cane mobility skills.
3. The teacher knows how to assist the student in developing alternative organizational and study skills.
4. The teacher knows methods for providing adapted physical and recreation skills for individuals who have visual impairments.
5. The teacher knows functional life skills instruction relevant to independent, community, and personal living and to employment for individuals with visual impairments, including methods for accessing printed public information, public transportation, community resources, and acquiring practical skills (e.g., keeping personal records, time management, banking, emergency procedures, etc.).
6. The teacher knows strategies for developing transition plans and career awareness and provides vocational counseling for students who have visual impairments.

Performance

1. The teacher designs, sequences, implements, and evaluates modifications for daily living skills, which provide for independence.
2. The teacher implements integrated learning experiences that are multi-sensory and encourage active participation, self-advocacy, and independence.
3. The teacher integrates knowledge of the visual impairment and developmental progression when designing and implementing communication and social skills instruction.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Knowledge

1. The teacher knows about consumer and professional organizations, journals, networks, and services relevant to the field of visual impairment.
2. The teacher understands the educational implications of federal entitlements and funding, and how this relates to the provision of specialized materials and equipment.
3. The teacher possesses an in-depth knowledge of the variances in the medical, federal, and state definitions of visual impairment, identification criteria, labeling issues, incidence and prevalence figures, and how each component interacts with eligibility determinations for service.
4. The teacher knows specialized policies regarding referral and placement procedures for students with visual impairments.

Standard 8: Assessment of Student Learning -- The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Knowledge

1. The teacher knows the procedures used for screening, pre-referral, referral, and classifications of students with visual impairments, including vision screening methods, functional vision evaluation, and learning media assessment.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher possesses an in-depth knowledge of procedures for adapting and administering assessments for the intervention, referral, and identification of students with a visual impairment.

Performance

1. The teacher conducts alternative as well as functional evaluations of visual, literacy, pre-cane mobility, and educational performance.
2. The teacher uses information obtained through functional, alternative, and standardized assessments to plan, deliver, and modify instructional and environmental factors, including IEP development.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher knows strategies for assisting parents/guardians and other professionals in planning appropriate transitions for students who have visual impairments.
2. The teacher knows the roles of paraprofessionals who work directly with students who have visual impairments (e.g., sighted readers, transcribers, aides, etc.) or who provide special materials to them.
3. The teacher knows teacher attitudes, expectations, and behaviors that affect the behaviors of students with visual impairments.

**Idaho Standards for Special Education Teachers of Students
Who Are Deaf and/or Hard of Hearing**

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

In addition to the standards listed here, teachers of the deaf and hard of hearing must meet Idaho Core Teacher Standards.

The following knowledge and performance statements for the Standards for Teachers of the Deaf and hard of hearing are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands the theories, history, philosophies, and models that provide the basis for education of the deaf and/or hard of hearing.
2. The teacher knows the various educational placement options that are consistent with program philosophy and how they impact a deaf and/or hard of hearing student’s cultural identity and linguistic, academic, social, and emotional development.
3. The teacher understands the complex facets regarding issues related to deaf and/or hard of hearing individuals and working with their families (e.g., cultural and medical perspectives).

Performance

1. The teacher uses the tools, models, and strategies appropriate to the needs of students who are deaf and/or hard of hearing.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher communicates the benefits, strengths, and constraints of educating the deaf and/or hard of hearing (e.g., cochlear implants, hearing aids, other amplification usage, sign language systems, use of technologies, and communication modalities).

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher understands how etiology, age of onset, and degree of hearing loss impact a student's language development and ability to learn.
2. The teacher understands that being deaf and/or hard of hearing alone does not necessarily preclude normal academic development, cognitive development, or communication ability.
3. The teacher understands how learning and language development occur and the impact of instructional choices on deaf and/or hard of hearing students so they achieve age appropriate levels of literacy.

Performance

1. The teacher identifies levels of language and literacy development and designs lessons that are appropriate.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Knowledge

1. The teacher understands how hearing loss may impact student development (i.e., sensory, cognitive, communication, physical, behavioral, social, and emotional).
2. The teacher knows the characteristics and impacts of hearing loss, and the subsequent need for alternative modes of communication and/or instructional strategies.
3. The teacher understands the need for accommodation for English language learning for students whose native language is American Sign Language (ASL).
4. The teacher understands that an IEP for deaf/hard of hearing students should consider the following: communication needs and the student and family's preferred mode of communication; linguistic needs; severity of hearing loss and potential for using residual hearing; academic level; and social, emotional, and cultural needs, including opportunities for peer interactions and communication (i.e., Federal Policy Guidance, October 30, 1993).

Performance

1. The teacher uses information concerning hearing loss (i.e., sensory, cognitive, communication, linguistic needs); severity of hearing loss; potential for using residual

hearing; academic level; social, emotional, and cultural needs; and opportunities for adapting instruction and peer interactions and communication.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Knowledge

1. The teacher knows how to enhance instruction through the use of visual materials and experiential activities to increase outcomes for students who are deaf and/or hard of hearing.

Performance

1. The teacher develops and implements best practices and strategies in relation to the degree of hearing loss to support the needs of the whole child.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Knowledge

1. The teacher understands the unique social and emotional needs of students who are deaf and/or hard of hearing and knows strategies to facilitate the development of healthy self-esteem.
2. The teacher understands that deaf cultural factors, communication challenges, and family influences impact classroom management of students.
3. The teacher understands the role of and the relationship among the teacher, interpreter, and student.

Performance

1. The teacher designs a classroom environment to maximize opportunities for students' visual and/or auditory learning.
2. The teacher plans and implements instruction for students who are deaf and/or hard of hearing and have multiple disabilities.
3. The teacher prepares students for the appropriate use of interpreters.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

•

• **Knowledge**

1. The teacher understands the role of the interpreter and the use and maintenance of assistive devices.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher knows resources, materials, and techniques relevant to communication choices (e.g., total communication, cued speech, ASL, aural/oral, hearing aids, cochlear implants, augmentative and assistive equipment, FM systems, and closed captioning).

- **Performance**

1. The teacher uses resources, materials, and techniques that promote effective instruction for students who are deaf and/or hard of hearing (e.g., total communication, cued speech, ASL, aural/oral, hearing aids, cochlear implants, augmentative and assistive equipment, FM systems, and closed captioning).
2. The teacher maintains a learning environment that facilitates the services of the interpreter, note taker, and other support personnel, and other accommodations.
3. The teacher enables students to use support personnel and assistive technology.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning -- The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

- **Knowledge**

1. The teacher knows specialized terminology used in the assessment of students who are deaf and/or hard of hearing.
2. The teacher knows the appropriate accommodations for the particular degree of hearing loss
3. The teacher understands the components of an adequate evaluation for eligibility, placement, and program planning decisions for students (e.g., interpreters and special tests).

Performance

1. The teacher participates in the design of appropriate assessment tools that use the natural, native, or preferred language of the student who is deaf and/or hard of hearing.
2. The teacher gathers and analyzes communication samples to determine nonverbal and linguistic skills of students who are deaf and/or hard of hearing as a function of appropriate academic assessment.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

- **Knowledge**

1. The teacher understands the roles and responsibilities of teachers and support personnel in educational practice for deaf and/or hard of hearing students (e.g., educational interpreters, class teachers, transliterators, tutors, note takers, and audiologist).
2. The teacher knows resources available to help parents/guardians deal with concerns regarding educational options and communication modes/philosophies for deaf/hard of hearing children.
3. The teacher understands the effects of communication on the development of family relationships and knows strategies to facilitate communication with students who are deaf and/or hard of hearing students.
4. The teacher knows the services provided by individuals and by governmental and non-governmental agencies in the ongoing management of students who are deaf and/or hard of hearing.

-

- **Performance**

1. The teacher facilitates the coordination of support personnel (e.g., interpreters and transliterators) to meet the communication needs of students who are deaf and/or hard of hearing.

Teacher Leader Standards

Standard 1: Understanding Adults as Learners to Support Professional Learning Communities - The teacher leader understands how adults acquire and apply knowledge and uses this information to promote a culture of shared accountability for school outcomes that maximizes teacher effectiveness, promotes collaboration, enlists colleagues to be part of a leadership team, and drives continuous improvement in instruction and student learning.

Knowledge: The teacher leader demonstrates knowledge of. . .

1. The differences in knowledge acquisition and transfer for children and adults
2. Stages of career development and learning for colleagues and application of the concepts of adult learning to the design and implementation of professional development
3. Effective use of individual interactions, structures and processes for collaborative work including networking, facilitation, team building, and conflict resolution
4. Effective listening, oral communication, presentation skills, and expression in written communication
5. Research and exemplary practice on “organizational change and innovation”
6. The process of development of group goals and objectives

Performance: The teacher leader. . .

1. Demonstrates knowledge and skills for high quality professional learning for individuals as well as groups and assesses teachers’ content knowledge and skills throughout professional learning
2. Improves colleagues’ acquisition and application of knowledge and skills
3. Fosters mutually respectful and productive relationships among colleagues and guides purposeful collaborative interactions, inclusive of team members’ ideas and perspectives
4. Uses effective communication skills and processes
5. Demonstrates the ability to adapt to the contextual situation and make effective decisions, demonstrates knowledge of the role of creativity, innovation, and flexibility in the change process
6. Facilitates development of a responsive culture with shared vision, values, and responsibility and promotes team-based responsibility for assessing and advancing the effectiveness of practice

Standard 2: Accessing and Using Research to Improve Practice and Student Achievement - The teacher leader understands how educational research is used to create new knowledge, promote specific policies and practices, improve instructional practice and make inquiry a critical component in teacher learning and school redesign; and uses this knowledge to model

and facilitate colleagues' use of appropriate research-based strategies and data-driven action plans.

Knowledge: The teacher leader demonstrates knowledge of. . .

1. Action research methodology
2. Analysis of research data and development of a data-driven action plan that reflects relevance and rigor
3. Implementation strategies for research-based change and for dissemination of findings for programmatic changes

Performance: The teacher leader. . .

1. Models and facilitates relevant and targeted action research and engages colleagues in identifying research questions, designing and conducting action research to improve educational outcomes
2. Models and facilitates analysis and application of research findings for informed decision making to improve educational outcomes with a focus on increased productivity, effectiveness and accountability
3. Assists with application and supports dissemination of action research findings to improve educational outcomes

Standard 3: Promoting Professional Learning for Continuous Improvement - The teacher leader understands the constantly evolving nature of teaching and learning, new and emerging technologies and changing community demographics; and uses this knowledge to promote and facilitate structured and job-embedded professional learning initiatives aligned to school improvement goals.

Knowledge: The teacher leader demonstrates knowledge of. . .

1. The standards of high quality professional development and their relevance to improved learning
2. Effective use of professional development needs assessment, designs, protocols, and evaluation tools; selection and evaluation of resources appropriate to the identified need(s) along the professional career continuum.
3. The role of 21st century skills and technologies in educational practice
4. The role of shifting cultural demographics in educational practice

Performance: The teacher leader. . .

1. Accurately identifies the professional development needs and opportunities for colleagues in the service of improving education
2. Works with staff and staff developers to design and implement ongoing professional learning based on assessed teacher and student needs and involves colleagues in development and

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

implementation of a coherent, systemic, and integrated approach to professional development aligned with school improvement goals

3. Utilizes and facilitates the use of technology, statewide student management system, and media literacy as appropriate
4. Continually assesses the effectiveness of professional development activities and adjusts appropriately

Standard 4: Facilitating Improvements in Instruction and Student Learning - The teacher leader demonstrates a deep understanding of the teaching and learning process and uses this knowledge to advance the professional skills of colleagues by being a continuous learner, modeling reflective practice based on student results, and working collaboratively with colleagues to ensure instructional practices are aligned to a shared vision, mission and goal.

Knowledge: The teacher leader demonstrates knowledge of. . .

1. Research-based curriculum, instruction, and assessment and their alignment with desired outcomes
2. The Framework for Teaching, effective observation and strategies for providing instructional feedback
3. Role and use of critical reflection in improving professional practice

Performance: The teacher leader. . .

1. Recognizes, analyzes, and works toward improving the quality of colleagues' professional and instructional practices
2. Based upon the Framework for Teaching, has proof of proficiency in recognizing effective teaching and uses effective observation techniques to identify opportunities to improve curriculum, instruction, and assessment
3. Provides observational feedback that demonstrates the intent to improve curriculum, instruction, and assessment
4. Develops, leads and promotes a culture of self-reflection and reflective dialogue

Standard 5: Using Assessments and Data for School and District Improvement - The teacher leader is knowledgeable about current research on assessment methods, designing and/or selecting effective formative and summative assessment practices and use of assessment data to make informed decisions that improve student learning; and uses this knowledge to promote appropriate strategies that support continuous and sustainable organizational improvement.

Knowledge: The teacher leader demonstrates knowledge of. . .

1. Design and selection of suitable evaluation instruments and effective assessment practices for a range of purposes
2. Use of formative and summative data to inform the continuous improvement process

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. Analysis and interpretation of data from multiple sources

Performance: The teacher leader. . .

1. Informs and facilitates colleagues' selection or design of suitable evaluation instruments to generate data that will inform instructional improvement
2. Models use of formative and summative data to inform the continuous improvement process
3. Informs and facilitates colleagues' interpretation of data and application of findings from multiple sources (e.g., standardized assessments, demographics and other

Standard 6: Improving Outreach and Collaboration with Families and Community - The teacher leader understands that families, cultures and communities have a significant impact on educational processes and student achievement and uses this knowledge to promote frequent and more effective outreach with families, community members, business and community leaders and other stakeholders in the education system.

Knowledge: The teacher leader demonstrates knowledge of. . .

1. Child development and conditions in the home, culture and community and their influence on educational processes
2. Contextual considerations of the family, school, and community and their interaction with educational processes
3. Effective strategies for involvement of families and other stakeholders as part of a responsive culture

Performance: The teacher leader. . .

1. Develops colleagues' abilities to form effective relationships with families and other stakeholders
2. Recognizes, responds and adapts to contextual considerations to create effective interactions among families, communities, and schools
3. Improves educational outcomes by promoting effective interaction and involvement of teachers, families, and stakeholders in the educational process

Standard 7: Advocating for Student Learning and the Profession - The teacher leader understands how educational policy is made at the local, state and national level as well as the roles of school leaders, boards of education, legislators and other stakeholders in formulating those policies; and uses this knowledge to advocate for student needs and for practices that support effective teaching and increase student learning and to serve as an individual of influence and respect within the school, community and profession.

Knowledge: The teacher leader demonstrates knowledge of. . .

1. Effective identification and interpretation of data, research findings, and exemplary practices

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

2. Alignment of opportunities with identified needs and how to synthesize information to support a proposal for educational improvement
3. Local, state and national policy decisions and their influence on instruction
4. The process to impact policy and to advocate on behalf of students and the community

Performance: The teacher leader...

1. Identifies and evaluates needs and opportunities
2. Generates ideas to effectively address solutions/needs
3. Analyzes feasibility of potential solutions and relevant policy context
4. Advocates effectively and responsibly to relevant audiences for realization of opportunities

- **Idaho Foundation Standards for Visual and Performing Arts Teachers**

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Visual and Performing Arts Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

- ***Standard 1: Knowledge of Subject Matter – The teacher understands the central concepts, tools of inquiry, and structure of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.***

- **Knowledge**

1. The teacher understands the history and foundation of arts education.
2. The teacher understands the processes and content of the arts discipline being taught.
3. The teacher understands the relationships between the arts and how the arts enhance a comprehensive curriculum.
4. The teacher understands how to interpret, critique, and assess the arts discipline being taught.
5. The teacher understands the cultural and historical contexts surrounding works of art.
6. The teacher understands that the arts communicate, challenge, and influence cultural and societal values.
7. The teacher understands the aesthetic purposes of the arts and that arts involve a variety of perspectives and viewpoints (e.g., formalist, feminist, social, and political).
8. 12. The teacher understands how to select and evaluate a range of artistic subject matter and ideas appropriate for students’ personal and/or career interests.

Performance

1. The teacher provides students with a knowledge base of historical, critical, performance, and aesthetic concepts.
2. The teacher helps students create, understand, and become involved in the arts relevant to students' interests and experiences.
3. The teacher demonstrates technical and expressive proficiency in the particular arts discipline being taught.
4. The teacher helps students identify relationships between the arts and a comprehensive curriculum.
5. The teacher provides instruction to make a broad range of art genres and relevant to students.
6. The teacher instructs students in making interpretations and judgments about their own artworks and the works of other artists.
7. The teacher creates opportunities for students to explore a variety of perspectives and viewpoints related to the arts.

Standard 2: Knowledge of Human Development and Learning – The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs – The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies –The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills – The teacher understands individual and group motivation and behavior creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills – The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills – The teacher plans and prepares instruction based on knowledge of subject matter, subjects, the community, curriculum goals, and instructional strategies.

Knowledge

1. The teacher understands state standards for the arts discipline being taught and how to apply those standards in instructional planning.
2. The teacher understands that the processes and tools necessary for communicating ideas in the arts are sequential, holistic, and cumulative.

Performance

1. The teacher incorporates state standards for the arts discipline in his or her instructional planning.
2. The teacher demonstrates that the processes and uses of the tools necessary for the communication of ideas in the arts are sequential, holistic, and cumulative.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Knowledge

1. The teacher understands assessment strategies specific to the creative process.
2. The teacher understands the importance of providing appropriate opportunities for students to demonstrate what they know and can do in the arts.
3. The teacher understands how arts assessments enhance evaluation and student performance across a comprehensive curriculum (e.g. portfolio, critique, performance/presentation).

Performance

1. The teacher assesses students' learning and creative processes as well as finished products.
2. The teacher provides appropriate opportunities for students to display, perform, and be assessed for what they know and can do in the arts.
3. The teacher provides a variety of arts assessments to evaluate student performance.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Knowledge

1. The teacher understands the importance of continued professional growth in his or her discipline.

Performance

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

1. The teacher contributes to his or her discipline (e.g., exhibits, performances, publications, and presentations).

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher understands appropriate administrative, financial, management, and organizational aspects specific to the school/district arts program and its community partners.
2. The teacher understands the unique relationships between the arts and their audiences.

Performance

1. The teacher promotes the arts for the enhancement of the school and the community.
2. The teacher selects and creates art exhibits and performances that are appropriate for different audiences.

Standard 11: Learning Environment - The teacher creates and manages a safe, productive learning environment.

Knowledge

1. The teacher knows the procedures for safely handling, operating, storing, and maintaining the tools and equipment appropriate to his or her art discipline.
2. The teacher understands the use and management of necessary performance and exhibit technologies specific to his or her discipline.

Performance

1. The teacher ensures that students have the skills and knowledge necessary to accomplish art task safety.
2. The teacher manages the simultaneous activities that take place daily in the arts classroom.
3. The teacher operates and manages necessary performance and exhibit technology specific to his or her discipline in a safe manner.

Idaho Standards for Drama Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Drama Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher knows the history of theater as a form of entertainment and as a societal influence.
2. The teacher knows the basic theories and processes of play writing.
3. The teacher understands the history and process of acting and its various styles.
4. The teacher understands the elements and purpose of design and technologies specific to the art of theater (e.g., set, make-up, costume, lighting, and sound).
5. The teacher understands the theory and process of directing theater.

Performance

1. The teacher incorporates various styles of acting techniques to communicate character and to honor the playwright’s intent.
2. The teacher supports individual interpretation of character, design, and other elements inherent to theater.
3. The teacher demonstrates proficiency in all aspects of technical theatre.

4. The teacher is able to direct shows for public performance.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Standards 11: Learning Environment- The teacher creates and manages a safe, productive learning environment.

Knowledge

1. The teacher understands how to safely operate and maintain the theatre facility.
2. The teacher understands how to safely operate and maintain technical theatre equipment.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The teacher understands OSHA and State Safety standards specific to the discipline.
4. The teacher understands how to safely manage the requirements unique to the drama classroom (e.g. stage combat, choreography, blocking, rigging, etc.)

Performance

1. The teacher can safely operate and maintain the theatre facility.
2. The teacher can safely operate and maintain technical theatre equipment.
3. The teacher employs OSHA and State Safety standards specific to the discipline.
4. The teacher can safely manage the requirements unique to the drama classroom (e.g. stage combat, choreography, blocking, rigging, etc.)

Idaho Standards for Music Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the Music Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how candidates view the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

**This language has been written by a committee of content experts and adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

The teacher understands and knows how to teach:

1. Singing, alone and with others, a varied repertoire of music.
2. Performing on instruments, alone and with others, a varied repertoire of music.
3. Improvising melodies, variations, and accompaniments.
4. Composing and arranging music within specified guidelines.
5. Reading and notating music.
6. Listening to, analyzing, and describing music.
7. Evaluating music and music performances.
8. Understanding relationships between music, the other arts, and disciplines outside the arts.
9. Understanding music in relation to history and culture.

Performance

The teacher is able to demonstrate and teaches:

1. Singing, alone and with others, a varied repertoire of music.
2. Performing on instruments, alone and with others, a varied repertoire of music.
3. Improvising melodies, variations, and accompaniments.
4. Composing and arranging music within specified guidelines.
5. Reading and notating music.
6. Listening to, analyzing, and describing music.
7. Evaluating music and music performances.
8. Understanding relationships between music, the other arts, and disciplines outside the arts.
9. Understanding music in relation to history and culture.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

Knowledge

1. The teacher understands and knows how to design a variety of musical learning opportunities for students that demonstrate the sequential, holistic, and cumulative processes of music education.

Performance

1. The teacher is able to teach and engage students in a variety of musical learning opportunities that demonstrate the sequential, holistic, and cumulative processes of music education

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility- The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for Visual Arts Teachers

All teacher candidates are expected to meet the Idaho Core Teacher Standards and the standards specific to their discipline area(s) at the “acceptable” level or above. Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge, and performance statements for the Visual Arts Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that are consistent with its conceptual framework and that assures attainment of the standards.

An important component of the teaching profession is a candidate’s disposition. **This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter - The teacher understands the central concepts, tools of inquiry, and structures of the discipline taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. The teacher understands a variety of media, styles, and techniques in multiple art forms.
2. The teacher has knowledge of individual artists’ styles and understands the historical movements and cultural contexts of those works.
3. The teacher understands the elements and principles of art and how they relate to quality in works of art.
4. The teacher understands art vocabulary, its relevance to art interpretation, its relationship to other art forms and to disciplines across the curriculum.
5. The teacher understands how to use the creative process (brainstorm, research, rough sketch, final product, and reflection) and how to write an artist’s statement.
6. The teacher understands the value of visual art as an expression of our culture and possible career choices.

Performance

1. The teacher applies a variety of media, styles, and techniques in multiple art forms.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher instructs students in individual artist styles and understands historical movements and cultural context of the those work
3. The teacher applies the elements and principles of art and how they relate to quality in works of art.
4. The teacher applies art vocabulary, its relevance to art interpretation, and relationship to other art forms and to disciplines across the curriculum
5. The teacher demonstrates how to use the creative process (brainstorm, research, rough sketch, final product) and how to write an artist statement.
6. The teacher creates an emotionally safe environment for individual interpretation and expression in the visual arts.
7. The teacher makes reasoned and insightful selections of works of art to support teaching goals.
8. The teacher provides opportunities for students to collect work over time (portfolio) to reflect on their progress, and to exhibit their work.
9. The teacher creates opportunities for students to realize the value of visual art as an expression of our culture and possible career choices.

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities to meet students' diverse needs and experiences.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop student learning.

Standard 5: Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster learning and communication skills in the classroom.

Standard 7: Instructional Planning Skills - The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, curriculum goals, and instructional strategies.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Standard 8: Assessment of Student Learning - The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine teaching effectiveness.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Idaho Standards for ~~Foreign Language~~ World Languages Teachers

All teacher candidates are expected to meet or exceed the Idaho Core Teacher Standards and the standards specific to their discipline area(s). ~~at the “acceptable” level or above.~~ Additionally, all teacher candidates are expected to meet the requirements defined in State Board Rule (08.02.02: Rules Governing Uniformity).

The following knowledge and performance statements for the ~~Foreign~~ World Languages Teacher Standards are widely recognized, but not all-encompassing or absolute, indicators that teacher candidates have met the standards. It is the responsibility of a teacher preparation program to use indicators in a manner that assures attainment of the standards and is consistent with its conceptual framework ~~and that assures attainment of the standards.~~

An important component of the teaching profession is a candidate’s disposition. Professional dispositions are how the candidate views the teaching profession, their content area, and/or students and their learning. Every teacher preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Knowledge of Subject Matter – The teacher understands the central concepts, tools of inquiry, and structures of the disciplines taught and creates learning experiences that make these aspects of subject matter meaningful for students.

Knowledge

1. 1. The teacher knows the ACTFL (American Council on the Teaching of Foreign Languages) Proficiency Guidelines for listening, speaking, reading, and writing.
 - 1.2. The teacher knows ~~of~~ the target language ~~and understands~~ the culture(s) in which the language is used.
2. 3. The teacher understands key linguistic structures particular to the target language and demonstrates the way(s) in which they compare to English communication patterns.
3. 4. The teacher knows the history, arts, and literature of the target culture(s).
4. 5. The teacher knows the current social, political, and economic realities of the countries related to the target language.
5. ~~The teacher knows the commonly held stereotypes of the target culture(s).~~
6. 6. The teacher understands how the U.S. culture perceives the target language and culture(s). understands the impact of the target language and culture(s) on American society.
7. 7. The teacher understands how the U.S. is perceived by the target language culture(s).

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

8. ~~8. The teacher understands the stereotypes held by both the U.S. and target cultures and the impacts of those beliefs. knows the similarities and differences between the students' language and culture(s) and the target language and culture(s), including commonly held stereotypes of the target culture(s).~~
9. ~~9. The teacher demonstrate knowledge of~~ understands the ACTFL (American Council on the Teaching of Foreign Languages) Proficiency Guidelines for listening, speaking, reading, writing, and culture.

Performance

1. The teacher demonstrates advanced level speaking, reading and writing proficiencies as defined in the ACTFL Proficiency Guidelines established by the American Council on the Teaching of Foreign Languages.
2. The teacher incorporates into instruction the following activities in the target language: listening, speaking, reading, writing, and culture ~~into instruction.~~
3. The teacher promotes articulates the value and benefits of foreign world language learning to students, educators, and the community.
4. The teacher uses the target language extensively in formal, informal, and conversational contexts and provides opportunities for ~~encourages~~ the students to do so.
5. The teacher provides opportunities to communicate in the target language in meaningful, purposeful activities that simulate real-life situations.
6. The teacher systematically incorporates culture into instruction.
7. The teacher incorporates discussions of the target culture's contributions to the students' culture and vice-versa.
8. The teacher encourages students to understand that culture and language are intrinsically tied.
9. ~~The teacher makes generous use of cognates and expressions common to English and the foreign language when those comparisons will further the students' understanding and fluency.~~

Standard 2: Knowledge of Human Development and Learning - The teacher understands how students learn and develop, and provides opportunities that support their intellectual, social, and personal development.

Knowledge

1. The teacher understands that the process of second language acquisition includes the interrelated skills of listening, speaking, reading, and writing.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher understands that ~~the development of~~ cultural knowledge is essential for the development of second language acquisition.
3. The teacher understands the skills necessary ~~understands~~ of how to create an instructional environment that encourages students to take the risks needed ~~necessary~~ for successful language learning.
4. The teacher knows the methodologies and theories specific to second language acquisition.
5. The teacher knows university/college expectations of world languages and the life-long benefits of second-language learning.

Performance

1. The teacher uses a variety of instructional strategies that incorporate culture, listening, reading, writing and speaking in the target language.
2. The teacher integrates cultural knowledge into language instruction.
3. ~~4-~~ The teacher builds on the language learning strengths of students rather than focusing on their weaknesses.
4. The teacher uses cognates, expressions, and other colloquial techniques common to English and the target language to help further the students' understanding and fluency.
5. The teacher explains the world language entrance and graduation requirements at national colleges/universities and the general benefits of second language learning.

Standard 3: Modifying Instruction for Individual Needs - The teacher understands how students differ in their approaches to learning and creates instructional opportunities that are adapted to students with diverse needs.

Knowledge

1. The teacher understands that gender, age, socioeconomic background, ethnicity, sexual orientation, religious beliefs and other factors play a role in how individuals perceive and relate to their own culture and that of others.
2. The teacher understands that students' diverse learning styles affect the process of second-language acquisition.

Performance

1. The teacher plans learning activities that enable students to grasp the significance of language and cultural similarities and differences.
2. The teacher differentiates instruction to incorporate the diverse needs of the students' cognitive, emotional and psychological learning styles.

Standard 4: Multiple Instructional Strategies - The teacher understands and uses a variety of instructional strategies to develop students' critical thinking, problem solving, and performance skills.

Knowledge

1. The teacher understands that world foreign languages methodologies continues to change in response to emerging research.
2. The teacher understands instructional practices that balances content-focused and form-focused learning.
3. The teacher knows instructional strategies that foster higher-level thinking skills such as critical-thinking and problem solving.

Performance

1. The teacher uses a variety of instructional strategies based on current research to enhance students' understanding of the target language and culture.
2. The teacher remains current in second-language pedagogy by means of attending conferences, maintaining memberships in professional organizations, reading professional journals, and/or on-site and on-line professional development opportunities.
3. The teacher incorporates a variety of instructional tools such as technology, local experts, and on-line resources to encourage higher-level thinking skills.

Standard 5: Classroom Motivation and Management Skills - Classroom Motivation and Management Skills - The teacher understands individual and group motivation and behavior and creates a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation

Knowledge

1. The teacher understands that, due to the nature of second-language acquisition, students need additional instruction in positive group/pair work and focused practice.
2. The teacher knows current practices of classroom management techniques that successfully allow for a variety of activities, such as listening and speaking, that take place in a world language classroom.

Performance

1. The teacher implements classroom management techniques that use current research-based practices to facilitate group/pair interactions and maintain a positive flow of instruction.

Standard 6: Communication Skills - The teacher uses a variety of communication techniques to foster inquiry, collaboration, and supportive interaction in and beyond the classroom

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Knowledge

1. The teacher understands of the extension and broadening of previously gained knowledge in order to communicate clearly in the target language.

Performance

1. The teacher uses a variety of techniques to foster fluency within the target language such as dialogues, songs, open-ended inquiry, non-verbal techniques, guided questions, modeling, role-playing, and storytelling.

Standard 7: Instructional Planning Skills -The teacher plans and prepares instruction based on knowledge of subject matter, students, the community, and curriculum goals.

Knowledge

1. The teacher understands how to incorporate the ACTFL Standards for Foreign Language Learning of communication, cultures, connections, comparisons, and communities into instructional planning.
2. The teacher knows how to design lesson plans, based on ACTFL Standards, research-based practices and a variety of proficiency guidelines, that enhance student understanding of the target language and culture.
3. The teacher knows how to design lesson plans that incorporate the scaffolding necessary to progress from basic level skills to appropriate critical and higher order thinking skills.

Performance

1. The teacher incorporates the ACTFL Standards for Foreign Language Learning of communication, cultures, connections, comparisons, and communities into instructional planning.
2. The teacher designs lesson plans based on ACTFL Standards, research-based practices, and a variety of proficiency guidelines, which enhance student understanding of the target language and culture.
3. The teacher designs lesson plans which incorporate the scaffolding necessary to progress from basic level skills to appropriate critical and higher order thinking skills.

Standard 8: Assessment of Student Learning -The teacher understands, uses, and interprets formal and informal assessment strategies to evaluate and advance student performance and to determine program effectiveness.

Knowledge

1. The teacher understands the ACTFL Proficiency Guidelines for listening, speaking, reading, and writing, ~~and culture.~~

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The teacher has the skills to assess proficiency in listening, speaking, reading, writing and culture, which is based on a continuum.
3. The teacher understands the importance of assessing the content and the form of communication.

Performance

1. The teacher motivates the students to reach level-appropriate proficiency based on ACTFL Proficiency Guidelines for listening, speaking, reading, writing, and culture.
2. The teacher employs a variety of ways of ~~to assessing the five language skill areas~~ listening, speaking, reading, writing, and culture, using both formative and summative assessments.
3. The teacher constructs and uses a variety of formal and informal assessment techniques, including tests in the primary and target languages, to enhance knowledge of individual students, evaluate student performance and progress, and modify teaching and learning strategies.
4. The teacher appropriately assesses for both the content and form of communication.

Standard 9: Professional Commitment and Responsibility - The teacher is a reflective practitioner who demonstrates a commitment to professional standards and is continuously engaged in purposeful mastery of the art and science of teaching.

Standard 10: Partnerships - The teacher interacts in a professional, effective manner with colleagues, parents, and other members of the community to support students' learning and well-being.

Knowledge

1. The teacher knows about career and other life-enriching opportunities available to students proficient in a ~~foreign~~ world languages.
2. The teacher ~~is~~ knows how to provide ~~aware of~~ opportunities for students and teachers to communicate with native speakers.
3. The teacher is able to communicate to the students, parents, and community members the amount of time and energy needed for students to be successful in acquiring a second language.
4. The teacher understands the effects of second language study on first language.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Performance

1. ~~The teacher informs students of career and other opportunities available to students proficient in a foreign world languages.~~
2. The teacher informs students and the broader community of career opportunities and personal enrichment that proficiency in a second language provides in the United States and beyond its borders.
3. The teacher provides opportunities for students to communicate with native speakers of the target language in person or via technology.
4. The teacher encourages students to participate in community experiences related to the target culture.
5. The teacher communicates to the students, parents, and community members the amount of time and energy needed for students to be successful in acquiring a second language.

Glossary or Terms

ACTFL Proficiency Guidelines – a nationally developed and agreed upon set of descriptions of what individuals can do with language in terms of speaking, writing, listening, and reading in real-world situations in a spontaneous and non-rehearsed context. For each skill, these guidelines identify five major levels of proficiency: Distinguished, Superior, Advanced, Intermediate, and Novice. The major levels Advanced, Intermediate, and Novice are subdivided into High, Mid, and Low sublevels. The levels of the ACTFL Guidelines describe the continuum of proficiency from that of the highly articulate, well-educated language user to a level of little or no functional ability. These Guidelines present the levels of proficiency as ranges, and describe what an individual can and cannot do with language at each level, regardless of where, when, or how the language was acquired.

http://www.actfl.org/files/public/ACTFLProficiencyGuidelines2012_FINAL.pdf

American Council of Teachers of Foreign Languages (ACTFL) – an organization for world language professionals of K-12 and higher education

Content-Based Instruction (CBI) – a method of teaching language where content is a means to language acquisition, and supports proficiency with challenging, informative, and complex communication

Critical thinking – an intellectually disciplined process of actively and skillfully applying, analyzing, synthesizing, and or evaluating information, which in its exemplary form transcends subject matter disciplines

Form-Focused Instruction (FFI) - attention to the formal aspects of language (grammar, spelling, intonation, etc.) and is a cognitive approach to language learning which holds that second language proficiency resides in both rule-based and exemplar-based knowledge. Rule-based knowledge consists of linguistic rules and is form-oriented, whereas the exemplar-based system consists of chunks of language: instances of language that are unanalysed and stored as a whole in our memories.

Scaffolding - a process that enables a student to solve a problem, carry out a task, or achieve a goal which otherwise would be beyond his or her unassisted efforts including instructional, procedural, and verbal techniques. See Zone of Proximal Development (ZPD)

Zone of Proximal Development (ZPD) - the distance or cognitive gap between what a learner can do without assistance and what that learner can do with a more capable peer or skilled adult, a locus for scaffolding

Other Teacher Endorsement Areas

Several teacher endorsement areas were not individually addressed in the current standards (refer to list below), given the small number of courses offered in these specific areas.

To be recommended for endorsement in these content areas, a candidate must meet the Idaho Core Teacher Standards and any current standards of their professional organization(s).

Content/Endorsement Areas

- Humanities *
- Psychology
- Sociology

* *The Idaho Standards for the Initial Certification of Teachers address content areas traditionally categorized as humanities requirements for students (e.g. music, drama, art, foreign language).*

Idaho Foundation Standards for School Administrators

All School Administrators, including Principals, Special Education Directors, and Superintendents, must meet the following Idaho Foundation Standards for School Administrators and the standards specific to their certification area at the “acceptable” level or above.

The following knowledge and performance statements for the Foundation Standards for School Administrators are widely recognized, but not all-encompassing or absolute, indicators that School Administrator candidates have met the standards. It is the responsibility of preparation programs to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the School Administrator’s profession is their disposition. Professional dispositions are how the Administrator views the education profession, their content area, and/or students and their learning. Every preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for Administrator dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

• ***Standard 1: Visionary and Strategic Leadership - A school administrator is an educational leader who promotes the success of each students and staff member by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by all stakeholders.***

• **Knowledge**

1. The administrator understands that each student can learn and that varied and data-informed learning goals are an important part of the process.
2. The administrator understands the principles of developing and implementing strategic plans.
3. The administrator understands systems theory and its application to educational settings.
4. The administrator knows effective individual and group communication skills.
5. The administrator knows group leadership and decision-making skills.
6. The administrator knows team-building, coaching, mediation, negotiation, and consensus-building skills.

Performance

1. The administrator facilitates processes and engages in activities that create a shared vision and mission with all stakeholders.
2. The administrator uses effective individual and group communication skills.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The administrator engages others to ensure that a clearly articulated strategic plan is implemented, monitored, evaluated, and revised.
4. The administrator acknowledges the contributions of the school community to the realizations of the vision and mission.
5. The administrator seeks and allocates resources to support the strategic plan.
6. The administrator models professional growth, and supports the professional growth of the community of learners.
7. The administrator makes decisions through the application of systems theory.
8. The administrator uses varied sources of information, data collection, and data analysis strategies for the purpose of planning school improvement and increasing student achievement.
9. The administrator demonstrates and encourages strategies to facilitate the improved learning of each student.
10. The administrator ensures that each student is educated in an appropriate and the least restrictive learning environment.
11. The administrator practices team building, coaching, mediation, negotiation, and consensus building.

Standard 2: Instructional Leadership - The school administrator is an educational leader who promotes the success of each student by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.

Knowledge

1. The administrator understands how to enhance school culture and instructional programs through research, best practice, and curriculum design.
2. The administrator knows how to develop and implement a standards-based curriculum that aligns with assessment.
3. The administrator understands the principles of effective instruction, differentiated instruction, learning theories, motivation strategies, and positive classroom management.
4. The administrator understands student growth and development.
5. The administrator understands the effective use of assessment and evaluation.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

6. The administrator understands adult learning and professional development.
7. The administrator understands the change process for systems, organizations, and individuals.
8. The administrator knows how to effectively use instructional supervision, evaluation, and due process.
9. The administrator understands community diversity and its influence on education.
10. The administrator understands the essential role of technology in education.
11. The administrator understands how to develop, implement, and evaluate co-curricular and extracurricular programs that enhance student growth and character development.

• **Performance**

1. The school administrator oversees the development, implementation, evaluation, and refinement of curriculum and assessment based on research, best practice, teacher expertise, student and community needs, and state and national curriculum standards.
2. The administrator promotes a culture of high expectations and life-long learning for self, students, and staff.
3. The administrator promotes a school environment in which the responsibilities and contributions of students, parents/guardians, and staff members are valued.
4. The administrator promotes effective and innovative research-based instructional strategies.
5. The administrator researches a variety of information sources to make decisions that organize and align the school for success.
6. The administrator reduces barriers through proactive identification, clarification, and resolution of problems.
7. The administrator uses data to monitor student achievement.
8. The administrator supervises, evaluates, and assists teachers.
9. The administrator creates a learning environment that recognizes diversity.
10. The administrator uses and promotes technology to advance student learning, accommodate student needs, professional development, and overall school success.
11. The administrator participates in professional organizations.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

12. The administrator promotes instructional goals and objectives that integrate academic, co-curricular, and extracurricular programs.

Standard 3: Management and Organizational Leadership - A school administrator is an educational leader who promotes and manages a safe, efficient, and effective learning organization for the success of each student.

- **Knowledge**

1. The administrator understands organizational theories.
2. The administrator understands operational policies and procedures.
3. The administrator knows school safety and security principles and issues.
4. The administrator understands human resources management.
5. The administrator knows sound fiscal operations principles and issues.
6. The administrator knows school facilities and use of space principles and issues.
7. The administrator understands legal issues impacting personnel, management, and operations.
8. The administrator understands current technologies that effectively support management functions.
9. The administrator understands principles and procedures of problem solving, conflict resolution, and group processes.

Performance

1. The administrator uses knowledge of learning, teaching, and student development in making management decisions based on current, valid research.
2. The administrator designs and manages operational and organizational procedures to maximize opportunities for successful learning.
3. The administrator uses and actively promotes problem-solving and conflict management skills and strategies that foster positive educational outcomes.
4. The administrator uses knowledge of collective bargaining and other contractual agreements.
5. The administrator implements and monitors high-quality standards related to management performances.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

6. The administrator manages the operations school facilities, equipment, and support services to provide an environment conducive to learning.
7. The administrator involves stakeholders in shared decision-making.
8. The administrator recognizes potential problems and opportunities and acts on them in a timely manner.
9. The administrator uses effective communication skills.
10. The administrator aligns all resources, using appropriate technology available to maximize attainment of school and organizational goals.
11. The administrator implements records management that meets confidentiality and documentation requirements.
12. The administrator facilitates recruitment, mentoring, coaching, supervision, and evaluation of personnel to accomplish goals of the school and district.

Standard 4: Family and Community Partnerships - A school administrator is an educational leader who promotes the success of each student by collaborating with families and community members, responding to diverse community interests and needs, and mobilizing community resources.

Knowledge

1. The administrator understands emerging issues and trends impacting families, school, and community.
2. The administrator knows resources available in the community.
3. The administrator understands public relations, successful partnerships, and marketing strategies.

• **Performance**

1. The administrator develops relationships with community leaders through visibility and involvement within the larger community.
2. The administrator uses relevant information about family and community concerns, expectations, and needs.
3. The administrator facilitates opportunities between the school and community to share resources.
4. The administrator establishes partnerships with area businesses, institutions of higher education, and community groups to strengthen programs and support school goals.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

5. The administrator integrates community and youth/family services with school programs.
6. The administrator facilitates activities that recognize and value diversity within the family, community, school, and district.
7. The administrator develops and maintains a comprehensive network of community and media connections.
8. The administrator models and supports the use of collaborative skills.

Standard 5: Professional and Ethical Leadership - The school administrator is a professional, who demonstrates personal and professional values, ethics, and integrity.

Knowledge

1. The administrator understands the purposes of education.
2. The administrator understands the roles of leadership.
3. The administrator understands ethical frameworks and perspectives.
4. The administrator understands the diverse values of a community.
5. The administrator knows the Idaho Professional Code of Ethics and the Idaho Administrators Code of Conduct.

Performance

1. The administrator behaves in a manner consistent with the values, beliefs, and attitudes that inspire others to higher levels of performance.
2. The administrator demonstrates responsibility for the learning of each student.
3. The administrator demonstrates sensitivity regarding the impact of administrative practices on others.
4. The administrator demonstrates appreciation for and sensitivity to the diversity in the school community.
5. The administrator adheres to the Idaho Professional Code of Ethics and the Idaho Administrators Code of Conduct.
6. The administrator requires ethical, professional behavior in others.
7. The administrator interacts with all individuals with consistency, fairness, dignity, and respect.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

8. The administrator implements appropriate policies and facilitates procedures to protect individual rights.

Standard 6: Governance and Legal Leadership - A school administrator is an educational leader who promotes the success of each student by understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context.

Knowledge

1. The administrator understands the role of public education in developing and renewing a democratic society and an economically productive nation.
2. The administrator knows principles of representative governance that underpin the system of American education.
3. The administrator understands the political, social, cultural, and economic systems and processes that support and impact education.
4. The administrator understands effective models and strategies of leadership as applied to the larger political, social, cultural, and economic contexts of education.
5. The administrator understands global issues affecting teaching and learning.
6. The administrator understands the dynamics of policy development and advocacy under a democratic political system.
7. The administrator understands the importance of diversity and equity in a democratic society.
8. The administrator knows the law as related to education.
9. The administrator understands the impact of education on personal and professional opportunities, social mobility, and a democratic society.

Performance

1. The administrator facilitates and engages in activities to shape public policy in order to enhance education.
2. The administrator facilitates communication with the school community concerning trends, issues, and potential forces affecting education.
3. The administrator engages representatives of diverse community groups in ongoing dialogue.
4. The administrator develops lines of communication with decision-makers outside of the school community.
5. The administrator facilitates a governance system to meet local needs within the framework of policies, laws, and regulations enacted by local, state, and federal authorities.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

6. The administrator adheres to the law and district policies.
7. The administrator implements appropriate policies and facilitates to protect student rights and improve student opportunities for success.

Idaho Standards for School Superintendents

In addition to the standards listed here, school superintendents must meet Idaho Foundation Standards for School Administrators.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Superintendent Leadership - The superintendent is the catalyst and the advocate for an effective school community; demonstrates an enhanced knowledge, thorough understanding, and performance within all six standards listed in the Idaho Foundation Standards for School Administrators; and is prepared to lead a school system with increasing organizational complexity.

Knowledge

1. The superintendent understands the dynamics of systemic change within school districts.
2. The superintendent understands the importance of questioning, innovation, and innovative thinking in order to create new educational cultures and maximize system efficiency, effectiveness, and accountability.
3. The superintendent knows the breadth of P-12 curriculum and instructional programs.
4. The superintendent knows the importance of planning, maintaining, and budgeting for adequate school facilities, personnel, support services, and effective instructional programs.
5. The superintendent understands how to facilitate processes and activities to establish and maintain an effective and efficient governance structure for school districts.
6. The superintendent knows the role of local, regional, state, national and international partnerships in the development of educational opportunities and support services for students.
7. The superintendent understands the district's role in and responsibility for employee induction, career development, and enhancement.
8. The superintendent understands the organizational complexity of school districts.
9. The superintendent understands the dynamics of collective bargaining, mediation, arbitration, and contract management..
10. The superintendent knows the importance of district-wide policy development and effective implementation.

Performance

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

1. The superintendent promotes district-wide innovation and change through the application of a systems approach.
2. The superintendent accepts responsibility and promotes strategies for continuous reassessment and improved performance for each student, school, and the district as a whole.
3. The superintendent accepts responsibility for planning, maintaining, and budgeting for adequate school facilities, personnel, support services, and effective instructional programs.
4. The superintendent facilitates processes and engages in activities to promote an effective and efficient governance structure for school districts.
5. The superintendent fosters, creates, and sustains local, regional, state, national, and international partnerships as needed to enhance the opportunities for all learners.
6. The superintendent creates a system by which all employees have opportunities to seek career development and enhancement.
7. The superintendent advises the board of trustees on legal, ethical, and current educational issues.
8. The superintendent works effectively within the organizational complexity of school districts.
9. The superintendent develops and monitors the system for policy development and implementation in all facets of district operations.

Idaho Standards for Special Education Directors

In addition to the standards listed here, special education directors must meet Idaho Foundation Standards for School Administrators.

** This language was written by a committee of content experts and has been adopted verbatim.*

• **Standard 1: Visionary and Strategic Leadership** *A school administrator is an educational leader who promotes the success of each student and staff member by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared and supported by all stakeholders.*

Knowledge

1. The special education director understands the concept and best practices of least restrictive environment.
2. The special education director understands the importance of post-school outcomes and articulates a full range of services and supports for students with disabilities ages three to twenty-one to maximize their potential.
3. The special education director understands the importance of collaboration to provide general education interventions.

Performance

1. The special education director collaborates with community, staff, and students to explain and implement the concepts and goals of best practice in the least restrictive environment.
2. The special education director participates in district planning processes.

Standard 2: Instructional Leadership *The school administrator is an educational leader who promotes the success of each student by advocating, nurturing, and sustaining a school culture and instructional program conducive to student learning and staff professional growth.*

Knowledge

1. The special education director knows instructional and behavioral strategies for meeting the needs of special populations.
2. The special education director knows how to plan, write, implement, and access Individual Education Programs.
3. The special education director understands the role of assistive and adaptive technology and related services in instruction.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

4. The special education director understands community-based instruction and experiences for students.
5. The special education director understands how to use data to determine instructional needs and to develop professional training to meet those needs.

- **Performance**

1. The special education director serves as a resource for staff and administration concerning instructional and behavioral strategies for meeting the needs of special populations as well as allocating appropriate resources.
2. The special education director ensures that data is used to provide appropriate individualized educational programs and supports, and develops and implements services in school and community environments.
3. The special education director ensures the fulfillment of federal and state requirements related to the instruction of special populations.

Standard 3: Management and Organizational Leadership - A school administrator is an educational leader who promotes and manages a safe, efficient, and effective learning organization for the success of each student.

- **Knowledge**

1. The special education director knows about instruction, school activities, and environments to increase program accessibility for students with special needs.
2. The special education director understands the special education processes and procedures required by federal and state laws and regulations and by school district policies.
3. The special education director understands how to advocate for and access resources to meet the needs of staff, students, and parents and to facilitate their effective participation.
4. The special education director understands the use of technology in referral processes, IEP development, and records management.

- **Performance**

1. The special education director advocates for and implements instruction, activities, and school environments that are accessible to special populations.
2. The special education director implements the special education processes and procedures required by federal, state and school district policies.
3. The special education director advocates for, seeks, and directs resources to meet staff, student and parent needs.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Standard 4: Family and Community Partnerships - A school administrator is an educational leader who promotes the success of all students by collaborating with families and community members, responding to diverse community interests and needs, and mobilizing community resources.

Standard 5: Professional and Ethical Leadership - The school administrator is a professional, who demonstrates personal and professional values, ethics, and integrity.

Standard 6: Governance and Legal Leadership - A school administrator is an educational leader who promotes the success of all students by understanding, responding to, and influencing the larger political, social, economic, legal, and cultural context.

Idaho Standards for School Counselors

The purpose of the standards for school counselors is to promote and enhance the learning process. To that end, the school counselor standards facilitate school counselor performance in three broad domains: Academic/Technical Development, Career Development, and Personal/Social Development.

The following knowledge and performance statements for the School Counselors Standards are widely recognized, but not all-encompassing or absolute, indicators that School Counselors have met the standards. It is the responsibility of preparation programs to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the School Counselor's profession is their disposition. Professional dispositions are how the School Counselor views the education profession, their content area, and/or students and their learning. Every preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for School Counselor dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

• ***Standard 1: Standards of Practices - The school counselor understands the history and foundations of the counseling profession; various counseling theories and techniques; cultural sensitivity; advocacy of public policy applicable to services for students and their families; professional ethics and legal standards and requirements; and continued professional development.***

• **Knowledge**

1. The school counselor understands the Idaho Comprehensive School Counseling Program Model.
2. The school counselor understands the history and foundations of school counseling and related fields.
3. The school counselor understands a variety of counseling theories and techniques.
4. The school counselor understands the dynamics of cultural diversity.
5. The school counselor knows the importance of advocacy.
6. The school counselor knows the appropriate ethical and legal standards and requirements.
7. The school counselor knows the importance of continued professional development.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

8. The school counselor knows how to access community resources and professionals to aid students and their families.

- **Performance**

1. The school counselor uses appropriate individual and group counseling skills in each domain, (i.e., academic/technical development, career development, and personal/social development).
2. The school counselor uses appropriate intervention strategies.
3. The school counselor uses appropriate consulting, collaborating, and team-building skills within each domain.
4. The school counselor adheres to the appropriate school-counseling role as described in the Idaho Comprehensive School Counseling Program Model.
5. The school counselor maintains certification and engages in continued professional development.
6. The school counselor adheres to professional, ethical, and legal standards.
7. The school counselor identifies and accesses appropriate community resources and professionals to aid students and their families.

Standard 2: Academic/Technical Development Domain - The school counselor understands the knowledge, attitudes, and skills that contribute to effective lifelong learning.

- **Knowledge**

1. The school counselor knows developmental theories.
2. The school counselor understands various learning styles.
3. The school counselor understands family systems and their impact on learning.
4. The school counselor understands educational systems.
5. The school counselor is familiar with P-16 curriculum and its relationship to lifelong learning.
6. The school counselor understands how diversity influences lifelong learning.

- **Performance**

1. The school counselor identifies and engages students in activities that demonstrate how changing preferences affect life goals.

2. The school counselor meets the standards in the Idaho Comprehensive School Counseling Program Model in the Academic/Technical Development Domain.

Standard 3: Academic/Technical Development Domain - The school counselor understands and uses strategies that assist students in achieving academic/technical success and satisfaction.

Knowledge

1. The school counselor knows a variety of decision-making and problem-solving models.
2. The school counselor understands how attitudes and behaviors relate to successful learning.
3. The school counselor understands models of time management, task management, and study skills.
4. The school counselor knows the importance of personal choice and responsibility.
5. The school counselor knows a variety of assessments and interpretation techniques and understands their role in educational planning.

• **Performance**

1. The school counselor uses information on how personal criteria and environmental conditions influence the process of educational decision making and the development of life goals.
2. The school counselor implements related curriculum and activities focused on the effects of education, work, and family on individual decision making.
3. The school counselor models time management and task management skills.
4. The school counselor presents and disseminates information on appropriate study skills necessary for academic success at each level.
5. The school counselor uses a variety of assessments and interpretation techniques for educational planning.
6. The school counselor integrates the most appropriate technology available into the counseling program; uses this technology to optimize program administration and to meet student needs; and models the use of this technology for students and colleagues.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

• ***Standard 4: Academic/Technical Development Domain - The school counselor understands the relationship among personal qualities, education and training, and the world of work.***

• **Knowledge**

1. The school counselor knows appropriate goal-setting techniques.
2. The school counselor understands the process of establishing short- and long-range goals.
3. The school counselor understands the process of identifying specific strategies to accomplish life goals.

• **Performance**

1. The school counselor uses skills to access knowledge of self and work in order to develop education and training goals.
2. The school counselor engages students in establishing short- and long-range goals.
3. The school counselor identifies specific strategies to accomplish life goals (e.g., acquisition of knowledge, skills, and abilities necessary for success).

• ***Standard 5: Academic/Technical Development Domain - The school counselor understands the relationship of academics to life in the community and at home.***

• **Knowledge**

1. The school counselor understands the effects that values and lifestyle have on academics.
2. The school counselor understands that the needs of the community affect life choices.
3. The school counselor understands how local, state, and global economies affect individuals.

• **Performance**

1. The school counselor describes the importance of learning as it affects values and lifestyle.
2. The school counselor links the needs of the community to students' life choices.
3. The school counselor communicates the effects of local, state, and global economies on student planning.

Standard 6: Career Development Domain - The school counselor knows the skills necessary to investigate the world of work in relation to knowledge of self and to make informed career decisions.

Knowledge

1. The school counselor knows career development theories.

2. The school counselor understands the value of self-awareness in career decision making.
3. The school counselor knows how to research and obtain career information.
4. The school counselor knows how to evaluate and interpret career information.
5. The school counselor understands the risks and rewards within various career options.
6. The school counselor understands the skills, behaviors, and attitudes necessary for the world of work.
7. The school counselor knows how to identify post-high school options.

• **Performance**

1. The school counselor uses and evaluates research and information resources to obtain career information.
2. The school counselor facilitates understanding of the value of self-awareness in career decision making.
3. The school counselor gathers and dispenses information to identify post-high school options.
4. The school counselor identifies risks and rewards of various career options.
5. The school counselor disseminates information on prospective employers, organization structures, and employer expectations.
6. The school counselor promotes networking, negotiating, and mentoring in career development.

Standard 7: Career Development Domain - The school counselor understands strategies to achieve career success and satisfaction.

Knowledge

1. The school counselor knows education, training, and career decision-making strategies.
2. The school counselor understands the effects of education, work, and family values on individual career decisions.
3. The school counselor recognizes that personal and environmental conditions affect decision making.
4. The school counselor understands personal consequences of making and not making decisions.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

- **Performance**

1. The school counselor describes criteria for making personal decisions about education, training, and career goals.
2. The school counselor describes the effects of education, work, and family values on individual career decisions.
3. The school counselor identifies personal and environmental conditions that affect decision making.
4. The school counselor helps students understand personal consequences of making and not making decisions.
5. The school counselor creates and implements collaborative learning experiences to enhance student career awareness and decision making.

2. *Standard 8: Career Development Domain - The school counselor understands the skills for locating, maintaining, and advancing in a job.*

- **Knowledge**

1. The school counselor understands job placement services.
2. The school counselor knows job search and acquisition techniques.
3. The school counselor knows strategies, behaviors, and attitudes that support career advancement.
4. The school counselor understands what strategies, behaviors, and attitudes are necessary for personal success in the world of work.

- **Performance**

1. The school counselor collaborates with teachers, parents/guardians, administrators, and community members to present age-appropriate career awareness information.
2. The school counselor identifies job placement services.
3. The school counselor presents information for both job search and job acquisition.
4. The school counselor helps students develop awareness of strategies, behaviors, and attitudes that support career advancement.
5. The school counselor integrates the most appropriate technologies available into career awareness, exploration, and development.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

- ***Standard 9: Career Development Domain - The school counselor understands diversity and transition issues in today's workforce.***

- **Knowledge**

1. The school counselor knows how to stay abreast of trends and changes in the world of work.
2. The school counselor understands the historical perspective of work and industry and how it relates to today's diverse workforce.
3. The school counselor understands the effects of stereotyping on education, work environments, and community.
4. The school counselor understands behaviors, attitudes, and skills that work to eliminate stereotyping in education, work environments, and the community.
5. The school counselor knows that transition issues are an ongoing aspect of career development throughout life.
6. The school counselor understands how to use assistive devices and technology to accommodate students with disabilities.
7. The school counselor understands laws and regulations related to students with disabilities.

- **Performance**

1. The school counselor disseminates information using various methods regarding recent changes in the diverse workforce.
2. The school counselor models behaviors, attitudes, and skills that work to eliminate stereotyping in education, work environments, and the community.
3. The school counselor creates awareness of transition issues and strategies for lifelong career development.
4. The school counselor disseminates information about the role of assistive devices and technology.
5. The school counselor disseminates information on the laws and regulations related to students with disabilities.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

- ***Standard 10: Personal/Social Development Domain - The school counselor knows the attitudes, knowledge, and interpersonal skills necessary to help students understand and respect self and others.***

- **Knowledge**

1. The school counselor understands the dynamics of inter- and intra-personal interests, abilities, and skills.
2. The school counselor understands the importance of expressing feelings, behaviors, and ideas in an appropriate manner.
3. The school counselor understands how behavior influences the feelings and actions of others.
4. The school counselor understands the relationship between personal behavior and self-concept.
5. The school counselor understands diverse life roles.
6. The school counselor understands environmental influences on behavior.

- **Performance**

1. The school counselor assists students in identifying personal interests, skills, and abilities.
2. The school counselor collaborates with parents/guardians, school personnel, and community professionals in the development of students' self-concept.
3. The school counselor engages the student in identifying and understanding how behaviors influence the feelings and actions of others.
4. The school counselor enables the student to recognize the relationship between personal behavior and self-concept.
5. The school counselor provides counseling services to enhance understanding of life roles and environmental influences on personal growth and behaviors.

- ***Standard 11: Personal/Social Development Domain - The school counselor understands the process of making decisions, setting goals, and taking necessary action to achieve goals.***

Knowledge

1. The school counselor understands how personal beliefs and attitudes, goal setting, and problem solving affect decision making.
2. The school counselor knows that the learning and development process is continuous and involves a series of choices.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The school counselor knows the skills of decision making, goal setting, and problem solving.
4. The school counselor understands how expectations of others affect personal/social, academic/technical, and career decisions.
5. The school counselor knows how individual characteristics may influence achieving personal/social, academic/technical, and career goals.

- **Performance**

1. The school counselor uses a variety of strategies to demonstrate how personal beliefs and attitudes affect decision making.
2. The school counselor helps students understand that learning and development are continuous processes with a series of choices.
3. The school counselor engages students in decision making, goal setting, and problem solving.
4. The school counselor helps students recognize how the expectations of others affect personal/social, academic/technical, and career decisions.
5. The school counselor describes how individual characteristics may influence achieving personal/social, academic/technical, and career goals.

Standard 12: Personal/Social Development Domain - The school counselor understands safety and survival skills.

- **Knowledge**

1. The school counselor understands the importance of identifying feelings, symptoms of stress, abuse, addiction, depression, and appropriate coping skills.
2. The school counselor knows negotiating, problem solving, and conflict resolution skills.
3. The school counselor understands the process of personal change.
4. The school counselor understands the process of human growth and development.
5. The school counselor knows strategies for personal safety and survival skills.

- **Performance**

1. The school counselor describes and demonstrates problem solving, conflict resolution, coping skills, and feeling identification.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

2. The school counselor collaborates with school personnel, parents/guardians, and community members to develop and deliver personal safety and survival skills strategies.
3. The school counselor describes the relationship between personal well being and the process of human growth and development.
4. The school counselor facilitates empowering students and their families to identify the relationship among rules, laws, safety, and the protection of individual rights.

Idaho Standards for School Nurses

The following knowledge and performance statements for the School Nurse Standards are widely recognized, but not all-encompassing or absolute, indicators that school nurse candidates have met the standards. It is the responsibility of a school nurse preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the school nursing profession is a candidate's disposition. Professional dispositions are how the School Nurse candidate views their profession, their content area, and/or students and their health and learning. Every School Nurse preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for School Nurse candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Quality Assurance - The school nurse understands how to systematically evaluate the quality and effectiveness of school nursing practice.

Knowledge

1. The school nurse understands the professional, state, and local policies, procedures, and practice guidelines that impact the effectiveness of school nursing practice within the school setting.
2. The school nurse understands that school nursing practice must fall within the boundaries of scope of practice as defined by the Idaho Board of Nursing.
3. The school nurse understands how to access research and interpret data applicable to the school setting.

Performance

1. The school nurse conducts ongoing evaluations of school nursing practice.
2. The school nurse identifies the policies, procedures, and practice guidelines applicable to school nursing practice.
3. The school nurse uses research and data to monitor quality and effectiveness of school nursing practice.

Standard 2: Professional Development - The school nurse is a reflective practitioner who improves clinical skills through continual self-evaluation and ongoing education.

Knowledge

1. The school nurse understands how to improve knowledge and competency in school nursing practice.

2. The school nurse knows how to self-assess professional nursing practice.
3. The school nurse knows how to access professional resources that support school nursing practice.
4. The school nurse knows about the professional organizations that support the nursing practice.

Performance

1. The school nurse participates in professional development related to current clinical knowledge and professional issues.
2. The school nurse seeks and acts on constructive feedback regarding professional development.
3. The school nurse pursues professional development as related to professional and program goals.

Standard 3: Communication - The school nurse is skilled in a variety of communication techniques (i.e., verbal and nonverbal).

• **Knowledge**

1. The school nurse understands the importance of effective communication with school staff, families, students, the community, and other service providers.
2. The school nurse understands problem solving and counseling techniques and crisis intervention strategies for individuals and groups.
3. The school nurse knows how to document appropriately.

Performance

1. The school nurse communicates effectively and with sensitivity to community values in a variety of settings (e.g., classroom presentations, public forums, individual interactions, written communication, and documentation).

Standard 4: Collaboration - The school nurse understands how to interact collaboratively with and contribute to the professional development of peers and school personnel.

Knowledge

1. The school nurse understands the principles of collaboration in sharing knowledge and skills with other professionals and staff.

Performance

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

1. The school nurse works collaboratively with nursing colleagues and school personnel to enhance professional practice and to contribute to a supportive, healthy school environment.

Standard 5: Ethics and Advocacy - The school nurse makes decisions and takes actions on behalf of students and families in an ethical, professional manner.

Knowledge

1. The school nurse understands the code of ethics adopted by the American Nurses Association and the National Association of School Nurses and the Code of Ethics for Idaho Professional Educators.
2. The school nurse knows how to advocate for students and families.

Performance

1. The school nurse performs duties in accord with the legal, regulatory, and ethical parameters of health and education.
2. The school nurse acts as an advocate for students and families.
3. The school nurse delivers care in a manner that is sensitive to student diversity.

Standard 6: Health and Wellness Education - The school nurse assists students, families, the school staff, and the community to achieve optimal levels of wellness through appropriately designed and delivered health education.

Knowledge

1. The school nurse understands developmentally appropriate health education.
2. The school nurse understands the influence of family dynamics on student achievement and wellness.
3. The school nurse understands that health instruction within the classroom is based on learning theory.
4. The school nurse understands child, adolescent, family, and community health issues.
5. The school nurse understands how health issues impact student learning.

Performance

1. The school nurse assists individual students in acquiring appropriate skills based on age and developmental levels to advocate for themselves.
2. The school nurse participates in the assessment of health education and health instructional needs of the school community.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The school nurse provides health instruction within the classroom based on learning theory, as appropriate to student developmental levels and school needs.
4. The school nurse provides individual and group health instruction and counseling for and with students, families, and staff.
5. The school nurse acts as a resource person to school staff, students, and families regarding health education and health community resources.
6. The school nurse assists students in changing high-risk behaviors through education and referral.

Standard 7: Program Management - The school nurse is a manager of school health services.

• **Knowledge**

1. The school nurse understands the principles of school nursing management.
2. The school nurse understands that program delivery is influenced by a variety of factors (e.g., cost, program diversity, staffing, and laws).
3. The school nurse knows how to teach, supervise, evaluate, and delegate to Unlicensed Assistive Personnel.
4. The school nurse knows how to identify and secure appropriate and available services and resources in the community.

Performance

1. The school nurse demonstrates the ability to organize, prioritize, and make independent nursing decisions.
2. The school nurse demonstrates the ability to plan and budget resources in a fiscally responsible manner.
3. The school nurse demonstrates leadership skills to utilize human resources efficiently.
4. The school nurse teaches, supervises, evaluates, and delegates to Unlicensed Assistive Personnel.
5. The school nurse uses appropriate technology in managing school health services.

Idaho Standards for School Psychologists

The following knowledge and performance statements for the School Psychologist Standards are widely recognized, but not all-encompassing or absolute, indicators that School Psychologist candidates have met the standards. It is the responsibility of a school psychologist preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the School Psychology profession is a candidate's disposition. Professional dispositions are how the School Psychologist candidate views their profession, their content area, and/or students and their health and learning. Every School Psychology preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for School Psychologist candidate dispositions.

** This language was written by a committee of content experts and has been adopted verbatim.*

Standard 1: Assessment, Data-Based Decision Making, and Accountability - The school psychologist understands varied models and methods of assessment that yield information useful in understanding problems, identifying strengths and needs,-measuring progress aiding in transition activities and accomplishments of students.

Knowledge

1. The school psychologist understands traditional standardized norm-referenced assessment instruments.
2. The school psychologist knows alternative assessment approaches (e.g., curriculum-based, portfolio, and ecological).
3. The school psychologist knows non-test assessment procedures (e.g., observation, diagnostic interviewing, and reviewing records).
4. The school psychologist understands the Response to Intervention (RTI) process.
5. The school psychologist understands correct interpretation and application of data.
6. The school psychologist understands the process of transitions at Pre-K through Age 21 development levels.

Performance

1. The school psychologist uses various models and methods of assessment as part of a systematic process to collect data and other information.
2. The school psychologist translates assessment results into empirically-based decisions about intervention and recommendations.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The school psychologist assists in creating intervention strategies linked to the assessment information.
4. The school psychologist assists in evaluating the effectiveness of interventions and recommendations.

3. *Standard 2: Consultation and Collaboration - The school psychologist understands effective collaborative and consultation approaches to promote the learning and success of students.*

Knowledge

1. The school psychologist knows processes of producing change in individuals and groups.
2. The school psychologist knows various strategies and techniques of team building.
3. The school psychologist knows various strategies and techniques of team decision-making.
4. The school psychologist possesses knowledge and skills necessary to facilitate communication and collaboration with students and teams consisting of school personnel, family members, community professionals, and others.
5. The school psychologist understands factors necessary for effective interpersonal communication.
6. The school psychologist knows how to communicate effectively in oral and written form.

Performance

1. The school psychologist promotes change at the levels of the individual student, classroom, building, district, and other agencies.
2. The school psychologist uses consultation and collaboration to facilitate the development of professional environments in schools and related settings to promote the kinds of principles necessary to achieve consensus.
3. The school psychologist facilitates communication with students and teams consisting of school personnel, family members, community professionals, and others.
4. The school psychologist displays positive interpersonal skills by listening, adapting, addressing ambiguity, and being professional in difficult situations.
5. The school psychologist presents and disseminates information to diverse audiences.
6. The school psychologist communicates effectively in oral and written form.

4. *Standard 3: Effective Instruction and Development of Cognitive and Academic Skills - The school psychologist understands learning theories, cognitive strategies and their application to the development of effective instruction to promote student learning.*

Knowledge

1. The school psychologist knows primary learning theories (e.g., behavioral, cognitive, and neuro-developmental).
2. The school psychologist understands various instructional strategies and learning styles.
3. The school psychologist knows principles of student-centered learning.
4. The school psychologist knows how to develop appropriate cognitive, academic, and career goals for students with different ability levels using a team approach.
5. The school psychologist understands current instructional theories and models.
6. The school psychologist knows evaluation techniques to measure instructional outcomes of intervention strategies and treatment integrity.

Performance

1. The school psychologist assists in implementing a variety of instructional methods to enhance student learning at the individual, group, and systems levels.
2. The school psychologist uses student-centered learning principles to help students become self-regulated learners.
3. The school psychologist, in collaboration with the student, parents, school personnel, and community professionals, sets individual learning goals, designs a learning process to achieve those goals, and assesses whether the goals have been achieved.
4. The school psychologist helps schools develop appropriate cognitive, academic, and career goals for students.
5. The school psychologist links assessment information to the development and implementation of instructional strategies to meet students' individual learning needs.
6. The school psychologist collects, maintains and shares current information and research about advances in curriculum and instruction with educators, parents, and the community.
7. The school psychologist uses appropriate assessment techniques to progress toward academic and career goals and assists in revising instructional methodology as necessary.
8. The school psychologist assesses treatment integrity and efficacy of intervention strategies.

- ***Standard 4: Socialization and Development of Life Skills – The school psychologist understands human development in social, affective, behavioral, and adaptive domains and applies sound principles of behavior change within these domains.***

Knowledge

1. The school psychologist understands the developmental processes of socialization and life skills of students with different abilities and developmental levels.
2. The school psychologist understands direct and indirect intervention strategies, including counseling and consultation.
3. The school psychologist knows principles of behavior management.
4. The school psychologist understands conflict-management and problem-resolution strategies.
5. The school psychologist knows empowerment strategies for students and family support systems.
6. The school psychologist understands the ecological impact of learning environments on student success.
7. The school psychologist understands early childhood development and its impact on successful school transitions.

Performance

1. The school psychologist utilizes consultation and collaboration strategies with teachers, students, and families for the development of life skills.
2. The school psychologist uses a variety of intervention strategies consistent with developmental levels.
3. The school psychologist, using a problem-solving approach, collaborates with students, teachers, and families in developing behavior management plans.
4. The school psychologist consults in the development and evaluation of conflict-management and problem-resolution programs and activities.
5. The school psychologist provides mental health services to enhance appropriate student behavior.
6. The school psychologist facilitates students and families in developing positive socialization and life skills.
7. The school psychologist consults with students, families, and schools regarding the structure and organization of educational environments and how they impact learning.

8. The school psychologist works with families and others to promote awareness of effective early childhood development and educational services.

5. *Standard 5: School Psychology Practice and Professional Development - The school psychologist understands the history and foundations of the profession; various service models and methods; public policy development applicable to services for students and their families; ethical and professional standards; and legal requirements.*

Knowledge

1. The school psychologist understands the history and foundations of school psychology and its relation to other fields.
2. The school psychologist knows current models, methods and practices of the profession.
3. The school psychologist knows the appropriate ethical and professional standards.
4. The school psychologist knows current federal statutes and state statutes and regulations as they relate to students.
5. The school psychologist understands processes and procedures for public policy development.
6. The school psychologist knows methods to evaluate personal needs for continuing professional development.

Performance

1. The school psychologist is aware of current practices in related fields.
2. The school psychologist adheres to best practices of the profession.
3. The school psychologist uses knowledge of legal requirements to advocate for the rights and welfare of children and families.
4. The school psychologist promotes the improvement of public policies and practices in schools and related settings.
5. The school psychologist maintains certification and continues professional development.
6. The school psychologist identifies and pursues professional growth resulting in acquisition of new skills.

6. *Standard 6: Student Diversity in Development and Learning - The school psychologist understands that an individual's development and learning are influenced by one or more of the following factors: biological, social, cultural, ethnic, experiential, socioeconomic, environmental, gender-related, and/or linguistic.*

Knowledge

1. The school psychologist understands individual differences in ability levels with respect to the development of instructional programs and other activities.
2. The school psychologist understands how to identify needs and modify instruction to enhance learning for individual students.
3. The school psychologist recognizes the influence that various cultures, backgrounds, and individual learning characteristics have on students and their families.
4. The school psychologist understands how personal biases may impact decision making, instruction and influence student progress.
5. The school psychologist knows research-based practices related to assessment and the interpretation of results that reduce various bias.
6. The school psychologist recognizes best practices in assessments with culturally and/or linguistically diverse students.

Performance

1. The school psychologist assists in the development of instructional programs and activities for a diverse student population.
2. The school psychologist assists schools and families in the modification and/or accommodation of instructional practices and materials sensitive to diverse student backgrounds and needs.
3. The school psychologist seeks opportunities to interact with students and families to learn about their strengths, needs and diverse backgrounds.
4. The school psychologist uses appropriate assessment procedures and/or intervention strategies to meet the unique needs of each individual student.

Standard 7: Information and Instructional Technology - The school psychologist understands information sources, instructional resources, and technology relevant to professional practice and services for students.

Knowledge

1. The school psychologist knows how to access a variety of information sources (e.g., Internet and professional journals).
 -
2. The school psychologist knows how to use new technologies to enhance student services.
 -

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The school psychologist possesses current knowledge of instructional resources for students (e.g., instructional software and assistive technology).

•

• **Performance**

1. The school psychologist uses appropriate technologies to facilitate professional performance.

•

2. The school psychologist uses technologies to facilitate student performance.

•

3. The school psychologist makes use of technology (e.g., Internet and e-mail) to access information, current research, and professional development opportunities.

•

4. The school psychologist evaluates the validity of information and resources.

•

• ***Standard 8: School and Systems Organization, Policy Development, and Climate - The school psychologist understands the unique organization and culture of schools and related systems.***

•

• **Knowledge**

1. The school psychologist understands the organization of schools and systems.

•

2. The school psychologist understands principles of organizational development and systems theory as it relates to their practice.

•

3. The school psychologist knows how to implement and evaluate programs that promote safe and violence-free schools and communities.

•

4. The school psychologist understands leadership roles in the development and implementation of systems change.

•

5. The school psychologist understands funding mechanisms available to schools and communities that support physical, educational, and mental health services.

•

6. The school psychologist knows how to access resources available to address behavioral, learning, mental, and physical needs.

•

• **Performance**

1. The school psychologist applies principles of organizational development and systems theory to promote learning and to create climates of mutual respect, care, and support for all individuals in the system.

•

2. The school psychologist participates in the implementation and evaluation of programs that promote safe and violence-free schools community

•

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. The school psychologist contributes to the development of school policies, agency, and community procedures that promote effective programs and services for students and families.
-
4. The school psychologist facilitates decision making and collaboration that fosters a commitment to effective services for students and families.
-
5. The school psychologist accesses available resources to address behavioral, learning, mental, and physical needs.
-

Standard 9: Prevention, Crisis Intervention, and Mental Health - The school psychologist understands human development and psychopathology biological, cultural, and social influences on human behavior.

Knowledge

1. The school psychologist knows current theory, research and best practice concerning child and adolescent development; psychopathology; biological, cultural, and social influences on behavior; societal stresses; drug and alcohol influences; crises in schools, families, and communities.
-
2. The school psychologist has knowledge of antecedents and consequences that influence students' learning and behavior problems.
3. The school psychologist understands strategies to address students' learning and behavior problems.
4. The school psychologist knows various prevention programs and crisis intervention procedures.
5. The school psychologist understands diverse health issues (e.g., nutrition, eating disorders, teen pregnancy, AIDS, drug and alcohol abuse, smoking, and stress-related disorders).

Performance

1. The school psychologist develops, implements, and evaluates prevention programs based on recognition of the antecedents to students' learning and behavior problems.
2. The school psychologist participates in crisis prevention, intervention, and response and collaborating with students, school personnel, families and the community.
3. The school psychologist participates in and promotes physical and mental health programs for children in schools and related agencies.
4. The school psychologist facilitates environmental and/or educational changes that support the physical and mental health of students.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

5. The school psychologist accesses available resources to address a wide variety of behavioral, learning, mental, and physical needs.

Standard 10: Home/School/Community Collaboration - The school psychologist understands how to work effectively with students, families, educators, and others in the community to promote and provide comprehensive educational services.

Knowledge

1. The school psychologist knows how family systems influence students' cognitive, affective and social development, and academic performance.
2. The school psychologist understands the importance of family involvement in education.
3. The school psychologist knows methods to promote collaboration between parents and educators that improve student performance.
4. The school psychologist understands diversity issues that affect home/school collaboration.
5. The school psychologist knows how family, home, peer, and community factors affect learning and achievement in school.
6. The school psychologist knows the local community services available to support students and their families.

Performance

1. The school psychologist applies knowledge of the influence of family systems on education to maximize student performance.
2. The school psychologist facilitates and supports parent participation in educational decision-making activities (e.g., team meetings, schoolwide committees, and school improvement teams).
3. The school psychologist facilitates home-to-school communication, including assisting students and families in accessing community and school-based services.
4. The school psychologist uses knowledge of diversity and resources to enhance collaboration between and schools.

Standard 11: Research and Program Evaluation - The school psychologist understands research, statistics, and evaluation methods.

Knowledge

1. The school psychologist knows the basic principles of research design and statistics used in psychological and educational research.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. The school psychologist possesses sufficient knowledge of research and statistics to interpret and evaluate published research and/or plan and conduct research.
3. The school psychologist knows appropriate program evaluation strategies and techniques.
4. The school psychologist understands psychometric principles that influence test selection and assessment methods.
5. The school psychologist knows the strengths and weaknesses of various research methods, designs and their impact on the interpretation of findings.

Performance

1. The school psychologist applies knowledge of the principles of research design.
2. The school psychologist uses an understanding of research methodology and design to evaluate the validity and relevance of others' research.
3. The school psychologist uses appropriate strategies when evaluating programs and interventions.
4. The school psychologist applies psychometric standards and principles in selecting and using assessment tools and published tests.
5. The school psychologist maintains, accesses, and applies a current professional knowledge base of research findings, professional literature, and best practices relevant to the job.

- **Idaho Standards for School Social Workers**

The following knowledge and performance statements for the School Social Worker Standards are widely recognized, but not all-encompassing or absolute, indicators that School Social Worker candidates have met the standards. It is the responsibility of a School Social Work preparation program to use indicators in a manner that is consistent with its conceptual framework and that assures attainment of the standards.

An important component of the School Social Work profession is a candidate's disposition. Professional dispositions are how School Social Work candidates views their profession, their content area, and/or students and their health and learning. Every School Social Work preparation program at each institution is responsible for establishing and promoting a comprehensive set of guidelines for School Social Worker candidate dispositions.

**This language was written by a committee of content experts and has been adopted verbatim.*

7.

Standard 1 - Content: The competent school social worker understands the theories and skills needed to provide individual, group, and family counseling; crisis intervention; case management; advocacy; consultation; in-service and parent education; prevention programs; conflict resolution services; and community organization and development. The school social worker utilizes these theories and skills to enhance the environment of the local educational agency (LEA).

Knowledge- The competent school social worker:

1. Has attained a master's degree in social work with a specialization in school social work from a program accredited by the Council on Social Work Education (CSWE); OR meet the following criteria:
 - (1) has attained a master's degree in social work from a program accredited by (CSWE),
 - (2) has taken a school social work course and,
 - (3) has completed a social work practicum in a K-12 setting or has extensive experience working with children and families.
2. Understands methods of practice, including counseling, crisis intervention, case work, and individual, group, and family therapies.
3. Understands and develops skills in advocacy, case management, consultation, classroom groups, and community organization.
4. Understands theories of normal and exceptional development in early childhood, middle childhood, adolescence, and early adulthood and their application to all students.
5. Understands the effects of mental illness on students' ability to participate in learning.
6. Understands the person-in-environment context of social work.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

7. Understands the effects of biological, family, social, health, and cultural factors on human development and social functioning.
8. Understands characteristics and implications for education of children with academic, and/or social/emotional challenges.
9. Understands systems theories as they relate to classrooms, schools, families, and community.
10. Understands methods of advocacy on behalf of individuals, families, and school systems.
11. Understands the application of social learning theories to identify and develop broad-based prevention and intervention programs.

Performance- The competent school social worker:

1. Uses empathy in interpersonal relationships.
2. Uses diverse interview techniques and written communication with all persons within the student's system.
3. Gathers and interprets appropriate information to document and assess environmental, emotional, cultural, socioeconomic, educational, biological, medical, psychosocial, and legal factors that affect children's learning.
4. Makes appropriate social work assessment of typical and atypical development of students based on level of state licensure i.e., Licensed Master Social Work (LMSW) or Licensed Clinical Social Worker (LCSW).
5. Selects and applies empirically-based methods of intervention to enhance students' educational experience.
6. Demonstrates effective leadership of and participation in interdisciplinary teams.

Standard 2 - Service Delivery: The competent school social worker utilizes a variety of intervention strategies that support and enhance students' educational and emotional development.

Knowledge- The competent school social worker:

1. Understands empirically-based methods of individual, group, family, and crisis counseling.
2. Understands empirically-based methods of social work service delivery.
3. Understands and develops skills in advocacy, case management, community organization, consultation and in-service training.
4. Understands the application of social learning theories to identify and develop broad-based prevention and interventions, including "Response to Intervention." (RTI)

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

5. Understands the interdisciplinary approach to service delivery within the educational environment.
6. Understands how to integrate content knowledge for service delivery.
7. Understands the role of mandated reporters and the function of the State’s child welfare agency and law enforcement interaction.

Performance– The competent school social worker:

1. Develops and implements empirically-based prevention and intervention plans that enable the child to “respond to intervention” (RTI).
2. Provides individual, group, and/or family counseling and other services to enhance success in the educational process.
3. Provides crisis intervention counseling and other services to the school community.
4. Provides consultation to teachers, administrators, parents, and community agencies.
5. Develops and provides training and educational programs in the school and community.
6. Conducts social work assessments and participates in eligibility conferences for special education and other programmatic options, students’ educational planning conferences, and conferences with parents.¹
7. Initiates referrals and linkages to community agencies and maintains follow-up services on behalf of identified students.
8. Mobilizes the resources of the school and community to meet the needs of children and their families.

¹ School social workers started as and remain an integral link between school, home, and community. Those who choose this particular field of social work provide direct services, as well as specialized services such as mental health intervention, crisis management and intervention, and facilitating community involvement in the schools. Working as an interdisciplinary team member, school social workers not only continue to provide services to school children and their families, but also continue to evaluate their role and consequently modify it to meet organizational or contextual needs and changes in policies and practice.

Social work assessment is an ongoing process of data collection aimed at identifying client strengths and problems. Specifically, assessment guides treatment planning, as well as informs intervention selection and monitoring as it relates to the social-emotional development of students in the educational system.(Mizrahi, T., Davis, L. E., & Henderson, D. M. (Eds.). (2009). *Encyclopedia of social work* (20th Ed.) Silver Springs, MD: National Association of Social Workers and Oxford University Press, Inc.)

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

9. Reports suspected child abuse and neglect to the State's child welfare agency and/or law enforcement.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Standard 3 – Planning: The competent school social worker designs services based upon knowledge of the educational setting, as well as information about the students, families, and community.

Knowledge - The competent school social worker:

1. Understands learning theory and normal and exceptional development as it applies to the content and curriculum of educational planning and intervention.
2. Understands the process of needs assessment, referral, and resource development.
3. Understands how to develop long- and short-term empirically-based intervention plans consistent with curriculum and students' diversity and strengths, life experiences, and social/emotional factors.
4. Understands environmental factors when planning interventions to create an effective bridge between students' experiences and goals.
5. Understands how to integrate and use technology for assessments, interventions, and information management.

Performance - The competent school social worker:

1. Assists in establishing expectations for student learning consistent with students' strengths and educational systems' goals.
2. Conducts needs assessments to plan for service delivery.
3. Assists students in creating long- and short-term plans to meet expectations for learning.
4. Creates and adapts from empirically-based learning opportunities and materials to provide effective interventions.
5. Plans interventions that integrate students' life experiences and future career goals.
6. Maintains relevant data to assist in planning, management and evaluation of school social work.
7. Collects, analyzes and interprets data to evaluate and modify interventions when necessary.
8. Supports approaches to learning that address individual student needs.
9. Integrates and uses technology for assessments, interventions, and information management.

Standard 4 - Assessment and Evaluation: The competent school social worker understands various formal and informal assessment and evaluation strategies and uses them to support the development of all students.

Knowledge - The competent school social worker:

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

1. Understands strength-based assessments and practices that support growth and development.
2. Understands various types of research, measurement theory, and concepts of validity, reliability, bias, scoring, and interpretation of results.
3. Understands multiple empirically-based assessment techniques, such as observation, structured/clinical interviews, and standardized assessments, and their purposes, characteristics, and limitations.
4. Understands how to conduct social work assessment of adaptive behavior, learning styles, self-esteem, social skills, attitudes, high-risk behavior (i.e. truancy, suicide, homicide, drug and alcohol, etc.), interests, and emotional/mental health.
5. Understands the use of assessment as a means to evaluate the student's social-emotional/mental functioning, including:
 - The child's physical, cognitive, and social-emotional development;
 - Family history and factors that influence the child's overall functioning;
 - The child's behavior and attitude in different settings;
 - Patterns of interpersonal relationships in all spheres of the child's environment;
 - Patterns of achievement and adjustment at critical points in the child's growth and development;
 - Adaptive behavior and cultural factors that may influence learning.
6. Understands the social-developmental history with its focus on the student's functioning within the educational environment.
7. Understands the relationship between assessment, eligibility, and placement decisions, including the development of Individualized Education Programs.
8. Understands parent/guardian and student rights (both legal and educational) regarding assessment and evaluation.
9. Is familiar with the diagnostic tools used by other professionals in the school.
10. Understands the use of empirically-based assessment and evaluation results to develop student interventions.

Performance- The competent school social worker:

1. Appropriately uses a variety of non-discriminatory formal and informal tools and techniques, including observation, interview and standardized instruments to evaluate the understanding, progress, and performance of students' social-emotional development in the school environment.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. Uses social work assessment results to identify student learning needs and to assist in aligning and modifying instruction and designing intervention strategies including “Response to Intervention” (RTI).
3. Uses empirically-based assessment and evaluation results to develop appropriate interventions, including recommendations for eligibility and placement.
4. Involves students in self-assessment activities to help them become aware of their strengths and needs and to establish goals.
5. Presents social work assessment results in an easily understandable manner.
6. Documents social work assessment and evaluation results.
7. Collaborates with parents/guardians and other professionals regarding the assessment process.
8. Ensures parents/guardians are informed of their rights and the rights of students regarding assessment.
9. Uses a variety of non-discriminatory formal and informal tools and techniques to help determine the efficacy of intervention and programs.

Standard 5 - Consultation and Collaborative Relationships: The competent school social worker develops consultative and collaborative relationships with colleagues, parents, and the community to support students’ learning and well being.

Knowledge- The competent school social worker:

1. Understands the principles, practices, and processes of individual and organizational consultation.
2. Understands the collaborative process with parents, school personnel, community-based organizations, and agencies to enhance the student’s educational functioning.
3. Understands the school’s role within the context of the larger community.
4. Understands the variations in beliefs, traditions, and values across cultures and their effect on interactions among group members.
5. Understands the importance of audience and purpose when selecting ways to communicate ideas.
6. Understands language development, communication techniques, and the role of communication in the learning environment.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

7. Understands that as members of interdisciplinary teams and coalitions, school social workers shall work collaboratively to mobilize the resources of local education agencies and communities to meet the needs of students and families
8. Understands the role of school personnel as mandated reporters of child abuse and neglect.

Performance - The competent school social worker:

1. Initiates, develops, and implements consultative relationships.
2. Models and promotes ethical practices for confidential communication.
3. Collaborates with colleagues, parents/guardians, and community personnel about students' needs.
4. Encourages relationships among colleagues to promote a positive learning environment.
5. Participates in collaborative decision-making and problem-solving to promote students' success.
6. Facilitates a collaborative relationship between general and special education systems to promote a unified system of education.
7. Models and promotes effective communication among group members or between groups.
8. Uses a variety of effective communication modes with diverse target groups.
9. Assist in the education of school personnel on mandated reporting of child abuse and neglect to the State's child welfare agency and/or law enforcement.
10. Makes mandated reports of child abuse and neglect as appropriate to the State's child welfare agency and/or law enforcement.

Standard 6 - Advocacy and Facilitation: The competent school social worker advocates and facilitates change that effectively responds to the needs of students, families, and school systems.

Knowledge - The competent school social worker:

1. Understands the role of advocacy and facilitation at all levels of the system that affect students and their families.
2. Is familiar with available resources for students and families within the school and community.
3. Understands when and how to make referrals for programs and services at the district, community, and State levels.
4. Understands the need to improve access to services and resources.

Performance- The competent school social worker:

1. Works to empower children, their families, educators, and others to gain access to and effectively use school and community resources.
2. Identifies areas of need and accesses or advocates for the creation of resources at the state and community level.
3. Makes referrals to community and school resources.
4. Advocates for students with other members of the educational community to enhance students' functioning in the learning environment.

Standard 7 - Learning Community: The competent school social worker encourages effective social interaction, active engagement in learning, and self-motivation to create a positive learning community.

Knowledge - The competent school social worker:

1. Understands principles of and strategies for effective behavior and social management within the school environment.
2. Understands how people's attitudes within the educational environment influence behavior of individuals.
3. Understands how to help students work cooperatively and productively.
4. Understands the importance of parents'/guardians' participation in fostering students' positive development.
5. Understands dispute resolution strategies.
6. Understands the goals and objectives of educational organizations.
7. Understands how to work with administrators and other school personnel to make changes within the school.
8. Understands how service learning and volunteerism promote the development of personal and social responsibility.

Performance - The competent school social worker:

1. Encourages the development of a learning community where students assume responsibility, participate in decision-making, and work independently as well as collaboratively in learning activities.
2. Analyzes school environments and works effectively to create/enhance a supportive and safe learning climate.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

3. Develops strategies to encourage motivation and engagement through mutual respect and cooperation.
4. Develops dispute resolution programs within the school environment.
5. Develops needs assessments and works as a change agent to address the identified gaps in services.
6. Collaborates with community agencies in school-linked service learning projects or other programs.
7. Promotes the effective utilization of school social work services.
8. Promotes understanding of factors that affect the school environment and facilitates systems improvement.
9. Designs, implements, and evaluates programs that enhance a student's social participation in school, family, and community.
10. Promotes active parental/guardian participation within the educational environment.
11. Collaborates with community agencies to increase access to services and resources.

Standard 8 – Diversity: The competent school social worker understands the broad range of backgrounds and experiences that shape students' approaches to learning and helps create opportunities adapted to diverse populations of learners.

Knowledge - The competent school social worker:

1. Understands how students' learning is influenced by culture, family, community values, individual experiences, talents, gender, sexual orientation, language, and prior learning.
2. Understands and identifies differences in approaches to learning and performance, including different learning styles, performance modes, and variations of perception.
3. Understands and respects the impact of cultural, racial, ethnic, socioeconomic, and gender diversity and sexual orientation in the educational environment.
4. Understands the issues of second language acquisition, the immigrant experience, and the need to develop strategies to support students and families.
5. Understands ways in which similar behaviors may have different meanings to people in different cultures.

Performance - The competent school social worker:

1. Facilitates a learning community in which individual differences are respected.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

2. Practices gender equity and avoid sex-role stereotyping.
3. Provides services that promote multi-cultural sensitivity.
4. Develops strategies to decrease negative effects of cultural barriers on education.
5. Utilizes students' diversity to enrich the educational experiences of all students.
6. Interprets information about students' families, cultures, and communities in assessments, interventions, and evaluations of student progress.
7. Utilizes appropriate social work assessment tools and empirically-based intervention strategies that reflect diverse student needs.
8. Designs empirically-based intervention strategies appropriate to student's culture, gender, sexual orientation, developmental stage, learning styles, strengths and needs.
9. Makes referrals for additional services or resources to assist students with diverse learning needs.

Standard 9 - Professional Conduct and Ethics: The competent school social worker understands education and social work as professions, maintains standards of professional conduct and ethics, and provides leadership to improve students' learning, safety, and well-being.

Knowledge - The competent school social worker:

1. Understands the current applicable professional codes of conduct and ethical practice guidelines.
2. Understands federal and state laws and regulations as they pertain to ethical school social work practice.
3. Understands the legal and ethical principles of confidentiality as they relate to the practice of school social work, (i.e. HIPPA, FERPA).
4. Understands the organization and operation of safe school systems.
5. Understands school policies and procedures as they relate to student learning, safety and well-being.
6. Understands legal issues in education, with special emphasis on: persons with disabilities, child welfare, mental health, confidentiality, and students' and families' rights.
7. Understands the importance of active participation and leadership in professional education and social work organizations.

Performance- The competent school social worker:

1. Follows the professional code of conduct and ethical practice guidelines referred to in Standard 9, Knowledge Indicator 1.
2. Maintains current knowledge of and abides by federal and State laws and regulations, with emphasis on persons with disabilities, child welfare, mental health, confidentiality, and students' and families' rights.
3. Participates in district activities such as policy design, curriculum design, staff development, and organizations involving parent/guardians and students.
4. Abides by current legal directives, school policies, and procedures.
5. Promotes the rights of all students in a safe environment.
6. Models and promotes ethical practices for confidential communication.

Standard 10 - Professional Development: The competent school social worker actively seeks opportunities to grow professionally.

Knowledge - The competent school social worker:

1. Understands the importance of taking responsibility for self-evaluation as a competent and ethical practitioner.
2. Understands the impact of personal strengths and needs on service delivery.
3. Understands methods of inquiry and frameworks for self-assessment and self-improvement.
4. Understands how to use supervision, consultation, collaboration, and continuing education to identify areas for on-going professional development.
5. Understands how to interpret and utilize research to evaluate and guide professional interventions and program development.

Performance- The competent school social worker:

1. Uses continuing education, professional development activities, research, professional literature, observations and experiences to enhance professional growth and to guide evaluation of professional practice.
2. Maintains an awareness of personal attitudes, perspectives, strengths, and needs as they relate to professional practice.
3. Uses self-assessment and performance evaluations to identify areas for professional growth.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

4. Actively seeks consultation to improve professional practice.
5. Maintains the limits and boundaries of the professional role of school social workers.
6. Participates in professional activities and organizations that promote and enhance school social work practice.

**STATE DEPARTMENT OF EDUCATION

Sections 33-1254, 33-1258, and 33-114, Idaho Code

BACKGROUND/DISCUSSION

08.02.02.016.03 IDAHO EDUCATOR CREDENTIAL Renewal Requirement – Comprehensive Literacy

This addition to rule is necessary to remedy an oversight regarding renewal requirements for certificate holders. The Idaho Comprehensive Literacy requirements were amended and moved from statute into Administrative Rule in 2011. While interim and initial certification requirements were addressed, no specific language was promulgated to require the Idaho Comprehensive Literacy Course for those renewing Idaho certificates.

08.02.02.021. ENDORSEMENTS

This rule clarification is necessary in order to clearly stipulate that the Idaho Standards for Initial Certification of Professional School Personnel are the specific standards by which Idaho institutions must align their educator preparation programs in order to gain approval for teacher certification.

08.02.02.022.01, .04, .06 ENDORSEMENTS A – D Agriculture Science and Technology (6-12), Bilingual Education (K-12), Business Technology Education (6-12). 08.02.02.023.04, .05, .06 ENDORSEMENTS E - L English as a New Language (ENL) (K-12), Family and Consumer Sciences (6-12), Foreign Language (6-12 or K-12). 08.02.02.024.01, .01, .14, .15 ENDORSEMENTS M - Z Marketing Technology Education (6-12), Technology Education (6-12), World Language (6-12 or K-12)

The Professional Standards Commission follows a Strategic Plan of annually reviewing twenty percent (20%) of the Idaho Standards for Initial Certification of Professional School Personnel. In spring 2012 the Core Teacher Standards, Bilingual/English as a New Language Teacher standards, Foreign Language Teacher standards and Professional Technical Education Teacher standards were reviewed by committees of content experts. The Professional Technical Education Standards review also included the following enhancement standards: Agriculture Science and Technology, Business Technology Education, Family and Consumer Sciences, Marketing Technology Education, and Technology Education. All standards and endorsements were revised to better align with national standards and best practices; then presented to the Professional Standards Commission for consideration. The Professional Standards Commission has recommended approval of all of the committee's proposed revisions including renaming the Foreign Language standards and endorsement to World Language.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

08.02.02.029.01 and .02 CONSULTING TEACHER ENDORSEMENT

This rule revision is in response to two primary areas of deficit within the existing Consulting teacher endorsements.

Consulting teachers are teacher leaders who facilitate the design and implementation of sustained, intensive, and job-embedded professional learning for other teachers based on identified student and teacher needs.

As Idaho continues to recognize the need for teacher leaders, it is necessary to standardize content competencies. Amendment to the rule promotes consistency and rigor to more closely align with current Idaho standards and national best practices.

Teachers in these positions can support and inform school leaders, creating a culture of success that can reverberate across their districts and beyond. Working with their colleagues, teacher leaders can implement strategies that improve student learning. Research shows that collective leadership has a stronger influence on student achievement than individual leadership. The proposed teacher leader standards seek to generate collective leadership by fostering professional discussion about best practices and advancing new roles for teachers to serve.

BOARD ACTION

I move to approve the proposed rule amendment to Idaho Administrative Code IDAPA 08.02.02.016, .021, .022, .023, .024, and .029, Rules Governing Uniformity as submitted.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

IDAPA 08.02.02...

016. IDAHO EDUCATOR CREDENTIAL.

The State Board of Education authorizes the State Department of Education to issue certificates and endorsements to those individuals meeting the specific requirements for each area provided herein. (Section 33-1201, Idaho Code)
(3-16-04)

01. Renewal Requirement - Mathematics In-Service Program. In order to recertify, the state approved mathematics instruction course titled “Mathematical Thinking for Instruction” shall be required. The “Mathematical Thinking for Instruction” course consists of three (3) credits (or forty-five (45) contact hours of in-service training). Teachers and administrators shall take one (1) of the three (3) courses developed that each teacher deems to be most closely aligned with their current assignment prior to September 1, 2014. Any teacher or administrator successfully completing said course shall be deemed to have met the requirement of Subsection 060.03.c. of this rule, regardless of whether such course is part of any official transcript. Successful completion of state approved mathematics instruction course shall be a one-time requirement for renewal of certification for those currently employed in an Idaho school district and shall be included within current requirements for continuing education for renewal. The following individuals listed in Subsection 016.01.a. through 016.01.e. shall successfully complete the “Mathematical Thinking for Instruction” course in order to recertify: (4-7-11)

- a. Each teacher holding an Early Childhood/Early Childhood Special Education Blended Certificate (Birth - Grade 3) who is employed in an elementary classroom (multi-subject classroom, K-8); (3-29-10)
- b. Each teacher holding a Standard Elementary Certificate (K-8); (3-29-10)
- c. Each teacher holding a Standard Secondary Certificate (6-12) teaching in a math content classroom (grade six (6) through grade twelve (12)) including Title I classrooms; (3-29-10)
- d. Each teacher holding a Standard Exceptional Child Certificate (K-12); and (3-29-10)
- e. Each school administrator holding an Administrator Certificate (Pre K-12). (3-29-10)

02. Out-of-State Applicants. Out-of-state applicants shall take the state approved mathematics instruction course titled “Mathematical Thinking for Instruction” as a certification requirement. The “Mathematical Thinking for Instruction” course consists of three (3) credits (or forty-five (45) contact hours of in-service training). (3-29-10)

03. Renewal Requirement – Comprehensive Literacy. Completion of the Idaho Comprehensive Literacy Course or passing the Idaho Comprehensive Literacy Assessment is required for renewal of an Idaho professional education credential for anyone who holds a Standard Elementary or Standard Exceptional Child Certificate, regardless of their employment status at the time of renewal. ()

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

021. ENDORSEMENTS.

Holders of a Secondary Certificate or a Standard Elementary Certificate, Exceptional Child Certificate, Standard Occupational Specialist Certificate, and Advanced Occupational Specialist Certificate may be granted endorsements in subject areas as provided herein. Idaho preparation programs shall prepare candidates for endorsements in accordance with the Idaho Standards for Initial Certification of Professional School Personnel. An official statement of competency in a teaching area or field is acceptable in lieu of courses for a teaching major or minor if such statements originate in the department or division of the accredited college or university in which the competency is established and are approved by the director of teacher education of the recommending college or university. To add an endorsement to an existing credential, an individual shall complete the credit hour requirements as provided herein and shall also meet or exceed the state qualifying score on appropriate, state approved content, pedagogy and performance assessments. When converting semester credit hours to quarter credit hours, two (2) semester credit hours is equal to three (3) quarter credit hours. ~~(3-29-12)~~ ()

022. ENDORSEMENTS A - D.

01. Agriculture Science and Technology (6-12). (3-16-04)

a. Forty-five (45) semester credit hours including standards based course work in each of the following areas: agriculture education; agriculture mechanics; agriculture business management; soil science; animal science; and plant science. ~~(3-16-04)~~ ()

b. Occupational teacher preparation that relates to the appropriate area(s) as provided in Sections 034 through 038. ~~(3-16-04)~~ ()

02. American Government /Political Science (6-12). Twenty (20) semester credit hours to include: a minimum of six (6) semester credit hours in American Government, six (6) semester credit hours in U.S. History Survey, and a minimum of three (3) semester credit hours in Comparative Government. Remaining course work must be selected from Political Science. Course work may include three (3) semester credit hours in World History Survey. (4-11-06)

03. Art (K-12 or 6-12). Twenty (20) semester credit hours leading toward competency as defined by Idaho Standards for Visual Arts Teachers in the area of Art to include a minimum of nine (9) semester credit hours in: Foundation Art and Design. Additional course work must include at least two (2) Studio Areas and Secondary Arts Methods. To obtain an Art (K-12) endorsement, applicants holding a Secondary Certificate must complete an elementary methods course. (4-7-11)

04. Bilingual Education (K-12). Twenty (20) to Forty-five (45) semester credit hours leading toward competency as defined by Idaho Standards for Bilingual Education Teachers to include all of the following: six (6) at least nine (9) upper division semester credits hours in one (1) Modern Languages other than English, including writing and literature, and advanced proficiency according to the American Council on the Teaching of Foreign Languages (ACTFL) guidelines; cultural diversity; three (3) semester credit hours in cross cultural or multi cultural course work; three (3) semester credit hours in ENL/Bilingual Methods; three (3) semester credit hours in Linguistics; three (3) semester credit hours in second language acquisition theory and practice; Foundations of ENL/Bilingual Education, Federal and State Law, Theory; Testing/identification of Limited English Proficient Students; one (1) at least two (2) semester credit hours in Bilingual Practicum; and one (1) three (3) semester credit hours in a Bilingual Field Experience Education related elective (ex: linguistics, critical pedagogy, parent involvement). ~~(3-30-07)~~ ()

05. Biological Science (6-12). Twenty (20) semester credit hours to include at least six (6) semester credit hours of course work in each of the following areas: Botany and Zoology. (3-16-04)

06. Business Technology Education (6-12).

a. Twenty (20) to Forty-five (45) semester credit hours to include standards based course work in each of the following areas: ~~Intermediate or Advanced Keyboarding; Accounting; and Business/Office Procedures~~

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

computer and technical applications in business; economics; methods of teaching business education; Professional-Technical Student Organization (PTSO) leadership; business communication/writing; and office procedures. Additional competencies may be satisfied through the following: entrepreneurship; finance; marketing; business law; and/or career guidance. (3-16-04)()

b. Occupational teacher preparation that relates to the appropriate area(s) as provided in Sections 034 through 038. (3-16-04)()

07. Chemistry (6-12). Twenty (20) semester credit hours in the area of Chemistry. (3-16-04)

08. Communication (6-12). Follow one (1) of the following options: (3-16-04)

a. Option I: Twenty (20) semester credit hours to include Methods of Teaching Speech/Communications plus course work in at least four (4) of the following areas: Interpersonal Communication/Human Relations; Argumentation/Personal Persuasion; Group Communications; Nonverbal Communication; Public Speaking; and Drama/Theater Arts. (3-16-04)

b. Option II: Possess an English endorsement plus at least twelve (12) semester credit hours distributed among the following: Interpersonal Communication/Human Relations, Public Speaking, and Methods of Teaching Speech/Communication. (3-16-04)

10. Drama (6-12). Twenty (20) semester credit hours leading toward competency as defined by Idaho Standards for Drama Teachers, including a minimum of sixteen (16) semester credit hours in Drama or Theater Arts, including course work in each of the following: Acting, Directing, and Technical Stage Production, and four (4) semester credit hours in Communications. To obtain a Drama (6-12) endorsement, applicants must complete a comprehensive methods course including the pedagogy of acting, directing and technical theatre. (4-7-11)

11. Driver Education (6-12). Two (2) semester credit hours in Basic Driver Education for Teachers and two (2) semester credit hours in any of the following: Advanced Driver Education; Driver Simulation Education; Traffic Engineering; General Safety Education; or Highway Transportation. Additionally, an individual must have three (3) years of satisfactory driving experience immediately prior to endorsement as verified by the Motor Vehicle Division of the State Department of Transportation. (3-16-04)

023. ENDORSEMENTS E - L.

01. Earth Science (6-12). Twenty (20) semester credit hours including course work in each of the following: Earth Science, Astronomy, and Geology. (4-11-06)

02. Economics (6-12). Twenty (20) semester credit hours to include a minimum of three (3) semester credit hours of micro-economics, a minimum of three (3) semester credit hours of macro-economics, and a minimum of six (6) semester credit hours of Personal Finance/Consumer Economics/Economics Methods. Remaining course work may be selected from economics and finance course work in one (1) or more of the following areas: Agriculture Science and Technology, Business Education, Economics, Family and Consumer Science, or Marketing Education. (4-11-06)

03. English (6-12). Twenty (20) semester credit hours, including three (3) semester credit hours in Linguistics/Grammar, three (3) semester credit hours in American Literature, three (3) semester credit hours in English Literature, six (6) semester credit hours in Advanced Composition, excluding the introductory sequence designed to meet general education requirements. Remaining credits must be completed in the English Department, and must include some course work in Writing Methods for Teachers of Secondary Students. (3-16-04)

04. English as a New Language (ENL) (K-12). Twenty (20) to Forty-five (45) semester credit hours leading toward competency as defined by Idaho Standards for ENL Teachers to include all of the following: at least four (4) semester credit hours in a modern languages other than English; ~~three (3) semester credit hours in Cultural Diversity; three (3) semester credit hours in ENL Methods; three (3) semester credits in Linguistics; three (3) semester credit hours in second language acquisition theory and practice; Foundations of ENL/Bilingual~~

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Education, Federal and State Law, ~~Theory~~, Testing/Identification of Limited English Proficient Students; and at least one (1) semester credit in ENL Practicum. or Field Experience; ~~and three (3) semester credit hours in an ENL related elective.~~ (3-30-07) ()

05. Family and Consumer Sciences (6-12) (3-16-04) ()

a. Thirty (30) to Forty-five (45) semester credit hours to include standards based coursework in each of the following areas: Child/Human Development; Human/Family Relations; Directed Laboratory Experience in Childcare; ~~Clothing~~ Apparel and Textiles, Cultural Dress, Fashion Merchandising, or Design; Nutrition; Food Preparation, Food Production, or Culinary Arts; Housing, Interior Design, Home Management, or Equipment; Consumer Economics or Family Resource Management; Introduction to Family Consumer Sciences; Professional-Technical Student Organization (PTSO) leadership; and, Integration of Family Consumer Sciences or Family Consumer Science Methods. (3-16-04) ()

b. Occupational ~~Teacher Preparation~~ that relates to the appropriate area(s) as provided in Sections 034 through 038. (3-16-04) ()

~~**06. Foreign Language (6-12 or K-12).** Twenty (20) semester credit hours in a specific foreign language including course work in two (2) or more of the following areas: Grammar, Conversation, Composition, Culture, and Literature; and course work in Foreign Language Methods. To obtain an endorsement in a specific foreign language (K-12), applicants holding a Secondary Certificate must complete an elementary methods course.~~ (4-11-06)

~~**07.6. Geography (6-12).** Twenty (20) semester credit hours including course work in Cultural Geography and Physical Geography, and a maximum of six (6) semester credit hours in World History Survey. Remaining semester credit hours must be selected from Geography.~~ (4-11-06)

~~**08.7. Geology (6-12).** Twenty (20) semester credit hours in the area of Geology.~~ (3-16-04)

~~**09.8. Gifted and Talented (K-12).** Twenty (20) semester credit hours, to include a minimum of three (3) semester credits hours in each of the following: Foundations of Gifted and Talented Education; Creative/Critical Thinking Skills for Gifted and Talented Students; Social and Emotional Needs of Gifted and Talented Students; Curriculum and Instruction for Gifted and Talented Students; and Practicum and Program Design for Gifted and Talented Education. Remaining course work must be in the area of gifted education.~~ (5-8-09)

~~**10.9. Health (6-12 or K-12).** Twenty (20) semester credit hours to include course work in Organization/Administration/Planning of a School Health Program; Health and Wellness; Secondary Methods of Teaching Health; Elementary methods of Teaching Health; Mental/Emotional Health; Nutrition; Human Sexuality; Substance Use and Abuse. Remaining semester credits must be in health-related course work.~~ (4-7-11)

~~**11.10. History (6-12).** Twenty (20) semester credit hours to include a minimum of six (6) semester credit hours of U.S. History Survey and a minimum of six (6) semester credit hours of World History Survey. Remaining course work must be in History. Course work may include three (3) semester credit hours in American Government.~~ (4-11-06)

~~**12.11. Humanities (6-12).** An endorsement in English, History, Music, Visual Art, Drama, or Foreign Language and twenty (20) semester credit hours in one of the following areas or ten (10) semester credit hours in each of two (2) of the following areas: Literature, Music, Foreign Language, Humanities Survey, History, Visual Art, Philosophy, Drama, Comparative World Religion, Architecture, and Dance.~~ (4-11-06)

~~**13.12. Journalism (6-12).** Follow one (1) of the following options:~~ (3-16-04)

a. Option I: Twenty (20) semester credit hours to include a minimum of sixteen (16) semester credit hours in Journalism and four (4) semester credit hours in English. (3-16-04)

b. Option II: Possess an English endorsement with a minimum of six (6) semester credit hours in

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Journalism. (3-16-04)

14.13. Library Media Specialist (K-12). Twenty (20) semester credit hours in the field of Education Media or Library Science, including a minimum of: (5-8-09)

- a. Collection Development/Materials Selection; (5-8-09)
- b. Literature for Youth or Children; (5-8-09)
- c. Organization of Information (Cataloging and Classification); (5-8-09)
- d. School Library Administration/Management; and (5-8-09)
- e. Library Information Technologies and Information Literacy. (5-8-09)

15.14. Literacy (K-12). Twenty (20) semester credit hours in the area of Literacy including a minimum of three (3) semester credit hours in each of the following areas: Foundations of Reading or Developmental Reading; Reading in the Content Area; Literature for Youth; Psycholinguistics or Language Development; Corrective/Diagnostic/Remedial Reading; and Teaching Writing. To obtain a Literacy endorsement, applicants must complete the Idaho Comprehensive Literacy Course or the Idaho Comprehensive Literacy Assessment. Remaining credits must be taken in the area of teaching literacy. (5-8-09)

024. ENDORSEMENTS M - Z.

01. Marketing Technology Education (6-12). (3-16-04)

a. Twenty (20) to Forty-five (45) semester credit hours to include standards based course work in each of the following areas: Marketing; Management; Economics; Coordination of Cooperative Programs; Merchandising/Retailing; Methods of Teaching Marketing Education; and Professional-Technical Student Organization (PTSO) Leadership, ~~and Curriculum and Materials Marketing,~~ with remaining credit hours in Entrepreneurship; Hospitality and Tourism; Finance; or Accounting. (3-16-04) ()

b. Occupational teacher preparation that relates to the appropriate area(s) as provided in Sections 034 through 038. (3-16-04) _____

02. Mathematics - Basic (6-12). Twenty (20) semester credit hours in Mathematics including course work in Algebra, Geometry, and Trigonometry. Six (6) semester credit hours of computer programming may be substituted for six (6) semester credits in Mathematics. (3-16-04)

03. Mathematics (6-12). Twenty (20) semester credit hours including course work in each of the following areas: Geometry, Linear Algebra, Discrete Mathematics, Probability and Statistics, and a minimum of three (3) semester credit hours of Calculus. Statistics course work may be taken from a department other than the mathematics department. (4-11-06)

04. Music (6-12 or K-12). Twenty (20) semester credit hours leading toward competency as defined by Idaho Standards for Music Teachers to include course work in the following: Theory and Harmony; Aural Skills, Music History; Conducting; Applied Music; and Piano Proficiency (Class Piano or Applied Piano), and Secondary Music Methods/Materials. To obtain a Music K-12 endorsement, applicants must complete an elementary music methods course. (4-7-11)

05. Natural Science (6-12). Follow one (1) of the following options: (4-7-11)

a. Option I: Must hold an existing endorsement in one of the following areas: Biological Science, Chemistry, Earth Science, Geology, or Physics; and complete a total of twenty-four (24) semester credit hours as follows: (4-7-11)

i. Existing Biological Science Endorsement. Minimum of eight (8) semester credit hours in each of

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

the following areas: Physics, Chemistry, and Earth Science or Geology. (4-7-11)

ii. Existing Physics Endorsement. Minimum of eight (8) semester credit hours in each of the following areas: Biology, Chemistry, and Earth Science or Geology. (4-7-11)

iii. Existing Chemistry Endorsement. Minimum of eight (8) semester credit hours in each of the following areas: Biology, Physics, and Earth Science or Geology. (4-7-11)

iv. Existing Earth Science or Geology Endorsement. Minimum of eight (8) semester credit hours in each of the following areas: Biology, Physics, and Chemistry. (4-7-11)

b. Option II: Must hold an existing endorsement in Agriculture Science and Technology; and complete twenty (20) semester credit hours with at least four (4) semester credit hours in each of the following areas: Biology, Chemistry, Earth Science or Geology, and Physics. (4-7-11)

06. Physics (6-12). Twenty (20) semester credit hours in the area of Physics. (3-16-04)

07. Physical Education (PE) (6-12 or K-12). Twenty (20) semester credit hours to include course work in each of the following areas: Sport, Movement, and Outdoor Skills; Elementary PE Methods; Secondary PE Methods; Student Evaluation in PE; Administration of a PE Program; Safety and Prevention of Injuries; Fitness and Wellness; PE for Special Populations; Exercise Physiology; Kinesiology/Biomechanics; Sports Psychology or Sociology; Motor Behavior; and Current CPR and First Aid Certification. (3-30-07)

08. Physical Education/Health. Must have an endorsement in both physical education and health. (3-30-07)

09. Physical Science (6-12). Twenty (20) semester credit hours in the area of physical science to include a minimum of eight (8) semester credit hours in each of the following: Chemistry and Physics. (3-16-04)

10. Psychology. Twenty (20) semester credit hours in the area of Psychology. (3-16-04)

11. Social Studies (6-12). Must have an endorsement in History, American Government/Political Science, Economics, or Geography plus a minimum of twelve (12) semester credit hours in each of the remaining core endorsements areas: History, Geography, Economics, and American Government/Political Science. (3-29-10)

12. Sociology (6-12). Twenty (20) semester credit hours in the area of Sociology. (3-16-04)

13. Sociology/Anthropology (6-12). Twenty (20) semester credit hours including a minimum of six (6) semester credit hours in each of the following: Anthropology and Sociology. (3-16-04)

14. Technology Education (6-12). (3-16-04)

a. Twenty (20) to Forty-five (45) semester credit hours to include standards based course work in each of the following areas: Communication Technology; Computer Applications; Construction Technology; Electronics Technology; Manufacturing Technology; Power, Energy and Transportation and other relevant emerging technologies; and Principles of ~~Technology~~ Engineering Design. (~~3-16-04~~) (____)

b. Occupational teacher preparation that relates to the appropriate area(s) as provided in Sections 034 through 038. (~~3-16-04~~) (____)

15. World Language (6-12 or K-12). Twenty (20) to Forty-five (45) semester credit hours to include a minimum of 12 upper division credits in a specific world language taken within the last 10 years leading to a proficiency level as defined by a state-approved exam (for example, a passing grade on the Praxis or an Advanced level as defined by the American Council on the Teaching of Foreign Languages (ACTFL)). Standards based

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

course work must include two (2) or more of the following areas: Grammar, Conversation, Composition, Culture, and Literature; and course work in Foreign Language Methods. To obtain an endorsement in a specific foreign language (K-12), applicants holding a Secondary Certificate must complete an elementary methods course. (____)

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

029. CONSULTING TEACHER/TEACHER LEADER ENDORSEMENT.

Consulting teachers provide technical assistance to teachers and other staff in the school district with regard to the selection and implementation of appropriate teaching materials, instructional strategies, and procedures to improve the educational outcomes for students. *They may also provide direct intervention for students with significant needs.* Candidates who hold this endorsement are teacher leaders who will facilitate the design and implementation of sustained, intensive, and job-embedded professional learning based on identified student and teacher needs. This endorsement is valid for five years and is renewable based upon successful completion and verification of an additional four (4) semester credits beyond those required for standard certification renewal. The additional credits shall be taken for university or college credit consistent with the Individual Professional Learning Plan (IPLP). (3-29-10)()

01. Special Education Consulting Teacher - Eligibility for Endorsement. To be eligible for a Special Education Consulting Teacher endorsement on the Standard Exceptional Child Certificate, the Early Childhood /Early Childhood Special Education Blended Certificate (Birth-Grade 3), the Standard Elementary Certificate or the Standard Secondary Teaching Certificate, a candidate must have satisfied the following requirements: (3-29-10)

a. Education Requirements. Qualify for or hold a Standard Exceptional Child Certificate and qualify for or hold a Standard Elementary Certificate, Standard Secondary Certificate, or Early Childhood/Early Childhood Special Education Blended Certificate (Birth-Grade 3). ~~Plus completion, in an accredited college or university, of~~ and hold a master's degree or an approved fifth year program as defined by the Idaho State Board of Education, and have demonstrated content competencies in the following areas: ()

- i. Assessment of learning behaviors; ()
- ii. Individualization of instructional programs based on educational diagnosis; ()
- iii. Behavioral and/or classroom management techniques; ()
- iv. Program implementation and supervision; ()
- v. Knowledge in use of current methods, materials and resources available and management and operation of media centers; ()
- vi. Ability in identifying and utilizing community or agency resources and support services; and ()
- vii. Counseling skills and guidance of professional staff. (4-11-06)()

b. Experience. Completion of a minimum of three (3) years' teaching experience, at least two (2) years of which must be in a special education classroom setting. (3-16-04)

c. Letter of Recommendation. ~~Provide a letter of recommendation from the superintendent of a school district that provides verification of demonstrated competencies in the following areas: assessment of learning behaviors; individualization of instructional programs based on educational diagnosis; behavioral and/or classroom management techniques; program implementation and supervision; knowledge in use of current methods, materials and resources available and management and operation of media centers; ability in identifying and utilizing community or agency resources and support services; and counseling skills and guidance of professional personnel and three (3) years of successful experience as a special education teacher working with classroom teachers in elementary or secondary schools; and Provides verification of completion of a state-approved program of at least twenty (20) semester credit hours of study at an accredited college or university or a state-approved equivalent. Program shall include:~~ (4-11-06)()

- i. Ninety (90) contact hours to include a combination of face-to-face and field-based professional development activities; and ()

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

ii. The development and presentation of a culminating portfolio that provides evidence that knowledge gained and skills acquired are aligned with Idaho Teacher Leader Standards as follows: ()

(1) Understanding Adults As Learners to Support Professional Learning Communities: ()

(2) Accessing and Using Research to Improve Practice and Student Achievement: ()

(3) Promoting Professional Learning for Continuous Improvement: ()

(4) Facilitating Improvements in Instruction and Student Learning: ()

(5) Using Assessments and Data for School and District Improvement: ()

(6) Improving Outreach and Collaboration with Families and Community; and ()

(7) Advocating for Student Learning and the Profession. ()

d. ~~Three (3) years~~ Not less than one (1) semester of successful experience as a special education teacher working with classroom teachers in elementary or secondary schools. (4-11-06)

02. Mathematics Consulting Teacher - Eligibility for Endorsement. To be eligible for a Mathematics Consulting Teacher endorsement on the Standard Elementary Certificate, Standard Secondary Certificate, Standard Exceptional Child Certificate, or Early Childhood/Early Childhood Special Education Blended Certificate (Birth-Grade 3), a candidate must have satisfied the following requirements: (3-29-10)

a. Education Requirements. Qualify for or hold a Standard Elementary Certificate, Standard Secondary Certificate, Standard Exceptional Child Certificate, or Early Childhood/Early Childhood Special Education Blended Certificate (Birth-Grade 3) and have demonstrated content competencies *in the following areas through a minimum of twenty (20) semester credit hours of coursework.* Coursework and content domains required include the full series of Mathematics Thinking for Instruction (MTI), Number and Operation, Geometry, Algebraic Reasoning, Measurement and Data Analysis, and Statistics and Probability which are centered on the following emphases: (3-29-10)()

~~bi. The competencies are centered on four emphases: Big Ideas in Mathematics; Structural Components of Mathematics ()~~

ii. Proof and Argumentation; Modeling, Justification, Proof and Generalization. ()

iii. Mathematics Knowledge for Teaching; Mathematical Knowledge for Teaching (Ball, Thames, & Phelps, 2008) and Rich Tasks. Coursework required includes the full series of Mathematics Thinking for Instruction (MTI), Geometry & Measurement, Algebraic Reasoning, and Data Analysis & Probability. (3-29-10)()

eb. Experience. Completion of a minimum of three (3) years' teaching experience. (3-29-10)

~~**dc.** Assessment of Performance. Prior to being granted the Mathematics Consulting Teacher endorsement, candidates must have proof of successful performance through teacher portfolios. These portfolios will include both quantitative and qualitative measurements such as pre and post interviews, teacher knowledge inventories, classroom video, lesson plans, and student work samples. Provides verification of completion of a state-approved program of at least twenty (20) semester credit hours of study at an accredited college or university or a state-approved equivalent. Program shall include: (3-29-10)()~~

i. Ninety (90) contact hours to include a combination of face-to-face and field-based professional development activities; and ()

ii. The development and presentation of a culminating portfolio that provides evidence that

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

SUBJECT

Proposed Rule – IDAPA 08.02.02. Rules Governing Uniformity, subsection 120 - 121, Local District Evaluation Policies

REFERENCE

February 16, 2012 State Board Approval of ESEA Waiver

APPLICABLE STATUTE, RULE, OR POLICY

Idaho Administrative code, IDAPA 08.02.02 – Section 120,
Idaho Administrative code, IDAPA 08.02.02 – Section 121,

BACKGROUND/DISCUSSION

On February 21, 2012 the State Department of Education (SDE) submitted an ESEA waiver to gain relief from the mandates of No Child Left Behind. There were two application periods for waivers: November 2011 and February 2012. Idaho chose to apply in the second round so that the SDE was able to gather additional feedback from stakeholders.

SDE conducted extensive outreach. Once the draft application was completed, SDE met with stakeholders in person and through webinars to explain the waiver proposal. Along with the Institutional Research and Student Affairs Committee (IRSA), SDE presented its ideas to the Board's Accountability Committee for feedback and took public comment via its website.

Principle 3 of the waiver clearly outlined required elements of teacher and principal evaluation models. As a result, Idaho needs to make adjustments to the state's teacher evaluation model and adopt a principal evaluation model for the state. The excerpt below is from the cover page that accompanied the waiver which was presented and approved at the State Board Meeting on February 16, 2012:

Supporting Effective Instruction and Leadership:

Idaho developed a statewide framework for teacher evaluation. Schools also receive financial rewards for effective instruction as measured by student achievement. The State Department is currently creating a statewide framework for principal evaluation which should be completed by May 2012. The state will use their frameworks to then make necessary changes with teacher and administrator preparation programs.

The Administrator Evaluation Focus Group and the Evaluation Capacity Task Force, both of which are referenced throughout the ESEA Waiver, recommend the following rule changes for increased rigor and utility of teacher evaluations, as well as a new section specific to administrator evaluation.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

IMPACT

If the State Board of Education does not approve the changes, Idaho will be out of compliance with the requirements of the US Department of Education's ESEA Waiver application. If the waiver is not approved, Idaho schools will continue to be held accountable under the NCLB mandates rather than the new system of accountability approved by the State Board on February 16, 2012.

STAFF COMMENTS AND RECOMMENDATIONS

This section will be completed by Board staff.

BOARD ACTION

I move to approve the proposed changes to IDAPA 08.02.02, Rules Governing Uniformity, amending Subsection 120 and adding subsection 121 as submitted.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

**120. LOCAL DISTRICT EVALUATION POLICY – TEACHER AND PUPIL PERSONNEL
CERTIFICATE HOLDERS.**

Each school district board of trustees will develop and adopt policies for teacher performance evaluation using multiple measures in which criteria and procedures for the evaluation of certificated personnel are research based and aligned to Charlotte Danielson’s Framework for Teaching Second Edition domains and components of instruction. The process of developing criteria and procedures for certificated personnel evaluation will allow opportunities for input from those affected by the evaluation; i.e., trustees, administrators and teachers. The evaluation policy will be a matter of public record and communicated to the certificated personnel for whom it is written. (3-29-10)(_____)

01. Standards. Each district evaluation model shall be aligned to state minimum standards that are based on Charlotte Danielson’s Framework for Teaching Second Edition domains and components of instruction. Those domains and components include: (3-29-10)

- a. Domain 1 - Planning and Preparation: (3-29-10)
 - i. Demonstrating Knowledge of Content and Pedagogy; (3-29-10)
 - ii. Demonstrating Knowledge of Students; (3-29-10)
 - iii. Setting Instructional Goals-Outcomes; (3-29-12)(_____)
 - iv. Demonstrating Knowledge of Resources; (3-29-10)
 - v. Designing Coherent Instruction; and (3-29-10)
 - vi. Designing Student Assessments. (3-29-12)
- b. Domain 2 - The Classroom Environment: (3-29-12)
 - i. Creating an Environment of Respect and Rapport; (3-29-10)
 - ii. Establishing a Culture for Learning; (3-29-10)
 - iii. Managing Classroom Procedures; (3-29-10)
 - iv. Managing Student Behavior; and (3-29-10)
 - v. Organizing Physical Space. (3-29-10)
- c. Domain 3 - Instruction and Use of Assessment: (3-29-10)
 - i. Communicating with Students; (3-29-12)
 - ii. Using Questioning and Discussion Techniques; (3-29-10)
 - iii. Engaging Students in Learning; (3-29-10)
 - iv. Using Assessment in Instruction; and (3-29-12)
 - v. Demonstrating Flexibility and Responsiveness. (3-29-12)
- d. Domain 4 - Professional Responsibilities: (3-29-10)

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

- i. Reflecting on Teaching; (3-29-10)
- ii. Maintaining Accurate Records; (3-29-10)
- iii. Communicating with Families; (3-29-10)
- iv. Participating in a Professional Community; (3-29-12)
- v. Growing and Developing Professionally; and (3-29-10)
- vi. Showing Professionalism. (3-29-10)

02. Parent Input. Input from the parents and/or guardians of students shall be considered as a factor in the evaluation of any school-based certificated employees. For such certificated employees on a Category A, B or grandfathered renewable contract, this input shall be part of the first portion of the evaluation (as stipulated in 33-514(4), Idaho Code,) that must be completed before ~~February~~ March 1 of each year (Section 33-513 and 33-514, Idaho Code). (~~3-29-12~~)

03. Student Achievement. For evaluations conducted on or after July 1, 2012, all certificated employees must receive an evaluation in which at least fifty percent (50%) of the evaluation results are based on objective measures of growth in student achievement as determined by the board of trustees and based upon research. This student achievement portion of the evaluation shall be completed by the end of the school year ~~in which the evaluation takes place~~ (Section 33-513 and 33-514, Idaho Code), and must include growth in student achievement as measured by the Idaho Student Achievement Test (ISAT). (~~3-29-12~~)

04. Participants. Each district evaluation policy will include provisions for evaluating all certificated employees identified in Section 33-1001, Idaho Code, Subsection 16, ~~and each school nurse and librarian~~. Evaluations shall be differentiated for pupil personnel certificate holders in a way that aligns with the Framework for Teaching. Policies for evaluating certificated employees ~~should~~ shall identify the differences, if any, in the conduct of evaluations for certificated employees on a Category A, B or grandfathered renewable contract ~~nonrenewable contract personnel and renewable contract personnel~~. (~~3-29-12~~)

05. Evaluation Policy - Content. Local school district policies will include, at a minimum, the following information: (4-1-97)

a. Purpose -- statements that identify the purpose or purposes for which the evaluation is being conducted; e.g., individual instructional improvement, personnel decisions. (4-1-97)

b. Evaluation criteria -- statements of the general criteria upon which certificated personnel will be evaluated. (4-1-97)

c. Evaluator -- identification of the individuals responsible for appraising or evaluating certificated personnel performance. The individuals assigned this responsibility ~~should~~ shall have received training in evaluation and after September 1, 2014, shall have proof of proficiency in evaluating teacher performance. (~~4-1-97~~)

d. Sources of data -- description of the sources of data used in conducting certificated personnel evaluations. For classroom teaching personnel, classroom observation ~~should~~ shall be included as one (1) source of data. (~~4-1-97~~)

e. Procedure -- description of the procedure used in the conduct of certificated personnel evaluations. (4-1-97)

f. Communication of results -- the method by which certificated personnel are informed of the results of evaluation. (4-1-97)

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

g. Personnel actions -- the action, if any, available to the school district as a result of the evaluation and the procedures for implementing these actions; e.g., job status change. Note: in the event the action taken as a result of evaluation is to not renew an individual's contract or to renew an individual's contract at a reduced rate, school districts should take proper steps to follow the procedures outlined in Sections 33-513 through 33-515, Idaho Code in order to assure the due process rights of all personnel. (4-1-97)

h. Appeal -- the procedure available to the individual for appeal or rebuttal when disagreement exists regarding the results of certificated personnel evaluations. (4-1-97)

i. Remediation -- the procedure available to provide remediation in those instances where remediation is determined to be an appropriate course of action. (4-1-97)

j. Monitoring and evaluation. -- A description of the method used to monitor and evaluate the district's personnel evaluation system. (4-1-97)

k. Professional development and training -- a plan for ongoing training and professional learning based upon the district's evaluation standards for evaluators/administrators and teachers on the districts evaluation standards, tool and process. (3-29-10)

l. Funding -- a plan for funding ongoing training and professional development for administrators in evaluation. (3-29-10)

m. Collecting and using data -- a plan for collecting and using data gathered from the evaluation tool that will be used to inform professional development. Aggregate data shall be the basis for the district's Needs Assessment in determining district-wide professional development. Individual performance data shall be the foundation of an Individual Professional Learning Plan for all teachers. Individual Professional Learning Plans shall be used in the annual evaluation as a means of measuring professional growth. Districts shall implement the use of Professional Growth Plans no later than September 1, 2014. (3-29-10)

n. Individualizing teacher evaluation rating system -- A plan for how evaluations will be used to identify proficiency and record growth over time. No later than March 01, 2014, districts shall have established an individualized teacher evaluation rating system with a ranking of unsatisfactory being equal to "1", basic being equal to "2", proficient being equal to "3", and distinguished being equal to "4". Districts shall ensure that an Individualized Professional Learning Plan is created for each teacher based upon evaluation findings, and shall be used in subsequent years as the baseline measurement for professional development and growth define a process that identifies and assists teachers in need of improvement. (3-29-10)

o. A plan for including all stakeholders including, but not limited to, teachers, board members, and administrators in the development and ongoing review of their teacher evaluation plan. (3-29-10)

06. Evaluation Policy - Frequency of Evaluation. The evaluation policy shall include a provision for evaluating all certificated personnel on a fair and consistent basis. All contract personnel shall be evaluated at least once annually. An annual evaluation (Section 33-514 and 33-515) shall include, at a minimum, two (2) formative observations and/or evaluative discussions. (3-29-12)

07. Evaluation Policy - Personnel Records. Permanent records of each certificated personnel evaluation will be maintained in the employee's personnel file. All evaluation records will be kept confidential within the parameters identified in federal and state regulations regarding the right to privacy (Section 33-518, Idaho Code). (4-1-97)

08. Evaluation System Approval. Each school district board of trustees will develop and adopt policies for teacher and pupil personnel certificated performance evaluation in which criteria and procedures for the evaluation of are research based and aligned with the Framework for Teaching. Once developed, each district shall

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

submit the system of evaluation to the State Department of Education for approval prior to formal adoption. By January 1, 2014 an evaluation plan which incorporates all of the above elements shall be submitted to the State Department of Education for approval. Once approved, subsequent changes made in the evaluation system shall be resubmitted for approval. ()

121. LOCAL DISTRICT EVALUATION POLICY - ADMINISTRATIVE CERTIFICATE HOLDERS.

Each school district board of trustees will develop and adopt policies for administrator performance evaluation in which criteria and procedures for the evaluation of administratively certificated personnel are research based. The process of developing criteria and procedures for administrator evaluation will allow opportunities for input from those affected by the evaluation; i.e., trustees, administrators and teachers. The evaluation policy will be a matter of public record and communicated to the administrator for whom it is written. ()

01. Standards. Each district administrator evaluation model shall be aligned to state minimum standards, including proof of proficiency in conducting teacher evaluations using the state's adopted model, the Charlotte Danielson Framework for Teaching. Proof of proficiency in evaluating teacher performance shall be required of all administrators no later than September 1, 2014. Administrator evaluation standards shall additionally address the following domains and components: ()

a. Domain 1: School Climate - An educational leader promotes the success of all students by advocating, nurturing and sustaining a school culture and instructional program conducive to student learning and staff professional development. An educational leader articulates and promotes high expectations for teaching and learning. ()

i. School Culture - Administrator establishes a safe, collaborative, and supportive culture ensuring all students are successfully prepared to meet the requirements for tomorrow's careers and life endeavors. ()

ii. Communication - Administrator is proactive in communicating the vision and goals of the school or district, the plans for the future, and the successes and challenges to all stakeholders. ()

iii. Advocacy - Administrator advocates for education, the district and school, teachers, parents, and students that engenders school support and involvement. ()

b. Domain 2: Collaborative Leadership - An educational leader promotes the success of all students by ensuring management of the organization, operations and resources for a safe, efficient and effective learning environment. In collaboration with others, uses appropriate data to establish rigorous, concrete goals in the context of student achievement and instructional programs. He/She uses research and/or best practices in improving the education program. ()

i. Shared Leadership - Administrator fosters shared leadership that takes advantage of individual expertise, strengths, and talents, and cultivates professional growth. ()

ii. Priority Management - Administrator organizes time and delegates responsibilities to balance administrative/managerial, educational, and community leadership priorities. ()

iii. Transparency - Administrator seeks input from stakeholders and takes all perspectives into consideration when making decisions. ()

iv. Leadership Renewal - Administrator strives to continuously improve leadership skills through professional development, self-reflection, and utilization of input from others. ()

v. Accountability - Administrator establishes high standards for professional, legal, ethical, and fiscal accountability self and others. ()

c. Domain 3: Instructional Leadership - An educational leader promotes the success of all students by facilitating the development, articulation, implementation, and stewardship of a vision of learning that is shared

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

and supported by the school community. He/She provides leadership for major initiatives and change efforts and uses research and/or best practices in improving the education program. ()

i. Innovation - Administrator seeks and implements innovative and effective solutions that comply with general and special education law. ()

ii. Instructional Vision - Administrator insures that instruction is guided by a shared, research-based instructional vision that articulates what students do to effectively learn the subject. ()

iii. High Expectations - Administrator sets high expectation for all students academically, behaviorally, and in all aspects of student well-being. ()

iv. Continuous Improvement of Instruction - Administrator has proof of proficiency in assessing teacher performance based upon the Danielson Framework for Teaching. Aligns resources, policies, and procedures toward continuous improvement of instructional practice guided by the instructional vision. ()

v. Evaluation- Administrator uses teacher/administrator evaluation and other formative feedback mechanisms to continuously improve teacher/administrator effectiveness. ()

vi. Recruitment and Retention -Administrator recruits and maintains a high quality staff. ()

02. Parent Input. Input from the parents and/ or guardians of students shall be considered as a factor in the evaluation of any school-based certificated employees (as stipulated in 33- 514(4), Idaho Code). ()

03. Student Achievement. All administrative employees must receive an evaluation in which at least fifty percent (50%) of the evaluation results are based on objective measures of growth in student achievement as determined by the board of trustees and based upon research. This student achievement portion of the evaluation shall be completed by the end of the school year in which the evaluation takes place (Section 33-513 and 33-514, Idaho Code) and must include growth in student achievement as measured by the Idaho Student Achievement Test (ISAT). ()

04. Evaluation Policy - Content. Local school district policies will include, at a minimum, the following information: ()

a. Purpose -- statements that identify the purpose or purposes for which the evaluation is being conducted; e.g., individual instructional leadership, personnel decisions. ()

b. Evaluation criteria -- statements of the general criteria upon which administratively certificated personnel will be evaluated. ()

c. Evaluator -- identification of the individuals responsible for appraising or evaluating administratively certificated personnel performance. The individuals assigned this responsibility shall have received training in evaluation. ()

d. Sources of data -- description of the sources of data used in conducting administratively certificated personnel evaluations. Proficiency in conducting observations and evaluating effective performance shall be included as one (1) source of data. ()

e. Procedure -- description of the procedure used in the conduct of administratively certificated personnel evaluations. ()

f. Communication of results -- the method by which administratively certificated personnel are informed of the results of evaluation. ()

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

g. Personnel actions -- the action, if any, available to the school district as a result of the evaluation and the procedures for implementing these actions; e.g., job status change. ()

h. Appeal -- the procedure available to the individual for appeal or rebuttal when disagreement exists regarding the results of administrator evaluations. ()

i. Remediation -- the procedure available to provide remediation in those instances where remediation is determined to be an appropriate course of action. ()

j. Monitoring and evaluation. -- A description of the method used to monitor and evaluate the district's administrator evaluation system. ()

k. Professional development and training -- a plan for ongoing training and professional learning based upon the district's evaluation standards and process. ()

l. Funding -- a plan for funding ongoing training and professional development for evaluators of administrators. ()

m. Collecting and using data -- a plan for collecting and using data gathered from the evaluation tool that will be used to inform professional development. Individual performance data shall be the foundation of an Individual Professional Learning Plan for all administrators. Individual Professional Learning Plans shall be used in the annual evaluation as a means of measuring professional growth with an emphasis on instructional leadership. Districts shall implement the use of Professional Growth Plans no later than September 1, 2014. ()

n. Individualizing administrator evaluation rating system -- a plan for how evaluations will be used to identify proficiency and record growth over time. No later than March 01, 2014, districts shall have established an individualized administrator evaluation rating system with a ranking of unsatisfactory being equal to "1", basic being equal to "2", proficient being equal to "3", and distinguished being equal to "4". Districts shall ensure that an Individualized Professional Learning Plan is created for each administrator based upon evaluation findings, and shall be used in subsequent years as the baseline measurement for professional development and growth. ()

o. A plan for including all stakeholders including, but not limited to, teachers, board members, and administrators in the development and ongoing review of their administrator evaluation plan. ()

05. Evaluation Policy - Frequency of Evaluation. The evaluation policy shall include a provision for evaluating all administrative personnel on a fair and consistent basis. An annual evaluation (Section 33-514 and 33-515) shall include, at a minimum, two (2) formative observations and evaluative discussions. ()

06. Evaluation Policy - Personnel Records. Permanent records of each administrator evaluation will be maintained in the employee's personnel file. All evaluation records will be kept confidential within the parameters identified in federal and state regulations regarding the right to privacy (Section 33-518, Idaho Code). ()

07. Evaluation System Approval. Each school district board of trustees will develop and adopt policies for administrator performance evaluation in which criteria and procedures for the evaluation are research based and aligned with state standards. Once developed, each district shall submit the system of evaluation to the State Department of Education for approval prior to formal adoption. By January 1, 2014 an evaluation plan which incorporates all of the above elements shall be submitted to the State Department of Education for approval. Once approved, subsequent changes made in the evaluation system shall be resubmitted for approval. ()

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

SUBJECT

Proposed Rule – IDAPA 08.02.02 Rules Governing Thoroughness, subsection 004 English Language Proficiency Standards – Incorporated by Reference.

REFERENCE

August 10, 2006 The Idaho English Language Development Standards were adopted by the State Board of Education on August 10, 2006.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho Administrative Code, IDAPA 08.02.03.004, Incorporation by Reference.

BACKGROUND/DISCUSSION

Title III Part A of the Elementary and Secondary Education Act requires states to have English language development/proficiency standards in place for Limited English Proficient (LEP) students. In 2006, Idaho adopted English Language Development Standards (ELD) in Language Arts followed by the Math and Science ELD standards in 2008. Extensive ongoing training and technical assistance has been provided for districts to help ensure effective rollout and implementation of these standards.

With the shift to the Common Core State Standards (CCSS) in Language Arts and Mathematics, Idaho must either augment its current ELD standards in order to align to the CCSS, or adopt new standards that are already in alignment.

The State Department of Education has chosen to adopt the 2012 World-Class Instructional Design and Assessment (WIDA) Standards as they have already been aligned to the CCSS. The notion that student outcomes will be improved through coherent systems of expectations is central to the WIDA Standards. WIDA's alignment study, conducted by the University of Oklahoma's Department of Educational Training, Evaluation, Assessment and Measurement, analyzed and confirmed the relationship between English language development standards and academic content through the Common Core State Standards.

Alignment to the Common Core (CC) includes, but is not limited to:

- Standards for individual grades;
- Topical vocabulary that reflects grade-level language related to the example topic;
- Context for language use' situates the strand of model performance indicators within informational and narrative text reflective of multiple text types/genres that are listed in standards documents;
- Cognitive Function and Example Context for Language Use are added; and
- Connections to a specific CC standard are made for each ELD standard.

The WIDA Standards are for grades Pre-K through 12th and are aligned to the following academic subject areas: Language Arts, Mathematics, Science, and Social Studies. In addition to these subject areas, WIDA has strands in various

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

other subject areas such as Social and Instructional Language, Technology and Engineering, Health and Physical Education, and Music and Performing Arts.

Each standard has key elements of mastery for each language level, is explicitly connected to the CCSS, and has Topical Academic Vocabulary, Cognitive Function, and Example Context for Language Use specific to each subject area.

Idaho has also joined the Assessment Services Supporting ELs through Technology Systems (ASSETS) consortium for the “next generation” of language proficiency tests. Twenty nine states will work together to build a new language proficiency assessment based on the 2012 WIDA standards.

Idaho’s English Language Proficiency Standards Implementation Timeline

- August 2012: Present the WIDA ELD Standards to the State Board of Education.
- January 2013: Board Rules to adopt WIDA ELD Standards to Idaho Legislature.
- School year 2013-2014: Implementation of the WIDA ELD standards. Continued Professional Development will be provided.

IMPACT

The adoption of the 2012 WIDA standards comes at no cost to the state. The Idaho Department of Education has entered into a Memorandum of Understanding (MOU) with WIDA for licensing and use of the standards. Currently Idaho funds professional development for standards implementation within the districts in the state. This cost for professional development will continue at the same rate. No additional expenses will be incurred.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Kindergarten

Amplified Strand

Standard 1-Social & Instructional Language

Connection		<i>Common Core Speaking and Listening Standards #3 (Kindergarten):</i> Participate in collaborative conversations with diverse partners about Kindergarten topics and texts with peers and adults in small and larger groups.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
SPEAKING	Classroom cooperation	Repeat simple statements about working collaboratively with a group of students following a model structure (e.g., call and response chant)	Modify simple statements about working collaboratively with a group of students using environmental print	Produce simple statements about working collaboratively with a partner using sentence starters	Produce detailed statements about working collaboratively with a partner	Connect related ideas about working collaboratively with a group of students in small groups according to audience and situation
	Cognitive Function: Students at all levels of English language proficiency REMEMBER strategies for working collaboratively with their peers.					
Level 6- Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Criteria from the Performance Definitions (Example expectations)	Discourse Complexity	<p>Is this the yellow group? Yes, we are. Is this the yellow group? Yes, we are.</p> <p>Who is the leader? I am! Who is a helper? I am! I am!</p> <p>What do you do? I help my yellow group share. What do you do? I help my yellow group take turns. What do you do? I help my yellow group clean up.</p>	<p>I am in the yellow group. Cristina is in my group.</p> <p>My best friend is in the red group.</p> <p>Jack and Marco are in the blue group.</p> <p>I like to be the leader.</p> <p>I like to help the teacher.</p>	<p>My job today/this week was _____</p> <p>I can help my friends/the teacher...</p> <p>I do the lunch count/weather/calendar.</p>	<p>This is the _____ center.</p> <p>At this center, we _____.</p> <p>It is my turn _____ (to do lunch count/to be line leader/for share time/for show and tell).</p>	<p>In our classroom we have different jobs.</p> <p>We work together in centers. Our groups have different colors. I am in the yellow group.</p> <p>At this center, we are working on math. We count together and put things in groups. Everyone helps to clean up.</p> <p>To clean up, first, you _____. Then, you _____.</p>
	Language Forms & Conventions	<p>Yes, _____.</p> <p>I _____.</p>	<p>I <u>am</u> v. Cristina <u>is</u> v. Jack and Marco <u>are</u></p> <p>I like <u>to...</u></p>	<p>my</p> <p>is → was</p>	<p>This is...</p> <p>At...</p> <p>It is...</p>	<p>our</p> <p>working</p> <p>working <u>on</u></p> <p>First,... Then,...</p>

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

	Vocabulary Usage	yellow green red blue	best friend like help	job I can I do lunch count calendar weather	center my turn line leader share time/show and tell	together different everyone
		<p>Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: taking turns, cooperation, job, today, tomorrow</p>				
<p>Example Context for Language Use: Students give family members a classroom tour on parent/teacher conference night and explain how students work collaboratively.</p>						

Kindergarten

Amplified Strand (continued)

Standard 1-Social & Instructional Language

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Kindergarten

Standard 2-Language of Language Arts

LISTENING	Connection	Common Core Reading Standards: Foundational Skills #1 (Kindergarten): Demonstrate understanding of the organization and basic features of print; a. Follow words from left to right, top to bottom, and page by page, b. Recognize that spoken words are represented in written language by specific sequences of letters, c. Understand that words are separated by spaces in print					Level 6 - Reaching
	Example Topic	Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
	Print concepts	Select a feature of text based on instructions involving a choice following a model (e.g. "Is <i>this</i> the title or is <i>this</i> the title?")	Identify features of texts based on simple oral commands following a model (e.g., "Show me the title.")	Answer Wh-questions about features of texts through pointing or speaking and following a model (e.g., "Who wrote this book?")	Answer expanded Wh- questions about features of texts through pointing or speaking and following a model (e.g., "Where do you find the author's name on the title page?")	Identify features of texts based on multi-step oral instructions following a model (e.g., "Find the author's name and underline the upper case letters.")	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: title, turn the page, front/back cover, left to right, author, illustrator, first name, last name, spaces, lower/upper case letters	Cognitive Function: Students at all levels of English language proficiency REMEMBER concepts about print.					
	Example Context for Language Use: Students follow directions to identify concepts about print (e.g., in a large group the teacher gives instructions and students respond using a fly-swatter mask).						

Kindergarten

Standard 3-Language of Mathematics

		<p>Connection</p> <p><i>Common Core Standards for Mathematics, Measurement and Data #1-2 (Kindergarten):</i> Describe measurable attributes of objects, such as length or weight. Describe several measurable attributes of a single object.; Directly compare two objects with a measurable attribute in common, to see which object has “more of”/“less of” the attribute, and describe the difference. For example, directly compare the heights of two children and describe one child as taller/shorter.</p>					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
SPEAKING	Example Topic						Level 6 - Reaching
	Attributes of objects	Indicate attributes of objects (e.g., “big,” “small”) using gestures and words in small groups	Specify attributes of objects (e.g., “a small ball,” “a big ball”) using gestures and words in small groups	Describe attributes of objects in relation to others using phrases (e.g., “the smaller ball”) in small groups	Compare attributes of a group of objects using simple sentences (e.g., “This is the biggest ball.”) in small groups	Tell about similarities and differences in attributes of objects in multiple related simple sentences or a compound sentence (e.g., “The chalk and the crayon are short. The pencil is longer.”) in small groups	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: bigger, smaller, heavier, lighter, longer/taller, shorter	<p>Cognitive Function: Students at all levels of English language proficiency ANALYZE the attributes of objects.</p> <p>Example Context for Language Use: Students talk with classmates about real-life objects at a math center and decide how these objects are the same and different.</p>					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Kindergarten

Standard 4-Language of Science

		Connection					<i>National Science Education Standards C.1 Life Science: The Characteristics of Organisms (Grades K-4):</i> Each plant or animal has different structures that serve different functions in growth, survival, and reproduction. For example, humans have distinct body structures for walking, holding, seeing, and talking.
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
READING	Example Topic						Level 6 - Reaching
	Body parts & senses	Associate pictures with modeled language about body parts and senses using illustrations and environmental print (e.g., word wall)	Identify initial letter in labeled pictures with modeled language about body parts and senses using illustrations and environmental print	Identify strings of letters (e.g., "no" in "nose") in labeled pictures with modeled language about body parts and senses using illustrations and environmental print	Associate labeled pictures with modeled language about body parts and senses using environmental print	Associate illustrated text with experiences related to body parts and senses using environmental print	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: senses, see, smell, taste, touch, hear, human body, body part	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND the functions of human body parts and senses.					
		Example Context for Language Use: Students will reread a story to a partner after completing an interactive/shared reading lesson of an informational book about human body parts and their functions with the whole class.					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Kindergarten

Standard 5-Language of Social Studies

		<i>Alaska: Cultural Standards A:</i> Culturally-knowledgeable students are well grounded in the cultural heritage and traditions of their community. 2) Recount their own genealogy and family history.				
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	Connection					
	Example Topic					
	Self & family	Draw family members and copy or trace the first letter of words describing relationships using illustrated text (e.g., word walls, picture dictionaries)	Draw family members and copy or trace words describing relationships using illustrated text	Draw family members from models or photographs and label people and relationships with invented spellings using word walls	Draw and distinguish among characteristics of family members (e.g., age, gender, etc.) in words or phrases with invented spellings using word walls	Produce illustrated “stories” about family characteristics and relationships using phrases or short sentences with invented spellings
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: family, family tree, family members	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND the relationships between family members.				
		Example Context for Language Use: Students create visual representations (e.g., portraits, family trees, picture books) of their families and determine the relationships between individuals. Using teacher models and various resources, they add text to their work.				
		Level 6 – Reaching				

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Kindergarten

Complementary Strand: Language of Music & Performing Arts

		<i>National Standards for Music Education #2 (K-4):</i> Performing on instruments, alone and with others, a varied repertoire of music: Students echo short rhythms and melodic patterns.					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
LISTENING	Lyrics and Rhythm	Follow one step teacher directions to re-create rhythms and musical patterns following a model (e.g., "Tap the table two times with me. Pause. Clap one time with me.")	Respond to one step teacher directions to re-create the rhythm of a musical piece supported by models and visuals (e.g., "Clap three times. Pause. Strum the side of the notebook.")	Respond to two step teacher directions to re-create the rhythm of a musical piece supported by peer models and visuals (e.g., "Stomp two times and clap three beats.")	Follow multi-step teacher directions to re-create the rhythm of a musical piece supported by peer models (e.g., "Clap two beats, stomp three beats, and slide.")	Follow multi- step teacher directions to re-create the rhythm of a musical piece supported by peer models (e.g., "Tap softly on the edge of the desk two times and loudly three times. Then clap two beats and slide.")	Level 6 - Reaching
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: tap, clap, soft, loud, stomp , brush, strum, beats						
	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND rhythms.						
	Example Context for Language Use: Students follow directions from the teacher on how to move their body to re-create rhythms and musical patterns using everyday classroom objects.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 1

Standard 1-Social & Instructional Language

Connection		<i>Common Core Standards for English Language Arts, Reading Standards for Informational Text, Craft and Structure, Integration of Knowledge and Ideas #6-7 (Grade 1):</i> Distinguish between information provided by pictures or other illustrations and information provided by the words in a text. Use the illustrations and details in a text to describe its key ideas.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Recreational activities	Match icons or pictures to written and oral directions for games or activities with a partner	Place labeled pictures by corresponding written and oral directions for games or activities with a partner	Identify key words in written directions for games or activities with visual support and a partner	Identify key phrases in written directions for games or activities with visual support and a partner	Follow written directions for games or activities with visual support and a partner
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: share, teamwork, first, next	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND directions.				
	Example Context for Language Use: Students read directions in order to participate in a variety of cooperative activities to build a classroom community.					
Level 6 - Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 1

Standard 2- Language of Language Arts

Connection		<i>Common Core Writing Standards #1-3 (Grade 1):</i> Write opinion pieces in which they introduce the topic or name the book they are writing about, state an opinion, supply a reason for the opinion, and provide some sense of closure.; Write informative/explanatory texts in which they name a topic, supply some facts about the topic, and provide some sense of closure.; Write narratives in which they recount two or more appropriately sequenced events, include some details regarding what happened, use temporal words to signal event order, and provide some sense of closure.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	Text elements	Trace, copy or produce words pertaining to text elements using illustrated models and templates (e.g., parts of a letter)	List words or phrases pertaining to text elements using illustrated models and templates (e.g., character and setting)	Produce phrases or sentences pertaining to text elements following models and templates (e.g. beginning, middle, end)	Produce a series of sentences pertaining to text elements using environmental print and following a model	Produce a series of related sentences pertaining to text elements using environmental print
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: fact, paragraph, topic sentence, main idea, detail, “tell me more”					
	Cognitive Function: Students at all levels of English language proficiency CREATE original texts.					
Example Context for Language Use: Students produce texts incorporating text elements based on a prompt (e.g., “My best day ever...”) to create displays for parent-teacher conferences.						
						Level 6 - Reaching

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 1

Amplified Strand

Standard 3- Language of Mathematics

		<i>Common Core Standards for Mathematics, Measurement and Data #1 (Grade 1):</i> Order three objects by length; compare the lengths of two objects indirectly by using a third object.					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching
LISTENING	Connection Example Topic Measurement of objects	Match objects with their lengths based on oral discourse with a partner and following a model	Order objects or measurement tools according to their length based on oral discourse with a partner and following a model	Categorize objects according to their lengths and corresponding measurement tools based on oral discourse with a partner and following a model	Follow oral instructions to compare the lengths of objects with a partner and a template	Follow multi-step oral instructions and respond to grade-level oral discourse to compare the lengths of objects with a partner	
	Cognitive Function: Students at all levels of English language proficiency ANALYZE the lengths of objects.						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Criteria from the Performance Definitions (Example expectations)	Discourse Complexity	<p>Martin measures his desk and his book with a ruler (teacher points to desk, book, and ruler). His desk is 30 inches long, his book is 10 inches long. Which one is 30 inches long? (student points to desk)</p> <p>Martin measures his desk and his book with a popsicle stick (teacher points to desk, book, and popsicle stick). His desk is 6 popsicle sticks long, his book is 2 popsicle sticks long. Which object is 2 popsicle sticks long? (student points to book).</p>	Look at your measurement tools. The paper clip is short. The popsicle stick is longer. The ruler is longest. Put them in order from shortest to longest.	<p>This piece of string is shorter than this piece of string. Show me the longest one. (Student holds up longer piece of string.) The student desk is easier to measure with the shortest string. The teacher desk is easier to measure with the longer string.</p> <p>Why do you think this is? (student explains)</p>	<p>Find the length of the desk using the best measurement tool. Remember, it's easier to measure a long object with a longer measurement tool (Teacher models measuring his/her desk with a popsicle stick, then a ruler). Then measure another object the same way. Don't forget to write down your measurements! Your chart will show the difference in length between the two objects.</p>	<p>First, cut a string as long as your foot. Use the string to find how many of your feet fit across the room (students follow direction). Now, find how many yard sticks (or meter sticks) fit across the room. Write down your measurements and compare them with your partner's measurements (students follow direction). Did you get the same results? Why? (student explains) Why not? (student explains) Explain which measurement tool works best. Which gave you the same measurements, the standard tool (teacher shows yard/meter stick) or the non-standard tool (teacher shows string)?</p>
---	----------------------	---	--	---	---	---

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

	Language Forms & Conventions	one inch two inches I measure Martin measures	short, shorter, shortest long, longer, longest	longer than, the longest one shorter than, the shortest one easier	and, but measure, measuring measured.	First,... then,... as long as
	Vocabulary Usage	desk, book paper clip popsicle stick string ruler yard/meter stick	short long measurement tools	piece of shorter than longer than measure with	length of ____ another object	find how many across results
	Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: inches/centimeters, foot, yard/meter, standard, non-standard, units					
Example instructional/assessment task (content):	Identify objects that are best measured with a certain tool	Fill in an illustrated chart listing the lengths of different objects from shortest to longest, according to measurement tool	Create charts listing the lengths of different objects according to measurement tool	Measure the same object with multiple tools and decide which tool provides the best measurement	Measure the same object with multiple tools and decide which tool provides the best measurement	
Example Context for Language Use: Students work independently or with a partner to explore the length of objects using standard and non-standard measurement tools (e.g., paper clips, popsicle sticks, string, rulers, yard/meter sticks).						

Grade 1

Amplified Strand (continued)

Standard 3- Language of Mathematics

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 1

Standard 4- Language of Science

Connection		<i>National Science Education Standards, Physical Science Standards (Grades K-4) #B2, Position and motion of objects: An object's motion can be described by tracing and measuring its position over time. The position and motion of objects can be changed by pushing or pulling. The size of the change is related to the strength of the push or pull.</i>				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
LISTENING	Force & motion	Construct an experiment on force and motion based on simple oral commands using realia and illustrations in small groups (e.g. "Get the blocks. [Pause] Get the ramp. [Pause] Put the ramp on the blocks. [Pause] Put the ball on the ramp. [Pause] See it move.")	Construct an experiment on force and motion based on simple segmented instructions supported by illustrations in small groups	Construct an experiment on force and motion based on a series of oral statements supported by illustrations in small groups	Construct an experiment on force and motion based on oral discourse supported by illustrations in small groups	Construct an experiment on force and motion based on grade level oral discourse with a partner (e.g. "How can we move this ball? Work together to design a ramp that will move the ball the length of three desks. Think about what materials you will need and how you will put them together.")
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: push, pull, faster, force					
	Cognitive Function: Students at all levels of English language proficiency CREATE experiments on force and motion.					
	Example Context for Language Use: Students listen as the teacher gives directions about constructing experiments related to force and motion and negotiate their own plan in small groups.					
Level 6 - Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 1

Standard 5-Language of Social Studies

Connection		<i>Common Core Standards (Grade 1): Speaking and Listening Standards K–5 Comprehension and Collaboration: 2. Ask and answer questions about key details in a text read aloud or information presented orally or through other media. 3. Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood. Presentation of Knowledge and Ideas, 4. Describe people, places, things, and events with relevant details, expressing ideas and feelings clearly.</i>						
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching	
SPEAKING	Neighborhoods/ Communities	Name community workers and their job sites (e.g., “teacher-school,” “police officer-police station,” “librarian-library”) using photos or illustrations	Answer Wh-questions about community workers using photos or illustrations (e.g., “What do firefighters do?” “Firefighters fight fires.”)	Describe the work of community workers using photos or illustrations (e.g., “Firefighters ride a truck and use a hose to fight fires.”)	Explain the specific roles and characteristics of community workers using visual support (e.g., “Firefighters are brave and work as a team to put out fires.”)	Discuss the significance of community workers’ roles (e.g., “The firefighters are important because they protect our community and save lives. For example...”)		
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: community, neighborhood, responsibility	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND the roles of community members/workers.						
	Example Context for Language Use: Students prepare brief oral presentations for the class about different members of their community (e.g., using information from classroom guest speakers, videos, or posters).							

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 1

Complementary Strand: The Language of Multiculturalism

		Connection					
		<i>Alaska Standards for Culturally Responsive Students, B1, D5, E4:</i> Acquire insights from other cultures without diminishing the integrity of their own. Identify and utilize appropriate sources of cultural knowledge to find solutions to everyday problems. Determine how ideas and concepts from one knowledge system relate to those derived from other knowledge systems.					
		Example Topic					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
READING	Cultural diversity	Identify what is the same and different between cultural artifacts using illustrated word banks in small groups	Identify what is the same and different between cultural artifacts from illustrated texts in small groups	Identify the similarities and differences in the uses of cultural artifacts from illustrated texts using word banks in small groups	Compare and contrast the uses of cultural artifacts from illustrated text in small groups	Compare and contrast the meaning of cultural artifacts from illustrated texts in small groups	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: tradition, culture, same, different, respect	Cognitive Function: Students at all levels of English language proficiency ANALYZE cultural artifacts.					
	Example Context for Language Use: Students engage with a variety of narrative and expository texts to identify artifacts to include in a multicultural museum representing the diversity in the classroom (e.g., heritage, language, family customs, religion).						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 2

Standard 1-Social & Instructional Language

Connection		<i>Common Core Speaking and Listening Standards #2 (Grade 2):</i> Recount or describe key ideas or details from a text read aloud or information presented orally or through other media.						
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching	
LISTENING	School areas, personnel, & activities Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: across from, down the hall, in the corner, upstairs, custodian, second grade teacher, book fair, computer lab, fire drill	Match school areas to personnel or activities using icons or manipulatives with a partner based on oral statements	Categorize school areas to personnel and activities using graphic organizers and labeled icons based on oral descriptions (e.g., main office: principal talks to parents, secretary answers phone, nurse takes your temperature)	Make charts of school areas by personnel and activities using graphic organizers and based on oral descriptions	Complete maps of school areas including personnel and activities following a model based on descriptive oral discourse in small groups	Produce maps of school areas including personnel and activities based on extensive oral discourse in small groups		
	Cognitive Function: Students at all levels of English language proficiency ANALYZE oral directions.							
	Example Context for Language Use: Students go on a tour of the school and create maps incorporating school areas, personnel and activities based on oral descriptions.							

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 2

Standard 2-Language of Language Arts

Connection		Common Core Speaking and Listening Standards #4 (Grade 2): Tell a story or recount an experience with appropriate facts and relevant, descriptive details, speaking audibly in coherent sentences.					Level 6 - Reaching
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
SPEAKING	<p>Storytelling/Experiential recounting</p> <p>Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: order, details, word choice, voice</p>	Point to and tell parts of stories events in story using photos/illustrations or wordless picture books with a partner (e.g., “ go to park, play with friends”)	Describe parts of stories (e.g., characters, settings) using photos/ illustrations or wordless picture books with a partner	Retell stories including main events, characters and settings using photos, illustrations, or wordless picture books with a partner	Tell detailed stories using photos, illustrations, or wordless picture books with a partner	Tell detailed stories with creative word choice and expression using photos, illustrations, or wordless picture books with a partner	
	Cognitive Function: Students at all levels of English language proficiency APPLY elements of stories to original storytelling or experiential recounting.						
	Example Context for Language Use: Students draw or make collages and then orally share stories with a beginning, middle and end about events with their peers.						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 2

Standard 3-Language of Mathematics

Connection		<i>Common Core Standards for Mathematics, Measurement and Data #8 (Grade 2):</i> Solve word problems involving dollar bills, quarters, dimes, nickels, and pennies, using \$ and ¢ symbols appropriately.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	<p>Money</p> <p>Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: cents, dollars, pennies, nickels, dimes, quarters</p>	Identify key words or phrases related to money and value using realia with a partner (e.g., “buy”, “give”, “take away”)	Identify key words and phrases related to money and value and act out exchange of money using realia with a partner	Identify key words and phrases related to money and value in simplified word problems (e.g., written in present tense with familiar contexts) using realia with a partner	Identify language related to money and value in word problems using realia with a partner	Identify details that do not relate to resolution in word problems related to money and value with a partner
	Cognitive Function: Students at all levels of English language proficiency will ANALYZE the relevance of information presented in word problems related to money					
	Example Context for Language Use: Students read real-life mathematics problems related to money in small groups.					
Level 6 - Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 2

Standard 4-Language of Science

		<i>National Science Education Standards C.2 (Grades K-4):</i> Plants and animals have life cycles that include being born, developing into adults, reproducing, and eventually dying. The details of this life cycle are different for different organisms. Plants and animals closely resemble their parents.					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
WRITING	Connection						
	Example Topic						
	Life cycles Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: life cycle, stages	Label drawings about stages of life cycles using illustrated word banks (e.g., seed, sprout)	Complete sentences about stages of life cycles using illustrated word banks (e.g., "First, _____. Then, _____.")	Describe the stages of life cycles using illustrated word banks	Describe the sequence of stages of life cycles using illustrations	Compare the stages of life cycles using illustrations	Level 6 - Reaching
Cognitive Function: Students at all levels of English language proficiency will ANALYZE the changes in a life cycle.							
Example Context for Language Use: Students sequence and write about the stage within life cycles of plants and animals to create displays.							

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 2

Amplified Strand

Standard 5- Language of Social Studies

Connection		<i>Common Core Standards, Key Ideas and Details #2 (Grade 2):</i> Identify the main topic of a multi-paragraph text as well as the focus of specific paragraphs within the text. 2. Describe the connection between a series of historical events, scientific ideas or concepts, or steps.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Historical events, people, and symbols	Match pictures with information about historical events, people or symbols following a model	Sort information about historical events, people or symbols using visual support and graphic organizers	Compare and contrast information about historical events, people or symbols from illustrated text using a table	Summarize information about historical events, people or symbols from illustrated text using a template	Interpret information about historical events, people or symbols from illustrated text
	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND the connection between different historical events, people, and symbols of their community.					
Criteria from the Performance Definitions (Example expectations)	Discourse Complexity	Our community had many blacksmiths in 1920.	Our region has copper and nickel mines. In the past, the mines gave blacksmiths metal for tools.	Recently, some community members started to worry about pollution from the mines. But the mining companies said they do not harm the environment.	The copper and nickel from mines in this region give many people jobs. So, many community members want to keep the mines open. But others are afraid the mines are polluting nearby rivers.	Companies began mining valuable metals in 1910. Since then, miners dug up many tons of copper and nickel. Blacksmiths used this metal to create different objects. Some community members fear metals from the mines are polluting our local rivers. The mining companies disagree.

Level 6 - Reaching

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

	Language Forms & Conventions	our has → had In 1910	mines, metals give → gave for	Recently, <u>Started/began to</u> But they companies	<u>in this</u> region <u>So,</u> others mines' <u>are</u> polluting nearby	mine v. <u>mining</u> since then dig up → dug up
	Vocabulary Usage	community blacksmiths	region copper nickel tools	members worry pollution harm environment	support economy nearby	valuable tons different objects disagree
<p>Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: founded in..., settlement, landmark, heritage</p>						
<p>Example Context for Language Use: Students will read informational text about the different historical events, people and symbols that have been important for the development of their community in preparation for creating a timeline poster.</p>

Grade 3

Amplified Strand

Standard 2-Language of Language Arts

		<i>Common Core Standards for Writing #5 (Grade 3):</i> With guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing.					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6- Reaching
WRITING	Revising & editing	Supply words for sentences about revising and editing from models	Complete sentences about revising and editing from models	Compose sentences about revising and editing from models	Suggest original ideas for revising and editing using a word bank	Provide comprehensive feedback for revising and editing	
	Cognitive Function: Students at all levels of English language proficiency EVALUATE writing.						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

		<p>Discourse Complexity</p> <p>My favorite part of the story was the _____. (beginning, middle, end)</p> <p>You did a _____ job.</p> <p>I suggest adding _____. (information, humor, etc.)</p>	<p>The best part of your story was...(the setting/ the characters)</p> <p>I enjoyed... because....</p> <p>To make your story better,...(add... tell me more about..., etc.)</p>	<p>In the story about your dog, I really liked the sentences about your dog's size, color, and fur. The details helped me know what she looks like. One thing you can improve is to write more about the place where you and your dog like to play games.</p>	<p>Great job on the story about your dog. I liked the title you chose, "Life with Summer." You described your dog very well, so I can see her in my mind. I also have some suggestions. First, instead of using the word type, use breed because it is more specific. Second, please explain the phrase, "She is my alarm clock." What does she do to wake you up?</p>	<p>Overall, I think your writing was very interesting. You were good at describing the qualities of your main character. To improve your writing, I suggest you include more details about the problems you came across when you left your dog alone. Also, the long sentences in the paragraph about the things you did with your dog during the summer were hard to follow. I recommend you reword these sentences. As you revise, I suggest you read your own writing aloud. This will help you find anything that does not make sense.</p>

Grade 3

Complementary Strand: Language of Health & Physical Education

Connection		<i>National Health Education Standards #1, Health Promotion and Disease Prevention (Grades K-4):</i> Students will comprehend concepts related to health promotion and disease prevention. Describe relationships between personal health behaviors and individual well being. Identify indicators of mental, emotional, social, and physical health during childhood. Describe the basic structure and functions of the human body systems. Describe how the family influences personal health. Describe how physical, social, and emotional environments influence personal health.					
Example Topic							
LISTENING	Healthy habits	Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 – Reaching
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: consequences, healthy decisions, decision making, habits, self-control, stress, dental flossing, sun protection	Point to healthy options from simple visually-supported oral discourse following a model	Select healthy options from visually-supported oral discourse using graphic organizers	Rank healthy options from oral discourse using graphic organizers	Identify details related to healthy options from oral discourse using graphic organizers	Justify healthy options from extended oral discourse	
	Cognitive Function: Students at all levels of English language proficiency EVALUATE different habits to decide if they are healthy or not.	Example Context for Language Use: Students listen to role plays (e.g., videos or performances) about healthy and unhealthy habits and identify good decisions.					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 4

Standard 1-Social & Instructional Language

		Connection					
		<p><i>Common Core State Standards for English Language Arts, Speaking and Listening, Comprehension & Collaboration #1 (Grade 4):</i> Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 4 topics and texts, building on others' ideas and expressing their own clearly.</p> <p><i>Alaska Standards for Culturally-Responsive Schools, Cultural Standards for Students #C4, D3, E7, E8:</i> Enter into and function effectively in a variety of cultural settings; determine how cultural values and beliefs influence the interaction of people from different cultural backgrounds</p>					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching
Example Topic							
SPEAKING	Cross-cultural communication	Name differences in points of view in a variety of cultural settings using labeled photographs and personal experiences following a model with a partner	Describe points of view in a variety of cultural settings using labeled photographs and personal experiences in small groups	Compare points of view in a variety of cultural settings using print and visual resources and personal experiences in small groups	Paraphrase multiple points of view in a variety of cultural settings using print and visual resources along with personal experiences in small groups	Summarize in detail multiple points of view in a variety of cultural settings using print and visual resources along with personal experiences in small groups	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: cultural differences, point of view, respect, issues, personal experiences	Cognitive Function: Students at all levels of English language proficiency ANALYZE cultural perspectives.					
		Example Context for Language Use: Students participate in discussions around culturally-sensitive scenarios or real life situations (e.g., class meetings) in order gain cross-cultural perspectives.					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 4

Standard 2-Language of Language Arts

Connection		<i>Common Core State Reading Standards, Foundational Skills #4. (Grade 4):</i> Read with sufficient accuracy and fluency to support comprehension. c. Use context to confirm or self-correct word recognition and understanding, rereading as necessary.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Fluency strategies	Distinguish between fluent and non-fluent oral reading from visually-supported models or excerpts from familiar text (e.g., language experience stories)	Recognize fluency strategies (e.g., emphasis of key words and expressions) in oral reading of visually-supported text with a partner	Self-assess when oral reading visually supported text and identify fluency strategies with a partner	Discuss use of fluency strategies when orally reading visually-supported text with a partner	Explain how to apply fluency strategies, including how to self-correct, when reading orally with a partner
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: fluency strategy, self-assess, self-correct	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND fluency strategies to gain comprehension of text.				
		Example Context for Language Use: Students exchange information from grade-level factual and fictional readings related to fluency strategies.				
Level 6 - Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 4

Standard 3-Language of Mathematics

		Connection					
		<i>Common Core Standards for Mathematics, Geometry #1-2 (Grade 4):</i> Draw points, lines, line segments, rays, angles (right, acute, obtuse), and perpendicular and parallel lines. Identify these in two-dimensional figures. Classify two-dimensional figures based on the presence or absence of parallel or perpendicular lines, or the presence or absence of angles of a specified size. Recognize right triangles as a category, and identify right triangles.					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching
Example Topic							
WRITING	Lines & angles	Label lines and angles according to their properties using manipulatives and graphic support	Categorize lines and angles according to their properties using manipulatives and graphic support	Describe lines and angles according to their properties using manipulatives and graphic support	Compare and contrast lines or angles according to their properties using manipulatives and graphic support	Define lines and angles according to their properties (e.g., "My desk has four right angles on the top, which are 90 degrees. Each leg of the desk has two acute angles of 55 degrees each and two obtuse angles of 125 degrees each.")	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: obtuse, acute, right angle; parallel and perpendicular lines, end points, rays, vertex, line segment, degrees, protractor						
		Cognitive Function: Students at all levels of English language proficiency ANALYZE lines and angles according to their properties.					
		Example Context for Language Use: Students write about the types and properties of lines and angles they find, measure, and classify in their school, home, or community.					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 4

Amplified Strand

Standard 4-Language of Science

Connection		<i>National Science Education Standards, Earth and Space Science, D, Properties of Earth Materials:</i> Earth materials are solid rocks and soils, water, and the gases of the atmosphere. The varied materials have different physical and chemical properties, which make them useful in different ways, for example, as building materials, as sources of fuel, or for growing the plants we use as food. Earth materials provide many of the resources that humans use... Fossils provide evidence about the plants and animals that lived long ago and the nature of the environment at that time... The surface of the earth changes. Some changes are due to slow processes, such as erosion and weathering, and some changes are due to rapid processes, such as landslides, volcanic eruptions, and earthquakes.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
LISTENING	Earth history/materials	Match the process or event with its effect on earth materials based on oral descriptions with a partner in L1 or L2 using photos or illustrations	Identify and sort the effect of processes or events on earth materials based on oral descriptions with a partner in L1 or L2 using photos, illustrations, or animations	Categorize the effects of processes or events on earth materials based on oral descriptions with a partner using photos, illustrations, or animations and graphic organizers	Distinguish between effects of processes or events on earth materials based on oral descriptions using photos, illustrations, or animations	Interpret the effects of processes or events on earth materials based grade-level oral discourse
	Cognitive Function: Students at all levels of English language proficiency ANALYZE the results of change over time due to processes affecting earth materials.					

Level 6- Reaching

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

	<p>Discourse Complexity</p>	<p>Did you see erosion in the video? (waits for students to respond) Yes? How did you know it was erosion? (Teacher paraphrases responses) Right. Erosion is when water-like in a storm (shows picture of a storm) or a tornado (shows picture of a tornado) removes earth materials (points to a poster showing different earth materials). Weathering also breaks rocks. We talked about weathering yesterday (points to an illustrated poster about weathering). But it is different. See? Weathering does not move the rocks; erosion does. Look at this graphic organizer. When I show you a picture, decide with your partner if the picture shows erosion (teacher points to illustrated definition) or weathering (point to illustrated definition). Tell me why. You can use English or your native language.</p>	<p>The video was about erosion (points to an illustrated definition of erosion.) This is when wind or water removes earth materials; see the picture? What other examples did you see? (Students provide examples like tornados or storms, and the teacher repeats each example while pointing at the corresponding picture.) Yesterday, we talked about weathering (points to an illustrated definition of weathering). Weathering breaks rocks like erosion. That's how they are the same. Weathering does not move materials; that's how weathering is different from erosion. Look at this graphic organizer. When I show you a picture, you need to decide with your partner if the picture shows erosion (teacher points to illustrated definition) or weathering (point to illustrated definition). Tell me why.</p>	<p>We watched a video about erosion. Erosion is when wind or water removes earth materials. What examples did you see in the video? (Students provide examples like tornados or storms and the teacher repeats each example while pointing at the corresponding pictures). Tornados, right. Storms, here is a picture of a storm. Weathering is different. It breaks rocks, but it does not move earth materials. Now, I will show you more pictures. Decide with your partner if the picture is an example of erosion (points to the word erosion) or weathering (points to the word weathering). You need to tell me why.</p>	<p>The video showed examples of erosion. Erosion happens when wind or water removes earth materials. What examples did you see in the video? (Students provide other examples like tornados, storms) Good. We also know what weathering is. It is similar to erosion because it breaks rocks. But it is different than erosion because it does not move any materials. Now, I am going to show you some pictures. You may work with a partner and tell me: is the picture an example of weathering or erosion? You will need to tell me why.</p>	<p>Did you notice examples of erosion in the video we just watched? Remember that erosion occurs when earth materials are removed by natural phenomena- like wind, water, and what else? (Students provide other examples like tornados, storms, etc). Good. Now remember, weathering is a bit different, isn't it? Weathering is similar to erosion because it breaks up rocks, but weathering doesn't move any materials. Now, I am going to show you some pictures and I would like you to decide which ones are examples of weathering and which are examples of erosion. Be ready to tell me why you think they are examples of one or the other, okay? Remember to provide some evidence.</p>

		Common Core State Reading Standards for Literature & Informational Text, Key Ideas and Details #1 (Grade 5): Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.						
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging		
LISTENING	Connection Example Topic Explicit & inferential information Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: character traits, characterization, provide evidence, direct quotations, I infer that...	Identify character traits or emotions based on explicit information from text read aloud, prompted by visual cues, physical movement, and tone of voice	Identify details related to character traits based on information from text read aloud, prompted by visual cues and tone of voice (e.g., "Sam is adventurous because...")	Identify character traits based on explicit and inferential information from text read aloud using visual cues (e.g., "How did Sam feel when his brother won the award? How do you know?")	Connect events to show character development over time based on explicit and inferential information from text read aloud using visual support (e.g., flow chart, timeline, story map)	Predict a character's reaction to a hypothetical situation based on inferential information from text read aloud	Level 6 – Reaching	
	Cognitive Function: Students at all levels of English language proficiency ANALYZE information about characters in a text.							
	Example Context for Language Use: Students listen to a teacher read-aloud and discuss character traits gleaned from the text with a partner.							

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 5

Standard 3-Language of Mathematics

		<p style="text-align: center;">Connection</p> <p>Common Core State Standards for Mathematics, Geometry #1-2 (Grade 5): Use a pair of perpendicular number lines, called axes, to define a coordinate system, with the intersection of the lines (the origin) arranged to coincide with the 0 on each line and a given point in the plane located by using an ordered pair of numbers, called its coordinates. Understand that the first number indicates how far to travel from the origin in the direction of one axis, and the second number indicates how far to travel in the direction of the second axis, with the convention that the names of the two axes and the coordinates correspond (e.g., x-axis and x-coordinate, y-axis and y-coordinate); Represent real world and mathematical problems by graphing points in the first quadrant of the coordinate plane, and interpret coordinate values of points in the context of the situation.</p>					
		<p style="text-align: center;">Example Topic</p>					
SPEAKING	Coordinate plane	Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 – Reaching
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: horizontal and vertical axes, coordinates, coordinate plane	Ask and answer yes/no questions related to coordinate plane maps using teacher oral scaffolding and visual supports (e.g., “Is the house at (2,3)?”)	Ask and answer simple wh- questions related to coordinate plane maps using sentence frames and visual supports (e.g., “Where is the school?”)	Describe the relationship between two points on coordinate plane maps using a word bank and visual support (e.g., “The school is 4 blocks east of the library.”)	Describe the relationships among multiple points on coordinate plane maps using visual support (e.g., “The new park will be one block from the school and 4 blocks from the bank. It will be located at (4,7).”)	Explain how to plot points and navigate distances between locations on coordinate plane maps	
		Cognitive Function: Students at all levels of English language proficiency UNDERSTAND how to plot points on a coordinate plane.					
		Example Context for Language Use: Students give directions for navigating to and from locations on the map with a partner to practice referring to axes and coordinates.					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 5

Standard 4-Language of Science

		Connection						
		National Science Education Standards, Life Science, C, Reproduction and Heredity (Grades 5-8): Reproduction is a characteristic of all living systems; because no individual organism lives forever, reproduction is essential to the continuation of every species. Some organisms reproduce asexually. Other organisms reproduce sexually... Every organism requires a set of instructions for specifying its traits. Heredity is the passage of these instructions from one generation to another... The characteristics of an organism can be described in terms of a combination of traits. Some traits are inherited and others result from interactions with the environment.						
		Example Topic	Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching
READING	Reproduction & heredity	Identify the main steps in the process of flowering plants' reproduction process from illustrated texts (media, posters) with a partner	Define the main steps in the process of flowering plants' reproduction process from illustrated texts (books, media, posters) using a graphic organizer with a partner	Describe the main steps in the process of flowering plants' reproduction from a variety of texts (illustrated books, media, posters) using a graphic organizer with a partner.	Explain the main steps in the process of flowering plants' reproduction from a variety of texts (books, media, encyclopedias) with a partner	Summarize the process of flowering plants' reproduction from a variety of texts(e.g., books, media, encyclopedia)		
	Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: species, inherited traits	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND how flowering plants reproduce.						
	Example Context for Language Use: Students read a variety of informational to learn about how flowering plants reproduce to participate in a debate about the benefits and disadvantages of commercial pollination.							

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 5

Standard 5-Language of Social Studies

Connection		<i>Minnesota: Social studies Standards I. U.S. History B. Pre-history through 1607 (Grade 5):</i> The student will demonstrate knowledge of European exploration of the North American continent and the resulting interaction with American Indian nations. 2. Students will know and explain that interactions between American Indian tribes and European explorers had positive and negative impacts.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	Exploration	Represent personal view of impacts of exploration using graphic organizers (e.g., T-chart, concept map) and illustrated word banks	State personal view of impacts of exploration using illustrated word banks	Describe personal view of impacts of exploration using graphic organizers	Explain personal view of impacts of exploration using graphic organizers and word banks	Critique impacts of exploration using graphic organizers (e.g., regarding global advancement and distribution of wealth)
	Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: colonization, explorers, discovery, conquest, push and pull factors	Cognitive Function: Students at all levels of English language proficiency EVALUATE information about exploration.				
		Example Context for Language Use: Students write about the impacts of exploration on both the old and new worlds (e.g., pretend you are an explorer writing a letter home or in your journal).				
		Level 6 - Reaching				

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 5

Complementary Strand: Language of Music & Performing Arts

		Connection					
		<i>The National Standards for Arts Education #1, Singing, Alone and with Others, A Varied Repertoire of Music (Grades 5-8):</i> Students sing accurately and with good breath control throughout their singing ranges, alone and in small and large ensembles. Students sing with expression and technical accuracy a repertoire of vocal literature with a level of difficulty of 2, on a scale of 1 to 6, including some songs performed from memory. Students sing music representing diverse genres and cultures, with expression appropriate for the work being performed. Students sing music written in two and three parts. Students who participate in a choral ensemble sing with expression					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching
Example Topic							
LISTENING	Breathing techniques	Follow breathing exercises from models and oral directions using visual support	Follow breathing exercises from simple oral directions using visual support	Complete breathing exercises from oral directions using visual support	Complete breathing exercises from oral descriptions using visual support	Perform breathing exercises from oral descriptions	
	Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: diaphragm, head voice, chest voice	Cognitive Function: Students at all levels of English language proficiency with UNDERSTAND breathing basics for singing.					
		Example Context for Language Use: Students listen and respond to teacher's guidelines and advice on how to control their breathing while singing alone or with others.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 6

Standard 1-Social & Instructional Language

		<i>Common Core State Standards for English Language Arts, Reading Standards for Informational Text, Key Ideas and Details #2 (Grade 6): Determine a central idea of a text and how it is conveyed through particular details; provide a summary of the text distinct from personal opinions or judgments.</i>				
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Connection Example Topic Social etiquette Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: posture, etiquette, manners, setting, social interactions	Restate context for polite behavior based on visually supported text (e.g. "Where do these rules apply?")	Reword single polite behaviors prescribed in a simple instructional text (e.g., "Show me how to sit in an assembly.")	Paraphrase information about behavioral expectations from illustrated handbooks and texts in a small groups	Summarize information about behavioral expectations from handbooks and grade-level texts in a small group	Interpret information about behavioral expectations from handbooks and grade-level texts
	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND behavioral expectations.					Level 6 - Reaching
	Example Context for Language Use: Students read information about behavioral expectations (e.g. school handbook, classroom syllabus, etc.) to create environmental print for their classroom/school community.					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 6

Standard 2-Language of Language Arts

Connection		<p><i>Common Core State Language Standards, Conventions of Standard English #1-2 (Grade 6):</i> Demonstrate command of the conventions of standard English grammar when writing or speaking. a. Ensure that pronouns are in the proper case (subjective, objective, possessive). b. Use intensive pronouns (e.g., myself, ourselves). c. Recognize and correct inappropriate shifts in pronoun number and person. d. Recognize and correct vague pronouns (i.e., ones with unclear or ambiguous antecedents). e. Recognize variations from standard English in their own and others' writing and speaking, and identify and use strategies to improve expression in conventional language; Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Use punctuation (commas, parentheses, dashes) to set off nonrestrictive/parenthetical elements. b. Spell correctly.</p>				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	<p>Conventions & mechanics</p> <p>Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: edit, dependent/independent clause, prepositional phrase, appositive, semicolon</p>	Propose revisions of written text through short comments (e.g. on sticky notes, notes on the margin, etc.) using models and environmental print	Recommend revisions of written text through comments (e.g. on sticky notes, notes on the margin, etc.) using models and environmental print	Suggest revisions of written text through extended comments (e.g. response templates, response journals, etc.) using models and environmental print	Explain suggestions for revision of written text through detailed comments (e.g. response journals, letters to peers, etc.) using models and environmental print	Justify suggestions for revision of written text through detailed feedback (e.g. response journals, letters to peers, etc.) using models and environmental print
	Cognitive Function: Students at all levels of English language proficiency APPLY their knowledge of English conventions and mechanics.					
	Example Context for Language Use: Students provide written feedback to each other about their use of conventions and mechanics on original written texts (e.g. compositions, journals, essays, etc).					
		Level 6 - Reaching				

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 6

Amplified Strand

Standard 3-Language of Mathematics

Connection		<p><i>Common Core State Standards for Mathematics, Ratios and Proportional Relationships #3 (Grade 6):</i> Use ratio and rate reasoning to solve real-world and mathematical problems, e.g., by reasoning about tables of equivalent ratios, tape diagrams, double number line diagrams, or equations. a. Make tables of equivalent ratios relating quantities with whole-number measurements, find missing values in the tables, and plot the pairs of values on the coordinate plane. Use tables to compare ratios. b. Solve unit rate problems including those involving unit pricing and constant speed... c. Find a percent of a quantity as a rate per 100 (e.g., 30% of a quantity means 30/100 times the quantity); solve problems involving finding the whole, given a part and the percent. d. Use ratio reasoning to convert measurement units; manipulate and transform units appropriately when multiplying or dividing quantities.</p>				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	Ratio & rate	List choices for use of rate in real-life situations using templates with a partner	Record choices for use of rate in real-life situations using templates with a partner	Describe choices for use of rate in real-life situations using graphic organizers with a partner	Explain choices for use of rate in real-life situations using charts with partners	Justify choices for use of rate in real-life situations with partners
	Cognitive Function: Students at all levels of English language proficiency EVALUATE their options and make choices.					
Level 6- Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Criteria from the Performance Definitions (Example expectations)	Discourse Complexity	We choose <u>the tablet</u> . It costs <u>\$500</u> . The discount is <u>20%</u> . It is <u>cheap</u> .	Selection: We <u>picked the computer</u> . Price: <u>It costs \$750</u> . Discount: <u>Today it is only 15%</u> . Reason: The discount rate <u>is better today</u> .	There are many phones. We selected the smart phone. Flip phones are cheaper, but the smart phone is more useful. The original price is \$400 plus sales tax. It was on sale for 15% off.	We chose to buy the tablet because it was a better deal. It was more expensive than the computer, however, it had a bigger percentage off. The tablet was \$495 and the computer was \$450. The rate of discount on the tablet was 20% and the rate of discount of the computer was 10%, so the tablet was a better value.	We had a choice of buying a tablet or a smart phone. We selected the tablet because it was the best value at the discount rate and we wanted to use it to watch movies. The estimated price of the tablet, including the discount and sales tax, was \$495. We figured we could go to the library if we wanted to use the computer. Plus, we can use the tablet to do searches on the internet.
	Language Forms & Conventions	cheap expensive	cheaper than the cheapest	Flip phones are cheaper, <u>but...</u>	<u>more expensive than the computer,</u> <u>however,...</u> discount <u>on</u> so the tablet	The estimated price of the tablet, <u>including the discount and sales tax</u> , was \$495.
	Vocabulary Usage	discount costs	price discount rate	sales tax on sale	percent off better deal	best value estimated price
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: sales tax, discount, percentage, ratio, proportion					
Example Context for Language Use: Students justify their choices of real-life situations in their daily notes (e.g., choosing items to buy based on discounts and local tax, selecting players for a fantasy team based on sports average, or determining best living option based on salary and local taxes.)						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 6

Standard 4-Language of Science

Connection		<p><i>National Science Education Standards, Life Science, C, Populations and Ecosystems (Grades 5-8):</i> A population consists of all individuals of a species that occur together at a given place and time. All populations living together and the physical factors with which they interact compose an ecosystem. Populations of organisms can be categorized by the function they serve in an ecosystem. Plants and some micro-organisms are producers—they make their own food. All animals, including humans, are consumers, which obtain food by eating other organisms. Decomposers, primarily bacteria and fungi, are consumers that use waste materials and dead organisms for food. Food webs identify the relationships among producers, consumers, and decomposers in an ecosystem.</p>				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
LISTENING	Ecosystems	Verify key elements and features of ecosystems from oral information using L1 or L2 and illustrated word banks	Label key elements and features of ecosystems from oral information using a template and illustrated word banks	Record key elements and features of ecosystems from oral information using a template and word banks	Take notes of key elements and features of ecosystems from oral information using word banks	Take detailed notes of key elements and features of ecosystems from oral information
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: deciduous forest, coniferous forest, temperate, rain forest, biomes, savannah	Cognitive Function: Students at all levels of English language proficiency will REMEMBER elements of different ecosystems.				
		Example Context for Language Use: Students will listen to oral descriptions (e.g. video clips, lecture, peer groups etc.) and recognize key elements of various ecosystems to prepare real-life models of them to display in their classrooms.				
		Level 6 - Reaching				

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 6

Standard 5-Language of Social Studies

		Connection						
		<i>National Curriculum Standards for Social Studies, Standard 6: Power, Authority, and Governance (Middle Grades):</i> Learners will understand: fundamental values of constitutional democracy (e.g., the common good, liberty, justice, equality, and individual dignity); The ideologies and structures of political systems that differ from those of the United States; The ways in which governments meet the needs and wants of citizens, manage conflict, and establish order and security.						
		Example Topic						
SPEAKING	Forms & organization of government Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: branches, legislative, judicial, executive, branches, local and federal separation of powers	Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging		Level 6 - Reaching
		Name similarities and differences among forms of government in different countries using graphic organizers and sentence starters	Describe similarities and differences among forms of government in different countries using graphic organizers	Give examples of similarities and differences among forms of government in different countries using a self-constructed graphic organizer	Compare and contrast among forms of government in different countries using a self-constructed diagram	Explain with details similarities and differences among forms of government in different countries using student notes		
		Cognitive Function: Students at all levels of English language proficiency ANALYZE the structure of international governments.						
		Example Context for Language Use: Students similarities and differences among the forms of governments in other countries to the class.						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 6

Complementary Strand: Language of Multiculturalism

Connection		<i>Alaska Cultural Standards for Students D (K-12):</i> Culturally-knowledgeable students are able to engage effectively in learning activities that are based on traditional ways of knowing and learning. 4. Gather oral and written history information from the local community and provide an appropriate interpretation of its cultural meaning and significance				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
SPEAKING	Interpretation of oral histories	Name events and traditions of the local community and their significance from notes taken using graphic organizers and illustrated environmental print	Describe events and traditions of the local community and their significance using note cards and illustrated environmental print	Explain events and traditions of the local community and their significance using note cards	Discuss events and traditions of the local community and their significance using notes from interviews	Interpret the significance of events and traditions of the local community using notes from interviews
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: accumulated specific knowledge, interpretation, local conventions, cultural significance	Cognitive Function: Students at all levels of English language proficiency ANALYZE traditional ways of knowing and interpreting information with events and traditions of the local community Example Context for Language Use: Students discuss the cultural significance of different community activities based on information from interviews with elders or long-term residents of the local community to identify relevant information to include in student-created resources (e.g. websites; publications, etc.) about their community.				
		Level 6 - Reaching				

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 7

Standard 1-Social & Instructional Language

Connection		Common Core State Standards for English Language Arts, Speaking and Listening, Presentation of Knowledge & Ideas #4-5 (Grade 7): Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 7 topics, texts, and issues, building on others' ideas and expressing their own clearly. d. Acknowledge new information expressed by others and, when warranted, modify their own views.					
		Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding
LISTENING	Collaboration	Identify opinions or points of view on a particular contemporary issue from oral statements with a partner	Classify opinions or points of view on a particular contemporary issue using a graphic organizer	Compare opinions or points of view on a particular contemporary issue based on oral statements with a partner	Modify personal opinions or points of view on a particular contemporary issue based on oral discussion in small groups	Interpret oral scenarios on opinions or points of view on contemporary issues through role play or dramatization	Level 6 - Reaching
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: active listening, mutual respect, debate, disagree, articulate, stale mate, contemporary issue, concur	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND diverse views on contemporary issues.					
	Example Context for Language Use: Students listen to each other and interact in a classroom discussion on a contemporary issue (e.g., poverty, school rules) and consider how their opinion evolved.						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 7

Standard 2-Language of Language Arts

		Connection					
		Common Core State Speaking and Listening Standards, Comprehension and Collaboration #2. (Grade 7): Analyze the main ideas and supporting details presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how the ideas clarify a topic, text, or issue under study.					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 – Reaching
Example Topic							
SPEAKING	Main ideas	Respond to yes or no questions about the main idea with visual support (e.g. captioned illustrations of plot, characters, etc.)	Identify main idea using graphic organizer (e.g., story map, plot line) with a partner or small group	Explain main idea using graphic organizer (e.g., story map, plot line) to a partner or small group	Distinguish between the main idea and supporting details using graphic organizer and examples from the text	Discuss the main idea using extended discourse	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: supporting details, theme, thesis	Cognitive Function: Students at all levels of English language proficiency ANALYZE main ideas of short stories and novels.					
	Example Context for Language Use: Students discuss main idea of short stories and novels with partners or in small groups.						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 7

Standard 3-Language of Mathematics

		<p>Connection</p> <p>Common Core State Standards for Mathematics, Expressions and Equations #4 (Grade 7): Use variables to represent quantities in a real-world or mathematical problem, and construct simple equations and inequalities to solve problems by reasoning about the quantities. a. Solve word problems leading to equations of the form $px + q = r$, where p, q, and r are specific rational numbers. Solve equations of these forms fluently. Compare an algebraic solution to an arithmetic solution, identifying the sequence of the operations used in each approach. For example, the perimeter of a rectangle is 54 cm. Its length is 6 cm. What is its width? b. Solve word problems leading to inequalities of the form $px + q > r$ or $px + q < r$, where p, q, and r are specific rational numbers. Graph the solution set of the inequality and interpret it in the context of the problem. For example, As a salesperson, you are paid \$50 per week plus \$3 per sale. This week you want your pay to be at least \$100. Write an inequality for the number of sales you need to make, and describe the solutions.</p>						
		Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Algebraic equations (linear equations)	Recognize words and phrases that provide key information to solve real-life mathematical problems using manipulatives, visual, and graphic supports	Recognize language that provides key information to solve real-life mathematical problems using visual and graphic supports	Identify language that provides key information to solve real-life mathematical problems using visual and graphic supports	Interpret language that provides key information to solve real-life mathematical problems using visual and graphic supports	Identify key implicit information to solve real-life mathematical problems	Level 6 - Reaching	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: inequality, linear equation, non-linear, simplify the expression, input/output	<p>Cognitive Function: Students at all levels of English language proficiency APPLY their algebraic knowledge to solve real-life problems.</p>						
	<p>Example Context for Language Use: Students read real-life problems and construct mathematical equations to find their solutions in small groups.</p>							

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 7

Standard 4-Language of Science

Connection		National Science Education Standards, Science as Inquiry, A, Understandings about Scientific Inquiry (Grades 5-8): Different kinds of questions suggest different kinds of scientific investigations. Some investigations involve observing and describing objects, organisms, or events; some involve collecting specimens; some involve experiments; some involve seeking more information; some involve discovery of new objects and phenomena; and some involve making models. Current scientific knowledge and understanding guide scientific investigations. Different scientific domains employ different methods, core theories, and standards to advance scientific knowledge and understanding... Scientific explanations emphasize evidence, have logically consistent arguments, and use scientific principles, models, and theories. The scientific community accepts and uses such explanations until displaced by better scientific ones. When such displacement occurs, science advances.					
		Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding
WRITING	Scientific inquiry	Illustrate and label control group and experimental group before and after the experiment using a graphic organizer	Complete summaries of the results of the control group and experimental group using graphic organizers	Describe the results of the control group and experimental group using graphic organizers	Compare and contrast the control group and experimental group before and after the experiment using graphic organizers	Interpret and summarize the results of the control group and experimental group after the experiment using a graphic organizer	Level 6 - Reaching
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: constants, control group, experimental group, hypothesis, hypothesis testing, data analysis, independent/dependent variable	Cognitive Function: Students at all levels of English language proficiency will UNDERSTAND how to interpret and represent the results of scientific inquiry.					
	Example Context for Language Use: Students summarize the results of a science experiment in a lab report.	Example Context for Language Use: Students summarize the results of a science experiment in a lab report.					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 7

Amplified Strand

Standard 5-Language of Social Studies

Connection		<i>Common Core Reading Standards for Literacy in History/Social Studies, Integration of Knowledge & Ideas #7: Integrate visual information (e.g., in charts, graphs, photographs, videos, or maps) with other information in print and digital texts.</i>				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Agriculture	Identify agricultural icons using visual or graphic support (e.g., on maps or graphs)	Locate resources or agricultural products using visual or graphic support	Distinguish among resources or agricultural products using visual or graphic support	Find patterns associated with resources or agricultural products using visual or graphic support	Draw conclusions about resources or agricultural products on maps or graphs from grade-level text
	Cognitive Function: Students at all levels of English language proficiency ANALYZE the importance of agricultural resources to regional economies.					
Criteria from the Performance Definitions (Example expectations)	Discourse Complexity	Corn and bananas grow in Brazil. Corn and bananas are agricultural products.	Rice, an agricultural product, is an important crop. It grows in the wet flat lands of China.	Coffee grows in countries with high mountains that are near the equator, while olives grow near warm seas. As a consequence, coffee is a major agricultural product of Ecuador while olives are important to the Mediterranean region.	Grains are significant agricultural products grown in the flatlands, or plains, of Russia. There are a variety of grains cultivated there. However, wheat accounts for over half of Russia's grain production while barley is Russia's second major grain.	Orange trees require the moist, nutrient-rich soil of tropical climates. In contrast, wheat prospers in cooler, arid climates with drier soil. Notice how agricultural productivity varies from region to region in Kenya. One requirement of successful agricultural production is selecting crops that are well-suited to the climate and soil of the region.

Level 6- Reaching

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

	Language Forms & Conventions	Coffee, corn, rice v. olives, bananas, oranges	Rice grows.... Bananas grow....	Corn grows... while olives grow...	...grown in the flatlands, or plains,....	One requirement of successful agricultural production is....
	Vocabulary Usage	crop rice corn bananas coffee olives wheat barley orange trees point to show	important crop farming region wet flat land locate	near the equator or near warm seas major consequence Mediterranean region while	accounts for cultivated significant a variety of grains plains	In contrast agricultural productivity/ production moist, tropical climates; cooler, arid climates well-suited
Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: renewable, non-renewable, resource allocation						
Example Context for Language Use: Students read informational texts and related websites about crops or agricultural products to use maps or create charts.						

Grade 7

Amplified Strand (continued)

Standard 5-Language of Social Studies

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 7

Complementary Strand: Language of Visual Arts

Connection		The National Standards for Arts Education #1, Understanding and Applying Media, Techniques, and Processes (Grades 5-8): Students select media, techniques, and processes; analyze what makes them effective or not effective in communicating ideas; and reflect upon the effectiveness of their choices. Students intentionally take advantage of the qualities and characteristics of art media, techniques, and processes to enhance communication of their experiences and ideas.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
LISTENING	Media (Materials)	Identify materials that could be used to communicate different ideas and experiences from pictures and oral statements (e.g., "paper maché," "clay")	Match different qualities of materials with their ability to communicate different ideas and experiences with a partner	Categorize the different qualities of materials according to their effectiveness to communicate different ideas and experiences in a small group using a graphic organizer	Compare the effectiveness of different materials in their ability to communicate different ideas and experiences	Infer reasons for artist's selection of media from extended oral discourse
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: design, representation	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND the communicative effectiveness of different artistic media.				
	Example Context for Language Use: Students listen to oral descriptions (e.g., teacher talk, video, pod cast, etc.) to determine the effectiveness of different materials or media.					
						Level 6 - Reaching

AUGUST 16, 2012

Grade 8

Standard 1: Social & Instructional Language

		Connection					
		<i>Common Core State Standards for English Language Arts, Writing, Text Type and Purposes #2-3 (Grade 8): Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content... Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences.</i>					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching
Example Topic							
WRITING	Peer Pressure	Draw and label storyboards about feelings and decisions influenced by peer pressure using illustrated word banks	Complete dialogues for storyboards or scripts about feelings and decisions influenced by peer pressure using model sentences	Describe actions for scripts about feelings and decisions influenced by peer pressure following models	Compose scripts about feelings and decisions influenced by peer pressure following models	Compose scripts about feelings and decisions influenced by peer pressure	
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: attitudes, behaviors, peer pressure, belonging, membership, strength of character						
	Cognitive Function: Students at all levels of English language proficiency CREATE a script.						
Example Context for Language Use: Students work in groups to prepare a script for a presentation (e.g., skit, video, multimedia) for incoming students focusing on peer pressure.							

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 8

Standard 2-Language of Language Arts

Connection		<i>Common Core Speaking and Listening Standards #3 (Grade 8):</i> Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and relevance and sufficiency of the evidence and identifying when irrelevant evidence is introduced.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
LISTENING	Analysis of an argument	Answer yes/no questions about an argument with illustrations	Identify key words or phrases related to an argument using a word bank	Match claims with supporting evidence in an argument using a graphic organizer	Categorize information in an argument using graphic organizers (e.g., relevant/irrelevant; pros/cons)	Recognize strengths and weaknesses in an argument
	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND the difference between making a claim and providing evidence.					

Level 6- Reaching

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Criteria from the Performance Definitions (Example expectations)	Discourse Complexity	The main character, Loretta, is kind. She is also stubborn. She helps her best friend, but she does not go with her to the pond.	I think Loretta shows courage in chapter two. For example, she goes to the magical forest alone. She also does not run away from the dragon. So, I believe Loretta is brave.	In general, Loretta is a strong character. She is both faithful and fearless. As a companion, for instance, she never leaves Sandra's side. Additionally, Loretta challenges the dragon in the forest.	Of all the protagonists in the story, I think Loretta is the star. She frequently faces scary creatures when she wants to flee. More specifically, she conquers the dragon and prevents the goblins from hurting Sandra.	Undeniably, Loretta represents the heroine of the tale. She not only defeats wicked monsters throughout the story, but she also proves herself as a loyal friend, except when she leaves her cousin behind. In addition to having admirable character traits, she is physically strong whenever she has the magical powers. In terms of leadership qualities, Loretta shows others how to do the right thing.
	Language Forms & Conventions	she is/does v. she is not/does not but	shows For example, also So,	In general, both ..., for instance,... never Additionally,	Of all... rather than More specifically,	Undeniably, Not only...but also In addition <u>to</u> In terms of
	Vocabulary Usage	kind tough best friend pond	I think... courage magical dragon I believe	faithful fearless companion challenge	frequently flee conquer prevent	represents defeat serve character traits leadership
	Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: relevant, irrelevant, evidence, premise, assumption, claim, persuasive					
Example Context for Language Use: Students listen to oral arguments to differentiate between claims and evidence about literature.						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 8

Standard 3-Language of Mathematics

Connection		<i>Common Core State Standards for Mathematics, Geometry #3-4 (Grade 8):</i> Describe the effect of dilations, translations, rotations, and reflections on two-dimensional figures using coordinates. Understand that a two-dimensional figure is similar to another if the second can be obtained from the first by a sequence of rotations, reflections, translations, and dilations; given two similar two-dimensional figures, describe a sequence that exhibits the similarity between them.				
		Example Topic				
LISTENING	Two-dimensional figures Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: geometric transformation, rotation, scale factor	Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
		Adjust the position of figures from transformations identified orally (e.g., “rotate,” “reflect,” etc.) using models and manipulatives	Match the original and new position of figures from transformations described orally (e.g. “reflection over the y-axis”) using models and manipulatives	Select the new position of figures from transformations described orally (e.g. translate 3 units on the x-axis and 2 units on the y-axis) using graphic organizers and visual supports	Find the new position of figures from transformations described orally using notes and visual supports	Determine the new position of figures from transformations described orally
		Cognitive Function: Students at all levels of English language proficiency UNDERSTAND how changing an equation affects the position of figures in the coordinate plane.				
		Example Context for Language Use: Students listen to oral instructions to complete transformations (e.g. dilations, translations, rotations, and reflections) of two-dimensional figures in a coordinate plane.				
Level 6 - Reaching

AUGUST 16, 2012

Grade 8

Standard 4: The Language of Science

		Connection						
		National Science Education Standards, Physical Science, B, Transfer of Energy (Grades 5-8): Energy is a property of many substances and is associated with heat, light, electricity, mechanical motion, sound, nuclei, and the nature of a chemical. Energy is transferred in many ways...In most chemical and nuclear reactions, energy is transferred into or out of a system. Heat, light, mechanical motion, or electricity might all be involved in such transfers.						
		Example Topic	Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	Level 6 - Reaching
SPEAKING	Forms of energy	Name the types of energy transferred using visual supports (e.g., heat, light, sound)	Give examples of the types of energy transferred using sentence frames and visual supports (e.g., "The _____ produces ____")	Describe the types of energy transferred using graphic organizers and visual supports	Compare and contrast the types of energy transferred using graphic organizers and visual supports	Discuss the types of energy transferred using visual supports		
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: heat wave, sound wave, conservation of matter, kinetic energy, potential energy							
		Cognitive Function: Students at all levels of English language proficiency will ANALYZE energy transfer.						
		Example Context for Language Use: Students decide with peers the types of energy transfers that occur in various situations from everyday life experiences (e.g. ice packs, thunderstorms, simple engines).						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 8

Standard 5-Language of Social Studies

		Connection					
		Common Core State Writing Standards for Literacy in History/Social Studies, Science, and Technical Subjects, Text Type and Purposes #1 (Grades 6-8): Write arguments focused on discipline-specific content. a. Introduce claim(s) about a topic or issue, acknowledge and distinguish the claim(s) from alternate or opposing claims, and organize the reasons and evidence logically. b. Support claim(s) with logical reasoning and relevant, accurate data and evidence that demonstrate an understanding of the topic or text, using credible sources. c. Use words, phrases, and clauses to create cohesion and clarify the relationships among claim(s), counterclaims, reasons, and evidence. d. Establish and maintain a formal style. e. Provide a concluding statement or section that follows from and supports the argument presented.					
		Example Topic					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
READING	Globalization Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: interdependence, worldwide, network, transnational	Match visually-supported words or phrases related to different effects of globalization with a partner using graphic organizers in L1 or L2	Classify words or phrases related to the effects of globalization with a partner using graphic organizers in L1 or L2	Compare examples of the effects of globalization based on visually-supported text using graphic organizers (e.g., "Cell phones are a more significant part of globalization because...")	Compare changes over time in the effects of globalization based on visually-supported text (e.g., "At first, the Internet was only common in wealthy countries. Now it is everywhere. This is important because")	Draw nuanced conclusions about the effects of globalization from grade-level text (e.g., "As a result of these changes, our world is more connected than ever. This phenomenon also brings certain risks such as identity theft and loss of local culture.")	Level 6 - Reaching
		Cognitive Function: Students at all levels of English language proficiency EVALUATE the effects of globalization around the world and in their local community.					
		Example Context for Language Use: Students read informational articles on globalization to consider its impact on various parts of life (e.g., Internet, Coca-Cola, cable TV and movies).					

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 8

Complementary Strand: The Language of Health & Physical Education

Connection		The National Physical Education Standards #6, Setting Goals for Good Health (Grades 5-8): Students will demonstrate the ability to use goal-setting and decision-making skills to enhance health—Demonstrate the ability to apply a decision-making process to health issues and problems individually and collaboratively. Analyze how health-related decisions are influenced by individuals, family, and community values. Predict how decisions regarding health behaviors have consequences for self and others. Apply strategies and skills needed to attain personal health goals. Describe how personal health goals are influenced by changing information, abilities, priorities, and responsibilities. Develop a plan that addresses personal strengths, needs, and health risks.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	Personal health goals	Classify personal health goals, decisions, or consequences using word banks or graphic organizers in L1 or L2	Describe personal health goals, decisions, or consequences using a word bank	Explain personal health goals, decisions, or consequences using sentence starters (e.g., “I chose ____ because ____.”)	Describe progress toward personal health goals using a model (e.g., “My body mass index has decreased but I have not lost weight. This may be because...”)	Relate progress toward personal health goals to grade-level content (e.g., “I know that I need to add more cardio instead of just weight lifting because I don’t have the highest metabolism...”)
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: nutritional content, body mass index, calories, food pyramid, metabolism	Cognitive Function: Students at all levels of English language proficiency EVALUATE choices for a healthy lifestyle.				
	Example Context for Language Use: Students design a fitness plan including a food and exercise diary to self-monitor their progress over time.					
		Level 6 - Reaching

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grades 9-10

Standard 1-Social & Instructional Language

Connection		<i>Common Core State Standards for English Language Arts, Speaking and Listening, Comprehension & Collaboration #1.C (Grade 9-10):</i> Propel conversations by posing and responding to questions that relate the current discussion to broader themes or larger ideas; actively incorporate others into the discussion; and clarify, verify, or challenge ideas and conclusions.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
SPEAKING	Leadership	<p>Make statements identifying responses to community challenges using visuals and word banks in small groups (e.g., point out examples of evidence of leadership in pictures of community scenes)</p>	<p>Provide examples of responses to community challenges using sentence frames in small groups (e.g., "A leader could _____ to solve the problem.")</p>	<p>Pose questions about responses to community challenges using expanded sentence frames in small groups</p>	<p>Explain and elaborate on responses to community challenges in small groups</p>	<p>Defend responses to community challenges in small groups</p>
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: delegate, compromise, represent, motivate, inspire, set an example					
	Cognitive Function: Students at all levels of English language proficiency APPLY interpersonal and leadership strategies to current issues.					
	Example Context for Language Use: Students role play community leaders negotiating plans for how they would respond to current school or community challenges.					
Level 6 - Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grades 9-10

Standard 2- Language of Language Arts

Connection		<i>Common Core State Standards, English Language Arts, Reading: Informational Text, Integration of Knowledge and Ideas #8 (Grades 9-10): Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is valid and the evidence is relevant and sufficient; identify false statements and fallacious reasoning.</i>				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Point of view	Identify examples of facts from visually supported captions (e.g. of newspaper or magazine photographs) with a partner in L1 or L2	Identify examples of point of view from visually supported captions (e.g. of political cartoons) with a partner in L1 or L2	Sort visually supported text according to point of view, and share with a partner	Identify evidence of point of view (e.g., word choice, tone) in various texts, and share in small groups	Compare and contrast various sources according to how point of view is expressed
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: bias, claim, evidence, argument, valid, stereotype, tone, perspective, judgment					
	Cognitive Function: Students at all levels of English language proficiency will ANALYZE author's point of view.					
	Example Context for Language Use: Students read a variety of texts (e.g., speech transcripts, websites, editorials) to identify author's point of view and choose appropriate sources for a research project.					
Level 6 – Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grades 9-10

Standard 3-Language of Mathematics

Connection		<i>Common Core State Standards for Mathematics, Geometry, Similarity, Right Triangles and Trigonometry #6-8 (Grade 9-10):</i> Understand that by similarity, side ratios in right triangles are properties of the angles in the triangle, leading to definitions of trigonometric ratios for acute angles. Explain and use the relationship between the sine and cosine of complementary angles. Use trigonometric ratios and the Pythagorean Theorem to solve right triangles in applied problems				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	Right triangles	Sequence elements of right triangle word problems using illustrated phrase banks with a partner	Complete right triangle word problems using sentence frames and word banks (e.g., sine, cosine, tangent, right triangle)	Modify right triangle word problems using textbook models	Compose right triangle word problems using textbook models and rubrics	Compose right triangle word problems
	Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed</i> to grade-level words and expressions, such as: Trigonometric functions (sine, cosine, tangent), Pythagorean Theorem, Hypotenuse, opposite, adjacent	Cognitive Function: Students at all levels of English language proficiency CREATE word problems requiring the use of trigonometric ratios and the Pythagorean Theorem to solve.				
		Example Context for Language Use: Students write word problems that can be solved by using right triangles (e.g., finding the height of a tree by using its shadow), and trade with a classmate to solve each other's problems.				
Level 6 – Reaching

Level 6- Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Criteria from the Performance Definitions (Example expectations)	<p>Discourse Complexity</p>	<p><u>The University:</u> <u>Quick Facts</u></p> <ul style="list-style-type: none"> • Founded in 1910 • 27,000 students from 41 states and 60 countries • Located in Townville, U.S. • Named "Best Value U" by Ratings Magazine for 3 straight years <p><u>Residential Life</u> First- and second-year students reside in campus housing. Living opportunities include 12 residence halls, 35 theme houses, and nine apartment complexes.</p> <p><u>Scholarships and Financial Aid</u></p> <ul style="list-style-type: none"> • More than \$150 million in scholarships and financial aid each year • Awarded for need, merit, and/or talent <p><u>Majors</u> Accounting, Anthropology, Art, Biochemistry, Biology, Business...</p> <p>Visit Campus <u>The best way</u> to decide if the University is right for you is by visiting campus. Schedule your visit at university.edu/admission or call 1-800-I-VISIT-U.</p>	<p><u>Career Description</u> Individuals who enjoy working with tools and their hands to repair machinery may be interested in work as a mechanic. Today, mechanics often use computer diagnostic equipment to find and fix problems, so mechanics also need to continually learn about changes in technology. Most mechanics specialize in at least one area such as automotive, aircraft, small engine, air conditioning and refrigeration, or industrial machinery.</p> <p>Mechanics generally have a love for machines or vehicles, but many also like customer service and feel a sense of accomplishment from helping people.</p> <p><u>Education</u> Typically, only a high school diploma or GED is required and most training occurs on the job. However, mechanics with some formal training from a trade school or community college will find more opportunities and better paying jobs. Most training programs take from 6 months to 2 years to complete.</p>	<p><u>Close, Interesting:</u> <u>The Creative Institutes</u> This system of schools offers real-world education in the areas of culinary arts, fashion, film, graphic design, and more. With over 50 schools in 30 states, you can earn an associate degree or technical diploma in one of these subjects at a campus near you!</p> <p><u>Close, Affordable:</u> <u>Convenient College</u> For over 15 years, Convenient College has offered affordable student-centered, quality, career-focused education. Our online program offers bachelor's degrees tailored to meet your personal needs at a pace that is right for you. Possessing current experience in business, criminal justice, health care, and psychology, our faculty is here for you. At Convenient College, you will find a warm, friendly community with small class sizes and staff dedicated to your advancement.</p> <p><u>Interesting:</u> <u>Teacher College</u> Our Early Childhood program combines hands-on field work with academic coursework. Success depends on a caring attitude, flexibility, dependability, and strong communications skills. If this sounds like a fit for you, the time is right to apply!</p>	<p><u>Pre-law</u> Are you driven to earn top grades? Are you interested in student government? Can you picture yourself as an intern in a law office? Are you committed to studying for the LSAT?</p> <p>Since pre-law is rarely offered as a major, a pre-law advising program will help you stay on track as you prepare for law school. It helps to be a good communicator and you'll be more likely to succeed in law school if you are an analytical thinker who enjoys problem solving. Though many pre-law students choose majors like English or political science, you can major in anything at all!</p> <p><u>Nursing Aides</u> Nursing aides' responsibilities range from bathing patients to taking their temperature to leading a group card game. If you are attracted to the many virtues of nursing but not the time it takes to become an RN, a nursing aide position may be right for you. And if you are thinking of becoming a nurse, this job may help you decide if you want to continue your education and training. Nursing aides can work days, nights, and/or weekends, and some jobs require use of your own transportation.</p>	<p>Choosing a career is a big decision for recent graduates and seasoned professionals alike. With so many options and factors to consider, some individuals feel overwhelmed or pressured to settle on the career path that seems most convenient. Unfortunately, hastily selecting an occupation often leads to personal and professional dissatisfaction within months or years. Although it may seem like an insurmountable challenge, with a bit of time, energy, and self-examination, choosing a career path can be exhilarating. A strategic plan for accomplishing career goals is the first step to a successful career. Here are some important steps to consider in creating a plan that's right for you:</p> <ol style="list-style-type: none"> 1. Look within: what are your values, interests, and objectives? What do others perceive as your greatest strengths? Consider trying career assessments or even career counseling to answer these questions. 2. Make a list of possibilities: Look at educational requirements, the job description, earnings, and opportunities for advancement before adding a job to your list. 3. Narrow down your list according to the criteria you value most. 4. Set reasonable goals and create an action plan.

	Vocabulary Usage	University residence hall financial aid major campus	equipment specialize formal training, certification, diploma customer service	real-world education affordable student-centered career-focused meet your needs pace warm community advancement flexibility, dependability, strong communication skills the time is right	picture yourself advising program stay on track analytical thinker problem solving anything at all virtues	seasoned professionals Settle on a career path factors hastily insurmountable challenge exhilarating look within perceive as Narrow down criteria you value most
	<p>Topical Vocabulary: Students at all levels of English language proficiency are <i>exposed to</i> grade-level words and expressions, such as: vocation/trade, merit scholarship, cost of living, room and board, professional reference, resumé-building</p>					
<p>Example Context for Language Use: Students review college or career marketing materials (e.g., print or online) according to self-selected criteria (e.g., affordability, location, time commitment, requirements, interest) to make personal informed decisions on post-secondary options.</p>						

Grades 11-12

Amplified Strand (continued)

Standard 1-Social & Instructional Language

© September 2011, Board of Regents of the University of Wisconsin System on behalf of the WIDA Consortium

DRAFT

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grades 11-12

Standard 2- Language of Language Arts

Connection		<i>Common Core State Standards, English Language Arts, Reading: Literature, Craft & Structure #6 (Grades 11-12):</i> Analyze a case in which grasping a point of view requires distinguishing what is directly stated in a text from what is really meant (e.g., satire, sarcasm, irony, or understatement).				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
LISTENING	Satire	Recognize satirical patterns and expressions supported by visual cues in L1 or L2	Classify speech samples as satirical or non-satirical with a partner in L1 or L2	Compare literal meaning and satirical meaning using graphic organizers with a partner	Interpret the satirical content of visually supported speech working with a partner	Infer the speaker's purposes in satirical speech
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: satire, satirical humor, reading between the lines, juxtaposition, ridicule	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND the elements and purpose of culturally-relevant satire.				
	Example Context for Language Use: Students listen to performances of satirical plays and use observations about intonation patterns to understand underlying meaning.					
Level 6 - Reaching						

Grades 11-12

Standard 3-Language of Mathematics

Connection		<p><i>Common Core State Standards for Mathematics, Functions, Interpreting Functions #4-6 (Grades 11-12):</i> For a function that models a relationship between two quantities, interpret key features of graphs and tables in terms of the quantities, and sketch graphs showing key features given a verbal description of the relationship. <i>Key features include: intercepts; intervals where the function is increasing, decreasing, positive, or negative; relative maximums and minimums; symmetries; end behavior; and periodicity.</i> Relate the domain of a function to its graph and, where applicable, to the quantitative relationship it describes. <i>For example, if the function $h(n)$ gives the number of person-hours it takes to assemble n engines in a factory, then the positive integers would be an appropriate domain for the function.</i> Calculate and interpret the average rate of change of a function (presented symbolically or as a table) over a specified interval. Estimate the rate of change from a graph.</p>				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
SPEAKING	Mathematical relations & functions	Name key properties of functions using graphs and equations in L1 or L2	Give examples of key properties of functions using graphs and equations with a partner	Summarize how key properties of a function are represented using labeled graphs and equations, or a word bank	Explain with details representations of key properties of functions in small groups (e.g., think aloud)	Provide reasons why key properties of functions relate to real-world events. (e.g., the periodicity of a pendulum, range of data for lunar cycles)
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: periodicity, rate of change, quadratic functions, parabola	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND properties of functions.				
		Example Context for Language Use: Students explain, in pairs or small groups, how mathematical abstractions in equations and graphs can represent real-life situations (e.g., using functions and graphs to analyze the lunar cycle, analyze motion graphs of a falling object or parabolic motion.)				
Level 6 - Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grades 11-12

Standard 4-Language of Science

Connection		National Science Education Standards, Physical Science, B3, Chemical Reactions (Grades 9-12): Chemical reactions occur all around us, for example in health care, cooking, cosmetics, and automobiles. Complex chemical reactions involving carbon-based molecules take place constantly in every cell in our bodies...A large number of important reactions involve the transfer of either electrons (oxidation/reduction reactions) or hydrogen ions (acid/base reactions) between reacting ions, molecules, or atoms. In other reactions, chemical bonds are broken by heat or light to form very reactive radicals with electrons ready to form new bonds...Catalysts, such as metal surfaces, accelerate chemical reactions. Chemical reactions in living systems are catalyzed by protein molecules called enzymes.				
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
READING	Chemical reactions	Match information about chemical reactions from a chart to a graphic organizer with a partner	Locate information about chemical reactions on a data chart and/or graphic organizer in small groups	Sort results of chemical reactions from data charts using a graphic organizer	Interpret the results of chemical reactions using data on charts	Draw conclusions based on written results of chemical reactions given a data chart (e.g., "Would you want this chemical in your kitchen? Would this chemical be a problem in a natural waterway?")
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: reactant, endothermic exothermic, chemical nomenclature, oxidation-reduction, catalyst, single/double replacement reaction	Cognitive Function: Students at all levels of English language proficiency ANALYZE the chemical properties of substances.				
		Example Context for Language Use: Students use charts and graphic organizers (e.g. dichotomous keys) to determine the identity of unknown chemicals in chemical reactions.				
Level 6 - Reaching						

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grades 11-12

Standard 5- Language of Social Studies

		<p><i>Common Core State Standards for English Language Arts, Writing, Research to Build & Present Knowledge #7-9 (Grade 11-12):</i> Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation. Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the strengths and limitations of each source in terms of the specific task, purpose, and audience; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and overreliance on any one source and following a standard format for citation. Draw evidence from informational texts to support analysis, reflection, and research.</p>				
Connection						
Example Topic		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging
WRITING	<p>Historical figures & times</p> <p>Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: plagiarism, database, reliable source, social construct, key figure</p>	<p>Identify the significance of individuals' leadership in politics, economics, or society using graphic organizers or sentence frames with a partner</p>	<p>Take notes about roles of significant individuals or ideologies in politics, economics, or society with a partner using graphic organizers</p>	<p>Organize notes about roles of significant individuals or ideologies in politics, economics, or society using primary source text, photographs, and graphic organizers</p>	<p>Describe the impact of significant individuals and ideologies on politics, economics, or society using primary source text, photographs, and writing rubrics</p>	<p>Discuss in detail the impact of individuals and ideologies on historical times in politics, economics, or society using primary source text, photographs, and writing rubrics</p>
	<p>Cognitive Function: Students at all levels of English language proficiency EVALUATE historical information and points of view from multiple sources.</p>					
	<p>Example Context for Language Use: Students write up the results of research on a historical time period or event (e.g., What was the purpose and origins of the American eugenics movement?).</p>					
		Level 6 - Reaching				

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

Grade 11-12

Complementary Strand: Language of Music and Performing Arts

		Connection					
		<p><i>National Arts Standards for Music #9, Understanding Music in Relation to History and Culture (Grades 9-12):</i> Students classify by genre or style and by historical period or culture unfamiliar but representative aural examples of music and explain the reasoning behind their classifications. Students identify and explain the stylistic features of a given musical work that serve to define its aesthetic tradition and its historical or cultural context. Students identify and describe music genres or styles that show the influence of two or more cultural traditions, identify the cultural source of each influence, and trace the historical conditions that produced the synthesis of influences.</p>					
		Example Topic					
		Level 1 Entering	Level 2 Emerging	Level 3 Developing	Level 4 Expanding	Level 5 Bridging	
SPEAKING	Musical genres	Name musical genres and match recordings with word or phrase descriptions of their times from a word bank	Relate key dates and events in the development of musical genres using representative recordings (e.g., jazz through the eras)	Tell about development of musical genres and related social or cultural events using representative recordings	Describe in detail the development of musical genres and related social or cultural events using representative recordings	Explain connections between cultural and historical knowledge and knowledge of musical genres (e.g., coded language in American blues music)	Level 6 - Reaching
	Topical Vocabulary: Students at all levels of English language proficiency are exposed to grade-level words and expressions, such as: social context, instrumentation, social commentary, crossover	Cognitive Function: Students at all levels of English language proficiency UNDERSTAND musical genres within their social or cultural context.					
	Example Context for Language Use: Students give a presentation to the class showing the relationships between social or cultural changes in society and a modern musical genre (e.g., hip hop, blues, 1970's salsa, protest music)						

THIS PAGE INTENTIONALLY LEFT BLANK

WIDA English Language Proficiency Standards License

This license agreement is between the Idaho State Department of Education (ISDE) and the Board of Regents of the University of Wisconsin System, on behalf of the University of Wisconsin-Madison's Wisconsin Center for Education Research (WCER).

WCER is the organizational home of the WIDA Consortium (WIDA), a multi-state coalition of state departments of education that acts in collaboration to research, design and implement a standards-based educational system that promotes equitable educational opportunities for English language learners in pre-kindergarten through grade twelve. The WIDA *English Language Proficiency Standards Pre-Kindergarten through Grade 12* (the "WIDA ELP Standards") form the base of this system. The WIDA ELP Standards include the four recognized domains of speaking, listening, reading, and writing, and are based on the academic language content of preK-12 students.

Title III of the Federal Elementary and Secondary Education Act (The No Child Left Behind Act of 2001 or NCLB) require a State educational agency ("SEA") to establish standards and objectives for raising the level of English proficiency of limited English proficient students that are derived from the four recognized domains of speaking, listening, reading, and writing, and that are aligned with achievement of the challenging State academic content and student academic achievement standards

ISDE, on behalf of the Idaho State Board of Education, desires to adopt the WIDA ELP Standards to serve as the State's English language development standards and to obtain a license to use the WIDA ELP Standards for State of Idaho purposes and WCER, as owner of the WIDA ELP Standards copyright desires to provide ISDE with a license to use the WIDA ELP Standards.

Therefore, the Parties agree as follows:

TERM

This license shall remain in effect as long as the Idaho State Board of Education elects to use the WIDA ELP Standards as the State's English language development Standards.

SPECIAL ACKNOWLEDGEMENTS

ISDE Acknowledges the following:

1. The WIDA ELP Standards are a unique set of English Language Proficiency Standards based on the principles of academic language learning that employ a specific format and

transformative elements for indicating a student's performance level of academic language proficiency for any given language domain and proficiency standard. The principles, format and elements of the WIDA ELP Standards (the "concepts") are described in detail in the WIDA Consortium publication: *English Language Proficiency Standards and Resource Guide PreKindergarten through Grade 12*, 2007 Edition (and including future editions);

2. That both parties have a common interest in ensuring that the WIDA ELP Standards are implemented by classroom teachers and other educational professionals in a manner that is consistent with the concepts of the WIDA ELP Standards;
3. That WIDA promotes, through publications, trainings and other goods and services instructions, skills and strategies for implementing its ELP Standards for classroom use by teachers and for curriculum, instructional and assessment planning by teachers and other educational professionals throughout the United States; and
4. That WIDA offers assessment services to several state departments of education, the WIDA Consortium, through the development and distribution of the English language proficiency assessment, entitled ACCESS for ELLs, which is based on and aligned to the WIDA ELP Standards.

INTELLECTUAL PROPERTY OWNERSHIP AND LICENSE

WCER and the Board of Regents of the University of Wisconsin System, on behalf of the WIDA Consortium, own the copyrights of the WIDA ELP. This agreement does not convey any exclusive rights, title or interest in or to the WIDA ELP Standards to ISDE. Because WCER makes the WIDA ELP Standards available to all WIDA Consortium member states, ISDE shall not take any actions that would limit or restrict access to the materials by other states.

Unless otherwise expressed in writing, ISDE shall retain all rights in training and other materials developed by ISDE. Any specific works that WCER develops and delivers solely for ISDE shall be expressly agreed upon in writing and shall be on a work made for hire basis with ISDE retaining ownership of the works.

The WIDA ELP Standards includes the Resource Guide and all future editions of the ELP Standards or English language development standards;

WCER hereby grants ISDE the right to use the WIDA ELP Standards for State of Idaho educational purposes within the State of Idaho only and subject to the following conditions:

ISDE's license to use the WIDA ELP Standards is not subject to any fee and shall remain in effect as long as ISDE and/or the State of Idaho Board of Education elects to use the WIDA ELP Standards as the State's English language development Standards. WCER will make the WIDA ELP Standards available electronically in PDF format from the WIDA Consortium

website. WCER will publically display and provide the WIDA ELP Standards for download free of charge for personal and educational purposes. Educational purposes shall include LEA and individual school/teacher use within the State of Idaho. This license does not include the right for ISDE or any LEA within the State of Idaho to copy and distribute the WIDA ELP Standards beyond de minimis use (de minimis use is less than 100 copies per event). WCER will publish or license to publish full color bound copies of the WIDA ELP Standards and make available to ISDE, LEAs and other educators within the State of Idaho. The WIDA ELP Standards shall not be modified or publically displayed for electronic storage and retrieval in any manner without express written permission from WCER. However, linking to the WIDA Consortium website and stating the free availability of the WIDA ELP Standards is encouraged. WCER will grant additional permissions upon request but ISDE acknowledges that WCER may include additional reasonable restrictions for quality control purposes depending on the nature of the request.

WIDA and the WIDA Consortium logo are trademarks of the Board of Regents of the University of Wisconsin System (collectively the "WIDA Trademarks). Any use of the WIDA Trademarks shall inure to the benefit of WCER. ISDE acknowledges that WCER may, from time-to-time, issue trademark and copyright use guidelines and policies in order to maintain the proper use and integrity of the WIDA Trademarks and WIDA Works and the quality of WCER services and products. ISDE shall assist WCER in implementing any trademark and copyright use guidelines for all uses by ISDE and [state]'s LEAs.

CONSORTIUM MEMBER STATUS

ISDE acknowledges that it is not joining the WIDA Consortium by entering this agreement and is therefore, not entitled to any of the additional benefits afforded to WIDA Consortium members states.

THIRD PARTY USE

ISDE may authorize (license) third parties to use the WIDA ELP Standards solely for the purpose of providing services to the State of Idaho in order to meet its federal obligations under NCLB. ISDE shall not authorize any third party use of the WIDA Trademarks without obtaining prior written approval from WCER.

Any third party authorizations shall explicitly include the limitations described in this license. If ISDE authorizes any third-party to use the WIDA ELP Standards in accordance with this MOU, it shall include a license term which states that if the authorized third party breaches ISDE's authorization, that breach will constitute infringement and that the third party will be liable to both ISDE and WCER for infringement.

ISDE shall not authorize any third party to use in connection with any instructional material or assessment alignment, correlation or other educational services the WIDA ELP Standards in a manner that would cause confusion, mistake, or deception among prospective customers or users of the WIDA ELP Standards or that would constitute unfair competition under state or federal law. ISDE shall notify and cooperate with WCER if it learns of any third party use of the WIDA ELP Standards in the State of Idaho in a manner that is inconsistent with the concepts of the WIDA ELP Standards, described above.

In order for WCER to maintain quality control over goods and services that are provided in connection with its WIDA trademarks and its WIDA ELP Standards, any methods used by ISDE or authorized third party to study and demonstrate the alignment between the WIDA ELP Standards and any other NCLB compliant state standards or assessments shall be approved by ISDE and, if required by federal law, the U.S. Department of Education ("U.S. ED"). ISDE shall notify WIDA within 10 business days if the method or results of any alignment study produced in accordance with this paragraph are rejected by ISDE or U.S. ED. WCER may request and ISDE shall, as soon as practicable, provide WCER with any alignment study reports or summaries produced in accordance with this paragraph.

DISCLAIMER

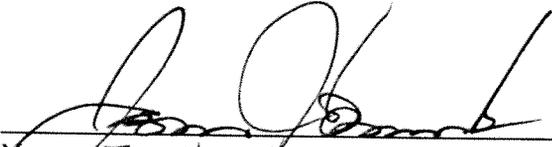

The parties acknowledge that the Idaho Legislature, Idaho State Board of Education, ISDE and Idaho's LEAs set and implement the educational policy for the State of Idaho, including, but not limited to, the determination of how ISDE and Idaho's LEAs will meet Idaho's and Idaho's LEAs' federal requirements under NCLB.

THE WIDA ELP STANDARDS OFFERED UNDER THIS LICENSE WERE DEVELOPED AS PART OF THE NON-PROFIT RESEARCH AND EDUCATIONAL ACTIVITIES OF THE UNIVERSITY OF WISCONSIN-MADISON, AND ARE PROVIDED TO ISDE AS PART OF THE UNIVERSITY'S MISSION OF OUTREACH AND SERVICE TO THE EDUCATIONAL COMMUNITY. THE UNIVERSITY HAS NO REASON TO BELIEVE THAT THE WIDA ELP STANDARDS INFRINGE ON THE INTELLECTUAL PROPERTY RIGHTS OF ANY THIRD PARTY, OR ARE UNFIT FOR THE PURPOSES DESCRIBED IN THIS LICENSE; HOWEVER, DUE TO THE NON-COMMERCIAL NATURE OF THE UNIVERSITY IT CAN NOT PROVIDE WARRANTIES FOR THE WIDA ELP STANDARDS, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. NEITHER PARTY SHALL BE LIABLE UNDER THIS LICENSE FOR ANY SPECIAL, CONSEQUENTIAL, INDIRECT OR INCIDENTAL DAMAGES.

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

This license agreement will become effective once ISDE and WCER both sign it. The date of this license shall be the date on which it is signed by the last party to sign it.

SUBJECT

Proposed Rule - IDAPA 08.02.03.008, Rules Governing Thoroughness-Definitions H-S

APPLICABLE STATUTE, RULE, OR POLICY

Sections 33-105 and 33-1627, Idaho Code

BACKGROUND/DISCUSSION

Section 33-1627, Idaho Code establishes a mobile computing device program for high school teachers, beginning in the 2012-2013 school year, and students, beginning in the 2013-2014 school year. It also allows school districts that already have a mobile computing program to receive an allocation of funds equal to the cost of purchasing mobile computing devices, in lieu of receiving such devices. Therefore, the state needs a framework to determine whether or not a school district meets the goal of the one-to-one mobile computing device program before discretionary funds in lieu of devices are allocated.

The definition in the proposed rule was crafted to take into account the need for every student and teacher to have access to the device all day—rather than a lab with limited devices— and the need for the devices to have connectivity, full functionality and mobility.

The definition in the proposed rule was crafted at the recommendation of the Technology Task Force, in order to define a holistic approach to professional development that is well planned and administered to develop and promote effective instructional practices. The definition ensures the incorporation high academic standards, data driven analysis and review, individualized course offerings or opportunities, and developing professional learning communities.

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

**IDAPA 08
TITLE 02
CHAPTER 03**

08.02.03 - RULES GOVERNING THOROUGHNESS

008. DEFINITIONS H - S.

01. Interdisciplinary or Integrated Assessment. Assessment based on tasks that measures a student's ability to apply concepts, principles, and processes from two (2) or more subject disciplines to a project, issue, or problem. (4-5-00)

02. International Baccalaureate (IB) - Administered by the International Baccalaureate Organization, the IB program provides a comprehensive liberal arts course of study for students in their junior and senior years of high school. IB students take end-of-course exams that may qualify for college credit. Successful completion of the full course of study leads to an IB diploma. (4-11-06)

03. Laboratory. A laboratory science course is defined as one in which at least one (1) class period each week is devoted to providing students with the opportunity to manipulate equipment, materials, specimens or develop skills in observation and analysis and discover, demonstrate, illustrate or test scientific principles or concepts. (4-11-06)

04. Learning Plan. The plan that outlines a student's program of study, which should include a rigorous academic core and a related sequence of electives in academic, professional-technical education (PTE), or humanities aligned with the student's post-graduation goals. (4-11-06)

05. Narrative. Text in any form (print, oral, or visual) that recounts events or tells a story. (4-5-00)

06. Norm-Referenced Assessment. Comparing a student's performance or test result to performance of other similar groups of students; (e.g., he typed better than eighty percent (80%) of his classmates.) (4-5-00)

07. On-Demand Assessment. Assessment that takes place at a predetermined time and place. Quizzes, state tests, SATs, and most final exams are examples of on-demand assessment. (4-5-00)

08. One-to-One Mobile Computing Program. Each student and teacher has possession of their own district- or state-funded mobile computing device that can wirelessly connect to the Internet, operate productivity tools, and facilitate collaborative online work, at any time during the school day while at school. The Program must also incorporate Professional Development that addresses, at a minimum, technological and pedagogical attributes to support effective integration into instruction. ()

08.09. Online Course. A course in which at least eighty percent (80%) of the course content is delivered over the Internet or through the use of technology. An online course may be asynchronous or synchronous. Online teachers may perform the course work from an alternate location while a paraprofessional or other school staff member supervises students in a computer lab environment. (3-29-12)

09-10. Online Learning. Education in which the majority of course content is delivered online or through the use of technology. Courses may be delivered in an asynchronous or synchronous course format and may include blended or hybrid course models or fully online course models. (3-29-12)

a. Online learning does not include printed-based correspondence education, broadcast television or radio, videocassettes, and stand-alone education software programs that do not have a significant internet-based instructional component. (3-29-12)

b. Online learning is not simply computer based instruction, but rather requires that the online

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

teacher and the student have ongoing access to one another for purposes of teaching, evaluating, and providing assistance to the student throughout the duration of the course. (3-29-12)

d. All online learning must meet the Idaho content standards. (3-29-12)

10.11. Online Teacher (Instructor). The teacher of record who holds an appropriate Idaho certification and provides the primary instruction for an online course. (3-29-12)

11.12. Performance Assessment. Direct observation of student performance or student work and professional judgment of the quality of that performance. Good quality performance assessment has pre-established performance criteria. (4-5-00)

12.13. Performance-Based Assessment. The measurement of educational achievement by tasks that are similar or identical to those that are required in the instructional environment, as in performance assessment tasks, exhibitions, or projects, or in work that is assembled over time into portfolio collections. (4-5-00)

13.14. Performance Criteria. A description of the characteristics that will be judged for a task. Performance criteria may be holistic, analytic trait, general or specific. Performance criteria are expressed as a rubric or scoring guide. Anchor points or benchmark performances may be used to identify each level of competency in the rubric or scoring guide. (4-5-00)

14.15. Phonics. Generally used to refer to the system of sound-letter relationships used in reading and writing. Phonics begins with the understanding that each letter (or grapheme) of the English alphabet stands for one (1) or more sounds (or phonemes). (4-5-00)

15.16. Portfolio. A collection of materials that documents and demonstrates a student's academic and work-based learning. Although there is no standard format for a portfolio, it typically includes many forms of information that exhibit the student's knowledge, skills, and interests. By building a portfolio, students can recognize their own growth and learn to take increased responsibility for their education. Teachers, mentors, and employers can use portfolios for assessment purposes and to record educational outcomes. (4-5-00)

17. Professional Development. A comprehensive, sustained, timely, and intensive process to improve effectiveness of teachers and administrators in raising student achievement, which: ()

a. Aligns with rigorous state academic achievement standards, local educational agency goals, school improvement goals, effective technology integration, and state standards. ()

b. Utilizes data driven instruction using a thorough review and continual evaluation of data on teacher and student performance to define clear goals and distinct outcomes. ()

c. Provides opportunities that are individualized enough to meet distinct and diverse levels of need for teachers and administrators. ()

d. Is facilitated by well-prepared school administrators, coaches, mentors, master teachers, lead teachers, or third-party providers under contract with the State Department of Education, school district, or charter school, and supported by external research, expertise, or resources. ()

e. Fosters a collective responsibility by educators within the school for improved student performance and develops a professional learning community. ()

16.18. Print Awareness. In emergent literacy, a learner's growing awareness of print as a system of meaning, distinct from speech and visual modes of representation. (4-5-00)

17.19. Professional-Technical Education. Formal preparation for semi-skilled, skilled, technical, or paraprofessional occupations, usually below the baccalaureate level. (4-11-06)

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

18-20. Proficiency. Having or demonstrating a high degree of knowledge or skill in a particular area. (4-5-00)

19-21. School-to-Work Transition. A restructuring effort that provides multiple learning options and seamless integrated pathways to increase all students' opportunities to pursue their career and educational interests. (4-5-00)

20-22. Service Learning. Combining service with learning activities to allow students to participate in experiences in the community that meet actual human needs. Service learning activities are integrated into the academic curriculum and provide structured time for a student to think, talk, or write about what was done or seen during the actual service activity. Service learning provides students with opportunities to use newly acquired skills and knowledge in real-life situations in their communities, and helps foster the development of a sense of caring for others. (4-5-00)

21-23. Skill Certificate. Portable, industry-recognized credential that certifies the holder has demonstrated competency on a core set of performance standards related to an occupational cluster area. Serving as a signal of skill mastery at benchmark levels, skill certificates may assist students in finding work within their community, state, or elsewhere. A National Skills Standards Board is presently charged with issuing skill voluntary standards in selected occupations based on the result of research and development work completed by twenty-two (2) contractors. (4-5-00)

22-24. Standards. Statements about what is valued in a given field, such as English language arts, and/or descriptions of what is considered quality work. See content standards, assessment standards, and achievement standards. (4-2-08)

23-25. Standardization. A set of consistent procedures for constructing, administering and scoring an assessment. The goal of standardization is to ensure that all students are assessed under uniform conditions so the interpretation of performance is comparable and not influenced by differing conditions. Standardization is an important consideration if comparisons are to be made between scores of different individuals or groups. (4-5-00)

24-26. Standards-Based Education. Schooling based on defined knowledge and skills that students must attain in different subjects, coupled with an assessment system that measures their progress. (4-5-00)

25-27. Structured Work Experience. A competency-based educational experience that occurs at the worksite but is tied to the classroom by curriculum through the integration of school-based instruction with worksite experiences. Structured work experience involves written training agreements between school and the worksite, and individual learning plans that link the student's worksite learning with classroom course work. Student progress is supervised and evaluated collaboratively by school and worksite personnel. Structured work experience may be paid or unpaid; may occur in a public, private, or non-profit organization; and may or may not result in academic credit and/or outcome verification. It involves no obligation on the part of the worksite employer to offer regular employment to the student subsequent to the experience. (4-5-00)

26-28. Student Learning Goals (Outcomes). Statements describing the general areas in which students will learn and achieve. Student learning goals typically reflect what students are expected to know by the time they leave high school, such as to read and communicate effectively; think critically and solve problems; develop positive self-concept, respect for others and healthy patterns of behavior; work effectively in groups as well as individually; show appreciation for the arts and creativity; demonstrate civic, global and environmental responsibility; recognize and celebrate multicultural diversity; exhibit technological literacy; have a well developed knowledge base which enhances understanding and decision making, and demonstrate positive problem solving and thinking skills. (4-5-00)

27-29. Synchronous Course. A course in which the teacher and students interact at the same time. May be applied to both traditional and technology based courses. (3-29-12)

Idaho Administrative Code, IDAPA 08.02.03 – Section 112, Accountability

BACKGROUND/DISCUSSION

The State Board of Education approved Idaho's Elementary and Secondary Act Waiver Application on February 16, 2012. Following that approval, the State Department of Education submitted Idaho's ESEA Waiver Application to the US Department of Education and has continued to work with them to make recommended changes to Idaho's application based on peer and US Department of Education staff recommendations. The sections of the waiver tracked in red are changes that were previously submitted. The changes tracked in purple are changes that have been made since our most recent conversations with the US Department of Education on July 16 and July 26, 2012. Changes tracked in red

STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012

are changes that were based off of previous conversations with the US Department of Education. The attached document constitutes what will be submitted to the US Department of Education on August 2, 2012.

Significant changes to the waiver include:

- A change in the allocation of points in the Postsecondary and Career Readiness measures. The US Department of Education required Idaho to increase the amount of points associated with graduation rate thereby decreasing the number of appoints allocated to advanced opportunities and college entrance exams.
- The US Department of Education requested that we include harsher penalties for school's that do not test 95% of their students on the ISAT. As a result, a Five Star School that does not test 95% of their students will drop to a 3 Star School. All other Star Ratings will drop one Star if the school does not test 95% of their students. This ensures that the highest Star Rating that any school can receive if they do not test 95% of their students is a 3 Star.
- The US Department of Education is requiring that Idaho add language to IDAPA 08.02.03.105 that stipulates that of the 50% of the evaluation that is based on student achievement, a percentage must be based on growth in student achievement as measured on the ISAT in all grades and subjects (Attachment 31).
- Idaho removed all of the language within the waiver that would have excluded all English Learners in their second and third years being new to the U.S. school from the reading and language arts achievement calculations. The US Department of Education notified us that this was not among the waivers that comprise ESEA flexibility and that we would need to file a separate waiver if we still wanted to pursue this flexibility.
- Idaho changed the way we calculate growth for subgroups by combining all subgroups into one at-risk subgroup and only counting each student one time despite that student potentially being identified in multiple subgroups. This change was made to ensure that more schools would reach the N count of 25 which would avoid schools not having to be accountable for subgroups and it ensures that larger schools that do have 25 students in each subgroup are not being penalized multiple times for the same student.
- The US Department of Education required Idaho to add Annual Measurable Achievement Objectives (AMAOs) to our waiver. To address this request, any Four or Five Star schools that has three consecutive years in which they have gaps in achievement between their at-risk subgroup and their overall student population greater than the statewide average, must submit a Continuous Improvement Plan that addresses that gap and the measures the school will take to address it.
- The US Department of Education asked Idaho to add a provision to our waiver that ensured that we would be identifying our lowest 5% of Title I schools as Focus Schools and our next lowest 10% of Title I Schools as

**STATE DEPARTMENT OF EDUCATION
AUGUST 16, 2012**

Priority Schools in the first year by adjusting our cut points for what constitutes each star rating.

- The US Department of Education required Idaho to provide further analysis related to our growth calculations and demonstrate how our system and the US Department of Education's definition for Focus and Priority Schools were identifying the same schools (ESEA Waiver Attachments 30 and 32).
- The waiver required the State Board of Education to set College Entrance and Placement Exam benchmarks for the ACT, SAT, COMPASS and Accuplacer exams. These benchmarks were approved by the State Board of Education during the June meeting.

IMPACT

If the State Board of Education does not approve Idaho's application, Idaho schools will continue to be held accountable using NCLB matrix. Once the application is approved by the Board it will be submitted to the U.S. Department of Education for approval.

SUBJECT

Section 457(b) Deferred Compensation Plan

REFERENCE

December 2005 State Board of Education adopted a Deferred Compensation Plan for participants in the Idaho Optional Retirement Plan under Internal Revenue Code Section 457(b)

APPLICABLE STATUTES, RULE OR POLICY

Idaho Code §33-107C

Idaho Code §59-513

BACKGROUND / DISCUSSION

In December 2005, the Board adopted a new 457(b) plan with an effective date of January 1, 2006. This Board-sponsored Deferred Compensation Plan is in addition to the existing Board-sponsored Optional Retirement Plan (ORP) (401(a)) and 403(b) plans.

The 457(b) plan document has not been updated since its adoption in 2006. This spring, Board tax counsel conducted a thorough review of the document and has recommended required tax law changes and other appropriate modifications.

Amendments to the Plan include:

- Throughout the plan document, the Plan duties, powers and responsibilities of the Board, the employer units and the services providers are clarified.
- The Board designates its Executive Director as the Plan Administrator, and designates officers at the institutions as responsible for day-to-day duties required for the operation of the plan.
- Rules were added to permit withdrawals during military leave.
- Clarification is made that the Plan has allowed beneficiaries other than the Participant's spouse ("nonspouse beneficiaries") to make direct tax free rollovers of Plan distributions since January 1, 2010.

IMPACT

Many of the redlined changes to the Plan document are clarifications intended to satisfy IRS requirements and are not expected to affect the operation of the Plan, including the changes to Section 3.05 (defining Compensation in detail), Section 3.09 (defining an eligible rollover distribution in detail), Section 3.12 (defining Includible Compensation in detail), Section 3.13(d) (providing detailed rules regarding the maximum contribution limits). Section 7.04 is shortened greatly by incorporating the "minimum distribution" requirements by reference, in accordance with IRS rules. This approach should help to reduce the need for future amendments when the laws governing "minimum distribution" requirements are changed.

STAFF COMMENTS AND RECOMMENDATIONS

Staff has reviewed the recommended changes with Board counsel and tax counsel. Staff recommends approval.

BOARD ACTION

I move to approve the amendments to the Idaho State Board of Education 457(b) Deferred Compensation Plan document as presented in Attachment 1, and to authorize the Executive Director to duly execute the document.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

**IDAHO STATE BOARD OF EDUCATION
SECTION 457(b) DEFERRED COMPENSATION PLAN**

Effective January 1, 2006

| Restated Effective January 1, 2012

IDAHO STATE BOARD OF EDUCATION 457(b) DEFERRED COMPENSATION PLAN

ARTICLE I. INTRODUCTION

The Idaho State Board of Education, on behalf of the University of Idaho, Idaho State University, Boise State University, Lewis-Clark State College, Eastern Idaho Technical College, College of Southern Idaho, College of Western Idaho, North Idaho College and the Office of the State Board of Education, (hereinafter the "Employer Board") hereby ~~establishes~~restates the Idaho State Board of Education 457(b) Deferred Compensation Plan (hereinafter the "Plan"). The Plan is intended to be an eligible deferred compensation plan under section 457 of the Internal Revenue Code of 1986, as amended. The primary purpose of this Plan is to attract and retain qualified personnel by permitting them to provide for benefits in the event of their retirement or death. Nothing contained in this Plan shall be deemed to constitute an employment agreement between any Participant and the Employer and nothing contained herein shall be deemed to give any Participant any right to be retained in the employ of the Employer.

ARTICLE II. PLAN ELECTIONS

- 2.01 Plan Effective Date. (Hereinafter the "Effective Date.") This Plan is ~~being~~was established by the Employer Board effective January 1, 2006. This restatement is effective January 1, 2012 except as otherwise indicated.
- 2.02 Unforeseeable Emergency Withdrawals. Withdrawals under Section 7.07 shall be available under this Plan.
- 2.03 Participant's Election to Receive in-Service Distribution. A Participant may elect to receive an in-service distribution of his account balance as described in Section 7.09 if the total amount payable to a Participant under the Plan does not exceed the dollar amount under section 411(a)(11)(A) of the Code (currently \$5,000).
- 2.04 Distribution without Participant's Consent. Small accounts of certain inactive Participants may be distributed without the Participant's consent as described in Section 7.10, if the total amount payable to a Participant under the Plan does not exceed \$1,000. Such amount will be paid in cash to the Participant.
- 2.05 Loans.
- Loans are not allowed under this Plan.

- 2.06 Governing Law. This Plan shall be construed under the laws of the State of Idaho. This Plan shall be subject to any applicable State, county or local deferred compensation rules and regulations.

ARTICLE III. DEFINITIONS

- 3.01 Account: The account maintained for each Participant reflecting the cumulative amount of each Participant's Deferred Compensation, including any income, gains, losses, or increases or decreases in market value attributable to the investment of the Participant's Deferred Compensation, and further reflecting any distributions to the Participant or the Beneficiary and any fees or expenses charged against the Participant's Deferred Compensation.
- 3.02 Annuity Contract: If selected by the Employer Board as an investment option, one or more group fixed, variable or combination fixed and variable annuity contracts issued by Service Provider(s) and approved for sale in the Employer's state, or by another insurance company qualified to do business in the Employer's state, which provide for periodic payments at regular intervals, whether for a period certain or during one or more lives, and which are non-transferable.
- 3.03 Beneficiary or Beneficiaries: The person or persons designated by the Participant in his Deferred Compensation Agreement who shall receive any benefits payable hereunder in the event of the Participant's death. If more than one designated Beneficiary survives the Participant, payments shall be made equally to the surviving Beneficiaries, unless otherwise provided in the Deferred Compensation Agreement. If no Beneficiary is designated in the Deferred Compensation Agreement or if no designated Beneficiary survives the Participant, then the estate of the Participant shall be the Beneficiary. However, a Participant may designate a contingent Beneficiary (or Beneficiaries) who shall become the primary Beneficiary (or Beneficiaries) under this Plan in the event that no primary Beneficiary survives the Participant.
- 3.04 Code: The Internal Revenue Code of 1986, as amended, and regulations thereunder.
- 3.05 Compensation. All cash compensation for services to the Employer, including salary, wages, fees, commissions, bonuses, and overtime pay, that is includible in the Employee's gross income for the calendar year, plus amounts that would be cash compensation for services to the Employer includible in the Employee's gross income for the calendar year but for a compensation reduction election under section 125, 132(f), 401(k), 403(b), or 457(b) of the Code (including an election to defer

compensation under this Plan.) Effective January 1, 2009, Compensation includes any differential wage payments to an Employee who does not currently perform services for the Employer. A "differential wage payment" is a payment which (a) is made by the Employer with respect to a period during which the Employee is on active duty for a period of more than 30 days, and (b) represents all or a portion of the wages the Employee would have received from the Employer if the Employee were performing service for the Employer, all as defined by Code section 3401(h)(2).

- 3.06 Deferred Compensation: The amount of Normal Compensation otherwise payable to the Participant that the Participant and the Employer mutually agree to defer hereunder, any amount credited to a Participant's Account by reason of a transfer under Section 9.01, or any other amount that the Employer agrees to credit to a Participant's Account and that does not exceed the Maximum Limitation.
- 3.07 Deferred Compensation Agreement: An agreement entered into between a Participant and the Employer and any amendments or modifications thereof, which agreement shall fix the amount of Deferred Compensation; specify the Participant's investment selection with respect to his Deferred Compensation; designate the Participant's Beneficiary or Beneficiaries and incorporate the terms, conditions, and provisions of this Plan by reference.
- 3.08 Eligible Retirement Plan: A plan described in Code section 402(c)(8)(B) to which an Eligible Rollover Distribution may be transferred pursuant to Code section 457(e)(16) or a Roth IRA described in Code section 408A, subject to the adjusted gross income limits of Code section 408A(c)(3) if applicable. (The Plan's written distribution procedures described in Section 7.02 permitted Roth IRA rollovers beginning January 1, 2008.)
- 3.09 Eligible Rollover Distribution: A qualifying distribution to a Participant, or to a spousal Beneficiary of a deceased Participant, that is described in Code section 402(c)(4). Effective January 1, 2008, a qualifying distribution to a nonspouse Beneficiary is also an eligible rollover distribution as permitted by Code section 402(c)(11). An Eligible Rollover Distribution does not include:
- (a) Any distribution that is one of a series of substantially equal periodic payments (not less frequently than annually) made for the life (or life expectancy) of the distributee or the joint lives (or joint life expectancies) of the distributee and his or her designated beneficiary, or for a specified period of ten (10) years or more;

(b) Any distribution to the extent such distribution is required under Code section 401(a)(9);

(c) Any distribution made upon the hardship of the employee.

~~3.093.10~~ Employee: An employee who is eligible to participate in the State of Idaho Optional Retirement Program.

~~3.403.11~~ Employer: The ~~Idaho State Board of Education and~~ employment units under ~~its the~~ jurisdiction of the Board, namely:

~~The~~ Office of the Idaho State Board of Education
Boise State University
Idaho State University
University of Idaho
Lewis-Clark State College
Eastern Idaho Technical College
College of Southern Idaho
College of Western Idaho
North Idaho College

~~3.413.12~~ Includible Compensation: ~~AFor a taxable year, the Participant's compensation, as defined in Code section 415(c)(3), n Employee's actual wages in box 1 of Form W-2 for a year for services performed for to the Employer, but subject to a maximum of \$200,000 (or such higher maximum as may apply under section 401(a)(17) of the Code) and increased (up to the dollar maximum) by any compensation reduction election under section 125, 132(f), 401(k), 403(b) or 457(b) of the Code (including an election to defer Compensation under this Plan).—The amount of Includible Compensation shall be determined without regard to any community property laws.~~

~~3.123.13~~ Maximum Limitation: The maximum amount that may be deferred under this Plan (other than rollover amounts described in Section 9.02) for the taxable year of a Participant. Such amount shall be either the Normal Limitation or Catch-Up Limitation, whichever is applicable.

(a) Normal Limitation: The maximum amount deferred shall not exceed the lesser of the applicable dollar amount (as described in Section ~~3.123~~(c) below) or 100% of the Participant's Includible Compensation, as adjusted by Section ~~3.123~~(d) below. Notwithstanding the preceding provisions of this paragraph, for calendar years prior to 2002, the maximum amount deferred shall not exceed such limit or limits in effect for the applicable year pursuant to section 457 of the Code.

(b) Catch-Up Limitation: For each one of the last three (3) taxable years of a Participant ending before the Participant's attainment of Normal Retirement Age, the maximum amount deferred for each such year shall be the lesser of:

- (1) twice the applicable dollar amount (as described in Section 3.123(c) below); or
- (2) the sum of
 - (A) An amount equal to (i) the Normal Limitation for the current year plus each prior calendar year beginning after December 31, 2001 during which the Participant was an Employee under the Plan, minus (ii) the aggregate compensation that the Participant deferred under this Plan during such years, plus,
 - (B) An amount equal to (i) the aggregate limit referred to in section 457(b)(2) of the Code for each prior calendar year beginning after December 31, 1978 and before January 1, 2002 during which the Participant was an Employee (determined without regard to sections 3.123(b) or (e)), minus (ii) the aggregate contributions to Pre-2002 Coordination Plans for such years.

A Participant may utilize the Catch-Up Limitation only if the Participant has not previously utilized it with respect to a different Normal Retirement Age under this Plan or any other plan. In no case may the deferred amount be more than the Participant's Normal Compensation for the year.

For years prior to 2002, the limit under this paragraph (b) for any year shall not exceed \$15,000.

(c) Applicable Dollar Amount: For contributions in 2002 and in subsequent years, the applicable dollar amount shall be the amount determined in accordance with the following table:

<u>For taxable years beginning in calendar year:</u>	<u>The applicable dollar amount:</u>
2002	\$11,000
2003	\$12,000
2004	\$13,000
2005	\$14,000
2006 or thereafter	\$15,000

In the case of taxable years beginning after December 31, 2006, the applicable dollar amount shall be adjusted for cost-of-living increases in accordance with Code section 457(e)(15).

- (d) Special Rules.Coordination with Other Plans: For contribution years prior to 2002, the amount excludible from a Participant's gross income for any taxable year under this Plan or any other plan under section 457(b) of the Code shall not exceed \$7,500 (as adjusted for cost-of-living increases in accordance with section 457(e)(15) of the Code) or such greater amount allowed under paragraph (b) of this section, less any amount excluded from gross income under sections 403(b), 402(e)(3), or 402(h)(1)(B) or (k) of the Code, or any amount with respect to which a deduction is allowable by reason of a contribution to an organization under section 501(c)(18) of the Code. For purposes of this Section 3.13, the following rules shall apply:

(i) Participant Covered by More Than One Eligible Plan. If the Participant is or has been a participant in one or more other eligible plans within the meaning of section 457(b) of the Code, then this Plan and all such other plans shall be considered as one plan for purposes of applying the limitations of this Section 3.13. For this purpose, the Plan Administrator shall take into account any other such eligible plan maintained by the Employer and shall also take into account any other such eligible plan for which the Plan Administrator receives from the Participant sufficient information concerning his or her participation in such other plan.

(ii) Pre-Participation Years. In applying the limitations of Section 3.13(b), a year shall be taken into account only if (i) the Participant was eligible to participate in the Plan during all or a portion of the year and (ii) Compensation deferred, if any, under the Plan during the year was subject to the Normal Limitation described in Section 3.13(a) or any other plan ceiling required by section 457(b) of the Code.

(iii) Pre-2002 Coordination Years. For purposes of Section 3.13(b)(2)(B)(ii), "contributions to Pre-2002 Coordination Plans" means any employer contribution, salary reduction or elective contribution under any other eligible Code section 457(b) plan, or a salary reduction or elective contribution under any Code section 401(k) qualified cash or deferred arrangement, Code section 402(h)(1)(B) simplified employee pension (SARSEP), Code section 403(b) annuity contract, and Code section 408(p) simple retirement account, or under any plan for which a deduction is allowed because of a contribution to an organization described in section 501(c)(18)

of the Code, including plans, arrangements or accounts maintained by the Employer or any employer for whom the Participant performed services. However, the contributions for any calendar year are only taken into account for purposes of Section 3.13(b)(2)(B)(ii) to the extent that the total of such contributions does not exceed the aggregate limit referred to in section 457(b)(2) of the Code for that year.

(iv) Disregard Excess Deferral. For purposes of this Section 3.13, an individual is treated as not having deferred compensation under a plan for a prior taxable year to the extent excess deferrals under the plan are distributed, as described in Section 3.13(g). To the extent that the combined deferrals for pre-2002 years exceeded the maximum deferral limitations, the amount is treated as an excess deferral for those prior years.

- (e) Age-Based Catch-Up Contributions: In addition to any other limit set forth in this section, and subject to any limitations that may be imposed under present or future federal tax laws and rules, a Participant who will attain age 50 in the calendar year may contribute an additional amount in such year or a subsequent year, according to the following schedule:

<u>Year of Contribution:</u>	<u>Additional Catch-Up Amount:</u>
2006 and later	\$5,000

In the case of taxable years beginning after December 31, 2006, the additional catch-up amount shall be adjusted for cost-of-living increases in accordance with section 414(v)(2)(C) of the Code.

- (f) Coordination of Catch-Up Contributions: A Participant may not utilize both the Catch-Up Limitation and the Age-Based Catch-Up Contribution in the same year. The Age-Based Catch-Up Contribution shall not apply for any taxable year for which a higher Catch-Up Limitation applies.
- (g) Excess Deferrals: Any amount deferred in excess of the Maximum Limitation or Age-Based Catch-Up Contribution shall be distributed to the Participant, with allocable net income, as soon as administratively practicable after the Plan determines that the amount is an excess deferral. An excess deferral as a result of a failure to comply with the individual limitation under Treas. Reg. section 1.457-5 for a taxable year may be distributed to the Participant, with allocable net income, as soon as administratively practicable after the Plan determines that the amount is an excess deferral.

3.14 Normal Compensation: The amount of compensation that would be payable to a Participant by the Employer if no Deferred Compensation Agreement were in effect to defer compensation under this Plan.

3.133.15 Normal Retirement Age: The age that determines the period during which a Participant may utilize the Catch-Up Limitation of Section 3.123(b) hereunder. A Participant's Normal Retirement Age shall be age 70½, unless the Participant has elected an alternative Normal Retirement Age by written instrument delivered to the Employer prior to Severance from Employment.

A Participant's alternative Normal Retirement Age may not be earlier than the earliest date that the Participant shall become eligible to retire and receive unreduced retirement benefits under the Employer's defined benefit plan or money purchase plan covering that Participant and may not be later than the calendar year in which the Participant attains age 70½. If the Participant will not be eligible to receive benefits under a defined benefit plan or money purchase plan maintained by the Employer, the Participant's Normal Retirement Age may not be earlier than attainment of age 65 and may not be later than the calendar year in which the Participant attains age 70½.

If the Participant is a qualified police officer or firefighter as defined under section 415(b)(2)(H)(ii)(I) of the Code, then such qualified police officer or firefighter may designate an alternative Normal Retirement Age that is between age 40 and age 70 1/2.

Once a Participant has to any extent utilized the Catch-Up Limitation of Section 3.123(b), his Normal Retirement Age may not be changed.

3.143.16 Participant: Any Employee who has enrolled in this Plan pursuant to the requirements of Article V or who has previously deferred compensation under this Plan and who has not received a distribution of his or her entire benefit under the Plan.

3.153.17 Plan Year: The 12-month period commencing each January 1 and ending on the following December 31.

3.163.18 Severance from Employment: Termination of the Participant's employment relationship with the Employer.

3.173.19 Service Provider(s): The Variable Annuity Life Insurance Company (VALIC), VALIC Retirement Services Company, TIAA-CREF Individual &

Institutional Services, LLC (TIAA-CREF), or such other entity as the Employer Board designates to perform administrative services under this Plan.

ARTICLE IV. ADMINISTRATION

4.01 Plan Administrator. The ~~Idaho State Board of Education~~, located at 650 W. State Street, Boise, Idaho 838720, ~~is the administrator of this Plan and has designated the following its Executive Director~~ as responsible for administering the Plan (the "Plan Administrator"). The Plan Administrator shall have full power to adopt, amend, and revoke such rules and regulations consistent with and as may be necessary to implement, operate and maintain this Plan, to enter into contracts on behalf of the Employer under this Plan, and to make discretionary decisions affecting the rights or benefits of Participants

The Board has designated the following officers of its employer units as responsible for enrolling Participants, sending Plan contributions for each Participant to the Service Providers selected by a Participant, and for performing other duties required for the operation of the Plan:

~~The~~ Chief Fiscal Officer
~~The~~ Office of the Idaho State Board of Education

~~The Financial~~ Vice President for Finance and Administration
Boise State University

~~The Financial~~ Vice President for Finance and Administration
Idaho State University

~~The Financial~~ Vice President for Finance and Administration
University of Idaho

~~The Financial~~ Vice President for Finance and Administration
Lewis-Clark State College

~~The~~ Financial Vice President for Finance and Administration
Eastern Idaho Technical College

~~The~~ Financial Vice President
College of Southern Idaho

Vice President for Finance and Administration
College of Western Idaho

~~The~~ Financial Vice President

North Idaho College

~~The Plan Administrator shall have full power to adopt, amend, and revoke such rules and regulations consistent with and as may be necessary to implement, operate and maintain this Plan, to enter into contracts on behalf of the Employer under this Plan, and to make discretionary decisions affecting the rights or benefits of Participants under Section 7.07 of this Plan.~~

- 4.02 Employee with Administrative Responsibilities. Any Employee who is charged with administrative responsibilities hereunder may participate in the Plan under the same terms and conditions as apply to other Employees. However, he shall not have the power to participate in any discretionary action taken with respect to his participation under Section 7.07 of this Plan.
- 4.03 Administrative Services. The ~~Employer Board~~ may enter into an agreement with a Service Provider to provide ~~nondiscretionary~~ administrative services under this Plan for the convenience of the Employer, including, but not limited to, the enrollment of Employees as Participants, the maintenance of Accounts and other records, the making of periodic reports to Participants, and the disbursement of benefits to Participants.

ARTICLE V. PARTICIPATION IN THE PLAN

- 5.01 Participant. An Employee becomes a Participant when he has executed and entered into a Deferred Compensation Agreement with the Employer.
- 5.02 Enrollment in the Plan. An Employee may become a Participant as of the first day of any calendar month by entering into a Deferred Compensation Agreement with respect to compensation not yet earned. A new Employee may become a Participant on the first day of employment by entering into a Deferred Compensation Agreement on or before the first day of employment with respect to compensation not yet earned. The Deferred Compensation Agreement shall defer compensation not yet earned, and each Deferred Compensation Agreement must be made before the beginning of the month in which it is to become effective or, with respect to a new employee, on or before the first day of employment.
- 5.03 Minimum Deferral Amount. At the time of entering into or amending a Deferred Compensation Agreement hereunder, a Participant must agree to defer a minimum periodic amount as specified by the Plan Administrator.

- 5.04 Change in Amount of Deferred Compensation or Beneficiary. A Participant may not amend or modify an executed Deferred Compensation Agreement to change the amount of Deferred Compensation except with respect to compensation to be earned in the subsequent calendar month and provided that notice is given prior to the beginning of the month for which such change is to be effective. A Participant may change the Beneficiary designated in his Deferred Compensation Agreement at any time by giving written notice to the ~~Plan Administrator~~ Service Provider.
- 5.05 Revocation of Deferred Compensation Agreement. A Participant may revoke his Deferred Compensation Agreement and thereafter be restored to his Normal Compensation in the subsequent calendar month, by giving notice to the Employer prior to the beginning of the month for which such revocation is to be effective.
- 5.06 New Deferred Compensation Agreement Upon Return to Service or After Revocation. A Participant who returns to active service with the Employer after a Severance from Employment, or who has revoked his Deferred Compensation Agreement under Section 5.05, may again become an active Participant by executing a new Deferred Compensation Agreement with the Employer prior to the beginning of the calendar month as to which it is to be effective.
- 5.07 Leave of Absence; Other Absences. Compensation may continue to be deferred under this Plan with respect to a Participant who is on an approved leave of absence from the Employer with compensation, and all of the rules of this Article shall apply with respect to making, amending or revoking any Deferred Compensation Agreement for such a Participant.
- 5.08 Deferrals after Severance from Employment, Including Sick, Vacation, and Back Pay Under an Eligible Plan. A Participant who has not had a Severance from Employment may elect to defer accumulated sick pay, accumulated vacation pay, and back pay under this Plan in accordance with the requirements of Code section 457(b). These amounts may be deferred for any calendar month only if an agreement providing for the deferral is entered into before the beginning of the month in which the amounts would otherwise be paid or made available and the Participant is an employee on the date the amounts would otherwise be paid or made available. Compensation that would otherwise be paid for a payroll period that begins before Severance from Employment is treated as an amount that would otherwise be paid or made available before an Employee has a Severance from Employment. In addition, deferrals may be made for former Employees with respect to compensation described in Treas. Reg. section 1.415(c)-2(e)(3)(ii) (relating to certain compensation paid within 2 1/2 months following Severance from Employment), compensation described in Treas. Reg. section 1.415(c)-2(g)(4) (relating to compensation paid to participants who are permanently and totally

disabled), and compensation relating to qualified military service under Code section 414(u).

ARTICLE VI. INVESTMENT OF DEFERRED COMPENSATION

6.01 Annuity Contracts and Other Plan Investments. For the purposes of satisfying its obligation to provide benefits under this Plan, the amount of compensation deferred by each Participant shall be invested in Annuity Contracts and other Plan investments as specified in the Participants' Deferred Compensation Agreements. Amounts deferred under this Plan must be transferred to a trust, custodial account or annuity contract described in Section 6.02 within a period that is not longer than is reasonable for the proper administration of the Participant Accounts. Responsibility for the selection of investment alternatives for Plan assets shall be retained by the ~~Employer Board~~ and the ~~Employer Board~~ shall have the right to modify the selection of investment alternatives from time to time. However, Participants and Beneficiaries may allocate amounts held in their Accounts or otherwise credited for their benefit under the Plan among the investment alternatives selected by the ~~Employer Board~~, and the issuer, trustee, or custodian shall accept such allocation instructions directly from Participants and Beneficiaries.

6.02 Exclusive Benefit. Notwithstanding any provision of the Plan to the contrary, all amounts held under the Plan, including amounts deferred and earnings or other accumulations attributable thereto, shall be held for the exclusive benefit of Plan Participants and Beneficiaries (i) in annuity contracts, or (ii) in trust or in one or more custodial accounts pursuant to one or more separate written instruments. Any such annuity contract, trust, or custodial account must satisfy the requirements of section 457(g)(1) of the Code. The annuity contract, trust or custodial account must make it impossible, prior to the satisfaction of all liabilities with respect to Participants and their Beneficiaries, for any part of the assets and income of the annuity contract, trust or custodial account to be used for, or diverted to, purposes other than for the exclusive benefit of Participants and their Beneficiaries. For purposes of this section, the terms Participant and Beneficiary shall also include contingent beneficiaries and/or spouses, former spouses, or children of Participants for whose benefit amounts are being held under the Plan pursuant to the terms of a domestic relations order which has been recognized under the terms of the Plan. Any discretionary authority reserved to the ~~Employer Board~~ (or to any administrator or administrative committee) under the Plan or under any investment held under the Plan, to the extent the exercise thereof would otherwise be inconsistent with this section, shall be exercised for the exclusive benefit of Plan Participants and Beneficiaries. Any issuer of an annuity contract or trustee or custodian of other investments held under the Plan shall have no authority to pay any amounts from such Plan investments to any creditor of the ~~Board or~~

Employer, and shall have no duty to inquire into the validity of any request by the Employer or by an administrator or administrative committee for distribution of amounts for the benefit of a Participant or a Beneficiary under the Plan.

- 6.03 Benefits Equal Participant's Account Value. The benefits paid to a Participant or Beneficiary pursuant to Article VII of this Plan shall be based upon the value of the Participant's Account. In no event shall the Board or Employer have any liability to pay benefits under this Plan, and the Board or Employer shall not be liable for losses arising from depreciation or other decline in the value of any investments acquired under this Plan.
- 6.04 Periodic Reports. Each Participant shall receive periodic reports, not less frequently than annually, showing the then-current value of his Account.
- 6.05 EmployerBoard-Directed Accounts. Notwithstanding any provision of the Plan to the contrary, the Employer Board shall direct the issuer, trustee or custodian with respect to the investment of any contributions that are forwarded to the issuer, trustee or custodian prior to the date on which the Participant or Beneficiary completes the necessary paperwork with the issuer, trustee or custodian (or takes such other action or actions as may be necessary) to direct the investment of such amounts. Such direction shall be communicated to the issuer, trustee or custodian by means of a separate written agreement between the Employer Board and issuer, trustee or custodian, which agreement shall include a default investment option and a default beneficiary designation. This direction shall be effective only until such time as the Participant or Beneficiary exercises his right to direct the investment of such amounts and to designate a Beneficiary in accordance with the terms of the Plan.

ARTICLE VII. BENEFITS

- 7.01 Distribution of Benefits. Except as otherwise provided in this Article, a Participant's Account shall become distributable upon a Participant's attainment of age 70½ or upon Severance from Employment. If the Participant has had a Severance from Employment, the distribution of a Participant's Account shall commence no later than April 1 of the calendar year following the year of the Participant's attainment of age 70½. Distributions shall be made in accordance with one of the payment options described in Section 7.03.
- 7.02 Distribution Procedures. The Employer Board may from time to time establish procedures for Participant distribution elections, provided that such procedures are not inconsistent with the requirements of Section 7.01.

7.03 Payment Options. A Participant (or a Beneficiary as provided in Section 7.06) may elect to have the value of the Participant's Account distributed in accordance with one of the following payment options provided that such option is available under the investment and consistent with the limitations set forth in Section 7.04:

- (a) life annuity;
- (b) life annuity with 60, 120, or 180 monthly payments guaranteed;
- (c) unit refund life annuity;
- (d) joint and last survivor annuity (spouse only);
- (e) lump sum;
- (f) term certain annuity with 36, 48, 60, 72, 84, 96, 108, 120, 132, 144, 156, 168 or 180 monthly payments guaranteed;
- (g) withdrawals for a specified number of years;
- (h) withdrawals of a specified amount; or
- (i) any other method of payment agreed upon between Participant and Employer Board and accepted by the investment provider or Service Provider.

If a Participant fails to elect a payment option, any required payments shall be made under a payment option designated by the Employer Board.

Notwithstanding the options above, any option that involves a life contingency (or a joint life contingency) shall only be available under an Annuity Contract offered or obtained under the terms of the Plan.

7.04 Required Minimum Distributions.

~~(a) — No payment option may be selected by the Participant (or a Beneficiary) unless it satisfies the requirements of Code section 401(a)(9) (including the incidental death benefit requirements of Code section 401(a)(9)(G). and Treasury Regulations 1.409(a)()-1 through 1.401(a)(9)-8), all as applicable to governmental plans, and any additional Code limitations applicable to the Plan. The requirements of this section shall take precedence over any inconsistent provisions of the Plan. All distributions required under this section shall be determined and made in accordance with the regulations under section 401(a)(9) of the Code shall begin not later than the April 1 immediately following the calendar year in which the Participant reaches age 70 ½ or in which the Participant~~

subsequently retires from employment with the Employer.

~~(b)The Participant's entire interest shall be distributed, or begin to be distributed, to the Participant no later than the Participant's required beginning date. If the Participant dies before distributions begin, the Participant's entire interest shall be distributed, or begin to be distributed, no later than as follows:~~

~~(1)If the Participant's surviving spouse is the Participant's sole designated Beneficiary, then unless the surviving spouse elects to apply the 5-year rule (pursuant to subsection (f), below), distributions to the surviving spouse shall begin by December 31 of the calendar year immediately following the calendar year in which the Participant died, or by December 31 of the calendar year in which the Participant would have attained age 70-1/2, if later.~~

~~(2)If the Participant's surviving spouse is not the Participant's sole designated Beneficiary, then unless the designated Beneficiary elects to apply the 5-year rule (pursuant to subsection (f)), below), distributions to the designated Beneficiary shall begin by December 31 of the calendar year immediately following the calendar year in which the Participant died.~~

~~(3)If there is no designated Beneficiary as of September 30 of the year following the year of the Participant's death, the Participant's entire interest shall be distributed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.~~

~~(4)If the Participant's surviving spouse is the Participant's sole designated Beneficiary and the surviving spouse dies after the Participant but before distributions to the surviving spouse begin, this subsection (b), other than paragraph (b)(1), shall apply as if the surviving spouse were the Participant.~~

~~For purposes of this subsection (b) and subsection (d), unless paragraph (b)(4) applies, distributions are considered to begin on the Participant's required beginning date. If paragraph (b)(4) applies, distributions are considered to begin on the date distributions are required to begin to the surviving spouse under paragraph (b)(1). If distributions under an annuity purchased from an insurance company irrevocably commence to the Participant before the Participant's required beginning date (or to the Participant's surviving spouse before the date distributions are required to begin to the surviving spouse under paragraph (b)(1)), the date distributions are considered to begin is the date distributions actually commence.~~

~~Unless the Participant's interest is distributed in the form of an annuity purchased from an insurance company or in a single sum on or before the required beginning date, as of the first distribution calendar year distributions shall be made in accordance with subsections (c) and (d) of this section. If the Participant's interest is distributed in the form of an annuity purchased from an insurance company, distributions thereunder shall be made in accordance with the requirements of section 401(a)(9) of the Code.~~

~~(c) During the Participant's lifetime, the minimum amount that shall be distributed for each distribution calendar year is the lesser of:~~

~~(1) the quotient obtained by dividing the Participant's account balance by the distribution period in the Uniform Lifetime Table set forth in section 1.401(a)(9)-9 of the regulations, using the Participant's age as of the Participant's birthday in the distribution calendar year; or~~

~~(2) if the Participant's sole designated Beneficiary for the distribution calendar year is the Participant's spouse, the quotient obtained by dividing the Participant's account balance by the number in the Joint and Last Survivor Table set forth in section 1.401(a)(9)-9 of the regulations, using the Participant's and spouse's attained ages as of the Participant's and spouse's birthdays in the distribution calendar year.~~

~~Required minimum distributions shall be determined under this subsection (c) beginning with the first distribution calendar year and up to and including the distribution calendar year that includes the Participant's date of death.~~

~~(d)(1) If the Participant dies on or after the date distributions begin and there is a designated Beneficiary, the minimum amount that shall be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's account balance by the longer of the remaining life expectancy of the Participant or the remaining life expectancy of the Participant's designated Beneficiary, determined as follows:~~

~~(a) The Participant's remaining life expectancy is calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.~~

~~(b) If the Participant's surviving spouse is the Participant's sole designated Beneficiary, the remaining life expectancy of the surviving spouse is calculated for each distribution calendar year after the year of the Participant's death using~~

~~the surviving spouse's age as of the spouse's birthday in that year. For distribution calendar years after the year of the surviving spouse's death, the remaining life expectancy of the surviving spouse is calculated using the age of the surviving spouse as of the spouse's birthday in the calendar year of the spouse's death, reduced by one for each subsequent calendar year.~~

~~(c) If the Participant's surviving spouse is not the Participant's sole designated Beneficiary, the designated Beneficiary's remaining life expectancy is calculated using the age of the Beneficiary in the year following the year of the Participant's death, reduced by one for each subsequent year.~~

~~(2) If the Participant dies on or after the date distributions begin and there is no designated Beneficiary as of September 30 of the year after the year of the Participant's death, the minimum amount that shall be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's account balance by the Participant's remaining life expectancy calculated using the age of the Participant in the year of death, reduced by one for each subsequent year.~~

~~(3) Except as otherwise elected (pursuant to subsection (f), below), if the Participant dies before the date distributions begin and there is a designated Beneficiary, the minimum amount that shall be distributed for each distribution calendar year after the year of the Participant's death is the quotient obtained by dividing the Participant's account balance by the remaining life expectancy of the Participant's designated Beneficiary, determined as provided in paragraph (d)(1) and subsection (2).~~

~~(4) If the Participant dies before the date distributions begin and there is no designated Beneficiary as of September 30 of the year following the year of the Participant's death, distribution of the Participant's entire interest shall be completed by December 31 of the calendar year containing the fifth anniversary of the Participant's death.~~

~~(5) If the Participant dies before the date distributions begin, the Participant's surviving spouse is the Participant's sole designated Beneficiary, and the surviving spouse dies before distributions are required to begin to the surviving spouse under paragraph (b)(1), this subsection (d) shall apply as if the surviving spouse were the Participant.~~

~~(e) Definitions.~~

- ~~(1) "Designated Beneficiary" means the individual who is designated as the Beneficiary under Section 6.02 of the Plan and is the designated Beneficiary under section 401(a)(9) of the Code and section 1.401(a)(9)-1, Q&A-4, of the regulations.~~
- ~~(2) "Distribution calendar year" means a calendar year for which a minimum distribution is required. For distributions beginning before the Participant's death, the first distribution calendar year is the calendar year immediately preceding the calendar year that contains the Participant's required beginning date. For distributions beginning after the Participant's death, the first distribution calendar year is the calendar year in which distributions are required to begin under subsection (b). The required minimum distribution for the Participant's first distribution calendar year shall be made on or before the Participant's required beginning date. The required minimum distribution for other distribution calendar years, including the required minimum distribution for the distribution calendar year in which the Participant's required beginning date occurs, shall be made on or before December 31 of that distribution calendar year.~~
- ~~(3) "Life expectancy" means life expectancy as computed by use of the Single Life Table in section 1.401(a)(9)-9 of the regulations.~~
- ~~(4) "Participant's account balance" means the account balance as of the last valuation date in the calendar year immediately preceding the distribution calendar year (valuation calendar year) increased by the amount of any contributions made and allocated or forfeitures allocated to the account balance as of dates in the valuation calendar year after the valuation date and decreased by distributions made in the valuation calendar year after the valuation date. The account balance for the valuation calendar year includes any amounts rolled over or transferred to the plan either in the valuation calendar year or in the distribution calendar year if distributed or transferred in the valuation calendar year.~~
- ~~(5) "Required beginning date" means April 1st of the calendar year following the later of:~~
- ~~(a) the calendar year in which the Participant attains age 70-1/2; or~~
 - ~~(b) the calendar year in which the Participant retires.~~

~~(f) Participants or Beneficiaries may elect, on an individual basis, whether the 5-year rule or the life expectancy rule in subsections (b) and (d) applies to distributions after the death of a Participant who has a designated Beneficiary. The election must be made no later than the earlier of September 30 of the calendar year in which distribution would be required to begin under subsection (b), or by September 30 of the calendar year which contains the fifth anniversary of the Participant's (or, if applicable, the surviving spouse's) death. If neither the Participant nor the Beneficiary makes an election under this paragraph, distributions shall be made in accordance with subsections (b) and (d).~~

- 7.05 Post-Retirement Death Benefits. Should the Participant die after he has begun to receive benefits under a payment option, the guaranteed or remaining payments, if any, under the payment option shall be payable to the Participant's Beneficiary commencing with the first payment due after the death of the Participant. Payment to the Participant's Beneficiary must comply with section 401(a)(9) of the Code, and with any additional Code limitations applicable to the Plan. If the Beneficiary does not continue to live for the remaining period of payments under the payment option, then the remaining benefits under the payment option shall be paid to the Beneficiary's beneficiary or, if none, the Beneficiary's estate. In no event shall the Plan be liable for any payments made in the name of the Participant or a Beneficiary before the Employer or its agent receives proof of the death of the Participant or Beneficiary.
- 7.06 Pre-Retirement Death Benefits. Should the Participant die before he has begun to receive benefits under Section 7.01, a death benefit equal to the value of the Participant's Account shall be payable to the Beneficiary. Such death benefit shall be paid in a lump sum unless the Beneficiary elects a different payment option. Payment to the Participant's Beneficiary must comply with section 401(a)(9) of the Code, and with any additional Code limitations applicable to the Plan. Should the Beneficiary die before the completion of payments under the payment option, the value of the remaining payments under the payment option shall be paid to the Beneficiary's beneficiary or, if none, the Beneficiary's estate.
- 7.07 Unforeseeable Emergency Withdrawals. In the event of an unforeseeable emergency, a Participant may apply to the [Employer Service Provider](#) to receive that part of the value of his Account that is reasonably ~~needed~~ necessary to satisfy the emergency need (including any amounts that may be necessary to pay any federal, state or local income taxes or penalties reasonably anticipated to result from the distribution.) If such application for withdrawal is approved by the ~~Employer Service Provider~~, the [Employer Service Provider](#) shall direct the issuer, trustee or custodian

to pay the Participant such value as the Employer-Service Provider deems necessary to meet the emergency need.

The regulations under section 457(d)(1)(A)(iii) of the Code define an unforeseeable emergency as a severe financial hardship of the Participant or Beneficiary resulting from an illness or accident of the Participant or Beneficiary, the Participant's or Beneficiary's spouse, or the Participant's or Beneficiary's dependent (as defined in Code section 152, and, for taxable years beginning on or after January 1, 2005, without regard to Code section 152(b)(1), (b)(2), and (d)(1)(B)); loss of the Participant's or Beneficiary's property due to casualty (including the need to rebuild a home following damage to a home not otherwise covered by homeowner's insurance, e.g., as a result of a natural disaster); or other similar extraordinary and unforeseeable circumstances arising as a result of events beyond the control of the Participant or Beneficiary. For example, the imminent foreclosure of or eviction from the Participant's or Beneficiary's primary residence may constitute an unforeseeable emergency. In addition, the need to pay for medical expenses, including non-refundable deductibles, as well as for the cost of prescription drug medication, may constitute an unforeseeable emergency. Finally, the need to pay for the funeral expenses of a spouse or a dependent (as defined in Code section 152, and, for taxable years beginning on or after January 1, 2005, without regard to Code section 152(b)(1), (b)(2), and (d)(1)(B)) may also constitute an unforeseeable emergency. Except as otherwise specifically provided in this Section 7.07, neither the purchase of a home nor the payment of college tuition is an unforeseeable emergency.

A distribution on account of an unforeseeable emergency may not be made to the extent that such emergency is or may be relieved through reimbursement or compensation from insurance or otherwise, by liquidation of the Participant's assets, to the extent the liquidation of such assets would not itself cause severe financial hardship, or by cessation of deferrals under the Plan.

- 7.08 Transitional Rule for Annuity Payment Option Elections. If this Plan document constitutes an amendment and restatement of the Plan as previously adopted by the Employer-Board and if a Participant or Beneficiary has commenced receiving benefits under an annuity payment option, that annuity payment option shall remain in effect notwithstanding any other provision of this Plan, provided it complies with Code section 401(a)(9) and related Treasury Regulations.
- 7.09 Participant's Election to Receive In-Service Distribution. ~~If the Employer so elects under Section 2.03, a~~ Participant may elect to receive an in-service distribution of the total amount payable to him under the Plan if:

- (a) such amount does not exceed the dollar amount under section 411(a)(11)(A) of the Code,
- (b) no amount has been deferred under the Plan with respect to the Participant during the two-year period ending on the date of the distribution, and
- (c) there has been no prior distribution under the Plan to the Participant under this Section 7.09 or under Section 7.10.

7.10 Distribution without Participant's Consent. ~~If the Employer so elects under Section 2.04,~~ The total amount payable to a Participant under the Plan may be distributed to the Participant without his consent if:

- (a) such amount does not exceed \$1,000,
- (b) no amount has been deferred under the Plan with respect to the Participant during the two-year period ending on the date of the distribution, and
- (c) there has been no prior distribution under the Plan to the Participant under this Section 7.10 or under Section 7.09.

7.11 Distribution During Military Service. Effective January 1, 2011, a Participant who is performing service in the uniformed services described in Code section 3401(h)(2)(A) for a period of 30 or more days is treated as severed from Employment during the period of uniformed service for purposes of requesting a distribution from his or her Plan Account provided, however, that a Participant who receives a distribution pursuant to this section 3.6(b) may not make elective contributions to the Plan during the six-month period beginning on the date of distributions.

ARTICLE VIII. NON-ASSIGNABILITY

8.01 In General. Except as provided in Section 8.02, the interests of each Participant or Beneficiary under the Plan are not subject to the claims of the Participant's or Beneficiary's creditors; and no Participant or Beneficiary shall have any right to commute, sell, assign, pledge, transfer or otherwise convey or encumber the right to receive any payments hereunder or any interest under the Plan, which payments and interests are expressly declared to be non-assignable and non-transferable.

8.02 Domestic Relations Orders.

- (a) Allowance of Transfers: Notwithstanding Section 8.01, if a judgment, decree or order (including approval of a property settlement

agreement) that relates to the provision of child support, alimony payments, or the marital property rights of a spouse or former spouse, child, or other dependent of a Participant is made pursuant to a State domestic relations law (“domestic relations order”), then the amount of the Participant’s Account shall be paid in the manner and to the person or persons so directed in the domestic relations order. Such payment shall be made without regard to whether the Participant is eligible for a distribution of benefits under the Plan. The Plan Administrator-Employer and Service Provider(s) shall establish reasonable procedures for determining the status of any such decree or order and for effectuating distribution pursuant to the domestic relations order. Where necessary to carry out the terms of such an order, a separate Account may be established with respect to the spouse, former spouse, or child who shall be entitled to make investment selections with respect thereto in the same manner as the Participant.

- (b) Release from Liability to Participant: The Plan's liability to pay benefits to a Participant shall be reduced to the extent that amounts have been paid or set aside for payment to a spouse, former spouse, child, or other dependent pursuant to paragraph (a) of this section. No such transfer shall be effectuated unless the Employer or Service Provider has been provided with satisfactory evidence that the Board, Employer and the Service Provider are released from any further claim by the Participant with respect to such amounts. The Participant shall be deemed to have released the Board, Employer and the Service Provider from any claim with respect to such amounts, in any case in which (i) the Board, Employer or Service Provider has been served with legal process or otherwise joined in a proceeding relating to such transfer, (ii) the Participant has been notified of the pendency of such proceeding in the manner prescribed by the law of the jurisdiction in which the proceeding is pending by service of process in such action or by mail from the Board, Employer or Service Provider to the Participant's last known mailing address, and (iii) the Participant fails to obtain an order of the court in the proceeding relieving the Employer or Service Provider from the obligation to comply with the judgment, decree, or order. The Participant shall also be deemed to have released the Board, Employer or Service Provider if the Participant has consented to the transfer pursuant to the terms of a property settlement agreement and/or a final judgment, decree, or order as described in paragraph (a).
- (c) Participation in Legal Proceedings: The Board, Employer and the Service Provider shall not be obligated to defend against or seek to have set aside any judgment, decree, or order described in

paragraph (a) or any legal order relating to the garnishment of a Participant's benefits, unless the full expense of such legal action is borne by the Participant. In the event that the Participant's action (or inaction) nonetheless causes the Board, Employer or Service Provider to incur such expense, the amount of the expense may be charged against the Participant's Account and thereby reduce the Employer's-an obligation to pay benefits to the Participant. In the course of any proceeding relating to divorce, separation, or child support, the Board, Employer and Service Provider shall be authorized to the extent permitted by applicable laws to disclose information relating to the Participant's Account to the Participant's spouse, former spouse, or child (including the legal representatives of the spouse, former spouse, or child), or to a court.

ARTICLE IX. TRANSFERS AND ROLLOVERS

9.01 Transfers. This Plan shall accept and allow transfers, pursuant to section 457 of the Code, of amounts deferred by an individual under this Plan or another eligible deferred compensation plan meeting the requirements of section 457(g) of the Code, provided the conditions of this Section 9.01 are met.

- (a) Directed by Individual Participant or Beneficiary. A transfer from this Plan to another eligible governmental deferred compensation plan or from another eligible governmental deferred compensation plan to this Plan is permitted only if the transferor plan provides for transfers, the receiving plan provides for the receipt of transfers, the Participant or Beneficiary whose amounts deferred are being transferred shall have an amount deferred immediately after the transfer at least equal to the amount deferred with respect to that Participant or Beneficiary immediately before the transfer, and in the case of a transfer for a Participant, the Participant whose amounts deferred are being transferred has had a severance from employment with the transferring employer and is performing services for the employer maintaining the transferee plan. Upon the transfer of assets from this Plan under this Section 9.01(a), the Plan's liability to pay benefits to the Participant or Beneficiary under this Plan shall be discharged to the extent of the amount so transferred for the Participant or Beneficiary.

Any such transferred amount shall not be treated as a deferral subject to the limitations of Section 3.1~~32~~, except that, for purposes of applying the limit of Section 3.1~~23~~, an amount deferred during any taxable year under the plan from which the transfer is accepted shall be treated as if it had been deferred under this Plan during such taxable year and compensation paid by the transferor employer shall be treated as if it had been paid by the Employer.

(b) Permissive Service Credit Transfers.

Subject to any limitations imposed by an investment provider, if a Participant is also a participant in a tax-qualified defined benefit governmental plan (as defined in section 414(d) of the Code) that provides for the acceptance of plan-to-plan transfers with respect to the Participant, then the Participant may elect to have any portion of the Participant's Account transferred to the defined benefit governmental plan. A transfer under this Section 9.01(b) may be made before the Participant has had a Severance from Employment.

A transfer may be made under Section 9.01(b) only if the transfer is either for the purchase of permissive service credit (as defined in section 415(n)(3)(A) of the Code) under the receiving defined benefit governmental plan or a repayment to which section 415 of the Code does not apply by reason of section 415(k)(3) of the Code.

9.02 Rollovers. A Participant, a Participant's spouse or surviving spouse, a Participant's spouse- or former spouse who is an alternate payee under a qualified domestic relations order, as defined in Code section 414(p), or, effective January 1, 2010, a Participant's nonspouse beneficiary may elect to roll an Eligible Rollover Distribution to an Eligible Retirement Plan. The Participant or other recipient of an Eligible Rollover Distribution shall be provided with a description of available rollover rights and rules in advance of such a distribution. A distribution that is an Eligible Rollover Distribution and that is paid in a form other than a rollover shall be subject to mandatory withholding of 20%, or such other mandatory withholding rate as may be imposed under the Code from time to time. This Plan shall be permitted to accept a rollover distribution from an Eligible Retirement Plan (including a distribution from an IRA) to this Plan, subject to any administrative restrictions imposed by the Plan or by the investment provider. To the extent required under the Code, the Plan shall separately account for any rollover contributions it receives. Rollover contributions to the Plan before January 1, 2006, shall be subject to the same restrictions on distributions applicable to other amounts held under the Plan. Rollover contributions to the Plan on or after January 1, 2006, shall not be subject to the same restrictions on distributions applicable to other amounts held under the Plan, and such rollover contributions may be distributed at any time.

ARTICLE X. AMENDMENT OR TERMINATION OF PLAN

10.01 Amendment or Termination. The Employer Board may at any time amend this Plan or terminate this Plan and distribute the Participants' Accounts in

conformity with the Code; provided, however, that such amendment or termination shall not impair the rights of Participants or their Beneficiaries with respect to any compensation deferred before the date of the amendment or termination of this Plan except as may be required to maintain the tax status of the Plan under the Code. In the event that the Plan is terminated, amounts deferred under the Plan (and all Plan assets) shall be distributed to all Plan Participants and Beneficiaries as soon as administratively practicable after the termination of the Plan and Participants shall thereafter receive their Normal Compensation.

10.02 Amendment and Restatement of Previously Adopted Plan. If this Plan document constitutes an amendment and restatement of the Plan as previously adopted by the ~~Employer Board~~, the amendments contained herein shall be effective as of the Effective Date, and the terms of the preceding plan document shall remain in effect through such date.

ARTICLE XI. USERRA and HEART ACT COMPLIANCE

An Employee whose employment is interrupted by qualified military service under Code section 414(u) or who is on a leave of absence for qualified military service under Code section 414(u) may defer additional Compensation upon resumption of employment with the Employer equal to the maximum amount of Compensation that could have been deferred during that period if the Employee's employment with the Employer had continued (at the same level of Compensation) without the interruption of leave, reduced by the amount of Compensation, if any, actually deferred during the period of the interruption or leave. This right applies for five years following the resumption of employment (or, if sooner, for a period equal to three times the period of the interruption or leave). The Plan provides death benefits in accordance with Code section 401(a)(31) because all Plan accounts are fully vested and no additional benefits are paid due to death while employed.

ARTICLE XII. MISTAKEN CONTRIBUTIONS

If any contribution (or any portion of a contribution) is made to the Plan by a good faith mistake of fact, then within one year after the payment of the contribution, and upon receipt in good order of a proper request approved by the Plan Administrator, the amount of the mistaken contribution (adjusted for any income or loss in value, if any, allocable thereto) shall be returned directly to the Participant or, to the extent required or permitted by the Plan Administrator, to the Employer.

ARTICLE XIII. RELATIONSHIP TO OTHER PLANS

This Plan serves in addition to any other retirement, pension or benefit plan or system presently in existence or hereinafter established.

IN WITNESS WHEREOF, the Employer has caused this instrument to be executed by its duly authorized representative on this 16th day of August 2012.

IDAHO STATE UNIVERSITY

SUBJECT

Approval of a multi-year employment agreement for William L. Evans, Head Men's Basketball Coach

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section II.H.1.

BACKGROUND/DISCUSSION

Idaho State University is requesting approval for a four-year, two-month employment agreement for William L. Evans, Head Men's Basketball Coach (see Attachment 1). The employment agreement contains the duties, responsibilities and conditions of employment. A model contract matrix of the employment agreement that identifies departures from the model contract form and provides justification for these changes is included as Attachment 3. The position is funded by state appropriated funds.

This contract will provide a stable coaching environment for the basketball program as well as stability and consistency for the Athletic Department as a whole.

IMPACT

The annual salary for this position is \$102,752 per year plus supplemental compensation incentives as set forth below.

Athletic Incentive Pay may be earned as follows:

Conference Champion or Co-Champion			\$3,952
Conference Coach of the Year			\$3,952
Record Bonus (20+ regular season wins)			\$6,000
Big Sky Conference Tournament Winner or NCAA Men's Basketball Tournament berth			\$3,952
NCAA Men's Basketball Tournament			
Play-In	65 Teams		\$2,000
Round 1	64 Teams	1 st win	\$5,000
Round 2	32 Teams	2 nd win	\$10,000
Round 3	16 Teams	3 rd win	\$12,000
Round 4	8 Teams	4 th win	\$15,000

NIT Men's Basketball Post-Season Tournament			
Round 1	32 Teams	1 st win	\$2,000
Round 2	16 Teams	2 nd win	\$3,000
Round 3	8 Teams	3 rd win	\$4,000
Round 4	4 Teams	4 th win	\$5,000
Round 5	2 Teams	5 th win	\$6,000
NIT Championship Winner Bonus Total:			\$20,000
Annual Media Payment			\$20,000

Academic Incentive Pay may be earned as follows:

Supplemental Compensation may also be earned, at the discretion of the president and upon approval by the Board, based on team member behavior and the team's four-year APR ranking based on attainment of the following levels:

60th - 69.9% =	\$7,000
70th - 79.9% =	\$10,000
80th % or above =	\$15,000

Maximum potential annual compensation (base salary plus maximum potential supplemental compensation) would be \$249,608.

The Coach is also eligible to receive other supplemental compensation through University operated summer camps.

Liquidated damages for the Coach terminating the contract early for his own convenience are \$35,000 for the first year, \$25,000 for the second year and \$10,000 for the third year.

Attachment 3	Model Contract Matrix Changes	Page 35

STAFF COMMENTS AND RECOMMENDATIONS

At the October 2011 Board meeting, the chair of the Athletic Committee indicated the Committee wants the institutions to be aware the Board is looking for four criteria when looking at contracts: 1) timelines, 2) meaningful academic incentives, 3) three-year terms (with some exceptions) and 4) liquidated damages. The chair reiterated that future contracts need to contain these criteria to be considered and follow the model contract in Board policy.

ISU brings a contract for its men's basketball coach. The term of this four year employment agreement was effective March 9, 2012. The Board may wish to inquire about timelines and contract length. The academic incentives are meaningful – with the highest amount well in excess of incentive pay for a

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

conference championship. The contract also contains adequate liquidated damages in favor of the University.

The employment agreement follows the Board-approved model contract except as specifically noted in Attachment 3.

Staff recommends the institution provide justification to the Board for seeking retroactive approval of a four year contract.

BOARD ACTION

I move to approve the request by Idaho State University to enter into a multi-year employment agreement with William L. Evans, Head Men's Basketball Coach, for a term commencing retroactively on March 9, 2012 and terminating May 9, 2016, in substantial conformance with the agreement submitted to the Board as Attachment 1.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

THIS PAGE INTENTIONALLY LEFT BLANK

(MODEL ATHLETICS CONTRACT
EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Idaho State University (University) and William L. Evans (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate men's basketball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University's Director of Athletics (Director) or the Director's designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director's designee on all administrative and technical matters. Coach shall also be under the general supervision of the University's President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University's athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University shall have the right, at any time, to reassign Coach to duties at the University other than as head coach of the Team, provided that Coach's compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through 3.2.6 shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of four (4) years, commencing on March 09, 2012 and terminating, without further notice to Coach, on May 09, 2016 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach's service pursuant to this agreement count in any way toward tenure at the University.

ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach's services and satisfactory performance of this Agreement, the University shall provide to Coach:

- a) An annual salary of \$102,752.00 per year, payable in biweekly installments in accordance with normal University procedures, and such salary increases as may be determined appropriate by the Director and President and approved by the University's Board of Trustees);
- b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees; and
- c) The opportunity to receive such employee benefits as the University's Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion, and if Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week's pay ($2/52 \times$ Annual Salary) of Coach's Annual Salary during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year the Coach is named as the Conference Coach of the Year, and if Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week's pay ($2/52 \times$ Annual Salary) of Coach's Annual Salary during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year the Team either wins the Big Sky Conference tournament or obtains an NCAA Men's Basketball Tournament berth, and if Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week's pay ($2/52 \times$ Annual Salary) of Coach's Annual Salary during the fiscal year in which the post-season participation are achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.4. Each year Coach shall be eligible to receive supplemental compensation in an amount up to \$15,000 based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the

timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University’s Board of Trustees. The determination shall be based on the following factors: the conduct of Team members on the University campus, at authorized University activities, in the community, and elsewhere and the Team’s four-year APR national ranking based on attainment of the following levels:

<u>Team APR Ranking</u>	<u>Incentive Pay</u>
60%-69%	\$ 7,000.00
70%-79%	\$ 10,000.00
80% or above	\$ 15,000.00

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of Trustees as a document available to the public under the Idaho Public Records Act.

3.2.5 *Record Bonus.* The University must pay to Coach supplemental compensation in the amount of \$6,000 for winning twenty (20) or more regular season men’s basketball games, provided that the Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st.

3.2.6 Each year the Team advances in the NCAA Men’s Basketball Tournament, and if Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

Play-In	65 Teams		\$2,000.00
Round 1	64 Teams	1 st win	\$5,000.00
Round 2	32 Teams	2 nd win	\$10,000.00
Round 3	16 Teams	3 rd win	\$12,000.00
Round 4	8 Teams	4 th win	\$15,000.00
Round 5	4 Teams	5 th win	\$20,000.00
Round 6	2 Teams	6 th win	\$30,000.00

Possible national championship winner computation bonus total: \$92,000.00 / \$94,000.00

3.2.7 Each year the Team advances in the NIT Men’s Basketball Post-Season Tournament, and if Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

Round 1	32 Teams	1 st win	\$2,000.00
---------	----------	---------------------	------------

Round 2	16 Teams	2 nd win	\$3,000.00
Round 3	8 Teams	3 rd win	\$4,000.00
Round 4	4 Teams	4 th win	\$5,000.00
Round 5	2 Teams	5 th win	\$6,000.00

Possible bonus computation total for winning NIT Men’s Basketball Post-Season Tournament:
\$20,000.00

3.2.8 The Coach shall receive the sum of \$20,000 from the University or the University’s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs, public appearances (Programs) and all Bengal Athletic Booster events. Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid in one lump sum. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University are the property of the University. The University shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University designated media outlets.

3.2.9 **(SUMMER CAMP—OPERATED BY UNIVERSITY)** Coach agrees that the University has the exclusive right to operate youth Men’s Basketball camps on its campus using University facilities. The University shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach's capacity as a University employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s men’s basketball camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s summer men’s basketball camps, the University shall pay Coach any net revenues resulting from the camp per year as supplemental compensation during each year of his employment as head Men’s Basketball coach at the University, or direct those net revenues as an enhancement to the Men’s Basketball program budget at the University. This amount shall be paid within 30 days after all camp bills have been paid.

3.2.10 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University is negotiating or has entered into an agreement

with Nike to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University's reasonable request, Coach will consult with appropriate parties concerning a Nike product's design or performance, shall act as an instructor at a clinic sponsored in whole or in part by Nike, or give a lecture at an event sponsored in whole or in part by Nike, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head Men's Basketball coach. In order to avoid entering into an agreement with a competitor of Nike, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Nike, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach's Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach's full time and best efforts to the performance of Coach's duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University's governing board, the conference, and the NCAA; supervise and take appropriate steps to ensure that Coach's assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University's

athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University's Handbook; (c) University's Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the Big Sky conference of which the University is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach's full time and best efforts to the performance of Coach's duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University's name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA Rules. In accordance with NCAA rules, Coach shall obtain prior written approval from the University's President for all athletically related income and benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University's President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University's Board of Trustees.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director's designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director's designee.

4.6 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the

expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach's duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

- a) A deliberate or major violation of Coach's duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach's abilities;
- b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University;
- c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference or the NCAA, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or member institution;
- d) Ten (10) working days' absence of Coach from duty without the University's consent;
- e) Any conduct of Coach that constitutes moral turpitude or that would, in the University's judgment, reflect adversely on the University or its athletic programs;
- f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;
- g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA;
- h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach's

assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

- i) A violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach's assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University's obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life

insurance as if he remained a University employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University's obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach's services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision. Further, in the event that Coach accepts a volunteer position as a coach (whether head or assistant) at any college or university during the period after this Agreement has been terminated and before the end of the term, then the amount of compensation the University pays will be adjusted and reduced by fair market value of the Coach's volunteer services.

5.2.3 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University, as liquidated damages and not a penalty, for the breach of this Agreement the following sum: (a) if the

Agreement is terminated on or before May 09, 2013, the sum of \$35,000.00; (b) if the Agreement is terminated between May 10, 2013 and May 09, 2014 inclusive, the sum of \$25,000.00; (c) if the Agreement is terminated between May 10, 2014 and May 09, 2015 inclusive, the sum of \$10,000. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University.

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University's student-athletes or otherwise

obstruct the University's ability to transact business or operate its intercollegiate athletics program.

5.6 No Liability. The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University Faculty-Staff Handbook.

5.8 Coach agrees that in the event of a termination of this Agreement pursuant to this Article 5, the University may, at its sole option, require Coach to take any or all of his accrued unused vacation days prior to the effective date of the termination.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University's Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University's Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University's rules regarding financial exigency.

6.2 University Property. All personal property (excluding vehicle(s) provided through the Courtesy Car Program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University's direction or for the University's use or otherwise in connection with Coach's employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach's possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: Director of Athletics

Jeffrey K. Tingey
921 S. 8th Ave. Stop 8173
Pocatello, ID 83209-8173

with a copy to: President

Arthur Vailas
921 S. 8th Ave. Stop
Pocatello, ID 83209-

the Coach: William L. Evans

Last known address on file with
University's Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 Binding Effect. This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Trustees.

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

THIS PAGE INTENTIONALLY LEFT BLANK

(MODEL ATHLETICS CONTRACT)**EMPLOYMENT AGREEMENT**

This Employment Agreement (Agreement) is entered into by and between _____
~~(Idaho State~~ University (~~College~~), University) and _____ William L. Evans
 (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University ~~(College)~~ shall employ Coach as the head coach of its intercollegiate ~~(Sport)~~ men's basketball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the ~~University (College)'s~~ University's Director of Athletics (Director) or the Director's designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director's designee on all administrative and technical matters. Coach shall also be under the general supervision of the ~~University (College)'s~~ University's President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the ~~University (College)'s~~ University's athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University ~~(College)~~ shall have the right, at any time, to reassign Coach to duties at the University ~~(College)~~ other than as head coach of the Team, provided that Coach's compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through ~~(Depending on supplemental pay provisions used)~~ 3.2.6 shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of _____ ~~(—four (4)~~ years, commencing on _____ March 09, 2012 and terminating, without further notice to Coach, on _____ May 09, 2016 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University ~~(College)~~ and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University (College)'s Board of ~~(Regents or Trustees)~~. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach's service pursuant to this agreement count in any way toward tenure at the University ~~(College)~~.

ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach's services and satisfactory performance of this Agreement, the University ~~(College)~~ shall provide to Coach:

- a) An annual salary of \$ ~~_____~~ \$102,752.00 per year, payable in biweekly installments in accordance with normal University ~~(College)~~ procedures, and such salary increases as may be determined appropriate by the Director and President and approved by the ~~University (College)'s~~ University's Board of ~~(Regents or Trustees)_____;~~
- b) The opportunity to receive such employee benefits as the University ~~(College)~~ provides generally to non-faculty exempt employees; and
- c) The opportunity to receive such employee benefits as the ~~University (College)'s~~ University's Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion ~~and also becomes eligible for a (bowl game pursuant to NCAA Division I guidelines or post season tournament or post season playoffs)~~, and if Coach continues to be employed as ~~University (College)'s~~ University's head ~~(Sport) Men's Basketball~~ coach as of the ensuing ~~July~~ May 1st, the University ~~(College)~~ shall pay to Coach supplemental compensation in an amount equal to ~~(amount or computation)~~ of two week's pay (2/52 x Annual Salary) of Coach's Annual Salary during the fiscal year in which the championship ~~and (bowl or other post season) eligibility are~~ is achieved. The University ~~(College)~~ shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

~~3.2.2~~

~~3.2.2.~~ Each year the ~~Team~~ Coach is ~~ranked in~~ named as the ~~top 25 in Conference~~ Coach of the ~~(national rankings, such as final ESPN/USA Today coaches poll of Division IA football teams)~~ Year, and if Coach continues to be employed as ~~University (College)'s~~ University's head ~~(Sport) Men's Basketball~~ coach as of the ensuing ~~July~~ May 1st, the University ~~(College)~~ shall pay to Coach supplemental compensation in an amount equal to ~~(amount or computation)~~ of Coach's two week's pay (2/52 x Annual Salary in effect on) of

Coach's Annual Salary during the date of the final poll fiscal year in which the championship is achieved. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year the Team either wins the Big Sky Conference tournament or obtains an NCAA Men's Basketball Tournament berth, and if Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week's pay (2/52 x Annual Salary) of Coach's Annual Salary during the fiscal year in which the post-season participation are achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.4. ~~3.2.3~~—Each year Coach shall be eligible to receive supplemental compensation in an amount up to ~~(amount or computation)~~ \$15,000 based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University (College)'s University's Board of ~~(Regents or Trustees)~~. The determination shall be based on the following factors: ~~grade point averages; difficulty of major course of study; honors such as scholarships, designation as Academic All-American, and conference academic recognition; progress toward graduation for all athletes, but particularly those who entered the University (College) as academically at risk students;~~ the conduct of Team members on the University (College) campus, at authorized University (College) activities, in the community, and elsewhere; and the Team's four-year APR national ranking based on attainment of the following levels:

<u>Team APR Ranking</u>	<u>Incentive Pay</u>
<u>60%-69%</u>	<u>\$ 7,000.00</u>
<u>70%-79%</u>	<u>\$ 10,000.00</u>
<u>80% or above</u>	<u>\$ 15,000.00</u>

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of ~~(Regents or Trustees)~~ as a document available to the public under the Idaho Public Records Act.

~~3.2.4—Each year Coach shall be eligible to receive supplemental compensation in an amount up to ~~(amount or computation)~~ based on the overall development of the intercollegiate (men's/women's) ~~(Sport)~~ program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University (College) students, staff, faculty, alumni and boosters; and any other factors the President wishes to consider. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University (College)'s Board of ~~(Regents or Trustees)~~.~~

~~3.2.5~~ 3.2.5 Record Bonus. The University must pay to Coach supplemental compensation in the amount of \$6,000 for winning twenty (20) or more regular season men's basketball games, provided that the Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st.

3.2.6 Each year the Team advances in the NCAA Men's Basketball Tournament, and if Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

Play-In	65 Teams		\$2,000.00
Round 1	64 Teams	1 st win	\$5,000.00
Round 2	32 Teams	2 nd win	\$10,000.00
Round 3	16 Teams	3 rd win	\$12,000.00
Round 4	8 Teams	4 th win	\$15,000.00
Round 5	4 Teams	5 th win	\$20,000.00
Round 6	2 Teams	6 th win	\$30,000.00

Possible national championship winner computation bonus total: \$92,000.00 / \$94,000.00

3.2.7 Each year the Team advances in the NIT Men's Basketball Post-Season Tournament, and if Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

Round 1	32 Teams	1 st win	\$2,000.00
Round 2	16 Teams	2 nd win	\$3,000.00
Round 3	8 Teams	3 rd win	\$4,000.00
Round 4	4 Teams	4 th win	\$5,000.00
Round 5	2 Teams	5 th win	\$6,000.00

Possible bonus computation total for winning NIT Men's Basketball Post-Season Tournament:
\$20,000.00

3.2.8 The Coach shall receive the sum of ~~-(amount or computation)-~~\$20,000 from the University ~~(College)~~ or the ~~University (College)~~University's designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs ~~and~~, public appearances (Programs) ~~and all Bengal Athletic Booster events.~~ Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid ~~(terms or conditions of payment)~~ in one lump sum. Agreements requiring the Coach to

participate in Programs related to his duties as an employee of University ~~(College)~~ are the property of the University ~~(College)~~. The University ~~(College)~~ shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University ~~(College)~~ in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach's show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University ~~(College)~~'s designated media outlets.

3.2.69 (SUMMER CAMP—OPERATED BY UNIVERSITY ~~(COLLEGE)~~)
 Coach agrees that the University ~~(College)~~ has the exclusive right to operate youth ~~(Sport)—Men's Basketball~~ camps on its campus using University ~~(College)~~ facilities. The University ~~(College)~~ shall allow Coach the opportunity to earn supplemental compensation by assisting with the ~~University (College)'s~~ University's camps in Coach's capacity as a University ~~(College)~~ employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the ~~University (College)'s football~~ University's men's basketball camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach's participation in the ~~University (College)'s~~ University's summer ~~football~~ men's basketball camps, ~~the University (College) shall pay Coach (amount) any net revenues resulting from the camp~~ per year as supplemental compensation during each year of his employment as head ~~(Sport) Men's Basketball~~ coach at the University ~~(College)~~, or direct those net revenues as an enhancement to the Men's Basketball program budget at the University. This amount shall be paid ~~(terms of payment)~~ within 30 days after all camp bills have been paid.

~~(SUMMER CAMP OPERATED BY COACH) Coach may operate a summer youth (Sport) camp at the University (College) under the following conditions:~~

- ~~a) The summer youth camp operation reflects positively on the University (College) and the Department;~~
- ~~b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University (College) personnel, equipment, or facilities without the prior written approval of the Director;~~
- ~~c) Assistant coaches at the University (College) are given priority when the Coach or the private enterprise selects coaches to participate;~~

- d) ~~The Coach complies with all NCAA (NAIA), Conference, and University (College) rules and regulations related, directly or indirectly, to the operation of summer youth camps;~~
- e) ~~The Coach or the private enterprise enters into a contract with University (College) and _____ (campus concessionaire) for all campus goods and services required by the camp.~~
- f) ~~The Coach or private enterprise pays for use of University (College) facilities including the _____.~~
- g) ~~Within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp Summary Sheet" containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.~~
- h) ~~The Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff \$1 million; (2) catastrophic coverage: camper and staff \$1 million maximum coverage with \$100 deductible;~~
- i) ~~To the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University (College) against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s)~~
- j) ~~All employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the University (College) while engaged in camp activities. The Coach and all other University (College) employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and comply in all respects with all federal and state wage and hour laws~~

~~In the event of termination of this Agreement, suspension, or reassignment, University (College) shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University (College) shall be released from all obligations relating thereto.~~

3.2.710 Coach agrees that the University ~~(College)~~ has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff,

including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University ~~(College)~~. Coach recognizes that the University ~~(College)~~ is negotiating or has entered into an agreement with ~~—(Company Name)—Nike~~ to supply the University ~~(College)~~ with athletic footwear, apparel and/or equipment. Coach agrees that, upon the ~~University (College)~~'s ~~University's~~ reasonable request, Coach will consult with appropriate parties concerning an ~~an —(Company Name)—a Nike~~ product's design or performance, shall act as an instructor at a clinic sponsored in whole or in part by ~~—(Company Name)—Nike~~, or give a lecture at an event sponsored in whole or in part by ~~—(Company Name)—Nike~~, or make other educationally-related appearances as may be reasonably requested by the University ~~(College)~~. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head ~~(Sport)—Men's Basketball~~ coach. In order to avoid entering into an agreement with a competitor of ~~—(Company Name)—Nike~~, Coach shall submit all outside consulting agreements to the University ~~(College)~~ for review and approval prior to execution. Coach shall also report such outside income to the University ~~(College)~~ in accordance with NCAA ~~(or NAIA)~~ rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including ~~—(Company Name), Nike~~, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University ~~(College)~~ to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University ~~(College)~~ to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach's Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach's full time and best efforts to the performance of Coach's duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University ~~(College)~~ and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University ~~(College)~~, the ~~University (College)~~'s ~~University's~~ governing board, the conference, and the NCAA ~~(or NAIA)~~; supervise and take appropriate steps to ensure that Coach's assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the ~~University (College)~~'s ~~University's~~ athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University ~~(College)~~ and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) ~~University (College)~~'s ~~University's~~ Handbook; (c) ~~University (College)~~'s ~~University's~~ Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA ~~(or NAIA)~~ rules and regulations; and (f) the rules and regulations of the ~~(Sport) Big Sky~~ conference of which the University ~~(College)~~ is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach's full time and best efforts to the performance of Coach's duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University ~~(College)~~, would reflect adversely upon the University ~~(College)~~ or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the ~~University (College)~~'s ~~University's~~ name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA ~~(or NAIA)~~ Rules. In accordance with NCAA ~~(or NAIA)~~ rules, Coach shall obtain prior written approval from the ~~University (College)~~'s ~~University's~~ President for all athletically related income and benefits from sources outside the University ~~(College)~~ and shall report the source and amount of all such income and benefits to the ~~University (College)~~'s ~~University's~~ President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University ~~(College)~~ work day preceding June 30th. The report shall be in a format reasonably satisfactory to University ~~(College)~~. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University ~~(College)~~ booster club, University ~~(College)~~ alumni association, University ~~(College)~~ foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University ~~(College)~~, the ~~University (College)~~'s ~~University's~~ governing board, the conference, or the NCAA ~~(or NAIA)~~.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the

decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University (College)'s University's Board of ~~(Trustees or Regents)~~.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director's designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director's designee.

4.76 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University ~~(College)~~ may, in its discretion, suspend Coach from some or all of Coach's duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University ~~(College)~~ and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

- a) A deliberate or major violation of Coach's duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach's abilities;
- b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University ~~(College)~~;
- c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University ~~(College)~~, the University (College)'s University's governing board, the conference or the NCAA ~~(NAIA)~~, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or ~~NAIA~~ member institution;
- d) Ten (10) working days' absence of Coach from duty without the University (College)'s University's consent;
- e) Any conduct of Coach that constitutes moral turpitude or that would, in the University (College)'s University's judgment, reflect adversely on the University ~~(College)~~ or its athletic programs;

- f) The failure of Coach to represent the University ~~(College)~~ and its athletic programs positively in public and private forums;
- g) The failure of Coach to fully and promptly cooperate with the NCAA ~~(NAIA)~~ or the University ~~(College)~~ in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University ~~(College)~~, the University (College)'s University's governing board, the conference, or the NCAA ~~(NAIA)~~;
- h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University ~~(College)~~, the University (College)'s University's governing board, the conference, or the NCAA ~~(NAIA)~~, by one of Coach's assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or
- i) A violation of any applicable law or the policies, rules or regulations of the University ~~(College)~~, the University (College)'s University's governing board, the conference, or the NCAA ~~(NAIA)~~, by one of Coach's assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University ~~(College)~~ as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University ~~(College)~~ shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University (College)'s University's obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University ~~(College)~~ shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA ~~(NAIA)~~ regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA ~~(NAIA)~~ enforcement procedures. This section applies to violations occurring at the University ~~(College)~~ or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University ~~(College)~~.

5.2.1 At any time after commencement of this Agreement, University ~~(College)~~, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University ~~(College)~~ terminates this Agreement for its own convenience, University ~~(College)~~ shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University ~~(College)~~ until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University ~~(College)~~ employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University's obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach's services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision. Further, in the event that Coach accepts a volunteer position as a coach (whether head or assistant) at any college or university during the period after this Agreement has been terminated and before the end of the term, then the amount of compensation the University pays will be adjusted and reduced by fair market value of the Coach's volunteer services.

5.2.3 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University ~~(College)~~, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University ~~(College)~~ and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University ~~(College)~~. The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University ~~(College)~~ for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University ~~(College)~~ is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University ~~(College)~~ before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University ~~(College)~~. Termination shall be effective ten (10) days after notice is given to the University ~~(College)~~.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University ~~(College)~~ shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University ~~(College)~~, as liquidated damages and not a penalty, for the breach of this Agreement the following sum: (a) if the Agreement is terminated on or before ~~_____~~, May 09, 2013, the sum of ~~\$3035,000.00~~; (b) if the Agreement is terminated between ~~_____~~ May 10, 2013 and ~~_____~~ May 09, 2014 inclusive, the sum of ~~\$2025,000.00~~; (c) if the Agreement is terminated between ~~_____~~ May 10, 2014 and ~~_____~~ May 09, 2015 inclusive, the sum of ~~\$10,000.00~~. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University ~~(College)~~ will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University ~~(College)~~ shall constitute adequate and reasonable compensation to University ~~(College)~~ for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University ~~(College)~~.

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the ~~University (College)'s~~ University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University ~~(College)~~ and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the ~~University (College)'s~~ University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University ~~(College)~~.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the ~~University (College)'s~~ University's student-athletes or otherwise obstruct the ~~University (College)'s~~ University's ability to transact business or operate its intercollegiate athletics program.

5.76 No Liability. The University ~~(College)~~ shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.87 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University ~~(College)~~ employees, if the University ~~(College)~~ suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University ~~(College)~~ from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University ~~(College)~~ Faculty-Staff Handbook.

5.8 Coach agrees that in the event of a termination of this Agreement pursuant to this Article 5, the University may, at its sole option, require Coach to take any or all of his accrued unused vacation days prior to the effective date of the termination.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the ~~University (College)'s~~ University's Board of ~~(Regents or Trustees)~~ and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the ~~University (College)'s~~ University's Board of ~~(Regents or Trustees)~~, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of ~~(Regents or Trustees)~~ and University (College)'s University's rules regarding financial exigency.

6.2 University (College) Property. All personal property (excluding vehicle(s) provided through the ~~_____ program~~ Courtesy Car Program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University ~~(College)~~ or developed by Coach on behalf of the University ~~(College)~~ or at the ~~University (College)'s~~ University's direction or for the ~~University (College)'s~~ University's use or otherwise in connection with Coach's employment hereunder are and shall remain the sole property of the University ~~(College)~~. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach's possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University ~~(College)~~.

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University (College)'s University's sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University ~~(College)~~: _____: _____ Director of Athletics

Jeffrey K. Tingey
921 S. 8th Ave. Stop 8173
Pocatello, ID 83209-8173

with a copy to: _____ President

Arthur Vailas
921 S. 8th Ave. Stop

Pocatello, ID 83209-

the Coach: _____ William L. Evans

Last known address on file with
University (College)'s University's Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 Binding Effect. This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University (College)'s University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University ~~(College)~~ (including contraction, abbreviation or simulation), except in the course and scope of his official University ~~(College)~~ duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University (College)'s University's Board of ~~(Regents or Trustees)~~.

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

WILLIAM EVANS, HEAD BASKETBALL COACH - MULTI-YEAR CONTRACT CHANGES			
	MODEL CONTRACT SECTION	ISU CONTRACT SECTION	JUSTIFICATION FOR MODIFICATION
1	3.2.1 Supplemental Compensation	3.2.1 Supplemental Compensation	2 weeks pay bonus for Team being conference champion or co-champion not made contingent on bowl game or post-season tournament/playoff (winning the conference tournament already qualifies the team for an automatic NCAA Tournament berth).
2	3.2.2 Supplemental Compensation	3.2.2 Supplemental Compensation	2 weeks pay bonus for attaining top 25 ranking replaced with same bonus for Coach being named conference coach of the year as this is more applicable.
3	None	3.2.3 Supplemental Compensation	Added 2 weeks pay bonus for winning the Big Sky tournament or obtaining an NCAA tournament berth added for extra incentive to improve team performance.
4	3.2.3 Supplemental Compensation	3.2.4 Supplemental Compensation	This bonus of up to \$15,000 is based on the Team's 4-year APR ranking as the criteria for academic achievement as this has been a key focus and issue for the University.
5	3.2.4 Supplemental Compensation	3.2.5 Supplemental Compensation	Changed bonus opportunity based on program development, ticket sales and fundraising to a bonus opportunity of up to \$6,000 for winning 20 or more regular season games as this would be a good first step to higher attendance, donations, etc.
6	None	3.2.6 Supplemental Compensation	Added bonus opportunity of up to \$94,000 based on number of wins in the NCAA Men's Basketball Tournament.
7	None	3.2.7 Supplemental Compensation	Added bonus opportunity of up to \$20,000 based on number of wins in the NIT Men's Basketball Tournament.
8	3.2.5 Supplemental Compensation	3.2.8 Supplemental Compensation	Bonus opportunity for media participation set at \$20,000 and added specific reference to attending Bengal Athletic Booster events as this is an important requirement.
9	3.2.6 Summer Camp Operated by University	3.2.9 Summer Camp Operated by University	University has decided to provide a University-operated summer camp only. Coach has the option not to take supplemental compensation for assisting with this camp and to instead have the funds used to enhance the budget of the Basketball Program.
10	5.2.2 Termination of Coach for Convenience	5.2.2 Termination of Coach for Convenience	Added provision that if Coach is terminated and accepts a volunteer position as a coach, the amount of compensation paid by the University will be reduced by the fair market value of the volunteer services. This is to prevent a coach from working for another program while the University pays his full salary.
11	None	5.8	Added a provision that in the event of a termination, the University may require the Coach to take his accrued vacation prior to the effective date of the termination. This is to prevent the situation where the Coach is not working at the end of the contract but does not take vacation days and thereby receives a payout of accrued vacation upon termination of the contract.

UNIVERSITY OF IDAHO

SUBJECT

Agreement for employee benefits life and disability insurance

REFERENCE

April 2005	Board approved contract with Aon Consulting Inc., for benefits consulting
June 2008	Board approved contract with Buck Consultants, LLC, for benefits consulting

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.13.a.

BACKGROUND/DISCUSSION

The University of Idaho provides significant and competitive employee benefits to its faculty and staff. One significant element of those benefits provides the University employees financial stability through Life and Disability insurance. Basic coverage is provided by the University with supplemental coverage available during the annual open enrollment period.

Life insurance coverage has been provided through The Standard Company since June 30, 2006. Prior to that time coverage was provided by the Principle Financial Group. Disability insurance coverage has been provided through Hartford. Both of these agreements were established with the assistance of AON Consulting, Inc. and continued support has been provided by Buck Consultants, LLC.

This is part of a continued and systematic review of employee benefits and the underlying contracts which support those benefits. On May 7, 2012 the University issued a Request for Proposals 12-46J with a closing date of June 6, 2012. Thirty one firms were solicited with a public notice placed upon the University's Purchasing Services website. Twelve responses were received. A selection committee reviewed, evaluated and determined that The Standard Insurance Company through Helbling Benefits Consulting provided the best value for the University.

The Standard Insurance Company through Helbling Benefits Consulting will provide both insurance coverages. Helbling replaces Buck Consultants as the University's consultant of record and will provide such services as consulting and account management, claims analysis, reserve monitoring and carrier negotiations.

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

IMPACT

UI 705 - Helbling Benefits Consulting

Helbling Benefits Consulting will charge an annual fee of one percent (1%) added to the life and disability premium. The initial term of the contract is three (3) years. There are two (2) optional three (3) year renewal terms that, if exercised, will result in a full term of nine (9) years. Under a full nine (9) year term, the total value of the contract is \$118,000 (assuming the estimated premiums below remain consistent throughout the full term).

UI 706 - Standard Insurance Company

The Standard Insurance Company provides a three (3) year rate guarantee with annual premiums estimated to be:

	Life Insurance Projected Annual Cost	Disability Projected Annual Cost
<i>Employer Portion</i>	\$535,280.15	\$279,363.12
<i>Employee Portion</i>	<u>\$315,977.05</u>	<u>\$190,711.87</u>
TOTAL	\$851,257.20	\$470,074.99

The initial term of the contract is three (3) years. There are two (2) optional three (3) year renewal terms that, if exercised, will result in a full term of nine (9) years. Under a full nine (9) year term, the total value of the contract is \$11,798,749.08 (assuming the estimated premiums above remain consistent throughout the full term).

ATTACHMENTS

- Attachment 1 – Proposed Contract – UI705 Helbling Benefit Consultants Page 5
- Attachment 2 – Proposed Contract – UI706 The Standard Insurance Co. Page 9
- Attachment 3 – Benefit and Rate Comparison Page 13
- Attachment 4 – Response to RFP Page 15
- Attachment 5 – Request for Proposals 12-46J Page 237

STAFF COMMENTS AND RECOMMENDATIONS

The UI recently rebid its employee life and disability insurance. Based on the accepted proposal, the University will be able to achieve costs savings for both the employer and employees. There are no proposed changes to the benefits (employee and spouse supplemental life, accidental death & dismemberment, and disability) themselves.

**BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012**

An example of cost savings on the employer side follows:

	2012 Rates	Proposed Rates
Life Insurance (1x base salary)	0.268	0.175
Disability		
- Short-term/per \$10	0.089	0.082
- Long-term/per \$100 of salary	0.20	0.20

Staff recommends approval.

BOARD ACTION

I move to approve the agreements between the University of Idaho and The Standard Insurance Company with Helbling Benefit Consultants as consultant of record, in substantial conformance to the forms submitted to the Board in Attachments 1 and 2, inclusive of the University of Idaho Request for Proposals Number 12-46J and the Helbling Benefit Consultant's response dated June 6, 2012, and to authorize the director of contracts and purchasing services to execute all necessary documents.

UNIVERSITY OF IDAHO
AGREEMENT NUMBER UI-705

The University of Idaho (hereinafter called the University) hereby awards to Helbling Benefits Consulting (hereinafter called the Contractor) Agreement number UI-705 to furnish life and disability insurance consulting services to the University, as specified in University of Idaho Request for Proposals Number 12-46J, in accordance with the terms and conditions of the Request for Proposals.

This Agreement is supplemented by a) University of Idaho Request for Proposals Number 12-46J; b) Helbling Benefits Consulting's response dated June 6, 2012 which have been agreed to by the parties and by this reference are made a part hereof as though fully set forth herein. To the extent such terms, conditions, or provisions may be in conflict or be inconsistent, their order of authority shall be as follows: 1) University of Idaho Agreement Number UI-705; 2) University of Idaho Request for Proposals Number 12-46J; 3) Helbling Benefits Consulting's response dated June 6, 2012.

1.1 NOTICES

Any notice under this Agreement shall be in writing and be delivered in-person, delivery service, and certified mail with return receipt requested, or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: University of Idaho
 Purchasing Services
 PO Box 442006
 1028 West 6th Street
 Moscow, Idaho 83844-2006
 Attn: Christopher Johnson
 Phone: (208) 885-6116
 Fax: (208) 885-6060

With copy to: counsel@uidaho.edu

the Contractor: Helbling Benefits Consulting
 250 Northwest Blvd. Suite 201
 Coeur d'Alene, ID 83815
 Attn.: Chad Murray
 Phone: (208) 765-9521
 Fax: (208) 818-8895

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, (c) via electronic mail, or (d) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

1.2 SEVERABILITY

The terms and conditions of this Agreement are declared severable if any term or condition of this Agreement or the application thereof to any person(s) or circumstance(s) is held invalid. Such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application.

1.3 TERM OF AGREEMENT

The initial term of this agreement shall be three (3) years, commencing upon January 1, 2013. Initial employee enrollment and transition will begin with Fall 2012 open enrollment. The term of this Agreement may, if mutually agreed upon in writing, be extended by two (3) year increments for a total of six (6) additional years, provided written notice of each extension is given to the Contractor at least thirty (30) days prior to the expiration date of such term or extension. In the event funding approval is not obtained by the University, this Agreement shall become null and void effective the date of renewal. During extension periods, all terms and conditions of this Agreement shall remain in effect.

1.4 CONTINUATION DURING DISPUTES

The Contractor agrees that, notwithstanding the existence of any dispute between the parties, insofar as possible under the terms of the Agreement to be entered into, each party will continue to perform the obligations required of it during the continuation of any such dispute, unless enjoined or prohibited by any court.

1.5 PRICING AND INVOICES

The University accepts option 1 under the Standard Insurance RFP response and plan pricing, which states: "1) Add a 1 percent consulting fee to the Life and Disability Premium."

All invoices must contain the name of the University department, contract number UI-705, itemization of materials and services, and correct Agreement pricing.

Invoices for payment must be submitted by the Contractor to:

University of Idaho
Accounts Payable
PO Box 444244
Moscow, ID 83844-4244

1.6 ENTIRE AGREEMENT

This Agreement constitutes the entire Agreement between the parties. No change thereto shall be valid unless communicated in writing in the stipulated manner and signed by the University and the Contractor.

The effective date of this contract is September 1, 2012.

Changes to Standard Terms and Conditions

The following terms found in the Request for Proposal 12-46J are amended as follows:

6-1 AGREEMENT TERMS AND CONDITIONS

The submission of a proposal herein constitutes the agreement of any Proposer that any Agreement to be drawn as the result of an award herein shall be prepared by the University and shall include at a minimum, all terms and conditions set forth in this RFP. The submission of a proposal shall further constitute the agreement of each Proposer that it will not insist on the use of standard contract agreements, documents, or forms, and that it waives any demand for the use of its standard agreements. The Agreement between the parties shall consist of, in order of precedence: the agreement document signed by the Parties subsequent to submission of the proposal, and any attachments thereto and incorporations therein, the terms and conditions in the RFP, the Proposer's group insurance policy or policies, and the Proposer's response to the RFP.

Provided, however, that the Proposer's group insurance policy or policies shall govern: (i) eligibility for insurance and benefits, and (ii) Proposer's rights to amend, re-rate and terminate its group insurance policy or policies.

6-5 APPLICABLE LAW AND FORUM

This Agreement shall be construed in accordance with, and governed by the laws of the State of Idaho. Any legal proceeding related to this Agreement shall be instituted in the courts of the county of Latah, state of Idaho, and Contractor agrees to submit to the jurisdiction of such courts.

Provided, however, this shall not apply to any legal proceedings that arise out of or are related to a benefits decision under Proposer's group insurance policies.

Summary of Annual Costs

Group Benefits Consulting

June 6th, 2012

University of Idaho Purchasing Services
Attn: Christopher Johnson, Director
1028 W. 6th Street
Moscow, Idaho 83844

Re: Request for Proposal for the University of Idaho - RFP No. 11-46J

Dear Mr. Johnson,

On behalf of the Helbling Benefits Consulting (HBC) team we truly appreciate the opportunity to acquire quotes on behalf of the University's employee Life and Disability programs. We have secured proposals from The Hartford and Standard Insurance. During the process we had other carrier's review the RFP and they cordially declined to quote, based on some of the experience reviewed in the current disability program.

All of the proposals we are presenting are net of commissions, or consulting fees. If we are selected to assist the University's benefits departments in managing the Life and Disability programs, our requested compensation for services are as follows:

The Hartford

- 1) No built in consulting fee as long as we are the Consultant of Record on the University's Life and Disability programs. We would be compensated by our increased Hartford block of business. "OR"
- 2) Annual Consulting Fee of \$30,000 annually (monthly \$2,500) paid directly to Helbling Benefits Consulting.

Standard Insurance

- 1) Add a 1 percent consulting fee to the Life and Disability premium. "OR"
- 2) Annual Consulting Fee of \$30,000 annually (monthly \$2,500) paid directly to Helbling Benefits Consulting.

This allows HBC to provide the following services: *(more detail on request)*

- Dedicated Consultant and Account Manager *(available for onsite meetings as needed)*
- Quarterly Life & Disability claims analysis
- Claims Fluctuation Reserve monitoring

- Life & Disability plan design consultation
- Carrier Negotiations
- Request for Proposal creation
- Life & Disability Contract Review
- Life & Disability Education (*Employer & Employee*)
- Retiree Assistance (*answer questions directly, coordinate claims filings, beneficiary updates, retiree meetings*)
- Legislative Updates (PPACA, COBRA, HIPAA, FMLA, ADA, GINA, etc)

HBC is open to other consulting fee arrangements if desired by the University of Idaho.

Both Standard and The Hartford proposals through Helbling Benefits Consulting will be serviced out of the local Hartford (Seattle) and Standard Insurance (Spokane) offices. We will have dedicated account managers with both of these carriers, with a high touch service model.

If Helbling Benefits Consulting is selected as the University's consultant on the Life and Disability programs, there will be some additional negotiations with the selected carrier, which we will provide. In addition, there are funding arrangements and rate guarantee options, which we will explore on behalf of the University. (*Everything under HBC Services*)

Helbling Benefits Consulting

Executive Summary

Our Mission Statement

"We promise to apply our industry knowledge and innovative solutions to protect the financial and human wellbeing of our valued customers!"

Our Core Values

Integrity We consistently adhere to a moral and ethical code.

Knowledge We believe that the pursuit of knowledge, understanding, meaning, and personal development should be encouraged across all stages of life. We pride ourselves in being well informed and searching for new and innovative solutions for our clients.

Friendly A service level that is genuinely friendly with our clients, vendors and service providers.

Founded in 1999 by Greg Helbling, previous to 1999 doing business as Harris Dean Insurance.

Number of Employees 14 current staff members.

Company Officers

Greg Helbling, President
Chad Murray, Vice President/Partner

Employee Benefits Experience Greg Helbling and Chad Murray have over forty years of employee benefits experience and knowledge. We have been involved in all facets of the industry - with insurance carriers in sales and marketing, information technology, in a corporate home office capacity, and for many years as independent agents/consultants working on behalf of employers.

Business Volume \$59,000,000 of Pacific Northwest business under management.

Helbling Employee Benefits Consulting works with over 100 public and privately held entities.

Our operational philosophy is to always provide

- Accuracy
- First rate customer service
- Friendly and approachable
- Unmatched turnaround and response time

250 Northwest Blvd, Coeur d'Alene Idaho, 83814 * www.helblingbenefits.com * 208-765-2620

Helbling Benefits Consulting

"We promise to apply our industry knowledge and incorporate innovative solutions to protect the financial and human well being of our valued clients."

Chad Murray, GBDS

Helbling Benefits Consulting specializes in benefits consulting for Medical, Dental, Vision, Life, and Disability. Chad has twelve years experience in the insurance industry working for a large national insurance carrier for seven years and the last five with Helbling Benefits Consulting. At Helbling Benefits Consulting, Chad specializes in bringing his clients the most comprehensive employee benefit package available.

Chad Murray is a 1999 graduate from the University of Idaho with a Bachelor's degree in Management Information Systems. Chad has also received further training in Group Disability Insurance and has received his National Health Underwriters "Group Benefits Disability Specialist" designation.

Chad Murray, GBDS
Benefits Consultant

cmurray@helblingbenefits.com
208-765-2620

National Health Underwriters "Group Benefits Disability Specialist" designation

- Proficiency in Group Short- and Long-term disability contracts, plan design strategies, underwriting risk management tools, and pricing levers
- Disability Industry best practice
- Understanding how a client's risk profile is viewed and how to improve it
- High level of moral and ethical conduct within the group disability benefits industry by detailing market conduct responsibilities

Helbling Benefits Consulting

"We promise to apply our industry knowledge and incorporate innovative solutions to protect the financial and human well being of our valued clients."

Nellie Armstrong

As the Senior Account Manager at Helbling Benefits Consulting, Nellie specializes in bringing the highest level of service and dedication to our groups.

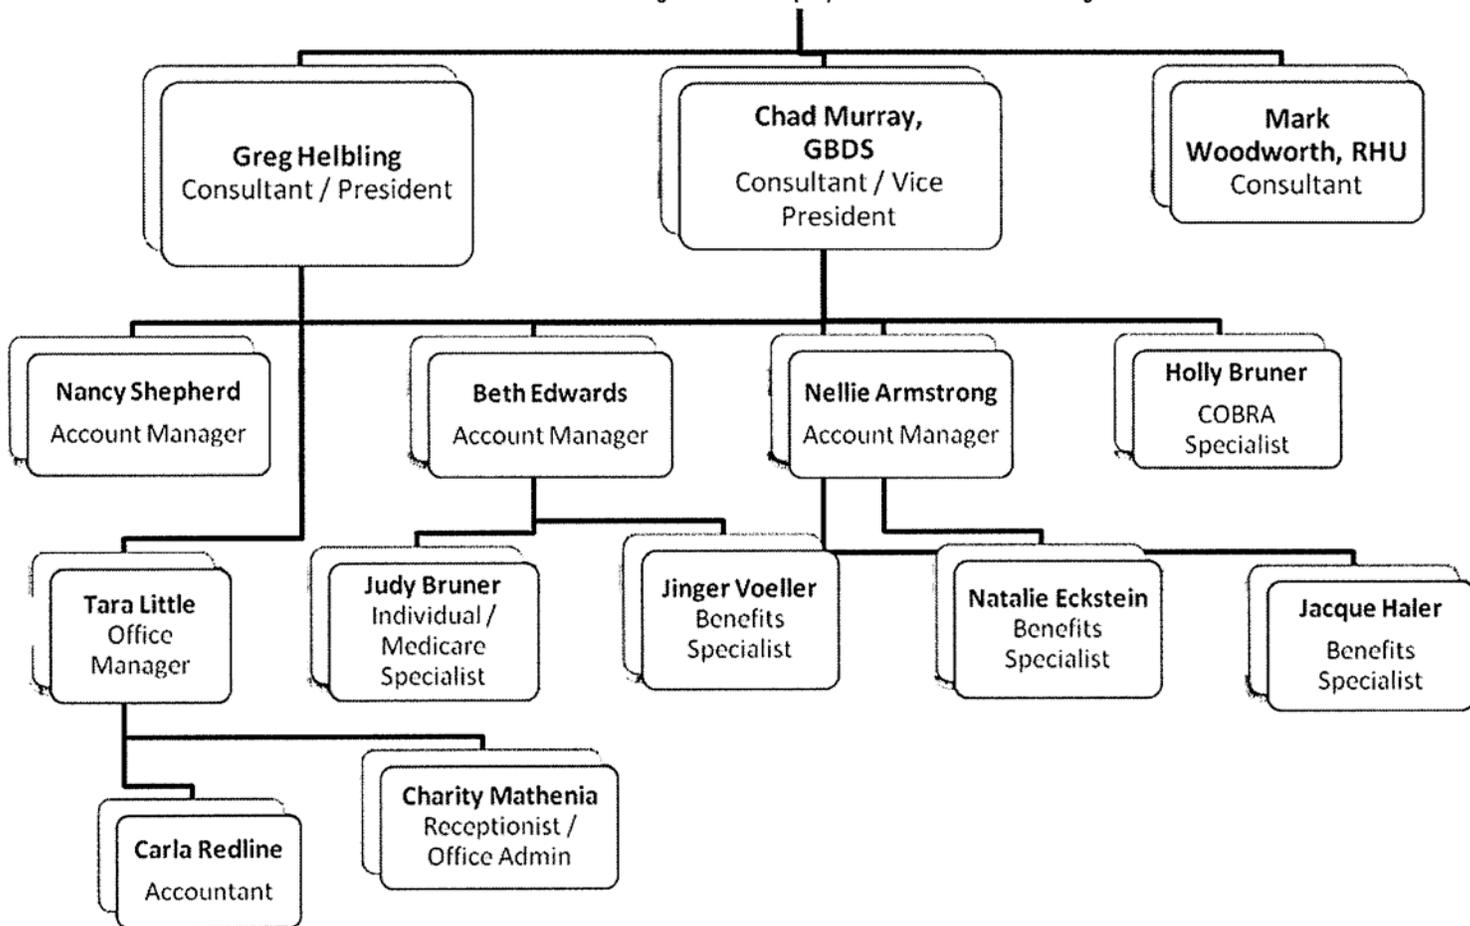

Nellie's key strengths are assisting the employer with applying new lines of coverage to benefit packages, and providing tools for employee communication. In addition to implementing Life and Disability policies to our largest clients, she also assisted our school districts and the University of Idaho with the ERRP program. Nellie is client focused, works closely with our vendors and is a trusted resource for our groups.

Nellie Armstrong
Account Manager

narmstrong@helblingbenefits.com
208-765-2620

Account Management for Life and Disability

- Provides Human Resource support in enrollment, billing and employee communication.
- Assists employees with claim issues, member appeals and special considerations.
- Primary resource for benefit questions.
- Problem solves with the carrier on behalf of the employee to ensure the best possible outcome arises.

University of Idaho Life/AD&D & Disability Experience through 12/31/2011

As we received the experience data on the University we were able to draw out the specific experience on each line of business. Below, we have outlined by line of coverage some key points for the University's consideration during the evaluation of the Life and Disability RFP.

University of Idaho Short-term Disability Experience

- The STD experience data provided is through 12/31/2011. The current experience reveals that for the last three years the net loss ratio is 1.08. If we review just the last two years, the loss ratio reduces to .93. The current experience may be trending better but without the last four months in 2012, it is challenging to make that determination. Based on the current information, you should receive quotes coming in between 0 - 30% above current, as well as a two-three year rate guarantee. Different underwriting and risk assumptions will be different from carrier to carrier.

STD	01/1/2009-12/31/2009	01/01/2010-12/31/2010	01/01/2011-12/31/2011	Totals	Loss Ratio
Premium	101,775.79	124,269.77	121,085.42	347,130.98	1.08
Claims	147,706	86,176	141,262	375,144	
Lives	2,387	2,315	2,303		
Volume	1155123	1542686	1537912		

Helbling Benefits Consulting

Life and Disability Experience Analysis & RFP Cost Summary

University of Idaho Long-term Disability Experience

- As with the STD, the experience provided is through 12/31/2011 and reveals it is running at a net loss ratio of approximately 1.76. A rate increase was recently put in place, and will take some time to see how this plays out in the experience. We do not know if the current participation levels have decreased due to the recent rate increase put into place on 1/1/2012. We would like to analyze this further after receiving more information.
- There are currently 25 open claims. Based on the University's demographics, we would expect no more than 16 open claims at one time. Therefore, the University is experiencing high incidence levels and a challenging loss ratio. The disability industry in general has seen higher incident rates, which can be attributed in part to the down economy. This can make it difficult to receive a competitive quote in the marketplace. It is always possible for a carrier to underwrite this line of business for a loss assuming a significant increase will be needed at the first renewal.

LTD	1/1/2008- 12/31/2008	1/1/2009- 12/31/2009	1/1/2010- 12/31/2010	1/1/2011- 12/31/2011	Totals	Loss Ratio

Helbling Benefits Consulting

Life and Disability Experience Analysis & RFP Cost Summary

Life, AD&D, and Supplemental Life

- The life plan is running well when packaged with the supplemental life insurance. The basic life could warrant a decrease if the voluntary rates stay the same. The Standard reserves premium waiver claims at 65% of face amount where I would make a case to reserve at 40% when reviewing this opportunity further. Also the retiree experience is not running so well which is not surprising. Making an adjustment to the retiree rate could create a lower rate to the active base life and voluntary life. If no changes in the retiree rate, the active plan will continue to subsidize the retiree rate. In the Standard Insurance proposal you can see they lowered the active base and voluntary life rates but increased retiree rates significantly. All depends on how the University views the Active versus the Retiree.

Basic Life	1/1/2009- 12/31/2009	01/01/2010- 12/31/2010	01/01/2011- 6/31/2011*	07/01/2011- 03/31/2012	Totals	LR

Standard Insurance Cost Proposal Summary

Life & AD&D - 3 year rate guarantee

Please Note: illustration is based a snap shot of volume provided in the RFP. Same volume was used with both carrier analysis for the sake of consistency

Basic Life (Employer Funding)

Actives 34.6% savings (or - \$11,598 per month)

Retirees 211% increase (or +\$15,414 per month)

**Please note, in the rate sheet the incorrect Retiree volume was used; the rate sheet shows \$3,375,000 and it should be \$7,375,000 (Standards samples calc wrong, correct in our analysis)*

Overall, increase to the University is \$3,816 (or 9.3% increase) when we combine Active and Retiree. As you can see Standard shifted the cost to the Retiree plan and lowered the better experienced Active Life Plan rates.

Supplemental Life - on average a 28% savings for employees (varies somewhat by age band) (or -\$7,868 per month)

Spouse Life - again on average a 28% savings for the employees (or - \$1,404 per month)

Dependant Life - about a 40% premium savings for employees (or -\$239 per month)

Stand Alone AD&D (VAD&D) - No change in rates.

Short-term Disability - 3 year rate guarantee

Base Plan (Employer Funded) -8% or \$656 savings per month

Buy Up 1 (Employee Funded) no change in rates

Buy Up 2 (Employee Funded) no change in rates

Long-term Disability - 3 year rate guarantee

Base Plan (Employer Funded) no change in rates

Buy Up 1 (Employee Funded) Approximately 49% increase

Buy Up 2 (Employee Funded) Approximately 49% increase

Employee cost is +\$4,085 per month

The incorrect rate on the Buy-Up 66 2/3% rate sheet sample calculations, .20 was used and it should be .30 (this changes Standards sample calcs, this is correct in our analysis)

Overall: Employer change in cost +\$3,160 or +\$37,920 annually
Employee change in cost -\$5,426 or -\$65,112 annually

The Standard current Basic Life plan has an Experience Rated Refunding with a claims fluctuation Reserve (ERR/CFR). As part of our negotiated proposal, Standard will offer ERR/CFR on combined / cross refunding for all products.

Helbling Benefits Consulting

Life and Disability Experience Analysis & RFP Cost Summary

Standard Insurance Sample Calculations for all levels of coverage

Active Basic Life - 1x Annual Salary

Non-Tobacco User

Volume \$114,157,000 x .175 divided by 1,000 = \$19,977.48 monthly

Tobacco User

Volume \$8,531,750 x .23 divided by 1,000 = \$1,962.30 monthly

Active Basic Life - Flat \$50,000 Benefit

Non-Tobacco User

Volume \$104,960,000 x .15 divided by 1,000 = \$15,744 monthly

Tobacco User

Volume \$10,100,000 x .20 divided by 1,000 = \$2,020 monthly

Retiree Basic Life

Volume \$7,375,000 x 3.08 divided by 1,000 = \$22,715 monthly

Optional Employee Life

Age 45-49 - Non-Tobacco User

Employee Benefit Election \$36,000 x .15 divided by 1,000 = \$5.40 monthly

Age 45-49 - Tobacco User

Employee Benefit Election \$36,000 x .24 divided by 1,000 = \$8.64 monthly

Optional Spouse Life

Age 45-49 - Non-Tobacco User

Spouse Benefit Election \$30,000 x .15 divided by 1,000 = \$4.50 monthly

Age 45-49 - Tobacco User

Spouse Benefit Election \$30,000 x .24 divided by 1,000 = \$7.20 monthly

Optional Dependent Child Life

\$10,000 Benefit (Per Member Per Month Rate) - \$0.60 monthly

Optional AD&D

Employee Only

\$46,000 Benefit (1x salary) x .03 divided by 1,000 = \$1.38 monthly

Employee and Family

\$46,000 Benefit (1x salary) x .045 divided by 1,000 = \$2.07 monthly

Short-term Disability

Basic 50% Plan

Volume \$937,351 x .082 divided by 10 = \$7,686.28 monthly

Buy-Up 60% Plan

Volume \$220,670 x .046 divided by 10 = \$1,015.08 monthly

Buy-Up 66 2/3% Plan

Volume \$354,817 x .071 divided by 10 = \$2,519.20 monthly

Long-term Disability

Basic 50% Plan

Monthly Salary \$7,796,991 x .20 divided by 100 = \$15,593.98 monthly

Buy-Up 60% Plan

Monthly Salary \$2,068,958 x .155 divided by 100 = \$3,206.88 monthly

Buy-Up 66 2/3% Plan

Monthly Salary \$3,050,496 x .30 divided by 100 = \$9,151.49 monthly

Health Plan Management • Employee Benefits • Consulting

250 Northwest Blvd, Coeur d'Alene Idaho, 83814 * www.helblingbenefits.com * 208-765-2620

The Hartford Insurance Cost Proposal Summary

Life & AD&D - 3 year rate guarantee

Basic Life (Employer Funding)

Actives 32.6% savings (or - \$7,889.44 per month) (\$94,673.28 savings annually)

Retirees 0% increase - no change in rate

Note: savings is based a snap shot of volume provided in the RFP. Same volume was used throughout analysis for the sake of consistency.

Overall, savings to the University is \$94,673.28 annually when Active and Retiree premiums are combined, based on current volume.

Supplemental Life - no change in rates

Spouse Life - no change in rates

Dependant Life - no change in rates

Stand Alone AD&D (VAD&D) - No change in rates.

Short-term Disability - rate guarantee until 1/1/14

Base Plan (Employer Funded) no change in rates

Buy Up 1 (Employee Funded) no change in rates

Buy Up 2 (Employee Funded) no change in rates

Long-term Disability - rate guarantee until 1/1/14

Base Plan (Employer Funded) no change in rates

Buy Up 1 (Employee Funded) no change in rates

Buy Up 2 (Employee Funded) no change in rates

Overall: Employer change in cost -\$94,673.28 savings annually
Employee change in cost - no change in cost

The Hartford currently does not have a refund arrangement with the University for the Disability and is not proposing one at this time. We would want to see if it makes sense to implement a combined ERR/CFR arrangement if Hartford were to have the Life and Disability.

Helbling Benefits Consulting

Life and Disability Experience Analysis & RFP Cost Summary

The Hartford Sample Calculations for all levels of coverage

Active Basic Life - 1x Annual Salary

Non-Tobacco User

Volume \$114,157,000 x .205 divided by 1,000 = \$23,402.19 monthly

and History

Background and History

Company Background

StanCorp Financial Group is a publicly traded company and became so in 1999. StanCorp Financial Group, Inc., through its subsidiaries marketed as The Standard — Standard Insurance Company, The Standard Life Insurance Company of New York, Standard Retirement Services, StanCorp Mortgage Investors, StanCorp Investment Advisers, StanCorp Equities, StanCorp Real Estate, and StanCorp Trust Company — has helped people achieve financial security so they can confidently pursue their dreams.

As a company, The Standard employs approximately 2,950 people nationwide. We have more than 30 years of experience servicing group contracts of more than 2,000 eligible employees. Some additional facts and statistics that may aid the University of Idaho in understanding the nature of our company are listed below:

- Headquartered in Portland, Oregon
- Chartered in 1906 as Oregon Life Insurance Company
- Mutualized in 1929
- Name changed to Standard Insurance Company in 1946
- Demutualized in 1999
- Standard Insurance Company has been providing insurance services since 1906.
- Licensed in 49 states, the District of Columbia and the United States Territories of Guam and the Virgin Islands
- Offices:
 - 39 - Employee Benefits Sales and Service offices
 - 3 - Individual Disability Insurance Regional offices
- Primary products:
 - Group disability insurance
 - Individual disability insurance
 - Group life insurance
 - Group dental insurance
 - Group vision insurance
 - Group accidental death and dismemberment insurance
 - Retirement plans
 - Annuities
 - Absence Management Services
- Number of group insurance policies in force: approximately 24,800
- Number of group employees covered: approximately 6.2 million
- Number of individual insurance policies in force: approximately 169,300

History of The Standard

Standard Insurance Company was founded in 1906 as Oregon Life Insurance Company, the first life insurance company in the Pacific Northwest. In 1929, we converted to a mutual company: Oregon Mutual Life Insurance Company. In 1931, the company began promoting its bond portfolio of non-callable, high-interest, long-term bonds that would continue to pay returns of 4 percent to 5 percent through the worst years of the Great Depression, providing rare financial security for investors.

As the company expanded, we gained recognition for our customer-centric approach to conducting business, as well as for product quality and financial strength. In 1946, the company's name changed to Standard Insurance Company to help facilitate growth into other states. In 1951, Standard Insurance Company wrote its first group life insurance policy, which is still in force today — a testament to our commitment to building lasting customer relationships.

For more than 100 years, we have been dedicated to our core purpose: to help people achieve financial security, so they can confidently pursue their dreams. We have earned a national reputation for quality products and superior service by always striving to do what is right for our customers.

Our Financial Strength

For an insurance and asset management company, there is nothing more important than financial strength. Our customers and shareholders alike must be confident that we will be there regardless of the current economic environment. We take this responsibility very seriously and back it up with our disciplined business practices, sound investment strategies and unique industry expertise.

While various other financial institutions have struggled with their business mix and capital levels, at The Standard, we have maintained our focus on providing excellent customer service while still seeking attractive business opportunities. By approaching our commitments with a long-term perspective, we are able to invest for our customers and build value for our shareholders.

Our balance sheet is the cornerstone of our financial strength and has provided us with a foundation for profitability through a wide range of economic cycles.

Bond Portfolio

Our bond portfolio is strong. Our strategy is to maintain a diversified portfolio of high-quality, fixed-maturity securities to keep us well-protected should any industries experience difficulties.

- Average portfolio rating of "A" as measured by Standard & Poor's
- No direct exposure to sub-prime or alt-A mortgages

Commercial Mortgage Loan Portfolio

Our commercial mortgage loans have consistently provided a superior balance of risk and return. We offer small commercial mortgage loans to borrowers who want a fixed rate over time, and we rigorously underwrite every commercial mortgage loan we make. The quality of our commercial mortgage loans is excellent, and our delinquency rates are very low.

- \$4.98 billion portfolio (on more than 6,190 loans)
- Average loan size: \$0.8 million
- Low average loan-to-value ratio (less than 70 percent)

The Standard Stands The Test Of Time

In the July 2011 issue of *Best's Review*, Standard Insurance Company was recognized for maintaining an "A" rating or higher from A.M. Best Company since 1928. The Standard was honored to be among one of only 11 life/health insurers to consistently achieve an "A" rating or higher for more than 75 years. Given the rapidly evolving markets, changing customer needs and challenging economic times, this is a significant accomplishment. We are proud of this longstanding track record of financial strength.

and Support

Experience and Support

Account
Service & Administration

Our Service Commitment To You

Integrity

Our customers know that we mean what we say. We conduct business according to the highest ethical standards. Integrity is the foundation of everything we do and every interaction we have with customers, coworkers and the public. We keep our promises and we follow through. We make sure that the questions are answered and problems are solved. Customers consistently receive the type of service from us that instills trust and forms the basis of enduring relationships.

Doing things differently

We anticipate customer needs and are never satisfied with "good enough." Customers can expect to be satisfied, even delighted. From the quickly returned phone call or hand-delivered check to the innovative services for disabled employees and sophisticated online services for retirement plan clients, The Standard version of doing things is decidedly different.

Expertise

The value of our products lies in the expertise behind them. The Standard is recognized throughout the insurance industry for excellence in critical areas such as: actuarial science, underwriting, claims processing, investment management and many others. In all areas of the company, people with years of training and decades of experience are devoted to exceeding the needs of our customers. We never forget that customers are people. We treat all of our customers with the respect, understanding and empathy they deserve. We do our best to ensure that the Internet, voicemail and other technologies enhance personal communication, not obstruct it. Our claims specialists and service

teams develop customer relationships that go beyond the business basics, and in many cases, last for years.

Personalized, Experienced Account Management

The Standard understands that dedicated and experienced resources that provide innovative solutions, superior service, and a firm commitment to your satisfaction best serve University of Idaho. What this means to you is less time and money spent on the administration of your employee's insurance benefits.

Our team approach is designed to be simple and accessible for you. Local Account Manager Diana Davenport, located in our Spokane Sales and Service Office will serve as University of Idaho's dedicated local Account Manager.

As your advocate, Diana is responsible for managing your account and exceeding expectations. Whether it is consulting with staff on policy matters or analyzing claims experience, Diana has a proven track record providing timely, knowledgeable responses to her clients.

In addition, she will collaborate with Ryan Woodland, National Accounts Consultant, in servicing University of Idaho. Ryan is the home office advocate directing the overall account management. Together, Ryan and Diana facilitate interactions between your account and all the functional areas within The Standard.

At the Standard, risk decisions and benefit decisions are made independently and appropriately based on contractual obligations. No one individual has the authority to make

Account
Service & Administration

commitments on behalf of, or to supersede decisions made in these respective areas. We guarantee that decisions, and communication thereof, will be made in a timely and efficient manner consistent with your expectations.

National Account Support

Trusting The Standard with your large group

Standard Insurance Company understands that as a large employer, you have distinct employee benefits needs. These are best served by dedicated, experienced resources you can trust to provide innovative solutions, superior service and a firm commitment to your satisfaction. To meet the requirements of groups with more than 2,500 employees, we proudly present our National Accounts teams.

Currently, more than 400 large case accounts trust The Standard to provide quality insurance products and services. They represent over 3.5 million insured employees and over \$650 million in annual premium. Our relationships with these clients average 10 years. We attribute these lasting associations to the flexibility, experience and dedication of our National Accounts teams.

Blending expertise, accessibility and teamwork

Our National Accounts teams support underwriting, policy issue, premium and claims administration for large groups. As crossfunctional groups of employee benefits experts, they work together in an environment that facilitates cooperation and collaboration. Each team member receives specialized training in large case management and recognizes the importance of serving our major clients. By physically locating these specialists together, we improve our communications, response times and understanding of your needs. From initial proposal through case renewal, you will experience an uncompromising level of quality service from our National Accounts team members.

Crafting “outside the box” solutions

Your group may require a unique plan design, with custom-drafted contract provisions, flexible policy language or alternative funding arrangements. Crafting responsive solutions to meet these needs requires a mastery of the underwriting and contract drafting processes. With an average of more than ten years of

experience, our National Accounts underwriters and contract analysts have the expertise and tools to respond to your requirements.

Providing a single point of contact

When you have a question about your group coverage, you want one person to contact for the answer. We assign a National Accounts consultant to your group to act as that single point of contact and as your advocate. You can count on this individual to provide timely, knowledgeable responses and to represent your interests throughout your ongoing relationship with The Standard.

Assuring smooth transitions

We want our new relationship with your group to get off to a good start. As a first step, we dedicate an implementation expert to manage every aspect of this crucial period. This individual works with other National Accounts team members to create custom enrollment materials, deliver contracts and certificates, clarify claims processes and verify your reporting and billing requirements. From beginning to end, every implementation detail gets the attention it requires.

Treating your employees with respect

You expect your employees to receive fair and respectful treatment, especially during difficult times in their lives. We developed our claims management processes with this underlying philosophy. Our objectives are to make the claims experience as easy as possible and to pay benefits to entitled individuals in a timely, accurate and sensitive manner. Providing financial support, however, is just the start. Your employees and their loved ones may need emotional support and practical guidance following a death or disabling incident. Our benefits resources can make a difference in these times of need.

Serving policyowners across the nation

No matter where you are located, The Standard has the answer with National Accounts resources on both the East and West Coasts. Serving you from across the nation, these teams operate in partnership with our 42 Sales and Service Offices and a network of 20,000 brokers and consultants.

Guaranteeing our performance

We are confident of our ability to deliver on our promise to meet or exceed your expectations. In fact, we guarantee it. In the event we do not meet your overall expectations, we will refund a portion of your premium. The Standard offers this unconditional performance guarantee to demonstrate our commitment to your satisfaction.

Providing Insurance to Public Employers

Standard Insurance Company has over 55 years of experience meeting the needs of public employer groups. Our first group policy, written in 1951 and still in force today, stands as a testament to our commitment to building long-term relationships. Since then, we've been leading the way in public group insurance protection.

Asking the Right Questions

At The Standard, we recognize that public employers have unique requirements for their employee benefits plans. To develop appropriate solutions, we ask the right questions about all the factors involved in understanding these needs:

- contractual provisions
- administrative requirements
- reporting needs
- integration with other benefits and programs
- union representation
- employee classification
- funding requirements
- budget concerns

We ask these and many more questions to assure that the coverage we provide meets or exceeds the expectations of each policyholder.

Offering the Right Products

Group Life Insurance

Group Life insurance from The Standard offers public employers the opportunity to help protect employees and their families from financial hardship in the event of death. Group Life may be combined with Accidental Death and Dismemberment (AD&D) and/or Dependents Life insurance to help provide additional financial security for employees.

Group Long Term Disability Insurance

Long Term Disability (LTD) coverage helps to protect employees from the loss of income and lifestyle associated with an extended disabling illness or injury. Our dedicated teams of claims management professionals assure superior service to policyholders and eligible employees.

Group Short Term Disability Insurance

Short Term Disability (STD) insurance is designed to replace a portion of an employee's weekly income in a time of need. Our STD coverage offers an attractive option for public employers who want to supplement a sick leave or statutory disability benefits program.

Group Dental Insurance

The Standard offers public employers a variety of dental plan design choices. These include flexible indemnity, incentive, Participating Provider Organization (PPO) and Voluntary plans.

Group Vision Insurance

The Standard offers three vision plans to help employers find the right mix of costs versus benefits. All three plans provide benefits for groups with as few as 10 enrolled employees.

Group Statutory Disability Benefits Insurance

Account
Service & Administration

Account
Service & Administration

In California and New Jersey, public employers that want to consolidate disability coverage with one carrier may choose a Statutory Disability Benefits plan to round out their STD and LTD coverages. Designed to comply with each state's specific laws, Statutory Disability Benefits plans help provide financial support to public employees with non-occupational sicknesses and accidental injuries

Additional Services and Options

- Alternate funding arrangements including refunding, retrospective premium, minimum premium, termination premium agreement and self-funded benefit plan administrative services agreement
- Contributory and non-contributory plan options to meet the needs of employers and employees
- Coordinated disability claims management for groups with multiple coverages with The Standard
- Dedicated National Accounts team assigned to groups with 2,500 or more employees
- Online plan administration tools for round-the-clock access to resources
- Financial performance guarantee program for groups with 1,000 or more employees

Public employers can count on The Standard to put over a half-century of public group experience to work for them.

* Provided in partnership with a third-party vendor.

Sales and Service Team Relationships

Building lasting business relationships requires commitment. The sales and service representatives at Standard Insurance Company provide the personal attention, service and expertise that demonstrates our commitment to a lasting relationship with each customer.

Our sales reps work to find a solution for each employer's employee benefits needs, drawing upon their training and expertise in:

- Plan design
- Funding alternatives
- Claims trend and experience evaluation

- Billing and administration
- Enrollment of employees into the plan
- Underwriting guidelines and plan options
- Developing strategies for transition to The Standard

The job of the sales representative does not end when an employer decides to place business with The Standard. In fact, that is only where it begins. The rep is committed to working with underwriting and claims professionals and others to make sure that we meet our goal to provide quality products at an affordable cost, as well as outstanding customer service.

Providing Ongoing Support

In addition, a service representative is assigned to each account to provide regular contact and address questions and concerns related to the plan or the services we provide.

Assisting with Plan Changes

When a plan is renewed, the sales representative works with the employer and underwriter to assist with any necessary changes to the plan, administration or funding arrangements. We also go over claims trends and experience, and will answer any questions regarding the plan or its administration.

The Standard helps manage an employee benefits plan every step of the way with our highly committed sales and service team.

AdminEASESM

AdminEASESM online plan administration tools allow you to conveniently manage your Standard Insurance Company employee benefit plans. You can add coverage for new employees, change coverage amounts, file and monitor claims, view payment details and more. Everything you need to manage your plan is online, secure and available anytime.

Fast, Easy, Secure, Online Save Time, Work Smarter

Managing employee benefit plans can be time-consuming — regardless of your company size. AdminEASESM plan administration tools reduce paperwork, filing and storing stacks of insurance forms. Now you don't have to worry about losing sensitive information or waiting for the mail. You'll have plan administration at your fingertips with secure, easy-to-use online tools.

Convenient and simple, AdminEASESM plan administration tools let you

- Change coverage amounts, calculate premiums
- Add employees, update profiles
- View recent billing and payment details
- Initiate and monitor claims
- Track medical history application status
- Download forms and certificates

Online Plan Administration Tools Streamline benefit plan management

Billing Administration

View 24 months of billing and payment history and access current premium details and information by billing division. Easily update member data online.

Reports Online

Benefit managers have ready access to disability claim status, payment and experience data. Quickly confirm when benefits have been issued.

Employer Claim Submission

The most reliable and secure way to initiate the disability claims process. Complete and submit employer claim forms electronically and distribute claim forms to employees via e-mail or the intranet.

Contract Documents

Fast, easy and secure access to group policies, certificates, amendments and notices. Simply print, e-mail or post group certificates to the intranet.

Forms

Web access to the group insurance forms you need — anytime. Fill out and print online forms.

Evidence Reporting

Keep up-to-date on the status of employee insurance applications online. It's the most convenient and secure way to monitor applications that require medical underwriting.

E-Services Administration

Allows benefit managers to control who can access AdminEASESM services.

Group Insurance Plan Administration Guide

A complete how-to guide for administering your plan online.

Online Enrollment Tool

Enrollment and Administration Made Easy

Conducting enrollments and administering benefit plans can be a burden for many employers. Standard Insurance Company offers a solution: a secure, flexible, web-based tool that streamlines the enrollment process.

To make the process as easy as possible, The Standard handles the initial setup and creates a tailored enrollment process for each employee based on individual eligibility. Employers can use the tool's robust billing and reporting options to get the information they need in real time.

Account
Service & Administration

Convenient, efficient enrollment administration

The streamlined enrollment tool allows employers to:

- Manage annual and new hire enrollments as well as ongoing changes due to life-change events
- Access and download detailed information for billing and payroll deductions
- Run real-time reports to track open enrollment progress, updates to employee coverage and premium, medical evidence decisions and more
- View current and historical eligibility and enrollment information

Personalized employee enrollment experience

The system guides employees through the online enrollment process, allowing them to:

- Enroll, make life-change updates and manage beneficiaries
- View only the benefit plan options available to them
- Use comparison tools to help make informed decisions
- Complete evidence of insurability electronically
- Call a multilingual call center during enrollment periods

Electronic Evidence of Insurability

Save Time: Provide Medical History Statements Online

Standard Insurance Company's Medical History Statement Web form is designed to make employee submission of medical evidence as easy as possible. The online application presents a series of questions about demographics, employment and medical history, then automatically transfers the answers to a Medical History Statement. Users may view, print or save a copy for their records using the free Adobe® Reader®.

Employees can save themselves from possible delays due to returned paper forms by submitting online with the Medical History Statement Web form. The online application guides the employee through the process by gathering the necessary information and populating the form prior to submission. This ensures that the information submitted is

complete, allowing The Standard to begin the underwriting process immediately.

The Web form is secure, confidential, fast and efficient. Employees who submit their Medical History Statement via the web get faster decisions — sometimes by as much as a week.

The Advantages Are Clear:

- Employees can submit forms immediately, increasing speed and accuracy
- Employers save time, conserve resources and control costs when the process is automated rather than paper-bound
- Employers can easily access information about the status of medical evidence applications through AdminEASESM

Trust Your Data To The Standard

Our Medical History Statement Web form is protected by encryption technology to ensure confidentiality. Only those who process the application have access to the information, further ensuring privacy and security.

Evidence Reporting Tool

Securely monitor insurance applications online

Keep up-to-date on the status of employee insurance applications with the online Evidence Reporting feature. Available to all of Standard Insurance Company's group disability and life insurance customers through AdminEASESM plan administration tools, the Evidence Reporting feature is a convenient way to monitor applications that require medical underwriting.

Evidence Reporting details coverage amounts for approved employees and allows employers to view the status of applications to determine whether they have been approved, declined or are still pending. Employers get an on-demand summary of applications that were submitted during the last six months and can download these reports to a spreadsheet.

Features and Benefits

- Enables Benefit Managers to view each applicant's name and application date to verify receipt by The Standard
- Supports tracking the status of applications to determine whether they have been approved, declined or are still pending
- Allows Benefit Managers to monitor approved coverage amounts
- Permits downloading of information about applications to a spreadsheet for future reference

Access the AdminEASESM plan administration tools demonstration at adminease.standard.com.

Online Employer Claim Submission

Speeding the claims submission process for employers

The online Employer Claim Submission service, available exclusively through Standard Insurance Company's AdminEASESM plan administration tools, is a reliable and secure way to initiate the disability claims process. Online Employer Claim Submission helps employers reduce potential mailing delays and enables The Standard to initiate employee claims quickly.

It has never been easier to submit employer claims statements to The Standard. Employers answer 10 simple questions, then e-mail their employee a link to the forms required to complete the claim submission process. Claim forms can also be printed and given to an employee to fax directly to The Standard.

Features and Benefits

- Reduces postal delays, helping to speed the time it takes to initiate a claim
- Increases claim accuracy

- Alerts employers immediately if there are any problems that prevent a successful claim submission
- Reduces the amount of manual entry required by automatically filling in all of a company's address, administrative contact and tax information in the application

Access the AdminEASESM plan administration tools demonstration at adminease.standard.com.

Group Life Reports Offer Convenience to Employers

Financial reporting is a key component of Standard Insurance Company's comprehensive claims services. Automatically included with Group Life insurance, The Standard provides the following two reports on a regular basis and upon request:

- Experience Reports show the current policy year and all years' experience and are produced annually. These reports illustrate premiums, paid claims and claim reserves. For experience rated groups, retention is also shown.
- Claim Experience Reports list the individual claims that were active and closed during the time period requested. The information includes benefits paid, as well as beginning and ending reserves.

Web-based Reporting

Reports OnlineSM claims management reports provide a secure, private and convenient method to track and manage sensitive Life claims information. Employers can quickly check claim status, confirm when benefit payments have been issued and get quarterly diagnosis summary reports for Life claims.

Reports Online is a feature of AdminEASESM, the Web-based, time-saving plan administration tool that helps you manage your employee benefit plans from The Standard. For a demonstration, contact your local sales and service office or sign up at <http://adminease.standard.com>.

The Standard can provide sample reports upon request.

Disability Insurance

Financial Reports Offer Convenience to Employers

Financial reporting is a key component of Standard Insurance Company's comprehensive claims management services. Automatically included with group Long Term Disability (LTD) and Short Term Disability (STD) insurance from The Standard, our financial reports give employers the convenience to:

- Validate tax information and ensure compliance with federal and state tax requirements
- Prepare year-end wage and tax statements
- Track payment activity by individual claim and location

Daily FICA Tax Activity Reports are generated whenever an employee claim has any type of Social Security or Medicare tax activity – either withholding or adjustment. These reports detail the amount of Social Security and Medicare taxes withheld. Information can be reported by employer location or affiliate with different taxpayer identification numbers, if requested.

Experience Reports show the current policy year and all years' experience and are produced at time of renewal, year end and upon request. These reports illustrate premiums, paid claims, claim reserves and retention.

Claim Experience Reports list the individual claims that were active and closed during the time period requested. The information includes benefits paid, as well as beginning and ending reserves.

Group Benefits Activity Reports are generated after the end of each month when

there is some type of claim activity. These reports provide a summary of benefit payments made during the month, Social Security and Medicare taxes withheld and any other deductions withheld during the month. Information can be reported in aggregate, by employer location or by affiliate.

Disability Income Reports show yearly totals for benefit payments and tax withholding for each employee who received STD and/or LTD benefits during the previous calendar year. These reports include all information for the year-end W-2 Wage and Tax Statements and identify eligible employees who will receive a W-2 from The Standard.

The Standard is a marketing name for StanCorp Financial Group, Inc. and subsidiaries. Insurance products are offered by Standard Insurance Company of Portland, Ore. in all states except New York, where insurance products are offered by The Standard Life Insurance Company of New York of White Plains, N.Y. Investment services are offered through StanCorp Investment Advisers of Portland, Ore. Product features and availability vary by state and company and are solely the responsibility of each subsidiary.

The products and coverages have exclusions, limitations, reductions of benefits and terms under which they may be continued in force or terminated. Please contact The Standard for additional information, including costs and complete details of coverage.

Standard Secure Access

Providing Beneficiaries Ready Access To Their Life Insurance Benefits

Standard Insurance Company understands how difficult it can be to cope with the death of a loved one. To support you in your time of need, The Standard provides a checking account* for Group Life insurance benefits, the Standard Secure Access (SSA) account.

Approved life insurance benefits are made available in a personalized, interest-bearing checking account. These benefits can be accessed by check,* up to the full balance of the account. Checks can be written in amounts of \$250 or more.

The SSA account reduces issues with banks that may be reluctant to honor large paper checks, which means no delays waiting for the check to clear before money can be withdrawn.

Flexibility And Immediate Access

The Standard will issue a check directly to the funeral home if you complete a funeral assignment. The remaining balance will be deposited into your SSA account. A checkbook is mailed within 48 hours of claim approval. You will receive it by U.S. Mail.

Convenient Checkbook Account

The SSA account* is a convenient way to secure life insurance benefits. There are no monthly service fees, no per-check charges, no charges for additional checks and no penalties for withdrawal. Funds begin earning interest the day they are deposited, with interest compounded daily and added to the account on the last day of the month. The interest rate for your SSA account will be based on the 13-week Treasury Bill (T-Bill) auction rate but not to exceed 5 percent. For complete interest information, including a description of how this interest rate may differ from the yield The Standard earns on amounts held until withdrawn by you, please refer to the terms and conditions of your Confirmation Certificate and the Standard Secure Access account booklet. You will receive a monthly statement that shows the account balance, check transactions and interest earned, as well as the current effective yield.

Security You Can Trust

Your funds in the Standard Secure Access account are fully guaranteed by The Standard, a life insurance company dedicated to financial stability since 1906.

Just A Phone Call Away

Our toll-free access line at 800.343.2551 is available 24 hours a day for your questions regarding account balance, current interest rate and information on checks most recently written. If you have additional questions or need assistance, customer service representatives are available Monday through Friday, 7:30 a.m. to 6 p.m. Central time.

* These checks are drafts which will be cleared through The Northern Trust Company.

Accelerated Benefit Provision

Help when you need it most

No one plans to have a terminal illness. However, Standard Insurance Company has a plan to help in case you do. Our Accelerated Benefit Provision is designed to help ease the financial concerns that often come with this type of diagnosis.

The Accelerated Benefit allows you to receive an early payout of a portion of your Group Life insurance benefit if you are diagnosed with a terminal illness and meet eligibility requirements. As an advance payment, the Accelerated Benefit provides you with a financial resource to use as you desire – whether to cover medical expenses or to maintain your quality of life.¹

You may receive up to 75 percent of your Group Life insurance benefit, but not more than \$500,000. The minimum benefit available is 10 percent of your Group Life insurance benefit or \$5,000, whichever is greater.

To qualify for the Accelerated Benefit, you must provide satisfactory proof of a qualifying medical condition that is reasonably expected to result in death within 12 months.² After the payment of the Accelerated Benefit, the remaining Group Life insurance benefit is subject to an interest charge. However, even if interest charges on the accelerated amount exhaust the remaining benefit over time, The Standard will pay a minimum of 10 percent of the Group Life insurance benefit to the beneficiary.³ Additional qualifications and restrictions may apply.

The Standard hopes that you're never faced with a terminal illness. But if the situation does arise, you and your family can look to the Accelerated Benefit from The Standard to help provide financial assistance when you need it most.

¹Receipt of the Accelerated Benefit may be taxable and may affect eligibility for public assistance programs.

² In the state of Washington, life expectancy is 24 months for qualifying medical conditions.

³If you assign your rights under the Group Life insurance policy, the 10 percent minimum benefit will not apply.

Family Benefits Package

Keeping Dreams Alive

The plans for a child's higher education shouldn't end with the death of a parent. Employers can help keep those and other dreams alive with the Family Benefits Package from Standard Insurance Company.

This comprehensive package of family-oriented Accidental Death and Dismemberment (AD&D) benefits includes:

- Higher Education Benefit that pays for qualifying tuition expenses incurred by an employee's eligible children
- Career Adjustment Benefit that pays for qualifying tuition expenses incurred by an employee's spouse for training aimed at obtaining employment or increasing earnings
- Child Care Benefit that pays for qualifying child care costs incurred by an employee's spouse in order to work or obtain training aimed at securing employment or increasing earnings

The Family Benefits Package extends financial assistance to eligible family members in the event of an employee's accidental death for which AD&D insurance benefits are payable. All benefits are subject to maximum amounts and policy limitations.

The Standard provides the Family Benefits Package at no additional premium to employers with Group Life and AD&D insurance. It offers them a caring and practical way to show support for their employees, while providing opportunities to surviving family members as they adjust to a new life.

* The Family Benefits Package is not available in all states.

MEDEX[®] Travel Assist For National Accounts

A Worldwide Assistance Service

As a large employer you have many employees who travel often, for both business and pleasure. Standard Insurance Company now makes available a worldwide travel assistance service through an arrangement with MEDEX[®] Assistance Corporation. This service is included as an automatic

enhancement with your Group Life insurance. MEDEX® Travel Assist allows access to appropriate medical care and other emergency services whenever eligible plan participants travel 100 miles from home or internationally for trips of up to 180 days. A single phone call helps employees and their families with emergencies that may arise while traveling, including a wide range of medical, legal and travel-related issues. MEDEX Travel Assist can also help you with nonemergencies, such as trip planning. Employees can travel more securely, with advice and assistance available 24 hours a day, every day of the year.

Key Services Of MEDEX Travel Assist

- **Pre-trip Assistance** including passport, visa, weather and currency exchange information, health hazards advice and inoculation requirements
- **Medical Assistance Services** including locating medical care providers and interpreter services
- **Travel Assistance Services** including emergency ticket, credit card and passport replacement assistance, funds transfer assistance and missing baggage assistance
- **Legal Assistance Services** including locating a local attorney, consular officer or bail bond services
- **Emergency Transportation Services** including arranging and paying for emergency evacuation to the nearest adequate medical facility and medically-necessary repatriation of remains¹
- **Personal Security Services** including evacuation and logistical arrangements in the event of political unrest, social instability, weather conditions, health or environmental hazards

MEDEX Travel Assist provides security 24 hours a day, every day.² For more information, contact your insurance advisor or call the Employee Benefits Sales and Service Office for your area today at 800.633.8575.

¹ Emergency Transportation Services arranged and provided by MEDEX are covered up to a Combined Single Limit of \$1,000,000. Related medical services, medical supplies and a medical escort are covered where applicable and necessary.

² Please consult the Emergency Medical Assistance Service Employee Certificate for complete terms, conditions and limitations.

MEDEX Travel Assist is provided through an arrangement with MEDEX Assistance Corporation, which is not affiliated with The Standard. MEDEX Travel Assist is not an insurance product.

The Standard is a marketing name for StanCorp Financial Group, Inc. and subsidiaries. Insurance products are offered by Standard Insurance Company of Portland, Oregon in all states except New York. Product features and availability vary by state and are solely the responsibility of Standard Insurance Company.

Expanded AD&D Package

Recognizing that a life altering accident can happen to anyone at any time, Standard Insurance Company offers an Expanded Accidental Death and Dismemberment (AD&D) Package. This group of benefits allows employers to help shelter employees and their families from a wider variety of accidental losses.

The Expanded AD&D Package pays a specified percentage of the AD&D insurance benefit for the following:

- Loss as a result of an act of physical violence against the employee while actively at work¹
- Loss of life as a result of an accident while riding as a fare-paying passenger on public transportation
- Presumed loss of life if the eligible employee disappears and the disappearance is caused solely and directly by an accident that could have reasonably resulted in death²
- Loss of a hand or foot, even if the severed part is surgically reattached
- Actual and permanent severance from the body of the thumb and index finger on the same hand at or above the metacarpophalangeal joints³
- Loss of audible speech or loss of hearing in both ears that is uncorrectable and irrecoverable
- Quadriplegia, hemiplegia or paraplegia that is permanent, complete and irreversible
- Any AD&D loss caused by accidental exposure to adverse weather conditions

Life insurance benefit to transport remains when:

- An insured employee dies and a Group Life insurance benefit is payable;
- The death of the employee occurs more than 200 miles from the employee's primary place of residence; and
- Expenses are incurred to transport the remains to a mortuary near the employee's primary place of residence.

Offering the Repatriation Benefit with our Group Life insurance is one more way that The Standard demonstrates our commitment to providing superior coverage to each and every policyholder.

¹ The Repatriation Benefit is not available in Maryland.

Group Life insurance is underwritten by Standard Insurance Company under GP190-LIFE, GP190-LIFE/S399, GP8990LIFE/300

Few people are prepared for the sudden financial loss resulting from an accidental death or for the potentially higher cost of living associated with deafness or paralysis. With the Expanded AD&D Package from The Standard, employers can help provide their employees with additional financial protection.

¹ Occupational assault must be evidenced by a police report and punishable by law.

² The disappearance must occur independently of all other causes and continue for a period of 365 days after the date of the accident despite reasonable search efforts.

³ This is not covered if an AD&D benefit is payable for the loss of the entire hand.

Repatriation Benefit

Standard Insurance Company's Repatriation Benefit provides coverage for unexpected hardship during employee travel, both for business and leisure. If an insured employee's death occurs while traveling more than 200 miles from the employee's residence, The Standard helps cover the expenses incurred when transporting the remains back home.¹

A Valuable Benefit at No Additional Premium

The Standard automatically includes the Repatriation Benefit with all Group Life insurance policies, not just when accidental death and dismemberment insurance is purchased. The Standard will reimburse the lesser of \$5,000 or 10 percent of the Group

Group Life Insurance

Help Protect Loved Ones From Financial Hardship

Standard Insurance Company
Group Life Insurance

Your Proposed Group Life Insurance Plan

Standard Insurance Company appreciates the opportunity to provide you with a proposal for Group Life insurance. This booklet and the Employee Benefits Proposal together outline the basic features of your proposed insurance plan. These documents are not a contract.

Establishing Group Life insurance coverage with The Standard requires your completed, signed application for group insurance and our acceptance of it. When we approve your application, we will issue you a group policy containing our customary language. It will not duplicate the language of any existing policies you may have.

Your group policy with The Standard will contain provisions and defined terms not described in this booklet or your Employee Benefits Proposal. If any discrepancies exist between the group policy, the Employee Benefits Proposal and this booklet, your group policy will control.

Your group policy will become effective on the date determined by The Standard, which will be clearly stated on your policy. We will also supply you with certificates of insurance, describing the coverage in detail, for you to deliver to your insured employees.

The proposed premium rate and plan design for your Group Life coverage, Voluntary Life, Additional Life, Accidental Death and Dismemberment (AD&D), Supplemental Life and Dependents Life coverage, if selected, are based on the underwriting data we received from you. We will determine final premium rates and plan provisions based on:

- State law
- Policyholder contributions
- Confirmation of occupations
- The composition of the group of employees you wish to insure
- Our current underwriting rules and practices

The proposal will expire on the date shown in your Employee Benefits Proposal.

Thank you for considering The Standard for your Group Life insurance needs. Should you have questions or need additional information, consult the Employee Benefits Proposal or contact your insurance advisor or the Employee Benefits Sales and Service Office for your area.

Group Life Insurance

The Foundation Of An Employee Benefits Program

As the foundation of an employee benefits program, Group Life insurance from The Standard offers you the opportunity to help protect your employees and their families from financial hardship in the event of death. It includes competitive features, a variety of plan designs and family-friendly provisions. Benefit schedules may be based on uniform amounts, multiples of salary or employee classifications.

To help provide additional financial security, you may combine group Life insurance with Accidental Death and Dismemberment (AD&D), Supplemental Life and Dependents Life insurance. The Standard also offers contributory plans, Voluntary Life and Additional Life, as cost-effective alternatives to meet the needs of both employers and employees.

Group Life Insurance Features

Accelerated Benefit

No one plans to have a terminal illness. However, in the event that an employee experiences the unexpected, the Accelerated Benefit from The Standard can help ease financial concerns in the face of adversity.

The Standard typically includes the Accelerated Benefit with all group Life insurance policies that contain a Waiver of Premium provision. With this benefit, eligible employees suffering from terminal illnesses may receive an early payout of a portion of their Life insurance benefit.

Employees may receive up to 75 percent of their Life insurance benefit, but not more than \$500,000, in a one-time lump sum payment. The minimum Accelerated Benefit amount is \$5,000 or 10 percent of an insured employee's Life insurance benefit, whichever is greater.

To qualify for the Accelerated Benefit, an eligible employee must qualify for Waiver of Premium and provide satisfactory proof of a qualifying medical condition that is reasonably expected to result in death within 12 months. If Waiver of Premium terminates at a given age, application for the Accelerated Benefit must be made at least 24 months before reaching that age.

After the payment of the Accelerated Benefit, the remaining Life insurance benefits are subject to interest charges. A minimum of 10 percent of the Life insurance coverage will be paid to the beneficiary even if interest charges on the accelerated amount would have exhausted the remaining benefits over time. If insured employees assign their rights under the Group Life insurance policy, the 10 percent minimum benefit will not apply.

Eligible employees may use the money to help maintain their quality of life during an emotionally and financially difficult situation. An Accelerated Benefit may be taxable, however, and its receipt may affect eligibility for public assistance programs.

Waiver Of Premium

With the Waiver of Premium benefit, eligible employees may be able to continue their Life, Additional Life, Supplemental Life and any Dependents Life insurance without payment of premium if they become totally disabled. The amount of insurance continued under the Waiver of Premium provision corresponds to the Life, Additional Life, Supplemental Life and Dependents Life insurance schedules, including reductions.

Typically, to qualify for Waiver of Premium, an insured employee must become totally disabled before age 60 and must remain totally disabled for at least 180 consecutive days. Insurance coverage continues without premium payment as long as the eligible employee remains totally disabled and meets applicable age requirements. Satisfactory proof of total disability must be periodically submitted to The Standard. AD&D coverage, if any, may not be continued under this provision.

Portability Of Insurance

Portability of Insurance provides a convenient group Life insurance option for eligible employees when their employment terminates. Depending upon state requirements, your plan may include one of the following provisions:¹

Provision To Buy Portability Life Insurance (True Portability Option)²

Where available, this Portability of Insurance provision is automatically included at no additional cost in all new group Life insurance plans offered by The Standard, including those with AD&D, Dependents Life, or Dependents AD&D insurance. This provision offers eligible employees the option to purchase up to the amount of group Life insurance coverage in force under the group policy, subject to minimum and maximum amounts, without submitting evidence of insurability. If approved, portable insurance amounts will remain in force as long as premiums are paid, regardless of whether the group Life insurance plan with The Standard terminates. The portable coverage will not terminate due to age, but it is subject to age reductions. Any AD&D coverage purchased with portable group Life insurance will terminate at age 65.

To be eligible for this coverage, on the date employment terminates, employees must:³

- Be under age 65
- Have been continuously insured under the group policy or the prior plan for at least 12 consecutive months
- Be able to perform with reasonable continuity the material duties of at least one gainful occupation for which they are reasonably fitted by education, training and experience

Provision To Continue Coverage (24-month Portability Option)⁴

Where available, the Portability of Insurance provision allows eligible employees to apply to continue qualifying amounts of group Life insurance, subject to minimum and maximum amounts, without submitting evidence of insurability. The coverage that may be continued must have been in effect for at least 12 consecutive months on the date employment terminates. If approved, coverage may be continued for a maximum of 24 months, provided premiums are paid.

To be eligible for this coverage, on the date employment terminates, employees must:

- Have been continuously insured under the group policy or the prior plan for at least 12 consecutive months
- Not be terminating employment due to retirement
- Be able to perform with reasonable continuity the material duties of at least one gainful occupation for which they are reasonably fitted by education, training and experience

AD&D insurance and coverage continued under Waiver of Premium may not be continued under this provision.

Coverage under this provision terminates if the former employee becomes insured under another group life insurance plan, your group Life insurance plan with The Standard terminates or the former employee fails to pay premiums, whichever occurs first.

¹ Please consult your Employee Benefits Sales and Service representative regarding the available Portability of Insurance provision. Portability of Insurance is not available in all states.

² Not available in Maine, Michigan, Minnesota, South Dakota, Vermont and Washington.

³ These eligibility requirements do not apply in Massachusetts.

⁴ Available only in Maine, Michigan, Minnesota, South Dakota, Vermont and Washington.

Conversion To Individual Life Insurance

The Right to Convert provision is another life insurance option for eligible employees if their group Life insurance ends or is reduced for any reason other than failure to pay premiums. Under this provision, eligible employees have the right to convert their group Life insurance, including any Additional Life, Supplemental Life and Dependents Life insurance, to certain types of individual life insurance policies without having to provide evidence of insurability. The employee must apply for conversion and pay the required premium within 31 days after group coverage ends or reduces. AD&D coverage may not be converted under this provision.

If group Life insurance discontinues or reduces because of termination or an amendment of the group policy, eligible employees may convert the insurance that has been in effect for at least five years.⁵ The maximum amount which may be converted is the lesser of:

- The amount of group Life insurance which ended, minus other group Life insurance for which the employee is eligible, and
- The maximum conversion amount allowed by law as shown in the group policy.

Repatriation Benefit

The Standard typically includes the Repatriation Benefit with every group Life insurance policy. This provides an additional benefit to help pay for expenses associated with transportation of the body of an eligible deceased employee. If the place of death is more than 200 miles away from the employee's primary place of residence, The Standard will help pay to return the body to a mortuary near the home of the deceased. The Standard will reimburse actual expenses up to \$5,000 or 10 percent of the Life insurance benefit, whichever is less.

MEDEX[®] Travel Assist

MEDEX Travel Assist gives employees an additional sense of security when they are traveling more than 100 miles from home or internationally for trips of up to 180 days. Automatically offered with all group Life insurance policies, MEDEX Travel Assist helps employees respond to medical care situations and other emergencies while traveling.⁶

⁵ May vary by state.

⁶ Provided through an agreement with MEDEX[®] Assistance Corporation, which is not affiliated with The Standard. MEDEX Travel Assist is not an insurance product.

The full range of 24-hour medical, legal and travel assistance services available to insured employees include:⁷

- Pre-trip assistance including passport, visa, weather and currency exchange information, health hazards advice and inoculation requirements
- Medical assistance services including locating medical care providers and interpreter services
- Travel assistance services including emergency ticket, credit card and passport replacement, funds transfer assistance and missing baggage assistance
- Legal services including locating a local attorney, consular officer or bail bond services
- Emergency transportation services including emergency evacuation to the nearest adequate medical facility and medically-necessary repatriation
- Personal security services including evacuation and logistical arrangements in the event of political unrest, social instability, weather conditions, health or environmental hazards

⁷ Consult the employer certificate for complete terms, conditions and limitations.

Voluntary Life And Additional Life Insurance

Providing a competitive employee benefits package to attract and retain quality employees can be a challenging proposition for any employer. Double-digit increases in health-care costs make this even more difficult, reducing a group's ability to exclusively provide and pay for a comprehensive benefits program.

Voluntary Life and Additional Life insurance from The Standard make it easier for employers to offer the insurance coverage that employees want at competitive group rates. With premiums typically paid by employees through payroll deduction, a Voluntary Life or Additional Life insurance plan provides employees with the opportunity to purchase insurance coverage to fit their personal needs while minimizing the impact on the employer's bottom line.

With Voluntary Life coverage, the employer sponsors the plan and may choose to have it partially or fully paid by employees. It allows employees to select and apply for an amount of group life insurance to help provide financial protection in the event of death.

With Additional Life coverage, the employer provides a basic amount of group Life insurance to employees. The employer also sponsors the Additional Life plan that allows employees to apply and pay for an increased amount of group Life insurance beyond the basic group Life coverage.

Voluntary Life And Additional Life Product Highlights

The Voluntary Life and Additional Life plans typically contain the same provisions and features as The Standard's group Life insurance. These include Accelerated Benefit, Waiver of Premium, Portability of Insurance, Right to Convert, Repatriation Benefit, Standard Secure Access and MEDEX Travel Assist. In addition, employers may include AD&D, Dependents Life and Dependents AD&D coverage with Voluntary Life or Additional Life plans.

Exclusions, limitations and reductions apply to Voluntary Life and Additional Life coverage.

Standard Secure Access

Life insurance proceeds for approved claims of \$25,000 or more are deposited into an interest-bearing checking account. The Standard Secure Access account is opened upon approval of a claim and immediately begins earning interest. The beneficiary receives a checkbook, from which drafts may be written for any purpose in amounts of \$250 or more. There are no service or maintenance fees or charges. Detailed monthly statements are provided to the beneficiary. Professional assistance and information is available through a toll-free customer service number.

Group Life Insurance Exclusion

This plan may include an exclusion for death resulting from suicide or other intentionally self-inflicted injury while sane or insane.⁶ If applicable, the amount payable will exclude amounts that have not been continuously in effect for at least two years on the date of death.

Group Life Insurance Reductions

Typically, insurance benefits are reduced to a percentage of the original amount based upon attainment of specified ages.

⁶ For New Jersey residents, "insane" is not applicable.

Accidental Death And Dismemberment Insurance

Accidents can happen in many ways and at any time. Employers can help to financially protect their employees in the event of an unplanned loss of life, limb or sight with AD&D insurance from The Standard. With AD&D coverage, eligible employees and their beneficiaries may receive an additional amount in the event of accidental death or dismemberment, helping to restore financial balance when the unexpected happens.

AD&D coverage is available for covered dependents. If Dependents AD&D is selected, it would have the same amounts payable schedule (see chart below), Seat Belt and Air Bag Benefits and the same portability options as the member's current AD&D coverage.

Amounts Payable

The amount of the AD&D insurance benefit payable for a covered loss is a percentage of the AD&D insurance benefit in effect on the date of the accident, as shown below:

Life	100%
One hand or one foot	50%
Sight in one eye	50%
Two or more of the losses listed above	100%

At no time will more than 100 percent of the available AD&D insurance benefit be paid for all losses resulting from one accident.

With respect to a hand or foot, loss means the actual and permanent severance of the hand or foot from the body at or above the wrist or ankle joint. With respect to sight, loss means the entire, uncorrectable and irrecoverable loss of sight. The loss must be certified by a physician in the appropriate specialty as determined by The Standard.

Seat Belt Benefit

The Standard typically includes a Seat Belt Benefit with its AD&D coverage. If an insured employee dies as a result of an automobile accident while properly wearing and using a seat belt system, The Standard will pay a Seat Belt Benefit equal to the amount of the AD&D insurance benefit payable for the loss of life, up to a maximum of \$10,000.

Air Bag Benefit

To provide further protection to eligible employees who die as a result of an automobile accident for which a Seat Belt Benefit is payable, The Standard includes an Air Bag Benefit with its AD&D coverage. The Standard will pay an Air Bag Benefit equal to the amount of the AD&D insurance benefit payable for the loss of life, up to a maximum of \$5,000, if the following requirements are met at the time of the accident:

- The automobile is equipped with an air bag system installed as original equipment by the automobile manufacturer and the air bag system has received regularly scheduled maintenance or replacement as recommended by the manufacturer
- The air bag system deploys, as evidenced by a police accident report
- The insured individual was seated in the driver's or passenger's seat intended to be protected by the air bag system

Line Of Duty Benefit

The Line of Duty Benefit allows public safety officers to receive an additional benefit of \$50,000 or 100 percent of the AD&D insurance benefit otherwise payable for the loss, whichever is less, if they suffer a loss as the result of a line of duty accident for which AD&D insurance benefits are payable.

A line of duty accident means an accident that occurs while an insured public safety officer is taking any action authorized or required by rule, regulation, law or condition of employment as a public safety officer. This includes action taken in the course of controlling or reducing crime, criminal law enforcement or fire suppression, including such action taken in response to an emergency while off-duty. For eligible firefighters and police, line of duty includes social, ceremonial or athletic functions to which the insured employees are assigned and for which they are paid as public safety officers by their employer.

Public safety officers include police officers, firefighters, corrections officers, judicial officers and officially recognized or designated volunteer firefighters.

Family Benefits Package

The Standard typically offers the Family Benefits Package of additional, family-oriented AD&D insurance benefits for no additional premium with all group Life insurance policies that include AD&D coverage. The Family Benefits Package extends financial assistance to an insured employee's family members in the event of the employee's accidental death for which an AD&D insurance benefit is payable.

Higher Education Benefit

The plans for a child's higher education should not end with the death of a parent. The Higher Education Benefit helps to keep those dreams alive. To be eligible for this benefit, the surviving child must register and attend an institution of higher education on a full-time basis within 12 months after the insured employee's death. The benefit is paid annually for a maximum of four consecutive years beginning on the date of death. The benefit amount is the qualifying tuition expenses incurred per child within four years after the date of death, but not to exceed \$5,000 per year, or the cumulative total of \$20,000 or 25 percent of the AD&D insurance benefit, whichever is less.

Career Adjustment Benefit

A surviving spouse may need to make a career adjustment as a result of the insured employee's death. When this requires additional training, the Career Adjustment Benefit helps to make the transition easier. To be eligible for this benefit, within 36 months after the date of the employee's death, the surviving spouse must register and attend a professional or trade training program aimed at obtaining employment or increasing earnings. The benefit amount is the qualifying tuition expenses for training incurred by the surviving spouse within 36 months after the date of death, but not to exceed \$5,000 per year, or the cumulative total of \$10,000 or 25 percent of the AD&D insurance benefit, whichever is less.

Child Care Benefit

In order to work or obtain training, a surviving spouse may require the assistance of a caregiver to watch over young children. The Child Care Benefit is designed to help cover the cost of providing care for children under age 13. The amount of the benefit is the qualifying expenses incurred by the surviving spouse within 36 months after the date of the insured employee's death, but not to exceed \$5,000 per year, or the cumulative total of \$10,000 or 25 percent of the AD&D insurance benefit, whichever is less.

Expanded AD&D Package

Few people are prepared for the sudden financial loss brought about by an accidental death. Even fewer are ready for the potentially higher cost of living associated with an accident that might result in paralysis or deafness. The Expanded AD&D package from The Standard provides employers with the option to help protect employees and their families with an extra layer of security against these unexpected events.

The Expanded AD&D Package includes an Occupational Assault Benefit, Public Transportation Benefit and additional definitions of loss.

If Dependents AD&D is selected, then the Expanded AD&D Package would apply to the dependents covered under AD&D as well. The only feature not available with Expanded AD&D for dependents is the Occupational Assault benefit.

Occupational Assault Benefit

The Occupational Assault Benefit provides an additional benefit if a member suffers a covered loss while actively at work and the loss is the result of an act of physical violence against the member that is punishable by law and evidenced by a police report. The amount of the benefit is \$25,000 or 50 percent of the AD&D insurance benefit that is paid, whichever is less.

Public Transportation Benefit

The Public Transportation Benefit is paid when an eligible employee dies as a result of an accident while riding as a fare-paying passenger on public transportation. The amount of the benefit is \$200,000 or 100 percent of the AD&D insurance benefit, whichever is less.

Additional Definitions Of Loss

The Expanded AD&D Package includes coverage for a wider variety of accidental losses and conditions. The amount payable for these covered losses is equal to a

percentage of the AD&D coverage in effect on the date of the accident, as shown below:

Life	100%
If the insured employee disappears and the disappearance is caused solely and directly by an accident that could have reasonably resulted in death ⁹	
Life	100%
By accidental exposure to adverse weather conditions	
Hand or foot	50%
Even if the severed part is surgically reattached	
Audible speech	50%
Hearing in both ears	50%
Thumb and index finger of the same hand ¹⁰	25%
Quadriplegia	100%
Hemiplegia	50%
Paraplegia	50%

At no time will more than 100 percent of the available AD&D insurance benefit be paid for all losses resulting from one accident. Loss of speech or hearing means the entire, uncorrectable and irrecoverable loss of audible speech or hearing in both ears. Loss of thumb and index finger means the actual and permanent severance from the body of the thumb and index finger on the same hand at or above the metacarpophalangeal joints. Quadriplegia¹¹ means the permanent, complete and irreversible total paralysis of both upper and lower limbs. Hemiplegia¹¹ means the permanent, complete and irreversible total paralysis of the upper and lower limb on the same side of the body. Paraplegia¹¹ means the permanent, complete and irreversible total paralysis of both lower limbs.

AD&D Limitations

All losses must occur solely and directly by an accident and independently of all other causes, within 365 days after the accident. Loss of life must be evidenced by a certified copy of the death certificate. Losses other than life must be certified by a physician in the appropriate specialty.

⁹ The disappearance must occur independently of all other causes and continue for a period of 365 days after the date of the accident despite reasonable search efforts.

¹⁰ This benefit is not payable if an AD&D insurance benefit is payable for the loss of the entire hand.

¹¹ No benefit will be paid for loss of hand or foot if an AD&D benefit is payable for Quadriplegia, Hemiplegia, or Paraplegia involving the same hand or foot.

AD&D Exclusions

AD&D insurance benefits are not payable for death or dismemberment caused or contributed to by:

- War or act of war
- Suicide or any other intentionally self-inflicted injury, while sane or insane¹²
- Committing or attempting to commit an assault or felony, or actively participating in a violent disorder or riot
- The voluntary use or consumption of any poison, chemical compound, alcohol or drug, unless used or consumed according to the directions of a physician
- Sickness or pregnancy existing at the time of the accident
- Heart attack or stroke
- Medical or surgical treatment for any of the above

Reductions In AD&D Insurance

Typically, insurance benefits are reduced to a percentage of the original amount based upon attainment of specified ages.

Supplemental Life Insurance

The need for Life insurance often extends beyond basic coverage. Unfortunately, most people do not have enough coverage to adequately protect their families. The Standard's optional Supplemental Life insurance presents employees with the opportunity to purchase additional group Life insurance for themselves and their spouses. This additional coverage helps to enhance the financial security of employees and their families by providing them with flexible coverage amounts at competitive group rates.

Eligibility

Employees are eligible for Supplemental Life insurance if insured for group Life insurance. Spouses are eligible for Supplemental Life insurance if the employee is insured for Supplemental Life insurance. Employees can apply for Supplemental Life insurance by submitting a signed enrollment form and an evidence of insurability form for themselves and their spouses. Supplemental Life insurance is effective for employees and spouses on the date evidence of insurability is approved. Employees must also meet the active work requirement on that date. Any increase in the amount of Supplemental Life insurance is subject to the same evidence of insurability and active work requirements.

¹² For Missouri and New Jersey residents, "insane" is not applicable.

Supplemental Life Amounts Available

Supplemental Life insurance is available in amounts of \$30,000 to \$300,000 in increments of \$10,000, subject to limits imposed by many states on the amounts available for spouses. The application materials presented to employees will include the premium rates for each \$10,000 increment of Supplemental Life insurance

Supplemental Life Exclusion

Supplemental Life insurance benefits will not be payable for a death which is caused or contributed to by suicide or any intentionally self-inflicted injuries, while sane or insane,¹³ unless the coverage has been continuously in effect for more than two years.¹⁴ This exclusion also applies to any increase in Supplemental Life insurance unless the amount of the increase has been continuously in effect for two years.

Reductions In Supplemental Life Insurance

At age 70, the amount of Supplemental Life insurance begins to reduce on an age-graded basis.

Dependents Life Insurance

The Standard offers Dependents Life insurance in combination with group Life insurance to provide additional financial security for employees and their families. If Dependents Life insurance is selected, an insured employee may purchase group Life insurance to cover a spouse or child.

Children, adopted children and stepchildren living in an eligible employee's home are considered dependents through age 20 or age 24 if registered as students and attending an accredited educational institution on a full-time basis.

Dependents Life insurance may be continued after age 20 for a child who is disabled. Married children or dependents who are full-time members of the armed forces of any country are not eligible for coverage.

Insured employees are eligible to insure their dependents on the later of the date their group Life insurance becomes effective or the date they first acquire a dependent.

¹³ For New Jersey residents, "insane" is not applicable.

¹⁴ For Missouri, Colorado, and North Dakota residents, the Life suicide exclusion is limited to one year and the amount payable will be excluded if it has not been continuously in effect for one year.

Dependents Life Exclusion

This plan may include an exclusion for death resulting from suicide or other intentionally self-inflicted injury, while sane or insane.¹³ The amount payable will exclude amounts that have not been continuously in effect for at least two years on the date of death.¹⁴

Reductions In Dependents Life Insurance

Typically, Dependents Life insurance benefits are reduced to a percentage of the original amount based upon attainment of specified ages.

Commonly Asked Questions

Who Is Eligible For Coverage?

Coverage is available to all active employees who are regularly working at least 30 hours each week and meet the required eligibility waiting period as shown in the Employee Benefits Proposal. Temporary and seasonal employees and full-time members of the armed forces of any country are not eligible for coverage.

What Is The Active Work Requirement?

Active work means performing the material duties of the employee's occupation at the employer's usual place of business. Employees who do not meet the active work requirement due to sickness, injury or pregnancy on the day before the scheduled effective date of insurance (including Dependents Life insurance) will not become insured until the day after the employee completes one full day of active work as an eligible member.

What Is The Effective Date Of This Plan?

The effective date of coverage for an eligible employee or dependent depends upon the eligibility waiting period and whether the individual is required to provide evidence of insurability. Additionally, in every situation eligible employees must meet the active work requirement before the insurance becomes effective.

While Dependents Life insurance is in effect, each new dependent becomes insured immediately.

If an employee or dependent is not required to provide evidence of insurability, the effective date of coverage depends upon whether the coverage is contributory or noncontributory.

For noncontributory plans, coverage is effective on the date the employee or the employee's dependent becomes eligible.

For contributory plans, employees must apply in writing for coverage and agree to pay premiums. Coverage is effective on the later of:

- The date the employee becomes eligible if applying on or before that date
- The date the employee applies for coverage if within 31 days after becoming eligible

If an employee or dependent is required to provide evidence of insurability, the coverage generally becomes effective on the date The Standard approves the evidence of insurability.

When Does Coverage End?

Group Life insurance automatically ends on the earliest of the following:

- The date the last period ends for which a premium payment was received if the coverage is contributory
- The date the group policy terminates
- The date employment terminates
- The date the employee fails to meet the definition of a member; however, group Life insurance may be continued during certain periods

If AD&D coverage is selected, it automatically ends on the earliest of the following:

- The date the employee's group Life insurance ends
- The date Waiver of Premium begins
- The date the AD&D insurance terminates under the group policy
- The date the last period ends for which a premium payment was received if the coverage is contributory
- For dependents, the date Dependents Life insurance ends

If Supplemental Life coverage is selected, it automatically ends on the earliest of the following:

- The date the employee's group Life insurance ends
- The date the group policy terminates, unless the employee qualifies for Waiver of Premium

- The date the last period ends for which a premium payment was received if the coverage is contributory
- For a spouse, the date of divorce or legal separation, death of the employee, or the date the spouse becomes a full-time member of the armed forces of any country

If Dependents Life coverage is selected, it automatically ends on the earliest of the following:

- Five months after the death of the insured employee (no premiums will be charged for the Dependents Life coverage during these five months)
- The date the employee's group Life insurance ends
- The date the Dependents Life insurance terminates under the group policy
- The date the last period ends for which a premium payment was received if the coverage is contributory
- For a spouse, the date of divorce
- For a dependent, the date the individual ceases to be a dependent
- For a child that is disabled, 90 days after The Standard requests proof of disability, if proof is not given

What Level Of Employee Participation Is Required?

For noncontributory plans, 100 percent of the eligible employees must participate. If a plan is contributory (partially or fully funded by employees), a minimum number of eligible employees must participate, as specified in the Employee Benefits Proposal.

When Does The Group Policy Terminate?

You may terminate the group policy by providing The Standard with written notice. It will automatically terminate if a premium payment is not received by the end of the grace period shown in the group policy. The Standard may terminate the group policy on any premium due date if the number of persons insured is less than the minimum participation requirements as defined by the group policy. The Standard may also terminate the group policy if we determine that the policyholder has failed to promptly furnish any necessary requested information or to perform any other obligations relating to the group policy.

Founded in Portland, Oregon in 1906, The Standard is a nationally recognized provider of group Disability, Life, Dental and Vision insurance. We provide insurance to nearly 26,000 groups covering more than 8.7 million employees nationwide.* Our first group policy, written in 1951 and still in force today, stands as a testament to our commitment to building long-term relationships.

We always strive to do what's right – for our policyholders and their employees. This dedication has resulted in a national reputation for quality products, superior service and industry expertise.

Disability Benefits and Services

Vocational Intervention

Return-to-work efforts have the best chance of success when started as early as possible after disability begins. At Standard Insurance Company, early vocational intervention services include our nurse case manager's three-point contact process and a vocational case manager's recommendation of redesign of a work place or job duty.

Our initial goal, when appropriate, is to successfully return the employee to work with the policyholder, preferably at the employee's predisability occupation. When this is not possible, the employee may be encouraged and provided assistance to find alternative employment. Our benefits analyst works with a nurse case manager and vocational case manager to ensure that the disability duration is closely monitored and an effective return-to-work plan is initiated when medically advised.

Vocational Experts

Our on-staff vocational case managers are skilled in the fields of disability, rehabilitation and retraining and hold national certifications, such as Certified Rehabilitation Counselor, Certified Case Manager and Certified Professional Disability Manager. They put their experience to work by identifying and helping the disabled employee remove barriers to

returning to productive employment. This may be as simple as an encouraging phone call or as complex as job modification or retraining.

Vocational Resources

Our vocational case managers are carefully screened and trained in the methods we use to assist disabled employees in returning to work. They maintain a network of vocational professionals to act as local resources for disabled employees, and coordinate with these resources on each referred case to provide quality service and results.

Partnerships

Partnerships with employers are essential for successful return-to-work outcomes. We work with the policyholder, the employee and the care providers toward a common goal to return the employee to work. Our resources help facilitate that partnership while aiming to minimize the impact of disability on both the employee and employer.

Our caring team of professionals is dedicated to getting disabled employees back to work in the best environment possible. And the return-to-work assistance we provide employees can translate into reduced claim reserves and savings in benefits costs to employers.

Return to Work Incentive

Rewards Employees with Increased Earnings

Most disabled employees have one thing in common: a strong desire to return to work. Standard Insurance Company encourages disabled employees to return to the work force when medically able with the Return To Work Incentive. Included in all group Long Term Disability (LTD) policies, this provision creates a clear financial incentive for disabled employees to work part-time in their own occupation or full-time or part-time in another occupation. With this incentive, The Standard deducts only a portion of the earnings from work performed while disabled. During the first 12 (or optional 24) months of work, The Standard deducts only that portion of work earnings which, when added to the employee's maximum LTD benefit, exceeds 100 percent of indexed predisability earnings. After that period, only 50 percent of work earnings are deducted.

How the Return to Work Incentive Works

During the first 12 months that disabled employees return to work, monthly LTD benefits are reduced by the amount of work earnings which, when added to their maximum LTD benefit amounts, exceed 100 percent of their indexed predisability earnings. After that, 50 percent of work earnings are deducted. For example, an employee becomes disabled but is able to return to work on a part-time basis, earning \$2,500.

Prior to becoming disabled, the employee earned \$5,000 a month. The employee's maximum LTD benefit is \$3,000. The calculation below shows the LTD benefit amount this employee would receive with the Return to Work Incentive.

	No Return to Work	Returns to Work first 12 months	Continues to Work after 12 months
Maximum LTD benefit	\$ 3,000	\$ 3,000	\$ 3,000
Less work earnings as deductible income	- 0	- 500*	- 1,250**
Net LTD benefit	\$ 3,000	\$ 2,500	\$ 1,750
Plus actual work earnings	+ 0	+ 2,500	+ 2,500
Total income from all sources	\$ 3,000	\$ 5,000	\$ 4,250
Percent of income replaced	60%	100%	85%

* \$ 3,000 maximum LTD benefit
 + 2,500 work earnings
 \$ 5,500 total
 - 5,000 indexed predisability earnings
 \$ 500 deductible income

** \$ 2,500 work earnings
 x 50%
 \$1,250 deductible income

Reasonable Accommodation Benefit

Among Most Generous In Industry

Central to Standard Insurance Company's claims philosophy is a commitment to help disabled employees return to a productive life whenever they are able. To assist employers in facilitating a return to work for their disabled employees, The Standard automatically includes a Reasonable Accommodation Expense Benefit in all our Long Term Disability policies.

Subject to The Standard's prior approval, this benefit allows us to pay for up to \$25,000 of an employer's expenses toward work site modifications that result in a disabled employee's return to work. The Standard's Reasonable Accommodation Expense Benefit is among the most generous in the industry, providing greater flexibility to serve disabled employees.

The Reasonable Accommodation Expense Benefit is one more way that The Standard helps employers regain their valued employees, while helping the employees return to a productive and rewarding lifestyle.

Workplace Possibilities ProgramSM Executive Summary

The Standard is changing the way employers prevent and manage disability with our Workplace Possibilities programSM— a unique, proactive approach to helping keep employees at work and productive.

By identifying opportunities to keep employees who may be at risk of disability on the job and get those who go out on disability back to work quicker, the Workplace Possibilities program helps employers realize rapid results.

Our Workplace Possibilities program features an on-site Workplace Possibilities Consultant who works with the employer as a member of their HR team.

Workplace Possibilities is proactive and holistic, focusing our efforts on key objectives:

- Removing barriers to employee productivity.
- Reducing claim durations.
- Lowering client costs.
- Further opening lines of communication between all parties.
- Identifying return-to-work candidates at the earliest possible point.
- Strengthening the relationship between The Standard and the employer, which will lead to a better sharing of resources and more cost-effective return to work.
- Identifying preventative measures (stay at work) employers and employees can take to reduce the number of disability claims employees file.

The Standard's on-site Consultant takes a comprehensive view of your workplace, assisting the employer in identifying potential ergonomic risks and making modifications that remove barriers to productivity.

The Workplace Possibilities Consultant works collaboratively with your HR team, but The Standard's Reasonable Accommodation Expense Provision of the disability contract hires, trains, manages and pays for this person. The Workplace Possibilities Consultant is also remotely linked to our program's tracking system. The employer will be responsible for providing the Consultant with a work station and internet access. Obviously, a close working relationship between the Workplace Possibilities

Consultant and all parties is essential, and to ensure this, our onsite Consultant will request input from the employer on a regular basis. Referrals to the onsite Consultant can come from both The Standard and from the employer. In addition to the on-site Workplace Possibilities Consultant at the employer's location, The Standard's Workplace Possibilities Team includes a dedicated Vocational Case Manager, Nurse Case Manager and Benefits Analyst.

Proper training is essential to the success of the program, and The Standard will assist an employer in developing and presenting webinars about the Workplace Possibilities program to train HR staff, workers' compensation, supervisory, managerial and other relevant staff members. The Standard will tailor the training to the level of detail each staff member needs. The Standard and the employer will plan and coordinate the initial and on-going communication and training strategies. Our proven, formalized process enables rapid implementation of the Workplace Possibilities Program, in as little as 30 days.

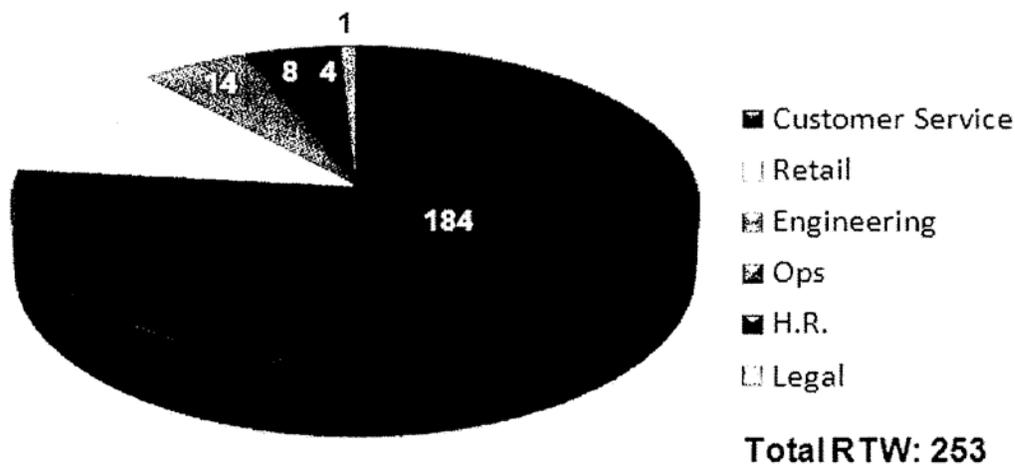

Workplace Possibilities provides the employer with customized reports, so they can track key metrics, monitor results and share progress with senior leadership.

Our program takes advantage of The Standard's vast experience in disability management, ergonomic and vocational assessments, and absence management to help employers re-imagine the workplace.

The Standard's partnership with the employer and the investment in time and resources will enable employees to achieve maximal self-sufficiency, reduce dependence on disability benefits, lower costs associated with absence and improve employee morale.

Group Short Term Disability Insurance

Protect Your Employees From Loss Of Income

Standard Insurance Company
Short Term Disability Insurance

About This Booklet

Standard Insurance Company appreciates the opportunity to provide you with a proposal for group Short Term Disability (STD) insurance. This booklet and the STD proposal together outline the basic features of your proposed STD plan. They are not a contract.

Establishing group STD insurance coverage with The Standard requires your completed, signed application for group insurance and our acceptance of it. When we approve your application, we will issue you a group policy containing our customary language. It will not duplicate the language of any existing policies you may have.

Your group policy with The Standard will contain provisions and defined terms not described in this proposal. If any discrepancies exist between the group policy, the STD proposal and this booklet, the controlling provision will be in the group policy.

Your group policy will become effective on the date determined by The Standard, which will be clearly stated on your policy. We will also supply you with certificates of insurance, describing the coverage in detail, for you to deliver to your insured employees.

The proposed premium rate and plan design for your STD coverage are based on the underwriting data we received from you. We will determine final premium rates and plan provisions based on:

- State law
- Policyholder contributions
- Confirmation of occupations
- The composition of the group of employees you wish to insure
- Our current underwriting rules and practices

The proposal will expire on the date shown in your Employee Benefits Proposal.

Thank you for considering The Standard for your group STD insurance needs. Should you have questions or need any additional information, consult the Employee Benefits Proposal or contact your insurance advisor or the Employee Benefits Sales and Service Office for your area.

Group Short Term Disability Insurance

An Attractive Option For Your Employee Benefits Package

Short Term Disability insurance from The Standard is designed to provide coverage for disabilities resulting from physical disease, injury, pregnancy or mental disorder. STD insurance offers an attractive option for employers who want to supplement a sick leave or statutory disability benefits program. The proposed STD benefit amount and maximum benefit period are shown in the Employee Benefits Proposal.

STD Product Information

Definition Of Disability

Insured employees are disabled if, as a result of physical disease, injury, pregnancy or mental disorder, they are unable to perform with reasonable continuity the material duties of their own occupation and suffer a loss of at least 20 percent in their predisability earnings when working in their own occupation.

Own occupation means any employment, business, trade, profession, calling or vocation that involves material duties of the same general character as the occupation the employee is regularly performing for the employer when disability begins. However, own occupation is not limited to how the employee specifically performs the job for the employer. The Standard may also view how the occupation is generally performed in the national economy. If the own occupation involves the rendering of professional services and requires a professional or occupational license in order to work, the own occupation is as broad as the scope of the license.

Material duties are the essential tasks, functions and operations, skills, abilities, knowledge, training and experience generally required by employers from those engaged in a particular occupation that cannot be reasonably modified or omitted. However, in no event would a requirement to work an average of more than 40 hours per week be considered a material duty.

Employees who are disabled from their own occupation may work in another occupation and continue to qualify for STD benefits as long as their work earnings do not exceed 80 percent of their predisability earnings. Work earnings will be used to reduce the STD benefit as noted under "Return To Work Incentive."

Coverage For New Disabilities

If a period of disability is extended by a new cause while STD benefits are payable, benefits will continue while the employee remains disabled but not beyond the end of the original maximum benefit period. In addition, all policy limitations and exclusions apply to the new cause of disability.

Plan Options

The Standard offers STD plans that provide both non-occupational and 24-hour coverage. Non-occupational plans provide coverage for disabilities occurring off the job as a complement to workers' compensation coverage. 24-hour STD plans provide coverage for disabilities occurring on or off the job.

Minimum STD Benefit

For STD plans that are integrated with deductible income, the minimum STD benefit is \$15 per week. The Employee Benefits Proposal will indicate whether this applies to this proposed plan.

Returning To Work

Our claims management services have been carefully designed to promote and optimize the return of disabled employees to a productive life whenever possible. When a disability occurs, our focus is on returning the employee to work through our claims management process, the services we provide and the policy provisions we offer.

Reasonable Accommodation Expense Benefit

To help employers return employees with disabilities to active work whenever they are able, The Standard automatically includes a Reasonable Accommodation Expense Benefit in its STD policies. This benefit reimburses an employer for worksite modifications made on behalf of a disabled employee, which result in a return to work for the employee. The reimbursable modifications are subject to The Standard's prior approval.

Return To Work Incentive

Providing incentives for disabled employees to return to work at their full potential is critical for any successful rehabilitation plan. Automatically included in our STD policies, The Standard's Return To Work Incentive provision is designed to provide valuable financial support to disabled employees in their efforts to return to work.

The Standard's STD benefit is reduced by only the amount of work earnings which, when added to the employee's maximum STD benefit, exceeds 100 percent of predisability earnings. This typically means that employees who return to work receive more total income than those who do not. Work earnings will include amounts they could earn if they worked to their full potential in work that is reasonably available.

Return To Work Responsibility

In addition to providing positive financial incentives to return to work, The Standard's STD policy also establishes a clear expectation for those who are able to return to work. Disabled employees who are capable of part-time work have a responsibility to take advantage of available work opportunities. They are expected to accept part-time work in their own occupation if they are able to earn at least 20 percent of predisability earnings. No STD benefits are payable for any period when partially disabled employees fail to meet this responsibility.

Temporary Recovery

The Standard automatically includes a Temporary Recovery provision in every STD policy to further encourage employees to return to work. Our policy language is among the most flexible in the industry and enables us to work with employees to make permanent recoveries out of temporary ones.

Employees who recover from a disability for a period of time during the maximum benefit period but later suffer a relapse and become disabled again from the same cause or causes, may not have to serve a new benefit waiting period, depending on the length of the period of temporary recovery.

A new benefit waiting period is not required if the periods of recovery during the maximum benefit period do not exceed a total of 30 days. In addition:

- Benefits are not payable for the recovery period
- The recovery period does not count toward the maximum benefit period
- Predisability earnings used to determine the STD benefit will not change
- No STD benefits will be payable after benefits become payable to the employee under any other disability plan for which the employee became insured during the period of temporary recovery

Other than the above, the group policy is applied as if the disability were uninterrupted.

Additional Cost Options

Daily Hospital Benefit

With the Daily Hospital Benefit, the eligible insured employee will receive STD benefits for each day of hospitalization during the benefit waiting period.

First-day Hospital Benefit

If an insured employee is hospital-confined for at least four hours during the benefit waiting period, the benefit waiting period will be satisfied. Hospital-confined means the employee is admitted to a hospital as an in-patient, for which they are charged room and board. They must be under the ongoing care of a physician while they are hospital-confined. STD benefits will become payable on the date of hospitalization. The maximum benefit period will also begin on that date.

Exclusions From Coverage

The Standard's STD policies do not cover disabilities caused or contributed to by:

- War or any act of war
- An intentionally self-inflicted injury, while sane or insane*
- A disability arising out of or in the course of any employment for wage or profit (applies to non-occupational plans only)
- Committing or attempting to commit an assault or felony, or active participation in a violent disorder or riot
- Loss of a professional or occupational license or certification

Limitations

No STD benefit will be paid for any period when the disabled employee is:

- Not under the ongoing care of a physician in an appropriate specialty as determined by The Standard
- Eligible to receive benefits under any workers' compensation or similar law (applies to non-occupational plans only)
- Able to work part-time, but elects not to work (i.e., fails to meet the return to work responsibility)
- Confined for any reason in a penal or correctional institution
- Not participating in good faith in a plan of medical treatment or vocational training or education approved by The Standard, unless the disability prevents the employee from participating
- Receiving sick leave pay or other salary continuation from the employer, unless a sick leave integration option is chosen

Preexisting Condition Limitation

The preexisting condition limitation typically applies to STD benefit amounts of \$2,500 per week or more. If on the date disability begins, the employee has not been continuously insured under the group policy for the 12 (or optional 24) month limitation period and has not been actively at work for at least one full day after that limitation period, the weekly STD benefit will be limited to not more than \$2,500 if the disability results from a preexisting condition.

*For Colorado and Missouri residents, "insane" is not applicable.

A preexisting condition is a mental or physical condition whether or not diagnosed or misdiagnosed:

- Which was discovered or suspected as a result of any routine or other medical examination at any time during the preexisting condition period, or
- For which the employee has (or a reasonably prudent person would have) consulted a physician or other licensed medical professional, received medical treatment, services or advice, undergone diagnostic procedures, including self administered procedures, or taken prescribed drugs or medications at any time during the preexisting condition period.

The preexisting condition period is the three- or six-month period just before the employee's insurance becomes effective, as specified in the Employee Benefits Proposal.

We grant credit for time served toward satisfying the preexisting condition limitation period for eligible employees insured under the employer's prior group STD plan that was replaced by The Standard's coverage.

Deductible Income

The Standard's STD insurance helps replace a portion of income lost as a result of a disability. Often employees are eligible for other sources of income. To prevent overinsurance, the STD benefit is reduced by deductible income, which generally includes the following, although it may vary depending on whether the employer is a public or private entity:

- Work earnings, as described under "Return To Work Incentive"
- Benefits the employee receives or is eligible to receive from workers' compensation, state disability income benefit law, the Jones Act, Maritime Doctrine of Maintenance, Wages or Cure, Longshoremen's and Harbor Worker's Act or any similar acts or laws (applies to 24-hour coverage only)
- Benefits from other insurance (including group insurance for non-professionals) the employee receives or is eligible to receive
- Any disability or retirement benefits received from the employer's retirement plan
- Any earnings or compensation included in predisability earnings which the employee receives or is eligible to receive while STD benefits are payable
- Any amount the employee receives or is eligible to receive under any unemployment compensation law or similar act or law
- Any amount the employee receives or is eligible to receive from or on behalf of a third party
- Any amount received by compromise, settlement or other method, as a result of a claim for any of the above, whether disputed or undisputed

Exceptions To Deductible Income

The following are generally not considered deductible income, although exceptions vary depending on whether the employer is a private or public entity:

- Group credit, mortgage disability insurance benefits and accelerated death benefits paid under a life insurance policy
- Any cost-of-living increase in deductible income, other than work earnings
- Reimbursement for hospital, medical or surgical expenses
- Reasonable attorney fees incurred in connection with a claim for deductible income

Commonly Asked Questions

Who Is Eligible For Coverage?

Coverage is available to all of an employer's active employees who:

- Are citizens or residents of the United States or Canada
- Are actively at work at least 30 hours each week
- Meet the required eligibility waiting period as shown in the Employee Benefits Proposal

Temporary and seasonal employees, full-time members of the armed forces of any country, leased employees and independent contractors are not eligible for coverage. There is no age limit on eligibility for coverage under The Standard's group insurance plans.

What Is The Active Work Requirement?

Employees who are performing the material duties of their own occupation at the employer's usual place of business meet the active work requirement. Employees who are not capable of active work due to physical disease, injury, pregnancy or mental disorder on the day before insurance would otherwise become effective will not become insured until the day after completing one full day of active work as an eligible employee.

When Is The Effective Date Of This Plan?

Subject to the active work requirement, coverage is effective as follows:

- Coverage requiring evidence of insurability is not effective until evidence is approved
- For noncontributory plans, coverage is effective on the date the employee becomes eligible
- For contributory plans, employees must apply in writing for coverage. Coverage is effective on the later of:
 - The date the employee becomes eligible
 - The date the employee applies if the employee submits an application within 31 days of becoming eligible
 - The date required evidence of insurability is approved, if the employee applies more than 31 days after becoming eligible

What Level Of Employee Participation Is Required?

For noncontributory plans, 100 percent of the eligible employees must participate. If a plan is contributory (partially or fully funded by employees), a minimum number of eligible employees must participate, as specified in the Employee Benefits Proposal.

When Does The Coverage End?

STD insurance ends automatically on the earliest of the following:

- The date the last period ends for which a premium contribution is received
- The date the group policy terminates
- The date employment terminates
- The date the employee fails to meet the definition of a member (however, STD insurance may be continued under certain conditions, such as during an approved leave of absence scheduled to last no more than 30 days)

When Does The Group Policy Terminate?

An employer may terminate a group policy by providing The Standard with written notice. The group policy will automatically terminate if premium is not received by the end of the grace period shown in the Employee Benefits Proposal. The Standard may terminate the group policy if the number of employees insured is less than the minimum participation requirement shown in the Employee Benefits Proposal. The Standard may also terminate the group policy if we determine that the policyholder has failed to promptly furnish any necessary information requested by us or has failed to perform any other obligations relating to the group policy.

Group Long Term Disability Insurance

Safeguarding Your Employees' Income

Standard Insurance Company
Group Long Term Disability Insurance

Your Proposed Group Insurance Plan

Standard Insurance Company appreciates the opportunity to provide you with a proposal for Group Long Term Disability insurance. This booklet and the Employee Benefits Proposal together outline the basic features of your proposed Long Term Disability (LTD) insurance plan. These two documents are not a contract.

Establishing LTD insurance coverage with The Standard requires your completed, signed application for group insurance and our acceptance of it. When we approve your application, we will issue you a group policy containing our customary language. It will not duplicate the language of any existing policies you may have.

Your group policy with The Standard will contain provisions and defined terms not described in this booklet or your Employee Benefits Proposal. If discrepancies exist between the group policy, the Employee Benefits Proposal and this booklet, the controlling provision will be in the group policy.

Your group policy will become effective on the date determined by The Standard, which will be clearly stated in your policy. We will also supply you with certificates of insurance that describe the coverage in detail for you to distribute to your insured employees.

The proposed premium rate and plan design for your LTD coverage are based on the underwriting data we received from you. We will determine final premium rates and plan provisions based on:

- State law
- Policyholder contributions
- Confirmation of occupations
- The composition of the group of employees you wish to insure
- Our current underwriting rules and practices

The proposal will expire on the date shown in your Employee Benefits Proposal.

Should you have questions or need additional information not found in the Employee Benefits Proposal, contact your insurance advisor or the Employee Benefits Sales and Service Office for your area.

Thank you for considering The Standard for your group LTD insurance needs. Group Life and Disability are our primary business. Having this level of focused expertise means we can understand your needs better and our employee benefits can work harder to support your goals. With tools designed to help reduce your workload and a proactive approach to help you maintain a more productive and efficient workplace, we're here to partner with you for the long term.

Group Long Term Disability Insurance

A Vital Part Of Your Employee Benefits Package

People routinely purchase home, car and life insurance to safeguard themselves against the threat of loss. Yet they may underestimate the importance of insuring a portion of their incomes against the threat of disability. The risk of disability is greater than most people think. Recent statistics are quite clear:

- Almost three in 10 of today's 20-year-olds will become disabled before reaching age 67
Social Security Administration Fact Sheet 2009
- Every 90 seconds in the United States someone files for bankruptcy in the wake of a serious illness
The American Journal of Medicine, Vol. 122, No. 8, August 2009

Long Term Disability insurance from The Standard provides a monthly benefit to eligible employees who are partially or totally disabled due to a covered physical disease, injury, pregnancy or mental disorder. It is key to smart financial planning for both employers and employees.

Financial Support For Employees, A Recruitment Tool For Employers

Savings, sick leave, workers' compensation, Social Security, friends and family are some of the sources used to replace income lost due to disability. However, the financial impact of long term disability often exceeds these limited resources. The Standard's LTD insurance supplements other sources of income and provides incentives and assistance to facilitate a return to work whenever possible.

LTD coverage also helps employers by enhancing their benefits package — one of the best ways to attract and retain high-caliber employees. The Standard offers LTD insurance with flexible plan designs and claims-management expertise, all at competitive group rates.

Plan Design Information

LTD Benefit Schedule

LTD benefits replace a specified percentage of a disabled employee's predisability earnings, as defined in the group policy. The percentage is typically 60 or 66⅔ percent, subject to minimum and maximum LTD benefit amounts, but options from 30 to 70 percent are available. As part of an income-replacement program, LTD benefits will be reduced by certain other amounts, called deductible income, which the employee receives or is eligible to receive. See the specifics in the Employee Benefits Proposal.

Definition Of Predisability Earnings

Most definitions of predisability earnings include:

- Salary
- Shift differential pay
- Commissions averaged over the preceding 12-month period or over the period of employment if less than 12 months
- Employee contributions made through a salary reduction agreement with the employer to an Internal Revenue Code (IRC) Section 401(k), 403(b), 408(k), 408(p) or 457 deferred compensation arrangement, or an executive nonqualified deferred compensation arrangement
- Amounts contributed to fringe benefits according to salary reduction agreements under IRC Section 125 plans

The definition of predisability earnings generally excludes bonuses, overtime or any other extra compensation. However, these items may be included if approved by The Standard. If so, they will be shown in the Employee Benefits Proposal. An employer's contributions on the employee's behalf to any deferred compensation arrangement or pension plan are also generally excluded from the definition of predisability earnings.

Coverage up to the guarantee issue amount, is available without submitting evidence of insurability. Evidence may be required for higher amounts.

When LTD Benefits Begin

When LTD benefits are payable, they begin at the end of the benefit waiting period. Benefits are not payable during the benefit waiting period. The most common benefit waiting period is 90 days of continuous disability; however, the period can range from 30 days to one year depending on the specific needs of the employer. See the Employee Benefits Proposal for the benefit waiting period.

When LTD Benefits End

LTD benefits end automatically on the date the employee:

- No longer meets the definition of disability
- Fails to provide proof of continuing disability
- Becomes eligible for benefits under another group LTD plan
- Reaches the end of the maximum benefit period for which LTD benefits are payable for any one period of continuous disability

LTD benefits are not payable after the end of the maximum benefit period, even if the employee remains disabled.

For employees who become disabled after age 60, The Standard offers three age-graded reduction schedules that provide benefits beyond age 65. See the Employee Benefits Proposal for the maximum benefit period.

Definitions Of Disability

The definition of disability determines whether benefits are payable and the extent to which disabilities are covered. The Standard's definitions of disability are both progressive and balanced to offer flexibility in designing a benefit program to meet each organization's specific needs.

Some employees will meet the applicable definition and also retain the ability to perform some of their work duties full time or part time, or be able to work in another occupation. To encourage those who are able to perform some work, The Standard's disability definitions provide coverage for individuals who work while disabled, as defined by the group policy.

Material Duties And Indexed Predisability Earnings

The Standard offers comprehensive and distinctive own occupation and any occupation definitions of disability. Most of The Standard's plans include both definitions, but they can be separated. The time periods when they apply may vary to meet the needs of the organization and its employees. For example, our traditional plan includes a 24-month own occupation period followed by an any occupation period.

Both own occupation and any occupation definitions refer to material duties and indexed predisability earnings.

Material duties are the essential tasks, functions, operations, skills, abilities, knowledge, training and experience generally required by employers from those engaged in a particular occupation. These essential tasks, functions, etc. cannot be reasonably modified or omitted, and a particular occupation cannot be performed without them. (A requirement to work an average of more than 40 hours per week would never be considered a material duty.)

Indexed predisability earnings, based on person's earnings prior to disability and the U.S. Consumer Price Index, are calculated strictly for purposes of determining disability. Indexed predisability earnings may apply in determining whether an employee meets the own occupation or any occupation definition of disability.

Own Occupation Disability

During the benefit waiting period and for the first 24 months thereafter, employees are disabled if, as a result of physical disease, injury, pregnancy or mental disorder:

- They are unable to perform with reasonable continuity the material duties of their own occupation, and
- They have suffered a loss of at least 20 percent in their indexed predisability earnings when working in their own occupation.

Own occupation means any employment, business, trade, profession, calling or vocation that involves material duties of the same general character as the occupation the employee is regularly performing for the employer when the disability begins.

Own occupation is not limited to how the employee specifically performs the job for the employer. Rather, The Standard may view how the occupation is generally performed in the national economy. If the own occupation involves the rendering of professional services and requires a license in order to work, the definition of own occupation is as broad as the scope of the license.

While this definition applies, employees who are disabled from their own occupation may work in another occupation and continue to qualify for LTD benefits as long as their work earnings do not exceed 80 percent of their indexed predisability earnings. Work earnings will be used to reduce the LTD benefits as noted under "Return to Work Incentive" (page 7).

Any Occupation Disability

During the any occupation period, which spans the remainder of the maximum benefit period, employees are disabled if, as a result of physical disease, injury, pregnancy or mental disorder, they are unable to perform with reasonable continuity the material duties of any occupation.

Any occupation means any occupation or employment that the employee is able to perform, based on his or her education, training or experience and availability at one or more locations in the national economy. In this occupation, the employee could be expected to earn at least 60 percent of indexed predisability earnings within 12 months following his or her return to work, regardless of whether the employee is working in his or her own or any other occupation.

While this definition applies, disabled employees may work and continue to qualify for LTD benefits as long as they meet the any occupation definition of disability. Work earnings will reduce the LTD benefits as noted under "Return to Work Incentive."

Optional Definitions Of Disability

The Standard understands the specialized training and financial investment required for many professional careers. We offer definitions of disability specifically designed for professionals, key management employees and certain employer groups.

Own Occupation To Age 65

The Standard offers a definition of disability that requires employees to be disabled from only their own occupations. This definition applies during the benefit waiting period and throughout the maximum benefit period. Employees who are disabled from their own occupations may work in another occupation. However, they will no longer meet the definition of disability when their work earnings exceed 80 percent of indexed predisability earnings.

Own Specialty Protection

For physicians and attorneys, The Standard offers own specialty protection for two years, five years and to the end of maximum benefit period. For physicians, own occupation is defined as the medical specialty the physician is board-certified to practice. For attorneys, own occupation is defined as the one or two legal subject-matter areas or types of legal practice in which the attorney has specialized, provided the attorney has been in practice for at least five years.¹

Certain percentages of the gross professional fee income must have been earned in those specialty areas or types of practice during the 24 months just before disability began. These percentages are at least 60 percent for physicians and 85 percent for attorneys. During the remainder of the maximum benefit period, the employee must meet the usual own occupation definition of disability. Those who meet this definition of disability may work in another occupation; however, they will no longer be considered disabled when their work earnings exceed 100 percent of indexed predisability earnings.

¹ Trial attorney or trial practice will not be considered one of the specialty legal subject matter areas or types of legal practice, unless the attorney personally appears and actively participates in legal proceedings on behalf of clients at least four hours per day on an average of at least 50 days per year during the 24 months just before disability begins. Time the attorney spends preparing to actively participate in legal proceedings can be included when calculating up to one-half of the hours-per-day and days-per-year requirement. Legal proceedings include civil or criminal trials, administrative rule-making or contested-case hearings, workers' compensation hearings, arbitration and mediation hearings, and the taking or defending of depositions.

Returning To Work

Our claims management services have been carefully designed to promote and optimize the return of disabled employees to a productive life whenever possible. Our benefits analysts work with vocational experts, nurses and physicians to provide early screening, assess disability durations and identify return-to-work opportunities. As a result, disabled employees may return to work earlier than anticipated, which may reduce the likelihood of permanent disability. This helps employers regain valuable employees and contain disability claims costs.

Return To Work Incentive

Providing incentives for disabled employees to return to work at their full potential is critical for any successful rehabilitation plan. The Standard's Return to Work Incentive is one of the most comprehensive in the employee benefits industry. It is automatically included in every LTD policy to provide valuable financial support to employees in their efforts to return to work.

During the 12 (or optional 24) months immediately after a disabled employee first returns to work, the LTD benefit is reduced by only the amount of work earnings that, when added to the employee's maximum LTD benefit, exceeds 100 percent of indexed predisability earnings. Following the incentive period, The Standard will deduct one-half of work earnings while the employee remains disabled. This typically means that employees who return to work will receive more total income than those who do not. Work earnings will include amounts they could earn if they worked to their full potential in work that is reasonably available.

Reasonable Accommodation Expense Benefit

To help employers return employees with disabilities to active work whenever possible, The Standard automatically includes a Reasonable Accommodation Expense Benefit in its LTD policies. This reimburses an employer up to \$25,000 for worksite modifications made on behalf of a disabled employee, when the modifications enable the employee to return to work. Reimbursable modifications are subject to The Standard's prior approval.

Rehabilitation Plan Provision

To help employees with disabilities prepare to return to active work, The Standard automatically includes a Rehabilitation Plan Provision in all LTD policies. Subject

to The Standard's prior approval, employees may apply to participate in a rehabilitation plan at any time, and in doing so, may receive an additional 10 percent of their predisability earnings, not to exceed the maximum LTD benefit as a result of this increase. With The Standard's approval, a rehabilitation plan may include payment for some or all of the expenses incurred by employees that are intended to support a return to work, including:

- Training and education
- Family (child and elder) care
- Job search and other job-related expenses

Temporary Recovery

The Standard automatically includes a Temporary Recovery provision in every LTD policy to further encourage employees to return to work. Our flexible policy language enables us to work with employees to make permanent recoveries out of temporary ones. Employees who recover from a disability for a period of time, but later suffer a relapse and become disabled again from the same cause or causes, may not have to serve a new benefit waiting period if the period of recovery does not exceed 90 days during the benefit waiting period or 180 days during the maximum benefit period.

In either case, the recovery period does not count toward the benefit waiting period, the maximum benefit period or the own occupation period. LTD benefits are not paid during the recovery period. Predisability earnings used to determine the LTD benefits will not change. No LTD benefits will be payable after benefits become payable under any other disability plan under which the employee became insured during the recovery period. Otherwise, the group policy is applied as if the disability was uninterrupted.

Return To Work Responsibility

In addition to providing financial incentives to return to work, The Standard's LTD policy also establishes clear expectations for those who are able to return to work. Disabled employees who are capable of part-time work have a responsibility to take advantage of available work opportunities. If they are able to earn at least 20 percent of indexed predisability earnings, they must accept part-time work in their own occupation during the own occupation period and in any occupation during the any occupation period. . LTD benefits will not be payable for any period when partially disabled employees fail to meet this return-to-work responsibility.

Cost Containment Features

This section outlines the limitations, exclusions and deductible income sources customarily included in all of The Standard's group LTD policies. Some applicable time periods and provisions may be modified at the employer's request.

Disabilities Subject To Limited Pay Periods

Payment of LTD benefits is limited to 24 (or optional 12) months during the employee's lifetime for disabilities caused or contributed to by any one or more of the following, or medical or surgical treatment of one or more of the following:

- Any mental, emotional or psychological disorder regardless of cause (including but not limited to depression, anxiety, stress, bipolar affective disorder, organic brain syndrome, schizophrenia). At the end of the limited pay period, benefits may continue if the employee is continuously confined in a hospital solely because of a mental disorder.
- The use of alcohol or any drug (including hallucinogens), alcoholism or drug addiction
- Other limited conditions including: chronic fatigue conditions (such as chronic fatigue syndrome and post viral syndrome), any allergy or sensitivity to chemicals or the environment (such as sick building syndrome and multiple chemical sensitivity syndrome), chronic pain conditions (such as fibromyalgia, reflex sympathetic dystrophy and myofascial pain), carpal tunnel or repetitive motion syndrome, temporomandibular or craniomandibular joint disorder²

As an additional cost-containment option, employers may elect to limit payment of LTD benefits for disabilities caused or contributed to by musculoskeletal or connective tissue disorders such as arthritis, diseases or disorders of the cervical, thoracic or lumbosacral back and its surrounding soft tissue, and strains or sprains of joints or muscles. This expanded limitation would not apply to rheumatoid or psoriatic arthritis, herniated disks with neurological abnormalities that are documented by electromyogram and computerized tomography or magnetic resonance imaging, scoliosis, radiculopathies that are documented by electromyogram, spondylolisthesis (grade II or higher), myelopathies and myelitis, traumatic spinal cord necrosis, osteoporosis, discitis or Paget's disease.

² This limitation does not apply to neoplastic diseases, neurologic diseases, endocrine diseases, hematologic diseases, asthma, allergy-induced reactive lung disease, tumors, malignancies, vascular malformations, demyelinating diseases or lupus.

Limitations

No LTD benefits will be paid for any period when the disabled employee is:

- Not under the ongoing care of a physician in an appropriate specialty as determined by The Standard
- Not participating in good faith in a plan of medical treatment, vocational training or education approved by The Standard, unless the disability prevents the employee from participating
- Able to work part time, but elects not to (i.e., the employee fails to meet his return to work responsibility)
- Confined for any reason in a penal or correctional institution

In addition, payment of LTD benefits is limited to 12 months for any period when the employee resides outside the United States or Canada.

Exclusions From Coverage

Disabilities are not covered when caused or contributed to by:

- War or any act of war
- An intentionally self-inflicted injury, whether the insured employee is sane or insane³
- Loss of professional or occupational license or certification
- Committing or attempting to commit an assault or felony
- Active participation in a violent disorder or riot
- A preexisting condition or treatment of a preexisting condition, unless, on the date disability begins, the employee has been continuously insured under the group policy for the entire 12 months for groups with 20 or more lives and 24 months for groups with fewer than 20 lives and has been actively at work for at least one full day after the end of that exclusion period

Diagnosed or misdiagnosed, a preexisting condition is a mental or physical condition:

- That was discovered or suspected as a result of any routine or other medical examination at any time during the preexisting condition period, or

³ For Colorado and Missouri residents, "insane" is not applicable.

- For which the employee has (or a reasonably prudent person would have) consulted a physician or other licensed medical professional, received medical treatment, services or advice, undergone diagnostic procedures (including self-administered procedures), or taken prescribed drugs or medications at any time during the preexisting condition period.

The preexisting condition period is the three- or six-month period just before the employee's insurance becomes effective, as specified in the Employee Benefits Proposal.

The Standard grants credit for time served toward satisfying the preexisting condition exclusion period for eligible employees insured under the employer's prior group LTD plan that was replaced by The Standard.

Deductible Income

The Standard's LTD insurance helps replace part of the income lost as a result of disability. Often employees are eligible for other sources of income, such as workers' compensation or Social Security. To prevent overinsurance, LTD benefits are reduced by an employee's deductible income, which generally includes the following, although these may vary depending on if the employer is a public or private entity:

- Work earnings, as described under "Return to Work Incentive"
- Sick pay, annual or personal leave pay, severance pay or other salary continuation, including donated amounts (but not vacation pay), which, when added to the maximum LTD benefit, exceed 100 percent of indexed predisability earnings
- Benefits from the Federal Social Security Act, the Canada Pension Plan, the Quebec Pension Plan, the Railroad Retirement Act or similar plans or acts providing benefits that the employee or the employee's dependents receive or are eligible to receive⁴
- Benefits the employee receives or is eligible to receive from workers' compensation, state disability income benefits law, the Jones Act, Maritime Doctrine of Maintenance, Wages and Cure, Longshore and Harbor Worker's Compensation Act or any similar acts or laws
- Benefits from other insurance, including individual insurance for professionals, which the employee receives or is eligible to receive
- Any earnings or compensation included in predisability earnings which an employee receives or is eligible to receive while LTD benefits are payable
- Any amount an employee receives or is eligible to receive under any unemployment compensation law or similar act or law
- Any amount an employee receives or is eligible to receive from or on behalf of a third party
- Any disability or retirement benefits an employee receives from a private employer's retirement plan
- Any disability or retirement benefits an employee receives or is eligible to receive from a public employer's retirement plan and any lump-sum refund, withdrawal or distribution of contributions and earnings received⁵
- Any amount received by compromise, settlement or other method, as a result of a claim for any of the above, disputed or undisputed

⁴ Employers may choose a plan design that offsets LTD benefits by part or none of the dependent's benefits.

⁵ If the employee receives a lump-sum refund, withdrawal or distribution of contributions and earnings, LTD benefits are determined using a lifetime monthly annuity amount with no survivor income. Employee and employer contributions are considered as distributed simultaneously throughout the employee's lifetime, regardless of how funds are distributed from the retirement plan.

Exceptions To Deductible Income

The following are generally not considered deductible income, although exceptions may vary depending on if the employer is a public or private entity:

- Any amounts attributable to the employee's contributions to the employer's retirement plan or which the employee could have received upon termination of employment without being disabled or retired
- Benefits from a profit-sharing plan, thrift or savings plan, deferred-compensation plan, 401(k), 408(k) or 457 plan, IRA, tax-sheltered annuity under IRC Section 403(b), stock ownership plan or Keogh (HR-10) plan
- Any lump-sum refund, withdrawal or distribution of the employee's contributions and earnings received from the employer's retirement plan because the employee is not vested under the plan
- Social Security early-retirement benefits not received by the insured employee
- Group credit, mortgage disability insurance benefits and accelerated death benefits paid under a life insurance policy
- Any cost-of-living increases in deductible income, other than work earnings
- Reimbursement for hospital, medical or surgical expenses
- Reasonable attorney fees incurred in connection with a claim for deductible income

Additional LTD Plan Provisions And Services

Employee Assistance Program

An Employee Assistance Program (EAP) can help increase productivity by assisting employees with their attempts to balance work and personal life. An EAP can address concerns such as health, marital, family, financial, alcohol, drug, legal, emotional and other personal issues that may adversely affect employee job performance. EAP and Worklife services, administered by Horizon Health, are available to employees covered by the LTD insurance.⁶

A Horizon Health specialist will provide consultation by phone, as well as arrange for up to three face-to-face assessments and short-term counseling sessions from a network provider when necessary. The services also include Critical Incident Stress Debriefings in which a counselor will provide on-site, group counseling for employees if a traumatic event occurs in the workplace.

Coverage For New Disabilities

If a period of disability is extended by a new cause while LTD benefits are payable, benefits will continue while the employee remains disabled, but not beyond the end of the original maximum benefit period. In addition, all policy limitations and exclusions apply to the new cause of disability.

Survivors Benefit

If an employee who has been continuously disabled for at least 180 days dies while LTD benefits are payable, The Standard will pay a Survivors Benefit. The benefit is a lump sum equal to three times the employee's monthly LTD benefit without reduction by deductible income. The Survivors Benefit is intended to meet a portion of a family's financial needs in the event of the employee's death. The benefit is paid to the surviving spouse or unmarried children under age 25. As an option, it may also be paid to the deceased employee's estate. However, The Standard will first use the Survivors Benefit to reduce any overpayment on the employee's claim.

⁶ Provided only for employers with 10-2,499 employees. EAP services are provided through an arrangement with Horizon Behavioral Service, LLC, which is not affiliated with The Standard. EAP is not an insurance product.

Direct Deposit

The Standard offers direct deposit (also known as Electronic Funds Transfer or EFT), a convenient and secure benefit payment option. With direct deposit, employees' LTD benefit payments will be automatically deposited into their designated checking or savings account on their payment due date, even if that date falls on a weekend or a holiday.

Social Security Assistance

The Standard offers eligible disabled employees assistance with Social Security benefits starting with the initial application. Each of our claims management teams includes a specialist who helps administer our Social Security assistance program and acts as a liaison to our nationwide network of contracted specialists.

Payment Of FICA Taxes

The Standard automatically pays the employer's portion of FICA (Social Security and Medicare) taxes for all LTD claims. The Standard prepares, reports and mails W-2 forms and yearly totals to the IRS and Social Security Administration for all LTD claims. This service saves the employer time and helps to expedite tax preparation for the employee.

Automatic Maximum Benefit Increase

The Automatic Maximum Benefit Increase feature provides for the maximum LTD benefit of the plan to automatically increase by 5 percent annually for five years. This is a convenient way to assure the LTD plan design keeps pace with salary increases without having to amend the group policy each year. There is no cost to add this feature to your coverage, but it must be requested – it's not automatically included in coverage plans.

Options Available At Additional Cost

Benefits For The Severely Disabled

The Standard offers three enhancements to group LTD coverage to address the needs of severely disabled employees:

- Assisted Living Benefit, which may increase the income replacement level up to 80 or 100 percent of insured predisability earnings (up to a \$5,000 maximum benefit)
- Housing Assistance Benefit, which provides an additional 25 percent of predisability earnings to pay for rent or mortgage (up to a \$5,000 maximum benefit)
- Lifetime Security Benefit, which extends the maximum benefit period to the severely disabled employee's lifetime

Employers may choose one of the above or include the Lifetime Security Benefit in conjunction with either of the two other options. When one of these options is included, an employee to whom LTD benefits are payable may receive the additional benefits if, as a result of physical disease or injury, the employee:

- Is unable to safely and completely perform two or more activities of daily living⁷ without assistance due to loss of functional capacity, or
- Requires substantial supervision for health or safety due to severe cognitive impairment.

The disabling condition must be expected to last 90 days or more and be certified by a physician in the appropriate specialty as determined by The Standard. Other provisions and benefits may not be available and certain limitations and exclusions will apply.

Annuity Contribution Benefit

The Annuity Contribution Benefit is designed to bridge the savings gap created when disabled employees no longer have the financial means or opportunity to fund a retirement plan.

After a claimant has been disabled for 36 months, The Standard will set up and fund an individual annuity in the claimant's name. Each month, a designated percentage of the disabled employee's predisability earnings, not to exceed \$5,000, will be deposited into the annuity.

⁷ The six activities of daily living are bathing, continence, dressing, eating, toileting and transferring.

Family Care Expenses Adjustment

Another return to work incentive, the Family Care Expenses Adjustment provision applies during the 12 or 24 months immediately after a disabled employee first returns to work. While this applies, work earnings used to calculate LTD benefits may be reduced by a portion of the employee's family-care expenses, up to a monthly maximum of \$250 per family member or \$500 per family. Certain restrictions apply.

Dependent Education Benefit

The Dependent Education Benefit provides a monthly benefit for disabled employees who have children or a spouse who are registered, and in full-time attendance, at an accredited educational institution beyond high school. Disabled employees can receive \$150 for each eligible student, with a maximum of \$600 per month for all eligible students. Spouses must be attending an institution for the purpose of obtaining employment or increasing earnings. Other restrictions may apply.

Conversion Provision

The Conversion of Insurance provision allows qualified employees to obtain LTD conversion insurance after the termination of employment with the employer. To qualify, an employee must meet the eligibility requirements for conversion as outlined in the group policy. Employees may maintain the same benefit level, up to a \$4,000

monthly benefit, without submitting evidence of insurability. A benefit of up to \$8,000 a month may be available with approved evidence of insurability. Conversion is available with most plan designs, although exclusions, limitations and reductions may apply.

Cost Of Living Adjustment (COLA) Benefit

The COLA benefit helps protect an employee's LTD benefits from inflation. The Standard offers COLA benefit options calculated according to the current Consumer Price Index. If on April 1 an employee has been disabled for the preceding calendar year or years (one or five), the LTD benefit will be adjusted with the COLA increase.

Age-Graded Maximum Benefit Periods

The Standard offers a variety of maximum benefit period schedules for employers to provide LTD benefits to employees who work beyond age 65. Typically, the maximum benefit period is determined by the employee's age when the disability begins. The typical age-graded benefit duration schedule includes a maximum benefit period to age 65 for employees who become disabled before age 62, with the benefit duration age-graded for employees who become disabled on or after age 62. With the Social Security normal retirement age (SSNRA) maximum benefit period option, the maximum benefit period corresponds to the employee's SSNRA under the federal Social Security Act. Additional options for maximum benefit periods beyond age 70 are also available.

Commonly Asked Questions

Who Is Eligible For Coverage?

Coverage is available to all of an employer's active employees who:

- Are citizens or residents of the United States or Canada
- Are actively at work at least 30 hours each week
- Meet the required eligibility waiting period as shown in the Employee Benefits Proposal

Temporary and seasonal employees, full-time members of the armed forces of any country, leased employees and independent contractors are not eligible for coverage. There is no age limit on eligibility for coverage under The Standard's group insurance plans.

What Is The Effective Date Of This Plan?

Subject to the active work requirement, coverage is effective as follows:

- Coverage requiring evidence of insurability is not effective until evidence is approved
- For noncontributory plans, coverage is effective on the date the employee becomes eligible
- For contributory plans, employees must apply in writing for coverage. Coverage is effective on the later of:
 - The date the employee becomes eligible
 - The date the employee applies if the employee submits an application within 31 days of becoming eligible
 - The date required evidence of insurability is approved, if the employee applies more than 31 days after becoming eligible

What Is The Active Work Requirement?

Employees who are performing the material duties of their own occupation at the employer's usual place of business meet the active work requirement. Employees who are not capable of active work due to physical disease, injury, pregnancy or mental disorder on the day before insurance would otherwise become effective will not become insured until the day after completing one full day of active work as an eligible employee.

What Level Of Employee Participation Is Required?

For noncontributory plans, 100 percent of the eligible employees must participate. If a plan is contributory (partially or fully funded by employees), a minimum number of eligible employees must participate, as specified in the Employee Benefits Proposal.

When Does Coverage End?

LTD insurance ends automatically on the earliest of the following:

- The date the last period ends for which a premium contribution is received
- The date the group policy terminates
- The date employment terminates
- The date the employee fails to meet the definition of a member (however, LTD insurance may be continued under certain conditions, such as during an approved leave of absence scheduled to last no more than 30 days)

When Does The Group Policy Terminate?

An employer may terminate a group policy by providing The Standard with written notice. The group policy will automatically terminate if the premium is not received by the end of the grace period shown in the Employee Benefits Proposal. The Standard may terminate the group policy if the number of employees insured is less than the minimum participation requirement shown in the Employee Benefits Proposal. The Standard may also terminate the group policy if we determine that the policyholder has failed to promptly furnish any necessary information requested by us or has failed to perform any other obligations relating to the group policy.

Performance Guarantee

The Standard is committed to providing world-class customer service. We guarantee we will meet the policyholder's overall service expectations or we will refund 5 percent of the quarterly expenses charged to the policyholder's account (for administration and paying claims) for any quarter in which we do not meet this guarantee.⁸

⁸ The minimum group size for Performance Guarantee for LTD coverage is 1,000 covered employees. No more than one refund per quarter will be paid. Claim decisions are made based on the terms of the plan. The ultimate claim decision, whether to approve or deny, is not covered by this Performance Guarantee. This guarantee is in effect for the initial rate guarantee period shown in the group policy. Thereafter, The Standard reserves the right to modify the terms or terminate this guarantee at any time at its sole discretion.

Standard Insurance Company

TheStandard[®]

Benefits at a Glance for [Company Name]

Group Policy # [123456]

Effective Date [January 1, 2009]

Group Basic Life [and Accidental Death and Dismemberment] Insurance

Basic Life insurance from Standard Insurance Company helps provide financial protection by promising to pay a benefit in the event of an eligible employee's covered death. [Basic Accidental Death and Dismemberment (AD&D) insurance may provide an additional amount in the event of a covered death or dismemberment as a result of an accident.]

The cost of this insurance is paid by [Company Name].

Eligibility

Eligible Employee

An active employee of the employer working at least [X] hours each week. An eligible employee does not include a temporary or seasonal employee, full-time member of the armed forces, leased employee or an independent contractor.

[Class Definition

Class 1 All active faculty or salaried staff employees

Class 2 All active hourly employees]

Waiting Period Before Becoming Eligible for Insurance

None for those that meet the definition of an eligible employee on the group policy effective date. All other employees become eligible on the [first day of the month coinciding with or next following [X] days as an eligible employee].

Benefits

Employee Coverage Amount

The Basic Life coverage amount is [\$00,000.] [X times annual earnings to a maximum of \$000,000.]

[Acceptable evidence of good health may be required to become insured for the amount of coverage in excess of \$000,000.]

[AD&D Insurance

For accidental loss of life, the amount of this insurance benefit is equal to the employee Basic Life coverage amount. For other covered losses, the amount of this benefit is a percentage of the AD&D insurance coverage amount.]

[Age Reductions

Under this policy, insurance coverage reduces by 35 percent at age 65, 50 percent at age 70, and 65 percent at age 75.]

[Dependents Life Insurance

The insurance policy provides \$[X] of coverage for the employee's eligible spouse[/domestic partner].

The insurance policy also provides \$[X] of coverage for the employee's eligible child(ren).]

Additional Life Coverage Highlights
[ABC Company, Inc.]

Additional Life [and Accidental Death & Dismemberment (AD&D)] Insurance

Standard Insurance Company has developed this document to provide you with information about the optional coverage you may select through your *employer*. Written in non-technical language, this is not intended as a complete description of the coverage. If you have additional questions, please refer to the Additional Life Employee Brochure included in your packet or check with your human resources representative.

Employer Plan Effective Date

Your *employer* will provide Basic Life coverage from The Standard. If you qualify for Basic Life, you may also apply for Additional Life coverage to supplement your Basic Life amount. A minimum number of eligible employees must apply and qualify for the proposed plan before Additional Life coverage can become effective. This level of participation has been agreed upon by your *employer* and The Standard.

Eligibility

To be eligible for this plan:

- You must be insured for Basic Life
- You must be an active employee of [ABC Company, Inc.], excluding [name of job classifications not eligible, e.g., doctor, secretary], temporary or seasonal employees, full-time members of the armed forces, leased employees or independent contractors
- You must be regularly working at least [00] hours each week
- [Your spouse or children must not be full-time members of the armed forces of any country]

Employee Coverage Amount

You may elect Additional Life coverage in units of [\$00,000] to a maximum of [\$000,000]. [The minimum amount you can elect is [\$00,000].]

If you wish to become insured for an amount of [combined Basic and] Additional Life in excess of [\$00,000], the excess will be subject to medical underwriting approval. All late applications and requests for coverage increases are also subject to medical underwriting approval.

[Dependents Life Insurance from Standard Insurance Company is also included in this plan.]

[Additional Accidental Death and Dismemberment Insurance from Standard Insurance Company is also included in this plan.]

Spouse Coverage Amount

This coverage is available in units of [\$00,000] to a maximum of [\$000,000], [but not to exceed 100 percent of your combined Basic and Additional Life coverage.]

If you elect an amount for your *spouse* greater than [\$00,000], the excess will be subject to medical underwriting approval. All late applications and requests for coverage increases will also require medical underwriting approval.

Coverage Amount for Children

You may elect [\$5,000] of Dependents Life Insurance for your eligible *children*. This amount may not exceed 100 percent of your [combined Basic and] Additional Life coverage. All late applications will be subject to medical underwriting approval.

Employee Rates

If you elect Additional Life insurance, your monthly premium rate for this plan is indicated in the table below. Premiums for this coverage will be deducted directly from your paycheck.

Age (as of MM/DD/YY)	Rate (Per \$1000 of Total Coverage)
<30	\$0.00
30-34	\$0.00
35-39	\$0.00
40-44	\$0.00
45-49	\$0.00
50-54	\$0.00
55-59	\$0.00
60-64	\$0.00
65-69	\$0.00
70+	\$0.00

To calculate your premium:

1. Amount Elected: Write this amount on the Additional/Optional Life Requested Amount line on your Enrollment and Change Form. Line 1: _____
2. Line 1 divided by \$1,000 = Line 2. Line 2: _____
3. Rate (from chart). Line 3: _____
4. Line 2 multiplied by Line 3 = Your monthly cost. Line 4: _____

Spouse Rates

If you elect Additional Life insurance for your *spouse*, your monthly premium rate for this coverage is indicated in the table below. Premiums for this coverage will be deducted directly from your paycheck.

Age (as of MM/DD/YY)	Rate (Per \$1000 of Total Coverage)
<30	\$0.00
30-34	\$0.00
35-39	\$0.00
40-44	\$0.00
45-49	\$0.00
50-54	\$0.00
55-59	\$0.00
60-64	\$0.00
65-69	\$0.00
70+	\$0.00

To calculate the premium for your spouse:

1. Amount Elected: Write this amount on the Dependent Life Spouse Requested Amount line on your Enrollment and Change Form. Line 1: _____
2. Line 1 divided by \$1,000 = Line 2. Line 2: _____
3. Rate (from chart). Line 3: _____
4. Line 2 multiplied by Line 3 = Your monthly cost. Line 4: _____

Employee Coverage Effective Date

Please contact your human resources representative for more information regarding the following requirements that must be satisfied for your insurance to become effective. You must satisfy:

- Eligibility requirements
- An *eligibility waiting period*
- [An *evidence of insurability* requirement]
- An *active work* requirement. This means that if you are not *actively at work* on the day before the scheduled effective date of insurance [including Dependents Life Insurance], your insurance will not become effective until the day after you complete [90 days] of *active work* as an eligible employee.

Age Reductions

Under this plan, coverage reduces by [35 percent at age 65, 50 percent at age 70, and 65 percent at age 75]. If you [or your spouse] are age [65] or over, ask your human resources representative for the amount of coverage available.

Standard Insurance Company

Additional Life Coverage Highlights
[ABC Company, Inc.]**Suicide Exclusion**

This plan includes an exclusion for death resulting from suicide or other intentionally self-inflicted injury. The amount payable will exclude amounts that have not been continuously in effect for at least two years on the date of death. This is subject to state variations.

Waiver of Premium Provision

The Standard may continue your Life Insurance without premium payments if you:

- Become *totally disabled* while insured under the *group policy*
- Are under the age of [00]
- Complete the *waiting period* of [000 days]
- Give us satisfactory proof of loss

[*Waiver of Premium* does not apply to AD&D Insurance.]

Portability

If your insurance ends because your employment terminates, you may be eligible to buy portable group insurance coverage. Please see your human resources representative for additional information. This is subject to state variations.

When Spouse and Child Coverage Ends

Your brochure includes information about when your insurance ends. Any *spouse* and *child* coverage will automatically end on the earliest of the following:

- Five months after the date you die
- The date your Life Insurance ends
- The date Dependents Life Insurance terminates under the *group policy*
- The date your *employer's* coverage under the *group policy* for Dependents Life Insurance terminates
- The date the last period ends for which a premium was paid for your Dependents Life Insurance
- When the *dependent* ceases to be an eligible *dependent*
- For your *spouse* the date of your divorce or legal separation
- For a *child* who is *disabled*, 90 days after we mail you a proof of *disability* request, if proof is not given]

Standard Insurance Company

Additional Life Coverage Highlights
[ABC Company, Inc.]**Accidental Death & Dismemberment (AD&D) Insurance**

With Additional Life and AD&D Insurance from Standard Insurance Company, you or your beneficiaries may be eligible to receive an additional amount in the event of death or dismemberment as a result of an accident.

AD&D Insurance Coverage Amount

The amount of this *AD&D Insurance Benefit* for *loss* of life is equal to the amount payable for Additional Life Insurance coverage on the date of the accident.

The amount of this *AD&D Insurance Benefit* for other covered *losses* is a percentage of the amount payable for Additional Life Insurance coverage on the date of the accident, as shown in the following table:

<u>Loss:</u>	<u>Percentage Payable:</u>
One hand or one foot	[50%]
Sight in one eye, [speech,] or hearing in both ears	[50%]
Two or more of the <i>Losses</i> listed above	[100%]
Thumb and index finger of the same hand	[25%]
Quadriplegia	[100%]
Hemiplegia	[50%]
Paraplegia	[50%]

Additional Features

Following are brief descriptions of features included in this plan. These features offer additional benefits when an *AD&D Insurance Benefit* is payable.

[Seat Belt Benefit	This provision provides an additional benefit in the event of a covered automobile accident.]
[Air Bag Benefit	This provision provides an additional benefit in the event of a covered automobile accident for which a <i>Seat Belt Benefit</i> is payable.]
[Family Benefits Package	Through this provision, your eligible family members may be entitled to receive additional financial help for child care, college or career training. Included are the <i>Child Care Benefit</i> , <i>Higher Education Benefit</i> and <i>Career Adjustment Benefit</i> .]
[Occupational Assault	This provision provides an additional benefit if you suffer death or dismemberment as a result of an act of workplace physical violence that is punishable by law.]
[Public Transportation	This provision provides an additional benefit in the event of death as a result of an accident that occurs while you are riding as a fare-paying passenger on public transportation.]
[Common Disaster Benefit	This provision provides an additional benefit to your <i>child</i> if both you and your <i>spouse</i> die as a result of the same accident for which an <i>AD&D Insurance Benefit</i> is payable for the <i>loss</i> of both lives.]
[Line of Duty Benefit	This provision provides an additional benefit for public safety officers who suffer death or dismemberment in an accident while acting in the line of duty.]

Limitations

The *loss* must occur solely by an accident and independently of all other causes, within 365 days after the accident. *Loss* of life must be evidenced by a certified copy of the death certificate. All other *losses* must be certified by a *physician* in the appropriate specialty as determined by us.

Exclusions

AD&D Insurance Benefits are not payable for death or dismemberment caused or contributed to by:

- *War* or act of *war*, declared or undeclared, whether civil or international, and any substantial armed conflict between organized forces of a military nature
- Suicide or other intentionally self-inflicted *injury*, subject to state variations
- Committing or attempting to commit an assault or felony, or actively participating in a violent disorder or riot
- Voluntary use or consumption of any poison, chemical compound, alcohol or drug, unless used or consumed according to the directions of a *physician*
- Sickness or pregnancy existing at the time of the accident
- Heart attack or stroke
- Medical or surgical treatment for any of the above

When Coverage Ends

AD&D Insurance [for you and your *dependents*] will automatically end on the earliest of the following:

- The date your Life Insurance ends
- The date your *Waiver of Premium* begins
- The date *AD&D Insurance* terminates under the *group policy*
- The date the last period ends for which a premium was paid for your *AD&D Insurance*
- The date your *employer's* coverage under the *group policy* for *AD&D Insurance* terminates
- For your *dependents*, the date your Dependents Life Insurance ends
- The date your employment terminates

Group Insurance Certificate

If you become insured, you will receive a group insurance certificate containing a detailed description of the insurance coverage. The information presented above is controlled by the *group policy* and does not modify it in any way. The controlling provisions are in the *group policy* issued by Standard Insurance Company.

Disability Insurance Claim Packet Instructions

Your Disability Benefit Claim

This packet contains the forms necessary to apply for disability benefits. It also addresses common questions about Disability claims. **Please save this material for your future reference.** For specific information about your Disability insurance coverage, refer to your group insurance certificate. The certificates are the ultimate authority for Disability claim decisions. If you need other information, please contact your employer's benefit administrator or call our customer service line at (800) 368-2859.

How To Apply For Benefits

The Disability benefits application includes claim forms and an Authorization.

1. Your employer should complete their portion of the claim form on page 2, before giving the packet to you.
2. Complete and sign your part of the claim form. Compare your responses to those of your employer to make sure you agree on all information, including **last day of work** and **sick leave** dates.
3. Your treating physician should complete the Attending Physician's Statement. If more than one physician is treating you for your disabling condition, each should complete a form. Additional forms are available from your employer's benefit administrator.
4. Sign and date the Authorization, and send it, along with the claim forms, to Standard Insurance Company (The Standard) at the above address. This authorization allows us to request further information about your claim, if necessary.

Once we receive your completed claim application, it will take approximately one week to make a claim decision. If we have not reached a decision within one week, you will be notified with the details.

Other Benefits That May Reduce Your Disability Benefits

Other benefits you receive may reduce the amount of Disability benefits due you. Your group insurance certificate lists these benefits, which may include, but are not limited to, sick leave, Workers' Compensation, State Disability, Social Security, and Retirement.

To avoid a possible overpayment of your claim, please inform The Standard if you receive other benefits.

When You Return To Work

Your disability benefits usually stop when you return to work. **Be sure that you or your employer notify The Standard immediately when you plan to return, or have returned to work to assure no overpayment occurs.**

**Disability Insurance
Claim Form Fraud Notices**

Some states require us to provide the following information to you:

CALIFORNIA RESIDENTS

For your protection, California law requires the following to appear on this form: Any person who knowingly presents a false or fraudulent claim for the payment of a loss is guilty of a crime and may be subject to fines and confinement in state prison.

COLORADO RESIDENTS

It is unlawful to knowingly provide false, incomplete or misleading facts or information to an insurance company for the purpose of defrauding or attempting to defraud the company. Penalties may include imprisonment, fines, denial of insurance, and civil damages. Any insurance company or agent of an insurance company who knowingly provides false, incomplete, or misleading facts or information to the policyholder or claimant for the purpose of defrauding or attempting to defraud the policyholder or claimant with regard to a settlement or award payable from insurance proceeds shall be reported to the Colorado division of insurance within the department of regulatory agencies.

FLORIDA RESIDENTS

Any person who knowingly and with intent to injure, defraud or deceive an insurance company, files a statement of claim or an application containing false, incomplete or misleading information is guilty of a felony of the third degree.

NEW JERSEY RESIDENTS

Any person who knowingly files a statement of claim containing any false or misleading information is subject to criminal and civil penalties.

NEW YORK RESIDENTS

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information, or conceals for the purpose of misleading, information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime, and shall also be subject to a civil penalty not to exceed five thousand dollars and the stated value of the claim for each such violation.

PENNSYLVANIA RESIDENTS

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information or conceals for the purpose of misleading, information concerning any fact material thereto commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties.

ALL OTHER RESIDENTS

Some states require us to inform you that any person who knowingly and with intent to injure, defraud or deceive an insurance company, or other person, files a statement containing false or misleading information concerning any fact material hereto commits a fraudulent insurance act which is subject to civil and/or criminal penalties, depending upon the state. Such actions may be deemed a felony and substantial fines may be imposed.

Disability Insurance
Authorization to Obtain Information

I AUTHORIZE THESE PERSONS having any records or knowledge of me or my health:

- Any physician, medical practitioner or health care provider.
- Any hospital, clinic, pharmacy or other medical or medically related facility or association.
- Any insurance or annuity company.
- Any employer or plan sponsor.
- Any organization or entity administering a benefit program or an annuity program.
- Any educational, vocational or rehabilitational organization or program.
- Any consumer reporting agency, financial institution, accountant, or tax preparer.
- Any government agency (for example, Social Security Administration, Public Retirement System, Railroad Retirement Board, etc.).

TO GIVE THIS INFORMATION:

- Charts, notes, x-rays, operative reports, lab and medication records and all other medical information about me, including medical history, diagnosis, testing and test results. Prognosis and treatment of any physical or mental condition, including:
 - Any disorder of the immune system, including HIV, Acquired Immune Deficiency Syndrome (AIDS) or other related syndromes or complexes.
 - Any communicable disease or disorder.
 - Any psychiatric or psychological condition, including test results, but excluding psychotherapy notes. Psychotherapy notes do not include a summary of diagnosis, functional status, the treatment plan, symptoms, prognosis and progress to date.
 - Any condition, treatment, or therapy related to substance abuse, including alcohol and drugs.

and:

- Any non-medical information requested about me, including such things as education, employment history, earnings or finances, or eligibility for other benefits including retirement benefits and retirement plan contributions (for example, Social Security Administration, Public Retirement System, Railroad Retirement Board, claims status, benefit amounts and effective dates, etc.).

TO STANDARD INSURANCE COMPANY (THE STANDARD).

- I acknowledge that any agreements I have made to restrict my protected health information do not apply to this authorization and I instruct the persons and organizations identified above to release and disclose my entire medical record without restriction. I understand that The Standard will use the information to determine my eligibility or entitlement for insurance benefits.
- I understand and agree that this authorization shall remain in force throughout the duration of my claim for benefits with The Standard. I understand that I have the right to refuse to sign this authorization and a right to revoke this authorization at any time by sending a written statement to The Standard, except to the extent it has been relied upon to disclose requested records. A revocation of the authorization, or the failure to sign the authorization, may impair The Standard's ability to evaluate or process my claim and may be a basis for denying my claim for benefits.
- I understand that in the course of conducting its business, The Standard may disclose to other parties information it has about me. The Standard may release this information about me to a reinsurer, a plan administrator, or any person performing business or legal services for The Standard in connection with my claim.
- I understand that The Standard complies with state and federal laws and regulations enacted to protect my privacy. I also understand that the information disclosed to The Standard pursuant to this authorization may be subject to redisclosure with my authorization or as otherwise permitted or required by law. (Disability coverage is not subject to the Privacy Rules of the Health Insurance Portability and Accountability Act [HIPAA] and therefore the release of information to The Standard is not protected under the Act.)
- I acknowledge that I have read the authorization and the state variations (if applicable) on page 7. A photocopy or facsimile of this authorization is as valid as the original and will be provided to me upon request.

Name (please print)

Social Security No.

Signature of Claimant/Representative

Date

If signature is provided by legal representative (e.g., Attorney in Fact, guardian or conservator), please attach documentation of legal status.

This Authorization is a two-page document. Please see page 7 for additional terms and information. Both pages are part of the Authorization.

**Disability Insurance
Authorization to Obtain Information**

Some states require us to provide the following information to you and to those persons and entities disclosing information about you:

FOR RESIDENTS OF MINNESOTA

This authorization excludes the release of information about HBV (Hepatitis B Virus), HCV (Hepatitis C Virus), or HIV (Human Immunodeficiency Virus) tests which were administered (1) to a criminal offender or crime victim as a result of a crime that was reported to the police; (2) to a patient who received the services of emergency medical services personnel at a hospital or medical care facility; (3) to emergency medical personnel who were tested as a result of performing emergency medical services. The term "emergency medical personnel" includes individuals employed to provide pre-hospital emergency services; licensed police officers, firefighters, paramedics, emergency medical technicians, licensed nurses, rescue squad personnel, or to other individuals who serve as volunteers of an ambulance service who provide emergency medical services; crime lab personnel, correctional guards, including security guards, at the Minnesota security hospital, who experience a significant exposure to an inmate who is transported to a facility for emergency medical care; and other persons who render emergency care or assistance at the scene of an emergency, or while an injured person is being transported to receive medical care and who would qualify for immunity under the good samaritan law.

FOR RESIDENTS OF NEW MEXICO

The state of New Mexico requires us to provide you with the following information pursuant to its Domestic Abuse Insurance Protection Act.

The accompanying Authorization to Obtain Information allows Standard Insurance Company to obtain personal information as it determines your eligibility for insurance benefits. The information obtained from you and from other sources may include confidential abuse information. "Confidential abuse information" means information about acts of domestic abuse or abuse status, the work or home address or telephone number of a victim of domestic abuse or the status of an applicant or insured as a family member, employer or associate of a victim of domestic abuse or a person with whom an applicant or insured is known to have a direct, close personal, family or abuse-related counseling relationship. With respect to confidential abuse information, you may revoke this authorization in writing, effective ten days after receipt by The Standard, understanding that doing so may result in a claim being denied or may adversely affect a pending insurance action.

The Standard is prohibited by law from using abuse status as a basis for denying, refusing to issue, renew or reissue or canceling or otherwise terminating a policy, restricting or excluding coverage or benefits of a policy or charging a higher premium for a policy.

Upon written request you have the right to review your confidential abuse information obtained by The Standard. Within 30 business days of receiving the request, The Standard will mail you a copy of the information pertaining to you. After you have reviewed the information, you may request that we correct, amend or delete any confidential abuse information which you believe is incorrect. The Standard will carefully review your request and make changes when justified. If you would like more information about this right or our information practices, a full notice can be obtained by writing to us.

If you wish to be a protected person (a victim of domestic abuse who has notified The Standard that you are or have been a victim of domestic abuse) and participate in The Standard's location information confidentiality program, your request should be sent to the same address above.

**Life Insurance Benefits
 Application Instructions**

Please Read Carefully

The application for life insurance benefits consists of the forms included in this packet, as well as the additional information noted under item 1 below. Please fill out every space on the Proof of Death form to avoid delays in our examination of your application for benefits. If a section does not apply, or information is not available, please write "NONE" in the space, so that we know you did not overlook the particular question. **If an incomplete form is received, it may be returned for completion.**

1. Include the following information with the Proof of Death form.

- Beneficiary Statement(s).
(See attached. If there is more than one beneficiary, please make a copy of the front and back of the statement.)
- Certified death certificate.
- All original enrollment forms and change of beneficiary cards.
- For AD&D and Seat Belt claims, attach newspaper clippings, police or accident reports, and any other information available regarding the accident.

2. Please have the beneficiary(ies) carefully read and complete the Beneficiary Statement which contains information about taxes and the Standard Secure Access account.

Beneficiaries may receive their funds via Standard Secure Access (SSA) in accordance with the terms of the group policy. SSA is a convenient, interest-bearing checking account in which life insurance proceeds are deposited. With SSA, the beneficiary is able to earn interest on the life insurance proceeds while taking the time to weigh important financial decisions that often follow the death of a loved one.

The Beneficiary will be mailed a checkbook once the claim is approved. In addition, all SSA accountholders have access to 24-hour customer service via a voice response unit (VRU) and a dedicated customer service team.

Please make sure all required forms are completed and returned to our office. Our examination of the claim will begin when all completed forms are received. Should you have questions, our office is available to assist you. Please call (800) 628-8600 or email us at lifebenefits@standard.com.

It is unlawful to knowingly provide false, incomplete or misleading facts or information to an insurance company for the purpose of defrauding or attempting to defraud the company. Penalties may include imprisonment, fines, denial of insurance, and civil damages. Any insurance company or agent of an insurance company who knowingly provides false, incomplete, or misleading facts or information to the policyholder or claimant for the purpose of defrauding or attempting to defraud the policyholder or claimant with regard to a settlement or award payable from insurance proceeds shall be reported to the Colorado division of insurance within the department of regulatory agencies.

DISTRICT OF COLUMBIA RESIDENTS

WARNING: It is a crime to provide false or misleading information to an insurer for the purpose of defrauding the insurer or any other person. Penalties include imprisonment and/or fines. In addition, an insurer may deny insurance benefits, if false information materially related to a claim was provided by the applicant.

FLORIDA RESIDENTS

Any person who knowingly and with intent to injure, defraud or deceive an insurance company, files a statement of claim or an application containing false, incomplete or misleading information is guilty of a felony of the third degree.

MARYLAND AND RHODE ISLAND RESIDENTS

Any person who knowingly and willfully presents a false or fraudulent claim for payment of a loss or benefit or who knowingly and willfully presents false information in an application for insurance is guilty of a crime and may be subject to fines and confinement in prison.

NEW JERSEY RESIDENTS

Any person who knowingly files a statement of claim containing any false or misleading information is subject to criminal and civil penalties.

NEW YORK RESIDENTS

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim, containing any materially false information, or conceals for the purpose of misleading, information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime, and shall also be subject to civil penalty not to exceed five thousand dollars and the stated value of the claim for each such violation.

PENNSYLVANIA RESIDENTS

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information or conceals for the purpose of misleading, information concerning any fact material thereto commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties.

ALL OTHER RESIDENTS

Some states require us to inform you that any person who knowingly and with intent to injure, defraud or deceive an insurance company, or other person, files a statement containing false or misleading information concerning any fact material hereto commits a fraudulent insurance act which is subject to civil and/or criminal penalties, depending upon the state. Such actions may be deemed a felony and substantial fines may be imposed.

 Beneficiary Statement

Tax Information

Under the Federal Income Tax law, we are required to request that you (*as the payee*) provide Standard Insurance Company (*as payor*) with your correct Social Security Number or Taxpayer Identification Number.

Please read and complete the following information in order to comply with Federal Income Tax law.

Certification — Under Penalties Of Perjury, I Certify That:

1. The number shown on this form is my correct Social Security/Taxpayer Identification Number (*or I am waiting for a number to be issued to me*), and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding.

Certification Instructions — You must cross out item (2) if you have been notified by the IRS that you are currently subject to backup withholding because of underreporting interest or dividends on your tax return.

Method Of Payment —

Standard Secure Access

Beneficiaries may receive their funds via Standard Secure Access (SSA) in accordance with the terms of the group policy. SSA is a convenient, interest-bearing checking account in which life insurance proceeds are deposited. With SSA, you are able to earn interest on the life insurance proceeds while taking the time to weigh important financial decisions that often follow the death of a loved one.

The Beneficiary will be mailed a checkbook, once the claim is approved. In addition, all SSA accountholders have access to 24-hour customer service via a voice response unit (VRU) and a dedicated customer service team.

If you decide to assign a portion of your benefits to a funeral home, please include a notarized assignment form (*supplied by the funeral home*) and an itemized copy of the funeral bill. A separate check for the amount of the assignment will be delivered directly to the funeral home.

Acknowledgement			
I hereby certify that the answers I have made to the foregoing questions are both complete and true to the best of my knowledge and belief. I acknowledge that I have read the fraud notice on page 5 of this form.

**Life Insurance Benefits
 Beneficiary Statement Fraud Notices**

Some states require us to provide the following information to you:

CALIFORNIA RESIDENTS

For your protection, California law requires the following to appear on this form: Any person who knowingly presents a false or fraudulent claim for the payment of a loss is guilty of a crime and may be subject to fines and confinement in state prison.

COLORADO RESIDENTS

It is unlawful to knowingly provide false, incomplete or misleading facts or information to an insurance company for the purpose of defrauding or attempting to defraud the company. Penalties may include imprisonment, fines, denial of insurance, and civil damages. Any insurance company or agent of an insurance company who knowingly provides false, incomplete, or misleading facts or information to the policyholder or claimant for the purpose of defrauding or attempting to defraud the policyholder or claimant with regard to a settlement or award payable from insurance proceeds shall be reported to the Colorado division of insurance within the department of regulatory agencies.

DISTRICT OF COLUMBIA RESIDENTS

WARNING: It is a crime to provide false or misleading information to an insurer for the purpose of defrauding the insurer or any other person. Penalties include imprisonment and/or fines. In addition, an insurer may deny insurance benefits, if false information materially related to a claim was provided by the applicant.

FLORIDA RESIDENTS

Any person who knowingly and with intent to injure, defraud or deceive an insurance company, files a statement of claim or an application containing false, incomplete or misleading information is guilty of a felony of the third degree.

MARYLAND AND RHODE ISLAND RESIDENTS

Any person who knowingly and willfully presents a false or fraudulent claim for payment of a loss or benefit or who knowingly and willfully presents false information in an application for insurance is guilty of a crime and may be subject to fines and confinement in prison.

NEW JERSEY RESIDENTS

Any person who knowingly files a statement of claim containing any false or misleading information is subject to criminal and civil penalties.

NEW YORK RESIDENTS

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim, containing any materially false information, or conceals for the purpose of misleading, information concerning any fact material thereto, commits a fraudulent insurance act, which is a crime, and shall also be subject to civil penalty not to exceed five thousand dollars and the stated value of the claim for each such violation.

PENNSYLVANIA RESIDENTS

Any person who knowingly and with intent to defraud any insurance company or other person files an application for insurance or statement of claim containing any materially false information or conceals for the purpose of misleading, information concerning any fact material thereto commits a fraudulent insurance act, which is a crime and subjects such person to criminal and civil penalties.

ALL OTHER RESIDENTS

Some states require us to inform you that any person who knowingly and with intent to injure, defraud or deceive an insurance company, or other person, files a statement containing false or misleading information concerning any fact material hereto commits a fraudulent insurance act which is subject to civil and/or criminal penalties, depending upon the state. Such actions may be deemed a felony and substantial fines may be imposed.

GROUP LIFE INSURANCE POLICY

Policyholder:	Sample Life Basic Plan
Policy Number:	720125-A
Effective Date:	November 1, 2007

The consideration for this Group Policy is the application of the Policyholder and the payment by the Policyholder of premiums as provided herein.

Subject to the **Policyholder Provisions** and the **Incontestability Provisions**, this Group Policy (a) is issued for the Initial Rate Guarantee Period shown in the **Coverage Features**, and (b) may be renewed for successive renewal periods by the payment of the premium set by us on each renewal date. The length of each renewal period will be set by us, but will not be less than 12 months.

For purposes of effective dates and ending dates under this Group Policy, all days begin and end at 12:00 midnight Standard Time at the Policyholder's address.

This policy includes an Accelerated Benefit. Death benefits will be reduced if an Accelerated Benefit is paid. The receipt of this benefit may be taxable and may affect your eligibility for Medicaid or other government benefits or entitlements. However, if you meet the definition of "terminally ill individual" according to the Internal Revenue Code Section 101, your Accelerated Benefit may be non-taxable. You should consult your personal tax and/or legal advisor before you apply for an Accelerated Benefit.

All provisions on this and the following pages are part of this Group Policy. "You" and "your" mean the Member. "We", "us", and "our" mean Standard Insurance Company. Other defined terms appear with their initial letters capitalized. Section headings, and references to them, appear in boldface type.

STANDARD INSURANCE COMPANY

GP190-LIFE/S399

THIS POLICY IS NOT AVAILABLE IN NEW YORK

This is a sample policy. Product availability, plan provisions and features may vary by state. The proposed premium rate and plan design is based on the underwriting data received by us. Final premium rates and plan provisions will be determined on the basis of: applicable state laws, Policyholder contributions, confirmation of occupations, the actual composition of the group of persons who will become insured, and our current underwriting rules and practices.

Policy Issued in:	Alaska

BECOMING INSURED

To become insured for Life Insurance you must: (a) Be a Member; (b) Complete your Eligibility Waiting Period; and (c) Meet the requirements in **Life Insurance** and **Active Work Provisions**. The requirements for becoming insured for coverages other than Life Insurance are set out in the text.

Definition of Member:	<p>You are a Member if you are:</p> <ol style="list-style-type: none"> 1. An active employee of the Employer; and 2. Regularly working at least 30 hours each week. <p>You are not a Member if you are:</p> <ol style="list-style-type: none"> 1. A temporary or seasonal employee. 2. A leased employee. 3. An independent contractor. 4. A full time member of the armed forces of any country.
Class Definition:	None
Eligibility Waiting Period:	<p>You are eligible on one of the following dates:</p> <p>If you are a Member on the Group Policy Effective Date, you are eligible on that date.</p> <p>If you become a Member after the Group Policy Effective Date, you are eligible on the first day of the calendar month coinciding with or next following 90 consecutive days as a Member.</p>

Evidence of Insurability:

Required:

- a. For late application for Contributory insurance.
- b. For reinstatements if required.
- c. For Members and Dependents eligible but not insured under the Prior Plan.

PREMIUM CONTRIBUTIONS

Life Insurance:	Noncontributory
AD&D Insurance:	Noncontributory
Dependents Life Insurance:	Contributory

SCHEDULE OF INSURANCE

SCHEDULE OF LIFE INSURANCE

For you:

Life Insurance Benefit: 2 times your Annual Earnings, rounded to the next higher multiple of \$1,000, if not already a multiple of \$1,000. The maximum amount is \$100,000.

Repatriation Benefit: The expenses incurred to transport your body to a mortuary near your primary place of residence, but not to exceed \$5,000 or 10% of the Life Insurance Benefit, whichever is less.

For your Spouse:

Dependents Life Insurance Benefit: \$5,000

The amount of Dependents Life Insurance for your Spouse may not exceed 100% of the amount of your Life Insurance.

For your Child:

Dependents Life Insurance Benefit: \$3,000

The amount of Dependents Life Insurance for your Child may not exceed 100% of the amount of your Life Insurance.

SCHEDULE OF AD&D INSURANCE

For you:

AD&D Insurance Benefit: The amount of your AD&D Insurance Benefit is equal to the amount of your Life Insurance Benefit. The amount payable for certain Losses is less than 100% of the AD&D Insurance Benefit. See AD&D Table Of Losses.

Seat Belt Benefit: The amount of the Seat Belt Benefit is the lesser of (1) \$10,000 or (2) the amount of AD&D Insurance Benefit payable for loss of life.

Air Bag Benefit: The amount of the Air Bag Benefit is the lesser of (1) \$5,000; or (2) the amount of AD&D Insurance Benefit payable for Loss of your life.

- Career Adjustment Benefit:** The tuition expenses for training incurred by your Spouse within 36 months after the date of your death, exclusive of board and room, books, fees, supplies and other expenses, but not to exceed \$5,000 per year, or the cumulative total of \$10,000 or 25% of the AD&D Insurance Benefit, whichever is less.
- Child Care Benefit:** The total child care expense incurred by your Spouse within 36 months after the date of your death for all Children under age 13, but not to exceed \$5,000 per year, or the cumulative total of \$10,000 or 25% of the AD&D Insurance Benefit, whichever is less.
- Higher Education Benefit:** The tuition expenses incurred per Child within 4 years after the date of your death at an accredited institution of higher education, exclusive of board and room, books, fees, supplies and other expenses, but not to exceed \$5,000 per year, or the cumulative total of \$20,000 or 25% of the AD&D Insurance Benefit, whichever is less.

AD&D TABLE OF LOSSES

The amount payable is a percentage of the AD&D Insurance Benefit in effect on the date of the accident and is determined by the Loss suffered as shown in the following table:

Loss:	Percentage Payable:
a. Life	100%
b. One hand, one foot or sight of one eye	50%
c. Two or more of the Losses listed in b. above	100%

No more than 100% of your AD&D Insurance will be paid for all Losses resulting from one accident.

REDUCTIONS IN INSURANCE

If you or your Spouse reaches an age shown below, the amount of insurance will be the amount determined from the Schedule Of Insurance, multiplied by the appropriate percentage below:

Life and AD&D Insurance:

Age of Member	Percentage
65 through 69	65%
70 through 74	50%
75 or over	35%

Dependents Life Insurance:

Age of Spouse	Percentage
65 through 69	65%
70 through 74	50%
75 or over	35%

 OTHER BENEFITS

Waiver Of Premium: Yes
 Accelerated Benefit: Yes

OTHER PROVISIONS

Limits on Right To Convert if
 Group Policy terminates
 or is amended:

Minimum Time Insured: 5 years

Maximum Conversion Amount: \$2,000

Premium Due Dates: November 1, 2007 and the first day of each calendar month thereafter.

Grace Period: 31 days

Initial Rate Guarantee Period: November 1, 2007 to November 1, 2009

Notice of Rate Change: 31 days

Minimum Participation:**Life Insurance:**

Number: 10 insured Members

Percentage: 100% of eligible Members

Dependents Life Insurance: 100% of eligible Dependents

LIFE INSURANCE

A. Insuring Clause

If you die while insured for Life Insurance, we will pay benefits according to the terms of the Group Policy after we receive Proof Of Loss satisfactory to us.

B. Amount Of Life Insurance

See the **Coverage Features** for the Life Insurance schedule.

C. Changes In Life Insurance

1. Increases

You must apply in writing for any elective increase in your Life Insurance.

Subject to the **Active Work Provisions**, an increase in your Life Insurance becomes effective as follows:

a. Increases Subject To Evidence Of Insurability

An increase in your Life Insurance subject to Evidence Of Insurability becomes effective on the date we approve your Evidence Of Insurability.

b. Increases Not Subject To Evidence Of Insurability

An increase in your Life Insurance not subject to Evidence Of Insurability becomes effective on the first day of the calendar month coinciding with or next following the date you apply for an elective increase or the date of change in your classification, age or Annual Earnings.

2. Decreases

A decrease in your Life Insurance because of a change in your classification, age or Annual Earnings becomes effective on the first day of the calendar month coinciding with or next following the date of the change.

Any other decrease in your Life Insurance becomes effective on the first day of the calendar month coinciding with or next following the date the Policyholder or your Employer receives your written request for the decrease.

D. Repatriation Benefit

The amount of the Repatriation Benefit is shown in the **Coverage Features**.

We will pay a Repatriation Benefit if all of the following requirements are met.

1. A Life Insurance Benefit is payable because of your death.
2. You die more than 200 miles from your primary place of residence.
3. Expenses are incurred to transport your body to a mortuary near your primary place of residence.

E. When Life Insurance Becomes Effective

The **Coverage Features** states whether your Life Insurance is Contributory or Noncontributory.

Subject to the **Active Work Provisions**, your Life Insurance becomes effective as follows:

1. Life Insurance subject to Evidence Of Insurability

Life Insurance subject to Evidence Of Insurability becomes effective on the date we approve your Evidence Of Insurability.

2. Life Insurance not subject to Evidence Of Insurability

a. Noncontributory Life Insurance

Noncontributory Life Insurance not subject to Evidence Of Insurability becomes effective on the date you become eligible.

b. Contributory Life Insurance

You must apply in writing for Contributory Life Insurance and agree to pay premiums. Contributory Life Insurance not subject to Evidence Of Insurability becomes effective on:

- (i) The date you become eligible if you apply on or before that date.
- (ii) The date you apply if you apply within 31 days after you become eligible.

Late application: Evidence Of Insurability is required if you apply more than 31 days after you become eligible.

3. Takeover Provision

- a. If you were insured under the Prior Plan on the day before the effective date of your Employer's coverage under the Group Policy, your Eligibility Waiting Period is waived on the effective date of your Employer's coverage under the Group Policy.
- b. You must submit satisfactory Evidence Of Insurability to become insured for Life Insurance if you were eligible under the Prior Plan for more than 31 days but were not insured.

F. When Life Insurance Ends

Life Insurance ends automatically on the earliest of:

- 1. The date the last period ends for which a premium was paid for your Life Insurance;
- 2. The date the Group Policy terminates;
- 3. The date your employment terminates; and
- 4. The date you cease to be a Member. However, if you cease to be a Member because you are working less than the required minimum number of hours, your Life Insurance will be continued with premium payment during the following periods, unless it ends under 1 through 3 above.
 - a. While your Employer is paying you at least the same Annual Earnings paid to you immediately before you ceased to be a Member.
 - b. While your ability to work is limited because of Sickness, Injury, or Pregnancy.
 - c. During the first 60 days of:
 - (1) A temporary layoff; or
 - (2) A strike, lockout, or other general work stoppage caused by a labor dispute between your collective bargaining unit and your Employer.
 - d. During a leave of absence if continuation of your insurance under the Group Policy is required by a state-mandated family or medical leave act or law.
 - e. During any other scheduled leave of absence approved by your Employer in advance and in writing and lasting not more than the period shown in the **Coverage Features**.

G. Reinstatement Of Life Insurance

If your Life Insurance ends, you may become insured again as a new Member. However, 1 through 4 below will apply.

- 1. If your Life Insurance ends because you cease to be a Member, and if you become a Member

again within 90 days, the Eligibility Waiting Period will be waived.

2. If your Life Insurance ends because you fail to make a required premium contribution, you must provide Evidence Of Insurability to become insured again.
3. If you exercised your Right To Convert, you must provide Evidence Of Insurability to become insured again.
4. If your Life Insurance ends because you are on a federal or state-mandated family or medical leave of absence, and you become a Member again immediately following the period allowed, your insurance will be reinstated pursuant to the federal or state-mandated family or medical leave act or law.

(REPAT) LLLF.OT.3

DEPENDENTS LIFE INSURANCE

A. Insuring Clause

If your Dependent dies while insured for Dependents Life Insurance, we will pay benefits according to the terms of the Group Policy after we receive Proof Of Loss satisfactory to us.

B. Amount Of Dependents Life Insurance

See the **Coverage Features** for the amount of your Dependents Life Insurance.

C. Changes In Dependents Life Insurance

1. Increases

You must apply in writing for any elective increase in your Dependents Life Insurance.

Subject to the **Active Work Provisions**, an increase in your Dependents Life Insurance becomes effective as follows:

a. Increases Subject To Evidence Of Insurability

An increase in your Dependents Life Insurance subject to Evidence Of Insurability becomes effective on the date we approve that Dependent's Evidence Of Insurability.

b. Increases Not Subject To Evidence Of Insurability

An increase in your Dependents Life Insurance not subject to Evidence Of Insurability becomes effective on the first day of the calendar month coinciding with or next following the date you apply for an elective increase.

An increase in your Dependents Life Insurance because of an increase in your Life Insurance becomes effective on the date your Life Insurance increases.

2. Decreases

A decrease in your Dependents Life Insurance because of a decrease in your Life Insurance becomes effective on the date your Life Insurance decreases.

D. Definitions For Dependents Life Insurance

Dependent means your Spouse or Child. Dependent does not include a person who is a full-time member of the armed forces of any country.

E. Becoming Insured For Dependents Life Insurance

1. Eligibility

You become eligible to insure your Dependents on the later of:

- a. The date you become eligible for Life Insurance; and
- b. The date you first acquire a Dependent.

A Member may not be insured as both a Member and a Dependent. A Child may not be insured by more than one Member.

2. Effective Date

The **Coverage Features** states whether your Dependents Life Insurance is Contributory or Noncontributory. Subject to the **Active Work Provisions**, your Dependents Life Insurance becomes effective as follows:

a. Dependents Life Insurance Subject To Evidence Of Insurability

Dependents Life Insurance subject to Evidence Of Insurability becomes effective on the later of:

1. The date your Life Insurance becomes effective; and
2. The first day of the calendar month coinciding with or next following the date we approve the Dependent's Evidence Of Insurability.

b. Dependents Life Insurance Not Subject To Evidence Of Insurability

1. Noncontributory Dependents Life Insurance

Noncontributory Dependents Life Insurance not subject to Evidence Of Insurability becomes effective on the later of:

- i. The date your Life Insurance becomes effective; and
- ii. The date you first acquire a Dependent.

2. Contributory Dependents Life Insurance

You must apply in writing for Contributory Dependents Life Insurance and agree to pay premiums. Contributory Dependents Life Insurance not subject to Evidence Of Insurability becomes effective on the latest of:

- i. The date your Life Insurance becomes effective if you apply on or before that date;
- ii. The date you become eligible to insure your Dependents if you apply on or before that date; and
- iii. The date you apply if you apply within 31 days after you become eligible.

Late Application: Evidence Of Insurability is required for each Dependent if you apply more than 31 days after you become eligible.

c. While your Dependents Life Insurance is in effect, each new Child becomes insured immediately.

d. Takeover Provision

Each Dependent who was eligible under the Prior Plan for more than 31 days but was not insured must submit satisfactory Evidence Of Insurability to become insured for Dependents Life Insurance.

F. When Dependents Life Insurance Ends

Dependents Life Insurance ends automatically on the earliest of:

1. Five months after you die (no premiums will be charged for your Dependents Life Insurance during this time);
2. The date your Life Insurance ends;
3. The date the Group Policy terminates, or the date Dependents Life Insurance terminates under the Group Policy;
4. The date the last period ends for which you made a premium contribution, if your Dependents Life Insurance is Contributory;
5. For your Spouse, the date of your divorce;
6. For any Dependent, the date the Dependent ceases to be a Dependent; and
7. For a Child who is Disabled, 90 days after we mail you a request for proof of Disability, if proof is not given.

(SP & CH) LLDL.OT.4

ACCIDENTAL DEATH AND DISMEMBERMENT INSURANCE

A. Insuring Clause

If you have an accident, while insured for AD&D Insurance, and the accident results in a Loss, we will pay benefits according to the terms of the Group Policy after we receive Proof Of Loss satisfactory to us.

B. Definition Of Loss For AD&D Insurance

Loss means loss of life, hand, foot, or sight which meet all of the following requirements:

1. Is caused solely and directly by an accident.
2. Occurs independently of all other causes.
3. With respect to Loss of life, is evidenced by a certified copy of the death certificate.
4. With respect to all other Losses, occurs within 365 days after the accident and is certified by a Physician in the appropriate specialty as determined by us.

With respect to a hand or foot, Loss means actual and permanent severance from the body at or above the wrist or ankle joint.

With respect to sight, Loss means entire, uncorrectable, and irrecoverable loss of sight.

C. Amount Payable

See **Coverage Features** for the AD&D Insurance schedule. The amount payable is a percentage of the AD&D Insurance Benefit in effect on the date of the accident and is determined by the Loss suffered. See AD&D Table Of Losses in the **Coverage Features**.

D. Changes In AD&D Insurance

Changes in your AD&D Insurance will become effective on the date your Life Insurance changes.

E. AD&D Insurance Exclusions

No AD&D Insurance benefit is payable if the accident or Loss is caused or contributed to by any of the following:

1. War or act of War. War means declared or undeclared war, whether civil or international, and

any substantial armed conflict between organized forces of a military nature.

2. Suicide or other intentionally self-inflicted Injury, while sane or insane.
3. Committing or attempting to commit an assault or felony, or actively participating in a violent disorder or riot. Actively participating does not include being at the scene of a violent disorder or riot while performing your official duties.
4. The voluntary use or consumption of any poison, chemical compound, alcohol or drug, unless used or consumed according to the directions of a Physician.
5. Sickness or Pregnancy existing at the time of the accident.
6. Heart attack or stroke.
7. Medical or surgical treatment for any of the above.

F. Additional AD&D Benefits

Seat Belt Benefit

The amount of the Seat Belt Benefit is shown in the **Coverage Features**.

We will pay a Seat Belt Benefit if all of the following requirements are met:

1. You die as a result of an Automobile accident for which an AD&D Insurance Benefit is payable for Loss of your Life; and
2. You are wearing and properly utilizing a Seat Belt System at the time of the accident, as evidenced by a police accident report.

Seat Belt System means a properly installed combination lap and shoulder restraint system that meets the Federal Vehicle Safety Standards of the National Highway Traffic Safety Administration. Seat Belt System will include a lap belt alone, but only if the Automobile did not have a combination lap and shoulder restraint system when manufactured. Seat Belt System does not include a shoulder restraint alone.

Automobile means a motor vehicle licensed for use on public highways.

Air Bag Benefit

The amount of the Air Bag Benefit is shown in the **Coverage Features**.

We will pay an Air Bag Benefit if all of the following requirements are met:

1. You die as a result of an Automobile accident for which a Seat Belt Benefit is payable for Loss of your life.
2. The Automobile is equipped with an Air Bag System that was installed as original equipment by the Automobile manufacturer and has received regular maintenance or scheduled replacement as recommended by the Automobile or Air Bag manufacturer.
3. You are seated in the driver's or a passenger's seating position intended to be protected by the Air Bag System and the Air Bag System deploys, as evidenced by a police accident report.

Air Bag System means an automatically inflatable passive restraint system that is designed to provide automatic crash protection in front or side impact Automobile accidents and meets the Federal Vehicle Safety Standards of the National Highway Traffic Safety Administration.

Automobile means a motor vehicle licensed for use on public highways.

Career Adjustment Benefit

The amount of the Career Adjustment Benefit is shown in the **Coverage Features**.

We will pay a Career Adjustment Benefit to your Spouse if all of the following requirements are met:

1. You are insured for AD&D Insurance under the Group Policy.
2. You die as a result of an accident for which an AD&D Insurance Benefit is payable for Loss of your life.
3. Your Spouse is, within 36 months after the date of your death, registered and in attendance at an accredited institution of higher education or trades training program for the purpose of obtaining employment or increasing earnings.

No Career Adjustment Benefit will be paid if you have no surviving Spouse.

Child Care Benefit

The amount of the Child Care Benefit is shown in the **Coverage Features**.

We will pay a Child Care Benefit to your Spouse if all of the following requirements are met:

1. You are insured for AD&D Insurance under the Group Policy.
2. You die as a result of an accident for which an AD&D Insurance Benefit is payable for Loss of your life.
3. Your Spouse pays a licensed child care provider who is not a member of your family for child care provided to your Child(ren) under age 13 within 36 months of your death.
4. The child care is necessary in order for your Spouse to work or to obtain training for work or to increase earnings.

No Child Care Benefit will be paid if you have no surviving Spouse.

Higher Education Benefit

The amount of the Higher Education Benefit is shown in the **Coverage Features**.

We will pay a Higher Education Benefit to your Child if all of the following requirements are met:

1. You are insured for AD&D Insurance under the Group Policy.
2. You die as a result of an accident for which an AD&D Insurance Benefit is payable for Loss of your life.
3. Your Child is, within 12 months after the date of your death, registered and in full-time attendance at an accredited institution of higher education beyond high school.

The Higher Education Benefit will be paid to each Child who meets the requirements of item 3 above, for a maximum of 4 consecutive years beginning on the date of your death. No Higher Education Benefit will be paid if there is no Child eligible to receive it.

G. Becoming Insured For AD&D Insurance

1. Eligibility

You become eligible for AD&D Insurance on the date your Life Insurance is effective.

2. Effective Date

The **Coverage Features** states whether AD&D Insurance is Contributory or Noncontributory. Subject to the **Active Work Provisions**, AD&D Insurance becomes effective as follows:

a. Noncontributory AD&D Insurance

Noncontributory AD&D Insurance becomes effective on the date you become eligible.

b. Contributory AD&D Insurance

You must apply in writing for Contributory AD&D Insurance and agree to pay premiums. Contributory AD&D Insurance becomes effective on the later of:

- (i) The date you become eligible if you apply on or before that date.
- (ii) The first day of the calendar month coinciding with or next following the date you apply, if you apply after you become eligible.

H. When AD&D Insurance Ends

AD&D Insurance ends automatically on the earlier of:

1. The date your Life Insurance ends.
2. The date your Waiver Of Premium begins.
3. The date AD&D Insurance terminates under the Group Policy.
4. The date the last period ends for which a premium was paid for your AD&D Insurance.

(FB NO DEP REQD_ALCOHL EXCL_SEAT AIR COMBO) LI.AD.OT.5

ACTIVE WORK PROVISIONS

If you are incapable of Active Work because of Sickness, Injury or Pregnancy on the day before the scheduled effective date of your insurance or an increase in your insurance, your insurance or increase will not become effective until the day after you complete one full day of Active Work as an eligible Member.

Active Work and Actively At Work mean performing the material duties of your own occupation at your Employer's usual place of business. You will also meet the Active Work requirement if:

1. You were absent from Active Work because of a regularly scheduled day off, holiday, or vacation day;
2. You were Actively At Work on your last scheduled work day before the date of your absence; and
3. You were capable of Active Work on the day before the scheduled effective date of your insurance or increase in your insurance.

LI.AW.OT.1

PORTABILITY OF INSURANCE

A. Portability Of Insurance

If your insurance under the Group Policy ends because your employment with your Employer terminates, you may be eligible to buy portable group insurance coverage as shown in the **Coverage Features** for yourself and your Dependents without submitting Evidence Of Insurability. To be eligible you must satisfy the following requirements:

1. On the date your employment terminates, you must be able to perform with reasonable continuity the material duties of at least one gainful occupation for which you are reasonably fitted by education, training and experience.

(If you are unable to meet this requirement, see the **Right To Convert** and **Waiver Of Premium** provisions for other options that may be available to you under the Group Policy.)

2. On the date your employment terminates, you are under age 65.

3. On the date your employment terminates, you must have been continuously insured under the Group Policy for at least 12 consecutive months. In computing the 12 consecutive month period, we will include time insured under the Prior Plan.
4. You must apply in writing and pay the first premium directly to us at our Home Office within 31 days after the date your employment terminates. You must purchase portable group life insurance coverage for yourself in order to purchase any other insurance eligible for portability.

This portable group insurance will be provided under a master Group Life Portability Insurance Policy we have issued to the Standard Insurance Company Group Insurance Trust. If approved, the certificate you will receive will be governed under the terms of the Group Life Portability Insurance Policy and will contain provisions that differ from your Employer's coverage under the Group Policy.

B. Amount Of Portable Insurance

The minimum and maximum amounts that you are eligible to buy under the Group Life Portability Insurance Policy are shown in the **Coverage Features**. You may buy less than the maximum amounts in increments of \$1,000.

The combined amounts of insurance purchased under this **Portability Of Insurance** provision and the **Right To Convert** provision cannot exceed the amount in effect under the Group Policy on the day before your employment terminates.

C. When Portable Insurance Becomes Effective

Portable group insurance will become effective the day after your employment with your Employer terminates, if you apply within 31 days after the date your employment terminates.

If death occurs within 31 days after the date insurance ends under the Group Policy, life insurance benefits, if any, will be paid according to the terms of the Group Policy in effect on the date your employment terminates and not the terms of the Group Life Portability Insurance Policy. AD&D benefits, if any, will be paid according to the terms of the Group Policy or the Group Life Portability Insurance Policy, but not both. In no event will the benefits paid exceed the amount in effect under the Group Policy on the day before your employment terminates.

(WITH DL REF_WITH ADAD REF) LI.TP.OT.1

WAIVER OF PREMIUM

A. Waiver Of Premium Benefit

Insurance will be continued without payment of premiums while you are Totally Disabled if:

1. You become Totally Disabled while insured under the Group Policy and under age 60;
2. You complete your Waiting Period; and
3. You give us satisfactory Proof Of Loss.

We may have you examined at our expense at reasonable intervals. Any such examination will be conducted by specialists of our choice.

B. Definitions For Waiver Of Premium

1. Insurance means all your insurance under the Group Policy, except AD&D Insurance.
2. Totally Disabled means that, as a result of Sickness, accidental Injury, or Pregnancy, you are unable to perform with reasonable continuity the material duties of any gainful occupation for which you are reasonably fitted by education, training and experience.

3. Waiting Period means the 180 consecutive day period beginning on the date you become Totally Disabled. Waiver Of Premium begins when you complete the Waiting Period.

C. Premium Payment

Premium payment must continue until the later of:

1. The date you complete your Waiting Period; and
2. The date we approve your claim for Waiver Of Premium.

D. Refund Of Premiums

We will refund up to 12 months of the premiums that were paid for Insurance after the date you become Totally Disabled.

E. Amount Of Insurance

The amount of Insurance eligible for Waiver Of Premium is the amount in effect on the day before you become Totally Disabled. However, the following will apply:

1. Insurance will be reduced or terminated according to the Group Policy provisions in effect on the day before you become Totally Disabled.
2. If you become insured under a group life insurance plan that replaces the Group Policy while you are eligible for Waiver Of Premium, any death benefit payable under the Group Policy will be reduced by the amount payable under the replacement group life insurance plan.
3. If you receive an Accelerated Benefit, Insurance will be reduced according to the **Accelerated Benefit** provision.
4. The amount of Supplemental Life Insurance on your Spouse will be the lesser of:
 - a. The amount in effect on the day before you become Totally Disabled; and
 - b. The amount in effect one year before the date you become Totally Disabled.

F. Effect Of Death During The Waiting Period

If you die during the Waiting Period and are otherwise eligible for Waiver Of Premium, the Waiting Period will be waived.

G. Termination Or Amendment Of The Group Policy

Insurance will not be affected by termination or amendment of the Group Policy after you become Totally Disabled.

H. When Waiver Of Premium Ends

Waiver Of Premium ends on the earliest of:

1. The date you cease to be Totally Disabled;
2. 90 days after the date we mail you a request for additional Proof Of Loss, if it is not given;
3. The date you fail to attend an examination or cooperate with the examiner;
4. With respect to the amount of Insurance which an insured has converted, the effective date of the individual life insurance policy issued to the insured; and
5. The date you reach age 65.

(ELIG 60_TERMS 65) LI.WP.OT.2

ACCELERATED BENEFIT

A. Accelerated Benefit

If you qualify for Waiver Of Premium and give us satisfactory proof of having a Qualifying Medical Condition while you are insured under the Group Policy, you may have the right to receive during your lifetime a portion of your Insurance as an Accelerated Benefit. You must have at least \$10,000 of Insurance in effect to be eligible.

If your Insurance is scheduled to end within 24 months following the date you apply for the Accelerated Benefit, you will not be eligible for the Accelerated Benefit.

Qualifying Medical Condition means you are terminally ill as a result of an illness or physical condition which is reasonably expected to result in death within 12 months.

We may have you examined at our expense in connection with your claim for an Accelerated Benefit. Any such examination will be conducted by one or more Physicians of our choice.

B. Application For Accelerated Benefit

You must apply for an Accelerated Benefit. To apply you must give us satisfactory Proof Of Loss on our forms. Proof Of Loss must include a statement from a Physician that you have a Qualifying Medical Condition.

C. Amount Of Accelerated Benefit

You may receive an Accelerated Benefit of up to 75% of your Insurance. The maximum Accelerated Benefit is \$500,000. The minimum Accelerated Benefit is \$5,000 or 10% of your Insurance, whichever is greater.

If the amount of your Insurance is scheduled to reduce within 24 months following the date you apply for the Accelerated Benefit, your Accelerated Benefit will be based on the reduced amount.

The Accelerated Benefit will be paid to you once in your lifetime in a lump sum. If you recover from your Qualifying Medical Condition after receiving an Accelerated Benefit, we will not ask you for a refund.

D. Effect On Insurance And Other Benefits

For any purpose other than premium payment, the amount of your Insurance after payment of the Accelerated Benefit will be the greater of the amounts in (1) and (2) below; however, if you assign your rights under the Group Policy, the amount of your Insurance will be the amount in (2) below.

(1) 10% of the amount of your Insurance as if no Accelerated Benefit had been paid; or

(2) The amount of your Insurance as if no Accelerated Benefit had been paid; minus

The amount of the Accelerated Benefit; minus

An interest charge calculated as follows:

$A \times B \times C \text{ divided by } 365 = \text{interest charge.}$

A = The amount of the Accelerated Benefit.

B = The monthly average of our variable policy loan interest rate.

C = The number of days from payment of the Accelerated Benefit to the earlier of (1) the date you die, and (2) the date you have a Right To Convert.

The amount of your AD&D Insurance, if any, is not affected by payment of the Accelerated Benefit. AD&D is not continued under Waiver Of Premium.

Note: If you assign your rights under the Group Policy, the amount of your Insurance after payment of the Accelerated Benefit will be the amount in (2) above.

E. Exclusions

No Accelerated Benefit will be paid if:

1. All or part of your Insurance must be paid to your Child(ren), or your Spouse or former Spouse as part of a court approved divorce decree, separate maintenance agreement, or property settlement agreement.
2. You are married and live in a community property state unless you give us a signed written consent from your Spouse.
3. You have made an assignment of all or part of your Insurance unless you give us a signed written consent from the assignee.
4. You have filed for bankruptcy, unless you give us written approval from the Bankruptcy Court for payment of the Accelerated Benefit.
5. You are required by a government agency to use the Accelerated Benefit to apply for, receive, or continue a government benefit or entitlement.
6. You have previously received an Accelerated Benefit under the Group Policy.

F. Definitions For Accelerated Benefit

Insurance means your Life Insurance Benefit and Supplemental Life Insurance Benefit, if any, under the Group Policy.

LIAB.OT.5

RIGHT TO CONVERT

A. Right To Convert

You may buy an individual policy of life insurance without Evidence Of Insurability if:

1. Your Insurance ends or is reduced due to a Qualifying Event; and
2. You apply in writing and pay us the first premium during the Conversion Period.

Except as limited under C. Limits On Right To Convert, the maximum amount you have a Right To Convert is the amount of your Insurance which ended.

B. Definitions For Right To Convert

1. Conversion Period means the 31-day period after the date of any Qualifying Event.
2. Insurance means all your insurance under the Group Policy, including insurance continued under Waiver Of Premium, but excluding AD&D Insurance.
3. Qualifying Event means termination or reduction of your Insurance for any reason except:
 - a. The Member's failure to make a required premium contribution.
 - b. Payment of an Accelerated Benefit.
4. You and your mean any person insured under the Group Policy.

C. Limits On Right To Convert

If your Insurance ends or is reduced because of termination or amendment of the Group Policy, 1 and 2 below will apply.

1. You may not convert Insurance which has been in effect for less than the Minimum Time Insured. See **Coverage Features**.

2. The maximum amount you have a Right To Convert is the lesser of:
 - a. The amount of your Insurance which ended, minus any other group life insurance for which you become eligible during the Conversion Period; and
 - b. The Maximum Conversion Amount. See **Coverage Features**.

D. The Individual Policy

You may select any form of individual life insurance policy we issue to persons of your age, except:

1. A term insurance policy;
2. A universal life policy;
3. A policy with disability, accidental death, or other additional benefits; or
4. A policy in an amount less than the minimum amount we issue for the form of life insurance you select.

The individual policy of life insurance will become effective on the day after the end of the Conversion Period. We will use our published rates for standard risks to determine the premium.

E. Death During The Conversion Period

If you die during the Conversion Period, we will pay a death benefit equal to the maximum amount you had a Right To Convert, whether or not you applied for an individual policy. The benefit will be paid according to the **Benefit Payment And Beneficiary Provisions**.

LLRC.OT.1

CLAIMS

A. Filing A Claim

Claims should be filed on our forms. If we do not provide our forms within 15 days after they are requested, the claim may be submitted in a letter to us.

B. Time Limits On Filing Proof Of Loss

Proof Of Loss must be provided within 90 days after the date of the loss. If that is not possible, it must be provided as soon as reasonably possible, but not later than one year after that 90-day period.

Proof Of Loss for Waiver Of Premium must be provided within 12 months after the end of the Waiting Period. We will require further Proof Of Loss at reasonable intervals, but not more often than once a year after you have been continuously Totally Disabled for two years.

If Proof Of Loss is filed outside these time limits, the claim will be denied. These limits will not apply while the Member or Beneficiary lacks legal capacity.

C. Proof Of Loss

Proof Of Loss means written proof that a loss occurred:

1. For which the Group Policy provides benefits;
2. Which is not subject to any exclusions; and
3. Which meets all other conditions for benefits.

Proof Of Loss includes any other information we may reasonably require in support of a claim. Proof Of Loss must be in writing and must be provided at the expense of the claimant. No benefits will be provided until we receive Proof Of Loss satisfactory to us.

D. Investigation Of Claim

We may have you examined at our expense at reasonable intervals. Any such examination will be conducted by specialists of our choice.

We may have an autopsy performed at our expense, except where prohibited by law.

E. Time Of Payment

We will pay benefits within 60 days after Proof Of Loss is satisfied.

F. Notice Of Decision On Claim

We will evaluate a claim for benefits promptly after we receive it. With respect to all claims except Waiver Of Premium claims (or other benefits based on disability), within 90 days after we receive the claim we will send the claimant: (a) a written decision on the claim; or (b) a notice that we are extending the period to decide the claim for an additional 90 days.

With respect to Waiver Of Premium claims (or other benefits based on disability), within 45 days after we receive the claim we will send the claimant: (a) a written decision on the claim; or (b) a notice that we are extending the period to decide the claim for 30 days. Before the end of this extension period we will send the claimant: (a) a written decision on the Waiver Of Premium claim (or other benefits based on disability); or (b) a notice that we are extending the period to decide the claim for an additional 30 days. If an extension is due to the claimant's failure to provide information necessary to decide the Waiver Of Premium claim (or other benefits based on disability), the extended time period for deciding the claim will not begin until the claimant provides the information or otherwise responds.

If we extend the period to decide the claim, we will notify the claimant of the following: (a) the reasons for the extension; (b) when we expect to decide the claim; (c) an explanation of the standards on which entitlement to benefits is based; (d) the unresolved issues preventing a decision; and (e) any additional information we need to resolve those issues.

If we request additional information, the claimant will have 45 days to provide the information. If the claimant does not provide the requested information within 45 days, we may decide the claim based on the information we have received.

If we deny any part of the claim, we will send the claimant a written notice of denial containing:

1. The reasons for our decision.
2. Reference to the parts of the Group Policy on which our decision is based.
3. Reference to any internal rule or guideline relied upon in deciding a Waiver Of Premium claim (or other benefits based on disability).
4. A description of any additional information needed to support the claim.
5. Information concerning the claimant's right to a review of our decision.
6. Information concerning the right to bring a civil action for benefits under section 502(a) of ERISA if the claim is denied on review.

G. Review Procedure

If all or part of a claim is denied, the claimant may request a review. The claimant must request a review in writing:

1. Within 180 days after receiving notice of the denial of a claim for Waiver Of Premium (or other benefits based on disability);
2. Within 60 days after receiving notice of the denial of any other claim.

The claimant may send us written comments or other items to support the claim. The claimant may review and receive copies of any non-privileged information that is relevant to the request for

review. There will be no charge for such copies. Our review will include any written comments or other items the claimant submits to support the claim.

We will review the claim promptly after we receive the request. With respect to all claims except Waiver Of Premium claims (or other benefits based on disability), within 60 days after we receive the request for review we will send the claimant: (a) a written decision on review; or (b) a notice that we are extending the review period for 60 days.

With respect to Waiver Of Premium claims (or other benefits based on disability), within 45 days after we receive the request for review we will send the claimant: (a) a written decision on review; or (b) a notice that we are extending the review period for 45 days.

If an extension is due to the claimant's failure to provide information necessary to decide the claim on review, the extended time period for review of the claim will not begin until the claimant provides the information or otherwise responds.

If we extend the review period, we will notify the claimant of the following: (a) the reasons for the extension; (b) when we expect to decide the claim on review; and (c) any additional information we need to decide the claim.

If we request additional information, the claimant will have 45 days to provide the information. If the claimant does not provide the requested information within 45 days, we may conclude our review of the claim based on the information we have received.

With respect to Waiver Of Premium claims (or other benefits based on disability), the person conducting the review will be someone other than the person who denied the claim and will not be subordinate to that person. The person conducting the review will not give deference to the initial denial decision. If the denial was based on a medical judgement, the person conducting the review will consult with a qualified health care professional. This health care professional will be someone other than the person who made the original medical judgement and will not be subordinate to that person. The claimant may request the names of medical or vocational experts who provided advice to us about a claim for Waiver Of Premium (or other benefits based on disability).

If we deny any part of the claim on review, the claimant will receive a written notice of denial containing:

1. The reasons for our decision.
2. Reference to the parts of the Group Policy on which our decision is based.
3. Reference to any internal rule or guideline relied upon in deciding a Waiver Of Premium claim (or other benefits based on disability).
4. Information concerning the claimant's right to receive, free of charge, copies of non-privileged documents and records relevant to the claim.
5. Information concerning the right to bring a civil action for benefits under section 502(a) of ERISA.

The Group Policy does not provide voluntary alternative dispute resolution options. However, you may contact your local U.S. Department of Labor Office and your State insurance regulatory agency for assistance.

(2ND REV PRIV WRDG_NEW WOP WRDG) LLCL.OT.5

ASSIGNMENT

The rights and benefits under the Group Policy cannot be assigned.

LLAS.OT.1

BENEFIT PAYMENT AND BENEFICIARY PROVISIONS

A. Payment Of Benefits

1. Except as provided in item 6 below, benefits payable because of your death will be paid to the Beneficiary you name. See B through E of this section.
2. AD&D Insurance benefits payable for Losses other than Loss of Life will be paid to the person who suffers the Loss for which benefits are payable. Any such benefits remaining unpaid at that person's death will be paid according to the provisions for payment of a death benefit.
3. The benefits below will be paid to you if you are living.
 - a. AD&D Insurance benefits payable because of the death of your Dependent.
 - b. Dependents Life Insurance benefits.
 - c. Supplemental Life Insurance benefits payable because of the death of your Spouse.
 - d. Accelerated Benefits.
4. Dependents Life Insurance benefits and AD&D Insurance benefits payable because of the death of your Dependent which are unpaid at your death will be paid in equal shares to the first surviving class of the classes below.
 - a. The children of the Dependent.
 - b. The parents of the Dependent.
 - c. The brothers and sisters of the Dependent.
 - d. Your estate.
5. Supplemental Life Insurance benefits payable because of the death of your Spouse which are unpaid at your death will be paid in equal shares to the first surviving class of the classes below.
 - a. The children of your Spouse.
 - b. The parents of your Spouse.
 - c. The brothers and sisters of your Spouse.
 - d. Your estate.
6. Additional Benefits will be paid as follows:

The Child Care Benefit will be paid to your surviving Spouse. No Child Care Benefit will be paid if you have no Spouse.

The Career Adjustment Benefit will be paid to your Spouse. No Career Adjustment Benefit will be paid if you have no Spouse.

The Higher Education Benefit will be paid to each eligible Child. No Higher Education Benefit will be paid if there is no Child eligible to receive it.

The Repatriation Benefit will be paid to the person who incurs the transportation expenses.

B. Naming A Beneficiary

Beneficiary means a person you name to receive death benefits. You may name one or more Beneficiaries.

If you name two or more Beneficiaries in a class:

1. Two or more surviving Beneficiaries will share equally, unless you provide for unequal shares.

2. If you provide for unequal shares in a class, and two or more Beneficiaries in that class survive, we will pay each surviving Beneficiary his or her designated share. Unless you provide otherwise, we will then pay the share(s) otherwise due to any deceased Beneficiary(ies) to the surviving Beneficiaries pro rata based on the relationship that the designated percentage or fractional share of each surviving Beneficiary bears to the total shares of all surviving Beneficiaries.
3. If only one Beneficiary in a class survives, we will pay the total death benefits to that Beneficiary.

You may name or change Beneficiaries at any time without the consent of a Beneficiary.

Your Beneficiary designation must be the same for Life Insurance and AD&D Insurance death benefits. Your Beneficiary designations for Life Insurance and your Supplemental Life Insurance may be different.

You must name or change Beneficiary in writing. Writing includes a form signed by you or a verification from the Policyholder or Employer of an electronic or telephonic designation made by you.

Your designation:

1. Must be dated;
2. Must be delivered to the Policyholder or Employer during your lifetime;
3. Must relate to the insurance provided under the Group Policy; and
4. Will take effect on the date it is delivered to the Policyholder or Employer.

If we approve it, a designation, which meets the requirements of a Prior Plan will be accepted as your Beneficiary designation under the Group Policy.

C. Simultaneous Death Provision

If a Beneficiary or a person in one of the classes listed in item D. No Surviving Beneficiary dies on the same day you die, or within 15 days thereafter, benefits will be paid as if that Beneficiary or person had died before you, unless Proof Of Loss with respect to your death is delivered to us before the date of the Beneficiary's death.

D. No Surviving Beneficiary

If you do not name a Beneficiary, or if you are not survived by one, benefits will be paid in equal shares to the first surviving class of the classes below.

1. Your Spouse. (See **Definitions**)
2. Your children.
3. Your parents.
4. Your brothers and sisters.
5. Your estate.

E. Methods Of Payment

Recipient means a person who is entitled to benefits under this **Benefit Payment and Beneficiary Provisions** section.

1. Lump Sum

If the amount payable to a Recipient is less than \$25,000, we will pay it in a lump sum.

2. Standard Secure Access Checking Account

If the amount payable to a Recipient is \$25,000, or more, we will deposit it into a Standard Secure Access checking account which:

- a. Bears interest;
- b. Is owned by the Recipient;
- c. Is subject to the terms and conditions of a confirmation certificate which will be given to the Recipient; and
- d. Is fully guaranteed by us.

3. Installments

Payment to a Recipient may be made in installments if:

- a. The amount payable is \$25,000 or more;
- b. The Recipient chooses; and
- c. We agree.

To the extent permitted by law, the amount payable to the Recipient will not be subject to any legal process or to the claims of any creditor or creditor's representative.

(FB_REPAT_ELECT/TEL DESIG_WITH DEF SP_25K SSA LUMP INSTALL_SPOUSE DEF TERM) LI.BB.OT.6

ALLOCATION OF AUTHORITY

Except for those functions which the Group Policy specifically reserves to the Policyholder, we have full and exclusive authority to control and manage the Group Policy, to administer claims, and to interpret the Group Policy and resolve all questions arising in the administration, interpretation, and application of the Group Policy.

Our authority includes, but is not limited to:

1. The right to resolve all matters when a review has been requested;
2. The right to establish and enforce rules and procedures for the administration of the Group Policy and any claim under it;
3. The right to determine:
 - a. Eligibility for insurance;
 - b. Entitlement to benefits;
 - c. Amount of benefits payable;
 - d. Sufficiency and the amount of information we may reasonably require to determine a., b., or c., above.

Subject to the review procedures of the Group Policy any decision we make in the exercise of our authority is conclusive and binding.

LI.AL.OT.1

TIME LIMITS ON LEGAL ACTIONS

No action at law or in equity may be brought until 60 days after we have been given Proof Of Loss. No such action may be brought more than three years after the earlier of:

1. The date we receive Proof Of Loss; and
2. The time within which Proof Of Loss is required to be given.

LTL.OT.1

INCONTESTABILITY PROVISIONS

A. Incontestability Of Insurance

Any statement made to obtain or to increase insurance is a representation and not a warranty.

No misrepresentation will be used to reduce or deny a claim unless:

1. The insurance would not have been approved if we had known the truth; and
2. We have given you or any other person claiming benefits a copy of the signed written instrument which contains the misrepresentation.

We will not use a misrepresentation to reduce or deny a claim after the insured's insurance has been in effect for two years during the lifetime of the insured.

B. Incontestability Of Group Policy

Any statement made by the Policyholder or Employer to obtain the Group Policy is a representation and not a warranty.

No misrepresentation by the Policyholder or Employer will be used to deny a claim or to deny the validity of the Group Policy unless:

1. The Group Policy would not have been issued if we had known the truth; and
2. We have given the Policyholder or Employer a copy of a written instrument signed by the Policyholder or Employer which contains the misrepresentation.

The validity of the Group Policy will not be contested after it has been in force for two years, except for nonpayment of premiums.

L.I.N.OT.2

CLERICAL ERROR AND MISSTATEMENT

A. Clerical Error

Clerical error by the Policyholder, your Employer, or their respective employees or representatives will not:

1. Cause a person to become insured;
2. Invalidate insurance under the Group Policy otherwise validly in force; or
3. Continue insurance under the Group Policy otherwise validly terminated.

B. The Policyholder and your Employer act on their own behalf as your agent, and not as our agent.

C. Misstatement Of Age

If a person's age has been misstated, we will make an equitable adjustment of premiums, benefits, or both. The adjustment will be based on:

1. The amount of insurance based on the correct age; and
2. The difference between the premiums paid and the premiums which would have been paid if the age had been correctly stated.

LL.CE.OT.2

TERMINATION OR AMENDMENT OF THE GROUP POLICY

The Group Policy may be terminated by us or the Policyholder according to its terms. It will terminate automatically for nonpayment of premium. The Policyholder may terminate the Group Policy in whole, and may terminate insurance for any class or group of Members, at any time by giving us written notice.

Benefits under the Group Policy are limited to its terms, including any valid amendment. No change or amendment will be valid unless it is approved in writing by one of our executive officers and given to the Policyholder for attachment to the Group Policy. If the terms of the Certificate differ from the Group Policy, the terms stated in the Group Policy will govern. The Policyholder, your Employer, and their respective employees or representatives have no right or authority to change or amend the Group Policy or to waive any of its terms or provisions without our signed written approval.

We may change the Group Policy in whole or in part when any change or clarification in law or governmental regulation affects our obligations under the Group Policy, or with the Policyholder's consent.

Any such change or amendment of the Group Policy may apply to current or future Members or to any separate classes or groups thereof.

LL.TA.OT.1

DEFINITIONS

AD&D Insurance means accidental death and dismemberment insurance, if any, under the Group Policy.

Annual Earnings means your annual rate of earnings from your Employer. Your Annual Earnings will be based on your earnings in effect on your last full day of Active Work unless a different date applies (see the **Coverage Features**).

A. Partners, P.C. Partners, L.L.C. Owner-Employees, Sole Proprietors and S-Corporation Shareholders

If you are a Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder, Annual Earnings means your annual compensation from the Policyholder during the Policyholder's prior tax year. If you are a P.C. Partner, Annual Earnings means your annual compensation received by your professional corporation from the Policyholder during the Policyholder's prior tax year. Your annual compensation is determined by adding the following amounts as reported on the applicable Schedule K-1, Schedule C, Form W-2 or S-Corporation federal income tax return:

1. Your ordinary income (loss) from trade or business activity(ies).
2. Your guaranteed payments, if you are a Partner.
3. Your net profit from business.
4. Your compensation (as an officer), salary, or wages, if you are an S-Corporation Shareholder.

If you were not a Partner, P.C. Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder during the entire prior tax year, your Annual Earnings will be 12 times your average monthly compensation for your period as a Partner, P.C. Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder.

B. All Other Members

1. Commissions averaged over the Earnings Period shown in the **Coverage Features** or over the period of your employment if less than the Earnings Period.
2. Shift differential pay.

Annual Earnings does not include:

1. Bonuses.
2. Overtime pay.
3. Any other extra compensation.

C. All Members

Annual Earnings includes:

1. Contributions you make through a salary reduction agreement with your Employer to:
 - a. An Internal Revenue Code (IRC) Section 401(k), 403(b), 408(k), or 457 deferred compensation arrangement; or
 - b. An executive nonqualified deferred compensation arrangement.
2. Amounts contributed to your fringe benefits according to a salary reduction agreement under an IRC Section 125 plan.

Annual Earnings does not include:

1. Your Employer's contributions on your behalf to any deferred compensation arrangement or pension plan; or
2. Stock options or stock bonuses.

Child means:

1. Your unmarried child from live birth through age 20 (through age 24 if a registered student in full time attendance at an accredited educational institution); or
2. Your unmarried child who meets either of the following requirements:
 - a. The child is insured under the Group Policy and, on and after the date on which insurance would otherwise end because of the Child's age, is continuously Disabled.
 - b. The child was insured under the Prior Plan on the day before the effective date of your Employer's coverage under the Group Policy and was Disabled on that day, and is continuously Disabled thereafter.

Child includes any of the following, if they otherwise meet the definition of Child:

- i. Your adopted child; or
- ii. Your stepchild, if living in your home;

Your child is Disabled if your child is:

1. Continuously incapable of self-sustaining employment because of mental retardation or physical handicap; and
2. Chiefly dependent upon you for support and maintenance, or institutionalized because of mental retardation or physical handicap.

You must give us proof your Child is Disabled on our forms within 31 days after a) the date on which insurance would otherwise end because of the Child's age or b) the effective date of your

Employer's coverage under the Group Policy if your child is Disabled on that date. At reasonable intervals thereafter, we may require further proof, and have your Child examined at our expense.

Contributory means you pay all or part of the premium for insurance.

Dependents Life Insurance means dependents life insurance, if any, under the Group Policy.

Eligibility Waiting Period means the period you must be a Member before you become eligible for insurance. See **Coverage Features**.

Evidence Of Insurability means an applicant must:

1. Complete and sign our medical history statement;
2. Sign our form authorizing us to obtain information about the applicant's health;
3. Undergo a physical examination, if required by us, which may include blood testing; and
4. Provide any additional information about the applicant's insurability that we may reasonably require.

Group Policy means the group life insurance policy issued by us to the Policyholder and identified by the Group Policy Number.

Injury means an injury to your body.

Life Insurance means life insurance under the Group Policy.

L.L.C. Owner-Employee means an individual who owns an equity interest in an Employer and is actively employed in the conduct of the Employer's business.

Noncontributory means the Policyholder or Employer pays the entire premium for insurance.

P.C. Partner means the sole active employee and majority shareholder of a professional corporation in partnership with the Policyholder.

Physician means a licensed M.D. or D.O., acting within the scope of the license. Physician does not include you or your spouse, or the brother, sister, parent or child of either you or your spouse.

Pregnancy means your pregnancy, childbirth, or related medical conditions, including complications of pregnancy.

Prior Plan means your Employer's group life insurance plan in effect on the day before the effective date of your Employer's coverage under the Group Policy and which is replaced by the Group Policy.

Sickness means your sickness, illness, or disease.

Spouse means a person to whom you are legally married. However, for purposes of insurance under the Group Policy, Spouse does not include a person who is a full-time member of the armed forces of any country or a person from whom you are divorced.

Supplemental Life Insurance means supplemental life insurance, if any, under the Group Policy.

(K1_REG_WITH COM_NO STOCK) LI.DF.OT.5

POLICYHOLDER PROVISIONS

A. Premiums

The premium due on each Premium Due Date is the sum of the premiums for all persons then insured. Premium Rates are shown in the **Coverage Features**.

B. Contributions From Members

The Policyholder determines the amount, if any, of each Member's contribution toward the cost of insurance under the Group Policy.

C. Changes In Premium Rates

We may change Premium Rates for Supplemental Life Insurance upon 31 days written notice, but not more often than once in any calendar year.

We may change any other Premium Rates when:

1. A change or clarification in law or governmental regulation affects the amount payable under the Group Policy. Any such change in Premium Rates will reflect only the change in our obligations; or
2. Factors material to underwriting the risk we assumed under the Group Policy, including, but not limited to, number of persons insured, age, Annual Earnings, gender and occupational classification, change by 25% or more; or
3. We and the Policyholder mutually agree to change Premium Rates.

Except as provided above, Premium Rates will not be changed during the Initial Rate Guarantee Period shown in the **Coverage Features**. Thereafter, except as provided above, we may change Premium Rates upon advance written notice to the Policyholder. The minimum advance notice is shown in the **Coverage Features** as Notice of Rate Change. Any such change in Premium Rates may be made effective on any Premium Due Date, but no such change will be made more than once in any contract year. Contract years are successive 12 month periods computed from the end of the Initial Rate Guarantee Period.

D. Payment Of Premiums

All premiums are due on the Premium Due Dates shown in the **Coverage Features**.

Each premium is payable on or before its Premium Due Date directly to us at our home office. The payment of each premium as it becomes due will maintain the Group Policy in force until the next Premium Due Date.

E. Grace Period And Termination For Nonpayment

If a premium is not paid on or before its Premium Due Date, it may be paid during the following Grace Period. The length of the Grace Period is shown in the **Coverage Features**. The Group Policy will remain in force during the Grace Period.

If the premium is not paid during the Grace Period, the Group Policy will terminate automatically at the end of the Grace Period.

The Policyholder is liable for premium for insurance under the Group Policy during the Grace Period. We may charge interest at the legal rate for any premium which is not paid during the Grace Period, beginning with the first day after the Grace Period.

F. Termination For Other Reasons

The Policyholder may terminate the Group Policy by giving us written notice. The effective date of termination will be the later of:

1. The date stated in the notice; and
2. The date we receive the notice.

We may terminate the Group Policy as follows:

1. On any Premium Due Date if the number of persons insured is less than the Minimum Participation Number or less than the Minimum Participation Percentage shown in the **Coverage Features**.
2. On any Premium Due Date if we determine that the Policyholder has failed to promptly furnish any necessary information requested by us, or has failed to perform any other obligations relating to the Group Policy.

The minimum advance notice of such termination by us is the same as the Notice of Rate Change stated in the **Coverage Features**.

G. Premium Adjustments

Premium adjustments involving a return of unearned premiums to the Policyholder will be limited to the 12 months just before the date we receive a request for premium adjustment.

H. Certificates

We will issue certificates to the Policyholder showing the coverage under the Group Policy. The Policyholder will distribute a certificate to each Insured Member. If the terms of the Certificate differ from the Group Policy, the terms stated in the Group Policy will govern.

I. Records And Reports

The Policyholder or Employer will furnish on our forms all information reasonably necessary to administer the Group Policy. We have the right at all reasonable times to inspect the payroll and other records of the Policyholder or Employer which relate to insurance under the Group Policy.

J. Agency And Release

Individuals selected by the Policyholder or by any Employer to secure coverage under the Group Policy or to perform their administrative function under it, represent and act on behalf of the person selecting them, and do not represent or act on behalf of Standard Insurance Company. The Policyholder, Employer and such individuals have no authority to alter, expand or extend our liability or to waive, modify or compromise any defense or right we may have under the Group Policy. The Policyholder and each Employer hereby release, hold harmless and indemnify Standard Insurance Company from any liability arising from or related to any negligence, error, omission, misrepresentation or dishonesty of any of them or their representatives, agents or employees.

K. Notice Of Suit

The Policyholder or Employer shall promptly give us written notice of any lawsuit or other legal proceedings arising under the Group Policy.

L. Entire Contract, Changes

The Group Policy and the application of the Policyholder constitute the entire contract between the parties. A copy of the Policyholder's application is attached to the Group Policy when issued.

The Group Policy may be changed in whole or in part. No change in the Group Policy will be valid unless it is approved in writing by one of our executive officers and given to the Policyholder for attachment to the Group Policy. No agent has authority to change the Group Policy or to waive any of its provisions.

M. Effect On Workers' Compensation, State Disability Insurance

The coverage provided under the Group Policy is not a substitute for coverage under a workers' compensation or state disability income benefit law and does not relieve the Employer of any obligation to provide such coverage.

STANDARD INSURANCE COMPANY

A Stock Life Insurance Company
 900 SW Fifth Avenue
 Portland, Oregon 97204-1282
 (503) 321-7000

GROUP LONG TERM DISABILITY INSURANCE POLICY

Policyholder:	Sample K2000 Public Group
Policy Number:	720100-A
Effective Date:	November 1, 2007

The consideration for this Group Policy is the application of the Policyholder and the payment by the Policyholder of premiums as provided herein.

Subject to the **Policyholder Provisions** and the **Incontestability Provisions**, this Group Policy (a) is issued for the Initial Rate Guarantee Period shown in the **Coverage Features**, and (b) may be renewed for successive renewal periods by the payment of the premium set by us on each renewal date. The length of each renewal period will be set by us, but will not be less than 12 months.

For purposes of effective dates and ending dates under this Group Policy, all days begin and end at 12:00 midnight Standard Time at the Policyholder's address.

All provisions on this and the following pages are part of this Group Policy. "You" and "your" mean the Member. "We", "us", and "our" mean Standard Insurance Company. Other defined terms appear with their initial letters capitalized. Section headings, and references to them, appear in boldface type.

STANDARD INSURANCE COMPANY

GP190-LTD/S399

THIS POLICY IS NOT AVAILABLE IN CALIFORNIA, MARYLAND, OR NEW YORK

This is a sample policy. Product availability, plan provisions and features may vary by state. The proposed premium rate and plan design is based on the underwriting data received by us. Final premium rates and plan provisions will be determined on the basis of: applicable state laws, Policyholder contributions, confirmation of occupations, the actual composition of the group of persons who will become insured, and our current underwriting rules and practices.

COVERAGE FEATURES

This section contains many of the features of your long term disability (LTD) insurance. Other provisions, including exclusions, limitations, and Deductible Income, appear in other sections. Please refer to the text of each section for full details. The Table of Contents and the Index of Defined Terms help locate sections and definitions.

GENERAL POLICY INFORMATION

Group Policy Number:	720100-A
Policyholder:	Sample K2000 Public Group
Employer(s):	Sample K2000 Public Group
Group Policy Effective Date:	November 1, 2007
Policy Issued in:	Alaska

Member means:

1. A regular employee of the Employer;
2. Actively At Work at least 30 hours each week (for purposes of the Member definition, Actively At Work will include regularly scheduled days off, holidays, or vacation days, so long as the person is capable of Active Work on those days); and
3. A citizen or resident of the United States or Canada.

Member does not include a temporary or seasonal employee, a full-time member of the armed forces of any country, a leased employee, or an independent contractor.

Class Definition: None

SCHEDULE OF INSURANCE

Eligibility Waiting Period:	<p>You are eligible on one of the following dates:</p> <p>If you are a Member on the Group Policy Effective Date, you are eligible on that date.</p> <p>If you become a Member after the Group Policy Effective Date, you are eligible on the first day of the calendar month coinciding with or next following 90 consecutive days as a Member.</p>
-----------------------------	--

Eligibility Waiting Period means the period you must be a Member before you become eligible for insurance.

Own Occupation Period:	The first 24 months for which LTD Benefits are paid.
Any Occupation Period:	From the end of the Own Occupation Period to the end of the Maximum Benefit Period.

LTD Benefit:	60% of the first \$16,667 of your Predisability Earnings, reduced by Deductible Income.
--------------	---

Maximum:	\$10,000 before reduction by Deductible Income.
Minimum:	\$100
Benefit Waiting Period:	90 days.
Maximum Benefit Period:	Determined by your age when Disability begins, as follows:
Age	Maximum Benefit Period
61 or younger	To age 65, or 3 years 6 months, if longer.
62	3 years 6 months
63	3 years
64	2 years 6 months
65	2 years
66	1 year 9 months
67	1 year 6 months
68	1 year 3 months
69 or older	1 year

PREMIUM CONTRIBUTIONS

Insurance is: Noncontributory

PREMIUM AND RENEWALS

Premium Rates:	
LTD Insurance:	0.880% of the first \$16,667 of each insured Member's insured Predisability Earnings.
Premium Due Dates:	November 1, 2007 and the first day of each calendar month thereafter.
Initial Rate Guarantee Period:	November 1, 2007 to November 1, 2009
Minimum Participation Number:	10 insured Members
Minimum Participation Percentage:	100% of eligible Members

INSURING CLAUSE

If you become Disabled while insured under the Group Policy, we will pay LTD Benefits according to the terms of the Group Policy after we receive Proof Of Loss satisfactory to us.

LT.IC.OT.1

BECOMING INSURED

To become insured you must be a Member, complete your Eligibility Waiting Period, and meet the requirements in **Active Work Provisions** and **When Your Insurance Becomes Effective**.

You are a Member if you are:

1. A regular employee of the Employer;
2. Actively At Work at least 30 hours each week (for purposes of the Member definition, Actively At Work will include regularly scheduled days off, holidays, or vacation days, so long as you are capable of Active Work on those days); and
3. A citizen or resident of the United States or Canada.

You are not a Member if you are a temporary or seasonal employee, a full-time member of the armed forces of any country, a leased employee, or an independent contractor.

Eligibility Waiting Period means the period you must be a Member before you become eligible for insurance. Your Eligibility Waiting Period is shown in the **Coverage Features**.

(VAR MBR DEF) LT.BI.OT.1

WHEN YOUR INSURANCE BECOMES EFFECTIVE

A. When Insurance Becomes Effective

Subject to the **Active Work Provisions**, your insurance becomes effective as follows:

1. Insurance Subject To Evidence Of Insurability

Insurance subject to Evidence Of Insurability becomes effective on the date we approve your Evidence Of Insurability.

2. Insurance Not Subject To Evidence of Insurability

The **Coverage Features** states whether insurance is Contributory or Noncontributory.

a. Noncontributory Insurance

Noncontributory insurance not subject to Evidence Of Insurability becomes effective on the date you become eligible.

b. Contributory Insurance

You must apply in writing for Contributory insurance and agree to pay premiums. Contributory insurance not subject to Evidence Of Insurability becomes effective on:

- i. The date you become eligible if you apply on or before that date; or
- ii. The date you apply if you apply within 31 days after you become eligible.

Late application: Evidence Of Insurability is required if you apply more than 31 days after you become eligible.

B. Takeover Provisions

1. If you were insured under the Prior Plan on the day before the effective date of your Employer's coverage under the Group Policy, your Eligibility Waiting Period is waived on the effective date of your Employer's coverage under the Group Policy.
2. You must submit satisfactory Evidence Of Insurability to become insured if you were eligible for insurance under the Prior Plan for more than 31 days but were not insured.

C. Evidence Of Insurability Requirement

Evidence Of Insurability satisfactory to us is required:

- a. For late application for Contributory insurance.
- b. For Members eligible but not insured under the Prior Plan.
- c. For reinstatements if required.

Providing Evidence Of Insurability means you must:

1. Complete and sign our medical history statement;
2. Sign our form authorizing us to obtain information about your health;
3. Undergo a physical examination, if required by us, which may include blood testing; and
4. Provide any additional information about your insurability that we may reasonably require.

(VAR EOI) LT.EF.OT.1

ACTIVE WORK PROVISIONS

A. Active Work Requirement

You must be capable of Active Work on the day before the scheduled effective date of your insurance or your insurance will not become effective as scheduled. If you are incapable of Active Work because of Physical Disease, Injury, Pregnancy or Mental Disorder on the day before the scheduled effective date of your insurance, your insurance will not become effective until the day after you complete one full day of Active Work as an eligible Member.

Active Work and Actively At Work mean performing with reasonable continuity the Material Duties of your Own Occupation at your Employer's usual place of business.

B. Changes In Insurance

This Active Work requirement also applies to any increase in your insurance.

LT.AW.OT.1

CONTINUITY OF COVERAGE

If your Disability is subject to the Preexisting Condition Exclusion, LTD Benefits will be payable if:

1. You were insured under the Prior Plan on the day before the effective date of your Employer's coverage under the Group Policy;
2. You became insured under the Group Policy when your insurance under the Prior Plan ceased;
3. You were continuously insured under the Group Policy from the effective date of your insurance under the Group Policy through the date you became Disabled from the Preexisting Condition; and
4. Benefits would have been payable under the terms of the Prior Plan if it had remained in force, taking into account the preexisting condition exclusion, if any, of the Prior Plan.

For such a Disability, the amount of your LTD Benefit will be the lesser of:

- a. The monthly benefit that would have been payable under the terms of the Prior Plan if it had remained in force; or
- b. The LTD Benefit payable under the terms of the Group Policy, but without application of the Preexisting Condition Exclusion.

Your LTD Benefits for such a Disability will end on the earlier of the following dates:

- a. The date benefits would have ended under the terms of the Prior Plan if it had remained in force; or
- b. The date LTD Benefits end under the terms of the Group Policy.

(PX) LT.CC.OT.1

WHEN YOUR INSURANCE ENDS

Your insurance ends automatically on the earliest of:

1. The date the last period ends for which a premium contribution was made for your insurance.
2. The date the Group Policy terminates.
3. The date your employment terminates.
4. The date you cease to be a Member. However, your insurance will be continued during the following periods when you are absent from Active Work, unless it ends under any of the above.
 - a. During the first 90 days of a temporary or indefinite administrative or involuntary leave of absence or sick leave, provided your Employer is paying you at least the same Predisability Earnings paid to you immediately before you ceased to be a Member. A period when you are absent from Active Work as part of a severance or other employment termination agreement is not a leave of absence, even if you are receiving the same Predisability Earnings.
 - b. During a leave of absence if continuation of your insurance under the Group Policy is required by a state-mandated family or medical leave act or law.
 - c. During any other temporary leave of absence approved by your Employer in advance and in writing and scheduled to last 30 days or less. A period of Disability is not a leave of absence.
 - d. During the Benefit Waiting Period.

LT.EN.OT.1

CONTINUED INSURANCE DURING SCHOOL VACATIONS

If you cease to be a Member because of a school break or vacation, your insurance will be continued during that period.

LT.SV.OT.1

WAIVER OF PREMIUM

We will waive payment of premium for your insurance while LTD Benefits are payable.

LT.WP.OT.1

REINSTATEMENT OF INSURANCE

If your insurance ends, you may become insured again as a new Member. However, the following will apply:

1. If you cease to be a Member because of a covered Disability, your insurance will end; however, if you become a Member again immediately after LTD Benefits end, the Eligibility Waiting Period will be waived and, with respect to the condition(s) for which LTD Benefits were payable, the Preexisting Condition Exclusion will be applied as if your insurance had remained in effect during that period of Disability.
2. If your insurance ends because you cease to be a Member for any reason other than a covered Disability, and if you become a Member again within 90 days, the Eligibility Waiting Period will be waived.
3. If your insurance ends because you fail to make a required premium contribution, you must provide Evidence Of Insurability to become insured again.
4. If your insurance ends because you are on a federal or state-mandated family or medical leave of absence, and you become a Member again immediately following the period allowed, your insurance will be reinstated pursuant to the federal or state-mandated family or medical leave act or law.
5. The Preexisting Conditions Exclusion will be applied as if insurance had remained in effect in the following instances:
 - a. If you become insured again within 90 days.
 - b. If required by federal or state-mandated family or medical leave act or law and you become insured again immediately following the period allowed under the family or medical leave act or law.
6. In no event will insurance be retroactive.

LT.RE.OT.1

DEFINITION OF DISABILITY

You are Disabled if you meet the following definitions during the periods they apply:

- A. Own Occupation Definition Of Disability.
 - B. Any Occupation Definition Of Disability.
- A. Own Occupation Definition Of Disability

During the Benefit Waiting Period and the Own Occupation Period you are required to be Disabled only from your Own Occupation.

You are Disabled from your Own Occupation if, as a result of Physical Disease, Injury, Pregnancy or Mental Disorder:

1. You are unable to perform with reasonable continuity the Material Duties of your Own Occupation; and
2. You suffer a loss of at least 20% in your Indexed Predisability Earnings when working in your Own Occupation.

Note: You are not Disabled merely because your right to perform your Own Occupation is restricted, including a restriction or loss of license.

During the Own Occupation Period you may work in another occupation while you meet the Own Occupation Definition Of Disability. However, you will no longer be Disabled when your Work Earnings from another occupation meet or exceed 80% of your Indexed Predisability Earnings. Your Work Earnings may be Deductible Income. See **Return To Work Provisions** and **Deductible Income**.

Own Occupation means any employment, business, trade, profession, calling or vocation that involves Material Duties of the same general character as the occupation you are regularly performing for your Employer when Disability begins. In determining your Own Occupation, we are not limited to looking at the way you perform your job for your Employer, but we may also look at the way the occupation is generally performed in the national economy. If your Own Occupation involves the rendering of professional services and you are required to have a professional or occupational license in order to work, your Own Occupation is as broad as the scope of your license.

Material Duties means the essential tasks, functions and operations, and the skills, abilities, knowledge, training and experience, generally required by employers from those engaged in a particular occupation that cannot be reasonably modified or omitted. In no event will we consider working an average of more than 40 hours per week to be a Material Duty.

B. Any Occupation Definition Of Disability

During the Any Occupation Period you are required to be Disabled from all occupations.

You are Disabled from all occupations if, as a result of Physical Disease, Injury, Pregnancy or Mental Disorder, you are unable to perform with reasonable continuity the Material Duties of Any Occupation.

Any Occupation means any occupation or employment which you are able to perform, whether due to education, training, or experience, which is available at one or more locations in the national economy and in which you can be expected to earn at least 60% of your Indexed Predisability Earnings within twelve months following your return to work, regardless of whether you are working in that or any other occupation.

Material Duties means the essential tasks, functions and operations, and the skills, abilities, knowledge, training and experience, generally required by employers from those engaged in a particular occupation that cannot be reasonably modified or omitted. In no event will we consider working an average of more than 40 hours per week to be a Material Duty.

Your Own Occupation Period and Any Occupation Period are shown in the **Coverage Features**.

(OWN_ANY_WITH 40) LT.DD.OT.1

RETURN TO WORK PROVISIONS

A. Return To Work Responsibility

During the Own Occupation Period no LTD Benefits will be paid for any period when you are able to work in your Own Occupation and able to earn at least 20% of your Indexed Predisability Earnings, but you elect not to work.

During the Any Occupation Period no LTD Benefits will be paid for any period when you are able to work in Any Occupation and able to earn at least 20% of your Indexed Predisability Earnings, but you elect not to work.

B. Return To Work Incentive

You may serve your Benefit Waiting Period while working if you meet the Own Occupation Definition Of Disability.

You are eligible for the Return To Work Incentive on the first day you work after the Benefit Waiting Period if LTD Benefits are payable on that date. The Return To Work Incentive changes 12 months after that date, as follows:

1. During the first 12 months, your Work Earnings will be Deductible Income as determined in a., b. and c:
 - a. Determine the amount of your LTD Benefit as if there were no Deductible Income, and add your Work Earnings to that amount.
 - b. Determine 100% of your Indexed Predisability Earnings.
 - c. If a. is greater than b., the difference will be Deductible Income.
2. After those first 12 months, 50% of your Work Earnings will be Deductible Income.

C. Work Earnings Definition

Work Earnings means your gross monthly earnings from work you perform while Disabled, plus the earnings you could receive if you worked as much as you are able to, considering your Disability, in work that is reasonably available:

- a. In your Own Occupation during the Own Occupation Period; and
- b. In Any Occupation during the Any Occupation Period.

Work Earnings includes earnings from your Employer, any other employer, or self-employment, and any sick pay, vacation pay, annual or personal leave pay or other salary continuation earned or accrued while working.

Earnings from work you perform will be included in Work Earnings when you have the right to receive them. If you are paid in a lump sum or on a basis other than monthly, we will prorate your Work Earnings over the period of time to which they apply. If no period of time is stated, we will use a reasonable one.

In determining your Work Earnings we:

1. Will use the financial accounting method you use for income tax purposes, if you use that method on a consistent basis.
2. Will not be limited to the taxable income you report to the Internal Revenue Service.
3. May ignore expenses under section 179 of the IRC as a deduction from your gross earnings.
4. May ignore depreciation as a deduction from your gross earnings.
5. May adjust the financial information you give us in order to clearly reflect your Work Earnings.

If we determine that your earnings vary substantially from month to month, we may determine your Work Earnings by averaging your earnings over the most recent three-month period. During the Own Occupation Period you will no longer be Disabled when your average Work Earnings over the last three months exceed 80% of your Indexed Predisability Earnings. During the Any Occupation Period you will no longer be Disabled when your average Work Earnings over the last three months exceed 60% of your Indexed Predisability Earnings.

LT.RW.OT.1

REASONABLE ACCOMMODATION EXPENSE BENEFIT

If you return to work in any occupation for any employer, not including self-employment, as a result of a reasonable accommodation made by such employer, we will pay that employer a Reasonable Accommodation Expense Benefit of up to \$25,000, but not to exceed the expenses incurred.

The Reasonable Accommodation Expense Benefit is payable only if the reasonable accommodation is approved by us in writing prior to its implementation.

LT.RA.OT.1

REHABILITATION PLAN PROVISION

While you are Disabled you may qualify to participate in a Rehabilitation Plan. Rehabilitation Plan means a written plan, program or course of vocational training or education that is intended to prepare you to return to work.

To participate in a Rehabilitation Plan you must apply on our forms or in a letter to us. The terms, conditions and objectives of the plan must be accepted by you and approved by us in advance. We have the sole discretion to approve your Rehabilitation Plan.

An approved Rehabilitation Plan may include our payment of some or all of the expenses you incur in connection with the plan, including:

- a. Training and education expenses.
- b. Family care expenses.
- c. Job-related expenses.
- d. Job search expenses.

LT.RH.OT.1

TEMPORARY RECOVERY

You may temporarily recover from your Disability and then become Disabled again from the same cause or causes without having to serve a new Benefit Waiting Period. Temporary Recovery means you cease to be Disabled for no longer than the applicable Allowable Period. See **Definition Of Disability**.

A. Allowable Periods

1. During the Benefit Waiting Period: a total of 30 days of recovery.
2. During the Maximum Benefit Period: 180 days for each period of recovery.

B. Effect Of Temporary Recovery

If your Temporary Recovery does not exceed the Allowable Periods, the following will apply.

1. The Predisability Earnings used to determine your LTD Benefit will not change.
2. The period of Temporary Recovery will not count toward your Benefit Waiting Period, your Maximum Benefit Period or your Own Occupation Period.
3. No LTD Benefits will be payable for the period of Temporary Recovery.
4. No LTD Benefits will be payable after benefits become payable to you under any other disability insurance plan under which you become insured during your period of Temporary Recovery.
5. Except as stated above, the provisions of the Group Policy will be applied as if there had been no interruption of your Disability.

LT.TR.OT.1

WHEN LTD BENEFITS END

Your LTD Benefits end automatically on the earliest of:

1. The date you are no longer Disabled.
2. The date your Maximum Benefit Period ends.
3. The date you die.
4. The date benefits become payable under any other LTD plan under which you become insured through employment during a period of Temporary Recovery.
5. The date you fail to provide proof of continued Disability and entitlement to LTD Benefits.

LT.BE.OT.1

PREDISABILITY EARNINGS

Your Predisability Earnings will be based on your earnings in effect on your last full day of Active Work. However, if you are a Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder, your Predisability Earnings will be based on your Employer's prior tax year or the Policyholder's prior tax year if you are a P.C. Partner. Any subsequent change in your earnings after that last day of Active Work will not affect your Predisability Earnings.

A. Partners, P.C. Partners, L.L.C. Owner-Employees, Sole Proprietors and S-Corporation Shareholders

If you are a Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder, Predisability Earnings means your average monthly compensation from your Employer during the Employer's prior tax year. If you are a P.C. Partner, Predisability Earnings means the average monthly compensation received by your professional corporation from the Policyholder during the Policyholder's prior tax year. Your average monthly compensation is determined by adding the following amounts as reported on the applicable Schedule K-1, Schedule C, Form W-2 or S-Corporation federal income tax return, and dividing by 12 (or by the number of months you were a Partner, P.C. Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder if less than 12):

1. Your ordinary income from trade or business activity(ies).
2. Your guaranteed payments, if you are a Partner.
3. Your net profit from business.
4. Your compensation (as an officer), salary, or wages, if you are an S-Corporation Shareholder.

If you were not a Partner, P.C. Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder during the entire prior tax year, your Predisability Earnings will be your average monthly compensation for your period as a Partner, P.C. Partner, L.L.C. Owner-Employee, Sole Proprietor or S-Corporation Shareholder.

B. All Other Members

Predisability Earnings means your monthly rate of earnings from your Employer, including:

1. Commissions averaged over the preceding 12 months or over the period of your employment if less than 12 months.
2. Shift differential pay.

Predisability Earnings does not include:

1. Bonuses.
2. Overtime pay.

3. Any other extra compensation.

If you are paid on an annual contract basis, your monthly rate of earnings is one-twelfth (1/12th) of your annual contract salary.

If you are paid hourly, your monthly rate of earnings is based on your hourly pay rate multiplied by the number of hours you are regularly scheduled to work per month, but not more than 173 hours. If you do not have regular work hours, your monthly rate of earnings is based on the average number of hours you worked per month during the preceding 12 calendar months (or during your period of employment if less than 12 months), but not more than 173 hours.

C. All Members

Predisability Earnings includes:

1. Contributions you make through a salary reduction agreement with your Employer to:
 - a. An Internal Revenue Code (IRC) Section 401(k), 403(b), 408(k), 408(p), or 457 deferred compensation arrangement; or
 - b. An executive nonqualified deferred compensation arrangement.
2. Amounts contributed to your fringe benefits according to a salary reduction agreement under an IRC Section 125 plan.

Predisability Earnings does not include:

1. Your Employer's contributions on your behalf to any deferred compensation arrangement or pension plan; or
2. Stock options or stock bonuses.

(K1_REG WITH COM_NO STOCK) LT.PD.OT.1

DEDUCTIBLE INCOME

Subject to **Exceptions To Deductible Income**, Deductible Income means:

1. Sick pay, annual or personal leave pay, severance pay, or other salary continuation, including donated amounts, (but not vacation pay) paid to you by your Employer, if it exceeds the amount found in a., b., and c.
 - a. Determine the amount of your LTD Benefit as if there were no Deductible Income, and add your sick pay or other salary continuation to that amount.
 - b. Determine 100% of your Indexed Predisability Earnings.
 - c. If a. is greater than b., the difference will be Deductible Income.
2. Your Work Earnings, as described in the **Return To Work Provisions**.
3. Any amount you receive or are eligible to receive because of your disability, including amounts for partial or total disability, whether permanent, temporary, or vocational, under any of the following:
 - a. A workers' compensation law;
 - b. The Jones Act;
 - c. Maritime Doctrine of Maintenance, Wages, or Cure;
 - d. Longshoremen's and Harbor Worker's Act; or
 - e. Any similar act or law.

4. Any amount you, your spouse, or your child under age 18 receive or are eligible to receive because of your disability or retirement under:
 - a. The Federal Social Security Act;
 - b. The Canada Pension Plan;
 - c. The Quebec Pension Plan;
 - d. The Railroad Retirement Act; or
 - e. Any similar plan or act.

Full offset: Both the primary benefit (the benefit awarded to you) and dependents benefit are Deductible Income.

Benefits your spouse or a child receives or are eligible to receive because of your disability are Deductible Income regardless of marital status, custody, or place of residence. The term "child" has the meaning given in the applicable plan or act.

5. Any amount you receive or are eligible to receive because of your disability under any state disability income benefit law or similar law.
6. Any amount you receive or are eligible to receive because of your disability under another group insurance coverage.
7. Any disability or retirement benefits you receive or are eligible to receive under your Employer's retirement plan, including a public employee retirement system, a state teacher retirement system, and a plan arranged and maintained by a union or employee association for the benefit of its members. You and your Employer's contributions will be considered as distributed simultaneously throughout your lifetime, regardless of how funds are distributed from the retirement plan.

If any of these plans has two or more payment options, the option which comes closest to providing you a monthly income for life with no survivors benefit will be Deductible Income, even if you choose a different option.

8. Any earnings or compensation included in Predisability Earnings which you receive or are eligible to receive while LTD Benefits are payable.
9. Any amount you receive or are eligible to receive under any unemployment compensation law or similar act or law.
10. Any amount you receive or are eligible to receive from or on behalf of a third party because of your disability, whether by judgement, settlement or other method. If you notify us before filing suit or settling your claim against such third party, the amount used as Deductible Income will be reduced by a pro rata share of your costs of recovery, including reasonable attorney fees.
11. Any amount you receive by compromise, settlement, or other method as a result of a claim for any of the above, whether disputed or undisputed.

(NO OTHR OFFST_PUB_WITH 3RD) LT.DI.OT.1

EXCEPTIONS TO DEDUCTIBLE INCOME

Deductible Income does not include:

1. Any cost of living increase in any Deductible Income other than Work Earnings, if the increase becomes effective while you are Disabled and while you are eligible for the Deductible Income.
2. Reimbursement for hospital, medical, or surgical expense.
3. Reasonable attorneys fees incurred in connection with a claim for Deductible Income.
4. Benefits from any individual disability insurance policy.
5. Early retirement benefits under the Federal Social Security Act which are not actually received.
6. Group credit or mortgage disability insurance benefits.
7. Accelerated death benefits paid under a life insurance policy.
8. Benefits from the following:
 - a. Profit sharing plan.
 - b. Thrift or savings plan.
 - c. Deferred compensation plan.
 - d. Plan under IRC Section 401(k), 408(k), 408(p), or 457.
 - e. Individual Retirement Account (IRA).
 - f. Tax Sheltered Annuity (TSA) under IRC Section 403(b).
 - g. Stock ownership plan.
 - h. Keogh (HR-10) plan.

(PUB_NO OTHR OFFST) LT.ED.OT.1

RULES FOR DEDUCTIBLE INCOME

A. Monthly Equivalents

Each month we will determine your LTD Benefit using the Deductible Income for the same monthly period, even if you actually receive the Deductible Income in another month.

If you are paid Deductible Income in a lump sum or by a method other than monthly, we will determine your LTD Benefit using a prorated amount. We will use the period of time to which the Deductible Income applies. If no period of time is stated, we will use a reasonable one.

B. Your Duty To Pursue Deductible Income

You must pursue Deductible Income for which you may be eligible. We may ask for written documentation of your pursuit of Deductible Income. You must provide it within 60 days after we mail you our request. Otherwise, we may reduce your LTD Benefits by the amount we estimate you would be eligible to receive upon proper pursuit of the Deductible Income.

C. Pending Deductible Income

We will not deduct pending Deductible Income until it becomes payable. You must notify us of the amount of the Deductible Income when it is approved. You must repay us for the resulting overpayment of your claim.

D. Overpayment Of Claim

We will notify you of the amount of any overpayment of your claim under any group disability insurance policy issued by us. You must immediately repay us. You will not receive any LTD Benefits until we have been repaid in full. In the meantime, any LTD Benefits paid, including the Minimum LTD Benefit, will be applied to reduce the amount of the overpayment. We may charge you interest at the legal rate for any overpayment which is not repaid within 30 days after we first mail you notice of the amount of the overpayment.

LT.RU.OT.1

SUBROGATION

If LTD Benefits are paid or payable to you under the Group Policy as the result of any act or omission of a third party, we will be subrogated to all rights of recovery you may have in respect to such act or omission. You must execute and deliver to us such instruments and papers as may be required and do whatever else is needed to secure such rights. You must avoid doing anything that would prejudice our rights of subrogation.

If you notify us before filing suit or settling your claim against such third party, the amount to which we are subrogated will be reduced by a pro rata share of your costs of recovery, including reasonable attorney fees. If suit or action is filed, we may record a notice of payments of LTD Benefits, and such notice shall constitute a lien on any judgement recovered.

If you or your legal representative fail to bring suit or action promptly against such third party, we may institute such suit or action in our name or in your name. We are entitled to retain from any judgement recovered the amount of LTD Benefits paid or to be paid to you or on your behalf, together with our costs of recovery, including attorney fees. The remainder of such recovery, if any, shall be paid to you or as the court may direct.

LT.SG.OT.1

SURVIVORS BENEFIT

If you die while LTD Benefits are payable, and on the date you die you have been continuously Disabled for at least 180 days, we will pay a Survivors Benefit according to 1 through 4 below.

1. The Survivors Benefit is a lump sum equal to 3 times your LTD Benefit without reduction by Deductible Income.
2. The Survivors Benefit will first be applied to reduce any overpayment of your claim.
3. The Survivors Benefit will be paid at our option to any one or more of the following:
 - a. Your surviving spouse;
 - b. Your surviving unmarried children, including adopted children, under age 25;
 - c. Your surviving spouse's unmarried children, including adopted children, under age 25; or
 - d. Any person providing the care and support of any person listed in a., b., or c. above.
4. No Survivors Benefit will be paid if you are not survived by any person listed in a., b., or c. above.

(MULTPL) LT.SB.OT.1

BENEFITS AFTER INSURANCE ENDS OR IS CHANGED

During each period of continuous Disability, we will pay LTD Benefits according to the terms of the Group Policy in effect on the date you become Disabled. Your right to receive LTD Benefits will not be affected by:

1. Any amendment to the Group Policy that is effective after you become Disabled.
2. Termination of the Group Policy after you become Disabled.

LT.BA.OT.1

EFFECT OF NEW DISABILITY

If a period of Disability is extended by a new cause while LTD Benefits are payable, LTD Benefits will continue while you remain Disabled. However, 1 and 2 apply.

1. LTD Benefits will not continue beyond the end of the original Maximum Benefit Period.
2. The **Disabilities Excluded From Coverage**, **Disabilities Subject To Limited Pay Periods**, and **Limitations** sections will apply to the new cause of Disability.

LT.ND.OT.1

DISABILITIES EXCLUDED FROM COVERAGE

A. War

You are not covered for a Disability caused or contributed to by War or any act of War. War means declared or undeclared war, whether civil or international, and any substantial armed conflict between organized forces of a military nature.

B. Intentionally Self-Inflicted Injury

You are not covered for a Disability caused or contributed to by an intentionally self-inflicted Injury, while sane or insane.

C. Preexisting Condition

1. Definition

Preexisting Condition means a mental or physical condition whether or not diagnosed or misdiagnosed:

- a. For which you have done or for which a reasonably prudent person would have done any of the following:
 - i. Consulted a physician or other licensed medical professional;
 - ii. Received medical treatment, services or advice;
 - iii. Undergone diagnostic procedures, including self-administered procedures;
 - iv. Taken prescribed drugs or medications;
- b. Which, as a result of any medical examination, including routine examination, was discovered or suspected;

at any time during the 90-day period just before your insurance becomes effective.

2. Exclusion

You are not covered for a Disability caused or contributed to by a Preexisting Condition or medical or surgical treatment of a Preexisting Condition unless, on the date you become Disabled, you:

- a. Have been continuously insured under the Group Policy for 12 months; and
- b. Have been Actively At Work for at least one full day after the end of that 12 months.

D. Loss Of License Or Certification

You are not covered for a Disability caused or contributed to by the loss of your professional license, occupational license or certification.

E. Violent Or Criminal Conduct

You are not covered for a Disability caused or contributed to by your committing or attempting to commit an assault or felony, or actively participating in a violent disorder or riot. Actively participating does not include being at the scene of a violent disorder or riot while performing your official duties.

(WITH PRUDENT) LT.XD.OT.1

DISABILITIES SUBJECT TO LIMITED PAY PERIODS**A. Mental Disorders, Substance Abuse and Other Limited Conditions**

Payment of LTD Benefits is limited to 24 months during your entire lifetime for a Disability caused or contributed to by any one or more of the following, or medical or surgical treatment of one or more of the following:

1. Mental Disorders;
2. Substance Abuse; or
3. Other Limited Conditions.

However, if you are confined in a Hospital solely because of a Mental Disorder at the end of the 24 months, this limitation will not apply while you are continuously confined.

Mental Disorder means any mental, emotional, behavioral, psychological, personality, cognitive, mood or stress-related abnormality, disorder, disturbance, dysfunction or syndrome, regardless of cause (including any biological or biochemical disorder or imbalance of the brain) or the presence of physical symptoms. Mental Disorder includes, but is not limited to, bipolar affective disorder, organic brain syndrome, schizophrenia, psychotic illness, manic depressive illness, depression and depressive disorders, anxiety and anxiety disorders.

Substance Abuse means use of alcohol, alcoholism, use of any drug, including hallucinogens, or drug addiction.

Other Limited Conditions means chronic fatigue conditions (such as chronic fatigue syndrome, chronic fatigue immunodeficiency syndrome, post viral syndrome, limbic encephalopathy, Epstein-Barr virus infection, herpes virus type 6 infection, or myalgic encephalomyelitis), any allergy or sensitivity to chemicals or the environment (such as environmental allergies, sick building syndrome, multiple chemical sensitivity syndrome or chronic toxic encephalopathy), chronic pain conditions (such as fibromyalgia, reflex sympathetic dystrophy or myofascial pain), carpal tunnel or repetitive motion syndrome, temporomandibular joint disorder, or cranio-mandibular joint disorder.

However, Other Limited Conditions does not include neoplastic diseases, neurologic diseases, endocrine diseases, hematologic diseases, asthma, allergy-induced reactive lung disease, tumors, malignancies, or vascular malformations, demyelinating diseases, or lupus.

Hospital means a legally operated hospital providing full-time medical care and treatment under the direction of a full-time staff of licensed physicians. Rest homes, nursing homes, convalescent homes, homes for the aged, and facilities primarily affording custodial, educational, or rehabilitative care are not Hospitals.

B. Rules For Disabilities Subject To Limited Pay Periods

1. If you are Disabled as a result of a Mental Disorder or any Physical Disease or Injury for which payment of LTD Benefits is subject to a limited pay period, and at the same time are Disabled

as a result of a Physical Disease, Injury, or Pregnancy that is not subject to such limitation, LTD Benefits will be payable first for conditions that are subject to the limitation.

2. No LTD Benefits will be payable after the end of the limited pay period, unless on that date you continue to be Disabled as a result of a Physical Disease, Injury, or Pregnancy for which payment of LTD Benefits is not limited.

LT.LP.OT.1

LIMITATIONS

A. Care Of A Physician

You must be under the ongoing care of a Physician in the appropriate specialty as determined by us during the Benefit Waiting Period. No LTD Benefits will be paid for any period of Disability when you are not under the ongoing care of a Physician in the appropriate specialty as determined by us.

B. Return To Work Responsibility

During the Own Occupation Period no LTD Benefits will be paid for any period of Disability when you are able to work in your Own Occupation and able to earn at least 20% of your Indexed Predisability Earnings, but you elect not to work.

During the Any Occupation Period, no LTD Benefits will be paid for any period of Disability when you are able to work in Any Occupation and able to earn at least 20% of your Indexed Predisability Earnings, but elect not to work.

C. Rehabilitation Program

No LTD Benefits will be paid for any period of Disability when you are not participating in good faith in a plan, program or course of medical treatment or vocational training or education approved by us unless your Disability prevents you from participating.

D. Foreign Residency

Payment of LTD Benefits is limited to 12 months for each period of continuous Disability while you reside outside of the United States or Canada.

E. Imprisonment

No LTD Benefits will be paid for any period of Disability when you are confined for any reason in a penal or correctional institution.

LT.LM.OT.1

CLAIMS

A. Filing A Claim

Claims should be filed on our forms. If we do not provide our forms within 15 days after they are requested, you may submit your claim in a letter to us. The letter should include the date disability began, and the cause and nature of the disability.

B. Time Limits On Filing Proof Of Loss

You must give us Proof Of Loss within 90 days after the end of the Benefit Waiting Period. If you cannot do so, you must give it to us as soon as reasonably possible, but not later than one year after that 90-day period. If Proof Of Loss is filed outside these time limits, your claim will be denied. These limits will not apply while you lack legal capacity.

C. Proof Of Loss

Proof Of Loss means written proof that you are Disabled and entitled to LTD Benefits. Proof Of Loss must be provided at your expense.

For claims of Disability due to conditions other than Mental Disorders, we may require proof of physical impairment that results from anatomical or physiological abnormalities which are demonstrable by medically acceptable clinical and laboratory diagnostic techniques.

D. Documentation

Completed claims statements, a signed authorization for us to obtain information, and any other items we may reasonably require in support of a claim must be submitted at your expense. If the required documentation is not provided within 45 days after we mail our request, your claim may be denied.

E. Investigation Of Claim

We may investigate your claim at any time.

At our expense, we may have you examined at reasonable intervals by specialists of our choice. We may deny or suspend LTD Benefits if you fail to attend an examination or cooperate with the examiner.

F. Time Of Payment

We will pay LTD Benefits within 60 days after you satisfy Proof Of Loss.

LTD Benefits will be paid to you at the end of each month you qualify for them. LTD Benefits remaining unpaid at your death will be paid to the person(s) receiving the Survivors Benefit. If no Survivors Benefit is paid, the unpaid LTD Benefits will be paid to your estate.

G. Notice Of Decision On Claim

We will evaluate your claim promptly after you file it. Within 45 days after we receive your claim we will send you: (a) a written decision on your claim; or (b) a notice that we are extending the period to decide your claim for 30 days. Before the end of this extension period we will send you: (a) a written decision on your claim; or (b) a notice that we are extending the period to decide your claim for an additional 30 days. If an extension is due to your failure to provide information necessary to decide the claim, the extended time period for deciding your claim will not begin until you provide the information or otherwise respond.

If we extend the period to decide your claim, we will notify you of the following: (a) the reasons for the extension; (b) when we expect to decide your claim; (c) an explanation of the standards on which entitlement to benefits is based; (d) the unresolved issues preventing a decision; and (e) any additional information we need to resolve those issues.

If we request additional information, you will have 45 days to provide the information. If you do not provide the requested information within 45 days, we may decide your claim based on the information we have received.

If we deny any part of your claim, you will receive a written notice of denial containing:

- a. The reasons for our decision.
- b. Reference to the parts of the Group Policy on which our decision is based.
- c. A description of any additional information needed to support your claim.
- d. Information concerning your right to a review of our decision.

H. Review Procedure

If all or part of a claim is denied, you may request a review. You must request a review in writing within 180 days after receiving notice of the denial.

You may send us written comments or other items to support your claim. You may review and receive copies of any non-privileged information that is relevant to your request for review. There will be no charge for such copies. You may request the names of medical or vocational experts who provided advice to us about your claim.

The person conducting the review will be someone other than the person who denied the claim and will not be subordinate to that person. The person conducting the review will not give deference to the initial denial decision. If the denial was based on a medical judgement, the person conducting the review will consult with a qualified health care professional. This health care professional will be someone other than the person who made the original medical judgement and will not be subordinate to that person. Our review will include any written comments or other items you submit to support your claim.

We will review your claim promptly after we receive your request. Within 45 days after we receive your request for review we will send you: (a) a written decision on review; or (b) a notice that we are extending the review period for 45 days. If the extension is due to your failure to provide information necessary to decide the claim on review, the extended time period for review of your claim will not begin until you provide the information or otherwise respond.

If we extend the review period, we will notify you of the following: (a) the reasons for the extension; (b) when we expect to decide your claim on review; and (c) any additional information we need to decide your claim.

If we request additional information, you will have 45 days to provide the information. If you do not provide the requested information within 45 days, we may conclude our review of your claim based on the information we have received.

If we deny any part of your claim on review, you will receive a written notice of denial containing:

- a. The reasons for our decision.
- b. Reference to the parts of the Group Policy on which our decision is based.
- c. Information concerning your right to receive, free of charge, copies of non-privileged documents and records relevant to your claim.

I. Assignment

The rights and benefits under the Group Policy are not assignable.

(REV PUB WRDG) LT.CL.OT.2

ALLOCATION OF AUTHORITY

Except for those functions which the Group Policy specifically reserves to the Policyholder or Employer, we have full and exclusive authority to control and manage the Group Policy, to administer claims, and to interpret the Group Policy and resolve all questions arising in the administration, interpretation, and application of the Group Policy.

Our authority includes, but is not limited to:

1. The right to resolve all matters when a review has been requested;
2. The right to establish and enforce rules and procedures for the administration of the Group Policy and any claim under it;
3. The right to determine:
 - a. Eligibility for insurance;
 - b. Entitlement to benefits;
 - c. The amount of benefits payable; and

- d. The sufficiency and the amount of information we may reasonably require to determine a., b., or c., above.

Subject to the review procedures of the Group Policy, any decision we make in the exercise of our authority is conclusive and binding.

LT.AL.OT.1

TIME LIMITS ON LEGAL ACTIONS

No action at law or in equity may be brought until 60 days after you have given us Proof Of Loss. No such action may be brought more than three years after the earlier of:

1. The date we receive Proof Of Loss; and
2. The time within which Proof Of Loss is required to be given.

LT.TL.OT.1

INCONTESTABILITY PROVISIONS

A. Incontestability Of Insurance

Any statement made to obtain insurance or to increase insurance is a representation and not a warranty.

No misrepresentation will be used to reduce or deny a claim or contest the validity of insurance unless:

1. The insurance would not have been approved if we had known the truth; and
2. We have given you or any other person claiming benefits a copy of the signed written instrument which contains the misrepresentation.

After insurance has been in effect for two years during the lifetime of the insured, we will not use a misrepresentation to reduce or deny the claim, unless it was a fraudulent misrepresentation.

B. Incontestability Of The Group Policy

Any statement made by the Policyholder or Employer to obtain the Group Policy is a representation and not a warranty.

No misrepresentation by the Policyholder or your Employer will be used to deny a claim or to deny the validity of the Group Policy unless:

1. The Group Policy would not have been issued if we had known the truth; and
2. We have given the Policyholder or Employer a copy of a written instrument signed by the Policyholder or Employer which contains the misrepresentation.

The validity of the Group Policy will not be contested after it has been in force for two years, except for nonpayment of premiums or fraudulent misrepresentations.

LT.IN.OT.1

CLERICAL ERROR, AGENCY, AND MISSTATEMENT

A. Clerical Error

Clerical error by the Policyholder, your Employer, or their respective employees or representatives will not:

1. Cause a person to become insured.

2. Invalidate insurance under the Group Policy otherwise validly in force.
3. Continue insurance under the Group Policy otherwise validly terminated.

B. Agency

The Policyholder and your Employer act on their own behalf as your agent, and not as our agent. The Policyholder and your Employer have no authority to alter, expand or extend our liability or to waive, modify or compromise any defense or right we may have under the Group Policy.

C. Misstatement Of Age

If a person's age has been misstated, we will make an equitable adjustment of premiums, benefits, or both. The adjustment will be based on:

1. The amount of insurance based on the correct age; and
2. The difference between the premiums paid and the premiums which would have been paid if the age had been correctly stated.

LT.CE.OT.1

TERMINATION OR AMENDMENT OF THE GROUP POLICY

The Group Policy may be terminated by us or the Policyholder according to its terms. It will terminate automatically for nonpayment of premium. The Policyholder may terminate the Group Policy in whole, and may terminate insurance for any class or group of Members, at any time by giving us written notice.

Benefits under the Group Policy are limited to its terms, including any valid amendment. No change or amendment will be valid unless it is approved in writing by one of our executive officers and given to the Policyholder for attachment to the Group Policy. If the terms of the certificate differ from the Group Policy, the terms stated in the Group Policy will govern. The Policyholder, your Employer, and their respective employees or representatives have no right or authority to change or amend the Group Policy or to waive any of its terms or provisions without our signed written approval.

We may change the Group Policy in whole or in part when any change or clarification in law or governmental regulation affects our obligations under the Group Policy, or with the Policyholder's consent.

Any such change or amendment of the Group Policy may apply to current or future Members or to any separate classes or groups of Members.

LT.TA.OT.1

DEFINITIONS

Benefit Waiting Period means the period you must be continuously Disabled before LTD Benefits become payable. No LTD Benefits are payable for the Benefit Waiting Period. See **Coverage Features**.

Contributory means insurance is elective and Members pay all or part of the premium for insurance.

CPI-W means the Consumer Price Index for Urban Wage Earners and Clerical Workers published by the United States Department of Labor. If the CPI-W is discontinued or changed, we may use a comparable index. Where required, we will obtain prior state approval of the new index.

Employer means an employer (including approved affiliates and subsidiaries) for which coverage under the Group Policy is approved in writing by us.

Group Policy means the group LTD insurance policy issued by us to the Policyholder and identified by the Group Policy Number.

Indexed Predisability Earnings means your Predisability Earnings adjusted by the rate of increase in the CPI-W. During your first year of Disability, your Indexed Predisability Earnings are the same as your Predisability Earnings. Thereafter, your Indexed Predisability Earnings are determined on each anniversary of your Disability by increasing the previous year's Indexed Predisability Earnings by the rate of increase in the CPI-W for the prior calendar year. The maximum adjustment in any year is 10%. Your Indexed Predisability Earnings will not decrease, even if the CPI-W decreases.

Injury means an injury to the body.

L.L.C. Owner-Employee means an individual who owns an equity interest in an Employer and is actively employed in the conduct of the Employer's business.

LTD Benefit means the monthly benefit payable to you under the terms of the Group Policy.

Maximum Benefit Period means the longest period for which LTD Benefits are payable for any one period of continuous Disability, whether from one or more causes. It begins at the end of the Benefit Waiting Period. No LTD Benefits are payable after the end of the Maximum Benefit Period, even if you are still Disabled. See **Coverage Features**.

Noncontributory means (a) insurance is nonelective and the Policyholder or Employer pay the entire premium for insurance; or (b) the Policyholder or Employer require all eligible Members to have insurance and to pay all or part of the premium for insurance.

P.C. Partner means the sole active employee and majority shareholder of a professional corporation in partnership with the Policyholder.

Physical Disease means a physical disease entity or process that produces structural or functional changes in the body as diagnosed by a Physician.

Physician means a licensed M.D. or D.O., acting within the scope of the license. Physician does not include you or your spouse, or the brother, sister, parent, or child of either you or your spouse.

Pregnancy means your pregnancy, childbirth, or related medical conditions, including complications of pregnancy.

Prior Plan means your Employer's group long term disability insurance plan in effect on the day before the effective date of your Employer's participation under the Group Policy and which is replaced by coverage under the Group Policy.

LT.DF.OT.1

POLICYHOLDER PROVISIONS

A. Premiums

The premium due on each Premium Due Date is the sum of the premiums for all persons then insured. Premium Rates are shown in **Coverage Features**.

B. Contributions From Members

The Policyholder determines the amount, if any, of each Member's contribution toward the cost of insurance.

C. Changes In Premium Rates

We may change Premium Rates whenever:

1. A change or clarification in law or governmental regulation affects the amount payable under the Group Policy. Any such change in Premium Rates will reflect only the change in our obligations.

2. Factors material to underwriting the risk we assumed under the Group Policy with respect to an Employer, including, but not limited to, number of persons insured, age, Predisability Earnings, gender, and occupational classification, changes by 25% or more.
3. The premium contribution arrangement for Members is changed or varies from that stated in the Group Policy when issued or last renewed.
4. We and the Policyholder or the Employer mutually agree to change Premium Rates.

Except as provided above, Premium Rates will not be changed during the Initial Rate Guarantee Period shown in **Coverage Features**. Thereafter, except as provided above, we may change Premium Rates upon 31 days advance written notice to the Policyholder. Any such change in Premium Rates may be made effective on any Premium Due Date, but no such change will be made more than once in any contract year. Contract years are successive 12 month periods computed from the end of the Initial Rate Guarantee Period.

D. Payment Of Premiums

All premiums are due on the Premium Due Dates shown in **Coverage Features**.

Each premium is payable on or before its Premium Due Date directly to us at our home office. The payment of each premium by the Policyholder as it becomes due will maintain the Group Policy in force until the next Premium Due Date.

E. Grace Period And Termination For Nonpayment

If a premium is not paid on or before its Premium Due Date, it may be paid during the following Grace Period of 31 days. The Group Policy or an Employer's coverage under the Group Policy will remain in force during the Grace Period.

If the premium is not paid during the Grace Period, the Group Policy will terminate automatically at the end of the Grace Period.

The Policyholder is liable for premium for coverage during the Grace Period. We may charge interest at the legal rate for any premium which is not paid during the Grace Period, beginning with the first day after the Grace Period.

F. Termination For Other Reasons

The Policyholder may terminate the Group Policy by giving us written notice. The effective date of termination will be the later of:

1. The date stated in the notice; and
2. The date we receive the notice.

We may terminate the Group Policy as follows:

1. On any Premium Due Date if the number of persons insured is less than the Minimum Participation shown in **Coverage Features**.
2. On any Premium Due Date if we determine that the Policyholder has failed to promptly furnish any necessary information requested by us, or has failed to perform any other obligations relating to the Group Policy.

The minimum advance notice of termination by us is 31 days.

G. Premium Adjustments

Premium adjustments involving a return of unearned premiums to the Policyholder will be limited to the 12 months just before the date we receive a request for premium adjustment.

H. Certificates

We will issue certificates to the Policyholder showing the coverage under the Group Policy. The Policyholder will distribute a certificate to each insured Member. If the terms of the certificate differ from the Group Policy, the terms stated in the Group Policy will govern.

I. Records And Reports

The Policyholder will furnish on our forms all information reasonably necessary to administer the Group Policy. We have the right at all reasonable times to inspect the payroll and other records of the Policyholder which relate to insurance under the Group Policy.

J. Agency And Release

Individuals selected by the Policyholder or by any Employer to secure coverage under the Group Policy or to perform their administrative function under it, represent and act on behalf of the person selecting them, and do not represent or act on behalf of Standard. The Policyholder, Employer and such individuals have no authority to alter, expand or extend our liability or to waive, modify or compromise any defense or right we may have under the Group Policy. The Policyholder and each Employer hereby release, hold harmless and indemnify Standard from any liability arising from or related to any negligence, error, omission, misrepresentation or dishonesty of any of them or their representatives, agents or employees.

K. Notice Of Suit

The Policyholder or Employer shall promptly give us written notice of any lawsuit or other legal proceedings arising under the Group Policy.

L. Entire Contract, Changes

The Group Policy and the applications of the Policyholder constitute the entire contract between the parties. A copy of the Policyholder's application is attached to the Group Policy when issued.

The Group Policy may be changed in whole or in part. No change in the Group Policy will be valid unless it is approved in writing by one of our executive officers and given to the Policyholder for attachment to the Group Policy. No agent has authority to change the Group Policy, or to waive any of their provisions.

M. Effect On Workers' Compensation, State Disability Insurance

The coverage provided under the Group Policy is not a substitute for coverage under a workers' compensation or state disability income benefit law and does not relieve the Employer of any obligation to provide such coverage.

Eligibility Feed Specifications

Customer Name v1.0

Effective Date: [Click here to enter a date.](#)

Standard Insurance Company (The Standard) uses eligibility feeds containing employee information in support of our telephonic intake, absence management and claim adjudication processes. Data from these feeds contribute to improve employee experience, reduce the burden on employer Human Resources departments, and make The Standard's administration of your plans more efficient.

This document is intended to provide the following information:

- Feed implementation schedule and critical path milestones that must be met to ensure the feed is ready on your effective date
- Feed and delivery specifications, including file transmission method, file naming convention, and other logistical information

Ensuring a Successful Feed Implementation

The most important factors to successfully implementing a data feed are as follows:

- Prior to initial discussions about the feed, resources with knowledge of the Policyholder's source system should review what information is available to provide on the feed.
- Both business decision makers and technical resources should be available for the data specifications discussions.
- After test files are sent, resources at the Policyholder should remain available to make necessary modifications to match the data feed specifications and re-send test files as necessary.
- The milestones reflected on the timeline below are critical to ensuring a successful implementation for the eligibility file feed. Significant delays from the target dates may result in a delayed file feed implementation date.
- Any processing of additional files or use of another format than those specified below may add complexity, time and cost to the feed implementation schedule.

Implementation Timeline

Activities	Deliverable from Policyholder	Due Date
Feed and Data Specifications <i>Determine data included, how it is packaged, and method of transfer</i>	The feed discussions end with a formal sign off of specifications via email. When a TPA is involved, both you and your TPA must sign off.	Click here to enter a date.
Testing Phase I: Test File #1 <i>Test accuracy of the specs finalized during specifications, and mapping file</i>	File generated from your test system including all possible data variations we could expect in the production data file. NOTE: The due date is for a test file that has <u>no known issues</u> . The first test files should be sent earlier than this date, i.e. as soon as they are ready for The Standard to review.	Click here to enter a date.
Testing Phase II: Test File #2 <i>Transfer the file electronically to test the new connection and ensure the full data set is correctly processed through the system</i>	File generated from your test system including all possible data variations we could expect in the production data file. NOTE: This is a <u>production-like</u> test file.	Click here to enter a date.
Testing Phase III: Production File #1 <i>Final verification of production file, includes end user validation that data will support services offered</i>	Full file generated from your production system. NOTE: This is the Production Preview file.	Click here to enter a date.
Final Production File <i>Final file sent to be loaded into production</i>	Full file generated from your production system to be loaded into The Standard production system no later than one week before the go live date.	Click here to enter a date.

Data Specifications

File Layout - Instructions

- Blank Positions
If data will not be included in the file for any of the optional data attributes, the field must be included as a blank position (two delimiters next to each other for pipe delimited files). A blank position is indicated with `<>` in column 1 in the file layout below.
- Feed will contain a header row (Column Headings) Yes No (default)
- If Domain Values column is populated, values must exactly match one or more of the values in that column, unless otherwise indicated.
- Required Data Format

Dates	YYYYMMDD
Currency	9999999999.99
Phone Numbers	9999999999

Customer Specific File Notes

•

Minimum Data Required

Data in this section includes basic information about the employee and their employment.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
01	Required	Organization ID	Hard code value: "<>"	Not Null		Unique identifier provided by The Standard.
02	Required	Employer ID	Hard code value: "0"	Not Null		Unique identifier for the Employer provided by the Standard.
03	Required	Unique Employee ID Type	Hard code value: "<>"	Not Null	SSN EID	Indicator of whether the SSN or Employee ID is the unique key for this employee record.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
04	<input type="checkbox"/>	SSN		Format = 999999999 Not Null if Record Unique ID		Either this field or the Employee ID field is required, and will be the primary <u>unique</u> key for the employee. NOTE: SSNs cannot be duplicated on unique Employee IDs. Required for Absence Management with STD
05	<input type="checkbox"/>	Employee ID		Not Null if Record Unique ID		Either this field or the SSN field is required, and will be the primary <u>unique</u> key for the employee. Not Null if Record Unique ID. NOTE: SSNs cannot be duplicated on unique Employee IDs. Required for Absence Management.
06	Required	First Name		Not Null		Employee first name.
07	<input type="checkbox"/>	Middle Name				Employee middle name/initial.
08	Required	Last Name		Not Null		Employee last name.
09	<input type="checkbox"/>	Name Suffix		If not null, must match Domain Values	Generational: I II III IV JR SR	Employee name suffix, if applicable.
10	Required	Date of Birth		Not Null Format = YYYYMMDD		Employee date of birth.
11	<input type="checkbox"/>	Date of Death		Format = YYYYMMDD		Employee date of death.
12	Required	Gender		Not Null Must match Domain Values	M F U	Employee gender.
13	<input type="checkbox"/>	Marital Status		If not null, must match Domain Values	Common Law Divorced Domestic Partner Married Separated Single Unknown Widowed	Employee marital status. May be required for Absence Management. For example, if applying rule that spouses have to share leave time.
14	Required	Address Line 1		Not Null		Employee home address.
15	<input type="checkbox"/>	Address Line 2				Employee home address, line 2 if needed.
16	<input type="checkbox"/>	Address Line 3				Employee home address, line 3 if needed.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
17	Required	City		Not Null		City associated with employee home address.
18	Required	State/Province		Not Null for USA		State/Province (according to ISO standards) associated with employee home address.
19	Required	Postal Code		Not Null		Postal code associated with employee home address.
20	Required	Country		Not Null		Country code (according to ISO standards) associated with employee home address.
21	Required	Work State		Not Null		State/Province where an employee or member works; this may be different from the state they live in. Note: Work state determines state-specific correspondence.
22	Required	Most Recent Hire Date		Not Null Format = YYYYMMDD		Most current date of hire for employee. Note: Used for eligibility determination.
23	<input type="checkbox"/>	Original Hire Date		Format = YYYYMMDD		Date the employee was first employed by the client . Required for Absence Management when Adjusted Hire Date is not available
24	<input type="checkbox"/>	Adjusted Hire Date		Format = YYYYMMDD		Current hire date adjusted to include any previous employment. Often called 'Credited Service Date' Required for Absence Management
25	Required	Employment Termination Date		Format = YYYYMMDD		Date employment is terminated.
26	<input type="checkbox"/>	Non-Work Phone		Format = 9999999999		Telephone number where an employee or member can be reached after normal business hours.
27	<input type="checkbox"/>	Email Address				Employee email address. Required for Absence Management for employees who are Corporate Users, HR Users, or Supervisors so email notifications can be sent from the system.

Advanced Eligibility Determinations Data Specifications

Data in this section will reduce the administrative burden on the employer and allow for faster claim decisions. Therefore, some fields in this section may be required based on the contract language. If the data cannot be provided on the feed, it will be gathered through outreach to the employer.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
28	<input type="checkbox"/>	Job Title				Employee job title. May be required for Absence Management if administering fitness for duty.
29	<input type="checkbox"/>	Employment Status		If not null, must match Domain Values	Active Active Military – Overseas Active Military – USA Deceased Inactive Leave of Absence Leave of Absence FMLA Leave of Absence Military Paid Leave of Absence Retired Suspended Temporary Layoff Terminated Unpaid Leave of Absence	Employee's state of employment.
30	<input type="checkbox"/>	Scheduled Work Hours				Hours an employee works during the period specified in the Scheduled Work Hours Frequency specified (Field 31).
31	<input type="checkbox"/>	Scheduled Work Hours Frequency		If not null, must match Domain Values	Annual Weekly Monthly Daily Bi-Weekly Semi-Monthly Irregular	Period of time an employee works the Scheduled Work Hours (field 30).
32	<input type="checkbox"/>	Employee Pay Type		If not null, must match Domain Values	Hourly Salary Commission Salary + OT	The way an employee receives their pay.
33	<input type="checkbox"/>	Full/Part Time		If not null, must match Domain Values	Full Time Part Time F P	Full/Part time status of an employee.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
34	<input type="checkbox"/>	Exempt Status		If not null, must match Domain Values	Exempt Non-Exempt Y N	Exempt status of an employee.
35	<input type="checkbox"/>	Employment Type		If not null, must match Domain Values	Regular Temporary Seasonal	Type of employee.
36	<input type="checkbox"/>	Union Flag		If not null, must match Domain Values	Y N	Flag indicating employee affiliation with a union.
37	<input type="checkbox"/>	Union Name				Name of union with which employee or member is affiliated.
38	<input type="checkbox"/>	User Defined 1				Used for additional information, if needed.
39	<input type="checkbox"/>	User Defined 2				Used for additional information, if needed.
40	<input type="checkbox"/>	User Defined 3				Used for additional information, if needed.
41	<input type="checkbox"/>	User Defined 4				Used for additional information, if needed.
42	<input type="checkbox"/>	User Defined 5				Used for additional information, if needed.

Claim Outreach Data Specifications

Data in this section includes the contact information for the Human Resources personnel responsible for completing the employer section of the claim form. This data supports the **telephonic claim intake with outreach model**.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
43	Required	HR Contact Recipient	Hard code value that will display on the Employer Notification email (Attention: <>).			Name of individual or group receiving Employer Notification.
44	Required	HR Contact Email Address	Hard code value that Employer Notification email should be sent to.			Email address or alias that will receive the Employer Notification. Note: This value can be specific to each employee or the same for all employees.
45	<input type="checkbox"/>	HR Contact Work Phone		Format = 9999999999		HR contact phone number.
46	<input type="checkbox"/>	HR Contact Work Address 1				HR Contact work address.
47	<input type="checkbox"/>	HR Contact Work Address 2				HR Contact work address 2, if needed.
48	<input type="checkbox"/>	HR Contact Work City				HR Contact work city.
49	<input type="checkbox"/>	HR Contact Work State				HR Contact work state.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
50	<input type="checkbox"/>	HR Contact Work Postal Code				HR Contact work postal code.

Claim Reporting

Only needed if reports will be broken out in AdminEASE (STD and LTD for Claim Intake and LTD for Absence Management).
Policyholder defined reporting categories:

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
51	<input type="checkbox"/>	Reporting Category 1				Subsidiary name, division name, department name, work location, location code, etc that will be used to break out reports in AdminEASE.
52	<input type="checkbox"/>	Reporting Category 2				Subsidiary name, division name, department name, work location, location code, etc that will be used to break out reports in AdminEASE.
53	<input type="checkbox"/>	Reporting Category 3				Subsidiary name, division name, department name, work location, location code, etc that will be used to break out reports in AdminEASE.
54	<input type="checkbox"/>	Reporting Category 4				Subsidiary name, division name, department name, work location, location code, etc that will be used to break out reports in AdminEASE.
55	<input type="checkbox"/>	Reporting Category 5				Subsidiary name, division name, department name, work location, location code, etc that will be used to break out reports in AdminEASE.

Coverage Details

The following fields define products and services the employee and their dependents have either elected (voluntary) or are provided by the policyholder.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
56	<input type="checkbox"/>	STD Policy	Hard code value: "<>"	Format = 999999		STD Policy Number provided by The Standard.
57	<input type="checkbox"/>	STD Plan	Hard code value: "<>"			STD Plan Code provided by The Standard.
58	<input type="checkbox"/>	STD Product	Hard code value: "ST"	ST = Short Term Disability		STD Product Code provided by The Standard.
59	<input type="checkbox"/>	STD Employer Plan Code				Employer Plan Code that would uniquely identify the STD product.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain {Expected} Values	Definition of Value
60	<input type="checkbox"/>	STD Benefit Waiting Period		Number		Employee elected waiting period.
61	<input type="checkbox"/>	STD Benefit Percent				Employee elected percent of benefit.
62	<input type="checkbox"/>	STD Other Option				If needed, this would be the class, earnings multiplier, coverage amount, etc...
63	<input type="checkbox"/>	STD AM Class				Unique class number provided by The Standard for use by the Absence Management System.
64	<input type="checkbox"/>	STD Effective Date		Format = YYYYMMDD		Required when employee has STD coverage. This is the date the coverage begins. Populate only when a coverage becomes effective for an employee.
65	<input type="checkbox"/>	STD Termination Date		Format = YYYYMMDD		The last day the STD coverage is in effect; the coverage terminates at the end of this day. Termination Date is required in order for us to end the coverage in our system. Note: If the coverage was never in force, the Termination Date should be the same as the Effective Date or one day prior.
66	<input type="checkbox"/>	LTD Policy	Hard code value: "<>"	Format = 999999		LTD Policy Number provided by The Standard.
67	<input type="checkbox"/>	LTD Plan	Hard code value: "<>"			LTD Plan Code provided by The Standard.
68	<input type="checkbox"/>	LTD Product	Hard code value: "LT"	LT = Long Term Disability		LTD Product Code provided by The Standard.
69	<input type="checkbox"/>	LTD Employer Plan Code				Employer Plan Code that would uniquely identify the LTD product.
70	<input type="checkbox"/>	LTD Benefit Waiting Period		Number		Employee elected waiting period.
71	<input type="checkbox"/>	LTD Benefit Percent				Employee elected percent of benefit.
72	<input type="checkbox"/>	LTD Selected Amount		Number		Employee elected benefit amount.
73	<input type="checkbox"/>	LTD Other Option				If needed, this would be the class, earnings multiplier, coverage amount, etc...
74	<input type="checkbox"/>	LTD AM Class				Unique class number provided by The Standard for use by the Absence Management System.
75	<input type="checkbox"/>	LTD Effective Date		Format = YYYYMMDD		Required when employee has LTD coverage. This is the date the coverage begins. Populate only when a coverage becomes effective for an employee.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain {Expected} Values	Definition of Value
76	<input type="checkbox"/>	LTD Termination Date		Format = YYYYMMDD		The last day the LTD coverage is in effect; the coverage terminates at the end of this day. Termination Date is required in order for us to end the coverage in our system. Note: If the coverage was never in force, the Termination Date should be the same as the Effective Date or one day prior.
77	<input type="checkbox"/>	LTD Termination Reason				Reason the LTD coverage terminated. Note: May be required for portability and conversion, if more robust capabilities are desired.
78	<input type="checkbox"/>	[Other Disability Coverage] Policy	Hard code value: "<>"	Format = 999999		Policy Number provided by The Standard.
79	<input type="checkbox"/>	[Other Disability Coverage] Plan	Hard code value: "<>"			Plan Code provided by The Standard.
80	<input type="checkbox"/>	[Other Disability Coverage] Product	Hard code value: "<>"			Product Code provided by The Standard.
81	<input type="checkbox"/>	[Other Disability Coverage] Option 1				If needed, this would be the class, earnings multiplier, coverage amount, benefit percent, etc...
82	<input type="checkbox"/>	[Other Disability Coverage] Option 2				If needed, this would be the class, earnings multiplier, coverage amounts, benefit percent etc...
83	<input type="checkbox"/>	[Other Disability Coverage] Effective Date		Format = YYYYMMDD		Required when employee has coverage. This is the date the coverage begins. Populate only when a coverage becomes effective for an employee.
84	<input type="checkbox"/>	[Other Disability Coverage] Termination Date		Format = YYYYMMDD		The last day the coverage is in effect; the coverage terminates at the end of this day. Termination Date is required in order for us to end the coverage in our system. Note: If the coverage was never in force, the Termination Date should be the same as the Effective Date or one day prior.
85	<input type="checkbox"/>	Basic Life Policy	Hard code value: "<>"	Format = 999999		Policy Number provided by The Standard.

Field	Include In File	Attribute	Comments/Instruction for Policyholder	Format and Data Rule(s)	Domain (Expected) Values	Definition of Value
86	<input type="checkbox"/>	Basic Life Plan	Hard code value: "A"			Plan Code provided by The Standard.
87	<input type="checkbox"/>	Basic Life Product	Hard code value: "BL"	BL = Basic Life		Product Code provided by The Standard.
88	<input type="checkbox"/>	Basic Life Amount		Number		Amount of Basic Life purchased.
89	<input type="checkbox"/>	Basic Life Other Option				If needed, this would be the class, earnings multiplier, coverage amount, benefit percent, etc...
90	<input type="checkbox"/>	Basic Life Effective Date		Format = YYYYMMDD		Required when employee has Basic Life coverage. This is the date the coverage begins. Populate only when a coverage becomes effective for an employee.
91	<input type="checkbox"/>	Basic Life Termination Date		Format = YYYYMMDD		The last day the Basic Life coverage is in effect; the coverage terminates at the end of this day. Termination Date is required in order for us to end the coverage in our system. Note: If the coverage was never in force, the Termination Date should be the same as the Effective Date or one day prior.
92	<input type="checkbox"/>	Basic Life Termination Reason				Reason the coverage terminated. Note: May be required for portability and conversion, if more robust capabilities are desired.
93	<input type="checkbox"/>	Basic AD&D Policy	Hard code value: "<>"	Format = 999999		Policy Number provided by The Standard.

1 x Salary	\$0.030	\$0.045
2 x Salary	\$0.030	\$0.045
3 x Salary	\$0.030	\$0.045
4 x Salary	\$0.030	\$0.045

Please provide sample calculations:

Optional AD&D

Employee Only
\$46,000 Benefit (1 x salary) x .03 divided by 1,000 = \$1.38 monthly
Employee and Family
\$46,000 Benefit (1 x salary) x .045 divided by 1,000 = \$2.07 monthly

The Standard current Basic Life plan has an Experience Rated Refunding with a Claims Fluctuation Reserve (ERR/CFR). As part of this proposal, we are willing to offer ERR/CFR on a combined/cross refunding on all products.

Optional Dependent Life	
Benefit	Rate Per \$1,000 *
\$5,000	\$0.30
\$10,000	\$0.60
\$25,000	\$1.50

* The current rates with The Standard are Per Member Per Month. We are continuing this same method of billing for this quote. The rate per \$1,000 is \$0.05.

Please provide sample calculations for all levels of coverage:

Please see calculations to the left.

Optional AD&D		
Per \$1,000	Employee Only	Employee + Family
1 x Salary	\$0.030	\$0.045
2 x Salary	\$0.030	\$0.045
3 x Salary	\$0.030	\$0.045
4 x Salary	\$0.030	\$0.045

Please provide sample calculations:

Please see calculations to the left.

Disability

Benefit - Active Employees	STD
	per \$10 of benefit
Basic 50% up to \$500 (per week)	\$0.082
Buy-Up 60% up to \$700 (per week)	\$0.046
Buy-Up 66 2/3% up to \$1,250 (per week)	\$0.071

Benefit - Active Employees	LTD
	per \$100 of salary
Basic 50% up to \$2,000 (per month)	\$0.200
Buy-Up 60% up to \$3,000 (per month)	\$0.155
Buy-Up 66 2/3% up to \$5,000 (per month)	\$0.300

Please provide sample calculations:

Please see calculations to the left.

Section F – Questions to Vendors

Questions to Vendors

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
Intent to Bid		
1.1	Does your company intend to submit a proposal for benefits, programs and/or administrative services as requested and specified in the request for proposal?	Yes, we intend to submit a proposal for benefits as requested.
General		
2.1	For which coverages will you be submitting a proposal?	
	Basic Life	Yes
	Supplemental Employee Life	Yes
	Supplemental Spouse/Dependent Life	Yes
	Voluntary AD&D	Yes
	Basic Long Term Disability	Yes
	Buy-Up Long Term Disability	Yes
	Basic Short Term Disability	Yes
	Buy-Up Short Term Disability	Yes
2.2	Please describe your organization's approach to servicing the specific needs and account management of University of Idaho.	As the incumbent carrier for Life and AD&D, The Standard has a unique understanding of the needs of University of Idaho. It is our hope that through this proposal process we are able to continue to build on a foundation of mutual success and further a long lasting relationship with University of Idaho.
2.3	Do you subcontract any services to an outside organization? If yes, identify which services are outsourced.	<p>The Standard uses specialized service providers to enhance our customer-focused services. The Standard internally manages our customer service, underwriting, billing, claims processing and benefit disbursement functions.</p> <p>For our Life insurance coverages, we contract with national vendors to obtain copies of applicants' medical records when required, and also to arrange and perform blood/urine specimen collections (and occasionally physical examinations) when required. Currently, our primary vendors are Western Field Investigators (WFI) for medical records; ExamOne for exams; and LabOne and Clinical Reference Laboratory for lab work. We do use other vendors from time to time and may switch primary vendors if more favorable terms become available from a competing vendor.</p> <p>Many of our policies have a travel assistance service (FrontierMEDEX). We outsource this service to FrontierMEDEX Assistance Corporation.</p> <p>For our Life products, our records service provider is Creative Business Concepts in Minnesota.</p> <p>The Standard uses RGA Reinsurance Company for reinsurance of amounts in excess of \$750,000 combined Life and AD&D insurance. Our reinsurer, RGA Reinsurance Company, is not involved in the claims approval process. They are notified, for informational purposes only, when a substantial claim has been filed.</p>

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
		<p>For STD and LTD: Our vocational staff maintains a nationwide network of vocational professionals who act as local resources for our customers and their disabled employees. The vocational professionals we use most often are Mhays, Crawford, Coventry, MedAllocators and Stubbe & Associates. Our staff coordinates closely with them on each referred case, ensuring quality service and results. We also partner with the vocational rehabilitation departments in each state to share services and resources.</p> <p>When we need an independent medical examination, we rely on a nationwide network of vendors to select a board-certified physician with the appropriate specialty and proximity to the disabled employee. We utilize Western Field Investigations, a national medical records retrieval provider, to request and obtain medical records from medical providers.</p> <p>For Social Security assistance, our primary Social Security service provider is Allsup Inc. Allsup Inc. has onsite Social Security experts screen all approved claims for likelihood of Social Security approval and work with those insured individuals to apply and secure awards on their behalf. Our onsite experts also offer coaching and counseling service for employees who may be filing for Social Security Disability on their own or who do not appear to meet the Social Security Disability requirements. We offer these services at no cost to the member.</p> <p>The Standard has an internal Overpayment Recovery Unit, which we use if an appropriate repayment plan is not in place within 30 days. If we need additional collection activities, the Overpayment Recovery Unit uses the services of an outside vendor, Stuart Allan. Our subrogation provider is Ingenix, and our lien provider is Midas Recovery.</p> <p>The Standard offers a Health Advocacy Solution through Health Advocate, a leading health advocacy company founded in 2001, to assist employees with managing their health. This highly personalized service provides individuals with a dedicated personal Health Advocate who assists with a wide range of health care-related services designed to alleviate the burden placed on employers and employees to resolve health care issues.</p> <p>Horizon Health provides services for our employee assistance program (EAP), physical rehabilitation and behavioral health. Many of our policies have a travel assistance service (MEDEX Travel Assist). This service is outsourced to MEDEX Assistance Corporation.</p> <p>The Standard uses RGA Reinsurance Company for LTD reinsurance with a retention limit of \$15,000 per month. Our reinsurer, RGA Reinsurance Company, is not involved in the claims approval process. They are notified, for informational purposes only, when a substantial claim has been filed.</p> <p>For electronic eligibility and enrollment, The Standard partners with Businessolver, Inc. Businessolver, Inc. is able to support a client's entire benefit program, including: medical, dental and vision plans; life, STD and LTD; voluntary; 401(k); and HAS and FSA plans. There would be a charge for the other carriers' coverages, and the employer</p>

2.4 Provide ratings from the following rating agencies (complete all that apply):		
AM Best		A, Excellent
S&P		A+, Strong
Moody's		A2, Good
Fitch		We do not subscribe to Duff and Phelps (Fitch) rating system.

QUEST I AIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
2.5	Review each one of the requirements below and indicate your ability to comply.	
	All contracts will be issued with a Idaho situs.	Agreed.
	The anniversary date of the arrangement(s) will be January of each year.	Agreed.
	The first plan year will begin on January 1, 2013 for all plans bid on unless noted otherwise by University of Idaho.	Agreed.
	Benefit plan features, services and contract provisions may vary slightly from what is requested, however, any variations will not affect the benefit design or service delivery objectives described herein.	Agreed.
	If awarded the business, you will provide a detailed implementation plan that outlines the various phases and respective timelines and responsibilities.	Agreed.
	A minimum advance notice of at least 180 days must be provided for any rate or fee change other than one necessitated by an agreed upon plan change or statutory provision change.	Agreed.
	Any employee or eligible dependent who is covered by University of Idaho's benefit or service program described herein as of the effective date will be fully covered. All "actively at work" provisions are waived - for all plans.	Periodically, we will receive a request to waive the actively at work policy provision when a prospective customer is considering the transfer of their disability coverage from another carrier to The Standard. While we do not agree to waive the actively at work provision because of implications on potential future claims, we are providing Continuity of Coverage. The Continuity of Coverage provision enables benefits to be payable if a Disability is subject to a Preexisting Condition provision under the following conditions: a. The employee was covered under the Prior Plan on the day before the effective date of our Group Policy; b. The employee became insured under our Group Policy when insurance under the Prior Plan ceased; c. The employee was continuously insured under our Group Policy from the effective date of their insurance under the Group Policy through the date they became Disabled from a Preexisting Condition; and d. Benefits would have been payable under the terms of the Prior Plan if it had remained in force, taking into account the preexisting condition provision, if any, of the Prior Plan.
	Your organization will unconditionally agree to provide continuous coverage to all present plan participants, with no loss of benefits - on all plans.	Agreed, our contract provides continuity of coverage for all participants.
	There will be no benefit limitations for preexisting conditions applied to any employee or dependent covered under the University of Idaho plans as of the effective date.	Agree for Life and STD. However, on LTD The Standard will administer the same preexisting conditions limitation that is in the current plan - a 3/12 limitation. Our plan will include continuity of coverage for all participants so noone will loose coverage with
	There will be no preexisting condition exclusion for new hires, their dependents, or for acquired groups or companies.	Agree for Life and STD. However, on LTD The Standard will administer the same preexisting conditions limitation that is in the current plan - a 3/12 limitation. Our plan will include continuity of coverage for all participants so noone will loose coverage with
	All claim records and related data used by your organization as an insurer shall be available to University of Idaho as plan sponsor and plan administrator under ERISA.	Agreed.
	In the event of termination, all claim data and records necessary to administer the plans will be transferred back to University of Idaho within 30 days of notice to terminate. The transfer will be made electronically, based upon mutual agreement between your organization and University of Idaho.	Agreed.
	Your organization will not cede or subcontract any part of the arrangements requested here without informing University of Idaho.	Agreed.
2.6	Indicate any deviations from specification that your have for this RFP.	Agreed.

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
2.7	<p>Briefly describe any additional or optional services that your organization offers that have not specifically been requested (value added services).</p>	<p>The Standard currently offers a robust return to work program for both insured and self insured customers.</p> <p>We are experts at removing the barriers and reducing claim durations. We want to shoulder that burden for the client so that they can focus on their core business. In order to do this, we partner with the employer and collaborate with their existing programs to deliver the best outcomes. We differentiate ourselves through our dual-focus on Stay at Work/Return to Work and our clinical approach to the claims that will benefit the most from clinical intervention.</p> <p>We have several models including providing our customers with a dedicated Vocational Case Manager here at The Standard that will work in partnership with our employer. The program is designed to provide every opportunity for Employees to be successful in their return to work and stay at work efforts and help them achieve maximum self-support.</p> <p>The goal of our Return to Work Program is to provide a win-win for employer and employees by offering productive work based on restrictions provided by a physician. We help employee transition to full duty, to feel valued and to keep a workplace connection.</p> <p>The Standard also provides a Stay at Work Program which is paid for out of the Reasonable Accommodation Expense provision of the STD/LTD Contract.</p> <p>The primary emphasis of our Stay at Work Program is to:</p> <ul style="list-style-type: none"> • Keep employees at work and productive • Drive prudent return to work when stay at work is not an option • Optimize clinical resources by focusing on complex claims • Consistent use of clinical resources across STD and LTD • Multiple levels of assistance to the severely disabled • Focus on possibilities <p>The Standard Return to Work Program addresses mental health conditions on an equal basis with physical health conditions. The focus is always on the Employee's functional capacities and these include the ability to perform tasks that are physical, cognitive and emotional.</p> <p>The Standard's return to work team includes a dedicated Vocational Case Manager</p>
2.8	<p>University of Idaho assumes that your contract would hold them harmless and indemnify them from any actions on the part of your company, its employees and/or network providers (if applicable). Please confirm this assumption.</p>	<p>Individuals selected by the Policyholder or by any Employer to secure coverage under the Group Policy or to perform their administrative function under it, represent and act on behalf of the person selecting them, and do not represent or act on behalf of Standard Insurance Company, The Policyholder, Employer and such individuals have no authority to alter, expand or extend our liability or to waive, modify or compromise any defense or right we may have under the Group Policy. The Policyholder and each Employer hereby release, hold harmless and indemnify Standard Insurance Company from any liability arising from or related to any negligence, error, omission, misrepresentation or dishonesty of any of them or their representatives, agents or</p>

QUEST I AIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
2.9	Please confirm you are willing to accept a mutual indemnification clause in a service agreement/contract, except for gross negligence.	Our group insurance policies do not contain indemnification language that indemnifies the policyholder for The Standard's acts or omissions. However, we will agree in an administrative letter to the indemnification provisions included in the RFP in favor of University of Idaho.
2.10	Please confirm you will provide University of Idaho with updates on state/federal laws and regulation as needed.	Agreed.
2.11	Please confirm that the cost of creating and distributing all plan SPDs (i.e. you will pay for the cost of print, fulfillment and mailing of SPDs) is included as a service provided by your company and not at an extra cost to University of Idaho.	Agreed.
Basic Life/AD&D, Supplemental Life, Spouse/Dependent Life		
3.1	Will you provide a dedicated Account Manager and service representative to University of Idaho? If yes, where will that representative be located?	
3.2	Are the key people involved with the implementation also involved with ongoing account management?	
3.3	What will your organization offer to University of Idaho's communication resource team to help communicate the plan to employees?	
3.4	Are performance guarantees with fees at risk included for the services to be provided under this product? If yes, please describe as relates to both implementation and ongoing administration services.	Through the Performance Guarantee Program, our policyholders decide what aspects of service are most important to them and rate their satisfaction based on those criteria. The Standard promises to make every effort to meet those overall service expectations. If we fail to meet expectations, we will refund five percent (5%) of the previous quarter's plan administration expenses, excluding commission, premium tax and risk charges.
3.5	Indicate your average turnaround time for the preparation and supply of the following:	
	Policy/Contract:	The master contract is normally provided within 6 weeks of receiving the signed application and initial binder check.
	Employee Booklets:	Varies dependent on the details of the plan, as the inforce carrier University of Idaho already has the requested documents.
	Administration and Claims Procedure Manual:	Varies dependent on the details of the plan, as the inforce carrier University of Idaho already has the requested documents.
	Underwriting Agreement:	Varies dependent on the details of the plan, as the inforce carrier University of Idaho already has the requested documents.
	Financial Letter of Agreement and Contract Amendment:	Varies dependent on the details of the plan, as the inforce carrier University of Idaho already has the requested documents.
3.6	Indicate the inforce plan design provision that your are able to match exactly.	As the inforce carrier The Standard agrees to administer the current plan designs.
	Basic Life	As the inforce carrier The Standard agrees to administer the current plan designs.
	Benefit Schedule:	As the inforce carrier The Standard agrees to administer the current plan designs.
	Benefit Maximum:	As the inforce carrier The Standard agrees to administer the current plan designs.
	EOI Limit - New Hires:	As the inforce carrier The Standard agrees to administer the current plan designs.
	EOI Limit - Annual Enrollment:	As the inforce carrier The Standard agrees to administer the current plan designs.
	EOI Limit - Salary Changes	As the inforce carrier The Standard agrees to administer the current plan designs.
	Age reduction schedule	As the inforce carrier The Standard agrees to administer the current plan designs.

	Voluntary AD&D:	As the inforce carrier The Standard agrees to administer the current plan designs.

QUEST IRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
3.8	Please confirm that you will handle the EOI process from start to finish. Providing the forms to employees, following up for completion, notifying employee of approval/denial, etc.	Agreed
3.9	Will your company accept the current beneficiary designations on record for current participants?	The Standard can accept existing beneficiary designations once we have reviewed them to determine if they meet the guidelines under our policy, and can be used to administer the plan when a claim occurs.
3.10	What is the minimum participation requirement for employee supplemental life as a percentage of total eligibles?	20.00%
3.11	What effect does not meeting the minimum participation requirement for the employee supplemental life have on the rates?	We would work with the client to increase the participation. Your current participation level for Additional Life is current 39% so this shouldn't be a problem.
3.12	What is the location of the claims processing site that would service University of Idaho?	Claims will be processed in our home office location in Portland, Oregon.
3.13	Does a Third Party Administrator (TPA) pay any claims? If yes, explain.	No, we pay all claims in house.
3.14	Will you provide monthly paid-claims summaries?	Yes
3.15	Are you able to provide on-line access to your company's claims adjudication systems?	We do not provide online access to our claims adjudication system, we do however provided online access to our Reports OnlineSM tool to track claims progress.
3.16	Can employee eligibility be updated on-line?	eligibility can be updated through a data feed, online eligibility updates are not currently available.
3.17	Confirm that detailed quarterly reports will be available and be provided to the client within 30 days of the end of each quarter for all lines of coverage you are awarded.	Agreed
3.18	Confirm that the annual financial report will be available and provided to the client within 60 days of the end of the policy year or receipt of all necessary information from the client, whichever is later.	Agreed
3.19	Confirm you can guarantee rates for three or more years for Basic Life/AD&D, Supplemental Life and Basic Dependent Life insurance.	The Standard is offering a three year rate guarantee.
3.20	Confirm your quote assumes University of Idaho will self-administer the billing.	Agreed
3.21	Confirm no commissions, overrides, and/or finder's fees will be paid to any party. All rates should be quoted net of commissions.	Agreed
3.22	Confirm renewal rates will be furnished at least 180 days prior to the end of the contract year.	Agreed
3.23	Are any of the quoted rates contingent upon the purchase of any other proposed services? If yes, explain.	No

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
3.24	Are there minimum participation requirements for the Supplemental Life Insurance? If yes, what are the requirements?	Yes, 20%. Your current participation level for Supplemental Life is current 39% so this shouldn't be a problem.
3.25	Do the rates for Supplemental Life Insurance include portability? If no, what percentage increase should be applied to each rate to add the portability feature?	Yes
3.26	Confirm that the Basic Life/AD&D rates will not be artificially lowered by inflating the Supplemental Life rates.	Agreed
3.27	Describe the rating and funding approach your company contemplates applying to this contract. Also, describe methodology used in developing future renewals.	<p>Our proposal and renewal rating is based on our best prediction of the premium needed to pay the claims incurred in the next year (and our related expenses). We would like to explain our methodology to you, but we also want you to know that we are flexible. We will tailor our methods to each group.</p> <p>Our formulas include two different analyses of experience:</p> <p>First, we look at the demographics. The Standard has thousands of insured groups. We use this data and actuarial tables to analyze the employees (and their occupations) along with the plan design. This information is used to prepare a calculated rate: the best estimate of a group's experience in the long term. When the group is of a smaller size and experience is not credible the underwriter will rely more heavily on this for rating. .</p> <p>Next, we review the recent experience. The industry standard is known as an "Incurred Experience Analysis". This approach applies claims -- reserves and paid claims -- to the time period in which the claim was incurred. We typically look at the most recent five years, and use the resulting formulas to generate an experience rate.</p> <p>These two rates are combined to help us determine the claims we can expect in the future. The Standard does not use future rating to recover losses.</p> <p>After the formulas, The Standard goes "beyond the numbers". We make sure the formula accurately represents future expectations:</p> <p>Did the group have a bad year due to layoffs that we do not expect to repeat in the future? Was there an unusually large claim that we should discount? Have plan design changes occurred that will be reflected in the future? Has the makeup of the group changed. e.g. are they hiring a lot of younger employees?</p> <p>At The Standard, we believe in reasonable rate stability. We will find the correct long term rate rather than jumping around to the last rate a formula suggests.</p> <p>The following are the various components of experience rating a proposal or renewal:</p> <p>Incurred Experience: Experience is analyzed on an Incurred basis. We match the total claims incurred in one year to the adjusted premium from that year. This approach</p>

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
		<p>claims incurred in one year to the adjusted premium from that year. This approach prevents the experience from being impacted by claims originally incurred many years ago.</p> <p>Earned and Adjusted Premium: Earned Premium includes premium that was actually due during the period shown. It does not include overpayments or adjustments from other periods. Therefore it reflects the group's actual insured volume and is not impacted by payment oddities. This premium is adjusted to the current rate to insure that all years risk gets equal weight, and is not skewed by radical rate changes.</p> <p>Total Incurred Claims: Incurred Claims are made up of three components. We include every claim that was incurred in a given period, including the total cash paid for that claim (all years for that claim), and it's ending reserve. The most recent period will also include a fully funded IBNR (Incurred But Not Reported) Reserve. This represents the claims that have been incurred, but not reported to The Standard. We typically give less weight to this period since the IBNR is an estimate, and often is a substantial portion of the claims in that period.</p> <p>Retention: Retention includes all expenses and risk charges. These include administrative expenses, premium taxes and commissions (when appropriate), claims expenses, etc. The retention is shown based on the current percentage (not historical) applied to the past period's Adjusted Premiums. We are measuring whether the current rate will adequately fund expected claims and expenses.</p> <p>Experience Rate: This rate would have run the experience in the period at breakeven. However, this assumes we believe the experience 100%. The rate includes retention.</p> <p>Loss Ratio: This ratio indicates what percentage of Adjusted Premiums were used for claims. It does not include retention.</p> <p>Life Years & Credibility: A life year is one insured member for one year. It is used to determine credibility: the larger the group, and the longer insured, the more we believe the experience.</p> <p>Experience Formula: We have two major components in our experience formula. We combine the Experience Rate with the Calculated Rate to determine our Blended Rate. The two components are blended based on the credibility.</p>
3.28	<p>Confirm that you will provide a draft of the certificate and master contract within 30 days of being awarded the business, and will respond to proposed revisions within 30 days of receipt. University of Idaho requires that certificates and master contract must be signed before beginning the implementation process. Confirm that certificate and the master contract can be completed prior to implementation.</p>	<p>We prefer to agree to provide this within 60 days.</p>

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
3.29	Do you allow conversion of life insurance? If so, what are conversion costs?	<p>The following table shows our current charges to the employer. These charges are the same for basic life as supplemental life. Individual rates vary and can be provided upon request. While we do not provide multi-year fee guarantees, we would like to note that this is the same charge that has been in effect for the past 10+ years and we have no current plans to change this fee.</p> <p>The charge per \$1,000 of converted life volume is:</p> <p>AGE RATE/\$1,000 Under age 35 \$ 25 35 – 44 50 45 – 54 120 55 – 64 225 Age 65 & over 410</p> <p>This charge goes against the experience of the group.</p>
3.30	If you are awarded the business will you provide an implementation credit?	Per your 12-46J Addendum 1 Questions and Answers Item #37. Are there any implementation allowances that we might be asked to pay that are not disclosed in the Request for Proposal? If so, please provide details. Your Answer was No. Because of this we have not included an implementation credit.

Long-Term Disability

4.1	What office(s) will administer University of Idaho's disability claims?	Claims will be processed in our home office location in Portland, Oregon.
4.2	In which of the following ways will you assist University of Idaho in developing communication and education materials (answer "yes" to all that apply)?	
	Drafting employee level communication (e.g. change in carrier, vendor announcement letters)	Yes
	Finalize and produce written materials for University of Idaho	Yes
	Distribute hard copy claims packets and forms to University of Idaho	Yes. We also offer on-line claims forms.
	Provide claim forms and supporting information online for University of Idaho	Yes
	Provide supervisory/administrative manuals as reference	Yes
	Assist client with internal training	Yes
	Create and support customized or co-branded websites	Yes
	Develop and conduct satisfaction surveys	Yes
	Provide claim forms and supporting information online for University of Idaho	Yes
	Provide supervisory/administrative manuals as reference	Yes
	Other, please explain:	
4.3	Will you provide consulting support to University of Idaho? Will your stewardship meetings include trends and key indicators?	Yes we will provide consulting support including trends and key indicators.
4.4	The frequency of stewardship meetings will be:	
	Monthly

4.19	Confirm you can guarantee rates for three or more years for Long-term Disability.	The Standard is offering a three year rate guarantee.
4.20	Confirm renewal rates will be furnished at least 180 days prior to the end of the contract year.	Confirmed
4.21	In event of termination, state your liability with respect to existing claimants who return to active employment and subsequently go back on disability for the same or related cause prior to the expiration of 6 months.	The Standard retains terminal liability for all approved claims incurred while a fully insured group policy was in force with us.
4.22	Confirm no commissions, overrides, and/or finder's fees will be paid to any party. All rates should be quoted net of commissions.	Confirmed
4.23	Confirm that you will provide a draft of the certificate and master contract within 30 days of being awarded the business, and will respond to proposed revisions within 30 days or receipt. University of Idaho requires that certificates and master contract must be signed before beginning the implementation. Confirm that you believe certificate and the master contract can be completed prior to implementation.	We prefer to agree to provide this within 60 days.

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
4.24	Confirm if a vendor or subcontractor, will provide Social Security communications material to employee. If there is a cost to provide, please give a range of that cost.	We offer the services of Allsup, Inc., our primary Social Security vendor, to help disabled individuals obtain Social Security Disability awards. We have several full-time Social Security Coordinators from Allsup on site. They screen newly approved LTD claims for Social Security viability and offer Social Security representation for appropriate cases. Allsup coaches, mentors and represents disabled employees by helping them initiate the application and pursue Social Security Disability benefits. The company provides status updates to the disabled individuals and The Standard throughout the application process as key milestones occur. Our process ensures early application for Social Security Disability benefits and reduced overpayments for disabled employees. Allsup also provides comprehensive Social Security offset and overpayment
4.25	Confirm if the vendor or subcontractor will provide assistance with the Social Security filing process. If there is a cost to provide, please give a range of that cost.	We offer the services of Allsup, Inc., our primary Social Security vendor, to help disabled individuals obtain Social Security Disability awards. We have several full-time Social Security Coordinators from Allsup on site. They screen newly approved LTD claims for Social Security viability and offer Social Security representation for appropriate cases. Allsup coaches, mentors and represents disabled employees by helping them initiate the application and pursue Social Security Disability benefits. The company provides status updates to the disabled individuals and The Standard throughout the application process as key milestones occur. Our process ensures early application for Social Security Disability benefits and reduced overpayments for disabled employees. Allsup also provides comprehensive Social Security offset and overpayment
4.26	In the event that Social Security disability claim is disallowed initially, or discontinued after initial approval, do you notify the policyholder of such action?	<p>The Social Security Administration will notify an insured individual (and his or her representative, if there is one) directly if the Social Security denies the disability claim. Allsup Inc., our Social Security advocate, regularly communicates with the individual's it represents and provides assistance once the Social Security Administration renders its claim decision.</p> <p>We do not routinely inform employers about Social Security approvals or denials. However, our online service, Reports OnlineSM, provides claims information, such as</p>
4.27	What procedures does your company follow in circumstances as specified in question 4.26 above? Do you assist the claimant in the process of appealing the Social Security denial? If yes, who pays the legal expenses of such appeal, your company or the claimant?	Yes, we assist claimants with reapplications, appeals, and hearings as part of our Social Security Advocacy program. We use any attorney's fee the Social Security Administration approved to reduce the LTD claims overpayment that the employee must reimburse.
4.28	If your company has adopted procedures for legal assistance to Social Security claimants in denial circumstances, what percentage of success have you achieved in the appeal process?	Initial Application 64.30% Reconsideration 25.2% Hearing 93.2% Overall 99.5%

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
4.29	Will your company consider the insured as having received Social Security benefits even though no benefits have actually been paid? Please explain any situations where your company would reduce the insured's benefit by the amount that may be payable by Social Security even though no Social Security benefits were paid.	<p>Typically, The Standard will pay full benefits while other income claims are pending. This allows disabled individuals to receive much-needed income, while they pursue other income, but will likely result in an overpayment once they receive other income.</p> <p>Disabled individuals may choose to receive LTD benefits we have reduced by estimated deductible income until that income is actually awarded. This allows them to prevent or reduce the overpayment amount that will occur when the deductible benefit is finally paid.</p> <p>We fully explain the impact of other income and the potential for overpayment to a disabled individual at the beginning of the claims process via letters and telephone discussions. We ask the individual to sign an "Agreement to Reimburse" to demonstrate understanding that an overpayment may occur and must be repaid to The Standard. We keep the disabled individual fully informed and conduct regular follow ups to aid in overpayment recovery.</p> <p>When an individual receives deductible income, we promptly calculate any overpayment and send a letter confirming the overpaid amount. We require full repayment at that time, but we may consider other repayment arrangements. Generally, we withhold LTD</p>
4.30	Will you agree to provide University of Idaho with a copy of the Explanation of Benefits (EOB) form sent to all LTD claimants? Please enclose a sample EOB.	Provided, please refer to section D of our proposal for a sample explanation of benefits.
4.31	Will you agree to provide experience reports to University of Idaho (quarterly and annually)?	Agreed
4.32	Will you agree to reinstate coverage, with all restrictions waived, following a lapse in coverage due to a Family Medical Leave Act leave of absence? State your policy with regard to these absences (i.e. pre-existing conditions, etc.).	If you cease to be a Member because of a covered Disability following the Benefit Waiting Period, your insurance will end; however, if you become a Member again immediately after LTD Benefits end, the Eligibility Waiting Period will be waived and, with respect to the condition(s) for which LTD Benefits were payable, the Preexisting Condition Exclusion will be applied as if your insurance had remained in effect during
4.33	Explain your partial disability provision in detail.	During the Benefit Waiting Period and the Own Occupation Period, you are Partially Disabled when you work in your Own Occupation but, as a result of Physical Disease, Injury, Pregnancy or Mental Disorder, you are unable to earn 80% or more of your Indexed Predisability Earnings, in that occupation.
4.34	Provide an example of your partial disability formula as applied for an individual who returns to work on a part-time basis following the 24 month own occupation period. Assume that the employee's pre-disability earnings were \$4,000 per month, and they are now working part-time, earning \$2,500 per month. What would be the partial benefit be in this circumstance?	We will discuss specific benefits scenarios as a finalist.

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
4.35	Provide an example of how to return to work days are counted for an employee who is absent intermittently, for purposes of determining recurrent disability periods (during the elimination period and after benefit commences)?	The Standard is committed to early, comprehensive vocational intervention that will return employees to work and promote partnerships with our policyholders. Our Benefits Analysts, Medical and Vocational staffs evaluate the employee and his or her own job/occupation through job analysis, ergonomics, employee interviews, transferable skill analyses, and medical consultations. We would be happy to work with your Occupational Health Manager, HR Managers, and Supervisors to transition employees back to work through programs which could include light duty, modified work stations, alternate positions, or graduated return to work plans.
4.36	Is a conversion policy available? If so, is there any cost to University of Idaho?	Yes, the cost is and additional .01% of Monthly Earnings
4.37	Describe the rating and funding approach your company contemplates applying to this contract. Also, describe methodology used in developing future renewals.	<p>Our proposal and renewal rating is based on our best prediction of the premium needed to pay the claims incurred in the next year (and our related expenses). We would like to explain our methodology to you, but we also want you to know that we are flexible. We will tailor our methods to each group.</p> <p>Our formulas include two different analyses of experience:</p> <p>First, we look at the demographics. The Standard has thousands of insured groups. We use this data and actuarial tables to analyze the employees (and their occupations) along with the plan design. This information is used to prepare a calculated rate: the best estimate of a group's experience in the long term. When the group is of a smaller size and experience is not credible the underwriter will rely more heavily on this for rating.</p> <p>Next, we review the recent experience. The industry standard is known as an "Incurred Experience Analysis". This approach applies claims -- reserves and paid claims -- to the time period in which the claim was incurred. We typically look at the most recent five years, and use the resulting formulas to generate an experience rate.</p> <p>These two rates are combined to help us determine the claims we can expect in the future. The Standard does not use future rating to recover losses.</p> <p>After the formulas, The Standard goes "beyond the numbers". We make sure the formula accurately represents future expectations:</p> <p>Did the group have a bad year due to layoffs that we do not expect to repeat in the future? Was there an unusually large claim that we should discount? Have plan design changes occurred that will be reflected in the future? Has the makeup of the group changed, e.g. are they hiring a lot of younger employees?</p> <p>At The Standard, we believe in reasonable rate stability. We will find the correct long term rate rather than jumping around to the last rate a formula suggests.</p> <p>The following are the various components of experience rating a proposal or renewal:</p> <p>Incurred Experience: Experience is analyzed on an Incurred basis. We match the total claims incurred in one year to the adjusted premium from that year. This approach</p>

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
		<p>claims incurred in one year to the adjusted premium from that year. This approach prevents the experience from being impacted by claims originally incurred many years ago.</p> <p>Earned and Adjusted Premium: Earned Premium includes premium that was actually due during the period shown. It does not include overpayments or adjustments from other periods. Therefore it reflects the group's actual insured volume and is not impacted by payment oddities. This premium is adjusted to the current rate to insure that all years risk gets equal weight, and is not skewed by radical rate changes.</p> <p>Total Incurred Claims: Incurred Claims are made up of three components. We include every claim that was incurred in a given period, including the total cash paid for that claim (all years for that claim), and it's ending reserve. The most recent period will also include a fully funded IBNR (Incurred But Not Reported) Reserve. This represents the claims that have been incurred, but not reported to The Standard. We typically give less weight to this period since the IBNR is an estimate, and often is a substantial portion of the claims in that period.</p> <p>Retention: Retention includes all expenses and risk charges. These include administrative expenses, premium taxes and commissions (when appropriate), claims expenses, etc. The retention is shown based on the current percentage (not historical) applied to the past period's Adjusted Premiums. We are measuring whether the current rate will adequately fund expected claims and expenses.</p> <p>Experience Rate: This rate would have run the experience in the period at breakeven. However, this assumes we believe the experience 100%. The rate includes retention.</p> <p>Loss Ratio: This ratio indicates what percentage of Adjusted Premiums were used for claims. It does not include retention.</p> <p>Life Years & Credibility: A life year is one insured member for one year. It is used to determine credibility: the larger the group, and the longer insured, the more we believe the experience.</p> <p>Experience Formula: We have two major components in our experience formula. We combine the Experience Rate with the Calculated Rate to determine our Blended Rate. The two components are blended based on the credibility.</p>

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
4.38	Does your quoted plan include limitations on disabilities from mental/nervous disorders, alcohol/drug abuse and self-reported (or subjective) diagnosis?	<p>Our LTD policy defines Mental Disorders and Substance Abuse (in part) as: Payment of LTD Benefits is limited to 24 months during your entire lifetime for a Disability caused or contributed to by any one or more of the following, or medical or surgical treatment of one or more of the following:</p> <ol style="list-style-type: none"> 1. Mental Disorders; 2. Substance Abuse <p>Mental Disorder means any mental, emotional, behavioral, psychological, personality, cognitive, mood or stress-related abnormality, disorder, disturbance, dysfunction or syndrome, regardless of cause (including any biological or biochemical disorder or imbalance of the brain) or the presence of physical symptoms. Mental Disorder includes, but is not limited to, bipolar affective disorder, organic brain syndrome, schizophrenia, psychotic illness, manic depressive illness, depression and depressive disorders, anxiety and anxiety disorders.</p> <p>Substance Abuse means use of alcohol, alcoholism, use of any drug, including hallucinogens, or drug addiction.</p> <p>Our contract states that if a covered member is confined in a Hospital solely because of a Mental Disorder at the end of the 24 months, the Mental Disorder limitation will not</p>
4.39	Coverage must be written on a no loss/no gain basis. Therefore, actively-at-work provisions must be waived with respect to a participant's coverage under the contract in effect on the day prior to the effective date, except to the extent that an employee is eligible for such benefits due to disability which commenced under the prior plan. Do you agree to write this coverage on a no loss/no gain basis?	Agreed
4.40	Please advise of any minimum participation requirements for the buy-up LTD benefit.	20%. This should not be a problem as the participation in the buy-up plans is over 50%.
Short Term Disability		
5.1	Do you have a formal Return to Work (RTW) program?	Yes

QUESTIONNAIRE

University of Idaho -- Life, AD&D/Disability - Request For Proposal

Bidding Vendor: Standard Insurance Company

Question Number	Questions	Response
5.28	What kind of documentation of withholding services do you provide?	In response to our customers' requests, The Standard now offers an automated Benefit Contribution Deduction service that itemizes up to 18 deductions per claim for LTD and STD claims payments, for both insurance and non-insurance coverages. The Standard will accumulate all withholdings and remit payment to the policyholder for all their employees once per month. A signed Service Agreement is required. Benefit Contribution Deduction would continue after age 65 as long as the claim remains open.
5.29	Do you prepare and distribution W-2 forms to employees on disability?	We provide annual W-2 tax statements for LTD, ASO STD and insured STD with FICA Tax Service Agreements, and we remit and file all tax withholdings for these products.
5.30	Do you charge for any services associated with providing W-2 forms?	No
Vendor Forms		
6.1	Please provide the standard STD/LTD forms needed to administer a plan similar to the one addressed in this RFP.	Provided, please refer to section D of our proposal for a sample life and disability claim form.
6.2	Please provide a sample Explanation of Benefits	Provided, please refer to section D of our proposal for a sample explanation of benefits.
6.3	Please provide a copy of your standard contracts for each product that you are quoting.	Provided, please refer to section D of our proposal for a sample contract.
6.4	Please attach your standard eligibility feed file format.	Provided, please refer to section D of our proposal for a sample eligibility feed
Proposed Rates		
7.1	Please send your rate tables (in attached Excel format) for all lines of coverage . Please provide rates on a monthly basis	Confirmed.
7.2	Please indicate the length of time for which the rates are guaranteed.	Three years.
References		
8.1	Provide names, addresses and contact information for three current references for which you provide the same services requested by University of Idaho. References should be based on the office that will be providing services to University of Idaho. Two of the listed clients should be of a similar size/composition to University of Idaho.

Certification

INSURANCE COMPANY Standard Insurance Company

DATE 6-1-72

SIGNATURE [Handwritten Signature]

TITLE AVP, Customer Support

Proposer Exceptions

SECTION 6 - GENERAL CONTRACTUAL TERMS AND CONDITIONS

6-1 AGREEMENT TERMS AND CONDITIONS

The submission of a proposal herein constitutes the agreement of any Proposer that any Agreement to be drawn as the result of an award herein shall be prepared by the University and shall include at a minimum, all terms and conditions set forth in this RFP. The submission of a proposal shall further constitute the agreement of each Proposer that it will not insist on the use of standard contract agreements, documents, or forms, and that it waives any demand for the use of its standard agreements. The Agreement between the parties shall consist of, in order of precedence: the agreement document signed by the Parties subsequent to submission of the proposal, and any attachments thereto and incorporations therein, the terms and conditions in the RFP, the Proposer's group insurance policy or policies, and the Proposer's response to the RFP.

Provided, however, that the Proposer's group insurance policy or policies shall govern eligibility for insurance and benefits, and Proposer's rights to amend, re-rate and terminate its group insurance policy or policies.

We cannot agree to the highlighted sentence above. We must issue a group insurance policy, which is filed with and approved by the Idaho DOI. So our group insurance policy must be a part of any agreement.

6-2 ASSIGNMENT

No assignment of this Agreement or of any right accruing under this Agreement shall be made, in part or in whole, by Contractor without the written consent of the University. Notwithstanding any assignment, Contractor shall remain fully liable on this Agreement and shall not be released from performing any of the terms, covenants, and conditions of this Agreement.

6-3 TERMINATION FOR CONVENIENCE

The University may terminate this Agreement, in whole or in part, at any time by written notice to the Contractor. The Contractor shall be paid its reasonable costs, including reasonable close-out costs and a reasonable profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim for payment. If the Contractor has any property in its possession belonging to the University, the Contractor will account for the same and dispose of it in the manner the University directs.

6-4 TERMINATION FOR DEFAULT

If the Contractor does not deliver the materials in accordance with the Contract delivery schedule, or if the Contract is for services and the Contractor fails to perform in the manner called for in the Contract, or if the Contractor fails to comply with any other provisions of the Contract, the University may terminate this Contract for default. Termination shall be effected by serving on the Contractor a notice of termination setting forth the manner in which the Contractor is in default. The Contractor will be paid a reasonable price for materials delivered and accepted, or services performed in accordance with the manner of performance set forth in the Contract.

6-5 APPLICABLE LAW AND FORUM

This Agreement shall be construed in accordance with, and governed by the laws of the State of Idaho. Any legal proceeding related to this Agreement shall be instituted in the courts of the county of Latah, state of Idaho, and Contractor agrees to submit to the jurisdiction of such courts.

Provided, however, this shall not apply to any legal proceedings that arise out of or are related to a benefits decision under Proposer's group insurance policies.

6-6 LAWS, REGULATIONS AND PERMITS

The Contractor shall give all notices required by law and comply with all applicable Federal, State, and local laws, ordinances, rules and regulations relating to the conduct of the work. The Contractor shall be liable for all violations of the law in connection with work furnished by the Contractor, including the Contractor's subcontractors.

6-7 GENERAL QUALITY

All of the Contractor's work shall be performed with the highest degree of skill and completed in accordance with the Agreement Documents.

6-8 PROOF OF COMPLIANCE WITH AGREEMENT

In order that the University may determine whether the Contractor has complied with the requirements of the Agreement Documents, the Contractor shall, at any time when requested, submit to the University properly authenticated documents or other satisfactory proofs as to compliance with such requirements.

6-9 PAYMENT AND ACCEPTANCE

Except as otherwise provided herein, payments shall be due and payable within (30) days after acceptance of such goods or services or after receipt of properly completed invoice, whichever is later. No advance payment shall be made for goods or services furnished pursuant to this Agreement.

6-10 CONTINUATION DURING DISPUTES

The Contractor agrees that notwithstanding the existence of any dispute between the parties, insofar as possible under the terms of the Agreement to be entered into, each party will continue to perform the obligations required of it during the continuation of any such dispute, unless enjoined or prohibited by any court.

6-11 SEVERABILITY

If any term or condition of this Agreement or the application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, conditions or applications which can be given effect without the invalid term, condition or application; to this end the terms and conditions of this Agreement are declared severable.

6-12 INTEGRATION

This Agreement constitutes the entire Agreement between the parties. No change thereto shall be valid unless in writing communicated in the stipulated manner, and signed by the University and the Contractor.

6-13 BINDING EFFECT

This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties hereto and their respective heirs, legal representatives, successors, and assigns.

6-45 APPROPRIATIONS CLAUSE

If the term of this Agreement is longer than one year, the University's obligations and liabilities hereunder are subject to the appropriation of funds from the State of Idaho, which appropriation shall be in the State of Idaho's sole discretion, from revenues legally available to the University for the ensuing fiscal year for the purposes of this Agreement. If the State of Idaho does not appropriate the funds for the purpose of this Agreement, the Agreement shall terminate and neither party shall have any further obligations hereunder.

6-15 IRS SECTION 501(C)(3) AND SECTION 115 CONSIDERATIONS

If any provision of this Agreement may cause the University to lose its status as an Internal Revenue Code Section 501(c)(3) corporation, this Agreement shall be voidable. In the alternative, at the sole option of the University, the offending provision(s) shall be modifiable such that the provision(s) will no longer cause the University to lose its status as a 501(c)(3) corporation. The terms of the modification shall be subject to agreement in writing by all parties.

6-16 COMPLIANCE WITH GOVERNOR'S EXECUTIVE ORDER

In the event any provision of this Agreement shall cause the University to be in violation of any of the Governor of Idaho's Executive Orders, then this Agreement shall be voidable at the sole option of the University.

6-17 DEBARRED, SUSPENDED OR EXCLUDED

All purchase orders and contracts issued by the University of Idaho are subject to F.A.R. 52.209-6. Supplier warrants that neither supplier or its principals is presently debarred, suspended or proposed for debarment by the Federal Government.

6-18 NON-USE OF NAMES AND TRADEMARKS

Contractor shall not use the name, trade name, trademark, or other designation of the University, or any contraction, abbreviation, or simulation any of the foregoing, in any advertisement or for any commercial or promotional purpose (other than in performing under this Agreement) without the University's prior written consent in each case.

6-19 CONTRACTOR REPRESENTATIONS

Contractor represents and warrants the following: (a) that it is financially solvent, able to pay its debts as they mature, and possessed of sufficient working capital to provide the equipment and goods, complete the services, and perform its obligations required hereunder; (b) that it is able to furnish any of the plant, tools, materials, supplies, equipment, and labor required to complete the services required hereunder and perform all of its obligations hereunder and has sufficient experience and competence to do so; (c) that it is authorized to do business in Idaho, properly licensed by all necessary governmental and public and quasi-public authorities having jurisdiction over it and the services, equipment, and goods required hereunder, and has or will obtain all licenses and permits required by law; and (d) that it has visited the site of the project and familiarized itself with the local conditions under which this Agreement is to be performed.

6-20 REGENTS' APPROVAL

This Agreement may be subject to approval by the Regents of the University of Idaho, and if it is and if such approval is not granted this Agreement shall be void and neither party shall have any further obligations or liabilities hereunder.

6-21 SURVIVAL OF TERMS

The terms and provisions hereof, and all documents being executed hereunder, if any, including, without limitation, the representations and warranties, shall survive this Agreement and shall remain in full force and effect thereafter.

6-22 HEADINGS

The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6-23 ADDITIONAL ACTS

Except as otherwise provided herein, in addition to the acts and deeds recited herein and contemplated to be performed, executed and/or delivered by the parties, the parties hereby agree to perform, execute and/or deliver or cause to be performed, executed and/or delivered any and all such further acts, deeds and assurances as any party hereto may reasonably require to consummate the transaction contemplated hereunder.

6-24 TIME OF ESSENCE

All times provided for in this Agreement, or in any other document executed hereunder, for the performance of any act will be strictly construed, time being of the essence.

6-25 WAIVER

No covenant, term or condition or the breach thereof shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed to be a waiver of any other covenant, term or condition herein. Acceptance by a party of any performance by another party after the time the same shall have become due shall not constitute a waiver by the first party of the breach or default of any such covenant, term or condition unless otherwise expressly agreed to by the first party in writing.

6-26 FORCE MAJEURE

Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefore, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (except for financial ability), shall excuse the performance, except for the payment of money, by such party for a period equal to any such prevention, delay or stoppage.

6-27 NO JOINT VENTURE

Nothing contained in this Agreement shall be construed as creating a joint venture, partnership, or agency relationship between the parties.

6-28 INFORMATION TRUE AND CORRECT

All documents, agreements and other information provided to the University by Contractor or which Contractor has caused to be provided to the University are true and correct in all respects and do not omit to state any material fact or condition required to be stated, necessary to make the statement or information not misleading, and there are no other agreements or conditions with respect thereto.

6-29 EQUAL OPPORTUNITY

Contractor represents and agrees that it will not discriminate in the performance of this Agreement or in any matter directly or indirectly related to this Agreement on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity/expression, age, disability or status as a Vietnam era veteran. This non-discrimination requirement includes, but is not limited to, any matter directly or indirectly related to employment. Breach of this covenant may be regarded as a material breach of Agreement.

6-30 PUBLIC RECORDS

The University is a public agency. All documents in its possession are public records. Proposals are public records and will be available for inspection and copying by any person upon completion of the RFP process. If any Proposer claims any material to be exempt from disclosure under the Idaho Public Records Law, the Proposer will expressly agree to defend, indemnify and hold harmless the University from any claim or suit arising from the University's refusal to disclose any such material. No such claim of exemption will be valid or effective without such express agreement. The University will take reasonable efforts to protect any information marked "confidential" by the Proposer, to the extent permitted by the Idaho Public Records Law. Confidential information must be submitted in a separate envelope, sealed and marked "Confidential Information" and will be returned to the Proposer upon request after the award of the contract. It is understood, however, that the University will have no liability for disclosure of such information. Any proprietary or otherwise sensitive information contained in or with any Proposal is subject to potential disclosure.

6-31 UNIVERSITY'S RULES, REGULATIONS, AND INSTRUCTIONS

Contractor will follow and comply with all rules and regulations of the University and the reasonable instructions of University personnel. The University reserves the right to require the removal of any worker it deems unsatisfactory for any reason.

ADDITIONAL TERMS AND CONDITIONS SPECIFIC TO INFORMATION SECURITY AND DATA MANAGEMENT:

6-34 Data Compromise Response

- a. Immediately upon becoming aware of a Data Compromise, or of circumstances that could have resulted in unauthorized access to or disclosure or use of Customer or End User Data, Vendor will notify Customer, fully investigate the incident, and cooperate fully with Customer's investigation of and response to the incident. Except as otherwise required by law, Vendor will not provide notice of the incident directly to the persons whose data were involved, regulatory agencies, or other entities, without prior written permission from Customer.
- b. Notwithstanding any other provision of this agreement, and in addition to any other remedies available to Customer under law or equity, Vendor will reimburse Customer in full for all costs incurred by Customer in investigation and remediation of such Data Compromise, including but not limited to providing notification to third parties whose data were compromised and to regulatory agencies or other entities as required by law or contract; the offering of 12 months' credit monitoring to each person whose data were compromised; and the payment of legal fees, audit costs, fines, and other fees imposed by regulatory agencies or contracting partners as a result of the Data Compromise.

6-35 Data Integrity

Vendor will take commercially reasonable measures, including regular data integrity audits, to protect Customer and End User Data against deterioration or degradation of data quality and authenticity.

6-36 Data Privacy

- a. Vendor will use Customer Data and End User Data only for the purpose of fulfilling its duties under this Agreement and for Customer's and its End User's sole benefit, and will not share such data with or disclose it to any third party without the prior written consent of Customer or as otherwise required by law. By way of illustration and not of limitation, Vendor will not use such data for Vendor's own benefit and, in particular, will not engage in "data mining" of Customer or End User Data or communications, whether through automated or human means, except as specifically and expressly required by law or authorized in writing by Customer.
- b. All Customer and End User Data will be stored on servers, located solely within the Continental United States.
- c. Vendor will provide access to Customer and End User Data only those Vendor employees and subcontractors who need to access the data to fulfill Vendor's obligations under this Agreement. Vendor will ensure that employees who perform work under this Agreement have read, understood, and received appropriate instruction as to how to comply with, the data protection provisions of this Agreement, and have undergone all background screening and possess all qualifications appropriate to the nature of the employees' duties and the sensitivity of the data they will be handling prior to being granted access to the Data.

6-37 Data Retention and Disposal

- a. Vendor will use commercially reasonable efforts to retain data in an End User's account, including attachments, until the End User deletes them or for an alternative time period mutually agreed by the parties.
- b. Using appropriate and reliable storage media, Vendor will regularly back up Customer and End User Data and retain such backup copies for a minimum of 12 months. At the end of that time period and at Customer's election, Vendor will either securely destroy or transmit to Customer repository the backup copies. Upon Customer's request, Vendor will supply Customer a certificate indicating the records destroyed, the data destroyed, and the method of destruction used.

c. Vendor will retain logs associated with End User activity for a minimum of 12 Months, unless the parties mutually agree to a different period.

d. Vendor will immediately place a "hold" on the destruction under its usual records retention policies of records that include Customer and End User Data, in response to an oral or written request from Customer indicating that those records may be relevant to litigation that Customer reasonably anticipates. Oral requests by Customer for a hold on record destruction will be reduced to writing and supplied to Vendor for its records as soon as reasonably practicable under the circumstances. Customer will promptly coordinate with Vendor regarding the preservation and disposition of these records. Vendor shall continue to preserve the records until further notice by Customer.

6-38 Data Security and Integrity [under review by IT security personnel]

a. All facilities used to store and process Customer and End User data will employ commercial best practices, including appropriate administrative, physical, and technical safeguards, to secure such data from unauthorized access, disclosure, alteration, and use. Such measures will be no less protective than those used to secure Vendor's own data of a similar type, and in no event less than reasonable in view of the type and nature of the data involved. Without limiting the foregoing, Vendor warrants that all Customer Data and End User Data will be encrypted in transmission (including via web interface) and storage at no less than 128 bit level encryption. Vendor agrees and certifies that it, the system or any third parties working on the vendor's behalf have complied with all applicable requirements to be considered PCI- level 1 compliant and has taken all necessary steps to validate its compliance with the PCI DSS and PA DSS. Vendor is required to demonstrate compliance with this requirement by maintaining the application listing on The PCI Security Standards Council (see https://www.pcisecuritystandards.org/approved_companies_providers/validated_payment_applications.php?agree=true).

b. Vendor will use industry standard and up to date security tools and technologies such as anti-virus protections and intrusion detection methods in providing Services under this Agreement.

d. Vendor will at its expense conduct or have conducted at least annually:

- A SAS 70 audit of Vendor's security policies, procedures and controls resulting in the issuance of a Service Auditor's Report Type II;
- A vulnerability scan, performed by a scanner approved by Customer, of Vendor's systems and facilities that are used in any way to deliver services under this Agreement; and
- A formal penetration test, performed by a process and qualified personnel approved by Customer, of Vendor's systems and facilities that are used in any way to deliver services under this Agreement.

e. Vendor will provide Customer upon request the results of the above audits, scans and tests, and will promptly modify its security measures as needed based on those results in order to meet its obligations under this Agreement. Customer may require, at its expense, Vendor to perform additional audits and tests, the results of which will be provided promptly to Customer.

6-39 Data Transfer upon Termination or Expiration

a. Upon termination or expiration of this Agreement, Vendor will ensure that all Customer and End User Data are transferred to Customer or a third party designated by Customer securely, within a reasonable period of time, and without significant interruption in service. Vendor will ensure that such migration uses facilities and methods are compatible with the relevant systems of the transferee, and to the extent technologically feasible, that Customer will have reasonable access to Customer and End User Data during the transition.

b. Vendor will notify Customer of impending cessation of its business or that of a tiered provider and any contingency plans in the event of notice of such a failure. This includes immediate transfer of any previously escrowed assets and data and providing Customer access to Vendor's facilities to remove and destroy Customer owned assets and data. Vendor shall implement its exit plan and take all necessary actions to ensure a smooth transition of service with minimal disruption to Customer. Vendor will provide a fully documented service description and perform and document a gap analysis by examining any differences between its services and those to be provided by its successor. Vendor will also provide a full inventory and configuration of servers, routers, other hardware, and software involved in service delivery along with

supporting documentation, indicating which if any of these are owned by or dedicated to Customer. Vendor will work closely with its successor to ensure a successful transition to the new equipment, with minimal downtime and effect on Customer, all such work to be coordinated and performed in advance of the formal, final transition date.

6-40 Response to Legal Orders, Demands or Requests for Data

- a. Except as otherwise expressly prohibited by law, Vendor will:
- Immediately notify Customer of any subpoenas, warrants, or other legal orders, demands or requests received by Vendor seeking Customer and/or End User Data;
 - Consult with Customer regarding its response;
 - Cooperate with Customer's reasonable requests in connection with efforts by Customer to intervene and quash or modify the legal order, demand or request; and
 - Upon Customer's request, provide Customer with a copy of its response.
- b. If Customer receives a subpoena, warrant, or other legal order, demand or request seeking Customer or End User Data maintained by Vendor, Customer will promptly provide a copy to Vendor. Vendor will promptly supply Customer with copies of data required for Customer to respond, and will cooperate with Customer's reasonable requests in connection with its response.

6-41 Service Levels; Interruptions in Service; Suspension and Termination of Service; Changes to Service:

- a. Vendor warrants that the Services will be performed in a professional and workmanlike manner consistent with industry standards reasonably applicable to such Services. Vendor further warrants that the Services will be Operational at least 99.99% of the time in any given month during the term of this Agreement, meaning that the outage or downtime percentage will be not more than .01%. In the event of a Service outage, Vendor will (a) promptly and at Vendor's expense use commercial best efforts to restore the Services as soon as possible, and (b) unless the outage was caused by a Force Majeure event, refund or credit Customer, at Customer's election, the prorated amount of fees corresponding to the time Services were unavailable. Neither party will be liable to the other for any failure or delay in performance under this Agreement to the extent said failures or delays are proximately caused by forces beyond that party's reasonable control, provided that the party resumes performance as soon as it is reasonably able to do so.
- b. From time to time it may be necessary or desirable for either the Customer or Vendor to propose changes in the Services provided. Such changes shall be made pursuant to the Change Control Procedure. Automatic upgrades to any software used by Vendor to provide the Services that simply improve the speed, efficiency, reliability, or availability of existing Services and do not alter or add functionality, are not considered "changes to the Services" and such upgrades will be implemented by Vendor on a schedule no less favorable than provided by Vendor to any other customer receiving comparable levels of Services.
- c. Vendor will provide Customer with seven days' prior notice of scheduled downtime in the provision of Services for maintenance or upgrades. To the extent possible, Vendor will schedule downtime during times of ordinarily low use by Customer. In the event of unscheduled and unforeseen downtime for any reason, except as otherwise prohibited by law Vendor will promptly notify Customer and cooperate with Customers' reasonable requests for information regarding the downtime.
- d. Customer may suspend or terminate (or direct Vendor to suspend or terminate) an End User's access to Services in accordance with Customer's policies. Customer will assume sole responsibility for any claims made by End User regarding Customer's suspension/termination or directive to suspend/terminate such service. Vendor may suspend access to Services by Customer or an End User immediately in response to an act or omission that reasonably appears to jeopardize the security or integrity of Vendor's Services or the network(s) or facilities used to provide the Services. Suspension will be to the minimum extent, and of the minimum duration, required to prevent or end the security issue. Vendor may suspend Customer's access to Services if, after at least thirty (30) days' written notice to Customer and subsequent good faith, commercially reasonable efforts to resolve the matter with Customer to the parties' mutual satisfaction, Customer remains in material breach of this Agreement. The suspension will be lifted immediately once the breach is cured. Vendor may suspend access to Services by an End User in response to (i) a material breach by End User of any terms of use s/he has

agreed to in connection with receiving the Services. Vendor will notify Customer of any suspension of End User access to Services before suspension or, if notice before is not feasible, as soon as reasonably possible thereafter.

The Standard has 15 codified and approved policies and standards based on ISO 17799:2005. Several of these policies and standards deal specifically with privacy and security, as well as data classification, operational management, data processing and access management.

The Standard has an Information Security team dedicated to handling security and privacy incidents and the identification and assessment of risk for the company. We also have a Privacy Oversight Group, with representation from all parts of the business, to provide governance. The Standard requires all employees to take annual training in the following three areas: privacy and security awareness, acceptable system usage and business ethics. The codified policies are part of the privacy and security awareness and acceptable system usage training.

In addition to our dedication to customer privacy and confidentiality we are ailing to negotiate the specific terms of this data security agreement upon notification as a finalist.

SECTION 7 – INDEMNITY, RISKS OF LOSS, INSURANCE

7-1 RISK OF LOSS

Until all improvements, equipment, or goods to be provided under this Agreement are installed on property owned or controlled by University and working properly, Contractor and its subcontractors of any tier shall bear all risks of all loss or damage to the improvements, equipment, or goods, excluding loss or damage caused by acts, omissions, or negligence of the University. Once all improvements, equipment, or goods to be provided under this Agreement are installed on property owned or controlled by University and working properly, the risk of all loss or damage shall be borne by University, excluding loss or damage caused by acts, omissions, or negligence of the Contractor. Contractors shall require its subcontractors of any tier to bear the same risk of loss.

7-2 INDEMNIFICATION

Contractor shall indemnify, defend and hold the University and the State of Idaho harmless from and against any and all claims, losses, damages, injuries, liabilities and all costs, including attorneys fees, court costs and expenses and liabilities incurred in or from any such claim, arising from any breach or default in the performance of any obligation on Contractor's part to be performed under the terms of this Agreement, or arising from any act, negligence or the failure to act of Contractor, or any of its agents, subcontractors, employees, invitees or guests. Contractor, upon notice from the University, shall defend the University at Contractor's expense by counsel reasonably satisfactory to the University. Contractor, as a material part of the consideration of the University, hereby waives all claims in respect thereof against the University.

Contractor shall: (a) notify the University in writing as soon as practicable after notice of an injury or a claim is received; (b) cooperate completely with the University and/or the University's insurers in the defense of such injury or claim; and (c) take no steps such as admission of liability which would prejudice the defense or otherwise prevent the University from protecting the University's interests.

7-3 Insurance

7.3.1 General Requirements

7.3.1.1 Contractor and its subcontractor(s) of any tier are required to carry the types and limits of insurance shown in this insurance clause, section 8.0, and to provide University with a Certificate of Insurance ("certificate"). All certificates shall be coordinated by the Contractor and provided to the University within seven (7) days of the signing of the contract by the Contractor. Certificates shall be executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth below. All certificates shall provide for thirty (30) days' written notice to University prior to cancellation, non-renewal, or other material change of any insurance referred to therein as evidenced by return receipt of United States certified mail. Said certificates shall evidence compliance with all provisions of this section 7.3. Exhibit A of this Agreement contains a Request for Certificate of Insurance which shall be given to the insurance broker or agent of the Contractor and its subcontractor(s) of any tier, upon award of bid to Contractor.

7.3.1.2 Additionally and at its option, Institution may request certified copies of required policies and endorsements. Such copies shall be provided within (10) ten days of the Institution's request.

7.3.1.3 All insurance required hereunder shall be maintained in full force and effect with insurers with Best's rating of AV or better and be licensed and admitted in Idaho. All policies required shall be written as primary policies and not contributing to nor in excess of any coverage University may choose to maintain. Failure to maintain the required insurance may result in termination of this Agreement at University's option.

7.3.1.4 All policies except Workers Compensation and Professional Liability shall name University as Additional Insured. The Additional Insured shall be stated as: "State of Idaho and The Regents of the University of Idaho". Certificate Holder shall read: "University of Idaho." Certificates shall be mailed to: University of Idaho, Risk Management, P.O. Box 443162, Moscow, ID 83844-3162.

7.3.1.5 Failure of University to demand such certificate or other evidence of full compliance with these insurance requirements or failure of Institution to identify a deficiency from evidence that is provided shall not be construed as a waiver of the obligation of Contractor and its subcontractor(s) of any tier to maintain such insurance.

7.3.1.6 No Representation of Coverage Adequacy. By requiring insurance herein, University does not represent that coverage and limits will necessarily be adequate to protect Contractor and its subcontractor(s) of any tier, and such coverage and limits shall not be deemed as a limitation on the liability of the Contractor and its subcontractor(s) of any tier under the indemnities granted to University in this Agreement.

8.1.7 Contractor is responsible for coordinating the reporting of claims and for the following: (a) notifying the Institution in writing as soon as practicable after notice of an injury or a claim is received; (b) cooperating completely with University in the defense of such injury or claim; and (c) taking no steps (such as admission of liability) which will prejudice the defense or otherwise prevent the University from protecting its interests.

7.3.2 Required Insurance Coverage.

Contractor and its subcontractor(s) of any tier shall at its own expense obtain and maintain:

7.3.2.1 Commercial General and Umbrella / Excess Liability Insurance. Contractor and its subcontractor(s) of any tier shall maintain Commercial General Liability ("CGL") written on an occurrence basis and with a limit of not less than \$1,000,000 each occurrence and in the aggregate. If such CGL insurance contains a general aggregate limit, it shall apply separately by location and shall not be less than \$1,000,000. CGL insurance shall be written on standard ISO occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under a contract including the tort liability of another assumed in a business contract. Waiver of subrogation language shall be included. If necessary to provide the required limits, the Commercial General Liability policy's limits may be layered with a Commercial Umbrella or Excess Liability policy.

7.3.2.2 Commercial Auto Insurance. Contractor and its subcontractor(s) of any tier shall maintain a Commercial Auto policy with a Combined Single Limit of not less than \$1,000,000; Underinsured and Uninsured Motorists limit of not less than \$1,000,000; Comprehensive; Collision; and a Medical Payments limit of not less than \$10,000. Coverage shall include Non-Owned and Hired Car coverage. Waiver of subrogation language shall be included.

7.3.2.3 Business Personal Property. Contractor and its subcontractor(s) of any tier shall purchase insurance to cover Business Personal Property of Contractor and its subcontractor(s) of any tier. In no event shall University be liable for any damage to or loss of personal property sustained by Contractor, even if such loss is caused by the negligence of Institution, its employees, officers or agents. Waiver of subrogation language shall be included.

7.3.2.4 Workers' Compensation. Contractor and its subcontractor(s) of any tier shall maintain all coverage statutorily required of the Contractor and its subcontractor(s) of any tier, and coverage shall be in accordance with the laws of Idaho. Contractor and its subcontractor(s) of any tier shall maintain Employer's Liability with limits of not less than \$100,000 / \$500,000 / \$100,000.

7.3.2.4 Professional Liability. If professional services are supplied to Institution, Contractor and its subcontractor(s) of any tier, Contractor and its subcontractor(s) of any tier shall maintain Professional Liability (Errors & Omissions) insurance on a claims made basis, covering claims made during the policy period and reported within three years of the date of occurrence. Limits of liability shall be not less than one million dollars (\$1,000,000).

- Disadvantaged Business Enterprise (DBE) _____

Business Classification Type is used for tracking purposes, not as criteria for award.

SECTION 1 - INSTRUCTIONS TO PROPOSERS

1-1 SCOPE OF WORK

The University of Idaho (herein referred to as the University) is soliciting proposals for competitive group life, group long-term disability (LTD) and group short-term disability (STD) options for the benefits eligible employees of University of Idaho.

Currently the program is administered through two vendors, Hartford and the Standard. Management would like to reduce the complexity of administration of two carriers into one while obtaining competitive rates if warranted. The University is requesting bid submissions as follows:

- Life/AD&D Insurance only
- Disability Insurance only
- Life/AD&D Insurance and Disability Insurance

1-2 PROPOSAL SUBMISSION

Proposal must be **SEALED and CLEARLY IDENTIFIED** with the Request for Proposals' number, due date and time, Proposer's name and address, and submitted no later than 4:00 p.m., Pacific Time, on June 6, 2012 to University of Idaho Purchasing Services, 1028 W. 6th Street, P.O. Box 442006, Moscow, ID 83844-2006.

A facsimile response or an electronic response to this Request for Proposals does not meet the requirement of a sealed proposal and will not be accepted.

The proposal must be signed by such individual or individuals who have full authority from the Proposer to enter into a binding Agreement on behalf of the Proposer so that an Agreement may be established as a result of acceptance of the proposal submitted. *By submitting a proposal, the Proposer is accepting the terms and conditions set forth in this Request for Proposal, and any addendums thereto, which includes general contract terms and conditions and purchase order terms and conditions.* The terms and conditions set forth in the Request for Proposals, including addendums thereto, and the Proposal and any terms and conditions included therein that are accepted by the University shall serve as the Agreement terms and conditions. The Agreement shall be subject to the applicable laws of the State of Idaho. The order of precedence of Agreement documents shall be RFP then Proposal. In addition, the Purchase Order terms and conditions shall apply to all purchase orders used under this contract. No other terms and conditions shall apply unless agreed to in writing by the parties.

Proposals received after the exact time specified for receipt will not be considered.

1-3 REQUEST FOR PROPOSAL SCHEDULE

May 7, 2012 Request for Proposals issued

May 17, 2012 Inquiries Due @ 2:00 PM Pacific

June 6, 2011 Proposals Due @ 4:00 PM Pacific

1-4 INQUIRIES

All inquiries concerning this request shall be submitted in writing (email is acceptable) and received by the University's office of Purchasing Services no later than 2:00 p.m., Pacific Time, on May 17, 2012, to:

Christopher Johnson, Director
University of Idaho
Purchasing Services

1028 West 6th Street
P.O. Box 4442006
Moscow, ID 83844-2006
Telephone: (208) 885-6116
Fax: (208) 885-6060
E-mail: cjohnson@uidaho.edu

Proposers should consider Purchasing Services as the first and prime point of contact on all matters related to the procedures associated with this RFP. If additional information is needed from any source, Purchasing Services will work with the Proposer and with the various offices of the University to gather that information.

1-5 INTERPRETATION, CORRECTIONS, OR CHANGES IN RFP

Any interpretation, correction, or change in the RFP will be made by addendum by the University. Interpretations, corrections, or changes to the RFP made in any other manner will not be binding, and no Proposer may rely upon any such interpretation, correction, or change.

1-6 MODIFICATION OR WITHDRAWAL OF PROPOSALS

A Proposer may modify or withdraw a proposal at any time prior to the specified time and date set for the proposal closing. Such a request for modification or withdrawal must be in writing, and executed by a person with authority as set forth under paragraph 1-2 above, or by facsimile notice subsequently confirmed in writing.

1-7 ERASURES AND INTERLINEATIONS

Erasures, interlineations, or other changes in the proposal must be initialed by the person(s) signing the proposal.

1-8 ACKNOWLEDGMENT OF ADDENDUMS TO RFP

Receipt of an addendum to this RFP must be acknowledged by a Proposer on the Proposal Response Certification.

1-9 PROPOSAL COPIES

Six (6) complete copies of the proposal shall be submitted to the University.

1-10 OFFER ACCEPTANCE PERIOD

A proposal shall constitute an offer to contract on the terms and conditions contained in this RFP and the proposal. Said proposal shall constitute an irrevocable offer for ninety (90) calendar days from the proposal opening date, even if the University makes one or more counter offers.

1-11 REJECTION OF PROPOSALS

The University in its sole discretion, expressly reserves the right to reject any or all proposals or portions thereof, to reissue a Request for Proposal, and to waive informalities, minor irregularities, discrepancies, and any other matter or shortcoming.

1-12 PROPOSAL PRICE

The prices submitted in the proposal shall include everything necessary for the prosecution and completion of the Agreement including, but not limited to, furnishing all materials and all management, supervision, labor and service, except as may be provided otherwise in the Agreement Documents. In the event of discrepancy between the unit prices and their extensions, the total price will be adjusted accordingly. In the event of discrepancy between the sum

of the extended total prices, the Total Proposal Price will be adjusted accordingly. The proposal price shall not include any allowance for Idaho State sales/use tax.

The University will evaluate the total price for the basic requirements with any options(s) exercised at the time of award. Evaluation of options will not obligate the University to exercise the option(s).

The University may reject an offer if it is materially unbalanced as to process for the basic requirements and the option quantities. An offer is unbalanced when it is based on prices significantly less than cost for some work and prices that are significantly overstated for other work.

1-13 TERM OF AGREEMENT

The initial term of this agreement shall be three (3) years, commencing upon the date of execution by the university. The term of this agreement may, if mutually agreed upon in writing, be extended by two (3) year increments for a total of six (6) additional years, provided written notice of each extension is given to the bidder at least thirty (30) days prior to the expiration date of such term or extension. In the event funding approval is not obtained by the University, this Agreement shall become null and void effective the date of renewal. During extension periods, all terms and conditions of this Agreement shall remain in effect.

1-14 AWARD OF AGREEMENT

The University shall make the award to the responsible Proposer whose proposal will be most advantageous to the University with respect to price, conformance to the specifications, quality, and other factors as evaluated by the University. The University is not required or constrained to award the Agreement to the Proposer proposing the lowest price.

The University may award an Agreement on the basis of initial offers received, without discussion; therefore, each initial offer should contain the offerer's best terms from a cost and technical standpoint.

1-15 PROPOSAL CONFIDENTIALITY

Each Proposer agrees that the contents of each proposal submitted in response to this RFP is Confidential, proprietary, and constitutes trade secret information, as defined in Idaho Code 9-340D(1), as to all technical and financial data THAT IS LABELED CONFIDENTIAL BY THE PROPOSER, and waives any right of access to such information, except as provided for by law. Except as determined by the University's Office of Purchasing Services, in its sole discretion, no information will be given regarding any proposals or evaluation progress until after an award is made, except as provided by law.

1-16 F.A.R. REQUIREMENT

All purchase orders and contracts issued by the University of Idaho are subject to F.A.R. 52.209-6. Supplier warrants that neither supplier or its principals is presently debarred, suspended or proposed for debarment by the Federal Government.

1-17 RECORD OF PURCHASES

Contractor will provide Purchasing Services a detailed usage report of items/services ordered, quantities, and pricing under this Agreement upon request.

1-18 APPEAL OF AWARD

A Proposer aggrieved by the award of an Agreement may file an appeal by writing to the Director of Contracts and Purchasing Services. The appeal must be received by the Director of Contracts and Purchasing Services within five working days after the award is made, must describe the basis for the appeal, and must include all argument and evidence the Proposer wishes the Director of Purchasing Services to consider. Keeping track of the date an award is made is the responsibility of the Proposer(s).

SECTION 2 - INSTRUCTIONS FOR PREPARING PROPOSALS

2-1 GENERAL

To aid in the evaluation process, it is required that all responses comply with the items and sequence as presented in paragraph 2-2, RFP Response Outline. Paragraph 2-2 outlines the minimum requirements and packaging for the preparation and presentation of a response. Failure to comply may result in rejection of the response. The proposal should be specific and complete in every detail, prepared in a simple and straight-forward manner.

Proposers are expected to examine the entire Request for Proposals, including all specifications, standard provisions, and instructions. Failure to do so will be at the Proposer's risk. Each Proposer shall furnish the information required by the invitation. It is required that proposal entries be typewritten. Periods of time, stated in number of days, in this request or in the Proposer's response, shall be in calendar days. Propose your best price on each item.

2-2 RFP RESPONSE OUTLINE

- A. Response Sheet: The proposal Response Certification (page 4) shall be attached to the front of the proposal and shall contain the Proposer's certification of the submission. An official who has full authority to enter into an Agreement shall sign it.
- B. Background and History: Describe the company, organization, officers or partners, number of employees, and operating policies that would affect this Agreement. State the number of years your organization has been continuously engaged in business.
- C. References: The Proposer shall provide a minimum of three (3) references including names of persons who may be contacted, title of person, addresses, phone numbers, and e-mail, where products or services similar in scope to the requirements of this RFP have been provided.
- D. Experience and Support: Describe Proposer's experience in performing the requested services.
- E. Costs: Include itemized costs for all components and features to be delivered. A rate sheet has been provided as Attachment 1 to this RFP. Responders shall not alter formatting.
- F. Questions to Vendors: Please respond with short, clear and concise answers to all questions contained in Attachment 2: Questions to Vendors. Responders shall not alter formatting.
- G. Proposer Exceptions: Describe any exceptions to the terms and conditions contained within this document.

SECTION 3 - TECHNICAL SPECIFICATIONS & BID FORM

3-1. BACKGROUND INFORMATION

The University of Idaho opened its doors on Oct. 3, 1892, when it welcomed about 40 students and one professor. Today, the university is home to nearly 12,000 students and nearly 3,159 faculty and staff. It continues to be a leading place of learning in Idaho and the West, because although it is ever-responsive to the changing needs of its students and society, it never forgets its roots and traditions.

The main campus is located in Moscow, Idaho. Other locations include Boise, Coeur d'Alene, Idaho Falls, and Post Falls, Idaho. Enrolled students are from all 44 Idaho counties, 50 states (plus the District of Columbia and Puerto Rico) and 73 foreign countries.

More information on the University of Idaho and latest news can be found at <http://www.uidaho.edu>.

3-2 SPECIFICATIONS

Please provide life, STD and LTD options that DUPLICATE the current plan designs. It is assumed that current levels of coverage for all plan participants will be grandfathered with no loss or reduction in coverage levels.

The contents of this RFP consist of the following components:

- Historical claims experience
- Carrier experience
- Census file
- Copies of the current Summary Plan for all benefits eligible employees

Contained in Attachments 3 through Attachment 8.

The RFP process centers on your ability to DUPLICATE the current schedule of life insurance, STD and LTD benefits. We would also like a quote on changing the basic life insurance benefit to a flat \$50,000 in addition to the current schedule. You will be evaluated on your proposed rates/fees, the length of your rate guarantees and any suggested enhancements or processes that you might propose for these plans (i.e. alternate funding arrangements) that do not change the current benefit offerings.

The effective dates of the plans will be January 1, 2013. However, we will be making our award of this business to allow for our staff communications and open enrollment in October.

3-3 Life Insurance

I. The University of Idaho provides group life insurance coverage to the following classes:

Class 1. Active employees:

- a. Classified as a regular full-time, part-time or temporary Board of Regents-appointed employee,
- b. Assigned to work a minimum of 20 hours per week, and
- c. Working on an appointment lasting a minimum of five consecutive months.

Class 2. Retirees who are considered Tier I retirees.

II. The University provides Basic Life Insurance as follows:

- Class 1: 1 x Salary – employee’s annual base salary
Class 2: the lesser of \$10,000 or their coverage as an employee in effect on June 30, 2007.

III. The University provides Supplementary Life Insurance to Class I employees as follows:

1. Employee Supplementary Life Insurance
2. Spouse Supplementary Life Insurance
3. Dependent Supplementary Life Insurance
4. Optional AD&D coverage for employee or employee + family

IV. Current Evidence of Insurability Rules:

- a. For late application for Contributory insurance.
- b. For reinstatements if required.
- c. For Members and Dependents eligible but not insured under the Prior Plan.
- d. For any combined Plan 1 and Plan 2 Life Insurance Benefit in excess of the lesser of Guarantee Issue Amount of \$500,000 or 3 times your Annual Earnings.
- e. For any Dependents Life Insurance Benefit for your Spouse in excess of the Guarantee Issue Amount of \$25,000.
- f. For elective increases for Contributory insurance.

The requirement in a., c., and f. above are waived as follows, if they apply during our Annual Enrollment Period or during the first 30 days following a Family Status Change:

- a. For late application or an increase of one increment of Life Insurance up to the Guarantee Issue Amount;
- b. For an increase in Dependents Life Insurance from \$10,000 to \$25,000 for their spouse and
- c. For late application for up to \$10,000 of Dependents Life Insurance for their spouse or child.

Additional Benefit Information is available on the University of Idaho website:

<http://www.uidaho.edu/benefits/core-benefits/other-core-benefits>

or you may review our Summary Plan Description at:

<http://www.uidaho.edu/benefits/forms>

3-4 Disability Insurance:

The University provides Disability Insurance (STD & LTD) to all benefit eligible employees.

3-4-1 Short Term Disability:

The University provides employees with the option of three levels of coverage as outlined in the summary below. Some additional notes:

1. The elimination period is the later of 30 days or exhaustion of all sick leave accumulated. University of Idaho employees accumulate sick leave at the rate of 3.7 hours every two weeks with no limit to how much they can accumulate.
2. The 50% base plan is non-contributory and the benefits are taxable, we do NOT gross the employees pay based on the premium.

3-4-2 Long Term Disability

The University provides employees with the option of three levels of coverage as outlined in the summary below. Some additional notes:

1. Elimination period of 180 days
2. Terms with Normal Social Security Retirement Age
3. The 50% base plan is non-contributory and the benefits are taxable, we do NOT gross the employees pay based on the premium.
4. Limitation for Mental/Nervous = 24 months if *not* confined to a hospital or other place licensed to provide medical care for the disabling condition.
5. Pre-existing Condition Limitation:
 - a. any accidental bodily injury, sickness, Mental Illness, pregnancy, or episode of Substance Abuse; or
 - b. any manifestations, symptoms, findings, or aggravations related to or resulting from such accidental bodily injury, sickness, Mental Illness, pregnancy, or Substance Abuse; for which You received Medical Care during the 90 day(s) period that ends the day before:
 - a. Your effective date of coverage; or
 - b. The effective date of a Change in Coverage.

Additional STD & LTD information can be found at:

<http://www.uidaho.edu/benefits/time-away-from-work>

2012 Disability Benefits		
	Short-term Disability (STD)	Long-term Disability (LTD)
Disability coverage provides income protection after a serious illness or injury:	There is a waiting period equal to the number of accumulated sick leave or 30 days – whichever is greater. The benefit then provides up to 22 weeks of income protection.	There is a waiting period of 180-days. STD benefits may still be received during the waiting period. The benefit then pays as long as you remain disabled or, if earlier, until you reach normal Social Security retirement age.
The University automatically provides a base plan of:	50% of your pay, up to \$500 per week (minimum benefit - \$15 per week)	50% of your pay, up to \$2,000 per month
Elect added protection equal to:	<ul style="list-style-type: none"> • 60% of pay, up to \$700 per week OR (minimum benefit - \$15 per week) • 66.67% of pay, up to \$1,250 per week (minimum benefit - \$15 per week) 	<ul style="list-style-type: none"> • 60% of pay, up to \$3000 per month OR • 66.67% of pay, up to \$5,000 per month
	Pay for additional benefits through after-tax payroll deductions. If you receive disability benefits, you pay income taxes on a percentage of your benefits. This percentage is determined when you go out on disability.	
Evidence of Insurability requirements	<ul style="list-style-type: none"> • Coverage is guaranteed and no evidence of insurability (EOI) is required when you enroll for additional STD and LTD benefits within 30 days of your hire date. • If you are increasing your STD coverage later EOI is required. • If you are increasing your LTD coverage later, there is a 12-month pre-existing condition limitation. 	

1. Please describe the claim process for filing for STD from an employees point of view? Are they able to begin a claim with a phone call?
2. What is the average time it takes to approve EOI, for Disability? For Life Insurance?

SECTION 4 - PROCUREMENT PROCESS

4-1 PROPOSER LIST AND QUALIFICATION EVALUATION

After the established date for receipt of proposals, a listing of Proposers submitting proposals will be prepared, and will be available for public inspection.

Qualifications and proposals submitted by interested Proposers will be reviewed and evaluated based on the evaluation factors set forth in the RFP.

4-2 PROPOSAL CLASSIFICATION

For the purpose of conducting discussions with individual offerers, if required, proposals will initially be classified as:

- A. Potentially Acceptable
- B. Unacceptable

Discussions may be conducted with any or all of the Proposers whose proposals are found potentially acceptable. Offerers whose proposals are unacceptable will be notified promptly. The Manager of Purchasing will establish procedures and schedules for conducting oral and/or written discussions.

Proposers are advised that the University may award an Agreement on the basis of initial offers received, without discussions; therefore, each initial offer should contain the offerer's best terms from a cost and technical standpoint.

4-3 PROPOSER INVESTIGATION

The University will make such investigations as it considers necessary to obtain full information on the Proposers selected for discussions, and each Proposer shall cooperate fully in such investigations.

4-4 FINAL OFFERS AND AWARD OF AGREEMENT

Following any discussions with Proposers regarding their technical proposals, alternative approaches, or optional features, a number of the firms may be requested to submit best and final offers. The committee will rank the final Proposers for the project, giving due consideration to the established evaluation criteria. The committee will propose award to the proposal which is found to be most advantageous to the University, based on the factors set forth in the Request for Proposals.

SECTION 5 - EVALUATION PROCESS

The University reserves the right to reject any or all proposals, or portions thereof. The selection of a successful Proposer, if any, will be made based upon which proposal the University determines would best meet its requirements and needs.

5-1 EVALUATION CRITERIA

The evaluation criteria are listed below:

- Rates and rate guarantee periods
- Cultural Fit
- Member support (i.e. calls and claims processing)
- Ability to consolidate lines of coverage
- Strategic partnering opportunities

Not necessarily listed in order of importance. The University may at its discretion use life cycle or best value analysis.

SECTION 6 - GENERAL CONTRACTUAL TERMS AND CONDITIONS

6-1 AGREEMENT TERMS AND CONDITIONS

The submission of a proposal herein constitutes the agreement of any Proposer that any Agreement to be drawn as the result of an award herein shall be prepared by the University and shall include at a minimum, all terms and conditions set forth in this RFP. The submission of a proposal shall further constitute the agreement of each Proposer that it will not insist on the use of standard contract agreements, documents, or forms, and that it waives any demand for the use of its standard agreements. The Agreement between the parties shall consist of, in order of precedence: the agreement document signed by the Parties subsequent to submission of the proposal, and any attachments thereto and incorporations therein, the terms and conditions in the RFP, and the Proposer's response to the RFP.

6-2 ASSIGNMENT

No assignment of this Agreement or of any right accruing under this Agreement shall be made, in part or in whole, by Contractor without the written consent of the University. Notwithstanding any assignment, Contractor shall remain fully liable on this Agreement and shall not be released from performing any of the terms, covenants, and conditions of this Agreement.

6-3 TERMINATION FOR CONVENIENCE

The University may terminate this Agreement, in whole or in part, at any time by written notice to the Contractor. The Contractor shall be paid its reasonable costs, including reasonable close-out costs and a reasonable profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim for payment. If the Contractor has any property in its possession belonging to the University, the Contractor will account for the same and dispose of it in the manner the University directs.

6-4 TERMINATION FOR DEFAULT

If the Contractor does not deliver the materials in accordance with the Contract delivery schedule, or if the Contract is for services and the Contractor fails to perform in the manner called for in the Contract, or if the Contractor fails to comply with any other provisions of the Contract, the University may terminate this Contract for default. Termination shall be effected by serving on the Contractor a notice of termination setting forth the manner in which the Contractor is in default. The Contractor will be paid a reasonable price for materials delivered and accepted, or services performed in accordance with the manner of performance set forth in the Contract.

6-5 APPLICABLE LAW AND FORUM

This Agreement shall be construed in accordance with, and governed by the laws of the State of Idaho. Any legal proceeding related to this Agreement shall be instituted in the courts of the county of Latah, state of Idaho, and Contractor agrees to submit to the jurisdiction of such courts.

6-6 LAWS, REGULATIONS AND PERMITS

The Contractor shall give all notices required by law and comply with all applicable Federal, State, and local laws, ordinances, rules and regulations relating to the conduct of the work. The Contractor shall be liable for all violations of the law in connection with work furnished by the Contractor, including the Contractor's subcontractors.

6-7 GENERAL QUALITY

All of the Contractor's work shall be performed with the highest degree of skill and completed in accordance with the Agreement Documents.

6-8 PROOF OF COMPLIANCE WITH AGREEMENT

In order that the University may determine whether the Contractor has complied with the requirements of the Agreement Documents, the Contractor shall, at any time when requested, submit to the University properly authenticated documents or other satisfactory proofs as to compliance with such requirements.

6-9 PAYMENT AND ACCEPTANCE

Except as otherwise provided herein, payments shall be due and payable within (30) days after acceptance of such goods or services or after receipt of properly completed invoice, whichever is later. No advance payment shall be made for goods or services furnished pursuant to this Agreement.

6-10 CONTINUATION DURING DISPUTES

The Contractor agrees that notwithstanding the existence of any dispute between the parties, insofar as possible under the terms of the Agreement to be entered into, each party will continue to perform the obligations required of it during the continuation of any such dispute, unless enjoined or prohibited by any court.

6-11 SEVERABILITY

If any term or condition of this Agreement or the application thereof to any person(s) or circumstances is held invalid, such invalidity shall not affect other terms, conditions or applications which can be given effect without the invalid term, condition or application; to this end the terms and conditions of this Agreement are declared severable.

6-12 INTEGRATION

This Agreement constitutes the entire Agreement between the parties. No change thereto shall be valid unless in writing communicated in the stipulated manner, and signed by the University and the Contractor.

6-13 BINDING EFFECT

This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties hereto and their respective heirs, legal representatives, successors, and assigns.

6-45 APPROPRIATIONS CLAUSE

If the term of this Agreement is longer than one year, the University's obligations and liabilities hereunder are subject to the appropriation of funds from the State of Idaho, which appropriation shall be in the State of Idaho's sole discretion, from revenues legally available to the University for the ensuing fiscal year for the purposes of this Agreement. If the State of Idaho does not appropriate the funds for the purpose of this Agreement, the Agreement shall terminate and neither party shall have any further obligations hereunder.

6-15 IRS SECTION 501(C)(3) AND SECTION 115 CONSIDERATIONS

If any provision of this Agreement may cause the University to lose its status as an Internal Revenue Code Section 501(c)(3) corporation, this Agreement shall be voidable. In the alternative, at the sole option of the University, the offending provision(s) shall be modifiable such that the provision(s) will no longer cause the University to lose its status as a 501(c)(3) corporation. The terms of the modification shall be subject to agreement in writing by all parties.

6-16 COMPLIANCE WITH GOVERNOR'S EXECUTIVE ORDER

In the event any provision of this Agreement shall cause the University to be in violation of any of the Governor of Idaho's Executive Orders, then this Agreement shall be voidable at the sole option of the University.

6-17 DEBARRED, SUSPENDED OR EXCLUDED

All purchase orders and contracts issued by the University of Idaho are subject to F.A.R. 52.209-6. Supplier warrants that neither supplier or its principals is presently debarred, suspended or proposed for debarment by the Federal Government.

6-18 NON-USE OF NAMES AND TRADEMARKS

Contractor shall not use the name, trade name, trademark, or other designation of the University, or any contraction, abbreviation, or simulation any of the foregoing, in any advertisement or for any commercial or promotional purpose (other than in performing under this Agreement) without the University's prior written consent in each case.

6-19 CONTRACTOR REPRESENTATIONS

Contractor represents and warrants the following: (a) that it is financially solvent, able to pay its debts as they mature, and possessed of sufficient working capital to provide the equipment and goods, complete the services, and perform its obligations required hereunder; (b) that it is able to furnish any of the plant, tools, materials, supplies, equipment, and labor required to complete the services required hereunder and perform all of its obligations hereunder and has sufficient experience and competence to do so; (c) that it is authorized to do business in Idaho, properly licensed by all necessary governmental and public and quasi-public authorities having jurisdiction over it and the services, equipment, and goods required hereunder, and has or will obtain all licenses and permits required by law; and (d) that it has visited the site of the project and familiarized itself with the local conditions under which this Agreement is to be performed.

6-20 REGENTS' APPROVAL

This Agreement may be subject to approval by the Regents of the University of Idaho, and if it is and if such approval is not granted this Agreement shall be void and neither party shall have any further obligations or liabilities hereunder.

6-21 SURVIVAL OF TERMS

The terms and provisions hereof, and all documents being executed hereunder, if any, including, without limitation, the representations and warranties, shall survive this Agreement and shall remain in full force and effect thereafter.

6-22 HEADINGS

The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6-23 ADDITIONAL ACTS

Except as otherwise provided herein, in addition to the acts and deeds recited herein and contemplated to be performed, executed and/or delivered by the parties, the parties hereby agree to perform, execute and/or deliver or cause to be performed, executed and/or delivered any and all such further acts, deeds and assurances as any party hereto may reasonably require to consummate the transaction contemplated hereunder.

6-24 TIME OF ESSENCE

All times provided for in this Agreement, or in any other document executed hereunder, for the performance of any act will be strictly construed, time being of the essence.

6-25 WAIVER

No covenant, term or condition or the breach thereof shall be deemed waived, except by written consent of the party against whom the waiver is claimed, and any waiver of the breach of any covenant, term or condition shall not be deemed to be a waiver of any other covenant, term or condition herein. Acceptance by a party of any performance by another party after the time the same shall have become due shall not constitute a waiver by the first party of the breach or default of any such covenant, term or condition unless otherwise expressly agreed to by the first party in writing.

6-26 FORCE MAJEURE

Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefore, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (except for financial ability), shall excuse the performance, except for the payment of money, by such party for a period equal to any such prevention, delay or stoppage.

6-27 NO JOINT VENTURE

Nothing contained in this Agreement shall be construed as creating a joint venture, partnership, or agency relationship between the parties.

6-28 INFORMATION TRUE AND CORRECT

All documents, agreements and other information provided to the University by Contractor or which Contractor has caused to be provided to the University are true and correct in all respects and do not omit to state any material fact or condition required to be stated, necessary to make the statement or information not misleading, and there are no other agreements or conditions with respect thereto.

6-29 EQUAL OPPORTUNITY

Contractor represents and agrees that it will not discriminate in the performance of this Agreement or in any matter directly or indirectly related to this Agreement on the basis of race, color, religion, national origin, sex, sexual orientation, gender identity/expression, age, disability or status as a Vietnam era veteran.. This non-discrimination requirement includes, but is not limited to, any matter directly or indirectly related to employment. Breach of this covenant may be regarded as a material breach of Agreement.

6-30 PUBLIC RECORDS

The University is a public agency. All documents in its possession are public records. Proposals are public records and will be available for inspection and copying by any person upon completion of the RFP process. If any Proposer claims any material to be exempt from disclosure under the Idaho Public Records Law, the Proposer will expressly agree to defend, indemnify and hold harmless the University from any claim or suit arising from the University's refusal to disclose any such material. No such claim of exemption will be valid or effective without such express agreement. The University will take reasonable efforts to protect any information marked "confidential" by the Proposer, to the extent permitted by the Idaho Public Records Law. Confidential information must be submitted in a separate envelope, sealed and marked "Confidential Information" and will be returned to the Proposer upon request after the award of the contract. It is understood, however, that the University will have no liability for disclosure of such information. Any proprietary or otherwise sensitive information contained in or with any Proposal is subject to potential disclosure.

6-31 UNIVERSITY'S RULES, REGULATIONS, AND INSTRUCTIONS

Contractor will follow and comply with all rules and regulations of the University and the reasonable instructions of University personnel. The University reserves the right to require the removal of any worker it deems unsatisfactory for any reason.

ADDITIONAL TERMS AND CONDITIONS SPECIFIC TO INFORMATION SECURITY AND DATA MANAGEMENT:

6-34 Data Compromise Response

- a. Immediately upon becoming aware of a Data Compromise, or of circumstances that could have resulted in unauthorized access to or disclosure or use of Customer or End User Data, Vendor will notify Customer, fully investigate the incident, and cooperate fully with Customer's investigation of and response to the incident. Except as otherwise required by law, Vendor will not provide notice of the incident directly to the persons whose data were involved, regulatory agencies, or other entities, without prior written permission from Customer.
- b. Notwithstanding any other provision of this agreement, and in addition to any other remedies available to Customer under law or equity, Vendor will reimburse Customer in full for all costs incurred by Customer in investigation and remediation of such Data Compromise, including but not limited to providing notification to third parties whose data were compromised and to regulatory agencies or other entities as required by law or contract; the offering of 12 months' credit monitoring to each person whose data were compromised; and the payment of legal fees, audit costs, fines, and other fees imposed by regulatory agencies or contracting partners as a result of the Data Compromise.

6-35 Data Integrity

Vendor will take commercially reasonable measures, including regular data integrity audits, to protect Customer and End User Data against deterioration or degradation of data quality and authenticity.

6-36 Data Privacy

- a. Vendor will use Customer Data and End User Data only for the purpose of fulfilling its duties under this Agreement and for Customer's and its End User's sole benefit, and will not share such data with or disclose it to any third party without the prior written consent of Customer or as otherwise required by law. By way of illustration and not of limitation, Vendor will not use such data for Vendor's own benefit and, in particular, will not engage in "data mining" of Customer or End User Data or communications, whether through automated or human means, except as specifically and expressly required by law or authorized in writing by Customer.
- b. All Customer and End User Data will be stored on servers, located solely within the Continental United States.
- c. Vendor will provide access to Customer and End User Data only those Vendor employees and subcontractors who need to access the data to fulfill Vendor's obligations under this Agreement. Vendor will ensure that employees who perform work under this Agreement have read, understood, and received appropriate instruction as to how to comply with, the data protection provisions of this Agreement, and have undergone all background screening and possess all qualifications appropriate to the nature of the employees' duties and the sensitivity of the data they will be handling prior to being granted access to the Data.

6-37 Data Retention and Disposal

- a. Vendor will use commercially reasonable efforts to retain data in an End User's account, including attachments, until the End User deletes them or for an alternative time period mutually agreed by the parties.
- b. Using appropriate and reliable storage media, Vendor will regularly back up Customer and End User Data and retain such backup copies for a minimum of 12 months. At the end of that time period and at Customer's election, Vendor will either securely destroy or transmit to Customer repository the backup copies. Upon Customer's request, Vendor will supply Customer a certificate indicating the records destroyed, the date destroyed, and the method of destruction used.

- c. Vendor will retain logs associated with End User activity for a minimum of 12 Months, unless the parties mutually agree to a different period.
- d. Vendor will immediately place a “hold” on the destruction under its usual records retention policies of records that include Customer and End User Data, in response to an oral or written request from Customer indicating that those records may be relevant to litigation that Customer reasonably anticipates. Oral requests by Customer for a hold on record destruction will be reduced to writing and supplied to Vendor for its records as soon as reasonably practicable under the circumstances. Customer will promptly coordinate with Vendor regarding the preservation and disposition of these records. Vendor shall continue to preserve the records until further notice by Customer.

6-38 Data Security and Integrity [under review by IT security personnel]

- a. All facilities used to store and process Customer and End User data will employ commercial best practices, including appropriate administrative, physical, and technical safeguards, to secure such data from unauthorized access, disclosure, alteration, and use. Such measures will be no less protective than those used to secure Vendor’s own data of a similar type, and in no event less than reasonable in view of the type and nature of the data involved. Without limiting the foregoing, Vendor warrants that all Customer Data and End User Data will be encrypted in transmission (including via web interface) and storage at no less than 128 bit level encryption. Vendor agrees and certifies that it, the system or any third parties working on the vendor’s behalf have complied with all applicable requirements to be considered PCI- level 1 compliant and has taken all necessary steps to validate its compliance with the PCI DSS and PA DSS. Vendor is required to demonstrate compliance with this requirement by maintaining the application listing on The PCI Security Standards Council (see https://www.pcisecuritystandards.org/approved_companies_providers/validated_payment_applications.php?agree=true).
- b. Vendor will use industry standard and up to date security tools and technologies such as anti-virus protections and intrusion detection methods in providing Services under this Agreement.
- d. Vendor will at its expense conduct or have conducted at least annually:
 - A SAS 70 audit of Vendor’s security policies, procedures and controls resulting in the issuance of a Service Auditor’s Report Type II;
 - A vulnerability scan, performed by a scanner approved by Customer, of Vendor’s systems and facilities that are used in any way to deliver services under this Agreement; and
 - A formal penetration test, performed by a process and qualified personnel approved by Customer, of Vendor’s systems and facilities that are used in any way to deliver services under this Agreement.
- e. Vendor will provide Customer upon request the results of the above audits, scans and tests, and will promptly modify its security measures as needed based on those results in order to meet its obligations under this Agreement. Customer may require, at its expense, Vendor to perform additional audits and tests, the results of which will be provided promptly to Customer.

6-39 Data Transfer upon Termination or Expiration

- a. Upon termination or expiration of this Agreement, Vendor will ensure that all Customer and End User Data are transferred to Customer or a third party designated by Customer securely, within a reasonable period of time, and without significant interruption in service. Vendor will ensure that such migration uses facilities and methods are compatible with the relevant systems of the transferee, and to the extent technologically feasible, that Customer will have reasonable access to Customer and End User Data during the transition.
- b. Vendor will notify Customer of impending cessation of its business or that of a tiered provider and any contingency plans in the event of notice of such a failure. This includes immediate transfer of any previously escrowed assets and data and providing Customer access to Vendor’s facilities to remove and destroy Customer owned assets and data. Vendor shall implement its exit plan and take all necessary actions to ensure a smooth transition of service with minimal disruption to Customer. Vendor will provide a fully documented service description and perform and document a gap analysis by examining any differences between its services and those to be provided by its successor. Vendor will also provide a full inventory and configuration of servers, routers, other hardware, and software involved in service delivery along with

supporting documentation, indicating which if any of these are owned by or dedicated to Customer. Vendor will work closely with its successor to ensure a successful transition to the new equipment, with minimal downtime and effect on Customer, all such work to be coordinated and performed in advance of the formal, final transition date.

6-40 Response to Legal Orders, Demands or Requests for Data

- a. Except as otherwise expressly prohibited by law, Vendor will:
 - Immediately notify Customer of any subpoenas, warrants, or other legal orders, demands or requests received by Vendor seeking Customer and/or End User Data;
 - Consult with Customer regarding its response;
 - Cooperate with Customer's reasonable requests in connection with efforts by Customer to intervene and quash or modify the legal order, demand or request; and
 - Upon Customer's request, provide Customer with a copy of its response.

- b. If Customer receives a subpoena, warrant, or other legal order, demand or request seeking Customer or End User Data maintained by Vendor, Customer will promptly provide a copy to Vendor. Vendor will promptly supply Customer with copies of data required for Customer to respond, and will cooperate with Customer's reasonable requests in connection with its response.

6-41 Service Levels; Interruptions in Service; Suspension and Termination of Service; Changes to Service:

- a. Vendor warrants that the Services will be performed in a professional and workmanlike manner consistent with industry standards reasonably applicable to such Services. Vendor further warrants that the Services will be Operational at least 99.99% of the time in any given month during the term of this Agreement, meaning that the outage or downtime percentage will be not more than .01%. In the event of a Service outage, Vendor will (a) promptly and at Vendor's expense use commercial best efforts to restore the Services as soon as possible, and (b) unless the outage was caused by a Force Majeure event, refund or credit Customer, at Customer's election, the prorated amount of fees corresponding to the time Services were unavailable. Neither party will be liable to the other for any failure or delay in performance under this Agreement to the extent said failures or delays are proximately caused by forces beyond that party's reasonable control, provided that the party resumes performance as soon as it is reasonably able to do so.

- b. From time to time it may be necessary or desirable for either the Customer or Vendor to propose changes in the Services provided. Such changes shall be made pursuant to the Change Control Procedure. Automatic upgrades to any software used by Vendor to provide the Services that simply improve the speed, efficiency, reliability, or availability of existing Services and do not alter or add functionality, are not considered "changes to the Services" and such upgrades will be implemented by Vendor on a schedule no less favorable than provided by Vendor to any other customer receiving comparable levels of Services.

- c. Vendor will provide Customer with seven days' prior notice of scheduled downtime in the provision of Services for maintenance or upgrades. To the extent possible, Vendor will schedule downtime during times of ordinarily low use by Customer. In the event of unscheduled and unforeseen downtime for any reason, except as otherwise prohibited by law Vendor will promptly notify Customer and cooperate with Customers' reasonable requests for information regarding the downtime.

- d. Customer may suspend or terminate (or direct Vendor to suspend or terminate) an End User's access to Services in accordance with Customer's policies. Customer will assume sole responsibility for any claims made by End User regarding Customer's suspension/termination or directive to suspend/terminate such service. Vendor may suspend access t to Services by Customer or an End User immediately in response to an act or omission that reasonably appears to jeopardize the security or integrity of Vendor's Services or the network(s) or facilities used to provide the Services. Suspension will be to the minimum extent, and of the minimum duration, required to prevent or end the security issue. Vendor may suspend Customer's access to Services if, after at least thirty (30) days' written notice to Customer and subsequent good faith, commercially reasonable efforts to resolve the matter with Customer to the parties' mutual satisfaction, Customer remains in material breach of this Agreement. The suspension will be lifted immediately once the breach is cured. Vendor may suspend access to Services by an End User in response to (i) a material breach by End User of any terms of use s/he has

agreed to in connection with receiving the Services. Vendor will notify Customer of any suspension of End User access to Services before suspension or, if notice before is not f feasible, as soon as reasonably possible thereafter.

SECTION 7 – INDEMNITY, RISKS OF LOSS, INSURANCE

7-1 RISK OF LOSS

Until all improvements, equipment, or goods to be provided under this Agreement are installed on property owned or controlled by University and working properly, Contractor and its subcontractors of any tier shall bear all risks of all loss or damage to the improvements, equipment, or goods, excluding loss or damage caused by acts, omissions, or negligence of the University. Once all improvements, equipment, or goods to be provided under this Agreement are installed on property owned or controlled by University and working properly, the risk of all loss or damage shall be borne by University, excluding loss or damage caused by acts, omissions, or negligence of the Contractor. Contractors shall require its subcontractors of any tier to bear the same risk of loss.

7-2 INDEMNIFICATION

Contractor shall indemnify, defend and hold the University and the State of Idaho harmless from and against any and all claims, losses, damages, injuries, liabilities and all costs, including attorneys fees, court costs and expenses and liabilities incurred in or from any such claim, arising from any breach or default in the performance of any obligation on Contractor’s part to be performed under the terms of this Agreement, or arising from any act, negligence or the failure to act of Contractor, or any of its agents, subcontractors, employees, invitees or guests. Contractor, upon notice from the University, shall defend the University at Contractor’s expense by counsel reasonably satisfactory to the University. Contractor, as a material part of the consideration of the University, hereby waives all claims in respect thereof against the University.

Contractor shall: (a) notify the University in writing as soon as practicable after notice of an injury or a claim is received; (b) cooperate completely with the University and/or the University’s insurers in the defense of such injury or claim; and (c) take no steps such as admission of liability which would prejudice the defense or otherwise prevent the University from protecting the University’s interests.

7-3 Insurance

7.3.1 General Requirements

7.3.1.1 Contractor and its subcontractor(s) of any tier are required to carry the types and limits of insurance shown in this insurance clause, section 8.0, and to provide University with a Certificate of Insurance (“certificate”). All certificates shall be coordinated by the Contractor and provided to the University within seven (7) days of the signing of the contract by the Contractor. Certificates shall be executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth below. All certificates shall provide for thirty (30) days’ written notice to University prior to cancellation, non-renewal, or other material change of any insurance referred to therein as evidenced by return receipt of United States certified mail. Said certificates shall evidence compliance with all provisions of this section 7.3. Exhibit A of this Agreement contains a Request for Certificate of Insurance which shall be given to the insurance broker or agent of the Contractor and its subcontractor(s) of any tier, upon award of bid to Contractor.

7.3.1.2 Additionally and at its option, Institution may request certified copies of required policies and endorsements. Such copies shall be provided within (10) ten days of the Institution’s request.

7.3.1.3 All insurance required hereunder shall be maintained in full force and effect with insurers with Best’s rating of AV or better and be licensed and admitted in Idaho. All policies required shall be written as primary policies and not contributing to nor in excess of any coverage University may choose to maintain. Failure to maintain the required insurance may result in termination of this Agreement at University’s option.

7.3.1.4 All policies except Workers Compensation and Professional Liability shall name University as Additional Insured. The Additional Insured shall be stated as: “State of Idaho and The Regents of the University of Idaho”. Certificate Holder shall read: “University of Idaho.” Certificates shall be mailed to: University of Idaho, Risk Management, P.O. Box 443162, Moscow, ID 83844-3162.

7.3.1.5 Failure of University to demand such certificate or other evidence of full compliance with these insurance requirements or failure of Institution to identify a deficiency from evidence that is provided shall not be construed as a waiver of the obligation of Contractor and its subcontractor(s) of any tier to maintain such insurance.

7.3.1.6 No Representation of Coverage Adequacy. By requiring insurance herein, University does not represent that coverage and limits will necessarily be adequate to protect Contractor and its subcontractor(s) of any tier, and such coverage and limits shall not be deemed as a limitation on the liability of the Contractor and its subcontractor(s) of any tier under the indemnities granted to University in this Agreement.

8.1.7 Contractor is responsible for coordinating the reporting of claims and for the following: (a) notifying the Institution in writing as soon as practicable after notice of an injury or a claim is received; (b) cooperating completely with University in the defense of such injury or claim; and (c) taking no steps (such as admission of liability) which will prejudice the defense or otherwise prevent the University from protecting its interests.

7.3.2 Required Insurance Coverage.

Contractor and its subcontractor(s) of any tier shall at its own expense obtain and maintain:

7.3.2.1 Commercial General and Umbrella / Excess Liability Insurance. Contractor and its subcontractor(s) of any tier shall maintain Commercial General Liability ("CGL") written on an occurrence basis and with a limit of not less than \$1,000,000 each occurrence and in the aggregate. If such CGL insurance contains a general aggregate limit, it shall apply separately by location and shall not be less than \$1,000,000. CGL insurance shall be written on standard ISO occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under a contract including the tort liability of another assumed in a business contract. Waiver of subrogation language shall be included. If necessary to provide the required limits, the Commercial General Liability policy's limits may be layered with a Commercial Umbrella or Excess Liability policy.

7.3.2.2 Commercial Auto Insurance. Contractor and its subcontractor(s) of any tier shall maintain a Commercial Auto policy with a Combined Single Limit of not less than \$1,000,000; Underinsured and Uninsured Motorists limit of not less than \$1,000,000; Comprehensive; Collision; and a Medical Payments limit of not less than \$10,000. Coverage shall include Non-Owned and Hired Car coverage. Waiver of subrogation language shall be included.

7.3.2.3 Business Personal Property. Contractor and its subcontractor(s) of any tier shall purchase insurance to cover Business Personal Property of Contractor and its subcontractor(s) of any tier. In no event shall University be liable for any damage to or loss of personal property sustained by Contractor, even if such loss is caused by the negligence of Institution, its employees, officers or agents. Waiver of subrogation language shall be included.

7.3.2.4 Workers' Compensation. Contractor and its subcontractor(s) of any tier shall maintain all coverage statutorily required of the Contractor and its subcontractor(s) of any tier, and coverage shall be in accordance with the laws of Idaho. Contractor and its subcontractor(s) of any tier shall maintain Employer's Liability with limits of not less than \$100,000 / \$500,000 / \$100,000.

7.3.2.4 Professional Liability. If professional services are supplied to Institution, Contractor and its subcontractor(s) of any tier, Contractor and its subcontractor(s) of any tier shall maintain Professional Liability (Errors & Omissions) insurance on a claims made basis, covering claims made during the policy period and reported within three years of the date of occurrence. Limits of liability shall be not less than one million dollars (\$1,000,000).

UNIVERSITY OF IDAHO - REQUEST FOR PROPOSAL

Exhibit A – Request for Certificate of Insurance from Contractor*

***If bid is awarded to Contractor**

Page 1 of 2

Give this form to your insurance agent / broker

Agents/ Brokers: RETURN A COPY OF THESE INSTRUCTIONS WITH YOUR CERTIFICATE.

Certificates without a copy of these instructions will not be accepted.

Contractor and its subcontractors of any tier (“Insured”) are required to carry the types and limits of insurance shown in this Request, and to provide University of Idaho (“Certificate Holder”) with a Certificate of Insurance within seven (7) days of the signing of this Contract.

- Certificate Holder shall read:

State of Idaho and the Regents of the University of Idaho
Attn: Risk Management
P.O. Box 443162
Moscow, ID 83844-3162

- Description area of certificate shall read: Attn: Contract for Services
- All certificates shall provide for thirty (30) days’ written notice to Certificate Holder prior to cancellation or material change of any insurance referred to in the certificate.
- All insurers shall have a Best’s rating of AV or better and be licensed and admitted in Idaho.
- All policies required shall be written as primary policies and not contributing to nor in excess of any coverage Certificate Holder may choose to maintain.
- All policies (except Workers Compensation and Professional Liability) shall name the following as Additional Insured: The Regents of the University of Idaho, a public corporation, state educational institution, and a body politic and corporate organized and existing under the Constitution and laws of the state of Idaho.
- Failure of Certificate Holder to demand a certificate or other evidence of full compliance with these insurance requirements or failure of Certificate Holder to identify a deficiency from evidence that is provided shall not be construed as a waiver of Insured’s obligation to maintain such insurance.
- Failure to maintain the required insurance may result in termination of this grant or contract at the Certificate Holder’s option.
- By requiring this insurance, Certificate Holder does not represent that coverage and limits will necessarily be adequate to protect Insured, and such coverage and limits shall not be deemed as a limitation on Insured’s liability under the terms of the grant or contract.
- A copy of this certificate request must be sent with the Certificate.

UNIVERSITY OF IDAHO - REQUEST FOR PROPOSAL

Exhibit A – Request for Certificate of Insurance from Contractor*
***If bid is awarded to Contractor**
Page 2 of 2

Required Insurance Coverage. Insured shall obtain insurance of the types and in the amounts described below.

- Commercial General and Umbrella Liability Insurance. Insured shall maintain commercial general liability (CGL) and, if necessary, commercial umbrella insurance with a limit of not less than \$1,000,000 each occurrence and in the aggregate. If such CGL insurance contains a general aggregate limit, it shall apply separately by location and shall not be less than \$1,000,000. CGL insurance shall be written on standard ISO occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under an insured contract including the tort liability of another assumed in a business contract. Waiver of subrogation language shall be included. If necessary to provide the required limits, the Commercial General Liability policy's limits may be layered with a Commercial Umbrella or Excess Liability policy.
- Commercial Auto Insurance. Insured shall maintain a Commercial Automobile Policy with a Combined Single Limit of not less than \$1,000,000; Underinsured and Uninsured Motorists limit of not less than \$1,000,000; Comprehensive; Collision; and a Medical Payments limit of not less than \$5,000. Coverage shall include Non-Owned and Hired Car coverage. Waiver of subrogation language shall be included.
- Business Personal Property and/or Personal Property. Insured shall purchase insurance to cover Insured's personal property. In no event shall Certificate Holder be liable for any damage to or loss of personal property sustained by Insured, whether or not insured, even if such loss is caused by the negligence of Certificate Holder, its employees, officers or agents.
- Workers' Compensation. Where required by law, Insured shall maintain all statutorily required Workers Compensation coverages. Coverage shall include Employer's Liability, at minimum limits of \$100,000 / \$500,000 / \$100,000.
- Professional Liability. If professional services are supplied to the Institution, Insured shall maintain Professional Liability (Errors & Omissions) insurance on a claims made basis, covering claims made during the policy period and reported within three years of the date of occurrence. Limits of liability shall be not less than one million dollars (\$1,000,000).

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

LEWIS-CLARK STATE COLLEGE

SUBJECT

Approval to reinstate the Vice President for Student Affairs position

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section II.B.3.a

BACKGROUND/DISCUSSION

On July 1, 2004, as part of Lewis Clark State College's (LCSC) efforts to realign its organizational structure with its strategic plan, improve unit effectiveness, and achieve immediate cost savings, the College converted its long-standing "Vice President for Student Affairs (VPSA)" position to "Dean of Student Services." In order to keep the workload of the new dean position manageable, several former VPSA functions (including Learning Services, Residence Life, Student Life, Native American/Minority Student Services, and Student Discipline) were reassigned to the remaining two vice presidents and other deans. This change to the VPSA position dovetailed with the earlier conversions (clarifying the authority and accountability) of other administrative positions to the new positions of Dean of Academic Programs, Dean of Professional-Technical Programs, and Dean of Community Programs, the latter three positions representing the three primary components of LCSC's three-part mission under its strategic plan. The move to the four-dean configuration concentrated top-level direction among the President and two vice presidents (the VP for Academic Affairs/Provost and VP for Finance and Administration). Since that time, LCSC has operated without associate or assistant vice presidents, and, from time-to-time, functions have been carried out by dual-hatting some position holders. Examples of dual-hatted functions have included, among others, Athletic Director, Governmental Relations, Registrar, Admissions, Institutional Research, Institutional Assessment and Planning, and Internal Auditor.

In the period since the VPSA position was down-sized in 2004, headcount at LCSC has grown by over 41%, strategic enrollment management (recruiting, retention, advising) has become ever more critical at both the institution and system levels (as reflected in both State Board and LCSC strategic initiatives), and the scope and level of effort needed to comply with new federal regulatory requirements have significantly expanded. As the workload of the vice presidents and the three other deans has grown, most of the functions which had been reassigned to other units when the VPSA position was eliminated have migrated back to the Dean of Student Services. Driven by these factors, the Dean of Student Services is now called upon on a daily basis to engage in planning and decision-making with the President and Vice Presidents, serving in the capacity of a *de facto* VPSA in order to meet mission requirements.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

In light of the above, it makes sense for LCSC to restore this position at a vice-president level of responsibility, as is common practice among most colleges. While the Board has delegated personnel management functions to the institution executives, current policy reserves position authorizations at the vice president level (or equivalent) or positions with salaries at/above 75% of the President's salary [not a factor in this request] to the Board. LCSC requests permission to convert the current Dean of Student Services position to Vice President for Student Affairs, effective September 1, 2012.

IMPACT

LCSC's President is confident the proposed position upgrade/re-instatement would improve the overall effectiveness and efficiency of Student Affairs operations at the College. The requested change affects only one position at LCSC—overall FTE at the College will be unaffected by this change. The proposed change increases the current salary line of the position from the current FY13 Dean salary at \$82,080 to \$95,000 as VPSA.

STAFF COMMENTS AND RECOMMENDATIONS

For the reasons set forth above, LCSC requests approval to reinstate the Vice President for Student Affairs position into the College's management organizational structure. Staff recommends approval.

BOARD ACTION

I move to approve the request by Lewis-Clark State College to restore its previous position of Vice President for Student Affairs by upgrading its current position of Dean of Student Services, and to approve the request by LCSC to enter into a one-year employment agreement with Dr. Andrew Hanson at an annual salary of \$95,000.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

**BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012**

REVISED POSITION

Position Title	Vice President for Student Affairs
Type of Position	Exempt
FTE	1.0
Term of Appointment	12 months
Effective Date	September 1, 2012
Salary Range	\$95,000
Funding Source	Appropriated Funds
Area/Department of Assignment	Student Affairs
Duties and Responsibilities	Provide senior direction to non-curricular student support functions including admissions, registrar, career advising, international programs, recruitment and retention, student success programs, financial aid, minority services, student counseling, residence life operations, student activities, and student health services. Assist President in planning and implementing programs to provide access and high-quality student support to all students at Lewis-Clark State College. Collaborate with functional counterparts at Idaho's colleges and universities and with K-12 leaders to expand educational opportunities for Idaho citizens as they enter and advance in the workforce, improve their quality of life, and gain knowledge and tools to become contributing citizens.
Justification of Position	Current scope and level of responsibility to manage student support operations at LCSC merit vice-president level position.

EASTERN IDAHO TECHNICAL COLLEGE

SUBJECT

Approval to award a short term merit pay increase to the Executive Director of the Eastern Idaho Technical College (EITC) Foundation

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.E.2.c.iii.3)

BACKGROUND/DISCUSSION

This topic is presented to the State Board of Education as required by Board policy and Article V.2.7 of the operating agreement between the Eastern Idaho Technical College and the Eastern Idaho Technical College Foundation.

Board policy provides that supplemental compensation from a foundation made to an institutional employee “must have prior Board approval, and shall be paid by the foundation to the institution, which in turn will make payments to the employee in accordance with normal practice. Employees shall not receive any payments or other benefits directly from the foundations.”

IMPACT

The approval of this request will allow for the EITC Foundation to provide \$5,000 to the College for a short term merit pay increase to the Foundation’s Executive Director. This award is based on the Director’s meritorious performance during FY12.

STAFF COMMENTS AND RECOMMENDATIONS

Staff recommends approval.

BOARD ACTION

I move to approve the request by Eastern Idaho Technical College and the Eastern Idaho Technical College Foundation to award a one-time short term merit pay increase in the amount of \$5,000 to the Executive Director of the Foundation, and to direct that payment be processed and paid in accordance with Board policy and the Operating Agreement between the College and the College Foundation.

SUBJECT

FY 2014 Line Item: Funding Equity

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.S.
Office of Performance Evaluations Report: *Equity in Higher Education Funding*

BACKGROUND/DISCUSSION

The Office of Performance Evaluations (OPE) submitted a report in November 2011 which reviewed funding equity in higher education. The two recommendations from the study follow:

- 1) The State Board of Education, in conjunction with the institutions, should develop a Board policy that sets an explicit standard of equitable funding levels. The Board should develop the standard by determining how it will measure whether funding is equitable and what factors explain why differences in funding levels are warranted. In setting a standard, the Board should consider the institution's missions, the historical rationale for each institution's base, the goals of policymakers, and the implications of continuing to use the current funding process.
- 2) The Board should develop a plan to bring funding levels into alignment with a formally established standard for equity. The Board should design this plan to pursue equity while considering the statewide priorities of the Legislature and the potential for economic conditions that limit the amount of new funds available to higher education. By considering the often competing priorities that the Legislature must balance, the Board will better position itself to develop a plan that can make progress toward achieving equity even in years when there is no additional funding from the Legislature.

The Board tasked the BAHHR Committee to work with the institutions to address the OPE report recommendations. Staff has met several times with the BAHHR Committee and the institutions to develop a definition for funding equity and alternatives to maintain equity among the 4-year institutions.

IMPACT

A proposed funding equity model and underlying methodology will be presented to the Board. In short, the methodology attempts to isolate Instruction from the appropriation and ultimately quantifies what it would take to reach funding equity for instructional costs among the institutions. All other costs are generically designated as General Operations costs. The underlying premise is that the only component of the college and universities' budget which is funded based on weighted student credit hours is Instruction by way of the Enrollment Workload Adjustment (EWA) formula, whereas Maintenance of Current Operations (MCO) and/or line items are funded (if at all) as a percent of base or base-plus. Therefore, there is a recognition in this approach that there are variances embedded in the institutions' General Operations base funding due to historical

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

appropriations (line items funded, etc.) reflective of the differences in the institutions' role and missions.

STAFF COMMENTS AND RECOMMENDATIONS

The BAHR Committee has met with Board staff, Financial Vice Presidents and Budget Directors to review, discuss and refine the methodology. The specific proposal and supporting documentation will be provided to the Board in advance of the August Board meeting.

The proposed methodology addresses OPE's recommendation to develop an explicit standard of equitable funding levels while considering factors explaining differences in those funding levels. This is accomplished by separating the general fund appropriation between instruction costs, as measured by weighted credit hours and EWA funding, from all other General Operations, which reflect differences in role and mission, historical base adjustments, and goals of policymakers reflected in historical budget enhancements (line items).

The second recommendation in the OPE report is the need to develop a plan to bring the institutions into alignment with the new funding equity standard. The report emphasizes the need to do this in an economic environment that limits the amount of new funds available to higher education, and asks the Board to consider a funding plan that can make progress toward achieving equity even in years when there is no additional funding from the Legislature. The Board should consider how to be responsive to this recommendation.

Staff recommends including a line item in the FY 2014 budget request for each institution requesting new General Funds in order to achieve funding equity.

BOARD ACTION

I move to adopt the methodology presented to be used for measuring funding equity and to approve the addition of a line item in the FY 2014 College and Universities budget request to achieve funding equity for Boise State University, Idaho State University, and Lewis-Clark State College.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

**BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012**

SUBJECT

Performance-based Funding Initiative (PBFi)

REFERENCE

December 2010 PBFi Board work session

BACKGROUND / DISCUSSION

“Resource allocation models are the means to an end, not ends unto themselves. If there is not a clear statement of goals that has broad bipartisan acceptance, then there is almost no chance of creating a performance funding model that can last. ... The public agenda should state a limited set of goals that:

- Are tailored to the needs of the state, not borrowed from elsewhere
- Focus on the needs of the state and its citizens, not the institutions of higher education...

... Goals need to be the driving force for performance funding, not a rhetorical afterthought.”¹

The Complete College Idaho (CCI) Plan proposes focus on improving educational attainment in a way that is responsive to the needs of business and those who will hire the workforce of the future. It further addresses the need for a well-education citizenry. From this plan, Idaho can build a system in which students graduate with the knowledge and skills that maximize their potential for success in the workforce and society while providing business with the necessary talent needed to thrive. The proposed strategies in this plan will aid in meeting the goal that 60% of Idahoans 25 to 34 have a postsecondary degree or certificate by 2020.

CCI Plan: KEY STRATEGY #4

REWARD PROGRESS & COMPLETION	<ul style="list-style-type: none">• Establish Metrics and Accountability Tied to Institutional Mission• Recognize and Reward Performance• Redesign the State’s Current Offerings of Financial Support for Postsecondary Students
---	---

The 60% goal related postsecondary degree and certificate projections and the CCI Plan provide the necessary analysis and framework for the Board to guide and direct the institutions regarding where to invest scarce resources.

The Board had a performance-based funding work session at its December 7, 2011 meeting. This provided the Board and institutions an opportunity to discuss and review the current funding methodology, guiding principles for PBFi, common metrics, and possible funding scenarios.

¹ Jones, Dennis. 2012. “Performance Funding: From Idea to Action.” Washington, DC: Complete College America (February).

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

On January 13, 2012 a meeting of the provosts, vice presidents for finance, budget directors, and directors of institutional research was convened to discuss the technical aspects of a PBF. Outcomes from the meeting included: identification of core goals of performance-based funding and consensus on performance-based funding guiding principles. Specific metrics were discussed (primarily drawn from Complete College America (CCA) Common College Metrics), but the group decided it was too difficult to discuss metrics in the abstract without actual data behind them. This data was transmitted to Board staff in late spring, at which point staff worked with CCA and the institutions to identify and correct any reporting errors.

On July 13, 2012 a second meeting was convened with Board members Don Soltman and Richard Westerberg and representatives from each of the college and universities including provosts, vice presidents for finance, budget directors, and directors of institutional research. The group reviewed and discussed the merits of the individual CCA outcome and progress metrics. The group reached agreement on two outcome metrics to be brought to the Board for approval at its August 2012 Board meeting.

The group also agreed that each institution will provide up to four institution-specific and institution-defined metrics. Institution-specific metrics will be brought forward at the August Board meeting as an information item for Board review and comment. Each institution will propose their baseline or benchmark for all six metrics (i.e. two outcome metrics and up to four institution-specific metrics) at the October Board meeting for approval. Baselines are preferred to measure improvement over time, continuous improvement is not infinite. Benchmarks for some metrics may be used to establish goals.

IMPACT

The workgroup recommends the following two Outcome metrics to the Board for approval:

1. Graduate (i.e. total student) Production
 - a. Measured in absolute numbers, not rates
 - b. Graduate data must be unduplicated
 - c. Use baseline to measure performance
2. Cost per successfully completed weighted student credit hour (WSCH)
 - a. No Incompletes, Withdrawals or grade "F" counted
 - b. Includes remedial courses
 - c. Board finance staff will work with institution financial vice presidents to identify National Association of College & University Business Officers (NACUBO) functional categories to include in calculating the "cost" (i.e. expenditure) per WSCH.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

ATTACHMENTS

Attachment 1 – Minutes from July 13, 2012 PBFI Meeting	Page 5
Attachment 2 – BSU Institution-Specific Metrics	Page 9
Attachment 3 – ISU Institution-Specific Metrics	Page 13
Attachment 4 – UI Institution-Specific Metrics	Page 15
Attachment 5 – LCSC Institution-Specific Metrics	Page 17

STAFF COMMENTS AND RECOMMENDATIONS

The institution-specific metrics as presented in Attachments 2 – 5 are provided in order to give the Board an opportunity to offer comments and feedback so the institutions can refine their metrics for final Board approval in October.

The PBFI workgroup also recommends the Board approve a request for a FY 2014 PBFI line item equivalent to 3% of the FY13 college and universities' general fund base budget (~\$6.8M). The other key component of the PBFI will be to determine the funding formula. The Business Affairs and Human Resources Committee will continue to work with the PBFI workgroup to develop a proposed methodology for rewarding institutions that make progress in improving educational attainment.

Staff recommends approval.

BOARD ACTION

I move to approve the following two Outcome Metrics for use as system-wide metrics as part of a Performance-based Funding Initiative:

- (1) Graduate (i.e. total student) Production
- (2) Cost per successfully completed weighted student credit hour

Moved by _____ Seconded by _____ Carried Yes _____ No _____

THIS PAGE INTENTIONALLY LEFT BLANK

Idaho State Board of Education
Performance-based Funding Initiative Meeting

Minutes
July 13, 2012

In attendance

Don Soltman, Vice President, State Board
Richard Westerberg, Past-President, State Board
Matt Freeman, CFO, Board Staff
Selena Grace, CAO, Board Staff
Scott Christie, Financial Manager, Board Staff
Leah Schultz, Research Analyst, Board Staff

Marty Schimpf, Provost, BSU
Stacy Pearson, VP for Finance & Administration, BSU
Jim Munger, Vice Provost for Academic Planning, BSU
Chris Rosenbaum, Budget Director, BSU
Steve Schmidt, IR Director, BSU

Jim Fletcher, VP for Finance & Administration, ISU
Laura Woodworth-Ney, Associate VP for Academic Affairs, ISU
Leo Herrman, Budget Director, ISU
Vince Miller, IR Director, ISU

Keith Ickes, Executive Director Planning & Budget, UI

Carmen Simone, Provost, LCSC
Trudy Alva, Budget Director, LCSC
Howard Erdman, IR Director, LCSC

1. Overview of 60% Goal and CCI Plan
2. Overview of PBF1 guiding principles. Keith Ickes added that the metrics must measure something that can actually be changed by the institution.
3. Discussion of CCA Outcome Metrics
 - a. Richard Westerberg expressed a desire to see metrics fall within the following three categories:
 - i. Output (quantity)
 - ii. Quality
 - iii. Cost (efficiency)
 - b. Graduate (i.e. total student) Production -- **Recommended**
 - i. Better to use absolute numbers in lieu of rates
 - ii. Graduate data must be unduplicated
 - iii. Measures undergraduate (certificate, AA, BA) only? TBD
 - iv. Use baseline to measure performance
 - c. Graduation Rate (time to degree) -- **Not recommended**
 - i. Determined this metric was not appropriate due to unintended consequences surrounding non-traditional students and stop-outs
 - d. Cost per Credit Hour -- **Recommended**
 - i. Cost per successfully completed weighted student credit hour (WSCH)
 - ii. No Incompletes, Withdrawals or grade "F" counted
 - iii. Includes remedial courses
 - iv. OSBE staff to determine if data can be pulled from SLDS
 - v. OSBE finance staff will work with FVPs to identify NACUBO functional categories to include in calculating the "cost" (i.e. expenditure) per WSCH. The IPEDS finance report is another possible source for cost data.
 - e. Recommended Outcome metrics will be brought forward at August Board meeting for approval.
4. Discussion of CCA Progress Metrics
 - a. Remediation -- OSBE Academic Affairs is currently working on remediation reform which makes this metric inappropriate at this time.
 - b. All other CCA progress metrics are implicitly subsumed in the recommended outcome metrics.
5. Discussion of Institution-specific Metrics
 - a. DFM agency profiles and performance measure reports are possible sources for metrics
 - b. General Education Reform initiative will have competencies for system-wide student learning outcomes. Possible source for "quality" metric(s).
 - c. Each institution will provide up to four institution-specific measures -- **Recommended**

- i. Quality metric (mandatory)
 - ii. Progress metric (mandatory)
 - iii. Institution selected/defined metric (discretionary)
 - iv. Institution selected/defined metric (discretionary)
 - d. Institutions will submit their institution-specific measures (and any supporting narrative/ definition) to Matt Freeman by no later than close of business Wednesday, July 25, 2012.
 - e. Institution-specific measures will be brought forward at August Board meeting in an information item.
6. Each institution will propose their baseline or benchmark for all six metrics (i.e. two outcome metrics and up to four institution-specific metrics) at the October Board meeting for approval.
 - a. Baselines are preferred so as to measure improvement over time.
 - b. Recognizing that continuous improvement is not infinite, benchmarks for some metrics may be used to establish goals. Goals need to be a stretch such that there is an element of risk as well as reward.
7. The Board will request a FY2014 PBF1 line item equal to 3% of the FY13 General Fund base.

THIS PAGE INTENTIONALLY LEFT BLANK

Boise State University
Proposed Metrics for Performance Based Funding

Outcome Measures from All Institutions:

➔ **Graduate Production (Count of Distinct Students Receiving Awards)**

Notes:

- A. Defined as the count of distinct students receiving awards during the academic year (Summer-Fall-Spring) as opposed to the count of degrees awarded. The latter measure would be inflated by students who receive multiple awards.
- B. We will disaggregate along four dimensions:
 - Resident vs. Non-resident. Reasoning: It is only if a graduate remains in Idaho after graduation that the graduation of a student helps to attain the 60% goal and helps build our workforce. We have found that although a substantial number of our non-resident graduates remain in Idaho, the proportion is higher for resident graduates.
 - Degree level (Associate's, Bachelor's, Graduate Certificate, Master's, Doctorate). Reasoning: Identifying degree level helps to identify the level of contribution to the workforce. Higher level degrees are generally associated with careers of higher skill level.
 - Underrepresented group membership (First generation, rural, low socioeconomic status, Hispanic or Native American ethnicity). Reasoning: The greatest impact on the college completion rate in the state will result from facilitating the graduation from college of individuals from groups that are historically underrepresented as college graduates.
 - Discipline of major (Graduates from high demand disciplines, including STEM). Reasoning: Graduates from majors such as those in the STEM disciplines are in greater demand than others, and are likely to have a greater impact on workforce status.

➔ **Cost Per Weighted Credit Hour Successfully Completed.**

Notes:

- A. We will express this measure in two ways: (i) with cost adjusted using the Consumer Price Index, thereby providing cost in constant dollars, and (ii) with cost unadjusted.
- B. Credit hours will be weighted according disciplinary and degree-level weightings in EWA policy.
- C. "Cost" will need to be carefully and explicitly defined by the Board staff. At present it is unclear whether it will be total state appropriation, will be

limited to costs for instruction, instructional support, and student support, or will be some other definition of cost.

- D. "Successfully completed" refers to credit hours for classes for which grades of A, B, C, D, or Pass were received, excludes credit hours for which grades of I, F, NP, includes successfully complete credits for load for remedial coursework, and excludes courses that were audited.

Boise State University Proposed Institution-Specific Measures

Measure of Quality

→ Percent of students achieving competency University Learning Outcomes (ULOs).

Notes:

- A. Our ULOs are organized into the following four groups:
- Written & oral communication (ULOs 1-2)
 - Critical inquiry, innovation, teamwork (ULOs 3-4)
 - Civic & Ethical foundations (ULOs 5-6)
 - Disciplinary Lens (ULO's 7-11)
- B. The specific measure we will use is the % of baccalaureate graduates who achieve a competency of "exemplary" or "good" for each of ULOs 1-6 (Intellectual foundations and Civic & ethical foundations) and for ULOs 7-11 (Disciplinary areas).
- C. Tentatively, our goal for this measure is that for each ULO, 90% of graduates will be rated as "good" or "exemplary".

Measure of Progress

→ Graduates per 100 student FTE enrolled

Notes:

- A. Defined as distinct count of graduates per 100 FTE enrolled. One FTE is defined as being enrolled for 30 credit hours per academic year (undergraduate) or 24 credit hours per year (graduate).
- B. We will report baccalaureate and master's/doctorate numbers separately.

Measures of Productivity

→ Externally Funded Research Expenditures

Notes:

- A. Defined as the Total R&D Expenditures as reported to the National Science Foundation.
- B. This measure is regarded as the gold standard of measurement of research activity of a university.

→ Number of Graduates from Doctoral and Master's Programs

Notes:

- A. Defined as the number of distinct graduates in an academic year.
- B. We will report the following separately:
 - Professional degrees (e.g., EdD, MPA, MBA), which contribute substantially to the professional expertise in the state.
 - Academic Degrees (e.g., PhD and MS), which are key contributors to our research and creative activity.

THIS PAGE INTENTIONALLY LEFT BLANK

Idaho State University*Proposed Institution-Specific Metrics for Performance-based Funding*

1. Quality: Number of current programs reviewed and revised as needed at least once every five years; programs being added or deleted are strategic decisions and tied to student demand and the workforce needs of the state. This metric ties to the ISU Strategic Plan Objective 1.2 - ISU provides a dynamic curriculum to ensure programs are current, relevant, and meet student and workforce needs.
2. Progress: Retention rates from freshmen to sophomore and sophomore to junior years, for full-time and part-time degree-seeking students. This metric ties to the ISU Strategic Plan Objective 2.2 - Students' progression from initial enrollment to graduation is monitored, and efforts to increase enrollment and retention are in place (e.g., targeted recruitment, optimal scheduling of courses, early warning system to help students in need, etc.).

THIS PAGE INTENTIONALLY LEFT BLANK

University of Idaho*Proposed Institution-Specific Metrics for Performance-based Funding*

Measure of Quality: Use the National Survey of Student Engagement (NSSE) measure of “Level of Academic Challenge.” This is a composite measure that sums the results of nine (9) individual questions on the NSSE survey. These questions address such topics as: hours spent preparing for class; number of books assigned; number of written papers of various lengths; class emphasis on analysis, synthesis, judgment and application of theories and concepts; and a campus environment that emphasizes spending time on study and academic work. With the continued emphasis on efficiency in the Performance Funding plan, we believe an appropriate goal for this measure is to be able to sustain our level of academic challenge at current levels.

Measure of Progress: Use our six (6) year graduation rate as a “summative” measure of progress. For a land grant institution with a significant residential program, the traditional graduation rate is an appropriate and useful measure of our ability to attract, retain, counsel and move our students through our academic programs.

Institution Measure 1: Use the number of science, technology, engineering and mathematics (STEM) degrees awarded at all levels – bachelors, masters and doctorate - as a measure of performance in the critical STEM areas. This would be similar to overall Performance Measure One, but would include graduate degrees and focus on the University’s strength in the STEM disciplines.

Institution Measure 2: Use Research Expenditures per Faculty Member as a measure of research performance. With discussions underway in Washington, D.C. that appear headed for significant budget cuts in federal research programs, we believe an appropriate (near term) goal for this measure would be to sustain our current level of funding per faculty member.

AGENCIES AND INSTITUTIONS OF THE STATE BOARD

SUBJECT

FY 2014 Line Item Budget Requests

REFERENCE

April 2012 Board approved guidance to the college and universities regarding submission of line item budget requests

June 2012 Board approved Occupancy Costs and directed the college and universities to identify specific line item expenditures related to EWA funding levels along with one other top priority line item for Board consideration at the August meeting

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.B.1.
Title 67, Chapter 35, Idaho Code

BACKGROUND/ DISCUSSION

The Board established the guidelines, timetable, and priority categories for reviewing and approving the FY 2014 budget requests at the April and June 2012 Board meetings. At the June 2012 Board meeting, the institutions and agencies presented their Line Item requests. The Board approved Occupancy Costs and the funding associated with Unfunded EWA as FY 2014 line items for the college and universities, and directed the college and universities to identify specific line item expenditures related to EWA funding levels along with one other top priority line item for Board consideration at the August meeting. The list of Line Items summarized on page 5 are listed in priority order and upon final approval will be included in the institution and agency budget submissions to the Legislative Services Office (LSO) and the Division of Financial Management (DFM).

The BAHHR Committee and the institutions have also been working on three initiatives that impact line items: Performance Based Funding, Funding Equity, and Zero-base Budgeting. Performance Based Funding and Funding Equity are currently included in the FY 2014 line items as placeholders.

IMPACT

Funding Equity is addressed in agenda item #1, and the funding for that initiative is included in the Line Items Summary for the College and Universities. Performance Based Funding is addressed in agenda item #2, and the funding for that initiative is included in the Line Items Summary for the College and Universities.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

The approved Line Items will be included with the FY 2014 budget requests and submitted to DFM and LSO for consideration by the Governor for his FY 2014 Budget recommendations and by the Joint-Finance Appropriations Committee for funding.

STAFF COMMENTS AND RECOMMENDATIONS

For many years, the Board has been informed that the Idaho state budget request process is based on Base-plus budgeting for anticipated uncontrollable and discretionary changes which are comprised of the following:

- Base Budget: Historical budget based on years of appropriations
- MCO: Maintenance of current operations; formula driven for uncontrollable factors such as general salary increases and cost inflation.
- Line Items: Enhancements for new programs and initiatives

Base budgeting allows the agencies and institutions to derive a reasonable dollar estimate in order to manage their programs and staffing levels from one year to the next. This is also true for the higher education institutions whose budgets are consolidated for four year institutions and for two year community colleges.

In the near future, the agencies and institutions are scheduled to undergo zero-base budgeting as required by DFM. The scheduled years are as follows:

- 2015**
 - College and Universities
 - Community Colleges
 - Idaho Division of Professional-Technical Education
 - Agricultural Research and Extension
 - Idaho Division of Vocational Rehabilitation

Zero-base budgeting will focus each agency and institution on its core legal requirements, mission, strategic plan, and performance measures. Any resulting budget adjustments will be processed through the normal Idaho budget development process (i.e. Base adjustments, MCO and Line Items).

Staff recommends approval.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

BOARD ACTION

I move to approve the Line Items for the agencies and institutions as listed on Tab 3 pages 5-7, and to authorize the Executive Director to approve the MCO and Line Item budget requests for agencies and institutions due to DFM and LSO on September 4, 2012.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

Supports institution/agency and Board strategic plans:

This request supports the following areas in the State Board of Education's Strategic Plan:

GOAL 2: CRITICAL THINKING AND INNOVATION

The educational system will provide an environment for the development of new ideas, and practical and theoretical knowledge to foster the development of individuals who are entrepreneurial, broadminded, think critically, and are creative.

Objective A: Critical Thinking, Innovation and Creativity – Increase research and development of new ideas into solutions that benefit society.

Objective B: Innovation and Creativity – Educate students who will contribute creative and innovative ideas to enhance society.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Performance Measures:

- Percentage of students participating in internships or undergraduate research

In addition to the Board's strategic plan this request also supports the Boards Higher Education Research Strategic Plan.

Goal 1 - Increase research collaboration among Idaho universities and colleges to advance the areas of research strengths and opportunities.

Objective b – Expand joint research ventures among the state universities, including EPSCoR and Institutional Development Award (IDeA) related programs.

PM – Number of collaborative, sponsored proposals submitted.

PM – Number of collaborative, sponsored projects awarded.

Goal 2 – Create research and development opportunities that strengthen the relationship between the state universities and the private sector.

Objective a – Leverage facility use between the state universities and private sector.

PM – Number of university/private sector facility use agreements (in both directions).

Objective b – Increase the number of sponsored research projects involving the private sector.

PM – Number of awarded sponsored projects with private sector.

Objective c – Encourage the exchange of ideas between the universities and the private sector.

Goal 3 – Contribute to the economic development of the State of Idaho.

Objective a – Increase the amount of university-generated intellectual property introduced into the marketplace.

PM – Number of technology transfer agreements.

PM – Number of invention disclosures.

PM – Number of non-disclosure agreements.

PM – Number of patent filings.

PM – Number of issued patents.

PM – Amount of licensing revenues

Objective b – Increase the number of university start-up companies.

PM – Number of start-up companies

PM – Number of jobs created by startup companies

Goal 4 – Enhance learning and professional development through research and scholarly activity.

Objective a – Increase the number of university and college students and staff involved in sponsored project activities.

PM – Number of undergraduate students supported by sponsored projects

PM – Number of graduate students supported by sponsored projects

PM – Number of faculty and staff involved in sponsored projects

Objective b – Increase the dissemination of research findings.

PM – Number of peer-reviewed publications (students and faculty).

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

PM – Number of theses and dissertations.

Description:

Idaho's universities seek to be a driving force in innovation, economic development and enhanced quality of life in the State of Idaho through nationally and internationally lauded research programs in strategic areas. By developing and leveraging the State's unique research expertise and strengths, Idaho's universities will serve as catalyst and engine to spur the creation of new knowledge, technologies, products and industries. This in turn will lead to new advances and opportunities for economic growth and enhance the State's reputation as a national and international leader in excellence and innovation. The Higher Education Research Council of the Idaho State Board of Education (HERC) provides guidance to Boise State University, Idaho State University, Lewis-Clark State College and the University of Idaho for a statewide collaborative effort to accomplish these goals and objectives. In addition, HERC provides direction for and oversees the use of the limited resources of the State of Idaho provided by the Legislature for research by promoting research activities that will have the greatest beneficial effect on the quality of education and the economy of the State. HERC is made up of eight members, four private sector partners and one representative from each of the institutions mentioned above.

Funds currently allocated to HERC are used to support:

- (1) individual and multi-disciplinary research projects;
- (2) extensive and rapid dissemination of the new knowledge and establishment of knowledge networks which would facilitate public, private, and academic institution interaction; and
- (3) collaborative relationships between academia and varied shareholders outside the academy.

And are used:

- (1) to maximize impact on the quality of education and economic development as a consequence of Idaho's investment in quality science, engineering, and other research.
- (2) to ensure accountability for the state's investment via demonstrable results.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base? The State Board of Education's Higher Education Research Council is requesting new monies to support the mission and goals of HERC. Currently HERC uses a portion of the funding allocated to it as matching funds for the Idaho NSF-EPSCoR project. The current project will finish on August 31st, 2014. Idaho EPSCoR is currently working on a new proposal for the next round of awards. The matching requirement for the new proposal will be higher than the current proposal; the new match is calculated to be \$800,000. HERC's current funding level only allows for \$600,000 in matching funds. HERC is requesting \$400,000 in new monies to be able to completely cover the matching requirement for the EPSCoR award. The requests represents 50% of the required EPSCoR match and would allow HERC to fully cover the matching requirements as well as increase funding for other successful HERC programs. The additional \$200,000 would be used to increase the number and/or amount of Incubation Fund awards. The Incubation Fund is a gap fund program, intended to be used to provide funding for institution research projects that are close to being ready for commercialization. The council receives many more high quality proposals than they currently have funds to award. In FY13 the council received 21 Incubation Fund proposals, of those proposals the

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

council was able to fully fund 6 and partially fund 1. The council felt there were many additional proposals of high merit that would have benefited the state had them been able to provide the gab funding for them.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service. N/A
 - b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted. N/A
 - c. List any additional operating funds and capital items needed. N/A
3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The state as whole receives benefits from both the Idaho EPSCoR program and the ability to provide gab funding designed to decrease the time to commercialization of university research projects. The new EPSCoR proposal is a \$15M award over five years. There is an immediate return on the investment of the matching funds through the infusion of federal funding into the state. Additionally, the EPSCoR program is a partnership between Idaho's three research institutions (University of Idaho, Boise State University and Idaho State University) that helps to build the states academic research base that serves as a backbone of many of Idaho's scientific and technological enterprises.

Through the incubation fund HERC is able to provide gap funding for university research projects to help them take the next step from research/theory to a commercial product or service. Increased funding for this program will allow for funding of more projects. These projects may lead to not only patents, but also new start-up companies and products that through partnerships with the private sector are marketed and sold by existing companies, the majority of which are located in Idaho. This program will not only help the universities to provide quality research experiences for their students but also helps to move the outcomes of this research to the private sector, helping Idaho businesses.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

How connected to institution/agency and Board strategic plans:

Boise State University has been developing the biomolecular sciences as a primary research focus since 2000, with particular emphasis on protein structure and function. This highly interdisciplinary effort directly targets diverse biomedical applications, and is central to the NIH-funded Biomedical Research Infrastructure Network (BRIN) and the IDeA Network for Biomedical Research Excellence (INBRE) collaborations that involve Boise State University, Idaho State University, the University of Idaho, and the Veterans Affairs Medical Center in Boise.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

Biomolecular and biomedical research infrastructure at Boise State University is the result of numerous NSF Major Research Instrumentation grants, funding of the Institute for Musculoskeletal Research by the Idaho Higher Education Research Council in 2007, a \$4M NIH grant to construct a vivarium, and the hiring of new faculty members in key areas.

The funds requested in this line item build on these earlier successes and continue the development of a strong collaborative research presence in Boise.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

Funding totaling \$1,197,150 is requested to work collaboratively with the Veteran's Affairs Medical Center and other stakeholders to research diverse biomedical applications.

2. What resources are necessary to implement this request?

- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

3 new high level research faculty, 6 Graduate Assistants, 3 Post Doctoral Assistants and 3 Support Technicians. The specific titles, pay grades etc. will be determined as soon as possible.

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

- c. List any additional operating funds and capital items needed.

Operating funds for expendables, staff supplies, and computers of \$18,000.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.

This is a request for State general funds.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Research and specifically new developments in biomedical research, can benefit everyone. If the request is not funded, then this research collaboration will not go forward at this time.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

5. If this is a high priority item, list reason non-appropriated Line Items from FY 2013 budget request are not prioritized first.

This has been a line item category and prioritized by Boise State for the past several years.

Supports institution/agency and Board strategic plans:

SBOE Strategic Plan Goal 1, Objectives A – Access, B – Higher Level of Educational Attainment, and D - Transition; ISU Strategic Plan Goal 3, Objective 3.1 Increase the number of students admitted to ISU's health professions programs, where capacity exists, to meet the healthcare workforce needs of Idaho.

Currently, no state-of-the-art anatomy and physiology lab exists in the Treasure Valley where cadavers and virtual applications are combined for student and community learning (most medical schools are using a combination of cadaver and computer-based technology). A technologically advanced lab facility would serve ISU students in numerous programs of study and provide opportunities for professional education for health practitioners in the area.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Together with our Human Patient Simulation Lab (HPS), the Applied Biological Sciences Learning Center (ABSLC) consisting of cadaver, anatomy, physiology, and neuroanatomy labs, along with a Bioskills Surgical Training Lab (BSTL), would serve current and prospective ISU students in a variety of programs (e.g. Physician Assistant Studies, Pharmacy, Communication Sciences and Disorders, Dentistry), and allow for collaboration with the educational and health care institutions in SW Idaho, as well as high school students. As a result, ISU will continue to strengthen its leadership role in the health sciences within the Treasure Valley by providing the health care community with a facility that has a rich array for resources with which to teach human anatomy and physiology.

We currently use only simulation technology for our programs requiring anatomy in Meridian. While such technology is adequate, it has limitations. There is no physiology lab in Meridian, and it is critical for expansion of Physical Therapy in 2015 (SBOE 5-year plan).

Upkeep of the lab can be funded through student and professional fees and continuing education fees.

Description:

Idaho State University proposes the development of a state-of-the-art anatomy, physiology and neuroanatomy lab at ISU-Meridian. Gross anatomy is a foundational science required of the majority of our health-related professional programs. A laboratory equipped with a sufficient supply of cadaver's to support graduate level instruction and research in gross anatomy for our current programs (Physician Assistant Studies) and our programs planned for the future (Physical Therapy and Dentistry). This facility is critical to maintain equity between our Pocatello and Meridian programs. Students in Pocatello have access to a cadaver facility; Meridian students do not. No other cadaver facility exists in the Treasure Valley that is adequate to meet our program needs.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

This request is for the net cost of capital improvements of our Meridian facility (remodel for a cadaver lab). We are estimating that half of the gross costs will be covered by our fund raising effort for this project. No staffing is involved.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service. **N.A.**
 - b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted. **N.A.**
 - c. List any additional operating funds and capital items needed.

Space for the lab is available in our Meridian facility. What is needed are funds to construct and equip the lab. Upkeep of the lab can be funded through student and professional fees and continuing education fees.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).
4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Our Meridian-based students do not have access to the same graduate level gross anatomy instruction as our Pocatello students. Our accreditation standards require that we offer comparable instruction irrespective of the location of the students.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports institution and Board strategic plans:

State Goal 1 Objective A:

The State Board’s Goal 1 (“A Well Educated Citizenry”) will be advanced at Objective A (“Access”) through the increased accessibility of a cost-effective public legal education made possible by the second-year program in Boise. One of the performance measures for that objective, achieving diversity in attainment of postsecondary education, also will be advanced by increased accessibility of public legal education in Idaho’s largest metropolitan area. Moreover, a “well educated citizenry” will be enhanced through the civic education outreach programs developed by the College of Law at the Idaho Law Learning Center.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

State Goal 2 Objectives A and B:

The State Board's Goal 2 ("Critical Thinking and Innovation") will be advanced at Objectives A and B ("Critical Thinking, Innovation and Creativity") through the research, outreach, and service performed by law faculty and upper-division law students, especially in the curricular emphasis area of business law and entrepreneurship. Objective C ("Quality Instruction") will be advanced by the academic rigor of an American Bar Association-approved law school's program, delivered in the state capital.

State Goal 3 Objectives A and C:

The State Board's Goal 3 ("Effective and Efficient Delivery Systems") will be advanced at Objective A ("Cost Effective and Fiscally Prudent [Programs]") and Objective C ("Administrative Efficiencies") by achieving economies of scale and capitalizing upon the comparative advantages of both a land-grant campus location and a metropolitan location, by delivering legal education through complementary programs at Moscow and Boise by a unified, statewide law faculty and administration. These objectives also will be advanced through the cost-effectiveness and synergy of linking the JD degree instruction offered by the University of Idaho with concurrent MBA and Masters of Accountancy degree opportunities at Boise State University.

University Goal 1 Objective A:

The University's Goal 1 ("Teaching and Learning – Enable Student Success in a Rapidly Changing World") will be advanced at Objective A ("Build Adaptable, Integrative Curricula and Pedagogies") through the development and delivery of complementary curricula at Moscow and Boise, with distinctive areas of emphasis that utilize the advantages of the land-grant campus in Moscow and the metropolitan location in Boise.

University Goal 2 Objective A:

The University's Goal 2 ("Scholarly and Creative Activity – Promote Excellence in Scholarship and Creative Activity to Enhance Life Today and Prepare Us for Tomorrow") will be advanced at Objective A ("Strengthen All Scholarly and Creative Activities Consistent with the University's Strategic Missions and Signature Areas") through the research and outreach, particularly in the field of business law and entrepreneurship, of faculty and upper-division students in Boise. Expanding the Boise program from a third-year to a combined second-and-third year program (and ultimately a full three-year branch program) will enable the University carry out more effectively its Board-assigned statewide mission in legal education. In addition, Objective B ("Enable Faculty, Student, and Staff Engagement in Interdisciplinary Scholarship and Creative Activity") will be advanced through interactions between and among the University of Idaho's Boise program, the business-related concurrent degree programs at Boise State University, the business enterprises and nonprofit entities of southern Idaho, and the

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

sources of interdisciplinary expertise residing at federal and state regulatory agencies in and near Boise.

University Goal 3 Objective B:

The University's Goal 3 ("Outreach and Engagement – Meet Society's Critical Needs by Engaging in Mutually Beneficial Partnerships") will be especially advanced at Objective B ("Strengthen and Expand Mutually Beneficial Partnerships with Stakeholders in Idaho and Beyond") through the University's collaboration with the Idaho Supreme Court on the Idaho Law Learning Center, through concurrent degree programs offered with Boise State University, through cooperative projects undertaken with the Idaho's legal and business communities, and through increased interaction with -- and service provided by law faculty and students to -- government agencies in and near Idaho's capital city.

University Goal 4:

The University's Goal 4 ("Community and Culture – Be a Purposeful, Ethical, Vibrant, and Open Community") will be advanced by enhancing enhanced access for, and inclusion of, diverse populations in legal education at a metropolitan location; by strengthening the viability and statewide relevance of the legal education program in Moscow through its connections to a complementary program in Boise; and by the enhancing the statewide visibility of the College of Law, which will benefit students in both Boise and Moscow who are in competition with graduates of other law schools in seeking and finding employment in and near Idaho's major center of population, commerce, and government.

Description:

The University of Idaho is requesting funding for a 2nd year curriculum in Boise. This would deepen the College's regulatory law curriculum, through proximity to the center of state government, to the location of major federal agencies in Idaho, and to the wide variety of local governments and special purpose governmental units in the Treasure Valley and across southern Idaho. Students would benefit from in-person instruction from government professionals as well as from practitioners in nonprofit and public interest entities that abound in metropolitan areas.

Questions:

- 1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?**

This request includes two new tenure track faculty positions, one assistant director and irregular help funding for adjunct and other supplemental instruction needs. In addition we are requesting ongoing operating and capital outlay funding to fund on-line services and monographs.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

2. What resources are necessary to implement this request?

- a. 2 FTE tenure track faculty totaling \$272,000 with salary and benefits
- 1 FTE assistant director totaling \$66,000 with salary and benefits
- 0 FTE irregular help totaling \$6,000 with wages and benefits
- b. 1 to 2 existing Moscow faculty positions transferred to Boise
- c. \$56,000 in on-going operating and capital outlay funding

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

This request is 100% recurring state general funds (no one-time funding is requested).

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Students: A second-year program in Boise would enable the College to increase the quality and depth of the existing third-year curriculum. It would enable students to make the transition from their first year of general law study to the increasingly focused preparation for a career in their second and third years at a location where two-year relationships can be built with the faculty and with the surrounding legal community. The second-year program in Boise would also give the participating students (and their spouses or partners) a chance to manage their educational debts by taking advantage of work opportunities in a metropolitan area working their way cost-effectively through two years, rather than one year, of law study if they choose to do so. The College seeks to provide students this opportunity.

Idaho: Affordable public legal education enables students to graduate with manageable debts; this, in turn, enables graduates to take jobs at Idaho entry-levels of compensation. The public receives a return on its investment because affordable legal education keeps legal services and justice within reach for local governments, small businesses, and people of ordinary means.

5. If this is a high priority item, list reason non-appropriated Line Items from the prior year are not prioritized first.

Supports institution/agency and Board strategic plans:

Goal 1: A WELL EDUCATED CITIZENRY The educational system will provide opportunities for individual achievement.

Objective B: Higher Level of Educational Attainment – Increase the educational attainment of all Idahoans through participation and retention in Idaho’s educational system.

Objective C: Adult Learner Re-Integration – Improve the processes and increase the options for re-integration of adult learners into the education system.

Objective D: Transition – Improve the ability of the educational system to meet educational needs and allow students to efficiently and effectively transition into the workforce.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

GOAL 2: CRITICAL THINKING AND INNOVATION The educational system will provide an environment for the development of new ideas, and practical and theoretical knowledge to foster the development of individuals who are entrepreneurial, broadminded, think critically, and are creative.

Objective A: Critical Thinking, Innovation and Creativity – Increase research and development of new ideas into solutions that benefit society.

Objective B: Innovation and Creativity – Educate students who will contribute creative and innovative ideas to enhance society.

Objective C: Quality Instruction – Increase student performance through the recruitment and retention of a diverse and highly qualified workforce of teachers, faculty, and staff.

The positions and support funds requested in this line item request directly support the Academic Affairs tasks at Lewis-Clark State College. The mission and goal statement for LCSC calls for the following:

- In accordance with its role and mission statement approved by the State Board of Education, LCSC's primary emphasis areas are business, criminal justice, nursing, social work, teacher preparation, and professional-technical education.
- The State Board directs LCSC to maintain basic strengths in the liberal arts and sciences, which provide the core (general education) portion of the curriculum.
- Other assigned emphasis areas are the provision of select programs offered on and off campus, at non-traditional times, using non-traditional means of delivery, to serve a diverse student body.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

Ten faculty positions are being requested, which would directly impact student learning at LCSC. Six of these positions are in core areas. Those in Natural Sciences (biology and chemistry), Humanities (English and communications), and Social Science would stabilize areas that have been impacted tremendously by growth in student numbers, especially in Nursing. Our recent transition to biannual admissions for this program has been very well received and it has become increasingly difficult to identify appropriately credentialed adjunct instructors to meet this demand. The faculty position in the library would allow us to provide necessary support for increased student enrollment across the board. The four remaining faculty positions directly support our primary emphasis areas – business, justice studies, and teacher education – which are also thriving program areas at LCSC.

Six support positions are also being requested. Increased enrollments have strained our faculty advising model. Program advisors have been successfully used at LCSC to accomplish the schedule building component of advising, while simultaneously freeing the faculty for more in depth conversations with upper classmen on careers. We are requesting funding for two additional program advisors, one in Nursing and the other in support of our PACE program in Coeur d'Alene. As you may recall, the Education Division's Pathways to Alternate Certification and Endorsement (PACE) program provides access to post-secondary programs by allowing individuals that are place-bound in rural and remote areas throughout Idaho to earn teacher certification through distance learning technologies. The

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

two support positions within Community Programs being requested directly impact our efforts in distance learning. The first is for an instructional designer to work directly with faculty on course design following Quality Matters criteria. The second is for a support position working directly with students, answering questions arising from Blackboard implementation in distance learning courses. The final two support positions being requested are in Student Services. The first is a bilingual recruiter, which has been a need at LCSC for many years. This person would certainly help us reach communities that have been traditionally underrepresented in higher education, but for whom benefit would certainly follow. The final requested position is for a Director of Student Engagement. This position would be charged with researching and implementing enhanced retention strategies at LCSC, in keeping with statewide Complete College Idaho goals.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Assistant Professors (9): \$48,000 to \$45,000 + fringe & health insurance; full-time 9 month; anticipated hire August 2014; teach 24 credit hours per year of critical courses, advising, scholarship & service, other duties as assigned by Division Chair.

Assistant Professor Librarian (1): \$38,000 + fringe & health insurance; full-time 12 month; anticipated hire August 2014; critical support of students and faculty with library instruction.

Program Advisors (2): \$36,000 + fringe & health insurance; professional K-grade employees; support students and faculty in an advising capacity.

Distance Learning (2): \$40,000 + fringe & health insurance; support online environment; assist in course design and implementation; provide support for students and faculty.

Bilingual Recruiter (1): \$38,000 + fringe & health insurance benefits; assist the institution in reaching communities that have been traditionally underrepresented in higher education.

Director of Student Engagement (1) \$50,000 + fringe & health insurance; to provide supervision of Student Activities, Outdoor Recreation, Student Development Curriculum, Student Success Program, and New Student Orientation. These activities are currently being managed by other units. Consolidation into one unit will provide operational efficiency and consistency.
 - b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

None
 - c. List any additional operating funds and capital items needed.

Operating funds: \$62,500 - instructional materials, supplies, direct program expenses

Capital: \$48,000 - computers and office setup; instructional computers
3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

On-going general funds

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

All Academic Affairs units within the college will be served by the addition of these primarily instructional positions. Each of the instructional positions has direct student contact and student support components that will provide for a positive college experience for the students.

The General Education credit load at LCSC has been assigned to the Natural Sciences, Humanities and Social Sciences Divisions. Collectively this group delivers a significant number of student credit hours, serving all students at the college in some capacity. As enrollment has increased, the need for full time faculty has become critical. The college's ability to find qualified adjuncts is getting less reliable each passing semester, creating the risk of not having critical sections available.

Included in the requested faculty positions is one Librarian. The recent NWCCU accreditation report and periodic external reviews suggested that LCSC add an additional Librarian to meet minimum institutional standards. If this request is not funded, we will not be able to fully meet student library needs (access to resources and library hours).

The Director of Student Engagement position will provide supervision of and leadership to Student Activities, Student Development Curriculum, Student Success Program, and New Student Orientation. The primary function would be to coordinate these departments to promote student engagement and to increase retention. If this request is not funded, we will not be able to expand the program which will limit access to student engagement activities.

The Distance Learning positions within Community Programs support increasingly large numbers of students and faculty. We are committed to delivering quality programs and services, and our growth in this area will be stifled without additional personnel.

5. If this is a high priority item, list reason unapproved Line Items from the prior year budget request are not prioritized first.

Portions of this request were included in FY2011, FY2012, and FY2013 budget requests. The additional positions are being requested for FY2014 to help address the continuing need for faculty and related positions.

Supports institution/agency and Board strategic plans:

Goal 1, Objective B

Higher Level of Educational Attainment – Increase the educational attainment of all Idahoans through participation and retention in Idaho’s educational system.

Performance Measure:

Percent of Idahoans (ages 25-34) who have a college degree or certificate.

Benchmark: 60% by 2020

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The postsecondary system of professional-technical education provides avenues to directly support the Idaho State Board of Education goal of achieving a 60% rate of documented work readiness (postsecondary and/or industry credentials) amongst 25-34 year old adults by 2020. These avenues include increased access and system capacity, along with student success initiatives that can contribute to increased retention and completion. This request includes the provision for new PTE programs as identified by the six technical colleges to increase the system capacity, along with various student support and intervention programs designed to increase the percentage of program participants who successfully persist and complete PTE programs. This strategy provides a two-pronged solution to the 60% challenge: information and data provided by the Office of the State Board of Education suggest that a combination of increased capacity and student support is the preferred strategy to increase the work readiness rate. This request will result in seven new or expanded programs in four of the technical colleges, ability to enhance workforce training delivery, along with student support programs at five of the colleges. The request was based on information requested from each school, with each having their own unique needs.

total		19.0	774,100	333,300	122,600	193,000	1,423,000	1,423,000

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

The request includes personnel, operating expenses, and capital outlay to support the proposed instructional and student success programs intended to facilitate support for the State Board Goal 1, Objective B performance measure: 60% of Idahoans (ages 25-34) who have a college degree or certificate.

Neither staffing nor base funding is anticipated to be available for these activities for FY2014.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Full time professional-technical program faculty and student services personnel will be hired when institutions are authorized to do so and according to institutional grades, qualifications, benefits availability, and hiring protocols.

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

As several of the activities expand current operations, the programs' respective impacts will vary at each institution. In general, existing human resources will not be redirected, but institutional operations will be somewhat affected by increased traffic due to the capacity enhancement nature of the request.

- c. List any additional operating funds and capital items needed.

None

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

See cover sheet

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Those served include the industry who will potentially hire additional trained technicians, the students who enroll in these requested as well as existing programs (consistent with current institutional student demographics), and the citizens of Idaho through advancement towards the 60% goal.

If this request is not funded, the ability of the system will be relatively hampered in the ability to expand the capacity and support that will be necessary to achieve the 60% goal.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

In the past year, the State Board of Education established the 60% goal as a high priority for the entire educational system in Idaho. Therefore, support for this goal has become a high priority for PTE. The Division of Professional-Technical Education is grateful to the Legislature for funding the sole FY2013 line item request for capital outlay instructional equipment.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports Idaho State Board of Education 2013-2017 Strategic plan:

Goal 1: A well educated citizenry

Objective A: Access – Set policy and advocate for increasing access for individuals of all ages, abilities, and economic means to Idaho’s P-20 educational system

Objective B: Higher Level Educational Attainment: Increase the educational attainment of all Idahoans through participation and retention in Idaho’s educational system.

Narrative Support:

In the Fall of 2007 we increased the number of registered nursing students we could serve from 100 to 240 students. In order to increase this capacity, both a program reorganization and additional staff had to be hired. Funding for the additional staff was obtained through one time community donations, soft money sources and the shifting of institutional

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

resources. We continue to go through a process of trying to find funds each year to pay for these positions.

This proposal is provide state general fund support for registered two nursing instructors, a health care advisor and a simulation lab coordinator. This request is based upon an unfunded request for fiscal year 2008.

SBOE Performance Measures:

Percent of Idahoans (ages 25-34) who have a college degree or certificate. Benchmark: 60%

CSI Strategic Plan 2012-2017

Strategic Initiative 2: Responsiveness

Goal 2: Meet the diverse and changing needs and expectations of our students and the community we serve.

Objective 2.1.1 Offer quality educational programs and support services that meet the needs of students with diverse backgrounds, preparation levels, abilities and educational objectives.

Narrative Support:

In order to meet both a local and statewide need, the College of Southern Idaho increased the size of its registered nursing program from 100 students to 240 students. With the new Health Sciences and Human Services building, we are able to accommodate this growth but continue to struggle with funding the instructional costs of the program. Nursing is a high cost, low student – instructor ratio program.

This request is directly tied to our goal of responsiveness to community needs and providing high quality instruction in programs that lead to employment.

CSI Performance Measures:

The performance measure was to increase the size of the registered nursing program from 100 students to 200 students by the Fall of 2008. This measure has been achieved since there are 240 students in the registered nursing program this year.

Description:

The funds provided in this request will go directly for instruction in the registered nursing program. It will allow us to fully fund the program with on-going general fund revenues.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

The funding of three and one half positions for the nursing program is being requested so that we can continue to provide nursing instruction at the expanded level we went to the fall of 2007.

The current agency staffing level for registered nursing is 22.10 FTE costing approximately \$1,566,600. The expansion staff of two nursing instructors, a health care advisor and half time simulation advisor has not been added into our state appropriated base.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

2. What resources are necessary to implement this request?
- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service

Position	FTE	Salary	Benefits	Total
Nursing instructor	1.0 FTE	\$40,600	\$17,700	\$58,300
Nursing instructor	1.0 FTE	\$40,600	\$17,700	\$58,300
Health Advisor	1.0 FTE	\$30,000	\$15,700	\$45,700
Simulation				
Coordinator.	.5 FTE	\$20,000	\$ 8,800	\$28,800

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

Existing operations can accommodate the staff requested.

- c. List any additional operating funds and capital items needed.

Additional operating and equipment funds are in place to support this request.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

This request is for general fund support of these positions.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Students, employers and the public will be served by funding this request. This program has a proven track record of taking students from minimum wage jobs to positions earning in excess of \$20 per hour in just a few years. The economic impact upon both the students and our community is significant.

If this request is not funded we will continue to struggle to find funding to maintain our nursing program at its current level.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

This request was originally submitted as a part of our fiscal year 2008 budget. It has remained a high priority but due to the financial challenged faced by the State of Idaho over the last four years, it has not been funded.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports Idaho State Board of Education 2013-2017 Strategic plan:

Goal 3: Effective and Efficient Delivery Systems- Ensure educational resources are used efficiently

Objective B: Data-driven Decision Making – Increase the quality, thoroughness and accessibility of data for informed decision-making and continuous improvements of Idaho’s educational system.

Narrative Support:

This request is to provide additional support for our institutional research department. We currently have a part time institutional researcher with a half time assistant. With the setting up of the Student Longitudinal Data System and additional accountability reports being required, current demands for data are overwhelming.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

In addition, we want to participate in the American Association of Community Colleges Voluntary Framework of Accountability. Currently, fifty eight community colleges are participating in this program. The program involves insuring each item data is collected consistently in the same manner among all participants, a given set of data is required to be collected, data is accurate and comparable. The data is analyzed and shared among participants. Participants can also select various peer groups within the framework to compare themselves with.

The implementing of data integrity policies and the systematic approach to insuring data accuracy will require a significant amount of time. The analysis and presentation to decision makers will also be a part of this process.

Through this process, community colleges hope to identify strengths, weaknesses and best practices so actions can be taken that will increase completers and graduation rates.

Much of the current data and requirements are geared towards four year schools and do not provide meaningful information to community colleges. The Framework for Accountability will specifically address community colleges.

SBOE Performance Measures:

Develop P-20 to workforce longitudinal data system with the ability to access timely and relevant data. Complete by 2015.

CSI Strategic Plan 2012-2017

Strategic Initiative 3: Performance and Accountability

Goal 4: Committee to continuous improvement and institutional effectiveness

Objective 4.2: Continually assess and improve the quality of, relevancy, efficiency and effectiveness of our systems, programs, services and processes.

Narrative Support:

The Community College Framework of Accountability will not only require us to improve the quality of our data and define the data we need to collect but give us access to comparable data from community colleges all over the country.

CSI Performance Measures:

Acceptance into the Community College Framework for Accountability group.

Description:

This request will fund the necessary resources to get selective and high quality data to facilitate decision making that will positively impact students.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

This request is for a full time institutional researcher and a support staff position to complement our existing part time institutional research staff. Additional staffing is required to both meet the requirements of existing data requirements and to move forward into the Framework of Accountability program.

Currently a part time institutional researcher with a part time assistant is built into the base.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

2. What resources are necessary to implement this request?

a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service

Position	FTE	Salary	Benefits	Total
Institutional Researcher	1.0	\$50,000	\$19,700	\$69,700
Researcher Assistant	1.0	\$30,000	\$15,700	\$45,700

b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

No existing resources will be redirected and existing resources will not be negatively impacted.

c. List any additional operating funds and capital items needed.

No additional operating funds or capital items will be needed.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

This request is for the positions to be funded from the General Fund.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This request will result in better data and better decision making based upon comparable data. It will have a positive impact upon the citizens of the State of Idaho and result in more efficient use of the dollars we have to get the results we want.

If this request is not funded, we will continue to do the best we can with what we have but will miss out on an opportunity to make meaningful, data driven changes to improve our operation.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

This is the first year for this request.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Supports institution/agency and Board strategic plans:

Supports Idaho State Board of Education 2013-2017 Strategic Plan

Goal 1: A Well Educated Citizenry

Objective B: Higher Educational Attainment – Increase the educational attainment of all Idahoans through participation and retention in Idaho’s educational system.

Goal 2: Critical Thinking and Innovation

Objective C: Quality Instruction – Increase student performance through the recruitment and retention of a diverse and highly qualified workforce of teachers, faculty, and staff.

Narrative Support:

The i-STEM proposal supports Goal 1, Objective B by developing a highly qualified STEM workforce through teacher education preparation and in-service teacher professional development workshops, seminars, summer institutes, and activities. These opportunities strengthen curriculum development, pedagogical knowledge, and instructional delivery.

The i-STEM proposal supports Goal 2, Objective C by addressing the need of the State to develop, recruit, and retain highly qualified teachers in STEM subjects

The i-STEM proposal supports fostering relations between CSI and Region IV and State constituents to develop, promote, and foster STEM education, teacher professional development, and workforce training through collaborative efforts and opportunities

Performance Measures:

High School Graduation rate as defined in the Accountability Workbook.

Benchmark: 90%

Percent of student meeting proficient or advance placement on the Idaho Standards Achievement Test.

Benchmark: 100% for both 5th and 10th Grade students in Reading, Mathematics, Language, and Science subject areas.

CSI Strategic Plan 2012-2017:

Strategic Initiative 1: Student Learning and Success

Goal 1: Demonstrate a continued commitment to, and shared responsibility for student learning and success

Strategic Initiative 2: Responsiveness

Goal 2: Meet the diverse and changing needs and expectations of our students and the community we serve.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Narrative Support:

The i-STEM proposal supports CSI Strategic Initiative 1 Goal 1 and Strategic Initiative 2 Goal 2 by preparing k-14 students and thus developing a highly qualified STEM workforce through teacher education preparation and in-service teacher professional development workshops, seminars, summer institutes, and activities.

CSI Performance Measures:

1. Increase the number of students entering in STEM education and utilizing STEM resources:
 - a. Develop a dual credit stem academy by 2014
 - a. Develop a CSI STEM club by Fall of 2013
 - b. Increase the number of CSI pre-service teachers (majors) in STEM fields by 10%
 - c. Develop a CSI STEM resource room by Fall of 2013
2. Improve student engagement in STEM subjects:
 - a. Offer at least one regional STEM fair, competition, camp, activity, and organization geared towards elementary and dual credit students. Examples include a STEM strand for "I'm Going to College" for 6th graders, "Girls in Technology," "Science Camp," and a dual credit STEM fair, a dual credit STEM club.
3. Increase in-service teachers participating in STEM-related activities:
 - a. Develop a STEM team in each school district in Region IV (22 districts) that actively participates in a Region IV STEM activity, institute, or program by 2013.
4. Increase the number of highly qualified teachers to meet the demand in STEM subjects:
 - a. maintain and increase professional development opportunities in STEM education--ongoing
5. Identify and respond to the specific STEM needs of external constituents:
 - a. Develop an advisory committee that includes members from CSI, k-12, university, industry, and employment organizations.

Description:

CSI is dedicated to STEM (Science, Technology, Engineering, Math). By providing a STEM Coordinator, faculty person, administrative support and operating expenditures, CSI can develop, organize, and offer ongoing activities and initiatives that promote STEM education in Idaho. Funding this request will provide CSI with the resources to develop a highly qualified STEM workforce through teacher education which involve in-service teacher development workshops, seminars, summer institutes and other support activities. These opportunities will strengthen curriculum development, pedagogical knowledge and instructional delivery. This program will also assist the State of Idaho in developing, recruiting and retaining highly qualified teachers in STEM subjects.

Although there are various activities and efforts between INEL, public schools, private grants and higher education to concerning getting students to pursue degrees in Science, Technology, Engineering and Math, there is no coordinated effort in Region IV. This decision unit will provide staffing to provide not only coordination but support for teachers in these subjects. The programs have to begin in k-12 and progress through high school and into college.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Our goal is to demonstrate an unwavering commitment to, and shared responsibility for, STEM education by engaging k-14 students in STEM activities, preparing and developing pre- and in-service teachers in STEM education, and addressing the needs of industry in STEM fields. We feel this can only happen by having a coordinated, comprehensive approach that involves administration, instructional support and clerical support.

Through this decision unit, we ensure that our children will gain the knowledge, skills, perspectives, and confidence to be successful in a global society and economy that is becoming increasingly dependent upon STEM fields.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

CSI is requesting a full-time STEM coordinator (1FTE), a faculty person (1FTE) and office support personnel (1FTE) to develop, coordinate, and implement STEM activities and education on the CSI campus and throughout Region IV. This will enhance, develop, and promote excellence in STEM education and thus Idaho's future in STEM related fields.

CSI has conducted STEM activities on a limited basis with a part time instructor involved in bringing local school children to campus. These activities will continue with additional support from this decision unit. There is not funding in our base for STEM activities.

2. What resources are necessary to implement this request?

- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

1 FTE STEM Coordinator: \$45,000.00 (salary) \$19,600 (benefits)

1 FTE STEM Faculty: \$39,500 (salary) \$18,500

1 FTE STEM Office Specialist: \$22,000 (salary) \$14,500 (benefits)

Anticipated date of hire: July 1, 2013

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

All three positions will be new positions. The STEM Coordinator position will release concerted efforts and time for existing employees, allowing current employees to focus and funnel STEM-related activities and current duties.

- c. List any additional operating funds and capital items needed.

Operating Expenditures:

- Travel: \$6,000 (monies for STEM conferences/workshops, state and regional activities, i-STEM Summer Institute, and school districts and external constituents support.)
- Office Supplies: \$3,000 (monies for printing and duplicating, marketing, and promotion of STEM.)
- Instructional Supplies: \$10,000 (monies for instructional resources related to STEM development, enhancement, and support.)

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

The funding source for this project will be the General Fund. We will utilize these positions to assist in getting more funding into STEM programs through grants, donations and in-kind services

Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The primary benefactors of this project will be students. Additionally, K-12 teachers will receive training and support in delivering STEM activities. This request serves and greatly affects STEM in Region IV and the State, specifically CSI, K-16, SBOE, and industry.

4. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Occupancy costs were our number one priority in our 2013 request. This request was our number two priority last year and is again our number two priority this year. Occupancy costs for our new Applied Technology and Innovation Center is our number one priority for 2014.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports Idaho State Board of Education 2013-2017 Strategic plan:

Goal 1: A well educated citizenry

Objective B: Higher Level of Educational Attainment – Increase the educational attainment of all Idahoans through participation and retention in Idaho's educational system.

Goal 3: Effective and Efficient Delivery Systems – Ensure educational resources are used efficiently.

Objective C: Administrative Efficiencies – Create cross institutional collaboration designed to consolidate services and reduce costs in non-competitive business processes.

Narrative Support:

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

This request is to expand academic community college offerings in the Idaho Falls area. Working in cooperation with Eastern Idaho Technical College, we will establish an outreach center to provide the courses necessary for core certification for academic students. With the articulation agreements that are already in place, Idaho Falls students will be able to complete the first two years of college at an affordable price.

As we have experienced with our other outreach centers, it is critical to have staff living, working and being a part of the community to build and maintain educational programs. The outreach center director and staff will need to work very closely with EIVTC concerning course offerings, workforce training and community education.

We are proposing establishing a 4,000 square foot outreach center consisting of four classrooms and an office area to serve as a base of operations. Additional instructional space will be leased from local high schools and EITC as needed. Since we are already offering an extensive amount of dual credit in eastern Idaho, we should be able to integrate into the high schools fairly easily.

Student tuition and fees will be the same as those at the College of Southern Idaho. We will be able to pay for instructional costs and other variable operational costs associated with the Idaho Falls program with the tuition and fee revenue.

Performance Measures:

Percent of Idahoans (ages 25-34) who have a college degree or certificate.

Benchmark: 60% by 2020

Number of collaborative projects and amount of cost savings.

Benchmark: 10

CSI Strategic Plan 2012-2017

Goal 1: Demonstrate continued commitment to and shared responsibility for student learning and success.

Objective 1.1 Provide quality educational programs and experiences that prepare students to reach their educational and career goals

Narrative Support:

This request will provide community college classes at affordable prices in the Idaho Falls area. In cooperation with Eastern Idaho Technical College, community college services can be offered.

CSI Performance Measures:

Serve 500 students in lower division academic classes in Idaho Falls and the surrounding communities by the Fall of 2015.

Description:

This request is to fund personnel costs for a director, student advisor and student service specialist to provide direct services to students. The request also includes \$42,000 for space rental for classroom and office space.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

This request is to provide access to lower division academic programs at an affordable price to students in the Idaho Falls area. We are requesting fund to hire a director, student advisor and student service specialist to provide services in Idaho Falls.

This request also is for rental space for an outreach center in Idaho Falls. We are estimating that a four classroom area along with offices will require about 4,000 square feet. At a lease rate of approximately \$10.50 per square foot, this would cost approximately \$42,000.

There are currently no funds in our base for this activity.

2. What resources are necessary to implement this request?

- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service

Position	FTE	Salary	Benefits	Total
Center Director	1.0	\$43,000	\$18,200	\$61,200
Student Advisor	1.0	\$30,000	\$15,700	\$45,700
Student Service Specialist	1.0	\$27,000	\$15,600	\$42,600

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

Our existing staff will absorb the supervision and mentoring of this new center staff. The students and staff will be absorbed into our existing operations. Existing operations will not be impacted by the addition of an Idaho Falls outreach center.

- c. List any additional operating funds and capital items needed.

Equipment and supplies will be provided by the College of Southern Idaho.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

This request is for General Funds support for three staff positions.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Students, employers and the public will all be served by the College of Southern Idaho opening an outreach center in Idaho Falls. The addition of academic lower division community college classes will provide an affordable alternative to students pursuing a degree. The

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

collaboration of CSI and EIVTC for workforce training and in the developing of programs to meet the needs of employers and the community will very positive.

If this request is not funded, Idaho Falls will continue to be one of the largest metropolitan areas in the state without community college services. Students, employers and the public will be impacted.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

The College of Southern Idaho has been assisting the College of Western Idaho over the last four years. With CWI achieving Candidacy status for accreditation and becoming responsible for their registration and financial aid systems, CSI's role is diminishing. Based upon our experience with CWI, CSI would like to bring the community college access model to Idaho Falls. We are looking forward to a model that is as successful as CWI.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports Idaho State Board of Education 2013-2017 Strategic plan:

Goal 1: A Well Educated Citizenry

Objective B: Higher Level of Educational Attainment – Increase the educational attainment of all Idahoans through participation and retention in Idaho's educational system.

Goal 3: Effective and Efficient Delivery Systems – Ensure educational resources are used efficiently.

Objective A: Cost Effective and Fiscally Prudent – Increased productivity and cost-effectiveness.

Narrative Support:

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

The Graduation Rate Improvement proposal supports the SBOE strategic plan Goal 1, Objective B by focusing on systems that will encourage students to work towards a degree or certificate and stay on the proper educational track. The proposal also supports Goal 3 Objective A in that the efficiency of class offerings is increased as students work directly towards graduation.

SBOE Performance Measures:

Percent of Idahoans (ages 25-34) who have a college degree or certificate.

Benchmark: 60% by 2020

Percent of first-year freshmen returning for second year.

Benchmark: 60%

CSI Strategic Plan 2012-2017

Strategic Initiative I: Student Learning and Success

Goal 1: Demonstrate a continued commitment to, and shared responsibility for, student learning and success.

Strategic Initiative 2: Responsiveness

Goal 2: Meet the diverse and changing needs and expectations of our students and the communities we serve.

Narrative Support:

The Graduation Rate Improvement proposal is a critical part in meeting CSI's strategic initiatives as listed above. We can no longer provide just access but must focus on graduation and certification. Students who are not on a well defined path to graduation or certification will not be eligible for financial aid or scholarships. This will prevent many of them from attending college. This proposal will help us develop systems to keep students in college on a graduation track that will result in increased completion rates.

CSI Performance Measures:

Retention

- Increase the percentage of first-time full-time students who return to CSI to continue their studies the following fall from 54% to 60% within five years.
- Increase the percentage of first-time part-time students who return to CSI to continue their studies the following fall from 37% to 43% within five years.

Graduation

- Increase the percentage of first-time full-time students who graduate within 150% of "normal time" to completion for their program from 18% to 25% by 2015.

Transfer

- Increase the percentage of first-time full-time students who transfer within 150% of "normal time" to completion for their program from 14% to 20% by 2015.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The College of Southern Idaho recognizes that focus has been shifting more and more from mere access to higher education to retention and student success: graduating with degrees or certificates that help students' secure gainful employment. The U.S. Department of Education, accrediting agencies, the Idaho State Board of Education, state and federal legislators, funding agencies, tax-payers and other constituents are calling for accountability and measurable outcomes. Funding agencies, including private foundations, are also focusing more and more on data and student success.

The Commission on Access, Admissions and Success in Higher Education, formed by the College Board, identified solutions to increase the number of students who graduate from college and are prepared to succeed in the 21st century. The Commission established 10 interdependent recommendations to reach its goal of ensuring that at least 55 percent of Americans hold a postsecondary degree by 2025.

The Commission recommended that the nation increase the number of 24- to 34-year olds who hold an associate degree or higher to 55 percent by the year 2025 in order to make America the leader in educational attainment in the world.

CSI is fully committed to do its part in ensuring the future competitiveness of our students, state, and nation.

The Retention and Graduation Specialist and Student Services Specialist will work collaboratively to develop, implement, document, and provide training on the systems, tools, resources, processes, and procedures designed to assist degree-seeking students in meeting or exceeding Standards of Satisfactory Academic Progress (SAP) and to facilitate retention and timely graduation. The two proposed staff members will work closely with the Advising Center, Financial Aid Office, Admissions and Records Office, faculty advisors, Advising Committee, Institutional Research, Information Technology Services (ITS), Instructional Technology Center (ITC), department chairs, faculty, and other constituents to improve graduation rates at CSI.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

This request is for a full-time Retention and Graduation Specialist and a full time Student Service Specialist to develop systems, analyze data, and work with advisors, faculty, and students to increase retention and degree and certification completion rates. Improving graduation rates is a strategic initiative for both CSI and SBOE. Furthermore, tax payers, legislators, U.S. Department of Education, and funding agencies are all asking for improved students success and higher completion rates. Higher education attainment is critical to the future competitiveness of our students, institution, state, and nation. CSI will be implementing new Satisfactory Academic Progress (SAP) standards and policy. These standards are geared towards helping students focus on retention and graduation.

Currently students are advised by professional advising staff and faculty concerning requirements for degrees/certificates. The current system is geared towards getting students in the right classes for the right majors. Students change majors, take jobs, end up with a number of unnecessary credits or within a few credits of being able to graduate. There is not a single point of contact and students currently do not have adequate support to

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

help them meet or exceed standards of Satisfactory Academic Progress and ensure that they are making progress towards in their programs, and that they graduate in a timely fashion with a certificate or degree.

There is not currently staffing for this particular activity.

2. What resources are necessary to implement this request?

- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service

1 FTE - Retention & Graduation Specialist - \$40,000 salary, Benefits of \$18,600, Anticipated Hire Date – July 1, 2013

1 FTE - Student Service Specialist - \$27,000, Benefits of \$15,600, Anticipated Hire Date- July 1, 2013

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

The Retention and Graduation Specialist and Student Services Specialist will work closely with existing staff from the Advising Center, Financial Aid Office, Admissions and Records Office, faculty advisors, Advising Committee, Institutional Research, Information Technology Services (ITS), Instructional Technology Center (ITC), department chairs, faculty, and students.

The addition of staff dedicated specifically to implementing CSI's graduation initiative will help CSI understand and remove barriers to graduation, increase students' understanding of graduation requirements and SAP standards, and will ultimately help student graduate in a timely fashion.

Existing operations will be modified to emphasize completion from the first contact with the prospective student through completion of their educational program.

- c. List any additional operating funds and capital items needed.

Operational funding needed is approximately \$5,000 for travel and \$1,000 for office supplies and postage. These will be ongoing operational expenses.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

We anticipate the salaries and operational costs to be paid for by our General Fund appropriation.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This request directly serves students. The emphasis has changed from access to completion. New federal financial aid regulations require student academic progress towards graduation or certification. In order to retain students, help them graduate in a

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

timely fashion, prepare them for gainful employment while meeting the needs of employers, we must to change the way we advise students and create a culture of program completion.

If this request is not funded, we will continue to try to increase completion rates with existing staff. However, due to increased enrollment over the last few years, we are advising several hundred more students with the same number of advising staff, which does not leave time to carefully analyze data and develop systems, resources, and tools necessary to significantly impact graduation rates. Due to new student academic progress requirements and the sheer number of students advisors and faculty have to see, it will be difficult to make a significant impact without a new position to lead this effort. Students will be impacted as will the institution if completion rates are not improved. Improved graduation rates also benefit our state and nation.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

This was also our number 3 priority last year behind our number 1 priority Occupancy Costs and our number 2 priority STEM Initiative.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports institution/agency and Board strategic plans:

1. Supports NIC Strategic Plan Goals to:
 - a. Improve and expand educational opportunities, programs, and courses for the student population and community.
 - b. Develop and expand opportunities for high school students enrolled through NIC, emphasizing professional technical and dual credit enrollment programs.
2. Supports SBOE Goals to:
 - a. Increase the educational attainment of all Idahoans through participation and retention in Idaho's educational system.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

- b. Complete College Idaho to have 60% of Idahoans age 25 – 34 attain a degree or certificate by 2020.

Performance Measures:

1. Increase the number of dual credit courses *taught by high school teachers* in Region One school districts, in the five northern counties of Idaho, until each high school has a set of core college classes to offer their students, regardless of size of the high school.
2. Increase the number of college credits earned by dual credit high school students with the goal of 12 – 24 credits earned by high school graduation. (1 - 2 college classes per semester during junior and senior years in high school).

Narrative Support:

The Dual Credit program at NIC has been predominantly an on-campus program. This limits access to students who do not have the ability to travel to campus and/or do not have the desire to leave their high school campuses during the school day.

NIC wishes to expand course offerings *in the high schools* so that each high school in the northern counties, regardless of the size of the high school, has the ability to offer a suite of core dual credit courses to eligible students. The emphasis will be on core courses required to attain an AA/AS/AAS degree or attain a minimum of 24 credits in core transfer classes in the areas of English, Communications, Chemistry, Biology, History, Political Science, Psychology, Sociology, Philosophy, Theatre, Art, Foreign Languages, and Physical Education.

Description:

The goals of the program include:

1. *Increase the number of college-level core classes offered in the high schools.*
Provide a suite of core college courses that can be taught *in the high schools* with 30% of high school students in the northern five counties of Idaho achieving 12 – 24 transferable college credits by high school graduation.
2. *Provide career and course advising to dual credit students.*
Dual credit students are advised by high school counselors on what college courses count for high school graduation, but they don't have advising on their career and college plans from campus experts. Providing the high school counselors and dual credit students with a campus advising expert on *high school requirements and the college* is needed to enable dual credit students to plan their career and college paths as they increase the number of college credits earned prior to becoming a regular student.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

3. *Increase the pool of high school teachers who can be dual credit instructors for NIC.*

The pool of eligible candidates to teach for NIC is based upon qualification standards. While high school teaching experience is valuable, graduate credits in the discipline are also needed to teach college-level courses. Funds are needed to reimburse graduate tuition for high school teachers in key areas such as English, History and Political Science.

4. *Guarantee college courses taught in the high school are college-level courses.*

Using standards from the National Association of Concurrent Enrollment (NACEP), mentor all high school teachers who become dual credit instructors, provide professional development opportunities for the instructors, and collect evidence that illustrates college-level rigor to become nationally accredited by NACEP within five years.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

NIC is requesting general funds for:

- a. 100 site visits - Regional travel for faculty mentors to go to high schools to work with dual credit instructors due to geographic diversity of high schools.
 - b. 2 classes at UI rates - Tuition reimbursement for five high school teachers to take graduate classes in their disciplines to become eligible to teach college-level classes to grow the pool of instructors.
 - c. Dual credit instructor workshops and professional development for dual credit instructors.
 - d. Orientation and advising materials for dual credit students.
2. What resources are necessary to implement this request?
- a. List by position
 - i. 1 full-time Dual Credit Advising Specialist as lead contact for high school counselors and dual credit students to serve as a dual credit advisor who understands both the high school graduation requirements and college core transfer and/or degree seeking classes to be able to guide dual credit students. (benefit eligible,\$40,000 plus 35% benefits)
 - ii. 2 faculty positions in disciplines where NIC does not have adequate faculty to supervise dual credit instructors – Communications and

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Political Science for example. (benefit eligible, \$40,000 each plus 35% benefits)

- iii. 50 mentors - Payments to hire part-time faculty to replace full-time faculty in the classroom in order to provide permanent faculty mentors to the dual credit instructors. (50 x 1 credit equivalency payment)
- iv. 50 part-time dual credit instructors - Payments to high school teachers/districts for teaching dual credit classes. It is not cost effective to hire a teacher to teach a college course for a few students – funds need to offset the expense for remote schools with few students. (not benefit eligible, 50 x 1 credit equivalency x 3 credits)

b. Current HR resources supporting:

- i. 1 FT Dual Credit Coordinator will oversee the DC Advising Specialist with input from NIC's Advising Director
- ii. 6 Division chairs oversee the faculty, faculty mentors and DC instructors

c. Operating funds

- i. Travel for 50 mentors for HS - \$10,000
- ii. Staff development – tuition for 5 teachers, 2 classes - \$10,020
- iii. DC Instructor Workshops for HS teachers - \$10,000
- iv. Orientation/advising materials for dual credit students - \$5,000

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.)

a. General Funds

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Dual credit students of northern Idaho are being served by this request. It will enable them to develop a college plan by beginning their college classes in the high school prior to high school graduation. In FY11, 227 students were taught in the high schools in northern Idaho, whereas CSI taught 2,071 in the same year. NIC has the potential to increase dual credit students tenfold.

If this is not funded, the NIC effort to expand its dual credit offerings with teachers in the high schools will be severely limited in providing a core suite of courses. Only those high schools that can provide large numbers of students per class will be able to be served by the dual credit program and only in disciplines where adequate full-time faculty exist to serve as mentors. This means the program cannot offer a suite of core courses needed at the high school to provide a transferable curriculum.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Rather the courses offered will be based on hiring high school teachers with already adequate qualifications to teach college classes for NIC and where the high school can generate enough students to cover the cost.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports institution/agency and Board strategic plans:

This initiative is supported by both the State Board of Education Strategic Plan and North Idaho College's Strategic Plan:

State Board of Education Strategic Plan:

GOAL 1: A WELL EDUCATED CITIZENRY

The educational system will provide opportunities for individual advancement.

Objective A: Access - Set policy and advocate for increasing access for individuals of all ages, abilities, and economic means to Idaho's P-20 educational system.

Objective B: Higher Level of Educational Attainment – Increase the educational attainment of all Idahoans through participation and retention in Idaho's educational system.

Objective C: Adult learner Re-Integration – Improve the processes and increase the options for re-integration of adult learners into the education system.

North Idaho College Strategic Plan:

THEME II: STUDENT SUPPORT

Goal 1: Improve student access.

Goal 2: Implement initiatives to increase student success

North Idaho College Core Accreditation Themes

The college mission is reflected in its three accreditation core themes:

Student Success: Provide access to an education environment that helps students attain their education goals.

Educational Excellence: Enhance quality educational opportunities that promote student success, teaching excellence, and lifelong learning.

Community Engagement: Enhance the quality of life for our students and communities.

Performance Measures: Performance will be measured by assessing the total number of veterans that attend NIC, the retention and completion of their educational goals and their satisfaction with their experience at NIC.

Narrative Support: The need for support of veterans returning to school is well documented. Many veterans are returning from combat with traumatic brain injuries, PTSD and other physical and emotional insults. They have been in the military system which has a different mindset and way of operating than academia and they need additional support to learn how to adapt to the educational world. The faculty and staff need training on the challenges that are unique to student veterans. The veterans need the opportunity to connect and support each other. They are used to the camaraderie of military life. There is a need for people and a physical location specific to their needs and to help them successfully transition and become more independent for their educational and job success. It is important that they can get accurate information regarding their Veterans' benefits for school and any others that they may be eligible to receive.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description: The goal is to have a veteran's center that would house the veteran's benefits coordinator, an academic advisor and a center where the veterans can connect and feel safe. In addition to the social aspect, the center would also have computers where they could study and perhaps develop a peer tutoring program. The staff would work together to maintain an environment that is welcoming and supportive of the veterans and understanding of their special needs. They would also assess the veterans needs for any additional services, any pre-college programs to help them improve skills that would add to their academic success (i.e. reading, math, writing). Additionally, the staff has to be knowledgeable of community and veterans services to support the veterans and refer them as needed.

Questions:

1. **What is being requested and why?** The money requested is to support hiring an advisor and furnishing a physical space. That includes computers for student stations as well as for the staff.
2. **What is the agency staffing level for this activity and how much funding by source is in the base?** We currently have a veteran's benefits coordinator who assists them in completing the necessary paper-work and knows the guidelines for the various choices of GI bills that the student may have as options.
3. **What resources are necessary to implement this request?** Funding is needed to hire an advisor and establish a dedicated area on our campus for Veterans.
4. **Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).**

One-time funding request is for \$19,300 to establish an office and center. Personnel funds of \$59,918 are requested to fund a full-time advisor with benefits. On-going M & O funding of \$17,500 is requested for supplies, memberships, training, and programming.

Once the Veteran's center is up and running we will actively seek out grants to support and expand services. We will also advocate for general fund support.

5. **Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?** The veterans who attend North Idaho College are impacted by this request. If this funding is approved, we will have the ability to better serve the veterans who attend NIC as well as provide a welcoming environment to those who would come here but might choose to go someplace else that is more "Vet Friendly." Additionally, the staff and instructors that serve the current vet students will be impacted by not having the appropriate training and support to help them help the students succeed.
6. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

GOAL 3: Effective and Efficient Delivery Systems – *Ensure educational resources are used efficiently.*

Objective C: Administrative Efficiencies – Create cross institutional collaboration designed to consolidate services and reduce costs in non-competitive business processes.

Performance Measures: Number of collaborative projects and amount of cost savings.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Narrative Support:

In the summer of 2012, North Idaho College relocated its Sandpoint Center to downtown Sandpoint. The expansion of the existing lease will allow the college to expand its program offerings to include theater arts programming, culinary arts and to offer enough space to cooperatively work with the University of Idaho and Lewis Clark State College to offer education beyond the two year level to the citizens of Bonner county and surrounding areas. The college was able, with the help of the local Sandpoint Urban Renewal District, to obtain increased education space at a lower cost than the former location. By relocating and expanding the center we are allowing citizens of North Idaho to have greater access with less travel to the educational opportunities provided by North Idaho College.

Description:

North Idaho College's Sandpoint Outreach Center can be expanded to provide a more comprehensive set of services to this important part of NIC's service area. The current space does not easily allow NIC to offer a variety of courses, either for credit or on the non-credit side. Expansion would allow enough classroom space to accommodate programs being requested by our constituents in the area. As the center is a former high school the location provides a large multipurpose room and theater area that can be used to expand class offerings.

In addition, the larger space will allow for us to house NIC's Area Agency on Aging Sandpoint offices offering seniors support through that agency in conjunction with courses specifically designed for seniors. The new Sandpoint Center is also across the street from the Sandpoint Center of North Idaho College's Head Start program. This location allows for additional synergies between the entities and their programs.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?
 - a. NIC is requesting funds to lease additional space and hire additional staff to expand course offerings and student support services for students in Bonner County. Current staffing level for the Sandpoint outreach office includes a full time center assistant and two full time faculty plus additional part staff as needed.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.
 - i. Salary requests is for 1 full time benefitted faculty member, two full-time benefitted professional staff members (an academic advisor and a financial aid advisor) and one full time admission and registration support staff.
 - b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.
 - i. n/a
 - c. List any additional operating funds and capital items needed.

Supports institution/agency and Board strategic plans:

CWI Goal # 2: Develop Systems to Support Faculty and Staff

The College of Western Idaho will prioritize support for faculty and staff as a way to optimize effective practice in pedagogy and service to students which thereby maximizes student success.

Objectives

1. Make excellence in instruction and customer service a college priority through resource allocation, evaluations, and needed support and training.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

2. What resources are necessary to implement this request?

- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Seven positions are involved, all nursing faculty (total salary and benefits \$ \$98,500. The nursing faculty have 9.5 month appointments. All positions receive benefits. All seven positions are current employees of CWI. Group funds are being requested for Adjunct instructors, which will be used to augment full-time faculty.

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

As noted above, all seven positions are currently employed by CWI. Existing operations will continue as planned. If additional state funding was approved, CWI resources would be freed up to assist with accommodating rapid enrollment growth.

- c. List any additional operating funds and capital items needed.

None will be requested.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.

.All funds requested are State General Funds.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

Nursing students at CWI will be directly served by these positions; CWI general education students will be indirectly served if State funds are directed to this purpose instead of having CWI operating funds used.

5. If this is a high priority item, list reason non-appropriated Line Items from FY 2013 budget request are not prioritized first.

CWI requested partial funding for this transition in the FY 2013 budget request, but Occupancy Costs were prioritized higher because the requested amount was greater than the nursing transition and the impact would have better benefitted the entire institution.

Goal: Goal 3, Objective A

In order to meet society's critical needs in the area of agriculture, we must be able to adequately fund the operations of the ARES so that we can participate in the exchange of knowledge and resources and have a positive impact on Idaho and beyond.

Performance Measure: Align personnel costs with operating costs to achieve a balance that is sustainable.

Because ARES is severely underfunded in operating, we have qualified employees to conduct research and extension activities but lack the funding needed to allow them to succeed in their areas of expertise.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The College of Agricultural and Life Sciences, its Idaho Agricultural Experiment Station and its Cooperative Extension System face a number of major program challenges in our responsibilities to serve the people of Idaho and meet the essential needs of the State's increasingly important agriculture industry. Among these challenges, several issues loom as extremely critical for Idaho's agriculture and constitute program areas for which we are inadequately invested in scientific and operational resources.

The costs of maintaining current operations increases annually due to inflation. ARES appropriated funding for operating budgets has not kept pace with inflation and in fact has been drastically reduced in recent years due to the poor economy. Because of this reduced funding our ARES base programs have suffered. Significant cost increases in travel, utilities, fuel, animal feed and agrichemicals, laboratory supplies, repair and maintenance of field and specialized laboratory equipment, and other expendable items have eroded our budget, along with the marked budget reductions, and decreased the college's ability to maintain minimally adequate support fund levels for college programs.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Supports institution and Board strategic plans:

Goal 1 Objective 1: To facilitate the recruitment and retention of a diverse and highly qualified workforce of teachers, faculty and staff; continue the development of career advancement, professional development; and a compensation system that recognizes and rewards knowledge, skills and productivity.

Description:

The University of Idaho is a major economic engine for the state of Idaho and its faculty and staff generate more than \$930 million in annual economic impact statewide, through their activities of research, outreach and instruction. Our ability to generate that

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

impact is critically dependent on the quality of faculty and staff we are able to recruit and retain.

The 2% CEC for FY13 has started the university down the road to being able to retain and recruit the necessary human resources needed to maintain the economic momentum of our efforts. Enterprising institutions nationwide are seeing the current economic environment as the time to make key investments in hiring the best and the brightest away from other institutions. A continued commitment by the state in the form of a salary raise in FY14 will help forestall those sorts of raids on our best individuals – the very individuals having the most significant impact on the Idaho economy.

The University of Idaho is requesting a CEC increase for FY 2014 in the amount of 3% of the estimated FY 2013 Ag Research and Extension salary budget of \$15,446,150. Salary enhancements of 3% would enable the University of Idaho to be more competitive when attracting faculty and staff thereby improving the instruction, research, and public service functions of the institutions.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

A base salary increase of 3% - in order to maintain the high quality faculty and staff currently in place at the University and to provide evidence of a fiscally viable environment as we try to recruit the best and brightest to join us here at the University of Idaho

2. What resources are necessary to implement this request?

Permanent state general funds from the state appropriation to cover the full 3% increase (no additional positions, redirection of existing human resources or operating/capital funds).

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

This request is 100% state general funds (no one-time funds).

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This request impacts all employees at the University of Idaho. Despite the 2% CEC in FY13 the University continues to fall further and further behind peer institutions in the salary of its faculty and staff and it is becoming increasingly difficult to attract outstanding candidates to fill available positions. If the request is not funded, our

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

retention and recruitment efforts will become more difficult and our ability to fulfill our role in energizing the Idaho economy will be reduced.

- 5. If this is a high priority item, list reason non-appropriated Line Items from the prior year are not prioritized first.**

Goal I: A WELL EDUCATED CITIZENRY –Continuously improve access to medical education for individuals of all backgrounds, ages, abilities, and economic means.

Objective A: Access – (SBOE) Set policy and advocate for increasing access; (WWAMI) recruit a strong medical student applicant pool for Idaho.

- **Performance measure:** the number of Idaho WWAMI medical school applicants per year, the number of funded medical student positions per

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

year, and the ratio of Idaho applicants per funded medical student position.

Objective B: Transition to Workforce - Maintain a high rate of return for Idaho WWAMI graduate physicians who choose to practice medicine in Idaho.

- **Performance measure:** Cumulative Idaho WWAMI return rate for graduates who practice medicine in Idaho.

GOAL 3: Effective and Efficient Delivery Systems – Deliver medical education, training, research, and service in a manner which makes efficient use of resources and contributes to the successful completion of our medical education program goals for Idaho.

Objective A: Increase medical student early interest in rural and primary care practice in Idaho.

- **Performance measure:** the number of WWAMI rural summer training placements in Idaho each year.

Objective B: Increase medical student participation in Idaho clinical rotations (clerkships) as a part of their medical education.

- **Performance measure:** the number of WWAMI medical students completing clerkships in Idaho each year.

Objective C: Support and maintain interest in primary care medicine for medical career choice.

- **Performance measure:** Percent of Idaho WWAMI graduates choosing primary care specialties for residency training each year.

Description:

This new program request is for five (5) additional positions for medical students in the Idaho WWAMI program, beginning in FY 14. More specifically, it is for five positions within a proposed **Targeted Rural and Under-Served Track (TRUST)** program, focused specifically on the physician workforce needs of Idaho's rural and underserved areas. **The goal of the TRUST program** is to provide an ongoing training connection between community workforce needs, medical education, and rural healthcare providers in Idaho. TRUST medical students will be specifically selected for their experiences and backgrounds in rural and underserved Idaho, and their commitment to returning to such communities to work as physicians where they are most needed. With a four-year curriculum that combines traditional medical training with additional classroom and clinical experiences developed around rural and underserved healthcare needs, TRUST students will develop long-term relationships with Idaho's rural communities and physicians. The TRUST program is designed to admit, educate, place, train, and retain local Idaho students as future Idaho physicians.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Specific objectives of the TRUST program include:

- Increasing access to medical school for Idaho residents, by adding 5 new positions to Idaho WWAMI program specifically for TRUST program students
- Targeting admissions for Idaho TRUST students from rural and underserved backgrounds
- Developing scholarships for TRUST students to reduce debt load after medical school
- Targeting training experiences with rural communities in Idaho to develop ongoing relationships over the four years of medical school
- Increasing clinical training in Idaho, with increased exposure to healthcare systems, communities, and workforce needs in Idaho
- Targeting agreements with Idaho & WWAMI residency programs to accept TRUST students for advanced training in their specialty
- Increasing retention of Idaho medical students as physicians, especially in rural and underserved communities in Idaho, where physician workforce needs are greatest.

To accomplish these goals and objectives, the Idaho WWAMI program needs to be authorized and funded to admit five more students (new entering class total of 25 Idaho WWAMI students, Fall 2013), as well as the costs of educating these additional five students during the first year of medical school. This funding would come from a mix of General Fund appropriations and dedicated receipts (medical student tuition & fees). Specifically, new program costs are provided on page 1 of this request and would include:

1. Adding an Associate Director/TRUST Coordinator position (.8 FTE) to be filled by a local physician-educator (salary and benefits)
2. Operating expenses for educating the five additional medical students, including anatomy supplies and equipment, study resources, clinical instruction, and other program costs.

Justification for these costs include the unique, targeted focus of these additional seats, and the need for a dedicated physician faculty/administrator to provide development, coordination, and oversight of this program, its students, and its state-wide relationships with rural communities and physicians throughout Idaho. In addition to personnel requirements, any expansion in medical student enrollment would require a modest increase in operating expenses for teaching these additional students.

This request for increased WWAMI medical student positions, specifically for the TRUST program, would be an ongoing request. It requires a commitment to not only increased funding and medical students in year 1 (FY14), but also ongoing commitments in years 2, 3, and 4 of medical school, with proportional costs in each of those years, as students move successfully through medical school toward graduation. Idaho WWAMI is currently at 20 students per year, or 80 total students in medical school. This request requires the addition of 5 students in the entering classes of FY14, FY15, FY16, and FY17, or 25 students per year, for a total of 100 Idaho WWAMI

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

students enrolled in medical school by FY17 (Fall 2016). This initial request is relatively small. The ongoing commitment to medical education, growing the Idaho WWAMI class from 80 to 100 students, is not a small commitment, but a necessary one for the future of Idaho communities.

This request also supports the recommendations of the State Board of Education's Medical Education Subcommittee from January, 2009; specifically, recommendations #2 (increased WWAMI students), #5 (admissions selection for rural and primary care interests), and #6 (ensuring rural training rotations in Idaho as a part of students' program).

Supports institution and Board strategic plans:

Goal 1 Objective 1: To facilitate the recruitment and retention of a diverse and highly qualified workforce of teachers, faculty and staff; continue the development of career advancement, professional development; and a compensation system that recognizes and rewards knowledge, skills and productivity.

Description:

The University of Idaho is a major economic engine for the state of Idaho and its faculty and staff generate more than \$930 million in annual economic impact statewide, through their activities of research, outreach and instruction. Our ability to generate that

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

impact is critically dependent on the quality of faculty and staff we are able to recruit and retain.

The 2% CEC for FY13 has started the university down the road to being able to retain and recruit the necessary human resources needed to maintain the economic momentum of our efforts. Enterprising institutions nationwide are seeing the current economic environment as the time to make key investments in hiring the best and the brightest away from other institutions. A continued commitment by the state in the form of a salary raise in FY14 will help forestall those sorts of raids on our best individuals – the very individuals having the most significant impact on the Idaho economy.

The University of Idaho is requesting a CEC increase for FY 2014 in the amount of 3% of the estimated FY 2013 WWAMI salary budget of \$598,264. Salary enhancements of 3% would enable the University of Idaho to be more competitive when attracting faculty and staff thereby improving the instruction, research, and public service functions of the institutions.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

A base salary increase of 3% - in order to maintain the high quality faculty and staff currently in place at the University and to provide evidence of a fiscally viable environment as we try to recruit the best and brightest to join us here at the University of Idaho

2. What resources are necessary to implement this request?

Permanent state general funds from the state appropriation to cover the full 3% increase (no additional positions, redirection of existing human resources or operating/capital funds).

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

This request is 100% state general funds (no one-time funds).

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This request impacts all employees at the University of Idaho. Despite the 2% CEC in FY13 the University continues to fall further and further behind peer institutions in the salary of its faculty and staff and it is becoming increasingly difficult to attract outstanding candidates to fill available positions. If the request is not funded, our

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

retention and recruitment efforts will become more difficult and our ability to fulfill our role in energizing the Idaho economy will be reduced.

- 5. If this is a high priority item, list reason non-appropriated Line Items from the prior year are not prioritized first.**

GOAL THREE: Advance health sciences research and health professions education throughout the state to increase the quality of patient care, the number of practicing health care professionals, and to promote clinical and translational research.

OBJECTIVE 3.4: Expand postgraduate residency training programs throughout the state to meet increasing patient care and training needs.

Performance Measure: Number of ISU postgraduate residency and fellowship programs in medicine, pharmacy, dentistry, and other health professions.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The mission of the ISU Family Medicine Residency (ISU-FMR) is to train physicians for successful rural family practice. The three-year program is a community-based, University-affiliated program designed to produce skilled, caring family practice physicians. The residency currently trains six residents per class and is expanding to seven residents per class.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

The ISU-FMR is requesting \$61,100 in ongoing General Funds, which reflects a 7% increase, to provide additional base funding support for the program.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Not applicable.

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

Existing operations would benefit from new funding which would help compensate for reduced reimbursement rates and enable the program to continue to provide critical care to underserved populations.

- c. List any additional operating funds and capital items needed.

Not applicable.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

Fund Source: Ongoing State General Funds

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

A core function of ISU-FMR is the provision of services to underserved populations in Idaho. Reimbursement for medical services has been declining, while program costs have been climbing. The ISU-FMR provides over \$2.2 million in medical services to Medicaid, Medicare, and the indigent. Approximately 50% of the \$3.5 million (or \$1.75 million) annual charges are written off to bad debt and contractual adjustments. The ISU-FMR staffs community services such as the Health Department, adolescent detention centers, prison services, free clinics and HIV clinics. The Indian Health Service, migrant workers, nursing

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

home residents and the home-bound also receive medical support from the residents. Requested funding would help offset reduced reimbursement rates and enable ISU-FMR to continue to provide high quality care to underserved populations.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Not applicable.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The Family Medicine Residency of Idaho (FMRI) 501(c)(3) is a three-year Family Medicine residency program established for the specific purposes of training outstanding family physicians for our community, state, and region and to serve the underserved. FMRI is also a Federally Qualified Health Center Look-Alike (FQHC Look-Alike) that operates five family medicine health centers in high need areas throughout Ada County. FMRI has 11 residents/year – 33 total. In addition, FMRI has two rural training tracks (Caldwell – 3 residents/year – 9 total) and Magic Valley (2 residents/year – 6 total)

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

FMRI is requesting \$75,700 in ongoing General Funds, which reflects a 7% increase, to provide additional base funding support for the program.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Not applicable.

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The Idaho Advanced Clinician Track provides psychiatry residency training and practical experience in a variety of clinical settings. A major focus of the program is to teach psychiatrists how to become expert consultants for other physicians and healthcare providers. This clinician track prepares the next generation of psychiatrists to effectively diagnose and compassionately treat patients in multiple medical and community settings. Residents in the Idaho Advanced Clinician Track complete two years of training in Seattle in an academic university environment, followed by two years in the community setting of Boise, Idaho. Clinical rotations are designed to provide exposure to a wide variety of patient populations, increase levels of responsibility under supervision, and allow the resident to explore elective opportunities.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

The Psychiatry Residency program is requesting \$10,000 in ongoing General Funds, which reflects a 9% increase, to provide additional base funding support for the program.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Not applicable.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The third and fourth years in Boise focus on honing the resident's skills in consultation-liaison psychiatry and in outpatient treatment. Residents have outpatient clinics and supervision at the Family Medicine Residency of Idaho Outpatient Clinic, Boise VA Medical

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Center, and Boise State University Health Services. These rotations include treating selected outpatients over the full course of the third and fourth years, crisis intervention training, group and family therapy, outpatient substance abuse treatment, and public psychiatry. There is a strong emphasis on consultation liaison psychiatry on the medical and surgical wards of St. Luke's, St. Alphonsus, and the Boise VA, and on providing outpatient psychiatric consultation to family physicians and residents at the Family Medicine Outpatient Clinic. Each resident has the opportunity to work with outpatient chronic pain management, sleep medicine and movement disorders specialists.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

1. PC and workstation					
TOTAL CAPITAL OUTLAY:					
T/B PAYMENTS:					
LUMP SUM:					
GRAND TOTAL	240,000				240,000

Supports institution/agency and Board strategic plans:

Goal 1, Objective D: *Improve the ability of the educational system to meet educational needs and allow efficient and effective transition into the workforce.*

This is a request for vital curriculum support of the Boise Internal Medicine (BIM) residency program to allow training at rural and underserved sites in Idaho. BIM is a newly expanded three-year internal medicine residency of the University of Washington that is in a critical period of development. The formative years of a new program are crucial in establishing our reputation and focus. In March, we had a very poor intern match for the academic 2012-13 year and eventually filled with good candidates in the 'scramble'. When surveyed, the listed but not matched applicants identified limitations in outside rotations as one of their top three reasons for not coming to our program.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Studies have demonstrated that having community-based rotations during internal medicine residency doubles the likelihood of intent to practice primary care, and significantly increases in-state retention. Our ability to provide these rotations to our first incoming class of interns has been hampered by the lack of state funding during the 2012 fiscal year. Continued lack of support from the state may jeopardize this programs ability to maintain a focus on rural and regional primary care internal medicine.

Performance Measure: *Percent of Boise Internal Medicine residency graduates practicing in Idaho.*

Benchmark: 50 percent

Description:

Expanding graduate medical education (GME or residency) training in Idaho has been identified as an educational and funding priority by the state-funded MGT Medical Education Study (11/1/07), the Idaho Medical Association (8/10/08), the Legislative Medical Education Interim Committee (11/12/08), and the State Board of Education (1/26/09). The State Board of Education rank-ordered ten recommendations towards expansion of medical education (1/26/09). The first of these recommendations was: "Expand the development of graduate medical education (residency programs) opportunities in the State of Idaho focusing on primary care and rural practice. In partnership with Idaho hospitals, the VA, Idaho doctors, private enterprise, and Idaho's colleges and Universities, the State of Idaho should promote and assist the funding of these programs."

Due to severe budgetary shortfalls the State of Idaho was unable to fund our requests the last two years. This resulted in our program having to restrict the very type of rotations (rural and underserved) that are unable to fund themselves but lead to increased interest in primary care practice and retention in Idaho.

The Department of Veterans Affairs is the major funder of the Boise Internal medicine residency. Support agreements have also been established with all other groups participating in the curriculum (Saint Luke's Regional Health Care System, Saint Alphonsus Regional Health Care System, University of Washington Medical Center, and Harborview Medical Center) to subsidize training within their systems. However, a small but critical portion of the curriculum is not funded by these mechanisms. Rotations at small non-affiliated offices such as dermatology, Terry Reilly Health Care System, and other community-based training sites go unfunded. These training experiences are critical to the attractiveness of the program, the completeness of training, and retention of newly trained physicians in the State of Idaho.

Our requested funding is calculated as follows: The best estimated cost of training a VA medicine resident for one year is approximately \$ 175,000. State funding for one four-week block of outside training per year (1/13 of the cost) would be \$13,500/resident. This request is for \$10,000 per resident, which covers salary, malpractice, and benefits during the rotation (we have no other way to cover this) and about half of the overhead required to support the rotation.

**BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012**

The legislature has demonstrated the importance of medical education to the state through their support of WWAMI and family medicine/psychiatry residencies. It is important to note that developing a graduate medical education infrastructure is the key to retaining providers and developing a medical education program.

Fiscal Year	# Residents	Amount/resident	Base	Request
FY2014	8 interns, 8 R2s, 8 R3s	\$ 10,000	\$ 240,000	\$ 240,000

Supports institution/agency and Board strategic plans:

Goal 1, Objective B. Students will work in collaboration with industry, citizens and stakeholders off-campus on rangeland problems directly relevant to Idaho. The direct metrics of performance will be the number of undergraduate and graduate students in the Rangeland Center that are engaged in off-campus, integrative learning activities each year.

Goal 2, Objectives A & B: The Rangeland Center will take a leadership role in Idaho and address key research priorities that are established by an external board. The Center will leverage FUR support to increase extramural grants from non-state funds and will utilize an interdisciplinary approach to research. The Rangeland Center will

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

span several colleges on campus and by design is an interdisciplinary effort. The direct metrics of performance will be the number of non-state dollars generated by the center and the number of faculty from different colleges that are active in projects sponsored by the Rangeland Center.

Goal 3, Objectives A and B. Rangelands cover half of the State of Idaho and there are many problems that face Idaho rangelands such as wildfire, invasive species, loss of wildlife habitat, energy development and threatened and endangered species. The Rangeland Center will be very active in its outreach and engagement, extending applied research and existing knowledge to managers, ranchers and citizens that use rangelands. The direct metrics of performance will be the number of outreach projects in Idaho as well as results from standard assessment tools used to understand the effectiveness the Center's outreach projects.

Description:

Advancing the Rangeland Center at the University of Idaho by expanding the Idaho Forest Utilization Act.

Rangelands are vast natural landscapes that cover nearly half of Idaho. These grasslands, shrublands, woodlands and deserts produce a wide variety of goods and services including livestock forage, wildlife habitat, water resources, wildland recreation, open space, and ecosystem services such as water purification and carbon sequestration. Our ability to serve current and future generations will be influenced by our understanding of rangelands because these lands are vital to the ecological and economic health of Idaho.

Rangelands influence the lives and livelihoods of nearly all Idahoans because 90% of Idaho citizens live in places that are currently rangeland or cropland that once was rangeland (i.e., Boise, Twin Falls, Idaho Falls, and Pocatello). The economy of Idaho also depends heavily on rangelands as 65% of the total land area of Idaho is grazed by domestic cattle and sheep that support rural communities and agricultural enterprises. Rangelands are vitally important for recreation as landscapes for fishing, hunting, hiking, biking, horseback riding, and off road vehicle use.

Historically, rangelands were valued mostly for ranching, hunting and mining. Today, changes in the way we use rangelands and environmental conditions threaten the strength and integrity of rangelands. These threats take shape as unsustainable grazing practices, damaging fire regimes, infestations of invasive plants, landscapes fragmented by human development and destructive recreational activities. Advancing rangeland science and management in the current context of ecological and societal change will require newly integrative thinking and innovative practices to maintain and restore these lands and the human communities that rely on them.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

The University of Idaho has created a Rangeland Center that brings together researchers and extension professionals throughout Idaho to address the modern challenges of rangeland management. The Rangeland Center was recognized this legislative session under the FOREST, WILDLIFE AND RANGE EXPERIMENT STATION Chapter, Chapter 7, Title 38, of the Idaho Code, in a new Section 715. Faculty and staff in the U-Idaho Rangeland Center will partner with ranchers and land managers to conduct applied research and develop outreach that builds rangeland understanding. The College of Natural Resources at the University of Idaho is requesting an increase in budget of \$192,960 Forest Utilization Research (FUR) budget to support establishment of the U-Idaho Rangeland Center.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

We are requesting the following resources:

Partial salary support (1/2 FTE) for the **Director of the Rangeland Center**. This person will be a tenured professor who conducts rangeland research, teaches courses and workshops focused on rangelands, and directs the faculty and staff of the Rangeland Center. The other half of the Center Directors salary will be provided by the College of Natural Resources.

Salary (1 FTE) for an **Outreach Coordinator** who will organize and promote the activities and outputs of the Rangeland Center. The outreach coordinator will assist Center Director and faculty members to develop workshops and symposia, articles for popular media, and extension publications.

Salary for two **graduate students** (20 hours/week) to conduct relevant applied research directed by rangeland center faculty. Research projects will focus on topics that have been identified in the Center's strategic plan with input from a stakeholder advisory committee.

Operating expenses for research including basic field equipment and electronic field tools such as palm top computers, GPS, and digital cameras to support research and monitoring projects. Operating expenses are also requested develop outreach documents, web pages, workshops, symposia and field tours to increase understanding of contemporary issues affecting rangelands.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Travel funds for the Center Director, Outreach Coordinator and Center faculty members to conduct research projects, outreach activities, and attend stakeholder meetings.

Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

- b. List any additional operating funds and capital items needed.

Researchers and educators from seven departments, three colleges, and the University of Idaho Extension are coming together to implement an interdisciplinary research, education and outreach program focused on creating science and solutions for rangelands. The U-Idaho Rangeland Center will build on existing partnerships and create opportunities for new collaborations to advance the study and management of rangelands in Idaho and the region.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).
4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The work of the Rangeland Center and the requested resources will directly serve managers and owners of rangeland in Idaho. Research and outreach activities will empower rangeland users and managers with skills and tools to sustain and improve rangeland health and productivity. Ranchers, recreationists, and rural communities in Idaho benefit from productive rangelands that support economic enterprises, vigorous wildlife populations, weed-free landscapes, fertile soils and clean abundant water.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

This request was made last year and remains our highest priority.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

Supports institution and Board strategic plans:

Goal 1 Objective 1: To facilitate the recruitment and retention of a diverse and highly qualified workforce of teachers, faculty and staff; continue the development of career advancement, professional development; and a compensation system that recognizes and rewards knowledge, skills and productivity.

Description:

The University of Idaho is a major economic engine for the state of Idaho and its faculty and staff generate more than \$930 million in annual economic impact statewide, through their activities of research, outreach and instruction. Our ability to generate that impact is critically dependent on the quality of faculty and staff we are able to recruit and retain.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

The 2% CEC for FY13 has started the university down the road to being able to retain and recruit the necessary human resources needed to maintain the economic momentum of our efforts. Enterprising institutions nationwide are seeing the current economic environment as the time to make key investments in hiring the best and the brightest away from other institutions. A continued commitment by the state in the form of a salary raise in FY14 will help forestall those sorts of raids on our best individuals – the very individuals having the most significant impact on the Idaho economy.

The University of Idaho is requesting a CEC increase for FY 2014 in the amount of 3% of the estimated FY 2013 FUR salary budget of \$340,285. Salary enhancements of 3% would enable the University of Idaho to be more competitive when attracting faculty and staff thereby improving the instruction, research, and public service functions of the institutions.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

A base salary increase of 3% - in order to maintain the high quality faculty and staff currently in place at the University and to provide evidence of a fiscally viable environment as we try to recruit the best and brightest to join us here at the University of Idaho

2. What resources are necessary to implement this request?

Permanent state general funds from the state appropriation to cover the full 3% increase (no additional positions, redirection of existing human resources or operating/capital funds).

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

This request is 100% state general funds (no one-time funds).

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This request impacts all employees at the University of Idaho. Despite the 2% CEC in FY13 the University continues to fall further and further behind peer institutions in the salary of its faculty and staff and it is becoming increasingly difficult to attract outstanding candidates to fill available positions. If the request is not funded, our retention and recruitment efforts will become more difficult and our ability to fulfill our role in energizing the Idaho economy will be reduced.

Goal 1 Objective 1: To facilitate the recruitment and retention of a diverse and highly qualified workforce of teachers, faculty and staff; continue the development of career advancement, professional development; and a compensation system that recognizes and rewards knowledge, skills and productivity.

Description:

The University of Idaho is a major economic engine for the state of Idaho and its faculty and staff generate more than \$930 million in annual economic impact statewide, through their activities of research, outreach and instruction. Our ability to generate that impact is critically dependent on the quality of faculty and staff we are able to recruit and retain.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

The 2% CEC for FY13 has started the university down the road to being able to retain and recruit the necessary human resources needed to maintain the economic momentum of our efforts. Enterprising institutions nationwide are seeing the current economic environment as the time to make key investments in hiring the best and the brightest away from other institutions. A continued commitment by the state in the form of a salary raise in FY14 will help forestall those sorts of raids on our best individuals – the very individuals having the most significant impact on the Idaho economy.

The University of Idaho is requesting a CEC increase for FY 2014 in the amount of 3% of the estimated FY 2013 IGS salary budget of \$501,710. Salary enhancements of 3% would enable the University of Idaho to be more competitive when attracting faculty and staff thereby improving the instruction, research, and public service functions of the institutions.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

A base salary increase of 3% - in order to maintain the high quality faculty and staff currently in place at the University and to provide evidence of a fiscally viable environment as we try to recruit the best and brightest to join us here at the University of Idaho

Category: New/Expanded Programs

Title: Opportunity Scholarship Programs

The Opportunity Scholarship is Idaho's primary need-based scholarship. It is designed on a shared responsibility model with state dollars being the "last dollars". This means that a student must apply for federal aid, and have a self or family contribution element before they would be eligible for the Opportunity Scholarship. In FY07 and FY08, the initial years of this program, \$10 million dollars was put into an endowment fund and \$1.925 million was designated to fund scholarships for the 2007-2008 and 2008-2009

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

academic years. Approximately 700 students each year have received this renewable scholarship with the majority of students receiving the maximum award of \$3,000. Unfortunately, as a result of the financial difficulties during the last few years, funds were not available to fund neither the endowment nor the ongoing scholarships. The Board was permitted to use the earnings from the endowment and \$1,000,000 from the corpus for FY10, FY11 and FY12.

For FY13, the federal scholarship programs for Leveraging Educational Assistance Partnership (LEAP) and Special Leveraging Educational Assistance Partnership (SLEAP) were discontinued which also eliminated the state component for those scholarships. The \$711,700 of State General Fund appropriation allocated for LEAP and SLEAP was reallocated to the Opportunity Scholarship (\$550,700), Grow Your Own (\$56,000), and Minority at Risk (\$105,000). This request is for \$449,300 from the State General Fund to increase total ongoing funding for the Opportunity Scholarship program to \$1,000,000 in funding scholarships for fiscal year 2014.

GOAL 1: A WELL EDUCATED CITIZENRY

The educational system will provide opportunities for individual advancement.

Objective A: Access - Set policy and advocate for increasing access for individuals of all ages, abilities, and economic means to Idaho's P-20 educational system.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The Office of the State Board of Education (OSBE) has been charged with managing scholarships authorized and funded by the Legislature. However, with the exception of the Opportunity Scholarship, no funding has been provided for scholarship management. OSBE has internally allocated resources to manage the scholarships, but budget cuts over the past several years have significantly eroded the funding available for this critical function. Scholarship management has become largely an unfunded mandate for the agency.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

Ongoing General Funds in the amount of \$55,000 is requested to partially support an existing Scholarship Program Manager position. The position is currently funded with 76% soft money (i.e. federal grants and indirect costs). This funding request would provide funding sufficient to move the position to 100% ongoing funds.

2. What resources are necessary to implement this request?
 - a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

The position is already established and filled.
 - b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

Program management activities include, but are not limited to, promoting and disseminating information about scholarship programs, processing and reviewing applications, verifying eligibility, processing payment, and tracking and reporting program data. The effort to provide these services is significant. Existing operations would benefit by providing certainty in funding for a mission critical position.
 - c. List any additional operating funds and capital items needed.

None.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

Fund source: ongoing General Funds

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

OSBE manages almost \$8M in scholarships for Idaho postsecondary students. More than 8,000 students receive state scholarships each year. If this request is not funded, OSBE will continue to manage the scholarship programs to the best of its ability, but if and when soft money currently used to support the position goes away, it will clearly be detrimental to the state's scholarship programs and the thousands of students it serves.

BUSINESS AFFAIRS AND HUMAN RESOURCES

Goal 3: Effective and Efficient Delivery Systems

Objective B: Data-driven Decision Making - Increase the quality, thoroughness, and accessibility of data for informed decision-making and continuous improvement of Idaho's educational system.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Description:

The Office of the State Board of Education requests 1 FTP and associated funding to recruit and fill a new position of Director of Institutional Research.

In accepting American Recovery and Reinvestment Act State Fiscal Stabilization Funds in 2009, the State agreed to certain education reform assurances. Of the four assurances, the second was that the State would establish a longitudinal data system. OSBE's Technology Program Manager has developed a P-20 to workforce statewide longitudinal data system (SLDS). This significant IT project was undertaken without any new or additional appropriated funding. Its development is on-time and on budget.

With the phased-in implementation of the SLDS, OSBE has identified the need for significant data and program analytics. In particular, a management level position overseeing data quality and predictive analytics is a necessary resource for the Board in order to make thoughtful and strategic decisions related to its 60% Goal and Complete College Idaho Plan.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

One FTP and \$107,000 in ongoing General Funds for a Director of Institutional Research to provide sophisticated data analytics to the Board and its staff. There is no current base funding for this position.

2. What resources are necessary to implement this request?

- a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Director of Institutional Research, Pay Grade O, full-time, benefit eligible, date of hire: 7/1/2013

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

No existing human resources will be redirected to this new effort. Existing operations will be enhanced with this new skill set.

- c. List any additional operating funds and capital items needed.

\$6,000 in ongoing operating expenses for travel and professional development.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

Fund source is ongoing General Funds.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The State Board of Education, and the public schools and institutions under the governance of the Board, will benefit from data analytics in support of strategically increasing postsecondary access and success.

In addition, the Legislature, other state agencies, businesses and other entities in the state are increasingly relying on good data to make decisions. The education system is the biggest state investment and the largest data source in the state. Good analysis is essential to making these data effective and available.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Not applicable.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

How connected to institution/agency and Board strategic plans:

Goal 1 SBoE Goal 1 is a well-educated citizenry. IdahoPTV objectives to meet this goal include: 1) provide access to IdahoPTV new media content to citizens anywhere in the state, which support citizen participation and education, 2) contribute to a well-informed citizenry and 3) provide relevant Idaho-specific information.

Description:

As a result of S1491 (2006), IdahoPTV was directed to oversee (in partnership with Legislative Services and the Department of Administration), Idaho Legislature Live coverage on the Web and broadcast.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Idaho Legislature Live currently includes gavel-to-gavel video coverage of the Idaho House, Senate, Joint Finance-Appropriations Committee (JFAC), House/Senate Auditorium, and live audio coverage of legislative committee rooms.

Since its inception, IdahoPTV has entirely self-funded the personnel and operational costs required to provide Idaho Legislature Live coverage.

IdahoPTV requests two positions to assist with this expanded coverage and to be available to enhance our new media activities at times when Idaho Legislature Live is not active. We believe that it is only reasonable that the state assist with a portion of the operational costs for this service that benefits citizens statewide. IdahoPTV will continue to provide additional in-kind personnel and basic operating cost to enable Idaho Legislature Live coverage, including: production management, engineering maintenance, website management and information technology support. We cannot maintain the current level of service indefinitely.

When Idaho Legislature Live functions are not active, the requested positions will work on educational IdahoPTV new media initiatives including content creation and archiving of content.

Questions:

1. What is being requested and why?

For the first years of coverage, no state funds were made available to cover the personnel costs associated with the Idaho Legislature Live coverage. These activities were funded with non-state resources. We request these funds to ensure sustainability of the expanded Idaho Legislature Live.

What is the agency staffing level for this activity and how much funding by source is in the base?

N/A

2. What resources are necessary to implement this request?

a. List by position: position titles, pay grades, full- or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Web Developer, pay grade L, full-time, classified, anticipated hire date July 1, 2013, salary cost estimated at \$46,800; benefited with benefit costs estimated at \$19,350, position on-going.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

PTV Digital Broadcast Systems Operator, pay grade I, full-time, classified, anticipated hire date July 1, 2013, salary cost estimated at \$29,100; benefited with benefit costs estimated at \$15,550, position on-going.

- b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

If funded, IdahoPTV will continue to redirect the efforts of the following personnel to this effort:

- Broadcast System Operator: To supervise the requested two positions
- IT Systems Supervisor: To maintain current IT systems
- Broadcast Maint. Engineer: To maintain current camera systems
- Production Manager: To supervise the project

- c. List any additional operating funds and capital items needed.

IdahoPTV will need new computers for use by the new positions along with workspace modifications.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.

General Fund per matrix on page 1.

Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.

N/A

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The entire population of Idaho will benefit. Idaho Legislature Live is available via digital television and the Web.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Attach supporting documentation sufficient enough to enable the Board, Division of Financial Management, and the Legislative Budget Office to make an informed decision.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

SUBJECT

FY 2014 Capital Budget Requests

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.B.8.c.
Idaho State Board of Education Governing Policies & Procedures, Section V.K.

BACKGROUND/DISCUSSION

The capital projects request process is separate from the line item budget request process. The Permanent Building Fund Advisory Council (PBFAC), which is staffed by the Division of Public Works (DPW), has several major areas of focus: new, renovated or remodeled projects; Americans with Disabilities Act (ADA) projects; asbestos abatement/removal, and building demolition.

The annual capital project funding request process begins with DPW issuing a letter to agencies and institutions each spring requesting that they submit their project funding needs. DPW staff works with the agencies and institutions over the summer months to finalize requests. The State Board of Education also concurrently reviews and makes recommendations on major capital projects to PBFAC. DPW staff produces a fiscal year request notebook provided to PBFAC in early September. Agencies and institutions present their requests to PBFAC in early October; and at its November business meeting the Council reviews DPW staff funding recommendations and takes action on them. Between the October and November PBFAC meetings, DPW staff reviews the agency presentations and consults with agencies and institutions to clarify issues. DPW staff then goes through a process of deciding which projects should be funded and what the Permanent Building Fund (PBF) allocations should be for each requesting agency and institution. Also, in the month of October, the Division of Financial Management (DFM) informs DPW of the anticipated revenue amount for the fiscal year's funding. This sum is the basis for DPW staff's allocation recommendations which are presented to the PBFAC at its November meeting. Following the PBFAC's review and approval of its funding recommendations for the next fiscal year, DPW staff forwards those recommendations to DFM and the Legislative Services Office for inclusion in their respective budget publications. The Governor makes a recommendation regarding major capital projects to the Legislature. The Legislature appropriates funds to DPW for specific major capital projects and funding for general alterations and repairs, and other projects statewide.

In recent years the Board has not always chosen to prioritize or recommend new capital facilities to the PBFAC. Several times the Board has instead recommended that all funding efforts be directed primarily toward alterations & repairs, asbestos abatement, and other non-major capital items.

Institutions and agencies have prepared and submitted their FY 2014 capital budget requests to the Board office and DPW, as shown on Page 5.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

IMPACT

Only Board-approved major capital projects can be forwarded to the PBFAC. The PBFAC, Governor and Legislature will then be informed of the Board's emphasis based upon the priorities indicated (if any) at the Board's discretion.

Board policy V.K. now requires institutions and agencies to bring their six-year capital construction plan to the Board for review and approval at its regularly scheduled August meeting. The plan shall span six fiscal years going forward starting at the fiscal year next. The plan only includes capital projects for which the cost is estimated to exceed one million dollars (\$1,000,000) without regard to the source of funding. Board approval of a plan will constitute notice to the Board that an institution or agency may bring a request at a later date for approval for planning and design for one or more of the projects in their approved plan. The six-year capital construction plans are included in this agenda for Board approval.

Attachment 7-Capital Project Summaries for agencies & institutions	Page 13

STAFF COMMENTS AND RECOMMENDATIONS

Projects listed on the following schedule have been prioritized by each institution or agency. Many of these projects were included in the FY 2013 institution request list.

The Board may recommend some or all of the projects to the Permanent Building Fund Advisory Council for consideration at its October 2012 meeting, or recommend no major capital funding for FY 2014 and have the PBFAC concentrate on alterations and repairs and other non-major capital projects. Previous discussions of the Board have concluded that a project's past ranking on any list should not influence future decisions about where that project should be ranked.

Another option available to the Board is to recommend a portion of a project or projects, for planning and design in FY 2014.

The community colleges' six-year capital construction plans are not included because those projects are approved by their local boards.

BOARD ACTION

I move to recommend to the Permanent Building Fund Advisory Council the major capital projects on page 5 for consideration in the FY 2014 budget process.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

PROJECT SUMMARY
FY2014**

Project Title: Planning and Design for
Arts & Humanities Institute Building
Boise Campus

Institution/Agency: Boise State University

Brief Description: A new building for the Arts and Humanities Institute will support the vision and operations of this new organization, and will connect scholarly activity in the arts and humanities with the larger community. An effective plan for this building initially requires a variety of planning and programming activities. These include – various siting studies, programming, and conceptual design. These studies will form the basis for development of a design development documents sufficient to confirm an overall project budget.

Project Scope: 39,500- 65,500 NASF 60,000-100,000 GSF

Estimated Total Planning and Design Cost: \$1,800,000

Date Approved by State Board of Education: August 2010: Set A request

Source of Construction Funds (by fund source and amount):

<u>Fund Source</u>	<u>Amount</u>
Permanent Building Fund	\$1,800,000

1. PROJECT DESCRIPTION AND JUSTIFICATION

The new Arts and Humanities Institute (AHI) building will likely be sited on the West edge of campus along Capitol Blvd. This siting is consistent with the 2005 Campus Master Plan. It is envisioned that, the AHI building, together with the new COBE building, will create a significant gateway to the campus.

A group of faculty members has developed the strategic plan and preliminary list of necessary and possible functions for AHI. In brief, the core mission of the AHI building will be to provide physical space for advancing academic research and creative activity in the arts and humanities and to cultivate appreciation of the same in the broader community. An outcome of the strategic planning exercise will be a determination as to what entities within the university will be brought together in this building so as to best facilitate research in the humanities and creative activity in the arts.

Funding is requested for the conceptual groundwork through design development for planning the new building, including (i) a comprehensive programming study that will determine the sizes and types of spaces that are needed to best support the arts and humanities and (ii) siting studies that will determine which spatial proximities and adjacencies would be the most strategically valuable and that will assess the technical feasibility of building at potential site locations, (iii) architectural plans through schematic and design development phases with associated cost estimating and project budget development.

The result of this planning effort will be a complete analysis and building program with design development documents, including estimates of construction costs for the project.

2. PROJECT COMPONENTS

The project will construct a new facility at the western edge of the campus. The facility will house the Arts and Humanities Institute. Preliminary planning activities have tentatively identified the following that will be supported by the AHI:

- Exploration: computer laboratories, conference rooms, and libraries for study and research; studio space for creative practices.
- Innovation: multiple-use spaces and laboratories containing new technologies will facilitate inventive and cross-disciplinary projects.
- Presentation: lecture hall, demonstration spaces, and workshop facilities for university faculty members and visiting scholars/artists to present their work.
- Exhibition: art and other museum spaces as permanent and rotating venues; archival space for research and project-related documents, books, and digital information.
- Performance: studios, rehearsal rooms, recital spaces as laboratories and showcases for new musical compositions, emerging choreography, staged readings, and performance art.

3. ALTERNATIVES

Major building efforts at Boise State are supporting the sciences, engineering, and most recently business and economics. Those efforts greatly facilitate scholarly activity in those fields and are an important way to focus community attention. By constructing a new structure for the arts and humanities, we will do the same: we will greatly facilitate research and creative activity in the arts and humanities and we will focus community attention. In addition, we will create a gateway to the university containing entities that are closely related to those of the nearby downtown.

It would be possible to renovate existing campus structures to house the AHI, however, to do so would not create the emphasis and focus that the campus seeks to bring to these important disciplines.

4. VACATED SPACES

In addition to providing up to date space for the uses described above, the new building would permit departments to vacate some space currently occupied in other campus buildings. These spaces would be made available to meet the critical classroom and faculty office space needs of the other departments. Because planning is in the early stages, the precise amount of space to be vacated is not defined.

AUGUST 16, 2012**

OFFICE OF THE STATE BOARD OF EDUCATION

**SET A
PROJECT SUMMARY
FY2014**

Project Title: Planning and Design for
Physical & Material Science Building
Boise Campus

Institution/Agency: Boise State University

Brief Description: Boise State University's Master Plan outlines the growth in the Southeast expansion area of science and engineering facilities supporting the Strategic Plan. The requested funds will pay for preliminary planning and design of the second of four new science buildings currently envisioned. Intermediate level planning to ensure the coordination of this building with the final build out of the science and engineering area will also be incorporated.

Project Scope: 65,000- 78,000 NASF 100,000-120,000 GSF

Estimated Total Cost: \$62,000,000

Estimated Total Planning and Design Cost: \$1,800,000

Permanent Building Fund		\$1,800,000

1. PROJECT DESCRIPTION AND JUSTIFICATION

The proposed building will be the second of a new four-building science and engineering complex in the southeast expansion zone. The first of these projects, Environmental Research building, was recently completed.

Consistent with the 2005 Campus Master Plan, the new science research building will be part of a science and engineering complex designed to promote interdisciplinary research, education, and outreach. Each building of the complex will include science and engineering laboratories and facilities appropriate to specific interdisciplinary topic areas, with departmental culture preserved in office clusters. The buildings will be planned to promote collaboration between scientists and engineers on important research problems. Laboratories and work areas will be an open design with state of the art flexibility to permit rapid and inexpensive reconfiguration in response to changes in research participants, project needs, and extramural funding.

Current thinking is that this second building will focus on Chemistry, Physics, and Materials Science Engineering. In addition to planning the building, the future relationships and interactions of all science and engineering departments will be examined to determine the optimum set of adjacencies in the four building complex. This planning will help ensure that decisions regarding the particular building design will support the holistic vision put forth in the Master Plan of an integrated science and engineering complex.

2. PROJECT COMPONENTS

This proposed facility blends academic and research units from Chemistry, Physics, and Materials Science Engineering. The new building will support graduate and undergraduate academic programs in these disciplines, and promote interdisciplinary research. Program elements for this project include core research facilities such as research labs, teaching labs, offices, and administrative space. The new building will also support the Materials Science PhD program as well as the STEM (Science, Technology, Engineering, and Math) Education strategy by providing state of the art teaching and research labs that promote graduate and undergraduate participation.

3. ALTERNATIVES

Modular facilities could possibly be utilized to provide additional research, classrooms, and offices, but the use of these temporary structures are expensive and only meet the short term needs for the institution. It would not be prudent to utilize modular buildings for research or class laboratory space. The University has purchased land in the expansion zone to accommodate this new facility. Investing in temporary modulators would not be cost effective nor would it meet academic and research needs.

4. VACATED SPACES

In addition to providing up to date laboratory, classroom, and office space for several academic departments, this project would permit departments to vacate some space currently occupied in other campus buildings. These spaces would be made available to meet the critical classroom and faculty office space needs of the other growing departments. Because planning is in the early stages, the precise amount of space to be vacated is not defined. The expansion and relocation of these departments into vacated spaces in the historic center of campus is consistent with the Master Plan, which calls for that area to become a center for liberal arts education and research.

THIS PAGE INTENTIONALLY LEFT BLANK

**BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012**

<u>Previous Appropriations</u>	
<u>Fund Source</u>	<u>Amount</u>
N/A	N/A

<u>Budget Year Request</u>	
<u>Fund Source</u>	<u>Amount</u>
Permanent Building Fund	\$1,500,000

1. PROJECT DESCRIPTION AND JUSTIFICATION

The Business Building is centrally located on the main quad of the Boise campus. While the facility needs significant renovation and renewal of systems, its central location make it a particularly important asset for the campus. A variety of reuse scenarios have been considered including consolidation of the College of SSPA or improvement of the existing facility for additional general assignment classrooms and faculty office space. These uses are consistent with the 2005 Campus Master Plan.

In order to effectively evaluate and plan for this reuse, detailed studies will need to be undertaken. These studies will include the space program evaluation to develop the most strategically valuable space reassignment strategy. Building systems will need to be evaluated for needed renewal and/or replacement. Technical studies evaluating the buildings structure, especially as it relates to current code requirements and other structural improvements, are also needed.

In addition, modern high quality classroom and office uses require access to daylight; it is anticipated that building shell improvements including the addition of glazing will be a part of these studies.

Completion of these studies and preliminary design will allow realistic renovation and/or replacement scenarios and associated estimates for the project to be developed. It is anticipated that, if necessary, major portions of the work could be implemented in a phased construction approach.

2. PROJECT COMPONENTS

The project will plan and program for the aging facility for modern classroom and office use. The renovated building will support graduate and undergraduate academic programs in a variety of disciplines, and promote interdisciplinary research.

3. ALTERNATIVES

A range of project scopes can be developed in the study phase to determine the most cost effective approach. The building was recently surveyed as part of a campus-wide facility assessment; approximately \$6 million of building renewal needs were identified. This cost would preserve the building in its current outmoded condition; additional expenditures will be needed to make the facility useful for current instructional purposes.

Should needed structural improvements and other programming directions approach the cost of new construction, the University would evaluate the efficacy of these costs as compared to demolition and possible future construction on the site.

4. VACATED SPACES

The reassignment of the space in this building would permit departments to vacate some space currently occupied in other campus buildings. These vacated spaces would be made available to meet other critical classroom and faculty office space needs of the other growing departments such as English, History, Education and others. Because planning is in the early stages, the precise amount of space to be vacated is not defined. The expansion and relocation of these departments into vacated spaces in the historic center of campus is consistent with the Master Plan, which calls for that area to become a center for liberal arts education and research.

THIS PAGE INTENTIONALLY LEFT BLANK

**BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012**

**CAPITAL BUDGET REQUEST
FY 2014
CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)**

AGENCY: Idaho State University

AGENCY PROJECT PRIORITY: 1 and 5

PROJECT DESCRIPTION/LOCATION: Development of a state-of-the-art anatomy, physiology and neuroanatomy lab at ISU-Meridian.

CONTACT PERSON: Joseph Han

TELEPHONE: 208-282-4229

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

Currently, no-state-of-the-art anatomy and physiology lab exists in the Treasure Valley where cadavers and virtual applications are combined for student and community learning (most medical schools are using a combination of cadaver and computer-based technology). A technologically advanced lab facility would serve ISU students in numerous programs of study and provide opportunities for professional education for health practitioners in the area. Together with our Human Patient Simulation Lab (HPS), the Applied Biological Sciences Learning Center (ABSLC) consisting of cadaver, anatomy, physiology, and neuroanatomy labs, along with a Bioskills Surgical Training Lab (BSTL), would serve current and prospective ISU students in a variety of programs (e.g. Physician Assistant Studies, Pharmacy, Communication Sciences and Disorders, Dentistry), and allow for collaboration with the educational and health care institutions in SW Idaho, as well as high school students. As a result, ISU will continue to strengthen its leadership role in the health sciences within the Treasure Valley by providing the health care community with a facility that has a rich array for resources with which to teach human anatomy and physiology.

(B) What is the existing program and how will it be improved?

We currently use only human simulation technology for our programs requiring anatomy in Meridian. While such technology is adequate, it has limitations. There is no physiology lab in Meridian, and it is critical for expansion of Physical Therapy in 2015 (SBOE 5-yr. plan).

(C) What will be the impact on your operating budget?

Upkeep of the lab can be funded through student and professional fees and continuing education fees.

(D) What are the consequences if this project is not funded?

Our Meridian-based students do not have access to the same graduate level gross anatomy instruction as our Pocatello students. Our accreditation standards require that we offer comparable instruction irrespective of the location of the students.

**CAPITAL BUDGET REQUEST
FY 2014
CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)**

AGENCY: Idaho State University	AGENCY PROJECT PRIORITY: 2 of 4
--------------------------------	---------------------------------

PROJECT DESCRIPTION/LOCATION: Beckley Nursing Asbestos Mitigation

CONTACT PERSON: Joseph Han	TELEPHONE: 208-282-4229
----------------------------	-------------------------

PROJECT JUSTIFICATION:
Concisely describe what the project is.

This project will mitigate the asbestos in the building, with emphasis on the open plenum supply design ceiling system. The work will require asbestos mitigation and the replacement of flooring, ceilings, and other materials removed or impacted by asbestos abatement. This project will also provide for renovation of office and classroom spaces within Beckley Nursing.

What is the existing program and how will it be improved?
 Health and safety of building occupants and maintenance personnel. Even simple tasks of replacing ceiling tiles or replacing light bulbs can pose risks to staff.

What will be the impact on your operating budget?
 This project does not add square feet of functional space but will require agency to provide funding for temporaries moves to accommodate the mitigating and related construction work.

What are the consequences if this project is not funded?
 At this time, any maintenance work on lighting or ceiling panels required asbestos monitoring, which adds labor costs and delays in service response time. Additionally, some tasks are impossible to complete within the ceiling plenum. Finally, should there be some significant roof repairs; the building may need to be evacuated. If the required roof work takes place during the academic year, the disruptions to classes and labs would be intolerable.

ESTIMATED BUDGET:		FUNDING:	
Land	\$	PBF	\$ 1,100,000
A/E fees	\$ 40,000	General Account	\$
Construction	\$ 1,000,000	Agency Funds	\$
5% Contingency	\$ 60,000	Federal Funds	\$

FY 2014
CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)**

AGENCY: Idaho State University	AGENCY PROJECT PRIORITY: 3 of 4
--------------------------------	---------------------------------

PROJECT DESCRIPTION/LOCATION: Eli Oboler Library
--

CONTACT PERSON: Joseph Han	TELEPHONE: 208-282-4002
----------------------------	-------------------------

PROJECT JUSTIFICATION:

Concisely describe what the project is. This project will remove the deteriorating fiberboard air ducting system, and replace it with an insulated steel duct system. This project will also address all seismic needs within the ceiling system and book stacks throughout the Library.

What is the existing program and how will it be improved?

The existing fiberboard ducting is actively degrading, with resulting ductwork particulates being spread throughout the library. All surfaces within the Library, including the ceiling, are coated with deteriorated ducting material. This project will remove the existing ceiling and lighting systems, remove all fiberboard ducting, address all seismic issues with the ceiling and lighting system, and with the book stacks throughout the Library. New insulated steel ducting, ceiling systems, and lighting will be installed.

What will be the impact on your operating budget?

The maintenance budget will be relieved in several areas as less custodial effort will be required to clean the Library, and repair work to deteriorating ductwork will no longer need to occur.

What are the consequences if this project is not funded?

Ductwork will continue to degrade and contaminate the interior of the Library. Additional efforts will continue to be expended in an attempt to clean the library.

ESTIMATED BUDGET:		FUNDING:	
Land	\$	PBF	\$ 6,000,000
A/E fees	\$ 720,000	General Account	\$

CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)**

AGENCY: Idaho State University	AGENCY PROJECT PRIORITY: 4 of 4
--------------------------------	---------------------------------

PROJECT DESCRIPTION/LOCATION: Holt Area/Install synthetic practice field for football

CONTACT PERSON: Joseph Han	TELEPHONE: 208-282-4002
----------------------------	-------------------------

PROJECT JUSTIFICATION:

Concisely describe what the project is. Construct/install a 120 yard, artificial turf practice field south of Holt Arena that would be used for soccer, football softball, and other sports needing a surface to practice on. We would also like to place a fence around the field for its own protection.

What is the existing program and how will it be improved?

The existing practice field is just a grassy area without the proper underlayment conditions required to prevent injuries. Uneven ground and worn-in pathways have rendered the field unusable. Athletes have to practice indoors year round or outdoors in a smaller area than what is required.

What will be the impact on your operating budget?

It should take less maintenance because there is no watering, mowing, and fertilizing required. The new artificial turf will be uniform and the underlayment will help to prevent injuries. The new turf will be sized properly.

What are the consequences if this project is not funded?

As it stands, no one can utilize the existing field or practice there and we will continue to seek other options for workouts and practice. Customarily, they can only practice indoors which doesn't prepare them for outdoor play. The only outdoor field available is a substandard-sized practice area to the West of Sports Medicine.

OFFICE OF THE STATE BOARD OF EDUCATION

SET A

PROJECT SUMMARY

Project Title: Integrated Research and Innovation Center *(Previously submitted as the Science and New Technologies / Interdisciplinary Research & Education Facility)*

Institution/Agency: University of Idaho

Brief Description:

The Integrated Research and Innovation Center (IRIC) project involves construction of a new laboratory facility providing robust, modern, well-equipped spaces supporting a broad range of leading edge, collaborative research programs. The IRIC will provide state of the art laboratory space and infrastructure for teams of scientists and researchers across a wide variety of disciplines to conduct joint, collaborative research on issues that span across multiple traditional research subjects. These collaborative teams will come together in the Integrated Research and Innovation Center for a limited period of time, perhaps 3 – 5 years, to work a specific research project. Once that research effort is completed, the space will be made available for a new and different team working yet another line of inquiry. The vision is that the Integrated Research and Innovation Center supports cutting edge research based around systems rather than individual disciplines and that the space is flexible and the research within it conducted changes over time.

This project was formerly known as the Science and New Technologies / Interdisciplinary Research & Education Facility and previous requests of the Permanent Building Fund were submitted under that title.

Previous iterations of the University's request for this project under the former title envisioned a larger facility of approximately 100,000 to 115,000 GSF. In 2009, the university revisited the project and revised the project vision downward towards a smaller, more efficient facility that still accomplishes the goals and aspirations of the overall effort. In 2012, the university engaged in a further exercise to refine the proposed facility program and cost estimates. This effort was aimed to ensure that the proposed facility is both efficient and sized and programmed correctly to best meet the goals and intent of the stated project need. This work was completed in April of 2012.

This year's FY 2012 request reflects this recent program refinement and the fact that the university is pursuing this new, more efficient vision for the desired Integrated Research and Innovation Center.

**BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012**

As with all previous requests, the intent is that the IRIC facility will be designed to foster interdisciplinary collaboration and interaction and will include flexible systems and support infrastructure, allowing reconfiguration of spaces supporting changes in programs and research needs over time.

Project Scope:	NASF	GSF
Building size:	31,500	52,900
Site and Utility infrastructure		
All project fees and related expenses		
Fixed Research Equipment NIC		
Movable Furnishings, Fixtures and Equipment NIC		

Estimated Total Cost:
\$47,800,000 (2012 Dollars)

Date Approved by State Board of Education:

First request, July 1999

Fourteenth Request, July 2012, (*First request for the revised and newly envisioned IRIC Facility.*)

Permanent Building Fund		\$5,000,000

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

1. PROJECT DESCRIPTION AND JUSTIFICATION

As the land grant university for the State of Idaho, the University of Idaho places emphasis on problems and challenges facing Idaho and Idahoans. In both undergraduate and graduate education disciplines, especially in scientific and technical fields, enrollment growth and focus upon the university's interdisciplinary programs is leading to a need for additional modern, technically-equipped laboratory and support space. Further, as Idaho's research university, the UI is a main force for research and development in the state with emphasis on selected areas that are key to the economic health and development of Idaho industry. Areas of emphasis in which laboratory space is critical are: Food and Fiber Production, Molecular Biology, Environmental Sciences and Technology, Materials Science, Infrastructure/Construction and Transportation, Computing/Software Systems, and Telecommunications.

The University sought, and received, a federal FY 05 grant to allow the university to conduct an initial, predesign Technical Analysis and Feasibility Study for this project effort. In the fall of 2006, the University selected NBBJ architects to assist the university and to conduct that analysis and study via a Request for Qualifications process. An initial report was finalized and prepared in the Spring of 2008, and this report served as the basis for the July 2008 request.

Subsequently, Dr. John McIver joined the university as the Vice President for Research, bringing a fresh, new vision for the University's research efforts. Under Dr. McIver's leadership, the University has re-examined the underlying assumptions that support the desires and aspirations for the facility proposed under the title of the Science and New Technologies / Interdisciplinary Research & Education Facility. While the need for the proposed facility was confirmed, a slightly smaller and much more efficient vision of the facility emerged. Hence this request for a facility that is approximately smaller and less costly than previous requests, and its new title: the Integrated Research and Innovation Center.

In support of both the initial assessment and this year's revised work, the university and the consultant conducted an exhaustive and detailed process that included an audit and assessment of existing science and research facilities, an audit and assessment of building level and campus level infrastructure systems to determine the capacity to support the desired program of research, site selection, programmatic analysis, research team composition and optimization, desired levels of occupancy in the proposed structure, etc. NBBJ delivered their revised, final report and recommendations for the new vision of the project in April 2012. This request captures the recommendations and results of the revised Technical Analysis and Feasibility Study.

This project addresses the specialized laboratory needs of these disciplines for undergraduate, graduate and research programs. The synergies among the various levels of study and scholarship will be fostered in a facility integrating a broad cross section of technical and scientific personnel and programs. Specific facility features and attributes have been preliminarily identified in the Technical Analysis and Feasibility Study, and will be further detailed during the planning and design phases.

2. PROJECT COMPONENTS

The majority of the project complex will consist of research laboratories and laboratory support areas (e.g., instrument labs, specialized containment labs, shared equipment rooms, computer laboratories, seminar and conference areas, and offices). Purchase of major fixed research

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

equipment necessary to outfit the laboratories, support areas and connections, and necessary enhancements to the university's infrastructure systems is not yet currently included in the project, as these items as are yet to be identified. Movable and portable furnishings and fixtures are not included in the current costs estimates.

3. ALTERNATIVES

Four alternatives have been studied to date.

Alternative 1: Construct Multiple Smaller Laboratory Additions

This alternative involves construction of separate undergraduate, graduate and research laboratories, by discipline, as additions to, or immediately adjacent to, existing College buildings. This alternative would provide the necessary space to support the programs, however, project costs are expected to be significantly higher since there would be multiple sites and projects. In addition, this approach does not readily support interdisciplinary interaction and collaboration. The university rejected this alternative.

Alternative 2: Renovate Existing Laboratory & Research Spaces in Existing Buildings as Necessary to Accomplish the programmatic Goals for Interdisciplinary Research

As noted above a Technical Analysis and Feasibility Study was conducted by the University and its consultant, NBBJ Architects in 2008 and revisited and revised in 2012. This effort included an exhaustive assessment and audit of the existing research facilities, spaces, and building level infrastructure systems on campus. The summary conclusion of this effort is that the existing facilities and spaces are not equipped or suitable in their current state to facilitate the sorts of interdisciplinary programs envisioned and needed. Further the renovation costs to bring these facilities up to the standards necessary would far exceed the cost of a new build. And further still, such dispersed renovations would not produce the desired synergies and interdisciplinary relationships set out as the major programmatic goals and vision for the project effort. The university has therefore rejected this alternative based upon the results of the Technical Analysis and Feasibility Study.

Alternative 3: Construct Separate Laboratory Complexes for Undergraduate and Graduate/Research Programs

This alternative consists of construction of an interdisciplinary laboratory complex for undergraduate instructional and research programs and one for graduate and research programs. This alternative would provide the necessary space to support the programs, however, project costs are expected to be higher since there would be two projects with unnecessary duplication. In addition, this approach does not readily support interdisciplinary interaction and collaboration between undergraduate and graduate students, and researchers. The university rejected this alternative.

Alternative 4: Construct a Single Interdisciplinary Laboratory Facility

This option would entail constructing a single complex that integrates undergraduate and graduate/research laboratories into an interdisciplinary science and technology center facilitating collaboration and creating new synergies across academic levels and disciplines. Overall project expenses are expected to be less under this approach since there will be only

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

one site and construction of a single building allows elimination of unnecessary duplication of building systems. The recently completed Technical Analysis and Feasibility Study verifies this alternative as the most viable alternative conducive to the goals and vision for the effort, and as the most efficient and least costly alternative. This is the university's preferred alternative.

4. VACATED SPACE

It is not anticipated that a great deal of space will be vacated upon completion of the proposed project. The proposed IRIC is envisioned as a facility in which researchers from a variety of disciplines across campus will have a place to work together in collaborative teams on specific research projects. Upon the conclusion of any one specific project, the team members will vacate the space and a new team with a new project will take over. It may be that some , limited space currently used for instructional laboratories and some research laboratories may be vacated. If there is any such space vacated, it will be very limited and it is anticipated that it may be reused to meet additional laboratory space demand. Other prospective uses of vacated space may be for offices and specialized learning areas including computer laboratories, seminar areas, team and group rooms, etc.

PROJECT SUMMARY

Project Title: Northern Idaho Collaborative Education Facility

Institution/Agency: North Idaho College, Lewis Clark State College, University of Idaho

Brief Description:

North Idaho College, Lewis Clark State College, and the University of Idaho envision the creation of an education corridor in Coeur d'Alene stretching along the banks of the Spokane River and adjacent to North Idaho College. Higher Education programmatic growth in the Coeur d'Alene area will be concentrated in this education corridor. Additional facilities and resources are needed to service the growing population and the corresponding demand for access to higher education programs and content. The collaboration potential afforded by co-location of three institutions of higher education in this proposed facility will provide increased access and higher education opportunities for students of all levels in the area.

Project Scope:

	NASF	GSF
Building size:	TBD	TBD
Site and utility infrastructure		
Furnishings, Fixtures and Equipment		
All project fees and related expenses		

Estimated Total Cost: \$12,420,800

Date Approved by State Board of Education:

First request, July 2006 *(Note: As the Northern Idaho Classroom and Office Facility)*
Second request, July 2007
Third request, July 2008
Fourth request, July 2009
Fifth request, July 2010
Sixth Request, July 2011
Seventh Request, July 2012 *(Note: Facility size and project scope dramatically reduced)*

<u>Fund Source</u>	<u>Budget Year Request</u>	<u>Amount</u>
Permanent Building Fund		\$4,000,000

1. PROJECT DESCRIPTION AND JUSTIFICATION

North Idaho College, Lewis Clark State College, and the University of Idaho propose a collaborative facility housing units of each institution to be located on property owned by the North Idaho College Foundation and leased to North Idaho College. Such a collaborative facility will allow North Idaho College, Lewis Clark State College, and the University of Idaho to consolidate programs located in various facilities at one location and better serve the citizens of the area, each institution in accordance with the corresponding role and mission statements. The proximity of this location to North Idaho College is of an advantage as it provides the ability and opportunity to leverage the existing facilities of North Idaho College and to develop collaborative joint programs with North Idaho College faculty and staff.

2. PROJECT COMPONENTS

This facility will be approximately TBD square feet and will house classrooms and faculty and staff offices, along with ancillary support spaces. The preliminary cost estimate for the building is \$12,420,800. The State provided \$420,800 in FY09 funding to the University of Idaho to support initial programming and pre-design work. The initial programming and pre-design phase was initiated, however, it was placed in a hiatus status while the three institutions began discussion aimed at a revised conceptualization of the facility as a much smaller facility than that which was initially envisioned.

Once restarted, work products from the pre-design phase will include detailed program definition, site analysis and feasibility review, infrastructure needs and impacts, room data sheets, adjacency diagrams, and a refined project cost estimate.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

For FY 2014, North Idaho College, Lewis Clark State College, and the University of Idaho are jointly requesting \$4,000,000 from the state funding via the Permanent Building Fund to support completion of the design and construction documents for the facility. The remainder of the State support, an additional \$4,000,000 will be requested in FY 2015. North Idaho College, Lewis Clark State College, and the University of Idaho will seek to jointly raise a total of \$4,000,000 in gifted funds through their respective capital campaigns to complete the funding picture.

The facility will be designed and constructed in such a manner to support the potential future expansion of the building to accommodate additional academic programs and needs. Such additional program space would possibly include a tiered classroom, various breakout rooms, as well as reception and kitchen/dining services. The date of any such future expansion is yet to be determined and would be subject to further review and approval of the Board of Regents.

3. VACATED SPACE

North Idaho College and Lewis Clark State College expect to vacate a number of temporary modular facilities once the new facility is completed.

Capital Improvement Project Description
(New Buildings, Additions or Major Renovations)

AGENCY: **North Idaho College**

AGENCY PROJECT PRIORITY: **2**

PROJECT DESCRIPTION/LOCATION: **Professional Technical Building**

CONTACT PERSON: **Ron Dorn**

TELEPHONE: **208-769-3340**

PROJECT JUSTIFICATION:

- (A) Concisely describe what the project is. To construct a new Professional Technical Building to create additional space for existing programs, expansion of new professional technical education programs, and to partner with local school districts to provide facilities to support their professional technical education programs as well.
- (B) What is the existing program and how will it be improved? Currently there are business and professional programs, health professions and trades an industry programs. These programs are near capacity with 12% of the student body enrolled in those programs. Nationally, 40% or more enrollments would be in these programs. Construction of this facility would expand professional technical education opportunities, keep up with rapid changes in technology, and increase student enrollments.
- (C) What will be the impact on your operating budget? Would increase in the areas of staffing, utilities and maintenance costs.
- (D) What are the consequences if this project is not funded? In coming and continuing students, local businesses and industries, and local public school districts would not be able to rely on NIC to provide expanded programs or enrollments.

ESTIMATED BUDGET:		FUNDING:	
Land		PBF	\$12,000,000

FY 2014
CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)**

AGENCY: College of Western Idaho (CWI) AGENCY PROJECT PRIORITY: 1

PROJECT DESCRIPTION/LOCATION: New Health Sciences Building

CONTACT PERSO: Craig Brown, Vice President TELEPHONE: 208-562-3412

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.
New 75,000 square foot health sciences building. Existing CWI programs to be housed will include: dental assisting, surgical technician, nursing (Associate and assistant), paramedic, etc. Will include biology/chemistry laboratories, classrooms, study and common areas for students, and faculty offices.

(B) What is the existing program and how will it be improved?
Currently, CWI has health science programs and course offerings spread across the two-county area. There is a strong need to consolidate courses and programs to allow students and faculty to focus their efforts, and to be in synergy with local health care providers. This will allow for more effective use of clinical sites.

(C) What will be the impact on your operating budget?
Impact will be additional utility, custodial and maintenance costs. CWI will request Occupancy Costs through the FY 2014 State Board of Education and Governor/Legislative process, but will be prepared to use existing tuition revenue to maintain the new facility. CWI would attempt to raise external funds for a portion of the furniture, fixtures and equipment.

(D) What are the consequences if this project is not funded?
CWI would continue to offer health science and related courses at a variety of campus and center locations spread across Ada and Canyon counties

ESTIMATED BUDGET:		FUNDING:

AGENCY: College of Western Idaho (CWI)	AGENCY PROJECT PRIORITY: 2
--	----------------------------

PROJECT DESCRIPTION/LOCATION: Nampa Campus Master Plan (Phase II)

CONTACT PERSON: Craig Brown, Vice President	TELEPHONE: 208-562-3412
---	-------------------------

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.
This project is the second of two phases which will provide the development plan for the 100-acre Nampa campus. Phase I has been completed; Phase II will be completed after development begins.

(B) What is the existing program and how will it be improved?
Phase II will complement Phase I by completing the work begun with Phase I, and after the first round of building has started. At that time CWI will know what additional master planning activity is needed.

(C) What will be the impact on your operating budget?
If funded through the PBFAC process, there should be minimal, if any, impact upon the CWI operating budget.

(D) What are the consequences if this project is not funded?
Not being able to complete the overall campus master planning process might result in uncoordinated land use/building placement on the Nampa Campus.

UNIVERSITY OF IDAHO**

SUBJECT

University National Collegiate Athletic Association (NCAA) Academic Progress Rate (APR) Scores

BACKGROUND/DISCUSSION

The APR is determined by using the eligibility and retention for each student-athlete on scholarship during a particular academic year. Student-athletes are awarded points for each semester they are enrolled and for each semester they are eligible for intercollegiate competition. The APR is calculated by taking the number of possible points and dividing that number by the total number of points earned from retention and eligibility over the same period of time.

The NCAA instituted the APR requirements beginning in the 2003-04 academic year. Beginning in the fall of 2007, the APR is based on four years of data and every year thereafter, the most current year's data will be added and the oldest year will be removed to create a four-year rolling rate. The benchmark minimum score is 925.

IMPACT

Contemporaneous financial aid penalties can be applied if an athletic team's APR score is below 925. Teams that fall under the contemporaneous penalties risk the loss of future scholarships.

This is the sixth year institutions will be subject to historically based penalties. In the first stage of that structure, teams with APRs below 900 will receive a public warning. If those same teams continue to fall below the 900 cut line, they will be subject to a variety of playing and practice season restrictions, based on a formula that includes a measurement of the team's improvement over the last several years.

After public warnings, penalties become progressively more severe, eventually banning teams from postseason play.

STAFF COMMENTS AND RECOMMENDATIONS

Each institution provided a statement regarding APR and how the NCAA requirement affects that institution. Following the statement from each institution are the NCAA APR sheets for all sports at that institution.

Staff commends the Board for requesting that institutions use the APR in head coach's contracts to a greater extent than it has in the past. Continuing to increase the incentive for academic achievement will help place a higher priority on the life-learning needs of the student-athletes.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

Boise State University
Spring 2011 APR Report Summary

Boise State University Athletic Department continues to improve its Academic Progress Rate in the 2011 NCAA APR Report. This statistical analysis covers a four-year period for the academic years of 2006-07 to 2009-10. The overall Boise State Athletic Department 4-year APR is 972. Along with Boise State leading the Western Athletic Conference's APR efforts in football and men's basketball, the Broncos ranked second among league schools in seven other sports - women's golf, gymnastics, women's tennis, men's outdoor track and field, men's indoor track and field, men's cross country and women's outdoor track and field. The NCAA honored the Bronco football team (981 APR) with an APR Public Recognition Award. The award is presented to a school which posts multi-year APR rates in the top 10 percent for its specific sport.

NCAA Division I 2010 - 2011 Academic Progress Rate

Public Report

Institution: Boise State University

Date of Report: 06/16/2012

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2007-08, 2008-2009, 2009-10 and 2010-11 academic years.

*[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an * symbol. The information in this report does not reflect any changes to data made after this date.]*

The following chart represents by-sport APR averages for noted subgroups.

Sport (N)	Multiyear APR	2010-2011 APR	Percentile Rank within Sport	Percentile Rank within All Sports	All Division I	Public Institutions	Private Institutions	Football Bowl Subdivision	Football Championship Subdivision	Division I (Non-Football)
By Sport - Men's										
Baseball (297)	NA	NA	NA	NA	965	959	976	970	961	961
Basketball (344)	956	898	50th-60th	20th-30th	950	943	965	954	946	951
Cross Country (314)	991	1000	70th-80th	70th-80th	973	970	980	979	970	973
Football (243)	989	984	90th-100th	70th-80th	948	943	963	952	944	NA
Fencing (18)	NA	NA	NA	NA	970	958	975	981	971	948

* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

¹ Denotes APR that does not subject the team to ineligibility for postseason competition based on institutional, athletics and student resources and the team's Graduation Success Rate.

² Denotes APR that does not subject the team to ineligibility for postseason competition due to the team's demonstrated academic improvement.

³ Denotes APR that does not subject the team to ineligibility for postseason competition due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to ineligibility for postseason competition. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁴ Denotes APR that does not subject the team to penalties due to the team's demonstrated academic improvement.

⁵ Denotes APR that does not subject the team to penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁶ Denotes APR based on a one year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁷ Denotes APR based on a two year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁸ Denotes that team is not subject to ineligibility for postseason competition and/or penalties based on institutional resources.

⁹ Denotes that team's APR data is under review.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

Idaho State University
Spring 2011 APR Report Summary

The 2009-10 one year score for the whole department was tied for the highest ever at 939. This tied the 2006-07 one-year score. The 939 score was up 19 points from the 2008-09 score of 920.

The 2009-10 four-year average for the whole department was the highest ever at 934. The department as a whole went up seven points in the four-year average score.

- Men's Basketball continues to climb in the four-year average score. They have reached a score of 923. The one-year score went down to a 870, however a score of 827 from the 2005-06 school year dropped off causing their four-year score to increase.
- Football improved slightly in both their one-year score and their four-year score. However the improvements were not enough to avoid Historic Level 3 penalties. Those penalties include:

Scholarship reduction, practice reduction and postseason competition ban. The four-year score went from an 881 to an 888.

- Men's Tennis scored a perfect 1000 and saw another huge jump for the third year in a row. Their single-year score for the 2006-07 year was 792. The single-year score for the 2007-08 year was 889. The single-year score for the 2008-09 year 952. Finally, the single-year score for 2009-10 was a perfect 1000. This helped raise their four year score up to a 951.
- Women's Cross Country scored a perfect 1000 for the fourth year in a row and earned a perfect 1000 for their four-year average. They are the second team to do that at Idaho State University. The first team was the Women's Cross Country team in the 2008-09 year.
- Women's Soccer jumped 13 points on their one-year score earning a 976 for 2009-10 and a four-year score of 975. This is the second year in a row that the team has increased in their one-year score.
- Women's Basketball saw a huge jump in their one-year score. They went from an 857 in 2008-09 to a 955 in 2009-10. Their four-year score is currently a 931.
- Men's Outdoor Track dropped slightly in the one-year score but saw an increase in their four-year score from a 922 in 2008-09 to a 930 in 2009-10. They should see a huge jump next year as they will lose an 868 score from the 2006-07 year.
- Women's Golf had their second perfect 1000 single-year score in the last 3 years. This propelled their four-year average up to a 958.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

- Women's Softball saw a huge single-year jump of 134 points. They scored an all-time high for Softball with a single year score of 959.
- Women's Tennis saw a big one-year improvement of 28 points. Their one-year score is a 929.
- Women's Outdoor track saw an 18 point increase in their one-year score.
- Women's Volleyball saw their second perfect 1000 for a single-year score in the last 3 years. This propelled their four-year average to a 977.
- Of the teams on the ISU campus, only Men's Basketball (923), Football (888), and Softball (893) have scores below the 925 mark. With Men's Basketball climbing every year they should be over the 925 mark by next year. Football has continued to make slight increases and will continue to climb. The Softball team made a large jump in the single-year score and will continue to climb, shooting to have the four-year average over 925 after the 2012-13 school year.

Academic Highlights for the 2011-12 Academic Year

- Fall 2011
 - Overall Department GPA for Fall 2011: 3.17
 - 17 students with a 4.0 (*department record*)(*Previous Record was 16 in AF10*)
 - 41 students with a 3.75+ (*department record is 51 in AF10*)
 - 116 students with a 3.5+ (*department record*)(*Previous record was 80 in AS11*)
 - 190 students with a 3.0 or higher (*department record*)(*Previous record was 151 in AF10 and AS11*)
 - 41 Fall Big Sky Academic All Conference – *The record for Idaho State for Fall is 42 (Fall 2010)*
 - 7 Fall Big Sky Academic All Conference from Cross Country – (*ISU Record is 8 AF10*)
 - 17 Fall Big Sky Academic All Conference from Football - *Idaho State Record*
 - 10 Fall Big Sky Academic All Conference from Soccer – (*ISU Record is 12 AF10*)
 - 41 Winter Big Sky Academic All Conference – *Ties a record for Idaho State for Winter (Winter 2010)*
 - 2 Winter Big Sky Academic All Conference from Men's Basketball (*ISU Record is 3 last achieved in 2008*)
 - 7 Winter Big Sky Academic All Conference from Women's Basketball – *Idaho State Record*
 - 9 Winter Big Sky Academic All Conference from Men's Indoor Track (*ISU Record is 17 in 2000*)
 - 23 Winter Big Sky Academic All Conference from Women's Indoor Track – *Idaho State Record*
 - Women's Tennis achieved the highest GPA in their history and the third highest in Athletic Department History in Fall 2011: 3.56
 - Football achieved the highest GPA in their History in Fall 2011: 3.06
 - Women's Soccer achieved the highest GPA in their history in Fall 2011: 3.37
 - Softball achieved the highest GPA in their history in Fall 2011: 3.24
 - Women's Volleyball achieved the second highest GPA in their history and the second highest in the Athletic Department History in Fall 2011: 3.62
 - 3 Former ISU football players graduated in Fall 2011 (Barnett, Sicardo and Henry)
 - 2 other Former ISU Athletes (Doma and Hall) graduated in Fall 2011
 - 7 current student athletes graduated in Fall 2011 (A total of 12 SA's graduated AF11)
- Spring 2012
 - Overall Department GPA for Spring 2012: 3.20
 - 13 students with a 4.0(*department record is 17 in AF11*)
 - 46 students with a 3.75+(*department record is 51 in AF10*)
 - 91 students with a 3.5+ (*department record is 116 in Fall 2011*)
 - 182 students with a 3.0+ (*department record is 190 in Fall 2011*)
 - 53 Football students with a 3.0 or higher for the semester
 - Football achieved the highest GPA in their history for the 3rd semester in a row in Spring 2012: 3.16
 - Women's Tennis named to the Intercollegiate Tennis Association All Academic Team
 - 3 players also named to the individual team

- Men's Tennis achieved the highest GPA in their history in Spring 2012: 3.49. This was also the 5th highest single semester GPA in the history of ISU athletic department.
 - Named to the Intercollegiate Tennis Association All Academic Team
 - 3 players also named to the individual team
- Volleyball achieved the 3rd highest GPA in their history in Spring 2012: 3.51. This was also the 4th highest single semester GPA in the history of the ISU athletic department. Volleyball now holds 7 of the top 10 all time single semester GPA's for the Idaho State Athletic Department.
- 35 student-athletes graduated in Spring 2012 (total of 47 for the entire year)
- 47 Spring Big Sky Academic All Conference (beats the old record by 11)
- Overall
 - Big Sky Scholar Athlete Award Winners : Karissa Legaux (Volleyball) and Trevor White (Men's Track and Field)
 - 47 total student-athletes graduated in the 2011-12 school year (more in August)
 - 129 Big Sky All Academic beats the previous record of 110 for the 2010-11 school year. Tied for 1st place in the Big Sky for the 2011-12 school year.
 - ISU APR Overall:
 - Graduation Rates:

Overall Student Body:	4 year rate: 30%	6 year rate: 31%
Student Athletes:	4 year rate: 45%	6 year rate: 37%

NCAA Division I 2010 - 2011 Academic Progress Rate Public Report

Institution: Idaho State University

Date of Report: 06/19/2012

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2007-08, 2008-2009, 2009-10 and 2010-11 academic years.

*[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, data cells containing three or fewer student-athletes have been suppressed and are indicated by an * symbol. The information in this report does not reflect any changes to data made after this date.]*

The following chart represents by-sport APR averages for noted subgroups.

Sport (N)	Multiyear APR	2010-2011 APR	Percentile Rank within Sport	Percentile Rank within All Sports	All Division I	Public Institutions	Private Institutions	Football Bowl Subdivision	Football Championship Subdivision	Division I (Non-Football)
By Sport - Men's										
Baseball (297)	NA	NA	NA	NA	965	959	976	970	961	961
Basketball (344)	914	865	10th-20th	1st-10th	950	943	965	954	946	951
Cross Country (314)	976	969	40th-50th	40th-50th	973	970	980	979	970	973
Football (243)	881 ⁸	903	1st-10th	1st-10th	948	943	963	952	944	NA

* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

¹ Denotes APR that does not subject the team to ineligibility for postseason competition based on institutional, athletics and student resources and the team's Graduation Success Rate.

² Denotes APR that does not subject the team to ineligibility for postseason competition due to the team's demonstrated academic improvement.

³ Denotes APR that does not subject the team to ineligibility for postseason competition due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to ineligibility for postseason competition. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁴ Denotes APR that does not subject the team to penalties due to the team's demonstrated academic improvement.

⁵ Denotes APR that does not subject the team to penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁶ Denotes APR based on a one year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁷ Denotes APR based on a two year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁸ Denotes that team is not subject to ineligibility for postseason competition and/or penalties based on institutional resources.

⁹ Denotes that team's APR data is under review.

* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.

N/A = No APR or not applicable.

N = Number of teams represented.

¹ Denotes APR that does not subject the team to ineligibility for postseason competition based on institutional, athletics and student resources and the team's Graduation Success Rate.

² Denotes APR that does not subject the team to ineligibility for postseason competition due to the team's demonstrated academic improvement.

³ Denotes APR that does not subject the team to ineligibility for postseason competition due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to ineligibility for postseason competition. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁴ Denotes APR that does not subject the team to penalties due to the team's demonstrated academic improvement.

⁵ Denotes APR that does not subject the team to penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 900 for that team to be subject to penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.

⁶ Denotes APR based on a one year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁷ Denotes APR based on a two year cohort, not subject to ineligibility for postseason competition and/or any penalties.

⁸ Denotes that team is not subject to ineligibility for postseason competition and/or penalties based on institutional resources.

⁹ Denotes that team's APR data is under review.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

University of Idaho
Spring 2011 APR Report Summary

The University of Idaho sponsors 16 NCAA sports and of those, 15 currently maintain a 4-year average of at least 940. That number is up one from last year. Football is the only sport below 940. Football has a 923 four-year average, an increase of 15 points over the prior four-year average.

Football had a single year APR of 972 in 2009-10. As a result of having an average below 925 and having an individual student earn neither of the possible two points during a semester, the football program was subject to a contemporaneous penalty of 24 initial counters and 84 overall counters. That penalty must be served within two years of the 09-10 data. The institution made the decision to serve the penalty in the 2010-11 academic year instead of the more traditional route of delaying the penalty until the 2011-12 academic year. As a result of taking the penalty during 2010-11, the football program has a full complement of scholarships available for 2011-12. The football program should raise the team APR average above the 925 cutline after the 2010-11 data is reported.

Fresno is the only WAC institution without at least one team ranked last in Conference APR standings. The University of Idaho has two (men's golf and men's outdoor track). Boise has two (men's tennis and women's volleyball). Louisiana Tech has one (men's indoor track). Nevada has three (baseball, women's cross country, and women's swimming). New Mexico State has four (football, men's basketball, women's indoor track and women's outdoor track). San Jose has three (women's basketball and women's soccer). Hawaii has one (women's golf). Utah State has two (men's cross country, women's tennis).

Idaho's average APR score, by sport, is 961.88. That is an increase of over four points compared to the prior four-year average.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

SUBJECT

Budget Policies V.B. – first reading

REFERENCE

April 2010

Board adopted Occupancy Costs policy

APPLICABLE STATUTES, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.B.

BACKGROUND / DISCUSSION

In 2010, the Board codified a 2008 Joint Finance Appropriations Committee (JFAC)-developed policy to define terms and document the formula used to calculate occupancy costs. Since that time, staff has worked with JFAC staff to identify several sections of the policy which are in need of clarification, and to recommend revisions.

IMPACT

- 1) No notification is required for capital projects that are named in the Permanent Building Fund appropriation bill; however, for projects in the lump sum alterations and repair category of the Permanent Building Fund appropriation bill, notification according to the policy procedures is required.
- 2) Only the space of an existing facility that was expanded, remodeled, or converted should become eligible for occupancy costs, rather than the entire facility.
- 3) If an institution leases facility space to another entity, only the non-leased or owner-occupied space or replacement cost of the facility would be eligible for occupancy costs.
- 4) Once an institution has taken occupancy of the facility, or the remodeled or expanded area, the institution would provide verification to the Legislative Services Office and the Division of Financial Management of the gross square footage, construction costs, current replacement value, and current or proposed leased space.
- 5) Notification period would be extended from 10 business days to 30 calendar days from time of project approval.

ATTACHMENTS

Attachment 1 – Proposed Policy V.B.

Page 3

STAFF COMMENTS AND RECOMMENDATIONS

At JFAC's interim meeting in June a unanimous consent request was made to agree to items 1 – 4 listed in Impact, above. JFAC also expressed its opinion that it will not reconsider projects that did not meet the policy notification deadline. As such, staff added the fifth item to provide adequate time to process and submit notice under the policy. JFAC staff confirmed that even though JFAC did not take action to modify its policy, these proposed changes, if accepted by the Board, would document JFAC's intent in Board policy. Staff recommends approval.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

BOARD ACTION

I move to approve the first reading of the proposed amendments to Board Policy V.B. as submitted.

Moved by _____ Seconded by _____ Carried Yes ____ No ____

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

SECTION: V. FINANCIAL AFFAIRS

Subsection: B. Budget Policies

February-October 2012

1. Budget Requests

For purposes of Items 1. and 10., the community colleges (CSI, CWI and NIC) are included.

a. Submission of Budget Requests

The Board is responsible for submission of budget request for the institutions, school and agencies under its governance to the executive and legislative branches of government. Only those budget requests which have been formally approved by the Board will be submitted by the office to the executive and legislative branches.

b. Direction by the Office of the State Board of Education

The preparation of all annual budget requests is to be directed by the Office of the State Board of Education which designates forms to be used in the process. The procedures for the preparation and submission of budget requests apply to operational and capital improvements budgets.

c. Preparation and Submission of Annual Budget Requests

Annual budget requests to be submitted to the Board by the institutions, school and agencies under Board governance are due in the Office of the State Board of Education on the date established by the Executive Director.

d. Presentation to the Board

Annual budget requests are formally presented to the designated committee by the chief executive officer of each institution, school or agency or his or her designee. The designated committee will review the requests and provide recommendations to the Board for their action.

2. Budget Requests and Expenditure Authority

a. Budget requests must include projected miscellaneous receipts based on the enrollment of the fiscal year just completed (e.g., the FY 2003 budget request, prepared in the summer of 2001, projected miscellaneous receipts revenue based on academic year 2001 enrollments which ended with the Spring 2001 semester).

b. Approval by the Executive Director, or his or her designee, as authorized, for all increases and decreases of spending authority caused by changes in miscellaneous receipts is required.

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

ATTACHMENT 1

SECTION: V. FINANCIAL AFFAIRS

Subsection: B. Budget Policies

February-October 2012

- c. Miscellaneous receipts collected by an institution will not be allocated to another institution. The lump sum appropriation will not be affected by changes in receipts.

3. Operating Budgets (Appropriated)

a. Availability of Appropriated Funds

- i. Funds appropriated by the legislature from the State General Account for the operation of the institutions, school and agencies (exclusive of funds for construction appropriated to the Permanent Building Fund) become available at the beginning of the fiscal year following the session of the legislature during which the funds are appropriated, except when appropriation legislation contains an emergency clause.
- ii. These funds are generally allotted periodically or are disbursed on submission of expenditure vouchers to the Office of the State Controller.

b. Approval of Operating Budgets

- i. The appropriated funds operating budgets for the institutions, school and agencies under Board supervision are based on a fiscal year, beginning July 1 and ending on June 30 of the following year.
- ii. During the spring of each year, the chief executive officer of each institution, school or agency prepares an operating budget for the next fiscal year based upon guidelines adopted by the Board. Each budget is then submitted to the Board in a summary format prescribed by the Executive Director for review and formal approval before the beginning of the fiscal year.

c. Budget Transfers and Revisions

i. Chief Executive Officer Approval

- ii. The chief executive officer of each institution, agency, school, office, or department is responsible for approving all budget transfers.

iii. Allotment and Allotment Transfers

- iv. Requests for allotments or changes in allotments are submitted by the institution, school or agency to the Division of Financial Management and copies provided concurrently to the Office of the State Board of Education. (Refer to allotment form in the Fiscal Reference Manual of the Division of Financial Management.) The Office of the State Board of Education will coordinate the request for allotments and changes to allotments for the college and universities.

4. Operating Budgets (Non-appropriated -- Auxiliary Enterprises)

a. Auxiliary Enterprises Defined

An auxiliary enterprise directly or indirectly provides a service to students, faculty, or staff and charges a fee related to but not necessarily equal to the cost of services. The distinguishing characteristic of most auxiliary enterprises is that they are managed essentially as self-supporting activities, whose services are provided primarily to individuals in the institutional community rather than to departments of the institution, although a portion of student fees or other support is sometimes allocated to them. Auxiliary enterprises should contribute and relate directly to the mission, goals, and objectives of the college or university. Intercollegiate athletics and student health services should be included in the category of auxiliary enterprises if the activities are essentially self-supporting.

All operating costs, including personnel, utilities, maintenance, etc., for auxiliary enterprises are to be paid out of income from fees, charges, and sales of goods or services. No state appropriated funds may be allocated to cover any portion of the operating costs. However, rental charges for uses of the facilities or services provided by auxiliary enterprises may be assessed to departments or programs supported by state-appropriated funds.

b. Operating Budgets

Reports of revenues and expenditures must be submitted to the State Board of Education at the request of the Board.

5. Operating Budgets (Non-appropriated -- Local Service Operations)

a. Local Service Operations Defined

Local service operations provide a specific type of service to various institutional entities and are supported by charges for such services to the user. Such a service might be purchased from commercial sources, but for reasons of convenience, cost, or control, is provided more effectively through a unit of the institution. Examples are mailing services, duplicating services, office machine maintenance, motor pools, and central stores.

b. The policies and practices used for appropriated funds are used in the employment of personnel, use of facilities, and accounting for all expenditures and receipts.

c. Reports of revenues and expenditures must be submitted to the State Board of Education at the request of the Board.

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

ATTACHMENT 1

SECTION: V. FINANCIAL AFFAIRS

Subsection: B. Budget Policies

February-October 2012

6. Operating Budgets (Non-appropriated -- Other)

- a. The policies and practices used for appropriated funds are used in the employment of personnel, use of facilities, and accounting for all expenditures and receipts.
- b. Reports of revenues and expenditures must be submitted to the State Board of Education at the request of the Board.

7. Agency Funds

- a. Agency funds are assets received and held by an institution, school or agency, as custodian or fiscal agent for other individuals or organizations, but over which the institution, school or agency exercises no fiscal control.
- b. Agency funds may be expended for any legal purpose prescribed by the individual or organization depositing the funds with the institution, school or agency following established institutional disbursement procedures.

8. Major Capital Improvement Project -- Budget Requests

For purposes of Item 8., the community colleges (CSI, CWI and NIC) are included, except as noted in V.B.8.b. (2).

a. Definition

A major capital improvement is defined as the acquisition of an existing building, construction of a new building or an addition to an existing building, or a major renovation of an existing building. A major renovation provides for a substantial change to a building. The change may include a remodeled wing or floor of a building, or the remodeling of the majority of the building's net assignable square feet. An extensive upgrade of one (1) or more of the major building systems is generally considered to be a major renovation.

b. Preparation and Submission of Major Capital Improvement Requests

i. Permanent Building Fund Requests

Requests for approval of major capital improvement projects to be funded from the Permanent Building Fund are to be submitted to the Office of the State Board of Education on a date and in a format established by the Executive Director. Only technical revisions may be made to the request for a given fiscal year after the Board has made its recommendation for that fiscal year. Technical revisions must be made prior to November 1.

ii. Other Requests

Requests for approval of major capital improvement projects from other fund sources are to be submitted in a format established by the Executive Director. Substantive and fiscal revisions to a requested project are resubmitted to the Board for approval. This subsection shall not apply to the community colleges.

c. Submission of Approved Major Capital Budget Requests

The Board is responsible for the submission of major capital budget requests for the institutions, school and agencies under this subsection to the Division of Public Works. Only those budget requests which have been formally approved by the Board will be submitted by the office to the executive and legislative branches.

9. Approval by the Board

Requests for approval of major capital improvement projects must be submitted for Board action. Major capital improvement projects, which are approved by the Board and for which funds from the Permanent Building Fund are requested, are placed in priority order prior to the submission of major capital budget requests to the Division of Public Works.

10. Occupancy Costs.

a. Definitions.

- i. "Auxiliary Enterprise" is an entity that exists to furnish goods or services to students, faculty, or staff, and that charges a fee directly related to the cost of the goods or services.
- ii. "Eligible Space" means all owner-occupied space other than auxiliary enterprise space. Space owned by an institution but leased to another entity is not eligible space. Occupancy costs for "common use" space (i.e. space which shares eligible and auxiliary enterprise space) will be prorated based on its use. When funds are used to expand, remodel, or convert existing space, the eligible space shall be limited to square footage of the expanded, remodeled or converted space, only.
- iii. "Gross Square Feet" (GSF) means the sum of all areas on all floors of a building included within the outside faces of its exterior walls.
- iv. "Occupancy costs" means those costs associated with occupying eligible space including custodial, utility, maintenance and other costs as outlined in the occupancy costs formula.

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

SECTION: V. FINANCIAL AFFAIRS

Subsection: B. Budget Policies

February-October 2012

b. Notification of New Eligible Space.

- i. No institution shall acquire, build, take possession of, expand, remodel, or convert any eligible space for which occupancy costs will be requested unless prior written notification has been ~~received by~~ provided to the ~~Governor Division of Financial Management (DFM) and the Joint Finance Appropriations Committee Legislative Services Office, Budget and Policy Analysis Division (LSO-BPA).~~ the Governor Division of Financial Management (DFM) and the Joint Finance Appropriations Committee Legislative Services Office, Budget and Policy Analysis Division (LSO-BPA). Written notification shall be ~~submitted by the Office of the State Board of Education or a community college~~ provided to DFM and LSO-BPA by the approving entity or institution within ~~ten~~ thirty (30) business calendar days of final project approval by:
- 1) the State Board of Education or its executive director,
 - 2) the vice-president for finance and administration (or functional equivalent) in the case of a locally approved project, or
 - ~~i-3)~~ a community college board of trustees.

Written notification shall include:

- 1) description of the eligible space, its intended use, and how it relates to the mission of the institution;
 - 2) estimated cost of the building or facility, and source(s) of funds;
 - 3) estimated occupancy costs; and
 - 4) estimated date of completion.
- ii. A facility or project specifically identified by name and approved by the Legislature and the Governor in the capital projects category of the Permanent Building Fund ~~budget appropriation bill~~ satisfies the notice requirement for purposes of requesting occupancy costs. All other facilities and projects for which occupancy costs may be requested shall follow the notification requirements of this policy.

c. Sources of Funds. Institutions may request occupancy costs regardless of the source(s) of funds used to acquire or construct eligible space.

d. Required Information. Requests for occupancy costs shall include the following information: (i) projected date of occupancy of the eligible space; (ii) gross square feet of eligible space; and (iii) number of months of the fiscal year the eligible space will be occupied (i.e. identify occupancy of eligible space for a full or partial fiscal year).

~~d-e.~~ Once an institution has taken occupancy of a facility, or the remodeled or expanded area of a facility, the institution shall provide verification to DFM and LSO-BPA of the gross square footage, construction costs, current replacement value, and, if applicable, current or proposed lease space.

Subsection: B. Budget Policies

February-October 2012

e-f. Occupancy Costs Formula.

- i. Custodial: For the first 13,000 GSF and in 13,000 GSF increments thereafter, one-half (.50) custodial FTE. In addition, 10¢ per GSF may be requested for custodial supplies.
- ii. Utility Costs: \$1.75 per GSF.
- iii. Building Maintenance: 1.5% of the construction costs, excluding pre-construction costs (e.g. architectural/engineering fees, site work, etc.) and moveable equipment.
- iv. Other Costs:
 - 1) 77¢ per GSF for information technology maintenance, security, general safety, and research and scientific safety;
 - 2) .0005 current replacement value (~~CRV~~) for insurance; and
 - 3) .0003 current replacement value (~~CRV~~) for landscape maintenance.
- v. The formula rates may be periodically reviewed against inflation.
- vi. Reversions.
 - 1) If eligible space which received occupancy costs is later:
 - a) razed and replaced with non-eligible space; or
 - b) converted to non-eligible space,then the institution shall revert back to the state the occupancy cost funding at the base level originally funded.
 - 2) If eligible space is razed and replaced with new eligible space, then the institution may retain the base occupancy costs, net the funded GSF against any additional GSF, and request funding for the difference.

f.g. Unfunded Occupancy Costs. If occupancy costs for eligible space have been requested but not funded due to budgetary reasons, institutions may request occupancy costs again in the following year. If, however, occupancy costs are denied for non-budgetary reasons, no further requests for occupancy costs related to the space in question will be considered.

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

SUBJECT

Athletics Board Policy III.T. and V.X. – second reading

REFERENCE

April 2012
June 2012

Board approved athletics limits for fiscal year 2013
Board approved first reading

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section III.T.

BACKGROUND/DISCUSSION

This amendment to Board policy moves paragraphs 1-4 of Section III.T. to a new Section V.X. related to policies on athletic revenues, expenses and financial reporting. Only Section III.T.5, Student Athletes-Conduct, would remain in Section III.

The proposed amendments to V.X. clarify “sources of funds” and “gender equity” as defined terms, requires an annual gender equity report, and requires Board approval of all annual limits on athletics expenditures. The General Fund appropriation is used for the purpose of calculating the limit on State General Funds. For the purpose of computing the limit on Institutional Funds, the policy uses the rate of change of total Appropriated Funds as the calculator.

IMPACT

These changes will provide the Board, institutions, and staff a more precise understanding of the source of athletics revenues, greater oversight by the Board, and a method to show how the institutions are addressing compliance with Title IX.

Attachment 1 – Section V.X.– Second Reading	Page 3
Attachment 2 – Section III.T. – Second Reading	Page 9

STAFF COMMENTS AND RECOMMENDATIONS

There were no changes between first and second reading. Staff recommends approval.

BOARD ACTION

I move to approve the second reading of proposed amendments to Board Policy moving Section III.T., paragraphs 1-4, Intercollegiate Athletics to Section V.X., Intercollegiate Athletics, and renumber Section III.T.5., Student Athletes – Conduct, as Section III.T.1. with all revisions as presented.

SECTION: V. FINANCIAL AFFAIRS
SUBSECTION: X. Intercollegiate Athletics

August 2012

1. Philosophy

The Board reaffirms the role of intercollegiate athletics as a legitimate and significant component of institutional activity. The responsibility for and control of institutional activities in this area rest with the Board.

In the area of intercollegiate athletics, the Board seeks to establish programs which:

- a. provide opportunities for student athletes to attend college and participate in athletic programs while pursuing and completing academic degrees;
- b. reflect accurately the priorities and academic character of its institutions;
- c. fuel school spirit and community involvement;
- d. serve the needs of the institutions as they seek, through their athletic programs, to establish fruitful and sustaining relationships with their constituencies throughout the state and nation; and
- e. actively and strategically progress toward compliance with Title IX of the Higher Education Amendments Act of 1972.

Given these goals, the Board has a continuing concern and interest in the academic success of student athletes, the scope and level of competition, and the cost of athletic programs administered by its institutions. Consequently, the Board will, from time to time in the context of this policy statement, promulgate, as necessary, policies governing the conduct of athletic programs at its institutions.

2. Policies

The day-to-day conduct of athletic programs is vested in the institutions and in their chief executive officers. Decision making at the institutional level must be consistent with the policies established by the Board and by those national organizations and conferences with which the institutions are associated. In the event that conflicts arise among the policies of these governance groups, it is the responsibility of the institution's chief executive officer to notify the Board in a timely manner. Likewise, any knowledge of NCAA or conference rule infractions involving an institution should be communicated by the athletic department to the chief executive officer of the institution.

The Board recognizes that the financing of intercollegiate athletics, while controlled at the institutional level, is ultimately the responsibility of the Board itself. In assuming that responsibility, the sources of funds for intercollegiate athletics shall be defined in the following categories:

- a. State General Funds – means state General Funds (as defined in section 67-1205, Idaho Code) appropriated to the institutions.

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

SECTION: V. FINANCIAL AFFAIRS
SUBSECTION: X. Intercollegiate Athletics

August 2012

- b. Student Athletic Fee Revenue – means revenue generated from the full-time and part-time student activity fee that is dedicated to the intercollegiate athletics program pursuant to policy V.R.3.b.ii.
 - c. Program Funds – means revenue generated directly related to the athletic programs, including but not limited to ticket sales/event revenue, tournament/bowl/conference receipts, media/broadcast receipts, concessions/parking/advertisement, game guarantees and foundation/booster donations.
 - d. Institutional Funds – means any funds generated by the institution outside the funds listed in a., b. and c. above. Institutional Funds do not include tuition and fee revenue collected under policy V.R.3. Examples of Institutional Funds include, but are not limited to, auxiliaries, investment income, interest income, vending, indirect cost recovery funds on federal grants and contracts, and administrative overhead charged to revenue-generating accounts across campus.
3. Funds allocated and used by athletics from the above sources are limited as follows:
- a. State General Funds –
 - i. The limit for State General Funds shall be allocated in two categories: General Funds used for athletics and General Funds used to comply with Title IX.
 - ii. The Board set the following FY 2013 General Fund limits:
 - 1) General Funds for Athletics:

a) Universities	\$2,424,400
b) Lewis-Clark State College	\$ 901,300
 - 2) General Funds for Gender Equity:

a) Boise State University	\$1,069,372
b) Idaho State University	\$ 707,700
c) University of Idaho	\$ 926,660
d) Lewis-Clark State College	\$ 0
 - iii. The methodology for computing the limits for both categories of State General Funds shall be to calculate the rate of change for the next fiscal year ongoing State General Funds compared to the ongoing State General Funds in the current fiscal year, and then apply the rate of change to both limits approved by the Board in the previous year. Such limits shall be approved annually by the Board.
 - b. Institutional funds –

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

ATTACHMENT 1

SECTION: V. FINANCIAL AFFAIRS
SUBSECTION: X. Intercollegiate Athletics

August 2012

i. The Board set the following FY 2013 limits:

1. Boise State University	\$ 386,100
2. Idaho State University	\$ 540,400
3. University of Idaho	\$ 772,100
4. Lewis-Clark State College	\$ 154,300

ii. The methodology for computing the limits for Institutional Funds shall be to calculate the rate of change for the next fiscal year ongoing Appropriated Funds compared to the ongoing Appropriated Funds in the current fiscal year, and then apply the rate of change to the limit approved by the Board in the previous year. Such limits shall be approved annually by the Board. For purposes of this paragraph, "Appropriated Funds" means all funds appropriated by the Legislature to the institutions, including but not limited to, State General Funds, endowment funds, and appropriated tuition and fees.

c. Student Activity Fee Revenue – shall not exceed revenue generated from student activity fee dedicated for the athletic program. Institutions may increase the student fee for the athletic program at a rate not more than the rate of change of the total student activity fees.

d. Program funds – the institutions can use the program funds generated, without restriction.

The president of each institution is accountable for balancing the budget of the athletic department on an annual basis. In accounting for the athletic programs, a fund balance for the total athletic program must be maintained. In the event that revenue within a fiscal year exceeds expenses, the surplus would increase the fund balance and would be available for future fiscal years. In the event that expenses within a fiscal year exceeds revenue, the deficit would reduce the fund balance. If the fund balance becomes negative, the institutions shall submit a plan for Board approval that eliminates the deficit within two fiscal years. Reduction in program expenditures and/or increase revenue (program funds only) can be used in an institutional plan to eliminate a negative fund balance. If substantial changes in the budget occur during the year resulting in a deficit for that year, the president shall advise the Board of the situation at the earliest opportunity.

Donations to athletics at an institution must be made and reported according to policy V.E. The amount of booster money donated to and used by the athletic department shall be budgeted in the athletic department budget.

It is the intent of the Board that increases in program revenues should be maximized before increases to the athletic limits under subsection 3 will be considered.

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

SECTION: V. FINANCIAL AFFAIRS
SUBSECTION: X. Intercollegiate Athletics

August 2012

4. Gender Equity

- a. Gender equity means compliance with Title IX of the Higher Education Amendments Act of 1972 which prohibits discrimination on the basis of gender in any education program or activity receiving federal financial assistance, including athletics. Congress delegated authority to promulgate regulations (34 C.F.R. §106.41) for determining whether an athletics program complies with Title IX. The U.S. Department of Education, through its Office of Civil Rights (OCR) is responsible for enforcing Title IX.
- b. Title IX measures gender equity in athletics in three distinct areas: participation, scholarships, and equivalence in other athletics benefits and opportunities.
- c. The chief executive officer of each institution shall prepare a gender equity report for review and formal approval by the Board in a format and time to be determined by the Executive Director. The gender equity report will show the status of an institution's compliance with Title IX. The gender equity report will show the changes to the athletics programs necessary to comply with Title IX over time.

5. Financial Reporting.

The Board requires that the institutions adopt certain reporting requirements and common accounting practices in the area of intercollegiate athletic financing. The athletic reports shall contain revenues, and expenditures, in the detail prescribed by the Board office, including all revenue earned during a fiscal year. A secondary breakdown of expenditures by sport and the number of participants will also be required. The fund balances as of June 30 shall be included in the report. The general format of the report will be consistent with the format established by the Executive Director. The revenue and expenditures reported on these reports must reconcile to the NCAA Agreed Upon Procedures Reports that are prepared annually and reviewed by the external auditors. The institutions will submit the following reports to the Board:

- a. The institutions shall submit an operating budget for the upcoming fiscal year beginning July 1 in a format and time to be determined by the Executive Director.
 - (1) Actual revenues and expenditures for the fiscal year most recently completed.
 - (2) Estimated revenues and expenditures for the current fiscal year.
 - (3) Proposed operating budget for the next budget year beginning July 1.
- b. The following fiscal year's financial information will be reported by each institution in a format and time to be determined by the Executive Director:

SECTION: III. POSTSECONDARY AFFAIRS

SUBSECTION: T. Student Athletes

June 2012

Student Athletes - Conduct

- a. Each public college and university shall have a written policy governing the conduct of student athletes. At a minimum, those policies shall include:
 - i. A disclosure statement completed and signed by the student athlete prior to participation in any intercollegiate athletic endeavor, which shall include a description of (1) all prior criminal convictions, (2) all prior juvenile dispositions wherein the student was found to have committed an act that would constitute a misdemeanor or felony if committed by an adult, and (3) all pending criminal charges, including juvenile proceedings alleging any act which would constitute a misdemeanor or felony if committed by an adult.
 - ii. This statement will be kept in the office of the athletic director. Failure to accurately disclose all incidents may result in immediate suspension from the team.
- b. Institutions shall not knowingly recruit any person as a player for an intercollegiate athletic team who has been convicted of a felony or, in the case of a juvenile, who has been found to have committed an act which would constitute a felony if committed by an adult. Exemptions to this restriction shall be granted only by the President of the college or university upon recommendation of the athletic director and faculty athletics representative. Such decisions shall be reported in writing to the Executive Director of the State Board of Education at the time the exception is granted.
- c. A student athlete convicted of a felony after enrollment, including a plea of nolo contendere on a felony charge, shall be removed from the team and shall not be allowed to participate again in intercollegiate athletics at any Idaho public college or university. Further, an institution may cancel any athletic financial aid received by a student who is convicted of a felony while the student is receiving athletic financial aid subject to NCAA regulations and the institution's applicable student judicial procedure. Nothing herein shall be construed to limit an institution from exercising disciplinary actions or from implementing student athletic policies or rules that go beyond the minimum requirements stated herein.
- d. Subject to applicable law, all institutions shall implement a drug education and testing program and shall require all intercollegiate student athletes to give written consent to drug testing as a condition of the privilege of participating in intercollegiate athletics.
- e. Institutions shall require their athletic coaches to hold an annual team meeting with their respective teams at the beginning of each season. The coaches shall be required to verbally review the team rules with team members at the meeting. Attendance at this meeting shall be mandatory. Each team member shall receive a written copy of the team rules and sign a statement acknowledging receipt of the rules and attendance at the meeting where the rules were verbally reviewed.

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES

SECTION: III. POSTSECONDARY AFFAIRS

SUBSECTION: T. Student Athletes

June 2012

f. Reporting Requirements

- i. Student athletes shall immediately report any criminal charges to their head coach and to the athletic director. Coaches shall be obligated to inform the athletic director of any knowledge of charges against their athletes. The athletic director shall report the same to the chief student affairs officer and to the institutional president, who shall report the same in writing to the Executive Director of the State Board of Education as soon as possible, but not later than 10 working days after learning of the charges. The report to the Executive Director shall include a description of the alleged violation of law and the institution's proposed action, if any.
- ii. Coaches shall immediately report the conviction of any student athlete to the athletic director and the institutional president, who shall report the conviction in writing to the Executive Director of the State Board of Education as soon as possible, but not later than 10 working days after the conviction. This report shall include a description of the violation of law and the institution's proposed action, if any.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

BOISE STATE UNIVERSITY

SUBJECT

Educational Broadband Service Long-Term De Facto Transfer Lease Agreement with Clearwire Spectrum Holdings III, LLC

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.6.

BACKGROUND/DISCUSSION

In the early 1990's, the Federal Communications Commission (FCC) licensed broadcast bandwidth to universities to provide for Instructional Television Fixed Service stations, now known as Educational Broadband Service (EBS) stations. Boise State University was granted four channels. EBS licensees are authorized to lease excess capacity ("white space") on EBS stations to commercial entities as long as minimum educational use requirements are met.

On May 21, 2004, Boise State University entered into a lease agreement with Wireless Broadband Services of America, LLC (a predecessor in interest to Clearwire Spectrum Holdings III, LLC) for the commercial use of the excess capacity in the University's EBS channels. The current lease has a 5 year term with two 5 year automatic renewal periods. The second renewal term under the current lease is set to expire in 2016.

The FCC is currently allowing existing licensees to apply for unused bandwidth that is adjacent to the currently licensed spectrum. There are two additional channels (B3/B4) available to the University. On May 14, 2012, the University applied to the FCC for licenses for these two additional channels. The FCC has not yet acted on the application, but the University anticipates the licenses will be granted. Both the University and Clearwire would like to renegotiate the lease before expiration of the second renewal term, as the current payment terms need to be adjusted.

IMPACT

The University engaged the services of specialized outside counsel from Washington, D.C. to assist in negotiating the new lease agreement. Counsel for the University confirmed that Clearwire's lease terms are within the range of fair market value.

This agreement is not contingent upon the University obtaining approval from the FCC for the additional channels. However, the additional channels will change the monthly fee and service credits, as outlined in the chart below. The initial term of the lease will begin on the date of issuance by the FCC notice announcing the grant of the FCC Long Term Lease Application. The agreement will renew automatically for successive terms on the date that the licenses are

**BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012**

renewed by the FCC, for a maximum duration of thirty (30) years. Clearwire must notify the University twelve (12) months in advance if it chooses not to automatically renew the agreement.

Clearwire will pay an up-front fee of \$75,000 to assist the University in obtaining equipment (such as mobile devices that may be used by departments on campus) used to meet the FCC's educational use requirement.

In addition, Clearwire will pay a monthly service fee as follows:

	Monthly Fee w/out additional channels	Monthly Fee w/ additional channels
Year 1	\$6,200	\$9,300
Year 2	\$6,386	\$9,579
Year 3	\$6,578	\$9,866
Year 4	\$6,775	\$10,162
Year 5	\$6,978	\$10,467
Year 6	\$7,187	\$10,781
Year 7	\$7,403	\$11,105
Year 8	\$7,625	\$11,438
Year 9	\$7,854	\$11,781
Year 10	\$8,090	\$12,134
Year 11	\$8,332	\$12,498
Year 12	\$8,582	\$12,873
Year 13	\$8,840	\$13,260
Year 14	\$9,105	\$13,657
Year 15	\$9,378	\$14,067
Year 16	\$9,659	\$14,489
Year 17	\$9,949	\$14,924
Year 18	\$10,248	\$15,371
Year 19	\$10,555	\$15,833
Year 20	\$10,872	\$16,308
Year 21	\$11,198	\$16,797
Year 22	\$11,534	\$17,301
Year 23	\$11,880	\$17,820
Year 24	\$12,236	\$18,354
Year 25	\$12,603	\$18,905
Year 26	\$12,981	\$19,472
Year 27	\$13,371	\$20,056
Year 28	\$13,772	\$20,658
Year 29	\$14,185	\$21,278
Year 30	\$14,611	\$21,916
TOTAL	\$294,967	\$442,450

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

The above monthly service fee(s) will be prorated based on the increase or decrease of capacity or a change in size or location of the Geographic Service Area (GSA) from that which existed on the effective date. In addition, the University will receive wireless services at a value defined at fair market value.

STAFF COMMENTS AND RECOMMENDATIONS

Staff recommends approval.

BOARD ACTION

I move to approve Boise State University's request to enter into an Educational Broadband Service Long-Term De Facto Transfer Lease Agreement with Clearwire Spectrum Holdings III, LLC, and to authorize the vice-president for finance and administration to execute the lease agreement.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

THIS PAGE INTENTIONALLY LEFT BLANK

**EDUCATIONAL BROADBAND SERVICE
LONG-TERM *DE FACTO* TRANSFER LEASE AGREEMENT**

THIS Educational Broadband Service (“EBS”) Long-Term *De Facto* Transfer Lease Agreement (the “Agreement”) is entered into as _____, 2012 (the “Effective Date”), by and between Idaho State Board of Education on behalf of Boise State University, an Idaho public institution of higher education (the “Licensee”), and Clearwire Spectrum Holdings III LLC, a Nevada limited liability company (“Clearwire”) (each sometimes referred to as “Party” and collectively as “Parties”).

WHEREAS the Federal Communications Commission (“FCC”) has authorized EBS channels B1, B2 and D3, D4 to Licensee under call signs WHR688 and WHR689, respectively (the “Licenses”) and Licensee has submitted an application to the FCC to add channels B3 and B4 under call sign WHR688 (collectively, such currently licensed channels together with any associated guardband channels and such additional channels that may be granted by the FCC, the “Channels”) to transmit in the Boise, ID area (the “Market”); and

WHEREAS, Licensee and Wireless Broadband Services of America, LLC, an affiliate of Clearwire (“Clearwire Affiliate”), are parties to that certain Amended and Restated ITFS Excess Capacity Lease Agreement dated as of May 21, 2004 pursuant to which the Clearwire Affiliate leases from Licensee the Leased Excess Capacity on the Channels (the “Original Lease”);

WHEREAS, the Parties desire to replace the Original Lease in its entirety with this Agreement; and

WHEREAS the Parties have agreed to enter into this Agreement for Licensee to lease to Clearwire the capacity on the Channels which, pursuant to the rules, regulations and policies of the FCC (the “FCC Rules”), can be made available for commercial use, in accordance with the terms and conditions below, and subject to FCC approval;

THEN, in consideration of the promises and covenants set forth in this Agreement, and for good and valuable consideration, the sufficiency of which is acknowledged by the Parties’ signatures, the Parties agree as follows:

1. LEASE TERM AND RENEWAL

(a) **Initial Term and Extension.** Subject to Subsection 1(c) and/or the earlier termination of this Agreement in accordance with Section 11, the initial term will begin on the date of issuance by the FCC of a public notice announcing the grant of the FCC Long Term Lease Application (as hereinafter defined) filed by the Parties with respect to this Agreement pursuant to Section 9 of this Agreement (the “Commencement Date”), and will end on the date that the then-current Licenses expire (the “Initial Term”).

(b) **Renewal.** Subject to Subsection 1(c) and/or the earlier termination of this Agreement in accordance with Section 11, this Agreement will renew for successive terms on the date that the Licenses are renewed by the FCC (“Renewal Date”) and expire when the renewed Licenses expire (each, a “Renewal Term”); provided that the final Renewal Term will conclude thirty (30) years after the Commencement Date, for a maximum Agreement duration of thirty (30) years. The Renewal Terms will occur automatically unless Clearwire notifies the Licensee in writing at least twelve (12) months prior to the end of the Initial Term or any Renewal Term that it declines to renew the Agreement. The terms and conditions of this Agreement apply to each Renewal Term. The Initial Term and all Renewal Terms are collectively referred to herein as the “Term”.

(c) **Renewal of Licenses and Extension of Agreement.** If the Licenses expire during the Initial Term and/or any Renewal Term, then this Agreement will also expire at such time unless the Licenses are renewed and FCC authorization for this Agreement is extended. Licensee and Clearwire will cooperate to timely file a renewal application for the Licenses, in conjunction with a request for an extension of the then-applicable Initial Term or Renewal Term of this Agreement, to the date that is ten (10) years from the beginning of such Initial Term or Renewal Term, except that in the case of the final Renewal Term, to the date that is thirty (30) years after

the Commencement Date. This Agreement will continue to apply unless the FCC denies by Final Order any application for renewal of the Licenses or extension of the Term. "Final Order" means an order issued by the FCC that is in full force and effect and as to which (i) no timely filed petition for reconsideration, application for review or appeal is pending and (ii) the time for the filing of any such petition, application or appeal has passed.

2. COMPENSATION

(a) **Monthly Fee.** Beginning within ten (10) business days of the Commencement Date, and on the first day of each month thereafter throughout the Term, Clearwire will pay Licensee a monthly fee as specified in the attached Schedule 2(a) (or Schedule 2(b) if channels B3 and B4 are added to the Channels) (the "**Monthly Fee**") for use of Clearwire Capacity (as defined below). The Monthly Fee due for any partial calendar month, at the commencement of the Initial Term or expiration of the Term, will be prorated accordingly. Clearwire's obligation to pay the Monthly Fee is subject to Licensee delivering to Clearwire (i) a completed IRS Form W-9 (attached hereto as Exhibit A) and (ii) payment instructions in the form attached as Exhibit B or otherwise in a form acceptable to Clearwire.

(b) **Adjustment to Monthly Fee.** The Monthly Fee will be reduced or increased on a pro rata basis during the Term of this Agreement in the event that: (i) the amount of Clearwire Capacity (as defined in Subsection 5(a) below) increases or decreases from the amount of Clearwire Capacity available as of the Effective Date, or (ii) there is a change in the size or location of the Geographic Service Area ("**GSA**") for any Channel as compared to the GSA that exists as of the Effective Date. For the purpose of the foregoing, the pro-ration of the Monthly Fee with respect to increases or decreases in Clearwire's Capacity will be based on the number of megahertz ("**MHz**") of capacity made available to Clearwire as a result of such increase or decrease as compared to the number of MHz of capacity contemplated to be made available to Clearwire under this Agreement. The pro-ration of the Monthly Fee with respect to any change in the size or location of the GSA with respect to any amount of capacity will be based on the number of MHz per population made available to Clearwire as a result of such change as compared to the MHz per population contemplated to be made available under this Agreement (relying on the GSA map attached hereto as Exhibit C). In making either calculation, however, the J and K channels associated with the Channels following the Transition (as hereinafter defined) will not be considered to be unavailable to Clearwire as a result of any determination by Clearwire that such J and K channel capacity is not, at any given time, configurable or usable in a manner that is commercially useful to Clearwire.

(c) **Prepaid Fee.** Within ten (10) business days of the date upon which the FCC grant of the FCC Long Term Lease Application becomes a Final Order, Clearwire will pay to Licensee the amount of Seventy-Five Thousand Dollars (\$75,000) (the "**Prepaid Fee**"). Clearwire's obligation to pay the Prepaid Fee is subject to Licensee delivering to Clearwire (i) a completed IRS Form W-9 (attached hereto as Exhibit A) and (ii) payment instructions in the form attached as Exhibit B or otherwise in a form acceptable to Clearwire.

(d) **Refund of Prepaid Fee.** If this Agreement is terminated by reason of uncured default by Licensee during the first five (5) years of the Agreement, all or a portion of the Prepaid Fee will be refunded to Clearwire ("**Refund**"). The amount of the Refund will be equal to the Prepaid Fee distributed equally over five (5) years and adjusted on a pro rata basis to account for the remaining time between the date of the termination and the expiration of five (5) years following the Commencement Date. There will be no Refund if the termination occurs after the first day of the sixth (6th) year of the Agreement.

3. EXCLUSIVITY AND RIGHT OF FIRST REFUSAL

(a) **Exclusivity.** During the Term, Licensee will not negotiate or contract with any third party to lease, sell, assign, transfer or use any of the capacity of the Channels or any option therefor. The foregoing notwithstanding, during the last six (6) months of the final Renewal Term, and during the Initial Term or any other Renewal Term following Clearwire's notice to Licensee that it has elected not to renew the Agreement, in accordance with Subsection 1(b), if any, Licensee may negotiate and contract with any third party with respect to any period following the end of this Agreement, so long as Licensee complies with the ROFR set forth in Subsection 3(b). Furthermore, nothing in this Agreement will be deemed to prohibit Licensee from utilizing Licensee's

Reserved Capacity consistent with Section 5(c) or from negotiating and entering into any assignment of the Licenses or transfer of control transaction that Licensee may undertake pursuant to Section 10.

(b) Right of First Refusal (“ROFR”). During the Term and for the twenty-four (24) months following the expiration or termination of this Agreement (unless this Agreement is terminated as a result of Clearwire’s default or is not renewed as a result of Clearwire’s notice that it declines to renew as provided in Section 1(b)), and except with respect to any utilization of Licensee’s Reserved Capacity consistent with Section 5(c), or any assignment of the Licenses or transfer of control transaction that Licensee may undertake without Clearwire’s prior written consent pursuant to Section 10, Clearwire or Clearwire’s designee will have a ROFR with respect to any and all bona fide offers, of any kind, received by Licensee to acquire the Licenses (if FCC Rules allow it and the Licensee desires to sell), lease or otherwise use any of the capacity on the Channels (or any part thereof) in any other manner, or to acquire an option to acquire, lease or otherwise use any of the capacity on the Channels (or any part thereof) from a third party which offer Licensee otherwise intends to accept. Licensee will notify Clearwire in writing of any such bona fide offer, including the terms of the offer, within thirty (30) days following Licensee’s determination to accept the offer. Clearwire will notify Licensee within thirty (30) days following receipt of such notification if it is exercising its ROFR. In the event that Clearwire fails to exercise its ROFR, Licensee will have ninety (90) days from the expiration of Clearwire’s thirty (30) day response period to enter into an agreement with the offeror on the same terms and conditions as were offered to Clearwire. If, within the ninety (90) day period, Licensee does not enter into a binding agreement with the offeror on the same terms and conditions as were offered to Clearwire, then Clearwire’s ROFR will remain in effect pursuant to the terms stated in this Subsection. If, within the ninety (90) day period, Licensee enters into a binding agreement with the offeror on the same terms and conditions as were offered to Clearwire, then Clearwire’s ROFR will terminate; provided, however, that should Licensee’s agreement with the offeror be terminated within twenty-four (24) months after the expiration or termination of this Agreement, Clearwire’s ROFR will be reinstated for the remainder of the twenty-four (24) month period or for a period of one hundred eighty (180) days, whichever is longer. The terms of any agreement between Clearwire (or its designee) and Licensee resulting from the exercise of Clearwire’s ROFR will be ratified in a separate agreement. All materials exchanged under this ROFR are subject to the non-disclosure provisions of Section 14 of this Agreement.

(c) Form of Consideration and Determination of Value. Subject to, and without limiting Clearwire’s rights described in Subsection 3(b), if the whole or any part of the consideration of the third party offer is in a form other than cash, then Clearwire may meet such non-cash consideration using cash, comparable non-cash consideration, or both in its acceptance notice. If Licensee does not accept Clearwire’s offer of a cash substitute for the non-cash consideration, then Licensee must notify Clearwire in writing of Licensee’s estimate of a fair cash substitute within fifteen (15) days after Licensee’s receipt of Clearwire’s acceptance notice. Licensee’s failure to notify Clearwire of its estimate of a fair cash substitute within the prescribed fifteen (15) day period shall be deemed an acceptance of Clearwire’s cash-substitute offer. If Licensee rejects Clearwire’s cash-substitute offer, then Clearwire will have ten (10) days from receipt of Licensee’s rejection to notify Licensee of its election to (i) adopt Licensee’s stated cash value, or (ii) submit the valuation issue for determination by binding arbitration. In any case where the right to arbitrate is invoked, Clearwire’s ROFR will remain open until thirty (30) days after Clearwire is notified of the arbitrators’ decision, during which time Clearwire may revise its acceptance notice to adopt the arbitrators’ findings or waive its ROFR with respect to the third party offer, provided that Licensee and third party execute a contract to implement the third-party offer within ninety (90) days of the end of Clearwire’s thirty (30) day time period to consider the arbitration decision. Licensee’s failure to accept the third-party offer restores this ROFR.

(d) Right to Participate. Except in the event this Agreement terminates as a result of Clearwire’s default, if Licensee decides to consider, issue or solicit bids, proposals or offers for the sale (if permitted by the FCC), assignment, transfer or use of any part or the whole of the Channels at any time before eighteen (18) months after the end of this Agreement, then Licensee will provide Clearwire with an opportunity no less favorable in timing or substance than the opportunity provided to any other entity: (i) to receive and/or submit bids, proposals and offers for the Channels; (ii) to receive information with respect to such bids, proposals, offers and counters thereto; (iii) to discuss any of the same with Licensee; (iv) to counter any such bids, proposals or offers; and (v) to be provided with copies (to the extent allowed by law) of all open bids, proposals, offers, counter-bids and counter-offers promptly after they are received by Licensee. This right to participate does not limit in any manner, and is in addition to, the ROFR set forth in Subsection 3(b).

4. RESERVED

5. CAPACITY REQUIREMENTS AND USES

(a) **Clearwire Capacity.** Upon consent by the FCC to the FCC Long Term Lease Application described in Section 9(a), Clearwire will have the exclusive right to use all of the capacity under the Channels other than Licensee's Reserved Capacity ("**Clearwire Capacity**").

(b) **Licensee's Reserved Capacity.** The term "**Licensee's Reserved Capacity**" shall mean the capacity on the Channels that is required to be set aside for Licensee's use pursuant to FCC Rules, as the same may change from time to time. Consistent with FCC Rules, and as designated by Clearwire from time to time, Licensee's Reserved Capacity may be shifted or loaded on any Channel and/or other EBS or BRS channels that Clearwire controls in the Market, or portion thereof. If, in accordance with the foregoing sentence, Clearwire elects to shift or load Licensee's Reserved Capacity on any channels other than the Channels, then Clearwire shall ensure the authorized GSA(s) of the channel(s) to which the Licensee's Reserved Capacity is shifted or loaded substantially overlaps the GSA for the Channels. To the extent that Licensee's Reserved Capacity is determined as a percentage or portion of the digital capacity on the Channels, such capacity will be determined by Clearwire in accordance with the processes generally used by it to determine capacity use.

(c) **Use of Capacity.** Clearwire may use Clearwire Capacity in any manner and for any purpose that is lawful, in analog, digital or any other format, including those that may be authorized in the future by the FCC. Clearwire will use the Clearwire Capacity in compliance with FCC Rules and all other laws and regulations applicable to Clearwire's use of the Clearwire Capacity. Licensee may use Licensee's Reserved Capacity for any purpose that furthers the educational mission of an accredited school, college or university, including to satisfy the minimum educational use requirements for EBS channels pursuant to FCC Rules. Licensee may also rely on the use of Clearwire's products and services made available pursuant to Section 7 to satisfy such requirements.

(d) **Section 27.1214(e) Amendments.** Pursuant to Section 27.1214(e) of the FCC's rules, on the date that is fifteen (15) years after the Effective Date and every five (5) years thereafter, Licensee will have a period of sixty (60) days to request a review of its minimum educational use requirements, at which time the Parties will negotiate in good faith an amendment to this Agreement that accommodates any *bona fide* changes in educational needs, technology and other relevant factors affecting Licensee's Reserved Capacity requirements. Notwithstanding the foregoing, the following will apply to any such amendment: (i) with respect to Licensee and any Permitted End Users (defined below) for whom Clearwire has provided Internet Access Equipment (as defined in Subsection 7(b) below), Clearwire will make available any equipment, services or software upgrades that Clearwire makes generally available to Clearwire's retail customers subscribing to the same tier of service in the Market over BRS or EBS facilities; (ii) to the extent such amendment materially increases Clearwire's monthly costs either to operate its leased capacity or to meet Licensee's changed educational use requirements, the amendment may provide that such costs will be offset by a reduction in Clearwire's Monthly Fee for the remainder of the Term, a refund in an amount to be agreed upon by both Parties, or both; (iii) Clearwire may accommodate changes in Licensee's Reserved Capacity through any reasonable means available so as to avoid disruption to the advanced wireless services provided by Clearwire; and (iv) Clearwire will not be required to accommodate changes in Licensee's Reserved Capacity in a manner that has a negative economic impact on Clearwire or Clearwire's commercial operations under the Agreement.

(e) **Channel Swapping; Costs.** With the consent of Licensee, which consent will not be unreasonably withheld, conditioned, or delayed, Clearwire may require Licensee to enter into agreements to swap some or all of its Channels for other channels in the Market (the "**Swapped Channels**"), and in connection therewith file any necessary FCC applications to accomplish the swap, so long as there is no material difference in the operational capability or value of the Swapped Channels as compared to Licensee's previous Channels taking into account such factors as the GSA and the population therein. It is understood and agreed, however, that Licensee will not be required to consent to any swap under which the Swapped Channels provide fewer MHz of spectrum collectively, or less contiguous spectrum is licensed to Licensee, as compared with Licensee's previous

Channels. Clearwire agrees to bear all costs and expenses associated with the implementation of channel swapping, including the reasonable out of pocket costs of Licensee's engineering consultants and attorneys.

6. EQUIPMENT

(a) **Operation and Maintenance of Licensee Equipment.** Licensee represents, warrants and covenants that as of the Commencement Date, no equipment owned or controlled by Licensee will be operated on the Clearwire Capacity or on Licensee Capacity other than such equipment that is provided pursuant to Section 7 of this Agreement.

(b) **Operation and Maintenance of Clearwire Equipment.** Clearwire will, at its expense, operate and maintain the transmission equipment used for the Clearwire Capacity ("Clearwire Equipment"). Clearwire will construct, operate and maintain facilities for the Channels that provide transmission capability sufficient to satisfy minimum build-out or performance requirements applicable to EBS Channels under standards prevailing at any given time under FCC Rules.

(c) **Dedicated Equipment Purchase Option.** In the event this Agreement is terminated for any reason other than a default by Licensee or the natural expiration of the Agreement, Licensee will have the option, upon giving notice to Clearwire within thirty (30) days of such termination, to purchase or to lease at Clearwire's option that portion of the transmission equipment (not including any tower rights) then in operation that is dedicated solely to transmission of Licensee's Reserved Capacity on the Channels (the "**Dedicated Equipment**"), or comparable equipment. The price for such equipment will be equal to the fair market value of the Dedicated Equipment at the time of Licensee's notice or, if comparable equipment is provided, Clearwire's cost in obtaining such equipment.

(d) **Shared Equipment Purchase or Lease Option.** In the event this Agreement is terminated for any reason other than a default by Licensee or the natural expiration of the Agreement, Licensee will have the option upon giving notice to Clearwire within thirty (30) days of such termination to purchase or lease at Clearwire's option any equipment owned by Clearwire and used in connection with the transmission of Licensee's Reserved Capacity on the Channels that is not Dedicated Equipment, or comparable equipment (not including any tower rights) (the "**Shared Equipment**"), at a price equal to the Shared Equipment's fair market value for such purchase or lease as applicable.

7. ADVANCED WIRELESS SERVICES FOR PERMITTED END USERS

(a) **Service Credits.** After commercial launch by Clearwire of its wireless services on the Channels in the Market, Licensee may request at no cost to Licensee, via submission of an Order Form (as defined below), wireless broadband services and associated Internet Access Equipment, if any, for Permitted End Users that are located within Clearwire's then-serviceable area of the Wireless System. Clearwire will approve Licensee's Order Form, provided that such Order Form is consistent with the terms of this Agreement as well as the terms of use and service described in subsection (c) below. Such wireless services will be specified by Licensee and will be among Clearwire's standard retail service offerings in the Market with a value not to exceed the dollar amounts per month listed on Schedules 2(a) and 2(b) ("**Service Credits**"). Any unused Service Credits may not be transferred, credited to a subsequent month or redeemed for cash and will expire on the last day of the month in which they are made available. Licensee must comply with all laws and obtain any necessary governmental permits or approvals, and third party approvals, which are necessary in order for Licensee to accept the wireless services and Internet Access Equipment for its Permitted End Users.

(b) **Definitions.** "**Order Form**" has the meaning set forth in the terms of service referenced in Subsection 7(c) below. "**Internet Access Equipment**" means the customer premises Internet access equipment package made generally available to Clearwire's retail customers in the Market, at the time Clearwire receives Licensee's Order Form, who subscribe to the same tier of wireless service over BRS or EBS capacity. "**Permitted End Users**" means Licensee itself and any educational institution or not-for-profit organization or site in the Market with whom Licensee is working in furtherance of its educational goals.

(c) **Terms of Use.** Licensee's ordering and use of the wireless services and Internet Access Equipment by Permitted End Users, will be governed by the acceptable use policy and terms of service, and such other policies of general applicability which apply to such services, which are subject to amendment and may be found at <http://www.clearwire.com/legal/aup> or such other URL as may be designated; provided, however, that financial terms contained in the terms of service will not apply to such services to Licensee or Permitted End Users that are provided free of charge pursuant to this Section 7. In addition to the foregoing policies, Clearwire may specify from time to time, in its sole discretion, reasonable procedures for the activation, addition, deletion or substitution of services to Licensee and Permitted End Users.

(d) **Equipment and Software.** For Licensee and any Permitted End Users for whom Clearwire has provided wireless services and/or Internet Access Equipment, Clearwire will make available any equipment, services or software upgrades that Clearwire makes generally available to Clearwire's retail customers subscribing to the same tier of service in the Market over BRS or EBS facilities. In the event that any equipment upgrade involves replacement of equipment, the replaced equipment will be returned to Clearwire or its designee and title to the replacement equipment will transfer to Licensee or its designee.

(e) **Title.** All equipment provided by Clearwire to Licensee as part of Internet Access Equipment for Permitted End Users will be the property of Licensee or its designee(s), free and clear of all liens and encumbrances, when paid in full (if any payment is required). Licensee will own, and be solely responsible for the maintenance and operation of, all Internet Access Equipment installed at Licensee's locations and receive sites, including the sites of its Permitted End Users.

8. INTERFERENCE CONSENTS

Licensee will enter into interference consents with third parties relating to the Channels ("**Interference Consents**"), as Clearwire reasonably requests and without any additional compensation, provided that such Interference Consents do not result in a reasonably foreseeable material degradation in the value of the Channels; and provided further that Interference Consents that involve fair and reciprocal rights and limitations for and on the operation of Licensee's facilities and the facilities of the other party in connection with system coordination inside GSAs and at GSA boundaries will not be deemed to cause material degradation in value. Clearwire will negotiate and draft the Interference Consents and make any consideration payments due to third parties under the Interference Consents. Licensee will not enter into or issue any Interference Consents without Clearwire's prior written consent.

9. APPLICATIONS, COSTS AND FEES

(a) **FCC Long Term Lease Application.** If not already on file, within five (5) business days of the Effective Date, Licensee shall either (i) file the FCC Form 602 Ownership Disclosure Information for the Wireless Telecommunications Services (the "**Ownership Report**") with the FCC and deliver to Clearwire evidence of such filing or (ii) complete the Ownership Report and authorize Clearwire to file such Ownership Report with the FCC. Provided that the Licensee has either filed the Ownership Report with the FCC or has delivered the completed Ownership Report to Clearwire and authorized Clearwire to file such report with the FCC, within ten (10) business days following the Effective Date and prior to consummating the transfer of *de facto* control of the Channels, the Parties agree to cooperate as required to prepare and file with the FCC all forms and related exhibits, certifications and other documents necessary to obtain the FCC's consent to this Agreement and satisfy the FCC's requirements for long term *de facto* lease approval as set forth in 47 C.F.R. § 1.9030(e) ("**FCC Long Term Lease Application**"). Each Party covenants and agrees that it will fully cooperate with the other, and do all things reasonably necessary to timely submit, prosecute and defend the FCC Long Term Lease Application, including responding to any petitions for reconsideration or FCC reconsiderations of the grant of the FCC Long Term Lease Application, and will promptly file or provide the other Party with all other information which is required to be provided to the FCC in furtherance of the transactions contemplated by this Agreement. The Parties will disclose in the FCC Long Term Lease Application the automatic extension of the Term upon the renewal of the License. The Parties further covenant and agree to include a request in any License renewal application, or separately request, as necessary, an extension of the lease approval for the renewal term of the License (or until the end of the final Renewal Term of this Agreement, if shorter), if this Agreement contemplates renewal of this Agreement for or during any part of such License renewal term. To the extent Licensee is required to file this Agreement with the FCC, the Licensee shall

first notify and consult with Clearwire, and will to the extent permitted by the FCC redact all information from the Agreement which Clearwire reasonably designates as confidential including, but not limited to, all payment information.

(b) Application Preparation. In addition to the obligations in Section 9(a), Clearwire will prepare and submit all applications, amendments, petitions, requests for waivers, and other documents necessary for the proper operation of Clearwire Capacity and permitted to be submitted by Clearwire under FCC Rules. Licensee, with assistance from Clearwire, will prepare and submit all lawful applications, amendments, petitions, requests for waivers, and other documents necessary for the modification, maintenance and renewal of the Licenses or reasonably requested by Clearwire that may only be filed by Licensee under FCC Rules. The Parties will cooperate in the preparation and submission of all lawful applications, amendments, petitions, requests for waivers, and other documents necessary to secure any FCC approval, consent or other action required to effectuate this Agreement.

(c) Application Costs. Clearwire will, at its own expense, prepare all applications, notices, certificates, exhibits, consent agreements, approvals or authorizations that Clearwire submits to the FCC or seeks to have Licensee submit to the FCC pursuant to the Agreement. Clearwire will also promptly pay or reimburse Licensee for its reasonable, documented out-of-pocket costs for renewal of the Licenses and any other filings requested or required of Licensee by the FCC to hold the Licenses and provide Clearwire Capacity to Clearwire, and in connection with activities undertaken by Licensee in response to any request by Clearwire under this Agreement; provided, however, that Licensee shall not seek reimbursement for any cost or expense in excess of \$500 unless such cost or expense is approved by Clearwire, which approval shall not be unreasonably withheld. In addition, Clearwire will pay any FCC filing fees associated with the Licenses.

(d) Regulatory Fees/Transition Reimbursements. Clearwire will pay any federal regulatory fees associated with the Licenses upon receipt of notice from the FCC that such fees are due, or upon receipt of at least thirty (30) days advance written notice from Licensee that such fees are due in the event that notice is sent to Licensee. Clearwire will also pay any Transition reimbursements required by FCC Rules to be paid to the Proponent.

(e) Additional FCC Matters. Clearwire and Licensee will cooperate to prepare and file any additional FCC filings to protect, maintain or enhance the Channels including but not limited to filings to increase the capacity on the Channels, GSA expansions or License modifications. Clearwire and Licensee will also cooperate to support FCC experimental licensing procedures with respect to the Channels pursuant to the Code of Federal Regulations Title 47, Part 5—Experimental Radio Service (Other Than Broadcast). Clearwire may allow experimental licensees, as granted by the FCC, to use the Clearwire Capacity without prior consent from Licensee pursuant to the terms of this Agreement.

10. TRANSFERS OR ASSIGNMENTS

Subject to Subsections 16(f)-(g), neither Clearwire nor Licensee may assign or transfer its rights and/or obligations under this Agreement without the prior written consent of the other Party, such consent not to be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, the Parties agree as follows:

(a) Clearwire may, without the prior consent of Licensee: (i) assign any of its rights under this Agreement as collateral; or (ii) sell, assign, sublease, delegate or transfer this Agreement or any of its rights or obligations hereunder to (X) any affiliate of Clearwire, (Y) any entity that acquires Clearwire or its affiliates, or (Z) to any entity with the capability to perform the obligations of Clearwire hereunder.

(b) Licensee may, without the prior consent of Clearwire transfer control or assign the Licenses for the Channels and this Agreement to any public institution or agency or to any bona fide local private educational institution with students actually enrolled in local classroom instruction (except for any such public or private educational institution that is an Affiliate of a national EBS licensee), subject to such transferee's or assignee's agreement to be bound by the terms of this Agreement. For purposes of the foregoing sentence, "Affiliate" means, with respect to any national EBS licensee, any other person or entity that, directly or indirectly, alone or through one or more intermediaries, controls, is controlled by or is under common control with such national EBS licensee. For

purposes of this definition, “**control**” means the power to direct or cause the direction of the management and policies of a person or entity, directly or indirectly, whether through the ownership of securities or partnership or other ownership interests, by contract or otherwise.

(c) Each Party shall also be entitled, without the consent of the other Party, to undertake a pro forma assignment or transfer of this Agreement.

11. TERMINATION OF AGREEMENT

(a) This Agreement will automatically terminate with respect to the Licenses or affected Channel(s) upon the earlier of: (i) an FCC Final Order denying any application for approval of this Agreement including any extensions of the Term thereof; (ii) the loss or expiration without renewal of the License; (iii) an FCC Final Order revoking, terminating or canceling the License; or (iv) Clearwire’s acquisition of the Licenses or some of the Channels pursuant to an agreement between Clearwire and Licensee.

(b) This Agreement may be terminated by either Party upon material breach of the other Party, provided that the breaching Party shall be provided with written notice by the non-breaching Party of the alleged grounds for the breach and allowed a thirty (30) day period for cure following such notice; provided, however, that in the event of a breach other than a failure to make payments due under this Agreement, if the breaching Party proceeds with reasonable diligence during such thirty (30) day period and is unable, because of circumstances beyond its control or because of the nature of the breach, to cure the breach within such applicable time period, the time for cure shall be extended, but in no event beyond one hundred eighty (180) days after receipt of written notice from the non-breaching Party. Notwithstanding the foregoing, in the event that an FCC order that is effective and not stayed requires termination of this Agreement, this Agreement may be terminated by either Party within the time frame for notice and termination required by the FCC.

(c) Licensee may terminate this Agreement pursuant to Subsection 16(b).

(d) Either Party may terminate this Agreement if an FCC Final Order approving the FCC Long Term Lease Application has not occurred within twelve (12) months following the Effective Date.

(e) The Parties will notify the FCC of the termination of this Agreement with respect to the Licenses or any of the Channels within ten (10) calendar days following the termination.

(f) Except as expressly set forth in this Agreement, upon the expiration or termination of this Agreement, each Party will pay its own fees and expenses related to this Agreement and the transactions contemplated herein, and the Parties will have no further liability to each other except by reason of any breach of this Agreement occurring prior to the date of expiration or termination. Any termination or expiration of this Agreement, regardless of cause, will not release either Licensee or Clearwire from any liability arising from any breach or violation by that Party of the terms of this Agreement prior to the expiration or termination. The general and procedural provisions of this Agreement, which may be relevant to enforcing the obligations or duties of the Parties, as well as any other provisions that by their terms obligate either Party following expiration or termination, will survive the expiration or termination of this Agreement until the obligations or duties are performed or discharged in full.

12. REVENUES AND EXPENSES

Each Party will pay its own expenses incident to any amendments or modifications to the Agreement, including, but not limited to, all fees and expenses of their respective legal counsel and any engineering and accounting expenses. Clearwire is entitled to one hundred percent (100%) of the revenue generated from the use of the Clearwire Capacity.

13. COMPETITION

Licensee agrees that it will not, during the Term of this Agreement, use Licensee's Reserved Capacity to compete with Clearwire and/or its affiliates in any business activity or business or service offering in the GSA of the Channels. Nothing in this section prohibits Licensee from (i) leasing the capacity of the Channels to a third party after the termination or expiration of this Agreement if (X) the capacity is being used solely to undertake noncommercial activities advancing Licensee's educational purposes or (Y) Licensee has complied with the ROFR provisions in Section 3(b), (ii) using the Service Credits, or any Internet Access Equipment acquired thereby, to provide educational services to itself or other schools, colleges, universities or other governmental or nonprofit entities for purposes of satisfying the Licensee's minimum educational use requirements for EBS channels under FCC Rules, or (iii) leasing other EBS channels licensed to Licensee or other spectrum to any other party for any purpose.

14. CONFIDENTIALITY AND NON-DISCLOSURE

(a) **Confidentiality of the Terms of this Agreement.** The terms of this Agreement that are not otherwise required to be disclosed to the FCC in support of the lease applications or notices submitted to the FCC will be kept strictly confidential by the Parties and their agents, which confidentiality obligation will survive the termination or expiration of this Agreement for a period of two (2) years. The Parties may make disclosures as required by law (including as required or appropriate to be disclosed by Licensee pursuant to applicable public records laws and by Clearwire pursuant to the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, or The Nasdaq Stock Market, Inc., including the related regulations and marketplace rules), and to employees, shareholders, agents, attorneys and accountants (collectively, "**Agents**") as required to perform obligations under the Agreement, provided, however, that the Parties will cause all Agents to honor the provisions of this Section. In addition, Clearwire may disclose this Agreement to its affiliates, strategic partners, actual or potential investors, lenders, acquirers, merger partners, and others whom Clearwire deems in good faith to have a need to know such information for purposes of pursuing a transaction or business relationship with Clearwire, so long as Clearwire secures an enforceable obligation from such third party to limit the use and disclosure of this Agreement as provided herein. The Parties will submit a confidentiality request to the FCC in the event the FCC seeks from the Parties a copy of this Agreement or any other confidential information regarding its terms.

(b) **Non-Disclosure of Shared Information.** As used herein, the term "Information" shall mean all non-public information disclosed hereunder, whether written or oral, that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential. The term Information does not include information which: (i) has been or becomes published or is now, or in the future, in the public domain without breach of this Agreement or breach of a similar agreement by a third party; (ii) prior to disclosure hereunder, is property within the legitimate possession of the receiving Party which can be verified by independent evidence; (iii) subsequent to disclosure hereunder, is lawfully received from a third party having rights therein without restriction of the third party's or the receiving Party's rights to disseminate the information and without notice of any restriction against its further disclosure; or (iv) is independently developed by the receiving Party through persons who have not had, either directly or indirectly, access to or knowledge of such Information which can be verified by independent evidence. During the Initial Term or any Renewal Term of this Agreement, the Parties may be supplying and/or disclosing to each other Information relating to the business of the other Party. The Information will, during the Initial Term and any Renewal Term of this Agreement, and for a period of three (3) years after the termination or expiration of the Agreement, be kept confidential by the Parties and not used for any purpose other than implementing the terms of this Agreement. The receiving Party will be responsible for any improper use of the Information by it or any of its Agents. Without the prior written consent of the disclosing Party, the receiving Party will not disclose to any entity or person the Information, or the fact that the Information has been made available to it, except for disclosures required by law, including Information as required or appropriate to be disclosed by Licensee pursuant to applicable public records laws and by Clearwire pursuant to the Securities Act of 1933, as amended, the Securities Exchange Act of 1934, as amended, or The Nasdaq Stock Market, Inc., including the related regulations and marketplace rules. Each person to whom Information is disclosed must be advised of its confidential nature and must agree to abide by the terms of this Subsection.

15. ASSUMPTION OF LIABILITIES

Neither Party is assuming or will be responsible for any of the other's liabilities or obligations (including but not limited to customer obligations) except as required by the FCC and this Agreement.

16. FCC-MANDATED LEASING ARRANGEMENT OBLIGATIONS

(a) Licensee and Clearwire are familiar with the FCC Rules affecting spectrum leasing and the provision of EBS, the Communications Act of 1934, as amended ("**Communications Act**"), the Code of Federal Regulations, and all other applicable FCC Rules, and agree to comply with all such laws and regulations.

(b) Clearwire assumes primary responsibility for complying with the Communications Act, and any FCC Rules that apply to the Channels and License, and the Agreement may be revoked, cancelled or terminated, in accordance with Section 11, by Licensee or by the FCC if Clearwire fails to comply with applicable laws and regulations.

(c) Neither Licensee nor Clearwire will represent itself as the legal representative of the other before the FCC or any party, but will cooperate with each other with respect to FCC matters concerning the Licenses and the Channels.

(d) If the Licenses are revoked, cancelled, terminated or otherwise ceases to be in effect, Clearwire has no continuing authority or right to use the leased spectrum unless otherwise authorized by the FCC.

(e) The Agreement is not an assignment, sale or transfer of either License itself.

(f) The Agreement will not be assigned to any entity that is ineligible or unqualified to enter into a spectrum leasing arrangement under the FCC Rules.

(g) Licensee will not consent to an assignment of a spectrum leasing arrangement unless such assignment complies with applicable FCC Rules.

(h) Licensee and Clearwire must each retain a copy of the Agreement and make it available upon request by the FCC, in accordance with the confidentiality provisions in Section 14.

17. LICENSEE'S AUTHORIZATIONS

Licensee will use its best efforts to maintain in full force and effect through the Term the Licenses and any associated authorizations for the Channels, and will remain eligible under the FCC Rules to provide the Clearwire Capacity. Licensee will use best efforts to renew the License, and will not commit any act, engage in any activity, or fail to take any action that could reasonably be expected to cause the FCC to impair, revoke, cancel, suspend or refuse to renew the License.

18. REPRESENTATIONS AND WARRANTIES

(a) **Mutual Representations and Warranties.** Each Party represents and warrants to the other that: (i) it has the full right and authority to enter into, execute, deliver, and perform its obligations under this Agreement; (ii) it has taken all requisite corporate action to approve the execution, delivery and performance of this Agreement; (iii) this Agreement constitutes a legal, valid and binding obligation enforceable against such Party in accordance with its terms; and (iv) its execution of and performance under this Agreement will not violate any applicable existing regulations, FCC Rules, statutes or court orders of any local, state or federal government agency, court or body, or any of its existing contractual obligations.

(b) **Licensee's Representations and Warranties.** Further, Licensee represents and warrants to Clearwire that: (i) the Licenses are in effect, (ii) Licensee's operations and activities pursuant to the License, if any, are being conducted in material compliance with all FCC Rules, including its educational use requirements, (iii) Licensee has no claim or other unresolved objection arising out of the transition pursuant to Sections 27.1230 through 27.1235 of the FCC's Rules, and (iv) there is no proceeding now pending or to the knowledge of Licensee,

threatened against the Licensee before any local, state or federal regulatory body with respect to the License, or any acts or omissions by Licensee or its agents, as of the Effective Date, that could have a material, adverse effect on the License.

19. INDEMNIFICATION

(a) Licensee will defend, indemnify and hold Clearwire harmless from and against any and all liabilities, losses, damages and costs, including reasonable attorney's fees, resulting from, arising out of, or in any way connected with (i) any breach by Licensee of any warranty, representation, covenant, agreement or obligation contained herein, or (ii) any claim based on Licensee's construction or operation of the EBS Equipment or its offering and provision of services thereon. Licensee's obligations under this Section will survive the expiration or termination of this Agreement.

(b) Clearwire will defend, indemnify and hold Licensee harmless from and against any and all liabilities, losses, damages and costs, including reasonable attorney's fees, resulting from, arising out of, or in any way connected with (i) any breach by Clearwire of any warranty, representation, covenant, agreement or obligation contained herein, or (ii) any claim based on Clearwire's construction or operation of the Wireless System or its offering and provision of services thereon. Clearwire's obligations under this Section will survive the expiration or termination of this Agreement.

20. MISCELLANEOUS

(a) **Cooperation.** The Parties will take such further action and execute such further assurances, documents and certificates as either Party may reasonably request to effectuate the purposes of this Agreement.

(b) **Notices.** Any notice required to be given by one Party to the other under this Agreement will be delivered using a reliable national express overnight delivery service and will be effective upon receipt. All notices will be delivered to Licensee and Clearwire at the mailing addresses specified on the signature page of this Agreement. Either Party may change its addresses for receipt of notice or payment by giving notice of such change to the other Party as provided in this Section.

(c) **Force Majeure.** Neither Party will be liable for any nonperformance under this Agreement due to causes beyond its reasonable control that could not have been reasonably anticipated by the non-performing Party and that cannot be reasonably avoided or overcome; provided that the non-performing Party gives the other Party prompt written notice of such cause, and in any event, within fifteen (15) calendar days of its discovery.

(d) **Independent Parties.** None of the provisions of this Agreement will be deemed to constitute a partnership, joint venture, or any other such relationship between the Parties, and neither Party will have any authority to bind the other in any manner. Neither Party will have or hold itself out as having any right, authority or agency to act on behalf of the other Party in any capacity or in any manner, except as may be specifically authorized in this Agreement.

(e) **Specific Performance.** Licensee acknowledges that the Licenses and Channels subject to this Agreement are unique and the loss to Clearwire due to Licensee's failure to perform this Agreement could not be easily measured with damages. Clearwire will be entitled to injunctive relief and specific enforcement of this Agreement in a court of equity without proof of specific monetary damages, but without waiving any right thereto, in the event of breach of this Agreement by Licensee.

(f) **Applicable Law and Venue.** The validity, construction and performance of this Agreement will be governed by and construed in accordance with the laws of the State of Idaho, without regard to the principles of conflict of laws. Each Party hereto irrevocably consents to the exclusive jurisdiction and venue of any court within Ada County, Idaho, in connection with any matter based upon or arising out of this Agreement or the matters contemplated herein, agrees that process may be served upon them in any manner authorized by the laws

of the State of Idaho for such persons and waives and covenants not to assert or plead any objection which they might otherwise have to such jurisdiction, venue or process.

(g) **Attorneys' Fees.** If any action shall be brought on account of any breach of or to enforce or interpret any of the terms, covenants or conditions of this Agreement, the prevailing Party will be entitled to recover from the other its reasonable attorneys' fees and costs, as determined by the court hearing the action.

(h) **Severability.** If any provision of this Agreement is found to be illegal, invalid or unenforceable, such provision will be enforced to the maximum extent permissible so as to effect the intent of the Parties, and the validity, legality and enforceability of the remaining provisions will not in any way be affected or impaired, unless continued enforcement of the provisions frustrates the intent of the Parties.

(i) **No Waiver.** No delay or failure by either Party in exercising any right under this Agreement, and no partial or single exercise of that right, will constitute a waiver of that or any other right. Failure to enforce any right under this Agreement will not be deemed a waiver of future enforcement of that or any other right.

(j) **Counterparts.** This Agreement may be executed in one or more counterparts, each of which will be deemed an original, but which collectively will constitute one and the same instrument. Original signatures transmitted by facsimile will be effective to create such counterparts.

(k) **Headings.** The headings and captions used in this Agreement are for convenience only and are not to be considered in construing or interpreting this Agreement.

(l) **Construction.** The Parties and their respective counsel have negotiated this Agreement. This Agreement will be interpreted in accordance with its terms and without any strict construction in favor of or against either Party based on draftsmanship of the Agreement or otherwise.

(m) **Complete Agreement.** This Agreement constitutes the entire agreement between the Parties with respect to the subject matter addressed, and supersedes and replaces all prior or contemporaneous understandings or agreements, written or oral, between the Parties or any of their affiliates regarding this subject matter. No amendment to or modification of this Agreement will be binding unless in writing and signed by a duly authorized representative of each of the Parties. Licensee, Clearwire and Clearwire Affiliate each agree that, effective as of the Commencement Date, this Agreement shall supersede and replace the Original Lease. Neither Licensee, nor Clearwire, nor Clearwire Affiliate shall have any further obligations under the Original Lease and each of Licensee, Clearwire and Clearwire Affiliate hereby releases the other Parties from any and all claims, known or unknown, that such Party has or may have arising out of or related to the Original Lease.

[Signature Page to Follow]

IN WITNESS WHEREOF, the Parties have duly executed this Agreement effective as of the Effective Date.

**AMENDED AND RESTATED
ITFS EXCESS CAPACITY LEASE AGREEMENT**

THIS AMENDED AND RESTATED ITFS EXCESS CAPACITY LEASE AGREEMENT (the "Amended Agreement") is made as of _____, 2001 (the "Effective Date") by and between the Idaho State Board of Education on behalf of Boise State University ("BSU") and Wireless Broadband Services of America, LLC, a wholly-owned subsidiary of Sprint Corporation (such wholly-owned subsidiary is hereinafter referred to as "Sprint").

WHEREAS, BSU operates Instructional Television Fixed Service ("ITFS") call signs WHR-688 and WHR-689 in Boise, Idaho from a site located at 43 degrees, 45 minutes, 18 seconds latitude, 116 degrees, 5 minutes, 52 seconds longitude (the "Transmit Site") utilizing the four 6 MHz channels at 2506-2512 MHz (B1), 2518-2524 MHz (B2), 2578-2584 MHz (D3) and 2590-2596 MHz (D4) (each, a "Channel" and collectively, the "Channels") pursuant to a license issued by the Federal Communications Commission (the "FCC"); and

WHEREAS, Sprint operates a wireless communications system in the Boise, Idaho area (the "Market") that utilizes multiple ITFS and Multipoint Distribution Service ("MDS") channels that are licensed by the FCC either to Sprint or to others who lease capacity to Sprint to provide telecommunications services; and

WHEREAS, Boise Cable Ltd. Partnership d/b/a Northwest Cable ("Northwest") and BSU are parties to the certain ITFS Excess Capacity Airtime Lease Agreement, dated November 8, 1993 (the "Existing Agreement") which was assigned by Northwest to Wireless Broadcasting Systems of America, Inc. ("WBSA") pursuant to that certain Consent to Assignment of ITFS Excess Capacity Airtime Lease Agreement, dated March 15, 1995. Pursuant to a reorganization of WBSA, its parent company and affiliates, and as noticed in the letter sent to BSU dated January 16, 1997, WBSB Licensing Corporation became the holder of WBSA's rights and obligations under the Existing Agreement. Furthermore, pursuant to that certain ITFS Lease Agreement Assignment and Assumption Agreement dated August of 2001, WBSB Licensing Corporation assigned, and Sprint assumed, all of WBSB Licensing Corporation's rights and obligations under the Existing Agreement pursuant to which Sprint leases from BSU certain excess capacity on BSU's ITFS facilities for commercial use; and

WHEREAS, the FCC has recently adopted new rules and policies with respect to the manner in which MDS and ITFS licensees and commercial lessees may utilize the MDS and ITFS spectrum, and BSU and Sprint desire to enter into this Amended Agreement to reflect the increased flexibility afforded under the FCC's new rules and policies, to promote a substantial reconfiguration of Sprint's transmission system (including the Channels) to permit the efficient use of MDS and ITFS spectrum for the distribution of digital, two-way broadband video, voice, data and other possible services.

NOW THEREFORE, in consideration of the mutual promises, undertakings, covenants and conditions set forth herein, BSU and Sprint agree as follows:

SECTION 1. Effect on Existing Agreement. As of the Effective Date, this Amended Agreement supersedes and replaces the Existing Agreement in the entirety, except that Sprint will be obligated to pay to BSU all periodic leasing fees due under Section 6 of the Existing Agreement for Sprint's use of the Channels through the conclusion of the month in which the Effective Date occurs. Each party hereby waives any and all claims it may have as against the other party which arise out of the performance or non-performance of the Existing Agreement, provided, however, that each party shall be obligated to comply with the indemnification obligations under Section 13 of the Existing Agreement with respect to any indemnifiable claims thereunder brought by third parties (including any government and its regulatory agencies) for actions taking place prior to the Effective Date.

SECTION 2. Term of Amended Agreement. Subject to the provisions for earlier termination contained in Section 10 hereof, this Amended Agreement will extend for: (a) an initial term of five (5) years from the Effective Date (the "Initial Term"); and (b) two additional terms of five (5) years each (each a "Renewal Term") unless Sprint notifies BSU at least one hundred eighty (180) days before the end of the Initial Term or the first Renewal Term, as the case may be, that Sprint elects not to extend this Amended Agreement for the upcoming Renewal Term. The Initial Term and any Renewal Term that goes into effect will herein be referred to collectively as the "Term." If Sprint elects not to renew this Amended Agreement at the conclusion of the Initial Term or the first Renewal Term, no later than forty-five (45) days following the conclusion of the Initial Term or first Renewal Term, as the case may be, Sprint will pay to BSU a one time early termination fee equal to the aggregate of all Monthly Fees (as defined in Section 6) paid to BSU during the twelve (12) months immediately preceding such date of termination.

SECTION 3. Allocation and Use of Airtime.

A. Pre-Transition Allocation of Capacity to BSU. The parties acknowledge that BSU is currently transmitting from the Transmit Site educational and instructional video programming, and agree that until the later to occur of October 16, 2003 or such time as a sufficient number of Provided Internet Access Sites (as defined in Section 4.B.1.), capable of receiving Internet access service over the Sprint System, have been installed to enable BSU to satisfy the FCC's minimum educational usage requirements for ITFS licensees engaged in the leasing of excess capacity (such later to occur being referred to herein as the "High Speed Internet Access Transition Date"): (i) BSU's educational and instructional video programming will be loaded onto a single Channel, subject to Sprint's right to shift such programming to another channel as provided herein, and BSU will be allocated on Sprint's system sufficient capacity to deliver one (1) full-time NTSC-formatted television signal (comprising a primary video and audio signal along with subcarriers, secondary audio channels, vertical blanking intervals and other signal components normally utilized in the transmission of NTSC formatted television signals) (a "Video Program Track") to the Current ITFS Sites (as such term is defined in Section 4.A., below) from the Transmit Site ("BSU's Capacity"); and (ii) Sprint shall transmit such material as BSU shall deliver to Sprint at the Transmit Site for transmission utilizing BSU's Capacity. BSU acknowledges that transmitting educational and instructional video programming comprising one (1) Video Program

Track over one channel from the Transmit Site utilizing analog technology will fully utilize all of BSU's minimum use and recapture time under the FCC's rules applicable to analog ITFS facilities. BSU recognizes that the shifting of that programming onto another channel within the Sprint System (as such term is defined in Section 6.B.2.) and/or the digital compression of that programming would improve the spectral efficiency of the system. Therefore, BSU agrees that, subject to compliance by Sprint with Section 4.A.1., until the High Speed Internet Access Transition Date, Sprint may, at its sole discretion, digitally compress the Video Program Track and/or channel shift or channel load the transmission of the Video Program Track onto any MDS or ITFS channels, provided such digital compression and/or shifting or loading will not have a noticeable adverse effect on the ability of Sprint to deliver a signal from the Transmit Site using channels included in the Sprint System that will provide for the reliable reception of the Video Program Track at the Current ITFS Sites. In the event Sprint, in its sole discretion, elects to digitally compress the Video Program Track prior to the High Speed Internet Access Transition Date, BSU's Capacity shall equal the greater of the capacity required to transmit the visual equivalent of one (1) full time Video Program Track or 5% of the capacity of the Channels (i.e. 1.2 MHz). Upon the High Speed Internet Access Transition Date, BSU's Capacity shall be as specified in Section 3.B. below.

B. Post-Transition Allocation of Capacity to BSU. The parties acknowledge that BSU's objective is to convert from its current usage of the Channels for video distribution to a paradigm under which it will contribute the Channels to an integrated, multi-licensee system in which it will be entitled to an Internet access service at a specified number of locations. The parties recognize, however, that due to the complexity of the FCC's licensing rules for digital, two-way services and uncertainties regarding the intentions of other licensees with whom use of the Channels as contemplated hereunder must be coordinated, it is impossible as of the Effective Date to establish an exact schedule for the conversion. Therefore, BSU will cease transmitting video programming over BSU's Capacity as of the High Speed Internet Access Transition Date. At such time as the Sprint System is utilized to provide an Internet access service to at least one hundred (100) paying subscribers (the "Internet Launch Date"), Sprint will provide BSU with notice of such event. Thereafter, subject to the provisions of Section 4.B.1., BSU will have thirty (30) days to designate a sufficient number of locations for installation of Provided Internet Access Sites which will enable BSU to satisfy the FCC's minimum educational usage requirement for ITFS licensees engaged in the leasing of excess capacity. Commencing upon the High Speed Internet Access Transition Date, BSU's Retained Capacity shall no longer be utilized for, and thereafter Sprint will not be obligated to support, the transmission of video programming. Following the High Speed Internet Access Transition Date, Sprint will make available to BSU on the Sprint System the equivalent of five percent (5%) of the capacity of the Channels which BSU may access utilizing Sprint's standard high speed internet access service via the Provided Internet Access Sites and the Retained Capacity Access Sites (as such terms are defined in Sections 4.B.1 and 4.E.1 below). From the High Speed Internet Access Transition Date, such capacity shall be "BSU's Capacity" for purposes of this Amended Agreement provided that such capacity shall not be less than the equivalent of five percent (5%) of

the capacity of the Channels. BSU acknowledges that in order to promote the most efficient use of the spectrum, Sprint may, in its sole discretion, engage in channel loading or channel shifting of BSU's Capacity onto any MDS or ITFS channels, provided such shifting or loading will not noticeably impair the ability of BSU to utilize the Licensee's Internet Access Service (as such term is defined in Section 3.C.1.) at the Provided Internet Access Sites.

C. Use of BSU's Capacity.

1. BSU's Capacity shall be used for the transmission of material which, at a minimum, satisfies the FCC's minimum educational usage requirements for ITFS licensees engaged in the leasing of excess capacity. Following the High Speed Internet Access Transition Date, the transmissions made by or on behalf of BSU to and from the Provided Internet Access Sites and the Retained Capacity Access Sites shall be deemed "Licensee's Internet Access Service" for purposes of this Amended Agreement.

2. If Sprint is providing the content transmitted over BSU's Video Program Track, Sprint may integrate such programming into the overall communications services offered to its subscribers without BSU's consent. Subject to the prior written consent of BSU and until the High Speed Internet Access Transition Date, Sprint shall have the right to integrate any video content produced or acquired by BSU into the overall communications service offered to Sprint's subscribers; provided, however, that nothing contained herein shall be construed as to prohibit BSU from charging Sprint for the fair value for the use of any such content produced or acquired by BSU.

D. Allocation and Use of Leased Excess Capacity. All capacity of the Channels that is not BSU's Capacity is leased to Sprint for its exclusive use (the "Leased Excess Capacity"). Sprint may, without the prior consent of BSU, sublease any portion of the Leased Excess Capacity, provided that the sublessee agrees in writing to be bound by the restrictions of this Section 3.D. Sprint may, without the prior consent of BSU, permit any entity that is owned by Sprint, owns Sprint or is owned in common with Sprint (a "Sprint Affiliate") to utilize any portion of the Leased Excess Capacity. Nothing in this Amended Agreement shall be construed to create a duty on the part of Sprint to actually transmit any minimum number of hours of programming, except as required by FCC rules and regulations to, among other things, preserve BSU's authorizations for the Channels, or to obligate Sprint to obtain or furnish substitute or alternative programming in cases where programming is deemed prohibited by this Section 3.D. Except as provided herein, the Leased Excess Capacity may be used by Sprint for any now or hereafter legal purpose (including, but not limited to, the transmission of one-way or two-way voice, video and/or data services), without any restriction on the substance, format or type of information or signal to be transmitted. To the extent that Sprint elects to use the Leased Excess Capacity to transmit a video programming service, it will only select for transmission over the Channels video programming of a sort which would not serve to place BSU's reputation in the

community in jeopardy and will not transmit "Adult Content" video programming over the Channels. "Adult Content" shall include any motion picture which is rated "R", "X" or "NC-17" by the Motion Picture Association of America or which does not carry an MPAA rating and would reasonably be considered "adult" in nature. BSU acknowledges that Sprint may not exercise control over the content, communications or postings initiated or made by third parties over the Internet or other computer, data networking or voice systems and that Sprint will not be restricted by this Section in providing Internet, data, video streaming or voice services or otherwise liable to BSU for the content, communications or postings initiated or made by third parties over the Internet or other computer, data networking or voice systems transmitted over the Channels.

SECTION 4. ITFS SITES.

A. Current ITFS Sites. Attached hereto as Exhibit A is a list, as of the Effective Date, of the locations that are within both BSU's FCC-defined protected service area and a circle centered at the Transmit Site with a 35-mile radius (the "Serviceable Area") and at which have operable and active reception equipment which enable such sites to receive BSU's current video programming service from the Transmit Site (the "Current ITFS Sites"). In the event that prior to the High Speed Internet Access Transition Date BSU shall cease to utilize BSU's current video programming service at a Current ITFS Site, such location shall no longer be considered as a Current ITFS Site and BSU shall promptly so notify Sprint. BSU will then be permitted to specify a replacement Current ITFS Site within the Serviceable Area which can receive BSU's programming from the Transmit Site without interference from previously licensed or proposed facilities of the Sprint System, provided, however, that BSU will be responsible for any costs associated with the installation of such replacement Current ITFS Site. To the extent that any equipment being utilized as of the Effective Date by BSU to receive transmissions over the Channels located at a Current ITFS Site (the "Current ITFS Site Equipment") is owned by Sprint, such equipment hereby becomes the sole property of BSU, provided, however, that until the High Speed Internet Access Transition Date, Sprint will, at its sole cost and expense, repair, maintain and replace, as needed, the Current ITFS Site Equipment from the reception antenna up to the Video Demark Point (as defined herein). If Sprint, in the fulfillment of its obligations to maintain the Current ITFS Site Equipment, is required to replace any such equipment, such replacement shall remain the property of Sprint; provided, however, that if this Amended Agreement expires or terminates (other than pursuant to Section 10.B. or by Sprint pursuant to Section 10.A.) prior to the High Speed Internet Access Transition Date, any and all such replacement equipment shall become the property of BSU.

1. If prior to the High Speed Internet Access Transition Date, Sprint exercises its right pursuant to Section 3.A. to digitally compress the Video Program Track then prior to commencing digital transmissions Sprint shall install at no cost one digital converter/decoder at each of the Current ITFS Sites. Prior to commencing digital transmissions, Sprint shall also upgrade the reception antenna, downconverter, and the internal wiring system leading to a single television or the central signal input for an internal distribution system (such point

of connection hereinafter the "Video Demark Point") at any Current ITFS Site to the extent necessary to avoid any noticeable adverse effect upon the reliable reception of the Video Program Track at the Current ITFS Sites by virtue of the digital compression. Any equipment provided by Sprint to BSU pursuant to this Section 4.A.1. shall remain the property of Sprint and Sprint, at its sole cost and expense, will be responsible for all repairs, maintenance and replacement of such equipment from the reception antenna at such receive site up to the Video Demark Point; provided, however, that if this Amended Agreement expires or terminates (other than pursuant to Section 10.B. or by Sprint pursuant to Section 10.A.) prior to the High Speed Internet Access Transition Date, any and all such equipment provided by Sprint to BSU pursuant to this Section 4.A.1. shall become the property of BSU.

B. Provided Internet Access Sites.

1. Subject to Section 4.B.4., BSU may designate up to a total of ten (10) locations for the receipt of Internet access service at no recurring cost during the Term, five (5) of which locations may be designated prior to the High Speed Internet Access Transition Date, but after the Internet Launch Date. Each site designated by BSU shall, subject to Section 4.B.8., be within the Serviceable Area, shall utilize Licensee's Internet Access Service, and shall be able to, without interference, receive from and transmit to the facilities of the Sprint System used to provide Internet access service in accordance with FCC rules and regulations with a Standard Internet Access Installation (as such term is defined in Section 4.B.3., below) (such 10 sites, the "Provided Internet Access Sites").

2. Sprint shall make a Standard Internet Access Installation at no cost to BSU at the initial ten (10) Provided Internet Access Sites, as designated pursuant to Section 4.B.1. BSU shall be required to obtain any required approvals or permits prior to the making of a Standard Internet Access Installation at any Provided Internet Access Site. Subject to the provisions of Sections 3.B and 4.B.4., Sprint shall install the equipment comprising a Standard Internet Access Installation within ninety (90) days after the date BSU certifies to Sprint and provides such other evidence as Sprint reasonably requests that BSU has obtained and coordinated all required approvals or permits for the making of the Standard Internet Access Installation at the Provided Internet Access Site.

3. Each "Standard Internet Access Installation" shall consist of the installation of one antenna commonly installed within the Sprint System (however, in no event an antenna with a gain of more than 36 db, a largest dimension greater than one meter and a mast greater than 30 feet in height), a transceiver, a single-port cable modem, up to 150 feet of connecting coaxial cable run through existing, readily-accessible conduit or along floors and walls, and such other miscellaneous equipment as is required to connect such equipment to a single computer or to the central signal input for an internal distribution system (the "Internet Access Subscriber Site Equipment"), such point of connection being

referred to herein as the "Data Demark Point". Upon installation, the Internet Access Subscriber Site Equipment shall become the property of BSU. However, Sprint, at its sole cost and expense, will be responsible for all repairs, maintenance and replacement of the Internet Access Subscriber Site Equipment from the reception/transmission antenna up to the Data Demark Point at the Provided Internet Access Sites.

4. BSU acknowledges that Sprint is entering into this Amended Agreement in contemplation of the use of the Channels in the deployment of a complex two-way broadband wireless system utilizing MDS and ITFS spectrum licensed to multiple parties and that, in the design of this system, Sprint may employ, among other techniques, digitization, cellularization, sectorization, subchannelization and/or superchannelization of some or all of the MDS and ITFS spectrum in order to increase spectral efficiency and minimize intra-system and inter-system interference. BSU further acknowledges that due to, among other reasons, the need to coordinate that system design among a large number of applicants and licensees and to secure FCC approval of the contemplated facilities, the Internet Launch Date may occur prior to the deployment by Sprint of facilities capable of delivering Internet access service to all of the Provided Internet Access Sites. Therefore, Sprint shall be excused from making a Standard Internet Access Installation and thereafter providing Internet access service to any location selected by BSU as a Provided Internet Access Site that is unable to receive service in accordance with FCC rules and regulations with a Standard Internet Access Installation at such time from the then-operating facilities of the Sprint System that are being utilized to provide Internet access service. In the event that BSU designates a location as a Provided Internet Access Site that is unable to receive Internet access service in accordance with FCC rules and regulations at the time (due to a lack of line of sight or other circumstances beyond the control of Sprint), Sprint shall so notify BSU and BSU may designate a replacement Provided Internet Access Site at which Sprint will make a Standard Internet Access Installation and thereafter provide Internet access service within ninety (90) days of the deployment of facilities of the Sprint System capable of providing such service.

5. The parties recognize that the speed of Internet access service is subject to fluctuation for a variety of reasons, including user demand and system capacity, and that, subject to the limitations set forth in this Section, Sprint retains sole discretion to determine the average system throughput speed at which service will be provided over the Sprint System (such average system throughput speed if Sprint offers only one level of throughput with its residential service is hereinafter the "System Data Rate"). Sprint will make the System Data Rate available as the "Provided Data Rate" for the Provided Internet Access Sites. If and as Sprint increases or decreases the System Data Rate, such increased or decreased System Data Rate will become the Provided Data Rate which Sprint is required to provide to the Provided Internet Access Sites without discrimination. However, if Sprint makes multiple levels of service available to its residential

customers which provide for different data rates, the Provided Data Rate will equal the throughput speed associated with the highest standard level of service provided to Sprint's residential customers which does not require an equipment upgrade or the replacement of equipment at the then installed Provided Internet Access Sites; provided, that if and when BSU requests, Sprint will, subject to reimbursement by BSU for Sprint's actual cost of such equipment and labor, upgrade, or install additional equipment at, any installed Provided Internet Access Site as required to enable such Provided Internet Access Site to obtain the higher throughput speed associated with such higher level of residential service. Sprint will provide such upgrades or additional equipment for any uninstalled Provided Internet Access Site at Sprint's sole cost and expense.

6. In the event that BSU shall during the Term cease to utilize Licensee's Internet Access Service at a Provided Internet Access Site, such location shall no longer be considered as a Provided Internet Access Site and BSU shall so notify Sprint. In such event, BSU shall have the option of designating a replacement Provided Internet Access Site pursuant to the parameters set forth in Sections 4.B.1. and 4.B.2. (i.e. BSU is only entitled to the free installation of ten (10) Provided Internet Access Sites).

7. BSU acknowledges that Internet access over the Sprint System may, using certain technologies, require an unobstructed transmission path between the transmission site and any Provided Internet Access Site and that events beyond the control of Sprint, such as the construction of new buildings or the growth of trees, may block that path. In such case, upon notice from BSU, Sprint shall attempt to reorient the antenna at the Provided Internet Access Site to receive service from another transmission site if such service is permitted under the licensing for the Sprint System. If it is not possible for Sprint to provide service from another location, such Provided Internet Access Site shall no longer be considered a Provided Internet Access Site. In such event, BSU shall have the option of designating a replacement Provided Internet Access Site pursuant to the parameters set forth in Section 4.B.1. and Section 4.B.2. (i.e. BSU is only entitled to the free installation of ten (10) Provided Internet Access Sites).

8. BSU acknowledges that locations within the Serviceable Area may be in areas where the protected service area of the Channels overlap with the FCC-defined protected service area of ITFS or MDS licensees in markets other than the Market. In such event, BSU agrees that for purposes of Sections 5.A., 5.B., 5.C., 5.F. and 5.I., Provided Internet Access Sites shall not include any site that is located in the half of such overlap area that is furthest away from the Transmit Site, the halves of the overlap area being created by bisecting the overlap area with a line beginning and ending at the two points where the circles intersect.

C. Upgrading of Sites. BSU shall cooperate with Sprint in the making of technical modifications (including the installation of a new or modified decoder or modem or the replacement of the antenna, downconverter or transceiver with a

superior model) to any Current ITFS Site or Provided Internet Access Site should any such modification be required in order to avoid having facilities that are either proposed in an application submitted pursuant to Sections 5.A. or 5.B., contemplated by a Coordination Document submitted pursuant to Section 5.C., installed pursuant to Section 5.F., or installed by any other entity leasing capacity to Sprint, which would have a noticeable adverse effect on the ability of Sprint to deliver a signal from the Transmit Site using channels within the Sprint System that will provide for the reliable reception of the Video Program Track at the Current ITFS Sites (if prior to the High Speed Internet Access Transition Date) or noticeably impair the ability of BSU to utilize the Licensee's Internet Access Service at the Provided Internet Access Sites (if after the High Speed Internet Access Transition Date). Sprint shall complete such modifications at its sole cost and expense prior to the operation of such facilities. Any equipment provided by Sprint at no cost to BSU pursuant to this Section 4.C. will remain the property of Sprint and Sprint will be responsible at its sole cost and expense for all repairs, maintenance and replacement of such equipment from the antenna up to the Video Demark Point or Data Demark Point, as the case may be, provided, however, that in the event that this Amended Agreement expires or terminates (other than by Sprint pursuant to Section 10.A.), prior to the High Speed Internet Access Transition Date, any equipment provided pursuant to this Section will become the property of BSU.

D. Alternative Distribution. Sprint may utilize alternative distribution mechanisms to satisfy its obligation to deliver the Video Program Track to the Current ITFS Sites or to deliver Licensee's Internet Access Service to the Provided Internet Access Sites, provided that such use of alternative transport mechanisms (i) if prior to the High Speed Internet Access Transition Date, does not have a materially adverse effect on the delivery of the Video Program Track to the Current ITFS Sites or, if after the High Speed Internet Access Transition Date, does not noticeably impair the ability of BSU to utilize Licensee's Internet Access Service at the Provided Internet Access Sites, and/or (ii) does not adversely affect BSU's satisfaction of the ITFS minimum transmission requirements for the Channels under FCC rules.

E. Retained Capacity Access Sites.

1. Upon the High Speed Internet Access Transition Date, BSU may designate an additional number of locations (such number to be determined according to the Formula and will be subject to the terms and conditions set forth on Exhibit B hereof) for the receipt of Internet access service at the same average throughput speed Sprint provides to its basic residential service customers (the "Retained Capacity Access Sites"). Each site designated by BSU shall be within the Serviceable Area, shall utilize the Licensee's Internet Access Service, and shall be able to, without interference, receive from and transmit to the Transmit Site in accordance with FCC rules and regulations with a Standard Internet Access Installation. Furthermore, unless otherwise agreed by the parties, the number of Retained Capacity Access Sites installed in any given sector of a sectorized hub or cell site will not exceed ten percent (10%) of the capacity of such sectorized hub or cell site.

2. Sprint shall make a Standard Internet Access Installation at the Retained Capacity Access Sites subject to reimbursement by BSU of Sprint's actual costs without markup or profit. BSU shall be required to obtain any required approvals or permits prior to the making of a Standard Internet Access Installation at any Retained Capacity Access Site. Sprint shall install the equipment comprising a Standard Internet Access Installation within ninety (90) days after the date BSU certifies to Sprint and provides such other evidence as Sprint reasonably requests that BSU has obtained and coordinated all required approvals or permits for the making of the Standard Internet Access Installation at the Retained Capacity Access Site. Notwithstanding the foregoing, Sprint shall not be required to make more than twenty (20) Standard Internet Access Installations pursuant to this Section 4.E.2. in any thirty (30) day period.

3. Upon installation, the Internet Access Subscriber Site Equipment installed at a Retained Capacity Access Site shall become the property of BSU. Any Internet Access Subscriber Site Equipment provided by Sprint subject to reimbursement by BSU, will be maintained, repaired and replaced, as needed, by Sprint from the reception/transmission antenna up to the Data Demark Point, subject to reimbursement by BSU for Sprint's actual cost of labor and materials, without markup.

4. It is expressly acknowledged and agreed that the Retained Capacity Access Sites are not subject to the protections afforded to the Provided Internet Access Sites pursuant to this Amended Agreement, provided, however, subject to the provisions set forth in Exhibit B, Sprint agrees to provide Internet access service to the Retained Capacity Access Sites pursuant to the same terms and conditions as those contained in its contracts with its basic residential service customers.

SECTION 5. System Licensing and Deployment. BSU acknowledges that, although the Channels are currently operating from the Transmit Site for the transmission of video programming utilizing analog modulation: (a) Sprint is entering into this Amended Agreement in contemplation of the use of the Channels in the deployment of a complex two-way broadband wireless system utilizing MDS and ITFS spectrum licensed to multiple parties and that, in the design of this system, Sprint may employ from time to time, among other techniques, digitization, cellularization, sectorization, subchannelization and/or superchannelization of some or all of the MDS and ITFS spectrum in order to increase spectral efficiency and minimize intra-system and inter-system interference; and (b) BSU desires to migrate its usage of ITFS capacity from the transmission of video programming to Internet access. In furtherance of their objectives, the parties agree, subject to the other terms and conditions of this Amended Agreement (including, without limitation, the reimbursement by Sprint of the reasonable expenses incurred by BSU pursuant to Sections 5.A. through 5.F., both inclusive) as follows:

A. Applications for New or Modified Facilities. Subject to the provisions of Sections 5.E. and 11.C.2., BSU will complete, submit to the FCC on such date as requested by Sprint, and prosecute such applications for new response station

hubs, for new high-power boosters, for any modification to facilities utilizing the Channels (including changes in location, power, polarization, antenna system design or coverage, or modulation) or for the addition of the I channels associated with the Channels (in which case such I channels shall be considered Channels for purposes of this Amended Agreement) as Sprint requests from time to time during the Term which: (i) if prior to the High Speed Internet Access Transition Date, are not predicted to have a noticeable adverse effect upon the ability of Sprint to deliver a signal from the Transmit Site using channels in the Sprint System which will provide for the reliable reception of the Video Program Track at the Current ITFS Sites, or (ii) if such license modifications are to take effect upon or after the High Speed Internet Access Transition Date, are not predicted to noticeably impair the ability of BSU to utilize the Licensee's Internet Access Service at the Provided Internet Access Sites. Sprint will provide BSU with the engineering portion of any application to be completed, submitted and prosecuted pursuant to this Section at least thirty (30) days in advance of the filing date specified by Sprint.

B. Channel Swaps. Subject to the provisions of Sections 5.E. and 11.C.2., BSU will complete, submit to the FCC on such date as requested by Sprint, and prosecute such applications as Sprint may request to effectuate an exchange of one or more of the Channels for the same number of ITFS or MDS channels (except MDS Channels 1, 2 or 2A) licensed in the same general geographic area as the Channels, and will thereafter consummate such exchange provided that: (i) if prior to the High Speed Internet Access Transition Date, such channel swap is not predicted to have a noticeable adverse effect upon the ability of Sprint to deliver a signal from the Transmit Site using channels in the Sprint System which will provide for the reliable reception of the Video Program Track at the Current ITFS Sites, or (ii) if such channel swap is to take effect upon or after the High Speed Internet Access Transition Date, is not predicted to noticeably impair the ability of BSU to utilize the Licensee's Internet Access Service at the Provided Internet Access Sites. Notwithstanding the foregoing (i) BSU will not be required to consummate a channel swap to a MDS channel or channels licensed pursuant to a Basic Trading Area ("BTA") authorization unless the holder of such BTA authorization provides BSU at or prior to consummation with a written statement that the BTA authorization holder will consent to any future modification or addition of a response station hub or booster by BSU that would be permitted under the FCC's Rules were BSU deemed to have an incumbent MDS station with a 35-mile radius protected service area centered at the Transmit Site and (ii) such channel swap will not result in the reduction of the Adjusted Protected Service Area of any of the Channels. For purposes of this Amended Agreement, the "Adjusted Protected Service Area" means that part of the Channel's FCC defined protected service area that does not overlap with the FCC-defined protected service area of other ITFS or MDS licensees on co-channels or adjacent channels in service areas other than the Market plus that portion of the Channel's FCC defined protected service area which is located in the half closer to the Transmit Site of any area which overlaps with the FCC defined protected service area of another such ITFS or MDS licensee licensed for a market other than the Market, the halves of the overlap being created by bisecting the overlap area with a line beginning and ending at

the two points where the circles intersect. Effective upon consummation of such exchange, any Channel(s) assigned by BSU will no longer be considered as a Channel for purposes of this Amended Agreement, and any channel(s) assigned to BSU will be considered a Channel for purposes of this Amended Agreement. Notwithstanding anything to the contrary contained in this Section 5.B., a reduction in the actual service area of a Channel as the result of cellularization and/or sectorization, in and of itself, will not be deemed to be a reduction in the Adjusted Protected Service Area for purposes of this Amended Agreement.

C. Coordination With Other Licensees. Subject to the provisions of Sections 5.E. and 11.C.2., BSU agrees, upon request of Sprint, to execute and promptly return to Sprint any market coordination agreement, interference consent or similar document consenting to facilities of another licensee that would not otherwise be permitted under the FCC's rules and policies (a "Coordination Document") provided that: (i) if prior to the High Speed Internet Access Transition Date, the facilities contemplated by such Coordination Document are not predicted to have a noticeable adverse effect upon the ability of Sprint to deliver a signal from the Transmit Site using channels in the Sprint System which will provide for the reliable reception of the Video Program Track at the Current ITFS Sites, or (ii) if such channel swap is to take effect upon or after the High Speed Internet Access Transition Date, (a) the facilities contemplated by such Coordination Document are not predicted to noticeably impair the ability of BSU to utilize the Licensee's Internet Access Service at the Provided Internet Access Sites and, (b) the Coordination Document does not reduce the Adjusted Protected Service Area of the Channels. Notwithstanding the immediately preceding sentence, a Coordination Document among or between ITFS, MMDS and/or MDS licensees within the Market shall not be deemed as causing a reduction in the Adjusted Protected Service Area for the Channels. Sprint will provide BSU with a draft of any Coordination Document submitted pursuant to this Section together with a draft of the engineering portion of any application (if any) to be consented to, and BSU will have thirty (30) days to review such Coordination Document and supporting documents (if any). If upon such review BSU reasonably believes that such Coordination Document violates the standards set forth in this Section 5.C., BSU will provide Sprint written notice stating with particularity any reasonable good faith objections, the reasons therefor and any possible suggestions to modify the Coordination Document as to comply with the standards set forth in this Section 5.C. Sprint will, in absolute good faith, respond in writing to each of BSU's such concerns and/or objections and use commercially reasonable efforts in light of the parties' obligations hereunder to alleviate any concerns that BSU may have with respect to such Coordination Document. It is agreed that each party has an affirmative duty to amicably resolve any disputes arising pursuant to their respective obligations under this Section. In the event the parties are unable to reach an amicable agreement within forty-five (45) days from the date on which Sprint provides BSU with a Coordination Document pursuant to this Section, subject to Section 11.C.2., BSU will nonetheless execute and deliver the Coordination Document to Sprint, subject to resolution of the dispute as further set forth in Section 11.C.2., it being understood and agreed that any Coordination Document so executed and delivered shall be contingent upon the resolution of such

dispute in favor of Sprint. Furthermore, any party in whose favor such Coordination Document extends, shall have agreed in writing to be bound by the determination of the dispute resolution process as set forth herein. Sprint will, at its sole cost and expense, as against any such third party, enforce BSU's rights with respect to facilities contemplated by a Coordination Document which is subject of a dispute resolution process as set forth herein. Notwithstanding the foregoing, BSU agrees to execute and deliver any Coordination Document consistent with the following sections of the Breckenridge Agreement (a form of which is attached hereto as Exhibit C): Section V.A. (with respect to any proposal for a new or modified facility in an adjacent market, if the Channels are operating with digital facilities); Section V.C. (with respect to any proposal by an incumbent facility (as of the Effective Date) in an adjacent market for a modified facility, and subject to the protections afforded in this Amended Agreement as to the Current ITFS Receive Sites and the Provided Internet Access Sites); and Section IX (with respect to any incumbent facility (as of the Effective Date) with an existing protected service area ("PSA") that overlaps the PSA of BSU).

D. Prosecution of Applications. BSU will promptly and diligently prepare, file and prosecute all necessary application amendments, briefs, pleadings, petitions for reconsideration, applications for review, waiver requests, documents and supporting data, and take all such actions and give all such notices as may be required or requested by the FCC or as may be appropriate to expedite the grant of the applications filed under this Amended Agreement without conditions materially adverse to BSU and Sprint. In the event any person petitions the FCC to deny one or more of the FCC applications filed under this Amended Agreement or otherwise opposes one or more of such applications before the FCC, or in the event the FCC enters an order granting one or more of such applications and any person petitions for reconsideration or review of such order before the FCC or appeals or applies for review in any judicial proceeding, then, if requested to do so by Sprint, BSU must oppose such petition before the FCC or defend such order of the FCC diligently and in absolute good faith, to the end that the objectives contemplated by this Amended Agreement may be achieved. In the event that the FCC denies one or more of the applications submitted under this Amended Agreement or grants one or more of such applications with conditions materially adverse to BSU and/or Sprint, then if requested to do so by Sprint, BSU must seek reconsideration or review of such action diligently and in absolute good faith, to the end that the objectives contemplated by this Amended Agreement may be achieved. If the FCC grants one or more such applications with conditions materially adverse to BSU, and Sprint does not request BSU to seek reconsideration of such action, subject to resolving any dispute involving whether such conditions are materially adverse to BSU or are otherwise permitted modifications or requirements of BSU pursuant to the terms of this Amended Agreement in the manner set forth in Section 11.C.2. (in the event Sprint objects to BSU's planned course of action), BSU may choose not to construct or otherwise implement the facilities authorized by such action, and may return such authorization to the FCC for cancellation.

E. Withdrawal of Application, Cancellation of Authorization or Delay in Construction. BSU acknowledges that due to the complexities inherent in

designing two-way digital broadband systems consistent with the FCC's rules and policies and coordinating such designs among multiple MDS and ITFS licensees or for other reasons, Sprint may, in its sole discretion, elect not to construct or operate facilities authorized to BSU by the FCC in granting an application submitted pursuant to Section 5.A. Upon request of Sprint, BSU agrees that it will withdraw any pending application submitted pursuant to Sections 5.A. or 5.B., return to the FCC for cancellation any authorization secured by grant of an application submitted pursuant to Sections 5.A. or 5.B., or withdraw any filing submitted pursuant to Section 5.D. In addition, if requested to do so by Sprint, BSU must complete, submit to the FCC on such date as reasonably requested by Sprint and prosecute such applications for additional time to construct any facility authorized by grant of an application submitted pursuant to Section 5.A. or to consummate any channel swap authorized pursuant to an application submitted pursuant to Section 5.B.

F. Permissible Modifications, Low-Power Boosters, Etc.. Sprint may install facilities (including low-power boosters) or make facility modifications that are permitted under the FCC's rules without prior FCC authorization provided that: (i) if prior the High Speed Internet Access Transition Date, such facilities are not predicted to have a noticeable adverse effect upon the ability of Sprint to deliver a signal from the Transmit Site using channels in the Sprint System which will provide for the reliable reception of the Video Program Track at the Current ITFS Sites, or (ii) if such facilities are to be installed upon or after the High Speed Internet Access Transition Date, such facilities are not predicted to noticeably impair the ability of BSU to utilize the Licensee's Internet Access Service at the Provided Internet Access Sites. Sprint will provide BSU with the engineering portion of any notice or notification to be completed, submitted to the FCC and prosecuted pursuant to this Section at least thirty (30) days in advance of the installation or modification. Upon notice by Sprint of such installation or modification, BSU will complete and subject to Section 11.C.2., submit to the FCC on such date as reasonably requested by Sprint and prosecute such notices or notifications as are required under the FCC's rules.

G. Reimbursement of Reasonable Expenses. Sprint agrees to promptly reimburse BSU's reasonable engineering and legal costs to review the technical and any other portion of, complete and prosecute pursuant to Section 5.D., any application to be submitted pursuant to Sections 5.A. and 5.B., to review any Coordination Document and related materials submitted pursuant to Section 5.C., or to review and complete any submission requested pursuant to Section 5.E. or Section 5.F., provided that, if requested in writing by Sprint, BSU has given Sprint a good faith written estimate of such costs prior to incurring them and, in the event Sprint objects within a reasonable time in writing to such estimate as excessive, BSU has made a good faith effort to address Sprint's concerns.

H. Amelioration of Adverse Effect. In the event that facilities operated as the result of either: (i) the grant of any application submitted by BSU pursuant to Sections 5.A. or 5.B.; (ii) the submission to the FCC of any Coordination Document executed by BSU pursuant to Section 5.C.; (iii) any notification submitted by

BSU pursuant to Section 5.F.; (iv) any response station installation regardless of whether notice of such installation has been given or not been given to BSU pursuant to Section 5.I.; or (v) any other change in the facilities or operation of the Sprint System (as defined in Section 6.B.2.) within the control of Sprint, actually does have a noticeably adverse effect on the reliable reception of the Video Program Track at any Current ITFS Site (if prior to the High Speed Internet Access Transition Date), or does noticeably impair the ability of BSU to utilize the Licensee's Internet Access Service at the Provided Internet Access Sites as they exist at such time (if after the High Speed Internet Access Transition Date), Sprint will, at its own expense, promptly take all steps, including but not limited to, upgrading such Current ITFS Site(s) (if prior to the High Speed Internet Access Transition Date) or Provided Internet Access Site(s) (if after the High Speed Internet Access Transition Date), to eliminate or reduce any such adverse effect to non-objectionable levels as determined in BSU's reasonable discretion. Sprint shall also respond in a timely manner to resolve any and all system maintenance or operational issues affecting the transmission and/or receipt of the Video Program Track or the Licensee's Internet Access Service. With respect to issues affecting the transmission and/or receipt of the Video Program Track, in the event that any noticeable adverse effect on the reliable reception at any Current ITFS Site of the Video Program Track caused by a modification made at the behest of Sprint is of such a magnitude that prevents such Current ITFS Site from receiving a usable picture, Sprint shall eliminate or reduce such adverse effect to non-objectionable levels as determined in BSU's reasonable discretion within ten (10) days of receipt of written notice from BSU of such deficiency. BSU recognizes that the construction, operation and marketing of Sprint's telecommunications services in compliance with the parameters set forth in this Amended Agreement requires that BSU provide prompt notice of any such noticeable adverse effect. Therefore, BSU will have an affirmative duty to promptly provide Sprint with written notice of any such noticeable adverse effect on the reliable reception of the Video Program Track at any Current ITFS Site and Sprint shall not be required to terminate operation of such offending facility in the absence of prompt notice if such termination would, because of such delay in notice, have a material adverse effect on the business operations of Sprint. In the event that any noticeable adverse effect on the reliable reception at any Current ITFS Site of the Video Program Track does not prevent such Current ITFS Site from receiving a usable picture, Sprint shall eliminate or reduce such adverse effect to non-objectionable levels as determined in BSU's reasonable discretion within thirty (30) days of receipt of written notice from BSU of such adverse effect. With respect to issues affecting utilization of Licensee's Internet Access Service, Sprint will respond as least as quickly as Sprint responds to resolve such issues for other ITFS or MDS licensees or Sprint's paying subscribers, so as to restore BSU's ability to receive Licensee's Internet Access Service at the affected Provided Internet Access Site. Sprint's response and resolution of such issues will be at Sprint's expense, except where the problem arises from negligent or wrongful actions by BSU. BSU will fully cooperate with Sprint's efforts pursuant to this Section 5.H.

I. Notification Zones. BSU agrees that neither Sprint nor any FCC licensee providing MDS or ITFS capacity to BSU will be required either to provide

advance notice to BSU prior to any response station installation, or to professionally install any response station. In the event that BSU experiences any adverse effect on the reliable reception of the Video Program Track at any Current ITFS Site (if prior to the High Speed Internet Access Transition Date) or any noticeable impairment on its ability to use Licensee's Internet Access Service at the Provided Internet Access Sites (if after the High Speed Internet Access Transition Date) due to block downconverter overload or any other technical problem arising from the proximity, frequency, power and/or directionality of any response station operated in connection with the Sprint System, Sprint will be obligated to ameliorate such adverse effect as specified in Section 5.H. BSU shall fully cooperate with Sprint's efforts to cure such interference.

J. Transmission Equipment.

1. **Provision of Transmission Equipment.** Throughout the Term, Sprint will provide BSU, at no cost, with the use of such transmitters, combiners, waveguide or coaxial cable, transmission or response station hub antennas and associated combiners, jumpers and connectors (some or all of which may be shared with other licensees) as is required to construct the transmission and response station hub facilities currently authorized by the FCC for the Channels or subsequently authorized pursuant to Sections 5.A. or 5.B. (unless such authorization is returned to the FCC by BSU for cancellation pursuant to Section 5.E.) or for which a notification is submitted pursuant to Section 5.F. (collectively, the "Provided Transmission Equipment"). Provided Transmission Equipment shall not include Internet Access Subscriber Site Equipment. Subject to the provisions of Section 5.L.2., Sprint will retain title to the Provided Transmission Equipment and will be responsible for the payment of all *ad valorem* taxes and other charges assessed against the Provided Transmission Equipment during the Term. Sprint, at its own cost and expense, may make such alterations of or attachments to the Provided Transmission Equipment as may be reasonably required from time to time by the nature of its business; provided however, that such alterations or attachments may not result in a noticeable adverse effect on the reliable reception of the Video Program Track at any Current ITFS Site (if prior to the High Speed Internet Access Transition Date) or noticeable impairment of BSU's ability to use Licensee's Internet Access Service at the Provided Internet Access Sites (if after the High Speed Internet Access Transition Date) or violate any FCC rule.

2. **STL Equipment.** Until the High Speed Internet Access Transition Date, Sprint shall continue to provide BSU, at no cost, with the use of the existing point to point microwave link used to transport BSU's video programming from BSU's current studio production facilities to the Transmit Site (the "STL", such equipment utilized in the transmission of the microwave link, the "STL Equipment"). Subject to the provisions of Section 5.L.2., Sprint will retain title to the STL Equipment and will be responsible for the payment of all *ad valorem* taxes and other charges assessed against the STL Equipment during the Term.

3. **Operation and Maintenance.** Sprint will, at its sole expense (but subject to BSU's right to supervise the maintenance and operation of the equipment operating under its FCC authorizations), maintain and operate the Provided Transmission Equipment and, until the High Speed Internet Access Transition Date, the STL Equipment in good working order in compliance with the FCC's rules and sound engineering practices. BSU will promptly provide written notice to Sprint if any of the Provided Transmission Equipment or the STL Equipment is not, to BSU's knowledge, maintained in compliance with the foregoing sentence. The Provided Transmission Equipment and the STL Equipment may be replaced or repaired, at Sprint's sole discretion, from time to time for maintenance purposes, to complete construction of subsequently authorized facilities, or for other purposes. Sprint will have no liability to BSU for any losses or damages BSU may suffer due to any malfunction of the Provided Transmission Equipment, the STL Equipment or any other equipment utilized by Sprint to deliver Licensee's Internet Access Service to the Provided Internet Access Sites, unless such losses or damages result directly from any willful act or gross negligence of Sprint or any of its employees or agents. However, regardless of the cause of any malfunction, Sprint will use best efforts to restore service at the earliest possible time.

K. Site Availability. During the Term, Sprint will be responsible, at its sole cost and expense, for securing the rooftop, transmission tower, and equipment room space necessary for the installation of the transmission facilities (other than for facilities at the Provided Internet Access Sites) authorized to BSU for the Channels pursuant to this Amended Agreement.

L. Post-Agreement Considerations.

1. **Continued Operation At Transmit Site/Cell Sites.** Upon expiration or termination of this Amended Agreement (other than termination by Sprint pursuant to Section 10.A.), for so long as Sprint, in its sole discretion, utilizes space at locations to operate facilities for other MDS or ITFS facilities leased or owned by Sprint and BSU is authorized to operate facilities at such locations, Sprint will permit BSU shared access to any MDS/ITFS combiner, waveguide or antenna at such locations owned or leased by Sprint, and space for the Provided Transmission Equipment, provided: (a) that BSU reimburses Sprint for its *pro rata* share of the value of the shared equipment (based upon the number of Channels sharing such equipment as compared to the number of all MDS/ITFS channels using such equipment) and of the ongoing costs of owning or leasing such space (including lease fees, utility expenses, taxes, costs of maintenance and repair of the shared equipment or space, any tower or building on which the equipment is mounted or in which the equipment is stored, and the systems for lighting, heating, ventilating, and cooling the space) (based upon the amount of space utilized by the Channels); (b) that such use by BSU does not have a materially adverse effect by virtue of interruption, interference or similar causes upon Sprint or its business or any other MDS or ITFS licensee sharing the

equipment or space; and (c) any lease pursuant to which Sprint is operating at the cell site permits Sprint to allow BSU occupancy, which permission Sprint will use commercially reasonable efforts both during the term and, if necessary, at its conclusion, to secure.

2. **Post-Agreement Option to Purchase Equipment.** Upon expiration of the Term or the termination of this Amended Agreement pursuant to Section 10 and subject to the provisions of Section 5.M., BSU will have the option to purchase the Provided Transmission Equipment as such exists at the time, or, at Sprint's sole discretion, immediately available equipment comparable to such equipment for an amount equal to the greater of its replacement cost or fair market value. Such option may be exercised by giving written notice to Sprint within fifteen (15) days of the expiration of the Term or the termination of this Amended Agreement pursuant to Section 10 and the parties will use commercially reasonable efforts to consummate the transaction as soon thereafter as practicable.

3. **Cessation of Use/License for Downstream Transmissions.** Upon expiration or termination of this Amended Agreement, Sprint will immediately cease its use of the Channels. In addition, unless BSU then holds such authorizations, Sprint will arrange at no cost to BSU such channel swaps as are necessary for BSU to thereafter hold such authorizations which provide for at least twenty-five percent (25%) of the capacity of the Channels being licensed for point-to-multipoint transmissions.

M. Option to Purchase Video Equipment. Upon the High Speed Internet Access Transition Date, BSU will have the option to purchase for its fair market value the transmitter (or an immediately available comparable transmitter), a proportional interest in any shared equipment at the Transmit Site utilized for the transmission of the Video Program Track (or immediately available comparable equipment) and the STL Equipment. Such option may be exercised by providing Sprint with written notice of BSU's election within six (6) months of the High Speed Internet Access Transition Date. Notwithstanding the foregoing, if prior to the Internet Launch Date Sprint elects to not renew this Amended Agreement for a Renewal Term, the Term expires or this Amended Agreement is terminated by BSU pursuant to Section 10.A., BSU will have the option to purchase for the sum of One Dollar (\$1.00) the transmitter, a proportional interest in any shared equipment at the Transmit Site utilized for the transmission of the Video Program Track (or immediately available comparable equipment) and the STL Equipment.

N. Determination of Modification Standards. As used throughout this Amended Agreement, the determination of whether any facility or modification contemplated herein will be predicted to have, or does have a "noticeable adverse effect on the ability of Sprint to deliver a signal from the Transmit Site using channels included in the Sprint System which will provide for reliable reception of the Video Program Track at the Current ITFS Sites" shall be based upon the picture quality received at a Current ITFS Receive Site. Furthermore, for purposes of this Amended Agreement, new

or modified facilities will conclusively be deemed to not have a noticeable adverse effect upon the ability of Sprint to deliver a signal from the Transmit Site using channels included in the Sprint System which will provide for the reliable reception of the Video Program Track if such facilities are predicted to result in desired-to-undesired ratios superior to that which exist at the time the modification is proposed. The parties recognize that this Section contemplates that through advances in technology, picture quality may be maintained in spite of desired-to-undesired ratios being below the conclusive standard set forth in the immediately preceding sentence. The determination of whether any facility or modification contemplated herein “noticeably impairs the ability of BSU to utilize the Licensee’s Internet Access Service at the Provided Internet Access Sites” shall be determined based upon the comparison of the quality and reliability of service provided at the Provided Internet Access Sites and the level, quality and reliability of service provided at the access sites of Sprint’s paying subscribers subscribing to the same level of service as that provided to the Provided Internet Access Sites.

SECTION 6. Fees.

A. Incentive Payments. Sprint will pay to BSU a non-refundable Incentive Payment in the sum of Thirty Thousand and No/100 Dollars (\$30,000.00) within thirty (30) days of the Effective Date of this Amended Agreement.

B. Monthly Fee. Commencing on the first full calendar month following the Effective Date and continuing through the earlier of: (i) the month in which the Internet Launch Date occurs or (ii) the month in which substantially all of Sprint’s video subscribers have discontinued their subscription for video service with Sprint (the earlier to occur being the “Payment Transition Date”), Sprint will pay to BSU the greater of the Monthly Minimum Payment, the Monthly Royalty Fee or the Monthly Subscriber Royalty Fee (as such terms are defined below). Commencing with the first full calendar month following the Payment Transition Date and continuing through the remainder of the Term, Sprint will pay to BSU the greater of the Monthly Minimum Payment or the Monthly Royalty Fee (the “Monthly Fee”).

1. **Monthly Minimum Payment.** Commencing with the first full calendar month following the Effective Date and continuing through the sixtieth (60th) full calendar month after the Effective Date, the Monthly Minimum Payment shall be Seven Hundred Fifty and No/100 Dollars (\$750.00). Commencing with the sixty-first (61st) full calendar month following the Effective Date and continuing for the remainder of the Term, the Monthly Minimum Payment shall be One Thousand and No/100 Dollars (\$1,000.00).

2. **Monthly Royalty Fee.** The Monthly Royalty Fee will be equal to one-half of one percent (0.5%) of System Adjusted Gross Revenue (as such term is defined below) for the Month.

(a) System Adjusted Gross Revenue for any given month will equal the gross revenues, adjusted pursuant to Section 6.B.ii.(b), collected by Sprint and/or any Sprint Affiliate from its customers (including without limitation both Sprint System subscribers and sublessees of capacity on the Sprint System) during that month for any communications services provided over the Sprint System (including multichannel video programming distribution, internet access services, private data networking services, telephony services, video conferencing services and pay-per-event video, audio or data services). The "Sprint System" is all facilities that (i) utilize the Channels; (ii) are the incumbent MDS or ITFS facilities listed on Exhibit D, as such may be modified from time to time, or any response station hub or booster authorized with respect to such facilities within their FCC-defined protected service area, as such may be revised by private agreement; or (iii) are collocated, integrated or used in conjunction with any facilities described in (i) or (ii) and utilize MDS or ITFS channels other than the Channels.

(b) System Adjusted Gross Revenue will not include:

(1) Equipment, installation and maintenance charges, including charges for the installation or activation of new equipment or services (to the extent that such installation or activation charges do not include a communications service component), charges for equipment sold, recurring lease fees for rented or leased equipment, and charges for the maintenance or repair of equipment;

(2) Third party pass-through charges (including governmental taxes, fees or charges), surcharges, universal service fund contributions, and charges billed on a purely "pass through" basis by Sprint to its subscribers for communications services (such as charges for collect calls or long distance telephone services) rendered by other entities. For purposes of this Section 6.B.ii.(b)(2), charges billed on a "purely pass through basis" shall mean that portion of any charge to the subscriber which in turn is paid to the third party by Sprint; or

(3) Revenue received for non-communications or ancillary services, including revenue for advertising services, web-hosting services, application hosting services, content-related products and services except for those specifically included under Section 6.B.ii.(a), electronic transaction services, data encoding

services, security services and add-on or adjunct services, including voice mail, call waiting, and caller I.D.;

provided, however, if Sprint or any Sprint Affiliate by itself or with any other party offers to its customers multiple services and/or products, the revenues from some of which are included in System Adjusted Gross Revenue ("Included Services") and for others of which are excluded from System Adjusted Gross Revenue ("Excluded Services"), at a combined rate that is less than the sum of the retail rates applied to such Included Services and Excluded Services individually (such combined pricing, the "Bundled Rate"), or if such customers are offered a discount on Included Services if they also purchase an Excluded Service, then the revenue included in System Adjusted Gross Revenue will equal the Proportionate Bundled Rate. The "Proportionate Bundled Rate" is calculated by dividing the retail rates normally employed for Included Services individually by the sum of the retail rates normally employed for Included Services and Excluded Services individually, multiplied by the Bundled Rate. For example, if Sprint combines its broadband wireless internet access service (an Included Service) with a normal retail rate equal to \$60.00 with Sprint PCS service (an Excluded Service) with a normal retail rate equal to \$40.00, and offers such combined services to its customers for \$80.00 (i.e. the Bundled Rate), the Proportionate Bundled Rate will equal \$48.00.

3. **Monthly Subscriber Fee.** The Monthly Subscriber Fee shall equal two and one-half cents (\$.025) per Subscriber (as defined below) per Channel which BSU leases to Sprint during said month (i.e., \$0.075 per Subscriber until October 16, 2003, and after October 16, 2003, \$0.10 per Subscriber). "Subscriber" is defined as a person or entity that is paying for Sprint's services over the Sprint System. The monthly subscriber calculation will be based on the average number of subscribers, which will equal the number of subscribers as of the last day of the prior month plus the number of subscribers as of the last day of the current month divided by two. In situations where Sprint's services are sold in bulk (that is, where a number of viewing units or terminals are grouped together for billing purposes), the number of subscribers will be determined by dividing the total monthly revenues derived from such bulk billing by Sprint's then prevailing retail monthly rate for the equivalent service to individual subscribers in the Sprint System.

C. **Payments.** The Monthly Fee for a given month must be sent to BSU at such address as BSU designates from time to time by first-class, United States Postal Service mail, no later than forty five (45) days after the last day of the month in question. Each payment of the Monthly Fee will be accompanied by a report accurately specifying the calculation of the Monthly Fee due for the month in question, including at

least the System Gross Revenues, the calculation of the Monthly Subscriber Royalty Fee and the Monthly Minimum Payment. Incentive Payments must be sent to BSU at such address by first-class, United States Postal Service mail when due.

D. Proration. If the Term ends on a date other than the last day of a calendar month, then the Monthly Fee for that partial month will be paid on a proportionate basis.

E. Right to Audit.

1. **Maintenance of Records.** Sprint shall at all times during the Term and for one (1) year thereafter keep, maintain and preserve complete and accurate records and accounts pertaining to its financial obligations hereunder for at least the preceding thirty-six (36) month period. Sprint shall also cause any Sprint Affiliate to which it has assigned, subleased or otherwise allowed to use the capacity of the Sprint System to keep, maintain and preserve such records and accounts relating to such assignment, sublease or use.

2. **Audit of System Gross Revenues Methodology, Calculation and Payment.** Within six (6) months of the date on which System Gross Revenue first reaches \$200,000.00 per month, Sprint will provide a report issued in conformity with Statement of Accounting Standard No. 70 "Reports on the Processing of Transactions by Service Organizations". Such report will be prepared by independent auditors and will provide an opinion on the controls placed in operation and tests of operating effectiveness of those controls in effect at Sprint and Sprint Affiliates with respect to the collection of revenues and the computation of System Gross Revenue. In the event such report indicates that Sprint's practices are not in compliance with the provisions set forth in Section 6, Sprint shall make payment to BSU of all amounts due from prior periods. In the event that Sprint or BSU alleges that there is a potential inaccuracy or inconsistency with the provisions of Section 6 specified in such report, and such dispute cannot be resolved by negotiation among Sprint, the accounting firm and BSU, BSU or Sprint shall have the right to submit the issue(s) to commercial arbitration as provided under Section 11.C. of this Amended Agreement.

3. **Results of Audit.** The records and corporate accounts of Sprint and any Sprint Affiliate to which Sprint has assigned, subleased or otherwise allowed to use the capacity of the Sprint System pertaining to the Monthly Fees due to BSU will be available for inspection and audit at Sprint's corporate offices at any time during the term of this Amended Agreement or within ninety (90) days thereafter, during reasonable business hours, by representatives of BSU or its designated certified independent auditor. BSU will be entitled to only one audit of Sprint's records and accounts during any calendar year and the audit will be limited to the records and accounts of Sprint relevant to the lease of BSU's Channels for the immediately preceding twelve (12) months, unless an error exceeding ten percent (10%) of the total is found, in which case

Sprint's records and accounts of the immediately preceding three (3) years may be audited. BSU will provide Sprint with thirty (30) business days advance notice of its intent to audit the records and accounts prior to being allowed to do so. All information obtained by BSU during any audit herein will be maintained by BSU in strict confidence as if such were Confidential Information (as such term is defined in Section 7.D.), except as reasonably necessary for BSU to enforce its rights under this Amended Agreement in any arbitration proceeding or court action as provided herein. If an error is found in the calculation of Monthly Fees, then BSU must provide a written report specifying the error to Sprint and Sprint will have thirty (30) days from the date of receipt of the report to verify the discrepancy. Any monies owed to BSU as a result of the audit must be paid in full within forty-five (45) days of verification by Sprint of the discrepancy together with interest thereon at the rate of nine percent per annum from the time such monies should have been paid through the date of actual payment. In addition, if any underpayment by Sprint exceed ten percent (10%) of the aggregate of the amounts actually owed for such twelve (12) month period, Sprint shall pay the reasonable expenses incurred by BSU in conducting the audit. If Sprint disputes that any monies are due and owing to BSU, Sprint will submit the matter to arbitration pursuant to Section 11.C.

F. Reimbursements. Where one party is required pursuant to this Amended Agreement to reimburse the other party for costs incurred, such payment will be sent to such address as the party to receive such reimbursement designates from time to time by first-class, United States Postal Service mail, no later than forty-five (45) days following receipt of an invoice and such supporting documentation as the party paying the reimbursement reasonably requests.

SECTION 7. Additional Covenants.

A. Maintenance of FCC Authorizations.

1. Preservation of Authorizations. During the Term, BSU must use its best efforts to secure and preserve the authorizations to use the Channels and to permit Sprint to use capacity thereon pursuant to the terms and conditions of this Amended Agreement. BSU must use its best efforts to obtain and maintain in force all licenses, permits and authorizations required or desired in connection with the use of the Channels pursuant to this Amended Agreement. BSU acknowledges that Sprint is leasing excess capacity on the specific frequencies assigned to the Channels and that Sprint would suffer a materially adverse effect were it denied the ability to utilize those frequencies as provided for herein. Except as set forth in Section 7.A.2., BSU will: (a) take all necessary steps to renew the licenses for the Channels prior to their expiration; and (b) avoid any act or activity which could reasonably be expected to cause the FCC to impair, restrict, revoke, cancel, suspend or refuse to renew the licenses for one or more of the Channels. Each of the parties hereto must take all reasonable steps to comply with the Communications Act of 1934, as amended, and the rules and

regulations of the FCC, and must timely file all reports, schedules and/or forms required by the FCC to be filed by it. The obligations of BSU under this Section 7.A.1. will include the obligation to provide Sprint with written notice of any issue, problem or other circumstance which may prevent BSU from maintaining the authorizations to use the Channels and to permit Sprint to use the capacity thereon pursuant to the terms and conditions of this Amended Agreement.

2. **Cancellation or Non-Renewal.** During the Term of this Amended Agreement, BSU may return any authorization for the Channels to the FCC for cancellation or elect not to renew any such authorization, provided that it gives one hundred eighty (180) days prior written notice to Sprint of its intent to do so. Upon written request of Sprint, BSU will assign at no cost such authorizations to such eligible entity as Sprint designates during such one hundred eighty (180) day period that is willing to assume all remaining obligations and benefits of such authorizations, subject to FCC consent. BSU will promptly and diligently prepare and file, and expeditiously prosecute any necessary assignment application and take all such actions and give all such notices as may be required or requested by the FCC or as may be appropriate in any effort to expedite the authorization of such assignment. Until such time as the FCC issues a Final Order (as such term is defined in Section 11.R.) disposing of the assignment application, BSU will not take any action that would jeopardize Sprint's rights under this Amended Agreement. In the event any person petitions the FCC to deny the assignment application or otherwise opposes the assignment application before the FCC, or in the event the FCC enters an order granting the assignment application and any person petitions for reconsideration or review of such order before the FCC or appeals or applies for review in any judicial proceeding, then BSU will oppose such petition before the FCC or defend such order of the FCC diligently and in absolute good faith, at Sprint's reasonable cost and expense, to the end that the assignment contemplated by this Section 7.A.2. may be finally consummated.

3. **Assignment of Authorizations.** Subject to the receipt of all necessary consents, including the consent of the FCC, BSU may assign all of its authorizations for the Channels on terms and conditions of its choosing to a third party eligible to hold such authorizations provided that prior to such assignment BSU agrees in writing to assign all of its rights and obligations under this Amended Agreement and such third party agrees in writing to assume all of BSU's rights and obligations under this Amended Agreement. Such written assignment and assumption must be provided to Sprint no less than sixty (60) days prior to the consummation of the proposed authorization assignment(s) and must be in form reasonably satisfactory to Sprint.

B. Coordination Documents. BSU acknowledges that the ability of the facilities utilizing the Channels to withstand interference, the design of those facilities and the coordination of that design with the design of other facilities licensed to or leased by Sprint is essential to the success of Sprint's business plans. Therefore, unless

requested by Sprint pursuant to Section 5.C., BSU will not execute or otherwise become a party to any Coordination Document.

C. Modification of Facilities. BSU acknowledges that the use of the specific frequencies assigned to the Channels, the design of the facilities utilizing the Channels and the coordination of that design with the design of other facilities licensed to or leased by Sprint is essential to the success of Sprint's business plans. Therefore, unless requested by Sprint pursuant to Section 5.A., BSU will not apply to the FCC for authority to add new facilities or to modify any facilities that utilize the Channels without obtaining the prior written consent from Sprint, which will not be unreasonably withheld, conditioned or delayed.

D. Confidentiality. BSU acknowledges that Confidential Information (as such term is defined below) may be made available to it pursuant to this Amended Agreement, and that such Confidential Information has been and will be developed by Sprint at considerable effort and expense and represents special, unique and valuable proprietary assets of Sprint, the value of which may be destroyed by unauthorized dissemination. Accordingly, except as may be required for the performance and/or enforcement in an arbitration proceeding or court action under or relating to this Amended Agreement, or compliance with any applicable law, during the Term and for a period of five (5) years thereafter, neither BSU nor any of its employees, representatives, agents or affiliates will make use of, disseminate, or in any way disclose any Confidential Information to any third person, firm, corporation or other entity for any reason whatsoever, said undertaking to be enforceable by injunctive or other equitable relief to prevent any violation or threatened violation thereof. BSU must exercise reasonable care to protect the Confidential Information and will disclose Confidential Information only to those of its employees, representatives, agents or affiliates who need to know such information. BSU may disclose Confidential Information if required by any judicial or governmental request, requirement or order, provided that BSU will take reasonable steps to give Sprint sufficient prior notice in order to contest such request, requirement or order by notifying Sprint of such request. As used herein, the term "Confidential Information" means information or material that has been created, discovered, developed or otherwise become known to Sprint (including, without limitation, information created, discovered, developed or made known to Sprint by third parties) which has commercial value in the telecommunications business and is treated or designated by Sprint as confidential, including any engineering design, manufacturing processes or source code, non-public financial information regarding Sprint, information relating to Sprint and Sprint Affiliate research and development, new product pricing and marketing plans of Sprint and Sprint Affiliate, and non-public information relating to Sprint's and Sprint Affiliates' operations, revenues, trade secrets or management practices. Notwithstanding the foregoing, non-public information relating to Sprint's negotiations and relations with BSU, the Sprint Corporation's Integrated On-demand Network (ION) project, ATM or DSL systems, and wireless access systems will be considered Confidential Information. Confidential Information does not include information which: (i) is or becomes generally available to the public, other than as a result of an unauthorized disclosure by BSU or any of its employees, representatives, agents or affiliates; (ii) was available to BSU on a non-

confidential basis prior to its disclosure to BSU; (iii) becomes available to BSU on a non-confidential basis from a source other than Sprint, provided that such source is not bound by a confidentiality agreement with Sprint or is not otherwise prohibited from transmitting the information to BSU; or (iv) information that BSU is required to disclose under applicable legal and regulatory requirements.

E. Cooperation. Sprint and BSU will each, within ten (10) business days of receipt, provide the other with copies of all correspondence, authorizations, forms or other documentation of any sort received from the FCC or any third party relating to the Channels or BSU's status as an ITFS licensee and all correspondence, forms, applications or other submissions by BSU or Sprint to the FCC and relating to the Channels, date-stamped by the FCC to evidence receipt. BSU and Sprint must promptly notify each other of any event of which it has knowledge that may affect any of the authorizations relating to the Channels or BSU's status as an ITFS licensee.

F. Further Efforts. The parties must utilize their best efforts to take such further action and execute such further applications, documents, assurances and certificates as either party may reasonably request of the other, consistent with the parties' rights and obligations under this Amended Agreement, in order to effectuate the purpose of this Amended Agreement. In addition, each party agrees that it will not take any action not otherwise authorized under this Amended Agreement which would adversely affect the rights granted by it to the other party hereunder.

G. Insurance.

1. **Policies Required.** At its expense, Sprint will secure and maintain during the Term with financially reputable insurers not less than the following insurance: (a) "All Risk" property insurance covering the Provided Transmission Equipment and STL Equipment (until the High Speed Internet Access Transition Date) for its full replacement value; (b) Commercial General Liability insurance covering liability resulting from Sprint's operation of the Provided Transmission Equipment and STL Equipment with limits of not less than \$1,000,000 combined single limit per occurrence for bodily injury and property damage liability and \$2,000,000 annual aggregate; and (c) Workers' Compensation, Business Auto liability and other insurance as required by law.

2. **Insurance Policy Forms.** BSU must be named as an additional insured or loss payee, as appropriate, on the above referenced insurance (except Workers' Compensation). Such insurance must be primary to any coverage which BSU carries.

3. **Proof of Insurance.** A certificate of insurance must be delivered to BSU evidencing that the above coverage is in effect and will not be canceled or materially altered without first giving BSU thirty (30) days' prior written notice. Renewal certificates must be delivered prior to the expiration of the term thereof.

4. **Waiver of Subrogation.** Anything in this Amended Agreement to the contrary notwithstanding, neither BSU nor Sprint will be liable to the other or to any insurance company insuring the other party (by way of subrogation or otherwise) for any loss or damage to any structure, building, equipment or other tangible property, or any resulting loss of income, even though such damage or loss might have been occasioned by the negligence of BSU or Sprint or any of their agents or employees, if any such loss or damage is covered by insurance benefiting the party suffering such loss or damage, or was required of such party to be covered by insurance pursuant to this Amended Agreement, but only to the extent such loss is or should have been covered by such insurance. This waiver does not cover deductibles, i.e., the party causing or responsible for a loss will be liable for any and all deductibles under the insurance policies of either party and it will not be entitled to any payment or reimbursement thereof.

H. Prevention of Unauthorized Reception. Upon the request of Sprint, BSU will take such actions as Sprint reasonably requests to assist Sprint in preventing the unauthorized reception of transmissions over the Channels. Sprint will reimburse BSU for all costs reasonably incurred in connection with BSU's satisfaction of its obligations under this Section.

I. Covenant Not To Compete. BSU recognizes that, during the term of this Amended Agreement, BSU's cooperation with Sprint is essential to the success of Sprint's commercial venture, and that such cooperation may be impaired by conflicts of interest. BSU also recognizes that, during the Term of this Amended Agreement, BSU will become privy to Confidential Information concerning Sprint's business practices, technology, subscriber growth rates, business plans and other information which, if revealed to a competitor, could be used in a manner harmful to Sprint. Therefore, during the Term BSU will not, directly or indirectly, acting alone, through an affiliate, or as a member of a partnership or association, or other business entity: (i) offer, provide or deliver, utilizing the Channels or any other MDS or ITFS channels, any commercial telecommunications, video, voice, data or internet service within one hundred miles of the Transmit Site other than services which qualify as ITFS uses under Section 74.931 of the FCC's Rules as the same exist as of this Effective Date (a "Competing Service"); or (ii) lease or license any part of BSU's Capacity to a third party that offers, provides or delivers a Competing Service.

SECTION 8. Representations and Warranties.

A. Of Sprint. Sprint hereby represents and warrants to BSU that:

1. **Organization.** Sprint is duly organized, validly existing and in good standing under the laws of the state or commonwealth of its formation, and has full power and authority to carry out all of the transactions contemplated by this Amended Agreement.

2. **Authorization; Valid and Binding Amended Agreement.**

Sprint has taken all action necessary to authorize the execution and delivery of this Amended Agreement. The person or entity signing this Amended Agreement is duly authorized to execute and deliver this Amended Agreement and to legally bind Sprint to all of the terms, covenants and conditions contained in this Amended Agreement. Upon execution and delivery, this Amended Agreement will constitute a valid and binding agreement of Sprint, enforceable in accordance with its terms.

3. **No Violation.** Except as disclosed herein, neither the

execution and delivery of this Amended Agreement nor the consummation of the transactions contemplated hereby, will constitute or be conducted in such a manner as to be a violation of, be in conflict with, or constitute a default under, any term or provision of any agreement governing Sprint's formation or other governing instruments, or any agreement or commitment to which Sprint is bound, or any judgment, decree, order, regulation or rule of any court or governmental authority, or any statute or law. Except for approval of the FCC and state regulatory authorities, no consent of any federal, state or local authority is required in connection with the execution and delivery of this Amended Agreement or with the performance of the transactions contemplated hereby.

4. **Litigation.** There is no action, suit, proceeding or

investigation pending or, to the actual knowledge of Sprint, threatened against Sprint before any court, administrative agency or other governmental body relating in any way to the transactions contemplated by this Amended Agreement. No unsatisfied judgment, order, writ, injunction, decree or assessment of any court or of any federal, state, local or other governmental department, commission, board, bureau, agency or instrumentality relating in any way to this Amended Agreement or any other agreements, certificates or instruments to be executed and delivered herewith has been entered against and served upon Sprint. There is no action, proceeding or investigation pending or, to the best knowledge of Sprint, threatened against Sprint which questions or challenges the validity of or otherwise seeks to prevent the consummation or performance of this Amended Agreement.

B. Of BSU. BSU hereby represents and warrants to Sprint that:

1. **Organization.** BSU is duly organized, validly existing and

in good standing as a non-profit entity under the laws of the state or commonwealth of its formation, and has full power and authority to carry out all of the transactions contemplated by this Amended Agreement.

2. **Authorization; Valid and Binding Amended Agreement.**

BSU has taken all action necessary to authorize the execution and delivery of this Amended Agreement. The person or entity signing this Amended Agreement on behalf of BSU is duly authorized to execute and deliver this Amended Agreement

and to legally bind BSU to all of the terms, covenants and conditions contained in this Amended Agreement. Upon execution and delivery, this Amended Agreement will constitute a valid and binding agreement of BSU, enforceable in accordance with its terms.

3. **No Violation.** Except as disclosed herein, neither the execution and delivery of this Amended Agreement nor the consummation of the transactions contemplated hereby will constitute a violation of, be in conflict with, or constitute a default under, any term or provision of any agreement governing BSU's formation or other governing instruments, or any agreement or commitment to which BSU is bound, or any judgment, decree, order, regulation or rule of any court or governmental authority, or any statute or law. Except for approval of the FCC, no consent of any federal, state or local authority is required in connection with the execution and delivery of this Amended Agreement or with the performance of the transactions contemplated hereby.

4. **FCC Authorizations.** Set forth as Exhibit E is a true, correct and complete copy of each currently outstanding (as of the Effective Date) authorization that the FCC has issued to BSU to construct and/or to operate ITFS facilities utilizing the Channels (each an "FCC Authorization" and collectively, the "FCC Authorizations"). No application is presently pending before the FCC proposing any modification to any FCC Authorization. Each FCC Authorization, is issued pursuant to a Final Order and is unimpaired by any act or omission by BSU. There is no complaint, inquiry, investigation or proceeding pending before the FCC or, to the best knowledge of BSU, threatened which could result in the revocation, modification, restriction, cancellation, termination or non-renewal of, or other action adversely affecting, any FCC Authorization and BSU knows of no facts that, if brought to the attention of the FCC, could result in the revocation, modification, restriction, cancellation, termination or non-renewal of, or other action adversely affecting, any FCC Authorization. BSU has not entered into any agreement to permit any third party to utilize, whether or not for compensation, any portion of the capacity of the Channels.

5. **Interference Issues.** To the best of BSU's actual knowledge as of the Effective Date, except for agreements to which Sprint or a predecessor in interest of Sprint is a party or otherwise agreed to, BSU has not entered into any agreement which requires or could require any current or future facilities that operate on the Channels to utilize or comply with any particular technical parameters, to cease operation, to limit the hours of operation, or to accept interference. To the best of BSU's actual knowledge as of the Effective Date, except for Coordination Documents to which Sprint or a predecessor in interest of Sprint is a party or otherwise agreed to, BSU has not provided any Coordination Document to any third party or the FCC pursuant to which BSU agreed to accept any interference from any other party.

6. **Litigation.** There is no action, suit, proceeding or investigation pending or, to the actual knowledge of BSU, threatened against BSU before any court, administrative agency or other governmental body relating in any way to the transactions contemplated by this Amended Agreement. No unsatisfied judgment, order, writ, injunction, decree or assessment of any court or of any federal, state, local or other governmental department, commission, board, bureau, agency or instrumentality relating in any way to this Amended Agreement or any other agreements, certificates or instruments to be executed and delivered herewith has been entered against and served upon BSU. There is no action, proceeding or investigation pending or, to the best knowledge of BSU, threatened against BSU which questions or challenges the validity of or otherwise seeks to prevent the consummation or performance of this Amended Agreement.

C. Survival of Representations and Warranties. The representations and warranties contained in this Amended Agreement will be deemed to be continuing during the Term of this Amended Agreement, and each party has the duty promptly to notify the other of any event or circumstance which might reasonably be deemed to constitute a breach of or lead to a breach of its warranties or representations.

SECTION 9. Indemnification.

A. By BSU. To the extent permitted by law, BSU hereby covenants and agrees to, and does hereby, indemnify, defend and save harmless Sprint, its directors, officers, shareholders, employees and agents (the "Sprint Indemnitees") from and against and shall reimburse any Sprint Indemnitee on demand for any and all liabilities, losses, damages, claims, demands, actions, costs and expenses (including, without limitations, reasonable court costs and attorneys' fees) of whatsoever kind or nature, which any of the Sprint Indemnitees may suffer, sustain, incur, pay, expend or lay out by reason, by virtue or as a result of any third party claim against any Sprint Indemnitee based on or alleging: (i) any breach or default by BSU of any of its covenants, agreements, duties or obligations hereunder; (ii) any breach or default of, or inaccuracy or omission in, any representation or warranty of BSU contained herein; or (iii) any negligence or willful misconduct of BSU, its officers, employees or agents in connection with the performance of this Amended Agreement. Moreover, BSU will forever protect, save, defend and keep the Sprint Indemnitees harmless and indemnify them against: (i) any and all claims, demands, losses, costs, damages, suits, judgments, penalties, expenses and liabilities resulting from third party claims of libel, slander or the infringement of copyright or the unauthorized use of any trademark, trade name, service mark or any other claimed harm or unlawfulness arising from the selection and/or transmission of any programming by BSU; and (ii) third party claims arising as a result of selection and transmission by BSU of programming or other material that is obscene, indecent, profane, or defamatory under 18 U.S.C. Sec. 1464, as it may be amended from time to time, or under any other federal statute, regulation or rule, or which is obscene, indecent, profane or defamatory under the laws of the state in which the Transmit Site is located.

B. By Sprint. To the extent permitted by law, Sprint hereby covenants and agrees to, and does hereby, indemnify, defend and save harmless BSU, its officers, employees and agents (the "ITFS Indemnitees") from and against and will reimburse any ITFS Indemnitee on demand for any and all liabilities, losses, damages, claims, demands, actions, costs and expenses (including, without limitations, reasonable court costs and attorneys' fees) of whatsoever kind or nature, which any of the ITFS Indemnitees may suffer, sustain, incur, pay, expend or lay out by reason, by virtue or as a result of any third party claim against any ITFS Indemnitee based on or alleging: (i) any breach or default by Sprint or any Sprint Affiliate of any of Sprint's covenants, agreements, duties or obligations hereunder; (ii) any breach or default of, or inaccuracy or omission in, any representation or warranty of Sprint contained herein; or (iii) any negligence or willful misconduct of Sprint or Sprint Affiliate, its officers, directors, stockholders, employees or agents in connection with the performance of this Amended Agreement or its offering of communications services over the Sprint System. Moreover, Sprint will forever protect, save, defend and keep the ITFS Indemnitees harmless and indemnify them against: (i) any and all claims, demands, losses, costs, damages, suits, judgments, penalties, expenses and liabilities resulting from third party claims of libel, slander or the infringement of copyright or the unauthorized use of any trademark, trade name, service mark or any other claimed harm or unlawfulness arising from the selection and/or transmission of any information by Sprint; and (ii) third party claims arising as a result of any selection and/or transmission by Sprint of programming or other material that is obscene, indecent, profane, or defamatory under 18 U.S.C. Sec. 1464, as it may be amended from time to time, or under any other federal statute, regulation or rule, or which is obscene, indecent, profane or defamatory under the laws of the state in which the Transmit Site is located.

C. Claims for Indemnification. Where indemnification under this Section is sought by a party (the "Claiming Party"): (i) it must notify in writing the other party (the "Indemnifying Party") promptly of any claim or litigation or threatened claim to which the indemnification relates; (ii) upon the Indemnifying Party's written acknowledgment of its obligation to indemnify in such instance, in form and substance satisfactory to the Claiming Party, the Claiming Party will afford the Indemnifying Party an opportunity to participate in and, at the option of the Indemnifying Party, control, compromise, settle, defend or otherwise resolve the claim or litigation (and the Claiming Party may not effect any such compromise or settlement without prior written consent of the Indemnifying Party), provided, however, that neither may the Indemnifying Party compromise or settle any claim or litigation without the prior written consent (which consent shall not be unreasonably withheld, conditioned or delayed) of the Claiming Party, or consent to the entry of any judgment or enter into any settlement which does not include as an unconditional term thereof the giving by claimant to the Claiming Party a release from all liability with respect to the claim; and (iii) the Claiming Party will cooperate with the Indemnifying Party in its above-described participation in any compromise, settlement, defense or resolution of such claim or litigation. In the event that the Indemnifying Party does not so acknowledge its indemnification responsibility, the Claiming Party may proceed directly to enforce its indemnification rights.

D. Survival. The agreements of indemnification set forth in this Section will remain in full force and effect for a period of one (1) year following the termination or expiration of the Term unless, during such one (1) year period, a Claiming Party makes a claim against an Indemnifying Party pursuant to Section 9.C., in which event such claim will continue to be governed by the provisions of this Section 9 until a resolution of such claim has been completed with all applicable appeal periods having expired.

SECTION 10. Termination or Expiration.

A. Termination by Reason of Default. A party may terminate this Amended Agreement upon thirty (30) days written notice to the other party if the other party is in default and fails within such thirty (30) day period to cure such default; provided, however, if such default is not reasonably capable of being cured within such thirty (30) day period, this Amended Agreement may not be terminated so long as the party in default commences action to cure such default within said thirty (30) day period and thereafter diligently pursues such cure to completion within a reasonable amount of time considering the circumstances. A party will be deemed to be in default under this Amended Agreement if it fails to comply with any material obligation, term or covenant of this Amended Agreement or if it breaches any material representation or warranty. It is understood and agreed, however, that BSU's loss of any authorization for any of the Channels shall not be deemed a default by BSU if BSU used best efforts to preserve such authorization as required by Section 7.A.1., or if the loss is for reasons beyond BSU's control. It is also agreed and understood that BSU's obligations to use best efforts as set forth in the immediately preceding sentence and Section 7.A.1. shall include the obligation to provide Sprint with prompt notice of any occurrence, circumstance, non-occurrence or event which may result in the loss of any authorization to lease or use the Channels and to provide Sprint the opportunity, at Sprint's sole election, to take any lawful action to maintain the authorizations for the Channels.

B. Termination of FCC Authorization. This Amended Agreement will terminate upon the issuance by the FCC of a Final Order terminating BSU's authority to utilize or lease the Channels.

C. Effect of Termination. Except as otherwise specifically provided in this Amended Agreement, and except with respect to Sections 1, 6.E., 7.D., and 11.O., upon expiration of the Term or in the event of the termination of this Amended Agreement, this Amended Agreement will no longer have any effect in establishing the rights and obligations of the parties hereto. Termination of this Amended Agreement pursuant to Section 10.A. will not affect or diminish the rights or claims or remedies available in equity or at law to the non-defaulting party arising by reason of any default leading to such termination. Termination pursuant to Section 10.B. will be without liability to either BSU or Sprint, unless such termination results from a default by a party under this Amended Agreement, in which case such termination will not affect or diminish the rights or claims or remedies available in equity or at law to the non-defaulting party arising by reason of such default.

SECTION 11. Miscellaneous.

A. Assignment of Agreement. Sprint and BSU each has the absolute right to assign its rights and obligations under this Amended Agreement, provided that the party making the assignment gives written notice to the other party, that the assignee agrees in writing to assume all of the duties and obligations of the assignor under this Amended Agreement, and that, in the case of an assignment by BSU, the proposed assignee acquires BSU's authorizations for the Channels and the provisions of Section 7.A.3. are complied with. Sprint may assign, pledge, hypothecate or grant a security interest in its rights under this Amended Agreement as collateral or security for any financing arrangements it makes. Sprint may also grant a security interest in any of the Provided Transmission Equipment and STL Equipment as collateral or security for any financing arrangement it makes; provided, however, that any security interest in any of the Provided Transmission Equipment or STL Equipment shall be made subject to the priority rights of BSU pursuant to the provisions of this Amended Agreement, including but not limited to Section 5.L.

B. Counterparts. This Amended Agreement may be executed in one or more counterparts, each of which will be deemed an original, but all of which together will constitute one and the same agreement.

C. Dispute Resolution Through Arbitration.

1. **Dispute Resolution.** The parties will utilize good faith efforts to resolve any disputes arising out of or relating to the negotiation, execution, interpretation, performance or nonperformance of this Amended Agreement through amicable settlement discussions to be commenced by the giving of a written notice of dispute by the party claiming to be aggrieved. The notice of dispute must state with specificity the matters in dispute, the position of the party giving the notice of dispute and the rationale for that position. Except as provided in Section 11.C.2., below, if the parties fail to resolve the dispute by amicable settlement within fifteen (15) days from the date the notice of dispute is given, either party may then request the final settlement of such dispute through arbitration in the city and state in which the Transmit Site is located, under the Commercial Arbitration Rules (the "Rules") of the American Arbitration Association (the "AAA") by notifying the other party and the AAA in accordance with the Rules. The arbitration will be conducted by three (3) arbitrators appointed in accordance with the Rules and will be conducted pursuant to expedited and accelerated procedures. The arbitrators must decide the issues submitted to them in accordance with the provisions and commercial and educational purposes of this Amended Agreement.

2. **Preservation of Status Quo.**

(a) The parties will utilize commercially reasonable efforts to preserve the *status quo* between written notice of dispute and the

earlier of a settlement of the dispute or the issuance of a final decision by the arbitrators.

(b) BSU acknowledges the complexity of the system development Sprint intends to undertake, the practical necessity of coordinating among numerous MDS and ITFS licensees the execution and filing of applications and Coordination Documents, and the potential adverse impact under the FCC's rules and policies should the filing of such documents be delayed. In light of these and other considerations, the parties agree that time is of the essence with respect to any request by Sprint for BSU to complete and file any application submitted to it pursuant to Sections 5.A. or 5.B., to execute any Coordination Document submitted to it pursuant to Section 5.C., or to complete and file any notice or notification submitted to it pursuant to Section 5.F. (each of the foregoing, for purposes of this Section 11.C. being a "Section 5 Request"). If BSU believes that compliance with or effectuation of a Section 5 Request would (i) have a noticeable adverse effect on the ability of Sprint to deliver a signal from the Transmit Site that will provide for the reliable reception of BSU's Video Program Track at the Current ITFS Sites (if prior to the High Speed Internet Access Transmission Date), (ii) noticeably impair the ability of BSU to utilize Licensee's Internet Access Service at the Provided Internet Access Sites, or if such Section 5 Request is made pursuant to Section 5.B. or 5.C., result in a reduction of the Adjusted Protected Service Area, BSU's sole remedy is to give a written notice of dispute pursuant to Section 11.C.1. within thirty (30) days of Sprint's delivery of the Section 5 Request. If the parties are unable to settle the dispute amicably within fifteen (15) days, either may require that the matter be submitted for resolution by a mutually agreeable independent qualified industry engineering consultant to resolve any dispute as to the technical aspects of such Section 5 Request submitted to BSU, the costs of whom will be shared equally by the parties. In order to assure BSU ample opportunity to review any application, Coordination Document, notification or other document submitted to it by Sprint, the execution by BSU of an application, Coordination Document, notification or other document submitted by Sprint pursuant to a Section 5 Request prior to the expiration of such thirty (30) day period will be without prejudice to BSU's right to give a written notice of dispute and commence a dispute resolution procedure within the deadlines set forth in this Section. Notwithstanding the first sentence of Section 11.C.2., while any such dispute is pending: (a) BSU will, if it has not already done so, complete and file the application, execute the Coordination Document, or complete and submit the notice or notification, as the case may be, as requested by Sprint; and (b) BSU will refrain from withdrawing or failing to prosecute any application or renouncing any Coordination Document or otherwise jeopardizing FCC authorization of the contemplated facilities, and must

utilize absolute good faith efforts to prosecute the application to grant. In order to assure that BSU does not suffer any materially adverse effect during the pendency of any dispute resolution procedure: (a) should any facilities contemplated by any application or Coordination Document be authorized by the FCC while any dispute is pending, Sprint agrees that any such facilities will not be placed into operation unless and until the dispute is resolved favorably to Sprint; (b) Sprint will not place into operation any facilities that are permitted by the FCC without prior authorization if Sprint receives the notice of dispute prior to doing so; (c) Sprint will take all steps necessary to enforce BSU's rights with respect to a Coordination Document as specified in Section 5.C.; (d) BSU will not be required to consummate any disputed channel swap unless and until the dispute is resolved favorably to Sprint; and (e) Sprint will cease utilizing facilities installed pursuant to Section 5.F. or will return facilities modified pursuant to such Section to their prior configuration if the dispute is resolved unfavorably to Sprint. Notwithstanding anything to the contrary contained herein, in the event that a dispute relating to an application, Coordination Document, notification or other document submitted by Sprint pursuant to a Section 5 Request involves the interpretation or construction of this Amended Agreement (as opposed to the technical determination of whether a proposed action would violate the standards for a Section 5 Request as set forth herein) of this Amended Agreement, the matter will be submitted to arbitration in lieu of the engineer, provided, however that the other provisions of this Section 11.C.2. shall remain in operation.

3. **Finality of Arbitration Award or Engineer's Decision.**

The parties agree that the award of the arbitrators or the engineer's decision will be final and waive any right to trial by jury or to challenge the arbitrators' award or the engineer's decision. However, any party aggrieved by a default by the other may seek immediate injunctive relief pursuant to Section 11.P. before any court of competent jurisdiction set forth in Section 11.I. and agree that such relief will not be sought to avoid or stay the arbitration or the engineer's decision. Judgment on the award of the arbitrators or enforcement of the engineer's decision may be entered in any court having jurisdiction over the party against whom enforcement of the award is being sought. In their final award, the arbitrators may apportion the costs incurred in conducting the arbitration (including without limitation reasonable fees of counsel) between the parties as the arbitrators deem appropriate. Anything in this Amended Agreement to the contrary notwithstanding, in no event may the arbitrators award consequential damages unless the arbitrators determine that such damages were the result of the bad faith, malicious and willful misconduct of the losing party.

4. **Non-Conformance and Inaccuracy Objections.**

(a) If BSU in good faith reasonably believes that (a) the mere act of filing any application submitted to it pursuant to Section 5.A.

or Section 5.B.; or (b) that the execution and delivery of any Coordination Document submitted to it pursuant to Section 5.C., based upon the advice of competent legal counsel familiar with the rules and policies of the FCC applicable to ITFS, would cause BSU to be in violation of FCC rules or policies which would serve as the basis for the FCC to terminate BSU's authorizations to operate the Channels or impose administrative sanctions on BSU, BSU will, within thirty (30) days from the date on which Sprint submits to BSU the requested application or Coordination Document, provide Sprint with written notice setting forth with particularity the basis for such objection (a "Non-Conformance Objection"). Sprint will in absolute good faith respond in writing to each of BSU's concerns set forth in any Non-Conformance Objection. In the event the parties are not able to reach amicable agreement as to a resolution of the issues raised in the Non-Conformance Objection within fifteen (15) days of Sprint's receipt of the Non-Conformance Objection, Sprint, in its sole discretion, may submit the matter to the Chief of the Branch of the FCC responsible for ITFS licensing issues ("FCC Chief") for an informal decision. Upon such election by Sprint, BSU and Sprint will promptly arrange to jointly meet with FCC Chief and request an informal opinion as to whether the requested action which is the basis for the Non-Conformance Objection would be a violation of FCC rules or policies. BSU and Sprint agree to be bound by the determination of the FCC Chief's informal opinion, provided, however, that if an informal ruling is not available, Sprint may elect to submit the matter to FCC for a formal advisory ruling and in such event the parties agree to be bound by the determination of the FCC formal advisory ruling. Notwithstanding anything to the contrary contained in this Agreement, BSU will not be obligated to file an application or execute and deliver any Coordination Document which is the subject of a Non-Conformance Objection until the parties either reach amicable agreement as to the issues set forth therein or the FCC Chief issues an informal opinion, or if such informal opinion is unavailable, the FCC issues a formal advisory ruling, resolving the issue in favor of Sprint.

(b) If BSU in good faith reasonably believes, based upon the advice of FCC counsel familiar with FCC rules and policies applicable to ITFS, that any application submitted to it pursuant to Section 5.A. or Section 5.B., or that any Coordination Document submitted to it pursuant to Section 5.C. is inaccurate to the extent that the requested action would be in violation of FCC rules or policies which would serve as the basis for the FCC to terminate BSU's authorizations to operate the Channels or impose administrative sanctions on BSU, BSU will, within thirty (30) days from the date on which Sprint submits to BSU the requested application or Coordination Document, provide Sprint with written notice setting forth with particularity the basis for such objection (an "Inaccuracy Objection"). Sprint will in absolute good faith respond in

writing to each of BSU's concerns set forth in any Inaccuracy Objection within 15 days of Sprint's receipt of the Inaccuracy Objection. In the event that the parties are unable to reach amicable agreement as to the issues set forth in any Inaccuracy Objection, Sprint may, in its sole discretion, elect to submit the matter to the dispute resolution procedure set forth in Section 11.C.2., provided, however that BSU will not be obligated to file any application or execute and deliver any Coordination Document which is the subject of an Inaccuracy Objection until such time as the matter is resolved amicably or resolved in favor of Sprint pursuant to the dispute resolution procedure set forth in Section 11.C.2.

(c) This Section 11.C.4. will not be construed as permitting BSU to refuse to file an application submitted to it pursuant to Section 5.A. or Section 5.B., or to refuse to execute a Coordination Document submitted to it pursuant to Section 5.C. based upon the theory that it would abrogate licensee control and is therefore in violation of FCC rules or policies.

5. **Cooperation.** The parties must facilitate the arbitration or the engineer dispute resolution procedure by: (a) making available to one another and to the arbitrators or engineer (as applicable) for examination, inspection and extraction, all documents, books, records and personnel under their control if determined by the arbitrators or engineer (as applicable) to be relevant to the dispute and not otherwise privileged from disclosure, subject to written agreement by the arbitrators or engineer (as applicable) to hold all Confidential Information so disclosed in confidence; and (b) observing strictly the time periods established by the rules or by the arbitrators for submission of evidence or briefs. The parties acknowledge and agree that time is of the essence in resolving any dispute submitted to the dispute resolution process set forth herein.

D. Entire Agreement. This Amended Agreement constitutes the entire agreement between the parties and supersedes the Existing Agreement and all prior oral or written contracts or agreements of any kind. The parties further agree that this Amended Agreement may only be modified by a written agreement signed by both parties.

E. Force Majeure. If by reason of act of God, acts of public enemies, orders of any branch of the government of the United States of America, any state or any political subdivision thereof which are not the result of a breach of or default under this Amended Agreement, orders of any military authority, insurrections, riots, epidemics, fires, civil disturbances, explosions, or any other similar cause or event not reasonably within the control of the adversely affected party, either party is unable in whole or in part to perform its obligations hereunder, such party so unable to perform will not be deemed in violation or default of this Amended Agreement during the period of such inability and the other party shall be excused from performance of its obligations hereunder during such period of inability. If the period of inability extends beyond one hundred eighty

(180) days, the party that is able to perform its obligations may terminate this Amended Agreement without liability by providing thirty (30) days written notice to the other party at any time following the expiration of such one hundred eighty (180) day period.

F. Headings. The headings contained in this Amended Agreement are for convenience of reference only and do not affect in any way the meaning or interpretations of this Amended Agreement.

G. Governing Law. This Amended Agreement is governed by and is to be construed and enforced in accordance with the Communications Act of 1934, as amended, the FCC's rules, the laws of the state of Idaho and, with respect to arbitration, the Federal Arbitration Act.

H. Interpretation. In the event that this Amended Agreement requires interpretation or construction, this Amended Agreement will not be interpreted or construed more strictly against any one party by reason of any rule of interpretation or construction under which a document is to be construed more strictly against the drafting party.

I. Jurisdiction and Venue. Subject to the provisions of Section 11.C., any suit brought with respect to this Amended Agreement must be brought in the county or other applicable court district, or the Federal court district, in which the Transmit Site is located. For any and all such purposes, the parties hereto hereby irrevocably submit to the jurisdiction of such courts, waive all objections thereto (on the grounds of improper venue, forum non conveniens or otherwise), and agree that service of process upon each as provided in Section 11.K. will be effective to establish personal jurisdiction over it in such courts.

J. Licensee Control. Notwithstanding any other provisions of this Amended Agreement, BSU will at all times retain such ultimate and exclusive responsibility for the operation and control of the facilities licensed to it as is required by the FCC's rules.

K. Notice. Except for payments pursuant to Sections 6.C. and 6.F., all notices and other communications given or made pursuant to this Amended Agreement must be in writing and will be deemed received as of the first weekday (excluding Federal holidays) after being sent for next-day delivery by United States Postal Service Express Mail, return receipt requested, or by Federal Express or other reputable overnight courier, signature required, to the other party at the following address:

If to BSU:

Mailstop: KSOPHN0112 1A601

L. Payment of Expenses. Not later than forty-five (45) days after receipt of any invoice from BSU, Sprint shall pay BSU an amount equal to all reasonable legal and consulting engineering expenses in connection with efforts by BSU to obtain, renew, and continue in full force the authorizations for the Channels and to provide assistance to Sprint in licensing and other matters in connection with the performance of this Amended Agreement reasonably requested by Sprint from time to time during the Term. Sprint shall also pay all taxes, assessments and fees due from Sprint or BSU as a result of the use of the Channels for the provision by Sprint or any other party of communications services, including but not limited to any required contributions of BSU to the Universal Service Fund under the Telecommunications Act of 1996 and the FCC's rules and policies. Except as otherwise provided, BSU and Sprint will each pay its own costs and expenses incident to negotiating and fulfilling its obligations under this Amended Agreement. However, in any arbitration, enforcement proceeding based on an arbitration award, or other litigation between the parties arising out of or related to this Amended Agreement, the prevailing party therein is entitled to have its attorney's fees, reasonable expenses, related costs and costs of suit (if any) paid to the extent determined by the merits of the matter by the non-prevailing party. In the case of arbitration, the arbitrators will make such award; in any litigation, the court hearing the dispute will make such determination.

M. Reformation and Severability. If any provision of this Amended Agreement is determined by any court, the FCC or any other governmental authority to be invalid, illegal or incapable of being enforced, all other provisions will nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon any determination that any provision is invalid, illegal or incapable of being enforced, or should Congress, the FCC or any other government authority adopt any new or modified law, rule or public policy such that any provision of this Amended Agreement would be invalid, illegal, incapable of being enforced, or incapable of being performed without a materially adverse effect upon the party responsible for such performance, the parties hereto will negotiate expeditiously and in good faith to modify this Amended Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner to the end that the transactions contemplated hereby are fulfilled to the maximum extent possible. If the parties are unable to negotiate a modification of this Amended Agreement under such circumstances, this Amended Agreement may be terminated by the party that would suffer a materially adverse effect as a result.

N. Relationship of the Parties. BSU and Sprint acknowledge and agree that by the provisions of this Amended Agreement they are entering into an airtime lease relationship and not a joint venture. Neither party will present itself as the other party, nor as having any relationship with one another other than that set forth under the terms of this Amended Agreement. The parties hereto agree that any and all contracts entered into between Sprint and its customers or any other entity shall be for the sole benefit of the parties thereto and shall not be interpreted or construed in any manner as obligating BSU to perform for the benefit of such customers, nor shall such contracts be interpreted or construed as creating in BSU any rights as a third party beneficiary or as otherwise entitling BSU to the benefits of such contracts. BSU shall not be liable to Sprint's customers by virtue of leasing excess capacity under this Amended Agreement and, except as expressly stated herein, BSU shall have no claim to any revenues derived from such customer's use of the Sprint System or from Sprint's contracts or other relationships with such customers or any other entity.

O. Right of First Refusal. Except during any period after which Sprint pursuant to Section 2 has given notice to BSU of its election not to extend this Amended Agreement for a Renewal Term, and the period beginning six (6) months prior to the expiration of the Term, BSU will not during the Term entertain offers from, negotiate with, or enter into any agreement with a third party pertaining to the lease or use for purposes other than ITFS uses as set forth in Section 74.931 of the FCC's Rules (as the same exists as of the Effective Date) by such third party of any or all of the capacity of the Channels. Unless this Amended Agreement is not extended by Sprint pursuant to Section 2 or is terminated by BSU pursuant to Section 10.A., Sprint will have the exclusive right (the "Right of First Refusal") to match the material terms and conditions of any bona fide offer to lease or otherwise use after the Term any or all of the capacity of the Channels, provided such offer is received by BSU during the Term or within eighteen (18) months of the expiration of the Term (the "Right of First Refusal Period").

1. If BSU receives any offer or otherwise commences any negotiations with any third person to enter into an agreement to lease or otherwise use any or all of the capacity of the Channels for non-ITFS purposes within the Right of First Refusal Period, BSU must provide written notice to the third party advising such third party of the Right of First Refusal.

2. If BSU desires to accept any offer to lease or otherwise allow the use for non-ITFS purposes by a third party of any or all of the capacity of the Channels, BSU must first provide written notice to Sprint, identifying the person with whom the proposed agreement is to be made, describing all of the material terms and conditions of the proposed agreement, and representing its intent to accept the offer in the event that Sprint does not elect to match the offer on substantially the same material terms and conditions as those contained in the notice (the "Lease Offer Notice"). Sprint will have a period of thirty (30) days after its receipt of a Lease Offer Notice from BSU in which to elect, by giving written notice (the "Lease Offer Acceptance") to BSU, to enter into an agreement on the same terms and conditions (except as provided in Section 11.O.4.) as contained in the Lease Offer Notice. If Sprint does not give a Lease Offer Acceptance within the requisite thirty (30) day period, BSU may enter into an agreement with such third party upon the terms and conditions set forth in the Lease Offer Notice. In connection with the foregoing, BSU agrees that it may not accept any offer, including, but not limited to, an offer to lease or an offer to refrain from leasing excess capacity on the Channels, that includes terms and conditions that have the sole purpose or necessary effect of preventing Sprint from exercising its Right of First Refusal, it being understood, however, that an offer to lease on financial or other terms deemed unreasonable or unattractive to Sprint will not be deemed as preventing Sprint from exercising its Right of First Refusal.

3. In the event that Sprint does not exercise its Right of First Refusal with respect to any offer, and any material term of such offer is subsequently changed, before accepting such changed offer, BSU must follow the procedures specified in the foregoing subsections, providing Sprint with notice regarding the revised offer and giving Sprint the opportunity to exercise its Right of First Refusal with regard thereto.

4. If the Lease Offer Notice provides that any consideration is to be paid by the third person in whole or in part in a form other than cash, if Sprint is able to provide or procure comparable non-cash consideration, Sprint will so provide or procure. In the event Sprint is unable to provide or procure comparable non-cash consideration, Sprint may substitute, in whole or in part, for such non-cash consideration an amount in cash fairly equivalent to the fair market value of the non-cash consideration payable by the third person. The Lease Offer Acceptance must specify the amount of any such substitute cash consideration and the non-cash consideration for which it is intended to substitute. If BSU disputes that the substitute cash consideration specified by Sprint is in an amount fairly equivalent to the fair value of the non-cash consideration payable by the third

person, BSU must within five (5) days after receipt of the Lease Offer Acceptance provide Sprint with a written notice specifying the amount it considers to be fairly equivalent to the fair value of the non-cash consideration payable by the third person (the "Lease Counter-Offer"). The question of the fair value of the non-cash consideration will be referred to the American Arbitration Association pursuant to Section 11.C. unless Sprint gives BSU written notice within five (5) days after its receipt of the Lease Counter-Offer that it agrees to enter into an agreement containing the fair value set forth in the Lease Counter-Offer. In the event the question of the fair value of the non-cash consideration is referred to the American Arbitration Association, BSU will not enter into any agreement with the third party until five (5) days after determination by the arbitrator. Upon such determination, Sprint will have the option of agreeing to enter into an agreement containing the fair value determined by the arbitrator by giving written notice of such election to BSU within five (5) days of the arbitrator's determination.

P. Specific Performance. Each of the parties acknowledges and agrees that the rights reserved to the other are of a special, unique, unusual and extraordinary character, which gives them peculiar value, the loss of which cannot be reasonably or adequately compensated for in damages in an action at law and the breach by either party of any of the provisions hereof (other than provisions calling for the payment of money) will cause the other irreparable damage and injury. In such event, the non-defaulting party will be entitled, as a matter of right, without further notice, to require of the other party specific performance of all of the acts, services and undertakings required under this Amended Agreement, including the obtaining of all requisite authorizations to execute or perform this Amended Agreement, and to obtain injunctive and other equitable relief in any court of competent jurisdiction to prevent the violation or threatened violation of any of the provisions hereof. Neither this provision nor any exercise by any party of rights to equitable relief or a specific performance herein granted will constitute a waiver of any other rights which the non-defaulting party may have to damages or otherwise.

Q. Waiver. No failure or delay on the part of any party hereto in the exercise of any right hereunder will impair such right or be construed to be a waiver of, or acquiescence in, any breach of any representation, warranty or covenant or other obligation herein. The express or implied waiver by either party of any breach of any representation or warranty or any failure to fulfill any covenant or other obligation under this Amended Agreement will not constitute a waiver of any other representation or warranty or of any other failure in the future or in the past by the other party to fulfill such representation, warranty, covenant, or obligation hereunder.

R. Word Meanings. As used in this Amended Agreement, the term "including" is deemed to mean "including, without limiting the generality of the foregoing." A "Final Order" means an order of the FCC which is effective, which is not subject to any petition for reconsideration, petition to deny or informal objection, application for review, notice of appeal, petition for writ of *certiorari* or request for stay and the time for any party to seek such relief or for the FCC to grant such relief *sua*

sponte has expired. All pronouns and any variations therefor are deemed to refer to the masculine, feminine, neuter, singular or plural as the context may require.

S. Survival of Obligations. All obligations of Sprint or BSU which by their nature involve performance, in any particular, after the end of the Term, or which cannot be ascertained to have been fully performed until after the end of the Term, will survive the expiration or sooner termination of the Term.

T. No Publicity Without Consent. Neither party will issue or permit the issuance of any press release or publicity regarding the other or this Amended Agreement without prior coordination with and advance written approval by the other party, which may be granted or withheld at the other party's sole discretion.

[The remainder of this page is intentionally left blank.]

IN WITNESS WHEREOF, the parties hereto have caused this Amended Agreement to be executed by their duly authorized officers as of the Effective Date.

EXHIBIT B
RETAINED CAPACITY ACCESS SITES**RETAINED CAPACITY ACCESS SITE DETERMINATION**

BSU acknowledges that in addition to contributing the Leased Excess Capacity in the deployment of Sprint's two-way broadband wireless system, BSU has requested that Sprint include the Retained Capacity in the deployment of such two-way broadband wireless system. In exchange for the use of the Internet service provider component, equipment and facilities, BSU agrees to pay Sprint based upon the number of Retained Capacity Access Sites at which BSU, or its designee, utilizes Sprint's high speed Internet access service. The fee with respect to each Retained Capacity Access Site to which Sprint provides Internet access service will be paid monthly by BSU and will equal fifty percent (50%) of the normal recurring monthly retail rate which Sprint charges to its customers for such service.

The number of Retained Capacity Access Sites to which BSU will be entitled pursuant to Section 4.E.1 of the Amended Agreement shall be determined pursuant to the application of the Formula (as defined below). The initial number of Retained Capacity Access Sites will be calculated utilizing predicted values and engineering information provided by Sprint as of the High Speed Internet Access Transition Date. Upon the written request of BSU the number of Retained Capacity Access Sites will be recalculated utilizing the current values and engineering information as of the immediately preceding anniversary of the High Speed Internet Access Transition Date, provided, however, the number of Retained Capacity Access Sites will not be less than the number of Retained Capacity Access Sites which BSU currently has installed and is operating at the time of any such recalculation. For example, if immediately prior to a recalculation, BSU is operating 100 Retained Capacity Access Sites, and upon recalculation the Formula provides that BSU is entitled to 90 Retained Capacity Access Sites, the number of Retained Capacity Access Sites to which BSU will be entitled will be the greater of such two numbers (i.e. 100). In addition to the foregoing, in no event will BSU be entitled to additional Retained Capacity Access Sites if the number of Retained Capacity Access Sites equal more than five percent (5%) of the total Internet access sites operating on the Sprint System at any such time. Within thirty (30) days after receipt of written request from BSU, Sprint will provide BSU with reasonable back-up information and data substantiating any such calculation from time to time.

Definitions:

"System Capacity" means the number of Internet access sites which Sprint calculates to be the maximum number of high speed Internet access sites at the throughput speed offered to its basic residential service customers which can be installed and operated with the then existing engineering design of Sprint's wireless broadband system using the Data System Channels then incorporated for use in such system. Such capacity may vary from time to time

depending upon re-use of channels, modulation technique, number of channels incorporated, system usage patterns of Sprint’s customers and other technical limitations or enhancements.

“Contributed Channels” means the number of 6 MHz Channels contributed to the Sprint System by BSU pursuant to this Amended Agreement (i.e. 4).

“Data System Channels” means the total number of 6 MHz ITFS or MDS channels utilized in the Sprint System less the number of channels utilized solely for the transmission of one-way video programming.

“Formula” means the following formula for calculating the number of Retained Capacity Access Sites to which BSU is entitled from time to time.

$$\text{Retained Capacity Access Sites} = \left[\text{System Capacity} \times \frac{\text{Contributed Channels}}{\text{Data System Channels}} \times \text{Retained Percentage} \right] - \text{Provided Internet Access Sites}$$

“Provided Internet Access Sites” means those Internet access sites provided at no recurring cost to BSU pursuant to Section 4.B.1 of the Amended Agreement.

“Retained Percentage” means the percentage of the total capacity of the Contributed Channels which licensee retains for the use of Sprint’s Internet access service pursuant to Section 3.B. (i.e. 5%).

“Retained Capacity Access Sites” means the number of Retained Capacity Access Sites to which BSU is entitled pursuant to Section 4.E.1. of the Amended Agreement. The number of Retained Capacity Access Sites will be determined by the Formula.

Numerical Example:

Item	Value
1. Retained Percentage	.05
2. Contributed Channels	4
3. System Capacity	20,000
4. Data System Channels	10
5. Provided Internet Access Sites (“P”)	5
6. Retained Capacity Access Sites	395

Grant Date: September 22, 1999

Required Completion of Construction
Date: March 22, 2000

This License Expires: September 16, 2004

Subject to the provisions of the Communications Act of 1934, as amended, treaties, and Commission Rules, and further subject to conditions set forth in this permit, authority is hereby granted to construct an Instructional Television, Fixed Service broadcast station as located and described below.

Equipment and program tests shall be conducted only pursuant to Sections 74.13 and 74.14 of the Commission Rules.

This permit shall be forfeited if the station is not ready for operation within the time specified or within such further time as the Commission may allow unless completion of the station is prevented by causes not under the control of the permittee. See Section 1.599 of the Commission Rules.

Special Operating Conditions Or Restrictions:

1. If construction is not completed by the specified date, and no application for extension of the construction date (FCC Form 701) is on file, this authorization will be subject to cancellation.
2. During the process of construction, the licensee, without further authority from the Commission, may conduct equipment tests for the purpose of such adjustments and measurements as may be necessary to assure compliance with the terms of the license, the technical provisions of the application therefore, the technical requirements of Commission Rules, and applicable engineering standards.
3. Upon completion of construction, the licensee, without further authority from the Commission, may conduct service or program tests. Within ten (10) days of commencement of such tests, licensee must notify the Commission, in writing, in accordance with the terms of that permit, that construction has been completed and that the station operated with the terms of the license, the technical provisions of the application therefore, technical requirements of the Commission Rules, and applicable engineering standards. The original of such notification is to be filed with the Secretary, with a copy to Video Services Division, Mass Media Bureau.
4. Licensee must notify the Commission, in writing, if any authorized channel is not used for more than one year. Non-use of channels will result in their forfeiture. See Section 74.932(d) of the Commission Rules.
5. This License is issued for a period of 10 years and will expire on the date specified in this authorization. Application for renewal of license (FCC Form 330-R) shall be filed not later than the first day of the fourth full calendar month prior to the license expiration date.
6. Permittee shall obtain authority to construct any receive antenna structure to be associated with this station which increases the existing height of any structure more than 20 feet.
7. Protection from harmful interference is granted for the hours of wireless cable transmissions within a protected service area as defined in Section 21.902(d) of the Commission's rules. This protection is afforded against any proposal filed after the grant by the Commission of the protected service area request.

BOISE STATE UNIVERSITY

SUBJECT

Construction for Math/Geosciences Building Renovation

REFERENCE

June 2011

Board approved request for Planning and Design for the Math/Geosciences Building Renovation

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.K.1. and V.K.3.

BACKGROUND/DISCUSSION

In June 2011, the State Board of Education authorized Boise State University to proceed with planning and design for renovations to the Math/Geosciences building. This request is to proceed with project construction.

The project consists of renovations to approximately 20,000 square feet of an existing two-story, 58,000 square foot building. The renovation will accommodate the growth of Math, Biology and Anthropology programs and will establish a location for the Biomedical Research Core, Tissue Bank and Bio-informatics department. In addition, building-wide infrastructure upgrades will be made to address the building's utilities and to improve environmental comfort.

Utilizing the standard process through the Division of Public Works, the design team of LCA Architects and the construction manager, Kreizenbeck Constructors were selected and have completed the design development phase and updated the project cost estimate. The total budget for this project is estimated at \$4.2 million, within the \$4 to \$6.2 million estimated budget indicated in June 2011.

Bidding is scheduled to begin in November 2012 with anticipated project completion in July of 2013.

IMPACT

Cost estimates based on the design development documents indicate a construction cost of \$2,947,500. Contingencies, architectural and engineering fees, commissioning, testing and other administrative and soft costs bring the estimated total project cost to \$4.2 million. The source of funds is institutional reserves.

This project will be procured through the standard process using the State of Idaho's Division of Public Works and the State of Idaho Department of Administration, Division of Purchasing, as appropriate. Multiple contracts may be awarded and the University may proceed with the purchase and installation of

BUSINESS AFFAIRS AND HUMAN RESOURCES

STAFF COMMENTS AND RECOMMENDATIONS

This is a request by BSU for approval of the Math/Geosciences building renovation project budget and to proceed with construction. The project approval process is in compliance with the Board's Governing Policies & Procedures, section V.K. Staff recommends approval.

BOARD ACTION

I move to approve the request by Boise State University to approve the project budget and financing plan for the Math/Geosciences Building Renovation for a total project cost not to exceed \$4.2 million and to authorize the University to proceed with construction, and to direct Board staff to provide written notification of final Board approval to the Governor and the Joint Finance-Appropriations Committee within ten business days pursuant to Board policy.

SUBJECT

Construction of the Lincoln Avenue Recreation Field

REFERENCE

October 2012 State Board of Education approved request for Planning and Design for the Lincoln Avenue Recreation Field

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.K.I

BACKGROUND/DISCUSSION

In October 2011 the State Board of Education authorized Boise State University to proceed with planning and design of a recreation field on Lincoln Avenue. This request is to proceed with construction of that recreational field.

The project will develop the block located at Lincoln Avenue between Belmont Street and University Drive into an artificial turf recreational field. With the development of the new Lincoln Avenue Housing project, the field will be in a location central to student life and will be managed and operated by Campus Recreation. This field will be a durable, low-maintenance artificial turf surface for intramural and club sports including lacrosse, soccer, flag football and rugby.

In addition to construction of the field, the project includes street improvements along Lincoln Avenue and Belmont Street consistent with adjacent improvements already installed in the area. Other site improvements will provide for maintenance areas, future restrooms and future lighting. All property, alley vacations and right of ways have been acquired at this time.

Utilizing the standard process through the Division of Public Works, the design team Land Group was selected and has completed the design development phase and updated the project cost estimate. The total budget for the base project is estimated at \$1 million which is within the \$850,000 to \$1.1 million estimated budget indicated in October 2011.

Bidding is scheduled to begin in January 2012 with anticipated construction completion in June of 2013.

IMPACT

Cost estimates based on the design development documents indicate a construction cost of \$730,000. Contingencies, architectural and engineering fees, commissioning, testing and other administrative and soft costs bring the

BUSINESS AFFAIRS AND HUMAN RESOURCES

BOISE STATE UNIVERSITY

SUBJECT

Facility Use Agreement with the Independent School District of Boise City for the use of Dona Larsen Park

REFERENCE

April 2007	State Board of Education approves purchase of Barber Valley parcel for a future land swap with the Boise School District
June 2007	Board approves the exchange of the Barber Valley parcel with the Boise School District in exchange for the East Junior High parcel, and approval of the Land Exchange and Joint Use Agreement with the Boise School District
September 2011	Board approves construction of Dona Larsen Park facilities and directs Boise State University to develop a use Agreement with Boise School District.

BACKGROUND/DISCUSSION

In June 2007, Boise State University entered into a Land Exchange and Joint Use Agreement with the Boise Independent School District. This exchange allowed the University to develop the old East Junior High site as an athletic complex (the "Facility") with a competition track and field center and space for other sports as needed. The Joint Use Agreement allows the District long term use of the on-site facility the University developed.

At the Board's direction, the University has drafted a facility use agreement to address liability and patron safety concerns. The University has worked with the District to draft an agreement that ensures that the District is solely responsible for traffic control and pedestrian access to the Facility. The District will provide all traffic and pedestrian control personnel.

IMPACT

The license fee payable to the University by the District for annual use of the Facility is \$80,000. This fee shall be credited toward the amount owed to the District by the University under the Land Exchange Agreement.

If the agreement is renewed, the license fee shall be credited toward the amount owed until the value for both sides has been equalized. Once the value for both sides has been equalized, the annual payment shall be an actual payment by the District.

BUSINESS AFFAIRS AND HUMAN RESOURCES

Page 13

STAFF COMMENTS AND RECOMMENDATIONS

At the September 2011 special meeting the Board “authorize[d] Boise State University to enter into a use agreement with the Boise School District provided the Boise School District provides appropriate indemnification, safety and security services, and appropriate co-insurer protection for Boise State University all in relation to Boise School District’s use of the Dona Larsen Park facilities and associated parking facilities provided by Boise State University.” The proposed Facility Use Agreement addresses each of these areas of concern as follows:

Indemnification: A blanket indemnity clause in favor of the University for any claims “arising out of any occurrences, incidents, or injuries connected or related to traffic control, pedestrian and vehicular interaction, and pedestrian or vehicular access to the Facility from offsite locations, including the URS Lot.”

Safety and Security Services: The District agrees to provide “an adequate number of parking and security personnel to insure [sic] the safe and orderly flow of pedestrian and vehicular traffic in the vicinity of the Facility and the URS Lot.” In addition, the District agrees that the “Boise City Police Department will supply security personnel in sufficient number to maintain crowd control and security during the District’s use of the Facility.”

Co-insurer protection: The “District shall procure and prepay all premiums on a comprehensive general liability insurance policy issued by an entity licensed to engage in the insurance business in Idaho. Such policy shall contain standard liability insuring agreements naming the University as an additional insured with the District. The limits of said policy shall be not less than the following amounts:

- \$1,000,000.00 for injuries to, or wrongful death of, and one person in any one (1) accident;
- \$2,000,000.00 for injuries to, or wrongful death of, all persons in any one (1) accident;
- \$1,000,000.00 for damage to, or loss of, property in any one (1) accident.”

Staff finds that the Agreement adequately addresses each area of concern identified by the Board last September. Staff recommends approval.

BUSINESS AFFAIRS AND HUMAN RESOURCES

BOARD ACTION

I move to approve the request by Boise State University to enter into a Facilities Use Agreement with the Boise Independent School District for the use of Dona Larsen Park, and to authorize the vice president for finance and administration to execute the agreement.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

THIS PAGE INTENTIONALLY LEFT BLANK

FACILITY USE AGREEMENT BETWEEN
BOISE STATE UNIVERSITY AND
INDEPENDENT SCHOOL DISTRICT OF BOISE CITY

THIS FACILITY USE AGREEMENT (the “Agreement”) is made into and entered into this ___ day of _____, 2012, by and between Boise State University (“University”) and the Independent School District of Boise City (“District”).

WHEREAS, University is the owner of the property commonly known as Dona Larsen Park, including all facilities and improvements built thereon and the surrounding parking area, all located in Boise, Idaho in Ada County (the “Facility”);

WHEREAS, University and District are both public entities located in Boise Idaho; and

WHEREAS, University and District currently work cooperatively on numerous issues including education, community outreach, athletics, and other areas of mutual interest and public good for the citizens of Idaho; and

WHEREAS, University and District entered into a Land Exchange and Joint Use Agreement on June 21, 2007 (“Land Exchange Agreement”) that imposed varying obligations on the parties with respect to use of the Facility; and

WHEREAS, District desires use of University’s Facility for District athletic events more particularly described herein;

NOW THEREFORE, in consideration of the mutual covenants set forth herein, and for good and valuable consideration, the parties hereto agree as follows:

1. TERM.

This Agreement shall be effective as of the date first above written and shall remain in full force and effect for a period of three (3) years (the “Term”). The parties agree to meet on an annual basis to discuss this Agreement and any necessary changes or adjustments to the Agreement that may become apparent during the Term. Though this Agreement has a three year term, it is the intent of the parties that renewals of substantially similar agreements will be reached to fulfill the long term goals outlined in the Land Exchange Agreement.

2. USE.

University agrees to allow District use of the Facility for the purpose of District’s high school athletic events, including high school football games, City track meets, and preapproved practices and/or walkthroughs that will be at mutually agreed upon times. Such use is more specifically described according to the District Use Schedule, which is attached hereto as Attachment A and incorporated by reference herein. The parties will annually agree to a new District Use Schedule.

University and District shall ensure that the fall high school football season use by District shall have priority over other uses of the Facility, provided, however, that the parties acknowledge that the University schedules games for its University football program on various days and nights of the week. In the event a University football game is scheduled for a particular day, District agrees it will not schedule a District event at the Facility on the same day (unless the times of the events do not overlap or conflict) since the amount of traffic or spectators would be unworkable for either event. In the event a University football game must be rescheduled for a particular day on which a District event is scheduled at the Facility, District must reschedule its event.

No outside food is allowed within the Facility without permission from University. All Facility activities are required to use the University's food services contractor. Any requests for outside food must be made to the University's Athletic Department thirty (30) days in advance of the event.

University shall perform all in-game and post-game cleaning.

3. FACILITY LICENSE AND PAYMENT.

The license fee for annual use of the Facility shall be \$80,000 (the "License Fee"). For the Term of this Agreement, in lieu of payment by District to University, such License Fee shall be credited toward the amount owed to District by University under the Land Exchange Agreement (the "Credit").

For any renewal term of this Agreement, such License Fee shall be credited toward the amount owed to District by University until the value for both sides has been equalized under Section 8 of the Land Exchange Agreement. Once the value for both sides has been equalized, the District shall make payments directly to University. Except for any payments due for parking pursuant to Section 5 of this Agreement, the annual payment shall be the sole cost paid by District to University unless payments are due for vandalism or damage. The parties will meet annually to determine the License Fee. It is the intent of the parties that the rate take into account: (a) the mutual cooperation of the parties with respect to the land exchange, (b) the value each party has received (actual and intrinsic), and (c) that operation for profit is not within the intent of this Agreement nor the Land Exchange Agreement.

4. CONCESSIONS.

University will return 80% of the rebate received from University's food services contractor for concessions to the District Schools' Athletic Departments for all regular season events listed on Attachment A.

5. PARKING.

The parties agree that no charge will be made for parking at the University-owned parking lot nearest to the Facility. District acknowledges that parking at any other University-

owned lots, excluding the University-owned lot nearest to the Facility, will result in additional charges to District. Such amounts will either be applied toward the Credit or be payable in cash depending on the circumstances, as mutually agreed upon by the parties at a later date.

University will use its best efforts to assist District in securing additional parking for District events at the Facility; University has entered into a one-year agreement with URS Corporation (“URS”) for parking near the Facility (“URS Lot”), which may be available to District upon approval by URS. Should the URS Lot be approved and available for use, and should District choose to utilize the URS Lot, District will be provided with a list of the costs associated with the use of the URS Lot, including costs of parking attendants which shall be provided by University, under the University’s then current agreement with URS. The costs of parking attendants provided by the University for operation of the URS Lot will be applied toward the Credit.

District will reimburse University, in cash and not applied toward the Credit, any per car fees required by URS; District may choose to provide that same parking to its patrons free of charge or to provide that same parking to its patrons for a nominal fee to be collected pursuant to the terms of University’s then current agreement with URS.

District further agrees to provide, at its sole expense, an adequate number of parking and security personnel to insure the safe and orderly flow of pedestrian and vehicular traffic in the vicinity of the Facility and the URS Lot (except that the University will provide parking personnel at the URS Lot). University will not provide personnel to manage the flow of pedestrians from offsite areas to the Facility.

6. INDEMNITY.

Except as otherwise provided herein, each party shall be responsible for their own acts and omissions and shall, subject to the limits of the Idaho Tort Claims Act, defend the other from loss stemming from such acts or omissions.

District shall further defend, indemnify and hold harmless University, all of its officers, agents, employees, the State of Idaho, and its political subdivisions from and against any and all demands, suits, actions, claims, loss or damage of any kind, character or description, whether or not meritorious, and by whomsoever made or caused, in any manner arising out of any occurrences, incidents, or injuries connected or related to traffic control, pedestrian and vehicular interaction, and pedestrian or vehicular access to the Facility from offsite locations, including the URS Lot.

7. LIABILITY INSURANCE AND DAMAGE.

Prior to its use of the Facility, District shall procure and prepay all premiums on a comprehensive general liability insurance policy issued by an entity licensed to engage in the insurance business in Idaho. Such policy shall contain standard liability insuring agreements naming the University as an additional insured with the District. The limits of said policy shall be not less than the following amounts:

- \$1,000,000.00 for injuries to, or wrongful death of, and one person in any one (1) accident;
- \$2,000,000.00 for injuries to, or wrongful death of, all persons in any one (1) accident;
- \$1,000,000.00 for damage to, or loss of, property in any one (1) accident.

District shall furnish to University a certificate of insurance within ten (10) days of the execution of this Agreement by University. Said certificate of insurance shall show compliance with this paragraph and give ten (10) days prior notice of cancellation to University. In the event the aforesaid policy of insurance should be cancelled and not replaced with an acceptable alternative for any reason prior to the end of the use of Facility by District, University shall have the immediate right to terminate this Agreement, District shall have no right to a refund of any prepaid fees and the University may rightfully demand immediate, exclusive possession of the Facility.

District shall be primarily responsible to University for any and all damage of any nature caused to the Facility arising out of District's use of the Facility including, but not limited to, any consequential damages University may suffer because of loss of use of the Facility, provided that the damage is caused by a District invitee or a District employee. No liability will accrue to the District for any damage caused by a University employee

8. WARRANTY.

District hereby warrants to University that it has provided University, prior to the execution of this Agreement, a written description of all activities for which the District shall use the Facility. District warrants the accuracy of the description provided to University and agrees that no changes will be made without the prior express consent of University.

9. TERMINATION FOR CAUSE.

Notwithstanding any other provision hereof, University may direct District to cease and desist in any activity which University deems to be damaging to University's property, or in contravention to this Agreement. If District fails to immediately cease and desist in its activities, then this Agreement will be deemed to have been materially breached and all of District's rights hereunder shall terminate immediately and Facility license fees under Section 3 of this Agreement shall be prorated from the date of termination.

10. IMPOSSIBILITY OF PERFORMANCE BY UNIVERSITY.

In the event University cannot allow District to use the Facility because of impossibility of performance due to an act of God, this Agreement shall be null, void and of no effect and University's sole liability to the District shall be to refund any prepaid fees.

11. NOTICE.

Any notice given under this Agreement shall be by registered or certified mail addressed to the parties as set forth below:

UNIVERSITY:
Boise State University
Director of Athletics
1910 University Drive
Boise, Idaho 83725

DISTRICT:
Boise School District
District Service Center
Director of Athletics
8169 West Victory Road
Boise ID 83709

12. NON-ASSIGNABILITY.

This Agreement is not assignable by District without the express and written consent of the University.

13. ACTIVITIES.

District agrees to not violate any University policy, federal, state, county or Boise City laws, ordinances, rules or regulations in its use of the Facility. Unless the University consents in writing, the District shall not do or allow the following activities in the Facility:

- (a) Permit motor-driven or horse-drawn vehicles, livestock or animals inside the fenced enclosure of the Facility;
- (b) Permit floats inside the fenced enclosure of the Facility;
- (c) Construct or place any stage or other structure within the fenced enclosure of the Facility;
- (d) Permit smoking or use of any kind of flaming agent by any person.

14. SECURITY.

District hereby warrants that it has consulted with the Boise City Police Department concerning its proposed use of the Facility on the date or dates specified herein. District warrants further that the Boise City Police Department will supply security personnel in sufficient number to maintain crowd control and security during the District's use of the Facility. Upon acceptance of this Agreement by University, District will submit to the University satisfactory evidence that such arrangements have been made at District's sole expense.

15. NON-WAIVER.

The University's failure to exercise its rights against District for any violation of this Agreement by District shall not be a waiver of University's rights in regard to any other violations, nor shall University be stopped by the failure to exercise any of its rights hereunder.

The District's failure to exercise its rights against University for any violation of this Agreement by University shall not be a waiver of District's rights in regard to any other violations, nor shall District be stopped by the failure to exercise any of its rights hereunder.

16. DISPUTE RESOLUTION.

The parties agree that as two public entities, the advent of litigation between the two arising from the terms of this Agreement will be a waste of public resources. As such, the parties agree that any disputes that arise from this Agreement will be resolved by the appropriate staff of the parties. If the staff cannot resolve the dispute, then the dispute will be referred to the Superintendent of the District and the President of the University. If the Superintendent and the President cannot resolve the dispute, then the dispute will be referred to the Chairperson of the School Board and the President of the State Board of Education for resolution. If they are unable to resolve the dispute, the parties shall hire a mutually acceptable mediator to help resolve the dispute. If and only if all of the above steps are followed in sequence and the dispute remains unresolved shall either party have the right to initiate litigation arising from this Agreement.

17. MISCELLANEOUS.

This Agreement shall be construed pursuant to the laws of the State of Idaho. It is agreed that the State of Idaho is the place of the formation of this Agreement. The individuals signing below as officers or representatives of the District and University warrant that they have the actual authority to sign this Agreement on behalf of the District and University respectively.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals on this ____ day of _____, 2012, at Boise, Idaho.

**LAND EXCHANGE AND JOINT USE AGREEMENT BETWEEN
BOISE STATE UNIVERSITY AND THE INDEPENDENT SCHOOL DISTRICT
OF BOISE CITY**

This Agreement is made and entered into this 21 day of June, 2007 by and between Boise State University, a state institution of higher education, and the Independent School District of Boise City, a public school district.

RECITALS

WHEREAS, Boise State University (the "University") and the Independent School District of Boise City (the "District") are both public entities located in Boise, Idaho; and,

WHEREAS, the University and the District work cooperatively on numerous issues including education, community outreach, athletics and other areas of mutual interest and public good for the citizens of Idaho; and,

WHEREAS, the University and District agreed to cooperatively enter into a transaction where the University would acquire a certain parcel of real property in the Barber Valley that the District found desirable for the location of a junior high school facility for the District's use; and,

WHEREAS, the District is the owner of a parcel of real property commonly known as East Junior High that no longer meets the needs of the District but is uniquely suited to meet the needs of the University after the University demolishes the existing structures and develops the site as an athletic complex; and,

WHEREAS, the District and the University agreed to exchange the East Junior High parcel for the University acquired Barber Valley parcel; and,

WHEREAS, the parcels are not of equal value, and to ensure that the University and District each grant and receive equal value as part of this transaction, after the exchange of parcels there will be a lease of the East Junior High parcel to the District for its use during the construction of the new junior high on the Barber Valley parcel and a long term mutual use agreement for the new facilities the University will construct on the East Junior High site;

AGREEMENT

NOW, THEREFORE, in consideration of the mutual promises and covenants above recited and herein contained, the parties hereby agree as follows:

1. The University shall acquire a parcel of undeveloped land in the Barber Valley consisting of approximately 21.5 acres described in attached Exhibit A, hereinafter referred to as the Barber Valley parcel.

2. The University has caused the Barber Valley parcel to be appraised by a licensed appraiser and the appraised value of the parcel, as also agreed to by the parties, is \$6,100,000.
3. The District is the owner of a parcel of real property currently developed and used as a junior high school consisting of approximately 15 acres described in attached Exhibit B, hereinafter referred to as the East Junior High parcel. The District has caused the East Junior High parcel to be appraised by a licensed appraiser and the appraised value of the parcel, as also agreed to by the parties, is \$8,170,000 as bare land, with a demolition cost of the structures estimated at \$432,000, for a value of \$7,738,000 as-is with the buildings not demolished.
4. The University and the District shall exchange the Barber Valley parcel and the East Junior High parcel with a closing date of June 19, 2007. Each party shall convey clear and marketable title to the other via warranty deed and shall ensure that a policy of title insurance shall be issued to the other party for the full appraised value of the parcel. The other costs of the closing shall be born equally by the parties. Each party shall bear full risk of loss on their respective parcels until the date of closing.
 - a. The District will take immediate possession of the Barber Valley parcel. The University shall not take possession of the East Junior High parcel and the District shall remain in continuous, uninterrupted possession and control of the parcel post closing and through the term of the lease provided for herein.
5. Immediately following closing, the University shall lease the East Junior High parcel to the District for the express payment of One Dollar (\$1.00) for a term that shall extend until the District completes its construction of a new junior high on the Barber Valley parcel and is able to vacate the East Junior High parcel and moves its contents to the new junior high. The parties anticipate that this will occur in the Spring of 2009, but agree that the lease shall continue until the actual vacation of the East Junior High parcel by the District.
 - a. During the lease term, the District shall bear the risk of loss of all improvements on the East Junior High parcel and shall insure the improvements in the same manner it insures other similar school facilities. Losses paid under such insurance, whether self insurance or by insurance policy, shall be credited to the University as appropriate under this Agreement if the loss diminishes the value of the East Junior High parcel to the University.
 - b. The District shall, subject to the limits of the Idaho Tort Claims Act, defend and indemnify the University from any losses resulting from the District's use of the East Junior High parcel during the term of the lease.

- c. The District shall bear all costs of use and occupation of the East Junior High parcel during the lease, including but not limited to utilities, operational costs, maintenance, assessments, and any and all other costs associated with the District's operation of the junior high. The University shall have no duty whatsoever as landlord for the condition of the premises and all such duties or responsibilities are hereby assumed by the District.
 - d. Upon vacation at the end of the lease, the District shall have the right to salvage items, including portable buildings, from the parcel. Provided, however, that the District acknowledges that the University may use and occupy part of the existing school premises for temporary space for personnel after the District vacates and before the demolition required to carryout the construction referred to in section 6. As such, the District will consult with the University to ensure that the salvage of items of fixtures and equipment does not leave the existing school facilities in a condition that is unsafe, uninhabitable or not fit for occupancy. The University and District agree to mutually work together to ensure that this section is carried out to the parties mutual satisfaction. After the University's occupancy is complete but before any demolition, the District will have another opportunity to salvage items from the parcel for items that needed to remain during the University's use of the existing facilities.
6. The University shall, after taking possession of the East Junior High parcel following the District's vacation at the end of the lease, proceed to construct an athletic complex in a form substantially similar to the concept plan agreed between the parties and set forth on Exhibit C. The University and District agree that they will work together regarding the design of the athletic complex to ensure that the use needs of both parties are taken into account. It is expected that the athletic facilities will be constructed within three years of the District's vacation of the East Junior High parcel.
- a. The University will solely own all facilities and improvements (the athletic facilities) made at the athletic complex.
 - b. The University will manage the athletic facilities.
 - i. Provided that the management of certain District events may be under the control of the District if mutually agreed by the parties.
 - ii. At a minimum, the District will be required to manage all crowd control and supervise the conduct of all District events under terms substantially similar to when the Districts rents current University facilities for athletic events.
 - c. The University shall carry out the construction to include the reasonable replication of the historic entrance of the parcel when such was used as the "old public school field" for the District prior to the construction of the existing junior high.

- d. The University and District shall meet no less than annually to set up an annual general schedule for use of the athletic facilities. This meeting shall also include a mutually agreeable process for scheduling specific activities in the athletic facilities throughout the year.
 - i. The University and District shall ensure that the fall high school football season use by the District shall have priority over other uses of the athletic facilities, provided, however, that the parties acknowledge that the University schedules games for its University football program on various nights of the week. If the University schedules a football game on a particular day, the District agrees that it will not schedule a District event at the athletic facilities on the same day (unless the times of the events do not overlap or conflict) since the amount of traffic and spectators would be unworkable for either event.
- e. The University shall ensure that the maintenance schedule for the athletic facilities is consistent with the schedule and scheduling process set forth herein.
 - i. The University maintenance obligation includes the post event custodial services following District events. This obligation is for normal game clean up and general maintenance, provided that vandalism and damage beyond normal wear and tear that occurs at District events shall be the responsibility of the District.
- f. Major decisions regarding issues such as remodel of the athletic facilities or changes in use of the athletic facilities require the mutual agreement of the parties.
- g. Specific items regarding the construction of the athletic facilities, agreed by both parties as meeting the needs of the District and the University, to be constructed by the University include:
 - i. The track stadium shall accommodate a minimum of 5,000 spectators. The stadium must be expandable to 8,000 with the use of portable bleachers.
 - ii. Adequate parking for the facilities must be provided for either on site or within reasonable proximity.
 - iii. The infield of the track stadium, suitable for high school football, shall be an artificial turf.
 - iv. Class "A" high school athletic field lighting designed to reduce glare to surrounding neighborhoods.
 - v. Crowd control fencing as is normally required in such facilities.
 - vi. Appropriately sized scoreboards at both ends of the stadium.
 - vii. Appropriate public address system and headset communications for coaches from two football teams.
 - viii. Appropriate press box/announcer areas for assistant coaches and media.
 - ix. Two sets of restrooms on each side of the stadium.

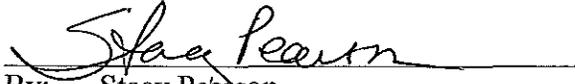

- x. Concession stands on each side that include water, electricity, sinks and other such amenities needed to meet current grade "A" food service standards.
 - xi. Home and visitor locker rooms or rest rooms with meeting room capacity built to accommodate male and female athletes.
 - xii. Appropriate equipment storage area.
 - xiii. Appropriate entrance and on call location for emergency medical treatment personnel.
7. The parties agree that the value of the two parcels subject to this Agreement are not equal. However, the parties both being public entities, are desirous of ensuring equal value be exchanged between the University and the District. As such, the following covenants shall be designed to create and equal value transaction between the parties.
- a. The Barber Valley parcel is valued at \$6,100,000.
 - b. The East Junior High parcel is valued at \$7,738,000.
 - c. The value of the water rights retained by the District and not conveyed, as set forth in section 10, is \$70,000.
 - d. The value of each month (full or partial) that the District occupies the East Junior High parcel post closing as part of the lease is \$5,000. Thus, if the District vacates the East Junior High parcel on January 31, 2009 (19 months of rental), the value of the lease would be \$95,000.
 - e. Because the facilities will not be designed and constructed until a future date, and the cost of operation and maintenance cannot be accurately calculated at this time, the value of each year of use of the University athletic facilities constructed at East Junior High by the District shall be determined annually between the parties as set forth in section 8 below.
 - f. Once the Improvements that are required for the use of the University are identified, any improvements specifically required for the District's use of the athletic complex shall be valued at their cost.
 - g. The parties agree that the above values shall be used to evaluate when the transaction has properly reached equal value for both parties. Once equal value is met, the use rates for the University constructed athletic facilities at East Junior High shall be as set forth in section 8 below.
8. Once the value for both sides has been equalized, the parties shall agree to the reasonable annual use rate payment the District shall pay for the rental of the athletic facilities. This annual payment shall be the sole cost paid by the District unless payments are due for vandalism/damage under section 6.e.i, for additional new facilities specifically required by the District as in section 7.f.
- a. The parties shall meet annually to determine the use rate. It is the intent of the parties that the rate take into account the mutual cooperation of the parties in this land exchange, the value each party has received (actual and

intrinsic) and that each party negotiate in good faith that operation for profit is not within the intent of this Agreement.

9. Unless specifically provided otherwise in a specific section of this Agreement, each party shall be responsible for their own acts and omissions and shall, subject to the limits of the Idaho Tort Claims Act, defend the other from loss stemming from such acts or omissions.
10. The District will not transfer its water rights as part of this agreement. The District will retain its water rights and transfer those to the Barber Valley Parcel. The University will not receive any such rights as part of the land exchange.
11. It is the intent of the parties that this Agreement constitutes a long term commitment of mutual use and cooperation. Understanding that the use of terms such as "perpetual" and "permanent" prove to be unworkable, and that future circumstances of either party may change the need or workability of this Agreement, the parties agree that the initial term of this Agreement shall be for twenty five (25) years. This Agreement may be renewed, and the parties expect in good faith to renew and continue to renew this Agreement, thereafter on mutual agreement of the parties for five (5) years terms under such conditions as the parties may agree.
 - a. The parties agree that if at the end of the twenty five (25) year initial agreement, the value for the District has not been equalized, the District may carryover such unequalized value in a renewed five (5) year agreement and in subsequent five (5) year agreements until such value is equalized. The parties further agree that if at the end of the twenty five (25) year initial term of this agreement, the parties mutually do not renew the agreement, the unequalized District value, if any remains, will be relinquished and waived.
12. The parties agree that as two public entities, the advent of litigation between the two arising from the terms of this agreement will be a waste of public resources. As such the parties agree that any disputes that arise from this agreement will be resolved by the appropriate staff of the parties. If the staff cannot resolve the dispute, then the dispute will be referred to the Superintendent of the District and the President of the University. If the Superintendent and the President cannot resolve the dispute, then the dispute will be referred to the Chairperson of the School Board and the President of the State Board of Education for resolution. If they are unable to resolve the dispute, the parties shall hire a mutually acceptable mediator to help resolve the dispute. If and only if all the above steps are followed in sequence and the dispute remains unresolved shall either party have the right to initiate litigation arising from this Agreement.
13. This Agreement is subject to the approval of the State Board of Education.

14. This Agreement is subject to the approval of the School Board of the District.

WARRANTY DEED

For Value Received,

State of Idaho, by and through the State Board of Education, c/o Boise State University, the Grantor, does hereby grant, bargain sell and convey unto, Independent School District of Boise City, whose current address is 8169 W. Victory Road, Boise, Idaho 83709, the Grantee, the following described premises, in Ada County, Idaho, To Wit:

A parcel of land located in the East half of Section 29, and the West half of Section 28 of Township 3 North, Range 3 East, Boise Meridian, Boise, Ada County, Idaho, being Parcel A of Record of Survey No. 7496 recorded August 4, 2006 as Instrument No. 106125438, records of Ada County, Idaho, more particularly described as follows:

Commencing at the Section corner common to Sections 19, 20, 29 and 30 of said Township 3 North, Range 3 East; thence
 South 89°24'07" East, 5300.35 feet on the Section line common to said Sections 21 and 28 to the section corner common to Sections 20, 21, 28 and 29, of said Township 3 North, Range 3 East; thence
 South 00°04'29" East, 2612.79 feet (formerly described as South 00°04'44" East, 2612.90 feet) on the section line common to said Sections 28 and 29 to the quarter section corner common to said Sections 28 and 29; thence
 South 00°55'05" West, 719.58 feet (formerly described as South 00°55'05" West 719.16 feet) on the section line common to said Sections 28 and 29 to a point on the Northerly right-of-way line of East Warm Springs Avenue (formerly State Highway 21), said point being the Real Point of Beginning; thence leaving said section line
 North 51°17'49" West, 461.96 feet on the Northerly right-of-way line of said East Warm Springs Avenue to a point on the Easterly boundary line of Golden Dawn Mobile Home Subdivision Unit No. 1, as same is shown on the plat thereof recorded in Book 22 of Plats at Page 1418 of Ada County Records; thence leaving said Northerly right-of-way line
 North 38°47'03" East, 986.33 feet (formerly described as North 38°26'50" East) on the Easterly boundary line of Golden Dawn Mobile Home Subdivision Unit No. 1, 2 and 3 to the Southwesterly corner of that triangular shaped parcel of land described in the first section of Warranty Deed Instrument Number 8751249 of Ada County Records; thence leaving said Golden Dawn Mobile Home Subdivision Unit No. 3

North 85°21'00" East, 121.78 feet (formerly described as North 84°47'20" East, 122.27 feet) on the Southerly boundary line of said Warranty Deed Parcel to an angle point on the Southerly boundary line of Barberton Subdivision No. 2 as same is shown on the Plat thereof, recorded in Book 50 of Plats at Page 4080 of Ada County Records; thence North 85°05'15" East, 225.18 feet (formerly described as North 84°56'30" East, 224.60 feet) on the Southerly boundary line of said Barberton Subdivision No. 2 to the Southeasterly most corner of Lot 10, Block 4 of said Barberton Subdivision No. 2; thence leaving said Barberton Subdivision No. 2

South 64°36'47" East, 362.81 feet (formerly South 64°37'47" East) on the Southerly boundary line of that parcel of land as described in that Quitclaim Deed Instrument Number 105135285 of Ada County Records; thence leaving said Southerly boundary line South 24°36'12" West, 1315.85 feet to a point of curve on the Northerly right-of-way line of East Warm Springs Avenue, as same is shown on Record of Survey Number 4593 of Ada County Records; thence 269.28 feet on the arc of a curve to the right, said curve having a radius of 1106.00 feet, a central angle of 13°57'00" and a chord distance of 268.62 feet which bears North 58°16'19" West on said Northerly right-of-way line; thence

North 51°17'49" West, 197.99 feet (formerly described as 198.13 feet) on said Northerly right-of-way line to the Real Point of Beginning.

TO HAVE AND TO HOLD the said premises, with their appurtenances unto the said Grantee, its heirs and assigns forever. And the said Grantor does hereby covenant to and with the said Grantee, that Grantor is the owner in fee simple of said premises; that they are free from all encumbrances EXCEPT those to which this conveyance is expressly made subject and those made, suffered or done by the Grantee; and subject to all existing patent reservations, easements, right(s) of way, protective covenants, zoning ordinances, and applicable building codes, laws and regulations, general taxes and assessments, including irrigation and utility assessments (if any) for the current year, which are not due and payable, and that Grantor will warrant and defend the same from all lawful claims whatsoever. Whenever the context so requires, the singular number includes the plural.

WARRANTY DEED

For Value Received,

Independent School District of Boise City, the Grantor, does hereby grant, bargain sell and convey unto,

State of Idaho, by and through the State Board of Education acting as Board of Trustees of Boise State University, whose current address is 1910 University Dr., Boise, Idaho 83725, the Grantee, the following described premises, in Ada County, Idaho, To Wit:

Parcel 1:

A parcel of land located in the SW 1/4 of Section 11, Township 3 North, Range 2 East, Boise Meridian, Ada County, Idaho, being portions of Thos. Davis' Third Addition Subdivision as filed in Book 2 of Plats at Page 97, Official Records of Ada County, Idaho and also being portions of said Thos. Davis' Third Addition Subdivision having been vacated on the 4th day of December, 1924 according to Instrument No. 113726 filed in Book 10 at Page 96, Official Records of Ada County, being more particularly described as follows:

Commencing at a brass cap monument marking the West 1/4 corner of said Section 11, from which a brass cap monument marking the Southwest corner of said Section 11 bears South 01°07'03" West, 2623.17 feet; Thence South 2°53'27" East, 475.48 feet (formerly described as being South 2°21' East, 465.9 feet on the Plat of Thos. Davis' Third Addition) to the most northwesterly corner thereof; Thence along the North line of said Thos. Davis' Third Addition North 82°08'05" East, 363.41 feet (formerly described as being North 81°36'30" East, 361.8 feet) to the intersection with the northerly extension of the East line of Avenue B. South as shown on said Thos. Davis' Third Addition, being also the REAL POINT OF BEGINNING;

Thence continuing along said North line North 82°08'05" East, 0.27 feet to the Southwest corner of Block 4, said Thos. Davis' Third Addition; Thence along the South line of said Block 4 and continuing along the North boundary line of said Thos. Davis' Third Addition South 77°58'53" East, 194.39 feet to the Southwest corner of Lot 1, Block 5, said vacated portion of Thos. Davis' Third Addition; Thence along the westerly line of said Lot 1 and continuing along the common easterly line of Mrs. Gray's Subdivision as filed in Book 3 of Plats at Page 103, Official Records of said

Ada County, North $11^{\circ}18'26''$ East, 148.02 feet (formerly described as being North $10^{\circ}55'$ East, 148.64 feet on said Thos. Davis' Third Addition) to the Northeast corner of said Lot 1, being also a point on the curved southerly right-of-way of E. Warm Springs Ave.; Thence along said southerly right-of-way and a curve to the right an arc distance of 15.67 feet, said curve having a radius of 679.78 feet, a central angle of $1^{\circ}19'15''$, and a long chord bearing and distance of South $68^{\circ}12'46''$ East, 15.67 feet; Thence continuing along said southerly right-of-way South $67^{\circ}33'08''$ East, 45.66 feet to the beginning of a curve to the right; Thence

along said curve to the right an arc distance of 134.96 feet, said curve having a radius of 679.78 feet, a central angle of $11^{\circ}22'30''$, and a long chord bearing and distance of South $61^{\circ}51'53''$ East, 134.74 feet; Thence continuing along said southerly right-of-way South $56^{\circ}10'38''$ East, 249.45 feet to a found lead & tack in a concrete sidewalk marking the Northeast corner of the westerly 25 feet of Lot 2, Block 8, said vacated portion of Thos. Davis' Third Addition; Thence

along the East line of said westerly 25 feet of Lot 2 South $34^{\circ}13'36''$ West, 122.00 feet to the Southeast corner of said westerly 25 feet of Lot 2; Thence

along the South line of said Lot 2 and Lot 3, Block 8 said Thos. Davis' Third Addition, South $55^{\circ}45'59''$ East, 60.00 feet to the intersection with the northerly extension of the East line of the westerly 15 feet of Lot 10, Block 8, said vacated portion of Thos. Davis' Third Addition; Thence

along said East line and northerly extension thereof South $34^{\circ}13'36''$ West, 168.01 feet to the intersection with the centerline of vacated Davis Street per said vacated portion of Thos. Davis' Third Addition; Thence

along said centerline South $55^{\circ}45'59''$ East, 171.11 feet to the intersection with the easterly boundary line of said vacated portion of Thos. Davis' Third Addition; Thence along said easterly boundary line South $33^{\circ}02'54''$ West, 655.70 feet to the Southeast corner thereof; Thence along the southerly boundary line of said vacated portion of Thos. Davis' Third Addition and the northerly line of vacated Citizens right-of-way North $33^{\circ}36'49''$ West, 347.69 feet to an angle point thereon; Thence

continuing along said southerly boundary line and said northerly line of vacated Citizens right-of-way North $56^{\circ}49'45''$ West, 111.77 feet to the intersection with the easterly line of vacated Avenue B. South of said Thos. Davis' Third Addition, as vacated according to Quitclaim Deed Instrument No. 7937216 recorded on July 6, 1979 and Quitclaim Deed Instrument No. 7949049 recorded on September 5, 1979, Official Records of said Ada County; Thence along said easterly line of vacated Avenue B. South North $1^{\circ}07'03''$ East, 689.77 feet to the REAL POINT OF BEGINNING.

Parcel 2:

A parcel of land located in the SW 1/4 of Section 11, Township 3 North, Range 2 East, Boise Meridian., Ada County, Idaho, being Lot 3 and the South 7.42 feet of Lot 2 and Lots 4 to 7 inclusive of Block 1, and Lot 1, Lot 2 excepting the South 10.00 feet therefrom, a portion for Lot 6, Lots 7 to 12 inclusive and a portion of Lot 13 in Block 2, and all of Block 3, all of the above described property being in Thos. Davis' Third Addition to Boise City, Ada County, Idaho, as the same appears on the official Plat filed in Book 2 of Plats at Page 97 in the Recorder's office of said Ada County, Idaho; together

with those streets and alleys having been vacated according to Quitclaim Deed Instrument No. 7937216 recorded on July 6, 1979 and Quitclaim Deed Instrument No. 7949049 recorded on September 5, 1979, Official Records of said Ada County, all being more particularly described as follows:

Commencing at a brass cap monument marking the West 1/4 corner of said Section 11, from which a brass cap monument marking the Southwest corner of said Section 11 bears South $01^{\circ}07'03''$ West, 2623.17 feet; Thence South $2^{\circ}53'27''$ East, 475.48 feet (formerly described as being South $2^{\circ}21'$ East, 465.9 feet on the Plat of Thos. Davis' Third Addition) to the most northwesterly corner thereof; Thence along the North line of said Thos. Davis' Third Addition North $82^{\circ}08'05''$ East, 363.41 feet (formerly described as being North $81^{\circ}36'30''$ East, 361.8 feet) to the intersection with the northerly extension of the East line of Avenue B. South as shown on said Thos. Davis' Third Addition; Thence along said northerly extension South $01^{\circ}07'03''$ West, 16.20 feet to the Northwest corner of Lot 17, Block 5 of said Thos. Davis' Third Addition, being the REAL POINT OF BEGINNING; Thence along the said East line of Avenue B. South and the northerly extension thereof South $01^{\circ}07'03''$ West, 673.57 feet to the intersection with the southerly boundary line of said Thos. Davis' Third Addition, being also the northerly line of the vacated Citizens right-of-way; Thence along said southerly boundary line and said northerly line of the said vacated Citizens right-of-way North $56^{\circ}49'45''$ West, 262.16 feet to the intersection with the southerly extension of the westerly line of said Lot 13, Block 2; Thence along said southerly extension North $01^{\circ}07'03''$ East, 58.99 feet to the Southwest corner of said Lot 13; Thence along the southerly line of said Lot 13 South $56^{\circ}49'45''$ East, 12.39 feet to an angle point thereon; Thence continuing along said southerly line North $81^{\circ}42'51''$ East, 10.03 feet to the intersection with the easterly line of that certain parcel of land Quitclaimed according to Quitclaim Deed Recorded on September 9, 1980 as Instrument No. 8042471, Official Records of said Ada County; Thence along said easterly line the following courses and distances:
 Thence North $00^{\circ}46'41''$ East, 115.15 feet;
 Thence North $01^{\circ}06'29''$ East, 59.20 feet;
 Thence North $70^{\circ}19'01''$ West, 20.78 feet to the intersection with the westerly line of Lot 6, Block 2, said Thos. Davis' Third Addition; Thence along said westerly line North $01^{\circ}07'03''$ East, 8.00 feet to a found lead & tack monument marking the intersection with the easterly extension of the northerly line of the southerly 10.00 feet of Lot 2, Block 2, said Thos. Davis' Third Addition; Thence along the said northerly line and easterly extension thereof South $82^{\circ}08'05''$ West, 138.46 feet to the intersection with the westerly boundary line of said Thos. Davis' Third Addition, being also the easterly right-of-way of S. Broadway Ave.; Thence along said westerly boundary line North $01^{\circ}07'03''$ East, 181.37 feet to the intersection with the northerly line of the southerly 7.42 feet of Lot 2, Block 1, said Thos. Davis' Third Addition; Thence

along said northerly line and the easterly extension thereof North 82°08'05" East, 138.46 feet to the intersection with the westerly line of Lot 4, Block 1, said Thos. Davis' Third Addition; Thence
 along said westerly line North 01°07'03" East, 74.93 feet to the Northwest corner of said Lot 4; Thence
 along the northerly line of said Block 1 North 82°08'05" East, 224.95 feet to the REAL POINT OF BEGINNING.

Parcel 3:

A parcel of land located in the SW 1/4 of Section 11, Township 3 North, Range 2 East, Boise Meridian, Ada County, Idaho, being a portion of said SW 1/4 together with a portion of Block 4, Thos. Davis' Third Addition Subdivision as filed in Book 2 of Plats at Page 97, Official Records of Ada County, Idaho, being more particularly described as follows:

Commencing at a brass cap monument marking the West 1/4 corner of said Section 11, from which a brass cap monument marking the Southwest corner of said Section 11 bears South 01°07'03" West, 2623.17 feet; Thence South 2°53'27" East, 475.48 feet (formerly described as being South 2°21' East, 465.9 feet on the Plat of Thos. Davis' Third Addition) to the most northwesterly corner thereof; Thence
 along the North line of said Thos. Davis' Third Addition North 82°08'05" East, 363.41 feet (formerly described as being North 81°36'30" East, 361.8 feet) to the intersection with the northerly extension of the East line of Avenue B. South as shown on said Thos. Davis' Third Addition; Thence
 continuing along said North line North 82°08'05" East, 0.27 feet to the Southwest corner of Block 4, said Thos. Davis' Third Addition, being the REAL POINT OF BEGINNING; Thence along the easterly extension of said North line and also being the South line of that certain parcel of land described in Deed Book 56, Page 168, recorded on April 27, 1905, Official Records of said Ada County, North 82°08'05" East, 40.63 feet to the Southeast corner of said parcel described in Deed Book 56, Page 168; Thence along the East line of said parcel described in Deed Book 56, Page 168 and the northerly extension thereof, North 11°18'26" East, 142.22 feet to the intersection with the southerly right-of-way of E. Warm Springs Ave.; Thence along said southerly right-of-way South 78°41'34" East, 31.00 feet to the Northwest corner of that certain parcel of land described in Deed Book 398, Page 382, Official Records of said Ada County; Thence
 along the West line of said parcel South 11°18'26" West, 90.95 feet to the Southwest corner thereof; Thence along the South line of said parcel South 78°41'34" East, 25.00 feet to the Southeast corner of said parcel, being also a point on the West line of Mrs. Gray's Subdivision, as filed in Book 3 of Plats at Page 103, Official Records of said Ada County; Thence
 along said West line South 11°18'26" West, 5.00 feet to the Southwest corner of said Mrs. Gray's Subdivision; Thence along the South line of said Mrs. Gray's Subdivision South 78°52'58" East, 100.00 feet to the Southeast corner thereof, being also a point on the West line of Vacated Lot 1, Block 5, Thos. Davis' Third Addition, as vacated by Instrument No. 113726 recorded on December 4, 1924 in Book 10 at Page 96, Official

Records of said Ada County; Thence along said West line South $11^{\circ}18'26''$ West, 62.36 feet to the Southwest corner thereof; Thence along the Northerly line of said vacated Thos. Davis' Third Addition North $77^{\circ}58'53''$ West, 194.39 feet to the REAL POINT OF BEGINNING.

EXCEPTING THEREFROM:

That portion of the above described parcel lying inside the banks of the Valley Ditch (Boise City Canal), more particularly described as follows:

Commencing at the southerly terminus of that certain course described as North $11^{\circ}18'26''$ East, 142.22 feet in the above described parcel; Thence North $11^{\circ}18'26''$ East, 89.60 feet to the South bank of said Valley Ditch, being also the REAL POINT OF BEGINNING;

Thence continuing North $11^{\circ}18'26''$ East, 9.62 feet to the North bank of said Valley Ditch; Thence along said North bank South $84^{\circ}51'21''$ East, 31.18 feet; Thence South $11^{\circ}18'26''$ West, 9.35 feet to the said South bank, thence along said South bank North $85^{\circ}27'37''$ West, 31.22 feet to the REAL POINT OF BEGINNING.

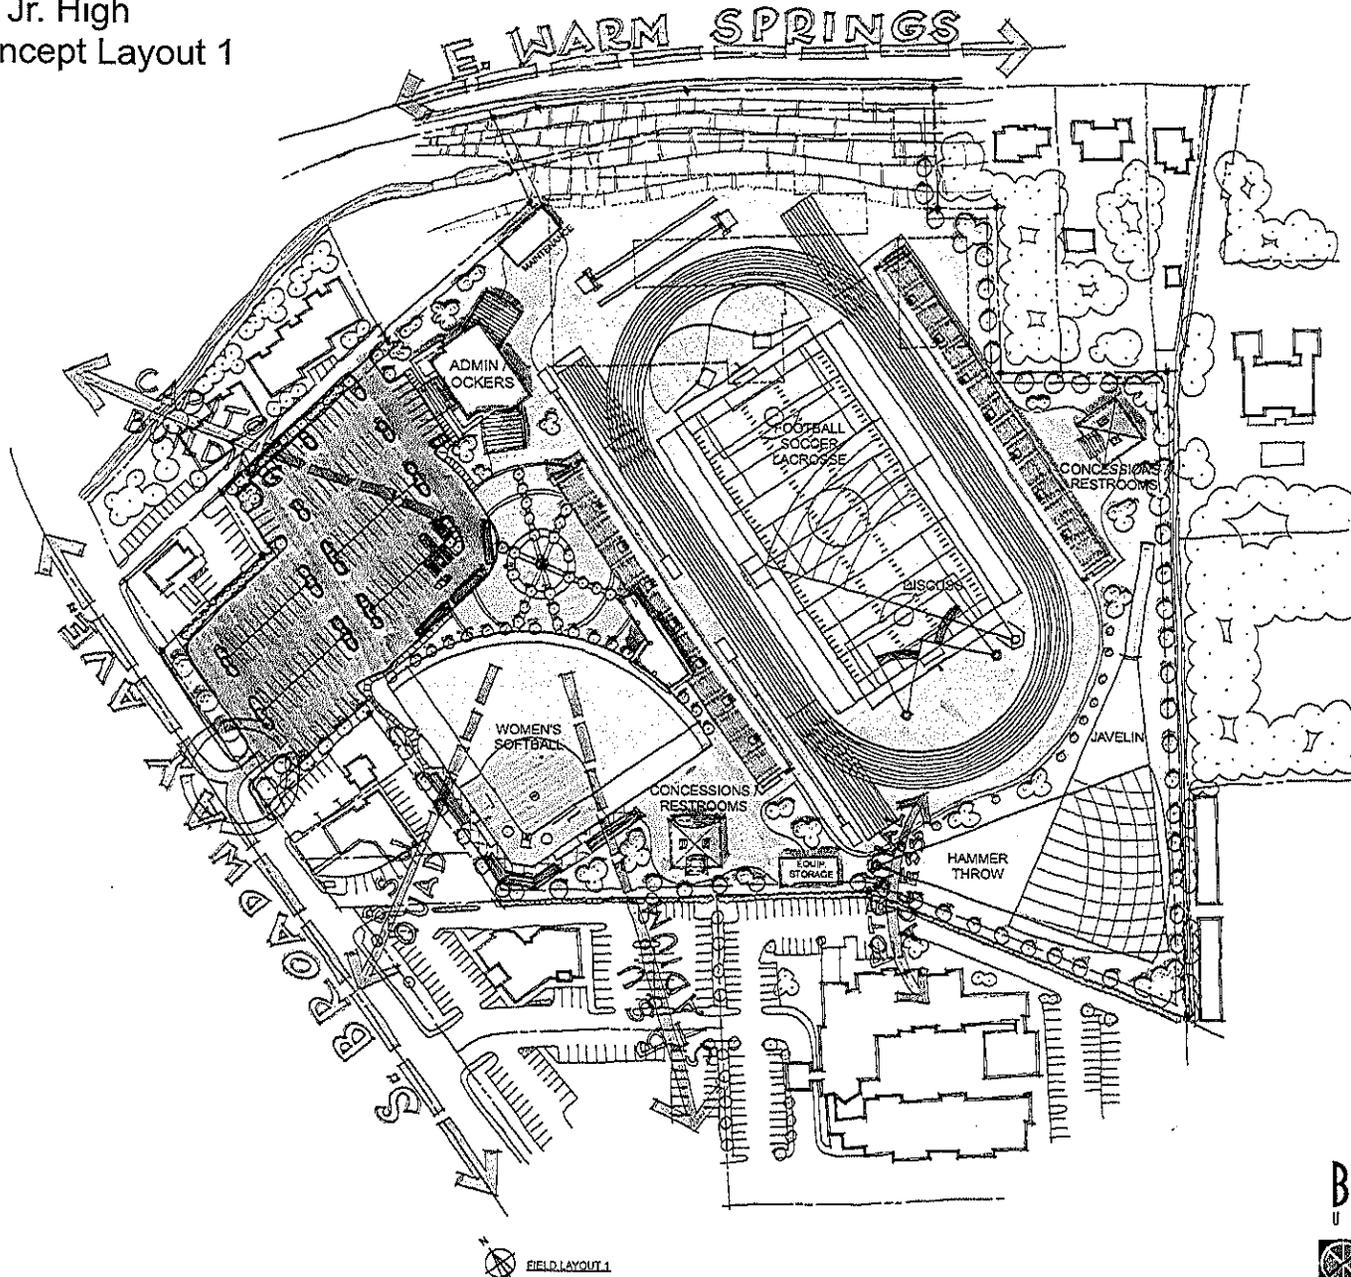

Parcel 4:

A parcel of land being all of Lots 1 through 4 inclusive of Mrs. Gray's Subdivision as filed in Book 3 of Plats at Page 103, Official Records of Ada County, Idaho and located in the SW 1/4 of Section 11, Township 3 North, Range 2 East, Boise Meridian, Ada County, Idaho, being more particularly described as follows:

Commencing at a brass cap monument marking the West 1/4 corner of said Section 11, from which a brass cap monument marking the Southwest corner of said Section 11 bears $01^{\circ}07'03''$ West, 2623.17 feet; Thence South $60^{\circ}08'12''$ East, 584.91 feet (formerly described as being South $61^{\circ}05'$ East, 574.32 feet on the Plat of said Mrs. Gray's Subdivision) to the Northwest corner of Lot 3 thereon, being also a point on the curved southerly right-of-way of E. Warm Springs Ave. and the REAL POINT OF BEGINNING;

Thence along the northerly lines of said Lot 3 and Lot 1, said Mrs. Gray's Subdivision and along said southerly right-of-way along a curve to the right an arc distance of 100.57 feet, said curve having a radius of 679.78 feet, a central angle of $8^{\circ}28'35''$ and a long chord having a bearing and distance of South $73^{\circ}06'40''$ East, 100.48 feet to the Northeast corner of said Lot 1; Thence along the easterly lines of said Lot 1 and Lot 2, said Mrs. Gray's Subdivision South $11^{\circ}18'26''$ West, 85.66 feet to the Southeast corner of said Lot 2; Thence along the southerly lines of said Lot 2 and Lot 4, said Mrs. Gray's Subdivision North $78^{\circ}52'58''$ West, 100.00 feet to the Southwest corner of said Lot 4; Thence

AUGUST 16, 2012

BOISE STATE UNIVERSITY

SUBJECT

Yanke Family Research Park, Lease Termination and Property Purchase

REFERENCE

February 2008

Board approval to proceed with lease preparation

April 2008

Board approval of lease between University and Foundation

APPLICABLE STATUTE, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.

BACKGROUND/DISCUSSION

Boise State University entered into a Board approved lease agreement with the Boise State University Foundation in August 2008 for the Yanke Family Research Park located at 220 Parkcenter Boulevard in Boise, Idaho. The Foundation acquired the property in September 2008 as part purchase, part gift from SuperValu. The Park is located on 8.3 acres near the main campus and includes an 80,000 square foot building that houses a number of University programs. In 2008 the land and building were valued at approximately \$10 million.

The terms of that lease required that the University be responsible for all operational costs of the facility, plus provide the Foundation a lease payment equal to the interest-only payment required by the Foundation's property acquisition loan. As annual pledge payments for the building have been received, the Foundation has reduced the loan principal by \$990,000 per year. The last pledged payment is expected in September 2012.

The Foundation's loan on the property will mature on October 14, 2013, and will have a remaining principal of approximately \$2 million. Per the lease agreement between the University and the Foundation, once the Foundation's purchase loan for this property is paid in full, the Foundation will immediately deed the property to the University. The University and Foundation had initially planned to secure donations to pay the \$2 million principal balance of the loan, however, subsequent fundraising efforts were directed at meeting the donation match requirement for the Micron Business and Economics Building. Consequently, no additional gifts or pledges are anticipated.

IMPACT

The University proposes to use institutional reserves to pay the remaining principal of the loan in October 2012 to avoid the interest-only costs for the period from October 2012 to loan maturity in October 2013.

BUSINESS AFFAIRS AND HUMAN RESOURCES
AUGUST 16, 2012

The University has been responsible for the costs to operate, insure and maintain the facility; therefore approval of this item will not create an additional annual operating expense. Since the University will fund the approximately \$2 million purchase price from institutional funds, no additional debt will be incurred for this transaction.

STAFF COMMENTS AND RECOMMENDATIONS

Board policy V.B.10.b.i. provides that “No institution shall acquire, build, take possession of, expand, remodel, or convert any eligible space for which occupancy costs will be requested unless prior written notification has been received by the Governor and the Joint Finance-Appropriations Committee. Written notification shall be submitted by the Office of the State Board of Education or a community college within ten business days of final project approval by the State Board of Education” To date this facility has not been eligible for occupancy costs because it is leased by the University, and leased facilities are not considered “eligible space” under the policy. However, upon the University’s purchase of the facility it would become eligible to request occupancy costs.

The University will save approximately \$500,000 by paying off the loan early. This is derived from either 1) interest payments totaling about \$500K for a new \$2M loan, or 2) the sum of all payments on a new 2 year loan would be \$2.5M, less \$2M purchase for a difference of \$500K. Staff recommends approval.

BOARD ACTION

I move to approve the request by Boise State University to purchase the Yanke Family Research Park facility located at 220 Parkcenter Boulevard from the Boise State University Foundation for the principal balance of the loan, estimated to be approximately \$2 million, and to direct Board staff to provide written notification of final Board approval to the Governor and the Joint Finance-Appropriations Committee within ten business days pursuant to Board policy.

UNIVERSITY OF IDAHO

SUBJECT

Bank Loan Interest Reduction – Information Item

REFERENCE

June 17, 2010	Regents approval of construction of Kibbie Activity Center Enhancement Project for a total project cost not to exceed \$5,310,000 and approving bridge financing of approximately \$2.9 million.
August 12, 2010	Regents approval of Borrowing Resolution for loan of up to \$2.9 million at an interest rate of 5.0%

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.K (Construction Projects) and Section V.F (Bonds and Other Debt).

BACKGROUND/DISCUSSION

Wells Fargo Bank has agreed to revise the interest rate on the bridge loan used to finance the Kibbie Activity Center Enhancement Project from the original rate of 5.0% to 4.25%, with no other changes to the loan terms. The effective date of the change is July 1, 2012. The Kibbie Activity Center Enhancement Project is supported 100% by donated funds. The bridge loan funded completion of construction while the pledges were being collected.

IMPACT

Interest savings from the change are estimated to be approximately \$57,000. The University will pay a small amount of legal fees for document review and preparation.

STAFF COMMENTS AND RECOMMENDATIONS

UI general counsel contacted Board staff to inquire whether this transaction needed prior Board approval. Board staff advised counsel that given that the Board's August 2010 motion to approve capped the rate at 5%, the fact that the rate is being decreased (not increased), and that there are no other changes in the loan terms, this was not a matter requiring approval of the Board. Board staff suggested bringing this as an information item was appropriate.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

UNIVERSITY OF IDAHO

SUBJECT

Convey a Deed of Dedication for property owned by the Regents to the City of Moscow to construct and maintain a public sidewalk

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.1.5.b(3)

BACKGROUND/DISCUSSION

The City of Moscow is proposing to construct an ADA accessible sidewalk between the Palouse Mall and Walmart. The sidewalk would improve safety and accessibility between retail areas and campus residences.

To complete the designed project, the City is seeking permission to construct and maintain a new sidewalk on approximately 332 square feet of Regents property fronting State Highway 8 and the City of Moscow's Hatley Way. The subject property is currently vacant grassy roadside outside the leased premises of Palouse Mall. A portion of the proposed dedication is already within the previously constructed Hatley Way street improvement. The development of the adjoining sidewalk will not impact any existing University of Idaho uses of the property and conveyance of the portion of the property under the existing Hatley Way will provide ownership rights to the City of Moscow for an 800 square foot parcel on which the City's Hatley Way had already been constructed prior to Regents' current ownership.

The University will not pay for any of the improvements nor be responsible for any ongoing maintenance. Dedication of the 0.026 acres of land will accommodate the new sidewalk improvements and existing street improvements in a manner that benefits community pedestrian accessibility and recognizes the City's construction and maintenance responsibility for the small portion of Hatley Way previously constructed on land now belonging to the Regents.

The University did not hire an independent appraisal, but in consideration of the City's construction and maintenance of the existing and proposed public improvements, and the characteristics of the subject property, University staff concluded that the land values determined for an adjoining parcel by an appraisal hired by the University in 2011 represented a sufficient and cost effective estimate of land value to satisfy the disposal requirements of Section 53-335, Idaho Code. Using that 2011 appraisal of a twenty foot strip of property immediately north of the subject property, University staff determined that the dedication would diminish the value to the University's retained parcels by approximately \$4,500. University staff concluded this diminishment is more than compensated by the value of the public improvements benefiting accessibility for

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

students and community members accessing retail areas near campus and reflects improvements consistent with University plans for this commercial area.

IMPACT

The University will not pay any construction costs for this improvement project, nor will it be responsible for ongoing maintenance and repair. The University will not receive payment for the 1,132 square feet of land dedicated to the project; however the University's students and visitors will benefit from the improved pedestrian access to retail areas adjoining campus.

PERPETUAL MAINTENANCE AGREEMENT
BETWEEN THE REGENTS OF THE UNIVERSITY OF IDAHO
AND CITY OF MOSCOW, IDAHO

This Perpetual Maintenance Agreement between the Regents of the University of Idaho and City of Moscow, Idaho (hereinafter "agreement") is made between The University of Idaho, a public corporation, state educational institution, and a body politic and corporate organized and existing under the Constitution and laws of the State of Idaho, PO Box 443168, Moscow, Idaho 83844 (hereinafter "UNIVERSITY") and City of Moscow, Idaho, an municipal corporation of the State of Idaho, 206 East Third Street, Moscow, Idaho 83843 (hereinafter "CITY").

WHEREAS, the Regents of the University of Idaho, a public corporation, state educational institution, and a body politic and corporate organized and existing under the Constitution and laws of the State of Idaho: and

WHEREAS, the City, as a municipal corporation of the State of Idaho, and as such, has the authority to contract and do all the things as allowed by the State which are not specifically prohibited or in conflict with the general laws of the Constitution of the State of Idaho, including the ability to contract and to acquire, whole, lease, and convey property, real and personal, pursuant to Idaho section 50-301: and

WHEREAS, UNIVERSITY has dedicated to CITY a portion of those parcels of land owned by the UNIVERSITY and described in Instruments No.547160 and No.266523, records of Latah County, situated in the southeast quarter of Section 12, Township 39 North, Range 6 West of the Boise Meridian, Latah County, Idaho, as shown on the attached Exhibit 'A' (Maintenance Area), and being more particularly described as follows:

Commencing at the northwest corner of the southeast quarter of said Section 12, said point being marked with a 5/8 inch diameter rebar with yellow plastic cap marked PE/LS 1768; thence along the west line of said southeast quarter, said line also being the westerly line of said parcel described in Instrument No.547160, S01°07'10"W, 1388.42 feet to the POINT OF BEGINNING:

Thence continuing along said west line, S01°07'10"W 40.00 feet; thence N89°56'59"E, 20.00 feet, to the east line of said University of Idaho parcel; thence along said east line N01°07'10"E 22.48 feet; thence leaving said east line, N89°56'59"E 30.82 feet along the northerly right-of-way line of State Highway 8 to the southwest corner of that parcel of land described in Instrument No. 332595; thence along the westerly boundary of said parcel, N01°07'10"E 7.52 feet; thence S89°56'59"W 20.82 feet; thence N01°07'10"E 10.00 feet; thence S89°56'59"W 10.00 feet to a point on the easterly boundary of said parcel described in Instrument

No.547160, thence continuing S89°56'59"W, 20.00 feet to the POINT OF BEGINNING.

Containing 1132 square feet, more or less; and

WHEREAS, UNIVERSITY and CITY agree that CITY shall be responsible for construction maintenance, repair, replacement, and other care of and for any and all public improvements placed in such Maintenance Area by CITY in perpetuity and without cost to UNIVERSITY: and

WHEREAS, UNIVERSITY and CITY believe it to be in the Parties' best interest to enter into this Agreement.

NOW, THEREFORE, UNIVERSITY and CITY hereby agree as follows:

SECTION 1: PARTIES. The Parties to this Agreement are the Regents of the University of Idaho ("UNIVERSITY"), a public corporation, state educational institution, and a body politic and corporate organized and existing under the Constitution and laws of the State of Idaho and City of Moscow, Idaho ("CITY"), a municipal corporation of the State of Idaho.

SECTION 2: AGREEMENT TERM. This Agreement shall be permanent and shall operate in perpetuity, unless otherwise agreed to by the Parties.

SECTION 3: UNIVERSITY AND CITY AGREE. UNIVERSITY and CITY mutually agree that it is beneficial to both parties and the broader community and is an expedient use of CITY'S budget facilities and personnel that City shall, in perpetuity, be financially and contractually obligated for the construction maintenance (including snow removal), repair, replacement, and other care of any public improvement placed in the Maintenance Area shown in Exhibit "A" attached hereto and copied same as if fully transcribed herein.

Each Party assumes all of its own risks of personal injury, bodily injury including death, and/or property damage caused by the negligent acts or omissions of that Party. Except as provided above, CITY shall fully indemnify and hold harmless UNIVERSITY against all claims, which result in whole or in part from the duties and obligations performed pursuant to this Agreement.

SECTION 4: AMENDMENT. This Agreement may be amended by mutual agreement of the Parties. Amendment(s) shall not be binding unless they are in writing and signed by personnel authorized to bind each of the Parties.

SECTION 5: OBLIGATIONS RUN WITH THE LAND

It is expressly intended by the Parties that the rights, burdens and restrictions contained in this Agreement shall run with the land and shall bind GRANTOR and GRANTEE, and their heirs, and assigns successors in interests.

Additional Capital Project Authorization Request, Niccolls Family and Consumer Sciences Building Renovations, Planning and Design Phases

REFERENCE

October 2011 Initial Capital Project Authorization Request, Niccolls Family and Consumer Sciences Building Renovations, Planning and Design Phases. Regular Board Meeting, October 19 & 20, 2011, Business Affairs and Human Resources Agenda, Section II, Item No. 9, page 22 of the approved minutes

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.K.1, Section V.K.2, and Section V.K.3.

BACKGROUND/ DISCUSSION

General Background

The Niccolls Family and Consumer Sciences Building on the Moscow campus of the University of Idaho houses the Margaret Ritchie School of Family and Consumer Sciences. Constructed in 1951, it remains virtually untouched from that era, with only the most modest of renovations and improvements over the years. Architectural spaces and finishes are all extremely dated. Programmatic elements such as the Foods Laboratory were designed to support a science-based curricula focused on home and family. This curriculum has expanded to include quantity food production and dietary requirements for special health needs. An upgraded Foods Laboratory will sustain accreditation with the American Dietary Association.

In the Fall of 2009, the University initiated a Technical Assessment & Feasibility Study to look at needs, requirements and potential renovations of the Niccolls Building. A team of consultants headed by Castellaw Kom Architects of Lewiston teamed with Hummel Architects of Boise conducted a technical evaluation of the facility and identified a series of prioritized programmatic and infrastructure improvements necessary to support the programs of the Margaret Ritchie School within the Niccolls Building. The feasibility study was completed in April 2010 and focused on six general areas of needed improvements

- Foods Laboratory
- Child Development Laboratory
- Departmental Smart Classroom Development
- Future Interior Space Needs

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

- Future Exterior Building Envelope Needs
- Infrastructure Needs

Overall Project Description

The existing Food Development Laboratory is outdated and based on an outmoded model of education. It is equipped with residential equipment and was initially conceived and designed to support a residential-based educational model. The current need is to educate students in the ability to study the dietetic nutritional needs and preparation of food for large groups – be that in support of the hospitality industry, schools, institutions and other large group settings. The stations are small and cramped, the space does not have adequate air conditioning or make up air, and large southern windows add to the heat load generated by the equipment, creating an overly warm environment even on cool days. Ventilation is insufficient, and finishes are outdated and in need of repair by replacement. Circulation of occupants within and through the space is poorly planned, and there is no ability to provide for a convenient or flexible dining arrangement within the Laboratory.

The Child Development Laboratory has several spatial issues which should be addressed. These issues limit lab activities and make visual observation of children difficult. Architectural finishes are outdated and in need of repair by replacement. There are issues with the flow of drop-off activities for the parents. A washer and dryer are not located within the space, and storage options are limited. An immediate need is to add a food preparation area specific to the needs of the Child Development Laboratory. Currently teachers must use the Foods Laboratory, one floor above, and not secure against food allergies. This addition sustains the accreditation of the CDL by the National Association for the Education of Young Children.

Once the general needs of the building were identified, the consultants and the facility stakeholder committee focused on priorities for the programmatic improvements. That discussion led to recognizing the Foods Laboratory and Child Development Laboratory as the top tier programmatic priorities.

It is the intent of this project to address these and other related issues. First priority and heavy emphasis will be placed upon the Food Development Laboratory as that is the first priority identified by the stakeholder committee and the area most needing architectural revision. Improvements will be considered for the Child Development Laboratory as a second priority can be achieved within available funds.

Existing Authorization and Status Update

In October of 2011, the University sought and received authorization from the Board of Regents to begin planning and design in the amount of \$150,000.

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

In addition, the University worked in collaboration with staff at the Idaho Division of Public Works, under the direction of Tim Mason, to combine the desired programmatic scope of work with an HVAC infrastructure Improvements project funded via the State of Idaho Permanent Building Fund (PBF). Combining the University of Idaho Architectural and Programmatic Renovations effort with the DPW/PBF infrastructure effort will result in a more seamless integration of the two project efforts and should also result in cost savings. The intent of the University to work with the Division of Public Works and to combine these two project efforts together was noted and highlighted as an additional information item in the initial Authorization Request submitted and approved in October of 2011.

Since then, the Division of Public Works issued a Request for Qualifications (RFQ) for planning and design phase architectural services for the combined project scope and joint team of University of Idaho and DPW personnel have selected Castellaw Kom Architects of Lewiston, Idaho for the planning and design phases.

Preliminary Planning and programmatic discussion involving representatives from the University of Idaho, DPW and Castellaw Kom have led to a total scope definition which results in a total project of approximately \$2,600,000. This is an increase over that which was reported in the referenced October, 2011 Authorization request. The increase is the result of two actions:

- The addition of the State of Idaho PBF financed infrastructure project – authorized via the Permanent Building Fund Alteration and Repair Category process.
- Further definition of the second priority need, Improvements to the Child Development Laboratory, and inclusion of those elements into the scope of the project.

The project scope is now:

Item:	Estimate:
Original Anticipated Scope per Oct 2011 Authorization Request	\$ 1,300,000
Infrastructure Scope funded by the State of Idaho PBF	\$ 776,300
Additional Scope, Child Development Laboratory Improvements	\$ 523,700
Total Project Scope/Estimate:	\$ 2,600,000

Authorization Request

This request is for additional Capital Project Authorization to plan and design renovations and improvements to the Food Preparation Laboratory and Child Development Laboratory at the Niccolls Building. This request is sought for the Planning and Design phases only – construction authorization is not being sought at this time.

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

As stated, the anticipated eventual total project effort – to include the State of Idaho PBF funded infrastructure scope - is valued at \$2,600,000 to include design phase and construction costs and appropriate and precautionary contingency allowances.

Funding for this project will include State of Idaho PBF funds, Gift funds donated to the University and intended specifically for this project, and College funds from the College of Agricultural and Life Sciences (CALs).

The University currently seeks authorization to expend up to 10% of that total project value, or \$260,000, on Planning and Design Phase activities.

Existing Authorization in place is \$150,000, achieved in October, 2011 at the Regular meeting of the Board. This request therefore represents an increase of \$110,000 in planning and design authorization.

Upon the conclusion of the Planning and Design Phase Activities, the University will return to the Board of Regents with a separate authorization request for Construction Phase activities.

Additional Information

Coordination with the University's Strategic Plan: This project directly supports the University's strategic plan and its education and outreach goals. The project is in alignment with the strategic goals and objectives of the College of Agricultural and Life Sciences. Further, it is fully consistent with the stated goals and intents of the Technical Assessment & Feasibility Study for the Niccolls Building, the University's Long Range Campus Development Plan (LRCDP), and the Campus Infrastructure Master Plan.

IMPACT

The Immediate fiscal impact of this effort is \$260,000.

<u>Funding</u>		<u>Estimate Budget</u>	
State	\$ 77,000	Construction	\$ 0
Federal (Grant):	\$ 0	A/E & Consultant Fees	\$ 260,000
Other (CALs)	\$ 33,000	Contingency	<u>\$ 0</u>
Private	<u>\$ 150,000</u>		
Total	\$ 260,000	Total	\$ 260,000

The overall, projected eventual impact assuming that the desired Construction Phase is eventually authorized upon successful completion of this Planning and Design Phase is \$2,600,000.

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

ATTACHMENTS

Attachment 1 – Capital Project Tracking Sheet

Page 7

STAFF COMMENTS AND RECOMMENDATIONS

The Board previously approved a request from UI to begin planning and design on this project. The scope of the project has expanded due to the addition of state Permanent Building Fund alteration and repair moneys to perform HVAC improvements and inclusion of improvements to the Child Development Laboratory. UI is requesting approval to increase the amount authorized for planning and design. Staff recommends approval.

BOARD ACTION

I move to approve the request by the University of Idaho to supplement the Planning and Design Phase of the Niccolls Family and Consumer Sciences Building Renovations to increase the authorization by \$110,000, to a total authorization of \$260,000. Authorization includes the authority to execute all requisite consulting, design, and vendor contracts necessary to fully implement the Planning and Design Phases of the project.

UNIVERSITY OF IDAHO

SUBJECT

Initial Capital Project Authorization Request, Planning and Design Phases, Student Union Building (SUB) Second Floor Renovations and Improvements, University of Idaho, Moscow, Idaho

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedure, Section V.K.1 and Section V.K.3

BACKGROUND/DISCUSSION

This is an initial request for Regent's Authorization to implement a series of Architectural, Mechanical, and Electrical renovations and improvements to the conferencing and meeting center of the University of Idaho on the second floor of the SUB, located on the main campus of the University of Idaho, Moscow, Idaho. This request is based upon an initial Feasibility Study commissioned by the University. It is the second in a series of planned renovations and improvements envisioned by the Feasibility Study, the University having previously completed renovations and improvements to the SUB Ballroom.

Project Description

The University's SUB grew over time in a series of additions and renovations beginning with the university's 1936 acquisition of the Blue Bucket Inn – a facility dating to 1924. The current second floor conferencing and meeting center is housed in an addition constructed in the 1950s. It is now 55 plus years old and there has been little in the way of substantive renovations or improvements since the original construction. Finishes and systems have degraded over time and are in need of update and/or replacement.

In 2005, the University commissioned Ellis-Feeney Architects, Lewiston, Idaho to conduct an initial Feasibility Study for desired Architectural, Mechanical, and Electrical renovations and improvements to the SUB. The study provided a menu of renovation and improvement options to be accomplished in phases and iterations as funding becomes available. Since the receipt of the Ellis-Feeney Feasibility Study in late 2006, the University has worked to identify and set aside sufficient building reserve funds to allow the proposed improvements to proceed.

In 2008, the Board of Regents authorized the University to pursue the first set of improvements generated by the Feasibility Study. A project effort of \$1,300,000 to renovate and improve the SUB Ballroom was completed in December of 2009.

At this time the University is ready to proceed with the planning and design phases only of the second set of renovations and improvements resulting from the Feasibility Study. This anticipated project is similarly sized at \$1,300,000.

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

The scope of work is expected to include renovations and improvements to the second floor conferencing and meeting center. The scope will affect the Silver and Gold Room, Chiefs' Room, Borah Theater, additional meeting rooms, the common space and ancillary spaces such as the restrooms, storage and back of house spaces. The work includes renovations and improvements to, flooring, walls and ceiling systems, operable walls and partitions, mechanical systems, and electrical systems.

Authorization Request

This request is for Initial Capital Project Authorization to plan and design renovations and improvements to the second floor conferencing and meeting center of the University of Idaho SUB. This request is sought for the Planning and Design phases only – construction authorization is not being sought at this time.

As stated, the anticipated eventual total project effort is valued at \$1,300,000 to include design phase and construction costs and appropriate and precautionary contingency allowances.

Funding for this project will include University strategic investment funds and reserve funds dedicated to the specific use and intent of providing for the improvements and renovations of the SUB.

The University currently seeks authorization to expend approximately 12% of that total project value, or \$150,000, on Planning and Design Phase activities.

Upon the conclusion of the Planning and Design Phase Activities, the University will return to the Board of Regents with a separate authorization request for Construction Phase activities.

The project is fully consistent with the university's strategic plan, specifically, Goal One, Teaching and Learning Activity, Goal 3, Outreach and Engagement and Goal Four, Community and Culture, and the University's Long Range Capital Development Plan (LRCDP). This project is in alignment with the series of improvements envisioned in the 2006 Feasibility Study and Master Plan for the SUB.

BUSINESS AFFAIRS & HUMAN RESOURCES
AUGUST 16, 2012

IMPACT

Immediate fiscal impact of this effort is \$150,000. The project fund source is University of Idaho Strategic Investment Funds and SUB Reserves set aside for this specific and intended purpose.

<u>Funding</u>		<u>Estimate Budget</u>	
State	\$ 0	Construction	\$ 0
Federal (Grant):	0	A/E & Consultant Fees	130,000
Other (State & UI)	<u>150,000</u>	Contingency	<u>20,000</u>
Total	\$ 150,000	Total	\$ 150,000

STAFF COMMENTS AND RECOMMENDATIONS

The UI requests approval to proceed with planning and design for certain renovations and improvements on the second floor of the SUB. Fund source for the project will be University funds and SUB reserves. Staff recommends approval.

BOARD ACTION

I move to approve the request by the University of Idaho to implement the planning and design phases of a capital project for second floor renovations and improvements of the Student Union Building in the amount of \$150,000. Approval includes authorization to execute all necessary and requisite consulting, and vendor contracts to fully implement the planning and design phases of the project.

AUDIT
AUGUST 16, 2012

BOISE UNIVERSITY

SUBJECT

Board approval of Boise State University memorandum of understanding with Bronco Athletic Association, Inc.

REFERENCE

July 2012 Audit Committee reviewed and recommended Board approval of the memorandum of understanding

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.E.

BACKGROUND/DISCUSSION

Board policy requires a foundation of an institution be brought before the Board to be formally recognized as a nonprofit corporation or affiliated foundation to benefit a public college or university in Idaho. Each foundation shall be brought into substantial conformance with these policies and upon recognition by the Board, the foundation is ratified, validated, and confirmed, and it shall be deemed to have been organized as if its organization had taken place under authority of this policy. The operating agreement must be approved by the Board prior to execution.

Boise State University (BSU) worked with the Bronco Athletic Association Foundation to prepare the memorandum of understanding (MOU). The Audit Committee reviewed and recommended approval of the MOU with edits already incorporated with the MOU as submitted.

IMPACT

Approval of the MOU brings the Foundation into compliance with Board policy V.E.

ATTACHMENTS

Attachment 1 – BSU/Bronco Athletic Association MOU

Page 3

STAFF COMMENTS AND RECOMMENDATIONS

The MOU addresses the topics outlined in Policy V.E.

Staff recommends approval.

BOARD ACTION

I move to approve the memorandum of understanding between the Bronco Athletic Association, Inc. and Boise State University as presented.

Motion by _____ Seconded by _____ Carried Yes ___ No ___

THIS PAGE INTENTIONALLY LEFT BLANK

Memorandum of Understanding Between the Bronco Athletic Association, Inc. and Boise State University

THIS MEMORANDUM OF UNDERSTANDING (“MOU”) is entered into as of this _____ day of _____, 2012, by and between Boise State University (“University”) and the Bronco Athletic Association, Inc., an Idaho nonprofit corporation (“Athletic Association”), individually referred to as Party and collectively referred to as Parties.

RECITALS

- A. The Athletic Association was organized and incorporated in 1968 for the purpose of promoting and advancing the athletic programs of Boise State University.
- B. The Athletic Association exists independent from the University to advance the athletic programs at the University.
- C. The Athletic Association accomplishes its work by raising financial support for the following, including but not limited to: the annual fund (memberships), scholarship endowment, planned giving, special events (biennial auction, Varsity “B” golf tournament and reunions), sports enhancement gifts and capital campaigns.
- D. The Athletic Association is dedicated to assisting the Athletic Department and University in the long-term athletic priorities of the University.
- E. This MOU is intended to further define the relationship between the University and the Athletic Association and to set forth policies and procedures that will contribute to the coordination of their collaborative activities.
- F. This MOU has been reviewed and approved by the State Board of Education.

AGREEMENT

In consideration of the mutual commitments herein contained, and other good and valuable consideration, receipt of which is hereby acknowledged, the parties agree as follows:

I. Acknowledgment of University Governance

A. The parties acknowledge that the State Board of Education is responsible for the governance of the University to include overseeing the mission, leadership, operations, performance and employment compensation, and evaluation of all employees, including the University President. The University President is the Chief Executive Officer of the University and is authorized to act on behalf of the University by the State Board of Education. The State Board of Education is not responsible for the governance or oversight over the Athletic Association.

B. The parties agree that all actions taken pursuant to this MOU shall be in accordance with all University and State Board of Education policies and procedures governing the University.

II. Acknowledgment of Athletic Association Governance

A. The parties acknowledge that the Athletic Association is a separately incorporated 501(c) (3) nonprofit organization created to promote and advance the athletic programs at Boise State University.

B. The parties acknowledge that the Athletic Association's board of directors is responsible for the operations, control and management of the Athletic Association including assets of the Athletic Association and the prudent management of Association dues, sponsorships, special events, and gifts consistent with donor intent.

C. The parties acknowledge that the Athletic Association is responsible for the performance and oversight of all aspects of its operations based on a comprehensive set of bylaws that clearly address the board's fiduciary responsibilities, including expectations of individual board members based upon ethical guidelines and policies.

D. The parties agree that all actions taken pursuant to this MOU shall be in accordance with the Athletic Association's articles and bylaws. In carrying out its purposes, the Athletic Association shall not engage in activities that conflict with federal or state laws, rules and regulations (including, but not limited to all applicable provisions of the Internal Revenue Code and corresponding Federal Treasury Regulations), applicable policies of the State Board of Education, or the role and mission of the University.

E. All Athletic Association organizational documents, including but not limited to the articles of incorporation and bylaws shall be provided to the State Board of Education. Any proposed amendments or changes to such documents shall be provided to the State Board of Education in advance of their presentation for approval by the approving bodies.

III. The Athletic Association General Relationship to the University

A. The Athletic Association shall continue to develop its own strategic plan in collaboration with University leadership. This plan will serve to shape the focus of the Athletic Association and inform the University and Athletic Association staff working on behalf of the Athletic Association of Athletic Association objectives.

B. The Athletic Association shall maintain its own directors and officers liability insurance.

C. For informational purposes, the Athletic Association shall provide the University President with an annual report regarding the Athletic Association's programs, and other such reasonable information as requested. Since all Athletic Association funds are placed with the Boise State University Foundation ("Foundation"), pursuant to Paragraph IV.F. hereof, the annual audit of the Foundation shall hereafter serve as the annual financial audit report for the Athletic Association. In addition, the Foundation shall maintain and report financial information related to transfers from Athletic Association accounts to University accounts; unrestricted funds received by the Foundation on behalf of the Athletic Association; and unrestricted funds available to the Athletic Association during the current fiscal year.

1. Not less than annually, the Athletic Association shall provide a written report to the University President setting forth the following items:

a) a list of all of the Athletic Associations officers, directors, and employees;

b) an annual report of the Athletic Association major activities;

c) an annual report of (1) any actual litigation involving the Athletic Association during its fiscal year; (2) identification of legal counsel used by the Athletic Association for any purpose during such year; and (3) identification of any potential or threatened litigation involving the Athletic Association.

D. The Athletic Association shall not enter into any contract that would impose a financial or contractual obligation on the University without first obtaining the prior written approval of either the University President or the University Vice President for Finance and Administration and, if required by applicable law or State Board of Education policy, the State Board of Education.

IV. The University's General Relationship to the Athletic Association

A. The University President shall be responsible for communicating University priorities and long-term plans to the Athletic Association.

~~B. The University shall include the Athletic Association as an active and prominent participant in the strategic planning for the University.~~

C. The University President shall work closely with the Athletic Association and shall assume a prominent role in Athletic Association programs and activities. The University President shall also attend Athletic Association board meetings by invitation, but shall not serve as an Athletic Association board member and shall not vote at such meetings.

D. The Athletic Association Board of Directors shall have sole responsibility and authority for Athletic Association policy-making, and financial oversight of Athletic Association funds.

1. No University employee who functions in a key administrative or policy making capacity for the University (including, but not limited to, any University Vice-President or equivalent position) shall be permitted to have responsibility or authority for Athletic Association policy-making or financial oversight of Athletic Association funds.

E. No University employee shall receive direct payments, compensation, or other benefits from the Athletic Association.

F. The University shall continue to require all of its affiliated foundations, including the Athletic Association, to direct revenue to the Foundation for management. As such, the Athletic Association shall be required to deposit all revenues with the foundFoundation and the parties acknowledge that it is proper and prudent for the Foundation to manage the funds of the Athletic Association.

G. The University recognizes that the Athletic Association is a private, nonprofit corporation with the authority to keep all records and data confidential consistent with the law. The University shall establish and enforce policies that support the Athletic Association's ability to respect the privacy and preserve the confidentiality of donor records.

H. The University and the Athletic Association acknowledge that the Athletic Association, as an independent entity, carries out functions for the benefit of the University. As such, the University shall, when not otherwise prohibited by other applicable confidentiality requirements, share certain information with regard to donors, alumni and other such information needed by the Athletic Association to carry out its beneficial functions for the University. All such information shall be held by the Athletic Association as confidential and shall only be used in a manner that benefits the University.

I. The University transfers, on a regular basis, duplicate graduate (alumni) records, including all demographic and relationship data, to the Foundation. Since such records may assist the Athletic Association in carrying out its service mission to the University, the Athletic Association shall be allowed access to such data. All such information shall be held by the Athletic Association as confidential and shall only be used in a manner that benefits the University.

V. Athletic Association Name and Logotype

Consistent with its mission to help to advance the plans and objectives of the University, the University will grant the Athletic Association the limited, non-exclusive use of the name, Boise State University, for use in its support of the University; however, the Athletic Association shall also operate under its own logotype and shall only use the University seal, logo(s) or other identifying marks (collectively "University Marks") with prior approval of the University through the Office of Trademark Licensing, Office of General Counsel.

VI. Athletic Association Responsibilities

A. University Support

1. The Athletic Association serves the University by identifying, involving and soliciting interested persons or entities to support the University's athletic programs and opportunities.
2. The Athletic Association communicates with the University; provides opportunities for interested persons or entities to become involved with the University and the Athletic Association; and recognizes interested parties for their value to the University.
3. The Athletic Association maintains a supportive relationship with the University by participating in and influencing its continued development and direction in a meaningful way. To accomplish this, the University and Athletic Association leadership consult regularly regarding the University and Athletic Association strategic objectives, goals, and needs.
4. The University's Associate Athletic Director for Development is also the Executive Director of the Bronco Athletic Association. The Associate Athletic Director for Development is not a key administrative or policy-making employee of the University and is not a vice president or equivalent position at the University. As such, the University shall employ, and, solely from non-appropriated funds, pay the salary and benefits of the position of Associate Athletic Director for Development/Executive Director of the Bronco Athletic Association.

a. the Executive Director of the Bronco Athletic Association shall not be authorized to sign any contracts or obligations of the University as

a University employee. The Executive Director's sole signing authority shall be on the behalf of the Bronco Athletic Association.

5. The Athletic Association is a primary fund-raising arm of the Boise State Athletic Department at Boise State University. The Athletic Association raises financial support through annual memberships, scholarship endowments, sports enhancement funds, special events, capital projects and planned giving and other similar activities.

6. The Athletic Association shall adhere to gift and grant management and acceptance policies established by the Foundation. It shall promptly acknowledge and issue receipts for all gifts and membership on behalf of the Athletic Association and the University and provide appropriate recognition and stewardship of such gifts and memberships. No gifts, memberships or transfers of real or personal property will be accepted by the Athletic Association which does not comply with state law, State Board of Education policy, and University policy.

7. The Athletic Association shall not accept gifts or grants containing a condition committing the University contractually without prior written approval of the University President or VP for Finance and Administration.

8. The Athletic Association shall establish and enforce policies to protect donor confidentiality and rights. The donor database, as well as other data, materials and information of the Athletic Association pertaining to past, current or prospective donors, are proprietary to the Athletic Association and constitute its confidential information and trade secrets. The University shall not access information except in compliance with the Athletic Association's donor confidentiality policies. The Athletic Association and University shall take the steps necessary to monitor and control access to the donor database and to protect the security of the server and software relevant to the database.

9. The Athletic Association's Board of Directors shall foster an atmosphere of openness in its operations, consistent with the prudent conduct of its business. The parties understand that the Athletic Association is not a public agency or a governing body as defined in the Idaho Code and the Idaho Open Meeting Law and access to public records statutes. Nothing in this MOU shall be construed as a waiver of the Athletic Association's right to assert exemption from these statutes.

10. The Athletic Association shall maintain and enforce a conflict of interest policy.

B. Asset Management

1. All Athletic Association operating funds, and endowed scholarships and other monies are placed with the Foundation. Athletic Association shall not maintain accounts or funds outside the Foundation. Athletic Association operating funds are maintained in a Foundation checking account that requires dual signatures. ~~The signatures of at least two Athletic Association designated officers, or the signature of at least one Athletic Association designated officer and the Associate Athletic Director for Development, is required on all checks.~~

2. The Athletic Association shall cause an independent accounting firm annually to conduct an audit of the Athletic Association's financial statements. Since all Athletic Association funds are placed with the Foundation, pursuant to Paragraph IV.F. hereof, the annual audit of the Foundation shall separately identify and report such funds and may hereafter serve as the annual financial audit report for the Athletic Association.

3. As part of the Foundation's fund management, the Athletic Association shall utilize an accounting and database management system that is compatible with the Foundation. The Athletic Association shall have access to such information for purposes of fund and data management and the continued enhancement of the University.

C. Athletic Association Flexibility

1. The Athletic Association shall not acquire or develop real estate or otherwise build facilities for the University's use without first obtaining approval of the State Board of Education. In the event of a proposed purchase of real estate for such purposes by the Athletic Association, the University shall notify the State Board of Education at the earliest possible date of such proposed purchase for such purposes. Furthermore, any such proposed purchase of real estate for the University's use shall be a coordinated effort of the University and the Athletic Association. Any notification to the State Board of Education required pursuant to this paragraph may be made ~~to~~through the State Board's ~~chief executive officer~~ in executive session pursuant to Idaho law.

2. The Athletic Association shall conduct adequate due diligence on all gifts of real property that it receives. All gifts of real property intended to be held and used by the University shall be approved by the State Board of Education before acceptance by the University and the Athletic Association. In cases where the real property is to be acquired primarily for use by the University in connection with carrying out its proper functions, the real property may be conveyed directly to the University, in which case the University and not the Athletic Association shall be responsible for the due diligence obligations for such property

3. The Athletic Association may serve as an instrument for entrepreneurial activities for the University and engage in such activities to further University purposes. Provided, however, that the University must receive the required approval of the State Board of Education in advance of any such action or commitment.

4. Subject to the limits of section III.D. above, the Athletic Association may hold licensing agreements and other forms of intellectual property, borrow or guarantee debt, or engage in other activities to increase Athletic Association revenue. The terms of any agreements related to these purposes shall clearly delineate the Athletic Association's independence from the University.

5. When distributing gift funds to the University, the Athletic Association shall disclose any terms, conditions, or limitations imposed by donors or by law on the gift. The University will abide by such restrictions and provide appropriate documentation of such compliance to the Athletic Association.

D. Transfer of Funds

1. Athletic Association funds shall be kept separate from University funds.

2. No University funds, assets, or liabilities may be transferred directly or indirectly to the Athletic Association without the prior approval of the State Board of Education except when:

a) A donor inadvertently directs a contribution to the University that is intended for the Athletic Association; or

b) The University has gift funds that were transferred from and originated in the Athletic Association and the University wishes to return a portion of funds to the Athletic Association for reinvestment consistent with the original intent of the gift.

3. The Athletic Association's disbursements on behalf of the University shall be reasonable business expenses that support the University, are consistent with donor intent, and do not conflict with applicable law or State Board of Education policy.

VII. Athletic Association Funding and Administration

A. The Athletic Association shall be responsible for establishing a financial plan to underwrite the cost of Athletic Association programs, operations, and services.

B. The Athletic Association provides a portion of the funds necessary to conduct Athletic Association programs. The Association will engage in various revenue-generating activities for this purpose that may include, but are not limited to, membership dues, sponsorships, affinity relationships and direct fund-raising to accomplish the goals of the Athletic Association.

C. The Athletic Association owns the building where the current Bronco Football Complex is located. The Athletic Association currently leases this space to the University to provide office space for the Bronco Football Program.

D. The University may provide to the Athletic Association equipment, computer and telephone systems, utilities, and office supplies that may be necessary or required to fulfill its responsibilities and obligations pursuant to the terms of a written agreement described in Section IX below.

E. The Athletic Association shall maintain an annual operating budget and will provide a copy of the budget to the University President for informational purposes. Oversight of Athletic Association expenditures rests with the Athletic Association Board of Directors.

F. The Athletic Association will provide access to data and records to the University on a need-to-know basis in accordance with applicable laws, Athletic Association policies, and guidelines. The University shall, at any time, have access to the financial records of the Athletic Association. The scope of this right of the University shall be construed as broadly as needed to conduct a complete financial statement audit of the Athletic Association as such an audit would be conducted under generally accepted auditing standards if the University should so require. The University need not conduct an actual audit to be afforded such access and shall be given such access at any time.

1. The University's access shall not include donor specific data such that would provide individually identifiable information about donors or their donations made to the Athletic Association.

G. The Athletic Association shall maintain a provision in its corporate documents for dissolution consistent with the State Board of Education Policy and applicable law.

VIII. University Responsibilities

A. The University shall work with the Athletic Association to ensure that the University and its affiliated organizations comply with all of the terms of MOU.

B. Subject to the availability of funding and the budget process, the University may provide the Athletic Association with annual financial support. This support may consist of services and support as agreed. The Athletic Association budget may include University support and assistance as well as Athletic Association

resources and revenues. The Athletic Association and University will consult during the budget process.

IX. Services, Facilities, and Resources Provided by the Athletic Association and the University to One Another

A. The Athletic Association and University agree that in consideration for services, office space, equipment, computer and telephone systems, utilities, and office supplies provided to one another, each party shall provide the other with fair and reasonable consideration to be negotiated annually by June 1 of the preceding fiscal year pursuant to a written agreement that specifies the nature of such services, facilities, and resources and the compensation that will be paid for such services by each of the parties. The rate assessed for the use of either party's services, facilities, and resources shall be at fair market value.

B. The Associate Athletic Director for Development is the Executive Director of the Bronco Athletic Association, Inc. The Executive Director is an employee of the University who is compensated by the University. The University has the sole discretion to direct the Executive Director when acting in his or her capacity as Associate Athletic Director of Development. While it is anticipated that the goals of the University and the Athletic Association will usually coincide with respect to the services to be performed by the Executive Director, there may be times when those goals may diverge. The Executive Director shall notify the Athletic Association in the event a conflict of interest arises.

1. Under no circumstances shall the Associate Athletic Director for Development represent both the University and the Bronco Athletic Association, Inc. in any negotiation, sign for both the University and Athletic Association in a particular transaction, or direct any other University employee under their immediate supervision to sign for the related party in a transaction between the University and the Athletic Association.

C. The Executive Director of the Athletic Association will work directly with other athletic and University staff members to achieve the goals of the Athletic Association, the University, and the terms of this agreement.

D. The Executive Director of the Athletic Association will meet with the University Athletic Director on at least an annual basis to assure appropriate staffing to accomplish the goals of the Athletic Association. The BAA Executive Director/Associate Athletic Director for Development and all BAA staff are employees of the University and are compensated by the University. No payments shall be made directly from the Athletic Association to University employees in connection with resources or services provided to the Athletic Association. Supplemental compensation from the Athletic Association may be made to University employees only with prior State Board of Education approval and shall be paid by the Athletic Association to the University, which in turn will

make payment to the employee in accordance with normal practice. The annual financial statements audit will include a list of University employees for whom the Athletic Association made payments to the University for supplemental compensation or any other approved purpose during the fiscal year, and the amount and nature of that payment.

X. Meetings and Continued Communications Regarding MOU

To ensure effective achievement of the items of this MOU, the University and Athletic Association officers and board representatives shall hold periodic meetings to foster and maintain productive relationships and to ensure open and continuing communications and alignment of priorities.

XI. Miscellaneous

A. Indemnification. The University and the Athletic Association each agree to indemnify, defend and hold the other party, their officers, directors, agents and employees harmless from and against any and all losses, liabilities, and claims, including reasonable attorney's fees arising out of or resulting from the willful act, fault, omission, or negligence of the party, its employees, contractors, or agents in performing its obligations under this MOU. This indemnification shall include, but not be limited to, any and all claims arising from an employee of one party who is working for the benefit of the other party. Nothing in this MOU shall be construed to extend the University's liability beyond the limits of the Idaho Tort Claims Act, Idaho Code §6-901 et seq.

B. Term and Termination.

1. The term of this MOU shall terminate upon the mutual written agreement of both parties.

2. Either party may terminate this MOU in the event the other party defaults in the performance of its obligations and fails to cure the default within 30 days after receiving written notice from the non-defaulting part specifying the nature of the default. Should the University choose to terminate this MOU by providing 90 days written notice, or in the event of a default by the University that is not cured within the time frame set forth above, the Athletic Association may require the University, within 180 days of the written notice, to pay all debt, or completely account for all debt guarantees (subject to the approval of the State Board of Education) incurred by the Athletic Association on the University's behalf including, but not limited to, lease payments, advanced funds, and funds borrowed for specific initiatives.

3. As a prerequisite to any other termination of this MOU by either party, the parties agree to first follow and complete the mandatory process, in sequence, set forth in Section XI.C. (Dispute Resolution). If and only if all the mandatory steps in section XI.C. are followed in sequence, then, either

party may, upon 90 days prior written notice to the other, terminate this MOU, ~~and either party may terminate this MOU in the event the other party defaults in the performance of its obligations and fails to cure the default within 30 days after receiving written notice from the non-defaulting part specifying the nature of the default. Should the University choose to terminate this MOU by providing 90 days written notice, or in the event of a default by the University that is not cured within the time frame set forth above, the Athletic Association may require the University, within 180 days of the written notice, to pay all debt, or completely account for all debt guarantees (subject to the approval of the State Board of Education) incurred by the Athletic Association on the University's behalf including, but not limited to, lease payments, advanced funds, and funds borrowed for specific initiatives.~~

4. Should the University choose to terminate this MOU by providing 90 days written notice, pursuant to XI.B.3 above, or in the event of a default by the University that is not cured within the time frame set forth in XI.B.2 above, the Athletic Association may require the University, within 180 days of the written notice, to pay all debt, or completely account for all debt guarantees incurred by the Athletic Association on the University's behalf including, but not limited to, lease payments, advanced funds, and funds borrowed for specific initiatives. Noting, however, that the only valid gurantees are those where State Board of Education approval was expressly granted pursuant to this MOU.

~~5.~~ Should the Athletic Association choose to terminate this MOU by providing 90 days written notice, pursuant to XI.B.3, or in the event of a default by the Athletic Association that is not cured within the time frame set forth above, the University may require the Athletic Association to pay any debt, or completely account for any debt guarantees, the University holds on behalf of the Athletic Association ~~in like manner~~.

6. The parties agree that in the event this MOU shall terminate in any manner, they shall cooperate with one another in good faith to negotiate a new agreement within six (6) months. If a new agreement is not reached in such time and Section XI.C. (Dispute Resolution) has been followed; the parties shall refer the matter to the State Board of Education for resolution as provided for in Section XI.E. (Dissolution of the Athletic Association).

7. Termination of this MOU shall not constitute or cause dissolution of the Athletic Association except as provided for in the final sentence of Section XI.B.~~62~~.

C. Dispute Resolution. The parties agree that in the event of any dispute arising from this MOU, they shall first attempt to resolve the dispute by working together with the appropriate staff members of each of the parties. If the staff cannot resolve the dispute, then the dispute will be referred to the President of the Athletic Association and the University President. If the Athletic Association President and University President cannot resolve the dispute, then the dispute will be referred to the Athletic Association President and the State Board of Education for resolution. If they are unable to resolve the dispute, the parties shall submit the dispute to mediation by an impartial third party or professional mediator mutually acceptable to the parties.

D. Litigation. As a prerequisite to any litigation filed between the Athletic Association and the University on any matter whatsoever, the parties agree to first follow the process set forth in Section XI.C. (Dispute Resolution). If and only if all the mandatory steps in section XI.C. are followed in sequence and a dispute remains unresolved, then, in such case, either party shall have the right to initiate litigation arising from this MOU. In the event of litigation, the prevailing party shall be entitled, in addition to any other rights and remedies it may have, to reimbursement for its expenses, including court costs, reasonable attorney fees, and other reasonable professional expenses.

E. Dissolution of Athletic Association. Consistent with provisions appearing in the Athletic Association's bylaws and its articles of incorporation, should the Athletic Association cease to exist or cease to be an Internal Revenue Code § 501(c) (3) organization, the Athletic Association shall transfer its assets and property to the State Board of Education to be held for the use of the University, to the University, or to a reincorporated successor Athletic Association in accordance with the law and donor intent.

F. Headings. Headings are for reference only and do not affect the interpretation of this MOU.

G. Governing Law. This MOU shall be governed by the laws of the state of Idaho.

H. Legal Representation. The parties acknowledge that they have retained separate legal counsel, or have had the opportunity to do so, to draft and review this MOU on behalf of each party.

I. No Third Party Beneficiaries. This MOU shall not be construed to create any rights, remedies, or benefits upon any third party.

J. Separate Entities. At all times and for all purposes of this Memorandum of Understanding, the University and the Athletic Association shall act in an independent capacity and not as an agent or representative of the other party. The University and Athletic Association are independent entities and neither shall

be liable for any of the other's contracts, torts, or other acts or omissions, or those of the other's trustees, directors, officers, members or employees

K. Non-Assignability. This Agreement is not assignable by either party, in whole or in part.

L. Severability. If any provision, term, or part of this MOU, except for the provisions of this MOU requiring prior appropriation, is held to be invalid, illegal, unenforceable, or in conflict with any law of the State of Idaho, the validity, legality, and enforceability of the remaining portions or provisions shall not be affected, and the rights and obligations of the parties shall be construed and enforced as if the MOU did not contain the particular part, term or provision held to be invalid.

Signature page follows.

IN WITNESS WHEREOF, the parties have caused this MOU to be executed by their duly authorized officers as of the date first above written.

AUDIT
AUGUST 16, 2012

SUBJECT

Board Policy V.Y. – Compliance Programs – first reading

REFERENCE

August 2010

Board was briefed on Audit Committee project to make policy recommendation for proper financial oversight and control, including such issues as codes of ethics or conduct, conflict of interest policy, and whistle-blower or other internal or external reporting procedures.

BACKGROUND / DISCUSSION

The Audit Committee has been reviewing compliance and reporting processes and procedures by the institutions since 2010. The Committee directed staff and general counsel for the three universities to develop recommendations for a flexible structure to ensure compliance issues flow up to the Committee through a single point of contact or compliance officer. This included guidelines which would provide consistency for the institutions to follow in 1) deciding whether an investigation is warranted, and 2) if an investigation is required, what are the guidelines for performing the investigation.

IMPACT

The Audit Committee is proposing a new section of Board Policy, V.Y. Compliance Programs. The new policy will cover:

- Require material compliance issues be reported (in writing) to the Audit Committee on a semi-annual basis. The institutions could stagger their reporting. Materiality is defined in the policy.
- Require material compliance issues in excess of \$200,000 be reported to the Audit Committee immediately.
- *De minimus* compliance issues under \$25,000 are not reported to the Audit Committee.

ATTACHMENTS

Attachment 1- Board Policy Section V.Y.

Page 3

STAFF COMMENTS AND RECOMMENDATIONS

This proposed policy has been extensively analyzed and deliberated by Board and institution staff and the Audit Committee. Staff finds that in light of increasing complexity and scrutiny surrounding compliance and corresponding potential for reputational and financial exposure, this policy is necessary and prudent. Staff recommends approval.

BOARD ACTION

AUDIT
AUGUST 16, 2012

I move to approve the first reading of proposed Board Policy Section V.Y. Compliance Programs, as presented in Attachment 1.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

1. General

The Board is committed to ethical conduct and to fostering a culture of compliance with the laws and regulations which apply to the institutions and agencies under its governance.

2. Compliance Program

Each institution shall designate a chief compliance officer, approved by the Audit Committee (Committee), and shall ensure that the institution establishes a compliance audit program to be approved by the Committee which must address, at a minimum, the following:

- a. A code of ethics which applies to all employees.
- b. A published and widely disseminated list or index of all major compliance areas and responsibilities, and to categorize and prioritize these compliance areas and responsibilities by considering the risks, probability, and negative impact of potential events.
- c. A mechanism for coordinating compliance oversight, monitoring and reporting. This includes a management level group or individual with authority to examine compliance issues and assist the chief compliance officer in investigating, monitoring, and assessing compliance and/or recommending policies or practices designed to enhance compliance.
- d. A means of assuring institutional policies are regularly reviewed for compliance with current federal and state laws and regulations and Board policies.

3. Reporting

- a. The chief compliance officer of each institution will prepare and submit a semi-annual compliance report, on a confidential basis, to Board counsel and the Committee noting all material compliance matters occurring since the date of the last report, and identifying any revisions to the institution's compliance program.

For purposes of this policy, a compliance matter shall be considered material if:

- The perception of risk creates controversy between management and the internal auditor.
- It could have a material impact on the financial statements.
- Is or could be a matter of significant public interest or exposure.
- It may be reported in an external release of financial information.
- It relates to key controls over financial information that are being designed or redesigned, have failed, or otherwise are being addressed by the organization.

Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES
SECTION: V. FINANCIAL AFFAIRS
Subsection: Y. Compliance Programs

October 2012

- It involves fraud related to management.
 - It involves potential financial liability in excess of \$25,000
- b. Notwithstanding the foregoing, a material compliance matter must be reported to the Committee as soon as reasonably practicable if it could involve potential financial liability in excess of two hundred thousand dollars (\$200,000). A de minimus compliance matter need not be reported to the Committee at any time. A violation will be considered de minimus if it involves potential financial liability of less than twenty-five thousand dollars (\$25,000) and is a matter that has not been recurring or is not otherwise indicative of a pattern of noncompliance.
- c. Compliance concerns at agencies under the governance of the Board shall be reported to the Committee by the Board's Executive Director when, in his/her discretion, the matter presents extraordinary ethical, legal, or fiduciary responsibilities or obligations.

BOISE STATE UNIVERSITY

SUBJECT

Approval of Full Proposal - Executive Master of Business Operational Excellence

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section III.G. 4. and 5. And section V.R.3.b.

BACKGROUND/ DISCUSSION

Boise State University proposes to offer a new Executive Master of Business Operational Excellence (EMBOE). The proposed program will be offered by the College of Business and Economics (COBE).

The proposed EMBOE will serve individuals currently working in mid-management positions who have been charged with creating operational excellence throughout their organization through “lean management”, strategic planning, and change management. The EMBOE will complement, but differ substantially from, two existing graduate programs offered by COBE: (i) the existing Master of Business Administration program creates broad managerial expertise, and has a daytime track for full-time students, and an evening track for part-time students and (ii) the existing Executive Master of Business Administration program also creates broad managerial expertise, but serves individuals presently in high-level managerial positions who need education.

Graduates of the proposed program will meet an important need for sustained process improvement within organizations. Typically an organization will hire a consultant to help it reengineer its processes to become more efficient, and usually the payoff, in terms of increased efficiency, greatly exceeds the cost of the consultant. However, once the consultant leaves and there is no longer anyone spearheading the efficiency efforts, there often will be a gradual decrease in the efficiency of the organization. EMBOE graduates will be able to sustain efficiency efforts over the long term and thereby sustain the substantial decrease in costs and increase in production that result.

The proposed program includes a unique partnership between a state university and a private organization, the Kaizen Institute (World Headquarters: Zurich, Switzerland; USA Headquarters: Seattle, Washington). The Kaizen Institute is a well-known world-wide consulting expert in the area of lean operations, and their role in the program will be two-fold: (i) they will assist in instruction, and will provide a “real-world” perspective in the classroom and (ii) they will help recruit students from across the globe. This partnership is described fully in a separate contract document.

INSTRUCTION, RESEARCH, AND STUDENT AFFAIRS
AUGUST 16, 2012

Most, if not all, students who enroll will be sponsored by their employer. Experience with similar programs suggests companies with less than about \$25,000,000-\$50,000,000 in annual revenues rarely sponsor an employee to attend a program such as the one proposed herein. In 2008 (the latest published data), 34,000 United States corporations (and 120 Idaho corporations) had revenues of \$50,000,000 or more. An assumption that each company might send only one person to such a program such as this, yields an estimate of the potential market in the US to be 34,000 potential students and in Idaho to be 120 students. The actual potential market is much larger because (i) the proposed program will draw globally and (ii) in addition to corporations, the program will attract from privately-held companies, foundations, governmental agencies, non-profits, etc. The program has the potential to draw globally, so the actual market potential would be substantially greater than 34,000 students from businesses. Note that employees of businesses are only one of the target market segments for this program. Persons working in education or for the government are also prime candidates for this program.

The concept of the EMBOE program has been presented to local companies and organizations such as St. Luke's, St. Al's, Simplot, Boise, Inc., Woodgrain, and others, and without exception they all embraced the concept and stated there is need.

There is presently very little competition with the proposed program. Although many options exist for training in the basics of process improvement, only two graduate degree programs are available worldwide, one at Ohio State University and one at Cardiff University in Wales.

IMPACT

The program will be self-supporting, and no state appropriated funds will be used. Program revenues, derived from student fees, cover all administrative, instructional, and operating costs. As a self-support program, each student will be charged \$44,700 for the four-quarter program. Initial startup costs of the program will be funded via a college local account. Those costs will be repaid by the program within three years of startup consistent with Board Policy V.R.

Funds designated for Professional Services refers to payment to the Kaizen Institute per the Memorandum of Understanding for their participation in offering the program.

Attachment 1 – Program Proposal

Page 5

**INSTRUCTION, RESEARCH, AND STUDENT AFFAIRS
AUGUST 16, 2012**

STAFF COMMENTS AND RECOMMENDATIONS

Boise State University (BSU) proposes to create a new Executive Master of Business Operational Excellence as a self-support model consistent with Board Policy V.R.3.b. The proposed program is not designed to satisfy the requirements of any specific job openings, but rather is designed to serve executives already in place. BSU projects a cohort enrollment between 30 and 45 students. The budget model requires a minimum of 30 students for the program to be viable and BSU will cap the program at 45 students to maintain quality for enrolled students.

Pursuant to III.Z, no institution has the Statewide Program Responsibility for Business Administration. Boise State University, Idaho State University, and the University of Idaho each offer a Master of Business Administration program. Those programs do not have the focus on operational excellence offered by the proposed program. The University of Idaho also offers an Executive Master of Business Administration.

Institution	Region	Branch Campus	Location	Program	Degree

ISU	6	University Place	Idaho Falls	Business Administration	MBA

BSU's request to offer a new Executive Master of Business Operational Excellence is consistent with their proposed Five-Year Plan for Delivery of Academic Programs in the Southwest Region. Board staff and CAAP recommend approval as presented.

Before completing this form, refer to Board Policy Section III.G., Program Approval and Discontinuance. This proposal form must be completed for the creation of each new program and each program discontinuance. All questions must be answered.

- 1. Describe the nature of the request.** Will this program be related or tied to other programs on campus? Please identify any existing program, option that this program will replace. *If this is request to discontinue an existing program, provide the rationale for the discontinuance. Indicate the year and semester in which the last cohort of students was admitted and the final term the college will offer the program. Describe the teach-out plans for continuing students.*

The College of Business and Economics at Boise State University proposes creation of a self-support, face-to-face executive-style program that will lead to a Master of Business Operational Excellence (MBOE) degree. The curriculum is designed for individuals currently working in mid-management positions who have been charged with creating operational excellence throughout their organization. "Lean operations" is an important component of their task, but the program also provides instruction in strategic planning and change management.

The proposed program includes what we believe to be a unique partnership between a state university and a private organization. The Kaizen Institute (World Headquarters: Zurich, Switzerland; USA Headquarters: Seattle, Washington) has agreed to partner with us in creating and offering the proposed program. The Kaizen Institute is a well-known world-wide consulting expert in the area of lean operations. Their role will be to provide a "real-world" perspective in the classroom and to help recruit students from across the globe. These two functions are critical to the success of the program because the market niche is quite specialized and southwestern Idaho does not have enough potential students to ensure success of the program. In addition, the classroom experience of students will be enriched substantially by the inclusion of students with diverse experiences. This partnership is described fully in a separate contract document (see attached).

The program will be self-supporting, and no state appropriated funds will be used. Program revenues cover administrative, instructional, and operating costs (see attached).

- 2. List the objectives of the program.** The objectives should address specific needs the program will meet. They should also identify and the expected student learning outcomes and achievements. *This question is not applicable to requests for discontinuance.*

The primary objective is to develop organizational leaders who can create and execute a business process improvement strategy.

At program completion, graduates should be able to:

- Use Six Sigma and Lean tools and methodologies.
- Analyze processes and implement improvements.
- Lead large, complex cross-functional projects.
- Actively coach and mentor others involved in lean transformation.
- Understand and use best practices for implementing change within an organization.
- Effectively communicate with leadership and frontline personnel.
- Create and implement a strategic process improvement plan.

- 3. Briefly describe how the institution will ensure the quality of the program** (i.e., program review). Will the program require specialized accreditation (it is not necessary to address regional accreditation)? If so, please identify the agency and explain why you do or do not plan to seek accreditation. *This question is not*

March 16, 2012

Page 2

applicable to requests for discontinuance.

The following measures will ensure the high quality of the proposed emphases:

Regional Institutional Accreditation: Boise State University is regionally accredited by the Northwest Commission on Colleges and Universities (NWCCU). Regional accreditation of the university has been continuous since initial accreditation was conferred in 1941. Boise State University is currently accredited at all degree levels (A, B, M, D).

Program Review: Internal program evaluations will take place every five years as part of the normal departmental review process conducted by the Office of the Provost. This process requires a detailed self study (including outcome assessments) and a comprehensive review and site visit by external evaluators.

Specialized Accreditation: Our College of Business and Economics is accredited by AACSB International. This program is subject to that accreditation.

Graduate College: The program will adhere to all policies and procedures of the Graduate College, which is assigned broad institutional oversight of all graduate degree and certificate programs.

4. List new courses that will be added to your curriculum specific for this program. Indicate number, title, and credit hour value for each course. Please include course descriptions for new and/or changes to courses. *This question is not applicable to requests for discontinuance.*

1. MBOE 501 DNA OF EXCELLENCE (3 credits)
2. MBOE 502 STATISTICAL THINKING (3)
3. MBOE 511 FINANCIAL MEASUREMENT (3)
4. MBOE 512 DESIGN & STRUCTURE OF PROCESSES, PRODUCTS, AND SERVICES (3)
5. MBOE 521 IMPROVEMENT TOOLS AND SKILLS (3)
6. MBOE 522 CRITICAL COMPONENTS OF CHANGE MANAGEMENT (3)
7. MBOE 531 STUDY MISSION AND DIAGNOSTIC PRACTICE (6)
8. MBOE 541 UNDERSTANDING AND MANAGING THE ENTIRE VALUE STREAM (3)
9. MBOE 542 CAPSTONE: CHANGE MANAGEMENT AS A STRATEGIC INITIATIVE (3)

5. Please provide the program completion requirements to include the following and attach a typical curriculum to this proposal as Appendix A. *For discontinuation requests, will courses continue to be taught?*

Credit hours required:	30
Credit hours required in support courses:	0
Credit hours in required electives:	0
Credit hours for thesis or dissertation:	0
Total credit hours required for completion:	30

6. Describe additional requirements such as preliminary qualifying examination, comprehensive examination, thesis, dissertation, practicum or internship, some of which may carry credit hours included in the list above. *This question is not applicable to requests for discontinuance.*

None. The culminating experience of the program is contained within the capstone course listed above

March 16, 2012

Page 3

(MBOE 542).

7. Identify similar programs offered within Idaho or in the region by other colleges/universities. *If the proposed request is similar to another state program, provide a rationale for the duplication.*

No programs of this specific type are offered within the state of Idaho or in the region. The Ohio State University is the only USA competitor and their program is available only in Columbus, Ohio.

Boise State University, Idaho State University, and the University of Idaho each offer Master of Business Administration programs. Those programs do not have the focus on operational excellence offered by the proposed program.

Degrees/Certificates offered by school/college or program(s) within disciplinary area under review

Institution and Degree name	Level	Specializations within the discipline (to reflect a national perspective)	Specializations offered within the degree at the institution
BSU Master of Business Administration	Master's	Offered as a broad based degree covering all aspects of business	Offered as a broad based degree covering all aspects of business

EITC	N/A	N/A	N/A
ISU Master of Business Administration	Master's	Offered as a broad based degree covering all aspects of business, includes a focus area on operations management	Offered as a broad based degree covering all aspects of business
LCSC	N/A	N/A	N/A
NIC	N/A	N/A	N/A
UI Executive Master of Business Administration	Master's	Offered as a broad based degree covering all aspects of business	Offered as a broad based degree covering all aspects of business

- 8. Describe the methodology for determining enrollment projections.** If a survey of student interest was conducted, attach a copy of the survey instrument with a summary of results as **Appendix B**. *This question is not applicable to requests for discontinuance.*

Our budget model requires a minimum of 30 students for the program to be viable. We will cap the program at 45 students so as to maintain quality for enrolled students. Therefore we project that our cohort enrollments will be between 30 and 45 students.

To ensure that we have sufficient enrollment for the program to be viable, we conducted the following estimation of market potential.

We predict that most, if not all, students who enroll in the program will be sponsored by their employer. Our experience with similar programs suggests companies with less than about \$25,000,000 in annual revenues rarely sponsor an employee to attend a program such as the one proposed herein. The US Census provides data on the number of companies with \$1M, \$10M, \$50M+ in annual revenues and we have chosen the conservative \$50M+ revenue cut off point for our estimation of market potential. According to the US Census Bureau, in 2008 (the latest published data), 34,000 United States corporations had revenues of \$50,000,000 or more. We could find no similar data for privately held organizations, so our estimate of 34,000 companies as the US market potential is very conservative. Assuming each company might send only one person to a program such as this, we estimate a US market potential of 34,000 students. Our program has the potential to draw globally, so the actual market potential would be substantially greater than 34,000 students from businesses. Note that employees of businesses are only one of the target market segments for this program. Persons working in education or for the government are also prime candidates for this program.

An organization wishing to send an executive to a program such as ours has very few options, with similar degree programs offered only by The Ohio State University in the United States and Cardiff University in Wales.

According to Hoover's D&B 2010 database, Idaho is home to 120 companies with annual revenues greater than \$50,000,000. Thus we conservatively estimate that there are 120 potential students for our program in Idaho. Again, that estimate does not include potential students in governmental or educational institutions and it makes the very conservative assumption of only one participant from each company.

- 9. Enrollment and Graduates.** Using the chart below, provide a realistic estimate of enrollment at the time of program implementation and over three year period based on availability of students meeting the criteria referenced above. Include part-time and full-time (i.e., number of majors or other relevant data) by institution for the proposed program, last three years beginning with the current year and the previous two years. Also, indicate the projected number of graduates and graduation rates.

Institution	Relevant Enrollment Data			Number of Graduates			Graduate Rate
	Current	Year 1 Previous	Year 2 Previous	Current	Year 1 Previous	Year 2 Previous	
BSU	(F 2009)	(F 2010)	(F 2011)	(2008-09)	(2009-10)	(2010-11)	
Master of Business Administration	126	116	125	47	36	47	~45 grads/yr
Executive Master of Business Administration	34	48	49	0	16	17	~17 grads/yr
Masters of Business Operational Excellence (proposed)			Projected enrollment at any one time: 30 in each cohort; 2 cohorts =60 at any one time			Projected number of graduates per year: 30	Projected: ~30 grads/yr
CSI	N/A	N/A	N/A	N/A	N/A	N/A	N/A
CWI	N/A	N/A	N/A	N/A	N/A	N/A	N/A

NIC	N/A	N/A	N/A	N/A	N/A	N/A	N/A
UI							
Executive Master of Business Administration	25	16	21	9	9	13	~12 grads/yr

10. Will this program reduce enrollments in other programs at your institution? If so, please explain.

No. The proposed program will serve a different audience than our existing MBA and EMBA

March 16, 2012

Page 6

programs. Our MBA program serves mainly local students who are early in their careers and those who wish to create career options. Our EMBA program serves mainly local students who are much later in their careers who wish to broaden their understanding of business so they might ascend to the highest general management positions in their organizations. The proposed MBOE program will serve both local and nonlocal students with several years of experience specifically in the area of lean operations who wish to assume a managerial role for lean initiatives within their organization.

11. Provide verification of state workforce needs such as job titles requiring this degree. Include State and National Department of Labor research on employment potential.

Using the chart below, indicate the total projected job openings (including growth and replacement demands in your regional area, the state, and nation. Job openings should represent positions which require graduation from a program such as the one proposed. Data should be derived from a source that can be validated and must be no more than two years old. *This question is not applicable to requests for discontinuance.*

The proposed degree is not a requirement for job openings, but rather a career enhancement for those already in managerial positions.

	Year 1	Year 2	Year 3
Local (Regional)	N/A	N/A	N/A
State	N/A	N/A	N/A
Nation	N/A	N/A	N/A

a. Describe the methodology used to determine the projected job openings. If a survey of employment needs was used, please attach a copy of the survey instrument with a summary of results as **Appendix C.**

The proposed program is not designed to satisfy the requirements of job openings, but rather is designed to serve executives already in place.

Section 8 above describes the method used to estimate a market potential of 34,000 students.

b. Describe how the proposed change will act to stimulate the state economy by advancing the field, providing research results, etc.

This program will help any participating Idaho organizations by streamlining their operations and saving significant costs. Lower cost structures will make those organizations more competitive on a global basis. The Idaho economy will also benefit from an inflow of tuition and travel dollars spent by participants from out of state.

c. Is the program primarily intended to meet needs other than employment needs, if so, please provide a brief rationale.

As stated above, the proposed program is not designed to satisfy the requirements of job openings, but rather is designed to serve executives already in place.

12. Will any type of distance education technology be utilized in the delivery of the program on your main campus or to remote sites? Please describe. *This question is not applicable to requests for*

discontinuance.

No

13. Describe how this request is consistent with the State Board of Education's strategic plan and institution's role and mission. *This question is not applicable to requests for discontinuance.*

The proposed program is consistent with the Mission and Core Themes of Boise State University, as shown by the bolding in the following.

Mission:

*Boise State University is a public, metropolitan, research university **offering an array of undergraduate and graduate degrees and experiences** that foster student success, **lifelong learning**, community engagement, innovation and creativity. Research and creative activity advance new knowledge and benefit students, the community, the state and the nation. As an integral part of its metropolitan environment the university is engaged in professional and continuing education programming, policy issues, and **promoting the region's economic vitality** and cultural enrichment.*

*Core Theme Two: **Graduate Education.** Our university provides access to graduate education that is relevant to the educational and societal needs of the community and state, is meaningful with national and global contexts, is respected for its high quality, and is delivered within a supportive graduate culture.*

The proposed program contributes to a number of aspects of the strategic plan of the Idaho State Board of Education.

GOAL 1: A Well educated citizenry

Objective A: Access :

[Increases access of Idaho citizens to valuable training in business management.]

Objective B: Higher Level of Educational Attainment:

[Provides an additional avenue for advanced higher educational attainment.]

GOAL 2: Critical Thinking and Innovation

Objective B: Innovation and Creativity:

[Provides graduates who will help to transform Idaho businesses and other organizations to be more efficient and effective.]

GOAL 3: Effective and Efficient Delivery Systems:

Objective A: Cost Effective and Fiscally Prudent:

[to the extent to which individuals from Idaho's educational institutions participate, the program will provide those individuals the means with which to create more effective and efficient delivery systems.]

14. Describe how this request fits with the institution's vision and/or strategic plan. *This question is not applicable to requests for discontinuance.*

Goals of Institution Strategic Mission	Proposed Program Plans to Achieve the Goal
--	--

<u>Goal 1:</u> Create a signature, high quality educational experience for all students.	Our program will be one of three globally and will therefore become part of our trademark. Quality will be ensured by creating the program in partnership with an industry leader.
<u>Goal 4:</u> Align university programs and activities with community needs.	Our program will serve Idaho businesses, NGOs, governmental agencies, and educational institutions, and will help each of them become more effective, more efficient, and more competitive.
<u>Goal 5:</u> Transform our operations to serve the contemporary mission of the university.	Our own participation in the program will help to inform our transformation to a more effective and efficient organization.

15. Is the proposed program in your institution’s Five-Year plan? Indicate below. *This question is not applicable to requests for discontinuance.*

Yes No

If not on your institution’s Five-Year plan, provide a justification for adding the program.

16. Explain how students are going to learn about this program and where students are going to be recruited from (i.e., within institution, out-of-state, internationally). *For requests to discontinue a program, how will continuing students be advised of impending changes and consulted about options or alternatives for attaining their educational goals?*

Potential full-time students will hear about the opportunity through participation in Lean Manufacturing conferences with our partner, the Kaizen Institute. Potential students will obtain additional information from our website and we will have a staff member available to answer questions. Our partner, the Kaizen Institute, is also charged with promoting the program to many of their world-wide clients.

17. In accordance with Board Policy III.G., an external peer review is required for any new doctoral program. Attach the peer review report as **Appendix D.**

N/A

18. Program Resource Requirements. Using the **Excel spreadsheet** provided by the Office of the State Board of Education indicate all resources needed including the planned FTE enrollment, projected revenues, and estimated expenditures for the first three fiscal years of the program. Include reallocation of existing personnel and resources and anticipated or requested new resources. Second and third year estimates should be in constant dollars. Amounts should reconcile budget explanations below. If the program is contract related, explain the fiscal sources and the year-to-year commitment from the contracting agency(ies) or party(ies). Provide an explanation of the fiscal impact of the proposed discontinuance to include impacts to faculty (i.e., salary savings, re-assignments).

I. Planned Student Enrollment												
	(FTE calculated as 1 FTE = 12 credit hours for graduate programs)											
	FY 12		FY 13		FY 14		FY 15		Cumulative Totals			
	FTE	Headcount	FTE	Headcount	FTE	Headcount	FTE	Headcount	FTE	Headcount	FTE	Headcount
A. New Enrollments	0	0	37.5	30	37.5	30	37.5	30	113	90		
B. Shifting Enrollments	0	0	0	0	0	0	0	0	-	-		

Note: Student FTE is higher than headcount because of the rapid pace of the program. Students will complete a total of 30 credits during one calendar year. Given that a graduate student FTE is typically defined as 12 credit hours per semester (24 credit hours per year); thus a headcount of 30 students yields 37.5 FTE.

Budget Notes:

II.A.1. All faculty members will be teaching courses for this program on overload. Therefore, no portion of their regular salary will be devoted to the proposed program, and no FTE numbers are listed in the above tables.

II.A.3. Adjunct faculty members are hired on a piece-work basis, therefore FTE is an inappropriate measure.

II.B.2. Professional Services refers to funds paid to the Kaizen Institute as per contract for their participation in offering the program.

III.B.5. This is a self support program. Each student will be charged \$44,700 for the four-quarter program.

III.B.6. Initial startup costs of the program will be funded via a college local account.

Because no funding of this program will be part of the base of any appropriated budget, all expenses and all revenues are denoted as "non-recurring".

a. Personnel Costs

Faculty and Staff Expenditures

Project for the first three years of the program the credit hours to be generated by each faculty member (full-time and part-time), graduate assistant, and other instructional personnel. Also indicate salaries. After total student credit hours, convert to an FTE student basis. Please provide totals for each of the three years presented. Salaries and FTE students should reflect amounts shown on budget schedule.

Name, Position & Rank	Annual Salary Rate	FTE Assignment to this Program	Projected Student Credit Hours	FTE Students
Fry, Phil; Professor	\$105,851	0 (all overload)	FY13: 108 SCH FY14: 180 SCH FY16: 180 SCH	FY13: 9 FTE FY14: 15FTE FY16: 15FTE
Gattiker, Tom; Associate Professor	\$115,503	0 (all overload)	FY13: 108 SCH FY14: 180 SCH FY16: 180 SCH	FY13: 9 FTE FY14: 15FTE FY16: 15FTE
Kroes, Jim; Assistant Professor	\$105,020	0 (all overload)	FY13: 108 SCH FY14: 180 SCH FY16: 180 SCH	FY13: 9 FTE FY14: 15FTE FY16: 15FTE
Shannon, Pat; Professor	\$178,007	0 (all overload)	FY13: 108 SCH FY14: 180 SCH FY16: 180 SCH	FY13: 9 FTE FY14: 15FTE FY16: 15FTE
Street, Jeff; Professor	ISU Prof, salary NA	0 (all overload)	FY13: 54 SCH FY14: 90 SCH FY16: 90 SCH	FY13: 4.5 FTE FY14: 7.5FTE FY16: 7.5FTE
Terpend, Regis; Assistant Professor	\$98,634	0 (all overload)	FY13: 54 SCH FY14: 90 SCH FY16: 90 SCH	FY13: 4.5 FTE FY14: 7.5FTE FY16: 7.5FTE

Project the need and cost for support personnel and any other personnel expenditures for the first three years of the program.

We estimate the need for 0.2 FTE of support staff and 1.0 FTE of graduate assistants.

Administrative Expenditures

Describe the proposed administrative structure necessary to ensure program success and the cost of that support. Include a statement concerning the involvement of other departments, colleges, or other institutions and the estimated cost of their involvement in the proposed program

Name, Position & Rank	Annual Salary Rate	FTE Assignment to this Program	Value of FTE Effort to this Program
Director	\$88,000	1.00	\$88,000
Assistant Director	\$48,000	1.00	\$48,000

The Director and Associate Director will be responsible for:

- a. Student recruiting and admission processes
- b. External relations with alumni and the business community
- c. Strategic planning and execution including budget development and management
- d. Program operations across all university functions
- e. Ensuring student success by tracking progress, providing advising, and assisting with financial aid

b. Operating Expenditures

Briefly explain the need and cost for operating expenditures (travel, professional services, etc.)

This program is self-supporting and is offered to executives. We provide books & materials, provide participant meals during class meetings, and in general provide a very high level of service to our students.

c. Capital Outlay

(1) Library resources

- (a) Evaluate library resources, including personnel and space. Are they adequate for the operation of the present program? If not, explain the action necessary to ensure program success.

This professional degree program should not require library usage because all content materials will be supplied to the students.

- (b) Indicate the costs for the proposed program including personnel, space, equipment, monographs, journals, and materials required for the program.

None.

- (c) For off-campus programs, clearly indicate how the library resources are to be provided.

Students meet on campus.

(2) Equipment/Instruments

Describe the need for any laboratory instruments, computer(s), or other equipment. List equipment, which is presently available and any equipment (and cost) which must be obtained to support the proposed program.

No special equipment is required.

d. Revenue Sources

- (1) If funding is to come from the reallocation of existing state appropriated funds, please indicate the sources of the reallocation. What impact will the reallocation of funds in support of the program have on

March 16, 2012

Page 12

other programs?

No state appropriated funds are reallocated to this program.

- (2) If the funding is to come from other sources such as a donation, indicate the sources of other funding. What are the institution's plans for sustaining the program when funding ends?

N/A.

- (3) If an above Maintenance of Current Operations (MCO) appropriation is required to fund the program, indicate when the institution plans to include the program in the legislative budget request.

N/A

- (4) Describe the federal grant, other grant(s), special fee arrangements, or contract(s) to fund the program. What does the institution propose to do with the program upon termination of those funds?

N/A

- (5) Provide estimated fees for any proposed professional or self-support program.

We propose a fee of \$44,700/student for the entire 12 month program, all-inclusive except for travel costs.

Attachment A: Courses and curriculum
Attachment B: Detail of Budget
Attachment C: Contract

Courses and Curriculum for Boise State University's proposed Executive Masters of Business Operational Excellence.

Courses:

- A. MBOE 501 DNA OF EXCELLENCE (3 credits)(S).** Examines the need to continuously challenge existing processes and drive them to higher levels of performance. Introduces fundamental tools used for project selection including Hoshin planning, the voice of the customer, and value stream mapping. Includes an introduction to the Toyota Production System (TPS). PREREQ: ADM/PROG
- B. MBOE 502 STATISTICAL THINKING (3 credits)(S).** Provides an overview of statistics and probability, including quantitative analysis and data collection, with a special emphasis on understanding and eliminating variation. Introduces Six Sigma philosophy and tools. Students apply concepts to work projects. PREREQ: ADM/PROG
- C. MBOE 511 FINANCIAL MEASUREMENT (3 credits)(S).** Examines the selection and measurement of financial outcomes for lean organizations. A user's perspective emphasizes organizational management and control via financial measurement choices made. Students apply concepts to work projects. PREREQ: ADM/PROG
- D. MBOE 512 DESIGN AND STRUCTURE OF PROCESSES, PRODUCTS, AND SERVICES (3 credits)(S).** Emphasizes that all work is a process and that flexibility and creativity are critical to achieving optimal work flow within an organization. Introduces various tools to help align process components into a lean organization. Students apply concepts to work projects. PREREQ: ADM/PROG
- E. MBOE 521 IMPROVEMENT TOOLS AND SKILLS (3 credits) (SU).** Provides the knowledge and diagnostic tools required to identify and understand cause-and-effect relationships. Lean, Six Sigma, and related concepts are introduced and reinforced with value stream simulations. Connects these concepts with the successful deployment of the Plan-Do-Check-Act cycle. Students apply concepts to work projects. PREREQ: ADM/PROG
- F. MBOE 522 CRITICAL COMPONENTS OF CHANGE MANAGEMENT (3 credits)(SU).** Explores leadership styles, including the leader's role of change agent, with emphasis on training, coaching, team building and empowerment. Focuses on gaining commitment to change while overcoming complacency and resistance. Covers the successful deployment of standard work, project management, communication, knowledge management, and planning. Students apply concepts to work projects. PREREQ: ADM/PROG
- G. MBOE 531 STUDY MISSION AND DIAGNOSTIC PRACTICE (6 credits)(F).** Provides on-site opportunity to benchmark world class organizations. Observation of operational excellence concepts in the field including the role leaders play and the interaction of all stakeholders: customers, suppliers, employees, and owners. Emphasis the deployment of diagnostic tools in these organizations. Opportunities provided to practice these tools in real life simulations. Requires a passport and travel outside of the United States. PREREQ: ADM/PROG

- H. **MBOE 541 CHANGE MANAGEMENT AS A STRATEGIC INITIATIVE (3 credits)(S).** Focuses on understanding the voice of the customer and the role of all stakeholders in developing a culture of excellence. Provides techniques to design and align an organization’s mission, vision, values, policies, processes, procedures and behaviors into a strategic initiative of operational excellence. Includes leveraging creativity, flexibility, and innovation to nurture the growth of people, products, and processes, in an environmentally responsible way. Students apply concepts to work projects. PREREQ: ADM/PROG
- I. **MBOE 542 UNDERSTANDING AND MANAGING THE ENTIRE VALUE STREAM (3 credits)(S).** Reviews efforts to lead internal operational excellence efforts and then expands those concepts to include interactions with external organizations, with special emphasis on suppliers. Emphasis on aligning philosophies and the flow of information and materials needed to meet or exceed customer expectations. Students apply concepts to work projects. PREREQ: ADM/PROG

**MEMORANDUM OF AGREEMENT BETWEEN
BOISE STATE UNIVERSITY AND
KAIZEN INSTITUTE USA**

THIS MEMORANDUM OF AGREEMENT ("Agreement") is entered into by and between Boise State University ("University") and Kaizen Institute Consulting Group USA ("Kaizen") on this 8th day of May, 2012.

WHEREAS, the University is a body corporate and politic of the State of Idaho and a state institution of higher education;

WHEREAS, Kaizen is a consulting and training organization dedicated to "Lean" education, reducing waste, creating measurable improvements, and developing individuals;

WHEREAS, both parties (the "Parties") desire to work together to create an Executive Master of Business Operational Excellence program (the "Program");

WHEREAS, in this joint working relationship between the Parties, University will be the managing entity and will have final decision-making authority with respect to the Program;

WHEREAS, both parties desire to set forth the terms and conditions of such relationship in this Agreement;

NOW THEREFORE, in consideration of the promises and mutual covenants herein contained, the parties hereto agree as follows:

1. Required Approvals. The rights and obligations contemplated herein shall not inure to University or Kaizen unless and until approval of the Program and this Agreement is sought and received from the University's Office of the Vice President for Finance and Administration, the University's Office of the Provost and Vice President for Academic Affairs, and the Idaho State Board of Education.
2. Obligations of Both Parties.
 - a. *Program Creation.* Both Parties shall work together to develop the Program. Both Parties agree to work in good faith to establish a timeline for creation and commencement of the Program. The Program characteristics shall include the following:
 - i. Admission requirements. Students must have a minimum of five (5) years professional work experience. A bachelor's degree with a strong academic background shall also be required for admission.
 - ii. Length of program. Each offering of the Program shall be approximately twelve (12) months long, consisting of nine courses. The Program shall be project based. Students are to remain with the

same group of students throughout the duration of the Program offering.

- iii. Quarterly meetings. Students will meet on University campus for a period of six consecutive days once per quarter.
- iv. Study Mission. During the Program, the students will participate in a Study Mission to Japan.
- b. *Marketing.* Both Parties shall work together to develop Program marketing materials. All marketing materials shall be subject to advance University approval in writing. Such approval may be sought via email at licensing@boisestate.edu.
- c. *Program Evaluation.* University shall evaluate the success of the program on an ongoing basis. Kaizen shall assist University in these evaluations.

3. University Obligations.

- a. *Recruiting.* The University shall recruit between 5 and 10 students for each offering of the Program. In the event more than 45 total students are recruited and accepted into any one offering of the Program, the Parties shall discuss the possibility of adding a second cohort, subject to University approval. In the event either: (1) less than 20 students are enrolled into an offering of the Program at least 90 days prior to the first class of that same offering; or (2) less than 28 students are enrolled into an offering of the Program at least 60 days prior to the first class of that same offering, the University shall, in its sole discretion, determine whether to continue or to cancel the Program for that particular offering.
- b. *Administration.* University shall make all student-admissions decisions with respect to the program, including, but not limited to screening, selecting, accepting, and registering students. All administration activities related to student-admissions shall also be the responsibility of the University.
- c. *Instruction.* University shall provide members of University faculty to lead the course instruction.
- d. *Materials.* University shall provide certain educational materials for the students, as needed.
- e. *Facilities.* University shall provide classrooms for instruction, as needed.
- f. *Meals.* University shall provide on-campus meals for the students.

- g. *Program Director.* University will appoint a University employee as the program director.
 - h. *Study Mission.* University shall be responsible for providing instructors to accompany the students on the Study Mission to Japan.
 - i. *Course Planning.* University shall have the primary role in the design, delivery, and support of each course offered by the Program, with Kaizen's assistance as requested. All curriculum development shall be the primary responsibility of the University.
 - j. *Issuance of Degree.* University shall be responsible for issuance of a Master's Degree to students following their completion of the Program.
4. Kaizen Obligations. Subject to University approval, Kaizen shall be responsible for the following:
- a. *Marketing.*
 - i. Creation of a worldwide marketing and promotion plan;
 - ii. Marketing, including, but not limited to, Kaizen's website, printed materials, social media, and attendance and participation at conferences with respect to the Program.
 - b. *Recruiting.* Kaizen shall recruit between 20 and 45 students for each offering of the Program. In the event more than 45 total students are recruited and accepted into any one offering of the Program, the Parties shall discuss the possibility of adding a second cohort, subject to University approval. In the event either: (1) less than 20 students are enrolled into an offering of the Program at least 90 days prior to the first class of that same offering; or (2) less than 28 students are enrolled into an offering of the Program at least 60 days prior to the first class of that same offering, the University shall, in its sole discretion, determine whether to continue or to cancel the Program for that particular offering.
 - c. *Compensation of Kaizen employees.* Kaizen understands that it is strictly prohibited from and agrees that it shall not make any incentive payments, including but not limited to, bonus payments, lump sum payments, in kind awards, commissions or other payments to its consultants or employees based on the number of applicants to the Program processed as a direct or indirect result of contact between the prospective student and that same consultant or employee. Kaizen shall certify its continued compliance with this requirement in writing upon request of University and shall be subject to

reasonable audit and inspection of necessary business records regarding this provision upon written notice by University.

- d. *Instruction.* Kaizen shall provide qualified instructors to co-teach each Program course at University's campus in concert with a University professor and to provide individual student project mentoring between course sessions.
- c. *Course Planning and Course Materials.* Kaizen shall assist University in the design, delivery, and support of courses offered by the Program and shall provide a one year subscription to its online Gemba Academy courses to each student enrolled in the Program and to each University professor involved in the instruction of the Program courses.

5. Term and Termination.

- a. *Term.* The Term of this Agreement shall be for a period of five (5) years, unless sooner terminated as set forth herein.
- b. *Termination for Default.* University may terminate this Agreement upon providing written notice of default or non-compliance to Kaizen and Kaizen has failed to cure the default or non-compliance within thirty (30) calendar days. University, upon termination for default or non-compliance, reserves the right to take any legal action it may deem necessary, including, without limitation, offset of damages against payment due. Further, University shall have the right to complete any offering of the Program for which applicants have been accepted prior to termination for default or non-compliance.
- c. *Termination for Convenience.* Either party may terminate this Agreement for convenience upon ninety (90) days prior written notice. However, such termination shall not be effective until the conclusion of any offering of the Program for which applicants have been accepted prior to the delivery of such written notice and University will continue to utilize course materials, including Kaizen's online Gemba Academy courses until the conclusion of any offering of the Program for which applicants have been accepted prior to the delivery of such written notice.

- 6. Fees. University shall compensate Kaizen a flat fee of \$250,000.00 for each cohort of each offering of the Program actually held at University during the term of this Agreement, payable in five equal payments of \$50,000.00. Such payments shall be due on January 31, April 30, September 30, November 30 and December 31 of the year the cohort is actually offered. Should any cohort or offering of the Program be cancelled pursuant to paragraphs 3(a) and 4(b) above, no fees shall be owed to Kaizen for that same cohort or offering and any portion of fees for the canceled cohort previously paid to Kaizen shall be immediately refunded to University.

7. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of Idaho. Any action to enforce the provisions of this Agreement shall be brought in state district court in Ada County, Boise, Idaho.
8. Severability. In the event any term of this Agreement is held to be invalid or unenforceable by a court, the remaining terms of this Agreement will remain in force.
9. Entire Agreement/Modification. This Agreement shall be binding upon the parties hereto and their respective successors and assigns. This Agreement constitutes the full, complete, and entire Agreement between University and Kaizen and supersedes all prior understandings, agreements, or arrangements between the parties with respect to the subject matter hereof. No modification or amendment to this Agreement shall be valid unless it is made in writing and signed by the authorized representatives of the Parties.
10. Anti-discrimination. Acceptance of this Agreement binds Kaizen to the terms and conditions of Section 601, Title VI, Civil Rights Act of 1964, in that "No person in the United States shall, on the grounds of race, color, national origin, or sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance." In addition, "No otherwise qualified handicapped individual in the United States shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance" (Section 504 of the Rehabilitation Act of 1973). In the event federal funds are utilized, the applicable provisions and requirements of Executive Order 11246 as amended, Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974, Section 701 of Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967 (ADEA), 29 USC Sections 621, et seq., the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, U.S. Department of Interior regulations at 43 CFR Part 17, and the Americans with Disabilities Act of 1990, are also incorporated into this Agreement. Kaizen shall comply with pertinent amendments to such laws made during the term of the Agreement and with all federal and state rules and regulations implementing such laws. Kaizen must include this provision in every subcontract relating to this Agreement.
11. Indemnification. Kaizen shall defend, indemnify, and hold harmless University from any and all liability, claims, damages, costs, expenses, and actions, including reasonable attorney fees, caused by or that arise from the negligent or wrongful acts or omissions of Kaizen, its employees, agents, or subcontractors under this Agreement that cause death or injury or damage to property or arising out of a failure to comply with any state or federal statute, law, regulation or act. Kaizen shall have no indemnification liability under this Section for death, injury, or damage arising solely out of the negligence or misconduct of University.

12. Compliance with Law. Kaizen shall comply with all requirements of federal, state, and local laws and regulations applicable to Kaizen or to the services provided by Kaizen pursuant to this Agreement, including, but not limited to, the Family Educational Rights and Privacy Act ("FERPA"). For the duration of this Agreement, Kaizen shall maintain in effect and have in its possession all licenses and certifications required by federal, state, and local laws and/or rules.
13. Non-competition. Neither party may start a competing Master of Business Operational Excellence Program during the Term of this Agreement.
14. University Marks. Kaizen understands and acknowledges that the University owns all rights in and to the University's name, logo(s), trade dress, colors, and other indicia ("Trademarks") and Kaizen is not granted any rights to such Trademarks other than as herein granted. Any use by Kaizen of Trademarks shall be approved by the University's Director of Trademark Licensing and Enforcement. Such approval may be sought via email at licensing@boisestate.edu.
15. Kaizen Marks. University understands and acknowledges that Kaizen owns all rights in and to the terms KAIZEN, GEMBAKAIZEN, name, logo(s), trade dress, colors, and other indicia ("Trademarks") and the University is not granted any rights to such Trademarks other than as herein granted. Any use by the University of Trademarks shall be approved by Kaizen's officer. Such approval may be sought via email at KICG@kaizen.com.
16. Relationship between the Parties. The Parties understand and agree that each is an independent contractor engaged in the operation of its own respective business, that neither party shall be considered to be the agent, master, or servant of the other party for any purpose whatsoever and that neither has any general authority to enter into any contract, assume any obligations, or to make any warranties or representations on behalf of the other. The Parties shall be solely and personally liable for the costs of their own labor, taxes, insurance, required bonding and other expenses, except as specifically stated herein.
17. Subcontracting/Assignment. Kaizen shall not assign or subcontract any of its obligations under this Agreement without the advance written consent of University. Any unauthorized assignment shall be void. University shall have the right, but not the obligation, to terminate this Agreement without waiver of any other right or remedy, upon notice of Kaizen's assignment or subcontract in violation of this Section.
18. Force Majeure. Neither party shall be liable or deemed to be in default for any Force Majeure delay in performance occasioned by unforeseeable causes beyond the control and without the fault or negligence of the Parties, including, but not limited to, acts of God or the public enemy, fires, floods, epidemics, quarantine, restrictions, strikes, freight embargoes, or unusually severe weather, provided that in all cases Kaizen shall notify University promptly in writing of any cause of delay and University

concur that the delay was beyond the control and without the fault or negligence of Kaizen. The period for the performance shall be extended for a period equivalent to the period of the Force Majeure delay. Matters of Kaizen's finances shall not be a Force Majeure event.

19. Insurance Requirements. Kaizen shall, at its sole cost and expense, procure and maintain throughout the term of this Agreement:

- a. Commercial General Liability Insurance with limits not less than \$1 million (CSL) per occurrence for Property Damage and Bodily Injury Liability, including Products/Completed Operations Liability, Blanket Contractual Liability and Personal Injury Liability. If an annual aggregate is used, each annual aggregate limit shall not be less than \$2 million when applicable and will be endorsed to apply separately to each job site or location. This insurance must name as additional insureds Boise State University and the State of Idaho; and
- b. Workers' Compensation and Employers' Liability Insurance as follows:
 - i. Workers' Compensation – as required by Idaho statute including occupational disease. Kaizen must provide either a certificate of workers' compensation insurance issued by a surety licensed to write workers' compensation insurance in the State of Idaho, as evidence that Kaizen has in effect a current Idaho workers' compensation insurance policy, or an extraterritorial certificate approved by the Idaho Industrial Commission from a state that has a current reciprocity agreement with the Idaho Industrial Commission. Kaizen shall exonerate, defend, indemnify and hold harmless University and the State of Idaho from and against, and assume full responsibility for, payment of all federal, state and local taxes or contributions imposed or required under unemployment insurance, social security, workers' compensation and income tax laws with respect to the contractor or Kaizen's employees engaged in performance under this Agreement.
 - ii. Employers' Liability – with limits not less than: Bodily Injury by Accident, \$100,000 each accident; Bodily Injury by Disease, \$100,000 each employee with a \$500,000 policy limit.
- c. Prior to the commencement of the term of this contract, Kaizen shall deliver or fax to the University certificate(s) of insurance with respect to all such insurance identified above in a form reasonably satisfactory to the University. The certificate(s) must contain a written provision that, should any of the above-described insurance policies be canceled or non-renewed before the expiration date thereof, the issuing company must notify the University in

writing, by certified or registered mail, receipt requested, at least thirty (30) days prior to any cancellation or non-renewal of any such insurance.

20. Intellectual Property. Intellectual Property, including but not limited to, discoveries, designs, methodologies, improvements, software, know-how, and works of authorship created during the term of and in performance of this Agreement shall be owned as follows: (a) intellectual property created solely by one or more University employees shall be owned by University; (b) intellectual property created solely by one or more employees of Kaizen shall be owned by Kaizen, provided however, that University shall have a non-exclusive, perpetual, fully paid up license to use such intellectual property for so long as the University offers the Program in conjunction with Kaizen; and (c) intellectual property created by one or more employees of University and one or more employees of Kaizen shall be jointly owned by University and Kaizen. Intellectual property created outside the term of and external to the performance of this Agreement will be owned by the originating party and nothing in this Agreement shall be construed as a transfer of ownership rights to any party of the others' external intellectual property, provided however, that University shall have a non-exclusive, perpetual, fully paid up license to utilize course materials owned by Kaizen for so long as the University offers the Program in conjunction with Kaizen.
21. Notices. Any notice under the terms and provisions of this Agreement shall be in writing and shall become effective on the third day after it is deposited in the United States mail, with proper postage prepaid, addressed to the party at the address appearing below or to such other addresses as the party may from time to time designate by notice in writing.

**MEMORANDUM OF AGREEMENT BETWEEN
BOISE STATE UNIVERSITY AND
KAIZEN INSTITUTE USA
REGARDING STUDY MISSION**

THIS MEMORANDUM OF AGREEMENT (“Agreement”) is entered into by and between Boise State University (“University”) and Kaizen Institute Consulting Group USA (“Kaizen”) on this 8th day of May , 2012.

WHEREAS, the University is a body corporate and politic of the State of Idaho and a state institution of higher education;

WHEREAS, Kaizen is a consulting and training organization dedicated to “Lean” education, reducing waste, creating measurable improvements, and developing individuals;

WHEREAS, Boise State University wishes to affiliate with Kaizen (collectively the “Parties”) to provide a Study Mission in conjunction with the Executive Master of Business Operational Excellence Program (the “Program”);

WHEREAS, both parties desire to set forth the terms and conditions of such relationship in this Agreement;

NOW THEREFORE, in consideration of the promises and mutual covenants herein contained, the parties hereto agree as follows:

1. Required Approvals. The rights and obligations contemplated herein shall not inure to University or Kaizen unless and until approval of the Program and this Agreement is sought and received from the University’s Office of the Vice President for Finance and Administration, the University’s Office of the Provost and Vice President for Academic Affairs, and the Idaho State Board of Education.
2. University Obligations. University shall be responsible for providing instructors to accompany the students on the Study Mission to Japan. University shall be responsible for instructors’ travel arrangements to and from Japan.
3. Kaizen Obligations. Subject to University approval, Kaizen shall be responsible for all aspects of the Study Mission to Japan, including all costs for in-country transportation, meals, and lodging, and arranging all tours and visits to companies while in Japan. One Study Mission shall be scheduled for each cohort. Kaizen shall be responsible for providing instructor(s) for the study mission.
4. Student Obligations. Students will be responsible for their own travel arrangements, visa arrangements, trip cancellation insurance, passport costs, excess baggage shipment and storage, personal expenses such as telephone charges, and medical insurance to cover medical contingencies while in Japan.

5. Term and Termination.
- a. *Term.* The Term of this Agreement shall be for a period of five (5) years, unless sooner terminated as set forth herein.
 - b. *Termination for Default.* University may terminate this Agreement upon providing written notice of default or non-compliance to Kaizen and Kaizen has failed to cure the default or non-compliance within thirty (30) calendar days. University, upon termination for default or non-compliance, reserves the right to take any legal action it may deem necessary, including, without limitation, offset of damages against payment due.
 - c. *Termination for Convenience.* Either party may terminate this Agreement for convenience upon ninety (90) days prior written notice. However, such termination shall not be effective until the conclusion of the next scheduled Study Mission, unless, in the University's sole discretion, the University decides not to proceed with the next scheduled Study Mission.
6. Fees. University shall compensate Kaizen a flat fee of \$8,000USD per University student and \$5,000USD per University instructor attending the Study Mission, payable in the following installments: (1) \$5,000USD per student and faculty member attending the Study Mission will be due on the 15th of the month prior to the scheduled month of the Study Mission; and (2) \$3,000USD per student attending the Study Mission, excluding faculty, shall be due on last day of the month following the month the Study Mission is completed. Should the Study Mission or any cohort or offering of the Program be cancelled, no fees shall be owed to Kaizen for that same cohort or offering and any portion of fees for the canceled cohort previously paid to Kaizen shall be immediately refunded to University.
7. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of Idaho. Any action to enforce the provisions of this Agreement shall be brought in state district court in Ada County, Boise, Idaho.
8. Severability. In the event any term of this Agreement is held to be invalid or unenforceable by a court, the remaining terms of this Agreement will remain in force.
9. Entire Agreement/Modification. This Agreement shall be binding upon the parties hereto and their respective successors and assigns. This Agreement constitutes the full, complete, and entire Agreement between University and Kaizen and supersedes all prior understandings, agreements, or arrangements between the parties with respect to the subject matter hereof. No modification or amendment to this Agreement shall be valid unless it is made in writing and signed by the authorized representatives of the Parties.
10. Anti-discrimination. Acceptance of this Agreement binds Kaizen to the terms and conditions of Section 601, Title VI, Civil Rights Act of 1964, in that "No person in

the United States shall, on the grounds of race, color, national origin, or sex, be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance.” In addition, “No otherwise qualified handicapped individual in the United States shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance” (Section 504 of the Rehabilitation Act of 1973). In the event federal funds are utilized, the applicable provisions and requirements of Executive Order 11246 as amended, Section 402 of the Vietnam Era Veterans Readjustment Assistance Act of 1974, Section 701 of Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967 (ADEA), 29 USC Sections 621, et seq., the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, U.S. Department of Interior regulations at 43 CFR Part 17, and the Americans with Disabilities Act of 1990, are also incorporated into this Agreement. Kaizen shall comply with pertinent amendments to such laws made during the term of the Agreement and with all federal and state rules and regulations implementing such laws. Kaizen must include this provision in every subcontract relating to this Agreement.

11. Indemnification. Kaizen shall defend, indemnify, and hold harmless University from any and all liability, claims, damages, costs, expenses, and actions, including reasonable attorney fees, caused by or that arise from the negligent or wrongful acts or omissions of Kaizen, its employees, agents, or subcontractors under this Agreement that cause death or injury or damage to property or arising out of a failure to comply with any state or federal statute, law, regulation or act. Kaizen shall have no indemnification liability under this Section for death, injury, or damage arising solely out of the negligence or misconduct of University.
12. Compliance with Law. Kaizen shall comply with all requirements of federal, state, and local laws and regulations applicable to Kaizen or to the services provided by Kaizen pursuant to this Agreement, including, but not limited to, the Family Educational Rights and Privacy Act (“FERPA”). For the duration of this Agreement, Kaizen shall maintain in effect and have in its possession all licenses and certifications required by federal, state, and local laws and/or rules.
13. University Marks. Kaizen understands and acknowledges that the University owns all rights in and to the University’s name, logo(s), trade dress, colors, and other indicia (“Trademarks”) and Kaizen is not granted any rights to such Trademarks other than as herein granted. Any use by Kaizen of Trademarks shall be approved by the University’s Director of Trademark Licensing and Enforcement. Such approval may be sought via email at licensing@boisestate.edu.
14. Kaizen Marks. University understands and acknowledges that Kaizen owns all rights in and to the terms KAIZEN, GEMBAKAIZEN, name, logo(s), trade dress, colors, and other indicia (“Trademarks”) and the University is not granted any rights to such Trademarks other than as herein granted. Any use by the University of Trademarks

shall be approved by Kaizen's officer. Such approval may be sought via email at KICG@kaizen.com.

15. Relationship between the Parties. The Parties understand and agree that each is an independent contractor engaged in the operation of its own respective business, that neither party shall be considered to be the agent, master, or servant of the other party for any purpose whatsoever and that neither has any general authority to enter into any contract, assume any obligations, or to make any warranties or representations on behalf of the other. The Parties shall be solely and personally liable for the costs of their own labor, taxes, insurance, required bonding and other expenses, except as specifically stated herein.
16. Subcontracting/Assignment. Other than for the arrangement of transportation, meals and/or lodging for the Study Mission participants within Japan, Kaizen shall not assign or subcontract any of its obligations under this Agreement without the advance written consent of University. Any unauthorized assignment shall be void. University shall have the right, but not the obligation, to terminate this Agreement without waiver of any other right or remedy, upon notice of Kaizen's assignment or subcontract in violation of this Section.
17. Force Majeure. Neither party shall be liable or deemed to be in default for any Force Majeure delay in performance occasioned by unforeseeable causes beyond the control and without the fault or negligence of the Parties, including, but not limited to, acts of God or the public enemy, fires, floods, epidemics, quarantine, restrictions, strikes, freight embargoes, or unusually severe weather, provided that in all cases Kaizen shall notify University promptly in writing of any cause of delay and University concurs that the delay was beyond the control and without the fault or negligence of Kaizen. The period for the performance shall be extended for a period equivalent to the period of the Force Majeure delay. Matters of Kaizen's finances shall not be a Force Majeure event.
18. Insurance Requirements. Kaizen shall, at its sole cost and expense, procure and maintain throughout the term of this Agreement:
 - a. Commercial General Liability Insurance with limits not less than \$1 million (CSL) per occurrence for Property Damage and Bodily Injury Liability, including Products/Completed Operations Liability, Blanket Contractual Liability and Personal Injury Liability. If an annual aggregate is used, each annual aggregate limit shall not be less than \$2 million when applicable and will be endorsed to apply separately to each job site or location. This insurance must name as additional insureds Boise State University and the State of Idaho; and
 - b. Workers' Compensation and Employers' Liability Insurance as follows:

- i. Workers' Compensation – as required by Idaho statute including occupational disease. Kaizen must provide either a certificate of workers' compensation insurance issued by a surety licensed to write workers' compensation insurance in the State of Idaho, as evidence that Kaizen has in effect a current Idaho workers' compensation insurance policy, or an extraterritorial certificate approved by the Idaho Industrial Commission from a state that has a current reciprocity agreement with the Idaho Industrial Commission. Kaizen shall exonerate, defend, indemnify and hold harmless University and the State of Idaho from and against, and assume full responsibility for, payment of all federal, state and local taxes or contributions imposed or required under unemployment insurance, social security, workers' compensation and income tax laws with respect to the contractor or Kaizen's employees engaged in performance under this Agreement.
 - ii. Employers' Liability – with limits not less than: Bodily Injury by Accident, \$100,000 each accident; Bodily Injury by Disease, \$100,000 each employee with a \$500,000 policy limit.
 - c. Prior to the commencement of the term of this contract, Kaizen shall deliver or fax to the University certificate(s) of insurance with respect to all such insurance identified above in a form reasonably satisfactory to the University. The certificate(s) must contain a written provision that, should any of the above-described insurance policies be canceled or non-renewed before the expiration date thereof, the issuing company must notify the University in writing, by certified or registered mail, receipt requested, at least thirty (30) days prior to any cancellation or non-renewal of any such insurance.
19. Notices. Any notice under the terms and provisions of this Agreement shall be in writing and shall become effective on the third day after it is deposited in the United States mail, with proper postage prepaid, addressed to the party at the address appearing below or to such other addresses as the party may from time to time designate by notice in writing.

INSTRUCTIONAL, RESEARCH, AND STUDENT AFFAIRS
AUGUST 16

SUBJECT

Postsecondary Data Reporting Change to State Census Date

BACKGROUND/DISCUSSION

Postsecondary institutions in Idaho have used the 10th day enrollment numbers as the official census date for more than two decades. There have been many changes in higher education programs and student enrollment in the last decade. Since at least 2006, the Council for Academic Affairs & Programs (CAAP) and the Directors of Institutional Research at the public postsecondary institutions have discussed changing the census date from 10th day to a later date in the semester. The purpose of the census date is to capture a point in time enrollment. The census data is used for snapshot reporting purposes and reports to the State and Federal government. These data are evaluated for headcount and full-time equivalent enrollment trends used for scholarship distribution numbers, internal evaluation purposes at the institution, and are captured in the postsecondary State Longitudinal Data System.

There are no State or Federal laws that mandate a census date for states. In fact, there is significant variation across the country regarding official state census dates. Some states use the 10th day of the semester, some use the last day to drop or add classes without penalty, or some other point in time in the semester, and some states use the Integrated Postsecondary Education Data System (IPEDS) default date of October 15th.

CAAP voted unanimously to change Idaho's official census date from 10th day to October 15th for the fall semester and March 15th for the spring semester. Changing the census date to later in the semester provides for a more accurate enrollment snapshot that will better capture dual credit enrollment and late start classes. These students may not be registered by the 10th day due to differences in the postsecondary and secondary schedule resulting in undercounting for 10th day reports. For dual credit this is significant as the students represent anywhere from 4% to 17% of an Idaho public institution's 12-month enrollment.

IMPACT

Changing the census date from 10th day to October 15th/March 15th will likely increase the student enrollment numbers as the later date provides a more accurate enrollment picture. This change will result in the establishment of a new historical trend for enrollment numbers; however these numbers should also provide a more accurate representation of student enrollment.

This change may have some financial implications to the institutions due to the increased enrollment being captured in reporting. Currently, census date reports are tied to the Blackboard contract fees. Institutions are also required to use the official state census day for their IPEDS reports.

STAFF COMMENTS AND RECOMMENDATIONS

INSTRUCTIONAL, RESEARCH, AND STUDENT AFFAIRS
AUGUST 16

The Board staff recommends approval to change Idaho's official census date from 10th day to October 15th for the Fall census reporting and March 15th for the Spring census reporting.

BOARD ACTION

I move to approve the request to change Idaho's official census date from 10th day to October 15th for Fall census reporting and March 15th for Spring census reporting and to direct staff to incorporate into Board policy.

Experimental Program to Stimulate Competitive Research (EPSCoR) Annual Summary Report

REFERENCE

June 17, 2010	EPSCoR provided annual report to the Board
August 11, 2011	EPSCoR provided annual report to the Board

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section III.W. Higher Education Research

BACKGROUND/DISCUSSION

The Experimental Program to Stimulate Competitive Research (EPSCoR) is a federal-state partnership designed to enhance the science and engineering research, education, and technology capabilities of states that traditionally have received smaller amounts of federal research and development funds. Through EPSCoR, participating states are building a high-quality, academic research base that is serving as a backbone of a scientific and technological enterprise.

Idaho EPSCoR is currently led by a state committee composed of 16 members with diverse professional backgrounds from both the public and private sectors and from all regions in the state. The Idaho EPSCoR committee oversees the implementation of the EPSCoR program and ensures program goals and objectives are met. The Idaho EPSCoR office and the Idaho EPSCoR Project Director are located at the University of Idaho. Partner institutions are Boise State University and Idaho State University.

Consistent with Board Policy III.W.2. d., EPSCoR has prepared an annual report regarding current EPSCoR activities that details all projects by federal agency source, including reports of project progress from associated external Project Advisory Board (PAB).

STAFF COMMENTS AND RECOMMENDATIONS

The current Idaho NSF-EPSCoR award is a five (5) year, \$15M award focusing on water resources in a changing climate. The current award will expire August 31, 2013. The Higher Education Research Council currently allocates \$600,000 in matching funds for the current award. The EPSCoR Committee is in the process of developing a new grant proposal for the next award cycle. The matching fund requirements for the new award, if received, will be higher than

INSTRUCTION, RESEARCH, AND STUDENT AFFAIRS

the current award. The current estimate for needed matching funds for the new award is \$800,000.

Introduction

**Idaho NSF EPSCoR Research Infrastructure Improvement (RII):
Annual Report (Sept. 2011 – Aug. 2012)**

Rick Schumaker, Project Administrator
Peter Goodwin, Project Director

Idaho State Board of Education
August 16, 2012

Introduction

Annual Report Outline

- ✓ Idaho EPSCoR Overview
- ✓ Activities and Accomplishments
 - Track 1
 - Track 2
 - C2
- ✓ 22nd National EPSCoR Conference
- ✓ Concluding Remarks

www.uidaho.edu/epscor

Management and Stewardship

“ONEIdaho” Philosophy

- ✓ EPSCoR is about transformative research. It is not about playing ‘catch-up’ – but about leading and forging niche areas consistent with S&T plans
- ✓ EPSCoR is about building community – “ONEIdaho”
 - research community
 - education community
 - integrating research and education
 - engaging our full intellectual capacity
- ✓ Communication – at all levels
 - Idaho EPSCoR web page
 - Newsletter
 - Conferences
 - ONEIdaho Diversity Summit (March)
 - Idaho STEM Summit
 - Annual Meeting (Oct 2-3, 2012)

Research Infrastructure Improvement (RII)

Active NSF EPSCoR RII Projects

- ✓ Track 1: Academic Research Capacity
 - *Water Resources in a Changing Climate*
 - Sept. 2008 – Aug. 2013; \$15 M
- ✓ Track 2: Cyberinfrastructure
 - *Western Consortium of Idaho, Nevada, and New Mexico*
 - Sept 2009 – Aug. 2013; \$2 M to ID
- ✓ C2: Intra- and Inter-Campus Connectivity
 - Sept. 2010 – Aug. 2013; \$1.2 M

Water Resources in a Changing Climate

Track 1 EPSCoR Investments

- ✓ Research Infrastructure
 - Hydroclimatology
 - Ecological Change
 - Economics and Policy
- ✓ Cyber-infrastructure
- ✓ Education and Outreach
- ✓ Diversity
- ✓ Stewardship

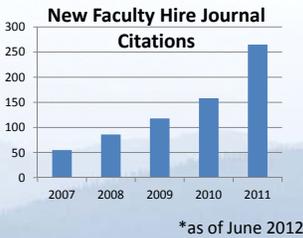

Intellectual Capacity

Track 1 EPSCoR Investments

- ✓ Develop research infrastructure by investing in people
- ✓ 10 new tenure-track faculty
 - Hiring completed
 - Fill key research niches
 - Integrate across disciplines
 - 6 female faculty
- ✓ Leveraged additional positions
 - Dr. Donna Delparte

Year	Citations
2007	~50
2008	~80
2009	~110
2010	~150
2011	~260

INSTRUCTION, RESEARCH, AND STUDENT AFFAIRS
AUGUST 16, 2012

SUBJECT

Quarterly Report: Programs and Changes Approved by Executive Director

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies and Procedures, Section III.G.4.b.(2), Program Approval and Discontinuance

BACKGROUND/DISCUSSION

In accordance with Board Policy III.G.4.a and b.(2), Executive Director approval prior to implementation is required for any new academic or professional-technical program, major, minor, option, emphasis or instructional unit with a financial impact of less than \$250,000 per year. Board policy also requires Executive Director approval for "Changes, additions, expansions, and consolidations to existing instructional programs, majors, minors, options, emphases or instructional units with a financial impact of less than \$250,000."

Consistent with Board Policy III.G.4.b.(2), "All modifications approved by the executive director shall be reported quarterly to the Board." The Board office is providing a report of program changes, additions, and discontinuations from Idaho's public colleges and universities that were approved between May 2012 and July 2012 by the Executive Director.

ATTACHMENTS

Attachment 1 – List of Programs and Changes Approved by the
Executive Director

Page 3

STAFF COMMENTS AND RECOMMENDATIONS

Institutions evaluate existing programs consistent with their internal review processes and Board Policy for quality, effectiveness, and efficiencies. Such reviews also assist institutions in modifying existing program offerings to align with national trends and demand. The accompanying list primarily portrays discontinuation of degree programs and options as a result of reviews conducted at respective campuses.
