**WORK SESSION  
AUGUST 12, 2015**

---

**SUBJECT**

Five-Year Program Plan

**REFERENCE**

August 2012	The Board approved the first iteration of the Five-Year Program Plan.
August 2013	The Board approved the Five-Year Program Plan update.

**APPLICABLE STATUTE, RULE, OR POLICY**

Board Policy Section III.Z. Planning and Delivery of Postsecondary Programs and Courses, Section 33-113, Idaho Code.

**BACKGROUND/DISCUSSION**

Board Policy III.Z.2.a.ii, requires that institutions create plans in alignment with their Statewide and Service Region Program responsibilities that describe proposed programs to be offered over a five year period and all programs currently offered. Board staff reviews institution plans for alignment with statutory and policy requirements, program responsibilities, and duplication.

On April 14, 2015, Board staff coordinated a work session with the provosts to review draft institution plans, statewide needs, and to identify and discuss programs that could potentially be viewed as duplicative or in conflict with Statewide Program responsibilities. Institutions identified programs that would require further clarification and discussion and were instructed to work through those in preparation for the Instruction, Research, and Student Affairs (IRSA) Committee meeting on July 30, 2015.

The Five-Year Program Plan represents proposed programs for Academic Years 2015-16, 2016-17, 2017-18, 2018-19, and 2019-20.

**IMPACT**

The Five-Year Plan will provide a comprehensive picture of anticipated institutional academic program development. The Five-Year Plan is intended to serve as the foundation for advising and informing the Board in its efforts to coordinate educational programs throughout the State. Approval of the Five-Year Plan will provide the institutions with the ability to proceed to a program proposal development stage.

**ATTACHMENTS**

Attachment 1 – Five-Year Planning Cycle and Schedule	Page 5
Attachment 2 – The Five-Year Plan	Page 7

**STAFF COMMENTS AND RECOMMENDATIONS**

**WORK SESSION  
AUGUST 12, 2015**

---

As part of the proposed program planning process, institutions met in April 2015 to discuss areas of concern and potential collaboration opportunities. There are several notable collaborative projects and two proposed programs that required in-depth discussion.

**Collaborations**

Idaho State University and Boise State University, with participation from the University of Idaho propose to offer a joint program in Bioinformatics for Fall 2017. Students will join the program as juniors or seniors and earn a B.S. in biology, computer science, mathematics, biochemistry, etc., The 5th (graduate) year will be devoted primarily to research experience and three program-specific courses.

Lewis-Clark State College (LCSC) and North Idaho College (NIC) will collaborate to offer a Pharmacy Technician certificate for Fall 2017. The new curriculum is designed to meet the accreditation requirements for the American Society of Health-System Pharmacists. LCSC will also be collaborating with NIC to offer an Associate of Applied Science in Dental Hygiene for Fall 2017. The current partnership with Layne Community College will be phased out if the partnership with NIC is secured.

**Programs Identified for Discussion**

Boise State University (BSU) is proposing a new Ph.D. in Ecology, Evolution, and Behavior for the 2017-18 academic year. The program will be offered in a traditional format in Boise. The proposed program is not new to the plan and was originally added in 2013-14. At that time, the University of Idaho felt BSU's proposed Ph.D. program duplicated three of its existing Ph.D. programs. Those include Natural Resources, Biology, and Environmental Science. During this year's work session, the University of Idaho (UI) reiterated their concerns regarding duplication. Current Board policy III.Z does not assign a statewide program responsibility for Ecology programs to any institution. Given the recent administrative changes at the UI, Board staff recommends BSU and UI continue this discussion to determine whether concerns remain.

The College of Western Idaho (CWI) is proposing an Associate of Applied Science in Radiologic Technology for the 2019-20 academic year. The proposed program would prepare students to become a radiologic technologist or "RadTech". Students would practice their newly acquired diagnostic imaging skills in a modern radiographic laboratory and learning center on campus under the direct supervision of qualified staff. At the April work session, BSU expressed concerns about the likely competitiveness of clinical sites for its existing B.S., Diagnostic Radiology program, if CWI were to offer a Radiologic Technology program in the Treasure Valley. Both institutions agreed that ongoing discussion is necessary as CWI continues to explore the viability of the proposed program.

**WORK SESSION  
AUGUST 12, 2015**

---

IRSA reviewed the five-year plan at their July 30, 2015 meeting and will be prepared to discuss at the Board's work session.

Staff recommends approval of the Five-Year Plans as submitted in attachment 2.

**BOARD ACTION**

I move to approve the Five-Year Plan as submitted.

Moved by \_\_\_\_\_ Seconded by \_\_\_\_\_ Carried Yes \_\_\_\_\_ No \_\_\_\_\_

## **Five-Year Plan Delivery of Postsecondary Programs**

---

The State Board of Education established in alignment with Board Policy III.Z., a comprehensive process for the planning and delivery of postsecondary education. Consistent with this policy, institutions create an institution plan that describes all current programs and proposed programs to be offered in alignment with each institution's Statewide and Service Region Program Responsibilities. The process requires that institutions provide a level of programmatic information and specificity for each current program being offered and for each proposed program as part of the five-year plan development.

### **Statewide Program Responsibility**

In accordance with Board Policy III.Z.1.f, "Statewide Program Responsibility shall mean an institution's responsibility to offer and deliver a Statewide Program in all regions of the state. Statewide Program Responsibilities are assigned to a specific institution by the Board, taking into account the degree to which such program is uniquely provided by the institution."

### **Service Region Program Responsibility**

In accordance with Board Policy III.Z.1.e, "Service Region Program Responsibility shall mean an institution's responsibility to offer and deliver a Service Region Program to meet regional educational and workforce needs in its service region as defined in subsection 2.b.ii (1) and (2). Service Region Program Responsibilities are assigned to the Designated Institution in each service region, but may be offered and delivered by Partnering Institutions in accordance with the procedures outlined in this policy."

The Five-Year Plan specifically consists of proposed programs institutions have identified they will pursue within two years of approval of the Plan. As proposed programs are developed, institutions must follow the program review process and procedures provided in Board Policy III.G, Postsecondary Program Approval and Discontinuance to acquire appropriate approvals prior to implementation of programs. If the program is to be delivered outside the institution's service region, a Memorandum of Understanding must be developed and agreed upon in cooperation with the Board's Chief Academic Officer prior to implementation.

The Plan also consists of a complete program inventory of programs currently being offered by Idaho's public postsecondary institutions. Programs are listed by CIP code and then alphabetically by institution. The list includes programs, options, and degrees offered through various departments and colleges.

Consistent with Board Policy III.Z., the Plan is updated every two years. It is intended that the Five-Year Plan will provide guidance to the State Board of Education in its planning and coordination of educational programs.

## **Delivery of Programs**

---

Consistent with Board Policy III.Z., “Statewide Program Responsibilities are assigned to a specific institution by the Board, taking into account the degree to which such program is uniquely provided by the institution.” The statewide program list is reviewed for alignment by the Board every two years concurrently with the update to the five-year plan.

### **Boise State University**

Boise State University shall have responsibility to assess and ensure the statewide delivery of all educational programs in the following degree program areas:

<b>Program Name</b>	<b>Degrees</b>
Public Policy	M.S., Ph.D.
Public Administration	Ph.D.
Community & Regional Planning	M.C.R.P., Ph.D.
Social Work (Region V-VI —shared with ISU)	M.S.W.
Social Work	Ph.D.

Board approved December 18, 2013

### **Idaho State University**

Idaho State University shall have responsibility to assess and ensure the statewide delivery of all educational programs in the following degree program areas:

<b>Program Name</b>	<b>Degrees</b>
Audiology	Au.D., Ph.D.
Physical Therapy	D.P.T., Ph.D.
Occupational Therapy	M.O.T.
Pharmaceutical Science	M.S., Ph.D.
Pharmacy Practice	Pharm.D.
Nursing (Region III shared w/ BSU)	M.S., D.N.P.
Nursing	Ph.D.
Physician Assistant	M.P.A.S.
Speech Pathology	M.S.
Deaf Education	M.S.
Educational Interpreting	B.S.
Health Education	M.H.E.
Public Health	M.P.H.
Health Physics	B.S., M.S., Ph.D.
Dental Hygiene	B.S., M.S.
Medical Lab Science	B.S., M.S.
Clinical Psychology	Ph.D.

Board approved December 18, 2013

**WORK SESSION  
AUGUST 12, 2015**

---

**University of Idaho**

University of Idaho shall have responsibility to assess and ensure the statewide delivery of all educational programs in the following degree program areas:

Program Name	Degrees
Law	J.D.
Architecture	B.S. Arch., M. Arch.
Integrated Architecture & Design	M.S.
Landscape Architecture	B.S.L.A., M.L.A.
Interior Design	B.I.D., M.S.
Animal & Veterinary Science	B.S.A.V.S.
Animal Science	M.S.
Veterinary Science	D.V.M.
Plant Science	M.S., Ph.D.
Agricultural Economics	B.S.Ag.Econ
Applied Economics (Agricultural)	M.S.
Food Science	B.S.F.S., M.S., Ph.D.
Forest Resources	B.S.For.Res.
Renewable Materials	B.S.Renew.Mat..
Wildlife Resources	B.S.Wildl.Res.
Fishery Resources	B.S.Fish.Res.
Natural Resource Conservation	B.S.Nat.Resc.Consv.
Rangeland Ecology & Management	B.S.Rangeland.Ecol.Mgmt.
Fire Ecology & Management	B.S.Fire.Ecol.Mgt.
Natural Resource concentrations in: <ul style="list-style-type: none"> <li>• Forest Resources</li> <li>• Renewable Materials</li> <li>• Wildlife Resources</li> <li>• Fishery Resources</li> <li>• Natural Resource Conservation</li> <li>• Rangeland Ecology &amp; Management</li> <li>• Fire Ecology &amp; Management</li> </ul>	M.S., M.N.R., Ph.D.

Board approved December 18, 2013

**WORK SESSION  
AUGUST 12, 2015**

**FIVE-YEAR PLAN  
Proposed Statewide and Regional Programs**

**Institution Name: University of Idaho**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
<b>Program offerings commencing 2015-2016</b> Other programs/changes projected for this academic year were processed under the Program Prioritization process.								
Master of Science in Nutrition	M.S.	Region I and Region III	Regional	Summer 2016	Hybrid/combination modality: The Master of Science in Nutrition will provide courses related to the science and behavior of nutrition, feeding, eating, and food preparation. This meets the mandate of the Accreditation Council for the Education of Nutrition and Dietetics requiring all registered dietitian nutritionists to hold an MS degree.	Reallocation		
Master of Business for Veterans	master's level	Region I	Regional	Summer 2016	Online modality: Development of a new online Master Degree is being discussed in the college and the college expects to submit a detailed program proposal.	Reallocation		
Higher Education	Ph.D.	Region I and Region III	Regional	Summer 2016	Hybrid/combination modality: The purpose of this program is to prepare leaders in administration, staff, and faculty roles for higher education who: 1. Understand and facilitate Organizational Change & Development 2. Provide Organizational Leadership 3. Promote Social Justice and Diversity 4. Facilitate Transformational Learning for economy, society, and environment.	Self-supporting program		
Industrial Technology	B.S.	Region I	Regional	Summer 2016	Traditional modality: B.S. Industrial Technology provides students the ability to lead industry operations that are becoming more technical in nature and supervise direct labor. They interface with engineers and designers.	Reallocation		
Informatics	B.S.	Region I	Regional	Summer 2016	Traditional modality: A degree in Informatics would enable students to write software and work with database systems.	Reallocation		

**WORK SESSION  
AUGUST 12, 2015**

**Institution Name: University of Idaho**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
<b>Program offerings commencing 2015-2016</b>								
Computer Science	B.S.	Region I	Regional	Summer 2016	Traditional modality: A degree in Computer Science would enable students to work with computer and network security, games and virtual environments, embedded system, distributed and network computing, fault tolerant systems, artificial intelligence, computer architecture, software engineering, and database systems.	Reallocation		
Master of Laws	LL.M.	Region I and Region III	*Statewide	Summer 2016	Traditional modality: The Master of Laws (LLM) degree will primarily introduce international students to the U.S. legal system and allow them to focus their studies in one of our five emphasis areas for J.D. students or design a curriculum that prepares them to take a bar exam in the U.S. U.S. students can also enroll in the LL.M. to enhance their formal education in one of our curricular strength areas. (LL.M.) with five emphasis areas: U.S. Legal Systems, Democracy, & Justice; Natural Resources & Environmental Law; Business Law & Entrepreneurship; Litigation & Alternative Dispute Resolution; and Native American Law. *The LLM will be requested as a new listing in III.Z. with statewide responsibility.	Reallocation		
Arts Entrepreneurship	B.S.	Region I	Regional	Summer 2016	Traditional modality: The degree will focus on music, music business, and Entrepreneurship.	Reallocation		
Reproductive Biology Certificate	Graduate Certificate	Region I	Regional	Summer 2016	Traditional modality: The certificate is appropriate for graduate students or professionals majoring in a variety of biology disciplines who wish to develop a specific level of expertise in the area of reproductive biology that is useful for the student to advance their professional careers.	N/A		Discontinue

**WORK SESSION  
AUGUST 12, 2015**

**Institution Name: University of Idaho**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
<b>Program offerings commencing 2015-2016</b>								
Climate Change Certificate	Certificate	Region I	Regional	Summer 2016; Summer 2019	Traditional delivery first with on-line modality second: Requesting to convert an existing minor program to a certificate. This will allow more access to the program for students (non-degree seeking students and graduate students can earn the certificate, not just degree seeking undergraduates as is currently the case). Utilizes existing department strength area in expertise.	Reallocation		
<b>Program offerings commencing 2016-2017</b>								
Digital Design for Entertainment and Visualization	Certificate	Region I and Region III	Regional	Summer 2017	Hybrid/combination modality: This certificate will serve students in any degree program wishing to explore innovative design of new technologies. It supports state and university efforts in STEM disciplines as well as research in humanities and social sciences.	Reallocation		
Outdoor Leadership	Graduate Certificate	Region I	Regional	Summer 2017	Hybrid/combination modality: This certificate program will prepare educators to take both children and adults into outdoor learning experiences. Both appropriate pedagogy and safety considerations will be fully explored, with resulting skills ensuring safe and productive outdoor learning.	Self-supporting program		
1st year curriculum for Juris Doctor	J.D.	Region III	State-wide	Summer 2017	Traditional/hybrid combination modality: 1st year curriculum to be delivered in Boise (phased in), with the existing 3rd and 2nd years.	New appropriation		
Digital Media Skills	Certificate	Region I	Regional	Summer 2017	Online modality: Agencies and organizations have increased their use of online and social media. Editors and managers need editing and content management skills. Mid-career professionals in all areas of mass media will find this certificate helpful.	Reallocation		

**WORK SESSION  
AUGUST 12, 2015**

**Institution Name: University of Idaho**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
<b>Program offerings commencing 2016-2017</b>								
Analytics Certificate	Graduate Certificate	Region I	Regional	Summer 2017	Hybrid/combination modality: This certificate would provide a credential of expertise in the emerging field of analytics, or modern applied data analysis. It would be useful to workers in health care or business jobs where handling large data sets is important. The curricular objective would be to develop this expertise without the more intense mathematical prerequisites of a pure statistics program.	Reallocation		
Mathematics Education	Ph.D.	Region I	Regional	Summer 2017	Traditional modality: The PhD in Mathematics Education Degree prepares students to pursue a career as a College Professor specializing in pre-service and in-service education of Mathematics teachers as well as the furthering of research in Mathematics Education.	Reallocation		
GIS Certificate	Graduate Certificate	Region I and Region III	Regional	Summer 2017	Hybrid/combination modality: the existing GIS certificate (offered in north & southwest regions) was designated "undergraduate" a couple of years ago when it became necessary to choose grad or undergrad designations. The undergraduate designation made more sense for Moscow students, but has diminished the usefulness for professional audiences in Coeur d'Alene & Boise. UI seeks to expand the certificate to offer a graduate option as well. This graduate GIS certificate will have a focus distinct from existing programs by including basic principles of spatial science & applications in transportation, business, demographics & advanced topics in GIS. It will provide students w/skills needed by employers in both private & public sectors (eg., city & county planning offices, county assessors, transportation depts., & business location decision-making).	Reallocation

Proposed Regional Programs**

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
<b>Program offerings commencing 2015-2016</b> Programs projected for this academic year were processed under the Program Prioritization process.								
<b>Program offerings commencing 2016-2017</b>								
Master of Arts in Teaching (MAT) and/or Secondary Education Teacher Certification <b>(This is a modification to the Secondary Education Certification above)</b>	Certificate/ Master degree	Regions IV, V and VI	Regional	2016-2017	The Master of Arts in Teaching (MAT) Program is designed for students who are just finishing undergraduate studies or working professionals making a career change. The MAT program requires students to possess an undergraduate degree. The program results in secondary (6-12) certification and the ability to conduct action research in the classroom to improve teaching and learning. The secondary certification can also be pursued without the MAT.  Program will be delivered online with distance learning site seminars.	New budget request		
Applied Linguistics	MA	Region V	Regional	2016 - 2017	This interdisciplinary program will provide foundational knowledge in general linguistics with advanced knowledge and training in two main applied areas: teaching of English to speakers of other languages and language revitalization and maintenance. Program will be delivered in traditional format.	Reallocation of teaching assignments within existing faculty.		

**WORK SESSION  
AUGUST 12, 2015**

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Sign Language Interpreting	BS	move to Meridian Campus/Region III	Statewide	2016-2017	The Bachelor of Science Degree Sign Language Interpreting is designed to prepare students for employment as interpreters in educational settings and entry-level freelance assignments. An associate degree in Sign Language Studies or its equivalent is required. Students are taught with a "hands on" approach as they learn about the Deaf culture, how to collaborate in a professional setting and participate in field observations culminating with an interpreting internship. Program will be delivered face-to-face with online elements.  <i>(Educational Interpreting is currently a statewide program responsibility for ISU - a name change occurred but was not reflected in III.Z.) ISU will be requesting this change in III.Z. with statewide responsibility.</i>	This was part of PP, completed-2015 will be last graduates from the Pocatello campus No new resources are required since it is just a change in location of the program from the Pocatello campus to the Meridian campus with no change in the budget required		
Unmanned Aerial Systems (UAS)	BTC, AAS	Region V	Regional	2016-2017	UAS graduates will gain an understanding in several UAS operational capacities including remote sensing, surveillance, and data collection in hazardous, secure, long duration, highly repetitive or autonomous environments. In addition, graduates learn the engineering aspects of the UAS, as well as the restrictions governing the operation of UAS in the United States and International airspace. Program will be delivered face-to-face with online elements.	Reallocation of Resources		

**WORK SESSION  
AUGUST 12, 2015**

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Nondestructive Testing Technology	BTC, ITC, ATC	Region V	Regional	2016-2017	Nondestructive Testing (NDT) technology provides instruction in a type of quality control inspection that does not harm the part being tested. NDT inspectors use sophisticated technology to look through steel and concrete to identify and diagnose flaws without disrupting the integrity of the structure. Certified NDT Technicians perform inspections in power plants, pipelines, refineries, as well as on airplanes, ships, bridges, oil rigs, pressure vessels and other critical structures. Program will be delivered face-to-face	Reallocation of Resources		
Cyber-Physical Security	AAS	Region V	Regional	2016-2017	In contrast to cyber security, the goal of cyber-physical security is to protect the whole cyber-physical system, which uses widespread sensing, communication, and control to operate safely and reliably. This program provides instruction in Cyber-Physical Systems (CPS) that are integrations of computation, networking, and physical processes. CPS integrate the dynamics of the physical processes with those of the software and networking, providing abstractions and modeling, design, and analysis techniques that produce highly automated integrated control systems. Program will be delivered face-to-face with online elements.	Reallocation of Resources		

**WORK SESSION  
AUGUST 12, 2015**

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Interdisciplinary Associate of Science	AS	Region V	Regional	2016-2017	CoSE's current evaluation is that there is no demand among BS engineering or the majority of science BS students for an additional AS degree. The Physics A.S. degree has a small market but given that there is no additional cost this will not be changed. Occasionally there is corporate demand for the AS in Physics with emphasis in Health Physics. This degree is otherwise dormant. This option will remain available but dormant being used to respond to cooperate demand when it arises. Contrary to the preliminary Program Prioritization efforts, no change to these programs is currently being described. Program will be delivered traditional format.	Reallocation of Resources		
Masters Health Informatics	MHI	Region V	Regional	2016-2017	The online/hybrid MHI will be delivered as a mix of traditional classroom instruction and online classes. Depending on program enrollments and student demand, a fully online degree option would follow.	Reallocation of resources within the College of Business		
Esthetics	BTC, ITC	Region V	Regional	2016-2017	This program will train skincare specialist to evaluate clients' skin condition and appearance, discuss treatments and products for skin quality improvement, remove hair through wax or laser treatment, apply makeup, and other cosmetic procedures related to esthetics. Graduates of the program must pass a state exam for licensure. Program will be delivered traditional format.	Reallocation of Resources		
Community Paramedic	Certificate	Region III	Regional	2016-2017	This will be a stand-alone certificate for licensed paramedics as well as an area of emphasis under the B.S. in Emergency Medical Services. Certificate will be offered online.	new budget request		Contract with Idaho Department of Rural Health as part of the SHIP grant is in progress.

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Bachelor of Business Administration	BBA	Regions IV, V, VI	Regional	2016-2017	The objective of Idaho State University's Bachelor of Business Administration - program is to assist students to take their places in business and society, domestic and worldwide. The program develops in students inquiring minds and critical - thinking so they can analyze problems, implement courses of action, and function within an organization. Program will be delivered combination of traditional and online.	Reallocation of resources, new budget requests		
Master of Business Administration	MBA	Regions IV, V, VI	Regional	2016-2017	The traditional MBA provides a broad general degree particularly suited to those pursuing a managerial focus in their careers. The Accounting, Informatics, Finance, Health Care Administration, Project Management, and Marketing options provide specialized knowledge relating to their respective fields. The Accounting emphasis meets the needs of students who wish to satisfy requirements for certification as public accountants (CPA) or certification as management accountants (CMA). Program will be delivered combination traditional and online.	Reallocation of resources, new budget requests		
<b>Program offerings commencing 2017-2018</b>								
Leadership	Certificate	Region V	Regional	2017-2018	The Leadership Certificate is designed for those seeking to enhance their general management and leadership skills in order to become effective leaders in a dynamic business world. The curriculum focuses on core business competencies including marketing, finance, negotiations, change management, and systems thinking. Certificate will be delivered traditional format.	Reallocation of resources

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Entrepreneuership	Certificate	Region V	Regional	2017-2018	The Certificate in Entrepreneurship provides a strong foundation for launching and successfully operating a small business venture. The curriculum spans all stages of small business development, from defining an idea to finding and managing your finances to building marketing strategies and managing your operation. The capstone course teaches you how to finalize your business plan and put into practice the next steps to executing and managing a successful business. Program will be delivered traditional format.	Reallocation of resources		
Dietetic Internship with Combined Master's Program and/or Health Education	Masters	Region III	Regional	2017-2018 Accrediting body has not yet determined required competencie s.	Dietetic Internship is open to graduates nationwide who have completed a prescribed course of study in foods and nutrition, called the Didactic Program in Dietetics (DPD), accredited by the Academy of Nutrition and Dietetics. The Dietetic Internship would partner with an existing graduate program (e.g. Master of Public Health or Master of Health Education) to offer a combined internship/master's program. Existing graduate programs could possibly have a nutrition track or emphasis in addition to already offered emphasis areas for dietetic interns to choose from. Program/internship will be delivered online or traditional format.	Professional fees from the dietetic internship along with reallocation of funds will be used to pay for this program. No new money requests are expected at this time.

Rehabilitation and Communication Sciences	Ph.D.	Region III & V	Regional	2017-2018	This proposed doctoral program would provide an interdisciplinary academic and research experience designed to build the skills and abilities to enter and succeed in academic faculty positions in the rehabilitation and communication sciences fields. Currently there is a shortage of rehabilitation and communication sciences professionals and a critical shortage of qualified faculty members to teach in entry-level clinical programs and conduct research. This PhD program would be ideally suited for current physical therapists, occupational therapists, speech-language pathologists, and audiologists to advance their knowledge, pursue a line of research, and develop their teaching abilities within an interprofessional context. Program will be delivered in traditional and online format.	Reallocation of existing resources and grant funds will be sought to support this degree program.		
Physical Therapy	Doctor of Physical Therapy (DPT)	Region III	Statewide	2017-2018	The Doctor of Physical Therapy (DPT) program in Meridian will be a "mirror" program expansion of the existing, fully accredited ISU DPT program. The DPT degree will be offered to a cohort of students at the ISU Meridian Center in addition to the cohort at ISU main campus in Pocatello. Program will be delivered traditional and online format.	New budget requests, grants, and student professional fees will be used to support the expansion of DPT Program to the Meridian campus.		
Doctor of Nursing Practice (DNP)/Doctor of Philosophy (PhD) in a Nursing dual degree	DNP/PHD		Statewide	2017-2018	The dual degree of DNP/Ph.D. will encompass an integrated curriculum of existing DNP and Ph.D. programs for an advanced clinical and research program of study. The graduate will be prepared as an expert and leader in primary care practice, and to contribute to the development of scientific knowledge for advancing the discipline. The dual degree program will be delivered online; students could enroll from across the U.S (KN 05-22-15). Program will be delivered online.	No additional resources requested. Professional fees will be assessed as currently established for graduate programs each semester students are enrolled.		

**WORK SESSION  
AUGUST 12, 2015**

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Occupational Therapy Assistant	AAS	Region V	Regional	2017-2018	The new AAS in OTA at ISU will serve as a sister program to the current, highly-regarded PTA program in the COT. The program will follow the basic format established by the PTA program which is 1) delivered with face-to-face didactic instruction augmented with web-based assignments; 2) includes hands-on lab demonstrations, skills practice, and skills sign-offs; and 3) the placement of students in externships or clinical rotations in order to acquire real life experiences. Program will be delivered traditional/online supplemented format.	Grant Funding		
Masters in Healthcare Administration	MHA	Region V	Regional	2017-2018	The online MHA would be an innovative, student-centered program that uses a cohort model where students progress through the program together as members of a learning team. The program will be designed for both full-time students and working professionals who prefer learning anytime and anywhere. To reduce program costs and maximize the deployment of faculty talent and resources across the University, the online MHA program would be jointly delivered between the KSHP/Division of Health Sciences and the College of Business (COB). Program will be delivered online.	New and reallocation of resources.		
Degree Completion Program -Dental Hygiene (added name Dental Hygiene)	Bachelor of Sciences		Statewide	2017-2018	The degree completion program is designed for licensed dental hygienists who have completed professional education, earned an associate's degree and are currently licensed. The degree awarded through this proposed completion program will a baccalaureate degree in dental hygiene. The ISU dental hygiene undergraduate program is the only program in the state that awards a BS degree in Dental Hygiene. Delivered online/video conferencing.	Student Professional Fees		

**WORK SESSION  
AUGUST 12, 2015**

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Dental Hygiene (expansion of Bachelor of Science degree to Meridian)	Bachelor of Sciences	Region III	Statewide	2017-2018	The BS in Dental Hygiene program in Meridian will be a program expansion of the existing, fully accredited ISU Dental Hygiene program. This request is for the expansion of Idaho State University's Dental Hygiene (DH) program, including clinic and laboratory education to the ISU-Meridian campus in Meridian, Idaho. Space (4,800 square feet) has been allocated for the Dental Hygiene Program adjacent to the Idaho Advanced Education in General Dentistry Residency. Mode of delivery will be DL and classroom.	New Budget Request		
Social Work	MSW	Region V	Statewide shared with BSU for Regions V & VI	2017-2018	The master's degree in Social Work will build upon a highly successful undergraduate Social Work program that currently prepares students to work as professionals in entry-level social work generalist practice. A new MSW program would prepare graduates for advanced professional practice in an area of concentration within the field of social work through mastery of a core set of competencies as set forth by the Council on Social Work Education (CSWE), our national accrediting body. Program would include two options: 1) a one-year, advanced standing MSW program which would be an efficient graduate education option for those students who complete their BA degrees in social work at ISU or another CSWE accredited programs; 2) a traditional two- year program for students who have completed non-social work BA degrees. The master's degree will provide an in-depth, specialized approach to Social Work practice and theory, with an emphasis on ISU program strengths in gerontology, child welfare, social work and health, and rural social problems. Method of Delivery: Hybrid/combination	Professional fees, new operating funds		

**WORK SESSION  
AUGUST 12, 2015**

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Biomedical Ethics	Graduate Certificate	Regions III & V	Regional	2017-18	Certificate program of 15 credits would address the ethical issues raised by technological advances and cultural changes. It would involve relevant courses already offered in philosophy, medical anthropology, and sociology. Only two new courses will need to be created. Method of Delivery: Classroom, DL, and online	Reallocation.		
Computer Science	MS	Region V	Regional	2017-2018	The computer science program helps students gain the following abilities: An awareness and commitment to one's ethical and social responsibilities, an understanding that life-long learning is an integral part of personal, professional, and social interaction, the requisite qualifications for obtaining employment as a Computer Scientist, and the requisite qualifications for pursuing an advanced degree in Computer Science or a related field, particularly when the curriculum is augmented with additional selected math courses.	Reallocation of Resources		
Community College Education	EdD	Region V	Regional	2017-2018	Ed.D. in Educational Leadership with an emphasis in Community College Leadership. The emphasis would share the current EdD Core classes, most of the Higher Education Concentration courses, and five "specialty" courses, two of which would be concentrated residential summer classes with a close relationship with instate community colleges. Method of Delivery: Traditional/Hybrid	Reallocation of vacant position		
Certificate of Instructional Technology & Design	Graduate Certificate	Regions IV, V, VI	Regional	2017-2018	The Certificate of Instructional Technology and Design would be 15 credits, sharing 5 current M.Ed. in Instructional Technology courses taught by current M.Ed. IT faculty. The five "specialty" courses are central or core to delivering technology-based instructional solutions in academe, healthcare, government, and business. Method of Delivery: online	No new resources required for the certificate. The certificate will increase enrollment in existing courses.		

**WORK SESSION  
AUGUST 12, 2015**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
MBA in Health Care Management	MBA	Region V	Regional	2017-2018	The Health Care Management degree program focuses on the organization, financing, marketing, and management of healthcare institutions and the delivery of personal health services in the United States. The manager's role in health care organizations continues to grow in importance, as the rapidly changing health care industry becomes the nation's second largest employer. A Health Care Management major is well-qualified to respond to the many critical problems now faced by hospitals, government agencies, group practices, pharmaceutical and biotechnology firms, insurance and managed care organizations, and consulting firms. Method of Delivery: Traditional/Hybrid/Online	Reallocation of resources, new budget requests		
Master of Science in Data Analytics	MS	Regions V	Regional	2017-2018	The MS in Data Analytics immerses students in a comprehensive and applied curriculum exploring the underlying data science, information technology, and business of analytics. The degree provides students with advanced analytical training to develop their ability to draw insights from big data, including: data collection, preparation and integration; statistical methods and modeling; and other sophisticated techniques for analyzing complex data. The program is highly applied in nature, integrating business strategy, project-based learning, simulations, case studies, and specific electives addressing the analytical needs of various industry sectors. Supplemented by an internship placement and industry supplied projects, graduates will be exceptionally well-equipped to harness and communicate the full value of data to the organizations they serve. Method of Delivery: Hybrid/online	Reallocation of resources, new budget requests

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
<b>Program offerings commencing 2018-2019</b>								
Physician Assistant Residency, Psychiatry	MPAS- Psychiatry	Region V	Statewide	2018-2019	This request is to initiate a new post-graduate residency culminating in a graduate degree within the existing Department of Physician Assistant Studies. The degree will be the "Masters of Physician Assistant Studies with an emphasis in Psychiatry" (MPAS-Psychiatry). The P.A. program provides a quality graduate medical education that emphasizes critical thinking, problem solving, and service-learning in a curriculum that is technologically enhanced, research oriented, and evidence-based, with strength in both the basic and clinical medical sciences. MOD: classroom, DL and onsite clinical.	Partnerships		
Master of Occupational Therapy (Expansion to Meridian)	Master of Occupationa l Therapy (MOT)	Region III	Statewide	2018-2019	The Master of Occupational Therapy (MOT) program in Meridian will be an extension program of the existing, fully accredited ISU MOT program. The MOT degree will be offered to a cohort of students at the ISU Meridian Center in addition to the cohort at ISU main campus in Pocatello. Method of Delivery: Hybrid	New budget requests, grants, and student professional fees will be used to support the expansion.		
Pharmacy Technician	ITC, AAS	Region V	Regional	2018-2019	As a result of impending changes in state law and national trends, the ISU COT is in an ideal position to lead out in the creation of this Pharm Tech program, especially as ISU also features a College of Pharmacy. The program will utilize online didactic instruction, in-person lab experiences, and clinical externships at local pharmacies. TC can be gained in 3 semesters, while the AAS will require 5 semesters. Method of Delivery: Online Blackboard collaborate/ face-to-face	Grant Funding

<b>Program offerings commencing 2019-2020</b>								
Industrial Production Technology	AAS	Region V	Regional	2019-2020	This Associate of Applied Science degree program will fulfill a need for industrial production technicians and process operators. The program is requested by Enrichment Technologies Corporation to support construction of a uranium fuel enrichment facility in Idaho Falls, Idaho. Method of Delivery: Traditional/classroom	Reallocation of Resources/Grant Funding		
Advanced Dental Hygiene Education	PhD	Regions III, V	Statewide	2019-2020	The PhD program in dental hygiene is designed to create a cadre of dental hygiene researchers, scholars and educators, to provide advanced education for those oral health professionals who seek careers in research and academia, and to expand the body of knowledge in the dental hygiene discipline. This doctoral level program will be delivered online and open to the international community of dental hygienists. This program meets the vision of the department to be the premier global dental hygiene center of education, practice, leadership, and scholarship. Method of Delivery: online	Student Professional Fees		
Electrical Engineering	MS	Region V	Regional	2019-2020	Faculty within the Dept of Electrical Engineering believes that there is an unsatiated demand for a graduate program in Electrical Engineering. It is believed that a graduate program could be developed by further optimizing available faculty without additional costs. Method of Delivery: Hybrid	Reallocation of Resources

Computer Engineering	BS	Region V	Regional	2019-2020	Faculty within the Dept of Electrical Engineering believes that there is an unsatiated demand for a BS program in Computer Engineering. It is believed that a BS program in Computer Engineering could be developed using existing courses with an optimized program structure without any additional expense. Method of Delivery: Hybrid	Reallocation of Resources		
Mathematics	MS	Region V	Regional	2019-2020	Regionally there is a unsatiated demand for graduate students trained in statistics. Students of statistics programs are finding very high paying jobs immediately upon graduation. We believe developing a graduate MS in statistics will serve the region well. Method of Delivery: Hybrid	Reallocation of Resources		
Biochemistry	MS	Region V	Regional	2019-2020	The degree awarded will be a MS in Biochemistry, which is the study of chemical processes within living organisms. ISU's program will be housed in Chemistry. As a discipline, Biochemistry provides the basis for practical advances in medicine and health technology. Method of Delivery: Traditional classroom	Reallocation of Resources and grant funding		
Integrative Neuroscience	MS, Ph.D.	Region V	Regional	2019-2020	This degree program will be a MS, Ph.D. in Integrative Neuroscience combining the academic resources of the three colleges and eight departments. The program will have a solid grounding in neurobiology and emphases developed within the students own department. Method of Delivery: Traditional classroom	Grant Funding

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
<b>Program offerings commencing 2016-2017</b>								
Asian Studies	BA	Region III	Regional	Fall 2016	Will include intensive language study, a study abroad experience in Asia, and a comprehensive historical/economic understanding of Asian societies. Excellent preparation for a number of professional opportunities in the fields of business, law, and international relations. Professional schools and careers are focusing increasingly on interdisciplinary preparation of applicants. Traditional Method of Delivery	No additional cost to offer program		
Educational Technology	EdS	Region III	Regional	Fall 2016	Students in the program of Educational Technology will explore the use of current and emerging technologies for effective and efficient teaching in a dynamic global society. Areas of focus include but are not limited to online teaching and learning, technology integration, and innovative teaching in K-12 and higher education. Online Method of Delivery	Self-support No additional cost for Program		
Biomedical Sciences	BS	Region III	Regional	Fall 2016	The BS in Biomedical Sciences will prepare a student for: (i) most health professional schools, e.g., medical, dental, veterinary, physical therapy, physician assistant, and pharmacy, and (ii) research-based M.S. and Ph.D. degrees in cell biology, molecular biology, immunology, and other biomedical sciences, or (iii) careers in industry (e.g., pharmaceutical, biotech). Traditional Method of Delivery	No additional cost to offer program		
Leadership and Conflict Management	MA	Region III	Regional	Fall 2016	The MA in Leadership and Conflict Management supports regional education and skill development in the use of large and small group conflict management processes. In particular, the program will build capacity to engage questions and resolve conflicts at the science-policy nexus. Traditional Method of Delivery	Reallocation

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Digital Literacy	MA	Region III	Regional	Fall 2016	This program will focus on the change in how information is processed, delivered, and received in today's highly connected world. Traditional Method of Delivery	No additional cost to offer program		
Nursing Simulation	MS	Region III	Regional	Fall 2016	The program will prepare healthcare educators to facilitate learning of health professions students and practitioners in a simulation lab environment. A health care simulation lab is a physical location that replicates the settings where health care may be provided such as a hospital, provider's office, or home. The lab is designed with features to mimic real health care settings, and includes functioning equipment. Both live actors and computerized mannequins offer opportunities for learners to provide patient care experiences. The advantage that simulation offers is that the student experience can be better directed, poses less risk to live patients, and includes a broader array of health care situations. Traditional Method of Delivery	Reallocation		
Secondary Education	BA	Region III	Regional	Fall 2016	This program will prepare individuals to teach students in the secondary grades, which may include grades seven through twelve, depending on the school system or state regulations. Students will also pursue a subject area major field. Traditional Method of Delivery	No additional cost to offer program		
STEM Secondary Education	BA	Region III	Regional	Fall 2016	This program will prepare individuals to teach general science programs, or a combination of the biological and physical science subject matter areas, at various educational levels. Traditional Method of Delivery	No additional cost to offer program

Athletic Training Program Administration	PhD	Region III	Regional	Fall 2017	This program will prepare future leaders in athletic training education programs (ATP). All of the 350+ such programs in the US must have a designated Program Director with an academic affiliation and with board certification as an athletic trainer. Presently there are no known doctoral level programs of this type. Combination of online and traditional method of delivery	Reallocation		
Business Anthropology	BA	Region III	Regional	Fall 2017	Business anthropology applies anthropological theories and practices to the needs of private sector organizations, especially industrial firms. Current research initiatives in the field tend to be concentrated in (1) marketing and consumer behavior, (2) organizational theory and culture, and (3) international business, especially international marketing, intercultural management, and intercultural communication. We define business anthropology as a practical oriented scholastic field in which business anthropologists apply anthropological theories and methods to identify and solve real business problems in everyday life. Online Method of Delivery	Self-support		
Behavioral Science (Relational Focus)	BS	Region III	Regional	Fall 2017	This program is a degree completion/ second degree for students that are interested in Behavioral Sciences. Online Method of Delivery	Self-support		
Chemistry	MA	Region III	Regional	Fall 2017	A master's program in chemistry focused on professionals and secondary teachers; a non-thesis alternative to existing MS in Chemistry. Traditional Method of Delivery	No additional cost to offer program

<b>Program offerings commencing 2015-2016</b>								
Machine and Tool Technology (previously called Advanced Manufacturing)	AAS	Region VI	Regional	Fall 15	EITC's Machine Tool Technology and Advanced Manufacturing program will provide students with the necessary skills to enter the work force as an entry-level or apprentice welder/fabricator. Students will learn and perform a variety of current industry processes and procedures and will use industry standard state-of-the-art welding equipment. The delivery method will be lecture and laboratory.	This program will be funded by a line item request		
Radiation Safety	ITC	Region VI	Regional	Fall 15	This program will prepare students to safely monitor radiation produced in the nuclear industry in Southeast Idaho. Understanding how radiation is produced and the potential harm to the body is important to using the correct shielding methods. This program will comply with all national industry standards for safe control of radiological materials. The delivery will be lecture and laboratory.	This program will be funded during the first year by INL. The on-going funding will be with reallocation of \$96,571.26		
Registered Nursing	AAS	Region VI	Regional	Spring 16	The new RN option will allow students to go from C.N.A. to RN without a forced "stop-out" between programs. There will be an exit for LPN if students select that option. The delivery will be lecture and laboratory with some online instruction.	Funding to support changes to RN Program will be \$80,000 from reallocated funds from the old RN Program.

<b>Program offerings commencing 2016-2017</b>								
Heavy Duty Equipment Technician	AAS	Region VI	Regional	Spring 17	The Heavy Duty Equipment Technician program at EITC will prepare students to enter the work force as entry-level or apprentice technicians. This new program will include an in- depth study of equipment repair and maintenance needs. The program prerequisites will consist of the current first year diesel classes. Delivery method: lecture & lab.	Reallocation of existing funds.		Closure of existing programs will be assessed on a yearly basis to determine funds available
Medical Laboratory Technician	AAS	Region VI	Regional	Spring 17	The medical technician program will prepare students to work in the area of medical technician in a lab or doctor's office environment. They will perform diagnostic work on lab samples and help identify growth cultures. They will also be able to identify classifications of microbes and families they belong to. They will also be able to identify medications that can control growth of these organisms. This will be a lecture/laboratory program with some online instruction.	Funding for this program will be from new funds from a line item request.		
Computer Security Technologies	AAS	Region VI	Regional	Spring 17	The Computer Security Technologies Program at Eastern Idaho Technical College will prepare students for entry-level positions in Information Technology Security. The curriculum gives students an understanding of security technologies including computer fundamentals, security information, and online security. Students will be trained for careers in information assurance, computer and network security. The delivery method will be lecture and laboratory.	This program will be from reallocation of existing funds.		Closure of existing programs will be assessed on a yearly basis to determine funds available

<b>Program offerings commencing 2017-2018</b>								
Energy Systems Electrical Engineering Technology	AAS	Region VI	Regional	Fall 2017	Energy Systems Electrical Engineering Technology (EET) prepares students to pursue a career in the installation, operation, adjustment, routine maintenance, inspection, test and repair of power generation equipment. Graduates work in all fields of electrical generation with companies who design, build, operate, and maintain electrical generation systems. The delivery will be lecture and laboratory with some online instruction.	This program will require reallocation funds of \$78,000	Eastern Idaho Technical College designated and ISU Partnering in the MOU. The first year of this program will be completed at EITC and the second year for the AAS will be at ISU. This MOU is currently in place and we would expand it to include a 2nd year at EITC.	Closure of existing programs will be assessed on a yearly basis to determine funds available
<b>Program offerings commencing 2018-2019</b>								
Pharm Tech	AAS	Region VI	Regional	Fall 18	The Pharm Tech Program at Eastern Idaho Technical College will prepare students to be registered with the Board of Pharmacy and to work with a licensed pharmacist. They will perform all functions required such as preparing, compounding and distributing/ dispensing of medications. This new program will be taught on campus in a lecture/lab delivery with an on-line component. The delivery will be a hybrid between face to face lecture/lab and online.	This program will be possible by seeking new funding from a line item request.

Diagnostic Sonography	BTC	Region IV	Regional	Fall 2019	A Sonogram Technician is a healthcare professional who conducts ultrasound examinations to help physicians diagnose and screen medical conditions. Sonogram technicians employ medical equipment using sound waves to capture images of internal tissues within the human body. These images are then used to diagnose such conditions such as cancer or to monitor fetal development in pregnancies. This program will be delivered in a traditional setting with some option for gen ed components to be completed online.	Reallocation of existing funds and/or request for new funding where appropriate	NA	
Health Information Technology	AAS	Region IV	Regional	Fall 2019	Compile, process, and maintain medical records of hospital and clinic patients in a manner consistent with medical, administrative, ethical, legal, and regulatory requirements of the health care system. Process, maintain, compile, and report patient information for health requirements and standards in a manner consistent with the healthcare industry's numerical coding system. This program will be delivered in a traditional setting with some option for gen ed components to be completed online.	Reallocation of existing funds and/or request for new funding where appropriate	NA	
Medical Lab Assistant	AAS	Region IV	Regional	Fall 2019	Perform complex medical laboratory tests for diagnosis, treatment, and prevention of disease. May train or supervise staff. This program will be delivered in a traditional setting with some option for gen ed components to be completed online.	Reallocation of existing funds and/or request for new funding where appropriate	NA

Histology Technician	AAS	Region IV	Regional	Fall 2019	A Histotechnologist will prepare very thin slices of human, animal or plant tissue for microscopic examination. This is an important part of the intricate process of scientific investigation used in establishing and confirming patient diagnosis. Because of the histotechnologist's skillful application of sophisticated laboratory techniques, the seemingly invisible world of tissue structure becomes visible under a microscope.	Reallocation of existing funds and/or request for new funding where appropriate	NA	
Gerontology	AAS	Region IV	Regional	Fall 2019	Gerontologists are health care professionals who specialize in working with elderly patients. They provide their services to people in nursing homes, senior citizen centers, and other similar facilities. Applied gerontologists work directly with the elderly, communicating with and analyzing individuals, families, and groups. The growing population of retirees that are healthy and active promises to bring a new dimension to this field. This program will be delivered in a traditional setting with some option for gen ed components to be completed online.	Reallocation of existing funds and/or request for new funding where appropriate	NA

Engineering	AS	Region III	Regional	Fall 2018	This program is an academic transfer program designed to prepare students to finish a Bachelor's degree in engineering at a four-year college. The course work emphasizes math, natural sciences, physics, engineering sciences and English. Students finish their general education core requirements at the transfer institution. MOD: Traditional/Hybrid	New Allocation	N/A	N/A
<b>Program offerings commencing 2018-2019</b>								
Education-Special	AA	Region III	Regional	Fall 2018	This program is intended to prepare students for transfer into a baccalaureate program in Special Education. Students who complete this associate's degree are also prepared for employment in schools or other educational placements in need of paraprofessionals/teacher assistants. MOD: Traditional/Online	No new resources needed	N/A	N/A
English Creative Writing	AFA	Region III	Regional	Fall 2018	This program is intended to prepare students for transfer into a bachelor of fine arts (BFA) program in creative writing. MOD: Traditional/Online	No new resources needed	N/A	N/A
Web/Graphic Design	AAS, ATC	Region III	Regional	2018-2019	Graphic Design coursework includes study in graphic design, illustration, typography, web design and advertising. Great facilities such as Macintosh-equipped computer design studios, with the latest design and illustration software and color printers, allow students to develop professional quality portfolios MOD: Face to Face	New State Funding	N/A	N/A
<b>Program offerings commencing 2019-2020</b>

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Computer Science	AS	Boise/ Region III	Regional	Fall 2019	This program is an academic transfer program designed to prepare students to finish a Bachelor's degree in computer science and related fields. This is a general program that focuses on computers, computing problems and solutions, and the design of computer systems and user interfaces from a scientific perspective. Includes instruction in the principles of computational science, and computing theory; computer hardware design; computer development and programming; and applications to a variety of end-use situations. MOD: Traditional/Hybrid	Undecided	N/A	N/A
Electrical Power Line Technical	AAS, ATC	Region III	Regional	2019-2020	Development of basic skills needed to be an electrical line worker. These skills include: overall safety considerations, power pole climbing skills, knowledge of the basic tools and materials involved with the electrical line crafts, general construction standards, basic rigging principles, and basic electrical theory that is specific to this trade. MOD: Face-to-Face	New State Funding	N/A	N/A
Hospitality Management	AAS, ATC	Region III	Regional	2019-2020	Hospitality management degree programs include the study of theoretical and practical management skills, hospitality business law and food and beverage management. Students develop skills in marketing, purchasing, budgeting and cost control. Although many entry-level management positions in the hospitality industry do not require a degree, post-secondary education is helpful for career advancement. MOD: Face-to-Face	New State Funding	N/A	N/A

<b>Program offerings commencing 2015-2016</b>								
Aviation Technology	Associate of Applied Science/Advanced Technical Certificate	Region I	Service Region Program/Service Region Program Responsibility	Spring 2016	For students seeking a career as a Professional Helicopter Pilot. Flight Training classes are offered through Inland Helicopter's Part 141 certificate. Graduates will have 225 flight hours and meet the minimum qualifications for entry-level employment as a professional helicopter pilot or flight instructor. Method of delivery: face-to-face, internet, and hybrid.	Self Support	Inland Helicopter, Effective date 1/1/2016, pending State Board approval of degree	
<b>Program offerings commencing 2016-2017</b>								
Aviation Technology	Associate of Applied Science	Region I	Service Region Program/Service Region Program Responsibility	Fall 2016	For students who wish to prepare for a career as a commercial airplane pilot. Students will work toward a college degree and commercial instrument pilot certificates at the same time. Additional ratings for flight instructor, instrument flight instructor, and multi engine may be earned. Method of delivery: face-to-face, internet, and hybrid.	Self Support	Northern Air, Effective date 1/1/2016, pending State Board approval of degree	
Water Quality	Associate of Science Degree / Emphasis in Wastewater Quality	Region I	Service Region Program/Service Region Program Responsibility	Fall 2016 (FY 2017)	In progress - under discussion with Coeur d'Alene Tribe, UI, and the Coeur d'Alene Wastewater Treatment Plant; delivery anticipated to be as follows: Traditional classroom, on-line, hybrid/combination; Recurring new budget needed to deliver is \$20000, FY 17, then ongoing.	N/A	Pending State Board approval of degree; Need for and scope of MOU indeterminate at this time, dependent on outcomes of discussion with U of I and other partners in delivery of such a program.	

**WORK SESSION  
AUGUST 12, 2015**

**Institution Name: North Idaho College**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Dental Hygiene previously Dental Assistant	Associate of Applied Science w/Certificate Option	Region I	Service Region Program/Service Region Program Responsibility	Fall 2016	The degree awarded is an AAS degree with a certificate option. The program will prepare students to provide patient care, office assistance, and central supply and sterilization duties to dental offices. The didactic instruction will occur on the Coeur d'Alene campus, the clinical component will be taught at a dental facility in the community. Method of delivery: hybrid.	Grant funded; Will seek state funding	Heritage Health - pending State Board approval of degree	
Surgical Technology	Certificate w/Associate of Applied Science Option	Region I	Service Region Program/Service Region Program Responsibility	Fall 2016	The program will prepare students to assist in surgical operations in acute care and outpatient settings. Upon successful completion of the program, graduates will be eligible to become certified by passing a national licensing examination. Surgical Technologists serve as members of the operating room team under the direction of licensed professionals and provide care for patients before, during and after surgical procedures. Method of delivery: hybrid.	Grant funded; Will seek state funding	Kootenai Health - pending State Board approval of degree	
Medical Laboratory Technician	Associate of Applied Science	Region I Region II	Service Region Program/Service Region Program Responsibility	Fall 2016	Many opportunities await those choosing careers in medicine and science. One of the most rewarding is medical laboratory technology. As members of the medical team, technicians work side by side with medical technologists and pathologists and have relatively less contact with patients. Medical laboratory technicians (MLTs) perform a great variety of scientific laboratory procedures, utilizing automated computerized instrumentation, all of which aid in the detection, diagnosis and treatment of disease. Method of delivery: hybrid.	Grant funded; Will seek state funding

**WORK SESSION**  
**AUGUST 12, 2015**

---

**SUBJECT**

Board Operations and Planning

**BACKGROUND/DISCUSSION**

The purpose of this work session item is for Board staff to discuss with the Board how and why the Board meetings are structured the way they are and any changes the Board may want to see to better facilitate more in-depth policy discussions.

As part of the discussion, Board members will have an opportunity to discuss/identify:

- Delegating items to their chief executive officers through Board policy.
- How the Board accomplishes its dual role of as the governing and policymaking body for Idaho public education from kindergarten through college, as well as the Board's role as the Board of Regents or Board of Trustees for the state's public four-year institutions and technical college and the accreditation implication that accompany this role.
- How the Board would like informational items presented to them to better inform decision making and discussion and the timing for information prior to required Board action.
- How the Board would like to handle long range planning for the state's public education system beyond the annual review and more in-depth five year updates to the Boards strategic plan, including but not limited to identifying potential large scale or significant changes to the education system.

**IMPACT**

This work session will provide the Board an opportunity to discuss any changes they would like to the Board meeting agenda material as well as policy changes that would allow the Board to fulfill its statutory duties while also providing opportunities for more engaged discussions around items critical to the future of public elementary, secondary and higher education in Idaho.

**ATTACHEMNTS**

Attachment 1 – Board Annual Planning Calendar

Page 3

**BOARD ACTION**

This item is for informational purposes only. Any action will be at the Board's discretion.
