STATE BOARD OF EDUCATION MEETING
June 18-19, 2014
Eastern Idaho Technical College
Rooms 6163/6164
Idaho Falls, Idaho
(Amended 6/16/2014)

Wednesday, June 18, 2014, 2:00 pm, Eastern Idaho Technical College

BOARDWORK

1. Agenda Review / Approval
2. Minutes Review / Approval
3. Rolling Calendar

CONSENT AGENDA

BAHR – SECTION II – Finance

1. Boise State University – Revision to Law Enforcement Contract with Boise Police Department
2. University of Idaho - Land Lease with State of Idaho at the US Sheep Experiment Station
3. University of Idaho – Ellucian/Banner Software Maintenance Agreement Extension
4. University of Idaho – Disposal of Real Property – Latah County
5. University of Idaho - Building Management Services Contract for The Idaho Water Center

PPGA

6. State Rehabilitation Council - Bylaws
7. State Rehabilitation Council – Member Appointment
8. Indian Education Committee Appointments
9. Boise State University - Alcohol Permit for 2014 Home Football Games - Stueckle Sky Center
10. Boise State University - Alcohol Permit for 2014 Home Football Games – Caven Williams Complex
11. Idaho State University - Alcohol Permit for 2014 Home Football Games
12. University of Idaho - Alcohol Permit for 2014 Home Football Games – Pre Game Events
13. University of Idaho – Alcohol Permit for 2014 Home Football Games – Club Seating
14. President Approved Alcohol Permits
SDE
15. Request for Waiver of 103% Student Transportation Funding Cap
16. Transport Students Less Than One-And-One-Half Miles for the 2013-2014 School Year
17. Professional Standards Commission Appointments

PLANNING, POLICY & GOVERNMENTAL AFFAIRS
1. Eastern Idaho Technical College, Progress Report
2. Presidents’ Council Report
3. Idaho Public Television, Annual Report
4. Albertson’s Foundation – Continuous Enrollment
5. 2015 Legislative Ideas
6. Institution/Agency Strategic Plans
7. Amendment to Board Policy - Section - By-laws – First Reading
8. Amendment to Board Policy - Section I.R. Security – Second Reading
9. School District Model Data Security Policy
10. University of Idaho – Faculty Student Handbook Amendment – Faculty Rank/Promotion
11. University of Idaho – Faculty Student Handbook Amendment – Faculty Constitution
12. Temporary/Proposed Rule – School District Strategic Planning

EXECUTIVE SESSION
Boise State University
1. I move to hold executive session pursuant to section 67-2345(1)(d), Idaho Code, to consider records that are exempt from disclosure as provided in chapter 3, title 9, Idaho Code.
2. I move to hold executive session pursuant to section 67-2345(1)(c), Idaho Code “to conduct deliberations concerning labor negotiations or to acquire an interest in real property which is not owned by a public agency.”
3. I move to hold executive session pursuant to section 67-2345 (1)(f), Idaho Code, to communicate with legal counsel to discuss the legal ramifications of and legal options for pending litigation, or controversies not yet being litigated but imminently likely to be litigated.
4. I move to hold executive session pursuant to section 67-2345 (1)(a), Idaho Code, to consider hiring a public officer, employee, staff member or individual agent, wherein the respective qualities of individuals are to be evaluated in order to fill a particular vacancy or need.
Thursday, June 19, 2014, 8:30 a.m., Eastern Idaho Technical College

OPEN FORUM

BUSINESS AFFAIRS & HUMAN RESOURCES

Section I – Human Resources
1. Chief Executive Officer Employment Agreements/Terms
2. Amendment to Board Policy – Section II.H. – Coaching Personnel – First Reading
4. Boise State University – Multi-Year Employment Agreement - Head Women’s Tennis Coach
5. Idaho State University - Multi-Year Employment Agreement - Head Men’s Basketball Coach
6. Idaho State University - Multi-Year Employment Agreement - Head Women’s Basketball Coach
7. Idaho State University - Multi-Year Employment Agreement - Head Women’s Volleyball Coach
8. University of Idaho - Multi-Year Employment Agreement - Head Women’s Soccer Coach

Section II – Finance
1. FY 2015 Operating Budgets
2. Athletics - FY 2015 Operating Budget Reports
3. FY 2016 Line Items
4. Amendment to Board Policy - Section V.R. – Establishment of Fees – First Reading
5. Amendment to Board Policy - Section V.T. – Fee Waivers – First Reading
6. Amendment to Board Policy - Section V.X. – Intercollegiate Athletics – First Reading
7. Amendment to Board Policy - Section V.I. – Real and Personal Property and Services - Second Reading
8. Amendment to Board Policy - Section V.K. – Construction Projects - Second Reading
9. Amendment to Board Policy - Section V.W. – Litigation - Second Reading
10. Boise State University - Agreement for Football Stadium Naming Rights with Albertsons
11. Boise State University - Facility Lease with Gardner and Company
12. Idaho State University - Report of the Bengal Pharmacy LLC
14. Lewis-Clark State College – FY 2015 Athletic Limit Increase

DEPARTMENT OF EDUCATION
1. Superintendent’s Update
2. ESEA Waiver Amendment
INSTRUCTION, RESEARCH & STUDENT AFFAIRS

1. Amendment to Board Policy - Section III.P. – Students – First Reading
2. Amendment to Board Policy - Section III.Y. – Advanced Opportunities – Second Reading

If auxiliary aids or services are needed for individuals with disabilities, or if you wish to speak during the Open Forum, please contact the Board office at 334-2270 no later than two days before the meeting. While the Board attempts to address items in the listed order, some items may be addressed by the Board prior to or after the order listed.
1. **Agenda Approval**

   Changes or additions to the agenda

   **BOARD ACTION**

   I move to approve the agenda as submitted.

2. **Minutes Approval**

   **BOARD ACTION**

   I move to approve the minutes from the April 16-17, 2014 Regular Board Meeting, the May 14-15, 2014 Board Retreat, and the June 2, 2014 Special Board Meeting as submitted.

3. **Rolling Calendar**

   **BOARD ACTION**

   I move to set May 13-14, 2015 as the date and Boise, Idaho as the location for the 2015 Board Retreat and to set June 17-18, 2015 as the date and the College of Southern Idaho as the location for the June 2015 regularly scheduled Board meeting.
DRAFT MINUTES
STATE BOARD OF EDUCATION
April 16-17, 2014
University of Idaho
Student Union Building, Ballroom
Moscow, Idaho

A regularly scheduled meeting of the State Board of Education was held April 16-17, 2014 at the University of Idaho's (UI) Student Union Building Ballroom in Moscow, Idaho.

Present:
Don Soltman, President
Emma Atchley, Vice President
Richard Westerberg
Rod Lewis, Secretary
Milford Terrell, arrived at 1:35 p.m.
Bill Goesling
Tom Luna, State Superintendent

Wednesday, April 16, 2014

The Board met in the Ballroom of the Student Union Building at the University of Idaho in Moscow, Idaho. Board President Don Soltman called the meeting to order at 9:00 a.m.

BOARDWORK

1. Agenda Review / Approval

BOARD ACTION

M/S (Atchley/Westerberg): To remove Business Affairs and Human Resources (BAHR) Item 2, Multi-Year Employment Agreement – Head Women's Soccer Coach – from the agenda and otherwise approve the agenda as submitted. The motion carried 6-0. Mr. Terrell was absent from voting.

2. Minutes Review / Approval

BOARD ACTION

M/S (Atchley/Goesling): To approve the minutes from the February 14, 2014 special Board meeting and the February 26-27, 2014 regular Board meeting as submitted. The motion carried 6-0. Mr. Terrell was absent from voting.

3. Rolling Calendar

BOARD ACTION

M/S (Atchley/Westerberg): To set April 15-16, 2015 as the date and University of Idaho as the
location for the April 2015 regularly scheduled Board meeting. The motion carried 6-0. Mr. Terrell was absent from voting.

WORKSESSION

Mr. Lewis was asked to lead this morning’s BAHR work session in consideration of BAHR Chairman Terrell’s absence until 1:00 p.m. The institutions presented the details of their tuition and fee requests during the morning session of the meeting. After lunch, Board members voted on the motions related to the institution tuition and fee requests.

A. BUSINESS AFFAIRS & HUMAN RESOURCES (BAHR)

Student Tuition & Fee Rates (Academic Year 2014-2015)

BOARD ACTION

M/S (Westerberg/Terrell): To increase the FY 2015 resident tuition and fees at Boise State University overall by an average of 4% to be allocated by the institution between part-time and full-time students resulting in an annual increase of $348 for full-time students for a total dollar amount of $6,640; and to increase the annual full-time tuition for non-resident tuition of 2% ($252) for a total dollar amount of $12,852. A roll call vote was taken and the motion carried 5-2. Mr. Lewis and Mr. Soltman voted nay on the motion.

Mr. Terrell offered a substitute motion.

M/S (Terrell/Luna): To increase the FY 2015 resident tuition and fees at Boise State University overall by an average of 6.1% to be allocated by the institution between part-time and full-time students resulting in an annual increase of $384 for full-time students for a total dollar amount of $6,676; and to increase the annual full-time tuition for non-resident tuition of 2% ($252) for a total dollar amount of $12,852. A roll call vote was taken and the motion failed 6-1. Mr. Lewis, Ms. Atchley, Mr. Westerberg, Dr. Goesling, Mr. Luna and Mr. Soltman voted nay on the motion. Ms. Atchley clarified that she voted against the motion. Mr. Lewis offered additional comments regarding the motion.

M/S (Terrell/Atchley): To approve all other fees set forth in the FY 2015 Boise State University tuition and fees worksheet which will be made part of the written minutes. The motion carried unanimously 7-0.

BOARD ACTION

M/S (Terrell/Westerberg): To increase the FY 2015 annual full-time resident tuition and fees at Idaho State University by 3.5% ($222) for a total dollar amount of $6,566; and to increase the annual full-time tuition for nonresident tuition of 3.5% ($428) for a total dollar amount of $12,760. The motion carried 7-0.

M/S (Terrell/Atchley): To approve all other fees set forth in the FY 2015 Idaho State University tuition and fees worksheet which will be made a part of the written minutes. The motion carried unanimously 7-0.

BOARD ACTION

M/S (Terrell/Soltman): To increase the FY 2015 annual full-time resident tuition and fees at Eastern Idaho Technical College by 6.3% ($134) for a total dollar amount of $2,256; and to increase the annual full-time tuition for nonresident tuition of 6.3% ($356) for a total dollar amount of $6,006. The motion carried unanimously 5-2. Mr. Lewis and Mr. Luna voted nay on the motion.

M/S (Terrell/Atchley): To approve all other fees in the FY 2015 Eastern Idaho Technical College tuition and fees worksheet which will be made a part of the written minutes. The motion carried
unanimously 7-0.

BOARD ACTION

M/S (Terrell/Westerberg): To increase the FY 2015 annual full-time resident tuition and fees at Lewis-Clark State College by 2% ($116) for a total dollar amount of $5,900; and to increase the annual full-time tuition for nonresident tuition of 2% ($206) for a total dollar amount of $10,518. The motion carried unanimously 7-0.

M/S (Terrell/Atchley): To approve all other fees set forth in the FY 2015 in the Lewis-Clark State College tuition and fees worksheet which will be made part of the written minutes. The motion carried unanimously 7-0.

BOARD ACTION

M/S (Westerberg/Terrell): To increase the FY 2015 annual full-time resident tuition and fees at University of Idaho by 4% ($260) for a total dollar amount of $6,784; and to increase the annual full-time tuition for nonresident tuition of 3.5% ($454) for a total dollar amount of $13,530. The motion carried 5-2. Mr. Lewis and Mr. Luna voted nay on the motion.

M/S (Terrell/Atchley): To approve all other fees set forth in the FY 2015 University of Idaho tuition and fees worksheet which will be made part of the written minutes. The motion carried unanimously 7-0.

BOARD ACTION

M/S (Terrell/Atchley): To direct the institutions to adopt a consistent model for projecting increased student fee revenues by estimating the gross change in student counts and showing separately the estimated dollar amount of the increase in discounts and waivers. The motion carried unanimously 7-0.

BOARD ACTION

M/S (Terrell/Westerberg): To set the statewide dual credit fee at $65 per credit for courses delivered at secondary schools for fiscal year 2015. The motion carried unanimously 6-1. Dr. Goesling voted nay on the motion.

Dr. Goesling offered an amended motion.

M/S (Goesling/): To set the statewide dual credit fee at $75 per credit for courses delivered at secondary schools for fiscal year 2015. The amended motion failed due to lack of a second.

1. Boise State University (BSU) – Student Tuition & Fee Rates

Discussion:

Dr. Kustra introduced the item and provided a bit of background on tuition and fees at BSU and the recommendations the legislature has supported. He introduced Brian Locke President of Associated Students of BSU, Dr. Marty Schimpf and Ms. Stacy Pearson.

Ms. Pearson indicated the funding they are seeking is needed to help the university continue forward on the 60% goal. They propose $264 per credit up from $260 per credit. Their total tuition and fee increase equates to 6.1%. Ms. Pearson reviewed the benefits of a cost-based linear tuition model and including that it allows the university to hire more faculty to reduce bottlenecks in courses and that it simplifies the tuition structure to support future policy decisions related to academic terms and programs and to allow flexibility to price programs regardless of credit level. She reviewed how the request compares with other Idaho universities, stating that they are in line with University of Idaho and Idaho State University. She
also pointed out that the bi-linear model provides better affordability for part time and full time students.

Ms. Pearson reported that their funding request will go toward salary and benefit increases, maintenance of current operation, replacement funding, the 60% goal, occupancy costs, and Center for Advanced Energy Studies (CAES) funding. Revenues from tuition increase will be used to cover mandatory fund shift for salaries, benefits and MCO as appropriated by the legislature ($3 million), fund current and past enrollment growth, boost faculty salaries, and to fund high priority needs like campus security. Ms. Pearson reported on BSU’s efficient use of state funding and progress on Idaho’s 60% goal. Regarding the 60% goal progress, they do show in increase toward the goal. Ms. Pearson discussed new student admission trends which show an 11% increase over 2013; admitted students show an 14% increase over 2013. She also remarked on the sense of priority they are giving their scholarship programs.

Dr. Schimpf pointed out that through the bi-linear model, they are making education more equitable for part time students. Moving to the bi-linear model is a key strategy for BSU. Mr. Locke offered comment that this is an investment for the students of BSU and that they are in support of the bi-linear model. Ms. Atchley asked if they have seen any change in enrollment patterns since they have moved to the bi-linear model. Ms. Pearson responded that although they have just moved to this model, they have seen positive changes with the model; the enrollment behavior shows a slight increase with this model.

Mr. Westerberg asked if the salary increases would be higher than average over the last few years and about the turnover rates. Ms. Pearson responded that they have experienced higher turnover rates. Dr. Schimpf echoed those remarks stating that the salary issue is becoming a morale issue, particularly with faculty, which also has an effect on students. Mr. Lewis indicated he would be interested in seeing a five year chart showing faculty turnover. Mr. Lewis asked about the effect of the CEC in terms of benefit shift for BSU and what kind of a percent increase that would represent. Ms. Pearson responded it is a 2-3% increase. Mr. Lewis asked about the cost of the effect of the guns on campus bill. Ms. Pearson responded that they have asked their campus security to prepare a budget and they are still reviewing those costs and options.

Mr. Soltman asked if BSU uses WUE discounts as a recruiting tool. Dr. Kustra responded that they use it heavily. Mr. Lewis asked a global question about the costs of tuition increasing over time at a greater rate than that of inflation. Dr. Schimpf responded that declining state support has a great deal to do with it, along with an increase in the use of technology and the expense accompanying it, additionally students are demanding more amenities on campus. Dr. Kustra also remarked on the increasing number of regulations that are required now that were not necessarily required before, such as counseling, compliance regulations and reviews, and so forth.

Dr. Goesling asked about the tech fees, progress in program prioritization, and security costs addressing the new guns on campus law. Ms. Pearson responded on tech fees and activity fees and they should show more of an alignment in the next few years with the new bi-linear model. Ms. Pearson responded on program prioritization being very beneficial, but they won’t see the real impact and savings for a few more years such as FY16 and beyond.

Mr. Luna questioned the need for more revenue and the impact it has on students seeking higher education; cost is one of the major barriers to students going on to higher education. Mr. Luna felt there is not enough discussion about the dual credit opportunities for students; parents and students are now beginning to realize dual credit opportunities exist. Mr. Luna asked what the universities are doing to promote dual credit courses. Dr. Schimpf responded that they are very aware of the need to reach out to high school students. One of the ways to reach those students is for the universities to be working with high schools on articulation agreements and helping students identify a path – ideally a degree path – from high school to university. Mr. Luna continued to express concern over the raising of tuition, commenting that we need to look at how we can lower the cost for students going on to college. He clarified that it is obvious the universities need to increase tuition to meet their needs, but encouraged a hard look at the entire system’s ability to meet the student demand. Mr. Luna wanted to ensure those students who may have a part of their college courses accomplished through dual credit can maintain their momentum and actually forward.
2. Idaho State University (ISU) – Student Tuition & Fee Rates

Dr. Vailas introduced the item and indicated they are still in need of tuition dollars, but continue on a trend of being among the lowest in tuition increase requests.

Mr. Fletcher provided an overview and recommendation of ISU’s tuition and fees increases. Mr. Fletcher introduced the President-elect of the Associated Students of ISU (ASISU), Kyle Son. Mr. Fletcher remarked that their tuition and fees proposal is governed by three operating assumptions that include a consultative approach to include the campus community, a strategic approach that aligns the increases with strategic campus goals, and an economic approach to reflect a sensitivity to cost saving initiatives and approaches to keep tuition and fees as low as possible. Mr. Fletcher viewed the four core principles they maintain during their tuition and fee proposal process and that increases are within the criteria set forth by the Board. He reported on some key academic accomplishments and enhanced services and benefits for students in 2013-14, and remarked on the increase of student advising and the positive effects it has had. Their Early College Program has also increased its enrollment 7% this year over the previous year. Retention rates have continued to increase from 61% to better than 67% presently. He commented on the Department of Education’s funding to increase first generation, at-risk students. He remarked that the funding situation they are in is not unique in that state support has decreased over the years; of which the key offset to that decrease is an increase in tuition and fees.

Dr. Fletcher indicated their recommended increase is 3.5% and is the lowest increase they have had in 26 years. Changes to the health care benefit requirements have had a fairly dramatic effect on increases. Mr. Fletcher outlined the major areas comprising the tuition and fee increases, showing an increase analysis for visual purposes. He remarked on ISU’s move toward fiscal equilibrium where they are progressively decreasing the rate of tuition and fee increases, adequate reserves to meet emergencies, remarking that they are still a year or two from reaching this new level of fiscal equilibrium. He reported that program prioritization is moving forward on an accelerated schedule, that governance reform continues to function well, and that they have implemented unified university policies and procedures.

Dr. Hatzenbuehler remarked on the proposed fee increases and on the cost of their health profession programs which are also a large part of ISU’s makeup. She felt ISU’s fee increase is a bare-bones increase, and is mainly based on an increased cost for technology, as well as the ongoing challenge of clinical placements.

Mr. Fletcher outlined their FY2015 budget priorities and remarked that as funding becomes available, they will continue to address key infrastructure and deferred maintenance needs. He summarized that the 3.5% increase is a balanced proposal and was reached after extensive discussion.

Mr. Westerberg requested seeing a five-year faculty churn rate from ISU. Mr. Luna asked if they keep track of the students who come from the high schools they work with, the number of credits they arrive with, and how that shortens the duration the student is on campus. Dr. Woodworth-Ney remarked on their early college completion program and that they are working to track how many credits students are taking in high school and how many they arrive with. They will be reporting on the early college cohort that started in 2011. She indicated they are optimistic the program is increasing the number of students arriving at ISU. Mr. Westerberg felt the institution goals should be broadened.

3. Eastern Idaho Technical College (EITC) – Student Tuition & Fee Rates

Dr. Albiston provided a few comments regarding EITC’s tuition and fee rate increase proposal. He introduced Jim Stratton, Vice President of Administration, who was available to answer questions. President Albiston indicated EITC is asking for a 6.3% increase for full time fees and a 3.1% increase for part time fees. They have reviewed their budget with the campus community including students and the student senate, who are very understanding of the needs of the institution. He reminded the Board they have a long standing history of having the lowest fees in the state of Idaho. He reviewed how the fees would be spread out across the institution.

4. Lewis-Clark State College (LCSC) – Student Tuition & Fee Rates
Chet Herbst provided a recap of the tuition and fee rate increase for LCSC. Interim Provost Lori Stinson and members of their student body joined Mr. Herbst for discussion. Mr. Herbst indicated LCSC is requesting a 2% fee increase which will be used to cover unfunded employee costs and benefit increases, to minimize impact in access to students, and sustain the quality of programs and delivery at LCSC. He indicated that their tuition is the lowest of the four year institutions, and pointed out that is a result of lean staffing, lean salaries, lean reserves, and very focused program offerings. He reported on the issue of lean salaries being considerably lower than their peers which is having direct effect on turnover. Faculty turnover has increased to over 10% as a direct result of the lean salaries, which also has an effect on students. Mr. Herbst reported on the rationale for their fee increase proposal which includes unfunded enrollment growth and credit hour production, shortfalls in inflation and other funding, the compensation gap, the need to fund Board 60% and CCI goals, deferred maintenance needs and the discontinuation of fund shifting. He reviewed enrollment and funding trends whereby enrollment is trending upward while funding is trending downward. Regarding the performance based funding gap, EWA pays only 67% of cost of delivery. LCSC’s annual fee requests in comparison to other 4-year colleges have been the lowest since FY13.

Mr. Herbst outlined where the fee increase will go and the impact of the 2% increase they are requesting. It will be applied to all student categories, assumes 0% change in enrollment, and an estimated increased revenue of $322K. The impact on students is about $58 per semester and $116 per year.

Mr. Herbst reported on controlling other costs pointing out there are no application, orientation or graduation fees; that residence halls have desirable options, and meal plans are affordable. Additionally, parking and textbook costs are kept low. Mr. Herbst reported they have experienced sharp increases as a result of the student health insurance requirement. He reviewed the impact of their request commenting that the 1% fee change equates to $161K in revenue.

Mr. Herbst reviewed their plans for FY2015 to continue to carry out their assigned mission, balance sacrifices among students, staff and programs, to generate external funding, and to continue to work to control the total cost for students, adding that their 2% request is a calculation to preserve access for financially challenged students and their families.

Ms. Atchley asked how any students are regarded as financially challenged. Mr. Herbst responded over 8% are receiving financial aid. Mr. Soltman expressed concern about a flat enrollment projection. Mr. Herbst responded they are hoping to generate an increase and expand on that trend. Members from the student body remarked that they are supportive of paying their professors more because the professors are the ones who work so closely with the students.

5. University of Idaho (UI) – Student Tuition & Fee Rates

Dr. Staben presented the University of Idaho’s tuition and fee increase proposal. He introduced Provost Kathy Aiken, Budget Director Keith Ickes, and Associated Students of the University of Idaho (ASUI) President Max Cowan to assist in the discussion. He started by saying that they feel their proposal represents a good compromise between cost and access. He remarked on the change in higher education funding sources for colleges and universities, commenting that state funding has been markedly declining over the years, which is not unique to Idaho. Their most pressing challenges for FY14 include the CEC, the increased cost of medical benefits, and other required cost increases in areas such as utilities and so forth. He commented on non-recurring state obligations such as capital replacement, and that their total challenge is $9.1 million, of which $6.1 is recurring.

Dr. Staben reviewed the faculty salaries since FY08, commenting that their peers are increasing at 3%-4% per year. Without substantive change, UI will drop within 2-3 years into the 70% range of their peer average. Staff salaries are of grave concern. He reviewed the existing tuition and fees and reviewed the fee increase proposal.

Mr. Cowan commented on the student activity fees and that the increase allows better services to be provided to students at orientation and throughout the course of their studies at the university. They are
still well below their peer average for the non-resident fee. Dr. Staben reviewed new FY 14 resources from state funding, land endowment and tuition and fees, and reviewed how the resources would be allocated to meet the challenges of the university. He summarized scholarships to Idaho residents, stating that over the last five years $54 million has gone to scholarships. He pointed out the annual amount has increased 33% over a five year period which equates to about three times the amount of total state need-based aid for the state.

Dr. Staben reported on some of their focus areas such as increasing enrollment and graduation, ensuring access and minimizing student debt, strategic distance education, and that they are a national research institution with a statewide land-grant mission that serves the state in many ways. He also indicated that as a way to increase access, they are allowing students to defer their application fees to the Fall when financial aid can be used to help pay the application fee; it is a no cost, access enhancing step to help the students.

Mr. Westerberg asked if they are looking at any other pricing models going forward. Dr. Staben responded that that at the moment he feels very comfortable with the present model, but is not opposed to looking at others.

At this time the meeting recessed for a lunch break.

B. PLANNING, POLICY & GOVERNMENTAL AFFAIRS

Institution, Agencies, Special/Health Programs Strategic Plans

Ms. Tracie Bent from the Board office provided a presentation on the institution strategic plans and reminded the Board of the required plan components. Those components include the vision statement, mission statement, goals, objectives, performance measures, benchmarks, and key external factors. She reviewed the goals for the strategic plans and the strategies for the Complete College Idaho (CCI) plan. She reported that the plan includes requirements for system-wide performance measures such as graduation rates, retention rates, the cost of college, remediation, and dual credit.

Dr. Todd Schwarz from the College of Southern Idaho (CSI) provided a recap of their strategic plan for 2015-2019. As they consider the long term focus of the college, they are considering several impacting issues including the practical realities facing every institution. Dr. Schwarz remarked that the consequences of those factors and others mean that while they have plans to make major structural change to the plan, presently the strategic plan has only been updated with current measures and benchmarks. Additionally, the accreditation cycle and timing requires CSI to be patient in synchronizing its plans for change with the accreditation process and schedule. Dr. Schwarz pointed out that they are launching new plans and initiatives to propel the colleges' success.

Dr. Schwarz reported for the time being, the mission of CSI remains unchanged along with its four strategic goals. New ideas include a new student success initiative, innovation circle grants, extended physical collaboration with colleges and universities, and appropriations and legislated changes such as increased focus on STEM and community college service to Idaho Falls. Mr. Soltman suggested that since CSI has met or exceeded some of its benchmarks, it should consider moving the bar.

Dr. Bert Glandon provided a report from the College of Western Idaho (CWI). Dr. Glandon reported that their board recently met and reviewed their mission and vision which hasn’t changed. He pointed out they have a work session scheduled to review the strategic plan, and have had some community hearings regarding CWI’s master plan and where the college is headed. Dr. Glandon reviewed the highlights of their strategic plan and identified their institutional priorities which include the structure for student success, developing systems to support faculty and staff, implementing practices for fiscal stability, connecting the college to the community, and ensuring the sustainability of CWI’s infrastructure. Dr. Glandon remarked positively on sustainability for the CWI infrastructure. They are focused on providing consistent and quality services to their students. Related to student success, they are looking at ways to encourage students to use dual credit to transfer to CWI and other local institutions. The metrics at CWI measuring student success include the voluntary framework of accountability, longitudinal
data system, and alignment of statewide measures of the go-on transfer rates toward the 60% goal. He remarked on CWI’s sustainability which includes development of employees, facilities, and infrastructure.

Dr. Joe Dunlap provided a recap and progress update of North Idaho College’s (NIC) strategic plan, stating there are five major goals for the college. Dr. Dunlap reported on goal one, student success, indicating that they have implemented new financial aid requirements and counseling, they have obtained a grant from the Albertson’s Foundation for student retention, they have expanded online and outreach offerings to name a few. Under goal two, educational excellence, they have established a general education task force to review transferability for general education courses and align their curriculum with the common core. Additionally, they have established the voluntary framework of accountability, implemented community college survey of student engagement, and implemented and started an entrepreneurship program.

Related to goal three, community engagement, they have established an Aerospace Center of Excellence, and obtained a Forestry Products Center of Excellence grant, and have been working to assist workforce needs in Kootenai County. Under goal four, diversity, they have established an international student program with the Spokane College of English Language, improved the relationships with the Coeur d’Alene Tribe, and have increased opportunities for participation in club and activities for all students. With goal five of stewardship, they have adjusted the budget mid-year based on enrollment trend, significantly increased grant activity, began a comprehensive review of all college policies, received a clean audit report, and improved campus security and emergency planning.

Dr. Albiston from provided a report on Eastern Idaho Technical College’s (EITC) strategic plan. He highlighted student training placement trends over the last four years that show an upward trend. Dr. Albiston reviewed details of the modification of the Pilot Bridge Program. The goal of the program is to provide student’s access to English 101 and Math 123 whose placement test scores would allow entry into English 090 and Math 100. The plan is to establish a two hour per week co-requisite lab section for English 101 and Math 123 to provide support for marginally underprepared students. Their tutoring services center shows an increase in services and number of students served, despite decreases in student enrollment which shows more students using those tutoring services. Dr. Albiston reported that access results are embedded in the strategic plan and they are working to provide better clarity on that item.

Dr. Aiken reported on behalf of the University of Idaho’s strategic plan and its goals. Under Goal 1, Teaching and Learning, they work to provide learning outcomes that provide a basis for ongoing assessment to continuously improve teaching and learning. Their Guided Pathways Program is an example found under Goal 1. Regarding Goal 2, Scholarly and Creative Activity, they have more than $89M in funded research. Dr. Aiken mentioned some undergraduate opportunities that fall under this goal such as their Innovation Showcase, the Engineering Expo, Business and Economical Vandal Innovation, and Enterprise Works. Regarding Goal 3, Outreach and Engagement, Dr. Aiken highlighted some of the university’s plans to meet society’s critical needs by engaging in mutually beneficial partnerships. Related to Goal 4, Community and Culture, the university continuously encourages students to be part of a purposeful, ethical, vibrant, and open community.

Mr. Westerberg expressed that they need to address student accessibility in their plan and that their goals could be more robust.

Dr. Kustra provided a review of BSU’s strategic plan and their focus on effectiveness. He identified that their main goal is to create a signature, high-quality education for their students. He indicated they use NSSE benchmark measures of student perception of quality educational experience which show over all high ratings. Strategies include development of the foundational studies program which data is not available yet, provide opportunities across disciplines, respect for diversity, cultivate intellectual community and invest in faculty development. Dr. Kustra also reported in an increase in STEM degrees.

Mr. Westerberg asked about the difference in structure with goals, strategies, key performance indicators, etc. Dr. Schimpf responded that they have tried to create strategies that have action goals. Ms. Bent indicated that per Board policy and state code, objectives are required as part of the strategic plan. Mr.
Lewis asked about BSU’s plan to increase access to students. Dr. Kustra responded they are involved in an aggressive scholarship campaign, and secondly they reach out to high school students about career opportunities and degree options. Dr. Schimpf added that BSU continues to develop on-line programs for students, thereby increasing access.

ISU Provost Dr. Woodworth-Ney provided a report to the Board. She pointed out that their seven year site visit with the Northwest Accreditation Commission is in October and they are preparing for that. As a result of that, they have not revised their strategic plan in this cycle, and intend to revise the plan starting in January 2015. Dr. Woodworth-Ney indicated they have divided their plan into four areas. Under Learning and Discovery, they have reported a 123% increase in the number of on-line course sections, a 170% increase in the Career Path Internship program since FY2011, and their Early College Program has grown 33% since FY2009. Related to Access and Opportunity, they report a 6% increase in retention rates from freshmen to sophomore, and a 15% growth in total degree production since FY2009. Related to Leadership and Health Sciences, they report pass rates for ISU students on clinical licensure and certification exams in the health professions continue to meet or exceed the national pass rates. They report a 170% increase in external funding received for health related and biomedical research. Regarding Economic and Social Impact, they report 4,000 community members attended “CommUniversity” which is an event to celebrate ISU. They also report private partnerships with Idaho companies continue to increase, and patient visits to ISU clinics and clinical services are up 39% from FY2009. Dr. Woodworth-Ney indicated that regarding stewardship of institutional resources, the financial health of the institution continues to improve with total assets surpassing $300 million. Program prioritization includes reallocating resources to achieve strategic balance.

Mr. Westerberg requested a future report to the Board on the Bengal Pharmacy.

Interim Provost Dr. Lori Stinson provided a report to the Board for LCSC and reported their plan has buy-in from the entire campus community. Dr. Stinson reviewed the mission statement of LCSC and remarked that it contains four main goals that contain robust objectives. Their highest emphasis is under goals one and two. Goal one is to sustain and enhance excellence in teaching and learning and the program prioritization process is assisting in this area. Goal two looks at student enrollment and success, and LCSC continues to market and focus on degree offerings for students. They have specific strategies related to this goal. Related to goal three, to strengthen and expand collaborative relationships and partnerships, Dr. Stinson reported that one of the critical objectives includes internships and volunteer experiences. Additionally, they continue to seek outside support for the college. In goal four to leverage resources, Dr. Stinson reported they carefully manage their resources to maximize institutional strength and efficiency. She reported on stretch goals such as enrollment expansion and dual credit that will enable the college to expand and continue to grow.

Dr. Stinson reviewed highlights of the strategic plan that include increased degree production and a centralized advising model. She provided a recap of certificates and degrees awarded that shows a gradual increase since FY 2009. She reported that they go out of their way to keep tuition as low as possible to enhance access to students, and also continue to expand their on-line offerings and attention to scholarships.

Mr. Westerberg suggested the Board have a discussion among its members about benchmarks that includes reasonable expectations, and recommended providing more guidance to institutions. Mr. Westerberg requested unanimous consent to defer the motion approving the strategic plans to the June meeting to enable the institutions to make changes to their plans. There were no objections. During the June meeting, the Board will briefly review the revised strategic plans.

Thursday April 17, 2014, 8:00 a.m., University of Idaho, Student Union Building Ballroom, Moscow, Idaho.

The Board convened at the University of Idaho in the Student Union Building Ballroom for regular business. Board President Don Soltman called the meeting to order at 8:00 a.m. MST.
EXECUTIVE SESSION (Closed to the Public)

Boise State University

BOARD ACTION

M/S (Atchley/Goesling): To go into Executive Session pursuant to Idaho Code §67-2345(1)(C), Idaho Code “to conduct deliberations concerning labor negotiations or to acquire an interest in real property which is not owned by a public agency.”

A roll call vote was taken and the motion carried unanimously 7-0. Mr. Terrell requested to be excused from Executive Session. There were no objections.

BOARD ACTION

M/S (Goesling/Atchley): To go out of Executive Session at 8:17 a.m. The motion carried unanimously 6-0. Mr. Terrell was absent from Executive Session.

At this time, Board President Soltman welcomed everyone to the second day of the regularly scheduled Board meeting.

OPEN FORUM

Board member Terrell requested to speak during Open Forum. Mr. Terrell announced that as of June 30, he will retire from the State Board of Education where he has served since 2003. He has volunteered with various organizations in various capacities over the past 30 years. He requested time on the June Board agenda.

CONSENT AGENDA

M/S (Atchley/Goesling): To approve the consent agenda as posted. The motion carried unanimously 7-0.

Instruction, Research & Student Affairs (IRSA)

1. Quarterly Report: Programs and Changes Approved by the Executive Director

This item was provided in the agenda materials as an information item to the Board.

2. Idaho EPSCoR Committee Appointment

BOARD ACTION

By unanimous consent to re-appoint Mr. David Barneby to the Idaho Experimental Program to Stimulate Competitive Research Committee as a representative of the private sector, effective January 1, 2014 to June 30, 2019.

Policy, Planning & Governmental Affairs (PPGA)

3. Boise State University – Facility Naming

BOARD ACTION

By unanimous consent to approve Boise State University’s request to name the facilities inside Dona Larsen Park the “Dona Larsen Stadium” and “Huber Field.”

4. President Approved Alcohol Permits Report
This item was provided in the agenda materials as an information item to the Board.

State Department of Education (SDE)

5. Professional Standards Commission Appointments

BOARD ACTION

By unanimous consent to appoint Jason Hancock as a member of the Professional Standards Commission for the remainder of a three-year term effective immediately, and ending June 30, 2015, representing the Department of Education.

By unanimous consent to appoint Charlotte McKinney as a member of the Professional Standards Commission for a three-year term effective July 1, 2014, and ending June 30, 2017, representing Secondary Classroom Teachers.

By unanimous consent to appoint Elisa Saffle as a member of the Professional Standards Commission for the remainder of a three-year term effective immediately, and ending June 30, 2015, representing Elementary School Principals.

By unanimous consent to appoint Margaret Chipman as a member of the Professional Standards Commission for the remainder of a three-year term effective immediately, and ending June 30, 2015, representing School Board Members.

By unanimous consent to reappoint Clara Allred as a member of the Professional Standards Commission for a three-year term effective July 1, 2014, and ending June 30, 2017, representing Special Education Administrators.

By unanimous consent to appoint Deborah Hedeen as a member of the Professional Standards Commission for a three-year term effective July 1, 2014, and ending June 30, 2017, representing Public Higher Education.

6. Curricular Materials Selection Committee Appointments

BOARD ACTION

By unanimous consent to appoint Chris Wadley to the Curricular Materials Selection Committee for a five-year term effective June 1, 2014, and ending May 31, 2019, representing Secondary Teachers.

By unanimous consent to appoint Kristie Scott to the Curricular Materials Selection Committee for a five-year term effective June 1, 2014, and ending May 31, 2019, representing Secondary Teachers.

By unanimous consent to appoint Lisa Olsen to the Curricular Materials Selection Committee for a five-year term effective June 1, 2014, and ending May 31, 2019, representing Secondary Teachers.

By unanimous consent to appoint Rebecca Parrill to the Curricular Materials Selection Committee for a five-year term effective June 1, 2014, and ending May 31, 2019, representing Secondary Teachers.

By unanimous consent to appoint Kristi Enger to the Curricular Materials Selection Committee for
a five-year term effective June 1, 2014, and ending May 31, 2019, representing the Division of Professional Technical Education.

By unanimous consent to appoint Donna Wommack to the Curricular Materials Selection Committee for a five-year term effective June 1, 2014, and ending May 31, 2019, representing Elementary Teachers.

By unanimous consent to appoint Heide Fry to the Curricular Materials Selection Committee for a five-year term effective June 1, 2014, and ending May 31, 2019, representing Elementary Teachers.

PLANNING, POLICY & GOVERNMENTAL AFFAIRS

1. University of Idaho Progress Report

Dr. Chuck Staben provided a progress report of the University of Idaho’s strategic plan to the Board. He pointed out that the university is celebrating their 125th year. He discussed growing enrollment and serving the people of Idaho, stating the university’s retention and graduation rates have been very stable since FY 06 through FY 12. Those rates are below that of their peers and Dr. Staben felt the university would be able to do better with retention and graduations rates in the future. Their graduate and undergraduate degrees are stable, but again Dr. Staben points out the need to grow those areas. The UI is a leader in STEM Education where 33% of undergraduates earn degrees in STEM disciplines. They produce 51% of Idaho’s STEM undergraduate degrees, 50% of engineering degrees and issue 900 doctoral degrees each year. He remarked on the high quality student experience and resulting success in undergraduate research, international programs, service learning and graduation initiatives. Dr. Staben reported on scholarships to Idaho residents; in FY13 $12.3 million was issued in scholarships and over $54 million in the last five years. Annually the amount has increased 33% over a five year period; and they take the access issue very seriously. They have produced many student and future leaders locally and throughout the nation such as doctors, lawyers, architects and veterinarians. Dr. Staben expressed thanks for the WWAMI program and those involved with that program. Their institution is recognized nationally, and Forbes Magazine rates them as one of the top 25 value colleges in the United States.

Related to research, Dr. Staben reviewed research expenditures by funding source and highlighted many reasons why research is important to Idaho and the resources it brings to the state. He reported on research strategies and remarked on partnerships, enhanced productivity, and major interdisciplinary grants. Per faculty member, they are doing extremely well in research productivity. Dr. Staben named a number of major grants specific to research at the institution. He also remarked on the economic development and engagement that the university is contributing to in the areas of commercialization, agriculture, aquaculture, and in workforce development.

Dr. Staben reported on facilities development at the university that includes the COE building and the IRIC building. Dr. Staben reported on outside investment in the University and pointed out they are at 96% of reaching their goal of $225 million. He reported on challenges and opportunities. Faculty salaries continue to be a challenge, along with student readiness. He remarked on the importance of dual credit, and on strong K12 partnerships to assist with student readiness. Dr. Staben indicated building their leadership team at the university will be both a challenge and an opportunity for growth and new ideas.

2. President’s Council Report

Dr. Joe Dunlap, President of North Idaho College and current chair of the President’s Council, provided a report to the Board on the Council’s meetings from March 10 and April 1, 2014. Dr. Dunlap thanked Mr. Terrell for his long standing service to the state. Dr. Dunlap reported the presidents discussed the April budget guidelines and agreed on the line item categories that would be submitted. The majority of the discussion surrounded guns on campus legislation, and Dr. Dunlap reported that Idaho Code would prevail on school properties but not necessarily on campus. He pointed out that the state Attorney General recommends posting on school buildings the prevailing Idaho Code. It was also recommended that safety plans be submitted to the Board to ensure they are consistent with state code and Board policy.
Dr. Dunlap reported the presidents briefly reviewed Senate Bill 1229 which relates to dual credit and the requirement for MOUs between school districts and governing boards. There was Board interest expressed for a follow-up to the IBE study; Carson Howell from the Board office is leading that study. There was concern raised about on-line courses from students from other states. He indicated the state reciprocity authorization agreement will hopefully resolve issues related to distance learning. Dr. Dunlap reported the community colleges continue to meet on a quarterly basis and have developed an MOU on the delivery of dual credit.

3. Idaho EPSCoR Annual Report

Laird Noh and Rick Schumaker, provided a report to the Board on current Experimental Program to Stimulate Competitive Research (EPSCoR) activities and projects. Mr. Noh thanked the Board and staff for their support of the EPSCoR program and invited all to attend the upcoming EPSCoR meeting in McCall next week. Mr. Schumaker provided the annual report to the Board and thanked the members of the state EPSCoR committee. He discussed research competitiveness and indicated that the junior faculty are becoming increasingly well known for their accomplishments. He pointed out that the EPSCoR investment has brought new faculty and new expertise to Idaho. There are currently two active EPSCoR awards. Track 1 is called Managing Idaho’s Landscapes for Ecosystem Services (MILES); and Track 2 is called the Western Consortium for Watershed Analysis, Visualizations, and Exploration. Mr. Schumaker reported that with the MILES award, they have 11 new faculty positions. They also have an extensive workforce development outreach program. The Track 2 award is focused on watershed science through visualization and data, and also promotes workforce development and education. He remarked on the evidence of Idaho’s progress and success through the EPSCoR program and provided a slide for visual purposes, showing an increase since the 1990’s; Idaho is the only state who has maintained and increased its success rate since the 1990’s. He also indicated their annual meeting would be held in Coeur d’Alene on April 22-24, 2014.

4. Division of Vocational Rehabilitation – Administrator, Interim Appointment

BOARD ACTION

M/S (Westerberg/Atchley): To appoint Jane Donnellan as the Interim Administrator for the Division of Vocational Rehabilitation and to set her salary at $42.56/hr ($88,524.80 annually), effective April 17, 2014. The motion carried unanimously. Mr. Terrell was absent from voting.

Don Alveshere the current Administrator for the Division of Vocational Rehabilitation (IDVR) has resigned his position, following a recent leave of absence for personal reasons. Jane Donnellan, the Division’s Planning and Evaluation Manager has been serving as the Acting Administrator. The Executive Director is recommending the appointment of Ms. Donnellan as the Interim Administrator until such time as a permanent administrator may be appointed.

At this time the meeting recessed for a 10 minute break.

Mr. Soltman requested unanimous consent to move to the Department of Education section and Superintendent’s Update. There were no objections.

DEPARTMENT OF EDUCATION

1. Superintendent’s Update

Superintendent Tom Luna provided an update from the State Department of Education. He reported on the SBAC progress and that they are field testing the test in every school. The field test is a dress rehearsal and they hope to provide a practice run for students, as well as give the school districts a chance to experience it. Mr. Luna reported that he has been traveling throughout the state to observe some of the testing and encouraged Board members to do the same. He reported student feedback is that the test is more difficult, but more engaging and more “fun”. Students like the fact they are answering
more than multiple choice questions and have a chance to explain their answers. He reported they are getting a better picture of the timing of the tests, and so far the math test is taking less time and the English test is taking slightly longer. He encouraged feedback on the length of the test and has also asked for student feedback. So far, the majority of the feedback indicated students prefer a longer test as long as the students can give feedback. He indicated the districts are having students take surveys on the test, and looked forward to sharing the feedback gained from those surveys. He indicated they have put together an advisory committee for the field tests and hope to learn more from the administrators on the tests. Superintendent Luna reported that before they serve the operational test, they will enter into an RFP and contract for the testing. There will be an MOU with Smarter Balanced for further test development, and an MOU with the test vendor to deliver and score the test. They will not release scores on the field test. They want to ensure the logistics and technology is in place by testing the test. They anticipate the scores to be available within 10 days after the student completes the test.

Mr. Soltman asked if the test will be called something different. Mr. Luna responded that the expectation will be for the test to be called the Smarter Balanced test. The score level for the graduation requirement will be set by the Board in the future. Ms. Atchley asked how the advisory committee would work. Mr. Luna indicated the legislature passed a bill on data security and also that 30 individuals will be appointed regionally that will look at the test questions for bias and sensitivity.

At this time the agenda returned to item 5 under the PPGA agenda.

5. Amendment to Board Policy I.R. (V.L.) – Campus Security 1st Reading

BOARD ACTION

M/S (Westerberg/Lewis): To approve the first reading of Board Policy I.R. as provided Attachment 1. The motion carried unanimously 7-0.

Ms. Bent from the Board office led the discussion on the item, indicating there was a request to look at a system wide policy to address the guns on campus policy. Legal counsel from the institutions and Board office worked on revisions to the policy, and a copy of the amended policy was handed out during the Board meeting for Board member consideration. Mr. Luna asked for explanation on the changes. Ms. Marcus recapped what happened during the legislative session, and indicated that this policy directs the institutions to implement the law. Dr. Goesling asked about ROTC programs. Ms. Marcus pointed out that ROTC events or certain programs may be allowed according to policy.

6. 2014 Legislative Update

Marilyn Whitney from the Board office provided a report on legislation that passed this year.

House Bill 521 directed school districts to develop a strategic plan and provided funding for training of administrators and school boards. The requirement is that school districts have a plan by September 15, 2014. Mr. Luna expressed concern that it may be too aggressive to have a good plan composed by September. Ms. Whitney indicated that the understanding is for those plans to get started and be refined through the process.

Senate Bill 1233 clarifies which students may be eligible for the Mastery Advancement Scholarship, that professional certificates are eligible for advanced opportunity programs and to provide $200 for high school juniors and $400 for high school seniors for dual credit and professional technical certificates. Mr. Terrell asked if students who are home schooled would be able to quality for dual credits. Ms. Whitney read aloud the bill which does not mention home schools, just public schools. CWI and CSI offer a dual credit pathway for home schooled students.

Senate Bill 1275 enhances the secondary Agriculture and Natural Resource programs currently offered in Idaho schools and provides start up grants for new programs as well as grants for high quality existing programs.
Senate Bill 1372 establishes procedures for sharing student information, procedures collecting new data elements, and requires reporting to the legislature pertaining to the statewide K-12 and postsecondary longitudinal data systems.

Senate Bill 1396 requires that the Board appoint a review committee comprised of 30 people consisting of parents, teachers, and administrators representing public and charter schools in all six regions of the state. They will serve staggered four year terms, and be charged with reviewing and making recommendations to the State Board of Education and the Department of Education to revise or eliminate certain summative computer adaptive test questions.

INSTRUCTION, RESEARCH, AND STUDENT AFFAIRS

1. WWAMI Program Report

Dr. Mary Barinaga introduced Dr. Joe Cloud and Dr. Suzanne Allen who were present to assist with her report to the Board and answer any questions on the WWAMI program. She reviewed what WWAMI is and described the partnership between the five states (Washington, Wyoming, Alaska, Montana and Idaho) to grow a medical education program. She reviewed the year-to-year curriculum of the WWAMI program, where first year is spent in Moscow, second year is spent in Seattle, and the 3rd and 4th year can be spent at Seattle, Idaho or other WWAMI region. She reported on why there is a need to change the curriculum, stating that exams are becoming more clinical, medicine is becoming increasingly team-based, students need more time for clinical exploration prior to selecting specialties (the need to choose their field by 3rd year), and students need more time to do meaningful research. Dr. Barinaga reviewed a working draft of the new curriculum which will be broken into three distinct phases. The first phase is the scientific foundations phase, the second is the clinical foundations phase, and the third is the career exploration and focus phase. Dr. Joe Cloud discussed the changes occurring at the University of Idaho that will enhance increased instructional participation of 18 months of instruction. There will be systems based instructional formats, and integration of basic sciences and clinical medicine. The increased instructional participation begins in the Fall of 2015. Class instruction will be limited to four hours per day and involve case-based learning. There will be a systems based instructional format that will also include a two week intersession break for remediation and electives. There will be integration of basic science and clinical medicine where students will benefit from an educational experience that combines normal functions and pathologies.

Ms. Atchley asked how the “blocks” would run. Dr. Cloud described how the blocks would run whereby all of the students would be in the cohort at the same time, but not the same class. Mr. Soltman asked if there were enough clinical opportunities here. Dr. Cloud responded in the affirmative. Mr. Terrell asked about the UW expansion. Dr. Allen responded that UW is supportive of expansion and it will not limit opportunities for Idaho students. Mr. Lewis asked if the expanded program at the UI would require additional resources. Dr. Cloud responded it would be likely, but it would be self sustaining, adding that there may be challenges with additional space needs however.

2. Board Policy III.V., Statewide Articulation – First Reading

BOARD ACTION

M/S (Westerberg/Terrell): To approve the first reading of proposed amendments to Board Policy III.V, Articulation and Transfer as submitted in Attachment 1. The motion carried 7-0.

Dr. Chris Mathias from the Board office introduced the item and provided more detail of the first reading. He reported that proposed amendments to Board Policy III.V will bring policy into alignment with proposed new Board Policy III.N on statewide general education and provide a seamless transfer of courses between Idaho public postsecondary institutions for students.

Dr. Schimpf remarked that they are working together with staff for a solution that could be an
accreditation for BSU.

3. Board Policy III.G. – Program Approval and Discontinuance – Second Reading

BOARD ACTION

M/S (Westerberg/Atchley): To approve the second reading of proposed amendments to Board Policy III.G, Postsecondary Program Approval and Discontinuance as submitted in Attachment 1. The motion carried 7-0.

Board Policy III.G, Postsecondary Program Approval and Discontinuance provides Idaho’s public institutions with procedures for the development, approval, and discontinuation of academic and professional-technical programs. There were no changes between first and second reading.

4. Board Policy III.N. – General Education – Second Reading

BOARD ACTION

M/S (Westerberg/Goesling): To approve the second reading of proposed new Board Policy III.N, General Education as presented and to be implemented by the Fall 2015 academic semester. The motion carried 7-0.

Mr. Westerberg indicated the new policy will establish ongoing responsibilities for the faculty discipline groups, who will ensure consistency and relevance of General Education competencies related to their discipline. Additionally, policy will also formally establish the State General Education Committee, who will be responsible for reviewing competencies and rubrics for institutionally-designated General Education categories and ensure transferability. There were no changes between first and second reading. Mr. Soltman thanked the committee and staff for their work on this item.

5. Board Policy III.Y. – Advanced Opportunities – Second Reading

BOARD ACTION

M/S (Westerberg/Terrell): To approve the first reading of proposed amendments to Board policy III.Y. Certificates and Degrees as submitted in Attachment 1. The motion carried 7-0.

Mr. Westerberg indicated approving the amendments now would allow the institutions time to evaluate changes they would like to make in the advanced opportunities they offer secondary students and notify the school districts they work with prior to the start of the secondary schools summer break. This will allow the secondary schools to make any necessary changes to their fall course offerings. He also pointed out the number of changes between first and second reading.

Ms. Bent reviewed those changes that were significant to the policy. In the first reading, there was a fee for the technical dual credit courses that was in alignment with the workforce training fee. Feedback from institutions indicated that given the oversight necessary, the fee was not adequate, and it was requested that it be made the same as it is for the academic dual courses. An additional change is in how the two pathways (formerly tech prep) are organized. Professional-Technical Advanced Learning (PTAL) was removed and the technical dual credit language was moved under academic dual credit, so the two forms of dual credit were grouped together. The language defining technical competency credit was also moved into the definition section.

Dr. Lori Stinson from LCSC remarked they are concerned about student access related to the policy changes, specifically with the $65 per credit charge that was added between first and second reading. They believe that fee will be a barrier to students enrolling in technical dual credit opportunities. Additionally, superintendents in that region did not feel they were included in the discussion of the policy changes to the extent they would have preferred. They have asked for flexibility related to the $65 fee. Mr. Luna concurred with Dr. Stinson’s comments about the item and that this is an unintended
consequence that may create a barrier for some students pursing professional-technical education.

Mr. Westerberg indicated that there has been discussion on the item. He recommended reading the motion as a first reading and returning it to the IRSA committee for additional work with the institutions. Mr. Luna suggested another option which was that the language be changed to say “the universities can charge up to $65 per credit”, which would allow institutions flexibility to charge from $0 to $65. He felt adding those words would address the concerns that have been raised. Mr. Westerberg read the motion as a first reading, and returned the item to the IRSA committee for additional work.

6. Boise State University – Graduate Certificate in Victim Services, Self-Support Program

BOARD ACTION

M/S (Westerberg/Atchley): To approve the request by Boise State University to create a new self-support program granting a graduate certificate in Victim Services. The motion carried 7-0.

M/S (Westerberg/Atchley): To approve the request by Boise State University to designate a self-support fee for the Graduate Certificate in Victim Services program in conformance with the program budget submitted to the Board in Attachment 1. The motion carried 7-0.

Mr. Westerberg indicated the program was unanimously recommended by committee. Dr. Schimpf indicated that BSU plans to provide a new self-support program that will award a graduate certificate in victim services. BSU plans to charge $340 per credit hour. Students enrolled in the program are expected to generate 260 graduate credit hours per year. The expected annual gross revenue will therefore be approximately $88,400.

7. Boise State University – Master of Athletic Leadership

BOARD ACTION

M/S (Westerberg/Goesling): To approve the request by Boise State University to create a new self-support program granting the degree of Master of Athletic Leadership. The motion carried 7-0.

M/S (Westerberg/Atchley): To approve the request by Boise State University to designate a self-support fee for the Master of Athletic Leadership program in conformance with the program budget submitted to the Board in Attachment 1. The motion carried 7-0.

Mr. Westerberg indicated the program was unanimously recommended by committee.

Dr. Schimpf invited Mr. Tyler Johnson from the department of Kinesiology to assist with any questions. Dr. Schimpf indicated BSU proposes to create a new self-support program that will award a Master of Athletic Leadership degree. The proposed program will be offered face-to-face in BSU’s regional service area, and will differ from programs currently offered in Idaho because of its focus on leadership training from both coaching and athletic administration perspectives, and the inclusion of substantial practical experience and mentoring, as opposed to being based only on traditional coursework. BSU plans to charge $340 per credit hour taken. In the second year of the program (when the program is fully functional), BSU will teach a total of 6 courses of 5 to 6 credits each with an estimate of 18-20 students per class. BSU expects to produce 593 graduate student credit hours per year for a total gross income of $201,620. Local funds totaling $57,117 will be used to initiate the program; the local account will be repaid with program revenues by the end of the third year of the program consistent with Board Policy V.R.

Dr. Goesling asked if they may tie in this program with the University of Idaho. Mr. Johnson responded the system is geared toward the Treasure Valley, and would definitely consider expansion as the program develops.

BUSINESS AFFAIRS AND HUMAN RESOURCES (BAHR)
Section I – Human Resources

1. Amendment to Board Policy – Section II.H. – Coaching Personnel – Second Reading

M/S (Terrell/Goesling): To approve the second reading of proposed amendments to Board Policy II.H., Coaches and Athletic Directors, with all revisions as presented and to direct staff to bring forward amendments to the model contract for consideration. The motion carried 7-0.

Mr. Terrell provided some background on the item and pointed out that the proposed policy change would authorize the institutions to use a new leave code similar to elected officials whereby coaches would not accrue vacation or sick leave. Athletic Directors would be required to approve a coach’s leave.

Ms. Atchley asked for clarification on the last sentence of the policy. Mr. Freeman responded that those changes were requested by the Controller’s office to declare what happens to any leave.

BUSINESS AFFAIRS AND HUMAN RESOURCES (BAHR)

Section II – Finance

1. Amendment to Board Policy V.1. – Real and Personal Property and Services – First Reading

BOARD ACTION

M/S (Terrell/Atchley): To approve the first reading of proposed amendments to Board Policy V.I. Real and Personal Property and Services. The motion carried 7-0.

2. Amendment to Board Policy V.K. – Construction Projects – First Reading

BOARD ACTION

M/S (Terrell/Atchley): To approve the first reading of proposed amendments to Board policy V.K. Construction Projects. The motion carried 6-0. Mr. Luna was absent from voting.

3. Amendment to Board Policy V.W. – Litigation – First Reading

BOARD ACTION

M/S (Terrell/Atchley): To approve the first reading of Idaho State Board of Education Governing Policies & Procedures V.W. – Litigation as submitted. The motion carried 6-0. Mr. Luna was absent from voting.

4. Amendment to Board Policy V.X. – Intercollegiate – Second Reading

BOARD ACTION

M/S (Terrell/Atchley): To approve the second reading of proposed amendments to Board policy V.X. Intercollegiate Athletics, with all revisions as presented. The motion carried 6-0. Mr. Luna was absent from voting.

5. FY 2015 Appropriations

BOARD ACTION

M/S (Terrell/Westerberg): To approve the allocation of the FY 2015 appropriation for Boise State University, Idaho State University, University of Idaho, Lewis-Clark State College, and system-wide needs, as presented on Tab 5b, Page 3. The motion carried 7-0.
M/S (Terrell/Westerberg): To approve the allocation of the FY 2015 appropriation for the College of Southern Idaho, College of Western Idaho and North Idaho College, as presented on Tab 5c, Page 3. The motion carried 7-0.

M/S (Terrell/Westerberg): To approve the request from the Division of Professional-Technical Education for the FY 2015 appropriation allocation as detailed on Tab 5d page 3 (Attachment 1). The motion carried 7-0.

6. Intercollegiate Athletics – FY 2015 Athletics General Fund Limits

BOARD ACTION

M/S (Terrell/Lewis): To approve the FY 2015 athletics limits for General Funds as listed in Attachment 1 lines 28-31 and the FY 2015 athletics limits for Institutional Funds as listed in Attachment 1 lines 14-21. The motion carried 7-0.

Mr. Terrell pointed out the Board agenda item Tab 7 includes the gender equity plans for each institution. Included in that agenda item, an institution could request additional funding to add a new sport or to address other compliance issues. It should be noted that an increase in students fees may be required should the Board request an increase in the limit.

Dr. Goesling asked what the impact is on the athletic budget with regard to the tuition and fee increase. Mr. Rob Spear responded that in relation to the activity fee, it restricts the athletic departments during certain years. Dr. Goesling suggested flexibility with regard to the activity fees. Mr. Terrell recommended this item be discussed in the Athletics Committee and also discussed in the BAHR Committee. Mr. Westerberg pointed out that the discussion did occur and that this is an improvement in the policy. Mr. Spear pointed out that the athletics fee cap is tied to the state appropriations and student activity fee; that the athletic fee raises in proportion to the student activity fee.

Mr. Freeman requested direction from the Board on if they want to vote each year on athletics limits, review them as an information item, or if they are comfortable with the policy formula and handling it at the staff level. The consensus of the Board was to hear discussion in committee and report to the Board. Mr. Spear requested an analysis since 2008 of appropriated fund and institutional funds in comparison to the overall fee increase and how much the activity fee increased in proportion to how much the athletics programs have received.

7. Intercollegiate Athletics – FY 2015 Gender Equity Reports

BOARD ACTION

M/S (Terrell/Westerberg): To approve the Gender Equity Reports for Boise State University, Idaho State University, University of Idaho and Lewis-Clark State College as submitted. The motion carried 7-0.

Mr. Lewis complemented the staff on their work on this item.

8. FY 2016 Budget Guidelines

BOARD ACTION

M/S (Terrell/Atchley): To direct to direct the college and universities to use the following categories to develop FY 2016 Line Item budget requests:

System wide
1. Complete College Idaho
2. Deferred Maintenance
3. Financial Aid (merit and need based)
4. One-time funding for philanthropic matching program
   Institution-level
   1. Salary Competitiveness
   2. Institution-specific Initiatives (up to two).

The motion carried 7-0.

Mr. Terrell indicated the Presidents Council met on March 10, 2014 to discuss FY 2016 budget priorities. The institutions’ Vice Presidents for Finance & Administration and Governmental Affairs Directors also attended and participated in the conversation. The consensus of the group was to recommend the following line item categories for the college and universities: System-wide, Complete College Idaho, deferred maintenance, financial aid (merit and need based), one-time funding for philanthropic matching program. Institution-level: Salary Competitiveness, institution-specific Initiatives (up to two), in addition to salary competitiveness, each institution could submit up to two (2) line item requests at the institutional level. This would provide the Governor and Legislature statewide Board priority initiatives and institution specific line items.

Mr. Lewis requested information on the one-time funding for philanthropic matching program. Dr. Vailas from ISU responded that this item is important given the political environment to have the support of the Legislature to move an item forward that contains merit such as this one. Mr. Lewis indicated it feels “open ended” and felt it may be providing money to be used in a way they don’t understand. Dr. Staben commented that he was a strong advocate for this idea as well and provided an example from the University of Kentucky. What was most dramatic about the effects of this program was that the rate of philanthropy was changed by this one-time money to support the program. He pointed out that in fact, the program ended up carrying forward after the one-time funding ended. In the economic environment with one-time funding, this may be a way to have a lasting change to the philanthropic environment in the state. Dr. Vailas added that it also engages the private sector. Mr. Lewis suggested having a more definitive target and recommended discussion in the BAHR committee. He also felt it was interesting that it was placed in a higher place than salary competitiveness. Dr. Staben felt it would help address salary competitiveness. Mr. Westerberg suggested a timeline for the item. Dr. Rush remarked the final approvals would be set at the August meeting and this would provide direction for the proposals. He expected the institutions be able to discuss the item and that it should be discussed at the next President’s Council, and that a preliminary report should be provided at the June meeting. Dr. Rush indicated that the BAHR Committee should also be involved.

Mr. Soltman asked about deferred maintenance. Mr. Freeman responded that this is intended as a “nod” in the need to address deferred maintenance.

At this time the meeting recessed for lunch.

9. Boise State University – Six-Year Capital Improvement Plan Amendment

BOARD ACTION

M/S (Terrell/Westerberg): To approve the Six-year Capital Improvement Plan Amendment (FY 2015 – 2020) for Boise State University as presented in Attachment 1. The motion carried 5-0. Mr. Lewis and Ms. Atchley were absent from voting.

BOARD ACTION

M/S (Terrell/Atchley): To approve the request by the University of Idaho to implement the construction phase for the Integrated Research & Innovations Center, pursuant to the budget set forth in Attachment 1. Approval includes the authority to execute all necessary consultant, vendor, and construction contracts to fully implement construction of the project. The motion carried 7-0.
Mr. Smith provided details on behalf of UI. He reported that this is a partnership with the state, and the state has provided $5M toward the project. Dr. Goesling asked about the multiple buildings that were present in the original plan. Mr. Smith responded that one building burned down and is now located elsewhere. They are defining needs for the ROTC building and will plan accordingly.

Mr. Freeman reminded the Board that per policy this motion approves construction, and a separate motion will be required in June in order to approve debt financing.

11. University of Idaho – College of Education – Renovation and Improvements Project

BOARD ACTION

M/S (Terrell/Westerberg): To approve the request by the University of Idaho to implement the construction phase for the College of Education Building Asbestos Remediation and Whole Building Renovation and Improvements pursuant to the Estimated Budget set forth in the materials submitted to the Board. The motion carried 7-0.

Mr. Terrell indicated this is an authorization request to allow the UI to proceed with the construction phase of a complete renovation of the College of Education Building. Mr. Ron Smith provided additional details on the project. He pointed that asbestos abatement and remediation of the building was necessary. They have received $2.6 million in donor funds. The State Department of Public Works will oversee the asbestos abatement. Total project dollars will be $17.1 million to complete the project. Mr. Smith indicated that they have addressed relocating staff during the renovation of this project.

Mr. Freeman reminded the Board that per policy this motion approves construction, and a separate motion will be required in June in order to approve debt financing.

12. Idaho State University – Property Sale – East Terry Street, Pocatello

BOARD ACTION

M/S (Terrell/Atchley): To authorize ISU’s Vice President for Finance and Administration to negotiate with the Land Board for the sale of the Subject Property (located just off Terry Street in Pocatello, Idaho) to the Pocatello School District on behalf of the State Board of Education in its capacity as the Board of Trustees for the University that they can sell the property at the price of $135,500. The motion carried 7-0.

Mr. Terrell questioned whether to reference the appraisal price of $135,500, and requested to modify the motion. Ms. Marcus indicated in consultation with Land Board staff, ISU counsel has determined that the Subject Property does not constitute “surplus real property” as that term is used in Code, and therefore the Board has its own authority to dispose of the Subject Property.

OTHER BUSINESS

Election of officers:

Mr. Westerberg recognized the Board’s current president, Don Soltman, and the outstanding job he has done over the past year.

BOARD ACTION

M/S (Westerberg/Terrell): To appoint Emma Atchley as the new president of the Board, Rod Lewis Vice President, Don Soltman as Secretary; and that the nominations cease. The motion carried 7-0.

There being no further business, a motion to adjourn was entertained.

M/S (Luna/Terrell): To adjourn the meeting at 1:00 p.m. The motion carried 7-0.
A special Board meeting of the State Board of Education was held May 14-15, 2014. It originated from the Skyline Room of the Stueckle Sky Center at Boise State University, in Boise Idaho. Board President Emma Atchley presided and called the meeting to order at 8:00 a.m. A roll call of members was taken.

Present:
Emma Atchley, President
Richard Westerberg
Rod Lewis, Vice President
Bill Goesling
Don Soltman, Secretary
Milford Terrell
Tom Luna

AGENDA APPROVAL

M/S (Lewis/Terrell): To amend the agenda to add two additional items, IRSA TAB 1, to consider approval of a new academic program at the College of Southern Idaho and PPGA TAB 2, Data Transfer Approval. The IRSA item was not included in the original posted agenda because an administrative oversight at the college was not brought to the attention of Board staff until the deadline for posting the agenda had past, the item requires immediate Board consideration. The PPGA item was not included in the original posted agenda because Board staff was only made aware of the time sensitive data request by the United States Department of Education, Office of Inspector General after the deadline for posting the agenda for the public meeting. Section 33-133, Idaho code requires the Board approve the sharing of these data prior to the data transfer. The motion carried unanimously.

EXECUTIVE SESSION (Closed to the Public)

M/S (Lewis/Terrell): To meet in executive session to evaluate the presidents of Idaho’s state higher education institutions and its executive director, pursuant to Idaho Code Section 67-2345(1)(b). A roll call vote was taken and the motion carried unanimously. Board members entered into Executive Session at 8:10 a.m.

M/S (Terrell/Westerberg): To go out of executive session at 12:31 p.m. The motion carried unanimously.

BOARD RETREAT (Open Meeting)

1. Making Processes Work
The Board convened for regular business at 1:00 p.m. on Wednesday, May 14, 2014 for discussion of higher education process issues, including discussion of strategies to improve effectiveness for such processes as budgeting, legislative, administrative rules, and planning and accountability. They also planned to discuss the Board evaluation summary and next steps, committee structure and operational process, and Board values and responsibilities.

Dr. Rush introduced the discussion and format for the work session and gave a brief overview of the workshop he attended with President Atchley in Washington D.C. related to Board processes.

The first item for discussion was the Master Planning Calendar. Mr. Freeman provided a slide for visual aid showing the budget development timeline. He pointed out that line item categories are developed and reviewed by the President’s Council and the Business Affairs & Human Resources (BAHR) Committee in February. In April, the Board approves the line item categories for the institutions. In June, the Board reviews and approves the agency and institution line item requests. This is also the first opportunity the Board has to see the line item requests from agencies and institutions. Mr. Freeman encouraged feedback in vetting the line items such as bringing them to the BAHR committee and the BAHR committee making recommendations to the Board. He pointed out the vast amount of detail in the line item requests and questioned the amount of time and detail the Board would want to get into. In August, the Board reviews and approves the final budget request for the next fiscal year. By September 1st (the deadline), the final budget requests are sent to the Division of Financial Management (DFM) and Legislative Services Office (LSO). Then, in January the Board and institutions present their requests during Education Week to the Joint Finance and Appropriations Committee (JFAC).

Dr. Fox from the College of Southern Idaho (CSI) asked if community college voices are represented at the Governor’s office. He asked if they would be better served working through their own boards, if they should have a unified voice, or if they should have individual requests to the state Board office. He asked how they fit into the process considering their local governance. Mr. Freeman responded that historically the community colleges are not included in the line item categories in April. The informal meeting with DFM does include the community colleges, encompassing all of higher education. Mr. Freeman responded a unified approach would be more effective in talking to JFAC.

Dr. Rush indicated that Governor Otter implemented a process to share his recommendation in confidence with the cabinet members which provides a small opportunity for feedback. He indicated that the Board Chair could visit with the Governor about specific items of concern. Mr. Lewis asked about the process the Superintendent goes through with the Governor’s office. Mr. Luna responded his office initiates the conversation with the Governor’s office, and the Superintendent tries to build his budget based on conversations with the Governor’s office, and the Superintendent tries to present his recommendations.

Ms. Atchley asked if there was a desire on the part of the Board to be more proactive with the process and discussions with the Governor’s office. Discussion among Board members concluded that they want to be more involved. Mr. Freeman asked if they want to review individual line items at a Board level, at a committee level, or other. Mr. Westerberg felt the Board lacks a rigorous review process. He felt if the Board intends to be more involved in budget setting, they need to review the process and have more thorough discussions. Mr. Lewis felt there is not a working relationship with the Governor’s office, and that the Board is not on the same page by the time the recommendations come out. He felt there is a communication breakdown between institutions, Board office, Governmental Affairs Directors (GADs), and the Governor’s office. Ms. Atchley indicated the Board is far more effective if they advocate for things as a system and requested discussion from the institution presidents.

Dr. Glandon suggested it would be advantageous to spend more time meeting together and presenting together to present a unified approach for higher education. Dr. Fernandez suggested the development of the budget and to meet and present as a group. Dr. Vailas remarked that there is a need to go to the Governor with unified vision and goals between the Board and institutions. He felt the Board and institutions should work with both the Governor’s office and the legislators to present a unified view.

Mr. Lewis asked how to come to a unified view. Dr. Goesling asked what role their lobbyists/advocates would play in moving to a unified voice. Dr. Kustra responded that there is a need to simplify the “ask”
and come up with a goal that is clearly in the interest of universities and colleges. The longer the list, the harder it will be for the Governor and legislators to figure out what higher education is trying to do. He felt they need to work toward system-wide initiatives, but there will always be a clash between those initiatives and individual institution priorities.

Dr. Vailas remarked that the GADs should combine their voices and work together more, instead of individually. He felt the goals and strategies of higher education would come across clearer to legislators and the Governor with combined articulation. Dr. Glandon also pointed out the tremendous need for consistency, discipline and commitment to have a unified voice for the best interest(s) of higher education. Mr. Luna remarked on the importance of developing relationships with individual members of the JFAC committee. Mr. Lewis felt the presidents and the Board should be working together early in the year identifying major funding issues.

Dr. Kustra remarked that a chancellor is a vehicle of authority that stands out as a model of political power in this type of conversation. Bruce Newcomb remarked that the Board should change its status as how it proceeds, not as a state agency, but as a constitutional entity, and suggested demonstrating that more with the legislature.

Dr. Rush summarized that immediate staff work should include a formal process where the BAHR chair and Board staff discuss line items in June and review the Governor’s recommendation. Mr. Lewis felt the direction should come very early in the year and include regular meetings with the presidents and governor, also to include the Board president. Mr. Freeman indicated he would work with the Board president and BAHR chair on this process and the level of involvement with the Governor, Governor’s staff, and legislators.

Mr. Stegner remarked there is room for improvement everywhere. He remarked that K-12 by sheer numbers outweighs higher education, and reminded the group that there are no statutory requirements for funding higher education. He pointed out that unfortunately when something needs to be cut, higher education usually suffers. Mr. Stegner felt the Board and staff doesn’t have a good influence or relationship with the legislature, and encouraged Board and staff be more involved with legislators in order to grow important relationships. Ms. Atchley thanked Mr. Stegner for his direct comments and that his feedback is the type of directness they are looking for. Dr. Vailas also encouraged clear communication with the voters on the importance and goals of higher education; and how it would benefit the political process.

At this time, the meeting moved on to discuss the legislative process and timeline. Ms. Whitney recapped the process and pointed out that legislative ideas can be developed at any time. In April, the initial discussion of ideas with GADs, presidents and legal counsel begins. In May, a description of the statement of purpose and fiscal impact are due to the Board office. In June, the President’s Council meets with GADs and the Policy, Planning & Governmental Affairs (PPGA) committee. At the June Board meeting, the Board discusses and approves legislative ideas and the master planning calendar. In July, there is development and drafting of legislative language. In August, the deadline is August 3rd to submit drafts to the LSO. In September, the President’s Council meets with GADs and PPGA; drafts are due to DFM. In October, the legislation is reviewed and there is an additional meeting with PPGA and the GADs. At the October Board meeting, the Board considers the legislation, and approved legislative language is submitted to DFM. In November, legislation is reviewed with GADs and legal counsel, and any changes are worked through. In December legislation is reviewed and proofs are returned to DFM. December 3rd is the final date for any changes to bills. In January the legislative session begins.

Ms. Whitney pointed out some expectations for institutions and GADs, and discussed the process the Board staff uses in non-institution related legislation. Ms. Whitney pointed out that whatever the legislature approved impacts the whole system, and it is important to keep that in mind.

Dr. Fox asked where the meeting with president’s and the Governor would fit in the timeline. Ms. Whitney indicated it could fit in a number of places depending on the item. She pointed out that the Board office is in contact with the Governor’s office throughout the entire process. Mr. Lewis requested the establishment of a monthly meeting with the Governor’s office and the presidents. Mr. Terrell asked if
after January there is any collaboration between lobbyists on the Board’s priority items. Ms. Whitney responded that is the main reason for the Friday meetings with the GADs – that the meetings are to coordinate and strategize throughout the legislative process.

Mr. Stegner suggested when meeting with the Governor’s office, that the Board advocate more strongly for money being returned to higher education that has been cut. He felt there is a strong lack of advocacy to get higher education back to where it was prior to 2009. Mr. Newcomb echoed those remarks. Mr. Luna pointed out an important factor not yet considered in this conversation which is that people (general public) do not value higher education, which is largely a cultural issue. It is not enough for Board members and staff to advocate, there needs to be a way for parents and students to advocate. He felt there needs to be a better opinion in higher education for those who would advocate for it and development of that opinion throughout Idaho. Ms. Atchley agreed with those remarks. Dr. Kustra remarked there needs to be more support from those people appointed to advocate for higher education. Mr. Kunz remarked on the support from the various associations behind higher education. Mr. Westerberg remarked on Board concurrence through the legislative process, and requested direction from staff on how it wants Board members to provide support; when and where. Ms. Whitney pointed out there would be an off session strategy throughout the summer to engage legislators.

Ms. Bent reviewed the administrative rules process and timeline. In March the Board staff starts work on identifying administrative rules that may need amendments. In April, Board staff publishes notices of intent to promulgate rules, and proposed rules start coming to the Board for consideration. In June, the Board considers the proposed rules. The August Board meeting is the final meeting for the Board to consider proposed rules, and it is the start of the 21 day public comment period for rules approved in June; the deadline for submittal is August 29th. In September, proposed rules are published in administrative bulletin and the 21 day public comment period begins for those rules approved in August. In October, the Board considers pending rules. In November there is a special Board meeting held to consider final pending rules; the deadline for submittal is November 30th. In January, administrative rules are submitted to the legislature and staff presents the rules to the legislature. Ms. Bent identified the difference between a temporary proposed rule and that they are the same as law. There were no questions for Ms. Bent about the administrative rules process.

Ms. Bent went on to discuss the strategic planning and performance reporting timeline. In September, the Board office submits agency and institution performance measure reports for previous years to DFM and the legislature. In October, the Board committee and staff review statewide K-20 strategic plans. Institutions and agencies present performance reports for the previous year to Board and conduct review of statewide performance measures. In November, Board staff work to make amendments to Board strategic plan; this is over a five year process. In December, the Board approves the statewide K-20 strategic plan. The Board gives direction to institutions and agencies regarding their strategic plan. In March, institutions and agencies submit their strategic plans to Board office for review. In April, the Board considers institution and agency strategic plans and provides guidance if changes are needed. In May, institutions and agencies resubmit strategic plans as needed for final June approval by the Board. In June, the Board gives final approval of the institution and agency strategic plans. Approval includes approval of performance measures reported following October. In July, Board, agency, and institution strategic plans are submitted to DFM.

Ms. Bent identified how the pieces of the K-20 strategic plan puzzle fit together. She discussed how CCI, STEM, Research, Institution Agencies, and Special Health programs all fit together. There was discussion about the required contents of the strategic plans, and Ms. Bent reminded the institutions that it can be frustrating when required detail is omitted, because there are very specific requirements and definitions to the strategic plans in statute, and it is also Board policy. Furthermore, if Ms. Bent happens to miss something that was required in content, the Division of Financial Management always catches it, which can be troublesome.

Dr. Rush expressed his understanding of how much work updating a strategic plan is for institutions. He added that that related to the planning process, however, there needs to be more input and work with the Board on when the institution has major updates and rewrites that take place. Ms. Atchley indicated that the Board’s planning might need to be advanced a year, meaning that the Board would work under the
old plan for a year while the new plan is being developed and put out to the institutions so that they have more time to respond to it.

Dr. Fox pointed out relative to accreditation and the cycle of core theme development, the major revisions of strategic planning relative to the institutional processes occur when the institutions develop that first year every seven years. He suggested that might be a good time to run the parallel process relative to the Board’s five-year plan. Dr. Rush acknowledged and indicated it would be explored it in greater detail in the President’s Council meetings. Dr. Goesling suggested a joint meeting with the Community College Boards.

Summarizing from the earlier discussion on budgeting processes, Mr. Freeman indicated that he would be working with the BAHR chair, the Board President, and Dr. Rush on what the process will be to review budget line items. Ms. Whitney summarized from the legislative process discussion, there is still a question as to how the Board wants to be engaged, either specifically or in general, in legislative advocacy, and that it would be important (and beneficial) to have a plan for the next session. Ms. Whitney added that she would appreciate thoughts and guidance with respect to individual Board member interactions with legislators. Mr. Lewis remarked on the importance of the Board members communicating uniformly and that there should be coordinated communication among the Board members and the Board office, emphasizing disjointed communication would be harmful.

At this time, the meeting moved on to the Board self evaluation summary and next steps. Ms. Bent indicated overall the evaluation this year indicated there has been no decrease in the measures asked of the Board, and that comments were positive overall. Ms. Bent reviewed the questions on the evaluation and summarized the comments. One recommendation was to have more communication between Board members and committee chairs. Additional recommendations include that the committee chairs should consider having regular meetings, perhaps quarterly; that there is a need for more information on the accreditation process; that presentations to the Board be more data driven and use more information sources (i.e., that the institutions often showcase positive things and stay away from reporting on negative things, despite the importance of covering both).

The Board felt they were better informed in the area of significant policy and budget implications. There was a request for more information on short and long term consequences of decisions the Board makes, as well as having stronger staff recommendations instead of staff neutrality. There was an additional recommendation that the committee chairs meet and discuss how what one committee is working on may affect another committee. There was discussion regarding the agenda material preparation and delivery for Board members and a recommendation that Board members be given more time to review the materials. Ms. Bent reviewed the timeline for agencies and institutions to provide their materials to the Board, and also the timing for when Board materials are distributed to members.

Mr. Lewis requested recommendations on the ability for Board members to communicate more informally, but within the confines of legal restrictions. He expressed that the limitations on Board member communication has directly affected the amount of work the Board is able to get done. Mr. Lewis requested an approach from a legal standpoint on how the Board can do more within the confines of what they can’t do, i.e., more informal communication in a less formal setting. The question is how the Board can work with the Open Meeting Law to facilitate discussions where decisions are not being made. Ms. Atchley indicated communication through Executive Committee is one possible avenue. Mr. Westerberg pointed out being careful with that approach as to not disenfranchise the other members of the Board. Ms. Bent indicated staff and legal counsel would discuss it in more detail and explore recommendations.

One other recommendation was for deeper communication with institution presidents about issues outside of Board meetings, but not necessarily related to Board member and president geographic location. Mr. Westerberg pointed out that as Board members they must not have their individual priorities pushed on institution presidents.

Ms. Atchley remarked that the self evaluation process is required for accreditation, and that it may be useful to have anonymous institution president feedback in the form of a survey or questionnaire. Dr. Goesling pointed out an AGB article on what president’s think of their boards may contain useful
information. Ms. Atchley encouraged communication from the presidents with the Board members.

At this time, the meeting moved to review the standing committees of the Board. Ms. Atchley opened the floor for comment on the Board’s committee structure. Dr. Fox complemented the Institutional Research & Student Affairs (IRSA) committee and its work and collaboration. Dr. Goesling recommended making the Indian Ed and the Athletics Committees standing committees of the Board, and making a Board member a chair of those committees. Ms. Atchley responded that one of the problems with doing that is, it opens the door to a number of other groups that could request a committee, and the Board does not have the staff or resources to accommodate more committees. Ms. Atchley indicated the Board would consider that request and discuss in more detail with staff. Ms. Atchley indicated that the Athletics Committee is somewhat a subcommittee of BAHR, and pointed out again the need to be careful in extending the number of committees of the Board because of the amount of work and staff work required where they are already spread thin. Mr. Terrell pointed out how each of the committees works together as two sets of eyes for the Board (i.e., BAHR and Athletics). Ms. Atchley asked if BAHR felt it should make Athletics its own standing committee. Mr. Terrell expressed Athletics should stay as its own committee and report its findings to BAHR. Dr. Goesling encouraged the Board to consider his recommendation. Mr. Lewis also felt Athletics should remain as a subcommittee to BAHR. Ms. Atchley responded that making a decision about the committees today would not be possible at this venue.

Dr. Goesling asked that the Governor’s Task Force on Veterans Affairs be added to the committee list. Mr. Terrell recommended a staff review of the committee referenced by Dr. Goesling and make a recommendation. Dr. Rush indicated staff work would be done and a report would be provided at the June Board meeting.

Ms. Atchley introduced the next item which was Board values and responsibilities. She referenced a handout that was provided to Board members with recommended responsibilities of individual Board members. Mr. Lewis recommended providing a copy of the list to institution presidents for their feedback. Mr. Lewis cautioned about Board members being over-active with presidents, and that it puts tremendous pressure and burden on them, and it can be disruptive to the work of the institution president. Mr. Lewis reminded the Board members of the importance of being loyal to the entire system of higher education which includes every institution and agency, and K-12 system. Ms. Atchley reiterated the importance for Board members to speak their mind at Board meetings, but once the Board makes a decision as a whole, the decision should be supported by all Board members.

Mr. Lewis pointed toward the item of helping to enhance the public image of the higher education system and of each of the institutions and agencies and the Board, and recommended adopting a statement. Dr. Rush suggested the Board members and presidents offer edits to the staff and that staff prepare a statement to the Board at the June meeting. Board members agreed.

**BOARDWORK**

**POLICY, PLANNING & GOVERNMENTAL AFFAIRS (PPGA)**

1. University of Idaho – Temporary proposed rule 08.05.01, Rules Governing Seed and Plant Certification.

*M/S (Soltman/Terrell): To approve the temporary and proposed rule, IDAPA 08.05.01, Rules Governing Seed and Plant Certification as presented in attachment 1.* The motion carried unanimously. Ms. Atchley abstained from voting. The motion carried 6-1.

Ms. Bent introduced the item which is a temporary and proposed rule forwarded by the University of Idaho. The motion incorporates by reference into the rule the standards that were previously set by the Idaho Crop Improvement Association (ICIA). Once approved by the Board, the rule would go into effect and the pending rule would return to the Board for approval at the end of the 21-day comment period. Ms. Atchley pointed out that she is a member of the ICIA and would not be voting on the motion today.

2. Data Transfer Approval
M/S (Soltman/Westerberg): To authorize the sharing of confidential data for compliance with federal education program audits when the State has previously agreed to consent to the audits as a condition of participation in the federal program. The motion carried unanimously.

INSTRUCTION, RESEARCH AND STUDENT AFFAIRS

1. College of Southern Idaho – Food Processing Tech Program

BOARD ACTION

M/S (Westerberg/Goesling): To approve the request by the College of Southern Idaho to offer a new Intermediate Technical Certificate in Food Processing Technology. The motion carried unanimously.

Dr. Fox from CSI provided some details on the program and pointed out they had received a $4.5 million grant and additional funding and resources for the center which has received broad support.

M/S (Terrell/Westerberg): To adjourn the meeting at 4:44 p.m. The motion carried unanimously.
A special meeting of the State Board of Education was held June 2, 2014 via teleconference. It originated from the Board office’s large conference room in Boise Idaho. Board President Emma Atchley presided and called the meeting to order at 4:00 p.m. MST. A roll call of members was taken.

Present:
Emma Atchley, President
Richard Westerberg
Rod Lewis, Vice President
Superintendent Tom Luna
Don Soltman, Secretary

Absent:
Bill Goesling
Milford Terrell

BUSINESS AFFAIRS & HUMAN RESOURCES (BAHR)

Mr. Lewis introduced the item indicating the Board completed performance evaluations in May and will be considering president contract amendments at the June meeting. He pointed out that Dr. Rush also conducted evaluations for the agency directors in May.

1. Chief Executive Officers Compensation

M/S (Lewis/Westerberg): To approve an annual salary for Dr. Robert Kustra, President of Boise State University, in the amount of $371,104, effective June 8, 2014. The motion carried unanimously.

M/S (Lewis/Westerberg): To approve an annual salary for Dr. Art Vailas, President of Idaho State University, in the amount of $357,029, effective June 8, 2014. The motion carried unanimously.

M/S (Lewis/Westerberg): To approve an annual salary for Dr. Tony Fernandez, President of Lewis-Clark State College, in the amount of $176,011, effective June 8, 2014. The motion carried unanimously.

Mr. Soltman indicated there would be a market adjustment at a later point in time. Mr. Lewis
confirmed that comment and indicated the BAHR committee would review information.

**M/S (Lewis/Soltman):** To approve an hourly rate of $62.47/hr ($129,928.12) for Dr. Mike Rush as Executive Director of the Idaho State Board of Education, effective June 8, 2014. The motion carried unanimously.

Mr. Freeman reminded the Board of the process for salary adjustments for the Executive Director. Mr. Lewis remarked that it may be helpful to remind the Governor’s office and Division of Financial Management that the Board is a constitutional body.

**M/S (Lewis/Soltman):** To approve an 0.50% increase in annual salary for Ron Pisaneschi as General Manager of Idaho Public Television for FY 2015m at an hourly rate of $48.24 (annual salary of $100,339.20) effective June 8, 2014, and a one-time FY 2015 bonus in the amount of $500. The motion carried unanimously.

Dr. Rush reviewed the agency head evaluation and salary adjustment process for the Board.

**M/S (Lewis/Westerberg):** To approve a one-time bonus for Vera McCrink as Interim Administrator of the Division of Professional-Technical Education in the amount of $2,000 for FY 2014, and $400 for FY 2015. The motion carried unanimously.

Dr. Rush informed the Board that the bonus amount for the agency Chief Executive Officers was based on the agency compensation plan that had been approved by the Governor’s Office.

**M/S (Lewis/Soltman):** To approve a one-time bonus for Jane Donnellan as Interim Administrator of the Division of Vocational Rehabilitation in the amount of $2,000 for FY 2014, and $885.25 for FY 2015. The motion carried unanimously.

**Other Business:**

There being no further business, a motion to adjourn was entertained.

**M/S (Westerberg/Luna):** To adjourn the meeting at 4:26 p.m. The motion carried unanimously.

BOISE STATE UNIVERSITY

SUBJECT
Revision to law enforcement contract with Boise City Police Department

REFERENCE
October 2004 Idaho State Board of Education approved contract with Boise City Police Department to provide law enforcement services

June 2008 Board approved renewal of contract with Boise City Police Department

June 2012 Board approved renewal of contract with Boise City Police Department through September 2016

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Sections V.I.1.a and V.I.3.a
Section 67-2332, Idaho Code
Section 67-5715 through 57-5718, Idaho Code

BACKGROUND/DISCUSSION
For the past ten years, Boise State University (BSU) has contracted with the Boise City Police Department (BPD) to provide law enforcement services on campus. In June 2012 the Board approved a one year agreement with three additional annual renewal options. The current year’s renewal expires September 30, 2014

In June 2013, BPD informed the University that under the current contract, the actual cost for law enforcement services exceeded the contracted rate by $400,000 per year. The Boise City Council directed BPD to achieve full cost recovery on all contracted services, including the contract with the University. This resulted in a change in service level that is not favorable to the University's security operations.

The University entered into good-faith negotiations with the BPD in an effort to both resolve the financial issue and contract for new and increased services from BPD. As a result, the University agreed to pay an additional $175,000 during the current fiscal year and to add that amount through 2016. The University will also pay an additional $450 per month for dispatch overtime and parking permit costs. In return BPD will provide the University with a part-time investigator and take reasonable steps to backfill overtime shifts with University security officers.
Due to the unique nature of law enforcement services, it is important for the University to build a mutually beneficial relationship with its service provider. Therefore, provided that the contract costs remain competitive and the service exceptional, the University would like to continue its arrangement with BPD in lieu of seeking a new service provider and accept the annual cost increases as noted.

IMPACT
Pursuant to the negotiations, annual cost increases to the current contract total $425,000 ($175,000 per year) with the revised total annual contract costs as follows:

ATTACHMENTS
Attachment 1 – Proposed Revised Contract  Page 3
Attachment 2 – Redline of Revised Contract to Current  Page13

STAFF COMMENTS AND RECOMMENDATIONS
In June of 2012 the Board approved a contract with a one year term beginning October 1, 2012 through September 30, 2013. The contract included an option to renew for three additional one-year periods for a maximum period of four years. BSU exercised the first option to renew, but BPD determined that costs exceeded the contract amount and the parties have mutually agreed to revise contract prices and services mid-year. BSU and BPD negotiated for several months which it is why the contract is just now coming to the Board for approval. If approved, the increase will be retroactive to October 1, 2013.

Staff recommends approval.

BOARD ACTION
I move to authorize Boise State University to enter into a revised law enforcement and security services annual contract with the Boise City Police Department with a retroactive effective date of October 1, 2013, in substantial conformance with the contract as presented in Attachment 1, and to authorize the vice president for finance and administration to execute the contract.

AGREEMENT NO __________

UNIVERSITY LAW ENFORCEMENT SERVICES AGREEMENT

This Agreement is entered into between the City of Boise (“City”), a political subdivision of the State of Idaho, and Boise State University (“University”), a state educational institution, on the date written below.

RECITALS

WHEREAS, City and the Boise Police Department (“BPD”) wishes to provide supplemental law enforcement services at University; and

WHEREAS, University desires supplemental law enforcement services from BPD; and

WHEREAS, the parties to this Agreement wish to state more fully their rights and responsibilities regarding such supplemental law enforcement services;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties agree as follows:

1. Basic Services. BPD will provide supplemental law enforcement services upon the campus of University, and will perform the customary and usual duties of a law enforcement agency upon said campus, including but not limited to: the investigation and enforcement of state criminal and traffic laws, filing investigative and other required reports or documents, patrolling and maintaining building security, traffic control and enforcement (but not parking control), accident investigation and assistance to other law enforcement agencies as appropriate.

BPD will also provide officers in uniform at an extra rate of $50 per hour for University events and $60 for non-University events occurring at on-campus venues in fiscal year 2014 (October 1, 2013, through September 30, 2014). This extra rate will be charged for uniformed police security at special events as specifically requested by University. The rate will increase as follows: for fiscal year 2015: $55 and $63 per hour respectively; for fiscal year 2016: $60 and $66 per hour respectively.
2. **Performance of Duties.** BPD reserves the right to determine the deployment method for officers performing duties under this Agreement, and the manner in which the services contemplated by this Agreement shall be provided. It is understood however, that University desires both the interior and exterior areas of the University campus will be patrolled by foot, bicycle, and/or car.

   BPD encourages an open dialogue with University and the exchange of certain information in areas regarding scheduling needs, public safety concerns, and matters of mutual interest; provided however, that no special relationship or duty is created or contemplated by this reference. In emergency situations or when there is an ongoing threat to the campus community or a member of the campus community, University and BPD will maintain an appropriate flow of information to facilitate a resolution.

   University designates the Executive Director of Campus Security and Police Services as its chief liaison for the purposes of such communication. The Executive Director of Campus Security and Police Services will be consulted regarding Boise Police Operating Procedures (SOPs) that mutually affect BPD and University.

4. **Access to Information.** All written requests from the University Executive Director of Campus Security and Police Services for information on BPD investigations arising from incidents occurring on University property and/or involving University students or employees will be subject to review under the Idaho Open Records Act, Title 9, Chapter 3, Idaho Code. In some instances, BPD will release otherwise protected information to University that would not be released to the general public in order to ensure University will be in compliance with both Clery Act and Title IX federal requirements. Any release of a BPD record for compliance with federal laws will remain solely BPD’s record for any other purpose, including the Idaho Public Records Act. The BPD officers assigned to University are designated as “school officials” with a “legitimate educational interest.” By allowing BPD officers to have appropriate access to a student’s education records, BPD and University can work cooperatively to detect warning signs
and determine whether a particular student poses a risk to him/herself and/or the campus community. To allow this communication to occur, both BPD and University must comply with the confidentiality requirements of the Family Educational Rights and Privacy Act (a.k.a. FERPA).

5. **Clery Act Requirements.** Pursuant to the Clery Act, each BPD officer is considered a “Campus Security Authority,” meaning each has a responsibility for campus security and has a duty to follow Clery Act requirements, including but not limited to: maintaining the daily log, providing appropriate information for timely warnings or emergency notifications, completing the appropriate Clery Act paperwork when crimes are reported to them, and complete Clery Act training provided by University. BPD is the primary law enforcement agency to which University would refer crimes to be investigated and reported. As such, BPD will be required to provide annual Clery Act statistics for the Annual Security Report. BPD will have the primary responsibility to ensure the accuracy of the crime log, as well as ensuring it is available per Clery Act requirements. Clery Act training and education for those that work on University campus will be determined by the University Clery Compliance Officer, in conjunction with the BPD Lieutenant.

6. **Title IX Requirements.** BPD will ensure that personnel who are regularly assigned to work on University campus are aware of their responsibilities under Title IX of the Education Amendments of 1972, the Violence Against Women Reauthorization Act of 2013, and the Campus SaVE Act of 2013, and ensure compliance under these federal acts. To assist in ensuring compliance with Title IX, BPD shall provide University police records of incidents that fall under the purview of Title IX involving students both on and off campus, when requested by University. The reports shall be delivered under a confidential seal, as these reports are to be used for Title IX requirements only and are not to be released to the general public or other departments within University, without approval from BPD in order to ensure that criminal cases may be appropriately investigated and prosecuted.

7. **P.O.S.T. Training and Personnel.** BPD will use P.O.S.T. certified officers in meeting its obligation under this Agreement. Six (6) officers will be assigned to University in addition to one (1) lieutenant and four and two-tenths (4.2) Police Records Specialists. BPD agrees to consult with University in the scheduling of personnel. Appropriate University Security
Department management will be consulted in the selection process of any BPD officer or dispatcher being considered for assignment at University. Apart from consultation, BPD retains its discretion to make officer assignments to University.

When a regularly-assigned University officer’s absence creates a staffing need, BPD reserves the right to assign officers from different units to the University campus in lieu of paying overtime. However, BPD may give preferred assignment of overtime positions to regularly-assigned University officers to ensure consistency of the operational philosophy of BPD and University. All non-University officers with a temporary work assignment at University will be required to complete briefing training related to University BPD Unit operating procedures. Those persons providing law enforcement services under the terms of this Agreement will wear the BPD uniform at all times when performing their duties hereunder, unless otherwise directed by BPD.

8. **BPD Commanding Officer (Lieutenant).** Taking into consideration the operational needs of BPD, the Lieutenant assigned to the University Unit will be considered for a rotational position every four years. Absent budgetary constraints, a newly assigned Lieutenant will be trained and transitioned into the University assignment by the exiting Lieutenant for a period no less than four weeks. The Lieutenant assigned to manage the University Unit will participate as a member of University’s Campus Assessment, Resource and Education (a.k.a. CARE) Team. As a member of the CARE Team, and within BPD budgetary constraints, the Lieutenant will attend appropriate training sessions and conferences to maintain a competency in the threat assessment process.

9. **Law Enforcement Services Hours.** BPD will provide the law enforcement services as specified herein on a twenty-four (24) hour-a-day, seven (7) day-a-week basis.

10. **Police Records Specialist Hours and Training.** BPD will provide Police Records Specialist personnel at the BPD Campus Substation as specified herein on a twenty-four (24) hour-a-day, seven (7) day-a-week basis. For purposes of this Agreement, Police Records Specialists are not considered “sworn law enforcement personnel.
Individual shift scheduling of Police Records Specialists shall be at the discretion of BPD; provided, however, that the BPD Substation office hours shall be on a twenty-four (24) hour-a-day, seven (7) day-a-week basis.

Training for Police Records Specialists will be determined by the BPD Lieutenant, in consultation with the University Executive Director of Campus Security and Police Services. The Executive Director of Campus Security and Police Services will assign a liaison to the BPD Lieutenant and Police Records Specialists to ensure the needs of the University campus are met.

11. **University Policies.** University may from time to time adopt policies affecting the conduct of persons present on campus. To the extent that violation of University policies constitutes a violation of applicable law, including a breach of the peace, or a threat to public health or safety, BPD will take the appropriate law enforcement actions as BPD determines in its sole discretion to be proper under the circumstances. To the extent that violation of those policies does not constitute a violation of applicable law, BPD is not required to take any law enforcement action and may leave the enforcement of policies to University.

12. **Price.** University, in consideration of the services provided under the terms of this Agreement, will pay the total sum of $1,111,303.00 to City, to be paid in monthly installments commencing November 1, 2013 (FY 14).

If the parties agree to extend this Agreement pursuant to Section 16, the prices shall be as follows: for the second year (FY 15): $1,139,392.00; and for the third year (FY 16): $1,168,324.00, paid in 12 monthly installments.

For the duration of this Agreement, University will also pay an additional $450 per month for dispatch overtime and parking permit costs.

13. **Equipment.** University shall provide office space, furniture, and equipment, including but not limited to: telephones, computers/monitors/printer for the BPD dispatch center, and a radio communication system deemed sufficient by BPD for the purposes of this Agreement.

As part of the Agreement price, BPD agrees to provide computers and printer equipment for BPD law enforcement purposes. BPD also agrees to provide two (2) suitable patrol cars equipped with appropriate law enforcement equipment, such as lights, sirens, approved weapons,
and radio, and one (1) unmarked patrol vehicle, as well as any law enforcement equipment approved to be carried by the officers.

The cost of those three (3) vehicles is incorporated into this Agreement. There will be no additional charges through the year 2016 for those vehicles. All equipment purchased through the BPD budget will be serviced by and is considered the property of BPD.

University will provide four (4) reserved parking stalls for BPD vehicles and substation employees. Curb parking for marked police vehicles will be located in front of the substation. Properly identified police vehicles may park anywhere on campus within legal zones and restrictions. Additional parking for BPD personnel will be managed consistent with University Parking and Transportation Department policy and practice.

14. Employment. BPD personnel acting pursuant to this Agreement are not the employees of University, but remain the employees of City.

15. Hold Harmless. City and BPD shall defend, indemnify, and hold University, its officers, agents, and employees harmless for injuries to persons or property resulting from the negligent or tortious acts or omissions of City, its officers, agents or employees in performing the duties described in this agreement. Such indemnification and defense shall be limited to only those claims, and only to the extent that, City itself could be liable under state and federal statutes, regulations, common law, and other law. City’s indemnification and defense of University herein is further limited by all defenses, burdens of proof, immunities, and limitations on damages to which City would be entitled if the claims were asserted against City.

University shall defend, indemnify, and hold City, its officers, agents, and employees harmless for injuries to persons or property resulting from the negligent or tortious acts or omissions of University, its officers, agents or employees in performing the duties described in this agreement. Such indemnification and defense shall be limited to only those claims, and only to the extent that, University itself could be liable under state and federal statutes, regulations, common law, and other law. University’s indemnification and defense of City and BPD herein is further limited by all defenses, burdens of proof, immunities, and limitations on damages to which University would be entitled if the claims were asserted against University.
City will, at its sole cost and expense, procure and maintain throughout the term of this Agreement the following:

a. Commercial general liability insurance with limits not less than $500,000.00 as is required by the Idaho Tort Claims Act with combined property damage and bodily injury liability, including blanket contractual and personal injury liability;

b. Automobile liability, including property damage and bodily injury with combined limits of not less than $500,000.00; and

c. Worker’s compensation insurance in amounts as required by statute, regardless of the number of employees, or lack thereof, to be engaged in the completion of this Agreement.

16. **Term.** The term of this agreement shall be one year commencing on October 1, 2013, and ending on September 30, 2014. The agreement may be renewed by the written agreement of the parties for no more than two additional one year terms.

17. **Entire Agreement.** This Agreement constitutes the entire agreement of the parties, and supersedes all prior agreements, oral or written, between the parties, on the subject matter hereof.

18. **Cancellation.** Either party may cancel this Agreement for nonperformance or poor performance on ninety (90) days written notice. Any cancellation of this Agreement based on an allegation of poor performance must be in good faith and amounts due under this Agreement shall be calculated through the actual date of termination of this Agreement rather than the date of notice of termination.

19. **Notice.** Notices required or contemplated under this Agreement shall be in writing and mailed or hand-delivered to the respective parties at the following addresses, or such other addresses as the parties hereto may, by notice, designate in writing to each other.

BOISE STATE UNIVERSITY
Stacy Pearson

BOISE POLICE DEPARTMENT
Chief Michael Masterson
20. **No Waiver of Future Breach.** The failure of a party hereto to insist upon strict performance or observation of this Agreement shall not be a waiver of any breach or of any terms or conditions of this Agreement by any other party.

21. **Severability.** In the event any provision or section of this Agreement conflicts with applicable law, or is otherwise held to be unenforceable, the remaining provisions shall nevertheless be enforceable and carried into effect.

22. **Attorney Fees.** In the event of any litigation arising under or as a result of this Agreement or arising from all of the acts to be performed hereunder or the alleged breach of this Agreement, the prevailing party shall recover its costs and reasonable attorney fees.

23. **Governing Law.** This Agreement shall be governed and interpreted pursuant to the laws of the State of Idaho.

24. **Amendment.** No amendment, alteration, or modification of this Agreement shall be effective unless made in writing and duly executed by the parties hereto.

25. **Counterparts.** The parties will execute five (5) counterparts of this Agreement and each such counterpart shall be deemed an “original” for all purposes.
DATED this ____ day of ______________, 2014.

AGREEMENT NO __________

UNIVERSITY LAW ENFORCEMENT SERVICES AGREEMENT

This Agreement is entered into between the City of Boise ("City"), a political subdivision of the State of Idaho, and Boise State University ("University"), a state educational institution, on the date written below.

RECITALS

WHEREAS, City and the Boise Police Department ("BPD") wishes to provide supplemental law enforcement services at University; and

WHEREAS, University desires supplemental law enforcement services from BPD; and

WHEREAS, the parties to this Agreement wish to state more fully their rights and responsibilities regarding such supplemental law enforcement services;

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the parties agree as follows:

1. Basic Services. BPD will provide supplemental law enforcement services upon the campus of University, and will perform the customary and usual duties of a law enforcement agency upon said campus, including but not limited to: the investigation and where possible, prevention of crimes against persons and property, identification and attest of violators enforcement of state criminal and traffic laws, filing investigative and other required reports or documents, patrolling and maintaining building security, traffic control and enforcement (but not parking control), accident investigation and assistance to other law enforcement agencies as appropriate.

BPD will also provide officers in uniform at an extra rate of $3750 per hour for University events and $60 for non-University events occurring at on-campus venues in contract fiscal year 2012/2014 (October 1, 2013, through September 30, 2014). This extra rate will be charged for uniformed police security at special events as specifically requested by University. The rate will increase as follows: 2013/2014: $40, for fiscal year 2015: $55 and
$63 per hour; 2014/2015 – $43 respectively; for fiscal year 2016: $60 and $66 per hour; and respectively, 2015/2016 – $46 per hour.

2. Performance of Duties. BPD reserves the right to determine the deployment method for officers performing duties under this Agreement, and the manner in which the services contemplated by this Agreement shall be provided. It is understood however, that University desires both the interior and exterior areas of the University campus will be patrolled by foot, bicycle, and/or car.

   BPD encourages an open dialogue with University and the exchange of certain information in areas regarding scheduling needs, public safety concerns, and matters of mutual interest; provided however, that no special relationship or duty is created or contemplated by this reference. In emergency situations or when there is an ongoing threat to the campus community or a member of the campus community, University and BPD will maintain an appropriate flow of information to facilitate a resolution.

   University designates the Executive Director of Campus Security and Police Services as its chief liaison for the purposes of such communication. The Executive Director of Campus Security and Police Services will be consulted regarding Boise Police Operating Procedures (SOPs) that mutually affect BPD and University.

4. Access to Information. All written requests from the University Executive Director of Campus Security and Police Services for information on BPD investigations arising from incidents occurring on University property and/or involving University students or employees will be subject to disclosure under the Idaho Open Records Act as set out by Idaho Code §9-335, et seq., review under the Idaho Open Records Act, Title 9, Chapter 3, Idaho Code. In some instances, BPD will release otherwise protected information to University that would not be released to the general public in order to ensure University will be in compliance with both Clery Act and Title IX federal requirements. Any release of a BPD record for compliance with federal laws will remain solely BPD’s record for any other purpose, including the Idaho Public Records
Act. The BPD officers assigned to University are designated as “school officials” with a “legitimate educational interest.” By allowing BPD officers to have appropriate access to a student’s education records, BPD and University can work cooperatively to detect warning signs and determine whether a particular student poses a risk to him/herself and/or the campus community. To allow this communication to occur, both BPD and University must comply with the confidentiality requirements of the Family Educational Rights and Privacy Act (a.k.a. FERPA).

5. Clery Act Requirements. Pursuant to the Clery Act, each BPD officer is considered a “Campus Security Authority,” meaning each has a responsibility for campus security and has a duty to follow Clery Act requirements, including but not limited to: maintaining the daily log, providing appropriate information for timely warnings or emergency notifications, completing the appropriate Clery Act paperwork when crimes are reported to them, and complete Clery Act training provided by University. BPD is the primary law enforcement agency which University would refer crimes to be investigated and reported. As such, BPD will be required to provide annual Clery Act statistics for the Annual Security Report. BPD will have the primary responsibility to ensure the accuracy of the crime log, as well as ensuring it is available per Clery Act requirements. Clery Act training and education for those that work on University campus will be determined by the University Clery Compliance Officer, in conjunction with the BPD Lieutenant.

6. Title IX Requirements. BPD will ensure that personnel who are regularly assigned to work on University campus are aware of their responsibilities under Title IX of the Education Amendments of 1972, the Violence Against Women Reauthorization Act of 2013, and the Campus SaVE Act of 2013, and ensure compliance under these federal acts. To assist in ensuring compliance with Title IX, BPD shall provide appropriate and timely information for the Daily Crime Log. University police records of incidents that fall under the purview of Title IX involving students both on and off campus, when requested by University. The reports shall be delivered under a confidential seal, as these reports are to be used for Title IX requirements only and are not to be released to the general public or other departments within University, without approval from BPD in order to ensure that criminal cases may be appropriately investigated and prosecuted.
7. **P.O.S.T. Training and Personnel.** BPD will use P.O.S.T. certified officers in meeting its obligation under this Agreement. Six (6) officers will be assigned to University in addition to one (1) lieutenant and four and two-tenths (4.2) Police Records Specialists. BPD agrees to consult with University in the scheduling of personnel, shall be by agreement of the parties hereto, and is subject to change due to circumstances. Appropriate University Security Department management will be consulted in the selection process of any BPD officer or dispatcher being considered for assignment at University. Apart from consultation, BPD retains its discretion to make officer assignments to University.

When a regularly-assigned University officer’s absence creates a staffing need, BPD reserves the right to assign officers from different units to the University campus in lieu of paying overtime. However, BPD may give preferred assignment of overtime positions to regularly-assigned University officers to ensure consistency of the operational philosophy of BPD and University. All non-University officers with a temporary work assignment at University will be required to complete briefing training related to University BPD Unit operating procedures. Those persons providing law enforcement services under the terms of this Agreement will wear the BPD uniform at all times when performing their duties hereunder, unless otherwise directed by BPD.

8. **BPD Commanding Officer (Lieutenant).** Taking into consideration the operational needs of BPD (business needs may dictate a shorter or longer term), the Lieutenant assigned to the University Unit will be considered for a rotational position every four years. Absent budgetary constraints, a newly assigned Lieutenant will be trained and transitioned into the University assignment by the exiting Lieutenant for a period no less than four weeks. The Lieutenant assigned to manage the University Unit will participate as a member of University’s Campus Assessment, Resource and Education (a.k.a. CARE) Team. As a member of the CARE Team, and within BPD budgetary constraints, the Lieutenant will attend appropriate training sessions and conferences to maintain a competency in the threat assessment process.

8. **Uniforms and Assignments.** Those persons providing law enforcement services under the terms of this Agreement will wear the BPD uniform at all times when performing their duties hereunder, unless otherwise directed by BPD. BPD will maintain complete discretion to make officer assignments for University.
9. **Law Enforcement Services Hours.** BPD will provide the law enforcement services as specified herein on a twenty-four (24) hour-a-day, seven (7) day-a-week basis.

10. **Police Records Specialist Hours and Training.** BPD will provide Police Records Specialist personnel at the BPD Campus Substation as specified herein on a twenty-four (24) hour-a-day, seven (7) day-a-week basis. For purposes of this Agreement, Police Records Specialists are not considered “sworn law enforcement personnel.

   Individual shift scheduling of Police Records Specialists shall be at the discretion of BPD; provided, however, that the BPD Substation office hours shall be on a twenty-four (24) hour-a-day, seven (7) day-a-week basis.

   Training for Police Records Specialists will be determined by the BPD Lieutenant, in consultation with the University Executive Director of Campus Security and Police Services. The Executive Director of Campus Security and Police Services will assign a liaison to the BPD Lieutenant and Police Records Specialists to ensure the needs of the University campus are met.

11. **University Policies.** University may from time to time adopt policies affecting the conduct of persons present on campus. To the extent that violation of University policies constitutes a violation of applicable law, including a breach of the peace, or a threat to public health or safety, BPD will take the appropriate law enforcement actions as BPD determines in its sole discretion to be proper under the circumstances. To the extent that violation of those policies does not constitute a violation of applicable law, BPD is not required to take any law enforcement action and may leave the enforcement of policies to University.

12. **Price.** University, in consideration of the services provided under the terms of this Agreement, will pay the total sum of Nine Hundred Nine Thousand and Thirty Two dollars ($909,032) to City, to be paid in eleven (11) equal monthly installments consisting of Seventy Five Thousand Seven Hundred and Fifty Two Dollars ($75,752) and a twelfth installment consisting of Seventy Five Thousand Seven Hundred and Sixty Dollars ($75,760) commencing November 1, 2012, 2013 (FY 14).
If the parties agree to extend this Agreement pursuant to Section 616, the prices shall be as follows: Year 2 – $936,303; Year 3 – $964,392.00; and Year 4 – $993,324.00, paid in 12 monthly installments.

For the duration of this Agreement, University will also pay an additional $450 per month for dispatch overtime and parking permit costs.

13. **Equipment.** University shall provide office space, furniture, and equipment, including but not limited to: telephones, computers/monitors/printer for the BPD dispatch center, and a radio communication system deemed sufficient by BPD for the purposes of this Agreement.

As part of the Agreement price, BPD agrees to provide computers and printer equipment for BPD law enforcement purposes. BPD also agrees to provide two (2) suitable patrol cars equipped with appropriate law enforcement equipment, such as lights, sirens, approved weapons, and radio, and one (1) unmarked patrol vehicle, as well as any law enforcement equipment approved to be carried by the officers, shotgun, and radio, and one unmarked patrol vehicle, as well as any law enforcement equipment carried by the officers.

The cost of those three (3) vehicles is incorporated into this Agreement. There will be no additional charges through the year 2016 for those vehicles. All equipment purchased through the BPD budget will be serviced by and is considered the property of BPD.

University will provide four (4) reserved parking stalls for BPD vehicles and substation employees. Curb parking for marked police vehicles will be located in front of the substation. Properly identified police vehicles may park anywhere on campus within legal zones and restrictions. Additional parking for BPD personnel will be managed consistent with University Parking and Transportation Department policy and practice.

14. **Employment.** BPD personnel acting pursuant to this Agreement are not the employees of University, but remain the employees of City.

15. **Hold Harmless.** University agrees to hold harmless City and BPD shall defend and indemnify Boise City, and BPD, or any of their officers, agents, or employees from and against all claims, losses, actions or judgments for damages or injuries to person or property arising out of or in connection with any resulting from
the negligent or tortious acts or omissions of University, its officers, agents, or employees related to this agreement. Such indemnification and defense shall be limited to only those claims, and only to the extent that, City itself could be liable under state and federal statutes, regulations, common law, and other law. City's indemnification and defense of University herein is further limited by all defenses, burdens of proof, immunities, and limitations on damages to which City would be entitled if the claims were asserted against City.

Boise City and BPD agree to hold harmless, University shall defend and indemnify University, and hold City, its officers, agents, and employees from and against all claims, losses, actions, or judgments for damages, or injuries to persons or property arising out of or in connection with any resulting from the negligent or tortious acts or omissions of Boise City or BPD, their University, its officers, agents, or employees related to in performing the duties described in this agreement.

Provided, however, that nothing contain herein shall extend the liability of either party beyond. Such indemnification and defense shall be limited to only those claims, and only to the extent that provided by governing law, University itself could be liable under state and federal statutes, regulations, common law, and other law. University’s indemnification and defense of City and BPD herein is further limited by all defenses, burdens of proof, immunities, and limitations on damages to which University would be entitled if the claims were asserted against University.

City will, at its sole cost and expense, procure and maintain throughout the term of this Agreement the following:

a. Commercial general liability insurance with limits not less than $500,000.00 as is required by the Idaho Tort Claims Act with combined property damage and bodily injury liability, including blanket contractual and personal injury liability;

b. Automobile liability, including property damage and bodily injury with combined limits of not less than $500,000.00; and
c. Worker’s compensation insurance in amounts as required by statute, regardless of the number of employees, or lack thereof, to be engaged in the completion of this Agreement.

16. **Term.** The term of this agreement shall be one year commencing on October 1, 2012, and ending on September 30, 2013, but 2014. The agreement may be renewed on an annual basis up to September 30, 2016, by mutual agreement in writing between the parties on or before the anniversary of the effective date of this agreement or by the continued performance of the mutual covenants of this agreement and a the written agreement thereafter of the parties for no more than two additional one year terms.

17. **Entire Agreement.** This Agreement constitutes the entire agreement of the parties, and supersedes all other prior agreements, oral or written, are merged hereinbetween the parties, on the subject matter hereof.

18. **Cancellation and Non-Appropriation Clause.** Either party may cancel this Agreement for nonperformance or poor performance on ninety (90) days written notice. Any cancellation of this Agreement based on an allegation of poor performance must be in good faith and amounts due under this Agreement shall be calculated through the actual date of termination of this Agreement rather than the date of notice of termination. Notwithstanding any other provision of this Contract, the parties shall not be obligated to continue performance hereunder if either the State of Idaho or the City of Boise fail to appropriate funds for this contract. The party whose funds were not appropriated for this agreement shall notify the other party in writing of any such non-allocation of funds at the earliest possible date.

19. **Notice.** Notices required or contemplated under this Agreement shall be in writing and mailed or hand-delivered to the respective parties at the following addresses, or such other addresses as the parties hereto may, by notice, designate in writing to each other.

**BOISE STATE UNIVERSITY**
Stacy Pearson
Vice President of Finance and Administration

**BOISE POLICE DEPARTMENT**
Chief Michael Masterson
Chief of Police
20. **No Waiver of Future Breach.** The failure of a party hereto to insist upon strict performance or observation of this Agreement shall not be a waiver of any breach or of any terms or conditions of this Agreement by any other party.

21. **Severability.** In the event any provision or section of this Agreement conflicts with applicable law, or is otherwise held to be unenforceable, the remaining provisions shall nevertheless be enforceable and carried into effect.

22. **Attorney Fees.** In the event of any litigation arising under or as a result of this Agreement or arising from all of the acts to be performed hereunder or the alleged breach of this Agreement, the prevailing party shall recover its costs and reasonable attorney fees.

23. **Governing Law.** This Agreement shall be governed and interpreted pursuant to the laws of the State of Idaho.

24. **Amendment.** No amendment, alteration, or modification of this Agreement shall be effective unless made in writing and duly executed by the parties hereto.

25. **Counterparts.** The parties will execute five (5) counterparts of this Agreement and each such counterpart shall be deemed an “original” for all purposes.

DATED this ____ day of ______________, 2014.

ATTEST:

____________________________
Boise City Clerk
UNIVERSITY OF IDAHO

SUBJECT
Lease of 698.17 acres of State of Idaho land for sheep grazing at the US Sheep Experiment Station.

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section V.I.2.e.

BACKGROUND/DISCUSSION
Since 1923 the University of Idaho (UI) has cooperated with the US Department of Agriculture at the US Sheep Experiment Station in Clark County. The sheep and range are used for research conducted by the University and the USDA Agricultural Research Service (ARS). In 2004 and 2009 the University renewed grazing leases on State of Idaho lands for five year terms. The most recent grazing lease term expires this year and UI’s College of Agricultural and Life Sciences would like to renew for a twenty year term now available from the Idaho Department of Lands for this use.

IMPACT
The grazing fees are set by the Department of Lands and are set annually, but for the past several years have been about $1000/yr. In the past ARS has paid the annual grazing fees, but they are under no contractual obligation to do so.

ATTACHMENTS
Attachment 1–Proposed Lease

STAFF COMMENTS AND RECOMMENDATIONS
Staff recommends approval.

BOARD ACTION
I move to approve grazing lease with the Idaho Department of Lands in substantial conformance to the forms submitted to the Board in Attachment 1, and to authorize the University’s Vice President for Finance and Administration to execute such documents.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
SUMMARY OF LEASE PROVISIONS:

Lessor: STATE OF IDAHO
By and through the State Board of Land Commissioners
300 North 8th Street, Suite 103
PO Box 83720
Boise ID 83720-0050

Lessee: Board of Regents of the University of Idaho
19 Office Loop
Dubois ID 83423

Lease Term:
Commencement: January 1, 2015
Expiration: December 31, 2034

Rent: The annual rent payment is due on MAY 1st of each year

GRAZING:
Number of AUMs by Class for Billing
Sheep 152
Acres 698.17

Rent terms are more particularly described in Section 2. Rental Rate and Modification of Rent of the Lease Provisions.

Leased Premises Legal Description:
See Attachment B

The Lessor, in consideration of the rental paid and the covenants, conditions and restrictions hereinafter set forth, in the Lease (including the Lease Provisions, Signature Page and all Attachments, including any Special Terms and Conditions), does hereby lease and demes unto the Lessee the lands (Leased Premises) described in Attachment B for the uses specified herein.

Primary Use of Leased Premises: Grazing

Bond: N/A

Liability Insurance: N/A

ATTACHMENT A – SPECIAL TERMS AND CONDITIONS
ATTACHMENT B – LEASED PREMISES LEGAL DESCRIPTION
ATTACHMENT C – SITE MAP(S)
ATTACHMENT D – REPORTS
LEASE PROVISIONS

1. Use of Premise.

A. Grazing Use. The Lessee is authorized to use the number of acres identified on this lease for grazing domestic livestock at the identified rate. The location and management of grazing livestock shall be designated in this written Lease. Said use shall be in accordance with this Lease, the Lessee's approved Summary of Lease Provisions, Lease Provisions, and all Attachments, including any Special Terms and Conditions attached hereto. No use of the leased land for grazing purposes shall occur prior to the final approval of the written Lease by Lessor.

The grazing period, AUM's and the number of stock shall be determined by Lessor and may be adjusted from time to time after giving Lessee thirty (30) calendar days notice of any such modifications. Lessee shall furnish such information as may be required to assist Lessor in determining the grazing period and number of stock to be grazed.

2. Rental Rate and Modification of Rent.

A. Annual Rent Payment. Lessee agrees to pay to Lessor, in lawful money of the United States, each year's rent for every acre and/or AUM covered by this Lease, in an amount to be calculated pursuant to Lessor's most current formulas for each applicable use at the time the rental is calculated or recalculated. The rent shall be payable on or before the annual rental payment due date of each successive year. Lessee shall pay the annual rental to Lessor without abatement, offset, or deduction of any kind, unless otherwise authorized by the Lessor through a completed Lease Adjustment form provided by the Lessor. Lessor reserves the right to increase or decrease the annual rent. Lessee will be notified one hundred eighty (180) calendar days in advance of the due date of any increase in rental.

B. Late Payment Charge. In the event any rent due hereunder is not paid in full when due, Lessee shall pay, in addition to such rent, a late charge in the first calendar month of such delinquency the amount of Twenty-five Dollars ($25.00) or one percent (1%) of the unpaid rent, whichever is greater. For each subsequent calendar month of such delinquency, Lessee shall pay an additional late charge equal to one percent (1%) of the then unpaid delinquency. The parties acknowledge and agree that the late charge described herein is a reasonable attempt to estimate and to compensate Lessor for higher administration costs associated with administering such late payments and is not intended as a penalty. By assessing this late charge, Lessor does not waive any right to declare a breach and to pursue any right or remedy available to Lessor by reason of such breach, after expiration of any applicable notice or cure period.

C. Lien. The amount of the rent, late charge, and interest shall constitute a lien in favor of the State of Idaho against all of Lessee's improvements and other property on the Leased Premises, including, but not limited to, crops and livestock.

3. Lease Provisions and Special Terms and Conditions.

A. Lease Provisions and Special Terms and Conditions. Prior to issuance of this Lease, Lessee and Lessor must agree to written Lease Provisions and any Special Terms and Conditions. The content of the Lease Provisions and any Special Terms and Conditions shall address all activities that may take place under this Lease and include, but not be limited to, farming, the construction of improvements, the vegetation, noxious weed control and other factors identified by Lessor as necessary for inclusion in the Lease Provisions and any Special Terms and Conditions based on the specific characteristics of the Leased Premises and/or of Lessee's use of the Leased Premises.

B. Modification of Lease Provisions and Special Terms and Conditions. Lessor may review and modify any Lease Provisions or any Special Terms and Conditions upon changes in conditions, laws, or regulations, provided that Lessor shall give Lessee thirty (30) calendar days notice of any such modifications prior to the effective date thereof. Prior to Lessee instituting any changes, Lessee must submit, in writing, the proposed changes to Lessor for approval. No changes shall occur prior to Lessor's written approval of the amended Lease Provisions and any Special Terms and Conditions. Modifications mutually agreeable to both Lessor and Lessee may be made at any time.
C. Compliance Required. Lessee shall abide by all Lease Provisions and any Special Terms and Conditions. If Lessee fails to abide by all Lease Provisions and any Special Terms and Conditions, Lessee will be deemed in breach of this Lease and the Lease will be subject to cancellation in accordance with Section 17. Lessee’s Default, of these Lease Provisions.

D. Reimbursement for Non-Standard Administrative Costs. The Lessee shall reimburse the Lessor for administrative costs incurred to address issues of compliance. Lessor’s request for payment to Lessee will include a detailed description of the work completed and actual expense incurred.

E. See Attachment A of this Lease for any Special Terms and Conditions in effect as of the date of execution of this Lease.

4. Subleasing or Assignment.

A. Written Approval Required. Lessee shall not sublease or authorize another person to use any part of Lessee's interest under this Lease, or assign this Lease, without the prior written consent of Lessor to be evidenced by Lessor's execution of consent forms provided by Lessor for that purpose. Any request for approval of a sublease or assignment must be in writing, complying with the statutes or rules governing subleasing, and accompanied by a copy of the proposed sublease agreement and the appropriate processing fee. Lessor may withhold consent for any reason. Any attempt by Lessee to sublease Lessee's interest in the Leased Premises or any part of the Leased Premises or to assign this Lease, shall be void unless Lessor has given such prior written consent. No request for Lessor's approval of any assignment or sublease will be considered unless all rent due has been paid in full, and Lessee is in good standing under the terms of the Lease. No sublease will act as a release of Lessee's obligations hereunder unless Lessor executes a separate written release of Lessee. Lessor has no obligation to so release Lessee. Any sublease or assignment will be subject to, but not limited to, the existing Lease Provisions and any Special Terms and Conditions. The sublease cannot go beyond the Lease expiration date.

B. Additional Rental Due. In the event the Leased Premises is subleased in accordance with all terms and conditions of Section 4. Subleasing or Assignment of these Lease Provisions, for an amount greater than the base rental, Lessee shall in addition to Lessee's annual base rental pay to Lessor an amount equal to one-half (1/2) the difference between Lessee's base rental rate herein established, and the rental rate paid by Sublessee.

C. Improvements. Upon approved sublease or assignment, ownership of any existing Lessee-owned improvements under this Lease must be separately negotiated between Lessee and such Sublessee or Assignee.

D. Copies to be Filed. Copies of all assignments, subleases, pasturage or any other agreement of any kind or nature involving the use of the Leased Premises by another person shall be timely filed with Lessor.

5. Leasehold Mortgage.

Lessee shall not mortgage, pledge or otherwise dispose of Lessee's interest in the Lease, or any portion thereof, without prior written consent of Lessor. Lessee shall use mortgage or deed of trust forms provided by Lessor, and shall submit completed forms and appropriate fee to Lessor for review and approval. The term of a mortgage agreement shall not exceed the Lease term. Lessor may accept or reject a leasehold mortgage at its discretion.

A. No Hazardous Materials. Lessee shall neither commit nor permit the use, placement, transport or disposal of any hazardous waste, including, but not limited to, petroleum products, such as oil, gasoline, or any other substance that is or is suspected to be a hazardous substance or material on the Leased Premises except the customary use associated with weed and pest control, machinery, equipment and vehicles. Lessee shall be responsible, and shall pay all costs for the removal or other appropriate remedial action regarding any hazardous waste, substances, or materials which Lessee may have caused to be introduced on the Leased Premises. Any such remediation or removal or storage must be conducted in accordance with applicable federal, state, or local law, regulation, rule or ordinance and Lessee shall immediately, upon the introduction
of any hazardous waste, substances or materials onto the Leased Premises, contact the Idaho Department of Environmental Quality (DEQ) and enter into a consent order for remediation with DEQ, provided however, Lessee shall not forestall commencing any necessary remediation while negotiating the terms of any consent order with DEQ, unless Lessee is so authorized in writing by Lessor. In event of introduction of any hazardous waste, substances or materials, Lessor may also require Lessee to enter into consent orders or other agreements with any other relevant agency. Lessee shall indemnify, defend and hold Lessor harmless from all costs, expenses, damages or fines relating to pollution and hazardous materials including, without limiting the generality of the foregoing, attorney fees and costs of defense or of enforcement of Lessor’s rights hereunder. The amount of any costs incurred by Lessor due to Lessee’s violation of this provision shall constitute a lien in favor of the State of Idaho against all of the Lessee’s improvements and other property on the Leased Premises including, but not limited to, crops.

B. Fire and Safety Regulations. Lessee shall comply with all applicable federal, state and local laws, rules, regulations and ordinances for fire protection and prevention. Lessee agrees to keep the Leased Premises free from fire hazards as determined by Lessor. Lessee is prohibited from burning garbage or household trash and any burning on the land, including the burning of wood, weeds or other debris, but excepting campfires necessary for the use under this Lease, requires the prior written permission of Lessor. Any burning must comply with applicable federal, state or local law, regulation, rule or ordinance.

C. Sanitary Requirements. Concerning activities authorized under this Lease, Lessee shall at all times keep the Leased Premises in a clean and sanitary condition, free of trash, garbage and litter so the Leased Premises is maintained in the same or better condition as when this Lease was issued. Lessee shall not dispose of sewage except in conformity with applicable federal, state, and local law, rules and regulations pertinent to Lessee’s use and shall dispose of sewage on the Leased Premises only if specifically authorized by Lessor. The Lessee shall not store trash on the Leased Premises nor transport trash, garbage, litter or debris onto the Leased Premises. Lessee shall dispose of all trash, garbage and carcasses in conformity with all legal requirements. Lessee is responsible for all costs associated with sewage, garbage and litter disposal.

7. No Warranty of Suitability - Quiet Enjoyment - Public Use.

A. No Warranty. Lessee acknowledges that neither Lessor nor any agent of Lessor has made any representation or warranty with respect to the Leased Premises or concerning the suitability of the Leased Premises for the uses intended by Lessee. Lessee acknowledges that it has accepted the Leased Premises in an AS IS CONDITION, accepting any and all known or unknown faults therein.

B. Quiet Enjoyment. Lessor agrees that Lessee, upon payment of the rent and performing the terms of this Lease, may quietly have, hold and enjoy the Leased Premises, for the purposes and uses allowed hereunder, during the term hereof. Lessee acknowledges that the Lease is non-exclusive, and Lessor retains the right to use of the Leased Premises, or to grant rights to others for use of the Leased Premises, to the extent any such use does not materially interfere with Lessee's purpose and uses allowed hereunder, unless otherwise provided for in this Lease.

C. Public Use. Lessee must allow the general public the right to use the Leased Premises for any lawful use available to the public for lands owned by the State of Idaho. However, nothing in this Lease authorizes or purports to authorize trespass on private lands to reach state-owned lands, including the Leased Premises. Public use of State lands shall not be restricted without prior written approval of Lessor. This Lease is not an exclusive control lease as described under Idaho Code § 36-1603(b).

8. Water Right and Water Use.

A. Water Use on the Leased Premises. Lessee shall be entitled to use the water on the Leased Premises, if any, during the term of this Lease, but only for the use allowed in this Lease and only in conformance with Idaho water law.

B. Future Water Rights and Water Use Generally. The establishment of any new water rights during the term of this Lease shall be by and for Lessor and no claim thereto shall be made by Lessee. Such water rights shall attach to and become appurtenant to the Leased Premises, and the Lessor shall be the owner thereof. The use of any water rights by the Lessee shall be in conformance with Idaho water law. Lessee must
receive the prior written consent of Lessor or its authorized agent, and the prior written consent of any department or agency of the State of Idaho having jurisdiction to regulate water rights or water use in and for the State of Idaho for any of the following:

i. To drill and use a water well,
ii. To develop and use any source of water,
iii. To cause any water to be conveyed off the Leased Premises,
iv. To bring water onto the Leased Premises.

C. Water Systems. If water is supplied to the Leased Premise by a water system operated by the State of Idaho, the use of such system and the supply of water provided thereby may be curtailed or terminated upon thirty (30) calendar days written notice of Lessee from Lessor or its authorized agent. Neither Lessor nor its agents and employees nor any entity of the State of Idaho shall be liable in any manner for damage or inconvenience to the Lessee by reason of failure or, damage to, or termination or curtailment of the operation of any water system or source supplying water to the Leased Premises.

D. Improvements in Aid of Water Use. Improvements (pre-existing or future) made in aid of any and all water use on, or diversion from, the Leased Premises are subject to the permit requirements of this Lease.

E. No Right of Access to Water Rights Upon Expiration or Termination of Lease. Upon Expiration or Termination of this Lease, the Lessee shall have no right to access any point of diversion or any place of use of any water right on the Leased Premises without the prior written consent of the Lessor.

A. The Lessee shall cooperate with Lessor or any other agency authorized to undertake programs for control or eradication of noxious weeds. Lessee shall take measures to control noxious weeds on the Leased Premises in accordance with Title 22, Chapter 24, Idaho Code, except those resulting from activities beyond the Lessee’s control. Costs for control of noxious weeds on the Leased Premises shall be the responsibility of the Lessee, unless otherwise provided for in the Special Terms and Conditions included in Attachment A.

B. The Lessee shall ensure that prior to moving onto the Leased Premises that all equipment is free of noxious weeds and their seeds as defined by the Idaho Department of Agriculture and local Coordinated Weed Management Area. Cleaning of contaminated equipment and vehicles shall not take place on any state endowment land, including the Leased Premises.

C. All straw and forage used for livestock feed, with the exception of that grown on the Leased Premises or on Lessee’s immediately adjacent land, must be certified in accordance with the Idaho Department of Agriculture Forage and Straw Certification Rules (IDAPA 02.06.31) and must be certified as Idaho State Noxious Weed Free.

A. Permit Required. Lessee shall not construct or reconstruct, initiate or place improvements or structures of any character (herein referred to as “improvements”) on or to the Leased Premises without the prior expressed, and written permission of Lessor. Said permission shall be in the form of a permit issued by Lessor, and shall be required for any improvement or structure on the Leased Premises including, but not limited to, range improvements, buildings or other structures, water developments, fences, vegetation treatment, or the clearing of land. Lessee shall submit project plans to the Lessor. If the project plans are approved and permitted in writing by Lessor, then Lessee shall construct and implement the improvements in full compliance with the approved plans, the permit and all applicable building codes, rules and laws. Permitted improvements shall be the property of Lessee, unless otherwise provided in the permit or this Lease. Failure to obtain a written permit prior to construction and implementation of any improvement will be considered a trespass violation and may result in cancellation of the Lease or cause the Lessor to initiate proceedings to recover damages as provided for in IDAPA 20.03.14. Any improvement associated with the uses authorized in this Lease and placed on endowment land prior to January 1, 1970 is considered grandfathered and properly authorized even though there may be no documentation of authorization.
B. Condition of Improvements. At all times during the term of this Lease, Lessee shall keep all improvements in good repair and functional condition to the satisfaction of Lessor. Any and all fences shall be neat, stockproof, lawful fences and gates.

C. Maintenance of Improvements. Lessee may be required to remove or reconstruct improvements in poor or non-servicable condition. Existing maintenance agreements on lands acquired from the federal government shall remain in effect until amended by the parties involved. If maintenance is not being accomplished, Lessor shall provide a letter to Lessee informing Lessee of the violation of the Lease. If work is not begun within thirty (30) calendar days and completed in a timeframe specified by the Lessor, Lessor may contract repairs and bill Lessee for actual costs incurred.

D. Removing Improvements. Lessee shall not remove, relocate or otherwise alter any improvements without prior written permission from Lessor.

E. Cost of Improvements. Any permitted improvement constructed by or at the request of Lessee, shall be constructed at Lessee's own expense, unless Lessor and Lessee shall have entered into a prior written cost sharing agreement for construction of such improvement.

F. Permitted Improvements At Lease Expiration/Termination. Upon expiration or termination of this Lease for any reason, other than a default by Lessee, and in the event Lessor leases the Leased Premises to a new lessee, Lessor shall require the new lessee to pay Lessee the then existing value of the permitted improvements in accordance with the then existing statutes and rules. Said value shall be determined through a valuation conducted by Lessor or by Lessee's documented cost of construction if the improvement was authorized after July 1, 2009. Improvement payments shall be first applied towards any rent or other monies due to Lessor before being disbursed to Lessee. Lessor does not hereby agree or become obligated to pay any such value to Lessee, such obligation shall be solely on the subsequent lessee, if any. Any improvement which Lessee is entitled or required to remove upon expiration of the Lease must be removed within six (6) months of the expiration of the Lease, otherwise it is deemed abandoned and title to such abandoned improvement shall vest in the State of Idaho. Provided, however, Lessor may authorize, in writing, prior to the expiration of the six (6) month time period, additional time for removal of improvement(s) by Lessee. Failure of Lessee to remove any such improvement within the extended time period established by Lessor shall constitute an abandonment of Lessee's rights to such improvement.

G. Improvements Not Approved. At any time during the term of the Lease, or upon expiration or termination of this Lease for any reason, Lessor may require, at Lessor’s sole discretion, that Lessee remove any improvement placed on the Leased Premises without a prior permit from Lessor. The full cost of such removal, including the restoration of the Leased Premises, shall be solely Lessee's. In the event Lessor does not elect to require such removal, Lessee's failure to secure such permit shall constitute forfeiture. Title to any improvement placed on the Leased Premises without a permit from Lessor shall, at Lessor's option, immediately vest in Lessor without waiver of Lessor's right to require removal of the same by Lessee.

H. Lessor's Removal of Improvement. Lessor may, at its discretion, remove or have removed the abandoned or non-permitted improvement and Lessee shall be responsible for the full cost of removal and restoration of the Leased Premises. Nothing in this section of the Lease shall relieve Lessee from the obligation to remove any improvement as required by Lessor under other terms within this Lease or the permit authorizing the improvement.

11. No Liens.

Lessee will not permit or suffer any liens of any kind or nature to be effected on or enforced against the Leased Premises, including, but not limited to, any mechanics' liens or material suppliers' liens for any work done or materials furnished on the Leased Premises at Lessee's instance or request. Lessee shall ensure that full payment is made for any and all materials joined or affixed to the Leased Premises pursuant to this Lease and for any and all persons who perform labor on the land.
12. **Sale, Exchange or Change in Use of Leased Premises.**

A. **Sale.** Lessor may sell all or any portion of the Leased Premises during the term of this Lease. Lessor will notify Lessee that the Leased Premises are being considered for sale at the time the proposed sale is scheduled for submission to the Land Board for approval. Lessee will be notified of a scheduled sale at least thirty (30) calendar days prior to sale date. Lessee shall deliver immediate possession of the land sold unto Lessor, or to the person or party as may be specified in writing by Lessor or Lessor's designee, unless the land remains subject to the Lease, or unless Lessee is to be permitted to harvest a growing crop before surrendering possession. When creditable improvements are present, and Lessee delivers possession of the land, Lessor shall value them in accordance with Idaho Code § 58-313, or the then existing applicable statute or rule, and Lessee shall be paid for the improvements by the purchaser on the day of sale. Lessor shall have the rights provided by **Section 10. Construction of Improvements, F. Permitted Improvements At Lease Expiration/Termination** of these Lease Provisions. and the then existing statutes or rules with respect to compensation for permitted improvements placed upon the Leased Premises by Lessee.

B. **Consent To Land Exchange.** Lessee acknowledges that the Leased Premises, or any portion thereof, may be the subject of a future land exchange by Lessor, and Lessee hereby consents to the inclusion of any such land, or portion thereof, in any land exchange deemed necessary or appropriate by Lessor. This consent is given in compliance with Idaho Code § 58-138. In the event Lessor chooses to include the Leased Premises, or any portion thereof, in any proposed land exchange in the future, Lessor shall provide Lessee with at least thirty (30) days written notice from the Director of the Department of Lands. Upon the consummation of the proposed land exchange, that portion of lands included within the exchange shall be deleted from this Lease, and Lessee's lease payment obligation for the ensuing year shall be reduced proportionately. Lessee shall be entitled to continue to use the lands included within any such exchange for the balance of the year in which the exchange occurs unless otherwise notified in writing by Lessor, in which event the lease payment for such year shall be prorated.

C. **Change in Use.** The Lease may be cancelled in whole or in part upon one hundred eighty (180) calendar days written notice by Lessor if the use of the Leased Premises is to be changed to any other use that is incompatible with the use authorized by this Lease, as designated by Lessor. In the event of early cancellation due to change in land use, Lessee will be entitled to a prorata refund of the premium bid for a conflicted lease.

13. **Relationship of the Parties.**

Lessee is not an officer, employee or agent of Lessor. In no event shall any official, officer, employee or agent of Lessor or of the State of Idaho be in any way personally liable or responsible for any covenant or obligation contained in this Lease, express or implied, nor for any statement, representation or warranty made in connection herewith.

14. **Reservations by Lessor.**

Lessor expressly reserves and excepts the following rights:

A. To enter upon the Leased Premises, or any portion thereof, during the term of this Lease for any purpose, including, but not limited to, the purpose of inspecting the Leased Premises.

B. All rights not expressly granted to Lessee under this Lease, including, but not limited to, all rights to timber, oil and gas, geothermal rights, mineral rights, easements and rights-of-way, water, and fee title to the Leased Premises, and title to all appurtenances and improvements placed thereon by Lessor.

C. To grant easements and rights-of-way over and across the Leased Premises. Lessor shall coordinate with Lessee before processing any easement applications on the Leased Premises. The grantee of such easement shall, before exercising the same, pay Lessee the reasonable value of any permitted improvements and any growing and immature crops, if crops or improvements are impacted by the easement. Said value shall be determined by Lessor's valuation.
D. To issue other leases on the Leased Premises. Such other leases may be for any purpose deemed appropriate by Lessor, including, but not limited to, the exploration and development of oil, gas, geothermal and mineral resources as provided by Title 47, Idaho Code. In the event any such other lease is granted by Lessor, the other lessee shall, before exercising the same, pay Lessee the reasonable value of any permitted improvements and any growing and immature crops, if crops or improvements are impacted by the other lease. Said value shall be determined by Lessor’s valuation. If the other lease conflicts with the grazing use or makes consumptive use of forages, the grazing rental will be adjusted to reflect such loss of use.

E. To require that changes be made in the use under this Lease, and/or to the improvements on the Leased Premises, including, but not limited to, the sanitation or other facilities for the protection of public health, safety, preservation of property or water quality.

F. To reserve as Lessor’s sole property any and all water appurtenant to Lessor’s land or from any source arising thereon and to hold water rights for any beneficial use that may be developed as a result of this Lease, and as further provided in Section 8. Water Right and Water Use of these Lease Provisions.

G. Rights of ingress, egress, and access, over and across the Leased Premises for Lessor and its lessees, permittees, contractors, and assigns on existing roads, or on suitable alternative roads provided by Lessee.

H. To change the use of the Leased Premises, in whole or in part, for other uses that will better achieve the objective of Lessor. Upon a change in use in this Lease may, at Lessor’s discretion, be terminated in whole or as to the affected part. In the event of any such termination due to a change in use, the provisions of Section 10. Construction of Improvements of these Lease Provisions, relating to compensation for permitted improvements shall apply.

I. To sell timber on the Leased Premises or otherwise conduct forest management activities, Lessor reserves the right to restrict or prohibit grazing use on all or portions of the Leased Premises for timber management purposes. Lessee will be given not less than one hundred eighty (180) calendar days written notice of any such restrictions or termination of grazing use, together with a map of the restricted area.

J. To restrict or prohibit grazing on all or any portion thereof of the Leased Premises in response to emergency conditions such as, but not limited to, fires, flooding and drought.

K. To sell all or any portion of the Leased Premises at any time during the term of this Lease, and as further provided in Section 12. Sale, Exchange or Change-in-Use of Leased Premises of these Lease Provisions.

L. To harvest seed from plants on land not under a farming lease. Lessor will coordinate the harvesting activities with Lessee to minimize impacts on farming operations.

M. To close roads for road protection, wildlife protection or administrative purposes. Planned road closures will be reviewed with Lessee prior to action by Lessor.

N. To claim all permanent improvements placed upon the Leased Premises remaining after six (6) months in cases of abandonment by Lessee or to take possession immediately in cases of cancellation upon breach of any of the conditions of the Lease. No improvements will be disposed of by Lessor until all appeals have been exhausted.

15. Indemnification.

A. Liability Coverage. The Lessor and Lessee understand that each is covered with respect to third party tort liability by the State of Idaho, Department of Administration, Risk Management Program (“Risk Management”), utilizing the retained Risk Account. This is a plan of liability coverage provided by and subject to provisions of the Idaho Tort Claims Act, and the Department of Administration, Risk Management statutes. So long as the Lessee hereunder remains insured through Risk Management, Lessee shall be exempt from the insurance requirements set forth in this Lease; provided, however, losses under this Lease attributable to Lessee shall apply to Lessee’s loss history. Lessor and Lessee agree to accept that coverage as adequate insurance of the other party with respect to personal injury and property damage.
B. Third Party Liability. The Lessor and Lessee agree that any third party tort liability claim, suit or loss resulting from or arising out of the parties' performance of any activities under this Lease shall be allocated to one or both parties by Risk Management for purposes of loss experience and subsequent allocation of agency premium assessments. Lessor or Lessee of this Lease shall notify Risk Management and the other party in the event it receives notice or knowledge of any claim(s) arising out of the performance of, or activities under, this Lease. Lessee shall notify Lessor immediately in the event that Risk Management no longer provides coverage. The Lease shall terminate immediately in such circumstances.

C. Agency Property Damage. Lessor and Lessee shall be responsible to the other for damage to property of the other caused by such party in the performance of this Lease or any related task order. If the damaged property (including vehicles) is covered by property or auto coverage through Risk Management, then Risk Management shall charge the damage or loss to the responsible party, and the responsible party shall be responsible for the deductible, if any. If the event of damage to either party's property in the performance of this Lease for which it is unclear which party was at fault or caused such damage, then each party shall be responsible for their own property. Lessor or Lessee shall notify Risk Management and the other party in the event it receives notice or knowledge of any claim(s) arising out of the performance of, or activities under, this Lease.

16. Payment of Taxes, Assessments or Fees – Lien.

Unless otherwise provided, Lessee shall pay all water charges, fees, assessments or taxes of whatsoever nature that may be legally levied or assessed against the Leased Premises herein described, or any portion thereof or on any improvements thereto. If the same is not paid, it shall constitute a lien in favor of the State of Idaho against all improvements, or crops growing on the Leased Premises.

17. Lessee's Default.

A. Lessee's Failure to Comply. Lessee's failure to comply with the Lease Provisions and any Special Terms and Conditions shall be a breach giving rise to a basis for termination of the Lease. Lessor shall provide Lessee thirty (30) calendar days written notice of the cancellation and, if applicable, the corrective action required of Lessee. The notice shall specify a reasonable time to make a correction or cure the violation or breach, if such breach is subject to correction or cure. If the corrective action or cure is not taken within the specified time or does not occur, then the Lease shall be automatically terminated on the date specified in the written cancellation notice without any further notice or demand, unless otherwise agreed by Lessor in writing. Lessee shall not, while in default, remove any of the improvements, or crops thereon, whether crops are harvested or not unless directed by Lessor. In addition to the rights and remedies specifically granted to Lessor under this Lease, Lessor shall have such other rights and remedies against Lessee as are available at law or in equity, and Lessor's pursuit of any particular remedy for breach shall not, in and of itself, constitute a waiver or relinquishment of any other compatible claim of Lessor against Lessee.

B. Lessor's Performance Upon Lessee Default. In the event Lessee fails to perform any act or do anything which Lessee is required to do under the terms of this Lease, Lessor shall have the right, but not the obligation, to perform on behalf of Lessee, any such action. Lessee shall immediately reimburse Lessor for all costs and expenses, including attorney fees, (including fees from the Office of the Attorney General of the State of Idaho), incurred by Lessor in performing any such act or thing. Lessee's obligation to pay costs hereunder shall be deemed to be additional rent fully due and payable on demand from Lessor.

Lessee shall, at the termination or expiration of this Lease, deliver immediate possession and vacate the Leased Premises, leaving it in the same or better condition than it was in at the time of Lessee's entry on such premises under this agreement, except for reasonable use and wear, acts of God, or damage by causes beyond the control of Lessee, and upon vacating shall leave the demised land free and clear of all rubbish and debris, and with all improvements in good order and condition.
19. **Cancellation By Mutual Agreement.**

Leases may be cancelled by mutual agreement between the Lessor and the Lessee. The Lessor will not unreasonably withhold approval of a request for cancellation by a Lessee.

20. **Notices.**

A. Notices. Any notice or any demand given under the terms of this Lease shall be deemed given and delivered on the date when personally delivered or if mailed, the date same is deposited in the United States Mail, and mailed by regular or certified mail, postage prepaid and properly addressed to the appropriate party.

B. Addresses. Until changed by notice in writing, notice, demands, and communications under this Lease shall be addressed to Lessor at:

   Idaho State Board of Land Commissioners
   300 North 6th Street, Suite 103
   PO Box 83720
   Boise, Idaho 83720 0050

   and to Lessee at the address set forth at the beginning of this Lease. Any notice or correspondence mailed to Lessee at the last identified address shall be deemed effective delivery. It is Lessee’s duty to notify Lessor, in writing, of any change in mailing address.

21. **Waiver.**

The waiver by Lessor of any breach of any term, covenant or condition of this Lease shall not be deemed to be a waiver of any past, present or future breach of the same or any other term, covenant or condition of this Lease. The acceptance of rent by Lessor hereunder shall not be construed to be a waiver of any violation of the term(s) of this Lease. No payment by the Lessee of a lesser amount than shall be due according to the terms of this Lease shall be deemed or construed to be other than a part payment on account of the most recent rent due, nor shall any endorsement or statement of any check or letter accompanying any payment be deemed to create an accord and satisfaction.

22. **Attorneys’ Fees and Costs.**

In the event Lessor initiates a legal proceeding of any kind instituted under this Lease or to obtain performance of any kind under this Lease, and Lessor prevails, Lessor shall be awarded such additional sums as the court may adjudge for reasonable attorney’s fees (including fees from the Office of the Attorney General of the State of Idaho) and to pay all costs and disbursements incurred in such proceeding, including, but not limited to, accountants’ fees and fees of appraisers or other experts.

23. **Lessee’s Compliance with Applicable Laws and Rules.**

A. Full compliance. Lessee shall fully comply with all applicable federal, state, or local statutes, ordinances, rules, regulations and laws now existing or hereafter enacted. This shall include, but not be limited to, all applicable rules and regulations and standards promulgated by the State Board of Land Commissioners or the Idaho Department of Lands, including but not limited to, the rules governing leasing of endowment lands, IDAPA 20.03.14.

B. No Waste or Nuisance. Lessee shall not use the Leased Premises in any manner that would constitute loss or waste, nor shall Lessee allow the same to be committed thereon. Lessee shall not do anything which will create a nuisance or a danger to persons or property.

24. **Miscellaneous.**

A. No Trespass. Lessee shall not allow Lessee's livestock to graze or run at large over any lands of Lessor in a manner not approved within the Lease Terms and Special Provisions, nor shall Lessee authorize any other person to graze or run livestock over Lessor's lands without the express written consent of Lessor.
B. Appraisals and Valuations. Any appraisal or valuation by Lessor called for in this Lease shall be done by
Lessor in accordance with applicable state law and regulations, and the then existing policy of Lessor.

C. Subject to Existing Leases/Easements. This Lease is expressly subject to any right-of-way, easement, lease
or contract, including, but not limited to, any present or future timber sale contract, that are now in force and
effect or that may hereafter be granted relating to the Leased Premises.

D. Timber. This Lease does not authorize Lessee to cut any timber growing on the Leased Premises. Any
unauthorized use of such timber by the Lessee or with his knowledge or consent, shall work a forfeiture of
this Lease without notice, and said Lessee shall be responsible for damages in the amount of treble the
value of the timber used or taken and all other damages. Said timber value to be determined by Lessor.

E. Modification. This Lease may be modified only by a fully executed Lease Adjustment on a form provided by
Lessor.

F. Binding on Heirs and Successors. This Lease, including the Lease Provisions and any Special Terms and
Conditions, shall inure to the benefit and be binding upon the heirs, executors, successors, sublessees, and
assigns of the parties.

G. Lessee's Non-Discrimination. Lessee shall not discriminate against any person because of race, creed,
religion, color, sex, national origin or disability.

H. Entire Agreement. This Lease, including the Summary of Lease Provisions, the Lease Provisions, the
Signature Page and all Attachments attached hereto, contains the entire agreement between the parties
concerning the subject matter hereof and supersedes any and all prior agreements. The execution of this
Lease has not been induced by either party, or any agent of either party, by representations, promises or
undertakings not expressed herein and, further, there are no collateral agreements, stipulations, covenants,
promises, inducements or undertakings whatsoever between the respective parties concerning this Lease
except those which are expressly contained herein.

I. Governing Law and Forum. This Lease shall be construed in accordance with and governed by the laws of
the State of Idaho and the parties consent to the jurisdiction of Idaho State courts located in Ada County in
the event of any dispute with respect to this Lease.

J. Severability. In the event any provision of this Lease shall be held invalid or unenforceable according to law,
for any reason whatsoever, then the validity, legality or enforceability of the remaining provisions shall not in
any way be affected or impaired.

K. Counterparts. This agreement may be executed in any number of counterparts, each of which shall be
deemed to be an original, but all of which together shall constitute but one and the same instrument.
This Lease, including the Summary of Lease Provisions, Lease Provisions, Signature Page, and all Attachments, is made and entered into by and between the State of Idaho, acting by and through the State Board of Land Commissioners and Board of Regents of the University of Idaho.

IN WITNESS WHEREOF, the parties hereto have caused these presents to be duly executed the day and year first above written.

Class of Stock / Season of Use:
The Lessee is authorized to remove 152 AUMs of forage annually from the Leased Premises by grazing 800 - 1,000 ewe/lamb pairs. In the West Allotment, the lessee will graze 800 to 1000 ewes with lambs for 7 to 10 days in June annually and return with 1000 to 1200 ewes for 14 to 21 days in September or October. Use in the East Allotment will involve a like number of animals for 7 to 10 days in July and return for 10 to 12 days in the fall. On and off dates are subject to change based on range readiness and forage availability or as agreed to by Lessee and Lessor. Authorized use will not exceed 152 AUMs annually, unless otherwise approved by the Lessor.

Livestock Management/Rotation Strategy:
The Lessee utilizes the state lands included in this lease in conjunction with approximately 27,000 acres of adjacent USDA, Agricultural Research Service, United States Sheep Experiment Station (USSES) lands in the west portion of the ranch plus an additional +/-1,260 acres of USSES administered lands in the east portion of the ranch. State lands included in this lease total approximately 698 acres. The West Allotment consists of 75 pastures and the East Allotment consists of 5 pastures. These lands are utilized for research purposes in conjunction with the USSES. The Lessee will utilize herd effect management, where possible, to reduce sagebrush canopy. The Lessee has established photo point monitoring sites in both the West and East Allotments, and copies of the photos will be forwarded to IDL upon request.

Salt and Minerals:
The Lessee will place all salt and mineral supplements a minimum of ¼ mile from any water location or riparian area. Salt and mineral supplements will be placed throughout the allotment to increase livestock dispersal and expedite pasture rotation.

Adjacent Lands:
The state lands covered under this lease will be managed in conjunction with adjacent lands. The Lessee must notify the Lessor if control of adjacent lands is lost. Additional fencing may be required if the Lessee loses control of the adjacent lands that is managed with the endowment land in this lease. Failure to notify the Lessor of the loss of ownership or loss of permit will be considered a breach of the lease.

Certified Hay Requirement:
Any hay supplied to herders’ camps while using the Leased Premises will be certified weed-free.

UNIVERSITY OF IDAHO

SUBJECT
   Ellucian /Banner Maintenance Agreement Extension

APPLICABLE STATUTE, RULE, OR POLICY
   Idaho State Board of Education Governing Policies & Procedures, Section V.I.

BACKGROUND/DISCUSSION
   The University of Idaho is seeking approval from the Board to extend the existing
   software license and maintenance agreement with Ellucian for the University’s
   Banner System.

   The University has been using the Banner system from Ellucian as the core of its
   administrative software suite for 20 years. Banner is the software used by all
   students, faculty and staff to accomplish the majority of the University’s
   administrative processes, including but not limited to human resources, payroll,
   financials, accounting, advancement, and student/faculty services (admissions,
   financial aid, registration, advising, grades, etc.). It is also the data repository for
   federal, state and Board reporting and feeds data to over 200 special-use
   computer software programs in use at UI and in government.

   In August 2014 the University will reach the end of a 10 year contract which
   provides software maintenance and necessary software updates for financial aid,
   payroll tax and regulatory compliance.

IMPACT
   The total cost of the maintenance agreement extension is $498,893.00 for the
   first year. This amount escalates by 5% each ensuing year for a total five year
   cost of $2,756,693. The charges are paid against central allocations in the
   University’s IT Services budget.

ATTACHMENTS
   Attachment 1 – Proposed Maintenance Agreement Extension

STAFF COMMENTS AND RECOMMENDATIONS
   Staff recommends approval.

BOARD ACTION
   I move to approve the request by the University of Idaho to extend a
   maintenance agreement with Ellucian for the University’s Banner system in
   substantial conformance to the Proposed Maintenance Agreement Extension
   submitted to the Board in Attachment 1.

   Moved by __________ Seconded by __________ Carried Yes _____ No ______

(“Maintenance Provider”)

And

UNIVERSITY OF IDAHO
(“Licensee”)

Maintenance Provider and Licensee are parties to Technical Currency Agreement dated June 30, 1993, as thereafter amended (the “Maintenance Agreement”). Licensee now desires to obtain from Maintenance Provider Improvements for the Licensed Software identified in this Amendment (the “Maintenance Amendment”), on the terms and conditions of the Maintenance Agreement, as modified by this Maintenance Amendment. This Maintenance Amendment is entered into by the parties on the latest date shown on the signature page of this Maintenance Amendment (the “Execution Date”). Maintenance Provider and Licensee, intending to be legally bound, agree as follows:

1. Defined Terms. Unless specifically defined herein, all terms defined in the Maintenance Agreement will have the same meaning when used in this Maintenance Amendment.

2. Amendment to and Modification of Maintenance Agreement.

   (a) Maintenance Provider agrees to provide Improvements with respect to the Component Systems identified in the attached Exhibit 1, on the same terms and conditions as the Maintenance Agreement for the period and for the fee specified in the attached Exhibit 1. The term of the Maintenance Agreement is deemed to be extended as provided for in the attached Exhibit 1 for purposes of this Maintenance Amendment. Any amounts indicated on the attached Exhibit 1 are in addition to all other amounts payable under the Maintenance Agreement.

   (b) The hours during which Maintenance will be provided for each Component System, the targeted response times for certain defined categories of Maintenance calls for each Component System, and other details and procedures (collectively, the “Maintenance Standards”) relating to the provision of Maintenance for each Component System are described in the applicable Supplement attached as Exhibit 2 hereto. To the extent that a different Maintenance Standard applies to certain of the Component Systems than that which applies to others, the Maintenance Standard applicable to each Component System will be described in the table in Exhibit 1 and the corresponding Supplements will be attached in Exhibit 2.

   (c) Services Limitations. All Improvements will be part of the applicable Baseline Component System and will be subject to all of the terms and conditions of the License Agreement and the Maintenance Agreement. Maintenance Provider’s obligation to provide Licensee with Improvements for Baseline Component Systems owned by parties other than Maintenance Provider is limited to providing Licensee with the Improvements that the applicable third party owner provides to Maintenance Provider for that Baseline Component System. In this regard, to the extent that an agreement authorizing Maintenance Provider to resell or sublicense a third party’s Baseline Component System is terminated or expires prior to the Expiration Date, or prior to the expiration of any renewal term, for that Baseline Component System, then Maintenance Provider’s obligation to provide Improvements to Licensee for that Baseline Component System, and Licensee’s obligation to pay Maintenance Provider for such Improvements, shall automatically terminate simultaneously with the termination or expiration of the relevant agreement. Licensee must provide Maintenance Provider with such facilities, equipment and support as are reasonably necessary for Maintenance Provider to perform its obligations under the Maintenance Agreement, including remote access to the Equipment.
(d) Term. The term of the Maintenance Agreement as it applies to each Baseline Component System is for the period beginning on the Commencement Date and continuing until the Expiration Date for that Baseline Component System. For each Baseline Component System, the Maintenance Agreement will automatically be extended for consecutive Contract years beyond the Expiration Date on a year-to-year basis unless: (i) either party notifies the other in writing of its intent not to extend this Agreement for any particular Baseline Component System at least ninety (90) days prior to the Expiration Date, or, for any Contract Year subsequent to the Expiration Date, at least ninety (90) days prior to the expiration of the then-current Contract Year or (ii) the Maintenance Agreement has otherwise expired or terminated as it relates to a particular Baseline Component System under the terms of the Maintenance Agreement.

3. Integration Provision. Except as expressly modified by this Maintenance Amendment, the Maintenance Agreement will remain in full force and effect. As of the Execution Date, the Maintenance Agreement, as further amended by this Maintenance Amendment constitutes the entire understanding of the parties as regards the subject matter hereof and cannot be modified except by written agreement of the parties. Both the transaction provided for in and the fees due under this Maintenance Amendment are non-cancelable, and the amounts paid under this Maintenance Amendment are non-refundable, except as provided in this Maintenance Amendment. By the execution of this Maintenance Amendment, each party represents and warrants that it is bound by the signature of its respective signatory. Further, in executing this Maintenance Amendment, Licensee has not relied on the availability of either any future version of any Baseline Component System, or any future software product.

**Initial Payment Amount (covers the contract year August 1, 2014 to July 31, 2015)** $486,275

**NOTES TO THE MAINTENANCE TABLES:**

1 For the Baseline Component Systems set forth in the Maintenance Tables A and B above, the “Initial Payment Amount” represents the amount due on the First Annual Contract Year Payment Date for Improvements for the first full Contract Year. Fees for Improvements for each subsequent Contract Year are payable on the anniversary of the First Annual Contract Year Payment Date. Improvement fees for the second Contract Year and for each subsequent Contract Year prior to the Expiration Date will be specified by Maintenance Provider in an annual invoice and will increase by not more than 5% over the amount payable for Improvements for the immediately preceding Contract Year. Improvement fees for any Contract Year subsequent to the Expiration Date will be specified by Maintenance Provider in an annual invoice and will increase by not more than 7% over the amount payable for Improvements for the immediately preceding Contract Year.
EXHIBIT 2

Maintenance Standards – Advantage Level

I. Defined Terms:

“Notification” means a communication to Maintenance Provider’s ActionLine by means of: (i) Maintenance Provider’s Customer Support Center; (ii) the placement of a telephone call; or (iii) the sending of an e-mail, in each case, in accordance with Maintenance Provider’s then-current policies and procedures for submitting such communications.

“Priority One Call” means a Notification that Licensee believes that a Documented Defect has caused: (i) a full failure (i.e., “crash”) of its computer system; (ii) a full failure of the Licensed Software; or (iii) a failure of its computer system or the Licensed Software which, in either case, prevents Licensee from performing data processing which is critical to Licensee’s operations on the day on which the alleged Documented Defect is reported.

“Priority Two Call” means a Notification that Licensee believes that a Documented Defect has caused a partial failure of Licensee’s computer system or the Licensed Software which significantly hinders its ability to perform data processing which is critical to Licensee’s operations on the day on which the alleged Documented Defect is reported.

“Priority Three Call” means a Notification that Licensee believes that a Documented Defect has caused an intermittent failure of, or problem with, its computer system or the Licensed Software that causes a significant delay in Licensee’s ability to perform data processing on the day on which the alleged Documented Defect is reported, but where the processing is not critical to Licensee’s operations.

“Priority Four Call” means a Notification that Licensee believes that a Documented Defect has caused a problem with its computer system or the Licensed Software that does not significantly affect critical processing.

II. Hours During Which Maintenance Provider’s “ActionLine” Telephone Support Will be Available to Licensee in Connection with the Provision of Maintenance: Five (5) days per week, Monday through Friday, excluding United States holidays and Maintenance Provider-observed holidays, from 8:00 AM to 8:00 PM (Eastern US Time).

III. Targeted Response Times: With respect to Maintenance Provider’s Maintenance obligations, Maintenance Provider will use reasonable efforts to respond to Notifications from Licensee relating to the Baseline Component Systems identified in Exhibit 1 in accordance with the following guidelines, with the time period to be measured beginning with the first Maintenance Provider ActionLine business hour occurring after Maintenance Provider’s receipt of the Notification:

- **Priority One Calls** – two (2) hours or less.
- **Priority Two Calls** – four (4) hours or less.
- **Priority Three Calls** – twenty-four (24) hours or less.
- **Priority Four Calls** – seventy-two (72) hours or less.

Notes: (1) For purposes of these targets, a “response” will mean as an initial contact from an Maintenance Provider representative to Licensee to begin evaluation of the problem reported under one of the categories of calls identified above; (2) As a prerequisite to Maintenance Provider’s obligation to respond to Licensee, Licensee must follow the policies and procedures of Maintenance Provider’s ActionLine (such as the dialing of a particular phone number, the categorization of a particular problem, etc.) when submitting its Notification.
UNIVERSITY OF IDAHO

SUBJECT
Disposal of Regents real property located in rural Latah County.

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section V.1.5.b(3).

BACKGROUND/DISCUSSION
In 1943 Neta Bailey donated a 3 acre parcel north of Moscow to the Board of Regents of the University of Idaho (UI) for the purpose of “advancing the Department of Forestry at the University of Idaho.” However, the donated parcel is distant from the University’s Experimental Forest and has remained largely unused by UI forestry-related programs. The property’s small size, proximity to private residences and a popular local nature preserve, and the condition of the forest make it poorly suited either for instruction or economic harvest.

The parcel does not have frontage on a public road and there is no recorded easement or existing driveway to the undeveloped parcel from a public road. The property has recently been appraised in its “as is” condition (without access) at $18,000. At the same time the property was also appraised with the hypothetical condition that it has legal access from the nearest public road. Under this hypothetical condition, the property’s estimated market value is $44,000. As shown in the attached Purchase and Sale Agreement between a neighboring property owner and the University, the buyer has agreed to pay $33,000 for the property in its present condition without frontage on a public road or benefitting from a recorded access easement. The executed purchase agreement is contingent upon approval from the Board of Regents.

IMPACT
The University will pay costs of sale (approximately $150) and the net proceeds ($32,850) will be used to support teaching and research efforts to improve scientific and public understanding of forest regeneration, conservation, and restoration through the College of Natural Resources’ Center for Forest Nursery and Seedling Research.

STAFF COMMENTS AND RECOMMENDATIONS
Staff recommends approval.
BOARD ACTION

I move to approve the request by the University of Idaho to dispose of three (3) acres of undeveloped forest land for a selling price of $33,000 and to pay transaction costs as set forth in the Purchase and Sale Agreement submitted to the Board; and further to authorize the Vice President for Finance and Administration, and Bursar of the University of Idaho to execute all necessary transaction documents for closing the sale.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
PURCHASE AND SALE AGREEMENT

THIS PURCHASE AND SALE AGREEMENT ("Agreement") is entered into on April 28, 2014, between The Board of Regents of the University of Idaho, a state educational institution and body politic and corporate organized and existing under the constitution and laws of the State of Idaho ("Seller"), and John H. Norton, 1522 Borah Ave, Moscow ID 83843 ("Buyer"). This Agreement may be assigned by Buyer to a trust or other entity created by Buyer, with the prior written consent of Seller, which consent shall not be unreasonably withheld.

1. Purchase and Sale.

Seller shall sell and Buyer shall purchase that certain real property located in the County of Latah, State of Idaho, and more particularly described in Exhibit A, together with all easements, rights and appurtenances thereto and improvements thereon, all in accordance with the terms and conditions hereinafter set forth ("Subject Property").

2. License for Entry.

Seller grants to Buyer a license to enter upon Subject Property for all purposes reasonably related to a full and adequate determination of its suitability, including, without limitation, the right to conduct surveys, soils tests, engineering studies, and environmental tests and audits.

The purchase price of the Subject Property is the sum of Thirty-three Thousand Dollars ($33,000) ("Purchase Price").

Notwithstanding anything to the contrary in this Agreement, Buyer shall not be obligated to purchase the Subject Property and Seller shall not be obligated to sell unless at or prior to closing each of the following conditions has been met or waived in writing. The parties agree to cooperate with one another to execute any documents which may be necessary or convenient to the performance of these conditions:

(a) **Buyer’s due diligence**: Buyer acknowledges that Seller obtained the Subject Property via gift and Seller has not occupied or utilized the subject property. Seller makes no representations as to the title, status or utility of the property other than as specifically set forth herein and Buyer shall have a due diligence period from the date of execution hereof until July 3, 2014 to perform such examination of the Subject Property and the title thereto to satisfy Buyer, including

(i) **Title Insurance**: Buyer is able to obtain, at Buyer’s cost, from a title insurance company authorized to do business in the State of Idaho a commitment for a policy of title insurance, including any endorsements reasonably required by Buyer in the full amount of the Purchase Price, insuring marketable fee simple title to the Subject Property in Buyer. Between the date of this Agreement and the earlier of closing or the termination of this Agreement, Seller shall not enter into any lease or occupancy agreement affecting the Subject Property or any portion thereof unless first approved in writing by Buyer.

(ii) **Boundary Survey and Environmental Hazards**: Such surveys of the boundary and such environmental tests and audits of the Subject Property deemed
necessary by Buyer to determine that status of the Subject Property with respect to hazardous materials, as well as the suitability of the property, in Buyer’s sole opinion, for Buyer’s intended use or uses.

(b) Seller’s Board Approval. Seller has obtained approval from Seller’s governing body, the Board of Regents of the University of Idaho ("Board of Regents") to convey the Subject Property in accordance with the terms of this Agreement. The parties acknowledge that the execution and delivery of this agreement is made prior to presentation of the proposed transaction and the terms hereof to the Board of Regents for the foregoing approval. The determination of the Board of Regents whether to approve is an independent decision of the Board of Regents, and nothing herein shall be deemed bind the Board of Regents in favor of approval, or to limit the independent discretion of the Board of Regents in making its decision.

(c) At any time during the due diligence period, Buyer may elect to terminate this agreement upon fifteen (15) days’ prior written notice to Seller and this Agreement shall terminate. In the event the Board of Regents denies approval of this agreement, or approval is not obtained prior to the end of the due diligence period, this Agreement shall terminate. In the event of any such termination of this Agreement, both parties shall be released from any further obligations hereunder except for liabilities, actual or contingent, which arose prior to the date of termination.

5. Closing Agent.

Latah County Title Company shall serve as the Closing Agent. Seller shall deliver to the Closing Agent on or before July 11, 2014, i) a duly executed and acknowledged Bargain and Sale Deed ("Deed"), similar to that attached as Exhibit B, conveying all of Seller’s right, title
and interest in Subject Property to Buyer, together with instructions to deliver and record Deed after Buyer deposits Purchase Price with the Closing Agent. On or before July 3, 2014, Buyer shall notify Seller and Closing Agent, in writing that Buyer is satisfied with the conditions of transaction closing as set forth in Section 4 of this Agreement. Upon acknowledgment that all of the conditions of transaction closing as set forth in Section 4 have been met by Buyer and Seller, Buyer shall deposit the Purchase Price with the Closing Agent with instructions to disburse the Purchase Price to Seller upon recordation of the Deed by Closing Agent.

6. Closing.

Once all conditions of transaction closing (as described in Section 4 of this Agreement) have been completed, the Deed is delivered, and the Purchase Price is deposited, the Closing Agent shall complete the transaction as prescribed by this Agreement ("Closing"). Upon Closing, possession shall pass to Buyer.

7. Costs.

Seller shall pay closing fees and arrange Deed recording. Buyer is not ordering title insurance and title insurance shall not be provided at Seller’s cost. Taxes and utilities (if any) shall be prorated as of the time of transfer of possession from Seller to Buyer.

8. Commissions.

Each party represents and warrants that it has not dealt with or contracted with any broker, agent or finder to act in their behalf in connection with this transaction.
9. **Seller’s Representations and Warranties.**

   (a) Seller represents and warrants that Seller has authority to enter into this Agreement (subject to the condition listed in Section 4 (b) herein) and to grant the license granted in Section 2.

   (b) Seller represents and warrants all of the following:

       (i) There are no pending actions against Seller (or to Seller’s knowledge, against any other person or entity) which relate to the condition or use of the Subject Property and Seller has no knowledge of any facts or circumstances which could give rise to such action. Without limiting the foregoing, there are no pending or threatened condemnation proceedings which could affect all or any portion of the Subject Property, or the performance by Seller of any of its obligations set forth in this Agreement.

   (c) Seller represents and warrants that, to Seller’s knowledge, the Subject Property is not subject to any existing, pending or future impact fees, bonds or assessments and Seller does not know of any present or proposed public improvements which could give rise to the same.

   (d) Seller represents and warrants that, to Seller’s knowledge, there are no attachments, executions, assignments for the benefit of creditors, or voluntary or involuntary proceedings contemplated by, or pending or threatened against, Seller which could prevent or delay the consummation of this transaction.

   (e) Seller represents and warrants that execution, delivery and performance of this Agreement has been duly authorized and approved by all actions necessary by Seller, on the
part of Seller, and that this Agreement (subject to the condition described by Section 4(b) herein) constitutes valid and binding agreement of Seller in accordance with their terms.

The representations and warranties set forth in this Section 9 shall constitute continuing representations and warranties and shall be deemed to be true and correct as of the date of closing of Buyer’s purchase of the Subject Property.

10. **No Representation of public access.** Seller does NOT represent and makes NO warranty that the Subject Property is benefitted by any recorded easement or that the Subject Property has frontage on any public right of way.

11. **Condemnation.**

   Should any entity having the power of condemnation bring an action or otherwise indicate an intent prior to the time of closing to acquire all or any portion of, or any interest in, the Subject Property, Buyer, at Buyer’s sole option, may elect either (i) to terminate Buyer’s obligation to purchase the Subject Property by giving written notice to Seller at any time prior to the time of closing, or (ii) to complete the purchase of the Subject Property with Seller immediately appointing Buyer its attorney-in-fact to negotiate with said condemning entity as to its interest in the Subject Property and assigning to Buyer all amounts to be awarded for the Subject Property. Seller agrees to provide Buyer, within ten (10) days after Seller’s receipt of same but in no event later than the time of closing, written notice of any actual or threatened condemnation proceeding.

12. **Successors.**

   This Agreement shall be binding on the heirs, successors, assigns and personal representatives of the parties hereto.
13. **Attorneys' Fees.**

In the event either party initiates or defends any legal action or proceeding in any way connected with this Agreement, the prevailing party in any such action or proceeding (in addition to any other relief which may be granted, whether legal or equitable), shall be entitled to recover from the losing party in any such action its reasonable costs and attorneys' fees (including, without limitation, its reasonable costs and attorneys' fees on any appeal). All such costs and attorneys' fees shall be deemed to have accrued on commencement of any legal action or proceeding and shall be enforceable whether or not such legal action or proceeding is prosecuted to judgment.

14. **Default.**

   (a) Neither party shall be deemed to be in default of this Agreement except upon the expiration of thirty (30) days from receipt of written notice from the other party specifying the particulars in which such party has failed to perform its obligations (or breached any of its representations or warranties) under this Agreement unless such party, prior to expiration of said thirty (30) day period, has rectified the particulars specified in said notice of default.

   (b) In the event of a default, the nondefaulting party may:

      (i) Terminate this Agreement upon written notice to the defaulting party, and recover from the defaulting party all damages incurred by the nondefaulting party;
(ii) Seek specific performance of this Agreement, and, in addition, recover all damages incurred by the nondefaulting party. The parties declare it to be their intent that this Agreement may be specifically enforced;

(iii) Perform or pay any obligation or encumbrance necessary to cure the default and offset the cost thereof from monies otherwise due the defaulting party or recover said monies from the defaulting party; and

(iv) Pursue all other remedies available at law, it being the intent of the parties that remedies be cumulative and liberally enforced so as to adequately and completely compensate the nondefaulting party.

15. Notices.

(a) All notices given pursuant to this Agreement shall be in writing and shall be given by personal service, by United States mail or by United States express mail or other established express delivery service (such as Federal Express), postage or delivery charge prepaid, return receipt requested, addressed to the appropriate party at the address set forth below:

Seller: University of Idaho
Ronald E. Smith, Vice President Finance & Admin
875 Perimeter Dr MS 3168
Moscow ID 83844-3168

Buyer: John Norton
1522 Borah Ave
Moscow ID 83843
The person and address to which notices are to be given may be changed at any time by any party upon written notice to the other party. All notices given pursuant to this Agreement shall be deemed given upon receipt.

(b) For the purpose of this Agreement, the term “receipt” shall mean the earlier of any of the following: (i) the date of delivery of the notice or other document to the address specified pursuant to subparagraph (a) above as shown on the return receipt, (ii) the date of actual receipt of the notice or other document by the person or entity specified pursuant to subparagraph (a) above, or (iii) in the case of refusal to accept delivery or inability to deliver the notice or other document, the earlier of (A) the date of the attempted delivery or refusal to accept delivery, (B) the date of the postmark on the return receipt, or (C) the date of receipt of notice of refusal or notice of nondelivery by the sending party.

The captions and headings in this Agreement are for reference only and shall not be deemed to define or limit the scope or intent of any of the terms, covenants, conditions or agreements contained herein.

17. Entire Agreement.

This Agreement contains the entire agreement between the parties hereto and supersedes all prior agreements, oral or written, with respect to the subject matter hereof. The provisions of this Agreement shall be construed as a whole and not strictly for or against any party.

18. Venue and Governing Law.

Any legal proceeding instituted between the parties shall be in the courts of the County of Latah, State of Idaho, and each of the parties agrees to submit to the jurisdiction of such
courts. It is further agreed that this Agreement shall be governed by the laws of the State of Idaho.

This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which shall constitute a single instrument, and shall be effective upon execution of one or more of such counterparts by each of the parties hereto.

20. Survival.

All of the representations and warranties set forth in this Agreement shall constitute continuing representations and warranties, shall be deemed to be true and correct as of the date of Closing, and shall (along with all indemnification, defense and hold harmless obligations related thereto) survive Closing.

This Agreement is not intended to create, nor shall it in any way be interpreted or construed to create, any third party beneficiary rights in any person not a party hereto unless otherwise expressly provided herein.

EXECUTED as of the date first above written.

List of Exhibits and Schedule

Exhibit "A" – Legal Description

Exhibit "B" – Bargain and Sale Deed
EXHIBIT A

A parcel of land in Latah County, State of Idaho, commencing at the Southwest corner of the Northeast quarter of the Northwest Quarter of Section 22, Township 40 North, Range 5 West, Boise Meridian, thence North 24 rods, thence East 20 rods, thence South 24 rods, thence West 20 rods to the place of beginning.

And more particularly described in the Record of Survey recorded at Latah County Recorder’s No. 534060 (therein referred to as University of Idaho WD Inst. No. 152472) as:

A parcel of land in Latah County, State of Idaho, commencing at the Southwest corner of the Northeast quarter of the Northwest Quarter of Section 22, Township 40 North, Range 5 West, Boise Meridian, being the Point of Beginning; thence N 01° 57’ 09” a distance of 396.00 feet; thence N 88° 53’ 09” E a distance of 330.00 feet; thence S 01° 57’ 09” W a distance of 396.00 feet to the South line of the NE1/4NW1/4 of said Section 22, thence west along said South line 330.00 feet to the Point of Beginning.
EXHIBIT B

BARGAIN AND SALE DEED

GRANTOR, the BOARD OF REGENTS OF THE UNIVERSITY OF IDAHO, a body politic and corporate organized and existing under the laws and constitution of the state of Idaho, for good and valuable consideration, the receipt of which is hereby acknowledged, does hereby grant, bargain, sell and convey unto *********, *********, whose current address is *********, as GRANTEE, and to grantee's heirs and assigns forever, all of the real property, improvements, and appurtenances on the premises described specifically as follows:

A parcel of land in Latah County, State of Idaho, commencing at the Southwest corner of the Northeast quarter of the Northwest Quarter of Section 22, Township 40 North, Range 5 West, Boise Meridian, thence North 24 rods, thence East 20 rods, thence South 24 rods, thence West 20 rods to the place of beginning.

And more particularly described in the Record of Survey recorded at Latah County Recorder's No. 534060 (therein referred to as University of Idaho WD Inst. No. 152472) as:

A parcel of land in Latah County, State of Idaho, commencing at the Southwest corner of the Northeast quarter of the Northwest Quarter of Section 22, Township 40 North, Range 5 West, Boise Meridian, being the Point of Beginning; thence N 01° 57' 09" a distance of 396.00 feet; thence N 88° 53' 09" E a distance of 330.00 feet; thence S 01° 57' 09" W a distance of 396.00 feet to the South line of the NE1/4NW1/4 of said Section 22, thence west along said South line 330.00 feet to the Point of Beginning.

TOGETHER with all and singular, the rights and appurtenances pertaining to such real property, as they exist, including any and all timber, water rights, mineral rights, easements, rights-of-way and any and all improvements constructed thereon.

SUBJECT to all rights of reversion, reservations, easements, rights-of-way and defects in title arising prior to Grantor's ownership of the premises, Grantor warrants to Grantee, its successors and assigns, that Grantor has not created or permitted to be created any encumbrance, lien, charge, reservation or impediment of any kind against the premises and Grantor covenants that it will defend said premises to the extent of the warranties made herein against the lawful claim of all persons.
GRANTEE, by accepting delivery of this Bargain and Sale Deed, acknowledges and agrees that Grantee has had an opportunity to investigate title to and inspect and test the premises to the extent that Grantee deemed appropriate and that Grantee is satisfied with the title and the premises. Grantee accepts the premises AS IS, WITH ALL FAULTS, KNOWN OR UNKNOWN, without any representations or warranties by Grantor, or any agent or representative of Grantor except as expressly set forth in this Bargain and Sale Deed.

IN WITNESS WHEREOF, GRANTOR has hereunto caused this instrument to be executed this ______ day of July 2014.

GRANTOR: Board of Regents of the University of Idaho

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section V.I.3.a

BACKGROUND/DISCUSSION
The most recent building management contract with Colliers International (Colliers) allowed for one base year of operations, plus up to four additional one-year options. Colliers performed well, and the University exercised the option each year. The final option year of the current contract expires on June 30, 2014.

The University of Idaho (UI) publicly advertised a Request for Qualifications (RFQ) in January 2014, seeking interest in the next five-year contract (again envisioned as a base year contract plus four option years). Four firms submitted materials in response to the RFQ. A selection committee found three of the four firms well qualified and interviewed each in March.

Oppenheimer Development Corporation was rated the top firm with notable strengths including admirable past performance in managing similar facilities in the Boise market, and exhibiting a keen focus upon customer satisfaction, communication, and service delivery. The University has since negotiated contract terms, as well as established the building operating budget for the base year of the anticipated contract.

The contract provides for all building operations, maintenance, and routine repairs, to include janitorial, custodial, and security services. Building reception, service call management, and commercial utility billing and reporting are also included. The contract is structured to cover all operating costs, plus a flat rate
management fee. Total contract costs are approximately $5.07 per square foot per year, to include all utilities. The University believes that continued outsourcing of the building management function best serves the University's need for economical and efficient building operations.

IMPACT
The contract covers the operating budget for the building, valued at $1,049,021 for FY15. The costs are billed proportionately among the condominium owners, the U.S. Forest Service (approx. 10% share) and the University of Idaho, on behalf of the state of Idaho (approx. 90% share). The University recovers a majority of these operating expenses from the tenants leasing space from the University (CH2M Hill and the Idaho Department of Water Resources). Contract amounts for subsequent years will be based on the budget to be submitted annually by Oppenheimer and subject to approval by the University.

The University will cover its proportionate share of the costs associated with this contract out of existing operating funds.

ATTACHMENTS
Attachment 1 – Proposed Contract  Page 5
Attachment 2 – FY15 Operating Budget  Page 21

STAFF COMMENTS AND RECOMMENDATIONS
Under the contract with Colliers approved by the Board in 2009, the contract valued started at $903,462 for FY 2010, with an escalator clause for an annual inflationary increase. The table below shows actual budget, cost per square foot and percent change in contract costs since FY 2010

* Proposed rate subject to Board approval

The proposed contract pricing with Oppenheimer reflects utility increases, but also includes a rebalancing of the HVAC system, and a software upgrade for the Siemens controls system which adds about $16k (~$0.07/sf or 1.6% of the increase) of extra work not normally undertaken.

Staff recommends approval.
BOARD ACTION

I move to approve the agreement between the University of Idaho and Oppenheimer Development Corporation, in substantial conformance to the form submitted to the Board in Attachment 1.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
MANAGEMENT AGREEMENT

THIS AGREEMENT is made and entered into as of this 1st day of July, 2014, by and between the University of Idaho, a public corporation, state educational institution, organized and existing under the Constitution and laws of the state of Idaho (herein after called "Institution"), whose address is 875 Perimeter Dr., MS 3168, Moscow, Idaho 83844-3168 and Oppenheimer Development Corporation, (hereinafter called "Manager") whose address is 877 W. Main St., Suite 700 Boise, ID 83702.

RECITALS

The Property is known as the Idaho Water Center (hereinafter called "Property"), together with all improvements erected thereon and all personal property of the Institution located thereon. The Property is located at 322 East Front Street, Boise, ID 83702.

Manager is licensed to manage real estate in the State of Idaho and is in the business of managing and operating real estate.

The Institution desires to appoint Manager to manage the day-to-day operations of the Property consistent with Institution's objectives of maximizing the Property's economic value.

This Agreement is entered into to set forth the terms on which Manager will manage the Property.

NOW THEREFORE, incorporating the Recitals as set forth above, and in consideration of the mutual covenants herein contained, Institution and Manager mutually hereby agree as follows:

DEFINITIONS

The terms used in this Agreement shall have the following meanings:

"Authorized Expenses" shall be those expenses included within the Institution-Approved Budget, and such additional expenses as may thereafter be approved by Institution in writing.

"Institution-Approved Budget" shall be the budget approved pursuant to Section 3.8 and included here as Exhibit A.

"Operating Account" shall have the meaning ascribed to it in Section 3.9.

"Fiscal Year" shall coincide with the State Fiscal Year: 1 July through 30 June.
ARTICLE I
TERM

Institution hereby appoints and Manager hereby accepts appointment as exclusive Manager for the Property for the period of 1 July 2014 through June 30, 2015. This Agreement also includes four additional one-year option periods, corresponding to state fiscal years 2016, 2017, 2018, and 2019. Contingent upon sustained satisfactory performance by the Manager, the Institution, at its sole discretion, may choose to exercise an option on the Agreement. The Institution shall provide written notification to the Manager of the intent to exercise an option on the Agreement not less than sixty (60) days prior to the end of the current performance period.

This Agreement is cancelable without cause by either party on not less than sixty (60) days advance written notice, which notice may be given at any time during a month, provided that in any event the cancellation shall be effective at the end of the calendar month in which the sixty (60) day notice period ends.

ARTICLE II
COMPENSATION OF MANAGER

The compensation and payment thereof for management of the Property shall be as follows:

2.1 Management Fee. Institution agrees to pay Manager and Manager agrees to accept as full management fee for the services to be rendered to Institution an amount equal to $12,500.00, monthly, subject to an annual review by the parties and negotiation for any potential increase for the next contract year. In no case will an increase exceed 3%. Such fee shall be payable monthly in arrears commencing upon the last day of the first initial month of this Agreement.

2.2 Maintenance Compensation. Manager shall do everything reasonably necessary for the proper management of the Property, including supervision and staffing of building reception and maintenance/engineering services, regular workday inspections of building systems and services, and arranging for such improvements, alterations, and repairs as may be required by Institution. In the event there is ever a need for additional labor above and beyond the onsite building engineers, and it is determined that the providing of additional maintenance from Manager shall be the most effective method of resolving a maintenance issue, Manager shall provide said labor at a commercially reasonable rate not to exceed $38.00 per hour, price subject to change with thirty (30) days prior written notice. No improvements, alterations or repair work costing more than Five Thousand
Dollars ($5,000) shall be made by Manager without Institution’s prior written authorization unless it is part of a pre-approved budget. In the case of an emergency, as described in paragraph 3.5, that requires immediate repairs or alterations, if Institution is not readily available for consultation, Manager may use its discretion and judgment regarding same to make repairs.

2.3 Tenant Improvement/ Capital Improvement / Oversight.

Tenant Improvement/Capital Improvement is defined as any alteration, renovation, or new construction project which alters the intended use of a space within the building or which supports the reassignment of the space from one owner/occupant to another.

A. All improvements valued under $15,000 require Institutional written approval of project and oversight of Manager’s activities in the selection of the contractor(s). Manager shall select contractor(s) in conformity with Institution policy and procedure, and State Board of Education and Board of Regents Policies and procedures. Manager shall provide Institution a written report prior to, and after the bid process to insure proper process was followed. Manager shall be responsible for all supervision and oversight of the contractor and shall hold the contract with the selected contractor.

B. All improvements valued at or over $15,000 require Institution written approval and Institution participation in the selection of contractor(s). Selection of contractor(s) shall be in conformity with Institution policies and procedures and State Board of Education and Board of Regents Policies and procedures. Institution may, at its sole option, request in writing the services of Manager, in which case Manager shall hold the contract with the selected contractor. Nothing in this Agreement prohibits Institution from soliciting bids for and managing improvements valued at or over $15,000 independent of and without any involvement of Manager.

C. Any Tenant Improvement/Capital Improvement approved by the Institution and undertaken or supervised by the Manager shall be treated as additional work outside of the approved budget. The Management fee for any such tenant or capital improvement shall be on a percentage basis as follows:

   Improvement with a total costs of up to $15,000 . . . . . . . . 5.0%
   Improvement with a total cost at or over $15,000 . . . . . . . 5.0%

2.4 General Overhead. Institution shall not additionally compensate or reimburse Manager for Manager's normal central office overhead expenses other than as provided in Section 3.6 and those expressly approved in the Institution-Approved Budget.
2.5 Other Financial Reports and Audits. Property Manager shall furnish to Institution as promptly as practicable all routine financial reports and such other financial reports, statements, audits or other information, outside the usual and customary reporting, with respect to the operations of the Property as Institution may from time to time reasonably request.

ARTICLE III

RESPONSIBILITIES OF MANAGER

3.1 Manager shall operate, manage, and maintain the Property as an independent contractor acting as agent for Institution in accordance with Idaho real estate law and sound property management practices. Manager shall exercise prudence and diligence in performing its duties. The responsibilities of the Manager shall include, but not be limited to, the following:

3.2 Compliance with Legal Requirements. Manager shall take such action as may be necessary to comply with any and all orders or requirements affecting the Property by any federal, state, county or municipal authority having jurisdiction thereover and of which Manager has received written notice.

Manager, however, shall not take any such action as long as the Institution is contesting, or has affirmed its intention to contest, and promptly institutes proceedings contesting, any such order or requirement except that Institution and Manager shall promptly notify each other in writing of all such orders and notices or requirements. Manager shall prepare, execute, and, after obtaining the approval of Institution, file any such reports and documents as may be required by any local, state, or federal authority.

Manager shall manage the Property under this Agreement in full compliance with any applicable state or federal legislation governing discrimination or fairness in housing or business, and shall take action considered appropriate to carry out the purposes of any such legislation.

3.3 Operation. Manager shall continually operate the Property as a high-quality project, and shall perform all acts which are customary for the management of properties of like size and character or as may be required for the efficient and businesslike operation of the Property.

3.4 Maintenance and Repairs. Manager shall, within the limitations of the Institution-Approved Budget, see that the physical facilities, personal property, and grounds are at all times well maintained, kept in good order and repair, and in a proper state of cleanliness.

Manager shall, in accordance with the approved operating budget, make or contract for all repairs that shall reasonably be required to preserve, maintain, and keep the Property
in first-class condition. To the extent that Manager must contract out for such services, all such contracts shall be the responsibility of Manager.

Manager shall obtain and maintain records and enforce any guarantees or warranties that may concern Institution's personal property included within the Property. Written approval of the Institution must be obtained before pursuing any legal remedies to enforce said guarantees or warranties.

3.5 Emergency Maintenance and Repair. In an emergency where repairs are immediately necessary for the preservation and safety of the Property, or to avoid the suspension of any essential service to the Property, or to avoid danger to life or property, or to comply with federal, state, or local law, such emergency repairs shall be made by Manager at Institution's expense without prior written approval. Manager shall report to the Institution full details of any emergency orally within one (1) business day and by written report remitted within one (1) week of the incident.

Manager shall notify Institution or Institution's designated insurance agent promptly of any personal injury or property damage occurring to or claimed by any tenant or third party on or with respect to the Property and to promptly forward to such insurance agent, with copies to Institution, any summons, subpoena, or other legal document served upon Manager relating to the actual or alleged potential liability of the Institution, Manager, or the Property, with copies to Institution of all such documents.

3.6 Employment and Supervision of Personnel. Manager shall employ and supervise all personnel required for the operation, maintenance, and management of the Property. All such employees shall be employees of the Manager, and shall not be employees of the Institution.

Manager agrees not to discriminate against any employee or applicant for employment in the performance of this Agreement, with respect to tenure, terms, conditions or privileges of employment, or any matter directly or indirectly related to employment, because of race, sex, color, religion, disability, sexual orientation, status as a veteran, national origin or ancestry. Breach of this covenant may be regarded as a material breach of this agreement.

Manager shall procure and maintain worker's compensation insurance and employer's liability insurance covering all employees working on or about the Property, and fidelity bonds or employee dishonesty insurance, covering all employees who handle funds of the Institution.

Manager is solely responsible for payment of income, social security, and employment taxes due to the proper taxing authorities and Institution shall not deduct such taxes from any payments to Manager hereunder. Manager shall prepare, maintain, and file all necessary reports with respect to such taxes or deductions and all other necessary statements and reports pertaining to labor employed by Manager in or about the Property. Costs of administering and managing such personnel are to be borne by Manager.
3.7 Disclosure. Manager shall disclose the name of any property owned and/or managed by the Manager which is within a two (2)-mile radius of the Property and any other property owned and/or managed by the Manager which is in direct competition with the Property. Subsequent like-kind conflicts shall also be disclosed immediately upon occurrence.

3.8 Institution-Approved Budget. An annual budget shall be submitted to the Institution prior to the beginning of each fiscal year. Exhibit A, attached and incorporated herein by reference, is the approved annual budget for the base contract period. Said budget shall include a detailed listing of all the estimated expenses required to operate the property, including but not limited to Janitorial, Window Washing, Repair and Maintenance, Preventative Maintenance, Engineering, Interior Landscaping, Management Fees, Capital Improvements, Utilities, Insurance, Master Association Fees, Capital Reserves and any other customary operating expenses. Said budget shall not include any expenses relating to the leasing of any of the space to be subleased, including commissions, as these items will fall outside of the scope of this Agreement and shall be covered by a separate agreement.

Manager shall submit, along with the budget, a projection of capital expenditures for the forthcoming Fiscal Year. After approval by the Institution in writing, budget shall be used by Manager as a guide for the actual operation of the Property and shall be subject to comparisons monthly. Manager agrees to obtain prior approval for any normal operating expenditure(s) which would cause any budget variance of Five Thousand Dollars ($5,000) and over, per occasion in any budget year, except for emergencies. All expenses within the Institution-Approved Budget are to be borne by Institution, and it shall be the responsibility of the Institution, to make available sufficient funds to Manager to meet expenses anticipated in the Institution-Approved Budget.

3.9 Operating Account. Manager, serving as Agent for Institution, shall establish and maintain on behalf of Institution, a non-interest bearing operating account and, if necessary, an interest bearing reserve account. Said account(s) shall be opened in the name of Manager as trustee for Institution, and maintained in a federally insured bank or savings institution. All receipts and disbursements for the operation of the Property shall be handled through these account(s). Institution shall be responsible for providing funds to pay the Institution-approved cash requirements of the Property on a timely basis. Manager shall have no proprietary interest in Operating Account or reserve account, and all funds in these accounts shall at all times be the property of the Institution. All interest on the reserve account shall accrue to Institution.

3.10 Collections. Manager shall make all reasonable steps to collect, and enforce the collection of, all payments and other charges due Institution for tenants of the Property in accordance with the terms of their tenancies and state and federal law.
3.11 **Payment of Bills.** From the Operating and/or Reserve Account(s), Manager is hereby authorized to pay or reimburse itself for all Institution’s expenses and costs of operating the Property, including property taxes, Institution’s insurance premiums, mortgage indebtedness, and for all other sums due Manager under this Agreement, including Manager's compensation under Section 2.1.

Institution shall give Manager advance written notice of at least seven (7) days if Institution desires Manager to make any additional monthly or recurring payments out of the proceeds from the Property. Any advance of funds by Manager must have prior approval by Institution.

In the event that the balance in the Operating and/or Reserve Account(s) is at any time insufficient to pay disbursements due and payable under Article II, Manager shall notify Institution of the deficiency. Manager shall give at least fifteen (15) days written notice to Institution of any funds required for deficiency and contingency reserve. Institution shall, immediately upon notice, remit to Manager sufficient funds to cover the deficiency and replenish the contingency reserve. In no event shall Manager be required to use its own funds to pay such disbursements, nor shall Manager be required to advance any monies to Institution or to bank accounts maintained by Manager on behalf of Institution. Manager shall pay, with all available Institution's funds, invoices in order of invoice date with the oldest taking the highest priority.

If Institution requests in writing and Manager elects to advance any money, only pursuant to a written agreement signed by both parties, in connection with the Property to pay any expenses for Institution, such advance shall be a loan subject to repayment with interest at an annual rate equal to the prevailing prime rate plus two percent (2.0%), calculated on a daily basis, and Institution hereby authorizes Manager to deduct such amounts from any monies due Institution.

Any balance existing in the Operating Account at the termination of this Agreement shall be returned to the Institution within thirty (30) days of termination, and the Institution agrees to pay expenses incurred during the term of the Agreement but which have not been received thirty (30) days after termination of the Agreement.

3.12 **Books, Records and Reports.** Manager shall establish and maintain an accounting and management reporting system that will duly account for all transactions relating to the Property.

On or before the thirtieth (30th) day of each month, Manager shall provide to Institution a report of the Property's operations for the preceding month, including:

- A detailed and itemized statement of all sources and uses of funds in a format satisfactory to Institution and Manager.
- A statement of ending balances in all trust accounts.
General comments regarding the Property's operation and any requirements by Manager for the Institution, such as payments to cover unexpected expenses.

For a period of three (3) years following completion of the services called for hereunder, Institution or its authorized representatives shall at all reasonable times have access to the accounting records, books and other records of the Manager, in order to audit all charges for the services as they relate to the Property. Manager shall keep Institution notified in writing of the location of all such records. Institution shall have the right to audit said records and books at Institution's expense.

All original reports and documents are to be retained in Manager's possession. Copies, as required, will be made available to the Institution. Manager will retain said records for a period of three (3) years, or as required by law, after which time the records shall be transferred to Institution. At the termination of this agreement all records, except those required by law to be retained by Manager, shall be returned to Institution for retention.

3.13 Use and Maintenance of Premises. Manager agrees not to knowingly permit the use of the Property for any purpose which might void any policy of insurance relating to the Property or which might render any loss there under uncollectible, or which would be in violation of any government restriction.

3.14 Parking Garage. Manager agrees to assume a lead role on behalf of the tenants in addressing building parking garage safety issues and needs through the parking garage owner and operator. In addition the Manager agrees to seek parking alternatives for tenants as may be warranted from time to time.

3.15 Local Communications. Manager agrees to maintain regular communications with institution local personnel keeping the Operations Coordinator/Events Manager apprised of operational, scheduling, parking and other matters that may impact institutional operations and employees.

ARTICLE IV

INSURANCE AND INDEMNIFICATION

4.1 Insurance

4.1.1 General Requirements. Manager is required to carry the types and limits of insurance shown in this insurance clause, section 4.1.2, and to provide Institution with a Certificate of Insurance (“certificate”). Certificates shall be provided within seven (7) days of the signing of the contract by the Manager. Certificates shall be executed by a duly authorized representative of each insurer, showing compliance with the insurance requirements set forth below. All certificates shall provide for thirty (30) days’ written notice to Institution prior to cancellation, non-renewal, or other material change of any
insurance referred to therein as evidenced by return receipt of United States certified mail. Said certificates shall evidence compliance with all provisions of this section.

Additionally and at its option, Institution may request certified copies of required policies and endorsements. Such copies shall be provided within (10) ten days of the Institution’s request.

All insurance required hereunder shall be maintained in full force and effect with insurers with Best’s rating of AV or better and be licensed and admitted in Idaho. All policies required shall be written as primary policies and not contributing to nor in excess of any coverage Institution may choose to maintain. Failure to maintain the required insurance may result in termination of this Agreement at Institution’s option.

All policies shall name Institution as Additional Insured. On the certificate, the Institution shall be stated as: “State of Idaho and The Regents of the University of Idaho”. Certificates shall be mailed to: University of Idaho, Risk Management, 875 Perimeter Drive, MS 3162, Moscow, ID 83844-3162.

Failure of Institution to demand such certificate or other evidence of full compliance with these insurance requirements or failure of Institution to identify a deficiency from evidence that is provided shall not be construed as a waiver of Manager’s obligation to maintain such insurance.

No Representation of Coverage Adequacy. By requiring insurance herein, Institution does not represent that coverage and limits will necessarily be adequate to protect Manager, and such coverage and limits shall not be deemed as a limitation on Manager’s liability under the indemnities granted to Institution in this section.

4.1.2 Required Insurance Coverage. Manager shall at its own expense obtain and maintain:

4.1.2.1 Commercial General and Umbrella / Excess Liability Insurance. Manager shall maintain Commercial General Liability (“CGL”) written on an occurrence basis and with a limit of not less than $1,000,000 each occurrence and in the aggregate. If such CGL insurance contains a general aggregate limit, it shall apply separately by location and shall not be less than $1,000,000. CGL insurance shall be written on standard ISO occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal injury and advertising injury, and liability assumed under a Manager contract including the tort liability of another assumed in a business contract. Waiver of subrogation language shall be included. If necessary to provide the required limits, the Commercial General Liability policy’s limits may be layered with a Commercial Umbrella or Excess Liability policy.

4.1.2.2 Commercial Auto Insurance. For any corporate vehicles in use, Manager shall maintain a Commercial Auto policy with a Combined Single Limit of not
less than $1,000,000; Underinsured and Uninsured Motorists limit of not less than
$1,000,000; Comprehensive; Collision; and a Medical Payments limit of not less than
$10,000. Coverage shall include Non-Owned and Hired Car coverage. Waiver of
subrogation language shall be included.

4.1.2.3 Personal property. Manager shall purchase insurance to cover
Manager's personal property. In no event shall Institution be liable for any damage to or
loss of personal property sustained by Manager, even if such loss is caused by the
negligence of Institution, its employees, officers or agents. Waiver of subrogation
language shall be included.

4.1.2.4 Workers’ Compensation. Manager shall maintain all coverage
statutorily required of the Manager, and coverage shall be in accordance with the laws of
Idaho. Manager shall maintain Employer’s Liability with limits of not less than $100,000
/ $500,000 / $100,000.

4.1.2.5 Professional Liability. If available generally to members of the
Manager’s profession, Manager shall maintain Professional Liability (Errors &
Omissions) insurance on a claims made basis, covering claims made during the policy
period and reported within three years of the date of occurrence. Limits of liability shall
be not less than one million dollars ($1,000,000).

4.2 Indemnification and Hold Harmless. Manager shall indemnify, defend and hold
harmless the State of Idaho, and Institution and its governing board, employees, agents,
and assigns, from and against any and all claims, losses, damages, injuries, liabilities and
all costs, including attorneys fees, court costs and expenses and liabilities incurred in or
from any such claim, arising from any breach or default in the performance of any
obligation on Manager's part to be performed under the terms of this Agreement, or
arising from any act, negligence or the failure to act of Manager, or any of its agents,
contractors, employees, invitees or guests.

Subject to the limits of liability specified in Idaho Code 6-901 through 6-929, known as
the Idaho Tort Claims Act, the University shall indemnify and hold harmless Manager, its
agents, and employees, from and/or against any and all claims, damages, and liabilities
(including reasonable attorney's fees) that may be suffered or incurred and that arise as a
direct result of and which are caused by the University's possession, operations, or
performance under this agreement. This indemnification does not apply when such
claims, damages, and liabilities are the result of negligent acts, errors, omissions or fault
on the part of Manager, its agents or assigns, or when the claim or suit is made against
Manager by the University, the State of Idaho, or any of its agencies. Manager shall
promptly notify the University of Idaho, Attn: Risk Management Officer, 875 Perimeter
Dr., MS 3162, Moscow, Idaho 83844-3162, of any such claim of which it has knowledge
and shall cooperate fully with the University or its representatives in the defense of the
same. The University's liability coverage is provided through a self-funded liability
program administered by the State of Idaho Office of Insurance Management. Limits of
liability, and this indemnification, are $500,000 Combined Single Limits, which amount is the University’s limit of liability under the Idaho Tort Claims Act.

**ARTICLE V**

**TERMINATION**

5.1 *Termination of Contract.* Notwithstanding the provisions of Article I above to the contrary, either party may terminate this Agreement at any time at its election, provided only that at least sixty (60) days written notice of such termination is given to the other party.

5.2 *Obligations Upon Termination.* Upon termination of this Agreement, for whatever reason, each party shall promptly pay to the other, as soon as the same is determinable after the effective date of termination, all amounts due such other party under the terms of this Agreement, and upon such payment neither party shall have any further claim or right against the other, except as expressly provided hereinafter.

Upon termination for whatever cause, Manager shall, not later than the effective date of termination, deliver to the Institution, copies of documents in its possession necessary or desirable for the operation of the property, including but not limited to: all books, permits, plans, records, licenses, contracts and other documents pertaining to the Property and its operation, all insurance policies, bills of sale, or other documents evidencing title or rights of the Institution.

All personal property of Institution, whether on the premises of the Property or elsewhere, shall be delivered intact to Institution or Institution's representative. The Operating Account provided for in Section 3.9 hereof will be transferred as directed by the Institution. Manager further agrees to do all other things reasonably necessary to cause an orderly transition of the management of the Property without detriment to the rights of the Institution or to the continued management of the Property.

**ARTICLE VI**

**MISCELLANEOUS PROVISIONS**

6.1 *Headings.* The headings used herein are for purposes of convenience only and should not be used in constructing the provisions hereof.

6.2 *Notice.* Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:
To the Institution: Vice President for Finance and Administration
University of Idaho
875 Perimeter Dr., MS 3168
Moscow, ID 83844-3168
Phone: (208) 885-6174
Fax: (208) 885-5504

with copies to:

Assistant Vice President, Facilities
University of Idaho
875 Perimeter Dr. MS 2281
Moscow, ID 83843-2281
Phone: (208) 885-6246
Fax: (208) 885-9333

and

Associate Vice President & CEO
University of Idaho
322 East Front Street; Suite #350
Boise, ID 83702
Phone: (208)364-4002
Phone: (208) 364-4041 (direct line)
Fax: (208) 364-4084

To Manager: Oppenheimer Development Corporation
877 W. Main St., Suite 700
Boise, Idaho 83702

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.3 Relationship of the Parties. It is expressly understood that Manager is an independent contractor and not the partner, or employee of Institution. Manager and Manager's workers are not employees of Institution and are not entitled to tax withholding, Workers' Compensation, unemployment compensation, or any employee benefits, statutory or otherwise. The relationship between the parties is that of principal and agent, and Manager is governed under the regulations promulgated by the Idaho Real Estate Commission.

6.4 Covenant of Further Assurances. The parties hereby agree to execute such other documents and perform such other acts as may be necessary or desirable to carry out the purposes of this Agreement.
6.5. **Confidentiality of Information.**

6.5.1 Manager agrees to keep confidential and not to disclose to third parties any information provided by Institution pursuant to or learned by Manager during the course of this Agreement unless Manager has received the prior written consent of Institution to make such disclosure. This obligation of confidentiality does not extend to any information that:

6.5.1.1 Was in the possession of Manager at the time of disclosure by Institution, directly or indirectly;

6.5.1.2 Is or shall become, through no fault of Manager, available to the general public, or

6.5.1.3 Is independently developed and hereafter supplied to Manager by a third party without restriction or disclosure.

6.5.2 This provision shall survive expiration and termination of this Agreement.

6.6 **Entire Agreement.** This document represents the entire agreement between the parties with respect to the subject matter hereof, and to the extent inconsistent therewith, supersedes all other prior agreements, representations, and covenants, oral or written. Amendments to this Agreement must be in writing and signed by both parties.

6.7 **Assignment.** Institution shall have the right to assign at its discretion, this agreement and all its rights, duties and responsibilities to the entity or entities who either are owner-occupants in the Idaho Water Center or who are charged with managing the Water Center under the IWC Condominium Declaration. Manager may not assign the rights or delegate the obligations under this Agreement without Institution's prior written consent.

6.8 **Successors and Assigns.** Subject to the limitations concerning assignment, this Agreement shall be binding upon and inure to the benefit of the parties, their heirs, legal representatives and successors.

6.9 **Attorney Fees.** In the event of any controversy, claim or action being filed or instituted between the parties to this Agreement to enforce the terms and conditions of this Agreement or arising from the breach of any provision hereof, the prevailing party will be entitled to receive from the other party all costs, damages, and expenses, including reasonable attorneys' fees, incurred by the prevailing party, whether or not such controversy or claim is litigated or prosecuted to judgment. The prevailing party will be that party who was awarded judgment as a result of trial or arbitration, or who receives a payment of money from the other party in settlement of claims asserted by that party.

6.10 **Non-Waiver.** The delay or failure of either party to exercise any of its rights under this Agreement for a breach thereof shall not be deemed to be a waiver of such
rights, nor shall the same be deemed to be a waiver of any subsequent breach, either of
the same provision or otherwise.

6.11 **Representations and Warranties.** Manager represents and warrants the following:
(a) that it is financially solvent, able to pay its debts as they mature, and possessed of
sufficient working capital to provide the equipment and goods, complete the services, and
perform its obligations hereunder; (b) that it is able to furnish any of the plant, tools,
materials, supplies, equipment, and labor required to complete the services required
hereunder and perform all of its obligations hereunder and has sufficient experience and
competence to do so; (c) that it is authorized to do business in Idaho, properly licensed by
all necessary governmental and public and quasi-public authorities having jurisdiction
over it and the services, equipment, and goods required hereunder, and has or will obtain
all licenses and permits required by law; (d) that in performing the services called for
hereunder Manager will not be in breach of any agreement with a third party; and (e) that
it has familiarized itself with the local conditions under which this agreement is to be
performed.

6.12 **Compliance with Rules, Regulations, and Instructions.** Manager shall follow and
comply with all rules and regulations of the Institution and the reasonable instructions of
Institution personnel. The Institution reserves the right to require the removal of any
worker it deems unsatisfactory for any reason. Manager shall comply with all local, state
and federal laws in its performance of this agreement.

6.13 **Time of the Essence.** Time is of the essence of this Agreement.

6.14 **Governing Law.** This Agreement shall be governed by and construed in accordance
with the laws of the State of Idaho.

6.15 **Severability.** Every provision of this Agreement is intended to be severable. If any
term or provision hereof is illegal for any reason whatsoever, such provision shall be
severed from the Agreement and shall not affect the validity of the remainder of this
Agreement.

6.16 **Appropriations clause.** The Institution’s obligations and liabilities are subject to
the appropriation of funds from the state of Idaho, which appropriation shall be in the
state of Idaho's sole discretion, from revenues legally available to the Institution for the
ensuing fiscal year(s) for the purposes of this Agreement. If the state of Idaho does not
appropriate the funds for the purpose of this Agreement, the Agreement shall not renew
and shall terminate and neither party shall have any further obligations hereunder

6.17 **Authority.** Institution and Manager hereby certify that each is duly authorized to
execute the foregoing Agreement and that the Agreement, when so executed, will be
binding upon the Institution and Manager in accordance with its terms and no further
authorization is required.
IN WITNESS WHEREOF, the parties hereto have caused this instrument to be executed as of the day and year first above written.

CONSENT AGENDA
JUNE 18, 2014

IDAHO DIVISION OF VOCATIONAL REHABILITATION

SUBJECT
Idaho State Rehabilitation Council Bylaws Revision

REFERENCE
August 2011
The State Rehabilitation Council was moved under the purview of the State Board of Education.

April 2012
The Board approved the first reading of Board Policy IV.G. State Rehabilitation Council.

June 2012
The Board approved the second reading of Board Policy IV.G. State Rehabilitation Council.

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section IV.G.
Idaho State Rehabilitation Council
Section 67-2340 through 67-2347, Idaho Code
Federal Regulations 34 CFR§361.

BACKGROUND/DISCUSION
Federal Regulations (34 CFR §361.17), sets out the requirements for the State Rehabilitation Council (SRC), including the appointment and composition of the Council. The members of the Council must be appointed by the Governor or, in the case of a State that under State law vests authority for the administration to an entity other than the Governor, the chief officer of that entity. Section 33-2303, Idaho Code designates the State Board for Professional-Technical Education as that entity. Prior to August 2011, the Governor’s office made the appointments to the SRC.

Board Policy, Section IV.G. State Rehabilitation Council, sets out the responsibilities of the Council as well as the membership for the Council and the appointment procedures for those members. The policy, other than general requirements, does not go into great detail regarding how the Council operates. Operations of the Council are outlined in their By-laws. The Councils By-laws were last amended in January 2008, prior to the Council coming under the purview of the Board.

The proposed amendments update the By-laws to reflect this shift as well as current operating procedures of the Council.

IMPACT
The revisions to the Bylaws will provide clarification and bring them into
alignment with current practices.

ATTACHMENTS
Attachment 1 – Redlined Version of the updated Bylaws for the Idaho State Rehabilitation Council

STAFF COMMENTS AND RECOMMENDATIONS
Staff recommends approval.

BOARD ACTION
I move to approve the revised Bylaws of the State Rehabilitation Council as presented in Attachment 1.

Moved by ___________ Seconded by ___________ Carried Yes_____ No_____
Section 1 Bylaws

Idaho State Rehabilitation Council Bylaws: Revised April 2014 January 2008

Section 1 Bylaws

ARTICLE I: LEGAL AUTHORITY

Authority for creation and organization of an Idaho State Rehabilitation Council and these Bylaws is granted pursuant to Public Law 102-569, Title I, Section 105 amended, and Federal Register Part VI, 34 CFR Part 361.16 - 361.29. Written documents shall be established setting out all Council Bylaws and policy approved by the Council. All Bylaws and Policy shall be reviewed at least every three years by the Executive Committee, or any other entity designated by the Executive Committee.

ARTICLE II: TITLE AND SCOPE

Council proceedings, activities, and organization are governed by these bylaws and by the Council’s own policies and procedures, which shall be referred to generally as the Bylaws and as Council Policy, respectively, for the Idaho State Rehabilitation Council.

ARTICLE III: PURPOSE

A) Review, analyze, and advise the Idaho Division of Vocational Rehabilitation regarding the performance of the responsibilities of the Idaho Division of Vocational Rehabilitation, particularly responsibilities related to eligibility (including order of selection), the extent, scope, and effectiveness of services provided; and functions performed by State agencies that affect or that potentially affect the ability of individuals with disabilities in achieving rehabilitation goals and objectives under the Rehabilitation Act of 1973 and its amendments:

B) Advise the Idaho State Board of Education and the Idaho Division of Vocational Rehabilitation and assist in the preparation of applications, the State Plan, the Strategic Plan and Amendments to the plans, reports, needs assessments, and evaluations required by Title I of the Rehabilitation Act of 1973 and its amendments:

C) To the extent feasible, conduct a review and analysis of the effectiveness of, the employment outcomes, and consumer satisfaction with, the functions performed by the designated State agency, vocational rehabilitation services provided by the State agencies and other public and private entities responsible for providing vocational rehabilitation services to individuals with disabilities, who are funded through the Rehabilitation Act of 1973, as amended.

D) Prepare and submit an annual report to the Governor, the State Board of Education and the Commissioner of Rehabilitation Services Administration on the status of Vocational Rehabilitation programs operated within the State, and make the
CONSENT AGENDA
JUNE 18, 2014

report available to the public;

E). Coordinate with other councils within the State, including the Statewide Independent Living Council, the State Special Education Advisory Council, the State Council on Development Disabilities, the State Mental Health Planning Council, and the State Workforce Development Council;

F). Advise the designated State agency and designated State unit in order to provide for coordination and the establishment of working relationships between these entities and the Statewide Independent Living Council and Centers of Independent Living within the State; and

G). Perform such other functions deemed appropriate by the Idaho State Rehabilitation Council that are consistent with Title I of the Rehabilitation Act of 1973 and its amendments.

ARTICLE IV: MEMBERSHIP AND COMPOSITION

Section 1. Composition: Council membership shall be set out in Policies and Procedures and consist of those individuals specified in Public Law 105-220, Title I, Section 105 (b)(1)(A) with a minimum of fifteen (15) members. Council membership must be comprised of a majority of individuals with disabilities.

Section 2. Appointment and Term: Members shall be appointed by the State Board of EducationGovernor and shall serve for a term of three (3) years, not to exceed two (2) consecutive full terms. Members completing two (2) consecutive terms as a representative of a specific group or entity must be off the Council for one (1) complete term (3 years) before being re-nominated to the Council as a representative of another group or entity. The Client Assistance Program representative and the Native American Vocational Rehabilitation Services representative are exempt from term limits.

Section 3. Vacancies: A vacancy occurring in the membership shall be filled by the State Board of EducationGovernor for the unexpired portion of the vacated position. This replacement period shall not be counted toward an individual’s two (2) term limitations as discussed in Article IV, Section 2 of these Bylaws.

Section 4: Removal: Members may be notified of Council membership by the Governor for the following reasons, to inquire whether they would like to remain active on the council: as delineated by written Council policy:

A. Poor Attendance (three consecutive, unexcused absences per year);
B. Lack of Participation, or
C. Malfeasance in Office

If the member does not respond, the council has the option of recommending to the
ARTICLE V: COUNCIL MEETINGS

Section 1. Frequency: The Council shall convene at least four (4) meetings a year, with at least one occurring in each quarter of the year. Quarters shall be defined as Federal fiscal quarters beginning the first day of October.

Section 2. Notice: Written notice of meeting shall be provided to all Council members and shall include time and place of meetings. An annual list of meeting dates and locations shall be presented to the Council at the beginning of each year for approval. Council members must be notified at least thirty (30) days prior to a meeting if changed from the original date as identified on the annual list.

Section 3. Special Meetings: Special meetings of the Council may be called by the Chair with two-thirds (2/3) of the current Council members' consent, or may be called by the Chair upon request of two-thirds (2/3) of the Council's current membership, without the required thirty (30) day written notice.

Section 4. Quorum and Action:

A. A quorum for the transaction of business shall be a simple majority. The act of the majority of those members present shall be the act of the Council. No Council member shall be represented by a non-Council member for voting purposes nor shall a Council member be allowed to cast a vote by written or verbal proxy.

B. Council business shall continue to be conducted when a vacancy occurs in the membership and the Governor is in the process of filling that vacancy.

Section 5. Procedure: All meetings shall be publicly announced and open to the public in accordance with open meeting laws codified in Section 67-2340 through 67-2347, Idaho Code, as amended, and conducted in accordance with Roberts Rules of Order, Revised. If deemed necessary the use of video conferencing or teleconferencing for meetings will be used.

Section 6. Minutes: A written record shall be kept of all Council meetings and made available to the full Council as soon as possible after each meeting and to the public upon request.

ARTICLE VI: COUNCIL ORGANIZATION

Section 1. Council Officers:

A. Election of Officers:
The Council officers shall be a Chair and a Vice-Chair, elected by the membership. Council members seeking nomination for Chair or Vice-Chair shall submit their own names or names of any other Council members with their consent, to the Membership Committee. The Membership Committee shall place before the full Council at their fourth quarter meeting no more than five (5) nominations for election. Voting shall be by written ballot, with accommodations as needed.

B. Terms of Officers:

The Council officers shall serve for terms of two years and may serve two (2) three (3) consecutive terms as amended. Terms of officers shall coincide with the calendar year (January 1 through December 31) Federal Fiscal Year (10/01 thru 09/30).

C. Duties of Officers:

1. The Chair shall serve as Chief Executive Officer of the Council, call and preside over all Council meetings, appoint membership of all Council committees, represent the Council in all coordinating activities, give leadership in general policy-making, and carry out direction of the full Council.

2. The Vice-Chair shall preside in all Council meetings in the absence of the Chair and serve as the Chair of the Membership Committee. The Vice-Chair may also undertake any duties assigned to that office by the Council or delegated by the Chair.

D. Removal:

An officer may be removed for cause with a two-thirds (2/3) majority vote of Council members. Members will respond, to a written mailed ballot, within 30 days. In such a situation, the officer in question shall be given a written statement from the Council stating the reason for the proposed removal from office. The officer in question shall have the opportunity to share information with the Council about the situation and/or to resign prior to the vote.

The Council may vote to remove an officer whenever in its judgment, and upon written recommendation by the Membership Committee of the Council, the best interests of the Council would be served by said removal, providing at least two-thirds (2/3) of the current Council membership is in attendance to vote.

E. Vacancies

Any vacancies in office shall be filled for the unexpired portion of the term in accordance with Article IV, Section 3.1.

Section 2. Council Staff:

Pursuant to Federal law, the Council may employ staff to carry out its functions.
Section 3. Council Committees:

The Council shall comprise the following standing committees with respective compositions.

A. Executive Committee:

This committee shall exercise the overall governance of the Council subject to Council Bylaws, policies, and any vote at Council meetings.

1. The Executive Committee shall be composed of the Chair, the Vice-Chair, the immediate past Chair, and the Standing Committee’s Chairs. At least one member with a disability shall be a member of the Executive Committee.

2. The Executive Committee shall be responsible for the fiscal, administrative, and coordinating functions of the Council including budget oversight, personnel oversight, policy recommendations, annual plan compliance, and coordination of all committee activities.

3. The Executive Committee shall act for the full Council between scheduled meetings in situations requiring immediate action as determined by the Council Chair. The full Council at the next Council meeting must review all actions.

B. Membership Committee:

This committee shall consist of the Chair and the Vice-Chair of the Council and at least two (2) Council members at large. The Council members-at-large must be selected/appointed from the membership who do not serve on the Executive Committee. Duties of this committee shall be those specifically set forth in these Bylaws and written Policy and Procedures.

C. Standing Committees:

The Standing committees of this Council shall be: Executive, Membership, State Plan and Finance Review, and Survey.

D. Ad Hoc Committees:

When deemed necessary, the Council Chair may establish Ad Hoc Committees whose purpose shall be to study short-term issues of concern to the Council and make recommendations to the Executive Committee or the full Council.

ARTICLE VII: CONFLICT OF INTEREST

No member of the Council shall cast a vote on any matter that would provide direct financial benefit to the member or otherwise give the appearance of a conflict of
interest under State law.

**ARTICLE VIII: COMPENSATION**

The Council budget request for the operating year should be justified to the Agency Administration and requested of the Agency, to be received at the beginning of the Federal Fiscal Year (October 1/01).

The Council may use funds to reimburse members of the Council for reasonable and necessary expenses of attending Council meetings and performing Council duties (including child care and personal assistance services), and to pay compensation to members of the Council, if such member is employed and must forfeit wages from other employment, for each day the member is engaged in performing the duties of the Council. Procedures and rates for reimbursement and compensation shall be set forth in written policy and procedures.

**ARTICLE IX: AMENDMENTS**

Any modification of these Bylaws shall be reviewed by the Executive Committee and presented to the full Council within a reasonable time prior to a meeting in which action on the Bylaws shall be taken. All amendments must be approved by at least two-thirds (2/3) of the Council members in attendance.

**ARTICLE X: SEVERABILITY**

These Bylaws are severable if any Bylaw, or part thereof, or the application of such Bylaw to any member or circumstance, is declared invalid, then it does not affect the validity of the rest of the Bylaws.
CONSENT AGENDA
JUNE 18, 2014

IDAHO DIVISION OF VOCATIONAL REHABILITATION

SUBJECT
Idaho State Rehabilitation Council Membership Appointment

REFERENCE
April 2013 The Board approved appointments to the Council
August 2013 The Board approved appointments to the Council
February 2014 The Board approved appointments to the Council

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section IV.G.
Idaho State Rehabilitation Council and Federal Regulations 34 CFR§361.

BACKGROUND/DISCUSSION
Federal Regulations (34 CFR §361.17), set out the requirements for the State Rehabilitation Council, including the appointment and composition of the Council.

The members of the Council must be appointed by the Governor or, in the case of a State that, under State law, vests authority for the administration to an entity other than the Governor, the chief officer of that entity. Section 33-2303, Idaho code designates the State Board for Professional-Technical Education as that entity.

Further federal regulations establish that the Council must be composed of at least fifteen (15) members, including:

i. At least one representative of the Statewide Independent Living Council, who must be the chairperson or other designee of the Statewide Independent Living Council;

ii. At least one representative of a parent training and information center established pursuant to section 682(a) of the Individuals with Disabilities Education Act;

iii. At least one representative of the Client Assistance Program established under 34 CFR part 370, who must be the director of or other individual recommended by the Client Assistance Program;

iv. At least one qualified vocational rehabilitation counselor with knowledge of and experience with vocational rehabilitation programs who serves as an ex officio, nonvoting member of the Council if employed by the designated State agency;

v. At least one representative of community rehabilitation program service providers;

vi. Four representatives of business, industry, and labor;
vii. Representatives of disability groups that include a cross section of (A) Individuals with physical, cognitive, sensory, and mental disabilities; and (B) Representatives of individuals with disabilities who have difficulty representing themselves or are unable due to their disabilities to represent themselves;
viii. Current or former applicants for, or recipients of, vocational rehabilitation services;
ix. In a State in which one or more projects are carried out under section 121 of the Act (American Indian Vocational Rehabilitation Services), at least one representative of the directors of the projects;
x. At least one representative of the State educational agency responsible for the public education of students with disabilities who are eligible to receive services under this part and part B of the Individuals with Disabilities Education Act;
x. At least one representative of the State workforce investment board; and
xii. The director of the designated State unit as an ex officio, nonvoting member of the Council.

Additionally, Federal Regulation specify that a majority of the council members must be individuals with disabilities who meet the requirements of 34 CFR §361.5(b)(29) and are not employed by the designated State unit. Members are appointed for a term of no more than three (3) years, and each member of the Council, may serve for not more than two consecutive full terms. A member appointed to fill a vacancy occurring prior to the end of the term must be appointed for the remainder of the predecessor’s term. A vacancy in membership of the Council must be filled in the same manner as the original appointment, except the appointing authority may delegate the authority to fill that vacancy to the remaining members of the Council after making the original appointment.

The Council currently has two nominations for Board approval: Lucas Rose to fulfill the federal regulation for a representative of Business/Industry and Labor; and Alison Lowenthal to fulfill the federal regulation for a representative for the Department of Education. The Council also has two members whose terms will expire June 30, 2014; Kathy Buswell and Arnold Cantu, they have both served two full terms on the council and are not eligible to serve additional terms at this time.

**IMPACT**

The above appointments and resignations will bring the IDVR Advisory Council membership to a total of fifteen (15) with one vacancy on the council for a representative from Business/Industry and Labor. Minimum composition for the council is 15 members.

**ATTACHMENTS**

Attachment 1 - Current Council Membership

**BOARD ACTION**

I move to approve the appointment for Lucas Rose to the Vocational Rehabilitation
State Rehabilitation Council as a representative for Business/Industry and Labor for a term of three years effective July 1, 2014 through June 30, 2017.

SUBJECT
Board Policy I.P. Idaho Indian Education Committee, Nomination

REFERENCE
December 6-7, 2007 The Board was provided an update on the Native American Higher Education Committee's progress.
June 20, 2008 The Board approved the Committee moving forward with scheduling future meetings with each of the Tribes and charged the Committee with reviewing how Board policy can meet the underserved need in the communities through advanced opportunities.
February 21, 2013 The Board approved the first reading of Board Policy I.P.
April 18, 2013 The Board approved the second reading of Board Policy I.P.
December 19, 2013 The Board approved members of the Idaho Indian Education Committee.

BACKGROUND/DISCUSSION
The purpose of the Board's Indian Education Committee is “to advocate for American Indian students, act as an advisory body to the State Board of Education and the State Superintendent of Public Instruction, and serve as a link between the American Indian Tribes”.

The Idaho Indian Education Committee consists of 19 members appointed by the Board and includes the following consistent with Board Policy I.P.

- One representative from each of the eight public postsecondary institutions
- One representative from each of the five tribal chairs or designee
- One representative from each of the five tribal education affiliations (K-12)
- One representative from each of the two Bureau of Indian Education schools
- One representative from the State Board of Education, as an ex-officio member

IMPACT
The proposed appointment replace the College of Southern Idaho representative on the Committee.

ATTACHMENTS
Attachment 1 – Current Committee Membership

STAFF COMMENTS AND RECOMMENDATIONS
In December 2013, the Board appointed Silvia Renova-Gaxiola, representing the College of Southern Idaho (CSI) to the Indian Education Committee. Since that
CONSENT AGENDA  
JUNE 18, 2014

appointment, Ms. Renova-Gaxiola has left the employment of CSI. Ms. Dani Hansing has been identified by CSI to represent their institution on the committee and is forwarding her name for consideration. If approved, Ms. Hansing would complete the current term which runs from July 1, 2013 – June 30, 2018.

Board staff recommends approval.

BOARD ACTION

I move to appoint Ms. Dani Hansing to the Idaho Indian Education Committee as the College of Southern Idaho representative, effective immediately and to conclude on June 30, 2018.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
Dr. Yolanda Bisbee is the Director of the College Assistance Migrant Program at the University of Idaho (UI). Term: July 1, 2013 – June 30, 2017.

Eric Lords is the Superintendent of the Sho-Ban Jr-Sr High School and serves as the one of the Bureau of Indian Education school representatives. Term: July 1, 2013 – June 30, 2018
BOISE STATE UNIVERSITY

SUBJECT
Alcohol Report and Request for Alcohol Waiver – Stueckle Sky Center

REFERENCE

June 2011 Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2011 football season as well as alcohol service in the Sky Center for home football games and the Humanitarian Bowl.

June 2012 Board approved a request to establish secure areas for pregame activities that serve alcohol for the 2012 football season as well as alcohol service in the Sky Center during home games, Famous Idaho Potato Bowl, and the 2013 Spring Game and the Caven Williams Sports Complex for home football games and the Famous Idaho Potato Bowl.

June 2013 Board approved a request to establish secure areas for pregame activities that serve alcohol for the 2013 football season as well as alcohol service in the Sky Center during home games, Famous Idaho Potato Bowl, and the 2014 Spring Game and the Caven Williams Sports Complex for home football games and the Famous Idaho Potato Bowl.

APPLICABLE STATUTE, RULE OR POLICY
Idaho State Board of Education Governing Policies and Procedures, Section I.J.

BACKGROUND/DISCUSSION
Boise State University (BSU) requests Board approval to provide alcohol service in the Stueckle Sky Center for the 2014 football season, the Famous Idaho Potato Bowl, and the 2015 Spring Game, and, potentially a conference championship game.

Prior to approval of construction of the skybox suites, the Board granted approval for Boise State University to represent that alcohol service would be available in the skyboxes. Based on that approval, the leases with patrons for the suites, club seats and loge seats were all created with the understanding that alcohol service would be available during games in this area of the stadium only. However, such alcohol service is clearly known to be at the sole discretion of the Board.

Boise State utilize campus security, along with the Boise City Police and other law enforcement and civilian officials to control and manage the use of alcohol. Even with sold out games and greater attendance, no serious issues or concerns have been reported. The security plan has been in place for the past several seasons and is updated each year and will remain in place for the coming season. Last year was the sixth year of operation for the Stueckle Sky Center and, as with the first six years of
operation, the Board approved service of alcohol during home football games and the annual bowl game. As with the prior years, no serious issues or concerns were reported.

Boise State University seeks permission to allow alcohol sales to patrons leasing seats in the Stueckle Sky Center on the west side of the stadium for each home Bronco football game, the annual bowl game, the 2015 Spring Game, and potentially a conference championship game. In this secure area, Boise State will allow patrons to purchase food and beverages (non alcoholic and alcoholic). Boise State University will provide all the control measures and follow all requirements of Board policy regarding alcohol service. Also, the University will conduct these policies under the following conditions, similar to those set by the Board over the last eight years, and consistent with the 2011 amendments to Board policy, for other game day secured areas.

1. The Sky Center is enclosed and totally separate from the general seating areas and alcohol service will only be available to patrons with tickets in the Sky Center.
2. There is no access from the general seating area into the Sky Center. Further, only patrons who hold tickets to seats in the Sky Center will be allowed into the Sky Center during games.
3. Begin no sooner than three hours prior to kick off and will end at start of the 4th quarter.
4. Two entry points at the North and South Elevator Towers will be manned by security personnel.
5. Security personnel will be located throughout the Sky Center area on each of the four floors monitoring all alcohol policies and patron behavior.
6. Security personnel will not allow patrons to exit or enter the area with any food or beverages.
7. The Boise State University campus food provider (Aramark) will carry the alcohol license and insurance and will provide TIPS trained personnel to monitor the sale and consumption of all alcohol to those of legal drinking age only.
8. Boise State will abide by all terms and conditions of the Board’s existing alcohol policy.
9. The official food sponsor will be required to insure and indemnify the State of Idaho, the State Board of Education, and Boise State University for a minimum of $2,000,000, and to make sure the proper permits and licenses are obtained.
10. No alcohol making or distributing companies may be allowed to sponsor the activities.
11. Boise State University will implement further measures to assure underage drinking does not take place in the Sky Center as shown on the attachment. A list of those measures and defining how the Sky Center is monitored and secured is attached as Exhibit. This security plan was provided to the Board at the Board’s request with regard to the 2011 season.

IMPACT

If the Board does not approve the alcohol waiver request, Boise State will not be able to allow alcohol in the Stueckle Sky Center at home football games during the 2014 season.
STAFF COMMENTS AND RECOMMENDATIONS
Board policy I.J., as amended in April 2011, allows for the sale or consumption of alcoholic beverages on campus grounds in conjunction with NCAA football games with prior Board approval. All requests must comply with the minimum criteria established in Board policy. The Board may require further restriction if desired. Each institution is required to submit a report after the conclusion of the football season before consideration is given for approval of future requests. This agenda item serves as BSU’s report regarding service during the 2013/14 football season.

BOARD ACTION
To approve the request by Boise State University to allow the sale of alcohol in the Sky Center during the 2014 home football season, Famous Idaho Potato Bowl, the 2015 Spring Game, and potentially a conference championship game as set forth in this request, and in compliance with Board Policy I.J.

Moved by __________ Seconded by ___________ Carried Yes _____ No _____
The following report addresses security for alcohol service at Boise State Football games in the Caven Williams Sports Complex and Stueckle Sky Center. Security plans for each facility are as follows and will be conducted at each home game for the 2014 season. The plan outlines measures taken to ensure that no underage drinking occurs.

**Stueckle Sky Center**

There have been no serious incidents regarding the service of alcohol during the 2004 through 2013 seasons.

As with the previous years, Boise State University will provide all the control measures and follow all requirements of Board policy regarding alcohol service. Also, the university will conduct the activities with the following staffing and security in the building on game day.

**Staffing Plan**

The following staffing will be implemented. The staff will be instructed that controlling the prevention of underage drinking of alcohol and/or overindulgence of alcohol is high priority.

- Crowd Management Supervisor — Oversee all patron services staff for the SSC
- Assistant Crowd Management Supervisor -- Assists Crowd Management Supervisor in supervision of patron services staff in the SSC

**North Elevator Lobby**

- Crowd Manager throughout the game. Stationed at entry point. Will check tickets, ensures alcoholic beverages do not enter or leave the facility and assist with patron services duties.
- Crowd Manager during load in and out that will move to the Loge level during the game. Checks tickets, ensures alcoholic beverages do not enter or leave the facility and patron services duties.

**South Elevator Lobby**

- Crowd Manager throughout the game. Stationed at entry point, checks tickets, ensures alcoholic beverages do not enter or leave the facility and assist with patron services duties.
- Crowd Manager during load in and out that will move to the Club level during the game. Checks tickets, ensures alcoholic beverages do not enter or leave the facility and patron services duties.

**Level 3-- Loge Level**
CONSENT AGENDA
JUNE 18, 2014

- Crowd Manager at the N. stairs stadium to loge level – Ensures guests in the stadium do not enter the Sky Center and SSC patrons do not enter the stadium. Patron services duties.
- N Elevator lobby Crowd Manager - Monitors Patrons who enter the Loge Level bar, assists in monitoring alcohol sales at the bar.
- Club Room Bar Crowd Manager -- Monitors the alcohol sales at the bar. Patron Services Duties
- South stairs stadium to loge level Crowd Manager. Ensures guests in the stadium do not enter the Sky Center and SSC patrons do not enter the stadium. Patron services duties.
- Crowd Manager to rove throughout the loge level – Patron services duties, monitors alcohol sales in bar and seating area.

Level 4—Club Level
- Club Room Crowd Manager - Monitors the alcohol sales at the bar. Patron Services Duties
- South Stairwell Crowd Manager - Monitors movement of SSC patrons between the Suite and club level.
- Hallway Crowd Manager - Rove throughout the hallway. Patron services duties, monitors alcohol sales at kiosk.
- Club Lounge Crowd Manager - Monitors alcohol sales in bar area and patron services duties
- North Stairwell Crowd Manager -- Monitors movement of SSC patrons between the Suite and club level.
- Club Area Crowd Manager - Monitors back row of club seating area to ensure the isle remains clear. Patron services duties.
- West Stairs Crowd Manager between 4th and 5th floor-- Monitors movement of SSC patrons between the Suite and club level.
- Crowd Manager to rove between lounge and hallway—Patron services duties and assists in monitoring alcohol sales at bar and kiosk.

Level 5—Suite Level
- Club Room Bar Crowd Manager - Monitors the alcohol sales at the bar and Patron Services Duties
- South Hallway Crowd Manager - Patron services duties and rove hall to monitor patrons in the suites.
- North End of Hallway Crowd Manager - Patron services duties and rove hall to monitor patrons in the suites.

Level 6—Press Level
- Club Room Bar Crowd Manager - Monitors the alcohol sales at the bar and Patron Services Duties
- South End Hallway Crowd Manager - Patron services duties and rove hall to monitor patron in the suites.
- North End Hallway Crowd Manager - Patron services duties. Rove hall to monitor patron in the suites.
Policies

- SSC is enclosed and totally separate from the general seating areas and alcohol service will only be available to patrons with tickets in the Sky Center.
- There is no access from the general seating area into SSC. Only patrons who hold tickets to seats in the SSC will be allowed into the Sky Center during games.
- The sale of alcohol will begin no sooner than three hours prior to kick off and will end at the start of the 4th quarter.
- Security personnel will not allow patrons to exit or enter the area with any food or beverages.
- The Boise State University campus food provider (Aramark) will carry the alcohol license and insurance and will provide TIPS trained personnel to monitor the sale and consumption of all alcohol to those of legal drinking age only.
- Boise State will abide by all terms and conditions of the Board’s existing alcohol policy.
- The official food sponsor will be required to insure and indemnify the State of Idaho, the State Board of Education, and Boise State University for a minimum of $2,000,000, and to make sure the proper permits and licenses are obtained.
- No alcohol making or distributing companies may be allowed to sponsor the activities.
- Each suite in the SSC shall have a sign displayed prominently with the following statement:

Laminated info sheet included in all suites placed on refrigerator.

Boise State University has received permission from the State Board of Education to serve alcohol in the Stueckle Sky Center. To continue to provide this service, we will need your help and cooperation.

- Please drink responsibly.
- The University will enforce a **zero tolerance policy** on alcohol abuse and **underage drinking** that could result in removal from the Sky Center and revocation of game tickets.
- Underage drinking is against the law and is not allowed anywhere in the Stueckle Sky Center.
- Please keep all items away from open windows. Items dropped or thrown from the suites could seriously injure fans seated below.
- Ticket must be displayed on a lanyard at all times. If you do not have a lanyard, let an usher know so one can be provided.
- Service of alcoholic beverages will cease at the completion of the third quarter.
- Alcoholic beverages are not allowed in the elevators.
- Patrons are not allowed to enter or exit the Stueckle Sky Center with any food or beverage.

“It is a privilege for us to serve alcohol in the Stueckle Sky Center”

Have a great Game Day, GO BRONCOS!

Alcohol Report and Request for Pre-game Alcohol Waiver – Caven Williams Sports Complex

Reference

June 2011
Board approved a request to establish secure areas for pregame activities that serve alcohol for the 2011 football season as well as alcohol service in the Sky Center for home football games and the Humanitarian Bowl.

June 2012
Board approved a request to establish secure areas for pregame activities that serve alcohol for the 2012 football season as well as alcohol service in the Sky Center during home games, Famous Idaho Potato Bowl, and the 2013 Spring Game and the Caven Williams Sports Complex for home football games and the Famous Idaho Potato Bowl.

June 2013
Board approved a request to establish secure areas for pregame activities that serve alcohol for the 2013 football season as well as alcohol service in the Sky Center during home games, Famous Idaho Potato Bowl, and the 2014 Spring Game and the Caven Williams Sports Complex for home football games and the Famous Idaho Potato Bowl.

Applicable Statute, Rule, or Policy
Idaho State Board of Education Governing Policies & Procedures, Section I. J.

Background/Discussion
Boise State University requests Board approval to provide alcohol service in the Caven Williams Sports Complex prior to each home football game for the 2014 Bronco season, a potential conference championship game, and the Famous Idaho Potato Bowl Game for the purpose of allowing corporate sponsors. In the secure area, corporate sponsors and invited guests may purchase food and beverages (non-alcoholic and alcoholic) from the University’s official food service provider.

For the past nine football seasons, the Board has granted permission under Policy, I.J., to allow service of alcohol on campus in conjunction with Bronco home football games and the Idaho Famous Potato Bowl.

Boise State University utilizes campus security, along with the Boise City Police and other law enforcement and civilian officials to control and manage the service of alcohol. Even with and greater attendance, no serious issues or concerns have been reported. Boise State will have the same or an enhanced security plan that has been in place for the past nine seasons for the coming season.
For good weather, a secure area may be established on the east patio of the Cavern Williams Sports Complex where alcohol would be served. This reflects what has been approved previously approved by the Board for the 2009 through 2013. For inclement weather, or as an alternative option, the secure alcohol area will be set up inside the Cavern Williams Sports Complex, separated by secure fencing from the rest of the Corporate Hospitality area. This is consistent with what was approved by the Board and implemented for the 2010 season through the 2013 season.

As with the previous years, Boise State University will provide all the control measures and follow all requirements of Board policy, including the 2011 amendments to Board policy, regarding alcohol service. In addition, the University will conduct the pre-game activities under the following additional conditions:

1. All who enter the Cavern Williams Sports Complex must be an invited guest.
2. Event begins three hours prior to kick off and ends at the start of the game.
3. The Cavern Williams Sports Complex will be secured to control access to and from the area.
4. There will be one entry point into the Cavern Williams Sports Complex manned by security personnel who will check for corporate hospitality invitations of all patrons entering the facility.
5. One ID station will be provided, located inside the facility, where ID’s will be checked and special colored wrist bands will be issued to identify attendees over the age of 21.
6. There will be no more than two entry points into the area where beer and wine is sold manned by security personnel who will check wristbands.
7. Security personnel located throughout the area will be monitoring all alcohol wristband policies and patron behavior.
8. No alcohol making or distributing companies will be allowed to sponsor the event.
9. Security personnel will not allow patrons to exit or enter the secured area with any alcoholic beverages.
10. The Boise State University campus food provider (Aramark) will carry the alcohol license and insurance and will provide TIPS trained personnel to monitor the sale and consumption of all alcohol to those of legal drinking age only.
11. Companies involved in the corporate hospitality area will be sent a letter outlining the Cavern Williams Complex Corporate Hospitality Area/SBOE alcohol policy. The letter will state that the minimum drinking age in Idaho is 21 and that at no time should they allow any underage drinking and/or serving of alcohol to visibly intoxicated patrons.

IMPACT
There have been no serious incidents regarding the pre-game service of alcohol during the 2005 through 2013 seasons. This proposal creates a secure area
where alcohol consumption can be monitored and contained. The area will be a
restaurant-type atmosphere for corporate events. These types of functions are
beneficial to the University and sponsor and donor cultivation opportunities. Entry
to the corporate hospitality area is by written invitation only.

STAFF COMMENTS AND RECOMMENDATIONS
Board policy I.J., as amended in April 2011, allows for the sale or consumption of
alcoholic beverages on campus grounds in conjunction with NCAA football games
with prior Board approval. All requests must comply with the minimum criteria
established in Board policy. The Board may require further restriction if desired.
Each institution is required to submit a report after the conclusion of the football
season before consideration is given for approval of future requests. This agenda
item serves as BSU’s report regarding service during the 2013/14 football season.

BOARD ACTION
I move to approve the request by Boise State University to allow alcohol service
during the 2014 football season in the Caven Williams Sports Complex as
submitted in Attachment 2 and 3 and under the conditions outlined in Board Policy
Section I.J. subsection 2.c.

2014 Football Season – Bronco Stadium
Security Plan and Alcohol Report
Caven Williams Sports Complex

The following report addresses security for alcohol service at Boise State Football games in the Caven Williams Sports Complex. Security plans for the facility are as follows and will be conducted at each home game for the 2014 season. The plan outlines measures taken to ensure that no underage drinking occurs.

Caven Williams Sports Complex

There have been no serious incidents regarding the pre-game service of alcohol during the 2005 through 2013 seasons. We will create a secure, indoor, area where alcohol consumption can be monitored and contained. The area will be a restaurant-type atmosphere for corporate events. As with the previous years, Boise State University will provide all the control measures and follow all requirements of Board policy regarding alcohol service. Also, the university will conduct the pre-game activities under the following conditions:

Caven Williams Game Day Staffing

- Two Crowd Managers at front entrance checking individual passes to all that enter. This is an invited guest only event and no one will enter facility without proper credentials
- Two Aramark employees (TIPS trained) will check ID’s and issue color coded wrist band
- Crowd Manager checking for color coded wrist band stationed at entrance to over 21 area.
- Crowd Manager roaming entire area checking for color coded wrist band and patron behavior
- Two Bronco Sports properties employees roaming throughout facility identifying any problems that may occur. Will notify security personnel when necessary
- Three Bronco Sports Marketing employees roaming throughout facility identifying any problems that may occur. Will notify security personnel when necessary
- One Boise State University Operations employee roaming throughout facility identifying any problems that may occur. Will notify security personnel when necessary. Also responsible for checking entrances to secure building ensuring that no one is present without proper credentials.

Policies for Facility

- All who enter the Caven Williams Sports Complex must be an invited guest.
- Event begins three hours prior to kick off and ends at the start of the game.
The Caven Williams Sports Complex will be secured to control access to and from the area.

There will be one entry point into the Caven Williams Sports Complex manned by security personnel who will check for corporate hospitality invitations of all patrons entering the facility.

One ID station will be provided, located inside the facility, where ID’s will be checked and special colored wrist bands will be issued to identity attendees over the age of 21.

Proper sized fencing separating over 21 area will to be approved by university so that no under-age patrons can enter area.

There will be one entry point into the area where beer and wine is sold manned by security personnel who will check wristbands.

Security personnel located throughout the area will be monitoring all alcohol wristband policies and patron behavior.

Security personnel will not allow patrons to exit or enter the secured area with any alcoholic beverages.

The Boise State University campus food provider (Aramark) will carry the alcohol license and insurance and will provide TIPS trained personnel to monitor the sale and consumption of all alcohol to those of legal drinking age only.

No alcohol making or distributing companies may be allowed to sponsor the event.

Companies involved in the corporate hospitality area would be sent a letter outlining the Caven Williams Complex Corporate Hospitality Area/SBOE alcohol policy. The letter will state that the minimum drinking age in Idaho is 21 and that at no time should they allow any underage drinking and/or serving of alcohol to visibly intoxicated patrons.

The area is for sponsors to entertain clients/guests for the fall 2013 home football games.

Boise State will abide by all terms and conditions of the Board’s existing alcohol policy.

Attached is the map of the facilities in the Caven Williams Sports Complex and how it will be configured for the game day events.

IDAHO STATE UNIVERSITY

SUBJECT
Request for Pre-game Alcohol Service Approval

REFERENCE
- June 2007: Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2007 football season.
- August 2008: Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2008 football season.
- June 2009: Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2009 football season.
- June 2010: Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2010 football season.
- June 2011: Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2011 football season.
- June 2012: Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2012 football season.
- June 2013: Board approved a request to establish secure areas for pre-game activities that serve alcohol for the 2013 football season.

APPLICABLE STATUTE, RULE, OR POLICY
- Idaho State Board of Education Governing Policies and Procedures, Section I.J.

BACKGROUND / DISCUSSION
Board policy does not allow service of alcohol on campus in conjunction with athletic events without express approval. Idaho State University requests Board approval to establish a secure area on the West side of Holt Arena, prior to the September 13, 2014 and November 22, 2014 Bengal home football games. In this secure area, the Idaho State University Foundation will host an invitation-only event during which invited donors and alumni will be allowed to purchase food and beverages (non-alcoholic and alcoholic). The alcoholic beverages will be sold and served by a licensed provider and the University’s official food service provider. The Idaho State University Foundation will provide control measures and follow all requirements of Board policy regarding alcohol service. The University will conduct the pre-game activities under the following conditions:

1. A secured area surrounded by a fence to control access to and from the area.
2. Three-hour duration, ending at kick-off.
3. Alcohol making or distributing companies will not be allowed to sponsor the activities or tents.
4. A color-coded wrist band or pass admission system will identify attendees and invited guests. No one under legal drinking age will be admitted.
5. All corporate partners involved in the pre-game location will be sent a letter outlining pre-game location and the Board alcohol policy. The letter will state the minimum drinking age in Idaho is 21 and that at no time should they allow underage drinking and/or serving of alcohol to visibly intoxicated persons.
6. One entry/exit point, which will be manned by security personnel.
7. Security personnel located throughout the controlled area will be monitoring the alcohol wristband policy and patron behavior.
8. Security personnel will not allow patrons to exit the area with alcoholic beverages.
9. Tent sponsors will be required to insure and indemnify the State of Idaho, the State Board of Education and Idaho State University for a minimum of $2,000,000 and to make sure that the proper permits and licenses are obtained.
10. The area is for sponsors to entertain clients/guests during home football games, including sales and service of alcohol for the two requested dates.

A review of the events will be brought back after the conclusion of the season before consideration will be given to any future requests for similar activities on home football game days.

IMPACT

If the Board does not approve the alcohol waiver request, the Foundation will not be able to include the sale of alcohol on campus at the home football games described above.

STAFF COMMENTS AND RECOMMENDATIONS

Board policy I.J., as amended in April 2011, allows for the sale or consumption of alcoholic beverages on campus grounds in conjunction with NCAA football games with prior Board approval. All requests must comply with the minimum criteria established in Board policy. The Board may require further restriction if desired. Each institution is required to submit a report after the conclusion of the football season before consideration is given for approval of future requests. This agenda item serves as ISU’s report regarding service during the 2013/14 football season.

In the past, ISU has requested approval during all home football games during the season, this request is specific to the games scheduled to be played on September 13th and November 22nd, 2014.
BOARD ACTION

I move to approve the request by Idaho State University to establish secure areas as specified in Attachment 2 and 3, for the purpose of allowing alcohol service during pre-game activities in full compliance with Board Police I.J. during the September 13, 2014 and November 22, 2014 Bengal home football games.

CONSENT AGENDA
JUNE 18, 2014

UNIVERSITY OF IDAHO

SUBJECT
The University of Idaho requests Board approval to establish secure areas for the purpose of allowing pre-game activities that include the service of alcohol for the 2014 football season.

REFERENCE

August 12, 2004 Board approved a request by UI to establish secure areas for pre-game activities that serve alcohol for 2004 football season.

March 10, 2005 Board approved a request by UI to establish secure areas for pre-game activities that serve alcohol for 2005 football season.

March of 2005 President White reported that there had been no serious incidences regarding the pre-game service of alcohol, and further noted that the UI created a restaurant-type atmosphere within the secure areas.

August 2005 Following discussion regarding the presence of supervised minors in the alcohol service areas, the Board amended policy Section I.J. to specifically allow for the persons of lawful age to consume alcohol to be accompanied by youth for whom they are responsible in the secure alcohol service areas, provided the youth remain at all times under the supervision and control of the individual of lawful age.

August 10, 2006 Board approved the request by UI to establish secure areas for pre-game activities that serve alcohol for 2006 football season.

Fall 2006 There have been no serious issues or concerns related to the service of alcohol at pre-game events during these years. A wristband policy is in place to better supervise minors in the alcohol service areas.

August 9, 2007 Board approved the request by UI to establish secure areas for pre-game activities that serve alcohol for 2007 football season.

Fall 2007 There have been no serious issues or concerns related to the service of alcohol at pre-game events during these years. A wristband policy is in place to better supervise minors in the alcohol service areas.

June 19, 2008 Board approved the request by UI to establish secure areas for pre-game activities that serve alcohol for 2008 football season.

Fall 2008 There have been no serious issues or concerns related to the service of alcohol at pre-game events during
these years. A wristband policy is in place to better supervise minors in the alcohol service areas.

June 18, 2009  Board approved the request by UI to establish secure areas for pre-game activities that serve alcohol for 2009 football season respectively.

Fall 2009  There have been no serious issues or concerns related to the service of alcohol at pre-game events during these years. A wristband policy is in place to better supervise minors in the alcohol service areas

June 17, 2010  Board approved the request by UI to establish secure areas for pre-game activities that serve alcohol for 2010 football season respectively.

Fall 2010  There have been no serious issues or concerns related to the service of alcohol at pre-game events during these years. A wristband policy is in place to better supervise minors in the alcohol service areas

April 21, 2011  Board approval of revisions to SBOE/Regents Policy I.J. relating to service of alcohol at institution events.

April 19, 2012  University report on service of alcohol at NCAA football games pursuant to revised SBOE/Regents Policy I.J.2.c.x – no serious issues or concerns related to service of alcohol.

June 21, 2012  Board approved the request by UI to establish secure areas for pre-game activities that serve alcohol for 2012 football season.

Fall 2013  There have been no serious issues or concerns related to the service of alcohol at pre-game events during the 2013 fall football season.

APPLICABLE STATUTE, RULE, OR POLICY
SBOE Policy I.J – Use of Institutional Facilities and Services With Regard to the Private Sector

BACKGROUND/DISCUSSION
The current Board policy provides that Idaho institutions may seek approval for the sale or consumption of alcoholic beverages in conjunction with NCAA football games.

The UI seeks approval from the Board to continue its prior practice whereby in the secure areas, patrons may purchase food and beverages (non alcoholic and alcoholic) from Sodexo, the university’s official food service provider, as part of home football pre-game activities. The university will follow all requirements of Board policy regarding alcohol service, and will conduct the pre-game events under the conditions set out in Board policy I.J.2.
With respect to admission of persons under the legal drinking age (and per Board/Regents Policy I.J.2.iii.(1)) the university seeks approval to allow responsible adults who have been invited to a pre-game event to bring minor children and guests for whom the adults will be responsible. As per Board/Regents policy I.J.2. iii.(1) a color-coded wrist band system will serve to identify all authorized attendees and invited guests, with a separate wrist band clearly identifying those of drinking age. Underage children will not be allowed to consume or possess alcoholic beverages. This system has been in place for prior university pre-game events and it has promoted a family atmosphere at these events. There have not been any alcohol incidents arising from the presence of minors at these events.

There have been no serious incidences regarding the pre-game service of alcohol. The UI creates a restaurant-type atmosphere within the secure areas. Feedback on the events has been very positive, and fans appreciated the opportunity to participate in pre-game events. These types of functions are beneficial to the university and are strategic friend- and fund-raising opportunities.

In managing its pre-game functions, the UI seeks to provide a family oriented, safe, fun, and exciting atmosphere that promotes attendance and enhances the game experience.

The secure areas where food and beverage service (including alcoholic beverages) will take place are:

- North Kibbie Field – this area will be available for Corporate Tents to provide an opportunity for corporate sponsors to reward employees and say “thank you” to valued customers by hosting private functions. This area is located on the north lawn adjacent to the ASUI-Kibbie Dome.

- Student Activities Field – This area will be available for Corporate Tents and for the “President’s Circle Pre-Game Function” which is provided for invited guests and allows the university leadership to mix with the guests.

- University Commons Building (Food Court and adjacent Whitewater and Clearwater rooms) – this area will be available as an alternative location for the President’s Circle Pre-Game Function if and when weather renders use of a tent impractical.

- Menard Law Building first floor foyer – this area will be available as an alternative site for the university’s athletic marketing agent (Learfield) to entertain clients and corporate sponsors of athletic events if and when weather renders use of a tent impractical.
Service of alcohol at the North Kibbie Field and the Student Activities Field areas will be through tents placed in those areas creating a controlled area for monitoring attendance and consumption, with service limited to the tents and no alcohol allowed to leave the tents. Service of alcohol at the University Commons Building will be limited to the Whitewater and Clearwater rooms directly adjacent to the food court area with service limited to the interior of those rooms and no alcohol allowed to leave those rooms. Service of alcohol in the Menard Law Building foyer will be limited to the foyer area which will be cordoned off with access limited to the two front doors.

IMPACT
Again there have been no serious incidences regarding the pre-game service of alcohol during the 2004 through 2013 seasons where service has been approved. The UI creates a restaurant-type atmosphere within the secure areas. Feedback on the events has been very positive, and fans appreciated the opportunity to participate in pre-game events. These types of functions are beneficial to the university and are strategic friend- and fund-raising opportunities.

ATTACHMENTS
Attachment 1 – Maps and Drawings of Service Areas

STAFF COMMENTS AND RECOMMENDATIONS
Board policy I.J., as amended in April 2011, allows for the sale or consumption of alcoholic beverages on campus grounds in conjunction with NCAA football games with prior Board approval. All requests must comply with the minimum criteria established in Board policy. The Board may require further restriction if desired. Each institution is required to submit a report after the conclusion of the football season before consideration is given for approval of future requests. This agenda item serves as UI’s report regarding service during the 2013/14 football season.

In 2013 UI requested service in three locations, North Kibbie Field, Student Activities Field, and Menard Law Building. The 2014 request expands the area of service to a fourth location, the Idaho Commons Building.

BOARD ACTION
I move to approve the request by the University of Idaho to allow alcohol service during the 2014 football season in the North Kibbie Field, Student Activities Field, Idaho Commons Building and the Menard Law Building foyer under the conditions outlined in Board policy section I.J. subsection 2.c.

**June 21, 2012**
Board approved the request by UI to authorize alcohol service during the 2012 football season and during the spring 2013 football scrimmage, in the Litehouse Center/Bud and June Ford Club Room under the conditions outlined in Board Policy I.J. subsection 2.c.

**Fall 2013**
There have been no serious issues or concerns related to the service of alcohol at pre-game events during the 2013 fall football season or during the 2014 spring scrimmage game.

**APPLICABLE STATUTE, RULE, OR POLICY**
SBOE Policy I.J – Use of Institutional Facilities and Services With Regard to the Private Sector

**BACKGROUND/DISCUSSION**
The current Board policy provides that Idaho institutions may seek approval for the sale or consumption of alcoholic beverages in conjunction with NCAA football games.

The UI seeks permission to allow ticketed and authorized patrons in the Center to purchase food and beverages (non alcoholic and alcoholic) from Sodexo, the university’s official food service provider, before and during home football games in the 2014 football season as well as for the 2015 Spring Football Scrimmage.
Game for the Litehouse Center/Bud and June Ford Club Room (Center) in the ASUI-Kibbie Activity Center (ASUI-Kibbie Dome). The university will follow all requirements of Board policy I.J.2.c regarding alcohol service in conjunction with home football games.

The Center is an enclosed secured area within the ASUI-Kibbie Activity Center which is separate from general ticketed seating areas and which will only be available to patrons with tickets to the Center. There is no access from the general seating area into the Center and only patrons who hold tickets to seats within the Center will be allowed into the Center during games. All entry points to Center Suites and the Center Clubroom area (identified in the attached drawings) will be staffed with trained security personnel. In addition, Security Personnel will be located within the Center to monitor activities within the suites and clubroom. The university’s food service provider (Sodexo) will provide the alcohol license and will provide TIPS trained personnel to conduct the sale of all alcoholic beverages in conjunction with Sodexo’s provision of food and non-alcoholic beverages.

The university and Center Patrons will abide by all terms and conditions of the Board policy and any other conditions place by the Board. Violation of Board policy or additional conditions by Center Patrons will result in action by the university up through removal from the Center and forfeiture of Center game tickets.

IMPACT
Service of alcohol within the Center is an extension of the university’s pre-game and game-day activities surrounding home football games. Again there have been no serious incidences regarding the pre-game service of alcohol during the 2004 through 2013 seasons and 2014 spring scrimmage game where service has been approved. The UI continues to strive for a restaurant-type atmosphere within the secure areas. Feedback on the events has been very positive. These types of functions are beneficial to the university and are strategic friend- and fund-raising opportunities.

Alcohol Permits - Issued by University Presidents

APPLICABLE STATUTE, RULE, OR POLICY

BACKGROUND/DISCUSSION
The chief executive officer of each institution may waive the prohibition against possession or consumption of alcoholic beverages only as permitted by, and in compliance with, Board policy. Immediately upon issuance of an Alcohol Beverage Permit, a complete copy of the application and the permit shall be delivered to the Office of the State Board of Education, and Board staff shall disclose the issuance of the permit to the Board no later than the next Board meeting.

The last update presented to the Board was at the April 2014 Board meeting. Since that meeting, Board staff has received thirty-nine (39) permits from Boise State University, nine (7) permits from Idaho State University, and eighteen (18) permits from the University of Idaho.

Board staff has prepared a brief listing of the permits issued for use. The list is attached for the Board's review.

SUBJECT
Request for Waiver of 103% Student Transportation Funding Cap for six school districts.

APPLICABLE STATUTE, RULE, OR POLICY
Section 33-1006, Idaho Code

BACKGROUND/DISCUSSION
During the 2001 session, the Idaho Legislature amended Idaho Code 33-1006. The amendment created a student transportation funding cap; affecting school districts that exceed (by 103%) the statewide average cost per mile and cost per rider. The 2007 and 2009 Legislatures further amended this language to provide clear, objective criteria that defines when a district may qualify to be reimbursed for expenses above the cap, and how much. These new criteria designate certain bus runs as “hardship” runs, and allow the district to receive a higher cap, based on the percentage of the district’s bus runs that are so categorized.

As of May 2, 2014, there were twenty two school districts and/or charter schools negatively affected by the pupil transportation funding cap: Meridian ($357,937), Meadows Valley ($23,110), St. Maries ($11,945), Plummer-Worley ($13,404), Blaine County ($132,855), Garden Valley ($45,415), Horseshoe Bend ($1,516), Nampa ($92,217), Caldwell ($30,165), Soda Springs ($13,193), Orofino ($16,117), Wendell ($42,450), Hagerman ($10,205), Moscow ($46,602), Salmon ($16,818), Highland ($10,422), Dietrich ($9,946), Kellogg ($57,308), Murtaugh ($805), McCall-Donnelly ($133,719), Compass Charter ($5,772), and Vision Charter ($18,589).

Of these twenty two, only six districts have routes meeting the statutory requirements of a hardship bus run, which would allow the Board to grant a waiver. These include Garden Valley, Moscow, Orofino, Highland, Plummer-Worley, and St. Maries school districts. All six of these districts have applied for a waiver from the student transportation funding cap.

Requests from various school districts for a waiver of the 103% funding cap as provided in Section 33-1006, Idaho Code, have been received by the State Department of Education.

Garden Valley School District submitted two school bus routes that met the required criteria. This represents 40.0% of the bus runs operated by the district. When added to the 103% funding cap, as provided by law, this would allow the Board to increase their funding cap to a maximum of 143%.

Highland School District submitted one school bus route that met the required criteria. This represents 20.0% of the bus runs operated by the district. When added to the 103% funding cap, as provided by law, this would allow the Board to increase their funding cap to a maximum of 123%.
Moscow School District submitted three school bus routes that met the required criteria. This represents 20.0% of the bus runs operated by the district. When added to the 103% funding cap, as provided by law, this would allow the Board to increase their funding cap to a maximum of 123%.

Orofino School District submitted three school bus routes that met the required criteria. This represents 17% of the bus runs operated by the district. When added to the 103% funding cap, as provided by law, this would allow the Board to increase their funding cap to a maximum of 120%.

Plummer-Worley School District submitted one school bus route that met the required criteria. This represents 10% of the bus runs operated by the district. When added to the 103% funding cap, as provided by law, this would allow the Board to increase their funding cap to a maximum of 113%.

St. Maries School District submitted one school bus route that met the required criteria. This represents 5% of the bus runs operated by the district. When added to the 103% funding cap, as provided by law, this would allow the Board to increase their funding cap to a maximum of 108%.

BOARD ACTION
I move to approve Garden Valley School District for a waiver of the 103% transportation funding cap, at a new cap percentage rate for the fiscal year 2014 of 143% for a total of $36,327 in additional funds from the public school appropriation.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

I move to approve Highland School District for a waiver of the 103% transportation funding cap, at a new cap percentage rate for the fiscal year 2014 of 123% for a total of $10,422 in additional funds from the public school appropriation.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
I move to approve Moscow School District for a waiver of the 103% transportation funding cap, at a new cap percentage rate for the fiscal year 2014 of 123% for a total of $46,602 in additional funds from the public school appropriation.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

I move to approve Orofino School District for a waiver of the 103% transportation funding cap, at a new cap percentage rate for the fiscal year 2014 of 120% for a total of $16,117 in additional funds from the public school appropriation.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

I move to approve Plummer-Worley School District for a waiver of the 103% transportation funding cap, at a new cap percentage rate for the fiscal year 2014 of 113% for a total of $13,404 in additional funds from the public school appropriation.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

I move to approve St. Maries School District for a waiver of the 103% transportation funding cap, at a new cap percentage rate for the fiscal year 2014 of 108% for a total of $11,945 in additional funds from the public school appropriation.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
103% Funding Cap Appeal Application for Fiscal Year:

District Name: Garden Valley  Number: 71  Date: January 9, 2014

The school district identified above is subject to a pupil transportation funding cap in accordance to 33-1006, Idaho Code, and is appealing to the State Board of Education for relief from financial penalty due to a hardship bus run(s). To qualify, such bus run(s) shall meet at least two (2) of the following criteria:

[ ] Number of student riders per mile is less than 50% of the statewide average number of student riders per mile (see cell E5 on Funding Cap Model).
[ ] Less than a majority of the miles on the hardship bus run(s) are by paved surface, concrete or asphalt, road
[ ] Over 10% of the miles driven on the hardship bus run(s) are a 5% slope or greater

The district is requesting a funding rate increase of 40.00 % more than the 103% percentage rate limit, necessary to eliminate its funding cap penalty, in accordance to 33-1006, Idaho Code. The State Board of Education may set a new limit that is greater than 103%, but is less than the percentile limit requested by the school district. However, the percentage increase in the 103% cap shall not exceed the percentage of the district’s bus runs that qualify as a hardship bus run.

Please provide detailed justification and rationale for this request and appeal. Report the total number of bus routes and detailed information on the routes that are potentially considered hardship bus runs. If necessary, attach supporting information and documentation. Save document prior to submitting electronically. Submit to SDE by February 15, 2013.

**Garden Valley school district Loman route meets the requirements for the funding cap appeal as checked above. This route averages 42 riders per 155 miles daily run which equals 27 riders per mile which is below the state requirement of 50% of the statewide average number of riders per mile (.80). Loman route travels 155 miles a day, of which 22 miles has a slope of 5% or greater, which equals 14% of the route which is greater than the state requirement of 10% of the miles. These conditions were previously verified by SDE officials. This is a hardship route.**

**Southfork route meets the requirements for the funding cap appeal as checked above. This route averages 11 riders per 25 miles daily run which equals 39 riders per mile which is below the state requirement of 50% of the statewide average number of riders per mile (.80). Southfork route travels 25 miles a day, of which 5 miles has a slope of 5% or greater, which equals 18% of the route which is greater than the state requirement of 10% of the miles. These conditions were previously verified by SDE officials. This is a hardship route.**

*We have 5 routes; therefore, these routes represent 40% of our routes.*
CONSENT AGENDA
JUNE 18, 2014

Division of Student Transportation

103% Funding Cap Appeal Application for Fiscal Year:

District Name:       Highland Jr.   Number:   306   Date:       January 9, 2014

The school district identified above is subject to a pupil transportation funding cap in accordance to 33-1006, Idaho Code, and is appealing to the State Board of Education for relief from financial penalty due to a hardship bus run(s). To qualify, such bus run(s) shall meet at least two (2) of the following criteria:

(please check all applicable boxes by using mouse key)

☐ Number of student riders per mile is less than 50% of the statewide average number of student riders per mile (see cell E5 on Funding Cap Model).

☐ Less than a majority of the miles on the hardship bus run(s) are by paved surface, concrete or asphalt, road

☐ Over 10% of the miles driven on the hardship bus run(s) are a 5% slope or greater

The district is requesting a funding rate increase of 20.00% more than the 103% percentage rate limit, necessary to eliminate its funding cap penalty, in accordance to 33-1006, Idaho Code. The State Board of Education may set a new limit that is greater than 103%, but is less than the percentile limit requested by the school district. However, the percentage increase in the 103% cap shall not exceed the percentage of the district's bus runs that qualify as a hardship bus run.

Please provide detailed justification and rationale for this request and appeal. Report the total number of bus routes and detailed information on the routes that are potentially considered hardship bus runs. If necessary, attach supporting information and documentation. Save document prior to submitting electronically. Submit to SDE by February 15, 2013.

Highland school district route 5 meets the requirements for the funding cap appeal as checked above. This route averages 20 riders per 110 miles daily run which equals 18 riders per mile which is below the state requirement of 50% of the statewide average number of riders per mile (.60). Route 5 has 110 miles of road with 94 unpaved which equals .85, which is more than the majority on unpaved surface. These conditions were verified by SDE officials. This is a hardship route.

We have 5 routes, and this represents 20% of our routes.

Superintendent Signature:   Date: 1-27-15

The State Board of Education approved, disapproved, the district's appeal and request at its regularly scheduled meeting on at a Funding Cap Rate of, the district's appeal and request at its regularly scheduled meeting on at a Funding Cap Rate of, the district's appeal and request at its regularly scheduled meeting on at a Funding Cap Rate of
The school district identified above is subject to a pupil transportation funding cap in accordance with 33-1006, Idaho Code, and is appealing to the State Board of Education for relief from financial penalty due to a hardship bus run(s). To qualify, such bus run(s) shall meet at least two (2) of the following criteria:

(Please check all applicable boxes by using mouse key).

- Number of student riders per mile is less than 50% of the statewide average number of student riders per mile (see call E5 on Funding Cap Model).
- Less than a majority of the miles on the hardship bus run(s) are by paved surface, concrete or asphalt, rock.
- Over 10% of the miles driven on the hardship bus run(s) are a 5% slope or greater.

The district is requesting a funding rate increase of 20.09 % more than the 103% percentage rate limit, necessary to eliminate its funding cap penalty, in accordance with 33-1006, Idaho Code. The State Board of Education may set a new limit that is greater than 103%, but is less than the percentile limit requested by the school district. However, the percentage increase in the 103% cap shall not exceed the percentage of the district’s bus runs that qualify as a hardship bus run.

Please provide detailed justification and rationale for this request and appeal. Report the total number of bus routes and detailed information on the routes that are potentially considered hardship bus runs. If necessary, attach supporting information and documentation. Save document prior to submitting electronically. Submit to SDE by February 15, 2013.

Moscow school district route 101 meets the requirements for the funding cap appeal as checked above. This route averages 55 riders per 84 miles daily run which equals .65 riders per mile which is below the state requirement of 50% of the statewide average number of riders per mile (.80). Route 101 has 84 miles total with 28 miles at 5% slope or more, which equals 33% of the route which is greater than the state requirement of 10% of the miles. These conditions were verified by SDE officials. This is a hardship route.

Route 102 meets the requirements for the funding cap appeal as checked above. This route averages 50 riders per 73 miles daily run which equals .68 riders per mile which is below the state requirement of 50% of the statewide average number of riders per mile (.80). Route 102 has 73 miles total with 11 miles at 5% slope or more, which equals 15% of the route which is greater than the state requirement of 10% of the miles. These conditions were verified by SDE officials. This is a hardship route.

Route 110 meets the requirements for the funding cap appeal as checked above. This route has 58 miles of road with 30 unpaved which equals .51, which is more than the majority on unpaved surface. Route 110 has 58 miles total with 14 miles at 5% slope or more, which equals 24% of the route which is greater than the state requirement of 10% of the miles. These conditions were verified by SDE officials. This is a hardship route.

We have 15 routes; therefore, these routes represent 20% of our routes.
103% Funding Cap Appeal Application for Fiscal Year:

District Name: Orofino Jr.  Number: 171  Date: January 9, 2014

The school district identified above is subject to a pupil transportation funding cap in accordance to 33-1006, Idaho Code, and is appealing to the State Board of Education for relief from financial penalty due to a hardship bus run(s). To qualify, such bus run(s) shall meet at least two (2) of the following criteria:

- Number of student riders per mile is less than 50% of the statewide average number of student riders per mile (see cell E5 on Funding Cap Model).
- Less than a majority of the miles on the hardship bus run(s) are by paved surface, concrete or asphalt, road.
- Over 10% of the miles driven on the hardship bus run(s) are a 5% slope or greater.

The district is requesting a funding rate increase of 17.00% more than the 103% percentage rate limit, n to eliminate its funding cap penalty, in accordance to 33-1006, Idaho Code. The State Board of Education may set a new rate that is greater than 103%, but is less than the percentile limit requested by the school district. However, the percentage increase in the 103% cap shall not exceed the percentage of the district’s bus runs that qualify as a hardship bus run.

Please provide detailed justification and rationale for this request and appeal. Report the total number of bus routes and detailed information on the routes that are potentially considered hardship bus runs. If necessary, attach supporting information and documentation.

Orofino Jr. school district has a total of 8 routes that meet the hardship criteria, have included three.

Orofino school district route 6 meets the requirements for the funding cap appeal as checked above. This route averages 20 riders per 95 miles daily run which equals .21 riders per mile which is below the state requirement of 50% of the statewide average of riders per mile (.80). Route 6 has 95 miles total with 60 miles at 5% slope or more, which equals 63% of the route which is greater than the state requirement of 10% of the miles. These conditions were verified by SDE officials. This is a hardship route.

Orofino school district route 10 meets the requirements for the funding cap appeal as checked above. This route averages 18 riders per 86 miles daily run which equals .20 riders per mile which is below the state requirement of 50% of the statewide average of riders per mile (.80). Route 10 has 86 miles total with 12 miles at 5% slope or more, which equals 14% of the route which is greater than the state requirement of 10% of the miles. These conditions were verified by SDE officials. This is a hardship route.
verified by SDE officials. This is a hardship route.

Orofino school district route 32 meets the requirements for the funding cap appeal as checked above. This route has 44 miles of road with 24 unpaved which equals .54, which is more than the majority on unpaved surface. Route 32 has 44 miles total with 30 miles at 5% slope or more, which equals 68% of the route which is greater than the state requirement of 10% of the miles. These conditions were verified by SDE officials. This is a hardship route.

We have 17 routes; therefore, these routes represent 17% of our routes.

Superintendent Signature: ______________________________ Date: 1-21-2014

The State Board of Education approved, disapproved the district’s appeal and request at its regular scheduled meeting on [date] at a Funding Cap Rate of [rate limit] % greater than the 103% percent rate limit, necessary to eliminate the funding cap penalty.

STATE DEPARTMENT OF EDUCATION
P.O. BOX 83720
BOISE, IDAHO 83720-0027

Division of Student Transportation

103% Funding Cap Appeal Application for Fiscal Year:

Use Tab Key To Enter Data

년   2013

District Name: Plummer/Worley Jr.   Number: 44   Date: January 9, 2014

The school district identified above is subject to a pupil transportation funding cap in accordance to 33-1008, Idaho Code, and is appealing to the State Board of Education for relief from financial penalty due to a hardship bus run(s). To qualify, such bus run(s) shall meet at least two (2) of the following criteria:

(Please check all applicable boxes by using mouse key).

☐ Number of student riders per mile is less than 50% of the statewide average number of student riders per mile (see cell E5 on Funding Cap Model).
☐ Less than a majority of the miles on the hardship bus run(s) are by paved surface, concrete or asphalt, road
☐ Over 10% of the miles driven on the hardship bus run(s) are a 5% slope or greater

The district is requesting a funding rate increase of 10.09% more than the 103% percentage rate limit, necessary to eliminate its funding cap penalty, in accordance to 33-1008, Idaho Code. The State Board of Education may set a new limit that is greater than 103%, but is less than the percentile limit requested by the school district. However, the percentage increase in the 103% cap shall not exceed the percentage of the district’s bus runs that qualify as a hardship bus run.

Please provide detailed justification and rationale for this request and appeal. Report the total number of bus routes and detailed information on the routes that are potentially considered hardship bus runs. If necessary, attach supporting information and documentation. Save document prior to submitting electronically. Submit to SDE by February 15, 2013.

Plummer Worley school district Kinkela/PM route meets the requirements for the funding cap appeal as checked above. This run averages 30 riders per 38 miles daily run which equals .78 riders per mile which is below the state requirement of 50% of the statewide average number of riders per mile (.80). Kinkela/PM run travels 38 miles a day, of which 9 miles has a slope of 5% or greater which equals 23% of the run which is greater than the state requirement of 10% of the miles. These conditions were previously verified by SDE officials. This is a hardship route.

We have 10 runs; therefore, this run represent 10%.

RE: St. Maries Joint School District No. 41 - 103% Funding Cap Appeal Application
    For Fiscal Year 2013

Dear Mr. Phillips:

Enclosed for your review and consideration is St. Maries Joint School District No. 41’s 103% Funding Cap Appeal Application for Fiscal Year 2013. Please present the Application to the State Board of Education for their review process, and provide our District with a copy of the Board’s decision.

Thank you, and if you have any questions, please contact either myself at the above address or Paula Queener, our District’s Transportation Supervisor, at 208 245-3366.

Sincerely,

JOSEPH A. KREN
Superintendent

103% Funding Cap Appeal Application for Fiscal Year:

Use Tab Key To Enter Data

2013

District Name: St. Maries Jr. Number: 41 Date: January 9, 2014

The school district identified above is subject to a pupil transportation funding cap in accordance to 33-1006, Idaho Code, and is appealing to the State Board of Education for relief from financial penalty due to a hardship bus run(s). To qualify, such bus run(s) shall meet at least two (2) of the following criteria:

- Number of student riders per mile is less than 50% of the statewide average number of student riders per mile (see cell E5 on Funding Cap Model).
- Less than a majority of the miles on the hardship bus run(s) are by paved surface, concrete or asphalt, road.
- Over 10% of the miles driven on the hardship bus run(s) are a 5% slope or greater.

The district is requesting a funding rate increase of 5.00% more than the 103% percentage rate limit, necessary to eliminate its funding cap penalty, in accordance to 33-1006, Idaho Code. The State Board of Education may set a new limit that is greater than 103%, but is less than the percentile limit requested by the school district. However, the percentage increase in the 103% cap shall not exceed the percentage of the district's bus runs that qualify as a hardship bus run.

Please provide detailed justification and rationale for this request and appeal. Report the total number of bus routes and detailed information on the routes that are potentially considered hardship bus runs. If necessary, attach supporting information and documentation. Save document prior to submitting electronically. Submit to SDE by February 15, 2013.

St. Maries Jr. school district has a total of 7 routes that meet the hardship criteria, have included one.

Route B meets the requirements for the funding cap appeal as checked above. Route B has 101 miles of road with 66 unpaved which equals 65, which is more than the majority on unpaved surface. Route B has 101 miles total with 23 miles at 5% slope, which equals 23% of the route which is greater than the state requirement of 10% of the miles. This is a hardship route.

We have 21 routes, and this one represents 5% of our routes.

JOSEPH A. KREN
Superintendent

Shaded Area Below is for State Department of Education Use Only

The State Board of Education approved/disapproved the district's appeal and request at its regularly scheduled meeting on [Month, Year] at a Funding Cap Rate of [Rate]% greater than the 103% percentage rate limit, necessary to eliminate the funding cap penalty.

SUBJECT
Requests for Approval to transport students less than one and one-half miles for the 2013-2014 school year.

BACKGROUND/DISCUSSION:
Section 33-1006, Idaho Code states that the “State Board of Education shall determine what costs of transporting pupils, including maintenance, operation and depreciation of vehicles, insurance, payments under contract with other public transportation providers whose vehicles used to transport pupils comply with federal transit administration regulations, “bus testing,” 49 C.F.R. part 665, and any revision thereto, as provided in subsection 4 of this section, or other State Department of Education approved private transportation providers, salaries of drivers, and any other costs, shall be allowable in computing the transportation support program of school districts.

The transportation support program of a school district shall be based upon the allowable costs of Transporting pupils less than one and one-half (1½) miles as provided in section 33-1501, Idaho Code, when approved by the State Board of Education.”

Standards for Idaho School Buses and Operations states: “All school districts submitting applications for new safety busing reimbursement approval shall establish a board policy for evaluating and rating all safety busing requests. The State Department of Education staff shall develop and maintain a measuring instrument model, which shall include an element for validating contacts with responsible organizations or persons responsible for improving or minimizing hazardous conditions. Each applying district will be required to annually affirm that conditions of all prior approved safety busing requests are unchanged. The local board of trustees shall annually, by official action (33-1502, Idaho Code), approve all new safety busing locations. School districts that receive state reimbursement of costs associated with safety busing will re-evaluate all safety busing sites at intervals of at least every three years using the local board adopted measuring or scoring instrument. In order to qualify for reimbursement the local school board will, by official action, approve the initial safety-busing request and allow the students in question to be transported before the application is sent to the state.

Consideration for reimbursement is contingent on the application for “Request for Safety Busing Reimbursement” being received by the State Department of Education Transportation Section on or before March 31 of the school year in which the safety busing began. All requests must be submitted on the Safety Busing form found on the Pupil Transportation Web site. Reminders e-mailed to all Districts and Charter Schools prior to March 31. All requests being recommended for approval are compliant with section 33-1006, Idaho Code.
Attachment #1 contains a list of ninety-nine (99) school districts and ten (10) charter schools that applied for safety busing using correct form affecting 27,010 students with recommendation for approval.

BOARD ACTION
I move to approve ninety-nine school districts (99) and ten (10) charter schools for approval to transport students less than one and one-half miles as listed in Attachment 1.

Moved by _______________ Seconded by ______________ Carried Yes _____ No _____
MEMORANDUM

To: Luci Willits, Chief of Staff
Idaho Department of Education

From: Doug Scott, Director, Student Transportation

Date: April 25, 2014

Subject: Item to State Board of Education Requests for Approval to Transport Students Less than One and One-half Miles

The attached requests to transport students less than one and one-half (1½) miles are submitted to the State Board of Education for approval.

The attachment contains recommendations for approval for the following school districts that applied for safety busing.
Request to Transport Students Less than One and One-half Miles with Recommendation for Approval

The following is a list of previously approved and new safety busing requests from various school districts to transport students less than one and one-half miles to and from school. The requests were approved by the local school district boards, and the students in the respective districts are currently being transported. All applications have been reviewed by Department of Education Staff and, in our opinion, meet safety-busing criteria.

Boise Independent School District No. 1

This request involves 1,012 students attending grades K through 9.

Meridian Jt. School District No. 2

This request involves 2,283 students attending grades K through 12.

Kuna Jt. School District No. 3

This request involves 359 students attending grades K through 6.

Meadows Valley No. 11

This request involves 18 students attending grades K through 12.

Council School District No. 13

This request involves 33 students attending grades K through 12.

Marsh Valley Jt. School District No. 21

This request involves 90 students attending grades K through 12.

Pocatello School District No. 25

This request involves 1,522 students attending grades K through 12.

Bear Lake Co. School District No. 33

This request involves 104 students attending grades K through 5.

St. Maries Jt. School District No. 41

This request involves 38 students attending grades K through 8.
Plummer/Worley Jt. School District No. 44
This request involves 40 students attending grades K through 12.

Snake River School District No. 52
This request involves 216 students attending grades K through 12.

Blackfoot School District No. 55
This request involves 585 students attending grades K through 12.

Aberdeen School District No. 58
This request involves 192 students attending grades K through 12.

Firth School District No. 59
This request involves 61 students attending grades K through 12.

Shelley Jt. School District No. 60
This request involves 323 students attending grades K through 6.

Blaine Co. School District No. 61
This request involves 555 students attending grades K through 12.

Garden Valley School District No. 71
This request involves 16 students attending grades K through 12.

Basin School District No. 72
This request involves 45 students attending grades K through 12.

Horseshoe Bend School District No. 73
This request involves 47 students attending grades K through 12.

West Bonner Co. School District No. 83
This request involves 80 students attending grades K through 8.

Lake Pend Oreille School District No. 84
This request involves 185 students attending grades K through 6.

Idaho Falls School District No. 91
This request involves 1,269 students attending grades K through 12.

Swan Valley School District No. 92
This request involves 23 students attending grades K through 8.

Bonneville Jt. School District No. 93
This request involves 2,085 students attending grades K through 12.

Boundary County School District No. 101
This request involves 99 students attending grades K through 12.

Butte County Jt. School District No. 111
This request involves 58 students attending grades K through 12.

Nampa School District No. 131
This request involves 2,324 students attending grades K through 12.

Caldwell School District No. 132
This request involves 1,401 students attending grades K through 12.

Wilder School District No. 133
This request involves 130 students attending grades K through 12.

SUBJECT
Appointments to the Professional Standards Commission

APPLICABLE STATUTE, RULE, OR POLICY
Section 33-1252, Idaho Code

BACKGROUND/DIscussion
Section 33-1252, Idaho Code sets forth criteria for membership on the Professional Standards Commission (PSC) as follows:

The Commission consists of eighteen (18) members, one (1) from the State Department of Education and one (1) from the Division of Professional Technical Education. The remaining members shall be representative of the teaching profession of the state of Idaho, and not less than seven (7) members shall be certificated classroom teachers in the public school system and shall include at least one (1) teacher of exceptional children and at least one (1) teacher in pupil personnel services. The Idaho Association of School Superintendents, the Idaho Association of Secondary School Principals, the Idaho Association of Elementary School Principals, the Idaho School Boards Association, the Idaho Association of Special Education Administrators, the education departments of private colleges, and the colleges of letters and sciences of the institutions of higher education may submit nominees for one (1) position each. The community colleges and the education departments of the public institutions of higher education may submit nominees for two (2) positions.

Nominations were sought for the positions from the Idaho Education Association and Northwest Professional Educators. Resumes for interested individuals are attached.

Elementary Classroom Teacher:
Sindy Black, Jerome Joint School District
Kathleen Davis, St. Maries Joint School District
Kathy Duplessis, Kindergarten Core Knowledge Academy
Jennifer Gates, Plummer/Worley Joint School District
Jolene Gunn, Meridian Joint School District
Donna Sulfridge, Mountain Home School District
Betty Turner, Boise School District

EXPERIENCE
JEROME SCHOOL DISTRICT #261
August 2004-present
- 1st grade team leader, planning agendas, field trips, PLC etc.
- District Math team looking into curriculum.
- A teacher representative for PTO (parent organization)
- Served on the building leadership team,
- Trained mentor for our school district. This is third time and this year I am mentoring two teachers.
- Class on Charlotte Danielson Framework for Teaching use this with our mentoring program.
- Class also in SIOP and Marzano strategies to help mentees.
- District Pay for Performance committee and Differentiate pay committee for the past two years.
- The past year I have attended the i3C, Schoolnet, Discovery workshops.
  (10 days) present concepts at staff meeting.
- Negotiations 4 years with district.
CONSENT AGENDA
JUNE 18, 2014

EDUCATION
Rick's College now BYU-I Rexburg, Idaho 1975-1976 Associate in Family Services and Early Elementary Education
CSI Twin Falls Various times in life to pick up extra credits.

Idaho State University - Pocatello, Idaho 2001-2004
I finished my schooling at ISU from CSI campus. I started in January and went straight until finishing in May of 2004. I was 45 when I started to finish my degree. I took no breaks and was able to finish with honors in May. My time there I carried 3.89. I tutored many students to finish their technology portfolios. I was in on some of new testing that was done. I took one of the first Praxis test, pedagogy test for Elementary and did extensive work for the Literacy test. I did real well on all test scoring well above what the norm became. I helped work on teaching portfolio with other student who struggled. I worked in the technology lab also during my time. I sat on the review board twice to interview new candidates for the teacher program. I put three teenager through Jerome High School and was there for my two elementary girls. I did my 409 and student teaching at Lincoln Elementary. Upon graduation I was able to get a job teaching in Jerome.

LEADERSHIP
Church – I have been very active in my church working with teenagers for 13 years. I had the opportunity to organize many activities for them some as small as 15 to 200 girls for a week long camp. (which I did for 10 years in a row) I have been the president of the youth and primary age children where I have been actively involved in those organizations.
BSA – Boy Scouts of America: For several years I was a trainer in the Cub scout program. Where I trained leaders at district roundtables or for individual troops. I helped organize day camps for the boys and many for their leaders. I spent 2 years working with Woodbadage program which is a weeklong training for Cub and Boy Scout leaders.
IDEA- I have been a member of Idaho Education Association all my teaching career: 10 yrs. I have sat on the JEA negation committee for 4 years. I have been president of our local, Jerome Education Association for the last two years. I have gone to many trainings and conferences with this organization. I went up to legislative hearing and my husband testified at those hearing what he believed to be the outcome
of the laws that had been passed. I worked extensively in phone banks, door to door, and getting signature for recall of the votes. I attend the trainings that were held to help us become better leaders.

SUBJECT: Sindy Black

Dear Mrs. Cyr:

This is a letter of recommendation for Sindy Black, a third grade teacher in the Jerome School District, to serve as an Elementary Classroom Teacher on the Professional Standards Commission. I have worked with Sindy for many years as a colleague at school and through the Jerome Education Association (JEA). I believe she will be a great asset to the committee as she is not only a great teacher and leader but she also makes sure that her interactions with both students and peers are ethical and professional.

Because of Sindy’s work with JEA she is familiar with professional codes and standards of ethics, conduct, and professional practices pertinent to certified employees of the district. She has worked with and mentored teachers in her building to create an atmosphere that is both positive and encouraging to work in. Sindy has also worked on many committees in her building to write curriculum, write lesson plans, and establish routines for collaboration. And finally, Sindy is a veteran teacher which gives her experience and insight into the decisions the Commission works on with teacher education, teacher certification, and standards.

I hope you will consider nominating Sindy Black as a member of the Professional Standards Commission. Please contact me if you have any questions or if I can offer further information about her.

Sincerely,

C. Jolene Dockstader, Ed.D
April 18, 2014

RE: Sindy Black

To Whom It May Concern:

I’m writing in reference to Sindy Black. I have known Sindy for about 8 years. We met when our children were in the Marching Band. I was Moderator of our Music Boosters and she was a member. As boosters we facilitated fundraisers, chaperoned events including traveling out of state with the band and provided direction and guidance for the band students. During our time as Music Boosters we developed a friendship that has lasted even though we are no longer members of the booster club.

Working with 100+ teenagers and their parents was not always an easy task. Sindy’s temperament is one that has a calming effect and is beneficial in diffusing even the most difficult situation. She is often a voice of reason in times where it may have been questionable as to whether reason would be found.

Sindy’s ability to observe and assess a situation and offer sound advice and reason was an asset for our organization. She adapts well to different situations and was able to work well with both our teenagers and adults.

Sindy is a great planner and practices her organization skills. She is detail oriented and was a great help when we were planning events helping to ensure that even the slightest detail did not get overlooked.

Sindy is pleasant to be around. She is compassionate and mindful of how her approach and words can affect others and yet speaks to the situation regardless of how uncomfortable it may be. I believe that those qualities make her a more successful communicator as well as a team member.

I am grateful to be associated with Sindy and believe that she would be an asset in any organization or position.

Sincerely,

Gina Ordaz

April 18, 2014

To The Professional Standards Commission Selection Committee:

I am writing this letter of recommendation for Mrs. Sindy Black, as part of her application process for a position on the Professional Standards Commission. Mrs. Black has worked in the Jerome School District for ten years at Jefferson Elementary School. During that time she has taught first and third grades. Five of those years, I was her the building principal at Jefferson Elementary and am now the district superintendent.

Mrs. Black holds the personal qualities that are required of someone serving on the Professional Standards Commission, including honesty and integrity. Mrs. Black has experience working in a cooperative team setting in that she has been willing to participate in building and district committees and teams.

I understand the Mrs. Black may need to participate in meetings that will require her not being in the classroom. The Jerome School District supports the commission and Mrs. Black as these become necessary.

Mrs. Black would be a good member of this committee, if she is selected.

Sincerely,

Dale Layne
Superintendent of Schools
February 28, 2012

Penni Cyr, IEA President
Idaho Education Association
P.O. Box 2638
Boise, ID 83701

Dear Ms. Cyr,

I respectfully submit my application and required documents for consideration for the IEA’s selection of a representative to the Idaho Professional Standards Commission.

I believe it is imperative that the profession be protected from negative influences. One way in which we, as teachers, can help in this effort is to monitor practices which ensure that ethical conduct is employed at all times. This will not only make certain that those we come into contact are protected from wrong doing, but also ensure that those in the profession of education are not tarnished by the misdeeds or unprofessional choices of others. This review process also provides assurance that educators will be treated appropriately if accusations should arrive and that false accusations can be handled with integrity.

I have included the following documents: application, resume, statement of commitment to education, along with three letters of recommendation.

Should you have additional questions, please contact me so that I might provide any necessary information.

Thank you for considering me as a candidate for this appointment.

Sincerely,

[Signature]
Kathleen A. Davis

KATHLEEN A. DAVIS

OBJECTIVE: I would like the opportunity to serve on the Professional Standards Commission.

QUALIFICATIONS

In my 14 years of teaching, I have provided appropriate instruction to children in grades Pre K-8. During this time I have taken additional responsibilities and focused on strengthening community involvement in our school. By seeking workshops and conferences that focus on subject areas for which I am responsible, I have attempted to use current research and data to offer my students an optimal learning environment. My experience has included working with preservice teachers, novice teachers, and with college instructors involved in mentoring new teachers in order to provide resources and support that will aid them in a positive transition into the profession.

EDUCATION

1974-1978 High School Diploma, St. Maries High School, St. Maries, ID
1994-1998 B.S. Elementary Education, Lewis Clark State College, Lewiston, ID
Endorsements in Reading K-12 and English K-9
2002-2005 M. Ed. Curriculum and Instruction, University of Idaho, Moscow, ID

EMPLOYMENT

1998-1999 Teacher, Heyburn Elementary, SD #041, St. Maries, ID
Sept. - Jan Served as support personnel for Special Education Department. Responsible for weekly activities for grades K-5.

1999-1999 Substitute Teacher, Heyburn Elementary, SD #041, St. Maries, ID
Jan. - June Performed as long term substitute. Responsible for daily instruction and activities for twenty preschool age children including those with special needs.
Responsible for all planning and assessment in fourth grade classroom. In addition assumed all committee activities and assignments for teacher on leave during the final academic quarter.

1999-2005 Classroom Teacher, UpRiver Elementary, SD #041, St. Maries, ID
Assigned instruction in Language Arts, Geography, and Math for grades 6-8. This position included work within the Title I program. During this time I served on the technology, spelling bee, and assemblies committees.

2000-2008 Teacher for Summer Reading Program, SD #041, St. Maries, ID
Provided remediation for students in primary grades identified through IRI assessments.

2005-present Classroom Teacher, St. Maries Middle School, SD #041, St. Maries, ID
Language Arts, Grades 7-8, All subjects Grade 6
Responsible for instruction in reading and English. Member of district professional development committee, and RTI team. Mentor for novice teachers. Facilitator for collaboration activities.
Coordinator for building RTI team. Assisted in staff development for Danielson Evaluation Model.

RELATED ACTIVITIES

1998-present Active Member St. Maries Education Association
2003-2005 St. Maries Education Association Building Representative
2008-present St. Maries Education Association Treasurer; Delegate
2008-present Benewah County Library Association Board Trustee
Chair 2010-present
2010-present Active member P.E.O.
Chair - Scholarship committee 2010-present; Treasurer - 2012
February 28, 2012

To Whom It May Concern:

I am writing this recommendation for Kathy Davis, a sixth grade teacher at St. Maries Middle School, for the PSC committee.

Kathy graduated with a Bachelor of Science degree from LCSC in 1998 with endorsements in Reading K-12, and English K-9. After substituting for one year, Kathy began her teaching career at Upriver Elementary where she taught Language Arts, Geography and Math for grades 6-8. During this time she served on the technology, spelling bee and assemblies committees. In 2005 she transferred to St. Maries Middle School where she taught Language Arts to the 7-8th grades. Presently she is teaching 6th grade. From 2000-2008 she was an instructor for the Summer Reading program offered here in St. Maries. In 2005 Kathy graduated with a masters degree in Curriculum and Instruction from the University of Idaho.

Kathy is truly an outstanding leader and a person who is dedicated to the teaching profession. She has been instrumental in leading our school district with the Charlotte Danielson evaluation process. Trained by the IEA, she has attended workshops, lead discussion groups in the district, and been a facilitator for the model. Her professional leadership has been noted in St. Maries School District as she has served on the district’s professional development committee, text book selection committee, RTI team, a facilitator for collaboration activities, as well as a mentor for novice teachers.

In the community, Kathy has been active in P.E.O. and is currently serving on the Benewah County Library Association as a Board Trustee.

Kathy, an enthusiastic and engaging teacher, has excellent rapport and nurtures her students to achieve success.

Kathy has been a member of her professional organization since becoming a teacher. She has served as a building representative, treasurer, and been a delegate to the IEA delegate assembly.

As a member of the Professional Standards Commission, Kathy would be a reliable, hard working and dependable individual. She is willing to commit her time and efforts necessary to work on this important committee. She has the background, motivation, and inspiration to work with her fellow educators. She would be an advocate for the teaching profession.

As a retired teacher and Region 1 board member, it is with great pleasure that I recommend Kathy Davis for the position on the Professional Standards Commission.

Sincerely,

Dale Backuschen
February 29, 2012

Re: Kathy Davis

Dear Sir/Madam:

It is my pleasure to recommend Kathy Davis as a candidate for the Professional Standards Commission. I have known Kathy for seven years. I began teaching within the district five years ago and was grateful and fortunate to have Kathy as my mentor. Her commitment to aiding me in my educational growth has continued long after my first year of teaching.

Recommending Kathy is an honor when considering her level of professional dedication to education. She has been the cornerstone in developing and implementing RTI within our building. Kathy continues to take a proactive approach in educating herself on the latest RTI development; then she collaborates with staff and RTI committee members to provide quality educational growth for all students.

Kathy’s dedication in assuring student learning and staff accountability has branched out in many leadership rolls within the middle school. She thrives at the opportunity to aide in committee development that supports students, staff, and district growth. Kathy is also a leader on the school Professional Development team and as well as an active member of IEA. Her commitment to education and students continue with her active involvement in community committees such as the Benewah Library Association and our local P.E.O

Kathy enhances the commitment level within the building through her ethical and moral practices as an educator. Her leadership qualities, years of educational experience, and ethical standards, make her a person that is not only a leader but a trusted colleague and mentor for all staff members. Your committee would benefit from Kathy’s strong leadership, professionalism, and her ability to create strong collaboration among staff.

Sincerely,

Nikki Huddleston
Language/Art Teacher

Professional Standards Commission
650 West State Street
PO Box 83720
Boise, ID 83720-0027

To Whom It May Concern;

It is my pleasure to recommend Kathleen A Davis for the classroom teacher opening on the Professional Standards Commission. Mrs. Davis has taught Language Arts at St. Maries Middle School for the past seven years, which coincides with my arrival as principal at St. Maries.

Mrs. Davis has been a leader in areas of curriculum, innovation, student personnel and staff development. Her professionalism is beyond her years of experience, and she is definitely a leader of teachers. The conduct of “Kathy” Davis is above reproach. In 30 years of education I believe Kathy Davis would be in the top two people I would recommend for this commission.

Her professional, collaborative demeanor would make her a good selection for the committee due to the ability to work well within a group. Mrs. Davis is professional in her communications to students, staff, and the public. I can think of no limitation or personal attribute that would cause me any area of concern with this recommendation. As a result I give Kathleen A. Davis my highest recommendation, without reservation. If I can provide further information, please feel free to contact me at 208-582-0213.

Sincerely,

Dennis Kachelmier, Principal
KATHY DUPLESSIS

Kathy’s educational contributions span over 30 years of working with young children, their families and the wonderful people who dedicate their lives to teaching. She has an Associate in Early Childhood Education and a Bachelor’s Degree in Elementary Education.

Not only has Kathy taught in preschool and elementary classrooms, she has mentored and trained preschool classroom teachers in her position as Education Specialist at Head Start. She was also given the responsibility of setting up and running a successful Head Start program in Rexburg. Her position with Idaho Stars provided her the opportunity to mentor and coach adults in the early childhood field.

Throughout Kathy’s career, she has welcomed opportunities for travel, self-study and professional development. On her resume, please note her experience and awards serving on various boards and committees, including 10 years as Chairperson of First Book-Bonneville County. She has a strong record of commitment, teamwork and growth throughout her career.

Kathy’s education and experience have prepared her well for the responsibility of serving on the Professional Standards Commission. I encourage you to give her your highest consideration. Kathy’s resume’ follows.
Professional Experience

2010-Present: Kindergarten Core Knowledge Academy Teacher
Teach Core Knowledge curriculum enrichment experiences to kindergarten students who receive standards in the morning session. Providing additional educational opportunities utilizing community resources.

2007-2010 White Pine Charter School Teachers’ Aide
Assisted Special Education Teacher in providing services for children in kindergarten through 3rd grade.

Re: Professional Standards Commission

Dear Ms. Cyr,

I am interested in filling the Elementary Classroom Teacher position on the Professional Standards Commission. I have been an elementary teacher for seven years, but more importantly, a professional advocate for children for over 25 years as noted in my resume.

The Professional Standards Commission is a vital component to the learning community. I want our children to continue to move forward and this is another way to be a part of this movement. Holding teachers accountable and helping them to grow is an important aspect of education if we want to see our students thrive and become successful. The Professional Standards Commission helps to assure that we have educators that uphold principles and ethics that are necessary for that to happen. One of the most important things we can do for our students is to make sure that we have teachers in place who truly are dedicated to the standards that have been set. The Professional Standards Commission helps to assure that we have educators that uphold principles and ethics that are necessary for that to happen. I enjoy being a part of the changes and moving forward to help our children, not standing on the sidelines waiting for others to do the work.

My commitment to the profession is to always be striving to be better at enhancing the education of our children and that of our profession. Our children are our future, and I strive daily to produce an environment that makes them want to learn and to make sure that I continue to be open to learning every day as well. The Professional Standards Commission is the opportunity to assure quality teachers are in the classroom and to help those make needed changes if necessary.

Thank you for considering me for this position. I look forward to hearing from you.

Sincerely,

To Whom It May Concern,

It is an honor to write a letter of recommendation for Jennifer Gates. Jennifer is currently an elementary teacher at Lakeside Elementary School in the Plummer-Worley School District.

Jennifer is one of the most outstanding educators that I have had the opportunity to work with and learn from. She puts in a great deal of time and does a terrific job in all aspects of her responsibilities. Jennifer possesses a genuine passion for her students and is driven by a moral imperative to support all students to reach their potential. She is aware of all students' needs and knows how to reach each of them. Jennifer exhibits her dedication in all situations and interactions not only with students, but with her peers and administration. She truly gives one hundred percent with students, parents and staff. She will go the extra mile to help all students academically and socially whether they are in her classroom or someone else's.

The teachers respect Jennifer and learn from her knowledge level and develop compassion from her tender heart. Jennifer is a team player who has an excellent partnership with all staff and administrators in the Plummer-Worley School District. Jennifer has many leadership qualities and is very supportive with the overall educational activities of the School-Wide Title I Elementary School and district initiatives. She is engaged in weekly collaboration with teammates. During this collaboration time lessons are developed and student work is assessed.

Jennifer is always well-prepared, confident, and eager to teach students. She is highly knowledgeable with the curriculum and assessments as well as effective teaching strategies. She follows the state and common core standards in coordination with both the district and the school curriculum. She implements strategies to engage all students in high levels of learning. Jennifer presents herself in a highly professional manner: from communication with parents, to lesson planning, to delivering instructions, to collaboration among staff members. Jennifer models her strong abilities, skills, and professionalism in all areas of our school.

During Jennifer's daily lessons I have observed her to treat students with respect and courtesy. She listens to their responses, understands and uses methods for delivering the curriculum in a clear, sequential and thoughtful manner. She is able to move backward and forward in her lessons to accommodate for the differences in abilities of students during the delivery of instruction. She clearly understands that lesson plans are used as a tool and is comfortable to move toward the moment. It is evident Jennifer is highly skilled with differentiated instruction. Jennifer genuinely cares about her students and their needs both emotionally, socially, and academically.

Jennifer's engagement with activities and professional development is above and beyond most teachers. The following is just a sample list:
Weekly collaboration with building resources
Collaborated with Data Driven Dialogues
Data Assessments (Formative & Summative)
Differentiated Instruction
Developing modifications and interventions
Establishing and maintaining positive & collaborative relationships with parents
Establishing and maintaining positive collaboration with staff and students
Open communication with other providers to discuss needs of students and how to best align services
District Staff Development
Involved with Calibration Walk-Throughs
Staff Walk-Throughs
Common Core
SBAC Training

People respect Jennifer because they admire her honesty and sincerity. She is kind and compassionate with students, staff and community. Jennifer always demonstrates a big heart in her dealings with people regardless of their age or position in life. She works to accommodate people whenever possible, but is never willing to sacrifice the education of a student in the process.

Jennifer works very hard and her dedication to her profession is outstanding. People adore her warmth and caring attitude. It is an honor to work with such a terrific person.

Sincerely,

[Signature]
Mike Crabtree
Principal, Lakeside Elementary
4/15/2014

Dear Ms. Cyr,

I’m writing this letter of recommendation on behalf of Jenn Gates to serve on the Professional Standards Commission. Jenn has been a second grade teacher at Lakeside Elementary in the Plummer Worley School District since 2007. Jenn is interested in pursuing a vacancy on the committee through the IEA organization. As the Superintendent of this small district, I am well-acquainted with the quality of her teaching and feel qualified to speak to her character and work ethic.

I expect all staff to constantly strive to be impeccable and vigilant about the effect words and actions have on other people. It is also my expectation everyone uphold the highest level of confidentiality in the many sensitive issues arising as a result of being an employee of the Plummer Worley School District. It is one thing to set high expectations, however, it is rare for them to be met consistently by any individual.

Jenn Gates exceeds my expectations for staff. In a small district with many at-risk students, staff is presented with daily opportunities to demonstrate quality of character. A highly ethical teacher-leader, Jenn has been an asset to the elementary because of her high integrity and willingness to give honest feedback. She applies 100% of herself to everything she does with a sense of humor and without complaint.

Jenn Gates is a powerhouse as a person and staff member. The best part about Jenn is her calm yet firm demeanor. Jenn is self-motivated, caring, intelligent, and enthusiastic in her drive to always do her best in service to others. For these reasons and more, I believe Jenn Gates would be a great choice to serve on the Professional Standards Commission.

Sincerely,

Jodi Sharrett, Superintendent
April 23, 2014

To whom it may concern,

I am pleased to write a letter of recommendation for Jennifer Gates. I have known Jenn for the past 6 years at Lakeside Elementary where she has been a teacher and I have been a school improvement coach.

During this time, I have had a chance to observe and work with Jenn. First and foremost, she is a quality teacher; her classes are structured so students know what to expect. Jenn differentiates her instruction with her students by digging down deep to determine what each child needs, and developing a plan for them. She keeps track of student progress and makes adjustments to the student’s program when needed. Besides focusing on a quality academic program, Jenn is one of those teachers that values strong relationships with her students.

Jenn is a natural leader. Her peers seek her input and advice. She has effectively served on various teams and committees, helping move the school forward. She has also been an asset to her school by sharing her expertise with de-escalation skills and has provided training to them in the past. Recently, she has assumed the role of Union president for Plummer-Worley School District and is well respected in that role.

Jenn is warm, personable and cares about people. She is an excellent communicator, equally comfortable expressing concerns, as well as communicating when things are going well. She is intelligent, curious and always open to learning something new.

In summary, Jenn is the kind of person you want on your team. She is hard working, reliable and a can-do person. She has a great sense of humor and helps contribute to a positive team culture. She is energetic, enthusiastic and her positive attitude is a plus in developing collaborative relationships with staff and parents.

I strongly recommend Jenn as a competent teacher, collaborator and leader. I consider her an asset to any leadership position and would strongly encourage you to consider her for your position.

Sincerely,

Teresa Hurliman

THIS PAGE INTENTIONALLY LEFT BLANK
Dear Professional Standards Commission:

Jolene Gunn is a fourth grade teacher at Galileo STEM Academy. I have had the pleasure of working with Jolene at Galileo since we opened the school in August 2007.

Jolene works closely with a team of five other teachers in the fourth and fifth grade levels at Galileo. We are a K-8 school with a population of 735 students. The teachers work closely together and collaborate every Wednesday morning to discuss student achievement and behaviors and how to coordinate and improve the instruction at Galileo to meet the needs of our specific student population. Jolene is a master teacher and offers much to the collaboration discussions of her own grade level and the other grade levels she attends. She also has served as a mentor to many student teachers at Galileo over the years. Jolene is liked and respected by the staff at Galileo and the Galileo extended community. Many seek her out for advice because of her expertise in the field of education.

In working with Jolene I have found her integrity to be impeccable. Jolene understands the Professional Standards document and her professional actions reflect those standards. Jolene keeps the confidentiality of all sensitive and protected student and educational information. She abides by all policies, laws and statutes. Her relationships with students is professional both inside and outside of the classroom. She does not abuse drugs or alcohol. Jolene is honest at all times and in all circumstances. She does not accept favors or bribes from anyone. The gifts she may receive are things her students have made for her and are appropriate for her to give their teacher. Jolene has reported alleged breaches in the code of ethics for Idaho Professional Educators so these breaches could be addressed and stopped. She is very responsible, proactive and analytical in her approach to problem solving and planning. She remains calm under pressure and can calmly discuss emotional issues with staff, students and parents rationally. She works countless hours to be sure her instruction is meeting the individual learning needs of her students, and that the feedback she provides to the staff is based on sound teaching practice and research. Jolene handles all of her professional responsibilities with enthusiasm and integrity. I trust Jolene’s professional judgment. The staff, students, parents and patrons of Galileo respect Jolene and enjoy working with her.

It is my considered opinion that Jolene would be an excellent candidate for a seat on the Professional Standards Commission Board, and it is on this basis that I offer her my personal endorsement in this endeavor.

Sincerely,

Suanne McCullough

To Whom It May Concern,

This letter of recommendation is written with great confidence and a strong desire to help Jolene Gunn secure a position on the Professional Standards Commission Committee for 2014-2015.

Jolene is very dedicated to the profession of educating children. She has been teaching for over 20 years in the state of Idaho. I have worked closely with her for seven years teaching fourth grade at Galileo STEM Academy. Jolene strives for excellence when it comes to professionalism and teaching practices. She holds herself to a high standard of accountability in regards to educating her students. She takes college courses in order to provide the best possible academic experience. Jolene maintains a relationship of mutual respect and integrity with each and every student, parents, patrons of the community, and her colleagues. Jolene follows and presents the Common Core Standards and Meridian School District adopted curriculum to her students with integrity and thoughtful consideration of the needs of her students. Jolene complies with state and federal laws and local school board policies relating to the confidentiality of student records. She fulfills the obligations of her contract and conducts herself in a very professional manner. She is respected by her administrator, colleagues, students, and parents.

Jolene is dependable and punctual which are characteristics that make for an ideal member of the Professional Standards Commission Committee. Given the opportunity, Jolene will be a dedicated and effective member of the committee who will truly strive to do her best to represent the teachers of Idaho.

Jennifer Sebesta

April 25, 2014

To Whom It May Concern:

I would like to recommend Mrs. Gunn for the elementary teacher position on the Professional Standards Commission. I believe Mrs. Gunn is an excellent choice for your committee. As I learned more about the CORE Standards, I was a little worried about the changes for my now current 4th grader. Mrs. Gunn eased my worries. She is well educated on the new CORE Standards. Mrs. Gunn stays up-to-date with CORE Standards. Not only does Mrs. Gunn have a mastery of the necessary skills and concepts, she also helps students develop an understanding of the same concepts.

This year Mrs. Gunn offered parent classes in the evening, on her own time, to help us understand the “new math”. She taught us just like she teaches her students. She let us solve problems using our new strategies and share our ideas. We not only learned from her, we learned from each other. She is a master teacher that teaches with a fair, firm, and consistent manner.

I have known Mrs. Gunn for several years and have always found her to be intelligent, articulate, and personable. Mrs. Gunn adapts to new situations and uses several strategies to reach her students. She has a great rapport with both students and parents. She relates well to people of all ages. She makes learning fun while maintaining control of her classroom.

In closing, I believe that Mrs. Gunn would make a great addition to your committee.

Respectfully,

Jill Janicek

My Commitment to the Education Profession

I am an educator, a teacher. And as such, I hold the firm belief that teaching is the most important and rewarding profession one can aspire to.

Our society depends on an educated population to ensure the safety and continuation of our democratic way of life. Even in elementary school, students acquire knowledge and skills they will need to lead fulfilling lives and to become informed, productive citizens.

Teachers are educated professionals. All potential teachers need to be educated in child development and skilled in using classroom management techniques. They need opportunities to observe classrooms and participate in student teaching programs with master teachers. Like other professionals, teachers need opportunities to participate in professional development to keep content fresh and to stay up-to-date on best practices.

Teachers are role models for students in and out of the classroom. Expected behaviors must be modeled daily for students to build a community that operates on the principles of caring and respect. Teachers show the importance of and promote lifelong learning with their students.

Educators work as members of a team and know that collaborating with peers, administration, and parents help students reach their highest potential. Working in partnership with all the stakeholders in a child’s life creates a safe environment that is fostered by respect between home and school.

DONNA SULFRIDGE

Donna will bring a wealth of teaching experience, wisdom and depth of understanding to the Professional Standards Commission (PSC). Donna is interested in serving on the PSC in order to yield excellence in teacher development. She believes that supporting and guiding good teachers is the best way to help students achieve more than just high test scores, namely, and more importantly, to reach their dreams. Teachers inspire students and she hopes to encourage teachers through her contributions on the PSC.

Donna loves working with people---students, parents, colleagues, and the general public. She has faced many challenges in dealing with people, possessing and demonstrating the wisdom and caring that people appreciate. Additionally, she values working in groups to solve problems for the good of Idaho’s children.

Within three years of receiving her degree in Elementary Education, Donna was voted Teacher of the Year at Star Elementary School in the Meridian School District, became one of the District’s first Mentor Teachers, and ran the Title One summer school program and the Reading is Fundamental Program for her school.

Donna began her Master’s Degree in Reading and moved to Mountain Home to Base Primary School. It was here where she learned to organize huge field trips to the pool (on bikes) or to farms and sand dunes as well as how a group of teachers can run a very profitable carnival. Here she threw herself into teaching Everyday Math, the Writing Workshop, and Hands on Elementary Science, guiding her students in Discovery Lessons in Science and Social Studies.

Throughout Donna’s career, she has gone over and above her classroom responsibilities to contribute to the profession by serving on textbook adoption and curriculum committees, piloting math curriculums and serving on a district retention policy committee. She served on the School Wide Title One Committee and RTI Committee and currently serves on the School Improvement Team.

As a veteran teacher, Donna has experienced all of the changes and challenges brought on by No Child Left Behind and meeting Adequate Yearly Progress goals. Despite the inevitable large pendulum swings in education, she has always seen the wisdom of providing a balanced approach. As the curriculum has evolved to more “a mile deep and an inch wide” focus, she has made sure to adapt when witnessing a lack of student engagement.
Donna earned her Master’s Degree in Educational Leadership from the University of Idaho in May of 2012. She was encouraged to pursue educational leadership by her pastor, Dr. Robert Colson, who told her that she would make an excellent administrator. He had witnessed her leadership as the director of the church’s music ministry for the past eleven years and by her work as a youth group leader.

Donna’s first passion has been for her students’ welfare and learning. Her acceptance as a PSC member will allow her to support, guide, and help teachers in these difficult times for both educators and students. Please give her your strongest consideration.

Please see Donna’s accompanying resume’ below.
Objective

My objective is to become an elementary school principal.

Education

2009-2012  University of Idaho, Boise, Idaho
Master of Education --- Educational Leadership

1983-1987  Boise State University, Boise, Idaho
Bachelor of Arts --- Elementary Education

Honors

- Renaissance Reading Model Classroom --- 2001/2002
- Teacher of the Year Star Elementary School --- 1991/1992
- Bachelor of Arts Degree conferred with High Honors

Teaching Experience

2004-Present  Third Grade Teacher
East Elementary School, Mountain Home School District, Idaho

2002-2004  Third Grade Teacher
Base Primary School, Mountain Home School District, Idaho

April 15, 2014

Idaho Education Association
Professional Standards Commission

Dear Selection Committee:

It is my honor to recommend Mrs. Betty Turner for a position on the Professional Standards Commission. In my position as gifted program supervisor for the Boise School District in Idaho, I have worked with Betty for ten years. During most of that time, she has been a primary grade teacher in our highly gifted program and an integral member of our highly gifted program team. The five teachers in this program work extremely collaboratively and have significant additional responsibilities beyond their teaching. They help select children for the program based on test scores as well as more subjective evidence. They develop the advanced curriculum for this program which is an extreme intervention for students with profound gifted needs. In the classroom, as well as providing continual academic challenge for these students, they address the unusual emotional and executive functioning skills of this population of students and the concomitant challenges these present.

In the on-going workings of this team, as well as in her classroom teaching, Betty has demonstrated the highest ideals of the teaching profession. Even under pressure, she examines each decision with an eye to ethics and what is the “right” thing and the “professional” thing to do. She happily and willingly volunteers for whatever needs to be done to improve our ability to meet the needs of our students. She is a very reflective teacher, analyzing her lessons and classroom, pursuing professional development and continually refining her teaching. She works very closely with her students’ parents and is highly respected by them and by district staff. She is extremely responsible and worthy of trust.

I am delighted that Betty has agreed to pursue this responsible position in her field. She will be an excellent representative of the teaching profession and will be a great asset to the committee and its important work.

Sincerely,

Rita S. Hoffman
April 17, 2014

To Whom It May Concern:

It is without hesitation that I recommend Mrs. Betty Turner the Professional Standards Commission! Betty is an outstanding professional educator and truly has a heart for students. She cares deeply about their success and understands the importance of developing positive, integrity-filled relationships with her students, their parents, and her colleagues. Betty demonstrates, daily, the Boise School District core values - respect, responsibility, teamwork, honesty and dignity.

Betty is a team player! She collaborates extremely well with her colleagues and her colleagues think highly of her and her consistent professionalism. Betty is well versed in the continuous school improvement process having spent the past several years reading about Professional Learning Communities and implementing plans, differentiating lessons, and developing all means necessary to meet the needs of all of her students in her classroom and the needs of all of the students at her grade level.

Betty is positive, upbeat, confident, and has a can-do attitude. Parents and students love her. Students look forward to being in her class and parents routinely requested to have their child placed in her classroom.

I would rehire Betty in a heartbeat and if my own children were in the primary grades (they're older now) I would not hesitate to place them in her classroom.

You will not be remiss if you select Betty Turner for this position on the Professional Standards Commission! Feel free to give me a call if you have questions. My home phone number is 208-853-0672 and my cell phone number is 208-284-6358.

Sincerely,

Gale Zickefoose
Principal

Professional Standards Commission  
650 West State St.  
Boise, ID 83720  

To Whom It May Concern:  

I am writing to recommend Betty Turner to serve on the Professional Standards Committee. Mrs. Turner consistently displays good judgment. Betty is a woman of great integrity.  

I have been acquainted with Mrs. Turner since 1992. I have known Betty well for the past six years. I first worked with Mrs. Turner when she served as PTO president of the school where I taught. I am fortunate to now work with Betty as a co-teacher in the Boise School District Highly Gifted Program.  

Through my many years of working with Mrs. Turner I have seen her work ethic and commitment to children on a daily basis. Betty always works to elevate her students by having high expectations and holding the children accountable to those expectations.  

I recommend Betty Turner to the Professional Standards Commission because of her integrity. Mrs. Turner is the most honest and caring person I know. Betty understands and practices confidentiality. She also is not afraid to speak up when students or adults are treated unfairly.  

Mrs. Turner’s honesty, integrity and incredible work ethic would make her a great fit for the Professional Standards Commission. She would be an asset to the PSC, and I am happy to give her my wholehearted endorsement.  

Sincerely,

TEMPORARY PROPOSED RULES – IDAPA 08.02.01, RULES GOVERNING ADMINISTRATION – STRATEGIC PLANNING

Motion to Approve
SUBJECT
Eastern Idaho Technical College (EITC) Biennial Progress Report

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section I.M.3.

BACKGROUND/DISCUSSION
This agenda item fulfills the Board’s requirement for Eastern Idaho Technical College to provide a progress report on the institution’s strategic plan, details of implementation, status of goals and objectives and information on other points of interest in accordance with a schedule and format established by the Board’s Executive Director.

President Albiston will provide a 15-minute overview of EITC’s progress in carrying out the institutions strategic plan.

IMPACT
Eastern Idaho Technical College’s strategic plan drives the College’s integrated planning; programming, budgeting, and assessment cycle and is the basis for the institution’s annual budget requests and performance measure reports to the State Board of Education, the Division of Financial Management and the Legislative Services Office.

ATTACHMENT
Attachment 1 – Progress Report - Draft

BOARD ACTION
This item is for informational purposes only. Any action will be at the Board’s discretion.
Eastern Idaho Technical College Progress Report
June 2014
Presented by: Dr. Steven K. Albiston, President

Strategic Plan Implementation

- Details of implementation. We have implemented the EITC Strategic Plan and aligned it to the State Board of Education’s (SBOE) Strategic Plan. In addition, EITC is currently in the process of revising the strategic plan to align with the expectations of the Northwest Commission on Colleges and Universities in support of our Mission, Vision and Core Themes. We have established an Accreditation Steering Committee that will oversee the revision. As EITC realigns its Strategic Plan to match accreditation needs, the Accreditation Steering Committee will evaluate existing metrics and their associated benchmarks for continuing relevance to the college as well as alignment to the SBOE’s plan.

- Status of goals and objectives
  - Goal 1. Well Educated Citizenry
    - EITC has changed the remedial process for incoming students to get them into college credit courses without remediation. We no longer offer ENG 90 but offer ENG 101 with additional lab time. We have also offered MAT 123 with a lab to students who would in the past take MAT 100 before entering this college credit course.
    - We offered 5,204 hours of expanded tutoring opportunities to all students; 94% rated the tutoring services as very good to excellent. 82% felt that participating in the tutoring center helped raised their grades.
    - The Adult Basic Education program has post-tested the highest percentage of students in a given year. We have also reached the highest percentage of academic gains of any year. The student contact hours have increased from 88 hrs./student to 102 hrs./student because of distance learning options we have added. We have reached all of the state academic targets for ABE students and have reached five of six levels in ESL.
  - Goal 2. Critical Thinking and Innovation
    - Instructors were given a survey to target professional development at the beginning of the school year. Three workshops from survey results were conducted to improve faculty and adjunct instructional skills.
    - A “best practices in teaching” handbook is being developed to assist new faculty and adjunct.
  - Goal 3. Provide high quality admission and student support.
    - QRS squares were placed outside of student services, business office, bookstore and library to track student comments and satisfaction.
- Points of interest. EITC’s Vision Statement is to be a superior professional-technical college. To accomplish this goal, we are continually in the process to improve our programs. We are examining the current criteria used to evaluate and prioritize our programs to expand successful programs and discontinue programs that are no longer relevant to our industry market.

**Budget**
- 32.38 FTE faculty: 40.28% of the population
- 18 FTE managerial/professional: 22.39% of the population
- 30 FTE classified: 37.32% of the population
- The numbers shown above represent full time employees funded by the Division of Professional-Technical Education. There are other full time employees funded by various grants and full time employees, particularly in the information technology area, whose personnel costs are covered by locally generated funds.

**Enrollment**
- Graduate Training Related Placement Rate: 78.6%
- Retention Rate of Full Time Students Fall 2012 to Fall 2013: 80%
- Graduation Rate (IPEDS 2013 report for 208 cohort): 40% normal time, 56% - 150% of normal time, and 56% - 200% of normal time
- FY2013 Accrued Headcount: 1,240
- FY2013 FTE: 531
- FY2013 Short-Term Training Accrued Headcount: 11,789
- FY2013 Short-Term Training FTE: 121

**Research and Economic Development**
The College’s President serves on the Board of Directors of each of the following local and regional economic development agencies in eastern Idaho:
- **Grow Idaho Falls** – An investor-based organization dedicated to the development and growth of Idaho Falls, Ammon and Bonneville County. Grow Idaho Falls, Inc. plays an important role in the expansion of existing business, job retention and the attraction of new business to our area.
- **Partnership for Science & Technology** - A non-profit, public-interest organization advocating for the advancement of science, energy and technology, and providing accurate and timely information on related regional activities, including those at Idaho National Laboratory.
- **The Development Company** - Serves both local businesses and governments in order to develop and expand the economy of the region.

**Special/Health Programs**
- **May 7, 2014**: The Medical Assisting Program AAS Degree was reaffirmed for accreditation by the Commission on Accreditation of Allied Health Education Programs until May 2022.
- **February 10, 2014**: The Accreditation Review Council on Education in Surgical Technology and Surgical Assisting approved the EITC Surgical Technology Core Curriculum.
College Updates

- July 1, 2014: EITC will begin oversight of statewide Fire Service Training in Idaho. This program will include the delivery of courses at over 240 fire departments serving some 7,000 firefighters.

Education Collaborations:

- **The EITC Transition Office** - works closely with high schools located within College District VI in developing articulation agreements that allow high school students the opportunity to receive college credits for successfully completing approved courses.
- **EITC's Energy Systems Technology program** - is designed for students to complete a Technical Certificate and then transfer to the College of Technology at Idaho State University to complete an Associate's of Applied Science degree.
- **The Health Care Education Building** – is a shared facility by EITC and ISU. The facility is located on the EITC campus. Recently, ISU has initiated delivery of Dental Hygiene courses utilizing the facility.
- **Computer Support Services** – are provided to ISU faculty and students that utilize EITC facilities.
- The College of Southern Idaho is renting space on the EITC campus to provide additional general education courses.
- **Wildland Fire Science Training** – The College designed and delivered large-scale training programs to the BLM, Forest Service, Bureau of Indian Affairs, and the Idaho Department of Lands. Wildland firefighters trained at EITC fight wildland fires in southern Idaho, western Wyoming, all of Utah, Nevada, and nationally. Structural firefighters from over 20 volunteer and paid fire departments receive classroom and hands-on training at the Eastern Idaho Fire Academy hosted by the College each June.
- **Advanced Manufacturing** - EITC has worked with the Idaho Department of Labor, Commerce, University of Idaho, Battelle Energy Alliance, and the Development Company to meet with manufacturers in eastern Idaho to assess the need for the development of a Certificate, Associate of Applied Science Degree at EITC, and a Bachelors of Applied Technology Degree in Advanced Manufacturing from the University of Idaho in Idaho Falls. The intent is to establish a “two plus three” program with the University of Idaho to provide graduates with multiple exit opportunities which lead to various occupational levels in the growing manufacturing sector. As a result, EITC and the University of Idaho are collaborating in the design and usage of a lab to support the programs.

Business Collaborations:

- **Doug Andrus Distributing** – EITC and Doug Andrus Distributing have been working together since 2005 to train highly-skilled professional truck drivers. To meet the increasing demand for professional truck drivers, Doug Andrus Distributing works with EITC to lease the College a tractor and large practical driving range for students, and property at their facility to house the program tractor-trailer. **Accomplishments since 2005 include** training of 278 drivers
with an average hourly rate of $16.13 for graduates. The company has grown from one with 210 trucks to over 280 trucks. Doug Andrus Distributing is now the largest family-owned transportation company in Idaho.

- **Battelle Energy Alliance Environmental Safety & Health Training Program** – EITC works with Battelle Energy Alliance to provide environmental, safety, and health regulations-driven classes to approximately 5,000 Idaho National Laboratory employees annually. **Accomplishments include** the revision and delivery of over 50 standardized training classes in occupational upgrade areas such as radiological, respiratory, and industrial safety. Classes are conducted both on site at the INL and the EITC campus making it convenient for employees located at numerous locations both in Idaho Falls and at a desert facilities.

- **HK Contractors** – The College trained 75 heavy equipment operators in Adult First Aid and CPR training.

- **City of Idaho Falls** – EITC works closely with the City of Idaho Falls to provide continuing education classes for employees in Idaho Falls Power and the Building Department.

**Capital Campaign**
- EITC Foundation Scholarship Endowment as of May 2014 : $3,492,648

**Outreach**
- **The Regional Adult Learning Center** - provides outreach GED instruction in Rexburg and Salmon and is establishing services in Driggs fall of 2014. Also, Adult Basic Education courses are offered in Challis/Mackay and Rexburg, and will be providing services in Driggs the fall of 2014.
- **The Workforce Training Department** - has offered outreach training and community education in Driggs, Rexburg, Salmon and St. Anthony.
- **Through its Online Instruction Center**, - the College offers over 300 non-credit classes and programs serving place bound and rural businesses and residents.
- **EITC** - has supported the Development Company in their efforts to secure funding for the renovation of their facility in Driggs. The project is expected to be completed by January of 2016 and will provide space for adult education, workforce training activities and serve as a business incubator in the Teton Valley.

**New Buildings**
EITC has no plans for near term construction of new academic buildings. Throughout the years EITC, working with the Division of Public Works, has carefully modified its older facilities to accommodate changing needs in the academic and work environment. The Robertson Building is a typical case. Farm equipment repair has been supplanted by manufacturing, which has been supplanted by robotics and soon with systems to teach and demonstrate advanced fabrication techniques including 3-D printing. Typewriters have given way to computerized systems; while we still teach essential skills in office technology we have modified classrooms to teach the network technology and web development which drives modern business. We pride ourselves on the ability to adapt and utilize our facilities.
PRESIDENTS’ COUNCIL

SUBJECT
Presidents’ Council Report

BACKGROUND/DISCUSSION
President Joe Dunlap, North Idaho Community College President and current chair of the Presidents’ Council, will give a report on the recent activities of the Presidents’ Council and answer questions. The Presidents’ Council met on May 6th and June 3rd, 2014.

BOARD ACTION
This item is intended for informational purposes only. Any action will be at the Board’s discretion.
SUBJECT
Idaho Public Television (IPTV)

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section I.M.3.

BACKGROUND/DISCUSSION
This agenda item fulfills the Board’s requirement for IPTV to provide a progress report on the agency’s strategic plan, details of implementation, status of goals and objectives and information on other points of interest in accordance with a schedule and format established by the Board’s Executive Director.

Ron Pisaneschi, General Manager of the Idaho Public Television, will provide an overview of IPTV’s progress in carrying out the agency’s strategic plan.

BOARD ACTION
This item is for informational purposes only. Any action will be at the Board’s discretion.
SUBJECT
Dr. Bruce Schultz with the J.A. and Kathryn Albertson Foundation will present a report on the Continuous Enrollment Project.

BACKGROUND/DISCUSSION
The Albertson Foundation is a private, family foundation, committed to the vision of limitless learning for all Idahoans. The Foundation invests in three focus areas 1) Career Readiness; 2) Learning Choices; and 3) Leadership.

In 2011, the Foundation began its Continuous Enrollment Project, a two-year pilot project to measurably increase higher education access, retention and success for non-traditional students. Six Idaho higher education institutions participated in the first grant round: College of Southern Idaho (CSI), North Idaho College (NIC), Lewis-Clark State College (LCSC), Eastern Idaho Technical College (EITC), Idaho State University (ISU), College of Technology and College of Western Idaho (CWI). Each created its own, unique model based on a core set of proven- or best-practices for student retention. Participating institutions were required to collect, review, and report student success indicators to the Foundation on an annual basis.

The methodologies employed in the project were carefully monitored. The resulting data showed which methodologies had the most impact and identified implementable practices that are making a significant difference in how many students are completing an associate’s degree. In 2014, the Foundation provided a second round of grants to NIC, EITC, CSI, ISU and CWI.

The Foundation will present the results of the Continuous Enrollment Project report from January 2014. They will also provide an overview of the second round of continuous enrollment grants to NIC, EITC, CSI, ISU and CWI.

IMPACT
At the end of the second round of the grant, the Foundation will continue to provide technical assistance for the project participants.

ATTACHMENTS
Attachment 1 – Guided pathways to Success Report Page 3

STAFF COMMENTS AND RECOMMENDATIONS
Given the resource intensive methodologies used, sustainability of the programs at the institutions is a concern. The community colleges have included line items to support continuous enrollment in their FY 2016 budget requests. Data collection and analysis also require institutional research staff and capability.

BOARD ACTION
This item is for informational purposes only. Any action will be at the Board’s discretion.
J.A. AND KATHRYN ALBERTSON FOUNDATION

GUIDED PATHWAYS TO SUCCESS

A REPORT ON THE IDAHO CONTINUOUS ENROLLMENT INITIATIVE PILOT 2011-2013
INTRODUCTION

“Nontraditional” students—older, working, married or maybe still living at home—now constitute a large and growing percentage of those attending college in the United States according to a recent Complete College America alliance report. In fact, they are fast becoming the new traditional.

Idaho’s non-traditional students include unemployed and underemployed laborers, alternative high school students, young single parents and dropouts who face work schedule conflicts, family obligations and geographic and financial barriers when it comes to accessing higher education.

Unfortunately, non-traditional students enrolled in higher education in Idaho don’t succeed. More than half of students who enter a two-year certificate or degree program in Idaho will drop out in the second year without a degree or certificate, debt ridden and without a pathway to success.

Meanwhile jobs in Idaho, that lead to successful careers and prosperity, go unfilled.

The shifting nature of the student population and the failure rate of nontraditional students require that we do things differently if we expect Idaho to meet the 60% goal and have the workforce we need.

Idaho’s community and technical colleges play a critical role in filling the skills gap in Idaho’s workforce and they provide the perfect on-ramp for non-traditional students.

The Continuous Enrollment Initiative was designed to be a game changer that helps Idaho’s community and technical colleges retool their practices to attract and retain non-traditional students and help fuel Idaho’s economy.

Given a support structure, nontraditional students can drive Idaho’s economic engine and live out their dreams.

IDAHO SKILLS GAP DATA

Idaho’s workforce development trends reflect an exponentially widening skills gap between what employers need — highly trained workers and a supply of graduates from two-year Idaho institutions — and the state’s current rate of degree attainment. To meet the need, Idaho’s higher education institutions need to double the rate of credential attainment by 2020 because:

• By 2018, Idaho will be third in the nation for the number of jobs requiring some post-secondary education. 1
• Between 2015-2020, 86% of all new job openings in Idaho will be filled by workers with a college credential. 3
• Almost half of these jobs will go to people with an associate degree or training certificate. 4
• At the current rate of credential attainment, 46% of these jobs will lack trained Idaho workers.
PARTICIPANT DEMOGRAPHICS

FIVE HIGHER EDUCATION INSTITUTIONS IN IDAHO
The J.A. and Kathryn Albertson Foundation in 2010 invited six higher education institutions in Idaho to submit proposals to participate in the Continuous Enrollment pilot program. Five proposals were funded in 2011:

- College of Southern Idaho, Twin Falls
- Eastern Idaho Technical College, Idaho Falls
- Idaho State University, College of Technology, Pocatello
- Lewis-Clark State College, Lewiston
- North Idaho College, Coeur d’ Alene

Each institution was required to assemble a cross-disciplinary team including representatives from adult basic education, institutional research, student services, financial aid and administration. They were tasked to develop a student retention plan for nontraditional students. The plan was aimed at earning a certificate or degree without incurring overwhelming debt.

The teams were also required to select from a set of proven practices based on national best practices designed to lower barriers and develop resilience. Their plans focused on practices that:

- Deliver intrusive academic advising
- Teach college navigation skills
- Match student participants with trained student mentors
- Group students into cohorts
- Monitor student progress and accountability
- Provide accelerated remediation

THE STUDENTS
Nearly five hundred students, described as “educationally disadvantaged learners”, participated. The average age of participants was 28. Upon entering the program,

- 80% had a General Educational Development (GED) background
- 73% required remedial coursework
- 90% tested below college level in their academic skills
- 22% identified as Non-white (almost twice the number for 2010 census)
- 44% enrolled full-time
- 33% enrolled part-time
- 22% mix-enrolled (combination of full-time/part-time enrollment during six semesters)
- 32% of students dropped out, almost half of the rate of a typical Idaho student

All Continuous Enrollment students received some type of scholarship or financial assistance as part of the project. Ninety percent of the participants were eligible for FAFSA with Pell Grant assistance. The remaining 10% were awarded scholarships to fill other financial gaps.
RETENTION AND COMPLETION STRATEGIES AT WORK

The use of data was a foundational component of analyzing the project’s success from day one. CE projects were required to report on-going and in-depth student progress data and make improvements to their plan based on that data.

The qualitative and quantitative data research methods employed by this initiative helped identify six practices that measurably increased student retention-to-completion rates:

1. **Intrusive, just-in-time advising** provided participants with a clear roadmap of semester-by-semester courses leading to their credential goal. Those with specific and targeted credential goals and clear course milestones had an overall retention rate of 78%. Students lacking a clearly articulated credential goal had an overall retention rate of 56%. Staff ensured students did not fall through the cracks by closely monitoring class attendance and through regular face-to-face meetings.

2. **College skills and success courses** provided participants with a cohesive set of navigational tools and skills designed to promote a successful transition into the college culture including financial and career planning, computer competency, note-taking, study and test preparation, time management and self organization. 87% of the student participants completed this accredited course during their initial entry into the project. The courses were for elective credit, ranging in one to three credits.

3. **Pre-COMPASS* training** provided participants with a structured review of key math and English concepts prior to taking placement tests that determined the need for remediation. Participants completing pre-COMPASS training produced math and writing scores that were 10-12% higher on the COMPASS entrance test when compared to other GED entry-level students. Retention rates for participants in pre-COMPASS training were 80% versus 69% for other pilot project participants who did not complete pre-COMPASS training.

4. **Student cohort groups** provided participants with a built-in academic and social learning community. This practice provides vital student-to-student support and a strong sense of connection to the institution and faculty. Participants with similar placement test results were grouped in an academic cohort for required courses. Every student participant not placed in an academic or social cohort group dropped out.

5. **Peer Mentorship** provided participants with weekly student-to-student sessions with trained student mentors. Student mentors were selected through a rigorous interview process focused on academic proficiencies, communication skills and community service motivation. Mentors received 10-15 hours of training. Survey results from two pilot projects indicated that more than 87% of mentored participants rated mentorship as a positive retention factor.

6. **Accelerated remediation programs** were designed to quickly move participants through required remedial coursework. Two pilot projects developed accelerated remediation programs with instructor-led math and writing workshops in addition to the regular class schedule. Participants had a course completion rate (C grade or better) of 81% compared to 54% for cohort peers taking the same course without an accelerated learning component.
RESULTS

Based on almost three years of student progress data* at the five participating institutions, student achievement benchmarks were measured and analyzed, including the percentage of credits earned, grade point average, credential goal completion and retention rates.

Although grantees used of retention and completion practices that fit best for their institution, key findings emerged:

- **Participants’ average Grade Point Average was 2.79**
  - Compared to 2.57 GPA for the general Idaho freshman student population and 1.89 GPA for students entering with a GED
- **Almost 70% of participants were retained in programs after the first year**
  - Almost 500% increase over the national average 4
- **74% of all credits attempted in the first year were completed**
  - Compared to 59% credit completion rate for a traditional student at the end of their community college freshman year
- **100% of students who did not participate in a designed student cohort dropped out**
- **86% of participants used accelerated remediation programs or tutorial programs**
- **Participants with a mixed enrollment status were more successful in completing credits, had a higher GPA and had higher second-year retention rates (92%)**
- **Participants who developed credential-related goals through intrusive academic advising had GPA’s that were twice as high as those who did not develop credential goals (2.53 GPA vs. 1.16 GPA)**
- **17% of participants achieved a certificate or associate-level degree within two years**
  - A North Virginia Community College study reported the graduation rates of all GED entry students at 4.6% over a five-year period and 11.8% over a seven-year period
RECOMMENDATIONS

This pilot project provides proof that Idaho’s community and technical colleges can transform their approach and employ proven strategies to ensure student retention and credential completion. It also provides evidence that these strategies need to be scaled so that all incoming students benefit. Due to the performance-based outcomes achieved by these projects the Foundation has rewarded these projects with Phase 2 funding to help begin the scaling process.

Scaling these strategies are both a societal and economic imperative and should not be left to the responsibility of the philanthropic community. The question the Foundation asks is: “Does Idaho’s political and higher education leaders have the will to make these strategies a priority”? Money helps focus state efforts and it is needed, but it is only part of the solution.

In order to scale this to the level needed to meet the state’s 60% goal and ensure prosperity for future generations, the Foundation recommends the following:

1. The State Board of Education should require all higher education institutions to commit to increasing the number of non-traditional students who enter and complete a credential or degree by tying performance-based retention and completion outcomes to funding incentives.

2. Student debt is a big issue — not just for those from lower socioeconomic strata. Leaders and professors in Idaho’s higher education institutions must help ensure that students who start have every opportunity to complete their program as soon as possible and at the lowest cost possible.

3. Take inventory of current student recruitment approaches and whether they hinder access to underserved and non-traditional students.

4. Ensure these proven student support practices are adopted and embedded throughout Idaho’s higher education system including the policies, practices and culture so that all students benefit.

5. Develop more private-public sector partnerships to provide student scholarships, expertise, entrepreneurial opportunities, internships, etc. because they are less encumbered by politics and help the business community to develop more.

---

4 2001, Research Report No 13-01, High School Graduates and GED Recipients, Northern Virginia Community College Office of Institutional Research

** ACT Compass is a computer-adaptive college placement test that evaluates incoming students’ skill levels in reading, writing, math and English as a second language and helps place students in appropriate courses and connect them to the resources they need to achieve academic success
SUBJECT
Legislative Ideas - 2015 Legislative Session

REFERENCE
June 2010 The Board approved legislative ideas to be submitted through the Governors Executive Agency Legislation process.
June 2011 The Board approved legislative ideas to be submitted through the Governors Executive Agency Legislation process.
June 2012 The Board approved six (6) legislative ideas to be submitted through the Governors Executive Agency Legislation process.
June 2013 The Board approved eight (8) of ten (11) legislative ideas to be submitted through the Governors Executive Agency Legislation process.

BACKGROUND/ DISCUSSION
As an Executive Agency, the State Board of Education is required to submit electronically all Legislative Ideas to the Division of Financial Management (DFM) for the Governor’s approval. The Board’s approval of these Legislative Ideas is the first step in that process. If approved by the Board and the Governor, the actual legislative language will be brought back to the Board at the October Board meeting for final approval prior to submittal to the legislature for consideration during the 2014 Legislative Session.

The institutions and agencies were requested to submit legislative ideas for Board approval at the June Board meeting in March of this year. The Board office received three (3) legislative ideas from the institutions. Board staff has identified an additional six (6) potential pieces of legislation. A seventh legislative idea is being proposed as a place holder for any potential legislative changes that may be recommended by Taskforce for Improving Education.

The following are descriptive summaries of the ten (10) legislative ideas that are being proposed:

1. 8 in 6 Program
Statement of Purpose
Amend language in section 33-1628, Idaho Code to clarify that students attending Bureau of Indian Education (BIE) schools in Idaho may participate in the 8 in 6 Program as long as all other eligibility requirements are met. Currently the (BIE) oversees two schools in Idaho, the Shoshone-Bannock Jr./Sr. High School and the Coeur d’ Alene Tribal School.

Fiscal Note
Due to the small number of schools the fiscal impact is anticipated to be minimal.

2. Workforce Reporting
Statement of Purpose
This legislative Idea would be developed in conjunction with the Department of Labor and would require employers to report occupancy codes and number of hours worked. Through the P-20 to Workforce SLDS education data may be matched with workforce data. Current research is limited by the level of detail of the workforce data. Should this legislation pass, Board staff would be able to report the number of students graduating from our public institutions who work in their specific field as well as determine if they are working full-time or part-time. Currently the data is limited to the Industry Code, this only allows us to determine if graduates are work at a company that that is in their field of study, and not if the actual position they hold is relevant to their degree or certificate.

Fiscal Note
To be determined

3. State Residency for Tuition Purposes
Statement of Purpose
Amend language in section 33-3717B, Idaho Code to streamline the process for determining residency for tuition purposes and to specify that all students who graduate from an Idaho High School and attend a public postsecondary institution within a specified timeframe would be eligible for in-state tuition. Additional changes may also need to be made to section 33-2110A, Idaho Code to assure alignment between the two sections of code. Streamline the residency determination process will allow for greater access to students as well as reduce the staff time necessary to make these determinations.

Fiscal Note
There will be no fiscal impact

4. Nursing Education Program Approval
Statement of Purpose
Amend language in section 54-1406, Idaho Code removing the requirement that the Board must approve in curriculum change in a nursing program (private or public) that may alter existing articulation agreements between educational institutions. The Board would continue to approve program changes at the public institution as specified in Board policy.

Fiscal Note
There will be no fiscal impact

5. Charter School Financial Support
Statement of Purpose
Idaho Code §33-5208(8) provides that: “Each public charter school shall pay an authorizer fee to its authorized chartering entity, to defray the actual documented cost of monitoring, evaluation and oversight, which, in the case of public charter schools authorized by the public charter school commission, shall include each school’s proportional fee share of all moneys appropriated to the public charter school commission, plus fifteen percent (15%)” [emphasis added]. This past
Session there was legislative interest in appropriating General Funds to supplement the Public Charter School Commission’s (PCSC) FY 2015 budget. However, since the authorizer fee is calculated off of “all moneys appropriated,” an additional appropriation of General Funds would have also resulted in an increase in the authorizer fee the following year. The proposed legislation would amend the authorizer fee formula to include only those funds appropriated from the Public Charter School Authorizers fund rather than all appropriated moneys.

The proposed amendment would also change the authorizer fee payment deadline from February 15 to March 15. Data needed to calculate the fee are not typically available from the State Department of Education in time to invoice the schools and receive payment by February 15.

Fiscal Impact
These amendments in and of themselves have no fiscal impact.

6. Proprietary School Registration
Statement of Purpose
Amend language in section 33-2406, Idaho code exempting proprietary schools which do not collect any tuition or fees until after instruction has been provided from the surety bond requirement.

Fiscal Note
There will be no fiscal impact.

7. Transfer of Surplus Property
Statement of Purpose
Amend language to section 58-335, Idaho Code to include property owned by the State Board of Education to list of exempt property. This would clarify that the Board would not have to go through the Land Board process when disposing of surplus property. Section 33-107, Idaho Code already gives the Board the authority to “acquire, hold and dispose of title, rights and interests in real and personal property.”

Fiscal Note
There will be no fiscal impact.

8. Risk Management – Opt Out
Statement of Purpose
Last year the Board ran legislation that would allow the institutions to opt-out of state administrative services. While the bill did not pass as a total package, there was some support for the individual components of the bill. This proposal would use the language developed as part of last year’s University Administrative Flexibility bill regarding Risk Management and would allow the institutions to opt-out of state Risk Management.

Fiscal Note
To be determined.

Statement of Purpose
Last year the Board ran legislation that would allow the institutions to opt-out of state administrative services. While the bill did not pass as a total package, there was some support for the individual components of the bill. This proposal would use the language developed as part of last year’s University Administrative Flexibility bill regarding State Human Resource Services and would allow the institutions to opt-out of these services.

Fiscal Note
To be determined.

Governor’s Task Force Recommendations
10. Foundation Program – State Aid – Certificated Staff Apportionment
Statement of Purpose
Amendments would be made to the education support program in Title 33, Chapter 10 to establish a funding model for school districts for certificated staff that would be variable based on a three tiered system.

Fiscal Note
Initial estimated cost is approximately $250 million. The current implementation plan envisions a 5-6 year phase-in of approximately $40 million per year.

11. Contract Category Timing
Statement of Purpose
Align current Idaho Code regarding the timing of eligibility for teacher continuing contracts with timing for eligibility for tier 2 (professional tier) on the proposed tiered certification model.

Fiscal Note
To be determined

12. Additional Legislative Ideas from Subcommittees
Statement of Purpose
Place holder for additional legislative ideas developed by the subcommittees established to implement the recommendations of the Governor’s Task Force.

Currently the subcommittees are exploring possible legislation on:
- Streamline and consolidation of advanced opportunities statute
- Modification to the strategic planning statute
- Consolidation of reporting requirements
- Funding model
- Counseling/Advising

Fiscal Note
To be determined

IMPACT
Staff will continue to move the legislative ideas that the Board approves through the legislative process and will bring the legislative language back to the Board at the October meeting for approval. Legislative Ideas not approved will not be submitted to Division of Financial Management.

STAFF COMMENTS AND RECOMMENDATIONS
Legislative Ideas are required to be submitted to the Division of Financial Management (DFM) by August 3, 2014. During the process of working through legislative ideas, additional ideas of merit sometimes surface before the DFM submittal deadline. The Board has traditionally authorized the Executive Director to submit these ideas. Actual legislative language for all submitted Legislative Ideas will be brought back to the Board at the October Board meeting for final approval.

BOARD ACTION
I move to approve the legislative ideas as submitted and to authorize the Executive Director to submit these and additional proposals as necessary through the Governor's legislative process.

Moved by __________ Seconded by __________ Carried Yes _____ No ______
SUBJECT
2015-2019 Institution, Agency and Special/Health Strategic Plans

APPLICABLE STATUTE, RULE, OR POLICY

REFERENCE
April 2013 Board approved the strategic plans for the agencies, community colleges and the special/health programs.
June 2013 Board approved institution strategic plans
April 2014 Institution, agency, and special/health programs were reviewed by Board.

BACKGROUND/DISCUSSION
The State of Idaho requires the institutions, agencies and special/health programs under the oversight of the board submit an updated strategic plan each year in July. The plans must encompass at a minimum the current year and four years going forward. The guidelines set by the Board office follow the Division of Financial Management (DFM) and section 67-1901 through 67-1903, Idaho Code requirements. Each strategic plan must include, by code and Board policy: vision and mission statement, goals, objectives, performance measures, benchmarks, and external factors. Each of these components is a standard strategic planning component.

Over the past several years the Board has requested the Benchmarks contained within the strategic plans be aspirational benchmarks, not merely a continuation of the “status quo.” At the April 2014 Board meeting the Board reviewed the institution, agency, and special/health programs strategic plans and based on that review the Board requested the institutions amend their plans and bring them back for consideration at the June Board meeting. Requested amendments included bringing the strategic plans into compliance with the required strategic plan format as well the inclusion of additional objectives focusing on student access and the re-evaluation of benchmarks to make sure they are stretch benchmarks.

STAFF COMMENTS AND RECOMMENDATIONS
The attached strategic plans include the updated plans submitted by the institutions as well as the agency and special and health programs strategic plans submitted to the Board in April.

BOARD ACTION

Moved by________ Seconded by________ Carried Yes _____ No______
Idaho State Department of Education
Public Schools Strategic Plan
2014-2018

Vision Statement

To establish an innovative and flexible education system that focuses on results, inspires all students and prepares them to be successful in meeting today’s challenges and tomorrow’s opportunities.

Mission Statement

The Idaho State Department of Education is accountable for the success of all Idaho students. As leaders in education, we provide the expertise and technical assistance to promote educational excellence and highly effective instruction.

Indicators of a High-Quality Education System

- High student achievement
- Low dropout rate
- High percentage of students going on to postsecondary education
- Closed achievement gap
- All decisions based on current accurate data
- Efficient use of all resources
- Individualized education through technology

Guiding Principles

- Every student can learn and must have a highly effective teacher in every classroom.
- Market forces must drive necessary change.
- Current and new resources must focus on the 21st Century Classroom.

With these indicators and guiding principles as our focus, the Idaho State Department of Education will increase student achievement by focusing on the following areas:
• Maintain and continue to improve Idaho's new system of increased accountability which focuses on student academic growth for all students, provides multiple measures of school and student success based on outcomes, and provides for meaningful teacher and principal evaluations.

• Expanding student learning by creating a 21st century classroom that is not limited by walls, bell schedules, availability of courses, and geography. Every student and all teachers will have equal access to the latest technology no matter where they live.

• Continuing to work with districts on accurate and timely submissions of data to the Idaho System for Education Excellence (ISEE) and ensure the quality of submissions.

• Implementing Phase 2 of Idaho System for Education Excellence (ISEE) in which every teacher in Idaho will have access to timely and relevant information on student achievement, digital content, and formative assessments through a statewide item bank and end-of-course assessments.

• Increasing choice options for students including charter, magnet, and alternative schools as well as course offerings through digital learning, including the Idaho Education Network.

The State Department of Education partners with independent school districts to ensure all students receive an education that prepares students for successful post-secondary education, employment and life.

Goal 1: Ensure students have the skills and knowledge necessary to succeed from kindergarten to high school graduation and post-secondary education.

Objective 1: Increase of the number of students proficient or advanced on the ISAT (prior to the implementation of higher standards)

Performance Measures: Percent of students who score proficient or advanced on the ISAT.

Benchmark: 90 percent of students proficient on reading, 82 percent of students proficient of math, 77 of students proficient in language arts.

Objective 2. Implement higher standards in English Language Arts and Mathematics.

Performance Measures: Percentage of students who pass the new Idaho Standards Achievement Tests (ISAT) based on higher English Language Arts and Mathematics standards.
Benchmark: Sixty percent of students in grades 3-8 will achieve proficiency on the new ISAT in math and English language arts after it is first administered in Spring 2015.

Objective 3: Improve access to postsecondary education while in high school.

Performance Measures: Percentage of students completing an advanced opportunity.

Benchmark: Sixty percent of students completing a dual credit, AP course or Tech Prep.

Objective 4: Every high school junior will take a college readiness exam.

Performance Measure: Percentage of students who score college- and career-ready in areas of exam: reading, writing and math.

Benchmark: 40 percent of high school students score college and career ready on a college readiness exam.

Goal 2: Implement a longitudinal data system where teachers, administrators and parents have accurate student achievement data for a child's educational career.

Objective1: Create reports with longitudinal statistics to guide system-level improvement efforts.

Performance Measure: Development of aggregate-level longitudinal data for individualized student growth expectations.

Benchmark: Every Idaho student who takes the ISAT has a growth report available to his/her teacher and parents/guardians.

Objective2: Improve data quality in ISEE uploads to ensure accuracy.

Performance Measure: Random district audits of data quality including enrollment, attendance, and achievement tied students and staff.

Benchmark: Audits matching data submitted within a less than 10 percent margin of error.
Idaho Division of Vocational Rehabilitation

2015 - 2019
The Plan is divided into four sections. The first three sections describe the programs administered under the Idaho Division of Vocational Rehabilitation (IDVR). Each of the programs described, Vocational Rehabilitation, Extended Employment Services, and the Council for the Deaf and Hard of Hearing, outline specific goals, objectives, performance measures and benchmarks for achieving their stated goals. The final section addresses external factors impacting IDVR.

Since Federal and Idaho State governments operate according to different fiscal years, and since IDVR is accountable to Rehabilitation Services Administration (RSA) on a federal year basis (October 1 – September 30), the agency will use federal year statistics for reporting the Vocational Rehabilitation program portion of IDVR. Any comparisons noted in benchmarks will reflect the most complete FFY data available. Since the Extended Employment Services and the Council for the Deaf and Hard of Hearing programs are state funded only, all reporting will be based on a state fiscal year. This Plan will cover fiscal years (SFY) 2015 through 2019.
Vocational Rehabilitation

Vocational Rehabilitation Program Vision Statement

“Your success at work means our work is a success.”

Vocational Rehabilitation Program Mission Statement

“Preparing individuals with disabilities for employment and community enrichment.”
Vocational Rehabilitation Program Goals

Goal #1 – To provide excellent and quality customer service to individuals with disabilities while they prepare to obtain, maintain, or regain competitive employment and long term supported employment.

1. **Objective**: To provide customers with effective job supports including adequate job training to increase employment stability and retention.

   **Performance Measure**: To enhance the level of job preparedness services to all customers.

   **Benchmark**: Increase the number of successful rehabilitations in FFY 2015 to meet or exceed FFY 2014 performance.

   **Benchmark**: The average hourly wage of all successful rehabilitations in FFY 2015 will exceed FFY2014 year’s average hourly wage.

   **Benchmark**: Identify and provide workforce development opportunities for customers specifically in the area of “soft skills” development

2. **Objective**: To increase employment successes for transition age youth.

   A. **Performance Measure**: To work with Idaho school districts, Special Education Directors, and the State Board of Education to identify and assist transition age youth both internal and external to School-Work Transition projects.

      **Benchmark**: The number of transition age youth exiting the IDVR program who achieved an employment outcome in FFY 2015 will exceed FFY 2014 performance.

      **Benchmark**: The number of applications for transition aged youth entering the IDVR program in FFY 2015 will exceed FFY 2014 performance.

   B. **Performance Measure**: To provide increased work opportunities while in high school.

      **Benchmark**: Evaluate potential mechanisms to support internships and mentorships for customers transitioning from high school.
3. **Objective:** To increase customer engagement in the VR process.

   **Performance Measure:** Increase customer awareness of vocational information and the decision making process through informed choice.

   **Benchmark:** The number of first time approved plans in FFY 2015 will exceed FFY2014.

   **Benchmark:** The rehabilitation rate of individuals exiting the IDVR program in FFY 2015 will meet or exceed the Federal performance standard of 55.8%.

4. **Objective:** To offer benefit planning to all customers receiving SSI and/or SSDI entering, during and exiting the IDVR process to include Partnership Plus.

   **Performance Measure:** To provide information and referral material to customers initiating and completing the IDVR program, specifically Partnership Plus and Medicaid for Workers with Disabilities.

   **Benchmark:** Increase Social Security reimbursements to VR in FFY 2015 from FFY 2014 performance.

   **Benchmark:** Increase the number of referrals to the WIPA program for benefits counseling in FFY 2015 from FFY 2014 referrals.

### Goal #2 - To provide organizational excellence within the agency.

1. **Objective:** To increase the focus of customer service within the IDVR delivery system.

   A. **Performance Measure:** Provide all customers who have reached planned services, satisfaction surveys when exiting the IDVR program.

      **Benchmark:** Maintain a customer satisfaction rate of at least 95% as demonstrated by “agree” to “strongly agree” ratings on customer surveys in FFY2015.

   B. **Performance Measure:** Provide all customers who have been determined eligible, satisfaction surveys at time of plan implementation or at closure if prior to plan implementation by the end of FFY 2015.

      **Benchmark:** The customer satisfaction rate will demonstrate an overall “strongly agree” rating on customer surveys in FFY2015.
2. **Objective**: To comply with State and Federal regulations.

   **Performance Measure**: Enhance the quality of a statewide program and evaluation system.

   **Benchmark**: Demonstrate compliance with state and federal regulation through both internal and external audits with zero findings in FFY 2015.

3. **Objective**: Utilize training to its maximum capacity for effective staff performance.

   A. **Performance Measure**: Provide all IDVR staff training on policy and procedural changes throughout the agency.

      **Benchmark**: Zero audit findings on State and Federal reviews in FFY 2015.

   B. **Performance Measure**: Provide all IDVR Vocational Rehabilitation Counselors and Vocational Rehabilitation Specialists training on how to communicate and develop effective relationships with employers.

      **Benchmark**: Increase the number of successful rehabilitations in FFY 2015 to meet or exceed FFY 2014 performance.

4. **Objective**: IDVR will maintain a comprehensive system of personnel development (CSPD) standard for IDVR counselors.

   **Performance Measure**: Evaluate and track annually IDVR counselors’ maintenance of CSPD or progress toward achieving CSPD.

   **Benchmark**: Vocational Rehabilitation Counselors will maintain all CSPD standards for their position annually. All Vocational Rehabilitation Specialist staff will continue to work toward and/or achieve CSPD in FFY 2015.
Goal #3 - To have strong relationship with our stakeholder and partners engaged in the mission of Vocational Rehabilitation.

1. **Objective**: For IDVR to be recognized as the expert in the workforce needs of the business community for individuals with disabilities.

   A. **Performance Measure**: To develop a Business Relations position.

      **Benchmark**: Implement a Business Relations position in FFY 2015 that will be a resource to employers statewide.

   B. **Performance Measure**: To enhance a business network with employers to include involvement with the Idaho Association of Business and Industry, the Rotary Club, Chamber of Commerce, and human resource organizations.

      **Benchmark**: Increase the number of different occupational areas hiring IDVR customers in FFY 2015 from FFY 2014.

   C. **Performance Measure**: To enhance relationships with the Regional Business Specialist from the Department of Labor.

      **Benchmark**: Increase the number of different occupational areas hiring IDVR customers in FFY 2015 from FFY 2014.

2. **Objective**: To have an outcome based payment system of services with Community Rehabilitation Programs (CRP).

   **Performance Measure**: Evaluate and develop a milestone process.

   **Benchmark**: Implementation of a milestone program for CRPs by the end of FFY 2015.

3. **Objective**: Provide ongoing opportunities to stakeholders and partners for effective input and feedback in the IDVR process.

   **Performance Measure**: Enhance the number of stakeholders and partners meeting to improve communication and understanding of each programs’ system.

   **Benchmark**: Increase the number of applicants entering the IDVR process in FFY 2015 from FFY 2014 performance outcome.
4. **Objective**: Provide information to partners and stakeholders regarding the VR process and comprehensive referral information when applicable.

   **Performance Measure**: Enhance the delivery system of VR general information and referral-specific information to partners and stakeholders.

   **Benchmark**: Increase the number of applicants entering the IDVR process in FFY 2015 from FFY 2014 performance outcome.

   **Benchmark**: Increase the number of successful rehabilitations in FFY 2015 to meet or exceed FFY 2014 performance.
Extended Employment Services

Mission

Idahoans with significant disabilities are some of the state’s most vulnerable citizens. The Extended Employment Services (EES) Program provides people with significant disabilities employment opportunities either in a community supported or workshop setting.

Vision

Provide meaningful employment opportunities to enable Idaho’s Most Severely Disabled to seek, train-for and retain real work success.

Goal #1 – Continually improve the quality and quantity of Extended Employment with Vocational Rehabilitation Services available to eligible Idahoans with severe physical and mental disabilities and to assist them to prepare for, obtain or regain gainful employment opportunities.

1. **Objective**: Develop and emphasize customer centered programs offering increased choice, flexibility and opportunities for meaningful employment.

   **Performance Measure**: Increase the availability of customer centered employment services through employment, training, and job opportunities funded through the Vocational Rehabilitation Extended Employment Services.

   **Benchmark**: Five percent reduction in program waitlisted customers.

   **Benchmark**: Increase customer choice.

   **Benchmark**: Transparency in customer centered allocations.
Council for the Deaf and Hard of Hearing (CDHH)

Role of IDVR

CDHH is an independent agency. This is a flow-through council for budgetary and administrative support purposes only with no direct programmatic implication for IDVR. The following is the Council for the Deaf and Hard of Hearing’s Strategic Plan.

Mission

Dedicated to making Idaho a place where persons, of all ages, who are deaf or hard of hearing have an equal opportunity to participate fully as active, productive and independent citizens.

Vision

To ensure that individuals who are deaf, hard of hearing, or hearing impaired have a centralized location to obtain resources and information about services available.

Goal #1 – Work to increase access to employment, educational and social-interaction opportunities for persons who are deaf or hard of hearing.

1. **Objective:** Continue to provide information and resources.

   **Performance Measure:** Track when information and resources are given to consumers.

   **Benchmark:** Create and maintain brochures and other information about employment, education and social-interaction.

Goal #2 – Increase the awareness of the needs of persons who are deaf and hard of hearing through educational and informational programs.

1. **Objective:** Continue to increase the awareness.

   **Performance Measure:** Give presentations to various groups through education and social media.

   **Benchmark:** Present to various organizations including corrections, courts, schools, and businesses about the needs of persons who are deaf and hard of hearing.
Goal #3 – Encourage consultation and cooperation among departments, agencies, and institutions serving the deaf and hard of hearing.

1. **Objective**: Continue encouraging consultation and cooperation.

   **Performance Measure**: Track when departments, agencies, and institutions are cooperating (such as Department of Corrections and Health and Welfare.)

   **Benchmark**: Present to various agencies about the need for cooperation providing services needed for deaf and hard of hearing individuals.

Goal #4 – Provide a network through which all state and federal programs dealing with the deaf and hard of hearing individuals can be channeled.

1. **Objective**: The Council’s office will provide the network.

   **Performance Measure**: Track when information is provided.

   **Benchmark**: The Council will continue to maintain a network through their website, brochures, telephone calls, video phone calls and personal communication.

Goal #5 – Determine the extent and availability of services to the deaf and hard of hearing, determine the need for further services and make recommendations to government officials to insure that the needs of deaf and hard of hearing citizens are best served.

1. **Objective**: The Council will determine the availability of services available.

   **Performance Measure**: The Council will facilitate meetings to determine the needs.

   **Benchmark**: The Council facilitated a Mental Health Task Force to determine the needs for mental health services for the deaf and hard of hearing. The Council facilitated town hall style meetings throughout the state to determine the needs of deaf and hard of hearing individuals throughout the state.

   **Benchmark**: The Council will facilitate an Interpreter License Task Force to determine the need for legislation to regulate the practice of interpreting on behalf of consumers who are hearing, deaf, hard of hearing, deaf-blind, or speech disabled by licensing and provisionally licensing the providers of sign language interpreting services and establishing and monitoring sign language interpreting standards in the State.
Goal #6 – To coordinate, advocate for, and recommend the development of public policies and programs that provide full and equal opportunity and accessibility for the deaf and hard of hearing persons in Idaho.

1. **Objective**: The Council will make available copies of policies concerning deaf and hard of hearing issues.

   **Performance Measure**: Materials that are distributed about public policies.

   **Benchmark**: The Executive Director of the Council for the Deaf and Hard of Hearing will facilitate meetings with different agencies including Health and Welfare, Corrections, schools and businesses to create public policy, including Interpreter standards.

Goal #7 – To monitor consumer protection issues that involves the deaf and hard of hearing in the state of Idaho.

1. **Objective**: The Council will be the “go to” agency for resolving complaints from deaf and hard of hearing consumers concerning the Americans with Disabilities Act.

   **Performance Measure**: Track how many complaints are received regarding the ADA.

   **Benchmark**: The Council will provide information and create brochures regarding all aspects of the ADA that affect persons with hearing loss.

Goal #8 – Submit periodic reports to the Governor, the legislature, and departments of state government on how current federal and state programs, rules, regulations, and legislation affect services to persons with hearing loss.

1. **Objective**: The Council will submit reports.

   **Performance Measure**: Reports will be accurate and detailed.

   **Benchmark**: The Council for the Deaf and Hard of Hearing will create a periodic report to provide to the Governor’s office. The Council will present a needs assessment report to certain departments/agencies as needed.
External Factors Impacting IDVR

The field of Vocational Rehabilitation is dynamic due to the nature and demographics of the customers served and the variety of disabilities addressed. Challenges facing the Division include:

### Adequate Supply of Qualified Personnel

IDVR is dedicated to providing the most qualified personnel to address the needs of the customers they serve. Challenges in recruitment have been prevalent over the past several years. Recruiting efforts have been stifled by low wages as compared to other Idaho state agencies as well as neighboring states. IDVR has identified the need to develop relationships with universities specifically offering a Master’s Degree in Rehabilitation Counseling. Furthermore, IDVR has identified universities offering coursework for other degree programs that will meet eligibility for the Certification in Rehabilitation Counseling (CRC). Lastly, IDVR has collaborated with the University of Idaho to advance the profession of rehabilitation counseling.

### State and Federal Economic and Political Climate

While Idaho has seen some improvement in its economic growth over the past year there are a variety of influences which can affect progress. Influences can vary from natural disasters to international conflicts. Individuals with disabilities have historically experienced much higher unemployment rates, even in strong economic times. Furthermore, Idaho has the highest percentage per capita of worker in the country making minimum wage. IDVR recognizes this and strives to develop relationships within both the private and public sectors in an effort to increase employment opportunities and livable wages for its customers.

The political elements are by far the most difficult for IDVR to overcome. At the state level, the Division is subject to legislative action regarding annual budget requests including service dollars and personnel expansion. Any legislation pertaining to service provision either by public or private sectors will have a definite impact on Division services and service providers.

IDVR is also affected by decisions made at the federal level. The outcome of the new Affordable Care Act is not yet clearly understood, but will undoubtedly have an influence on IDVR customers and services provided. Also, the direction Congress chooses regarding reauthorization of the Rehabilitation Act will impact the future of Vocational Rehabilitation in Idaho. Federal funding decisions, e.g., training grants, block grants, funding reductions, program deletions, merging of programs, changes in health care and employment standards and practices are areas that would impact the Division’s planning process. Funding decisions and allocations on a state level have a direct impact on the amount of federal dollars the agency is able to capture.

Funding reductions on both the State and Federal level have and will continue to impact partnerships and comparable benefits available to the IDVR. For example, reduced budgets to school districts have impacted collaborative agreements. These agreements have allowed the IDVR to use nonfederal funds to match federal dollars, therefore increasing the amount of dollars available to IDVR. It is uncertain at this time the full impact in which sequestration will have on
the IDVR, partners and programs. It is anticipated that some programs in which comparable benefits are available will be reduced or eliminated, therefore increasing the economic impact to IDVR on the delivery of vocational services.

**Adequate Availability of Services**

Due to the rural nature of Idaho, there are isolated pockets of the state with limited vendor option. This can directly impact customer informed choice. Furthermore, a vendor’s inability to meet required credentialing under IDAPA will significantly reduce or eliminate a customer’s options. Lastly, changes to other program criteria will eliminate services to customers. A change in Health and Welfare’s criteria for the HCBS Medicaid Waiver is one example affecting program services.

**Technological Advances in Both Assistive Rehabilitation Products and Information Technology**

IDVR recognizes the importance of both information and assistive technology advances as intricate to the success of the division as well as the customers it serves. The cost and rapid changes in these technologies influence the overall program success. IDVR is dedicated to keeping current of the latest trends in both assistive rehabilitation technology and information technology, and in training Vocational Rehabilitation Counselors and staff. IDVR employs an Information Technology staff to develop innovative ways to utilize technology in carrying out its mission. IDVR also collaborates with the Idaho Assistive Technology Project through the University of Idaho with center locations throughout the state.

All staff of the Idaho Division of Vocational Rehabilitation takes pride in providing the most effective, efficient services available to individuals with disabilities seeking employment. Management is committed to continued service to the people of Idaho. The goals and objectives outlined in the IDVR Strategic Plan are designed to maximize the provision of services to Idahoans with disabilities as well as promote program accountability.
The following is a supplement to the SFY 2015 -2019 Strategic Plan. It highlights the Vocational Rehabilitation and Extended Employment Service performance measure and accompanying benchmark(s). The Vocational Rehabilitation Program is primarily a federally funded program that assesses performance on a Federal Fiscal Year (FFY) basis (October 1-September 30); therefore input and data is based on the FFY. The Extended Employment Services Program is State funded only, therefore input and data will be based on the SFY.

It should be noted that the Council for the Deaf and Hard of Hearing (CDHH) is an independent agency. This is a flow-through council for budgetary and administrative support purposes only with no direct programmatic implication for IDVR. Idaho code authorizes the Governor to assign the Council to a department within the state government. The Council reports directly to the Governor appointed CDHH board of directors. The CDHH board oversees the requests, functions and priorities of the Council.

**Vocational Rehabilitation:**

**Performance Measure:** To enhance the level of job preparedness services to all customers.

- **Benchmark:** Increase the number of successful rehabilitations in FFY 2015 to meet or exceed FFY 2014 performance.
  
  FFY 2013 = 1827 successful rehabilitations. To meet or exceed the previous year’s performance

- **Benchmark:** The average hourly wage of all successful rehabilitations in FFY 2015 will exceed FFY2014 year’s average hourly wage.
  
  FFY 2013 Average hourly wage, VR customers (post services): $10.98/hour.

- **Benchmark:** Identify and provide workforce development opportunities for customers specifically in the area of “soft skills” development.
  
  Based on the completion of IDVR’s Comprehensive Statewide Needs Assessment in FFY2013, it was identified that employers specifically want workers to have strong “soft skills” coming into employment. No work done at this time.

**Performance Measure:** To work with Idaho school districts, Special Education Directors, and the State Board of Education to identify and assist transition age youth both internal and external to School-Work Transition projects.

- **Benchmark:** The number of transition age youth exiting the IDVR program who achieved an employment outcome in FFY 2015 will exceed FFY 2014 performance.
  
  553 transition age youth achieved an employment outcome in FFY 2013.
**Benchmark:** The number of applications for transition aged youth entering the IDVR program in FFY 2015 will exceed FFY 2014 performance.

Number of applications for transition aged youth in FFY 2013: 1595

**Performance Measure:** To provide increased work opportunities while in high school.

**Benchmark:** Evaluate potential mechanisms to support internships and mentorships for customers transitioning from high school.

Based on the completion of IDVR’s Comprehensive Statewide Needs Assessment in FFY 2013, it was identified that internships and mentorships could be valuable to assist in the transition of a student from secondary to post-secondary or to successful employment. No work completed at this time.

**Performance Measure:** Increase customer awareness of vocational information and the decision making process through informed choice.

**Benchmark:** The number of first time approved plans in FFY 2015 will exceed FFY 2014.

Number of first time approved plans in FFY 2013: 3134

**Benchmark:** The rehabilitation rate of individuals exiting the IDVR program in FFY 2015 will meet or exceed the Federal performance standard of 55.8%.

The Percentage of Individuals Receiving Services under an Individualized Plan for Employment Who Achieve Employment Outcomes (Successful closures after plan divided by the total of Successful and nonsuccessful closures after plan). This percentage will meet or exceed 55.8%.

**Performance Measure:** To provide information and referral material to customers initiating and completing the IDVR program, specifically Partnership Plus and Medicaid for Workers with Disabilities.

**Benchmark:** Increase Social Security reimbursements to VR in FFY 2015 from FFY 2014 performance.

FFY 2013 Reimbursement $646,200.

**Benchmark:** Increase the number of referrals to the WIPA program for benefits counseling in FFY 2015 from FFY 2014 referrals.

FFY 2013, 98 referrals were identified in the IDVR case management system.
Performance Measure: Provide all customers who have reached planned services, satisfaction surveys when exiting the IDVR program.

Benchmark: Maintain a customer satisfaction rate of at least 95% as demonstrated by “agree” to “strongly agree” ratings on customer surveys in FFY2015.

The customer satisfaction rate for FFY 2013 was 95.8%.

Performance Measure: Provide all customers who have been determined eligible, satisfaction surveys at time of plan implementation or at closure if prior to plan implementation by the end of FFY 2015.

Benchmark: The customer satisfaction rate will demonstrate an overall “strongly agree” rating on customer surveys in FFY2015.

No established benchmark. Specific customer survey to be developed.

Performance Measure: Enhance the quality of a statewide program and evaluation system.

Benchmark: Demonstrate compliance with state and federal regulation through both internal and external audits with zero findings in FFY 2015.

Zero findings.

Performance Measure: Provide all IDVR staff training on policy and procedural changes throughout the agency.

Benchmark: Zero audit findings on State and Federal reviews in FFY 2015.

Zero findings.

Performance Measure: Provide all IDVR Vocational Rehabilitation Counselors and Vocational Rehabilitation Specialists training on how to communicate and develop effective relationships with employers.

Benchmark: Increase the number of successful rehabilitations in FFY 2015 to meet or exceed FFY 2014 performance.

FFY 2013 = 1827 successful rehabilitations. To meet or exceed the previous year’s performance.
**Performance Measure:** Evaluate and track annually IDVR counselors’ maintenance of CSPD or progress toward achieving CSPD.

**Benchmark:** Vocational Rehabilitation Counselors will maintain all CSPD standards for their position annually. All Vocational Rehabilitation Specialist staff will continue to work toward and/or achieve CSPD in FFY 2015.

VRC’s will maintain CSPD standard and VRS’ will work toward/ or achieve standard based on Agency’s policy.

**Performance Measure:** To develop a Business Relations position.

**Benchmark:** Implement a Business Relations position in FFY 2015 that will be a resource to employers statewide.

This has been identified from IDVR’s Comprehensive Statewide Needs Assessment and input from our Public Forums in FFY2013. No work completed at this time.

**Performance Measure:** To enhance a business network with employers to include involvement with the Idaho Association of Business and Industry, the Rotary Club, Chamber of Commerce, and human resource organizations.

**Benchmark:** Increase the number of different occupational areas hiring IDVR customers in FFY 2015 from FFY 2014.

**FFY2013 Data:**

- Service Occupations 846 =46%
- Prod, Const, Operating, Maint & Material Handling 459=25%
- Professional, Paraprofessional and Technical 265= 16%
- Clerical and Administrative Support 106=.06%
- Sales and Related Occupations 74=.04%
- Managerial and Administrative 42=.02%
- Agricultural, Forestry, Fishing and Related 21=.01%
- Production Occupations 4=.002%
- Computer and Mathematical Occupations 3=.002%
- Education, Training, and Library Occupations 2=.001%
- Healthcare Support Occupations 2=.001%
Community and Social Service Occupations 2=.001%
RSA Special Occupations and Miscellaneous 1=>.001%

Performance Measure: To enhance relationships with the Regional Business Specialist from the Department of Labor.

Benchmark: Increase the number of different occupational areas hiring IDVR customers in FFY 2015 from FFY 2014.

See above

Performance Measure: Evaluate and develop a milestone process.

Benchmark: Implementation of a milestone program for CRPs by the end of FFY 2015
To be evaluated.

Performance Measure: Enhance the number of stakeholders and partners meeting to improve communication and understanding of each programs’ system.

Benchmark: Increase the number of applicants entering the IDVR process in FFY 2015 from FFY 2014 performance outcome.
Number of applicants entering VR in FFY2013: 5250

Extended Employment Services:

Performance Measure: Increase the availability of customer centered employment services through employment, training, and job opportunities funded through the Vocational Rehabilitation Extended Employment Services.

Between SFY 2012 and SFY 2013 the EES Program increased the number of customers served by 5.5% while maintaining approximately the same level of funding. Additionally, the EES Program increased the percentage of program customers employed in competitive community employment (as opposed to subminimum wage positions) by 3%. These gains were made by fostering close working relationships with our Community Rehabilitation Partners and by developing methods of tailoring the programs limited available funding to customers’ needs rather than overarching CRP based allocations.

Benchmark: Five percent reduction in program waitlisted customers.
Baseline from end of SFY 2013 = 686 waitlisted
**Benchmark:** Increase customer choice.

By developing new program protocols that allowed money to “Follow the Person” rather than assigning program allocations only to existing providers; for the first time ever, EES Customers had the ability to change providers if their needs could be better served elsewhere. Furthermore, this change in process created the opportunity for new providers to enter regional markets across the state and allowed customers to choose these new vendors without fear of losing their EES funding.

**Benchmark:** Transparency in customer centered allocations.

Previous yearly EES Allocations were controlled by community rehabilitation providers and the funding available for any specific customer was not clearly identified. In SFY 2013, all EES customers had an individual budget allocation assigned to them and the customer, provider and support team members were aware of a customer’s budget allocation for the year.

Quarterly analysis was provided at the individual customer level to each community rehabilitation provider and regional funding levels were available publically for all program participants.
Idaho Public Television
STRATEGIC PLAN
FY 2015-2019
Idaho Public Television
STRATEGIC PLAN FY 2015-2019

Idaho Public Television is an integral part of the State Board of Education’s overall plan and process for the delivery of quality education throughout Idaho. This Plan describes the primary vision, needs, concerns, goals, and objectives of the staff and administration toward achieving those goals. The mission and vision of our agency reflect an ongoing commitment to meet the needs and reflect the interests of our varied audiences.

Idaho Public Television’s services are in alignment with the guiding goals & objectives of the State Board of Education (SBoE). This Plan displays SBoE goals alongside the Agency’s Strategic Planning Issues.

Ron Pisaneschi
General Manager
Idaho Public Television

VISION STATEMENT

Inspire, enrich and educate the people we serve, enabling them to make a better world.

MISSION STATEMENT

The mission of Idaho Public Television is to meet the needs and reflect the interests of its varied audiences by:

- Establishing and maintaining statewide industry-standard delivery systems to provide television and other media to Idaho homes and schools;
- Providing quality educational, informational and cultural television and related resources;
- Creating Idaho-based educational, informational and cultural programs and resources;
- Providing learning opportunities and fostering participation and collaboration in educational and civic activities; and
- Attracting, developing and retaining talented and motivated employees who are committed to accomplishing the shared vision of Idaho Public Television.
Idaho Public Television
STRATEGIC PLAN FY 2015-2019

SBoE Goal 1: A WELL-EDUCATED CITIZENRY
The educational system will provide opportunities for individual advancement.

IdahoPTV Objectives:

1) Progress toward digital implementation as a statewide infrastructure in cooperation with public and private entities.
   • Performance Measures:
     ▪ Number of DTV translators
       o Benchmark: FY15 – 47 of 49
       o Benchmark: FY19 – 49 of 49
       (established by industry standard)
     ▪ Number of cable companies carrying our prime digital channel.
       o Benchmark: FY15 – 28
       o Benchmark: FY19 – 28
       (established by industry standard)
     ▪ Number of Direct Broadcast Satellite (DBS) providers carrying our prime digital channel.
       o Benchmark: FY15 – 8
       o Benchmark: FY19 – 8
       (established by industry standard)
     ▪ Percentage of Idaho’s population within our DTV signal coverage area.
       o Benchmark: FY15 – 98.5%
       o Benchmark: FY19 – 98.5%
       (established by industry standard)

2) Nurture and foster collaborative partnerships with other Idaho state entities to provide services to the citizens of Idaho.
   • Performance Measure:
     ▪ Number of partnerships with other Idaho state entities.
       o Benchmark: FY15 – 20
       o Benchmark: FY19 – 25
       (established by agency research)

3) Operate an efficient statewide delivery/distribution system.
   • Performance Measure:
     ▪ Total FTE in content delivery and distribution.
       o Benchmark: FY15 – less than 30
       o Benchmark: FY19 – less than 25
       (established by industry standard)
4) Provide access to IdahoPTV television content that accommodates the needs of the hearing and sight impaired.
   - Performance Measures:
     - Percentage of broadcast hours of closed captioned programming (non-live, i.e. videotaped) to aid visual learners and the hearing impaired.
       - Benchmark: FY15 - 97.5%
       - Benchmark: FY19 - 100%
     - Percentage of online hours of closed captioned programming (non-live, i.e. videotaped) to aid visual learners and the hearing impaired.
       - Benchmark: FY15 - 10%
       - Benchmark: FY19 - 15%
     - Number of service hours of descriptive video service provided via the second audio program to aid those with impaired vision.
       - Benchmark: FY15 - 12,000
       - Benchmark: FY19 - 12,000

5) Provide access to IdahoPTV new media content to citizens anywhere in the state, which supports citizen participation and education.
   - Performance Measures:
     - Number of visitors to our websites.
       - Benchmark: FY15 - 1,200,000
       - Benchmark: FY19 - 1,400,000
     - Number of visitors to IdahoPTV/PBS video player.
       - Benchmark: FY15 - 25,000
       - Benchmark: FY19 - 30,000

6) Broadcast educational programs and provide related resources that serve the needs of Idahoans, which include children, ethnic minorities, learners, and teachers.
   - Performance Measure:
     - Number of broadcast hours of educational programming.
       - Benchmark: FY15 - 28,000
       - Benchmark: FY19 - 28,500

7) Contribute to a well-informed citizenry.
   - Performance Measure:
     - Number of broadcast hours of news, public affairs and documentaries.
       - Benchmark: FY15 - 12,500
       - Benchmark: FY19 - 12,500
8) Provide relevant Idaho-specific information.
   • Performance Measure:
     ▪ Number of broadcast hours of Idaho-specific educational and
       informational programming.
       o Benchmark: FY15 – 1,800
       o Benchmark: FY19 – 1,800
       (established by research)

9) Provide high-quality, educational television programming and new media content.
   • Performance Measure:
     ▪ Number of awards for IdahoPTV media and services.
       o Benchmark: FY15 – meet or exceed 35
       o Benchmark: FY19 – meet or exceed 50
       (established by industry standard)

10) Be a relevant, educational and informational resource to all citizens.
    • Performance Measure:
      ▪ Full-day average weekly Cume (percentage of TV households watching)
        as compared to peer group of PBS state networks.
        o Benchmark: FY15 – 21.3%
        o Benchmark: FY19 – 21.3%
        (established by industry standard)

11) Operate an effective and efficient organization.
    • Performance Measure:
      ▪ Successfully comply with FCC policies/PBS programming, underwriting
        and membership policies/and CPB guidelines.
        o Benchmark: FY15 – yes/yes/yes
        o Benchmark: FY19 – yes/yes/yes
        (established by industry standard)

SBoE GOAL 2: CRITICAL THINKING AND INNOVATION
The educational system will provide an environment for the development of new ideas, and
practical and theoretical knowledge to foster the development of individuals who are
entrepreneurial, broadminded, think critically, and are creative.

IdahoPTV Objectives:

1) Nurture and foster collaborative partnerships with other Idaho state entities to provide
   services to the citizens of Idaho.
   • Performance Measure:
     ▪ Number of partnerships with other Idaho state entities.
       o Benchmark: FY15 – 20
       o Benchmark: FY19 – 25
       (established by agency research)
2) Provide access to IdahoPTV new media content to citizens anywhere in the state, which supports citizen participation and education.
   - Performance Measures:
     - Number of visitors to our websites.
       - Benchmark: FY15 – 1,200,000
       - Benchmark: FY19 – 1,400,000
       (established by agency research)
     - Number of visitors to IdahoPTV/PBS video player.
       - Benchmark: FY15 – 25,000
       - Benchmark: FY19 – 30,000
       (established by research)

3) Broadcast educational programs and provide related resources that serve the needs of Idahoans, which include children, ethnic minorities, learners, and teachers.
   - Performance Measure:
     - Number of broadcast hours of educational programming.
       - Benchmark: FY15 – 28,000
       - Benchmark: FY19 – 28,500
       (established by agency research)

4) Contribute to a well-informed citizenry.
   - Performance Measure:
     - Number of broadcast hours of news, public affairs and documentaries.
       - Benchmark: FY15 – 12,500
       - Benchmark: FY19 – 12,500
       (established by agency research)

5) Provide relevant Idaho-specific information.
   - Performance Measure:
     - Number of broadcast hours of Idaho-specific educational and informational programming.
       - Benchmark: FY15 – 1,800
       - Benchmark: FY19 – 1,800
       (established by agency research)

6) Provide high-quality, educational television programming and new media content.
   - Performance Measure:
     - Number of awards for IdahoPTV media and services.
       - Benchmark: FY15 – 35
       - Benchmark: FY19 – 50
       (established by agency research)

7) Be a relevant, educational and informational resource to all citizens.
   - Performance Measure:
     - Full-day average weekly cume (percentage of TV households watching) as compared to peer group of PBS state networks.
       - Benchmark: FY15 – 21.3%
       - Benchmark: FY19 – 21.3%
       (established by industry standard)
8) Operate an effective and efficient organization.
   • Performance Measure:
     ▪ Successfully comply with FCC policies/PBS programming, underwriting and membership policies/and CPB guidelines.
       o Benchmark: FY15 – yes/yes/yes
       o Benchmark: FY19 – yes/yes/yes
         (established by industry standard)

SBoe GOAL 3: EFFECTIVE AND EFFICIENT DELIVERY SYSTEMS
Ensure educational resources are used efficiently.

IdahoPTV Objectives:

1) Progress toward digital implementation as a statewide infrastructure in cooperation with public and private entities.
   • Performance Measures:
     ▪ Number of DTV translators.
       o Benchmark: FY15 – 47 of 49
       o Benchmark: FY19 – 49 of 49
         (established by industry standard)
     ▪ Number of cable companies carrying our prime digital channel.
       o Benchmark: FY15 – 28
       o Benchmark: FY19 – 28
         (established by industry standard)
     ▪ Number of Direct Broadcast Satellite (DBS) providers carrying our prime digital channel.
       o Benchmark: FY15 – 8
       o Benchmark: FY19 – 8
         (established by industry standard)
     ▪ Percentage of Idaho’s population within our DTV signal coverage area.
       o Benchmark: FY15 – 98.5%
       o Benchmark: FY19 – 98.5%
         (established by industry standard)

2) Nurture and foster collaborative partnerships with other Idaho state entities to provide services to the citizens of Idaho.
   • Performance Measure:
     ▪ Number of partnerships with other Idaho state entities.
       o Benchmark: FY15 – 20
       o Benchmark: FY19 – 25
         (established by agency research)

3) Operate an efficient statewide delivery/distribution system.
   • Performance Measure:
     ▪ Total FTE in content delivery and distribution.
       o Benchmark: FY15 – less than 30
       o Benchmark: FY19 – less than 25
         (established by industry standard)
4) Provide access to IdahoPTV new media content to citizens anywhere in the state, which supports citizen participation and education.
   • Performance Measures:
     ▪ Number of visitors to our websites.
       o Benchmark: FY15 – 1,200,000
       o Benchmark: FY19 – 1,400,000
       (established by agency research)
     ▪ Number of visitors to IdahoPTV/PBS video player.
       o Benchmark: FY15 – 25,000
       o Benchmark: FY19 – 30,000
       (established by agency research)

5) Provide high-quality, educational television programming and new media content.
   • Performance Measure:
     ▪ Number of awards for IdahoPTV media and services.
       o Benchmark: FY15 – 35
       o Benchmark: FY19 – 50
       (established by industry standard)

6) Be a relevant, educational and informational resource to all citizens.
   • Performance Measure:
     ▪ Full-day average weekly cume (percentage of TV households watching) as compared to peer group of PBS state networks.
       o Benchmark: FY15 – 21.3%
       o Benchmark: FY19 – 21.3%
       (established by industry standard)

7) Operate an effective and efficient organization.
   • Performance Measure:
     ▪ Successfully comply with FCC policies/PBS programming, underwriting and membership policies and CPB guidelines.
       o Benchmark: FY15 – yes/yes/yes
       o Benchmark: FY19 – yes/yes/yes
       (established by industry standard)
Key External Factors
(Beyond the control of Idaho Public Television):

IdahoPTV provides numerous services to various state entities.

Funding:
Idaho Public Television’s current strategic goals and objectives are based on a sustainable level of all funding sources: State of Idaho, Corporation for Public Broadcasting, and private contributions.

We are starting to see the impact state entities passing on significant costs of operational expenses such as endowment land leases. This also includes the Idaho Bureau of Homeland Security (after 2019) that IdahoPTV has partnered with to provide data connectivity for broadcast signal distribution.

Much of the content that Idaho Public Television airs comes from program distributors or producers, both nationally and regionally. If these program production funding sources change (up or down), it could have an impact on IdahoPTV’s ability to meet its goals and objectives targets.

Legislation/Rules:
Recent state statute and rule changes typically have not impacted Idaho Public Television. We are monitoring, to the degree we can, the effectiveness and sunset the expanded Idaho education tax credit that is set to expire December 31, 2015.

Federal Government:
Various aspects of IdahoPTV’s program functions fall under federal oversight, including the Federal Communications Commission, United States Department of Commerce, United States Department of Agriculture, Federal Aviation Administration, United States Department of Homeland Security, Internal Revenue Service, etc. Any change of federal rules and funding by any of these entities could also affect our ability to fulfill this strategic plan.

The FCC is currently engaged in auctioning frequencies to non-broadcast providers that have traditionally been used by broadcasters including Idaho Public Television. In doing so, the FCC is requiring stations to move to their transmitters and translators to different frequencies “repacking” them into fewer more congested frequencies. This has the potential of costing stations significant funds, and in some cases losing service to particular communities when available frequencies don’t exist.

As viewers increasingly obtain their video content via new devices (computers, iPads, smartphones, broadband delivered set-top-boxes, etc.) in addition to traditional broadcast, cable and satellite, Idaho Public Television must invest in the technology to meet our viewers’ needs. The ability of public television stations to raise private contributions and other revenue via these new platforms continues to be a significant challenge.

*New performance measure beginning FY 2015.
Strategic Plan

2015-2019
Legal Authority

This strategic plan has been developed by the Division of Professional-Technical Education (DPTE) in compliance with Idaho Code, Title 67, Chapter 19, Sections 67-1901 through 67-1905, as amended. It supersedes all previous DPTE strategic plans.

Statutory authority for and definition of professional-technical education (PTE) is delineated in Idaho Code, Chapter 22, Sections 33-2201 through 33-2212. IDAPA 55 states the role of DPTE is to administer professional-technical education in Idaho and lists specific functions.

Mission

The mission of the Professional-Technical Education system is to provide Idaho’s youth and adults with the technical skills, knowledge, and attitudes necessary for successful performance in a highly effective workplace.

Vision

The economic and social vitality of a society is dependent on citizens properly equipped for career success: people equipped with the necessary skills, knowledge and attitudes required to perform their job responsibilities with a high degree of capability, precision, integrity, and safety while balancing responsibilities to the family and the community. Such a highly qualified and skilled workforce is essential to the competitiveness of Idaho’s businesses and industries and the overall well-being, health, safety, and security of Idaho’s citizens. Professional-technical education addresses this need.

All facets of the Idaho PTE system are complementary and contribute to fulfillment of the mission and Strategic Plan in a synchronized fashion. Division staff support the delivery system to ensure quality and return on the state’s investment.

Core Functions

A. Administration
B. Program
C. Technical assistance
D. Fiscal oversight
E. Research, planning, and performance management
External Factors

A. Labor market and general economic conditions
B. Perceptions and stigma regarding professional-technical education
C. Availability of funds
D. Policies, practices, legislation, and governance external to the Division
E. Ability to attract and retain qualified instructors
F. Local autonomy and regional distinctions including technical college institutional priorities/varied missions
Goals and objectives

Given the mission of the Division and in light of the goals of the State Board of Education, Goal 1 best aligns with that mission. In support of this goal, objectives are stated regarding the desired condition of the agency and system, with measures and critical success activities to determine whether or not progress is achieved toward the desired system condition. Both long term and short term benchmarks are set for each measure and activity where appropriate.

Goal 1. Effective and efficient delivery system resulting in a highly skilled workforce for Idaho

Objective A. Synchronized system | A coordinated, coherent system that demonstrates responsiveness and effectiveness in addressing Idaho’s workforce needs

Performance measures

i. Define and/or validate student learning outcomes and program standards for all program areas with industry participation and endorsement, including career and workplace readiness

Benchmarks

- FY2019: 100% of programs
- FY2015: 20% of programs

ii. Create effective and reliable assessment strategy for authentication of student learning outcomes and adherence to program standards

Benchmarks

- FY2019: 100% of programs
- FY2015: 20% of programs

iii. Number of postsecondary technical credits earned via Advanced Learning Opportunity that satisfy graduation requirements for postsecondary technical program

Benchmarks

- FY2019: 1.5% year-over-year increase
- FY2015: Determine baseline and data collection methodology

Critical Success Activities

Long term

- Centralized database of PTE program standards and outcomes aligned across the system

Short term

- Distribute updated gap analysis report to stakeholders (see Objective G)
Objective B. **Industry engagement** | Business and industry are fully engaged and integrated into system operations

**Performance measures**

i. Program standards and outcomes have industry endorsement (1.A.i. above)

*Benchmarks*
- FY2019: 100% programs
- FY2015: 20% of programs

ii. Program standards include industry engagement requirements

*Benchmarks*
- FY2019: 100% of programs
- FY2015: 20% of programs

**Critical Success Activities**

*Long term*
- Statewide Industry Advisory Council to the Administrator

*Short term*
- Create strategic plan for industry engagement, including improvement of technical advisory committees
- Finalize revisions to Technical Advisory Committee Member Handbook and update DPTE policy

Objective C. **Accessible system** | Students have economical access to programs and services, including advanced learning opportunities and adult re-integration

**Performance measures**

i. Percentage of high school students enrolled in PTE Advanced Learning Opportunity (Tech Prep)\(^1\)

*Benchmark*
- 27% students per year enrolled

ii. Number of Integrated Transition and Retention Programs (ABE-ITRP) in the technical colleges\(^1\)

*Benchmarks*
- FY2019: 18
- FY2015: 10

iii. Number of Workforce Training Network (WTN) enrollments including Fire and Emergency Services training\(^1\)

\(^1\) State Board of Education measure
Benchmarks

- FY2019: 65,000
- FY2015: 45,000

iv. Expansion of postsecondary PTE Distributed Hybrid Programs

Benchmarks

- FY2019: 4 programs
- FY2015: 1 programs

Critical Success Activities

Long term

To ensure course transferability, develop basic technical certificates to be offered as a component of every postsecondary professional-technical credit program in the state

Short term

- Create a welding basic technical certificate

Objective D. Student success | Systems, services, resources, and operations support high performing students in high performing programs transitioning to employment

i. Postsecondary student completion rate

Benchmarks

- 68%

ii. Secondary and postsecondary student pass rate for Technical Skill Assessment (TSA)

Benchmarks

- Secondary: 75%
- Postsecondary: 90%

iii. Percentage of ABE clients within the cohort who transition to postsecondary education

Benchmarks

- FY2019: 50%
- FY2015: 27%

iv. Number of postsecondary degrees and certificates awarded

Benchmark

- FY2019: 2,100
- FY2015: 1,955

---

2 The data collection methodology for this population changed in FY13.
v. Positive placement rate of secondary and postsecondary program completers
   *Benchmark*
   - 90.5%

vi. Training-related placement rate of program completers
   *Benchmark*
   - Secondary FY2019: 18%
   - Secondary FY2015: 14.5%
   - Postsecondary FY2019: 70%
   - Postsecondary FY2015: 55%

vii. Rate of secondary program completers who transition to postsecondary education
   *Benchmark*
   - Exceed most recent available NCHEMS overall transition ("go-on") rate for Idaho

Objective E. Data-informed improvement | Quality and performance management practices contribute to system improvement, including current research, data analysis, and strategic and operational planning

i. Percentage of programs reviewed for quality and performance on an annual basis
   *Benchmark*
   - FY2019: 100% of programs
   - FY2015: 20% of programs (5 year rotation)

Critical Success Activities

*Long term*
- PTE information portal for summary SLDS reports

*Short term*
- Current Strategic Plan and attendant performance measures assessed to create threshold for mission fulfillment/system performance to establish
- Finalize design of DPTE Quality Management System and related procedures for implementation
- Establish and implement Program Review schedule to include postsecondary system and Perkins requirements
- Establish performance measures for postsecondary system including WTN
Objective F. **Highly qualified staff** | Program instructors, school administrators, and support staff demonstrate high levels of achievement and adherence to quality standards

**Performance measures**

i. Percentage of system faculty and administrators holding appropriate PTE credentials

*Benchmark*
- FY2019: 100%
- FY2015: 95%

ii. Placement rate of teacher education programs into Idaho PTE system

*Benchmark*
- Equal to or greater than postsecondary training-related placement rate (1.D.vi) for the reporting year

**Critical Success Activities**

*Long term*
- Form and implement Teacher Education Advisory Committee
- Reform Administrator Credential requirements
- Reform current Leadership Institute

*Short term*
- Develop strategic plan for PTE Teacher Education

Objective G. **Effective use of resources** | Resources are committed to highest potential areas, impact of opportunity, and mission fulfillment

**Performance measures**

i. Audit exceptions

*Benchmark*
- 0

ii. Gap analysis report alignment of postsecondary program enrollments and labor market

**Critical Success Activities**

*Long term*
- Development of return on investment (ROI) report for DPTE

*Short term*
- Distribute updated gap analysis demonstrating labor market alignment with program offerings
Objective H. **Indispensable leadership, technical assistance, and advocacy** | Division office staff provide timely and effective support for the delivery system

**Performance measures**

i. Stakeholder satisfaction survey

*Benchmark*

- FY2015: Develop definition and establish baseline

**Critical Success Activities**

*Short term*

- Develop and implement stakeholder satisfaction survey
Eastern Idaho Technical College

Strategic Plan

Calendar Years 2015-2019

Revised May 2014
Vision

Our vision is to be a superior professional-technical college. We value a dynamic environment as a foundation for building our College into a nationally recognized technical education role model. We are committed to educating all students through progressive and proven educational philosophies. We will continue to provide high quality education and state-of-the-art facilities and equipment for our students. We seek to achieve a comprehensive curriculum that prepares our students for entering the workforce, articulation to any college and full participation in society. We acknowledge the nature of change, the need for growth, and the potential of all challenges.

Mission

Eastern Idaho Technical College provides superior educational services in a positive learning environment that champions student success and regional workforce needs.

GOAL 1: A WELL EDUCATED CITIZENRY

The educational system will provide opportunities for individual advancement.

Objective A: Access - Increase access for individuals of all ages, abilities, and economic means.

Method 1: Increase the academic outcomes of students enrolled in Adult Basic Education (ABE) classes to: assist individuals become more capable and productive community members; improve individual skills in reading, math, writing, and English as a second language; and prepare students to successfully complete the GED and/or COMPASS tests as appropriate.

- Performance Measure: Academic gains of students.
- Benchmark: Meet the State NRS targets for academic gains at all levels.

Objective B: Higher Level of Educational Attainment – Increase the educational attainment of Idahoans through participation and retention in Idaho’s educational system.

Method 1: Monitor labor market needs and review the need for new occupational training programs and community education/workforce training courses.

- Performance Measure: The number of occupational training programs and workforce training courses identified as needed to respond to labor market needs.
- Benchmark: Identify at least one (1) occupational training program and at least five (5) workforce training courses to respond to labor market needs.

Method 2: Determine the feasibility of developing one (1) new occupational training program and five (5) workforce training courses identified in Method 1 as needed to respond to labor market needs.

- Performance Measure: Completion of feasibility analysis for one (1) new occupational training program and five (5) community education/workforce training courses.
Objective C: Adult Learner Re-Integration – Improve the processes and increase the options for re-integration of adult learners into the education system.

Method 1: Increase the reach of the Center for New Directions (CND) to individuals seeking to make positive life changes.

- Performance Measure: Number of potential students receiving pre-enrollment counseling.
- Benchmark: Increase number of students served, during each academic year, by at least one percent (1%).

Method 2: Development of new occupational training program(s) and workforce training courses deemed feasibly possible.

- Performance Measure: Development of feasibly possible program(s) and community education/workforce training courses.
- Benchmark: All feasibly possible academic program(s) and community education/workforce training courses will be developed.

Method 3: Monitor remedial needs in English and Math

- Performance Measure: Number and percentage of students successfully completing remedial English and Math (ENG 90 and MAT 100, respectively)
- Benchmark: Successful completers shall exceed 80%

Method 4: Ensure continuing services of the Tutoring Center by augmenting federal grant dollars through additional local or appropriated funding.

- Performance Measure: Funding level adjusted to student demand based on contact hours.
- Benchmark: Total funding for the Tutoring Center will be (FY 2012 funding ÷ FY 2012 contact hours) × projected contact hours for budget year.

Method 5: Percentage of post-secondary students who are retained in degree and certificate professional-technical programs.

- Performance Measure: Number of full-time students returning for a second year (fall to fall) for programs over one year.
- Benchmark: Returning students shall exceed 70%

- Performance Measure: Number of full-time students who completed programs of less than one year
- Benchmark: Completing students shall exceed 80%
**Objective D: Transition** – Improve the ability of the educational system to meet educational needs and allow students to efficiently and effectively transition into the workforce.

- **Performance Measure:** Number of certificate and degree completions per 100 FTE
- **Benchmark:** Maintain award percentage over 35%

**Objective E: Encourage collaboration with college service area’s labor market.**

- **Performance Measure:** Number of times EITC is mentioned in the public media or EITC-distributed brochures as a resource for workforce training.
- **Benchmark:** Increase number of times by at least three (3) per year from FY 2013 levels.

**GOAL 2: CRITICAL THINKING AND INNOVATION**

The educational system will provide an environment for the development of new ideas, and practical and theoretical knowledge to foster the development of individuals who are entrepreneurial, broadminded, think critically, and are creative.

**Objective A: Critical Thinking, Innovation and Creativity** – (Not currently measured)

**Objective B: Quality Instruction** – Implement faculty improvements based upon feedback from faculty evaluations by faculty, peers, students and division managers.

- **Performance Measure:** Number of newly implemented improvements suggested by students via faculty evaluations.
- **Benchmark:** Implement at least one (1) new idea, identified via feedback of students through faculty evaluations.

**GOAL 3: EFFECTIVE AND EFFICIENT DELIVERY SYSTEMS**

Ensure educational resources are used efficiently.

**Objective A: Cost Effective and Fiscally Prudent** – Increased productivity and cost-effectiveness.

Method 1: Increase reach of the EITC Tutoring Center and the services provided by the Tutoring Center.

- **Performance Measure:** Number of student contact hours.
- **Benchmark:** Increase number of student hours, during each academic year, by at least one percent (1%).

Method 2: Monitor cost to deliver educational resources

- **Performance Measure:** Total cost per credit hour
- **Benchmark:** Maintain cost per credit hour within 20% of IPEDS peers

- **Performance Measure:** Total cost of certificate or degree completions (one year or longer) per $100,000 of campus spending (e.g. cost of instruction, maintenance, operations)
EITC Strategic Plan FY 2015 – FY 2019

- Benchmark: Maintain completion costs within 20% of peers

- Performance Measure: Institutional reserves comparable to best practice.
- Benchmark: A minimum target reserve of 5% of operating expenditures.

**Objective B: Data-informed Decision Making** - Increase the quality, thoroughness, and accessibility of data for informed decision-making and continuous improvement of Idaho’s educational system.

- Performance Measure: Provide data to workforce longitudinal data system with the ability to access timely and relevant data.
- Benchmark: Completed by end of 2015.

**GOAL 4: Provide high quality admission and student support.**

**Objective A:** Provide multiple opportunities to obtain feedback from students and implement improvements and changes based on student feedback.

- Performance Measure: Students have the opportunity to respond to current procedures and experiences during their educational education at EITC. Students have the opportunity to fill out Faculty evaluations/surveys each semester and Noel Levitz yearly. Each of these surveys target student services, library, financial aid and overall campus experiences.
- Benchmark: Implement three (3) changes or solutions identified by the current surveys.

**Objective B: Promote a continuing safe environment.**

- Performance Measure: Ongoing review of Emergency Response Plan with appropriate changes made to plan.
- Benchmark: Throughout the year, at quarterly meetings, the Safety Committee will review the components of the Emergency Response Plan and modify it as appropriate to support a safe learning environment.

- Performance Measure: Ongoing use of formal on-line safety training
- Benchmark: 100% completion of safety training by all full time faculty and staff.

- Performance Measure: Safety briefings to faculty and staff
- Benchmark: Incorporate safety training into each in-service meeting at start of terms

**GOAL 5: ACHIEVE ACCREDITATION OBJECTIVES**

**Objective A:** Be supportive by providing a safe, clean, inviting, and functional campus setting. EITC provides comprehensive student support from pre-enrollment through employment (admissions, financial aid, placement, library, business office, Center for New Directions, Adult Basic Education, etc.)

Method 1: EITC students and staff feel safe and secure.
Performance Measure: Safety and Security measure on annual survey.

Benchmark:
- Students report less than a 1.0 gap between importance of safety and security and level of agreement.
- Faculty and staff report less than a 1.0 gap between importance of safety and security and level of agreement.

Method 2: EITC provides effective support services.

- Performance Measure: Student perception of the value of services offered through the EITC Tutoring Center.
  - Benchmark: Student satisfaction of services offered through the EITC Tutoring Center will be 3.0 or higher on student survey.

- Performance Measure: EITC admissions services meet the expectations of students.
  - Benchmark: Student satisfaction ratings report less than a 1.0 gap between importance and level of agreement.

- Performance Measure: EITC admissions services meet the expectations of faculty and staff.
  - Benchmark: Faculty and staff satisfaction ratings report less than a 1.0 gap between importance and level of agreement.

- Performance Measure: EITC financial aid services meet the expectations of students.
  - Benchmark: Student satisfaction ratings report less than a 1.0 gap between importance and level of agreement.

- Performance Measure: EITC financial aid services meet the expectations of faculty and staff.
  - Benchmark: Faculty and staff satisfaction ratings report less than a 1.0 gap between importance and level of agreement.

- Performance Measure: EITC library services meet the expectations of faculty and staff.
  - Benchmark: Faculty and staff satisfaction ratings report less than a 1.0 gap between importance and level of agreement.

Objective B: Provide an atmosphere that fosters communication and growth.
Communication includes both external communication with community, state, and other stakeholders and internal communication among staff and faculty. Growth includes student growth (addressed elsewhere) and professional growth of staff and faculty.

Method 1: Communicate effectively with the community

- Performance Measure: Publish and distribute college newsletter
  - Benchmark: 6 issues per year minimum

- Performance Measure: Conduct forums to foster creativity
  - Benchmark: President will hold 2 forums per year to collect innovative ideas from the campus community. Maintain document to include ideas collected and actions taken.
- Performance Measure: Maintain a variety of campus committees and measure activity at critical committees
  - Benchmark: 90% attendance by members

Method 2: Encourage relevant professional development

- Performance Measure: Provide funds for faculty and staff professional development
  - Benchmark: maintain or increase level of available funds

- Performance Measure: Percent of faculty that participate in professional development
  - Benchmark: 80% of full-time faculty will participate in professional development annually

- Performance Measure: Percent of staff that participate in professional development
  - Benchmark: 80% of full-time staff will participate annually

- Performance Measure: Provide opportunities for professional development on campus
  - Benchmark: Provide a minimum of 2 professional development activities on campus annually.

Method 3: Develop and maintain partnerships with stakeholders

- Performance Measure: Provide customized training to local industries
  - Benchmark: Increase headcount yearly

- Performance Measure: Conduct employer follow-up
  - Benchmark: Annual survey to collect satisfaction

- Performance Measure: Maintain labor market awareness
  - Benchmark: Review DOL labor data annually

**Objective C:** Be accountable and a good steward of the funds entrusted to it through state appropriations, grants, student fees and other sources; seek to become increasingly effective in the application of those funds and the thorough reporting and justification of how funds were spent.

Method 1: Gather and utilize data for informed decision making.

- Performance Measure: Annual program graduate placement survey
  - Benchmark: 85% training related placement

- Performance Measure: Fall to spring semester/fall to fall retention study
  - Benchmark: 85% retention goal

- Performance Measure: Graduation rate study
  - Benchmark: 50% graduation rate

- Performance Measure: Program enrollment reports
  - Benchmark: Maintain semester/annual enrollments based on documented needs
Method 2: Regularly review and update programs

- Performance Measure: Annual program learning outcomes assessment
- Benchmark: Continuous improvement of students meeting expected learning outcomes

- Performance Measure: Maintain active program advisory committees
- Benchmark: 2 meetings per year

Method 3: Utilize resources efficiently

- Performance Measure: Room utilization
- Benchmark: Increasing room utilization factors

- Performance Measure: Energy and water consumption
- Benchmark: Annually decrease consumption

Objective D: Be a place of learning where students learn and develop workplace skills; use the most appropriate learning methods and provide instruction that is not only academically rigorous but is also tailored to the needs of the community

Method 1: Incorporate the use of most appropriate technologies

- Performance Measure: Percentage of faculty using learning management system
- Benchmark: Increase percentage annually to reach 100%

- Performance Measure: Number of courses via hybrid/on-line technology
- Benchmark: Increase percentage annually

Method 2: Provide rigorous and relevant instruction

- Performance Measure: Active program advisory committees
- Benchmark: 2 meetings per year

- Performance Measure: Performance on certification exams
- Benchmark: Student performance meets or exceeds 80% success rates

- Performance Measure: Performance on Technical Skills Assessments
- Benchmark: Performance meets or exceeds State’s agreed upon standards

- Performance Measure: Student perception of instructional effectiveness
- Benchmark: Students report positive perception on annual assessment
Key External Factors
(beyond the control of Eastern Idaho Technical College)

Funding:
Most State Board of Education strategic goals and objectives assume on-going and sometimes significant additional levels of State legislative appropriations. Availability of state revenues (for appropriation), gubernatorial, and legislative support for some Board initiatives can be uncertain.

Legislation/Rules:
Beyond funding considerations, many education policies are embedded in State statute or rule and not under Board control. Changes to statute and rule desired by the Board of Education are accomplished according to State guidelines. Rules require public notice and opportunity for comment, gubernatorial support, and adoption by the Legislature. Proposed legislation must be supported by the Governor, gain approval in the germane legislative committees and pass both houses of the Legislature.

Federal Government: A great deal of education funding for Idaho public schools is provided by the federal government. Funding is often tied to specific federal programs and objectives and therefore can greatly influence education policy in the State.

Leading Idaho:
The University of Idaho Strategic Plan

2015-2019
INTRODUCTION

The University of Idaho is the first choice for student success and statewide leadership. We are the premier land-grant research university in our state. We lead in teaching and engaged student learning in our undergraduate, graduate, and professional programs. We excel at interdisciplinary research, service to businesses and communities, and in advancing diversity, citizenship, and global outreach. Through our growing residential and networked university and strong alumni connections, we develop leaders who will guide Idaho to global economic success, create a sustainable American West, and address our nation’s most challenging problems.

As Idaho’s land-grant institution, our students, faculty, and staff are engaged in a vast network of powerful partnerships through statewide locations, laboratories, research and extension centers, outreach programs, and a base of loyal alumni worldwide. These resources provide connections to individuals, businesses, and communities that strive to improve the quality of life of all Idaho citizens and secure the economic progress of the world.

We are committed to a student-centered, engaged learning environment. Our unique geography, intimate setting, residential campus, and dedicated faculty provide aspiring leaders with the skills and abilities to challenge themselves and learn by doing.

Our leadership position in research and creative activity presents opportunities to interact and innovate with world-class faculty. Our students gain firsthand experience addressing global challenges, and bring contemporary knowledge and experience into their careers and lives.

Students, faculty, and staff at the University of Idaho are dedicated to advancing a purposeful and just community that respects individuality and provides access and inclusion for all cultures to create a climate that is civil and respectful. Innovative, productive collaborations that foster community and build morale are encouraged.

Over the past five years, the university community has implemented a strategic plan to further the vision and mission of the university. This 2015-19 Strategic Plan fulfills the promise of a 21st century land-grant institution to lead and inspire Idaho, the nation, and the world. To achieve this, all units will develop strategic actions that advance the overall strategic direction, vision, and values of the institution.

MISSION

The University of Idaho is the state’s land-grant research university. From this distinctive origin and identity comes our commitment to enhance the scientific, economic, social, legal, and cultural assets of our state, and to develop solutions for complex problems facing society. We deliver on this commitment through focused excellence in teaching, research, outreach, and engagement in a collaborative environment at our residential main campus, regional centers, extension offices, and research facilities throughout the state. Consistent with the land-grant ideal, our outreach activities serve the state at the same time they strengthen our teaching as well as scholarly and creative capacities.

Our teaching and learning includes undergraduate, graduate, professional, and continuing education offered through both resident instruction and extended delivery. Our educational programs are enriched by the knowledge, collaboration, diversity, and creativity of our faculty, students, and staff.

Our scholarly and creative activities promote human and economic development, global understanding, and progress in professional practice by expanding knowledge and its applications in the natural and applied sciences, social sciences, arts, humanities, and the professions.
ROLE
Our commitment to focused excellence includes developing and delivering pre-eminent statewide programs. These programs are delivered in the Morrill Act-mandated primary emphases areas in agriculture, natural resources, and engineering; and sustaining excellence in architecture, law, liberal arts, sciences, education, business and economics, and programs in medical and veterinary medical education, all of which shape the core curriculum and give meaning to the concept of a land-grant research university.

PRINCIPLES AND VALUES
Learn, create, and innovate
Preserve and transmit knowledge
Act with integrity
Treat others with respect
Celebrate excellence
Change lives
Welcome and include everyone
Take responsibility for the future

Goal 1: Teaching and Learning Goal: Enable student success in a rapidly changing world.
Context: Our graduates live, work, compete, and prosper in a constantly changing environment. Consequently, curricula, co-curricular activities, pedagogy, and assessment must be quickly adaptable as the environment changes. Learning experiences drawn from our disciplinary and interdisciplinary strengths will help students develop the ability to identify and address complex problems and opportunities.

Objective A: Build adaptable, integrative curricula and pedagogies.

Strategies:
1. Streamline policies and practices to enable creative program revision and course scheduling.
2. Implement general education requirements that emphasize integrative learning throughout the undergraduate experience.
3. Use external and internal assessments to keep teaching and learning vital.
4. Build curricula to support timely degree completion.
5. Expand opportunities for professional education.
6. Apply emerging technologies to increase access and respond to the needs of local and global learners.
7. Develop increased learning opportunities for underserved or underrepresented communities.
8. Employ active learning pedagogies to enhance student learning where appropriate.

Performance Measure: The average time to complete a Bachelor's degree.
Benchmark: Four and one-half (4.50) years (using the Complete College Idaho methodology).
Rationale: Timely degree completion, along with high graduation rates, results from and reflects efficient curricula, good advising and student centered teaching. Allowing 4.5 years gives students time to take fewer credits in some terms, take a few extra elective courses, and/or change majors.

Performance Measure: Retention rates (percent of full-time and part-time freshmen returning for a second year or full-time and part-time new transfers returning or completing their program).
Benchmark: The median of our official peer institutions, which we have most recently calculated as 83%. We have not recently computed the retention/success rate for new transfers at our peer institutions.
Rationale: Required by SBOE.

Performance Measure: Graduation rate (percent of full-time and part-time freshmen graduating in six years).
Benchmark: The median of our official peer institutions (most recently 62% for full-time, part-time peer median not yet compiled for peers).
Rationale: Required by SBOE.

Performance Measure: Dual Credit (total credits and # of students)
Benchmark: Consistent annual increases to market saturation.
Rationale: Required by SBOE.

Performance Measure: Total undergraduate degrees conferred (number of undergraduate degree completions per 100 FTE undergraduate students enrolled).
Benchmark: The median of our official peer institutions.
Rationale: Required by SBOE.

Objective B: Develop integrative learning activities that span students’ entire university experience.

Strategies:

1. Increase educational experiences within the living and learning environments.
2. Engage alumni and stakeholders as partners in student mentoring.
3. Increase student participation in co-curricular activities.
4. Integrate curricular and co-curricular activities.
5. Increase opportunities for student interaction and interdisciplinary collaboration.

Performance Measure: Number and percent of students participating in Study Abroad and National Student Exchange programs.
Benchmark: Five percent of the full-time undergraduate degree-seeking student body.
Rationale: Enabling students to not only progress through their academic career but also to do so while learning in diverse settings provides them with greater perspective.
Goal 2: Scholarly and Creative Activity Goal: Promote excellence in scholarship and creative activity to enhance life today and prepare us for tomorrow.

Context: Our quality of life today and in the future depends on the merit of our scholarship and creative endeavors. Many of the most pressing issues facing society cut across disciplines and require solutions that do the same. At the University of Idaho we are committed to helping address society’s pressing issues by continuing to support strong disciplinary and interdisciplinary activities that emphasize quality, innovation, critical thinking, and collaboration. We intend to improve the quality of life of all Idaho citizens and secure the economic progress of our world.

Objective A: Strengthen all scholarly and creative activities consistent with the University’s strategic missions and signature areas.

Strategies:

1. Engage accomplished scholars to provide mentoring and leadership for key research and creative initiatives.
2. Increase the number of endowed faculty positions and postdoctoral, graduate, and undergraduate fellowships.
3. Support faculty, student, and staff entrepreneurial activity to develop new areas of excellence.
4. Implement university-wide mechanisms to provide attractive start-up packages for faculty and reward systems that recruit and retain world class faculty and staff.
5. Leverage the skills of non-tenure track faculty to promote research growth.
6. Increase the application of and public access to the results of scholarly and creative activities.

Performance Measure: The number of grant applications supporting or requiring interdisciplinary activities in which two or more faculty from different departments are listed as Co-Principal Investigators.

Benchmark: 20%
Rationale: Increased from 10% in FY2009 to 25% in FY2013; sustainable growth is our goal.

Performance Measure: Funding from competitive federally funded grants per full-time instruction and research faculty.

Benchmark: $150,000
Rationale: Increased from $128k to $153k from FY2010 through FY2013; sustainable growth is our goal.

Objective B: Enable faculty, student, and staff engagement in interdisciplinary scholarship and creative activity.

Strategies:

1. Expand opportunities for ongoing interactions among faculty, students, and staff to identify areas of common interest.
2. Increase support for graduate and undergraduate interdisciplinary research and
creative activity.
3. Develop clear criteria for evaluating engaged scholarship.
4. Increase the national and international visibility of the University’s contributions to interdisciplinary activities.
5. Partner with other educational institutions, industry, not-for-profits, and public agencies to expand resources and expertise.
6. Facilitate the submission of large, interdisciplinary proposals to obtain funding and to sustain successful projects.

*Performance Measure:* Percent of undergraduate degrees conferred in STEM fields.
*Benchmark:* Peer median (most recent value was 32%)
*Rationale:* Science, Technology, Engineering and Mathematics fields are essential in our highly technological society; these degree recipients contribute disproportionately to the Idaho economy.

**Goal 3: Outreach and Engagement Goal:** Meet society’s critical needs by engaging in mutually beneficial partnerships.

*Context:* As the state’s land-grant institution, the University of Idaho is uniquely positioned to expand its impact in Idaho and beyond. We seek to achieve that end through engagement--working across disciplines; integrating teaching, research, and outreach; and partnering with constituents for the mutually beneficial exchange of knowledge and resources.

**Objective A:** Develop processes, systems, and rewards that foster faculty, staff, and student outreach and engagement.

*Strategies:*
1. Increase the internal visibility of our outreach and engagement activities to facilitate interaction and develop synergies across the university.
2. Develop clear criteria for evaluating outreach and engagement.
3. Recognize and reward engagement with communities, businesses, non-profits, and agencies.
4. Develop an infrastructure and streamline administrative processes to coordinate outreach and engagement efforts.
5. Communicate best practices for development and implementation of outreach and engagement projects.

*Performance Measure:* Evidence of an institutional commitment to supporting faculty outreach and engagement activities in each strategic area noted above.
*Benchmark:* Qualitative and quantitative evidence indicating progress in each area.
*Rationale:* Demonstrating progress in this area requires a mixed-methods approach, which will include noting establishment of distinct organizational structures, changes in annual position descriptions, promotion and tenure policies, recognition from national agencies (e.g. Carnegie Classification for Engagement, US Presidential Higher Education Community Service Honor Role, Magrath and Kellogg Foundation Engagement Awards).
Objective B: Strengthen and expand mutually beneficial partnerships with stakeholders in Idaho and beyond.

Strategies:

1. Increase opportunities for faculty and students to connect with external constituents. Develop new partnerships with others who are addressing high priority issues.
2. Increase student participation in defining and delivering experiential learning opportunities.
3. Increase the external visibility of our outreach and engagement activities.
4. Coordinate plans to increase external funding for outreach and engagement.

Performance Measure: Percentage of students participating in service learning activities, as reported by the University of Idaho Service Learning Center and the ASUI Volunteerism Center.

Benchmark: One-third of the total student body (approximately 3200 students) will engage in community service activities.

Rationale: Over the course of the 2012-2013 academic year approximately 33% of University of Idaho students participated in 98 service-learning activities and provided more than 150,000 hours of service to more than 160 community organizations throughout Idaho.

Goal 4: Community and Culture Goal: Be a purposeful, ethical, vibrant, and open community.

Context: Our community is characterized by openness, trust, and respect. We value all members for their unique contributions, innovation, and individuality. Our community and culture must adapt to change, seek multiple perspectives, and seize opportunity. We are committed to a culture of service, internally and externally. We value a diverse community for enhanced creativity, cultural richness, and an opportunity to apply our full intellectual capacity to the challenges facing Idaho, the nation, and the world.

Objective A: Be a community committed to access and inclusion.

Strategies:

1. Recruit and retain a diverse student body.
2. Recruit and retain diverse faculty and staff.
3. Expand opportunities for cultural competency training.
4. Build extended community partnerships to enhance an environment that values diversity.

Performance Measure: Percentage of disadvantaged minority students, faculty and staff.

Benchmark: Meet or exceed peer medians (most recently 13% of students, 5% of faculty and 7% of staff).

Rationale: The diversity of our campus should be compared with our land-grant, high research peer institutions' diversity.

Objective B: Be a community committed to civility and respect.
Strategies:

1. Promote civil and respectful dialogue and debate both in and out of the classroom.
2. Increase systematic, consistent, and productive responses to behaviors that are destructive to the community.
3. Promote a sense of concern for and accountability to others.

Performance Measure: Percentages of faculty, staff and students who report positive experiences on surveys conducted periodically to assess the culture and climate. These include the every-third-year HERI/UCLA Faculty and UI Staff surveys, and the annual Graduating Senior Survey.

Benchmark: Peer medians when available, prior results if not (95% for students, 75% for faculty and 88% for staff).

Rationale: The periodic surveys listed above provide historical data suitable for trend analyses. The UI Diversity Task Force is also in the process of studying these issues and developing additional measures.

Objective C: Be a community committed to productivity, sustainability, and innovation.

Strategies:

1. Reward individuals and units that aim high, work across boundaries, and capitalize on strengths to advance the overall strategic direction, vision, and values of the institution.
2. Develop and promote activities to increase collaboration with new and unique partners.
3. Energize the community and foster commitment to university-wide endeavors by communicating our successes.
4. Create efficiencies through innovative collaboration, shared goals, and common experiences.
5. Invigorate the community by promoting attitudes of leadership and excellence.
6. Steward our financial assets, infrastructure, and human resources to optimize performance.

Performance Measure: For finances, the institution primary reserve ratio.

Benchmark: The institution primary reserve ratio, as reported by UI Business Systems and Accounting Services, should be comparable to the advisable level of reserves established by NACUBO, which was most recently 40%.

Rationale: This benchmark is based on NACUBO recommendations.

External Factors

State Board of Education (SBOE): Achievement of strategic goals and objectives assumes SBOE support and commitment to UI’s unique role and mission.
**Funding:** Economic conditions will play an important role in the perceived value and effectiveness of higher education in the coming years. On-going and appropriate levels of funding from state and federal sources will be critical for the success of our strategic plan.
Part 1 – Agency Profile

Agency Overview

The University of Idaho is a high research activity, land-grant institution committed to undergraduate and graduate-research education with extension services responsive to Idaho and the region’s business and community needs. The University is also responsible for regional medical and veterinary medical education programs in which the state of Idaho participates.

As designated by the Carnegie Foundation, the University of Idaho is a high research activity, land-grant institution committed to undergraduate and graduate-research education with extension services responsive to Idaho and the region's business and community needs. The University is also responsible for medical and veterinary medical education programs in which the state of Idaho participates; WWAMI – Washington-Wyoming-Montana-Alaska-Idaho for medical education; WI – Washington-Idaho for veterinary medical education.

primary and continuing emphasis in agriculture, natural resources and metallurgy, engineering, architecture, Law, foreign languages, teacher preparation and international programs, business, education, liberal arts, physical, life and social sciences. Some of which also provide the core curriculum or general education portion of the curriculum.

The institution serves students, business and industry, the professional and public sector groups throughout the state and nation as well as diverse and special constituencies. The University also has specific responsibilities in research and extension programs related to its land-grant functions. The University of Idaho works in collaboration with other state postsecondary institutions in serving these constituencies.

Core Functions/Idaho Code

Recognizing that education was vital to the development of Idaho, the legislature set as a major objective the establishment of an institution that would offer to all the people of the territory, on equal terms, higher education that would excel not only in the arts, letters, and sciences, but also in the agricultural and mechanic arts. The federal government's extensive land grants, particularly under the Morrill Act of 1862, provided substantial assistance in this undertaking. Subsequent federal legislation provided further for the teaching function of the institution and for programs of research and extension. In all, approximately 240,000 acres were allocated to the support of Idaho’s land-grant institution.

After selecting Moscow as the site for the new university, in part because Moscow was located in the “center of one of the richest and most populous agricultural sections in the entire Northwest” and the surrounding area was not subject to the “vicissitudes of booms, excitement, or speculation,” the University of Idaho was founded January 30, 1889, by an act of the 15th and last territorial legislature. That act, commonly known as the university’s charter, became a part of Idaho’s organic law by virtue of its confirmation under article IX, section 10, of the state constitution when Idaho was admitted to the union. As the constitution of 1890 provides, “The location of the University of Idaho, as established by existing laws, is hereby confirmed. All the rights, immunities, franchises, and endowments heretofore granted thereto by the territory of Idaho are hereby perpetuated unto the said university. The regents shall have the general supervision of the university and the control and direction of all the funds of, and appropriations to, the university, under such regulations as may be prescribed by law.” Under these provisions, the University of Idaho was given status as a constitutional entity.

Footnotes for Profile of Cases Managed and/or Key Services Provided
1 Summer, Fall and Spring, as reported to SBOE on the PSR-1 Annual Student Enrollment Report. Previous years’ values have been adjusted to incorporate the new reporting guidelines (omitting Study Abroad, National Student Exchange, Professional Development and COOP only students).
2 Based on SBOE PSR-1. FTE = Annual Credits divided by 30 for Undergraduate, 24 for Graduate, 28 for Law. WWAMI is student headcount.
3 Degrees Awarded counts here do not include our less-than-one-year Academic Certificates.
4 Only those postsecondary credits are counted which were also counted for credit at the high school level.
5 Study Abroad and National Student Exchange are coded in the course subject fields.
6 From UI Remediation report submitted annually to SBOE. (Note: UI does not offer remedial Math).
7 From the UI web-based, Graduating Senior Survey.
8 Bachelor’s degrees only, as reported to IPEDS. STEM fields using CCA definitions, previous years’ values have been adjusted to reflect changing STEM definition.
9 Number of participating students, as reported by UI Career Center/Service Learning Center, divided by full-time degree seeking student headcount. Prior years’ numbers have been adjusted to include all program levels.
10 Fall Census, US Citizen and Permanent Residents who indicated Hispanic, Black, Native American, Alaskan or Pacific Islander. All four years’ data have been revised to conform to the new reporting standards.

Performance Measure Explanatory Notes:
1 As reported to Complete College America (CCA), average time in years for first-time full-time undergraduates to complete their bachelor’s degree, for those who finish in ten years or less (98% do so).
2 As reported to IPEDS. Each year’s rates reflect the percent graduating or returning the fall of the FY specified.
3 From UI Office of Sponsored Programs, based on an interdisciplinary grant application tracking system.
4 As reported to NSF annually by the UI Office of Research and Economic Development. Data is for the year prior to the FY indicated, as that is when we report the research dollars and they are not available until late fall.
5 As reported to IPEDS, for the previous year in order to match the research dollars.
6 From the UI web-based, Graduating Senior Survey.
7 From UCLA/HERI National Faculty Survey which is conducted every third or fourth year.
8 From UI Staff Survey, which is conducted every third year.
9 As reported by UI Business and Accounting Services, Benchmark based on NACUBO recommendations. Prior years’ values have been revised upon review of computations. Values represent calculations for prior fiscal year.
10 Total undergraduate credit hours from EWA divided by undergraduate dollars from Cost of College report (Recalculated by SBOE staff for Oct. 2013 SBOE meeting).
11 All UI degrees awarded per $100,000 of Education and Related expenditures from IPEDS part C Instruction, Student Services and Institutional Support. (Recalculated by SBOE staff for Oct. 2013 SBOE meeting.)

Performance Highlights:
1. High 77% 1st year retention rate for new frosh, which is the highest in the state.

2. Nearly $100 million in funding from competitive externally funded grants and contracts. This represents more than $150,000 per full-time instructional and research faculty member.

3. High percentage of undergraduate degrees awarded in STEM fields, 33% in FY2013, highest in the state. STEM=Science, Technology, Engineering & Math – defined according the Complete College America taxonomy.

Focus on Effectiveness
Mission Statement

Boise State University is a public, metropolitan research university offering an array of undergraduate and graduate degrees and experiences that foster student success, lifelong learning, community engagement, innovation and creativity. Research and creative activity advance new knowledge and benefit students, the community, the state and the nation. As an integral part of its metropolitan environment the university is engaged in professional and continuing education programming, policy issues, and promoting the region's economic vitality and cultural enrichment.

Core Themes

Each core theme describes a key aspect of our mission. A complete description can be accessed at http://academics.boisestate.edu/planning/accreditation-standard-one/.

Undergraduate Education. Our university provides access to high quality undergraduate education that cultivates the personal and professional growth of our students and meets the educational needs of our community, state, and nation. We engage our students and focus on their success.

Graduate Education. Our university provides access to graduate education that addresses the needs of our region, is meaningful in a global context, is respected for its high quality, and is delivered within a supportive graduate culture.

Research and Creative Activity. Through our endeavors in basic and applied research and in creative activity, our researchers, artists, and students create knowledge and understanding of our world and of ourselves, and transfer that knowledge to provide societal, economic, and cultural benefits. Students are integral to our faculty research and creative activity.

Community Commitment. The university is a vital part of the community, and our commitment to the community extends beyond our educational programs, research, and creative activity. We collaborate in the development of partnerships that address community and university issues. The community and university share knowledge and expertise with each other. We look to the community to inform our goals, actions, and measures of success. We work with the community to create a rich mix of culture, learning experiences, and entertainment that educates and enriches the lives of our citizens. Our campus culture and climate promote civility, inclusivity and collegiality.

Vision for Strategic Plan

Boise State University aspires to be a research university known for the finest undergraduate education in the region, and outstanding research and graduate programs. With its exceptional faculty, staff and student body, and its location in the heart of a thriving metropolitan area, the university will be viewed as an engine that drives the Idaho economy, providing significant return on public investment.
Focus on Effectiveness: A Strategic Plan for Boise State University
Initially developed for the years 2012-2017
Updated in this document to cover the fiscal years 2015-2019

Goal 1: Create a signature, high-quality educational experience for all students.

Objectives:
- Develop the Foundational Studies Program into a memorable centerpiece of the undergraduate experience.
- Provide bountiful opportunities within and across disciplines for experiential learning.
- Facilitate respect for the diversity of human cultures, institutions, and experiences in curricular and co-curricular education.
- Cultivate intellectual community among students and faculty.
- Invest in faculty development, innovative pedagogies, and an engaging environment for learning.

1 % of graduating undergraduates who achieve a competency of “exemplary” or “good” for each of ULOs 1-6 (Intellectual foundations and Civic & ethical foundations) and for ULO 7-11 (Disciplinary areas). The ULOs are based on the “LEAP” program of the AAC&U, and are incorporated into our Foundational Studies Program.
**Goal 2:** Facilitate the timely attainment of educational goals of our diverse student population.

**Objectives:**
- Identify and remove barriers to graduation.
- Bring classes to students using advanced technologies and multiple delivery formats.
- Design and implement innovative policies and processes that facilitate student success.
- Connect students with university services that address their individual needs.
- Ensure that faculty and staff understand their roles and responsibilities in facilitating student success.

---

² Distinct graduates summed over summer, fall, and spring terms.
³ Number in parentheses is the SBOE target for the # of baccalaureate graduates as per PPGA agenda materials, August 12, 2012, Tab 10 page 3.
⁴ Student FTE is based on degree seeking undergraduate students. 10th day count is used. Calculated as # of FT students plus 1/3 # PT students (as is done by IPEDS).
⁵ Dual enrollment credits and students are measures of activity that occur over the entire year at multiple locations using various delivery methods.
When providing measures of this activity, counts over the full year (instead of by term) provide the most complete picture of the number of unduplicated students that are enrolled and the number of credits earned.
⁶ “Success and Graduation Rate” is used by the Voluntary System of Accountability to provide a more comprehensive view of progress and attainment than can be provided by measures such as the 6-year graduation rate or the 1-year retention rate. The rate equals the total percent of students who fall into one of the following groups: graduated from or are still enrolled at Boise State, graduated elsewhere, or are still enrolled elsewhere.
⁷ Retention for the Fall 2009 cohort is measured as the percent of the Fall 2009 cohort of first time, full-time baccalaureate-seeking freshmen that return to enroll in Fall of 2010.
Goal 3: Gain distinction as a doctoral research university.

Objectives:
- Recruit, retain, and support highly qualified faculty, staff, and students from diverse backgrounds.
- Identify and invest in select areas of excellence with the greatest potential for economic, societal, and cultural benefit.
- Build select doctoral programs with a priority in professional and STEM disciplines.
- Build infrastructure to keep pace with growing research and creative activity.
- Design systems to support and reward interdisciplinary collaboration.

Goal 4: Align university programs and activities with community needs.

Objectives:
- Include community impact in the creation and assessment of university programs and activities.
- Leverage knowledge and expertise within the community to develop mutually beneficial partnerships.
- Collaborate with external partners to increase Idaho students’ readiness for and enrollment in higher education.
- Increase student recruitment, retention, and graduation in STEM disciplines.
- Evaluate our institutional impact and effectiveness on a regular basis and publicize results.

[10] Distinct number of graduates who began college as members of one or more in the following groups traditionally underrepresented as college graduates: (i) from a rural county in Boise State’s service area and (ii) identified as American Indian/Alaska Native or Hispanic/Latino.

[11] Defined as distinct number of graduates in those disciplines appropriate for the top 25% of jobs listed by the Idaho Department of Labor, based on projected # of openings 2008-2018.

[12] STEM refers to Science, Technology, Engineering, and Math. We define STEM disciplines as being included in either or both of the NSF-defined list of STEM disciplines and the NCES-defined list of STEM disciplines. We also include STEM secondary education graduates.

[13] Includes all new Idaho students who have been out of high school 1 year or less needing to complete remedial coursework.
Goal 5: Transform our operations to serve the contemporary mission of the university.

Objectives:
- Reinvent our academic and business practices to improve service and efficiency.
- Simplify or eliminate policies and regulations that waste effort and resources.
- Invest in faculty and staff to develop key competencies and motivate top performance.
- Break down silos that inhibit communication, collaboration and creativity.
- Provide widespread and timely access to reliable and understandable data, and use it to drive decision-making across the university.
- Build an infrastructure to encourage and accommodate external funding, philanthropic support, private-sector relationships, and a diversity of funding models.
- Develop and implement a model for resource allocation that supports strategic goals and promotes innovation, effectiveness, and responsible risk-taking.

14 Cost data from audited financial reports. Operational Cost includes costs for instruction, academic support (including libraries), and institutional support (including student services); excludes research and other non-instructional and support costs. Instructional cost includes only cost of instruction. Credit hours weighted according to EWA formulae. Distinct number of graduate from degree programs, baccalaureate and above; certificates not included.
Project Portfolio: University-wide Projects

Implementation of the university’s strategic plan *Focus on Effectiveness* involves University-wide projects and Divisional and unit-level projects.

One of the nine university-wide projects that were proposed and approved for funding was “Adopt Leading-Edge Pedagogy and Learning Environments at the Program Level.” A request for proposals yielded twelve proposals, and four were chosen to receive funding totaling $300,000.

- **“Transform first year STEM Learning”** is focusing on first year math, physics, and engineering courses and the acquisition of critical skills: the ability to learn to solve problems, to network with other students, to seek help, to manage time, and to accomplish out of class work. For example, the traditional lecture-driven pedagogy of first and second semester calculus courses is being replaced by a mix of short lectures and group problem solving; the content of those courses will be focused to a greater extent on applications.
  
  - Importantly, this project was leveraged into a $2,000,000, 3-year grant from NSF’s WIDER program (Widening Implementation & Demonstration of Evidence-Based Reforms); the grant is entitled “Promoting Educational Reform through Strategic Investments in Systemic Transformation.”

- **“Engaging Students across the Mechanical Engineering Curriculum”** is transforming the way in which the Department of Mechanical & Biomedical Engineering is educating its 600+ bachelor’s degree majors. Pedagogy in 12 of 14 courses core to the major is being transformed by the incorporation of three categories of activities: (i) activities that focus on engaging students in the curriculum, including active learning techniques, student presentation of lectures, and use of everyday examples of engineering, (ii) activities that provide alternatives to traditional lectures, such as hybrid course delivery and remedial online resources, and (iii) activities that focus on development of professional engineering skills, such as team design projects, and problem/project based learning.

- **The “Master of Community and Regional Planning”** initiative is introducing a strong applied research component into the curriculum, bringing the professional planning community into the classroom for active dialog with students. The initiative is also (i) restructuring the curriculum of the program around four core themes (planning approaches, place & perspective, implementation & forecasting, and strategic planning), (ii) using “integration” courses and capstone courses to tie those themes together and to address broad issues relevant to professional planners such as professional ethics, social justice, data and research, leadership, and professionalism.

- **“Mathematics Consulting Teacher Endorsement Graduate Certificate Program Transformation”** is scaling up the capacity and the geographical reach of the program to meet the needs of the hundreds of individuals from across the state that have indicated interest in the program. Two solutions are being used to accomplish this scale up. First, a hybrid delivery platform is being developed that will maintain the socio-cognitive pedagogical approach that is central to the content and structure of the program while at the same time making it convenient for teachers beyond the Treasure Valley to participate. Second, two highly-trained course instructors are being developed through an intensive apprenticeship model; the goal is that those individuals would eventually be hired as clinical faculty members to teach, manage, and further develop the program.

Key External Factors

A wide variety of factors affect Boise State University's ability to implement our strategic plan. Here we present three factors that we regard as impediments to progress and that can be influenced by the state government and its agencies.

Lack of funding of Enrollment Workload Adjustment. Although a mechanism exists to help Boise State University accommodate enrollment increases, that mechanism is not implemented regularly. As a result, substantial differences in appropriated funding per student remain.

Administrative Oversight. Boise State University is subject to substantial administrative oversight through the State of Idaho Department of Administration and other Executive agencies. Significant operational areas subject to this oversight include capital projects, personnel and benefit management, and risk and insurance. The additional oversight results in increased costs due to additional bureaucracy and in decreased accountability because of less transparency in process. The current system places much of the authority with the Department of Administration and the other agencies, but funding responsibility and ultimate accountability for performance with the State Board of Education and the University. As a result, two levels of monitoring and policy exist, which is costly, duplicative, and compromises true accountability. In 2010, the state legislature passed legislation that exempted the University, under certain conditions, from oversight by the State’s Division of Purchasing. As a result, the university has streamlined policy and procedure and has gained substantial efficiencies in work process and in customer satisfaction, while at the same time maintaining the integrity of the purchasing process. Additional relief from administrative oversight in other areas should produce similar increases in efficiency and customer satisfaction.

Compliance. Increases in state and federal compliance requirements are a growing challenge in terms of cost and in terms of institutional effectiveness and efficiency.
Idaho State University Strategic Plan

Mapping Our Future:
Leading in Opportunity and Innovation

2015-2019
Vision: Leading in Opportunity and Innovation

Mission

The mission of Idaho State University is to advance scholarly and creative endeavor through the creation of new knowledge, cutting-edge research, innovative artistic pursuits and high-quality academic instruction; to use these achievements to enhance technical, undergraduate, graduate, and professional education, health care services, and other services provided to the people of Idaho and the nation; and to develop citizens who will learn from the past, think critically about the present, and provide leadership to enrich the future in a diverse, global society.

Idaho State University is a public research institution which serves a diverse population through its broad educational programming and basic, translational, and clinical research. Idaho State University serves and engages its communities with health care clinics and services, professional technical training, early college opportunities, and economic development activities. The University provides leadership in the health professions and related biomedical and pharmaceutical sciences, as well as serving the region and the nation through its environmental science and energy programs.

STRATEGIC PLAN GOALS AND OBJECTIVES

Goal 1: LEARNING AND DISCOVERY – Idaho State University promotes an environment that supports learning and discovery through the many synergies that exist among teaching, learning, research and scholarly activities.

Objective 1.1 ISU provides a rich learning environment, in and out of the classroom.

<table>
<thead>
<tr>
<th>Performance Measures</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.1.1 Number of online course sections offered.</td>
</tr>
<tr>
<td>1.1.2 Number of students participating in Career Path Internships.</td>
</tr>
<tr>
<td>1.1.3 Number of high school students participating in ISU dual credit courses.</td>
</tr>
</tbody>
</table>

Benchmarks:

<table>
<thead>
<tr>
<th>1.1.1 900 course sections</th>
</tr>
</thead>
<tbody>
<tr>
<td>1.1.2 600 CPI students</td>
</tr>
<tr>
<td>1.1.3 1,800 dual credit students</td>
</tr>
</tbody>
</table>

Objective 1.2 ISU provides a dynamic curriculum to ensure programs are current, relevant, and meet student and workforce needs.
Performance Measure:
1.2.1 Number of certificate and degree programs begun/expanded/revised; and number of certificate and degree programs discontinued.

Benchmark:
1.2.1 Number of new programs approximately equal to number of programs discontinued.

Objective 1.3 Undergraduate and graduate students participate in undergraduate teaching.

Performance Measures
1.3.1 Number of graduate assistantships and fellowships with teaching responsibilities.
1.3.2 Number of students employed as English, math, and content area tutors.

Benchmarks:
1.3.1 Increase graduate teaching assistants by 10 over the next 3 years.
1.3.2 Maintain adequate numbers of tutors to meet student need.

Objective 1.4 Undergraduate and graduate students engage in research and creative/scholarly activity.

Performance Measures
1.4.1 Number of students employed to work with a faculty member on research/creativity activities.
1.4.2 Number of students who participate each year in ISU’s research symposia.

Benchmarks:
1.4.1 Increase by 3% per year for next five years.
1.4.2 Increase to 250 students per year.

Objective 1.5 The core faculty is actively engaged in research and creative/scholarly activity.

Performance Measures
1.5.1 Faculty scholarly productivity, as demonstrated by the number of publications, juried shows, exhibits, performances, and other scholarly activities.
1.5.2 Number of proposals submitted for external funding, number funded, and total amount of funding received.

Benchmarks:
1.5.1 This is a new performance measure; data will be obtained from Activity Insight, to be implemented fall 2013 (this is an electronic curriculum vitae and workload program).
1.5.2 Increase the number of proposals submitted, number funded and total amount of funding by 3% per year for next 5 years.

Objective 1.6 Graduates of ISU’s programs are well prepared to enter the workforce and/or continue their education at the graduate and professional levels.

Performance Measures
1.6.1 Pass rates on professional licensure and certification exams.
1.6.2 Placement rates of graduates from academic, professional, and professional-technical programs.

Benchmarks:
1.6.1 Maintain pass rates at or above the national averages for each program where national data are available.
1.6.2 Maintain placement rates at or above the national averages for each program where national data are available.
Goal 2: ACCESS AND OPPORTUNITY – Idaho State University provides diverse opportunities for students with a broad range of educational preparation and backgrounds to enter the University and climb the curricular ladder so that they may reach their intellectual potential and achieve their educational goals.

Objective 2.1 Support services provided to enhance retention are utilized by students.

**Performance Measures**

2.1.1 Number of face-to-face advising contacts provided to undergraduate students by the central academic advising office.
2.1.2 Number of full-time freshmen students who participate in First Year Seminar and ACAD courses.
2.1.3 Average amount of need-based and merit-based financial aid/scholarships awarded to students.
2.1.4 Number of hours the content area tutoring, math and writing centers are utilized.

**Benchmarks:**

2.1.1 Maintain sufficient access to Central Academic Advising.
2.1.2 Increase to 50% over the next 3 years.
2.1.3 To be determined (based on changes in federal and state financial aid/scholarship programs).
2.1.4 To be determined (based on SBOE changes to the remedial education delivery models).

Objective 2.2 Students’ progression from initial enrollment to graduation is monitored, and efforts to increase enrollment, retention and completion are in place (e.g., targeted recruitment, optimal scheduling of courses, early warning system to help students in need, etc.).

**Performance Measures (red text indicates 2013-2014 SBOE-required measures for all institutions)**

2.2.1 Average time to degree completion by college for full-time and part-time students.
2.2.2 Retention rates from freshman to sophomore and sophomore to junior years, for full-time and part-time students.
2.2.3 Cost per weighted credit hour to deliver undergraduate education.
2.2.4 Completion of undergraduate certificates (1 year or greater) and degrees per $100,000 of education and related spending (i.e., full cost of instruction and student services, plus the portion of institutional support and maintenance assigned to instruction).
2.2.5 Total degree production (split by undergraduate/graduate).
2.2.6 Unduplicated headcount of graduates and percent of graduates to total unduplicated headcount (split by undergraduate/graduate).
2.2.7 Total full-time new and transfer students that are retained or graduate the following year (excluding death, military service, and mission).

**Benchmarks:**

2.2.1 Positively impact time to degree by 5% over next 3 years.
2.2.2 Positively impact retention rates by 5% over next 3 years.
2.2.3 Positively impact by 5% over next 3 years.
2.2.4 Positively impact this ratio by 5% over next 3 years.
2.2.5 Increase undergraduate and graduate awards by 5% over the next 3 years.
2.2.6 Positively impact this ratio by 5% over next 3 years.
2.2.7 Increase retention rate to 75% over the next 3 years.

Objective 2.3 Students who require remedial coursework are successful in completing their
Performance Measures
2.3.1 Percent of students who successfully complete required remedial courses.
2.3.2 Retention rates (fall to fall) of students who complete remedial courses.

Benchmarks:
2.3.1 To be determined based on changes to be made by the SBOE on remediation delivery models.
2.3.2 Increase retention rate to 70% over the next 3 years.

Objective 2.4 Students who enter with college credits earned while in high school (dual credit) are successful in completing their certificate or degree programs.

Performance Measures
2.4.1 Total number of students enrolled in ISU’s Early College program, and total number of credits earned.

Benchmark:
2.4.1 Increase total number of students (unduplicated headcount) to 1,800, and increase total student credit hours generated to 10,800 over the next 3 years.

Objective 2.5 Students participate in community and service learning projects and activities, student organizations, and learning communities.

Performance Measures
2.5.1 Number of student organizations, and annual number of students participating in those organizations.

Benchmarks:
2.5.1 Increase number of students participating in student organizations to 4,500 over next 3 years.

Goal 3 THREE: LEADERSHIP IN THE HEALTH SCIENCES – Idaho State University values its established leadership in the health sciences with primary emphasis in the health professions. We offer a broad spectrum of undergraduate, graduate, and postgraduate training. We deliver health-related services and patient care throughout the State in our clinics and postgraduate residency training sites. We are committed to meeting the health professions workforce needs in Idaho. We support professional development, continuing education, and TeleHealth services. We are active in Health Sciences research.

Objective 3.1 A broad array of health professions certificate and degree programs are offered, many statewide.

Performance Measures
3.1.1 Number of certificate and degree programs offered, and number of students enrolled, in ISU’s health professions programs.
3.1.2 Percent of graduates of ISU health professions programs who obtain employment in Idaho.
3.1.3 Pass rates on clinical licensure and certification exams in the health professions.

Benchmarks:
3.1.1 Maintain number of health professions programs offered, and maintain enrollments at or near program capacity.
3.1.2 To be determined (Data to be obtained in the future from the State Longitudinal Data System (SLDS).

3.1.3 Maintain pass rates at or above the national averages, where national data is available.

**Objective 3.2** ISU serves the State, the public, and its health professions students through its clinics and other community health venues.

**Performance Measures**

3.2.1 Number of patient visits to ISU clinics and clinical services.

3.2.2 Number of people served by ISU’s community health fairs and screening events.

**Benchmarks:**

3.2.1 Number of patient visits will increase by 5% over the next 3 years.

3.2.2 Number of people attending these events will increase by 5% over the next 3 years.

**Objective 3.3** ISU faculty and students engage in basic, translational, and clinical research in the health sciences.

**Performance Measures**

3.3.1 Number of faculty engaged in research in the health and biomedical sciences.

3.3.2 Amount of external funding received for health-related and biomedical research.

3.3.3 Number of students participating in clinical research/scholarly activity as part of their degree program.

**Benchmarks:**

3.3.1 Increase to 40 faculty over the next 3 years.

3.3.2 Funding will increase by 3% per year over the next 3 years.

3.3.3 Increase to 750 students over the next 3 years.

**Goal 4: COMMUNITY ENGAGEMENT AND IMPACT** – Idaho State University, including its outreach campuses and centers, is an integral component of the local communities, the State and the intermountain region, and benefits the economic health, business development, environment, and arts and culture in the communities it serves.

**Objective 4.1** ISU directly contributes to the economic well-being of the State, region, and communities it serves.

**Performance Measure:**

4.1.1 Total economic impact of the University.

**Benchmark:**

4.1.1 Total economic impact will increase by 5% over the next 5 years.

**Objective 4.2** Campus resource conservation efforts have been initiated; and students and faculty conduct research in the areas of environment and in energy to benefit the State.

**Performance Measure:**

4.2.1 Resource conservation efforts initiated.

**Benchmark:**

4.2.1 ISU’s efforts to conserve campus resources will continue to be developed.
Objective 4.3  ISU participates in formal and informal partnerships with other entities and stakeholders.

Performance Measure:
- 4.3.1  Number of active ISU partnerships, collaborative agreements, and contracts with public agencies and private entities.

Benchmark:
- 4.3.1  Number of partnerships, collaborative agreements, and contracts will increase by 5% over the next 5 years.

Goal 5: STEWARDSHIP OF INSTITUTIONAL RESOURCES – The University has policies and procedures in place to ensure the effective and efficient use of its internal resources to address its infrastructure requirements and to meet the needs of its various constituent groups.

Objective 5.1  The institutional reserves meet the Board’s expectations based on best practices.

Performance Measures:
- 5.1.1  Level of Institutional reserves as a percent of total operating budget.

Benchmark:
- 5.1.1  The institution maintains or exceeds reserves of 5% of total budget.

Objective 5.2  The institution continually assesses and periodically reviews its utilization of resources.

Performance Measure:
- 5.2.1  Number of academic, co-curricular, and non-academic program/unit reviews completed each year.

Benchmark:
- 5.2.1  All academic, co-curricular, and non-academic programs/units will be reviewed at least once every five years.
Key External Factors
(BEYOND DIRECT CONTROL OF IDAHO STATE UNIVERSITY)

Funding

Many Idaho State University strategic goals and objectives assume on-going and sometimes substantive additional levels of State legislative appropriations. Availability of state revenues, upon which appropriation levels depend, can be uncertain from year to year. Similarly, while gubernatorial and legislative support for ISU efforts are significant, priorities set by those bodies vary from year to year, affecting planning for institutional initiatives and priorities. When we experience several successive years of deep reductions in state appropriated funding, as has occurred in the recent past, it makes it increasingly difficult to plan for and implement strategic growth.

Legislation/Rules

Beyond funding considerations, many institutional and SBOE policies are embedded in state statute and are not under institutional control. Changes to statute desired by the institution are accomplished according to state guidelines. Proposed legislation, including both one-time and ongoing requests for appropriated funding, must be supported by the Governor, gain approval in the germane legislative committees, and pass both houses of the Legislature.

The recent directives related to creation of the Student Longitudinal Data System, revision of general education and remedial education, common core standards, Smarter Balance Assessment, Complete College America/Idaho, the 60% Goal, zero-based budgeting, performance-based funding, and the additional financial and institutional research reporting requirements have required the reallocation of staff resources and time and effort to comply.

Institutional and Specialized Accreditation Standards

The Northwest Commission on Colleges and Universities (NWCCU), our regional accreditation body, recently initiated a new 7-year review cycle and a set of new standards. Similarly, the specialized accrediting bodies for our professional programs periodically make changes to their accreditation standards and requirements, which we must address.

ISU has the largest number of degree programs with specialized accreditation among the state institutions, which significantly increases the workload in these programs due to the requirements for data collection and preparation of periodic reports. The programs in the health professions are reliant on the availability of clerkship sites in the public and private hospitals, clinics, and medical offices within the state and region. The potential for growth in these programs is dependent on maintaining the student to faculty ratios mandated by the specialized accrediting bodies, as well as the availability of a sufficient number of appropriate clerkship sites for our students.
Federal Government

A great deal of educational and extramural research funding for ISU and the SBOE is provided by the federal government. Funding is often tied to specific federal programs and objectives, and therefore can greatly influence both education policy and extramurally-funded research agendas at the state and the institutional levels. The recent decrease in funding for Pell Grants has had a negative impact on need-based financial aid for our students. The impact of the sequestration-mandated federal budget reductions initiated in early 2013 will likely have a negative impact on higher education.

Local/Regional/National/Global Economic Outlook

Conventional wisdom has long tied cyclic economic trends to corresponding trends in higher education enrollments. While some recent factors have caused this long relationship to be shaken in terms of funding students have available for higher education, in general the perceived and actual economic outlooks experienced by students continues to affect both recruitment into our colleges and universities as well as degree progress and completion rates. A greater proportion of our students must work and therefore are less able to complete their education in a timely manner.

</table>

**Goal 4: Community Engagement and Impact**

4.1 ISU directly contributes to the economic well-being of the State, region, and communities it serves

| Total economic impact of the University | baseline established by the 2011 ISU Economic Impact Study: $312 million | A new economic impact study will be conducted in 2016 | Total economic impact will increase by 5% over next 5 years |

4.2 Campus resource conservation efforts initiated; students and faculty conduct research in the areas of environment and in energy

| # resource conservation efforts initiated | See Appendix E | Efforts to conserve campus resources will continue to be developed |
|---------------------------------------|------------------------------------|---------|---------|---------|---------|---------|----------------------------|
| 4.3 ISU participates in partnerships with other entities and stakeholders | # of active partnerships, collaborative agreements, and contracts with public and private entities | 836     | 1,066   | 1,071   | 1,008   |          | ISU is in the process of building an electronic workflow tracking system and database for all contracts with public and private entities. This project will be completed in the summer of 2014. |
| Goal 5: Stewardship of Institutional Resources | | | | | | | |
| 5.1 Institutional reserves comparable to best practice | The institution maintains or exceeds reserves of 5% of total budget - formula: Unrestricted Net Asset Balance - "Reserves"/Operational Expenses | 3.7%   | 5.9%   | 7.3%   |          | 11.7%   | Maintain a minimum target reserve of 5% of total budget. |
| | | | | | | | |
| 5.2 Institution continually assesses and periodically reviews its utilization of resources. | # of academic, non-academic and co-curricular program reviews conducted each year. | 14 academic | 4 academic | 2 academic | 13 academic | 6 academic | All to be reviewed at least every 5 years. Non-academic/co-curricular program reviews begin in FY 2014 with the Program Prioritization Project. |
Appendix A

Idaho State University - Pass rates for required licensing & certification exams

*Notes: This is not an exhaustive list of pass rates. Rates for Nursing, Pharmacy, Physician Assistant programs etc. are provided as examples; pass rates for graduates of all academic health professions programs consistently meet or exceed the national pass rates.

Appendix E

Idaho State University – Conservation and Energy Reducing Projects

*Notes: This is not an exhaustive list of conservation and energy reducing projects. The university has completed other projects like window replacements and HVAC upgrades/repair/replacement that makes ISU more energy efficient.

1. **2008-9:** Purchased 5 electric vehicles for the grounds operations.
   - Replaced fuel consumption of 5 gasoline powered pick-up trucks with electricity.
   - Improved air quality surrounding academic buildings.
   - Reduced noise pollution around surrounding residential and academic buildings.
   - Saves on average 15.95 gal/day of gasoline.

2. **2010:** Stopped burning coal at the heat plant.
   - Eliminated transportation of 3000 tons of coal to the heat plant.
   - Reduced emissions of sulfur dioxide, carbon monoxide, nitrogen oxide and many other volatile organic compounds (VOC) in to the environment by switching to natural gas.
   - The heat plant runs more efficient on cleaner burning natural gas.
   - Deleting the use of coal as a heating fuel has eliminated a problem of fugitive dust in the facility.

3. **2011:** Bio-diesel production and increased recycling sustainability.
   - Bio-diesel production begins with the idea to make recycling more sustainable by operating the recycling pick up vehicle on a clean renewable fuel.
   - Processing waste cooking oil, produced by campus kitchens, into bio-diesel reduces emissions as compared to burning petroleum fuel.
   - Bio-diesel is one of the EPA’s preferred clean burning fuels, and is also a carbon neutral energy source.
   - Facilities in partnership with the college of Technology’s, Energy Systems Technology & Education Center (ESTEC) operate the production process together.
   - Besides providing a clean source of power, the bio-diesel program is a marketing tool for attracting and retaining students. The processing unit is located in an enclosed mobile trailer that can be transported to high schools for demonstrating the science and opportunities at ISU.
Appendix E - continued

- Currently 5 to 10 gallons of waste cooking oil per week are collected from one kitchen, and processed into bio-diesel during the school sessions. The potential to collect oil from the other three kitchens are in the future plans.
- To date bi-diesel production has saved the purchase of approximately 160 gallons of petroleum fuel.

4. **2011-12**: The greater part of recycling is operated by the custodial department.
   - Recycling reports 208 tons of recyclable material recovered around campus to date.
   - Custodial is phasing in waterless urinals that use only one gallon of water every 3 months.

5. **2011-12**: Maintenance and operations.
   - The maintenance department reports installation of 17 new water fountains that have the ability to re-fill reusable water bottles.
   - Has reduced the plastic waste steam comparable to 48,871 plastic water bottles.

   - Eight projects totaling 338,039 KWH in energy use reduction.
   - Reduction in utility billing totaling $19,872.00 annually.

   - Quad Lighting project phase II, will reduce electrical energy by an additional 30,590 KWH.
   - Custodial is piloting high-efficiency hand dryers which will eliminate the need for paper towels in restrooms.
   - LED retro-fit kits for standard fluorescent lighting are being installed and tested for suitability.

   - 100,000 watts of energy savings for changing wall packs and flood lights on exterior of buildings to LED lighting.
   - 27,000 watts of energy savings for changing emergency exit signs to LED lighting.
   - LED retrofit projects will save electricity at approximately 4 amps @ 120V per 4-tube fixture. Retro-fit work will continue as a stock of fixtures remains.
Lewis-Clark State College

STRATEGIC PLAN
FY 2016-2020
STRATEGIC PLAN
FY 2016-2020

March 17, 2014
Revised May 29, 2014
VISION

Lewis-Clark State College (LCSC) will fulfill the Idaho State Board of Education’s vision of a seamless public education system by integrating traditional baccalaureate programs, professional-technical training programs, and community college and community support programs within a single institution, serving diverse needs within a single student body, and providing outstanding teaching and support by a single faculty and administrative team.

The college’s one-mission, one-team approach will prepare citizens from all walks of life to make the most of their individual potential and will contribute to the common good by fostering respect and close teamwork among all Idahoans. Sustaining a tradition that dates back to its founding as a teacher training college in 1893, LCSC will continue to place paramount emphasis on effective instruction—focusing on the quality of the teaching and learning environment for traditional and non-traditional academic classes, professional-technical education, and community instructional programs.

As professed in the college’s motto, “Connecting Learning to Life,” instruction will foster powerful links between classroom knowledge and theory and personal experience and application. Accordingly, LCSC will:

- Actively partner with the K-12 school system, community service agencies, and private enterprises and support regional economic and cultural development
- Strive to sustain its tradition as the most accessible four-year higher-education institution in Idaho by rigorously managing program costs, student fees, housing, textbook and lab costs, and financial assistance to ensure affordability
- Vigorously manage the academic accessibility of its programs through accurate placement, use of student-centered course curricula, and constant oversight of faculty teaching effectiveness
- Nurture the development of strong personal values and emphasize teamwork to equip its students to become productive and effective citizens who will work together to make a positive difference in the region, the state, the nation, and the world.

MISSION

Lewis-Clark State College is a regional state college offering instruction in the liberal arts and sciences, professional areas tailored to the educational needs of Idaho, applied technical programs which support the local and state economy and other educational programs designed to meet the needs of Idahoans.

Core Theme One: Connecting Learning to Life Through Academic Programs
The first segment of the three part mission of Lewis-Clark State College is fulfilled under aegis of Academic Programs. This theme guides the offering of undergraduate instruction in the liberal arts and sciences and professional programs tailored to the educational needs of Idaho.

Core Theme Two: Connecting Learning to Life Through Professional-Technical Programs
The second segment of the three part mission of Lewis-Clark State College is fulfilled under the aegis of Professional-Technical Programs. LCSC functions under this theme by offering an array of credit and non-credit educational experiences to prepare skilled workers in established and emerging occupations that serve the region’s employers.

Core Theme Three: Connecting Learning to Life Through Community Programs
The third and last theme of Lewis-Clark State College is fulfilled through Community Programs. The primary function of Community Programs is to provide quality delivery of outreach programs and services to students, customers, and communities throughout Region II as well as degree completion programs in Region I.
STRATEGIC PLAN
FY 2016-2020
Goal 1
Sustain and enhance excellence in teaching and learning.

Objective 1A.
Strengthen courses, programs, and curricula consonant with the mission and core themes of the institution.

Courses and programs will be assessed. The college will identify opportunities for improvement, expansion, and/or elimination of courses and programs; will foster closer collaboration and integration with the K-12 system; and will engage the local community and business leadership in the planning of current and future program offerings. The college will explore initiatives to improve student preparation and readiness to succeed in college level courses.

Timeline: FY 2014-2018 ongoing
Action: President, Provost and Vice Presidents, Director of Institutional Planning, Research and Assessment, Assessment Coordination Committee, Functional Area Assessment Committees, Division/Unit Assessment Groups

Progress: The college is actively engaged in the State Board of Education (SBOE) mandated Program Prioritization process which allows for a comprehensive review of all instructional (and non-instructional) programs. This will lead to identifying programs which may benefit from expansion and further support, those which may need an infusion of resources and those best consolidated or reconfigured. Programs across campus continue to benefit from the insights and suggestions of local community and business leaders serving on our advisory boards. One outcome of industry-college collaboration aimed at meeting the needs of regional employers is the proposed AAS degree in Electronics Engineering Technology slated to begin Fall 2014.

Performance Measure(s):

Assessment submission
Benchmark: All units of the college will submit assessment documents that reflect genuine analysis and accurate reporting
Performance: 97% of units completed assessment (FY 2014)

First-time licensing/certification exam pass rates for professional programs
Benchmark: Meet or exceed national average
Performance: RN: LCSC 92%/National 91%, PN: 100%/85%, ARRT 92%/90% (FY 2013)

Percentage of responding LCSC graduates with positive placement
Benchmark: 95% of responding LCSC graduates will have positive placement
Performance: 92% (FY 2013)

Number of Idaho teachers who are certified each year by specialty and meet the Federal Highly Qualified Teacher definition
Benchmark: The percentage of first-time students passing the PRAXIS II will exceed 90%
Performance: 93% (FY 2013)
Objective 1B.
Ensure the General Education Core achieves its expected learning outcomes.

The alignment of the General Education Core with institutional General Education goals and statewide General Education standards will be assessed. Cross-disciplinary communication and collaboration will improve faculty design and delivery of General Education Core courses. The college will ensure faculty with teaching assignments within the General Education Core understand institutional General Education goals.

Timeline: FY 2015
Action: Provost, Dean of Academic Programs, General Education Committee

Progress: The college has been an active participant in the state-wide general education reform effort which culminated in a new state policy presented to the SBOE in February 2014. A campus-wide presentation on general education reform was delivered on March 5, 2014, by Academic Dean Mary Flores and the LCSC General Education Committee. Once the policy is formally approved, and faculty across campus have provided input, those teaching general education courses will work together to align courses to the new state-wide competencies. Graduating seniors and other students will complete the ETS Proficiency Profile (successor to the MAPP exam) test this spring as one assessment of our general education goals and outcomes.

Performance Measure(s):

ETS Proficiency Profile critical thinking construct
Benchmark: LCSC will score at the 90th percentile or better of comparison participating institutions (Carnegie Classification-Baccalaureate Diverse) on the ETS Proficiency Profile critical thinking construct.
Performance: 88th percentile (FY 2011)

College BASE results for math and science
Benchmark: The Division of Natural Science and Mathematics will improve College BASE construct scores in math and science tests
Performance: TBD

Objective 1C.
Optimize technology-based course delivery, resources, and support services for students, faculty, and staff.

Equipment, software, and technological capabilities will be current and sufficient for student, faculty, and staff needs. Training in effective online course design and instruction for faculty will be strengthened.
Timeline: FY 2014-2015  
Action: Provost, Chief Technology Officer, Director of e-Learning Services, Data Advisory Committee, Instructional Technology Advisory Committee

**Progress:** The college is working with the Office of State Board of Education (OSBE) staff and other schools to move to a managed hosting model for the online teaching platform, *Blackboard*. To better serve students and instructors, the additional *Help Desk* feature is also under consideration. The e-Learning Services department continues to provide online training modules for faculty and one-on-one personalized instruction as needed.

**Performance Measure(s):**

Annual end-of-term duplicated headcount for students enrolled in web, hybrid, and lecture/web-enhanced courses  
Benchmark: 8,000  
Performance: 7,726 (FY 2014)

**Objective 1D.**  
Maximize direct faculty and student interactions inside and outside the classroom.

LCSC will maintain appropriate student-to-faculty ratios by providing adequate numbers of sections for high-demand courses and by keeping course capacities at appropriate levels. The college will seek to increase student participation and engagement in academic and non-curricular activities.

Timeline: FY 2016  
Action: Provost, Vice President for Student Affairs, Director of Institutional Planning, Research and Assessment

**Progress:** PG 14-19, Demand-based Course Scheduling, was formed to explore options to achieve a schedule of course offerings which meets the needs of students for completing degree requirements and makes the best use of campus facilities and faculty resources. A direct outcome of the committee’s work was scheduling more late-afternoon and evening classes for Fall 2014. Recommendations include looking at the feasibility of offering intense weekend sections of core classes including English 101 and Communication 204.

**Performance Measure(s):**

Student to teacher ratio  
Benchmark: LCSC will maintain a 16 to 1 student teacher ratio  
Performance: 16 to 1 (FY 2014)

Number of students participating in undergraduate research  
Benchmark: 300  
Performance: 268 (FY 2014)
The number of presentations at the LCSC Senior Research Symposium
Benchmark: 300
Performance: 262 (FY 2013)

Objective 1E.
Recruit and retain a highly qualified and diverse faculty and staff.

The college will work to provide fair and competitive compensation for faculty and staff and will support increased opportunities for faculty and staff development. All faculty and staff pay will meet or exceed the median reported from peer institutions. Faculty development opportunities will be increased. Adjunct faculty pay will be increased.

Timeline: FY 2014-2018
Action: President, Provost and Vice Presidents, Deans

Progress: College administration supported the SBOE’s FY 2015 line item request for increased compensation for faculty and staff. A 2% change in employee compensation (CEC: 1% ongoing, 1% one-time) was approved by the legislature. Beginning Fall 2013, adjunct faculty salaries were increased and aligned cross campus. The college Compensation Review Committee meets regularly to consider issues of employee compensation, both monetary and non-monetary.

Performance Measure(s):

Classified Staff:
State of Idaho Classified Staff Pay Schedule
Benchmark: Classified Staff pay will be 90% of Policy
Performance: 17% of staff meet or exceed 90% of policy

Professional Staff (Administrative):
College and University Professional Association for Human Resources (C.U.P.A.) - Administrative Salary Survey
Benchmark: Compensation for professional staff (Administrative) will be 90% of the average C.U.P.A. Administrative Salary Survey median for institutions in the same budget quartile as Lewis-Clark State College
Performance: 46% of staff meet or exceed 90% of policy

Professional Staff (Mid-level and Professional):
C.U.P.A. Mid-Level and Professional Salary Survey
Benchmark: Compensation for professional staff (mid-level and professional) will be 90% of average C.U.P.A. Mid-Level and Professional Survey median for institutions in the same budget quartile as Lewis-Clark State College
Performance: 60% of staff meet or exceed 90% of policy

Instructional Personnel:
Integrated Postsecondary Education Data System (IPEDS), Human Resources Report
Benchmark: Compensation for instructional personnel will be 90% of the average of peer institutions by academic rank as reported by IPEDS
Performance: Mean faculty salaries are 86% of that averaged over peer institutions
**Objective 1F.**
Provide a safe, healthy, and positive environment for teaching and learning.

The college will increase the accessibility and safety of campus facilities and processes, expand wellness and healthy lifestyle participation, and foster a positive learning and working environment.

**Timeline:** FY 2013 ongoing
**Action:** Vice President for Finance and Administration

**Progress:** Access improvements in FY 2013 and FY 2014 included construction of a handicap ramp for Spalding Hall and modification of the door system for the Disability Services Office. Replacement of deteriorating brick sections (tripping hazard) of the campus walkway system commenced in FY 2014, and wheel-chair access sidewalk cuts have been constructed to improve access to the north campus bus stop, Activity Center, and five other locations. The LCSC Safety Committee helped identify traffic hazards (need for additional street lighting, signage, and tree trimming where drivers’ views were obstructed) which were subsequently eliminated by Physical Plant, Security, and the city of Lewiston. Good progress was made on the Presidential Planning Guidance wellness initiative (PG-65) which included implementation of LCSC’s fresh air (smoke free) campus beginning in Fall 2013. The third annual employee health screening event took place in March 2014.

**Performance Measure(s):**

- ADA compliance
- Benchmark: Zero ADA-related discrepancies noted in annual Division of Building Safety (DBS) campus inspection (and prompt action to respond to any such discrepancies if benchmark not achieved)
- Performance: Benchmark achieved—no ADA-related write-ups in 2013 DBS inspection

Wellness Programs
- Benchmark: Provide information and updates to all College employees on wellness activities at least 10 times each Fiscal Year
- Performance: 12 wellness updates provided to each employee in FY2013

**Goal 2**
Optimize student enrollment and promote student success.

**Objective 2A.**
Marketing efforts will focus on clearly identified populations of prospective students.

The college will establish a brand identity for advertising and marketing. It will expand outreach to students seeking a residential college experience and to potential students who do not think they need college, do not think they can succeed in college, or do not think they can afford college. The college will increase its recruiting efforts for non-traditional students, strengthen its support of community college transfer students, and establish enrollment targets for out-of-state and international students. The college will leverage dual credit and Tech Prep programs as a means to connect with high school students and invest in scholarships to strategically grow enrollment.

**Timeline:** FY 2013 ongoing
**Action:** Vice President for Student Affairs, Director of College Communications, Director of New Student Recruitment, Director of International Programs
Progress: An advertising calendar was developed in August 2013 and a marketing committee has been formed. Community college and non-traditional recruitment strategies are being vetted with the campus community.

Performance Measure(s):

(SBOE system-wide performance measure)
Dual credit hours earned and the unduplicated headcount of participating students
Benchmark: 3,500; 600
Performance: 3,328; 554 (FY 2013)

High school students participating in concurrent enrollment programs (headcount and total credit hours)
Benchmark: Annual Enrollment - 1,500* Annual Total Credit Hours – 8,000*
*These values reflect anticipated loss of enrollment due to proposed fee changes for Tech Prep students.
Performance: 1,797; 8,312 (FY 2013)

Scholarship dollars awarded per student FTE
Benchmark: $1,950
Performance: $1,831 (FY 2013)

Objective 2B.
Retain and graduate a diverse student body.

LCSC will implement a student success course to enhance academic skills, impart post-secondary values and expectations, and coach students during their first semester. The course will supplement other curricular and advising reforms targeted towards students who place into Math and English courses below core levels.

Timeline: FY 2014
Action: Provost, Vice President for Student Affairs, Dean of Academic Programs

Progress: With funding from the Albertson Foundation, pilot sections of the student success course were taught in Fall 2013. A course designated as ID 140 has been proposed to the Faculty Senate.

The college will continue the implementation of a centralized advising model to serve incoming freshmen and implement an advising assessment tool that students will complete during the course registration process. Student Affairs will develop pre-admission programs, including financial literacy, to help prospective students and their families prepare for college.

Timeline: FY 2014
Action: Vice President for Student Affairs

Progress: Centralized Advising has been implemented and is serving over 700 students. The program has been assessed via student surveys and feedback from faculty. Pre-admission programs include new correspondence intended better explain the financial aid, scholarship, and fee payment processes.
Performance Measures:

(SBOE system-wide performance measure)
Total degree production (undergraduate)
Benchmark: 800
Performance: 688 (FY 2013)

(SBOE system-wide performance measure)
Unduplicated headcount of graduates and percent of graduates to total unduplicated headcount
(split by undergraduate/graduate).
Benchmark: 700/12%
Performance: 652; 11% (FY 2013)

(SBOE system-wide performance measure)
Total full-time new and transfer students that are retained or graduate the following year
(excluding death, military service, and mission)
Benchmark: 70%
Performance: 364/569=64% (FY 2013)

First-year/ full-time cohort retention rate
Benchmark: 60%
Performance: 51% (FY 2013)

The number of degrees and certificates awarded per 100 FTE undergraduate students enrolled
Benchmark: 24
Performance: 22 (FY 2013)

First-year/ full-time cohort 150% graduation rate
Benchmark: 35%
Performance: 30% (FY 2013)

LCSC will establish a Center for Teaching and Learning in order to support and share improvements
in teaching, assessment, and curriculum development.

Timeline: FY 2015
Action: Provost, Vice President for Student Affairs

**Progress:** The President established Program Guidance Initiative PG-66 and appointed a
committee, co-chaired by the Provost and Vice President for Academic Affairs and the Vice
President for Student Affairs. The committee met throughout fall semester to develop ideas about
what services/resources a center can or should offer. A survey was distributed to faculty in late
February. Recommendations will be made to the President in late March.
Objective 2C.
Maximize student satisfaction and engagement.

The college will conduct student satisfaction surveys on an annual basis and participate in the National Survey of Student Engagement (NSSE) every three years. The college will also conduct an internal analysis to identify areas for improvement in the student enrollment cycle and academic cycle. The college will expand infrastructure to entice students to reside on campus and, with the input and guidance of student government, will support a wide variety of social and academic student activities.

Timeline: FY 2014-2015
Action: Vice President for Student Affairs, Director of Institutional Planning, Research and Assessment

Progress: A Student Involvement and Engagement Committee consisting of students and staff has been formed. The committee issues periodic surveys asking students about the type of activities they are interested in and then either develops those activities or informs the students about scheduled activities that match their interests.

Performance Measure(s):

National Survey of Student Engagement (NSSE)
Benchmark: 90% of LCSC students will be satisfied
Performance: 88% (FY 2011)

Goal 3
Strengthen and expand collaborative relationships and partnerships.

Objective 3A.
Increase volunteer, internship, and career placement opportunities.

The college will foster, promote and track student internship opportunities within each division, determine local business and industry needs through periodic surveys or professional forums, and leverage campus expertise to build and maintain relationships with local business and industry. All matriculated students will serve as volunteers and/or interns as part of their educational program.

Timeline: FY 2017
Action: Provost, Deans

Progress: In October 2013, the college hosted an internship showcase in which students presented professional posters detailing their experiences and learning outcomes. Students were accompanied by their division chairs, instructors and in some cases, their internship mentor. Next steps include standardizing definitions for internship-like activities and developing a plan for embedding internships or volunteer activities into every educational program. With the AmeriCorp grant not funded for this year, Service Learning services have been reduced.
Performance Measure(s):

Number of students participating in internships
Benchmark: 800
Performance: 654 (FY 2014)

Objective 3B.
Collaborate with relevant businesses, industries, agencies, practitioners, and organizations for the beneficial exchange of knowledge and resources.

The college will develop an inventory of faculty expertise that committees and boards of local organizations may draw upon. Faculty and staff will actively participate in statewide development of processes and systems to strengthen K-20 partnerships. LCSC will foster, promote, and support student, faculty, and staff research or other projects that benefit the community and region. LCSC will increase Workforce Training efforts.

Timeline: FY 2015
Action: Provost, Dean of Community Programs and Governmental Relations, Director of Grants and Contracts

Progress: Faculty in the Teacher Education Preparation program are actively engaged in partnerships with our K-12 community school partners. External grant dollars are used to facilitate professional development opportunities with our K-12 partners related to math and science education. In addition, further collaboration between LCSC faculty and local school districts has focused on the integration of mobile technologies (i.e. iPads) into classroom learning. The Research Symposium which provides a forum for the dissemination of student and faculty research continues to be a successful event on the campus as well as at the Coeur d’Alene Outreach Center.

Performance Measure(s):

Number of adults enrolled in customized training (including statewide fire and emergency services training programs).
Benchmark: 4,000
Performance: 3,659 (FY 2013)

Objective 3C.
Increase cooperation and engagement of alumni for the advancement of the college.

LCSC will invite alumni to participate in ongoing networking activities and campus events, create an alumni mentorship program for students, and incorporate alumni presence and testimonials in institutional advertising campaigns and recruiting efforts.

Timeline: FY 2017
Action: Director of College Advancement, Director of Alumni and Community Relations, President of the LCSC Alumni Association

Progress: There are four active alumni chapters across the state, the newest in Eastern Idaho. The LCSC Alumni Association facilitates student-alumni activities aimed at encouraging students to remain involved with the college after graduating. A new initiative for Fall 2014, the Warrior Mentoring Program, pairs current students with a Warrior alum in a yearlong program where
alumni have the opportunity to provide support and influence their mentee’s personal and professional development.

**Performance Measure(s):**

- Number of Alumni Association members
  - Benchmark: 15,000
  - Performance: 13,904 (FY14)

**Objective 3D.**
Advance the college with community members, business leaders, political leaders, and current and future donors.

The college will invite local community and business leaders to participate in college activities and arrange for current students and alumni to meet with key individuals to promote the benefits of higher education and the needs of LCSC. LCSC will create opportunities for business and political leaders and future donors to engage in learning sessions with current students.

**Timeline:** Ongoing  
**Action:** President, Provost and Vice Presidents, Deans, Director of College Advancement, President of the LCSC Foundation

**Progress:** TBD

**Performance Measure(s)**  
LCSC will continue to strengthen its relationship to the local community through promotion of the National Association of Intercollegiate Athletics Champions of Character student-athlete program  
- Benchmark: Annually meet National Association of Intercollegiate Athletics (NAIA) Five Star Champions of Character criteria  
- Performance: Met criteria (FY 2014)

**Timeline:** FY 2017  
**Action:** Athletic Director

**Goal 4**  
**Leverage resources to maximize institutional strength and efficiency.**

**Objective 4A.**  
Allocate and reallocate funds to support priorities and program areas that are significant in meeting the role and mission of the institution.

- Budget and assessment instruments will provide clear links to the strategic plan. Information regarding existing and expected financial resources and targeted priorities will be readily available.

**Timeline:** FY 2014  
**Actions:** President, Provost and Vice Presidents, Deans, Chair of Faculty Senate

**Progress:** Presidential Planning Guidance (PGs) and Unit Action Plan templates and procedures were revamped prior to the Fall 2013 planning and budgeting cycle to reflect the new LCSC strategic plan and incorporate Zero-Base Budgeting (ZBB) and Program Prioritization (PP)

**Lewis-Clark State College**

PPGA
procedures. Unit Action Plan proposals were directly tied to the new strategic plan. A new Institutional Assessment Plan was developed to reflect the strategic plan, and ZBB and PP guidelines were embedded in an expanded program assessment process. All planning and assessment reference materials and plans/reports were posted on the LCSC intranet for the Fall 2013 and Spring 2014 planning, budgeting, and assessment cycles. Strategic Plan priorities and budget plans were briefed by the President to faculty, staff, students and other key stakeholders. Budgets, strategic plan documents, annual performance measures reports, and assessment documents—directly linked to the overall strategic plan—are readily available.

Performance Measure(s):

(SBOE system-wide performance measure)
Cost per credit hour – Financials divided by total weighted undergraduate credit hours from the EWA report
Benchmark: $290
Performance: $293 (FY 2014)

Objective 4B.
Assess and modify organizational structure and institutional processes to ensure the most effective use of resources.

LCSC will review current organizational structure and implement modifications to streamline processes and enhance communication.

Timeline: FY 2016
Action: President, Provost and Vice Presidents, Faculty Senate, Professional Staff Organization, Classified staff Organization

Progress: The college acted promptly to explore suggestions emanating from the February 2012 strategic planning retreat and subsequent strategic plan steering committee suggestions. LCSC’s proposal to re-establish a Vice President for Student Affairs—to focus efforts on strategic enrollment planning and student success—was approved by the SBOE, and committee structures across the institution have been adjusted accordingly. President’s Council procedures were realigned to focus on implementation of strategic plan goals. Program assessment and Program Prioritization are now addressed in a revitalized Division/Department Assessment Committee and Functional Area Assessment Committee process which engages units and personnel across the college.

Performance Measure(s):

(SBOE system-wide performance measure)
Efficiency – Certificates (of at least 1-year or more) and degree completions per $100,000 of financials
Benchmark: 2.5
Performance: 1.7 (FY 2013)

Objective 4C.
Continuously improve campus buildings, grounds, and infrastructure to maximize environmental sustainability and learning opportunities.
The college will assess and update the Campus Facilities Master Plan on an annual basis, with priority given to classrooms and teaching. The college will implement building maintenance initiatives to increase energy efficiency, use of green technology, and recycling.

Timeline: FY 2014  
Action: Provost, Vice President for Finance and Administration

**Progress Report:** A new Campus Facilities Master Plan was developed to reflect the new LCSC strategic plan and went into effect in July 2013. Classroom refurnishing and carpeting projects continued during FY 2013 and FY 2014. Renovation of the Fine Arts Building (subsequently renamed Thomas Jefferson Hall) was completed in 2014. $2.8M in alteration and repair funding was provided for a record number of facilities projects in FY 2014, including a campus-wide Energy Survey and Analysis project. Green space was expanded and funding was provided for Wi-Fi for an outdoor learning laboratory/classroom. FY 2015 funds have been identified to support LCSC’s Teaching and Learning Center initiative (PG-66).

**Objective 4D.**  
Create a timetable for the sustainable acquisition and replacement of instruments, machinery, equipment, and technologies and ensure required infrastructure is in place.

LCSC will create an inventory schedule of campus physical resources that includes lifespans, maintenance contracts, and estimated replacement dates, and will update the schedule on an annual basis. The college will develop a campus-wide funding plan for maintenance and replacement of resources.

Timeline: FY 2014  
Action: Provost, Vice President for Finance and Administration

**Progress:** LCSC’s capital equipment has been inventoried and, using the value of these assets and the depreciation schedules based on the useful life spans of the various equipment categories, the college submitted capital replacement requests to the Legislature for the FY 2014 and FY 2015 state budgets. The Budget Office and Information Technology department developed a $250K annual budget to finance high-cost institutional technology equipment and $136K to fund annual upgrades to classroom technology. The college also has set aside a standing reserve to cover unplanned contingencies for central technology systems and classroom technology. A capital equipment replacement funding mechanism has also been established within the Student Union operating budget to address planned or emergency replacement of high-cost equipment used by dining services.

**Objective 4E.**  
Identify and secure public and private funding to support strategic plan priorities.

Faculty and staff capacity to secure external funding will be strengthened by supporting grant writing efforts at both the departmental and institutional level. LCSC will collaborate with public and private stakeholders to generate the resources necessary to expand facilities and programs and will broaden communication and outreach to connect the entire college community to the LCSC Foundation and evolving fundraising initiatives.

Timeline: Ongoing  
Action: President, Provost and Vice Presidents, Director of College Advancement, President of the LCSC Foundation, Director of Grants and Contracts
**Progress:** LCSC’s total General Education and Professional-Technical budget increased from FY 2013 to FY 2014 by over $1.5M to $31,768,096, despite austere funding from the State of Idaho. The Grants Office was reorganized to combine all grant pre-award and post-award activities within a single shop. Training of new grant writers and unit supervisors continues. At the end of FY 2013, the college had over 80 active grants worth over $8M, despite the negative impacts of federal sequestration on key LCSC programs and elimination of Congressional earmarks. In the College Advancement arena, the $12M goal for the ongoing Campaign LCSC will be met and surpassed by the end of April 2014. The LCSC Foundation’s total assets reached an all-time high of over $7.4M at the end of calendar year 2013.

**Performance Measure(s):**

Institution funding from competitive grants  
Benchmark: $2.0M  
Performance: $2.3M

Institutional reserves comparable to best practice.  
Benchmark: A minimum target reserve of 5% of operating expenditures  
Performance: 5.1%

LCSC Capital Campaign  
Benchmark: $12M  
Performance: $11.7M (to date)
## Goal 1 - Sustain and enhance excellence in teaching and learning

* Indicates SBOE System-wide performance measures

Notes:
1. This test is administered every 3 years. LCSC achieved an 86 percentile in the FY2008 (MAPP) administration.
2. These values represent the percentage of individuals in this class who are making 90% of policy.
3. The percentages for faculty represent LCSC’s weighted average 9-month equivalent salary divided by the weighted average 9-month equivalent salary of LCSC’s peer institutions.
4. Reflects the overall percentage of students satisfied with LCSC. This survey is administered every 3 years.
Key External Factors

Academic Year 2013-2014 Data: Student headcount for the fall semester was 4,304 full-time equivalent enrollment was 2,962. The college employed 175 faculty, 88 adjunct faculty, 157 professional staff, and 135 classified staff.

Growth: The Idaho State Board of Education has directed the higher education institutions under its supervision to double the proportion and number of Idahoans (25 to 34 year old cohort) with a college certificate or degree by 2020. At the time of writing this plan, LCSC had not yet been assigned a specific numerical target by the Board within its overall system-wide goal, but the following factors will affect LCSC’s output:

LCSC is essentially an open-access institution—reducing admission standards likely would not generate significant numbers of new students. As LCSC reaches out to encourage college participation by underserved segments in Idaho’s population, the average level of college-preparedness of the student body is likely to decrease, and the level of support needed for students is likely to increase.

The current demographic trends in Idaho foretell low to modest growth in the number of secondary students and good, but flat, high school graduation rates. It is therefore not likely that the output of the K-12 pipeline would lead to a dramatic increase in enrollment at LCSC during the five-year planning window.

While a dramatic increase in Idaho’s high-school graduation rates is not foreseen during the five-year planning window, LCSC may be able to increase the number of high school graduates who elect to enroll in college, taking into account that Idaho’s current participation rate, less than 50%, is one of the lowest in the nation.

Although the national and Idaho 60% goals have been based on the premise that 60% of jobs in 2020 will require some degree of college education, the current and projected proportion of college educated employees within the Idaho workforce seems to be at a market clearing level of 36%, according to the report of the Idaho Legislature Office of Performance Evaluations. Currently, unemployment in Idaho is low compared to many states in the region. Strategically, this means it is unlikely that systemic structural unemployment rates will be a major driver of additional students applying to LCSC before the end of the five-year planning horizon. In fact, improving employment rates in Idaho would likely reduce the applicant pool as workers enter or re-enter the work force as the effects of the recession ease.

Infrastructure: Currently-available facilities, or a modest expansion thereof, are sufficient to support an increase in on-campus students proportionate to LCSC’s share of the State Board of Education’s 60% goal. Classroom and laboratory utilization rates have sufficient slack time throughout the day and week to absorb an estimated 50% or more increase in student enrollment. Within the course of the five-year planning window, the college, if necessary, could increase faculty and staff office space and parking. While expansion on such a scale is theoretically possible, it is unlikely to be necessary given headcount enrollment trends, currently averaging 3% per year. If the combined impact of LCSC action strategies to increase enrollment, improve retention, and increase program completion rates were to double the historical rate to 6% per year, the main campus student population would increase 50 percent by 2020—a level which, with good planning, could be accommodated by the current physical infrastructure.
Unlike the situation on the Normal Hill campus, infrastructure is a major limiting factor for LCSC’s Coeur d’Alene operations. A strategic initiative is underway to provide a joint facility to serve LCSC, North Idaho College (NIC), and University of Idaho students and staff on the NIC campus. The new facility would not likely be opened until the end of the current five-year planning window, and efforts are underway to find additional facility options to support LCSC operations at Coeur d’Alene in the interim. Infrastructure at the other LCSC outreach centers is estimated to be sufficient to support operations over the next five years.

Deferred maintenance needs over the course of the five-year planning window are estimated at roughly $25 million for alteration and repair of existing facilities. Recent momentum in addressing HVAC and roof repairs needs to be sustained, but will depend primarily on availability of Permanent Building Fund dollars.

Over the past decade several major capital projects to expand facilities on the main campus have been completed (e.g., Activity Center, Sacajawea Hall, new parking lots, upgrades of Meriwether Lewis Hall and Thomas Jefferson Hall). For the main campus, LCSC’s strategy for the five-year planning window is to focus on upgrades of existing facilities rather than erecting major new facilities.

Classroom capacity is sufficient to sustain current and projected enrollment levels for brick-and-mortar classes. Increased enrollment will necessitate scheduling adjustments that spread classes throughout day, evening, and weekend hours. Utility costs of extended class hours would increase marginally, but overall efficiency of facility operations would increase with the reduction of slack hours.

Recent efforts have increased the number of classroom seats and modernized classrooms and labs. Nevertheless, continued efforts are needed to modernize the classroom and lab infrastructure (teaching technology, lighting, furniture, acoustical treatments, and flooring).

Available student housing units are not currently at maximum capacity. A study is underway (Presidential Guidance-50) on possible strategies to add bed spaces. If projected trends warrant, it would be feasible to add new student housing by the end of the five-year strategic planning window and to convert some older housing units in the LCSC inventory to other uses, including office space.

On-campus and neighborhood parking is adequate to sustain employee and student operations through the remainder of FY 2013. The college has acquired property on the perimeter of the Normal Hill campus to accommodate additional parking (or facility construction) when needed. Parking options for LCSC’s downtown facilities are more limited and cooperation with the city and local merchants will be needed if main street operations continue to expand.

Recent office space modernization efforts need to continue over the five-year planning window. In the event of growth of faculty and staff beyond current levels, additional office space could be provided through conversion of rental housing units and/or conversion of older residential hall space into modern offices.

A major vulnerability is the lack of redundant capabilities for heating and cooling of major buildings—almost every major structure is dependent upon a single source of HVAC. The main campus needs a loop to interconnect multiple facilities and provide a backup in the event of single-point failure. Use of energy-saving incentive dollars and cooperative projects with external entities could help fund these improvements.
**Personnel**: While the current physical infrastructure of LCSC (with the exception of the Coeur d’Alene Center) is sufficient to support the increased output envisioned by the Idaho State Board of Education, this is not the case with respect to faculty and staff. Although class sizes could be increased in some upper division courses, many lower division courses and some professional courses are already up against faculty-student ratio limits imposed by specialized accreditation agencies and could not significantly expand without concomitant expansion of faculty and supporting staff. Faculty and staff workload levels at LCSC are high compared to other higher education institutions. An expanded LCSC student population will require ratios at least as low as current levels. Based on peak hiring periods over the past decade, funding an expansion spread over the next five years is technically feasible, but would require careful planning and coordination.

While increased utilization of distance learning technology could alleviate stress on the physical infrastructure, it is not the critical factor limiting expansion. While in some cases learning technology may enhance the effectiveness of course delivery and student success, it does not reduce the need for student-faculty interaction or significantly increase the desirable maximum ratio of students to faculty members. The current student to faculty ratios for academic and professional courses (14.3 to one, and 12.5 to one, respectively) may not be at a maximum level; the course delivery mode, however, is probably not the primary factor in establishing the ideal balance as we seek to maintain high levels of faculty-student engagement and interaction.

**Economy and the Political Climate**: Many factors and trends will have a major impact on LCSC strategies to achieve goals and objectives over the five-year planning window.

Funding for higher education has been used as a rainy day reserve to support other state operations, most notably K-12, during economic downturns and the prolonged recent recession. There has been limited enthusiasm among Idaho policy makers to restore pre-crisis levels of funding to higher education.

Since FY 2009, the state has not provided sufficient funding to cover maintenance of current operation costs (inflation, replacement of capital items, and employee salaries), nor has it funded LCSC line-item budget requests to support increased enrollment, including LCSC’s Complete College Idaho request that directly supports State Board of Education goals.

Employee salary levels at LCSC are significantly lower than those at peer institutions. Only one increase in employee compensation has been funded during the past four years and half of the cost of that increase was transferred by state policymakers to student tuition.

There has been significant political support for funding community college operations in the Treasure Valley, though little interest, as yet, in equalizing tuition rates among the three Idaho community colleges and no interest in providing funding to support the State Board-assigned community college function for LCSC and ISU. There has been strong political support to expand concurrent enrollment programs to enable completion of college-level coursework while students are still in high school; however, there has been no support for funding directed to higher education for this purpose. The dual impacts of community college expansion and in-high school programs erode for LCSC the probability of future revenues for lower-division courses.

The relative financial burden borne by students for college costs has dramatically shifted, with student tuition and fees now nearly equal to the general fund appropriation. Notwithstanding the facts that
reduced state support has necessitated tuition increases to sustain higher education operations and that Idaho tuition rates remain well below regional and national averages, state policymakers are reluctant to support additional tuition increases.

Students in Idaho and across the nation have become more dependent upon federal financial aid to pay for college, and increased student debt load and default rates have caused consternation among policymakers. Federal funding available for higher education has been reduced in some cases and new policy restrictions aimed at curbing operations of for-profit higher education enterprises have inflicted collateral damage on public college operations.

Costs for employee and State Board of Education mandated student healthcare plans are ballooning and threaten to have a significant impact on college access for students. Increased tax rates and sluggish economic growth may further reduce college enrollment.

Economic and population growth within LCSC’s local operating area, Region II, has been flat. The highest growth rates in the state have been focused in southern Idaho and the northern panhandle. LCSC is increasingly reliant on a statewide market.

**Implications for Lewis-Clark State College:** The college cannot depend upon major infusions of state-appropriated dollars to fund growth and new initiatives during the next five years. The primary sources of funding for strategic initiatives will be reallocation of current funds and utilization of student tuition and fee dollars. The primary engine for funding growth is increased tuition from students as a result of increased enrollment (higher accessions, increased retention) with tuition rate increases likely to be restricted by policymakers.

LCSC needs to continue to build its grassroots support within the region and throughout the state to increase awareness of its unique strengths and its support of the values of Idaho’s citizens. Strong support of students, parents, alumni, community members, and businesses is essential to undergird the tangible support provided to LCSC by Idaho policymakers.
College of Southern Idaho
Strategic Plan
2014 – 2019

“Rethink, Reimagine & Retool!”

Statutory Authority

The College of Southern Idaho Strategic Plan has been approved by the CSI Board of Trustees. The statutory authority and the enumerated general powers and duties of the Board of Trustees of a junior (community) college district are established in Sections 33-2101, 33-2103 to 33-2115, Idaho Code.

Approved by the College of Southern Idaho Board of Trustees on 03/26/2012
Mission Statement

The College of Southern Idaho, a comprehensive community college, provides quality educational, social, cultural, economic, and workforce development opportunities that meet the diverse needs of the communities it serves. CSI prepares students to lead enriched, productive, and responsible lives in a global society.

Vision

College of Southern Idaho shapes the future through its commitment to student success, lifelong learning, and community enrichment.

Core Values

The following core values, principles, and standards guide our vision and conduct:

- **People**
  Above all, we value our students, employees, and community. We celebrate individual uniqueness, worth, and contributions while embracing diversity of people, backgrounds, experiences, and ideas. We are committed to the success of our students and employees.

- **Learning**
  We are committed to student learning and success. We value lifelong learning, informed engagement, social responsibility, and global citizenship.

- **Access and Opportunity**
  We value affordable and equitable access to higher education. We make every effort to eliminate or minimize barriers to access and support student success and completion of educational goals. We create opportunities for educational, personal, and economic success.

- **Quality and Excellence**
  We strive for excellence in all of our endeavors. We offer high-quality educational programs and services that are of value to our constituents. We are committed to high academic and professional standards, and to the continuous improvement of our educational programs, services, processes, and outcomes.

- **Creativity and Innovation**
  We value and support innovative and creative ideas and solutions that foster improvement and allow us to better serve our students and our community. We encourage entrepreneurial spirit.

- **Responsibility and Accountability**
  We value personal, professional, and institutional integrity, responsibility, and accountability. We believe in serving our constituents responsibly in order to preserve the public’s trust. We strive to develop a culture of meaningful assessment and continuous improvement. We value inspired, informed, transparent, and responsible leadership and decision-making at all levels of the College. We value our environment and the conservation of our natural resources.

- **Collaboration and Partnerships**
  We value collaboration and actively pursue productive and mutually beneficial partnerships among people, institutions, organizations, and communities to share diverse ideas, talents, and resources.
Core Themes*

1. Transfer Education
2. Professional-Technical Education
3. Basic Skills Education
4. Community Connections

Strategic Initiatives • 2014 - 2019

I. Student Learning and Success
II. Responsiveness
III. Performance and Accountability

Strategic Goals • 2014 - 2019

1. Demonstrate a continued commitment to and shared responsibility for student learning and success
2. Meet the diverse and changing needs and expectations of our students and the community we serve
3. Support employee learning, growth, wellness, and success
4. Commit to continuous improvement and institutional effectiveness

* Core Themes were developed as part of the Northwest Commission on Colleges and Universities (NWCCU) accreditation process (Standard One). Merging Core Themes and Strategic Initiatives into one document allows the College to focus its planning efforts while meeting Idaho Code, SBOE and DFM guidelines, as well as NWCCU accreditation standards.
Core Themes and Objectives*

Core Theme 1: Transfer Education

**Objective:** To prepare students intending to transfer and who earn an Associate of Arts, Associate of Science, or Associate of Engineering degree for success at the baccalaureate level.

Core Theme 2: Professional-Technical Education

**Objective:** To prepare students for entry into a job or profession related to their field of preparation and study.

Core Theme 3: Basic Skills Education

**Objective:** To provide developmental courses in math, reading, writing, grammar, vocabulary, spelling, and English as a second language to assist students who need to raise existing skills to college-level competency.

Core Theme 4: Community Connections

**Objectives:** To meet the economic development and non-credit educational, social, cultural, and community support needs of the eight-county service region by making the college’s human and physical resources available, including facilities and the expertise of faculty and staff.

*Each Objective under the Core Themes has Indicators of Achievement defined. These Indicators of Achievement can be found in the Core Theme planning documents.*
Strategic Initiatives, Goals, Objectives, Performance Measures, and Benchmarks

**Strategic Initiative I: Student Learning and Success**

1. **Goal:** Demonstrate continued commitment to and shared responsibility for student learning and success

**Objectives:**

1.1. Provide quality educational programs and experiences that prepare students to reach their educational and career goals
1.2. Maintain high standards for student learning, performance, and achievement – academic rigor and integrity
1.3. Continually improve the quality and effectiveness of teaching and support services
1.4. Identify and reduce barriers to student learning, and develop clear pathways to student success
1.5. Develop students’ intellectual curiosity and subject matter competence, as well as communication, critical thinking, creative problem-solving, interpersonal, and leadership skills
1.6. Encourage meaningful engagement and social responsibility
1.7. Ensure that our students gain the knowledge, skills, perspectives, and attitudes necessary to thrive in a global society and become responsible global citizens
1.8. Continue to improve educational attainment (persistence, retention, degree/certificate completion, transfer) and achievement of educational and career goals
1.9. Maintain a healthy, safe, and inviting learning environment that is conducive to learning
1.10. Develop and maintain mutually beneficial partnerships with K-12 schools, community colleges, four-year institutions, employers, industry, and other public and private entities that will allow us to help our students reach their educational and career goals

**Performance Measure:** Student engagement

**Benchmark:**

- Academic challenge - CCSSE\(^1\) survey results will demonstrate academic challenge ratings at or above the national comparison group
- Student effort - CCSSE survey results will demonstrate student effort ratings at or above the national comparison group
- Active and collaborative learning - CCSSE survey results will demonstrate active and collaborative learning ratings at or above the national comparison group

\(^1\) CCSSE – Community College Survey of Student Engagement
Performance Measure: Retention/persistence rates
Benchmark: CSI’s first-time full-time retention rate will be at or above the median for its IPEDS² peer group

Strategic Initiative II: Responsiveness

2. Goal: Meet the diverse and changing needs and expectations of our students and the community we serve

Objectives:

2.1. Meet the diverse and changing needs and expectations of our students
2.1.1. Offer quality educational programs and support services that meet the needs of students with diverse backgrounds, preparation levels, abilities, and educational objectives
2.1.2. Maintain access and support student success
2.1.3. Provide university parallel curriculum for transfer students, state-of-the-art programs of professional-technical education, as well as
appropriate developmental education, continuing education, and enrichment programs

2.2. Meet the diverse and changing needs and expectations of employers in the area
   2.2.1. Provide workforce training and development, and industry certifications
   2.2.2. Ensure that the curricula provide the skills, knowledge, and experiences most needed by employers

2.3. Meet the diverse and changing needs and expectations of the community we serve
   2.3.1. Provide lifelong learning opportunities
   2.3.2. Serve as an engine for economic, social, and cultural development

**Performance Measure:** Enrollment and Full-Time Equivalency (FTE) - end-of-term unduplicated headcount, end-of-term total FTE, end-of-term academic FTE, end-of-term professional-technical FTE, annual unduplicated dual credit enrollment, annual dual credit FTE, end-of-term unduplicated developmental enrollment, end-of-term developmental FTE, annual non-credit workforce training enrollment, annual continuing education enrollment

**Benchmark:**
- Overall headcount will increase by 2% a year
- Overall FTE will increase by 1% a year

<table>

<th>2013</th>
</tr>
</thead>
<tbody>
<tr>
<td>Employer satisfaction with PTE graduates</td>
<td>88%</td>
</tr>
</tbody>
</table>

**Strategic Initiative III: Performance and Accountability**

### 3. **Goal:** Support employee learning, growth, wellness, and success

**Objectives:**

3.1. Recruit and retain faculty and staff who are committed to student learning and success

3.2. Support employees by providing the necessary information, resources, tools, training, and professional development needed to do their jobs effectively

3.3. Expect and reward competence, performance, excellent customer service, and contributions to the attainment of the institution’s mission, goals, and objectives

3.4. Maintain competitive faculty and staff compensation that is comparable to that of our peer institutions

3.5. Improve the health and well-being of employees through health education and activities that support positive lifestyle changes, thereby resulting in improved morale, productivity, and healthcare cost savings

**Performance Measure:** University-faculty interaction - CCSSE survey results will

**Benchmark:** demonstrate student-faculty interaction ratings at or above the national comparison group
Support for learners - CCSSE survey results will demonstrate ratings for learner support at or above the national comparison group.

<table>
<thead>

<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

4. **Goal: Commit to continuous improvement and institutional effectiveness**

**Objectives:**

4.1. Ensure that the College’s mission, vision, Core Themes, and Strategic Plan drive decision-making, resource allocation, and everyday operations
4.2. Continually assess and improve the quality, relevancy, efficiency, and effectiveness of our systems, programs, services, and processes
4.3. Implement Lean Higher Education (LHE) principles and practices
4.4. Employ meaningful and effective measures, methodologies, and technologies to accurately and systematically measure and continually improve institutional performance and effectiveness
4.5. Maintain the trust of our constituents through transparency, accountability, and responsible stewardship
4.6. Allocate, manage, and invest resources prudently, effectively, and efficiently
4.7. Aggressively pursue new revenue sources and grant opportunities
4.8. Implement cost-saving strategies while maintaining the quality of programs and services
4.9. Utilize appropriate information technologies that support and enhance teaching and learning, improve the accessibility and quality of services, and increase the effectiveness and efficiency of operations
4.10. Develop and implement facilities, systems, and practices that are environmentally sustainable and demonstrative responsible stewardship of our natural resources
**Performance Measure:** Alignment  
**Benchmark:** Individual Development Plans (IDP) and Unit Development Plans (UDP) will be aligned with the College’s mission, Core Themes, and Strategic Plan

The College’s IDP and UDP process is in alignment with its mission, core themes and strategic plan.

**Performance Measure:** Outcomes assessment  
**Benchmark:** Every course and program will demonstrate effective use of outcomes assessment strategies to measure student learning outcomes and for continuous improvement

As a requirement according to NWCCU (our regional accrediting agency), CSI’s most recent evaluation indicated that the institution meets and/or exceeds this benchmark as indicated by a recent commendation regarding the institutional outcomes assessment protocol. Courses in all programs at CSI are required to enumerate outcomes and to measure them at the end of each course. These outcomes are then used to measure attainment of program outcomes which are reported in Program Outcomes Assessment reports on December 1st of each year.

**Performance Measure:** Lean Higher Education (LHE)  
**Benchmark:** Implement at least two LHE projects per year

Current year LHE projects include: 1) Student placement scores are available online and are no longer distributed via paper forms unless requested, and 2) academic suspension contracts are not printed, but instead scanned and indexed to the student file.

**Performance Measure:** Total yearly dollar amount generated through external grants  
**Benchmark:** Submit a minimum of $3,500,000 yearly in external grant requests with a 33% success rate

<table>
<thead>
<tr>
<th>Performance Measure</th>
<th>2013</th>
<th>2012</th>
<th>2011</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total yearly dollar generated through external grants</td>
<td>$3,809,117</td>
<td>$3,740,814</td>
<td>$4,066,363</td>
</tr>
</tbody>
</table>

**Performance Measure:** Cost of instruction per FTE  
**Benchmark:** Maintain the cost of instruction per FTE as reported through IPEDS at or below that of our peer institutions (defined as community colleges in Idaho)

<table>
<thead>
<tr>
<th>Performance Measure</th>
<th>2013</th>
</tr>
</thead>
<tbody>
<tr>
<td>Instruction Expense per FTE:</td>
<td></td>
</tr>
<tr>
<td>College of Southern Idaho</td>
<td>$3,348</td>
</tr>
<tr>
<td>College of Western Idaho</td>
<td>$3,573</td>
</tr>
<tr>
<td>North Idaho College</td>
<td>$4,715</td>
</tr>
</tbody>
</table>

Note: Original Performance Measure Benchmark separated academic and PTE instructional costs into distinct measures, but this has been combined since this disaggregated data is not currently available. This measure is currently being refined.
**External Factors**

Various external factors outside CSI’s control could significantly impact the achievement of the specific goals and objectives outlined in the Strategic Plan:

- Changes in the economic environment
- Changes in national or state priorities
- Significant changes in local, state, or federal funding levels
- Changes in market forces and competitive environment
- Circumstances of and strategies employed by our partners (e.g. K-12, higher education institutions, local industry)
- Supply of and competition for highly qualified faculty and staff
- Legal and regulatory changes
- Changes in technology
- Demographic changes
- Natural disasters, acts of war/terrorism

CSI will make every effort to anticipate and manage change effectively, establish and implement effective risk management policies and practices, and minimize the negative impacts of factors beyond the institution’s control.

</tr>
</tbody>
</table>

\(^1\) Costs are derived from instructional, student services, academic support and institutional support expenses identified in the IPEDS Finance report divided by the annual credit hours in the IPEDS 12-Month Enrollment report for the corresponding year. This cost calculation formula is currently under review.

\(^2\) Certificates (of at least 1 year or more) and Degrees awarded per $100,000 of Education and Related Spending (as defined by the IPEDS Finance expense categories of instruction, student services, academic support and institutional support) for the corresponding year. This Education and Related Spending calculation formula is currently under review.

\(^3\) Each year a number of community colleges participate in the Mountain States Community College Survey. Information regarding full time employee salaries for reported positions is collected and listed in rank order. A mean and median range is determined for positions. In calculating this performance measure the College of Southern Idaho mean salary is divided by the Mountain States mean. The resulting percentage demonstrates how College of Southern Idaho salaries compare with other institutions in the Mountain States region.
### Part III. Profile of Cases Managed and/or Key Services Provided

</table>

1 There have been enrollment processing and reporting changes over the period of this report. A new PSR Annual Enrollment report was developed as of FY12 with some minor differences in enrollment calculations from prior reports. In addition, CSI continues to revise the process for determining a student’s headcount affiliation (Transfer vs. PTE).
Strategic Plan 2015 - 2019

MISSION
The College of Western Idaho is a public, open-access, and comprehensive community college committed to providing affordable access to quality teaching/learning opportunities to the residents of its service area in Western Idaho.

VISION
The College of Western Idaho provides affordable, quality teaching and learning opportunities for all to excel at learning for life

CORE THEMES
Professional technical programs
General education courses/programs
  Basic skills courses
  Community outreach

CORE VALUES
Acting with integrity
Serving all in an atmosphere of caring
Sustaining our quality of life for future generations
Respecting the dignity of opinions
Innovating for the 21st Century
Leaving a legacy of learning

STATUTORY AUTHORITY
This plan has been developed in accordance with Northwest Commission on Colleges and Universities (NWCCU) and Idaho State Board of Education standards. The statutory authority and the enumerated general powers and duties of the Board of Trustees of a junior (community) college district are established in Sections 33-2101, 33-2103 to 33-2115, Idaho Code.
### STRATEGIC PRIORITIES, OBJECTIVES, and MEASURES

#### GOAL 1: Student Success
CWI values its students and is committed to supporting their success (in reaching their educational and/or career goals).

<table>
<thead>
<tr>
<th>Objective 1</th>
<th>CWI will improve student retention and persistence</th>
</tr>
</thead>
</table>
| Performance Measures | • Course Completion rates will meet or exceed 80% by 2019  
   • Semester-to-Semester Persistence rates will meet or exceed 80% by 2019  
     • *Baseline: 73% FA12 to SP13*  
   • Fall-to-Fall Retention Rates will meet or exceed 55% by 2019  
     • *Baseline: 47% FA12 to FA13*  
   • Establish VFA reporting cohorts effective FA14 |

<table>
<thead>
<tr>
<th>Objective 2</th>
<th>CWI will improve student degree and certificate completion</th>
</tr>
</thead>
</table>
| Performance Measures | • CWI will grant 750 AA, AS, and AAS degrees annually by 2019  
   • *Baseline: 689 in AY 2012-2013*  
   • CWI will grant 250 technical certificates annually by 2019  
     • *Baseline: 88 in AY 2012-2013*  
   • CWI will grant 9,300 certificates of completion annually by 2019 through BP/WD non-credit programs  
     • *Baseline: 7,671 issued FY13* |

<table>
<thead>
<tr>
<th>Objective 3</th>
<th>CWI will provide support services that improve student success</th>
</tr>
</thead>
</table>
| Performance Measures | • Prospect to enrolled matriculation rate will meet or exceed 20% by 2019.  
   • *Baseline: 18.6% in SP14*  
   • Persistence Rate first to second semester of enrollment for “1st time college attenders will meet or exceed 77% by 2019.  
     • *Baseline: 70% FA12 to SP13*  
   • Completion Rate within 150% of program/major requirements will meet or exceed the CC national average of 19.6% by 2019.  
     • Baseline: 14% in Spring 2012  
   • Students completing program/major with less than 90% of average loan debt by 2019.  
   • An E&SS composite score on its annual survey increase to 95% by 2019.  
   • Utilization of Tutoring Services/Student Success Center  
   • CWI will provide tutoring support services that result in a penetration rate of 40% by 2019  
     • *Baseline: 30% in 2012*  
   • Cost per Credit Hour will compare favorably to our peer institutions  
     • *Baseline: FY12 $182.38*  
   • Degrees/Certificates awarded per $100,000 will compare favorably to our peer institutions  
     • *Baseline: 2.06 in 2013* |
<table>
<thead>
<tr>
<th>Objective 4</th>
<th>CWI will develop educational pathways and services to improve accessibility</th>
</tr>
</thead>
</table>
| **Performance Measures** | • By 2019, 60% of Students who complete college prep course work will earn a C or better in the corresponding gateway course  
  • *Baseline: 25% FA12*  
  • Dual credits awarded to high school students will increase to 17,000 credits by 2019  
  • *Baseline: 13,000 credits in 2013*  
  • Annual online enrollment will reach 20,000 (seats filled) by 2019.  
  • *Baseline: 17,000 in 2013* |
GOAL 2: Employee Success

CWI values its employees and is committed to a culture of individual, team, and institutional growth which is supported and celebrated.

<table>
<thead>
<tr>
<th>Objective 1</th>
<th>Employees will have the resources, information, and other support to be successful in their roles</th>
</tr>
</thead>
</table>
| Performance Measures | • >=65% of IT Help Desk tickets are resolved upon initial contact  
• FTE/Benefited positions 90% filled  
• Average time to fill open job requisitions <= 5 weeks  
• >= 80 % agree/strongly agree on annual Employee Survey questions listed below:  
  • CWI does a good job of meeting the needs of staff / faculty  
    • Baseline: 49.44% on 2013 survey  
  • I have the information I need to do my job well  
    • Baseline: 68.53% on 2013 survey  
  • My department has the budget needed to do its job well  
    • Baseline: 49.68% on 2013 survey  
  • My department has the staff needed to do its job well  
    • Baseline: 41.41% on 2013 survey |

<table>
<thead>
<tr>
<th>Objective 2</th>
<th>CWI will provide employees with professional development, training and learning opportunities</th>
</tr>
</thead>
</table>
| Performance Measures | • Each employee, on average, completes at least 24 hours of development each year  
• CWI offers >=2 training/development offerings each month (in addition to CWI classes offered to students)  
• >= 80 % agree/strongly agree on annual Employee Survey questions listed below:  
  • I have adequate opportunities for training to improve my skills  
    • Baseline: 59.67% on 2013 survey  
  • I have adequate opportunities for professional development  
    • Baseline: 61.09% on 2013 survey |

<table>
<thead>
<tr>
<th>Objective 3</th>
<th>Provide clear expectations for job performance and growth opportunities</th>
</tr>
</thead>
</table>
| Performance Measures | • >=80% agree/strongly agree on annual Employee Survey questions listed below:  
  • My job description accurately reflects my job duties  
    • Baseline: 64.94% on 2013 survey  
  • My responsibilities are communicated clearly to me  
    • 73.03% on 2013 survey  
  • My department or work unit has written, up-to-date objectives  
    • Baseline: 61.78% on 2013 survey  
  • I have adequate opportunities for advancement  
    • Baseline: 36.38% on 2013 survey |
<table>
<thead>
<tr>
<th>Objective 4</th>
<th>Promote a culture to recognize employee excellence</th>
</tr>
</thead>
</table>
| **Performance Measures** | · >=75% of our annual recognition budget is awarded  
  · >= 80 % agree/strongly agree on annual Employee Survey questions listed below:  
    · CWI consistently follows clear processes for recognizing employee achievements  
      · *Baseline: 37.81% on 2013 survey*  
    · The work I do is appreciated by my supervisor  
      · *Baseline: 83.96% on 2013 survey* |
GOAL 3: Fiscal Stability
The College of Western Idaho will operate within its available resources and implement strategies to increase revenue, while improving operating efficiencies.

<table>
<thead>
<tr>
<th>Objective 1</th>
<th>CWI will operate using an annual balanced budget, will actively manage expenditures, and create operational efficiencies</th>
</tr>
</thead>
</table>
| Performance Measures | • Develop and implement at least 2 metrics each year to more actively identify revenue & expense characteristics  
  • *Baseline: Identify specifics of tuition & fee revenue sources (Academic, Dual Credit, PTE) in FY 2014, for projection into FY 2015*  
  • Conduct 3 intensive and 3 less-intensive college business activities analyses each year to reduce inefficiencies and waste.  
  • Incorporate student fees for strategic reserve, into annual operating budget  
  • *Baseline: included since FY 2012. Will continue each fiscal year* |

<table>
<thead>
<tr>
<th>Objective 2</th>
<th>CWI will maintain the integrity of existing revenue streams and will actively seek out new forms of revenue consistent with the College’s mission</th>
</tr>
</thead>
</table>
| Performance Measures | • Be responsive to the requirements of funding agencies to ensure the integrity of our existing revenue  
  • *Baseline: 100% compliance with respect to budget/grant requests to funding agencies*  
  • Advocate for additional state funding to achieve parity with other Idaho Community Colleges by 2019  
  • *Baseline: increased budget request to state each year since FY 2009. Future increase requests based upon state budget guidelines and CWI Line Items (unrestricted)*  
  • Seek out at least 5 additional grant opportunities each year  
  • Reapply for all applicable ongoing grants with greater than 90% renewal each year  
  • Increase amount of monetary awards through grants by 10% each year  
  • Reduce the number of students sent to collections by 5% each year  
  • Increase annual revenue growth in BP/WD by 10% each year |

<table>
<thead>
<tr>
<th>Objective 3</th>
<th>CWI will work to maintain and enhance its facilities &amp; technology and actively plan for future space and technology needs</th>
</tr>
</thead>
</table>
| Performance Measures | • Maximize facility utilization rates to a threshold of 90% by 2019  
  • >=75% completion of technology work-plan each year  
  • *Baseline: None established as work-plan is in first year* |
GOAL 4: Community Connections
The College of Western Idaho will implement a variety of educational and developmental programs to bring the college into the community in meaningful ways.

<table>
<thead>
<tr>
<th>Objective 1</th>
<th>CWI creates and delivers educational programs and services to the community through short-term training programs which foster economic development</th>
</tr>
</thead>
</table>
| Performance Measures | • Increase the number of people served through Business Partnerships/Workforce Development by 10% each year  
  ∙ Baseline: 8,163 Students Served in Fiscal Year 2013  
  ∙ Business Partnerships/Workforce Development participant survey reflects at least 85 percent positive satisfaction  
  ∙ Baseline: 94.71% positive satisfaction reported on course evaluations in Fiscal Year 2013 |

<table>
<thead>
<tr>
<th>Objective 2</th>
<th>CWI engages in educational, cultural, and organizational activities that enrich our community</th>
</tr>
</thead>
</table>
| Performance Measures | • Increase the number of hours CWI facilities are used by non-CWI organizations  
  ∙ Baseline: Non-CWI organizations used CWI facilities for a total of 1,042 hours in Fiscal Year 2014  
  ∙ Participate in at least 50 events that support community enrichment each year  
  ∙ Increase Basic Skills Education to the 8 non-district counties in southwest Idaho  
  ∙ Baseline: Basic Skills Education served five of the eight non-district counties in southwest Idaho in Fiscal Year 2014  
  ∙ CWI student-to-community engagement will exceed 6000 hours annually  
  ∙ Baseline: Students in CWI’s Academic Transfer programs completed 8,372 student-to-community hours in the 2013-14 Academic Year |

<table>
<thead>
<tr>
<th>Objective 3</th>
<th>Expand CWI’s community connections within its service area</th>
</tr>
</thead>
</table>
| Performance Measures | • Every Professional Technical Education program has a Technical Advisory Committee with local business and industry members  
  ∙ Baseline: 100% of CWI’s established Professional Technical Education programs had an active Technical Advisory Committee in the 2013-14 Academic Year  
  ∙ Active engagement with all high schools in CWI service area  
  ∙ Baseline: CWI Outreach participated in 185 high school visits during Fiscal Year 2014  
  ∙ Increase the number of community organizations reached each year  
  ∙ Increase number of business partnerships |
GOAL 5: Institutional Sustainability
The College of Western Idaho (CWI) finds strength through its people and viability in its operations and infrastructure; therefore the institution will continually evaluate the colleges’ health to ensure sustainability.

<table>
<thead>
<tr>
<th>Objective 1</th>
<th>CWI will promote the college’s health and wellbeing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Performance Measures</td>
<td>On annual Employee Survey questions listed below:</td>
</tr>
<tr>
<td></td>
<td>• &gt;= 70% agree/strongly agree on Overall Employee Satisfaction by 2019</td>
</tr>
<tr>
<td></td>
<td>• Baseline: 88.59% on 2013 survey</td>
</tr>
<tr>
<td></td>

</tr>
<tr>
<td></td>
<td>CWI will optimize its’ Core Information &amp; Technology (IT) Network by achieving an annual target of 99.99% network availability</td>
</tr>
</tbody>
</table>

EXTERNAL FACTORS
There are a number of key external factors that can have significant impact on our ability to fulfill our mission and institutional priorities in the years to come. Some of these include:

- Continued revenue. Over a quarter of CWI’s revenue comes from State of Idaho provided funds (general fund, PTE, etc.) Achieving parity with the state’s other community colleges is a stated objective within our strategic plan. Ongoing state funding is vital to the continued success of CWI.
- Enrollment. CWI is actively engaged in recruiting and retention efforts in all of its facets. With nearly 50% of revenue generated by active enrollments, it is critical that CWI reach out in meaningful ways to its service area to support ongoing learning opportunities for the community and maintain fiscal stability for the college.
- Economy. Recent years have shown that the state and national economy have significant impacts on the success of higher education.

dougdepriest@cwidaho.cc
Mission
North Idaho College meets the diverse educational needs of students, employers, and the northern Idaho communities it serves through a commitment to student success, educational excellence, community engagement, and lifelong learning.

Vision
As a comprehensive community college, North Idaho College strives to provide accessible, affordable, quality learning opportunities. North Idaho College endeavors to be an innovative, flexible leader recognized as a center of educational, cultural, economic, and civic activities by the communities it serves.

Accreditation Core Themes
The college mission is reflected in its three accreditation core themes:

- Student Access and Achievement
- Effective Teaching and Learning
- Commitment to Community

Key External Factors
- Changes in the economic environment
- Changes in local, state, or federal funding levels
- Changes in local, state, or national educational priorities
- Changes in education market (competitive environment)

Values
North Idaho College is dedicated to these core values which guide its decisions and actions.

Goal 1 – Student Success: A vibrant, lifelong learning environment that engages students as partners in achieving educational goals to enhance their quality of life

Objectives
1) Provide innovative, progressive, and student-centered programs and services.
2) Engage and empower students to take personal responsibility and to actively participate in their educational experience.
3) Promote programs and services to enhance access and successful student transitions.

Performance Measures

- Percentage of full-time, first-time and new transfer-in students who a) were awarded a degree or certificate, b) transferred without an award to a 2- or 4-year institution, c) are still enrolled, and d) left the institution within six years.
  
  Benchmark: To be determined after Year One submission of the VFA
• Total number of employers (out of total respondents) who indicate satisfaction with overall preparation of completers  
  Benchmark: 80% of employers indicate satisfaction with preparation of completers
• Career Program Completers, percent employed in related field  
  Benchmark: 65% employed
• Fall to Spring Persistence Rate, credit students  
  Benchmark: 84% persist
• First-time, full-time, student retention rates  
  Benchmark: 63%
• First-time, part-time, student retention rates  
  Benchmark: 45%

Goal 2 - Educational Excellence: High academic standards, passionate and skillful instruction, professional development, and innovative programming while continuously improving all services and outcomes

Objectives
1) Evaluate, create and adapt programs that respond to the educational and training needs of the region.
2) Engage students in critical and creative thinking through disciplinary and interdisciplinary teaching and learning.
3) Strengthen institutional effectiveness, teaching excellence and student learning through challenging and relevant course content, and continuous assessment and improvement.
4) Recognize and expand faculty and staff scholarship through professional development.

Performance Measures
• Student Learning Outcomes Assessment goals achieved in general education  
  Benchmark: 80% percent or more of annual assessment goals are consistently met over 3-year plan
• Full-time to Part-time faculty ratio  
  Benchmark: 1.3 to 1.0 ratio
• NIC is responsive to faculty and staff professional development needs  
  Benchmark: Maintain or increase funding levels available for professional development
• Licensure pass rates at or above national pass rates  
  Benchmark: Maintain or improve current pass rates
• Dual Credit students who enroll at NIC as degree-seeking postsecondary students as a percentage of total headcount  
  Benchmark: Sustain or increase
• All instructional programs submit annual summary reports documenting program improvements  
  Benchmark: 20% of total programs per year over five years until fully implemented

Goal 3 - Community Engagement: Collaborative partnerships with businesses, organizations, community members, and educational institutions to identify and address changing educational needs

Objectives
1) Advance and nurture relationships throughout our service region to enhance the lives of the citizens and students we serve.
2) Demonstrate commitment to the economic/business development of the region.
3) Promote North Idaho College in the communities we serve.
4) Enhance community access to college facilities.
Performance Measures

- Distance Learning proportion of credit hours
  
  Benchmark: Increase by 2% annually for a total of 25%

- Dual Credit annual credit hours in the high schools
  
  Benchmark: Increase by 5% annually

- Dual Credit annual credit hours taught via distance delivery
  
  Benchmark: Increase by 5% annually

- Market Penetration (Credit Students): Unduplicated headcount of credit students as a percentage of NIC’s total service area population
  
  Benchmark: 3.60%

- Market Penetration (Non-Credit Students): Unduplicated headcount of non-credit students as a percentage of NIC’s total service area population
  
  Benchmark: 3%

- Percentage of student evaluations of community education courses reflect a satisfaction rating of above average
  
  Benchmark: 85% of total number score a satisfaction rating of above average

Goal 4 – Diversity: A learning environment that celebrates the uniqueness of all individuals and encourages cultural competency

Objectives

1) Foster a culture of inclusion.
2) Promote a safe and respectful environment.
3) Develop culturally competent faculty, staff and students.

Performance Measures

- Number of students enrolled from diverse populations
  
  Benchmark: Maintain a diverse, or more diverse population than the population within NIC’s service region

- Participation in sponsored events that promote diversity awareness
  
  Benchmark: To be defined in 2015

- Number of course outcomes related to multiculturalism, pluralism, equity, and diversity
  
  Benchmark: Maintain or Increase

- Students who respond “quite a bit or very much” to CCSSE survey question: “Does the college encourage contact among students from different economic, social and racial or ethnic backgrounds?”
  
  Benchmark: Increase by 2% annually until the national average is met or exceeded

Goal 5 – Stewardship: Economic and environmental sustainability through leadership, awareness, and responsiveness to changing community resources

Objectives

1) Exhibit trustworthy stewardship of resources.
2) Demonstrate commitment to an inclusive and integrated planning environment.
3) Explore, adopt, and promote initiatives that help sustain the environment.

Performance Measures

- Dollars secured through the Development Department via private donations and grants
  
  Benchmark: $2,000,000
• College-wide replacement schedule for personal computers  
  Benchmark: 100% of the computers are replaced within the 42 month window  
• Improved consumption and emissions result in dollars saved  
  Benchmark: Sustain or Increase  
• Tuition and Fees for full-time, in-district students (full academic year)  
  Benchmark: Maintain greater than 60% against comparator institutions

The following system wide performance measures were requested by the Idaho State Board of Education:

• Graduation Rate - Total degree production  
  Benchmark: To compare favorably (at or below the mean) to that of our peer institutions  
  Status: 1,083 awards  

• Graduation Rate - Unduplicated headcount of graduates & percent of graduates to total unduplicated headcount  
  Benchmark: To compare favorably (at or below the mean) to that of our peer institutions  
  Status: 12.46% graduation rate (based on 1,038 graduates and 8,329 total unduplicated headcount)  

• Retention Rate - Total first-time, full-time and new transfer-in students that are retained or graduate the following year  
  Benchmark: To be determined after Year One submission of the VFA  
  Status: 57.8%  

• Cost of College – Cost per credit hour to deliver education  
  This measure is tentative pending further review (per Carson Howell, SBOE)  
  Benchmark: To compare favorably (at or below the mean) to that of our peer institutions  
  Status: $237.83 (based on $40,368,009 and 169,731.6 credits)  

• Efficiency - Certificate (of at least one year or more) and degree completions per $100,000 of education and related spending by institutions  
  This measure is tentative pending further review (per Carson Howell, SBOE)  
  Benchmark: To compare favorably (at or below the mean) to that of our peer institutions  
  Status: 2.12 (based on $40,368,009 and 856 awards)  

• Dual Credit – Total annual credit hours  
  Benchmark: This measure is an input from the K-12 system and is not benchmarkable, per SBOE  
  Status: 10,039  

• Dual Credit – Unduplicated Annual Headcount  
  Benchmark: This measure is an input from the K-12 system and is not benchmarkable, per SBOE  
  Status: 888
University of Idaho

AGRICULTURAL RESEARCH & EXTENSION SERVICE

STRATEGIC PLAN

2015-2019
MISSION STATEMENT
The College of Agricultural and Life Sciences fulfills the intent and purpose of the land-grant mission and serves the food-industry, people and communities of Idaho and our nation:

- through identification of critical needs and development of creative solutions,
- through the discovery, application, and dissemination of science-based knowledge,
- by preparing individuals through education and life-long learning to become leaders and contributing members of society,
- by fostering the healthy populations as individuals and as a society,
- by supporting a vibrant economy, benefiting the individual, families and society as a whole.

VALUES STATEMENT
The College of Agricultural and Life Sciences values:

- excellence in creative discovery, instruction and outreach,
- open communication and innovation,
- individual and institutional accountability,
- integrity and ethical conduct,
- accomplishment through teamwork and partnership,
- responsiveness and flexibility,
- individual and institutional health and happiness.

VISION STATEMENT
We will be the recognized state-wide leader and innovator in meeting the state’s current and future challenges to create healthy individuals, families and communities, and enhance sustainable food systems respected regionally and nationally through focused areas of excellence in teaching, research and outreach with extension serving as a critical knowledge bridge between the University of Idaho, College of Agricultural and Life Sciences, and the people of Idaho.
Goals

Teaching and Learning: Enable student success in a rapidly changing world through transformed teaching and learning.

Objective:
1. Build adaptable, integrative curricula and pedagogies.
   *Performance Measure:* Approved ISEM 301 course listed in spring 2014 course catalog.
   *Benchmark:* Approved ISEM 301 course listed in spring 2014 course catalog.

2. Increase the number of course offerings via distance learning.
   *Performance Measure:* Exploration of additional course offerings to meet students’ curricular needs to support timely degree completion for on-campus and off-campus programs.
   *Benchmark:* 10% increase in distance course offerings from CALS

Scholarly and Creative Activity: Promote excellence in scholarship and creative activity to enhance life today and prepare us for tomorrow.

Objectives:

1. Increase grant submissions and awards from agencies, commissions, foundations, and private industry by all tenure and non-tenure track faculty, staff, and administration for scholarship and creative activities in research, extension, and teaching.
   *Performance Measure:* Number of grant proposals submitted per year, number of grant awards received per year, and amount of grant funding received per year
   *Benchmark:* Five percent increase per year in the number of grants submitted.

2. Increase grants awarded to faculty by hiring grant specialists to assist in identifying funding opportunities and grant writers to assist in proposal development
   *Performance Measures:* Availability and use of grant specialists and grant writers, number of grants identified by grant specialists and, number of grants submitted using the services of a grant writer
   *Benchmark:* Attain an average of $20 million in extramural funding across research, extension, and teaching scholarship during the 2015-2017 time period

3. Allocate resources preferentially to defined college Programs of Distinction and departmental areas of excellence, and to emerging Programs of Distinction and areas of excellence
Performance Measures: Funds or in-kind donations acquired through development, endowments, and collaborations with public and private organizations
Benchmark: Attain $40 million by 2016 as aligned with UI campaigns

4. Facilitate the formation of Programs of Distinction teams and other interdisciplinary teams to identify and address key research problems and opportunities
Performance Measures: Number of interdisciplinary teams formed
Benchmark: Formation of four or more interdisciplinary teams that will develop Programs of Distinction by December 2014

5. Provide competitive funding for planning and reward faculty participation in interdisciplinary programs by providing necessary incentives and training to improve competitiveness of center- or team-based grant proposals.
Performance Measures: Number of competitive grant proposals submitted and awarded
Benchmark: Be awarded 4 to 5 large, longer term competitive grants that are led by faculty by 2016

Outreach and Engagement: Meet society’s critical needs by engaging in mutually beneficial partnerships.

1. Actively participate in identifying, developing, and implementing Programs of Distinction and areas of excellence.
   Performance Measures: Programs of Distinction identified, work plans created, and measures of effectiveness established for each Program of Distinction by 2014; measures assessed annually thereafter
   Benchmark: Twenty percent of faculty working effectively in Programs of Distinction and engaged with clientele and stakeholders

2. Redirect internal resources and recruit industry and agency funding for student internships and student service learning projects that support outreach and engagement in priority areas.
   Performance Measures: Amount of funding redirected and recruited annually; number of students engaged in internships and in service learning projects during their undergraduate or graduate programs
   Benchmark: By 2017, funding for internships and student projects doubled (2013 baseline); number of students involved in internships doubled (2013 baseline);
and number of students involved in service learning projects doubled (2013 baseline)

3. Recognize faculty for outreach and engagement accomplishments as part of annual evaluation, promotion and tenure
   *Performance Measures:* Unit administrators recognize, value, and reward significant outreach and engagement outcomes and impacts
   *Benchmark:* Unit administrators can clearly communicate outcomes and impacts resulting from outreach and engagement accomplishments of their faculty

4. Expand the role of all advisory boards by utilizing the networking capabilities of advisory board members to enhance partnership development
   *Performance Measures:* Partnerships developed through collaborative efforts with advisory board members, Development, and administration
   *Benchmark:* Outreach and engagement programming enhanced through partnerships with key agencies, organizations, and foundations

5. Market outcomes of Programs of Distinction and areas of excellence through college publications, popular press articles, and presentations to decision makers and stakeholders.
   *Performance Measures:* Number of articles featuring outcomes and impacts of Programs of Distinction and areas of excellence; number of major presentations featuring Programs of Distinction and areas of excellence outcomes and impacts
   *Benchmark:* Outcomes of Programs of Distinction and areas of excellence have been documented and reported to stakeholders and decision makers by 2017

**Organization, Culture and Climate:** Be a purposeful, ethical, vibrant and open community.

1. Include an emphasis on diversity by providing multi-cultural events and training opportunities or by participating in University sponsored activities.
   *Performance Measures:* Number of faculty and staff who complete a multi-cultural competency training in addition to increased faculty, staff, and student participation in multi-cultural events or UI sponsored activity.
   *Benchmark:* Increased diversity awareness among faculty, staff, and students.
2. Seek private and public funding for scholarships to increase enrollment by underrepresented groups
   
   **Performance Measures:** Amount of funding raised
   
   **Benchmark:** Double the scholarships over 5 years.

3. Utilize established university policies and procedures to address problematic behaviors
   
   **Performance Measures:** Number of reported incidences and investigations
   
   **Benchmark:** Reduce the number of reported incidences and investigations relative to the average of the previous five years

4. Encourage faculty and staff participation in conflict resolution and/or management training offered by UI Professional Development & Learning office.
   
   **Performance Measures:** Number of participants completing conflict resolution and/or management training
   
   **Benchmarks:** 100% participation

**External Factors:**

- **Loss of essential personnel:** Comparisons of salary and benefits with peer institutions limits our ability to hire and retain highly qualified individuals within the Agricultural Research and Extension Service.

- **Cultivation of Partnerships:** We continue to cultivate partnerships to maintain the agricultural research and extension system. Although to date these efforts have been successful, these efforts are very time consuming and take many months to reach agreement and produce revenue streams to help maintain this system and meet our land grant mission.

- **Statewide Infrastructure Needs:** Our ability to fund infrastructure maintenance and improvements to maintain our research intensive facilities remains limited. As mentioned in previous years, this clearly impacts our ability to obtain external grant funding and develop collaborative partnerships with state, federal, and private entities and other institutions.
Part 1 – Agency Profile

Agency Overview
The Agricultural Research and Extension Service (ARES) is part of the Land-Grant system established by the Morrill Act of 1862. The University of Idaho Cooperative Extension System, established in 1915 under the Smith-Lever Act of 1914, conducts educational outreach programs to improve the quality of life for Idaho citizens by helping them apply the latest scientific technology to their communities, businesses, lives and families. The Idaho Agricultural Experiment Station, established in 1892 under the Hatch Act of 1887, conducts fundamental and applied research to solve problems and meet the needs in Idaho’s agriculture, natural resources, youth and family and related areas.

Core Functions/Idaho Code
Conduct educational outreach programs through the University of Idaho Cooperative Extension system. Conduct fundamental and applied research programs through the Idaho Agricultural Experiment Station.

Ag Research and Extension

University of Idaho
Forest Utilization Research and Outreach (FUR)

STRATEGIC PLAN
2015-2019
Forest Utilization Research and Outreach (FUR)

MISSION

The Forest Utilization Research and Outreach (FUR) program is located in the College of Natural Resources at the University of Idaho. Its purpose is to increase the productivity of Idaho’s forests and rangelands by developing, analyzing, and demonstrating methods to improve land management and related problem situations such as post-wildfire rehabilitation using state-of-the-art forest and rangeland regeneration and restoration techniques. Other focal areas include sustainable forest harvesting and livestock grazing practices, including air and water quality protection, as well as improved nursery management practices, increased wood use, and enhanced wood utilization technologies for bioenergy and bioproducts. In addition the Policy Analysis Group follows a legislative mandate to provide unbiased factual and timely information on natural resources issues facing Idaho’s decision makers. Through collaboration and consultation FUR programs promote the application of science and technology to support sustainable lifestyles and civic infrastructures of Idaho’s communities in an increasingly interdependent and competitive global setting.

OUTCOME-BASED VISION STATEMENT

The scholarly, creative, and educational activities related to and supported by Forest Utilization Research and Outreach (FUR) programs will lead to improved capabilities in Idaho’s workforce to address critical natural resource issues by producing and applying new knowledge and developing leaders for land management organizations concerned with sustainable forest and rangeland management, including fire science and management, and a full range of forest and rangeland ecosystem services and products. This work will be shaped by a passion to integrate scientific knowledge with natural resource management practices. All FUR programs will promote collaborative learning partnerships across organizational boundaries such as governments and private sector enterprises, as well as landowner and non-governmental organizations with interests in sustainable forest and rangeland management. In addition, FUR programs will catalyze entrepreneurial innovation that will enhance stewardship of Idaho’s forest and rangelands, natural resources, and environmental quality.
GOALS & OBJECTIVES

Goal 1: Scholarship and Creativity

Achieve excellence in scholarship and creative activity through an institutional culture that values and promotes strong academic areas and interdisciplinary collaboration among them.

Objective A: Promote an environment that increases faculty, student, and constituency engagement in disciplinary and interdisciplinary scholarship.

Strategies:
1. Upgrade and development of university human resource competencies (faculty, staff and students) to strengthen disciplinary and interdisciplinary scholarship that advances the college’s strategic themes and land-grant mission directly linked to FUR.
2. Establish, renew, remodel, and reallocate facilities to encourage funded collaborative disciplinary and interdisciplinary inquiry in alignment with FUR programs in forest operations and nursery management as well as the UI Experimental Forest, Rangeland Center, and Policy Analysis Group.

Performance Measure:
- Funding from non-FUR sources leveraged by FUR-funded laboratories, field facilities, and research, outreach, and teaching programs.

Benchmark:
3:1 ratio, which means every one dollar of FUR appropriated funds leverages at least three dollars of non-FUR funds attained from other sources (Table 1).

Objective B: Emphasize scholarly and creative outputs that reflect our research-extensive and land-grant missions, the university and college’s strategic themes, and stakeholder needs, especially when they directly support our academic programming in natural resources.

Strategies:
1. Enhance scholarly modes of discovery, application and integration that address issues of importance to the citizens of Idaho that improve forest and rangeland productivity, regeneration, and rehabilitation, including nursery management practices, fire science and management, and a full range of ecosystem services and products, including environmental quality.
2. Create new products, technologies, protocols and processes useful to private sector natural resource businesses — such as timber harvesting and processing, regeneration and rehabilitation firms, working livestock ranches, as well as governmental and non-governmental enterprises and operating units.
3. Conduct research and do unbiased policy analyses to aid decision-makers’ and citizens’ understanding of natural resource and land use policy issues.
Performance Measures:
- Number of research project cases managed and/or services provided by each FUR program segment (Table 2);
- Number of new research projects each year that will lead to scholarship and creativity products (Table 1);
- Number of research studies completed per year (Table 1); and
- Number of publications each year (Table 1); including research reports, refereed journal articles, and other publications, as well as licensed and/or patented products given credibility by external review processes.

Benchmark:
Number of ongoing and new research projects either averaged over a selected period of time or established as FUR program segment operational targets, with an ongoing objective for benchmarks to stay the same or increase based on investment levels in different FUR program segments.

Goal 2: Outreach and Engagement

Engage with the public, private and non-profit sectors through mutually beneficial partnerships that enhance teaching, learning, discovery, and creativity.

Objective A: Build upon, strengthen, and connect the College of Natural Resources with other parts of the University to engage in mutually beneficial partnerships with stakeholders to address areas targeted in FUR program segments and deliver products and services.

Strategies:
1. Enhance the capacity of the College of Natural Resources to engage with communities by involving faculty and students in programs relevant to local and regional issues associated with forest and rangeland management and the maintenance of environmental quality.
2. Engage with communities, governmental and non-governmental organizations through flexible partnerships that share resources and respond to local needs and expectations.
3. Foster key industry and business relationships that benefit entrepreneurship and social and economic development through innovation and technology transfer that will increase the productivity of Idaho’s forests and rangelands while enhancing air and water quality.

Performance Measures:
- Number of service project cases managed and/or key services provided to communities in the state and region, government agencies, non-governmental organizations, private businesses and landowners (Table 2).
- Number of workshops and other outreach and engagement activities conducted (Table 1).
Benchmark:
Number of outreach and engagement activities with audiences identified above either averaged over a selected period of time or established as FUR program segment operational targets.

Goal 3: Teaching and Learning
Engage students in a transformational experience of discovery, understanding, and global citizenship.

Objective A: Develop effective integrative learning activities to engage and expand student minds.

Strategies:
1. Provide undergraduate and graduate students, as well as professionals, with education and research opportunities in nursery management, wood utilization technologies including bioenergy and bioproducts, forest and rangeland regeneration and restoration, fire science and management, and other ecosystem services and products.
2. Integrate educational experiences into ongoing FUR and non-FUR research programs at CNR outdoor laboratories, including the University of Idaho Experimental Forest, the Forest Nursery complex, and McCall campus.
3. Engage alumni and stakeholders as partners in research, learning, and outreach.

Performance Measure:
- Number of teaching projects, courses, and other teaching activities which use FUR funded projects, facilities, or equipment for educational purposes, including, as appropriate, professionals as well as undergraduate and graduate students (Table 2).

Benchmark:
Number of teaching and learning activities conducted over a selected period of time or established as FUR program segment operational targets.

KEY EXTERNAL FACTORS
The key external factors likely to affect the ability of FUR programs to fulfill the mission and goals are as follows: (1) the availability of funding from external sources to leverage state-provided FUR funding; (2) changes in human resources due to retirements or employees relocating due to better employment opportunities; (3) continued uncertainty relative to global, national and regional economic conditions; (4) uncertainty associated with the State of Idaho’s commitment to retaining high quality programs associated with the mission of the nation’s land grant universities; and (5) changing demand for the state and region’s ecosystem services and products.

Part I – Agency Profile

Agency Overview
Research mission – investigation into forestry and rangeland resource management problems, forest nursery production, and related areas. Part of the College of Natural Resources, Forest Utilization Research also includes the Rangeland Center with a legislative mandate for interdisciplinary research, education and outreach as suggested by a partner advisory council to fulfill the University’s land grant mission (Idaho Code § 38-715), and the Policy Analysis Group with a legislative mandate to provide objective data and analysis pertinent to natural resource and land-use issues as suggested by an advisory committee of Idaho’s natural resource leaders (Idaho Code § 38-714).

Core Functions/Idaho Code
The duty of the Experiment Station of the University of Idaho’s College of Natural Resources is to institute and conduct investigations and research into the forestry, wildlife and range problems of the lands within the state. Such problems specifically include forest and timber growing, timber products marketing, seed and nursery stock production, game and other wildlife, and forage and rangeland resources. Information resulting from cooperative investigation and research, including continuing inquiry into public policy issues pertinent to resource and land use questions of general interest to the people of Idaho, is to be published and distributed to affected industries and interests. (Idaho Code §§ 38-701, 38-703, 38-706, 38-707, 38-708, 38-709, 38-710, 38-711, 38-714, 38-715)

* The Rangeland Center was created in FY2011 and authorized in Idaho Code § 38-715 during FY2012.

Performance Highlights:

Experimental Forest:

- **Research** – 11 research projects were established, including a pre-commercial thinning study in collaboration with Potlatch Corp., a statewide weight-scaling study in collaboration with Idaho Dept. of Lands, and a cable logging safety study.

- **Education** – Classroom involvement included 9 faculty, 12 different class courses, 24 field trips, 20 follow up lab sessions, involving more than 300 students with hands-on experience.

- **Internships** – 9 student interns gained hands-on field experience in timber management, including developing critical thinking and problem-solving skills in the field. Student interns are exposed to a wide array of land management experiences involving multiple resources and the challenge of addressing regulatory policies with scientific information.

- **Outreach** – 9 outreach and engagement activities include school teachers, loggers, professional foresters, non-industrial private forest land owners, and interested Idaho citizens. Hosted activities on a pair of active and completed harvest sites, where multiple objectives are achieved via management activities.

The centerpiece of the University of Idaho Experimental Forest (UIEF) is the 8,247 acres of forest land on Moscow Mountain that are adjacent to both industrial and non-industrial private forest lands surrounded by dry land farming in Latah County. Most of these lands were a gift from Potlatch Corp. in the 1930s. Today all but 450 acres are managed as working forests, balancing education, research, and demonstration with production of timber, clean water, fire hazard mitigation, smoke particulate management, and wildlife and fisheries habitat. The UIEF also manages 398 acres on two parcels in Kootenai County, and has a life estate of 1,649 acres in Valley County that eventually will come under
UIEF management. As noted in the highlights above and details below, these lands provide many research, education and outreach opportunities.

Research conducted on the UIEF in FY2013 included studies by College of Natural Resources faculty, collaborators in the College of Agriculture and Life Sciences, and the USDA Forest Service Rocky Mountain Research Station. During the year Dr. Robert Keefe was hired as Assistant Professor of Forest Operations, and as part of his duties supervises research and management activities on the UIEF, under the direction of the Dean. In FY2013, an existing UIEF outlying building in Princeton, ID was repurposed to create a new laboratory for the study of Forest Operations systems and equipment, focused specifically on forest utilization, harvesting productivity, efficiency, and cost analysis. Two new research projects were undertaken with partners. First, in collaboration with Potlatch Corp., a long-term thinning and overstory removal study evaluating biomass utilization impacts on productivity was established. Second, a statewide study to develop new methods for scaling logs by truck weight was established with the Idaho Dept. of Lands Forest Management Bureau.

Education involving hands-on experience to supplement classroom and laboratory exercises is a significant and valuable supplement to a college education in forest utilization. In FY2013 nine faculty members – College of Natural Resources (7), College of Agriculture and Life Sciences (1), and Washington State University (1) – used the UIEF for at least one field trip session during twelve different courses, ranging from an introductory freshman orientation to senior and graduate level courses demonstrating current research knowledge, land management practices, and using forest operations equipment. In total more than 300 university students visited the UIEF on 24 field trips, with an additional 20 follow-up laboratory sessions in which data collected during field trips were analyzed.

Internship opportunities for students have been offered by the UIEF since 1972. In FY2013 the UIEF employed 13 students and successfully completed the 40th consecutive year of the Student Logging Crew Program without a single injury to report. Staff provide hands-on education as the students help accomplish the management objectives in the UIEF Forest Management Plan, helping the College fulfill the duties of the Experiment Station as described in Idaho Code § 38-703 et seq. Student employee interns are required to think critically and solve problems on a daily basis, thus are acquiring job skills beyond just accomplishing the work-at-hand. These work assignments include technology transfer as students learn to employ state-of-the-art equipment and techniques, as well as incorporating their interdisciplinary academic learning in an operational and research forest setting. Upon graduation these student employee interns generally have little trouble finding employment.

The outreach and engagement highlight for FY2013 was the Washington Idaho Forest Owner’s Field Day, hosted by the Experimental Forest. This event involved collaboration with WSU Extension, UI Extension, Idaho Dept. of Lands, the Idaho Forest Owners Association, had over 24 forestry and timber harvesting workshops, a Research Tour of current projects on the UIEF, and 150 participants from throughout Idaho. In addition to the Field Day, the UIEF hosted stops and lunch as part of the Idaho Dept. of Lands Stewardship Field Tour, a tour for visiting scientists from the U.S. Dept. of Energy’s Idaho National Laboratory, and hosted multiple UI Extension Forestry workshops (Thinning and Pruning, Insects and Disease, and others), as well as one Inland Empire Tree Improvement Cooperative (IETIC) field tour.

Policy Analysis Group:
Highlights:

Economic Contributions – 4 publications featured the role of the forest products manufacturing industry in the Idaho economy, including a fact sheet with replies to questions from the Idaho Legislature’s Economic Outlook and Revenue Assessment Committee. The waning economic contribution of federal lands in the State of Idaho and throughout the West was a topic of considerable interest to national policymakers during the year, and based on our previous work posted on the Internet we were invited to testify in March before a U.S. Senate Committee on Energy and Natural Resources oversight hearing on “Keeping the Commitment to Rural Communities.”
Director Involvement – 8 invited presentations, including oral and written testimony at a U.S. Senate oversight hearing, as described in the previous paragraph. Other presentations at national meetings during the year included the Society of American Foresters convention and the International Biomass Conference and Exposition. Continued to represent Idaho on the Western Governors’ Forest Health Advisory Committee. Continued as chair of the Idaho Strategic Energy Alliance’s Forestry/Biomass Task Force and served on its Carbon Issues Task Force. Was appointed to the Society of American Foresters’ Biogenic Carbon Response Team. Presented results of analysis at two continuing education events conducted by the Idaho Forest Products Commission, and in February served as master of ceremonies for the luncheon information session during Forestry Day at the Legislature.

Publications – 16 publications, including four mentioned above with estimates of the economic contribution of the state’s natural resource-based industries. Other publications during FY 2013 focused on a variety of natural resource policy issues, including wildland fire management, sage-grouse conservation, wood bioenergy economics and policy, regulation of greenhouse gas emissions from wood bioenergy, oil and gas exploration and development policy in Idaho, and regulation of forest roads under the federal Clean Water Act.

The Policy Analysis Group continues to meet its legislative mandate to provide objective data and analysis on natural resource and land-use issues of concern to Idaho Citizens. These issues are suggested and prioritized by an Advisory Committee comprised of natural resource leaders in the state, as per our enabling legislation. As analyses of current issues are completed they are replaced by others suggested by the Advisory Committee. Our website was redesigned this year to improve access to publications and to provide easy access to presentation materials (www.uidaho.edu/cnr/pag). In addition to research and outreach duties described in our enabling legislation, the director advised eight Master of Natural Resources students (four completed during the year and were replaced by four others), served on three graduate student committees, and chaired the search committee for the Head of the Forest, Rangeland and Fire Sciences Department.

Pitkin Forest Nursery:

Highlights:

Research – Improve the quality of plant material available for reforestation and restoration throughout Idaho. Working with forest industry and private landowners, studies are designed and maintained with the objectives of improving tree seedling cost effectiveness throughout the establishment period. Developing and refining plant propagation protocols for use in Idaho’s nursery industry, including difficult-to-grow species such as whitebark pine and big leaf maple.

Education – Supported 6 graduate and undergraduate students through research at the Pitkin Forest Nursery on a variety of issues including stocktype selection problems to help balance forest productivity with reforestation costs, broadening our understanding of sagebrush establishment in a restoration context, and the effects of animal browse on regenerating forests. These projects build on Idaho’s reputation as a leader in reforestation practices and help improve our restoration of degraded forests and rangelands.

Outreach – Conducted several workshops and training sessions aimed at improving forest management practices in Idaho, including the Inland Empire Reforestation Council and the Intermountain Container Seedling Growers Association. Activities for children, land management professionals and laypersons provide further instruction and education opportunities.

Teaching – Provided research and teaching facility for several UI courses which require hands-on nursery experience. This provides experience which is sought by forest tree seedling nurseries throughout the United States.
Programmatic Growth – In FY 2013, we received a $3.3 million dollar gift to support activities in teaching, research, and outreach relevant to nursery production. In addition this will include infrastructure upgrades at the Pitkin Forest Nursery.

The Pitkin Forest Nursery continues to actively engage with Idaho landowners, natural resource industries, and citizens. An ever-popular seedling growing program in partnership with the Idaho Forest Products Commission was documented in a web-clip for promoting the University of Idaho and Idaho’s Forest Industry. Ongoing research into improved forest management practices included studying the effects of stocktype (the method of production of nursery stock for reforestation and restoration) selection on seedling development. This research topic will provide information and decision support across the state that is anticipated to streamline nursery production practices with the site-specific reforestation needs; a second layer of complexity (managing competing vegetation in the field) will further develop the utility of this information for Idaho. Similar research with rangeland species is also underway. An additional study on seed germination will allow for field foresters to better understand the opportunities for natural regeneration of stands following timber harvesting. In FY2013, six graduate and undergraduate students were working towards degrees through research conducted at the nursery, and many other students are using the facilities at the Pitkin Forest Nursery as a component of their graduate research on forest nutrition and soil management, fire modeling, and post-fire regeneration. Private donors, working with the University of Idaho and Idaho’s forest industry, have partnered to construct a new, state of the art classroom featuring Idaho forest products. This will serve as the epicenter for teaching students and community members about reforestation, nurseries, and natural resources in general.

Through actively seeking to be a recognized leader in seedling research and technology transfer, we partnered extensively to have our facility serve as the base of training for American and International Students. Activities for children, land management professionals, and laypersons have helped increase understanding of the importance of forestry and natural resource management in Idaho. For example, in March our organization again planned the Inland Empire Reforestation Council (~200 attendees, Coeur d’Alene). In February, we co-organized an international workshop on managing the genetic base of future forests (Portland, OR). On the teaching side, several University of Idaho courses used the nursery facilities for hands-on education, where students are exposed to the intricacies associated with seed germination, fertilizing, and irrigation. Forest tree seedling nurseries throughout the United States are seeking graduates with experience such as that gained at the Pitkin Forest Nursery, with a high demand expected to continue as we are best suited to replace a retiring workforce.

Rangeland Center:

Highlights:

Research – 10 research projects can be specifically tied to the collaborative efforts of the Rangeland Center. Researchers in the Rangeland Center were also involved in about 75 related research projects that contribute to our understanding of rangelands and the communities that rely on them.

Teaching – 9 university courses taught by 7 faculty members are directly related to rangeland ecology and management research projects of the Rangeland Center.

Service – 11 service and outreach projects were conducted by the Rangeland Center in FY2013. Two projects provided service to conduct rangeland monitoring by student teams for ranchers and land management agencies. In addition, 9 workshops, symposia, or field tours were conducted by Rangeland Center members to provide educational opportunities for teachers, ranchers, and rangeland professionals.

Rangelands are vast natural landscapes that cover nearly half of Idaho. Rangelands account for over 26 million acres in Idaho (48%). Our ability to serve current and future generations of Idaho citizens will be influenced by our understanding of rangelands because these lands are vital to the ecological and economic health of Idaho. The innovative design of the Rangeland Center promotes active partnerships
with individuals, organizations and communities who work and live on the vast landscapes known as rangelands. The Rangeland Center is a group of 24 researchers and outreach specialists in the College of Natural Resources and the College of Agriculture and Life Sciences. Our expertise covers several disciplines that affect rangeland management and conservation including grazing, rangeland ecology, entomology, soil science, economics, rural sociology, fish and wildlife resources, invasive plants, forage production, animal science, wildland fire, restoration, and the use of spatial technologies to understand rangelands. Our research and outreach efforts are aimed at creating science and improving rangeland problems.

During FY 2013, the Rangeland Center initiated a long-term research project in collaboration with the Idaho Dept. of Fish and Game, the Bureau of Land Management (BLM), and others to examine the effects of spring grazing on sage-grouse habitat and nesting success. Several research and outreach projects focused on the effects of grazing on wildland fuels and sagebrush community characteristics. We continue collaborative efforts to assess the effects of livestock impacts on slickspot peppergrass (an endangered plant) and the relationship between livestock grazing and the abundance and diversity of insects that provide food for sage-grouse chicks. Four field teams of students worked on a monitoring project for ranchers on BLM allotments and a state-wide project to assess rangelands as part of the National Resource Inventory program directed by the U.S. Dept. of Agriculture’s Natural Resources Conservation Service. The Rangeland Center also worked collaboratively with the Owyhee Initiative Science Center and the University of Idaho Library to create a new on-line open-access journal (The Journal of Rangeland Applications) that will provide scientific synthesis articles aimed at supporting well-informed land management decisions.

Several members of the Rangeland Center are involved in teaching university courses that focus on rangeland ecology and management. Five of 9 rangeland courses include extensive field trips where students engage in rangeland examinations and interact with land managers. Four rangeland courses are offered in an on-line format and are accessible to students and professionals who are unable to attend courses delivered only on campus. The Rangeland Principles course (REM 151) was also offered in cooperation with 6 Idaho high school teachers as a dual credit course in which high school student simultaneously gain high school and college credit. Rangeland Center members also created and participated in continuing education venues including the Intermountain Range Livestock Symposium and local workshops and field tours.

Service and outreach projects in the Rangeland Center this year include development of the Range Science Information System (www.rangescience.info) which provides ready access to scientific research papers for ranchers and land managers. We also worked with high school Future Farmers of America (FFA) programs to conduct the Idaho FFA Rangeland Assessment Career Development Event for high school students in Idaho and the Western National Rangeland Assessment event for high school students in Idaho, Nevada, and Utah. A summer workshop was also conducted for land owners and managers focused on plant identification and monitoring.

Idaho Geological Survey (IGS)

STRATEGIC PLAN

FY 2015 - FY 2019
The Idaho Geological Survey's vision is to provide the state with the best geologic information possible through strong and competitive applied research, effective program accomplishments, and transparent access. We are committed to the advancement of the science and emphasize the practical application of geology to benefit society. We seek to accomplish our responsibilities through service and outreach, research, and education activities.

The Idaho Geological Survey is designated the lead state agency for the collection, interpretation, and dissemination of geologic and mineral data for Idaho. The agency has served the state since 1919 and prior to 1984 was named the Idaho Bureau of Mines and Geology.

Idaho Geological Survey staff acquires geologic information through field and laboratory investigations and through grants and cooperative programs with other governmental and private agencies. The Idaho Geological Survey's geologic mapping program is the primary applied research function of the agency. The Survey's Digital Mapping Laboratory is central to compiling, producing, and delivering new digital geologic maps. These products constitute the current knowledge of Idaho geology and are critical to all geoscience applications and related issues. Other main Idaho Geological Survey programs include geologic hazards, hydrology, energy resources, mining, mine safety training, abandoned and inactive mines inventory, and earth science education outreach. As Idaho grows and new technology develops, demand is increasing for new geologic knowledge information related to resource management, energy- mineral- and water-resource development, landslides and earthquake hazards.

Idaho Code provides for the creation, purpose, duties, reporting, offices, and advisory board of the Idaho Geological Survey. The Code specifies the authority to conduct investigations and establish cooperative projects and seek research funding. The Idaho Geological Survey publishes an Annual Report as required by its enabling act.

GOAL 1: OUTREACH AND ENGAGEMENT (SERVICE)

Context: Achieve excellence in collecting and disseminating geologic information and mineral data to the mining, energy, agriculture, utility, construction, insurance, and financial sectors, educational institutions, civic and professional organizations, elected officials, governmental agencies, and the public. Continue to strive for increased efficiency and access to Survey information primarily through publications, Web site products, in-house collections and customer inquiries. Emphasize Web site delivery of digital products and compliance with state documents requirements (Idaho Code 33-
205). Maintain concentrated effort to collect and preserve Idaho’s valuable geologic data at risk.

**Objective A:** Produce and effectively deliver relevant geologic information to meet societal priorities and requirements

**Performance Measure:**
- Number of published reports on geology/hydrology/geologic hazards/mineral and energy resources.
  **Benchmark:** The number of IGS published reports TBD based on preceding years and staffing.

**Objective B:** Build and deliver Web site products and develop user apps and search engines

**Performance Measure:**
- Number of IGS web site viewers and products used/downloads.
  **Benchmark:** The number of website products TBD based on preceding years and staffing.

**Objective C:** Maintain compliance of Idaho State Library Documents Depository Program and Georef Catalog (International)

**Performance Measure:**
- Percentage of total survey documents available
  **Benchmark:** 100%

**GOAL 2: SCHOLARLY AND CREATIVE ACTIVITY (RESEARCH)**

**Context:** Advance the knowledge and practical application of geology and earth science in Idaho. Promote, foster, and sustain a climate for research excellence. Develop existing competitive strengths in geological expertise. Maintain national level recognition and research competitiveness in digital geological mapping techniques in compliance with required state and federal GIS standards. Sustain and build a strong research program through interdisciplinary collaboration with academic institutions, regional coalitions, and state and federal resource management agencies. Pursue opportunities for public and private research partnerships.

**Objective A:** Sustain and enhance geological mapping and related studies

**Performance Measure:**
- Increase the area of modern digital geologic map coverage for Idaho by mapping in priority areas designated by the Idaho Geological Mapping Advisory Committee (IGMAC).
  **Benchmark:** A sustained increase in cumulative percent of Idaho’s area covered by modern geologic mapping.
Objective B: Sustain and build research funding

Performance Measure:
- Externally funded grant and contract dollars

Benchmark: The number of externally funded grants and amount of contract dollars compared to a five year average.

GOAL 3: TEACHING AND LEARNING (EDUCATION)

Context: Educate clients and stakeholders in the use of earth science information for society benefit. Support knowledge and understanding of Idaho’s geologic setting and resources through earth science education. Achieve excellence in scholarly and creative activities through collaboration and building partnerships that enhance teaching, discovery, and lifelong learning.

Objective A: Develop and deliver earth science education programs and public presentations

Performance Measure:
- Educational programs for public audiences

Benchmark: The number of educational reports and presentations TBD based on previous years and staffing.

GOAL 4: COMMUNITY AND CULTURE (SERVICE)

Context: We are committed to a culture of service to Idaho. We value the diversity of Idaho’s geologic resources and diversity of community uses. We strive to partner with communities and stakeholders to increase the intellectual capacity to resolve resource challenges facing Idaho and consumers of our state resources.

Objective A: Develop and deliver products serving all sectors of users.

Performance Measure and Benchmark: (included in deliverables listed in Goal 1)

KEY EXTERNAL FACTORS:

Funding:

Achievement of strategic goals and objectives is dependent on appropriate state funding and staffing levels. External research support is largely subject to federal program funding and increasing state competition for federal programs. Partnerships
with state agencies and private sector sponsors are expanding. Many external programs require a state match and are dependent on state funding level.

Demand for services and products:

Changes in demand for geologic information due to energy and minerals economics play an important role in achievement of strategic goals and objectives. State population growth and requirements for geologic information by public decision makers and land managers are also key external factors.
Part 1 – Agency Profile

Agency Overview
The Idaho Geological Survey is the lead state agency for the collection, interpretation, and dissemination of geologic and mineral data for Idaho. The agency has served the state since 1919 and prior to 1984 was named the Idaho Bureau of Mines and Geology. The agency is staffed by about nine state-funded FTEs and 20-25 externally funded temporary and part-time employees.

Members of the Idaho Geological Survey staff acquire geologic information through field and laboratory investigations and through cooperative programs with other governmental and private agencies. The Idaho Geological Survey’s geologic mapping program is the primary applied research function of the agency. The Survey's Digital Mapping Laboratory is central to compiling, producing, and delivering new digital geologic maps. Other main Idaho Geological Survey programs include geologic hazards, hydrology, mining, mine safety training, abandoned and inactive mines inventory, and earth science education outreach. As Idaho grows, demand is increasing for geologic information related to population growth, mineral-, energy-, and water-resources, landslides and earthquakes.

Core Functions/Idaho Code
Idaho Code Title 47, Chapter 2, defines the authority, administration, advisory board members, functions and duty of the Idaho Geological Survey. The section contents:

- **Section 47-201**: Creates the Idaho Geological Survey to be administered as special program at the University of Idaho. Specifies the purpose as the lead state agency for the collection, interpretation and dissemination of geologic and mineral information. Establishes a survey advisory board and designates advisory board members and terms.

- **Section 47-202**: Provides for an annual meeting of the advisory board, and location of the chief office at the University of Idaho. Specifies the director of the Idaho Geological Survey report to the President of the University through the Vice President for Research. Specifies for the appointment of a state geologist.

- **Section 47-203**: Defines the duty of the Idaho Geological Survey to conduct statewide studies in the field and in the laboratory, and to prepare and publish reports on the geology, hydrology, geologic hazards and mineral resources of Idaho. Provides for establishment of a publication fund. Allows the Survey to seek and accept funded projects from, and to cooperate with, other agencies. Allows satellite offices at Boise State University and Idaho State University.

- **Section 47-204**: Specifies the preparation, contents, and delivery of a Survey Annual Report.

STRATEGIC PLAN 2015-2019

VISION STATEMENT:
Improved health and productivity of Idaho’s food-producing livestock

MISSION STATEMENT:
Transfer science-based medical information and technology concerning animal well-being, zoonotic diseases, food safety, and related environmental issues – through education, research, public service, and outreach – to veterinary students, veterinarians, animal owners, and the public, thereby effecting positive change in the livelihood of the people of Idaho and the region.

Authority and Scope:
The original Tri-State Veterinary Education Program (WOI Regional Program – Washington State University, Oregon State University, and University of Idaho) was authorized in 1973 by the Idaho Legislature (SJM 127). The Program in Idaho is administered by the State Board of Education and The Board of Regents of the University of Idaho. The first Idaho-resident students were enrolled in the program in 1974. In September 1977, the Caine Veterinary Teaching Center (CVTC) at Caldwell, an off-campus unit of the University of Idaho’s then Veterinary Science Department, was opened as a part of Idaho’s contribution to the WOI Regional Program in Veterinary Medicine. Oregon withdrew from the cooperative program in 2005. In 2012, Washington State University and Utah State University (USU) announced a new educational partnership (W-I-U). In 2013, Montana State University (MSU) became a fourth partner in what is now known as the Washington-Idaho-Montana-Utah (WIMU) Regional Program in Veterinary Medicine. The first DVM class to include MSU students will be admitted in Fall 2014.

The CVTC serves as a food animal referral hospital/teaching center located in Caldwell where senior veterinary students from Washington State University/College of Veterinary Medicine (WSU/CVM) participate in elective rotations that focus on food animal production medicine. The CVTC program is administered through the Department of Animal and Veterinary Science (AVS), in UI’s College of Agricultural and Life Sciences (CALS).
The Program allows Idaho resident students access to a veterinary medical education through a cooperative agreement with WSU, whereby students are excused from paying out-of-state tuition. The program currently provides access for 11 Idaho-resident students per year (funding for 44 students annually).

The American Veterinary Medical Association (AVMA) accredits the WIMU Program. Faculty members are specialized in virology, bacteriology, pharmacology, epidemiology, medicine, and surgery, and hold joint appointments between the UI College of Agricultural and Life Sciences in the AVS Department (scholarly activities/research/service) and the WIMU Regional Program in Veterinary Medicine (education/service/outreach/engagement).

The service and diagnostic components of the CVTC are integral to the food animal production medicine teaching program, offering clinical and laboratory diagnostic assistance for individual animal care or disease outbreak investigation for veterinarians and livestock producers in Idaho and surrounding states. Live animals referred by practicing veterinarians are utilized as hospital teaching cases for students when on rotation at that time. Students have access to select, in-house laboratories to process samples they collect and analyze the results. Practicing veterinarians throughout the state who need diagnostic help with disease problems also send samples directly to the laboratories at the CVTC for analyses. Diagnostic services and assistance are also provided to Idaho State Department of Agriculture and to the Idaho Department of Fish and Game. When additional services are required or requested by practitioners, personnel at CVTC receive, process, and ship samples to other diagnostic laboratories.

The establishment of the original “WOI Program” motivated the development of a cooperative graduate program with WSU, allowing cross-listing of the WSU Veterinary Science graduate courses. Thus, UI students are able to enroll for graduate coursework, through the University of Idaho, leading to the Master’s degree from the UI and/or to the PhD degree from WSU. The cooperative graduate program has enhanced research cooperation between WSU and UI faculty members.

Supervision and leadership for programs, operations, the faculty and staff at the CVTC are the responsibility the Director, Dr. Gordon W. Brumbaugh; and, administrative responsibility is with the Head of the AVS Department, Dr. Mark McGuire, and Dean of CALS, Dr. John Foltz.

Education:

Faculty members who are teaching-oriented and have clinical problem-solving skills provide 1- to 4-week blocks of time designed to prepare veterinary students for entry-level positions when they graduate. Opportunities target general food animal medicine, dairy production medicine, cow/calf management, feedlot medicine, sheep/lambing management, and small ruminant clinical medicine.
Activities are selected that allow the student to develop and gain confidence in technical skills as well as professional critical thinking and management of information. Disease agents, fluid therapy, appropriate drug use, nutrition, diagnostic sampling, and necropsy are examples of skills emphasized during individual animal medicine instruction at the CVTC. Production animal medicine stresses development of confidence with professional/technical skills, disease prevention strategies, investigational skills, animal well-being, recordkeeping and interpretation, and reduction of stress for beef or dairy cattle, and for small ruminants (primarily sheep and goats).

Five faculty positions are budgeted in the Idaho Program. In 2013, one faculty member that was stationed at the Moscow campus resigned and has not yet been replaced. Three faculty members are stationed at the CVTC, Caldwell, ID, and one vacancy exists. Also in 2013, the Dawn and Wes Downs Pre-Veterinary Intern Endowed Scholarship was initiated and provides experiential opportunities at the CVTC specifically for a student in the AVS Department undergraduate pre-veterinary program.

The Northwest-Bovine Veterinary Experience Program (NW-BVEP) – started in 2007 for a limited number of first- and second-year WSU/CVM veterinary students – is a 6-week summer dairy/beef veterinary experiential learning program funded primarily by grants and gifts. Broadening recognition of the program, successful career development provided, and the growing support (tangible and intangible) are all indicators that the NW-BVEP should be continued.

The CVTC and AVS faculty are involved in state-wide producer educational programs using the CVTC facilities, when appropriate, to offer continuing education programs for veterinarians and livestock producers.

Scholarly Activities/Research/Service:

Nationally- and internationally- acclaimed research has been conducted at the CVTC and includes subjects of cryptosporidiosis, anaplasmosis, neonatal calf diseases, fluid therapy, reproductive diseases of cattle and sheep, genetic control of ovine foot rot, EID (electronic identification) of beef cattle, Johne’s disease in cattle, sheep, and goats, and scrapie in sheep. Collaboration with the Idaho Department of Fish & Game regarding wildlife/domestic livestock disease interaction has resulted in elucidation of respiratory organisms causing death in bighorn sheep. Research in many of those areas developed out of past experiences involving teaching/clinical or diagnostic services/outreach. Those activities serve as a source for continuing investigational activities. Funding to conduct research is derived from a variety of sources and results have been published in numerous scientific papers. The research is dedicated primarily to that relevant to regional disease problems.

Service/Outreach/Engagement/Extension:

Faculty members of the CVTC have responsibility for outreach activities, although none of them have official Extension appointments. Their routine activities such as daily/regular interaction and consultation with livestock producers, commodity groups,
veterinarians, UI Extension specialists, and others regarding a variety of topics including: production medicine; disease diagnostics, control, or prevention; and, reproductive problems are all service-oriented. Those activities are major contributors to “hours of operation” of the CVTC and can include receiving, processing, and/or shipping of samples for diagnostic services requested by practicing veterinarians. Several faculty members contribute material on a regular basis to lay publications and industry newsletters, and many are active in state and national professional associations. Faculty and staff members organize on-site tours for individual students, groups, or organizations as well as area residents who are interested in our activities, give presentations at county and state fairs, and participate in “Career Day” or “Job Fair” events at area high schools.

Selective diagnostic services, disease investigations, and clinical studies have significantly benefited many producers through the control of a number of economically devastating diseases. That form of assistance is provided on a fee-for-service basis and in conjunction with the veterinary teaching program. The veterinary pathology discipline was significantly diminished in 2005 when the second of two board-certified veterinary pathologists at the CVTC retired and was not replaced.

Goal 1. Education

Objective A: Continue to provide and improve the highly-rated and effective experiential veterinary clinical teaching program.

Action Items:

- Ensure offerings of elective rotations for experiential learning opportunities that meet contractual requirements (65 rotations offered)

Performance Measures:

- Percentage of elective offerings (blocks) filled

Benchmark:

- Student participation in at least 90% of elective rotations offered

Objective B: Pre-clinical veterinary educational opportunities

Action items:

- Administer experiential summer learning opportunities for first- and second-year students in veterinary education program (Northwest Bovine Veterinary Experience Program – NW-BVEP)
• Administer experiential learning opportunities for endowed pre-veterinarysummer internship and scholarship

Performance Measures:
• Annual recurring placement of students

Benchmark:
• Total of 12 first- and second-year veterinary students in the NW-BVEP annually
• One student annually selected to receive the internship/scholarship

Goal 2. Scholarly and Creative Activity

Objective: To provide the atmosphere, environment, encouragement, and time for faculty members to cultivate and nurture their scholarly and creative abilities.

Action Items:
• Encourage faculty to remain influential in their professional/educational disciplines appropriate to the educational mission of the CVTC
• Contribute to the AVS Department area of excellence and the CALS Livestock Program of Distinction by the Idaho Veterinary Medical Education Program

Performance Measures:
• Number of fellows in disciplinary associations
• Personnel elected to leadership role in professional organizations
• Personnel invited to participate as presenters/speakers/advisors for professional organizations, private businesses, or public agencies/institutions

Benchmark:
• Participation in at least one departmental area of excellence and in the CALS Livestock POD
• At least one invited presentation by each faculty member to local, state, regional, national, or international meeting.
Goal 3. Outreach and Engagement

Objective A: Provide diagnostic laboratory, referral professional services, consultation, and field services for the veterinarians and livestock producers in Idaho and the region.

Action Items:

- Update clinical and laboratory instrumentation as budgets allow; thereby, maintaining or enhancing diagnostic laboratory testing procedures and services for veterinarians and livestock producers in the region.
- Encourage continuing education (personal and professional development) by laboratory or clinical support personnel in their given specialty.

Performance Measures:

- Number of field investigations; number of animals/herds served
- Number of laboratory diagnostic and live animal case accessions

Benchmarks:

- At least 250 live-animal clinical accessions per year
- At least 10,000 laboratory accessions per year
- At least 150 field investigations per year
- At least 75 necropsies per year

Objective B: Endeavor to recruit potential students in Idaho and the region who are interested in careers in agriculture and/or veterinary medicine.

Action Items:

- Encourage the participation of faculty and staff in Extension activities, community activities such as “job fairs”, 4-H/FFA activities, and county fairs, etc., in order to elevate the visibility of the CVTC, AVS, CALS, and UI; and, to discuss future needs and careers in agriculture or veterinary medicine.

Performance Measures:

- Number of job fairs, career day or fair activities, or Extension-sponsored meetings in which faculty and staff participated
Benchmarks:

- Participation in at least 10 community activities as described above

External Factors:

1) **Caseload.** Numbers vary for live animal and diagnostic accessions subject to need and economic demand. Ideally, those should be sufficient for instructional goals and objectives as well as to support in-house laboratories. Employment of two faculty members to fill the current vacancies would allow growth in this area to meet requests from practitioners and promote capabilities/technologies currently being developed.

2) **Loss of essential personnel.** Many factors have contributed to suboptimal numbers of personnel currently at the CVTC. In 2013 the number of faculty was decreased to 3 due to resignations and positions left unfilled. It is difficult to hire and retain sufficient numbers of qualified individuals to meet current demands of the program. Positions have been restructured and funding sources modified to the extent possible. There is also very limited means to recognize, reward, and retain individuals with outstanding performance. Growth can only occur after a stable base of resources is in place.

3) **Diagnostic Veterinary Pathology.** This position has been vacant since the retirement of the second of our two veterinary pathologists in 2005. The Pathology specialty is in high demand in veterinary medicine and by clientele of the CVTC. We are outsourcing some diagnostic services, but are unable to incorporate this extremely important specialty in the veterinary teaching program at this time. Diagnostic Veterinary Pathology has been a core service for the producers and veterinarians of Idaho and the surrounding region. The study of disease (pathology) will always be an indispensable discipline for livestock production, veterinary medicine, homeland biosecurity, international marketing, and regulatory activities. The importance was reinforced by wording in the 2014 Farm Bill (ex. National Animal Health Laboratory Network (NAHLN), Animal Health and Disease Research/1433 Formula Funds, and Agriculture and Food Research Initiative (AFRI)). The pathology discipline must be re-established at the CVTC.

4) **Agriculture beyond animal health.** Agriculture is the most important contributor to the economy of Idaho. Dairy Production and Beef Production are the two major (respectively) commodities. Other agricultural products and by-products (ex. alfalfa, cereal grains, beet pulp, and potato by-products) serve as cash crops for some producers; or, are utilized in Dairy and/or Beef Production. Idaho is strategically positioned for considerable influence on human and animal food production. That influence is local, regional, national, and international. Respective influences in those markets require that the CALS, AVS, and the CVTC become and remain astute to changes in those markets; and, to strategically prepare to help producers and veterinarians of the future. That requires trained personnel, foresight, resources, and opportunities.
Performance measures and notes listed below have been extracted from the FY13 WI Veterinary Medicine Performance Measurement Report. Refer to the Report in its entirety for more detail.

Performance Measure Notes:

Rotations offered as electives at the Caine Veterinary Teaching Center continue to be very popular with senior veterinary students and receive consistently high student evaluations. Diagnostic services and field service activities also remain strong.

Of the five faculty positions assigned to the W-I Program, four positions have been vacated during the period since July 2010 – one due to retirement (July 2010) and three due to resignation (September 2011, December 2012, and July 2013). The remaining faculty and one temporary hire have been handling a much heavier teaching and service/outreach load to try and maintain our teaching resources during that time. One position was filled (January 2013); Program Director and Veterinary Scientist, Dr. Gordon Brumbaugh, was hired and now provides leadership for the Caine Center and administrative structure for the W-I Veterinary Medicine Program. A Clinical Assistant Professor position has just been approved and a search will be conducted this fall. The two remaining vacancies each carry a portion of funding from Agricultural Research and Extension, and are under consideration by department and college administration.

Washington State University College of Veterinary Medicine (WSU CVM) has long been partners with the state of Idaho and the Western Interstate Commission of Higher Education (WICHE) program. WSU has announced a new educational partnership program with Utah State University (USU) at Logan. With this new partnership, the W-I Program is now known as the Washington-Idaho-Utah (WIU) Regional Program in Veterinary Medicine.

Designed as a “2+2 program”, the Utah students will spend their first two years in Logan, and the final two years at WSU in Pullman where, as seniors, they will have the opportunity to elect to participate in rotations at the Caine Center. Students accepted to this program earn a DVM degree from WSU College of Veterinary Medicine conferred by the Regents of Washington State University, with joint recognition of Utah State University. The first class of 20 Utah students entered the program at Logan in fall of 2012.
Part I – Agency Profile

Agency Overview
The W-I (Washington-Idaho) Veterinary Medicine Program is administered in Idaho by the Head of the Department of Animal and Veterinary Science, College of Agricultural and Life Sciences, University of Idaho. Originally established in 1974, the W-I Program annually provides 44 Idaho residents with access to a veterinary medical education through a cooperative agreement between the University of Idaho and Washington State University. The Doctor of Veterinary Medicine (DVM) degree is awarded to Idaho students by Washington State University College of Veterinary Medicine. Idaho provides the cooperative program with the majority of veterinary students who have an expressed interest in production agriculture animals.

Core Functions/Idaho Code
The University of Idaho provides educational opportunities for any senior student in the Washington State University College of Veterinary Medicine by providing the equivalent of 65, one-month teaching rotations in food animal production and clinical medicine at the Caine Veterinary Teaching Center (CVTC) in Caldwell. Faculty members at the Caine Center interact with Idaho veterinarians and livestock producers providing education and recommendations concerning animal production, diagnosis and clinical evaluation of disease situations.

1. Provide access to veterinary medical education at WSU for Idaho residents – the current W-I contract reserves 11 seats per year for Idaho veterinary medicine students. A total of 44 Idaho students are enrolled in this program each year.

2. Assist Idaho in meeting its needs for veterinarians – provide Idaho-trained, Idaho-resident graduate veterinarians to meet annual employment demands for the State. On average, 65-75% of new Idaho resident graduates of the W-I Program are licensed to practice veterinary medicine in Idaho annually.

3. Provide hands-on instruction opportunities for senior veterinary students – teaching rotations in food animal production medicine and clinical experience are offered year-round at the Caine Center in Caldwell.

4. Provide access to referrals from Idaho veterinarians in the areas of food animal production, diagnosis, and clinical evaluation of diseases – a) accept 400 to 500 hospital clinical referrals annually as student teaching cases; b) provide disease diagnostic testing on approximately 15,000 assays annually, and; c) conduct on-farm disease investigations for herd problems as requested by Idaho veterinarians and livestock producers.

Performance Highlights:

1) Teaching and learning at the Caine Center includes a variety of clinical experiences.
   A. Professional Students. Faculty instructs 4th-year veterinary students in hands-on production medicine and individual food animal medicine and surgery. Learning occurs in a variety of settings including hospital in/out-patient clinical care, field call services, disease investigations as well as formal presentations by faculty and guest lecturers. Several general and specialty blocks are offered, including:
   - **General Food Animal Production Medicine and Surgery** – Twelve 2-week rotations in which students participate in hands-on clinical food animal medicine and surgery from the in-house referral clinic, farm visits including dairy, beef, and small ruminant, live animal surgery labs, and small group lectures.
   - **Small Ruminant Production Medicine** – Two 2-week rotation in which students participate in all aspects of sheep, goat, and now including camelid production medicine. This block includes in-house referrals, breeding soundness exams, ultrasound pregnancy exams, treatment of urolithiasis, foot trimming, vaccination and parasite programs, and dystocia management.
   - **Cow/Calf Production Medicine** – Two 2-week rotations in which students participate in all aspects of cow/calf production medicine. Students participate in cattle processing activities at the Nancy M. Cummings Research, Extension and Education Center (NMCREEC) near Salmon, ID as well as field beef work in the Treasure Valley and on the Palouse.
   - **Reproductive Biotechnology** – Two 2-week rotations in which students are provided the opportunity to learn and practice techniques such as artificial insemination, ultrasonography of the reproductive tract of females, early pregnancy diagnosis, fetal sexing, and embryo transfer.
   - **Feedlot Production Medicine** – Two 2-week rotation in which students learn about feedlot layout(s) and management, feeding operation(s), hospital and processing, and bio-security programs. Students conduct a nutritional evaluation of the feedlot with a local feedlot nutritionist and prepare a comprehensive report and critique to be presented both in written and verbal format at the conclusion of the rotation.
   - **Lambing Management** – Two 2-week rotation in which students work alongside the crew of a large range-flock producer during the lambing period. Students participate in management of normal and abnormal pre-parturient, peri-parturient, and post-parturient ewes, neonatal diseases, and other routine veterinary procedures that arise during the lambing season.
   - **Beef Calving** – One 2-week rotation which gives students on-ranch experience in beef calving. Students are assigned to selected cow-calf operations. At their assigned location, students will be involved in intensive heifer calving, mature cow calving, and calving calls with local veterinarians. The students evaluate their assigned operation and prepare a written report at the conclusion of the rotation.
• Dairy Production Medicine – Three 2-week rotations in which students are exposed to all aspects of dairy production medicine. Students spend time with local dairy practitioners, U of I Extension dairy specialists, and a dairy nutritionist. They also are exposed to the products side of the dairy industry with tours of processing plants.

B. Pre-veterinary Students. A gift of $5,000 was given by the J.A. Wedum Foundation to support a pre-veterinary summer intern. The applicants for this internship are U of I pre-vet students who excel in academics and are interested in gaining some experience with production animal medicine before applying to veterinary school.

C. Veterinary Technician Students. We now offer a veterinary technician internship for College of Southern Idaho (CSI) students, in which the student works directly with our certified veterinary technician for a defined period of time to gain experience with production animals. We also provide cattle handling laboratories for veterinary technician students at two private institutions in the area.

2) Outreach is a major component of the CVTC program and the faculty and staff of the Caine Center. Activities consist of providing veterinary medical information and consultation to local and regional veterinarians, producers, small-herd or individual-animal owners; and, CVTC faculty regularly present continuing education programs for veterinarians at local, state, regional and national meetings. Faculty and staff present veterinary medical information to producers and animal owners both through oral presentations and in written format through Cooperative Extension Service publications and in lay magazines and journals. During the reporting period, CVTC faculty presented at the American Dairy Goat Association, Payette River Cattlemen’s Association annual meetings, at The Jackson Hole Veterinary Rendezvous and the American Association of Small Ruminant Practitioners annual conference. The CVTC faculty contributed to The Cattle Producers Library produced by the Western Beef Resource Committee. Presentations were made to local Extension Service programs across the state. The CVTC faculty contributed to the Owyhee County Cattlemen’s Corner and to Idaho Cattle Association’s Line Rider. Tours of the CVTC and presentations at “career day” activities of local schools are also an outreach to the Idaho community. Members of the Caine Center faculty assist local and regional fairs with animal health and bio-security by performing health check of exhibited animals. Services were provided to the Payette, Owyhee, Twin Falls, Ada and Gem/Boise County Fairs.

3) FY2013 Grants and Contracts include $73,300 in funding for the Northwest Bovine Veterinary Experience Program (NW-BVEP). Now in its sixth year, the primary objective of this program is to use an aggressive mentoring program to increase the number of food animal veterinarians graduating from veterinary school and practicing in Idaho. Grant funding for this activity increased over $15,000 from FY2012, and supported stipends for 21 students participating in the 2013 summer program.

4) FY2013 Grants and Contracts also include $100,000 for a cooperative project with the Idaho Department of Fish and Game in the area of wildlife/domestic disease interaction, now in its 20th year. Topics of investigation under this project umbrella include Pasteurella, Mannheimia, Bibersteinia and Mycoplasma species (PI: GC Weiser et al). Summary of recent research:

A. Developed analyses of shedding of microbial pathogens by domestic sheep. This is a continuation of the cooperative UI/Caine Center and Idaho Fish & Game-USDA/ARS project to ascertain the flora and shedding patterns of domestic sheep, which could affect bighorn sheep health and management.

B. Defined mycoplasma from domestic and bighorn sheep, and identified virulence factors for further analysis.

C. Characterized a portion of the Pasteurellaceae collection and domestic sheep isolates by qcp PCR and 16S rRNA sequencing. This has been a major thrust and will be finished soon. These data will help elucidate the identities of pathogens carried by bighorn and domestic sheep and their relationships.

D. Publications: Three refereed publications came into print during the last year. Another has been accepted and one more is in review.
5) A project initiated four years ago utilizing UI and USDA-ARS funding, followed the bacterial shedding characteristics of 125 sheep at the U. S. Sheep Experiment Station (USSES) at Dubois, ID over a two-year period. Analysis indicated that individual sheep do indeed shed Pasteurellaceae potential pathogens at different rates. The results of that project stimulated research collaboration between USDA-ARS and the University of Idaho for a five-year, $150,000 project to study the genetics of the sheep with regard to shedding of pathogens which cause respiratory disease (PI: GC Weiser, D Knowles et al).

6) Teaching and learning have also been an integral part of the wildlife/domestic disease research conducted at the Caine Center. This year we mentored a local student (Wilder High School) in a dual-enrollment honors program.

7) During FY 2013, the Faculty at the Caine Center continued efforts in applied research, often in conjunction with veterinary teaching and outreach activities:
   - A vaccine project is being conducted at the Nancy M. Cummings REEC (NMCREEC) near Salmon, ID to evaluate the potential of a vaccine for control of scours. This is a 3- to 5-year study funded by Zoetis (formerly Pfizer) Animal Health (PI: J England).
   - A flock of scrapie-positive sheep is still being maintained at the Caine Center. Tissues from these animals are utilized in ongoing research. We have on average 50 sheep available to TSE researchers, plus a very large bank of frozen tissues with known disease history and genotype. We also have a collection of scrapie brain homogenates, one of which has been described in the literature. One research paper is in the review process in collaboration with researchers in New Zealand, and a research abstract was presented at the International Sheep Conference in Rotorua, NZ, Feb. 2013 (PI: R. Kittelberger, SJ Sorensen et al).
   - Research continued this past year in the management of Johne’s disease in sheep and goats, also allowing for student interaction with several cooperative flocks and herds. Activities included: ultrasound pregnancy examination of yearling goats, collection of samples, and on-farm assistance with goat kidding (PI: N Dalton, MW Ayers, B Mamer).
   - The laboratory services program at the Caine Center includes a new contract with a private cancer research company which produces Immunohistochemistry (IHC) Assay Kits to identify prions in animal tissue. The Caine Center’s experience and volume of scrapie tissue are utilized in quality assurance testing.

One position was filled (January 2013); Program Director and Veterinary Scientist, Dr. Gordon Brumbaugh, was hired and now provides leadership for the Caine Center and administrative structure for the W-I Veterinary Medicine Program. A Clinical Assistant Professor position has just been approved and a search will be conducted this fall. The two remaining vacancies each carry a portion of funding from Agricultural Research and Extension, and are under consideration by department and college administration.

Washington State University College of Veterinary Medicine (WSU CVM) has long been partners with the state of Idaho and the Western Interstate Commission of Higher Education (WICHE) program. WSU has announced a new educational partnership program with Utah State University (USU) at Logan. With this new partnership, the W-I Program is now known as the Washington-Idaho-Utah (WIU) Regional Program in Veterinary Medicine.

Designed as a “2+2 program”, the Utah students will spend their first two years in Logan, and the final two years at WSU in Pullman where, as seniors, they will have the opportunity to elect to participate in rotations at the Caine Center. Students accepted to this program earn a DVM degree from WSU College of Veterinary Medicine conferred by the Regents of Washington State University, with joint recognition of Utah State University. The first class of 20 Utah students entered the program at Logan in fall of 2012.

WWAMI is Idaho’s regional medical education program, under the leadership and institutional mission of the University of Idaho, in partnership with the University of Washington School of Medicine (UWSOM). Idaho medical students spend the first year of their medical education on the campus of the University of Idaho in Moscow, study medicine on the campus of UWSOM in Seattle during their second year, and complete their third and fourth year clinical training at regional medical sites in Boise, across Idaho, or throughout the WWAMI (Washington, Wyoming, Alaska, Montana, Idaho) region.

As the medical education contract program for the State of Idaho with the University of Washington, the UI-WWAMI Medical Program supports the Strategic Action Plan of its host university, the University of Idaho, while recognizing its obligation
to the mission, goals, and objectives of its nationally accredited partner program, the UWSOM.

UWSOM and its partner WWAMI Medical Program in Idaho are dedicated to improving the general health and wellbeing of the public. In pursuit of our goals, we are committed to excellence in biomedical education, research, and health care. The UWSOM and WWAMI are also dedicated to ethical conduct in all of our activities. As the pre-eminent academic medical center in our region and as a national leader in biomedical research, UWSOM places special emphasis on educating and training physicians, scientists, and allied health professionals dedicated to two distinct missions:

- Meeting the health care and workforce needs of our region, especially by recognizing the importance of primary care and providing service to underserved populations;
- Advancing knowledge and assuming leadership in the biomedical sciences and in academic medicine.

We acknowledge a special responsibility to the people in the states of Washington, Wyoming, Alaska, Montana, and Idaho, who have joined in a unique regional partnership. UWSOM and WWAMI are committed to building and sustaining a diverse academic community of faculty, staff, fellows, residents, and students and to assuring that access to education and training is open to learners from all segments of society, acknowledging a particular responsibility to the diverse populations within our region.

Vision for Medical Student Education

Our students will be highly competent, knowledgeable, caring, culturally sensitive, ethical, dedicated to service, and engaged in lifelong learning.

**UWSOM – Idaho WWAMI Medical Student Education Mission Statement**
Our mission is to improve the health and wellbeing of people and communities throughout the WWAMI region, the nation, and the world through educating, training, and mentoring our students to be excellent physicians.

**Goals for Medical Student Education**

In support of our mission to educate physicians, our goals for medical student training are to:

1. Challenge students and faculty to achieve excellence;
2. Maintain a learner-centered curriculum that focuses on patient-centered care and that is innovative and responsive to changes in medical practice and healthcare needs;
3. Provide students with a strong foundation in science and medicine that prepares them for diverse roles and careers;
4. Advance patient care and improve health through discovery and application of new knowledge;
5. Teach, model, and promote:
   a. the highest standards of professionalism, honor, and integrity, treating others with empathy, compassion, and respect;
   b. a team approach to the practice of medicine, including individual responsibility and accountability, with respect for the contributions of all health professions and medical specialties;
   c. the skills necessary to provide quality care in a culturally sensitive and linguistically appropriate manner;
6. Encourage students to maintain and model a balanced and healthy lifestyle;
7. Foster dedication to service, including caring for the underserved;
8. Engage students in healthcare delivery, public health, and research to strengthen their understanding of healthcare disparities and regional and global health issues; and
9. Provide leadership in medical education, research, and health policy for the benefit of those we serve regionally, nationally, and globally.

**Alignment with the Idaho State Board of Education’s Strategic Plan 2015-2019**

**Goal I: A WELL EDUCATED CITIZENRY** – Continuously improve access to medical education for individuals of all backgrounds, ages, abilities, and economic means.
Objective A: Access - Provide outreach activities that help recruit a strong medical student applicant pool for Idaho WWAMI.

- **Performance measure**: the number of Idaho WWAMI medical school applicants per year and the ratio of Idaho applicants per funded medical student seat.
- **Benchmark**: National ratio of state applicants to medical school per state-supported seats.

Objective B: Transition to Workforce - Maintain a high rate of return for Idaho WWAMI graduate physicians who choose to practice medicine in Idaho, equal to or better than the national state return rate.

- **Performance measure**: Cumulative Idaho WWAMI return rate for graduates who practice medicine in Idaho.
- **Benchmark**: target rate – national average or better.

GOAL 2: CRITICAL THINKING AND INNOVATION - WWAMI will provide an environment for the development of new ideas, and practical and theoretical knowledge to foster the development of biomedical researchers, medical students, and future physicians who contribute to the health and wellbeing of Idaho’s people and communities.

Objective A: Critical Thinking, Innovation and Creativity – Generate research and development of new ideas into solutions that benefit health and society.

- **Performance Measure**: WWAMI faculty funding from competitive federally funded grants.
- **Benchmark**: $3M annually, through FY14.

Objective B: Innovation and Creativity – Educate medical students who will contribute creative and innovative ideas to enhance health and society.

- **Performance Measures**: Percentage of Idaho WWAMI medical students participating in medical research (laboratory and/or community health)
- **Benchmark**: 100%

Objective C: Quality Instruction – Provide excellent medical education in biomedical sciences and clinical skills.
• **Performance measure**: pass rate on the U.S. Medical Licensing Examination (USMLE), Steps 1 & 2, taken medical training.

• **Benchmark**: U.S. medical student pass rates, Steps 1 & 2.

**GOAL 3: Effective and Efficient Delivery Systems** – Deliver medical education, training, research, and service in a manner which makes efficient use of resources and contributes to the successful completion of our medical education program goals for Idaho.

**Objective A**: Increase medical student early interest in rural and primary care practice in Idaho.

- **Performance measure**: the number of WWAMI rural summer training placements in Idaho each year.
- **Benchmark**: 20 rural training placements following first year of medical education.

**Objective B**: Increase medical student participation in Idaho clinical rotations (clerkships) as a part of their medical education.

- **Performance measure**: the number of WWAMI medical students completing clerkships in Idaho each year.
- **Benchmark**: 20 clerkship students each year.

**Objective C**: Support and maintain interest in primary care and identified physician workforce specialty needs for medical career choices among Idaho WWAMI students.

- **Performance measure**: Percent of Idaho WWAMI graduates choosing primary care, psychiatry, general surgery, and OB/GYN specialties for residency training each year.
- **Benchmark**: 50% of Idaho WWAMI graduating class choosing needed work force specialties for residency training each year.

**Objective D**: Maintain a high level Return on Investment (ROI) for all WWAMI graduates who return to practice medicine in Idaho.

- **Performance measure**: Ratio of all WWAMI graduates who return to practice medicine in Idaho, regardless of WWAMI origin, divided by the total number of Idaho medical student graduates funded by the State.
- **Benchmark**: target ratio – 60%

**Objective E**: Efficiently deliver medical education under the WWAMI contract, making use of Idaho academic and training resources.

- **Performance measure**: Percent of Idaho WWAMI medical education contract dollars spent in Idaho each year.
- **Benchmark**: 50%
Key External Factors (beyond the control of the Idaho WWAMI Medical Program):

**Funding:** the number of state-supported Idaho medical student seats each year is tied to State legislative appropriations. Availability of revenues and competing funding priorities may vary each year.

**Medical Education Partnerships:** as a distributed medical education model, the University of Idaho and the UWSOM WWAMI Medical Program rely on medical education partnership with local and regional physicians, clinics, hospitals, and other educational institutions in the delivery of medical training in Idaho. The availability of these groups to participate in a distributed model of medical education varies according to their own budget resources and competing demands on their time and staff each year.

**Population Changes in Idaho:** with a growing population and an aging physician workforce, the needs for doctors and medical education for Idaho’s students only increases. Changes in population statistics in Idaho may affect applicant numbers to medical school, clinical care demands in local communities and hospitals, and availability of training physicians from year to year.

**Planned Changes to Medical Curriculum in 2015:** the University of Washington School of Medicine is currently engaged in a major review and revision of the medical school curriculum which will impact delivery of education and training in the WWAMI programs in Idaho. It is not known, yet, what impact these proposed changes will have.
Supplement: Performance Measures

Goal 1 / Objective A. The benchmark is the national ratio of state applicants to medical school to the number of state supported seats. The ratio of applicants in Idaho to the number of available seats was 8.6:1; the national ratio of in-state applicants to available seats is 2.2:1.

Goal 1 / Objective B. The benchmark is 41%, the national average of students that return to their native state to practice medicine. In Idaho, the return rate was 51% (271/533).

Goal 2 / Objective A. The benchmark for this objective is $3M annually, through 2014. In FY13, UI WWAMI faculty earned $4.4M in new funding from federal grants.

Goal 2 / Objective B. The benchmark is 100% of Idaho WWAMI students participating in medical research. All students at the UWSOM must participate in a research activity.

Goal 2 / Objective C. The benchmark for the U.S. Medical Licensing Examination (USMLE), Steps 1 & 2, is the U. S. medical student pass rates.

Goal 3 / Objective A. The benchmark is 20 rural training placements following the first year of medical education. During the past summer, twenty-one students completed a R/UOP experience in Idaho.

Goal 3 / Objective B. The benchmark is 20 clerkships per year in Idaho. The Idaho Track is a voluntary program of the University of Washington School of Medicine in which students complete the majority of required clinical clerkships within Idaho. Third-year Idaho Track medical students complete five of six required clerkships in Idaho, and fourth-year Idaho Track medical students complete three of four required clerkships in Idaho. Thirteen third-year students and fourteen fourth-year students participated in the Idaho Track during the 2012-2013 academic year. In addition to Idaho Track students, other UWSOM students rotated among the various clinical clerkships in Idaho.

Goal 3 / Objective C. The benchmark is 50% of the Idaho WWAMI graduating class choosing a specialty for residency training that is needed in the state (primary care, psychiatry, general surgery, and OB/GYN specialties). The specialties of the 2013 graduating class are as follows:
- Anesthesiology (1)
- Dermatology (1)
- Emergency medicine (1)
- Internal medicine (2)
Obstetrics – Gynecology (1)
Ophthalmology (3)
Orthopedic surgery (1)
Pediatrics (2)
Psychiatry (1)
Radiation – Diagnostic (4)
Radiation – Oncology (2)
Thoracic surgery (1)

Goal 3 / Objective D. The benchmark for the Return on Investment (ROI) for all WWAMI graduates who return to practice medicine in Idaho is 60%. The current ROI is 73%.

Goal 3 / Objective E. The benchmark for this objective is 50%, the percentage of Idaho WWAMI medical education dollars spent in Idaho each year. In FY13, 60% of the State appropriations were spent in Idaho.
Part 1 – Agency Profile

Agency Overview

The Idaho WWAMI Medical Education Program provides Idaho medical students with the opportunity to complete three of four years of medical school in Idaho, thereby developing their familiarity with the healthcare needs of the State and region, and increasing the likelihood that they will remain in Idaho communities to practice medicine. Twenty Idaho students complete their first year of medical school through the University of Washington School of Medicine’s (UWSOM) regional program at the University of Idaho’s (UI) Moscow campus, sharing resources and faculty with the joint program at Washington State University in Pullman, Washington. After completing their second year of training in Seattle, students have the opportunity to complete their 3rd and 4th year clinical training requirements in Idaho. These clinical rotations are coordinated through the Idaho WWAMI Medical Education Program office in Boise.

The first year WWAMI Program at UI is directed by Andrew Turner, PhD, who reports to the Provost at UI, and also functions as an Assistant Dean of the UWSOM. The WWAMI Medical Education Program office in Boise is directed by Mary Barinaga, MD, who reports to the Vice Dean for Regional Affairs at UWSOM, and also serves as an Assistant Dean in Idaho. The WWAMI Program at UI employs twelve part-time faculty (shared with other academic programs) and three administrative staff. Idaho students admitted to the WWAMI Medical Program are interviewed and selected by the Idaho Admissions Committee, a group of four Idaho physicians appointed by the Idaho State Board of Education, who work in cooperation with the University of Washington School of Medicine Admissions Committee.

The Idaho WWAMI Medical Education Program is committed to helping prepare physicians for medical practice in Idaho, regardless of eventual specialty selection, as well as increasing the number of physicians who choose to practice in rural or underserved areas. There is also a strong commitment to the partnership between excellence in research and teaching in medical education. On average, WWAMI faculty in Idaho brings in $5 Million each year in biomedical research awards. Cutting-edge research prepares the next generation of doctors to be well-informed and at the forefront of clinical medical practice. The WWAMI faculty at the University of Idaho and our clinical/research faculty in Boise, Pocatello, Caldwell, Coeur d’Alene, Idaho Falls, McCall, Sandpoint, Hailey, and other rural training communities are committed to being dynamic teachers and informed biomedical scholars.

In addition, WWAMI program goals include the continued development of humanitarian and service interests of our medical students, and recruitment from groups within Idaho that are traditionally underrepresented in medical school populations. WWAMI has established outreach programs to high schools and community colleges to encourage and prepare talented Idaho students from rural, underprivileged, or minority backgrounds who have an interest in medicine and health careers.

Core Functions/Idaho Code

The core function of the Idaho WWAMI Medical Education Program at the University of Idaho is to provide qualified Idaho residents with access to and education in medical training as part of the Idaho State Board of Education’s contract with the University of Washington School of Medicine. Idaho Code §33-3720 authorizes the State Board of Education to enter into contractual agreements to provide access for Idaho residents to qualified professional studies programs, and specifically, the WWAMI Medical Education Program (33-3717B(7)).

Performance Highlights:

1. In 2012-2013, 20 UWSOM students from Idaho completed their first year of medical school in Idaho. In addition, thirteen third-year and fourteen fourth-year UWSOM students (from Idaho and other WWAMI states) completed the majority of their third and fourth year clinical rotations within Idaho on the “Idaho Track”. Overall, a total of 110 different UWSOM third and fourth year medical students completed one or more clinical rotations in Idaho during this academic year. Those 110 medical students took a total of 241 individual clinical rotations in Idaho (176 required courses and 65 elective courses.

2. In February of 2013, the Idaho State Legislature appropriated funding to support five new first-year medical seats in the Idaho WWAMI Targeted Rural and Underserved Track program (TRUST). This expands Idaho class size to 25 medical students starting in fall 2013. The mission of TRUST is to provide a continuous connection between underserved communities, medical education, and health professionals in our region. This creates a full-circle pipeline that guides qualified students through a special curriculum connecting them with underserved communities in Idaho. In addition, this creates linkages to the UWSOM’s network of affiliated residency programs. The goal of this effort is to increase the medical workforce in underserved regions.

3. Idaho WWAMI continues to nurture student interest in rural and underserved medicine through offering rural training experiences like the “Rural Underserved Opportunities Program” (R/UOP) during the summer between their first and second years of medical school. During summer 2013, we placed 21 first-year medical students in this one-month rural primary care training experience throughout Idaho. In addition, the Idaho WWAMI R/UOP program received the 2012 Outstanding Program Award from the American Academy of Family Physicians, and was honored at their AAFP Foundation awards banquet in Philadelphia, PA.

4. This year, five Idaho medical students were elected as members of the UWSOM chapter of Alpha Omega Alpha, the national honor society for medicine. By national guidelines, these students must be in the top twenty-five percent of the class to be eligible for election, and must show evidence of personal and professional development as a physician-in-training, integrity, compassion, fairness in dealing with one's colleagues, and capacity for leadership. Our Idaho honorees were Camille Asher (Boise), Hillary Chisholm-Stiefel (Coeur d’Alene), Derek Hill (Idaho Falls), Brooke Jardine (Twin Falls), and Lucas Marchand (Pocatello).

5. Admission interviews for Idaho applicants took place in Boise January 7-11, 2013 and in Seattle March 4-8, 2013. Applicants choose their interview site; all interviews were done by Idaho physicians who make up the Idaho Admissions Committee during both weeks. For the entering class of 2013, Idaho received 158 total applications. Of these applicants, a total of 72 were interviewed, 44 in Boise and 32 in Seattle. Idaho WWAMI admission interviews in Boise are a permanent part of the WWAMI admission process for Idaho students.

6. WWAMI-affiliated faculty at the UI continues to be highly successful in bringing National Institute of Health biomedical research funding into Idaho. The Idaho INBRE Program, now in its fifth year of a five year, $16.6 Million NIH award to build Idaho’s biomedical research infrastructure, continues to expand research capacity at all nine of Idaho’s universities and colleges and the Boise VA, through shared faculty funding and student research training support. In addition, WWAMI faculty earned $4 million in new funding from NIH, to advance biomedical research in infectious and genetic diseases.

1. This is the national ratio of in-state applicants per admitted students (2010)
2. U.S. Pass Rate
3. The target is 50% interest in rural training experiences
4. This is the national return rate for all medical schools in the U.S.
5. This target rate is per WWAMI mission
Vision:
The Idaho State University Family Medicine Residency (ISU FMR) envisions a clinically rich residency program; graduating courteous, competent, rural physicians.

Mission:
ISU FMR is committed to interdisciplinary, evidence-based care and service to our patients and community; university-based education of residents and students; and recruitment of physicians for the State of Idaho.

Values:

PROFESSIONALISM – We adhere to the highest level of professionalism in our relationships with our patients, staff and colleagues

COMMUNICATION – We aspire to clear, open communications with each other and our patients; and to precise, well-formatted presentation of medical information to other physicians

QUALITY – We continually seek ways to analyze and improve the quality of care provided to our patients, and to fulfill the published criteria of excellence in residency education.

COLLEGIALITY – As medical educators and learners we coordinate education and care with colleagues from a wide range specialties and health professions.

INNOVATION – We espouse current innovations in primary health care including electronic record keeping and communication, and the Patient Centered Medical Home Model.

ACCOUNTABILITY – We are accountable to ourselves and to our sponsors for the financial viability of the residency and the efficiency of the department.

RESPONSIBILITY – We take responsibility for our actions and work to improve patient care through excellence in medical education.

RESPECT – We demonstrate respect for each other and those with whom we interact. We remain courteous in our interactions and in respecting diversity. Even if we disagree, we do so with both civility and a desire to reach mutually beneficial solutions.
JUSTICE – We believe all patients have a fundamental right of access to appropriate health care. We advocate for our patients and assist them in navigating through the health care system.

BENEFICENCE – Primum non nocere. Patients will not be harmed by our care. Resident education will not be abusive or excessive in work hours or disrespectful of personal needs.

AUTONOMY – We respect a patient’s right to decide their health care, and to information to assist in the decision making process.

GOAL 1: Access – Recruitment of physicians for Idaho
Objectives for access:
   a. Work with Portneuf Medical Center to establish collaborative hospitalist program
      - Performance measure:
         - Integration of hospitalist and residency services
      - Benchmark:
         - Complete shared attending supervision: 24 weeks / 28 weeks.
   - Uniform standards of care including core measures.
   b. Start the new rural training track (RTT) in Rexburg
      - Performance measure:
         - Interview and enter match for the RTT
      - Benchmark:
         - Match RRT residents
   c. Expand first-year class to 7 residents and total residency size to 21 to fill Rural Training Track
      - Performance measure:
         - Number of residents
      - Benchmark:
         - Overall number of residents will increase
   d. Structure the program so that 50% of graduates open their practices in Idaho
      - Performance Measure
         - Number of graduates practicing in Idaho
      - Benchmark:
         - 50% of graduates practicing in Idaho

GOAL 2: Quality – Sustain and continuously improve medical care for Idaho citizens through education, quality improvement, and clinical research
Objectives for quality:
   a. Develop additional pediatric training opportunities with FMRI in Boise at St. Lukes.
      - Performance measure:
         - Number of pediatric rotations
GOAL 3: Efficiency – improve long-term financial viability of the department/residency program

Objectives for efficiency:

a. Identify the best operational and financial structure to maximize funding streams and clinical revenues
   
o Performance measure:
   - Identify residency structural change for the clinic to become a New Access Point for Health West.
   
o Benchmark:
   - Integration of Health West and Pocatello Family Medicine

b. Transition residency program through change in ownership and administration of Portneuf Medical Center (PMC)
   
o Performance measure:
   - Level of support from PMC for ISU Family Medicine
   
o Benchmark:
   - No reduction in financial and programmatic support

c. Increase GME reimbursement
   
o Performance measure:
   - GME dollars reimbursed through cost report
   
o Benchmark:
   - Number of resident FTEs reimbursed

External Factors (beyond control of the ISU Department of Family Medicine)

a. Hospitalist program is dependent on financial support from PMC. The integration of the hospitalists and residency services is dependent on PMC/ISU affiliation.

b. For the rural training track RTT to move forward, Madison Memorial Hospital must have adequate financial resources. As of January 2010, Madison has postponed its financial commitment to the RTT. As of March 2013, Madison Memorial has a new CEO and is able to contemplate the local financial support. A new site director is being appointed and maintenance of accreditation being pursued to allow late implementation.

c. Applicant interest in the ISU FMR Rural Training Track.

2. Quality – Sustain and continuously improve medical care for Idaho citizens through education, quality improvement, and clinical research.
   a. Availability of pediatric training in Boise
   b. National criteria of a Patient Centered Medical Home.
   c. External research funding opportunities.

3. Efficiency- Improve the Long-term financial viability of the department/residency program.
   a. New Access Point funding
   b. Medicaid interim rate
   c. The policies of Legacy are critical to the long term viability of the residency programs that are housed in PMC.

Strategic Planning – Mid-term (3-5 years)
The ISU Department of Family Medicine has defined mid-term (3-5 years) and long-term (6-10 years) strategic planning components some of which are outlined below.

GOAL 1: Access – Recruitment of physicians for Idaho
Objectives for access
1. Expand core residency program to 8-7-7 with two residents in RTT
   o Performance measure:
     ▪ Number of residents
   o Benchmark:
     ▪ Increased number of residents

2. Start a rural & international academic fellowship program
   o Performance measure:
     ▪ Number of fellows
   o Benchmark:
     ▪ Increased fellows

GOAL 2: Efficiency – Improve long-term financial viability of the department/residency program
Objectives for access
1. Develop collaborative and supportive affiliation with Health West.
   o Performance measure:
     - Completion of joint budgeting process
   o Benchmark:
     - Meeting joint budgetary goal

2. Develop collaborative and supportive affiliation with PMC.
   o Performance measure:
     - Completion of affiliation agreement with agreed ongoing support.
   o Benchmark:
     - Dollar amount of financial support
Strategic Plan
2014-2018

Background:
The Idaho Small Business Development Center (Idaho SBDC) was established in 1986 as part of a nationwide network created to improve for the success of small businesses. The U. S. Small Business Administration, the State of Idaho, the hosting institutes of higher education, and private donations fund the organization.

The Idaho SBDC network includes business consultants, trainers, support staff and volunteers that operate from the state’s colleges and universities. Boise State University’s College of Business and Economics serves as the host with administrative responsibility for directing the type and quality of services across the state. Six Regional offices are funded under sub-contracts with their host institutions. The locations result in 90% of Idaho’s businesses being within a 1 hour drive:

1. North Idaho College - Coeur d’Alene
2. Lewis-Clark State College - Lewiston
3. Boise State University – Boise and Nampa
4. College of Southern Idaho - Twin Falls
5. Idaho State University - Pocatello
6. Idaho State University - Idaho Falls

Services include confidential one-on-one consulting and focused training. Staff members are very involved in the business and economic development efforts in their areas and; therefore, are positioned to respond rapidly to the changing business environment.

Mission:
To enhance the success of small businesses in Idaho by providing high-quality consulting and training.

Vision:
Idaho SBDC clients are recognized as consistently outperforming their peers.

Tag Line:
Directions, Solutions, Impact

Operating Principles:
Service is the primary product of the Idaho SBDC. Creating and maintaining a high standard of service requires a commitment to four principles:

1. Focus on the Client: The very future of the Idaho SBDC program depends on creating satisfied clients. To this end, each client contact must be considered an opportunity to focus on client needs and desires. Responding quickly with individual attention to specific and carefully identified client needs, then seeking critical evaluation of performance are standard processes followed with each client and training attendee.

2. Devotion to Quality: Providing consulting and training through a quality process and constantly seeking ways to improve that process are necessary to providing exceptional service. Fostering teamwork, eliminating physical and organizational barriers that separate
people, establishing long-term relationships with partners and encouraging all to participate in quality improvement are some of the actions that demonstrate devotion to quality.

3. Concentration on Innovation: To innovate is to improve through change. Staff members constantly seek ways to improve methods and processes and assume a leadership role in trying new approaches to serve clients. Regular performance reviews, participation in related organizations, and attending professional development workshops are some of the ways that innovation is supported.

4. Commitment to Integrity: The Center values integrity and will conduct all of our services in an ethical and consistent manner. We will do our best to provide honest advice to our clients with our primary motivation to be the success of the business. In return, we also expect our clients to be straight forward and share all information necessary to assist them in their business.

Priorities:
The Idaho SBDC will focus on the following priorities:

1. Maximum client impact – While the SBDC provides services to all for-profit small businesses, it is clear that a small percentage of businesses will contribute the majority of the impact. Improving the ability to identify impact clients, develop services to assist them, and create long-term connections will increase the effectiveness of the Idaho SBDC.

2. Strong brand recognition – The Idaho SBDC remains unknown to a large number of businesses and entrepreneurs, as well as stakeholders. A consistent message and image to convey the SBDC value in conjunction with systematic marketing are necessary to raise the awareness of the SBDC value to both potential clients and stakeholders.

3. Increased resources – Federal funding remained level from 1998 until 2007 resulting in a very lean operating budget and loss of several positions. A slight increase was received for 2008 however; additional resources – both cash and in-kind – are necessary to have an impact on a greater portion of small businesses and entrepreneurs.

4. Organizational excellence – The Idaho SBDC is in the top 10% of SBDCs on all impact measures, is consistently one of the top 5 states on the Chrisman impact survey, and received accreditation in 2009 with no conditions. The organization must continually improve to maintain this excellence.

Market Segments:
The small business market served by the Idaho SBDC can be divided into three segments. With limited resources and the knowledge that in-depth, on-going consulting gives greater returns, the focus is on Segment 3 – high impact clients. The Idaho SBDC Marketing Plan contains additional information on state demographics and how these segments fit into the overall plan.

Segment 1:
Pre-venture – These potential clients are not yet in business. They will be assessed for the level of effort already put into the venture. Entrepreneurs who have not moved beyond the idea stage will be directed to a variety of resources to help them evaluate the feasibility of their idea. They will need to take further steps before scheduling an appointment with a consultant. These pre-venture clients will be less than 40% of the total clients and will receive 25% or less of consulting services. A small segment of these clients will be designated as high impact potential clients (Segment 3).

Segment 2:
Established businesses – This segment has already established a business. A consultant will meet with them to evaluate their needs and formulate a plan to work together. The majority of businesses in this category will have 20 employees or less. Over 60% of Idaho SBDC clients and over 75% of consulting time will be spend on clients in this category. This segment will also contain some businesses that will be designated as high impact potential (segment 3).
Segment 3: Impact clients – This segment is composed of businesses with the potential to grow sales and jobs. It is further divided into those with expected short-term impact and those that are considered long-term growth clients. These businesses will receive focused long-term services and coaching and be tracked separately in the MIS system with a goal of spending at least 40% of time on these clients.

Segment 4: Export and Technology clients – Focus is on these segments because exporting brings wealth into the state and technology companies tend to create higher paying jobs. Cross network teams have been created to assist these clients. Export companies are typically existing businesses while tech companies can occur in either pre-venture or existing business segments.

Success: Success is defined as a client achieving the best possible outcome given their abilities and resources. Success does not necessarily mean that the business will start or that there will be increases in capital, sales, and jobs. For some clients, the best possible outcome is to decide not to open a business which has a high likelihood of failure. Preserving capital can be success in some situations. There may also be circumstances that cause a client to choose to limit the growth of their business. It is important to recognize the clients’ goals, help them understand their potential, and then jointly identify success.

Allocation of Resources: The Idaho SBDC shifts resources as appropriate to achieve the goals of the Strategic Plan. Lean budgets have prompted shifting financial resources from operating to personnel to assure that Idaho small businesses receive the same level of service. Currently, the operating budget for the Idaho SBDC is at what is considered a floor for supporting existing personnel and offices. The annual budget for the Idaho SBDC is distributed as follows:

- Personnel = 71% of total budget, 90% excluding indirect costs
- Operating (travel, consultants, supplies, etc.) = 8% of total budget and 10% excluding indirect costs
- Indirect costs = 21%

Increases in funding will be directed toward client assistance. Reduction in funding will favor minor reductions in employee hours versus eliminating positions.

In addition to financial constraints, the Operations Manual sets a policy for allocation of time as 60% consulting, 20% training, and 20% administrative. Milestones for each center and minimum hours for consultants and regional directors are based on the time allocation. To maintain service at the existing level, operate within the financial constraints, and meet the time allocation policy, the Idaho SBDC focuses on shifting personnel resources to achieve strategic plan goals. For example, to shift the focus to high impact clients, requests for assistance from pre-venture businesses are shifted to training and web resources to free up consulting time. The SBDC will continue to use this model for distribution of resources to achieve the strategic plan goals as long as a constraint remains on operating resources.

Needs: In the statewide survey – three areas were identified as top client needs Idaho SBDC:

- Access to capital
- Marketing
- Health care insurance
- Business model
- Mobile apps and tools

These topics will be the incorporated into training courses and professional development for consultants.

Goals and Objectives:

**Maximum Client Impact**

**Goal 1**: Maintain Idaho SBDC client sales and employment growth at 8 times the growth of the average Idaho small business.

**Objective 1.1**: Proactively manage impact clients.

**Performance Measure**: Hours devoted to impact clients

**Benchmark**: 40% by December 2014.

**Objective 1.2**: Create and implement a systematic process for collecting and verifying impact.

**Performance Measure**: Percent of impact verified

**Benchmark**: 100% of impact verified by 2014.

**Objective 1.3**: Expand and integrate export assistance into the network.

**Performance Measure**: Collaborate with the International Business program to develop student projects for clients.

**Benchmark**: 5 student projects per year.

**Objective 1.4**: Create a systematic process for assisting technology-based clients.

**Performance Measure**: Obtain technology accreditation by July 2015.

**Benchmark**: Decision

**Performance Measure**: Use statewide Tech Team to assist technology companies.

**Benchmark**: 100 companies
Strong Brand Recognition

Goal 2: Increase brand awareness with stakeholders and the target market.

Objective 2.1: Develop and implement a process for systematically communicating our impact and our success with stakeholders.
Performance Measure: Distribute success stories
Benchmark: Quarterly

Objective 2.2: Increase articles, posts, etc. in the media
Performance Measure: Increase media impressions
Benchmark: 20% increase in media impressions for 3 years

Objective 2.3: Increase website usage by 20% by 2014.
Performance Measure: Update website
Benchmark: Increase website usage by 20% by December 2014.

Increase Resources

Goal 3: Increase funding to the Idaho SBDC by $300,000 and student/volunteer resources to 6,000 hours.

Objective 3.1: Seek additional state funding increase for FY16.
Performance Measure: Line item request
Benchmark: $300,000 funding for 100 jobs, $2,000,000 in client capital

Objective 3.2: Use students, faculty, volunteers and other experts to supplement SBDC consulting and provide additional resources for clients.
Performance Measure: # students projects, # volunteer hours
Benchmark: Minimum of 10 student projects or 500 volunteer hours per year per office.

Organizational Excellence

Goal 4: The percentage of Idaho SBDC clients’ impact to the total national impact is greater than Idaho’s percentage of SBA funding.

Objective 4.1: Integrate the highest standards and systems into day-to-day operating practices to achieve excellence on all reviews and meet goals.
Performance Measure: Achieve highest rating and/or meet goals for SBA exam, program reviews, Accreditation, SBA goals, etc.
Benchmark: Highest rating

Objective 4.3: Achieve 90% participation of the Advisory Board members in scheduled meetings.
Performance Measure: Communicate regularly with Advisory Board by sending monthly critical measures, success stories and updates on significant events.
Benchmark: 90% participation

External Factors

The items below are external factors that significantly impact the Idaho SBDCs ability to provide our services and are outside of our control.
1. **Economy.** The general state of the economy in Idaho and across the nation has a huge impact on the Idaho SBDC’s ability to create impact through our assistance to entrepreneurs. The Idaho SBDC has observed that businesses that use our services do much better in poor economic times than does the average business in Idaho. The recent economic downturn has highlighted how challenging it is to grow sales, increase jobs, raise capital, and start a new business.

2. **Funding.** Funding for Federal, University and State sources directly impact the resources available to the Idaho SBDC. Without the financial resources available to hire and retain the right people and provide them with resources (phone, computers, etc), it will be challenging to serve Idaho’s entrepreneurs effectively.

*The benchmarks (goals) are developed with data from other SBDCs, the SBA, and from our accrediting organization.
Idaho Dental Education Program

STRATEGIC PLAN

2015-2019
MISSION STATEMENT

The Mission of the Idaho Dental Education Program is to provide Idaho residents with access to quality educational opportunities in the field of dentistry.

The Idaho Dental Education Program is designed to provide Idaho with outstanding dental professionals through a combination of adequate access for residents and the high quality of education provided. The graduates of the Idaho Dental Education Program will possess the ability to practice today’s dentistry. Furthermore, they will have the background to evaluate changes in future treatment methods as they relate to providing outstanding patient care.

The Idaho Dental Education Program is managed so that it fulfills its mission and vision in the most effective and efficient manner possible. This management style compliments the design of the program and provides the best value for the citizens of Idaho who fund the program.

GOALS OF THE IDAHO DENTAL EDUCATION PROGRAM

The Idaho Dental Education Program (IDEP) serves as the sole route of state supported dental education for residents of Idaho. The IDEP program has been consistent in adhering to the mission statement by fulfilling the following goals:

Goal 1: Provide access to a quality dental education for qualified Idaho residents.

Objective:
Provide dental education opportunities for Idaho residents comparable to residents of other states.

- **Performance Measure:**
  - Contract for 4-year dental education for at least 8 Idaho residents.

- **Benchmark:**
  - Current contract in place with Creighton University School of Dentistry or another accredited dental school.

- **Performance Measure:**
  - Board examination scores on both Parts I and II of the Dental National Boards.

- **Benchmark:**
  - Pass rate will meet or exceed 90%.

- **Performance Measure:**
  - Percentage of first time pass rate on the Western Regional Board Examination or Central Regional Dental Testing Service.

- **Benchmark:**
  - Pass rate will meet or exceed 90%.
Provide additional opportunities for Idaho residents to obtain a quality dental education.
  ◦ **Performance Measure:**
    ▪ Number of students in the program.
  ◦ **Benchmark:**
    ▪ Increase the number of students in the program from 8 to 10.

**Goal 2: Maintain some control over the rising costs of dental education.**

Objective:
Provide the State of Idaho with a competitive value in educating Idaho dentists.
  ◦ **Performance Measure:**
    ▪ State cost per student.
  ◦ **Benchmark:**
    ▪ Cost per student will be less than 50% of the national average state cost per DDSE (DDS Equivalent). The cost per DDSE is a commonly utilized measure to evaluate the relative cost of a dental education program.

**Goal 3: Serve as a mechanism for responding to the present and/or the anticipated distribution of dental personnel in Idaho.**

Objective:
Help meet the needs for dentists in all geographic regions of the state.
  ◦ **Performance Measure:**
    ▪ Geographical acceptance of students into the IDEP program.
  ◦ **Benchmark:**
    ▪ Students from each of the 4 regions of Idaho (North, Central, Southwest, and Southeast) granted acceptance each year.
  ◦ **Performance Measure:**
    ▪ Return rates.
  ◦ **Benchmark:**
    ▪ Maintain return rates of program graduates in private practice which average greater than 50%.

**Goal 4: Provide access for dental professionals to facilities, equipment, and resources to update and maintain professional skills.**

Objective:
Provide current resources to aid the residents of Idaho by maintaining/increasing the professional skills of Idaho Dentists.
  ◦ **Performance Measure:**
Continuing Dental Education (CDE).

Benchmark:
- Provide continuing dental education opportunities for regional dental professionals when the need arises.

Performance Measure:
- Remediation of Idaho dentists (if/when necessary).

Benchmark:
- Successfully aid in the remediation of any Idaho dentist, in cooperation with the State Board of Dentistry and the Idaho Advanced General Dentistry Program, such that the individual dentist may successfully return to practice.

KEY EXTERNAL FACTORS:

Funding:
Most Idaho Dental Education Program goals and objectives assume ongoing, and in some cases additional, levels of State legislative appropriations. Availability of these funds can be uncertain. Currently with State budget reductions that specifically impact our program, the goal to increase the number of available positions within the program from 8 to 10 is not feasible, but this will remain a long-term goal for the program.

Program Participant Choice:
Some IDEP goals are dependent upon choices made by individual students, such as choosing where to practice. Even though this is beyond our control, we have had an excellent track record of program graduates returning to Idaho to practice.

Idaho Dentist to Population Ratio
The more populated areas of Idaho are more saturated with dentists, making it difficult for new graduates to enter the workforce in these areas. With this in mind, we have still seen a good percentage of program graduates return to Idaho to practice.

Educational Debt of Graduates
The average educational debt of IDEP graduates continues to increase each year (for 2012 it was $186,385). This amount of debt may limit graduates to more urban areas of practice initially.

Student Performance
Some of the goals of the program are dependent upon pre-program students to excel in their preparation for the program. However, we have not encountered difficulty in finding highly qualified applicants from all areas of the State.
Idaho Museum of Natural History
Strategic Plan Revision
2014-2019

Herbert Maschner, Director
Idaho Museum of Natural History

Idaho State University
Pocatello, ID 83209
Phone: 208-282-5417
E-mail: maschner@isu.edu
Dear Fellow Idahoan:

I present to you a five-year vision — a strategic plan — for the Idaho Museum of Natural History (IMNH). The plan outlines how we will build on the museum’s accomplishments in researching, preserving and sharing the story of Idaho’s natural and cultural history. It also takes us toward a new frontier: development of a “virtual” museum that uses the Internet to mitigate the challenges of Idaho’s geography and extend the benefits of the museum to all.

The plan puts substantial focus on important issues that impede our ability to fulfill the museum’s legislated mandate. Among those issues are funding, and the inadequacy of our current building. The overriding goal for the next five years, however, is increasing access to the research and educational benefits we offer not only to the people of Idaho, but to people around the world.

Various Internet-driven technologies make it possible now to deliver IMNH research and educational programs to students, educators, families, scientists and others wherever they live, learn and work. A “virtual visit” is no substitute for a personal visit to our exhibitions and collections. Yet we are acutely aware that personal visits to our facilities in Pocatello aren’t possible for many of the people we are obligated to serve. The Internet empowers us to bring the museum to them.

This is an ambitious plan, and the challenges we face in achieving its goals are formidable. Yet we are inspired by the determination of a few professors and community leaders to establish this museum during the depths of the Great Depression. They looked beyond the difficulties of their time, and saw what a museum could do for the generations to come. They saw opportunities when it was reasonable to see only obstacles. We are committed to doing no less.

The Idaho Museum of Natural History has been at the forefront of science education in Idaho for more than 75 years. This strategic plan reflects opportunities to build on that legacy. It is a pathway with obstacles to overcome, but the destination is worthy. Please join me on the journey ahead.

Sincerely,

Herbert Maschner, Ph.D.
Director, Idaho Museum of Natural History

Moving forward
Idaho Museum of Natural History

Introduction

The Idaho Museum of Natural History (IMNH) is the state’s premier institution of its kind for discovering, interpreting, preserving and disseminating knowledge in the core disciplines of Natural History. These include:

**Earth Sciences and Ancient Environments**
- paleontology
- rocks and minerals
- earth history

**Life Sciences and Ecosystems**
- botany
- mammals, birds, fish and reptiles
- ecosystems and adaptations

**Peoples, Cultures, and Ancient Lifeways**
- anthropology
- archaeology
- human ecology

Accredited by the American Association of Museums, IMNH operates under the auspices of the State Board of Education from the campus of Idaho State University, a doctoral-level and Carnegie-designated “research high” university in Pocatello. The university provides substantial support, advocacy and supervision. This is a mutually beneficial and supportive relationship that facilitates museum engagement with students, faculty, K-12 educators and other important constituents locally, statewide and around the world.

Our four divisions -- anthropology, earth sciences, life sciences and education -- operate in facilities that include classrooms, research laboratories, artifact and fossil preparation laboratories, storage for permanent collections, and an exhibition fabrication shop. The museum houses an exhibition gallery, the Idaho Virtualization Laboratory, curator offices, and research areas for students and visiting scientists. There also are administrative offices, the Education Resource Center, Children's Discovery Room and the Museum Store.

Through a range of opportunities for learning and enrichment, we reach out continually to diverse constituencies, from K-12 and graduate students to higher-education faculties and field researchers.
Our roots
The museum is rooted in Idaho's higher-education system. A group of forward-looking professors and community leaders founded it in 1934 as the Historical Museum at the Southern Branch of the University of Idaho — today's Idaho State University. In 1977, Gov. John Evans signed a proclamation designating IMNH as Idaho's museum of natural history; in 1986 the Legislature made the proclamation law.

Our mission
We are caretakers of Idaho's natural and cultural history. Our legislative mandate is the collection, interpretation and exhibition of artifacts, fossils, plants and animals in educational ways. Our goal each day is to enrich the lives of the people of Idaho through understanding of our natural heritage.

We use science to tell the story of Idaho. Through scholarship, stewardship and outreach, we add new knowledge to past discoveries and make what we learn accessible to all for benefits we may not foresee. We answer questions about our world and raise new ones, always nurturing humankind's yearning to know more.

Our vision
The Idaho Museum of Natural History strives to make science and cultural history accessible, relevant and meaningful. We aspire to democratize science, that is, to make our research and knowledge portfolios more broadly accessible through measures that will mitigate the limitations of brick-and-mortar facilities.

We see existing and emerging information technologies as tools that will enable us to overcome logistical, geographic and financial barriers to learning. There is no substitute for a leisurely afternoon spent among our exhibits, which the public can visit free of charge. Yet there is a new frontier: bringing Idaho’s museum to the people wherever they live, work and learn.

In this spirit, our staff is eager to augment our physical facilities in Pocatello with Internet-driven tools that will help us deliver the scientific, educational, cultural and economic benefits of this institution to its stakeholders wherever they are.

We work each day at IMNH to expand our contribution to Idaho as a productive research and education resource for the State and region. We are committed to being efficient and innovative in work that fulfills our mandate. So over the next five years IMNH will focus on making the benefits of our work known and available to all.

We will accomplish this through the following means:
• scholarship, exhibitions and educational programs
• partnerships and fundraising
• outreach, lectures and symposiums
• information technologies

IMNH today
The Idaho Museum of Natural History has never been just a storehouse of artifacts and exhibits. While it is indeed a steward of important artifact collections, it also is a research and education institution.

IMNH Director Herbert Maschner, Ph.D., successfully negotiated an affiliation with the Smithsonian. He negotiated MOUs with the National Park Service and the Smithsonian. He received over $2.1 million in grants and donations. He was inducted as a Fellow of the American Association for the Advancement of Science in 2013.

Curator Rick Williams, Ph.D., is one of the leaders in the development of The Consortium of Intermountain Region Herbaria (CIRH), which is seeking to “virtualize” herbaria of the Intermountain West by putting 3 million plant specimens online. That will provide access to researchers globally.

Curator Leif Tapanila, Ph.D., recently received more than $200,000 from the National Science Foundation for the Alamo Impact Project, a study of a Devonian Period meteor impact event in southern Nevada. This project will study the effects of that event on geology and on invertebrate life. The IMNH will work on developing and designing the website for the project, and will do public outreach through teacher workshops and other activities.

The following are further examples of research projects in which IMNH is involved:

• New discoveries of ice-age fossil tracks and trackways at American Falls Reservoir will provide critical details about life on the Snake River Plain more than 35,000 years ago.

• A study of stable isotopes of small mammals as indicators of climate change on the Snake River Plain is using new technologies to analyze bones from archaeological sites as a measure of environmental changes so that we might better understand the global changes occurring today.

• Ecological and genetic studies of Rocky Mountain plant reproduction and ongoing additions of plant specimens from throughout the Rocky Mountain West to track plant biodiversity in the region.

• We are using archaeometric techniques to identify the sources of obsidian artifacts from southeastern Idaho’s Wasden Site, and other sites across the region. Elementa
composition of obsidian artifacts and the source flows from where the raw obsidian was collected, are helping us learn about Native American trade, migration and land use.

- Further investigation of Helicoprion sharks, found in the fossil beds of the modern mines in southern Idaho, is transforming understanding of the evolution of sharks. This rare species of shark is completely unknown in the modern oceans and is critical to our understanding of life in the Permian Period.

- Digitization of the Life Sciences Project, which is creating a new database structure; development of a digital-image library; and development of online visual keys to plants of the region. This will include online specimen records and images with capabilities to map distributions, produce dynamic species lists, and multi-entry keys to plants of the Intermountain West -- critical to all studies of landscape change and the effects of both people and climate on ecosystems.

- Equine Navicular Syndrome, an incurable lameness in modern horses traditionally thought to be caused by humans, has now been found ago in the fossil horses of Idaho dating to over 3.5 million years ago. This discovery is changing our views of this pathology in modern horses.

- Studies of the ancient invertebrates of Grand Staircase-Escalante National Monument are leading to new interpretations of environmental changes through comparisons between ancient ecosystems and the modern world.

IMNH-related research and education projects are being conducted by educators and scientists from around the world. These projects range from the Idaho Master Naturalist Program and studies of ice-age mammals of North America, to research on the global extinction of dinosaurs.

This caliber of scientific work by IMNH scientists, and the professional credentials of IMNH staff, attract and nurture professional networks and knowledge. This helps open doors, raise funding and enhance the stature of Idaho State University and the museum. We are currently enhancing the museum’s professional and scientific stature by expanding the museum’s collections and research activity in three key areas:

The **John A. White Paleontological Repository** houses the largest paleontological collections in Idaho. We are expanding these collections through extensive field research, and using these collections to assist the State of Idaho in meeting new US Government regulations concerning the discovery of paleontological resources on State and Federal lands.
The **Swanson Archaeological Repository** at the IMNH currently houses and preserves archaeological collections from southern and eastern Idaho that belong to state and federal agencies. This includes hundreds of boxes containing over 300,000 archaeological specimens. These collections are growing through active field research and contractual arrangement with a number of agencies. We are further expanding the existing Swanson Archaeological Repository to store collections for federal and state agencies outside of Idaho as well.

The **Ray J. Davis Herbarium**, with a collection of nearly 80,000 plants, is expanding through a consortium of regional herbaria through grants and cooperative agreements. Students and staff are actively collecting and processing plant specimens expanding our holdings, and making possible new studies of biodiversity and range management.

Collection efforts are substantial in all other areas of the museum as well. Active expansion in ethnography, mammalogy, herpetology, and geology are making the museum a stronger research and education institution, and enhancing our National and International reputation.

**Guiding IMNH’s future**

Stakeholder groups will be central to our success over the next five years. The new **Executive Committee**, comprised of IMNH curators, is tasked with long-range planning, seeking consensus in key areas of management, and building a team approach to solving important management priorities, including budgets. **Friends of the Museum** is a community auxiliary to the museum with broad subscription membership from southern Idaho. The Friends will provide an organizing network, sponsor lectures, field trips and community events. The 16-member **Museum Advisory Committee** includes state legislators, bankers, philanthropists, mayors, and business and community leaders; it is our organizational and advisory leadership unit, providing opportunities to reach out across Idaho and the Nation.

**Goals and objectives**

**FY 2014 -- 2019**

**Goal 1**

A “virtual” museum

In this era of “virtual” participation in so many aspects of life, visiting a museum to benefit from its collections, exhibits and research no longer has to mean traveling to a brick-and-
mortar facility many miles away. Today’s Web-based multi-media communication channels — interactive websites, Web cams, blogs, HD video, YouTube, Facebook and such — make it possible to take classes or view exhibitions, collections and artifacts “virtually” from any Internet-connected device in the world. We intend to be part of this revolution by developing a “virtual museum.”

Over the years, an amalgam of circumstances — museum closures due to renovations and remodeling, the challenge of preparing exhibitions that are relevant to K-12 curricula, strained school budgets, security concerns, testing mandated by federal “No Child Left Behind” legislation, the economy, rising fuel prices — has been chipping away at school districts’ ability to accommodate student visits to the museum. In addition, high gasoline prices and Idaho’s far-flung geography have impacted other IMNH constituents as well as students.

The virtual museum concept will help us mitigate these challenges. This strategy promises to make the benefits we offer more accessible than ever before.

A milestone in achieving this goal came in September 2010. The Idaho Museum of Natural History, Idaho State University Informatics Institute and the Canadian Museum of Civilization jointly received a $1 million grant from the National Science Foundation. This grant will bolster efforts to further develop an online, interactive “virtual museum” of northern animal bones. The title of the grant is “Virtual Zooarchaeology of the Arctic Project (VZAP): Phase II.” Combined with an additional Technology Incentive Grant from the State Board of Education for $135,000, the NSF award enabled us to develop a virtual Idaho natural-history program — the foundation in developing a plan to provide online access to all of our collections for all of our audiences.

In 2012-2013, a $600,000 gift (5 year award) from the Hitz Foundation, followed by a $300,000 award from the National Science Foundation, continued this effort to create a virtual museum. In 2013, a $266,000 award from the Murdock Trust was awarded to improve the informatics reach of the museum and continue the virtual museum project.

**Objective: Design, deploy and manage a “Virtual Museum”**

We will accelerate development of a virtual museum that will use digital technology to make our collections, exhibitions and other resources available to learners, educators and researchers online and on demand.

Our virtual museum will be a key tool for overcoming the growing challenges involved in making physical visits to our gallery and activities. It will help spread awareness of and access to the benefits of our work, including research and educational programs.
We will strive to have the entire museum collection online and accessible from anywhere in the world, in the next five years. This will require considerable funding from outside resources. We will immediately begin writing grant proposals to U.S. government agencies and philanthropic foundations in order to begin implementation of the Virtual Museum.

Goal 2

Adequate staffing

The museum currently serves the entire State of Idaho — and to a degree the Intermountain West — with fewer than eight (8) full-time-equivalent (FTE) positions. We rely as well on five (5) part-time employees. In academic year 2013-2014, we had 26 student employees.

Until academic year 2008-2009, IMNH’s functions and outreach were limited by inadequate staffing across divisions and in central administration. Efficient reorganization has provided positions necessary for expanded research and collections oversight.

Additional staff is required, however, because the needs and expectations of our expanding constituent base are evolving and expanding just as state funding is declining.

Objective: Additional museum professionals

To perform our expanding professional functions effectively, we will seek funding for additional staff according to the following priorities: Position Number 2 below was funded by the ISU administration on a short-term basis. We have made no progress in the other critical positions.

1. Development officer to help secure major financial gifts. This is the key missing link in the advancement of the IMNH.

2. An information-technology specialist to manage and maintain a database for the virtual museum; and to establish and maintain an interactive, multimedia IMNH Web presence. Currently funded by Idaho State University

3. An exhibit design technician and gallery manager to support our public-outreach mission and assist in delivering high-quality educational programs and exhibitions that reflect current best practices.

4. A professional conservator to ensure adequate care of collections.

5. Professors to work as curators and division leaders in each of the four IMNH divisions. Especially a Curator of Anthropology.
To achieve our immediate goals, we will propose to the State of Idaho an IMNH funding increase to hire a development officer. But we also fully recognize that we cannot “hire” our way to fulfillment of the museum’s complete mission. So we will rely to a significant degree on an energized museum membership drive to gain access to essential human and financial resources. We also recognize that managing volunteer staff will require time and energy from full-time staff.

Goal 3

Upgrade collections functions

IMNH houses more than 500,000 natural and cultural objects. These irreplaceable items are central to our research, exhibitions and educational work. They must be properly prepared, inventoried, preserved and stored following current best practices. As we become increasingly active in research, educational programs and exhibitions at locations beyond the museum building, we must deploy a secure internal system to track and manage our collections.

Objectives:

- We will purchase and deploy new storage systems that will help us make more efficient use of collections storage space. We will seek capital improvement funds to meet our storage and curation needs by implementing a $500,000 campaign for storage systems. We have applied for grants in 2013 to meet this need.

- The museum will update collection-management policies and procedure manuals. To do so, we have begun the process of hiring a new museum Registrar, who will be an experienced leader in museum regulations and best practices.

- We will complete development of a digital collections database for each division. To accomplish this, collections managers have begun training initiatives, and have been creating new database systems to enhance management of their collections. Implementation is in collaboration with the Informatics Research Institute at Idaho State University.

- We shall begin writing proposals to complete a conservation assessment of the museum, which will be done by a team of experts from other institutions. This will specifically define the conservation needs of our collections and make it possible to secure further grants to match those needs. Based on this assessment, we will create a conservation plan for each division.
Goal 4

Increase funding

Working through our regional Museum Advisory Committee, Friends of the Museum and other partners, we will be even more proactive in developing research grants, philanthropic and membership-based funding streams independent of State appropriations.

Objective: An endowment
Key to fulfilling and sustaining the museum’s mission for the long term will be establishment of an endowment founded on one or more major philanthropic gifts. To accomplish this goal in an era of declining public funding for higher education will require the continuing services of a professional development officer.

We will employ a number of tactics: events, outreach, marketing and communication initiatives, and opportunities to name facilities after philanthropists who support our mission with major gifts.

Objective: Research and stewardship grants
Competitive research grants from entities such as the National Science Foundation are a major source of funding for every higher-education institution. Such funding helps fund not only scholarship, research and stewardship of collections, but it also helps fund staff positions, faculty, even equipment and operating costs. The Idaho Museum of Natural History must be competitive, energetic and entrepreneurial in identifying and pursuing appropriate opportunities. And we shall be.

In 2012-2014, the IMNH secured nearly $300,000 in donations for remodeling and for exhibits.

Objective: A gift-funded travel and research fund
We will seek philanthropic support to establish and sustain a fund to support approved research projects that advance the museum’s core functions.

In 2014, the IMNH received some funds for travel form the Hitz Foundation.
Goal 5
Develop and support programs for K-12, higher-education and the general public

IMNH collections have been used for paleontological research leading to master's and doctoral degrees, and in scholarly research related to Doctor of Arts degrees.

Much of what we do, however, is for the benefit of K-12 education. Since 1990, more than 36,150 K-12 students have come through our doors. We also have long provided a number of popular, informal science-education programs that enrich learners of all ages and backgrounds — school and community groups, individuals and families alike — through direct experience with science.

Among these programs are:

- **Pint-Sized Science Academy**, an early childhood science-learning opportunity
- **Science Trek**, an overnight adventure at the museum for children in the third through fifth grades
- **Forays into the Field**, a unique week-long science experience for young women in junior and senior high school; and
- **Science Saturdays**, a special series of hands-on classes for elementary-age students.

We offer tools to educators through the Education Resources Center. We've also received significant extramural funding for innovative projects designed to get science resources to K-12 and university educators. Among these are online educational resources such as: “Digital Atlas,” “Idaho Virtualization Lab,” “Fossil Plot” and “Bridging the Natural Gap.”

The museum’s local partnerships, as well as its associations with Idaho State University faculty and students, enable each group to be mutually supportive.

To sustain and build on these successes in a cost-effective manner, the museum must build infrastructure that enables planning for efficient and effective expansion of educational programs.

We hope that by more effectively aligning our exhibits and educational programs with Idaho's K-12 curriculum, we will improve the relevance of our work to the K-12 system. We see our “virtual museum” initiative doing a great deal to mitigate the access issues schools face today as well.
Personal visits will remain a cornerstone of the IMNH experience, so we are developing a long-term exhibit plan to ensure thematic continuity and regular rotations. An exhibition gallery that emphasizes research and education is a critical museum centerpiece.

Efforts are underway to bring parents and other adults back to the museum experience. An important obstacle to filling classes for adults is communicating the availability of adult classes for the public. Overcoming this will require a strong communications person and communications plan, based on efficient contemporary tactics and tools, to “get the word out.” Through granting and fund-raising we will work towards the following objectives.

**Objectives:**
- Maintain on-site visitation by students at an average of 8,000 per year by including exhibits that are relevant to K-12 curricula; providing appropriate outdoor accommodations for classes and families; making classrooms more accessible to adult learners; equipping classrooms with computers, Smartboards, digital projectors, DVD players, conferencing capabilities and other learning tools.
- Establish a Career Path Internship Program for 10 students each summer
- Create graduate-student assistantships to aid in program development and delivery.
- Build an interactive, multimedia website to connect self-learners with a rich array of science-education resources and experiences.
- Develop a Museum Store business plan to ensure success of store activities, including coordination of educational programming, a successful museum E-Store, and effective sales of IMNH and other relevant publications.

**Goal 6**

*Improve communications and marketing*

The Idaho Museum of Natural History is mandated to serve all of Idaho, yet for a variety of reasons it can seem most closely associated with only one of Idaho’s four-year higher education institutions — Idaho State University — and only one geographic region, southeastern Idaho. Geography explains much of that. Employing contemporary marketing and communications tools and tactics will help us strengthen our image and role as a statewide resource.

To raise the stature of our staff, our work and Idaho’s museum — which will strengthen our case for research funding and philanthropic support — we will tell our story more
effectively. That will require staff skilled in crafting and projecting communications that
alert, inform and persuade targeted audiences. Key to meeting these objectives is the hiring
of a development specialist; but in the meantime, we will begin many of these activities using
a dedicated part-time staff of student employees.

Objectives:

● We will develop a media-relations strategy to generate positive publicity.

● The museum will improve two-way communications with K-12 educators to increase
their awareness of the opportunities we offer, and our awareness of ways to make
exhibitions and programs relevant to their needs.

● Implementation of a communications plan will be undertaken to raise general-public
awareness of museum educational programs, leading to increased enrollment.

● We will offer online virtual tours of the museum and its exhibitions. Digital video
technologies will be use to deliver lectures and workshops online.

● Partnerships will help us develop an interactive site where students can ask questions
and receive authoritative answers.

● We will place IMNH news and feature stories on the IMNH website, in ISU
Magazine and other channels, and we will publish a “viewbook” (print and digital)
illustrating IMNH’s work.

● A redesign of the IMNH website will include interactive and multimedia
communication tools.

● An active social-media presence will be established to engage targeted audiences.
Included will be YouTube videos featuring IMNH subject-matter experts and
exhibits.

● IMNH staff will place exhibits at University Place in Idaho Falls, the Capitol building
in Boise and other high-profile venues to raise awareness of and interest in the
museum.

● We will evaluate resuming the IMNH publication series (Tebiwa, Miscellaneous and
Occasional Papers) in peer-reviewed online formats.
● Our outreach will spotlight IMNH research news using internal and external multimedia channels.

● We will strive to raise the public profile of our staff by encouraging them to serve as conference presenters, guest speakers and lecturers, editors of publications, and officers of relevant associations.

### Goal 7

**A new museum building**

In December 2010, we proudly reopened our renovated and revitalized exhibit area. It features a more welcoming and comfortable foyer, new and familiar displays, easier-to-read interpretive panels, improved lighting and a more open look and feel. We debuted many exhibits, including ice-age animal mounts and an exhibit on how climate change on the Snake River Plain has affected its plant and animal life. The event attracted 500 visitors; since then the museum has received thousands of visits from K-12 students and the public.

We have maximized what can be done with the former library building we occupy on the Idaho State University campus. We cannot grow and expand our services to Idaho for the long term and remain in our current building.

Our operations are confined to 35,786 square feet as follows:

- **Basement:** 15,337 sq. ft.
- **Main floor:** 15,693 sq. ft.
- **Warehouse:** 3,606 sq. ft.
- **Garden:** 1,150 sq. ft.

Participation in one of our most popular and effective programs for children, the Science Trek sleepover program, provides an example of the impact our building is having on service to our constituents. Necessary remodeling has imposed space limitations that, in turn, hold participation to 120 children. Science Trek previously accommodated up to 150 children.

Meeting spaces also have been reduced so that classroom and auditorium capacity no longer permits comfortable seating for lectures and programs with more than approximately 25 people.

We have been resourceful and adaptable in making the best of our building, yet it has never been adequate for the work of a research- and exhibit-oriented public museum that must meet the expectations of constituents and stakeholders in the 21st century.
Obstacles the current building presents include the following:

- little or no room for expansion
- overcrowded collections areas
- security, environmental, pest-management and parking issues posed by sharing facilities with other campus operations
- lack of adequate storage for exhibits and educational materials

If the museum is to maximize its benefits to Idaho and focus increasingly on well-funded research, education and public engagement, a new building — constructed specifically for museum uses — is a necessary investment.

**Objective: Plan a capital campaign for a new building**

In partnership with our advisory and stakeholder groups, we will plan the launch of a multi-year capital campaign. The campaign would raise major financial gifts for construction, maintenance and operation of a museum-centered U.S. Green Building Council LEED-certified building to be located on the ISU campus.

**Benchmarks and Performance Measures**

In the following areas of museum operations, we shall target 10 percent increases per year in each year of this plan:

- philanthropic financial gifts
- research grants and other grants
- scientific publication
- public visitation
- enrollment in public programs

</tbody>
</table>
External Factors

All external factors are based in the success or failure of finding initiatives.

Moving forward

New leadership. New tools. A new vision of how we can give the people of Idaho an even greater return on their investment in science (STEM) education. These are stepping stones in our pathway through the final quarter of the museum’s first century. The professors and community leaders who joined together during the Great Depression to establish this museum looked beyond the challenges of their day to the promise of tomorrow. Today, we commit to doing the same.
TechHelp Strategic Plan 
2015 – 2019

TechHelp Business Definition
TechHelp is Idaho’s MEP center. Working in partnership with the state universities, we provide assistance to manufacturers, food and dairy processors, service industry and inventors to grow their revenues, to increase their productivity and performance, and to strengthen their global competitiveness.
“Our identity is shaped by our results.”

TechHelp Strategic Mission Statement
TechHelp will be a respected, customer-focused, industry recognized organization with strong employee loyalty, confidence of its business partners and with the resources and systems in place to achieve the following annual results by 2018:

- 80 manufacturers reporting $100,000,000 economic impact
- 170 jobs created
- > $20,000 and < $50,000 Net Income

TechHelp Core Strategy
TechHelp will use a team-based network of experienced staff and proven partners from private industry, Idaho’s Universities and the National MEP network to develop trusted and lasting relationships with Idaho companies and communities. TechHelp will have a reputation for developing, teaching and delivering innovative processes and services that enable Idaho’s medium, small and rural companies to drive profitable growth through self-sustaining business practices.

Goal I: Impact on Manufacturing – Deliver a positive return on both private business investments and public investments in TechHelp by adding value to the customer and the community.

Objectives for Impact:
1. Offer products and workshops that meet Idaho manufacturers’ product and process innovation needs.
   a. Performance Measure:
      i. Client economic impacts resulting from projects
   b. Benchmark:
      i. Reported cumulative impacts for sales, savings, investments and jobs each improve by five percent over the prior year

2. Exceed federal system goals for impacted Clients served per $Million Federal.
   a. Performance Measure:
i. Score on federal sCOREcard

b. Benchmark:
   i. Number of clients served exceeds federal minimum with a goal of 80 clients reporting impact by 2017

Goal II: Operational Efficiency – Make efficient and effective use of TechHelp staff, systems and Advisory Board members.

Objectives for Efficiency:
1. Improve efficiency of client projects.
   a. Performance Measure:
      i. State dollars expended per project/event
   b. Benchmark:
      i. Dollars expended is less than prior year’s total

2. Improve effectiveness of client projects.
   a. Performance Measure:
      i. Total economic impact reported by TechHelp clients
   b. Benchmark:
      i. Reported total impacts increase by 5% each year with the goal of $100,000,000 in impacts by 2017.

Goal III: Financial Health – Increase the amount of program revenue and the level of external funding to assure the fiscal health of TechHelp.

Objectives for Financial Health:
1. Increase total client fees received for services.
   a. Performance Measure:
      i. Net revenue from client projects
   b. Benchmark:
      i. Annual net revenue exceeds the prior year by five percent

2. Increase external funding to support operations and client services.
   a. Performance Measure:
      i. Total dollars of non-client funding (e.g. grants) for operations and client services
   b. Benchmark:
i. Total dollars of non-client funding for operations and client services exceed the prior year’s total

**Key External Factors**

**State Funding:**

Nationally, state funding is the only variable that correlates highly with the performance of the Manufacturing Extension Partnership centers. State funding is subject to availability of state revenues as well as gubernatorial and legislative support and can be uncertain.

**Federal Funding:**

The federal government is TechHelp’s single largest investor. While federal funding has been stable, it is subject to availability of federal revenues as well as executive and congressional support and can be uncertain.

**Economic Conditions:**

Fees for services comprise a significant portion of TechHelp’s total revenue. A continued downturn in the economy could affect the ability of Idaho manufacturers to contract TechHelp’s services.
SUBJECT
Board Bylaws – first reading

REFERENCE
February 2014
The Board considered, but did not approve amendments to the Board Bylaws.

APPLICABLE STATUTE, RULE, OR POLICY
Board Bylaws, Section H. Committees of the Board Audit Committee Charter

BACKGROUND/DISCUSSION
At the February Board meeting staff presented proposed amendments to the Board’s Bylaws that would address how to handle Board actions at meetings that were not in existing Board policy as well as amendments forwarded by the Audit Committee regarding the Audit Committee section of the Bylaws. Based on the discussion with the Board at this time, staff have done a thorough review of the entire bylaws. The proposed amendments at this time take into consideration the comments from the Board during the February Board meeting, the amendments proposed by the Audit Committee, and additional amendments that clean up existing language in the bylaws and remove sections that are already specified in Idaho code.

Board Bylaws, section H. Committees of the Board and the Audit Committee Charter both stipulate Committee members shall be appointed by the Board and shall consist of six or more members. Three members of the Committee shall be current Board members and three members shall be independent non-Board members who are familiar with the audit process and permanent residents of the state of Idaho. In practice, the Committee has consisted of not more than two independent non-Board members, and staff has encountered difficulty in recruiting individuals to serve on the Committee. Proposed amendments to the Board Bylaws would reduce the number of independent non-Board members from three to two. The Bylaws and Charter also require that terms will be staggered such that two members exit and two members are added each year.

From time to time the board takes action that is intended to be on-going but is not specified in existing Board policy. Proposed amendments to the Board’s Bylaws specify that Board action shall be effective for the length of time specified in the motion or expire after one year. Reporting requirement and committees, intended to last over a year, will be incorporated into Board policy.

IMPACT
Currently, there is only one independent non-Board member on the Audit Committee, which is counter to Board Bylaws and the Committee Charter. Due to the small number on the Committee, staggering the terms of the Committee members has also not been followed. Additional amendments would put into
policy the current practice of incorporating on-going requirements from the Board into Board policy. This will allow for greater long-term continuity in the process.

ATTACHMENTS
Attachment 1 – Bylaws – First Reading Page 3
Attachment 2 – Audit Committee Charter Page 14

STAFF COMMENTS AND RECOMMENDATIONS
Amendments to Board Bylaws subsection H.4.c.1) and the Audit Committee Charter as submitted will reduce the required number of independent non-Board members from three to two. Staff will continue to make a concerted effort to find a second non-Board member. These revisions will also remove the requirement to stagger the terms of Committee members in order to allow more flexibility.

Staff recommends approval.

BOARD ACTION
I move to approve the first reading to Board Bylaw and the Audit Committee Charter, as presented in Attachment 1 and Attachment 2, respectively.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES
SECTION: I. BYLAWS (Operational Procedures)

A. Membership

The membership of the State Board of Education and Board of Regents of the University of Idaho is determined in accordance with the Constitution of the State of Idaho and by legislative enactment.

B. Office of the State Board of Education

The Board maintains an Office of the State Board for the purpose of carrying out the administrative, financial, and coordinating functions required for the effective operation of the institutions and agencies under the governance of the Board. The staff of the Office of the State Board is under the direction of an executive director responsible directly to the Board.

C. Powers and Duties

The State Board of Education and Board of Regents of the University of Idaho have all the powers and duties specified in the Constitution of the State of Idaho and the Idaho Code.

D. Meetings

1. The Board holds at least four (4) regular meetings annually. A quorum of the Board consists of a simple majority of the total membership of the Board. A quorum of the Board must be present for the Board to conduct any business.

2. The Board will maintain a 12-month running rolling meeting schedule. To accomplish this, the Board will, at each of its regularly scheduled meetings, update its 12-month running-rolling schedule of Board meetings, provided, however, that the Board by majority vote, or the Board president after consultation with Board members, may reschedule or cancel any meeting.

3. The Board may hold special meetings by vote of a majority of the Board taken during any regular meeting or by call of the Board president.

4. All meetings of the Board are held at such place or places as may be determined by the Board and/or Executive Director.

4. Decisions made during meetings that impact ongoing future behavior shall be incorporated into Board policy. Actions that impact ongoing future behavior of agencies and institutions shall be incorporated into Board policy.
5. All meetings of the Board are conducted and notice thereof provided in accordance with the Idaho "Open Meeting Law." An executive session (a closed meeting) of the Board may be held upon a two thirds vote of a quorum of the Board for the purpose of considering (a) appointment of an employee or agent, (b) employee evaluation or termination or hearing of complaints and disciplinary action, (c) labor negotiations or acquisition of private real property, (d) records that are exempt from public inspection, (e) preliminary negotiations on matters of trade or commerce, or (f) matters of pending or probable litigation as advised by its legal representatives.

EC. Rules of Order

1. Meetings of the Board are conducted in accordance with controlling statutes and applicable bylaws, regulations, procedures, or policies. In the absence of such statutes, bylaws, regulations, procedures, or policies, meetings are conducted in accordance with the current edition of Robert's Rules of Order Newly Revised except that a Board action that conflicts with a previous action takes precedence.

2. A quorum of the Board consists of five (5) Board members.

23. With the exception of usual, short, parliamentary procedural motions, all motions, resolutions, or other propositions requiring Board action will, whenever practicable, be reduced to writing before submission to a vote.

34. A record roll-call vote of the Board is taken in rotational order on all propositions involving any matters of bonded indebtedness; convening an executive session of the Board; or on any other action at the request of any Board member or upon the advice of legal counsel. The first voter is rotated on each subsequent roll-call vote.

FD. Officers and Representatives

1. The officers of the Board include:
   a. A president, a vice president, and a secretary, who are members of the Board.
   b. An executive secretary, who is the state superintendent of public instruction.

2. The president, vice president, and secretary are elected at the organizational meeting for one (1) year terms and hold office until their successors are elected. Vacancies in these offices are filled by election for the remainder of the unexpired term.

3. Board representatives to serve on other boards, commissions, committees, and similar bodies are appointed by the Board president.

4. The executive director is appointed by and serves at the pleasure of the Board unless the contract of employment specifies otherwise. The executive director serves as the chief executive officer of the Office of the State Board of Education.
Duties of Board Officers

1. Board President
   a. Presides at all Board meetings, with full power to discuss and vote on all matters before the Board.
   b. Submits such information and recommendations considered proper concerning the business and interests of the Board.
   c. Signs, in accordance with applicable statutes and Board action, all contracts, minutes, agreements, and other documents approved by the Board, except in those instances wherein the Board, by its procedures, has authorized the Board president to designate or has otherwise designated persons to sign in the name of or on behalf of the Board.
   d. Gives prior approval for any official out-of-state travel of seven (7) days or more by Board members, agency and institution heads, and the executive director.
   e. Subject to action of the Board, gives notice and establishes the dates and locations of all regular Board meetings.
   f. Calls special Board meetings at any time and place designated in such call in accordance with the Open Meeting Law.
   g. Establishes screening and selection committees for all appointments of agency and institutional heads.
   h. Appoints Board members to all standing and interim committees of the Board.
   i. Establishes the Board agenda in consultation with the executive director.
   j. Serves as chief spokesperson for the Board and, with the executive director, carries out its policies between meetings.

2. Vice President
   a. Presides at meetings in the event of absence of the Board president.
   b. Performs the Board president's duties in the event of the Board president's inability to do so.
   c. Becomes the acting Board president in the event of the resignation or permanent inability of the Board president until such time as a new president is elected.

3. Secretary
   a. Presides at meetings in the event of absence of the Board president and vice president.
   b. Signs, in accordance with applicable statutes and Board action, all minutes, contracts, agreements, and other documents approved by the Board except in those instances wherein the Board, by its procedures, has authorized or has otherwise designated persons to sign in the name of or on behalf of the Board secretary.

4. Executive Secretary

The state superintendent of public instruction, when acting as the executive secretary, is responsible for:
a. Carrying out policies, procedures, and duties prescribed by the Constitution of the State of Idaho and the Idaho Code or established by the Board for all elementary and secondary school matters.

b. Presenting to the Board recommendations concerning elementary and secondary school matters and the matters of the State Department of Education.

5. Executive Director

The executive director serves as the chief executive officer of the Board, as chief administrative officer of the statutory Office of the State Board of Education, and as chief executive officer of such federal or state programs as are directly vested in the State Board of Education. The position description for the executive director, as approved by the Board, defines the scope of duties for which the executive director is responsible and is accountable to the Board.

**HE. Committees of the Board**

The Board may organize itself into standing and other committees as necessary. Committee members are appointed by the Board president after informal consultation with other Board members. Any such standing or other committee may make recommendations to the Board, but may not take any action, except when authority to act has been delegated by the Board. The Board president may serve as an ex-officio member of any standing or other committee. The procedural guidelines for Board committees appear in the Board Governing Policies and Procedures.

For purposes of the bylaws, the University of Idaho, Boise State University, Idaho State University, Lewis-Clark State College, Eastern Idaho Technical College, the College of Southern Idaho, the College of Western Idaho, and North Idaho College are included in references to the “institutions;” and Idaho Educational Public Broadcasting System, the Division of Vocational Rehabilitation, the Division of Professional-Technical Education, and the State Department of Education, are included in references to the “agencies.”* An institution or agency may, at its option and with concurrence of the Board president, comment on any committee report or recommendation.

1. Planning, Policy and Governmental Affairs Committee

   a. Purpose

   The Planning, Policy and Governmental Affairs Committee is a standing

---

* Definition provided for purposes of the Bylaws only. Recognizing the Board governance relationship varies with each of these entities, the intent in including representatives of each of the agencies and institutions as much as possible in the committee structure is to ensure proper and adequate representation, but is not intended to obligate or interfere with any other local boards or governing entities.
advisory committee of the Board. It is responsible for developing and presenting recommendations to the Board on matters of policy, planning, and governmental affairs. The committee, in conjunction with the chief executive officers and chief administrators of the Board governed agencies and institutions, will develop and recommend to the Board future planning initiatives and goals. This committee shall also advise the Board on collaborative and cooperative measures for all education entities and branches of state government necessary to provide for the general supervision, governance and control of the state educational institutions, agencies and public schools, with the goal of producing a seamless educational system.

b. Composition

The Planning, Policy and Governmental Affairs Committee is composed of two (2) or more members of the Board, appointed by the president of the Board, who designates one (1) member to serve as the chairperson and spokesperson of the committee, and is staffed by the Board's Chief Planning and Policy Officer. The Planning, Policy and Governmental Affairs Committee may form a working unit or units, as necessary, to advise the committee. The chairperson presents all committee and working unit recommendations to the Board.

c. Responsibilities and Procedures

The Planning, Policy and Governmental Affairs Committee is responsible for making recommendations to the Board in the following general areas:

i. long range planning and coordination;
ii. initial discussions and direction on strategic policy initiatives and goals;
iii. legislative proposals and administrative rules for Board agencies and institutions;
iv. coordination and communication with the Governor, the Legislature, and all other governmental entities with regard to items of legislation, Board policy and planning initiatives;
v. review and revision of Board policies, administrative rules and education-related statutes for consistency and compatibility with the Board’s strategic direction;
vi. reports and recommendations from the Presidents’ Council and the Agency Heads’ Council;
vii. other matters as assigned by the Board.

At the direction of the Board President, any matter before the Board may be removed to the Planning, Policy and Governmental Affairs Committee for initial action or consideration.
The Planning, Policy and Governmental Affairs Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board's Governing Policies and Procedures. The Board's Chief Policy and Government Affairs Officer, under the direction of the chairperson, prepares the agenda for the Planning, Policy and Governmental Affairs Committee work that is under consideration at each meeting of the Board.

2. Instruction, Research and Student Affairs Committee

a. Purpose

The Instruction, Research and Student Affairs Committee is a standing advisory committee of the Board. It is responsible for developing and presenting recommendations to the Board on matters of policy and procedure concerning instruction, research and student affairs.

b. Composition

The Instruction, Research and Student Affairs Committee is composed of two (2) or more members of the Board, appointed by the president of the Board, who designates one (1) member to serve as chairperson and spokesperson of the committee, and is staffed by the Board's Chief Academic Officer. The Instruction, Research and Student Affairs Committee may appoint a working unit or units, as necessary, to advise the committee. One such working unit shall be the Council on Academic Affairs and Programs (CAAP), which shall be composed of the Board's Chief Academic Officer and the chief academic officers of the institutions and agencies. The chairperson presents all committee and working group recommendations to the Board.

c. Responsibilities and Procedures

The Instruction, Research and Student Affairs Committee is responsible for making recommendations to the Board in the following general areas:

i. agency and institutional instruction, research and student affairs agenda items;
ii. instruction, academic or professional-technical program approval;
iii. instruction, academic or professional-technical program review, consolidation, modification, and discontinuance, and course offerings;
iv. outreach, technology and distant learning impacting programs and their delivery;
v. long-range instruction, academic and professional-technical planning;
vi. registration of out-of-state institutions offering programs or courses in Idaho;
vii. continuing education, professional development, workforce training,
programs for at-risk populations, career guidance;

viii. student organizations’ activities and issues; and

ix. other matters as assigned by the Board.

The Instruction, Research and Student Affairs Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board's Governing Policies and Procedures. The Board’s chief academic officer, under the direction of the chairperson, prepares the agenda for the Instruction, Research and Student Affairs Committee work that is under consideration at each meeting of the Board.

3. Business Affairs and Human Resources Committee

a. Purpose

The Business Affairs and Human Resources Committee is a standing advisory committee of the Board. It is responsible for developing and presenting recommendations to the Board on matters of policy and procedures concerning business affairs and human resources affairs.

b. Composition

The Business Affairs and Human Resources Committee is composed of two (2) or more members of the Board appointed by the president of the Board, who designates one (1) member to serve as chairperson and spokesperson of the committee, and is staffed by the Board’s Chief Fiscal Officer. The Business Affairs and Human Resources Committee may appoint a working unit or units, as necessary, to advise the committee. One such working unit shall be the Financial Vice Presidents council, which shall be composed of the Board’s Chief Fiscal Officer and the chief financial officers of the institutions and agencies. The chairperson presents all committee recommendations to the Board.

c. Responsibilities and Procedures

The Business Affairs and Human Resources Committee is responsible, through its various working unit or units, for making recommendations to the Board in the following general areas:

i. agency and institutional financial agenda items;

ii. coordination and development of guidelines and information for agency and institutional budget requests and operating budgets;

iii. long-range fiscal planning;

iv. fiscal analysis of the following:

1) new and expanded financial programs;
2) establishment, discontinuance or change in designation of administrative units;
3) consolidation, relocation, or discontinuance of programs;
4) new facilities and any major modifications to facilities which would result in changes in programs or program capacity;
5) Student fees and tuition; and
6) other matters as assigned by the Board.

The Business Affairs and Human Resources Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board’s Governing Policies and Procedures. The Board’s chief fiscal officer, under the direction of the chairperson, prepares the agenda for the Business Affairs and Human Resources Committee work that is under consideration at each meeting of the Board.

4. Audit Committee

a. Purpose

The Audit Committee is a standing committee of the Board. The Audit Committee provides oversight to the organizations under its governance (defined in Idaho State Board of Education, Policies and Procedures, Section I. A.1.) for: financial statement integrity, financial practices, internal control systems, financial management, and standards of conduct.

b. Composition

The Audit Committee members shall be appointed by the Board and shall consist of six five or more members. Three members of the Committee shall be current Board members and three at least two members shall be independent non-Board members who are familiar with the audit process and permanent residents of the state of Idaho. No employee of an institution or agency under the governance of the Board shall serve on the Audit Committee. Each Audit Committee member shall be independent, free from any relationship that would interfere with the exercise of her or his independent judgment. Audit Committee members shall not be compensated for their service on the committee, and shall not have a financial interest in, or any other conflict of interest with, any entity doing business with the Board, or any institution or agency under the governance of the Board. However, Audit Committee members who are Board members may be compensated for Board service. The Audit Committee may appoint a working unit or units, which could include the chief financial officers of the institutions and financial officers of the Board office.

All members shall have an understanding of the Committee and financial affairs and the ability to exercise independent judgment, and at least one member of
the Committee shall have current accounting or related financial management expertise in the following areas:

1. an understanding of generally accepted accounting principles, experience in preparing, auditing, analyzing, or evaluating complex financial statements, and;
2. the ability to assess the general application of such principles in the accounting for estimates, accruals, and reserves, and;
3. experience in preparing or auditing financial statements and;
4. an understanding of internal controls.

Appointments shall be for a three-year term. Terms will be staggered such that two members exit and two new members are added each year. Members may be reappointed. The Audit Committee chair shall be appointed by the Board President and shall be a Board member.

c. Responsibilities and Procedures

It is not the Committee’s duty to plan or conduct audits or to determine that the institution’s financial statements are complete, accurate and in accordance with generally accepted accounting principles. Management of the applicable institution’s and agencies shall be responsible for the preparation, presentation, and integrity of the financial statements and for the appropriateness of the accounting principles and reporting policies used. The following shall be the principle duties and responsibilities of the Committee:

1. Approve the appointment, establish the compensation and recommend the appointment and compensation to the Board, and evaluate and oversee the work of the independent auditors. The Committee must approve any services prior to being provided by the independent auditor. The independent auditing firm shall report directly to the Committee as well as the Board and the auditor’s “engagement letter” shall be addressed to the Committee and the President of each institution. The Committee shall have the authority to engage the Board’s legal counsel and other consultants necessary to carry out its duties.
2. Discuss with the independent auditors the audit scope, focusing on areas of concern or interest;
3. Review the financial statements, adequacy of internal controls and findings with the independent auditor. The independent auditor’s “management letter” shall include management responses and be addressed to the Audit Committee and President of the institution.
4. Ensure the independent auditor presents the financial statements to the Board and provides detail and summary reports as appropriate.
5. Oversee standards of conduct (ethical behavior) and conflict of interest policies of the Board and the institutions and agencies under its governance including establishment of confidential complaint
mechanisms.

vi. Monitor the integrity of each organization’s financial accounting process and systems of internal controls regarding finance, accounting and stewardship of assets;

vii. Monitor the independence and performance of each organization’s independent auditors and internal auditing departments;

viii. Provide general guidance for developing risk assessment models for all institutions.

ix. Provide an avenue of communication among the independent auditors, management, the internal audit staff and the Board.

x. Maintain audit review responsibilities of institutional affiliates to include but not limited to foundations and booster organizations.

The Audit Committee will meet as needed. The Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board's Governing Policies and Procedures. The Board's Chief Fiscal Officer, under the direction of the chair, prepares the agenda for work that is under consideration at each meeting of the Board.

5. Executive Committee

a. Purpose

The Executive Committee is responsible for assisting the full Board in discharging its responsibilities with respect to the management of the business and affairs of the Board and the Board Office when it is impracticable for the full Board to meet and act, to consider matters concerning the Board that may arise from time to time, and to provide appropriate direction to the executive director on any of such matters.

b. Composition

The Executive Committee is composed of the current Board President, Vice President, and Secretary, and the immediate past Board President. The Board’s Executive Director also shall serve on the Executive Committee. The current Board President serves as chairperson of the committee. In the event the past Board President is unable to serve on the Executive Committee, then the Board President may appoint another member of the Board to serve in the place of such former officer.

c. Responsibilities and Procedures

The Executive Committee shall have such duties, responsibilities, and authority as may be delegated from time to time to the Executive Committee by the Board, and in the intervals between meetings of the Board, the Executive Committee shall, in conjunction with the executive director, assist in directing
the management of the business and affairs of the Board. However, the Executive Committee may not undertake any action that, pursuant to any applicable law, rule, or policy of the Board, must be performed by another committee of the Board, or which must be acted upon by the whole Board in public session. The Board’s executive director, under the direction of the Board President, prepares the agenda for and schedules each meeting of the Executive Committee, which may be conducted telephonically. A written record is not kept of the committee’s activities, but it shall be the responsibility of the executive director to promptly communicate to all Board members who are not members of the committee regarding information related to the committee’s discussions and activities.

**IG. Committee Presentations**

1. The agenda for each regular meeting of the Board shall be organized using the areas of responsibility provided for in regard to each permanent standing committee of the Board, as described in Subsection H above, with the exception of the Audit Committee.

2. The Board member who is the chair of the permanent standing advisory committee and spokesperson shall lead and facilitate discussion and presentations with regard to agenda items in the area of the committee’s responsibility. This presentation may include calling on institutional/agency representatives and/or other individuals. In the event of an absence or conflict with respect to the committee chairperson, the Board President may designate a substitute Board member or Board officer to lead and facilitate discussions and presentations in a particular area.

**JH. Presidents’ Council**

1. Purpose

The Presidents’ Council convenes prior to each Board meeting to discuss and make recommendations, as necessary, on Board agenda items scheduled for Board consideration. The Presidents’ Council may also choose or be directed by the Board to meet with the Agency Heads’ Council for exchanges of information or to discuss projects of benefit to the entire system. The Presidents’ Council reports to the Board through the Planning, Policy and Governmental Affairs Committee of the Board.

2. Composition

The Presidents’ Council is composed of the presidents of the University of Idaho, Idaho State University, Boise State University, Lewis-Clark State College, Eastern Idaho Technical College; and the presidents of North Idaho College, the College of Western Idaho and the College of Southern Idaho, each of whom has one (1)
vote. One (1) of the voting members shall serve as chair of the Council, with a
new chair selected each academic year such that the chair will rotate among the
respective members, such that no two community college presidents' will hold a
term in consecutive years. The administrator of the Division of Professional-
Technical Education and the Board’s Executive Director shall be ex-officio
members of the Council.

3. Duties of the Chair

The chair:

a. presides at all Presidents’ Council meetings with full power to discuss and vote
   on all matters before the Council;

b. establishes the Presidents’ Council agenda in consultation with the Executive
   Director; and

c. maintains open communications with the Board on agenda matters through the
   Planning, Policy and Governmental Affairs Committee.

4. The Executive Director will communicate openly and in a timely manner with the
   Presidents' Council.

KI. Agency Heads' Council

1. Purpose

The Agency Heads' Council convenes prior to each Board meeting as necessary
to discuss and make recommendations, as necessary, on agenda items scheduled
for Board consideration as well as other issues pertinent to the agencies. The
Agency Heads' Council may also choose or be directed by the Board to meet with
the Presidents' Council for exchanges of information or to discuss projects of
benefit to the entire system. The Agency Heads' Council reports to the Board
through the Planning, Policy and Governmental Affairs Committee of the Board.

2. Composition

The Agency Heads' Council is composed of the chief administrators of Idaho
Educational Public Broadcasting System, the Division of Vocational Rehabilitation,
and the Division of Professional-Technical Education; and representatives from
the State Department of Education. The Board’s Executive Director shall serve as
chair of the Council.

3. Duties of the Chair

a. presides at all Agency Heads’ Council meetings

b. establishes the Council’s agenda in consultation with the Council’s members;
   and

c. maintains open communications with the Board on agenda matters through the
Planning, Policy and Governmental Affairs Committee.

L. Adoption, Amendment, and Repeal of Bylaws

Bylaws may be adopted, amended, or repealed at any regular or special meeting of the Board by a majority vote of the Board, provided notice has been presented at the preceding meeting of the Board.
Audit Committee Charter

Purpose, Responsibility and Authority of Audit Committee

The Audit Committee (“Committee”) shall assist the State Board of Education (“Board”) in its financial oversight responsibilities over the institutions under the Board’s governance (defined in Idaho State Board of Education, Policies and Procedures, Section I. A.1.) (“Institutions”). The Committee is a permanent standing advisory committee of the Board. The Committee will advise and assist the Board and other standing committees on matters relating to financial reporting and financial controls and procedures. The Committee shall be responsible for communication with and among the independent external auditing firm (“auditing firm”), Institution management, the internal audit staff and the Board. The Committee will not assist in the preparation of or assess the institutions’ budgets or perform other management functions. The Committee shall make policy recommendations to the Board to improve financial oversight. Approval of adoption or changes to policies are exclusively under the responsibility of the Board.

(See Appendix A.)

Composition of the Committee

The Committee members shall be appointed by the Board and shall consist of six five or more members. Three members of the Committee shall be current Board members and three at least two members shall be non-Board members who are permanent residents of the state of Idaho. All members shall have voting rights. No employee of an institution under the governance of the Board shall serve on the Committee.

The Committee chairperson shall be appointed by the Board President. Appointments shall be for a three-year term. Terms will be staggered such that the term of two members end and two members are appointed each year.

Committee members may be reappointed. Committee members may be appointed for up to two additional terms.

Each Committee member shall be independent and have no conflicts of interest. Committee members who are not Board members shall not be compensated for their service except for reimbursable out-of-pocket expenses. All Committee members shall have an understanding of the Committee Charter and the institutions’ financial affairs. At least one member of the Committee shall have current accounting or related financial management expertise.
SUBJECT
Amendment to Board Policy I.R. Campus Security

APPLICABLE STATUTE, RULE, OR POLICY
Governing Policies and Procedures Section V.R. Campus Security
Section 18-3309(2), Idaho Code

REFERENCE
August 2009
Board approved the removal of references to the Idaho School for the Deaf and Blind, the Idaho Historical Society and the Idaho Commission for Libraries from the all of the Boards Governing Policies and Procedures.

April 2014
Board approved the 1st reading of proposed amendments to Board Policy V.L., including the renaming of the policy to Section I.R. Campus Security.

BACKGROUND/DISCUSSION
During the 2014 legislative session Senate Bill 1254 passed allowing for the concealed carry of firearms on public college and university grounds for certain licensed persons. The institutions under the direct governance of the Board have asked that the Board look at implementing a Board policy that would provide additional guidance on the implementation of changes in response to the Bill.

Current Board Policy Section V.R. outlines the requirements for each institution to develop a campus security plan. The legal counsel from each of the four (4) year institutions have worked closely with the Board’s legal counsel over the past several weeks and are proposing the language outlined in Attachment 1 prohibiting the carrying of firearms, including open carry, on campus, except under specific circumstances and as allowed in Section 18-3309(2), Idaho Code. Additionally after review of the existing policy staff has determined the policy would be better placed if it were to be moved from Board Policy Section V. Financial Affairs to Board Policy Section I. General Governing Policies and Procedures. While there is a financial impact to the implementation of campus security plans, Section I, contains the other provisions in Board policy relevant to facilities, planning, and reporting.

IMPACT
Proposed changes would make it clear to the institutions that firearms are only allowed on campus as described in section 18-3309(2), Idaho Code or allowed by the institution as part of a campus security plan, or as part of an event or program approved by the chief executive officer of the institution.

ATTACHMENTS
Attachment 1 – Board Policy I.R. Campus Security – Second Reading
STAFF COMMENTS AND RECOMMENDATIONS
The institutions are currently working on developing or updating their Campus Security Plans, those plans, once completed will be presented to the Presidents’ Council. The Presidents’ Council will submit the plans to the Board as part of their update during the August 2014 Board meeting.

Staff received no comments regarding the proposed amendments to the Board policy. There have been no changes made between first and second reading.

Staff recommends approval.

BOARD ACTION
I move to approve the second reading of Board Policy I.R. as submitted in Attachment 1.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
1. An environment of safety and security is critical for institutions to cultivate a climate conducive to knowledge and learning. The Board recognizes a need for the consistency among the institutions in regard to firearms. All institutions shall allow concealed carry of firearms and ammunition by holders of licenses described in section 18-3309(2), Idaho Code under the conditions and limitations set out in that section. Any other possession of firearms on institution property is prohibited, unless allowed by the institution as part of a campus security plan, or as part of event or program, which has been approved by the chief executive office for the institution.

2. Each institution must develop a campus security plan to maintain the physical security of persons and property on the campus and in full cooperation with state and local law enforcement agencies.

3. Overall responsibility for campus security rests with the chief executive officer of the institution. Each chief executive officer must designate a senior administrative officer and an alternate to serve as liaison between the institution and state and local law enforcement agencies.
SUBJECT
Model School District Student Data Privacy and Security Policy

APPLICABLE STATUTE, RULE, OR POLICY
Section 33-133, Idaho Code

BACKGROUND/DISCUSSION
Senate Bill 1372 was passed during the 2014 Legislative Session. This bill created Section 33-133, Idaho Code. Pursuant to Idaho Code, the State Board of Education is required to develop a model policy for school districts and public charter schools that will govern data collection, access, security, and use of such data. All public charter schools and school districts must adopt and implement the model policy and post the policy on the district or charter school website. If a district or public charter school fails to adopt, implement, and post the policy where any inappropriate release of data occurs, the district or public charter school shall be liable for a civil penalty not to exceed $50,000 that shall be paid into the State’s General Fund.

This model policy has been drafted by the Data Management Council. Additional comments from school districts, public charter schools, and interested parties are being collected and will be reviewed by the Data Management Council for consideration for inclusion. A final draft of the policy will be presented at the August meeting for Board action.

IMPACT
Passage of this item in August will bring the State Board into compliance with state law and provide school districts and public charter schools with the required policy to be in compliance with state law.

ATTACHMENTS
Attachment 1 – Proposed Model Policy

BOARD ACTION
This item is for informational purposes only. Any action will be at the Board’s discretion.
MODEL SCHOOL DISTRICT STUDENT DATA PRIVACY AND SECURITY POLICY

Drafted by the Data Management Council and adopted by the Idaho State Board of Education

Effective ___________

The efficient collection, analysis, and storage of student information is essential to improve the education of our students. As the use of student data has increased and technology has advanced, the need to exercise care in the handling of confidential student information has intensified. The privacy of students and the use of confidential student information is protected by federal and state laws, including the Family Educational Rights and Privacy Act (FERPA) and the Idaho Student Data Accessibility, Transparency and Accountability Act of 2014 (Idaho Data Accountability Act).

Student information is compiled and used to evaluate and improve Idaho’s educational system and improve transitions from high school to postsecondary education or the workforce. The Data Management Council (DMC) was established by the Idaho State Board of Education to make recommendations on the proper collection, protection, storage and use of confidential student information stored within the Statewide Longitudinal Data System (SLDS). The DMC includes representatives from K-12, higher education institutions and the Department of Labor.¹

This model policy is required by the Idaho Data Accountability Act. In order to ensure the proper protection of confidential student information, each school district and public charter school shall adopt, implement and electronically post this policy. It is intended to provide guidance regarding the collection, access, security and use of education data to protect student privacy. This policy is consistent with the DMC’s policies regarding the access, security and use of data maintained within the SLDS.²

Defined Terms

Aggregate Data is collected or reported at a group, cohort or institutional level and does not contain PII.

Data Breach is the unauthorized acquisition of PII.

Logical Security consists of software safeguards for an organization’s systems, including user identification and password access, authenticating, access rights and authority levels. These measures ensure that only authorized users are able to perform actions or access information in a network or a workstation.

Personally Identifiable Information (PII) includes: a student’s name; the name of a student’s family; the student’s address; the students’ social security number; a student

² Insert link to DMC policies which have been approved by Board and posted.
education unique identification number or biometric record; or other indirect identifiers such as a student’s date of birth, place of birth or mother’s maiden name; and other information that alone or in combination is linked or linkable to a specific student that would allow a reasonable person in the school community who does not have personal knowledge of the relevant circumstances, to identify the student.

**Physical Security** describes security measures that are designed to deny unauthorized access to facilities or equipment.

**Student Data** means data collected at the student’s level and included in a student’s educational records.

**Unauthorized Data Disclosure** is the intentional or unintentional release of PII to an unauthorized person or untrusted environment.

**Collection**
- School districts and public charter schools shall follow applicable state and federal laws related to student privacy in the collection of student data.

**Access**
- Unless prohibited by law or court order, school districts and public charter schools shall provide parents, legal guardians, or eligible students, as applicable, the ability to review their child’s educational records.
- The Superintendent, administrator, or designee, is responsible for granting, removing, and reviewing user access to student data. An annual review of existing access shall be performed.
- Access to student data maintained by the school district or public charter school shall be restricted to: (1) the authorized staff of the school district or public charter school who require access to perform their assigned duties; and (2) authorized employees of the State Board of Education and the State Department of Education who require access to perform their assigned duties; and (3) vendors who require access to perform their assigned duties.

**Security**
- School districts and public charter schools shall have in place Physical Security and Logical Security to protect from a Data Breach or Unauthorized Data Disclosure.
- School districts and public charter schools shall notify the Idaho State Board of Education and the Idaho State Department of Education in the case of a Data Breach or Unauthorized Data Disclosure.
- School districts and public charter schools shall notify in a timely manner affected individuals, students, and families if there is a Data Breach or Unauthorized Data Disclosure.
Use

- Publicly released reports shall not include PII and shall use summarized student data in such a manner that re-identification of individual students is not possible.
- School district or public charter school contracts with outside vendors involving student data, including those which govern databases, online services, assessments, special education or instructional supports, shall include the following provisions to safeguard student privacy:
  - Private vendors shall be permitted to use aggregate student data only, unless the vendor has received written permission from the parent, legal guardian, or eligible student, as applicable, to use PII, or the use is within one of the exceptions set forth in FERPA.
  - If one of the exceptions set forth under FERPA is applicable, the school district shall enter an agreement which complies with FERPA and the Idaho Data Accountability Act and requires the outside party to:
    - safeguard privacy and security of the data
    - restrict access to the data
    - prohibit the secondary use of data including sales, marketing or advertising
    - provide for data destruction and an associated timeframe and
    - include penalties for non-compliance.
- If a school district or public charter school chooses to define and publish directory information which includes PII, parents must be notified annually in writing and given an opportunity to opt out of the directory.

UNIVERSITY OF IDAHO

SUBJECT
Changes in Policies for Initial Appointment to Faculty Rank and for Promotion in Rank – Instructors & Sr. Instructors.

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section II.B.3.d.

BACKGROUND/DISCUSSION
Under Board/Regents policy II.B.3.d the SBOE/Regents reserve the authority to approve changes in institution policies that establish criteria for initial appointment to faculty rank and for promotion in rank.

The university faculty proposes to change policies in Faculty Staff Handbook (FSH) sections 1565 and 3560 addressing in part initial appointment and promotion for Instructors and Senior Instructors at the University of Idaho.

The proposed changes in FSH 1565:
1. Address “up or out” situation for instructors who must be promoted to Senior Instructor after three years, created from current language in 1565 D-1 b (last sentence limited instructors to 15%) and FSH 3560 – D-1 which states an instructor “must” go up for promotion.
2. Adjust the 15% “cap” up to 25%, or lower if unit by-laws permit. Applies to instructors, senior instructors and lecturers (who qualify for voting privileges).
3. Move promotion/review language D-1 & D-9 to Promotion policy FSH 3560.
4. Address the misconception that anyone with instructor in their title qualifies under FSH 1520 II Section 1 – having faculty vote. The title of Instructor should only be used for those ranks described in FSH 1565 D-1.

The proposed changes in FSH 3560:
1. Address “up or out” situation for instructors who must go up for promotion to Senior Instructor after three years. This created a problem because of language in 1565 D-1 b (last sentence limits instructors in department to 15%) and FSH 3560 – D-1 wherein an instructor must go up for promotion.
2. Moved promotion/review language from 1565 Ranks & Responsibilities to 3560 Promotion.
3. Address the need for a periodic review by tenure-track faculty of instructors, senior instructors, clinical faculty, and lecturers (who qualify for voting privileges).
4. If instructor or clinical choose not to go up for promotion at the end of their third year, a review by tenure-track faculty in unit is required.
5. Moved requirement for External Peer Reviews from E-2 b to new section E-3.
In accordance with University of Idaho policies, the policy change proposals first went to the Faculty Senate for review and approval and then were presented to the full faculty. Approval of the full faculty occurred in conjunction with the April 24, 2012, General Faculty Meeting. These policy changes were then presented to the president of the university who has approved them and now presents them to the Regents for approval.

IMPACT
The university anticipates no specific fiscal impact from the changes in FSH 1565 and FSH 3560.

ATTACHMENTS
Attachment 1 – Proposed Revisions to FSH 1565 Page 3
Attachment 2 – Proposed Revisions to FSH 3560 Page 25

STAFF COMMENTS AND RECOMMENDATIONS
Board policy II.B.3.d. specifies that the criteria established by the institutions for initial appointment to faculty rank and for promotion in rank must be approved by the Board. The University of Idaho forwards these to the Board in the form of amendments to their Faculty Staff Handbook. The proposed amendments are in alignment with Board policy. Staff recommends approval.

BOARD ACTION
I move to approve changes to University of Idaho faculty policies as set forth in the materials submitted to the Board.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
I. **Policy/Procedure Statement:** Briefly explain the purpose/reason of proposed addition, revision, and/or deletion to the Faculty/Staff Handbook or the Administrative Procedures Manual.

1. Address “up or out” situation for instructors who must be promoted to Senior Instructor after three years, created from current language in 1565 D-1 b (last sentence limited instructors to 15%) and FSH 3560 – D-1 which states an instructor “must” go up for promotion.

2. Adjust the 15% “cap” up to 25%, or lower if unit by-laws permit. Applies to instructors, senior instructors and lecturers (who qualify for voting privileges), and thereby removes policy language currently being violated.

3. Move promotion/review language D-1 & D-9 to Promotion policy FSH 3560.

4. Address the misconception that anyone with instructor in their title qualifies under FSH 1520 II Section 1 – having faculty vote. The title of Instructor should only be used for those ranks described in FSH 1565 D-1.

II. **Fiscal Impact:** What fiscal impact, if any, will this addition, revision, or deletion have?  None

III. **Related Policies/Procedures:** Describe other policies or procedures existing that are related or similar to this proposed change.

   This change also affects 3560 D-1

IV. **Effective Date:** This policy shall be effective on July 1, or January 1, whichever arrives first after final approval (see FSH 1460 D) unless otherwise specified in the policy.

If not a minor amendment forward to: _______________________

F&A Appr.:  
[Office Use Only]
PREAMBLE: This section defines the various academic ranks, both faculty and non-faculty (e.g., graduate student appointees and postdoctoral fellows), and their responsibilities. Subsections A, C, D, E, F, and I should be read in conjunction with the policy and procedures concerning granting of tenure and promotions in rank which are contained in 3520 and 3560 (subsection I only in conjunction with 3560). Most of the material assembled in this section was a part of the original 1979 Handbook. The material in section I was added July, 1987. The definitions of ‘postdoctoral fellow’ (J-5), ‘graduate assistant’ (K-3) and ‘research fellow’ (K-4) were revised in July 1996. Section J-1, voting rights for lecturers, was changed in July 2001. Section A was substantially revised in July 1994, so as to underline better the importance of both teaching and scholarship. At that time the so-called “Voxman Amendment” (the addition of ‘in the classroom and laboratory’ to the list of possible venues wherein the evaluation of scholarship might take place) made its first appearance. Section A underwent additional substantial revision in July 1998 and July 2006, always with the hope of creating greater clarity in a complex subject. Extensive revisions along those same lines were made to B (entirely new and in 2008 B was moved to 3570), C, D, and E, in July 1998. Further, less extensive revisions were made to C-1, D-1, and E-1 in July 2000. In July 2008, this section was reorganized to better reflect classifications as stated in FSH 1520 Article II, no substantive changes were made to policy. In 2009 changes to the faculty position description and evaluation forms integrating faculty interdisciplinary activities into the evaluation processes were incorporated into this policy as of January 2010. Ranks for Associated Faculty in F were removed because the promotion process as detailed in 3560 for faculty ranks was deemed excessive for associated faculty. Those currently holding a specific rank in adjunct or affiliate will retain that privilege. In July 2010 the affiliate and adjunct terms were switched to conform to national norms and rank of Distinguished Professor was added. In July 2011 voting for associated faculty was clarified and Clinical Faculty under “G. Temporary Faculty” moved to “D. University Faculty” as D-9 and was revised. In July 2012 edits were made to the Distinguished Professor under D-8 and to the qualifications for Emeritus status and a search waiver under E. Further information may be obtained from the Provost’s Office (208-885-6448). [rev. 7-98, 7-00, 7-01, 7-06, 1-08, 7-08, 1-10, 7-10, 7-11, 7-12]

I. Qualification of Non-faculty Members for Teaching UI Courses

A. INTRODUCTION. [rev. 7-98]

A-1. The principal functions of a university are the preservation, advancement, synthesis, application, and transmission of knowledge. Its chief instrument for performing these functions is its faculty, and its success in doing so depends largely on the quality of its faculty. The University of Idaho, therefore, strives to recruit and retain distinguished faculty members with outstanding qualifications.

In order to carry out its functions and to serve most effectively its students and the public, the university supports the diversification of faculty roles. Such diversification ensures an
optimal use of the university’s faculty talents and resources. [rev. 7-06]

Diversification is achieved through developing a wide range of faculty position descriptions that allow the faculty to meet the varying responsibilities placed upon the institution, both internally and externally. No more than 4-25 percent, or a lower limit as defined by the department or similar unit’s by-laws, of the faculty positions in any department or similar unit may be held by instructors, senior instructors, and lecturers who have voting privileges under FSH 1520 II, Section 1; however, each such unit may appoint one person to this rank without regard to this limitation. While the capabilities and interests of the individual faculty members are to be taken into account, it is essential that individual faculty position descriptions are consonant with carrying out the roles and mission of the university, the college, and the unit. Annual position descriptions are developed by the unit head in consultation with the unit faculty and with the incumbent or new faculty member. In each college, all position descriptions are subject to the approval of the dean and must be signed by both unit head and faculty member. If the faculty member, unit head, and dean are unable to reach agreement on the position description, the faculty member may appeal the unit head’s decision to the Faculty Appeals Hearing Board [FSH 3840]. [ed. 1-10]

As indicated in Sections 3320-A-1-d, 3520-G-3, 3560-B, faculty performance evaluations that are used for yearly, third year and periodic reviews as well as for promotion, tenure, and post-tenure decisions are to be based on faculty members’ annual position descriptions (FSH 3050). Each unit will develop criteria in its by-laws for promotion and review of its faculty (FSH 1520 II, Section 1). The committee for all reviews will be defined in unit by-laws and shall include tenure track faculty (see FSH 3560 E-2 c). [ed. 1-08, 7-10]

Faculty members shall conduct themselves in a civil and professional manner (see FSH 3160 and 3170). [add. 1-10]

B. DEFINITIONS: [add. 1-10]

B-1. Advancement: focuses on fostering relationships, building partnerships, creating awareness and generating support with alumni, donors, leaders, business partners, legislators and the community for the university’s mission in academics, scholarship and outreach (see the office of University Advancement at http://www.uidaho.edu/givetoidaho/meetourpeople/universityadvancementypoffice.aspx).

B-2. Cooperative education: a structured educational strategy that blends classroom studies with learning through productive work experiences. It provides progressive experiences for integrating theory and practice. Co-op education (including internships and externships) is a partnership between students, educational institutions and employers, with specified responsibilities for each party.

B-3. Distance education: the process through which learning occurs when teachers, students, and support services are separated by physical distance. Technology, sometimes in tandem with face-to-face communication, is used to bridge the distance gap.

B-4. Extension Service: Extension is an outreach activity that generally involves non-formal educational programs that transfer knowledge from the university to help improve people’s lives through research in areas like agriculture and food, environment and natural resources, families and youth, health and nutrition, and community and economic development.

B-5. Extramural Professional Service: refers to activities that extend service beyond
the university and can include elements of service, outreach, scholarship, and/or teaching.

B-6. Interdisciplinary: “an activity that involves teams or individuals that integrates information, data, techniques, tools, perspectives, concepts, and/or theories from two or more disciplines or bodies of specialized knowledge to advance fundamental understanding or to solve problems whose solutions are beyond the scope of a single discipline or field of research practice.”

B-7. Professional Development: a learning process that expands the capacity of the faculty member to advance in the responsibilities as defined in his/her position description and aligns with the university’s goals. Examples include but are not limited to participation in conferences, continuing professional education (including credit and noncredit courses) and other activities that enhance a faculty member’s expertise and ability.

B-8. Service learning: an activity that integrates student learning with service and civic engagement to meet real community needs and achieve learning outcomes. Service-learning can be used in curricular settings (i.e. academic courses) or co-curricular settings, (e.g. ASUI’s volunteer/civic engagement programs).

B-9. Technology transfer: a process through which knowledge, technical information, and products developed through various kinds of scientific, business, and engineering research are provided to potential users. Technology transfer encourages and accelerates testing and using new knowledge, information and products. The benefit of technology transfer may occur either at the community (public) or firm (private) level.

B-10. Unit Administration: includes assisting higher administration in the assignment and in the evaluation of the services of each member of the unit’s faculty and staff; promoting effective leadership of personnel and management of unit resources; providing leadership in the development and implementation of unit plans; providing for open communication with faculty and staff; fostering excellence in teaching, scholarship and outreach for faculty, students, and staff in the unit; effectively representing all constituents of the unit; and continuing personal professional development in areas of leadership.

C. RESPONSIBILITY AREAS: Faculty members are expected to contribute in each of the four major responsibility areas (C-1 through C-4 below). Expectations are more specifically defined in the individual position description and are consistent with unit by-laws. Each responsibility area may include activities in advancement, extramural professional service, interdisciplinary, and/or professional development. [add. 1-10]

C-1. TEACHING AND ADVISING: The university’s goal is to engage students in a transformational experience of discovery, understanding and global citizenship. Faculty achieve this goal through effective instructing, advising and/or mentoring of students. [add. 1-10]

a. Instruction: Effective teaching is the foundation for both the advancement and transmission of knowledge. The educational function of the university requires the appointment of faculty members devoted to effective teaching. Teaching may take many different forms and any instruction must be judged according to its central purposes. Active participation in the assessment of learning outcomes is expected of all faculty at the course, program, and university-wide levels. Individual colleges and units have the responsibility to determine appropriate teaching loads for faculty.

1 National Academy of Science
position descriptions. Teaching appointments must be reflected by hours and level of effort spent in teaching activity, and justified in position descriptions. Any adjustments to a teaching appointment (e.g. teaching unusually large classes, team-teaching, teaching studios or laboratories, intensive graduate or undergraduate student mentoring, technology-enhanced teaching, and others) must be documented in the position description. [rev. 7-06, ed. 1-10]

The validation of instruction may include Student Evaluations of Teaching (SETs), peer evaluations, self assessment, documentation of effective or innovative teaching, teaching recognition and awards, and teaching loads. [add. 1-10]

b. Advising and/or Mentoring Students: Advising students is also an important faculty responsibility and a key function of academic citizenship. Student advising may include: (1) overseeing course selection and scheduling; (2) seeking solutions to conflicts and academic problems; (3) working with students to develop career goals and identify employment opportunities; (4) making students aware of programs and sources for identifying employment opportunities, (5) facilitating undergraduate and graduate student participation in professional activities (e.g. conferences, workshops, demonstrations, applied research); and (6) serving as a faculty advisor to student organizations or clubs. Advising also includes attendance at sessions (e.g. workshops, training courses) sponsored by the university, college, unit, or professional organizations to enhance a faculty member’s capacity to advise. [add. 7-06, rev. 1-08, ed. 1-10]

Effective advising performance may be documented by: (1) the evaluation of peers or other professionals in the unit or college; (2) undergraduate or graduate student advisees’ evaluations; (3) level of activity and accomplishment of the student organization advised; (4) evaluations of persons being mentored by the candidate; (5) number of undergraduate and graduate students guided to completion; and (6) receiving awards for advising, especially those involving peer evaluation. [add. 7-06, ed. 1-10]

C-2. SCHOLARSHIP AND CREATIVE ACTIVITIES: Scholarship is creative intellectual work that is communicated and validated. The creative function of a university requires the appointment of faculty members devoted to scholarship and creative activities. The university promotes an environment that increases faculty engagement in interdisciplinary scholarship. The university’s Carnegie designation as “research university high” fosters an emphasis on scholarly and creative activities. [rev. 1-10]

Scholarship and creative activities take diverse forms and are characterized by originality and critical thought. Both must be validated through internal and external peer review or critique and disseminated in ways having a significant impact on the university community and/or publics beyond the university. Both are ongoing obligations of all members of the faculty. [rev. 7-06, 1-10]

The basic role of a faculty member at the University of Idaho is to demonstrate and validate continuing sound and effective scholarship in the areas of teaching and learning, artistic creativity, discovery, integration, and outreach/application/engagement. While these areas may overlap, these distinctions are made for purposes of defining position descriptions and for developing performance standards. Units and colleges shall adopt criteria for the evaluation of scholarship and creative activities. Demonstrated excellence that is focused in only one of these scholarship and creative activity areas is acceptable if it is validated and judged to be in the best interests of the institution and the individual faculty member. [rev. 7-06, 1-10]
a. Scholarship in Teaching and Learning: can involve classroom action research (site-specific pedagogy), qualitative or quantitative research, case studies, experimental design and other forms of teaching and learning research. It consists of the development, careful study, and validated communication of new teaching or curricular discoveries, observations, applications and integrated knowledge and continued scholarly growth. Evidence that demonstrates this form of scholarship might include: publications and/or professional presentations of a pedagogical nature; publication of textbooks, laboratory manuals, or educational software; advancing educational technology; presentation in workshops related to teaching and learning; development and dissemination of new curricula and other teaching materials to peers; and individual and/or collective efforts in securing and carrying out education grants. [ed. 7-00, rev. 7-06]

The validation of scholarship in the area of teaching and learning is based in large measure on evaluation by the faculty member’s peers both at the University and at other institutions of higher learning. [rev. 7-06]

b. Scholarship in Artistic Creativity: involves validated communication and may be demonstrated by significant achievement in an art related to a faculty member’s work, such as musical composition, artistic performance, creative writing, mass media activity, or original design. [rev. 7-06, 1-10]

The validation of scholarship in the area of artistic creativity is based in large part on the impact that the activity has on the discipline and/or related fields as determined by the peer review process. Many modes of dissemination are possible depending on the character of the art form or discipline. For example, a published novel or book chapter for an anthology or edited volume or similar creative work is regarded as scholarship. Each mode of dissemination has its own form of peer review that may include academic colleagues, practitioner or performance colleagues, editorial boards, and exhibition, performance, or competition juries. [rev. 7-06]

c. Scholarship in Discovery: involves the generation and interpretation of new knowledge through individual or collaborative research. It may include: novel and innovative discovery; analyzing and synthesizing new and existing knowledge and/or research to develop new interpretations and new understanding; research of a basic or applied nature; individual and collaborative effort in securing and carrying out grants and research projects; membership on boards and commissions devoted to inquiry; and scholarly activities that support the mission of university research centers. [rev. 7-06]

Evidence of scholarship in this area may include: publication of papers in refereed and peer reviewed journals; published books and chapters; published law reviews; citation of a faculty member’s work by other professionals in the field; published reviews and commentary about a faculty member’s work; invited presentations at professional meetings; seminar, symposia, and professional meeting papers and presentations; direction and contribution to originality and novelty in graduate student theses and dissertations; direction and contribution to undergraduate student research; awards, scholarships, or fellowships recognizing an achievement, body of work, or career potential based on prior work; appointment to editorial boards; and significant scholarly contributions to university research centers. The validation of scholarship in the area of discovery is based on evaluation by other professionals in the faculty member’s discipline or sub-discipline. [rev. 7-06]

d. Scholarship of Integration: often interdisciplinary and at the borders of
converging fields, is the serious, disciplined work that seeks to synthesize, interpret, contextualize, critically review, and bring new insights into, the larger intellectual patterns of the original research. Similar to the scholarship of discovery, the scholarship of integration can also seek to investigate, consolidate, and synthesize new knowledge as it integrates the original work into a broader context. It often, but not necessarily, involves a team or teams of scholars from different backgrounds working together, and it can often be characterized by a multidisciplinary or interdisciplinary investigative approach. The consolidation of knowledge offered by the scholarship of integration has great value in advancing understanding and isolating unknowns. Beyond the differences, the scholarship of integration can include many of the activities of scholarship of discovery and thus may be rigorously demonstrated and validated in a similar manner. [add. 7-06]

e. Scholarship of Outreach/Application/Engagement: These activities apply faculty members’ knowledge and expertise to issues that impact individuals, communities, businesses, government, or the environment. Examples may include economic development, environmental sustainability, stimulation of entrepreneurial activity, integration of arts and sciences into people’s lives, enhancement of human well being, and resolution of societal problems. Like other forms of scholarship and creative activities, the scholarship of outreach/application/engagement involves active communication and validation. Examples of validation may include (but are not limited to): peer reviewed or refereed publications and presentations; patents, copyrights, or commercial licensing; adoption or citation of techniques as standards of practice; invited presentation at a seminar, symposium or professional meeting; and citations of the faculty member’s work. [add. 7-06, rev. 1-10]

C-3. OUTREACH and EXTENSION: Outreach activities are originated by every unit on UI’s Moscow campus and from each of the University’s physical locations around the state. [add. 1-10]

Outreach includes a wide variety of activities including, but not limited to, (a) extension (see 1565 B); (b) teaching, training, certification, and other dissemination of information to the general public, practitioner, and specialty audiences; (c) volunteer development and establishment/maintenance of relationships with private and public organizations; and (d) unpaid extramural consultation and other professional services to individuals, organizations, and communities. Delivery mechanisms include distance education, service learning, cooperative education, technology transfer, noncredit courses, and publications. Most of the examples provided, such as distance education, are not exclusively outreach. Instead, they lie at the intersection of outreach and teaching or research. Likewise, professional services may be associated with teaching, scholarship, or university service and leadership. A faculty member’s position description specifies where his or her outreach activities will be counted. [rev. 1-10]

Evidence of effective outreach activities may include, but are not limited to, (1) documentation of the process by which needs were identified and what steps were taken to deliver carefully planned and implemented programs; (2) numbers of individuals and types of audiences affected; (3) evaluation by participants in outreach activities; (4) other measures of significance to the discipline/profession, state, nation, region and/or world; (5) quantity and quality of outreach publications and other mass-media outlets; (6) evaluation of the program’s effects on participants and stakeholders; (7) awards, particularly those involving peer evaluation; (8) letters of commendation from individuals within organizations to whom service was provided; (9) service in a leadership role of a professional or scientific organization as an officer or other significant position; and (10) other evidence of professional service oriented projects/outputs. [rev. 1-10]
C-4. UNIVERSITY SERVICE AND LEADERSHIP: The university seeks to create formal and informal organizational structures, policies, and processes that enable the university community to be effective, while also fostering a climate of participatory decision making and mutual respect. [add. 1-10]

a. Intramural service is an essential component of the University of Idaho mission and is the responsibility of faculty members in all units. Service by members of the faculty to the university in their special capacities as scholars should be a part of both the position description and annual performance review. [add. 7-06, rev. 1-08, ed. 1-10]

Within the university, intramural service includes participation in unit, college, and university committees, and any involvement in aspects of university governance and academic citizenship. University, college, and unit committee leadership roles are seen as more demanding than those of a committee member or just regularly attending faculty meetings. Because faculty members play an important role in the governance of the university and in the formulation of its policies, recognition should be given to faculty members who participate effectively in faculty and university governance. Intramural service can include clinical service, routine support, and application of specialized skills or interpretations, and expert consultancies. The beneficiaries of these forms of service can be colleagues and co-workers. [rev. 1-10]

Effective performance in intramural service may be documented by a variety of means. Examples include: (1) letters of support from university clientele to whom your service was provided; (2) serving as a member or chairperson of university, college, or unit committees; and (3) receiving University service awards, especially those involving peer evaluation. [rev. 1-10]

b. Administration:

(1) Unit Administration (see FSH 1565 B): FSH 1420 E describes the responsibilities and the selection and review procedures for unit administrators. Unit administration is not normally considered in tenure and promotion deliberations; it is accounted for insofar as expectations are proportionally adjusted in the other sections of the position description. For faculty in nonacademic units (e.g. faculty at large), administration may be considered in tenure and promotion deliberations. [add. 7-06, rev. 1-10]

(2) Other: Effective conduct of university programs requires administrative activities that support scholarship, outreach and teaching. Program support activities are to be noted in position descriptions and performance reviews. The role of the principal or co-investigator of a university program or project may include the following administrative responsibilities: (1) budgetary and contract management; (2) compliance with University purchasing and accounting standards; (3) supervision and annual review of support personnel; (4) purchasing and inventory management of goods; (5) graduate student and program personnel recruitment, training in University procedures/policies, and annual review; (6) collaborator coordination and communication; (7) management of proper hazardous waste disposal; (8) laboratory safety management; (9) authorization and management of proper research animal care and use; (10) authorization and management of human subjects in research; (11) funding agency reporting; (12) intellectual property reporting; and (13) compliance with local, state, and federal regulation as well as University research policy. [add. 7-06, rev. 1-10]
Demonstration of effective administration, may be documented by a variety of means. Examples include: (1) compliance with applicable rules, standards, policies, and regulations; (2) successful initiation, conduct and closeout of research contracts and grants as evidenced by timely reporting and budget management; (3) completion of the research contract or proposal scope-of-work; organized program operations including personnel and property management.

Documentation of effective university program operation, beyond scholarship, may also include input by graduate and undergraduate students participating in the university program; and input by collaborators, cooperators, funding agency and beneficiaries of the program. Documentation of effective administration may include evaluations by faculty and staff, as well as objective measures of performance under the incumbent’s leadership. [add 7-06, rev. 1-10]

D. UNIVERSITY FACULTY (FSH 1520 Article II):

D-1. INSTRUCTOR: Instructors may be appointed for the purpose of performing practicum, laboratory, or classroom teaching. Appointment to instructor constitutes a recognition of the appointee’s scholarly contributions and professional accomplishments, and confers responsibilities and privileges as stated below. To avoid confusion over university faculty (those who have voting rights per FSH 1520 II, Section 1) the title of Instructor shall not be used in any other university position.

a. Instructor. Appointment to this rank requires proof of advanced study in the field in which the instructor will teach, the promise of teaching effectiveness, and satisfactory recommendations. Instructors have charge of instruction in assigned classes or laboratory sections under the general supervision of the departmental administrator. When they are engaged in teaching classes with multiple sections, the objectives, content, and teaching methods of the courses will normally be established by senior members of the faculty or by departmental committees. Instructors are expected to assist in the general work of the department and to make suggestions for innovations and improvements.

b. Senior Instructor. Appointment to this rank requires qualifications that correspond to those for the rank of instructor and evidence of outstanding teaching ability. Instructors are promotable to senior instructor [see FSH 3560]. Effective teaching is the primary responsibility of anyone holding this rank and this primary responsibility is weighted accordingly in the annual performance evaluation and when a senior instructor is being considered for tenure. Except in very rare instances, this rank is considered terminal (i.e., it does not lead to promotion to the professorial ranks and there is no limitation on the number of reappointments). Prospective appointees to the rank of senior instructor must be fully informed of its terminal nature. No more than 15 percent of the positions in any department or similar unit may be held by senior instructors; however, each such unit may appoint one person to this rank without regard to this limitation.

c. Promotion and Review. Each unit will develop criteria for promotion and review of its instructors. The promotion process will be consistent with that followed by the unit, college and university for tenure track faculty (see FSH 3560). Instructors will be reviewed at a minimum of every 5 years, or earlier thereafter, as determined by the unit’s bylaws. The committee for third-year review, periodic review and promotion and review, as defined by the unit’s bylaws, shall include tenure-track faculty within the unit.

D-2. FACULTY:
a. Assistant Professor. Appointment to this rank normally requires the doctorate or appropriate terminal degree. In some situations, however, persons in the final stages of completing doctoral dissertations or with outstanding talents or experience may be appointed to this rank. Evidence of potential effective teaching and potential scholarship in teaching and learning, artistic creativity, discovery, and outreach/application/engagement is a prerequisite to appointment to the rank of assistant professor. Appointees in this rank have charge of instruction in assigned classes or laboratories and independent or shared responsibility in the determination of course objectives, methods of teaching, and the subject matter to be covered. Assistant professors are expected to demonstrate the ability to conduct and direct scholarly activities, and to provide intramural and extramural professional service. [1565 C] [rev. 7-98, 7-00, 1-10, ed. 7-12]

b. Associate Professor. Appointment or promotion to this rank normally requires the doctorate or appropriate terminal degree. In some situations, however, persons with outstanding talents or experience may be appointed or promoted to this rank. Associate professors must have demonstrated maturity and conclusive evidence of having fulfilled the requirements and expectations of the position description. An appointee to this rank will have demonstrated effective teaching or the potential for effective teaching, the ability to conduct and direct scholarly activities in his or her special field, and provide service to the university and/or his or her profession. Evidence of this ability includes quality publications or manuscripts of publishable merit; and/or unusually productive scholarship in teaching and learning; and/or significant artistic creativity; and/or major contributions to the scholarship of outreach/application/engagement. Associate professors generally have the same responsibilities as those of assistant professors, except that they are expected to play more significant roles in initiating, conducting, and directing scholarly activities, and in providing intramural and extramural professional service. [1565 C] [rev. 7-98, 1-10, rev. and ren. 7-00]

c. Professor. Appointment or promotion to this rank normally requires the doctorate or appropriate terminal degree. A professor should have intellectual and academic maturity, demonstrated effective teaching or the potential for effective teaching and the ability to organize, carry out, and direct significant scholarship in his or her major field. A professor will have made major scholarly contributions to his or her field as evidenced by several quality publications and/or highly productive scholarship in one or more of the areas of teaching and learning, discovery, artistic creativity, and outreach/application/engagement. Professors have charge of courses and supervise research, and are expected to play a major role of leadership in the development of academic policy, and in providing intramural and extramural professional service. [1565 C] [rev. 7-98, 1-10, rev. and ren. 7-00]

D-3. RESEARCH FACULTY:

a. Assistant, Associate and Professor. Appointment to these ranks requires qualifications, except for teaching effectiveness, that correspond to their respective ranks as for faculty in D-2 above. [ed. 7-12]

D-4. EXTENSION FACULTY:

a. Extension Faculty with Rank of Instructor. Appointment to this rank requires: sound educational background and experience for the specific position; satisfactory standard of scholarship; personal qualities that will contribute to success in an extension role; evidence of a potential for leadership, informal instruction, and the
development of harmonious relations with others. [rev. 7-98]

b. Extension Faculty with Rank of Assistant Professor. Appointment to this rank requires a master’s degree along with the qualifications of extension faculty with rank of instructor and: demonstrated leadership ability in motivating people to analyze and solve their own problems and those of their communities; evidence of competence to plan and conduct an extension program; a record of effectiveness as an informal instructor and educational leader; proven ability in the field of responsibility; evidence of continued professional growth through study and participation in workshops or graduate training programs; acceptance of responsibility and participation in regional or national training conferences; membership in appropriate professional organizations, and scholarship in extension teaching or practical application of research; demonstrated ability to work in harmony with colleagues in the best interests of UI and of the people it serves. [rev. 7-98]

c. Extension Faculty with Rank of Associate Professor. In addition to the qualifications required of extension faculty with rank of assistant professor, appointment or promotion to this rank requires: achievement of a higher degree of influence and leadership in the field; continued professional improvement demonstrated by keeping up to date in subject matter, extension teaching methods, and organization procedures; progress toward an advanced degree if required in the position description; demonstrated further successful leadership in advancing extension educational programs; evidence of a high degree of insight into county and state problems of citizens and communities in which they live, and the contribution that education programs can make to their solution; an acceptance of greater responsibilities; a record of extension teaching or practical application of research resulting in publication or comparable productivity; a reputation among colleagues for stability, integrity, and capacity for further significant intellectual and professional achievement. These activities may occur in a domestic or international context. [rev. 7-98, ed. 1-10]

d. Extension Faculty with Rank of Professor. In addition to the qualifications required of extension faculty with rank of associate professor, appointment or promotion to this rank requires: regional or national recognition in the special professional field or area of responsibility; a record of successful organization and direction of county, state, or national programs; an outstanding record of creative extension teaching or practical application of research resulting in significant publications or comparable scholarship; active membership and effective participation in professional committee assignments and other professional organization activities; demonstrated outstanding competence in the field of responsibility; achievement of full maturity as an effective informal teacher, wise counselor, leader of extension educational programs, and representative of the university. These activities may occur in a domestic or international context. [rev. 7-98, ed. 1-10]

D-5. LIBRARIAN:

a. Librarian with Rank of Instructor. Appointment to this rank requires an advanced degree in library science from a library school accredited by the American Library Association and: (a) evidence of potential for successful overall performance and for development as an academic librarian; (b) when required for specific positions (e.g., cataloger, assistant in a subject library), knowledge of one or more subject areas or pertinent successful experience in library work.
b. Librarian with Rank of Assistant Professor. Appointment to this rank requires the qualifications for librarian with rank of instructor and: (a) demonstrated ability, competence, and effectiveness in performing assigned supervisory-administrative, specialized public service, or technical service responsibilities; (b) demonstrated ability to establish and maintain harmonious working relationships with library colleagues and other members of the university community; (c) evidence of professional growth through study; creative activity; participation in workshops, conferences, seminars, etc.; participation in appropriate professional organizations; awareness of current developments in the profession and ability to apply them effectively in the area of responsibility; (d) service to the library, university, or community through committee work or equivalent activities.

c. Librarian with Rank of Associate Professor. Appointment or promotion to this rank requires the qualifications applicable to the lower ranks of librarians and: (a) acceptance of greater responsibilities, and conclusive evidence of success in the performance of them, e.g., bibliographical research performed in support of research activities of others; development of research collections; the preparation of internal administrative studies and reports; interpreting, and facilitating effective use of, the collections; effectively applying bibliographic techniques for organizing library collections; effective supervision of an administrative unit; (b) evidence of further professional growth, as demonstrated by keeping up to date in subject matter, methods, and procedures and by practical application of research resulting in significant improvement of library operations or in publication; effective participation in the work of appropriate professional organizations; and/or formal study, either in library science or in pertinent subject areas; (c) evaluation by colleagues as a person of demonstrated maturity, stability, and integrity, with the capacity for further significant intellectual and professional achievement. These activities may occur in a domestic or international context. [ed. I-10]

d. Librarian with Rank of Professor. Appointment or promotion to this rank requires the qualifications applicable to the lower ranks of librarians and: (a) demonstrated outstanding competence in the area of responsibility; (b) achievement of an outstanding record of creative librarianship, of effective administration, or of practical application of research resulting in significant publications or comparable productivity; (c) an additional degree in library science or in a pertinent subject area or equivalent achievement; (d) regional or national recognition for contributions to the profession based on publications or active and effective participation in the activities of professional organizations; (e) evaluation by colleagues as an effective librarian who will continue to recognize that optimum productivity is a reasonable personal goal. These activities may occur in a domestic or international context. [ed. I-10]

D-6. PSYCHOLOGIST OR LICENSED PSYCHOLOGIST:

a. Psychologist with Rank of Instructor. Appointment to this rank requires: an advanced degree in counseling, counseling psychology, clinical psychology, or closely related field earned in a professional program accredited by the appropriate accrediting association; evidence of effective skills in counseling or therapy; and evidence of pursuit of a terminal degree.

b. Psychologist or Licensed Psychologist with Rank of Assistant Professor.
Appointment to this rank requires the qualifications for psychologist with rank of instructor and: a doctoral or equivalent terminal degree; evidence of effective skills in counseling or therapy; awareness of current developments in the profession; and demonstrated potential for participation in appropriate professional organizations,
service to the Counseling and Testing Center, the university, and the community through teaching, committee membership, or equivalent activities, and the development and execution of research projects or the development and execution of outreach services designed to benefit UI students.

c. Licensed Psychologist with Rank of Associate Professor. Appointment or promotion to this rank requires the qualifications applicable to the lower ranks of psychologists and: possession of a license as a psychologist in the state of Idaho; evidence of continued development of skills in counseling or therapy, as demonstrated by attendance at training workshops, personal study that leads to the presentation of workshops, classes, or seminars, or private study that leads to in-service training of personnel of the Counseling and Testing Center; evidence of continued professional development through service in professional organizations; evidence of effective teaching or training; completion of research that has resulted in quality publications or manuscripts of publishable merit, or the design and implementation of a continuing program in the Counseling and Testing Center that is of benefit to UI students and represents professional achievement of publishable merit; and continued service to the university and community through committee work or participation in community organizations. These activities may occur in a domestic or international context. [ed. 1-10]

d. Licensed Psychologist with Rank of Professor. Appointment or promotion to this rank requires the qualifications applicable to the lower ranks of psychologists and: demonstration of outstanding competence in counseling or therapy; establishment of an outstanding record in research and publication or in development of continuing programs that contribute to the betterment of university students; continued professional improvement through private study, directed study, or attendance at workshops, conventions, etc.; regional or national recognition for contributions to the profession through publication, presentation of workshops, or active and effective participation in the activities of professional organizations; and recognition by colleagues as an effective psychologist who realizes that optimum productivity is a reasonable personal goal. These activities may occur in a domestic or international context. [ed. 1-10]

D-7. OFFICER-EDUCATION: Appointment of persons to the faculties of the officer education programs was established for the purpose of ensuring the academic soundness of the programs. The dual role of these faculty members as military officers and academic instructors is recognized. The university expects the nominees to have demonstrated academic and intellectual capabilities and exemplary professional achievement. Specifically, UI expects: [ed. 1-10]

a. Academic Preparation. It is desirable for officer education faculty members to have at least a master’s degree. In his or her most recent education, the officer should have a superior academic record as demonstrated by such measures as high grade-point average in graduate school, being in the upper half of the class in graduate school, or superior graduate-level ability as attested in letters of recommendation from graduate-school professors. [ed. 1-10]

b. Specialized Preparation. The officer must have significant education, experience, or formal preparation in the subject areas in which he or she will teach.

c. Military Background and Preparation. A junior officer is expected to have had significant professional performance and experience. It is also desirable that the officer have some formal military education beyond commissioning. A senior officer should have broad experience with excellent performance. He or she is expected to
have attended a junior or senior military college and to have made a distinguished record there.

d. Teaching. It is desirable for officers to have had some teaching experience. It is recognized that this is not always possible for junior officers. For such an officer, there should be some evidence that he or she will become a satisfactory teacher. Heads of officer education programs are expected to be experienced instructors.

e. Nominees who will pursue graduate studies at UI for one year before becoming an instructor will be given preliminary approval. In their last semester of full-time graduate enrollment, the service should submit the required information to the Officer Education Committee for regular, final approval. For preliminary approval, the officer should, in addition to the military requirement, show promise of being successful in graduate studies. This could be demonstrated by (a) a high score on the Graduate Record Examination, if taken, (b) full enrollment status as a graduate student at UI, (c) a high overall grade-point average in college (3.00 or above on a 4-point scale), (d) a high grade-point average in a major area, or (e) a good record in the final year of college and graduate-level ability as attested by letters of recommendation from college professors. [rev. 1-10]

f. Appointment:

1. The following information is submitted by the nominee’s service: (1) transcripts from undergraduate and graduate academic institutions; (2) transcripts or appropriate records from military schools and staff colleges; (3) at least three letters of recommendation from appropriate sources, such as former professors, military instructors, and supervisors or commanders. These letters should be concerned with matters such as the officer’s civilian academic performance, military record and leadership ability, and actual or potential performance as a teacher. (Former supervisors or commanders could give their opinion based on the officer’s demonstration of leadership ability and his or her experience as a training officer.); (4) a summary of the officer’s duty assignments and military and teaching positions held; (5) copies of favorable communications from the officer’s file.

2. The following is provided by the program unit concerned: (1) a description of the military schools attended and courses completed by the nominee; (2) a description of the positions held by the nominee; (3) an explanation of the appropriateness of the officer’s experience and training to the courses he or she will teach.

3. Copies of the requested material are distributed by the local unit to the members of the Officer Education Committee at least 72 hours before the meeting at which the committee will consider the nominee. For appointments commencing in the fall, this information should normally be made available not later than the preceding May 1.

4. In the case of a person nominated to head an officer education program, UI may require a personal interview.

5. A minimum of two weeks, after receipt of all required information, is necessary for consideration of the nominee. UI notifies the nominee’s service of its decision within one month.

D-8. UNIVERSITY DISTINGUISHED PROFESSOR: Acknowledgment of
outstanding academic contributions to the university is appropriate and desirable. The rank of University Distinguished Professor\(^2\) is bestowed upon University of Idaho faculty in recognition of sustained excellence in teaching, scholarship\(^3\), outreach, and service. The rank will be held for the remainder of the recipient’s active service at the University; if the recipient leaves the University and is eligible for emeritus status, the rank will change to University Distinguished Professor Emeritus. The rank is highly honorific and therefore will be conferred on no more than three faculty members university-wide in any given academic year. Selection of University Distinguished Professors will reflect the diversity of scholarly fields at the University. University Distinguished Faculty will receive a stipend of at least $5,000 per year for five years to be used to enhance salary or support professional activities (e.g., professional travel, student support, equipment, materials and supplies, etc.). \(\text{[add. 7-10, rev. 7-12]}\)

**a. Selection Criteria:** In general, University Distinguished Professors will have received national and usually international recognition. They will have brought distinction to the University through their work. \(\text{[ed. 7-12]}\)

University Distinguished Professors will have achieved a superior record in the following areas: scholarly, creative, and artistic achievement; breadth and depth of teaching; and University service and service involving the application of scholarship, creative, or artistic activities to addressing the needs of one or more external publics. \(\text{[rev. 7-12]}\)

University Distinguished Professorships will be conferred on members of the University of Idaho Faculty who have attained the rank of Professor and have completed a minimum of seven years of service at the University, typically at the rank of Professor. \(\text{[rev. 7-12]}\)

**b. Selection Process:** University Distinguished Professorships will be awarded by the President upon recommendation of The University Distinguished Professorship Advisory Committee, a standing committee composed of four faculty members and three deans. The committee members should reflect all dimensions of diversity in the university community. They will be appointed by the Provost to serve three-year terms on a staggered basis. Nominations will be made by Faculty Senate and the Academic Deans, in consultation with faculty and administrators of units. Committee members must be tenured professors who themselves have outstanding records of teaching, research and/or outreach. \(\text{[rev. 7-12]}\)

1. The Provost will request nominations from faculty, deans, directors and unit administrators annually. \(\text{[rev. 7-12]}\)

2. Written nominations will be submitted to the Provost and must include: \(\text{[ed. 7-12]}\)
   a. A nominating letter with a brief summary of the candidate’s achievements; \(\text{[rev. 7-12]}\)
   b. The candidate’s *curriculum vitae*, including a list of any significant previous awards;
   c. Letters of endorsement from the appropriate deans and unit administrators or director(s). The candidate may also include a maximum of three additional letters of support, as appropriate, from

\(^2\) As a result of Development Fund efforts, endowment support eventually may be obtained for many University Distinguished Fellowships, in which case a donor’s name may be added to the title. \(\text{[ed. 7-12]}\)

\(^3\) Scholarship in this context includes scholarship of discovery, scholarship of pedagogy, scholarship of application and integration, and artistic creativity.
students, colleagues at the University of Idaho, and/or other institutions. Letters should describe the impact of the nominee on her/his field, evidence of external recognition, and the context of her/his work over the course of her/his employment. [rev. 7-12]

3. The University Distinguished Professorship Advisory Committee reviews the nominations and makes recommendations to the Provost for transmittal to the President. [rev. 7-12]

4. Because the rank of University Distinguished Professorship is intended to be highly honorific, it is possible that in a given year no candidates will be selected. [ed. 7-12]

5. The applications of nominees who are not selected in the first year of nomination will remain active for a total of three years. Nominators will have the opportunity to update their nomination during subsequent years in which their candidate is under consideration.

D-9. CLINICAL FACULTY: Clinical faculty may be appointed for the purpose of performing practicum, laboratory, or classroom teaching. Clinical faculty is a non-tenure track position. Clinical faculty positions are appropriate for professional disciplines having strong applied and/or clinical elements or those serving university units or academic departments in a supporting capacity. Appointment to clinical-faculty status constitutes a recognition of the appointee’s scholarly contributions and professional accomplishments, and confers responsibilities and privileges as stated in a below.

Clinical faculty members may be appointed and/or promoted (FSH 3560 D-2) to the ranks of clinical assistant professor, clinical associate professor or clinical full professor. [rev. 7-11]

a. Responsibilities, Privileges, and Rights. A clinical faculty member has a primary employment responsibility in a UI unit. The relationship of a clinical faculty member to UI is essentially that of a collaborator with a UI unit, program, or faculty member. The guarantees afforded by the principle of academic freedom [see 3160] are extended to members of the clinical faculty. They have the same responsibilities and privileges as university faculty (FSH 1520 II 1) [rev. 7-11]

Clinical faculty members perform administrative, analytical, and research functions that complement UI’s mission in teaching, research, and service.

1. Clinical faculty members may have teaching as a primary or major responsibility; in addition, they may advise students on their academic or professional programs, participate in research projects, serve on graduate students’ supervisory committees, engage in outreach and engagement activities, and act as expert advisers to faculty members or groups. [rev. 7-11]

2. The nature and extent of the services to be rendered are determined jointly by the clinical faculty member, his or her immediate supervisor, and the unit administrator(s) concerned.

b. Qualifications. Assignment to a clinical faculty position is based on demonstrated knowledge and experience, academic degrees, scholarly contributions, or other professional accomplishments comparable to those expected of faculty within the unit. [ed. 7-11]

- Promotion and Review. Clinical faculty members are eligible for promotion after completion of time in rank comparable to that for tenure-track faculty, and upon evaluation by departmental, college and university promotion committees. Clinical faculty shall be reviewed during their third year (see FSH 3570). Each unit will
develop criteria for promotion and review of its clinical faculty. The promotion process will be consistent with that followed by the unit, college and university for tenure-track faculty (see FSH 3560). Clinical faculty will be reviewed at a minimum of every 5 years, or thereafter, as determined by the unit’s by-laws. The committee for third-year review, period review and promotion, as defined by the unit’s by-laws, shall include tenure-track faculty from the unit. [See FSH 3560] 

c4. Conversion. Instructors and senior instructors who meet the qualifications for clinical faculty defined in D-9 b. may be considered for clinical faculty status upon the recommendation of the unit administrator and dean, subject to approval by the provost. Credit for prior equivalent experience may be granted by the provost up to a maximum of four years. Conversion of an existing tenure-track or tenure line in a unit to clinical status requires the approval of the dean and provost. A unit must demonstrate that a clinical position better advances the university’s strategic goals than a tenure-track position. [add. 7-11]

E. EMERITI. (FSH 1520 II-2)

E-1. ELIGIBILITY. A board appointed, benefit-eligible member of the university faculty who holds one of the ranks described in 1565 D and who leaves the university and has a minimum of 8 years of service, has attained 55 years of age, and attained the rule of 65 (age plus years of service is at least 65), is designated as “professor emeritus/emerita,” “research professor emeritus/emerita,” or “extension professor emeritus/emerita,” as applicable. A faculty member without such rank has the designation “emeritus” or “emerita,” as applicable, added to the administrative or service title held at the time of retirement. [ed. 7-00, 7-02, I-08, rev. 7-12, I-14]

In exceptional circumstances the provost, with the concurrence of Senate Chair, Vice Chair and Faculty Secretary, may suspend the above eligibility rules and award or deny emeritus status to a faculty member. [add. 1-12]

E-2. RIGHTS, PRIVILEGES, AND RESPONSIBILITIES. Emeriti are faculty members in every respect, except for the change in salary and in certain fringe benefits, the obligation to perform duties, and the right to vote in faculty meetings. They continue to have access to research, library, and other UI facilities. Emeriti may take an active role in the service and committee functions of their department, college, and the university. UI encourages the voluntary continued participation of emeriti in the activities of the academic community.

E-3. EMPLOYMENT OPPORTUNITIES. [add. 1-12]

a. Emeritus faculty may hold a part-time position after retirement, but not a full-time one. When it is in the university’s interest, exceptions may be made and the full-time employment limitation may be waived by the president.
b. Units wanting to employ emeritus faculty without a search must request, in writing, a search waiver from the Director of Human Rights, Access & Inclusion.
c. Search waivers granted to emeritus faculty remain in effect for three full years. Units need only notify Human Resources if they want to continue to employ an emeritus faculty member while the search waiver is in effect. However, a unit is not obligated to employ the emeritus faculty member during this three year period.
E-4. SPECIFIC PROVISIONS FOR EMERITUS PARTICIPATION. [ren. 7-12]

a. Departmental mail boxes continue to be available to emeriti who reside locally.

b. A list of emeriti and their mailing addresses is maintained at each level--department, college, and university (Human Resources). [ed. 7-06, 1-08]

c. The director of human resources is responsible for supplying information about emeriti for the Campus Directory.

d. Emeriti who have campus mail boxes receive University of Idaho publications by campus mail or upon request by email. [ed. 7-12]

e. Emeriti who have departmental mail boxes receive full distribution of notices; otherwise, special requests may be made to the departmental administrator.

f. Ordinary office materials and supplies are available under the same issuing procedures applicable to other members of the department.

g. Departmental postage may be used for professional mail.

h. Offices for emeriti are provided on a space-available basis.

i. One, free non-transferable gold parking permit each year. [rev. 1-08]

j. Any discounts available to other members of the faculty and staff through various UI agencies are available to emeriti.

k. Emeriti are included in appropriate university, college, and departmental faculty-staff functions.

l. In the appointment of committees, administrators at all levels and the Committee on Committees consider the availability and desire for significant service of emeriti.

m. There are many areas of activity, professional and other, such as service to the community and special groups within the community and university, in which emeriti may have the time and the inclination to make continuing contributions (e.g., guest lectures, research design, and consultation). In connection with such services, emeriti are not excluded from the travel budget, though they may generally have a lower priority.

n. E-mail accounts are available to emeriti without charge. [add. 7-99, ren.1-08, ed. 7-12]

E-5. LISTING OF EMERITI IN THE COMMENCEMENT PROGRAM. Names of faculty members who retire after meeting the eligibility requirements stated in E-1 are listed in the program of the commencement exercises held during the fiscal year in which their UI duties end; also, those whose service obligations are to end on or before August 31 following a given commencement will be listed in the program for that commencement. [ed. 1-10, ren. 7-12]

E-6. MAINTENANCE OF TIES WITH EMERITI. The Faculty Senate has urged UI units periodically to review their contacts with emeriti and to take steps to ensure that the provisions of this section--particularly b and c, above--are being carried out; moreover,
the senate has urged all members of the UI community to seek additional ways of maintaining ties with emeriti and to provide opportunities and the means for them to continue to be a part of, and of service to, the university. [ed. 1-08, 7-09, ren. 7-12]

F. ASSOCIATED FACULTY: Associated faculty members (see FSH 1520 II-3) have access to the library and other UI facilities. Reimbursement for travel or for services to UI is at the unit’s discretion. They are not eligible for sabbatical leave. [ed. 1-10]

F-1. AFFILIATE FACULTY: [ren. 7-98, 1-08, rev. 7-10]

a. General. The affiliate faculty consists of professional personnel who serve academic departments in a supporting capacity. Appointment to affiliate-faculty status constitutes a recognition of the appointee’s scholarly contributions and professional accomplishments, confers responsibilities and privileges as stated in subsection e below, and authorizes assignment of service functions as described in subsection e-2 below. It is also a means of encouraging greater cooperation between and among academic departments and other units. An affiliate faculty member holds a non-tenure-track faculty status in an appropriate academic discipline. [ed. 7-00, 1-10, rev. 7-10]

b. Employment Status. An affiliate faculty member may, by virtue of his or her employment, have either one of the following relationships with UI: (1) that of a UI employee, normally an exempt employee, who is [a] a member of the faculty or staff of a unit of the university other than the one in which he or she has affiliate-faculty status, or [b] a member of the professional support staff of the same unit of the university in which he or she has affiliate-faculty status; (2) that of an employee of a governmental or private agency who is assigned by that agency to a UI unit or to one of the agency’s units or programs that is officially associated with the university. [rev. 7-10]

c. Distinction between Affiliate and Adjunct Faculties. Members of the affiliate faculty have a more direct relationship with UI than do members of the adjunct faculty [see 1565 F-2]. Members of the adjunct faculty are not UI employees. An adjunct faculty member’s primary employment is with a unit or program that is not officially associated with UI. Thus, the relationship of a member of this faculty category to UI is essentially that of a collaborator with a UI unit, program, or faculty member. An affiliate faculty member, in contrast, has a primary employment responsibility in a UI unit or in a non-UI unit that is officially associated with UI. In addition, he or she has a secondary relationship to another unit in a supporting role, or has a secondary relationship to the academic program in the same unit in which he or she has a primary employment responsibility. These latter relationships are the kind that are recognized by the affiliate faculty membership. [ed. 7-00, 1-08, 1-10, rev. 7-10]

d. Responsibilities, Privileges, and Rights. The guarantees afforded by the principle of academic freedom [see 3160] are extended to members of the affiliate faculty. They have substantially the same responsibilities and privileges as do members of the university faculty; however, their right to vote in meetings of their constituent faculties is limited in accordance with the provisions of 1520 II-3-b. (Those who, in addition to their affiliate-faculty status, have status as members of the university faculty [e.g., psychologists in the Counseling and Testing Center and regular faculty members in other academic departments] have, of course, full rights of participation in meetings of the university faculty and of the constituent faculties to which they belong.) [ren. 1-10, rev. 7-10, ed. 7-11]
Affiliate faculty members perform administrative, analytical, and research functions that complement UI’s mission in teaching, research, and service. [rev. 7-10]

1. Affiliate faculty members, as such, do not normally have teaching as a primary or major responsibility; however, with the approval of academic departments, they may teach classes, advise students on their academic or professional programs, participate in research projects, serve on graduate students’ supervisory committees (with approval by the vice president for research and graduate studies), or act as expert advisers to faculty members or groups. [rev. 7-10]

2. The nature and extent of the services to be rendered are determined jointly by the affiliate faculty member, his or her immediate supervisor, and the departmental administrator(s) concerned. [rev. 7-10]

3. Affiliate faculty qualify for the faculty-staff educational privilege [see 3740] [ed. 1-10, rev. 7-10]

e. Qualifications. Assignment to an affiliate faculty position is based on demonstrating knowledge and experience, academic degrees, scholarly contributions, or other professional accomplishments comparable to what is expected of faculty within that unit. [ed. 7-00, rev. 1-10, 7-10]

f. Appointment.

1. Appointments to the affiliate faculty may be made at any time. They are reviewed by the dean of the college before publication of each issue of the General Catalog. No appointment should be continued unless the affiliate faculty member remains in UI employment or continues in his or her assignment to an entity that is officially associated with the university. [rev. 7-10]

2. A recommendation for appointment to the affiliate faculty normally originates in the appropriate academic department and requires the concurrence of the nominee’s immediate supervisor and the faculty of the appointing department. The appointment must be approved by the dean of the college, the president, and the regents. [rev. 7-10]

3. An appointment, termination, or other change in affiliate-faculty status is made official by means of a “Personnel Action” form. [rev. 7-10]

F-2. ADJUNCT FACULTY: [rev. 7-10]

a. General. The adjunct faculty includes highly qualified persons who are not employed by UI but are closely associated with its programs. [For the distinction between the affiliate and the adjunct faculty categories, see 1565 F-1-c.] [ed. 7-00, 1-08, rev. 7-10]

b. Responsibilities. Members of the adjunct faculty have the same academic freedom and responsibility as do members of the university faculty; however, their right to vote in meetings of the university faculty and of their constituent faculties is limited in accordance with the provisions of 1520 II-3-b. Adjunct faculty members may be assigned to advise students on their academic or professional programs at any level; to work in cooperative research projects; to serve on committees,
including graduate students’ supervisory committees (with approval by the College of Graduate Studies); to act as expert advisers to faculty members or groups; and to teach courses in their branch of learning. [rev. & ren. 1-10, rev. 7-10, ed. 7-11, 7-12]

c. Qualifications. Adjunct faculty members must be highly qualified in their fields of specialization and should have exhibited positive interest in UI programs in the field of their appointment. Their qualifications should ordinarily be equivalent to those required of regular members of the faculty in the area and at the level of the adjunct faculty member’s responsibility. [ren. 1-10, rev. 7-10]

d. Adjunct faculty do not qualify for the faculty-staff educational privilege. (see 3740) [add. 1-10, rev. 7-10]

e. Appointment.

1. Appointments to the adjunct faculty may be made at any time. b. Appointments are for an indefinite period, but are to be reviewed by the dean of the college before publication of each issue of the General Catalog. No appointments should be continued unless the adjunct faculty member is actively engaged in the responsibilities for which he or she was appointed. [rev. 7-10]

2. Recommendations for appointment to the adjunct faculty are normally developed at the departmental level and have the concurrence of the departmental faculty. For interdisciplinary degree programs, adjunct faculty may also be assigned responsibilities with respect to the degree programs with approval of the program faculty and of the program director. Appointments must be approved by the dean of the college, the provost, the president, and the regents. [rev. 7-10]

3. Before formal appointment procedures are begun, the prospective adjunct faculty member must agree to serve under the provisions herein described. When necessary, the consent of the nominee’s employer, if any, will be requested and recorded. [rev. 7-10]

4. Appointment information is recorded on the regular “Personnel Action” form.

5. The appointment of adjunct faculty members to graduate students’ supervisory committees requires approval by the dean of the College of Graduate Studies. [rev. 7-10]

G. TEMPORARY FACULTY: Temporary faculty have access to the library and other UI facilities. Reimbursement for travel or for services to UI is at the unit’s discretion. They are not eligible for sabbatical leave. [add. 1-10]

G-1. LECTURER. A teaching title that may be used at any level, i.e., it carries no specific connotation of rank among the professorial titles. This title is conferred on one who has special capabilities or a special instructional role. Lecturers are neither tenurable nor expected to progress through the professorial ranks. A lecturer qualifies for faculty status with vote during any semester in which he or she (a) is on an appointment greater than half-time and (b) has been on such appointment for at least four semesters. When a lecturer qualifies for faculty status they shall be reviewed at a minimum of every 5 years thereafter as determined by the unit’s by-laws. The review committee defined by the unit’s by-laws shall include tenure-track faculty within the unit. [rev. 7-01]
G-2. VISITING FACULTY. A designation that, when used with a professorial title, customarily indicates that the appointee holds a regular teaching or research position at another institution. A visiting appointee who does not hold a professorial rank elsewhere may be designated as a lecturer. Appointees with visiting academic ranks (e.g., visiting associate professor, visiting professor) are considered temporary members of the university faculty. Those on full-time appointment have the privilege of voting in meetings of the university faculty and of the appropriate constituent faculties.

G-3. ACTING. Persons who are judged competent to perform particular duties may be appointed for temporary service as acting members of the faculty. An acting appointment may also be used to establish a probationary period for an initial appointment of a person who, while being considered for a regular position on the faculty, is completing the required credentials for a permanent appointment. Persons on acting status are not voting members of the university faculty or of constituent faculties.

G-4. ASSOCIATE. A title for a nonstudent with limited credentials who is assigned to a specialized teaching, research, or outreach position. Associates are exempt staff and are not members of the university faculty or of constituent faculties. [ed. 1-10]

H. NON-FACULTY: Those within this category are not members of the faculty. [ed. 1-10]

H-1. POSTDOCTORAL FELLOW. Postdoctoral fellows are persons who hold the doctoral degree or its equivalent at the time of their appointment and are continuing their career preparation by engaging in research or scholarly activity. Postdoctoral fellows are special exempt employees in the category of “temporary or special” (FSH 3080 D-2 a) employees recognized by the regents. [See also 3710 B-1.b.] [ed. 1-10]

H-2. GRADUATE STUDENT APPOINTEES: [See also 3080 D-2-a.]

   a. Teaching Assistant. Teaching assistants conduct classroom or laboratory instruction under the supervision of a full-time member of the faculty. [ed. 1-10]

   b. Research Assistant. Research assistants provide research service, grade papers, and perform other nonteaching duties. [ed. 1-10]

   c. Graduate Assistant. Graduate assistants perform paper-grading and other nonteaching duties. [ed. 1-10]

   d. Research Fellow. This title is appropriate for registered graduate students engaged in research or scholarly activities sponsored by funds designated for fellowships. [ed. 1-10]

I. QUALIFICATIONS OF NONFACULTY MEMBERS FOR TEACHING UI COURSES. Persons who are not members of the university faculty but are selected to teach UI courses offered for university-level credit (including continuing-education courses and those offered by correspondence study) are required to have scholarly and professional qualifications equivalent to those required of faculty members.
PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
JUNE 18, 2014
University Faculty Meeting #3 - April 29, 2014 - Page 98

POLICY COVER SHEET
(See Faculty Staff Handbook 1460 for instructions at UI policy website:

www.webs.uidaho.edu/uipolicy)

[3/09]

Faculty/Staff Handbook [FSH] □ Addition □ Revision* □ Deletion* □
Emergency Minor Amendment ☑

Chapter & Title: FSH 3560 – Instructor/Senior Instructor –

All policies must be reviewed, approved and returned by a policy sponsor, with a cover sheet attached to apm@uidaho.edu or fsh@uidaho.edu respectively.
*Note: If revision/deletion request original document from apm@uidaho.edu or fsh@uidaho.edu, all changes must be made using “track changes.”

Originator(s): Faculty Senate, 2012-13, April 23, 2013
(Please see FSH 1460 C)
Name Date

Policy Sponsor: (If different than originator.) Paul McDaniel Faculty Affairs Chair 3/11/13
Name Date

Reviewed by General Counsel ____X____No Name & Date: _Debra Ellers 3/21/14_

I. Policy/Procedure Statement: Briefly explain the purpose/reason of proposed
addition, revision, and/or deletion to the Faculty/Staff Handbook or the
Administrative Procedures Manual.

1. Address “up or out” situation for instructors who must go up for promotion to Senior
Instructor after three years. This created a problem because of language in 1565 D-1 b
(last sentence limits instructors in department to 15%) and FSH 3560 – D-1 wherein an
instructor must go up for promotion.
2. Moved promotion/review language from 1565 Ranks & Responsibilities to 3560
Promotion.
3. Address the need for a periodic review by tenure-track faculty of instructors, senior
instructors, clinical faculty, and lecturers (who qualify for voting privileges).
4. If instructor or clinical choose not to go up for promotion at the end of their third year, a
review by tenure-track faculty in unit is required.
5. Moved requirement for External Peer Reviews from E-2 b to new section E-3. If this
paragraph remained in E-2, it would require external reviews for all instructors/clinical.
This would be onerous for all units to comply with; if a unit desires external reviews of
their clinical faculty, they may address in their unit by-laws.

II. Fiscal Impact: What fiscal impact, if any, will this addition, revision, or deletion
have? None

III. Related Policies/Procedures: Describe other policies or procedures existing that are
related or similar to this proposed change. 1565, 1590, 3320, 3560, 3570

IV. Effective Date: This policy shall be effective on July 1, or January 1,
whichever arrives first after final approval (see FSH 1460 D) unless otherwise
specified in the policy.

If not a minor amendment forward to: ____FAC approved 3/10/14________

PREAMBLE: This section discusses promotion in rank and the procedures by which a faculty member is evaluated, at the department, college, and university level, for a possible promotion. In particular the charge of the University Level Promotions Committee is given (subsection G). This section was an original part of the 1979 Handbook and has been revised in very minor ways several times since. In July 1994 it was more substantively revised: subsections A and B were largely rewritten to emphasize the faculty’s responsibility for promotion, G-2 (add a “presumption in favor” of the candidate under certain conditions at the university level) and the last sentence of H (providing feedback to the candidate) added. Again in July 1998 there were substantial revisions to E-2 (making formal the requirement and procedures for an external review), and E-5 and F-5 (providing a feedback loop between candidate and subsequent evaluators). In July 2000 section B was revised to make clear that eligibility for promotion in rank necessitated a history of position descriptions that required activities consistent with the criteria for that rank. In July 2002 section D was edited to clarify promotion schedules at each rank. In July 2007 the form underwent substantial revisions to address enforcement and accountability issues in the UI promotion and tenure process as well as align the form with the Strategic Action Plan. In January 2008 the section underwent some minor editing and revising to bring it into greater conformity with other sections of the Handbook. In January 2010 this section was again revised to reflect changes in the faculty position description and evaluation forms intended to simplify the forms while better integrating faculty interdisciplinary activities into the evaluation process. In July 2012 the university promotions committee makeup was revised to reflect current practice and align membership to college reorganizations. Except where otherwise noted, the text is as of July 1996. Further information may be obtained from the Provost’s Office (208-885-6448). [rev. 7-00, 7-02, 7-07, 1-08, 1-10, 7-12]

J. Annual Timetable for Promotion Consideration

A. GENERAL. Promotion to a rank requires the faculty member to meet the requirements for that rank. Responsibility for the effective functioning of promotion procedures rests with faculty and administrators. Decisions are based on thorough and uniform evaluation of the faculty member’s performance in relation to the expectations as listed in his/her position description. Performance of university administrative duties as a unit administrator is not a consideration in promotion. [FSH 1565 C]

B. BASES OF EVALUATION. Promotion in rank is granted only when there is reasonable assurance, based on performance, that the faculty member will continue to meet the standards for promotion. The faculty member’s position description [see FSH 3050], covering the period since appointment to his or her
current rank, provides a frame of reference for the unit expectations for satisfactory performance. When the appointment occurs after January 1, the following fiscal year is the first year of the promotion consideration period. In order to form a basis for promotion in rank, the position descriptions must require activity consistent with the criteria for that rank as stated in FSH 1565. The faculty member’s professional portfolio (FSH 3570) and other documents are judged in the context of unit and college by-laws as well as the documents listed in E-2 a and E-3 below [see FSH 1565 C].

C. RESPONSIBILITY. The responsibility for submitting recommendations in accordance with the prescribed schedule [see D] falls on the unit administrator or on the dean of the college if the college is not departmentalized. Small units may be joined with others for this purpose. The intent is to secure an adequate body of recommendations from those concerned and qualified to participate in the evaluation. The procedure involves successive considerations of the candidate, beginning with the faculty member’s colleagues at the unit level, and proceeding through the college level to the university level. Interdisciplinary and center administrators are to be included as appropriate. [rev. 1-08, ed. 1-10]

D. SCHEDULE. Consideration of each faculty member for promotion is required according to the following schedule:

D-1. Instructors. Each unit will develop criteria for promotion and review of its instructors. Instructors may be considered for promotion to senior instructor before the end of the third (in exceptional cases, the fourth) year of full-time service in this rank. Instructors who do not seek promotion shall be reviewed at the end of their third year (FSH 3570) and at a minimum of every five years thereafter as determined by the unit’s by-laws. The committee for third-year review, periodic review and promotion, defined by the unit’s bylaws, shall include tenure-track faculty within the unit.

Part-time service is not considered in determining the time for mandatory consideration for promotion. Periods of full-time service need not be consecutive; however, if there is an interruption of more than three years’ duration in an instructor’s full-time service, the instructor and the unit administrator may agree on an adjustment in the amount of full-time service that must be completed before consideration must be given to the instructor’s promotion, such adjustment being subject to approval by the provost. If an instructor who is serving full-time with primary responsibilities in teaching is not promoted by the end of the year in which consideration for promotion is mandatory, the following year will be his or her terminal year.

Note: The rank of senior instructor, provisions of this paragraph do not apply to the rank of senior instructor, which is, except in very rare instances, is a terminal rank that does not lead to promotion to the professorial ranks. [See 1565 D-1 b]. [ed. 7-00, 7-04, 1-10]

D-24. Clinical Faculty. Clinical faculty members are eligible for promotion after completion of time in rank comparable to that for tenure-track faculty, and upon evaluation by departmental, college and university promotion committees. Clinical faculty shall be reviewed during their third year (see FSH 3570). Each unit will develop criteria for promotion and review of its clinical faculty. The promotion process will be consistent with that followed by the unit, college and university for tenure-track faculty (see FSH 3560).
Clinical faculty will be reviewed at least once a minimum of every five years thereafter as determined by the unit’s by-laws. The committee for third-year review, periodic review and promotion, as defined by the unit’s bylaws, shall include tenure-track faculty from the unit.

**D-23. Assistant Professors.** Assistant professors are considered for promotion before the end of their sixth year in that rank. When an assistant professor has been considered for promotion and not promoted, he or she will be considered again no less frequently than at five-year intervals. The review may be delayed upon the request of the assistant professor and the concurrence of the unit administrator and the dean. Assistant professors who have served eight years in that rank shall be considered for promotion following the process established in this policy. [ed. 7-97, 7-02, 1-10]

**D-34. Associate Professors.** Associate professors are considered for promotion before the end of their seventh year in that rank. If review for promotion to full professor is scheduled during the fifth, sixth or seventh full year after the award of tenure then the promotion review may, if it meets substantially similar criteria and goals of the post tenure review, take the place of the periodic performance review required by the board of regents. (RGP IIG 6g) When an associate professor has been considered for promotion and not promoted, he or she should be considered again within five years. The review may be delayed upon the request of the associate professor and the concurrence of the unit administrator and the dean. [ed. 7-02, 1-10]

**D-5.D-4. Early Consideration for Promotion.** In addition to those whose consideration is mandated by this schedule, a faculty member may be considered for promotion at an earlier time if nominated for consideration by a faculty member of the recommending unit whose rank is higher than that of the nominee. It is suggested that the faculty member proposing to make the nomination confer with the administrator concerned on the merits of giving early consideration to the nominee. If it is determined that the nomination is to be made, the evaluation process is initiated by the recommending faculty member using a copy of the form that appears at the end of this section. The remainder of the evaluation process is the same for these additional candidates as it is for those regularly scheduled for consideration. A faculty member may request consideration of himself or herself for promotion but such a request does not require that the evaluation and recommendation process be carried out. [ed. 7-97, 1-10, rev. 1-08]

**D-5D-6. Credit for Prior Experience.** In cases involving prior equivalent experience, promotion may be considered following less than the usual period of service. In particular, a new faculty member with comparable experience (see FSH 3050 B) from other institutions in relation to the expectations set forth in his/her position description may be granted credit by the provost for such experience up to a maximum of four years. [rev. 1-10]

**E. EVALUATION AND RECOMMENDATION AT THE UNIT LEVEL.** [ed. 7-97, 1-10]

**E-1. Unit Criteria.** The faculty of each unit department or equivalent unit establishes, as appropriate for the unit, specific criteria that are consistent with criteria in FSH 1565 C for promotion in rank. The criteria shall include a statement regarding the role of interdisciplinary activity. Unit criteria are subject to review by the college standing committee on tenure and promotion.
for consistency with the college criteria. Such criteria may be revised at any
time by a majority vote of the unit faculty, but they must be reviewed for
possible changes at intervals not to exceed five years (see FSH 1590).
Revisions may not be retroactive but, for promotion evaluation purposes, are
considered proportionately in conjunction with criteria that were previously in
force. [rev. 1-08, 1-10]
E-2. Formal Promotion Review.

a. The formal evaluation for promotion requires assessing the faculty
member’s performance in meeting the criteria for promotion. To
initiate the formal promotion evaluation, the unit administrator (or
college dean if the unit administrator is under consideration for
promotion) obtains the position descriptions for the relevant period
(maintained in the unit office), annual performance evaluations, and the
third year review (FSH 3520 G-4) if conducted while in the current
rank, including all narratives, the professional portfolio (from the
faculty member)(see FSH 3570), summary scores of the student
evaluations of all classes taught (from Institutional Research and
Assessment), and the curriculum vitae, and reviews the latter for
completeness and accuracy with the faculty member. [ren. & rev. 1-08,
rev. 1-10]

b. Copies of documents referred to in E-2 a., and copies of the unit,
college, and university criteria for promotion are made available to
each person participating in the review at the unit and higher levels.
Supplementary material, if any, shall be available for review in the unit
office. [See FSH 3380 D.] The results of the student evaluations of
teaching must be carefully weighed and used as a factor in assessing
the teaching component in promotion decisions. [rev. 7-98, 1-10, 7-10,
ren. 1-08]

c. All review A promotion committees shall be formed consistent
with unit by-laws and must include tenure-track faculty. If the unit’s
by-laws do not address review committee makeup, one is not specified;
the structure of the tenure committee as described in FSH 3520 G-5 d.
shall be used. [add. 1-10]

d. Members of the faculty of the candidate’s unit (or group of small
units joined together for this purpose) whose ranks are higher than that
of the candidate are afforded an opportunity to submit their opinions
and recommendations on the candidate’s promotion on the lower
portion of the front page of the prescribed form. The unit administrator
making the recommendation will solicit, and address in his/her summary,
the evaluative comments regarding the candidate from all faculty members
(within the candidate’s unit) of a higher rank than the candidate, from
interdisciplinary program directors and/or center administrators (if
applicable). Any person having a familial or other similar significant
relationship with the candidate is not permitted to serve in any capacity in
the review process. Each unit is responsible for developing procedures in
its bylaws that meet the requirements of this subsection (unit bylaws are
subject to review and approval by the provost, see FSH 1590). A copy of
the form to be used in transmitting the recommendations made at each
stage of evaluation for promotion appears as the last two pages of this
section. [See FSH 3380 D.] [rev. & ren. 1-08, 1-10]

e. The unit administrator completes the first section on the back of the
recommendation form. In arriving at a conclusion, the administrator
carefully considers the following (particularly as they relate to the
factors listed in B): the information obtained from the curriculum vitae,
the position descriptions (including all narratives), the conference with
the candidate, the recommendations solicited from the candidate’s
colleagues, the external reviewers, interdisciplinary administrators
and/or center administrators (if applicable) and the results of annual
student evaluations of teaching (in the cases of teaching members of the
faculty). [ren. 1-08, rev. & ren. 1-10]

E-3. External Review: In addition to E-2 above, tenure track faculty will
require an external review. The unit administrator will request an
evaluation of the candidate’s performance from three to five appropriate
external reviewers, who should include faculty at peer institutions. Persons
asked to write peer reviews should be at, or above, the rank the candidate is
seeking. The names of at least two of these reviewers will be selected from
a list suggested by the candidate. (Also see External Peer Review
Guidelines on the Provost website at
http://www.uidaho.edu/provost/policyguidelines/tenure.) Final selection of
external reviewers should take place at the unit level, in accordance with
college policy. The letter of request will include the candidate’s curriculum
vitae, position descriptions for the relevant period (including all narratives),
the professional portfolio, and up to four examples of the candidate’s
scholarly and creative work. In addition, the letter of request shall include
instructions that the candidate be evaluated in relation to the candidate’s
personal context statement and unit and college criteria. When all
deliberations within the university are completed, the external reviewers’
evaluations will be shown to the faculty member after every effort has been
made to ensure the reviewers’ anonymity. [ren. 1-08, rev. 1-10]

E-34. Forwarding Materials.
a. Before forwarding the materials to the college, the unit
administrator shall forward the following to the candidate:
• written findings of the unit and/or committee’s recommendation
  and vote [rev. 7-10]
• his or her written recommendation which shall include strengths
  as well as weaknesses as perceived at the unit level. [rev. 7-10]
The candidate has one week from receipt of the above to provide
written clarification if he or she believes his or her record or the unit
criteria for promotion have been misinterpreted. Any such clarification
is forwarded with the rest of the candidate’s materials to the college.
b. The unit administrator then forwards the following items to the dean:
• his or her completed copy of the recommendation form for
each person considered
• the forms submitted by individual faculty members, including
  responses from external reviewers, interdisciplinary
  administrators and/or center administrators (if applicable)
• a summary of votes and any comments
• Any clarification received from the candidate as noted in “a”
  above. [rev. 7-98, 1-10, ren. 1-08]

E-45. The names of the members of the unit committee are made public
after the committee’s recommendations have been forwarded.

E-56. Unit Administrator Under Review for Promotion. If a unit
administrator is under consideration for promotion, the forms completed by
the faculty members concerned, are forwarded directly to the dean and the
dean is responsible for making the summary. (See FSH 3320 C-2) [ren. 1-
08]
F. REVIEW OF RECOMMENDATIONS AT THE COLLEGE LEVEL.

F-1. **College Standing Committee.** In each college there is a standing committee on tenure and promotion. The members serve for terms of not less than three years on a staggered basis. The membership of the committee and the method of selection are prescribed in the bylaws of the college. [rev. 1-08]

F-2. **College Criteria.** Each college shall have bylaws, adopted by the college faculty, specifying criteria consistent with FSH 1565 C for granting promotion to specific ranks in that college. The criteria shall include a statement regarding the role ascribed to interdisciplinary activity. College criteria must be compatible with the university-wide criteria as specified in FSH 1565 and section A above and are subject to approval by the provost. The dean or the faculty (by petition of 20 percent or more of the faculty members of the college) may initiate consideration for revision of the criteria at any time. [rev. 1-08, 1-10]

F-3. **College Standing Committee Recommendations.** The college standing committee makes recommendations to the dean and provost on promotion of individual faculty members.

F-4. **Dean’s Recommendations.** The dean considers the recommendations made by the college’s committee on promotion and makes a written recommendation. It is advisable that the dean confer collectively with the unit administrators about the merits of the faculty members whom they are recommending for promotion. Before forwarding the materials to the provost, the findings of the college committee(s) and the dean are relayed in writing to the candidate indicating strengths as well as weaknesses as perceived at the college level. The candidate has one week from receipt of the findings to provide written clarification if he or she believes his or her record or the college criteria for promotion have been misinterpreted. Any such clarification is forwarded with the candidate’s materials to the provost. [rev. 7-98, 1-08, 7-10, ren. & rev. 1-10]

F-5. The names of the members of the college committee are made public after the committee’s recommendations have been forwarded. [ren. 1-10]

G. REPORT OF RECOMMENDATIONS FORWARDED. When an administrator forwards a recommendation to the next higher level, he or she simultaneously reports, in writing, the recommendation to the candidate concerned and to those who have submitted recommendations on that candidate. If the recommendation is negative, then reasons for the negative recommendation are transmitted in writing to the candidate. [ed. 7-97, ren. 1-08, rev. 1-10]

H. REVIEW OF RECOMMENDATIONS AT THE UNIVERSITY LEVEL BY THE PROMOTIONS REVIEW COMMITTEE. [ren. 1-08]

H-1. All individual recommendations, together with the summary recommendations of the unit administrator, the recommendations of the college committee and those of the dean, including all narratives, are forwarded for review by the provost. Any individually signed recommendations are placed in the faculty member’s personnel file. [rev. 1-08, 1-10]

H-2. A University Promotions Committee of faculty members, chaired by the provost, is named each year. The committee reviews each promotion recommendation with specific reference to university guidelines and to the criteria established by the unit and college of the faculty member concerned.
and reflected in the faculty member’s position descriptions for the relevant period. This review involves full consideration of the material that was used in making the recommendations at the unit and college levels. [ed. 7-10]

a. One-third of the committee’s membership is randomly selected by the provost from the previous year’s committee; the remaining members are selected by the provost and the chair and vice chair of the Faculty Senate from nominations submitted by the senate. The random selection of carryover members is done one week before the senate makes its nominations. The delegation representing the College of Letters, Arts and Social Sciences on Faculty Senate nominates six faculty members who should be representative of the breadth of the disciplines within the college. The delegation representing the College of Agricultural & Life Sciences on Faculty Senate nominates four faculty members from the college: two each from (a) faculty with greater than 50% teaching and research appointments and (b) faculty with greater than 50% University of Idaho Extension appointments. The delegations from each of the other colleges and the Faculty-at-Large each nominate two faculty members from their constituencies.

b. Membership of the committee, including carryover members, consists of the provost (chair), three representatives from the College of Letters, Arts and Social Sciences, two representatives from the College of Agricultural & Life Sciences, one representative from each of the other colleges, the vice president for research, the dean of the college of graduate studies, and the vice provost for academic affairs. The provost, the vice president for research, the dean of the college of graduate studies, and the vice provost for academic affairs shall be ex-officio members without vote. Applications of faculty members being considered for promotion from the University Library, Law Library, Counseling and Testing Center, and the University of Idaho Extension will be represented by the University Promotions Committee’s representative whose own position most closely matches that of the applicant. The names of the members of the University Promotions Committee will be made public as soon as the committee’s recommendations have been forwarded. The chair will conduct voting on candidates by closed ballots. [rev. 7-97, 1-10, ed. and ren. 1-08, ed. 7-09]

H-3. A presumption in favor of promotion shall exist for each candidate who comes to the University Promotions Committee with a favorable recommendation from all of the committees that have considered the matter at the unit and college level, from the unit chair and dean directly involved, and from a majority of the faculty members who submitted a recommendation pursuant to section E-2.d. above. Upon showing that the lower level recommendations were made without due regard for the university criteria for the rank sought pursuant to section 1565, Faculty Ranks and Responsibilities, the presumption shall be overcome, and in such case the University Promotions Committee shall state in writing the reasons for the decision. [ed. 7-98, ren. 1-08, rev. 1-10]

I. APPEAL. If the President’s decision is against promotion, the faculty member has the right of appeal. [See 3840.]

J. ANNUAL TIMETABLE FOR PROMOTION CONSIDERATIONS. The process of promotion considerations is carried out annually. The unit level evaluation for promotion begins summer/early fall and shall follow the timetable provided by the provost and published on the provost’s website. [ed. 7-99, rev. 1-10]
UNIVERSITY OF IDAHO

SUBJECT
Changes in Constitution of the University Faculty.

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section II.B.2 Delegation of Authority
Idaho State Board of Education Governing Policies & Procedures, Section III.B. Academic Freedom
Idaho State Board of Education Governing Policies & Procedures, Section III.C. Institutional Governance

BACKGROUND/DISCUSSION
Board/Regents policy III.C.2 states that “[t]he faculty of each institution will establish written bylaws, a constitution, and necessary procedures, subject to the approval by the Chief Executive Officer and the Board, for making recommendations to the Chief Executive Officer as a part of the decision-making process of the institution.”

The Constitution of the University Faculty is set out in Faculty Staff Handbook (FSH) Section 1520. The university faculty proposes to change FSH 1520 Article IV – RESPONSIBILITIES OF THE UNIVERSITY FACULTY to affirm academic freedom in the pretext to faculty responsibilities listed in the Constitution of the University Faculty. As revised the pretext reads: The proposed new language reads “

ARTICLE IV—RESPONSIBILITIES OF THE UNIVERSITY FACULTY. Faculty are entitled to speak or write freely without institutional discipline or restraint on matters pertaining to faculty governance and university programs and policies. Subject to the authority of the president and the general supervision and ultimate authority of the regents, the university faculty accepts its responsibilities for the immediate government of the university, including, but not restricted to:

Attachment 1 sets out a copy of the faculty senate materials for the proposed change. In accordance with University of Idaho policies, the constitution change proposals first went to the Faculty Senate for review and approval and then were presented to the full faculty. Approval of the full faculty occurred in conjunction with the April 29, 2014, General Faculty Meeting. These policy changes were then presented to the president of the university who has until June 27, 2014 to indicate approval in writing or the proposed change will be deemed disapproved. If approved the changes must then be submitted for approval by the Board.
In a companion action the faculty also adopted revisions to university policy in FSH 3160 - ACADEMIC FREEDOM, RIGHTS AND RESPONSIBILITY, adding a reference to faculty governance and inserting nearly identical language into this section; revised to read as follows:

**A. POLICY.** The Board of Regents has affirmed its beliefs that academic freedom is essential for the protection of the rights of faculty members in teaching and of students in learning; that freedom in research and teaching, and faculty governance is fundamental to the advancement of truth; that, therefore, academic freedom should not be abridged or abused; and that academic freedom carries with it responsibilities correlative with rights. (State Board of Education, Governing Policies and Procedures, IIIB.)

**B. RESEARCH AND TEACHING RIGHTS AND RESPONSIBILITIES.**

B-1. Research. Teachers are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other duties, but research and consulting (see FSH 3260) for pecuniary return should be based on and consistent with the established written policies of the institution.

B-2. Teaching. Teachers are entitled to freedom in the classroom in discussing their subjects, but they should be careful not to introduce into their teaching controversial matter that is unrelated to their subjects. [ed. 7-97]

B-3. Faculty Governance. Teachers are entitled to speak or write freely without institutional discipline or restraint on matters pertaining to faculty governance and university programs and policies (see FSH 1520 Article IV, Section 8).

Attachment 2 sets out a copy of the faculty senate materials for this proposed change. In accordance with University of Idaho policies, this policy change proposal first went to the Faculty Senate for review and approval and then was presented to the full faculty. Approval of the full faculty occurred in conjunction with the April 29, 2014, General Faculty Meeting. This policy change was then presented to the president of the university who has until June 27, 2014 to indicate approval in writing or the proposed change will be deemed disapproved. This policy change does not require approval by the Board.

**IMPACT**

The proposed changes have been reviewed by University counsel who has expressed the following concerns:

1. The proposed changes removes any conduct in the nature of speech or writing regarding faculty governance, university programs and policies from any university discipline.
2. The changes remove the ability for the university to discipline for speech that slanders or defames or that is otherwise wrongful and which could subject the University and the Board to potential civil liability.
3. The changes remove the ability for the university to discipline for speech that is disruptive or insubordinate.

4. Board Policy II.B.2 delegates “all authority for personnel management not specifically retained… to the chief executive officers consistent with the personnel policies and procedures adopted by the Board.” Thus the proposed language limiting the university president’s ability to discipline faculty in inconsistent with the plenary grant of authority found in Board Policy II.B.2.

5. Board Policy III.B (Academic Freedom and Responsibility) sets out the Boards policy statement on academic freedom and responsibility. This policy is consistent with the Statement on Academic Freedom (1940) of the American Association of University Professors (AAUP). Neither the Board policy nor the AAU statement address faculty governance as an element of academic freedom. The proposed revised FSH 3160 specifically references Board Policy III.B incorrectly implying that the Board policy recognizes faculty governance as an element of academic freedom, when such is not the case.

University administration offered compromise language to recognize the importance of faculty governance and the need for faculty to feel free to communicate openly on matters related to faculty governance. This language would change the faculty constitution FSH 1520 Article IV to read:

FSH 1520 ARTICLE IV--RESPONSIBILITIES OF THE UNIVERSITY FACULTY. Subject to the authority of the president and the general supervision and ultimate authority of the regents, faculty are entitled to speak or write freely on matters pertaining to faculty governance and development of educational programs and policies. The university faculty accepts its responsibilities for the immediate government of the university, including, but not restricted to:

This proposal was rejected in committee and not presented to the faculty senate or the general faculty.

ARTICLE IV--RESPONSIBILITIES OF THE UNIVERSITY

Faculty. Faculty are entitled to speak or write freely without institutional discipline or restraint on matters pertaining to faculty governance and university programs and policies. Subject to the authority of the president and the general supervision and ultimate authority of the regents, the university faculty accepts its responsibilities for the immediate government of the university, including, but not restricted to:

Section 1. Standards for Admission. The university faculty establishes minimum standards for admission to the university. Supplementary standards for admission to individual colleges or other units of the university that are recommended by the appropriate constituent faculties are subject to approval by the university faculty.

Section 2. Academic Standards. The university faculty establishes minimum academic standards to be maintained by all students in the university. Supplementary academic standards to be maintained by students in individual colleges or other units of the university that are recommended by the appropriate constituent faculties are subject to approval by the university faculty. [See I-4-D.]

Section 3. Courses, Curricula, Graduation Requirements, and Degrees. Courses of instruction, curricula, and degrees to be offered in, and the requirements for graduation from, the individual colleges or other units of the university, as recommended by the appropriate constituent faculties, are subject to approval by the university faculty. [See I-4-D.]

Section 4. Scholarships, Honors, Awards, and Financial Aid. The university faculty recommends general principles in accordance with which privileges such as scholarships, honors, awards, and financial aid are accepted and allocated. The university faculty may review the standards recommended by the individual constituent faculties for the acceptance and allocation of such privileges at the college or departmental levels.

Section 5. Conduct of Students. The faculty’s responsibility for approving student disciplinary regulations and the rights guaranteed to students during disciplinary hearings and proceedings are as provided in the "Statement of Student Rights," the "Student Code of Conduct," and the "Student Judicial System." [See 2200, 2300, and 2400.]

Section 6. Student Participation. The university faculty provides an opportunity for students of the university to be heard in all matters pertaining to their welfare as students. To this end, the students are entrusted with their own student government organization and are represented on the Faculty Senate. If students so desire, they are represented on faculty committees that deal with matters affecting them. [ed. 7-09]

Section 7. Selection of Officers. The university faculty assists the regents in
the selection of the president and assists the president in the selection of the provost, vice presidents and other administrative officers of the university.

Section 8. Governance of Colleges and Subdivisions. The university faculty promulgates general standards to guarantee the right of faculty members to participate in the meetings of the appropriate constituent faculties and in the governance of their colleges, schools, intracollege divisions, departments, and other units of the university. [See 1540 A. ]\[ed. 7-06, 7-09\]

Section 9. Faculty Welfare. The university faculty recommends general policies and procedures concerning the welfare of faculty members, including, but not limited to, appointment, reappointment, nonreappointment, academic freedom, tenure, working conditions, promotions, salaries, leaves, fringe benefits, periodic evaluations, performance reviews, reassignment, layoff, and dismissal or termination.

Section 10. The Budget. Members of the university faculty participate in budgetary deliberations, and it is expected that the president will seek faculty advice and counsel on budgetary priorities that could significantly affect existing units of the university. [See 1640.20, University Budget and Finance Committee.]\[ed. 7-05\]

Section 11. Committee Structure. The university faculty, through the medium of its Faculty Senate, establishes and maintains all university-wide and interdivisional standing and special committees, subcommittees, councils, boards, and similar bodies necessary to the immediate government of the university and provides for the appointment or election of members of such bodies. This section does not apply to ad hoc advisory committees appointed by the president or committees made up primarily of administrators. [See 1620 and 1640 \[ed. 7-97, 7-09\]

Section 12. Organization of the University. The university faculty advises and assists the president and the regents in establishing, reorganizing, or discontinuing major academic and administrative units of the university, such as colleges, schools, intracollege divisions, departments, and similar functional organizations.

Section 13. Bylaws of the Faculty Senate. The bylaws under which the Faculty Senate discharges its responsibilities as the representative body of the university faculty are subject to review and approval by the university faculty. [See 1580.]\[ed. 7-09\]

I. Policy/Procedure Statement: Briefly explain the purpose/reason of proposed addition, revision, and/or deletion to the Faculty/Staff Handbook or the Administrative Procedures Manual.

Proposed language explicitly includes faculty governance under academic freedom.

II. Fiscal Impact: What fiscal impact, if any, will this addition, revision, or deletion have? None.

III. Related Policies/Procedures: Describe other policies or procedures existing that are related or similar to this proposed change.

IV. Effective Date: This policy shall be effective on July 1, or January 1, whichever arrives first after final approval (see FSH 1460 D) unless otherwise specified in the policy.

If not a minor amendment forward to: _____________________________

ACADEMIC FREEDOM, RIGHTS AND RESPONSIBILITY

PREAMBLE: This section serves as an introduction to the rights and responsibilities of both faculty and staff employees. The following declarations embody the essential elements of both the Board of Regents’ policy regarding rights and responsibilities and the 1940 statement of the American Association of University Professors. (As used in this section “teacher” is understood to include all UI professional employees who are engaged in teaching, research, or service activities.) [NOTE: See 4700 C for proscribed subjects of instruction. For additional statements pertaining to the responsibilities of faculty members, see 3120 B, 3240, 3260, 4310, 4700, 5100, 5200, 5300, 5400.] This section appeared in the 1979 Handbook. Section B-3a/b was added in June 1989 and B-3-c in July 1996 (reflecting the Board of Education’s Policies and Procedures III-B-3). For further information, contact the Office of the Faculty Secretary (208-885-6151). [ed. 7-97, 7-00]

A. POLICY. The Board of Regents has affirmed its beliefs that academic freedom is essential for the protection of the rights of faculty members in teaching and of students in learning; that freedom in research and teaching and faculty governance is fundamental to the advancement of truth; that, therefore, academic freedom should not be abridged or abused; and that academic freedom carries with it responsibilities correlative with rights. (State Board of Education, Governing Policies and Procedures, IIIB.)

B. RESEARCH AND TEACHING RIGHTS AND RESPONSIBILITIES.

B-1. Research. Teachers are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other duties, but research and consulting (see FSH 3260) for pecuniary return should be based on and consistent with the established written policies of the institution.

B-2. Teaching. Teachers are entitled to freedom in the classroom in discussing their subjects, but they should be careful not to introduce into their teaching controversial matter that is unrelated to their subjects. [ed. 7-97]

B-3. Faculty Governance. Teachers are entitled to speak or write freely without institutional discipline or restraint on matters pertaining to faculty governance and university programs and policies (see FSH 1520 Article IV, Section 8).

B-34. Responsibilities.

a. Membership in the academic community imposes on teachers, administrators, other institutional employees, and students an obligation to respect the dignity of others, to acknowledge the right of others to express differing opinions, and to foster and defend intellectual honesty, freedom of inquiry and instruction, and freedom of expression on and off campus of the institution.

b. Teachers are citizens, members of learned professions, and representatives of their institutions. When they speak or write as citizens, they should be free from institutional censorship or discipline. However, as members of the academic community and as representatives of their institutions, they should at all times be accurate, exercise appropriate restraint, show respect for the opinions of others, and make every effort to indicate that they do not officially speak for the institution.

c. Faculty members must refrain from using institutional resources for the furtherance of their interests or activities which are not a part of their assigned responsibilities to the institution.
1940 Statement of Principles on Academic Freedom and Tenure
with 1970 Interpretive Comments

In 1940, following a series of joint conferences begun in 1934, representatives of the American Association of University Professors and of the Association of American Colleges (now the Association of American Colleges and Universities) agreed upon a restatement of principles set forth in the 1925 Conference Statement on Academic Freedom and Tenure. This restatement is known to the profession as the 1940 Statement of Principles on Academic Freedom and Tenure.

The 1940 Statement is printed below, followed by Interpretive Comments as developed by representatives of the American Association of University Professors and the Association of American Colleges in 1969. The governing bodies of the two associations, meeting respectively in November 1989 and January 1990, adopted several changes in language in order to remove gender-specific references from the original text.

The purpose of this statement is to promote public understanding and support of academic freedom and tenure and agreement upon procedures to ensure them in colleges and universities. Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher or the institution as a whole.¹ The common good depends upon the free search for truth and its free exposition.

Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights.²

Tenure is a means to certain ends; specifically: (1) freedom of teaching and research and of extramural activities, and (2) a sufficient degree of economic security to make the profession attractive to men and women of ability. Freedom and economic security, hence, tenure, are indispensable to the success of an institution in fulfilling its obligations to its students and to society.

Academic Freedom

1. Teachers are entitled to full freedom in research and in the publication of the results, subject to the adequate performance of their other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

2. Teachers are entitled to freedom in the classroom in discussing their subject, but they should be careful not to introduce into their teaching controversial matter which has no relation to their subject.² Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.³

3. College and university teachers are citizens, members of a learned profession, and officers of an educational institution. When they speak or write as citizens, they should be free from institutional censorship or discipline, but their special position in the community imposes special obligations. As scholars and educational officers, they should remember that the public may judge their profession and their institution by their utterances. Hence they

¹ The word “teacher” as used in this document is understood to include the investigator who is attached to an academic institution without teaching duties.

² Boldface numbers in brackets refer to Interpretive Comments that follow.
should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that they are not speaking for the institution.[4]

Academic Tenure
After the expiration of a probationary period, teachers or investigators should have permanent or continuous tenure, and their service should be terminated only for adequate cause, except in the case of retirement for age, or under extraordinary circumstances because of financial exigencies.

In the interpretation of this principle it is understood that the following represents acceptable academic practice:

1. The precise terms and conditions of every appointment should be stated in writing and be in the possession of both institution and teacher before the appointment is consummated.

2. Beginning with appointment to the rank of full-time instructor or a higher rank,[5] the probationary period should not exceed seven years, including within this period full-time service in all institutions of higher education; but subject to the proviso that when, after a term of probationary service of more than three years in one or more institutions, a teacher is called to another institution, it may be agreed in writing that the new appointment is for a probationary period of not more than four years, even though thereby the person’s total probationary period in the academic profession is extended beyond the normal maximum of seven years.[6] Notice should be given at least one year prior to the expiration of the probationary period if the teacher is not to be continued in service after the expiration of that period.[7]

3. During the probationary period a teacher should have the academic freedom that all other members of the faculty have.[8]

4. Termination for cause of a continuous appointment, or the dismissal for cause of a teacher previous to the expiration of a term appointment, should, if possible, be considered by both a faculty committee and the governing board of the institution. In all cases where the facts are in dispute, the accused teacher should be informed before the hearing in writing of the charges and should have the opportunity to be heard in his or her own defense by all bodies that pass judgment upon the case. The teacher should be permitted to be accompanied by an advisor of his or her own choosing who may act as counsel. There should be a full stenographic record of the hearing available to the parties concerned. In the hearing of charges of incompetence the testimony should include that of teachers and other scholars, either from the teacher’s own or from other institutions. Teachers on continuous appointment who are dismissed for reasons not involving moral turpitude should receive their salaries for at least a year from the date of notification of dismissal whether or not they are continued in their duties at the institution.[9]

5. Termination of a continuous appointment because of financial exigency should be demonstrably bona fide.

1940 Interpretations
At the conference of representatives of the American Association of University Professors and of the Association of American Colleges on November 7–8, 1940, the following interpretations of the 1940 Statement of Principles on Academic Freedom and Tenure were agreed upon:

1. That its operation should not be retroactive.

2. That all tenure claims of teachers appointed prior to the endorsement should be determined in accordance with the principles set forth in the 1925 Conference Statement on Academic Freedom and Tenure.

3. If the administration of a college or university feels that a teacher has not observed the admonitions of paragraph 3 of the section on Academic Freedom and believes that the extramural utterances of the teacher have been such as to raise grave doubts concerning the teacher’s fitness for his or her position, it may proceed to file charges under paragraph 4 of the section on Academic Tenure. In pressing such charges, the administration should remember that
teachers are citizens and should be accorded the freedom of citizens. In such cases the administration must assume full responsibility, and the American Association of University Professors and the Association of American Colleges are free to make an investigation.

1970 Interpretive Comments

Following extensive discussions on the 1940 Statement of Principles on Academic Freedom and Tenure with leading educational associations and with individual faculty members and administrators, a joint committee of the AAUP and the Association of American Colleges met during 1969 to reevaluate this key policy statement. On the basis of the comments received, and the discussions that ensued, the joint committee felt the preferable approach was to formulate interpretations of the Statement in terms of the experience gained in implementing and applying the Statement for over thirty years and of adapting it to current needs.

The committee submitted to the two associations for their consideration the following “Interpretive Comments.” These interpretations were adopted by the Council of the American Association of University Professors in April 1970 and endorsed by the Fifty-sixth Annual Meeting as Association policy.

In the thirty years since their promulgation, the principles of the 1940 Statement of Principles on Academic Freedom and Tenure have undergone a substantial amount of refinement. This has evolved through a variety of processes, including customary acceptance, understandings mutually arrived at between institutions and professors or their representatives, investigations and reports by the American Association of University Professors, and formulations of statements by that association either alone or in conjunction with the Association of American Colleges. These comments represent the attempt of the two associations, as the original sponsors of the 1940 Statement, to formulate the most important of these refinements. Their incorporation here as Interpretive Comments is based upon the premise that the 1940 Statement is not a static code but a fundamental document designed to set a framework of norms to guide adaptations to changing times and circumstances.

Also, there have been relevant developments in the law itself reflecting a growing insistence by the courts on due process within the academic community which parallels the essential concepts of the 1940 Statement; particularly relevant is the identification by the Supreme Court of academic freedom as a right protected by the First Amendment. As the Supreme Court said in Keyishian v. Board of Regents, 385 U.S. 589 (1967), “Our Nation is deeply committed to safeguarding academic freedom, which is of transcendent value to all of us and not merely to the teachers concerned. That freedom is therefore a special concern of the First Amendment, which does not tolerate laws that cast a pall of orthodoxy over the classroom.”

The numbers refer to the designated portion of the 1940 Statement on which interpretive comment is made.

1. The Association of American Colleges and the American Association of University Professors have long recognized that membership in the academic profession carries with it special responsibilities. Both associations either separately or jointly have consistently affirmed these responsibilities in major policy statements, providing guidance to professors in their utterances as citizens, in the exercise of their responsibilities to the institution and to students, and in their conduct when resigning from their institution or when undertaking government-sponsored research. Of particular relevance is the Statement on Professional Ethics, adopted in 1966 as Association policy. (A revision, adopted in 1987, may be found in AAUP, Policy Documents and Reports, 10th ed. [Washington, D.C., 2006], 171–72.)

2. The intent of this statement is not to discourage what is “controversial.” Controversy is at the heart of the free academic inquiry which the entire statement is designed to foster. The passage serves to underscore the need for teachers to avoid persistently intruding material which has no relation to their subject.

3. Most church-related institutions no longer need or desire the departure from the principle of academic freedom implied in the 1940 Statement, and we do not now endorse such a departure.
4. This paragraph is the subject of an interpretation adopted by the sponsors of the 1940 Statement immediately following its endorsement which reads as follows:

If the administration of a college or university feels that a teacher has not observed the admonitions of paragraph 3 of the section on Academic Freedom and believes that the extramural utterances of the teacher have been such as to raise grave doubts concerning the teacher’s fitness for his or her position, it may proceed to file charges under paragraph 4 of the section on Academic Tenure. In pressing such charges, the administration should remember that teachers are citizens and should be accorded the freedom of citizens. In such cases the administration must assume full responsibility, and the American Association of University Professors and the Association of American Colleges are free to make an investigation.

Paragraph 3 of the section on Academic Freedom in the 1940 Statement should also be interpreted in keeping with the 1964 Committee A Statement on Extramural Utterances, which states inter alia: “The controlling principle is that a faculty member’s expression of opinion as a citizen cannot constitute grounds for dismissal unless it clearly demonstrates the faculty member’s unfitness for his or her position. Extramural utterances rarely bear upon the faculty member’s fitness for the position. Moreover, a final decision should take into account the faculty member’s entire record as a teacher and scholar.”

Paragraph 5 of the Statement on Professional Ethics also deals with the nature of the “special obligations” of the teacher. The paragraph reads as follows:

As members of their community, professors have the rights and obligations of other citizens. Professors measure the urgency of these obligations in the light of their responsibilities to their subject, to their students, to their profession, and to their institution. When they speak or act as private persons, they avoid creating the impression of speaking or acting for their college or university. As citizens engaged in a profession that depends upon freedom for its health and integrity, professors have a particular obligation to promote conditions of free inquiry and to further public understanding of academic freedom.

Both the protection of academic freedom and the requirements of academic responsibility apply not only to the full-time probationary and the tenured teacher, but also to all others, such as part-time faculty and teaching assistants, who exercise teaching responsibilities.

5. The concept of “rank of full-time instructor or a higher rank” is intended to include any person who teaches a full-time load regardless of the teacher’s specific title.3

6. In calling for an agreement “in writing” on the amount of credit given for a faculty member’s prior service at other institutions, the Statement furthers the general policy of full understanding by the professor of the terms and conditions of the appointment. It does not necessarily follow that a professor’s tenure rights have been violated because of the absence of a written agreement on this matter. Nonetheless, especially because of the variation in permissible institutional practices, a written understanding concerning these matters at the time of appointment is particularly appropriate and advantageous to both the individual and the institution.4

7. The effect of this subparagraph is that a decision on tenure, favorable or unfavorable, must be made at least twelve months prior to the completion of the probationary period. If the decision is negative, the appointment for the following year becomes a terminal one. If the decision is affirmative, the provisions in the 1940 Statement with respect to the termination of service of teachers or investigators after the expiration of a probationary period should apply from the date when the favorable decision is made.

---

The general principle of notice contained in this paragraph is developed with greater specificity in the Standards for Notice of Nonreappointment, endorsed by the Fiftieth Annual Meeting of the American Association of University Professors (1964). These standards are:

Notice of nonreappointment, or of intention not to recommend reappointment to the governing board, should be given in writing in accordance with the following standards:

1. Not later than March 1 of the first academic year of service, if the appointment expires at the end of that year; or, if a one-year appointment terminates during an academic year, at least three months in advance of its termination.

2. Not later than December 15 of the second academic year of service, if the appointment expires at the end of that year; or, if an initial two-year appointment terminates during an academic year, at least six months in advance of its termination.

3. At least twelve months before the expiration of an appointment after two or more years in the institution.

Other obligations, both of institutions and of individuals, are described in the Statement on Recruitment and Resignation of Faculty Members, as endorsed by the Association of American Colleges and the American Association of University Professors in 1961.

8. The freedom of probationary teachers is enhanced by the establishment of a regular procedure for the periodic evaluation and assessment of the teacher’s academic performance during probationary status. Provision should be made for regularized procedures for the consideration of complaints by probationary teachers that their academic freedom has been violated. One suggested procedure to serve these purposes is contained in the Recommended Institutional Regulations on Academic Freedom and Tenure, prepared by the American Association of University Professors.

9. A further specification of the academic due process to which the teacher is entitled under this paragraph is contained in the Statement on Procedural Standards in Faculty Dismissal Proceedings, jointly approved by the American Association of University Professors and the Association of American Colleges in 1958. This interpretive document deals with the issue of suspension, about which the 1940 Statement is silent.

The 1958 Statement provides: “Suspension of the faculty member during the proceedings is justified only if immediate harm to the faculty member or others is threatened by the faculty member’s continuance. Unless legal considerations forbid, any such suspension should be with pay.” A suspension which is not followed by either reinstatement or the opportunity for a hearing is in effect a summary dismissal in violation of academic due process.

The concept of “moral turpitude” identifies the exceptional case in which the professor may be denied a year’s teaching or pay in whole or in part. The statement applies to that kind of behavior which goes beyond simply warranting discharge and is so utterly blameworthy as to make it inappropriate to require the offering of a year’s teaching or pay. The standard is not that the moral sensibilities of persons in the particular community have been affronted. The standard is behavior that would evoke condemnation by the academic community generally.

SUBJECT
Temporary Proposed Rule IDAPA 08.02.01, Rules Governing Administration – Strategic Planning

APPLICABLE STATUTE, RULE, OR POLICY
Sections 33-5201 to 5216, Idaho Code

BACKGROUND/DISCUSSION
During the 2014 legislative session, HB521 passed, creating section 33-320, Idaho code, directing each school district and public charter school to develop a strategic plan that focused on improving student performance. The bill additionally directs professional development funding to districts for training on strategic planning, governance, finance, ethics and administrator evaluations. The funds are distributed to the districts and charter schools on a reimbursement basis after completion of the training. For the 2014-2015 school year, strategic plans are required to be adopted by September 1.

Section 33-320, Idaho code also directs the Board to promulgate administrative rules establishing procedures, and qualifications and guidelines for training providers. The proposed rule sets out the qualification requirements for trainers and the procedures for school districts and charter schools to request reimbursement for qualified training.

IMPACT
Approval of the temporary/proposed rule will provide school districts and charter schools with the information they need to hire eligible trainers to conduct their professional development and develop their strategic plans in an attempt to meet the September deadline.

ATTACHMENTS
Attachment 1 – Temporary Proposed Rule IDAPA 08.02.01 Page 3

STAFF COMMENTS AND RECOMMENDATIONS
Proposed rules have a 21 day comment period prior to returning to the Board for consideration as a Pending rule. Based on received comments and Board direction, changes may be made to Proposed rules prior to entering the Pending stage. All Pending rules will be brought back to the Board for approval prior to submittal to the Department of Administration for publication in the Idaho Administrative Rules Bulletin as a Pending Rule. Pending rules become effective at the end of the legislative session in which they are submitted.

Temporary rules go into effect at the time of Board approval unless an alternative effective date is specified by Board action. To qualify as a temporary rule, the Governor must find the rule meets one of three criteria: provides protection of the public health, safety, or welfare; or is to come into compliance with deadlines in amendments to governing law or federal programs; or is conferring a benefit.
These rules qualify as temporary rules as they will bring rules into compliance with amendments to governing law.

Staff recommends approval.

BOARD ACTION

I move to approve the Temporary Proposed Rule IDAPA 08.02.01.801 as submitted effective July 1, 2014.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
08.02.01 - RULES GOVERNING ADMINISTRATION

801. STRATEGIC PLANNING AND TRAINING.
In accordance with Section 33-320, Idaho Code, every local education agency (LEA) shall develop and maintain a strategic plan that focuses on improving the student performance of the LEA.

01 DEFINITIONS
a. Administrator. As used in this section administrator mean the superintendent of the school district or administrator of a charter school.

b. Board. Board shall mean the Idaho State Board of Education.

c. Executive Director. Executive Director shall mean the Executive Director of the Idaho State Board of Education.

d. Local Education Agency Board. As used in this section local education agency or LEA Board means the board of trustees of a school district or board of directors of a charter school.

e. Local Education Agency. As used in this section local education agency (LEA) means public school district or charter school.

f. Strategic Plan. As used in this section, a strategic plan is one that focuses on continuous process improvement and the analysis of data to assess and prioritize needs and measure outcomes.

02. REIMBURSEMENT ELIGIBILITY. LEA’s may request reimbursement for training conducted pursuant to section 33-320, Idaho code. To be eligible for reimbursement the training and trainer must meet the following criteria:

a. Training. The training must cover one or more the follow subjects:

i. Strategic planning, strategic planning training shall include, but is not limited to, training on continuous process improvement, use and analysis of data, and methods for setting measurable targets based on student outcomes.

ii. School finance

iii. Administrator evaluations, including but not limited to specifics on the Idaho state evaluation requirements and framework.

iv. Ethics

v. Governance

b. Documentation of Training. Training records shall be kept by the LEA showing:

i. the length of the training in hours,

ii. the subject(s) covered by the training,

iii. the participants included in the training,

iv. the curriculum, agenda, or other documentation detailing the content of the training

c. Format. Training sessions must include a majority of the LEA board and administrator at a minimum and include students, parents, educators and the community as appropriate. The training facilitator must be physically present or have the ability to interact directly with all training participants. Time must be included that gives the participants the opportunity to discuss issues specific to the LEA.

d. Trainer Qualifications.

i. May not be a current employee of the LEA

ii. Shall have three (3) years of documented experience providing training in the area of training they are conducting for the LEA

iii. Provide at least three (3) recommendations from participants of past training conducted. Recommendations must be including with the application for determining qualifications.

e. Qualified Trainers. Qualifications of all trainers must be determined prior to the submittal by the LEA for the reimbursement of costs. Qualifications will be determined by the Office of the State Board of Education. The State Board of Education will maintain a list of qualified trainers and the subject areas in which they are qualified. Individuals or companies may submit an application for consideration to be placed on the list of...
qualified trainers or LEA’s may submit the application on behalf of the individual or company. Applications must be submitted to and in a format established by the Executive Director.  

03. **REIMBURSEMENT.** Reimbursement to the LEA shall be based on actual expenditures related to the training delivered up to $2,000 per state fiscal year.  

04. **AUDIT.** If requested LEA’s shall provide training documentation or other information to verify eligibility prior to reimbursement.

SUBJECT
Chief Executive Officers Contracts

REFERENCE
May 2014 Board completed performance evaluations for the chief executive officers of Boise State University, Idaho State University, University of Idaho, Lewis-Clark State College and the Office of the State Board of Education.

June 2014 Board approved salaries for BSU, ISU and LCSC Chief Executive Officers

BACKGROUND/DISCUSSION
The Board approved three year contracts for the four year institution presidents at the August 2010 Board meeting, and extended those terms for one additional year for FY11, FY12, FY13 and FY 14.

IMPACT
Contracts for the presidents are amended to extend the current contract term for one (1) additional year and to increase the automobile allowance by $2,000 annually.

BOARD ACTION
I move to approve the amended employment agreement for Dr. Robert Kustra as President of Boise State University.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

I move to approve the amended employment agreement for Dr. Chuck Staben as President of University of Idaho.

SUBJECT
Board Policy II.H. – Coaches and Athletic Directors – first reading

APPLICABLE STATUTES, RULE OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section II.H.

BACKGROUND/DISCUSSION
The Athletics Committee at its February meeting directed the institutions to provide institutional and national Academic Progress Rate (APR) trend data for the Board to consider when approving coach contracts. The Committee and institutions agreed to use an institution’s numeric raw score when assessing APR thresholds including a 5-year history of the institution’s raw scores and national average scores for that sport.

The APR score is not the exclusive measure that may be used to award supplemental compensation for academic achievement.

IMPACT
The draft revisions to Policy II.H. and the model coach contract will help ensure that academic incentive pay is computed and awarded using a consistent methodology.

ATTACHMENTS
Attachment 1: First reading to Board policy II.H. Page 3
Attachment 2: Draft revision to model coach contract Page 5

STAFF COMMENTS AND RECOMMENDATIONS
This would revise Board policy and the model coach contract to include required APR information.

The model contract also includes minor corrections and revisions institutions have identified since the Board’s last amendment of the model.

Staff recommends approval.

BOARD ACTION
I move to approve the first reading of Board Governing Policy and Procedures II.H., Coaches and Athletic Directors, with all revisions as presented.

Moved by____________ Seconded by____________ Carried Yes____ No____
I move to approve the amendments to the model coaches contract as submitted

Moved by_____________ Seconded by_____________ Carried Yes____ No____
1. Agreements Longer Than One Year

The chief executive officer of an institution is authorized to enter into a contract for the services of a head coach or athletic director with that institution for a term of more than one (1) year, but not more than three (3) years, subject to approval by the Board as to the terms, conditions, and compensation there under, and subject further to the condition that the contract of employment carries terms and conditions of future obligations of the coach or athletic director to the institution for the performance of such contracts. All such contracts must contain a liquidated damages clause provision in favor of the institution, applicable in the event that the coach or athletic director terminates the contract for convenience, in an amount which is a reasonable approximation of damages which might be sustained if the contract is terminated. A contract in excess of three (3) years, or a rolling three (3) year contract, may be considered by the Board upon the documented showing of extraordinary circumstances. All contracts must be submitted for Board approval prior to the contract effective date. Each contract for the services shall follow the general form approved by the Board as a model contract. Such contract shall define the entire employment relationship between the Board and the coach or athletic director and may incorporate by reference applicable Board and institutional policies and rules, and applicable law. The April 2013–June 2014 Board revised and approved multiyear model contract is adopted by reference into this policy. The model contract may be found on the Board’s website at http://boardofed.idaho.gov/.

2. Agreements For One Year Or Less

The chief executive officer of an institution is authorized to enter into a contract for the services of a head coach or athletic director with that institution for a term of one (1) year or less and an annual salary of $150,000 or less without Board approval. Each contract shall follow the general form approved by the Board as a model contract. Such contract shall define the entire employment relationship between the Board and the coach or athletic director and may incorporate by reference applicable Board and institutional policies and rules, and applicable law. The December 9, 2010 Board revised and approved model contract is adopted by reference into this policy. The single-year model contract may be found on the Board’s website at http://boardofed.idaho.gov/.

3. Academic Incentives

Each contract for a head coach or athletic director shall include incentives in the form of supplemental compensation, separate from any other incentives, based upon the academic performance of the student athletes whom the coach or athletic director supervises. The chief executive officer of the institution shall determine such incentives. Each year a coach or athletic director may be eligible to receive supplemental compensation based on the academic achievement of the sport. Awarding supplemental compensation shall be contingent upon achievement of one
or more measures including, but not limited to, the National Collegiate Athletic Association (NCAA) Academic Progress Rate (APR). The Board shall approve the APR against which achievement of the incentive shall be based (in whole or in part) and the basis for computing the incentive. Information provided to the Board in determining the raw score to be used should include a 4-year history of the institution’s APR raw scores and national average APR scores for that sport. Any such supplemental compensation paid to coach or athletic director shall be separately reported to the Board.

4. Part-time Coaches Excepted

The chief executive officer of an institution is authorized to hire part-time head coaches as provided in the policies of the institution. Applicable Board policies shall be followed.

5. Assistant Coaches

The chief executive officer of the institution is authorized to hire assistant coaches as provided in the policies of the institution. Applicable Board policies shall be followed.

6. Annual Leave

a. All existing contracts and accrued leave held by coaches at the institutions on the effective date of this policy shall be grandfathered under policy II.F. for purposes of accruing annual leave until the coach’s contract renewal.

b. Following the effective date of this policy, the institutions shall have the authority to negotiate annual leave for all coach contract renewals and new hires using one of the two options below:

   i. Annual leave may be earned and accrued consistent with non-classified employees as set forth in policy II.F.; or

   ii. Pursuant to section 59-1606(3), Idaho Code, coaches do not accrue leave, but may take leave with prior written approval from the athletic director. Under this option, any accrued annual leave balance at the time of the coach’s contract renewal shall be forfeited or paid off, and the new contract shall document the forfeiture or compensation of that leave.
This Employment Agreement (Agreement) is entered into by and between ____________________ (University (College)), and __________________ (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University (College) shall employ Coach as the head coach of its intercollegiate (Sport) team (Team) (or Director of Athletics). Coach (Director) represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University (College)’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director’s designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University (College)’s President (Chief executive officer) (President Chief executive officer).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University (College)’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University (College) shall have the right, at any time, to reassign Coach to duties at the University (College) other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through (Depending on supplemental pay provisions used) shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of _____ (__) years, commencing on ________ and terminating, without further notice to Coach, on ________ unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University (College) and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University (College)’s the Board of (Regents or Trustees) (Education). This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University (College).
ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University (College) shall provide to Coach:

   a) An annual salary of $_________ per year, payable in biweekly installments in accordance with normal University (College) procedures, and such salary increases as may be determined appropriate by the Director and President executive officer and approved by the University (College)’s Board of (Regents or Trustees)

   b) The opportunity to receive such employee benefits as the University (College) provides generally to non-faculty exempt employees; and

   c) The opportunity to receive such employee benefits as the University (College)’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion and also becomes eligible for a (bowl game pursuant to NCAA Division I guidelines or post-season tournament or post-season playoffs), and if Coach continues to be employed as University (College)’s head (Sport) coach as of the ensuing July 1st, the University (College) shall pay to Coach supplemental compensation in an amount equal to (amount or computation) of Coach’s Annual Salary during the fiscal year in which the championship and (bowl or other post-season) eligibility are achieved. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2 Each year the Team is ranked in the top 25 in the (national rankings of sport’s division, such as final ESPN/USA Today coaches poll of Division I-A football teams), and if Coach continues to be employed as University (College)’s head (Sport) coach as of the ensuing July 1st, the University (College) shall pay Coach supplemental compensation in an amount equal to (amount or computation) of Coach’s Annual Salary in effect on the date of the final poll. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.
3.2.3 Each year Coach shall be eligible to receive supplemental compensation in an amount up to (amount or computation) based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President/Chief executive officer in consultation with the Director. The determination shall be based on the following factors: the Academic Progress Rate set by the Board, grade point averages; difficulty of major course of study; honors such as scholarships, designation as Academic All-American, and conference academic recognition; progress toward graduation for all athletes, but particularly those who entered the University (College) as academically at-risk students; the conduct of Team members on the University (College) campus, at authorized University (College) activities, in the community, and elsewhere. Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of (Regents or Trustees) as a document available to the public under the Idaho Public Records Act.

3.2.4 Each year Coach shall be eligible to receive supplemental compensation in an amount up to (amount or computation) based on the overall development of the intercollegiate (men's/women's) (Sport) program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University (College) students, staff, faculty, alumni and boosters; and any other factors the President/Chief executive officer wishes to consider. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President/Chief executive officer in consultation with the Director.

3.2.5 The Coach shall receive the sum of (amount or computation) from the University (College) or the University (College)'s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). Coach's right to receive such a payment shall vest on the date of the Team’s last regular season or post-season competition, whichever occurs later. This sum shall be paid (terms or conditions of payment) . Agreements requiring the Coach to participate in Programs related to his duties as an employee of University (College) are the property of the University (College). The University (College) shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University (College) in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall
not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University (College)’s designated media outlets.

3.2.6 (SUMMER CAMP—OPERATED BY UNIVERSITY (COLLEGE)) Coach agrees that the University (College) has the exclusive right to operate youth (Sport) camps on its campus using University (College) facilities. The University (College) shall allow Coach the opportunity to earn supplemental compensation by assisting with the University (College)’s camps in Coach’s capacity as a University (College) employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University (College)’s football camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University (College)’s summer football camps, the University (College) shall pay Coach (amount) per year as supplemental compensation during each year of his employment as head (Sport) coach at the University (College). This amount shall be paid __________ .

(SUMMER CAMP—OPERATED BY COACH) Coach may operate a summer youth (Sport) camp at the University (College) under the following conditions:

   a) The summer youth camp operation reflects positively on the University (College) and the Department;

   b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University (College) personnel, equipment, or facilities without the prior written approval of the Director;

   c) Assistant coaches at the University (College) are given priority when the Coach or the private enterprise selects coaches to participate;

   d) The Coach complies with all NCAA (NAIA), Conference, and University (College) rules and regulations related, directly or indirectly, to the operation of summer youth camps;

   e) The Coach or the private enterprise enters into a contract with University (College) and ________ (campus concessionaire) for all campus goods and services required by the camp.

   f) The Coach or private enterprise pays for use of University (College) facilities including the ________ .

   g) Within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp
Summary Sheet” containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.

h) The Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff--$1 million; (2) catastrophic coverage: camper and staff--$1 million maximum coverage with $100 deductible;

i) To the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University (College) against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s)

j) All employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the University (College) while engaged in camp activities. The Coach and all other University (College) employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and comply in all respects with all federal and state wage and hour laws

In the event of termination of this Agreement, suspension, or reassignment, University (College) shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University (College) shall be released from all obligations relating thereto.

3.2.7 Coach agrees that the University (College) has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University (College). Coach recognizes that the University (College) is negotiating or has entered into an agreement with (Company Name) to supply the University (College) with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University (College)’s reasonable request, Coach will consult with appropriate parties concerning an (Company Name) product’s design or performance, shall act as an instructor at a clinic sponsored in whole or in part by (Company Name), or give a lecture at an event sponsored in whole or in part by (Company Name), or make other educationally-related appearances as may be reasonably requested by the
University (College). Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head ___(Sport)___ coach. In order to avoid entering into an agreement with a competitor of ___(Company Name)___, Coach shall submit all outside consulting agreements to the University (College) for review and approval prior to execution. Coach shall also report such outside income to the University (College) in accordance with NCAA (or NAIA) rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including ___(Company Name)___, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University (College) to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University (College) to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University (College) and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University (College), the University (College)’s governing board, the conference, and the NCAA (or NAIA); supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department’s Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University (College)’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the
University (College) and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University (College)'s Handbook; (c) University (College)'s Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA (or NAIA) rules and regulations; and (f) the rules and regulations of the (Sport) conference of which the University (College) is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University (College), would reflect adversely upon the University (College) or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President Chief executive officer, enter into separate arrangements for outside activities and endorsements which are consistent with Coach’s obligations under this Agreement. Coach may not use the University (College)’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President Chief executive officer.

4.3 NCAA (or NAIA) Rules. In accordance with NCAA (or NAIA) rules, Coach shall obtain prior written approval from the University (College)’s President Chief executive officer for all athletically related income and benefits from sources outside the University (College) and shall report the source and amount of all such income and benefits to the University (College)’s President Chief executive officer whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University (College) work day preceding June 30th. The report shall be in a format reasonably satisfactory to University (College). In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University (College) booster club, University (College) alumni association, University (College) foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University (College), the University (College)’s governing board, the conference, or the NCAA (or NAIA).

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President Chief executive officer and the University (College)’s Board of (Trustees or Regents).

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.
4.7 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University (College) may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University (College) and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University (College);

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University (College), the University (College)’s governing board, the conference or the NCAA (NAIA), including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or NAIA member institution;

d) Ten (10) working days’ absence of Coach from duty without the University (College)’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University (College)’s judgment, reflect adversely on the University (College) or its athletic programs;

f) The failure of Coach to represent the University (College) and its athletic programs positively in public and private forums;
g) The failure of Coach to fully and promptly cooperate with the NCAA (NAIA) or the University (College) in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University (College), the University (College)'s governing board, the conference, or the NCAA (NAIA);

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University (College), the University (College)'s governing board, the conference, or the NCAA (NAIA), by one of Coach's assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University (College), the University (College)'s governing board, the conference, or the NCAA (NAIA), by one of Coach's assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University (College) as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University (College) shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University (College)'s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University (College) shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA (NAIA) regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA (NAIA) enforcement procedures. This section applies to violations occurring at the University (College) or at previous institutions at which the Coach was employed.
5.2 Termination of Coach for Convenience of University (College).

5.2.1 At any time after commencement of this Agreement, University (College), for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University (College) terminates this Agreement for its own convenience, University (College) shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University (College) until the term of this Agreement ends, or until Coach obtains reasonably comparable employment, whichever occurs first, provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University (College) employee until the term of this Agreement ends or until Coach obtains reasonably comparable employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both been represented by, or had the opportunity to consult with, legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University (College), which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University (College) and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University (College). The liquidated damages are not, and shall not be construed to be, a penalty.
5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University (College) for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University (College) is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University (College) before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University (College). Termination shall be effective ten (10) days after notice is given to the University (College).

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University (College) shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University (College), as liquidated damages and not a penalty, the following sum: ______________. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University (College) will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University (College) shall constitute adequate and reasonable compensation to University (College) for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University (College).

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently
disabled as defined by the University (College)’s disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach’s death, Coach’s salary and all other benefits shall terminate as of the last day worked, except that the Coach’s personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University (College) and due to the Coach’s estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University (College)’s disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University (College).

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University (College)’s student-athletes or otherwise obstruct the University (College)’s ability to transact business or operate its intercollegiate athletics program.

5.7 No Liability. The University (College) shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.8 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University (College) employees, if the University (College) suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University (College) from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board Governing Policies and Procedures, or Regents of the University of Idaho Rule Manual (IDAPA 08.01.01 et seq.), and Governing Policies and Procedures Manual, and the University (College) Faculty-Staff Handbook.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University (College)’s Board of (Regents or Trustees) and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University (College)’s Board of education.
(Regents or Trustees), the President, Chief executive officer, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of (Regents or Trustees) and University (College)’s rules regarding financial exigency.

6.2 University (College) Property. All personal property (excluding vehicle(s) provided through the ________ program), material, and articles of information, including, without limitation, keys, credit cards, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University (College) or developed by Coach on behalf of the University (College) or at the University (College)’s direction or for the University (College)’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University (College). Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University (College).

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.
6.9  **Confidentiality.** The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University (College)'s sole discretion.

6.10  **Notices.** Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University (College):  
Director of Athletics  
__________________________  
with a copy to:  
President  
Chief executive officer  
__________________________

the Coach:  
Last known address on file with  
University (College)'s Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11  **Headings.** The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12  **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13  **Non-Use of Names and Trademarks.** The Coach shall not, without the University (College)'s prior written consent in each case, use any name, trade name, trademark, or other designation of the University (College) (including contraction, abbreviation or simulation), except in the course and scope of his official University (College) duties.

6.14  **No Third Party Beneficiaries.** There are no intended or unintended third party beneficiaries to this Agreement.
6.15 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University (College)'s Board of (Regents or Trustees).

6.16 **Opportunity to Consult with Attorney.** The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section II.H

BACKGROUND/DISCUSSION

In 2013, the Idaho State Board of Education (Board) approved a new five year employment contract with Leon Rice, Head Men’s Basketball Coach. This contract term is consistent with the contracts recently signed by Mountain West Conference coaches.

Coach Rice’s impact on the Boise State University (BSU) program has been immediate and substantial. This past season, Rice led BSU to their second consecutive 20-plus win season and advanced to the semi-finals of the Mountain West Tournament. BSU has won 20 or more games only ten times since joining Division I basketball in 1970. Coach Rice is the only head coach to win at least 20 games in three of his first four seasons at BSU.

In addition to Rice’s three 20-plus win seasons, men’s basketball was selected as an NCAA tournament team, and was designated a USA Today 2013-14 preseason top 25 team. The 2012-13 season marked BSU’s first at-large selection to the NCAA tournament in school history and was just the second appearance in the last 19 seasons for the Broncos.

Coach Rice’s other accomplishments include:

- Total attendance for both the season and average per game was the highest it has been in the last ten years.
- BSU Men’s Basketball has achieved a four-year average APR score of 941 and a two-year average score of 952. The four-year average NCAA Division I Men’s Basketball APR score is 952.
- In fall 2013, Men’s Basketball posted the best semester GPA in 7 years and the highest team cumulative GPA ever.
The new employment agreement would provide continuity for the program over the next five years.

**IMPACT**

Source of funds: 100% non-appropriated funds (local funds or program revenue)

The proposed contract makes the following changes from the prior version:

2. An increase of the overall compensation package to an annual salary of $596,573 per year. Such amount will increase by 3 percent on April 1st of each year of this agreement.

3. An automatic one year extension for an 18 win season or advancement to the NCAA tournament.

**ATTACHMENTS**

Attachment 1 – Term Sheet
Attachment 2 – Idaho Statesman article
Attachment 3 – Proposed Agreement 2014-2019
Attachment 4 – Redline to Current Agreement

**STAFF COMMENTS AND RECOMMENDATIONS**

On March 31, 2014, BSU notified Mr. Rice of its intention to seek Board approval to amend his employment agreement. The purpose of the proposed amendment was a good faith effort to retain Mr. Rice as Head Men’s Basketball Coach in light of media reports of Washington State University’s attempt to recruit Mr. Rice to head up its program.

The proposed annual salary reflects a base salary increase of $114,463 or 23.7%. Total first year potential annual compensation (including base salary, supplemental compensation and signing bonus) is $645,073 (using an estimated number of one NCAA tournament game win and one National Invitation Tournament (NIT) appearance). Mr. Rice is also eligible to receive other supplemental compensation through University operated summer camps.

The current contract has an automatic one-year extension for a 20 win season or advancement to the NCAA tournament. The proposed contract reduces that to an 18 win season.

In addition to the compensation terms set forth under Impact above, staff reminds the Board that Mr. Rice is also a participant in the Board’s supplemental 403(b) plan. For calendar year 2014, the employer contribution rate is 3.69% and Mr. Rice’s contribution rate is 2.80%. For calendar year 2015 and each calendar
year thereafter, the employer contribution rate is 3.50% and Mr. Rice’s contribution rate is 2.50%.

Staff questions why the threshold for an automatic contract extension would be lowered from 20 games to 18 games, especially in light of Mr. Rice’s aforementioned success (Rice has three 20-plus win seasons).

Staff observes that the revised contract does not propose to change the liquidated damages amount of $175,000. In light of the fact that BSU is clearly seeking to avoid the cost (reputational and otherwise) of losing its current men’s basketball coach, it would seem appropriate to negotiate an increase in contract liquidated damages.

BOARD ACTION

I move to approve the request by Boise State University to enter into a revised five-year rolling employment agreement with Leon Rice as Head Men's Basketball Coach for a term expiring on March 31, 2019 at a base salary of $596,573 and such base salary increases and supplemental compensation provisions in substantial conformance with the terms of the agreement set forth in Attachment 3.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
March 31, 2014

Dear Coach Rice,

We have discussed several additional items pertaining to your employment as the Head Men's Basketball Coach at Boise State University. This letter serves to clarify those items. Subject to receipt of approval from the Idaho State Board of Education, Boise State University intends to amend your 2013-2018 Employment Agreement, as follows:

1. You will receive a $100,000 salary increase for the Fiscal Year 2015; as such your current salary will increase to $596,573. Each year thereafter, your annual salary will increase by 3%. (FY 16 to $614,471; FY 17 to $632,906; FY 18 to $651,893; FY 19 to $671,450)

2. A revision will be made to the Automatic Extension provision of your employment contract identified in Article 2.4. The term of your contract will be automatically extended by one (1) additional year commencing on April 1 and concluding on March 31 of each season in which the Team has at least eighteen (18) wins or advances to the NCAA Tournament.

3. For the Fiscal Year 2015, a one-time payment of $142,000 will be distributed to the Men's Basketball program budget to be utilized at your discretion, subject to final approval of the Athletics Director.

Upon agreement of these terms, the University will present these items to the State Board of Education at the next available meeting, depending upon agenda deadlines, and, as provided above, the terms of this letter are only effective if approved by the Board.

For our records, please acknowledge that the above items are agreeable to you. Upon receipt of your signature, we will prepare a formal amendment to your Employment Agreement for approval by the Idaho State Board of Education.

Sincerely,

\[\text{Mark Coyle} \]
Athletic Director

Acknowledged and accepted,

\[\text{Leon Rice, Head Basketball Coach}\]
Rice staying at Boise State, getting a pay raise

The Broncos’ basketball coach interviewed at Washington State.

BY DAVE SOUTHORN
dsouthorn@IdahoStatesman.com
© 2014 Idaho Statesman

Leon Rice, a 1986 Washington State graduate, interviewed with the Cougars last week, but Boise State countered with a pay raise.

The university announced the new agreement with Rice on Saturday.

The Idaho Statesman confirmed an ESPN report just after midnight Saturday that Rice opted not to pursue the Cougars’ vacancy, agreeing to stay at Boise State.

Under his new deal, pending State Board of Education approval, Rice will be given a $100,000 per year increase, starting next season, when he will make $96,573. He will earn an additional 3 percent each season thereafter, through the 2018-19 season.

He also will have an additional year added to his contract each time the Broncos win 8 or more games or reach the NCAA Tournament.

In four seasons at Boise State, Rice has a 75-54 record, winning 20 or more games three times. In 2014-15, the Broncos are expected to return two of the most prolific scorers in school history in seniors Anthony Drmic and Derrick Marks, ranked seventh and 18th all-time, respectively.

“Leon Rice has done an outstanding job directing our men’s basketball program, and we look forward to many more successful seasons,” Boise State Athletic Director Mark Coyle said in a statement. “We feel the last few years of this program are ahead of us, and we are very excited Leon will be leading our men’s team.”

Washington State reportedly offered the job to a coach Friday morning, but no hire has been announced. If he were to be hired by the Cougars, Rice likely would have made $1 million or more per season.

Washington State Athletic Director Bill Moos said last week he was likely to pay the new coach seven figures per season to keep up with the going rate for most Pac-12 coaches. Moos fired Ren Bone on March 18 after five seasons. Bone made $950,000 last season.

Last April, Rice agreed to a new contract that increased his salary from $465,000 annually to $482,100, with a 3 percent increase each season.

That deal had a clause giving him an extra year for reaching 20 wins, which the Broncos did in 2013-14 by going 21-13, extending him through 2018-19.

Boise State will keep him in the middle amongst Mountain West coaches.

San Diego State’s Larry Eustachy, Colorado State’s Larry Eustachy, San Diego State’s Steve Fisher, New Mexico’s Craig Neal and UNLV’s Dave Rice are the only ones who have base salaries larger than $600,000 a season.

“I am really excited for the future of the Broncos basketball program,” Rice said in a statement. “There has been a great commitment to grow this program. There’s a commitment from our administration, our student-athletes and our fans that’s what has me looking forward to continuing to build what we have here at Boise State.”

Snyder and Kunzer-Murphy will ask the Nevada System of Higher Education Board of Regents to extend Rice’s contract two years through the 2018-19 season.

The proposal will be presented at the next Board of Regents meeting.

Rice is 7-12 in three seasons at UNLV.
EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Boise State University (University), and Leon Rice (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate Men’s Basketball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s athletic program as the Director may assign and as may be described elsewhere in this Agreement.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment commencing on July 1, 2014 and terminating on March 31, 2019 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Renewal. This Agreement is renewable solely upon an offer from the University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University.

2.3. Conference Change Term Extension. If the conference affiliation of the University (currently the Mountain West Conference) changes during the term of this agreement and Coach’s employment is not already terminated or suspended as otherwise provided herein, this Agreement shall automatically be extended by one (1) additional year to its then existing term; provided, however, that at no time may the term of this Agreement exceed five (5) years. If the extension of the additional year as provided in this section 2.3 would have the effect of making the then existing term of this agreement longer than five (5) years, then this provision shall be null and void and of no effect.

2.4. Automatic Extensions. The term of this Agreement will be automatically extended by one (1) additional year commencing on April 1 and concluding on March 31 for
each season in which the Team has at least eighteen (18) wins or advances to the NCAA Tournament; provided, however, that at no time may the term of this Agreement exceed five (5) years. If the extension, as provided in this section 2.4, would have the effect of making the then existing term of this Agreement longer than five (5) years, then this provision shall be null and void and of no effect. For the purpose of calculation of wins, such wins must occur during the regular season, the conference tournament, the National Invitation Tournament (“NIT”), or the NCAA Tournament, to the exclusion of all other pre-season exhibition games or post-season invitational tournaments.

ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:

a) An annual salary of $596,573 per year, payable in biweekly installments in accordance with normal University procedures, such amount to increase by three percent (3%) on April 1 of each year of the Agreement;

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation. Coach may earn supplemental compensation as follows:

3.2.1. Athletic Achievement:

a) Regular Season Conference Champions $5,000

b) The greater of the following two:
   Conference Tournament Finalist $3,000
   Conference Tournament Champions $15,000

c) NCAA Tournament game wins $5,000 per game

d) NIT appearances $3,000 per game

e) The greater of the following two:
Winning Record (more wins than losses) $4,000
20 Wins $8,000
f) At-large selection to the NCAA Tournament $5,000

3.2.2 Academic Achievement

a) Coach shall qualify for supplemental pay annually if the one-year Academic Progress Rate (“APR”, meaning the measurement as used by the NCAA to track academic progress of NCAA eligible student athletes and NCAA athletic programs) for that year meets the following levels in the National Ranking within men’s basketball (four-year rate):

i. 50% to 59.9% $5,000
ii. 60% to 69.9% $7,500
iii. 70% to 79.9% $10,000
iv. 80% or above $12,500

3.2.3 Conditions for payment of Academic and Athletic Achievement supplemental compensation.

a) Payment Date for Academic Achievement Supplemental Compensation and for Athletic Achievement Supplemental Compensation shall be made July 1st of each year following the completion of the season in which it is earned.

b) In order to receive the 3.2.1 supplemental compensation, the basketball team’s retention rate must be at least 50 percent for the academic year in which the supplemental pay is earned. The retention rate will be calculated anew each year and will not be cumulative.

3.2.4 Each year Coach may be eligible to receive supplemental compensation based on the overall development of the intercollegiate men's basketball program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University students, staff, faculty, alumni and boosters; and any other factors the President wishes to consider. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President to request from, and subject to approval at the sole discretion of, the State Board of Education.

3.2.5 Compensation for Media. The Coach may receive a portion of the section 3.1.1(a) compensation from the University, the University's designated media outlet(s), or from public appearance fees or a combination thereof (at the discretion of the University and the Media outlets), each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). This sum may be paid either through the
University by-weekly payroll or may be paid monthly directly from the media outlets. The Coach will be advised annually, or at other times as needed, as to the source of payment. Coach acknowledges that the differing sources of payment may change the nature of the benefits attached to such payments and the University and Coach shall mutually agree on such changes if there is a alteration to the source of payment. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University are the property of the University. The University shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University’s designated media outlets.

3.2.6 Summer Camp. The University may operate a summer youth basketball camp using University facilities, and in so doing, the University shall allow Coach the opportunity to earn supplemental compensation by assisting the University in his capacity as a University employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In considering whether to operate a summer youth camp, the University may consider the following conditions:

a) The summer youth camp operation reflects positively on the University and the Department;

b) The summer youth camp is operated as a University activity in which the University shall pay Coach a reasonable supplemental income based in part upon the revenue and expenses of the summer camp. The camp operation will have the opportunity to internally lease University facilities for the summer camp which will be charged as an operating expense of the camp;

c) The Coach complies with all NCAA, Conference, and University rules and regulations related, directly or indirectly, to the operation of summer youth camps;

d) All revenues and expenses of the camp shall be deposited with and paid by the University.

e) If required by the University, Coach shall secure through University risk management as an expense of the camp, supplemental liability insurance as follows: (1) liability coverage:
spectator and staff--$1 million; (2) catastrophic coverage: camper and staff--$1 million maximum coverage with $100 deductible;

In the event of termination of this Agreement, or suspension from employment of the Coach, University shall not be under any obligation to hold a summer youth camp with the Coach after the effective date of such termination or suspension and the University shall be released from all obligations relating thereto.

3.2.7 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University has the authority to enter into an agreement with a company to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University’s reasonable request, Coach will consult with appropriate parties concerning a product’s design or performance, shall act as an instructor at a clinic sponsored in whole or in part by the University’s designated company, or give a lecture at an event sponsored in whole or in part by said company, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head basketball coach. In order to avoid entering into an agreement with a competitor of the University’s designated company, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not, without University approval, endorse any athletic footwear, apparel and/or equipment products, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.2.8 Away Game Guarantee. In the event University schedules an away contest with a non-conference opponent for which a game guarantee is paid to University by the host institution, the payment shall be distributed as follows: (a) the first $50,000 of the game guarantee will be retained by the Department; (b) any amount of the game guarantee exceeding $50,000, less expenses associated with the contest, will be distributed to Coach and Assistant Coaches at the recommendation of Coach, subject to Director’s final approval.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the salary provided pursuant to section 3.1.1 that is also paid through the University, except to the extent required by the terms and conditions of a specific fringe benefit program.
4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University's governing board, the conference, and the NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education Governing Policies and Procedures and Rule Manual; (b) University's Policies; (c) University's Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the athletic conference of which the University is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA Rules. In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than
annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Trustees.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.7 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

4.8 Specific Duties of Coach. The Coach is expected to devote full time to coaching and recruitment involving the Men’s Basketball team as the Head Coach. The Coach will attend all staff meetings, public relation functions, dinners, awards banquet and make appearances as directed by Athletic Director unless excused by Athletic Director. Such functions shall include, but are not limited to, the following:

a) The annual BAA Bar-B-que;
b) The weekly BAA gatherings during the relevant season;
c) The annual BAA Endowment dinner;
d) The BSU Athletic Hall of Fame dinner;
e) The BAA Bronze Bronco Award banquet;
f) The BAA/Alumni Auction dinner;
g) All Athletic Department staff meetings called by Athletic Director;
h) Athletic Department Graduation Reception;
i) Bronco Series Golf Tournaments.

ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, temporarily or permanently suspend Coach from some or all of Coach’s duties with or without pay, or terminate this Agreement at any time for good or adequate cause, as those terms are
defined in applicable policies, rules and regulations.

5.1.1 In addition to the definitions contained in applicable policies, rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension or termination of this Agreement:

a) A repetitive or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to cure any violation of any of the terms of this agreement within 30 days after written notice from the University;

c) (i) A repetitive or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University’s governing board or the conference, or (ii) the finding by the NCAA of a repetitive or major violation of the rules or policies of the NCAA, including but not limited to any major violation which may have occurred during the employment of Coach at another NCAA member institution;

d) Ten (10) working days' absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes a grave violation of the moral sentiment or accepted moral standards of society or that would, in the University’s reasonable judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA;

h) The failure of Coach to report a violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team when the Coach had actual knowledge of, or in the proper and faithful performance of his duties should have known of, such violation; or
i) A major violation of any applicable law or the policies, rules or regulations of the University or the University's governing board, or the finding by the conference or the NCAA of a major violation of the rules or policies of the conference or the NCAA by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or, in the proper and faithful performance of his duties, should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay to Coach the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of the University until the term of this Agreement ends or until Coach obtains reasonably comparable employment, whichever occurs first, provided however, in the event Coach obtains other employment after such termination, then the amount of compensation University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to the Coach under the other employment, then subtracting from this adjusted gross compensation deductions according to law. In addition, Coach will be entitled to continue the health insurance plan and group life insurance as if Coach remained a University employee until the term of this Agreement ends or until Coach obtains reasonably comparable employment or any other
employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment and to advise University of all relevant terms of such employment, including without limitation, the nature and location of the employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach further agrees to repay to University all compensation paid by University after the date Coach obtains other employment, to which Coach is not entitled under this provision.

5.2.3 The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty. Coach has been given an opportunity to consult with legal counsel of his own choosing and has not relied upon the advice of any legal counsel acting on behalf of the University.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience and pursues employment as, or performs the services or duties regularly associated with, a head coach in NCAA Division 1 collegiate basketball, professional basketball in any capacity, sports media in any capacity he shall pay to the University, as liquidated damages and not a penalty, for the breach of this Agreement if the Agreement is terminated on or before expiration of the term, including any extensions thereof, the sum of $175,000. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate
eight (8) percent per annum until paid.

5.3.4 The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University. Coach has been given an opportunity to consult with legal counsel of his own choosing and has not relied upon the advice of any legal counsel acting on behalf of the University.

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination or suspension, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.
5.7 No Liability. The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension of Coach, regardless of the circumstances.

5.8 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University Policies.

5.9 Use of Annual Leave. In the event of non-renewal or termination Coach will use all accumulated annual leave prior to the end of the contract period.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University’s Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University's polices regarding furloughs and financial exigency.

6.2 University Property. All personal property (excluding vehicle(s) provided through the Courtesy Car program), material, and articles of information, including, without limitation, keys, credit cards, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.
6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefore, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: Director of Athletics
1910 University Drive
Boise, ID 83725-1020

with a copy to: President
1910 University Drive
Boise, ID 83725-100

the Coach: Leon Rice
Last known address on file with
University's Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.
6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 Binding Effect. This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings, including the Employment Agreement effective July 1, 2013, with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Trustees.

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney, and has not relied upon the advice of any legal counsel acting on behalf of the University. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

UNIVERSITY

COACH

__________________________  ____________________________
Robert W. Kustra, President  Date  Leon Rice  Date

Approved by the Board of Trustees on the __ day of June, 2014.
EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Boise State University (University), and Leon Rice (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate Men’s Basketball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s athletic program as the Director may assign and as may be described elsewhere in this Agreement.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment commencing on July 1, 2013 and terminating on March 31, 2018 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Renewal. This Agreement is renewable solely upon an offer from the University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University.

2.3. Conference Change Term Extension. If the conference affiliation of the University (currently the Mountain West Conference) changes during the term of this agreement and Coach’s employment is not already terminated or suspended as otherwise provided herein, this Agreement shall automatically be extended by one (1) additional year to its then existing term; provided, however, that at no time may the term of this Agreement exceed five (5) years. If the extension of the additional year as provided in this section 2.3 would have the effect of making the then existing term of this agreement longer than five (5) years, then this provision shall be null and void and of no effect.

2.4. Automatic Extensions. The term of this Agreement will be automatically extended by one (1) additional year commencing on April 1 and concluding on March 31 for
each season in which the Team has at least twenty-eight (2018) wins or advances to the NCAA Tournament; provided, however, that at no time may the term of this Agreement exceed five (5) years. If the extension, as provided in this section 2.4, would have the effect of making the then existing term of this Agreement longer than five (5) years, then this provision shall be null and void and of no effect. For the purpose of calculation of wins, such wins must occur during the regular season, the conference tournament, the National Invitation Tournament (“NIT”), or the NCAA Tournament, to the exclusion of all other pre-season exhibition games or post-season invitational tournaments.

ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:

a) An annual salary of $596,573 per year, payable in biweekly installments in accordance with normal University procedures, such amount to increase by three percent (3%) on April 1 of each year of the Agreement;

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees;

c) The opportunity to receive such employee benefits as the University’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation. Coach may earn supplemental compensation as follows:

3.2.1. Athletic Achievement:

a) Regular Season Conference Champions $5,000

b) The greater of the following two:
   Conference Tournament Finalist $3,000
   Conference Tournament Champions $15,000

c) NCAA Tournament game wins $5,000 per game

d) NIT appearances $3,000 per game

e) The greater of the following two:
Winning Record (more wins than losses) $4,000
20 Wins $8,000

f) At-large selection to the NCAA Tournament $5,000

3.2.2 Academic Achievement

a) Coach shall qualify for supplemental pay annually if the one-year Academic Progress Rate (“APR”, meaning the measurement as used by the NCAA to track academic progress of NCAA eligible student athletes and NCAA athletic programs) for that year meets the following levels in the National Ranking within men’s basketball (four-year rate):

i. 50% to 59.9% $5,000
ii. 60% to 69.9% $7,500
iii. 70% to 79.9% $10,000
iv. 80% or above $12,500

3.2.3 Conditions for payment of Academic and Athletic Achievement supplemental compensation.

a) Payment Date for Academic Achievement Supplemental Compensation and for Athletic Achievement Supplemental Compensation shall be made July 1st of each year following the completion of the season in which it is earned.

b) In order to receive the 3.2.1 supplemental compensation, the basketball team’s retention rate must be at least 50 percent for the academic year in which the supplemental pay is earned. The retention rate will be calculated anew each year and will not be cumulative.

3.2.4 Each year Coach may be eligible to receive supplemental compensation based on the overall development of the intercollegiate men's basketball program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University students, staff, faculty, alumni and boosters; and any other factors the President wishes to consider. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President to request from, and subject to approval at the sole discretion of, the State Board of Education.

3.2.5 Compensation for Media. The Coach may receive a portion of the section 3.1.1(a) compensation from the University, the University's designated media outlet(s), or from public appearance fees or a combination thereof (at the discretion of the University and the Media outlets), each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). This sum may be paid either through the
University by-weekly payroll or may be paid monthly directly from the media outlets. The Coach will be advised annually, or at other times as needed, as to the source of payment. Coach acknowledges that the differing sources of payment may change the nature of the benefits attached to such payments and the University and Coach shall mutually agree on such changes if there is a alteration to the source of payment. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University are the property of the University. The University shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University’s designated media outlets.

3.2.6 Summer Camp. The University may operate a summer youth basketball camp using University facilities, and in so doing, the University shall allow Coach the opportunity to earn supplemental compensation by assisting the University in his capacity as a University employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In considering whether to operate a summer youth camp, the University may consider the following conditions:

a) The summer youth camp operation reflects positively on the University and the Department;

b) The summer youth camp is operated as a University activity in which the University shall pay Coach a reasonable supplemental income based in part upon the revenue and expenses of the summer camp. The camp operation will have the opportunity to internally lease University facilities for the summer camp which will be charged as an operating expense of the camp;

c) The Coach complies with all NCAA, Conference, and University rules and regulations related, directly or indirectly, to the operation of summer youth camps;

d) All revenues and expenses of the camp shall be deposited with and paid by the University.

e) If required by the University, Coach shall secure through University risk management as an expense of the camp, supplemental liability insurance as follows: (1) liability coverage:
spectator and staff--$1 million; (2) catastrophic coverage: camper and staff--$1 million maximum coverage with $100 deductible;

In the event of termination of this Agreement, or suspension from employment of the Coach, University shall not be under any obligation to hold a summer youth camp with the Coach after the effective date of such termination or suspension and the University shall be released from all obligations relating thereto.

3.2.7 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University has the authority to enter into an agreement with a company to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University’s reasonable request, Coach will consult with appropriate parties concerning a product’s design or performance, shall act as an instructor at a clinic sponsored in whole or in part by the University’s designated company, or give a lecture at an event sponsored in whole or in part by said company, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head basketball coach. In order to avoid entering into an agreement with a competitor of the University’s designated company, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not, without University approval, endorse any athletic footwear, apparel and/or equipment products, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.2.8 Away Game Guarantee. In the event University schedules an away contest with a non-conference opponent for which a game guarantee is paid to University by the host institution, the payment shall be distributed as follows: (a) the first $50,000 of the game guarantee will be retained by the Department; (b) any amount of the game guarantee exceeding $50,000, less expenses associated with the contest, will be distributed to Coach and Assistant Coaches at the recommendation of Coach, subject to Director’s final approval.

3.2.9 Signing Bonus. In consideration for execution of this Employment Agreement, Coach, following execution, will receive a one-time signing bonus in the amount of $10,875 within thirty (30) days of the effective date of this Employment Agreement, or the next applicable payroll period.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the salary provided pursuant to section 3.1.1 that is also
paid through the University, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University's governing board, the conference, and the NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education Governing Policies and Procedures and Rule Manual; (b) University's Policies; (c) University's Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the athletic conference of which the University is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.
4.3 NCAA Rules. In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Trustees.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.7 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

4.8 Specific Duties of Coach. The Coach is expected to devote full time to coaching and recruitment involving the Men’s Basketball team as the Head Coach. The Coach will attend all staff meetings, public relation functions, dinners, awards banquet and make appearances as directed by Athletic Director unless excused by Athletic Director. Such functions shall include, but are not limited to, the following:

a) The annual BAA Bar-B-que;
b) The weekly BAA gatherings during the relevant season;
c) The annual BAA Endowment dinner;
d) The BSU Athletic Hall of Fame dinner;
e) The BAA Bronze Bronco Award banquet;
f) The BAA/Alumni Auction dinner;
g) All Athletic Department staff meetings called by Athletic Director;
h) Athletic Department Graduation Reception;
i) Bronco Series Golf Tournaments.
5.1 Termination of Coach for Cause. The University may, in its discretion, temporarily or permanently suspend Coach from some or all of Coach’s duties with or without pay, or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable policies, rules and regulations.

5.1.1 In addition to the definitions contained in applicable policies, rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension or termination of this Agreement:

a) A repetitive or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to cure any violation of any of the terms of this agreement within 30 days after written notice from the University;

c) (i) A repetitive or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University’s governing board or the conference, or (ii) the finding by the NCAA of a repetitive or major violation of the rules or policies of the NCAA, including but not limited to any major violation which may have occurred during the employment of Coach at another NCAA member institution;

d) Ten (10) working days' absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes a grave violation of the moral sentiment or accepted moral standards of society or that would, in the University’s reasonable judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA;

h) The failure of Coach to report a violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team when the Coach had actual knowledge of, or in the
proper and faithful performance of his duties should have known of, such violation; or

i) A major violation of any applicable law or the policies, rules or regulations of the University or the University's governing board, or the finding by the conference or the NCAA of a major violation of the rules or policies of the conference or the NCAA by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or, in the proper and faithful performance of his duties, should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay to Coach the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of the University until the term of this Agreement ends or until Coach obtains reasonably comparable employment, whichever occurs first, provided however, in the event Coach obtains other employment after such termination, then the amount of compensation University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to the Coach under the other employment, then subtracting from this adjusted gross compensation
deductions according to law. In addition, Coach will be entitled to continue the health insurance plan and group life insurance as if Coach remained a University employee until the term of this Agreement ends or until Coach obtains reasonably comparable employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment and to advise University of all relevant terms of such employment, including without limitation, the nature and location of the employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach further agrees to repay to University all compensation paid by University after the date Coach obtains other employment, to which Coach is not entitled under this provision.

5.2.3 The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty. Coach has been given an opportunity to consult with legal counsel of his own choosing and has not relied upon the advice of any legal counsel acting on behalf of the University.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience and pursues employment as, or performs the services or duties regularly associated with, a head coach in NCAA Division 1 collegiate basketball, professional basketball in any capacity, sports media in any capacity he shall pay to the University, as liquidated damages and not a penalty, for the breach of this Agreement if the
Agreement is terminated on or before expiration of the term, including any extensions thereof, the sum of $175,000. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University. Coach has been given an opportunity to consult with legal counsel of his own choosing and has not relied upon the advice of any legal counsel acting on behalf of the University.

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.
5.5 Interference by Coach. In the event of termination or suspension, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.

5.7 No Liability. The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension of Coach, regardless of the circumstances.

5.8 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University Policies.

5.9 Use of Annual Leave. In the event of non-renewal or termination Coach will use all accumulated annual leave prior to the end of the contract period.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University’s Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University's polices regarding furloughs and financial exigency.

6.2 University Property. All personal property (excluding vehicle(s) provided through the Courtesy Car program), material, and articles of information, including, without limitation, keys, credit cards, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.
6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefore, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: Director of Athletics
           1910 University Drive
           Boise, ID 83725-1020

with a copy to: President
           1910 University Drive
           Boise, ID 83725-100

the Coach: Leon Rice
           Last known address on file with
           University's Human Resource Services
Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 Binding Effect. This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings, including the Employment Agreement dated and effective March 26, 2013, with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Trustees.

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney, and has not relied upon the advice of any legal counsel acting on behalf of the University. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

UNIVERSITY

Robert W. Kustra, President Date

COACH

Leon Rice Date

Approved by the Board of Trustees on the ___20____ day of June, 2013.
BOISE STATE UNIVERSITY

SUBJECT
Multi-year employment agreement with the Head Women’s Tennis Coach

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section II.H.

BACKGROUND/DISCUSSION
Boise State University is requesting approval of a multi-year contract for its current Head Women’s Tennis Coach, Sherman Beck Roghaar. His contracts thus far have been year-to-year (since 2/2011)

IMPACT
The term of the proposed agreement is for three years. The base salary is $52,398 the first year, with a $2,500 increase each year thereafter, and incentives as follows:

Academic incentive pay may be earned if the team Academic Progress Rate (APR) is as follows:

National score within sport, of four year national ranking:

- Between 50%-59.9% $1,400
- Between 60%-69.9% $1,600
- Between 70%-79.9% $1,800
- 80% or higher $4,000

Athletic incentive pay may be earned as follows:

- Qualify team for NCAA Nationals $5,000
- Conference Coach of the Year $2,000
- NCAA Regional Coach of the Year $3,000
- NCAA National Coach of the Year $10,000

ONLY ONE of the following two items:

- Conference Tournament Champions, OR $4,000
- Qualify team for NCAA Regionals $2,000

ONLY ONE of the following three items:

- Top 25 National Ranking at End of Season, OR $4,000
- Top 10 National Ranking at End of Season, OR $6,000
- Top 5 National Ranking at End of Season $8,000
Mr. Roghaar's base salary is paid from appropriated funds, but the proposed increase would be funded with local funds.

In the event the coach terminates the agreement for convenience, the following liquidated damages shall be due:

- If agreement is terminated during the first year, the sum of $15,000
- If the agreement is terminated during the third year, the sum of $10,000
- If the agreement is terminated during the fourth year, the sum of $7,500

**ATTACHMENTS**
- Attachment 1 – Proposed Contract  Page 3
- Attachment 2 – Redline from Model  Page 17

**STAFF COMMENTS AND RECOMMENDATIONS**
Total first year potential annual compensation (including base salary, supplemental compensation and signing bonus) is $78,398. At the Athletic Director’s discretion, Mr. Roghaar is also eligible to receive other supplemental compensation through University operated summer camps.

The maximum amount payable under the academic incent is equivalent to that of a conference tournament championship.

The contract is in substantial conformance with the Board’s model contract. A material addition to the contract is Section 4.1.5 which provides that the coach shall: “Maintain a strong working knowledge and understanding of all NCAA Rules and Regulations (the “NCAA Rules”) regarding compliance issues and annually pass the NCAA Coaches Certification Test prior to contacting any prospective team members off campus, in accordance with NCAA Rules.”

Staff recommends approval.

**BOARD ACTION**
I move to approve the request by Boise State University to enter into a three-year employment contract with Sherman Beck Roghaar as Head Women’s Tennis Coach beginning on July 1, 2014 and ending on June 30, 2017, with a starting base salary of $52,398 and such base salary increases and supplemental compensation provisions in substantial conformance with the terms of the agreement set forth in Attachment 1.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
EMPLOYMENT AGREEMENT

This Employment Agreement ("Agreement") is entered into by and between Boise State University (the "University") and Sherman Beck Roghaar (the "Coach").

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, University shall employ Coach as the head coach of its intercollegiate women’s tennis team ("Team"). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University's Director of Athletics ("Director") or the Director's designee. Coach shall abide by the reasonable instructions of Director or the Director’s designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (the "President").

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s Athletics Department (the "Department") as the Director may assign and as may be described elsewhere in this Agreement. University shall have the right, at any time, to reassign Coach to duties at University other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment except that the opportunity to earn supplemental compensation as provided in section 3.2 shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment, beginning on July 1, 2014 and ending on June 30, 2017. On June 30, 2017, this Agreement will terminate without further notice to Coach, nor obligation to him, unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is further subject to the prior approval of the Idaho State Board of Education, serving as University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this Agreement count in any way toward tenure at Boise State University.
ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:

a) In the first term, from July 1, 2014 through June 30, 2015, an annual salary of $52,398 per year; in the second term, from July 1, 2015 through June 30, 2016, the annual salary will increase by $2,500, and in the third term, from July 1, 2016 through June 30, 2017, an annual salary will increase by $2,500, all amounts payable in biweekly installments in accordance with normal University procedures;

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the Department provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation.

3.2.1. Each year the team is the Conference Tournament Champion and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $4,000 during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation or;

3.2.2. Each year the team qualifies for the NCAA Regional Championships and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $2,000 during the fiscal year in which the NCAA Regional Championship eligibility is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.3. Each year the team qualifies for the NCAA National Championships and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $5,000 during the fiscal year in which the NCAA National
Championship qualification is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.4. Each year the Coach is awarded the Conference Coach of the Year and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $2,000 during the fiscal year in which the award is announced. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.5. Each year the Coach is awarded the ITA Regional Coach of the Year and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $3,000 during the fiscal year in which the award is announced. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.6. Each year the Coach is awarded the NCAA National Coach of the Year and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $10,000 during the fiscal year in which the award is announced. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.7. Each year the Team is ranked in the top 25 in the NCAA National End of Season Ranking and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay Coach supplemental compensation in an amount equal to $4,000 during the fiscal year in which such ranking is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation or;

3.2.8. Each year the Team is ranked in the top 10 in the NCAA National End of Season Ranking and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay Coach supplemental compensation in an amount equal to $6,000 during the fiscal year in which such ranking is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation or;

3.2.9. Each year the Team is ranked in the top 5 in the NCAA National End of Season Ranking and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay Coach supplemental compensation in an amount equal to $8,000 during the fiscal year in which such ranking is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.
3.2.10 Each year Coach may be eligible to receive supplemental compensation based on the academic achievement of Team members and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1. The determination of whether Coach will receive such supplemental compensation shall be based Team’s NCAA Academic Progress Rate (“APR”) and Coach will qualify for such supplemental compensation if the single year Team APR meets the following levels: (a) if the Team’s National Ranking Within Sport is 80% or above, the University shall pay Coach supplemental compensation in an amount equal to $4,000, (b) if the Team’s National Ranking Within Sport is between 70% and 79.9%, the University shall pay Coach supplemental compensation in an amount equal to $1,800, (c) if the Team’s National Ranking Within Sport is between 60% and 69.9%, the University shall pay Coach supplemental compensation in an amount equal to $1,600, and (d) if the Team’s National Ranking Within Sport is between 50% and 59.9%, the University shall pay Coach supplemental compensation in an amount equal to $1,400. Such supplemental compensation will be paid as soon as reasonably practical following APR rating determination and verification by the NCAA. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.11 Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for such supplemental compensation based on the factors listed in herein and such justification shall be separately reported to the University’s Board of Trustees as a document available to the public under the Public Records Act.

3.2.12 Coach agrees that the University has the exclusive right to operate youth women’s tennis camps and clinics on its campus using University facilities. The University shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach’s capacity as a University employee. As part of regular coaching duties, Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s women’s tennis camps and clinics. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s summer women’s tennis camps and clinics, the University, in the sole and absolute discretion of Director, may pay Coach additional amounts as supplemental compensation during each year of his employment as head women’s tennis coach at the University. If Director, in his sole and absolute discretion, should decide to compensate Coach for such participation, this amount shall be paid in a lump sum after camps and/or clinics are complete throughout the year.

3.2.13 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University is negotiating or has entered into an agreement with Nike to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University’s
reasonable request, Coach will consult with appropriate parties concerning Nike products’ design or performance, shall act as an instructor at a clinic sponsored in whole or in part by Nike, or give a lecture at an event sponsored in whole or in part by Nike, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head women’s tennis coach. In order to avoid entering into an agreement with a competitor of Nike, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Nike, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full-time and best efforts to the performance of Coach’s duties under this Agreement, devote full-time to recruitment and coaching duties as appropriate, attend all staff meetings, public relations functions, dinners, awards banquets and make appearances as directed by Director;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University’s Board of Trustees, the
conference, and the NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Athletic Department’s Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. Coach shall supervise one full-time employee (assistant women’s tennis coach) and a volunteer coach, on an as-needed basis, and such other employees or volunteers as may be determined to be necessary by Coach in consultation with the University. The applicable laws, policies, rules, and regulations include: (a) State Board of Education Governing Policies and Procedures and Rule Manual; (b) University’s policies; (c) University’s Administrative Procedures Manual; (d) the policies of the Department; (d) NCAA rules and regulations; and (e) the rules and regulations of the tennis conference of which the University is a member. In the event of a material violation of any of the above rules and regulations, including in the event the Coach or Team shall be found in violation of NCAA Rules, Coach shall be subject to disciplinary or corrective and such event shall constitute cause for which the University may in its discretion institute discipline up to and including termination of employment as provided in Section 5.1 of this Agreement.

4.1.5. Maintain a strong working knowledge and understanding of all NCAA Rules and Regulations (the “NCAA Rules”) regarding compliance issues and annually pass the NCAA Coaches Certification Test prior to contacting any prospective team members off campus, in accordance with NCAA Rules.

4.1.6. Shall not use, directly or by implication, the University name or logo in the endorsement of commercial products or services for personal gain without obtaining prior written approval from the Director and University President.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach’s obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA Rules. In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and
benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University’s Board of Trustees, the conference, or the NCAA.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Trustees.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.7 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major or repetitive violation(s) of Coach’s duties under this Agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;
b) The failure of Coach to remedy any violation of any of the terms of this Agreement within 30 days after written notice from University;

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University’s Board of Trustees, the conference or the NCAA, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA member institution;

d) Ten (10) working days’ absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University’s judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University’s Board of Trustees, the conference, or the NCAA;

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University, the University’s Board of Trustees, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University, the University’s Board of Trustees, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.
5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary (or such remaining portion thereof) set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him.
by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both been represented by, or had the opportunity to consult with, legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University, as liquidated damages and not a penalty, the following sum: (a) if the Agreement is terminated on or before June 30, 2015, the sum of $15,000.00; (b) if the Agreement is terminated between July 1, 2015 and June 30, 2016, inclusive, the sum of $10,000.00, (c) if the Agreement is terminated between July 1, 2016 and June 30, 2017, inclusive, the sum of $7,500. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by, or had the opportunity to consult with, legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate
and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University.

5.3.5 Except as provided elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University’s disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach’s death, Coach’s salary and all other benefits shall terminate as of the last day worked, except that the Coach’s personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach’s estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University’s disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.

5.7 No Liability. The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.8 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement.
but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provided for in the State Board of Education Rule Manual (IDAPA 08.01.01, et seq.) and Governing Policies and Procedures Manual, and the University Faculty-Staff Handbook.

5.9 Use of Annual Leave. In the event of non-renewal or termination Coach will use all accumulated annual leave prior to the end of the contract period.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University’s Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University’s rules regarding financial exigency.

6.2 University Property. All personal property material, and articles of information, including, without limitation, keys, credit cards, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this Agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.
6.7 **Oral Promises.** Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 **Force Majeure.** Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 **Confidentiality.** The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University’s sole discretion.

6.10 **Notices.** Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University:  
Director of Athletics  
1910 University Drive  
Boise, Idaho 83725-1020

with a copy to:  
President  
1910 University Drive  
Boise, Idaho 83725-1000

the Coach:  
Sherman Beck Roghaar  
Last known address on file with  
University’s Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 **Headings.** The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.
6.12 **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 **Non-Use of Names and Trademarks.** The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 **No Third Party Beneficiaries.** There are no intended or unintended third party beneficiaries to this Agreement.

6.15 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Trustees.

6.16 **Opportunity to Consult with Attorney.** The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

IN WITNESS WHEREOF, the parties hereto agree to the terms and conditions of this Agreement and have executed this Agreement freely and agree to be bound hereby as of the date first above written.

EMPLOYMENT AGREEMENT

This Employment Agreement ("Agreement") is entered into by and between Boise State University (the "University") and Sherman Beck Roghaar (the "Coach").

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate women’s tennis team ("Team"). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s Director of Athletics ("Director") or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director’s designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (the "President").

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s Athletics Department (the “Department”) as the Director may assign and as may be described elsewhere in this Agreement. University shall have the right, at any time, to reassign Coach to duties at University other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment except that the opportunity to earn supplemental compensation as provided in section 3.2.1 through (Depending on supplemental pay provisions used) shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment, beginning on July 1, 2014 and ending on June 30, 2017. On June 30, 2017, this Agreement will terminate without further notice to Coach, nor obligation to him, unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is further subject to the prior approval of the Idaho State Board of Education, serving as University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this Agreement count in any way toward tenure at Boise State University.
ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:

a) In the first term, from July 1, 2014 through June 30, 2015, an annual salary of $52,398 per year; in the second term, from July 1, 2015 through June 30, 2016, the annual salary will increase by $2,500, and in the third term, from July 1, 2016 through June 30, 2017, an annual salary will increase by $2,500, all amounts payable in biweekly installments in accordance with normal University procedures, and such salary increases as may be determined appropriate by the Director and President and approved by the University (College)’s Board of Regents or Trustees; 

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees; and 

c) The opportunity to receive such employee benefits as the Department provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation.

3.2.1. Each year the team is the Conference champion or co-Tournament Champion and also becomes eligible for a (bowl game pursuant to NCAA Division I guidelines or post-season tournament or post-season playoffs), and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to ___(amount or computation)___ of Coach’s Annual Salary $4,000 during the fiscal year in which the championship and ___(bowl or other post-season)___ eligibility are___ achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation. or:

3.2.2. Each year the team is ranked in the (national rankings, such as final ESPN/USA Today coaches poll of Division IA football teams)___NCAA Regional Championships and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $2,000 during the fiscal year in which the NCAA Regional Championship eligibility is achieved. The University shall
determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.2. Each year the team qualifies for the NCAA National Championships and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to \((\text{amount or computation})\) of Coach’s Annual Salary in effect on $5,000 during the fiscal year in which the final poll NCAA National Championship qualification is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year the Coach is awarded the Conference Coach of the Year and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $2,000 during the fiscal year in which the award is announced. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.4. Each year the Coach is awarded the ITA Regional Coach of the Year and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $3,000 during the fiscal year in which the award is announced. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.5. Each year the Coach is awarded the NCAA National Coach of the Year and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay to Coach supplemental compensation in an amount equal to $10,000 during the fiscal year in which the award is announced. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.6. Each year the Team is ranked in the top 25 in the NCAA National End of Season Ranking and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay Coach supplemental compensation in an amount equal to $4,000 during the fiscal year in which such ranking is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation or;

3.2.7. Each year the Team is ranked in the top 10 in the NCAA National End of Season Ranking and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay Coach supplemental compensation in an amount equal to $6,000 during the fiscal year in which such ranking is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation or;
3.2.9. Each year the Team is ranked in the top 5 in the NCAA National End of Season Ranking and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1, the University shall pay Coach supplemental compensation in an amount equal to $8,000 during the fiscal year in which such ranking is achieved. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.30 Each year Coach shall/may be eligible to receive supplemental compensation in an amount up to based on the academic achievement and behavior of Team members and if Coach continues to be employed as University’s head tennis coach as of the ensuing July 1. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director. The shall be based Team’s NCAA Academic Progress Rate (“APR”) and Coach will qualify for such supplemental compensation if the single year Team APR meets the following levels: (a) if the Team’s National Ranking Within Sport is 80% or above, the University shall pay Coach supplemental compensation in an amount equal to $4,000, (b) if the Team’s National Ranking Within Sport is between 70% and 79.9%, the University shall pay Coach supplemental compensation in an amount equal to $1,800, (c) if the Team’s National Ranking Within Sport is between 60% and 69.9%, the University shall pay Coach supplemental compensation in an amount equal to $1,600, and (d) if the Team’s National Ranking Within Sport is between 50% and 59.9%, the University shall pay Coach supplemental compensation in an amount equal to $1,400. Such supplemental compensation will be paid as soon as reasonably practical following APR rating determination shall be based on the following factors: grade point averages; difficulty of major course of study; honors such as scholarships, designation as Academic All-American, and conference academic recognition; progress toward graduation for all athletes, but particularly those who entered the University (College) as academically at-risk students; the conduct of Team members on the University (College) campus, at authorized University (College) activities, in the community, and elsewhere; and verification by the NCAA. The University shall determine the appropriate manner in which it shall pay Coach such supplemental compensation.

3.2.11 Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for such supplemental compensation based on the factors listed above in herein and such justification shall be separately reported to the University’s Board of Trustees as a document available to the public under the Public Records Act.

3.2.4 Each year Coach shall be eligible to receive supplemental compensation in an amount up to (amount or computation) based on the overall development of the intercollegiate (men's/women's) (Sport) program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University (College) students, staff, faculty, alumni and boosters; and any other factors the President wishes to consider. The determination of whether Coach will receive such
supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director.

3.2.5 The Coach shall receive the sum of (amount or computation) from the University (College) or the University (College)’s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). Coach’s right to receive such a payment shall vest on the date of the Team’s last regular season or post-season competition, whichever occurs later. This sum shall be paid (terms or conditions of payment)_____. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University (College) are the property of the University (College). The University (College) shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University (College) in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University (College)’s designated media outlets.

3.2.6 (SUMMER CAMP—OPERATED BY UNIVERSITY) Coach agrees that the University has the exclusive right to operate youth women’s tennis camps and clinics on its campus using University facilities. The University shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach’s capacity as a University employee. As part of regular coaching duties, Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s women’s tennis camps and clinics. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s summer women’s tennis camps and clinics, the University shall, in the sole and absolute discretion of Director, may pay Coach (amount) per year additional amounts as supplemental compensation during each year of his employment as head women’s tennis coach at the University. If Director, in his sole and absolute discretion, should decide to compensate Coach for such participation, this amount shall be paid in a lump sum after camps and/or clinics are complete throughout the year.

(SUMMER CAMP—OPERATED BY COACH) Coach may operate a summer youth (Sport) camp at the University (College) under the following conditions:
a) The summer youth camp operation reflects positively on the University (College) and the Department;

b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University (College) personnel, equipment, or facilities without the prior written approval of the Director;

c) Assistant coaches at the University (College) are given priority when the Coach or the private enterprise selects coaches to participate;

d) The Coach complies with all NCAA (NAIA), Conference, and University (College) rules and regulations related, directly or indirectly, to the operation of summer youth camps;

e) The Coach or the private enterprise enters into a contract with University (College) and __________ (campus concessionaire) for all campus goods and services required by the camp.

f) The Coach or private enterprise pays for use of University (College) facilities including the__________.

g) Within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp Summary Sheet" containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.

h) The Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff--$1 million; (2) catastrophic coverage: camper and staff--$1 million maximum coverage with $100 deductible;

i) To the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University (College) against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s)

j) All employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the
University (College) while engaged in camp activities. The Coach and all other University (College) employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and comply in all respects with all federal and state wage and hour laws.

In the event of termination of this Agreement, suspension, or reassignment, University (College) shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University (College) shall be released from all obligations relating thereto.

3.2.713 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University is negotiating or has entered into an agreement with Nike to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University's reasonable request, Coach will consult with appropriate parties concerning Nike products’ design or performance, shall act as an instructor at a clinic sponsored in whole or in part by Nike, or give a lecture at an event sponsored in whole or in part by Nike, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head women’s tennis coach. In order to avoid entering into an agreement with a competitor of Nike, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Nike, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.
ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full-time and best efforts to the performance of Coach’s duties under this Agreement, devote full-time to recruitment and coaching duties as appropriate, attend all staff meetings, public relations functions, dinners, awards banquets and make appearances as directed by Director;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University’s Board of Trustees, the conference, and the NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Athletic Department’s Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. The names or titles of Coach shall supervise one full-time employee (assistant women’s tennis coach) and a volunteer coach, on an as-needed basis, and such other employees whom Coach supervises are attached as Exhibit C or volunteers as may be determined to be necessary by Coach in consultation with the University. The applicable laws, policies, rules, and regulations include: (a) State Board of Education Governing Policies and Procedures and Rule Manual; (b) University (College)’s Handbook; (c) University’s Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the tennis conference of which the University is a member. In the event of a material violation of any of the above rules and regulations, including in the event the Coach or Team shall be found in violation of NCAA Rules, Coach shall be subject to disciplinary or corrective and such event shall constitute cause for which the University may in its discretion institute discipline up to and including termination of employment as provided in Section 5.1 of this Agreement.
4.1.5. Maintain a strong working knowledge and understanding of all NCAA Rules and Regulations (the “NCAA Rules”) regarding compliance issues and annually pass the NCAA Coaches Certification Test prior to contacting any prospective team members off campus, in accordance with NCAA Rules.

4.1.6. Shall not use, directly or by implication, the University name or logo in the endorsement of commercial products or services for personal gain without obtaining prior written approval from the Director and University President.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach’s obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA Rules. In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University’s Board of Trustees, the conference, or the NCAA.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Trustees.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.
4.7 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major or repetitive violation(s) of Coach’s duties under this Agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this Agreement within 30 days after written notice from University;

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University’s Board of Trustees, the conference or the NCAA, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA member institution;

d) Ten (10) working days’ absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University’s judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any
applicable law or the policies, rules or regulations of the University, the University's Board of Trustees, the conference, or the NCAA;

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University, the University's Board of Trustees, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University, the University’s Board of Trustees, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay Coach, as liquidated damages and not
a penalty, the salary (or such remaining portion thereof) set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both been represented by, or had the opportunity to consult with, legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.
5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University, as liquidated damages and not a penalty, the following sum: (a) if the Agreement is terminated on or before June 30, 2015, the sum of $15,000.00; (b) if the Agreement is terminated between July 1, 2015 and June 30, 2016, inclusive, the sum of $10,000.00, (c) if the Agreement is terminated between July 1, 2016 and June 30, 2017, inclusive, the sum of $7,500. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by, or had the opportunity to consult with, legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University.

5.3.5 Except as provided elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University’s disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach’s death, Coach’s salary and all other benefits shall terminate as of the last day worked, except that the Coach’s personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach’s estate or beneficiaries thereunder.
5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University’s disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 **Interference by Coach.** In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.

5.7 **No Liability.** The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.8 **Waiver of Rights.** Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provided for in the State Board of Education Rule Manual (IDAPA 08.01.01, *et seq.*) and Governing Policies and Procedures Manual, and the University Faculty-Staff Handbook.

5.9 **Use of Annual Leave.** In the event of non-renewal or termination Coach will use all accumulated annual leave prior to the end of the contract period.

**ARTICLE 6**

6.1 **Board Approval.** This Agreement shall not be effective until and unless approved of the University’s Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University’s rules regarding financial exigency.

6.2 **University Property.** All personal property material, and articles of information, including, without limitation, keys, credit cards, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or
data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this Agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University’s sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices
shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: Director of Athletics
1910 University Drive
Boise, Idaho 83725-1020

with a copy to: President
1910 University Drive
Boise, Idaho 83725-1000

the Coach: Sherman Beck Roghaar
Last known address on file with University’s Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 Binding Effect. This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University’s prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University’s Board of Trustees.

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.
IN WITNESS WHEREOF, the parties hereto agree to the terms and conditions of this Agreement and have executed this Agreement freely and agree to be bound hereby as of the date first above written.

Subject
Approval of a multi-year employment agreement for William L. Evans, Head Men’s Basketball Coach

Reference
August 2012 The Idaho State Board of Education approved an employment agreement with William Evans

Applicable Statute, Rule or Policy
Idaho State Board of Education Governing Policies & Procedures, Section II.H.1.

Discussion
Idaho State University (ISU) is requesting approval for a two-year, eleven-month employment agreement for William L. Evans, Head Men’s Basketball Coach (see Attachment 1). The employment agreement contains the duties, responsibilities and conditions of employment. A model contract matrix of the employment agreement that identifies departures from the model contract form and provides justification for these changes is included as Attachment 3. The position is funded by state appropriated funds.

This contract will provide a stable coaching environment for the men’s basketball program as well as stability and consistency for the Athletic Department as a whole.

Impact
The annual salary for this position is $104,811.20 per year plus supplemental compensation incentives as set forth below.

Athletic Incentive Pay may be earned as follows:

- Conference Champion or Co-Champion $4,031
- Conference Coach of the Year $4,031
- Record Bonus (20+ regular season wins) $6,000
- Big Sky Conference Tournament Winner or NCAA Men’s Basketball Tournament berth $4,031
- NCAA Men’s Basketball Tournament
  - Play-In 65 Teams $2,000
  - Round 1 64 Teams 1st win $5,000
  - Round 2 32 Teams 2nd win $10,000
  - Round 3 16 Teams 3rd win $12,000
  - Round 4 8 Teams 4th win $15,000
  - Round 5 4 Teams 5th win $20,000
  - Round 6 2 Teams 6th win $30,000
NCAA National Championship Winner Bonus Total: $92,000 / $94,000

National Invitation Tournament (NIT)
Round 1 32 Teams 1st win $2,000
Round 2 16 Teams 2nd win $3,000
Round 3 8 Teams 3rd win $4,000
Round 4 4 Teams 4th win $5,000
Round 5 2 Teams 5th win $6,000
NIT Championship Winner Bonus Total: $20,000

Annual Media Payment $20,000

Academic Incentive Pay may be earned as follows:

Supplemental Compensation may also be earned, at the discretion of the president and upon approval by the Board, based on team member behavior and the team’s four-year APR national score based on attainment of the following levels:

- 970-979 = $1,000
- 980-989 = $1,500
- 990-999 = $2,000
- 1,000 = $2,500

The Coach is also eligible to receive other supplemental compensation through University operated summer camps.

Liquidated damages for the Coach terminating the contract early for his own convenience are $35,000 for the first year, $25,000 for the second year and $10,000 for the third year.

ATTACHMENTS
Attachment 1 Employment Agreement Page 5
Attachment 2 Employment Agreement – Redline Page 19
Attachment 3 Model Contract Matrix Changes Page 37

STAFF AND COMMENTS AND RECOMMENDATIONS
Maximum potential annual compensation (base salary plus maximum potential supplemental compensation) would be $259,404. The academic incentive pay is almost two-thirds the amount of a conference championship.

The employment agreement follows the Board-approved model contract except as specifically noted in Attachment 3.

Staff recommends approval.
BOARD ACTION

I move to approve the request by Idaho State University to enter into a two-year, eleven month employment agreement with William L. Evans, Head Men’s Basketball Coach, for a term commencing on June 23, 2014 and terminating May 9, 2017, at a base salary of $104,811.20 and supplemental compensation provisions in substantial conformance with the terms of the agreement set forth in Attachment 1.

Moved by ____________ Seconded by ____________ Carried Yes _____ No _____
EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Idaho State University (University) and William L. Evans (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate men’s basketball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director’s designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University shall have the right, at any time, to reassign Coach to duties at the University other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through 3.2.6 shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of two (2) years, eleven (11) months, commencing on June 23, 2014 and terminating, without further notice to Coach, on May 09, 2017 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University.

ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:
a) An annual salary of $104,811.20 per year, payable in biweekly installments in accordance with normal University procedures, and such salary increases as may be determined appropriate by the Director and President and approved by the University’s Board of Trustees;

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees;

c) The opportunity to receive such employee benefits as the University’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion, and if Coach continues to be employed as University's head Men’s Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year the Coach is named as the Conference Coach of the Year, and if Coach continues to be employed as University's head Men’s Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year the Team either wins the Big Sky Conference tournament or obtains an NCAA Men’s Basketball Tournament berth, and if Coach continues to be employed as University's head Men’s Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the post-season participation are achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.4. Each year Coach shall be eligible to receive supplemental compensation in an amount up to $2,500 based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University’s Board of Trustees. The determination shall be based on the following factors: the conduct of Team members on the University campus, at authorized
University activities, in the community, and elsewhere and the Team’s four-year APR national score based on attainment of the following levels:

<table>
<thead>
<tr>
<th>Team APR Ranking</th>
<th>Incentive Pay Up To:</th>
</tr>
</thead>
<tbody>
<tr>
<td>970-979</td>
<td>$ 1,000.00</td>
</tr>
<tr>
<td>980-989</td>
<td>$ 1,500.00</td>
</tr>
<tr>
<td>990-999</td>
<td>$ 2,000.00</td>
</tr>
<tr>
<td>1,000</td>
<td>$ 2,500.00</td>
</tr>
</tbody>
</table>

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of Trustees as a document available to the public under the Idaho Public Records Act.

3.2.5 Record Bonus. The University must pay to Coach supplemental compensation in the amount of $6,000 for winning twenty (20) or more regular season men’s basketball games, provided that the Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st.

3.2.6 Each year the Team advances in the NCAA Men’s Basketball Tournament, and if Coach continues to be employed as University's head Men's Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

- **Play-In**
  - 65 Teams
  - $2,000.00

- **Round 1**
  - 64 Teams
  - 1st win
  - $5,000.00

- **Round 2**
  - 32 Teams
  - 2nd win
  - $10,000.00

- **Round 3**
  - 16 Teams
  - 3rd win
  - $12,000.00

- **Round 4**
  - 8 Teams
  - 4th win
  - $15,000.00

- **Round 5**
  - 4 Teams
  - 5th win
  - $20,000.00

- **Round 6**
  - 2 Teams
  - 6th win
  - $30,000.00

Possible national championship winner computation bonus total: $92,000.00 / $94,000.00

3.2.7 Each year the Team advances in the NIT Men’s Basketball Post-Season Tournament, and if Coach continues to be employed as University's head Men’s Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

- **Round 1**
  - 32 Teams
  - 1st win
  - $2,000.00

- **Round 2**
  - 16 Teams
  - 2nd win
  - $3,000.00

- **Round 3**
  - 8 Teams
  - 3rd win
  - $4,000.00

- **Round 4**
  - 4 Teams
  - 4th win
  - $5,000.00

- **Round 5**
  - 2 Teams
  - 5th win
  - $6,000.00
Possible bonus computation total for winning NIT Men’s Basketball Post-Season Tournament: $20,000.00

3.2.8 The Coach shall receive the sum of $20,000 from the University or the University’s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs, public appearances (Programs) and all Bengal Athletic Booster events. Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid in one lump sum. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University are the property of the University. The University shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University designated media outlets.

3.2.9 (SUMMER CAMP—OPERATED BY UNIVERSITY) Coach agrees that the University has the exclusive right to operate youth Men’s Basketball camps on its campus using University facilities. The University shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach's capacity as a University employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s men’s basketball camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s summer men’s basketball camps, the University shall pay Coach any net revenues resulting from the camp as supplemental compensation during each year of his employment as head Men’s Basketball coach at the University, or, at Coach’s option, direct any part of the net revenues as an enhancement to the Men’s Basketball program budget at the University. Coach must specify how funds are to be directed no later than April 1 of each year. Any amount payable to Coach as supplemental income shall be paid within 30 days after all camp expenses have been paid.

3.2.10 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University is negotiating or has entered into an agreement with Adidas to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University’s reasonable request, Coach will consult with appropriate parties concerning a Adidas product’s design or performance, shall act as an instructor at a clinic
sponsored in whole or in part by Adidas, or give a lecture at an event sponsored in whole or in part by Adidas, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head Men’s Basketball coach. In order to avoid entering into an agreement with a competitor of Adidas, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Adidas, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University's governing board, the conference, and the NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies,
rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University's Handbook; (c) University's Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the Big Sky conference of which the University is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA Rules. In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Trustees.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.6 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.
ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University;

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference or the NCAA, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or member institution;

d) Ten (10) working days' absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University’s judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA;

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or
i) A violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled
to no other compensation or fringe benefits, except as otherwise provided herein or required by
law. Coach specifically agrees to inform University within ten business days of obtaining other
employment, and to advise University of all relevant terms of such employment, including
without limitation the nature and location of employment, salary, other compensation, health
insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and
advise University shall constitute a material breach of this Agreement and University’s
obligation to pay compensation under this provision shall end. Coach agrees not to accept
employment for compensation at less than the fair value of Coach’s services, as determined by
all circumstances existing at the time of employment. Coach further agrees to repay to
University all compensation paid to him by University after the date he obtains other
employment, to which he is not entitled under this provision. Further, in the event that Coach
accepts a volunteer position as a coach (whether head or assistant) at any college or university
during the period after this Agreement has been terminated and before the end of the term, then
the amount of compensation the University pays will be adjusted and reduced by fair market
value of the Coach’s volunteer services.

5.2.3 The parties have both been represented by legal counsel in the contract
negotiations and have bargained for and agreed to the foregoing liquidated damages provision,
giving consideration to the fact that the Coach may lose certain benefits, supplemental
compensation, or outside compensation relating to his employment with University, which
damages are extremely difficult to determine with certainty. The parties further agree that the
payment of such liquidated damages by University and the acceptance thereof by Coach shall
constitute adequate and reasonable compensation to Coach for the damages and injury suffered
by Coach because of such termination by University. The liquidated damages are not, and shall
not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the
entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes
that the University is making a highly valuable investment in his employment by entering into
this Agreement and that its investment would be lost were he to resign or otherwise terminate his
employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement
during its term by giving prior written notice to the University. Termination shall be effective ten
(10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all
obligations of the University shall cease as of the effective date of the termination. If the Coach
terminates this Agreement for his convenience he shall pay to the University, as liquidated
damages and not a penalty, for the breach of this Agreement the following sum: (a) if the
Agreement is terminated on or before May 09, 2015, the sum of $35,000.00; (b) if the
Agreement is terminated between May 10, 2015 and May 09, 2016 inclusive, the sum of
$25,000.00; (c) if the Agreement is terminated between May 10, 2016 and May 09, 2017
inclusive, the sum of $10,000. The liquidated damages shall be due and payable within twenty
(20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University.

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.

5.6 No Liability. The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources
that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University Faculty-Staff Handbook.

5.8 Coach agrees that in the event of a termination of this Agreement pursuant to this Article 5, the University may, at its sole option, require Coach to take any or all of his accrued unused vacation days prior to the effective date of the termination.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University’s Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University's rules regarding financial exigency.

6.2 University Property. All personal property (excluding vehicle(s) provided through the Courtesy Car Program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.
6.5 **Severability.** If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 **Governing Law.** This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 **Oral Promises.** Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 **Force Majeure.** Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 **Confidentiality.** The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 **Notices.** Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: Director of Athletics

Jeffrey K. Tingey  
921 S. 8th Ave. Stop 8173  
Pocatello, ID  83209-8173

with a copy to: President  
Arthur Vailas  
921 S. 8th Ave. Stop  
Pocatello, ID  83209

the Coach:  
William L. Evans  
Last known address on file with  
University's Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.
6.11 **Headings.** The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 **Non-Use of Names and Trademarks.** The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 **No Third Party Beneficiaries.** There are no intended or unintended third party beneficiaries to this Agreement.

6.15 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Trustees.

6.16 **Opportunity to Consult with Attorney.** The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

IDAHO STATE UNIVERSITY

COACH

__________________________  __________________________
Arthur C. Vailas, President    Date    William L. Evans    Date

Approved by the Board of Trustees on the ____ day of ____________, 2014.
EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Idaho State University (University) (University) College, and William L. Evans (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University (College) shall employ Coach as the head coach of its intercollegiate men’s basketball (Sport) team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s (College)’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director’s designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s (College)’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s (College)’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University (College) shall have the right, at any time, to reassign Coach to duties at the University (College) other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through 3.2.6 (Depending on supplemental pay provisions used) shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of two (2) years, eleven (11) months commencing on June 23, 2014 and terminating, without further notice to Coach, on May 09, 2017 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University (College) and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University’s (College)’s Board of Regents or Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University (College).
ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University (College) shall provide to Coach:

a) An annual salary of $104,811.20 per year, payable in biweekly installments in accordance with normal University procedures, and such salary increases as may be determined appropriate by the Director and President and approved by the University’s Board of Regents or Trustees;

b) The opportunity to receive such employee benefits as the University (College) provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University’s Department of Athletics provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion and also becomes eligible for a (bowl game pursuant to NCAA Division I guidelines or post-season tournament or post-season playoffs), and if Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st, the University (College) shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the championship eligibility are achieved. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year the Coach is named as ranked in the Conference Coach top 25 in the (national rankings, such as final ESPN/USA Today coaches poll of the Year Division IA football teams), and if Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st, the University (College) shall pay to Coach supplemental compensation in
an amount equal to \( \frac{2}{52} \times \) (amount or computation) of Coach’s Annual Salary during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year the Team either wins the Big Sky Conference tournament or obtains an NCAA Men’s Basketball Tournament berth, and if Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay \( \frac{2}{52} \times \) Annual Salary of Coach’s Annual Salary during the fiscal year in which the post-season participation are achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.4. Each year Coach shall be eligible to receive supplemental compensation in an amount up to \$2,500\ (amount or computation) based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University’s Board of Trustees. The determination shall be based on the following factors: grade point averages; difficulty of major course of study; honors such as scholarships, designation as Academic All-American, and conference academic recognition; progress toward graduation for all athletes, but particularly those who entered the University as academically at risk students; the conduct of Team members on the University campus, at authorized University activities, in the community, and elsewhere and the Team’s four-year APR national score based on attainment of the following levels:

<table>
<thead>
<tr>
<th>Team APR Ranking</th>
<th>Incentive Pay Up To:</th>
</tr>
</thead>
<tbody>
<tr>
<td>970-979</td>
<td>$ 1,000.00</td>
</tr>
<tr>
<td>980-989</td>
<td>$ 1,500.00</td>
</tr>
<tr>
<td>990-999</td>
<td>$ 2,000.00</td>
</tr>
<tr>
<td>1,000</td>
<td>$ 2,500.00</td>
</tr>
</tbody>
</table>

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of Regents or Trustees as a document available to the public under the Idaho Public Records Act.

3.2.5. **Record Bonus.** The University must pay to Coach supplemental compensation in the amount of \$6,000 for winning twenty (20) or more regular season men’s basketball games, provided that the Coach continues to be employed as University’s head Men’s Basketball coach as of the ensuing May 1st.

3.2.6. Each year the Team advances in the NCAA Men’s Basketball Tournament, and if Coach continues to be employed as University’s head Men’s Basketball coach
as of the ensuing May 1st, the University Coach shall pay Coach be eligible to receive supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any up to ___ (amount or computation)___ based on the overall development of the intercollegiate (men's/women's) (Sport) program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University (College) students, staff, faculty, alumni and boosters; and any other factors the President wishes to consider. The determination of whether Coach will receive such supplemental compensation.

| Play-In | 65 Teams | $2,000.00 |
| Round 1 | 64 Teams | 1st win | $5,000.00 |
| Round 2 | 32 Teams | 2nd win | $10,000.00 |
| Round 3 | 16 Teams | 3rd win | $12,000.00 |
| Round 4 | 8 Teams | 4th win | $15,000.00 |
| Round 5 | 4 Teams | 5th win | $20,000.00 |
| Round 6 | 2 Teams | 6th win | $30,000.00 |

Possible national championship winner computation bonus total: $92,000.00 / $94,000.00

3.2.7 Each year the Team advances in the NIT Men’s Basketball Post-Season Tournament, and if Coach continues to be employed as University's head Men’s Basketball coach during the time of the payment(s) shall be at the discretion of the University Coach shall pay Coach the sum of $20,000 (amount or computation) from the University (College) or the University’s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs) and all Bengal Athletic Booster events. Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid in one lump sum (terms or conditions of payment) .

| Round 1 | 32 Teams | 1st win | $2,000.00 |
| Round 2 | 16 Teams | 2nd win | $3,000.00 |
| Round 3 | 8 Teams | 3rd win | $4,000.00 |
| Round 4 | 4 Teams | 4th win | $5,000.00 |
| Round 5 | 2 Teams | 5th win | $6,000.00 |

Possible bonus computation total for winning NIT Men’s Basketball Post-Season Tournament: $20,000.00
The University (College) shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University (College) in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University (College)’s designated media outlets.

3.2.96 (SUMMER CAMP—OPERATED BY UNIVERSITY) (COLLEGE))
Coach agrees that the University (College) has the exclusive right to operate youth Men’s Basketball (Sport) camps on its campus using University (College) facilities. The University (College) shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s University (College)’s camps in Coach’s capacity as a University (College) employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s men’s basketball University (College)’s football camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s University (College)’s summer men’s basketball/football camps, the University (College) shall pay Coach any net revenues resulting from the camp (amount) per year as supplemental compensation during each year of his employment as head Men’s Basketball (Sport) coach at the University. or, at Coach’s option, direct any part of the net revenues as an enhancement to the Men’s Basketball program budget at the University. Coach must specify how funds are to be directed no later than April 1 of each year. Any amount payable to Coach as supplemental income (College). This amount shall be paid within 30 days after all camp expenses have been paid—(terms of payment)_____.

(SUMMER CAMP—OPERATED BY COACH) Coach may operate a summer youth (Sport) camp at the University (College) under the following conditions:

a) The summer youth camp operation reflects positively on the University (College) and the Department;

b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University (College) personnel, equipment, or facilities without the prior written approval of the Director;
e) Assistant coaches at the University (College) are given priority when the Coach or the private enterprise selects coaches to participate;

d) The Coach complies with all NCAA (NAIA), Conference, and University (College) rules and regulations related, directly or indirectly, to the operation of summer youth camps;

e) The Coach or the private enterprise enters into a contract with University (College) and __________ (campus concessionaire) for all campus goods and services required by the camp.

f) The Coach or private enterprise pays for use of University (College) facilities including the __________.

g) Within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp Summary Sheet" containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.

h) The Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff -- $1 million; (2) catastrophic coverage: camper and staff -- $1 million maximum coverage with $100 deductible;

i) To the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University (College) against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s)

j) All employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the University (College) while engaged in camp activities. The Coach and all other University (College) employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and comply in all respects with all federal and state wage and hour laws.
In the event of termination of this Agreement, suspension, or reassignment, University (College) shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University (College) shall be released from all obligations relating thereto.

3.2. Coach agrees that the University (College) has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University (College). Coach recognizes that the University (College) is negotiating or has entered into an agreement with Adidas (Company Name) to supply the University (College) with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University (College)’s reasonable request, Coach will consult with appropriate parties concerning Adidas (Company Name) product’s design or performance, shall act as an instructor at a clinic sponsored in whole or in part by Adidas (Company Name), or give a lecture at an event sponsored in whole or in part by Adidas (Company Name), or make other educationally-related appearances as may be reasonably requested by the University (College). Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head Men’s Basketball (Sport) coach. In order to avoid entering into an agreement with a competitor of Adidas (Company Name), Coach shall submit all outside consulting agreements to the University (College) for review and approval prior to execution. Coach shall also report such outside income to the University (College) in accordance with NCAA (or NAIA) rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Adidas (Company Name), and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University (College) to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University (College) to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:
4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University (College) and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University’s University (College); the University’s University (College)’s governing board, the conference, and the NCAA (or NAIA); supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department’s Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s University (College)’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University (College) and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University’s University (College)’s Handbook; (c) University’s University (College)’s Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA (or NAIA) rules and regulations; and (f) the rules and regulations of the Big Sky—(Sport) conference of which the University (College) is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University (College), would reflect adversely upon the University (College)’s athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach’s obligations under this Agreement. Coach may not use the University’s University (College)’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA (or NAIA) Rules. In accordance with NCAA (or NAIA) rules, Coach shall obtain prior written approval from the University’s University (College)’s President for all athletically related income and benefits from sources outside the University (College) and shall report the source and amount of all such income and benefits to the
President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University (College) work day preceding June 30th. The report shall be in a format reasonably satisfactory to University (College). In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University (College) booster club, University (College) alumni association, University (College) foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University (College), the University’s University (College)’s governing board, the conference, or the NCAA (or NAIA).

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s University (College)’s Board of Trustees or Regents.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.6 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University (College) may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University (College) and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;
b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University-
(College);  

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University-(College), the University's University (College)'s governing board, the conference or the NCAA-(NAIA), including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or NAIA member institution;  

d) Ten (10) working days' absence of Coach from duty without the University's University (College)'s consent;  

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University's University (College)'s judgment, reflect adversely on the University (College) or its athletic programs;  

f) The failure of Coach to represent the University-(College) and its athletic programs positively in public and private forums;  

g) The failure of Coach to fully and promptly cooperate with the NCAA (NAIA) or the University-(College) in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University-(College), the University's University-(College)'s governing board, the conference, or the NCAA-(NAIA);  

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University-(College), the University's University (College)'s governing board, the conference, or the NCAA-(NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or  

i) A violation of any applicable law or the policies, rules or regulations of the University-(College), the University's University-(College)'s governing board, the conference, or the NCAA-(NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.  

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University-(College) as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided
for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University (College) shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University (College) shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA (NAIA) regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA (NAIA) enforcement procedures. This section applies to violations occurring at the University (College) or at previous institutions at which the Coach was employed.
5.2 Termination of Coach for Convenience of University (College).

5.2.1 At any time after commencement of this Agreement, University (College), for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University (College) terminates this Agreement for its own convenience, University (College) shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University (College) until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University (College) employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision. Further, in the event that Coach accepts a volunteer position as a coach (whether head or assistant) at any college or university during the period after this Agreement has been terminated and before the end of the term, then the amount of compensation the University pays will be adjusted and reduced by fair market value of the Coach’s volunteer services.

5.2.3 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University (College), which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University (College) and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by
Coach because of such termination by University (College). The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University (College) for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University (College) is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University (College) before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University (College). Termination shall be effective ten (10) days after notice is given to the University (College).

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University (College) shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University (College), as liquidated damages and not a penalty, for the breach of this Agreement the following sum: (a) if the Agreement is terminated on or before May 09, 2015, the sum of $35,000.00; (b) if the Agreement is terminated between May 10, 2015 and May 09, 2016 inclusive, the sum of $25,000.00; (c) if the Agreement is terminated between May 10, 2016 and May 09, 2017 inclusive, the sum of $10,000. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University (College) will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University (College) shall constitute adequate and reasonable compensation to University (College) for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University (College).

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.
5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University’s University (College)’s disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach’s death, Coach’s salary and all other benefits shall terminate as of the last day worked, except that the Coach’s personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University (College) and due to the Coach’s estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University’s University (College)’s disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University-(College).

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s University (College)’s student-athletes or otherwise obstruct the University’s University (College)’s ability to transact business or operate its intercollegiate athletics program.

5.6 No Liability. The University-(College) shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University (College) employees, if the University (College) suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University (College) from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University (College) Faculty-Staff Handbook.
5.8 Coach agrees that in the event of a termination of this Agreement pursuant to this Article 5, the University may, at its sole option, require Coach to take any or all of his accrued unused vacation days prior to the effective date of the termination.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University’s University (College)’s Board of ____(Regents or Trustees)____ and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s University (College)’s Board of ____(Regents or Trustees)____, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of ____(Regents or Trustees)____ and University’s University (College)’s rules regarding financial exigency.

6.2 University (College)-Property. All personal property (excluding vehicle(s) provided through the Courtesy Car Program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University (College) or developed by Coach on behalf of the University (College) or at the University (College)’s direction or for the University (College)’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University (College). Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.
6.7 **Oral Promises.** Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University. (College).

6.8 **Force Majeure.** Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 **Confidentiality.** The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's University (College)'s sole discretion.

6.10 **Notices.** Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University:  (College): Director of Athletics

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.
6.11 **Headings.** The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 **Non-Use of Names and Trademarks.** The Coach shall not, without the prior written consent in each case, use any name, trade name, trademark, or other designation of the (including contraction, abbreviation or simulation), except in the course and scope of his official duties.

6.14 **No Third Party Beneficiaries.** There are no intended or unintended third party beneficiaries to this Agreement.

6.15 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of (Regents or Trustees).

6.16 **Opportunity to Consult with Attorney.** The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

**IDAHO STATE UNIVERSITY (COLLEGE) COACH**

Arthur C. Vailas, President                        Date                        William L. Evans

IDAHO STATE UNIVERSITY

SUBJECT
Approval of multi-year employment agreement for Seton Sobolewski, Head Women’s Basketball Coach

REFERENCE
June 2008 The Idaho State Board of Education approved an employment agreement with Seton Sobolewski
June 2011 The Idaho State Board of Education approved a new three-year employment agreement with Seton Sobolewski

APPLICABLE STATUTE, RULE OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section II.H.1.

DISCUSSION
Idaho State University (ISU) requests approval for a two-year, eleven-month employment agreement for Seton Sobolewski, Head Women’s Basketball Coach, (see Attachment 1). The employment agreement contains the duties, responsibilities and conditions of the employment. A model contract matrix and red-line version of the Employment Agreement that identifies departures from the model contract form and provides justification for these changes are included as Attachments 2 and 3. The position is funded by state appropriated funds. This contract will provide a stable coaching environment for the women’s basketball program as well as stability and consistency for the Athletic Department as a whole.

IMPACT
This is an employment contract for ISU’s women’s basketball coach. The salary is $98,196.80 per year, with Supplemental Compensation as follows:

- Conference Champion or Co-Champion $3,631
- Big Sky Conference Tournament Winner or NCAA Women’s Basketball Tournament berth $3,631
- Record Bonus (20+ regular season wins) $3,500
- Money Games 3 - 5% of contract
- NCAA Women’s Basketball Tournament: Round 1 64 Teams 1st win $3,000
  Round 2 32 Teams 2nd win $6,000
  Round 3 16 Teams 3rd win $9,000
  Round 4 8 Teams 4th win $12,000
  Round 5 4 Teams 5th win $15,000
  Round 6 2 Teams 6th win $18,000
- NCAA National Championship Winner Bonus Total: $63,000
WNIT Women’s Basketball Post-Season Tournament

Attachment 2 Employment Agreement – Redline Page 17
Attachment 3 Model Contract Matrix Changes Page 35

STAFF AND COMMENTS AND RECOMMENDATIONS
Maximum potential annual compensation under the contract would be $193,958.80, plus percentage of money game(s) contract. The employment agreement follows the Board-approved model contract except as specifically noted in Attachment 3. The academic incentive pay is a little over half the amount of a conference championship.

Staff recommends approval.

BOARD ACTION
I move to approve the request by Idaho State University to execute a two-year, eleven month employment agreement with Seton Sobolewski, Head Women’s Basketball Coach for a term commencing June 23, 2014 and terminating May 9, 2017 at a base salary of $98,196.80 and supplemental compensation provisions in substantial conformance with the terms of the agreement set forth in Attachment 1.

Moved by ___________ Seconded by ___________ Carried Yes _____ No _____
ATTACHMENT 1

(MODEL ATHLETICS CONTRACT)

EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Idaho State University (University) and Seton Sobolewski (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate women’s basketball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University shall have the right, at any time, to reassign Coach to duties at the University other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through 3.2.6 shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of two (2) years, eleven (11) months, commencing on June 23, 2014 and terminating, without further notice to Coach, on May 09, 2017 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University.

ARTICLE 3

3.1 Regular Compensation.
3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:

a) An annual salary of $98,196.80 per year, payable in biweekly installments in accordance with normal University procedures, and such salary increases as may be determined appropriate by the Director and President and approved by the University’s Board of Trustees;

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion, and if Coach continues to be employed as University's head Women’s Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year the Team either wins the Big Sky Conference tournament or obtains an NCAA Women’s Basketball Tournament berth, and if Coach continues to be employed as University's head Women’s Basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the post-season participation are achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year Coach shall be eligible to receive supplemental compensation in an amount up to $2,000 based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University’s Board of Trustees. The determination shall be based on the following factors: the conduct of Team members at authorized University activities, in the community, and elsewhere and the Team’s four-year APR score based on attainment of the following levels:
Team APR Ranking | Incentive Pay Up To:
--- | ---
970-979 | $750.00
980-989 | $1,250.00
990-999 | $1,500.00
1,000 | $2,000.00

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of Trustees as a document available to the public under the Idaho Public Records Act.

3.2.4 Record Bonus. The University must pay to Coach supplemental compensation in the amount of $3,500 for winning twenty (20) or more regular season women’s basketball games.

3.2.5 Women’s Basketball “Money” games. Each year the Coach shall have the opportunity to receive supplemental compensation for the Team’s participation in “money games” (where another team pays the Team to play them at the other team’s location). If Coach continues to be employed as University’s head women’s basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation for each such money game in an amount equal to either: (a) three percent (3%) of contractual payment received by the University for participation in the money game if the Team loses the money game; or (b) five percent (5%) of contractual payment received by the University if the Team wins the game.

3.2.6 Each year the Team advances in the NCAA Women’s Basketball Tournament, and if Coach continues to be employed as University's head Women’s Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.7 Each year the Team advances in the WNIT Women’s Basketball Post-Season Tournament, and if Coach continues to be employed as University's head Women’s Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.
Round 1  32 Teams  1st win  $1,000.00
Round 2  16 Teams  2nd win  $2,000.00

Round 5  2 Teams  5th win  $5,000.00

Possible bonus computation total for winning WNIT Women’s Basketball Post-Season Tournament:  $15,000.00

3.2.8 The Coach shall receive the sum of $5,000 from the University or the University’s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs, public appearances (Programs) and all Bengal Athletic Booster events. Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid in one lump sum. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University are the property of the University. The University shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University designated media outlets.

3.2.7 (SUMMER CAMP—OPERATED BY UNIVERSITY) Coach agrees that the University has the exclusive right to operate youth Women’s Basketball camps on its campus using University facilities. The University shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach's capacity as a University employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s women’s basketball camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s summer women’s basketball camps, the University shall pay Coach any net revenues resulting from the camp as supplemental compensation during each year of his employment as head Women’s Basketball coach at the University, or, at Coach’s option, direct any part of the net revenues as an enhancement to the Women’s Basketball program budget at the University. Coach must specify how funds are to be directed no later than April 1 of each year. Any amount payable to Coach as supplemental income shall be paid within 30 days after all camp expenses have been paid.

3.2.7 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by
motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University is negotiating or has entered into an agreement with Adidas to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University’s reasonable request, Coach will consult with appropriate parties concerning a Adidas product’s design or performance, shall act as an instructor at a clinic sponsored in whole or in part by Adidas, or give a lecture at an event sponsored in whole or in part by Adidas, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head Women’s Basketball coach. In order to avoid entering into an agreement with a competitor of Adidas, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Adidas, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University's governing board, the conference, and the NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report
to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University's Handbook; (c) University's Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the Big Sky conference of which the University is a member.

4.2 **Outside Activities.** Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 **NCAA Rules.** In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA.

4.4 **Hiring Authority.** Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Trustees.

4.5 **Scheduling.** Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.
4.6 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University;

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University’s governing board, the conference or the NCAA, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or member institution;

d) Ten (10) working days' absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University’s judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA;
h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach's assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach's assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University's obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section
3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University, as liquidated damages and not a penalty, for the breach of this Agreement the following sum: (a) if the Agreement is terminated on or before May 09, 2015, the sum of $25,000.00; (b) if the Agreement is terminated between May 10, 2015 and May 09, 2016 inclusive, the sum of
$20,000.00; (c) if the Agreement is terminated between May 10, 2016 and May 09, 2017 inclusive, the sum of $10,000. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University.

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.
5.6 **No Liability.** The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 **Waiver of Rights.** Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University Faculty-Staff Handbook.

**ARTICLE 6**

6.1 **Board Approval.** This Agreement shall not be effective until and unless approved of the University’s Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University's rules regarding financial exigency.

6.2 **University Property.** All personal property (excluding vehicle(s) provided through the Courtesy Car Program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 **Assignment.** Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 **Waiver.** No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 **Severability.** If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.
6.6 **Governing Law.** This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 **Oral Promises.** Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 **Force Majeure.** Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 **Confidentiality.** The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 **Notices.** Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: Director of Athletics

Jeffrey K. Tingey  
921 S. 8th Ave. Stop 8173  
Pocatello, ID 83209-8173

with a copy to: President  
Arthur Vailas  
921 S. 8th Ave. Stop  
Pocatello, ID 83209-

the Coach:  
Seton Sobolewski  
Last known address on file with University's Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.
6.11 **Headings.** The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 **Non-Use of Names and Trademarks.** The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 **No Third Party Beneficiaries.** There are no intended or unintended third party beneficiaries to this Agreement.

6.15 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Trustees.

6.16 **Opportunity to Consult with Attorney.** The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

(MODEL ATHLETICS CONTRACT)

EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Idaho State University (University) (College); and Seton Sobolewski (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University (College) shall employ Coach as the head coach of its intercollegiate women’s basketball (Sport) team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director’s designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University (College) shall have the right, at any time, to reassign Coach to duties at the University (College) other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through 3.2.6—(Depending on supplemental pay provisions used)—shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of two (2) years, eleven (11) months, commencing on June 23, 2014 and terminating, without further notice to Coach, on May 09, 2017 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University (College) and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University’s Board of Regents or Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University—(College).
ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University (College) shall provide to Coach:

a) An annual salary of $98,196.80 per year, payable in biweekly installments in accordance with normal University (College) procedures, and such salary increases as may be determined appropriate by the Director and President and approved by the University’s Board of Regents or Trustees;

b) The opportunity to receive such employee benefits as the University (College) provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion and also becomes eligible for a (bowl game pursuant to NCAA Division I guidelines or post-season tournament or post-season playoffs), and if Coach continues to be employed as University’s head Women’s Basketball coach as of the ensuing May 1st, the University (College) shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the championship is obtained and eligibility are achieved. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year the Team either wins a ranked in the Big Sky Conference tournament or obtains an NCAA Women’s Basketball Tournament berth top 25 in the (national rankings, such as final ESPN/USA Today coaches poll of Division IA football teams), and if Coach continues to be employed as University’s head Women’s Basketball coach as of the ensuing May 1st, the University
shall pay to Coach supplemental compensation in an amount equal to two week’s pay \(2/52 \times \text{(amount or computation)}\) of Coach’s Annual Salary during the fiscal year in which, in effect on the date of the final poll. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3 Each year Coach shall be eligible to receive supplemental compensation in an amount up to \$2,000– \text{(amount or computation)}- based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University’s Board of Trustees. The determination shall be based on the following factors: grade point averages; difficulty of major course of study; honors such as scholarships, designation as Academic All-American, and conference academic recognition; progress toward graduation for all athletes, but particularly those who entered the University (College) as academically at risk students; the conduct of Team members on the University (College) campus, at authorized University (College) activities, in the community, and elsewhere and the Team’s four-year APR score based on attainment of the following levels:

<table>
<thead>

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of (Regents or Trustees) as a document available to the public under the Idaho Public Records Act.

3.2.4 Record Bonus. The University must pay to Coach supplemental compensation in the amount of \$3,500 for winning twenty (20) or more regular season women’s basketball games.

3.2.5 Women’s Basketball “Money” games. Each year the Coach shall have the opportunity be eligible to receive supplemental compensation for the Team’s participation in “money games” (where another team pays the Team to play them at the other team’s location). If Coach continues to be employed as University’s head women’s basketball coach as of the ensuing May 1st, the University shall pay to Coach supplemental compensation for each such money game in an amount equal to either: (a) three percent (3%) of contractual payment received by the University for participation in the money game if the Team loses the
money game; or (b) five percent (5%) of contractual payment received by the University if the Team wins the game.

3.2.6 Each year the Team advances in the NCAA Women’s Basketball Tournament, and if Coach continues to be employed as University's head Women’s Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

Possible national championship winner up to ___ (amount or computation) bonus total: ___ $63,000.00

3.2.7 Each year the Team advances in the WNIT Women’s Basketball Post-Season Tournament, based on the overall development of the intercollegiate (men's/women's) (Sport) program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University (College) students, staff, faculty, alumni and boosters; and if Coach continues to be employed as University's head Women’s Basketball coach as of the ensuing May 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation. any other factors the President wishes to consider. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director.

Possible bonus computation total for winning WNIT Women’s Basketball Post-Season Tournament: ___ $15,000.00

3.2.8 3.2.5 The Coach shall receive the sum of ___ $5,000 (amount or computation) from the University (College) or the University’s University (College)'s designated media outlet(s) or a combination thereof each year during the term of this
Agreement in compensation for participation in media programs, and public appearances (Programs) and all Bengal Athletic Booster events. Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid in one lump sum. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University (College) are the property of the University (College). The University (College) shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University (College) in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach's show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University (College)’s designated media outlets.

3.2.76 (SUMMER CAMP—OPERATED BY UNIVERSITY) (COLLEGE))
Coach agrees that the University (College) has the exclusive right to operate youth Women’s Basketball(Sport) camps on its campus using University (College) facilities. The University (College) shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach’s capacity as a University (College) employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s women’s basketball University (College)’s football camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s (College)’s summer women’s basketball football camps, the University (College) shall pay Coach any net revenues resulting from the camp (amount) per year as supplemental compensation during each year of his employment as head Women’s Basketball (Sport), coach at the University, or, at Coach’s option, direct any part of the net revenues as an enhancement to the Women’s Basketball program budget at the University. Coach must specify how funds are to be directed no later than April 1 of each year. Any amount payable to Coach as supplemental income (College). This amount shall be paid within 30 days after all camp expenses have been paid (terms of payment).

(SUMMER CAMP—OPERATED BY COACH) Coach may operate a summer youth (Sport) camp at the University (College) under the following conditions:

a) The summer youth camp operation reflects positively on the University (College) and the Department;  
b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University (College) personnel.
equipment, or facilities without the prior written approval of the Director;

c) assistant coaches at the University (College) are given priority when the Coach or the private enterprise selects coaches to participate;

d) the Coach complies with all NCAA (NAIA), Conference, and University (College) rules and regulations related, directly or indirectly, to the operation of summer youth camps;

e) the Coach or the private enterprise enters into a contract with University (College) and (campus concessionaire) for all campus goods and services required by the camp.

f) the Coach or private enterprise pays for use of University (College) facilities including the

gh) within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp Summary Sheet" containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.

h) the Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff--$1 million; (2) catastrophic coverage: camper and staff--$1 million maximum coverage with $100 deductible;

i) to the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University (College) against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s).

j) all employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the University (College) while engaged in camp activities. The Coach and all other University (College) employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and
comply in all respects with all federal and state wage and hour laws.

In the event of termination of this Agreement, suspension, or reassignment, University (College) shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University (College) shall be released from all obligations relating thereto.

3.2.7 Coach agrees that the University (College) has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University (College). Coach recognizes that the University (College) is negotiating or has entered into an agreement with Adidas—(Company Name) to supply the University (College) with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University (College)'s reasonable request, Coach will consult with appropriate parties concerning a Adidas—(Company Name) product’s design or performance, shall act as an instructor at a clinic sponsored in whole or in part by Adidas—(Company Name), or give a lecture at an event sponsored in whole or in part by Adidas—(Company Name), or make other educationally-related appearances as may be reasonably requested by the University (College). Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head Women’s Basketball (Sport) coach. In order to avoid entering into an agreement with a competitor of Adidas (Company Name), Coach shall submit all outside consulting agreements to the University (College) for review and approval prior to execution. Coach shall also report such outside income to the University (College) in accordance with NCAA (or NAIA) rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Adidas—(Company Name), and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University (College) to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University (College) to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:
4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University (College) and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University (College), the University’s (College)’s governing board, the conference, and the NCAA (or NAIA); supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department’s Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s (College)’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University (College) and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University’s (College)’s Handbook; (c) University’s (College)’s Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA (or NAIA) rules and regulations; and (f) the rules and regulations of the Big Sky—(Sport) conference of which the University (College) is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University (College), would reflect adversely upon the University (College) or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach’s obligations under this Agreement. Coach may not use the University’s (College)’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA (or NAIA) Rules. In accordance with NCAA (or NAIA) rules, Coach shall obtain prior written approval from the University’s (College)’s President for all athletically related income and benefits from sources outside the University (College)
and shall report the source and amount of all such income and benefits to the University's President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's University's Board of (Trustees or Regents).—

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of (Trustees or Regents).—

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director's designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director's designee.

4.6 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach's duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;
b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University: (College);

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University—(College), the University's governing board, the conference or the NCAA—(NAIA), including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or NAIA member institution;

d) Ten (10) working days’ absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University’s judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA (NAIA) or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University—(College), the University's governing board, the conference, or the NCAA—(NAIA);

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University—(College), the University's governing board, the conference, or the NCAA—(NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University—(College), the University's governing board, the conference, or the NCAA—(NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided
for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University (College) shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University (College) shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA (NAIA) regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA (NAIA) enforcement procedures. This section applies to violations occurring at the University (College) or at previous institutions at which the Coach was employed.
5.2 Termination of Coach for Convenience of University (College).

5.2.1 At any time after commencement of this Agreement, University (College), for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University (College) terminates this Agreement for its own convenience, University (College) shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University (College) until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University (College) employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University (College), which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University (College) and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University (College). The liquidated damages are not, and shall not be construed to be, a penalty.
5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University (College) for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University (College) is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University (College) before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University (College). Termination shall be effective ten (10) days after notice is given to the University (College).

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University (College) shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University (College), as liquidated damages and not a penalty, for the breach of this Agreement the following sum: (a) if the Agreement is terminated on or before May 09, 2015, the sum of $25,000.00; (b) if the Agreement is terminated between May 10, 2015 and May 09, 2016 inclusive, the sum of $20,000.00; (c) if the Agreement is terminated between May 10, 2016 and May 09, 2017 inclusive, the sum of $10,000. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University (College) will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University (College) shall constitute adequate and reasonable compensation to University (College) for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University (College).

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.
5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University’s University (College)’s disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach’s death, Coach’s salary and all other benefits shall terminate as of the last day worked, except that the Coach’s personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University (College) and due to the Coach’s estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University’s University (College)’s disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University (College).

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s University (College)’s student-athletes or otherwise obstruct the University’s University (College)’s ability to transact business or operate its intercollegiate athletics program.

5.6 No Liability. The University (College) shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University (College) employees, if the University (College) suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University (College) from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University (College) Faculty-Staff Handbook.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University’s University (College)’s Board of (Regents or Trustees) and executed by both parties as set forth below. In addition, the payment of any compensation
pursuant to this agreement shall be subject to the approval of the University’s Board of Regents or Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Regents or Trustees and University’s rules regarding financial exigency.

6.2 **University (College) Property.** All personal property (excluding vehicle(s) provided through the Courtesy Car Program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University (College) or developed by Coach on behalf of the University (College) or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University (College). Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 **Assignment.** Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 **Waiver.** No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 **Severability.** If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 **Governing Law.** This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 **Oral Promises.** Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University (College).

6.8 **Force Majeure.** Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including
financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University’s (College)’s sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: (College): Director of Athletics

Jeffrey K. Tingey
921 S. 8th Ave. Stop 8173
Pocatello, ID 83209-8173

with a copy to: President

Arthur Vailas
921 S. 8th Ave. Stop
Pocatello, ID 83209-

the Coach: Seton Sobolewski

Last known address on file with University’s (College)’s Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 Binding Effect. This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.
6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (College) (including contraction, abbreviation or simulation), except in the course and scope of his official University (College) duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of (Regents or Trustees).

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

## SETON SOBOLEWSKI, HEAD WOMEN’S BASKETBALL COACH - MULTI-YEAR CONTRACT CHANGES

<table>
<thead>
<tr>
<th>MODEL CONTRACT SECTION</th>
<th>ISU CONTRACT SECTION</th>
<th>JUSTIFICATION FOR MODIFICATION</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 3.2.1 Supplemental Compensation</td>
<td>3.2.1 Supplemental Compensation</td>
<td>2 weeks pay bonus for Team being conference champion or co-champion not made contingent on bowl game or post-season tournament/playoff eligibility as post season play is not necessarily available for this Team even if they win the conference.</td>
</tr>
<tr>
<td>2 3.2.2 Supplemental Compensation</td>
<td>3.2.2 Supplemental Compensation</td>
<td>2 weeks pay bonus for attaining top 25 ranking replaced with same bonus for Team winning the Big Sky Conference Tournament or obtaining a berth in the NCAA Tournament as this is more applicable to the situation.</td>
</tr>
<tr>
<td>3 3.2.3 Supplemental Compensation</td>
<td>3.2.3 Supplemental Compensation</td>
<td>Bonus of up to $8,000 based on the conduct and four-year NCAA APR score of the team. Bonus of up to $8,000 may be achieved based on the team’s academic success and conduct in the community, determined at the discretion of the President and the Athletic Director, with the maximum bonus requiring APR rating of 80 percent or higher. Used the Team’s 4-year APR ranking as the criteria for academic achievement as this has been a key focus and issue for the University.</td>
</tr>
<tr>
<td>4 3.2.4 Supplemental Compensation</td>
<td>3.2.4 Supplemental Compensation</td>
<td>Changed bonus opportunity based on program development, ticket sales and fundraising to a bonus opportunity of $3,500 if the Team wins 20 or more games in a season since this more applicable to a women’s sporting event and if earned would go a long way toward increasing attendance, ticket sales and fundraising.</td>
</tr>
<tr>
<td>5 None</td>
<td>3.2.5 Supplemental Compensation</td>
<td>Added bonus opportunity for participation in “money” games. Amount is 3% of amount University is paid for playing the game or 5% if the Team wins the game. The playing of money games is an important part of the program’s budget but impacts wins and losses negatively. This bonus is to offset that impact.</td>
</tr>
<tr>
<td>6 None</td>
<td>3.2.6 Supplemental Compensation</td>
<td>Added possible bonus compensation of up to $63,000 for Teams’ NCAA post-season tournament wins as this would bring prestige and funds into the Program.</td>
</tr>
<tr>
<td>7 None</td>
<td>3.2.7 Supplemental Compensation</td>
<td>Added possible bonus compensation of up to $15,000 for Teams’ WNIT post-season tournament wins as this would bring prestige and funds into the Program.</td>
</tr>
<tr>
<td>8 3.2.5 Supplemental Compensation</td>

IDAHO STATE UNIVERSITY

SUBJECT
Approval of a multi-year employment agreement for Chad Teichert, Head Women’s Volleyball Coach

REFERENCE
June 2008 The Idaho State Board of Education approved an employment agreement with Chad Teichert
April 2011 The Idaho State Board of Education approved a new three year employment agreement with Chad Teichert

APPLICABLE STATUTE, RULE OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section II.H.1.

DISCUSSION
Idaho State University (ISU) is requesting approval for a two-year, seven-month employment agreement for Chad Teichert, Head Women’s Volleyball Coach (see Attachment 1). The employment agreement contains the duties, responsibilities and conditions of employment. A model contract matrix of the employment agreement that identifies departures from the model contract form and provides justification for these changes is included as Attachment 3. The position is funded by state appropriated funds. This contract will provide a stable coaching environment for the volleyball program as well as stability and consistency for the Athletic Department as a whole.

IMPACT
This is an employment contract for ISU’s volleyball coach. The salary is $62,337 per year, with Supplemental Compensation as follows:

- Conference Champion or Co-Champion: $2,397
- Big Sky Conference Tournament Winner or NCAA Women’s Volleyball Tournament berth: $2,397
- Round 1 64 Teams 1st win: $3,000
- Round 2 32 Teams 2nd win: $6,000
- Round 3 16 Teams 3rd win: $9,000
- Round 4 8 Teams 4th win: $12,000
- Round 5 4 Teams 5th win: $15,000
- Round 6 2 Teams 6th win: $18,000
- NCAA National Championship Winner Bonus Total: $63,000
- Annual Media Payment: $2,000

Supplemental Compensation may also be earned, at the discretion of the president and upon approval by the Board, based on team member behavior and the team’s one-year APR score based on attainment of the following levels:
Each year the team achieves a single-year combined average GPA of 3.2 or higher, the coach is eligible for $1,500.

The Coach is also eligible to receive other supplemental compensation through University operated summer camps.

ATTACHMENTS
Attachment 1 Employment Agreement Page 3
Attachment 2 Employment Agreement – Redline Page 17
Attachment 3 Model Contract Matrix Changes Page 35

STAFF AND COMMENTS AND RECOMMENDATIONS
Maximum potential annual compensation (base salary plus maximum potential supplemental compensation) would be $134,633. The academic incentives, when taken together (APR scores and GPA) are roughly equal to incentive pay for a conference championship.

Liquidated damages for the Coach terminating the contract early for his own convenience are $6,000 for the first year and $4,000 for the second year.

The employment agreement follows the Board-approved model contract except as specifically noted in Attachment 3.

Staff recommends approval.

BOARD ACTION
I move to approve the request by Idaho State University to execute a two-year, eleven month employment agreement with Chad Teichert, Head Women’s Volleyball Coach, for a term commencing June 23, 2014 and terminating January 20, 2017 at a base salary of $62,337.68 and supplemental compensation provisions in substantial conformance with the terms of the agreement set forth in Attachment 1.

Moved by ___________ Seconded by ___________ Carried Yes _____ No _____
EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between Idaho State University (University) and Chad Teichert (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate women’s volleyball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University shall have the right, at any time, to reassign Coach to duties at the University other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through 3.2.6 shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of two (2) years, seven (7) months, commencing on June 23, 2014 and terminating, without further notice to Coach, on January 20, 2017 unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University's Board of Trustees. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University.
ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:

a) An annual salary of $62,337.60 for the 12 months beginning June 23, 2014, payable in biweekly installments in accordance with normal University procedures, and an annualized salary of $65,440.20 beginning June 23, 2015, through the remainder of the contract, payable in biweekly installments in accordance with normal University procedures;

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion, and if Coach continues to be employed as University's head Women’s Volleyball coach as of the ensuing January 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year the Team either wins the Big Sky Conference tournament or obtains an NCAA Women’s Volleyball Tournament berth, and if Coach continues to be employed as University's head Women’s Volleyball coach as of the ensuing January 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the post-season participation are achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year Coach shall be eligible to receive supplemental compensation in an amount up to $1,000 based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University’s Board of Trustees. The determination shall be based
on the following factors: the conduct of Team members on the University campus, at authorized University activities, in the community, and elsewhere and the Team’s one-year APR score based on attainment of the following levels:

<table>
<thead>
<tr>

</tbody>
</table>

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of Trustees as a document available to the public under the Idaho Public Records Act.

3.2.4 Each year the Team advances in the NCAA Women’s Volleyball Tournament, and if Coach continues to be employed as University's head Women’s Volleyball coach as of the ensuing January 1st, the University shall pay Coach supplemental compensation in an amount equal to the terms below. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

Possible national championship winner computation bonus total: $63,000.00

3.2.5 The Coach shall receive the sum of $2,000 from the University or the University’s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid in one lump sum. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University are the property of the University. The University shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is
received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University designated media outlets.

3.2.6 Each year Team achieves a single-year (two semesters) combined average GPA of 3.20 or higher, and if Coach continues to be employed as University head Volleyball coach as of the ensuing January 1st, Coach shall be eligible to receive supplemental compensation in the amount of $1,500. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.7 Each year Coach shall have the opportunity to receive supplemental compensation for achieving a predetermined number of wins, and if Coach continues to be employed as University’s head Volleyball coach as on the ensuing January 1st, the University shall pay to Coach supplemental compensation in one of the following amounts, determined by total wins achieved by the Team during the preceding season:

- 20 wins: $1,000.00
- 22 wins: $1,500.00
- 24 wins: $2,000.00
- 26 wins: $2,500.00

The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.8 (SUMMER CAMP—OPERATED BY UNIVERSITY) Coach agrees that the University has the exclusive right to operate youth Volleyball camps on its campus using University facilities. The University shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach's capacity as a University employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University's volleyball camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s summer volleyball camps, the University shall pay Coach any net revenues resulting from the camp as supplemental compensation during each year of his employment as head Volleyball coach at the University, or, at Coach’s option, direct any part of the net revenues as an enhancement to the Volleyball program budget at the University. Coach must specify how funds are to be directed no later than April 1 of each year. Any amount payable to Coach as supplemental income shall be paid within 30 days after all camp expenses have been paid.

3.2.9 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University is negotiating or has entered into an agreement with Adidas to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University’s reasonable request, Coach will consult with appropriate parties
concerning a Adidas product’s design or performance, shall act as an instructor at a clinic
sponsored in whole or in part by Adidas, or give a lecture at an event sponsored in whole or in
part by Adidas, or make other educationally-related appearances as may be reasonably requested
by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline
such appearances as Coach reasonably determines to conflict with or hinder his duties and
obligations as head Women’s Volleyball coach. In order to avoid entering into an agreement
with a competitor of Adidas, Coach shall submit all outside consulting agreements to the
University for review and approval prior to execution. Coach shall also report such outside
income to the University in accordance with NCAA rules. Coach further agrees that Coach will
not endorse any athletic footwear, apparel and/or equipment products, including Adidas, and will
not participate in any messages or promotional appearances which contain a comparative or
qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the
University to Coach is subject to deductions and withholdings as required by law or the terms
and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit
is based in whole or in part upon the compensation provided by the University to Coach, such
fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except
to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the
compensation specified in this Agreement, Coach, in addition to the obligations set forth
elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s
duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the
evaluation, recruitment, training, and coaching of Team members which enable them to compete
successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of
the University and encourage Team members to perform to their highest academic potential and
to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies,
rules and regulations of the University, the University's governing board, the conference, and the
NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other
employees for whom Coach is administratively responsible, and the members of the Team know,
recognize, and comply with all such laws, policies, rules and regulations; and immediately report
to the Director and to the Department's Director of Compliance if Coach has reasonable cause to
believe that any person or entity, including without limitation representatives of the University’s
athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations.
Coach shall cooperate fully with the University and Department at all times. The names or titles
of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University's Handbook; (c) University’s Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the Big Sky conference of which the University is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA Rules. In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and benefits from sources outside the University and shall report the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA.

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Trustees.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.6 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.
ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University;

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University’s governing board, the conference or the NCAA, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or member institution;

d) Ten (10) working days' absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University’s judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA;

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or
i) A violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled
to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall ceased as of the effective date of the termination, unless he resigns to accept a high school coaching position. If the Coach terminates this Agreement for his convenience he shall pay to the University, as liquidated damages and not a penalty, for the breach of this Agreement the following sum: (a) if the Agreement is terminated on or before January 20, 2015, the sum of $6,000.00; (b) if the Agreement is terminated between January 21, 2015 and January 20, 2016 inclusive, the sum of $4,000.00. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision,
giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University.

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.

5.6 No Liability. The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities
are not customarily afforded to University employees, if the University suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University Faculty-Staff Handbook.

ARTICLE 6

6.1 **Board Approval.** This Agreement shall not be effective until and unless approved of the University’s Board of Trustees and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Trustees, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Trustees and University's rules regarding financial exigency.

6.2 **University Property.** All personal property (excluding vehicle(s) provided through the Courtesy Car Program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 **Assignment.** Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 **Waiver.** No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 **Severability.** If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 **Governing Law.** This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 **Oral Promises.** Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.
6.8 **Force Majeure.** Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 **Confidentiality.** The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 **Notices.** Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University:  Director of Athletics

Jeffrey K. Tingey
921 S. 8th Ave. Stop 8173
Pocatello, ID 83209-8173

with a copy to:  President

Arthur Vailas
921 S. 8th Ave. Stop
Pocatello, ID 83209-

the Coach:  Chad Teichert
Last known address on file with
University's Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 **Headings.** The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.
6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Trustees.

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

IDAHO STATE UNIVERSITY

COACH

____________________  ____________________
Arthur C. Vailas, President    Date    Chad Teichert    Date

Approved by the Board of Trustees on the ____ day of _____________, 2014.
EMPLOYMENT AGREEMENT

This Employment Agreement (Agreement) is entered into by and between ____________________ (Idaho State University (College), University) and ____________________ Chad Teichert (Coach).

ARTICLE 1

1.1. Employment. Subject to the terms and conditions of this Agreement, the University (College) shall employ Coach as the head coach of its intercollegiate (Sport) women’s volleyball team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. Reporting Relationship. Coach shall report and be responsible directly to the University (College)’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University (College)’s President (President).

1.3. Duties. Coach shall manage and supervise the Team and shall perform such other duties in the University (College)’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University (College) shall have the right, at any time, to reassign Coach to duties at the University (College) other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through (Depending on supplemental pay provisions used) 3.2.6 shall cease.

ARTICLE 2

2.1. Term. This Agreement is for a fixed-term appointment of _____ (two (2) years, seven (7) months, commencing on __________June 23, 2014____ and terminating, without further notice to Coach, on __________January 20, 2017_____ unless sooner terminated in accordance with other provisions of this Agreement.

2.2. Extension or Renewal. This Agreement is renewable solely upon an offer from the University (College) and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University (College)’s Board of (Regents or Trustees). This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University (College).
2.2.

ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University (College) shall provide to Coach:

a) An annual salary of $_________ per year $62,376.60 for the 12 months beginning June 23, 2014, payable in biweekly installments in accordance with normal University (College) procedures, and such an annualized salary increases as may be determined appropriate by the Director and President and approved by the University (College)’s Board of Regents or Trustees procedures:

b) The opportunity to receive such employee benefits as the University—(College) provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University—(College)’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1 Each year the Team is the conference champion or co-champion and also becomes eligible for a (bowl game pursuant to NCAA Division I guidelines or post-season tournament or post-season playoffs), and if Coach continues to be employed as University—(College)’s head (Sport) Women’s Volleyball coach as of the ensuing July 1st, the University (College) shall pay to Coach supplemental compensation in an amount equal to (amount or computation) of two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the championship (bowl or other post-season) eligibility is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.
3.2.1 Each year the Team either wins the Big Sky Conference tournament or obtains an NCAA Women’s Volleyball Tournament berth, and if Coach continues to be employed as University's head Women’s Volleyball coach as of the ensuing January 1st, the University shall pay to Coach supplemental compensation in an amount equal to two week’s pay (2/52 x Annual Salary) of Coach’s Annual Salary during the fiscal year in which the post-season participation are achieved. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2 Each year the Team is ranked in the top 25 in the (national rankings, such as final ESPN/USA Today coaches poll of Division IA football teams), and if Coach continues to be employed as University (College)’s head (Sport) coach as of the ensuing July 1st, the University (College) shall pay Coach supplemental compensation in an amount equal to (amount or computation) of Coach’s Annual Salary in effect on the date of the final poll. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3 Each year Coach shall be eligible to receive supplemental compensation in an amount up to (amount or computation) $1,000 based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director and approved by the University’s Board of Trustees. The determination shall be based on the following factors: grade point averages; difficulty of major course of study; honors such as scholarships, designation as Academic All-American, and conference academic recognition; progress toward graduation for all athletes, but particularly those who entered the University (College) as academically at-risk students; the conduct of Team members on the University (College) campus, at authorized University (College) activities, in the community, and elsewhere, and the Team’s one-year APR score based on attainment of the following levels:

<table>

</table>

Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above and such justification shall be separately reported to the Board of (Regents or Trustees) as a document available to the public under the Idaho Public Records Act.

3.2.4 Each year the Team advances in the NCAA Women’s Volleyball Tournament, and if Coach continues to be employed as University's head Women’s Volleyball coach as of the ensuing January 1st, the University shall be eligible to receive–pay Coach supplemental compensation in an amount up to (amount or computation) based
on the overall development of the intercollegiate (men's/women's) (Sport) program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University (College) students, staff, faculty, alumni and boosters; and any other factors the President wishes to consider. The determination of whether University (College) shall determine the appropriate manner in which it shall pay Coach will receive any such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director.

Possible national championship winner computation bonus total: $63,000.00

3.2.5 The Coach shall receive the sum of (amount or computation) $2,000 from the University (College) or the University (College)'s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). Coach's right to receive such a payment shall vest on the date of the Team's last regular season or post-season competition, whichever occurs later. This sum shall be paid (terms or conditions of payment) in one lump sum. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University (College) are the property of the University (College). The University (College) shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University (College) in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach's show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements which are broadcast on radio or television that conflict with those broadcast on the University (College)'s designated media outlets.

3.2.6 Each year Team achieves a single-year (two semesters) combined average GPA of 3.20 or higher, and if Coach continues to be employed as University head Volleyball coach as of the ensuing January 1st, Coach shall be eligible to receive supplemental compensation in the amount of $1,500. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.
3.2.7 Each year Coach shall have the opportunity to receive supplemental compensation for achieving a predetermined number of wins, and if Coach continues to be employed as University’s head Volleyball coach as on the ensuing January 1st, the University shall pay to Coach supplemental compensation in one of the following amounts, determined by total wins achieved by the Team during the preceding season:

- 20 wins: $1,000.00
- 22 wins: $1,500.00
- 24 wins: $2,000.00
- 26 wins: $2,500.00

The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.8 (SUMMER CAMP—OPERATED BY UNIVERSITY—COLLEGE))
Coach agrees that the University (College) has the exclusive right to operate youth (Sport)—Volleyball camps on its campus using University (College) facilities. The University (College) shall allow Coach the opportunity to earn supplemental compensation by assisting with the University (College)’s camps in Coach's capacity as a University (College) employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University (College)’s football and University’s volleyball camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University (College)’s camps, the University (College) shall pay Coach (amount) per year any net revenues resulting from the camp as supplemental compensation during each year of his employment as head (Sport)—Volleyball coach at the University (College). This amount, or, at Coach’s option, direct any part of the net revenues as an enhancement to the Volleyball program budget at the University. Coach must specify how funds are to be directed no later than April 1 of each year. Any amount payable to Coach as supplemental income shall be paid (terms of payment) within 30 days after all camp expenses have been paid.

(SUMMER CAMP—OPERATED BY COACH) Coach may operate a summer youth (Sport) camp at the University (College) under the following conditions:

a) The summer youth camp operation reflects positively on the University (College) and the Department;

b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University (College) personnel, equipment, or facilities without the prior written approval of the Director;
e) Assistant coaches at the University (College) are given priority when the Coach or the private enterprise selects coaches to participate;

d) The Coach complies with all NCAA (NAIA), Conference, and University (College) rules and regulations related, directly or indirectly, to the operation of summer youth camps;

e) The Coach or the private enterprise enters into a contract with University (College) and __________ (campus concessionaire) for all campus goods and services required by the camp.

f) The Coach or private enterprise pays for use of University (College) facilities including the __________.

g) Within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp Summary Sheet" containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.

h) The Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff—$1 million; (2) catastrophic coverage: camper and staff—$1 million maximum coverage with $100 deductible;

i) To the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University (College) against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s)

j) All employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the University (College) while engaged in camp activities. The Coach and all other University (College) employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and comply in all respects with all federal and state wage and hour laws.
In the event of termination of this Agreement, suspension, or reassignment, University (College) shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University (College) shall be released from all obligations relating thereto.

3.2.79 Coach agrees that the University (College) has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University (College). Coach recognizes that the University (College) is negotiating or has entered into an agreement with (Company Name) Adidas to supply the University (College) with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University (College)’s reasonable request, Coach will consult with appropriate parties concerning an Adidas product’s design or performance, shall act as an instructor at a clinic sponsored in whole or in part by (Company Name)–Adidas, or give a lecture at an event sponsored in whole or in part by (Company Name)–Adidas, or make other educationally-related appearances as may be reasonably requested by the University (College). Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head (Sport) Women’s Volleyball coach. In order to avoid entering into an agreement with a competitor of (Company Name)–Adidas, Coach shall submit all outside consulting agreements to the University (College) for review and approval prior to execution. Coach shall also report such outside income to the University (College) in accordance with NCAA (or NAIA) rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including (Company Name)–Adidas, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University (College) to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University (College) to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;
4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University (College) and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University (College), the University (College)'s governing board, the conference, and the NCAA (or NAIA); supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department’s Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University (College), has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University (College) and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University (College)'s Handbook; (c) University (College)'s Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA (or NAIA) rules and regulations; and (f) the rules and regulations of the (Sport)–Big Sky conference of which the University (College) is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University (College), would reflect adversely upon the University (College) or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach’s obligations under this Agreement. Coach may not use the University (College)'s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA (or NAIA) Rules. In accordance with NCAA (or NAIA) rules, Coach shall obtain prior written approval from the University (College)'s President for all athletically related income and benefits from sources outside the University (College) and shall report the source and amount of all such income and benefits to the University (College)'s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University (College) work day preceding June 30th. The report shall be in a format reasonably satisfactory
to University—(College). In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University—(College)—booster club, University—(College)—alumni association, University—(College)—foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University—(College), the University—(College)’s University’s governing board, the conference, or the NCAA—(or NAIA).

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University—(College)’s University’s Board of—(Trustees or Regents)—.

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.76 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not unreasonably be withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University—(College) may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University—(College) and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University—(College);
c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University—(College), the University—(College)—s governing board, the conference or the NCAA (NAIA), including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or NAIA member institution;

d) Ten (10) working days' absence of Coach from duty without the University—(College)—s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University—(College)—s judgment, reflect adversely on the University—(College) or its athletic programs;

f) The failure of Coach to represent the University—(College) and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA (NAIA) or the University—(College) in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University—(College), the University—(College)—s governing board, the conference, or the NCAA (NAIA);

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University—(College), the University—(College)—s governing board, the conference, or the NCAA—(NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University—(College), the University—(College)—s governing board, the conference, or the NCAA—(NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University—(College)— as follows: before the effective date of the suspension, reassignment, or termination, the Director or his designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University—(College)— shall notify Coach whether, and if so when, the action will be effective.
5.1.3 In the event of any termination for good or adequate cause, the University (College)'s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University (College) shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA (NAIA) regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA (NAIA) enforcement procedures. This section applies to violations occurring at the University (College) or at previous institutions at which the Coach was employed.
5.2 Termination of Coach for Convenience of University (College).

5.2.1 At any time after commencement of this Agreement, University (College), for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University (College) terminates this Agreement for its own convenience, University (College) shall be obligated to pay Coach, as liquidated damages and not a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University (College) until the term of this Agreement ends; provided, however, in the event Coach obtains other employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other employment, then subtracting from this adjusted gross compensation deduction according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University (College) employee until the term of this Agreement ends or until Coach obtains employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University (College), which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University (College) and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University (College). The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.
5.3.1 The Coach recognizes that his promise to work for University (College) for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University (College) is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University (College) before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University (College). Termination shall be effective ten (10) days after notice is given to the University (College).

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University (College) shall cease as of the effective date of the termination, unless he resigns to accept a high school coaching position. If the Coach terminates this Agreement for his convenience he shall pay to the University (College), as liquidated damages and not a penalty, for the breach of this Agreement the following sum:

(a) if the Agreement is terminated on or before January 20, 2015, the sum of $6,000.00; (b) if the Agreement is terminated between January 21, 2015 and January 20, 2016 inclusive, the sum of $4,000.00. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel in the contract negotiations and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University (College) will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University (College) shall constitute adequate and reasonable compensation to University (College) for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University (College).

5.3.5 Except as provide elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University (College)’s disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.
5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University (College) and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University (College)'s University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University (College).

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University (College)'s University's student-athletes or otherwise obstruct the University (College)'s University's ability to transact business or operate its intercollegiate athletics program.

5.76 No Liability. The University (College) shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.87 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University (College) employees, if the University (College) suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University (College) from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University (College) Faculty-Staff Handbook.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University (College)'s University's Board of (Regents or Trustees) and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University (College)'s University's Board of (Regents or Trustees), the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from
which such compensation is paid; and the Board of (Regents or Trustees) and University (College)'s rules regarding financial exigency.

6.2 University (College) – Property. All personal property (excluding vehicle(s) provided through the __________ program), material, and articles of information, including, without limitation, keys, credit cards, cellular telephones, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University (College) or developed by Coach on behalf of the University (College) or at the University (College)'s direction or for the University (College)'s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University (College). Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University (College).

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefor, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.
6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University:

_________________________ Director of Athletics
_________________________
Jeffrey K. Tingey
921 S. 8th Ave. Stop 8173
Pocatello, ID 83209-8173

with a copy to:

_________________________
Arthur Vailas
921 S. 8th Ave. Stop
Pocatello, ID 83209-8173

the Coach:

_________________________ Chad Teichert
Last known address on file with University's Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 Binding Effect. This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 Non-Use of Names and Trademarks. The Coach shall not, without the University's prior written consent in each case, use any name, trade name,
trademark, or other designation of the University (College) (including contraction, abbreviation or simulation), except in the course and scope of his official University (College) duties.

6.14 No Third Party Beneficiaries. There are no intended or unintended third party beneficiaries to this Agreement.

6.15 Entire Agreement; Amendments. This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University (College)'s University's Board of (Regents or Trustees).

6.16 Opportunity to Consult with Attorney. The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

IDAHO STATE UNIVERSITY (COLLEGE)

COACH

UNIVERSITY OF IDAHO

SUBJECT
University of Idaho new hire - three-year contract for Women’s Soccer Team Head Coach

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Polices & Procedures Section II.H.1.

DISCUSSION
The University of Idaho (UI) requests Regents’ approval for the employment contract for the new Women’s Soccer Team Head Coach for a term of three years, commencing June 20, 2014 through June 19, 2017.

The University submits the attached multi-year contract (Attachment 1) to the Regents for approval. The primary terms of the agreement are set forth below. A redlined version showing changes from the Board model contract is contained in Attachment 2.

IMPACT
The term of the employment contract runs through June 19, 2017.

The annual base salary is $40,019.20 with the coach eligible to receive university-wide changes in employee compensation approved by the Athletic Director and the President.

Annual media payments are $15,000.00.

Coach is entitled to receive the following incentive/supplemental compensation:

1. Conference champions or co-champion or team becomes eligible for the NCAA tournament – $1,000.
2. Conference Coach of the Year or Conference Co-Coach of the year - $1,000.
3. Team finishes in the top 20 in the NCAA championship - $1,000.
4. Team qualifies for play in the Big Sky Conference (BIG SKY) tournament - $2,000.
5. Team Winning Record - $500.
6. Team Wins – 12 or more in regular season - $500.
7. Academic achievement and behavior of team based on annual APR national score exceeding 975 - $750 increased to $1,000 for annual score exceeding 985. This amount is equivalent to Conference Coach of the Year. The most recent national ranking data for the Women’s Soccer Team is as follows:
   - National Single Year AVG (2011-12): 983
University of Idaho: 988
   o Percentile within sport: 30th-40th
   • National Multi-year AVG (2011-12): 981
      o University of Idaho: 976
   • The University scores for 2012-13 are:
      o Single year APR: 989
      o Multi-Year APR: 982

Maximum potential annual compensation (base salary, media payment and estimated maximum potential incentive) is $62,019.20.

Coach may participate in youth soccer camps as follows:
   • Remaining income from any university operated camp, less $500, after all claims, insurance, and expenses of camp have been paid, OR
   • In the event the University elects not to operate a camp, coach may do so within Board guidelines for such camps.

ATTTACHMENTS
Attachment 1   Employment Agreement                          Page 3
Attachment 2   Employment Agreement – Redline               Page 17

STAFF COMMENTS AND RECOMMENDATIONS
Staff questions the rigor of the APR baseline used for achieving academic incentive pay. Under any of the historical APR score listed above, the coach would be eligible for at least $750. As such, the baseline does not appear on its face to be a stretch goal for the coach.

Staff recommends the APR for academic incentive pay be raised to an aspirational rather than status quo score.

BOARD ACTION
I move to approve the University of Idaho’s three-year employment contract with Derek Pittman, Head Women’s Soccer Team Head Coach for a term commencing June 20, 2014 through June 19, 2017, at a base salary of $40,019.20 and supplemental compensation provisions in substantial conformance with the terms of the agreement set forth in Attachment 1.

Moved by _________ Seconded by _________ Carried Yes_____ No_____

---

i National information for 2012-13 is not yet available.
This Employment Agreement (Agreement) is entered into by and between the University of Idaho (University), and Derek Pittman (Coach).

ARTICLE 1

1.1. **Employment.** Subject to the terms and conditions of this Agreement, the University shall employ Coach as the head coach of its intercollegiate women’s soccer team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. **Reporting Relationship.** Coach shall report and be responsible directly to the University’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University’s President (President).

1.3. **Duties.** Coach shall manage and supervise the Team and shall perform such other duties in the University’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University shall have the right, at any time, to reassign Coach to duties at the University other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through 3.2.7 shall cease.

ARTICLE 2

2.1. **Term.** This Agreement is for a fixed-term appointment of three (3) years commencing on June 20, 2014, and terminating, without further notice to Coach, on June 19, 2017, unless sooner terminated in accordance with other provisions of this Agreement.

2.2. **Extension or Renewal.** This Agreement is renewable solely upon an offer from the University and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University’s Board of Regents. This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University.
ARTICLE 3

3.1 Regular Compensation.

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University shall provide to Coach:

a) An annual salary of 40,019.20 per year, payable in biweekly installments in accordance with normal University procedures. Coach will be eligible to receive University-wide changes in employee compensation approved by the Director and President;

b) The opportunity to receive such employee benefits as the University provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 Supplemental Compensation

3.2.1. Each year the Team is the conference champion or co-champion and if Coach continues to be employed as University’s head coach of its intercollegiate women’s soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $1,000 during the fiscal year immediately following the year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year Coach is named Conference Coach of the Year or Conference Co-Coach of the year, and if Coach continues to be employed as University's head women’s soccer coach as of the ensuing July 1st, Coach shall receive supplemental compensation of $1,000. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3. Each year the Team finishes in the top 20 in the NCAA championships and if Coach continues to be employed as University's head coach of its intercollegiate women’s soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $1,000. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.4. Each year the Team qualifies for play in the Big Sky Conference (BIG SKY) tournament, and if Coach continues to be employed as University's head coach of its intercollegiate women’s soccer team as of the ensuing July 1st, the University shall pay to Coach
supplemental compensation of $2,000. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.5. Each year the Team achieves a winning record at the end of the regular season (excluding any exhibition and BIG SKY tournament games), and if Coach continues to be employed as University's head coach of its intercollegiate women’s soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $500. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.6. Each year the Team achieves twelve (12) wins in regular season games (excluding exhibition games), and if Coach continues to be employed as University's head coach of its intercollegiate women’s soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $500. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.7. Each year Coach shall be eligible to receive supplemental compensation based on the academic achievement and behavior of Team members. If the Team's annual APR exceeds 975 and if Coach continues to be employed as University's head women’s soccer coach as of the ensuing July 1st, Coach shall receive supplemental compensation of $750. This amount shall increase to $1,000 in any year the Team's annual APR exceeds 985 and if Coach continues to be employed as University's head women’s soccer coach as of the ensuing July 1st. Any such supplemental compensation paid to Coach shall be accompanied with a justification for the supplemental compensation based on the factors listed above, and such justification shall be separately reported to the Board of Regents as a document available to the public under the Idaho Public Records Act.

3.2.8 The Coach shall receive the sum of $15,000 from the University or the University's designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). Each year, one-half of this sum shall be paid prior to the first contest, and one-half shall be paid no later than two weeks after the last contest. Coach’s right to receive the second half of such payment shall vest on the date of the Team’s last regular season or post-season competition, whichever occurs later, provided Coach has fully participated in media programs and public appearances through that date. Coach’s right to receive any such media payment under this Paragraph is expressly contingent upon the following: (1) academic achievement and behavior of Team members; (2) appropriate behavior by, and supervision of, all assistant coaches, as determined by the Director; and (3) Coach’s compliance with University’s financial stewardship policies as set forth in University’s Administrative Procedures Manual Chapter 25. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University are the property of the University. The University shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any
competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall not apply to routine news media interviews for which no compensation is received. Without the prior written approval of the Director, Coach shall not appear in any commercial endorsements that are broadcast on radio or television that conflict with those broadcast on the University’s designated media outlets.

3.2.9 Coach agrees that the University has the exclusive right to operate youth soccer camps on its campus using University facilities. The University shall allow Coach the opportunity to earn supplemental compensation by assisting with the University’s camps in Coach’s capacity as a University employee. Coach hereby agrees to assist in the marketing, supervision, and general administration of the University’s youth soccer camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s youth soccer camps, the University shall pay Coach the remaining income from the youth soccer camps, less $500, after all claims, insurance, and expenses of such camps have been paid.

Alternatively, in the event the University notifies Coach, in writing that it does not intend to operate youth soccer camps for a particular period of time during the term of this Agreement, then, during such time period, Coach shall be permitted to operate youth soccer camps on the University’s campus and using its facilities under the following terms and conditions:

a) The summer youth camp operation reflects positively on the University of Idaho and the Department;

b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University of Idaho personnel, equipment, or facilities without the prior written approval of the Director;

c) Assistant coaches at the University of Idaho are given priority when the Coach or the private enterprise selects coaches to participate;

d) The Coach complies with all NCAA, Conference, and University of Idaho rules and regulations related, directly or indirectly, to the operation of summer youth camps;

e) The Coach or the private enterprise enters into a contract with University of Idaho and Sodexo for all campus goods and services required by the camp.

f) The Coach or private enterprise pays for use of University of Idaho facilities; such rate to be set at the rate charged as if the camp were conducted by the University of Idaho.
Within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp Summary Sheet" containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.

The Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff--$1 million; (2) catastrophic coverage: camper and staff--$1 million maximum coverage with $100 deductible.

To the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University of Idaho against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s).

All employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the University of Idaho while engaged in camp activities. The Coach and all other University of Idaho employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and comply in all respects with all federal and state wage and hour laws.

In the event of termination of this Agreement, suspension, or reassignment, University of Idaho shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University of Idaho shall be released from all obligations relating thereto.

3.2.10 Coach agrees that the University has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University. Coach recognizes that the University is negotiating or has entered into an agreement with Nike to supply the University with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University’s reasonable request, Coach will consult with appropriate parties concerning Nike products’ design or performance, shall act as an instructor at a clinic sponsored in whole or in part by Nike, or give a lecture at an event sponsored in whole or in part by Nike, or make other educationally-related appearances as may be reasonably requested by the University. Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations.
as head women’s soccer coach. In order to avoid entering into an agreement with a competitor of Nike, Coach shall submit all outside consulting agreements to the University for review and approval prior to execution. Coach shall also report such outside income to the University in accordance with NCAA rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including Nike, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3 General Conditions of Compensation. All compensation provided by the University to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1. Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:

4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University, the University's governing board, the conference, and the NCAA; supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University's Handbook; (c) University's Administrative Procedures Manual; (d) the policies of the
Department; (e) NCAA rules and regulations; and (f) the rules and regulations of the soccer conference of which the University is a member.

**Outside Activities.** Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University, would reflect adversely upon the University or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 **NCAA Rules.** In accordance with NCAA rules, Coach shall obtain prior written approval from the University’s President for all athletically related income and benefits from sources outside the University and shall provide a written detailed account of the source and amount of all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. Sources of such income include, but are not limited to, the following:

- (a) Income from annuities;
- (b) Sports camps;
- (c) Housing benefits, including preferential housing arrangements;
- (d) Country club memberships;
- (e) Complimentary ticket sales;
- (f) Television and radio programs; and
- (g) Endorsement or consultation contracts with athletics shoe, apparel or equipment manufacturers.

In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA.

4.4 **Hiring Authority.** Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of Regents.
4.5 **Scheduling.** Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.6 **Other Coaching Opportunities.** Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not be unreasonably withheld.

ARTICLE 5

5.1 **Termination of Coach for Cause.** The University may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and regulations, University and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University;

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University, the University’s governing board, the conference or the NCAA, including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or NAIA member institution;

d) Ten (10) working days' absence of Coach from duty without the University’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University’s judgment, reflect adversely on the University or its athletic programs;

f) The failure of Coach to represent the University and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA or the University in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University, the University’s governing board, the conference, or the NCAA;
h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University, the University's governing board, the conference, or the NCAA, by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University as follows: before the effective date of the suspension, reassignment, or termination, the Director or his or her designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA enforcement procedures, including suspension without pay or termination of employment for significant or repetitive violations. This section applies to violations occurring at the University or at previous institutions at which the Coach was employed.

5.2 Termination of Coach for Convenience of University.

5.2.1 At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University terminates this Agreement for its own convenience, University shall pay to Coach the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University until the term of this Agreement ends or until Coach obtains reasonably comparable employment, whichever occurs
first, provided however, in the event Coach obtains lesser employment after such termination, then the amount of compensation University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such lesser employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the lesser employment, then subtracting from this adjusted gross compensation deductions according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University employee until the term of this Agreement ends or until Coach obtains reasonably comparable employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment and to advise University of all relevant terms of such employment, including without limitation the nature and location of the employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 University has been represented by legal counsel, and Coach has either been represented by legal counsel or has chosen to proceed without legal counsel, in the contract negotiations. The parties have bargained for and agreed to the foregoing provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University that are extremely difficult to determine with certainty. The parties further agree that the payment of such compensation by University and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach. Such compensation is not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Termination shall be effective ten (10) days after notice is given to the University.

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University the following sums: (a) if the Agreement is terminated on or before January 31, 2015, the sum of $15,000; (b) if the
Agreement is terminated between February 1, 2015 and January 31, 2016 inclusive, the sum of $10,000; (c) if the Agreement is terminated between February 1, 2016 and June 19, 2017 inclusive, there will be no buyout payment. Sums shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid.

5.3.4 University has been represented by legal counsel, and Coach has either been represented by legal counsel or has chosen to proceed without legal counsel in the contract negotiations. The parties have bargained for and agreed to the foregoing provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience that are extremely difficult to determine with certainty. The parties further agree that the payment of such sums by Coach and the acceptance thereof by University shall constitute adequate and reasonable compensation to University. Such payments are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University.

5.3.5. Except as provided elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.
5.6 **No Liability.** The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 **Waiver of Rights.** Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends or reassigns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University Faculty-Staff Handbook.

**ARTICLE 6**

6.1 **Board Approval.** This Agreement shall not be effective until and unless approved of the University’s Board of Regents and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University’s Board of Regents, the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of Regents and University's rules regarding financial exigency.

6.2 **University Property.** All personal property (excluding vehicle(s) provided through the Vandal Wheels program), material, and articles of information, including, without limitation, keys, credit cards, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University or developed by Coach on behalf of the University or at the University’s direction or for the University’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University. Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 **Assignment.** Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 **Waiver.** No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.
6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.

6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University.

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefore, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University's sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University: Director of Athletics
University of Idaho
P.O. Box 442302
Moscow, Idaho 83844-2302

with a copy to: President
University of Idaho
P.O. Box 443151
Moscow, ID 83844-3151

the Coach: Derek Pittman
Last known address on file with
University's Human Resource Services
Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 **Headings.** The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.

6.12 **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 **Non-Use of Names and Trademarks.** The Coach shall not, without the University's prior written consent in each case, use any name, trade name, trademark, or other designation of the University (including contraction, abbreviation or simulation), except in the course and scope of his official University duties.

6.14 **No Third Party Beneficiaries.** There are no intended or unintended third party beneficiaries to this Agreement.

6.15 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University's Board of Regents.

6.16 **Opportunity to Consult with Attorney.** The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney and has either consulted with legal counsel or chosen not to. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

UNIVERSITY

COACH

Chuck Staben

Date

Derek Pittman

Date

President

Approved by the Board of Regents on the ___ day of __________, 2014.
This Employment Agreement (Agreement) is entered into by and between ____________________ (the University (College) of Idaho (University), and ____________________ Derek Pittman (Coach).

ARTICLE 1

1.1. **Employment.** Subject to the terms and conditions of this Agreement, the University (College) shall employ Coach as the head coach of its intercollegiate ___(Sport)___women’s soccer team (Team). Coach represents and warrants that Coach is fully qualified to serve, and is available for employment, in this capacity.

1.2. **Reporting Relationship.** Coach shall report and be responsible directly to the University (College)’s Director of Athletics (Director) or the Director’s designee. Coach shall abide by the reasonable instructions of Director or the Director's designee and shall confer with the Director or the Director’s designee on all administrative and technical matters. Coach shall also be under the general supervision of the University (College)’s President (President).

1.3. **Duties.** Coach shall manage and supervise the Team and shall perform such other duties in the University (College)’s athletic program as the Director may assign and as may be described elsewhere in this Agreement. The University (College) shall have the right, at any time, to reassign Coach to duties at the University (College) other than as head coach of the Team, provided that Coach’s compensation and benefits shall not be affected by any such reassignment, except that the opportunity to earn supplemental compensation as provided in sections 3.2.1 through ___(Depending on supplemental pay provisions used)___3.2.7 shall cease.

ARTICLE 2

2.1. **Term.** This Agreement is for a fixed-term appointment of _______three (3) years, commencing on _______June 20, 2014, and terminating, without further notice to Coach, on _______June 19, 2017, unless sooner terminated in accordance with other provisions of this Agreement.

2.2. **Extension or Renewal.** This Agreement is renewable solely upon an offer from the University (College) and an acceptance by Coach, both of which must be in writing and signed by the parties. Any renewal is subject to the prior approval of University (College)’s Board of ___(Regents or Trustees)___- This Agreement in no way grants to Coach a claim to tenure in employment, nor shall Coach’s service pursuant to this agreement count in any way toward tenure at the University (College).
ARTICLE 3

3.1 **Regular Compensation.**

3.1.1 In consideration of Coach’s services and satisfactory performance of this Agreement, the University (College) shall provide to Coach:

a) An annual salary of $40,019.20 per year, payable in biweekly installments in accordance with normal University (College) procedures, and such salary increases as may be determined appropriate procedures. Coach will be eligible to receive University-wide changes in employee compensation approved by the Director and President and approved by the University (College)’s Board of Regents or Trustees;

b) The opportunity to receive such employee benefits as the University (College) provides generally to non-faculty exempt employees; and

c) The opportunity to receive such employee benefits as the University (College)’s Department of Athletics (Department) provides generally to its employees of a comparable level. Coach hereby agrees to abide by the terms and conditions, as now existing or hereafter amended, of such employee benefits.

3.2 **Supplemental Compensation**

3.2.1. Each year the Team is the conference champion or co-champion and also becomes eligible for a (bowl game pursuant to NCAA Division I guidelines or post-season tournament or post-season playoffs) if Coach continues to be employed as University's head coach of its intercollegiate women’s soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $1,000 during the fiscal year immediately following the year in which the championship is achieved. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2. Each year Coach is named Conference Coach of the Year or Conference Co-Coach of the year, and if Coach continues to be employed as University’s head (Sport) women’s soccer coach as of the ensuing July 1st, the University (College) Coach shall pay to Coach receive supplemental compensation in an amount equal to (amount or computation) of Coach’s Annual Salary during the fiscal year in which the championship and (bowl or other)
post-season eligibility are achieved. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.2 Each year the Team is ranked in the top 25 in the (national rankings, such as final ESPN/USA Today coaches poll of Division IA football teams) finishes in the top 20 in the NCAA championships and if Coach continues to be employed as University (College)'s head coach of its intercollegiate women's soccer team as of the ensuing July 1st, the University (College) shall pay to Coach supplemental compensation in an amount equal to (amount or computation) of Coach's Annual Salary in effect on the date of the final poll of $1,000. The University (College) shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.3 Each year the Team qualifies for play in the Big Sky Conference (BIG SKY) tournament, and if Coach continues to be employed as University's head coach of its intercollegiate women's soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $2,000. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.4 Each year the Team achieves a winning record at the end of the regular season (excluding any exhibition and BIG SKY tournament games), and if Coach continues to be employed as University's head coach of its intercollegiate women's soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $500. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.5 Each year the Team achieves twelve (12) wins in regular season games (excluding exhibition games), and if Coach continues to be employed as University's head coach of its intercollegiate women's soccer team as of the ensuing July 1st, the University shall pay to Coach supplemental compensation of $500. The University shall determine the appropriate manner in which it shall pay Coach any such supplemental compensation.

3.2.7 Each year Coach shall be eligible to receive supplemental compensation in an amount up to (amount or computation) based on the academic achievement and behavior of Team members. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director. The determination shall be based on the following factors: grade point averages; difficulty of major course of study; honors such as scholarships, designation as Academic All-American, and conference academic recognition; progress toward graduation.
for all athletes, but particularly those who entered the University (College) as academically at-risk students; the conduct of Team members on the University (College) campus, at authorized University (College) activities, in the community, and elsewhere of $750. This amount shall increase to $1,000 in any year the Team's annual APR exceeds 985 and if Coach continues to be employed as University's head women's soccer coach as of the ensuing July 1st. Any such supplemental compensation paid to Coach shall be accompanied with a detailed justification for the supplemental compensation based on the factors listed above, and such justification shall be separately reported to the Board of (Regents or Trustees) as a document available to the public under the Idaho Public Records Act.

3.2.4 Each year Coach shall be eligible to receive supplemental compensation in an amount up to ______ based on the overall development of the intercollegiate (men's/women's) (Sport) program; ticket sales; fundraising; outreach by Coach to various constituency groups, including University (College) students, staff, faculty, alumni and boosters; and any other factors the President wishes to consider. The determination of whether Coach will receive such supplemental compensation and the timing of the payment(s) shall be at the discretion of the President in consultation with the Director.

3.2.8 The Coach shall receive the sum of ______ from the University (College) or the University (College)’s designated media outlet(s) or a combination thereof each year during the term of this Agreement in compensation for participation in media programs and public appearances (Programs). Each year, one-half of this sum shall be paid prior to the first contest, and one-half shall be paid no later than two weeks after the last contest. Coach’s right to receive the second half of such a payment shall vest on the date of the Team’s last regular season or post-season competition, whichever occurs later. This sum shall be paid ______, provided Coach has fully participated in media programs and public appearances through that date. Coach’s right to receive any such media payment under this Paragraph is expressly contingent upon the following: (1) academic achievement and behavior of Team members; (2) appropriate behavior by, and supervision of, all assistant coaches, as determined by the Director; and (3) Coach’s compliance with University’s financial stewardship policies as set forth in University’s Administrative Procedures Manual Chapter 25. Agreements requiring the Coach to participate in Programs related to his duties as an employee of University (College) are the property of the University (College). The University (College) shall have the exclusive right to negotiate and contract with all producers of media productions and all parties desiring public appearances by the Coach. Coach agrees to cooperate with the University (College) in order for the Programs to be successful and agrees to provide his services to and perform on the Programs and to cooperate in their production, broadcasting, and telecasting. It is understood that neither Coach nor any assistant coaches shall appear without the prior written approval of the Director on any competing radio or television program (including but not limited to a coach’s show, call-in show, or interview show) or a regularly scheduled news segment, except that this prohibition shall
not apply to routine news media interviews for which no compensation is received.
Without the prior written approval of the Director, Coach shall not appear in any
commercial endorsements which are broadcast on radio or television that conflict
with those broadcast on the University’s designated media outlets.

3.2.6 (SUMMER CAMP OPERATED BY UNIVERSITY (COLLEGE)) 3.2.9 Coach agrees that the University (College) has the exclusive right to
operate youth (Sport) soccer camps on its campus using University (College)
facilities. The University (College) shall allow Coach the opportunity to earn
supplemental compensation by assisting with the University’s (College)’s camps in
Coach’s capacity as a University (College) employee. Coach hereby agrees to assist in
the marketing, supervision, and general administration of the University’s football’s youth soccer camps. Coach also agrees that Coach will perform all obligations mutually agreed upon by the parties. In exchange for Coach’s participation in the University’s summer football’s youth soccer camps, the University’s shall pay Coach (amount) per year as supplemental compensation during each year of his employment as head (Sport) coach at the University.

3.2.6 (SUMMER CAMP OPERATED BY COACH) Coach may Alternatively, in the event the University notifies Coach, in writing that it does not
intend to operate youth soccer camps for a particular period of time during the term of
this Agreement, then, during such time period, Coach shall be permitted to operate a
summer youth (Sport) soccer camp at the University’s campus and using its facilities under the following terms and conditions:

a) The summer youth camp operation reflects positively on the University (College) of Idaho and the Department;

b) The summer youth camp is operated by Coach directly or through a private enterprise owned and managed by Coach. The Coach shall not use University personnel, equipment, or facilities without the prior written approval of the Director;

c) Assistant coaches at the University (College) of Idaho are given priority when the Coach or the private enterprise selects coaches to participate;

d) The Coach complies with all NCAA–(NAIA), Conference, and University (College) rules and regulations related, directly or indirectly, to the operation of summer youth camps;

Revised April 2013
e) The Coach or the private enterprise enters into a contract with University (College) and __________ (campus concessionaire) of Idaho and Sodexho for all campus goods and services required by the camp.

f) The Coach or private enterprise pays for use of University (College) facilities including the ________ of Idaho facilities; such rate to be set at the rate charged as if the camp were conducted by the University of Idaho.

g) Within thirty days of the last day of the summer youth camp(s), Coach shall submit to the Director a preliminary "Camp Summary Sheet" containing financial and other information related to the operation of the camp. Within ninety days of the last day of the summer youth camp(s), Coach shall submit to Director a final accounting and "Camp Summary Sheet." A copy of the "Camp Summary Sheet" is attached to this Agreement as an exhibit.

h) The Coach or the private enterprise shall provide proof of liability insurance as follows: (1) liability coverage: spectator and staff--$1 million; (2) catastrophic coverage: camper and staff--$1 million maximum coverage with $100 deductible.

i) To the extent permitted by law, the Coach or the private enterprise shall defend and indemnify the University (College) of Idaho against any claims, damages, or liabilities arising out of the operation of the summer youth camp(s).

j) All employees of the summer youth camp(s) shall be employees of the Coach or the private enterprise and not the University (College) of Idaho while engaged in camp activities. The Coach and all other University (College) of Idaho employees involved in the operation of the camp(s) shall be on annual leave status or leave without pay during the days the camp is in operation. The Coach or private enterprise shall provide workers' compensation insurance in accordance with Idaho law and comply in all respects with all federal and state wage and hour laws.
In the event of termination of this Agreement, suspension, or reassignment, University (College) of Idaho shall not be under any obligation to permit a summer youth camp to be held by the Coach after the effective date of such termination, suspension, or reassignment, and the University (College) of Idaho shall be released from all obligations relating thereto.

3.2.7 3.2.10  Coach agrees that the University (College) has the exclusive right to select footwear, apparel and/or equipment for the use of its student-athletes and staff, including Coach, during official practices and games and during times when Coach or the Team is being filmed by motion picture or video camera or posing for photographs in their capacity as representatives of University (College). Coach recognizes that the University (College) is negotiating or has entered into an agreement with (Company Name) Nike to supply the University (College) with athletic footwear, apparel and/or equipment. Coach agrees that, upon the University (College)’s reasonable request, Coach will consult with appropriate parties concerning an (Company Name) product’s Nike products’ design or performance, shall act as an instructor at a clinic sponsored in whole or in part by (Company Name) Nike, or give a lecture at an event sponsored in whole or in part by (Company Name) Nike, or make other educationally-related appearances as may be reasonably requested by the University (College). Notwithstanding the foregoing sentence, Coach shall retain the right to decline such appearances as Coach reasonably determines to conflict with or hinder his duties and obligations as head (Sport) women’s soccer coach. In order to avoid entering into an agreement with a competitor of (Company Name) Nike, Coach shall submit all outside consulting agreements to the University (College) for review and approval prior to execution. Coach shall also report such outside income to the University (College) in accordance with NCAA (or NAIA) rules. Coach further agrees that Coach will not endorse any athletic footwear, apparel and/or equipment products, including (Company Name) Nike, and will not participate in any messages or promotional appearances which contain a comparative or qualitative description of athletic footwear, apparel or equipment products.

3.3  General Conditions of Compensation. All compensation provided by the University (College) to Coach is subject to deductions and withholdings as required by law or the terms and conditions of any fringe benefit in which Coach participates. However, if any fringe benefit is based in whole or in part upon the compensation provided by the University (College) to Coach, such fringe benefit shall be based only on the compensation provided pursuant to section 3.1.1, except to the extent required by the terms and conditions of a specific fringe benefit program.

ARTICLE 4

4.1  Coach’s Specific Duties and Responsibilities. In consideration of the compensation specified in this Agreement, Coach, in addition to the obligations set forth elsewhere in this Agreement, shall:
4.1.1. Devote Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement;

4.1.2. Develop and implement programs and procedures with respect to the evaluation, recruitment, training, and coaching of Team members which enable them to compete successfully and reasonably protect their health, safety, and well-being;

4.1.3. Observe and uphold all academic standards, requirements, and policies of the University (College) and encourage Team members to perform to their highest academic potential and to graduate in a timely manner; and

4.1.4. Know, recognize, and comply with all applicable laws and the policies, rules and regulations of the University (College), the University (College)’s governing board, the conference, and the NCAA (or NAIA); supervise and take appropriate steps to ensure that Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, and the members of the Team know, recognize, and comply with all such laws, policies, rules and regulations; and immediately report to the Director and to the Department's Director of Compliance if Coach has reasonable cause to believe that any person or entity, including without limitation representatives of the University (College)’s athletic interests, has violated or is likely to violate any such laws, policies, rules or regulations. Coach shall cooperate fully with the University (College) and Department at all times. The names or titles of employees whom Coach supervises are attached as Exhibit C. The applicable laws, policies, rules, and regulations include: (a) State Board of Education and Board of Regents of the University of Idaho Governing Policies and Procedures and Rule Manual; (b) University (College)'s Handbook; (c) University (College)'s Administrative Procedures Manual; (d) the policies of the Department; (e) NCAA (or NAIA) rules and regulations; and (f) the rules and regulations of the (Sport) conference of which the University (College) is a member.

4.2 Outside Activities. Coach shall not undertake any business, professional or personal activities, or pursuits that would prevent Coach from devoting Coach’s full time and best efforts to the performance of Coach’s duties under this Agreement, that would otherwise detract from those duties in any manner, or that, in the opinion of the University (College), would reflect adversely upon the University (College) or its athletic program. Subject to the terms and conditions of this Agreement, Coach may, with the prior written approval of the Director, who may consult with the President, enter into separate arrangements for outside activities and endorsements which are consistent with Coach's obligations under this Agreement. Coach may not use the University (College)’s name, logos, or trademarks in connection with any such arrangements without the prior written approval of the Director and the President.

4.3 NCAA (or NAIA) Rules. In accordance with NCAA (or NAIA) rules, Coach shall obtain prior written approval from the University (College)’s President for all athletically related income and benefits from sources outside the University (College) and shall report provide a written detailed account of the source and amount of
all such income and benefits to the University’s President whenever reasonably requested, but in no event less than annually before the close of business on June 30th of each year or the last regular University work day preceding June 30th. The report shall be in a format reasonably satisfactory to University. Sources of such income include, but are not limited to, the following:

(a) Income from annuities;
(b) Sports camps;
(c) Housing benefits, including preferential housing arrangements;
(d) Country club memberships;
(e) Complimentary ticket sales;
(f) Television and radio programs; and
(g) Endorsement or consultation contracts with athletics shoe, apparel or equipment manufacturers.

In no event shall Coach accept or receive directly or indirectly any monies, benefits, or gratuities whatsoever from any person, association, corporation, University booster club, University alumni association, University foundation, or other benefactor, if the acceptance or receipt of the monies, benefits, or gratuities would violate applicable law or the policies, rules, and regulations of the University, the University's governing board, the conference, or the NCAA (or NAIA).

4.4 Hiring Authority. Coach shall have the responsibility and the sole authority to recommend to the Director the hiring and termination of assistant coaches for the Team, but the decision to hire or terminate an assistant coach shall be made by the Director and shall, when necessary or appropriate, be subject to the approval of President and the University’s Board of (Trustees or Regents).

4.5 Scheduling. Coach shall consult with, and may make recommendations to, the Director or the Director’s designee with respect to the scheduling of Team competitions, but the final decision shall be made by the Director or the Director’s designee.

4.7 Other Coaching Opportunities. Coach shall not, under any circumstances, interview for, negotiate for, or accept employment as a coach at any other institution of higher education or with any professional sports team, requiring performance of duties prior to the expiration of this Agreement, without the prior approval of the Director. Such approval shall not be unreasonably withheld.

ARTICLE 5

5.1 Termination of Coach for Cause. The University may, in its discretion, suspend Coach from some or all of Coach’s duties, temporarily or permanently, and with or without pay; reassign Coach to other duties; or terminate this Agreement at any time for good or adequate cause, as those terms are defined in applicable rules and regulations.

5.1.1 In addition to the definitions contained in applicable rules and
regulations, University (College) and Coach hereby specifically agree that the following shall constitute good or adequate cause for suspension, reassignment, or termination of this Agreement:

a) A deliberate or major violation of Coach’s duties under this agreement or the refusal or unwillingness of Coach to perform such duties in good faith and to the best of Coach’s abilities;

b) The failure of Coach to remedy any violation of any of the terms of this agreement within 30 days after written notice from the University (College);

c) A deliberate or major violation by Coach of any applicable law or the policies, rules or regulations of the University (College), the University (College)’s governing board, the conference or the NCAA (NAIA), including but not limited to any such violation which may have occurred during the employment of Coach at another NCAA or NAIA member institution;

d) Ten (10) working days' absence of Coach from duty without the University (College)’s consent;

e) Any conduct of Coach that constitutes moral turpitude or that would, in the University (College)’s judgment, reflect adversely on the University (College) or its athletic programs;

f) The failure of Coach to represent the University (College) and its athletic programs positively in public and private forums;

g) The failure of Coach to fully and promptly cooperate with the NCAA (NAIA) or the University (College) in any investigation of possible violations of any applicable law or the policies, rules or regulations of the University (College), the University (College)’s governing board, the conference, or the NCAA (NAIA);

h) The failure of Coach to report a known violation of any applicable law or the policies, rules or regulations of the University-(College), the University-(College)’s governing board, the conference, or the NCAA (NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team; or

i) A violation of any applicable law or the policies, rules or regulations of the University (College), the University (College)’s governing board, the conference, or the NCAA (NAIA), by one of Coach’s assistant coaches, any other employees for whom Coach is administratively responsible, or a member of the Team if Coach
knew or should have known of the violation and could have prevented it by ordinary supervision.

5.1.2 Suspension, reassignment, or termination for good or adequate cause shall be effectuated by the University (College) as follows: before the effective date of the suspension, reassignment, or termination, the Director or his or her designee shall provide Coach with notice, which notice shall be accomplished in the manner provided for in this Agreement and shall include the reason(s) for the contemplated action. Coach shall then have an opportunity to respond. After Coach responds or fails to respond, University (College) shall notify Coach whether, and if so when, the action will be effective.

5.1.3 In the event of any termination for good or adequate cause, the University (College)’s obligation to provide compensation and benefits to Coach, whether direct, indirect, supplemental or collateral, shall cease as of the date of such termination, and the University (College) shall not be liable for the loss of any collateral business opportunities or other benefits, perquisites, or income resulting from outside activities or from any other sources.

5.1.4 If found in violation of NCAA (NAIA) regulations, Coach shall, in addition to the provisions of Section 5.1, be subject to disciplinary or corrective action as set forth in the provisions of the NCAA (NAIA) enforcement procedures, including suspension without pay or termination of employment for significant or repetitive violations. This section applies to violations occurring at the University (College) or at previous institutions at which the Coach was employed.
5.2 Termination of Coach for Convenience of University (College).

5.2.1 At any time after commencement of this Agreement, University (College), for its own convenience, may terminate this Agreement by giving ten (10) days prior written notice to Coach.

5.2.2 In the event that University (College) terminates this Agreement for its own convenience, University (College) shall be obligated to pay Coach, as liquidated damages and not as a penalty, the salary set forth in section 3.1.1(a), excluding all deductions required by law, on the regular paydays of University (College) until the term of this Agreement ends, or until Coach obtains reasonably comparable employment, whichever occurs first, provided, however, in the event Coach obtains other lessor employment of any kind or nature after such termination, then the amount of compensation the University pays will be adjusted and reduced by the amount of compensation paid Coach as a result of such other lessor employment, such adjusted compensation to be calculated for each University pay-period by reducing the gross salary set forth in section 3.1.1(a) (before deductions required by law) by the gross compensation paid to Coach under the other lessor employment, then subtracting from this adjusted gross compensation deductions according to law. In addition, Coach will be entitled to continue his health insurance plan and group life insurance as if he remained a University (College) employee until the term of this Agreement ends or until Coach obtains reasonably comparable employment or any other employment providing Coach with a reasonably comparable health plan and group life insurance, whichever occurs first. Coach shall be entitled to no other compensation or fringe benefits, except as otherwise provided herein or required by law. Coach specifically agrees to inform University within ten business days of obtaining other employment, and to advise University of all relevant terms of such employment, including without limitation the nature and location of the employment, salary, other compensation, health insurance benefits, life insurance benefits, and other fringe benefits. Failure to so inform and advise University shall constitute a material breach of this Agreement and University’s obligation to pay compensation under this provision shall end. Coach agrees not to accept employment for compensation at less than the fair value of Coach’s services, as determined by all circumstances existing at the time of employment. Coach further agrees to repay to University all compensation paid to him by University after the date he obtains other employment, to which he is not entitled under this provision.

5.2.3 The parties have both University has been represented by legal counsel, and Coach has either been represented by legal counsel or has chosen to proceed without legal counsel, in the contract negotiations. The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Coach may lose certain benefits, supplemental compensation, or outside compensation relating to his employment with University (College), which damages that are extremely difficult to determine with certainty. The parties further
agree that the payment of such liquidated damages by University (College) and the acceptance thereof by Coach shall constitute adequate and reasonable compensation to Coach for the damages and injury suffered by Coach because of such termination by University (College). The liquidated damages are not, and shall not be construed to be, a penalty.

5.3 Termination by Coach for Convenience.

5.3.1 The Coach recognizes that his promise to work for University (College) for the entire term of this Agreement is of the essence of this Agreement. The Coach also recognizes that the University (College) is making a highly valuable investment in his employment by entering into this Agreement and that its investment would be lost were he to resign or otherwise terminate his employment with the University (College) before the end of the contract term.

5.3.2 The Coach, for his own convenience, may terminate this Agreement during its term by giving prior written notice to the University (College). Termination shall be effective ten (10) days after notice is given to the University (College).

5.3.3 If the Coach terminates this Agreement for convenience at any time, all obligations of the University (College) shall cease as of the effective date of the termination. If the Coach terminates this Agreement for his convenience he shall pay to the University (College) as liquidated damages and not a penalty, the following sums: __________________. The liquidated damages shall be due and payable within twenty (20) days of the effective date of the termination, and any unpaid amount shall bear simple interest at a rate of eight (8) percent per annum until paid.

5.3.4 The parties have both been represented by legal counsel, and Coach has either been represented by legal counsel or has chosen to proceed without legal counsel in the contract negotiations. The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University (College) will incur administrative and recruiting costs in obtaining a replacement for Coach, in addition to potentially increased compensation costs if Coach terminates this Agreement for convenience, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Coach and the acceptance thereof by University (College) shall constitute adequate and reasonable compensation to University (College) for the damages and injury suffered by it because of such termination by Coach. The liquidated damages are not, and shall not be construed to be, a penalty. This section 5.3.4 shall not apply if Coach terminates this Agreement because of a material breach by the University (College).
5.3.5 Except as provided elsewhere in this Agreement, if Coach terminates this Agreement for convenience, he shall forfeit to the extent permitted by law his right to receive all supplemental compensation and other payments.

5.4 Termination due to Disability or Death of Coach.

5.4.1 Notwithstanding any other provision of this Agreement, this Agreement shall terminate automatically if Coach becomes totally or permanently disabled as defined by the University’s disability insurance carrier, becomes unable to perform the essential functions of the position of head coach, or dies.

5.4.2 If this Agreement is terminated because of Coach's death, Coach's salary and all other benefits shall terminate as of the last day worked, except that the Coach's personal representative or other designated beneficiary shall be paid all compensation due or unpaid and death benefits, if any, as may be contained in any fringe benefit plan now in force or hereafter adopted by the University and due to the Coach's estate or beneficiaries thereunder.

5.4.3 If this Agreement is terminated because the Coach becomes totally or permanently disabled as defined by the University's disability insurance carrier, or becomes unable to perform the essential functions of the position of head coach, all salary and other benefits shall terminate, except that the Coach shall be entitled to receive any compensation due or unpaid and any disability-related benefits to which he is entitled by virtue of employment with the University.

5.5 Interference by Coach. In the event of termination, suspension, or reassignment, Coach agrees that Coach will not interfere with the University’s student-athletes or otherwise obstruct the University’s ability to transact business or operate its intercollegiate athletics program.

5.6 No Liability. The University shall not be liable to Coach for the loss of any collateral business opportunities or any other benefits, perquisites or income from any sources that may ensue as a result of any termination of this Agreement by either party or due to death or disability or the suspension or reassignment of Coach, regardless of the circumstances.

5.7 Waiver of Rights. Because the Coach is receiving a multi-year contract and the opportunity to receive supplemental compensation and because such contracts and opportunities are not customarily afforded to University employees, if the University suspends or reassигns Coach, or terminates this Agreement for good or adequate cause or for convenience, Coach shall have all the rights provided for in this Agreement but hereby releases the University from compliance with the notice, appeal, and similar employment-related rights provide for in the State Board of Education and Board or Regents of the University of Idaho Rule.
Manual (IDAPA 08) and Governing Policies and Procedures Manual, and the University (College) Faculty-Staff Handbook.

ARTICLE 6

6.1 Board Approval. This Agreement shall not be effective until and unless approved of the University (College)’s Board of (Regents or Trustees) and executed by both parties as set forth below. In addition, the payment of any compensation pursuant to this agreement shall be subject to the approval of the University (College)’s Board of (Regents or Trustees), the President, and the Director; the sufficiency of legislative appropriations; the receipt of sufficient funds in the account from which such compensation is paid; and the Board of (Regents or Trustees) and University (College)’s rules regarding financial exigency.

6.2 University (College) Property. All personal property (excluding vehicle(s) provided through the Vandal Wheels program), material, and articles of information, including, without limitation, keys, credit cards, personnel records, recruiting records, team information, films, statistics or any other personal property, material, or data, furnished to Coach by the University (College) or developed by Coach on behalf of the University (College) or at the University (College)’s direction or for the University (College)’s use or otherwise in connection with Coach’s employment hereunder are and shall remain the sole property of the University (College). Within twenty-four (24) hours of the expiration of the term of this agreement or its earlier termination as provided herein, Coach shall immediately cause any such personal property, materials, and articles of information in Coach’s possession or control to be delivered to the Director.

6.3 Assignment. Neither party may assign its rights or delegate its obligations under this Agreement without the prior written consent of the other party.

6.4 Waiver. No waiver of any default in the performance of this Agreement shall be effective unless in writing and signed by the waiving party. The waiver of a particular breach in the performance of this Agreement shall not constitute a waiver of any other or subsequent breach. The resort to a particular remedy upon a breach shall not constitute a waiver of any other available remedies.

6.5 Severability. If any provision of this Agreement is determined to be invalid or unenforceable, the remainder of the Agreement shall not be affected and shall remain in effect.

6.6 Governing Law. This Agreement shall be subject to and construed in accordance with the laws of the state of Idaho as an agreement to be performed in Idaho. Any action based in whole or in part on this Agreement shall be brought in the courts of the state of Idaho.
6.7 Oral Promises. Oral promises of an increase in annual salary or of any supplemental or other compensation shall not be binding upon the University-(College).

6.8 Force Majeure. Any prevention, delay or stoppage due to strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes therefore, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other causes beyond the reasonable control of the party obligated to perform (including financial inability), shall excuse the performance by such party for a period equal to any such prevention, delay or stoppage.

6.9 Confidentiality. The Coach hereby consents and agrees that this document may be released and made available to the public after it is signed by the Coach. The Coach further agrees that all documents and reports he is required to produce under this Agreement may be released and made available to the public at the University-(College)'s sole discretion.

6.10 Notices. Any notice under this Agreement shall be in writing and be delivered in person or by public or private courier service (including U.S. Postal Service Express Mail) or certified mail with return receipt requested or by facsimile. All notices shall be addressed to the parties at the following addresses or at such other addresses as the parties may from time to time direct in writing:

the University-(College):

________________
University of Idaho
________________
P.O. Box 442302
Moscow, Idaho 83844-2302

with a copy to:

Last known address on file with
University (College)'s Human Resource Services

Any notice shall be deemed to have been given on the earlier of: (a) actual delivery or refusal to accept delivery, (b) the date of mailing by certified mail, or (c) the day facsimile delivery is verified. Actual notice, however and from whomever received, shall always be effective.

6.11 Headings. The headings contained in this Agreement are for reference purposes only and shall not in any way affect the meaning or interpretation hereof.
6.12 **Binding Effect.** This Agreement is for the benefit only of the parties hereto and shall inure to the benefit of and bind the parties and their respective heirs, legal representatives, successors and assigns.

6.13 **Non-Use of Names and Trademarks.** The Coach shall not, without the University (College)’s prior written consent in each case, use any name, trade name, trademark, or other designation of the University (College) (including contraction, abbreviation or simulation), except in the course and scope of his official University (College) duties.

6.14 **No Third Party Beneficiaries.** There are no intended or unintended third party beneficiaries to this Agreement.

6.15 **Entire Agreement; Amendments.** This Agreement constitutes the entire agreement of the parties and supersedes all prior agreements and understandings with respect to the same subject matter. No amendment or modification of this Agreement shall be effective unless in writing, signed by both parties, and approved by University (College)’s Board of ___(Regents or Trustees)___.

6.16 **Opportunity to Consult with Attorney.** The Coach acknowledges that he has had the opportunity to consult and review this Agreement with an attorney and has either consulted with legal counsel or chosen not to. Accordingly, in all cases, the language of this Agreement shall be construed simply, according to its fair meaning, and not strictly for or against any party.

SUBJECT
Approval of FY 2015 Appropriated Funds Operating Budgets

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures Section V.B.3.b.ii., 4.b., 5.c, 6.b.

BACKGROUND/DISCUSSION
Per Board policy, each institution and agency prepares an operating budget for appropriated funds, non-appropriated auxiliary enterprises, non-appropriated local services, and non-appropriated other.

For the appropriated funds operating budget, Board policy provides as follows: “each institution or agency prepares an operating budget for the next fiscal year based upon guidelines adopted by the Board. Each budget is then submitted to the Board in a summary format prescribed by the Executive Director, for review and formal approval before the beginning of the fiscal year.” The appropriated operating budgets have been developed based on appropriations passed by the Legislature during the 2014 session.

For the college and universities’ non-appropriated operating budgets, Board policy requires reports of revenues and expenditures to be submitted to the State Board of Education at the request of the Board. Currently, these operating budgets are submitted to the Board office and are available to Board members.

Operating budgets are presented in two formats: budgets for agencies, health education programs, and special programs contain a summary (displayed by program, by source of revenue, and by expenditure classification) and a budget overview that briefly describes the program and changes from the previous fiscal year. All sources of revenues are included (i.e. General Funds, federal funds, miscellaneous revenue, and any other fund source).

For the college and universities, postsecondary professional-technical education and agricultural research & extension, supplemental information is provided including personnel costs summarized by type of position. The college and universities’ reports only contain information about appropriated funds, which include state General Funds, endowment funds, and appropriated student fees.

IMPACT
Approval of the budgets establishes agency and institutional fiscal spending plans for FY 2015, and allows the agencies and institutions to continue operations from FY 2014 into FY 2015.

ATTACHMENTS
Attachment 1 – FY15 Operating Budgets Index
STAFF COMMENTS AND RECOMMENDATIONS

Budgets were developed according to legislative intent and/or Board guidelines. Staff calculated the average salary increase by classification for each institution. There was funding for a 1% one-time and 1% ongoing Change in Employee Compensation (CEC) in FY 2015. Representatives from the institutions will be available to answer specific questions.

Page 32 presents a system-wide summation of personnel costs by institution, by classification and also includes the number of new positions added at each institution. Board policy only requires Board approval for the following positions:

- Any position at a level of vice-president (or equivalent) and above, regardless of funding source.
- The initial appointment of an employee to any type of position at a salary that is equal to or higher than 75% of the chief executive officer’s annual salary.
- The employment agreement of any head coach or athletic director (at the institutions only) longer than one year, and all amendments thereto.

All other hiring authority has been expressly delegated to the presidents. Therefore, Board review of the operating budgets is the only time the Board sees the number of new positions added year-over-year.

The lists of FY 2015 maintenance projects recommended by the Permanent Building Fund Advisory Council is included starting at page 45.

BOARD ACTION

I move to approve the FY 2015 operating budgets for the Office of the State Board of Education, Idaho Public Television, Division of Vocational Rehabilitation, College and Universities, Postsecondary Professional-Technical Education, Agricultural Research & Extension Service, Health Education Programs and Special Programs, as presented.

### Budget Overview

The Office of the State Board of Education received a 1% one-time CEC and a 1% ongoing CEC. The decrease in Management Services is due to timing of a federal grant offsetting the increase in CEC and $78.1k for Web Developer. The increase in Academic Services includes timing of some federal programs. System Wide Needs decreased due to moving $78.1k for the Web Developer to the OSBE budget. The reduction in the General Fund includes $54.3k for the CEC increases offset by a reduction to SWCAP of $17.8k and increases for Education Task Force of $30k and Data Security for $43k. These net increases were offset by $311k in General Funds moving to the Charter Commission under Miscellaneous Funds. Miscellaneous Fund increased due to the shift to the Charter Commission Fund noted above combined with a $55k increase to Proprietary Schools and savings to System Wide Needs in FY2014. Personnel Costs increases include $30.7k for benefits, $37.4k for CEC, $78.1k for a web developer, $25.3k for Proprietary Schools, .5 FTP and $40k for Data Security, and a reduction of $69.8k for CACG grant. The decrease in Trustee/Benefit payments reflects the plan not to use the Opportunity Scholarship corpus and

**FTP Count**

|                   | 59.0 | 60.0 | 1.69% |

**Notes:**

1. Increase in planned capital equipment replacement with higher level of state funding.
2. Increases in health premiums, CEC and additional FTP.
3. PBS FY 2015 dues increases.
4. Both years include production equipment replacement if funding is secured.
5. Special productions only occur if funding is secured for the project; fewer projects.
6. Reduction in personnel costs that was reallocated elsewhere.
7. Legislature moved $400k up to operating expenditures from capital outlay.
8. Federal grant programs eliminated; decreases reflect remaining federal grant projects under way.
9. Health premium increases and 2% change in employee compensation (CEC).
10. Cut costs to pay for personnel cost increases.
11. Increased repair and maintenance on aging equipment plus increases lease costs.

* FY 2014 budget per SB1168; FY 2015 budget per SB1397.

| Senate Bill 1389 appropriates moneys for the Division of Vocational Rehabilitation for FY 2015. |
| Appropriations for Personnel Costs were reduced in FY 2015 by $1,078,500 and Trust and Benefits were increased by the same amount in FY 2015. In FY 2014 the amount was incorrectly classified. An increase in appropriations of $431,200 (and 4.5 FTP) was approved to expand a program with the Department of Corrections. Personnel costs were increased by $156,200 to implement a 1% on-going salary increase and a one-time 1% salary increase. State allocations increased by $37,500 and benefits by $207,900. |

<td>$3,114,400</td>
</tr>
</tbody>
</table>

Boise State’s FY 2015 base operating budget of $170,564,800 is a $10.7 million increase over the previous year’s base funding. The majority of the new funding will come from student tuition and fees, which will increase an average of 4%. The State general account funding comprises 47% of the base operating budget and totals $80,770,800, and student tuition and fees comprise 53% of the base operating budget for a total of $89,794,000.

Following are highlights of the FY 2015 appropriated operating budget.

- Health insurance costs continue to increase. The employer costs will be covered with partial funding from the State and the remaining from student tuition and fees. Total fringe costs are estimated to increase $3.5 million.

- Salary Adjustments - State funding will partially cover the 1% merit based permanent increases, and student tuition and fees are required for approximately
half of the cost. The total cost is $1.15 million. In addition, reallocations of base funding enabled equity adjustments for some faculty and staff. The increases are targeted for employees furthest away from benchmark data (CUPA comparisons for faculty and compa-ratios for staff). There is also one-time funding from the State to administer a one-time merit increase. Since State funding only covers about half of the need, student tuition and fees will cover the remainder. Total cost for the one-time merit pay is $1.15 million.

- 60% Initiative – State funding of $1,379,000 is provided to assist with the university meeting the 60% goal by 2020. This amount is 20% of what was requested; therefore student tuition and fee revenues will be used to ensure necessary progress is made towards realizing this goal. New academic positions, including academic student advisors are the positions intended to utilize this funding. These positions have been strategically identified in targeted areas with the intention of enhancing instructional capacity, reducing bottlenecks and enhancing student success.

- $334,000 in occupancy funds will be allocated to hire custodians, pay utility costs and fund on-going maintenance needs for The BoDo Center and University Drive Annex. Total square feet of these two facilities is 54,000.

- Center for Advanced Energy Studies (CAES) will receive an allocation of $333,300 – to be used to hire graduate students and enable faculty led research efforts to grow.

- Projected revenue growth from student tuition and fees is based on flat enrollments. Current data suggests enrollments may be up in non-resident students and stable (flat) in resident students. $1.895 million of the estimated new tuition and fee revenues are required to cover unfunded fund shifts.

- Prioritized budget needs identified during the university’s annual budget process continued to focus on fully funding existing permanent positions (previously funded with one-time sources). In addition the FY 2015 budget will fund several adjunct to lecturer conversions, additional new lecturer positions to assist with the course bottleneck challenges, and increased funding for library materials. Reallocations will permanently fund the Material Science PhD Program now that the Micron grant funds are close to being depleted.

- One-time funds will be used for the 1% one-time merit based pay, security needs due to recent Legislation and one-time academic needs identified thru the annual budget process.

The intense review process associated with Program Prioritization is in the final stages of completion with results scheduled to be provided in July and August. Re-allocation opportunities have been identified through this process. It is anticipated that some reallocations will occur in FY 2015 and others will likely occur in subsequent years.

</table>
In this budget cycle, we continued the use of the Special Budget Consultation Committee (SBCC) to facilitate key budget discussions, deliberations, and recommendations. The SBCC included extensive representation of students, faculty, and staff.

The 3.5% tuition and fee increase reflected in this budget is our lowest increase in twenty-six years.

A key component of the FY2015 budget was the program prioritization initiative. The instruction to the Vice Presidents, Academic Deans and Unit Directors was: “In line with the Program Prioritization initiative, budget adjustments will be based upon the following five criteria:

1. Cost Effectiveness (budget vs. actual, productivity, performance)
2. Importance to the institution (mission, vision, core themes, strategic plan, mandates)
3. Demand (internal, external)
4. Quality (input, outcomes, how well delivered, research, student retention)
5. Opportunity (collaboration, resource sharing, savings, improvements)

This responds to the State Board determined goals related to increasing enrollment, reducing costs per credit hour, and improving retention and research productivity. Each area of the University is being asked to take a “bottoms up” view of their resources to determine whether existing programs or activities can be done more efficiently, streamlined, or eliminated.

Another key component of the FY2015 budget was our continuing effort to maintain discipline on all University controllable costs. This is exercised through a range of university cost controls currently in place and through such means as our Increased Personnel Action Scrutiny (IPAS) system, which requires approval by the University Business Officers, and the Office of Human Resources, and Budget, as well as the Vice President for Finance and Administration, after first approvals by the applicable area line managers and Vice President are secured. New positions also require approval by the President. Another key means of exercising cost discipline is the use of the Quarterly Financial Measurement System for early warning of any potentially emerging cost problems and the immediate implementation of appropriate control actions to contain them.
FUNDING ENHANCEMENTS

Employee Compensation:

“It is the intent of the Legislature, working cooperatively with the Governor’s Office, the Division of Human Resources, and the Division of Financial Management, to progress toward the goal of funding a competitive salary and benefit package that will attract qualified applicants, retain employees committed to public service excellence, motivate employees to maintain high standards of productivity, and reward employees for outstanding performance. The Legislature also finds that investing in state employee compensation should remain a high priority even in tough economic times, and therefore, strongly encourages agency directors, institution executives and the Division of Financial Management to approve the use of salary savings to provide either one-time or ongoing merit increases for deserving employees....” (SB1417 Section 2)

At the encouragement of the Legislature, ISU has continued to invest in our employees. ISU matched the State appropriation by increasing the merit pool to 2% of salary base. In addition to merit increases based upon performance, the minimum salary for employees was adjusted to an amount above the poverty rate and/or moved to 75% of policy compensation.

Through state appropriations, institutional reallocations and tuition revenue, funding was provided for:

1. Compensation/Benefits (excluding one-time bonus) – $3,481,737
2. Academic Promotion in Rank – $122,262
3. Complete College Idaho (CCI) – $610,800 (100% state appropriation)
4. Center for Advanced Energy Studies – $333,300 (100% state appropriation)
5. Instruction and Instruction Support – $260,700
6. Career Path Internships (CPI) – $300,000
7. Student Scholarships – $985,000
8. Risk Management – $199,794
9. Library Collection – $186,400
10. Other critical University staffing/operating needs – $242,009
11. Reserve for “Guns on Campus” (SB1254) response costs – $500,000

</table>
The FY2015 General Education operating budget totals $164,115,000 with $161,111,100 in permanent base funding and $3,003,900 in one-time funding. The base state general fund allocation for FY2015 includes $1,124,300 in permanent funding for benefits, $607,700 for salary increases as well as funding for the 2nd year Law program in Boise and the Center for Advanced Energy Studies (CAES) leading to an overall increase is permanent state funding from $76,713,900 to $79,120,500 or 3.1%.

The Board approved an undergraduate student fee increase of 4.0% or $260 per academic year. The ASUI leadership once again provided key support for the operating budget, in this case by limiting the student activity fee increase for the coming year to 0.95%. They were able to accomplish this in part through the reallocation of existing activity fees to higher priority activities. This action by student leadership enabled the majority of the student fee increase to go to tuition, which is the primary source of flexible dollars to meet the institution’s key operating budget needs. There were no increases to the facility or technology fees for FY15.

The Board approved professional fee increases for the UI College of Law and the Art and Architecture program. These increases will enable these programs to sustain quality and provide services at a level that ensures continued accreditation and student development.

The University continues to focus on ensuring that all university resources are used in an effective manner to meet the strategic priorities of the university. Within the General Education budget these efforts for the coming year include full base funding for the entire 2% CEC, a critical need of the university as we try to compete for the best faculty and staff on the behalf of our students. In addition, we used increased state funding to help cover the increased costs of providing medical benefits to our employees, and, together with the funds received through the basic fee increase, to meet obligated cost increases for utilities, contracts, faculty promotions, inflationary costs in Library serials and periodicals, critical new faculty positions and support for the second year Law program in Boise.

We believe the budget you see here will provide a sound base from which to grow an effective and efficient institution that can continue to meet its key roles in education, research and outreach.

</table>
LCSC’s FY2015 General Fund budget of $14,163,900 represents a 5.2% increase in appropriated General Fund dollars compared to FY2014, reflecting additional funding to cover increased employee salary and benefit costs, partial funding (approximately 20%) of the College’s “CCI/60%” line item request, and a small increase for Enrollment Workload Adjustment (EWA) funding (appropriated at 67% of calculated cost of credit hour delivery). Continuing a trend which started in FY2010, the Legislature did not fund LCSC’s FY2015 MCO inflation request. General fund dollars were provided to cover a portion of the Legislature’s 1% ongoing and 1% one-time CEC increases. A portion of the CEC increase and increased employee benefit costs will be borne by LCSC students—a request to fund shift these dollars to the General Fund was not approved for FY2015. Sustaining delivery of quality instructional programs in 2015 will require careful planning and execution—and reallocation, as necessary, in accordance with Zero-Based Budgeting principles—as the College works to make the most effective and efficient use of all available resources.

The cumulative negative impact of austere budgets since FY2009 will be partially offset by increased tuition fees. A 2.0% increase in tuition for LCSC students was approved by the State Board of Education in April 2014—the projected revenue from this increase will be used entirely to fund the CEC and benefit costs allocated to student fees by the Legislature—the tuition increase is not expected to generate funds needed for program expansion. Based on our enrollment projections and the newly-approved tuition level, we estimate that approximately $14.2M in student fees will be generated in FY2015. A small increase in Normal School Endowment funds ($1,572,000 in FY2015 compared to $1,335,000 in FY2014) will help offset increased operating costs. LCSC’s Professional-Technical Education (PTE) appropriation for FY2015 ($4,221,634) is approximately $100,000 below the funding level provided for our PTE programs in FY2009.

The total of the budget components outlined above (General Fund, Student Fees, Normal School Endowment, and PTE. dollars) equals LCSC’s FY2015 Total General Education and Professional-Technical Education budget of $3,907,017.

LCSC’s General Education personnel structure will remain stable in FY2015, with a total of 338.57 FTE on board. In FY2015 the institution will continue austerity measures for Personnel Costs, Operating Expenses, Capital Outlay, and maintenance expenditures.

Looking ahead to FY2016 and beyond, LCSC will work to secure additional funds for Personnel, Operating Expense, and Capital Outlay accounts to continue to expand student programs to meet the State Board’s “60%” target, sustain campus infrastructure, rebuild financial reserves, and narrow the compensation gap between LCSC employees and their counterparts at peer institutions. LCSC is committed to maintaining sound stewardship of our FY2015 operating funds and to efficiently and
effectively deliver the instructional programs within our Board-assigned mission areas, while preserving student access to quality educational services.

POSTSECONDARY PROFESSIONAL-TECHNICAL EDUCATION SYSTEM
FISCAL YEAR 2015 BUDGET OVERVIEW

Funds are appropriated to the State Division of Professional-Technical Education for professional-technical education programs and services. The State Board of Education approved the allocation of the appropriation for postsecondary professional-technical education at its April 16-17, 2014 meeting. The State Division of Professional-Technical Education requests approval of the FY2015 Operating Budget for the Postsecondary Professional-Technical Education System.

The allocation and reallocation of funds for the FY2015 Postsecondary Professional-Technical Education System is based on the Strategic Plan for Professional-Technical Education in Idaho – FY2014 – 2018, as well as Board and Legislative Intent.

The FY2015 budget reflects an overall increase in the on-going budget of $1,379,900 or 3.95% increase in the state general fund. The increase in the on-going state general fund allocation includes: (1) $279,100 for a 1% CEC increase; (2) $689,900 for employee benefit increase; (3) $416,500 and six faculty positions for the new Advanced Manufacturing programs; and (4) an operating expense decrease in the amount of $5,600 for Controller fees and risk management costs at EITC.

In addition, the Legislature appropriated a decrease of $30,000 in student fees at EITC; $278,700 one-time state General Funds for personnel costs; $176,700 one-time state General Funds for library books and periodicals at EITC and operating expenses associated with the new Advanced Manufacturing programs; $748,900 one-time state General Funds for capital outlay associated with the new Advanced Manufacturing programs; and $632,500 one-time state General Funds for replacement capital outlay.

The following schedules are provided for review:

The Agricultural Research and Extension Service Appropriation (ARES) received an 8.2% increase in appropriation from FY14.

We continue to develop our strategic direction and realign and redirect our resources to promote the Programs of Distinction as identified in the strategic planning process completed during FY14. We will redirect resources and the efforts of current faculty and staff to grow these areas. An analysis is underway to identify the best practices and organizational structure needed to market and communicate our successes and “tell our story”. ARES will also continue to identify alternate funding sources to bring funding levels back to an appropriate balance between personnel and operating expenditures.

In order to adequately serve the needs of the citizens and stakeholders of Idaho we must continue to modify our “road map” to the future and make appropriate changes in our programs and operations.

#### Budget Overview

The FY 2015 budget for Health Education Programs reflects a 1.28% increase including contract inflation totaling $99K, ongoing CEC of $19k, one-time CEC of $19k, and benefit cost increases of $27k. The WI Veterinary Education program received $103K in one-time replacement capital. The WWAMI program received $252K ongoing funds for the second year of the five TRUST (Targeted Rural Under-Served Track) medical students approved for FY 2014, and $113k ongoing funds to add five more first year medical students. The University of Utah program received $28k for physician stipends to serve as mentors for third-year Idaho students participating in the University of Utah Medical Education Program. Finally, $200k was appropriated to support the Kootenai Health Family Medicine Residency.

COLLEGE AND UNIVERSITIES OF THE STATE BOARD

SUBJECT
FY 2015 Intercollegiate Athletics Operating Budget Report

REFERENCE
April 2014 Board approved athletics limits for general funds, gender equity funds, and institutional funds

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures Section V.X.

BACKGROUND/ DISCUSSION
State Board of Education policy provides “the institutions shall submit an operating budget for the upcoming fiscal year beginning July 1 in a format and time to be determined by the Executive Director.” A common reporting format has been established for reporting intercollegiate athletic revenues and expenditures.

Board policy establishes limits on the amount of funds the institutions can allocate to athletics from the state General Fund and institutional funds. At its regular April 2014 meeting the Board set the general funds, including a gender equity component and institutional funds limit for athletics as follows:

<table>
<thead>
<tr>
<th>Institution</th>
<th>General Fund</th>
<th>Gender Equity</th>
<th>Institutional</th>
</tr>
</thead>
<tbody>
<tr>
<td>BSU</td>
<td>$2,671,900</td>
<td>$1,178,600</td>
<td>$430,200</td>
</tr>
<tr>
<td>ISU</td>
<td>$2,671,900</td>
<td>$780,000</td>
<td>$602,200</td>
</tr>
<tr>
<td>UI</td>
<td>$2,671,900</td>
<td>$1,021,300</td>
<td>$860,400</td>
</tr>
<tr>
<td>LCSC</td>
<td>$993,300</td>
<td>N/A</td>
<td>$171,900</td>
</tr>
</tbody>
</table>

Page 3 displays a four-part pie chart that shows FY15 revenue by fund source by institution. Page 4 (FY15 Board Limits on General and Institutional Funds) separates the state General Fund limits between regular General Funds and gender equity. Note that all three universities are budgeting General Fund, gender equity, and institutional funds for athletics within their limits. LCSC is also within its General Fund limit, and chooses not to use its gender equity limit. Page 5 displays non-program revenue as a percentage of total athletic revenue and expenditures per varsity participant.

The individual institution reports, starting on page 7, begin with worksheets for each institution displaying the following data:

- FY13 Actual Expenditures (June 2013) – columns 1 & 2
- Latest FY14 Estimate (May 2014) – columns 3 & 4
- Variance ($ and %) comparing the FY13 Actual with the latest FY14 estimate – columns 5 & 6
FY15 Operating Budget (June 2014) – columns 7 & 8
Variance ($ & %) comparing the FY15 proposed Budget with the FY14 Estimate – columns 9 & 10

For each institution, revenue by source and expenditures by classification is reported, as is revenue and expenditures by general administration and sport.

IMPACT
The institutions presented their gender equity reports at the April Board meeting at which time institutions could request an increase to their respective gender equity limit above the normal amount calculated per Board policy.

Attachment 1 – FY15 Revenue by Source by Institution Page 3
Attachment 2 – FY15 Board Limits on General and Institutional Funds Page 4
Attachment 3 – Student Fees/State and Institution Support as % of Operating Revenues Page 5
Attachment 4 – Expenditures per Participant Page 6
Attachment 5 – Boise State University Page 7
Attachment 6 – Idaho State University Page 11
Attachment 7 – University of Idaho Page 15
Attachment 8 – Lewis-Clark State College Page 19

STAFF COMMENTS AND RECOMMENDATIONS
In FY 2013 Idaho State University exceeded its institutional funds limit of $540,400 by $22,300 or 4%.

In reviewing the budget reports, each institution has areas in which the variance from FY14 estimate to FY15 budget is significant. The institutions are prepared to explain their respective reports and variances therein.

All institutions show positive ending balances for FY 2015.

BOARD ACTION
I move to accept the Athletics Operating Budget reports for Boise State University, Idaho State University, University of Idaho and Lewis-Clark State College, as presented.

Moved by __________ Seconded by __________ Carried Yes _____ No _____
## Intercollegiate Athletics

**FY15 Revenue by Source by Institution**

### Boise State University
- Program Revenue: 78%
- Student Fee Revenue: 10%
- State Support: 11%
- Institutional Support: 1%

### University of Idaho
- Program Revenue: 55%
- Student Fee Revenue: 15%
- State Support: 24%
- Institutional Support: 6%

### Idaho State University
- Program Revenue: 31%
- Student Fee Revenue: 23%
- State Support: 39%
- Institutional Support: 7%

### Lewis-Clark State College
- Program Revenue: 42%
- Student Fee Revenue: 16%
- State Support: 36%
- Institutional Support: 6%

### Revenue by Program:

#### General Revenue:

- **Student Fees**: $3,293,399 (FY13), $3,634,709 (FY14), $3,769,844 (FY15)
- **Contribution**: $11,142,524 (FY13), $13,810,591 (FY14), $8,396,385 (FY15)
- **Direct State Funds**: $2,424,400 (FY13), $2,515,820 (FY14), $2,671,920 (FY15)
- **Institutional Support**: $976,872 (FY13), $1,109,700 (FY14), $1,178,600 (FY15)
- **NCAA/Conference**: $3,355,018 (FY13), $4,391,230 (FY14), $5,208,455 (FY15)
- **TV/Radio/Internet**: $39,095 (FY13), $2,500 (FY14), $10,000 (FY15)
- **Concessions/Program/etc.**: $1,044,473 (FY13), $935,331 (FY14), $958,383 (FY15)
- **Advertising/Sponsorship/Royalty**: $3,780,877 (FY13), $3,591,352 (FY14), $3,865,961 (FY15)
- **Endowment**: $0 (FY13), $0 (FY14), $0 (FY15)
- **NCAA/Bowl/World Series**: $213,059 (FY13), $29,750 (FY14), $29,750 (FY15)
- **Other**: $1,654,680 (FY13), $2,271,651 (FY14), $1,448,113 (FY15)

#### Revenue By Sport:

- **Men's Programs**:
  - **Football**: $7,537,204 (FY13), $7,321,568 (FY14), $6,772,022 (FY15)
  - **Basketball**: $1,575,000 (FY13), $575,000 (FY14), $1,350,000 (FY15)
