Web/Graphic Design	AAS, ATC	Region III	Regional	2018-2019	Graphic Design coursework includes study in graphic design, illustration, typography, web design and advertising. Great facilities such as Macintosh-equipped computer design studios, with the latest design and illustration software and color printers, allow students to develop professional quality portfolios MOD: Face to Face.	New State Funding	N/A	N/A
Program offerings commencing 2019-2020								
Education--Bilingual	AA	Region III	Regional	Fall 2019	This program is intended to prepare students for transfer into a baccalaureate program in Special Education. Students who complete this associate's degree are also prepared for employment in schools or other educational placements in need of paraprofessionals/teacher assistants. MOD: Traditional/Online	Undecided	N/A	N/A
Electrical Power Line Technical	AAS, ATC	Region III	Regional	2019-2020	Development of basic skills needed to be an electrical line worker. These skills include: overall safety considerations, power pole climbing skills, knowledge of the basic tools and materials involved with the electrical line crafts, general construction standards, basic rigging principles, and basic electrical theory that is specific to this trade. MOD: Face-to-Face	New State Funding	N/A	N/A
Health Policy and Leadership	AA	Region III	Regional	Fall 2019	This program is intended to prepare students for transfer into a baccalaureate program in health policy and leadership, health care administration or health information. This interdisciplinary degree provides students the foundation for nonclinical management and/or leadership positions in private and public sector organizations related to health. MOD: Traditional/Hybrid/Online	Undecided	N/A	N/A

Institution Name: College of Western Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Hospitality Management	AAS, ATC	Region III	Regional	2019-2020	Hospitality management degree programs include the study of theoretical and practical management skills, hospitality business law and food and beverage management. Students develop skills in marketing, purchasing, budgeting and cost control. Although many entry-level management positions in the hospitality industry do not require a degree, post-secondary education is helpful for career advancement. MOD: Face-to-Face	New State Funding	N/A	N/A
Music	AA	Region III	Regional	Fall 2019	This program is intended to prepare students for transfer into a baccalaureate program in Music. Students completing a Bachelor's degree often enter the following professions: Music Performance, Music Education, Music Therapy and/or Music Business. In addition, students completing an Associate of Arts degree often work as studio teachers. MOD: Traditional/Hybrid	Undecided	N/A	N/A
Paralegal	AAS, ATC	Region III	Regional	2019-2020	Known as paralegals, legal assistants, or lawyers assistants, this program prepares graduates to assist in the effective delivery of legal services to both the public and private sector of our society. Graduates are prepared to work in law firms, banks, corporations and government agencies. MOD: Face-to-Face	New State Funding	N/A	N/A
Pharmacy Technician	AAS	Region III	Regional	2019-2020	This program provides both technical and practical training which will enable graduates, upon certification, licensure or registration, to function as a competent entry-level pharmacy technician to the licensed pharmacist. This program provides students with the basic knowledge of and practice in pharmacy calculations, drug distribution systems, and preparation of sterile dosage forms. MOD: Face-to-Face	New State Funding	N/A	N/A

Institution Name: College of Western Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Radiology Technician	AAS	Region III	Regional	2019-2020	The program prepares student to become a radiologic technologist, serving a vital role as a highly skilled technical assistant to the radiologist. On campus, students practice their newly acquired diagnostic imaging skills in a modern radiographic laboratory and learning center under the direct supervision of qualified staff. MOD: Face-to-Face	New State Funding	N/A	N/A
Program offerings commencing 2020-2021								
Physics	AS	Region III	Regional	Fall 2020	This program is intended to prepare students for transfer into a baccalaureate program in physics or a related field. Basic courses give the student a solid foundation in the concepts of modern physics, and assist the students in developing their analytical reasoning and problem-solving skills. Laboratory courses complement this experience with an opportunity to develop experimental skills and a working knowledge of advanced technology. MOD: Traditional/ Hybrid	No new resources needed	N/A	N/A
STEM	AS	Region III	Regional	Fall 2020	This program is an academic transfer program designed to prepare students for transfer into baccalaureate programs in Science, Technology, Engineering and Mathematics in fields not represented by a more specific degree. Required STEM courses give students a solid foundation in the concepts of math, chemistry, biology, and physics, and assist the students in developing their analytical reasoning and problem-solving skills. Laboratory courses complement this experience with an opportunity to develop experimental skills and a working knowledge of advanced technology. MOD: Traditional/ Hybrid	No new resources needed	N/A	N/A

FIVE-YEAR PLAN
Proposed Regional Programs

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2016-2017								
Entrepreneurship	Basic Technical Certificate	Coeur d'Alene/ Region I	Regional	Fall 2016	The Entrepreneurship program at North Idaho College prepares students to obtain employment by launching a business venture or to work in a variety of industries. The program uses an interdisciplinary instructional approach, including topics from many departments across campus. This basic technical certificate program has been added as an option in the Business Leadership AAS degree program.	No additional resources		
Pharmacy Technology	Intermediate Technical Certificate	Coeur d'Alene/Region 1; LCSC/Region II, CWI/Region III, CSI/Region IV, ISU/Region V, EITC/Region VI	Regional	Fall 2016	The Pharmacy Technician certificate is a collaborative project with ISU. The new curriculum is designed to meet the accreditation requirements for the American Society of Health-System Pharmacists (ASHP). [Hybrid delivery]	No additional resources	MOUs developed as/if requested by institutions	
Pre-Pharmacy	Associate of Science	LCSC/Region II, ISU/Region V	Regional	Fall 2016	The Pre-Pharmacy is a collaborative project with LCSC/ISU. Courses currently exist and are aligned with ISU's PharmD program.[Hybrid delivery]	No additional resources	MOUs developed pending SBOE approval	
Child Development	Academic Certificate	Coeur d'Alene/ Region I	Regional	Spring 2017	The certificate will prepare students to work in the child care field with a set of skills consistent with the growing demand for providers and in alignment with regulatory requirements for employees that do not require a degree. Method of delivery will be primarily face-to-face with some instruction on-line.	No additional resources		
Electronic Medical Records IT Support	Basic Certificate							Discontinue immediately

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Electronic Medical Records Adoption	Basic Technical Certificate							Discontinue immediately
Program offerings commencing 2017-2018								
Aviation Flight, Airplane	Associate of Applied Science/Advanced Technical Certificate	Coeur d'Alene/ Region I	Regional	Fall 2017	For students who wish to prepare for a career as a commercial airplane pilot. Students will work toward a college degree and commercial instrument pilot certificates at the same time. Additional ratings for flight instructor, instrument flight instructor, and multi engine may be earned. Method of delivery: face-to-face, internet, and hybrid.	Self-Sustaining	Enter into contract with Granite Aviation. MOU currently while in development. Anticipate first students Fall 2017.	
Commercial Contracting	Advanced Technical Certificate and Associate of Applied Science Degree	Coeur d'Alene/ Region I	Regional	Fall 2017	Need program description	Will seek funding for 1 FTE for one position as well as M & O	N/A	
Cybersecurity	Associate of Applied Science/Advanced Technical Certificate	Coeur d'Alene/ Region I	Regional	Fall 2017	This AAS/transfer program prepares students for entry level employment in cybersecurity or to transfer to four-year degree programs at certain colleges and universities in a variety of high-demand security-related fields including cybersecurity, computer information systems security, computer forensics, information assurance, information security engineering, information security analysis.	Will seek state funding 1.0 FTE	Pending State Board approval of degree; Need for and scope of MOU indeterminate at this time, dependent on outcomes of discussion with U of I and other partners in delivery of such a program. MOU with Whatcom Community College.	
Dental Hygiene	Associate of Applied Science	Region II	Regional	Fall 2017	This degree will allow local students the opportunity to enter into the Dental Health field without leaving the region for the required training. [Face-to-Face]	1.0 FTE Instructor; funds to support supervising dental hygienists and dentists {Current agreement with LCC = $55K/student]	LCSC	

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Dental Hygiene previously Dental Assistant	Associate of Applied Science	Coeur d'Alene/ Region I	Regional	Fall 2017	The program will prepare students to provide patient care, office assistance, and central supply and sterilization duties to dental offices. The didactic instruction will occur on the Coeur d'Alene campus, the clinical component will be taught at a dental facility in the community. Method of delivery: hybrid.	Grant funded; Will seek state funding	Heritage Health - pending State Board approval of degree	-
Mechatronics	Advanced Technical Certificate and Associate of Applied Science Degree	Coeur d'Alene/ Region I	Regional	Fall 2017	Mechatronics is a multifaceted field that utilizes many areas of mechanics including electronics, automation, computers, hydraulics, programmable logic controllers, electrical systems, and mechanical systems. The Mechatronics program is designed to prepare students for employment as entry-level technicians, and emphasizes extensive practical experience in both theory and laboratory setting using mock-up equipment and assemblies similar to those found in industry. Instruction advances many of the concepts learned in the first year Industrial Mechanics/Millwright portion of the program and includes theory, troubleshooting, and hands-on application in mechatronics, programmable logic controllers, pneumatics, AC and DC electrical systems, hydraulics, and motor control. Successful completion of the first two semesters of the IMM certificate program or permission of the instructor is required to enroll in the Mechatronics program. The second year of the program leads to an Advanced Technical Certificate or A.A.S. degree in Mechatronics and is intended to advance the skills learned in the one year (IMM) Intermediate Certificate program.	Will seek funding for 1.0 FTE		Mechatronics will be an addition to the current Industrial Mechanics/Millwright program and offer an Advanced Technical Certificate as well as an A.A.S. Degree

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Medical Laboratory Technology	Associate of Applied Science	Coeur d'Alene/ Region I; LCSC/Region II, CWI/Region III, CSI/Region IV, ISU/Region V, EITC/Region VI	Regional	Fall 2017	Many opportunities await those choosing careers in medicine and science. One of the most rewarding is medical laboratory technology. As members of the medical team, technicians work side by side with medical technologists and pathologists and have relatively less contact with patients. Medical laboratory technicians (MLTs) perform a great variety of scientific laboratory procedures, utilizing automated computerized instrumentation, all of which aid in the detection, diagnosis and treatment of disease. Method of delivery: hybrid.	No additional resources	MOUs developed as/if requested by institutions	
Resource Restoration	Associate of Science Degree	Coeur d'Alene/ Region I	Regional	Fall 2017 (FY2018)	In progress - continuing discussion with Coeur d'Alene Tribe, and UI, delivery anticipated to be as follows: Traditional classroom, on-line, hybrid/combination; Recurring new budget needed to deliver is $20000, FY 18, then ongoing.	N/A	Pending State Board approval of degree; Need for and scope of MOU indeterminate at this time, part of ongoing discussion with U of I and Coeur d'Alene Tribe for delivery of such a program.	-
Surgical Technology	Associate of Applied Science	Coeur d'Alene/ Region I	Regional	Fall 2017	The program will prepare students to assist in surgical operations in acute care and outpatient settings. Upon successful completion of the program, graduates will be eligible to become certified by passing a national licensing examination. Surgical Technologists serve as members of the operating room team under the direction of licensed professionals and provide care for patients before, during and after surgical procedures. Method of delivery: hybrid.	Grant funded; Will seek state funding	Kootenai Health - pending State Board approval of degree	

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2018-2019								
Health Information Technology	Associate of Applied Science	Coeur d'Alene/ Region I	Regional	Fall 2018	The Health Information professional is responsible for maintaining components of health information systems consistent with the medical, legal, accreditation and regulatory requirements of the health care delivery system. The health information professional maintains, compiles and reports health information data for reimbursement, facility planning, marketing, risk management, utilization management, quality assessment and research; abstracts and codes clinical data using appropriate classification systems; and analyzes health records according to standards. This course prepares one to sit for the AHIMA registered health information technology (RHIT) credential.	Will seek state funding		
Medical Laboratory Technology	Associate of Science	Coeur d'Alene/ Region 1; LCSC/Region II, CWI/Region III, CSI/Region IV, ISU/Region V, EITC/Region VI	Regional	Fall 2018	Many opportunities await those choosing careers in medicine and science. One of the most rewarding is medical laboratory technology. As members of the medical team, technicians work side by side with medical technologists and pathologists and have relatively less contact with patients. Medical laboratory technicians (MLTs) perform a great variety of scientific laboratory procedures, utilizing automated computerized instrumentation, all of which aid in the detection, diagnosis and treatment of disease. Method of delivery: hybrid.	No additional resources	MOUs developed as/if requested by institutions	
Veterinary Technology	Associate of Applied Science	Coeur d'Alene/ Region I	Regional	Fall 2018	Veterinary Technicians are an integral part of the animal health care team, assisting veterinarians and biological technicians in their work. Graduates of the program would be afforded the opportunity to take national and state board examinations. Upon passing, students receive licensure as a Veterinary Technician. Method of delivery: hybrid.	Will seek state funding	Seeking partner agencies

SUBJECT

Program Prioritization – Implementation Update

REFERENCE

May 2013	The Board directed institutions to institute a program prioritization process consistent with Robert Dickeson's prioritization principles, and further directed the institutions to use a quintile prioritization approach and communicate to the Board the criteria and weighting to be used after consultation with their respective campuses.
June 2013	The Board approved the program prioritization proposals for Idaho State University, Boise State University, and University of Idaho as presented.
August 2013	The Board approved the program prioritization proposal for Lewis-Clark State College as presented.
October 2013	The Board was presented with an update on program prioritization.
August 2014	The Board was presented with the final results of program prioritization.
June 2015	The Board was presented with an update on program prioritization implementation.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.B.

BACKGROUND/DISCUSSION

In April 2016, Board Policy V.B. was amended. To require "Annual Program Prioritization updates…be submitted to the Board by the college and universities on the date and in a format established by the Executive Director."

In a guidance memo from the Board's Chief Financial and Academic Officers, dated May 11, 2016, the institutions' financial and academic Vice Presidents were notified that Executive Director Freeman had selected August as an ideal time for the institutions to provide these reports. The guidance memo also instructed the institutions that at minimum, their "presentations should touch upon the following areas:

- Brief description of significant programmatic actions which have been taken, if any, subsequent to the 2015 Program Prioritization update (discontinued, merged, re-sized programs, etc.)
- Any significant challenges/issues which will be worked in FY2017.

- Brief description of how Program Prioritization is integrated into the institution's strategic planning, programming, and budgeting process.
- Relationship of Program Prioritization process/decisions to the FY2018 budget request, as applicable."

IMPACT

Program prioritization requires the institutions to conduct an evaluation of programs and services with specific and tangible objectives (goals), and with a focus on specific evaluation criteria rather than generalized across-the-board cuts. Implementation of program prioritization based on Dickeson's framework provides the Board with assurances of consistency and presents the institutions with a unique opportunity to evaluate old paradigms that may no longer make sense, with a specific focus on their Mission, Core Themes and Strategic Plans. The process provides a method to objectively review program efficiency and effectiveness. Based on the outcome of the program prioritization process "decisions can be made that, at the minimum, inform future budget decisions, and can also lead to enrichment of some programs that are under-resourced while at the same time reducing or even eliminating still others."

The impact of implementing program prioritization will ensure that guiding principles are carried forward as standard aspects of institutional administration.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

These presentations are an opportunity for the Board and the institutions to glimpse into the institutionalization of program prioritization on the four-year campuses, and to see how the institutions are assimilating the principles of program prioritization into the planning, programming, budgeting, and performance tracking processes.

Each institution has prepared a written report per the Guidance Memo referenced above and included as Attachment 1. The institutions will also provide an oral report to the Board as part of the agenda item.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

Re: Program Prioritization – August 2016 reports

Background. At the June 2015 Board meeting, institutions gave presentations on their Program Prioritization (PP) initiatives. Topics covered during the summative reports included highlights of 2014 PP outcomes and progress reports, discussion of challenges/opportunities identified in the process, impacts related to accreditation, and discussion of how the PP process has been normalized as an integral element of strategic planning/program planning/budget planning at the institution.

Policy on Annual PP Reports. In December 2015, the Board amended Policy V.B. to include a new section (V.B.11) which addresses Program Prioritization:

> a. *"Program Prioritization" is a process adopted by the Board in setting priorities and allocating resources among programs and services with a specific focus on Mission, Core Themes and Strategic Plans.*
>
> b. *Program Prioritization shall be incorporated in the colleges and universities' annual budgeting and program review process.*
>
> **c. *Annual Program Prioritization updates are to be submitted to the Board by the colleges and universities on the date and in a format established by the Executive Director.***

Instructions for 2016 Program Prioritization annual report. Institutions should prepare and present update reports on their PP initiatives at the State Board meeting on August 11, 2016.

- Prepare oral reports, accompanied by slides.

- Presentations should be no longer than 10 minutes, followed by question and answer with Board members, as needed.
- Additional written summary materials, documents are optional, but, if provided, should be pitched at an "executive summary" level.
- Advance copies of presentation outlines and any (optional) supporting material should be delivered to the Board staff (along with other agenda materials) not later than July 11, 2016.
- Be prepared to provide an oral preview (detailed slides/written reports optional) at IRSA and BAHR meetings preceding the August meeting.
- Be prepared to briefly "walk through" your presentations at the joint Provost-Financial VP meeting on August 10th in Pocatello.
- As a minimum, *presentations should touch upon the following areas*:
    - Brief description of significant programmatic actions which have been taken, if any, subsequent to the 2015 PP update (discontinued, merged, re-sized programs, etc.)
    - Any significant challenges/issues which will be worked in FY2017.
    - Brief description of how PP is integrated into the institution's strategic planning, programming, and budgeting process.
    - Relationship of PP process/decisions to the FY2018 budget request, as applicable.

If you have questions, comments, or suggestions, please contact Chris Mathias (332-1592) or Chet Herbst (332-1565).

BOISE STATE UNIVERSITY

Boise State University
Program Prioritization Update Summer 2016

August 11, 2016

BOISE STATE UNIVERSITY

Four topics as they relate to our Program Prioritization efforts:

- Challenges
  - We face in FY17
- Integration
  - With processes (budget, programming, planning, etc.
- Programmatic
  - Changes during FY16
- FY18 Requests
  - Line item requests

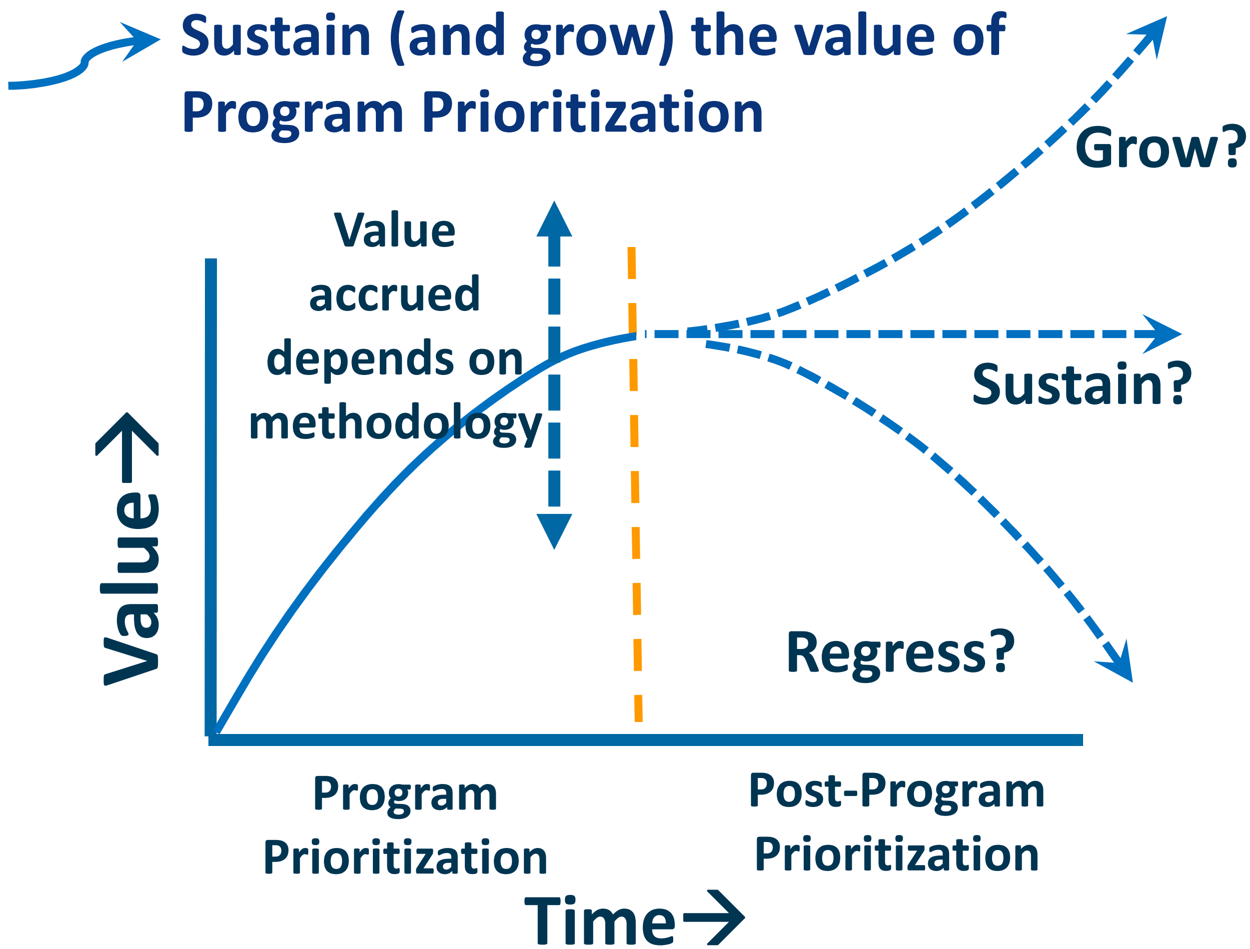
Address all four from standpoint of our primary challenge:

Sustain (and grow) the value of Program Prioritization

BOISE STATE UNIVERSITY

Four topics as they relate to our Program Prioritization efforts:

- **Challenges FY17**
- Integration
- Programs FY16
- FY18 Requests



BOISE STATE UNIVERSITY

Four topics as they relate to our Program Prioritization efforts:

- **Challenges FY17** → Sustain (and grow) the value of Program Prioritization

5 Types of Value Gained:

- Programmatic changes
- Process changes
- Structural changes
- Create agents of change
- Change in Culture

Grow?

Sustain?

Regress?

- Integration
- Programs FY16
- FY18 Requests

BOISE STATE UNIVERSITY

Four topics as they relate to our Program Prioritization efforts:

- Challenges FY17

Sustain (and grow) the value of Program Prioritization

- Integration
- Programs FY16
- FY18 Requests

5 Types of Value Gained:

- Programmatic changes
- Process changes
- Structural changes
- Create agents of change
- Change in Culture

Grow?

Sustain?

Regress?

Examples will be tied to the four topics

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- Integration
- Programs FY16
- FY18 Requests

→Value from **Programmatic Changes**

- For example: new, discontinued, modified academic program
- Value created depends on changes being substantial in the first place
- Sustaining value requires move of resources as appropriate

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- Integration
- **Programs FY16**←
- FY18 Requests

→Value from **Programmatic Changes**

- FY16 Programmatic Approvals
  - New Online Degree Completion Programs:
    - ✓ Bachelor of Applied Science and BA in Multidisciplinary Studies: ↑Access
    - ✓ Resources reallocated from other programs
  - New PhD in Ecology, Evolution, Behavior :
    - ✓ Integrated with undergraduate program
  - New BS in Public Health
    - ✓ Resources reallocated from other programs
  - New EdS in Educational Technology AND New MS in Biomolecular Sciences
    - ✓ Expanded access using existing resources
  - Discontinue 3 Graduate Certificates

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- Integration
- **Programs FY16**←
- **FY18 Requests**←

→Value from **Programmatic Changes**

- FY16 Programmatic Approvals
  - New Online Degree Completion Programs:
    - ✓ Bachelor of Applied Science and BA in Multidisciplinary Studies: ↑Access
    - ✓ Resources reallocated from other programs
  - New PhD in Ecology, Evolution, Behavior :
    - ✓ Integrated with undergraduate program
  - New BS in Public Health
    - ✓ Resources reallocated from other programs
  - New EdS in Educational Technology AND New MS in Biomolecular Sciences
    - ✓ Expanded access using existing resources
  - Discontinue 3 Graduate Certificates
  - New PhD in Computing
    - ✓ Meets industry need
    - ✓ FY18 Line Item Request

© 2012 Boise State University

BOISE STATE UNIVERSITY

→Value from **Process Changes**

- Integrate principles of program prioritization into processes such as budgeting, planning, and program development

- **Challenges FY17**
- **Integration**←
- Programs FY16
- FY18 Requests

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- **Integration←**
- Programs FY16
- FY18 Requests

→Value from **Process Changes**

- Revise Program Review
  - o Complete revamp
  - o Developed new three-pronged approach: "Integrated Review of Academic Programs"
    - ✓ Assess Program Learning Outcomes: uses Program Prioritization process
    - ✓ Annual Department Analytics Report: uses Program Prioritization metrics
    - ✓ Department Strategic Review and Action Planning: Facilitated planning sessions

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- **Integration**←
- Programs FY16
- FY18 Requests

→Value from **Process Changes**

- Revise Program Review
- New Program Proposal Process
  - o During Program Prioritization:
    - ✓ Metrics for productivity
    - ✓ Flagged for low numbers of graduates
  - o At Boise State: "sunset clause" for new programs
  - o OSBE: proposal for new programs asks:
    - ✓ *What are thresholds to continue program: Enrollments and Graduates?*
    - ✓ *Logical basis for thresholds? What actions will result?*

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- **Integration** ←
- Programs FY16
- FY18 Requests

→Value from **Process Changes**

- Revise Program Review
- New Program Proposal Process
- New Budget Model: Incentive-based
    - Before Program Prioritization:
        - ✓ Incremental; Little sensitivity to productivity, efficiency, quality, relevance
    - During Program Prioritization:
        - ✓ Metrics used to evaluate programs
        - ✓ Informed budgetary decisions
    - New Incentive-based Budget Model
        - ✓ Funding will follow productivity
        - ✓ Ensure quality & relevance

- **Integration←**
- Programs FY16
- FY18 Requests

→Value from **Process Changes**

- Revise Program Review
- New Program Proposal Process
- New Budget Model: Incentive-based
- Integrate into Accreditation
- Key in strategic planning
  - o "Refresh" during FY17
  - o Goals remain; update strategies
  - o Impact of Program Prioritization:
    - ✓ Awareness of constraints
    - ✓ Metrics for measuring progress

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- **Integration** ←
- Programs FY16
- FY18 Requests

→Value from **Structural Changes**

- Changes to organizational structure
- Sustaining change requires:
  - Changes made are not trivial
  - Vigilance to ensure culture changes
  - That resources are moved as appropriate

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- **Integration** ←
- Programs FY16
- FY18 Requests

→Value from **Structural Changes**

- Move University Health Services to College of Health Sciences: not trivial
  - Alignment with academic programs
  - Teaching & research clinical opportunities.
  - Expose of students to real world situations
  - Cost savings and revenue generation

- **Integration←**
- Programs FY16
- FY18 Requests

→Value from **Structural Changes**

- Move University Health Services to College of Health Sciences: not trivial
- Consolidate Testing Centers
- Consolidate business functions in Campus Operations
- Revise first year advising: underway
  - o Program Prioritization revealed inconsistency freshmen advising
  - o Also: inconsistent use of new software tools
  - o Response: Centralize freshman year advising
  - o Needed to sustain value:
    - ✓ Non-trivial changes
    - ✓ Cultural changes
    - ✓ Success of new model

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- **Integration←**
- Programs FY16
- **FY18 Requests←**

→Value from **Structural Changes**

- Move University Health Services to College of Health Sciences: not trivial
- Consolidate Testing Centers
- Consolidate business functions in Campus Operations
- Revise first year advising: underway
- Created School of Public Service
  - o Revamped mission of set of departments
  - o Maximizing value requires:
    - ✓ Programmatic changes
    - ✓ Cultural changes
    - ✓ Investment in new programs: FY18 Line Item Request

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- Integration
- Programs FY16
- FY18 Requests

→Value from **Creating "Agents of Change"**

- Create entities that create change
- Systems and Process Improvement Unit
  - Created to facilitate process improvement
  - First Quintile although brand new
    - ✓ Therefore: Invest and utilize
  - Recent huge role: Implementation of Oracle Financial Cloud
  - Typically:
    - ✓ A project by IT imposed on the rest of campus
    - ✓ No change to underlying business processes
    - ✓ Change "managed"
    - ✓ Hope for the best
  - Instead: S&PI facilitated change
    - ✓ Change of underlying business processes

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- Integration
- Programs FY16
- **FY18 Requests**←

→Value from **Creating "Agents of Change"**

- Create entities that create change
- Systems and Process Improvement Unit
- College of Innovation and Design
  - Grew out of Program Prioritization
  - Subsequent creations:
    - ✓ BS Games, Interactive Media, Mobile
    - ✓ Vertically Integrated Projects
    - ✓ Human-Environment Systems
  - Further investment in new programs: FY18 Line Item Request

© 2012 Boise State University

BOISE STATE UNIVERSITY

- **Challenges FY17**
- Integration
- Programs FY16
- FY18 Requests

→Value from **Changes in Culture**

- For example: accountability, awareness of importance of productivity, etc.
- Sustaining value requires:
  - o Change in processes, policies, structures
  - o Reminders of commitments, etc.

  → example: actions planned and completed by academic departments

© 2012 Boise State University

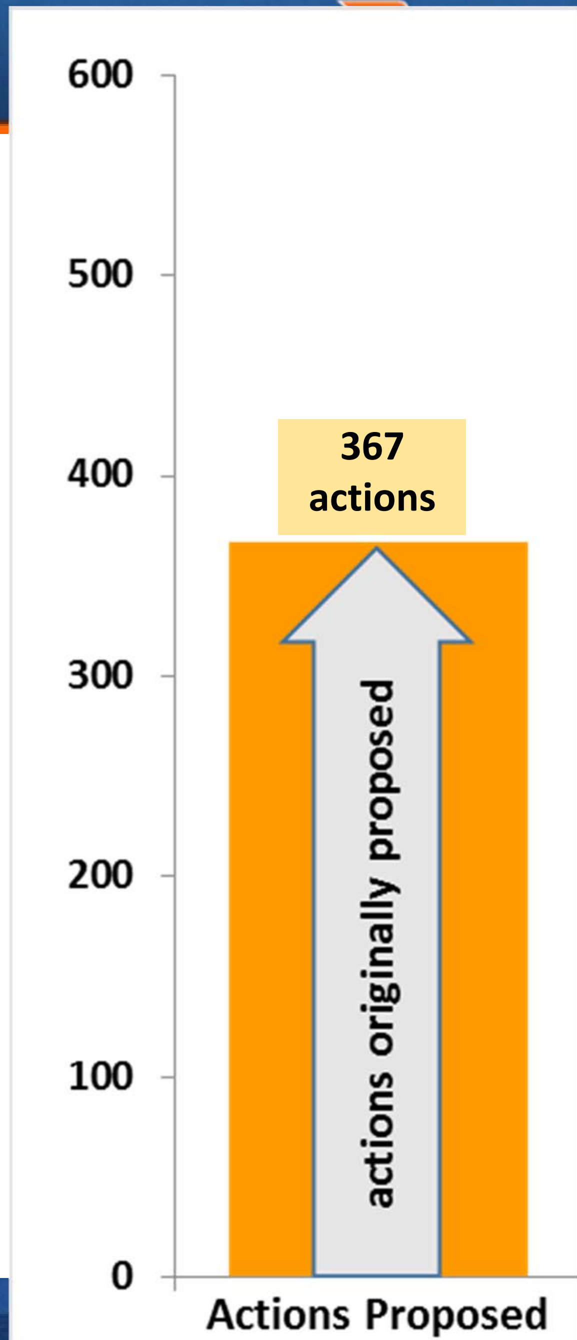
Actions planned and completed from 45 Academic Departments

Examples:

Management: create program coordinator position

English: shift administrative duties from faculty to staff

Bilingual Ed: develop new ENL endorsement



→Value from **Changes in Culture**

Physics: new emphases to attract students

Sociology: survey alums re: career paths

Mechanical Engr: implement grad-level assessment

Anthropology: smaller section sized to increase student success

Music: implement sophomore level assessment

Program Prioritization Report

Dr. Laura Woodworth-Ney
Provost/Vice President for Academic Affairs

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State University

Program Prioritization | Focus

- Program Assessment determines whether a program is meeting intended outcomes (learning and productivity)
- Demonstration of program productivity through a formal program assessment process is key to support growth and demonstrate need for increased, reallocated, or new resources.
  - Outcomes of academic program health focuses on graduation rates
  - Academic Affairs assigns academic program goals
  - Guides the Colleges' 3-year employee hiring plans
  - Program goals align with the strategic plan and mission fulfillment goals

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State UNIVERSITY

Program Prioritization | Academic Measures

- **When evaluating full degree programs and certificates:**
  - **Programs are flagged and must prepare an appropriate plan to address low enrollment if they have a five year average number of graduates**

- **≤5 at the associate and certificate level**
- **≤10 at the undergraduate level**
- **≤5 at the master's level**
- **≤3 at the doctoral level**

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State UNIVERSITY

Program Prioritization
2015-2016 Academic Updates

- Completed all phases of the program prioritization process
- Academic program health is incorporated into ISU's annual planning and transitioning into the budgetary processes
- Focused on the program health of non-academic units

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State UNIVERSITY

Project Prioritization
Example of an Academic Program Evaluation

	Description	Degree Level	Major	No. of degrees awarded for 5 years	5 year avg	Capacity	Majors FALL 2014 (EOT)	UNDER/ OVER CAPACITY	Responses
35	**Community & Public Health**	MHE	**Health Education**	31	**6.2**	12	26	**14**	
45	**Community & Public Health**	MPH	**Public Health**	34	**6.8**	30	30	**0**	
36	**Community & Public Health**	BA	**Sec Ed-Health Education (SS)**	1	**0.2**				The Secondary Education in Health major and minor is offered jointly through the College of Education. This is a small niche program. The courses required for the Secondary Education – Health Education major and minor duplicate those required for the other Health Education tracks, with one exception, Curriculum and Methods in Health Education. Therefore, the Secondary Education – Health Education major and minor have minimal impact on departmental resources.
37	**Community & Public Health**	BS	**Sec Ed-Health Education (SS)**	3	**0.6**				
38	**Community & Public Health**	BA	**Sec Ed-Health Education (wm)**	2	**0.4**

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State UNIVERSITY

Program Prioritization
Academic Unit Outcomes

- **As part of the assessment and improvement process, the academic units received the following guidance:**
  - **Units use benchmarks to target for increased enrollment and retention**
  - **Programs not showing progress are reassessed in Spring 2019 and must address either restructure, consolidation, or closure**
  - **The academic units monitor progress annually and report on shortfalls**

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State UNIVERSITY

Program Prioritization
Academic Unit Outcomes

- **2016-2017 Academic Year**
  - **Increase domestic enrollment of new students in targeted programs:**
    - **3% for Idaho residents**
    - **3% for out-of-state domestic**
  - **Increase overall retention rate by 3.9%**
- **2017-2018 Academic Year**
  - **Increase domestic enrollment of new students in targeted programs:**
    - **4% for Idaho residents**
    - **4% for out-of-state domestic**
  - **Increase overall retention rate by 4%**
- **2018-2019 Academic Year**
  - **Increase domestic enrollment of new students in targeted programs:**
    - **4% for Idaho residents**
    - **4% for out-of-state domestic**
  - **Increase overall retention rate by 4.1%**

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State UNIVERSITY

Program Prioritization
Academic Unit Outcomes

Academic Affairs will evaluate degree production annually and meet strategic benchmarks

- 2016-2017 Academic Year
  - Increase the number of undergraduate degrees awarded by 1.3%
- 2017-2018 Academic Year
  - Increase the number of undergraduate degrees awarded by 2.6%
- 2018-2019 Academic Year
  - Increase the number of undergraduate degrees awarded by 2.6%

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State University

Program Prioritization
Academic 3-Year Hiring Plan

- **Using program health, Academic Affairs requires units to quantifiably justify filling vacant positions before requesting open faculty and staff lines**

Position/Hiring Rank	Unit	Programs	Combined Program Enrollment (Majors) for Last Available Term
Assistant Physical Therapy Program Director (12 month)	Department of Physical and Occupational Therapy	DPT	Expand by 72
Physical Therapy Director of Clinical Education (12 month)	Department of Physical and Occupational Therapy	DPT	Expand by 72
Physical Therapy Clinic Director (12 month)	Department of Physical and Occupational Therapy	DPT	Expand by 72

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State University

Program Prioritization
Academic 3-Year Hiring Plan

- **AA Response to Three-Year Hiring Plan:**
  - Academic Affairs supports the (academic unit's) Three-Year Hiring Plan
  - Additional changes are likely due to the new funding as part of the future budget allocations

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State University

Program Prioritization | Aligning the Academic Process to the Budget and Strategic Plan

- For 2017, the IEAC approved increases to funding for programs based on their alignment to the strategic plan's goals to support mission fulfillment
- Colleges received enrollment program goals for Academic Year 2017-2018 that aligned with the strategic plan's goals

Pocatello | Idaho Falls | Meridian | Twin Falls

Idaho State University

Program Prioritization | Conclusion

- **ISU fully implemented the Program Prioritization Program into its planning process using the Strategic Plan benchmarks**
  - **Academic units receive specific program growth and outcome goals by academic year**
  - **Increases to program budgets require justification and alignment with the strategic plan**
  - **Academic units' submit their hiring plans based on their programs' health**

Idaho State UNIVERSITY

Non-Academic Program Prioritization

August 2016 Update

Pocatello | Idaho Falls | Meridian | Twin Falls

7/18/2016 3:37 PM

Idaho State UNIVERSITY

Actions Subsequent to 2015

- Mergers and Realignments implemented to improve efficiency and effectiveness
  - Examples: ITS & Student Affairs combined telephone switchboard staffing eliminating duplication; Controllers office transferred sr. financial analyst to Treasury; Financial Aid transferred associate director position to facilities for reclassification as a project manager ;Scholarship office realigned moving from Financial Aid to Enrollment Management; Office of General Counsel restructured and realigned positions to optimize efficiency and effectiveness.
- Discontinued and Re-sized
  - Examples: ITS graveyard data center operator position discontinued with efficiencies gained through Banner and a new hardware platform; Facilities re-sized and re-aligned positions to improve service levels. HR restructured a position to align with needs and enabled salary savings to shift to higher priority programs.
- Ongoing evaluation
  - IPAS reviews drive ongoing evaluation of positions and their alignment with the mission of the University.
  - HR prepares annual organizational review for Finance & Administration providing metrics and benchmarking with Idaho peer institutions

Program Prioritization Savings

- Program prioritization actions resulted in recurring annual savings
- Plans in place to achieve additional savings
- New opportunities identified since 2015 update
- FY2017 budget revision underway and opportunities for savings are under evaluation

Program Prioritization Budget Integration

- Units are encouraged to take a “bottoms up” view of their resources through program prioritization to determine whether existing programs or activities may be accomplished more efficiently, streamlined, or eliminated.
- Requests for funding of additional resource requests need to come from a reallocation of existing resources.
- Throughout the budgeting process, resource reallocation and alignment with the University’s strategic plan and cores themes are highlighted and reinforced in the Institutional Effectiveness and Assessment Council (IEAC)
- In depth evaluation of budget methodologies resulted in the design of a draft hybrid model, blending elements of formula funding and performance based budgeting which enable application of formula-based adjustments to drive alignment as revenues (student credit hours) increase or decrease. Implementation will require extensive work to develop performance parameters and targets for each unit to be simulated in a forecast model for the strategic financial planning period.

Relationship of PP process/decisions to FY2018 budget request

- Emphasize the use of metrics in measuring performance to support decisions to commit funds to projects and programs with the highest potential return on investment.
    - Illustrated by the University's two line item requests -- Idaho Falls Polytech Initiative and the Center for Education Innovation partnership with the College of Southern Idaho utilizing collaborations to meet demand and take advantage of opportunities to improve access for students, increase research and economic development, innovation in training, increased professional development support for educators, and the potential for attracting new high tech energy related industries.
- Continued focus on delivery of process improvement, cost saving and revenue generating ideas from the bottom up
- Program prioritization provides better data for improved program planning and funding request decisions, thereby helping realize the mission and vision of the University

Recap of "Focus for the Future" Program Prioritization Process:
A Provost and Faculty Senate discussion on "lessons learned" and next steps

On October 27, 2015, Provost John Wiencek addressed faculty senate with a summary on the State Board's mandated program prioritization process. The full minutes of this meeting are available online (http://www.webpages.uidaho.edu/facultycouncil/2015-16FS/Minutes/FS15-16mtg9(10-27-15).pdf). The following is a paraphrasing of these faculty senate minutes.

Provost Wiencek summarized the process that occurred in the prior year or two as the University of Idaho embarked on the task of program prioritization per Board mandate. As a person new to the UI, he provided his assessment of what went well and where there were opportunities for improvement. In summarizing his general observations Provost Wiencek noted that:

1. There was a lot of narrative although it wasn't always clear how these narratives factored into the overall result.
2. The process involved a lot of effort and dedication from staff and faculty. Their engagement was a positive part of the process and indicated the seriousness with which all undertook this process.
3. Given the overreliance on narrative and self-assessment tools, the process isn't sustainable in its current form. A more unbiased and effective set of measures should be developed.
4. We fulfilled what the Board wanted, despite the fact that there were some misunderstandings along the way.
5. The measurements of non-academic programs were uneven and that will need to be addressed in the future.
6. The Board will expect future budget requests to be directed to high priority programs.
7. The Board expects program prioritization to be incorporated into the university's annual budgeting, strategic planning and program review processes.
8. We need to create a more automated process in some areas, while also recognizing that some things cannot be automated.
9. Quality is a hard thing to assess and we must make sure that there is appropriate space for qualitative analysis that is not biased (i.e. something other than the self-evaluation tools that were utilized in this PP process).

Provost Wiencek emphasized the need for a fresh start. Looking forward, the Provost stated that we needed to align this process with our strategic goals such as the need to increase enrollment. We need to attract out-of-state students who want to come here because of distinctive programs not available elsewhere. Nationally ranked programs create a "halo effect" which helps to make the whole system thrive. To do this we will need to be innovative and look for places where we can be excellent. Integrated planning will be an important part of our success. We will need to think about vacant lines and moving funds into high priority areas.

At the conclusion of the meeting, various senators expressed their pleasure with the straight-forward and honest presentation and thanked the Provost for providing this clear overview. They felt that the changes he had outlined were positive and that we shouldn't get too bogged down in a retroactive analysis of what happened in the past. It can be very damaging and time consuming to continually have to go through these processes so the faculty were willing to participate in further refinements to the Program Prioritization process with the expectation that faculty perspective would be included in future modifications. There was agreement that the process needs to become much more transparent.

PROGRAM PRIORITIZATION UPDATE AUGUST 2016

JOHN WIENCEK
PROVOST AND EXECUTIVE VICE PRESIDENT

BRIAN FOISY
VICE PRESIDENT FOR FINANCE

University of Idaho

Program Prioritization

SUMMARY / REQUESTED UPDATES

1. New leadership & new processes
2. Significant programmatic actions subsequent to August 2015 PP report
3. Significant challenges/issues for FY17
4. How is PP integrated (Strategic Planning, Programming and Budget)
5. Relationship of PP to FY18 requests

University of Idaho

Program Prioritization / FY16

NEW LEADERSHIP & PROCESSES

Review of PP steps taken and path forward

- Provost called Board Members to get feedback
- Attended ISU Dashboard demonstration and have had follow-up discussions
- Provost / Faculty Senate discussion - past process, outcomes, improvements going forward
- Institutional Research
  - Changed from Data Reporting Unit to Decision Support Unit
  - Purchased/Implementing new SAS analytic tools for Dashboard implementation
- Improved / automated process being developed and implemented in FY17

University of Idaho

Program Prioritization / FY16

NEW LEADERSHIP & PROCESSES

Development of a nine-year Strategic Plan through broad participation

- Aligned SBOE Performance Measures, Program Prioritization and NWCCU Accreditation
- Included integrated planning and assessment
- Added data driven benchmarks

Re-focused the University Budget and Finance Committee

- Broad representation
- Process for requesting new funding (both one time and recurring) that addresses strategic needs
- Committee recommended list for investment to President
- Process developed a Cabinet-level awareness of campus needs/requests
- Approved FY17 investments -partially funded by FY15 PP and other reallocations
- Defined FY18 line item requests

University of Idaho

Program Prioritization

PROGRAMMATIC ACTIONS SINCE 2015 UPDATE

- Consolidation of select IT functions
- Reinvestments/reallocations from FY 2015 Program Prioritization Efforts
  - CNR Fish Physiologist Faculty Position (salary and start up) FY16 (Q1)
  - Bioregional Planning Faculty Director (salary and start up) FY16 (new)
  - Tribal Relations Office (Powwow and program staff) FY16
  - Graduate Admissions Electronic Application Process FY16 (Q1)
  - Senior Associate Vice President for Research FY16 (Q3 & Q4)
  - Writing Center (student staff and operations) FY17 (Q4)
  - Philosophy Faculty Position (salary) FY17 (Q4)
  - Library Personnel to staff 24/5 operations FY17 (Q1)
- Additional process improvements
  - Streamlining the Hiring Process and other payroll processes
  - Decision to close the Caine Research Center
  - Transition from EIPRS to iMedIRIS for Research Administration

Program Prioritization

WORK PLAN FOR FISCAL YEAR 2017

- Institutional Planning and Effectiveness (IPE) Committee (August 2016)
  - Charged with overall implementation of integrated planning, programming and budget
- Cascaded Strategic Plans with unit-level goals and metrics (Fall 2016)
- Continued transition away from incremental budgeting (FY17)
- Program Prioritization Improvements (FY17)
  - Less labor intensive
  - More quantifiable
  - Use of dashboard/data for assessment and decision making
  - Transparent linkage to resource allocation, primarily through position control

University of Idaho

Program Prioritization

WORK PLAN FOR FISCAL YEAR 2017

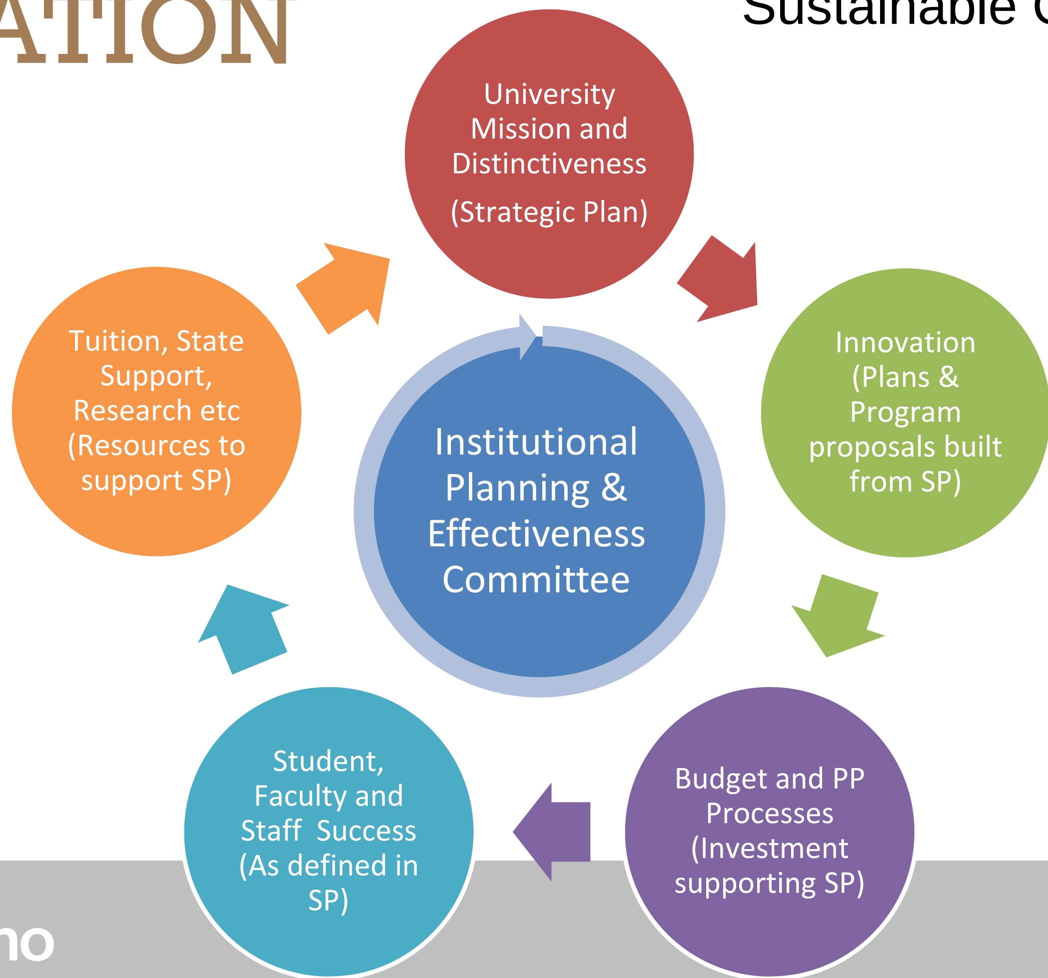
- Continued Process Improvements
  - Chart of Accounts
  - Standardized financial management reports
  - Development of decision support dashboards and management analytics
  - Market-based compensation
  - Reorganize Provost's office to improve student outcomes (e.g. Center for Student Achievement)
  - Move away from distributed staffing models
  - Realign staff by function to create efficiencies and consistency

University of Idaho

Program Prioritization

INTEGRATION

Building a Progressive and Sustainable Cycle



University of Idaho

Program Prioritization

INSTITUTIONALIZING PP

Position Control to institutionalize Program Prioritization

- Burnett memo (similar statement in final FFF report to SBOE, June 2015)

  Prioritized ~~Faculty~~ hiring. All new and vacated ~~faculty~~ positions must be invested in high-level University strategic priorities …. No ~~faculty~~ investments will be made in low priority areas. Thus, ~~faculty~~ resources will migrate, beginning immediately, to higher University and State of Idaho priorities….”

- IPE Committee will reframe PP with following objectives (per Faculty Senate discussion):
  - Comprehensive Taxonomy of All Units – Academic and Non-academic
  - Refinement of criteria and weights to a limited set of objective measures (likely different approaches for academic vs non-academic units)
  - Development and implementation of appropriate dashboards and management tools in support of PP process and to promote transparency
  - Implementation prior to end of FY 17

University of Idaho

Program Prioritization

INSTITUTIONALIZING PP

How it will work ….

- Employee (faculty or staff) departs UI
- Departure triggers payroll changes (so that the person no longer gets paid) which in turn triggers enquiry on program quintile
- Based on agreed upon policy, vacated salary appropriately reallocated
- Potential reallocation policy

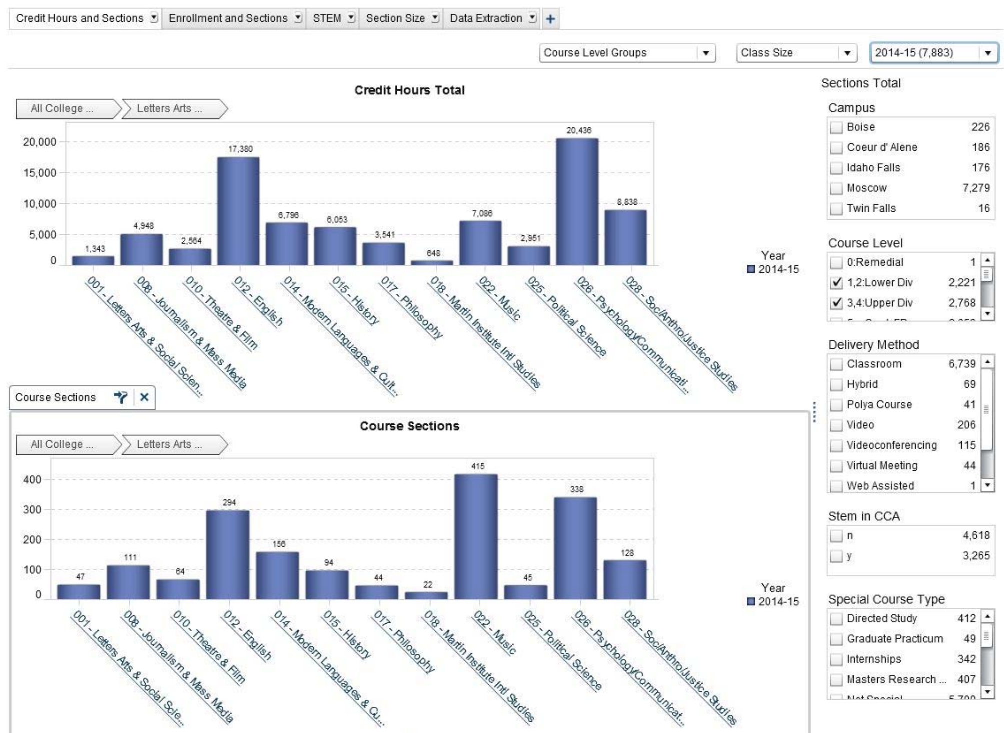
  Q1 – Sufficient vacant position funds remain in unit to make a competitive offer
  Q2 – Vacant position funds reallocated to dean or mid-level director
  Q3 – 50/50 Vacant position funds reallocated to mid-level and Vice President
  Q4 – Vacant position funds reallocated to Vice President
  Q5 – Vacant position funds reallocated to central administration

University of Idaho

Program Prioritization

DASHBOARDS

Faculty and staff want clear articulation of important measures of progress in a readily accessible format



University of Idaho

Program Prioritization

RELATIONSHIP TO FY2018 REQUESTS

- Outcomes Based Funding (Through SBOE Request)
  - Increasing number of graduates (Baccalaurate)
    - Center for Student Achievement
    - Data-driven resource allocations via Program Prioritization
- Library database
  - Supplement current funding as prioritized by UBFC recommendations
  - Increase research database in support of Strategic Plan Goal 1

University of Idaho

THIS PAGE INTENTIONALLY LEFT BLANK

Program Prioritization Progress Report

Dr. Lori Stinson
Provost / VP for Academic Affairs

Dr. Andrew Hanson
VP for Student Affairs

August 11, 2016

Goals

Support Strategic Plan Goals

- **Outcome 1:** Sustain and enhance excellence in teaching and learning
- **Outcome 2:** Optimize student enrollment and promote student success
- **Outcome 3:** Strengthen and expand collaborative relationships and partnerships
- **Outcome 4:** Leverage resources to maximize institution strength and efficiency

Program Criteria

- Impact, quality, internal/ external demand, net revenue

Quintiles

- **All** instructional and non-instructional programs were quintiled – 115 in total
- **Expected Action**
  - **Q1:** Highly successful; seek additional resources
  - **Q2:** Highly successful; sustain current support
  - **Q3:** Successful; areas for improvement identified
  - **Q4:** Multiple elements needing improvement
  - **Q5:** Needs major review / restructuring

Programmatic Actions: Instructional Programs

- Q5 Instructional Program
  - Program overhaul; expansion
  - Summer School / Dual Credit
- Q3 Instructional Program
  - New partnership; revised curriculum
- Q1 Instructional Program
  - Health related programs expansion

Opportunities for FY17- IP

- **Strategic Enrollment**
- **Continued** integration of data
- **Continued** refinement of measureable, meaningful criteria

Programmatic Actions – non-Instructional Programs

- Q5 Clearwater Valley ETS
  - Reassigned to a different administrative unit and combined with a retention-focused TRIO program
- Q4 IPRA
- Q3 Grants and Contracts
  - Writing incentives/indirect formula
- Q1 New Student Recruitment
  - Expansion of recruitment staff and resources
  - "Recruiter"

Opportunities for FY17- nonIP

- **Strategic Enrollment**
- **Flexible assessment** methods to reflect the unique functions of non-instructional units
- **New** Vice President for Finance and Administration

Integration of PP - IP

- **Follow-up** continues on the various resource, action and work plans.
- **Budget** request alignment
- **Annual** reporting
- **Alignment** with program prioritization criteria and measures

PP and FY18 Budget - IP

- FY18 Line Item Requests – driven by program prioritization
  - **Instructional program** requests focused on two top quintile programs
  - **Seeking faculty positions** for program expansion and additional delivery modes such as online, hybrid

Integration of PP - nonIP

- **Budget** requests and priorities are connected to assessment and PP criteria
- **Planning** largely centers on enrollment, revenue, and compliance
- **Enhanced collaboration** with instructional programs (e.g., the Enrollment Plan)

PP and FY18 Budget - nonIP

- **FY18** Line Item Requests
  - **Veterans** Services Coordinator (Related to Q1 program and assessed need)
  - **Career** Counselors (Related to Q3 program and K-12 initiatives)
  - **Work-Scholars** (Related to Q1 and Q3 programs and expands a program shown to reduce student loan debt)

Thank you

Dr. Lori Stinson
Provost / VP for Academic Affairs

Dr. Andrew Hanson
VP for Student Affairs

August 11, 2016

BOISE STATE UNIVERSITY

SUBJECT

New self-support, online Graduate Certificate in Educational Gaming and Simulation

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section III.G. and Section V.R.

BACKGROUND/DISCUSSION

Boise State University proposes the creation of an online, self-support 15-credit graduate certificate program in Educational Games and Simulations, to be offered by the Department of Educational Technology. The new program will add to the array of self-support programs offered by the department: a Master of Educational Technology degree, an Ed.D. in Educational Technology, an Education Specialist degree (Ed.S.) in Educational Technology, and three graduate certificates.

The courses of study leading to these graduate certificates can be taken as specializations within the master's or Ed.S. programs or as stand-alone programs. The proposed program will provide students in this set of self-support programs with a broader set of choices; curricular choice plays a key role in student recruitment for self-support programs.

The coursework in the proposed program will produce graduates who will be able to (i) improve individualized learning by custom-designing and programming games and simulations for specific instructional needs and (ii) expertly gamify entire curricula at all levels and in all academic disciplines.

IMPACT

Students who will enroll in the proposed program will be from the same population of students presently served by our other self-support programs in Educational Technology. The population served is fully distinct from students enrolled in our traditionally-funded programs, and instead of paying traditional tuition and fees will pay separate fees of a self-support program. The program therefore meets the criteria for a self-support program as provided in Board Policy V.R., subsection 3.b.v.(a)(2).

Students in the proposed program will be in many of the same classes as students in the existing self-support, online programs offered by the department. Similarly, students in the existing programs will enroll in the three new classes that are being created for the proposed program.

The cost to a student of completing the proposed certificate program can be calculated as 15 credits times $379.33 per credit (the cost to students for master's level courses) for a total of $5,689.95.

The program will not require the use of any new state appropriated funds.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

Consistent with Board Policy III.Z, no institution has the statewide program responsibility for educational technology programs at the certificate level. Additionally, Board Policy III.Z does not apply to programs for which 90% or more of all activity is required or completed online.

BSU also requests approval to assess a self-support program fee consistent with Board Policy V.R.3.b.v.(a) (2). Based on the information for the self-support program fee provided in the proposal, staff finds that the criteria have been met for this program.

The proposal went through the program review process and was recommended for approval by the Council on Academic Affairs and Programs (CAAP) on July 11, 2016 and to the Boards on Instruction, Research, and Student Affairs (IRSA) committee on July 21, 2016.

BOARD ACTION

I move to approve the request by Boise State University to create a new online, self-support program that will award a Graduate Certificate in Educational Gaming and Simulation in substantial conformance to the program proposal submitted as Attachment 1.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

I move to approve the request by Boise State University to designate a self-support program fee for the Graduate Certificate in Educational Gaming and Simulation in the amount of $379.33 per credit in conformance with the program budget submitted to the Board in Attachment 1.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

Institutional Tracking No. BSU 16-014

Idaho State Board of Education

Proposal for **Undergraduate/Graduate Degree** Program

Date of Proposal Submission:	
Institution Submitting Proposal:	Boise State University
Name of College, School, or Division:	College of Education
Name of Department(s) or Area(s):	Department of Educational Technology

Program Identification for Proposed New or Modified Program:

Program Title:	Graduate Certificate in Educational Gaming and Simulation					
Degree:	Graduate Certificate	Degree Designation		Undergraduate	x	Graduate
Indicate if Online Program:	x	Yes		No		
CIP code (consult IR /Registrar):	13.0501 Educational/Instructional Media Design					
Proposed Starting Date:	Fall 2016					
Geographical Delivery:	Location(s)	Online	Region(s)	Online		
Indicate (X) if the program is/has:	x	Self-Support		Professional Fee		
Indicate (X) if the program is:	x	Regional Responsibility		Statewide Responsibility		

Indicate whether this request is either of the following:

- [ ] New Degree Program
- [x] Undergraduate/**Graduate Certificates** (30 credits or more)
- [ ] Expansion of Existing Program
- [ ] Consolidation of Existing Program
- [ ] New Off-Campus Instructional Program
- [ ] Other (i.e., Contract Program/Collaborative

5/24/16			
College Dean (Institution)	Date	Vice President for Research (Institution; as applicable)	Date
John R Pelton	6-10-2016		
Graduate Dean or other official (Institution; as applicable)	Date	Academic Affairs Program Manager, OSBE	Date
Stacy Pearson p.p.	6-13-16		
EVP/Chief Fiscal Officer (Institution)	Date	Chief Academic Officer, OSBE	Date
	6/13/2016		
Provost/VP for Instruction (Institution)	Date	SBOE/Executive Director Approval	Date
	6/13/16		
President	Date		

Page 1

Before completing this form, refer to Board Policy Section III.G., Postsecondary Program Approval and Discontinuance. This proposal form must be completed for the creation of each new program. All questions must be answered.

Rationale for Creation or Modification of the Program

1. **Describe the request and give an overview of the changes that will result.** Will this program be related or tied to other programs on campus? Identify any existing program that this program will replace.

Boise State University proposes the creation of an online, self-support 15-credit graduate certificate program in Educational Games and Simulations, to be offered by the Department of Educational Technology. The new program will add to the array of programs offered by the department: a Master of Educational Technology degree (currently the largest educational technology master's program in America), an Ed.D. in Educational Technology, and an Education Specialist degree (Ed.S.) in Educational Technology that was recently approved by the State Board of Education. The proposed certificate also joins three other graduate certificates in the department. Those courses of study can be taken as specializations within the master's or Ed.S. programs or as stand-alone programs. The proposed program will follow in the mold of its predecessors and, as the department's fourth graduate certificate, it will provide students with a broader set of choices. Curricular choice plays a key role in student recruitment for self-support programs.

2. **Need for the Program**. Describe the student, regional, and statewide needs that will be addressed by this proposal and address the ways in which the proposed program will meet those needs.

The coursework in the proposed program will produce graduates who will be able to (i) improve individualized learning by custom-designing and programming games and simulations for specific instructional needs and who will be able to (ii) expertly gamify entire curricula at all levels and in all academic disciplines.

a. **Workforce need:** Provide verification of state workforce needs that will be met by this program. Include State and National Department of Labor research on employment potential. Using the chart below, indicate the total projected annual job openings (including growth and replacement demands in your regional area, the state, and nation. Job openings should represent positions which require graduation from a program such as the one proposed. Data should be derived from a source that can be validated and must be no more than two years old.

The NAEP recently described: "Learner performance assessment in virtual worlds and immersive games has been a recurrent theme in federal and foundation grant programs in the past few years (e.g., Ainsworth et al., 2005; MacArthur Foundation's Digital Media and Learning Initiative, 2006-2011; NSF Cyberlearning Task Force, 2008; National Education Technology Plan, 2010; NRC, 2011b; PCAST, 2010)." Furthermore, the National Academy of Sciences has reported, "Computer simulations and games can support the new, inquiry-based approaches to science instruction, providing virtual laboratories or field learning experiences that overcome practical and logistical constraints to student investigations. They can allow learners to visualize, explore, and formulate scientific explanations for scientific phenomena that would otherwise be impossible to observe and manipulate." The market for game-based learning is anticipated to grow to nearly $2.5 billion by 2017. As the industry and need for qualified professionals with a skill set in educational games and simulation continues to grow, professionals in the education field will be expected to be competent in the use and integration of educational gaming and simulation technology in their classrooms and schools.

List the job titles for which this graduate certificate is relevant:

1. Teachers who expertly gamify instruction at all levels and in all academic disciplines.
2. Curriculum directors and instructional designers who understand the value of individualized instruction for certain students, and of games and simulations as effective engagement strategies for all students.
3. Designers and programmers for companies that produce games and simulations for the education market.

	State DOL data	Federal DOL data	Other data source: (describe)
Local (Service Area)		234 (50% of state number)	
State		467 (0.5% of national number)	
Nation		93,470 (5% of existing # of postsecondary teachers employed nationally)	

Provide (as appropriate) additional narrative as to the workforce needs that will be met by the proposed program.

There are no job titles in Department of Labor databases that specifically describes the sort of position that the proposed certificate would qualify recipients to do. Instead, the proposed graduate certificate will have its greatest value in providing an avenue for advancement for existing teachers, primarily those in post-secondary positions. In the table above, we make the assumption that 5% of existing post-secondary teachers would benefit from and potentially pursue such a certificate. State numbers are a subset (0.5%) of national numbers, and local numbers are a subset of state estimates.

b. Student need. What is the most likely source of students who will be expected to enroll (full-time, part-time, outreach, etc.). Document student demand by providing information you have about student interest in the proposed program from inside and outside the institution. If a survey was used, please attach a copy of the survey instrument with a summary of results as **Appendix A.**

The Department of Educational Technology focuses its programs on working professionals who study part-time, and this proposed program will follow in that model. Because of its highly specialized niche in the education universe, the program will target websites, conferences, blogs, and other social media that focus on this special interest group.

Current courses focusing on educational games and simulations have enjoyed strong enrollments for years and consistently students ask for additional courses during advising. Therefore, there exists history of consumer interest.

c. **Economic Need**: Describe how the proposed program will act to stimulate the state economy by advancing the field, providing research results, etc.
N/A

d. **Societal Need**: Describe additional societal benefits and cultural benefits of the program.

Educational games are entertaining and challenging pathways into classroom content, so engaging the imagination and activity of both successful and reluctant learners is a crucial benefit to society.

e. **If Associate's degree, transferability**:
N/A

3. **Similar Programs.** Identify similar programs offered within Idaho and in the region by other in-state or bordering state colleges/universities.

We're aware of several competitive programs in the East and Midwest—Drexel in Philadelphia, Michigan State, Southern New Hampshire, St. Maries of Texas, and Texas A&M. Most western states have programs devoted to commercial game development, but none of which we are aware focuses on games and simulations for education.

Similar Programs offered by Idaho public institutions (list the proposed program as well)		
Institution Name	**Degree name and Level**	**Program Name and brief description if warranted**

Similar Programs offered by other Idaho institutions and by institutions in nearby states		
Institution Name	**Degree name and Level**	**Program Name and brief description if warranted**

---		

4. **Justification for Duplication with another institution listed above.** (if applicable). If the proposed program is similar to another program offered by an Idaho public institution, provide a rationale as to why any resulting duplication is a net benefit to the state and its citizens. Describe why it is not feasible for existing programs at other institutions to fulfill the need for the proposed program.

There are no <u>similar</u> online certificate programs in the state of Idaho or in adjacent states because all existing instruction on game development (of which we are aware) focuses on commercial game design, not on games for teaching and learning.

5. **Describe how this request supports the institution's vision and/or strategic plan.**

The highlighted portions of Boise State University's mission statement are especially relevant to the proposed program:

Boise State University is a public, metropolitan research university providing leadership in academics, *research, and civic engagement. The university offers an array of undergraduate degrees and experiences that foster student success, lifelong learning, community engagement,* ***innovation, and creativity****. Research, creative activity and* ***graduate programs****, including select doctoral degrees,* ***advance new knowledge and benefit the community, the state and the nation****.* ***The university is an integral part of its metropolitan environment and is engaged in its economic vitality,*** *policy issues, professional and continuing education programming, and cultural enrichment.*

6. **Assurance of Quality.** Describe how the institution will ensure the quality of the program. Describe the institutional process of program review. Where appropriate, describe applicable specialized accreditation and explain why you do or do not plan to seek accreditation.

The following measures will ensure the high quality of the proposed program:

<u>Regional Institutional Accreditation</u>: Boise State University is regionally accredited by the Northwest Commission on Colleges and Universities (NWCCU). Regional accreditation of the university has been continuous since initial accreditation was conferred in 1941. Boise State University is currently accredited at all degree levels (A, B, M, D).

<u>Program Review</u>: Internal program evaluations will take place every five years as part of the normal departmental review process conducted by the Office of the Provost. This process requires a detailed self study (including outcome assessments) and a comprehensive review and site visit by external evaluators. The review process is being considerably strengthened as a result of Program Prioritization with the inclusion of new metrics and a pre-review by the Provost's Office.

Graduate College: The program will adhere to all policies and procedures of the Graduate College, which is a member of the Council of Graduate Schools (Washington, D.C.), the leading authority on graduate education in the United States. The Graduate College has broad institutional oversight of all graduate degree and certificate programs.

Specialized Accreditation: All programs in the Department of Educational Technology are professionally accredited by the National Council for the Accreditation of Teacher Education (NCATE), which recently merged with another teacher-education accrediting agency to become the Council for the Accreditation of Educator Preparation (CAEP). There is no accreditation specifically for educational technology.

The Department of Educational Technology will use the following mechanisms to ensure quality:

- During the admissions process, the university will confirm required official transcripts and other documentation required for admission into the program.
- At the beginning of each course, the instructor will communicate expectations regarding academic integrity to students in the syllabus.
- Associated with access to and use of our Learning Management System (LMS), a secure log-in environment will be provided and students will be required to use strong student passwords and to change them at periods coinciding with University OIT requests. The LMS is monitored and supported through a dedicated department systems administrator.
- During the design of the curriculum and assessment of each course, instructors will apply principles from the Quality Instruction Program offered by Boise State's eCampus Center, which includes Quality Matters best practices and WCET's Best Practice Strategies to Promote Academic Integrity in Online Education (Version 2.0, June 2009).
- Faculty members are informed of and aware of the importance of academic integrity and to report and act upon suspected violations.

Program Evaluation: In addition, it is our intent to systematically evaluate the program using the following information:

- Admission benchmarks, such as graduate GPA and graduate-level communications skills demonstrated in the admission essay.
- At acceptance, students will sign a contract in which they agree to provide quality benchmarks to the department for several years after completion. These post-program benchmarks may include measures on student improvement, teacher promotion, articles published, etc. This data will be used to measure program effectiveness for accreditation purposes.
- While in the program, every course requires a faculty-evaluated project that authentically measures development of student skills.
- Conduct alumni surveys.

7. **In accordance with Board Policy III.G., an external peer review is required for any new doctoral program.** Attach the peer review report as **Appendix B**.

   NA

8. **Teacher Education/Certification Programs** All Educator Preparation programs require review from the

Professional Standards Commission (PSC) and approval from the Board. In addition to the proposal form, the Program Approval Matrix (**Appendix C**) is required for any new and modifications to teacher education/certification programs, including endorsements. The matrix must be submitted with the proposal to OSBE and SDE using the online academic program system as one document.

This program will not lead to teacher certification; therefore this section is Not Applicable.

9. Five-Year Plan: Is the proposed program on your institution's approved 5-year plan? Indicate below.

Yes __X__ No __x__

The program was not listed during the 2015 cycle but is on the 2016 plan.

Proposed programs submitted to OSBE that are not on the five-year plan must respond to the following questions and meet at least one criterion listed below.

a. **Describe why the proposed program is not on the institution's five year plan.** When did consideration of and planning for the new program begin?

The idea began as a result of the Program Prioritization process, which emphasized that we need new courses and programs to maintain our competitive and innovative edge. More specifically, we want to respond to the demand of the popularity of our current games and simulations courses by giving students what they want and need to be successful in the workplace.

b. **Describe the immediacy of need for the program**. What would be lost were the institution to delay the proposal for implementation of the new program until it fits within the five-year planning cycle? What would be gained by an early consideration?

Nothing would be gained by delay of implementation. Benefits that would result are the following:

- The department would be able to recruit more students to its master's program.
- More secondary-education teachers throughout Idaho and the nation would become more highly qualified with the modern skill set provided by the proposed program.
- We've taught the certificate program's basic courses for years and our games-and-sims students are asking for more.
- The department's mission statement focuses on innovation, which, by definition, is change. Boise State's Department of Educational Technology was once called "the most innovative ed-tech program in America," but we cannot remain innovative or competitive without change. There are no benefits to delaying approval.

Criteria. As appropriate, discuss the following:

i. How important is the program in meeting your institution's regional or statewide program responsibilities? Describe whether the proposed program is in response to a specific industry need or workforce opportunity.

Faculty members who teach existing courses in educational games and simulations say that students are asking for more courses and more in-depth courses.

ii. Explain if the proposed program is reliant on external funding (grants, donations) with a deadline for acceptance of funding.

As a self-support program, the program is externally funded by students who pay tuition.

iii. Is there a contractual obligation or partnership opportunity to justify the program?

No. There is no contractual obligation or partnership opportunity.

iv. Is the program request or program change in response to accreditation requirements or recommendations?

No.

v. Is the program request or program change in response to recent changes to teacher certification/endorsement requirements?

No.

Curriculum, Intended Learning Outcomes, and Assessment Plan

10. Curriculum for the proposed program and its delivery.

a. Summary of requirements. Provide a summary of program requirements using the following table.

Credit hours in required courses offered by the department (s) offering the program.	15
Credit hours in required courses offered by other departments:	0
Credit hours in institutional general education curriculum	0
Credit hours in free electives	0
Total credit hours required for degree program:	15

b. Additional requirements. Describe additional requirements such as comprehensive examination, senior thesis or other capstone experience, practicum, or internship, some of which may carry credit hours included in the list above.

Each course requires a project to prove mastery, so no capstone experience will be required.

11. Program Intended Learning Outcomes and Connection to Curriculum.

a. Intended Learning Outcomes. List the Intended Learning Outcomes for the proposed program, using learner-centered statements that indicate what will students know, be able to do, and value or appreciate as a result of completing the program.

General learning objectives for the graduate certificate include:

- Analyze recent research and best practices for effective teaching and learning with educational games and with simulations in virtual worlds.
- Design, teach, and evaluate teaching and learning activities in virtual worlds.
- Identify entertaining elements in games, cartoons, and other venues, and synthesize them into educational games and activities to improve student engagement in
- Design 2-D and 3-D games for learning and test them for educational effectiveness.
- Write code to make games interact with players.

12. Assessment plans

a. **Assessment Process.** Describe the assessment process that will be used to evaluate how well students are achieving the intended learning outcomes of the program.

Students' progress and outcomes will be assessed based on objectives and procedures of each course. Examples include authentic artifacts, assignments, and personally relevant projects. Evaluations from each course will be used to judge students' success in the program.

b. **Closing the loop.** How will you ensure that the assessment findings will be used to improve the program?

After each semester of teaching, online evaluations from students and instructors' self-evaluations will be used to improve the program. Key artifacts and culminating projects will be evaluated for value and relevance against course and program goals.

c. **Measures used.** What direct and indirect measures will be used to assess student learning?

Assignments, students' selected projects, and authentic artifacts will serve as direct measures in the course. Reflections and peer feedback may also serve as indirect measures of assessment.

d. **Timing and frequency**. When will assessment activities occur and at what frequency?

Depending on the course, weekly assignment and activities, key module projects, mid-term, and final projects will be used as assessment activities. Overall program assessment will be performed each semester.

Enrollments and Graduates

13. Existing similar programs at Idaho Public Institutions. Using the chart below, provide enrollments and numbers of graduates for similar existing programs at your institution and other Idaho public institutions.

Existing Similar Programs: Historical enrollments and graduate numbers								
Institution and Program Name	**Fall Headcount Enrollment in Program**				**Number of Graduates From Program (Summer, Fall, Spring)**			
	FY__	FY__	FY__	FY__ (most recent)	FY__	FY__	FY__	FY__ (most recent)
BSU	NA							
ISU	NA							
UI	NA							
LCSC	NA							

14. **Projections for proposed program:** Using the chart below, provide projected enrollments and number of graduates for the proposed program:

Proposed Program: Projected Enrollments and Graduates First Five Years											
Program Name: Graduate Certificate in Educational Gaming and Simulation											
Projected Fall Term Headcount Enrollment in Program						**Projected Annual Number of Graduates From Program**					
FY_16_ (first year)	FY_17	FY_18	FY_19	FY_20	FY_21	FY_16 (first year)	FY_17	FY 18	FY 19	FY 20	FY 21
1	11	12	13	14	15	0	0	2	5	7	9

15. **Describe the methodology for determining enrollment and graduation projections.** Refer to information provided in Question #2 "Need" above. What is the capacity for the program? Describe your recruitment efforts? How did you determine the projected numbers above?

Existing games and simulations courses support high enrollments:

- EDTECH 531—Teaching and Learning in Virtual Worlds averages 15 students per section,
- EDTECH 532—Educational Games and Simulations averages 18 students per section,
- EDTECH 535—Digital Engagement for Learning averages 21 students per section,
- EDTECH 536—Digital Game Design averages 14 students per section.

It will serve well those pioneering educators who hope to become experts in this instructional niche.

If we market the proposed certificate to special interest groups comprised of gamer-educators, we'll find some new prospective students. Our interests (and that of our students) are best served when one of our specializations attracts students who choose to complete the master's program in addition to the courses of particular interest.

Regardless of enrollments, specializations enhance the department and the university's reputation because prospective students are impressed by the depth and breadth of curriculum, even if they are not interested in some individual specializations. As a case in point, consider the university's promotion of the raptor biology program, even though that specialization appeals to relatively few students.

16. Minimum Enrollments and Graduates. Have you determined minimums that the program will need to meet in order to be continued? What are those minimums, what is the logical basis for those minimums, what is the time frame, and what is the action that would result?

There is no minimum number for viability. Students will be enrolled in already-existing courses that will be offered whether or not the program exists.

If at a point in time in the future the program fails to maintain a reasonable number of graduates per year (e.g., >5), it will be discontinued or modified to make it more attractive to students.

<u>Resources Required for Implementation – fiscal impact and budget</u>

17. Physical Resources.

a. **Existing resources**. Describe equipment, space, laboratory instruments, computer(s), or other physical equipment presently available to support the successful implementation of the program.

The program will make use of existing resources, which are sufficient.

b. **Impact of new program**. What will be the impact on existing programs of increased use of physical resources by the proposed program? How will the increased use be accommodated?

The new program will not impact existing programs, except perhaps to cause an increase in enrollments in the Master of Educational Technology program.

c. **Needed resources.** List equipment, space, laboratory instruments, etc., that must be obtained to support the proposed program. Enter the costs of those physical resources into the budget sheet.

The program will make use of existing resources, which are sufficient.

18. Library resources

a. **Existing resources and impact of new program**. Evaluate library resources, including personnel and space. Are they adequate for the operation of the present program? Will there be an impact on existing programs of increased library usage caused by the proposed program? For off-campus programs, clearly indicate how the library resources are to be provided.

The program will make use of existing resources, which are sufficient.

b. Needed resources. What new library resources will be required to ensure successful implementation of the program? Enter the costs of those library resources into the budget sheet.

The program will make use of existing resources, which are sufficient.

19. Personnel resources

a. Needed resources. Give an overview of the personnel resources that will be needed to implement the program. How many additional sections of existing courses will be needed? Referring to the list of new courses to be created, what instructional capacity will be needed to offer the necessary number of sections?

The program will require the development and offering of the following three new courses:

- EDTECH 563 QUEST-BASED LEARNING DESIGN (3-0-3)(F). Emphasizes the knowledge, skills, and pedagogy of quest based learning as applied to emerging gaming techniques and technologies. PREREQ: ADM/PROG.
- EDTECH 564 GAMIFIED AUGMENTED REALITY AND MOBILE GAME DESIGN (3-0-3)(S). Analysis of emerging technologies that combine virtual and augmented realities, with specific support for mobile applications. PREREQ: ADM/PROG.
- EDTECH 565 ADVANCED EDUCATIONAL GAME DESIGN (3-0-3)(F/S) Examines advanced digital games design for K-12 implementations. PREREQ: EDTECH 536.

b. Existing resources. Describe the existing instructional, support, and administrative resources that can be brought to bear to support the successful implementation of the program.

The department of Educational Technology has an extensive infrastructure that supports its master's, Ed.S., Ed.D., and graduate certificate programs. It will easily be able to accommodate any additional work caused by the creation of the new graduate certificate.

c. Impact on existing programs. What will be the impact on existing programs of increased use of existing personnel resources by the proposed program? How will quality and productivity of existing programs be maintained?

It is anticipated that there will be no impact on existing programs. If additional person-power is necessary, it will be a simple matter to scale-up, using the self-support program's resources.

d. Needed resources. List the new personnel that must be hired to support the proposed program. Enter the costs of those personnel resources into the budget sheet.

It is anticipated that there will be no impact on existing programs. If additional person-power is necessary, it will be a simple matter to scale-up, using the self-support program's resources.

20. Revenue Sources

a) **Reallocation of funds:** If funding is to come from the reallocation of existing state appropriated funds, please indicate the sources of the reallocation. What impact will the reallocation of funds in support of the program have on other programs?

N/A

b) **New appropriation**. If an above Maintenance of Current Operations (MCO) appropriation is required to fund the program, indicate when the institution plans to include the program in the legislative budget request.

N/A

c) **Non-ongoing sources**:

i. If the funding is to come from one-time sources such as a donation, indicate the sources of other funding. What are the institution's plans for sustaining the program when that funding ends?

ii. Describe the federal grant, other grant(s), special fee arrangements, or contract(s) that will be valid to fund the program. What does the institution propose to do with the program upon termination of those funds?

N/A

d) **Student Fees**:

i. If the proposed program is intended to levy any institutional local fees, explain how doing so meets the requirements of Board Policy V.R., 3.b.

ii. Provide estimated cost to students and total revenue for self-support programs and for professional fees and other fees anticipated to be requested under Board Policy V.R., if applicable.

Students in the proposed program will be in many of the same classes as students in the existing programs offered by the department. Similarly, students in the existing programs will enroll in the three new classes that are being created for the proposed program. As a simple way to depict the revenue to and cost of the proposed program, the budget depicts the cost of offering those three courses and the revenue that will result from those three courses.

The cost to a student of completing the proposed certificate program can be calculated as 15 credits times $379.33 per credit (the cost to students for master's level courses) for a total of $5,689.95.

21. Using the budget template provided by the Office of the State Board of Education, provide the following information:

- Indicate all resources needed, including the planned FTE enrollment, projected revenues, and estimated expenditures for the first **four** fiscal years of the program.
- Include reallocation of existing personnel and resources and anticipated or requested new resources.
- Second and third year estimates should be in constant dollars.
- Amounts should reconcile subsequent pages where budget explanations are provided.
- If the program is contract related, explain the fiscal sources and the year-to-year commitment from the contracting agency(ies) or party(ies).
- Provide an explanation of the fiscal impact of any proposed discontinuance to include impacts to faculty (i.e., salary savings, re-assignments).

I. PLANNED STUDENT ENROLLMENT

	FY 17		FY 18		FY 19		FY 20	
	FTE	Headcount	FTE	Headcount	FTE	Headcount	FTE	Headcount
A. New enrollments	5.6	11	6	12	6.375	13	6.75	14
B. Shifting enrollments	0	0	0	0	0	0	0	0
Total Enrollment	5.6	11	6.0	12	6.4	13	6.8	14

Budget Notes:
I.A,B. FTE calculated as 24 credits per year per FTE
Assume 10% of enrollments are new
Headcount calculated as 2xFTE because these will be part-time students

Experimental Program to Stimulate Competitive Research (EPSCoR) Annual Report

REFERENCE

August 2013	EPSCoR provided their annual report to the Board
April 2014	EPSCoR provided their annual report to the Board
April 2015	EPSCoR provided their annual report to the Board

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section III.W. Higher Education Research

BACKGROUND/DISCUSSION

The Experimental Program to Stimulate Competitive Research (EPSCoR) is a federal-state partnership designed to enhance the science and engineering research, education, and technology capabilities of states that traditionally have received smaller amounts of federal research and development funds. Through EPSCoR, participating states are building a high-quality, academic research base that is serving as a backbone of a scientific and technological enterprise.

Idaho EPSCoR is led by a state committee composed of 16 members appointed by the Board, with diverse professional backgrounds from both the public and private sectors and from all regions in the state. The Idaho EPSCoR committee oversees the implementation of the EPSCoR program and ensures program goals and objectives are met. The Idaho EPSCoR office and the Idaho EPSCoR Project Director are located at the University of Idaho. Partner institutions are Boise State University and Idaho State University including participation of Idaho's 2-year and 4-year colleges.

The purpose of EPSCoR awards is to provide support for lasting improvements in a state's academic research infrastructure and its research and education capacity in areas that support state and university Science and Technology Strategic Plans. Idaho EPSCoR activities include involvement in K-12 teacher preparation and research initiatives and projects ranging from undergraduate research through major state and regional research projects.

Idaho has three active NSF EPSCoR Research Infrastructure Improvement (RII) awards:

- Track-1 RII; 2013-2018 - $20 million, “Managing Idaho’s Landscapes for Ecosystem Services (MILES)”

- Track-2 RII Focused EPSCoR Collaborations; 2013-2017 - $6 million, “Western Consortium for Watershed Analysis and Visualization (WC-WAVE)”

- Track-3 RII Building Diverse Communities; 2014-2019 - $750,000 (up to five years), “Indigenous Program for STEM Research”, and “Regional Native Network of Graduate Education: A National Research and Educational Model”

Consistent with Board Policy III.W.2. d., EPSCoR has prepared an annual report regarding current EPSCoR activities that details all projects by federal agency source, including reports of project progress from associated external Project Advisory Board (PAB).

ATTACHMENTS

Attachment 1 – Annual Report Presentation Page 3

STAFF COMMENTS AND RECOMMENDATIONS

Idaho EPSCoR was awarded a new Track-1 grant NSF-EPSCoR award in 2013 entitled, “Managing Idaho’s Landscapes for Ecosystem Services”, for $20M between the 2013-2018 periods. NSF-EPSCoR grants require a state matching component, these funds are paid out of a portion of the funds allocated for use by the Board’s Higher Education Research Council (HERC). The state match for the current award is $800,000 for fiscal year 2017.

TAB	DESCRIPTION	ACTION
1	**AMENDMENT TO BOARD POLICY** Section II.F. – Policies Regarding Non-classified Employees	Motion to approve
2	**IDAHO STATE UNIVERSITY** Reclassification of Provost to Executive Vice President and Provost	Motion to approve

THIS PAGE INTENTIONALLY LEFT BLANK

SUBJECT

Idaho State Board of Education Policy II.F. – first reading

REFERENCE

June 2016	Board approved the second reading of amendment to Board policy II.F (related to coach and athletic director employment agreements)

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section II.F.
Section 49-2426, Idaho Code

BACKGROUND/DISCUSSION

The proposed amendment is the result of extended discussions among the State Board of Education (Board) Athletics Committee, the Board's Deputy Attorney General and institutional legal counsel, and the State Risk Management office. Language has been added to the policy to emphasize state regulations with respect to state-owned or leased vehicles and the insurance requirements applicable when local dealerships provide courtesy vehicles to institution personnel who choose to make personal use of those vehicles.

IMPACT

The proposed amendment fills a gap in previous Board policy with respect to courtesy vehicles. The revised wording reiterates existing State policy that personal use by employees of agency-owned/leased vehicles—as well as institution-controlled courtesy vehicles which are insured through the State's Risk management program—is not permitted. The amendment also provides the minimum coverage limits, special endorsements, and "additional insured" requirements when employees obtain personal insurance for courtesy vehicles.

ATTACHMENTS

Attachment 1: Amendment to Board Policy Section II.F. Page 3

STAFF COMMENTS AND RECOMMENDATIONS

The proposed amendment to Policy II.F.b.vi. is being forwarded in parallel with a proposed amendment (under separate cover) to Policy I.E., which will clarify employment benefits (car allowances) and insurance requirements applicable to institutional presidents. Taken together, the proposed amendments will help ensure compliance and consistency with respect to use of institution-owned vehicles, including dealer-provided courtesy vehicles for college/university employees. Staff recommends approval.

BOARD ACTION

I move to approve the first reading of the proposed amendment to Board Policy Section II.F “Policies Regarding Non-classified Employees” as provided in Attachment 1.

Moved by____________ Seconded by____________ Carried Yes____ No____

1. Employment Terms

   a. All non-classified employees, except those set forth in Section II.F.1.b. below, serve at the pleasure of the chief executive officer, and may be dismissed at any time, with or without cause, and without notice, at the discretion of the chief executive officer.

   b. Employment Contracts

      i. An institution may provide employment contracts to its non-classified employees. If an institution chooses to offer employment contracts to its non-classified employees, the employment contract must include the period of the appointment, salary, pay periods, position title, employment status and such other information as the institution may elect to include in order to define the contract of employment. Non-classified employees have no continued expectation of employment beyond their current contract of employment.

      ii. Non-classified employees, who serve pursuant to contracts of employment containing a stated salary are not guaranteed such salary in subsequent contracts or appointments, and such salary is subject to adjustment during the contract period due to financial exigency (as provided for in Section II.N of Board Policy) or through furlough or work hour adjustments (as provided for in Section II.B.2.c of Board Policy).

      iii. Each employee must acknowledge receipt and acceptance of the terms of the employment contract by signing and returning a copy to the institution initiating the offer of appointment. Failure or refusal of the employee to sign and return a copy of the employment contract within the time specified in the contract is deemed to be a rejection of the offer of employment unless the parties have mutually agreed in writing to extend the time. Nothing in this paragraph prohibits the institution from extending another offer to the employee in the event the initial offer was not signed and returned in a timely manner. Any alteration by the employee of the offer is deemed a counter-offer requiring an affirmative act of acceptance by an officer authorized to enter into contracts of employment binding the institution.

      iv. Each contract of employment shall include a statement to the following effect and intent: "The terms of employment set forth in this contract of employment are also subject to the Governing Policies and Procedures of the State Board of Education (or the Board of Regents of the University of Idaho, in the case of University of Idaho), and the policies and procedures of the institution." The contract shall also state that it may be terminated at any time for adequate cause, as defined in Section II.L. of Board Policy, or when the Board declares a state of financial exigency, as defined in Section

II.N. of Board Policy. The contract shall also state that it may be non-renewed pursuant to Section II.F.5. of Board Policy.

v. No contract of employment with such an employee may exceed one (1) year without the prior express approval of the Board, with the exception of employment agreements for athletic directors and coaches as set forth in Section II.H. of Board Policy. Employment beyond the contract period may not be legally presumed. Renewal of an employment contract is subject solely to the discretion of the chief executive officer of the institution, and, where applicable, of the Board.

2. Compensation

a. Salary – All non-classified employees shall receive a fixed salary. A payment in addition to the fixed salary for an employee on annual contract or agreement may be authorized by the chief executive officer for documented meritorious performance, to compensate a professional annual employee for short-term work assignments or additional duties beyond what is outlined in an employee's contract or agreement, or as incentive pay. Incentive pay may be paid for achievement of specific activities, goals or certifications as may be established by an institution in conjunction with certain programs or initiatives. All initial salaries for non-classified employees are established by the chief executive officer, subject to approval by the Board where applicable. The Board may make subsequent changes for any non-classified employee salary or may set annual salary guidelines and delegates to its executive director authority to review compliance with its annual guidelines. Any annual salary increase outside Board guidelines requires specific and prior Board approval before such increase may be effective or paid to the non-classified employee. With the exception of the chief executive officers, and other positions whose appointment is a reserved Board authority, approval of salaries shall be effective concurrently with Board approval of annual operating budgets for that fiscal year.

b. Salaries, Salary Increases and other Compensation related items

i. Salaries for new appointments to dean, associate/assistant dean, vice president, and president/vice president direct-report positions may not exceed the median rate for such position established by the College and University Professional Association for Human Resources (CUPA-HR), or its equivalent, without prior Board approval.

ii. Appointments to acting or interim positions shall be at base salary rates no greater than ten percent (10%) more than the appointees' salary rate immediately prior to accepting the interim appointment or ninety-five percent (95%) of the prior incumbent's rate, whichever is greater.

iii. Overtime Compensation – Non-classified employees earning annual leave at the equivalent rate of two (2) days for each month or major fraction thereof of credited state service are not eligible for either cash compensation or compensatory time off for overtime work. Non-classified employees in positions that are defined as "non-exempt" under the Fair Labor Standards Act earn overtime at a rate of one and one-half (1½) hours for each overtime hour worked. Other non-classified employees may earn compensatory time off at the discretion of the chief executive officer at a rate not to exceed one (1) hour of compensatory time for each hour of overtime worked.

iv. Credited State Service - The basis for earning credited state service will be the actual hours paid not to exceed forty (40) per week.

v. Pay Periods - All non-classified employees are paid in accordance with a schedule established by the state controller.

vi. Automobile Exclusion and Courtesy Vehicles - ~~Unless expressly authorized by the Board,~~ With the exception of courtesy vehicles provided for use by local car dealerships, no ~~non-classified~~ employee will receive an automobile or automobile allowance as part of his or her compensation, unless expressly authorized by the Board. The use of institution-registered courtesy vehicles is subject to the following requirements:

(1) The institution will verify that all courtesy vehicle use is insured in accordance with the requirements of Idaho's Risk Management Program.

(2) Personal use is not allowed for courtesy vehicles which are controlled by the institution and insured through Risk Management.

(3) Personal and permissive use of a courtesy vehicle is excluded from coverage under the State of Idaho's Risk Management Program, unless the institution has verified that the employee has obtained insurance which meets the following requirements:

a) Employee to provide a personal automobile policy with at least $500,000 combined single limits

b) Personal automobile policy must include a non-owned automobile endorsement or clause

c) The State of Idaho and the State Agency must be named as additional insured on the employee's personal auto policy

3. Annual Leave

   a. Non-classified employees at the institutions, agencies earn annual leave at the equivalent rate of two (2) days per month or major fraction thereof of credited state service. Twelve-month employees employed at the entities named above may accrue leave up to a maximum of 240 hours. An employee who has accrued the maximum will not earn further leave until the employee's use of annual leave reduces the accrual below the maximum.

      Non-classified employees in positions which are covered under the Fair Labor Standards Act earn annual leave in accordance with and subject to the maximum leave accruals in Section 67-5334, Idaho Code.

   b. Non-classified employees appointed to less than full-time positions earn annual leave on a proportional basis dependent upon the terms and conditions of employment.

      d) Professional Leave - At the discretion of the chief executive officer, non-classified employees may be granted professional leave with or without compensation under conditions and terms as established by the chief executive officer.

      e) Pursuant to section 59-1606(3), Idaho Code, when a classified employee’s position is changed to non-classified, or when a classified employee is moved into a non-classified position, and that employee, due to the employee’s years of service, has an annual leave balance in excess of 240 hours, then the institution may pay the employee as supplemental pay the balance that is in excess of 240 hours.

4. Performance Evaluation

   Each institution or agency must establish policies and procedures for the performance evaluation of non-classified employees, and are responsible for implementing those policies in evaluating the work performance of employees. The purposes of employee evaluations are to identify areas of strength and weakness, to improve employee work performance, and to provide a basis on which the chief executive officers and the Board may make decisions concerning retention, promotion, and merit salary increases. All non-classified employees must be evaluated annually. Any written recommendations that result from a performance evaluation must be signed by the appropriate supervisor, a copy provided to the employee and a copy placed in the official personnel file of the employee. Evaluation ratings that result in findings of inadequate performance of duties or failure to perform duties constitute adequate cause as set forth in Section II.L. of Board Policy.

5. Non-Renewal of Non-classified Contract Employees

   a. Notice of the decision of the chief executive officer to not renew a contract of employment must be given in writing to the non-classified employee at least sixty (60) calendar days before the end of the existing period of appointment for annual appointments. For appointments of less than one year, the written notice must be at least thirty (30) days prior to the end of the existing period of appointment. Reasons for non-renewal need not be stated. Non-renewal without cause is the legal right of the Board. If any reasons for non-renewal are provided to the employee for information, it does not convert the non-renewal to dismissal for cause and does not establish or shift any burden of proof. Failure to give timely notice of non-renewal because of mechanical, clerical, mailing, or similar error is not deemed to renew the contract of employment for another full term, but the existing term of employment must be extended to the number of days necessary to allow sixty (60) (or thirty days where applicable) calendar days' notice to the employee.

   b. Except as set forth in this paragraph, non-renewal is not grievable within the institution nor is it appealable to the Board. However, if an employee presents bona fide allegations and evidence to the chief executive officer of the institution that the non-renewal of the contract of employment was the result of discrimination prohibited by applicable law, the employee is entitled to use the internal discrimination grievance procedure set forth in Section II.M. to test the allegation. If the chief executive officer is the subject of the allegations, the employee may present the bona fide allegations and evidence to the Executive Director. The normal internal grievance procedure for discrimination must be used unless changed by mutual consent of the parties. The ultimate burden of proof rests with the employee. The institution is required to offer evidence of its reasons for non-renewal only if the employee has made a prima facie showing that the recommendation of non-renewal was made for reasons prohibited by applicable law. Unless mutually agreed to by the parties in writing, the use of the discrimination grievance procedure will not delay the effective date of non-renewal. Following the discrimination grievance procedures, if any, the decision of the institution, is final, subject to Section II.F.5.c., below.

   c. If, and only if, the chief executive officer is the subject of the alleged discrimination prohibited by applicable law, the non-classified contract employee may petition the Board to review the final action of the institution. Any petition for review must be filed at the Office of the State Board of Education within fifteen (15) calendar days after the employee receives notice of final action. The Board may agree to review the final action, setting out whatever procedure and conditions for review it deems appropriate, or it may choose not to review the final action. The fact that a review petition has been filed will not stay the effectiveness of the final action, nor will the grant of a petition for review, unless specifically provided by the Board. Board review is not a matter of right. An employee need not petition for Board review in order to have exhausted administrative remedies for purposes of judicial review. Nothing in this section should be construed as any prohibition against filing a complaint with any appropriate state or federal entity, including but not limited to the Equal Employment Opportunity Commission (EEOC) or the Idaho Human Rights Commission (IHRC).

6. Tenure

Non-classified employees are generally not entitled to tenure. Certain, very limited, exceptions to this general rule are found in Subsection G.6 of these personnel policies and procedures.

IDAHO STATE UNIVERSITY

SUBJECT

Authorization to establish new vice-president level position: Executive Vice President and Provost

APPLICABLE STATUTES, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section II.B.3.a.

BACKGROUND / DISCUSSION

Idaho State University (ISU) continues to evaluate its programs, processes, and organizational structure to enhance the student experience, increase support to the faculty, and provide superior service and administrative oversight. ISU is proposing a revised leadership structure which will support these goals while eliminating duplication of effort and enhancing unity of effort. ISU seeks State Board of Education (Board) approval to establish a new position: Executive Vice President and Provost. The new position would serve as the President's senior administrator and academic leader, providing unified oversight of administrative as well as academic functions. The new position would replace the current Provost position. Under the new model, the President would continue to directly interact with the senior leaders under the authority of the Executive Vice President and Provost through the Institutional Effectiveness Council and the President's Executive Council. The revised structure will reduce the need for day-to-day operational decision-making tasks by the President, enabling the Chief Executive to focus on the University's mission and strategic goals/objectives.

Details of the proposed new vice-president position are provided below, in accordance with Board Policy II.B.3.a.

i. Position title: Executive Vice President and Provost
ii. Type of position: Administrative, Non-Classified
iii. FTE: 1.0
iv. Term of appointment: 12 months
v. Effective date: August 14, 2016
vi. Salary: $235,000
vii. Funding source: Appropriated Funds
viii. A description of the duties and responsibilities of the position is provided in Attachment 1.

IMPACT

By combining the administrative and academic oversight of the functional areas under this new position, ISU will be able to more closely align the budget process with academic requirements and with the institution's strategic priorities. This realignment will help ISU's leadership prioritize its resources to fully support student learning outcomes. The proposed leadership structure is similar to that in place at the University of Idaho and at many other universities across the country. Subject to Board approval of the new position, ISU intends to promote the current Provost into the position, at an annual salary level of $235,000 (this represents a 10.9% increase above the current salary for the Provost position and is in line with national CUPA-HR market data).

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

The proposed executive vice president/provost model has been used successfully at other institutions, and it has the potential to enhance integrated strategic planning, programming, resource allocation, and assessment operations at ISU in support of the Board's strategic goals and objectives. Clear lines of authority and responsibility are essential to the success of any organization. Implementation of the revised leadership structure (upon Board approval of the new position) has an excellent prospect of success in light of the ISU president's plan to appoint a highly-capable, proven leader—ISU's current provost—as the Executive Vice President and Provost.

BOARD ACTION

I move to authorize Idaho State University to establish the position of Executive Vice President and Provost, with terms and duties as described in the documentation provided.

Moved by____________ Seconded by_____________ Carried Yes____ No____

Position: Executive Vice President and Provost

The Executive Vice President and Provost (EVPP) is the Chief Academic Officer of the University. The EVPP represents the President in matters where the President is absent or unavailable. The EVPP has oversight over units that directly impact instructional, academic and research programs. This would include the following administrative units: (1) outreach campuses/centers; (2) student affairs; (3) research, (4) finance and administration; (6) libraries; and (7) divisions, institutes, centers and colleges. In addition, the EVPP develops and assures compliance with administrative directives that support the mission of the University. Listed below are some of the administrative responsibilities:

- Institutional accreditation
- Institutional effectiveness
- Strategic and curriculum planning
- Program prioritization
- Student learning and outcomes
- Academic standards
- Student success, retention, and completion
- Academic support for students
- General direction of university scholarship
- Faculty appointments, promotion and tenure and development
- All academic administrative appointments
- Institutional enrollment
- Development of plans and budgets for academic programs and services
- General direction of student services programs and evaluation of academic administrators
- Oversight of faculty personnel and faculty development
- Oversight of faculty governance/advisory system
- Institutional research and data reporting
- Instructional Technology supporting academic programs
- Oversight of institutional policies supporting academic needs

The Vice President for Finance and Administration, Vice President for Student Affairs, Vice President for Research, and Vice President for Health Sciences will have a dual reporting responsibility to the EVPP with a dotted line to the President. The Office of General Counsel, Athletics, Advancement, and the Internal Auditor will report solely to the President.

Position Description:

Position: Executive Vice President and Provost Position Description

I. Position Summary

The Executive Vice President and Provost (EVPP) serves as the chief academic officer of the University and serves as the second in overall responsibility and authority to the President. The EVPP will oversee and align academic and budgetary policy and priorities; ensure the quality of the administration, faculty and student body; help to expand the research enterprise; and maintain the educational excellence of the institution. In helping to lead an innovative community of scholars and students, this individual will provide leadership to support an interdisciplinary, student-centered culture across the campus. In supporting this campus culture, the EVPP will be fully invested in the University's student retention, progression, and completion initiatives. The EVP/Provost will possess a clear academic vision and serve as an articulate and persuasive spokesperson to assist the President in effectively conveying the importance of a research university as a partner to the community and region.

The University Vice Presidents (except for the Office of General Counsel, Vice President of University Advancement, the Athletic Director, and the Internal Auditor) and the Deans will report to the Executive Vice President/Provost. The EVPP is charged with the overall administration of all academic and following administrative units (1) outreach campuses/centers, (2) student affairs, (3) research, (4) finance and administration, (5) libraries, and (6) all divisions, institutes, centers and colleges; works closely with the staff and Deans to develop, implement, and promote educational and scholarship goals; and provides leadership to ensure mission fulfillment of the University's mission. The EVPP will foster and manage program health; ensure that the University's research continues to achieve superior quality; work with the Faculty Senate on matters of academic policies and the general welfare of the University; work with professional and classified staff; and advise the President on plans, policies, and operations.

The EVPP oversees all aspects of professional and academic accreditation, allocation of teaching and research facilities, faculty development, and academic personnel. The ability to coordinate priorities within Idaho's State Board of Education is crucial to all initiatives.

Reports directly to the President.

II. Principal Position Responsibilities

1. Oversees and administers space planning process.

2. Provides leadership to all academic programs and Units and other University operations.

3. Leads assessment of the University strategic plan.

4. Promotes linkage and modification of academic programs to meet the evolving mission of the University, to align academic programs with the strategic plan of the University and to meet the needs of the students and faculty.

5. All academic programs and deans report to the EVPP, as do the Vice Presidents for Finance and Administration, Research, Student Affairs, and Health Sciences.

6. Provides leadership to departments and offices responsible for following functions: diversity and equal opportunity, external academic affairs, faculty development, academic assessment, institutional research, international programs, undergraduate affairs, and others as assigned.

7. Provides leadership and guidance to all Deans to enhance effective operation, cost efficiency and high-quality academic programs.

8. Works with all constituency groups to ensure that the academic programs of the University:
    a. have achieved or are approaching high national ranking, or
    b. are well placed with respect to the University's peer or aspirational benchmark group.

9. Works directly with the Faculty Senate to ensure effective communications with the *Office of the President*.

10. Ensure the operations of the unit fulfills the academic mission of the University.

Laura Woodworth-Ney, Ph.D.
Office of the Provost and Vice President for Academic Affairs
Idaho State University
Pocatello, Idaho 83209-8079
208/282-4024
E-MAIL: woodlaur@isu.edu

CURRENT APPOINTMENT

Provost and Vice President for Academic Affairs, Idaho State University (2013-present).

Founded in 1901, Idaho State University (ISU) is a Carnegie Research Doctoral University serving a student population of approximately 15,000 students per year, representing 48 states and 59 countries. The University houses campus sites in four locations: Pocatello, Meridian, Idaho Falls, and Twin Falls, and maintains an online campus (eISU); all of these report directly to the Office of the Provost and Vice President for Academic Affairs. More than 650 faculty members serve the institution.

The Office of the Provost and Vice President for Academic Affairs oversees more than 250 academic programs ranging from professional technical certificates to PhDs. Idaho State's disciplinary breadth, combined with its unique degree mix, offers opportunity and access commensurate with the Idaho State Board of Education mandate to serve its diverse, largely rural region with technical education, baccalaureate and graduate degree programs, and to provide healthcare programming for the state. Six academic colleges, two schools and a division report to the Office of the Provost and Vice President for Academic Affairs: Division of Health Sciences (includes the College of Pharmacy and the School of Nursing); College of Science and Engineering; College of Arts and Letters (includes the School of Performing Arts); College of Education; College of Business (includes the Informatics Institute); and the College of Technology (includes Continuing Education) and workforce development. In addition, the Office of the Provost oversees the academic support units at the university, including all of the Enrollment Management functions (Recruiting, Admissions, Registrar, Advising, Scholarship Office, International Programs Office, and Financial Aid Advising); the Student Success Center (tutoring, math and English lab support, TRIO programs, retention programs, Intensive English Institute, Honors Program, Native American Student Services, ADA Office, and the Bengal Bridge Program); the Early College Program (dual enrollment programs); the academic component of ISU's e-learning programs (e-ISU); all specialized and institutional accreditation processes; undergraduate affairs and General Education; university strategic planning and institutional effectiveness; the Office of Institutional Research; and all of ISU's campus sites in Pocatello, Idaho Falls, Meridian, and Twin Falls.

The Provost at Idaho State University fills in for the University President, as needed, and chairs the university's Institutional Effectiveness Council, which is comprised of the university's vice presidents.

In addition, the provost testifies before legislative committees and plays an active role at the level of the Idaho State Board of Education.

EDUCATION

Ph.D., 1996	American History and Public History, Washington State University
M.A., 1991	American History, Washington State University
B.A., 1989	English, Cum Laude, Phi Beta Kappa, University of Idaho
Summer Seminar, 1988	Trinity College, Oxford University, in partnership with the University of Massachusetts, Amherst

Round Table Panel Presentation, *The Gender Gap in Higher Education*, Presented at the **Western Social Sciences Association** Meeting, April 2006, Phoenix, Arizona

Panel Moderator and Chair, *Raising the Marginal: Female Migration and National Identity Formation*, **Western Social Sciences Association** Meeting, April 2006, Phoenix, Arizona

Panel Presentation, *New Takes on Idaho's History*, Biennial **Idaho History Conference**, Idaho State University, March 2006

Panel Moderator and Commentator, *Gender in Other Times and Other Places,* **Art of Gender Conference**, Idaho State University, March 2006

Keynote Speaker for Student Affairs Research Colloquium, Idaho State University, December 2005

Panel Chair, "The Power of Irrigation: The Effects of Power on People and Land in the American West," **American Society for Environmental History Conference**, March 2005, Houston, Texas

Panel Presentation with J.B. "Jack" Owens and Kevin Marsh, "Geographically Integrated History," **Intermountain Geographic Information Systems Users' Conference**, April 2005, Pocatello, Idaho

Invited talk, "Reclaiming Culture: The DeMarys and the Settlement of Irrigated Idaho," **Rupert Rotary Club**, Rupert, January 19, 2005

Invited talk, "Historical Overview of Separation of Powers," for the legal organization **Inns of Court of Southeast Idaho**, Pocatello, April 2005

Invited talk, "Nineteenth-century Clubwomen in Idaho," for the women's organization, **P.E.O. Women's Organization**, Rupert, Idaho, May 2005

Featured Speaker for Award Banquet, "Women in Higher Education," **Idaho State Convention of P.E.O.**, June 2005

Fall Speaker for Utah Valley State College "Turning Points" Lecture Series, "Reclaiming Culture: The Cultural Significance of Irrigation," Orem, Utah, September 2005

Invited Speaker for **American Medical Association of Southern Idaho**, "Irrigation and the Settlement of the West," Pocatello, October 2005

Invited Speaker for **Ohio State University's GIS Lecture Series**, "Using GIS to Study Women's History," Columbus, Ohio, December 2005

Chair for session entitled "The 'Power' of Irrigation: The Effects of Federal Reclamation on People and Land in the American West," **American Society for Environmental History** Conference, Houston, Texas, April 2005

Developing a Culture of Reclamation (An Interdisciplinary Video Project), co-authored with James O. Armstrong, Boise State University, and Peter C. Lutze, Boise State University, a paper presented by James O. Armstrong at the **International Humanities Conference, Monash University Centre, Prato, Italy**, July 20-23, 2004.

Commentator for session entitled "Single Women and Married Women in the West," Annual Meeting of the **Western History Association**, Las Vegas, Nevada, October 13-16, 2004

Discussant for session entitled "Economic Influence and the Influence of Economics," **The Art of Gender in Everyday Life Conference**, Idaho State University, Pocatello, Idaho, March 2004

"Envisioning a GIS-Based Master's Degree Program in History," a paper presented (co-authored with Jack Owens) at the **Annual American Historical Association** Meeting, Washington, D.C., January 8-11, 2004

"Building a Progressive Culture: Women's Clubs and the Settlement of Irrigated Idaho, 1890-1920," a paper presented at the Annual Meeting of the **Western History Association** Meeting, Fort Worth, Texas, October 9, 2003

"Reclaiming Culture: Women's Literary Societies and the Formation of Irrigated Settlement Communities, 1870-1920," a paper presented at the **Study of American Women Writers Conference**, September 26, 2003

Invited Talk, "Women Pioneers in Southern Idaho, 1870-1900," Chapter B.A. of **P.E.O. Women's Organization**, July 4, 2003

"Reclaiming Culture, Reconciling Place: Women's Clubs and the Reassessment of Irrigated Settlement, 1890-1920," a paper presented at the 56^{th} Annual **Pacific Northwest History Conference**, April 24-26, 2003, Bellingham, Washington

"Reclaiming Culture, Reconciling Place: Gender, Class and Women's Clubs in the Irrigated West, 1890-1920," a paper presented at the **Western Social Sciences Association** Meeting, April 9-12, 2003, Las Vegas, Nevada

"Water, Gender, and Class: Women's Cultural Societies in Irrigated Settlement Towns, 1870-1920," a paper presented at the **Rural Women's Studies Association Conference**, February, 20-23, 2003, Las Cruces, New Mexico

"Chief Andrew Seltice and the Agreement of 1889: Federal Policy and Internal Division on the Coeur d'Alene Indian Reservation," a paper presented as part of a panel entitled "Immigrants, Native Americans, and Federal Policy: Overlapping Diasporas in Nineteenth-Century America" at the 2002 **Annual Meeting of the Organization of American Historians**, April 11-14, Washington, D.C.

"Water, Culture and Progressive Politics: Albin and Elizabeth DeMary and the Struggle for Local Control of the Minidoka Reclamation Project, 1905-1920," a paper presented at the **Bureau of Reclamation Centennial History Symposium**, June 17-19, 2002, University of Nevada–Las Vegas, Las Vegas, Nevada

"Reconciling Place: Searching for the Women's Narrative in Irrigated Idaho," invited paper presented as part of a session entitled "Fiction, History, and Interpretation: Whose Truth?" at 2002 **Boise Bookfest**, Log Cabin Literary Center, September 12-15, 2002, Boise, Idaho

"Mary Hallock Foote, Elizabeth DeMary, and Annie Pike Greenwood: Landscapes of Gender and Culture in the Irrigated West, 1880-1920," Invited Talk, **Lava Hot Springs Historical Society**, January 2002, Lava, Idaho

"Mary Hallock Foote, Elizabeth DeMary, and Annie Pike Greenwood: Landscapes of Gender and Culture in the Irrigated West, 1880-1920," Guest Lecture, **Idaho Historical Geography Televised Course**, Idaho State University, November 2001, Pocatello, Idaho

" 'This is Not an English Class!': Using Creative Writing Assignments in the History Survey Course," presented as part of a panel entitled "Writing History: Writing Assignment Design and Evaluation in Two American History Survey Courses" at the **Writing Across the Curriculum Conference**, May 31-June 2, 2001, Bloomington, Indiana

"'A Glorious Future That No Man Can Doubt': Albin C. DeMary and the Fight for Local Control of the Minidoka Reclamation Project, 1905-1920," a paper presented at the 41st Annual **Western History Association Conference**, October 2001, San Diego, California

"Wallace Stegner and Donald Worster: 'Old' and 'New' Perspectives on Water and Power in the American West," **Department of History Lecture Series**, Idaho State University, May 2001, Pocatello, Idaho

"'A Glorious Future That No Man Can Doubt': Albin C. DeMary and the Fight for Local Control of the Minidoka Reclamation Project, 1905-1920," a paper presented at the 53rd Annual **Pacific Northwest History Conference**, April 2000, Spokane, Washington

"'One Great Dissatisfaction': The Coeur d'Alene Indians, the Simpson Commission, and the Corrupt Bargain of 1889," a paper presented at the 52nd Annual **Pacific Northwest History Conference**, April 1999, Victoria, British Columbia, Canada

"Corrupt Bargain or Fair Contract?: The Coeur d'Alene Indians and the Agreement of 1889," a paper presented as part of the **Missouri Historical Society** "Research-in-Progress" Seminar, 12 December 1997, St. Louis, Missouri

"The Coeur d'Alene Indian Reservation: Tribal Sovereignty Betrayed," a presentation given to Chapter DV, **P.E.O. Women's Organization**, 27 February 1997, Irving, Texas

"The Conquest of Coeur d'Alene Waterways: Severalty and the Coeur d'Alene Indian Tribe, 1889-1933**,"** a paper presented at the 48th Annual **Pacific Northwest History Conference,** March 3, 1995, TriCities, Washington

"'This Auspicious Movement': The Growth of Spokane and the Founding of the Northwest Mining Association, 1855-1899," a paper presented at the 47th **Annual Pacific Northwest History Conference**, March 26, 1994, Bellingham, Washington

"The Diaries of a Day School Teacher: Daily Realities on the Pine Ridge Indian Reservation, 1932-1942," a paper read at the 28th Annual **Northern Great Plains History Conference**, 2 October 1993, Pierre, South Dakota

ADMINISTRATIVE EXPERIENCE

Associate Vice President, Academic Affairs, Idaho State University, June 2010-June 2013

- Curriculum management and academic program development
- Liaison for the State Board Office for academic program development, remedial education, general education, and K-12 initiatives
- Student retention liaison for the Office of Academic Affairs
- Marketing/University Relations liaison for the Office of Academic Affairs
- Academic Affairs budget management, analysis, and processes
- Program outreach and the Twin Falls-ISU outreach site
- Support for the provost in the areas of faculty tenure and promotion, academic strategic planning, accreditation, faculty development, dean searches and hires, and dean meetings
- Directly responsible for employees in the Office of the Registrar, the Early College Program and the Twin Falls-ISU campus

Chair, Department of History, Idaho State University, July 2007-May 2010

- With the faculty, responsible for developing and maintaining the curriculum and managing all faculty affairs for a program offering the B.A. in History, M.A. in Historical Resources Management, and M.A. in Interdisciplinary Historical Studies
- With the faculty, responsible for developing and maintaining the curriculum and advising students in Secondary Education with a History major, History minor, or Social Studies major or minor, and for advising Elementary Education with a History emphasis students (100+ students)
- Responsible for budget administration and policy
- Responsible for allocating budgets relative to course offerings and faculty research initiatives, while maintaining the department's instructional responsibility for two general education requirements

- Responsible for facilitating grant proposal generation, including proposals to the National Science Foundation
- Responsible for department development activities
- Responsible for facilitating the editorial oversight of the peer-reviewed journal, *Idaho Yesterdays*
- Responsible for serving departments dependent on the program in History, supervising the administrative staff, and interfacing with the dean's and provost's offices

Co-Director of Women's Studies, Idaho State University, 2000-2007
- Responsible for developing and maintaining the curriculum for a minor program with 80+ declared minors

Executive Committee, Faculty Senate, Idaho State University, 2006-2007
- Represented the Faculty Senate on the Presidential Task Force for Diversity

Social Sciences Representative, Faculty Senate, Idaho State University, 2005-2006

LECTURE SERIES and VISITING LECTURE ORGANIZING

Co-sponsor (as editor) of the *Idaho Yesterdays* Lecture Series (co-sponsored by American Studies Program at Idaho State University), 2004-2007
- Visiting lecturers since 2004 include Landon Jones, Greg Smoak, Elliot Oring, and Peter Boag

Department of History Sponsored Lectures
- Terry Tempest Williams, Spring 2008

Cultural Affairs Council, Idaho State University, 2005-2007
- Hosted Louis Warren, author of *Buffalo Bill's America*, Spring 2007
- Hosted Philip Deloria, author of *Playing Indian*, Fall 2006

SELECTED SERVICE

Department/College/University, Idaho State University

Served as a mentor for the WeLEAD Mentoring Program, Idaho State University, 2008-2009
Tenure and Promotion Committee, Department of English, Idaho State University
75th Anniversary Celebration Planning Committee, Idaho Natural History Museum, Idaho State University
Faculty-at-Large Representative (Elected by Faculty Senate) on Diversity Center Advisory Board, Idaho State University, 2007-2011
Arts and Sciences Dean Search Committee, ISU, 2006-2008 (Two Years)

Presidential Task Force for Diversity, Idaho State University, 2006-2007
Course Redesign Team, Idaho State University, 2007-present

- Team attended National Redesign Conference, Orlando, Florida, March 2007

Faculty Grievance Appeals Procedure Review Committee, Faculty Senate, Idaho State University, 2006-2007
Curriculum Committee, History Department, Idaho State University, 2003-2006
College of Arts and Sciences Tenure and Promotion Advisory Committee, Idaho State University, 2001-2003
Center for Teaching and Learning Advisory Committee, Idaho State University 2002-2003
Humanities and Social Studies Research Committee, Idaho State University, 2000-2003
Financial Aid Appeals Committee, Idaho State University, 2000-2003
Promotion and Tenure Committee for Jennifer Eastman Attebery, 2000-2001

Local/State/National Professional Activity
National Endowment for the Humanities Program Panel Reviewer, 2012
Chair, Gita Chaudhuri Award Prize Committee, Western Association of Women Historians, 2010-2012
John C. Ewers Award Prize Committee, Western History Association, 2010-2012 (Chair, 2012)
Board of Trustees Member, Idaho Center for the Book, Boise State University, 2009-present
Program Committee for the Annual Pacific Northwest History Conference, Washington State Historical Society, 2009
Board of Directors, Redd Center for Western Studies, Brigham Young University, 2003-2014
State Historic Sites Review Board, State Historic Preservation Office, State of Idaho, 2005-2014
Idaho Humanities Council Evaluator
Cultural Affairs Council, Idaho State University, 2005-2010
Historic Preservation Commission, Pocatello, Idaho, 2001-2005
President, American Association of University Women, 2004-2005
Program Committee for the Western History Association, 2004
Academic Evaluator for the Idaho Humanities Council
Sign Ordinance Committee, City of Pocatello, Pocatello, Idaho, 2003-2005
Historical Preservation Commission, Rupert, Idaho, 2000-2003

HISTORICAL CONSULTING

1997-1998	Historical Consultant, City of Chesterfield, Missouri
1996-1997	Historical Consultant, City of Irving, Texas
1994-1996	Development Officer and Historical Consultant, Kalakala Foundation, Seattle, Washington
1995	Historical Consultant, Water Rights Issues, Law Firm of Ling and Nielsen, Rupert, Idaho

AWARDS for HISTORICAL RESEARCH/EDITING

2010	Idaho State Journal Business Award Nominee
2006	Idaho Heritage Trust Media Award for *Idaho Yesterdays*
2004-2005	Humanities and Social Sciences Research Award, Idaho State University
2003-2004	Faculty Fellowship, Redd Center for Western Studies, $1500
2003	University of Wyoming American Heritage Center Travel Grant, $250
2002	Faculty Research Committee Award, Idaho State University
2002	Computer Systems Advisory Committee Computer Upgrade, $200
2002	Research Coordinating Council Release Time Award, Idaho State University
1993-1995	P.E.O. Graduate Scholarship Awards (2), $12,000
1992	Margaret Pettyjohn Graduate Research Fellowship, $2,500
1989	University of Idaho Senior Woman of the Year
1985-1989	Grace V. Nixon Memorial Scholarship, University of Idaho, $13,000 (full-ride tuition and room and board for four years)
1988	Delores Scott Memorial Scholarship, University of Idaho, $1,000
1988	University of Idaho Alumni Parents' Association Scholarship, $250

AGENCIES AND INSTITUTIONS OF THE STATE BOARD

SUBJECT
FY 2018 Line Item Budget Requests

REFERENCE

April 2016	Board approved guidance to the college and universities regarding submission of line item budget requests
June 2016	Board directed the Business Affairs and Human Resources Committee to review the FY 2018 budget line items and to bring recommendations back to the Board for its consideration at the regular August 2016 Board meeting

APPLICABLE STATUTE, RULE, OR POLICY
Idaho State Board of Education Governing Policies & Procedures, Section V.B.1.
Title 67, Chapter 35, Idaho Code

BACKGROUND/ DISCUSSION
As discussed at its April 2016 Board meeting, the Board directed the college and universities to limit any Fiscal Year 2018 budget line item requests to those which will measurably support implementation of the Board's strategic plan. Institutions may request up to two (2) line items in priority order, the total value of which shall not exceed five percent (5%) of an institution's FY2017 total General Fund appropriation. Any requests for occupancy costs will not count towards the two line items or the 5% cap.

At the June 2016 board meeting, the institutions and agencies presented their Line Item requests. The Board directed the Business Affairs and Human Resources Committee to review the FY 2018 budget line items and to bring recommendations back to the Board for its consideration at the regular August 2016 Board meeting.

The list of Line Items in Attachments 1 and 2 are not listed in priority order, however they include each agency and institution's priority rank for each item. Upon final approval the line items will be included in the institution and agency budget submissions to the Legislative Services Office (LSO) and the Division of Financial Management (DFM).

IMPACT
The approved Line Items will be included with the FY 2018 budget requests and submitted to DFM and LSO for consideration by the Governor for his FY 2018 Budget recommendations and by the Joint-Finance Appropriations Committee for funding.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

The Idaho state budget request process is based on Base-plus budgeting as follows:

Base Budget:	Historical budget based on years of appropriations
MCO:	Maintenance of current operations; formula driven for uncontrollable factors such as general salary increases and cost inflation.
Line Items:	Enhancements for new programs and initiatives

Base budgeting allows the agencies and institutions to derive a reasonable dollar estimate in order to manage their programs and staffing levels from one year to the next. This is also true for the higher education institutions whose budgets are consolidated for four year institutions and for two-year community colleges.

Since the June Board meeting, staff added a line item under State Board of Education for a one-year contract to develop a ten-year strategic plan to advance Graduate Medical Education for the state of Idaho.

The Division of Vocational Rehabilitation had a placeholder for its line item to add additional program funds for Extended Employment Services. The Division has now included a total cost of $214,300 for this line item.

There were no other material changes to the line items between the June and August meetings. Staff recommends approval.

BOARD ACTION

I move to approve the Line Items for the agencies and institutions as listed in Attachments 1 and 2, and to authorize the Executive Director to approve the MCO and Line Item budget requests for agencies and institutions due to the Division of Financial Management and Legislative Services Office on September 1, 2016.

Supports institution/agency and Board strategic plans:

Goal 1: "A Well-Educated Citizenry," Objective C: "Higher Level of Educational Attainment—Increase successful progression through Idaho's educational system."

The Outcomes-Based Funding (OBF) initiative will provide an incentive for colleges and universities to complete academic and technical programs and obtain certificates and degrees which will prepare them for productive careers in the State's workforce.

Performance Measure: Number of Baccalaureate degrees, Associate degrees, and Certificates produced annually.

The OBF approach ties appropriated dollars to program output (as opposed to program "participation," which may not translate into degree completion). Degree/certificate production increases are needed in order for Idaho to meet the Legislature and State Board of Education "60%" educational attainment target.

Description:

The OBF initiative would replace the current "Enrollment Workload Adjustment (EWA)" funding approach used by the State Board of Education, which, when funded, distributed appropriated dollars to institutions based on credit hours delivered, whether or not the students generating those credit hours actually completed their degrees. In consultation with national experts on other states' approaches to Performance-Based and Outcomes-Based funding models, the State Board has developed a simple model to distribute dollars to the institutions as a share of their degree production—both career-technical and academic. The degrees eligible for incentive funding would be limited to baccalaureate (4-year) degrees, associate (2-year) degrees, and certificates of at least one academic year duration. This would focus the incentive funding on outcomes that support the State's "60%" educational attainment goal (preparing Idahoans for a workplace in which 60% of jobs for the 25-34 year old cohort will need at least a certificate of one academic year or more). This initiative replaces a defunct funding mechanism with a clear, simple approach which could, in subsequent years, be built upon to provide additional incentive weight to high priority career fields, underserved populations, or other shorter ("badge" skills") or longer (graduate degrees) with high workforce demand. The requested $10M in ongoing funding would be allocated by the State Board each year, distributed according to degrees produced (payouts based on unduplicated headcount of degree recipients, i.e., only one payout for each graduate who receives multiple degrees/certificates on graduation day). The $10M request in new dollars would be supplemented by additional funds pulled from current baseline budgets of the institutions. Distributions for FY2018 would be made based on actual degree production in the academic year which concluded to July 1, 2017.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base? The request is for $10M in ongoing dollars, all from the General Fund. Available dollars would be redistributed each year based on that year's outcomes. No additional staffing is requested for either the Office of the State Board of Education (OSBE) or the institutions.
2. What resources are necessary to implement this request? $10M in Trustee/Benefit funds, to be distributed by the State Board to institutions based on graduation outcomes.
    a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service. Not applicable—no new positions are being requested. The process will be administered by the individuals who currently manage the EWA process, which is being replaced by OBF.

b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted. None.

c. List any additional operating funds and capital items needed. Total request is for $10M, all in the form of Trustee/Benefit payments to the institutions.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards. Request is for ongoing funds. The $10M requested appropriation will be supplemented by additional dollars reallocated from current institution baseline budgets.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted? This request is intended to have a positive impact on successful program completion at every public higher education institution in Idaho. The OBF approach will increase the incentive for institutions to enroll, retain, and successfully graduate students ready to assume productive roles in the workforce. If the program is not funded, the system would need to continue to rely upon the EWA methodology, until an effective funding mechanism can be put into place.

Supports institution/agency and Board strategic plans:

Support for the SBOE Strategic Plan FY2017-2021:

Goal 1. A Well Educated Citizenry

Objective C: Higher Level of Educational Attainment

Performance Measures

- % of Idahoans who have a college degree
- % of new full time degree seeking students who return for the second year
- % of graduates at bachelors and graduate degree levels

Objective D: Quality Education

Objective E: Education to Workforce Alignment

Performance Measures

- Ratio of non-STEM to STEM degrees
- Number of graduates in high demand fields

Goal 2. Innovation & Economic Development

Objective A: Workforce Readiness

Performance Measures

- % of graduates employed 1 and 3 years after graduation
- % of students participating in internships
- % of students participating in undergraduate research

Objective B: Innovation & Creativity

Performance Measures

- Number of startups, patents, disclosures, etc.

Support for BSU's Strategic Plan: *Focus on Effectiveness 2017-2021*

Goal 1: Create a signature, high-quality educational experience for all students

Objectives:

- Provide bountiful opportunities within and across disciplines for experiential learning
- Cultivate intellectual community among students and faculty
- Invest in faculty development and an engaging environment for learning

Performance Measures:

NSSE benchmark of student perception of quality of educational experience. The funding of this request will have substantial impact on our students' educational experience and their ability to think critically and tackle problems innovatively. Further, it will allow us to react quickly to growing workforce demands and to create programs that feed the local and regional economies

Number of students in internships and research

Number of Students in VIP

Goal 2: Facilitate the timely attainment of education goals of our diverse student population

Objectives:

- Bring classes to students using advanced technologies and multiple delivery formats
- Connect students with university services that address individual needs

Performance Measures:

- Number of degree graduates
- Freshman Retention Rate
- Six-year graduation rate
- eCampus

Goal 3: Gain distinction as doctoral research university

Objectives

- Recruit, retain and support highly qualified faculty, staff and students from diverse backgrounds
- Identify and invest in select areas of excellence with the greatest potential for economic, societal and cultural benefit
- Design systems to support and reward interdisciplinary collaboration
-

Performance Measures:

- Number of doctoral graduates
- Number of peer reviewed publications
- Citations of publications by Boise State authors over a five year span
- Total research and development expenditures

Goal 4: Align university programs and activities with community needs

Objectives:

- Include community impact in the creation and assessment of university programs and activities
- Leverage expertise and knowledge within the community to develop mutually beneficial partnerships
- Increase student recruitment, retention and graduation in STEM disciplines

Performance measure:

- Number of graduates in high demand disciplines
- Number of STEM graduates

The funding of this request will have substantial impact on our students' perception of quality of their educational experience. Further, it will allow us to react quickly to growing workforce demands and to create programs that feed the local and regional economies.

Description:

Boise State University is requesting funding that will be used to launch a coordinated set of initiatives that will stimulate Idaho economic and workplace development. From developing and expanding student skill development in order to meet current and emerging workplace needs to expanding Boise State's capacity by training next generation students and faculty in stimulating economic development, this funding will be used on direct delivery of programming and staffing required to deliver these services. Boise State will utilize the College of Innovation and Design as the lead entity across Boise State University to deliver most of the initiatives outlined in this request.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   New Games, Interactive Media & Mobile Technology (GIMM) degree program – funding to expand the rapid growth in this new major. One year into this new major and enrollment has skyrocketed to a forecasted 200 students by Fall 2016. This is 2-3 times higher than initial forecasted enrollment and this major has become a differentiation point for both in-state and out-of-state students to choose Boise State. GIMM majors will enter a rapidly growing field with strong hiring demand for their CS and virtual reality programming skills – specifically used by employers for augmented reality and VR employee training (driverless vehicles, healthcare training, PTSD treatment, etc). *Currently serving 65 students per year. Potential growth with funding is anticipated to be 400-500 students per year by Year 4.*

   New Bridge-to-Career (B2C) program expansion – funding to expand the delivery of professional skills to students from any major. With 7 out of 10 Boise State students graduating in fields that do not directly map to a professional job, Bridge-to-Career is a critical set of coursework designed to equip all students at Boise State with basic fluency in a professional skill or industry awareness. *Currently serving 175 students per year. Potential growth with funding is anticipated to be 1,000 students per year by Year 4.*

   Venture College program expansion – funding to expand the delivery of innovation and entrepreneurial skills sets to students from across the University. Boise State believes that every student should have the opportunity to apply ideas learned in the classroom in an experiential setting. Venture College develops the entrepreneurial skill set and mindset many Idaho students need to create tomorrow's companies and become the large employers of tomorrow. *Currently serving 500 students with 25 ventures incubated per year. Potential growth with funding is anticipated to be 1500+ students with 50+ ventures incubated per year by Year 4.*

New Certificate in Professional Ethnography – funding to develop a new certificate that modifies the techniques of anthropology for use in professional settings rather than academic field work. Hundreds of jobs are posted nationally for jobs looking for 'applied insights' and 'design thinking' skills. This new major would be a first of its kind to offer an undergraduate certificate that allows students from any major to add a competency that maps to current employer requirements that are current in demand. *Funding is anticipated to serve 250 students (both online and in-person) by Year 4.*

New Vertically Integrated Projects (VIP) expansion – funding to expand a novel way for students to apply cutting edge research at Boise State to solving real-world problems affecting Idaho and the world. Students form multi-disciplinary teams under the guidance of senior faculty to tackle real-world problems using Boise State research. To expand this from 6 to 16 projects and affect 200 students each year will be transformative to graduating students who can effectively work in teams and apply theory to real-world applied circumstances. *Currently serving 45 students, via 6 VIP courses. Potential growth with funding is anticipated to grow be 150+ students via 20+ VIP courses by Year 2020.*

Launch new Boise State X employer/university educational program – Many Idaho residents are working in lower paying, high turnover, 'front line' jobs for large employers that do not require a college degree for the position being done. However, many of these jobs have few, if any, pathways to a higher paying career without an undergraduate degree. In addition, many of these employees do not have the luxury, life stage, or geographic proximity to attend a university in-person. Funding is requested to launch a new program where Boise State will partner with Idaho employers to offer an employer direct pay option for employees to pursue (or complete) their undergraduate degree. Using our Multi-Disciplinary Studies (MDS) online degree, we believe we can expand access to higher education and offer a pathway to empowerment for many Idaho residents that will lead to career and earnings growth. This program will allow these Idaho residents to gain their undergraduate degrees without having to leave full-time employment. Boise State X can have a large scale workforce development impact due to its use of online learning and the employer partnership model. While employers will pay a large part of the program expenses, funding is requested for a manager and academic coaches to support these employees. *Funding is anticipated to serve 1,000 students in partnership with 5 employers by Year 4.*

New Cooperative Education "COOP" program expansion – funding to expand a new academic course for all Boise State students that will allow students to gain course credit while undertaking a directed experience with an Idaho employer. Unlike an internship, a COOP is an educational experience that includes a partnership between the university, company, and student so that the student learns while they do. It is a pathway for many students in majors that do not map to a professional position to apply and demonstrate their skills while still learning. It often will help students in the Liberal Arts and other areas demonstrate and build confidence in their professional skills. Employers will appreciate the increase in potential talent available and the lower cost of hiring associated with this program. St. Luke's Hospital is our first partner in Fall 2016 in this course. *Currently serving 12 students and 1 employer beginning Fall 2016. Potential growth with funding is anticipated to be 250+ students and 20 employers by Year 4.*

New PhD program in Computing with Computer Science, Cybersecurity, and Computational Science and Engineering Specializations - Boise State University's Computer Science program is rapidly developing into one of the premier programs in the northwest for both teaching and research. From 2009 to 2015, enrollment in the Computer Science program has grown nearly 280%. This expansion has not gone unnoticed by top industry firms.

> *"that the continued success and growth of the CS department is vitally important for HP, and for a multitude of other companies in Idaho, and will have significant, transformative economic impact on the Boise Metro area and Idaho."*
>
> \- Jim Nottingham, Hewlett-Packard's Boise Vice President and General

Utilizing primarily existing faculty resources, this funding will allow Boise State to launch a new PhD Program in Computing with specializations in Cybersecurity, Computer Science, and Computational Science and Engineering. This new PhD program will supply highly skilled graduates and attract / retain talented faculty to collaborate with Idaho industries and agencies. In addition, this program will expand professional development opportunities for Idaho residents working in technology professions.

2. What resources are necessary to implement this request?
   - GIMM
     - 3 new full-time clinical faculty
     - 3 new adjunct faculty in the College of Engineering to address increased teaching load for COEN courses that serve as GIMM prerequisite courses

- Bridge to Career
  - Program Director to manage and grow the program
  - 10 adjunct faculty to teach bridge to career courses
  - Faculty stipends to develop new courses
- Venture College
  - Full-time project director
  - 3 project coordinators
  - Faculty stipends to develop new courses
- Certificate in Professional Ethnography
  - Full-time faculty position
- Boise State X
  - Senior manager
  - 4 academic coaches to support students
- Coop Program
  - 2 full-time clinical faculty
  - 2 full-time project directors
  - 4 full-time project managers
- PhD Computing with Cyber-security, Computer Science, and Computational Science and Engineering specializations
  - 1 new full-time mathematics faculty position
  - 1 new graduate program manager
  - 1 new research administrator / accountant
  - Upgrade the existing Computer Science chair to a 12 month position
  - Upgrade a faculty position to a 12 month PhD Program Coordinator
  - Faculty stipend for program coordination due to the inter-disciplinary nature of the program
  - Convert existing Computer Science GAs to 12 month assistantships
  - 6 new GAs

a. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

   The budget request is for new programs and the expansion of existing programs. Existing operations will not be impacted. With the exception of a new full-time faculty position in Mathematics, the PhD program in Computing will utilize existing faculty lines.

b. List any additional operating funds and capital items needed.

   - Travel and operating for new positions
   - Funding for new vertically integrated projects
   - Graduate assistant tuition and fee waivers

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   All requests are for ongoing funds. It is anticipated that both private contributions and research grants will supplement the funding of many of these programs.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   This requests serves Boise State current and future students, Idaho employers, and the State through increased tax revenue as a result of economic development.

Description:

The School of Public Service was founded in 2015 to inspire and equip students to be innovative, principled, and effective public service leaders, promote meaningful community engagement and civil discourse, and serve as an objective and unbiased resource for citizens and decision-makers. The School was designed to rethink and redevelop teaching, learning, and research to ensure that Idaho students, businesses, and taxpayers get the most value out of their investments in higher education.

Future leaders in public service, whether they are employed within the private, non-profit, or public sectors, or more likely, travel across the three paths during the course of their careers, require interdisciplinary knowledge and a combination of higher-order hard and soft skills. Boise State graduates from the School of Public Service will be “systems leaders” well versed in leadership, management, collaborative, systems thing, user-centered design, analytics, communications, and ethics. To that end, the School of Public Service has been tearing down institutional silos, developing new interdisciplinary academic programs, explicitly integrating skills development into the curriculum, and employing high impact educational practices, including experiential learning programs, that enhance student success.

In addition, the School was designed to facilitate applied research and serve Idaho communities searching for innovative solutions to the seemingly intractable challenges they face. To that end, the School has revised its tenure and promotion guidelines to emphasize applied research and public engagement. The School has embraced and reinvigorated the University’s historical commitment to public service research by employing faculty and students, from the undergraduate level through the new Ph.D. program in Public Policy and Administration to work in concert with local communities working on downtown revitalization, planning, workforce housing, transportation, and other projects.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

This proposed line item is designed to advance two distinct yet interconnected outcomes.

First, funding will be used to enhance student learning at the undergraduate and graduate levels. The integration of new faculty lines will facilitate the implementation of new interdisciplinary academic programs and improve retention and graduation rates for students pursuing careers in public service at the undergraduate level while opening new functional tracks for students pursuing the Ph.D. In addition, funding will support student participation in experiential programs that directly enhance skill development, and will increase opportunities for students to engage in applied and vertically integrated research projects that engage students from the undergraduate level through the Ph.D.

Second, line item funding will enable positive community outcomes. Funding for Boise State’s Applied Policy Institute will enhance local government planning and economic development capacity by providing credible research and evaluation studies, professional training and technical assistance, and convening seminars, colloquia, and public events to promote constructive dialogue and thoughtful deliberation on public issues in Idaho. The Applied Policy Institute conducts public policy and demographic research, publishes economic forecasts and economic impact studies, undertakes public opinion survey research, offers dispute resolution resources and provides leadership development and technical assistance to localities. Additionally, funding will help make the nationally-ranked and accredited Masters of Public Administration program more accessible to Idaho communities by implementing executive MPA and on-line MPA programs. Finally, funding will increase data analysis capacity on campus by supporting a public service data center and research lab.

2. What resources are necessary to implement this request?

   - Eight new faculty lines in the School of Public Service: economics, demography, public finance, fiscal policy, health policy, education policy, environmental policy, dispute resolution, including administrative and research budgets.
   - Two administrative leadership lines in Applied Policy Institute
   - Two professional staff positions in Applied Policy Institute
   - Twelve graduate Assistantships in Masters and PhD program
   - Fifteen faculty research fellowships
   - Two distinguished visiting scholar lines
   - Fellowships for experiential education and study away programs
   - Public Service Data Center Lab Manager

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   All requested funds are ongoing. If fully funded, Boise State will construct a Public Service Data Center and Research Center to support the initiative.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   This request serves the communities of Idaho and all Idahoans.

Supports Institution/Agency and Board Strategic Plans:

ISU Core Theme 2: ACCESS AND OPPORTUNITY

Idaho State University provides diverse opportunities for students with a broad range of educational preparation and backgrounds to enter the University and climb the curricular ladder so that they may reach their intellectual potential and achieve their educational goals.

Description

To improve Access and Opportunity for students in Idaho Falls, ISU plans to locate a multidisciplinary cluster of faculty who, in collaboration with sister institution partners, will reside in Idaho Falls with expertise in energy. As Bonneville County works toward the conversion of Eastern Idaho Technical College to a community college, ISU's current role will change from primarily lower division general education offerings to providing bachelor and graduate degrees to the Upper Snake River Valley. The university has just completed a DPW construction project where just over ten thousand square feet of space has been renovated to include twenty faculty offices, two state of the art conference rooms and four state of the art classrooms as well as flexible student/faculty collaborative space. In order to be successful ISU will need to hire approximately fifteen new faculty members from a variety of disciplines but who have a common interest in energy related research. As would be expected, roughly half of the new faculty will be from science and engineering disciplines, however, the other half will be from the colleges of Arts and Letters, Business and Education. To illustrate the concept, a Political Science and/or History professor may have expertise in energy or environmental policy or the impact of energy on history, an English professor could have expertise in the communication of science to the general public. Additionally, Education professors may have expertise in Science Technology Engineering and Math (STEM), Business professors in energy economics, Informatics Professors may work on energy analytics, etc. This cluster of faculty, from disparate fields, with very specialized expertise, will make it possible to offer a wide variety of programs spanning Science and Engineering, the Liberal Arts, Business and Education. In addition, they will be unequally positioned to secure extramural funding from sources such as the National Science Foundation (NSF) and the Department of Energy (DOE) as well as other national and regional funding sources. Finally, it is expected that while meeting the educational needs of the Idaho Falls region, these faculty will be a resource to the Idaho National Laboratory and will be a driving force in the attraction of new high tech energy related industries to the region.

Performance Measure

Over the past fifteen years, ISU has had an enrollment of over 2,000 students/semester where approximately ¾ of the credit hour generation resulted from lower division general education courses. The goal is to maintain ISU's credit hour generation in Idaho Falls by increasing upper division and graduate offerings in order to transition from a primarily lower division curriculum to upper division and graduate. This strategic change will position ISU to accept community college transfer students as demand for bachelor and graduate programs increases resulting from community college graduates.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   Nine faculty positions and four support staff positions are being requested to support the expansion of upper division/graduate courses in Idaho Falls by professors with research interests in Energy and the Environment. A polytechnic institution is recommended for Idaho Falls by the LINE (Leadership in Nuclear Energy) Commission in order to ensure that INL (Idaho National Laboratory) maintains its status as DOE's (Department of Energy) lead laboratory for nuclear energy in the United States.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      Attached Spreadsheet of Positions

      Total Personnel Costs: $1,365,200

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      This line item request is for new faculty positions and support personnel. There is potential for existing staff in ISU's Pocatello location to provide partial support to efforts at the Idaho Falls location although none have been identified. The upgrade to the Distance Learning Labs would promote opportunity in surrounding areas to the specialized features of the Polytech Initiative.

   c. List any additional operating funds and capital items needed.

      A one-time request for additional operating funds and capital outlay will be required during the first year to support supplying the new offices with essential items, purchasing computers and office equipment for the new faculty and staff, assisting with travel funds, and providing lab equipment/instrumentation tools to support instruction in the expanded program.

One-Time Request for Operating Expenses

Travel ($3,000/11 Positions, 9 faculty & 2 staff)	$ 33,000
Materials/Supplies	$122,000

One-Time Request for Capital Outlay

PC and Workstations ($4,000/11 Positions)	$ 44,000

Equipment/Instrumentation	$200,000
(Specialized equipment needed for Science/Engineering)	
Distance Learning Classroom Upgrades	$ 40,000
Total Request for One-Time Operating	
Expenses and Capital Outlay:	**$439,000**

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   The salaries for 13 positions will be ongoing. The one-time request for operating expenses and capital outlay will support the first year of the expansion. The opportunities for increasing faculty research productivity and success in awarded grants improves with the new Polytech initiative and related specialization.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   INL is one of the largest employers in Southeast Idaho, with close proximity to Idaho Falls (a prime location for the Polytechnic Institute). In order to maintain INL's status as the lead laboratory for nuclear energy, it is critical that ISU service its needs in the Science and Engineering fields and provide opportunities to expand research with talented faculty.

Polytechnic Institute-Vision Statement

A Polytechnic Institute as proposed by ISU is an overarching structure that will allow Idaho's higher education institutions, which are members of CAES (Center for Advanced Energy Studies), to locate faculty in Idaho Falls and offer certificate and degree programs either as a single institution or jointly with other member institutions. The institute is responsive to the recommendations of the LINE (Leadership in Nuclear Energy) Commission where a polytechnic institution is recommended for Idaho Falls in order to insure that INL (Idaho National Laboratory) maintains its status as DOE's (Department of Energy) lead laboratory for nuclear energy in the United States.

The faculty members located in Idaho Falls will form a cluster of multidisciplinary professors that have research interests related to energy. Naturally, it is expected that a significant number of faculty would come from science and engineering, however, liberal arts, business and education faculty will also be hired who have expertise related to energy and the environment. For example, a Political Science professor may have expertise in energy policy and/or environmental policy, or an English professor with expertise in the communication of science and engineering to the general public. Education professors with expertise in STEM (Science Technology Engineering and Math), an Economics professor with expertise in the economics of energy etc. are all expected. This cluster of faculty, with very specialized expertise, will make it possible to offer a number of programs spanning Science and Engineering, the Liberal Arts, Business and Education.

With respect to research and economic development, this talented cluster of faculty members will be uniquely qualified to seek extramural research funding from national agencies at a time when funding agencies are interested in multidisciplinary projects and research teams. The close proximity between faculty members with such varied expertise will generate unique research ideas where science and engineering concepts are blended with policy, economics, and education. In addition, competitive funding potential will be enhanced as agencies look favorably on proposals from multiple disciplines and as well as multiple institutions. Finally, the close proximity to INL will allow for research collaboration outside the academy with lab scientists as well as industry partners.

Idaho State University will be the managing institution for the Polytechnic Institute consistent with its current role for University Place, which includes CAES. An academic governance structure that handles the intricacies of multiple institutions offering degrees, both independently and collaboratively, will be developed as institutions identify programs to deliver through the overarching structure of the Polytechnic Institute. It is expected that each institution will have representation commensurate with their role, in a fashion that ensures a winning relationship for all involved, including representation from INL and potentially relevant industry.

Center for Education Innovation

A joint whitepaper and vision statement | College of Southern Idaho | Idaho State University

May 2016

Introduction

Idaho State University and the College of Southern Idaho jointly propose the design, development, and creation of the Center for Education Innovation (CEI), a visionary and collaborative facility and programming venture to be situated on the CSI campus in Twin Falls and jointly operated.

The CEI initiative attempts to address numerous issues in early childhood, elementary, secondary, and higher education in Idaho. Among them:

- Concerns with current state of teacher education in Idaho
- Need for expanded professional development opportunities for teachers at all levels of education
- Need for more research specifically for the benefit of the Idaho education pipeline to benefit the educational systems of Idaho, including the impact of teacher training in early education
- Tremendous challenges in addressing K12 teacher shortages and demands, especially in rural areas
- Addressing and assessing the proposals and initiatives suggested by the Idaho Education Task Force, national best practices, Idaho Business for Education, and other constituents
- Providing research support and facilitation for the K-20 pipeline
- Providing support for alignment of K12 and university curriculum and college readiness

Situating the CEI facility in Twin Falls on the CSI campus is prompted by the growth, demand, and opportunity specific to the Magic Valley region. CSI has been a pioneer with regard to partnerships and greater integration in K12, demonstrated by the growth of concurrent enrollment, collaborative education ventures, transition coordinator implementation, and other initiatives. Idaho State University has a long history with dual enrollment with its Early College Program and has worked closely with school districts on curricular alignment and K12-related research within its Albion Center for Education Innovation. The longstanding presence of ISU on the CSI campus, with emphasis on the ISU College of Education, together with the spirit of collaboration and articulation suggest tremendous opportunity for both growth and success.

The vision includes a focal point for education research, development of innovation in teacher training at all levels, and reform for all of Idaho. It provides a testbed for practice, and an opportunity to significantly ~~revisit and~~ revise the direction, services and support we provide for educator education, training and professional development.

College of Southern Idaho Operational Vision

The College of Southern Idaho proposes the Center for Education Innovation as a current leader in the pursuit of instructional excellence and preparation of teachers ~~in service to~~

serving in Idaho. The CEI facility provides an opportunity to consolidate teaching and learning lab schools in a revolutionary way, in particular at the early childhood and elementary levels. The operation supports our CSI's Core Themes of Community Success and Student Success by advancing and applying research in a controlled setting, while providing a local pathway to baccalaureate and graduate education.

Various existing and planned programs, services, and operations would or could be housed in the facility:

- CSI Center for Innovation and Teaching Excellence
- CSI Education Department
    - CSI Early Childhood Education Program (including existing labs/lab schools)
    - Transfer education programs
    - Paraprofessional training programs
    - Teacher professional development, continuing education operations
- Rural Education Resource Center
- Southern Idaho P20 Teaching Excellence Initiative
- CSI Higher Education Center (ISU/BSU/UI)
- South Central Idaho Education Partnership (regional Education Idaho Network)
- Region IV iSTEM
- CSI STEM Resource Center

Idaho State University Operational Vision

The partnership between the CSI and ISU for a Center for Education Innovation (CEI) will increase ISU's potential to recruit, retain, and support professional educators in the Magic Valley and will expand the ability to offer high quality educator preparation and professional development in this area. The CEI aligns with ISU's Core Theme One (Learning and Discovery) by continuing and expanding our ability to deliver effective and high quality academic programs that support educator preparation and professional development in the Magic Valley. The CEI aligns with ISU's Core Theme Two (Access and Opportunity) by expanding our opportunity to recruit potential future teachers in secondary school settings and by ensuring that students have access to critical support functions necessary to be successful throughout their education. The CEI also aligns with ISU Core Theme Four (Community Engagement and Impact) by providing a structure that facilitates partnership creation and collaboration and professional development centers for professional educators in the field.

Various existing programs, services, and operations would or could be housed in the facility:

- ISU College of Education Twin Falls Center
- ISU Twin Falls Office for the Albion Center for Education Innovation
- Region IV TRIO
- Regional Math Resource Center
- ISU Community College Leadership program

A future vision and opportunities

Evolving and future opportunities include:

- Consideration of partnering with Twin Falls School District to create an elementary school as a component of the project and as a lab school
- Expanded education research
- Direct linkage with Idaho SDE and Professional Standards Commission
- Revision and improvement of Idaho Career Technical Education (CTE) programming and continuing education support
- Childhood through college education lab research under one roof with shared resources and faculty
- Active research with regard to "education innovation in action," including expanded K12-postsecondary education partnerships, collaboration, and pilot studies

Moving forward

Initial steps include a joint request from CSI and ISU for planning and design funding in order to fully develop and synchronize the operations, programming, and facility concept. This would culminate in a formal building request by the College of Southern Idaho and Idaho State University to the Permanent Building Council.

Attendant staffing and occupancy cost requests will follow as appropriate.

Supports institution/agency and Board strategic plans:

University of Idaho Strategic Plan and Process 2016-2025

Goal 3 (Transform), Objective A: Provide greater access to educational opportunities to meet the evolving needs of society.

Performance indicators: The number of students enrolling in Coeur d' Alene computer science program will be the primary metric. Total number of UI students in Coeur d' Alene will also be tracked as it is expected to increase because of increased awareness of UI presence in the community.

Students in the Coeur d'Alene vicinity will have access to a degree in a high demand career field.

Goal 2 (Engage), Objective C: Engage individuals (alumni, friends, stakeholders and collaborators), businesses, industry, agencies and communities in meaningful and beneficial ways that support the University of Idaho's mission.

Performance indicators: The number of industry participants and number of students involved in the co-op program will be tracked. The program will support a co-op program model of education providing contemporaneous work experience with industry partners as part of the curriculum for earning the Bachelor of Science degree program in Computer Science (BSCS).

We will engage current and new industry partners through creation of internship opportunities, research collaborations, graduate job placement efforts and the innovative cooperative program with regional industry partners.

Idaho State Board of Education FY 2016-2020 Strategic Plan

Goal 1 (A Well Educated Citizenry), Objective E: Education to Workforce Alignment – Deliver relevant education that meets the needs of Idaho and the region.

North Idaho is home to a flourishing technology community. Implementing the BSCS program in the Coeur d'Alene region will better serve local students passionate about the field and the community, allowing them to remain in the Coeur d' Alene vicinity while receiving a meaningful, relevant education that they can parlay into a well-paying job without leaving the state.

Offering the BSCS in the Coeur d'Alene community will support the benchmark ratio by enrolling additional students who previously might not have been able to attend a BSCS program elsewhere.

Performance Measure: Number of enrolled students in this key STEM discipline. Number of graduates in high demand fields as defined by the Idaho Department of Labor.

Augmenting the BSCS program would support this effort to increase the number of graduates in information technology, a field considered to be high demand by the Idaho Department of Labor.

Goal 3 (Effective and Efficient Educational System), Objective C: Alignment and Coordination – Facilitate and promote the articulation and transfer of students throughout the education pipeline (Secondary School, Technical Training, 2yr, 4yr, etc.).

Students who would attend the University of Idaho in Coeur d' Alene (UICDA) BSCS would complete their first two years at North Idaho College, obtaining an Associate's Degree.

Performance Measure: Percent of Idaho community college transfers who graduate from four year institutions.

The UICDA BSCS program would directly contribute to increasing the percentage of students who transfer to four year institutions as it is a component of the program that they start their BSCS at North Idaho College, an Idaho community college.

Idaho SBOE Strategic Plan Current Initiatives:

2. Ensure college and career readiness

8. Strengthen collaborations between education and business/industry partners

10. Develop transfer coordinated admission policies between community colleges and four year institutions to create pathways from 2-year to 4-year institutions.

In addition to supporting goals, objectives, and performance measures of the SBOE Strategic plan, the UICDA BSCS program will support these "current initiatives". Expanding the BSCS program to a full four years in Coeur d' Alene will: assist in ensuring career readiness (initiative 2) through extensive industry exposure and internship opportunities; solidify collaborations with industry partners (initiative 8) through current and new relationships fostered with area businesses, initiating program content consultation, internship opportunities, and research and development partnerships; and support coordinated admission policies that create pathways from 2 to 4-year institutions (initiative 10) through rigorous communication and collaboration between staff and faculty at both North Idaho College and the University of Idaho.

Description:

The goal of this project is to provide talent development and research to support students and industry in northern Idaho in the critical area of computer science. We originally proposed a plan to expand computer science in two phases. Phase 1 is to establish the third year of coursework and Phase 2 is the final year of coursework to allow for an entire four-year BSCS with a critical mass of faculty to support economic development in northern Idaho. This request is the Phase 2 expansion to complete last year's Phase 1 appropriation. As evidenced in other areas of the State and region, a BSCS would be a tremendous advantage for place-bound students in northern Idaho and provide key support to growing businesses in the area. It would greatly enhance the economic development of the region and move Idaho closer to its Complete College Idaho goals.

Currently students can obtain an associates degree in computer science from North Idaho College (NIC). With the Phase 1 appropriation for FY 2017 students are now able to stay in the area and complete their third-year of coursework from UICDA; however students will still need to transfer to the UI in Moscow for their final two semesters of coursework in order to complete their BS degree requirements. Funding this Phase 2 request will enable the UI to expand to a full four year BSCS so that students can graduate as early as May 2018 without having to leave the Coeur d' Alene area. A unique characteristic of this program will be a cooperative (co-op) education track that will make industry-sponsored internships a part of the educational process. The co-op model was originally developed at the University of Cincinnati and has been adopted at many locations across the world over the last 100 years. Additionally, the program, in collaboration with local industry, will be an engine of innovation to support the research and development activities of local technology firms as well long-standing traditional industries, businesses, and government agencies. In this day and age, all industry is dependent on computational expertise. Such a program is just as critical to a competitive economy as are adequate roads, utilities, and other critical infrastructure.

Questions:

1. **What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?**

   This Phase 2 request is for 2.5 FTE positions plus adjunct and TA assistance: one experienced associate professor, one less experienced assistant professor, and converting a 0.5 FTE administrative assistant position to 1.0 FTE. We are also requesting funds to hire adjuncts from the community for four classes each year as well as three graduate teaching assistantships to support coordinated courses between Coeur d' Alene and Moscow. One consequence of supporting a cooperative educational model is that we will need to offer classes more often to account for the internship schedule so that students can graduate in a timely manner. These additional faculty and supporting staff will enable us to seek ABET accreditation which is essential for a viable CS degree program. This request includes equipping laboratories in Coeur d' Alene along with building out videoconferencing capacity in Moscow and Coeur d' Alene to enable delivery of selected critical courses and faculty and industry collaboration. Startup costs for the additional tenure track faculty are also requested. We are also submitting a detailed Notice of Intent (NOI) to the Board of Regents for their approval.

We are requesting this Phase 2 funding to complete our goal of supporting talent development and research in computer science in northern Idaho. There is growing demand for Computer Science BS education in northern Idaho. UI Moscow and NIC Computer Science programs are experiencing ~20% annual growth. In addition, skilled computer scientists are in high demand. The recurring costs are $427,200 annually.

2. What resources are necessary to implement this request?

a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

Associate Professor starting spring semester 2018 (note that salary savings from this mid-year hire will go towards funding faculty recruitment and start-up costs)

Assistant Professor starting fall semester 2017.

Administrative Assistant 0.5 FTE in fall 2017 will increase the current 0.5 FTE to a full-time position

b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

The program is administered by the UI's College of Engineering and Department of Computer Science. We have considerable experience in administering distance programs in Boise and Idaho Falls. The Computer Science program in Coeur d' Alene will be absorbed into the existing structure. The UICDA staff will provide local support for recruiting and student success as well as collaborations with industry. They will also help deploy professional development opportunities for local professionals.

c. List any additional operating funds and capital items needed.

Based on our experiences with distance programs an annual budget of $12,000, $8,000, and $15,000 will be needed for operating, travel, and equipment expenses, respectively. This Phase 2 request adds to the Phase 1 appropriation to obtain this budget need. In addition, we are requesting one-time funding for the cyber-security laboratory and faculty start-up.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

The one-time fund request is for startup funds for the new faculty and Computer Security laboratory. The rest of the funding will be on-going annually. As mentioned above there is growing demand for Computer Science BS education in northern Idaho due to the flourishing technology community

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The program will provide increased educational opportunities in computer science in northern Idaho. A growing contingent of Computer Science students at North Idaho College will have local access to a BSCS without leaving the area. NIC is engaged with the development team for this program and enthusiastic about cooperating to ensure its success.

The rapidly growing high tech industry in the region includes mostly small and medium sized businesses. These businesses are typically growth-constrained by the lack of trained computer scientists. Failure to establish this program will slow the production of these highly trained professionals which will, in turn, slow industry growth and jeopardize retention of these high wage and high growth potential companies which are critical to building a stronger economy.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Legislative action provided funding for Phase 1 (establish 3rd year of computer science training in Coeur d'Alene) to be implemented in fall semester of 2016. This Phase 2 request will enable the needed subsequent year of the program to allow northern Idaho students to obtain the BSCS degree without relocation.

Supports institution/agency and Board strategic plans:

State Board of Education Goal 2: Objective B
Increase creation and development of new ideas and solutions that benefit society.

University of Idaho Goal 1: Innovate Objective B
Create, validate and apply knowledge through the co-production of scholarly and creative works by students, staff, faculty and diverse external partners.

Performance Measure: Become a Carnegie R1 institution

These resources are needed to support the faculty and students to build the programs and research expected by Carnegie R1 institutions.

Description:

This proposal enables the Library to provide essential support for the University of Idaho as it expands its research portfolio and aspires to achieve Carnegie Very-High (R1) status. This will be achieved by expanding the Library's capacity to match peer and aspirational peer institutions. This increased capacity will significantly increase support for research and scholarship, student success, and outreach to the larger Idaho community.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   We are requesting personnel and operating expenses to enable the Library to provide a suite of services to University students and scholars that advance its research, teaching, and land-grant missions. External peer reviewers note that, while the University of Idaho Library has the distinction of being the largest research library within the state, "within the larger world of research libraries, the University of Idaho Library has failed to measure up."

   Specifically, the Library intends to accomplish several actions under this umbrella:

   - Develop a First Year Experience instruction program (.75 instructor)
   - Build faculty research and curricular support in college liaison program (1 FTE)
   - Support data management, deposit, reuse, and curation (1 FTE)
   - Enable development of a robust institutional repository (1 FTE)
   - Permit safe and secure operation of 24-hour facility (1 FTE)
   - Provide technical support for faculty in processing activities (1 FTE)
   - Address new role of collecting and preserving institutional history (1 FTE)
   - Support innovative learning with primary source materials (1 FTE)
   - Enable ability to communicate with broad academic and library communities (.5 FTE)

   These activities are essential components of today's leading research libraries. Additionally, this support enables the University of Idaho to further grow its outreach to statewide libraries and museums. We currently share our expertise through webinars and workshops; much more statewide outreach could be done with additional support.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      1. Position: Social Sciences Librarian, Assistant Professor, $50,000; FT/FY, tenure-track, benefit-eligible, date of hire: start AY18
      2. Position: Resident Librarian, Instructor, $35,000, FT/AY, non-tenure track, benefit-eligible, date of hire: start AY18
      3. Position: University archivist, Assistant Professor, $50,000, FT/FY, tenure-track, benefit eligible, date of hire: start AY19
      4. Position: Night supervisor, Circulation, library technician, PG 4 with night differential, $29,120, FT, classified, benefit eligible, date of hire: July 2017
      5. Position: Institutional repository programmer, PG 7, $43,700, FT, classified, benefit eligible, date of hire: July 2017
      6. Position: Metadata Librarian, Assistant Professor, $50,000, FT/FY, tenure-track, benefit eligible, date of hire: start AY18
      7. Position: Archivist for Instruction and Engagement, Assistant Professor, $50,000, FT/FY, tenure-track, benefit eligible, date of hire: start AY19
      8. Position: Data services support, Library technician, PG 4, $28,080, FT, classified benefit eligible, date of hire, July 2017
      9. Position: Marketing/Communication staff, PG?; $22,000, PT/FY, classified, benefit eligible, date of hire, AY18
      10. Student employment: $50,000

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

   c. List any additional operating funds and capital items needed.

      - Operating funds
        - Faculty travel: $7,500
        - Phones, supplies, etc.: $4,500
        - Software licenses: $4,000
        - Memberships and travel
          - Greater Western Library Alliance, $16,000
          - Orbis Cascade Alliance, $20,000
          - HathiTrust, $15,000
          - Coalition for Networked Information, $10,000
          - Research Data Alliance, $5,000
          - Council on Library and Information Resources, $4,645
          - Digital Library Federation, $4,620
          - Scholarly Publishing and Academic Resources Coalition (SPARC), $6,181
      - Capital outlay
        - Office furniture and computers: $25,200
        - Non-standard periodical inflation added to base: $350,000
        - New periodical titles, $400,000

- Monographs: $400,000
- Equipment (e.g., Microfilm reader/printers, scanners): $50,000

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   With the exception of the start-up capital outlay for offices and computers, all of these budget requests are on-going investments.

   Investments in Special Collections staff and memberships in appropriate library organizations heightens our ability to seek and secure external funding. The Library has been increasingly active in grantsmanship and several collections offer opportunities for this activity. For example, the Library recently secured a National Endowment for the Humanities grant in partnership with the Latah County Historical Society that will result in the preservation, digitization, and dissemination of unique privately-owned regional history resources.

   Additionally, robust data curation and open access institutional repository infrastructure will increase competitiveness for grants across all of the University. These are areas that many granting agencies, including the National Science Foundation, Department of Defense, and the National Endowment for the Humanities, have deemed to be crucially important. The positions in this proposal are essential to creating and maintaining this infrastructure.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   This request is designed to serve all members of the university community (all disciplines, all types of research) It addresses student support from the beginning of a student's career until the ultimate goal of graduation, thus building graduates who are competent and competitive in today's information-rich world. It supports our researchers, adding depth to emerging disciplines and foci of the University. This proposal also provides support for the University of Idaho's land-grant mission to serve the state. The Library provides special consulting services to all Idaho libraries and shares resources with the same. This investment will provide opportunities for additional student internships and community partnerships, such as has transpired with the Latah County Historical Society, Potlatch, Nampa, and Kendrick-Juliaetta's Heritage Society.

   The various activities represented in this request support the University of Idaho Library's professional obligation to participate in national dialogues about the future directions of libraries and, by extension, raises the state's profile and prestige.

   If unfunded, the University of Idaho will find it difficult to support its goal of becoming a Carnegie R1 institution. If not funded, Idaho would remain as one of the very few states without an adequately funded and staffed research library and this outcome impacts the state in multiple ways; for example, it would ensure that the University of Idaho Library remains adequate for many uses but well short of attaining the stature that would support both the current and aspirational needs of the University. Lack of funding would also keep the ability of the Library to perform essential outreach to Idaho at a minimum despite demonstrated need and demand.

T/B PAYMENTS:					
LUMP SUM:					
GRAND TOTAL	$455,400				$455,400

Supports institution/agency and Board strategic plans: This request supports State Board Goal 1 (Well Educated Citizenry), Objective C (Higher Level of Educational Attainment) by providing highly qualified faculty to deliver high-demand programming and an advisor to support student progression toward degree completion. It also supports Objective E (Education to Workforce Alignment) and LCSC Goal 1 (Sustain and enhance excellence in teaching and learning), Objective 1A (Strengthen courses, programs, and curricula consonant with the mission and core themes of the institution, through the delivery of high quality programs that meet regional and statewide needs).

Performance Measures: Objective C: Percentage of Idahoans (ages 24-35) who have a college degree or certificate requiring one academic year of more of study—benchmark: 60%. Objective E: Numbers of graduates in high demand fields as defined by the Idaho Department of Labor—benchmark: TBD.

Description: This request targets two key health professions areas: Kinesiology and Social Work. The four (4) faculty and two (2) staff positions sought in this line item request support expansion of high performing, high quality programming in high demand areas, as identified in the program prioritization process.

- **Priority 1.** 1.0 FTE Kinesiology Assistant Professor, 12 month contract: The Kinesiology major is in high demand, as evidenced by the growth in Kinesiology majors, tabled below. Graduates in Kinesiology are prepared for advanced study in Physical Therapy (IDOL Hot Job #3), Physician Assistant (IDOL Hot Job #5), and medical school (IDOL Hot Job #15). Additional areas in which Kinesiology graduates find career opportunities include education, therapeutic exercise, geriatric wellness, health and fitness leadership, sports training, coaching, athletic medicine, sports and fitness communication, and commercial fitness. According to the Bureau of Labor Statistics, jobs for Kinesiology graduates in nursing homes, residential care, and other health-oriented facilities are projected to grow 10 percent from 2014 to 2024, faster than the average for all occupations. Addition of this 1.0 FTE position supports admittance of an additional 25 students to the Kinesiology major, and this position will also support expanded summer school course offerings. Total cost of the position including salary, benefits, OE and CO is $102,500.

KINESIOLOGY ENROLLMENT BY MAJOR AND ACADEMIC YEAR

MAJOR	2012-2013	2013-2014	2014-2015	2015-2016
KINESIOLOGY-SECONDARY EDUCATION	24	13	34	22
KINESIOLOGY- EXERCISE SCIENCE/SPORT MEDICINE	64	72	73	32
KINESIOLOGY - HEALTH PROMOTION/PERSONAL TRAINING/WELLNESS COACHING	23	32	32	24
KINESIOLOGY- SPORT ADMINISTRATION	34	31	41	43
KINESIOLOGY - YOUTH SPORTS/RECREATION	1	1	1	1
SPORT ADMINISTRATION	35	43	56	60
EXERCISE SCIENCE (FIRST YEAR AY14-15)	0	0	13	45
	181	192	250	227

- **Priority 2.** 1.0 FTE Kinesiology Assistant Professor, 9 month contract: Same justification as noted above. Addition of this 1.0 FTE position supports admittance of an additional 25 students to the Kinesiology major, and provides expanded course offerings during the traditional academic year. Total cost of position including salary, benefits and capital outlay is $78,100.

- **Priority 3.** 1.0 FTE Health Professions Program Advisor: To maintain strong enrollment or increase enrollments in high demand health-focused programs requires specialized advising and follow-up, particularly for students transferring to LCSC. A dedicated Health Professions Advisor will assist students in choosing the appropriate health profession for their interest and aptitude, evaluate transcripts, and develop a degree completion plan. In the Central Advising Center, advisors carry advising loads of 125+ freshman students. In high demand health-focused programs, faculty advising loads are 35+ students. The addition of a 1.0 FTE, 11-month exempt position supports advising of up to 200 health profession students. Total position cost including salary, benefits, travel and CO is $66,800.

- **Priority 4.** 1.0 FTE Social Work Assistant Professor, nine month contract: There continues to be strong interest in the Social Work major at LCSC, particularly in a delivery format that reaches a broad audience. Social workers are employed in a variety of settings, including mental health clinics, schools, child welfare and human service agencies, hospitals, settlement houses, community development corporations, and private practices. Driven by the increased demand for healthcare and social services, jobs in social work are expected to increase 12% over the next decade. LCSC Social Work graduates are prepared for advanced study in programs such as the MSW offered by Boise State University. Addition of this position allows for program expansion of up to 25 students, while maintaining compliance with the Council on Social Work Education requirement of a 25 to 1 student-to-faculty ratio. An additional faculty position also provides an opportunity to deliver portions of the program in an online format (hybrid program) to better meet the needs of distant students and working professionals. This nine-month position provides expanded course offering and clinical supervision during the traditional academic year. Total position cost including salary, benefits, OE and CO is $78,100.

- **Priority 5.** 1.0 FTE Social Work Assistant Professor, nine-month contract: Same justification as noted above. Addition of a 1.0 FTE Assistant Professor supports admittance of up to 25 new students to the Social Work major. This nine-month position provides expanded course offerings and clinical supervision during the traditional academic year. Salary, benefits, and capital outlay total: $75,600.

- **Priority 6.** 1.0 FTE Administrative Assistant: Program expansion, particularly in the Kinesiology major, will require additional administrative assistant support. Salary, benefits, and CO total: $54,600.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   Position and support funds are detailed and prioritized above. No base funding currently exists for expansion of programming.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      See position detail, above. Five positions are 1.0 FTE, benefit-eligible positions, with anticipated hire dates of August 2017; the Program Advisor is an 11-month, benefit eligible position, with the same anticipated hire date.

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      Existing operations will be positively impacted through reduced advising loads and improved faculty-to-student ratios.

   c. List any additional operating funds and capital items needed.

      Operating funds of $5,000 ($2,500 each, for both Kinesiology and Social Work) will support the purchase of instructional materials and course development. An additional $2,500 is requested for travel expenses for the Program Advisor position. Capital Outlay includes a computer workstation for each of the six requested positions ($3,000 each; $18,000 total).

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   With the exception of Capital Outlay, the request is for ongoing State General Funds. This proposal is scalable: Option 1 provides the resources necessary to expand both Kinesiology and Social Work for a cost of $455,400. Option 2 provides the resources to significantly expand our priority program (Kinesiology) through the addition of two faculty and two support staff (Health Program Advisor and Administrative Assistant), for a cost of $301,700.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Two in-demand programs will be expanded by the addition of four (4) faculty positions and one (1) program advisor. These positions will sustain the upward trajectory in program enrollment and meet the demand for flexible (hybrid) programming.

If the request for faculty lines is not funded, we will seek qualified adjuncts when possible, and grow the Kinesiology program in small increments. If not funding is forthcoming, there will be no Social Work program expansion due to accreditation driven student-to-faculty ratios.

1. PC and workstations (four)	$12,000				$12,000
TOTAL CAPITAL OUTLAY:	$12,000				$12,000
T/B PAYMENTS:					
LUMP SUM:					
GRAND TOTAL	$397,700				$397,700

Supports institution/agency and Board strategic plans: This request supports State Board Goal 1 (Well Educated Citizenry), Objective A (Access), Objective B (Adult Learner Reintegration) and Objective C (Higher Level of Educational Attainment), as well as LCSC Goal 2 (Optimize student enrollment and promote student success), Objective 2B (Retain and graduate a diverse student body) and LCSC Goal 3 (Strengthen and expand collaborative relationships and partnerships), Objective 3A (Increase volunteer, internship, and career placement opportunities).

Performance Measures: Objective A: Increase the percentage of students whose financial need was fully met by 15% over 5 years; 85% graduating student debt of weighted peers; Objective B and C: Percentage of Idahoans (ages 24-35) who have a college degree or certificate requiring one academic year or more of study—benchmark: 60%. Objective E: Ratio of non-STEM to STEM baccalaureate degrees conferred in STEM fields.

Description: Lewis-Clark State College requests $397,700 in on-going funds to support student success through specialized advising, career counseling and guidance, and expansion of the Work Scholars program. These requests support the State Board of Education and institutional strategic plans and will serve diverse groups of students (i.e., veterans, Coeur d'Alene-based students, and Work Scholars), as well as the general student population at Lewis-Clark State College.

- **Priority 1.** 1.0 FTE Veteran's Services Coordinator/Advisor: Currently, the College has no staff specifically and exclusively dedicated to supporting veterans. Veteran students comprise a significant part of the College's FTE (4.5% in fall 2015), and many veterans require services beyond just educational benefits processing. Greater scrutiny is required during academic advising process due to the fact that educational benefits for veterans are strict and allow very little latitude in student course scheduling. An advising error could result in veterans having to repay portions of their benefits and/or increase loan debt. LCSC has also seen an increase in incidents of post-traumatic stress disorder among its veteran student population. Services for these students must be brokered among college and community resources, requiring a significant amount of staff time. Increased staff support would also put the College in a position to compete for grant programs earmarked for the veteran population. Total cost of the position including salary, benefits, OE and CO is $72,100.

- **Priority 2.** 1.0 FTE Career Counselor: The College is continuing to serve freshmen with a centralized advising program wherein students are required to develop a degree completion plan, build class schedules, and develop a draft career plan which evolves throughout their undergraduate experiences. Centralized advising has served over 2,500 students since the program started and serves approximately 800 students at present; there is little time for staff to spend on ongoing career advising. Idaho Business for Education, Idaho Department of Labor, legislators, and State Board of Education members have all challenged higher education to produce students who are "career ready." Increasing career counseling staff will enable the College to expand opportunities for students to explore career options, evaluate their choice of academic major (which also reduces length of time to degree), and broker more opportunities for students to pursue internships and other work experiences. Furthermore, expansion of career-oriented programming will enable the College to partner with regional school districts as they develop and improve their career guidance and college planning programs, per funding provided by the legislature. Total position cost including salary, benefits, and CO is $61,100.

- **Priority 3.** 1.0 FTE Career Counselor: Same justification as noted above, except that operating expense supporting this position is also requested. Total position cost including salary, benefits, OE and CO is $70,800.

- **Priority 4.** 1.0 FTE Student Services Generalist: As LCSC pursues a partnership with the University of Idaho and North Idaho College to develop a collaborative use facility in Coeur d'Alene, it is poised to expand services to students who complete bachelor's degrees in North Idaho. The College's enrollment in Coeur d'Alene totaled 468 students in the fall of 2015. A Student Services Generalist would supplement existing personnel at the collaborative use facility, and will focus on academic advising, financial aid, and enrollment counseling. Salary, benefits, and capital outlay total: $58,700.

- **Priority 5.** Expansion of the Work Scholars program: The LCSC Work Scholars model is, in its inaugural year, validating the Work College concept as a means for Idaho students and families of limited economic means to gain access to higher education. There is significant demand for this program. The program was initially funded at a level designed to serve 20 students; through cost savings, we have been able to accommodate 22, but the program is currently running at capacity, both in terms of scholarships and worksites. The statistics supporting the success of the Work Scholars program are compelling: 90% of our first generation and minority college students were retained semester-to-semester in our first year. Seventy-seven percent of our scholars are first generation college students, and 13% are American Indian, Hispanic or Latino. The average Work Scholar GPA is 3.40, and through inclusion in the Work Scholars program, 80% have reported that they were able to reduce or eliminate their reliance on student loans. We are requesting funding to increase the capacity of this program to from 20 to 38 slots in FY18. Operating expense total: $135,000.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   Position and support funds are detailed and prioritized above. Currently, many activities are conducted as additional duties by existing staff. The College employs one staff member in the Financial Aid Office who processes veteran's educational benefits as part of her job. We employ a three-quarter time staff member who is tasked specifically with career counseling, and other staff members provide career guidance as part of their advising duties. If the requested funding is provided, we will establish a dedicated Career Center, staffed with two career counselors, the existing three-quarter time employee, and a dedicated director, whose current position will be repurposed to lead career education/guidance efforts.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      See position detail, above.

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      See question 1, above.

   c. List any additional operating funds and capital items needed.

Capital Outlay includes a computer workstation for each of the four requested positions ($3,000 each; $12,000 total). In addition, $9,700 is requested as ongoing operating expense for career counseling, and $2,500 travel funding for the Veteran's Coordinator.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   With the exception of Capital Outlay, the request is for ongoing State General Funds. This proposal is scalable in four ways. Option 1 provides the resources necessary to support all the proposed initiatives (total cost: $397,700). Option 2 provides resources to enhance career counseling with two Career Counselors and one Student Services Generalist (total cost: $190,600). Option 3 provides resources for the expansion of the Works Scholars program only (total cost: $135,000). Option 4 provides resources to enhance advising with the Veteran's Coordinator and one Student Services Generalist (total cost: $130,800).

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   The College believes these investments will increase student access, student retention, and student completion. The College's current graduation rate is 27%; with improved advising, we believe we can increase that rate to over 30% within three years. The College's retention rate is 60%, and if this initiative is funded, we should be able to achieve our stretch goal of 70% institutional retention. If not funded, the College will continue to offer minimal services, using existing staff, impacting veteran and Hispanic students, as well as all students generally, with regard to career education and development. If funded, expansion of the College's Work Scholars program will enable students to have access to higher education who might not otherwise be able to afford college.

Supports institution/agency and Board strategic plans:

Goal 2: Innovation and Economic Development.

Objective A: Workforce Readiness*:*
Prepare students to efficiently and effectively enter and succeed in the workforce.

Overview:

The Division of Career Technical Education funds programs at the six postsecondary institutions' technical colleges throughout the state. Years of flat funding and increased demands on Idaho students to achieve postsecondary education have resulted in long waiting lists for programs across the State and have limited Idaho employers in being able to hire qualified employees. If Idaho cannot accommodate these increased educational demands, it forces students to seek education out of State and can force employers to state to hire the qualified employees. These jobs are often high wage and high demand, which benefit not only the students seeking the education but help to stimulate the economy by providing higher paying jobs and a better educated workforce.

There was $3.8 million appropriated for this purpose in the FY 2017 appropriation, which is being used to expand program capacity at the technical colleges statewide. As a result, it is estimated that 410 Idaho additional students will be placed in specific programs to help meet workforce demands. With this line item, CTE builds on that effort and expects to help an additional 248 Idaho students prepare for currently unfilled job openings for lack of skilled workers. This line items requests ongoing personnel and operating expenses as well as one-time capital outlay to initiate or expand 16 postsecondary CTE programs across the state.

Goal 2: Innovation and Economic Development.

Objective A: Workforce Readiness*:*
Prepare students to efficiently and effectively enter and succeed in the workforce.

Description:

Added-cost funding to secondary CTE programs helps ensure program quality by funding the additional costs associated with delivering CTE programs as compared to academic programs. These programs tend to be technology and capital intense and are constantly challenged with maintaining up-to-date equipment. Teaching CTE programs using modern technology provides students with the latest and most relevant skills to meet current workforce demands

Idaho Career Technical Education is requesting $375,000 ongoing from the State General Fund to increase CTE's secondary schools added-cost funding by 5% for all CTE secondary programs.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   The request is for an ongoing increase of 5% for all secondary programs.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service. N/A

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted. N/A

   c. List any additional operating funds and capital items needed. N/A

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumptions: new customer base, fee structure changes, ongoing anticipated grants, etc.

   See cover sheet.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Students enrolled in secondary CTE programs are served by this request.

   The impact of this request is to help offset the increased costs associated with running the secondary CTE programs and provide students with a learning environment that most closely mirrors the actual workplace demands.

   Students, secondary schools and CTE programs would be impacted if the request were not funded.

Goal 1, Objective E: Education to Workforce Alignment- Deliver relevant education that meets the needs of Idaho and the region.

Description:

In the 2016 legislative session, Senate Bill 1332 established an Industry Partnership Fund for the purpose of providing timely access to relevant college credit and noncredit training and support projects. Technical colleges will work with regional industry partners to provide a rapid response to gaps in skills and abilities using moneys from the fund.

This bill was not funded in the 2016 legislative session. This line item requests ongoing funding for the Industry Partnership Fund to allow the six postsecondary technical colleges to react swiftly to the educational needs of industry.

Supports institution/agency and Board strategic plans:

Goal 3, Objective D: Productivity and Efficiency- Apply the principles of program prioritization for resource allocation and reallocation.

Questions:
In the past, Eastern Idaho Technical College (EITC) Human Resource positions were handled as an “additional duty” along with other College functions. Last year (2014-15) Human Resources was handled by a support/clerical positon assigned to HR. This academic year EITC found funding within EITC budgets and were able to hire a full-time HR position to manage the complexities of the State HR systems/benefits as well as local requirements including payroll functions.

In addition to transactional workload, this position has a higher level of responsibility than a "typical" HR Specialist:

- As the sole Human Resource professional for the agency, provides planning and management for all Human Resources processes and procedures;
- Position functions as a "business partner", serving on the President's Advisory Council and the Executive Committee;
- Represents the College in the community;
- Responsible for developing policy and procedure, developing and conducting training;
- Responsible for HR systems planning for the potential change to a community college next spring

Personnel costs are the largest single operating cost of the College. Personnel costs accounted for $7.4 million of the $11.8 million dollars in total operating costs for fiscal year ending June 30, 2015; over 60%. Effective personnel management is critical to the operation of the college.

Request for HR Specialist - EITC

- Current FT positions as of Fall 2016: 110
- Current PT & Adjunct NOT including Fire Service Training (FST): 253
- Part Time FST: 214 (EITC does all the hiring administration and payroll processing, so Fire Service Training is as much HR "work" as other part-time employees)
- **Total Employees (FT & PT): 577**
- New hires processed each year approximately **95**.
- Total processed New Hires and Rehires is **218** per year.

Given the complexities and personnel risks facing each post-secondary institution, the request for a full FTE HR Specialist is EITC's highest priority for this funding period.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base? EITC is requesting 1 FTE Human Resources Senior position for EITC. EITC currently has one position in HR that is required to do all of the payroll plus all the employee HR functions. This position does all of the payroll for EITC employees plus all of the workforce adjunct who teach workforce classes. EITC has over 11,000 students each year that are in workforce or community education. EITC also has taken over the Fire Service training for the State. This requires HR support and payroll functions. It is important that EITC provide adequate services for all of its employees and protect their rights. This position would be at the level to work with the other HR professionals in the State.

2. What resources are necessary to implement this request? EITC would need to hire a HR Senior and use its current position of specialist to do payroll and other functions at the specialist level.
   a. List by position: Human Resources Senior Position, Pay grade M, Full time with benefits. This person would start when funding is approved
   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted. This would be a new position at EITC.
   c. List any additional operating funds and capital items needed. No new operating or capital funds are needed

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) This is an on-going request for funding

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Employees are greatly affected by the service of the HR department. Hiring, firing, retirement, CEC and many other areas need to be covered by a well-educated HR employee. New reporting is now being required for HR departments to meet Federal guidelines. If this request is not funded, employees may not get the information to make decisions that could affect employment and retirement. Because of the increase of new faculty, workforce training demands and Fire Service education for the State, this position is critical to ensure that employees are paid on time and have the HR support they need to make employment decisions.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first. There are many requests, and this request will replace some of those requested in previous years. EITC has re-evaluated some of the priorities on the EITC campus and a fully functioning HR department is very important to the stability of EITC. This was submitted last year but was not funded. This would be EITC’s top priority for funding this year.

EITC Eastern Idaho Technical College

April 25, 2016

Recommendation for HR Specialist Senior for EITC

The requested Human Resources Senior position is the highest priority for EITC in this next budgeting cycle. EITC has not had the benefit of a highly qualified and experience HR position in the past. Given the myriad of complex federal, state, local and college hiring requirements, a seasoned expert in human resources is a necessity. A college relies heavily on employees in the fulfillment of its teaching and learning mission. Having a senior, seasoned HR professional is indispensable in order to recruit, retain and grow our expanding workforce. EITC is competing for the recruitment of a professional workforce as well as attempting to retain our existing faculty and staff. At this point, EITC has only one HR position, and that position is working out of class given the extent of required duties. Outside of managing our complex professional workforce, a single HR mistake in the hiring or mishandling of a personnel issue could be costly to the institution. Additionally, our existing workforce of faculty, staff and managers all have ongoing professional development requirements which would be integrated into this position's job duties.

Given the challenging hiring requirements for technical and professional positions, EITC will need an experienced HR professional to attract and employ into our workforce. It is equally important for EITC to ensure existing employees understand their benefits and are mentored toward professional development and career progression. Without an expert in this strategic position EITC may experience constant turnover of highly skilled employees to other employment opportunities or the possibility of an employment or discipline mistake. Increasing the status and compensation of this HR position will better ensure expertise and consistency in this position.

Regards,

Dr. Rick Aman

Interim President, Eastern Idaho Technical College

GRAND TOTAL	$250,000				$250,000

Supports institution/agency and Board strategic plans:

Goal 1, Objective B: Adult learner Re-Integration – Improve the processes and increase the options for re-integration of adult learners, including veterans, into the education system.

Executive Summary

- **Funding type**: Trustee benefits/local provider grants
- **Total Funding Request**: $1,090,900
    - **Increase amount**: $250,000
- **Description**: Additional funds are needed to expand the Adult Basic Education Program's capacity to transition underprepared adults into college and meaningful employment. Specifically, funds will be used to expand instructional hours and staff capacity, expand instructional offerings, increase services for rural communities,

and allow for competitive salaries to attract and retain high-quality, effective instructors.

- **Justification**: It is unlikely that Idaho can meet its 60% educational attainment goal, let alone the employer demands for a highly skilled workforce by focusing solely on high school graduates. Therefore it is vital that the state establish and expand other pathways for students to receive education and training. As an integral part of Idaho's workforce development system and post-secondary student pipeline, Adult Basic Education plays a critical role in establishing and sustaining these pathways. Idaho's ABE programs have the potential to serve as a significant on-ramp into post-secondary education and training for non-traditional, underprepared, and returning adult students. Increased support for these programs will improve outcomes in GED completion, post-secondary enrollment, student employment, and median wage earnings.

- **Additional Considerations**:
  - ABE experienced an overall 12.5% decrease in funds over the course of the recession, as compared to FY08. Funds have remained at this decreased level ($840,900) since FY11.
  - Our federal grant requires local maintenance of effort at 90%, so any increase that is awarded must be met at 90% year-over-year.

Expanded Narrative

We are requesting an ongoing funding increase in trustee/ benefit in the amount of $250,000 for Adult Basic Education. Idaho's ABE program is carried out through six regions, with one public college or university providing services for each region. This request represents a realistic, but meaningful budget increase that would allow all six regions to improve and sustain their program offerings. As a result, our program will increase its capacity to educate and transition underprepared adults into college and careers. Increased support for these programs will also improve outcomes in GED completion, post-secondary enrollment, student employment, and median wage earnings.

Adult Basic Education (ABE) is a federally authorized program and an integral component of Idaho's workforce development and post-secondary system. The ABE program, which is located across six of Idaho's colleges and universities, offers rigorous academic instruction to adults who need to improve their skills in literacy, math, and the English language in order to get a job, improve a career, and/or successfully "go on" to college and training.

As authorized under the Workforce Investment Act (WIA) of 1998, the ABE program was historically focused on providing academic instruction up to and including high-school equivalency. However, in the latter years of WIA, the focus expanded significantly to include college and career readiness. In 2014, Congress passed the Workforce Innovation and Opportunity Act (WIOA) which replaced the prior law. Under the new law, college and career readiness was formalized as one of ABE's major functions.

The passage of WIOA is an important opportunity to help Idaho meet its educational goals and workforce needs. Idaho is not likely to reach its goal of a 60% college completion rate—let alone meet employer demands for a highly skilled workforce—by focusing solely on high school graduates. Therefore, it is vital that the state establish other pathways for other types of students to receive education and training. With many of the changes presented in the new law, Idaho's ABE programs have the potential to serve as a significant on-ramp into post-secondary education and training for non-traditional, underprepared, and returning adult students.

While WIOA presents a large step toward improving Idaho's workforce development system, these new opportunities also pose budgetary challenges for the ABE program. In order to expand and sustain comprehensive college and career readiness services, local providers will require additional planning capabilities, expanded instructional hours and offerings, and the ability to attract and/or retain high-quality instructors with competitive pay. Local providers will also be expected to increase the level of collaboration and planning with their post-secondary institutions and other agencies and workforce development programs.

As an additional point of interest, the timing of this allocation will coincide with Idaho's new competitive grant application process under the new law for ABE providers. This process will ensure that increased funding levels are being used to support well-vetted, high-quality programs. We plan to run the competition in late 2016/early 2017, with final grant awards being allocated on July 1, 2017.

Supports institution/agency and Board strategic plans:

Goal 1, Objective D: Quality Education-
Deliver quality programs that foster the development of individuals who are entrepreneurial, broadminded, critical thinkers and creative.

Description:
In 2014 Agricultural and Natural Resources education programs established an incentive-based program for funding Agriculture and Natural Resources CTE programs. (Idaho Code 33-1629). As one of its major initiatives to improve secondary CTE education across the state, CTE is in the process of proposing new legislation that would expand incentive funding for Career &Technical Education (CTE) secondary programs in the other five program areas of Business Management and Marketing, Engineering and

Technology, Family and Consumer Sciences, Health Professions, and Skilled and Technical Sciences.

Under the proposed legislation, the Division would provide incentive-based funding to both high performing programs and those programs in need of additional support and technical assistance. This performance-based approach would more clearly demonstrate the return on investment provided by career technical education and hold CTE programs more accountable for producing results.

The administration of the Agriculture Incentive Program is very demanding on staff resources and this demand continues to increase as the number of applicants increases and program visits of past recipients is required. In addition, there are unfunded costs to bring in impartial proposal evaluators to decide on which applicant programs will be funded.

We are requesting 1 FTP for a Grants Operations Analyst- Pay Grade K to help administer the program. We are also requesting ongoing operating expenses of $10,000 to cover the cost of running the existing incentive program, including contracting with individuals throughout the state to evaluate proposals and $75,000 in one-time funding to develop performance measures and a data reporting system.

As the success of the current program increases, we are requesting ongoing funding for an additional $25,000 to be passed through to Agriculture programs in the form of an additional start-up grant and $325,000 to be awarded to the five program areas under the new Secondary Incentive Funding program.

How connected to institution/agency and Board strategic plans:

Goal 3: Effective and Efficient Educational System-

Objective C: Alignment and Coordination-*:*
Facilitate and promote the articulation and transfer of students throughout the education pipeline.

Description:

In the 2015 legislative session, amendments to Idaho Code 33-2205 (3) and (4) outline the intent that the Division of Career Technical Education will coordinate with the Idaho Digital Learning Academy to provide approved online career technical education courses and that the Division will incentivize Idaho public colleges and universities offering career technical programs to align their foundational courses to achieve uniformity and transferability.

These initiatives were started in Fiscal Year 2015 using Division funds available for this purpose. The continuation of this project into FY 2017 will require one-time funds of $128,000 to align 15 programs from Secondary to Postsecondary and $68,000 for CTE Digital to create 4 online courses through the Idaho Digital Learning.

Supports institution/agency and Board strategic plans:

The CPM and Health Matters program goals are more aligned with the Division of Human Resources, therefore the program will be moved back to DHR in Fiscal Year 2018.

CPM and Health Matters

In Fiscal Year 2009 the Certified Public Manager Program and the Health Matters Program were transferred to the Division of Career Technical Education and funded through the Division of Human Resources' (DHR) appropriation. Since that time, DHR has experienced changes to its structure and operations and now provides certain types of employee training. With those changes, these programs are now complementary to DHR's role in state government. Their transition back to DHR would allow the Division of Career Technical Education to focus on its mission of preparing Idaho's youth and adults for high-skill, in-demand careers. The transition of these programs back to the DHR began in FY 2017 and this ongoing line item would allow the funding to remain in the Division of Human Resources and allow for the transfer of the three associated positions.

Goal 3, Objective C: Alignment and Coordination- Facilitate and promote the articulation and transfer of students throughout the education pipeline.

Executive Summary

- Idaho SkillStack is the badging/micro-certification platform that is used by the Division of Career Technical Education to articulate technical competency credits between secondary and postsecondary CTE programs. In addition, Idaho's public higher education institutions use SkillStack to award badges to individuals in their non-credit workforce training programs and other academic programs. Currently, Boise State University and North Idaho College are actively awarding badges.

Lewis-Clark State College, College of Western Idaho, College of Southern Idaho, Idaho State University and Eastern Idaho Technical College will begin awarding badges in late 2016.

- The ongoing $15,000 request in spending authority covers an annual maintenance fee of $7,500 and an additional $7,500 in site development to accommodate planned upgrades of SkillStack to further support industry and education. All funds will be paid to Idaho Digital Learning Academy who developed the platform. This line item allows CTE to spend administration fees that are charged to the institutions to support this website. All institutions are currently under a no-cost MOU to use SkillStack and those MOUs will expire in September 2016. The institutions are aware that an administration fee in the amount of $1,500 - $2,500 will be assessed as MOUs are renewed and institutions ramp up their usage of SkillStack. The Division is still in the process of determining the actual cost of administering the website/platform and will finalize the per-institution cost prior to the renewal of the MOUs.

Goal 3, Objective B: Quality Teaching Workforce
Develop, recruit and retain a diverse and highly qualified workforce of teachers, faculty and staff.

Career & Technical Education Professional Development Conference

The Division of Career Technical Education provides training each summer to career and technical educators from throughout the state at both the secondary and postsecondary levels. The training is fully funded through conference registration fees and historically College of Western Idaho has served as the fiscal agent by paying for conference expenses and collecting funds. In FY 2017 CTE began collecting and disbursing fees using their existing fiscal staff and used spending authority that had been carried forward from prior years. CTE would like to request $250,000 in ongoing spending authority to continue to run the conference out of funds collected from conference registration fees.

GRAND TOTAL	$106,200				$106,200

Supports institution/agency and Board strategic plans:

Goal 3, Objective D: Productivity and Efficiency- Apply the principles of program prioritization for resource allocation and reallocation.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base? EITC is requesting 1 FTE for a Finance Director who will oversee the CTE budget and multiple grants for EITC. EITC currently has a controller but this new position will allow EITC to be more in-line with the other technical colleges in Idaho that rely on financial resources available in the institutions' central administration. It is important that EITC provide adequate financial services while maintaining critical control over all funds that pass through EITC.

2. What resources are necessary to implement this request? EITC would need to hire 1 FTE Finance Director that would oversee the financial office at EITC.
   a. List by position.
      i. Non-classified finance Director
   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.
      i. This would be a new position for EITC and help balance and coordinate the workload in the finance office.
   c. List any additional operating funds and capital items needed.
      i. No new operating or capital funds are needed

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) This is an on-going request for funding
4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted? Employees and students are greatly affected by the service of the finance department. Currently EITC finance people work many overtime hours and are not able to use them.
5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first. There are many requests, and this request will replace some of those requested in previous years. EITC has re-evaluated some of the priorities on the EITC campus and have found that the business office is very understaffed to complete the tasks required by EITC, CTE and the State of Idaho

With growing Federal, State and other Regulatory requirements for School finance both the Controller and Assistant Controller work approximately 10 hours of unpaid overtime each week. The EITC Business Office is responsible for many activities that are not performed at other state funded technical Colleges. EITC, because of its unique position, often is required to complete requests and projects similar to Universities with more staff. The EITC business office completes these request with a total staff of six people, dramatically less than other colleges and universities. Separation of responsibilities, turnover and training is all consuming. Attending meetings, outside training and employee development is nearly impossible.

Examples of EITC Business Office responsibilities:

- Consolidated Financial Statements
- Point of Sale activity for the college
- Accounting Software maintenance.
- Reconciling multiple bank accounts and the account with the State's Treasury
- Billing of approximately 30 Federal, State and local grants
- AP, AR, and Purchasing management

- STARS work and processing
- Time and Effort Reporting for Grants
- Interagency Billings
- Sales Tax Reporting
- CTE Budget preparation
- Detail Budget Preparation
- Payroll processing to the General Ledger
- PCARD administration
- Position Request approval, and IPOPS approval
- INL and Radiation Safety grant billings
- Full General Ledger maintained by fund.
- Two external audits by Moss-Adams
- Much reporting for staff and faculty
- 1098 and 1099 tax reporting
- Colleague understanding, training and use.
- Financial Aid processing and payments for College

Supports institution/agency and Board strategic plans:

CSI Core Theme 1: Community Success

As a community college, we are committed to responding to the diverse needs of the communities we serve and to taking a leadership role in improving the quality of life of the members of those communities.

- Objective #1: Strengthen the social fabric in the communities we serve
- Objective #3: Meet the workforce needs of the communities we serve

Core Theme 2: Student Success

As an institution of higher education, we exist to meet the diverse educational needs of the communities we serve. Above all institutional priorities is the desire for every student to experience success in the pursuit of a quality education.

- Objective #1: Foster participation in post-secondary education
- Objective #2: Reinforce a commitment to instructional excellence

Performance Measure:

Rather than a performance measure, this is a critical success activity to be completed. The outcome will be a programming and facilities plan for the Center for Education Innovation (attached whitepaper).

Description:

This request is intended to support the program planning, infrastructure, staffing, and facility design for the proposed Center for Education Innovation, in cooperation with Idaho State University. See the attached whitepaper describing the proposed center.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   Planning and design funds, including project management. No ongoing staff is included in the CSI request.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      No personnel in this request.

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      Certainly many CSI staff will be somewhat impacted by participation in the design and planning work, but not to a significant degree. The requested funds include a project manager by contract for only FY2017-2018.

   c. List any additional operating funds and capital items needed.

3. Provide additional detail about the request, including one-time versus ongoing.

4. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   This is a one-time, one-year request for planning and design work. See the attached whitepaper for more information.

5. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   All residents of Idaho would be served by the intent of the Center for Education Innovation. The expectation will be significant improvement in the preparation of Idaho teachers. For more specific information see the attached whitepaper. If this request is not funded, CSI will forge ahead, but will be at a significant disadvantage in terms of timeliness and progress: the Center may never come to fruition without this planning and design support.

Center for Education Innovation

A joint whitepaper and vision statement | College of Southern Idaho | Idaho State University

May 2016

Introduction

Idaho State University and the College of Southern Idaho jointly propose the design, development, and creation of the Center for Education Innovation (CEI), a visionary and collaborative facility and programming venture to be situated on the CSI campus in Twin Falls and jointly operated.

The CEI initiative attempts to address numerous issues in early childhood, elementary, secondary, and higher education in Idaho. Among them:

- Concerns with current state of teacher education in Idaho
- Need for expanded professional development opportunities for teachers at all levels of education
- Need for more research specifically for the benefit of the Idaho education pipeline to benefit the educational systems of Idaho, including the impact of teacher training in early education
- Tremendous challenges in addressing K12 teacher shortages and demands, especially in rural areas
- Addressing and assessing the proposals and initiatives suggested by the Idaho Education Task Force, national best practices, Idaho Business for Education, and other constituents
- Providing research support and facilitation for the K-20 pipeline
- Providing support for alignment of K12 and university curriculum and college readiness

Situating the CEI facility in Twin Falls on the CSI campus is prompted by the growth, demand, and opportunity specific to the Magic Valley region. CSI has been a pioneer with regard to partnerships and greater integration in K12, demonstrated by the growth of concurrent enrollment, collaborative education ventures, transition coordinator implementation, and other initiatives. Idaho State University has a long history with dual enrollment with its Early College Program and has worked closely with school districts on curricular alignment and K12-related research within its Albion Center for Education Innovation. The longstanding presence of ISU on the CSI campus, with emphasis on the ISU College of Education, together with the spirit of collaboration and articulation suggest tremendous opportunity for both growth and success.

The vision includes a focal point for education research, development of innovation in teacher training at all levels, and reform for all of Idaho. It provides a testbed for practice, and an opportunity to significantly revise the direction, services and support we provide for educator education, training and professional development.

College of Southern Idaho Operational Vision

The College of Southern Idaho proposes the Center for Education Innovation as a current leader in the pursuit of instructional excellence and preparation of teachers serving in Idaho. The CEI facility provides an opportunity to consolidate teaching and learning lab schools in a revolutionary way, in particular at the early childhood and elementary levels. The operation supports our CSI's Core Themes of Community Success and Student Success by advancing and applying research in a controlled setting, while providing a local pathway to baccalaureate and graduate education.

Various existing and planned programs, services, and operations would or could be housed in the facility:

- CSI Center for Innovation and Teaching Excellence
- CSI Education Department
  - CSI Early Childhood Education Program (including existing labs/lab schools)
  - Transfer education programs
  - Paraprofessional training programs
  - Teacher professional development, continuing education operations
- Rural Education Resource Center
- Southern Idaho P20 Teaching Excellence Initiative
- CSI Higher Education Center (ISU/BSU/UI)
- South Central Idaho Education Partnership (regional Education Idaho Network)
- Region IV iSTEM
- CSI STEM Resource Center

Idaho State University Operational Vision

The partnership between the CSI and ISU for a Center for Education Innovation (CEI) will increase ISU's potential to recruit, retain, and support professional educators in the Magic Valley and will expand the ability to offer high quality educator preparation and professional development in this area. The CEI aligns with ISU's Core Theme One (Learning and Discovery) by continuing and expanding our ability to deliver effective and high quality academic programs that support educator preparation and professional development in the Magic Valley. The CEI aligns with ISU's Core Theme Two (Access and Opportunity) by expanding our opportunity to recruit potential future teachers in secondary school settings and by ensuring that students have access to critical support functions necessary to be successful throughout their education. The CEI also aligns with ISU Core Theme Four (Community Engagement and Impact) by providing a structure that facilitates partnership creation and collaboration and professional development centers for professional educators in the field.

Various existing programs, services, and operations would or could be housed in the facility:

- ISU College of Education Twin Falls Center
- ISU Twin Falls Office for the Albion Center for Education Innovation
- Region IV TRIO
- Regional Math Resource Center

- ISU Community College Leadership program

A future vision and opportunities

Evolving and future opportunities include:

- Consideration of partnering with Twin Falls School District to create an elementary school as a component of the project and as a lab school
- Expanded education research
- Direct linkage with Idaho SDE and Professional Standards Commission
- Revision and improvement of Idaho Career Technical Education (CTE) programming and continuing education support
- Childhood through college education lab research under one roof with shared resources and faculty
- Active research with regard to “education innovation in action,” including expanded K12-postsecondary education partnerships, collaboration, and pilot studies

Moving forward

Initial steps include a joint request from CSI and ISU for planning and design funding in order to fully develop and synchronize the operations, programming, and facility concept. This would culminate in a formal building request by the College of Southern Idaho and Idaho State University to the Permanent Building Council.

Attendant staffing and occupancy cost requests will follow as appropriate.

Supports institution/agency and Board strategic plans:

Goal 1, Objective B

Higher Level of Education Attainment – Increase the educational attainment of all Idahoans through participation in Idaho's educational system

Performance Measure:

1. Increase Math 043, Math 143, and Math 153 course completion rates for the College of Southern Idaho by 20% by fiscal year 2020 (May 2020). Fall 2016 benchmark.
2. Increase Math 043, Math 143, and Math 153 credits successfully completed by 20% by fiscal year 2020 (May 2020). Fall 2016 benchmark.

3. Increase graduation rates for the College of Southern Idaho from 18% to 22% by fiscal year 2020 (May 2020) – IPEDS definition of graduation rate. Fall of 2016 benchmark.
4. Increase retention in degree and certificate programs at the College of Southern Idaho from 50% to 60% by fiscal year 2020 (May 2020) – IPEDS definition of Fall to Fall retention rate. Fall of 2016 benchmark.
5. Increase the number of students earning degree or certificates by 20% by fiscal year 2020 (May 2020). Fall 2016 benchmark.

Description:
This request is to provide an intensive Bridge to Success Summer Bridge program that provides first time, degree-seeking students a head start in their transition to college. The program introduces students to the academic expectations of college, specifically for degrees that require challenging first-semester course work in math, since math is a key indicator of student success and degree completion. Moreover, the program develops 21st century skills that are essential in the classroom and in the workplace; promotes community engaged learning; familiarizes students to valuable campus resources to increase student success; fosters social and academic relationships with peers, faculty, and staff; and provides academic coaching. This request allows CSI to develop bridge academies that have math as their core course. This request involves hiring a full-time bridge coordinator, adjunct faculty to teach summer bridge courses, and tutors to provide summer bridge instructional support.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   One (1) FTE is being requested for a) coordination of Summer Bridge program development b) develop and maintain an ongoing excellence in teaching protocol for all full and part-time faculties, and c) provide continued support for bridge participants through degree/certificate attainment.

   Part-time adjunct math and bridge instructors will be provided to teach summer bridge courses; part-time tutors will be provided to assist students. Academic coaches and student success personnel are already in place for this project.

   One (1) FTE for Summer Bridge Program Coordinator: $35,000

   Part-time adjunct instructors: $14,000

   Tutors: $10,000

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

One (1) FTE, Bridge Coordinator, $35,000 each, Full Time, Full Benefits, Hire Date of August 1, 2018, 12 month contract.

Part-time instructors: $14,000 (total), part-time, no benefits, May 1, 2019, summer contract

Part-time tutors: $10,000 (total), part-time, no benefits, May 1, 2019, summer contract

b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

We have an Associate Dean of Student Success in place. The Bridge Coordinator will report to Associate Dean of Student Success.

Part-time instructors will train with the college's instructional designer (in place). Math instructors will report to the Math Department Chair; bridge instructors will report to the Associate Dean of Student Success.

We currently have Academic Coaches in place. These coaches report to the Associate Dean of Student Success. We have limited tutors in place. Additional summer tutors will assist with the bridge program and will report to our Learning Assistance Program Coordinator (in place).

c. List any additional operating funds and capital items needed.

Financial Support to support students participating in the program. We anticipate 120 students (5 cohorts of 24).

Operating Supplies:

1) $29,000: Daily lunch with Student Success activities: 8 weeks, four days per week:

2) $10,000: Community Engaged Learning to include leadership, teamwork, service learning, and 21st Century skill development.

3) $8,000: Instructional support

4) $3,000: Office Supplies—marketing, promotion, general supplies

5) $2,000: travel

Faculty and staff Professional Development: $2,500

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   This request is for on-going funds to support new students entering the college.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The request is to enable first time, degree seeking students to have quicker progress into and successful completion of college math as well introducing students to the academic expectations of college. This program will develop 21st century skills that are essential in the classroom and in the workplace; promote community engaged learning; familiarize students to valuable campus resources to increase student success; foster social and academic relationships with peers, faculty, and staff; and provide academic coaching. We expect to see immediate results in retention and math completion rates. With continued support in subsequent semesters for bridge participants, CSI expects to see increased results in degree completion and graduation rates.

If this request is not funded, we will continue to run pilot programs serving small groups of students. This will refine the development of programs, but it will not have the desired major impact on increasing enrollments and completion rates.

Decision Unit: Bridge to Success Summer Bridge Proposal

Science, technology, engineering, and math (STEM) degrees rank as the most popular degrees at the College of Southern Idaho (CSI). In the fall of 2015, for example, 23% of degree-seeking students declared a STEM degree as their major (College of Southern Idaho Information Technology Services, 2016). When Health Sciences and Career and Technical Education degrees and certificates are included in STEM, nearly half of CSI degree-seeking students declared a STEM degree in fall 2015.

Although nearly one-half of first time, degree seeking students at CSI select a STEM pathway, research indicates that many will leave their chosen field within the first academic year, if not sooner. Chen and Soldner (2013) found that 69% of associate's degree students who entered a STEM field in a six-year period (2003-2009) had left their chosen field. Roughly one-half of these students switched their major to a non-STEM degree; the remaining left college before earning a degree or certificate. Chen and Soldner indicated that performance in STEM courses, particularly math, figured prominently in a student's decision to leave the STEM field.

This request is to provide an intensive Bridge to Success Summer Bridge program that provides first time, degree-seeking students a head start in their transition to college. The program introduces students to the academic expectations of college, specifically for degrees that require challenging first-semester course work in math, since math is a key indicator of student success and degree completion. Moreover, the program develops 21st century skills that are essential in the classroom and in the workplace; promotes community engaged learning; familiarizes students to valuable campus resources to increase student success; fosters social and academic relationships with peers, faculty, and staff; and provides academic coaching. This request allows CSI to develop bridge academies that have math as their core course. This request involves hiring a full-time bridge coordinator, adjunct faculty to teach summer bridge courses, and tutors to provide summer bridge instructional support.

This summer bridge program will enable students to have quicker progress into and successful completion of college math. As a result, CSI expects to see immediate results in retention and math completion rates. With continued support in subsequent semesters for bridge participants, CSI expects to see increased results in degree completion and graduation rates.

Supports institution/agency and Board strategic plans:

Goal 1 Objective B

Quality Instruction – Increase student access to general education gateway transfer courses in the Idaho Falls CSI Outreach Center by hiring full-time instructors (1.0 FTE English and 1.0 FTE mathematics).

Performance Measure:

1. To provide instruction in gateway transfer general education courses in English and mathematics at the CSI Outreach Center in Idaho Falls.

2. Full-time faculty described above will improve access and mentoring for dual credit students and adjunct teachers at the CSI Outreach Center in Idaho Falls.

Description:

The instructional positions would allow two full time dedicated faculty to be located at the CSI's Eastern Idaho outreach center in Idaho Falls. Enrollment in college-level General Education courses, especially in English and mathematics, has grown significantly since the center opened in 2012. As of AY 15-16 there were 229 enrollments in English and 163 enrollments in mathematics. A full-time faculty load is 15 credits. Additionally, full time faculty members not only teach a full load but also function as advisors, and working with departments on the main campus, these faculty members would also be responsible to advise and mentor adjunct and dual credit instructors in Bannock and Bonneville Counties who teach for CSI.

The CSI Outreach Center in Idaho Falls was funded to provide general education courses that Eastern Idaho Technical College is unable to offer due to its mission and funding as a CTE technical college. Last year the governor committed funds towards the creation of a community college in Eastern Idaho, and a citizen's committee has been at work for the past year to develop the proposal. When EITC becomes a community college, it is our intention that the CSI positions requested here would convert immediately over to the new Eastern Idaho Community College as full time English and mathematics faculty, and the funding for these positions would transfer over to the new community college. Until such time as the new community college is created, these positions will serve the growing number of students who are using the CSI Outreach Center in Idaho Falls to take lower division general education courses locally at an affordable price.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   Two (2) FTE are being requested to a) provide full time access to students enrolled in math and English classes, b) develop and maintain an ongoing excellence in teaching protocol for all full and part-time faculties, and c) work with the growing number of adjunct and dual credit teachers and students in Bonneville and Bannock counties.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      Two (2) FTE, Faculty, $44,000 each, Full Time, Full Benefits, Hire Date of August 1, 2018, 10-month contract.

b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

   New instructors will report to the appropriate department chairs and instructional deans in the office of Instructional Affairs on the main CSI campus in Twin Falls and will work closely with the Director of the Eastern Idaho Outreach Center.

c. List any additional operating funds and capital items needed.

   No Additional funds are being requested

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   This is an ongoing request for salary and benefits. When Eastern Idaho Technical College converts to a community college and then is able to offer general education courses and transfer degrees, these positions (and the funding for them) would transfer immediately over to the new community college as the CSI Center in Idaho Falls would no longer be needed.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   The students taking general education courses in English and mathematics through CSI at its Eastern Idaho Outreach Center would directly benefit from full-time instructors; moreover, adjunct and dual credit instructors and students in Bonneville and Bannock Counties will benefit from consistent, local mentoring, advising, and direction from full-time faculty in the key areas of English and mathematics.

CSI Core Theme 1: Community Success

As a community college, we are committed to responding to the diverse needs of the communities we serve and to taking a leadership role in improving the quality of life of the members of those communities.

Objective #3: Meet the workforce needs of the communities we serve

Core Theme 2: Student Success

As an institution of higher education, we exist to meet the diverse educational needs of the communities we serve. Above all institutional priorities is the desire for every student to experience success in the pursuit of a quality education.

- Objective #1: Foster participation in post-secondary education
- Objective #2: Reinforce a commitment to instructional excellence
- Objective #3: Support student progress toward achievement of educational goals

Performance Measure:
Increase participation in dual credit pathways in Business and Computer Science.

Description:
This request is intended to continue the CSI strategy of providing direct instructional and support services within the secondary education system in Region IV. By placing CSI faculty in high school classrooms, there is absolute connection and integration of the dual credit/early college strategy between the College and the district. In this particular case, Business and Computer Science faculty will be hired and based on regional need and capacity, placed directly within those schools with an established pathway to Associate Degrees which are in turn articulated with Idaho State University and other Idaho public colleges and universities. These instructors will create dual credit "Academies," which are exemplars within the High Schools That Work research regarding excellence in secondary education.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?
   Faculty and attendant instructional costs to implement a minimum of two dual credit academies.
2. What resources are necessary to implement this request?
   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.
   Two full time college faculty (9 month) on full benefits, hired effective for Fall term 2017.
   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.
   No redirection, but additional supervisory responsibilities for the respective department chairs.
   c. List any additional operating funds and capital items needed.
3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

Dual credit revenue will be collected and applied to operational costs beyond those of the direct instruction. This is an ongoing request to CSI base funding.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   High schools, their students, their parents and our regional business and industry partners. If this request is not funded, the opportunity for greater instructional integration with regard to dual credit/middle college will be lost or significantly mitigated.

GRAND TOTAL	$594,900				$594,900

Supports institution/agency and Board strategic plans:

Goal 1, Objective 3:
Student Success: Promote programs and services to enhance access and successful student transitions.

Goal 2, Objective 1:
Educational Excellence: Evaluate, create and adapt programs that respond to the educational and training needs of the region.

Performance Measures:

- Percentage of full-time, first-time and new transfer-in students who a) were awarded a degree or certificate, b) transferred without an award to a 2- or 4-year institution, c) are still enrolled, and d) left the institution within six years.

- Fall to Spring Persistence Rate, credit students.
- First-time, full-time, student retention rates.
- First-time, part-time, student retention rates.
- Increase dual credit students who enroll at NIC as degree-seeking postsecondary students as a percentage of total headcount.

Description:

The Idaho Summer Completion Initiative enables any Idaho resident to attend North Idaho College tuition free for the Summer 2017 term for up to 6 credit hours.

The purpose of this initiative is to leverage the summer term to increase retention and completion rates and create an opportunity for former students who are missing a handful of credits to achieve degree completion.

Over the past decade North Idaho College along with many other institutions across the nation have seen a significant decline in credit taking behaviors over the summer terms. This change in credit taking behavior has had an impact on both retention and completion results. Furthermore, the reduction in summer credits has impacted the overall operating efficiency of the campus, since the campus is still operating during the summer months but with much reduced student offerings.

By encouraging students to take credits during the summer, we as an institution are better able to maintain connection with our students and increase persistence of current students from spring semester to fall semester. In addition, taking even one course during the summer term reduces the overall time to completion. A tuition free summer term allows the institution a unique opportunity to reach out to students who are a few credits short completing their degree or certificate and provide access over the summer for these students to complete and graduate. The tuition free summer term also provides a great bridge for dual credit students and graduating seniors to further experience the college learning environment and gain credits further reducing their time to degree completion, regardless of where they choose to complete their post- secondary studies.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

2. What resources are necessary to implement this request?

a. All courses will be taught by current North Idaho College accepting summer assignments on a per credit basis or by adjunct faculty accepting summer assignments on a per credit basis.

b. There will be no existing human resources that will be redirected to this new effort. Existing operations will be impacted to enroll and register students but can be accommodated using existing staff and systems.

c. There are no additional operating funds and capital items needed.

3. This request is a one-time funding request. This request is based on offering 200 three credit instructional sections in Summer 2017 tuition free to any Idaho resident. This will serve an estimated 4,000 Idaho students (duplicated head-count). Courses offered tuition free would be delivered as face to face, via IVC, or in a hybrid modality. Courses offered completely on-line would be ineligible for this program. Students would be responsible for any lab fee/course fee and any required textbook. This would be the only out of pocket expenses to students.

This request would potentially serve all interested students across the state of Idaho. The immediate effects of this funding will be improved completion rates at North Idaho College and a reduced time to degree for any students who take advantage of the summer completion initiative.

Supports institution/agency and Board strategic plans:

Goal 1, Objective 1:
Student Success: Provide innovative, progressive, and student-centered programs and services.

Goal 4, Objective 4:
Diversity: Promote a safe and respectful environment.

Performance Measures:
- Fall to Spring Persistence Rate, credit students.
- Participation in sponsored events that promote Title IX awareness.

Description:

Establishing the position of Title IX Coordinator as a FT position to lead the college's compliance efforts and conduct training and awareness events for students, faculty and staff and the community.

The purpose of this initiative is to ensure compliance with the fast changing and expanding requirements of Title IX.

Title IX has required all colleges to respond differently and more proactively to reports of sexual assault or any other forms of sex based discrimination. Title IX applies to all institutions that receive federal financial assistance. Title IX requires that institutions operate all programs and activities in a non-discriminatory manner including recruitment, admissions, and counseling; financial assistance; athletics; sex-based harassment; treatment of pregnant and parenting students; discipline; single-sex education; and employment. Recently the focus of Office of Civil Right enforcement efforts have increased and become more focused on institutional responses to investigation of sexual harassment and assault.

The addition of a dedicated Title IX Coordinator will allow the institution to meet its federally mandated responsibilities related to Title IX compliance, including being proactive in the continued development of processes and procedures to ensure compliance and better educate all stakeholders on awareness and prevention of sex-based discrimination and sexual assault. The addition of the Title IX Coordinator will also allow the institution to meet the expectations of the Office of Civil Rights. The Office of Civil Rights has issued much guidance on the designation of Title IX coordinators, going so far as to indicate that the federal preference is that institutions have a dedicated, full-time Title IX Coordinator to "minimize the risk of a conflict of interest and in many cases ensure sufficient time is available to perform all the role's responsibilities." (See the attached Office of Civil Rights "Dear Colleague Letter on Title IX Coordinators" dated April 25, 2015).

Questions:

1. The institution is requesting the addition of 1 FTE. Current staffing for these functions is staffed by 2 employees equaling a .5 FTE. This is requested as ongoing, general fund (base) support.
2. What resources are necessary to implement this request?
   a. Title IX Coordinator. Full Time Benefited Position. Anticipated date of hire: 7/1/17.
   b. Currently the college has two employees working on Title IX equating to .5 FTE. These individuals will continue their support role as investigators for Title IX complaints.

c. Operating funds of $2,000 are requested for travel and training for continuing staff development. Capital items needed consist of initial IT and workspace needs of $3,000.

3. The staffing request and operating request are on-going in the amount of $81,800. Capital request of $3,000 is one-time.
4. This request will serve all students, faculty, staff and visitors to North Idaho College. If this request is not funded the college will continue to support Title IX compliance with the existing dedicated .5 FTE and seek additional fee revenue to support Title IX compliance funded by students.

UNITED STATES DEPARTMENT OF EDUCATION

OFFICE FOR CIVIL RIGHTS

THE ASSISTANT SECRETARY

April 24, 2015

Dear Colleague:

I write to remind you that all school districts, colleges, and universities receiving Federal financial assistance must designate at least one employee to coordinate their efforts to comply with and carry out their responsibilities under Title IX of the Education Amendments of 1972 (Title IX), which prohibits sex discrimination in education programs and activities.[1] These designated employees are generally referred to as Title IX coordinators.

Your Title IX coordinator plays an essential role in helping you ensure that every person affected by the operations of your educational institution—including students, their parents or guardians, employees, and applicants for admission and employment—is aware of the legal rights Title IX affords and that your institution and its officials comply with their legal obligations under Title IX. To be effective, a Title IX coordinator must have the full support of your institution. It is therefore critical that all institutions provide their Title IX coordinators with the appropriate authority and support necessary for them to carry out their duties and use their expertise to help their institutions comply with Title IX.

The U.S. Department of Education's Office for Civil Rights (OCR) enforces Title IX for institutions that receive funds from the Department (recipients).[2] In our enforcement work, OCR has found that some of the most egregious and harmful Title IX violations occur when a recipient fails to designate a Title IX coordinator or when a Title IX coordinator has not been sufficiently trained or given the appropriate level of authority to oversee the recipient's compliance with Title IX. By contrast, OCR has found that an effective Title IX coordinator often helps a recipient provide equal educational opportunities to all students.

OCR has previously issued guidance documents that include discussions of the responsibilities of a Title IX coordinator, and those documents remain in full force. This letter incorporates that existing OCR guidance on Title IX coordinators and provides additional clarification and recommendations

---

[1] 34 C.F.R. § 106.8(a). Although Title IX applies to any recipient that offers education programs or activities, this letter focuses on Title IX coordinators designated by local educational agencies, schools, colleges, and universities.

[2] 20 U.S.C. §§ 1681–1688. The Department of Justice shares enforcement authority over Title IX with OCR.

as appropriate. This letter outlines the factors a recipient should consider when designating a Title IX coordinator, then describes the Title IX coordinator's responsibilities and authority. Next, this letter reminds recipients of the importance of supporting Title IX coordinators by ensuring that the coordinators are visible in their school communities and have the appropriate training.

Also attached is a letter directed to Title IX coordinators that provides more information about their responsibilities and a Title IX resource guide. The resource guide includes an overview of the scope of Title IX, a discussion about Title IX's administrative requirements, as well as a discussion of other key Title IX issues and references to Federal resources. The discussion of each Title IX issue includes recommended best practices for the Title IX coordinator to help your institution meet its obligations under Title IX. The resource guide also explains your institution's obligation to report information to the Department that could be relevant to Title IX. The enclosed letter to Title IX coordinators and the resource guide may be useful for you to understand your institution's obligations under Title IX.

Designation of a Title IX Coordinator

Educational institutions that receive Federal financial assistance are prohibited under Title IX from subjecting any person to discrimination on the basis of sex. Title IX authorizes the Department of Education to issue regulations to effectuate Title IX.[3] Under those regulations, a recipient must designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under Title IX and the Department's implementing regulations.[4] This position may not be left vacant; a recipient must have at least one person designated and actually serving as the Title IX coordinator at all times.

In deciding to which senior school official the Title IX coordinator should report and what other functions (if any) that person should perform, recipients are urged to consider the following:[5]

A. Independence

The Title IX coordinator's role should be independent to avoid any potential conflicts of interest and the Title IX coordinator should report directly to the recipient's senior leadership, such as the district superintendent or the college or university president. Granting the Title IX coordinator this

---

[3] The Department's Title IX regulations, 34 C.F.R. Part 106, are available at http://www.ed.gov/policy/rights/reg/ocr/edlite-34cfr106.html.

[4] 34 C.F.R. § 106.8(a).

[5] Many of the principles in this document also apply generally to employees required to be designated to coordinate compliance with other civil rights laws enforced by OCR against educational institutions, such as Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. § 794; 34 C.F.R. § 104.7(a), and Title II of the Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12131–12134; 28 C.F.R. § 35.107(a).

independence also ensures that senior school officials are fully informed of any Title IX issues that arise and that the Title IX coordinator has the appropriate authority, both formal and informal, to effectively coordinate the recipient's compliance with Title IX. Title IX does not categorically exclude particular employees from serving as Title IX coordinators. However, when designating a Title IX coordinator, a recipient should be careful to avoid designating an employee whose other job responsibilities may create a conflict of interest. For example, designating a disciplinary board member, general counsel, dean of students, superintendent, principal, or athletics director as the Title IX coordinator may pose a conflict of interest.

B. Full-Time Title IX Coordinator

Designating a full-time Title IX coordinator will minimize the risk of a conflict of interest and in many cases ensure sufficient time is available to perform all the role's responsibilities. If a recipient designates one employee to coordinate the recipient's compliance with Title IX and other related laws, it is critical that the employee has the qualifications, training, authority, and time to address all complaints throughout the institution, including those raising Title IX issues.

C. Multiple Coordinators

Although not required by Title IX, it may be a good practice for some recipients, particularly larger school districts, colleges, and universities, to designate multiple Title IX coordinators. For example, some recipients have found that designating a Title IX coordinator for each building, school, or campus provides students and staff with more familiarity with the Title IX coordinator. This familiarity may result in more effective training of the school community on their rights and obligations under Title IX and improved reporting of incidents under Title IX. A recipient that designates multiple coordinators should designate one lead Title IX coordinator who has ultimate oversight responsibility. A recipient should encourage all of its Title IX coordinators to work together to ensure consistent enforcement of its policies and Title IX.

Responsibilities and Authority of a Title IX Coordinator

The Title IX coordinator's primary responsibility is to coordinate the recipient's compliance with Title IX, including the recipient's grievance procedures for resolving Title IX complaints. Therefore, the Title IX coordinator must have the authority necessary to fulfill this coordination responsibility. The recipient must inform the Title IX coordinator of all reports and complaints raising Title IX issues, even if the complaint was initially filed with another individual or office or the investigation will be conducted by another individual or office. The Title IX coordinator is responsible for coordinating the recipient's responses to all complaints involving possible sex discrimination. This responsibility includes monitoring outcomes, identifying and addressing any patterns, and assessing effects on the campus climate. Such coordination can help the recipient avoid Title IX violations, particularly violations involving sexual harassment and violence, by preventing incidents from recurring or becoming systemic problems that affect the wider school community. Title IX does not specify who should determine the outcome of Title IX complaints or the actions the school will take in response to such complaints. The Title IX coordinator could play this role, provided there are no conflicts of interest, but does not have to.

The Title IX coordinator must have knowledge of the recipient's policies and procedures on sex discrimination and should be involved in the drafting and revision of such policies and procedures to help ensure that they comply with the requirements of Title IX. The Title IX coordinator should also coordinate the collection and analysis of information from an annual climate survey if, as OCR recommends, the school conducts such a survey. In addition, a recipient should provide Title IX coordinators with access to information regarding enrollment in particular subject areas, participation in athletics, administration of school discipline, and incidents of sex-based harassment. Granting Title IX coordinators the appropriate authority will allow them to identify and proactively address issues related to possible sex discrimination as they arise.

Title IX makes it unlawful to retaliate against individuals—including Title IX coordinators—not just when they file a complaint alleging a violation of Title IX, but also when they participate in a Title IX investigation, hearing, or proceeding, or advocate for others' Title IX rights.[6] Title IX's broad anti-retaliation provision protects Title IX coordinators from discrimination, intimidation, threats, and coercion for the purpose of interfering with the performance of their job responsibilities. A recipient, therefore, must not interfere with the Title IX coordinator's participation in complaint investigations and monitoring of the recipient's efforts to comply with and carry out its responsibilities under Title IX. Rather, a recipient should encourage its Title IX coordinator to help it comply with Title IX and promote gender equity in education.

Support for Title IX Coordinators

Title IX coordinators must have the full support of their institutions to be able to effectively coordinate the recipient's compliance with Title IX. Such support includes making the role of the Title IX coordinator visible in the school community and ensuring that the Title IX coordinator is sufficiently knowledgeable about Title IX and the recipient's policies and procedures. Because educational institutions vary in size and educational level, there are a variety of ways in which recipients can ensure that their Title IX coordinators have community-wide visibility and comprehensive knowledge and training.

[6] 34 C.F.R. § 106.71 (incorporating by reference 34 C.F.R. § 100.7(e)).

A. Visibility of Title IX Coordinators

Under the Department's Title IX regulations, a recipient has specific obligations to make the role of its Title IX coordinator visible to the school community. A recipient must post a notice of nondiscrimination stating that it does not discriminate on the basis of sex and that questions regarding Title IX may be referred to the recipient's Title IX coordinator or to OCR. The notice must be included in any bulletins, announcements, publications, catalogs, application forms, or recruitment materials distributed to the school community, including all applicants for admission and employment, students and parents or guardians of elementary and secondary school students, employees, sources of referral of applicants for admission and employment, and all unions or professional organizations holding collective bargaining or professional agreements with the recipient.[7]

In addition, the recipient must always notify students and employees of the name, office address, telephone number, and email address of the Title IX coordinator, including in its notice of nondiscrimination.[8] Because it may be unduly burdensome for a recipient to republish printed materials that include the Title IX coordinator's name and individual information each time a person leaves the Title IX coordinator position, a recipient may identify its coordinator only through a position title in printed materials and may provide an email address established for the position of the Title IX coordinator, such as TitleIXCoordinator@school.edu, so long as the email is immediately redirected to the employee serving as the Title IX coordinator. However, the recipient's website must reflect complete and current information about the Title IX coordinator.

Recipients with more than one Title IX coordinator must notify students and employees of the lead Title IX coordinator's contact information in its notice of nondiscrimination, and should make available the contact information for its other Title IX coordinators as well. In doing so, recipients should include any additional information that would help students and employees identify which Title IX coordinator to contact, such as each Title IX coordinator's specific geographic region (*e.g.*, a particular elementary school or part of a college campus) or Title IX area of specialization (*e.g.*, gender equity in academic programs or athletics, harassment, or complaints from employees).

The Title IX coordinator's contact information must be widely distributed and should be easily found on the recipient's website and in various publications.[9] By publicizing the functions and responsibilities of the Title IX coordinator, the recipient demonstrates to the school community its commitment to complying with Title IX and its support of the Title IX coordinator's efforts.

---

[7] 34 C.F.R. § 106.9.

[8] 34 C.F.R. § 106.8(a).

[9] 34 C.F.R. § 106.9.

Supporting the Title IX coordinator in the establishment and maintenance of a strong and visible role in the community helps to ensure that members of the school community know and trust that they can reach out to the Title IX coordinator for assistance. OCR encourages recipients to create a page on the recipient's website that includes the name and contact information of its Title IX coordinator(s), relevant Title IX policies and grievance procedures, and other resources related to Title IX compliance and gender equity. A link to this page should be prominently displayed on the recipient's homepage.

To supplement the recipient's notification obligations, the Department collects and publishes information from educational institutions about the employees they designate as Title IX coordinators. OCR's Civil Rights Data Collection (CRDC) collects information from the nation's public school districts and elementary and secondary schools, including whether they have civil rights coordinators for discrimination on the basis of sex, race, and disability, and the coordinators' contact information.[10] The Department's Office of Postsecondary Education collects information about Title IX coordinators from postsecondary institutions in reports required under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act and the Higher Education Opportunity Act.[11]

B. Training of Title IX Coordinators

Recipients must ensure that their Title IX coordinators are appropriately trained and possess comprehensive knowledge in all areas over which they have responsibility in order to effectively carry out those responsibilities, including the recipients' policies and procedures on sex discrimination and all complaints raising Title IX issues throughout the institution. The resource guide accompanying this letter outlines some of the key issues covered by Title IX and provides references to Federal resources related to those issues. In addition, the coordinators should be knowledgeable about other applicable Federal and State laws, regulations, and policies that overlap with Title IX.[12] In most cases, the recipient will need to provide an employee with training to act as its Title IX coordinator. The training should explain the different facets of Title IX, including regulatory provisions, applicable OCR guidance, and the recipient's Title IX policies and grievance procedures. Because these laws, regulations, and OCR guidance may be updated, and

---

[10] OCR began collecting this information through the CRDC for the 2013-2014 school year. More information about the CRDC is available at http://www.ed.gov/ocr/data.html.

[11] The Department will begin collecting this information in 2015. More information about the Clery Act data collection is available at http://www.ed.gov/admins/lead/safety/campus.html.

[12] *See, e.g.*, the Family Educational Rights and Privacy Act, 20 U.S.C. §1232g, and its implementing regulations, 34 C.F.R. Part 99; and the Clery Act, 20 U.S.C. § 1092(f), and its implementing regulations, 34 C.F.R. Part 668. These documents only address an institution's compliance with Title IX and do not address its obligations under other Federal laws, such as the Clery Act.

recipient policies and procedures may be revised, the best way to ensure Title IX coordinators have the most current knowledge of Federal and State laws, regulations, and policies relating to Title IX and gender equity is for a recipient to provide regular training to the Title IX coordinator, as well as to all employees whose responsibilities may relate to the recipient's obligations under Title IX. OCR's regional offices can provide technical assistance, and opportunities for training may be available through Equity Assistance Centers, State educational agencies, private organizations, advocacy groups, and community colleges. A Title IX coordinator may also find it helpful to seek mentorship from a more experienced Title IX coordinator and to collaborate with other Title IX coordinators in the region (or who serve similar institutions) to share information, knowledge, and expertise.

In rare circumstances, an employee's prior training and experience may sufficiently prepare that employee to act as the recipient's Title IX coordinator. For example, the combination of effective prior training and experience investigating complaints of sex discrimination, together with training on current Title IX regulations, OCR guidance, and the recipient institution's policies and grievance procedures may be sufficient preparation for that employee to effectively carry out the responsibilities of the Title IX coordinator.

Conclusion

Title IX coordinators are invaluable resources to recipients and students at all educational levels. OCR is committed to helping recipients and Title IX coordinators understand and comply with their legal obligations under Title IX. If you need technical assistance, please contact the OCR regional office serving your State or territory by visiting http://wdcrobcolp01.ed.gov/CFAPPS/OCR/contactus.cfm or call OCR's Customer Service Team at 1-800-421-3481; TDD 1-800-877-8339.

Thank you for supporting your Title IX coordinators to help ensure that all students have equal access to educational opportunities, regardless of sex. I look forward to continuing to work with recipients nationwide to help ensure that each and every recipient has at least one knowledgeable Title IX coordinator with the authority and support needed to prevent and address sex discrimination in our nation's schools.

Sincerely,

/s/
Catherine E. Lhamon
Assistant Secretary for Civil Rights

Supports institution/agency and Board strategic plans:

Goal 1, Objective 3:
Student Success: Promote programs and services to enhance access and successful transitions.

Goal 4, Objective 1:
Diversity: Foster a culture of inclusion.

Performance Measures:

- Number of students enrolled from diverse populations.
- Participation in sponsored events that promote Title IX awareness.
- Percentage of full-time, first-time and new transfer-in students who a) were awarded a degree or certificate, b) transferred without an award to a 2- or 4-year institution, c) are still enrolled, and d) left the institution within six years.
- Fall to Spring Persistence Rate, credit students

Description:

In order to meet compliance with Electronic and Information Technology requirements and standards, the institution needs to dedicate resources and establish a coordinator to ensure all media produced by the college is in compliance and students with assistive technology accommodations are provided the appropriate support.

The Department of Education, Office for Civil Rights is widely publicizing the recent May 4, 2012 University of Montana Electronic and Information Technology (EIT) compliance complaint against the institution. The Office for Civil Rights is reminding all post-secondary institutions that the remedial actions against the University of Montana should be viewed as a template to insure colleges are in compliance with EIT requirements and standards.

After reviewing the Department of Education, Office for Civil Rights Resolution Agreement with the University of Montana, NIC has recognized the need to designate/hire an assistive technology coordinator. This individual will oversee, coordinate, and provide consulting, training and support for students, faculty, and staff in using assistive technologies. Develop, implement, and maintain procedures and objectives, lead short and long range planning; collaborate with other program staff in strategic planning, cultivation of partnerships, and development and implementation of programmatic initiatives related to assistive technologies. Provides training and documentation in accessibility issues for university community members.

NIC has already identified several deficit areas through past audit activity including the need to install web content compliance software, purchase a campus wide licensing for text to speech software system, upgrade computer kiosks, information stations, copiers, learning management systems including classroom technology and multimedia, phone systems, and also provide captioning of videos and film content to insure accessibility for students with disabilities is adequately addressed. Additionally the Assistive Technology Coordinator would be responsible for identifying additional funding sources and grants to ensure continued electronic and information tech compliance across all NIC campuses and platforms.

Questions:

1. The institution is requesting the addition of 1 FTE. This is requested as ongoing, general fund (base) support. In addition the institution is requesting $507,000 in ongoing support for the position and accommodate immediate captioning needs.
2. What resources are necessary to implement this request?
    a. Assistive Technology Coordinator. Full Time Benefited Position. Anticipated date of hire: 7/1/17.
    b. Currently the college has no employees working specifically on EIT compliance.
    c. Operating funds of $507,000 are requested for travel and training for continuing staff development and for the immediate captioning needs of the institution. Capital items needed consist of initial IT and hardware and software in the amount of $128,000. This includes: HiSoftware Compliance Sheriff for Web Content Compliance Automation, ($32,000); Campus-Wide Speech to Text Software Licensing Software Read/Write Gold ($12,000); Transcription Costs for Video and Film Captioning ($18,000); Access Kiosk Computer Replacements ($18,000); Student Disability Multimedia Computer Stations upgrades for 7 sites ($21,000); Blind and Visually Impaired Assistive Technology Lab to include 3-D printing for Tactile accommodation ($15,000).
3. The staffing request and operating request are on-going in the amount of $572,170. Capital request of $128,000 is one-time.
4. This request would potentially serve all students, faculty, staff and visitors to North Idaho College. If this request is not funded the college will continue to seek funding sources to meet the compliance requirements for Electronic and Information Technology requirements.

Supports institution/agency and Board strategic plans:

Goal 1, Objective 2:
Student Success: Engage and empower students to take personal responsibility and to actively participate in their educational experience.

Goal 1, Objective 3:
Student Success: Promote programs and services to enhance access and successful student transitions.

Goal 3, Objective 3:
Community Engagement: Promote North Idaho College in the communities we serve.

Performance Measures:

- Percentage of full-time, first-time and new transfer-in students who a) were awarded a degree or certificate, b) transferred without an award to a 2- or 4-year institution, c) are still enrolled, and d) left the institution within six years.
- Fall to Spring Persistence Rate, credit students.
- First-time, full-time, student retention rates.
- First-time, part-time, student retention rates.
- Increase dual credit students who enroll at NIC as degree-seeking postsecondary students as a percentage of total headcount.
- Market Penetration (Credit Students): Unduplicated headcount of credit students as a percentage of NIC's total service area population

Description:

College and Career Navigator will engage students in their schools beginning in the 7th grade and then in specific intervals as students' progress into high school, begin taking dual credit courses and then transition into higher education.

The purpose of this initiative is for early intervention with students to ensure they are considering higher education for themselves as they look to their future, set goals and chart their coursework in high school. By engaging students in the 7th grade and providing career aptitude testing to help students find their interests and strengths, navigators can continue the conversations with students and their families and start the conversations early that higher education is achievable and absolutely necessary and comes in many forms from technical certificates and credentials to a bachelor's degree.

One of the consistent concerns of many stakeholders is that as a state we are not reaching students early enough and having meaningful conversations about student interests and strengths and how that translates into finding the right career and the absolute necessity for some form of higher education. This model will allow North Idaho College to pilot this across Kootenai County and track the impact for six years – from the 7th grade class of 2017-2018 to the entering college freshman class in Fall 2023.

The key aspects of this initiative will provide career aptitude testing to every interested seventh grader in Kootenai County and guidance to students in interpreting the results and developing an initial plan for higher education along with specific targeted follow-up and resources at key points as the students' progress through high school. In addition, these navigators will be the key relationship and contact with students as they have questions about dual credit, guided pathways, financial aid and the transition to an institution of higher education.

The college and career navigators will be an essential link to not just North Idaho College, but to all colleges and serve as a trusted advisor to students, families and counselors; meeting them in their schools and their communities and helping bridge the divide that exists at times between students and the perception that college is not accessible or achievable.

Questions:

1. This request is for 3 FTEs to serve as Career and College Navigators in Region 1. Ona Navigator would be focused on the 7th grade Career Aptitude Testing and Counseling and connecting students with their strengths and goals and higher education. The additional two Navigators will be focused on connecting with students after 7th grade and into high school and transitioning them into higher education. Working closely with students in the high schools, helping students see how what they are doing in High School connects to their goals and college. This is requested as general fund (base) support.

2. What resources are necessary to implement this request?
   a. Career Aptitude Navigator: 1 FTE Benefited. Anticipated hire date: July 1, 2017

      College and Career Navigator: 2 FTE Benefited. Anticipated hire date: July 1, 2017.
   b. There will be no existing human resources that will be redirected to this new effort. Existing operations will be impacted to follow-up, enroll and provide assistance to students, families and Navigators working in the high schools and junior high schools.
   c. Capital requests include 3 vehicles for use by Navigators and initial IT needs. Operating expenses of $9,000.

3. This request is for on-going funding of the Navigator positions. One time capital expenses are for three vehicles and initial IT needs.
4. This request would potentially serve 7th through 12th grade students in Kootenai County. The long term return on this funding will be greater access to higher education and improved enrollment and completion rates for area colleges, including North Idaho College.

Agricultural Research and Experiment Station Equipment Needs support the following Idaho State Board of Education Strategic Plan Goals (2017-2021):

Goal 1: A Well Educated Citizenry. Funding will develop housing at two of the Research and Extension (R&E) Centers of the Idaho Agriculture Experiment Station (IAES; Parma and Kimberly) to aid in short-term housing needs of graduate and undergraduate students when conducting research. Temporary housing at these locations will strengthen the experiences for students improving their educational experiences. Some critical equipment necessary to support their research in wheat, barley, potatoes, beans, sugar beets, canola and other oilseeds are needed to support advancements in agriculture research such as plant breeding, control of pathogens, and efficiency of water use. Facility improvements will address how to store potatoes better and offer answers to plant diseases throughout the state.

Objective A: Access

Students will more easily be engaged in their research due to housing on the R&E Centers. The equipment will improve the time for research through efficiencies in labor and advancement in use of technology. Both will aid in greater access by researchers including faculty, staff, graduate and undergraduate students.

Measure: Number of research projects conducted.

Objective B: Higher Level of Educational Attainment

Objective C: Quality Education

Measure: Number of refereed publications, presentations at national and international meetings, and graduate student awards.

Proposed Action: Enhance opportunities for research projects

Objective D: Education to Workforce Alignment

Measure: Number of students placed into agricultural-related positions in academia, industry and the public sector.

Proposed Action: Improvements in equipment and technology will be translated to the public leading to greater interactions with stakeholders.

Goal 2: Innovation and Economic Development.

Objective A: Workforce Readiness

Objective B: Innovation and Creativity

Goal 3: Effective and Efficient Educational System. As the Idaho Agricultural Experiment Station, research in agriculture is almost exclusively conducted at the R&E Centers throughout the state.

Objective A: Data-informed Decision Making

Objective B: Quality Teaching Workforce

Objective C: Alignment and Coordination

Measure: Number of collaborators from other Idaho institutions

Proposed Action: Increase collaboration in research from faculty and students from Boise State University, Lewis-Clark State College, Idaho State University and BYU-Idaho.

Objective D: Productivity and Efficiency

Objective E: Advocacy and Communication

Measure: Number of presentations or articles about research to the public

Proposed Action: Ensure reporting of research discoveries and scholarly activities through University of Idaho Extension

University of Idaho Strategic Plan Goals

Goal 1: Innovate
The funding of equipment and modifications of existing facilities at R&E Centers with the IAES will increase scholarly productivity through enhanced enrollment, products, and funding in support of the designation as a Carnegie Highest Research (R1) institution.

Goal 2: Engage
New equipment and improvements in infrastructure are to address issues in Idaho agriculture and society. Continued ties to stakeholders and agricultural industries critical to the economic vitality of Idaho will be supported.

Goal 3: Transform
New and improved equipment and facilities will provide greater training of students and aid in professional development of faculty and staff.

Goal 4: Cultivate
Commitment to improvements in equipment and facilities creates a positive work environment enhancing morale leading to success in translation of information and interactions with the public.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

Aberdeen

Grain plot planter – this will support further variety development and agronomic studies in wheat, barley and other small grains

Temporary student housing – a simple double-wide type building will be built to house 6-8 students at any time when they are conducting research

Kimberly

Potato storage building renovation – storage of potatoes is critical to the success of the potato industry; a renovation of the existing storage testing facility is necessary to conduct the research necessary to improve the sustainability of the industry

Temporary student housing – a simple double-wide type building will be built to house 6-8 students at any time when they are conducting research

Parma

Research combine – small grains (wheat, barley), beans, peas and corn in variety testing or in agronomic evaluations need to be harvested in a timely manner; a new combine would be heavily utilized by faculty in Parma

Lab remodel for plant pathologist – a research lab needs renovation to support the development of a plant pathology diagnostic lab in support of agriculture throughout the state

Temporary student housing – a simple double-wide type building will be built to house 6-8 students at any time when they are conducting research

Nancy M. Cummings

Temporary student housing – a simple double-wide type building will be built to house 6-8 students at any time when they are conducting research

Existing staffing will be supported by the equipment and modifications.

2. What resources are necessary to implement this request?

   a. *List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service*.

      Graduate and undergraduate research assistants will be supported by this request in addition to a number of faculty and staff in CALS.

   b. *Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.*

      No redirection in existing human resources is anticipated. Faculty and staff currently in place will benefit from the improvements at the R&E Centers.

   c. *List any additional operating funds and capital items needed.*

      See above for list of capital items.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

   This is a one-time funding request in support of agricultural research in potatoes, wheat, barley, beans, lentils, dry peas, canola and other oilseeds throughout the state.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Opportunities for enhanced graduate student training and experiences will occur with this investment. The University of Idaho, CALS and IAES will benefit from the enhancement of infrastructure and equipment ultimately providing better information to Idaho citizens and agriculture commodities. An increase in grant funding is likely due to greater research capacity leading to increased graduate student enrollment growth to conduct the research. These metrics also support the University of Idaho in meeting its goals.

   Labor intensive inefficient methods will continue to be used to sort potatoes and bean variety development. Slower rates of improvement would be expected without the enhancements. Researchers will have less capacity to perform studies so growth in grant funding may be less. Students will not be exposed to the best current methods for conduct of research.

Supports institution/agency and Board strategic plans:

SBOE Goal 2, Objective B & C

CRITICAL THINKING AND INNOVATION - WWAMI will provide an environment for the development of new ideas, and practical and theoretical knowledge to foster the development of biomedical researchers, medical students, and future physicians who contribute to the health and well-being of Idaho's people and communities.

Objective B: Innovation and Creativity – Educate medical students who will contribute creative and innovative ideas to enhance health and society.

Objective C: Quality Instruction – Provide excellent medical education in biomedical sciences and clinical skills.

SBOE Goal 3, Objective C & E

GOAL 3: Effective and Efficient Delivery Systems – Deliver medical education, training, research, and service in a manner which makes efficient use of resources and contributes to the successful completion of our medical education program goals for Idaho

Objective C: Support and maintain interest in primary care and identified physician workforce specialty needs for medical career choices among Idaho WWAMI students.

Objective E: Efficiently deliver medical education under the WWAMI contract, making use of Idaho academic and training resources.

Problem Statement: The expansion of the WWAMI Medical Education program at the University of Idaho and its new 18 month curriculum has created the need for additional academic and clinical faculty, as well as additional staff to effectively deliver the program in Fall 2016 when the number of students doubles on the University of Idaho campus. This innovative curriculum has a clinical component that will require clinical laboratory space and equipment to support an active learning environment. The WWAMI program has been renting anatomy space at WSU and is in need of capital outlay to support the necessary infrastructure within the Idaho WWAMI program to deliver state of the art medically-oriented anatomy at the University of Idaho.

Solution Statement: Ongoing educational support needs of the Idaho WWAMI program can be met by adding $1,067,800 to currently budgeted funds which will allow the WWAMI Program to fill current gaps in personnel and meet the needs of the program. The requested $214,600 for anatomy and clinical laboratories is a one-time request that will fill the infrastructural requirements to deliver this curriculum.

Metrics to Measure Success:

- Percentage of Idaho WWAMI medical students participating in medical research (laboratory and/or community health)
- Pass rate on the U.S. Medical Licensing Examination (USMLE), Steps 1 & 2, taken during medical training.
- Support and maintain interest in primary care and identified physician workforce specialty needs for medical career choices among Idaho WWAMI students.
- Percent of Idaho WWAMI medical education contract dollars spent in Idaho each year.

Description:

In 2015, the University of Washington School of Medicine engaged in a major review and revision of the medical education curriculum. Among the many foundational changes in this new curriculum is early immersion into clinical settings and concomitant skill acquisition. The shift to early integration of clinical skills is a national trend that has in part been in response to changes in the United States Medical Licensing Board Exams (USMLE). The USMLE examination has an increased focus on traditional content areas in the basic sciences within a clinical context. This profound curricular change has and will continue to impact the delivery of medical education and training in the Idaho WWAMI program, with students remaining on the University of Idaho campus for three terms instead of two, class size expanding, and immersion into clinical skills and clinical competence. Thus, adjustments must be made to accommodate the increased number of medical students on campus and different educational approach. Expanded facilities, enhanced technology, additional faculty and support staff are necessary to support the additional students and delivering this new state of the art curriculum. The University of Idaho recognizes these needs and is working toward expanding facilities to accommodate the larger student body and curricular reform.

The new clinical medical curriculum has required WWAMI to employ more physician clinical specialists whose salaries are much higher than typical university faculty. In addition, the new curriculum has an overlap of first and second year students which has created increased needs in capital outlay.

Both anatomy and Clinical laboratory space is needed to deliver the clinical and basic science curriculum. For 44 years the Idaho WWAMI program has utilized anatomy facilities on WSU's campus. This was justified when both UI WWAMI and WSU WWAMI students were combined as one cohort of medical students. However, WSU WWAMI students moved to Spokane in 2014 just after the Idaho WWAMI program began increasing their enrollment in 2013 and the University of Idaho negotiated a 5 year contract to continue using anatomy facilities. Beginning in Fall of 2016, the Idaho WWAMI program will have 40 students in the first year cohort and will have 35 students in the second year cohort. Both Idaho cohorts will be taking medical anatomy courses concurrently, justifying the need for an independent anatomy laboratory in Idaho. This capital outlay will supply the anatomy laboratory with the needed infrastructure requirements.

Questions:

1. **What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?**

   The request is for personnel costs and capital outlay. Funds will be utilized to provide faculty and staff salary and benefits as well as capital funds to outfit a medical anatomy lab. 11.275 FTE positions (salary, fringe) and additional funds for anatomy laboratory and clinical laboratory are being requested to position the UI WWAMI Medical Education Program to meet the needs of the new 18 month curriculum.

2. What resources are necessary to implement this request?

a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

We are requesting 10 new permanent positions, as well as funding for 16 temporary faculty positions to appropriately staff and implement the new UW School of Medicine curriculum. See list below of new personnel requests.

b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

Existing human resources will continue to operate in their current capacities but will be relieved of the additional duties not part of their original job descriptions that are currently burdensome. New human resources will be utilized directly for instruction in the new curriculum or for development and maintenance of the program.

c. List any additional operating funds and capital items needed.

Besides the requested $1,067,800 annually, $214,600 in one-time capital funds are being requested.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

This request is for $1,067,800 in base plus $214,600 in one-time funding from state general funds.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

The primary beneficiaries if this request is granted are the medical students and their future patients, which basically encompasses all of Idaho. The WWAMI medical education program is Idaho's state-supported medical school with the mission to train physicians to meet Idaho's healthcare needs. The Idaho WWAMI program has partnerships with hospitals and clinics throughout the state and sends WWAMI students to many rural communities with the goal of increasing interest in rural medicine and primary care. If this request is not funded, Idaho's ability to train highly competent future physicians will be limited. Without this additional line item and one-time capital outlay, the Idaho WWAMI program will likely see attrition of our highly sought-after faculty and staff and we will be limited in our ability to deliver medical anatomy.

Supports institution/agency and Board strategic plans:

Goal1, Objective A, B and C

GOAL 1: A WELL EDUCATED CITIZENRY
Idaho's P-20 educational system will provide opportunities for individual advancement across Idaho's diverse population

Objective A: Access - Set policy and advocate for increasing access to Idaho's educational system for all Idahoans, regardless of socioeconomic status, age, or geographic location.

Performance Measures:
• Annual number of state-funded scholarships awarded and total dollar amount.

Benchmark: 20,000, $16M

Objective B: Adult learner Re-Integration – Improve the processes and increase the options for re-integration of adult learners, including veterans, into the education system.

Performance Measures:
• Percent of Idahoans ages 35-64 who have a college degree.

Benchmark: 37%
• Number of non-traditional college graduates (age>39)

Benchmark: 2,000

Objective C: Higher Level of Educational Attainment – Increase successful progression through Idaho's educational system.

Performance Measures:
• Percent of Idahoans (ages 25-34) who have a college degree or certificate requiring one academic year or more of study.

Benchmark: 60%

Description:

$3 million is being requested to fund a proposed adult completers scholarship. One FTE is also being requested to assist with administration.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   $3 million is being requested to fund a proposed adult completers scholarship. The scholarship is intended to support adult students returning to a public college or university after an absence of at least three (3) years or more and who are completing their first undergraduate degree. Applicants may qualify for up to $3,000 per academic year for up to eight (8) consecutive semesters.

   It is anticipated that a staff position will be needed to administer this scholarship in addition to helping with the five other scholarships administered by the Office of the State Board of Education. The additional cost for staff is $85,800.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      1 FTE with benefits – scholarship administrator. The hire date is anticipated to be in July 2017

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      The Board's Scholarship Programs Coordinator will be dedicating a share of time to administering the scholarship.

      The Chief Policy and Planning Officer will develop administrative rules for implementation.

   c. List any additional operating funds and capital items needed.

      A web-based application must be developed and will be necessary for implementation.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   It is anticipated that this will be annually funded

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Individuals served will be adult students returning to a public college or university after an absence of at least three (3) years or more and who are completing their first undergraduate degree. Completing a higher education will allow these individuals to fill skilled, high demand jobs and increase their individual earnings. A skilled, higher paid workforce will be a boost to the state economy in regard to increased buying power of individuals, will increase revenue to fund services at all levels of government, and will lure new business to Idaho.

Supports institution/agency and Board strategic plans:

The Idaho Museum of Natural History was created by State Statute 33-3012. STATE MUSEUM OF NATURAL HISTORY. This statute stated that "there is hereby created and established at Idaho State University a state museum of natural history to be known as the Idaho museum of natural history, where tangible objects and documents reflecting our natural heritage may be collected, preserved, studied, interpreted, and displayed for educational and cultural purposes."

ISU Goal 1: LEARNING AND DISCOVERY

Objective 1.1 ISU provides a rich learning environment, in and out of the classroom

The Museum is an institution of both formal and informal education for the State of Idaho.

Objective 1.4 Undergraduate and graduate students engage in research and creative/scholarly activity.

Performance Measures 1.4.1 Number of students employed to work with a faculty member on research/creativity activities.

The Museum is a research institution that provides employment for dozens of students each year to engage in novel research and build skills for future careers.

ISU Goal 2: ACCESS AND OPPORTUNITY

Objective 2.5 Students participate in community and service learning projects and activities, student organizations, and learning communities.

Performance Measures 2.5.1 Number of student organizations, and annual number of students participating in those organizations.

The Museum engages ISU student participation in events and our exhibits attract class visits.

ISU Goal 3: LEADERSHIP IN THE HEALTH SCIENCES

Objective 3.3 ISU faculty and students engage in basic, translational, and clinical research in the health sciences.

Performance Measures 3.3.1 Number of faculty engaged in research in the health and biomedical sciences.

The Museum's Idaho Virtualization Lab is working with the Division of Health Sciences in Meridian to develop digital applications for medical training.

ISU Goal 4: COMMUNITY ENGAGEMENT AND IMPACT

Objective 4.1 ISU directly contributes to the economic well-being of the State, region, and communities it serves.

Performance Measure 4.1.1 Total economic impact of the University.

The Museum adds to the regional economy by attracting out-of-state visitors travelling the I-15 corridor.

Objective 4.3 ISU participates in formal and informal partnerships with other entities and stakeholders.

Performance Measure: 4.3.1 Number of active ISU partnerships, collaborative agreements, and contracts with public agencies and private entities.

The Museum contributes substantially to partnerships, including Federal, State and Municipal agencies. This request seeks to further expand our community of stakeholders through fundraising and sponsorship opportunities.

SBOE Goal 1 A Well Educated Citizenry, Objective A: Access
The Museum is an institution of both formal and informal education for the State of Idaho.

SBOE GOAL 2: Innovation and Economic Development,

Objective B: Innovation and Creativity,

Performance Measures: • Institution expenditures from competitive Federally funded grants • Institution expenditures from competitive industry funded grants • Funding of sponsored projects involving the private sector.

This request will directly increase economic development by securing new streams of external funding to serve the mission of the Museum.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   We request a Development Officer position (1.0 FTE, with travel and computer expenses) to increase our fundraising capacity. This will increase the Museum's appropriated salary from 7.2 to 8.2 FTE. Currently, the Museum has no dedicated position for development and fundraising, which greatly limits our ability to engage our community and travelers to East Idaho. The lack of fundraising limits every aspect of Museum operations, from the exhibits we can offer, the educational programs available to K-12 students, and how we market our efforts to attract the public.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      Development Officer, full-time, salary $80,000 + $28,500 benefits. Date of permanent hire: July 2017.

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      None are available.

   c. List any additional operating funds and capital items needed.

      We request one-time capital for computer ($3,000) and ongoing funding for travel ($4,000).

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   The new Development Officer position will work with the Museum Director to enhance fundraising efforts at IMNH. The individual will be charged with identifying and acquiring external funding in the form of grants, awards, and donations from public, private, and corporate sources to further the mission of the Museum.

   Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   The Idaho Museum of Natural History serves the people of Idaho and visitors traveling the I-15 corridor through Pocatello. In addition to the 10,000 people and K-12 students who visit exhibits each year, our virtual museum and social media presence reaches 180,000 citizens. Our strategic plan will increase our impact to the region by engaging our stakeholders through increased opportunities for sponsorship and development in support of Museum events, exhibits, programs and research.

   The regional economic impact of the Museum is significant and has capacity for growth. More than 1.2 million people drive past Pocatello in route to Yellowstone each year, and the city is well situated to be a waypoint destination for travelers.

   Expansion of our fundraising efforts requires a Development Officer position. This request will provide a financial return many times greater than its cost. A successful development program will be established at the IMNH to provide new external funding streams in support of our educational K-12 and adult programs, exhibits and marketing, collections and research, and for future capital improvements to our aging facility.

Supports institution/agency and Board strategic plans:

GOAL 1: A WELL EDUCATED CITIZENRY
Idaho's P-20 educational system will provide opportunities for individual advancement across Idaho's diverse population

Objective A: Access - Set policy and advocate for increasing access to Idaho's educational system for all Idahoans, regardless of socioeconomic status, age, or geographic location.
Percentage of Idaho High School graduates meeting college placement/entrance exam college readiness benchmarks.
Percent of high school students enrolled and number of credits earned in Dual Credit and Advanced Placement (AP):
Percent of high school graduates who enroll in postsecondary institutions:

- Within 12 months of graduation
- Within 36 months of graduation

Objective C: Higher Level of Educational Attainment – Increase successful progression through Idaho's educational system.
Performance Measures:
Percent of Idahoans (ages 25-34) who have a college degree or certificate requiring one academic year or more of study.
High School Cohort Graduation rate.
Percentage of new full-time degree-seeking students who return (or who graduate) for second year in an Idaho postsecondary public institution. (Distinguish between new freshmen and transfers)
Unduplicated percent of graduates as a percent of degree seeking student FTE.
Percent of graduates at each level relative to Board target numbers.
Percent of full-time first-time freshman graduating within 150% of time (2yr and 4yr).

Objective E: Education to Workforce Alignment – Deliver relevant education that meets the needs of Idaho and the region.
Performance Measures:
Ratio of non-STEM to STEM baccalaureate degrees conferred in STEM fields (CCA/IPEDS Definition of STEM fields).

GOAL 2: Innovation and Economic Development
The educational system will provide an environment that facilitates the creation of practical and theoretical knowledge leading to new ideas.
Objective A: Workforce Readiness – Prepare students to efficiently and effectively enter and succeed in the workforce.
Performance Measures:
Percentage of graduates employed in Idaho 1 and 3 years after graduation
Percentage of students participating in internships.

GOAL 3: Effective and Efficient Educational System – Ensure educational resources are coordinated throughout the state and used effectively.
Objective C: Alignment and Coordination – Facilitate and promote the articulation and transfer of students throughout the education pipeline (Secondary School, Technical Training, 2yr, 4yr, etc.).
Percent of Idaho community college transfers who graduate from four year institutions.
Percent of dual credit students who go-on to postsecondary education within 12 months of graduating from high school.
Percent of dual credit students who graduate high school with an Associate's Degree
Percent of postsecondary first time freshmen who graduated from an Idaho high school in the previous year requiring remedial education in math and language arts.
Percent of postsecondary students participating in a remedial program who completed the program or course

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   One (1) full time equivalent (FTE) position is being requested to coordinate statewide college to career activities and resources and provide assistance to school districts and public postsecondary institutions for the seamless transfer of students through the education pipeline and on to a career. The Governor's Task Force implementation committee recognized college and career advising as being one of the key factors in reaching the Board's 60% educational attainment goal. In response to this recommendation the legislature provided funding to school districts to provide targeted advising and mentoring to students at secondary schools. While assistance is being provided to school districts in the areas of technical assistance and support on how to implement counseling and advising models identified by the committee, it has become evident that a position focused on providing additional support (including training) is necessary, not only to districts as they implement new models for college advising and mentoring, but to also focus on providing a seamless transfer of students from secondary schools to postsecondary educational experience that range from industry recognized certificates to academic degrees. This position would focus on providing supports to address these needs as well as focus on postsecondary advising efforts to better align these efforts with the states workforce demand and state economic needs. This position will also help to maintain and update content on the Boards Next Steps Idaho website (nextstepsidaho.gov), this website is a "one stop shop" for students and parents, as well as school district staff, to help student in the state be ready for life beyond high school. The site includes planning steps for students starting in the 8th grade through 12th grade as well as many other resources to help students to be ready to go on after high school.

   Currently staffing is limited to the bare minimum and provide through multiple avenues. A part time, term limited position funded through the federal College Access Challenge Grant has provided limited support to school districts and coordination with postsecondary institutions in this area. The grant covering these activities will end in September 2016.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      One full time position. This position would be benefit eligibility and would start July 1, or there about, if funded.

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

   c. List any additional operating funds and capital items needed.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   This request would result in ongoing funding, amounts requested are based on the expected starting salary for a program manager position in the Office of the State Board of Education.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Students, school districts and our state postsecondary institutions would be served. It is expected this position will have a positive impact in the number of students graduating from high school and going on to some form of postsecondary education, thereby increasing our state "go on" rate. The position will also work with the postsecondary institutions to coordinate advising initiatives as well as provide analysis of existing models to inform future decisions of the State Board regarding advising policies for our postsecondary institutions. If not funded it will be more difficult for school districts to implement new advising and mentoring models and it will take longer to assure that new models implemented and admissions, credit transfer, and postsecondary advising are aligned.

Supports institution/agency and Board strategic plans:
Goal 1, Objective D

Objective D: Quality Education – Deliver quality programs that foster the development of individuals who are entrepreneurial, broadminded, critical thinkers, and creative.

Description:
The Office of the State Board of Education (OSBE) is responsible for staffing the Public Charter School Commission (PCSC). The designee of the executive director serves a secretary to the PCSC and acts at the direction of the PCSC to enforce the provisions of Idaho Code §33-52, Public Charter Schools.

The mission of the PCSC is to protect the interests of students and taxpayers, as well as the autonomy of charter school boards. Fulfillment of this mission requires ongoing monitoring of schools' academic, operational, and financial status. Statute obliges charter school authorizers, including the PCSC, to periodically review the schools they oversee for purposes of renewal or non-renewal. Schools whose charters are renewed will continue operating using taxpayer funds, while schools whose charters are non-renewed will close.

Renewal evaluation is an important practice in charter school authorizing on a national basis. Most authorizers include in their renewal process an on-site school evaluation conducted by independent contractors, who present their findings to the PCSC. Teams of independent reviewers provide expert, unbiased perspective on the quality of each school being considered for renewal.

Additionally, authorizers must hold public hearings to consider each school for renewal or non-renewal. Use of a hearing officer for this purpose permits objective evaluation of evidence presented by both parties, followed by formation of a non-binding recommendation to the PCSC in advance of a renewal/non-renewal decision.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

OSBE is requesting funds to cover the cost of performing thorough pre-renewal reviews of public charter schools' academic, operational, and financial outcomes. This includes the performance of independent, pre-renewal site visits for schools authorized by the PCSC. Such visits represent a national best practice in charter school authorizing.

Full-day reviews would be conducted by panels of two, independent evaluators in the fall immediately preceding a school's renewal/non-renewal date. Evaluators would be selected from a variety of geographical areas and professional backgrounds most relevant to the individual schools under review. 10-15 schools would be evaluated annually.

An individual would be contracted to join the evaluators for site visits, as well as to further assist PCSC staff with the larger renewal process, including evaluation of school performance data and development of materials based on school outcomes and renewal applications. This contract would be for $35.00 per hour, not to exceed 520 hours per year. The contract work would be completed between September and February of each year.

A hearing officer would be hired to conduct the public hearings required by statute as part of the renewal/non-renewal process. These hearings would require advance review of materials, conducting the hearings themselves, reviewing closing documents, and drafting recommendations regarding each of 10-15 schools per year.

OSBE's staff dedicated to PCSC authorizing work (4.0 FTE) is sufficient to develop evaluation tools, organize travel, and train independent evaluators. With the assistance of one, part-time contractor, OSBE staff can also prepare materials for consideration by the hearing officer.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      None

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      None. This work can be absorbed by existing OSBE staff.

   c. List any additional operating funds and capital items needed.

      Independent evaluators (contracted): $44,200 annually

      - $18,200 for not more than 520 hours of contract work assisting with the renewal process each September through February
      - $26,000 for independent evaluators conducting one-day site visits

      Travel costs to school sites: $6,900 annually

      Hearing officer for public renewal hearings: $20,000 annually

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   Because the PCSC makes renewal decisions about all the schools it authorizes on a rotating basis, pre-renewal independent reviews represent an annual cost. It is important that the evaluators and hearing officer be independent individuals who bring unbiased opinions, as well as expertise specific to the schools under review.

   The request for $71,100 would enable implementation of full-day reviews by panels of three contracted evaluators, part-time contracted support contributing to the overall renewal process, and conduct of required public hearings by a hearing officer.

   If necessary, a scaled-back version of the request ($55,500) would enable implementation of full-day reviews by panels of two contracted evaluators plus one volunteer, as well as part-time contracted renewal process support at a lower hourly rate ($30/hour) and a hearing officer.

   A further reduced version of the request ($50,600) would enable implementation of full-day reviews by panels of two contracted evaluators, as well as a hearing officer.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This request primarily serves Idaho taxpayers and public charter school by supporting well-informed authorizing decisions. School closure decisions are important but difficult, requiring thorough evaluation by experts to ensure their appropriateness. Charter renewals should be decided upon with equal care because they impact students' lives and represent ongoing use of taxpayer dollars.

Supports institution/agency and Board strategic plans:

Goal 3: Effective and Efficient Delivery Systems

Objective B: Data-driven Decision Making - Increase the quality, thoroughness, and accessibility of data for informed decision-making and continuous improvement of Idaho's educational system.

Description:

The Office of the State Board of Education requests 1 FTP and associated funding to recruit and fill a new Research Analyst position.

With the increase of data requests and the Board staff assuming the responsibility of reporting data for Complete College America, an additional Research Analyst would ensure timeliness of data and additional expertise in analytical reports.

This person would primarily focus on qualitative data analysis. As such, this person would oversee the use of surveys and assist office staff with construction and analysis of those surveys. An emphasis in qualitative data analysis would augment the current structure of the research team, which is currently more skilled in quantitative analysis.

With the Board focused on using data to make policy decisions, a complete research unit with both qualitative and quantitative analysts would provide the Board not only the numbers, but also help the Board understand the context for the analysis. Qualitative research could also be useful in the deployment of pilot studies at schools, districts, or institutions.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   One FTP and $81,900 in ongoing General Funds for a Research Analyst to provide sophisticated data analytics to the Board and its staff. There is no current base funding for this position. Operating costs of $3,000 would cover the purchase of computer, printer, travel and professional development.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      Research Analyst, Pay Grade L, full-time, benefit eligible, date of hire: 7/1/2017

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      No existing human resources will be redirected to this new effort. Existing operations will be enhanced with this new skill set.

   c. List any additional operating funds and capital items needed.

      $3,000 in ongoing operating expenses for computer equipment, printer, travel and professional development.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

Fund source is ongoing General Funds.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   The State Board of Education, and the public schools and institutions under the governance of the Board, will benefit from data analytics in support of strategically increasing postsecondary access and success.

   In addition, the Legislature, other state agencies, businesses and other entities in the state are increasingly relying on good data to make decisions. The education system is the biggest state investment and the largest data source in the state. Good analysis is essential to making these data effective and available.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Not applicable.

GRAND TOTAL	$70,700				$70,700

Supports institution/agency and Board strategic plans:

GOAL 2: Innovation and Economic Development
The educational system will provide an environment that facilitates the creation of practical and theoretical knowledge leading to new ideas.

Objective A: Workforce Readiness – Prepare students to efficiently and effectively enter and succeed in the workforce.

Description:

The purpose of this proposal is to develop a personal service contract for a one-year period to develop a ten-year strategic plan to develop Graduate Medical Education (GME) for the state of Idaho.

Graduate Medical Education is extremely important to the physician workforce in Idaho. Physicians who do residency training in Idaho have a high likelihood of staying to practice in Idaho after residency training. Studies have shown that anywhere from 50%-75% of residents that train in a location will stay within 100 miles of that location compared to 41% retention rates for medical students who remain in the same state where they have attended medical school. Hence, it is important to have multiple residency programs in the state of Idaho to help train the future workforce and to retain physicians in the state.

Idaho currently ranks 48th in the United States for the number of resident physicians per capita with only 6.4 resident physicians per 100,000 people. This low ratio of resident physicians to state population places Idaho at 426% below the national median of 27.3 resident physicians per 100,000. This means that Idaho does not have enough training positions within the state necessary to generate the workforce for a rapidly growing state. Additionally, 25% of Idaho physicians are over age 60 and will be retiring in the next decade. Coupled with the fact that Idaho has an increased number of medical school seats (the Legislature has recently increased the number of Idaho medical students to 40/year in the Idaho WWAMI program and 10/year at the University of Utah; and there is a proposed Idaho College of Osteopathic Medicine which, if accredited, will graduate ~150 medical students per year starting in 2022), creates a situation in which Idaho will lose medical students trained in Idaho after graduation to residency training programs outside of Idaho unless Idaho builds the infrastructure for more GME programs now. Thus, it is imperative that Idaho start to build the GME infrastructure now in order to provide enough training opportunities to not only retain many of these students in-state but to attract other top notched medical school graduates into Idaho to train and retain for Idaho's citizens' future healthcare workforce needs.

Deliverables:

The outcome of this one-year personal service contract will be to achieve the following:

1. Develop a ten-year Idaho Graduate Medical Education strategic plan and timeline.
2. Travel across Idaho and meet with key leaders and stakeholders in face-to-face meetings to develop concepts and strategies to grow Graduate Medical Education in Idaho.
3. Conduct three face-to-face workshops with key leaders and stakeholders in Idaho to help develop and refine the Idaho GME strategic plan.
4. Develop a job description for a part-time Graduate Medical Education Physician Coordinator for Idaho that would be hired at the completion of this personal service contract. This individual would then work with all stakeholders and leaders to help refine and implement the ten-year Idaho GME strategic plan.

There are six specific goals of the ten-year strategic plan:

1. Expand the existing GME programs as capacity, capability, and resources allow. (e.g. Family medicine, internal medicine and psychiatry programs).

2. Create new GME programs (e.g. general surgery, emergency medicine, pediatrics, as well as new family medicine, internal medicine and psychiatry programs) in a thoughtful and coordinated manner.
3. Develop and fund fellowship programs (e.g. geriatrics, sports medicine, obstetrics, palliative care, and rural family medicine programs) to augment and refine additional skills in emerging Idaho physicians.
4. Develop a plan to accomplish these tasks employing short-term (1-3 years), middle-term (4-7 years), and long-term (7-10 years) strategies.
5. Grow Idaho's GME capacity in a cost effective way partnering with the Governor and Idaho Legislature as well as the Idaho State Board of Education (SBOE), Idaho Medical Association (IMA), and Idaho Hospital Association (IHA).
6. Accomplish this expansion in harmony with other GME programs and the emergence of increased medical school capacity at the University of Washington, University of Utah, Pacific Northwest University of Osteopathic Medicine, the newly created Washington State University Elson Floyd College of Medicine, and the recently proposed Idaho College of Osteopathic Medicine.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

The proposal budget for this personal service contract and attendant meetings, travel and salary would be as follows:

Graduate Medical Education Physician Contractor	
15 hours/week x 52 weeks x $70/hour	$ 54,600
Three face to face Graduate Medical Education meetings:	
Meeting Rooms for attendees	$ 1,500
Travel for attendees	$ 5,000
Lodging for attendees	$ 800
Meals for attendees	$ 1,500
Travel for Graduate Medical Education Physician in Idaho:	
One – Two Trips/month across Idaho	
Gas @ $ 0.55/mile	$ 1,500
Lodging	$ 1,800
Meals	$ 1,500
Miscellaneous Items (Postage, printed materials, etc.)	$ 2,500
Total proposed personal service contract budget for Idaho Graduate Medical Education contractor for the year	$ 70,700

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      Only general fund operating expenditures are requested for fiscal year 2018, transitioning to a 0.4 FTE housed in the Office of the State Board of Education to be included as a line item in the fiscal year 2019 budget request.

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted. None

   c. List any additional operating funds and capital items needed. None

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   This request would result in ongoing funding for operating expenses with the labor portion transitioning to personnel costs after one year.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This comprehensive plan to expand and develop GME in Idaho will create a strategic blueprint in which to develop, grow, and sustain the physician workforce needed to meet the needs of Idaho's citizens for decades to come. The budget request to the Office of the State Board of Education for the development of this plan will be approximately $ 70,650 over the next year.

The development of this GME vision and infrastructure creation must start today. Idaho must invest now to ensure we together build the workforce that Idaho citizens need and deserve for generations to come.

LUMP SUM:					
GRAND TOTAL	0		$1,400,000		$1,400,000

Supports institution/agency and Board strategic plans:

Goal 1, Objective A

Goal 1, A Well Educated Citizenry, calls for providing opportunities for individual enhancement and Objective A, Access, advocates for increasing access for individuals of all ages, abilities, and economic means to Idaho's P-20 educational system.

Performance Measure: Percent of need met by available need-based financial aid.

Description:

GEAR UP (Gaining Early Awareness and Readiness for Undergraduate Programs) is a federal discretionary grant program designed to increase the number of low-income students who are prepared to enter and succeed in postsecondary education. This program provides six-year grants to states to provide services at high-poverty middle and high schools which are designated as GEAR UP schools. GEAR UP started in Idaho in FY 2007 with the renewable scholarships starting in FY 2013.

The GEAR UP selection and funding is based on a student's financial need, academic merit, and participation in GEAR UP. In fiscal year 2018 there will be two phases requiring funding, GEAR UP Phase 1 and GEAR UP Phase 2. GEAR UP Phase 1 is comprised of continuing students, returning students, and fifth year students. GEAR UP Phase 2 includes the first students funded from GEAR UP Phase 2. It is anticipated that approximately 226 students will receive Phase 1 scholarships in fiscal year 2017 and reducing down to 39 students in fiscal year 2019 when Phase 1 is completed.

Starting in fiscal year 2018 and based on fewer eligibility restrictions, it is estimated that more students (possibly up to 3,795) would receive at least $600 in GEAR UP Phase 2 scholarships. The amount of scholarship is dependent upon the number of applicants. The appropriation for FY 2017 is $1,704,600. This request is to increase the spending authority for the GEAR UP program in FY 2018 ongoing by $1.4M. The money not expended stays in the GEAR UP fund, so it is prudent to request the full amount allocated by GEAR UP.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   This request reflects an increase of $1.4M in ongoing federal funds spending authority for GEAR UP scholarships. This request does not affect staffing levels.

2. What resources are necessary to implement this request?

   No additional resources are required as current staffing levels are sufficient.

3. Please break out fund sources with anticipated expenditures in the financial data matrix. (Please separate one-time vs. ongoing requests.) Non-General funds should include a description of major revenue assumption(s) (e.g. anticipated grants, etc.).

   Federal spending authority with grant funds already awarded.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   GEAR UP is designed to increase the number of low-income students from high-poverty middle and high schools that are prepared to enter and succeed in postsecondary education. GEAR UP provides students an opportunity to apply for a 4-year renewable scholarship based upon financial need and level of participation in the program.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Supports institution/agency and Board strategic plans:

SBoE Goal 1, Objective A

Idaho Public Television reaches more than 97% of Idaho households with quality educational content that has a demonstrated impact on educational success in school. In addition, we reach a high percentage of low income and ESL learners through our broadcast and online resources. This new initiative will connect more teachers and learners with local and national content that has a proven track record of improving educational outcomes for preschool and elementary students.

Performance Measure:

Number and location of students and educators served through presentations and workshops, number of educators signing up for Scout/PBS Learning Media resources

Idaho Public Television Goal 1
A WELL-EDUCATED CITIZENRY - Idaho's P-20 educational system will provide opportunities for individual advancement across Idaho's diverse population.

Objective 2: Nurture and foster collaborative partnerships with other Idaho state entities and educational institutions to provide services to the citizens of Idaho.

Performance Measure:

Number of presentations to schools and other educational institutions and entities

Objective 5: Provide access to IdahoPTV new media content to citizens anywhere in the state, which supports citizen participation and education.

Performance Measure:

Number of students and educators served through presentations and workshops, number of educators signing up for Scout/PBS Learning Media resources, number of visitors to our educational websites.

Objective 6: Broadcast educational programs and provide related resources that serve the needs of Idahoans, which include children, ethnic minorities, learners, and teachers.

Performance Measure:

Number of students and educators served through presentations and workshops, number of educators signing up for Scout/PBS Learning Media resources, number of minorities and low income students served through presentations and workshops.

Description:

Idaho Public Television proposes enhancing our educational outreach efforts with the addition of two new positions and related expenses to supplement the one current position devoted to these activities. By making presentations to teachers, parents and caregivers about how best to utilize the more than 100,000 educational resources available from Idaho Public Television free to Idahoans, we hope to increase the use of these resources and the effectiveness of the learning process, thus improving standardized test scores in literacy and STEM subjects. Many educators and parents are not aware of these resources or how best to employ them for maximum effectiveness. These two new educational positions will travel the state informing the community about these resources and demonstrating best practices for their utilization both at home and in the classroom. These additional positions will allow us to increase our effectiveness in northern and eastern Idaho where the current costs to serve these communities from Boise is prohibitive. While we provide high quality educational material for all ages, we plan to concentrate most of our efforts with preschool and elementary grades where the demonstrated impact is greatest. These positions will also develop educational material to accompany Idaho Public Television's productions to make them more valuable to classroom teachers and students.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   Two additional full time education positions are being requested to provide support for IdahoPTV and PBS educational tools such as Learning Media and other online resources to schools, libraries, families, daycares, after school networks and other educational institutions. The Project Coordinator position would serve as supervisor and coordinate the activities of both our existing Education Specialist and the new Education Specialist position we are requesting. These positions would be able to produce educational components for local programs as well as bring educational offerings from CPB and PBS to Idaho communities. These offerings could include educational video segments, lesson plans based on state standards, teacher guides and websites and other digital learning materials. These educational positions would work closely with the Idaho State Department of Education, Office of the State Board of Education, Idaho Commission for Libraries, the STEM Action Center, and other local educational organizations. These positions would help augment the classroom curriculum by providing quality material to educators and learners.

   These specialists would travel around the state to schools, libraries, and other educational sites to demonstrate Learning Media, Literacy in a Trunk, STEM in a Trunk and a whole host of educational components produced by PBS and CPB, the most trusted educational brands in America.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      See attached worksheet.

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      In addition to an existing Education Specialist, this line item would also receive limited support from existing communication, promotion and production positions. Design and printing of brochures and pamphlets, web and digital assets, as well as short video segments might be occasionally needed.

   c. List any additional operating funds and capital items needed.

      Operational funding includes costs of printing of materials, postage and shipping, and travel to schools, libraries, child care facilities, and others sites to make presentations at locations statewide. We anticipate acquiring two $5,000 grants from private sources (dedicated funds) to supplement operational costs.

Capital items include a portable computer and large, external monitor for each position that will be used both in office and on location for demonstrations of online resources available to students, educators, and other community participants.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   Besides the ongoing funding for the two positions, this request contains ongoing operational expenses for employee travel in each region of the state as well as educational meetings and conferences held by PBS and CPB. IdahoPTV has office space in Moscow and Pocatello to accommodate these personnel. One-time costs include the capital items described in 2(c) above.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Educators, students, librarians and patrons from around the state will be served by these educational positions. PBS and CPB extend grants on a semi-regular basis that go along with the educational opportunities that exist with many programs produced for air and online. Educational outreach grants for history and science-based programming have been made available. More educational opportunities will be available in years to come. Currently, we are not able to take advantage of many of these grants because we do not have the personnel to accomplish the tasks. If not funded, we would not be able to enhance education as described herein.

12.01 Line Item - Educational Outreach

Position	FTP	Class	Pay Grade	Policy Rate	Salary	Benefits	Total PC	Emp Travel	Other OE	O.T. CO	Total
Project Coordinator	1.00	02913	L	27.83	57,900	24,800	82,700	5,000	10,000	2,900	100,600

LUMP SUM:					
GRAND TOTAL	$214,300				$214,300

Supports institution/agency and Board strategic plans:

Goal 1 Objective 1

Objective: To assist the agency in providing a rate increase to the Extended Employment Services (EES) providers

Performance Measure: To enhance the providers ability to recruit and retain qualified front-line staff to support the customers served by the EES program.

Description:

The Division of Vocational Rehabilitation is requesting an additional $214,300 in General Fund appropriation for the Extended Employment Services (EES) program. Idahoans with the most significant disabilities are some of the State's most vulnerable citizens. The EES program provides people with the most significant disabilities employment opportunities in both non-integrated settings or with a competitive job in the community. This additional amount of funding will assist in recruiting and retaining the most qualified front-line staff to support those individuals served. A preliminary assessment indicates, front-line staff are paid beginning at $7.25/hour, depending on the position, providers pay structure and benefits package. Our providers have indicated without a fee for service rate increase, they will struggle to recruit and retain qualified staff, therefore leaving the most significantly disabled vulnerable.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

A 5.7% increase to the level of fee for services for both Work Services and Community Supported Employment under the EES program to be set by the Administrator of IDVR in order to increase the providers' ability to recruit and retain qualified workers who can deliver services in a safe and effective manner to those served by the EES program.

1. What resources are necessary to implement this request?
   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      None

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      None

   c. List any additional operating funds and capital items needed.

      None

2. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   This is a request for ongoing additional EES program funds to directly benefit the fee for service rate of providers in order to compensate their front-line staff that provides the direct support to individuals with the most significant disabilities being served under the EES program. There is no additional revenue associated with this request.

3. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   This request will assist the providers of EES services to recruit and retain qualified workers who can deliver services in a safe and effective manner to those served by the EES program. The impact is statewide. Idaho will benefit from having qualified staff in positions to support the most vulnerable as they engage in employment activity.

LUMP SUM:					
GRAND TOTAL	$125,000		$462,000		$587,000

Supports institution/agency and Board strategic plans:

Goal 1 Objective 1

Objective: To provide customers with effective job supports including adequate job training to increase employment stability and retention.

Performance Measure: To enhance the level of job preparedness services to all customers.

Description:
Vocational Rehabilitation (VR) is requesting an additional $125,000 in State funds and $462,000 in Federal funds to have a sufficient amount of funds available to pay for assessment, training, tools, education, supplies, transportation, and other items to assist youth and students with disabilities as well as nonstudents and adults with disabilities prepare for and/or secure employment. Under the Workforce Innovation and Opportunity Act (WIOA), Idaho is required to spend 15% of its VR grant on certain qualified students with disabilities, pre-employment transition services, and assisting students with disabilities transition to work. Furthermore, VR is experiencing an approximate 7% increase in service expenditures annually. The additional funds will be used to meet the student transition requirement of WIOA as well as meet the needs of all eligible nonstudent and adult populations being served by VR in Idaho.

VR is a ticket to self-sufficiency for Idahoans with disabilities. It is not another welfare program. VR services for eligible Idahoans with disabilities are the enabling tools to transition from unemployment to gainful employment; from dependence to independence. For Federal fiscal year 2015, 85% of VR customers who achieved or maintained employment reported their wages as their primary means of support instead of depending on public support and family support. Not only does an investment in VR reduce the amount of public support required, it also returns funds to the State of Idaho. Based on Federal Fiscal Year 2015 data it is estimated that a State investment of $125,000 will return over $1.3 million in direct sales tax and income tax to the State. That is a return on investment of over $11 to $1. In addition, it will increase Idaho's other taxes, such as property and gas tax, and reduce the amount of public assistance to those individuals served. This is a good investment for Idaho and unlike many other government programs; it returns more dollars than are invested by the State.

The addition of $587,000 in appropriations will allow Idaho to capture all of the funds allotted to it by the Federal Government. Without the State General Fund match of $125,000, Idaho will lose $462,000 in Federal funds set aside for Idaho. Furthermore, as a result of Federal funds being returned by other states that cannot meet their match, Idaho has the opportunity to capture even more Federal funds to assure adequate service delivery to all eligible Idahoans. Through this additional appropriation, it will also allow VR to help more Idahoans with disabilities move into the workforce. The emphasis will be on helping students with disabilities transition into the workforce, which will provide the biggest benefit to Idaho. Currently the average age of a VR customer is 38. Involving those with disabilities at a younger age means that independence for those with disabilities will start earlier and reduce the amount of public assistance needed by them. Transitioning students to the workforce should have an even bigger return on investment to the State of Idaho than mentioned above. The additional funds will not only assist those in need, but will also provide a great return on investment for Idaho.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

IDVR is requesting additional State and Federal funds to be able to meet the program requirements of the Federal Workforce Innovation and Opportunity Act (WIOA). The request is for VR to strategically plan for the increase of service costs as well as the shift in program emphasis required by Pre-Employment transition services. Without this increase the Division may not be able to meet the requirements WIOA and the needs of the Vocational Rehabilitation program. If that was the case then IDVR would need to adjust how the program operates in Idaho and would not be able to serve all eligible individuals with disabilities who need services. The VR program would need to implement an Order of Selection (OOS).

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      None

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      None

   c. List any additional operating funds and capital items needed.

      None

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

   This will allow VR to use all of the Federal funds allocated to the State. Annually, the Federal grant award increases by 1-3%. The $125,000 in General Fund appropriations will allow Idaho to capture an additional $462,000 of Federal Funds and also meet the requirements of WIOA. Idaho does not want to remit any portion of its allotment to other states as it has prior to SY 2017. Furthermore, this will allow VR to capture funds remitted by other states. This will allow Idaho to invest its full Federal allotment of over $16 million in Idaho; where Idaho will receive a return on the investment. The grant funds are ongoing in subsequent years.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

This request will allow VR to continue to serve all of our customers without limiting available services. It will also allow Idaho to invest it share of this Federal grant in Idaho, where it has been returning in excess of $11 in sales and State income tax for every $1 invested by the State.

Supports institution/agency and Board strategic plans:

Goal 1 Objective 1
To increase the Idaho Council for the Deaf and Hard of Hearing (CDHH) by one (1) additional Full Time Employee (FTE) identified as Communication and Outreach Coordinator in order to increase outreach and education.

Performance Measure:
To increase access and education to all Idahoans to include those who are deaf and hard of hearing.

Description:

The Idaho Council for the Deaf and Hard of Hearing is requesting an additional one (1) Full Time Employee (FTE) identified as Communication and Outreach Coordinator to assist in meeting their mission

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?

   The Council for the Deaf and Hard of Hearing is requesting one (1) additional Full Time Employee (FTE) identified as Communication and Outreach Coordinator. The Council for the Deaf and Hard of Hearing is a unique state agency following its mission of being "Dedicated to making Idaho a place where persons, of all ages, who are deaf or hard of hearing have an equal opportunity to participate fully as active, productive and independent citizens." Using the formula of 13% provided by the Gallaudet Research Institute, an estimated 203,785 people in Idaho have hearing loss:

Total Idaho Population	1,567,582
Total Hearing Loss	203,785 (13%)
Severe Hearing Loss	34,486 (2.2%)
Profound Hearing Loss (deaf)	3,448 (.22%)

   Currently, there are only 2 FTE's working for the Council, the Executive Director and an Administrative Assistant. With the establishment of Idaho Sound Beginnings (newborn hearing screening) children who have hearing loss are being identified earlier, baby-boomers are increasing and veterans are returning to civilian life. The aforementioned causes the need for an additional staff member to provide specific functions for the Council. The role of the Communication and Outreach Coordinator would be to increase awareness of the Council's role, services and programs throughout the state of Idaho. Strategies may include developing collaborations with community organizations, staffing exhibit tables at expos, providing training sessions, educating on legal obligations to comply federal and state laws related accessibility and accommodations, developing and disseminating information and resources, and managing external and internal communications.

   One-time funds for initial office set up include desk, chair, desktop/laptop computers, monitors, warranties, and docking station.

   Currently there is no agency staffing for this position and no funding by source is in the base.

2. What resources are necessary to implement this request?

   a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

      The title of this position is: Communications and Outreach Coordinator

      Pay Grade: K

      Full Time Status

      Full Benefits

      Anticipated Date of Hire: July 1, 2018

      Terms of Service: NA

   b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

      Existing Human Resources would be redirected to hire candidate. If this position were approved and funded, it would allow the two current staff members to spend 100% of their time on their assigned duties.

      Currently the Executive Director and Administrative Assistant are the only staff involved in providing information, workshops, presentations, and everyday operations of the Council. This position would relieve some of the burdens of the current staff to provide the necessary services dictated by Idaho Code Chapter 13, Title 33

   c. List any additional operating funds and capital items needed.

      Additional operating funds:

Office lease $200/mo	$ 2,400.00 annually
Cell Phone	$ 1,200.00 annually
Overnight travel ~ 10 x ~ 80	$ 800.00 annually
Per Diem ~ 20 x 33.00	$ 660.00 annually
Flights ~ 2 @ $400	$ 800.00 annually
Communication/accommodation svs	$10,000.00 annually
TOTAL Additional Operating Funds	$15,860.00

      Capital Items

Desk	$740.00
Chair	$570.00
Desktop	$650.00
Desktop Warranty	$ 60.00
Laptop	$970.00
Laptop Warranty	$100.00
Docking Station	$160.00
Monitors	$160.00 Each
Total Capital Funds	$3,410.00

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

Ongoing request	$ 103,655
One Time request	$ 3,410.00

   All funds will be from General Funds. There are no expectations of additional grant monies or federal monies. There are no external funding available that is in line with the objectives, mission and responsibilities/duties of the Council.

   If the request is not funded, CDHH will be unable to fully utilize the collaborative relationship with community organizations, local and state governmental entities, and proactively develop a presence for our Council and the programs and services provided.

4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

   Idaho policymakers, the legislators, local, state agencies, businesses, and the 203,785 deaf and hard of hearing citizens will be served by this request. We anticipate the population to grow. This request allows for areas that are not currently served by the limited staff of CDHH to be included in the mission of the Council.

   It has been over 24 years, since the inception of the Council, without any significant increase in FTE that serves the constituents and/or stakeholders directly. For the past two decades the deaf and hard of hearing population grew and assimilated much more deeply into the society more than ever before which demands more information and resources. The current staff finds it very difficult meeting the growing demands.

If this request is not funded, Idaho's deaf and hard of hearing population will continue to be underserved.

5. If this is a high priority item, list reason why unapproved Line Items from the prior year budget request are not prioritized first.

Request for FTE was presented on our line item last year which was not recommended by the Governor.

Supports institution/agency and Board strategic plans:

Goal 1 Objective 1

To increase the amount of spending authority for CDHH

Description:

CDHH receives various donations from outside sources to assist in the support of CDHH with annual deaf awareness events.

Questions:

1. What is being requested and why? What is the agency staffing level for this activity and how much funding by source is in the base?
    a. An on-going $3,000 spending authority for existing PCA (64040) fund to support and reimburse for expenses incurred for annual state-wide deaf awareness day event. The sources of funding solely come from private donations by corporate and non-profit entities.

    b. This request is to allow CDHH to have the spending authority for donated funds to assist them with sponsorships for the programs awareness events.

    c. Insignificant staffing level is required to manage this activity.

2. What resources are necessary to implement this request?
    a. List by position: position titles, pay grades, full or part-time status, benefit eligibility, anticipated dates of hire, and terms of service.

       None.
    b. Note any existing human resources that will be redirected to this new effort and how existing operations will be impacted.

       None.
    c. List any additional operating funds and capital items needed.

       None.

3. Provide additional detail about the request, including one-time versus ongoing. Include a description of major revenue assumptions, for example, whether there is a new customer base, fee structure changes, or anticipated grant awards.

    a. This is an on-going request. Annual Idaho Deaf Awareness Day (IDAD) event is run through partnerships with various deaf and hard of hearing based entities, and non-profit organizations. The cost to host this event depends on monetary donations and sponsorships from private entities. The purpose of this event is to bring awareness on deafness. This event is open to the public.

    b. No grants will be received or used.
4. Who is being served by this request and what are the expected impacts of the funding requested? If this request is not funded who and what are impacted?

    a. This request will enable us to reimburse any expenses incurred by the partnership organizations to host the event.

b. If the request is not funded, the Council will not be able to follow the statutory mandates set by the Idaho code. Furthermore, the partnership organizations will not be able to be reimbursed for the expenses incurred in supporting the event.

SUBJECT

FY 2018 Capital Budget Requests

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.B.8. and Section V.K.

BACKGROUND/DISCUSSION

The capital projects request process is separate from the line item budget request process. The Permanent Building Fund Advisory Council (PBFAC), which is supported by the staff of the Division of Public Works (DPW), has three major areas of focus when it considers and develops recommendations on institutional and agency requests for fiscal year construction projects: a) major new construction or remodeling projects, typically costing well over $1M (referred to as “Capital” or “Part A” projects); b) smaller alteration and repair projects (referred to as “A&R” or “Part B” projects); and c) projects to comply with the Americans with Disabilities Act (“ADA” projects). DPW kicked off this year’s capital budget request and facilities needs process with a letter (26 April 2016) to all institutions and agencies asking for FY2018 Permanent Building Fund requests for capital projects and A&R projects to be submitted in preliminary form by June 1st, with detailed requests due to DPW by August 1st, accompanied by updates to the institutions’ rolling six-year capital project budget (“Part C”) plans. The PBFAC will hear agency/institution capital project, A&R, and ADA requests on October 4, 2016. Subsequently, DPW and the PBFAC will review all requests for projects involving Permanent Building Fund (PBF) dollars, and will develop a (much scaled-down) list of recommended projects for all state entities to fit the projected available PBF dollars for the upcoming legislative cycle. DPW will work with the Division of Financial Management (DFM) and the Legislative Services Office (LSO) to develop, in turn, the Governor’s recommendation and the Legislature’s appropriation for capital, A&R, and ADA projects.

The construction and maintenance needs of the higher education institutions (with deferred maintenance needs estimated in hundreds of millions of dollars) far exceed the PBF dollars available for rationing by the PBFAC, Governor and Legislature. For example, for FY2017, approximately $29.6M in PBF funding was available (approximately $10.9M for capital projects, $17.5M for A&R projects, and $1.3M for ADA, asbestos, and Capitol Mall parking projects) to address over $160M in statewide requests.

This agenda item deals with Board approval only for the capital project (Part A) requests and projected six-year capital project plans (Part C) from the four 4-year institutions and the technical college. Summaries of the community colleges’ capital project requests are provided for information only—those requests are vetted by the community colleges’ local governing boards prior to submission to PBFAC. This agenda item does not deal with A&R and ADA requests. Institution capital budget requests and projected six-year capital plans are shown beginning on Page 5. Projects shown have been prioritized by each institution. A number of these projects were also included in the FY 2017 institution request lists previously approved by the Board. The project descriptions provided below were prepared by the institutions.

Review of FY2017 PBF appropriations:
In FY2017, Boise State University (BSU) was funded $2,500,000 for its Fine Arts Building as the second half of the state contribution for the total $5,000,000 request. The University of Idaho (UI), Lewis-Clark State College (LCSC), and North Idaho College (NIC) were funded an additional $1,000,000 for their North Idaho Collaborative Education Facility.

FY2018 Capital Project Requests:
BSU's first priority is for a Center for Materials Science. The new building will house the Materials Science program which will support the initiatives to grow the Science, Technology, Engineering, and Mathematics (STEM) disciplines. The building will be approximately 85,000-100,000 square feet and include research laboratories, teaching laboratories and support areas including offices, seminar rooms and common areas. The project will also include a large 250 seat lecture hall, and two 80 seat classrooms to help address the current lack of adequate large classroom spaces. Funding sources include $10M from the Permanent Building Fund (PBF) and $40M from University funds and private donations.

ISU's first priority is for remodeling the 3rd and 4th floors of the Gale Life Science building. This project will upgrade building infrastructure including electrical, water, and HVAC systems and remodel lab spaces. Funding sources include $10M from the PBF and $2M from ISU.

UI's first priority is for a 6,000 square foot addition to an existing building which will provide needed expansion space for its growing medical education program. Program space needs are growing rapidly to accommodate 80 students at a time compared to only 20 students previously. The $2.4M needed for the expansion will come entirely from PBF funds after the building is converted to WWAMI use using WWAMI program reserves and private donations.

LCSC's first priority is for a Living and Learning Complex. The 60,000 square foot building would be a combined-use residential and classroom facility with approximately 44,500 square feet related to dormitory, dining and fitness space with the remaining space dedicated to classroom, counseling, health and other areas. Funding for the dormitory related space would come from LCSC funds while the remaining space will be funded from the $2.0M PBF funds.

The community colleges' six-year capital construction listed for information only. Each of the community colleges has one capital project PBF request for FY 2018.

The College of Southern Idaho's request is for $825,000 for the remodel and modernization of 25,000 square feet of existing classrooms and offices constructed in 1976. All funding is from PBF funds.

The College of Western Idaho's (CWI) request is for $750,000 for the design and site development for their Boise campus building located at Main and Whitewater Blvd. All other costs for this $59.3M project will be funded from CWI funds. New owned facilities are required for accreditation to support long-term feasibility and to better serve the community. It is anticipated that this first phase building will support approximately 200,000 square feet.

North Idaho College's request is for $850,000 for the remodel of the 9,500 square foot Hedlund Building into the Hedlund Black Box Theater. All funding is from PBF funds.

IMPACT

Only Board-approved major capital projects can be forwarded to the PBFAC. Following Board approval, DPW, PBFAC, DFM, and LSO will be informed of the Board's recommendations. A Board representative will brief the PBFAC on the Board's decision and any comments at the October 4th PBFAC meeting, prior to agency presentations of their FY2018 requests.

Board Policy V.K. requires institutions to bring their six-year capital project plans to the Board for review and approval at its regularly scheduled August meeting. These plans span six fiscal years going forward, starting with the upcoming fiscal year (FY2018). Board approval of a six-year plan constitutes advance notice to the Board that an institution or agency may bring a request at a later date for approval for planning and design for one or more of the projects in the institution plan. The institutions can, and very frequently do, update the years two through six components of their six-year plans, based on the approved funding and outcomes of their year one requests. Board approval of the six-year plans also allows the institutions to solicit and accept gifts in support of the projects listed in the approved plans.

STAFF COMMENTS AND RECOMMENDATIONS

Although current levels of funding from the PBF and other sources are not sufficient to meet the facility needs of the institutions, it is appropriate for the institutions and the Board to highlight the most urgent infrastructure needs in the system. An effective review and rationing system is in place to allocate available dollars to the highest need projects for the FY2018 budget cycle. The FY2018 capital project requests from the institutions are reasonable, and they reflect continuity with previous capital planning efforts. The longer-term wish lists in the rolling six-year capital plans, while largely hypothetical, are a useful advance planning tool. Staff recommends approval of the institutions' FY2018 capital project requests and their six-year capital project plan projections.

BOARD ACTION

I move to approve the capital projects listed in the table in Attachment 1 on Page 5 from Boise State University, Idaho State University, the University of Idaho, and Lewis-Clark State College for submission to the Permanent Building Fund Advisory Council for consideration for Permanent Building Fund support in the FY2018 budget cycle.

Moved by __________ Seconded by ___________ Carried Yes _____ No _____

AND

I move to approve the Capital Budget Request Six-Year Plans for FY2018 through FY2023 for Boise State University, Idaho State University, the University of Idaho, Lewis-Clark State College, and Eastern Idaho Technical College, as provided, for submission to the Permanent Building Fund Advisory Council for consideration in the FY2018 budget cycle.

OFFICE OF THE STATE BOARD OF EDUCATION

SET A
PROJECT SUMMARY
FY2018

Project Title: **Construction** for **Center for Materials Science**

Institution/Agency: Boise State University

Brief Description: Boise State's Master Plan 2015 update targets the South Campus area for the science and engineering facilities called for in the Strategic Plan to boost research and creativity while creating a signature educational experience for both graduates and undergraduates. The requested funds will support partial construction of the second of four science buildings currently envisioned. This new building will house the Materials Science program, which is one of Boise State's growing research strengths and one that connects directly to the missions and needs of the businesses leading the state's strong tech economy.

Project Scope: 55,000- 65,000 **NASF** 85,000-100,000 **GSF**

Estimated Total Cost: $50,000,000

Estimated Partial Construction Cost: $10,000,000

Date Approved by State Board of Education:

Source of Construction Funds (by fund source and amount):

Total Project Cost

Fund Source	Amount
Permanent Building Fund	$10,000,000
University Funds & Private Donations	$40,000,000

Previous Appropriations

Fund Source	Amount
N/A	N/A

Budget Year Request

Fund Source	Amount
Permanent Building Fund	$10,000,000

1. PROJECT DESCRIPTION AND JUSTIFICATION

The proposed building will be the second building of the master-planned science and engineering complex in the South Campus zone. The first of these projects, the 101,265-square-foot multidisciplinary Environmental Research Building is home to Geosciences, Civil Engineering, Public Policy and Administration and Political Science, as well as the environmental finance office, the Public Policy Center and the Frank Church Institute and other parts of the new School of Public Service.

Consistent with the 2005 and 2015 Campus Master Plans, the new Center for Materials Science Research will support the University initiatives to grow the STEM disciplines (Science, Technology, Engineering and Mathematics) and support Idaho's and the Boise region's tech economy, and will be part of a complex designed to promote interdisciplinary research, education, and outreach. Each building of the complex will include science and engineering laboratories and facilities appropriate to specific interdisciplinary topic areas, with departmental culture preserved in office clusters. Future buildings in this area will be planned to promote collaboration between scientists and engineers on important research initiatives.

The Center for Materials Science Research will focus on Materials Science Engineering and provide a catalyst to elevating that program to national prominence. A program of such stature will enhance the growth of the high-tech, science and engineering-related industries and associated economic development in the Treasure Valley, Idaho and far beyond. The facility will be a major step toward achieving the first four goals outlined in Boise State's Strategic Plan, "Focus on Effectiveness," which include 1) Create a signature high-quality educational experience for all students; 2) Facilitate the timely completion of educational goals of our diverse student population; 3) Gain distinction as a doctoral research university; and 4) Align university programs and activities with community needs.

2. PROJECT COMPONENTS

The University retained a programming consultant to create a preliminary program for the building and to explore potential site locations. As currently programmed, the 85,000 to 100,000 square-foot Center for Materials Research will be a showcase for the program and will include research laboratories, teaching laboratories and associated support areas including faculty offices, staff office, graduate student spaces, seminar rooms and common areas. As currently envisioned, the building would be located on the block immediately west of the existing Engineering Building and Micron Technology Building to allow for close proximity to other collaborators in the engineering disciplines. The facility would also allow for co-location of materials researchers from all disciplines on campus.

In addition to the Materials Science spaces, a large 250 seat lecture hall, and two 80 seat classrooms have been included in the program for this building to help address the current lack of adequate large classroom spaces on the southeast portion of campus. These classrooms would be designed to support active learning, which supports lectures but also facilitates collaboration and small group work within the classrooms.

Prior to the start of construction, several occupants of the site will require relocation. These include Facilities Operations and Maintenance offices, Central Receiving, HAZMAT storage facility and the Construction Management program.

3. ALTERNATIVES

Modular facilities could possibly be utilized to provide additional research, classrooms, and offices, but the use of these temporary structures are expensive and only meet the short-term needs of the institution. It would not be prudent to utilize modular buildings for research or class laboratory space. The University has purchased land in the South Campus to accommodate this new facility. Investing in temporary modular facilities would neither be cost effective nor meet academic and research needs.

4. VACATED SPACES

In addition to providing up to date laboratory, classroom, and office space for the Materials Science department, this project would free up space currently occupied by that department in other campus buildings. These spaces would be made available to meet the critical classroom and faculty office space needs of other growing departments. Because planning is still in the early stages, the precise amount of space to be vacated is not defined.

THIS PAGE INTENTIONALLY LEFT BLANK

OFFICE OF THE STATE BOARD OF EDUCATION

SET A
PROJECT SUMMARY
FY2018

Project Title: **Construction** for **College of Innovation and Design**

Institution/Agency: Boise State University

Brief Description: Boise State's College of Innovation and Design (CID) is one of the youngest programs on campus, created in 2015 to meet the growing demand for flexible education tracks that focus on entrepreneurship, innovation, technology and teamwork. CID is currently located on the 1^{st} and 2^{nd} floors of the Albertsons Library in a combined area of roughly 10,000 square feet. Due to program success and increasing enrollment, CID will quickly outgrow this facility and require a dedicated space of its own. The requested funds will support the construction of an addition and partial renovation of the Barnes Towers to provide CID a space that consolidates all of its existing programs, as well as adequate space to grow in the future.

Project Scope: 32,000 – 36,000 **NASF** 45,000 – 52,000 **GSF**

Estimated Total Cost: $12,000,000

Date Approved by State Board of Education:

Source of Construction Funds (by fund source and amount):

Total Project Cost

Fund Source	Amount
Permanent Building Fund	$10,000,000
Boise State Funds	$2,000,000

Previous Appropriations

Fund Source	Amount
N/A	N/A

Budget Year Request

Fund Source	Amount
Permanent Building Fund	$10,000,000

1. PROJECT DESCRIPTION AND JUSTIFICATION

Since its inception in the Fall of 2015, CID has quickly grown its number of programs and total enrollment. The flexible class schedule and certifications have proven appealing to students from various fields of study. CID anticipates this growth to continue over the next four to five years, rapidly approaching space limitations of its current location. The Gaming, Interactive Media, and Mobile Technology (GIMM) program alone is expected to grow from 50-100 students to 300-400 over this five-year period. There is limited space available within the Library to accommodate this growth; Boise State is evaluating an expansion of CID's current space, which would double the existing footprint from 8,500 to roughly 17,000 square feet. Following this potential expansion, there is little to no space remaining the Library to expand without substantially impacting Library operations.

The proposed addition will likely be a two-story addition to Barnes Towers, a facility that vacates once the new Honors College and Residential Housing project is complete. Funding will also be placed toward the renovation of dormitory rooms so they better suit an office and/or administrative function. A building for CID is not specifically identified on the 2015 Campus Master plan. However, Barnes Towers is not scheduled for replacement in the near future. The façade of Barnes Towers will also receive aesthetic updates to compliment CID's mission and Boise State's material palette.

2. PROJECT COMPONENTS

Programmatically, CID requires a unique range of classrooms, offices, laboratories and maker spaces. For example, the GIMM program requires a high-tech laboratory space for students to development virtual reality applications and other media-based products. Classrooms, on the other hand, need to be fluid, taking advantage of movable furniture and layouts. As such, the facility will require a mix of dedicated spaces (maker spaces, laboratories, tool rooms, offices, etc.) as well as flexible meeting and/or instruction areas. For building efficiency purposes, the majority of the facility will consist of flexible instruction areas instead of dedicated rooms and offices, resulting in a facility with a high amount of assignable square footage.

3. ALTERNATIVES

There is limited potential for CID to continue expanding within Albertsons Library. The most immediate opportunity is an expansion on the Library's 2nd floor, adjacent to CID's current space assignment. CID's footprint would double through this expansion, providing a total space of roughly 17,000 square feet. This will enable the GIMM lab to be located within CID's footprint, as well as additional classrooms, offices and an events space. Unfortunately, certain program priorities are not obtainable through this expansion: high bay space and a tools lab for prototyping; an expansion of virtual reality equipment; additional offices, meeting rooms, drop-in stations, and classrooms to respond fully to CID's long-term programming goals. An expansion of CID into the first, third or fourth floors of the library will have a severe impact on library operations and is not being considered at this time.

A second alternative has CID split up and scattered across campus. There is no identified space for these placements and it's likely they would disrupt other programs.

4. VACATED SPACES

If the envisioned project is developed, CID's current location in the Albertson's Library will be vacated. At present, this represents roughly 8,500 square feet on the second floor and 1,500 square feet for the GIMM Lab on the first floor. These areas, by design, are not restrictive for subsequent tenants. Much of the 2nd-floor space has an open floor plan with movable furniture. The Library can easily re-occupy these areas and use them for instruction, meeting areas, or again as shelving for materials with minimal costs.

OFFICE OF THE STATE BOARD OF EDUCATION

SET A
PROJECT SUMMARY
FY2018

Project Title:	**Construction** for **Science Laboratory Building**
Institution/Agency:	Boise State University
Brief Description:	Boise State continues to experience increased demand for classes and programs with laboratory-based instruction. Predominantly focused on the natural and applied sciences, these laboratories call for highly specific and dedicated environmental controls, as well as pedagogical improvements that create a signature education experiences for students. The requested funds will support a new laboratory facility providing teaching and/or research labs focusing on chemistry and biological sciences.
Project Scope:	16,000 – 22,000 **NASF** 25,000 – 34,000 **GSF**
Estimated Total Cost:	$15,000,000

Date Approved by State Board of Education:

Previous Appropriations

Fund Source	**Amount**
N/A	N/A

Budget Year Request

Fund Source	**Amount**
Permanent Building Fund	$10,000,000

1. PROJECT DESCRIPTION AND JUSTIFICATION

The proposed building will act as an extension of Boise State's Biology and Chemistry programs, departments within the College of Arts and Sciences. These programs currently operate primarily out of the Science Building, a four-story facility constructed in 1977. Some labs are also housed in the Multi-Purpose Classroom (MPC) Building. The Science Building has been modified numerous times throughout its history, in an effort to maintain pedagogical best practices, respond to University growth, and comply with facility safety requirements. In its current state, the Science Building continues to require several physical plant improvements, life/safety alterations, and classroom/laboratory improvements that will provide a cutting-edge academic and research environment.

The growth in STEM programs in the physical sciences as well as engineering has created a need for additional lower division teaching labs, especially those focused on biology, chemistry and physics. In addition, there is an increased demand for research spaces in these disciplines.

The proposed new Laboratory Building is identified on the 2015 Campus Master Plan and is intended to help meet the demand for teaching and research labs. At this time, it is represented by a "liner" building on the north façade of the Brady Garage and matching the facility's height. With 16,000 – 22,000 net assignable square feet (NASF), approximately 10-12 teaching and/or research labs could be provided in the facility. Labs would likely be focused on Chemistry or Biology. However, the labs could be used accommodate other STEM programs, such as Engineering Health Sciences and Physics. This building would likely provide space to accommodate departmental growth for the next 5-8 years.

This facility will help achieve two of Boise State's Strategic Plan goals: 1) Create a signature high-quality educational experience for all students; 2) Gain distinction as a doctoral research university.

2. PROJECT COMPONENTS

As envisioned, a new laboratory building will house teaching and/or research labs, prep areas, an instrumentation lab and informal student learning areas. Academic and research biology greenhouses would be installed on the roof of the new building to allow for access from the top floor of the garage. With a focus on instruction or research, there will be limited drop-in style spaces for faculty and graduate assistants and as a result, the building's program would not include typical enclosed faculty offices. This will maximize the total number of labs created by the project.

For life/safety compliance, each floor and laboratory will serve a dedicated purpose based on study topic and materials used. For example, labs using hazardous materials will be located on the ground floor, eliminating risks associated with upper levels. The facility will operate independently from the Brady Street Garage, with its own ingress and egress, as well as vertical circulation. In addition to the laboratory areas, the facility will also include lab preparation areas, an instrumentation room, informal learning areas for students, restrooms and other common areas.

3. ALTERNATIVES

Alternatives include converting existing classrooms into teaching and/or research labs. Any classrooms will have to be taken offline or re-created elsewhere appropriate swing space is not available on campus. Retrofitting classrooms into laboratories is costly, will require infrastructure improvements and work would have to be done in a piecemeal fashion to limit the impact on facility occupants. The most likely building for classroom conversions to laboratories is the Multi-Purpose Classroom (MPC) Building.

4. VACATED SPACES

The new Laboratory Building will help mitigate existing and some future demand. As such, minimal spaces will be vacated. Existing laboratories in the Science Building will retain their laboratory functions and will be repurposed/upgraded to accommodate new research.

CAPITAL BUDGET REQUEST

FY 2018

CAPITAL IMPROVEMENT PROJECT DESCRIPTION

(New Buildings, Additions or Major Renovations)

AGENCY: Idaho State University AGENCY PROJECT PRIORITY: 1

PROJECT DESCRIPTION/LOCATION: Remodel Building Infrastructure and 3rd and 4th floor (5M/yr. over two years 2018 and 2019)

CONTACT PERSON: Cheryl Hanson TELEPHONE: (208) 282-2533

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

This project will upgrade building infrastructure to include, but not limited to electrical, water, and HVAC systems as well as completely remodel the lab spaces on the top two floors.

(B) What is the existing program and how will it be improved?

Existing lab facilities were built in 1970 and the building infrastructure has not been substantially upgraded since then. There have been multiple remodels take place in the building with new systems of piping and wiring being hooked up to the aging and obsolete infrastructure in the building that has intermittent breakdowns that hinder the teaching and research that is conducted in the building. Some dangerous conditions also exist that need to be rectified including the electrical switchgear in the basement that is beyond its useable life and connects all four buildings in the complex together. Design/Planning should incorporate systems that can easily be adapted for future lab remodels that may include creating updated core facilities and team teaching approaches and research activities.

(C) What will be the impact on your operating budget?

Constant maintenance and repair of infrastructure demands inordinate amounts of attention to keep running and delivers less than optimal conditions for building occupants. Budgets will be positively impacted in facilities services and support for teaching and research will impact down times and lost revenues.

(D) What are the consequences if this project is not funded?

Building systems will continue to age and deteriorate at an exponential rate.

ESTIMATED BUDGET:		FUNDING:	
Land	N/A	PBF $10,000,000	
A/E fees	$1,500,000	General Account	
Construction	$9,900,000	Agency Funds	$2,000,000
5% Contingency	$600,000	Federal Funds

FY 2018

CAPITAL IMPROVEMENT PROJECT DESCRIPTION

(New Buildings, Additions or Major Renovations)

AGENCY: Idaho State University	AGENCY PROJECT PRIORITY: 2

PROJECT DESCRIPTION/LOCATION: Replace HVAC/Ductwork, Ceiling, Seismic Compliance (3 projects: one each floor,$2 million/yr. for 3 years). Eli Oboler Library Bldg. # 50

CONTACT PERSON: Cheryl Hanson	TELEPHONE: (208) 282-2533

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

This project will remove the deteriorating fiberboard air ducting system, and replace it with an insulated steel duct system. This project will also replace associated ceiling and lights in the affected areas.

(B) What is the existing program and how will it be improved?

The existing fiberboard ducting is actively degrading, with resulting ductwork particulates being spread throughout the library. All surfaces within the Library, including the ceiling, are coated with deteriorated ducting material. This project will remove the existing ceiling and lighting systems, remove all fiberboard ducting, address all seismic issues with the ceiling and lighting system, and with the book stacks throughout the Library. New insulated steel ducting, ceiling systems, and lighting will be installed.

(C) What will be the impact on your operating budget?

The maintenance budget will be relieved in several areas as less custodial effort will be required to clean the Library, and repair work to deteriorating ductwork will no longer need to occur.

(D) What are the consequences if this project is not funded?

Ductwork will continue to degrade and contaminate the interior of the Library. Additional efforts will continue to be expended in an attempt to clean the library.

ESTIMATED BUDGET:		FUNDING:	
Land		PBF	$ 6,000,000
A/E fees	$ 720,000	General Account	
Construction	$ 5,016,000	Agency Funds

FY 2018

CAPITAL IMPROVEMENT PROJECT DESCRIPTION

(New Buildings, Additions or Major Renovations)

AGENCY: Idaho State University	AGENCY PROJECT PRIORITY: 3

PROJECT DESCRIPTION/LOCATION: Upgrade Heating and Cooling System/ Graveley Hall Building #15

CONTACT PERSON: Cheryl Hanson	TELEPHONE: (208) 282-2533

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

This project will remove the old window mounted room air conditioners and steam heat perimeter supply with a central system that addresses the need for fresh air and heating in an economical solution.

(B) What is the existing program and how will it be improved?

The existing systems are failing and costly to run and repair and replace and the air conditioning units are providing a lot of bird habitat. The new system will deliver fresh air, conditioned in a central system and augment the existing perimeter steam heating systems to cover all areas of the building. Poor piping insulation on the steam heat will be replaced so that A/C units are not being run in the winter to cool down rooms.

(C) What will be the impact on your operating budget?

The maintenance budget will be relieved in several areas as less work will be needed to maintain individual units than one building system that can be put on our centralized controls.

(D) What are the consequences if this project is not funded?

Building systems are continuing to deteriorate and require excessive maintenance and costs.

ESTIMATED BUDGET:		FUNDING:	
Land		PBF	$ 2,875,000
A/E fees	$ 287,500	General Account	
Construction	$ 2,443,750	Agency Funds

CAPITAL BUDGET REQUEST

FY 2018

CAPITAL IMPROVEMENT PROJECT DESCRIPTION

(New Buildings, Additions or Major Renovations)

AGENCY: Idaho State University AGENCY PROJECT PRIORITY: 4

PROJECT DESCRIPTION/LOCATION: Asbestos Mitigation, Replace Ceiling system and Lighting/ Beckley Nursing Building #66

CONTACT PERSON: Cheryl Hanson TELEPHONE: (208) 282-2533

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is.

This project will mitigate the asbestos in the building, with emphasis on the open plenum supply design ceiling system. The work will require asbestos mitigation and the replacement of flooring, ceilings, and other materials removed or impacted by asbestos abatement. This project will also provide for renovation of office and classroom spaces within Beckley Nursing.

(B) What is the existing program and how will it be improved?

Health and safety of building occupants and maintenance personnel. Even simple tasks of replacing ceiling tiles or replacing light bulbs can pose risks to staff.

(C) What will be the impact on your operating budget?

This project does not add square feet of functional space but will require agency to provide funding for temporaries moves to accommodate the mitigating and related construction work.

(D) What are the consequences if this project is not funded?

At this time, any maintenance work on lighting or ceiling panels required asbestos monitoring, which adds labor costs and delays in service response time. Additionally, some tasks are impossible to complete within the ceiling plenum. Finally, should there be some significant roof repairs; the building may need to be evacuated. If the required roof work takes place during the academic year, the disruptions to classes and labs would be intolerable.

Date Approved by State Board of Education:

FY 2018 represents the first request for this facility.

---

1. PROJECT DESCRIPTION AND JUSTIFICATION

Idaho's WWAMI Medical Education Program is a partnership with the University of Washington School of Medicine and the states of Washington, Wyoming, Alaska, Montana, and Idaho. Students who enter the program are dual enrolled at the University of Idaho and the University of Washington School of Medicine and complete their foundations phase of medical school at the Moscow campus.

The State has supported the growth of the program over the last few years, doubling the student count from twenty seats to forty seats. Further, the changing curriculum now requires a given cohort to spend 18 months on campus (previously 12 months), resulting in an overlap of student cohorts from one year to the next. Changing pedagogy and accreditation requirements result in the need for more collaborative, active learning spaces. Thus, program space needs are growing rapidly, with a need to accommodate 80 students at a time, compared to only 20 students previously.

The WWAMI program has operated out of the 3rd floor of the Student Health Center for many years, supported by anatomy lab space at nearby Washington State University, and a dedicated classroom elsewhere on the Moscow campus. The desire is to meet all these space needs, to include all necessary collaboration and student support spaces for the expanded and overlapping cohorts, in one place.

The University has identified another campus building, previously used as a business incubator, to serve as the new home for the WWAMI program. This one story building is on the edge of campus and near the city's medical complex, ideally supporting further collaboration and synergies with the local medical community. Planning is underway to convert this 25 year old building for WWAMI's use, with $6M in funding support from WWAMI program reserves and private donors.

A recent feasibility study finds this converted building will still fall short of fully meeting WWAMI's space needs. The University looks to construct an addition to the west side of the facility, providing additional space, primarily for expanded student clinical lab space with supporting small exam rooms. Additionally, the space will provide expanded student study, interaction, and support space, meeting accreditation requirements for the expanded cohorts.

2. PROJECT COMPONENTS

Prior to the anticipated expansion of the building, the existing building is to be renovated in 2017 and 2018 to provide an onsite anatomy and prosection labs and morgue, as well as two flexible, active learning classrooms. Other renovated spaces will include faculty offices, updated conference space, and limited student study and support space. Additional space will need to be created to fully support the needs of the growing WWAMI program.

As noted above, this will be achieved through construction of a 6,000 sf addition to the west side of the existing facility. This building addition will occur after the renovated building is occupied and in full use by the WWAMI program. Until that time, WWAMI will make continued use of their current limited space in the Student Health Center, splitting their operations across multiple campus buildings.

The expansion space will provide student clinical lab space and associated small exam rooms. Such spaces support interactive group instruction for the students in conducting medical examinations, patient interview skills, and in developing ‘bedside’ manners. Additional space will support both private and group student study spaces dictated under medical instruction accreditation requirements.

3. ALTERNATIVES

Three alternatives have been studied to date.

<u>Alternative 1: Include this Scope within the IRIC Facility Currently Under Construction</u>

This alternative would have entailed including portions of WWAMI’s space needs within the scope of the Integrated Research and Innovation Center (IRIC) currently under construction and scheduled to open in January 2017. This alternative would have placed these spaces in a systems-intensive, high-performance facility. These spaces do not need to be in such a high-performance facility and placing them there would be an inefficient use of resources. The alternative also represents a poor choice in terms of opportunity costs as these spaces would by necessity would reduce the number and size of the research laboratories and core laboratories that could be constructed within IRIC.

In addition, the IRIC facility is a $52M effort, the largest single design and construction effort ever accomplished by the University of Idaho on a total dollars basis. At the time IRIC was in design, the medical instruction pedagogy was in the midst of an overhaul, lending uncertainty to the ideal space requirements to be met. Rather than expand an already large project scope, and with program uncertainties, the university rejected this alternative.

<u>Alternative 2: Construct a Separate and Distinct Medical Education Building</u>

This alternative consists of an attempt to identify and construct the spaces as described herein in a single new building. The university explored partnering with the local hospital under varying shared capital and real estate arrangements, and were unable to identify a mutually viable means of proceeding with a brand new construction project. The university rejected this alternative.

<u>Alternative 3: Proceed with a Renovation of an Existing Campus Building</u>

This option would entail identifying an existing campus structure, and modifying it to meet the expanding WWAMI space needs. It was infeasible to simply convert the existing Student Health Center; this 1930’s building would require substantial renovation, along with displacement of academic units, and with no readily available alternate campus space to which they might move.

The previous business incubator building was identified as the best location for WWAMI. This building housed limited incubator operations in recent years, and also hosted the Center for Disabilities and Human Development (CDHD), a unit with an outward, community focus. The university purchased a small building in the community, relocated CDHD to this off campus site, and is in the process of making incremental improvements to the incubator (now WWAMI) building. The planned improvements in the short term will assist in meeting the emerging active learning pedagogy, and incorporate the anatomy/morgue function, obviating the use of spaces at

Washington State University. Furthermore, this building is physically near the city's growing medical complex, facilitating opportunities for synergies between student learning, instructional outreach, and the local medical community.

The current footprint of the building required some expansion to ideally meet the full array of WWAMI's space needs. Renovation and expansion of this structure best meets the breadth of needs for WWAMI and the displaced unit. This is the university's preferred alternative.

4. VACATED SPACE

In the short term, there is no vacated space to be gained on the Moscow campus. WWAMI must still operate from within their historic spaces in the Student Health Center, even after the current incubator building is renovated and fully occupied by WWAMI. At that time, WWAMI can vacate the anatomy lab currently provided by Washington State University.

Once the proposed building addition is completed, WWAMI will be able to vacate the third floor of the Student Health Center. This will free approximately 5,000 sf of space. The Department of Psychology and Communications Studies is also located in the Student Health Center, and has a variety of faculty and labs scattered at various other locations about campus. WWAMI's departure from the building will allow Psychology to consolidate their far flung faculty and labs into one building, ultimately freeing small pockets of space in multiple campus buildings. The ultimate disposition of these spaces is yet to be determined, but will likely serve the needs of other users located in adjacent spaces.

OFFICE OF THE STATE BOARD OF EDUCATION

SET A

PROJECT SUMMARY

Project Title: University of Idaho Library Special Collections & Archive Facility

Institution/Agency: University of Idaho

Brief Description:
The University desires to construct improvements dedicated to supporting the mission of the University of Idaho Special Collections and Archive unit of the University of Idaho Library. The Special Collections and Archive is currently located within the University of Idaho Library; itself located in the core of the on the Moscow campus of the University of Idaho. The existing facility is inadequate for the functions is serves, and is in need of renovations and improvements to provide a facility befitting the character and the nature of the collections housed therein.

Improvements to the third floor of the Library to house an improved Special Collections and Archive Facility were envisioned and described in a 2009 Library Master Plan. It is the intent of this project to start by testing the assumptions made in the 2009 Library Master Plan process and recommend the best course of action. Upon acceptance of a set of recommendations, the intent is to then plan, design and implement a project that best serves the programmatic needs and requirements of the Special Collections and Archive.

Project Scope:	**NASF**	**GSF**
Current Building Size, UI Library:	TBD	190,200
Proposed Area of Renovation & Improvements:	TBD	14,900
Furnishings, Fixtures, and Equipment		
All project fees and related expenses		

.
Estimated Total Cost:
Source of Construction Funds (by fund source and amount):

Total Project Cost

Fund Source		Amount
Permanent Building Fund		$ 5,640,000
Federal Funds		$ 0
Bond Funds		$ 0
Gifted Funds		$ 0
	Total:	$ 5,640,000

<u>Previous Appropriations</u>

<u>Fund Source</u>	<u>Amount</u>
All Sources	$ 0

<u>Budget Year Request</u>

<u>Fund Source</u>	<u>Amount</u>
Permanent Building Fund	$ 5,640,000

Date Approved by State Board of Education:
FY 2018 represents the first request for this facility.

---

1. PROJECT DESCRIPTION AND JUSTIFICATION

Background and Planning Context:
The University of Idaho Library is the largest Library resource in the State of Idaho. It provides Library, Collection, Archival, Research, Group Learning, Tutoring, and Technology services not only to the students, faculty and staff of the University of Idaho, but also to stakeholders and researchers from across the State of Idaho. As the largest Library within the State of Idaho, the significance and import of the collections the University of Idaho Library houses cannot be over-estimated.

The current University of Idaho Library structure was originally constructed and occupied in 1957. A significant whole-building renovation and addition was completed in 1992/93. With the addition, the University of Idaho Library measures 190,200 gsf. Inclusive of the basement, the University of Idaho Library is a five story structure and it is centrally located in the academic and research core of the main campus of the University of Idaho in Moscow, Idaho.

While advances in technology are reshaping today's libraries, campus libraries remain the interdisciplinary hub for students and scholars. Campus libraries such as the University of Idaho Library become a community center extending learning beyond the classroom. Library buildings are iconic as symbols of the centuries of knowledge upon which today's research builds. Surveys indicate that the library is one of four buildings on any given campus that most influence a prospective student's decision to enroll at that university.

Yet it is also a given that libraries are in transition. Collections are no longer limited to physical materials held within a library's walls; they are also digital. The role and mission of libraries in general is moving towards empowering access. That said, physical collections are still important, and it is incumbent upon libraries to service the curation of, and access to, both digital and physical collections.

In view of this, The University of Idaho invested in a robust evaluation and analysis of our campus Library in 2009. The outcome of this process is the development of a 2009 Master Plan for the University of Idaho Library entitled: "<u>Preserving the Past, Inspiring the Future.</u>" The planning process was carried out over the course of the year and included all stakeholder through the use of several public planning workshops. The stakeholders identified planning goals essential to the vision of the University of Idaho Library as a significant, purposeful, and highly collaborative campus resource. They are:

- **Protect** and highlight the archival collections;
- **Encourage** new and different methods of learning;
- **Connect** students to the library resource(s);
- **Serve** as a vibrant, active and alive center of campus.

The resultant recommendations are contained in the 2009 Master Plan and are captured as an iterative series of phased improvement projects. The projects envisioned in the Master Plan provide the desired facilities necessary to promote and support:

- Scholarship and Creative Activity;
- Outreach and Engagement;
- The creation of a Collaborative Organization, Culture, and Climate.

Work Completed to Date:
Since completion of the 2009 "Preserving the Past, Inspiring the Future" Master Plan for the University of Idaho Library, the university has invested significantly in the implementation of the plan. As a starting point the plan calls for the purchase and installation of high-density, compact shelving on the Second Floor of the Library in order to free general floor space for the various proposed improvements. The first phase of this installation of high-density, compact shelving is complete.

Most recently, the University funded and competed the design and construction of portions of the planned improvements for the First Floor of the Library. These improvements include, but are not limited to, the initial phase of the envisioned "Information Commons," Team Rooms for group study, work, and collaboration, the Map Room, reconfiguration of the Circulation Desk, a Multi-media Zone, and a Coffee Bar.

The investment by the university in these initial improvements to date exceeds $2,470,000.

Project Request:
The next phase of work anticipated by the 2009 Master Plan supports the University's Special Collection and Archives program. The University of Idaho Special Collections and Archive is charged with the care and curation of a number of collections that are specific to the university and to the State of Idaho. The collections are of a high degree of import and it is essential that they are housed in a facility worthy of their character and nature.

The 2009 Library Master Plan makes the assumption that the Special Collections and Archive should be housed on the third floor of the University Library. However, enough time has since passed that the university wishes to test this assumption and consider possible alternative scenarios at the outset of this capital project implementation.

2. PROJECT COMPONENTS

Regardless of the final, selected location for the Special Collections and Archive, the necessary and requisite spaces and features required to provide the Special Collections and Archive with a prominent, State-of the Art facility include:

- Comfortable, inviting reading rooms that can be supervised by Special Collections and Archive staff;
- Adequate and suitable storage space for the collections materials;
- Display walls and cases that allow collections materials to properly and securely displayed through and under glass;
- Support spaces for the Special Collections and Archive personnel that facilitate the proper administration of the collections materials. The spaces include, but, may not be limited to;
    - reception area;
    - offices as needed;
    - holding area;
    - supplies and storage area;
    - records processing;
    - digital laboratory;
    - and support functions and areas as needed;
- Stable, controlled environmental conditions designed to preserve the collections and archive materials and prolong their anticipated life span.
    - UV protection and control
    - Tight, narrow range temperature control - 66 to 68 degrees F.
    - Tight, humidity control – 45% relative humidity
    - Secure, controlled access
    - Occupancy Sensors

3. ALTERNATIVES

As mentioned above, the 2009 "Preserving the Past, Inspiring the Future" Master Plan for the University of Idaho Library recommended including the Special Collections and Archive Facility within the current University of Idaho Library, specifically on the third floor. However, the university desires to revisit this recommendation as part of the early planning and programming phase of the project. Possible alternatives regarding the best location are, but are not necessarily limited to:

Alternative 1: Include the Special Collections and Archive scope within the University of Idaho Library, 3rd Floor per the 20089 Master Plan.

Alternative 2: Include the Special Collections and Archive scope within the University of Idaho Library, but, on another floor.

Alternative 3: Construct Separate and distinct Special Collections and Archive Building

Alternative 4: Renovate a portion of another campus location to serve as the Special Collections and Archive Facility.

4. VACATED SPACE

Assuming Alternatives 1 or 2 are selected, The Special Collections and Archive project does not result in any vacated space. Rather, it makes improved and more efficient use of existing space with the University of Idaho Library by reallocating space on the third floor for the Special Collections and Archive Suite and repurposing space in the basement to serve the receiving and cataloging functions. The existing elevator shaft that was constructed in 1992/93 but never outfitted will be put in service. Finally the efficiency of space utilization will be vastly improved through the installation of efficient, high-density, compact shelving within the Special Collections and Archive Suite.

Should Alternatives 3 or 4 are selected, the vacated space in the basement of the existing Library will be repurposed for Library functions yet to be identified.

PROJECT SUMMARY

Project Title: Research and Classroom Facility

Institution/Agency: University of Idaho

Brief Description:
The University of Idaho is currently in the process of the construction of the Integrated Research and Innovation Center (IRIC), a new research intensive facility comprised of sophisticated research laboratories to be located in the core of campus at the next of the College of Engineering, College of Science, College of Natural Resources and the College of Agricultural and Life Sciences. IRIC is to be completed in the fall/winter of 2016, and operational in January of 2017. IRIC will be an exciting addition to the campus and to the university and carries with it the potential of driving the university's research profile to new heights.

The character and nature of the IRIC facility is focused on high-performance, research intensive laboratories, collaborative spaces, and core laboratories to be available to all research units and researchers campus wide. Precisely because IRIC is to be such a high-performance facility, it does not contain much in the way of office space and there will be no classroom space. Including such spaces in such a systems and utilities intensive facility would not be an efficient use of resources.

Accordingly then, there is a need to provide spaces such as offices for additional research units and departments, space for grant driven activities, spaces for computational research activities, classrooms, seminar spaces, etc., in a location convenient to IRIC. These spaces will support learning, computational research, dissemination and transfer of knowledge and information, and other related support activities that may be related to, or a result of, the research activities housed within the IRIC facility. The Research and Classroom Facility will be comprised of such spaces and is to be located to the immediate southeast of IRIC on the east side of the Line Street Pedestrian Mall on the main campus of the University of Idaho.

Project Scope:	**NASF**	**GSF**
Building size:	TBD	40,000
Site and utility infrastructure		
Furnishings, Fixtures and Equipment		
All project fees and related expenses, to include the demolition of the existing structure(s) on site.		

Estimated Total Cost:
Source of Construction Funds (by fund source and amount):

Total Project Cost

Fund Source		Amount
Permanent Building Fund		$ 8,000,000
Federal Funds		$ 1,000,000
Bond Funds		$12,000,000
Gifted Funds		$ 3,000,000
	Total:	$24,000,000

Fund Source	Amount
All Sources	$ 0

Budget Year Request

Fund Source	Amount
Permanent Building Fund	$ 4,000,000

Date Approved by State Board of Education:
FY 2018 represents the third request for this facility.

---

1. PROJECT DESCRIPTION AND JUSTIFICATION

The University of Idaho has a need to design and construct a Research and Classroom Facility supporting computational research and providing space to deliver academic programming on an existing site to the immediate southeast of the Integrated Research and Innovation Center (IRIC) on the main campus of the University of Idaho in Moscow, Idaho. This site is located in the core of the research neighborhood of the campus, adjacent not only to the new IRIC facility, but also to the College of Engineering, College of Science, and College of Natural Resources. The College of Agricultural and Life Sciences will be one building to the west, separated by IRIC itself.

The general intent of the Research and Classroom Facility is to provide space for learning, computational research, dissemination and transfer of knowledge and information, and other related support activities that may be related to, or a result of, the research activities housed within the IRIC facility. Because the IRIC is a high-performance, systems-intensive research facility with a resultant high initial cost on a unit basis, it is a much wiser use of resources and a more efficient investment to provide spaces for learning, computational research, dissemination and transfer of knowledge and information, and other related support activities in an adjacent, less systems-intensive facility.

The Research and Classroom Facility is envisioned to house offices, and office suites, computational research space, classrooms and other support spaces in an approximately 40,000 square foot facility located at the intersection of the 7th Street and Line Street pedestrian malls on the Moscow campus. This location will allow the Research and Classroom Facility to not only support the activities and research generated within IRIC, but will also allow it to support other activities and research with the Colleges of Engineering, Science, Natural Resources, and Agricultural and Life Sciences. Further it will support activities and Research from the Office of Research and the various institutes, as well as providing additional classroom stock available for general education classroom use.

2. PROJECT COMPONENTS

The preferred site for this Research and Classroom Facility is on the east side of the Line Street Pedestrian Mall, a major north/south pedestrian circulation spine on campus, just down the hill from the Idaho Commons. A portion of the site is currently vacant, as the old 5kW electrical substation was on the site prior to its demolition a few years ago. The remainder of the site currently old the existing NAMEC facility. NAMEC is a wood framed, surplus WWII era building long slated for demolition and removal in the university's Long Range Campus Development Plan (LRCDP). NAMEC is currently occupied by the Native American Education Center and by the College Assistance Migrant Program (CAMP). Both of these functions will require relocation to a site as yet to be determined. The site is further bounded by the College of Science Building to the east, the Food Research Center to the south and the 7th Street Pedestrian Mall and the college of Engineering to the north. The site is sloped south to north and offers the opportunity for views to the north.

As mentioned, the Research and Classroom Facility is envisioned to be 40,000 square feet, minimum. It is envisioned of phase 1 of a 2 phase effort. A second phase of an additional 40,000 square feet to the south is envisioned at a yet to be determined point in the future.

Spaces within the Research and Classroom Facility will include, but may not necessarily be limited to:

- faculty offices and office suites that allow for small scale departments and research institutes to be house together in a collaborative fashion;
- computational research spaces;
- collaborative, technology rich classroom, constructed along the model of spaces prototyped in Renfrew Hall and the Teaching and Learning Center by the University of Idaho in 2013;
- research collaboration spaces and seminar rooms;
- Graduate and Research Assistant spaces;
- and other specialty research and research support spaces as determined to be required.

The Research and Classroom Facility will be designed and constructed in such a manner to support the potential future expansion of the building to accommodate additional academic programs and needs. Such additional program space would possibly include a tiered classroom, various breakout rooms, as well as reception and kitchen/dining services. The date of any such future expansion is yet to be determined and would be subject to further review and approval of the Board of Regents.

3. ALTERNATIVES

Three alternatives have been studied to date.

Alternative 1: Include This Scope within the IRIC Facility Currently Under Design and Construction

This alternative would have entailed including many, more office, office suites, classrooms, seminar rooms, etc. within the scope of the Integrated Research and Innovation Center (IRIC) currently under design and construction and schedule to open in 2016. This alternative would have placed these spaces in a systems-intensive, high-performance facility. These spaces do not need to be in such a high-performance facility and placing them there would be an inefficient use of resources. The alternative also represents a poor choice in terms of opportunity costs as these spaces would by necessity would reduce the number and size of the research laboratories and core laboratories that could be constructed within IRIC. 40,000 sf of office, office suites, classrooms, seminar rooms, etc., as described herein, and added to the IRIC scope as currently in design, would create structure too large for the IRIC site.

In addition, the IRIC facility is a $52 mil effort, the largest single design and construction effort ever accomplished by the University of Idaho on a total dollars basis. Adding an additional scope of $24 mil would have created an untenable and infeasible project. The university rejected this alternative.

Alternative 2: Construct Separate, Dispersed Research and Classroom Spaces in existing Buildings

This alternative consists of an attempt to identify and construct the spaces as described herein in separate, exiting facilities dispersed across campus. The university simply does not have an existing stock of unused or underused space(s) to support this alternative. Space is at a premium on campus and existing programs are often forced into inadequate space. New programs are often denied space requested for their needs. Space is an extremely limited, and limiting, resource in the current campus environment. In addition, this approach does not readily support interdisciplinary interaction and collaboration The university rejected this alternative.

Alternative 3: Construct a Research and Classroom Facility

This option would entail constructing a single facility adjacent to the site of the IRIC facility and within immediate adjacencies of the structures that comprise the research neighborhood in the core of the Moscow Campus. Overall project expenses are expected to be less under this approach since there will be only one site and construction of a single building allows elimination of unnecessary duplication of building systems. Placing these spaces in a less systems-intensive structure will also reduce costs. Combining these spaces in a single structure will also increase collaboration amongst research and research support units. This is the university's preferred alternative.

4. VACATED SPACE

In the main, the Research and Classroom Facility is envisioned as new space to satisfy both existing, pent-up needs that are currently insufficiently housed into inadequate conditions on a "make-do" basis, and to satisfy projected research needs and support needs generated by the IRIC facility to be opened in 2016. Accordingly, there is little to no vacant space generated by this request. Space currently used for instructional laboratories and some research laboratories that may be vacated may be reused to meet additional laboratory space demand. Other prospective uses of vacated space may be for offices and specialized learning areas including computer laboratories, seminar areas, team and group rooms, etc.

As mentioned hereinbefore, however, the design and construction of the Research and Classroom Facility on the selected site will require the demolition and removal of the existing, wood-framed NAMEC building. NAMEC is in poor repair and it is a structure that is of an inefficient size which vastly under-utilizes the site. The NAMEC building is listed as a structure to be removed under the university's adopted Long Range Campus Development Plan (LRCDP). NAMEC is currently occupied by two units and those units will need to be deployed elsewhere on campus as a part of the development of the Research and Classroom Facility. One possible option to be considered is placing these units within the new Research and Classroom Facility, however, the final location for these units is yet to be determined.

.

THIS PAGE INTENTIONALLY LEFT BLANK

CAPITAL BUDGET REQUEST
FY 2018
CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)

AGENCY: **Lewis-Clark State College**	AGENCY PROJECT PRIORITY: 1

PROJECT DESCRIPTION/LOCATION: Living and Learning Complex

CONTACT PERSON: Todd Kilburn	TELEPHONE: 792-2240

PROJECT JUSTIFICATION:

(A) Concisely describe what the project is. Request is for a new, combined-use residential and classroom facility. The entire facility would be approximately 60,000 sq. ft. of which the College-funded dormitory related, dining and fitness space would approximately 52,800 sq. ft. and the classroom, student counseling center, student health and other instructional areas approximately 7,200 sq. ft. Agency funding would cover all dormitory-related areas of the facility. The classroom, student service and instructional sections would be covered by PBF dollars ($2.0 which amounts to about 12% of the total project). The new facility (estimated 150 bed spaces, student counseling, health services and instructional (2 classroom and student study and collaboration areas) would enable LCSC to: 1) keep pace with steadily growing residential student enrollment (there is already a waiting list for students desiring to live in campus housing), 2) retire and/or re-purpose dilapidated, sub-standard dorm units, and 3) provide additional multi-purpose classroom space to support instructional programs.

(B) **What is the existing program and how will it be improved? LCSC's** residential student population has grown significantly over the past ten years. Students are currently housed in four College-owned residence halls, including Talkington Hall (built in 1930), Clark Hall (1951), Parrish House (1956), and our only modern dormitory, Clearwater Hall (2006). Current housing will accommodate only 311 students. We have a significant waiting list at the current time and have completely filled all units, including our off-campus, College-owned units. We have doubled up students where possible in rooms designed for single occupancy. Students from out of the local area who desire to enroll in LCSC programs may choose not to attend the College if suitable, safe dormitories are not available. Bringing the new living and learning facility on board will provide safe, efficient, no-frills housing for our students, expand our classroom capacity, and enable us to re-purpose older units for offices and other suitable uses.

(C) **What will be the impact on your operating budget?** Costs of operating the dormitory portion of the facility will be covered by rent collected from student residents. Oversight of student residents will be provided by Residence Advisors (RAs) who are compensated by receiving free rooms. Custodial and upkeep costs for the classroom section of the facility would be offset with occupancy costs and institutional revenues.

(D) **What are the consequences if this project is not funded?** Without a newer facility of the type requested, access for current and future out-of-area students who seek degrees/certificates at LCSC would be limited. For first year and continuing students, the positive living and learning environment which is possible in a residential facility with integrated classrooms helps recruit and retain students and increases students' opportunities for engagement and motivation. If PBF dollars were not available to support the classroom portion of the project, the College would need to press ahead using agency funds to meet student housing needs.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

ESTIMATED BUDGET:		FUNDING:	
Land	$0	PBF	$2,000,000
A/E fees	$ 500,000	General Account	$0
Construction	$ 14,650,000	Agency Funds	$15,000,000

CAPITAL IMPROVEMENT PROJECT DESCRIPTION
(New Buildings, Additions or Major Renovations)

AGENCY: College of Southern Idaho AGENCY PROJECT PRIORITY:

PROJECT DESCRIPTION/LOCATION: Canyon Building Remodel and Modernization

CONTACT PERSON: Jeff Harmon TELEPHONE: 208-732-6210

PROJECT JUSTIFICATION:

(A) This project consists of remodeling and modernizing approximately 25,000 square feet of existing classrooms and offices which were originally constructed in 1976.

(B) This space houses our Information Technology Education Program. Remodeling will make more efficient use of the existing area and create an instructional environment more in line with modern instructional standards and practices.

(C) There will be no anticipated impact on our operating budget.

(D) Failing to fund this project will hinder our ability to create the most effective learning environment for the maximum number of students.

PLEASE INCLUDE ANY ANTICIPATED ASBESTOS COSTS IN THE OVERALL BUDGET.

ESTIMATED BUDGET:		FUNDING:	
Land	$	PBF	$ 825,000

Capitol Budget Request
Set A - Request - 2018
Capital Improvement

Agency:	College of Western Idaho	Agency Project Priority: 1

Project Description/Location:	Boise Campus Building & Site Development	Boise Campus

Contact Person	Craig Brown	562-3279 ph.

Project Justification

(A) Concisely describe the Project

This project will assist the College of Western Idaho with design work for a building and site improvements at the Boise Campus located at Main and Whitewater Blvd. It is anticipated that the College will have completed preliminary design and programming necessary to support this project. Any additional funds required for design services will be provided by the agency.

(B) What is the existing program and how will it be improved?

Existing programs and facilities are located within leased space located at the Black eagle business park on Overland Rd. and Maple Grove Rd. New College owned facilities will be required for accreditation to support long term feasibility and to better serve the community as a whole. It is anticipated at this time that a first phase building will occur on-site to support approximately 200,000s.f.

(C) What will be the impact on your operating budget?

Additional operating costs will be incurred related to utilities and maintenance. Some costs will be offset through relocation of some services and programs. Revenue will also be generated to support operations of the facility through retail and convention services.

(D) What are the consequences if this project is not funded?

Student fee increases may have to occur and it is likely the timing of the project would be delayed. The project scope would be impacted including the reduction of some services.

Estimated Budget:			**Funding:**		
Land			PBF	$	750,000
A / E Fees	$	6,000,000	General Account		
Construction	$	45,000,000	Agency Funds

(New Buildings, Additions or Major Renovations)

AGENCY: **North Idaho College** AGENCY PROJECT PRIORITY: **1**

PROJECT DESCRIPTION/LOCATION: **Hedlund Black Box Theater Remodel**

CONTACT PERSON: Chris Martin TELEPHONE: 208-769-3340

PROJECT JUSTIFICATION:

(A) This project is a remodel of the diesel labs being vacated in the Hedlund Building. These labs and main restrooms will be converted into a black box theatre for enhanced lab and performance space for the performing arts.

(B) Currently the only performance space on campus is the Schuler Performing Arts Center with a 1,200 seat auditorium. The addition of a smaller, fully flexible black box space will enhance the music and theatre arts programs allowing smaller performances, flexible format space and also free up Schuler Performing Arts Center for larger performances.

(B) This project has no anticipated impact on operating budget.

(D) Without the establishment of the black box theatre the existing diesel lab spaces will be dormant and not fully utilized for student learning or college operations. The existing space is set-up for program specific labs for career and technical education programs.

BOISE STATE UNIVERSITY, IDAHO STATE UNIVERSITY, and UNIVERSITY OF IDAHO

SUBJECT

Report on National Collegiate Athletic Association (NCAA) Academic Progress Rate (APR) Scores

REFERENCE

August 2015	Board received NCAA APR Report

BACKGROUND/DISCUSSION

NCAA instituted the APR tracking system in 2004 in response to public concerns over academic performance and graduation rates among student athletes. The system has evolved over time, and the process is now adjusting to changes implemented in 2011 at the behest of NCAA college presidents. The APR is determined by using eligibility and retention data for each student-athlete on scholarship during an academic year. Student-athletes are awarded points for each semester they are enrolled and for each semester they are eligible for intercollegiate competition. The single and multi-year APR is determined as a percentage of points earned divided by total points possible for that cohort, with the resulting number multiplied by 1,000. Theoretically, if every scholarship athlete on a team's roster maintains academically eligibility and stays in school, each of them would earn two points—the total of those points would be divided by the total possible points, and the team would receive a "perfect" 1,000 APR score. The NCAA calculates the APR rate as a four-year rolling average. Currently, the benchmark minimum score for each sport is 930. Teams that fall below the 930 minimum are subject to sanctions which may include loss of scholarships. APR averages which fall below 900 over time may also include restrictions on practice time, loss of post-season competition eligibility, and other penalties.

IMPACT

APR reports from the three NCAA member institutions are provided. All three institutions report that they are meeting the 930 APR benchmark and/or are making progress toward that goal. The current four-year rolling averages for all teams are above the 900 APR threshold which could trigger significant sanctions, if not met.

ATTACHMENTS

Institution narrative and NCAA 2014 – 2015 Academic Progress Rates

STAFF COMMENTS AND RECOMMENDATIONS

Overall, each of the three NCAA member institutions is making marked progress in APR scores. After any adjustments granted by the NCAA, all teams at all three of the universities have met the four-year 930 APR benchmark, with the exception of Football and Men's Cross Country at the University of Idaho (however, both teams were provided exceptions from the NCAA which relieved imposition of post-season competition sanctions). The APR system is a useful element in institutions' toolkits to track and encourage academic success for student athletes. When coupled with additional measures, such as Grade Point Averages and graduation/degree completion results, the APR can provide performance metrics to support data-informed decisions and effective engagement by athletic departments and institutions executives in support of the Board's academic goals.

BOARD ACTION

Boise State University
Spring 2016 NCAA Academic Progress Rate (APR) Report Summary

Boise State Athletics earned its highest single-year NCAA Academic Progress Rate for the 2014-15 reporting year, combining for a department record of 991. The department's multi-year APR of 981 was also a record.

In all, 13 of the Broncos' programs recorded perfect single-year scores of 1,000 for 2014-15 – men's cross country, women's cross country, men's golf, women's golf, gymnastics, soccer, swimming & diving, women's tennis, men's indoor track & field, men's outdoor track & field, women's indoor track & field, women's outdoor track & field and volleyball.

Additionally, nine programs recorded record multi-year APR scores, including women's cross country (996), men's golf (980), women's golf (1,000), soccer (1,000), softball (991), swimming & diving (998), women's tennis (1,000), women's indoor track & field (982) and wrestling (980).

The Boise State football team ranked second in the Mountain West with a multi-year score of 982, up one point from 2013-14 and ranking tied for 15th nationally amongst schools in the Football Bowl Subdivision.

Boise State's women's golf, swimming & diving and women's tennis teams led the Mountain West in multi-year APR, while the volleyball team ranked second in the league (995) and the women's cross country (996), softball (991) and men's tennis (992) teams each ranked third.

At 961, the men's basketball team's multi-year score is up 10 points from last year's release, and 20 points from two years ago.

The Broncos' women's golf and women's tennis teams each earned Public Recognition Awards for having multi-year APR scores in the top-10 percent of their respective sports nationally.

Idaho State University
Spring 2016 NCAA Academic Progress Rate (APR) Report Summary

The 2014-15 one-year score for the whole department was 972. This is the 4th highest single year score for ISU's overall APR (2011-12: 983, 2013-14: 983, 2012-13: 973). The one-year Eligibility score was the 4th highest ever for the department with a score of 966 and the one-year Retention score was the 2nd highest ever for the department with a score of 973.

- 5 of ISU's 15 teams scored a perfect 1000 (Down from 7 last year)
  - Women's Golf had their sixth perfect 1000 single-year score in the last 6 years and their 7th in the last 8 years. The four-year average for Women's Golf remains at a perfect 1000.
  - Men's Cross Country had their second perfect 1000 in a row and their 6th single year 1000 in the twelve-year history of the APR. Their four-year score is at a 990. However, with the upper confidence boundary statistical adjustment for having less than 30 members in the cohort for the four-year average, they have a four-year score of a 998.
  - Men's Tennis had their second perfect 1000 in a row for their one-year score to move their four-year score to a 966. The four-year score of 967 is the highest four-year score ever for Men's Tennis. In addition, the four-year retention score (947) and the four-year eligibility score (984) are the highest ever for Men's Tennis
  - Women's Cross Country had a perfect 1000 for the 5th time ever and the second time in 3 years.
  - Volleyball achieved a perfect 1000 for the 6th time in the twelve-year history of the APR. The four-year score for volleyball is at a 990 which ties their record for the highest four-year score for them (2012-13, 2013-14).

The 2014-15 four-year average for the whole department was the highest ever at 980 up from last year's record of 973. The four-year Eligibility score was the highest ever for the department with a score of 976 and the four-year Retention score was also the highest ever for the department with a score of 973

- Football had a one-year score of 972 (the 3rd highest ever for Football). The four-year score for football is now a 977 which is a four-year record for them. The previous record was 962 for the 2010-14 four-year period. This marks the 4th year in a row that the Football team has improved on its four-year score (881, 914, 942, 962)
- Women's Basketball achieved a record four-year score for them at a 991. The previous record was 986 for the 2010-14 four-year period. This marks the 4th year in a row that Women's Basketball has improved their four-year score (931, 947, 976, 986).
- Men's Basketball achieved a record four-year score for them at 973. Their previous high for a four-year score was 947 for the 2010-14 four-year period. This is the third year in a row that the four-year score has increase for this team (913, 918, 947).

- Men's Cross Country achieved its highest four-year eligibility score ever (981) and its highest overall four-year score ever (990). In addition, Men's Cross Country was given an upper confidence boundary statistical adjustment so their four-year score is a 998 now.
- Men's Tennis achieved their highest four-year score ever with a 966. Additionally they set the record for highest four year retention score (947) and highest four year eligibility score (984)
- Women's Golf for the 3rd year in a row has a perfect 1000 four-year score.
- Women's Soccer's achieved their highest four-year score of 983.
- Women's Tennis achieved their highest four-year retention score with a 982. The previous record was 971 for the 2010-14 four-year period.
- Women's Track achieved their highest four-year score with a 983. The previous record for Women's' Track was 981 from the 2010-14 four-year period. Women's Track also achieved their highest four-year eligibility score of 977.
  - Note: Women's Track Indoor and Outdoor have been combined into one score by the NCAA. This is also true for Men's Track
- Volleyball has tied its top four-year mark of 990 (2009-13 and 2010-14). This marks the third year in a row that the four-year mark has been 990 while the one-year mark is 1000. The marks of 990 for both retention and eligibility also tie the record for volleyball.
- Softball has achieved its highest four-year score with a 986. This marks the 5th year in a row that the softball team has improved its four-year score (893, 896, 925, 971, 981)
- **For the first time in the history of the APR, four year scores for all of the teams at ISU are above the 960 mark. The 2010-14 period was the first four-year period that all teams were above a 930.**

Summary

- 3 teams made one-year score improvements from the year before (Football, Women's Cross Country and Women's Soccer)
  - 4 teams (Men's Cross Country, Men's Tennis, Women's Golf and Volleyball) had the same one-year score, a perfect 1000, as they did in the 2013-14 school year.
- 9 Teams Made four-year score improvements from the year before. (Men's Basketball, Men's Cross Country, Football, Men's Tennis, Women's Basketball, Women's Cross Country, Women's Soccer, Softball, Women's Track)
  - Women's Golf can't go any higher because they have a four-year score of 1000 the last three years.
  - Volleyball stayed the same at 990
- 6 teams saw a decrease in their one-year scores (Men's Basketball, Men's Track, Women's Basketball, Softball, Women's Tennis, Women's Track)
- 2 teams saw a decrease in their four-year scores (Men's Track and Women's Tennis)

University Of Idaho
Spring 2016 Academic Progress Rate (APR) Report Summary

The University of Idaho sponsors sixteen NCAA sports and of those, fourteen currently maintain a 4-year average of at least 950. In 2014-2015, seven of those sports posted a perfect 1000 single year score. Those sports include men's basketball, women's basketball, women's cross country, women's golf, women's tennis, women's track and women's volleyball. Women's golf scored a perfect 1000 for the fifth year in a row and was recently honored by the NCAA for performing in the top 10 percent of all squads in their respective sport.

Overall, the multiyear APR scores increased for the entire department. Idaho's average multiyear APR score, by sport, is 961.86, an increase of 6.63 points from the prior year's average. Idaho's average singe year APR score is 970.86. That is an increase of 3.3 points compared to the prior year's average.

Football and Men's Cross Country are the only sports below the benchmark 930 Multiyear Rate to be eligible for post-season competition. However, both teams met exceptions that provided relief to the post-season ban and associated penalties. Football's two-year average for academic years 2013-14 and 2014-15 was 953. This met the NCAA two-year APR average requirement of 950 to be exempt from all penalties. Their four-year average was 904, an 8-point increase from the prior four-year average. Men's Cross Country met the small roster exemption, allowing them to compete for post-season competition.

The Men's Golf team was set to incur penalties in 2015-16 for posting a rate below the 930 multiyear APR benchmark in 2014-15. However the team recovered an adjustment point from the 2010-11 academic year which bolstered the team multiyear rate above the 930 benchmark.

Football's implementation of the APR Improvement Plan under Head Coach Paul Petrino has proven effective as their single year rate has increased steadily over the past three years. The team incurred level-one penalties in 2014-15, received a conditional waiver for the level-two penalties in 2015-16 due to the increase in performance, and are projected to meet the 950 two-year average exemption that would provide relief from any additional penalties in 2016-17.

NCAA Division I 2014 - 2015 Academic Progress Rate Institutional Report

Institution: University of Idaho   Date of Report: 07/14/2016

This report is based on NCAA Division I Academic Progress Rate (APR) data submitted by the institution for the 2011-12, 2012-13, 2013-14 and 2014-15 academic years. Institutions are encouraged to forward this report to appropriate institutional personnel on campus.

[Note: All information contained in this report is for four academic years. Some squads may still have small sample sizes within certain sport groups. In accordance with the Family Educational Rights and Privacy Act's (FERPA's) interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report for cells made up of three or fewer students without student consent.]

Sport	APR			Eligibility/Graduation		Retention	
	Multiyear Rate (N)	Multiyear Rate Upper Confidence Boundary	2014 - 2015 (N)	Multiyear Rate	2014 - 2015	Multiyear Rate	2014 - 2015
Men's Basketball	965 (52)	N/A	1000 (13)	980	1000	948	1000
Men's Cross Country	926 (24) [5 3]	964	850 (5)	875	800	978	900
Football	904 (349) [9 4 2]	N/A	957 (85)	883	950	916	957
Men's Golf	953 (40)	N/A	930 (11)	960	955	945	905
Men's Tennis	957 (40)	N/A	917 (12)	942	889	943	944
Men's Track	956 (78)	N/A	969 (17)	893	906	980	938
Women's Basketball	962 (57)	N/A	1000 (13)	991	1000	934	1000
Women's Cross Country	980 (41)	N/A	1000 (13)	974	1000	974	1000
Women's Golf	1000 (33)	N/A	1000 (8)	1000	1000	1000	1000
Women's Soccer	986 (95)	N/A	988 (24)	1000	1000	971	974
Women's Swimming	956 (95)	N/A	981 (27)	956	1000	956	962

* Denotes data representing three or fewer student-athletes. In accordance with FERPA's interpretation of federal privacy regulations, institutions should not disclose statistical data contained in this report in cells made up of three or fewer students without student consent.
N/A = No APR or not applicable.
N = Number of student-athletes represented.
[1] Denotes APR that does not subject the team to ineligibility for postseason competition based on institutional, athletics and student resources and the team's Graduation Success Rate.
[2] Denotes APR that does not subject the team to ineligibility for postseason competition due to the team's demonstrated academic improvement.
[3] Denotes APR that does not subject the team to ineligibility for postseason competition due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 930 for that team to be subject to ineligibility for postseason competition. Squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.
[4] Denotes APR that does not subject the team to penalties due to the team's demonstrated academic improvement.
[5] Denotes APR that does not subject the team to penalties due to the squad-size adjustment. The "upper confidence boundary" of a team's APR must be below 930 for that team to be subject to penalties. The squad-size adjustment does not apply to teams with four years of APR data and a multiyear cohort of 30 or more student-athletes.
[6] Denotes APR based on a one year cohort, not subject to ineligibility for postseason competition and/or any penalties.
[7] Denotes APR based on a two year cohort, not subject to ineligibility for postseason competition and/or any penalties.
[8] Denotes that team is not subject to ineligibility for postseason competition and/or penalties based on institutional resources.
[9] Denotes APR that requires an APP Improvement Plan be created for this sport.

IDAHO NATIONAL LABORATORY

SUBJECT

Request for Idaho State Board of Education (Board) sponsorship of Idaho National Laboratory (INL) facility expansion project

REFERENCE

May 2016	Board received initial overview briefing on proposed project from INL Program Manager.
June 2016	Board members toured potential construction sites for new facilities on properties adjacent to INL operations. Board assigned two of its members to serve on a project feasibility/coordination team.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I. Real and Personal property and Services

BACKGROUND/DISCUSSION

The Idaho National Laboratory (INL) proposes to expand, through new construction, its Cybercore and Collaborative Computing Center (C3) operations in Idaho Falls. The Cybercore and C3 programs are currently carried out in smaller facilities at the INL site, and additional space is needed to accommodate the increased demand for the programs carried out in the two facilities. The Cybercore supports a wide range of cyber security research projects. The C3 provides massive, high-speed computational capability to support regional and national research operations. The new facility construction could be financed through bonds issued by the Idaho State Building Authority (ISBA). The ISBA would also oversee construction of the facilities. The preferred sites for the new Cybercore and C3 facilities include properties owned by the Board and/or the Idaho State University Foundation (Foundation), adjacent to existing INL research facilities.

Likely lease arrangements would include a ground lease of the construction site property from the Board to the ISBA. In parallel, lease arrangements would be established for the ISBA to lease the new facilities to the Board, which would sub-lease the facilities to the INL. Rent from INL for the facilities would be passed back through the Board to ISBA until the facilities were paid off, at which time all rent proceeds from INL would go to the Board and ISBA's role would be complete. The facility lease to INL would be triple net, with the lessee being responsible for all operational costs, utilities, applicable taxes, insurance, and maintenance. There would be no operational costs for the Board under the anticipated arrangements, and financing and project management responsibilities would be borne by ISBA, to suit Board interests.

The proposed use of the properties would help preserve contiguity of a growing INL Idaho Research Campus. The proposed lease arrangements parallel those currently used in the Board's lease of the Center for Advanced Energy Studies (CAES) facilities to the INL. The Board has been invited to be the state Sponsor for the project, a pre-requisite for using ISBA bonding authority. Bonding will also require Legislative action in the form of a concurrent resolution in the upcoming 2017 session.

A Board member-chaired working group has been established to work with INL, ISBA, Idaho State University (ISU) and the ISU Foundation, as needed, to flesh out plans and prepare options for Board action/decisions. On June 30, 2016, the Board's working group members (Hill and Atchley) received additional updates on the status of project planning and reviewed additional information on potential construction sites. Early discussions on the project have taken place with the Governor's Office. The project is being forwarded to the full Board for discussion and consideration of INL's sponsorship request.

IMPACT

Board sponsorship of the proposed INL Cybercore and C3 project will enable the initiative to move forward and will enhance the opportunities for joint research activities by the INL and regional research universities. The project will have a positive impact on the region and the state in two areas of critical importance to global competitiveness and national security. Following payment of debt for construction, lease payments from INL would redound to the Board and would be available to support additional strategic goals and objectives. No institution or agency dollars would be needed to carry out the two construction projects (each estimated at approximately $40 Million, for a total of $80 Million).

ATTACHMENTS

Attachment 1 – INL information update on Cybercore and C3 project Page 5
Attachment 2 – Background info on Idaho State Building Authority Page 25

STAFF COMMENTS AND RECOMMENDATIONS

Board sponsorship of this project will enable design and financial planning efforts to move forward. Following a decision to sponsor the project, the Board would have a number of decision points in the future prior to moving ahead with detailed design, construction, financing, and lease arrangements. Implementation would also be contingent upon legislative concurrence for the financing plan. The ISBA is highly-experienced in financing and managing major construction projects for the state. The proposed leasing arrangements would enable the INL funds which will drive the project to be used effectively and meet the needs of the Board. Staff recommends approval of Board sponsorship as a necessary step in fleshing out further planning for the initiative.

BOARD ACTION

I move to approve the request for Board sponsorship of the Idaho National Laboratory Cybercore and Collaborative Computing Center project, subject to subsequent approval of plans for financing and construction of the project through the Idaho State Building Authority.

Moved by_____________ Seconded by______________ Carried Yes____ No____

Briefing to State Board of Education Working Group Members C3 and Cybercore Facilities

June 30, 2016

Dr. Kelly J. Beierschmitt,
Deputy Laboratory Director of Science and Technology

www.inl.gov

Idaho National Laboratory

State of Idaho Advantages from Facility Lease

Benefits for the state of Idaho to pursue the partnership with INL include:

- Provides a defined and steady income for the State Board of Education (SBOE)
- Utilizes underdeveloped state-owned properties
- Supports economic growth
- Creates opportunities for Idaho students to engage in nuclear and cybersecurity research
- Increases partnership between INL and SBOE in higher education and research

INL to Expand Research and Education Campus

Leased facilities will be procured to enhance the nuclear energy and national security missions at the lab

- Cybercore
  - Virtual Research Park to unify and integrate resources for urgent and high consequence national control systems security challenges
  - A holistic approach to people, partnerships and technology to ensure progress on hard challenges with expert support across multiple agency missions
  - Facilitates an elite talent pipeline for a unique interdisciplinary domain within cybersecurity
- Collaborative Computing Center (C3)
  - Center focused on collaboration to support advanced computation needs of the lab, academia and industry
  - C3 is an important capability that helps enable the Gateway for Accelerated Innovation in Nuclear (GAIN), Idaho universities, and modeling and simulation needs across the region

Idaho National Laboratory

Cybercore Advances University Collaborations

University Partnerships

- Enhances engagement with Idaho universities, including lab research initiatives at Boise State University's Cyber Center.

Internship Opportunities

- Provides opportunities for increased student internships in areas like cybersecurity and controls system engineering
- Supports graduate research and technology innovation

Idaho National Laboratory

Cybercore supports Idaho engagement

Idaho and Federal Partnerships

- Extends partnering with Idaho and federal agencies and other national labs on cybersecurity challenges related to critical infrastructure security.

Industry Engagement

- Increases opportunities for interactions and research with critical infrastructure owners and operators including Idaho-based utilities.

Cybercore Provides Career Opportunities

Some of the employment options for Idaho students include:

- Power Engineering
- Wireless Research
- Controls Systems Engineering
- Cybersecurity
- Experimental Mechanics
- Chemistry
- Physics
- Thermodynamics
- Nuclear Engineering
- Electrical Engineering

Idaho National Laboratory

C3 Advances University Collaborations

University Partnerships

- Extends university computation and research opportunities, as the computational hours available for university collaborators will significantly increase as additional capacity is installed at C3.
- The computational hours available for university collaborators will significantly increase as additional capacity is installed at C3.

Interns and Post Doctoral Opportunities

- Provides dedicated office and research space to support university researchers, student interns and post doctoral collaboration and computation..
- Enhances opportunities for students to engage in nuclear energy research, computation and collaboration with the lab, for example, the recently announced $5.5 million in research allocations from DOE to Idaho Universities.

Idaho National Laboratory

C3 supports Idaho engagement

Idaho and Federal Partnerships

- Extends partnership opportunities with the State of Idaho in modeling and simulation research and collaborative computational science efforts.

Industry Engagement

- Increases opportunities for cooperation with Idaho industry interested in nuclear and clean energy research.
- Facilitates greater access to research expertise, computation science skills, and computational power needed to solve technical challenges to the adoption and expansion of nuclear energy.

C3 Provides Career Opportunities

Some of the employment options for Idaho students include:

- Nuclear Engineering
- Computational Science
- Material Science
- Computer Science
- Radiological Chemistry
- Environmental Science
- Nuclear Chemistry
- Physics
- Thermodynamics
- Computational Mechanics
- Electrical Engineering
- Structural Mechanics

INL/Idaho State Board of Education partnership request

Sponsorship by the SBOE for leasing Cybercore and C3 facilities to INL utilizing the Idaho State Building Authority (ISBA) processes.

- With SBOE approval to sponsor, the ISBA with the support from INL, as requested will:
  - Draft the required legislation
  - Introduce the legislation for approval by legislative branches
- With legislative approval, the ISBA, with support from INL, as requested will:
  - Acquire property (if needed)
  - Plan and develop each facility
  - Contract for design, construction management and construction of each facility
  - Structure and gain required financing for each facility
  - Develop leases for each facility between the ISBA and SBOE
  - Develop sub-leases for each facility between SBOE and INL

Possible schedule and risk reduction opportunities

- With approval of the SBOE, INL would contract the design for both facilities to expedite schedule and possible reduction of lease costs to INL or inclusion of the design costs as a part of each lease.
- If all parties agree to INL contracting the designs/construction bid documents and if required legislation is not approved, SBOE would define the lease or purchase prices for each preferred site for developers to utilize the INL contracted design to construct leased facilities for INL.
- With approval of the SBOE, INL and Idaho State Building Authority (ISBA) would develop the request for proposals (RFP) documents for construction management services and construction for each facility
- With approval of the SBOE, INL and ISBA would develop sub-lease requirements for each facility to support INL request for DOE approval.

SUMMARY
of
IDAHO STATE BUILDING AUTHORITY
June 1, 2016

The Authority was created in 1974 by enactment of the Idaho State Building Authority Act of 1974 (the "Act"). In general, the Act empowers the Authority to acquire, construct and develop facilities for lease to the state government entities and community college districts and to finance the costs by issuing notes and bonds payable from the lease revenues derived from those facilities. The Authority is authorized to provide facilities for state agencies and institutions and for community college districts provided, as a condition of "financing" of such facilities, the state agency or community college district obtains "prior legislative approval" to enter into agreements with the Authority for financing of the facilities.

The Act delegates broad powers and discretion to the Authority relating to acquisition of property, planning and development of facilities, contracting for design and construction of facilities, and structuring of financing.

The Authority is governed by a board of seven commissioners appointed by the Governor with the advice and consent of a majority of the members of the Senate. Commissioners serve for terms of five years.

Throughout the financing and development of projects, the Authority works closely with the using agency and others involved in the project. Thorough participation by the using agencies and other intended occupants is critical through design and construction to ensure the facilities meet their needs and preferences and that the project can be delivered within budget and within the time required. The Authority's financing activities, project budgets, contracts and accounts relating to projects are open to review at all times and the Authority conducts its business subject to the Idaho Public Records Act and the Idaho Open Meetings Law.

Financing of Projects. The Authority may not finance any facility unless: (a) the state body or community college district has prior legislative approval to enter into agreements with the Authority for specific facilities; (b) the state body or community college district has entered into appropriate agreements with the Authority for the facilities; and (c) the Authority board finds that the facilities "will be of public use and will provide a public benefit". The Authority can, if necessary, arrange interim financing to pay project-related costs to be incurred prior to issuing bonds for the project. The interim financing is repaid from the proceeds of bonds together with all financing expenses and other anticipated costs to complete the project.

Bonds are typically underwritten and sold on the bond market as either tax-exempt or taxable bonds depending upon the mix of intended users of the facilities. For portions of the facility to be used by state agencies, local government entities and qualified non-profit entities, tax-exempt interest bonds may be used. For portions of the facilities to be used by federal agencies or private entities, taxable bonds are issued. The Authority requires that all bonds be offered on a first-priority basis to Idaho residents.

The term of bonds is determined based upon the amount of total financing required, the amount available for using entities to pay annual rent to the Authority to service the debt, and other factors.

Acquisition of Property. The Authority may purchase, lease or otherwise acquire real property for development of facilities. Where the facilities to be financed and developed by the Authority are to be located on land already owned by the state of Idaho, the Authority typically enters into a long-term ground lease with the state for the land and simultaneously enters into a lease-back of the facilities to be constructed to the primary using agency which may enter into subleases with other users. The Act expressly authorizes the state to lease, with or without consideration, real or personal property to the Authority for a term not to exceed 50 years. The ground lease and lease-back agreement each include provisions that both leases terminate automatically when all bonds issued to finance the project have been paid in full and full ownership of the facilities then revert to the state. The agreements for acquisition of land and leases may vary depending upon the particular requirements of a project.

Design, Construction and Development. The Authority has considerable flexibility in contracting for design and construction of facilities. The Act expressly states that contracts for construction or acquisition of facilities need not comply with provisions of any other state law applicable to contracts for construction or acquisition by the state. The Authority has used various contracting methods for development of facilities, including competitive bidding, competitive negotiation, construction management, and design-build. The method used is determined based upon the particular characteristics of the project and needs of the using agency.

Completed Projects. The Authority has successfully financed numerous projects, including:

- Several state government offices in Lewiston, Boise and Idaho Falls;
- Teaching and housing facilities at the School for Deaf & Blind in Gooding;
- Several state prison projects for Department of Correction;
- Headquarters and park facilities for Department of Parks & Recreation;
- Housing and related facilities at Idaho State School & Hospital for Department of Health & Welfare;
- Renovation and Expansion of Idaho State Capitol Building
- Capitol Mall Parking facilities
- Idaho Water Center for University of Idaho and Department of Water Resources
- Higher Educations projects on the campuses of University of Idaho, Idaho State University, Boise State University, North Idaho College, Lewis & Clark State College, College of Southern Idaho and Eastern Idaho Technical College.

BOISE STATE UNIVERSITY

SUBJECT

Request to license Oracle's HCM Cloud application under the existing Public Sector Agreement for Oracle Cloud Services.

REFERENCE

February 2011	Board approved licensing agreement for $330,000 with iStrategy to assist in final phase of data warehouse move from PeopleSoft enterprise resource planning systems to new Human Resources/Payroll, Financial, and Financial Aid modules. Feasibility of moving all eight public postsecondary institutions to iStrategy in support of the Statewide Longitudinal Data System (SLDS) was considered but deemed infeasible due to cost, timing, and system incompatibility concerns.
April 2011	Enterprise System Roadmap Implementation Project update (information item) provided by Boise State University.
October 2011	Board approved (not to exceed) $1.5M contract with CIBER for consulting and project management services to support student services system upgrades as part of the university's continuing Enterprise Roadmap project. Board discussed feasibility of system-wide software platforms for support of SLDS.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.3.a. and b.

BACKGROUND/DISCUSSION

In April of 2011, Boise State University (BSU) presented the Idaho State Board of Education (Board) with its Enterprise System Roadmap as a strategy to transition to a more sustainable and maintainable system state, and more importantly, to gain more value and effectiveness from our enterprise systems. Since that presentation, many large projects have been completed including:

- PeopleSoft Campus Solutions refresh
- Infrastructure Upgrades
- Identity & Access Management
- myBoiseState
- Data Warehouse for Student data

- User Productivity Kit
- Project Management Office
- eAdvising
- myBoiseState Mobile
- PeopleSoft Human Capital Management renovation project
- Established University cyber infrastructure
- Expanded learning and discovery technologies in the classroom
- Implemented Hobsons admissions systems
- Expanded IT communications, training offerings and learning opportunities
- Developed Online Major Change application

In furtherance of its effort to shift resources from sustaining systems to innovating and advancing systems, in April 2015, BSU embarked on a project to transition from its on-site PeopleSoft financial system to Oracle's ERP Cloud product. BSU partnered with Oracle as a charter institution and on July 1, 2016, became the first higher education institution in the world to go-live on the cloud software. The project aligns with the institutional commitment to reduce customizations and operating costs and embrace best practices in process improvement, creating a more sustainable operation.

Migrating enterprise systems to the cloud has many benefits to BSU. The operating costs are lower than on-site systems. Cloud systems also eliminate the need for costly multi-million dollar upgrades as technological improvements are added to the cloud every six months through version releases.

In addition, system security has been strengthened in the Oracle ERP Cloud as it:

- Reduced critical security software patching requirements. Keeping all of the technologies required to securely maintain and patch the PeopleSoft infrastructure was becoming unwieldy, and, in some cases, BSU was at the end-of-life on operating systems with no critical patches available.

- Allowed BSU to deploy end-to-end encryption on all data. The mix and match technologies used for PeopleSoft caused technical issues with deploying end-to-end encryption.

- Meets and attests to Payment Card Industry (PCI), Family Educational Rights and Privacy Act (FERPA), Gramm-Leach Bliley Act (GLBA), and Health Insurance Portability and Accountability Act (HIPPA) compliance requirements. As a service provider, Oracle Cloud meets Service Organization Control (SOC) 1, 2 and 3 reporting requirements and follows Statement on Standards for Attestation Engagements No. 16 (SSAE 16) audit standards.

As part of the Enterprise Resource Planning (ERP) Cloud project, BSU also implemented a new change facilitation process. Recognizing that campus units also need to "implement" in order to achieve the maximum return on investment (ROI), a significant amount of effort was spent on individual campus units' process improvement. Historically, BSU found that campus added new tasks to existing tasks when new systems replaced old. Rarely were processes evaluated to determine how they could evolve at the unit level. Over 400 people were actively engaged in the process redesign sessions. Unit level decision points were tracked against related leadership goals, which will allow BSU to calculate the project ROI. Rapidly improving cloud technology is only valuable if BSU actually implements the new functionality. The strategies used for this implementation will be repeated for each incremental roll-out of functionality ensuring BSU maximizes the tool on an ongoing basis. This process is unique in higher education and BSU has been asked to present this process at conferences and to provide assistance to other institutions.

IMPACT

The ERP Cloud project replaced all of BSU's financial, procurement and reporting applications and introduced new post award grant functionality. The next step in the process involves replacing the PeopleSoft Human Capital Management system. Like the old PeopleSoft finance system, BSU is operating on a version that is no longer supported.

BSU has negotiated the licensing of the Oracle HCM Cloud product under the terms of its existing Public Sector Agreement for Oracle Cloud Services to replace its PeopleSoft HCM suite. The contract allows BSU to reduce the maintenance cost of its PeopleSoft products during the implementation period.

The product includes modules addressing:

- Core HR and Benefits
- Payroll
- Time and Labor
- Performance Management (new)
- Talent Review (new)
- Succession Management (new)
- Goals Management (new)

The total cost of the product suite of $2,147,963 is offset by PeopleSoft maintenance cost savings of $867,090 for a net cash flow over five years of $1,295,273 million. The source of funding is institutional funds set aside for system investments and current operating budget.

This investment will provide state-of-the-art technology and allow for improved business processes. Employees will benefit from improved efficiencies, more self-service options and greater access to transactional data to support analysis. As with the finance project, BSU will work closely with campus to ensure adoption of the features and maximize ROI in alignment with program prioritization goals.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

This project—adoption of a state-of-the-art Human Capital Management (HCM) system—is part of an ongoing sequence of initiatives at BSU to migrate central data systems to the cloud and to enhance usability and security of operations. The institution has been diligent in coordinating a highly complex project among its multiple users and stakeholders. The proposed licensing arrangement should alleviate many of the follow-on support and software patching headaches that have been typical in legacy, on-line systems. Staff recommends approval.

BOARD ACTION

I move to approve the request by Boise State University to execute an ordering document under the Public Sector Agreement for Oracle Cloud Services to license the products as presented to the Board in Attachment 1.

A. Terms of Your Order

1. Agreement

This order incorporates by reference the terms of the **Public Sector Agreement for Cloud Services US-CSA-QT5341943** and all amendments and addenda thereto (the "Agreement"). The defined terms in the Agreement shall have the same meaning in this order unless otherwise specified herein.

2. Payment Terms:

Net 30 days from invoice date

3. Payment Frequency:

Quarterly Arrears

4. Currency:

US Dollars

5. Offer Valid through:

26-AUG-2016

6. Services Period

The Services Period for the Services commences on the date stated in this order. If no date is specified, then the "Cloud Services Start Date" for each Service will be the date that the User login names and password are issued to you to access the Services, and the "Consulting/Professional Services Start Date" is the date that Oracle begins performing such services.

7. Service Specifications

Service Specifications applicable to the Cloud Services and the Consulting/Professional Services ordered may be accessed at www.oracle.com/contracts.

8. Renewals

Notwithstanding any statement to the contrary in the Services Specifications, the parties expressly agree that the Cloud Services acquired under this order will not Auto-Renew.

The Unit Net Price for the renewal will not increase by more than 4% of the Unit Net Price for such Cloud Service set forth in this order. The Cloud Services may not be renewed as described in this paragraph if: (i) Oracle is no longer making such Cloud Services generally available to commercial customers, or (ii) You are seeking to cancel or reduce the ordered quantity of the Cloud Services set forth in this order.

B. Additional Order Terms

1. Shelving of Licenses

a) Program Licenses Subject to Shelving. In order to use the Cloud Services specified in the Cloud Services table above, and subject to the terms of this provision, You agree to desupport, and not to use, the non-Cloud Oracle program licenses listed in the attached License Shelving Exhibit during the Shelving Period (as defined below). The desupport and non-use of such non-Cloud Oracle program licenses in accordance with the terms of this "Shelving of On Premise Program Licenses" section shall be referred to as "shelving." The Oracle program licenses listed in the License Shelving Exhibit are those on-premise program licenses You previously acquired under a separate contract with Oracle, and are referred to as the "Shelved On Premise Licenses." The shelving of the Shelved On Premise Licenses is subject to the requirements set forth in this "Shelving of On Premise Program Licenses" section. Notwithstanding anything to the contrary, You acknowledge and agree that the Shelved On Premise Licenses may only include Oracle on-premise program licenses for which You maintain technical support in accordance with Your separate contract with Oracle for those licenses and technical support services up to the commencement of the Transition Period (as defined below).

b) Transition Period. Except as otherwise provided in this section, You may continue to use the Shelved On Premise Licenses and Oracle technical support for such on-premise program licenses in accordance with Your separate contract with Oracle for those licenses and technical support services during the period beginning on the Cloud Services Start Date and ending on the earlier of the following to occur (the "Initial Transition Period"): (i) six months from the Cloud Services Start Date, or (ii) Your written notice to Oracle of the commencement of the Shelving Period for the Shelved On Premise Licenses. Notwithstanding anything to the contrary in Your separate contract for technical support services for the Shelved On Premise Licenses, during the Initial Transition Period only, Oracle will provide technical support limited to product support services, security patch updates, critical patch updates and tax, legal and regulatory updates (but not any major version release updates) for the Shelved On Premise Licenses (the "Limited On Premise Support") at no additional charge. If the Initial Transition Period ends under clause (i) of the preceding paragraph, You may elect to continue using the Shelved On Premise Licenses and receiving the Limited On Premise Support in accordance with the separate contract for such program licenses and technical support services by purchasing additional Limited On Premise Support for the Shelved On Premise Licenses in additional three month increments (each increment, an "Extended Transition Period" and collectively, the "Extended Transition Periods"); provided that, (1) all such Extended Transition Periods may not exceed a cumulative total of sixteen (16) consecutive months, and (2) in no event may the total cumulative period of the Initial Transition Period and the Extended Transition Periods (collectively, the "Transition Period") exceed twenty-two (22) consecutive months as measured from the Cloud Services Start Date. For each three month Extended Transition Period, You will be billed 8% of the previously annualized support fee quarterly, in arrears, for the Limited On Premise Support provided for the Shelved On Premise Licenses. You are not eligible for an Extended Transition Period if the Initial Transition Period ends under clause (ii) of the preceding paragraph, and any Extended Transition Period then in effect shall immediately end upon Your providing notice to Oracle of the commencement of the Shelving Period under such clause (ii). At the commencement of the Transition Period Oracle will issue a credit for any unused Oracle technical support services fees that You prepaid for the Shelved On Premise Licenses that remain unused as of the commencement of the Transition Period, if any, or if there is no Transition Period, then as of the commencement of the Shelving Period, provided that the invoices for such technical support services have been paid in full. This credit will be applied against Your first invoice for the Cloud Services acquired under this order and may not be used by You for purchase of any other Oracle products or services.

c) Shelving Period. The period for which the Shelved On Premise Licenses are considered to be shelved will commence at the end of the Transition Period and will end upon the earlier of the following to occur (the "Shelving Period"): (1) the end of the Services Period specified in this order, (2) Your resumption of use of the Shelved On Premise Licenses, or (3) Your non-compliance as described in the "Non Compliance" section below. If the Shelving Period ends under clause (1) of the prior sentence, then You may extend the Shelving Period by entering into an order with Oracle to renew the Cloud Services that expressly extends the Shelving Period for the Shelved On Premise Licenses listed in the License Shelving Exhibit. During the Shelving Period, You must: (i) not use the Shelved On Premise Licenses for any purposes other than read-only access to historical archived data, (ii) not receive or use the benefit of any direct or indirect Oracle technical support in any manner, including but not limited to updates, patches, fixes, accessing historical archived data, phone support, or on-line support accessible through a web browser or other connectivity tool, for the Shelved On Premise Licenses, and (iii) continue to maintain Oracle technical support for Your remaining program licenses contained in the license set of the Shelved On Premise Licenses (i.e., those program licenses not specifically identified in the License Shelving Exhibit) in accordance with the terms of Your separate contract for those Oracle program licenses.

d) Certification. At the end of the Transition Period, and annually thereafter during the Shelving Period, You are required to certify in writing to Oracle that the Shelved On Premise Licenses are desupported and unused as required under this "Shelving of On Premise Program Licenses" section.

e) Non Compliance. If You are not in compliance with the requirements set forth in this "Shelving of On Premise Program Licenses" section at any time during the Shelving Period or if the Cloud Services under this order are terminated prior to the end of the initial Service Period, then as of the date of non-compliance or termination, as applicable: (i) the Shelving Period shall end and the Shelved On Premise Licenses are then no longer shelved under these provisions, (ii) the repricing rules of the Oracle technical support policies located at http://www.oracle.com/support/policies.html will apply to the Shelved On Premise Licenses, and (iii) a reinstatement fee and applicable back support will be charged for the Shelved On Premise Licenses.

f) Unshelving of On Premise Licenses. Except as provided in the "Non Compliance" section above, You may resume use of the Shelved On Premise Licenses in accordance with Your separate license agreement, and technical support will be reinstated at the annual rate previously in effect, (1) at any time during the Services Period, provided that You provide Oracle with prior written notice of Your intention to resume use of the Shelved On Premise Licenses and You pay all technical support fees for the Shelved On Premise Licenses no later than 30 days from the resumption of use, or (2) at the end of the Services Period, provided that You resume payment for technical support of the Shelved On Premise Licenses no later than 30 days from the end of the Services Period. If You do not pay all technical support fees as stated in the preceding sentence, then (i) the repricing and matching support level rules of the Oracle technical support policies (located at http://www.oracle.com/support/policies.html) will be applied to the applicable remaining supported licenses as defined in the Oracle technical support policies, and (ii) should You wish to support the license at a future date, a reinstatement fee and applicable back support for the period commencing at the earlier of Your resumption of use or the end of the Services Period will be charged for the Shelved On Premise Licenses. For clarity, this order for Cloud Services, and all rights and obligations hereunder (including payment obligations), shall remain in full in force and effect for the duration of the Services Period notwithstanding any resumption of use by You of the Shelved On Premise Licenses prior to the end of the Services Period.

g) Additional On Premise Licenses. In the event that You require additional non-Cloud Oracle program licenses for one or more of the Shelved On Premise Licenses, You must first unshelve the required number of licenses, up to the total number shelved, in accordance with the "Unshelving of On Premise Licenses" section above. You may not purchase additional licenses for that program until all Shelved On Premise Licenses have been unshelved.

2. Restricted Use

The following products are restricted and are not for the access, use, or benefit of student employees:

- Oracle Fusion Performance Management Cloud Service
- Oracle Fusion Talent Review and Succession Management Cloud Service
- Oracle Fusion Workforce Compensation Cloud Service

3. Non-appropriation of Funds

In the event sufficient budgeted funds are not available for a new fiscal period due to a lack of State Legislature appropriated funds, You may terminate this Ordering Document immediately without penalty or expense as to the remaining portion of the ordered service period; provided, however, that: (a) for each of the five 12-month terms of the order, You must provide a purchase order, and (b) Your issuance of each 12-month purchase order shall signify to Oracle that all funds for the given 12-month term have been fully appropriated and are available and no longer subject to any appropriations contingency. Notwithstanding the foregoing, You agree to pay for all services performed by Oracle prior to Oracle's receipt of Your notice of non-appropriations.

4. Service Level Credit

The Oracle Cloud Service Level Objective Policy, within the Hosting and Delivery Policies applicable to the Cloud Services ordered by You, establishes a Target System Availability Level objective and describes how Oracle defines, measures and reports system availability. Subject to the terms of this Section and the applicable terms and definitions of the Oracle Cloud Service Level Objective Policy, You may receive a Service Credit in the event that the System Availability Level is below the Target System Availability Level in two (2) consecutive monthly reporting periods or more than five (5) monthly reporting periods in the past twelve months ("Missed Service Level"). If You have more than one production instance within a Services Environment, the System Availability Level will be calculated as an average across all such production instances for a monthly reporting period. You must submit a written request to Oracle (including reference to any applicable service request number) no later than thirty (30) days after the Missed Service Level occurs. Following receipt of Your request and confirmation of Your eligibility to receive a Service Credit (defined below), for each monthly reporting period within the Missed Service Level, Oracle will credit to Your account an amount equal to one (1) day of Applicable Cloud Services Fees (as defined in the following paragraph) for every 1/10th of a percentage point that the System Availability Level is below the Target System Availability Level in the applicable monthly reporting period, up to a maximum credit of 10% of the Applicable Cloud Services Fees paid for that month ("Service Credit"). You shall be eligible to receive only one Service Credit per monthly reporting period of the Missed Service Level.

For purpose of calculating the Service Credit, "Applicable Cloud Services Fees" means the prorated Cloud Services fees that You paid to Oracle for the particular Cloud Service for the applicable monthly reporting period in which the Missed Service Level occurred. "Applicable Cloud Services Fees" do not include the fees for other Cloud Services or Professional Services ordered by You, or for other production Services Environments that did not experience System Availability Levels below the Target System Availability Level. The Service Credit will be provided only towards any outstanding balance for Cloud Services owed to Oracle under this order, and the remittance of such Service Credit will represent Your exclusive remedy, and Oracle's sole liability, for the Missed Service Level.

5. One-Time Extension of Shelving Transition Period

In consideration for this order, You have received a special one-time only Extended Transition Period and Transition Period as documented in B.1.b, Shelving of Licenses.

ORACLE®

PUBLIC SECTOR AGREEMENT FOR ORACLE CLOUD SERVICES

This Public Sector Agreement for Oracle Cloud Services (this "Agreement") is between Oracle America, Inc. ("Oracle") and the entity that has executed this Agreement as identified in the signature block below ("You"). This Agreement sets forth the terms and conditions that govern orders placed by You for Services under this Agreement.

1. AGREEMENT DEFINITIONS

1.1. "Ancillary Software" means any software agent or tool that Oracle makes available to You for download for purposes of facilitating Your access to, operation of, and/or use with, the Services Environment.

1.2. "Auto Renew" or **"Auto Renewal"** is the process by which the Services Period of certain Cloud Services under an order is automatically extended for an additional Services Period unless such Services are otherwise terminated in accordance with the terms of the order or this Agreement. The Service Specifications incorporated into Your order define which Cloud Services are eligible for Auto Renewal as well as any terms applicable to any such renewal. Please note: Auto Renewal does not apply to purchases under this Agreement. Please see Section 9.1 *infra* for renewal requirements.

1.3. "Cloud Services" means, collectively, the Oracle cloud services (e.g., Oracle software as a service offerings and related Oracle Programs) listed in Your order and defined in the Service Specifications. The term "Cloud Services" does not include Professional Services.

1.4. "Data Center Region" refers to the geographic region in which the Services Environment is physically located. The Data Center Region applicable to the Cloud Services is set forth in Your order.

1.5. "Oracle Programs" refers to the software products owned or licensed by Oracle to which Oracle grants You access as part of the Cloud Services, including Program Documentation, and any program updates provided as part of the Cloud Services.

1.6. "Professional Services" means, collectively, the consulting and other professional services which You have ordered. Professional Services include any deliverables described in Your order and delivered by Oracle to You under the order. The term "Professional Services" does not include Cloud Services.

1.7. "Program Documentation" refers to the user manuals referenced within the Service Specifications for Cloud Services, as well as any help windows and readme files for the Oracle Programs that are accessible from within the Services. The Program Documentation describes technical and functional aspects of the Oracle Programs. For Oracle Infrastructure-as-a-Service (IaaS) Cloud Services, "Program Documentation" includes documentation, help windows and readme files for the IaaS hardware products. You may access the documentation online at http://oracle.com/contracts or such other address specified by Oracle.

1.8. "Services" means, collectively, both the Cloud Services and Professional Services that You have ordered.

1.9. "Services Environment" refers to the combination of hardware and software components owned, licensed or managed by Oracle to which Oracle grants You and Your Users access as part of the Cloud Services which You have ordered. As applicable and subject to the terms of this Agreement and Your order, Oracle Programs, Third Party Content, Your Content and Your Applications may be hosted in the Services Environment.

1.10. "Service Specifications" means the descriptions on www.oracle.com/contracts, or such other address specified by Oracle, that are applicable to the Services under Your order, including any Program Documentation, hosting, support and security policies (for example, Oracle Cloud Hosting and Delivery Policies), and other descriptions referenced or incorporated in such descriptions or Your order.

1.11. "Services Period" refers to the period of time for which You have ordered Cloud Services as specified in Your order.

1.12. "**Third Party Content**" means all text, files, images, graphics, illustrations, information, data, audio, video, photographs and other content and material, in any format, that are obtained or derived from third party sources outside of Oracle and made available to You through, within, or in conjunction with Your use of, the Cloud Services. Examples of Third Party Content include data feeds from social network services, rss feeds from blog posts, data libraries and dictionaries, and marketing data.

1.13. "**Users**" means those employees, contractors, and end users, as applicable, authorized by You or on Your behalf to use the Cloud Services in accordance with this Agreement and Your order. For Cloud Services that are specifically designed to allow Your clients, agents, customers, suppliers, or other third parties to access the Cloud Services to interact with You, such third parties will be considered "Users" subject to the terms of this Agreement and Your order.

1.14. "**You**" and "**Your**" refers to the entity that has executed this Agreement.

1.15. "**Your Applications**" means all software programs, including any source code for such programs, that You or Your Users provide and load onto, or create using, any Oracle "platform-as-a-service" or "infrastructure-as-a-service" Cloud Services. Services under this Agreement, including Oracle Programs and Services Environments, Oracle intellectual property, and all derivative works thereof, do not fall within the meaning of the term "Your Applications."

1.16. "**Your Content**" means all text, files, images, graphics, illustrations, information, data (including Personal Data as that term is defined in the Data Processing Agreement for Oracle Cloud Services described in Section 11.2 below), audio, video, photographs and other content and material (other than Your Applications), in any format provided by You or on behalf of Your Users that reside in, or run on or through, the Services Environment.

2. TERM OF AGREEMENT

Unless this Agreement is terminated earlier as described below, You may place orders governed by this Agreement for a period of five years from the effective date of this Agreement (indicated below in Section 25). This Agreement will continue to govern any order for the duration of the Services Period of such order.

3. RIGHTS GRANTED

3.1 For the duration of the Services Period and subject to Your payment obligations, and except as otherwise set forth in this Agreement or Your order, You have the non-exclusive, non-assignable, worldwide limited right to access and use the Services that You ordered, including anything developed by Oracle and delivered to You as part of the Services, solely for Your internal business operations and subject to the terms of this Agreement and Your order, including the Service Specifications. You may allow Your Users to use the Services for this purpose and You are responsible for Your Users' compliance with this Agreement and the order.

3.2 You do not acquire under this Agreement any right or license to use the Services, including the Oracle Programs and Services Environment, in excess of the scope and/or duration of the Services stated in Your order. Upon the end of the Services ordered, Your right to access and use the Services will terminate.

3.3 To enable Oracle to provide You and Your Users with the Services, You grant Oracle the right to use, process and transmit, in accordance with this Agreement and Your order, Your Content and Your Applications for the duration of the Services Period plus any additional post-termination period during which Oracle provides You with access to retrieve an export file of Your Content and Your Applications. If Your Applications include third party programs, You acknowledge that Oracle may allow providers of those third party programs to access the Services Environment, including Your Content and Your Applications, as required for the interoperation of such third party programs with the Services. Oracle will not be responsible for any use, disclosure, modification or deletion of Your Content or Your Applications resulting from any such access by third party program providers or for the interoperability of such third party programs with the Services.

3.4 Except as otherwise expressly set forth in Your order for certain Cloud Services offerings (e.g., a private cloud hosted at Your facility), You acknowledge that Oracle has no delivery obligation for Oracle Programs and will not ship copies of such programs to You as part of the Services.

3.5 As part of certain Cloud Services offerings, Oracle may provide You with access to Third Party Content. The type and scope of any Third Party Content is defined in Your order or applicable Service Specifications. The third party owner, author or provider of such Third Party Content retains all ownership and intellectual property rights in and to that content, and Your rights to use such Third Party Content are subject to, and governed by, the terms applicable to such content as specified by such third party owner, author or provider, unless otherwise specified in Your order.

4. OWNERSHIP AND RESTRICTIONS

4.1 You retain all ownership and intellectual property rights in and to Your Content and Your Applications. Oracle or its licensors retain all ownership and intellectual property rights to the Services, including Oracle Programs and Ancillary Software, and derivative works thereof, and to anything developed or delivered by or on behalf of Oracle under this Agreement.

4.2 You may not and may not cause or permit others to:

a) remove or modify any program markings or any notice of Oracle's or its licensors' proprietary rights;
b) make the programs or materials resulting from the Services (excluding Your Content and Your Applications) available in any manner to any third party for use in the third party's business operations (unless such access is expressly permitted for the specific Services You have acquired);
c) modify, make derivative works of, disassemble, decompile, reverse engineer, reproduce, distribute, republish or download any part of the Services (the foregoing prohibitions include but are not limited to review of data structures or similar materials produced by programs), or access or use the Services in order to build or support, and/or assist a third party in building or supporting, products or Services competitive to Oracle;
d) perform or disclose any benchmark or performance tests of the Services, including the Oracle Programs,;
e) perform or disclose any of the following security testing of the Services Environment or associated infrastructure: network discovery, port and service identification, vulnerability scanning, password cracking, remote access testing, or penetration testing; and
f) license, sell, rent, lease, transfer, assign, distribute, host, outsource, permit timesharing or service bureau use, or otherwise commercially exploit or make available the Services, Oracle Programs, Ancillary Software, Services Environments or Oracle materials, to any third party, other than as expressly permitted under the terms of the applicable order.

5. SERVICE SPECIFICATIONS

5.1 The Services are subject to and governed by Service Specifications applicable to Your order. Service Specifications may define provisioning and management processes applicable to the Services (such as capacity planning), types and quantities of system resources (such as storage allotments), functional and technical aspects of the Oracle Programs, as well as any Services deliverables. You acknowledge that use of the Services in a manner not consistent with the Service Specifications may adversely affect Services performance and/or may result in additional fees. If the Services permit You to exceed the ordered quantity (e.g., soft limits on counts for Users, sessions, storage, etc.), then You are responsible for promptly purchasing such additional quantity to account for Your excess usage.

5.2 Oracle may make changes or updates to the Services (such as infrastructure, security, technical configurations, application features, etc.) during the Services Period, including to reflect changes in technology, industry practices, patterns of system use, and availability of Third Party Content. The Service Specifications are subject to change at Oracle's discretion; however, Oracle changes to the Service Specifications will not result in a material reduction in the level of performance, security or availability of the applicable Services provided to You for the duration of the Services Period.

5.3 Your order will specify the Data Center Region in which Your Services Environment will reside. As described in the Service Specifications and to the extent applicable to the Cloud Services that You have ordered, Oracle will provide production, test, and backup environments in the Data Center Region stated in Your order. Oracle and its affiliates may perform certain aspects of Cloud Services, such as service administration and support, as well as other Services (including Professional Services and disaster recovery), from locations and/or through use of subcontractors, worldwide.

6. USE OF THE SERVICES

6.1 You are responsible for identifying and authenticating all Users, for approving access by such Users to the Services, for controlling against unauthorized access by Users, and for maintaining the confidentiality of usernames, passwords and account information. By federating or otherwise associating Your and Your Users' usernames, passwords and accounts with Oracle, You accept responsibility for the confidentiality and timely and proper termination of user records in Your local (intranet) identity infrastructure or on Your local computers. Oracle is not responsible for any harm caused by Your Users, including individuals who were not authorized to have access to the Services but who were able to gain access because usernames, passwords or accounts were not terminated on a timely basis in Your local identity management infrastructure or Your local computers. You are responsible for all activities that occur under Your and Your Users' usernames, passwords or accounts or as a result of Your or Your Users' access to the Services, and agree to notify Oracle immediately of any unauthorized use. You agree to make every reasonable effort to prevent unauthorized third parties from accessing the Services.

6.2 You shall not use or permit use of the Services, including by uploading, emailing, posting, publishing or otherwise transmitting any material, including Your Content, Your Applications and Third Party Content, for any purpose that may (a) menace or harass any person or cause damage or injury to any person or property, (b) involve the publication of any material that is false, defamatory, harassing or obscene, (c) violate privacy rights or promote bigotry, racism, hatred or harm, (d) constitute unsolicited bulk e-mail, "junk mail", "spam" or chain letters; (e) constitute an infringement of intellectual property or other proprietary rights, or (f) otherwise violate applicable laws, ordinances or regulations. In addition to any other rights afforded to Oracle under this Agreement, Oracle reserves the right, but has no obligation, to take remedial action if any material violates the restrictions in the foregoing sentence (the "Acceptable Use Policy"), including the removal or disablement of access to such material. Oracle shall have no liability to You in the event that Oracle takes such action. You shall have sole responsibility for the accuracy, quality, integrity, legality, reliability, appropriateness and ownership of all of Your Content and Your Applications. To the extent not prohibited by applicable law, You agree to defend and indemnify Oracle against any claim arising out of a violation of Your obligations under this section.

6.3 You are required to accept all patches, bug fixes, updates, maintenance and service packs (collectively, "Patches") necessary for the proper function and security of the Services, including for the Oracle Programs, as such Patches are generally released by Oracle as described in the Service Specifications. Oracle is not responsible for performance or security issues encountered with the Cloud Services that result from Your failure to accept the application of Patches that are necessary for the proper function and security of the Services. Except for emergency or security related maintenance activities, Oracle will coordinate with You the scheduling of application of Patches, where possible, based on Oracle's next available standard maintenance window.

7. TRIAL USE AND PILOT CLOUD SERVICES

7.1 For certain Cloud Services, Oracle may make available "trials" and "conference room pilots" for non-production evaluation purposes. Cloud trials and conference room pilots must be ordered under a separate agreement.

7.2 Oracle may make available "production pilots" for certain Cloud Services under this Agreement. Production pilots ordered by You are described in the Service Specifications applicable to Your order, and are provided solely for You to evaluate and test Cloud Services for Your internal business purposes. You may be required to order certain Professional Services as a prerequisite to an order for a production pilot.

8. FEES AND TAXES

8.1 All fees payable to Oracle are due within thirty (30) days from the invoice date. Once placed, Your order is non-cancelable and the sums paid nonrefundable, except as provided in this Agreement or Your order. You agree to pay any sales, value-added or other similar taxes imposed by applicable law that Oracle must pay based on the Services You ordered, except for taxes based on Oracle's income. Fees for Services listed in an order are exclusive of taxes. If You are a tax exempt entity, You must provide the applicable tax certificate of exemption with Your order. Reimbursement of expenses related to providing any Professional Services, if any, will be addressed in the relevant ordering document and/or statement of work.

8.2 You understand that You may receive multiple invoices for the Services You ordered. Invoices will be submitted to You pursuant to Oracle's Invoicing Standards Policy, which may be accessed at http://oracle.com/contracts.

8.3 You agree and acknowledge that You have not relied on the future availability of any Services, programs or updates in entering into the payment obligations in Your order; however, the preceding does not relieve Oracle of its obligation during the Services Period to deliver Services that You have ordered per the terms of this Agreement.

9. SERVICES PERIOD; END OF SERVICES

9.1 Services provided under this Agreement shall be provided for the Services Period defined in Your order, unless earlier suspended or terminated in accordance with this Agreement or the order. Even though You order Cloud Services that are designated in the Service Specifications or Your Order as Auto Renew, such services will NOT automatically renew. In order to renew, You must provide Oracle with written notice no later than thirty (30) days prior to the end of the applicable Services Period of Your intent to renew and You must execute a contract modification evidencing such renewal. The preceding sentence shall not apply if Oracle provides You with written notice no later than ninety (90) days prior to the end of the applicable Services Period of its intention not to renew such Cloud Services.

9.2 Upon the end of the Services, You no longer have rights to access or use the Services, including the associated Oracle Programs and Services Environments; however for a period of up to 60 days after the end of the applicable Services Period, Oracle will make available Your Content and Your Applications then in the Services Environment for the purpose of retrieval by You. At the end of such 60 day period, and except as may be required by law, Oracle will delete or otherwise render inaccessible any of Your Content and Your Applications that remain in the Services Environment.

9.3 Oracle may temporarily suspend Your password, account, and access to or use of the Services if You or Your Users violate any provision within the 'Rights Granted', 'Ownership and Restrictions', 'Fees and Taxes', 'Use of the Services', or 'Export' sections of this Agreement, or if in Oracle's reasonable judgment, the Services or any component thereof are about to suffer a significant threat to security or functionality. Oracle will provide advance notice to You of any such suspension in Oracle's reasonable discretion based on the nature of the circumstances giving rise to the suspension. Oracle will use reasonable efforts to re-establish the affected Services promptly after Oracle determines, in its reasonable discretion, that the situation giving rise to the suspension has been cured; however, during any suspension period, Oracle will make available to You Your Content and Your Applications as existing in the Services Environment on the date of suspension. Oracle may terminate the Services under an order if any of the foregoing causes of suspension is not cured within 30 days after Oracle's initial notice thereof. Any suspension or termination by Oracle under this paragraph shall not excuse You from Your obligation to make payment(s) under this Agreement.

9.4 If either of us breaches a material term of this Agreement and fails to correct the breach within 30 days of written specification of the breach, then the breaching party is in default and the non-breaching party may terminate the order under which the breach occurred. If Oracle terminates the order as specified in the preceding sentence, You must pay within 30 days all amounts that have accrued prior to such termination, as well as all sums remaining unpaid for the Services under such order plus related taxes and expenses. Except for nonpayment of fees, the nonbreaching party may agree in its sole discretion to extend the 30 day period for so long as the breaching party continues reasonable efforts to cure the breach. You agree that if You are in default under this Agreement, You may not use those Services ordered.

9.5 You may terminate this Agreement at any time without cause by giving Oracle 30 days prior written notice of such termination. Termination of the Agreement will not affect orders that are outstanding at the time of termination. Those orders will be performed according to their terms as if this Agreement were still in full force and effect. However, those orders may not be renewed subsequent to termination of this Agreement.

9.6 If You have used an Oracle Financing Division contract to pay for the fees due under an order and You are in default under that contract, You may not use the Services that are subject to such contract.

9.7 Provisions that survive termination or expiration of this Agreement are those relating to limitation of liability, indemnification, payment and others which by their nature are intended to survive.

10. NONDISCLOSURE

10.1 By virtue of this Agreement, the parties may have access to information that is confidential to one another ("Confidential Information"). We each agree to disclose only information that is required for the performance of obligations under this Agreement. To the extent permitted by law, Confidential information shall be limited Your Content and Your Applications residing in the Services Environment, and all information clearly identified as confidential at the time of disclosure.

10.2 A party's Confidential Information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on the disclosure; or (d) is independently developed by the other party.

10.3 Subject to applicable law, we each agree not to disclose each other's Confidential Information to any third party other than as set forth in the following sentence for a period of three years from the date of the disclosing party's disclosure of the Confidential Information to the receiving party; however, Oracle will hold Your Confidential Information that resides within the Services Environment in confidence for as long as such information resides in the Services Environment. We each may disclose Confidential Information only to those employees, agents or subcontractors who are required to protect it against unauthorized disclosure in a manner no less protective than required under this Agreement. Oracle will protect the confidentiality of Your Content or Your Applications residing in the Services Environment in accordance with the Oracle security practices defined as part of the Service Specifications applicable to Your order. In addition, Your Personal Data will be treated in accordance with the terms of Section 11 below. Nothing shall prevent either party from disclosing the terms or pricing under this Agreement or orders placed under this Agreement in any legal proceeding arising from or in connection with this Agreement or from disclosing the Confidential Information to a governmental entity as required by law.

The parties acknowledge and agree that You and this Agreement are subject to applicable freedom of information or open records law. Should You receive a request under such law for Oracle's Confidential Information, You agree to give Oracle adequate prior notice of the request and before releasing Oracle's Confidential Information to a third party, in order to allow Oracle sufficient time to seek injunctive relief or other relief against such disclosure.

11. DATA PROTECTION

11.1 In performing the Services, Oracle will comply with the *Oracle Services Privacy Policy*, which is available at http://www.oracle.com/html/Services-privacy-policy.html and incorporated herein by reference. The *Oracle Services Privacy Policy* is subject to change at Oracle's discretion; however, Oracle policy changes will not result in a material reduction in the level of protection provided for Your Personal Data provided as part of Your Content during the Services Period of Your order.

11.2 Oracle's *Data Processing Agreement for Oracle Cloud Services* (the "Data Processing Agreement"), which is available at http://www.oracle.com/dataprocessingagreement and incorporated herein by reference, describes the parties' respective roles for the processing and control of Personal Data that You provide to Oracle as part of the Cloud Services. Oracle will act as a data processor, and will act on Your instruction concerning the treatment of Your Personal Data residing in the Services Environment, as specified in this Agreement, the Data Processing Agreement and the applicable order. You agree to provide any notices and obtain any consents related to Your use of the Services and Oracle's provision of the Services, including those related to the collection, use, processing, transfer and disclosure of Personal Data.

11.3 The Service Specifications applicable to Your order define the administrative, physical, technical and other safeguards applied to Your Content residing in the Services Environment, and describe other aspects of system management applicable to the Services. You are responsible for any security vulnerabilities, and the consequences of such vulnerabilities, arising from Your Content and Your Applications, including any viruses, Trojan horses, worms or other programming routines contained in Your Content or Your Applications that could limit or harm the functionality of a computer or that could damage, intercept or expropriate data. You may disclose or transfer, or instruct Oracle to disclose or transfer in writing, Your Content or Your Applications to a third party, and upon such disclosure or transfer Oracle is no longer responsible for the security or confidentiality of such content and applications outside of Oracle.

11.4 You may not provide Oracle access to health, payment card or similarly sensitive personal information that imposes specific data security obligations for the processing of such data unless specified in Your order. If available, You may purchase services from Oracle (e.g., Oracle Payment Card Industry Compliance Services, Oracle HIPAA Security Services, Oracle Federal Security Services, etc.) designed to address particular data protection requirements applicable to Your business or Your Content.

12. WARRANTIES, DISCLAIMERS AND EXCLUSIVE REMEDIES

12.1 Oracle warrants that it will perform (i) Cloud Services in all material respects as described in the Service Specifications, and (ii) Professional Services in a professional manner in accordance with the Service Specifications. If the Services provided to You were not performed as warranted, You must promptly provide written notice to Oracle that describes the deficiency in the Services (including, as applicable, the service request number notifying Oracle of the deficiency in the Services).

12.2 ORACLE DOES NOT GUARANTEE THAT (A) THE SERVICES WILL BE PERFORMED ERROR-FREE OR UNINTERRUPTED, OR THAT ORACLE WILL CORRECT ALL SERVICES ERRORS, (B) THE SERVICES WILL OPERATE IN COMBINATION WITH YOUR CONTENT OR YOUR APPLICATIONS, OR WITH ANY OTHER HARDWARE, SOFTWARE, SYSTEMS, SERVICES OR DATA NOT PROVIDED BY ORACLE, AND (C) THE SERVICES WILL MEET YOUR REQUIREMENTS, SPECIFICATIONS OR EXPECTATIONS. YOU ACKNOWLEDGE THAT ORACLE DOES NOT CONTROL THE TRANSFER OF DATA OVER COMMUNICATIONS FACILITIES, INCLUDING THE INTERNET, AND THAT THE SERVICES MAY BE SUBJECT TO LIMITATIONS, DELAYS, AND OTHER PROBLEMS INHERENT IN THE USE OF SUCH COMMUNICATIONS FACILITIES. ORACLE IS NOT RESPONSIBLE FOR ANY DELAYS, DELIVERY FAILURES, OR OTHER DAMAGE RESULTING FROM SUCH PROBLEMS. ORACLE IS NOT RESPONSIBLE FOR ANY ISSUES RELATED TO THE PERFORMANCE, OPERATION OR SECURITY OF THE SERVICES THAT ARISE FROM YOUR CONTENT, YOUR APPLICATIONS OR THIRD PARTY CONTENT.

12.3 FOR ANY BREACH OF THE SERVICES WARRANTY, YOUR EXCLUSIVE REMEDY AND ORACLE'S ENTIRE LIABILITY SHALL BE THE CORRECTION OF THE DEFICIENT SERVICES THAT CAUSED THE BREACH OF WARRANTY, OR, IF ORACLE CANNOT SUBSTANTIALLY CORRECT THE DEFICIENCY IN A COMMERCIALLY REASONABLE MANNER, YOU MAY END THE DEFICIENT SERVICES AND ORACLE WILL REFUND TO YOU THE FEES PAID FOR THE DEFICIENT SERVICES FOR THE PERIOD OF TIME DURING WHICH THE SERVICES WERE DEFICIENT.

12.4 TO THE EXTENT NOT PROHIBITED BY LAW, THESE WARRANTIES ARE EXCLUSIVE AND THERE ARE NO OTHER EXPRESS OR IMPLIED WARRANTIES OR CONDITIONS INCLUDING FOR SOFTWARE, HARDWARE, SYSTEMS, NETWORKS OR ENVIRONMENTS OR FOR MERCHANTABILITY, SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE.

13. LIMITATION OF LIABILITY

NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF REVENUE OR PROFITS (EXCLUDING FEES UNDER THIS AGREEMENT), DATA, OR DATA USE. ORACLE'S AGGREGATE LIABILITY FOR ALL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR YOUR ORDER, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE TOTAL AMOUNTS ACTUALLY PAID TO ORACLE FOR THE SERVICES UNDER THE ORDER GIVING RISE TO THE LIABILITY IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY LESS ANY REFUNDS OR CREDITS RECEIVED BY YOU FROM ORACLE UNDER SUCH ORDER.

14. INDEMNIFICATION

14.1 Subject to the terms of this Section 14 (Indemnification), if a third party makes a claim against either You or Oracle ("Recipient" which may refer to You or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively, "Material") furnished by either You or Oracle ("Provider" which may refer to You or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will, to the extent not prohibited by law, defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

a. notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);
b. gives the Provider sole control of the defense and any settlement negotiations, to the extent permitted by law; and
c. gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim.

14.2 If the Provider believes or it is determined that any of the Material may have violated a third party's intellectual property rights, the Provider may choose to either modify the Material to be non-infringing (while substantially preserving its utility or functionality) or obtain a license to allow for continued use, or if these alternatives are not commercially reasonable, the Provider may end the license for, and require return of, the applicable Material and refund any unused, prepaid fees the Recipient may have paid to the other party for such

Material. If such return materially affects Oracle's ability to meet its obligations under the relevant order, then Oracle may, at its option and upon 30 days prior written notice, terminate the order. If such Material is third party technology and the terms of the third party license do not allow Oracle to terminate the license, then Oracle may, upon 30 days prior written notice, end the Services associated with such Material and refund to You any unused, prepaid fees for such Services.

14.3 The Provider will not indemnify the Recipient if the Recipient (a) alters the Material or uses it outside the scope of use identified in the Provider's user or program documentation or Service Specifications, (b) uses a version of the Material which has been superseded, if the infringement claim could have been avoided by using an unaltered current version of the Material which was made available to the Recipient, or (c) continues to use the applicable Material after the end of the license to use that Material. The Provider will not indemnify the Recipient to the extent that an infringement claim is based upon any information, design, specification, instruction, software, service, data, hardware or material not furnished by the Provider. Oracle will not indemnify You for any portion of an infringement claim that is based upon the combination of any Material with any products or Services not provided by Oracle. Oracle will not indemnify You to the extent that an infringement claim is based on Third Party Content or any Material from a third party portal or other external source that is accessible or made available to You within or by the Services (e.g., a social media post from a third party blog or forum, a third party Web page accessed via a hyperlink, marketing data from third party data providers, etc. Oracle will not indemnify You for infringement caused by Your actions against any third party if the Services as delivered to You and used in accordance with the terms of this Agreement would not otherwise infringe any third party intellectual property rights. Oracle will not indemnify You for any intellectual property infringement claim(s) known to You at the time Services rights are obtained.

14.4 This Section 14 provides the parties' exclusive remedy for any infringement claims or damages.

15. THIRD PARTY WEB SITES, CONTENT, PRODUCTS AND SERVICES

15.1 The Services may enable You to link to, transmit Your Content to, or otherwise access, other Web sites, platforms, content, products, services, and information of third parties. Oracle does not control and is not responsible for such Web sites or platforms or any such content , products, services and information accessible from or provided through the Services, and You bear all risks associated with access to and use of such Web sites and third party content, products, services and information.

15.2 Any Third Party Content made accessible by Oracle is provided on an "as-is" and "as available" basis without any warranty of any kind. Third Party Content may be indecent, offensive, inaccurate, infringing or otherwise objectionable or unlawful, and You acknowledge that Oracle is not responsible for and under no obligation to control, monitor or correct Third Party Content; however, Oracle reserves the right to take remedial action if any such content violates applicable restrictions under Section 6.2 of this Agreement, including the removal of, or disablement of access to, such content. Oracle disclaims all liabilities arising from or related to Third Party Content.

15.3 You acknowledge that: (i) the nature, type, quality and availability of Third Party Content may change at any time during the Services Period, and (ii) features of the Services that interoperate with third parties such as Facebook™, YouTube™ and Twitter™, etc. (each, a "Third Party Service"), depend on the continuing availability of such third parties' respective application programming interfaces (APIs) for use with the Services. Oracle may update, change or modify the Services under this Agreement as a result of a change in, or unavailability of, such Third Party Content, Third Party Services or APIs. If any third party ceases to make its Third Party Content or APIs available on reasonable terms for the Services, as determined by Oracle in its sole discretion, Oracle may cease providing access to the affected Third Party Content or Third Party Services without any liability to You. Any changes to Third Party Content, Third Party Services or APIs, including their availability or unavailability, during the Services Period does not affect Your obligations under this Agreement or the applicable order, and You will not be entitled to any refund, credit or other compensation due to any such changes.

15.4 Any Third Party Content that You store in Your Services Environment will count towards any storage or other allotments applicable to the Cloud Services that You ordered.

16. SERVICES TOOLS AND ANCILLARY SOFTWARE

16.1 Oracle may use tools, scripts, software, and utilities (collectively, the "Tools") to monitor and administer the Services and to help resolve Your Oracle service requests. The Tools will not collect or store any of Your Content or Your Applications residing in the Services Environment, except as necessary to provide the Services or troubleshoot service requests or other problems in the Services. Information collected by the Tools (excluding

Your Content and Your Applications) may also be used to assist in managing Oracle's product and service portfolio, to help Oracle address deficiencies in its product and service offerings, and for license and Services management.

16.2 Oracle may provide You with on-line access to download certain Ancillary Software for use with the Services. If Oracle licenses Ancillary Software to You and does not specify separate terms for such Ancillary Software, then, subject to Your payment obligations, (i) You have the non-exclusive, non-assignable, worldwide limited right to use such Ancillary Software solely to facilitate Your access to, operation of, and/or use of the Services Environment, subject to the terms of this Agreement and Your order, including the Services Specifications, (ii) Oracle will maintain such Ancillary Software as part of the Cloud Services, and (iii) Your right to use such Ancillary Software will terminate upon the earlier of Oracle's notice (which may be through posting on https://support.oracle.com or such other URL designated by Oracle) or the end of the Cloud Services associated with the Ancillary Software. If Ancillary Software is licensed to You under separate third party license terms, then Your use of such software is subject solely to such separate terms.

17. SERVICE ANALYSES

Oracle may (i) compile statistical and other information related to the performance, operation and use of the Services, and (ii) use data from the Services Environment in aggregated form for security and operations management, to create statistical analyses, and for research and development purposes (clauses i and ii are collectively referred to as "Service Analyses"). Oracle may make Service Analyses publicly available; however, Service Analyses will not incorporate Your Content or Confidential Information in a form that could serve to identify You or any individual, and Service Analyses do not constitute Personal Data. Oracle retains all intellectual property rights in Service Analyses.

18. EXPORT

18.1 Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Services. You agree that such export laws govern Your use of the Services (including technical data) and any Services deliverables provided under this Agreement, and You agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, software programs and/or materials resulting from Services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

18.2 You acknowledge that the Cloud Services are designed with capabilities for You and Your Users to access the Services Environment without regard to geographic location and to transfer or otherwise move Your Content and Your Applications between the Services Environment and other locations such as User workstations. You are solely responsible for the authorization and management of User accounts, as well as export control and geographic transfer of Your Content and Your Applications.

19. FORCE MAJEURE

Neither of us shall be responsible for failure or delay of performance if caused by: an act of war, hostility, or sabotage; act of God; pandemic; electrical, internet, or telecommunication outage that is not caused by the obligated party; government restrictions (including the denial or cancelation of any export, import or other license); or other event outside the reasonable control of the obligated party. We both will use reasonable efforts to mitigate the effect of a force majeure event. If such event continues for more than 30 days, either of us may cancel unperformed Services and affected orders upon written notice. This Section does not excuse either party's obligation to take reasonable steps to follow its normal disaster recovery procedures or Your obligation to pay for the Services.

20. NOTICE

20.1 Any notice required under this Agreement shall be provided to the other party in writing. If You have a dispute with Oracle or if You wish to provide a notice under the Indemnification Section of this Agreement, or if You become subject to insolvency or other similar legal proceedings, You will promptly send written notice to: Oracle America, Inc., 500 Oracle Parkway, Redwood Shores, CA 94065. Attention: General Counsel, Legal Department.

20.2 To request a termination of Services in accordance with this Agreement, You must submit a service request to Oracle at the address specified in Your order or the Service Specifications.

20.3 Oracle may give notices applicable to Oracle's Cloud Services customer base by means of a general notice on the Oracle portal for the Cloud Services, and notices specific to You by electronic mail to Your e-mail address on record in Oracle's account information or by written communication sent by first class mail or pre-paid post to Your address on record in Oracle's account information.

21. ASSIGNMENT

You may not assign this Agreement or give or transfer the Services (including the Oracle Programs) or an interest in them to another individual or entity. If You grant a security interest in any portion of the Services, the secured party has no right to use or transfer the Services or any deliverables, and if You decide to finance Your acquisition of the Services, You will follow Oracle's policies regarding financing which are at http://oracle.com/contracts.

22. OTHER

22.1 Oracle is an independent contractor and we agree that no partnership, joint venture, or agency relationship exists between us. We are each responsible for paying our own employees, including employment related taxes and insurance. You understand that Oracle's business partners and other third parties, including any third parties with which Oracle has an integration or that are retained by You to provide consulting or implementation services or applications that interact with the Cloud Services, are independent of Oracle and are not Oracle's agents. Oracle is not liable for, bound by, or responsible for any problems with the Services, Your Content or Your Applications arising due to any acts of any such business partner or third party, unless the business partner or third party is providing Services as an Oracle subcontractor on an engagement ordered under this Agreement and, if so, then only to the same extent as Oracle would be responsible for Oracle resources under this Agreement.

22.2 If any term of this Agreement is found to be invalid or unenforceable, the remaining provisions will remain effective and such term shall be replaced with another term consistent with the purpose and intent of this Agreement.

22.3 Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to this Agreement may be brought by either party more than two years after the cause of action has accrued.

22.4 Oracle Programs and Services are not designed for or specifically intended for use in nuclear facilities or other hazardous applications. You agree that it is Your responsibility to ensure safe use of Oracle Programs and Services in such applications.

22.5 You shall obtain at Your sole expense any rights and consents from third parties necessary for Your Content, Your Applications, and Third Party Content, as well as other vendor's products provided by You that You use with the Services, including such rights and consents as necessary for Oracle to perform the Services under this Agreement.

22.6 You agree to provide Oracle with all information, access and full good faith cooperation reasonably necessary to enable Oracle to provide the Services and You will perform the actions identified in Your order as Your responsibilities.

22.7 You remain solely responsible for Your regulatory compliance in connection with Your use of the Services. You are responsible for making Oracle aware of any technical requirements that result from Your regulatory obligations prior to entering into an order governed by this Agreement. Oracle will cooperate with Your efforts to determine whether use of the standard Oracle Services offering is consistent with those requirements. Additional fees may apply to any additional work performed by Oracle or changes to the Services.

22.8 Oracle may audit Your use of the Services (e.g., through use of software tools) to assess whether Your use of the Services is in accordance with Your order and the terms of this Agreement. You agree to cooperate with Oracle's audit and provide reasonable assistance and access to information. Any such audit shall not unreasonably interfere with Your normal business operations. You agree to pay within 30 days of written notification any fees applicable to Your use of the Services in excess of Your rights. If You do not pay, Oracle can end Your Services and/or Your order. You agree that Oracle shall not be responsible for any of Your costs incurred in cooperating with the audit.

22.9 The purchase of Cloud Services, Professional Services, or other service offerings, programs or products are all separate offers and separate from any other order. You understand that You may purchase Cloud Services, Professional Services, or other service offerings, programs or products independently of any other order. Your obligation to pay under any order is not contingent on performance of any other service offerings or delivery of programs or products.

23. ENTIRE AGREEMENT

23.1 You agree that this Agreement and the information which is incorporated into this Agreement by written reference (including reference to information contained in a URL or referenced policy), together with the applicable order, is the complete agreement for the Services ordered by You and supersedes all prior or contemporaneous agreements or representations, written or oral, regarding such Services.

23.2 It is expressly agreed that the terms of this Agreement and any Oracle order shall supersede the terms in any purchase order, procurement internet portal, or other similar non-Oracle document and no terms included in any such purchase order, portal, or other non-Oracle document shall apply to the Services ordered. In the event of any inconsistencies between the terms of an order and the Agreement, the order shall take precedence; however, unless expressly stated otherwise in an order, the terms of the Data Processing Agreement shall take precedence over any inconsistent terms in an order. Except as otherwise permitted in Section 5 (Service Specifications), Section 11 (Data Protection) and Section 15 (Third Party Web Sites) with respect to the Services, this Agreement and orders hereunder may not be modified and the rights and restrictions may not be altered or waived except in a writing signed or accepted online through the Oracle Store by authorized representatives of You and of Oracle. No third party beneficiary relationships are created by this Agreement.

24. CLOUD SERVICES EFFECTIVE DATE

The Effective Date of this Cloud Services Agreement is ____________________. (DATE TO BE COMPLETED BY ORACLE)

ORACLE **AMENDMENT ONE**

Agreement Information

This Amendment amends the Oracle Public Sector Agreement for Cloud Services US-CSA-QT5341943, dated______________________, and all amendments and addenda thereto (the "Agreement") between You and Oracle America, Inc. ("Oracle").

The parties agree to amend the Agreement as follows:

1. **Section 3. RIGHTS GRANTED**

   The text of Section 3.2 is deleted and is replaced with the following:

   "You do not acquire under this Agreement any right or license to use the Services, including the Oracle Programs and Services Environment, in excess of the scope and/or duration of the Services stated in Your order. Subject to Section 9.2 hereof, upon the end of the Services ordered, Your right to access and use the Services will terminate. Oracle does not acquire under this Agreement any right or license to Your Content and Your Applications in excess of the scope and/or duration of the Services that is appropriate for Your Order. Subject to Section 9.2 hereof, upon the end of the Services ordered, Oracle's right under Your Order to access Your Content and Your Applications will terminate."

2. **Section 3. RIGHTS GRANTED**

   The text of Section 3.3 is deleted and is replaced with the following:

   "To enable Oracle to provide You and Your Users with the Services, You grant Oracle the right to use, process and transmit, in accordance with this Agreement and Your order and only to the extent necessary to provide the Services in accordance with this Agreement and Your Order, Your Content and Your Applications for the duration of the Services Period plus any additional post-termination period during which Oracle provides You with access to retrieve an export file of Your Content and Your Applications. If Your Applications include third party programs, You acknowledge that Oracle may allow providers of those third party programs to access the Services Environment, including Your Content and Your Applications, solely to the extent required for the interoperation of such third party programs with the Services. Oracle will not be responsible for any use, disclosure, modification or deletion of Your Content or Your Applications resulting from any such access by third party program providers or for the interoperability of such third party programs with the Services. The third party owner, author or provider of such third party program retains all ownership and intellectual property rights in and to that content."

3. **Section 4. OWNERSHIP AND RESTRICTIONS**

   The first sentence of Section 4.1 is deleted and is replaced with the following:

   "You retain all ownership and intellectual property rights in and to Your Content and Your Applications and no implied license is granted to use Your Content and Your Applications following termination of this Agreement."

4. **Section 6. USE OF THE SERVICES**

The third sentence in Section 6.1 is deleted and is replaced with the following:

"To the extent permitted by applicable law and subject to the Idaho Tort Claims Act, Idaho Code Sections 6-901 through 6-929 (the "Idaho Tort Claims Act"), You are responsible for all activities that occur under Your and Your Users' usernames, passwords or accounts as a result of Your or Your Users' access to the Services, and agree to notify Oracle immediately of any unauthorized use."

5. **Section 6. USE OF THE SERVICES**

The last sentence of Section 6.2 is deleted and is replaced with the following:

"To the extent permitted by applicable law and subject to the Idaho Tort Claims Act, You agree to defend and indemnify Oracle against any claim arising out of a violation of Your obligations under this section."

6. **Section 8. FEES AND TAXES**

The first sentence of 8.2 is deleted and is replaced with the following:

"You understand that You may receive multiple invoices for the Services You ordered (but such invoices will not be charging You more than once for the applicable ordered Service)."

7. **Section 9. SERVICES PERIOD; END OF SERVICES**

The second sentence of Section 9.3 is deleted and is replaced with the following:

"Oracle will provide advance notice to You of any such suspension in Oracle's reasonable discretion based on the nature of the circumstances giving rise to the suspension, provided Oracle will endeavor to provide such notice within seven business days prior to such suspension."

8. **Section 9. SERVICES PERIOD; END OF SERVICES**

The second sentence of Section 9.4 is deleted and is replaced with the following:

"If Oracle terminates the order as specified in the preceding sentence, You must pay within 30 days all amounts that have accrued prior to such termination, as well as all sums remaining unpaid for the Services delivered under such order plus related taxes and expenses."

9. **Section 10. NONDISCLOSURE**

The last sentence of Section 10.3 is deleted and is replaced with the following:

"Nothing shall prevent either party from disclosing the terms or pricing under this Agreement or orders placed under this Agreement in any legal proceeding arising from or in connection with this Agreement or from disclosing any Confidential Information to a governmental entity or as otherwise required by law, provided that the disclosing party shall provide written notice of such disclosure as soon as possible to the extent allowable by law or such governmental entity to the non-disclosing party."

10. Section 13. LIMITATION OF LIABILITY

The text of Section 13 is deleted and is replaced with the following:

"NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES, OR ANY LOSS OF REVENUE OR PROFITS (EXCLUDING FEES UNDER THIS AGREEMENT), DATA, OR DATA USE. ORACLE'S AGGREGATE LIABILITY FOR ALL DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT OR YOUR ORDER, WHETHER IN CONTRACT OR TORT, OR OTHERWISE, SHALL BE LIMITED TO THE TOTAL AMOUNTS ACTUALLY PAID TO ORACLE FOR THE SERVICES UNDER THE ORDER GIVING RISE TO THE LIABILITY IN THE TWELVE (12) MONTH PERIOD IMMEDIATELY PRECEDING THE EVENT GIVING RISE TO SUCH LIABILITY LESS ANY REFUNDS OR CREDITS RECEIVED BY YOU FROM ORACLE UNDER SUCH ORDER, PROVIDED, HOWEVER, THIS LIMITATION SHALL NOT APPLY TO DAMAGES OR LIABILITIES ARISING FROM THE ~~GROSSLY NEGLIGENT OR~~ WILLFUL MISCONDUCT OF ORACLE IN PERFORMING ITS OBLIGATIONS UNDER THIS AGREEMENT."

11. Section 14. INDEMNIFICATION

The text of Section 14.1 is deleted and is replaced with the following:

"Subject to the terms of this Section 14 (Indemnification), if a third party makes a claim against either You or Oracle ("Recipient" which may refer to You or Oracle depending upon which party received the Material), that any information, design, specification, instruction, software, service, data, hardware, or material (collectively, "Material") furnished by either You or Oracle ("Provider" which may refer to You or Oracle depending on which party provided the Material) and used by the Recipient infringes the third party's intellectual property rights, the Provider, at the Provider's sole cost and expense, will, to the extent permitted and not prohibited by law and with regard to You subject to the Idaho Tort Claims Act, defend the Recipient against the claim and indemnify the Recipient from the damages, liabilities, costs and expenses awarded by the court to the third party claiming infringement or the settlement agreed to by the Provider, if the Recipient does the following:

a. notifies the Provider promptly in writing, not later than 30 days after the Recipient receives notice of the claim (or sooner if required by applicable law);
b. gives the Provider sole control of the defense and any settlement negotiations, to the extent permitted by law; and
c. gives the Provider the information, authority and assistance the Provider needs to defend against or settle the claim."

12. Section 14. INDEMNIFICATION

The following is inserted as a new subsection in Section 14:

"14.5 Nothing in this Agreement shall be deemed to constitute a waiver by either party of any privilege, protection, or immunity otherwise afforded it under state or federal law. Except as necessary to enforce the terms hereof, nothing in this Agreement shall be deemed a waiver of Your sovereign immunity, which is hereby expressly retained."

13. Section 18. EXPORT

The second sentence of Section 18.1 is deleted and is replaced with the following:

"You agree that such export laws govern Your use of the Services (including technical data) and any Services deliverables provided under this Agreement, and You agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations) relating to Your use of the Services."

14. Section 19. FORCE MAJEURE

The first sentence of Section 19 is deleted and is replaced with the following:

"Neither of us shall be responsible for failure or delay of performance if caused by: an act of war, hostility, or sabotage; act of God; pandemic; extended electrical, internet, or telecommunication outage that is not caused by the obligated party nor within the reasonable control of the obligated party; government restrictions (including the denial or cancelation of any export, import or other license); or other event outside the reasonable control of the obligated party."

15. Section 22. OTHER

The third sentence of Section 22.8 is deleted and is replaced with the following:

"Any such audit shall not unreasonably interfere with Your normal business operations and must in all respects comply with applicable laws regarding privacy and confidentiality of Your data or other applicable laws."

16. Section 22. OTHER

The following is added as a new subsection in Section 22:

"22.10 Governing Law and Jurisdiction. This Agreement shall be construed in accordance with and governed by the laws of the State of Idaho without regard to conflicts of law. Any action to enforce the provisions of this Agreement shall be brought in courts located in Idaho. Each party hereby consents to service and jurisdiction in such courts."

17. Section 22. OTHER

The following is added as a new subsection in Section 22:

"22.11 Sufficient Appropriation by Legislature Required**.** It is understood and agreed that You are a governmental entity, and this Agreement shall in no way or manner be construed so as to bind or obligate the State of Idaho beyond the term of any particular appropriation of funds by the State legislature as may exist from time to time. You reserve the right to terminate this Agreement and any Order in place, in whole or in part if, in Your judgment, the legislature of the State of Idaho fails, neglects or refuses to appropriate sufficient funds as may be required for You to continue such Agreement and Order, or requires any return or "give-back" of funds, or if the Executive Branch mandates any cuts or holdbacks in spending. All affected future rights and liabilities of both Parties hereunder and under any Order Documents shall thereupon cease within thirty (30) days after the notice to Oracle."

18. Section 22. OTHER

The following is added as a new subsection in Section 22:

"22.12 Officials, Agents and Employees of You Not Personally Liable**.** It is agreed by and between the Parties that in no event shall any official, officer, employee or agent of the State of Idaho or of the Boise State University be in any way liable or responsible for any covenant or agreement contained in this Agreement, express or implied, nor for any statement, representation or warranty made in or in any way connected with this Agreement. In particular, and without limitation of the foregoing, no full-time or part-time agent or employee of the State of Idaho, including Boise State University, shall have any personal liability or responsibility under this Agreement, and the sole responsibility and liability for the performance of this Agreement and all of the provisions and covenants contained in this Agreement shall rest in and be vested with Boise State University."

Subject to the modifications herein, the Agreement shall remain in full force and effect.

IDAHO STATE UNIVERSITY

SUBJECT

Lease amendment: land use (parking area) swap between Idaho State University (ISU) and Idaho State University Federal Credit Union (ISU FCU)

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.5.b.i.
Section 58-335, Idaho Code

BACKGROUND/DISCUSSION

In 1977, ISU acquired ten lots of land which were subsequently used as parking lots. ISU and ISU FCU entered into a lease agreement in 1989 that allowed ISU FCU to build a credit union building on a portion of the ISU parking lot. Because the parking area adjacent to the credit union building continued to be used for parking by ISU, the credit union purchased land across the street (E. Lovejoy St.) for use as dedicated parking for ISU FCU's staff and customers. The result was that ISU retained parking slots next to the credit union, while the credit union's parking slots were displaced from their building, closer to the ISU campus.

ISU FCU has approached ISU to discuss swapping the use of an equal number of parking spaces so that ISU FCU staff/customers could park closer to the credit union building, with no inconvenience to ISU students/staff who would have access to the former ISU FCU parking area. An overhead map of the proposed parking lot area swap is provided in Attachment 2. Ownership of the land will not be changed (ISU continues to own the property). The amended lease which makes the parking area swap possible requires State Board of Education (Board) approval because the term of the lease exceeds five years (lease extends through January 2039).

IMPACT

Approval of the request will allow ISU and ISU FCU to swap the use of the affected parking areas, and will be of mutual benefit to both entities. ISU faculty and students will be able to park closer to ISU's main campus, and the credit union will be able to provide better customer service to its clients, including ISU stakeholders.

ATTACHMENTS

Attachment 1 – Lease Amendment	Page 3
Attachment 2 – Map of Area	Page 5

STAFF COMMENTS AND RECOMMENDATIONS

The revised parking lot assignments made possible by the proposed lease amendment make sense for both parties. ISU is coordinating this action with the Division of Public Works statewide leasing manager. Staff recommends approval.

BOARD ACTION

I move to approve the request by Idaho State University to execute an amended lease agreement with the Idaho State University Federal Credit Union in accordance with the terms provided in Attachment 1.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

ATTACHMENT 1

AMENDMENT TO LEASE AGREEMENT BETWEEN IDAHO STATE UNIVERSITY AND ISU FEDERAL CREDIT UNION

This AMENDMENT TO LEASE AGREEMENT is made by and between Idaho State University, hereinafter called "LESSOR" and Idaho State University Federal Credit Union, hereinafter called "LESSEE".

WHEREAS, LESSOR AND LESSEE previous entered into a Lease Agreement on January 25, 1989 wherein LESSOR agreed to lease to LESSEE certain real property for a period of fifty (50) years for the purpose of conducting business as a federal credit union;

WHEREAS, LESSOR is the owner of certain real property located adjacent to the property which is the subject of the Lease Agreement; and

WHEREAS, LESSEE is the owner of certain real property located on the corner of E Lovejoy Street and S 9th Avenue; and

WHEREAS, LESSOR AND LESSEE desire to exchange their properties for the duration of the lease term under the terms and conditions set forth herein; and

WHEREASE, the Idaho State Board of Education has given its approval for LESSOR to amend the Lease Agreement to exchange the properties that are the subject of this Amendment to Lease Agreement.

NOW THEREFORE, in consideration of the mutual covenants and promises contained in the original Lease Agreement and herein, the parties agree as follows:

1. PROPERTIES SUBJECT TO THE EXCHANGE. The following described real property of LESSOR shall be leased to LESSEE:

   S15' X E70' LOT 4; E70' LOTS 5 THRU 8; N15' X E70' LOT 9 BLOCK 183 POCATELLO TOWNSITE
   The following described real property of LESSEE shall be leased to LESSOR:

   E80' LOTS 1 & 2 BLOCK 184 POCATELLO TOWNSITE

2. USE. The parties shall use these properties as parking spaces. LESSOR shall place signage on both properties to clearly indicate usage and LESSEE shall approve all signage. All parking spaces (8), shall be marked as credit union member parking, utilizing the LESSEE's existing signage from the current, existing eight (8) parking stalls. LESSEE shall provide its own employee parking permits and will provide the LESSOR with the identity of the valid parking permits. Finally, LESSOR shall patrol the reserved parking stalls and shall ticket parking violators, where and when applicable.
3. TERM. The term of this Amendment to Lease Agreement shall be the same as that described in the original Lease Agreement. That is, this Amendment to Lease Agreement shall expire simultaneously with the expiration of the original Lease Agreement.
4. REVERSION. At the expiration of the original Lease Agreement and this Amendment to Lease Agreement, or upon the discontinuance of the use of the leased property as the ISU Federal Credit Union, whichever occurs first, said property, along with all improvements, shall revert to the LESSOR without cost.

ATTACHMENT 1

5. INCORPORATION INTO ORIGINAL LEASE AGREEMENT. This Amendment to Lease Agreement shall be incorporated into and become a part of the original Lease Agreement, subject to the terms and conditions set forth therein, being modified only to the extent expressly set forth herein.

IN WITNESS WHEREOF, the authorized representatives of the parties have executed this Agreement on this _________ day of _________________________, 2016.

IDAHO STATE UNIVERSITY

SUBJECT

Disposal of Idaho State University real property in McCammon, Idaho

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.
Sections 58-335 and 67-5722, Idaho Code

BACKGROUND/DISCUSSION

Between 1987 and 1991, Idaho State University (ISU) was gifted approximately 120 acres in McCammon, Idaho, from the Robert E. & Joan O'Neall Trust. The property was gifted in five pieces, with the last piece deeded to ISU in 1991. The property was intended to provide an ecological reserve for ISU and its interested students and faculty. Part of the property included a 6.5 acre right-of-way that provided access to the east side of the property.

In 2013 Wayne Taysom, the property's neighbor to the south, raised concerns to ISU officials about weeds that had overgrown ISU's land and were beginning to interfere with his land. ISU's facilities crews could not adequately remove the weeds because they had grown on a riverbank that was difficult to access. ISU enlisted the help of Bannock County Noxious Weed Control to mitigate the weeds for the past two years. However, the County will not be able to continue this assistance in the future.

The subject property, 10.17 acres consisting of three irregular-shape sections located east of the railroad tracks (see diagram at Tab 7 page 26), offers little to no research or economic value to ISU. Disposal of the property would obviate the need for weed control and general upkeep of this unused area.

The subject property was appraised at $6,600. ISU contacted neighboring property owners, and has received an offer of $7,000 from Mr. Taysom (who is also the only property owner with convenient access to the property).

IMPACT

Approval of the request will allow ISU to dispose of the unneeded property, avoid upkeep costs, and maintain good relations with the neighboring property owners.

ATTACHMENTS

Attachment 1 – Draft Quitclaim Deed	Page 3
Attachment 2 – Appraisal	Page 5

STAFF COMMENTS AND RECOMMENDATIONS

The proposed sale of this parcel will enable ISU to avoid upkeep costs for an unused section of property. ISU was advised that land values in the area have not changed significantly since the attached appraisal was conducted within the past two years (September 2014). The $7,000 offer (from the only local property owner with feasible access to the property) exceeds the appraised value of the property. This action would return the property to economic use. Staff recommends approval.

BOARD ACTION

I move to approve the request by Idaho State University to proceed with the sale of the subject real property in McCammon, Idaho for $7,000, and to authorize Idaho State University finance staff to sign all necessary documents to complete the sale on behalf of the Board of Trustees, as described in the documents provided.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

ATTACHMENT 1

QUITCLAIM DEED

THIS QUITCLAIM DEED made this _____ day of _____, 2016, between IDAHO STATE UNIVERSITY, a state educational institution and body politic and corporate, organized and existing under the laws and constitution of the State of Idaho, herein referred to as "**Grantor**," and Wayne Taysom, whose address is PO Box 4519, Pocatello, ID 83205, herein referred to as "**Grantee**".

That Grantor, for good and valuable consideration, the receipt whereof is hereby acknowledged, does hereby REMISE, RELEASE, CONVEY and forever QUITCLAIM, unto Grantee, that certain real property situated in the County of Bannock, State of Idaho, generally prescribed as Part of the S1/2 of Section 23, Township 8 South, Region 36, E.B.M., and more particularly described as:

A portion of the east half of the southwest quarter, namely all areas east of the railroad tracks of Section 23, Township 8 South, Region 36, E.B.M.

Also, beginning at the south 1/16 corner on the meridional center line of Section 23, Township 8 South, Range 36 E.B.M., thence easterly along the south 1/16 of said section 1,632 feet, more or less, to a point on the southwesterly right of way lone of U.S. Highway 91-191, said point being marked by a department of highways reference marker, thence southeasterly along said southeasterly right of way line 70 feet, thence westerly parallel to the south 1/16 line of said section 120 feet; thence northwesterly parallel to aforementioned southwesterly highway right of way line, 48 feet, more or less, to a point that is 20 feet at right angles southerly from the south 1/16 line of said section; thence westerly parallel to said south 1/16 line, 1465 feet, more or less, to a point that is 20 feet southerly and 60 feet easterly from the south 1/16 corner on the meridional center line of said section, thence southerly parallel to the meridional center line of said section, 340 feet; thence westerly parallel to the south 1/16 line of said section, 60 feet to intersect the meridional center line of Section 23: thence northerly along said meridional center line, 360 feet to the point of beginning.

Also, commencing at the south 1/16 corner on the meridional center line of Section 23, Township 8 South, Range 36 E.B.M., thence easterly along the south 1/16 lone of said section, 1632 feet, more or less, to a pint on the southwesterly right of way line of U.S. Highway 91-191, said point being marked by a department of highways reference marker, thence southeasterly along said southeasterly right of way line, 70 feet to the point of beginning; thence continuing southeasterly along said right of way line 132 feet, thence westerly parallel to said south 1/16 line 120 feet; thence northwesterly, parallel to said right of way line, 132 feet, thence easterly parallel to said south 1/16 line, 120 feet to the point of beginning, Bannock County, Idaho.

SUBJECT TO all valid easements, right of ways, covenants, conditions, reservation and restrictions of record.

Grantor quitclaims to Grantee said real property together with all estate, right, title, interest, possession, claim and demand whatsoever, in law as well as in equity of the Grantor in or to the said property, and all and singular the tenements, hereditaments, and appurtenances thereunto belonging.

ATTACHMENT 1

IN WITNESS WHEREOF, Grantor has hereunto set its hand on the day and year first above written.

GRANTOR: **Idaho State University**

ATTACHMENT 2

This report is the result of an Appraisal which conforms to the Uniform Standards of Professional Appraisal Practice (USPAP) for an appraisal report. It presents only summary discussions of the data, reasoning, and analysis that were used in the appraisal process to develop the Appraiser's opinion of the value. Any additional supporting documentation concerning the data, reasoning and analysis is retained in the Appraiser's files. The depth of the discussion contained in this report is to meet the needs of the client. The appraiser is not responsible for any unauthorized use of this report.

This report is the result of an Appraisal that has been completed for the Client who is the Idaho State University Foundation for matters pertaining to a potential sale of the subject property of this report. I have considered the Cost, Sales and Income Approaches to value and have used the approach or approaches to value, which in my opinion are the most applicable and relevant in the valuation analysis for the subject property.

CLIENT: Idaho State University Foundation.

APPRAISER: Vernon L Nelson
Farm and Land Services
P. O. Box 191
Rockland, Idaho 83271

SUBJECT: Idaho State University 10.17 acre McCammon property.

PURPOSE OF THE APPRAISAL: To provide the Appraiser's estimate of Market Value "As Is" of the Fee Simple Interest of the subject property.

PROPERTY RIGHTS APPRAISED: This is an appraisal of the Fee Simple Interest of the Subject Property of this report. It has been appraised as though the property parcels were free and clear without any encumbrances. Property rights considered are those surface rights and interests held by the Subject Property in Fee Simple. Mineral rights if any exist are not included. A Title Report has not been provided to the Appraiser, nor has a Title Report been viewed by the Appraiser.

AUTHORIZATION OF THE REPORT: This report has been prepared at the request of Ms. Pauline Thiros for the Idaho State University Foundation.

FUNCTION OF THE REPORT: This appraisal report has been prepared to assist the Client; who is the Idaho State University Foundation in matters pertaining to a potential sale of the subject property.

EFFECTIVE DATE OF THE REPORT VALUE: The effective date of value is August 21, 2014.

DATE OF THE APPRAISAL REPORT: September 15, 2014.

INTEREST APPRAISED: The Fee Simple ownership interest has been appraised.

DISCUSSION OF THE APPRAISAL PROBLEM: I have been asked to prepare an **Appraisal Report** of the Idaho State University 10.17 acre McCammon property. The property consists of 8.50 acres of river bottom land bisected by the Portneuf River with the remaining 1.67 acres considered as dry grazing land that provides access to the subject from Highway 91 with the access ending at the river and the need to cross the river to reach most of the 8.50 acres. The subject is considered with a highest and best use as an add on property to the Wayne Taysom property which adjoins the subject property on the South and North sides with a pasture land use or wildlife habitat use for the property as an add on land parcel. The adjoining Taysom property actually provides better access to the subject property than the current existing access to the property. The property is zoned Agricultural and has no future development potential other than as an add on land parcel to the adjoining Wayne Taysom property with use as pasture land or wildlife habitat land.

The **Appraisal Problem** is to complete a Market Value "as is" of the Fee Simple Interest of the Subject Property for use by the Idaho State University Foundation in matters pertaining to a potential sale of the subject property.

DEFINITION OF MARKET VALUE: Market Value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition are the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

Buyer and Seller are typically motivated;
Both parties are well informed or well advised, and acting in what they consider their own best interest;
A reasonable time is allowed for exposure in the open market;
Payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and
The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Rules and Regulations, Federal Register, Vol. 55, No. 129, Page 27771.

FEE SIMPLE INTEREST DEFINED: In the "English Common Law", the Fee Simple Interest is defined as the highest estate one can hold in land and which consists of a collection or "Bundle" of rights held by the owner which includes the right to occupy and use, to build upon, to grant easements, to mortgage, to mine or farm, to restrict use, to create covenants, to sell or refuse to sell, to give away or abandon, to rent or lease and to devise by will. No mineral interests or rights are valued or considered in this appraisal.

COMPETENCY PROVISION: I have taken the appropriate steps to comply with the competency provision as required by USPAP. Requirements have been satisfied, based on my educational training, knowledge of the area, prior appraisal experience of appraising rural, commercial and residential properties.

This appraisal has been developed in conformance with the Uniform Standards of Professional Appraisal Practice as adopted by the Appraisal Standards Board of the Appraisal Foundation. It conforms to the standards of the Professional practice and Code of Ethics of the Appraisal Institute.

In my 25 years of Real Estate Appraisal Practice and work, I have appraised many agricultural and development properties in Southern and Eastern Idaho to include the Bannock County area where the subject property is located. I feel, based on my lifetime involvement in agriculture and my appraisal experience, I am competent under USPAP to complete this appraisal assignment.

EXPOSURE AND MARKETING TIME: Market Value as estimated and the costs and other estimates used in arriving at the estimate of value is as of the date of the appraisal. Because markets upon which these estimates and conclusions are based upon are dynamic in nature, they are subject to change over time. Further, the report and value estimates are subject to change if future physical, financial or other conditions differ from the conditions as of the effective date of this appraisal report, which date is September

In applying the market value definition to this appraisal, a reasonable exposure time of 6 months has been estimated for the subject property based on current market demand for Agricultural properties and after talking with area Farmland Realtors and Appraiser's. Exposure time is the estimated length of time the property interest being appraised would have been offered in the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; exposure time is always presumed to precede the effective date of the appraisal.

Market Value as estimated in this appraisal report is for the effective date of value as shown and contained in this appraisal report. The markets upon which the conclusions and values for the subject property are based are dynamic in nature and subject to change over time. Further, the report and value estimates are subject to change if future physical, financial and other conditions differ from conditions as of the date of appraisal.

Marketing time, however, is an estimate of the amount of time it takes to sell a property interest at the estimated market value during the period after the effective date of the appraisal. An estimate of marketing time is not intended to be a prediction of a date of sale. It is appropriate to assume that the value as of the effective date of appraisal remains stable during a marketing period. Additionally, the appraiser/s have considered market factors external to this appraisal report and have concluded that a reasonable marketing time for the subject property is 6 months.

In today's market there is good demand for agricultural land to include cropland and pasture lands. The subject property is a unique property based on its location, size and type in that it has very little use by itself. It has a much better use as an add on property to the adjoining Taysom property with it becoming a part of the Taysom pasture land which also includes river bottom land which based on its adjoining location provides better overall access to the subject property than the current existing subject property access provided by the Subject Property land located in Tax Nos. 7 and 9 Many buyers in today's agricultural market are outside investors to include pension fund companies. Investors do not want to place their monies in the volatile investment markets and would rather purchase quality farmland as an investment. Low interest rates, high commodity prices and the volatile investment markets had created the current buyer demand nationwide for quality farmland. Farmland values in certain areas have exploded over what they were two and three years ago. The subject because it is considered with a highest and best use as an add on land parcel to the adjoining Taysom property with use as pasture or wildlife habitat creates a special situation where a marketing period and time is almost exclusively based on the desire and demand for Mr. Wayne Taysom to purchase the property for his own use as an add on property to his existing adjoining property. The small acreage size, location, access to the river bottom land and also the overall shape and potential flooding of the river bottom land very much limits the demand or desire to own the subject property creating an almost impossible ability to forecast exposure and marketing times for the subject property.

SCOPE OF THE APPRAISAL: The scope of the appraisal process encompasses the necessary research and analysis to prepare and complete a report in accordance with the intended use and the Uniform Standards of Professional Appraisal Practice of the Appraisal Foundation. In regards to the Subject Property tracts, this involved the following steps:

On August 21, 2014, a visual drive over and walk over inspection of the subject property was completed by myself, Vernon L. Nelson, accompanied by Mr. Wayne Taysom who is the adjoining property owner to the South side of the subject property.

This report has been prepared at the request of the Client to estimate the Market Value "As Is" of the Fee Simple Interest of the subject property land parcels for use in matters pertaining to a potential sale of the subject property.

I have gathered and confirmed information on comparable land sales in the Subject's market area for use in the valuation analysis.

The area and neighborhood data contained in this report is based on information available through office files, past appraisal reports that have been completed in the area and interviews with local people such as Realtors, Bankers, Buyers and Sellers of Real Estate and other Appraisers who are considered to have good knowledge of the area.

The Highest and Best Use of the Subject Property is based on the type and analysis of the properties to include land type, zoning, land size, land shape, overall access to the subject property, current and past uses of the land parcel, surrounding area land use, and market conditions. The location, small property size at 10.17 acres, very irregular overall property shape, river bottom land portion consisting of 8.50 acres mol which is bisected by the Portneuf River along with the potential for flooding along with access to the 8.50 acres requiring the crossing of the Portneuf River without a bridge to reach that portion of the subject property very much limits the use of the subject property.

In developing the approaches to value, I have considered use of the Cost, Sales and Income Approaches to value and used the approach/approaches to value which are the most relevant in valuing the subject property based the type of subject property land, subject property location, physical and access factors pertaining to the subject property and available market information for use.

After assembling and analyzing the data defined in the scope of this report, a final estimate of the Market Values of the Fee Simple Estate of the subject properties of this report were made.

This appraisal has been prepared for the Client who is the Idaho State University Foundation to help estimate a value of the subject property for use in matters pertaining to a potential sale of the subject property.

This Summary Appraisal Report is a brief recapitulation of my appraisal data, analysis and conclusions. Supporting documentation not contained in this report is contained in my appraisal files.

HISTORY OF THE SUBJECT PROPERTY: The subject property as described and valued in this report has been under the ownership of Idaho State University for a reported many years.

ZONING: The subject property is zoned Agricultural according to the Bannock County Planning and Zoning Department.

CURRENT AGREEMENTS OF SALE, OPTION AND LISTING: None has been reported or found to exist at the time of this appraisal. There has been talk between the Idaho State University Foundation and Mr. Wayne Taysom who owns the adjoining land to the south side of the subject property regarding a possible sale and purchase of the subject property.

APPRAISER'S PERSPECTIVE ON MARKET CONDITONS AND VALUE: The market value estimate of this appraisal report is based on the effective date of August 21, 2014. I have researched the subject area market for sales and market data that will fit within the effective valuation date of August 21, 2014. This report has a date of September 15, 2014 with a report valuation date of August 21, 2014. Because these two dates are very close in time I find that Market Value under such circumstances is considered to be current.

EFFECT ON VALUE OF ENCUMBRANCES, EASEMENTS AND ENCROACHMENTS: No encumbrances, on the subject property were noted, nor have I been made aware of any encumbrances on the subject property and, therefore, there is no effect on value from any encumbrances. There is a power line easement that crosses the Eastern area of the property.

ATTACHMENT 2

SUMMARY OF FACTS AND CONCLUSIONS

Subject Property:	Idaho State University Foundation - McCammon 10.17 acres mol.
Location:	Four miles North of McCammon, Idaho in Bannock County.
Owner of Record:	The records of the Bannock County Tax Assessor show ownership as Idaho State University.
Type of Report:	Appraisal Report.
Client for the Report:	Idaho State University Foundation.
Authorization:	Ms. Pauline Thiros for the Idaho State University Foundation.
Intended Users of the Report:	Idaho State University Foundation.
Purpose of the Report:	To estimate the Market Value "As Is" of the Fee Simple Interest for the Subject Property of this report.
Function of the Appraisal:	For use in matters pertaining to a sale of the subject property.
Property Rights Appraised:	Fee Simple Interest.
Appraisal Conditions:	The valuation of the subject property has been completed as the Market Value "As Is" of the Fee Simple ownership interest. There is not a full survey and legal description for the subject property of this report. Tax No. 7 consisting of 1.34 acres and Tax No. 9 consisting of 0.33 acres have legal descriptions, but the remaining 8.50 acres mol which is part of Tax No. R4057022200 consisting of 80.0 acres mol does not have a legal description. It is located on the East side of the railroad tracks and is bisected by the Portneuf River. The land located to the East of the railroad tracks was measured by the County Assessor to consists of 8.50 acres mol. There is no current land survey or legal description to describe the 8.50 acres mol located to the East of the River and not included with Tax Nos. 7 and 9. Total acreage is estimated to be 10.17 acres.
Brief Property Description:	Subject property consists of approximately 10.17 acres. The land consists of Tax 7 which is 1.34 acres of land including the 20 foot wide access from Tax 9 to the river with a portion of Tax 7 located on the West side of the river requiring the need to cross the river without a bridge to access the property. Tax 9 is located adjacent to Highway 91 and provides access to the subject property from the highway. Tax 9 consists of 0.33 acres and is also the site of an old residence in poor condition and a well that is located in an area

subject to runoff flooding from the highway and the East because Tax 9 land is located well below the road grade of Highway 91. The remaining 8.50 acres is located to the East of the Railroad tracks and is bisected by the Portneuf River. Access to the west end of Tax 7 and the 8.50 acres requires crossing the river without use of a bridge. The 8.50 acres is river bottom and is subject to flooding from the river during periods of high water and runoff. The best river crossing access to the property is from the adjoining Wayne Taysom property. The river bottom land also has areas of heavy undergrowth of willows, haws bushes, native vegetation and noxious weeds that need to be controlled. The subject property because of its agricultural zoning, small and irregular size and shape along with flooding from runoff and the river has no development potential. The land has the best use as an add on land parcel to the adjoining Wayne Taysom property with an add on use for pasture or wildlife habitat.

Zoning:	Agricultural.
Flood Hazard:	Bottom land consisting of approximately 8.50 acres according to the measurements of the Bannock County Assessor is bisected by Portneuf River and is subject to flooding during the periods of high water runoff in the Portneuf River.
Highest and Best Use:	Agricultural - Add on tract to adjoining property for use as livestock pasture or wildlife habitat with access to the bottom 8.50 acres from use of land in Tax 7 and Tax 9 which connects with Highway 91.
Date of Value Estimate:	August 21, 2014.
Date of the Report:	September 15, 2014.

*Estimates of Value -

Cost Approach:	$ N/A
Sales Comparison Approach:	$6,600
Income Approach:	$ N/A
Subject Property Value:	$ N/A

* Valued using the Extraordinary Assumption as discussed in the Letter of Transmittal and in the appraisal report.

ATTACHMENT 2

Overall Property Comments

Mineral Rights: Mineral Rights are assumed to be included in the Fee Simple Interest. I have not researched or been made aware of any mineral rights that pertain to the subject property. Mineral rights are not typical in the agricultural market and are not considered to have any effect on value.

Water Rights: The subject property has no water rights for irrigation.

Other:

Climate - High Desert valley area with 10 to 12" annual precipitation.
Elevation - 4,800 feet.
Frost Free Days - 100 to 120 days.
Utilities - Electrical and telephone are available to Tax 9 located off of Highway 91.
City Services - None
Shopping, Employment and Services - Basic services located in McCammon. Major Major retail, professional and medical are located in Pocatello.
Pocatello
Schools - K - 12 grades are part of the Marsh Valley School District with elementary schools located in Inkom. McCammon, Lava Hot Springs and Downey. Junior High and High School is located in Arimo.
Location - Average in location to McCammon and Pocatello.
Access - Good for Tax 7 and Tax 9 from Highway 91 and poor for the access to the river bottom land consisting of 8.50 acres because of the need to cross the river to access much of this portion of the subject property.
Rentability - Poor
Market Appeal - Poor. Most attractive as an add on land parcel to adjoining land.

Easements and Encroachments: No easements or encroachments are reported or known to exist in the area or to have an effect on the property.

Hazards and Detriments: Potential for runoff flooding for the land site in Tax 7 and flooding of the 8.50 acres of river bottom land from high water overflow from the Portneuf River.

ATTACHMENT 2

ATTACHMENT 2

SUBJECT PROPERTY PHOTOGRAPHS

1 - Old House located on Tax No. 9 land adjacent to Highway 91.

2 - Well and Pump House located on Tax No. 9 land near the old House. This area has the potential for flooding from runoff from Highway 91 and the area to the East which is located on an higher elevation than the subject land located in Tax No. 9. Well condition and availability for use is unknown.

ATTACHMENT 2

ATTACHMENT 2

SUBJECT PROPERTY PHOTOGRAPHS

1 - Access to Subject Property Tax No. 9 land from Highway 91. Old house is located in the background. The land is below road level in elevation and prone to runoff flooding from Highway 91 and the area to the East and South of the property.

2 - Southeast area of Tax No. 9 land with the private road access to the Wayne Taysom residence located in the background.

ATTACHMENT 2

ATTACHMENT 2

SUBJECT PROPERTY PHOTOGRAPHS

1 - View looking East at the 20 foot wide land strip of Tax No. 7 which dead ends at the Portneuf River requiring the need to cross the river without a bridge to access the West area of Tax No. 7 and the remaining subject property 8.50 acres.

2 - View of the subject property's river bottom land consisting of 8.50 acres mol that is bisected by the Portneuf River with the need to cross the river without a bridge to access the land.

ATTACHMENT 2

SUBJECT PROPERTY PHOTOGRAPHS

1 and 2 - View of the Portneuf River as it bisects through the river bottom land of the subject property located to the East of the Railroad tracks consisting of 8.50 acres mol according to County Assessor's land measurement.

ATTACHMENT 2

SUBJECT PROPERTY PHOTOGRAPHS

1 and 2 - River bottom land consisting of 8.50 acres mol according to County Assessor's land measurement. Note the overgrowth of willows, haws bushes, sage brush and noxious weeds that need controlling. The overgrowth limits the use of this area of the subject property to Wildlife habitat rather than pasture.

ATTACHMENT 2

SUBJECT PROPERTY PHOTOGRAPHS

1 - River bottom land located to the East of the river that has pasture potential but also has a noxious weed problem.

SALES SUMMARY VALUE TABLE

Sale No.	Buyer	Sale Date	Location	Dry Pasture Acre/Size	Abstracted Price/Acre
One	Scott Land and Livestock, Inc	08/2013	Downey area Bannock County	Dry Grazing 1,212.83 acres	$433
Two	Udy	09/2012	Power County Rockland Valley	Creek Bottom Pasture 83.56 acres Dry Grazing 34.23 acres	$817 $675
Three	Arimo Corp	11/2011	Arimo area Bannock County	Dry Grazing 79.74 acres	$565
Four	Schaneveldt	09/2010	Soda Springs area of Caribou County	Dry Grazing 239.00 acres	$550
Five	Confidential	05/2010	Franklin area Franklin County	Dry Grazing 435.00 acres	$700
Six	Neil Anderson	03/2010	Lava Hot Springs Area Bannock County	Native Mountain Pasture - 1,248.00 acres	$582
Seven	Roxine Store	11/2009	Bone area of Bingham County	Dry Grazing - 1,920.00 acres	$781
Five	Hancock	07/2009	Daniels Area Oneida County	Native Mountain Pasture - 491.66 acres	$933

The comparable sales are the most recent sales transactions that I could find based on my market research. There are no sales directly comparable to the subject property with similar overall physical and general characteristics to include small acreage size, irregular shape, access problems to the river bottom land, flooding and runoff problems. The subject property is considered to be an add on land parcel to the adjoining Wayne Taysom property with the add on use as pasture or wildlife habitat. The preceding seven sales are considered to be the most comparable to the subject property for this valuation analysis. The sales consist of Dry Grazing Pasture land or a combination of land types to include Native Mountain Pasture land and Dry Grazing.

Dry grazing pasture lands do not readily sell in the market as they are not readily available for sale.

.

ASSUMPTIONS AND LIMITING CONDITIONS

The Appraiser's certification appearing in the appraisal report is subject to the following conditions and to such other specific and limiting conditions as are set forth in the report.

1. The Appraiser assumes no responsibility for matters of a legal nature affecting the property appraised or the title thereto, nor does the Appraiser render any opinion as to the title, which is assumed to be marketable. The property is appraised as though under responsible management.

2. Sketches in the report may show approximate dimensions and are included only to assist the reader in visualizing the property. The Appraiser has made no survey of the property. Drawings and/or plats are not represented as an engineer's work product, nor are they proved for legal reference.

3. The Appraiser is not required to give testimony or appear in court because of having made the appraisal with reference to the property in question, unless arrangements have been previously made.

4. Any distribution of the valuation in the report applies only under the existing program of utilization. The separate valuations of components must not be used outside of this appraisal and are invalid if so used.

5. The Appraiser has, in the process of exercising due diligence, requested, reviewed and considered information provided by the ownership of the property and client, and the Appraiser has relied on such information and assumes that there are no hidden or unapparent conditions of the property, subsoil, or structures, which would render it more or less valuable. The Appraiser assumes no responsibility for such conditions, for engineering which might be required to discover such factors, or the cost of discovery or correction.

6. While the Appraiser has inspected the subject property and has considered the information developed in the course of such inspection together with the information provided by the ownership and client, the Appraiser is not qualified to verify or detect the presence of hazardous substances by visual inspection or otherwise, nor qualified to determine the effect, if any, of known or unknown substances present. Unless otherwise stated, the final value conclusion is based on the subject property being free from hazardous waste contaminations, and it is specifically assumed that present and subsequent ownerships will exercise due diligence to insure that the property does not become otherwise contaminated.

7. Information, estimates, and opinions furnished to the Appraiser, and contained in this report, were obtained from sources considered reliable and believed to be true and correct. However, no responsibility for accuracy of such items furnished to the Appraiser can be assumed by the Appraiser.

8. Unless specifically cited, no value has been allocated to mineral rights or deposits.

ATTACHMENT 2

ASSUMPTIONS AND LIMITING CONDITIONS

9. Water requirements and information provided has been relied on and, unless otherwise stated, it is assumed that:

All water rights to the property have been secured or perfected, that there are no adverse easements or encumbrances, and the property complies with the Bureau of Reclamation or other regulations;
Irrigation and domestic water and drainage system components, including distribution equipment and piping, are real estate fixtures;
Any mobile surface piping or equipment essential for water distribution, recovery, or drainage is secured with the title to real estate; and
Title to all such property conveys with the land.

10. Disclosure of the contents of this report is governed by the applicable law and/or bylaws and regulations of the professional appraisal organization/s with which the Appraiser is affiliated.

11. Neither all nor any part of the report, or copy thereof, shall be used for any purposes by anyone but the client specified in the report without the written consent of the Appraiser. This report was prepared for the client's use at the client's sole discretion within the framework of the function stated in the report and its use for any other purpose is beyond the scope contemplated in the appraisal.

12. Where the appraisal conclusions are subject to satisfactory completion, repairs, or alterations, the appraisal report and value conclusions are contingent upon completion of the improvements in a workmanship manner consistent with the plans, specifications and/or scope of work relied upon in the appraisal.

13. No one provided significant professional assistance to the person/s signing this report.

14. Appraiser liability is limited to the fee charged for the report and professional services.

15. Acceptance of the report by the client constitutes acceptance of all assumptions and limiting conditions contained in the report.

16. Other Contingent and Limiting Conditions:

This report has been prepared for the Fee Simple Interest in the Subject Property. It is assumed that no restrictions, contracts, or covenants are in place that would alter the Fee Simple Interest of the property appraised in this report.

Prior to the acceptance of this appraisal assignment, I have performed no pervious services pertaining to the subject property.

ATTACHMENT 2

ATTACHMENT 2

CERTIFICATION OF VALUE

I, Vernon L. Nelson, do hereby certify that except as otherwise noted in this Summary Appraisal Report:

I have personally inspected the Subject Property of this report.

I have no present or contemplated future interest in the Real Estate that is the Subject Property of this Summary Appraisal report.

I have no personal interest or biased with respect to the Subject Property of this Summary Appraisal Report or the parties involved.

My compensation is not contingent upon the reporting of a predetermined value or direction of value that favors the Client, the amount of the value estimate, the attainment of a stipulated result, or the occurrence of a subsequent event.

To the best of my knowledge and belief, the statements of fact contained in this Summary Appraisal report, upon which the analysis, opinions and conclusions expressed herein, are true and correct.

This Summary Appraisal report sets forth all of the limiting conditions imposed by the terms of this assignment or by the undersigned affecting the analysis, opinions and conclusions in this Summary Appraisal report.

My analysis, opinions and conclusions were developed and this report has been prepared in conformity with the Uniform Standards of Professional Appraisal Practice.

I certify, that to the best of my knowledge and belief, the reported analysis, opinions and conclusions of this report were developed and this report has been prepared in conformity with the requirements of the Code of Ethics and the Standards of the Professional Appraisal Practice of the Appraisal Institute.

No one other, than I, Vernon L. Nelson, the undersigned prepared the analysis, opinions and conclusions concerning the Subject Property which are set forth in this Summary Appraisal report.

The reported analysis, opinions and conclusions are limited by the reported assumptions, limiting conditions and are my personal, unbiased professional analysis, opinions and conclusions.

Prior to accepting this Appraisal assignment, I have performed no Appraisal Services or other Services involving the subject property, in any capacity, in the three year period previous to the date of value in the appraisal.

ATTACHMENT 2

CERTIFICATION OF VALUE

Unless otherwise disclosed in this report, I have not been engaged to appraise the subject property for the purpose of market value by any party except (the client), (my employer), as identified in this report.

Effective July 1, 1991, the State of Idaho implemented a voluntary program of licensing and certification for Real Estate Appraisers,. The program became mandatory July 1, 1992. I have met the qualifications to be a General Real Estate Appraiser and I am currently certified in the State of Idaho. I am licensed to appraiser all types of Real Estate. To date, I have completed the requirements under the continuing education program for Real Estate Appraiser's in the State of Idaho. My Certification fore a General Real Estate Appraiser is under Certification No. CGA-143, which expires 01/09/2015.

Based on the data, factors and assumptions contained in this report, it is my opinion that the Subject Property had the following estimated Market Value "As Is" of the Fee Simple Interest as of August 21, 2014:

SIX THOUSAND SIX HUNDRED DOLLARS
***** $6,600 *****

IDAHO STATE UNIVERSITY

SUBJECT

Approval of the Ground Lease between Idaho State University and the Idaho College of Osteopathic Medicine.

REFERENCE

April 2007	Idaho State Board of Education (Board) approved purchase of ISU-Meridian property and joint operations agreement with Joint SD #2 (Meridian)
February 25, 2016	Board authorized ISU to execute a Collaborative Affiliation Agreement

APPLICABLE STATUTES, RULE OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I. 5.b.i.

BACKGROUND / DISCUSSION

On February 25, 2016, in a special meeting of the Board, Idaho State University (ISU) was authorized to execute the Collaborative Affiliation Agreement between ISU and the Idaho College of Osteopathic Medicine (ICOM) for the creation of a college of osteopathic medicine on the ISU-Meridian campus. The Collaborative Affiliation Agreement provides for the execution of a lease between the parties for an initial period of forty (40) years, with the opportunity to extend the lease for two (2) additional (10) year periods.

Under the terms of the proposed Ground Lease Agreement between ISU and Idaho College of Osteopathic Medicine, LLC, ISU would lease 2.8 acres to ICOM as the site for the construction of a building to house the proposed osteopathic school.

The Collaborative Affiliation Agreement also requires that the parties abide by the terms of the Master Declaration Agreement and Joint Operations and Maintenance Agreement that ISU entered into with the West Ada School District (School District) on December 4, 2007. ISU has notified the School District of its intent to lease, and has requested written consent for the Ground Lease. Both ISU and the School District will have the opportunity to review and approve the ICOM site development plan once it is available.

IMPACT

As detailed in Section 4 of the Ground Lease, ICOM will pay ISU $15,833.33 each month for the first year of rent, which is an annual amount of $190,000.00, computed at $0.79 per square feet. The rent amount is based upon an appraisal performed by Valbridge Property Advisors on April 14, 2016. Each year the rent shall increase by two percent (2%) of the rent payable for the previous year.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

Lease of the subject property (currently used as parking space) will enable ICOM to construct its medical school facility in close proximity to ISU's Meridian facilities and will enable collaboration and mutual support between ISU-Meridian and ICOM operations, with no anticipated negative impact on West Ada School District operations. Staff recommends approval.

BOARD ACTION

I move to authorize Idaho State University to enter into a Ground Lease Agreement with the Idaho College of Osteopathic Medicine, LLC in substantial conformance to the draft lease agreement provided in Attachment 1, and in coordination with the West Ada School District and the Idaho Division of Public Works.

Moved by____________ Seconded by_____________ Carried Yes____ No____

GROUND LEASE

This GROUND LEASE ("**Ground Lease**") is made as of the ____ day of ____________ 2016 ("**Effective Date**"), by and between Idaho State University ("**ISU**"), a state institution of higher education governed by the Idaho State Board of Education, and Idaho College of Osteopathic Medicine, LLC, an Idaho limited liability company ("**LESSEE**") (each a **"Party"** or together the **"Parties"**). The Parties specifically agree and acknowledge that the approval signature of the Leasing Manager, Division of Public Works, Department of Administration, is a required signature to the effectiveness of this Ground Lease.

WITNESSETH:

WHEREAS, ISU owns that certain real property located at the ISU-Meridian Health Science Center, 1311 E. Central Drive, Meridian, ID 83642, and is more particularly described on Exhibit A attached hereto and incorporated herein by this reference (the "**ISU-Meridian**");

WHEREAS, LESSEE is a private company created by its organizers for (i) the purpose of creating and operating a private accredited college of osteopathic medicine in the State of Idaho and/or (ii) other purposes as set forth in Section 5.a. of this Ground Lease;

WHEREAS, the Parties entered into a Collaborative Affiliation Agreement ("**CAA**") on February 26, 2016 and an executed copy of such agreement is attached hereto as Exhibit B and incorporated herein by reference;

WHEREAS, it is agreed that this Ground Lease is subject to all applicable provisions of the Master Declaration Agreement and the Joint Operations and Maintenance Agreement dated December 4, 2007 (the "**Declaration**"), by and between ISU and the Joint School District No. 2 (now known as West Ada School District) and an executed copy of such agreement is attached hereto as Exhibit C and incorporated herein by reference.

WHEREAS, LESSEE and ISU have determined that LESSEE shall locate its college of osteopathic medicine on a parcel of land located at ISU-Meridian;

NOW, THEREFORE, ISU and LESSEE do hereby agree as follows:

1. <u>Definitions.</u> The following terms, as used in this Ground Lease, shall have the meanings hereinafter set forth:
    a. "**Common Area**" shall have the meaning ascribed to such term in the Declaration.
    b. "**Construction Documents**" shall mean those certain contract documents, written plans, and specifications prepared by or on behalf of LESSEE and

reasonably approved for construction by applicable local governing jurisdictions, the State of Idaho, if applicable, and ISU.

c. "**Hazardous Substance**" shall mean any substance which is toxic, ignitable, reactive, radioactive, or corrosive and which is regulated by any local government, the State of Idaho, or the United States government. Hazardous Substance includes any and all materials or substances which are defined as hazardous waste, extremely hazardous waste, or a hazardous substance pursuant to state, federal, or local government law. Hazardous Substance includes, but is not restricted to asbestos, polychlorobiphenyls (PCBs), and petroleum.

d. "**Lessee Building**" shall mean that certain building and related alterations, additions, and improvements which are to be constructed on the Leased Premises pursuant to the Construction Documents.

e. "**Lease Year**" shall mean the twelve (12) month period beginning with the Lease Commencement Date (as defined in Section 4) and ending on the date that is twelve (12) months later, then each successive twelve (12) month period.

f. **"Effective Land Area"** shall mean an Effective Land Area calculation of 5.55 acres. This area is based on a proportional ratio of the assumed building size of the Lessee Building to the land area of the overall Parcel. This Effective Land Area calculation is larger than the actual Leased Premises to account for the proportional inclusion of Common Area non-exclusive ingress, egress and utility easements and Common Area non-exclusive easements for shared parking in accordance with all applicable provisions of the Declaration.

g. **"Leased Premises"** shall mean that certain 2.80 acre area, identified and described in Exhibit D attached hereto, as the designated area for location of the Lessee Building and related improvements. The construction of the Lessee Building and related improvements must be confined to the Leased Premises boundary, subject to designated building set-backs and the recorded easements and restrictions set forth in the Commitment (as defined in Section 8.b.) that apply to the Overall Parcel and Leased Premises. Any disturbance of site improvements existing outside of the Leased Premises that are deemed necessary for utility extensions or pavement match, must receive written approval of either or both ISU and the West Ada School District, as required under the Declaration, which approval shall not be unreasonably withheld, conditioned or delayed, as any such construction work may be required to occur within their respective separate property boundaries. ISU represents and warrants that ISU, through the State of Idaho, owns fee title to the Leased Premises.

h. "**Unavoidable Delay**" shall mean all failures or delays in a Party's performance of its obligations hereunder, not within such Party's reasonable control, including without limitation, the impossibility of such performance which shall result from or be caused by any act of God; acts of the public enemy; wars; blockades; epidemics; earthquakes; storms; floods; explosions; strikes; labor disputes; riots; insurrections; breakage or accident to machines or lines or pipe or mains; act of any governmental agency or authority restricting or curtailing actions required under this Ground Lease or withholding or revoking necessary consents, approvals, permits, or licenses; equipment failures; inability to procure and obtain needed building materials so long as reasonable efforts are made to procure satisfactory substitute materials if practical; or delays of inclement weather; provided, that such Party shall pursue with reasonable diligence the avoidance or removal of such delay. The inability or refusal of a Party to settle any labor dispute shall not qualify or limit the effect of Unavoidable Delay. The inability of a Party to secure funds required to perform its obligations hereunder shall not constitute Unavoidable Delay.

2. <u>Term.</u> This Ground Lease shall commence on the Lease Commencement Date and shall remain in effect until the earlier of (i) the date that is forty (40) years after the Lease Commencement Date, (ii) the termination of this Ground Lease pursuant to Section 35; or (iii) the written agreement of the Parties (the "**Expiration Date**"), provided, however, that the Parties acknowledge and agree that LESSEE shall have the right to renew the term of this Ground Lease in accordance with the terms of Section 3 below. Notwithstanding the foregoing and subject to the terms and conditions of this Ground Lease, including, without limitation, Sections 8, 35, and 45 of this Ground Lease, in no event shall this Ground Lease be terminated without a party providing at least five (5) years advance written notice to the other party of such party's election to terminate this Ground Lease.

3. <u>Option to Renew.</u> The parties understand and agree that this Ground Lease, if still in effect at the Expiration Date, may be renewed by LESSEE, provided LESSEE is not at that time in breach of the CAA or this Ground Lease, for two (2) additional ten (10) year terms. The right to renew this Ground Lease shall be exercised by written notice of extension by LESSEE to ISU, no later than sixty (60) days prior to the expiration of the then-existing term.

4. <u>Rent Payment.</u> In consideration of the benefit conferred upon LESSEE under this Ground Lease, and without notice or demand, offset or deduction, except as expressly provided for in this Ground Lease, LESSEE shall make payable to ISU-Meridian, on the first day of each month, beginning on the date excavation of the Lessee Building commences, but, subject to Unavoidable Delay, no later than the 1st day of March, 2017 ("**Lease Commencement Date**"), $15,833.33, which is computed at the rate of $0.79 per square foot multiplied by the Effective Land Area ("**Base Land Payment**"), which is a yearly amount of $190,000.00. Notwithstanding the foregoing, in the event that LESSEE, despite its diligent efforts, has failed to obtain accreditation from COCA or any other applicable licensing authority on or prior to the date that is ten (10) business days prior to the Lease Commencement Date, the Lease Commencement Date shall be extended to the date that

is ten (10) business days following the date that LESSEE obtains such accreditation. The Base Land Payment shall be adjusted at the beginning of each Lease Year by two percent (2%) of the Base Land Payment for the immediately preceding Lease Year. This Ground Lease shall be absolute net, and LESSEE shall pay or reimburse all operating expenses including property taxes, insurance, common maintenance/repairs/replacement, and management.

5. Use. The Parties intend for LESSEE to construct the Lessee Building on the Leased Premises for the purpose of constructing, operating and maintaining a college of osteopathic medicine (the "**Permitted Use**"). Except as set forth in this Ground Lease, no material changes, modifications, or alterations can be made to the use of the Lessee Building unless it is done in writing and signed by the proper authority of each Party. If LESSEE abandons the Lessee Building and ceases making the Base Land Payment and such failure continues for ninety (90) days after written notice from ISU to LESSEE, it shall be an event of default and shall be grounds for termination of this Ground Lease.
    a. At all times during the term of this Ground Lease, LESSEE shall continuously (except for temporary closures due to casualty, condemnation or remodeling) use the Lessee Building in order to provide services and amenities to its students, faculty, and staff . LESSEE may use the Lessee Building for other uses if such uses are approved by ISU, which approval shall not be unreasonably withheld or delayed and are not inconsistent with applicable Laws and zoning uses, as well as the terms of the Declaration and the teaching, research, service, or economic development mission of ISU.
    b. Subject to the rights and obligations of ISU hereunder, the operation of the Lessee Building, including allowing the use by others, will be the sole responsibility of LESSEE. The use and occupation of the Leased Premises and Lessee Building shall at all times during the term of this Ground Lease, be conducted in compliance with federal, state, and local laws, ordinances, and regulations (collectively, "**Laws**"). In the event that LESSEE receives written notice that LESSEE is not in compliance with any applicable Laws, LESSEE shall have thirty (30) days to cure such non-compliance, provided, however, if such non-compliance cannot reasonably be cured within such thirty (30) day period, LESSEE shall have the time necessary to reasonably cure the same) and if LESSEE fails to cure such non-compliance within such time frame, such non-compliance shall be deemed an event of default and shall be grounds for termination of this Ground Lease. Notwithstanding the foregoing, in no event shall LESSEE be responsible for any non-compliance with Laws arising out of the acts or omissions of ISU, its agent, employees, contractors and representatives.
    c. The CAA includes agreements and legal obligations that include the fiscal, fiduciary, and marketing relationship agreed upon by LESSEE and ISU; the rights retained by LESSEE; the rights retained by ISU; the branding issues; specification

of the services being provided by each entity to the other; specification that LESSEE is the final authority on the curriculum for LESSEE and the requirements for granting any degrees of students by LESSEE; the term of the CAA; a statement on how the CAA may be amended; a statement on how either party may withdraw from the CAA; and a statement of severability. In addition, LESSEE has the final authority on the selection of LESSEE students. LESSEE has the final authority on selection of faculty members. All agreements between ISU and LESSEE, including the CAA as well as this Ground Lease represent the legal relationship between ISU and LESSEE. Furthermore, LESSEE is solely responsible for meeting the American Osteopathic Association, Commission on Osteopathic College Accreditation (COCA) standards. ISU, if requested reasonably by COCA to provide documentation concerning ISU's finances and accreditation status, will transmit such documentation to COCA. LESSEE will have the sole responsibility to verify that LESSEE students are aware of financial responsibility and student rights with regard to Title IV and will also be solely responsible to verify that LESSEE students are aware that financial aid is not processed through ISU and they are not eligible to participate in Title IV through ISU. The term of this Ground Lease is over ten (10) years in length with at least five (5) years' notice of termination required prior to a party having the right to terminate this Ground Lease, except in an event of LESSEE's default and except for any express termination rights set forth in this Ground Lease. Notwithstanding the foregoing, LESSEE is required to give a minimum period of three (3) years for cancellation of any services affecting LESSEE students. Upon notice of termination of this Ground Lease, a teach-out plan must be submitted to the COCA by LESSEE or LESSEE must be able to immediately demonstrate a new location or lease to be approved by the COCA. Discontinuance of operations (except for any temporary closures due to casualty, condemnation or remodeling) and LESSEE's failure to commence operations following sixty (60) days written notice from ISU shall be an event of default and shall be grounds for termination of this Ground Lease.

d. LESSEE shall not provide or offer, directly, or through third parties, any new facilities, programs, or services, including but not limited to anatomy and physiology laboratories, without prior written approval from ISU, that would duplicate, infringe, or compete with current or planned health science academic or health science research programs and/or impact ISU's strategic planning for expansion of new, allied, or existing health science programs; provided, however, in no event shall this Section 5.d. limit or impact LESSEE's right to operate for the Permitted Use. Upon mutual, written agreement by the parties, LESSEE will have access to ISU facilities and services, such as the anatomy and physiology laboratories, necessary for its medical education.

6. <u>Accreditation and State Law Authorization.</u> LESSEE understands and acknowledges that

accreditation by the COCA is critical to the viability of this Ground Lease.

a. No building materials can be delivered to the Leased Premises and no construction or ground work can commence on the Leased Premises prior to a grant of pre-accreditation by the COCA. During the time of operation of the college of osteopathic medicine, LESSEE shall maintain its accreditation, as required, as a college of osteopathic medicine by the COCA (or any successor entity), and LESSEE shall comply with any applicable Laws for authorization to operate a college of osteopathic medicine in the State of Idaho. LESSEE shall notify ISU within thirty (30) days of receipt of any written notice or communications that shall materially and adversely affect its accreditation or reaccreditation or authorization to operate a college of osteopathic medicine. Subject to LESSEE's right to change its use in accordance with the terms of Section 5.a. of this Ground Lease, LESSEE's failure to maintain accreditation and/or authorization to operate a college of osteopathic medicine following any applicable notice and cure periods provided for under applicable Laws and/or set forth in this Ground Lease shall be an event of default and shall be grounds for termination of this Ground Lease.

7. Project Escrow. LESSEE must maintain escrow and operating reserves as required by COCA and as more particularly set forth on Exhibit E attached hereto. The failure to maintain such an escrow account following any applicable notice and cure periods provided for under applicable Laws and/or set forth in this Ground Lease shall be an event of default and shall be grounds for termination of this Ground Lease. LESSEE shall provide proof of such escrow to ISU listing the institution holding said funds and the amount of the escrow within thirty (30) days of creation of said escrow.

8. Due Diligence. LESSEE's obligations under this Ground Lease are contingent upon LESSEE either satisfying or waiving the conditions and contingencies hereinafter set forth (collectively, "**LESSEE's Conditions**") within the respective periods specified below. LESSEE shall diligently and in good faith pursue the satisfaction of LESSEE's Conditions. LESSEE's Conditions are as follows:

a. Within sixty (60) days after the Effective Date (the "**Inspection Period**"), LESSEE may, at LESSEE's sole cost and expense, inspect the Leased Premises and conduct any title examinations, investigations, engineering and environmental tests of the Leased Premises, as LESSEE deems necessary or advisable in connection with the leasing of the Leased Premises. LESSEE shall have the right, upon prior written notice to ISU given prior to the expiration of the Inspection Period, to either (a) terminate this Ground Lease, or (b) extend the Inspection Period for up to one (1) consecutive period of thirty (30) days. If LESSEE determines, in LESSEE's sole discretion, that the Leased Premises is not suitable for the purposes set forth in this Ground Lease, LESSEE shall have the right to terminate this Ground Lease by written notice to ISU given on or before the end of the Inspection Period, as the same may be extended, in which case this Lease shall be terminated and of no further force and effect and neither Party shall have any further rights, duties or obligations hereunder.

b. LESSEE shall have the right, during the Inspection Period, to obtain, at LESSEE's sole cost and expense, a commitment for title insurance ("**Commitment**") from a title company acceptable to LESSEE covering LESSEE's leasehold estate in an amount to be determined by LESSEE. together with copies of all liens, encumbrances and other matters affecting ISU's title to the Land ("Title Documents"). Further, LESSEE shall have the right during the Inspection Period to obtain at LESSEE's sole cost and expense, a survey of the Leased Premises in a form acceptable to LESSEE. If LESSEE determines, in LESSEE's sole discretion, following LESSEE's review of the Survey and the Commitment, that the Leased Premises is not suitable for the purposes of this Ground Lease, LESSEE shall have the right to terminate this Ground Lease by written notice to ISU given on or before the end of the Inspection Period, as the same may be extended, in which case this Lease shall be terminated and of no further force and effect and neither party shall have any further rights, duties or obligations hereunder.

9. <u>Condition of Land and Easements.</u>

a. ISU shall provide to LESSEE all reports, investigations, documents and data in ISU's possession or control regarding the soil, subsoil or environmental condition on ISU-Meridian. Except as expressly set forth herein, ISU makes no covenants or warranties respecting the condition of the soil or subsoil, any environmental condition or presence of cultural resources, or any other condition of the Leased Premises. All such tests shall be at LESSEE's expense. All costs necessary or required to make the Leased Premises suitable for development and any costs or expenses necessary to replace or repair any improvement due to the condition of the Leased Premises shall be at the sole cost of LESSEE. Notwithstanding anything to the contrary set forth in this Section 9, ISU represents and warrants to LESSEE, that as of the Effective Date, ISU has not received any written notice from a governmental agency of any uncured violations of any Laws (including environmental laws) affecting the ISU-Meridian and/or the Leased Premises, (ii) to ISU's actual knowledge (as defined below), no Hazardous Substances are stored by ISU on, in or under the ISU-Meridian and/or the Leased Premises in quantities which violate environmental laws, (iii) to ISU's actual knowledge, the ISU-Meridian and/or the Leased Premises is not used by ISU for the storage, treatment, generation or manufacture of any Hazardous Substances in a manner which would constitute a violation of applicable environmental laws, and (iv) to ISU's actual knowledge, the Premises do not contain Hazardous Substances which would constitute a violation of applicable environmental laws.

b. LESSEE may enter ISU-Meridian and the Leased Premises before the Lease Commencement Date to make soil and structural engineering tests which shall be at LESSEE's sole expense.

c. ISU, to the extent permitted by applicable Laws as grantor and in compliance with the Declaration, hereby grants to LESSEE, its respective contractors, employees, agents, licensees, and invitees, and the contractors, employees, agents, licensees, and invitees of such LESSEEs, for the benefit of the real property leased by LESSEE, as grantee, a nonexclusive easement for ingress and egress by vehicular and pedestrian traffic and vehicular parking upon, over, and across portions of the Common Area located within the Effective Land Area in accordance with all applicable provisions of the Declaration and subject to the additional limitations as described in Section 9.d.

d. At no time during the design, construction or operations of the Lessee Building and related site improvements, nor subsequent to the completion of such construction shall the LESSEE's operations cause any material restricted use or encumbered access to Common Areas within the Leased Premises nor within the Effective Land Area of the property owned by either ISU or the West Ada School District. Construction fencing, staging and construction operations must be confined to the area within the perimeter boundary of the Effective Land Area, as shown in Exhibit D or be conducted off the Effective Land Area.

e. ISU's future design, construction or operations of planned expansion and related site improvements, shall not cause any restricted use or encumbered access to Common Areas within the LESSEE's Leased Premises.

f. Subject to the restrictions and requirements affecting the Common Areas, at LESSEE's request or as may be reasonably required, ISU shall grant to public entities or public service corporations, for the purpose of serving the Leased Premises, rights-of-way or easements on or over ISU-Meridian, the Leased Premises, and adjacent property owned by ISU for telephone, electricity, water, sanitary or storm sewers or both, and for other utilities and municipal or special district services. Grants made under the authority of this provision shall be consistent with existing and necessary services. ISU shall have the right to deny any requested easements that materially and adversely interfere with the development of other ISU property, provided, however, that ISU must provide alternative easement for the benefit of LESSEE.

10. Bonds. Before commencing the initial construction of the Lessee Building and before commencing any alteration, addition, or improvement where the estimated cost of such

alteration, addition or improvement shall be one hundred fifty thousand ($150,000) or more, defined as a "**Material Alteration**", LESSEE shall require all contractors to provide eighty-five (85%) payment and performance bonds in accordance with Title 54, Chapter 19, Idaho Code. All surety company bonds shall guarantee the completion of the construction in accordance with Construction Documents approved by LESSEE and ISU, and guarantee the payment of the cost of such construction. The bond must be in a form reasonably acceptable to the ISU and issued by a surety licensed to conduct business in Idaho. If the State accepts a performance and/or payment bond that is obtained by a construction contractor or other entity different from the LESSEE, and that bond(s) does not name the State in a way to allow the State to demand surety performance under the bond(s), then LESSEE shall reasonably cooperate with the State to the fullest extent possible to obtain the complete protection for the project that the bond(s) is intended to provide.

11. Insurance During Initial Construction. Prior to the initial construction of the Lessee Building, and prior to any Material Alteration of the Lessee Building on the Leased Premises:
    a. LESSEE shall cause to be maintained with responsible insurers, at LESSEE's expense, builder's risk insurance (fire with extended coverage and vandalism endorsement) in an amount not less than one hundred percent (100%) of the anticipated value of the Lessee Building as completed;
    b. LESSEE or any contractor or contractors employed by LESSEE or any other person who will perform work on or install the equipment in the Lessee Building shall be fully covered by worker's compensation insurance as required under the Idaho Worker's Compensation Act, and all certificates of worker's compensation insurance shall be furnished to LESSEE and ISU before commencement of any construction;
    c. LESSEE or any contractor or contractors employed by LESSEE or any other person who will perform work on or install the equipment in the Lessee Building shall be covered by liability coverage with minimum limits of one million dollars ($1,000,000) per occurrence, and two million dollars aggregate with an additional insured endorsement in favor of ISU and the State of Idaho.
    d. By requiring insurance herein, ISU does not represent that coverages and limits will necessarily be adequate to protect LESSEE or any contractor or contractors employed by LESSEE. Such coverage and limits shall not be deemed as a limitation on the LESSEE'S liabilities under any of the indemnities granted in the Ground Lease.

12. Construction and Completion of Work.
    a. Prior to ISU's approval of the Plans, LESSEE shall, at no material cost or expense to LESSEE, reasonably include ISU in its design process, from preliminary concepts through the final design of the Plans.

b. LESSEE, coincidental with its submittal to Meridian City, shall submit to ISU for ISU's approval, which approval shall not be unreasonably withheld, conditioned or delayed, all Construction Documents and a complete set of construction plans and specifications for the Lessee Building and all material improvements, including material supplements and changes thereto (collectively, the "**Plans**") prepared by a licensed architect or engineer, which plans and specifications may include, copies of preliminary grading and drainage plans; soil test reports; descriptions of utilities, sewer and service connections; locations of ingress and egress to and from public thoroughfares; curbs; gutters; parkways, street lighting, designs and locations for outdoor signs; storage areas; building plans, elevations, and renderings; landscaping plans; parking stalls; and the architect's estimate of the costs of construction, all reasonably sufficient to enable ISU to make an informed judgment about the nature, design, and quality of the proposed Lessee Building and improvements. ISU shall have a period of thirty (30) days after submission of the Plans, together with a written statement of LESSEE that it deems the same complete and requests approval thereof, to advise LESSEE in writing of its approval, disapproval, or request for supplementation, amendment, or clarification of said Plans. ISU shall have the right to disapprove the Plans. Further, in the event that LESSEE materially changes or supplements the Plans, LESSEE shall provide written notice of such material change to ISU and ISU shall have five (5) business days to advise LESSEE in writing of its approval or disapproval of said modification. Two (2) hard copies and two (2) electronic copies of the Plans shall be submitted to ISU within seven (7) months of execution of this Ground Lease. One copy shall be attached hereto as Exhibit F. Failure of ISU to respond to LESSEE regarding (i) the Plans within thirty (30) days shall be deemed ISU's approval of the Plans and (ii) any material modification to the Plans within five (5) business days shall be deemed ISU's approval of such modification.

c. Fire lane extensions for Fire Department access, ADA accessible parking stalls, drop off areas, and screened trash enclosures must be provided within the Effective Land Area to serve the Lessee Building and be in compliance with applicable Laws.

d. Accessible pedestrian connectivity between the Lessee Building and the ISU campus must be included in the building and site design. The accessible pedestrian walkway must locate within the existing landscape parkway along the southern boundary of the Leased Premises so that no part of the current Common Area ingress/egress or Common Area parking are used for the proposed accessible pedestrian route.

~~e~~. LESSEE shall provide ISU with written notification of its intention to commence development of the Lessee Building at least ten (10) business days before commencement of any such work to the Leased Premises or delivery of any materials to the designated staging area.

f. LESSEE shall furnish ISU with a true copy of LESSEE's executed contract with the general contractor, who is appropriately licensed in the State of Idaho with any confidential or proprietary information redacted. The construction contract shall give ISU the right, but not the obligation, to assume LESSEE's obligations and rights under the contract if LESSEE should be in default past any applicable notice and cure periods therein, and such default is not waived by the contractor or otherwise cured within the applicable time frame set forth in such construction contract. The contract shall also require the general contractor to copy ISU upon any notification of LESSEE's default past any applicable notice and cure periods.
g. LESSEE shall furnish ISU with a list of all major subcontractors who will be involved in the construction of the Lessee Building.
h. ISU hereby grants to LESSEE a right to enter upon ISU-Meridian and to construct, at its own cost and expense, the Lessee Building as described in the Construction Documents. In addition to constructing the Lessee Building, LESSEE shall, at its own cost and expense, ensure that all other improvements, including parking areas, common lighting, and landscaping built by or on behalf of LESSEE on the Leased Premises, are in accordance with applicable Laws affecting the Leased Premises.
i. LESSEE shall comply with, and shall cause its contractors and subcontractors to comply with, all applicable Laws, including, without limitation, those Laws pertaining to licensing and permitting, public works, building construction, building codes, employment, and conditions and hours of employment.
j. All construction shall comply with the Declaration regarding staging areas, construction parking, and plans to ensure the safety of all faculty, staff, and students of ISU and the school district. Construction shall not materially and adversely interfere with the on-going business of ISU and the school district.
k. All defects, deficiencies, errors, and omissions associated with the construction, reconstruction, or repair of the Lessee Building rests solely upon LESSEE to the extent the same are not caused by the acts or omissions of ISU, its employees, contractors, agents, representatives or invitees, and all costs to correct the same shall be paid by LESSEE.
l. Once the work has begun, LESSEE shall, with reasonable diligence, prosecute to completion all construction of the Lessee Building, subject to conditions of Unavoidable Delay.
m. LESSEE shall provide to ISU a schedule of all on-site testing and inspections, including independent testing firms and government agencies (e.g., soil compacting, concrete tests, etc.). LESSEE shall provide to ISU, within fifteen (15) business days of its receipt thereof, copies of the results of all said

testings and inspections. LESSSEE shall notify ISU of any significant deviations from the schedule. In the event of any finding by ISU that construction materials or workmanship are not in substantial accordance with the Plans, LESSEE shall immediately cease such unauthorized work and repair or replace such items.

n. If LESSEE shall not have completed the construction of the Lessee Building on the Leased Premises by the date that is thirty-six (36) months following the Effective Date (as the same may be extended by any Unavoidable Delay, the "**Date of Completion**") in accordance with the Construction Documents, unless caused by Unavoidable Delay, ISU has the option to, at its sole discretion and as its sole and exclusive remedy, with ten (10) days written notice, terminate this Ground Lease.
o. If construction is not completed because of Unavoidable Delay or because LESSEE has not obtained accreditation from COCA, the Parties shall work together to amend this Ground Lease, in writing, with a new Date of Completion.
p. During the term of this Ground Lease, LESSEE may, but shall not be obligated to, construct additions or make alterations to the Leased Premises. Notice of any Material Alterations shall be provided to ISU at least ninety (90) days prior to any solicitation of bids for construction of the Material Alteration. All Material Alterations shall be made in accordance with the terms of this Ground Lease and the applicable provisions of the Declaration and all costs shall be paid by LESSEE. No Material Alteration shall materially and adversely impair the ability of ISU to further develop ISU-Meridian. ISU may, at its reasonable discretion, disapprove any such Material Alteration. LESSEE shall have the right to make Minor Alterations to the Leased Premises and the Lessee Building in accordance with the applicable provisions of the Declaration without the prior written consent of ISU. "**Minor Alterations**" means any alterations, improvements or additions constructed by or on behalf of LESSEE that are not a Material Alteration.
q. During the term of this Ground Lease, LESSEE shall maintain and keep current accurate "as-built" drawings, which may include hand-drawn modifications to existing drawings.
r. Fee title to the Lessee Building, together with all additions, alterations, and improvements thereto, constructed on the Leased Premises, even though a part of the realty, shall be and remain in LESSEE name during the term of this Ground Lease.
s. LESSEE shall not purchase any property surrounding ISU-Meridian that would limit the future growth of ISU-Meridian unless the Parties agree to such purchase in writing that is signed by the proper authority of each Party.
t. LESSEE shall defend, indemnify, and hold ISU and the State of Idaho harmless

from any and all liability, claims, damages, expenses (including reasonable attorney's fees and costs), liens, claims of lien, judgments, proceedings, and causes of action, arising out of or in any way connected with the construction of the Lessee Building, unless caused by the negligent or willful act or omission of ISU, its agents, contractors, or employees.

u. To the extent allowed by law, ISU shall defend, indemnify, and hold LESSEE harmless from any and all liability, claims, damages, expenses (including reasonable attorney's fees and costs), liens, claims of lien, judgments, proceedings, and causes of action, arising out of or in any way connected with (i) ISU's breach of its obligations under the Declaration and/or this Ground Lease and/or (ii) the acts and omissions of ISU, its agents, contractors or employees, unless caused by the negligent or willful act or omission of LESSEE, its agents, contractors, or employees.

13. <u>LESSEE's Insurance After Initial Construction.</u> After the Lessee Building has been constructed and written notice of substantial completion is delivered to LESSEE and ISU, LESSEE shall, during the term of this Ground Lease and the subsequent renewal terms of this Ground Lease, if any, maintain through a responsible insurer(s) licensed to do business in Idaho, at LESSEE's sole expense, the following insurance coverages:

a. Fire and extended coverage insurance in an amount equal to at least one hundred percent (100%) of the full replacement cost of the Lessee Building;
b. Worker's compensation insurance for all employees and staff of LESSEE, insuring against claims under the Idaho Worker's Compensation Act; and
c. Premises liability coverage in an amount of one million dollars ($1,000,000) per occurrence, two million aggregate with an additional insured endorsement in favor of ISU and the State of Idaho.
d. The insurance policies shall not be subject to cancellation except upon at least thirty (30) days' prior written notice to ISU. If LESSEE fails to comply with any insurance requirements set forth in this Ground Lease, ISU may obtain insurance and keep it in effect, and upon demand, LESSEE shall pay ISU its actual, out of pocket cost of procuring such insurance.
e. By requiring insurance herein, ISU does not represent that coverages and limits will necessarily be adequate to protect LESSEE. Such coverage and limits shall not be deemed as a limitation on the LESSEE'S liabilities under any of the indemnities granted in the Ground Lease.

14. <u>Repairs/Maintenance/Security.</u> Except for any maintenance or repair obligations of ISU under the Declaration, LESSEE shall have sole responsibility to maintain or caused to be maintained the Lessee Building and all improvements within the Leased Premises in good and clean condition and repair, ordinary wear and tear excepted, said maintenance to include, without limitation, the following:

a. Maintaining all exterior site improvements, including fences and gates;
b. Maintaining, repairing, resurfacing, and restriping, when reasonably necessary, in accordance with the Declaration, all paved surfaces in a level, smooth, and evenly covered condition with the type of surfacing material originally installed or such substitute as shall in all material respects be equal or superior in quality, use, and durability;
c. Maintaining, repairing, and replacing general building structure and related equipment (interior and exterior), including tuck-pointing, painting and caulking as reasonably needed, as determined by LESSEE;
d. Removing substantially all snow, papers, debris, filth, and refuse, and reasonably sweeping the area to the extent reasonably necessary to keep the area in a clean and orderly condition;
e. Operating, maintaining, repairing, and replacing, when necessary, as reasonably determined by LESSEE, the heating, cooling, and air handling systems and related equipment, including filter replacement, routine service, and monitoring air quality and comfort standards;
f. Operating, maintaining, repairing, and replacing, when necessary, as reasonably determined by LESSEE, electrical systems and related equipment;
g. Sewer and plumbing systems and related equipment shall be maintained in a safe, sanitary, and functional condition. Stacks, vents, and lines shall be kept substantially free from obstructions, leaks, and defects. The water supply shall be maintained substantially free from contamination;
h. Operating, maintaining, repairing, and replacing, when necessary, as reasonably determined by LESSEE, the roof, flashing, gutters, and drains.
i. Operating, maintaining, repairing, and replacing, when necessary, such exterior lighting facilities as shall be reasonably required, as reasonably determined by LESSEE, plus seasonal adjustment of timers. Exterior lighting shall include landscaped areas, parking areas, building exterior lights, walkways, and delivery areas;
j. Maintaining, repairing, and replacing, when necessary, as reasonably determined by LESSEE, all directional signs, markers, and lines;
k. Operating, maintaining, repairing, and replacing, when necessary, as reasonably determined by LESSEE, fire sprinkler system, including fire extinguishers and smoke detectors;
l. Maintaining all landscaped areas, and maintaining, repairing, and replacing, when necessary, as reasonably determined by LESSEE, automatic sprinkler systems and water lines; and replacing shrubs and other landscaping as necessary, as reasonably determined by LESSEE;
m. All maintenance and service of equipment shall be performed by a licensed firm. LESSEE shall use commercially reasonable efforts to endeavor that all maintenance and service providers shall comply with OSHA requirements,

including wearing of protective clothing and following MSDS procedures.

n. The LESSEE shall provide re-certification of life safety equipment including, without limitation, the building fire detection and fire suppression systems in accordance with applicable Laws. Additionally the LESSEE shall have elevators inspected by a licensed provider as required by applicable Laws. If requested by ISU, copies of each re-certification shall be provided to the ISU within thirty (30) days of such applicable written request.
o. Maintaining, repairing, and replacing, when necessary, all storm drains, sewers, and other utility lines and facilities located on the Leased Premises and not dedicated to the public or conveyed to any public or private utility which are necessary for the operation of the Lessee Building;
p. Employing security personnel as deemed appropriate by LESSEE.

Notwithstanding the foregoing, ISU, at ISU's sole cost and expense, covenants and agrees to perform its obligations under the Declaration. ISU hereby acknowledges and agrees that in no event shall LESSEE be responsible for any fees, charges, expenses, or assessments under the Declaration and that ISU shall pay for the same as required by the Declaration.

15. Maintenance Plan, Maintenance Records and Inspections. LESSEE acknowledges and agrees to prepare and implement, during the term of this Ground Lease and to the extent the same is required by applicable Laws, a preventative maintenance and service program for the interior and exterior of the Lessee Building (the "**Maintenance Plan**"), which Maintenance Plan shall be acceptable to LESSEE's investors and lenders. The Parties agree to meet periodically, at a minimum, annually, to review this Ground Lease, and any property and maintenance issues. LESSEE shall deliver a copy of the Maintenance Plan to ISU at this meeting. The Maintenance Plan may cover, as required by applicable Laws, the inspection, service and repair of the Lessee Building, including, without limitation, the following:
    a. The heating and cooling system, including safety devices, water treatment, lubrication, alignment, gaskets, calibration, filter replacement, cleaning, adjustments, coil cleaning, damper cleaning and adjustment, and pressure readings.
    b. The plumbing systems, including water quality, running water, leaks, drains, cleanliness, and roof drains. Ground depressions over sewer lines shall be repaired immediately.
    c. The electrical systems, including monthly amp draws or bi-annual infrared scanning of electrical system to detect any overload conditions and monthly exterior lighting inspection in the evenings. A schedule of timer adjustments shall be established to account for seasonal changes.
    d. The roof, including monthly assessment of conditions, in addition to special

inspections after snow, hail, or heavy winds. Inspections to watch traffic patterns of maintenance/service people on roof, to alleviate standing moisture, blisters, debris on roof, leaks, loose flashings, gutters and downspouts and to check to see if roof equipment is securely fastened and clean. Roof drains shall be cleaned on a reasonable basis. Repairs shall be made in accordance with roof warranty provisions.

e. The paved areas, to correct any ponding, sprinkler run-off, pothole issues. If pavement issues are a concern in dumpster or delivery areas, concrete pads shall be considered. Routine maintenance of asphalt such as crack filling, re-sealing, and re-striping shallbe completed as reasonably necessary, as determined by LESSEE.
f. The fire safety system, to recharge all fire extinguishers, test fire alarms and pull boxes as required by applicable Laws. A fire sprinkler firm must perform an testing of the fire sprinklersystem as required by applicable Laws.
g. All doors, including the adjustment of door closers.
h. Projection of timing of carpeting, flooring, and furniture, fixtures, and equipment replacement, in addition to future capital improvement projects. Exterior building joints, glazing and caulking windows, mildew, trip hazards, overhead door adjustment, and lubrication.
i. The fencing and gates.
j. Performance of any touch-up painting, especially on bare wood and exposed metals.
k. Recommendations to increase building efficiency by decreasing utility consumption or by implementing additional energy management procedures.
l. An inspection shall also be made of all electric motors, transmission and drive systems, laboratory equipment, and water consuming systems as required by applicable Laws.
m. Maintenance of warranty records and established service schedules that substantially comply with warranty and manufacturer's guidelines. LESSEE shall use commercially reasonable efforts to keep all instruction manuals for all installed equipment, including maintenance guides and parts lists. LESSEE shall maintain and keep current all plans and specifications.
n. LESSEE will schedule inspections of the Lessee Building during the term of the Ground Lease as required by applicable Laws.
j. The building authority having jurisdiction and the Idaho State Fire Marshal shall inspect the Lessee Building as required by applicable Laws. The LESSEE shall provide copies of each inspection report to ISU within thirty (30) days of inspection date. LESSEE shall comply promptly with any actions required by these entities.

16. <u>Failure to Repair, Maintain or Service</u>. In the event that the LESSEE shall fail or refuse to make such repairs, perform such maintenance, provide such services, or to take any other action

required of the LESSEE under this Ground Lease, ISU shall give LESSEE reasonable notice and time to cure and, failing such cure, ISU may, at its option, make such repairs, perform such maintenance, provide such services, or take any such action, and recover such reasonable sums expended directly from the LESSEE upon presentation of an invoice. ISU's decision to exercise this remedy shall not be deemed to limit its exercise of any other remedy available under this Ground Lease, at law or in equity.

17. Utilities. LESSEE hereby covenants and agrees to pay all charges for heat, light, gas, telephone, trash service, telecommunications services, water, and sewer, and for all other public or private utilities which shall be used in or charged against the Lessee Building during the term of this Ground Lease, including any hookup or installation charges, whether or not the same constitute liens.

18. Destruction of Leased Premises or Lessee Building.
    a. In the event the Leased Premises or the Lessee Building shall be damaged or destroyed during the term of this Ground Lease by fire or any other casualty, LESSEE may, at LESSEE's sole option, elect to continue this Ground Lease in effect and shall cause the damaged portion of the Leased Premises or Lessee Building to be repaired and restored to substantially the same condition which existed before any fire or other casualty. Should LESSEE exercise its option to continue this Ground Lease and to restore the Leased Premises or Lessee Building, LESSEE shall be entitled to apply all or any portion of insurance proceeds owed to it toward repair and restoration of the Leased Premises or the Lessee Building and shall proceed with due diligence to restore and reconstruct the Leased Premises and LESSEE Building.
    b. In the event LESSEE doesn't exercise its option to continue this Ground Lease upon the occurrence of damage to or destruction of the Leased Premises or Lessee Building by fire or other casualty, then LESSEE may, at LESSEE's sole option, declare this Ground Lease terminated. In such event, all obligations to perform the covenants of this Ground Lease shall terminate, and all insurance proceeds payable with respect to such loss shall be applied first to the cost, in an amount not to exceed $500,000, of demolition of the remaining improvements and restoration of the real property to substantially the same condition existing as of the commencement of this Ground Lease, with the balance of insurance proceeds, if any, to be paid to LESSEE and/or its lenders.

19. Eminent Domain.
    a. If the entire Leased Premises or Lessee Building shall be taken by condemnation or right of eminent domain, or conveyed in lieu thereof, or, in the event such portion of the Leased Premises or such portion of the Lessee Building shall be so taken or conveyed that prohibits or substantially impairs

LESSEE's use, LESSEE shall give notice to such effect, then, in either or such events, this Ground Lease shall be terminated as of the date possession of the property is taken by the condemning authority.

b. However, if a portion of the Leased Premises is taken by condemnation or right of eminent domain, or conveyed in lieu thereof, and this Ground Lease is not terminated by LESSEE as set forth in Section 19(a) above, this Ground Lease shall remain in effect. In the event a partial taking occurs and this Ground Lease is not terminated by LESSEE as set forth in Section 19(a) above, LESSEE shall make such alterations or repairs, at LESSEE's own cost and expense or from any insurance proceeds, as applicable, as are necessary to make the Leased Premises or Lessee Building usable by LESSEE.
c. LESSEE shall be entitled to LESSEE's part of any award and payment for the taking by condemnation or right of eminent domain or conveyance in lieu thereof of the Leased Premises or Lessee Building. ISU shall be entitled to ISU's remainderman interest of any award and payment for the taking of the Leased Premises or Lessee Building by condemnation or right of eminent domain or conveyance in lieu thereof to the extent the same does not diminish LESSEE's award. LESSEE shall be entitled to make a claim to the condemning authority for a separate award for damage to LESSEE's Building and interest, including, without limitation, any relocation expense.
d. Nothing contained herein shall prevent ISU and LESSEE from prosecuting claims in any condemnation proceedings, or filing a collateral claim or action if such Party is not named as a Party in the proceeding, for the value of all of their respective interests, provided, however, in no event shall ISU's claim reduce the proceeds or award due and owing LESSEE.

20. <u>LESSEE's Assignment or Transfer of Interest.</u> LESSEE shall not assign or sublease its interest in this Ground Lease without the prior written approval of ISU, which consent and approval shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the foregoing, Lessee shall have the right, without ISU's prior consent, (i) to assign the Lease to any Affiliate (as defined below) of LESSEE or (ii) to mortgage or collaterally assign its leasehold interest and its interest in the Lessee Building and other improvements constructed on the Leased Premises (each, a "**Permitted Transfer**"). For the purposes of this Section 20, an "Affiliate" shall be any entity that (a) is controlled by, controlling or under common control of LESSEE and (ii) has a reasonable amount of experience and knowledge in operating a business for the Permitted Use. Except for a Permitted Transfer, the factors to be considered by ISU in granting or withholding its consent and approval to the proposed assignment or sublease are limited to (i) the assignee's or sublessee's financial condition; and (ii) a determination of whether the assignee's or sublessee's proposed use is consistent with the restrictions of Section 5 of this Ground Lease. LESSEE shall bear the burden and expense of establishing that the

proposed assignee or sublessee satisfies the foregoing criteria.

21. <u>Liens.</u> LESSEE shall not permit any mechanic's, materialmen's, or other lien, encumbrances, consensual liens, to attach to the Lessee Building, Leased Premises, or ISU-Meridian. In the event that any such mechanic's, materialmen's, or other liens are filed against the Leased Premises, the Lessee Building, or ISU-Meridian by reason of actions of LESSEE, LESSEE shall cause all such liens to be discharged by payment, bond, or otherwise within sixty (60) days after LESSEE has knowledge of or receives written notice of the filing of such liens or security interests. LESSEE shall defend, indemnify, and hold ISU and the State of Idaho harmless from any and all liability, claims, damages, expenses (including reasonable attorney's fees and costs), liens, claims of lien, judgments, proceedings, and causes of action, arising out of or in any way connected with the construction of the Lessee Building, unless caused by the negligent or willful act or omission of ISU, its agents, contractors, or employees.

22. <u>Telephone.</u> LESSEE shall be responsible for the installation, alterations, repair, or maintenance of all telephone and telephone systems, and all other telecommunication systems, including wiring, to the Lessee Building.

23. <u>Exterior Signs.</u> LESSEE may install upon the exterior of the Lessee Building or the grounds surrounding the Lessee Building, such signs and displays as LESSEE shall deem advisable; provided, all such signs and displays shall be in compliance with all applicable laws, rules, covenants, and regulations and shall be subject to the prior written approval by ISU. Signage cannot unduly impact or diminish the image and/or visibility of the ISU-Meridian Health Center. LESSEE should provide all graphic presentations, shop drawings, and final signage design for ISU's approval. The signs or displays shall be limited to designating the Lessee Building name and parking and traffic control signs.

24. <u>Taxes and Assessments.</u>
    a. LESSEE shall, if necessary and as required by applicable Laws, pay any personal property taxes which may be assessed, if any local taxing authority may assert such authority. It is the understanding of the Parties hereto that ad valorem real property taxes and other assessments levied and assessed against the Leased Premises or Lessee Building shall not be payable, due to the ownership interest of ISU in the Leased Premises. However, if for any reason any type of real estate taxes are levied against the Leased Premises or Lessee Building, LESSEE shall reimburse ISU the amount of any real estate taxes so levied and assessed. Any reimbursement due ISU hereunder shall be paid within thirty (30) days after delivery to LESSEE of copies of the tax bills evidencing the assessment of such taxes reimbursable under this Section 24. ISU agrees to pay, when due, before delinquency, directly to the tax collecting authority, all

taxes and assessments levied and assessed against the Leased Premises. In the event ISU fails to pay such taxes and assessments when due, LESSEE shall have the right, but not the obligation, to pay the same directly to the taxing authority.

b. In the event ad valorem real property taxes are levied and assessed against the Leased Premises or Lessee Building, LESSEE, at LESSEE's expense, shall have the right to contest the amount or validity of all or any part of the ad valorem real property taxes and assessments required to be paid by ISU hereunder; provided, however, LESSEE shall indemnify ISU against any loss or liability by reason of such contest. Notwithstanding such a contest, all taxes otherwise due and payable to ISU by LESSEE shall be paid within thirty (30) days of written demand, but any refund thereof by the taxing authority shall be the property of LESSEE. ISU and LESSEE agree to assist each other as may be reasonably necessary in any contest of ad valorem real property taxes and assessments.

c. LESSEE shall be required to reimburse ISU within thirty (30) days of written demand for any and all taxes and other charges payable by ISU to any governmental entity (other than income, capital levy, estate, succession, inheritance or transfer taxes or similar tax of ISU) whether or not now customarily paid or within the contemplation of the Parties hereto, by reason of or measured by any and all taxes levied or assessed and which become payable during the term of this Ground Lease upon any of LESSEE's property or LESSEE's income derived from the Leased Premises. The Parties acknowledge and agree that ISU shall be responsible for any and all income, profits or revenue tax, assessment or charge imposed upon the rent or other benefit received by ISU under this Ground Lease.

25. <u>Compliance With Laws and Regulations.</u>

a. LESSEE shall, at its own cost and expense, promptly comply with, or cause to be complied with, all Laws, whether or not the same require structural repairs or alterations, which may be applicable to LESSEE, the Leased Premises or the Lessee Building or the use of or manner of use of the Leased Premises or the Lessee Building. This provision specifically includes LESSEE's obligation to comply with all statutes, rules, and regulations regarding the handling, storage, and disposal of any hazards or regulated substance used by LESSEE on the Leased Premises. LESSEE shall also observe and comply with the requirements of all policies and arrangements of insurance that LESSEE is required to carry under this Ground Lease.

b. LESSEE shall defend, indemnify, and hold ISU and the State of Idaho harmless from any and all liability, claims, damages, expenses (including reasonable attorney's fees and costs), judgments, proceedings, and causes of action, arising out of or in any way connected with the failure to comply with applicable Laws, unless the same is caused by the negligence or willful acts or omissions of ISU, its employees, agents, contractors or representatives.

26. Hazardous Materials.

a. LESSEE shall not accumulate, use, or store on the Leased Premises, Hazardous Substances or materials classified as hazardous, biomedical, or toxic waste, except in compliance with all applicable Laws. LESSEE shall comply with any lawful order by an entity reposed with authority to regulate the use, accumulation, storage, or disposal of a Hazardous Substance.
b. LESSEE will comply with all reporting requirements and applicable Laws for Hazardous Substances. LESSEE will provide copies of applicable MSDS sheets to ISU and the Meridian Fire Department. LESSEE shall work with ISU, the Meridian Fire Department, and any other local emergency planners on appropriate response planning.
c. LESSEE agrees to indemnify and hold harmless ISU and the State of Idaho, its agents, employees, contractors, experts, licensees, and affiliates from any and all environmental claims, damages, fines, judgments, penalties, costs, liabilities, or losses, including, without limitation, any and all sums paid for settlement of claims, court costs, attorney's fees, consultant fees, and expert fees, arising during or after the term of this Ground Lease from or in connection with the presence or suspected presence of Hazardous Substances in or on the Leased Premises, unless the Hazardous Substances are present as a result of the negligence, willful misconduct, or other acts of ISU, its agents, employees, contractors, or invitees. Without limitation of the foregoing, this indemnification shall include any and all costs incurred due to any investigation of the site or any cleanup, removal, or restoration mandated by a federal, state, local agency, or political subdivision.
d. To the extent allowed by law, ISU shall indemnify, protect, defend and hold LESSEE harmless from and against any and all orders, penalties, fines, administrative actions, or other proceedings (collectively, a "**Compliance Obligation**") commenced by any governmental agency including, without limitation, the United States Environmental Protection Agency, as a result of the existence of any environmental condition in violation of an environmental law that (i) exists as of the Effective Date, on, under or at the Leased Premises or (ii) results from ISU or ISU's agents, contractors or employees releasing, generating, or disposing of any Hazardous Substances in, on, or about the Leased Premises in violation of any environment laws, except to the extent that such environmental condition is caused or aggravated by the act or omission of LESSEE, its agents, contractors, servants, employees, customers or invitees.

27. Zoning and Building Restrictions. It is understood and agreed that this Ground Lease is subject to all applicable zoning ordinances and restrictions and all limitations of record and is subject to any and all easements for public utilities which are of record. If there are any such restrictions which make construction of the Lessee Building unfeasible in the opinion of the Parties, the Parties may mutually terminate this Ground Lease. All construction, parking, or signage shall conform to any applicable zoning or building regulations.

28. Waste and Nuisance Prohibited. LESSEE shall not commit or suffer to be committed any waste or any nuisance on the Leased Premises or on the remainder of ISU-Meridian.

29. Waiver of ISU's Lien. ISU hereby waives any lien on LESSEE's personal property, including, without limitation, any furniture, furnishings or equipment on the Leased Premises, whether granted by statute or otherwise.

30. Mortgage Financing.

    a. Leasehold Mortgages and Encumbrances; Leased Fixtures. LESSEE shall have the right, without the consent of ISU, to mortgage, collaterally assign or otherwise encumber any interest that LESSEE has in this Lease, the Building or any other improvements on the Leased Premises, including, without limitation, its leasehold interest or any part thereof, as collateral security for financing, provided that (i) LESSEE shall remain liable for performance of all of its obligations under this Ground Lease, and (ii) any financing obtained by LESSEE for the Lessee Building and/or any other improvements may not, without the written consent of ISU, which consent shall not be unreasonably withheld, conditioned or delayed, exceed the value of the Lessee Building and other improvements at the time such financing is obtained, or the term of this Ground Lease. Notwithstanding the foregoing, any Mortgage shall only be upon LESSEE's leasehold estate hereunder and LESSEE's interest in this Ground Lease, the Building and any improvements and shall not encumber ISU's fee simple title to ISU-Meridian.

       The term "**mortgage**", when used in this Section, shall include, without limitation, leasehold mortgages and deeds of trust; the term "**mortgagee**" shall include, without limitation, a mortgagee under a mortgage or the trustee or beneficiary of a deed of trust, but only those whose names and addresses have been furnished in writing to ISU; and the term "**foreclosure**" shall include, without limitation, judicial or non-judicial foreclosure, sale upon default under nonjudicial powers of sale, and conveyances or assignments in lieu of foreclosure. Provided that ISU shall have been furnished with a true and correct copy of the mortgage (and any and all amendments or modifications thereto) meeting the requirements of this Section 30(b), the name and address of the mortgagee, and the date of recording of the mortgage, until ISU receives notice that the mortgage has been satisfied or released, the following provisions shall apply.

(i) Upon and during the occurrence of any LESSEE default under any mortgage past the applicable notice and cure period, ISU may, in its sole discretion, within ninety (90) days of receipt of a notice of mortgage default from the mortgagee, take whatever action is necessary to cure the LESSEE's default, or undertake, in good faith, to cure the default if the default is not of a nature as can be cured within ninety (90) days, with like effect as if LESSEE had cured or undertaken cure of the default. LESSEE shall indemnify ISU for all actual, out-of-pocket costs and expenses incurred in curing the default.

(ii) No Termination By Reason of Sale, Forclosure or Surrender. So long as the mortgagee pays all rent due and otherwise complies with LESSEE's obligations under this Ground Lease in accordance with the terms and conditions to cure any default contained in this paragraph including payment of any rent due and owing by LESSEE, this Ground Lease shall not be subject to termination by ISU by reason of foreclosure or by resort to any remedy for default under or pursuant to a mortgage. No sale or transfer of the Leased Premises or ISU's interest in this Ground Lease, or any portion thereof, to the LESSEE and no purchase or other acquisition of this Ground Lease, or any interest herein or in the Lessee Building and improvements, by ISU, shall terminate this Ground Lease by merger or otherwise and this Ground Lease shall continue in full force and effect notwithstanding any such transfers so long as any mortgage encumbers the LESSEE's leasehold interest. Except with respect to provisions of this Ground Lease not material to the security of any mortgagee, this Ground Lease may not be amended or any provision of this Ground Lease waived by ISU or the LESSEE without the prior written consent of each mortgagee and any such amendment or waiver made without the prior written consent of each mortgagee may be declared void and of no force or effect by the mortgagee. Consent to amendment or waiver may only be withheld by such mortgagee if such amendment or waiver would impair its security interest.

(iii) No Voluntary Cancellation. So long as a mortgage is in effect, ISU shall not accept a surrender, cancellation or other voluntary termination of this Ground Lease by the LESSEE without the prior written consent of all mortgagees of record, unless upon such surrender or cancellation ISU expressly assumes the LESSEE's oblibations under such mortgages or, if such termination is on account of a default by the LESSEE of the Ground

Lease hereunder, and ISU has given each mortgagee of record the opportunity to exercise its rights as provided in this Section 30.

(iv) Right of Mortgagee on Default. No act or failure to act on the part of the LESSEE which would entitle ISU under the terms of this Ground Lease, or by law, to be relieved of ISU's obligations hereunder or to terminate this Ground Lease, shall result in a release or termination of such obligations or a termination of this Ground Lease as to any mortgagee unless:

(A) Notice. ISU shall have first given written notice of the LESSEE's act or failure to act to each such mortgagee, specifying the act or failure to act on the part of the LESSEE to the address of the mortgagee last supplied to ISU by such mortgagee; and

(B) No Cure. Such mortgagee, after receipt of such notice (i) has failed or refused to correct or cure the condition complained of within the time permitted the LESSEE hereunder, plus an additional thirty (30) days thereafter in the case of default consisting solely of a failure to pay a sum of money due from the LESSEE to ISU, or required to be paid by the LESSEE under this Ground Lease; (ii) in the case of any other default by the LESSEE hereunder, other than an Uncurable Default (as defined below) has failed or refused to correct or cure the condition complained of within the time permitted by the Ground Lease plus and additional thirty (30) days; or (iii) has failed, in the case of a default by LESSEE which by its nature cannot be cured or corrected by mortgagee (an "**Uncurable Default**"), including, without limitation, LESSEE's bankruptcy or insolvency, to lawfully assume possession of the Leased Premises within a reasonable time (as defined below).

As used in subsection (B) above, "**reasonable time**" means and includes the time necessary, using reasonable diligence, to obtain possession of the leasehold interest, including, without limitation, possession of the Lessee Building, in the manner required by law under the mortgage, if the mortgagee, by written notice to ISU within thirty (30) days after receipt of ISU's notice to mortgagee, elects to do so, but no more than sixty (60) days after such written notice to ISU unless the mortgagee may be prevented from foreclosing and/or obtaining possession as a result of bankruptcy proceedings or other proceedings initiated by the LESSEE or its creditors), and, as used in subsection (B) above, also means and includes such time as is necessary to correct or cure the condition using reasonable diligence.

(v) Mortgagee Succeeds to LESSEE's Interest; Liability of Mortgagee Limited. Upon any lawful assumption of possession of the LESSEE's leasehold interest or the acquisition of LESSEE's interest in the Lessee Building, such mortgagee shall have all of the rights of the LESSEE and the duty to perform all of the LESSEE's obligations hereunder accruing thereafter, but only for so long as it holds such possession of the leasehold interest or LESSEE's interest in the Building.

Provided, however, to the extent that a mortgagee elects to undertake any cure pursuant hereto, such mortgagee shall act with reasonable diligence in accordance with the terms and conditions herein specified. Any timely actions by a mortgagee to cure a default of the LESSEE shall be accepted by ISU as if performed by the LESSEE.

(vi) Assignment And Assumption After Foreclosure. Any purchaser at a foreclosure sale other than a mortgagee shall assume all of the obligations of the LESSEE hereunder and shall have no right in respect of the Lessee Building and the Leased Premises unless the purchaser so assumes and delivers within ten (10) days of the sale (or order approving the sale, in the event such order is required by law) an instrument of assumption in recordable form assuming all of the LESSEE's obligations hereunder.

(vii) Enforcement Rights. Any mortgagee shall be entitled to enforce the provisions of this Section 30(a) in its own name as a third party beneficiary.

(viii) Notice by ISU. Any mortgagee shall be entitled to all of the rights and benefits of this Section including the right to receive any notices required to be given by ISU under this Section. ISU shall mail or deliver to such mortgagee a copy of any and all written notices which ISU may from time to time give to or serve upon the LESSEE under and pursuant to the terms and provisions of this Ground Lease pertaining to a default by the LESSEE hereunder. All notices and copies of notices required to be served pursuant to this Section shall be delivered to the address of the mortgagee last supplied to ISU by such mortgagee.

(ix) Legal Proceedings. ISU shall give each mortgagee prompt notice of any legal proceedings between ISU and LESSEE involving obligations under this Ground Lease. Each mortgagee shall have the right to intervene in any such proceedings and be made a party to such proceedings, and ISU and LESSEE shall consent to such intervention. If any mortgagee shall not elect to intervene or become a party to any such proceedings, ISU shall give the mortgagee notice of, and a copy of, any award or decision made in any such proceedings, which shall be binding on all mortgagees not intervening after receipt of notice of proceedings.

(b) Cooperation for Mortgagee Protection. ISU and LESSEE shall cooperate in including in this Ground Lease by suitable amendment from time to time any provision which may reasonably be requested by the proposed leasehold mortgagee for the purpose of implementing the mortgagee protection provisions contained in this Ground Lease and allowing such mortgagee reasonable means to protect or preserve the lien of this leasehold mortgage on the occurrence of a default under the terms of this Ground Lease. ISU and LESSEE each agree to execute and deliver (and to acknowledge, if necessary, for recording purposes) any agreement necessary to effect any such amendment; provided, however, that any such amendment shall not in any way affect the term or rent under this Ground Lease, subordinate ISU's fee interest to the ISU-Meridian to the mortgagee nor otherwise in any material respect adversely affect any rights of ISU under this Ground Lease.

31. <u>Remedies and Forbearance/Waivers.</u> No delay or omission on the part of ISU or LESSEE to exercise any right or power granted herein shall impair any such right or power nor shall be construed as a waiver thereof, and every such right or power may nevertheless be exercised.

This Ground Lease shall not be construed as obligating the State of Idaho to make future appropriations for the performance of any obligations under this Ground Lease. In the event that appropriated funds are not legally available and ISU no longer possesses the property at ISU-Meridian, then the new owner of the fee simple shall have all the rights of ISU under this Ground Lease as well as the duty to perform all of ISU's obligations accruing thereafter.

32. <u>Disposition of Lessee Building Upon Lease Termination.</u> The Lessee Building and all alterations, improvements, changes, or additions made in or to such Leased Premises shall be the property of LESSEE subject to the terms of this Ground Lease. Upon termination or expiration of this Ground Lease, ISU shall have the option of requiring LESSEE, at LESSEE's sole expense, to remove any or all of the Lessee Building and/or improvements to the Leased Premises or require that the Lessee Building and/or improvements shall remain in place. LESSEE shall have up to one hundred eighty (180) days after the expiration of this Ground Lease in which to remove improvements if requested by ISU in writing. After expiration of this Ground Lease, LESSEE shall have the right to occupy the Leased Premises for the sole purpose of removing the improvements and such occupancy shall not be considered holding over nor shall rent be due for such period of removal of improvements. In the event ISU elects to require Lessee's Building and/or improvements to remain in place, the Lessee Building and any other structures, improvements, and installations, which have been placed upon the Leased Premises, shall be deemed to be a part of the Leased Premises, and a copy of all Construction Documents and instruments, including all "as-built" plans shall be delivered to ISU and title to the Lessee Building shall be vested with the State of Idaho.

33. Termination and Removal of Property. Upon termination of this Ground Lease, all trade fixtures, equipment, and personal property ("**LESSEE Property**") installed in or affixed to the Leased Premises may be removed by LESSEE. LESSEE shall be responsible for the reasonable repair of damage caused to the Leased Premises by removal of any such property. If LESSEE elects to remove such LESSEE Property, it must remove the LESSEE Property no later than ninety (90) days after termination of this Ground Lease. In the event LESSEE fails to remove the LESSEE Property within the allowed ninety (90) days, the LESSEE Property shall then belong to ISU. If ISU elects to have the Lessee Property removed, the costs of removal shall be borne by LESSEE.

34. Disputes and Remedies. ISU and LESSEE agree that all claims for default or breach of this Ground Lease or other dispute of the Parties hereto shall first be submitted to nonbinding mediation. The Parties agree that such mediation may be requested by either Party and shall be conducted by the American Arbitration Association in accordance with Commercial Arbitration Rules of the American Arbitration Association. This agreement to mediate shall be specifically enforceable by either Party under Idaho law. The Parties hereto shall share equally the costs for any mediation. Such mediation shall commence within fourteen (14) days of demand to the American Arbitration Association.

35. Default.
    a. Default by LESSEE. In the event of any breach of this Ground Lease by LESSEE, ISU shall have all rights and remedies provided by law or statute, subject to Section 35 herein. LESSEE shall not be deemed to be in default hereunder unless ISU shall first give to LESSEE thirty (30) days' written notice of such default and LESSEE fails to cure such default within such thirty (30) day calendar day period, or if the default is of such a nature that it cannot be cured within thirty (30) days, LESSEE fails to commence to cure such default within such period of thirty (30) days or fails thereafter to proceed to the curing of such default with all possible diligence. In the event of a default or breach of this Ground Lease by ISU, LESSEE shall have all rights and remedies provided by law or statute, subject to Section 35 herein. No remedy herein conferred upon or reserved to ISU or LESSEE shall exclude any other remedy, but each shall be cumulative.
    b. Default by ISU. Failure of ISU to perform any of its obligations hereunder shall be a default by ISU thirty (30) days after written notice from LESSEE of such failure without cure by ISU. Nonappropriation of funds pursuant to Section 31.a. shall not be considered a default. Upon default, LESSEE shall have the right to enforce ISU's obligations by specific performance or obtain injunctive relief related to the default.

36. Warranty. ISU warrants that it has the power and authority to enter into this Ground

Lease, subject to the existing laws and constitutional provisions of the State of Idaho, and that no consents not already obtained are required. LESSEE warrants it has the power and authority to enter into this Ground Lease, and further warrants that following the date that LESSEE obtains a construction loan to construct the LESSEE Building, it shall have the funds necessary to complete the construction of the Lessee Building in accordance with the terms of this Ground Lease.

37. Quiet Enjoyment. So long as LESSEE pays its rent when due under this Ground Lease and observes all other provisions of this Ground Lease, ISU shall not interfere with the peaceful and quiet enjoyment of the Leased Premises by LESSEE.

38. Memorandum of Ground Lease. This Ground Lease shall not be recorded; however, it is mutually agreed that the Parties, upon request by any one Party, will execute a written Memorandum of Ground Lease, a form of which is attached hereto as Exhibit G, acknowledging the tenancy hereby created, which shall be recorded in the official records of Ada County, Idaho.

39. Attorney Fees and Costs. In the event that either Party to this Ground Lease shall enforce any of the provisions hereof in any action at law or in equity, the prevailing Party in such litigation may be entitled to recover from the other Party all costs and expenses incurred therein, including reasonable attorney's fees and all such fees and costs on appeal.

40. Integration. This Ground Lease embodies the entire agreement and understanding of the Parties relating to the subject matter herein and supersedes all prior understandings relating thereto. This Ground Lease shall not be modified except in writing signed by all Parties. In the event of any inconsistency among the terms and provisions of this Ground Lease to those of the CAA, the terms and provisions of this Ground Lease shall control.

41. Rules of Construction. In the event any conflict may be found to exist between this Ground Lease and any of the documents attached as exhibits hereto and incorporated herein by reference, including any written modifications to any of the documents that are signed by the Parties, then the provisions of this Ground Lease shall take precedence over the exhibits which shall at all times be subservient to this Ground Lease. This Ground Lease and all exhibits and any modifications have been negotiated by ISU and LESSEE, and as such, any ambiguity should be construed as if each Party was the drafter.

42. Execution of Documents. The Parties agree that they shall sign or cause to be signed, all documents necessary to the effectuation of this Ground Lease or any of the provisions herein as may be required from time to time.

43. Notices. Any notice under this Ground Lease shall be in writing and be delivered in person

or by public or private courier service, including U.S. Postal Service Express Mail, by registered or certified mail, or by facsimile. Any notice given by registered or certified mail shall be sent with return receipt requested. All notices shall be addressed to the Parties at the following addresses or at such other addresses as the Parties may from time to time direct in writing.

ISU: President Arthur C. Vailas
Idaho State University
921 So. 8th Ave, Stop 8310
Pocatello, ID 83209

LESSEE: Daniel C. Burrell, Manager
Idaho College of Medicine
401 Paseo de Peralta
Santa Fe, NM 87501

Any notice shall be deemed to have been given on (i) actual delivery or refusal; (ii) the day of mailing, if delivery is by regular, registered, or certified mail; or (iii) the day facsimile delivery is verified. A copy of any notice shall also be sent to the Department of Administration, Division of Public Works, Attn: Statewide Leasing Manager, Post Office Box 83720, Boise, ID 83720-0072. In the event of a change of address by either ISU or LESSEE, the Parties agree to notify each other in writing within ten (10) days of the date of any such change.

44. Waiver of Subrogation. ISU and LESSEE each hereby release each other from any and all liability to the other or to anyone claiming by, through, or under them by way of subrogation or otherwise for any loss or damage to property or person caused by (i) any existing or future condition, defect, or matter in or about the Leased Premises, (ii) fire or any other casualty even if such fire or other casualty shall have been caused by the willful or negligent act or omission of the other Party or anyone for whom such Party may be responsible, or (iii) any act or neglect of the applicable Party.

45. Effectiveness Condition.

a. Effectiveness Condition. Notwithstanding anything in this Ground Lease to the contrary, the effectiveness of this Ground Lease is expressly conditioned on the satisfaction of the following condition (the "**Effectiveness Condition**"):

i. The School District (as defined in the Declaration) providing its written approval to the terms and conditions of this Ground Lease in accordance with the terms of the Declaration, including without limitation, approval of the construction of the Lessee Building and other improvements on the Leased Premises.

b. Failure of Effectiveness Condition. If the Effectiveness Condition set forth in this Section 45 has not been satisfied on or before the date that is ninety (90) days following the Effective Date, then this Ground Lease shall terminate and be of no further force or effect.

c. Satisfaction of Effectiveness Condition. Once the Effectiveness Condition set forth in this Section 45 has been satisfied, then ISU shall notify LESSEE that such Effectiveness Condition has been satisfied and this Section 45 shall be null and void and of no further force or effect.

46. Binding Effect, Heirs, and Successors. This Ground Lease shall be binding upon and shall inure to the benefit of the heirs, personal representatives, successors, and assigns of the Parties, subject to the provisions herein relating to assignments.

47. Severability. In the event any provision of this Ground Lease shall be held invalid or unenforceable according to the law, the validity, legality, or enforceability of the remaining provisions and the application thereof shall not in any way be affected or impaired.

48. Headings. Section headings contained herein are for convenience and reference and are not intended to define or limit the scope of any provision of this Ground Lease.

49. Counterparts. This Ground Lease may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

50. Time of the Essence. Time is of the essence of this Ground Lease and of each and every covenant, term, condition, and provision hereof.

51. Use of Names and Relationship. Nothing contained herein shall give LESSEE the right to the use of the name of ISU or make any statement which could be construed as an affiliation therewith, unless specifically prescribed in other agreements between the Parties. The relationship created by this Ground Lease is one of lessor and lessee.

52. Negation of Partnership. ISU shall not become or be deemed a partner or a joint venture with LESSEE by reason of any of the provisions of this Ground Lease, and the Parties expressly negate any such intention.

53. Governing Law. This Ground Lease and any amendments thereto shall be governed by the laws of the State of Idaho.

(signature page follows on next page)

IN WITNESS WHEREOF, ISU and LESSEE hereto have executed this Ground Lease as of the Effective Date.

ISU-Meridian Legal Description

Lot 2 in Block 1 of Joint No. 2 Subdivision Phase 1, according to the official plat thereof, filed in Book 99 of Plats at Page(s) 12828, through 12830, records of Ada County, Idaho.

EXHIBIT B

Collaborative Affiliation Agreement

(attached)

Collaborative Affiliation Agreement

between

Idaho College of Osteopathic Medicine, LLC

and

Idaho State University

THIS COLLABORATIVE AFFILIATION AGREEMENT ("Agreement") is made and entered into by and between the Idaho College of Osteopathic Medicine, LLC hereinafter referred to as "ICOM", and Idaho State University ("University"), a state institution of higher education governed by the Idaho State Board of Education ("Board").

REPRESENTATIONS

1. University was established in Idaho Code, Title 33, Chapter 30.

2. ICOM is an Idaho limited liability company in good standing, created by its organizers for the purpose of creating and operating a private accredited college of osteopathic medicine ("COM"). *Note: The incorporation will be completed immediately if the decision is made to place a new medical school in Idaho. Also, the official public DBA name has yet to be selected. It will not be The Burrell College of Osteopathic Medicine at Idaho State University; rather a name will be selected, with local stakeholder input, that complements the local culture and geography and with "at Idaho State University" as the ending part of the name.*

3. ICOM is presently in the process of seeking pre-accreditation status, then provisional accreditation, from the Commission on Osteopathic College Accreditation (COCA) of the American Osteopathic Association (AOA) which the U.S. Department of Education recognizes as the accrediting body for osteopathic medical colleges, with the intention of obtaining full accreditation status as expeditiously as the rules of COCA permit.

4. ICOM intends to locate the COM on a parcel of land located within the University's Meridian Campus, which is the University's Health Sciences Campus ("Meridian Campus"), in accordance with the Master Declaration Agreement and Joint Operations and Maintenance Agreement between the University and Joint School District No. 2, Ada and Canyon Counties, Idaho (now known as West Ada School District), and for this purpose has or will enter into an agreement ("Lease") to lease/sublease a parcel of land on the Meridian Campus and/or space within an existing building or multiple buildings. The effectiveness of this Agreement and the Lease are each contingent upon execution of the other.

5. This Agreement is entered into for the purpose of defining and establishing the relationship between the parties, and to provide for the purchase and sale of University services to ICOM.

6. The parties understand and agree that pursuit and achievement of the aforementioned accreditation of the COM is of material importance and that University would be unwilling to enter this Agreement without assurance from ICOM that the accreditation process is underway, and once full accreditation is received, that the COCA accreditation (or some equivalent national accreditation, should COCA cease to exist or be replaced with a similar accrediting body), will be maintained for the duration of this Agreement. ICOM commits to using diligent good faith efforts toward that end.

7. The parties understand and agree that the purpose of this Agreement is to establish a public/private collaboration which is intended to both facilitate and enhance University's ability to accomplish its health science mission, core themes and strategic plan, and to assist ICOM in accomplishing its mission to establish a private College of Osteopathic Medicine on the University's Meridian Campus.

8. The parties stipulate that ICOM and University are independent legal entities whose legal relationship is defined exclusively by this Agreement and the Lease. Neither party has the authority to represent or hold itself out as being part of the other, nor to assume or create any obligation expressed or implied on behalf of the other party. ICOM agrees to place appropriate disclaimers on all printed and digital materials and websites. An example of an approved COCA disclaimer is as follows: *"The (To be Named) College of Osteopathic Medicine at Idaho State University is a free-standing, privately funded, separately licensed and accredited and independently operated entity and is not part of Idaho State University."* The final disclaimer is subject to mutual approval by both COCA and the University's accrediting body, as well as by the University and ICOM.

9. The individual signing this agreement on behalf of ICOM personally represents that he or she has appropriate legal authority to act on behalf of ICOM to enter into this Agreement, and will provide to University documentary evidence of that authority prior to or at the time of signing.

10. The parties acknowledge that the Meridian Campus was selected for the COM, in part, because of its designation as a Health Science Campus and its proximity to major medical centers, and the opportunity to enhance the educational experience of ICOM's students by purchasing services for those students and access to University's facilities for those students from the University.

11. The parties acknowledge that the proximity of the COM on the Meridian Campus is expected to create opportunities for University faculty and students to collaborate with ICOM faculty and students with respect to possible joint degree programs and joint research initiatives and that these educational opportunities are a valuable incentive for the establishment of this Agreement and for allowing ICOM to lease/sublease a location for the COM within the University's Meridian Campus.

12. ICOM acknowledges that Idaho law prohibits University from using public funds to support a private college, and that this Agreement shall be interpreted in such a manner as to ensure that ICOM and its faculty, employees and students shall at all times be required to pay the full cost of any service or benefit received under this Agreement.

NOW, THEREFORE, in consideration of the mutual conditions and covenants contained herein, University and ICOM agree as follows:

A. Term of the Agreement:

This Agreement shall become effective upon the latter date of either the execution of this Agreement or the execution of the Lease , and shall remain in effect until the earlier of: (i) expiration forty years after the effective date of this agreement; (ii) termination of the Lease between University and ICOM ; (iii) the cessation of operation of a College of Osteopathic Medicine on the premises leased/subleased to ICOM; (iv) the denial, withdrawal, loss or suspension of the COM's COCA accreditation and exhaustion of the appeals processes provided by COCA standards; or (v) written agreement of the parties hereto, and subject to the renewal rights set forth in the next paragraph.

The parties understand and agree that this Agreement, if still in effect at its expiration date and so long as a COM is operated on the premises at the Meridian Campus, may be renewed by either party, provided the party seeking to renew is not at that time in breach of the Agreement, for two (2) additional ten (10) year terms. The right to renew the Agreement shall be exercised by written notice of extension to the other party, no later than sixty (60) days prior to the expiration of the then-existing term.

B. Student Services and Facility Usage:

University agrees to provide those individuals enrolled and physically located at the Meridian Campus as regular full time active students at the COM ("ICOM Students") with the specific services and use of facilities which are listed in Schedule A to this Agreement ("Student Services"), subject to the terms, restrictions and conditions of this Agreement. Schedule A is appended hereto and incorporated by reference herein. The parties understand that the services listed in Schedule A will be subject to periodic review and modification by University, but will at all times include a substantial portion of those services that are provided to University's students from University's student fee assessment. It is understood that these services and fees do not pertain to students who reside full-time outside of Ada and Canyon counties, Idaho during their third and fourth clinical training years. ICOM agrees to pay University for the Student Services in accordance with the terms set forth below.

1. ICOM agrees, on an annual basis, to select from among the listed services in Schedule A, to compensate University with an annual lump sum payment to University for the Student Services, to be remitted in advance of services being rendered, as provided herein below.

a. The Annual Services Payment ("ASP") amount shall be calculated by the following formula:

(ICOM Headcount x University Graduate Student Fee x Number of University Semesters in Academic Year x Administrative Cost Factor)

Where:

i. "ICOM Headcount" equals the number of duly enrolled full-time students attending COM as determined on the 7th day after the start of its academic calendar year;

ii. "University Student Fee" equals the per semester full-time student fee amount, as established annually by the Board for University's students (based on the fees charged to University's graduate students taking 9 or more graduate credits);

iii. "University Semesters in Academic Year" is equal to the number of academic semesters which occur in an academic year in which University's enrolled students are required to pay the University student fee (currently there are 2 University Semesters in the Academic Year plus a summer session; additional student fees are assessed during the summer session); and

iv. "Administrative Cost Factor" is a multiplier determined by University to account for indirect costs of administering Student Services which are not included in University's process of establishing its University Student Fees (the University's best estimate at this time is a factor of 15%, however, University may adjust this number periodically to provide recovery of all actual indirect costs). Should the Administrative Cost Factor increase to a rate that is not satisfactory to ICOM then the parties shall discuss in good faith, and if no agreement is reached, ICOM may choose to discontinue the use of certain services listed in Schedule A.

b. Under no circumstances shall the compensation paid for Student Services be less than University's actual costs, both direct and indirect, in making the support services available to ICOM Students. No public funding can or will be utilized in providing the Student Services. In the event that it is determined by an audit of University by a public official or a certified public accountant that public funds have been used for the benefit or support of ICOM, without payment of full and fair consideration, in addition to the compensation set out above, ICOM will reimburse University for such use of public funds within thirty (30) days after notification to ICOM of the circumstances and the amount due if the total amount to be refunded is $50,000 or less and ninety (90) days after notification to ICOM of the circumstances and the amount due if the total amount to be refunded is greater than $50,000.

c. University student fee amount is subject to annual review and adjustment by the Board in accordance with Idaho state law and Board Governing Policies and Procedures. In the event that during the academic year, the Board approves a student fee increase for University's students, then within 30 days of notification, ICOM will remit an additional fee assessment in an amount to be determined in accordance with the formula set out above.

d. ICOM will provide University with an estimated headcount at least 45 days before the first day of ICOM's academic calendar year in the fall of each year. University will calculate an estimated ASP based on the estimated headcount and selected services for full-time first and second year students and will submit an invoice for that amount to ICOM at least 30 days prior to the start of ICOM's academic year. ICOM will remit payment of 85% of the estimated ASP amount to University no later than 15 days prior to the start of ICOM's academic calendar year.

e. ICOM shall report its actual enrollment headcount to University no later than 10 days after the start of ICOM's academic calendar year, and within 15 days of receipt of the headcount number, University will submit an adjusted invoice for the actual ASP amount, showing a credit for the amount previously paid. ICOM shall, within 45 days after the start of classes under ICOM's academic calendar, remit the balance due, if any, for the annual compensation payment amount.

f. The ASP provided herein is intended as compensation for the Student Services to be provided by University. ICOM and University understand and agree that University may provide additional services to University's students which are not included in Schedule A and will not be provided to ICOM students, and that there will be no adjustment in the ASP for those omitted services; provided that, the student services made available to ICOM students will always include a substantial portion of those services offered to University's students and paid for by student fees. The selected services by ICOM may be vary from year to year.

2. University's obligation to provide ICOM students with the Student Services specifically listed in Schedule A is subject to the terms, restrictions and conditions set forth in this Agreement.

a. The Student Services will be provided to ICOM students only during such times, and on such terms, as such benefits are provided to University's students. University is under no obligation to provide Student Services at any time in which such services are not available to University's students. Any services discontinued, restricted or altered for University students will also be discontinued, restricted or altered for ICOM students without reduction in or rebate of the compensation paid under this Agreement.

b. When the Student Services listed in Schedule A are subject to capacity limitations, University reserves the right to give priority to University students in the distribution of Student Services. University will undertake good faith efforts to provide adequate capacity for both University and ICOM students.

c. University agrees to issue an identification card, similar in form and function to those issued by University to its own students, to the duly enrolled full-time active ICOM students. This identification card will be used by University to identify eligible ICOM students and by ICOM students to access the Student Services provided under this Agreement. Only students presenting the ICOM student identification card will be provided Student Services under this Agreement. ICOM shall be responsible for providing University with a list of the duly enrolled ICOM students who are to be provided with identification cards. ICOM students will be charged the same rate for new or replacement identification cards as University students (currently $15).

d. All duly enrolled full-time active ICOM students are eligible to receive Student Services as provided in this Agreement, except as otherwise stated herein. Notwithstanding the foregoing statement, while physically present on the Meridian Campus, ICOM students are subject to all University policies, rules and regulations regarding visitors to the Meridian Campus. University reserves the right to prohibit ICOM students from access to the Meridian Campus consistent with applicable University policy. University will, as soon as practicable, provide ICOM with notification of any such action taken by University with respect to any ICOM student. In such an event, ICOM shall not be entitled to refund or rebate of any portion of the ASP.

3. No Individual Rights: ICOM students are not third-party beneficiaries under this Agreement and have no individual rights hereunder. The services and license to access facilities on the Meridian Campus as provided for herein do not indicate or signify enrollment, academic standing, nor employment with University.

4. In addition to the Student Services provided through this Agreement and listed in Schedule A, and subject to approval by ICOM, ICOM students shall be eligible to purchase or receive the Optional Services described in Schedule B if the University has the capacity to provide the Optional Services after first serving its University students.

C. Accreditation

1. At all times after securing accredited status as an Osteopathic Medical College through COCA, ICOM shall maintain that accreditation, or some equivalent national accreditation (should COCA cease to exist or be replaced with a similar accrediting body), as well as ensure compliance with applicable state statutes and regulations governing private postsecondary educational institutions in Idaho. The denial or termination of provisional accreditation, or the denial of or termination of accreditation, or the withdrawal from accreditation, after the exhaustion of or expiration of all opportunities for reconsideration or appeal under COCA standards or rules, is a breach of this Agreement.

2. ICOM shall provide the provost of University with a copy of all accreditation results and

reports including AOA approvals at the time of each evaluation. ICOM shall immediately notify the provost of University in writing at any such time that ICOM receives notice of accreditation with warning, probationary accreditation status, pending loss or loss of accreditation from AOA.

D. Maintaining Separate Legal Identities

1. When entering into legal documents of any type, ICOM shall not hold itself out as being controlled by, being part of, or acting on behalf of University. ICOM shall not use University's taxpayer identification number or University's tax-exempt status or represent itself as part of the University in connection with purchases or sales by ICOM, gifts to ICOM, interest or other income of ICOM, or any other activity of ICOM.
2. University and ICOM agree to take reasonable measures to ensure that third parties understand that ICOM is not part of University. However, ICOM and University may inform third parties of the existence of the Public/Private collaboration created by this Agreement.
3. The parties understand that particular care must be taken during any gift solicitation or development or fundraising efforts to ensure that donors and potential donors are not mislead or confused regarding the relationship and association of the parties. Accordingly, each party agrees to explicitly inform any donors or potential donors of their independent status in the event of any inquiry or if there is ever any indication of confusion on the part of such third party.
4. Any research grant proposals prepared as a result of collaboration between the parties and submitted to external third parties shall explicitly identify the parties as independent legal entities.

E. Conduct of Faculty, Staff and Students

1. Regardless of the affiliation of any faculty, staff, students or visitors who may be involved, any criminal misconduct or violation of state or federal statute or law shall be reported by either party having knowledge of such misconduct or violation. Subject to Section I.3., certain reports may be made to the appropriate law enforcement agency, which in the case of any property owned by University, shall be the University Public Safety Department and if applicable, to the appropriate University and/or ICOM department (i.e., Title IX Coordinator, Student Affairs). *(Note: Once a specific location is officially determined, we'll include a clause identifying whether the property is owned by the campus or a third party and subject to city PD jurisdiction.)* Any other governmental agency found or believed to have jurisdiction may be notified as well.
2. ICOM has primary jurisdiction with respect to conduct issues that arise with ICOM students, faculty, or staff. ICOM will adopt appropriate policies to address such situations and ICOM administrators to take the lead in investigating resolving such issues in accord with that policy. ICOM administrators will inform and coordinate with appropriate University parties in the event the conduct involves University students, faculty or staff or otherwise has consequences that affect University.

3. Notwithstanding the foregoing, ICOM and University agree that University maintains the right to bar specific ICOM students, faculty, or staff from the University's campus, excepting lands leased to ICOM, in accordance with University policy, or as provided in Paragraph B.2.d. above, and to report any illegal or dangerous activity to any appropriate law enforcement agency or fire and emergency services offices.

F. University Engagement with ICOM Governance

For the purpose of ensuring ongoing collaboration between the parties and to facilitate efforts of the parties to realize the potential benefits for each that this collaboration affords, ICOM agrees that two positions on the ICOM Board of Trustees will be designated for individuals who are employees or otherwise affiliated with the University ("University Affiliated ICOM Board Member"). Prior to the time of the ICOM Board of Trustee's initial formation, and thereafter at least 30 days before the selection of replacement University Affiliated ICOM Board Members, ICOM will solicit nominations from the President of University for individuals to serve in the University Affiliated Board Member positions. At least 10 days prior to the selection date, the University President shall forward recommendations of interested, qualified individuals for these University Affiliated ICOM Board Member positions to the ICOM President, for consideration for appointment. Final decisions regarding which of the individuals so recommended are to be appointed to the ICOM's Board of Trustees rest solely with ICOM. If the University President's nominees are not appointed, the ICOM President will request additional nominees from the University President, until acceptable nominees are submitted.

In addition to participation on ICOM's Board of Trustees, the ICOM President shall ask University President for recommendations of interested, qualified individuals to serve on ICOM Advisory Boards that may be developed in the future.

G. Academic Collaborations

The parties have entered into the Lease and this Agreement with the expectation that this relationship will be more than an economic arrangement. Both parties are seeking to maximize the benefits that may flow from the collaborations made possible by the geographic proximity of their respective academic enterprises. The following terms are intended to establish the framework for such collaborations with the understanding and expectation that the nature, duration and commitments arising from academic collaborations will evolve over time and will be subject to separate and additional documentation as deemed necessary or desirable by the parties.

1. Curriculum: Each party will develop and maintain its own curriculum and student policies and procedures independent of the other. Neither party will have authority or exercise control over the other with respect to curriculum, degree requirements or the award of degrees. ICOM will develop its clinical and hospital contracts for the benefit of its students without any commitment of or obligation on the part of University. However, University and ICOM will be allowed to collaborate and enter into clinical and

hospital affiliation agreements that are mutually beneficial. Such agreements are subject to mutual written approval of both ICOM and University.

2. Faculty Collaboration: The parties shall use good faith efforts to collaborate regarding faculty teaching and research expertise. Faculty employed by one party may seek non-tenure track appointments with the other party for the purpose of teaching or research. When faculty from University provide teaching or research services to ICOM, ICOM shall reimburse University, or the faculty providing those services, consistent with the rate and other terms and conditions mutually agreed upon in writing by the parties, and predicated upon compliance with applicable Board Governing Policies and Procedures, and Idaho state law. Each party agrees to notify and seek the consent of the immediate supervisor and academic Dean of any faculty employed by the other party to whom they wish to offer a joint appointment. Faculty teaching in these joint appointments shall be granted a title appropriate to their status and may be listed in course catalogs and for purposes of accreditation as teaching faculty.
3. Joint Degree Program Development: University and ICOM agree to use good faith efforts to collaborate in pursuit of development of joint degrees. Both parties agree to seek and pursue opportunities that are mutually beneficial to both parties, and to avoid, to the extent practicable, competition between the parties concerning the establishment of the same or similar/duplicative academic programs.
4. Joint Research Initiatives: The shared goal of both parties to this Agreement is to collaborate to obtain an increase research funding and other grants available to healthcare related disciplines. ICOM and University agree to use good faith efforts to collaborate on research projects that will be mutually identified and which the parties agree will be mutually beneficial. Any specifically agreed upon research project shall be the subject of a separate research memorandum that will detail the scope of work, benefits to University and ICOM, ownership and publication rights with respect to any intellectual property arising from or generated by the research, budgets and funding mechanisms for each project. Any such research memorandum shall incorporate by reference and be subject to the terms and conditions of this Agreement. It is agreed by the parties that no public funding appropriated or granted for the exclusive use by University will be used to support any portion of a research project conducted by ICOM.

H. Liability Insurance and Defense

1. ICOM understands and agrees that University will not be liable for any of ICOM's contracts, torts, or other acts or omissions, or for those by ICOM's directors, officers, members, managers, employees or students. ICOM understands and agrees that neither it, nor its directors, officers, members, managers, employees, staff or students will be protected by University's or the State of Idaho's insurance policies or self-insurance plans in connection with ICOM's activities, and University and the State of Idaho will not provide any legal defense for ICOM.
2. ICOM shall indemnify and hold harmless University, its trustees, officers, employees or

any other agents from any and all claims, damages, losses, liability, costs and expenses including attorney fees, arising out of or in connection with any activity conducted by ICOM, including but not limited to contracts, torts, and other acts or omissions by ICOM, its directors, members, managers, officers, employees and students.

3. University understands and agrees that ICOM will not be liable for any of University's contracts, torts or other acts or omissions, or for those by University's directors, officers, employees, or other agents. University shall hold harmless ICOM, its directors, members, managers, officers, employees, and students only from claims, damages, losses, liability, cost and expenses consistent with University's immunity as a public institution under Idaho law, and subject to the limitations on liability and damages provided by the Idaho Tort Claims Act; this indemnity is only to the extent that is allowed by law.

I. Legal Compliance

1. The parties agree and understand that although they are separate and distinct legal entities, and although every effort will be made to ensure that no confusion exists on the part of third parties or the public regarding the nature of their relationship, as a public entity, University is expected to maintain high standards and to serve the public interest, and its reputation and standing in the community could be adversely affected by any illegal conduct by ICOM. Accordingly, as part of this agreement, ICOM is obligated to fully comply with all laws and regulations applicable to its operation of the COM and its use of the leased/subleased premises.
2. During the term of this Agreement, ICOM shall comply with all current and future state and federal statutes, rules and regulations pertaining to its operation of the COM. ICOM shall prepare and timely file all tax returns and reports including information returns required to be filed by it under federal, state and local laws. Further, ICOM shall notify University within ten (10) days from receipt of any report of noncompliance with any state of federal statute, rule or regulation. Any failure to comply with applicable laws and regulations is a breach of this agreement.
3. ICOM agrees to meet the requirements of Title IX, Education Amendment of 1972, VAWA and SAVE Acts, the Clery Act and all other applicable laws. The parties agree to work collaboratively and to coordinate action as may be necessary for compliance with Title IX, Education Amendment of 1972, as amended, and the Clery Act.

J. Termination of Agreement and Remedies Upon Default

1. In the event ICOM breaches any provision of this Agreement or the Lease, and remains in default after notice and an opportunity to cure said breach, University may elect to terminate this Agreement and pursue any remedies at law or equity available to it for breach of contract. For any breach involving non-payment of amounts due under this Agreement, the opportunity to cure the breach shall be a period of ten (10) days after notice of breach. For all other types of breach, the opportunity to cure the breach shall be a period of sixty (60) days after notice of breach.

2. In the event of the termination of this Agreement due to termination of the Lease, the closure of the COM, the failure to obtain accreditation, loss of accreditation of ICOM, or the dissolution or final liquidation of ICOM, University shall be entitled to recover from ICOM the value of any unpaid fees due hereunder and any remedies at law or equity available to it for breach of contract.
3. In the event University breaches any provision of this Agreement or the Lease, and remains in default after notice and a sixty (60) day opportunity to cure said breach, ICOM may elect to terminate this Agreement; however, in such event, the sole remedy available to ICOM for any claimed breach of this Agreement shall be any remedies at law or equity available to it for breach of contract or specific performance.

K. General Contract Terms

1. Waiver: Failure of either party to enforce any of the provisions of the Agreement shall not be construed as a waiver of that, or any other, provision or any later breach thereof.
2. Notices: Any notice under this Agreement shall be deemed given when delivered in person or received in the mail, postage prepaid, and addressed as follows:

   If to ICOM:
   Daniel C. Burrell, Manager
   401 Paseo de Peralta
   Santa Fe, NM 87501
   Note: A new Idaho Address will be established.

   If to Idaho State University:
   President Arthur C. Vailas
   Idaho State University
   921 So. 8th Ave, Stop 8310
   Pocatello, ID 83209

3. Amendments: This Agreement embodies the entire agreement of the parties with regard to the subject matter hereof. No other agreements, oral or written, shall vary the terms of this agreement, and this Agreement may not be amended except by written document executed by both parties.
4. Severability; Reformation: Each paragraph and provision of this Agreement is severable from the entire Agreement; and if any provision is declared invalid, the remaining provisions shall nevertheless remain in effect and shall be reformed so as to allow, to the maximum extent allowed by law, for the parties' intent in the original drafting.
5. Governing Law: The terms of this Agreement shall be governed by and construed in accordance with the laws of the State of Idaho, without reference to its conflicts of law principles.

IN WITNESS WHEREOF, the parties have executed this Agreement below:

Idaho College of Osteopathic Medicine, LLC, by:

Daniel C. Burrell

Title: Manager
Date:

Idaho State University, by:

Arthur C. Vailas, Ph.D.

Title: President
Date: February 26, 2016

SCHEDULE A to Collaborative Affiliation Agreement

ICOM Affiliated Student Services

Effective February 17, 2016

(Subject to periodic review and adjustment as provided in the Collaborative Affiliation Agreement)

(Services listed in this agreement are subject to availability assuming University students have first priority if capacity is limited)

1. **Fitness Center**
   ICOM Students shall be provided the ability to access and utilize the Fitness Center.

2. **Student Health Center**
   ICOM Students shall be provided access to Student Health Services at Unity Health and at the various ISU Clinics.

3. **Intercollegiate Athletics**
   ICOM Students shall be provided the ability to access University Intercollegiate Athletic Events, subject to ticket availability.

4. **University Information Technology**
   a. ICOM Students shall be provided the ability to access and utilize University wireless information technology systems and specified printing capabilities while on University's Meridian campus.
   b. ICOM Students shall be provided the ability to access and utilize University's Meridian computer labs.

5. **Emergency Notifications** (http://www.idaho.edu/ISUalert/)
   ICOM faculty, staff and students, may elect to be entered into University's Emergency Notification System (ISU Alert) database in order to receive emergency notifications disseminated by University's Meridian Campus.

6. **University Library Services**
   ICOM Students and University Students shall be provided the ability to access, utilize and check out materials from each party's library as is mutually beneficial. (ICOM shall be responsible for providing its own internal library and collections as required to meet ICOM's instructional and accreditation requirements. University

bears no responsibility to alter its collections to address needs of ICOM Students, faculty or staff.)

- If ICOM wants to discuss options where the University provides/subcontracts library resources specific to the needs of ICOM students, University's Library Dean, needs to be involved with those discussions.

7. **Student ID Card**

ICOM students will receive a student identification card allowing them to utilize many of the services outlined in this agreement. University reserves the right to create a unique ID card for ICOM students, so they are distinct from University students.

a. Student ID cards have no initial cost.
b. Replacement ID cards (for any reason) are $15.

SCHEDULE B to Collaborative Affiliation Agreement

ICOM Affiliated Optional Student Services

Effective February 17, 2016

(subject to periodic review and adjustment as provided in the Collaborative Affiliation Agreement)

1. On-Campus Parking

a. ICOM Students shall be eligible to purchase University Parking Permits on the same basis and subject to the same rules and restrictions as University's students.
b. ISU Parking Permits are not required for parking that is accomplished within the premises defined under the ICOM Sublease.
c. ICOM Students will have the same options afforded University students regarding types of parking permits made available.
d. ICOM Students shall be charged at the established Parking Permit rates as adopted by University for University students.
e. University reserves the right to give parking permit priority to University students.

MASTER DECLARATION AGREEMENT

THIS MASTER DECLARATION AGREEMENT is made on December 4, 2007, by the BOARD OF TRUSTEES AND STATE BOARD OF EDUCATION OF IDAHO STATE UNIVERSITY ("ISU") and JOINT SCHOOL DISTRICT NO. 2, Ada and Canyon Counties, Idaho, an Idaho school district ("School District").

PREAMBLE:

A. The School District is the owner of certain real property located in the City of Meridian, County of Ada, State of Idaho, described in Exhibit "A" attached hereto and by this reference incorporated herein (the "School District Property") ISU is the owner of certain real property located in the City of Meridian, County of Ada, State of Idaho, described in Exhibit "B" attached hereto and by this reference incorporated herein (the "ISU Property"; the ISU Property and the School District Property are herein collectively called the "Property").

B. Concurrently with the recording of this Agreement, School District has conveyed the ISU Property to ISU. The parties have determined that it is desirable and necessary, for the efficient preservation of the values of the Property and for the maintenance and preservation of the Building (as defined below) and the Common Areas (as defined below) to enter into this Agreement for the purpose of maintaining and administering the Building and Common Areas and insuring the Building complies with the necessary code provisions and regulations.

C ISU and the School District hereby declare that all of the Property shall be held, leased, occupied, sold and conveyed subject to the following covenants, conditions,

04636 0064 915404 6

restrictions and easements, all and each of which are for the purpose of enhancing and perfecting the value, desirability and attractiveness of the Property and for the protection of the Property. All and each of these covenants, conditions, restrictions and easements are hereby imposed as equitable servitudes upon the Property. The covenants, conditions, restrictions, reservations, easements and equitable servitudes set forth herein shall run with the Property, and every portion thereof, shall be binding on all parties having or acquiring any right, title or interest in the Property or in any part thereof, and their successors and assigns, shall inure to the benefit of every portion of the Property and any interest therein, shall inure to the benefit of each Owner, and his successors and assigns, and may be enforced by any Owner

ARTICLE 1
DEFINITIONS

The following words, when used in this Agreement and in any amendment to this Agreement, unless otherwise provided, shall have the following meanings:

Section 1.1. "Agreement" shall mean this Master Declaration Agreement, as it may be amended from time to time as provided herein.

Section 1.2. "Building" shall mean the building located on the Property known as the District Services Center.

Section 1.3. "Common Areas" shall mean any portion of the Property, including the Improvements thereon, which are used in common by the Owners or maintained in common by the Owners, including, but not limited to (a) all roadways within the Property, (b) any landscaping located within the Property, (c) all parking areas within the Property as depicted on Exhibit "C" attached hereto, (d) outside and parking lot lighting and signage within the Property, (e) sidewalks within the Property, (f) the roof, and (g) any Improvements which are restricted to a use or uses beneficial to the Owners in common by reason of requirements imposed upon the Property by governmental entities, including but not limited to the electrical room and the storage room, as depicted on Exhibit "C" attached hereto, regardless of whether such Improvements are in the Building.

Section 1.4. "Improvement" shall mean all structures, systems and appurtenances thereto of every kind, whether above or below the land surface, including, but not limited to, the Building, utility systems, drainage systems, walkways, driveways, parking areas, landscaping items, fences, landscaping vegetation, wetland improvements and improvements to wetland buffer areas, irrigation systems, signs, exterior fixtures and any structure of any kind.

Section 1.5. "Joint Operations and Maintenance Agreement shall mean the document executed contemporaneously herewith governing the common maintenance of the Property.

Section 1.6. "Mortgage" - "Mortgagee" - "Mortgagor" shall mean any mortgage, deed of trust or other conveyance of a Parcel to secure the performance of an obligation that will be void and reconveyed upon completion of such performance. Reference in this Agreement to a Mortgagee shall be deemed to include the mortgagee of a mortgage, a beneficiary of a deed of trust or the secured party of any other conveyance for security purposes; reference to a Mortgagor shall be deemed to include the mortgagor of a mortgage, trustor or grantor of a deed of trust, or the debtor of any other conveyance for security purposes

Section 1.7. "Notice of Interest" shall mean written notice from an Owner to another Owner of such Owner's intent to purchase the other Owner's Parcel pursuant to the terms and conditions of the right of first refusal set forth herein in Article 6.

Section 1.8. "Occupant" shall mean a lessee or licensee of an Owner, or any other Person other than an Owner in lawful possession of a Parcel, or a portion of a Parcel, with the permission of the Owner.

Section 1.9. "Owner" shall mean the Person, including ISU and the School District, holding fee simple title of record to a Parcel, including purchasers under executory contracts of sale. "Owners" shall mean all of the owners of Parcels within the Property

Section 1.10. "Parcel" shall mean each of the ISU Property and the School District Property or any portion therein.

Section 1.11. "Person" shall mean a natural individual, corporation or any other entity with the legal right to hold title to real property.

Section 1.12. "Property" shall mean all of the Parcels

Section 1.13. "Reconstruction Assessment" shall mean a charge against each Owner and its Parcel, representing a portion of the cost for repair or replacement of any portion of damaged or lost Improvements in the Common Areas, as provided for in this Agreement.

Section 1.14. "Service Facilities" shall mean loading docks, trash enclosures and compactors, exterior coolers, electrical and refrigeration facilities and other similar service facilities.

Section 1.15. "Transfer Notice" shall mean written notice from an Owner to another Owner of such Owner's intent to sell its Parcel pursuant to the terms and conditions of the right of first refusal set forth herein in Article 6.

Section 1.16. "Street" shall mean any street, drive, way, lane, place or other thoroughfare either within or adjacent to the Property or as so used as a part of the Common Areas, whether private or public.

ARTICLE 2
COMMON AREA, EASEMENT'S AND RIGHT'S OF ENTRY

Section 2.1. Easements.

(a) Access and Parking. The School District hereby grants and conveys to ISU a perpetual non-exclusive easement to use all Streets located upon the School District Property for ingress, egress and access between ISU and East Central Drive. ISU hereby grants and conveys to the School District a perpetual non-exclusive easement to use all Streets located upon the ISU Property for ingress, egress and access between the ISU Property and East Central Drive. In addition, the School District and ISU each hereby grant and convey to the other perpetual, non-exclusive easements to use all parking areas presently existing or which may exist in the future on the Property.

(b) Maintenance and Repair Each Owner grants to the other Owner perpetual nonexclusive easements over the Common Areas and the Parcels as necessary to maintain and repair the Common Areas and to perform all tasks in accordance with the provisions of this Agreement and the Joint Operations and Maintenance Agreement

(c) Utility Easements. Each Owner grants to the other Owner perpetual easements over the Parcels and the Common Areas for utility services and laterals, and repairs, replacement and maintenance of the same, over all of the Common Areas serving the individual Parcels as necessary in accordance with the locations of the utilities as initially installed or in accordance with alterations of the Building. Such easements shall not be used in a manner that would unreasonably interfere with the use and enjoyment by the Owners of their Parcels and the Common Areas. Any damage to another Owner's Property due to any repairs, replacement and maintenance shall be the responsibility of the Owner making such repairs, replacement and maintenance. All such easements shall be appurtenant to and shall pass with the title to each Parcel when conveyed. The utilities to the Building shall be separately metered to each Parcel.

(d) Encroachment ISU and the School District each grant to the other perpetual easements appurtenant to each of the Parcels over the other Parcel and the Common Areas for the purposes of (1) maintaining the Common Areas and accommodating authorized construction, reconstruction, repair, shifting, movement or natural settling of the Improvements, or any portion thereof, and (2) maintaining drainage in accordance with the drainage pattern existing at the time of the recording of this Agreement or in accordance with such drainage pattern as altered with the prior consent of the Owners.

(e) Easements for City and County Use In addition to the foregoing easements over the Common Areas, there shall be, and the Owners hereby reserve and covenant for themselves and all future Owners within the Property, easements for public services and utilities, including, without limitation, the right of the city, county, or other recognized governmental entity to install, maintain and repair public sanitary sewer and public water systems and the right of the police to enter upon any part of the Common Areas for the purpose of enforcing the law. Such representation and covenant shall not constitute any dedication to the public except to the extent such easements are depicted and set forth on record any plat for the Property.

Section 2.2. Rights of Entry. Each Owner shall have a limited right of entry in and upon the exterior of all Improvements located on any Parcel for the purpose of inspecting the same and taking whatever corrective action may be deemed necessary or proper, as may be authorized by the provisions of this Agreement. However, nothing herein shall be construed to impose any obligation upon an Owner to maintain or repair any portion of a Parcel or any Improvement thereon which is to be maintained or repaired by the other Owner. Nothing in this Article shall in any manner limit the right of any Owner to the exclusive occupancy and control over the interior of the portion of the Building located upon its Parcel. However, each Owner shall permit access to such Owner's Parcel or Improvements thereon by the other Owner as reasonably necessary, such as in case of any emergency originating on or threatening such Parcel or Improvements, whether or not such Owner is present.

Section 2.3. Leasing of Property. Every lease or other agreement for the hire or occupation ("lease") of any portion of the Property which is executed after the recording of this Agreement shall be subject to the provisions of this Agreement, and every Occupant of a Parcel or a portion thereof shall in all applicable respects comply with the provisions of this Agreement Every Owner shall:

(a) Include in any agreement for the lease of all or any portion of its Parcel a specific provision that said lease is subject to this Agreement and the Joint Operations and Maintenance Agreement, that the Occupant of the Parcel will comply with the provisions of this Agreement, and that such provisions are an integral part of the lease; and

(b) Not execute a lease to any portion of the Property without complying with the provisions of Section 2.3(a) above; provided, however, that an Owner's failure to do so shall not diminish the effect of this Agreement with respect to any such lease. The lease shall not become effective until an Occupant has executed a lease containing the provision required in Section 2.3(a) above.

Section 2.4. Common Area.

(a) The Common Area is hereby reserved for the sole and exclusive use of all Owners of the Property, their tenants, contractors, employees, agents, customers, licensees and invitees and the subtenants, contractors, employees, agents, customers, licensees and invitees of such tenants The Common Area may be used for vehicular driving, parking (except that there shall be no multi-level parking), pedestrian traffic, directional signs, sidewalks, walkways, landscaping, perimeter walls and fences, parking lot lighting, utility lines and Service Facilities and for no other purpose unless otherwise specifically provided in this Agreement or Section 1.3 hereof No buildings or structures not approved in writing by the Owners shall be placed or constructed in the Common Area designated for vehicular traffic or parking except directional signs, paving bumper guards or curbs, landscape planters, lighting standards, perimeter walls and fences, utility pads and equipment, sidewalks and, to the extent that they are located, and do not impede access, to the rear or sides of the Building.

(b) The Common Area shall be maintained pursuant to the Joint Operations and Maintenance Agreement subject to the specific maintenance duties and obligations set forth herein. Expenses incurred for such maintenance shall be assessed pursuant to the Joint Operations and Maintenance Agreement, shall run with the land and shall be a continuing lien against the Property. The expenses incurred shall be allocated proportionately by dividing the amount of the square footage of the Building owned by such Owner by the total square footage of the Building unless otherwise agreed to in the Joint Operations and Maintenance Agreement. The parties hereto expressly vest in the other Owner the right and power to bring all actions at law or to foreclose on an Owner's lien against such Owner and such Owner's Parcel for the collection of delinquent assessments, pursuant to the terms and conditions as set forth in the Joint Operations and Maintenance Agreement. Each Owner gives the other Owner the right, pursuant to the terms of the Joint Operations and Maintenance Agreement, to record a notice of claim of lien against an Owner and said Owner's Parcel for any delinquent assessments in the Office of the Real Property Records, Ada County, Idaho, and a copy thereof is deposited in the United States mails, certified or registered, postage prepaid, to the Owner of said Parcel at said Owner's last known address. Said notice of claim of lien must contain a sufficient legal description of said Parcel, the record owner or reputed owner thereof and the amount claimed, including the cost of preparing and recording the notice of claim of lien, late charges and interest on said unpaid assessments and costs of collections, including reasonable attorneys fees

Section 2.5. Building Improvements.

(a) Any alterations to the Building must be of Type I, II, III or IV as defined in the 2003 International Building Code Section 602. All modifications and plans to improve the Building comply with the 2003 International Building Code and have been approved by the Division of Building Safety. All modifications to the Building must comply with all applicable governmental rules, laws, regulations and ordinances.

(b) The Building shall not be modified in such a manner as to adversely affect the structural integrity of the Building.

(c) All Service Facilities shall be attractively screened from view from the parking areas.

(d) An open yard of at least sixty (60) feet shall be maintained around the perimeter of the Building at all times; provided, however, the Building may be expanded as long as a sixty (60) foot open yard is maintained around the perimeter Such open yard shall not limit the ability of an Owner to place landscaping parking areas, sidewalks, roadways, lighting and signage in such open yard.

ARTICLE 3
REGULATION OF OPERATIONS AND USES

Section 3.1. Prohibited Uses The following operations and uses shall not be permitted on any portion of the Property subject to this Agreement:

(a) Trailer courts or recreation vehicle campgrounds;

(b) Junk yards or recycling facilities;

(c) Drilling for and removing oil, gas or other hydrocarbon substances;

(d) Refining of petroleum or of its products;

(e) Commercial petroleum storage yards;

(f) Commercial excavation of building or construction materials provided that this prohibition shall not be construed to prohibit any excavation necessary in the course of construction of new Improvements on a Parcel or the Common Areas;

(g) A theater, bowling alley, skating rink, gym, health spa or studio, dance hall, billiard or pool hall, massage parlor, game parlor or video arcade; provided, however, a workout or recreational area for use by the employees and/or students of the Owners is not prohibited hereby;

(h) A bar;

(i) Distillation of bones;

(j) Dumping, disposal, incineration or reduction of garbage, sewage, offal, dead animals or other refuse;

(k) Fat rendering;

(l) Stockyard or slaughter of animals;

(m) Smelting of iron, tin, zinc or any other ore or ores;

(n) Cemeteries;

(o) Jail or honor farms; or

(p) Any use that is not appropriate for a first class property and any use which is in violation of this Agreement, or any statute, law, ordinance, regulation or ruling of any public authority having jurisdiction or could produce adverse effects upon the Property in terms of health, safety or welfare of persons.

Section 3.2. Permitted Uses. Any use or business permitted by the City of Meridian and permitted by current ordinances of the City of Meridian and by the 2003 International Building Code Section 402.2 that is not specifically prohibited in Section 5.1 above and that would not adversely affect the Property or adversely affect any uses to which either of the Parcels is then being put will be permitted. Such uses shall be performed or carried out entirely within the Building such that the enclosed operations and uses do not cause or produce a nuisance to other Parcel, such as, but not limited to, vibration, sound, electro-mechanical disturbances, radiation, air or water pollution, dust or the emission of odorous toxic or nontoxic matter including steam. Certain activities which cannot be carried on within a building may be permitted, provided the other Owner specifically consents to such activity in writing, and further provided such activity is screened so as not to be Visible from the Street The Owners hereby agree that the intended uses of ISU and the School District comply with the 2003 International Building Code Section 402.2.

Section 3.3. Intentionally Omitted.

Section 3.4. Nuisances. No nuisance shall be permitted to exist or operate upon any Parcel so as to be offensive or detrimental to any other Parcel or to its Occupants or the Owner thereof. A "nuisance" shall include, but not be limited to, any of the following conditions:

(a) Any use, including reasonable construction activity, of the Parcel which emits dust, sweepings, dirt or cinders into the atmosphere, or discharges liquid, solid wastes or other matter into any stream, river or other waterway which may adversely affect the health, safety, comfort of, or intended use of their property by persons within the area No waste nor any substance or materials of any kind shall be discharged into any public sewer serving the Property or any part thereof in violation of any regulation of any public body having jurisdiction over such public sewer.

(b) The escape or discharge of any fumes, odors, gases, vapors, steam, acids or other substance into the atmosphere which discharge may be detrimental to the health, safety or welfare of any Person or may interfere with the comfort of persons within the area or which may be harmful to property or vegetation

(c) The radiation or discharge of intense glare or heat, or atomic, electromagnetic, microwave, ultrasonic, laser or other radiation. Any operation producing intense glare or heat or such other radiation shall be performed only within an enclosed or screened area and then only in such manner that the glare, heat or radiation emitted will not be noticeable from the street or other Parcels.

(d) Any use which creates a sound pressure level in violation of any regulation of any public body having jurisdiction or which creates a ground vibration that is perceptible, without instruments, at any point along any of the property lines of a Parcel.

(e) Visible emissions of smoke or steam will not be permitted outside the Building that exceed Ringlemann No. 1 on the Ringlemann Chart of the United States Bureau of Mines. This requirement shall also be applied to the disposal of trash and waste materials Windborne dust, sprays and mists originating in plants are not permitted.

Section 3.5. Condition of Property. No Owner shall allow the portion of the Building located on its Parcel or any other structure upon its Parcel to fall into disrepair, and such portion of the Building and other structures shall at all times be kept in good condition and repair. The Owner or Occupant of any Parcel shall at all times keep its portion of the Building and appurtenances in a safe, clean and wholesome condition and comply, at its own expense, in all respects with applicable governmental, health, fire and safety ordinances, regulations, requirements and directives, and the Owner or Occupant shall at regular and frequent intervals remove at its own expense any rubbish of any character whatsoever that may accumulate within such portion of the Building to a trash collection facility or facilities.

Section 3.6. Remedies for Failure to Maintain and Repair

(a) Remedies. If any Owner shall fail to perform the maintenance and repair required by Section 3.5, then the other Owner, after fifteen (15) days prior written notice to such delinquent Owner, shall have the right, but not the obligation, to perform such maintenance and repair and to charge the delinquent Owner and its Parcel with the cost of such work, together with interest thereon at the rate of fifteen percent (15%) per annum from the date of the advancement of funds for such work to the date of reimbursement by such Owner. If the delinquent Owner shall fail to reimburse the other Owner for such cost within ten (10) days after demand therefor, the non-delinquent Owner may, at any time within six (6) months after such advance, record a claim of lien signed by an authorized agent of the non-delinquent Owner for the amount of such charge, together with interest thereon and enforce the lien in accordance with the provisions of this Agreement.

(b) Nonexclusive Remedy. The foregoing lien and the rights to foreclose thereunder shall be in addition to, and not in substitution for, all other rights and remedies which the non-delinquent Owner may have hereunder and by law, including any suit for specific performance or to recover a money judgment for unpaid assessments.

Section 3.7. Utility Lines and Antennas. No sewer, drainage or utility lines or wires or other devices for the communication or transmission of electric current, power or signals, including telephone, television, microwave or radio signals, shall be constructed, placed or maintained anywhere in or upon any portion of a Parcel, other than within buildings or structures, unless the same shall be contained in conduits or cables constructed, placed or maintained underground or concealed in or under the Building or other structures. Antenna or satellite dishes for the transmission or reception of telephone, television, microwave or radio signals may be placed on any Parcel, but only on the roof of the Building and appropriately screened so as to have minimal visual impact on surrounding streets, public spaces and the Common Areas. The final location and configuration of such antenna or dish must be approved in writing by the other Owner. Nothing contained herein shall be deemed to forbid the erection or use of temporary power or telephone facilities by an Owner incidental to the construction or repair of the portion of the Building located on such Owner's Parcel.

Section 3.8. Fire and Safety Systems. All fire alarms, automatic sprinkler systems, smoke control systems, standby power and emergency voice/alarm communication systems required by the building officials for the operation and treatment of the Building (collectively the "Fire and Safety Systems") shall be maintained as if the Building was owned by one Owner The School District Property Owner shall be responsible for the control and maintenance of the Fire and Safety Systems for the entire Building pursuant to the Joint Operations and Maintenance Agreement. The ISU Property Owner shall be responsible to reimburse the School District Property Owner for such maintenance and control pursuant to the Joint Operations and Maintenance Agreement Both Owners shall insure that the fire department has proper access to the equipment required by the fire department to be maintained on the Property.

Section 3.9. Mechanical Equipment. All mechanical equipment, utility meters, storage tanks, air conditioning equipment and similar items shall be screened with landscaping or attractive architectural features integrated into the structure itself.

Section 3.10. Mineral Exploration. No portion of the Property shall be used in any manner to explore for or to remove any steam, heat, oil or other hydrocarbons, gravel, earth, or any earth substances or other minerals of any kind; provided, however, that this shall not prevent the excavation of earth in connection with the grading or construction of Improvements within a Parcel. Water may be extracted to the extent permitted by the appropriate governmental agency.

ARTICLE 4
DAMAGE OR LOSS TO IMPROVEMENTS

Section 4.1. Restoration of Common Areas. Except as otherwise provided in this Agreement, in the event of any destruction of any portion of the Common Areas other than any portion of the Building, it shall be the duty of the School District Property Owner to restore and repair the same to its former condition, as promptly as practical. The proceeds of any insurance shall be used for such purpose. The Common Areas and all other Improvements located within the Common Areas shall be reconstructed or rebuilt substantially in accordance with the original construction plans if they are available, with such changes as are approved by the Owners In the event that the amount available from the proceeds of such insurance policies for such restoration and repair shall be less than the estimated cost of restoration and repair, a Reconstruction Assessment shall be levied by the School District Property Owner upon the Owners and their Parcels in order to provide the necessary funds for such reconstruction over and above the amount of any insurance proceeds available for such purpose. Reconstruction Assessments shall be borne by the Owners in the same proportions as Common Assessments as set forth in the Joint Operations and Maintenance Agreement.

Section 4.2. Restoration Obligations of Owners. In the event of the damage or destruction of any portion of a Parcel or the portion of the Building thereon, then it shall be the duty of the Owner of such Parcel, as soon as may be practical, to repair and replace the damage or destruction, or such portion thereof as will render such damage or destruction indiscernible from the exterior of the Parcel.

Section 4.3. Condemnation. In the event the whole, or any part, of the Common Areas shall be taken or condemned by any authority exercising the power of eminent domain, the Owners shall appear and defend such proceedings; provided, that if a Parcel is encumbered by a Mortgage or Mortgages which has or have a provision relating to condemnation, then in lieu of distributing the award to the Owner of said Parcel, that Owner's portion of the award shall be paid to the Mortgagee of the Mortgage with the highest priority and seniority for distribution and payment in accordance with the terms and conditions of said Mortgagee's Mortgage

ARTICLE 5
DURATION AND AMENDMENT

Section 5.1. Duration. This Agreement shall be recorded against the Parcels, shall run with the Parcels and shall be perpetual

Section 5.2. Amendment. This Agreement may not be amended without written consent of all Owners. Notwithstanding the foregoing, any of the following amendments, to be effective, must be approved in writing by the record holders of one hundred percent (100%) of the aggregate value of Mortgages encumbering the Property at the time of such amendment and all necessary building officials.

Section 5.3. Governmental Regulation. All valid governmental enactments, ordinances and regulations are deemed to be part of this Agreement and to the extent that they conflict with any provision, covenant, condition or restriction hereof, said conflicting governmental enactment, ordinance and regulation shall control and the provision, covenant, condition or restriction hereof in conflict therewith shall be deemed (i) amended to the extent necessary to bring it into conformity with said enactment, ordinance and regulation while still preserving the intent and spirit of the provision, covenant, condition or restriction or (ii) stricken herefrom should no amendment conforming to the governmental enactment, ordinance or restriction be capable of preserving the intent and spirit of said provision, covenant, condition or restriction.

ARTICLE 6
RIGHT OF FIRST REFUSAL

Section 6.1. Right of First Refusal Granted. ISU hereby grants to the School District and the School District hereby grants to ISU the right of first refusal to purchase such Owner's Parcel, upon the terms and conditions hereinafter set forth.

Section 6.2. Notice of Interest to Purchase In the event an Owner determines that it is going to sell, convey or otherwise transfer its Parcel to a third party pursuant to an offer or bid, said Owner shall provide the other Owner a Transfer Notice which Transfer Notice must set forth the terms and conditions of the third party offer or bid, with a copy of such third party offer or bid attached to the Transfer Notice. Upon receipt of the Transfer Notice, the Owner receiving the Transfer Notice shall have thirty (30) days in which to provide the Owner delivering the Transfer Notice a Notice of Interest, subject to such Owner completing its due diligence and being satisfied, in its discretion, as set forth below. If an Owner fails to timely deliver a Notice of Interest, or if an Owner notifies the other Owner in writing that it declines to purchase the Parcel, the Owner selling the Parcel may proceed with its sale or transfer to the third party so long as such sale or transfer is at a price not less than and on terms not more favorable than the price and terms stated in the third party offer or bid attached to the Transfer Notice. In the event the sale or transfer attached to the Transfer Notice, the right of first refusal set forth herein shall remain in effect.

Section 6.3. Due Diligence Period. If an Owner wishes to purchase the Parcel and sends the Notice of Interest to the other Owner, then the purchasing Owner shall have thirty (30) days in which to perform its due diligence following the selling Owner's receipt of the Notice of Interest. Upon delivery of the Notice of Interest, such Owner shall proceed to conduct any surveys, soils tests, engineering studies, title reviews, and environmental tests and audits which such Owner deems necessary for such Owner to determine the suitability of the Parcel, in such Owner's sole and absolute discretion. If such Owner is satisfied with the results of the due diligence and elects to purchase the Parcel, such Owner shall notify the other Owner in writing, and the parties shall then use their good faith diligent efforts to close on the purchase of the Parcel, but in any event within three (3) months of completion of the due diligence period or otherwise agreed to in writing by the parties, unless such Owner needs to conduct a bond election to generate the funds for the purchase price and then within nine (9) months of completion of the due diligence period or otherwise agreed to in writing by the Owners. At the closing for the Parcel, the Owner selling the Parcel shall convey fee simple title to the Parcel to the Owner purchasing the Parcel, subject only to the following matters: (i) real property taxes, if any, not then delinquent; (ii) all easements, restrictions and covenants of record and/or shown on the final plat or contained in the Joint Operations and Maintenance Agreement entered into between the Owners; and (iii) zoning ordinances, easements and rights of way of record or visible upon the Parcel.

Section 6.4. Purchase Price The purchase price for purchase of the Parcel shall be the lesser of the appraised value of the Parcel, as appraised by an appraiser selected by the Owner selling the Parcel and certified in the State of Idaho and agreed to by the parties, or the amount to be paid by the third party as set forth in the Transfer Notice.

Section 6.5. Closing Costs, Payment of Purchase Price. The Owner purchasing the Parcel shall pay the cost of recording the deed conveying the Parcel. Any escrow fees, and all fees charged by the closing agent, shall be paid equally by ISU and the School District. Taxes, if any, rentals, if any, and utilities shall be prorated as of the time of closing. The Owner selling the Parcel shall pay the premium which would be charged for a standard Owner's policy of title insurance in the amount of the purchase price. The Owner purchasing the Parcel shall pay the amount of any additional premium charged for extended coverage required or desired by the Owner purchasing the Parcel. The Owner selling the Parcel shall pay all other costs including, without limitation, all other recording fees, state documentary stamps, transfer taxes, excise taxes, and assessments for improvements completed prior to the date hereof, whether levied or not. At closing, the Owner purchasing the Parcel shall pay the purchase price, and other amounts owed hereunder, in immediately available funds to an escrow agent established among the parties, and shall instruct such escrow agent to release the same when the deed conveying the Parcel is recorded in compliance herewith.

ARTICLE 7
GENERAL PROVISIONS

Section 7.1. Legal Proceedings. Failure to comply with any of the terms of this Agreement by an Owner or Occupant, his guests, employees, invitees or tenants, shall be grounds for relief which may include, without limitation, an action to recover sums due for damages, injunctive relief, foreclosure of lien, or any combination thereof, which relief may be sought by an aggrieved Owner. Failure to enforce any provision hereof shall not constitute a waiver of the right to enforce said provision, or any other provision hereof. Any Owner (not at the time in default hereunder) shall be entitled to bring an action for damages against any defaulting Owner and, in addition, may enjoin any violation of this Agreement. Any judgment rendered in any action or proceeding pursuant thereto shall include a sum for attorneys' fees, including appeals, in such amount as the Court may deem reasonable, in favor of the prevailing party, as well as the amount of any delinquent payment, together with interest, costs of collection and court costs. Each remedy provided for in this Agreement shall be cumulative and not exclusive or exhaustive

Section 7.2. Severability. The provisions hereof shall be deemed independent and severable, and a determination of invalidity or partial invalidity or enforceability of any one provision or portion hereof by a court of competent jurisdiction shall not affect the validity or enforceability of any other provisions hereof.

Section 7.3. Interpretation. The provisions of this Agreement shall be liberally construed to effectuate its purpose of creating a uniform plan for the operation of the Property and for the maintenance of the Common Areas, and any violation of this Agreement shall be deemed to be a nuisance The article and section headings, titles and captions have been inserted for convenience only, and shall not be considered or referred to in resolving questions of interpretation or construction. Unless the context otherwise requires, as used herein the singular and the plural shall each include the other and the masculine, feminine or neuter shall each include the masculine, feminine and neuter.

Section 7.4. Hold Harmless and Indemnification; Insurance. To the extent permitted by the Idaho Tort Claims Act, Idaho Code § 6-901 et seq., each Owner shall indemnify, defend, protect and hold each other harmless from and against any and all claims of liability for any injury or damage to any person or property arising from School District's or School District's agents and representatives or ISU's or ISU's agents and representatives, use of the Building, Common Area and Property, or from any activity, work or thing done, permitted or suffered by, in or about the Property and Building. The School District and ISU shall further indemnify, defend, protect and hold each other harmless from and against any and all claims arising from any negligent or intentional act or omission by each's respective agents, contractors or employees, and from and against all costs, attorney's fees, expenses and liabilities incurred in the defense of any such action or proceeding brought thereon. In the event any action or proceeding is brought against the School District or ISU, by reason of any such claim, the entity from whose conduct the claim arose shall, upon notice from the School District or ISU, defend it or them at that entity's expense by counsel satisfactory to the entity to whom indemnification is owed.

Section 7.5. Limitation on Liability and Remedies. The School District and ISU, as a material part of the consideration to each other and in recognition of the cooperative relationship of the parties and their desire to provide for continued public use and enjoyment of the Property, do hereby agree to the following limitations on each other's liability arising from and as well as the use of the Building and the Property. To the fullest extent permitted by law, both the School District and ISU, on each other's behalf and on behalf of all persons or entities claiming by and through either, agree to limit the liability of the School District and ISU for any claims, losses, costs, damages of any nature whatsoever or claims or expenses from any cause or causes, so that the total aggregate liability of a claim against either the School District or ISU shall not exceed the amount of collectible liability insurance that the School District and ISU are separately required to maintain hereunder be liable to the other Owner for any injury to any person or damage to the Common Areas or any equipment thereon which may be sustained by reason of the negligence of said Owner or of his guests, employees, invitees or tenants, to the extent that any such damage shall not be covered by insurance. The costs incurred by the other Owner as a result of such damage shall be deemed a Special Assessment of such Owner and its Parcel, and shall be subject to levy, enforcement and collection by the other Owner in accordance with the assessment lien procedure provided in this Agreement.

Section 7.6. No Public Right or Dedication. Nothing contained in this Agreement shall be deemed to be a gift or dedication of all or any part of the Property to the public, or for any public use.

Section 7.7. Nonliability No Person shall be liable to any party for injuries or damage resulting from such Person's acts or omissions within what such Person reasonably believed to be the scope of his duties under this Agreement ("Official Acts"), except to the extent that such injuries or damages result from such Person's malicious or criminal misconduct.

Section 7.8. Notices Except as otherwise provided in this Agreement, in each instance in which notice is to be given to an Owner, the same shall be in writing and may be delivered personally to the Owner, in which case personal delivery of such notice to one or more co-owners of a Parcel or to any general partner of a partnership owning a Parcel shall be deemed delivery to all co-owners or to the partnership, as the case may be. Personal delivery of such notice to any officer or agent for the service of process on a corporation or limited liability company shall be deemed delivery to the corporation or limited liability company, as the case may be. In lieu of the foregoing, such notice may be delivered by certified or registered United States mail, postage prepaid, return receipt required, addressed to the Owner at the most recent address furnished by such Owner to the other Owner or, if no such address shall have been furnished, to the street address of such Parcel. Such notice shall be deemed delivered forty-eight (48) hours after the time of such mailing.

THIS Agreement has been executed on the date first written above and may be executed in any number of original counterparts, each of which shall be deemed an original, but all of which when taken together shall constitute one and the same instrument. The signature and notary acknowledgement pages of any counterpart may be detached therefrom without impairing the legal effect of the signature(s) thereon provided such signature and notary pages are attached to any other counterpart identical thereto except having additional signature and notary pages executed by other parties to this Agreement attached thereto.

PARCEL DESCRIPTION April 12, 2007

Project: Jabil Property -- Hummel Architects

Parcel Type: Remainder - A Portion of Parcel "A" of ROS No. 6631 and that portion of Locust Grove Rd. R/W West of the Section line.

A parcel of land being a portion of Parcel "A" of Record of Survey No. 6631, situated in the SE 1/4 of Section 18, Township 3 North, Range 1 East, Boise Meridian, City of Meridian, Ada County, Idaho, more particularly described as follows:

COMMENCING at a found 3" brass cap, Corner Record Instrument No. 103176248, marking the Southeast corner of said Section 18;

Thence North 00°30'34" East, coincident with the east line of said Section 18, also being the centerline of Locust Grove Rd., a distance of 1281.66 feet to the intersection of said east line (centerline of Locust Grove Rd.) and the northerly right-of-way of Interstate Highway 84 and the POINT OF BEGINNING;

Thence North 89°33'08" West, coincident with said northerly right-of-way line, a distance of 330.29 feet;

Thence North 00°00'00" East, a distance of 442.71 feet;

Thence North 90°00'00" West, a distance of 354.53 feet;

Thence South 00°00'00" East, a distance of 10.00 feet;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building extended, a distance of 105.95 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 00°00'00" East, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 70.23 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 401.42 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence South 00°00'00" East, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 203.23 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 10.00 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 00°00'00" East, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 14.26 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building extended, a distance of 161.99 feet;

Thence South 00°00'32" West, a distance of 326.77 feet to the northerly right-of-line of Interstate Highway 84;

Thence North 89°33'30" West, coincident with said northerly right-of-way line, a distance of 401.46

Thence North 28°26'58" West, a distance of 49.59 feet;

Thence South 89°37'32" West, along the northerly line of the SE 1/4 SW 1/4 of Section 18, a distance of 64.81 feet to the southwest corner of said Parcel "A" of said Record of Survey No. 6631;

Thence leaving said right-of-way and along the westerly line of said Parcel "A" the following four courses:

Thence North 00°00'40" West, a distance of 128.95 feet;

Thence North 89°58'05" East, a distance of 94.70 feet;

Thence North 56°08'43" East, a distance of 40.08 feet;

Thence North 00°00'39" West, a distance of 764.91 feet to a point on the southerly right-of-way of East Central Drive;

Thence along said southerly right-of-way the following five courses:

Thence North 89°38'50" East, a distance of 860.51 feet to a point of curvature;

Thence 37.04 feet along a tangent curve the right, having a radius of 148.00 feet, a central angle of 14°20'17", and subtended by a chord bearing South 83°11'01" East a distance of 36.94 feet to a point of tangency;

Thence South 76°00'53" East, a distance of 355.52 feet to a point of curvature;

Thence 14.87 feet along a tangent curve the left, having a radius of 212.00 feet, a central angle of 04°01'09", and subtended by a chord bearing South 78°01'27" East a distance of 14.87 feet to a point of non-tangent compound curvature;

Thence 69.25 feet along a curve the left, having a radius of 332.00 feet, a central angle of 11°57'05", and subtended by a chord bearing South 84°01'48" East a distance of 69.13 feet to a point at the centerline of the Hunter Lateral;

Thence, coincident with the centerline of the Hunter Lateral the following four courses:

Thence South 23°43'57" East, a distance of 100.52 feet;

Thence South 32°25'35" East, a distance of 227.53 feet;

Thence South 35°12'46" East, a distance of 277.92 feet;

Thence South 41°34'55" East, a distance of 121.13 feet to a point on said east line of Section 18 and the centerline of said Locust Grove Rd.;

Thence, South 00°30'34" West, coincident with said east line of said Section 18, also being the centerline of Locust Grove Rd., a distance of 255.28 feet to the POINT OF BEGINNING.

The parcel above described contains 23.300 acres, more or less.

Together with and subject to covenants, easements, and restrictions of record.

JOINT OPERATIONS AND MAINTENANCE AGREEMENT

JOINT OPERATIONS AND MAINTENANCE AGREEMENT

THIS JOINT OPERATIONS AND MAINTENANCE AGREEMENT is made on December 4, 2007, by the BOARD OF TRUSTEES AND STATE BOARD OF EDUCATION OF IDAHO STATE UNIVERSITY ("ISU") and JOINT SCHOOL DISTRICT NO. 2, Ada and Canyon Counties, Idaho, an Idaho school district ("School District").

PREAMBLE:

A. The School District is the owner of certain real property located in the City of Meridian, County of Ada, State of Idaho, described in Exhibit "A" attached hereto and by this reference incorporated herein (the "School District Property"). ISU is the owner of certain real property located in the City of Meridian, County of Ada, State of Idaho, described in Exhibit "B" attached hereto and by this reference incorporated herein (the "ISU Property"; the ISU Property and the School District Property are herein collectively called the "Property").

B. Concurrently with the recording of this Agreement, School District has conveyed the ISU Property to ISU The parties have determined that it is desirable and necessary, for the efficient preservation of the values of the Property and for the maintenance and preservation of the Building (as defined below) and the Common Areas (as defined below) to enter into this Agreement for the purpose of maintaining and administering the Common Areas and enforcing the covenants, conditions and restrictions herein contained, and collecting and disbursing the assessments and charges hereinafter created.

C ISU and the School District have entered into that certain "Master Declaration Agreement" which encumbers the Property and is recorded concurrently herewith ("**Declaration**"). Pursuant to the Declaration the Owners have imposed certain restrictions on their Parcels and have executed reciprocal easements each in favor of the other covering the Common Area (defined below).

D. ISU and the School District hereby declare that they desire to enter into an agreement which governs the joint use and maintenance of the Property and provides for the common operation, cleaning, maintenance, repair, replacement and insurance of the Common Area. The rights, duties and obligations set forth herein shall inure to the benefit of each Owner, and shall be binding on any Owners successors and assigns, and may be enforced by any Owner

52423\01000\289733 V02 DNL

04636 0064 904889 7

ARTICLE 1
DEFINITIONS

The following words, when used in this Agreement and in any amendment to this Agreement, unless otherwise provided, shall have the following meanings:

Section 1.1. "Agreement" shall mean this Joint Operations and Maintenance Agreement, as it may be amended from time to time as provided herein.

Section 1.2. "Building" means the building located on the Property known as the District Services Center.

Section 1.3. "Capital Improvement Assessment" shall mean a charge against each Owner and its Parcel, representing a portion of the cost to the Owners for installation or construction of any capital improvements on any of the Common Areas, including landscaping, which the Owners may from time to time authorize in accordance with Section 2.6 this Agreement.

Section 1.4. "Common Areas" shall mean any portion of the Property, including the Improvements thereon, which are used in common by the Owners or maintained in common by the Owners, including, but not limited to (a) all roadways within the Property, (b) any landscaping located within the Property, (c) all parking areas within the Property, (d) outside and parking lot lighting and signage within the Property, (e) sidewalks within the Property, (f) the exterior of the Building and the roof, and (g) any Improvements which are restricted to a use or uses beneficial to the Owners in common by reason of requirements imposed upon the Property by governmental entities, including but not limited to the electrical room and the storage room, as depicted on Exhibit "C" attached hereto, regardless of whether such Improvement are located within the Building.

Section 1.5. "Common Assessments" shall mean the annual charge against each Owner and its Parcel, representing a portion of the total ordinary costs of maintaining, operating, improving, repairing, replacing and managing the Common Areas, and reasonable reserves therefor, which charge shall be paid by each Owner to satisfy Common Expenses as further provided herein.

Section 1.6. "Common Expenses" shall mean the actual and estimated costs of maintenance, management, operation, repair and replacement of the Common Areas (including unpaid Special Assessments and Capital Improvement Assessments) including, but not limited to, reasonable compensation paid by the School District to building supervisors, managers, accountants, attorneys and employees engaged in maintaining, managing, operating, repairing and replacing the Common Areas; the costs of all commonly metered charges for the Property, including but not limited to the costs associated with the lighting in the parking lot; the costs of maintaining, repairing and

52423\01000\289733.V02 DNL

04636 0064 904889 7

replacing the Fire Safety Systems (as defined below); the costs of all services benefiting the Common Areas; taxes and assessments, if any, for any of the Common Areas which is not taxed directly to an Owner; and the costs of any other item or items for the benefit of all of the Owners.

Section 1.7. "Fire Safety Systems" shall mean all fire alarm systems, smoke control systems, standby power systems, emergency voice/alarm communication systems, and sprinkler systems, and any other system or device connected to the fire alarm system for the in Building.

Section 1.8. "Improvement" shall mean the exterior of all structures and appurtenances thereto of every kind, whether above or below the land surface, including, but not limited to, the exterior of the Building, utility systems, drainage systems, walkways, driveways, parking areas, standby power systems, fire alarm and control systems, emergency voice and alarm communication systems, smoke control systems, landscaping items, fences, landscaping vegetation, wetland improvements and improvements to wetland buffer areas, irrigation systems, signs, exterior fixtures and any structure of any kind.

Section 1.9. "Occupant" shall mean a lessee or licensee of an Owner, or any other Person other than an Owner in lawful possession of a Parcel, or a portion of a Parcel, with the permission of the Owner.

Section 1.10. "Owner" shall mean the Person, including ISU and the School District, holding fee simple title of record to a Parcel, including purchasers under executory contracts of sale. "Owners" shall mean all of the owners of Parcels within the Property

Section 1.11. "Owners Committee" shall mean a committee composed of representatives of the Owners who shall meet and decide certain matters related to the Common Areas set forth in these Articles. The Owners Committee will be comprised of two representatives designated by each Owner, for a total of four (4) members. Matters requiring Owners Committee approval will be decided by consensus or unanimous vote. If the event there is not a consensus or unanimous vote, the Owners Committee will be deemed to have rejected or denied the request or proposal.

Section 1.12. " "Parcel" shall mean each of the ISU Property and the School District Property or any portion therein.

Section 1.13. "Person" shall mean a natural individual, corporation or any other entity with the legal right to hold title to real property

Section 1.14. "Property" shall mean all of the Parcels.

Section 1.15. "Reconstruction Assessment" shall mean a charge against each Owner and its Parcel, representing a portion of the cost for repair or replacement of any portion of damaged or lost Improvements in the Common Areas, as provided for in this Agreement.

Section 1.16. "Service Facilities" shall mean loading docks, trash enclosures and compactors, exterior coolers, electrical and refrigeration facilities and other similar service facilities.

Section 1.17. "Signs" shall mean any structure, device or contrivance, electric or non-electric, upon or within which any poster, bill, bulletin, printing, lettering, painting, device or other advertising of any kind whatsoever is used, placed, posted, tacked, nailed, pasted or otherwise fastened or affixed

Section 1.18. "Special Assessment" shall mean a charge against a particular Owner and its Parcel, directly attributable to, or reimbursable by, said Owner, equal to the cost incurred by the other Owner for corrective action performed pursuant to the provisions of this Agreement, plus interest and other charges thereon, as provided for in this Agreement.

Section 1.19. "Street" shall mean any street, driveway, lane, place or other thoroughfare either within or adjacent to the Property or as so used as a part of the Common Areas.

Section 1.20. "Visible from the Street" shall mean, with respect to any given object on a Parcel, that such object is or would be visible to a person six (6) feet tall, standing at ground level on a Street.

ARTICLE 2
REPAIR AND MAINTENANCE DUTIES; COVENANTS FOR MAINTENANCE ASSESSMENTS AND ENFORCEMENT THEREOF

Section 2.1. Repair and Maintenance Duties of the School District Subject to its receipt of ISU's share of Capital Improvement Assessments, Common Assessments, Reconstruction Assessments and Special Assessments, the School District shall maintain, repair, replace, resurface and make necessary improvements to the Common Areas and perform all items of common or shared maintenance required under the Declaration, to assure the maintenance of the Common Areas and perform all items of common or shared maintenance required under the Declaration, including, without limitation, all Improvements thereon, in a first class, sanitary and attractive condition The School district shall have the right to perform such duties through the use of its own employees or shall contract for such maintenance, repair and improvements. Such maintenance, repairs and improvements shall include, without limitation (a) maintenance and replacement of shrubs, trees, vegetation, irrigation systems and other landscaping Improvements located on the Common Areas, mechanical and electrical equipment in the Common Areas; (b) repair and maintenance of all recreational areas, walks and other means of ingress and egress within the Common Areas; (c) maintenance of a central trash collection facility or facilities; (d) mechanical and electrical equipment; (e) repaving, resurfacing and re-striping of the parking lot; and (f) maintenance, repair and improvement of all Fire Safety Systems for the Building together with any other mechanical or other system providing common service or required to be maintained in common

Section 2.2. Payment for Common Maintenance. All such maintenance, repairs and improvements to the Common Areas shall be paid for as Common Expenses Subject to applicable bidding laws, and with the advice and input of the Owners Committee, the School District may enter into a management service contract to perform said services, but not for a term in excess of one (1) year; provided, however, before entering into such a management service contract the School District shall first offer to ISU the right to perform said services; provided, further, however, that ISU must have the same or better experience as a management service provider and must be able to perform said services at a price which is competitive with a management service provider. In the event the School District, or its successors and assigns, should desire to not perform the foregoing obligations and ISU, or its successors and assigns is willing to perform said obligations, the parties shall execute and record an amendment to this Agreement which shall provide for ISU or its successor and assigns to perform said obligations.

Section 2.3. Fire Equipment. The School District shall be responsible for insuring that the necessary equipment is accessible for the Meridian Fire Department for the entire Building ISU shall reimburse the School District, as part of the Common Assessment, for any and all costs associated therewith, including but not limited to any costs incurred as a result of the School District's inability to properly access the Building in order to maintain the necessary fire equipment ISU hereby agrees to insure that the fire equipment is in no way obstructed or that the School District's ability to maintain the fire equipment for the Meridian Fire Department.

Section 2.4. Creation of the Lien and Personal Obligations of Assessments. ISU and the School District hereby covenant and agree to pay, and each successor Owner, by acceptance of a deed to a Parcel, whether or not it shall be so expressed in any such deed, is deemed to covenant and agree to pay, to the School District all Common Assessments for Common Expenses and all applicable Special Assessments, Reconstruction Assessments and Capital Improvement Assessments All such assessments, together with interest, costs and reasonable attorneys fees, shall be a charge and a continuing lien against the Parcel against which each such assessment is made and shall also be a separate, distinct and personal obligation of the Owner at the time the assessments fall due, and shall bind his heirs, successors in interest, devisees, personal representatives and assigns This personal obligation cannot be avoided by abandonment of the Parcel or Improvements thereon or by an offer to waive use of the Common Areas.

Section 2.5. Purpose of Assessments. The assessments levied pursuant to this Agreement shall be used to promote the health, safety, welfare and general benefit of the Owners and their employees and for the operation, replacement, improvement and maintenance of the Common Areas. All assessments must be used solely for the common benefit of the Owners for purposes authorized by this Agreement, as it may be amended from time to time. Disbursements by the School Distinct Property Owner shall be made for such purposes as may be necessary for the discharge of its responsibilities herein for the common benefit of the Owners.

Section 2.6. Determination of Common Assessments. No later than October 1 of each calendar year, the School District shall prepare and provide to ISU an estimate of the Common Assessments for the following calendar year, broken down by Parcel, including a reasonable provision for contingencies and reserves for infrequently recurring expenditures Without first receiving the approval of ISU, the School District may increase the annual Common Assessment against each Owner and the interest of such Owner in its Parcel in any calendar year by an amount not in excess of twenty percent (20%) of the annual Common Assessment levied in the preceding calendar year. Any increase in excess of twenty percent (20%) shall require the prior approval of both Owners Not later than ninety (90) days after the end of each calendar year, the School District shall prepare and distribute to ISU an annual report, including a balance sheet and an income statement reflecting the total income and Common Expenses during such calendar year in performing its functions under this Agreement. Common Assessments relating to Common Expenses shall be borne by the Owners and their Parcels proportionately by dividing the amount of the square footage of the Building owned by such Owner by the total square footage of the Building. Such proportionate share shall be reallocated monthly based upon any improvements or additions made to the Building. ISU shall pay to the School District its annual Common Assessment in installments at monthly intervals, or at such frequency and in such amounts as may hereafter be agreed upon by the Owners In the event that the School District shall determine that the estimate of total charges for the current year is, or will become, inadequate to meet all Common Expenses for any reason, it shall immediately determine the approximate amount of such inadequacy and inform ISU. The School District shall have the authority to levy at any time a supplemental Common Assessment reflecting a revision of the total charges to be assessed against each Owner and the interest of such Owner in its Parcel, which supplemental Common Assessment shall not exceed: (1) twenty percent (20%) of the then current Common Assessment, if the current Common Assessment has been previously approved by the Owners, or (2) if the current Common Assessment has not been so approved, twenty percent (20%) of the previous year's Common Assessment. To the extent that any supplemental Common

Assessment or the aggregate of any supplemental Common Assessments in any calendar year exceeds the foregoing, such excess shall require the prior approval of the Owners. Written notice of any change in the amount of Common Assessments shall be given to ISU not less than thirty (30) days prior to the effective date of such change.

Section 2.7. Collection of Common Assessments. Within thirty (30) days of execution of this Agreement, the School District shall fix and collect from each Owner its pro-rata share of the Common Assessments. Each Owner shall make payment of its pro-rata share of the Common Assessments on the first day of the month thereafter. Common Assessments for fractions of any period involved shall be prorated. At the end of any calendar year, the Owners may determine that all excess assessment funds be returned to the Owners proportionately or be retained by the School District and used to reduce the following year's Common Assessments. In any voluntary or involuntary conveyance of a Parcel, the new Owner ("Purchaser") shall be jointly and severally liable with the previous Owner ("Seller") for all unpaid installments of assessments levied by the School District against the Seller for its share of the Common Expenses up to the date of Close of Escrow of the conveyance, without prejudice to the right of the Purchaser to collect from the Seller therefor However, any such Purchaser shall be entitled to a statement from the School District setting forth the amount of the unpaid assessments against the Seller due the School District as of the date the School District receives the request by such Purchaser, provided, however, that the Purchaser shall be personally liable for any and all installments of assessments and other charges becoming due after the Close of Escrow for the conveyance.

Section 2.8. Capital Improvement Assessments. Should the Owners determine the need for a capital improvement or replacement expenditure, the cost of which is in excess of Fifty Thousand and No/100 Dollars ($50,000 00), or which will materially affect, reduce or impede the use of the Common Area, then approval by both Owners shall be required to approve and render effective a Capital Improvement Assessment to cover the cost of such expenditure. Such Capital Improvement Assessment shall be prorated based on the same proportionate share as the Common Area Assessment

ARTICLE 3
NONPAYMENT OF ASSESSMENTS

Section 3.1. Delinquency. Any installment of an assessment provided for in this Agreement shall become delinquent if not paid on the due date. With respect to each installment of an assessment not paid within ten (10) days after its due date, the non-delinquent Owner may, at its election, require the delinquent Owner to pay a "late charge" in a sum equal to six percent (6%) of such delinquent installment, together with interest on such delinquent sums at a rate equal to fifteen percent (15%) per annum, calculated from the date of delinquency to and including the date full payment is received by the non-delinquent Owner. If any installment of an assessment is not paid within thirty (30) days after its due date, the non-delinquent Owner may mail a notice to the delinquent Owner. The notice shall specify: (1) the fact that the installment is delinquent; (2) the action required to cure the default; (3) a date not less than three (3) days from the date the notice is mailed to the delinquent Owner by which date such default must be cured; and (4) that failure to cure the default on or before the date specified in the notice may result in acceleration of the balance of the installments of the assessments for the then current fiscal year and sale of the Owner's interest in its Parcel. The notice shall further inform the delinquent Owner of its right, if any, to cure after acceleration. If the delinquent installments of the assessments and any charges thereon are not paid in full on or before the date specified in the notice, the non-delinquent Owner, at its option, may declare all of the unpaid balance of the assessments for the then current fiscal year attributable to the delinquent Owner and its Parcel or interest therein to be immediately due and payable without further demand and may enforce the collection of the assessments and all charges thereon in any manner authorized by law or by this Agreement.

Section 3.2. Lien and Notice of Lien. Each Owner vests in the other Owner the right and power to bring all actions at law or to foreclose the non-delinquent Owner's lien provided for in Section 3.1 above against an Owner and such Owner's Parcel for the collection of delinquent assessments. No action shall be brought to foreclose said delinquent assessment lien or to proceed under the power of sale herein provided sooner than thirty (30) days after the date a notice of claim of lien is recorded by the non-delinquent Owner in the Office of the Real Property Records, Ada County, Idaho, and a copy thereof is deposited in the United States mails, certified or registered, postage prepaid, to the Owner of said Parcel at said Owner's last known address. Said notice of claim of lien must contain a sufficient legal description of said Parcel, the record owner or reputed owner thereof and the amount claimed, including the cost of preparing and recording the notice of claim of lien, late charges and interest on said unpaid assessments and costs of collections, including reasonable attorneys fee.

Section 3.3. Foreclosure and Sale. Any such foreclosure and sale provided for above shall be conducted in accordance with the laws of the State of Idaho applicable to the exercise of powers of foreclosure and sale of mortgages. The non-delinquent Owner, through its duly authorized agents, shall have the power to bid on the Parcel at the foreclosure sale and to acquire and hold, lease, mortgage and convey the same.

Section 3.4. Curing the Default. Upon the timely curing of any default for which a notice of claim of lien was recorded by the non-delinquent Owner, the non-delinquent Owner shall record an appropriate release of such notice, upon payment by the defaulting Owner of all fees to cover the cost of preparing and recording such release, together with the payment of such other costs, interest and fees as shall have been incurred by the non-delinquent Owner by reason of such default. Any purchaser or encumbrancer who has acted in good faith and extended value may rely upon such release as conclusive evidence of the full satisfaction of the sums stated in the notice of claim of lien.

Section 3.5. Cumulative Remedies. The assessment lien and right of foreclosure and sale thereunder shall be in addition to, and not in substitution for, all other rights and remedies which the non-delinquent Owner may have hereunder and by law, including a suit to recover a money judgment for unpaid assessments, but any institution of a suit to recover a money judgment shall not constitute an affirmation of the adequacy of money damages.

Section 3.6. Subordination of Assessment Liens. All sums assessed in accordance with the provisions of this Agreement shall constitute a lien on the respective Parcel prior and superior to all other liens, except (1) all taxes, bonds, assessments and other levies or liens which, by law, would be superior thereto, and (2) the lien or charge of any Mortgage of Record made in good faith and for value and recorded prior to the date on which the notice of claim of lien is recorded Upon the foreclosure of, or the acceptance of a deed in lieu of foreclosure of, a Mortgage described above, the foreclosure-purchaser or deed-in-lieu-grantee shall take title free of the lien for unpaid assessments for all said charges that have accrued up to the time of the foreclosure or deed given in lieu of foreclosure, but subject to the lien hereof for all said charges that shall accrue subsequent to the foreclosure or deed-in-lieu-of-foreclosure.

ARTICLE 4
EASEMENT FOR MAINTENANCE, ACCESS, PARKING, UTILITIES, AND CIRCULATION

Section 4.1. Easements for Maintenance, Access and Parking.

(a) Easement for Bus Circulation ISU hereby agrees to maintain the Common Area on the ISU Property so as to not interfere or obstruct the circulation and flow of the School District's buses and busing route and use of the Common Area by the School District's buses

(b) Easement for Signage. The School District hereby grants and conveys to ISU a perpetual non-exclusive easement for the right to construct Signs, which are approved in writing by the School District, at the locations as approved in writing by the School District

(c) Easement for Maintenance and Repair. Each Owner grants to the other Owner perpetual nonexclusive easements over the Common Areas and the Parcels as necessary to maintain and repair the Common Areas and to perform all tasks in accordance with the provisions of this Agreement.

(d) Easement for Parking ISU and the School District hereby grant and convey to the other a perpetual, non-exclusive easement to use all parking areas presently existing or which may exist in the future on the Property No Owner may reduce the number of parking stalls on its Parcel if such reduction would impair or affect the use of the other Parcel. Any parking immediately adjacent to an Owner's primary entrance into the Building on that Owner's Parcel shall be primarily for the use of that Owner. The Owners Committee will review parking needs of the Owners, and will agree upon parking rules, as necessary, including but not limited to, reserved and/or priority parking for the respective Owners during specified hours and use of the parking lot during special events.

(e) Walkways and Driveways. There shall be no obstruction of any streets, entranceways, walkways or driveways located within the Property which would interfere with the free circulation of foot, bicycle, automobile or truck traffic, except such obstruction as may be reasonably required in connection with repairs of such streets, walkways or driveways. Free use of the entranceways, walkways and driveways and free circulation of foot, bicycle and vehicular traffic are essential elements of the Property.

Section 4.2. Utilities and HVAC System. Except for the cost associated with maintaining the lighting in the parking lot, all utilities must be separately metered to each Parcel. Each Parcel shall own, maintain and repair its own HVAC units and systems.

Section 4.3. Rights of Entry. Each Owner shall have a limited right of entry in and upon the exterior of all Improvements located on any Parcel for the purpose of inspecting the same and taking whatever corrective action may be deemed necessary or proper, as may be authorized by the provisions of this Agreement However, nothing herein shall be construed to impose any obligation upon an Owner to maintain or repair any portion of a Parcel or any Improvement thereon which is to be maintained or repaired by the other Owner. Nothing in this Article shall in any manner limit the right of any Owner to the occupancy and control over the interior of the portion of the Building located upon its Parcel. However, each Owner shall permit access to such Owner's Parcel or Improvements thereon by the other Owner as reasonably necessary, such as in case of any emergency originating on or threatening such Parcel or Improvements, whether or not such Owner is present

Section 4.4. Parking Lot Lighting. The Owner of the School District Property shall maintain the lighting in the parking lot. Such lighting shall remain on during the hours that the Owner of the School District Property deems necessary. The cost of the maintaining, repairing and replacing the parking lot lighting shall be a Common Area Expense and shall be a Common Expense

Section 4.5. Individual Maintenance Obligations. Each Owner is responsible for all Service Facilities on its Parcel and shall insure that all outdoor refuse collection areas shall be visually screened so as not to be Visible from the Street and no refuse collection area shall be permitted between a street and the front of each Owner's portion of the Building

Section 4.6. Security. Each Owner shall be responsible to provide any, if at all, security for its Parcel. Providing security shall not be the responsibility of the Owner of the School District Property and shall not be a Common Expense.

ARTICLE 5
SHARED USE OF THE FACILITIES

The parties hereby agree that the Owners have an interest in sharing the use of the Building. Except as specifically set forth herein or in the Master Declaration Agreement recorded against the Property, an Owner shall be allowed to use the other Owner's portion of the Building by obtaining written approval of the other Owner as to the dates and times of the use and the type of use. The Owner using the other Owner's portion of the Building shall pay to such other Owner the amounts as agreed to in writing by the Owners.

ARTICLE 6
INSURANCE, DAMAGE OR LOSS TO THE PROPERTY AND CONDEMNATION

Section 6.1. Insurance. The School District shall be responsible for maintaining the necessary commercial general liability and casualty insurance for the Property. The limits of liability of all such insurance shall be a combined single limit (covering personal injury, bodily injury and property damage) of $1,000,000 per occurrence. The School District shall provide ISU with a certificate evidencing such insurance. ISU shall reimburse the School District for its pro-rata share of the premium and deductibles related to the insurance, within fifteen (15) days of the School District providing a receipt for such insurance to ISU. Such pro-rata share shall be based on the same proportionate share as the Common Area Assessment. In the event the premium for such insurance is increased due to a claim(s) against an Owner, such Owner shall be solely responsible for the increase in the premium due to the claim(s). Each Owner shall be responsible for maintaining any and all insurance for its personal property.

Section 6.2. Restoration of Common Areas. Except as otherwise provided in this Agreement, in the event of any destruction of any portion of the Common Areas other than any portion of the Building, it shall be the duty of the School District Property Owner to restore and repair the same to its former condition, as promptly as practical. The proceeds of any insurance shall be used for such purpose. The Common Areas and all other Improvements located within the Common Areas shall be reconstructed or rebuilt substantially in accordance with the original construction plans if they are available, with such changes as are approved by the Owners. In the event that the amount available from the proceeds of such insurance policies for such restoration and repair shall be less than the estimated cost of restoration and repair, a Reconstruction Assessment shall be levied by the School District Property Owner upon the Owners and their Parcels in order to provide the necessary funds for such reconstruction over and above the amount of any insurance proceeds available for such purpose. Reconstruction Assessments shall be borne by the Owners in the same proportions as Common Assessments

Section 6.3. Restoration Obligations of Owners. In the event of the damage or destruction of any portion of a Parcel or the portion of the Building thereon, then it shall be the duty of the Owner of such Parcel, as soon as may be practical, to repair and replace the damage or destruction, or such portion thereof as will render such damage or destruction indiscernible from the exterior of the Parcel

Section 6.4. Condemnation. In the event the whole, or any part, of the Common Areas shall be taken or condemned by any authority exercising the power of eminent domain, the Owners shall appear and defend such proceedings; provided, that if a Parcel is encumbered by a Mortgage or Mortgages which has or have a provision relating to condemnation, then in lieu of distributing the award to the Owner of said Parcel, that Owner's portion of the award shall be paid to the Mortgagee of the Mortgage with the highest priority and seniority for distribution and payment in accordance with the terms and conditions of said Mortgagee's Mortgage.

ARTICLE 7
FUTURE IMPROVEMENTS

Section 7.1. Future Additions to the Building. In the Event an Owner desires to increase the square footage of the Building owned by it, it must provide written notice to the other Owner of such addition thirty (30) days prior to the commencement of such construction. In the event such additions are likely to materially affect, reduce, or impede the use of the Common Areas, the Owner proposing to construct the additional square footage will first obtain the review and approval of the Owners Committee, and such approval will not be unreasonably withheld. All construction must be completed as quickly as possible and must comply with all applicable local, state and federal regulations, rules and ordinances and laws, including but not limited to parking requirements. All staging must be on the Owner's own Parcel and must not inhibit access to the Property and must not unreasonably interfere with the other Owner's use of the Common Area. Any improvements or remodeling to the Building which requires additions, changes or improvements to the Common Area of the Fire Safety System shall be the sole responsibility and cost of the Owner making such additions or improvements. Any and all remodeling, additions or changes made to the Building by an Owner shall comply with all applicable laws, rules and regulations

Section 7.2. Building Improvements.

(a) The Building may not be changed in anyway (including, without limitation, signs and color) without first providing prior written notice to the Owners as to the exterior elevations (including, without limitation, signs and color) of modification. All modifications to the Building must comply with all applicable rules, laws, regulations and ordinances.

Section 7.3. Construction Requirements.

(a) All work performed in the construction, maintenance, repair, replacement, alteration or expansion of the Building or Common Area improvements located on the Property shall be effected as expeditiously as possible and in such a manner as not to unreasonably interfere, obstruct or delay (i) access to or from the Building, or any part thereof, to or from any public right-of-way, (ii) vehicular parking in that portion of the improved Common Area located in from of the Building, or (iii) the busing route or delivery of receiving of merchandise by any business on the Property including, without limitation, access to Building All staging for the construction, maintenance, repair, replacement, alteration or expansion of the Building or Common Area improvements located on the Property including, without limitation, the location of any temporary buildings or construction sheds, the storage of building materials, and the parking of construction vehicles and equipment shall be limited to that portion of the Property approved in writing by the Owners. Unless otherwise specifically state herein, the person contracting for the performance of such work ("Contracting Party") shall, at its sole cost and expense, promptly repair and restore or cause to be promptly repaired and restored to its prior condition all buildings, improvements, signs, utility lines and Common Area damaged or destroyed in the performance of such work. Any improvements or remodeling to the Building which requires additions, changes or improvements to the Common Area of the Fire Safety System shall be the sole responsibility and cost of the Owner making such additions or improvements.

(b). The Contracting Party shall not permit any liens to stand against any Parcel for any work done or materials furnished in connection with the performance of the work described in subparagraph (a) above; provided, however, that the Contracting Party shall, within thirty (30) days after receipt of written notice from the Owner or Occupant of any Parcel encumbered by any such lien or claim of lien, cause any such outstanding lien or claim of lien to be released of record or transferred to bond in accordance with applicable law, failing which the Owner or Occupant of said Parcel shall have the right, at the Contracting Party's expense, to transfer said lien to bond.

(c) The parties acknowledge and agree that incidental encroachments upon the Common Area may occur as a result of the use of ladders, scaffolds and similar facilities in connection with the construction, maintenance, repair, replacement, alteration or expansion of the Building, improvements and Common Area located on the Property, all of which are permitted hereunder so long as all activities requiring the use of such facilities are expeditiously pursued to completion and are performed in such a manner as to minimize any interference with the use of the improved Common Area or with the normal operation of any Business in the Building.

ARTICLE 8
DURATION AND AMENDMENT

Section 8.1. Duration. This Agreement shall continue in full force until December 31, 2057, and thereafter in ten (10) year intervals unless a Termination of Joint Operations and Maintenance is recorded meeting the requirements of an amendment to this Agreement as set forth in Section 8.2 Notwithstanding any termination of this Agreement, in no event shall the easements granted in Section 4 be terminated, but shall remain in full force and effect.

Section 8.2. Amendment. Notice of the subject matter of a proposed amendment to this Agreement in reasonably detailed form shall be included in the notice of any meeting of the Owners at which a proposed amendment is to be considered. The amendment shall be adopted by the vote, in person or by proxy, or written consent of all Owners.

Section 8.3. Governmental Regulation All valid governmental enactments, ordinances and regulations are deemed to be part of this Agreement and to the extent that they conflict with any provision, covenant, condition or restriction hereof, said conflicting governmental enactment, ordinance and regulation shall control and the provision, covenant, condition or restriction hereof in conflict therewith shall be deemed (i) amended to the extent necessary to bring it into conformity with said enactment, ordinance and regulation while still preserving the intent and spirit of the provision, covenant, condition or restriction or (ii) stricken herefrom should no amendment conforming to the governmental enactment, ordinance or restriction be capable of preserving the intent and spirit of said provision, covenant, condition or restriction.

ARTICLE 9
GENERAL PROVISIONS

Section 9.1. Waiver of Use No Owner may exempt himself from personal liability for assessments duly levied under this Agreement, nor release its Parcel from the liens and charges hereof, by waiver of the use and enjoyment of the Common Areas or by abandonment of its Parcel.

Section 9.2. Leasing of Property. Every lease or other agreement for the hire or occupation ("lease") of any portion of the Property which is executed after the recording of this Agreement shall be subject to the provisions of this Agreement, and every Occupant of a Parcel or a portion thereof shall in all applicable respects comply with the provisions of this Agreement. Every Owner shall:

(a) Include in any agreement for the lease of all or any portion of its Parcel a specific provision that said lease is subject to this Agreement, that the Occupant of the Parcel will comply with the provisions of this Agreement, and that such provisions are an integral part of the lease; and

Not execute a lease to any portion of the Property without complying with the provisions of Section 9.2(a) above; provided, however, that an Owner's failure to do so shall not diminish the effect of this Agreement with respect to any such lease. The lease shall not become effective until an Occupant has executed a lease containing the provision required in Section 9.2(a) above.

Section 9.3. Legal Proceedings. Failure to comply with any of the terms of this Agreement by an Owner or Occupant, his guests, employees, invitees or tenants, shall be grounds for relief which may include, without limitation, an action to recover sums due for damages, injunctive relief, foreclosure of lien, or any combination thereof, which relief may be sought by an aggrieved Owner. Failure to enforce any provision hereof shall not constitute a waiver of the right to enforce said provision, or any other provision hereof Any Owner (not at the time in default hereunder) shall be entitled to bring an action for damages against any defaulting Owner and, in addition, may enjoin any violation of this Agreement. Any judgment rendered in any action or proceeding pursuant thereto shall include a sum for attorneys' fees, including appeals, in such amount as the Court may deem reasonable, in favor of the prevailing party, as well as the amount of any delinquent payment, together with interest, costs of collection and court costs. Each remedy provided for in this Agreement shall be cumulative and not exclusive or exhaustive.

Section 9.4. Severability. The provisions hereof shall be deemed independent and severable, and a determination of invalidity or partial invalidity or enforceability of any one provision or portion hereof by a court of competent jurisdiction shall not affect the validity or enforceability of any other provisions hereof

Section 9.5. Interpretation The provisions of this Agreement shall be liberally construed to effectuate its purpose of creating a uniform plan for the operation of the Property and for the maintenance of the Common Areas, and any violation of this Agreement shall be deemed to be a nuisance The article and section headings, titles and captions have been inserted for convenience only, and shall not be considered or referred to in resolving questions of interpretation or construction. Unless the context otherwise requires, as used herein the singular and the plural shall each include the other and the masculine, feminine or neuter shall each include the masculine, feminine and neuter

Section 9.6. Hold Harmless and Indemnification; Insurance To the extent permitted by the Idaho Tort Claims Act, Idaho Code § 6-901 et seq., each Owner shall indemnify, defend, protect and hold each other harmless from and against any and all claims of liability for any injury or damage to any person or property arising from School District's or School District's agents and representatives or ISU's or ISU's agents and representatives use of the Building and Property, or from any activity, work or thing done, permitted or suffered by, in or about the Property and Building. The School District and ISU shall further indemnify, defend, protect and hold each other harmless from and against any and all claims arising from any negligent or intentional act or omission by each's respective agents, contractors or employees, and from and against all costs, attorney's fees, expenses and liabilities incurred in the defense of any such action or proceeding brought thereon. In the event any action or proceeding is brought against the School District or ISU, by reason of any such claim, the entity from whose conduct the claim arose shall, upon notice from the School District or ISU, defend it or them at that entity's expense by counsel satisfactory to the entity to whom indemnification is owed

Section 9.7. Limitation on Liability and Remedies. The School District and ISU, as a material part of the consideration to each other and in recognition of the cooperative relationship of the parties and their desire to provide for continued public use and enjoyment of the Property, do hereby agree to the following limitations on each other's liability arising from and as well as the use of the Building and the Property. To the fullest extent permitted by law, both the School District and ISU, on each other's behalf and on behalf of all persons or entities claiming by and through either, agree to limit the liability of the School District and ISU for any claims, losses, costs, damages of any nature whatsoever or claims or expenses from any cause or causes, so that the total aggregate liability of a claim against either the School District or ISU shall not exceed the amount of collectible liability insurance that the School District and ISU are separately required to maintain hereunder be liable to the other Owner for any injury to any person or damage to the Common Areas or any equipment thereon which may be sustained by reason of the negligence of said Owner or of his guests, employees, invitees or tenants, to the extent that any such damage shall not be covered by insurance. The costs incurred by the other Owner as a result of such damage shall be deemed a Special Assessment of such Owner and its Parcel, and shall be subject to levy, enforcement and collection by the other Owner in accordance with the assessment lien procedure provided in this Agreement.

Section 9.8. No Public Right or Dedication. Nothing contained in this Agreement shall be deemed to be a gift or dedication of all or any part of the Property to the public, or for any public use.

Section 9.9. Nonliability. No Person shall be liable to any party for injuries or damage resulting from such Person's acts or omissions within what such Person reasonably believed to be the scope of his duties under this Agreement ("Official Acts"), except to the extent that such injuries or damages result from such Person's malicious or criminal misconduct.

Section 9.10. Notices. Except as otherwise provided in this Agreement, in each instance in which notice is to be given to an Owner, the same shall be in writing and may be delivered personally to the Owner, in which case personal delivery of such notice to one or more co-owners of a Parcel or to any general partner of a partnership owning a Parcel shall be deemed delivery to all co-owners or to the partnership, as the case may be. Personal delivery of such notice to any officer or agent for the service of process on a corporation or limited liability company shall be deemed delivery to the corporation or limited liability company, as the case may be. In lieu of the foregoing, such notice may be delivered by certified or registered United States mail, postage prepaid, return receipt required, addressed to the Owner at the most recent address furnished by such Owner to the other Owner or, if no such address shall have been furnished, to the street address of such Parcel. Such notice shall be deemed delivered forty-eight (48) hours after the time of such mailing.

THIS Agreement has been executed on the date first written above and may be executed in any number of original counterparts, each of which shall be deemed an original, but all of which when taken together shall constitute one and the same instrument The signature and notary acknowledgement pages of any counterpart may be detached therefrom without impairing the legal effect of the signature(s) thereon provided such signature and notary pages are attached to any other counterpart identical thereto except having additional signature and notary pages executed by other parties to this Agreement attached thereto

BOARD OF TRUSTEES AND STATE BOARD OF EDUCATION OF IDAHO STATE UNIVERSITY

By: James A. Fletcher

Name: James A. Fletcher

Title: Vice President for Finance & Administration
Financial Services Idaho State University

LEGAL DESCRIPTION OF SCHOOL DISTRICT PROPERTY

PARCEL DESCRIPTION April 12, 2007

Project: Jabil Property -- Hummel Architects

Parcel Type: Remainder - A Portion of Parcel "A" of ROS No. 6631 and that portion of Locust Grove Rd. R/W West of the Section line.

A parcel of land being a portion of Parcel "A" of Record of Survey No. 6631, situated in the SE 1/4 of Section 18, Township 3 North, Range 1 East, Boise Meridian, City of Meridian, Ada County, Idaho, more particularly described as follows:

COMMENCING at a found 3" brass cap, Corner Record Instrument No. 103176248, marking the Southeast corner of said Section 18;

Thence North 00°30'34" East, coincident with the east line of said Section 18, also being the centerline of Locust Grove Rd., a distance of 1281.66 feet to the intersection of said east line (centerline of Locust Grove Rd.) and the northerly right-of-way of Interstate Highway 84 and the POINT OF BEGINNING;

Thence North 89°33'08" West, coincident with said northerly right-of-way line, a distance of 330.29 feet;

Thence North 00°00'00" East, a distance of 442.71 feet;

Thence North 90°00'00" West, a distance of 354.53 feet;

Thence South 00°00'00" East, a distance of 10.00 feet;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building extended, a distance of 105.95 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 00°00'00" East, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 70.23 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 401.42 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence South 00°00'00" East, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 203.23 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 10.00 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 00°00'00" East, coincident with the centerline of an existing wall within the Jabil Circuit building, a distance of 14.26 feet to the centerline intersection of an existing wall within the Jabil Circuit building;

Thence North 90°00'00" West, coincident with the centerline of an existing wall within the Jabil Circuit building extended, a distance of 161.99 feet;

Thence South 00°00'32" West, a distance of 326.77 feet to the northerly right-of-line of Interstate Highway 84;

Thence North 89°33'30" West, coincident with said northerly right-of-way line, a distance of 401.46

Thence North 28°26'58" West, a distance of 49 59 feet;

Thence South 89°37'32" West, along the northerly line of the SE 1/4 SW 1/4 of Section 18, a distance of 64.81 feet to the southwest corner of said Parcel "A" of said Record of Survey No. 6631;

Thence leaving said right-of-way and along the westerly line of said Parcel "A" the following four courses:

Thence North 00°00'40" West, a distance of 128.95 feet;

Thence North 89°58'05" East, a distance of 94.70 feet;

Thence North 56°08'43" East, a distance of 40.08 feet;

Thence North 00°00'39" West, a distance of 764.91 feet to a point on the southerly right-of-way of East Central Drive;

Thence along said southerly right-of-way the following five courses:

Thence North 89°38'50" East, a distance of 860.51 feet to a point of curvature;

Thence 37.04 feet along a tangent curve the right, having a radius of 148.00 feet, a central angle of 14°20'17", and subtended by a chord bearing South 83°11'01" East a distance of 36.94 feet to a point of tangency;

Thence South 76°00'53" East, a distance of 355 52 feet to a point of curvature;

Thence 14 87 feet along a tangent curve the left, having a radius of 212 00 feet, a central angle of 04°01'09", and subtended by a chord bearing South 78°01'27" East a distance of 14.87 feet to a point of non-tangent compound curvature;

Thence 69.25 feet along a curve the left, having a radius of 332.00 feet, a central angle of 11°57'05", and subtended by a chord bearing South 84°01'48" East a distance of 69.13 feet to a point at the centerline of the Hunter Lateral;

Thence, coincident with the centerline of the Hunter Lateral the following four courses:

Thence South 23°43'57" East, a distance of 100.52 feet;

Thence South 32°25'35" East, a distance of 227.53 feet;

Thence South 35°12'46" East, a distance of 277.92 feet;

Thence South 41°34'55" East, a distance of 121.13 feet to a point on said east line of Section 18 and the centerline of said Locust Grove Rd.;

Thence, South 00°30'34" West, coincident with said east line of said Section 18, also being the centerline of Locust Grove Rd., a distance of 255.28 feet to the POINT OF BEGINNING.

The parcel above described contains 23.300 acres, more or less.

Together with and subject to covenants, easements, and restrictions of record.

ACCREDITATION OF COLLEGES OF OSTEOPATHIC MEDICINE:
COM ACCREDITATION STANDARDS AND PROCEDURES

NEW AND REVISED STANDARDS AND PROCEDURES

Words that appear in blue throughout the Standards are defined in the Glossary. The changes made in the Standards are highlighted in yellow throughout. Previous standards are renumbered accordingly to accommodate the addition of the new standards.

At the April 16 – 17, 2016 meeting of the COCA, the Standards Review Committee presented changes to the *Accreditation of Colleges of Osteopathic Medicine: COM Accreditation Standards and Procedures* in the following Domains which were approved and become effective on **July 1, 2016**:

- Standard One: Mission, Goals, and Objectives
- Standard Two: Governance, Administration, and Finance
- Standard Three: Facilities, Equipment, and Resources
- Standard Four: Faculty
- Standard Five: Students
- Standard Six: Curriculum
- Standard Eight: GME Outcomes
- Chapter II: Applicant and Accreditation Procedures
- Chapter III: The Self Study Process
- Chapter VI: USDE Requirements

ACCREDITATION OF COLLEGES OF OSTEOPATHIC MEDICINE: COM ACCREDITATION STANDARDS AND PROCEDURES

INTRODUCTION TO COM ACCREDITATION AND THE COMMISSION ON OSTEOPATHIC COLLEGE ACCREDITATION

Role of Accreditation

The American Osteopathic Association Commission on Osteopathic College Accreditation (COCA) is the only accrediting agency for predoctoral osteopathic medical education, and is recognized by the United States Department of Education (USDE).

Accreditation action taken by the COCA means a college or school of osteopathic medicine (COM) has appropriately identified its mission, has secured the resources necessary to accomplish that mission, shows evidence of accomplishing its mission, and demonstrates that it may be expected to continue to accomplish its mission in the future. Accreditation of a COM means that the COM incorporates the science of medicine, the principles and practices of osteopathic manipulative medicine, the art of caring and the power of touch within a curriculum that recognizes the interrelationship of structure and function for diagnostic and therapeutic purposes; recognizes the importance of addressing the body as a whole in disease and health; and recognizes the importance of homeostasis and self-regulation in the maintenance of health.

Accreditation signifies that a COM has met or exceeded the AOA standards for educational quality with respect to mission, goals, and objectives; governance, administration, and finance; facilities, equipment, and resources; faculty; student services; preclinical and clinical education; research and scholarly activity; and graduate medical education.

The process of accreditation is a cooperative activity calling for continuing self-assessment on the part of each COM, periodic peer evaluation through on-site visits and other reviews directed by the COCA.

A Brief History of AOA College Accreditation Activities

The history of the accreditation of colleges of osteopathic medicine shows that from the very start in the late nineteenth century the osteopathic profession has been interested and active in assisting colleges in the attainment and maintenance of high educational standards.

The American School of Osteopathy was established by Dr. Andrew Taylor Still, a registered physician and surgeon in the State of Missouri, in Kirksville, Missouri. The college's corporate charter (May 11, 1892) granted the right to confer the Doctor of Medicine (M.D.) degree. However, the **governing body** of the school chose to award the Doctor of Osteopathy (D.O.) degree.

A number of osteopathic colleges had been established by 1898. However, there was a lack of uniformity in the admission and graduation requirements of the various colleges. In these early years, osteopathic educators and leaders recognized the fact that the attainment and maintenance of high educational standards was essential. The American School of Osteopathy issued an invitation to all osteopathic colleges to attend a meeting in Kirksville, Missouri, June 28, 1898, to form an association of osteopathic colleges.

In 1897, the first Constitution of the American Association for the Advancement of Osteopathy (forerunner of the American Osteopathic Association) was adopted and among the several committees provided for was the Committee on Education. The 1901 Constitution of the American Osteopathic Association provided that the Committee on Education, together with the Executive Committee of the Associated Colleges of Osteopathy, should constitute a joint committee to:

a. Investigate schools applying for membership in the Associated Colleges of Osteopathy;
b. Make an annual investigation of schools who were already members; and
c. Make an annual report on these schools to the Board of Trustees of the American Osteopathic Association.

The Committee on Education was charged with the duty of reporting annually on the condition of each school. The Board and members of the Association were primarily interested in the following:

a. "Do the charter, equipment and work of a particular school correctly represent osteopathy?"
b. "What kind of person, both as to general character and professional qualifications, who just from school, has opened an office near me for the practice of the same profession?"

In 1901, the joint committee adopted the policy of appointing a member of the profession to serve as "college inspector," sometimes referred to as "censor". In 1902, the Bylaws of the American Osteopathic Association for the first time provided machinery for the inspection and approval of osteopathic colleges. The first college inspection was made in 1903, and on the basis of the report to the Board of Trustees, the members of the Associated Colleges of Osteopathy were approved. By 1915, it was agreed that expenses of college accreditation would be borne by the American Osteopathic Association.

In 1923, the AOA Department of Education was changed to "The Bureau of Professional Education," and two years later, "The Bureau of Colleges" was added. In 1928, the two bureaus were joined together, and in 1930, the Bureau of Professional Education and Colleges was established. In the following year the Board of Trustees approved a recommendation that the Chair of the Bureau of Professional Education and Colleges and the Chair of the Committee on College Inspection, a sub-committee of the Bureau, should be one and the same person.

In 1938, a policy was adopted to create official inspection committees of two or three members to inspect each osteopathic college at least once every two years. In 1949, a new policy of college inspection, known as the "Survey Committee," was adopted, which provided for a complete survey of each college to be performed by a survey team of from four to seven members at least every three years.

In 1952, the American Osteopathic Association was initially recognized by the United States Department of Education. In 1959 - 1960, after several years of study, a reorganization of the education structure of the American Osteopathic Association took place. In order to bring all facets of osteopathic education into one body, a new Bureau of Professional Education was organized.

The National Commission on Accrediting recognized the American Osteopathic Association in 1967. The National Commission on Accrediting was the predecessor to the Council on Postsecondary Accreditation. On January 1, 1994 the Council on Postsecondary Accreditation was reorganized as the Commission on Recognition of Postsecondary Accreditation. On January 1, 1997, the Commission on Recognition of Postsecondary Accreditation (CORPA) was reorganized as Council on Higher Education Accreditation (CHEA), which is the non-governmental agency recognized by higher education institutions to approve, and recognize national agencies for accreditation purposes.

In 1993, the Bureau renamed its committees and coordinated four councils that dealt with various phases of osteopathic education:

a. The Council on Predoctoral Education, the evaluating unit of undergraduate medical education;
b. The Council on Postdoctoral Training, the evaluating unit of internships, residencies, preceptorships and other post-graduate medical education programs;
c. The Council on Continuing Medical Education, the unit which evaluates programs and recommends approval of CME credits; and
d. The Council on International Osteopathic Medical Education and Affairs.

These councils were responsible for evaluating the programs under their purview and making initial recommendations to the AOA Bureau. The AOA Bureau served as the accrediting and final approval agency for colleges of osteopathic medicine. The Board of Trustees was the final appeal body for decisions of the Council on Postdoctoral Training, and was the final approving and appeal body for the Council on Continuing Medical Education.

In 2001, the Task Force to Study the Structure of the Department of Educational Affairs began to broadly review the structure of the Department of Educational Affairs, with an emphasis on the AOA Bureau. In February 2003, the Task Force presented its final report to the AOA Board of Trustees for approval. The result of this Task Force was to split the functions of the AOA Bureau into two separate decision making bodies.

The Bureau of Osteopathic Education (BOE) was responsible for postdoctoral education and continuing medical education and had five committees reporting to it. Of those five committees, three were new. The five committees were: 1) Council of Hospitals (new); Osteopathic Medical Educators Council (new); Council of Osteopathic Specialty Societies (new); Council on Postdoctoral Training; and Council on Continuing Medical Education. The BOE began its new functions in July 2004.

The college accreditation process was re-organized into the Commission on Osteopathic College Accreditation (COCA), a single purpose committee that functions as the final decision making body for college accreditation.

In February 2004, the AOA Board of Trustees voted to approve the recommended structure of the COCA, which included the elimination of the Council on Predoctoral Education. The COCA is now the sole accrediting body for colleges of osteopathic medicine that reviews, evaluates and establishes the accreditation status of a COM.

Mission, Goals and Objectives of the COCA

The COCA serves the public by establishing, maintaining, and applying accreditation standards and procedures to ensure that academic quality and continuous quality improvement delivered by the COMs reflect the evolving practice of osteopathic medicine. The scope of the COCA encompasses the accreditation of COMs.

Goals and Objectives

Goal 1

To serve the public and the community of interest by ensuring the continued effectiveness of the COCA.

Objectives:

1. Maintain an independent and objective accreditation process.
2. Inform the public and the communities of interest regarding the accreditation status of programs and institutions.
3. Develop and implement policies with integrity and high ethical standards.
4. Continue to seek the most cost effective way to provide the services of the COCA.
5. Develop and disseminate information that demonstrates the effectiveness of the COCA's operations.
6. Maintain liaison between the COCA and its constituents.
7. Keep the community of interest informed of current trends and developments in specialized accreditation.
8. Serve as a resource on accreditation.

Goal 2

To develop, maintain, apply, and periodically review the COCA's accreditation processes and the accreditation standards for COMs.

Objectives:

1. Review COMs programs and institutions and make accreditation decisions in accordance with COCA's standards and procedures and the COM's mission, goals and objectives.
2. Establish and disseminate standards, policies and procedures in the accreditation manual for the COMs accredited by the COCA.
3. Comprehensively review the accreditation standards at least every five years.
4. Solicit suggestions from accrediting teams relative to standards, procedures, and process.
5. Solicit suggestions from the community of interest relative to standards, procedures, and process.
6. Identify competent individuals and provide appropriate training so they can participate in accreditation on-site visits.
7. Evaluate the performance of all evaluators and use the results of the evaluations to identify areas needing emphasis in the training process.
8. Monitor programs in the interim between on-site visits through the use of annual reports, mid-cycle reports, progress reports, interim progress reviews, and focused visitations.

Goal 3

To foster continuous quality improvement of osteopathic medical education by encouraging innovation and creativity in COM's programs and institutions.

Objectives:

1. Communicate to the community of interest that the COCA encourages innovation and creativity in the COM.
2. Ensure that the policies and the procedures of the COCA do not inhibit innovation.
3. Ensure that the COCA and *Evaluators Registry* members perceive innovation as a necessary and positive approach to foster continuous quality improvement in osteopathic medical education.
4. Create standards which tie institutional planning to ongoing assessment of COM effectiveness.

Goal 4

To assure the continued effectiveness of the accreditation process by the development and application of continuous quality assurance, self-assessment, and external review of the COCA.

Objectives:

1. Maintain recognition by the USDE.
2. Seek external review by organizations that recognize accrediting bodies and follow accepted codes of good practice.
3. Engage in planning and conduct periodic self-assessments.
4. Evaluate and test the validity and reliability of the COCA's processes.
5. Maintain a committee structure that involves COCA members, and other experts in planning, quality improvement, and self-assessment.
6. Seek regular input from the community of interest relative to planning, quality improvement, and self-assessment.

CHAPTER I: COM ACCREDITATION STANDARDS

Introduction

This chapter defines the accreditation standards against which COMs are evaluated for accreditation by the COCA. The COCA and each accredited COM are required to adhere to the policies, procedures and standards contained in the official COCA document: *Accreditation of Colleges of Osteopathic Medicine: COM Accreditation Standards and Procedures.*

In conducting its accrediting activities, the COCA will evaluate the COM considering its stated mission, including respect for its religious mission where that exists, and will consistently apply and enforce its standards. This should not be construed as limiting COCA's ability to enhance its standards over time.

Standard One: Mission, Goals, and Objectives

1.1 The COM must have a clearly defined mission statement. Mission, vision, and goals statements may be used as one entity which collectivity addresses all issues mentioned in this standard. The mission, vision, and goals statement must include goals and objectives appropriate to osteopathic medical education that address teaching, research, service, including osteopathic clinical service, graduate medical education training, and student achievement.

Guideline*: The mission statement should be clear and concise, and provide in a concise format what the COM does. The mission statement should be communicated to faculty, staff, students and other communities of interest.* ***The*** *mission statement should be periodically reviewed and revised as necessary.*

1.1.1 All COMs having accreditation status must submit a "mid-cycle" report to the COCA on their success in meeting their mission. This report will be submitted with the Annual Supplemental Report in the fourth year after receipt of initial or continuing accreditation status.

1.2 Each COM must maintain in effect any charter, licenses or approvals required for it to function as a college of osteopathic medicine in the jurisdiction in which it operates.

1.3 The COM must connect its learning outcomes assessment to mission plans and objectives in order to continuously improve the educational quality of its osteopathic medical education program.

1.3.1 The planning processes must incorporate **formative and summative reviews** of student achievement including, but not limited to: COMLEX-USA Level 1 and COMLEX-USA Level 2 passage rates; licensure, geographic area of practice, obtainment and completion of a postdoctoral program, and AOA or ABMS board certification.

Guideline*: Strategic planning is essential to ensure the quality of the osteopathic medical education program. An assessment program should be an ongoing, systematic process that provides the means for assessing student achievement, program effectiveness, and opportunities for improvement.*

1.4 The COM must have a process that will contribute to the advancement of knowledge through research and scholarly contributions in the fields of the basic biomedical sciences, clinical medicine and osteopathic principles and practice.

Guideline: *Contributing to the existing body of knowledge is an important component to osteopathic medical education and higher education.*

1.5 This standard has been eliminated.

1.6 The COM must have a process that addresses the development and planning for the appropriate affiliations necessary to provide predoctoral clinical experiences sufficient in scope for the training of osteopathic physicians.

Guideline: *The COM should demonstrate the educational continuum of its students from predoctoral education, which leads to the professional degree, to placement of graduates in postdoctoral education.*

Standard Two: Governance, Administration, and Finance

2.1 The COM, and/or its parent institution, must develop and implement bylaws, or equivalent documents, that clearly define the governance and organizational structure that enables the COM to fulfill its mission and objectives.

2.1.1 Responsibilities of the COM administrative and academic officers and faculty must be clearly defined in the COM, and/or its parent institution's bylaws, or other equivalent documents.

Guideline: *Clearly defining the COM's, and/or its parent institution's, governance and organizational structure enables others to clearly identify lines of authority and to understand how the COM will meet its mission and objectives.*

2.1.2 The COM or its parent institution must have board approved policies regarding:

a. Conflict of Interest for board members, professional and non-professional full time employees, and all credentialed instructional staff;
b. Due process for all employees, students, and credentialed instructional staff;
c. Claims of illegal discrimination;
d. Confidentiality of employment, student, and medical records; and
e. Fiscal management and accountability of the COM

2.1.3 The COM, and/or its parent institution, must satisfy such provisions as may be required by applicable law and regulations. If the COM is organized within a larger institution of higher education, that institution must have appropriate approval from its U.S. Department of Education-recognized institutional accreditor to offer doctoral programs.

2.2 The **governing body** will confer the degree Doctor of Osteopathy (D.O.) or Doctor of Osteopathic Medicine (D.O.) upon those students who have satisfactorily completed the requirements for graduation and have been recommended for graduation by faculty.

2.3 The COM must have financial resources and reserves to achieve and sustain its educational mission and objectives.

2.4 The **Chief Academic Officer** must have the responsibility and authority for fiscal management of the COM and ensuring compliance with COCA Standards.

Guideline: *This responsibility and authority usually consists of oversight of resources appropriately allocated by the governing board of the COM (if freestanding) or its institutional governing board (if within a larger institution of higher education.*

2.5 The **Chief Academic Officer** must have relevant training and experience.

Guideline: *This experience will usually include but is not limited to: dean, associate dean, assistant dean, or chair of an academic unit at a college of osteopathic medicine, college of allopathic medicine, military or public health facility.*

2.5.1 The **Chief Academic Officer** must have an earned DO degree from a COCA accredited COM.

2.5.2 The **Chief Academic Officer,** at a minimum at the time of appointment, must be a D.O. who has achieved AOA or ABMS board certification in his/her primary specialty at some point in his/her career.

2.5.3 The **Chief Academic Officer** must be employed full time by the COM and will *not* engage in other gainful employment outside the institution.

2.5.4 The **Chief Academic Officer** must be able to demonstrate the "Competencies of a Chief Academic Officer" as defined in the Glossary of this document.

2.6 The COM must have a **Chief Financial Officer** who has training and experience relevant to the position.

2.6.1 For those COMs that are free-standing, single degree-program institutions for which the COCA is the institutional accreditor, the **Chief Financial Officer** must be able to demonstrate the "Competencies of a Chief Financial Officer" as defined in the Glossary of this document.

2.7 The COM's senior administrative leadership must collectively demonstrate experience and training in higher education and medical education.

Guideline: *The senior administrative leadership includes, but is not limited to the* ***Chief Executive Officer****,* ***Chief Academic Officer****, and* ***Chief Financial Officer****.*

2.7.1 For those COMs that are free-standing, single degree-program institutions for which the COCA is the institutional accreditor, the **Chief Executive Officer** must be able to demonstrate the "Competencies of a Chief Executive Officer" as defined in the

Glossary of this document.

2.8 The selection of administrative personnel must not discriminate on the basis of race, ethnicity, color, sex, gender, religion, national origin, age or disabilities.

***Guideline**:* *A diverse administrative staff provides the richness necessary for medical education. A COM should make every effort to hire administrative staff from a diverse background to foster that richness while meeting its mission and objectives.*

Standard Three: Facilities, Equipment, and Resources

3.1 A COM must have available sufficient and appropriate facilities for the program of instruction that enable students and faculty to successfully pursue the educational goals and curriculum of the COM.

***Guideline**:* *Facilities should include appropriate classroom and laboratory space to facilitate attainment of the curricular objectives.*

3.1.1 The COM must have a continuous assessment process that reviews all facility resources appropriate to achieve the COM's mission and objectives.

3.2 The COM must provide access to appropriate learning resources necessary to support the curriculum.

***Guideline**:* *Resources should include, but not be limited to: information technology; student space for individual and group study; and electronic resources, including databases for learning.*

3.3 The learning resources of all campuses and affiliated teaching sites must be reviewed by the COM to ensure delivery of the curriculum.

***Guideline**:* *The COM should identify the specific learning resources necessary for their students at each affiliated site. COMs should conduct an evaluation of all affiliated sites to ensure each site has the necessary space, technology, and other material as identified by the COM.*

Standard Four: Faculty

4.1 The COM must have sufficient and appropriately trained faculty, supplemented by part time and **adjunct faculty**, at the COM to meet its mission and objectives. The COM must also have sufficient and appropriately trained faculty at its affiliated and educational teaching sites.

***Guideline**:* *A well-functioning COM should have enough faculty members to conduct the work of committees; ensure that all lecture topics are covered; allow all students to have access to faculty for consultation; and provide advisement to student organizations.*

4.1.1 The COM must develop a **faculty adequacy model**[1] appropriate to the COM's mission and objectives and curriculum delivery model. The method used to calculate the model must be fully described and documented. Faculty must include osteopathic physicians, basic scientists, and other qualified faculty to carry out the COM's mission and objectives.

4.1.2 The COM must academically credential or approve the faculty at all COM and COM-affiliated and educational teaching sites.

***Guideline**: The process should be consistent with the COM's established faculty academic credentialing or approval procedures and should include regular reviews based upon the COM's established methods of faculty evaluation.*

4.2 The **Department Chair or Equivalent** must have proven experience in teaching and academic leadership in a medical education setting.

4.2.1 In the clinical department or discipline of Primary Care (defined as Family Medicine, Internal Medicine, and/or Pediatrics), the **Chair or Equivalent** must be a D.O who is AOA or ABMS board certified in their primary specialty.

***Guideline**: The COM should have an organizational structure that can provide faculty leadership. This can be done through faculty departments or divisions.*

4.2.2 In the discipline of Osteopathic Manipulative Medicine/Neuromusculoskeletal Medicine, the **Department Chair or Equivalent** leader must be AOA board-certified through the American Osteopathic Board of Neuromusculoskeletal Medicine or have received a Certificate of Special Proficiency in Osteopathic Manipulative Medicine (C-SPOMM).

4.2.3 In all other clinical departments or disciplines, the **Department Chairs or Equivalents** must be AOA board-certified or ABMS board-certified physicians in one of the disciplines included within the department.

***Guideline**: COMs are highly encouraged to have osteopathic physicians as the chairs of all clinical departments and divisions in their COMs. This will ensure expression of osteopathic tenets throughout the curriculum and adequate mentoring opportunities for the students.*

4.2.4 In all departments of the COM, the **Department Chair or Equivalent** must be able to demonstrate the "Competencies of a Department Chair or Equivalent" as defined in the glossary of this document.

1 A conceptual definition is provided in the Glossary. For questions about implementation, please contact the COCA Secretary.

4.3 The selection of faculty must not discriminate on the basis of race, ethnicity, color, sex, gender, religion, national origin, age or disabilities.

Guideline: *A diverse faculty provides a richness necessary for medical education. A COM should make every effort to hire faculty from a diverse background to foster that richness while meeting its mission and objectives.*

4.4 COMs must develop and implement an ongoing needs-based, assessment driven faculty development program that is in keeping with the COM's mission and objectives.

Guideline: *The ongoing faculty development program should be a needs-based professional development program. The participants' educational outcomes should be assessed and utilized by the COM for further faculty development planning*

4.4.1 The faculty development program must include the knowledge and understanding of osteopathic philosophy and principles.

Guideline: *All faculty, on-campus and off-campus, should participate in a comprehensive osteopathic philosophy and principles faculty development program.*

4.5 A faculty organization that serves as a representative forum for the free exchange of ideas and concerns of all faculty must be developed and implemented.

4.6 Faculty policies and procedures must be developed, adopted, and implemented.

Guideline: *Faculty policies and procedures should address faculty recruitment, promotion, appointments, re-appointments, tenure, academic assignments and responsibilities, sabbaticals, reporting relationships, grievance, conflicts of interest, and benefits.*

4.7 The COM must have a board approved code of academic and professional ethics for its entire faculty, administration, and staff that includes the interaction of these groups. Such code of ethics shall address the proper relationship of faculty, administration, and staff with students.

Guideline: *A statement of professional ethics for a COM should address most, if not all, of the following principles:*

- *Duty to adhere to policies and procedures of the COM in all matters;*
- *The student – faculty interaction;*
- *The student – administration interaction;*
- *The student – staff interaction;*
- *The faculty - administration & staff interaction;*
- *Intellectual honesty in teaching activities;*
- *Promotion of learning by students;*
- *Pursuit of innovation in medical education;*
- *Scholarly activity by faculty and students;*
- *Intellectual honesty in scholarly activities;*
- *Research; and*
- *Relationship with commercial entities.*

4.7.1 The COM must have adopted the Code of Ethics established by the American Osteopathic Association.

Standard Five: Students

5.1 The COM must adopt admissions policies and criteria designed to meet its mission and objectives.

5.1.1 To ensure the COM meets its mission and objectives, the COM must tie its admission process and criteria to the outcome performance of its graduates.

***Guideline**: Tying the admission process and admission criteria to the outcome performance should validate that the COM is admitting students who may be expected to have the ability to complete the curriculum of study in accordance with the COM's mission and objectives.*

5.2 The COM must develop and implement a student recruitment process that attracts and maintains a qualified applicant pool.

5.3 The minimum requirement for admission to a COM must be no less than 75 percent of the credits needed for a baccalaureate degree from a college or university accredited by an agency recognized by the United States Department of Education.

***Guideline**: The COM should document alternative educational experiences that it will accept for admission.*

5.3.1 The COM must have a policy to verify that candidates with credentials from a college or university outside of the United States have met the equivalency of the minimum requirements for admission to a COM.

5.3.2 Recruitment and selection of students for admission to a COM must not discriminate on the basis of race, ethnicity, color, sex, gender, religion, national origin, age or disabilities.

***Guideline**: A diverse student body provides the richness necessary for osteopathic medical education. A COM should make every effort to recruit students from a diverse background to foster that richness while meeting its mission and objectives.*

5.4 Each COM must develop transfer credit and waiver policies and procedures in accordance with its educational mission and objectives.

5.4.1 Credits may be transferred only from medical schools and colleges accredited either by the COCA or by the Liaison Committee on Medical Education (LCME). Transfer credits should only be given is the student is eligible for readmission to the previously attended COCA or LCME accredited medical school.

5.4.2 When a student transfers from one COM to another COM, the last two years of instruction must be completed within the COM granting the D.O. degree.

5.4.3 When students transfer from an LCME accredited medical school or college to a

COM at least two years of instruction must be completed within the COM.

5.4.4 In the case of LCME transfers, the COM requirement for osteopathic manipulative medicine must be completed prior to graduation.

Guideline: *Transfer credits should only be given if the student is eligible for readmission to the previously attended COM or other LCME medical school.*

5.4.5 The transfer of credit policy of each COM must be publically disclosed in accordance with 34 CFR 668.43(a)(11) [1]; and

5.4.6 The transfer of credit policy of each COM must include the criteria established by the COM regarding transfer of credit.

5.4.7 Each COM, for which the COCA is its institutional accreditor, shall establish written policies and procedures and employ them in a systematic review of the assignment of **credit hours** for all of its curriculum, using the definition of a **credit hour** as provided in the glossary of the *Accreditation of Colleges of Osteopathic Medicine: COM Accreditation Standards and Procedures*. The COM bears the responsibility of assigning the amount of credit awarded for student work and demonstrating that its assignment criteria conform to commonly accepted practices in higher education. The COM must maintain records of this activity in a format that will permit sampling by a COCA site visit team.

Guideline: *The COM is strongly encouraged to include a discussion of the application of these policies and procedures for reviewing the* ***credit hours*** *given for each course in its curriculum in the self-study report.*

5.5 The COM, and/or its parent institution, must provide services devoted to student affairs.

Guideline: *The COM, and/or its parent institution, should have sufficient full-time employees to deliver these services.*

5.5.1 The COM, and/or its parent institution, must provide services devoted to registrar services.

Guideline: *The COM, and/or its parent institution, should have sufficient full-time employees to deliver these services.*

5.5.2 The COM, and/or its parent institution, must provide services devoted to admissions.

Guideline: *The COM, and/or its parent institution, should have sufficient full-time employees to deliver these services.*

5.5.3 The COM, and/or its parent institution, must provide services devoted to financial

[1] 34 CFR 668.43 (a)(11): A description of the transfer of credit policies established by the institution which must include a statement of the institution's current transfer of credit policies that includes, at a minimum – (i) Any established criteria the institution uses regarding the transfer of credit earned at another institution; and (ii) A list of institutions with which the institution has established an articulation agreement.

aid.

Guideline: *The COM, and/or its parent institution, should have sufficient full-time employees to deliver these services.*

COMs should provide, on an annual basis, counseling to its students regarding their level of indebtedness.

5.5.4 The COM, and/or its parent institution, must provide services devoted to academic counseling.

5.5.5 The COM, and/or its parent institution, must provide services devoted to career counseling.

5.5.6 The COM, and/or its parent institution, must provide students' access to administrators and faculty.

Guideline: *Opportunities to consult with faculty should be available and made known on a regular and ad hoc basis.*

Opportunities to consult with members of the administration should be available and made known to each student.

5.5.7 The COM and/or its parent institution must make available to students confidential resources for physical healthcare services.

5.5.8 The COM and/or its parent must make available to students on a 24 hour per day 7 days a week ("24/7") basis, confidential resources for behavioral healthcare services.

5.6. The COM, and/or its parent institution, must develop an orderly, accurate, confidential, secure, and permanent system of student records.

Guideline: *All staff who provide student services should be knowledgeable of the confidential aspects of these services, including but not limited to FERPA, HIPAA, and Title IX requirements.*

5.7 The COM, and/or its parent institution, must publish, at least every other year, via paper document or on its website, information on policies and procedures on academic standards, grading, attendance, tuition fees, refund policy, student promotion; retention; graduation; academic freedom; students' rights and responsibilities, including a grievance policy and appeal procedures; and other information pertinent to the student body.

5.8 The COM, and/or its parent institution, must publish policies and procedures regarding student complaints related to accreditation standards and procedures, and must maintain records of the receipt, adjudication, and resolution of such complaints. The COM must include in its policies and procedures the contact information, including address, phone number and email, of the COCA in the American Osteopathic Association, Department of Accreditation, 142 East Ontario, Chicago, IL, 60611, 312-202-8000, email:

predoc@osteopathic.org.

Guideline: *The COM should utilize student complaints in its ongoing performance improvement processes, as appropriate.*

Standard Six: Curriculum

General Requirements

6.1 The COM must develop and implement a method of instruction and learning strategies designed to achieve its mission and objectives.

Guideline: *A COM can implement their curriculum utilizing different curriculum models. The curriculum should at least include, but not be limited to, the following areas of biomedical sciences and disciplines related to osteopathic medicine: principles, history and practice of osteopathic medicine, human anatomy, biochemistry, pharmacology, genetics, physiology, pathology, microbiology, physical and differential diagnosis, medical ethics and legal aspects of medicine; internal medicine, family medicine, pediatrics, geriatrics, obstetrics and gynecology, preventive medicine and public health, psychiatry, surgery, radiology, and basic knowledge of the components of research.*

6.1.1 The minimum length of the osteopathic medical curricula must be at least four academic years or its equivalent as demonstrated to the COCA.

Guideline: *The curriculum should provide at least 130 weeks of instruction.*

6.2 The COM must develop and implement ongoing review and evaluation of the curricula, and demonstrate application of the findings towards improvement of the educational program.

Guideline: *The COM should have a Curriculum Committee to conduct the curricula review and evaluation. The Curriculum Committee should be comprised of sufficient faculty representation to ensure a thorough review of the curriculum. Students should also be represented on the Curriculum Committee.*

6.3 The COM must provide for integration of osteopathic philosophy, principles and practices, including didactic and hands-on opportunities, through each year of the curriculum.

Guideline: *The COM should be able to present a broad based curriculum to their first and second year students that includes direct and indirect OMM techniques and understanding of the glossary of terms found in the Glossary of Osteopathic Terminology © American Association of Colleges of Osteopathic Medicine, Chevy Chase, MD, April 2009. The COM should have in place learning programs in OMM/OPP for students during their third and fourth years that include both didactic content (may be delivered by* ***distance education*** *technology) and hands-on opportunities under faculty/preceptor supervision which include osteopathic physicians. The assessment process through all four years should be appropriate for both cognitive and* *psychomotor learning.*

6.3.1 The COM must provide each student with opportunities for both observation and hands-on application of OMM to patients in a clinical setting supervised by full time faculty of the COM.

Guideline: *Observations and hands-on opportunities for OMM can be provided in a college setting, primary care office, student clinic, or hospital setting.*

6.4 The COM must help to prepare students to function on health care teams that include professionals from other disciplines. The experiences should include practitioners and/or students from other health profession and encompass the principles of collaborative practices prior to graduation from the COM.

Guideline: *Competencies for **interprofessional collaborative practice** may include the ability to:*

1. *Work with individuals of other professions in a climate of mutual respect.*
2. *Apply knowledge of the osteopathic physicians' and other professionals' training, knowledge, skills and competencies to address the health care needs of the patients and populations served.*
3. *Communicate with patients, families, communities, and other professionals in a manner that supports the team approach to the care of the patient, the maintenance of health and treatment of disease.*
4. *Apply principles of team dynamics to plan and deliver patient/population centered care that is safe, timely, efficient and effective.*

Core Competencies

6.5 The COM must stipulate specific educational objectives to be learned in its educational program.

Guideline: *The COM should also stipulate the course of instruction designed to address the educational objectives, and the faculty responsible for offering the instruction.*

6.5.1 At minimum, a graduate must be able to:

1. Demonstrate basic knowledge of osteopathic philosophy and practice and osteopathic manipulative treatment;
2. Demonstrate medical knowledge through one or more of the following: passing of course tests, standardized tests of the NBOME, post-core rotation tests, research activities, presentations, and participation in directed reading programs and/or journal clubs; and/or other evidence-based medical activities;
3. Demonstrate interpersonal and communication skills with patients and other healthcare professionals;
4. Demonstrate knowledge of professional, ethical, legal, practice management, and public health issues applicable to medical practice;
5. Demonstrate basic "basic support skills," as assessed by nationally standardized evaluations.

6.6 The COM must define, publish, and implement educational outcomes, based on its own educational objectives that will prepare students for osteopathic graduate medical education consistent with the COM's mission, goals, and objectives.

6.6.1 The COM must establish clinical **core competencies** and a methodology to ensure they are being met.

Guideline: *Osteopathic medical students should have the basic skills and competencies defined by COM faculty as the prerequisites to osteopathic graduate medical education.*

Integration of basic skills and competencies should be developed through the use of standardized patients, skills testing, and clerkship training.

The COM should, at minimum, consider the Seven ***Core Competencies*** *required of all AOA-accredited postdoctoral training programs. The seven competency areas include: medical knowledge; osteopathic philosophy and osteopathic manipulative medicine; patient care; professionalism; interpersonal & communication skills; practice-based learning and improvement; and systems based practice. For details on the requirements and* ***Guidelines*** *of the core competency program, please refer to the AOA's Core Competency Compliance Program as described in the document entitled "The Basic Documents for Postdoctoral Training", Part One: Basic Document for Postdoctoral Training, Section IV. Institutional Requirements, Subsection I. Core Competency Requirements or contact the AOA's Division of Postdoctoral Training at 312.202.8000.*

6.7 A longitudinal record marking the career tracks, choices, and achievements of the graduates must be included in an assessment system.

6.8 The COM must develop and publicize a system, in keeping with the COM's mission and objectives, to assess the progress of each student toward acquiring the competencies essential to effective performance as an osteopathic physician.

6.8.1 All students must take and pass the National Board of Osteopathic Medical Examiners, Inc. (NBOME) Comprehensive Osteopathic Medical Licensing Examination COMLEX-USA Level 1 prior to graduation. All students must take COMLEX-USA Level 2 Cognitive Evaluation (CE) and Performance Evaluation (PE) components prior to graduation. All students who enter in the 2004-2005 academic year or later, and all students who graduate after December 1, 2007, must also pass NBOME Cognitive Evaluation (CE) and Performance Evaluation (PE) components of COMLEX-USA Level 2 prior to graduation.[1]

6.8.2 A component of this assessment must include the student performance and the

1 Students graduating prior to December 1, 2007 were required to have ***taken*** COMLEX-USA Level 2 CE and PE prior to graduation.

COM's overall performance on the NBOME COMLEX-USA Levels 1, 2, and 3.

6.8.3 The COM must track COMLEX-USA Levels 1, 2, and 3 results as part of a process to determine how well students accomplish the COM's educational goals.

Guidelines: *The assessment process should provide assurance that the COM's students have met all requirements for the D.O. degree prior to conferral of that degree.*

The system of assessment should clearly define procedures for the evaluation, advancement and graduation of students. It should provide feedback to each student and should serve as a motivating factor in improving student performance.

Clerkship Training

6.9 A COM may offer a portion of its curricula at affiliated or educational clinical sites not owned or operated by the COM. Written affiliation or educational agreements with core rotation sites, which clearly define the rights and responsibilities of both parties, must be obtained between the COM and each clinical clerkship teaching facility not owned or operated by the COM, or in the case where an institutional agreement is not applicable, between the COM and the individual preceptor.

6.9.1 Osteopathic medical education must include student experiences with the clinical practice of osteopathic physicians.

Guideline: *"Experience with the clinical practice of osteopathic physicians" should be interpreted broadly to include Osteopathic Principles and Practices as well as Osteopathic Manipulative Medicine. Standard 6.9.1 may be met through early clinical experience, core, selective and/or elective rotations.*

6.9.2 The COM must provide an annual prospective and retrospective assessment of the adequacy of affiliations for predoctoral clinical education.

Guideline: *The COM's annual assessment should provide evidence of having secured the necessary affiliations for all students' required core clinical rotations and retrospectively assess the availability of "elective" clinical rotations.*

6.9.3 The COM must conduct an annual assessment of the numbers of students and areas of instruction that are to take place at each of its affiliated clinical education sites.

6.10 The COM must develop and implement its clinical clerkship training curricula to achieve the COM's mission and objectives.

6.10.1 The COM must utilize the clinical education capabilities of its Osteopathic Postdoctoral Training Institution (OPTI) partners to offer predoctoral clinical education clerkships to its students.

Guideline: *The COM may also offer clinical rotations at affiliated sites that are outside of its OPTI partners.*

6.11 All instruction at the affiliated or educational sites must be conducted under the supervision of COM academically credentialed or approved faculty.

Guideline: *The Dean or the Dean's designate is responsible for ensuring that meaningful educational experiences should be conducted at **affiliated clinical sites** including credit-based international sites.*

It is the responsibility of the COM administration to review the credentials of all academically credentialed or approved faculty to determine that they are qualified, or to have an affiliation agreement with such clinical sites which recognizes and approves the processes by which faculty at those sites are credentialed and approved (that are consistent with the credentialing policies of the COM). The training environment at affiliated educational sites should also be reviewed to guarantee that they provide students, at a minimum, an appropriate number of clinical presentations, appropriate supervision, and opportunities to interact with other healthcare professionals.

The individuals supervising students' clinical experiences should be the same as those who were appointed or credentialed by the COM, or approved or credentialed by the affiliate as provided for in the affiliation agreements.

6.12 Planning and implementation of instruction at affiliated or educational sites must be a cooperative activity between COM academically credentialed or approved faculty at those sites and the administration and faculty at the COM.

6.13 The COM must develop and implement an assessment process that reviews student achievement in the clinical education program at its affiliated or educational sites to ensure that these programs meet the COM's mission and objectives.

6.14 The COM must develop a process that evaluates the clerkship in regards to meeting the COM's mission and objectives.

Guideline: *The COM should hold the affiliated or educational site to its established goals and objectives, and conduct routine, periodic visits to ensure the goals and objectives are being met. The COM may also wish to utilize the OPTI to ensure the COM's OPTI's goals and objectives of the clerkships are being met.*

Standard Seven: Research and Scholarly Activities

7.1 The COM must make contributions to the advancement of knowledge and the development of osteopathic medicine through scientific research. This effort may include, but may not be limited to, the conduct of and resulting publication in peer-reviewed journals of "bench" research, clinical trials, patient care research, medical educational research, and health services research. The **faculty adequacy model**[1] must demonstrate adequate faculty time for

1 A conceptual definition is provided in the Glossary. For questions about implementation, please contact the COCA Secretary.

research efforts.

Guideline: *A functioning research program would include some, if not all, of the following elements: research programs that investigate questions arising from the unique elements and applications of the principles and practices of osteopathic medicine; an Institutional Review Board (IRB); Institutional Animal Care and Use Committee (IACUC); dedicated facilities to conduct research, either at the COM or with a partnering institution; evidence of start-up funding for research; a grants officer; pre-award and post-award management of grants; and evidence of published articles in scholarly journals.*

7.2 The COM must show its commitment to research by having a strategic plan for research support, development, and productivity that is linked to faculty adequacy, facilities, outcome goals, and budget.

Guideline: *Growth and development of research is closely linked to availability of human, financial, and physical resources required to support research efforts, as well as the education of osteopathic physicians to prepare them for conduct of research. COMs can enhance this in many ways, including, but not limited to: having an expectation for research in the culture and expected outcomes of the institution; providing appropriate protected time for faculty to engage in research; providing funding to support research initiatives; providing facilities and resources required to support research efforts; supporting dual degree programs in research disciplines, i.e. leading to the MS and PhD degree; dual degree programs in other professional areas that are supportive of research, e.g. MPH, MEd; sponsorship or support for research fellowships for students and residents.*

Standard Eight: GME Outcomes[1]

8.1 The COM must be a member of an Osteopathic Postdoctoral Training Institution (OPTI) that is accredited by the American Osteopathic Association's Council on Osteopathic Postdoctoral Institutions for the purpose of supporting the continuum of osteopathic education.

8.2 The COM must establish a relationship with an OPTI and facilitate the development, growth and maintenance of graduate medical education.

8.3 The COM must develop a retrospective GME Accountability Report based on information reported by the COM on the AACOM Annual Report demonstrating that the COM's mission and objectives are being met. The methods used to develop the report must be fully described and documented. The report must demonstrate the number of graduates entering GME, the positions available in the COM's affiliated OPTI, the historic percentage of match participation (AOA, NRMP, military, etc.), final placement, the number/percentage of eligible students unsuccessful in the matches, and the residency choices of its graduates.

Guideline: *COMs should strive to place 100% of their graduates into GME programs*

1 NOTE: The following standards occur in other standard domains in this chapter and have some components that are related to graduate medical education: 1.1, 6.6, 6.6.1, 6.7, 6.8.2, 6.8.3, 6.10.1, and 6.14.

and devote the necessary resources to obtain that goal.

8.4 The COM must develop and publicize a system, in keeping with the COM's mission and objectives, to assess the progress of each student toward acquiring the competencies essential for successfully entering into a GME program leading to graduation and effective performance as an osteopathic physician.

8.5 The COM must annually report publicly, beginning with the 2013-2014 academic year, from the previous four academic years, the following data (a. and b. below) on its website, in its catalog, and in all COM **promotional publications** that provide information about the COM's education for prospective students. The COM may use a reference to this data as to where it can be found on the COM's website.

a. The number of students from each graduating class who applied to and obtained or were offered placement in a graduate medical education program accredited by the American Osteopathic Association or the Accreditation Council for Graduate Medical Education or the military, and the number of students from each graduating class who applied to and were unable to obtain placement in an accredited graduate medical program.[1]

b. The first time pass rate of its graduates on the COMLEX-USA Level 3 exam.[2]

2 The COMLEX-USA Level 3 examination first time pass rates are reported as an aggregate score to all COMs for a single year period. This is the value that is to be published by the COM.

Standard Nine: Prerequisites for Accreditation (for Pre-accreditation evaluations only)

9.1 Each applicant must obtain any charter, licenses or approvals required for it to function as a COM in the jurisdiction in which it intends to operate.

9.2 Each applicant must have a **governing body**, or be part of a higher education institution with a **governing body**, which defines the mission of the institution and the intended COM.

9.3 Each **governing body** will adopt bylaws, or equivalent documents, which will:

9.3.1 Ensure that the **governing body** will be composed of persons with demonstrated expertise required to implement the mission of the COM.

9.3.2 Define responsibilities of the **governing body**, the administrative and academic officers and the faculty and set forth the organizational structure of the COM; and

9.3.3 Satisfy such provisions as may be required by applicable law and regulations.

Revision of Standards

The COCA, in establishing procedures for the review of the accreditation documents, recognizes the need for an ongoing review process. Therefore, the *COM Accreditation Standards and Procedures* will be reviewed for relevancy on a continuous basis, with a major review every three (3) years. That review will be precipitated by a survey to determine whether the intent of the standard is clear, reliable and whether it is relevant to osteopathic education. The COCA will announce the review process via the COCA website, http://www.aoacoca.org. This announcement will include information about the process and its timeline.

A survey of the standards, policies and procedures will be conducted prior to the initiation of the accreditation document review process. The survey document will query respondents to evaluate the accreditation document as it relates to the a) quality of osteopathic medical education, and b) the relevancy of the educational training needs of the osteopathic medical student. The COCA will solicit comments from the following constituents: 1) COM Presidents: 2) COM Deans; 3) COM Faculty; 4) Site Team Evaluators; 5) Directors, Medical Education; 6) Directors, Residency Programs; 7) Members, Specialty College Evaluator Committees; 8) COM Students; 9) recent COM Graduates; 10) Osteopathic Licensing Boards; 11) NBOME; 12) Hospital Administrators; 13) AOA Board of Trustees; and 14) COCA Members.

Once the COCA has initiated the accreditation document review process, the review will be completed within twelve months. Changes to the document *Accreditation of Colleges of Osteopathic Medicine*, including the policies, procedures, and scope of accreditation of the COCA, will be made when necessary only after providing advance notice and opportunity for comment by affected persons, institutions, and organizations, including, but not limited to: The Secretary of the USDE, **AACOM**, the NBOME, and each COM.

CHAPTER II: APPLICANT AND ACCREDITATION PROCEDURES

Introduction

COM development is meant to be an orderly process that requires time, financial reserves and planning. This process should not be embarked upon at an accelerated rate or without careful consideration of the **minimal timelines** that are discussed in this chapter and in the tables and other documents specifically described herein.

The COCA believes that the timeline provided is the minimum period necessary to develop a new COM and will not waive its usual timeline procedures to process applications of new COMs. Entities seeking to develop a new COM should be aware of the business risks that are inherent in the development of a new COM.

Applicant Status

Applicant status is the initial step in seeking accreditation. This status is offered without rights or privileges of accreditation, and does not establish or imply recognition by the COCA. Applicant status is granted upon the formal request for evaluation submitted by the **Chief Executive Officer** of the applicant COM. Information regarding "New and Developing COMs" can be found on the COCA website, www.aoacoca.org. This information consists of:

- **A Memo to Prospective Applicants**
- **Startup Costs Estimates**
- **Pre-accreditation Preparation Timetable Calculator Tool**
- ***Accreditation of Colleges of Osteopathic Medicine: COM Accreditation Standards and Procedures***

Pre-accreditation Status

Pre-accreditation status is the second step in seeking accreditation by an applicant COM and is conferred with the privilege of recognition by the COCA, which will be publicly announced. Pre-accreditation status may be granted to COMs that demonstrate the planning and resources necessary to be expected to be able to proceed to Provisional accreditation within five (5) years.

Role of the Dean

It is expected that a Dean, as the **Chief Academic Officer** of the COM, will be hired at least 6 months prior to the submission of the Feasibility Study in the development of the COM and will provide the principle guidance and direction in the development of the COM through all steps of the pre-accreditation process and beyond through Provisional accreditation and into Accreditation. A feasibility study must be prepared and submitted by the **Chief Executive Officer** and the Dean of the applicant COM in order for a COM to be evaluated for Pre-accreditation status. Applicants should also note the minimal timelines for the Provisional accreditation application process as stated in Table 1, and the spreadsheet referred to within Table 1, with regard to the selection of the Dean.

It is also expected that the Dean will hire qualified individuals at the Associate/Assistant Dean level to assist him/her in the development of the COM through the Pre-accreditation status and into the Provisional accreditation status and ultimately progress to Accreditation.

Feasibility Study

An applicant for Pre-accreditation status must submit a Feasibility Study that assesses the viability of the proposed new COM. The COM Dean and administrative team must play an integral role in the development of the feasibility study (see section "Role of the Dean" above).

The financial *pro forma* portion of the Feasibility Study must be conducted by a nationally recognized accounting firm/management firm.

The Feasibility Study must contain documented evidence of:

1. An assessment of the degree of support that the applicant has in the community, county and state, and the respective osteopathic professional associations. The assessment must include a letter of comment from the state osteopathic association for each state in which the applicant intends to have clinical training sites.
2. Incorporation as a new, free-standing applicant as either a non-profit or for-profit corporation with bylaws consistent with the accreditation standards, and with an appointed, functioning **governing body**.
3. For an applicant that is part of a university, the parent institution, of which the COM is a part, must demonstrate clear commitment to the COM's mission, operation, development, and financial support.
4. A charter or evidence of support for approval to grant the Doctor of Osteopathy (D.O.) or Doctor of Osteopathic Medicine (D.O.) degree from the appropriate state agency.
5. Adequate staff support, including but not limited to, the appointment of a **Chief Executive Officer**, a dean/chief academic officer, and a chief financial officer, all of whom will have sufficient professional education and experience to provide leadership during the development of the COM. The **Chief Academic Officer** must have an earned D.O. degree from a COCA-accredited COM, have AOA board certification, and be employed in the development of the applicant COM on a full-time basis.
6. The Dean/**Chief Academic Officer** must have identified the organizational structure to be employed, including all Associate/Assistant Deans and a plan for their hiring at the time of submitting the Feasibility Study. At the time of awarding of Pre-accreditation, all Associate/Assistant Deans must be under contract. The professional education and experience of the Associate/Assistant Deans will be reviewed under Standard 2.7 at the time of initial review of Pre-accreditation.
7. Written verification about the educational planning and progress toward providing for clerkship training opportunities sufficient in number for the clinical curricular experiences of the applicant. Documentation must include an assessment of the impact of the applicant's proposed clerkship training programs upon any osteopathic training programs already in existence at the clinical sites under discussion.
8. Adequate financial support that includes sufficient operating, reserve, and necessary construction funds:
    a. Sufficient funds will be available to support all necessary and proper expenses, the

employment of a core staff, the development of curriculum or curricula, support of administration and planning personnel, and will include such other funds as may be necessary to secure funding from governmental or private sources.

b. The applicant will demonstrate that the level of funds described immediately above will be available for not less than four (4) years of instruction, i.e., until graduation of the first class of students.

c. An applicant must demonstrate the existence of a minimum segregated, unencumbered reserve fund escrowed until graduation of the first class of students and equal to the *greater* cash value of 1) $12,500,000; or 2) tuition multiplied by the number of students of the inaugural class multiplied by four years. An increase in tuition will require recalculation of the escrow amount and an increase in the calculation of the amount of the escrowed funds. **The escrowed reserve fund** must **not be borrowed or pledged funds and** must **be 100% wholly owned assets of the COM or its parent institution.**

d. Except upon written approval of the COCA, such fund will remain segregated and unencumbered; and cannot be used for any purpose including, but not limited to, operation, equipment or construction costs, until after Accreditation status has been granted. The purpose of this fund is to provide substantial financial support for the costs of a teach-out agreement should such an agreement become necessary. The applicant, to achieve its mission and objectives, may use interest earned on such fund at any time.

e. For a state-supported applicant, a letter or statement of commitment is required to document their financial support being available in the amount specified in Procedure 8c for four years.

f. An applicant must also demonstrate the existence of a minimum operating reserve fund equal to one-quarter (1/4) of the amount of the minimum segregated, unencumbered reserve fund. The minimum operating reserve fund must not be borrowed or pledged funds and must be 100% wholly owned assets of the COM or its parent institution.

g. Except upon written approval of the COCA, the operating reserve fund must maintain its minimum value throughout the entire fiscal year of the COM. The COCA may authorize use of this fund for operation, equipment or construction costs. If such use is granted, then the minimum value of this fund must be re-attained at the end of the fiscal year in which the operating reserve fund is reduced below its required minimum value. These restrictions will apply until after Accreditation status has been granted. The new COM, to achieve its mission and objectives, may use interest earned on the operating reserve fund at any time.

h. For a state-supported applicant, a letter or statement of commitment is required to document their financial support available in the amount specified in Procedure 8f for four years.

9. Demonstrate educational planning and noted progress in generating graduate medical education opportunities using a retrospective GME Feasibility Report, incorporating the metrics in the GME Accountability Report in Standard 8.3 that demonstrates the expected placement in GME, including OGME, for their prospective class.* An EXCEL® workbook

for current and projected Clinical Rotations and GME development will be sent to all COMs requesting approval of a new COM. COCA staff will send the workbook and information to complete the workbook after the request for the new COM has been received. COCA Staff will also assist the COM in the workbook completion.

*A COM must demonstrate the feasibility of success for GME placement of its students in order to be approved.

COMs with Hosting Partners

COMs and hosting partners, who are themselves, academic institutions, hospitals, or healthcare systems, require a Memorandum of Understanding (MOU) or legally binding contract that addresses at least the following elements:

These statements must be included at the time a new COM is submitting a feasibility study:

1. A statement of why the COM wishes to enter into an agreement with the "host" institution.
2. A statement that identifies the authority and status of the "host" institution.
3. A statement of contractual agreement and legal obligation that includes:
   a. Fiscal, fiduciary, and marketing relationship;
   b. The rights retained by the COM;
   c. The duties of the COM to the "host" institution;
   d. The rights retained by the "host" institution;
   e. The branding by the COM alone, and any co-branding with the host institution;
   f. Specification of the services being provided by each entity to the other;
   g. Specification of who is the final authority on the curriculum for the COM and the requirements for granting the D.O. degree;
   h. Specification on who awards the D.O degree;
   i. Specification on who is the final authority on the selection of COM students;
   j. Specification on who is the final authority on selection of COM faculty members;
   k. A statement of the term of the agreement;
   l. A statement on how the agreement may be amended;
   m. A statement on how either party may withdraw from the agreement;
   n. A statement that explains whether the MOU reflects the complete agreement between the parties of should be interpreted in light of other agreements between the parties;
   o. A statement that the COM recognizes it is responsible for meeting the COCA standards;
   p. A statement where the COM recognizes it is responsible for handling COCA complaints;
   q. Information, as requested by COCA concerning the "host's" finances and accreditation status;
   r. Verification that students are aware of financial responsibility and student rights in regards to Title IV;
   s. Verification that students are aware that financial aid is no processed through the "host" institution and they are not eligible to participate in Title IV through the "host" institution;
   t. A lease agreement must be a minimum of 10 years in length with at least five (5) year notice of termination.
   u. A minimum period of three (3) years is required for cancellation of any services

affecting students.

v. Upon notice of termination of a lease, a teach-out plan must be submitted to the COCA or the school must be able to immediately demonstrate a new location or lease to be approved by the COCA.

All of the above legal and contractual obligations must be completed prior to the awarding of Provisional accreditation.

Feasibility Study Evaluation

Upon receipt of a completed application with Feasibility Study, the Feasibility Study will be reviewed by the COCA Executive Committee (COCA-EC) to determine if the Feasibility Study materials are technically complete, meaning that if a site visit were to be authorized, it may be reasonably expected that the site visit team will be able to find evidence on-site to assess compliance with the standards and procedures required for the award of Pre-accreditation. This review will occur within sixty (60) days of receipt of the Feasibility Study at a teleconference of the COCA-EC.

The applicant COM will be notified as to the decision of the COCA-EC within fifteen (15) working days of the COCA-EC determination. Upon determination by the COCA-EC that the Feasibility Study is acceptable and technically complete to permit scheduling of an on-site visit, staff will schedule the initial review of Pre-accreditation within forty-five (45) to sixty (60) days after notifying the applicant COM that the Feasibility Study is technically complete and notifying the COM of the findings of the Feasibility Study review, subject to availability of team members.

In the review of a Feasibility Study, the COCA-EC may determine that one or more of the Feasibility Study elements are not technically complete and request additional information before authorizing a site visit. The COCA-EC reserves the right to review this information either by (a) by teleconference meeting, or (b) vote by email.

Pre-accreditation On-Site Visit

The Pre-accreditation on-site visit will be conducted to ensure the accuracy of the Feasibility Study and the following standards found in Chapter I:

- Standard One: Mission, Goals, and Objectives – all standards
- Standard Two: Governance, Administration, and Finance – all standards
- Standard Five: Students – Standard 5.7 and Standard 5.8
- Standard Nine: Prerequisites for Accreditation – all standards

The application, which includes the Feasibility Study, COCA-EC review of the Feasibility Study (including materials requested to establish technical completeness), and the on-site visit report, will be transmitted to the COCA for their decision on the granting of Pre-accreditation status. This review will occur at the next regularly scheduled meeting of the COCA.

Activities Prohibited During Pre-accreditation

The COM holding Pre-accreditation status will <u>not</u> recruit, accept applications from, or admit prospective students. This means that a COM holding Pre-accreditation status must <u>not</u> do any of the following:

- Use solicitation to recruit students;
- Solicit or collect application fees;

- Collect application information, including academic transcripts, Medical College Admissions Test (MCAT) scores, and letters of recommendation;
- Initiate the admission review process;
- Schedule interviews for any potential applicants;
- Offer advice on financial aid; and
- Issue letters of admittance into the COM.

Review of Pre-accreditation

Pre-accreditation status is reviewed on an annual basis for up to five (5) years and the COM will be required to submit an annual report in the format prescribed by the COCA. The COCA will review the annual report, and based on that review, may determine that continuing Pre-accreditation status will be subject to an on-site visit, as necessary.

Accreditation actions taken by the COCA during the period in which a COM holds Pre-accreditation include continuing Pre-accreditation status or withdrawal of Pre-accreditation status, and will be based upon an on-site visit. However, if the COM fails to attain Provisional accreditation status within five (5) years of the Pre-accreditation status award, the COCA will terminate the COM's Pre-accreditation status. Such termination will be published within thirty (30) days of final action.

Provisional Accreditation Status

Provisional accreditation status may be granted to COMs who have achieved Pre-accreditation status and meet the standards of accreditation. In order to assure adequate self-study, timely consideration of information, and provide for faculty and administration development, an institution seeking COCA Provisional Accreditation must conform to these provisions. The COCA may not waive compliance with these procedures.

In order for the COCA to grant Provisional accreditation status to the new COM holding Pre-accreditation status, the new COM will demonstrate that it meets, or will meet at the date proposed for the beginning of its educational program, the accreditation standards as described in Chapter I.

Additionally, a COM must demonstrate the following prior to being granted Provisional accreditation status:

1. Faculty must be hired consistent with the initial hiring plan and pro forma submitted to the COCA.
2. The first and second year curricula must be fully developed.
3. Clinical affiliation agreements sufficient to meet the needs of the curriculum and the students must be signed.

Timetable to Achieve Provisional Accreditation

The Updated Feasibility Study must be submitted a minimum of eighteen (18) months prior to the intended opening date (See Table One for a timetable). This schedule will permit the orderly progression for the COM to begin its inaugural class. However, in order to begin its educational program, a COM seeking Provisional accreditation would need to adhere to the minimum time schedule in Chapter IX, Table One. This schedule will permit orderly consideration of a COM's request for Provisional accreditation status. A COM receiving this status may begin accepting applications.

Updated Feasibility Study Content

The Updated Feasibility Study must contain all pertinent information regarding:

- The COM's compliance with all standards of domains One through Eight, addressed for each individual numbered standard in the domains;
- Administration and operation of the educational program proposed for the COM through graduation of the COM's first class of students;
- Future development plans and other information required by the COCA;
- Written verification of the number of clinical sites to accommodate the entire first class of students at the time of graduation;
- Written verification of clinical sites to accommodate their entire clinical needs; and
- Written verification of the formal affiliation agreements with an adequate number of training positions for the entire required clinical curriculum of the COM. The affiliation agreements must be included in the updated feasibility study.

Evaluation of Updated Feasibility Study

In addition to the information listed above, an acceptable Updated Feasibility Study must address any issues found to be out of compliance or lacking on the Pre-accreditation visit, and not yet found satisfied by the COCA, as well as all standards that will be reviewed on the Provisional Accreditation On-site visit (see below) and with attachments of support.

COCA staff will review the materials submitted to assess the presence of the elements required and note the presence or absence of each of the elements. The presence or absence of this information will be reviewed with the COCA Chair to determine if additional information is required prior to scheduling or at the time of the initial provisional accreditation site visit. The COM will be notified of the results of this analysis. This analysis will be completed with thirty (30) days of receipt of the updated feasibility study. After determining that the updated Feasibility Study is complete, an on-site visit will be conducted.

Provisional Accreditation On-site Visit

The initial Provisional accreditation on-site visit will be conducted to ensure the accuracy of the updated Feasibility Study and compliance with the following standards found in Chapter I:

- Standard One: Mission Goals, and Objectives – all standards
- Standard Two: Governance, Administration, and Finance – all standards
- Standard Three: Facilities, Equipment and Resources – all standards
- Standard Four: Faculty –all standards
- Standard Five: Students – all standards
- Standard Six: Curriculum –- all standards
- Standard Seven: Research and Scholarly Activities – all standards
- Standard Eight: GME Outcomes – all standards

Following receipt of the visiting team's report, the request for the Provisional accreditation status will be considered by the COCA at its next regularly scheduled meeting.

Activities Allowed During Provisional Accreditation

Upon the receipt of Provisional accreditation, the COM will have the right and privilege to solicit applications and admit students, offer medical instruction within the approved osteopathic medical curriculum, and announce its provisional accreditation status. A COM may publicize that it is provisionally accredited. However, Provisional accreditation status may not be designated as "Accreditation" until the COM has received "accreditation" from the COCA.

Review of Provisional Accreditation

Provisional accreditation status will be reviewed for renewal annually by the COCA six to eight months prior to the initial day of classes and then concurrent with the academic progress of the first-, second-, and third-year classes of the COM. In order to obtain continuing provisional accreditation status for the second and each subsequent year of provisional accreditation status, the COM will demonstrate that it meets the standards of accreditation as described in Chapter I through annual submission of an updated Self-Study, and an on-site visit.

In compliance with 34 CFR 602.16(a)(2), Provisional accreditation will be for a period of time not to exceed five (5) years. Provisional accreditation will be awarded to become effective no earlier than July 1 of the calendar year, five (5) years prior to the year in which the COM intends to graduate its first class in the months of May-June.

If the COCA makes a decision to award Provisional accreditation at a meeting that occurs prior to the effective date specified above, the Pre-accreditation status will remain until the effective date of Provisional accreditation, but not for a period to exceed five (5) years of total award. During this interim period, the COM's Pre-accreditation status will be stated as: **"Pre-accreditation with permission to recruit, but not to admit students or offer instruction."**

Timetable to Achieve Accreditation

COMs holding Provisional accreditation status will undergo a Comprehensive accreditation visit directed by the COCA to be scheduled prior to graduation of its first class. The Comprehensive visit will be conducted before March 31 of the year the COM's inaugural class graduates. Provisional accreditation status will expire following the Accreditation award granted by the COCA.

If a new COM fails to attain Accreditation status, the COCA will terminate the COM's Provisional accreditation status. Such termination will be published within thirty (30) days of final action.

Accreditation Status

Accreditation status is the highest level of accreditation awarded, and confers all rights and privileges of accreditation. Accreditation status is reviewed on a seven (7) year survey cycle unless otherwise directed by the COCA for a shorter period. Renewal of accreditation is subject to an on-site visit. Once Accreditation status is attained, the COM will retain that status until such time as it may be withdrawn by the COCA or may be voluntarily withdrawn at the request of the COM.

CHAPTER III: THE SELF-STUDY PROCESS

The Self-Study

The Self-Study is a systematic process of institutional and programmatic self-assessment leading to institutional improvement and providing evidence to the COCA that standards of accreditation are being met. The Self-Study is used, in part, to prepare for the COCA accreditation process prior to a Provisional or Comprehensive on-site accreditation visit. A COM's self-evaluation and assessment should reflect its unique, distinctive organization and be utilized as a frame of reference for the review that the COM's evaluation team conducts and the COCA reviewers assess. A broad Self-Study that exhibits integrity in reporting indicates to the site visit team and the COCA that the COM is serious in their attitude toward self-examination and peer review.

A successful Self-Study will provide valuable information that may be used by the COM for change and improvement of its educational program, organization, budgeting, and planning processes. An effective Self-Study will produce results and recommendations that the COM can utilize and address as well as identify challenges facing the COM in the future. The Self-Study should build on the COM's existing self-evaluation processes in order to add to what is already in place as well as be an indication of where to change their processes through their self-study evaluation.

Preferably, a COM with accreditation status should initiate the self-study process at least twenty-four (24) months before the scheduled site visit. Completed Self-Studies must be sent to the COCA at least sixty (60) days prior to the scheduled date of a Comprehensive or Provisional on-site visit. The Self-Study is to be submitted to: Secretary, COCA; American Osteopathic Association; Department of Accreditation; 142 E. Ontario Street, 6th Floor; Chicago, IL 60611 or via email to predoc@osteopathic.org.

Beginning the process early allows time to address the basic questions that will help to guide the development of the Self-Study:

- Does the COM have a current and appropriate mission, goals, and institutional learning objectives?
- Are the curriculum and resources organized to meet the mission, goals and objectives of the COM?
- What is the evidence that the COM is meeting its mission, goals and objectives?
- How can current assessment processes be utilized in creating the Self-Study, including the strategic planning process and outcomes data?
- What is the structure of the COM? Who are the COM's leaders?
- What are the strengths and weaknesses of the COM?
- Who will be involved in the creation of the Self-Study? Who will lead the process? Who will edit the documents?

Characteristics of an Effective Self-Study

1. *The Self-Study process should be a COM-wide project, rather than the work of a few individuals.*

   The Self-Study is an official COM document; therefore, the individuals chosen to participate in creating the Self-Study should be representative of the COM. All constituencies should be represented on the Self-Study committee, including students for the Comprehensive and

Provisional Self-Study.

An effective Self-Study will draw on the expertise of recognized leaders throughout the organization in order to make the effort credible and to accomplish goals in an efficient way. The Self-Study committee will serve as both the starting point and ending point of the Self-Study document and should continually provide and obtain feedback in order to ensure that all constituencies are informed and involved as the process unfolds. Participants of the Self-Study committee should be noted in the completed document.

2. *Adequate personnel, technical, and financial resources should be provided by the COM administration and Board for the self-study process.*

COM administration and the Board send a clear message to faculty, staff, and students that the Self-Study is an important institutional priority when adequate resources are allocated to assure its timely and effective completion. High expectations for organizational learning from the Self-Study process should be clearly communicated to all constituencies. Evidence of support from administration and the Board motivates stakeholders and keeps them engaged in the process.

3. *The success of the Self-Study will depend on the ability of the COM to add to its ongoing self-evaluation processes.*

The Self-Study should not be perceived as being separate from a COM's existing and ongoing evaluation processes nor should it be the creation of new processes and data for use only in the Self-Study process. Rather, the Self-Study should build on the assessment processes and outcomes already in place within the organization in order to analyze their effectiveness, add to them, and make changes to them as indicated throughout the Self-Study process. In addition, the Self-Study will incorporate data already existing within the organization in its report to provide evidence of institutional compliance with the standards.

An essential element of the Self-Study is to assess the results or outcomes of the COM's efforts in pursuit of its mission, goals, and objectives. While mission, goals and objective statements indicate the desired outcomes, the COM should address the specific criteria utilized to validate outcomes and establish that they have been achieved.

4. *The Self-Study should be a report that meets the needs of the COCA and the site visit team that will be evaluating the COM for accreditation.*

While the Self-Study has several audiences, the COCA is one of the most important. The Self-Study report provides evidence to the COCA and the visiting team that the COM deserves its accreditation status. The Self-Study assists the team in conducting an efficient visit by providing them with important information about the COM, including its mission, goals, objectives, curriculum, and all business, personnel and student processes. The Self-Study will tell the story of the COM to the COCA and the visiting team by presenting evidence of how the COM meets the accreditation standards.

5. *The content of the Self-Study should include information regarding:*

- historical overview of the COM;
- organization of the self-study process;
- mission, goals and objectives of the COM;
- organization of the COM;
- facilities;

- administration;
- faculty;
- students;
- academic resources;
- curriculum, preclinical and clinical;
- assessments utilized by the COM, outcomes, and implications for change;
- recent accomplishments and current concerns;
- achievement of its graduates in relation to the mission of the COM; and
- research

In addition, the COM must include evidence that it is in compliance with its responsibilities under Title IV of the Higher Education Act of 1965 as most recently amended. Separate financial reports, including the audited financial statements, or the appropriate financial reports for state institutions, for at least the last three years, should be included in the Self-Study or, at least, be available to the visiting team on site. The Self-Study should also include information concerning the COM's plans, if any, for proposed changes in curriculum, faculty, staff, students, financial support services, and physical plant development.

Getting Ready for the Self-Study: Planning, Choosing a Model, Establishing Timelines

1. *COM administration should provide direction to the Self-Study committee prior to turning the task of the Self-Study over to them. COM leadership should focus on:*
   - Creating the organizational goals or outcomes for the process. If they believe that there are particular priorities or issues within the organization that need to be addressed, they should be made clear to the committee.
   - Clarifying the values and culture of the organization that the self-study should respect.
   - Suggesting the ongoing evaluation processes that are being utilized by the COM that the Self-Study committee can build on for their report.
   - Understand what is required for compliance with the U.S. Department of Education as well as compliance with the COCA standards and procedures as published in *Accreditation of Colleges of Osteopathic Medicine: COM Accreditation Standards and Procedures*, as most currently revised.
   - Determine the size of the committee based on tasks necessary to complete the Self-Study and consider organization based on smaller work-groups charged with gathering specific information and completing specific tasks.
   - Issuing an appointment letter from the COM **Chief Academic Officer** or **Chief Executive Officer** to committee members stating effective dates of their appointment, describing specific responsibilities and expectations, and other information that may be relevant to the committee's mission in the development of the Self-Study.

2. *Common models that can be used for the Self-Study*:
   - The most common Self-Study model is built from the organization of the standards. This Self-Study model would track the process standard by standard through each of the eight standard domains. A working group could be assigned for each standard domain to prepare and complete the Self-Study.
   - The Self-Study can also be developed in narrative form, addressing themes identified by the COCA or areas within the organization that the institution wishes to emphasize, improvements in institutional structures and processes, and strategic planning processes.

In this model, standards could be grouped together in a way that made sense to the COM, i.e. one working group could be assigned to all assessment processes at the COM.

- The Self-Study may also be developed from selected topics that the institution wishes to address and present to the visiting team and the COCA. Compliance with standards not related to the selected topics would be addressed by providing documentation for the team and the COCA to review.

If a Self-Study model is chosen that is not based on the organization of the COCA accreditation standards, the COM should provide a crosswalk of the Self-Study's organization with that of the COCA accreditation standards for evaluators and reviewers to utilize.

3. *Timelines for completing the tasks involved in producing the Self-Study should be determined by the COM early in the process.*

   These timelines should be realistic and allow opportunity for input by all constituencies, but also consider the deadline for submitting the Self-Study to the COCA. In addition, enough time should be allowed for editing and review by faculty, students and staff for completeness, accuracy, and determining whether the Self-Study has met the goals that were set.

4. *Finalizing the Self-Study.*

   Plan to share the outcomes from the self-study process with all constituencies in the COM community. Doing so will help to prepare faculty, students and staff for the upcoming site visit and enable all concerned to answer questions that may be directed to them by the team in a knowledgeable way as well as receive valuable feedback from constituencies before the Self- Study is published and sent to the COCA.

CHAPTER IV: ON-SITE VISIT PROCEDURES

On-Site Visit Process

On-site visits will be scheduled during the normal periods that the COM is in session. Official holidays, examination periods and days immediately adjacent to them should be avoided. The **Chief Executive Officer** or **Chief Academic Officer**, as appropriate, will be consulted in establishing mutually suitable dates.

If the COCA directs an on-site visit and the COM refuses to permit an on-site visit, and the COM is not on probation, the COCA will reduce that COM's status to Accreditation with Probation. However, if the COM is on probation, the COCA will withdraw accreditation status for reasons of non-compliance with the policies and procedures for accreditation.

For Provisional or Comprehensive on-site visits, the COM's Self-Study is required at least sixty (60) days in advance of the on-site visit date.

Members of the site visit team will be appointed by the COCA from an approved list of evaluators qualified to review the particular standards to be addressed at the on-site visit. The COCA will only use competent and knowledgeable persons, qualified by experience and training, and selected in accordance with conflict of interest and non-discriminatory practices developed and articulated in writing by the COCA.

Provisional and Comprehensive Accreditation On-Site Visits

Provisional and Comprehensive accreditation on-site visits to COMs are scheduled by the COCA to examine compliance with all areas of the accreditation standards. Three (3) days on site are usually required for completion of these on-site visits.

Interim Progress Reviews

An Interim Progress Review ordinarily will require one (1) or two (2) days and will focus on the particular areas about which questions have been raised by the COCA at a previous on-site visit, rather than on the entire COM as in the case of a Provisional or Comprehensive on-site visit.

Focused Visitations

A Focused Visitation will ordinarily require one (1) or two (2) days and will focus on particular area(s) identified by the COCA.

The COCA may require a COM to undergo an on-site evaluation when, in the judgment of the COCA, such an evaluation is warranted.

Composition and Selection of the On-Site Visit Team

For Provisional and Comprehensive on-site visits the team will be comprised of five (5) or six (6) members, one (1) **evaluator trainee** (when appropriate), and one (1) AOA staff member to address all of the accreditation standards. At least one of the team members will be an educator and one will be an osteopathic practitioner.

An Interim Progress Review team will be composed of a sufficient number of evaluators but no more than six (6) evaluators and one (1) AOA staff member to adequately review the findings from the previous on-site visit.

A Focused Visitation team will also be composed of no more than two (2) evaluators and one (1) AOA staff member when conducted to adequately address problems noted in a Provisional or Comprehensive on-site visit, or Interim Progress Review, or other issues identified by the COCA. The Focused Visitation team to review a request for substantive change will be composed of evaluators and one (1) AOA staff member as appropriate for the substantive change. (See Chapter VI)

The COCA will appoint the personnel for site visits. The COCA chair, or his/her designee, selects personnel from the *Evaluators Registry* who have the experience, training, and represent certain areas of expertise to serve on an on-site visit. For each type of on-site visit, each team may have at least one (1) member who is a member of the COCA. Depending on the standards to be addressed, the on-site visit team will be composed of individuals with the following areas of expertise:

- Team Chair
- Administration/Finance
- Student Services
- Preclinical Education
- Clinical Education
- **Evaluator trainee** (when appropriate)

The COCA will seek and receive the concurrence of the COM's **Chief Executive Officer** or **Chief Academic Officer** as to the composition of the team. The names and a brief background about the proposed team members will be provided to the COM's **Chief Executive Officer** or **Chief Academic Officer** to determine whether there are any conflicts of interest perceived with any of the proposed members. If the COM finds a real or potential conflict of interest with respect to a proposed team member, the COM must indicate to AOA staff the nature of the conflict of interest. AOA staff will inform the COCA chair, or his/her designee who will take action when deemed necessary.

Observers

Observers may, upon formal request and approval by the COCA chair accompany, on-site visit teams. Each observer must not be in violation of the conflict of interest standards as adopted by the COCA. **Observers** from the USDE, and the Council for Higher Education Accreditation, and those who represent Federal or State agencies or organizations, which may have a legitimate accreditation responsibility, may also accompany on-site visit teams. Costs incurred by this observer will be paid by the observer's organization.

Observers on an on-site visit of a COM will abide by the following procedures:

1. The **observer's** function is generally limited to gathering first-hand information regarding the on-site visit procedures of the COCA.
2. The **observer** is not a consultant to either the on-site visit team or COM, and should be careful not to be drawn into the team as an active member.
3. Approved **observers** may attend all phases of the on-site visit, including the entrance and exit conference, subject to the approval by the **Chief Executive Officer** or **Chief Academic Officer** of the COM and the chair of the COCA on-site visit team.

Observers must agree to honor the confidentiality of the standards adopted in this document.

4. If, at the completion of the on-site visit, the team asks the **observer** for comments on the team's performance, it is appropriate for him/her to inform the team of the major points that will be reported to that **observer's** agency or institution.

5. Each **observer's** agency or organization should provide, in advance, their official set of criteria to be used to evaluate the site visit team performance.

6. In assessing the competence of an on-site visit team, the **observer** should note not only the members' academic competence, but also their understanding of the purposes and procedures of accreditation.

On-Site Visit Agenda

The on-site visit agenda is the scheduled interviews of each team member that will be conducted during the on-site visit. The agenda is a fluid document subject to revisions before and during the on-site visit to accommodate changing circumstances, including unplanned interviews. AOA staff, prepares a draft agenda based on the COM's self-study report. If the on-site visit is an Interim Progress Review or Focused Visitation, the agenda is based upon the issues identified by the COCA, or as required by a substantive change request. After the draft agenda is created, the agenda is presented to the COM for approval. Refer to the *Evaluator Manual* for more information about the on-site visit agenda.

Although the agenda differs based on the demands of the on-site visit, each of the following elements are included:

1. Day 1 of the site visit generally begins with a team planning and document review session. Some of the topics discussed at this meeting include the agenda, review of protocol for team members, identification of areas that need clarification with the **Chief Executive Officer** or **Chief Academic Officer**, and discussion of the materials provided as they relate to the accreditation standards.

2. Also on day 1 of the site visit, an entrance interview with the chief academic officer and others who may be so designated will be conducted to discuss the following topics: the chief academic officer's perceptions of the strengths, challenges, and areas of concern of the program; the team's perceptions of areas which will require exploration and clarification during the on-site visit; discussion of the relationship of the COM to the parent institution, when appropriate; and other subjects selected by the chief academic officer and the Team Chair. The entrance interview will orient the team to particular areas of concern and the chief academic officer to the methods and procedures of the team.

3. A campus tour of the COM including teaching facilities and external clinical sites, as identified.

4. Interviews with the following individuals as determined by the standards to be reviewed: the **Chief Executive Officer** or appointed representative if the COM is part of a university; the **Chief Academic Officer**; chief financial officer; admissions officer; student affairs officer; financial aid officer; department chairs; students; faculty; librarian; and selected standing committees.

5. An open meeting with students (no faculty or administrators present) will be scheduled to provide the team with input on student perceptions regarding the effectiveness of the COM.

6. An open meeting with faculty (no administrators present) to allow the faculty to participate in discussions with the team.
7. Meetings with individual faculty, students and administrators will be conducted at the discretion of the Team Chair or appropriate team member.
8. A team meeting will be held at the end of each full day of the on-site visit to go over any findings the team may have noted, and to begin the report writing process.
9. A final team meeting will take place at the end of the last day of the on-site visit. This meeting will provide an opportunity for the team to further discuss their findings and to review their written report.

At the conclusion of the on-site visit, an Executive Session between the Team Chair and the **Chief Executive Officer** and/or **Chief Academic Officer** will be conducted. The team will give an oral report that will provide the COM with an accurate preview of the final report. During the Executive Session, the COM will be allowed to present additional information to correct any errors the team may have reported. Following the Executive Session, an Exit Conference between the team and representatives of the COM designated by the **Chief Executive Officer** or **Chief Academic Officer** will be conducted. This meeting provides an opportunity for the team to present a brief overview of their findings to the COM's senior administrators and invited guests. At the discretion of the Team Chair and COM President or Dean, the Executive Session and Exit Conference may be combined.

Report Structure

All Provisional and/or Comprehensive site visit reports will consist of the components as described below. Reports of Interim Progress Reviews and Focused Visitations will contain only those components as appropriate.

1. **Site Visit Cover**: The cover page will denote the type of on-site visit, the COM being evaluated, the date of the on-site visit, and includes the following statement: This report has been reviewed by all members of the on-site visit team, and by the COM.

2. **Summary of Due Dates for Continuing and New Requirements**: The summary page is designed to provide an overview of the standard sections that the on-site visit team found to be out of compliance and need further review. Each **Requirement** must be submitted to the COCA in the form of a Progress Report by the due date cited.

3. **Purpose of the On-Site Visit**: The purpose of the on-site visit includes a brief narrative of the reason for the on-site visit; the name and location of the COM; and the date of the on-site visit. This narrative will also include whether any previous **Requirements** were reviewed. This narrative is written in paragraph form by the team secretary.

4. **History of Accreditation:** This section will be prepared by AOA staff. It will contain, among other information, a chronological history of the COM's accreditation activities and resulting COCA actions; a brief description of the geographical location of the institution; its public or private status; its relationship with the parent institution, if appropriate; and regional accreditation status, if applicable.

5. **Review of Compliance with the Standards**: Each standard section begins with an Introduction. Each assigned team member will provide a brief, but concise overview

of the COM's standards compliance related to the standards in that particular section.

In addition, each evaluator will write a comprehensive **current finding** on all standards in their assigned domain that are the subject of the site visit review. All **Requirements** must specify the standard or procedure that is being cited and refer to accreditation standards as described in Chapter I.

The visiting team may include **Recommendations** in the team report as a mechanism to provide consultative advice to a COM. Because **Recommendations** are consultative in nature, no further response will be required from the COM. **Recommendations** from previous site visit reports are reviewed by the COCA and subsequent visiting teams for informational purposes only. All **Recommendations** must specify the standard or procedure that is being addressed and refer to accreditation standards as described in Chapter I.

The visiting team may also write **Commendations**. All **Commendations** must specify the standard that is being exceeded and provide the rationale for the finding. **Commendations** can only refer to standards of accreditation as described in Chapter I.

6. **Summary of Requirements**: This summary will contain all **Requirements** written by the visiting team in the order cited.
7. **Summary of Recommendations:** This summary will contain all **Recommendations** made by the visiting team.
8. **Summary of Commendations**: This summary will contain all **Commendations** made by the team in the order cited.
9. **On-Site Visit Team Roster**: The on-site visit team roster lists (on a separate page) each team member's name, title, area of expertise, and team assignment.
10. **Individuals Interviewed and Documents Reviewed**: This section consists of a list of the individuals interviewed (by position only) and materials reviewed by the team and are included as Appendix A. Any clinical sites visited or teleconferences conducted by the team will also be included.
11. **Background Information**: This information includes historical accreditation information and on-site visits. This will be prepared by AOA staff and included as Appendix B.

Financing the Accreditation Process

The accreditation process is funded through annual accreditation fees paid by the COMs. The same accreditation fees will also be charged for **Branch Campuses** and **Additional Locations**.

The AOA will be reimbursed by a COM for the direct costs of an on-site visit. The AOA will bill the COM for these expenses after the conclusion of the on-site visit.

CHAPTER V: ACCREDITATION PROCEDURES

Due Process

All COMs have the right to appear before the COCA to offer testimony on all accreditation actions, including:

1. Applications for Pre-accreditation and its continuation;
2. Applications for Provisional accreditation and its continuation;
3. Applications for Accreditation and its continuation;
4. Review of on-site evaluation reports;
5. Review of Progress Reports;
6. Review of requests for Substantive Change;
7. Changes in accreditation status;
8. Reconsideration; and
9. Appeals

The COCA provides for review of its accreditation actions by first allowing COMs to seek reconsideration before the COCA, and second, if necessary following reconsideration and if requested by the COM, a separate hearing before the COCA Appeals Committee (see descriptions that follow).

All COMs have the right to representation by legal counsel in all appearances before the COCA and its Appeal Panel, including reconsiderations and appeals.

Review of the Accreditation Site Visit Report

A copy of the draft report, including the final **Requirements** and **Recommendations**, will be sent to each team member for review, correction, and/or editing. The on-site visit report will then be transmitted to the COM's **Chief Executive Officer** or **Chief Academic Officer,** as appropriate, for review and correction of errors of fact.

After receipt of the draft report, the COM may request correction of errors of fact. The COM will have up to thirty (30) calendar days from the date of transmission in which to submit written response to the visiting team report, unless the COM requests that this period be waived by the COCA. The visiting team's report will reflect consideration of the COM's comments, as appropriate, and will be forwarded to the COCA. If no comments were received, that fact will also be noted when the report is presented.

The report of each visiting team will be reviewed and evaluated by the COCA. At least one member of the team, preferably the team chair, must be in attendance, either in person or via teleconference.

*If the COM has concerns that the errors in the actions, findings or **Recommendations** of the visiting team have not been resolved, the COM may submit to the COCA additional written information relevant to the questions of accuracy of the report. Because it is intended that the report reflect the findings of the team at the time of the visit, the COCA will retain the right to have such additional written information reviewed by the team chair or other members of the visiting team. It is expected that the COM is to be ready for the visit at the time the visit is conducted.*

The COCA will review the COM Self-Study, as appropriate to the type of on-site visit, the draft report of the visiting team, and any written submissions provided by the COM to address questions of accuracy of the report. The COCA may accept or modify the **Recommendations** made by the visiting team and will specify the reasons for any modifications. The COCA will make the final accreditation decision.

All letters reporting the official actions of the COCA will contain the complete action taken by the COCA, including its findings of deficiencies in meeting the standards for accreditation, and the rationale for changes in accreditation status.

All **Requirement**s issued by the COCA are expected to be addressed by the COM with Progress Reports of corrective action taken to be reviewed at subsequent meetings of the COCA. All Progress Reports will be filed at times as specified in the final site visit report. This date will usually be the first business day of the month preceding COCA meetings (e.g. March 1, July 1 and November 1).

The COCA will notify a COM in writing of any adverse accrediting decision or other action to place the COM on probation or **show cause** for non-compliance with a standard or **show cause** for withdrawal of an accreditation status. The written notice will describe the basis for the action.

Accreditation Decisions

Pre-accreditation Status

Upon receipt of the application for Pre-accreditation status from COMs with applicant status, the COCA will either:

- Approve the request if the requirements for Pre-accreditation status are clearly being exceeded or met; or
- Defer the request if the COCA finds that there are a limited number of requirements for Pre-accreditation that are not met, and the COCA believes that the applicant may be expected to meet the requirements for Pre-accreditation status at the next meeting of the COCA; or
- Deny the request if the COM fails to meet the requirements for Pre-accreditation status or fails to make proper application. The COCA will clearly specify which requirements were not attained. Denial of Pre-accreditation is an **adverse action**.

Provisional Accreditation Status

Upon the application for Provisional accreditation status from COMs with Pre-accreditation status, the COCA will either:

- Approve the request if the accreditation standards are clearly being met or exceeded; or
- Defer the request until the next meeting or other date if the COCA finds that there are a limited number of requirements for Provisional accreditation that are not met, and the COCA believes that the applicant may be expected to meet the requirements for Provisional accreditation status at the next meeting of the COCA; or

- Deny the request, cite the accreditation standards that have not been met by the COM, and continue Pre-accreditation if the COM fails to meet the standards for Provisional accreditation, but has not exceeded the five-year term of the Pre-accreditation status. Denial of Provisional accreditation is an **adverse action**; or

- Deny the request, cite the accreditation standards that have not been met by the COM, and withdraw recognition if the COM fails to meet the accreditation standards, and has exceeded the five-year term of the Pre-accreditation status. Denial of Provisional accreditation is an **adverse action**.

Upon review for renewal of Provisional accreditation status, the COCA will either:

- Approve the request for a renewal period of one (1) year if the accreditation standards are clearly being exceeded or met; or

- Deny the request and deny Provisional accreditation status citing the accreditation standards that have not been met by the COM. Such termination will be published within thirty (30) days of final action. Denial of Provisional accreditation is an **adverse action**.

Upon the initial review for accreditation status prior to the anticipated graduating date of that COM's first class, the COCA will either:

- Award Accreditation if the accreditation standards are clearly being exceeded or met. The date of accreditation will be established as the graduating date for the COM's first class; or

- Terminate Provisional accreditation if the accreditation standards are not being met. Such termination will be published within thirty (30) days of final action.

Accreditation Status

Accreditation is granted when the COM clearly meets the accreditation standards or the COM has a sound overall program, but certain limited number of accreditation standards is not being met. The COCA will specify the standard(s) not being met and clearly note deficiencies. The COM must provide documentation of compliance with the standards within twenty-four (24) months or less as determined by the COCA. The COCA will specify procedures for monitoring compliance, which may include an on-site visit within two (2) years.

All COMs, regardless of accreditation status, must satisfy a **Requirement** within twenty-four (24) months of the initial issuance, except for good cause. If a COM should have its accreditation status reduced, e.g. from Accreditation to Accreditation with Probation, any existent **Requirements** must still be satisfied within the initial period of issuance. This fixed period will not lengthen solely by virtue of a reduction in accreditation status.

The COCA may elect to extend the twenty-four (24) month period for the following good causes:

- Change in **Chief Executive Officer**;
- Change in **Chief Academic Officer**;
- Demonstration of progress on a plan whose fulfillment would require an extension in time; or
- Other substantive financial or administrative changes which affect the operation of the COM

This period of extension is to be determined by the COCA, but must not exceed twelve (12) months in total duration. Failure to meet the **Requirements** as stated by the COCA during the twenty-four (24) month period, including any extension for good cause, will result in denial of accreditation.

Accreditation with Warning

"Accreditation with Warning" or "Provisional Accreditation with Warning" is granted when the COM is found to exhibit weaknesses that threaten the quality of the total program. The COCA will specify the accreditation standard(s) not being met, clearly note deficiencies, and specify the procedures for monitoring compliance. Accreditation with warning status is private between the COCA and the COM. The COCA and the COM will continue to publicly describe the COM's status as "Accreditation" or "Provisional accreditation." The COCA may require the use of a consultant, submission of written reports and/or documents, and other actions or activities as determined by the COCA.

COMs must provide documentation of standards compliance within one year or less as determined by the COCA and will undergo an on-site visit within one year of the COCA's decision of Accreditation with Warning.

The COCA may elect to extend this period for the following good causes:

- Change in **Chief Executive Officer**;
- Change in **Chief Academic Officer**;
- Demonstration of progress on a plan whose fulfillment would require an extension in time; or
- Other substantive financial or administrative changes, which affect the operation of the COM.

This period of extension is to be determined by the COCA, but must not exceed twelve (12) months in total duration. Failure to meet the **Requirements** as stated by the COCA during the twelve (12) month period, including any extension for good cause, will result in denial of accreditation.

At any time during the period a COM has accreditation with warning status, the COCA may require that COM to **show cause** why accreditation should not be denied. The COCA will state, in writing, its reasons for taking this action. The COM will have thirty (30) days in which to respond. The COCA will take action upon the COM's response within thirty (30) days after its receipt.

Accreditation with Probation

"Accreditation with Probation" or "Provisional Accreditation with Probation" is granted when the COM is found to exhibit serious weaknesses in meeting the accreditation standards such that the quality of the total program is in jeopardy. The COCA will specify the accreditation standard(s) not being met, clearly note deficiencies, and specify the procedures for monitoring compliance. Accreditation with probation status is public and notice will be provided to all interested parties. The COCA and COM will publicly describe the COM's status as "accreditation with probation." The COCA will establish a timetable for remediation. The COCA may require the use of a consultant, submission of written reports and/or documents, and other actions or activities as determined by the COCA.

The COCA may elect to extend this period for the following good causes:

- Change in **Chief Executive Officer**;
- Change in **Chief Academic Officer**;
- Demonstration of progress on a plan whose fulfillment would require an extension in time; or
- Other substantive financial or administrative changes, which affect the operation of the COM.

The COCA will determine the extension period, but the extension must not exceed six (6) months in total duration. Failure to comply with outstanding **Requirements** during the six (6) month period, including any extension for good cause, will result in denial of accreditation.

At any time during the period a COM has accreditation with probation status, the COCA may require that COM to **show cause** why accreditation should not be denied. The COCA will state, in writing, its reasons for taking this action. The COM will have thirty (30) days in which to respond. The COCA will take action upon the COM's response within thirty (30) days after its receipt.

Denial of Accreditation

Denial of accreditation may occur at any time that the COM is found to exhibit such weaknesses in meeting the accreditation standards that the quality of the total program is unacceptable. Denial of accreditation will usually be preceded either by accreditation with warning or accreditation with probation. Prior to denial of accreditation, the COCA will require that COM to **show cause** why accreditation should not be withdrawn. The COCA will state, in writing, its reasons for taking this action. The reasons will include citation of all areas of non-compliance with the standards or procedures for accreditation. The COM will have thirty (30) days in which to respond. The COCA will take action upon the COM's response within thirty (30) days after its receipt. Denial of accreditation is an **adverse action**.

Withdrawal from Accreditation

At any time, an accredited COM, or new COM, retains the right to withdraw from the accreditation process. Such requests may be made only in writing by the **Chief Executive Officer** of the COM. **Withdrawal** is an action initiated and taken by the COM. The COCA will notify the USDE of a **withdrawal** from the accreditation process within thirty (30) days of the receipt of the withdrawal.

Notification of Accreditation Decisions

The COM will receive a decision letter from the COCA within 30 days of the meeting. Letters and accompanying documents will be sent to the COM **Chief Academic Officer**. Concurrently, a copy of the letter and accompanying documents will be sent to the Chancellor, Provost, President, or **Chief Executive Officer**, as appropriate.

Appeal Process

Reconsideration of a Decision

A COM has the opportunity to make a request for reconsideration of a COCA Accreditation decision not more than thirty (30) days following the receipt of the COCA decision. A request for reconsideration may be filed by the COM's **Chief Executive Officer**, **Chief Academic Officer**, or other appropriate authority. These requests must be filed, in writing; be accompanied by documentation, data, and other information; and will be limited to:

- Alleged bias, injustice or factual error of sufficient magnitude to warrant a reconsideration of the decision; or
- Departure from the standards of accreditation or established policies and procedures as defined in the document *Accreditation of Colleges of Osteopathic Medicine*.

The COCA will also provide for reconsideration of a decision for purposes of reviewing new financial information if all of the following conditions are met:

- The financial information was unavailable to the COM until after the accreditation action subject to reconsideration and appeal was made;
- The financial information is significant and bears materially on the financial deficiencies identified by the COCA, i.e. the information is of such a nature that if found to be credible it could result in the finding that a deficiency based upon financial resources is now met;
- The only remaining deficiency cited by the agency in support of a final **adverse action** decision is the institution's or program's failure to meet an agency standard pertaining to finances

Such a review of new financial information may only be sought once – through reconsideration and subsequently through appeal - and that the decision made by the COCA is not subject to further appeal.

<u>COCA Reconsideration Hearing</u>

The reconsideration hearing before the COCA will occur at a regularly scheduled meeting of the COCA as an announced agenda item. The COM will receive prior notice as to the date / time/ place of the COCA meeting at least thirty (30) days in advance of the meeting. The COM will have an opportunity to present written and oral testimony at the meeting. The reconsideration hearing will be conducted as described for the appeal hearing before the COCA Appeal Panel.

<u>COCA Reconsideration Decision</u>

The decisions to be made by the COCA following a reconsideration hearing are as follows:

- Affirm the original action of the COCA,
- Amend the original action of the COCA, or

- Reverse the original action of the COCA, based upon finding the presence of bias, injustice, error or departure from the standards and procedures, or
- In the case of a review of new financial findings, determine that the requirements pertaining to financial standards are either met, or not met.

Requests for reconsideration of a COCA decision should be addressed to the Secretary, COCA; American Osteopathic Association; 142 E. Ontario St.; Chicago, IL 60611 or via email to predoc@osteopathic.org. The COCA Secretary will notify the COM of the date of the next regularly scheduled COCA meeting. The COM will be given an opportunity to appear at this meeting and to make a statement or presentation regarding the COCA decision.

Appeal of a COCA Decision

Following the reconsideration of an accreditation action before the COCA, the **Chief Executive Officer** or **Chief Academic Officer** of a COM may appeal a COCA decision within sixty (60) days of receipt of the notice of the final disposition of the request for reconsideration. The COM's current accreditation status, if applicable, will be maintained throughout the appeal process.

The basis of an appeal will be limited to:

- Alleged bias, injustice or error of sufficient magnitude to warrant a change in the COCA's action; or
- Departure from the standards of accreditation or established policies and procedures as defined in the document *Accreditation of Colleges of Osteopathic Medicine*.

The COCA will also provide for the appeal of a decision for purposes of reviewing new financial information if all of the following conditions are met:

- The financial information was unavailable to the COM until after the accreditation action subject to reconsideration and appeal was made;
- The financial information is significant and bears materially on the financial deficiencies identified by the COCA, i.e. the information is of such a nature that if found to be credible it could result in the finding that a deficiency based upon financial resources is now met;
- The only remaining deficiency cited by the agency in support of a final **adverse action** decision is the institution's or program's failure to meet a COCA standard pertaining to finances

Such a review of new financial information may only be sought once, and that the decision made by the COCA (at reconsideration) or at the Appeal Panel is not subject to further appeal.

Requests for appeal must be in writing and should be addressed to the Secretary, COCA; American Osteopathic Association; 142 E. Ontario St.; Chicago, IL 60611 or via email to predoc@osteopathic.org. The notice of an appeal must specifically state the basis for the appeal and will be accompanied by supporting documents, data and other information.

The Secretary of the COCA will notify the COM Appeal Panel, upon the receipt of an appeal.

COM Appeal Panel Composition

The COM Appeal Panel consists of five (5) members, including one (1) public member. These members will be selected from a list of former COCA members who were not COCA members when the COCA made the adverse decision under appeal. The list of former COCA members eligible for participation in the COM Appeal Panel will be reviewed and approved annually by the COCA and will be chosen based upon the following considerations:

- When the COCA is serving as an **institutional accreditor** of the COM, then the panel will include a member with academic background, and a member with administrative background;
- When the COCA is serving as a **programmatic accreditor** of the COM, then the panel will include an educator and a practitioner.

A quorum (simple majority) of the panel must be present for a hearing.

If vacancies occur on the COM Appeal Panel list, the COCA may fill those vacancies at any time during the year by action of the COCA. When possible, the list of seven members will include two former public members of the COCA and at least one member with previous experience as a **full-time faculty** member and/or in academic administration.

The COCA will approve the list of seven former members annually, including their backgrounds. The COM Appeal Panel is subject to the COCA's Conflict of Interest Policy.

COM Appeal Panel Hearing

Within ninety (90) days after receipt of the appeal, the COM Appeal Panel will convene an appeal hearing. The COM will be notified once the hearing date is established. The COM Appeal Panel considers the COM's allegations and any written documentation submitted in support of the allegation. It will also consider, as necessary, on-site visit report(s), including any **Recommendations** and **Requirements**, and any response from the COM; review material from the COCA; and other materials it considers pertinent to the alleged failure of processes, which are the basis for the appeal.

The COM Appeal Panel will first hear a presentation of the COCA's position, which will be given by the COCA chair or the Chair's designee(s). After this presentation, the appellant COM will present its position. Following these presentations, the COM Appeal Panel will have the opportunity to question both parties. Each party will then be given an opportunity for summation of its position. After the summation, the COM Appeal Panel will deliberate in executive session and reach a decision.

COM Appeal Panel Decisions

The COM Appeal Panel will take final action on the appeal and provide a written decision, including a statement of the reasons for the decision, to the COCA and the COM.

The COM Appeal Panel will take one of the following actions:

- Sustain the original action of the COCA, or
- Amend the original action of the COCA, or
- Reverse the original action of the COCA, or
- Remand the original action of the COCA back to the COCA for reconsideration, with specific issues to be addressed by the COCA based upon finding the presence of bias, injustice, error or departure from the standards and procedures.

The COM Appeal Panel may affirm, amend, reverse or remand matters back to the COCA. A decision to affirm, amend or reverse the **adverse action** is implemented by the COCA upon notification by the Appeal Panel. In a decision to remand the matter to the COCA for further consideration, the COM Appeal Panel must identify specific issues that the COCA must address. In a decision that is implemented by or remanded to the COCA, the COCA must act in a manner consistent with the COM Appeal Panel's decisions or instructions.

If the appeal is considering a COCA decision of denial of accreditation, and after the exhaustion of all administrative appeals, upon formal disposition to uphold the COCA decision, the COM may seek reinstatement of accreditation by complying with the requirements for Pre-accreditation.

Monitoring Accredited Programs

The Annual Report

Annually, the COCA will request information about COM class size. This information, which will detail all four years of the COM, will be presented for review and acceptance at a COCA meeting.

The joint AOA/**AACOM** Annual Report of a COM will be presented for consideration by the COCA each year. The COCA may also request an Annual Supplemental Report that will be reviewed in conjunction with data from the AOA/**AACOM** Annual Report annually.

The Annual Report will collect key information, including, without limitation, the following:

- Financial -- revenues and expenditures, and an audited financial statement;
- Student Achievement -- attrition, graduation, participation in match programs for graduate medical education;
- Mid-cycle reporting – this will respond to standard 1.1.1 when applicable;
- GME placement of graduates in OGME and GME programs.

The principal purpose of the Annual Report review will be to determine whether there is credible information to cause the COCA to further investigate whether or not a COM remains in compliance with the standards. Such investigation may consist of any one or more of the following:

- a request for additional written information;
- a request to **show cause** as to why a COM is not in violation of a standard(s); and/or
- a request for COM representatives to appear before the COCA;

- a Focused Visitation as directed;
- a reduction in approved class size as directed by the COCA.

The Progress Report

A Progress Report may be requested when Standard(s) are determined to be "not met". The **Requirement** will explain the deficiency and will indicate to whom the COM must respond. The COM needs to provide all the information necessary as stipulated by the **Requirement**. The Progress Report must be submitted by the due date listed in the **Requirement**, and to: Secretary, COCA; American Osteopathic Association; 142 E. Ontario St.; Chicago, IL 60611 or via email to predoc@osteopathic.org.

The COCA will review reports, which are submitted in fulfillment of a Requirement. The COCA will determine one of the following:

- The **Requirements** will be determined to be "met"; or
- The **Requirements** will be determined to be "not met".

The COCA will document its findings in a report that details the review of the COM's Progress Report, including any recommendations for further Progress Reports. The COCA may also determine that an on-site Focused Visitation be conducted *in lieu* of another Progress Report.

Interim Progress Review

An Interim Progress Review is utilized to examine a COM's response to the findings of a previous Provisional or Comprehensive on-site visit, in which deficiencies were noted and **Requirement**s for compliance with the accreditation standards were stated.

Focused Visitation

A Focused Visitation may be required by the COCA on the basis of problems noted in a Provisional, Comprehensive, or Interim Progress Review site visit which have been determined to not have been adequately addressed. A Focused Visitation may also be required when deemed necessary by the COCA.

CHAPTER VI: USDE REQUIREMENTS

Correspondence with the USDE

The COCA is required to provide the USDE with specific information as prescribed in 34 CFR 602.27.

Annual Information

The COCA will make available to the USDE, on an annual basis, a copy of the following:

- A copy of the COCA's annual report to the AOA House of Delegates; and
- An annually updated copy of its directory of COMs having recognition status from the COCA.

Selected Proposed Changes in Standards and Procedures

The COCA will notify the USDE of any proposed changes in its standards and procedures that might alter:

- Its scope of recognition, or
- Its compliance with the criteria for recognition by the Secretary.

Selected Activities by the COCA

The COCA will submit to the USDE the following:

- A summary of the COCA's major accrediting activities during the previous year (an annual data summary), if requested by the Secretary;
- A decision by the COCA to expand its scope of recognition to include **distance education** or correspondence education as provided in section 496(a)(4)(B)(i)(I) of the **HEA**, which will become effective on the date the USDE receives the notification;
- The name of any COM that the COCA accredits that the COCA has reason to believe is failing to meet its Title IV, **HEA** program responsibilities, or is engaged in fraud or abuse, along with the COCA's reasons for concern about the institution or program.
- If the Secretary requests, information that may bear upon a provisionally accredited or accredited COM's compliance with its Title IV or **HEA** program responsibilities, including the eligibility of the institution or program to participate in these programs.

Ordinarily, the COCA will copy the affected COM on any correspondence with the USDE as described in this section. The need for confidentiality of that contact, based upon the circumstances, will be considered on a case-by-case review. Upon request by the USDE, the COCA must consider that contact confidential.

Distance education

The USDE gives accrediting agencies the authority to conduct accreditation of programs offered by **distance education**. The COCA accredits osteopathic medical schools. The COCA encourages all their accredited schools to be innovative and use multiple methods of instruction to deliver their curriculum. The COCA, however, does not accredit stand-alone on-line medical school programs. The COCA believes that the science and art of osteopathic medicine must be gained by direct, in-person interaction with instructors and clinical education supervisors. For this reason, the COCA will **not** accredit programs offered by **distance education** as defined at 34 CFR 602.3.

USDE Notification

Initial and Continuing Accreditation Decisions

The COCA will provide written notification regarding its accreditation decisions to the Secretary of the USDE, the appropriate state licensing or authorizing agency, the appropriate accrediting agencies, and the public within 30 days after the decision to:

- Award initial and continuing Pre-accreditation
- Award initial and continuing Provisional accreditation
- Award initial and continuing Accreditation.

Adverse Decisions

The COCA will provide written notification regarding its accreditation decisions to the Secretary of the USDE, the appropriate state licensing or authorizing agency, the appropriate accrediting agencies, and the public at the same time as provided to the COM, and within 30 days after it makes either of the following decisions:

- Final decision of probation or equivalent status of an institution or program; or
- Final decisions to deny, withdraw, suspend, revoke, or terminate the accreditation or pre-accreditation of an institution or program.

Written notice to the public, including posting to the COCA website, regarding the above decisions must be made within 24 hours of the notice to the institution or program. In addition, a brief statement summarizing the reasons for the agency's decision, describing the evidence that the affected institution or program was given the opportunity to provide comments, and the comments, if any, that the affected institution or program may have made with regard to that decision will be provided to the Secretary of the USDE, the appropriate state licensing or authorizing agency, the appropriate accrediting agencies, and the public, no later than 60 days after the final decisions.

Withdrawal or Lapses of Accreditation

The COCA will notify the Secretary of the USDE, the appropriate state licensing or authorizing agency, the appropriate accrediting agencies, and, upon request, the public within 30 days of receiving notification from the institution or program if it has decided to withdraw voluntarily from Pre-accreditation, Provisional accreditation or Accreditation.

The COCA will notify the Secretary of the USDE, the appropriate state licensing or authorizing agency, the appropriate accrediting agencies, and, upon request, the public within 30 days of the date on which accreditation or pre-accreditation lapses if the institution or program notifies the COCA that it will not request renewal of its pre-accreditation or accreditation status.

Consideration of Other Accreditors' Actions

As a condition of being recognized as an accrediting agency by the U.S. Secretary of Education, the

COCA is expected to not grant initial or renewed pre-accreditation, provisional accreditation, or accreditation to a COM during a period in which the parent educational institution of a COM or the COM itself:

- Is the subject of an interim action by a recognized **institutional accrediting agency** potentially leading to the suspension, revocation, or termination of any recognition status;
- Is the subject of an interim action by a state agency potentially leading to the suspension, revocation, or termination of the institution's legal authority to provide postsecondary education;
- Has been notified of public probation or a threatened loss of accreditation by a recognized **institutional accrediting agency**, and the due process procedures required by the action have not been completed; or
- Has been notified of a threatened suspension, revocation, or termination by the state of the institution's legal authority to provide postsecondary education, and the due process procedures required by the action have not been completed.

The COCA will provide the Secretary of the USDE, within thirty (30) days of action by the COCA, with a thorough explanation, consistent with its accreditation standards, of why it may have elected to grant initial Pre-accreditation, Provisional accreditation, or Accreditation of a COM during a period in which the parent educational institution of a COM:

- Has had its recognition status placed on probation or an equivalent by a recognized **institutional accrediting agency**; or
- Has had its recognition status denied or revoked by a recognized **institutional accrediting agency**; or
- Has had its legal authority to provide postsecondary education suspended, revoked, or terminated.

The COCA will promptly review the Pre-accreditation, Provisional accreditation, or Accreditation status of a COM when a recognized institutional agency takes an **adverse action** with respect to the parent body for a COM, or places that institution on public probation.

The COCA may review the Pre-accreditation, Provisional accreditation, or Accreditation status of a COM when a recognized programmatic accrediting agency takes an **adverse action** for reasons associated with the overall institution, rather than the specific program.

Title IV

The COM and, where applicable, its parent institution will document performance of its students and graduates relative to Title IV default rates based on the most recent data provided by the Secretary of the USDE. The COM and, where applicable, its parent institution must document compliance with all necessary responsibilities under Title IV of the 1965 Higher Education Act as most recently amended, and the resulting regulations issued by the Secretary at 34 CFR Part 602, 34 CFR 667, and 34 CFR 668 and other enabling regulations.

Teach-Out Plans and Agreements

Conditions That Require Approval of a Teach-out Plan

The COCA requires a COM for which it is the institutional accreditor and has granted provisional accreditation or accreditation to submit a **teach-out plan** to the COCA for approval upon the occurrence of any of the following events:

- The Secretary of Education notifies the COCA that the Secretary has initiated an emergency action against an institution, in accordance with section 487(c)(1)(G) of the **HEA**, or an action to limit, suspend or terminate an institution participating in any title IV, **HEA** program, in accordance with section 487(c)(1)(F) of the **HEA**, and that a teach-out plan is required;
- The COCA acts to withdraw, terminate, or suspend the provisional accreditation or accreditation of the COM;
- The COM notifies the COCA that it intends to cease operations entirely or close a location that provides one hundred percent of at least one program;
- A state licensing or authorizing agency notifies the COCA that an institution's license or legal authorization to provide an educational program has been or will be revoked.

Evaluation of a Teach-Out Plan

The COCA will evaluate the **teach-out plan** to ensure that it provides for equitable treatment of students under the criteria listed below for **teach-out agreements**. The plan must specify what additional charges, if any, will need to be paid by the students, and will provide notification to the students of those charges.

If the COCA approves a **teach-out plan** that includes a program that is also accredited by another recognized accrediting agency, then the COCA must notify that accrediting agency of its approval. The COCA may require a COM to which it has granted Provisional accreditation or Accreditation to enter into a **teach-out agreement** as part of its teach-out plan.

Evaluation of Teach-out Agreements

The COCA will only approve teach-out agreements that are between COCA-accredited COMs. A COM may enter into a teach-out agreement with another institution provided that:

1. The agreement is submitted to the COCA, at least one hundred twenty (120) days prior to the beginning of transfer of students under the agreement, for its review and approval;

2. The agreement is consistent with the accreditation standards and procedures;

3. The agreement will provide that students will receive all of the instruction promised by the closed institution but not provided because of the closure;

4. The COCA will review the **teach-out plan** to ensure that it provides for equitable treatment of all students. In assessing whether the plan provides for such equitable treatment, the COCA will consider the following factors:

   - All correspondence to students regarding the closing of the COM will be given to all students at the same time;
   - All students from the closed program will be notified of all potential receiving

COMs;

- In general, such instruction will be provided without additional costs and tuition charges to the student. If the program determines that additional charges are needed, the plan will specify those charges and the basis for them and such additional charges will be directly related to the cost of instruction;
- All students are specifically notified, in writing, of any additional costs and tuition charges for each of the potential receiving COMs; and
- Any additional costs and tuition charges for a receiving COM will be the same for all students who transfer to that COM;

5. The recipient teach-out institution will demonstrate that it has the necessary experience, resources, and support services to provide an educational program that is of acceptable quality and is reasonably similar in its content, structure, and scheduling to that of the institution that is ceasing operations either entirely or at one of its locations;

6. The recipient teach-out institution will demonstrate that, during the period of the teach-out agreement, it will remain stable, carry out its mission, and meet all obligations to its existing students.

7. The closed institution will strive to provide for student placement in geographic proximity to the closed institution;

8. The recipient institution COM (s), in order to take additional students from the closed institution, must request an increase in class size through the substantive change process.

Closed Institutions Without Plan or Agreement

In the event that a COM having any accreditation status from the COCA closes without a teach-out plan or agreement, the COCA will work with the USDE and the appropriate state agency, to the extent feasible, to assist students in finding reasonable opportunities to complete their education without additional charges.

Substantive Change

General Information

The COCA will maintain complete and accurate records of all decisions made regarding requests for substantive changes, including the correspondence that is significantly related to those decisions. The COCA will not grant "pre-approval" of **Additional Locations** or **Branch Campus**es as described in 34 CFR 602. If a COM wishes to implement a Substantive Change, the COM must receive prior approval from the COCA 120 days before the implementation of the Substantive Change.

Substantive Changes that the COCA will review are:

1. Any change in the established mission or objectives or location of the institution;
2. Any change in the legal status or form of control of the institution;
3. Addition of instruction which represents a significant departure, in terms of curriculum content or method of delivery, from the curriculum as offered at the last on-site evaluation of the COM;

4. A change from clock hours to **credit hours** or vice versa;
5. A substantial increase in the number of clock hours awarded for completion of the curriculum;
6. A substantial increase or decrease in the length of the curriculum;
7. Establishment of an **Additional Location** geographically apart from the main campus, including a **Branch Campus**;
8. Contracting with a non-Title IV certified institution for greater than 25% of a program;
9. Acquisition of any other institution or any program or location of another institution;
10. Addition of a permanent location at which a teach-out is being conducted for students of another institution that has ceased operations; and
11. Any anticipated increase in class size.

Mergers between a COM and another entity will be reviewed as a Substantive Change in Governance.

Initial requests for a Substantive Change and the supporting materials should be submitted to: Secretary, COCA; American Osteopathic Association; 142 E. Ontario St.; Chicago, IL 60611 or via email to predoc@osteopathic.org.

Table 6a: Substantive Change Submission Guidelines

Substantive Change	Minimum Notification Timeline/# of days/months[1]	Minimum Materials Submission/# of days[1]	Suggested COCA Review[2]
Mission or Objectives of Institution	60 days	30 days	Two (2) COCA meetings prior to implementation
Change in Location of Institution	60 days	30 days	Two (2) COCA meetings prior to implementation
Change in Legal Status/Ownership	60 days	30 days	Two (2) COCA meetings prior to implementation
Curriculum	60 days	30 days	The August/September or December COCA meeting prior to implementation of new curriculum in the following academic year.
Hour Calculations	60 days	30 days	Two (2) COCA meetings prior to implementation
Curriculum Length	60 days	30 days	Two (2) COCA meetings prior to implementation

1 Prior to the scheduled COCA meeting that COM wants Substantive Change to be reviewed.
2 All Substantive Changes require at least 120 days prior approval from the COCA prior to implementation.

Additional Locations	18 months	90 days	A scheduled COCA meeting approximately 15 months prior to offering instruction at the location/at least 6 months prior to projected date to admit students.
Class Size Increase	60 days	30 days	The August/September or December COCA meeting prior to intended class matriculation in the following academic year.
Contracting with non-Title IV institution to deliver < 25% of COMs education program	18 months	90 days	A scheduled COCA meeting approximately 15 months prior to offering instruction at the location/at least 6 months prior to projected date to admit students.
Branch Campus	18 months	90 days	A scheduled COCA meeting approximately 15 months prior to offering instruction at the branch/at least 6 months prior to projected date to admit students.

Substantive Change Review

The COCA must be notified by the COM, at least sixty (60) days prior to the next regularly scheduled COCA meeting of all substantive change requests, which the COM wishes to have reviewed at the next regularly scheduled meeting. The COM must submit to the COCA all material that supports their substantive change request at least thirty (30) days prior to the next regularly scheduled meeting. Documentation required for the substantive change submission is listed under each substantive change category in the information that follows.

Substantive Changes Requiring Comprehensive Evaluation

The COCA may require that the requests for Substantive Change be evaluated with a comprehensive evaluation, in addition to the evaluation requirements that exist for that type of substantive change, whenever the COM meets one or more of the following conditions:

1. Had its last Comprehensive visit four (4) or more years ago;
2. Has received an accreditation status that included “with warning” or “with probation” within the last (5) years;
3. Had an approved Substantive Change-Class Size Increase within five (5) years;
4. Had an approved Substantive Change-Unplanned Class Size Increase within five (5) years;
5. Had an approved Substantive Change-**Branch Campus** within five (5) years; and
6. Had an approved Substantive Change-**Additional Location** within five (5) years.

The COCA may grant a new 7-year cycle of review of continuing Accreditation to a COM which undergoes a Comprehensive on-site visit for purposes of evaluating a request for Substantive Change.

Change in Educational Mission or Objectives of the Institution

Any COM that changes its established educational mission or objectives must provide documentation that describes:

1. The rationale for the change;
2. The effect this change will have on learning outcome assessments, facilities, faculty, admission policies and procedures, and the curriculum;
3. **Governing body** review and approval; and
4. Announcement of the proposed change to students, faculty, staff, alumni, and the public.

Monitoring

The COCA will require a Progress Report in Year 2 and Year 4 of the change in the educational mission or objectives. That Progress Report must address:

1. The linkage of its learning outcome assessments to its new mission plans and objectives (Standard 1.3);
2. Any changes to facilities as a result of the changes in the educational mission or objectives (Standard 3.1);
3. Any changes to faculty as a result of the changes in the educational mission or objectives (Standard 4.1);
4. Any changes to the admission policies and procedures as a result of the changes in the educational mission or objectives (Standard 5.1); and
5. Any changes to the curriculum as a result of the changes in the educational mission or objectives (Standard 6.1).

Change in the Location of the Institution

COMs that change their location must provide documentation that describes:

1. Appropriate charters, licenses, or approvals required to function if location is moved to a new jurisdiction;
2. The new facilities including a building and/or remodeling plans, project budget, and completion timelines;
3. Budget for move and other related expenses; and
4. **Governing body** discussion and approval.

Monitoring

The COCA will direct an on-site visit as soon as practicable, but within six (6) months for a substantive change involving a location change.

Another on-site visit will be conducted in Year 2 of the move to review:

1. Adequate COM financial resources (Standard 2.3);
2. Adequate COM facilities (Standards 3.1, 3.1.1, 3.2, 3.3); and
3. Adequacy of faculty (Standard 4.1).

Change in Legal Status or Form of Control or Ownership of the Institution

Changes in an institution's legal status or form of control or ownership must provide documentation that describes:

1. **Governing body** decisions and approval;
2. New or amended Articles of Incorporation;

3. New or revised **governing body** bylaws;
4. New or revised organizational chart;
5. Announcement of the proposed changes to students, faculty, staff, alumni, the public.

Monitoring

The COCA will direct an on-site visit as soon as practicable, but within six (6) months. That on-site visit will review the following:

1. **Governing body** bylaws and/or policies and procedures (Standards 2.1, 2.1.2, and 2.1.3)
2. Organization of **governing body** and its relationship to COM administration and academic officers (Standard 2.1.1)

Change in Curriculum

COMs that request **curriculum changes**, which represent a significant departure in terms of curriculum content or method of delivery, from the curriculum offered at the last on-site visit must provide documentation that describes:

1. The curriculum change;
2. Analysis of additional resources—financial, facilities, and faculty—needed for the curriculum change;
3. Curriculum Committee discussion and approval;
4. Faculty governance discussion and approval; and
5. **Governing body** discussion and approval.

Monitoring

The COCA will require a Progress Report for four years, beginning in the year after the first year of the curriculum change. The Progress Report must address:

1. Analysis of changes--positive and/or negative--that resulted from the curriculum change;
2. Analysis of additional resources—financial, facilities, and faculty—needed for this change (Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, 4.1, and 4.1.1);
3. Student achievement data relating to the curriculum change.

Change in Hour Calculations

A COM requesting to change clock hours to **credit hours** or vice versa must provide a detailed description as to why the COM is making the change.

Monitoring

If approved, the COCA will not request further monitoring.

Increase or Decrease in Curriculum Length

A COM requesting to increase or decrease their curriculum must provide the following documentation that describes:

1. How the curriculum will be increased or decreased;
2. Analysis of additional resources—financial, facilities, and faculty—needed for increasing or

decreasing the curriculum length;
3. Curriculum Committee discussion and approval;
4. Faculty governance discussion and approval; and
5. **Governing body** discussion and approval.

Monitoring

The COCA will require a Progress Report for four years of the curriculum change, beginning in the year after the first year of the curriculum increase or decrease. The Progress Report must address:

1. Analysis of changes--positive and/or negative--that resulted from the increase or decrease in curriculum length;
2. Analysis of additional resources—financial, facilities, and faculty—needed for this change (Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, 4.1, and 4.1.1);
3. Student achievement data relating the increase or decrease in curriculum length.

Additional Locations

An **Additional Location** is geographically apart from the main campus, and offers at least 50 percent of an educational program. The **Additional Location** will not have separate administration, faculty, or budgetary independence, all of which are required for a **Branch Campus** or for a new COM. Students may be admitted directly to the **Additional Location** as their primary place of enrollment. Students from the entire program can take classes at the **Additional Location**.

A COM must submit written notification to the COCA of its intention to establish an **Additional Location** at least eighteen (18) months prior to the desired date of offering instruction. The COM must also address the feasibility of establishing the **Additional Location**. This Feasibility Study must be received ninety (90) days in advance of the COCA meeting at which it will be considered and address at least the following items:

1. If the COM, or its parent, has accreditation from a regional agency recognized for that purpose by the U.S. Secretary of Education, then a letter indicating approval of the **Additional Location** from the regional accreditor must accompany the substantive change request.

2. A COM, and/or its parent, must not have accreditation with warning, accreditation with probation, or be subject to a **show cause** determination that could alter accreditation status issued by the COCA or the regional accreditor prior to requesting the substantive change for an **Additional Location**.

3. Assessment of the degree of support that the **Additional Location** has in the community, county and state, and the respective osteopathic professional associations. Written documentation must accompany this assessment. The assessment must include a letter of comment from the state osteopathic association for each state in which the proposed **Additional Location** intends to have clinical training sites.

4. A statement of the curriculum proposed to be offered at the **Additional Location** and the COM's previous experience with that curriculum.

5. Demonstrate and document with written verification that it has the availability of adequate clinical training sites. Documentation must include an assessment of the impact of the

Additional Location's proposed clinical training programs upon any osteopathic training programs already in existence at the clinical sites under discussion.

6. A GME feasibility report (incorporating the retrospective GME Accountability Report outcome metrics of Standard 8.3) that demonstrates the expected placement of the COM's current and prospective graduates in GME positions, including OGME positions. In addition, the COM must demonstrate educational planning and noted progress in generating postdoctoral training opportunities.* An EXCEL® workbook for current and projected Clinical Rotations and GME development will be sent to all COMs requesting approval of an **Additional Location.** COCA staff will send the workbook and information to complete the workbook after the request for **Additional Location** has been received. COCA Staff will also assist the COM in the workbook completion.

   *A COM must demonstrate the feasibility of success for GME placement of its students in order to be approved for the substantive change.

7. The parent must provide for student services for the **Additional Location** as required by Standard Five: Students.
8. Identify the faculty who will provide instruction.
9. Projected revenues, expenditures, and cash flows at the **Additional Location**.
10. Operation, management, and physical resources at the **Additional Location**, including learning resources.

<u>COMs Seeking Additional Locations with Hosting Partners</u>

COMs and hosting partners, who are themselves, academic institutions, hospitals, or healthcare systems, require a Memorandum of Understanding (MOU) or legally binding contract that addresses at least the following elements:

These statements must be included at the time a new COM is submitting a request for substantive change:

1. A statement of how the proposed additional location would fit within the COM's mission.
2. A statement of why the COM wishes to enter into an agreement with the "host" institution.
3. A statement that identifies the authority and status of the "host" institution.
4. A statement of contractual agreement and legal obligation that includes:
   a. Fiscal, fiduciary, and marketing relationship;
   b. The rights retained by the COM;
   c. The duties of the COM to the "host" institution;
   d. The rights retained by the "host" institution;
   e. The branding by the COM alone, and any co-branding with the host institution;
   f. Specification of the services being provided by each entity to the other;
   g. Specification of who is the final authority on the curriculum for the COM and the requirements for granting the D.O. degree;
   h. Specification on who awards the D.O degree;
   i. Specification on who is the final authority on the selection of COM students;
   j. Specification on who is the final authority on selection of COM faculty members;
   k. A statement of the term of the agreement;
   l. A statement on how the agreement may be amended;

m. A statement on how either party may withdraw from the agreement;
n. A statement that explains whether the MOU reflects the complete agreement between the parties of should be interpreted in light of other agreements between the parties;
o. A statement that the COM recognizes it is responsible for meeting the COCA standards;
p. A statement where the COM recognizes it is responsible for handling COCA complaints;
q. Information, as requested by COCA concerning the "host's" finances and accreditation status;
r. Verification that students are aware of financial responsibility and student rights in regards to Title IV;
s. Verification that students are aware that financial aid is no processed through the "host" institution and they are not eligible to participate in Title IV through the "host" institution;
t. A lease agreement must be a minimum of 10 years in length with at least five (5) year notice of termination.
u. A minimum period of three (3) years is required for cancellation of any services affecting students.
v. Upon notice of termination of a lease, a teach-out plan must be submitted to the COCA or the school must be able to immediately demonstrate a new location or lease to be approved by the COCA.

<u>Monitoring</u>

- An on-site Focused Visitation will be conducted six months prior to beginning operations, including admitting students and beginning instruction to review the following selected standards addressing: finances; administrative team; facilities; faculty; student services, curriculum and GME.
  - Standards 2.3, 2.7;
  - Standard Three (all);
  - Standards 4.1, 4.1.1, 4.2, 4.2.1, 4.2.2, 4.2.3, 4.2.4;
  - Standard Five (all);
  - Standard Six (all)
  - Standards 8.1, 8.2 and 8.3

- An on-site Focused Visitation will be conducted within six months of operations to determine that financial, faculty, and facility resources are appropriate for the **Additional Location**. This visit will review the following standards:
  - Standard 2.3;
  - Standard Three (all);
  - Standards 4.1, 4.1.1, 4.2, 4.2.1, 4.2.2, 4.2.3, 4.2.4;
  - Standard Five (all);
  - Standard Six (all);
  - Standards 8.1, 8.2 and 8.3.

- The COCA will include the **Additional Location**(s) in the parent institution's accreditation only after verifying that the COM meets all accreditation standards.

- After the on-site visit within six (6) months of operation, the **Additional Location**(s) will undergo a Focused Visitation in Year 3 to review compliance with standards for clinical education and educational planning (*Clerkship Training in standard domain Six)*. If the next Comprehensive evaluation of the parent would occur prior to Year 3 of operation, then this Year 3 evaluation will occur within that Comprehensive evaluation. Thereafter, on-site evaluations of the **Additional Location** will occur in conjunction with the on-site visit of the parent campus.

Accreditation Status

1. The parent's Accreditation status will be extended to the **Additional Location**(s) only after a site visit and the acceptance of the site visit report by the COCA.
2. The **Additional Location**(s) cannot recruit students or begin operations, including offering instruction, until after the first on-site visit and approval by the COCA.

Class Size Increases (Unplanned and Planned)

All COMs have an approved class size from the COCA. Each **Branch Campus** and **Additional Location** that is recognized by the COCA will also have a separate, approved class size from the COCA. COMs may matriculate up to and including a number of students that is equal to 1.08 times the approved class size.

Each class size increase request, or request for approval of a one-time class size increase, or an unplanned increase must be reviewed by the COCA on a case-by-case basis. Documentation to be submitted by the COM for this review must include, but is not limited to the:

1. Adequacy of faculty and how that was calculated;
2. Sufficient classroom and laboratory space, such as auditoriums, anatomy, and Osteopathic Manipulative Medicine;
3. Sufficient library space;
4. Sufficient number of Year 3 and Year 4 rotation slots;
5. A GME feasibility report (incorporating the retrospective GME Accountability Report outcome metrics of Standard 8.3) that demonstrates the expected placement of the COM's current and prospective graduates in GME positions, including OGME positions. In addition, the COM must demonstrate educational planning and noted progress in generating postdoctoral training opportunities.* An EXCEL® workbook for current and projected Clinical Rotations and GME development will be sent to all COMs requesting approval of an **Class Size Increase.** COCA staff will send the workbook and information to complete the workbook after the request for **Class Size Increase** has been received. COCA Staff will also assist the COM in the workbook completion.

   *A COM must demonstrate the feasibility of success for GME placement of its students in order to be approved for the substantive change.

For the purpose of an accurate accounting of class size, in those instances where a student matriculates in one (1) year but takes a leave of absence or other decelerated program options, the COM will count that student towards the class in which he/she matriculated. Student admissions will be limited to the COCA approved class size with a permitted variance of eight percent (8%) of the approved class size.

Monitoring

Unplanned Class Size Increase -- All COMs with an unplanned class size increase in excess of the permitted variance (8%) will be required to submit Progress Reports annually for Years 1, 2, 3, and 4. At minimum, Focused Visitations will be conducted in Years 1 and 3. The Focused Visitation for Year 1 of operation and Progress Report for Year 2 will address Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, 4.1, 4.1.1, and 4.1.2. The Progress Reports for Years 3 and 4 will address standards for clinical education and educational planning (*Clerkship Training* in standard domain Six) and Standards 8.1, 8.2 and 8.3. The Year 3 Progress Report will be due sixty (60) days prior to the Year 3 Focused Visitation and will only be utilized by the site visit team and not reviewed by the COCA.

Any COM with a matriculation in excess of eight percent (8%) over their approved class size will not be allowed to request a class size increase for three (3) years in order to permit the COCA to follow the academic achievement of this class cohort throughout its remaining years to receipt of the first professional degree.

The COCA will have the right to review the accreditation status of any institution which exceeds its class size using progressive measures as follows:

- A request for additional written information to explain the deficiency;
- A request to **show cause** as to why a COM is not out of compliance;
- A request for COM representation to appear before the COCA;
- A focused visitation as directed;
- Or a reduction in approved class size as directed by the COCA.

Based upon the findings of its review, the COCA may implement appropriate remedial measures affecting the accreditation of the COM, including reduction or withdrawal of the COM's accreditation.

Planned Class Size Increase -- For planned class size increases, Focused Visitations will be conducted in Years 1 and 3 of implementation and Progress Reports will be required for Years 2, 3, and 4. The Focused Visitation for Year 1 of operation and the Progress Report for Year 2 will address Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, 4.1, 4.1.1, and 4.1.2. The Focused Visitation in Year 3 and the Progress Reports for Years 3 and 4 will address standards for clinical education and educational planning (*Clerkship Training* in standard domain Six) and Standards 8.1, 8.2 and 8.3. The Year 3 Progress Report will be due sixty (60) days prior to the Year 3 Focused Visitation and will only be utilized by the site visit team and not reviewed by the COCA.

Contracting with a non-Title IV certified institution to provide greater than 25% of a COM's educational program

A COM that seeks to enter into a contract under which an institution or organization not certified to participate in Title IV, **HEA** programs offers more than 25 percent (25%) of the COM's program must submit written notification to the COCA of its intention to establish such a partnership at least (18) months prior to the desired date of offering instruction at the partner's facilities.

The criteria for evaluation and monitoring are those as established for Substantive Change–Curriculum and Substantive Change–**Additional Location**, depending on the nature of the agreement.

1. If the instruction will occur at the COM, then this will be reviewed as a Substantive Change–Curriculum.
2. If the instruction will occur at a different geographic location from the COM, and represents 25-49% of the program offering, then this will be reviewed as a Substantive Change–Curriculum.
3. If the instruction will occur at a different geographic location from the COM, and represents 50% or more of the program offering, then this will be reviewed as a Substantive Change–**Additional Location**.

Acquisition of any other institution or any program or location of another institution

A COM that seeks to acquire another COM or merge with another COM must submit written notification to the COCA of its intention to establish such an acquisition at least (18) months prior to the desired date of offering instruction at the acquired programs.

The criteria for evaluation and monitoring are those as established for Substantive Change–Governance and Substantive Change–**Additional Location**/Substantive Change–**Branch Campus** depending on the COCA's accreditation role and the nature of the agreement.

1. If two COMs intend to merge and create a new legal entity, then this will be reviewed as a Substantive Change–Governance. Depending on the nature of the new legal entity, the COCA may direct a Comprehensive on-site evaluation of all accreditation standards or some portion thereof in addition to those normally reviewed in a Substantive Change–Governance.
2. If two COMs intend to merge in a manner that one of the COMs remains the surviving entity, and has institutional accreditation from the COCA, then this will be reviewed as a Substantive Change–**Branch Campus** or **Additional Location**, depending on how the surviving COM intends to operate the acquired COM.
3. If two COMs intend to merge in a manner that one of the COMs remains the surviving entity, and has programmatic accreditation from the COCA, then this will be reviewed as a Substantive Change–**Additional Location**.

Addition of a permanent location at which a teach-out is being conducted for students of another institution that has ceased operations

A COM that seeks to add a permanent location at a site at which the institution is conducting a teach-out for students of another COM that has ceased operations before all its students have completed their program of study must submit written notification to the COCA of its intention to establish such an acquisition at least (18) months prior to the desired date of adding the permanent location.

NOTE: the criteria for review of a teach-out agreement *per se*, are found in the section on review of teach-out agreements.

The criteria for evaluation and monitoring are those as established for Substantive Change–Governance and Substantive Change–**Additional Location**/Substantive Change–**Branch Campus** depending on the COCA's accreditation role and the nature of the agreement.

1. If the COM that remains the surviving entity has institutional accreditation from the COCA, then this will be reviewed as a Substantive Change–**Branch Campus** or **Additional Location**, depending on how the surviving COM intends to operate the acquired COM.

2. If the COM that remains the surviving entity has programmatic accreditation from the COCA, then this will be reviewed as a Substantive Change –**Additional Location**.

Branch Campus

Only a free-standing COM having accreditation status from the COCA as its institutional accreditor will have the option of offering instruction at a **Branch Campus** owned or operated by the COM.

A COM must submit written notification to the COCA of its intention to establish a **Branch Campus** at least eighteen (18) months prior to the desired date of offering instruction. The COM must also address the feasibility of establishing the **Branch Campus**. This Feasibility Study must be received ninety (90) days in advance of the COCA meeting at which it will be considered and address at least the following items:

1. The appropriate state agency, a charter, or evidence of support for approval to grant the Doctor of Osteopathy (DO) or Doctor of Osteopathic Medicine (DO) degree;
2. Assessment of the degree of support that the **Branch Campus** has in the community, county and state, and the respective osteopathic professional associations. Written documentation must accompany this assessment. The assessment must include a letter of comment from the state osteopathic association for each state in which the proposed **Branch Campus** intends to have clinical training sites;
3. Demonstrate and document with written verification that it has the availability of adequate clinical training sites. Documentation must include an assessment of the impact of the **Branch Campus**' proposed clinical training programs upon any osteopathic training programs already in existence at the clinical sites under discussion;
4. The curriculum to be offered at the **Branch Campus**;
5. The faculty who will provide instruction;
6. Projected revenues, expenditures, and cash flows at the **Branch Campus**;
7. Physical resources at the **Branch Campus;**
8. Administrative structure of the **Branch Campus**, including the identification of the individual who will be the on-site chief academic officer;
9. Organizational structure between the parent and the **Branch Campus** must be described and documented in an organizational chart; and

10. A GME feasibility report (incorporating the retrospective GME Accountability Report outcome metrics of Standard 8.3) that demonstrates the expected placement of the COM's current and prospective graduates in GME positions, including OGME positions. In addition, the COM must demonstrate educational planning and noted progress in generating postdoctoral training opportunities.* An EXCEL® workbook for current and projected Clinical Rotations and GME development will be sent to all COMs requesting approval of an Branch Campus. COCA staff will send the workbook and information to complete the workbook after the request for Branch Campus has been received. COCA Staff will also assist the COM in the workbook completion.

    *A COM must demonstrate the feasibility of success for GME placement of its students in order to be approved for the substantive change.

<u>COMs Seeking Branch Campuses with Hosting Partners</u>

COMs and hosting partners, who are themselves, academic institutions, hospitals, or healthcare systems, require a Memorandum of Understanding (MOU) or legally binding contract that addresses at least the following elements:

These statements must be included at the time a new COM is submitting a request for substantive change:

1. A statement of how the proposed branch campus would fit within the COM's mission
2. A statement of why the COM wishes to enter into an agreement with the "host" institution.
3. A statement that identifies the authority and status of the "host" institution.
4. A statement of contractual agreement and legal obligation that includes:
    a. Fiscal, fiduciary, and marketing relationship;
    b. The rights retained by the COM;
    c. The duties of the COM to the "host" institution;
    d. The rights retained by the "host" institution;
    e. The branding by the COM alone, and any co-branding with the host institution;
    f. Specification of the services being provided by each entity to the other;
    g. Specification of who is the final authority on the curriculum for the COM and the requirements for granting the D.O. degree;
    h. Specification on who awards the D.O degree;
    i. Specification on who is the final authority on the selection of COM students;
    j. Specification on who is the final authority on selection of COM faculty members;
    k. A statement of the term of the agreement;
    l. A statement on how the agreement may be amended;
    m. A statement on how either party may withdraw from the agreement;
    n. A statement that explains whether the MOU reflects the complete agreement between the parties of should be interpreted in light of other agreements between the parties;
    o. A statement that the COM recognizes it is responsible for meeting the COCA standards;
    p. A statement where the COM recognizes it is responsible for handling COCA complaints;
    q. Information, as requested by COCA concerning the "host's" finances and accreditation status;

r. Verification that students are aware of financial responsibility and student rights in regards to Title IV;
s. Verification that students are aware that financial aid is no processed through the "host" institution and they are not eligible to participate in Title IV through the "host" institution;
t. A lease agreement must be a minimum of 10 years in length with at least five (5) year notice of termination.
u. A minimum period of three (3) years is required for cancellation of any services affecting students.
v. Upon notice of termination of a lease, a teach-out plan must be submitted to the COCA or the school must be able to immediately demonstrate a new location or lease to be approved by the COCA.

Monitoring

The **Branch Campus** offering a program in osteopathic medicine must have that program conform to the same standards for faculty, staff, facilities, student services, curriculum, and research in order to meet the COCA accreditation standards for a COM.

1. The COCA will conduct a Comprehensive on-site visit to a **Branch Campus** at least six (6) months prior to the initiation of instruction and acceptance of students at the **Branch Campus** to ensure compliance with all of the accreditation standards.
2. Comprehensive on-site visits will be conducted in Years 1 and 2 of operation to review all standards.
3. The COCA will include the **Branch Campus**(s) in the parent institution's accreditation only after verifying that the COM meets all accreditation standards.
4. Focused Visitations will be conducted in Years 3 and 4 of operation to review standards addressing clinical education (*Clerkship Training* in standard domain Six) and Standard 8.1, 8.2 and 8.3. Thereafter, on-site evaluations of the **Branch Campus** will be scheduled in conjunction with the on-site visit of the parent campus.

Accreditation Status

The COCA will include a **Branch Campus** in the parent institution's accreditation only after verifying that the COM meets all accreditation standards. After the initial on-site visits to monitor and evaluate the application, a **Branch Campus** will undergo on-site visits scheduled in conjunction with on-site visits of the parent campus.

The **Branch Campus** may recruit, but not accept students or offer instruction, after the first review and approval of its application. Operations at the **Branch Campus**, including enrolling students and offering instruction, may begin after COCA review of the initial site visit report and granting of such approval. See Table Two: Timetable for the **Branch Campus** application.

Table 6b: Substantive Change – Monitoring

Substantive Change	Standards Reviewed for Monitoring
Educational Mission or Objectives of Institution	**Years 2 and 4- Progress Report** addressing Standards 1.3; 3.1, 4.1, 5.1, and 6.1
Change in Location of Institution	**6 months of operation and Year 2-Focused Visitation** addressing Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, and 4.1
Change in Legal Status or Form of Control or Ownership	**Within 6 months of change-Focused Visitation** addressing Standards 2.1, 2.1.1, 2.1.2, and 2.1.3
Change in Curriculum	**Progress Reports for 4 years** beginning the year after the first year of the curriculum change addressing Standards 2.3; 3.1, 3.1.1, 3.2, 3.3, 4.1, and 4.1.1, as well as other criteria noted in the body of Chapter VI
Change in Curriculum Length	**Progress Report for 4 years** beginning the year after the first year of the curriculum change addressing Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, 4.1 and 4.1.1, as well as other criteria noted in the body of Chapter VI
Additional Location	**6 months prior to operation <u>and</u> 6 months after operation has begun-Focused Visitations** addressing Standards 2.3, 2.7 (2.7-**<u>prior</u>** only); Standard Three (all); Standards 4.1, 4.1.1, 4.2, 4.2.1, 4.2.2, 4.2.3, 4.2.4; Standard Five (all); Standard Six (all); and Standards 8.1, 8.2 and 8.3. **Year 3-Focused Visitation** addressing clinical education standards (*Clerkship Training* in standard domain Six) and Standards 8.1, 8.2 and 8.3.
Class Size Increase (Unplanned)	**Year 1-Focused Visitation <u>and</u> Progress Report** addressing Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, 4.1, 4.1.1, and 4.1.2 **Year 2 Progress Report** on same standards. **Years 3-Focused Visitation and Years 3 & 4-Progress Reports** each addressing clinical education standards (*Clerkship Training* in standard domain Six) and Standards 8.1, 8.2 and 8.3.
Class Size Increase (Planned)	**Year 1 Focused Visitation and Year 2 Progress Report** addressing Standards 2.3, 3.1, 3.1.1, 3.2, 3.3, 4.1, 4.1.1, and 4.1.2 **Year 3-Focused Visitation and Years 3 & 4-Progress Reports** addressing clinical education standards (*Clerkship Training* in standard domain Six) and Standards 8.1, 8.2 and 8.3.

This table continues on the following page ——►

Table 6b: Substantive Change – Monitoring (continued)

Substantive Change	Standards Reviewed for Monitoring
Contracting with non-Title IV institution to deliver ≥ 25% of COM's education program	Same as either Change in Curriculum or **Additional Location** depending upon criteria noted in Chapter VI.
Branch Campus	**A comprehensive visit will be conducted 6 months prior to operations** to review all standards. **Years 1& 2-Comprehensive Site Visit** to review all standards **Years 3 & 4-Focused Visitation** addressing clinical education standards (*Clerkship Training* in standard domain Six) and Standards 8.1, 8.2 and 8.3.

Not all Substantive Changes are included in this table. Please find additional information in the body of Chapter VI.

CHAPTER VII: IN THE PUBLIC INTEREST

Public Information about the COCA

The COCA maintains a website – http://www.aoacoca.org – as its principal source of information about its accreditation program. Examples of the types of information that will be found include, but are not limited to, the following:

- the types of recognition granted by the COCA;
- the application procedures that are used for seeking recognition from the COCA;
- the standards and procedures for accreditation – *Accreditation of Colleges of Osteopathic Medicine: COM Accreditation Standards and Procedures*
- the COMs that currently have an accreditation recognition status from the COCA; and
- the names, academic and professional qualifications, and relevant employment and organizational affiliations of the COCA commissioners and principal administrative staff.

Third Party Comments

The COCA will receive, review, and consider any written or oral third-party comment in regard to an initial or continued request for accreditation, pre-accreditation, provisional accreditation, requests for substantive change, or requests to enter into a teach-out agreement. Persons wishing to present third party testimony at any COCA meeting must provide written notice thirty (30) days prior to the meeting to the COCA Secretary if they wish to attend. The COM will be notified of the third party presentation so that they can have an opportunity to comment. Notice of opportunity to comment will be provided with announcements of the COCA meeting on the AOA website, www.aoacoca.org.

Confidentiality of Accreditation Reports

Accreditation reports are confidential between the COCA and the COM involved. Premature and/or unauthorized disclosure of information reflecting visiting team or COCA views concerning the accreditation status of a COM is not permitted.

The administrative officers of each COM are encouraged to make accreditation reports available to faculty members and others directly concerned. Except for the information that is presented in open sessions of the COCA, members of the COCA and visiting team members are not authorized under any circumstances to disclose any information obtained during on-site visits.

With the exception of the reporting required by the Secretary of the USDE, it is the obligation of the COCA to maintain the confidentiality of its relationships with its COMs and not to announce publicly any action with respect to a COM other than its accreditation status, including public probationary status, or its removal from the accredited list.

The COM retains the right to publicize accreditation reports for the institution. If a COM releases part or all of an accreditation report in such a manner as to misrepresent or distort the report of the COCA, the COCA may release either appropriate parts of or the full report to correct the misinformation. The COCA will inform the COM in advance of the release and the substance of the release of any such information.

If the COM elects to publicly disclose its Pre-accreditation, Provisional accreditation, or Accreditation status received from the COCA, it must state the following:

The college has received Pre-accreditation, Provisional accreditation, or Accreditation status from the American Osteopathic Association's Commission on Osteopathic College Accreditation, which is the recognized accrediting agency for the approval of colleges and programs leading to the Doctor of Osteopathic Medicine (DO) degree. The address and phone number of the accrediting agency are: Secretary, COCA; Department of Accreditation; American Osteopathic Association; 142 East Ontario Street; Chicago, IL 60611; Telephone 312/202-8000; Fax 312/202-8209; email predoc@osteopathic.org.

Complaint Review Procedures

Complaint review procedures are established to protect the integrity and the maintenance of accreditation standards and procedures as they relate to approved COMs having recognition from the COCA. Complaint procedures provide a mechanism for concerned individuals or organizations to bring to the attention of the accrediting agency information concerning specific actions and programs, which may be in non-compliance with the COCA's accreditation standards. The COCA recognizes their responsibility to provide complainants the opportunity to utilize the COCA as a vehicle to deal with specific grievances as well as being a mechanism for reviewing and finally resolving complaints against the COCA or the administrative staff.

Complaints may be filed by any individual or group including, but not limited to, the following:

- An osteopathic medical student;
- An individual, organization, or institution affected by the accreditation program academically or professionally; and
- A member of the general public.

Complaint Submission about a COM

The complaint must be in writing and signed by the complainant. All signed complaints must be submitted to the Secretary, COCA; American Osteopathic Association; 142 E. Ontario St.; Chicago, IL 60611 or via email to predoc@osteopathic.org. Complaints that are received that are not signed by the complainant(s) or are submitted anonymously will not be processed.

The complainant will present a concern regarding a violation(s) of an accreditation standard or procedure that must be based upon direct and responsible information. The complainant must provide a narrative of his/her allegation, as it relates to the accreditation standards or procedures, and include any documentation that could support his/her allegation. This information must be accurate and well documented.

The complainant will provide evidence that an effort has been made to resolve the problem through the recommended route through COM administration, and will include information about all other actions initiated to resolve the problems.

Within ten (10) business days of receipt of a signed complaint, copies of the complaint will be sent to the COM's **Chief Executive Officer** or **Chief Academic Officer** for response to the complaint. The COM's **Chief Executive Officer** or **Chief Academic Officer** will have fifteen (15) business days to respond. The COM's response and the complaint will be forwarded to the COCA chair who will either ask the COCA Executive Committee or appoint an *ad hoc* subcommittee to determine whether the complaint merits further investigation. An investigation will be conducted if the complaint has merit. If the COCA Executive Committee or the *ad hoc* subcommittee finds no merit in the complaint, the complainant and the COM will be notified in writing. The complainant and the COM will be notified of the outcome in writing. This process will be concluded within fifteen (15) business days.

Complaint Investigation

If an investigation is warranted, the COCA Secretary, in cooperation with AOA corporate counsel, and the COCA Executive Committee or the *ad hoc* subcommittee will initiate a formal review within thirty (30) days from the decision to initiate an investigation. The *ad hoc* subcommittee will decide what particular method of study and mode of investigation is most appropriate for the complaint that has been received, which may include an on-site visit.

The COCA Executive Committee or the *ad hoc* subcommittee's findings will be forwarded to the COCA. Based upon these findings, the COCA may take either of the following actions:

- Dismiss the complaint and report that the COM is in compliance with the accreditation standards; or
- Notify the COM in question that, on the basis of an investigation, the COCA has determined that the COM is failing to meet the accreditation standards.

If the COM has been found to be out of compliance with the accreditation standards, the COCA may determine one of the following methods of review:

- A report outlining the COM's plans to address the deficiencies outlined by the COCA; and/or
- A Progress Report documenting the COM's planning and its implementation of the plans; or
- An on-site visit may be recommended to determine whether a change in the accreditation status of the COM is warranted.

These procedures should be completed and the COM notified within fifteen (15) days of the COCA decision. Any such accreditation decision or action of the COCA will be subject to the reconsideration and appeal procedures set forth in these procedures.

Investigation and Resolution of a Complaint Against the COCA or Administrative Staff

The complaint must be in writing and signed by the complainant. All signed complaints must be submitted to the Secretary, COCA; American Osteopathic Association; 142 E. Ontario St.; Chicago, IL 60611 or via email to predoc@osteopathic.org.

The COCA Secretary will present the complaint, in conjunction with AOA corporate counsel, to the COCA chair, vice-chair, and, when applicable, to affected staff members. A subcommittee of the COCA will be appointed by the COCA chair to formally review the complaint and develop a response to the complaint. This subcommittee review process and response will be completed and forwarded to the COCA within thirty (30) days of the date the subcommittee is convened.

The COCA will consider the complaint and the response at its next regularly scheduled meeting. The complainant will be invited to appear before the COCA to present respective views in order to attempt an agreed resolution. The final action of the COCA will be communicated to the complainant within fifteen (15) business days of the COCA decision.

Student Complaints

The policies and procedures for student complaints are stated in Standard 5.8 as follows:

The COM, and/or its parent institution, must publish policies and procedures regarding student complaints related to accreditation standards and procedures, and must maintain records of the receipt, adjudication, and resolution of such complaints.

Considerations of Actions from other Accrediting Bodies

The COCA will routinely share information about the pre-accreditation, provisional accreditation, or accreditation status of a COM or any **adverse action** taken against the COM with other appropriate recognized accrediting agencies and state agencies.

CHAPTER VIII: GLOSSARY

AACOM – American Association of Colleges of Osteopathic Medicine

Additional Location – A location that is geographically apart from the main campus at which the institution offers at least 50 percent of an educational program.

Adjunct Faculty – Faculty serving in a temporary or auxiliary capacity with limited duties and benefits.

Adverse Action – Adverse action is the denial of any accreditation status by the COCA. A "denial" action is initiated by the COCA.

Affiliated Clinical Site – Within criteria specified in AOA Standards and Procedures an affiliated clinical site is an accredited healthcare facility or clinic, not owned or operated by a COM, which agrees to provide specific and limited clinical instruction to a COM's students.

Anticipated change in class size – A substantive change. The COM's **governing body** typically will approve a class size increase. After the COM or its parent institution's **governing body** approves an increase in class size, the COM must submit a request for approval from the COCA. This request must follow the procedures outlined under Chapter V: Accreditation Procedures.

AOA - American Osteopathic Association

AOA Board – Board of Trustees of the AOA

COCA – Commission on Osteopathic College Accreditation of the AOA

Branch Campus – COMs that have their institutional accreditation status from the COCA. A Branch Campus is any location of an institution other than the main campus which is permanent in nature, offers courses in educational programs leading to the doctor of osteopathy or doctor of osteopathic medicine degree, has its own faculty and administrative or supervisory organization, has its own budgetary and hiring authority, and may have **affiliated clinical sites**. These will be considered a Branch Campus and must follow the procedures outlined under Chapter VI: USDE Requirements.

CHEA – Council for Higher Education Accreditation

Chief Academic Officer (CAO) -- The COCA has chosen to use the term chief academic officer instead of Dean (a/k/a full dean) when referring to the COM specifically. This definition does not preclude this individual from serving in a higher, more institution – wide capacity where a COM is organized within a parent institution.

Chief Executive Officer (CEO) – The COCA has chosen to use the term chief executive officer instead of President or Chancellor.

Chief Financial Officer (CFO) – The COCA has chosen to use this term, CFO, broadly to identify both: (a) the CFO of a free-standing, single degree program for which the COCA is an institutional accreditor; and for (b) the highest ranking financial person of a COM that is located within a larger institution and for which the COCA is a programmatic accreditor only.

COM – College (or school) of osteopathic medicine offering instruction leading to the Doctor of Osteopathy or Doctor of Osteopathic Medicine (D.O.) degree

COM Community – Includes those individuals affiliated with the COM, including students and faculty, and the public.

Commendation – A written comment in an on-site visit report that indicates a specific accreditation standard has been exceeded.

Communities of Interest – Includes osteopathic medical professionals including, students, interns, and residents, individuals who are employed in the osteopathic medical profession; and the public.

Competencies of a Chief Academic Officer –

- Recruit, select, manage, and evaluate a team of associate / assistant deans, department/discipline heads, faculty and other non-faculty administrative staff who are, themselves, appropriately experienced in higher education and/or osteopathic medical education
- Have expertise to evaluate the adequacy of the curricular model and delivery modalities of the COM
- Have the experience and skill to participate in the development of mission, vision and goals, budgets, and strategic plans for the COM.
- Have the experience to advocate for the resources needed for the development and operation of the COM and oversee their usage at the COM level.

Competencies of a Chief Executive Officer – NOTE: COCA review of the CEO will only be conducted in those COMs in which the COCA is the institutional [and programmatic] accreditor. The CEO must be able to:

- Hire, manage, and evaluate a team of qualified senior administrative and academic management and staff who are, themselves, appropriately experienced in higher education
- Have expertise to define the qualifications of the position of COM's CAO
- Obtain the financial resources needed for the development and operation of the institution and oversee their usage
- Have the experience and skill to oversee along with the Board of Directors the development of mission, vision, goals and strategic plans for the COM.

Competencies of a Chief Financial Officer -- NOTE: COCA review of the CFO will only be conducted in those COMs in which the COCA is the institutional [and programmatic] accreditor. The CFO must be able to:

- Either serve as controller for the institution, or be able to supervise the controller;
- If serving as the controller, be familiar with Generally Accepted Accounting Principles as applicable to institutions of higher education
- Manage the evaluation of accounting systems for the COM
- Advise the CEO on capital acquisition for projects requiring long-term financing, and assist in the procurement of such financing when needed.
- Advise the CEO on investment strategies for the COM.
- Understand and manage Title IV Federal Student Loan Programs

For those COMs that have the COCA as their programmatic accreditor only, the CFO responsibilities will be shared with those of the CFO for the entire institution. The CFO in the COM must have accounting experience necessary to oversee budget preparation and budget management and other related duties that may be assigned.

Competencies of a Department Chair or Equivalent --

- Recruit, manage, and evaluate a team of faculty members and non-faculty staff who are, themselves, appropriately experienced to meet the teaching, research and service needs of the unit.
- Have expertise to evaluate the adequacy of the curricular model and delivery modalities of that coursework for which the unit is responsible, and recommend changes when appropriate.
- Define the financial, physical and human resources needed for the unit to meet all of its responsibilities, develop budget recommendations for the department or division and oversee their usage.

Credit Hour – For purposes of Standard 5.4.7, a credit hour is defined by the regulations of the U.S. Secretary of Education at 34 CFR 600.2 – Except as provided in 34 CFR 668.8(k) and (l), a credit hour is an amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out of class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or
2. At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

Curriculum Changes – A curricular substantive change. The addition of courses or programs that represent a significant departure, in either content or method of delivery, from those that were offered when the COM had their last accreditation on-site visit; the addition of courses or programs at a degree or credential level above that which is included in the COM's current accreditation status; a change from clock hours to **credit hours**; a substantial increase in the number of clock or **credit hours** awarded for successful completion of a program.

Department Chair or Equivalent in clinical disciplines - COMs are not restricted in their selection of an organizational structure that best enables them to achieve their mission. By tradition, this has been accomplished with units consisting of professionals within one recognized academic discipline and is designated as a department. Departments maintain considerable educational and administrative authority within their discipline. Other types of organization may group professionals across more than one recognized discipline, e.g. within clinical sciences, primary care medicine and specialty medicine. In such organizational structures, the faculty member who chairs/heads/directs the unit will not be responsible for all educational courses offered under that unit. In these structures, the educational "equivalent leader" for a clinical discipline may be designated as a division or section leader within a larger organizational unit. Alternatively, the educational "equivalent leader" may be defined by curriculum management responsibilities and designated as a course coordinator/director.

Distance Education – Distance Education means education that uses one or more of the technologies listed in paragraphs (1) through (4) of this definition to deliver instruction to students who are separated from the instructor and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. The technologies may include:

a. The internet;
b. One-way and two-way transmissions through open broadcast, closed circuit, cable, microwave, broadband lines, fiber optics, satellite, or wireless communications devices;
c. Audio conferencing; or
d. Video cassettes, DVDs, and CD-ROMs, if the cassettes, DVDs, or CD-ROMs are used in a course in conjunction with any of the technologies listed in paragraphs (1) through (3) of this definition.

Evaluator Trainee – An Evaluators Registry member who is attending an on-site visit as an active team member under the supervision of an experienced evaluator qualified in the same area of expertise.

Faculty Adequacy Model – A faculty adequacy model compares the total number of faculty hours necessary and the number of total faculty hours available to deliver the curriculum. COMs determine the number of hours available for teaching, class preparation, research, scholarly activity, committee work, advisement, clinical service, and other activities deemed critical to fulfillment of the COM mission. The distribution of hours across these activities may vary among individual faculty members. COMs which have more available hours than necessary hours are deemed to have adequate faculty.

Faculty, full-time – Each COM is required to establish and publish its own definitions of full-time faculty. However, such definitions must meet certain minimum requirements as set forth in standard Four: Faculty and in this glossary. Full-time faculty must be employed by the COM and be under contract. It is customary in full-time employment agreements to state that the individual will devote his/her complete attention and energies to the position of employment. Furthermore, it is customary for full-time faculty to normally perform their duties on-site, and contribute to two or more of the following areas: teaching, research, service. Full-time faculty who are executive, academic, or business officers of the COM may devote the majority of their efforts to administration.

Faculty, part-time – Each COM is required to establish and publish its own definitions of part-time faculty. However, such definitions must meet certain minimum requirements as set forth in Standard Four: Faculty and in this glossary. Part-time faculty must be employed by the COM and be under contract. It is customary in part-time employment agreements to state that the individual will devote such attention and energies necessary to fully perform the assigned duties of the position of employment. Furthermore, it is customary for part-time faculty to have responsibilities that are significantly less than those of full-time faculty, both with respect to scope of activities, and percentage of effort devoted to employment at the COM.

Governing body – The COCA has chosen to use this term rather than governing board, board of trustees, etc.

Guideline – These statements explain the standard intent and provide examples and/or guide COMs toward standard compliance.

HEA – The Higher Education Act of 1965 as most currently amended.

Institutional Accrediting Agency – An agency that accredits institutions of higher education; such an agency grants accreditation decisions that enable its accredited institutions to establish eligibility to participate in Higher Education Act Programs.

Interprofessional Collaborative Practice – Professionals from different disciplines working together with patients, families and communities to deliver health care.

Must – Indicates a mandatory requirement.

New Program Applicant – A new program that is not part of an existing COM must follow the procedures outlined under *Chapter II: Applicant and Accreditation Procedures*.

NBOME – National Board of Osteopathic Medical Examiners, Inc.

Observer – Represents Federal or State Agencies or organizations, which may have a legitimate accreditation responsibility to attend an on-site visit.

Osteopathic Clinical Services – Services that facilitate faculty and student interaction, and include osteopathic manipulative therapy, which are planned and provided systematically throughout the year. These services could include health fairs, or other student community services either in the local community or world community.

Programmatic/Specialized Accrediting Agency – An agency that accredits specific educational programs that prepares students for entry into a profession, occupation, or vocation.

Promotional Materials – as described in Standard 8.5, refers to published materials used to recruit students to a COM, e.g. website announcements, catalogs, and other printed prose. Announcements of recruiting fairs and reminders of such activities are included activities for purposes of this definition. COMs may provide a reference to this information on their webpage in the printed material.

Recommendation – Advice given for the purpose of improving a COM's operations and programs. Recommendations do not signify that the COM does not comply with a standard. Recommendations can be written at any time in the accreditation process.

Requirement – The written statement that indicates that a COM has not satisfied a specific standard or procedure. Requirements can be written at any time in the accreditation process. All requirements will be monitored either through a Progress Report, or an Interim Progress Review, or Focused Visitation.

Should – Indicates a highly recommended element/issue.

Show Cause - a request for information to be provided to the COCA when there is credible reason to believe that a COM may be out of compliance with one or more standards for accreditation.

Teach-out Agreement – A teach-out agreement is a written agreement between accredited COMs that provides for the equitable treatment of students and a reasonable opportunity for students to complete their program of study if one of those COMs or a **Branch Campus** or **Additional Location** that provides one hundred percent of at least one program offered, stops offering its educational program before all students enrolled in that program complete their program of study.

Teach-out Plan – A teach-out plan is a written plan developed by an institution that provides for the equitable treatment of a COM, if that COM or a **Branch Campus** or **Additional Location** that provides one hundred percent of at least one program, stops offering its educational program before all students enrolled in that program complete their program of study. This plan may include, if required by the COCA, a teach-out agreement between COMs.

Types of On-Site Visits

1. Comprehensive on-site visit – A Comprehensive on-site visit is conducted to examine compliance with all areas of the accreditation standards and are conducted by the COCA to determine Provisional and Full accreditation status. At least three (3) days on site are usually required for completion of these on-site visits.

2. Interim Progress Review – An Interim Progress Review is conducted to examine particular areas about which questions have been raised by the COCA. These visits typically occur after a full on-site visit and will examine areas that have been raised by a site visit team.

3. Focused Visitation – A Focused Visitation ordinarily focuses on the particular area(s) identified by the COCA. The COCA may also require a COM to undergo a Focused Visitation when deemed necessary.

USDE – United States Department of Education and the Secretary of Education

Withdrawal –The withdrawal of a COM from the accreditation process; this is a voluntary action initiated by the COM.

CHAPTER IX: TABLES

Table One: Preliminary Timetable for Evaluation from Application Status to Initial Provisional Accreditation Status Decision*

This sequence assumes that a COM will begin instruction in August **not less than two years** after the acceptance of a feasibility study by the COCA Executive Committee (COCA-EC)). The dates in the table represent a minimal timeline and assume a single review of the feasibility study. To assist developing COMs in better appreciating the steps in obtaining pre-accreditation, a detailed spreadsheet has been prepared that may be used for estimating timelines. For more information, see NOTE at the bottom of this page.

Month	Activity	COCA Body Involved
YEAR ONE (three years prior to beginning instruction)		
September 1	COM appoints its Dean; Dean develops Feasibility Study	None
October-December	Dean secures employment of Assoc./Asst. Deans	None
YEAR TWO (two years prior to beginning instruction)		
March	Feasibility Study Received	COCA
May	Review of Feasibility Study and decision on scheduling first evaluation for Pre-accreditation	COCA Executive Committee (COCA-EC)
May	Schedule the Pre-accreditation visit	COCA
June – July	Pre-accreditation site visit is conducted	COCA
August – September	COCA review and approval of Pre-accreditation status	COCA
This table continues on the following page ▶		

Month	Activity	COCA Body Involved
YEAR THREE (one year prior to beginning instruction)		
March-April	COM submits updated Feasibility Study and requests evaluation for Provisional accreditation status	COCA
January - June or July, 60 days after submission of the feasibility study	Initial Provisional accreditation site visit conducted	COCA
April/May or August/September	COCA approval of Provisional accreditation status	COCA
Upon Approval of Initial Provisional Accreditation Status	Begin recruiting	COM
YEAR FOUR (the year in which instruction begins)		
August	Begin instruction	COM

*NOTE: This table is a depiction of an optimal movement through a deliberate review process. The actions described assume a COM is successful at each step of the process. However, this depiction is not a guarantee of actions to be taken by the COCA or the COCA-EC in the review of a developing COM.

July 8, 2016

Dr. Mary Ann Ranells, Superintendent
West Ada School District
1303 E Central Dr.
Meridian, ID 83642

Dear Dr. Ranells:

At a special session of the State Board of Education (SBOE) held on February 25, 2016, the SBOE unanimously approved a Collaborative Affiliation Agreement between the Idaho College of Osteopathic Medicine (ICOM), and Idaho State University (ISU) for ICOM to be located by a ground lease agreement on a portion of a recorded parcel of land owned by ISU at the Meridian Health Science Center. The approval was the consequence of a request by Megan Ronk, Director, Idaho Department of Commerce, at an executive session of the SBOE on February 17, 2016, for consideration of a proposed osteopathic medical school. Governor Otter had previously requested that ISU President Art Vailas explore the opportunity for an osteopathic medical school in Idaho, and the Governor convened a meeting on February 4, 2016, with stakeholders, e.g., Idaho Hospital Association, supporting the medical education proposal.

In accordance with the provisions of the Master Declaration Agreement and the Joint Use and Operations Agreement ("The Declaration") between ISU and the West Ada School District (School District), dated December 4, 2007, ISU offers the following to demonstrate that the Ground Lease Agreement between ISU as Lessor, and the ICOM as Lessee, will be in compliance with all applicable provisions of The Declaration.

The Ground Lease Agreement includes complete copies of The Declaration as Exhibit C. It also includes the specific language referenced in both Article 2, Section 2.3(a) of the Master Declaration Agreement and in Article 9, Section 9.2(a) of the Joint Use and Operations Agreement, which states that 1) any lease will be subject to these agreements, 2) the occupant will comply with the provisions of these agreements, and 3) such provisions are an integral part of the lease.

In accordance with Article 2 of the Master Declaration Agreement "Common Area, Easements and Right of Entry"; under Section 2.4 Common Area, ISU hereby notifies the School District of its intention to lease and requests the written consent of the School District by August 1, 2016, before the SBOE holds its next meeting on August 10-11, 2016, for ISU to lease a 2.8 acre portion of the ISU parcel, presently used as a vehicular parking lot, to ICOM for the construction of the ICOM building and related improvements. Per the provisions of Article 7 "Future Improvements" of the Joint Use and Operations Agreement, both the School District and ISU will have the opportunity to review the proposed Site Development Plan (the Plan), which shall be prepared and presented by ICOM for the purposes of this building construction. When ICOM furnishes the Plan, ISU will forward it to the School District for its review and written approval.

The attached drawings show the location and configuration of the premises within the ISU parcel that ISU will lease to ICOM and the subdivision plat. ISU appreciates the longstanding relationship with the School District, and is pleased to continue the partnership in supporting ICOM and the medical education opportunities for high school and university students.

Sincerely:

Bessie Katsilometes

Dr. Bessie Katsilometes, Associate Vice President
ISU-Meridian Health Science Center

RE: Appraisal Report
Proposed ICOM Building Site
1303 and 1311 E. Central Drive
Meridian, Idaho 83642
Valbridge Job #ID02-16-0076-000

Dear Dr. Katsilometes:

In accordance with your request, we have prepared an appraisal of the above-referenced real property. The subject property is a 2.80 acre pad site proposed to be developed with a 100,000 square foot, 2-3 story, education building. The subject site is currently a part of a larger parcel. As a result of ingress/egress and shared parking easements, the subject's effective land area is larger than actual, estimated herein at 5.55 acres. The effective land area is currently improved with a parking lot.

The subject was appraised using generally accepted principles and theory. We developed our analyses, opinions, and conclusions and prepared this report in conformity with the Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation; the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA); the Interagency Appraisal and Evaluation Guidelines; the Code of Professional Ethics and Standards of Professional Appraisal Practice of the Appraisal Institute; and the requirements of our client as we understand them. The appraisal report complies with the requirements set forth under Standards Rule 2-2(a) of USPAP. It presents a narrative discussion of the pertinent data gathered, the techniques employed, and the reasoning leading to our value opinions. The depth of the discussion contained in this report is specific to the needs of the client and the intended use.

The purpose of this appraisal is to provide an opinion of 1) Market Value: As Is and 2) Market Rent (for a ground lease). Idaho State University – Meridian is the client in this assignment. The intended use is for internal business decisions. The intended users of this report include the client and any duly appointed representatives of the client, specifically authorized by the client to view or use this appraisal in accordance with the stated purpose or function. The value opinions reported herein are subject to the definitions, assumptions and limiting conditions, and certification contained in this report.

Valbridge PROPERTY ADVISORS
Mountain States Appraisal & Consulting, Inc.

The acceptance of this appraisal assignment and the completion of the appraisal report submitted herewith are contingent on the following extraordinary assumptions and/or hypothetical conditions:

Extraordinary Assumptions:
The subject is currently a part of a larger parcel. A metes and bounds legal description for the subject site was not provided in conjunction with this appraisal. According to the client, the subject actual site size is 122,000 square feet or 2.80 acres. The subject site is proposed to be developed with a 100,000 square foot, 2-3 story, education building. As a result of ingress/egress and shared parking easements, the subject's effective land area is larger than actual, estimated herein at 5.55 acres. Should the building size change, the effective site area would also change.

If this extraordinary assumption is later proven to be false, the value conclusion(s) reported herein could be rendered invalid, and further valuation analysis would be warranted.

Hypothetical Conditions:
None

Based on the analysis contained in the following report, our value conclusion(s) for the subject property are summarized as follows:

Value Conclusion(s)

Value Type	Value Premise	Interest Appraised	Effective Date	Value Conclusion
Market Value	As Is	Fee Simple	4/7/2016	$2,090,000
Annual Market Rent	As Is	Fee Simple	4/7/2016	$190,000

This letter of transmittal must be accompanied by all sections of this report as outlined in the Table of Contents for the value opinion(s) set forth above to be valid.

Respectfully submitted,
Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc.

Introduction

Client and Other Intended Users of the Appraisal

The intended users of this report include the client, Idaho State University - Meridian, and any duly appointed representatives of the client, specifically authorized by the client to view or use this appraisal in accordance with the stated purpose or function.

Intended Use of the Appraisal

The intended use is for internal business decisions.

Real Estate Identification

The subject is a part of a larger parcel located at 1303 and 1311 E. Central Drive. The Ada County Assessor identifies the larger parcel as Assessor Parcel Numbers R4704570100 and R4704570200. The subject is located within the incorporated city limits of Meridian.

Legal Description

The subject site is a portion of Lot 1 (R4704570100) and Lot 2 (R4704570200), Block 1, Joint No. 2 Subdivision Phase 1, City of Meridian, Ada County, Idaho.

Real Property Interest Appraised

We have appraised the fee simple interest in the subject property.

Type and Definition of Value

We developed opinions of the following types of value for the subject property. We also provided an opinion of market rent for the subject (as a ground lease).

VALUATION SCENARIOS

Valuation	Completed
Market Value: As Is	Yes

Market Value Definition- Source: 12 CFR Part 34.42 (FIRREA)

The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

a. Buyer and seller are typically motivated;
b. Both parties are well informed or well advised, and acting in what they consider their own best interests;
c. A reasonable time is allowed for exposure in the open market;
d. Payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and
e. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Please refer to the Glossary in the Addenda section for further definitions of value type(s) employed in this report.

Effective Date(s) of Value

The effective date of value is April 7, 2016, coinciding with the date of the inspection.

Date of Report

The date of this report is May 12, 2016. Our conclusions are reflective of market conditions as of the effective date of value.

Scope of Work

The scope of work includes all steps taken in the development of the appraisal. This includes 1) the extent to which the subject property is identified, 2) the extent to which the subject property is inspected, 3) the type and extent of data researched, 4) the type and extent of analysis applied, and the type of appraisal report prepared.

The subject site was legally identified via city, county, public records, and information provided by the client. The subject was inspected by Jeff Vance, MAI, on April 7, 2016. This included walking the site, viewing the property from several different angles, and driving the neighborhood. Joe Corlett, MAI, SRA, also completed a current inspection of the subject property.

We researched and analyzed: 1) market area data, 2) property-specific, market-analysis data, 3) zoning and land-use data, and 4) current data on comparable sales, listings, rentals in the competitive market area. We observed surrounding land use trends, demand for the subject property, and relative legal limitations in concluding a highest and best use. We then appraised the subject based on the highest and best use conclusion, relying on the Sales Comparison Approach. The Income Capitalization Approach and Cost Approach were not completed; they are not applicable for land valuation in this market. Our opinion of market rent for the subject site was estimated based on market comparables of ground leases in the local market.

This is an Appraisal Report as defined by Uniform Standards of Professional Appraisal Practice under Standards Rule 2-2(a). It presents a narrative discussion of the pertinent data gathered, the techniques employed, and the reasoning leading to our value opinions. The depth of the discussion contained in this report is specific to the needs of the client and the intended use.

Use of Real Estate

As of the Date of Value: The subject property was part of a larger parcel and was being utilized as a parking lot.

As of the Date of this Report: Same as above.

Ownership and Sales History

The larger parcel is comprised of two parcels. According to Ada County Assessor records, parcel R4704570200 is owned by Board of Trustees for Idaho State University; parcel R4704570100 is owned by Meridian Joint School District No. 2. Each entity has owned their respective property for more than three years. To our knowledge, no transactions of the subject properties have occurred within the past three years. The properties are not currently listed for sale.

List of Items Requested but Not Provided

None

Extraordinary Assumptions

The subject is currently a part of a larger parcel. A metes and bounds legal description for the subject site was not provided in conjunction with this appraisal. According to the client, the subject actual site size is 122,000 square feet or 2.80 acres. The subject site is proposed to be developed with a 100,000 square foot, 2-3 story, education building. As a result of ingress/egress and shared parking easements, the subject's effective land area is larger than actual, estimated herein at 5.55 acres. Should the building size change, the effective site area would also change.

If this extraordinary assumption is later proven to be false, the value conclusion(s) reported herein could be rendered invalid, and further valuation analysis would be warranted.

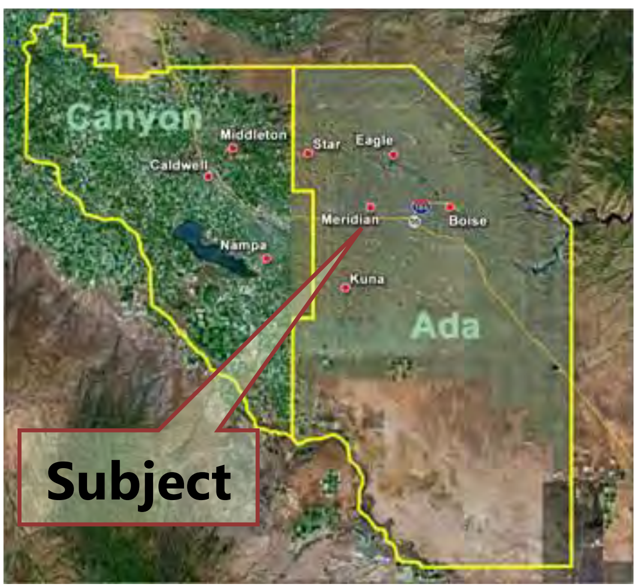
Regional Overview

The subject's regional area is located in southwest Idaho, which is generally referred to as the Treasure Valley or the Boise-Nampa Metropolitan Statistical Area (Boise MSA). As defined by the U.S. Census Bureau, the Boise MSA consists of five counties anchored by the cities of Boise, Meridian, and Nampa. It is the state's largest metropolitan statistical area and includes Idaho's three largest cities – Boise, Nampa, and Meridian. Nearly 40% of Idaho's total population resides in the valley. The population of the Boise MSA is approximately 650,000. The metro area is currently the 3rd largest in the Pacific Northwest after Seattle and Portland. Boise is the capital and most populous city in Idaho, as well as the county seat of Ada County. Located on the Boise River, Boise is the principal city in the Boise MSA, and is the largest city between Salt Lake City, Utah and Portland, Oregon. Boise serves as the primary government, economic, cultural, and education center for Southwest Idaho, Eastern Oregon, and Northern Nevada.

County and City Overview



The subject is located in Ada County in the City of Meridian. Ada County is located in southwestern Idaho and is the state's most populated county. Cities in Ada County include Boise, Meridian, Eagle, Garden City, Kuna, and Star. Boise is the largest city in Idaho and is the State Capitol and Ada County's seat of government. Boise is headquarters for a number of major corporations and serves as the primary government, economic, cultural, and education center for Southwest Idaho, Eastern Oregon, and Northern Nevada. Boise is continually recognized in numerous publications as one of the best places to live in the country. Meridian is located adjacent west of Boise and is one of Idaho's fastest growing cities.

Canyon County is adjacent west of Ada County and is the second most populated county in Idaho. Cities in Canyon County include Nampa, Caldwell, and Middleton. Greenleaf, Melba, Notus, Parma, and Wilder are small rural communities also located within Canyon County. Many residents commute to work from Canyon County to benefit from lower overall housing prices and a more rural environment relative to Ada County. Canyon County's economy has historically been agriculturally-oriented, though it has become more urbanized over the past two decades. Out of 44 counties in Idaho, Canyon County ranks 39th in size, yet it produces ten percent of the state's agricultural income. As a product of the agricultural base, a number of manufacturing and processing businesses are headquartered in the county.

Ada County Workforce Trends

The following data is prepared quarterly by the Idaho Department of Labor and presents a description of Ada County's work force trends.

Ada County

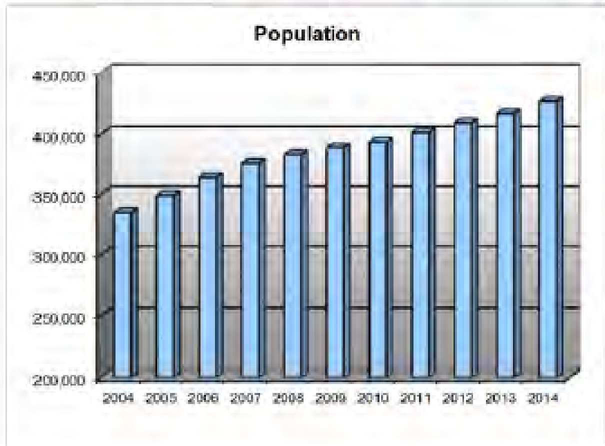
IDAHO DEPT. OF LABOR

December 2015

Workforce Trends

Population

Ada County is Idaho's most populous with over 425,000 residents. It is a regional center of government, industry and education. It is more than twice the size of neighboring Canyon County, the state's second most populous. Ada County ranks 31st among the 44 counties in area. It has grown rapidly, adding 91,310 residents since 2003. Population increased rapidly in the years leading up to the recession. People from other states flocked to the county for its outdoor lifestyle and comparatively low real estate prices. While annual population growth has slowed since then. However, the county continues to grow more rapidly than the nation, growing 2.3 percent between 2013 and 2014.



Labor Force & Employment

The Ada County labor force grew significantly between 2004 and 2014, increasing by over 33,000. But Ada County has more jobs than its labor force supports, requiring commuters from neighboring counties to fill them. During 2014, the unemployment rate continued to decline, dropping 1.4 points from 2013. The county consistently posts rates below the statewide average.

2013 continued to show an increase in the county's annual payroll, adding 6,700 covered jobs. Four industrial sectors made up nearly 80 percent of the growth. The largest growth was in trade, utilities & transportation sector which added 1,733 jobs. This was followed by an additional 1,250 jobs each in construction and education and health care. Leisure and hospitality was the fourth sector with an additional 1,140 jobs.

Over the decade, the county has increased payrolls by over 22,320. That is impressive considering this time frame included the worst recession in recent memory. Construction and manufacturing lost over 6,000 jobs between 2004 and 2014. These sectors made up 18 percent of the covered employment in 2003 but comprise only 13 percent now.

Despite the recession, education and health care posted a gain of over 10,800 jobs since 2004. This sector was followed by trade, utilities and transportation with almost 6,300 new jobs. Leisure and hospitality added over 4,500 jobs over the decade, while professional and business Services saw a growth of 2,315 jobs.

Nonfarm Payroll Jobs for 2014

Per Capita Income & Employment

Ada County rose to 6th place among the 44 counties in per capita income with $42,395 in 2013, an increase of $1,145 from 2012. That was still 17 percent higher than statewide per capita income but 5 percent, or $2,370, less than national per capita income.

In 2013, most sectors paid more than the average wage of $43,031, however, almost a third of total employment was in the industries that paid lower average wages, such as Leisure and Hospitality (food service, accommodation, and entertainment) and Trade, Utilities and Transportation, (especially retail trade).

Employment

Major employers in the Boise MSA include Micron Technology, Hewlett Packard, IDACORP (parent company of Idaho Power), Citicorp, Blue Cross of Idaho Health Services, Boise Company, Albertson's, J.R. Simplot Company, St. Luke's Regional Medical Center, St. Alphonsus Regional Medical Center, DirecTV, and Bodybuilding.com. Downtown Boise, in particular, has a strong employment base with several major employers including regional headquarters for Wells Fargo Bank, U.S. Bank, and Key Bank. Several of the major employers previously mentioned are located in downtown Boise. Boise also serves as the base for local, State, and Federal Government offices.

The Ada County labor market accounts for 25% of total Idaho employment. The unemployment rate in Ada County peaked at approximately 8.8% in March 2010. In 2011, the unemployment rate saw its first annual decline since the recession began in late-2007. The unemployment rate has continued its downward trend and was 4% at year-end 2014. After bottoming out at 180,153 in 2009, average annual total employment has increased to 201,676 at year-end 2014, represented an increase of 11.9%.

Population and Demographics

Both Ada County and the City of Meridian have experienced strong population growth during the past two decades. From 2000 to 2014, the population in Ada County increased from 300,904 to 407,073, representing a 35.3% increase during this period. The population in Meridian has increased from 41,315 to 80,011, representing a 93.7% increase during this same period. The area has been a popular relocation destination during this period. People have been attracted to the outdoor lifestyle, relatively low cost of living, diversity of the economy, and availability of employment.

Market area demographics and forecasts of the projected growth by Site To Do Business Online are reprinted in the following tables. The statistics illustrate the expectation of continued growth for the foreseeable future.

Data Note: Households with children include any households with people under age 18, related or not. Multigenerational households are families with 3 or more parent-child relationships. Unmarried partner households are usually classified as nonfamily households unless there is another member of the household related to the householder. Multigenerational and unmarried partner households are reported only to the tract level. Esri estimated block group data, which is used to estimate polygons or non-standard geography.

Data Note: Consumer spending shows the amount spent on a variety of goods and services by households that reside in the area. Expenditures are shown by broad budget categories that are not mutually exclusive. Consumer spending does not equal business revenue. Total and Average Amount Spent Per Household represent annual figures. The Spending Potential Index represents the amount spent in the area relative to a national average of 100.
Source: Consumer Spending data are derived from the 2011 and 2012 Consumer Expenditure Surveys, Bureau of Labor Statistics. Esri.

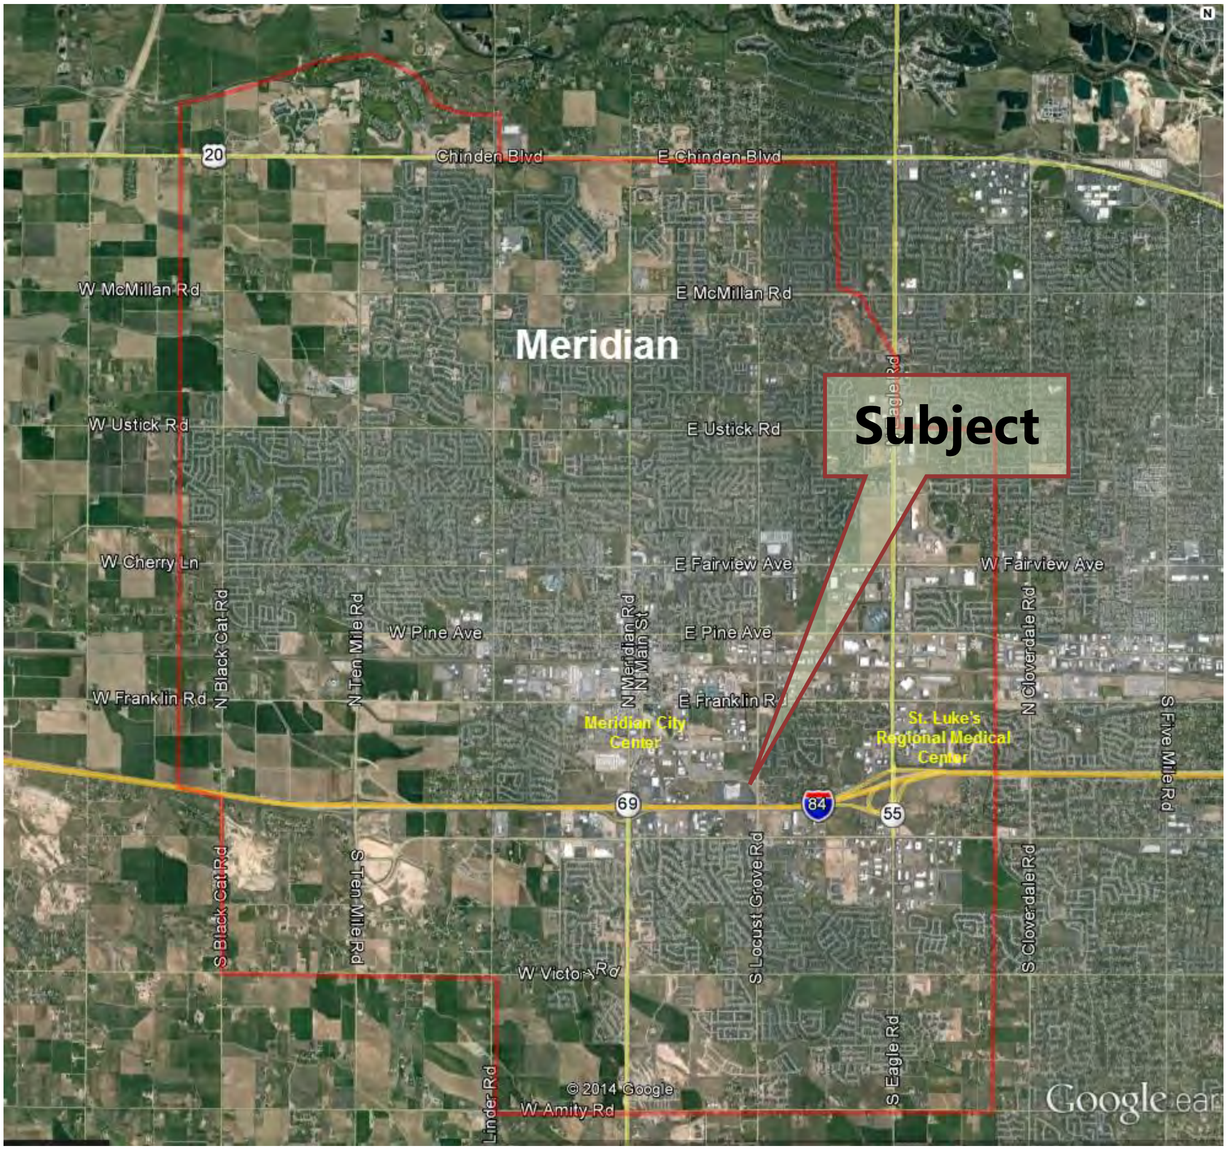
Transportation

Primary ground transportation access is via U.S. Interstate 84, which traverses east-west through the Boise MSA. I-84 is a major east-west Interstate in the region and connects the area with Idaho Falls, Pocatello, and Salt Lake City, Utah to the east; and Portland, Oregon to the west. The Boise Airport is the nearest international airport.

Conclusion

The long-term economic outlook for the Boise MSA (and Meridian) appears positive. Boise, as well as the Treasure Valley in general, is continually recognized by numerous publications as one of the best places to live in the country. The Boise MSA is the 3rd largest MSA in the northwestern U.S., behind Seattle and Portland. Meridian has been one of the fastest growing cities in the state during the past two decades. The population of Meridian and the Boise MSA in general are anticipated to continue to increase for the foreseeable future, albeit at a slower rate compared to the previous decade.

Neighborhood Aerial



Overview

The neighborhood boundaries are reasonably defined by the major commercial real estate firms within the local market. Vacancy, absorption, and supply data is tracked for each submarket within Ada and Canyon counties.

Meridian Submarket

The subject is located in the Meridian submarket. The neighborhood boundaries are generally defined by Chinden Boulevard to the north, Eagle Road and Cloverdale Road to the east, Victory Road and Amity Road to the south, and Black Cat Road to the west. Interstate access is from the Eagle Road, Meridian Road, and Ten Mile Road Interchanges located in south-central Meridian. The nearest major airport is the Boise Airport, located approximately eight miles southeast. Meridian's city center is located north of the Meridian Road/Interstate 84 Interchange. Boise's central business district is located approximately ten miles east.

Three major north-south arterials in the neighborhood include Eagle Road, Meridian Road, and Ten Mile Road. Eagle Road connects Interstate 84 with east Meridian/west Boise and Eagle. Eagle Road has the highest traffic counts in the State. Meridian Road connects downtown Meridian to Interstate 84 and the city of Kuna to the south. The Ten Mile Road Interchange was completed in 2012. The Ten Mile Road corridor is projected to be the next area to experience strong commercial growth. Four major east-west arterials include Fairview Avenue, Overland Road, Franklin Road, and Chinden Boulevard. Fairview Avenue bisects Meridian and connects Meridian to west Boise. Overland Road is located south of Interstate 84 and connects south Meridian and southwest Boise. Franklin Road bisects Meridian's city center. Chinden Boulevard extends along the northern boundary of the neighborhood and connects north Meridian and west and north Boise.

Numerous shopping centers are located in Meridian. CenterPoint Marketplace, Ustick Marketplace, and Gateway Marketplace are all located at the intersection of Eagle Road and Ustick Road. The centers are anchored by Lowe's, Kohl's, and Rosauers. The Eagle Island Center, anchored by Fred Meyer, opened in 2012 at the northeast corner of Chinden Boulevard and Linder Road. Home Depot, WinCo, and numerous national chain restaurants and retailers are located at the northeast corner of the Meridian Road Interchange. Meridian Crossroads, anchored by ShopKo and Walmart, is located at the southeast corner of Fairview Avenue and Eagle Road. The Village at Meridian is a new lifestyle center at the northeast corner of Fairview Avenue and Eagle Road. When fully complete, this commercial development will be one of the largest power centers in the state. Big Al's, Gordmans, Marshalls, and several national chain restaurants have recently opened in the center. The intersection of Eagle Road/Fairview Avenue has the highest traffic counts in the State.

Major employment centers are located throughout Meridian. North of Interstate 84 and Eagle Road is St. Luke's Meridian Medical Center. Located adjacent north of St. Luke's is Portico, a 24-acre mixed-use development. Construction within Portico began in 2008 and includes two 84,000 square foot medical office towers, one 134,000 professional office tower, and several retail and restaurant buildings. Located south of Interstate 84 along Overland Road are several quality commercial developments. Silverstone is a 160-acre business park developed in 2002. El Dorado is an 80-acre business park developed in 2003. Gramercy is a 70-acre commercial and residential development originally constructed in 2008. It is partially built-out. The 35-acre Scentsy campus was recently completed at the corner of Eagle Road and Pine Avenue.

The neighborhood includes a mix of approximately 70% residential, 15% commercial, and 15% undeveloped land. The commercial uses are further delineated as 55% office, 45% retail, and 5% industrial. Meridian is in a stage of growth, based on typical lifecycle stages of growth, stabilization, decline, and revitalization. Development within Meridian's downtown core initially began in the 1950 to 1960's. The core area has experienced development of infill parcels and renovation of many older properties during the past decade. Residential subdivision development was strong in the north and west portions of the neighborhood during the 1990's through the mid 2000's, as a result of strong population growth. Commercial development during the past two decades had also been strong along the neighborhood's arterial streets, particularly along the Eagle Road corridor. However, from 2008 through mid-2010, both residential and commercial development slowed significantly, as a result of the economic downturn. Since mid-to-late 2010, the economy has strengthened and both commercial and residential markets in Meridian have resumed new development. Construction has increased significantly since the recession years. The Eagle Road corridor remains one of the most attractive areas for commercial development in the Boise MSA.

Immediate Neighborhood Aerial

Immediate Neighborhood

The immediate neighborhood is generally bordered by Interstate-84 to the south, E. Franklin Road to the north, S. Meridian Road to the west, and S. Locust Grove Road to the east. Commercial development within the immediate neighborhood is primarily retail along the major arterial streets and a mix of office, office/flex, and office/warehouse uses throughout the neighborhood interior. A major retail center, anchored by Home Depot and Win-Co, is located at the northeast corner of Interstate 84 and Meridian Road. This retail center was constructed in the late 1990's. Commercial development surrounding this center was strong during the past decade as evidenced by numerous retail and restaurant buildings recently constructed in the area.

The subject is located approximately ½ mile east of the Meridian Road/Interstate 84 Interchange. It has freeway exposure and is accessed from a secondary interior street. Located north of the subject are the Idaho State Police Headquarters and older single-family homes. South is Interstate 84. East is an older residential subdivision. West is a 500,000 square foot building containing the Idaho State University-Meridian Campus, Renaissance High School, and West Ada School District offices.

General Data

Location: 1303 and 1311 E. Central Drive, Meridian, Idaho
Assessor Parcel Number(s): Portion of R4704570100 and R4704570200

Adjacent Land Uses

North: Idaho State Police Headquarters and single-family homes
South: Interstate 84
East: Single-family residential subdivision
West: West is a 500,000 square foot building containing the Idaho State University-Meridian Campus, Renaissance High School, and West Ada School District offices (part of subject's larger parcel).

Physical Characteristics

Site Area: Actual: 122,000 square feet; 2.80 acres
Effective: 241,947 square feet; 5.55 acres

Effective Land Area

Identification	Actual Lot Size (SF)	Actual Lot Size (AC)	Building Size (SF)	Land to Bldg Ratio	Effective Land to Bldg Ratio	Effective Land Area (SF)	Effective Land Area (AC)
Subject Pad Site	122,000	2.80	100,000	1.22	2.42	241,947	5.55
Balance of Larger Parcel	1,329,681	30.53	500,000	2.66	2.42	1,209,734	27.77
Totals	1,451,681	33.33	600,000	2.42	2.42	1,451,681	33.33

Land Size Determination: The larger parcel has ingress/egress and shared parking easements which impact the subject. The easements result in effective lot sizes which are different than actual. According to the preliminary site plan, the existing building has a gross building area of 500,000 square feet. The proposed building has a gross building area of 100,000 square feet. The effective lots sizes were calculated based on the overall land to building ratio for the larger parcel of 2.42:1. Land to building ratios for similar 2-3 story suburban buildings in the Ada County market typically range from 2:1 to 3:1. At 2.42:1, the subject's effective land to building ratio is within market norms for similar properties.
Usable Land Area: All of the land is usable.
Configuration: Nearly rectangular; overall functional
Topography: Generally level
Parcel Location: Interior siting with limited exposure from Interstate 84
Photographs of Subject: The photographs in the Addenda section provide additional clarification as to the "As Is" condition of the property.

Primary Access/Exposure

Street Name:	Access is from E. Central Drive.
Street Type:	Secondary, non-arterial street
At Signalized Intersection:	No
Overall Visibility:	The subject has limited Interstate 84 exposure. Interstate exposure is limited due to a high landscaping berm extending across the southern boundary of the subject. The Locust Grove Overpass further limits exposure from the west bound lanes.
Comments:	Access is rated average, but circuitous.

Site Improvements

Off-Site Improvements:	2-way, 2-lane roadway with center turn lane improved with asphalt paving, concrete curbing and sidewalks.
Utilities:	Standard utilities available to the property include municipal water and sewer services, electricity, natural gas, and telephone service.
On-Site Improvements:	Site improvements include asphalt paved parking, access drives, concrete curbing, parking lot lighting, and sprinkler irrigated landscaping.

Flood Zone Data

Flood Map Panel:	16001C0231H; 2/19/2003
Flood Zone:	The property is located within an "X" flood zone. The "X" flood zone is designated as outside a flood hazard area. Properties within an "X" flood zone are not required to carry flood insurance. The flood maps and definitions are located in the addenda of this report.

Other Site Conditions

Soils:	Subsoil and drainage appear adequate to support the existing use.
Environmental Issues:	During the property inspection, we did not observe any obvious environmental concerns. As real estate appraisers, we are not qualified to determine if any environmental hazards exist on the property, whether such hazards are obvious or not. Therefore, this appraisal assumes any environmental hazards to be nonexistent or minimal.
Easements & Restrictions:	The property is subject to the following known atypical easements or restrictions which were obtained from the subdivision plat and/or record of survey:

1) The property is subject to an existing restricted building zone which prohibits buildings and structures within 20 feet, and billboards or other advertising signs (except signs pertaining to business on adjacent property) within 100 feet of the right of way of 1-84. This easement does not preclude typical commercial development; thus, is considered a neutral easement.
2) The bottom of building footings shall be a minimum of 12 inches above the established normal high ground water

elevation. This easement is not likely to preclude typical commercial development; thus, is considered a neutral easement.

3) The larger parcel is subject to a perpetual non-exclusive easement to use all streets and parking areas for ingress, egress, and access from E. Central Drive. This easement is a beneficial easement to the subject site as it facilitates access and provides additional parking.

A title report was not provided in connection with this assignment. Based on our own observations, no other adverse easements or restrictions exist. This appraisal assumes only standard utility easements and governmental restrictions exist, none of which are assumed to impact value. An A.L.T.A survey is recommended if further assurance is needed. If questions arise regarding easements, encroachments, or other encumbrances, further research is advised.

Earthquake Zone: The subject is located within Earthquake Zone 2B, considered a moderate zone with respect to seismic activity.

Zoning Designation

Zoning Code: C-G: General Retail and Service Commercial District

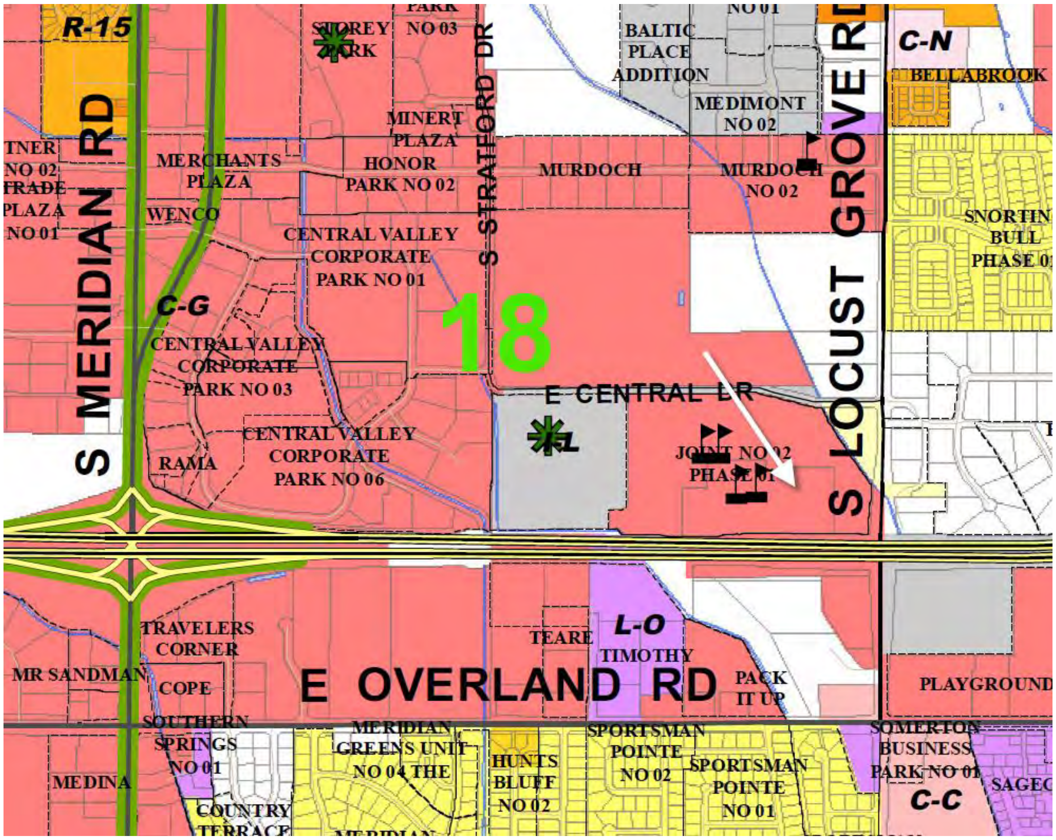
Zoning Jurisdiction: City of Meridian

Zoning Definition: According to Meridian City zoning, this zone is defined as "The purpose of the commercial districts is to provide for the retail and service needs of the community in accordance with the Meridian comprehensive plan. This district allows use on the largest scale and broadest mix of retail, office, service, and light industrial uses. Its designated location is for close proximity and/or access to interstate or arterial intersections.

Permitted Uses: This zoning allows for a wide range of office, flex, retail, and service commercial uses. Some light industrial uses are permitted via a conditional use permit.

Zoning Comments: The proposed education use is an allowable use.

Zoning Map



Parking Requirements

Parking District:	General
Zoning Required Parking:	1 space per 500 sf of gross floor area; 1,200 spaces
On-site Parking:	1,250 spaces
Parking Conclusions:	The subject meets zoning requirements. Note, the rentable building areas for the existing and proposed buildings are unknown or undetermined. Current parking meets market requirements for the existing building; however, it is undetermined if current parking would be suffice to meet market requirements as proposed.

Site Rating

Location:	Good
Access:	Average, but circuitous
Exposure:	Limited Interstate 84 exposure
Functional Utility:	Average
Overall Site:	Average to good

Assessment & Tax Data

Assessed Value and Real Estate Taxes

The subject is exempt from county assessment and taxation.

Highest & Best Use

The highest and best use analysis prepares the foundation for valuing a property. It is a one-step process for valuing unimproved land and a two-step process for valuing an improved property. The first step is the same for valuing both unimproved property and an improved property. It involves determining the best use of the land as though vacant; whether the property should remain unimproved or be improved, and if improved, with what. The second step is only necessary for determining the highest and best use of an improved property. It involves determining if the improvements should remain in their present form or be altered. The definition of highest and best use is as follows:

> *"The reasonably probable and legal use of vacant land or an improved property, which is physically possible, appropriately supported, financially feasible, and that results in the highest value". The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum profitability".*[1]

Highest and Best Use, As If Vacant /As Vacant

Legally Permissible: The property's C-G zoning allows for a wide range of office, flex, retail, and service commercial uses. Some light industrial uses are permitted via a conditional use permit. We are not aware of any other land use regulations that would limit the use of the property. There are no known easements, encroachments, covenants or other use restrictions that would unduly limit or impede development of a probable nature. Considering the larger parcel is developed with a University Campus and other educational uses, only educational or supporting office uses are given further consideration in determining highest and best use as if vacant.

Physically Possible: As evidenced by the physical characteristics of the property, including its size, configuration, accessibility and availability of public utilities, all of the legally permissible uses could be developed on the land. The site does not have any physical characteristics that would hinder typical development.

Financially Feasible: The next step determines if those legally permissible and physically possible uses are also financially feasible. Statistics indicate moderate and improving demand across all commercial markets, characterized by declining vacancy (at several year lows), significant positive net absorption, limited new construction, and increasing lease rates. Near-term, due to a shrinking supply and lack of new construction, vacancy is anticipated to continue to decline, and lease rates are anticipated to continue to moderately increase. In general, speculative development continues to be marginally financially feasible as market rents have yet to fully recover from recession levels. Market value, if built, may be less than the cost to construct plus current land value.

Maximally Productive: The final test of maximum productivity is now applied to the uses that have passed the first three tests. Of the financially feasible uses, the maximally productive use is the use that produces the highest residual land value. Considering the aforementioned factors, the maximally productive, and therefore highest and best use, as if vacant/as vacant, is for the development of an educational or supporting office use when market conditions warrant development. A feasibility analysis would be required to determine the ideal improvement to be developed on the land.

---

[1] Appraisal Institute, *The Dictionary of Real Estate Appraisal,* 3rd Ed., (Chicago, Illinois, 1993), page 171.

Most Probable Buyer/User

The subject is a 2.80 acre pad site (5.55 acre effective site). The most-probable buyer is an owner-occupant.

Appraisal Methodology

Approaches to Value

There are three traditional approaches typically available to develop indications of real property value: the Cost, Sales Comparison, and Income Capitalization Approaches.

Cost Approach - The Cost Approach is based upon the principle of substitution, which states that a prudent purchaser would not pay more for a property than the amount required to purchase a similar site and construct similar improvements without undue delay, producing a property of equal desirability and utility. For proposed or new facilities that have suffered little or no depreciation, this approach is meaningful, though it is rarely used by investors.

Sales Comparison Approach – The Sales Comparison Approach involves the direct comparison of sales and listings of similar properties, adjusting for differences between the subject property and the comparable properties. It is based on the Principle of Substitution. This principle states that no one would pay more for the subject than the value of a similar property in the market. In active markets with a large number of physically similar comparables, this approach is generally considered to be a good indicator of value. However, the use of this approach is limited, because many properties have unique characteristics that cannot be accounted for in the adjustment process. In addition, market data is not always available. Both of these factors may reduce the validity of this approach. This is often a secondary approach for income-producing properties.

Income Capitalization Approach - The Income Capitalization Approach is based on the principle of anticipation, or the assumption that value is created by the expectation of benefits to be derived in the future, such as expected future income flows including the reversion, or future resale of the property appraised. Its premise is that a prudent investor will pay no more for the property than he or she would for another investment of similar risk and cash flow characteristics.

Subject Valuation

Market Value: As Is - The Sales Comparison Approach was employed to estimate market value for the subject. The Income Capitalization Approach and the Cost Approach were not completed; they are not applicable for land valuation in this market.

Market Rent: Our opinion of market rent for the subject site was estimated based on market comparables of ground leases in the local market.

Valuation - Market Value: As Is
Sales Comparison Approach

Methodology

This approach is based on the premise that a buyer would pay no more for a specific property than the cost of obtaining a property with the same quality, utility, and perceived benefits of ownership. In this approach, an indication of market value is developed by analyzing closed sales, listings, or pending sales of properties similar to the subject property, using the most relevant units of comparison. The primary unit of comparison selected depends on the appraisal problem and nature of the property. The primary unit of comparison in the market for properties similar to the subject is price per square foot. A systematic procedure for applying the Sales Comparison Approach includes the following steps:

1. Research and verify transactional data to produce an adequate, reliable data set.
2. Select a relevant unit of comparison.
3. Analyze and adjust the comparable sales for differences in various elements of comparison and physical/location characteristics.
4. Reconcile the sales into an indication of value for the subject.

Comparable Selection:

The subject site is 5.55 acres (effective size) of commercial land located in Meridian. A search was made for recent sales of reasonably similar sites in proximity to the subject, with an emphasis placed on location, size, and zoning/highest and best use. Eight comparables were selected for the analysis. Six are confirmed sales of competing properties; two are current listings of properties located near the subject. The comparables are located in Meridian, and nearby Boise and Nampa.

Elements of Comparison:

The land adjustment analysis uses market based data from paired-sales, construction costs for site improvements, or other market indicators. In instances where there is limited market data available, the adjustment is based on the appraiser's estimate of market reaction.

Real Property Rights Conveyed - This adjustment considers real property rights relating to a property, such as a lease contract or deed restrictions

All of the sales were fee simple sales. Thus, no adjustments were warranted.

Financing Terms - This adjustment category considers payment terms. Favorable or unfavorable financing terms warrant adjustment versus cash or cash equivalent.

All of the sales were cash equivalent sales. Thus, no adjustments were warranted.

Conditions of Sale - This adjustment category considers the impact to a property's sale price attributable to atypical buyer or seller motivation.

All of the sales were typically motivated, arms-length sales. Thus, no adjustments were warranted.

Expenditures After Purchase - This adjustment category considers significant expenditures made upon purchase; these costs affect the price or value of the property at sale.

Thus, no adjustments were warranted.

Non-Realty Components - This adjustment category considers personal property and trade fixtures which were included in the sale.

None of the sales included personal property. Thus, no adjustments were warranted.

Market Conditions - This adjustment category considers property sale price changes due to changing market conditions over time. If the market is stable, no adjustment is necessary. However, if the market has appreciated or depreciated, an adjustment is necessary.

Commercial development land sale prices throughout Ada County declined significantly from January 2008 through mid-2010. Market conditions began to stabilize in mid-2010 and remained generally flat through 2011. Since 2012, commercial market fundaments have improved moderately as evidenced by declining vacancies and capitalization rates and increasing rental rates. Demand for well-located commercial land has also increased as evidenced by an increase in transactions and new construction. Locations similar to the subject have exhibited moderate appreciation since 2012, estimated herein +3% per year from 2012 through 2013, and +5% per year beginning in 2014 to-date. The market conditions estimate was based on paired sales, although limited, and supported by several interviews with market participants.

Location - This category considers value differences as a function of location qualities, desirability, and accessibility. This category also considers primary arterial frontage locations versus secondary arterial or second tier non-frontage locations. This is typically measured by differences in land values via paired land sales, or differences in property values as a result of rent differences and/or capitalization rate differences.

Locational differences were applied by three separate adjustments: 1) Immediate neighborhood, 2) Arterial street or freeway exposure, and 3) Access. The subject's immediate neighborhood is rated good. It is located in Meridian, adjacent to newer commercial development and a freeway interchange. The subject has limited Interstate 84 exposure. Interstate exposure is limited due to a high landscaping berm extending across the southern boundary of the subject. The Locust Grove Overpass further limits exposure from the west bound lanes. Access is circuitous from a secondary, non-arterial street.

Comparables 3 and 4 are inferior to the subject for immediate neighborhood influences. Comparable 3 is located in an inferior light industrial/commercial neighborhood. Comparable 4 is located further from development and services. Upward adjustments of 20% were applied. Comparables 1, 5, and 6 are superior to the subject. Comparable 1 is located adjacent to the Eagle Road corridor in a quality medical/office neighborhood. Comparables 5 and 6 are superior retail oriented locations adjacent to newer shopping centers. Downward adjustments ranging from -10% to -20% were applied. Comparables 1, 7, and 8 have interior locations with no arterial street exposure. Upward adjustments of 10% were applied. Comparables 2-6 have superior arterial street or freeway exposure. Downward adjustments of 5% were warranted. Comparables 1-6 and 8 are superior to the subject for access. Downward adjustments of 10% were applied.

Zoning/Use - This category considers value differences associated with variances in zoning designations or uses allowed.

Any perceived value differences attributable to zoning were considered as a part of the location adjustment. No additional adjustments were warranted.

Size - This category considers value differences resulting from variances in property size. In general, smaller parcels exhibit higher sale prices per square foot (or per acre) versus larger parcels.

Comparables 1, 7, and 8 are moderately smaller than the subject, warranting adjustment. Downward adjustments of 10% were applied.

Configuration - This category considers differences in land use or value associated with property configuration. Irregular parcels typically have lower price per square foot sales prices versus rectangular parcels due to less functional utility.

Comparables 4 and 5 have irregular configurations resulting in less functional utility versus the subject. Upward adjustments of 10% were applied.

Topography - This category considers differences in land use or value associated with property topography. Commercial parcels with uneven topographies typically have lower price per square foot sale prices because the cost to develop is greater versus a level parcel.

All of the comparables have generally level topographies similar to the subject. Thus, no adjustments were warranted.

Utilities: Water and Sewer - This category considers the availability of city water and sewer services to the property.

All of the comparables are similar to the subject for utilities. Thus, no adjustments were warranted.

Site Improvements - This adjustment category considers value differences as a result of site improvements located on a property.

None of the comparables had site improvements associated with the sale price. Thus, no adjustments were warranted.

Other - This category accounts for any atypical issues.

No adjustments were warranted.

Presentation

Presented on the following pages are the Land Sale Comparable Summation Table, Sale Comparable Map, the discussion and analysis of the comparables, and conclusion(s) of market value for the subject.

Land Sale Comparable Map
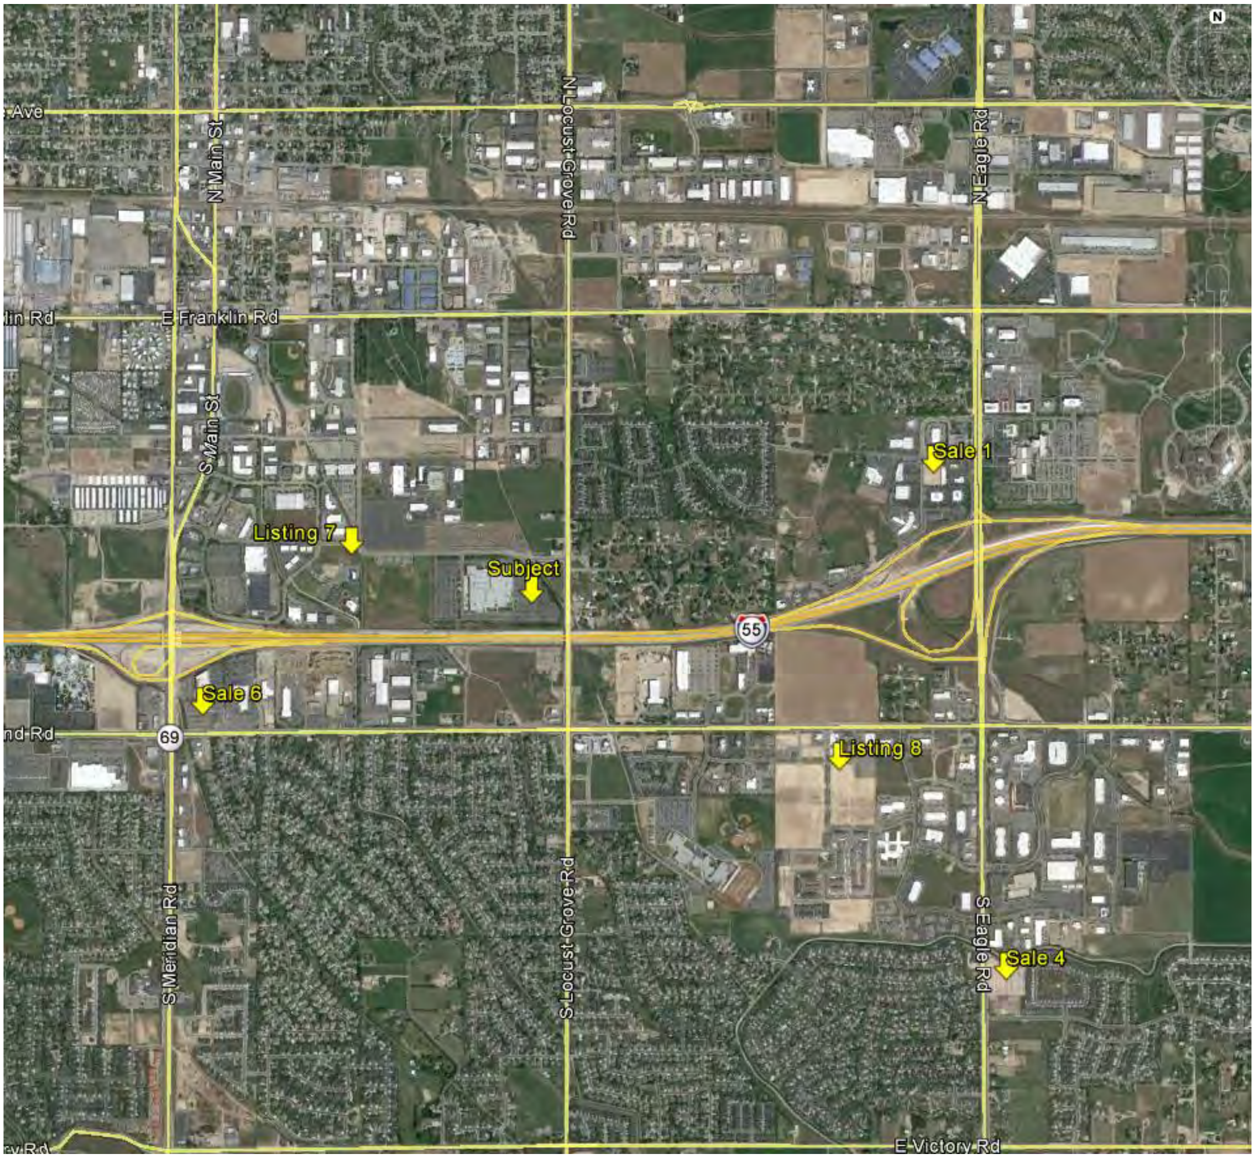
(Immediate Neighborhood)



Comparable Analysis

Prior to adjustment, the comparable prices ranged from $5.19 to $11.14 per square foot. The price differences are primarily attributable to date of sale, location, configuration, and size. Comparable 4 represents the lower-tier of the range. It is inferior to the subject for location and configuration. Comparable 1 represents the upper-tier of the range. It is a smaller site superior to the subject for location. After adjustment, the comparables bracket market value for the subject in a range of $6.49 to $8.09, with an average of $7.10 per square foot. Considering such factors as size, exposure, access, and immediate neighborhood, **market value for the subject's underlying land is concluded at $6.75 per square foot**. The market value indication table is presented following, which ranks the comparable sales in relation to the subject.

Market Value Indication

Comp #	Value Indication	Price/SF
1	Less than	$8.09
5	Less than	$7.80
6	Less than	$7.55
8	Less than	$7.14
2	Similar	$6.76
Subject	**Indicated Value**	**$6.75**
4	More than	$6.54
7	More than	$6.49
3	More than	$6.38

Contributory Value of the Site Improvements: The subject site (effective land area) is currently utilized as a parking lot. Site improvements include asphalt paved parking, access drives, concrete curbing, parking lot lighting, and sprinkler irrigated landscaping. The pad site area is 122,000 square feet. An estimated 50% or 61,000 square feet of the site improvements in this area will be razed upon development. The cost to raze the site improvements is estimated at $0.50 per square foot. The existing site improvements on the balance of the subject's effective site area, or 180,947 square feet will remain in place to support the future building. The contributory value of the site improvements was determined by depreciated cost. Cost new of the site improvements is estimated at $4.00 per square foot. With an estimated 10 year effective age and an estimated 30 year useful life, depreciation is estimated at 33% (10/30). As a result, the contributory value of the site improvements is estimated at $2.67 per square foot of the improved area.

Market Value Conclusion

With considerations regarding land value, contributory value of the site improvements, and costs to ready the site for development, market value for the subject is calculated as follows:

Sales Comparison Approach Conclusion

Size (effective sf)	x	Value/sf	= Market Value
241,947	x	$6.75	$1,633,142

Sales Comparison Approach Conclusion, Land Value Conclusion, rounded	**$1,635,000**
Add: Contributory value of site improvements (180,947 sf x $2.67/sf)	**$483,128**
Less: Cost to raze site improvements on pad site (61,000 sf x $0.50/sf)	**($30,500)**
Total	**$2,087,628**
Market Value: As Is, rounded	**$2,090,000**

Final Value Conclusion – Market Value: As Is

Value Conclusion Summary

Our value conclusion is summarized in the table presented below.

Value Conclusion(s)

Value Type	Value Premise	Interest Appraised	Effective Date	Value Conclusion
Market Value	As Is	Fee Simple	4/7/2016	$2,090,000

The **Sales Comparison Approach** resulted in a reliable conclusion of market value due to an adequate number of recent sales of similar commercial sites located within competing areas of the local market. The Sales Comparison Approach is an applicable approach for valuing land in this market and is the primarily analytical method used by market participants. The contributory value of the site improvements were added to the underlying land value, resulting in a reliable conclusions of “as is” market value.

The **Income Capitalization Approach** and the **Cost Approach** were not completed; they are not applicable for land valuation in this market.

Marketing Time: Marketing time is the time frame subsequent to the effective date of appraisal necessary to affect a sale of the property at the estimate of value(s) detailed herein. The estimate of value in this appraisal assumes the subject would experience a marketing time typical of the current market. Marketing time estimates can be supported by analyzing the actual time the comparable sales utilized in the valuation analysis were exposed to the market before they sold. Historically, development land transactions have been relatively stable within the regional market. Prior to 2008, the marketing time was typically 6 to 12 months. However, transactions were limited beginning in 2008 through mid-2010 as a result of the economic downturn and the tightening of lending guidelines, which has reduced both the amount of available capital and the number of potential buyers. Distressed sales were prevalent during this time for development land; however, these sales are not true indications of market value. Since mid-to-late 2010, both the national and local economies have strengthened and residential and commercial market conditions have improved. As a result, the commercial land market has stabilized, particularly for well-located properties, as evidenced by stable to appreciating land values and increasing transaction activity. Market conditions are anticipated to continue to improve near term. With this emphasis, and considering the subject market position, the marketing time pertaining to the market value conclusion(s) herein is estimated to be approximately 12 months.

Exposure Time: Exposure time is the length of time a property would have been offered on the market prior to consummation of sale at the estimate of market value on the effective date of the appraisal. Exposure time is a retrospective estimate based on the analysis of past events and market conditions. Locally, market conditions were weak from 2008 through mid-to-late 2010. Investors had been conservative due to 1) uncertainty and weakness in local market conditions, 2) uncertainty and weakness in local and national economies, and (3) reluctance in the mortgage lending community. Since 2011-2012, market and lending conditions have perceptively improved. Commercial land prices have strengthened and distressed transactions are no longer prevalent. With these considerations, the exposure time pertaining to the market value conclusion(s) for the subject is estimated to be approximately 12 months as of the effective date(s) of the appraisal.

Valuation and Conclusions – Market Rent

Comparative Analysis

To estimate market rent for the subject site (as a ground lease) numerous ground lease comparables in the local market were analyzed. A rent per square foot unit of comparison was employed. As presented in the following table, the ground lease comparables indicate a wide range from $0.37 to $3.35, with an average of $1.52 per square foot. The upper-tier of the range represents small pad sites in superior retail locations with significantly higher per square foot land values. Conversely, the lower-tier of the range represents larger sites in inferior commercial locations with lower per square foot land values. The best comparables are Comparables 14, 15, and 16, which exhibit a tighter range from $0.58 to $0.83, with an average of $0.71 per square foot. They are the most similar to the subject for size, location, and land/site improvements value. With primary emphasis give to Comparables 14, 15, and 16, and considering the site improvements on the subject site, **market rent for the subject site is concluded to be $0.79 per square foot or $190,000 annually ($0.79/sf x 241,947 sf site, rounded).**

							Maximum	**$3.35**			

Rent as a Percentage of Value Crosscheck:

Rental rates for ground leases in the local market are typically predicated on an 8% to 10% return on fee simple land value and site improvement costs. At $190,000, our conclusion of market rent is 9.1% of our fee simple value conclusion of $2,090,000, lending further support to our conclusion of market rent for the subject. The analysis is summarized in the following table.

Ground Rent Cross Check

Market Value	Rate of Return	Implied Annual Rent	Rent/SF/YR
$2,090,000	8.0%	$167,200	$0.69
	9.1%	$190,000	$0.79
Effective Land Size	10.0%	$209,000	$0.86
241,947			

Market Lease Terms:

Market lease terms associated with our conclusion of market rent include:

Lease Type: Absolute Net – Tenant pays or reimburses all operating expenses including property taxes, insurance, common maintenance/repairs/replacement, and management. Expenses are typically based on the subject's prorated share of the larger parcel.
Lease Term: 20 year initial lease term with 4- 5 year options to extend.
Escalations: Base rent escalations of 10% every 6th year or 2% annually.

General Assumptions & Limiting Conditions

This appraisal is subject to the following limiting conditions:

1. The legal description – if furnished to us – is assumed to be correct.

2. No responsibility is assumed for legal matters, questions of survey or title, soil or subsoil conditions, engineering, availability or capacity of utilities, or other similar technical matters. The appraisal does not constitute a survey of the property appraised. All existing liens and encumbrances have been disregarded and the property is appraised as though free and clear, under responsible ownership and competent management unless otherwise noted.

3. Unless otherwise noted, the appraisal will value the property as though free of contamination. Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. will conduct no hazardous materials or contamination inspection of any kind. It is recommended that the client hire an expert if the presence of hazardous materials or contamination poses any concern.

4. The stamps and/or consideration placed on deeds used to indicate sales are in correct relationship to the actual dollar amount of the transaction.

5. Unless otherwise noted, it is assumed there are no encroachments, zoning violations or restrictions existing in the subject property.

6. The appraiser is not required to give testimony or attendance in court by reason of this appraisal, unless previous arrangements have been made.

7. Unless expressly specified in the engagement letter, the fee for this appraisal does not include the attendance or giving of testimony by Appraiser at any court, regulatory, or other proceedings, or any conferences or other work in preparation for such proceeding. If any partner or employee of Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. is asked or required to appear and/or testify at any deposition, trial, or other proceeding about the preparation, conclusions or any other aspect of this assignment, client shall compensate Appraiser for the time spent by the partner or employee in appearing and/or testifying and in preparing to testify according to the Appraiser's then current hourly rate plus reimbursement of expenses.

8. The values for land and/or improvements, as contained in this report, are constituent parts of the total value reported and neither is (or are) to be used in making a summation appraisal of a combination of values created by another appraiser. Either is invalidated if so used.

9. The dates of value to which the opinions expressed in this report apply are set forth in this report. We assume no responsibility for economic or physical factors occurring at some point at a later date, which may affect the opinions stated herein. The forecasts, projections, or operating estimates contained herein are based on current market conditions and anticipated short-term supply and demand factors and are subject to change with future conditions.

10. The sketches, maps, plats and exhibits in this report are included to assist the reader in visualizing the property. The appraiser has made no survey of the property and assumed no responsibility in connection with such matters.

11. The information, estimates and opinions, which were obtained from sources outside of this office, are considered reliable. However, no liability for them can be assumed by the appraiser.

12. Possession of this report, or a copy thereof, does not carry with it the right of publication. Neither all, nor any part of the content of the report, or copy thereof (including conclusions as to property value, the identity of the appraisers, professional designations, reference to any professional appraisal organization or the firm with which the appraisers are connected), shall be disseminated to the public through advertising, public relations, news, sales, or other media without prior written consent and approval.

13. No claim is intended to be expressed for matters of expertise that would require specialized investigation or knowledge beyond that ordinarily employed by real estate appraisers. We claim no expertise in areas such as, but not limited to, legal, survey, structural, environmental, pest control, mechanical, etc.

14. This appraisal was prepared for the sole and exclusive use of the client for the function outlined herein. Any party who is not the client or intended user identified in the appraisal or engagement letter is not entitled to rely upon the contents of the appraisal without express written consent of Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. and Client. The Client shall not include partners, affiliates, or relatives of the party addressed herein. The appraiser assumes no obligation, liability or accountability to any third party.

15. Distribution of this report is at the sole discretion of the client, but no third-parties not listed as an intended user on the face of the appraisal or the engagement letter may rely upon the contents of the appraisal. In no event shall client give a third-party a partial copy of the appraisal report. We will make no distribution of the report without the specific direction of the client.

16. This appraisal shall be used only for the function outlined herein, unless expressly authorized by Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc.

17. This appraisal shall be considered in its entirety. No part thereof shall be used separately or out of context.

18. Unless otherwise noted in the body of this report, this appraisal assumes that the subject property does not fall within the areas where mandatory flood insurance is effective. Unless otherwise noted, we have not completed nor have we contracted to have completed an investigation to identify and/or quantify the presence of non-tidal wetland conditions on the subject property. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.

19. If the appraisal is for mortgage loan purposes 1) we assume satisfactory completion of improvements if construction is not complete, 2) no consideration has been given for rent loss during rent-up unless noted in the body of this report, and 3) occupancy at levels consistent with our "Income & Expense Projection" are anticipated.

20. It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures which would render it more or less valuable. No responsibility is assumed for such conditions or for engineering which may be required to discover them.

21. Our inspection included an observation of the land and improvements thereon only. It was not possible to observe conditions beneath the soil or hidden structural components within the improvements. We inspected the buildings involved, and reported damage (if any) by termites, dry rot, wet rot, or other infestations as a matter of information, and no guarantee of the amount or degree of damage (if any) is implied. Condition of heating, cooling, ventilation, electrical and plumbing equipment is considered to be commensurate with the condition of the balance of the improvements unless otherwise stated.

22. This appraisal does not guarantee compliance with building code and life safety code requirements of the local jurisdiction. It is assumed that all required licenses, consents, certificates of occupancy or other legislative or administrative authority from any local, state or national governmental or private entity or organization have been or can be obtained or renewed for any use on which the value conclusion contained in this report is based unless specifically stated to the contrary.

23. When possible, we have relied upon building measurements provided by the client, owner, or associated agents of these parties. In the absence of a detailed rent roll, reliable public records, or "as-built" plans provided to us, we have relied upon our own measurements of the subject improvements. We follow typical appraisal industry methods; however, we recognize that some factors may limit our ability to obtain accurate measurements including, but not limited to, property access on the day of inspection, basements, fenced/gated areas, grade elevations, greenery/shrubbery, uneven surfaces, multiple story structures, obtuse or acute wall angles, immobile obstructions, etc. Professional building area measurements of the quality, level of detail, or accuracy of professional measurement services are beyond the scope of this appraisal assignment.

24. We have attempted to reconcile sources of data discovered or provided during the appraisal process, including assessment department data. Ultimately, the measurements that are deemed by us to be the most accurate and/or reliable are used within this report. While the measurements and any accompanying sketches are considered to be reasonably accurate and reliable, we cannot guarantee their accuracy. Should the client desire a greater level of measuring detail, they are urged to retain the measurement services of a qualified professional (space planner, architect or building engineer). We reserve the right to use an alternative source of building size and amend the analysis, narrative and concluded values (at additional cost) should this alternative measurement source reflect or reveal substantial differences with the measurements used within the report.

25. In the absence of being provided with a detailed land survey, we have used assessment department data to ascertain the physical dimensions and acreage of the property. Should a survey prove this information to be inaccurate, we reserve the right to amend this appraisal (at additional cost) if substantial differences are discovered.

26. If only preliminary plans and specifications were available for use in the preparation of this appraisal, then this appraisal is subject to a review of the final plans and specifications when available (at additional cost) and we reserve the right to amend this appraisal if substantial differences are discovered.

27. Unless otherwise stated in this report, the value conclusion is predicated on the assumption that the property is free of contamination, environmental impairment or hazardous materials. Unless otherwise stated, the existence of hazardous material was not observed by the appraiser and the appraiser has no knowledge of the existence of such materials on or in the property. The appraiser, however, is not qualified to detect such substances. The presence of substances such as asbestos, urea-formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required for discovery. The client is urged to retain an expert in this field, if desired.

28. The Americans with Disabilities Act ("ADA") became effective January 26, 1992. We have not made a specific compliance survey of the property to determine if it is in conformity with the various requirements of the ADA. It is possible that a compliance survey of the property, together with an analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more of the requirements of the Act. If so, this could have a negative effect on the value of the property. Since we have no direct evidence relating to this issue, we did not consider possible noncompliance with the requirements of ADA in developing an opinion of value.

29. This appraisal applies to the land and building improvements only. The value of trade fixtures, furnishings, and other equipment, or subsurface rights (minerals, gas, and oil) were not considered in this appraisal unless specifically stated to the contrary.

30. No changes in any federal, state or local laws, regulations or codes (including, without limitation, the Internal Revenue Code) are anticipated, unless specifically stated to the contrary.

31. Any income and expense estimates contained in the appraisal report are used only for the purpose of estimating value and do not constitute prediction of future operating results. Furthermore, it is inevitable that some assumptions will not materialize and that unanticipated events may occur that will likely affect actual performance.

32. Any estimate of insurable value, if included within the scope of work and presented herein, is based upon figures developed consistent with industry practices. However, actual local and regional construction costs may vary significantly from our estimate and individual insurance policies and underwriters have varied specifications, exclusions, and non-insurable items. As such, we strongly recommend that the Client obtain estimates from professionals experienced in establishing insurance coverage. This analysis should not be relied upon to determine insurance coverage and we make no warranties regarding the accuracy of this estimate.

33. The data gathered in the course of this assignment (except data furnished by the Client) shall remain the property of the Appraiser. The appraiser will not violate the confidential nature of the appraiser-client relationship by improperly disclosing any confidential information furnished to the appraiser. Notwithstanding the foregoing, the Appraiser is authorized by the client to disclose all or any portion of the appraisal and related appraisal data to appropriate representatives of the Appraisal Institute if such disclosure is required to enable the appraiser to comply with the Bylaws and Regulations of such Institute now or hereafter in effect.

34. You and Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. both agree that any dispute over matters in excess of $5,000 will be submitted for resolution by arbitration. This includes fee disputes and any claim of malpractice. The arbitrator shall be mutually selected. If Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. and the client cannot agree on the arbitrator, the presiding head of the Local County Mediation & Arbitration panel shall select the arbitrator. Such arbitration shall be binding and final. In agreeing to arbitration, we both acknowledge that, by agreeing to binding arbitration, each of us is giving up the right to have the dispute decided in a court of law before a judge or jury. In the event that the client, or any other party, makes a claim against Mountain States Appraisal & Consulting, Inc. or any of its employees in connections with or in any way relating to this assignment, the maximum damages recoverable by Valbridge Property Ad

35. visors | Mountain States Appraisal & Consulting, Inc. for this assignment, and under no circumstances shall any claim for consequential damages be made.

36. Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. shall have no obligation, liability, or accountability to any third party. Any party who is not the "client" or intended user identified on the face of the appraisal or in the engagement letter is not entitled to rely upon the contents of the appraisal without the express written consent of Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. "Client" shall not include partners, affiliates, or relatives of the party named in the engagement letter. Client shall hold Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. and its employees harmless in the event of any lawsuit brought by any third party, lender, partner, or part-owner in any form of ownership or any other party as a result of this assignment. The client also agrees that in case of lawsuit arising from or in any way involving these appraisal services, client will hold Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. harmless from and against any liability, loss, cost, or expense incurred or suffered by Valbridge Property Advisors | Mountain States Appraisal & Consulting, Inc. in such action, regardless of its outcome.

37. The value opinion(s) provided herein is subject to any and all predications set forth in this report.

38. The Valbridge Property Advisors office responsible for the preparation of this report is independently owned and operated by Mountain States Appraisal & Consulting, Inc. Neither Valbridge Property Advisors, Inc., nor any of its affiliates has been engaged to provide this report. Valbridge Property Advisors, Inc. does not provide valuation services, and has taken no part in the preparation of this report.

39. If any claim is filed against any of Valbridge Property Advisors, Inc., a Florida Corporation, its affiliates, officers or employees, or the firm providing this report, in connection with, or in any way arising out of, or relating to, this report, or the engagement of the firm providing this report, then (1) under no circumstances shall such claimant be entitled to consequential, special or other damages, except only for direct compensatory damages, and (2) the maximum amount of such compensatory damages recoverable by such claimant shall be the amount actually received by the firm engaged to provide this report.

40. This report and any associated work files may be subject to evaluation by Valbridge Property Advisors, Inc., or its affiliates, for quality control purposes.

41. Acceptance and/or use of this appraisal report constitutes acceptance of the foregoing general assumptions and limiting conditions.

Certification

I, Jeff Vance, MAI, certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- I have no bias with respect to the property that is the subject of this report or to the parties involved with this assignment.
- I have performed no services as an appraiser or in any other capacity regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the a cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the *Uniform Standards of Professional Appraisal Practice*.
- The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics & Standards of Professional Appraisal Practice of the Appraisal Institute.
- The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives.
- I have made a current personal inspection of the property that is the subject of this report.
- The appraisal assignment was not based on a requested minimum valuation, a specific valuation, or the approval of a loan, and the appraiser's state registration/certification has not been revoked, suspended, cancelled, or restricted.
- This is to acknowledge the assistance of Joe Corlett, MAI, SRA, in preparation of this appraisal.
- As of the date of this report, I, Jeff Vance, MAI, have completed the continuing education program for Designated Members of the Appraisal Institute.
- Effective July 1, 1992, the State of Idaho implemented a mandatory program of licensing/certification of real estate appraisers. I have met the qualifications to appraise all types of real estate and am currently certified. My certification number is CGA-2828.

RE: Proposal & Engagement
122,000+/- S.F of Land,
Meridian Campus, Meridian, Idaho, 83646

Dear Dr. Katsilometes:

Pursuant to our phone conversation with Mr. Ray Kaufman, I submit our fee estimate for an appraisal of the above captioned property for the purpose of estimating its as is market value, as well as a fair market rental estimate. We have performed no services, as an appraiser or in any other capacity, regarding the subject property within the three-year period immediately preceding the date of this letter.

The appraisal I propose will be a narrative report with summary support for its value conclusions. Also, we will detail typical land rental terms and amounts. It will be made in conformity with, and is subject to the requirements of the Code of Professional Ethics and Standards of Professional Conduct of the Appraisal Institute and the Uniform Standards of Professional Appraisal Practice.

The fee to complete this assignment is $3,500 and is due in full at the time of delivery. Unless otherwise instructed, we will furnish you 3 copies of the report in addition to an electronic copy. The estimated completion date is 30 days from our receipt of your authorization to proceed and receipt of the requested information. In order to complete the appraisal we ask that you provide us relevant information needed for its preparation listed on the attached page.

The client of this appraisal shall be Idaho State University-Meridian and is for its sole and exclusive use. We request that you seek our written authorization before releasing the report to any other party.

Valbridge
PROPERTY ADVISORS
Mountain States Appraisal & Consulting, Inc.

The appraisal will not take into consideration the possibility that the property may be contaminated with PCB's, or any other hazardous, or radioactive substances. The value reported will be exclusive of the costs to discover, remove, or render harmless such environmental impairments. If you have any concern such substances may exist in the property, you should hire a qualified independent engineer or contractor to investigate. We cannot assume any responsibility for the discovery, analysis, or treatment of such substances on the subject or its surroundings.

I trust the above is satisfactory to your needs. Attached to and incorporated in this engagement letter are Valbridge Property Advisors | Mountain States Appraisal and Consulting Terms and Conditions of Agreement. These Terms and Conditions are a substantive part of our engagement and govern the work to be performed for you. The appraisal will be completed in a timely fashion.

Respectfully submitted,
Valbridge Property Advisors |
Mountain States Appraisal and Consulting

Joe Corlett

11. Environmental reports, if available
12. Any other information you deem pertinent

Valbridge
PROPERTY ADVISORS
Mountain States Appraisal & Consulting, Inc.

TERMS AND CONDITIONS OF AGREEMENT
APPRAISAL

1. These Terms and Conditions, when attached to any agreement for appraisal services between Client and Appraiser ("Agreement"), shall be deemed a part of such Agreement as though set forth in full therein.

2. Appraiser shall exercise independent judgment and complete the appraisal assignment called for by the Agreement ("Assignment") in accordance with sound appraisal practice and the Code of Professional Ethics and Standards of Professional Conduct of the Appraisal Institute.

3. All statements of fact in the appraisal report which are used as the basis of Appraiser's analyses, opinions, and conclusions will be true and correct to the best of Appraiser's knowledge and belief. Appraiser may rely upon the accuracy of information and material furnished to Appraiser by Client.

4. Appraiser shall have no responsibility for legal matters, questions of survey or title, soil or subsoil conditions, engineering, or other similar technical matters. The appraisal report will not constitute a survey of the property appraised.

5. Any party who is not the client or intended user identified in the appraisal or engagement letter is not entitled to rely upon the contents of the appraisal without express written consent of Connie Smith and Client. Distribution of the report is at the sole discretion of the client. We assume no responsibility for unauthorized use of the appraisal by a third-party.

6. Client shall, in a timely manner, provide Appraiser with such materials with respect to the Assignment as are requested by Appraiser and in the possession or under the control of Client. Client shall provide Appraiser with sufficient access to the real property to be appraised, and hereby grants permission for entry, at reasonable times during business hours. A delay in receipt of information may delay completion of the assignment.

7. To the extent allowed by law, each of the parties will indemnify and hold the other party harmless from and against any liability, cost or expense (including attorney fees) arising out of any claim or legal proceedings brought by a third party where such claim or legal proceedings is based on the negligent act or omission, or misconduct of the party against whom indemnification is sought.

8. Unless expressly specified in the Agreement, the fee quoted does not include the attendance or giving of testimony by Appraiser at any court, regulatory, or other proceedings, or any conferences or other work in preparation for such proceeding. If any partner or employee of Valbridge Property Advisors or Mountain States Appraisal & Consulting Inc. is asked or required to appear and/or testify at any deposition, trial, or other proceeding about the preparation, conclusions or any other aspect of this assignment, Client shall compensate Appraiser for the time spent by the partner or employee in appearing and/or testifying and in preparing to testify according to the Appraiser's then current hourly rate plus reimbursement of expenses.

Valbridge PROPERTY ADVISORS
Mountain States Appraisal & Consulting, Inc.

9. In the event Client requests additional consultation or work beyond the scope of this assignment or following completion of the initial assignment or in the event that the appraiser is deposed or called as a witness to testify at a trial or other proceeding, Client shall pay an additional charge for this work, at the Appraiser's standard hourly rate, whether or not the completed appraisal report has been delivered to Client at the time of the request. Often the Appraiser will be called upon as a witness to testify about the appraisal report or the Appraiser's conclusions or methodology. Any additional work for this purpose will be charged at Appraiser's standard hourly rate.

10. Client agrees that the appraisal report shall not be quoted or referred to in any financial statement of Client or in any documents filed with any governmental agency, if it is anticipated that such statement or documents will be relied upon by a member of the public in making an investment in property that is the subject of the appraisal, without the prior written consent of Appraiser. Neither all nor any part of the content of the appraisal report including, without limitation, the conclusions as to value, the identity of Appraiser, references to the Appraisal Institute or references to the MAI or SRA designations shall be disseminated to the public through advertising or other mass media without the prior written consent of Appraiser.

11. The data gathered in the course of the Assignment (except data furnished by Client) shall remain the property of the Appraiser. The appraisal report prepared pursuant to the Agreement shall remain the property of Client. With respect to data provided by Client, Appraiser shall not violate the confidential nature of the appraiser-client relationship by improperly disclosing any confidential information furnished to Appraiser. Notwithstanding the foregoing, Appraiser is authorized by Client to disclose all or any portion of the appraisal report and the related appraisal data to appropriate representatives of the Appraisal Institute if such disclosure is required to enable Appraiser to comply with the Bylaws and Regulations of such Institute as now or hereafter in effect.

12. The fee for this appraisal is not contingent upon the valuation of the property, the funding of any loan, or the outcome of litigation. Should the assignment be terminated prior to completion, Client agrees to pay for time and costs incurred prior to our receipt of written notice of cancellation.

13. In the event Client fails to make payment when due and payable, then from that date until payment in full is received, the amount due and payable shall bear interest at the rate of 18% per annum. If collection of any past due amounts are sent to a lawyer, regardless of whether a lawsuit is filed, the Client is responsible for all costs of collection, including attorneys' fees.

14. Valbridge Property Advisors | Mountain States Consulting & Appraisal Inc. reserves the right to approve or disapprove (the approval not to be unreasonably withheld), in writing and in advance of any filing with the SEC or other governmental agency, all uses of Valbridge Property Advisors and/or Mountain States Consulting & Appraisal Inc. name or references to the services provided hereunder by Valbridge Property Advisors and/or Mountain States Consulting & Appraisal Inc. provided however that such approval shall not be necessary in the event the appraisal report, the appraisers name, or the services provided hereunder are required to be disclosed as part of any SEC or other governmental filing.

Valbridge PROPERTY ADVISORS
Mountain States Appraisal & Consulting, Inc.

15. (Reserved)

16. The Valbridge Property Advisors office responsible for the preparation of this report is independently owned and operated by Mountain States Consulting & Appraisal Inc. Valbridge Property Advisors, Inc. has not been engaged to provide this report, does not provide valuation services, and has taken no part in the preparation of this report.

17. If any claim is filed against any of Valbridge Property Advisors, Inc. a Florida Corporation, its affiliates, officers or employees, or the firm providing this report, in connection with, or in any way arising out of, or relating to, this report, or the engagement of the firm providing this report, then (1) under no circumstances shall such claimant be entitled to consequential, special or other damages, except only for direct compensatory damages and (2) the maximum amount of such compensatory damages recoverable by such claimant shall be the amount actually received by the firm engaged to provide this report.

18. This report and any associated work files are subject to evaluation by Valbridge Property Advisors, Inc. for quality control purposes. If Client is unwilling to waive confidentiality for this purpose, client must inform Mountain States Consulting & Appraisal Inc. upon acceptance of this assignment.

19. All disputes shall be settled by binding arbitration in accordance with then then-existing commercial arbitration rules of the American Arbitration Association (the "AAA).

20. This document contains the entire agreement of the parties. No other agreement, statement or promise made on or before the effective date of this agreement will be binding on the parties. This agreement may only be modified by subsequent written agreement of the parties.

What do the different flood zones mean?

The following table gives an explanation of the flood zone designations used by First American Flood Data Services:

Zone	*Zone Name*	*Description*
100	Area in SFHA	This is an area inundated by 100-year flooding for which BFEs or velocity may have been determined. No distinctions are made between the different flood hazard zones that may be included within the SFHA.
100IC	100-year Flood Discharge Contained in Channel	An area where the 100-year flooding is contained within the channel banks and the channel is too narrow to show to scale. An arbitrary channel width of 3 meters is shown.
A	Zone A	An area inundated by 100 year flooding, for which no BFEs have been established.
A99	Zone A99	An area inundated by 100-year flooding, for which no BFEs have been determined. This is an area to be protected from the 100-year flood by a Federal flood protection system under construction.
AE	Zone AE	An area inundated by 100-year flooding, for which BFEs have been determined.
AH	Zone AH	An area inundated by 100-year flooding (usually an area of ponding), for which BFEs have been determined; flood depths range from 1 to 3 feet.
ANI	Area Not Included	An area that is located within a community or county that is not mapped on any published FIRM.
AO	Zone AO	An area inundated by 100-year flooding (usually sheet flow on sloping terrain), for which average depths have been determined; flood depths range from 1 to 3 feet.
AR	Zone AR	An area inundated by flooding, for which BFEs or average depths have been determined.
B	Zone B	An area inundated by 500-year flooding; an area inundated by 100-year flooding with average depths of less than 1 foot or with drainage areas less than 1 square mile; or an area protected by levees from 100-year flooding.
BE	Zone BE	An area inundated by 500-year flooding; an area inundated by 100-year flooding with average depths of less than 1 foot or with drainage areas less than 1 square mile; or an area protected by levees from 100-year flooding.
BL	Zone B Protected By Levee	Areas protected from the 1% annual chance flood by levees. No Base Flood Elevations or depths are shown within this zone.
BX	Zone BX	An area inundated by 500-year flooding; an area inundated by 100-year flooding with average depths of less than 1 foot or with drainage areas less than 1 square mile; or an area protected by levees from 100-year flooding.
C	Zone C	An area that is determined to be outside the 100- and 500-year floodplains.
CE	Zone CE	An area that is determined to be outside the 100- and 500-year floodplains.
CX	Zone CX	An area that is determined to be outside the 100- and 500-year floodplains.
D	Zone D	An area of undetermined but possible flood hazards.
FW	Floodway	An area that includes the channel of a river or other watercourse (Usually adjacent to Zone AE).
FWIC	Floodway Contained in Channel	An area where the floodway is contained within the channel banks and the channel is too narrow to show to scale. An arbitrary channel width of 3 meters is shown. BFEs are not shown in this area, although they may be reflected on the corresponding profile
IN	Area In SFHA	This is an area inundated by 100-year flooding for which BFEs or velocity may have been determined. No distinctions are made between the different flood hazard zones that may be included within the SFHA.
NM	Area Not Mapped	An area that is located within a community or county that is not mapped on any published FIRM.
OUT	Area Not Mapped	An area designated as outside a "Special Flood Hazard Area" (or SFHA) on a FIRM. This is an area inundated by 500-year flooding; an area inundated by 100-year flooding with average depths of less than 1 foot or with drainage areas less than 1 square mile
OW	Open Water	A body of open water, such as a large pond, lake, bay, ocean, etc., located within a community's jurisdictional limits, that has no defined flood hazard.
UNDES	Area of Undesignated Flood Hazard	A body of open water, such as a pond, lake ocean, etc., located within a community's jurisdictional limits, that has no defined flood hazard.

V	Zone V	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
VE	Zone VE	An area inundated by 100-year flooding with velocity hazard (wave action); BFEs have been determined.
X	Zone X	An area that is determined to be outside the 100- and 500-year floodplains.
X5	Zone X (500-year)	An area inundated by 500-year flooding; an area inundated by 100-year flooding with average depths of less than 1 foot or with drainage areas less than 1 square mile; or an area protected by levees from 100-year flooding.
X500	Zone X (500-year)	An area inundated by 500-year flooding; an area inundated by 100-year flooding with average depths of less than 1 foot or with drainage areas less than 1 square mile; or an area protected by levees from 100-year flooding.
X500IC	500-year Flood Discharge Contained in Channel	An area where the 500-year flooding is contained within the channel banks and the channel is too narrow to show to scale. An arbitrary channel width of 3 meters is shown.
X500L	Zone X500 Protected By Levee	Areas protected from the 1% annual chance flood by levees. No Base Flood Elevations or depths are shown within this zone.
A1	Zone A1	An area inundated by 100 year flooding, for which no BFEs have been established.
A2	Zone A2	An area inundated by 100 year flooding, for which no BFEs have been established.
A3	Zone A3	An area inundated by 100 year flooding, for which no BFEs have been established.
A4	Zone A4	An area inundated by 100 year flooding, for which no BFEs have been established.
A5	Zone A5	An area inundated by 100 year flooding, for which no BFEs have been established.
A6	Zone A6	An area inundated by 100 year flooding, for which no BFEs have been established.
A7	Zone A7	An area inundated by 100 year flooding, for which no BFEs have been established.
A8	Zone A8	An area inundated by 100 year flooding, for which no BFEs have been established.
A9	Zone A9	An area inundated by 100 year flooding, for which no BFEs have been established.
A10	Zone A10	An area inundated by 100 year flooding, for which no BFEs have been established.
A11	Zone A11	An area inundated by 100 year flooding, for which no BFEs have been established.
A12	Zone A12	An area inundated by 100 year flooding, for which no BFEs have been established.
A13	Zone A13	An area inundated by 100 year flooding, for which no BFEs have been established.
A14	Zone A14	An area inundated by 100 year flooding, for which no BFEs have been established.
A15	Zone A15	An area inundated by 100 year flooding, for which no BFEs have been established.
A16	Zone A16	An area inundated by 100 year flooding, for which no BFEs have been established.
A17	Zone A17	An area inundated by 100 year flooding, for which no BFEs have been established.
A18	Zone A18	An area inundated by 100 year flooding, for which no BFEs have been established.
A19	Zone A19	An area inundated by 100 year flooding, for which no BFEs have been established.
A20	Zone A20	An area inundated by 100 year flooding, for which no BFEs have been established.
A21	Zone A21	An area inundated by 100 year flooding, for which no BFEs have been established.
A22	Zone A22	An area inundated by 100 year flooding, for which no BFEs have been established.
A23	Zone A23	An area inundated by 100 year flooding, for which no BFEs have been established.
A24	Zone A24	An area inundated by 100 year flooding, for which no BFEs have been established.
A25	Zone A25	An area inundated by 100 year flooding, for which no BFEs have been established.
A26	Zone A26	An area inundated by 100 year flooding, for which no BFEs have been established.
A27	Zone A27	An area inundated by 100 year flooding, for which no BFEs have been established.
A28	Zone A28	An area inundated by 100 year flooding, for which no BFEs have been established.
A29	Zone A29	An area inundated by 100 year flooding, for which no BFEs have been established.
A30	Zone A30	An area inundated by 100 year flooding, for which no BFEs have been established.

V0	Zone V0	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V1	Zone V1	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V2	Zone V2	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V3	Zone V3	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V4	Zone V4	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V5	Zone V5	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V6	Zone V6	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V7	Zone V7	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V8	Zone V8	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V9	Zone V9	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V10	Zone V10	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V11	Zone V11	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V12	Zone V12	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V13	Zone V13	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V14	Zone V14	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V15	Zone V15	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V16	Zone V16	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V17	Zone V17	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V18	Zone V18	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V19	Zone V19	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V20	Zone V20	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V21	Zone V21	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V22	Zone V22	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V23	Zone V23	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V24	Zone V24	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V25	Zone V25	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been

		determined.
V26	Zone V26	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V27	Zone V27	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V28	Zone V28	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V29	Zone V29	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
V30	Zone V30	An area inundated by 100-year flooding with velocity hazard (wave action); no BFEs have been determined.
Z	Area of Unknown Flood Hazard	An area of Data Discrepancy or an Unclaimed Area. Internal TFHC designation.
N	Area Not Mapped	An area that is located within a community or county that is not mapped on any published FIRM (Usually a community not participating in NFIP). Internal TFHC designation.
AR/A	Zone AR/A	An area inundated by flooding, for which BFEs or average depths have not been determined.
AR/AE	Zone AR/AE	An area inundated by flooding, for which BFEs or average depths have been determined.
AR/AH	Zone AR/AH	An area inundated by flooding, for which BFEs or average depths have been determined.

Glossary

Definitions are taken from the Dictionary of Real Estate Appraisal, 5th Edition (Dictionary), the Uniform Standards of Professional Appraisal Practice (USPAP) and Building Owners and Managers Association International (BOMA).

Absolute Net Lease

A lease in which the tenant pays all expenses including structural maintenance, building reserves, and management; often a long-term lease to a credit tenant. (Dictionary)

Additional Rent

Any amounts due under a lease that is in addition to base rent. Most common form is operating expense increases. (Dictionary)

Amortization

The process of retiring a debt or recovering a capital investment, typically though scheduled, systematic repayment of the principal; a program of periodic contributions to a sinking fund or debt retirement fund. (Dictionary)

As Is Market Value

The estimate of the market value of real property in its current physical condition, use, and zoning as of the appraisal date. (Dictionary)

Base (Shell) Building

The existing shell condition of a building prior to the installation of tenant improvements. This condition varies from building to building, landlord to landlord, and generally involves the level of finish above the ceiling grid. (Dictionary)

Base Rent

The minimum rent stipulated in a lease. (Dictionary)

Base Year

The year on which escalation clauses in a lease are based. (Dictionary)

Building Common Area

The areas of the building that provide services to building tenants but which are not included in the rentable area of any specific tenant. These areas may include, but shall not be limited to, main and auxiliary lobbies, atrium spaces at the level of the finished floor, concierge areas or security desks, conference rooms, lounges or vending areas food service facilities, health or fitness centers, daycare facilities, locker or shower facilities, mail rooms, fire control rooms, fully enclosed courtyards outside the exterior walls, and building core and service areas such as fully enclosed mechanical or equipment rooms. Specifically excluded from building common areas are; floor common areas, parking spaces, portions of loading docks outside the building line, and major vertical penetrations. (BOMA)

Building Rentable Area

The sum of all floor rentable areas. Floor rentable area is the result of subtracting from the gross measured area of a floor the major vertical penetrations on that same floor. It is generally fixed for the life of the building and is rarely affected by changes in corridor size or configuration. (BOMA)

Certificate of Occupancy (COO)

A statement issued by a local government verifying that a newly constructed building is in compliance with all codes and may be occupied.

Common Area (Public) Factor

In a lease, the common area (public) factor is the multiplier to a tenant's useable space that accounts for the tenant's proportionate share of the common area (restrooms, elevator lobby, mechanical rooms, etc.). The public factor is usually expressed as a percentage and ranges from a low of 5 percent for a full tenant to as high as 15 percent or more for a multi-tenant floor. Subtracting one (1) from the quotient of the rentable area divided by the useable area yields the load (public) factor. At times confused with the "loss factor" which is the total rentable area of the full floor less the useable area divided by the rentable area. (BOMA)

Common Area Maintenance (CAM)

The expense of operating and maintaining common areas; may or may not include management charges and usually does not include capital expenditures on tenant improvements or other improvements to the property.

CAM can be a line-item expense for a group of items that can include maintenance of the parking lot and landscaped areas and sometimes the exterior walls of the buildings. CAM can refer to all operating expenses.

CAM can refer to the reimbursement by the tenant to the landlord for all expenses reimbursable under the lease. Sometimes reimbursements have what is called an administrative load. An example would be a 15 percent addition to total operating expenses, which are then prorated among tenants. The administrative load, also called an administrative and marketing fee, can be a substitute for or an addition to a management fee. (Dictionary)

Condominium

A form of ownership in which each owner possesses the exclusive right to use and occupy an allotted unit plus an undivided interest in common areas.

A multiunit structure, or a unit within such a structure, with a condominium form of ownership. (Dictionary)

Conservation Easement

An interest in real property restricting future land use to preservation, conservation, wildlife habitat, or some combination of those uses. A conservation easement may permit farming, timber harvesting, or other uses of a rural nature to continue, subject to the easement. In some locations, a conservation easement may be referred to as a conservation restriction. (Dictionary)

Contributory Value

The change in the value of a property as a whole, whether positive or negative, resulting from the addition or deletion of a property component. Also called deprival value in some countries. (Dictionary)

Debt Coverage Ratio (DCR)

The ratio of net operating income to annual debt service (DCR = NOI/Im), which measures the relative ability to a property to meet its debt service out of net operating income. Also called Debt Service Coverage Ratio (DSCR). A larger DCR indicates a greater ability for a property to withstand a downturn in revenue, providing an improved safety margin for a lender. (Dictionary)

Deed Restriction

A provision written into a deed that limits the use of land. Deed restrictions usually remain in effect when title passes to subsequent owners. (Dictionary)

Depreciation

1) In appraising, the loss in a property value from any cause; the difference between the cost of an improvement on the effective date of the appraisal and the market value of the improvement on the same date. 2) In accounting, an allowance made against the loss in value of an asset for a defined purpose and computed using a specified method. (Dictionary)

Disposition Value

The most probable price that a specified interest in real property is likely to bring under the following conditions:

- Consummation of a sale within a exposure time specified by the client;
- The property is subjected to market conditions prevailing as of the date of valuation;
- Both the buyer and seller are acting prudently and knowledgeably;
- The seller is under compulsion to sell;
- The buyer is typically motivated;
- Both parties are acting in what they consider to be their best interests;
- An adequate marketing effort will be made during the exposure time specified by the client;
- Payment will be made in cash in U.S. dollars or in terms of financial arrangements comparable thereto; and
- The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. (Dictionary)

Easement

The right to use another's land for a stated purpose. (Dictionary)

EIFS

Exterior Insulation Finishing System. This is a type of exterior wall cladding system. Sometimes referred to as dry-vit.

Effective Date

1) The date at which the analyses, opinions, and advice in an appraisal, review, or consulting service apply. 2) In a lease document, the date upon which the lease goes into effect. (Dictionary)

Effective Rent

The rental rate net of financial concessions such as periods of no rent during the lease term and above- or below-market tenant improvements (TIs). (Dictionary)

EPDM

Ethylene Diene Monomer Rubber. A type of synthetic rubber typically used for roof coverings. (Dictionary)

Escalation Clause
A clause in an agreement that provides for the adjustment of a price or rent based on some event or index. e.g., a provision to increase rent if operating expenses increase; also called an expense recovery clause or stop clause. (Dictionary)

Estoppel Certificate
A statement of material factors or conditions of which another person can rely because it cannot be denied at a later date. In real estate, a buyer of rental property typically requests estoppel certificates from existing tenants. Sometimes referred to as an estoppel letter. (Dictionary)

Excess Land
Land that is not needed to serve or support the existing improvement. The highest and best use of the excess land may or may not be the same as the highest and best use of the improved parcel. Excess land may have the potential to be sold separately and is valued separately. (Dictionary)

Expense Stop
A clause in a lease that limits the landlord's expense obligation, which results in the lessee paying any operating expenses above a stated level or amount. (Dictionary)

Exposure Time
1) The time a property remains on the market. 2) The estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal; a retrospective estimate based on an analysis of past events assuming a competitive and open market. (Dictionary)

Extraordinary Assumption
An assumption, directly related to a specific assignment, which, if found to be false, could alter the appraiser's opinions or conclusions. Extraordinary assumptions presume as fact otherwise uncertain information about physical, legal, or economic characteristics of the subject property; or about conditions external to the property such as market conditions or trends; or about the integrity of data used in an analysis. (Dictionary)

Fair Market Value
The price at which the property should change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of relevant facts. [Treas. Reg. 20.2031-1(b); Rev. Rul. 59-60. 1959-1 C.B. 237]

Fee Simple Estate
Absolute ownership unencumbered by any other interest or estate, subject only to the limitations imposed by the governmental powers of taxation, eminent domain, police power, and escheat. (Dictionary)

Floor Common Area
Areas on a floor such as washrooms, janitorial closets, electrical rooms, telephone rooms, mechanical rooms, elevator lobbies, and public corridors which are available primarily for the use of tenants on that floor. (BOMA)

Full Service (Gross) Lease
A lease in which the landlord receives stipulated rent and is obligated to pay all of the property's operating and fixed expenses; also called a full service lease. (Dictionary)

Going Concern Value
- The market value of all the tangible and intangible assets of an established and operating business with an indefinite life, as if sold in aggregate; more accurately termed the market value of the going concern.
- The value of an operating business enterprise. Goodwill may be separately measured but is an integral component of going-concern value when it exists and is recognizable. (Dictionary)

Gross Building Area
The total constructed area of a building. It is generally not used for leasing purposes (BOMA)

Gross Measured Area
The total area of a building enclosed by the dominant portion (the portion of the inside finished surface of the permanent outer building wall which is 50 percent or more of the vertical floor-to-ceiling dimension, at the given point being measured as one moves horizontally along the wall), excluding parking areas and loading docks (or portions of the same) outside the building line. It is generally not used for leasing purposes and is calculated on a floor by floor basis. (BOMA)

Gross Up Method
A method of calculating variable operating expense in income-producing properties when less than 100

percent occupancy is assumed. The gross up method approximates the actual expense of providing services to the rentable area of a building given a specified rate of occupancy. (Dictionary)

Ground Lease
A lease that grants the right to use and occupy land. Improvements made by the ground lessee typically revert to the ground lessor at the end of the lease term. (Dictionary)

Ground Rent
The rent paid for the right to use and occupy land according to the terms of a ground lease; the portion of the total rent allocated to the underlying land. (Dictionary)

HVAC
Heating, ventilation, air conditioning. A general term encompassing any system designed to heat and cool a building in its entirety.

Highest & Best Use
The reasonably probable and legal use of vacant land or an improved property that is physically possible, appropriately supported, financially feasible, and that results in the highest value. The four criteria the highest and best use must meet are 1) legal permissibility, 2) physical possibility, 3) financial feasibility, and 4) maximally profitability. Alternatively, the probable use of land or improved –specific with respect to the user and timing of the use–that is adequately supported and results in the highest present value. (Dictionary)

Hypothetical Condition
That which is contrary to what exists but is supposed for the purpose of analysis. Hypothetical conditions assume conditions contrary to known facts about physical, legal, or economic characteristics of the subject property; or about conditions external to the property, such as market conditions or trends; or about the integrity of data used in an analysis. (Dictionary)

Industrial Gross Lease
A lease of industrial property in which the landlord and tenant share expenses. The landlord receives stipulated rent and is obligated to pay certain operating expenses, often structural maintenance, insurance and real estate taxes as specified in the lease. There are significant regional and local differences in the use of this term. (Dictionary)

Insurable Value
A type of value for insurance purposes. (Dictionary) (Typically this includes replacement cost less basement excavation, foundation, underground piping and architect's fees).

Investment Value
The value of a property interest to a particular investor or class of investors based on the investor's specific requirements. Investment value may be different from market value because it depends on a set of investment criteria that are not necessarily typical of the market. (Dictionary)

Just Compensation
In condemnation, the amount of loss for which a property owner is compensated when his or her property is taken. Just compensation should put the owner in as good a position as he or she would be if the property had not been taken. (Dictionary)

Leased Fee Interest
A freehold (ownership interest) where the possessory interest has been granted to another party by creation of a contractual landlord-tenant relationship (i.e., a lease). (Dictionary)

Leasehold Interest
The tenant's possessory interest created by a lease. (Dictionary)

Lessee (Tenant)
One who has the right to occupancy and use of the property of another for a period of time according to a lease agreement. (Dictionary)

Lessor (Landlord)
One who conveys the rights of occupancy and use to others under a lease agreement. (Dictionary)

Liquidation Value
The most probable price that a specified interest in real property should bring under the following conditions:

- Consummation of a sale within a short period.
- The property is subjected to market conditions prevailing as of the date of valuation.
- Both the buyer and seller are acting prudently and knowledgeably.
- The seller is under extreme compulsion to sell.
- The buyer is typically motivated.
- Both parties are acting in what they consider to be their best interests.

- A normal marketing effort is not possible due to the brief exposure time.
- Payment will be made in cash in U.S. dollars or in terms of financial arrangements comparable thereto.
- The price represents the normal consideration for the property sold, unaffected by special or creative financing or sales concessions granted by anyone associated with the sale. (Dictionary)

Loan to Value Ratio (LTV)
The amount of money borrowed in relation to the total market value of a property. Expressed as a percentage of the loan amount divided by the property value. (Dictionary)

Major Vertical Penetrations
Stairs, elevator shafts, flues, pipe shafts, vertical ducts, and the like, and their enclosing walls. Atria, lightwells and similar penetrations above the finished floor are included in this definition. Not included, however, are vertical penetrations built for the private use of a tenant occupying office areas on more than one floor. Structural columns, openings for vertical electric cable or telephone distribution, and openings for plumbing lines are not considered to be major vertical penetrations. (BOMA)

Market Rent
The most probable rent that a property should bring in a competitive and open market reflecting all conditions and restrictions of the lease agreement including permitted uses, use restrictions, expense obligations; term, concessions, renewal and purchase options and tenant improvements (TIs). (Dictionary)

Market Value
The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

a. Buyer and seller are typically motivated;
b. Both parties are well informed or well advised, and acting in what they consider their own best interests;
c. A reasonable time is allowed for exposure in the open market;
d. Payment is made in terms of cash in United States dollars or in terms of financial arrangements comparable thereto; and
e. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.

Market Value As If Complete
Market value as if complete means the market value of the property with all proposed construction, conversion or rehabilitation hypothetically completed or under other specified hypothetical conditions as of the date of the appraisal. With regard to properties wherein anticipated market conditions indicate that stabilized occupancy is not likely as of the date of completion, this estimate of value shall reflect the market value of the property as if complete and prepared for occupancy by tenants.

Market Value As If Stabilized
Market value as if stabilized means the market value of the property at a current point and time when all improvements have been physically constructed and the property has been leased to its optimum level of long term occupancy.

Marketing Time
An opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of the appraisal. Marketing time differs from exposure time, which is always presumed to precede the effective date of an appraisal. (Advisory Opinion 7 of the Standards Board of the Appraisal Foundation and Statement on Appraisal Standards No. 6, “Reasonable Exposure Time in Real Property and Personal Property Market Value Opinions” address the determination of reasonable exposure and marketing time). (Dictionary)

Master Lease
A lease in which the fee owner leases a part or the entire property to a single entity (the master lease) in return for a stipulated rent. The master lessee then leases the property to multiple tenants. (Dictionary)

Modified Gross Lease
A lease in which the landlord receives stipulated rent and is obligated to pay some, but not all, of the property’s operating and fixed expenses. Since assignment of expenses varies among modified gross leases, expense responsibility must always be specified. In some markets, a modified gross lease

may be called a double net lease, net net lease, partial net lease, or semi-gross lease. (Dictionary)

Option
A legal contract, typically purchased for a stated consideration, that permits but does not require the holder of the option (known as the optionee) to buy, sell, or lease real property for a stipulated period of time in accordance with specified terms; a unilateral right to exercise a privilege. (Dictionary)

Partial Interest
Divided or undivided rights in real estate that represent less than the whole (a fractional interest). (Dictionary)

Pass Through
A tenant's portion of operating expenses that may be composed of common area maintenance (CAM), real estate taxes, property insurance, and any other expenses determined in the lease agreement to be paid by the tenant. (Dictionary)

Prospective Future Value Upon Completion
Market value "upon completion" is a prospective future value estimate of a property at a point in time when all of its improvements are fully completed. It assumes all proposed construction, conversion, or rehabilitation is hypothetically complete as of a future date when such effort is projected to occur. The projected completion date and the value estimate must reflect the market value of the property in its projected condition, i.e., completely vacant or partially occupied. The cash flow must reflect lease-up costs, required tenant improvements and leasing commissions on all areas not leased and occupied.

Prospective Future Value Upon Stabilization
Market value "upon stabilization" is a prospective future value estimate of a property at a point in time when stabilized occupancy has been achieved. The projected stabilization date and the value estimate must reflect the absorption period required to achieve stabilization. In addition, the cash flows must reflect lease-up costs, required tenant improvements and leasing commissions on all unleased areas.

Replacement Cost
The estimated cost to construct, at current prices as of the effective appraisal date, a substitute for the building being appraised, using modern materials and current standards, design, and layout. (Dictionary)

Reproduction Cost
The estimated cost to construct, at current prices as of the effective date of the appraisal, an exact duplicate or replica of the building being appraised, using the same materials, construction standards, design, layout, and quality of workmanship and embodying all of the deficiencies, super-adequacies, and obsolescence of the subject building. (Dictionary)

Retrospective Value Opinion
A value opinion effective as of a specified historical date. The term does not define a type of value. Instead, it identifies a value opinion as being effective at some specific prior date. Value as of a historical date is frequently sought in connection with property tax appeals, damage models, lease renegotiation, deficiency judgments, estate tax, and condemnation. Inclusion of the type of value with this term is appropriate, e.g., "retrospective market value opinion." (Dictionary)

Sandwich Leasehold Estate
The interest held by the original lessee when the property is subleased to another party; a type of leasehold estate. (Dictionary)

Sublease
An agreement in which the lessee (i.e., the tenant) leases part or all of the property to another party and thereby becomes a lessor. (Dictionary)

Subordination
A contractual arrangement in which a party with a claim to certain assets agrees to make his or her claim junior, or subordinate, to the claims of another party. (Dictionary)

Substantial Completion
Generally used in reference to the construction of tenant improvements (TIs). The tenant's premises are typically deemed to be substantially completed when all of the TIs for the premises have been completed in accordance with the plans and specifications previously approved by the tenant. Sometimes used to define the commencement date of a lease.

Surplus Land
Land that is not currently needed to support the existing improvement but cannot be separated from the property and sold off. Surplus land does not have an independent highest and best use and may or may not contribute value to the improved parcel. (Dictionary)

Triple Net (Net Net Net) Lease

A lease in which the tenant assumes all expenses (fixed and variable) of operating a property except that the landlord is responsible for structural maintenance, building reserves, and management. Also called NNN, triple net leases, or fully net lease. (Dictionary)

(The market definition of a triple net leases varies; in some cases tenants pay for items such as roof repairs, parking lot repairs, and other similar items.)

Usable Area

The measured area of an office area, store area or building common area on a floor. The total of all the usable areas or a floor shall equal floor usable area of that same floor. The amount of floor usable area can vary over the life of a building as corridors expand and contract and as floors are remodeled. (BOMA)

Value-in-Use

The value of a property assuming a specific use, which may or may not be the property's highest and best use on the effective date of the appraisal. Value in use may or may not be equal to market value but is different conceptually. (Dictionary)

Valbridge PROPERTY ADVISORS

SERVICES

Valuation and Advisory Services for All Types of Property and Land

- **Office**
- **Industrial**
- **Retail**
- **Apartments/multifamily/senior living**
- **Lodging/hospitality/recreational**
- **Other special-purpose properties**

SPECIALTY SERVICES

- Portfolio valuation
- REO/foreclosure evaluation
- Real estate market and feasibility analysis
- Property and lease comparables, including lease review
- Due diligence
- Property tax assessment and appeal-support services
- Valuations and analysis of property under eminent domain proceedings
- Valuations of property for financial reporting, including goodwill impairment, impairment or disposal of long-lived assets, fair value and leasehold valuations
- Valuation of property for insurance, estate planning and trusteeship, including fractional interest valuation for gifting and IRS purposes
- Litigation support, including expert witness testimony
- Business and partnership valuation and advisory services, including partial interests

IDAHO STATE UNIVERSITY

SUBJECT

Establishment of an online program fee for the Community Paramedic academic certificate program

REFERENCE

April 2016	The Idaho State Board of Education (Board) approved institutions' student tuition and fees for FY2017

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.R.3.a.x.

BACKGROUND/DISCUSSION

Subsequent to the approval of student tuition and fees by the Board in April 2016, Idaho State University (ISU) has determined that an online program fee (in lieu of tuition and all other Board-approved fees) would be appropriate for the Community Paramedic academic certificate program. The program is fully online, with all courses offered and delivered via distance learning modalities. This is the first request for an on-line program fee by ISU.

IMPACT

The proposed online program fee for this program is $3,300. Currently, with no online program fee in place, a student in this program would pay $3,547 for the courses leading to the certificate.

ATTACHMENTS

Attachment 1 – Community Paramedic Online Program Fee Proposal	Page 3
Attachment 2 – Community Paramedic Budget 7-8-2016	Page 5

STAFF COMMENTS AND RECOMMENDATIONS

The proposed online program fee for the Community Paramedic certificate program meets the criteria specified in Board Policy V.R., lowers the cost of the program to students, and enhances the affordability and marketability of the program. Staff recommends approval.

BOARD ACTION

I move to approve the request by Idaho State University to establish a $3,300.00 online program fee for the Community Paramedic certificate program.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

THIS PAGE INTENTIONALLY LEFT BLANK

ATTACHMENT 1

The Emergency Services Department (ESD) is proposing an online program fee for the Community Paramedic Academic Certificate Program of $3,300.00 per student.

The Community Paramedic Academic Certificate Program consists of nine academic credits made up of four classes and the clinical practicum offered over three semesters. All classes are taught online by paramedics and healthcare experts who have training and field experience in/with community paramedicine.

Budget Narrative – Community Paramedic Academic Certificate

Salaries and Wages-

- Mike Mikitish, Program Director/Dept Chair, will devote 2% per year, towards the program. His primary responsibility is overall project management including contract development.
- Ellen Jones, Course Coordinator, will devote 2% per year towards the program. Her responsibilities include student first point of contact post acceptance to program, program marketing and advising.
- Suzanne Shemwell, Administrative Assistant, will devote 2% per year towards the program. Her main focus is class scheduling and liaison to the registrar's office, course material sourcing.
- Karen Carson, Financial Technician, will devote 2% per year towards the program. Her primary responsibility is reconciling actual expenses to the budget, first point of contact for contractor compensation and payments, tracking discrepancies and problem resolution, as well as, contract compliance and development support.

Fringe –

- In years 2-5 of the budget presentation, a 3% incremental increase was included each year to salary expenses. Fringe benefits were applied at a standard rate of 20.96% for professional staff (Mike and Ellen) and 21.27% on staff salaries for all 5 years of the budget presentation. Medical insurance was included in year 1 at an annual rate of $12,240.00. Years 2-5 include a 9% incremental increase year over year.

Course Development –

- Salaries and benefits also include an estimate of $1,200.00 per year for use in paying instructors for course materials development. Course development includes curriculum updates, tests, newly identified resource materials, class presentations and cds amended, created or revised to current standards.

Travel –

- A travel allowance has been budgeted to cover Program Director and/or staff expenses related to attendance of course/topic specific conferences/seminars, such as the International Roundtable on Community Paramedicine. Additionally, a factor for periodic travel to main campus as may be required for meetings or discussion is included. The request is lower in the first year of the budget @$750.00/year with an increase to $1000.00/annually in years 2-5, aligned with expected program growth.

Other Direct Costs –

- Professional Services - $50/student for FISDAP registration. FISDAP is an online scheduling tool for use in the clinical phase of the program.

ATTACHMENT 1

- Contractual Services – budgeted payments to Ada County Paramedics for program instruction is calculated using an agreed upon sliding scale based on the total number of students participating in the program per semester. The contract includes expenses for the compensation of the Paramedic Director, Paramedic Instructor and Paramedic Agency Coordinator. Each consultant's roles, responsibilities, deliverables and compensation are based on the signed addendum agreement #11425-1-16.

Materials and Supplies –

- An average of $500/year is requested for needed material and supplies to support the program.

Capital –

- $1,800.00 for the first year and $3,500 in years 2-5 will be needed to for technology upgrades and/or repair.

Honoraria –

- An average of $2,150/annually is included for 3 subject matter expert guest speakers.

Other –

- Communications/Postage - A total of $500/year is requested for phone, postage, fax, etc. costs. Because this is a live-online program, many of the students are out of our local area resulting in small increases to long distance phone charges, increased fax use, etc.
- Specific costs associated with each student include:
  - $45.00 background check required for acceptance into clinical sites.
  - $20.00 malpractice insurance also applicable to clinical training.

Community Paramedic Track (SHIP Grant) - 15% OH Rate

EASTERN IDAHO TECHNICAL COLLEGE

SUBJECT

Request to provide right of way and permanent easement to City of Idaho Falls

REFERENCE

February 2012	Board approved public right of way and permanent easement with the City of Idaho Falls

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section V.I.5.b.

BACKGROUND/DISCUSSION

Eastern Idaho Technical College (EITC) is located at the eastern edge of Idaho Falls and is bounded on the southeast corner by the intersection of Hitt Road on the east and South 17th Street on the south. This area and the City of Ammon to the east of Idaho Falls have seen major growth since the intersection was last modified. During peak hours, traffic backs up on Hitt Road beyond the southern entrance to the campus, blocking vehicle access to the campus. To ease traffic congestion the City of Idaho Falls (City) proposes to install a right turn lane from Hitt Road onto 17th Street and sufficient additional roadway on 17th Street to allow traffic turning right to merge safely with westbound traffic on 17th Street. This project includes conveyance of property owned by EITC, thus requiring State Board of Education (Board) approval. Details and supporting documentation for the project are provided in the attachments.

IMPACT

The subject property on the southern end of EITC campus is not currently used by the College and there are no future plans for its development. Current and future impact of the property transfer is negligible. The City's proposed road improvement project will ease congestion, promote safety, and improve access to the EITC campus during peak use hours.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

This proposal was presented to and approved by the Board in February 2012 (minutes reflecting the Board's earlier decision are provided at Attachment 5). The project was subsequently shelved when the City of Idaho Falls diverted funding for the project to other higher priority actions. The request is being re-submitted to the Board for approval because it has been well over one year since the original property transfer was authorized. Staff recommends approval.

BOARD ACTION

I move to approve the request by Eastern Idaho Technical College to grant the City of Idaho Falls 0.226 acres of permanent easement and 0.186 acres of right of way corresponding with the documents submitted to the Board as Attachments 1 through 4, and to authorize the College's President to execute all necessary related documents.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

RIGHT-OF-WAY AGREEMENT

AGREEMENT, made this_______day of___________, 2016, by and between the City of Idaho Falls, a municipal corporation, whose address is P.O. Box 50220, Idaho Falls, Idaho 83405, hereinafter referred to as "City", and the State of Idaho, acting by and through the Eastern Idaho Technical College, whose address is 1600 South 25th East, Idaho Falls, Idaho 83404, hereinafter referred to as "EITC."

WITNESSETH:

WHEREAS, the City needs to acquire certain property adjacent to the rights-of-way of 17th Street and S 25th E, at the intersection of said streets, for the purpose of widening such rights-of-way and streets, and making modifications to the signalization and traffic control equipment located at such intersection;

WHEREAS, EITC is willing to donate and convey such right-of-way to the City for such purposes, subject to the terms and conditions set forth herein;

NOW, THEREFORE, it is hereby agreed as follows:

1. Conveyance of Property. EITC agrees to grant and convey to the City that certain real property, more particularly described in the Right-of-way Plat (Exhibit A) as Parcel 2A attached hereto and by this reference made a part hereof. Such conveyance shall be by Grant Deed. EITC further agrees to grant and convey to City a perpetual easement for the purpose of constructing, operating and maintaining a public road right-of-way, pedestrian walkway and public utilities therein, all as more particularly described in the Right-of-way Plat (Exhibit A) as Parcel 2E attached hereto and by this reference made a part hereof. Such easement shall be in substantially the same form as the Easement Deed.

2. Consideration. Conveyance of the property and easement described respectfully in the Right-of-way Plat attached hereto, shall be made without monetary consideration and the sole consideration for such conveyances shall be the City's obligations to make the landscaping and property renovation as described below.

3. Tree Removal and Location. City agrees to trim that certain willow tree located north of the easement parallel to 17th Street, all as shown in Exhibit "B" attached hereto. The City further agrees to relocate the four (4) conifers located in Easement 2E to a new location between S 25th East and EITC's south parking lot at the location more particularly shown on Exhibit "B" attached hereto. In the event that such Conifers are too large to be conveniently moved or cannot be removed without jeopardizing the health of such trees, the City agrees to purchase and replace such trees with other trees of similar caliper, height, character and/or species as may be solely determined by EITC. In the event of such relocation, City agrees it will replace, at its own cost and expense, any trees that die or show signs of dying within one (1) year after the date of such relocation. Such

replacement will also be with trees of similar species, caliper, height and character as may be determined at the sole discretion of EITC.

4. Relocation of Sign. City agrees to forthwith relocate and move the EITC sign as shown on Exhibit "B" and to relocate the same to a new location as shown on Exhibit "B".

5. Delivery of Deeds. EITC agrees to execute and deliver the Grant Deed reflected in the Right-of-way plat attached hereto within thirty (30) days of notification of the recording of the Right-of-way plat.

6. Repair of Sprinkler System. City agrees to repair any and all damage to EITC's sprinkler system caused by the City or necessitated in conjunction with the widening of 17th Street and S 25th East rights-of-way and to otherwise ensure that EITC's sprinkler system is promptly restored to a good, sound working condition.

7. Notices. Service of any notice permitted or required under the terms of this Agreement shall be deemed complete upon the deposit of the same in the United States Mail, by Certified or Registered Mail, addressed to EITC at 1600 South East 25th Street, Idaho Falls, Idaho, 83404; or addressed to the City at P.O. Box 50220, Idaho Falls, Idaho 83402, as the case may be, or such other address as either shall hereafter in writing to the other designate, or by causing said notice to be served personally upon EITC or on the City as the case may be. For the purposes hereof, personal service shall be complete when served in the manner provided for service of process under the Idaho Rules of Civil Procedure.

8. Costs. All costs associated with the construction of the sidewalk, curb, pavement, traffic signs and related facilities located within the deeded right-of-way and easement shall be borne exclusively by the City.

9. Complete Agreement. This writing evidences the complete and final agreement of the parties and no prior statement, representation or understanding shall be binding except as expressly set forth herein.

10. Binding Effect. This Agreement shall be binding upon the heirs, successors and assigns of the parties hereto.

GRANT DEED

THIS INDENTURE is made this ______ day of ________________, 2016, between the State of Idaho, acting by and through the Eastern Idaho Technical College, whose address is 1600 South 25th East, Idaho Falls, Idaho 83404, hereinafter referred to as " GRANTOR", and the City of Idaho Falls, a municipal corporation of the State of Idaho, whose address is P.O. Box 50220, Idaho Falls, Idaho 83405, hereinafter referred to as "GRANTEE".

WITNESSETH, that the GRANTOR, for and in consideration of the sum of Ten Dollars ($10.00) lawful money of the United States of America, and other good and valuable consideration, to the GRANTOR in hand paid by the GRANTEE, the receipt whereof is hereby acknowledged, has granted, and by these presents does grant and confirm unto the GRANTEE, and to GRANTEE's heirs and assigns forever, all of the following described property in the County of Bonneville, State of Idaho, to-wit:

SEE PARCEL 2A ON RIGHT-OF-WAY PLAT INSTRUMENT NO. ____________________

TOGETHER with the tenements, hereditaments and appurtenances thereunto belonging or in anywise appertaining, and any reversions, any remainders, and rents, issues and profits therefrom; and all estate, right, title and interest in and to said property, as well in law as in equity, of the GRANTOR.

TO HAVE AND TO HOLD, the premises and the appurtenances unto the GRANTEE, and to GRANTEE's heirs and assigns forever.

In construing this deed and where the context so requires, the singular includes the plural.

IN WITNESS WHEREOF, the GRANTOR has executed the within instrument the day and year first above written.

DEED OF EASEMENT

THIS INDENTURE, made this _____day of ______________, 2016, between the State of Idaho, acting by and through the Eastern Idaho Technical College whose address is 1600 South 25th East, Idaho Falls, Idaho, 83404, hereinafter referred to as "GRANTOR", and the CITY OF IDAHO FALLS, a municipal corporation, P.O. Box 50220, Idaho Falls, Idaho 83405, County of Bonneville, hereinafter referred to as "GRANTEE".

WITNESSETH

For and in consideration of the sum of One and No/100 Dollars ($1.00) and other good and valuable consideration paid by GRANTEE, the receipt of which is hereby acknowledged, GRANTOR hereby grants, bargains and conveys unto GRANTEE, and its successors and assigns forever, an irrevocable permanent public utility easement over, across and under the following described real estate, situated in the County of Bonneville, State of Idaho, to-wit:

See Parcel 2E on Right-of-way Plat Instrument No. ________________________

This easement may be used for the construction, maintenance, and repair of any public utility lines, equipment and appurtenant improvements placed on the premises hereunder, and GRANTEE shall have the right, at GRANTORS' expense, to remove, cut, trim any trees, brush, ornamental shrubbery or plants, or other obstructions on said premises which may injure or interfere with the use thereof by the GRANTEE for such purposes. Such right may be exercised without prior notice to GRANTOR or its heirs, successors or assigns.

GRANTOR further agrees they will construct no permanent structures upon the premises described, including but not limited to buildings constructed on permanent foundations, light posts, sign posts or other structures which are not readily movable with nominal expense.

To have and to hold unto GRANTEE and its successors and assigns forever.

GRANTOR and GRANTORS' heirs shall warrant and defend the premises in the quiet and peaceful possession of GRANTEE and GRANTEE'S successors and assigns, against the GRANTOR and GRANTORS' heirs, and against every person whomsoever who lawfully holds or claims to hold rights in the premises as of the date hereof.

IN WITNESS WHEREOF, GRANTOR has hereunto subscribed their hand and seal on this day and year first above written.

STATE BOARD OF EDUCATION
TRUSTEES OF BOISE STATE UNIVERSITY
TRUSTEES OF IDAHO STATE UNIVERSITY
TRUSTEES OF LEWIS-CLARK STATE COLLEGE
BOARD OF REGENTS OF THE UNIVERSITY OF IDAHO
STATE BOARD FOR PROFESSIONAL-TECHNICAL EDUCATION

APPROVED MINUTES
STATE BOARD OF EDUCATION
February 15-16, 2012
Boise State University
Student Union Building
Boise, Idaho

A regularly scheduled meeting of the State Board of Education was held February 15-16, 2012 at Boise State University in Boise, Idaho.

Present:

Richard Westerberg, President	Milford Terrell
Don Soltman, Secretary	Bill Goesling
Ken Edmunds, Vice President	Emma Atchley
Rod Lewis	Tom Luna, State Superintendent

Wednesday, February 15, 2012

The Board met in the Simplot Ballroom of the Student Union Building at Boise State University in Boise, Idaho. Board President Richard Westerberg called the meeting to order at 1:00 pm.

BOARDWORK

1. Agenda Review

BOARD ACTION

M/S (Edmunds/Goesling): By unanimous consent the Board agreed to approve the agenda as amended. There were no objections.

President Westerberg requested unanimous consent to amend the order of the agenda and set the Department of Education section to a time certain of 10:15 a.m. to accommodate Superintendent Luna's travel schedule. President Westerberg reminded those present that the Boise State University bond item, BAHR Tab 6, was already set to a time certain at 2:00 p.m. Thursday. There were no objections.

2. Minutes Review

BOARD ACTION

STATE BOARD OF EDUCATION
650 W. State Street • P. O. Box 83720 • Boise, ID 83720-0037
208/334-2270 • FAX: 208/334-2632
http://www.boardofed.idaho.gov/

Mr. Terrell introduced the item while Mr. Freeman provided a handout to the Board. Mr. Terrell turned the time over to Chet Herbst from LCSC for a summary. Mr. Herbst summarized that Lewis-Clark State College has identified an opportunity to take advantage of historically low interest rates by refinancing the balance of its current revenue bonds. The college stands to reduce both the debt principal and interest through this refinancing.

9. Eastern Idaho Technical College – City of Idaho Falls, Public Right-of-Way and Easement

BOARD ACTION

M/S (Terrell/Soltman): To approve the request by Eastern Idaho Technical College to grant the City of Idaho Falls a public right of way of 0.25 acres and permanent easement of 0.18 acres in substantial conformance with the documents submitted to the Board as Attachments 1 and 2, to authorize the College's Vice President for Finance and Administration to execute all necessary related documents, subject to prior review by Board counsel. The motion passed unanimously. Board members Luna and Atchley were absent from voting.

Mr. Terrell introduced the item and commented this is a request by EITC for the approval of a right of way and permanent easement to the City of Idaho Falls. This is a friendly and mutually beneficial agreement to help ease traffic congestion on a major arterial roadway fronting the campus. Staff recommends approval.

INSTRUCTION, RESEARCH, AND STUDENT AFFAIRS

College and Institutions Mission Statements

The work session discussion for this item occurred on Wednesday, February 15, 2012. Board member Edmunds confirmed that the Board members had all received and reviewed the revisions to the Mission Statements before considering the motions before them today.

BOARD ACTION

M/S (Edmunds/Soltman): To approve Boise State University's Mission Statement and Core Themes as amended. The motion passed unanimously. Board members Luna and Atchley were absent from voting.

There was no discussion.

M/S (Edmunds/Soltman): To approve Idaho State University's Mission Statement and Core Themes as amended. The motion passed unanimously. Board members Luna and Atchley were absent from voting.

There was no discussion.

M/S (Edmunds/Soltman): To approve the University of Idaho's Mission Statement and Core Themes as amended. The motion passed unanimously. Board members Luna and Atchley were absent from voting.

SUBJECT

Superintendent of Public Instruction Update to the State Board of Education

BACKGROUND/DISCUSSION

Superintendent of Public Instruction, Sherri Ybarra, will provide an update on the State Department of Education.

BOARD ACTION

This item is for informational purposes only. Any action will be at the Board's discretion.

THIS PAGE INTENTIONALLY LEFT BLANK

SUBJECT

Proposed Rule – IDAPA 08.02.03.004.01, Rules Governing Thoroughness, Incorporation by Reference – Idaho Content Standards

REFERENCE

April 2009	Board approved updated Idaho Content Standards.
April 2010	Board approved revision and renaming of Information and Communication Technology standards.
August 2010	Board approved revision of Mathematics standards and revision of English Language Arts standards.
August 2015	Board approved updated Idaho Content Standards for Humanities and Science (rejected by legislature).

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Section IV.C.
Section 33-1612, Idaho Code
IDAPA 08.02.03.004.01, Rules Governing Thoroughness – The Idaho Content Standards

BACKGROUND/DISCUSSION

The Idaho Content Standards reflect statements of what students should know and do in various content disciplines and grades. Content standards are adopted statewide and reviewed every six (6) years by teams of educators and stakeholders. These standards provide a consistent foundational level of academic content needed to be successful at each grade level and to graduate from Idaho's public schools. During the 2016 review cycle the following standards were reviewed:

Health Education Content Standards

Revisions to the Health Content Standards are recommended based on public comment received. These revisions include: updating language to clarify goals and objectives, adding language to the Decision Making Standard for grades 6-8 and grades 9-12, clarifying the meaning of environmental exposure, and adding wording to the examples related to alcohol, tobacco, and other drugs and about the consequences of a criminal record.

Arts and Humanities Content Standards

Recommended changes to the Arts and Humanities Content Standards come from recommendations by the committees who reviewed the standards for each of the disciplines.

The fine arts standards include the traditional disciplines of dance, music, theatre, and visual arts. Media Arts, which reflects digital and multi-media art, is a new addition to the standards. Each of the fine arts standards requires deeper thinking about important themes in art and explores learning through creating, performing, reflecting, and connecting.

The humanities standards include the disciplines of World Language and Interdisciplinary Humanities. The new World Language standards are more complete and allow both teachers and students to measure progress through charts that outline proficiencies at the levels of basic, proficient, and advanced. The new Interdisciplinary Humanities standards offer more guidance on how to integrate multiple disciplines through essential understandings and essential questions.

English Language Arts/Literacy and Mathematics Content Standards

In 2010, the Idaho Board of Education adopted the current content standards for English language arts/literacy and mathematics. During the 2015 Idaho Legislative Session, House Bill 314 passed, mandating a review of the Idaho English Language Arts/Literacy and Mathematics standards. While stakeholders had an opportunity to provide feedback during the initial adoption process in 2010-2011, the 2015 review period provided parents, students, teachers, higher education, and the public at large the opportunity to review the standards based on their experience with implementation of the standards over the last several years. Only comments tied to a specific standard were considered during this review period.

The Idaho Challenge English Language Arts/Literacy Standards Committee recommended twenty-one (21) changes to the English Language Arts/Literacy Content Standards. These changes include recommending language clarification, additions to writing standards, and expanding upon existing standards.

The Idaho Challenge Math Standards Committee met on December 16 and 17, 2015 where nineteen (19) individuals reviewed submitted comments for mathematics. Approximately 110 substantive comments were received from community stakeholders for mathematics, the majority of which were focused on instruction and curriculum at the local level and not the state standards. The review team made two (2) recommendations based on the 110 substantive comments. The first recommendation was to communicate the existence of the reference section in the standards document, specifically table 3, through the addition of a footnote attached to a seventh grade standard, The Number System (7.RP.1.d). The second recommendation was to change high school standard The Real Number System's (N-RN.1) description by removing redundant language.

Physical Education Content Standards

During the fall of 2015, a committee of physical education educators and health professionals reviewed the Physical Education Content Standards. The committee recommended changes to the Physical Education standards to include: defining physical literacy, updating language, and clarifying goals and objectives to align with current physical education skills and health related fitness activities.

Social Studies Content Standards

The Social Studies content standards revisions are based on recommendations from a committee of twelve (12) teachers from different grade levels and areas of expertise from across the state, brought together to participate in the revision process over four (4) days. The committee recommendations to the social studies standards include: additional language to increase clarification, strengthening American Indian content objectives, and increasing knowledge of the basic principles of the United States Constitution.

Computer Science Content Standards

The Computer Science Content Standards are entirely new and build upon the 2016 draft standards put out by the Computer Science Teachers Association (CTSA). The CTSA draft standards were created by several states, including Idaho, large school districts, technology companies, organizations, and individuals, to align with the K-12 Computer Science Education Framework. Idaho's computer science standards working group evaluated and adapted the draft CSTA standards knowing they are the most up to date and the best match for Idaho. The standards outline what it means to be literate in computer science at various grade levels.

IMPACT

Districts may experience some fiscal impact in the form of new curriculum to align with revised content standards. The cost would likely be cyclical.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

Pursuant to IDAPA 08.02.03.004.01 a portion of the Idaho Content Standards are reviewed each year in alignment with the curricular materials adoption schedule. Curricular materials are required to be reviewed every six (6) years. These materials are reviewed based on a six (6) year rolling calendar so that a portion of them are reviewed each year. The content standards are brought to the Board for consideration the year prior to the curricular materials review to allow the curricular materials review to include any changes to the content standards that are adopted by the Board. The six-year rolling calendar is based on the year of adoption by the Board. Due to the timelines for amendments to administrative code, the Board adopts the standards during the summer of a given year and the changes adopted by the Board take effect in the following spring after consideration by the legislature. Based on this timeline, the English Language Arts/Literacy and Mathematics Content Standards were scheduled to come to the Board during this review cycle and the Arts and Humanities Content Standards were scheduled to come to the Board during the 2015 review cycle. The Board approved amendments to the Arts and Humanities and Science Content Standards during the 2015 review cycle, these standards were rejected by the legislature over concern that there had not been given enough opportunity for public input on the standards. When a rule is rejected by the legislature the proposed amendments do not go into effect and any temporary rules revert back to previous codified version. Due to the rejection by the 2016 legislature, the Arts and Humanities standards are coming back to the Board again for consideration this year and the Science standards will come back to the Board for consideration at a later date.

Proposed rules have a 21 day comment period prior to returning to the Board for consideration as a pending rule. Based on received comments and Board direction, changes may be made to proposed rules prior to entering the pending stage. All pending rules will be brought back to the Board for approval prior to submittal to the Department of Administration for publication in the Idaho Administrative Rules Bulletin. Pending rules are then forwarded to the legislature for consideration. Pending rules become effective at the end of the legislative session in which they are submitted unless rejected by the legislature.

BOARD ACTION

I move to approve the revisions to the Health, Arts and Humanities, English Language Arts/Literacy, Mathematics, Physical Education, and Social Studies Content Standards and the adoption of Computer Science Content Standards as submitted in attachments 2 through 14.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

OR

I move to approve the revisions to the Health Content Standards as submitted in Attachment 2.

Moved by _______ Seconded by __________ Carried Yes _____ No _____

I move to approve the revisions to the Arts and Humanities Content Standards as submitted in Attachments 3 through 9.

Moved by _______ Seconded by __________ Carried Yes _____ No _____

I move to approve the revisions to the English Language Arts/Literacy Content Standards as submitted in Attachment 10.

Moved by _______ Seconded by __________ Carried Yes _____ No _____

I move to approve the revisions to the Mathematics Content Standards as submitted in Attachment 11.

Moved by _______ Seconded by __________ Carried Yes _____ No _____

I move to approve the revisions to the Physical Education Content Standards as submitted in Attachment 12.

Moved by _______ Seconded by __________ Carried Yes _____ No _____

I move to approve the revisions to the Social Studies Content Standards as submitted in Attachment 13.

Moved by _______ Seconded by __________ Carried Yes _____ No _____

I move to approve the adoption of the Computer Science Content Standards as submitted in Attachment 14.

Moved by _______ Seconded by __________ Carried Yes _____ No _____

AND

I move to approve the Proposed Rule amendment to IDAPA 08.02.03.004.01, Rules Governing Thoroughness, The Idaho Content Standards, as submitted in Attachment 1.

Moved by __________ Seconded by __________ Carried Yes _____ No _____

IDAPA 08
TITLE 02
CHAPTER 03

08.02.03 - RULES GOVERNING THOROUGHNESS

004. INCORPORATION BY REFERENCE.
The following documents are incorporated into this rule: (3-30-07)

01. The Idaho Content Standards. The Idaho Content Standards as adopted by the State Board of Education. Individual subject content standards are adopted in various years in relation to the curricular materials adoption schedule. Copies of the document can be found on the State Board of Education website at www.boardofed.idaho.gov. (3-29-10)

~~a.~~ c. Driver Education, as revised and adopted on August 21, 2008. (3-29-10)

~~b.~~ e. Health, as revised and adopted on ~~April 17, 2009~~ August 11, 2016. ~~(3-29-10)~~(____)

c. a. Arts and Humanities Categories: ~~(3-29-10)~~(____)

~~i.~~ vi. Visual Arts, as revised and adopted on ~~April 17, 2009~~August 11, 2016; ~~(3-29-10)~~(____)

~~ii.~~ i. Dance, as revised and adopted on ~~April 17, 2009~~August 11, 2016; ~~(3-29-10)~~(____)

~~iii.~~ v. ~~Drama~~ Theatre, as revised and adopted on ~~April 17, 2009~~August 11, 2016; ~~(3-29-10)~~(____)

~~iv.~~ ii. Interdisciplinary Humanities, as revised and adopted on ~~April 17, 2009~~August 11, 2016; ~~(3-29-10)~~(____)

~~v.~~ iv. Music, as revised and adopted on ~~April 17, 2009~~August 11, 2016; ~~(3-29-10)~~(____)

~~vi.~~ vii. World languages, as revised and adopted on ~~April 17, 2009.~~August 11, 2016; ~~(3-29-10)~~(____)

iii. Media Arts, as adopted on August 11, 2016. (____)

d. English Language Arts/Literacy, as revised and adopted on ~~August 11, 2010~~August 11, 2016. ~~(4-7-11)~~(____)

~~e.~~ g. Limited English Proficiency, as revised and adopted on August 21, 2008. (3-29-10)

~~f.~~ h. Mathematics, as revised and adopted on ~~August 11, 2010~~August 11, 2016. ~~(4-7-11)~~(____)

~~g.~~ i. Physical Education, as revised and adopted on ~~April 17, 2009~~August 11, 2016. ~~(3-29-10)~~(____)

~~h.~~ j. Science, as revised and adopted on April 17, 2009. (3-29-10)

~~i.~~ k. Social Studies, as revised and adopted on ~~April 17, 2009~~August 11, 2016. ~~(3-29-10)~~(____)

~~j.~~ f. Information and Communication Technology, as revised and adopted on April 22, 2010. (4-7-11)

b. Computer Science, adopted on August 11, 2016. (____)

(BREAK IN CONTINUITY OF SECTIONS)

008. DEFINITIONS H - S.

01. ~~**Interdisciplinary or**~~ **Integrated Assessment**. Assessment based on tasks that measures a student's ability to apply concepts, principles, and processes from two (2) or more subject disciplines to a project, issue, or problem. ~~(4-5-00)~~(____)

02. International Baccalaureate (IB) - Administered by the International Baccalaureate Organization, the IB program provides a comprehensive liberal arts course of study for students in their junior and senior years of high school. IB students take end-of-course exams that may qualify for college credit. Successful completion of the full course of study leads to an IB diploma. (4-11-06)

03. Interdisciplinary Study: An approach to leaning in two (2) or more disciplines that enables students to identify and apply authentic connections and integrate essential concepts that transcend individual disciplines. (____)

~~03~~04. Laboratory. A laboratory science course is defined as one in which at least one (1) class period each week is devoted to providing students with the opportunity to manipulate equipment, materials, specimens or develop skills in observation and analysis and discover, demonstrate, illustrate or test scientific principles or concepts. ~~(4-11-06)~~(____)

~~04~~05. Learning Plan. The plan that outlines a student's program of study, which should include a rigorous academic core and a related sequence of electives in academic, professional-technical education (PTE), or humanities aligned with the student's post graduation goals. ~~(4-11-06)~~(____) (4-11-06)

~~05~~06. Narrative. Text in any form (print, oral, or visual) that recounts events or tells a story. (4-5-00)

~~06~~07. Norm-Referenced Assessment. Comparing a student's performance or test result to performance of other similar groups of students; (e.g., he typed better than eighty percent (80%) of his classmates.) (4-5-00)

~~07~~08. On-Demand Assessment. Assessment that takes place at a predetermined time and place. Quizzes, state tests, SATs, and most final exams are examples of on-demand assessment. (4-5-00)

~~08~~09. Performance Assessment. Direct observation of student performance or student work and professional judgment of the quality of that performance. Good quality performance assessment has pre-established performance criteria. (4-5-00)

~~09~~10. Performance-Based Assessment. The measurement of educational achievement by tasks that are similar or identical to those that are required in the instructional environment, as in performance assessment tasks, exhibitions, or projects, or in work that is assembled over time into portfolio collections. (4-5-00)

~~10~~11. Performance Criteria. A description of the characteristics that will be judged for a task. Performance criteria may be holistic, analytic trait, general or specific. Performance criteria are expressed as a rubric or scoring guide. Anchor points or benchmark performances may be used to identify each level of competency in the rubric or scoring guide. (4-5-00)

~~11~~12. Phonics. Generally used to refer to the system of sound-letter relationships used in reading and writing. Phonics begins with the understanding that each letter (or grapheme) of the English alphabet stands for one (1) or more sounds (or phonemes). (4-5-00)

~~12~~13. Portfolio. A collection of materials that documents and demonstrates a student's academic and work-based learning. Although there is no standard format for a portfolio, it typically includes many forms of information that exhibit the student's knowledge, skills, and interests. By building a portfolio, students can recognize their own growth and learn to take increased responsibility for their education. Teachers, mentors, and employers can use portfolios for assessment purposes and to record educational outcomes. (4-5-00)

~~13~~14. **Professional Development**. A comprehensive, sustained, timely, and intensive process to improve effectiveness of teachers and administrators in raising student achievement, which: (4-4-13)

a. Aligns with rigorous state academic achievement standards, local educational agency goals, school improvement goals, effective technology integration, and Common Core standards. (4-4-13)

b. Utilizes data driven instruction using a thorough review and continual evaluation of data on teacher and student performance to define clear goals and distinct outcomes. (4-4-13)

c. Provides opportunities that are individualized enough to meet distinct and diverse levels of need for teachers and administrators. (4-4-13)

d. Is facilitated by well-prepared school administrators, coaches, mentors, master teachers, lead teachers, or third-party providers under contract with the State Department of Education, school district, or charter school, and supported by external research, expertise, or resources. (4-4-13)

e. Fosters a collective responsibility by educators within the school for improved student performance and develops a professional learning community. (4-4-13)

15. **Project Based Learning**. A hands-on approach to learning that encourages students to create/interpret/communicate an original work or project and assesses quality and success of learning through performance/presentation/production of that work or project. (____)

~~14~~16. **Print Awareness**. In emergent literacy, a learner's growing awareness of print as a system of meaning, distinct from speech and visual modes of representation. (4-5-00)

~~15~~17. **Professional-Technical Education**. Formal preparation for semi-skilled, skilled, technical, or paraprofessional occupations, usually below the baccalaureate level. (4-11-06)

~~16~~18. **Proficiency**. Having or demonstrating a high degree of knowledge or skill in a particular area. (4-5-00)

~~17~~19. **School-to-Work Transition**. A restructuring effort that provides multiple learning options and seamless integrated pathways to increase all students' opportunities to pursue their career and educational interests. (4-5-00)

~~18~~20. **Service Learning**. Combining service with learning activities to allow students to participate in experiences in the community that meet actual human needs. Service learning activities are integrated into the academic curriculum and provide structured time for a student to think, talk, or write about what was done or seen during the actual service activity. Service learning provides students with opportunities to use newly acquired skills and knowledge in real-life situations in their communities, and helps foster the development of a sense of caring for others. (4-5-00)

~~19~~21. **Skill Certificate**. Portable, industry-recognized credential that certifies the holder has demonstrated competency on a core set of performance standards related to an occupational cluster area. Serving as a signal of skill mastery at benchmark levels, skill certificates may assist students in finding work within their community, state, or elsewhere. A National Skills Standards Board is presently charged with issuing skill voluntary standards in selected occupations based on the result of research and development work completed by twenty-two (2) contractors. (4-5-00)

~~20~~22. **Standards**. Statements about what is valued in a given field, such as English language arts, and/or descriptions of what is considered quality work. See content standards, assessment standards, and achievement standards. (4-2-08)

~~21~~23. **Standardization**. A set of consistent procedures for constructing, administering and scoring an assessment. The goal of standardization is to ensure that all students are assessed under uniform conditions so the interpretation of performance is comparable and not influenced by differing conditions. Standardization is an important consideration if comparisons are to be made between scores of different individuals or groups. (4-5-00)

~~22~~24. **Standards-Based Education**. Schooling based on defined knowledge and skills that students must attain in different subjects, coupled with an assessment system that measures their progress. (4-5-00)

~~23~~25. **Structured Work Experience**. A competency-based educational experience that occurs at the worksite but is tied to the classroom by curriculum through the integration of school-based instruction with worksite experiences. Structured work experience involves written training agreements between school and the worksite, and individual learning plans that link the student's worksite learning with classroom course work. Student progress is supervised and evaluated collaboratively by school and worksite personnel. Structured work experience may be paid or unpaid; may occur in a public, private, or non-profit organization; and may or may not result in academic credit and/or outcome verification. It involves no obligation on the part of the worksite employer to offer regular employment to the student subsequent to the experience. (4-5-00)

~~24~~26. **Student Learning Goals (Outcomes)**. Statements describing the general areas in which students will learn and achieve. Student learning goals typically reflect what students are expected to know by the time they leave high school, such as to read and communicate effectively; think critically and solve problems; develop positive self-concept, respect for others and healthy patterns of behavior; work effectively in groups as well as individually; show appreciation for the arts and creativity; demonstrate civic, global and environmental responsibility; recognize and celebrate multicultural diversity; exhibit technological literacy; have a well developed knowledge base which enhances understanding and decision making, and demonstrate positive problem solving and thinking skills. (4-5-00)

~~25~~27. **Synchronous Course**. A course in which the teacher and students interact at the same time. May be applied to both traditional and technology based courses. (3-29-12)

(BREAK IN CONTINUITY OF SECTIONS.)

105. HIGH SCHOOL GRADUATION REQUIREMENTS.

A student must meet all of the requirements identified in this section before the student will be eligible to graduate from an Idaho high school. The local school district or LEA may establish graduation requirements beyond the state minimum. (5-8-09)

01. Credit Requirements. The State minimum graduation requirement for all Idaho public high schools is forty-six (46) credits and must include twenty-nine (29) credits in core subjects as identified in Paragraphs 105.01.c. through 105.01.i. (3-12-14)

a. Credits. (Effective for all students who enter the ninth grade in the fall of 2010 or later.) One (1) credit shall equal sixty (60) hours of total instruction. School districts or LEA's may request a waiver from this provision by submitting a letter to the State Department of Education for approval, signed by the superintendent and chair of the board of trustees of the district or LEA. The waiver request shall provide information and documentation that substantiates the school district or LEA's reason for not requiring sixty (60) hours of total instruction per credit. (3-29-10)

b. Mastery. A student may also achieve credits by demonstrating mastery of a subject's content standards as defined and approved by the local school district or LEA. (3-29-10)

c. Secondary Language Arts and Communication. Nine (9) credits are required. Eight (8) credits of instruction in Language Arts. Each year of Language Arts shall consist of language study, composition, and literature and be aligned to the Idaho Content Standards for the appropriate grade level. One (1) credit of instruction in communications consisting of oral communication and technological applications that includes a course in speech, a course in debate, or a sequence of instructional activities that meet the Idaho Speech Content Standards requirements. (3-29-10)

d. Mathematics. Six (6) credits are required. Secondary mathematics includes Applied Mathematics, Business Mathematics, Algebra, Geometry, Trigonometry, Fundamentals of Calculus, Probability and Statistics, Discrete Mathematics, and courses in mathematical problem solving and reasoning. AP Computer Science, Dual Credit Computer Science, and Dual Credit Engineering courses may also be counted as a mathematics credit if the student has completed Algebra II standards. Students who choose to take AP Computer Science, Dual Credit Computer Science, and Dual Credit Engineering may not concurrently count such courses as both a math and science credit. (3-12-14)

i. Students must complete secondary mathematics in the following areas: (3-12-14)

(1) Two (2) credits of Algebra I or courses that meet the Idaho Algebra I Content Standards as approved by the State Department of Education; (3-29-10)

(2) Two (2) credits of Geometry or courses that meet the Idaho Geometry Content Standards as approved by the State Department of Education; and (3-29-10)

(3) Two (2) credits of mathematics of the student's choice. (3-29-10)

ii. Two (2) credits of the required six (6) credits of mathematics must be taken in the last year of high school in which the student intends to graduate. For the purposes of this subsection, the last year of high school shall include the summer preceding the fall start of classes. Students who return to school during the summer or the following fall of the next year for less than a full schedule of courses due to failing to pass a course other than math are not required to retake a math course as long as they have earned six (6) credits of high school level mathematics. (3-12-14)

iii. Students who have completed six (6) credits of math prior to the fall of their last year of high school, including at least two (2) semesters of an Advanced Placement or dual credit calculus or higher level course, are exempt from taking math during their last year of high school. High School math credits completed in middle school shall count for the purposes of this section. (3-12-14)

e. Science. Six (6) credits are required, four (4) of which will be laboratory based. Secondary sciences include instruction in applied sciences, earth and space sciences, physical sciences, and life sciences. Up to two (2) credits in AP Computer Science, Dual Credit Computer Science, and Dual Credit Engineering may be used as science credits. Students who choose to take AP Computer Science, Dual Credit Computer Science, and Dual Credit Engineering may not concurrently count such courses as both a math and science credit. (3-12-14)

i. Secondary sciences include instruction in the following areas: biology, physical science or chemistry, and earth, space, environment, or approved applied science. Four (4) credits of these courses must be laboratory based. (3-29-10)

f. Social Studies. Five (5) credits are required, including government (two (2) credits), United States history (two (2) credits), and economics (one (1) credit). Courses such as geography, sociology, psychology, and world history may be offered as electives, but are not to be counted as a social studies requirement. (3-29-10)

g. Arts and Humanities. Two (2) credits are required. Arts and Humanities courses include instruction in visual arts, music, theatre, dance, media arts or world language aligned to the Idaho content standards for those subjects. ~~Other courses such as literature, history, philosophy, architecture, or comparative world religions~~ A course in Interdisciplinary Humanities may satisfy the ~~humanities standards~~ graduation requirements if the course is aligned to the Idaho Interdisciplinary Humanities Content Standards. ~~(3-29-10)~~(   )

h. Health/Wellness. One (1) credit is required. Course must be aligned to the Idaho Health Content Standards. Effective for all public school students who enter grade nine (9) in Fall 2015 or later, each student shall receive a minimum of one (1) class period on psychomotor cardiopulmonary resuscitation (CPR) training as outlined in the American Heart Association (AHA) Guidelines for CPR to include the proper utilization of an automatic external defibrillator (AED) as part of the Health/Wellness course. (3-12-14)

i. Students participating in one (1) season in any sport recognized by the Idaho High School Activities Association or club sport recognized by the local school district, or eighteen (18) weeks of a sport recognized by the local school district may choose to substitute participation up to one (1) credit of physical education. Students must show mastery of the content standards for Physical Education in a format provided by the school district. (4-1-15)

IDAHO CONTENT STANDARDS
HEALTH EDUCATION
~~**Kindergarten to Grade 2**~~

Kindergarten to Grade 2

Standard 1: Comprehend Core Concepts

Core Concepts of Health Education for K-Grade 2 are defined below:

Alcohol, Tobacco & Other Drugs

The use of alcohol, tobacco, and other drugs has major implications in the lifelong health of individuals. ~~Implications~~ Instruction includes the effects, influences, and prevention of the use of alcohol, tobacco products, and other types of drugs on the body and mind.

Nutrition & Physical Activity

To be ready to learn and to achieve their fullest potential, children need to be well nourished and physically active. In order to enhance physical, mental, emotional, and social ~~health~~ wellness, students ~~need to~~will acquire the knowledge and skills to make healthy food choices and engage in lifelong physical activity.

Injury Prevention & Safety

Unintentional and intentional injuries rank among the greatest threats to the health of children ~~and young adults. Knowledge about~~. Instruction includes prevention through safe living ~~habits~~ skills and choices, ~~healthy decisions,~~ violence prevention, and emergency response and preparedness. ~~an understanding~~ Understanding ~~of~~ the consequences of one's decisions will help to prevent ~~many~~ injuries.

Mental, Emotional & Social Health

Mental, emotional, and social ~~well-being~~ health ~~is a~~are foundations for building ~~good health~~wellness. Instruction includes a positive sense of self-image and self-esteem, recognizing emotions and socially appropriate responses of self and others. ~~which includes a sense of security, identity, belonging, purpose and competence in order to strive toward a healthy and productive life.~~

Prevention & Control of Disease

Individuals ~~can~~ have a considerable measure of control over their own health and the ~~chances~~ likelihood of contracting most illnesses. Health-related choices and decisions regarding prevention of communicable and non-communicable diseases can include recognizing risk factors, and ~~-~~identifying methods of contraction and transmission~~,~~. ~~as well as the prevention and treatment of disease. Information should be factual, medically accurate, objective and developmentally appropriate.~~

Consumer & Community Health

~~Consumers~~ Children need to understand ~~how health care services are provided as well as how individuals can take an active role in deciding on the use of health related services and products. Community health may include recognizing appropriate health professionals and products.~~the different types of health care professionals and the benefit of health care services. Instruction includes how to identify trusted adults and professionals, and how to access reliable product information.

Growth, Development & Family Life

A healthy family ~~unit~~ is vital to the well-being and successful development of children and youth. ~~Growth and development~~Instruction includes the stages of life~~,~~ and changes in relationships with others that accompany social development ~~and the aging process~~. Information should be factual, medically accurate, and objective ~~and developmentally appropriate~~.~~.~~

Environmental Health

~~Individuals~~ Students need to be aware of the impact of environmental issues and hazards on personal health and the impact humans have on the environment. ~~Environmental health may~~Instruction includes precautions and behaviors to safeguard personal health~~,~~ and practices that will reverse or slow down environmental pollution and related problems.

Goal 1.1: Students will comprehend core concepts related to health promotion and disease prevention to enhance health including: Alcohol, Tobacco and Other Drugs; Nutrition and Physical Activity, Injury Prevention and Safety; Mental, Emotional, and Social Health; Prevention and Control of Disease; Consumer and Community Health; Growth, Development and Family Life; and Environmental Health.

K-2nd Grade Objectives

Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.1.1.1. Identify that healthy behaviors affect personal health.

K-2.H.1.1.2. Recognize that there are multiple dimensions (e.g.,~~(i.e.~~ emotional, ~~intellectual~~mental, physical, and social) of health.

K-2.H.1.1.3. Describe ways to prevent communicable diseases.

K-2.H.1.1.4. List ways to prevent common childhood injuries.

K-2.H.1.1.5. Describe why it is important to seek health care.

K-2.H.1.1.6. ~~Identify~~ Describe the impact of health behaviors on body systems.

Standard 2: Analyzing Influences

Goal 1.1: Students will analyze the influence of family, peers, culture, media, technology, and other factors on health behavior.

K-2nd Grade Objectives

Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.2.1.1	Identify how the family influences personal health practices and behaviors.
K-2.H.2.1.2	Identify what the school can do to support personal health practices and behaviors.
K-2.H.2.1.3	Describe how the media can influence health behaviors.

Standard 3: Accessing Information
Goal 1.1: Students will demonstrate the ability to access valid information and products and services to enhance health.

K-2nd Grade Objectives
Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.3.1.1.	Identify trusted adults and professionals who can help promote health.
K-2.H.3.1.2.	Identify ways to locate~~d~~ school and community health helpers.

Standard 4: Interpersonal Communication
Goal 1.1: Students ~~(space)~~ will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.

K-2nd Grade Objectives
Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.4.1.1.	Demonstrate healthy ways to express needs, wants, and feelings.
K-2.H.4.1.2	Demonstrate listening skills to enhance health.
K-2.H.4.1.3	Demonstrate ways to respond ~~when in~~to an unwanted, threatening, or dangerous situation.
K-2.H.4.1.4.	Demonstrate ways to tell a trusted adult if threatened or harmed.

Standard 5: Decision Making
Goal 1.1: Students will demonstrate the ability to use decision-making skills to enhance health.

K-2nd Grade Objectives
Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.5.1.1	Identify situations when a health-related decision is needed.
K-2.H.5.1.2	Differentiate between situations when a health-related decision can be made individually or when assistance is needed.

Standard 6: Goal Setting
Goal 1.1: Students will demonstrate the ability to use goal-setting skills to enhance health.

K-2nd Grade Objectives

Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.6.1.1. Identify a short-term personal health goal and take action towards achieving the goal.

K-2.H.6.1.2. Identify who can help when assistance is needed to achieve a personal health goal~~.(spacing)~~.

Standard 7: Practice Healthy Behavior

Goal 1.1~~.~~: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.

K-2nd Grade Objectives

Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.7.1.1. Demonstrate healthy practices and behaviors to maintain or improve personal health (e.g., reducing spread of germs, encouraging healthy food behavior and physical activity).

K-2.H.7.1.2. Demonstrate behaviors that avoid or reduce health risks.

Standard 8: Advocacy

Goal 1.1~~.~~: Students will demonstrate the ability to advocate for personal, family, and community health.

K-2nd Grade Objectives

Objective(s): By the end of Second Grade, the student will be able to:

K-2.H.8.1.1. Make requests to promote personal health.

K-2.H.8.1.2. Encourage peers and family to make positive health choices.

IDAHO CONTENT STANDARDS
HEALTH EDUCATION
~~**Grades 3-5**~~

Grades 3-5

Standard 1: Comprehend Core Concepts

Core Concepts of Health Education for Grades 3-5 are defined below:

Alcohol, Tobacco & Other Drugs

The use of alcohol, tobacco, and other drugs has major implications in the lifelong health of individuals. ~~Implications~~ Instruction includes the effects, influences, environmental exposure, prevention and treatment of the use of alcohol, tobacco products, and other types of drugs on the body and mind.

Nutrition & Physical Activity

~~To be ready t~~To learn and to achieve their fullest potential, children need to be well nourished and physically active. In order to enhance physical, mental, emotional, and social ~~health~~wellness, students ~~need to~~will acquire the knowledge and skills to make healthy food choices and engage in lifelong physical activity.

Injury Prevention & Safety

Unintentional and intentional injuries rank among the greatest threats to the health of ~~children and young adults~~youth. ~~Knowledge of~~Instruction includes prevention through safe living ~~habits~~skills and choices, ~~healthy decisions,~~ violence prevention, emergency response and preparedness. ~~an awareness~~Understanding of the consequences of one's decisions~~,~~ will help to prevent many injuries.

Mental, Emotional & Social Health

Mental, emotional, and social ~~wellbeing~~ health ~~is a~~are foundations for building ~~good health~~ wellness.~~which includes a sense of security, identity, belonging, purpose and competence in order to strive toward a healthy and productive life~~ Instruction includes a positive sense of self-image and self-esteem, recognizing emotions and socially appropriate responses to self and others.

Prevention & Control of Disease

Individuals ~~can~~ have a considerable measure of control over their own health and the likelihood ~~, including the risks~~ of contracting most illnesses. Health-related choices and decisions regarding prevention of communicable and non-communicable diseases can include recognizing risk factors, and identifying methods of contraction and transmission~~, as well as the prevention and treatment of disease including HIV.~~ to include universal precautions. ~~-~~Information should be factual, medically accurate, and objective~~ and developmentally appropriate~~.

Consumer & Community Health

~~Consumers~~ Youth need to understand how health care services are provided~~ and~~ as well as how individuals can take an active role in determining the use of health related services and products. Community health includes providing valid and appropriate health information, education, services, and products.

Growth, Development & Family Life

A healthy family ~~unit~~ is vital to the well-being and successful development of children and youth. ~~Growth and development~~Instruction includes the stages of life, changes that occur during puberty, and changes in relationships with others that accompany social development~~ and the aging process. Family living includes~~ healthy relationships, and information regarding growth and development~~, and disease including HIV and their prevention~~. Information should be factual, medically accurate, and objective~~ and developmentally appropriate~~.

~~*Reference to Idaho Education Code Title 33, Chapter 16, Sections 1608-1611~~

Environmental Health

~~Individuals~~ Students need to be aware of the impact of environmental issues~~ and~~, hazards on personal health and the impact humans have on the environment. ~~Environmental health may~~Instruction includes precautions and behaviors to safeguard personal health ,~~,~~ and practices that will reverse or slow down environmental pollution and related problems.

Goal 1.1: Students will comprehend core concepts related to health promotion and disease prevention to enhance health including: Alcohol, Tobacco and Other Drugs; Nutrition and Physical Activity, Injury Prevention and Safety; Mental, Emotional, and Social Health; Prevention and Control of Disease; Consumer and Community Health; Growth, Development and Family Life; and Environmental Health.~~.~~

Grade 3-5 Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.1.1.1. Describe the relationship between healthy behaviors and personal health.

3-5.H.1.1.2 Identify examples of emotional, intellectual, physical, and social health.

3-5.H.1.1.3 Describe ways in which a safe and healthy school and community environment can promote personal health.

3-5.H.1.1.4 Describe ways to prevent common childhood injuries and health problems (~~i.e~~e.g.~~.~~, second hand smoke/vapors from vaping).

3-5.H.1.1.5. Describe when it is important to seek health care.

3-5.H.1.1.6. Describe the impact of health behaviors on body systems.

Standard 2: Analyzing Influences

Goal 1.1: Students will analyze the influence of family, peers, culture, media, technology, and other factors on health behavior.

Grade 3-5 Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.2.1.1	Describe how the family influences personal health practices and behaviors.
3-5.H.2.1.2	Identify the influences of culture on health practices and behaviors.
3-5.H.2.1.3	Identify how peers can influence healthy and unhealthy behaviors.
3-5.H.2.1.4	Describe how the school and community can support personal health practices and behaviors.
3-5.H.2.1.5	Explain how media influences thoughts, feelings, and health behaviors.
3-5.H.2.1.~~5~~ 6	Describe ways that technology can influence~~s~~ personal health.

Standard 3: Accessing Information

Goal 1.1~~.~~: Students will demonstrate the ability to access valid information and products and services to enhance health.

Grade 3-5 Grade Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.3.1.1	Identify characteristics of valid health information, products, and services.
3-5.H.3.1.2	Locate resources from home, school, and community that provide valid health information.

Standard 4: Interpersonal Communication

Goal 1.1: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.

Grade 3-5 Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.4.1.1	Demonstrate effective verbal and nonverbal communication skills to enhance health.
3-5.H.4.1.2	Demonstrate refusal skills that avoid or reduce health risks.
3-5.H.4.1.3	Demonstrate nonviolent strategies to manage or resolve conflict.
3-5.H.4.1.4	Demonstrate how to ask for assistance to enhance personal health.

Standard 5: Decision Making

Goal 1.1: Students will demonstrate the ability to use decision-making skills to enhance health.

Grade 3-5 Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.5.1.1	Identify health-related situations that might require a thoughtful decision.
3-5.H.5.1.2	Analyze when assistance is needed when making a health-related decision.
3-5.H.5.1.3	List healthy options to health related issues or problems.
3-5.H.5.1.4	Predict the potential outcomes of each option when making a health-related decision.
3-5.H.5.1.5	Choose a healthy option when making a decision.
3-5.H.5.1.6	Describe the outcomes of a health related decision~~s~~.

Standard 6: Goal Setting

Goal 1.1: Students will demonstrate the ability to use goal-setting skills to enhance health.

Grades 3-5 Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.6.1.1	Set a personal health goal and track progress toward its achievement~~.~~; evaluate results of decision.
3-5.H.6.1.2	Identify resources to assist in achieving a personal health goal.

Standard 7: Practice Healthy Behavior

Goal 1.1~~. –~~: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.

Grades 3-5 Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.7.1.1	Identify responsible personal health behaviors.
3-5.H.7.1.2	Demonstrate a variety of healthy practices and behaviors to maintain or improve personal health.
3-5.H.7.1.3	Demonstrate a variety of behaviors that avoid or reduce health risks.

Standard 8: Advocacy

Goal 1.1~~. –~~: Students will demonstrate the ability to advocate for personal, family, and community health.

Grades 3-5 Objectives

Objective(s): By the end of Fifth Grade, the student will be able to:

3-5.H.8.1.1	Express opinions and give accurate information about health issues.
3-5.H.8.1.2	Encourage others to make positive health choices.

IDAHO CONTENT STANDARDS
HEALTH EDUCATION
~~**Grades 6-8**~~

Grades 6-8

Standard 1: Comprehend Core Concepts

Core Concepts of Health Education for Grades 6-8 are defined below:

Alcohol, Tobacco & Other Drugs

The use of alcohol, tobacco, and other drugs~~,~~ has major implications in the lifelong health of individuals. ~~This~~ Instruction includes the effects, influences, environmental exposure, prevention, and treatment of the use of alcohol, tobacco products, and other types of drugs on the body and mind.

Nutrition & Physical Activity

~~Youth are best~~To be ready to learn and achieve their fullest ~~potential~~ potential~~when they are~~, adolescents need to be well nourished and physically active. ~~Nutrition and physical activity education increases knowledge and skills~~ In order to enhance physical, mental, emotional, and social wellness, students will acquire the knowledge and skills to make healthy food choices and to engage in lifelong physical activity. ~~which will promote health and preventable diseases. This includes connections to physical, mental, emotional and social health; energy level; self image; and physical fitness.~~ The benefits include enhanced energy level, academic performance, self-image and ability to prevent disease.

Injury Prevention & Safety

Unintentional and intentional injuries rank among the greatest threats to the health of ~~young~~ adolescents and adults. ~~Knowledge about~~Instruction includes prevention through safe living ~~habits~~ skills and choices, ~~healthy decisions,~~ violence prevention, emergency response and preparedness~~,~~. ~~and an understanding~~ Understanding of the consequences of one's decisions will help to prevent many injuries. Adolescents need to be aware they are responsible for their own safety and the safety of others.

Mental, Emotional & Social Health

Mental, emotional, and social ~~wellbeing~~ health ~~is a~~are foundations for building ~~good health~~wellness ~~and includes a sense of security, identity, belonging, purpose and competence in order to strive toward a healthy and productive life.~~ Instruction includes a positive sense of self-image and self-esteem, recognizing emotions, and socially appropriate responses of self and others. Knowledge and skills ~~may~~ include emotional intelligence, ~~suicide prevention,~~ stress management, mental illness, suicide prevention, healthy relationships, acceptance of self and others, communication skills, and conflict resolution~~, and mental illness~~.

Prevention & Control of Disease

Individuals have a considerable measure of control over their own health and the risk of contracting most illnesses. Health-related choices and decisions regarding prevention of communicable and non-communicable diseases~~,~~ can include recognizing risk factors~~,~~ and identifying methods of contraction and transmission, ~~as well as the prevention and treatment of disease~~ to include universal precautions. Information and discussion of sexually transmitted diseases~~,~~ and HIV ~~and AIDS~~ are important components of this content area. Information should be factual, medically accurate, and objective ~~and developmentally appropriate~~.

Consumer & Community Health

~~Consumers~~ Adolescents need to understand how health care services are provided as well as how individuals can take an active role in determining the use of health related services and products. Community health may include recognizing and accessing valid and appropriate health information, education, services, and products.

Growth, Development & Family Life

A healthy family ~~unit~~ is vital to the well-being and successful development of ~~adolescence~~adolescents. ~~Growth and development~~Instruction includes the stages of life, changes that occur during puberty, ~~and~~ changes in relationships with others that accompany social development ~~and the aging process.~~, acceptance of self and others, ~~Family living includes~~ healthy relationships and sexuality, consequences of sexual activity, encouragement of abstinence from sexual activity, sexually transmitted diseases ~~including HIV~~, methods of prevention and pregnancy prevention~~,~~. ~~and methods of prevention.~~ Information should be factual, medically accurate, and objective ~~and developmentally appropriate~~.

~~*Reference to Idaho Education Code Title 33, Chapter 16: Sections 1608-1611~~

Environmental Health

~~Individuals~~ Students need ~~an awareness~~to be aware of the impact of environmental issues and hazards on personal health and the impact humans have on the environment. ~~Environmental health may~~Instruction includes precautions and behaviors to safeguard personal health and practices that reverse or slow down environmental pollution and related problems.

Goal 1.1: Students will comprehend core concepts related to health promotion and disease prevention to enhance health including: Alcohol, Tobacco and Other Drugs; Nutrition and Physical Activity, Injury Prevention and Safety; Mental, Emotional, and Social Health; Prevention and Control of Disease; Consumer and Community Health; Growth, Development and Family Life; and Environmental Health.

Grade 6-8 Objectives
Objective(s): By the end of Eighth Grade, the student will be able to:

6-8.H.1.1.1 Analyze the relationship between behaviors, body systems, and ~~personal health~~wellness.

6-8.H.1.1.2 Describe the interrelationships of ~~emotional, intellectual,~~ mental, emotional, physical, and social health in adolescence.

6-8.H.1.1.3 Analyze how the environment, environmental exposure (~~i.e.,~~e.g., second hand smoke/vapors) ~~affects personal health~~and personal health are related.

6-8.H.1.1.4 Describe how family history can affect personal health.

6-8.H.1.1.5 Describe ways to reduce or prevent injuries and adolescent health problems.

6-8.H.1.1.6 Explain how appropriate health care can promote ~~personal health~~wellness.

6-8.H.1.1.7 Describe the benefits of and barriers to practicing healthy behaviors.

6-8.H.1.1.8 Examine the consequences and the likelihood of injury or illness if engaging in unhealthy behaviors.

Standard 2: Analyzing Influences

Goal 1.1: Students will analyze the influence of family, peers, culture, media, technology, and other factors on health behavior.

Grade 6-8 Objectives

Objective(s): By the end of Eighth Grade, the student will be able to:

6-8.H.2.1.1 Examine how family, culture, peers, school, and community influence healthy and unhealthy behaviors (e.g., social norms).

6-8.H.2.1.2 Analyze the influence of media and technology on personal and family health (e.g., social media and internet safety and responsibility).

~~6-8.H.2.1.3 Explain how the perceptions of norms influence healthy and unhealthy behaviors.~~

6-8.H.2.1.~~4~~ 3 Explain the influence of personal values and beliefs on individual health practices and behaviors.

6-8.H.2.1.~~5~~ 4 Describe how some health risk behaviors can influence the likelihood of engaging in unhealthy behaviors (e.g., using drugs to fit in).

6-8.H.2.1.~~6~~ 5 Explain how school and public health policies can influence health promotion and disease prevention.

Standard 3: Accessing Information

Goal 1.1~~.~~: Students will demonstrate the ability to access valid information and products and services to enhance health.

Grade 6-8 Objectives

Objective(s): By the end of Eighth Grade, the student will be able to:

6-8.H.3.1.1 Analyze the validity of healthy information, products, and services.
6-8.H.3.1.2 Access valid health information from home, school, and community.
6-8.H.3.1.3 Locate reliable and valid health products and services and determine accessibility.
6-8.H.3.1.4 Describe situations that may require professional health services.

Standard 4: Interpersonal Communication
Goal 1.1: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.

Grade 6-8 Objectives
Objective(s): By the end of Eighth Grade, the student will be able to:

6-8.H.4.1.1 Apply effective verbal and nonverbal communication skills to enhance health.
6-8.H.4.1.2 Demonstrate refusal and negotiation skills that avoid or reduce health risks.
6-8.H.4.1.3 Demonstrate effective conflict management or resolution strategies.
6-8.H.4.1.4 Demonstrate how ~~to ask for~~request and offer assistance to enhance the health of self and others (e.g., suicide prevention, relationship violence and bullying).

Standard 5: Decision Making
Goal 1.1: Students will demonstrate the ability to use decision-making skills to enhance health.

Grade 6-8 Objectives
Objective(s): By the end of Eighth Grade, the student will be able to:

6-8.H.5.1.1 Identify circumstances that can help or hinder healthy decision-making.
6-8.H.5.1.2 Determine when health-related situations require the application of a thoughtful decision-making process (e.g., alcohol, tobacco and other drug use and consequences of a criminal record, recreational safety, texting, social media and general online presence, physical activity, nutritional choices).

~~.~~

6-8.H.5.1.3 Distinguish when individual or collaborate decision-making is appropriate.
6-8.H.5.1.4 Distinguish between healthy and unhealthy alternatives to health-related issues or problems.
6-8.H.5.1.5 Predict the potential short-term and long-term impact of each alternative on self, ~~and~~ others, and the environment.

6-8.H.5.1.6 Choose healthy alternatives over unhealthy alternatives when making a decision.
6-8.H.5.1.7 Analyze the outcomes of a health-related decision.

Standard 6: Goal Setting
Goal 1.1: Students will demonstrate the ability to use goal-setting skills to enhance health.

Grades 6-8 Objectives
Objective(s): By the end of Eighth Grade, the student will be able to:
6-8.H.6.1.1 Assess personal health practices.
6-8.H.6.1.2 Develop a goal to adopt, maintain, or improve a personal health practice.
6-8.H.6.1.3 Apply effective strategies and skills needed to attain a personal health goal (e.g., S.M.A.R.T. goal setting strategy).

Standard 7: Practice Healthy Behavior
Goal 1.1~~.~~: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.

Grades 6-8 Objectives
Objective(s): By the end of Eighth Grade, the student will be able to:
6-8.H.7.1.1 Explain the importance of assuming responsibility for personal health behaviors.
6-8.H.7.1.2 Demonstrate healthy practices and behaviors that will maintain or improve the health of self and others.
6-8.H.7.1.3 Demonstrate behaviors that avoid or reduce health risks to self and others.
6-8 H.7.1.4. Explain the importance of personal hygiene, self-care, food behavior, and physical activity.

Standard 8: Advocacy
Goal 1.1~~.~~: Students will demonstrate the ability to advocate for personal, family, and community health.

Grades 6-8 Objectives
Objective(s): By the end of Eighth Grade, the student will be able to:
6-8.H.8.1.1 State a health-enhancing position on a topic and support it with accurate information.
6-8.H.8.1.2 Demonstrate how to influence and support others to make positive health choices.
6-8.H.8.1.3 Work cooperatively to advocate for the health of individuals, families,

	schools and the community.
6-8.H.8.1.4	Identify ways in which health messages and communication techniques can be altered for different audiences.

IDAHO CONTENT STANDARDS
HEALTH EDUCATION
~~Grades 9-12~~

Grades 9-12

Standard 1: Comprehend Core Concepts

Core Concepts of Health Education for Grades 9-12 are defined below:

Alcohol, Tobacco & Other Drugs

The use of alcohol, tobacco, and other drugs~~,~~ has major implications in the lifelong health of individuals. ~~These~~ Instruction includes the effects, influences, environmental exposure, prevention and treatment of the use of alcohol, tobacco products, and other drugs on the body and mind.

Nutrition & Physical Activity

~~For adolescents~~To be ready to learn and achieve to their fullest potential ~~they~~ adolescents need to acquire knowledge and skills to ~~make healthy choices in food selection and engage in~~be well nourished and ~~lifelong~~ physically ~~activity~~active. ~~This~~ The ~~knowledge~~ benefits include~~s the link between healthy eating and exercise with physical, mental, emotional and social health; energy level; self image; and physical fitness~~ enhanced energy level, academic performance, self-image and ability to prevent disease.

Injury Prevention & Safety

Unintentional and intentional injuries rank among the greatest threats to the health of adolescence and adults. ~~Adolescents require knowledge that prevention~~Instruction includes safe living ~~habits~~skills and choices, ~~healthy decisions,~~ violence prevention, and emergency response and preparedness. ~~an understanding of the consequences of one's decisions.~~ Young adults need to be aware they are responsible for their own safety and the safety of others.

Mental, Emotional & Social Health

Mental, emotional, and social ~~well-being~~health are foundations for building ~~good health~~wellness. ~~These foundations~~Instruction includes ~~a sense of security, identity, belonging, purpose and competence in order to strive toward a healthy and productive life~~a positive sense of self-image and self-esteem, recognizing emotions and socially appropriate responses of self and others. Knowledge and skills ~~may~~ include emotional intelligence, ~~suicide prevention,~~ stress management, recognizing mental illness, suicide prevention, healthy relationships, communication skills, and conflict resolution~~, and mental illness~~.

Prevention & Control of Disease

Individuals have a considerable measure of control over their own health and the ~~risks~~ chance of contracting most illnesses. Health-related choices and decisions regarding prevention of communicable and non-communicable diseases include recognizing risk factors~~,~~ and identifying methods of contraction and transmission, ~~as well as the prevention and treatment of disease~~ to include universal precautions. ~~Accurate information~~ Information and discussion of sexually transmitted diseases ~~,~~ and HIV ~~infection and AIDS~~ are ~~necessary and~~ important components of this content area. Information should be factual, medically accurate,~~,~~ and objective ~~and developmentally appropriate~~.

Consumer & Community Health

~~Consumers~~ Adolescents need to understand how health care services are provided as well as how individuals can take an active role in determining the use of health related services and products. Consumer and community health include recognizing and accessing valid and appropriate health information, services, and products. ~~This~~ Instruction includes knowledge about health insurance, health related research, advertising, and fraudulent claims.

Growth, Development & Family Life

A healthy family ~~unit~~ is vital to the well-being and successful development of ~~adolescence~~adolescents. ~~Growth and development~~Instruction includes the stages of life, ~~and~~ changes in relationships with others that accompany social development, ~~and the aging process~~the acceptance of self and others,~~. Family living includes the following topics:~~ healthy relationships and sexuality, consequences of sexual activity (e.g., personal, legal and economic responsibilities of parenthood), encouragement of abstinence from sexual activity, sexually transmitted diseases (~~i.e~~e.g., transmission and prevention), and ~~including HIV and their prevention, as well as methods of preventing~~ pregnancy prevention. ~~Knowledge of~~Information should be factual, medically accurate, and objective. ~~information is important along with personal, legal and economic responsibilities of parenthood and other consequences of sexual activity.~~

~~*Reference to Idaho Education Code Title 33, Chapter 16, Sections 1608-1611~~

Environmental Health

~~Individuals~~ Students need to be aware of the impact of environmental issues and hazards on personal health and the impact humans have on the environment. ~~Environmental health~~Instruction includes precautions and behaviors to safeguard personal health, and practices that ~~will~~ reverse or slow down environmental pollution and related problems.

Goal 1.1: Students will comprehend core concepts related to health promotion and disease prevention to enhance health including: Alcohol, Tobacco and Other Drugs; Nutrition and Physical Activity, Injury Prevention and Safety; Mental, Emotional, and Social Health; Prevention and Control of Disease; Consumer and Community Health; Growth, Development and Family Life; and Environmental Health.

Grade 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:

9-12.H.1.1.1 Predict how behaviors can affect ~~health status~~wellness.
9-12.H.1.1.2 Describe the interrelationships of emotional, ~~intellectual~~mental, physical, and social health.
9-12.H.1.1.3 Analyze how environment and ~~personal health~~wellness are interrelated (e.g., second hand smoke/vapors from vaping).
9-12.H.1.1.4 Analyze how genetics and family history can affect personal health.
9-12.H.1.1.5 Propose ways to reduce health problems.
9-12.H.1.1.6 Analyze the relationship between access to health care and health status.
9-12.H.1.1.7 Compare and contrast the benefits of and barriers to practicing a variety of healthy behaviors.
9-12.H.1.1.8 Analyze the potential severity of health problems that result from engaging in unhealthy behaviors.

Standard 2: Analyzing Influences
Goal 1.1: Students will analyze the influence of family, peers, culture, media, technology, and other factors on health behavior.

Grade 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:

9-12.H.2.1.1 Analyze how the family and culture influence health beliefs and behaviors.
9-12.H.2.1.2 Analyze how peers influence health beliefs and behaviors (e.g., social norms).
9-12.H.2.1.3 Evaluate how the school and community can affect personal health practice and behaviors.
9-12.H.2.1.4 Analyze how the media and technology influence health beliefs and behaviors (e.g., social media, internet safety, and responsibility).
~~9-12.H.2.1.5 Analyze how the perception of norms influences healthy and unhealthy behaviors.~~
9-12.H.2.1.~~6~~ 5 Analyze how some health risk behaviors can influence the likelihood of engaging in unhealthy behaviors (e.g., using drugs to fit in).
9-12.H.2.1.~~7~~ 6 Analyze how public health policies and government regulations can influence health promotion and disease prevention.

Standard 3: Accessing Information
Goal 1.1~~.~~: Students will demonstrate the ability to access valid information and products and services to enhance health.

Grade 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:

9-12.H.3.1.1 Evaluate the validity of health information, products, and services.
9-12.H.3.1.2 Determine the accessibility of health information, products, and services.
9-12.H.3.1.3 Access valid and reliable health information, products, and services.
9-12.H.3.1.4 Use resources from home, school, and community that provide valid health information.
9-12.H.3.1.5 Determine when professional health services may be required.

Standard 4: Interpersonal Communication
Goal 1.1: Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.

Grade 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:
9-12.H.4.1.1 Use skills for communicating effectively with family, peers, and others to enhance health.
9-12.H.4.1.2 Demonstrate refusal, ~~negotiation~~conflict resolution, and collaboration skills to enhance health and avoid or reduce health risks.
9-12.H.4.1.3 Demonstrate strategies to prevent, manage, or resolve interpersonal conflicts without harming self or others.
9-12.H.4.1.4 Demonstrate how to ask for and offer assistance to enhance the health of self and others (e.g., suicide prevention, relationship violence, and bullying).

Standard 5: Decision Making
Goal 1.1: Students will demonstrate the ability to use decision-making skills to enhance health.

Grade 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:

9-12.H.5.1.1 Examine barriers that can hinder healthy decision-making.
9-12.H.5.1.2 Determine the value of applying a thoughtful decision-making process in health-related situations, (e.g., alcohol, tobacco and other drug use and consequences of a criminal record, recreational safety, safe driving behaviors, testing, social media and general online presence, food behavior, and physical activity).

9-12.H.5.1.3 Justify when individual or collaborative decision-making is appropriate.
9-12.H.5.1.4 Generate alternatives to health-related issues or problems.
9-12.H.5.1.5 Predict the potential short-term and long-term impact of each alternative on self, ~~and~~ others, and the environment.

9-12.H.5.1.6 Defend the healthy choice when making decisions.
9-12.H.5.1.7 Evaluate the effectiveness of health-related decisions.

Standard 6: Goal Setting
Goal 1.1 Students will demonstrate the ability to use goal-setting skills to enhance health.

Grades 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:
9-12.H.6.1.1 Assess personal health practices and overall health status.
9-12.H.6.1.2 Develop a plan to attain a personal health goal that address~~es~~ strengths, needs, and risks.
9-12.H.6.1.3 Implement effective strategies and monitor progress in achieving a personal health goal (e.g., S.M.A.R.T. goal setting strategy).
9-12.H.6.1.4 Formulate an effective long-term personal health plan.

Standard 7: Practice Healthy Behavior
Goal 1.1~~. –~~: Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.

Grades 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:
9-12.H.7.1.1 Analyze the role of individual responsibility in enhancing health.
9-12.H.7.1.2 Demonstrate a variety of healthy practices and behaviors that will maintain or improve the health of self and others.
9-12.H.7.1.3 Explain the importance of personal hygiene, self-care (e.g., self-exams), food behavior, and physical activity.
9-12.H.7.1.~~3~~4 Demonstrate a variety of healthy practices and behaviors that avoid or reduce health risks to self and others.
9-12.H.7.1.5. Instruction provided on hands-only CPR training, including proper utilization of an AED.

Standard 8: Advocacy
Goal 1.1~~. –~~: Students will demonstrate the ability to advocate for personal, family, and community health.

Grades 9-12 Objectives
Objective(s): By the end of Twelfth Grade, the student will be able to:
9-12.H.8.1.1 Use accurate ~~peer and societal norms~~information to formulate a health-enhancing message.

9-12.H.8.1.2	Demonstrate how to influence and support others to make positive health choices.
9-12.H.8.1.3	Work cooperatively as an advocate for improving personal, family, and community health.
9-12.H.8.1.4	Adapt health messages and communication techniques to target a specific audience.

~~IDAHO CONTENT STANDARDS~~
~~GRADE K-3~~
~~HUMANITIES: VISUAL ARTS~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades K-3 discuss key differences and similarities in artworks. Students identify the purpose or function of an artwork and explain how it is a record of human ideas and a reflection of its culture.~~

~~Goal 1.1: Discuss the historical and cultural contexts of the visual arts. Objective(s): By~~

~~the end of Grade 3, the student will be able to:~~

~~K.VA.1.1.1 Compare and contrast key differences and similarities in art works from different time periods or cultures.~~
~~K.VA.1.1.2 Identify the purpose or function of a work of art that was created in the past.~~
~~K.VA.1.1.3 Explain how art is a visual record of human ideas and a reflection of the culture of its origin.~~

~~Goal 1.2: Discuss the interconnections between the visual arts and societies. Objective(s): By~~

~~the end of Grade 3, the student will be able to:~~

~~K.VA.1.2.1 Name ways in which a work of visual art is reflects the culture from which it came.~~
~~K.VA.1.2.2 Identify ideas and emotions that are expressed through visual arts and other disciplines.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades K-3 use appropriate arts vocabulary to discuss works of art. Students identify the visual arts as a form of communication and a way to create meaning. Students identify characteristics of various visual art forms. Students discuss that individuals respond to art in a variety of ways. Students respond to art respectfully. Students use problem-solving techniques to respond to, create, and refine visual art forms.~~

~~Goal 2.1: Conduct analyses in the visual arts.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K.VA.2.1.1 Identify and respond to characteristics and content of various visual art forms.~~
~~K.VA.2.1.2 Examine the visual arts as a form of communication.~~
~~K.VA.2.1.3 Use arts vocabulary to discuss specific works of art.~~

~~K.VA.2.1.4 Identify the elements (line, shape, color) in art works and environments.~~

~~**Goal 2.2: Exercise sound reasoning and understanding in making choices in the visual arts.**~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K.VA.2.2.1 Discuss the importance of visual art in one's own life.~~
~~K.VA.2.2.2 Discuss how art works can elicit different responses.~~
~~K.VA.2.2.3 Express personal preferences for specific works and styles.~~
~~K.VA.2.2.4 Identify and demonstrate appropriate behavior when attending and/or participating in arts events.~~
~~K.VA.2.2.5 Show respect for personal work and works of others.~~
~~K.VA.2.2.6 Dictate or write an artist's statement (tell what the work is about).~~

~~**Standard 3: Performance**~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades K-3 use art techniques, media, and processes to create and replicate works of art. Students demonstrate safe and appropriate use of art materials. Students apply elements of color, shape, and line in artwork. Students create artwork about self, family, and personal experiences.~~

~~**Goal 3.1: Demonstrate skills essential to the visual arts. Objective(s): By**~~

~~**the end of Grade 3, the student will be able to:**~~

~~K.VA.3.1.1 Acquire and use skills necessary for applying arts techniques, media, and processes.~~
~~K.VA.3.1.2 Demonstrate safe and proper use, care, and storage of media, materials, and equipment.~~
~~K.VA.3.1.3 Apply the elements of color, shape, and line in artwork. K.VA.3.1.4 Demonstrate skills of observation in the production of artwork.~~

~~**Goal 3.2: Communicate through the visual arts, applying artistic concepts, knowledge, and skills.**~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K.VA.3.2.1 Name and use different art materials to express an idea. K.VA.3.2.2 Apply artistic concepts, knowledge, and skills to original artwork.~~
~~K.VA.3.2.3 Replicate or imitate an existing work, respecting the intent of its original creator.~~

~~**Goal 3.3: Communicate through the visual arts with creative expression. Objective(s): By**~~

~~**the end of Grade 3, the student will be able to:**~~

~~K.VA.3.3.1 Experiment with different materials, techniques, and processes in the visual arts.~~
~~K.VA.3.3.2 Create artwork about self, family, and personal experiences.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 4-5~~
~~HUMANITIES: VISUAL ARTS~~

~~Students are expected to know content and apply skills from previous grades.~~ Standard

1~~: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 4-5 compare and contrast specific works of art from different time periods and cultures. Students identify specific works of art and explain how they reflect events in history.~~

~~Goal 1.1: Discuss the historical and cultural contexts of the visual arts. Objective(s): By~~

~~the end of Grade 5, the student will be able to:~~

- ~~4-5.VA.1.1.1 Compare and contrast specific works of art from different time periods or cultures.~~
- ~~4-5.VA.1.1.2 Identify specific works as belonging to a particular era in art history.~~
- ~~4-5.VA.1.1.3 Explain how a specific work of art reflects events in history and/or culture.~~

~~Goal 1.2: Discuss the interconnections between visual arts and societies.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.VA.1.2.1 Classify the ways in which ideas and subject matter of arts disciplines are related.~~
- ~~4-5.VA.1.2.2 Describe how elements of various arts depict ideas and emotions.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 4-5 use appropriate arts vocabulary to discuss works of art. Students respond to the visual arts as a form of communication, using the elements, materials, techniques, and processes of art. Students construct meaning based on elements found in a work of art. Students identify personal preference for works of art.~~

~~Goal 2.1: Conduct analyses in the visual arts.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.VA.2.1.1 Identify and respond to differences between art materials, techniques, and processes.~~
- ~~4-5.VA.2.1.2 Construct meaning based on elements found in a work of art.~~
- ~~4-5.VA.2.1.3 Use appropriate arts vocabulary to discuss a variety of art works.~~

~~4-5.VA.2.1.4 Discuss how symbols, subject, and themes create meaning in art.~~
~~4-5.VA.2.1.5 Identify elements (line, shape, form, value, texture, color, space) in artworks and environments.~~

~~Goal 2.2: Exercise sound reasoning and understanding in making choices in the visual arts.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
~~4-5.VA.2.2.1 Observe and describe the presence of the visual arts in today's society.~~
~~4-5.VA.2.2.2 Discuss how an artwork's properties (e.g., elements, media, technique) can elicit different responses.~~
~~4-5.VA.2.2.3 Identify personal preference as one of many criteria used to determine excellence in works of art.~~
~~4-5.VA.2.2.4 Identify and demonstrate appropriate behavior when attending and/or participating in arts events.~~
~~4-5.VA.2.2.5 Show respect for personal work and works of others.~~
~~4-5.VA.2.2.6 Write an artist's statement (what the picture depicts and why and how the work was created).~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 4-5 purposefully and appropriately use art techniques, media, and processes to apply the elements in artwork. Students render objects and subject matter from life and communicate ideas from personal experience and other curricular disciplines. Students use the creative process to create works of art. Students write artist's statements.~~

~~Goal 3.1: Demonstrate skills essential to the visual arts. Objective(s): By~~

~~the end of Grade 5, the student will be able to:~~
~~4-5.VA.3.1.1 Acquire skills necessary for using arts techniques, media, and processes.~~
~~4-5.VA.3.1.2 Demonstrate safe and proper use, care, and storage of media, materials, and equipment.~~
~~4-5.VA.3.1.3 Apply the elements of color, shape, line, value, form, texture, and space in artwork.~~
~~4-5.VA.3.1.4 Demonstrate skills of observation through rendering of objects and subject matter from life.~~

~~Goal 3.2: Communicate through the visual arts, applying artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
~~4-5.VA.3.2.1 Demonstrate how different media, techniques, and processes are used to communicate ideas.~~
~~4-5.VA.3.2.2 Experiment with ways in which subject matter, symbols, and ideas are used to communicate meaning.~~

~~4-5.VA.3.2.3 Replicate or imitate an existing work, respecting the intent of its original creator.~~

~~Goal 3.3: Communicate through the visual arts with creative expression. Objective(s): By the end of Grade 5, the student will be able to:~~

~~4-5.VA.3.3.1 Experiment with different materials, techniques, and processes in the visual arts.~~
~~4-5.VA.3.3.2 Create a work of art based on personal experience, and/or emotional response.~~
~~4-5.VA.3.3.3 Use the creative process (brainstorm, research, rough sketch, final product) to create a work of art.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 6-8~~
~~HUMANITIES: VISUAL ARTS~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 6-8 identify distinguishing characteristics of artists' works and artistic movements. Students analyze the influence of history, geography, and culture on a work of art. Students identify significant works of art and artifacts.~~

~~Goal 1.1: Discuss the historical and cultural contexts of the visual arts. Objective(s): By~~

~~the end of Grade 8, the student will be able to:~~

~~6-8.VA.1.1.1 Identify distinguishing characteristics of style in the work of individual artists and art movements.~~
~~6-8.VA.1.1.2 Identify and compare works of art and artifacts from major periods on a chronological timeline.~~
~~6-8.VA.1.1.3 Analyze the influence of history, geography, and technology of a culture upon a work of art.~~
~~6-8.VA.1.1.4 Analyze the visual arts of different cultures and time periods and compare to one's own culture.~~

~~Goal 1.2: Discuss the interconnections between visual arts and societies. Objective(s): By~~

~~the end of Grade 8, the student will be able to:~~

~~6-8.VA.1.2.1 Identify the role of visual arts in theatre, dance, and musical productions.~~
~~6-8.VA.1.2.2 Understand choices made by artists to create meaning.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 6-8 respond works of art, using appropriate arts vocabulary. Students make judgments about various art forms and identify criteria used to determine excellence. Students discuss ethical issues of plagiarism in the visual arts. Students show respect for the production and exhibition of art.~~

~~Goal 2.1: Conduct analyses in the visual arts.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.VA.2.1.1 Identify and respond to characteristics and content of various art forms.~~

~~6-8.VA.2.1.2 Construct meaning based on elements and principles found in a work of art.~~
~~6-8.VA.2.1.3 Interpret a variety of art works using appropriate arts vocabulary.~~
~~6-8.VA.2.1.4 Identify symbols, themes and iconography commonly used in selected diverse cultures.~~
~~6-8.VA.2.1.5 Identify and discriminate between types of shape (geometric and organic), colors (primary, secondary, complementary, tints, and shades), lines (characteristics, quality), textures (tactile and visual), space (placement, perspective, overlap, negative, positive, size), balance (symmetrical, asymmetrical, radial), and the use of principles in their work and the works of others.~~

~~**Goal 2.2 Exercise sound reasoning and understanding in making choices in the visual arts.**~~

~~**Objective(s): By the end of Grade 8, the student will be able to:**~~
~~6-8.VA.2.2.1 Investigate the various purposes art plays in society today.~~
~~6-8.VA.2.2.2 Analyze the artist's use of sensory, formal, technical, and expressive properties in a work of art.~~
~~6-8.VA.2.2.3 Determine criteria used in making informed judgments about art.~~
~~6-8.VA.2.2.4 Demonstrate appropriate behavior while attending and/or participating in arts events.~~
~~6-8.VA.2.2.5 Show respect for personal work and works of others.~~
~~6-8.VA.2.2.6 Write an artist's statement (foundational background on the subject and the artist and why the work is important to the artist and what medium was employed to express the work).~~
~~6-8.VA.2.2.7 Discuss dividing lines between imitating a master's style of creation and unfairly "copying" another person's original work.~~
~~6-8.VA.2.2.8 Demonstrate collaborative and interpersonal skills by working productively with others, while creating works of art.~~

~~**Standard 3: Performance**~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 6-8 select media, technique, and process based on effective attributes. Students demonstrate refined observation skills. Students effectively apply elements and principles to their work. Students draw from multiple sources for subject matter (personal interests, current events, media, and styles) to create original artwork. Students use the creative process as an integral dimension of art production. Students express their intent by writing an artist's statement.~~

~~**Goal 3.1: Demonstrate skills essential to the visual arts. Objective(s): By**~~

~~**the end of Grade 8, the student will be able to:**~~
~~6-8.VA.3.1.1 Identify attributes that make a specific art media, technique, or process effective in communicating an idea.~~

~~6-8.VA.3.1.2 Demonstrate safe and proper use, care, and storage of media, materials, and equipment.~~
~~6-8.VA.3.1.3 Apply elements (line, shape, form, texture, color, and space) and principles (repetition, variety, rhythm, proportion, movement, balance, emphasis) in work that effectively communicates an idea.~~
~~6-8.VA.3.1.4 Produce art that demonstrates refined observation skills from life.~~
~~6-8.VA.3.1.5 Experiment with ideas, techniques, and styles in an artist's sketchbook. 6-8.VA.3.1.6 Critique one's own work with the intention of revision and refinement. 6-8.VA.3.1.7 Locate and use appropriate resources in order to work independently, monitoring one's own understanding and learning needs.~~

~~Goal 3.2: Communicate through the visual arts, applying artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~
~~6-8.VA.3.2.1 Illustrate how visual structures and functions of art improve communication of one's ideas.~~
~~6-8.VA.3.2.2 Demonstrate the ability to utilize personal interest, current events, media or techniques as sources for expanding artwork.~~
~~6-8.VA.3.2.3 Create an original artwork that illustrates the influence of a specific artist or artistic style.~~
~~6-8.VA.3.2.4 Use visual, spatial, and temporal concepts to communicate meaning in a work of art.~~
~~6-8.VA.3.2.5 Create two pieces that depict a common theme, idea, or style of art.~~

~~Goal 3.3: Communicate through the visual arts with creative expression. Objective(s): By~~

~~the end of Grade 8, the student will be able to:~~
~~6-8.VA.3.3.1 Utilize different media, techniques, and processes in the visual arts.~~
~~6-8.VA.3.3.2 Create a work of art that expresses personal experience, opinions, and/or beliefs.~~
~~6-8.VA.3.3.3 Use the creative process (brainstorm, research, rough sketch, final product) to create a work of art.~~
~~6-8.VA.3.3.4 Describe and plan the visual presentation of an artistic work.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 9-12~~
~~HUMANITIES: VISUAL ARTS~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 9-12 assess the impact of history, society, and the environment upon works of art. Students analyze meaning through identifying cultural symbols and icons. Students compare major periods and movements in visual art to other disciplines in the arts and humanities.~~

~~Goal 1.1: Discuss the historical and cultural contexts of the visual arts. Objective(s): By~~

~~the end of high school, the student will be able to:~~

~~9-12.VA.1.1.1 Identify representative visual works of art from a variety of cultures and historical periods.~~
~~9-12.VA.1.1.2 Outline the history and function of a particular visual art form.~~
~~9-12.VA.1.1.3 Compare and contrast the historical, social, and environmental contexts that influence artistic expression.~~
~~9-12.VA.1.1.4 Compare and contrast aesthetics from different cultural perspectives.~~

~~Goal 1.2: Discuss the interconnections between visual arts and societies.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.VA.1.2.1 Compare art forms that share common characteristics (e.g. form, line, space).~~
~~9-12.VA.1.2.2 Analyze a visual art product or art performance that integrates media, processes, and/or concepts from other performing arts disciplines.~~
~~9-12.VA.1.2.3 Relate the trends and movements in visual art to other disciplines in the arts and humanities.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 9-12 critique works of art using well-articulated rationale and appropriate arts vocabulary. Students analyze an artist's use of elements and principles in a work of art. Students identify the role of art and artists in today's society. Students discuss the nature of aesthetics and debate ethical issues pertaining to art.~~

~~**Goal 2.1: Conduct analyses in the visual arts.**~~

~~**Objective(s): By the end of high school, the student will be able to:**~~

- ~~9-12.VA.2.1.1 Develop and present basic analyses of works of visual art from structural, historical, and cultural perspectives.~~
- ~~9-12.VA.2.1.2 Construct meaning and support well-developed interpretations of works of art with evidence.~~
- ~~9-12.VA.2.1.3 Critique works of art employing appropriate arts vocabulary.~~
- ~~9-12.VA.2.1.4 Identify iconography in an artist's work or a body of work and analyze the meaning.~~
- ~~9-12.VA.2.1.5 Analyze an artist's use of the elements and principles, and how they contribute to one's interpretation of the artwork.~~

~~**Goal 2.2: Exercise sound reasoning and understanding in making choices in the visual arts.**~~

~~**Objective(s): By the end of high school, the student will be able to:**~~

- ~~9-12.VA.2.2.1 Identify the role of the arts in today's society, including career and avocation opportunities.~~
- ~~9-12.VA.2.2.2 Discuss the nature of art or aesthetic issues.~~
- ~~9-12.VA.2.2.3 Articulate criteria for determining excellence in artwork.~~
- ~~9-12.VA.2.2.4 Demonstrate appropriate behavior while attending and/or participating in arts events.~~
- ~~9-12.VA.2.2.5 Show respect for personal work and work of others.~~
- ~~9-12.VA.2.2.6 Write an artist's statement that describes a series of works (background information on the artist, artists and movements that were influential on the work, significance of the work).~~
- ~~9-12.VA.2.2.7 Debate dividing lines between imitating a master's style of creation and unfairly "copying" another person's original work.~~
- ~~9-12.VA.2.2.8 Demonstrate collaborative and interpersonal skills by working productively with others, while producing works of art.~~

~~**Standard 3: Performance**~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 9-12 select appropriate media and apply artistic techniques and processes with confidence and intention. Students use elements and principles to solve visual arts problems. Students demonstrate well-developed observational skills. Students clearly communicate personal statements, ideas, or themes through a body of artwork and an accompanying artist's statement. Students use the creative process and a personal sketchbook to plan and create a body of work. Students critique their own artwork and the work of others with the purpose of improving it.~~

~~Goal 3.1: Demonstrate skills essential to the visual arts.~~

~~Objective(s): By the end of high school, the student will be able to:~~

- ~~9-12.VA.3.1.1 Select and apply media, techniques, and processes effectively and with artistic intention.~~
- ~~9-12.VA.3.1.2 Demonstrate safe and proper use, care, and storage of media, materials, and equipment.~~
- ~~9-12.VA.3.1.3 Demonstrate how the elements and principles can be used to solve specific visual arts problems.~~
- ~~9-12.VA.3.1.4 Present convincing or accurately rendered subjects that demonstrate refined observational skills.~~
- ~~9-12.VA.3.1.5 Plan, record, and analyze a body of work through keeping an artist's journal or sketchbook.~~
- ~~9-12.VA.3.1.6 Critique one's own work with the intent of revision and or refinement.~~
- ~~9-12.VA.3.1.7 Locate and use appropriate resources in order to work independently, monitoring one's own understanding and learning needs.~~

~~Goal 3.2: Communicate through the visual arts, applying artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of high school, the student will be able to:~~

- ~~9-12.VA.3.2.1 Choose purposefully between visual characteristics of a variety of media and use these to communicate one's own idea.~~
- ~~9-12.VA.3.2.2 Discriminate and select from a variety of symbols, subject matter, and ideas to communicate clearly personal statements.~~
- ~~9-12.VA.3.2.3 Create an interpretation of a work respecting the intent of its creator.~~
- ~~9-12.VA.3.2.4 Select and utilize visual, spatial, and temporal concepts to enhance meaning in artwork.~~
- ~~9-12.VA.3.2.5 Create a body of work that develops a specific theme, idea, or style of art.~~

~~Goal 3.3: Communicate through the visual arts with creative expression.~~

~~Objective(s): By the end of high school, the student will be able to:~~

- ~~9-12.VA.3.3.1 Plan and produce a work of art applying media, techniques, and processes with skill, confidence, and sensitivity.~~
- ~~9-12.VA.3.3.2 Apply various symbols, subjects, and ideas in one's artwork.~~
- ~~9-12.VA.3.3.3 Use the creative process (brainstorm, research, rough sketch, final product) to create and critique a work of art.~~
- ~~9-12.VA.3.3.4 Determine and execute appropriate visual presentation of an original artwork.~~

IDAHO
STATE DEPARTMENT OF EDUCATION

ARTS AND HUMANITIES

VISUAL ARTS

Approved by the Idaho State Board of Education, August 11, 2016

K-3 Visual Arts

Visual Arts/Creating
#VA:Cr1.1
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Creativity and innovative thinking are essential life skills that can be developed.
Essential Question: What conditions, attitudes, and behaviors support creativity and innovative thinking? What factors prevent or encourage people to take creative risks? How does collaboration expand the creative process?

Grade K
VA:Cr1.1.K
Engage in exploration and imaginative play with materials.

Grade 1
VA:Cr1.1.1
Engage collaboratively in exploration and imaginative play with materials.

Grade 2
VA:Cr1.1.2
Brainstorm collaboratively multiple approaches to an art or design problem.

Grade 3
VA:Cr1.1.3
Elaborate on an imaginative idea.

Visual Arts/Creating
#VA:Cr1.2
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Artists and designers shape artistic investigations, following or breaking with traditions in pursuit of creative artmaking goals.
Essential Question: How does knowing the contexts histories, & traditions of art forms help us create works of art & design? Why do artists follow or break from established traditions? How do artists determine what resources are needed to formulate artistic investigations.

Grade K
VA:Cr1.2.K
Engage collaboratively in creative art-making in response to an artistic problem.

Grade 1
VA:Cr1.2.1
Use observation and investigation in preparation for making a work of art.

Grade 2
VA:Cr1.2.2
Make art or design with various materials and tools to explore personal interests, questions, and curiosity.

Grade 3
VA:Cr1.2.3
Apply knowledge of available resources, tools, and technologies to investigate personal ideas through the art-making process.

Visual Arts/Creating
#VA:Cr2.1
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers experiment with forms, structures, materials, concepts, media, and art-making approaches.
Essential Question: How do artists work? How do artists and designers determine whether a particular direction in their work is effective? How do artists and designers learn from trial and error?

Grade K
VA:Cr2.1.K
Through experimentation, build skills in various media and approaches to art-making.

Grade 1
VA:Cr2.1.1
Explore uses of materials and tools to create works of art or design.

Grade 2
VA:Cr2.1.2
Experiment with various materials and tools to explore personal interests in a work of art or design.

Grade 3
VA:Cr2.1.3
Create personally satisfying artwork using a variety of artistic processes and materials.

Visual Arts/Creating
#VA:Cr2.2
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers balance experimentation and safety, freedom and responsibility while developing and creating artworks.
Essential Question: How do artists and designers care for & maintain materials, tools, & equipment? Why is it important for safety & health to understand & follow correct procedures in handling materials & tools? What responsibilities come with the freedom to create?

Grade K
VA:Cr2.2.K
Identify safe and non-toxic art materials, tools, and equipment.

Grade 1
VA:Cr2.2.1
Demonstrate safe and proper procedures for using materials, tools, and equipment while making art.

Grade 2
VA:Cr2.2.2
Demonstrate safe procedures for using and cleaning art tools, equipment, and studio spaces.

Grade 3
VA:Cr2.2.3
Demonstrate an understanding of the safe and proficient use of materials, tools, and equipment for a variety of artistic processes.

Visual Arts/Creating
#VA:Cr2.3
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: People create and interact with objects, places, and design that define, shape, enhance, and empower their lives.
Essential Question: How do objects, places, and design shape lives and communities? How do artists and designers determine goals for designing or redesigning objects, places, or systems? How do artists and designers create works of art or design that effectively communicate?

Grade K
VA:Cr2.3.K
Create art that represents natural and constructed environments.

Grade 1
VA:Cr2.3.1
Identify and classify uses of everyday objects through drawings, diagrams, sculptures, or other visual means.

Grade 2
VA:Cr2.3.2
Repurpose objects to make something new.

Grade 3
VA:Cr2.3.3
Individually or collaboratively construct representations, diagrams, or maps of places that are part of everyday life.

Visual Arts/Creating
#VA:Cr3.1
Process Component: Reflect, Refine, Continue
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Artist and designers develop excellence through practice and constructive critique, reflecting on, revising, and refining work over time.
Essential Question: What role does persistence play in revising, refining, and developing work? How do artists grow and become accomplished in art forms? How does collaboratively reflecting on a work help us experience it more completely?

Grade K
VA:Cr3.1.K
Explain the process of making art while creating.

Grade 1
VA:Cr3.1.1
Use art vocabulary to describe choices while creating art.

Grade 2
VA:Cr3.1.2
Discuss and reflect with peers about choices made in creating artwork.

Grade 3
VA:Cr3.1.3
Elaborate visual information by adding details in an artwork to enhance emerging meaning.

Visual Arts/Presenting
#VA:Pr.4.1
Process Component: Relate
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Artists and other presenters consider various techniques, methods, venues, and criteria when analyzing, selecting, and curating objects artifacts, and artworks for preservation and presentation.
Essential Question: How are artworks cared for and by whom? What criteria, methods, and processes are used to select work for preservation or presentation? Why do people value objects, artifacts, and artworks, and select them for presentation?

Grade K
VA:Pr.4.1.K
Select art objects for personal portfolio and display, explaining why they were chosen.

Grade 1
VA:Pr.4.1.1
Explain why some objects, artifacts, and artwork are valued over others.

Grade 2
VA:Pr.4.1.2
Categorize artwork based on a theme or concept for an exhibit.

Grade 3
VA:Pr.4.1.3
Investigate and discuss possibilities and limitations of spaces, including electronic, for exhibiting artwork.

Visual Arts/Presenting
#VA:Pr5.1
Process Component: Select

Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Artists, curators and others consider a variety of factors and methods including evolving technologies when preparing and refining artwork for display and or when deciding if and how to preserve and protect it.
Essential Question: What methods and processes are considered when preparing artwork for presentation or preservation? How does refining artwork affect its meaning to the viewer? What criteria are considered when selecting work for presentation, a portfolio, or a collection?

Grade K
VA:Pr5.1.K
Explain the purpose of a portfolio or collection.

Grade 1
VA:Pr5.1.1
Ask and answer questions such as where, when, why, and how artwork should be prepared for presentation or preservation.

Grade 2
VA:Pr5.1.2
Distinguish between different materials or artistic techniques for preparing artwork for presentation.

Grade 3
VA:Pr5.1.3
Identify exhibit space and prepare works of art including artists' statements, for presentation.

Visual Arts/Presenting
#VA:Pr6.1
Process Component: Analyze
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Objects, artifacts, and artworks collected, preserved, or presented either by artists, museums, or other venues communicate meaning and a record of social, cultural, and political experiences resulting in the cultivating of appreciation and understanding.
Essential Question: What is an art museum? How does the presenting & sharing of objects, artifacts, & artworks influence & shape ideas, beliefs, & experiences? How do objects, artifacts, & artworks collected, preserved, or presented, cultivate appreciation & understanding?

Grade K
VA:Pr6.1.K
Explain what an art museum is and distinguish how an art museum is different from other buildings.

Grade 1
VA:Pr6.1.1
Identify the roles and responsibilities of people who work in and visit museums and other art venues.

Grade 2
VA:Pr6.1.2
Analyze how art exhibited inside and outside of schools (e.g., museums, galleries, virtual spaces, and other venues) contributes to communities.

Grade 3
VA:Pr6.1.3
Identify and explain how and where different cultures record and illustrate stories and history of life through art.

Visual Arts/Responding
#VA:Re7.1
Process Component: Share
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individual aesthetic and empathetic awareness developed through engagement with art can lead to understanding and appreciation of self, others, the natural world, and constructed environments.
Essential Question: How do life experiences influence the way you relate to art? How does learning about art impact how we perceive the world? What can we learn from our responses to art?

Grade K
VA:Re7.1.K
Identify uses of art within one's personal environment.

Grade 1
VA:Re7.1.1
Select and describe works of art that illustrate daily life experiences of one's self and others.

Grade 2
VA:Re7.1.2
Perceive and describe aesthetic characteristics of one's natural world and constructed environments.

Grade 3
VA:Re7.1.3
Speculate about processes an artist uses to create a work of art.

Visual Arts/Responding
#VA:Re7.2
Process Component: Perceive
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Visual imagery influences understanding of and responses to the world.
Essential Question: What is an image? Where and how do we encounter images in our world? How do images influence our views of the world?

Grade K
VA:Re7.2.K
Describe what an image represents.

Grade 1
VA:Re7.2.1
Compare images that represent the same subject.

Grade 2
VA:Re7.2.2
Categorize images based on expressive properties.

Grade 3
VA:Re7.2.3
Determine messages communicated by an image.

Visual Arts/Responding
#VA:Re8.1
Process Component: Perceive
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: People gain insights into meanings of artworks by engaging in the process of art criticism.
Essential Question: What is the value of engaging in the process of art criticism? How can the viewer "read" a work of art as text? How does knowing and using visual art vocabularies help us understand and interpret works of art?

Grade K
VA:Re8.1.K
Interpret art by identifying subject matter and describing relevant details.

Grade 1
VA:Re8.1.1
Interpret art by categorizing subject matter and identifying the characteristics of form.

Grade 2
VA:Re8.1.2
Interpret art by identifying the mood suggested by a work of art and describing relevant subject matter and characteristics of form.

Grade 3
VA:Re8.1.3
Interpret art by analyzing use of media to create subject matter, characteristics of form, and mood.

Visual Arts/Responding
#VA:Re9.1
Process Component: Analyze
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: People evaluate art based on various criteria.
Essential Question: How does one determine criteria to evaluate a work of art? How and why might criteria vary? How is a personal preference different from an evaluation?

Grade K
VA:Re9.1.K
Explain reasons for selecting a preferred artwork.

Grade 1

VA:Re9.1.1
Classify artwork based on different reasons for preferences.

Grade 2
VA:Re9.1.2
Use learned art vocabulary to express preferences about artwork.

Grade 3
VA:Re9.1.3
Evaluate an artwork based on given criteria.

Visual Arts/Connecting
#VA:Cn10.1
Process Component: Interpret
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Through art-making, people make meaning by investigating and developing awareness of perceptions, knowledge, and experiences.
Essential Question: How does engaging in creating art enrich people's lives? How does making art attune people to their surroundings? How do people contribute to awareness and understanding of their lives and the lives of their communities through art-making?

Grade K
VA:Cn10.1.K
Create art that tells a story about a life experience.

Grade 1
VA:Cn10.1.1
Identify times, places, and reasons by which students make art outside of school.

Grade 2
VA:Cn10.1.2
Create works of art about events in home, school, or community life.

Grade 3
VA:Cn10.1.3
Develop a work of art based on observations of surroundings.

Visual Arts/Connecting
#VA:Cn11.1
Process Component: Synthesize
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: People develop ideas and understandings of society, culture, and history through their interactions with and analysis of art.
Essential Question: How does art help us understand the lives of people of different times, places, and cultures? How is art used to impact the views of a society? How does art preserve aspects of life?

Grade K

VA:Cn11.1.K
Identify a purpose of an artwork.

Grade 1
VA:Cn11.1.1
Understand that people from different places and times have made art for a variety of reasons.

Grade 2
VA:Cn11.1.2
Compare and contrast cultural uses of artwork from different times and places.

Grade 3
VA:Cn11.1.3
Recognize that responses to art change depending on knowledge of the time and place in which it was made.

4-5 Visual Arts

Visual Arts/Creating
#VA:Cr1.1
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Creativity and innovative thinking are essential life skills that can be developed.
Essential Question: What conditions, attitudes, and behaviors support creativity and innovative thinking? What factors prevent or encourage people to take creative risks? How does collaboration expand the creative process?

Grade 4
VA:Cr1.1.4
Brainstorm multiple approaches to a creative art or design problem.

Grade 5
VA:Cr1.1.5
Combine ideas to generate an innovative idea for art-making.

Visual Arts/Creating
#VA:Cr1.2
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Artists and designers shape artistic investigations, following or breaking with traditions in pursuit of creative artmaking goals.
Essential Question: How does knowing the contexts histories, & traditions of art forms help us create works of art & design? Why do artists follow or break from established traditions? How do artists determine what resources are needed to formulate artistic investigations.

Grade 4
VA:Cr1.2.4
Collaboratively set goals and create artwork that is meaningful and has purpose to the makers.

Grade 5
VA:Cr1.2.5
Identify and demonstrate diverse methods of artistic investigation to choose an approach for beginning a work of art.

Visual Arts/Creating
#VA:Cr2.1
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers experiment with forms, structures, materials, concepts, media, and art-making approaches.
Essential Question: How do artists work? How do artists and designers determine whether a particular direction in their work is effective? How do artists and designers learn from trial and error?

Grade 4
VA:Cr2.1.4
Explore and invent art-making techniques and approaches.

Grade 5
VA:Cr2.1.5
Experiment and develop skills in multiple art-making techniques and approaches through practice.

Visual Arts/Creating
#VA:Cr2.2
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers balance experimentation and safety, freedom and responsibility while developing and creating artworks.
Essential Question: How do artists and designers care for & maintain materials, tools, & equipment? Why is it important for safety & health to understand & follow correct procedures in handling materials & tools? What responsibilities come with the freedom to create?

Grade 4
VA:Cr2.2.4
When making works of art, utilize and care for materials, tools, and equipment in a manner that prevents danger to oneself and others.

Grade 5
VA:Cr2.2.5
Demonstrate quality craftsmanship through care for and use of materials, tools, and equipment.

Visual Arts/Creating
#VA:Cr2.3
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: People create and interact with objects, places, and design that define, shape, enhance, and empower their lives.
Essential Question: How do objects, places, and design shape lives and communities? How do artists and designers determine goals for designing or redesigning objects, places, or systems? How do artists and designers create works of art or design that effectively communicate?

Grade 4
VA:Cr2.3.4
Document, describe, and represent regional constructed environments.

Grade 5
VA:Cr2.3.5
Identify, describe, and visually document places and/or objects of personal significance.

Visual Arts/Creating

#VA:Cr3.1
Process Component: Reflect, Refine, Continue
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Artist and designers develop excellence through practice and constructive critique, reflecting on, revising, and refining work over time.
Essential Question: What role does persistence play in revising, refining, and developing work? How do artists grow and become accomplished in art forms? How does collaboratively reflecting on a work help us experience it more completely?

Grade 4
VA:Cr3.1.4
Revise artwork in progress on the basis of insights gained through peer discussion.

Grade 5
VA:Cr3.1.5
Create artist statements using art vocabulary to describe personal choices in art-making.

Visual Arts/Presenting
#VA:Pr.4.1
Process Component: Relate
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Artists and other presenters consider various techniques, methods, venues, and criteria when analyzing, selecting, and curating objects artifacts, and artworks for preservation and presentation.
Essential Question: How are artworks cared for and by whom? What criteria, methods, and processes are used to select work for preservation or presentation? Why do people value objects, artifacts, and artworks, and select them for presentation?

Grade 4
VA:Pr.4.1.4
Analyze how past, present, and emerging technologies have impacted the preservation and presentation of artwork.

Grade 5
VA:Pr.4.1.5
Define the roles and responsibilities of a curator, explaining the skills and knowledge needed in preserving, maintaining, and presenting objects, artifacts, and artwork.

Visual Arts/Presenting
#VA:Pr5.1
Process Component: Select
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Artists, curators and others consider a variety of factors and methods including evolving technologies when preparing and refining artwork for display and or when deciding if and how to preserve and protect it.
Essential Question: What methods and processes are considered when preparing artwork for presentation or preservation? How does refining artwork affect its meaning to the viewer? What criteria are considered when selecting work for presentation, a portfolio, or a collection?

Grade 4
VA:Pr5.1.4
Analyze the various considerations for presenting and protecting art in various locations, indoor or outdoor settings, in temporary or permanent forms, and in physical or digital formats.

Grade 5
VA:Pr5.1.5
Develop a logical argument for safe and effective use of materials and techniques for preparing and presenting artwork.

Visual Arts/Presenting
#VA:Pr6.1
Process Component: Analyze
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Objects, artifacts, and artworks collected, preserved, or presented either by artists, museums, or other venues communicate meaning and a record of social, cultural, and political experiences resulting in the cultivating of appreciation and understanding.
Essential Question: What is an art museum? How does the presenting & sharing of objects, artifacts, & artworks influence & shape ideas, beliefs, & experiences? How do objects, artifacts, & artworks collected, preserved, or presented, cultivate appreciation & understanding?

Grade 4
VA:Pr6.1.4
Compare and contrast purposes of art museums, art galleries, and other venues, as well as the types of personal experiences they provide.

Grade 5
VA:Pr6.1.5
Cite evidence about how an exhibition in a museum or other venue presents ideas and provides information about a specific concept or topic.

Visual Arts/Responding
#VA:Re7.1
Process Component: Share
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individual aesthetic and empathetic awareness developed through engagement with art can lead to understanding and appreciation of self, others, the natural world, and constructed environments.
Essential Question: How do life experiences influence the way you relate to art? How does learning about art impact how we perceive the world? What can we learn from our responses to art?

Grade 4
VA:Re7.1.4
Compare responses to a work of art before and after working in similar media.

Grade 5
VA:Re7.1.5

Compare one's own interpretation of a work of art with the interpretation of others.

Visual Arts/Responding
#VA:Re7.2
Process Component: Perceive
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Visual imagery influences understanding of and responses to the world.
Essential Question: What is an image? Where and how do we encounter images in our world? How do images influence our views of the world?

Grade 4
VA:Re7.2.4
Analyze components in visual imagery that convey messages.

Grade 5
VA:Re7.2.5
Identify and analyze cultural associations suggested by visual imagery.

Visual Arts/Responding
#VA:Re8.1
Process Component: Perceive
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: People gain insights into meanings of artworks by engaging in the process of art criticism.
Essential Question: What is the value of engaging in the process of art criticism? How can the viewer "read" a work of art as text? How does knowing and using visual art vocabularies help us understand and interpret works of art?

Grade 4
VA:Re8.1.4
Interpret art by referring to contextual information and analyzing relevant subject matter, characteristics of form, and use of media.

Grade 5
VA:Re8.1.5
Interpret art by analyzing characteristics of form and structure, contextual information, subject matter, visual elements, and use of media to identify ideas and mood conveyed.

Visual Arts/Responding
#VA:Re9.1
Process Component: Analyze
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: People evaluate art based on various criteria.
Essential Question: How does one determine criteria to evaluate a work of art? How and why might criteria vary? How is a personal preference different from an evaluation?

Grade 4

VA:Re9.1.4
Apply one set of criteria to evaluate more than one work of art.

Grade 5
VA:Re9.1.5
Recognize differences in criteria used to evaluate works of art depending on styles, genres, and media as well as historical and cultural contexts.

Visual Arts/Connecting
#VA:Cn10.1
Process Component: Interpret
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Through art-making, people make meaning by investigating and developing awareness of perceptions, knowledge, and experiences.
Essential Question: How does engaging in creating art enrich people's lives? How does making art attune people to their surroundings? How do people contribute to awareness and understanding of their lives and the lives of their communities through art-making?

Grade 4
VA:Cn10.1.4
Create works of art that reflect community cultural traditions.

Grade 5
VA:Cn10.1.5
Apply formal and conceptual vocabularies of art and design to view surroundings in new ways through art-making.

Visual Arts/Connecting
#VA:Cn11.1
Process Component: Synthesize
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: People develop ideas and understandings of society, culture, and history through their interactions with and analysis of art.
Essential Question: How does art help us understand the lives of people of different times, places, and cultures? How is art used to impact the views of a society? How does art preserve aspects of life?

Grade 4
VA:Cn11.1.4
Through observation, infer information about time, place, and culture in which a work of art was created.

Grade 5
VA:Cn11.1.5
Identify how art is used to inform or change beliefs, values, or behaviors of an individual or society.

6-8 Visual Arts

Visual Arts/Creating
#VA:Cr1.1
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Creativity and innovative thinking are essential life skills that can be developed.
Essential Question: What conditions, attitudes, and behaviors support creativity and innovative thinking? What factors prevent or encourage people to take creative risks? How does collaboration expand the creative process?

Grade 6
VA:Cr1.1.6
Combine concepts collaboratively to generate innovative ideas for creating art.

Grade 7
VA:Cr1.1.7
Apply methods to overcome creative blocks.

Grade 8
VA:Cr1.1.8
Document early stages of the creative process visually and/or verbally in traditional or new media.

Visual Arts/Creating
#VA:Cr1.2
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Artists and designers shape artistic investigations, following or breaking with traditions in pursuit of creative artmaking goals.
Essential Question: How does knowing the contexts histories, & traditions of art forms help us create works of art & design? Why do artists follow or break from established traditions? How do artists determine what resources are needed to formulate artistic investigations.

Grade 6
VA:Cr1.2.6
Formulate an artistic investigation of personally relevant content for creating art.

Grade 7
VA:Cr1.2.7
Develop criteria to guide making a work of art or design to meet an identified goal.

Grade 8
VA:Cr1.2.8
Collaboratively shape an artistic investigation of an aspect of present-day life using a contemporary practice of art and design.

Visual Arts/Creating
#VA:Cr2.1

Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers experiment with forms, structures, materials, concepts, media, and art-making approaches.
Essential Question: How do artists work? How do artists and designers determine whether a particular direction in their work is effective? How do artists and designers learn from trial and error?

Grade 6
VA:Cr2.1.6
Demonstrate openness in trying new ideas, materials, methods, and approaches in making works of art and design.

Grade 7
VA:Cr2.1.7
Demonstrate persistence in developing skills with various materials, methods, and approaches in creating works of art or design.

Grade 8
VA:Cr2.1.8
Demonstrate willingness to experiment, innovate, and take risks to pursue ideas, forms, and meanings that emerge in the process of art-making or designing.

Visual Arts/Creating
#VA:Cr2.2
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers balance experimentation and safety, freedom and responsibility while developing and creating artworks.
Essential Question: How do artists and designers care for & maintain materials, tools, & equipment? Why is it important for safety & health to understand & follow correct procedures in handling materials & tools? What responsibilities come with the freedom to create?

Grade 6
VA:Cr2.2.6
Explain environmental implications of conservation, care, and clean-up of art materials, tools, and equipment.

Grade 7
VA:Cr2.2.7
Demonstrate awareness of ethical responsibility to oneself and others when posting and sharing images and other materials through the Internet, social media, and other communication formats.

Grade 8
VA:Cr2.2.8
Demonstrate awareness of practices, issues, and ethics of appropriation, fair use, copyright, open source, and creative commons as they apply to creating works of art and design.

Visual Arts/Creating

#VA:Cr2.3
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: People create and interact with objects, places, and design that define, shape, enhance, and empower their lives.
Essential Question: How do objects, places, and design shape lives and communities? How do artists and designers determine goals for designing or redesigning objects, places, or systems? How do artists and designers create works of art or design that effectively communicate?

Grade 6
VA:Cr2.3.6
Design or redesign objects, places, or systems that meet the identified needs of diverse users.

Grade 7
VA:Cr2.3.7
Apply visual organizational strategies to design and produce a work of art, design, or media that clearly communicates information or ideas.

Grade 8
VA:Cr2.3.8
Select, organize, and design images and words to make visually clear and compelling presentations.

Visual Arts/Creating
#VA:Cr3.1
Process Component: Reflect, Refine, Continue
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Artist and designers develop excellence through practice and constructive critique, reflecting on, revising, and refining work over time.
Essential Question: What role does persistence play in revising, refining, and developing work? How do artists grow and become accomplished in art forms? How does collaboratively reflecting on a work help us experience it more completely?

Grade 6
VA:Cr3.1.6
Reflect on whether personal artwork conveys the intended meaning and revise accordingly.

Grade 7
VA:Cr3.1.7
Reflect on and explain important information about personal artwork in an artist statement or another format.

Grade 8
VA:Cr3.1.8
Apply relevant criteria to examine, reflect on, and plan revisions for a work of art or design in progress.

Visual Arts/Presenting
#VA:Pr.4.1
Process Component: Relate

Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Artists and other presenters consider various techniques, methods, venues, and criteria when analyzing, selecting, and curating objects artifacts, and artworks for preservation and presentation.
Essential Question: How are artworks cared for and by whom? What criteria, methods, and processes are used to select work for preservation or presentation? Why do people value objects, artifacts, and artworks, and select them for presentation?

Grade 6
VA:Pr.4.1.6
Analyze similarities and differences associated with preserving and presenting two-dimensional, three-dimensional, and digital artwork.

Grade 7
VA:Pr.4.1.7
Compare and contrast how technologies have changed the way artwork is preserved, presented, and experienced.

Grade 8
VA:Pr.4.1.8
Develop and apply criteria for evaluating a collection of artwork for presentation.

Visual Arts/Presenting
#VA:Pr5.1
Process Component: Select
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Artists, curators and others consider a variety of factors and methods including evolving technologies when preparing and refining artwork for display and or when deciding if and how to preserve and protect it.
Essential Question: What methods and processes are considered when preparing artwork for presentation or preservation? How does refining artwork affect its meaning to the viewer? What criteria are considered when selecting work for presentation, a portfolio, or a collection?

Grade 6
VA:Pr5.1.6
Individually or collaboratively, develop a visual plan for displaying works of art, analyzing exhibit space, the needs of the viewer, and the layout of the exhibit.

Grade 7
VA:Pr5.1.7
Based on criteria, analyze and evaluate methods for preparing and presenting art.

Grade 8
VA:Pr5.1.8
Collaboratively prepare and present selected theme-based artwork for display, and formulate exhibition narratives for the viewer.

Visual Arts/Presenting

#VA:Pr6.1
Process Component: Analyze
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Objects, artifacts, and artworks collected, preserved, or presented either by artists, museums, or other venues communicate meaning and a record of social, cultural, and political experiences resulting in the cultivating of appreciation and understanding.
Essential Question: What is an art museum? How does the presenting & sharing of objects, artifacts, & artworks influence & shape ideas, beliefs, & experiences? How do objects, artifacts, & artworks collected, preserved, or presented, cultivate appreciation & understanding?

Grade 6
VA:Pr6.1.6
Assess, explain, and provide evidence of how museums or other venues reflect history and values of a community.

Grade 7
VA:Pr6.1.7
Compare and contrast viewing and experiencing collections and exhibitions in different venues.

Grade 8
VA:Pr6.1.8
Analyze why and how an exhibition or collection may influence ideas, beliefs, and experiences.

Visual Arts/Responding
#VA:Re7.1
Process Component: Share
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individual aesthetic and empathetic awareness developed through engagement with art can lead to understanding and appreciation of self, others, the natural world, and constructed environments.
Essential Question: How do life experiences influence the way you relate to art? How does learning about art impact how we perceive the world? What can we learn from our responses to art?

Grade 6
VA:Re7.1.6
Identify and interpret works of art or design that reveal how people live around the world and what they value.

Grade 7
VA:Re7.1.7
Explain how the method of display, the location, and the experience of an artwork influence how it is perceived and valued.

Grade 8
VA:Re7.1.8
Explain how a person's aesthetic choices are influenced by culture and environment and impact the visual image that one conveys to others.

Visual Arts/Responding
#VA:Re7.2
Process Component: Perceive
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Visual imagery influences understanding of and responses to the world.
Essential Question: What is an image? Where and how do we encounter images in our world? How do images influence our views of the world?

Grade 6
VA:Re7.2.6
Analyze ways that visual components and cultural associations suggested by images influence ideas, emotions, and actions.

Grade 7
VA:Re7.2.7
Analyze multiple ways that images influence specific audiences.

Grade 8
VA:Re7.2.8
Compare and contrast contexts and media in which viewers encounter images that influence ideas, emotions, and actions.

Visual Arts/Responding
#VA:Re8.1
Process Component: Perceive
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: People gain insights into meanings of artworks by engaging in the process of art criticism.
Essential Question: What is the value of engaging in the process of art criticism? How can the viewer "read" a work of art as text? How does knowing and using visual art vocabularies help us understand and interpret works of art?

Grade 6
VA:Re8.1.6
Interpret art by distinguishing between relevant and non-relevant contextual information and analyzing subject matter, characteristics of form and structure, and use of media to identify ideas and mood conveyed.

Grade 7
VA:Re8.1.7
Interpret art by analyzing art-making approaches, the characteristics of form and structure, relevant contextual information, subject matter, and use of media to identify ideas and mood conveyed.

Grade 8
VA:Re8.1.8
Interpret art by analyzing how the interaction of subject matter, characteristics of form and structure, use of media, art-making approaches, and relevant contextual information contributes to understanding messages or ideas and mood conveyed.

Visual Arts/Responding
#VA:Re9.1
Process Component: Analyze
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: People evaluate art based on various criteria.
Essential Question: How does one determine criteria to evaluate a work of art? How and why might criteria vary? How is a personal preference different from an evaluation?

Grade 6
VA:Re9.1.6
Develop and apply relevant criteria to evaluate a work of art.

Grade 7
VA:Re9.1.7
Compare and explain the difference between an evaluation of an artwork based on personal criteria and an evaluation of an artwork based on a set of established criteria.

Grade 8
VA:Re9.1.8
Create a convincing and logical argument to support an evaluation of art.

Visual Arts/Connecting
#VA:Cn10.1
Process Component: Interpret
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Through art-making, people make meaning by investigating and developing awareness of perceptions, knowledge, and experiences.
Essential Question: How does engaging in creating art enrich people's lives? How does making art attune people to their surroundings? How do people contribute to awareness and understanding of their lives and the lives of their communities through art-making?

Grade 6
VA:Cn10.1.6
Generate a collection of ideas reflecting current interests and concerns that could be investigated in art-making.

Grade 7
VA:Cn10.1.7
Individually or collaboratively create visual documentation of places and times in which people gather to make and experience art or design in the community.

Grade 8
VA:Cn10.1.8
Make art collaboratively to reflect on and reinforce positive aspects of group identity.

Visual Arts/Connecting
#VA:Cn11.1
Process Component: Synthesize

Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: People develop ideas and understandings of society, culture, and history through their interactions with and analysis of art.
Essential Question: How does art help us understand the lives of people of different times, places, and cultures? How is art used to impact the views of a society? How does art preserve aspects of life?

Grade 6
VA:Cn11.1.6
Analyze how art reflects changing times, traditions, resources, and cultural uses.

Grade 7
VA:Cn11.1.7
Analyze how response to art is influenced by understanding the time and place in which it was created, the available resources, and cultural uses.

Grade 8
VA:Cn11.1.8
Distinguish different ways art is used to represent, establish, reinforce, and reflect group identity.

High School Visual Arts

Visual Arts/Creating
#VA:Cr1.1
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Creativity and innovative thinking are essential life skills that can be developed.
Essential Question: What conditions, attitudes, and behaviors support creativity and innovative thinking? What factors prevent or encourage people to take creative risks? How does collaboration expand the creative process?

HS Proficient
VA:Cr1.1.HSI
Use multiple approaches to begin creative endeavors.

HS Accomplished
VA:Cr1.1.HSII
Individually or collaboratively formulate new creative problems based on student's existing artwork.

HS Advanced
VA:Cr1.1.HSIII
Visualize and hypothesize to generate plans for ideas and directions for creating art and design that can affect social change.

Visual Arts/Creating
#VA:Cr1.2
Process Component: Investigate, Plan, Make
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Artists and designers shape artistic investigations, following or breaking with traditions in pursuit of creative artmaking goals.
Essential Question: How does knowing the contexts histories, & traditions of art forms help us create works of art & design? Why do artists follow or break from established traditions? How do artists determine what resources are needed to formulate artistic investigations?

HS Proficient
VA:Cr1.2.HSI
Shape an artistic investigation of an aspect of present-day life using a contemporary practice of art or design.

HS Accomplished
VA:Cr1.2.HSII
Choose from a range of materials and methods of traditional and contemporary artistic practices to plan works of art and design.

HS Advanced
VA:Cr1.2.HSIII
Choose from a range of materials and methods of traditional and contemporary artistic practices, following or breaking established conventions, to plan the making of multiple works of art and design based on a theme, idea, or concept.

Visual Arts/Creating
#VA:Cr2.1
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers experiment with forms, structures, materials, concepts, media, and art-making approaches.
Essential Question: How do artists work? How do artists and designers determine whether a particular direction in their work is effective? How do artists and designers learn from trial and error?

HS Proficient
VA:Cr2.1.HSI
Engage in making a work of art or design without having a preconceived plan.

HS Accomplished
VA:Cr2.1.HSII
Through experimentation, practice, and persistence, demonstrate acquisition of skills and knowledge in a chosen art form.

HS Advanced
VA:Cr2.1.HSIII
Experiment, plan, and make multiple works of art and design that explore a personally meaningful theme, idea, or concept.

Visual Arts/Creating
#VA:Cr2.2
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Artists and designers balance experimentation and safety, freedom and responsibility while developing and creating artworks.
Essential Question: How do artists and designers care for & maintain materials, tools, & equipment? Why is it important for safety & health to understand & follow correct procedures in handling materials & tools? What responsibilities come with the freedom to create?

HS Proficient
VA:Cr2.2.HSI
Explain how traditional and non-traditional materials may impact human health and the environment and demonstrate safe handling of materials, tools, and equipment.

HS Accomplished
VA:Cr2.2.HSII
Demonstrate awareness of ethical implications of making and distributing creative work.

HS Advanced
VA:Cr2.2.HSIII
Demonstrate understanding of the importance of balancing freedom and responsibility in the use of images, materials, tools, and equipment in the creation and circulation of creative work.

Visual Arts/Creating
#VA:Cr2.3
Process Component: Investigate
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: People create and interact with objects, places, and design that define, shape, enhance, and empower their lives.
Essential Question: How do objects, places, and design shape lives and communities? How do artists and designers determine goals for designing or redesigning objects, places, or systems? How do artists and designers create works of art or design that effectively communicate?

HS Proficient
VA:Cr2.3.HSI
Collaboratively develop a proposal for an installation, artwork, or space design that transforms the perception and experience of a particular place.

HS Accomplished
VA:Cr2.3.HSII
Redesign an object, system, place, or design in response to contemporary issues.

HS Advanced
VA:Cr2.3.HSIII
Demonstrate in works of art or design how visual and material culture defines, shapes, enhances, inhibits, and/or empowers people's lives.

Visual Arts/Creating
#VA:Cr3.1
Process Component: Reflect, Refine, Continue
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Artist and designers develop excellence through practice and constructive critique, reflecting on, revising, and refining work over time.
Essential Question: What role does persistence play in revising, refining, and developing work? How do artists grow and become accomplished in art forms? How does collaboratively reflecting on a work help us experience it more completely?

HS Proficient
VA:Cr3.1.HSI
Apply relevant criteria from traditional and contemporary cultural contexts to examine, reflect on, and plan revisions for works of art and design in progress.

HS Accomplished
VA:Cr3.1.HSII
Engage in constructive critique with peers, then reflect on, re-engage, revise, and refine works of art and design in response to personal artistic vision.

HS Advanced
VA:Cr3.1.HSIII
Reflect on, re-engage, revise, and refine works of art or design considering relevant traditional and contemporary criteria as well as personal artistic vision.

Visual Arts/Presenting
#VA:Pr.4.1
Process Component: Relate
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Artists and other presenters consider various techniques, methods, venues, and criteria when analyzing, selecting, and curating objects artifacts, and artworks for preservation and presentation.
Essential Question: How are artworks cared for and by whom? What criteria, methods, and processes are used to select work for preservation or presentation? Why do people value objects, artifacts, and artworks, and select them for presentation?

HS Proficient
VA:Pr.4.1.HSI
Analyze, select, and curate artifacts and/or artworks for presentation and preservation.

HS Accomplished
VA:Pr.4.1.HSII
Analyze, select, and critique personal artwork for a collection or portfolio presentation.

HS Advanced
VA:Pr.4.1.HSIII
Critique, justify, and present choices in the process of analyzing, selecting, curating, and presenting artwork for a specific exhibit or event.

Visual Arts/Presenting
#VA:Pr5.1
Process Component: Select
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Artists, curators and others consider a variety of factors and methods including evolving technologies when preparing and refining artwork for display and or when deciding if and how to preserve and protect it.
Essential Question: What methods and processes are considered when preparing artwork for presentation or preservation? How does refining artwork affect its meaning to the viewer? What criteria are considered when selecting work for presentation, a portfolio, or a collection?

HS Proficient
VA:Pr5.1.HSI
Analyze and evaluate the reasons and ways an exhibition is presented.

HS Accomplished
VA:Pr5.1.HSII
Evaluate, select, and apply methods or processes appropriate to display artwork in a specific place.

HS Advanced
VA:Pr5.1.HSIII
Investigate, compare, and contrast methods for preserving and protecting art.

Visual Arts/Presenting
#VA:Pr6.1
Process Component: Analyze
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Objects, artifacts, and artworks collected, preserved, or presented either by artists, museums, or other venues communicate meaning and a record of social, cultural, and political experiences resulting in the cultivating of appreciation and understanding.
Essential Question: What is an art museum? How does the presenting & sharing of objects, artifacts, & artworks influence & shape ideas, beliefs, & experiences? How do objects, artifacts, & artworks collected, preserved, or presented, cultivate appreciation & understanding?

HS Proficient
VA:Pr6.1.HSI
Analyze and describe the impact that an exhibition or collection has on personal awareness of social, cultural, or political beliefs and understandings.

HS Accomplished
VA:Pr6.1.HSII
Make, explain, and justify connections between artists or artwork and social, cultural, and political history.

HS Advanced
VA:Pr6.1.HSIII
Curate a collection of objects, artifacts, or artwork to impact the viewer's understanding of social, cultural, and/or political experiences.

Visual Arts/Responding
#VA:Re7.1
Process Component: Share
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individual aesthetic and empathetic awareness developed through engagement with art can lead to understanding and appreciation of self, others, the natural world, and constructed environments.
Essential Question: How do life experiences influence the way you relate to art? How does learning about art impact how we perceive the world? What can we learn from our responses to art?

HS Proficient
VA:Re7.1.HSI
Hypothesize ways in which art influences perception and understanding of human experiences.

HS Accomplished
VA:Re7.1.HSII
Recognize and describe personal aesthetic and empathetic responses to the natural world and constructed environments.

HS Advanced
VA:Re7.1.HSIII
Analyze how responses to art develop over time based on knowledge of and experience with art and life.

Visual Arts/Responding
#VA:Re7.2
Process Component: Perceive
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Visual imagery influences understanding of and responses to the world.
Essential Question: What is an image? Where and how do we encounter images in our world? How do images influence our views of the world?

HS Proficient
VA:Re7.2.HSI
Analyze how one's understanding of the world is affected by experiencing visual imagery.

HS Accomplished
VA:Re7.2.HSII
Evaluate the effectiveness of an image or images to influence ideas, feelings, and behaviors of specific audiences.

HS Advanced
VA:Re7.2.HSIII
Determine the commonalities within a group of artists or visual images attributed to a particular type of art, timeframe, or culture.

Visual Arts/Responding
#VA:Re8.1
Process Component: Perceive
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: People gain insights into meanings of artworks by engaging in the process of art criticism.
Essential Question: What is the value of engaging in the process of art criticism? How can the viewer "read" a work of art as text? How does knowing and using visual art vocabularies help us understand and interpret works of art?

HS Proficient
VA:Re8.1.HSI
Interpret an artwork or collection of works, supported by relevant and sufficient evidence found in the work and its various contexts.

HS Accomplished
VA:Re8.1.HSII
Identify types of contextual information useful in the process of constructing interpretations of an artwork or collection of works.

HS Advanced
VA:Re8.1.HSIII
Analyze differing interpretations of an artwork or collection of works in order to select and defend a plausible critical analysis.

Visual Arts/Responding
#VA:Re9.1

Process Component: Analyze
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: People evaluate art based on various criteria.
Essential Question: How does one determine criteria to evaluate a work of art? How and why might criteria vary? How is a personal preference different from an evaluation?

HS Proficient
VA:Re9.1.HSI
Establish relevant criteria in order to evaluate a work of art or collection of works.

HS Accomplished
VA:Re9.1.HSII
Determine the relevance of criteria used by others to evaluate a work of art or collection of works.

HS Advanced
VA:Re9.1.HSIII
Construct evaluations of a work of art or collection of works based on differing sets of criteria.

Visual Arts/Connecting
#VA:Cn10.1
Process Component: Interpret
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Through art-making, people make meaning by investigating and developing awareness of perceptions, knowledge, and experiences.
Essential Question: How does engaging in creating art enrich people's lives? How does making art attune people to their surroundings? How do people contribute to awareness and understanding of their lives and the lives of their communities through art-making?

HS Proficient
VA:Cn10.1.HSI
Document the process of developing ideas from early stages to fully elaborated ideas.

HS Accomplished
VA:Cn10.1.HSII
Utilize inquiry methods of observation, research, and experimentation to explore unfamiliar subjects through art-making.

HS Advanced
VA:Cn10.1.HSIII
Synthesize knowledge of social, cultural, historical, and personal life with art-making approaches to create meaningful works of art or design.

Visual Arts/Connecting
#VA:Cn11.1
Process Component: Synthesize
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.

Enduring Understanding: People develop ideas and understandings of society, culture, and history through their interactions with and analysis of art.
Essential Question: How does art help us understand the lives of people of different times, places, and cultures? How is art used to impact the views of a society? How does art preserve aspects of life?

HS Proficient
VA:Cn11.1.HSI
Describe how knowledge of culture, traditions, and history may influence personal responses to art.

HS Accomplished
VA:Cn11.1.HSII
Compare uses of art in a variety of societal, cultural, and historical contexts and make connections to uses of art in contemporary and local contexts.

HS Advanced
VA:Cn11.1.HSIII
Appraise the impact of an artist or a group of artists on the beliefs, values, and behaviors of a society.

GLOSSARY: VISUAL ARTS

Visual Arts, as defined by the National Art Education Association, include the traditional fine arts such as drawing, painting, printmaking, photography, and sculpture; media arts including film, graphic communications, animation, and emerging technologies; architectural, environmental, and industrial arts such as urban, interior, product, and landscape design; folk arts; and works of art such as ceramics, fibers, jewelry, works in wood, paper, and other materials (Revised July 2012)

Art
In everyday discussions and in the history of aesthetics, multiple (and sometimes contradictory) definitions of art have been proposed. In a classic article, "The Role of Theory in Aesthetics," Morris Weitz (1956) recommended differentiating between classificatory (classifying) and honorific (honoring) definitions of art
In the Next Generation Core Visual Arts Standards, the word art is used in the classificatory sense to mean "an artifact or action that has been put forward by an artist or other person as something to be experienced, interpreted, and appreciated"
An important component of a quality visual arts education is for students to engage in discussions about honorific definitions of art—identifying the wide range of significant features in art-making approaches, analyzing why artists follow or break with traditions and discussing their own understandings of the characteristics of "good art"

Appropriation
Intentional borrowing, copying, and alteration of preexisting images and objects

Artist statement
Information about context, explanations of process, descriptions of learning, related stories, reflections, or other details in a written or spoken format shared by the artist to extend and deepen understanding of his or her artwork; an artist statement can be didactic, descriptive, or reflective in nature

Artistic investigations
In making art, forms of inquiry and exploration; through artistic investigation artists go beyond illustrating pre-existing ideas or following directions, and students generate fresh insights—new ways of seeing and knowing

Art-making approaches
Diverse strategies and procedures by which artists initiate and pursue making a work

Artwork
Artifact or action that has been put forward by an artist or other person as something to be experienced, interpreted, and appreciated

Brainstorm
Technique for the initial production of ideas or ways of solving a problem by an individual or group in which ideas are spontaneously contributed without critical comment or judgment

Characteristic(s)
Attribute, feature, property, or essential quality

Characteristics of form (and structure)
Terms drawn from traditional, modern, and contemporary sources that identify the range of attributes that can be used to describe works of art and design to aid students in experiencing and perceiving the qualities of artworks, enabling them to create their own work and to appreciate and interpret the work of others

Collaboration
Joint effort of working together to formulate and solve creative problems

Collaboratively
Joining with others in attentive participation in an activity of imagining, exploring, and/or making

Concepts
Ideas, thoughts, schemata; art arising out of conceptual experimentation that emphasizes making meaning through ideas rather than through materiality or form

Constructed environment
Human-made or modified spaces and places; art and design-related disciplines such as architecture, urban planning, interior design, game design, virtual environment, and landscape design shape the places in which people live, work, and play

Contemporary artistic practice
Processes, techniques, media, procedures, behaviors, actions, and conceptual approaches by which an artist or designer makes work using methods that, though they may be based on traditional practices, reflect changing contextual, conceptual, aesthetic, material and technical possibilities; examples include artwork made with appropriated images or materials, social practice artworks that involve the audience, performance art, new media works, installations, and artistic interventions in public spaces

Context
Interrelated conditions surrounding the creation and experiencing of an artwork, including the artist, viewer/audiences, time, culture, presentation, and location of the artwork's creation and reception

Copyright
Form of protection grounded in the U.S. Constitution and granted by law for original works of authorship fixed in a tangible medium of expression, covering both published and unpublished works

Creative commons
Copyright license templates that provide a simple, standardized way to give the public permission to share and use creative work on conditions of the maker's choice (http://creativecommons.org/)

Creativity
Ability to conceive and develop rich, original ideas, discover unexpected connections, and invent or make new things

Criteria
In art and design, principles that direct attention to significant aspects of a work and provide guidelines for evaluating its success

Contemporary criteria
Principles by which a work of art or design is understood and evaluated in contemporary contexts which, for example, include judging not necessarily on originality, but rather on how the work is re-contextualized to create new meanings

Established criteria
Identified principles that direct attention to significant aspects of various types of artwork in order to provide guidelines for evaluating the work; these may be commonly accepted principles that have been developed by

artists, curators, historians, critics, educators and others or principles developed by an individual or group to pertain to a specific work of art or design

Personal criteria
Principles for evaluating art and design based on individual preferences

Relevant criteria
Principles that apply to making, revising, understanding, and evaluating a particular work of art or design that are generated by identifying the significant characteristics of a work

Critique
Individual or collective reflective process by which artists or designers experience, analyze, and evaluate a work of art or design

Cultural contexts
Ideas, beliefs, values, norms, customs, traits, practices, and characteristics shared by individuals within a group that form the circumstances surrounding the creation, presentation, preservation, and response to art

Cultural traditions
Pattern of practices and beliefs within a societal group

Curate
Collect, sort, and organize objects, artworks, and artifacts; preserve and maintain historical records and catalogue exhibits

Curator
Person responsible for acquiring, caring for, and exhibiting objects, artworks, and artifacts

Design
Application of creativity to planning the optimal solution to a given problem and communication of that plan to others

Digital format
Anything in electronic form including photos, images, video, audio files, or artwork created or presented through electronic means; a gallery of artwork viewed electronically through any device

Engagement
Attentive participation in an activity of imagining, exploring, and making

Exhibition narrative
Written description of an exhibition intended to educate viewers about its purpose

Expressive properties
Moods, feelings, or ideas evoked or suggested through the attributes, features, or qualities of an image or work of art

Fair use
Limitation in copyright law which sets out factors to be considered in determining whether or not a particular use of one's work is "fair," such as the purpose and character of the use, the amount of the work used, and whether the use will affect the market for the work

Formal and conceptual vocabularies
Terms, methods, concepts, or strategies used to experience, describe, analyze, plan, and make works of art and design drawn from traditional, modern, contemporary, and continually emerging sources in diverse cultures

Genre
Category of art or design identified by similarities in form, subject matter, content, or technique

Image
Visual representation of a person, animal, thing, idea, or concept

Imaginative play
Experimentation by children in defining identities and points of view by developing skills in conceiving, planning, making art, and communicating

Innovative thinking
Imagining or and conceiving something new and unexpected, including fresh ideas and ways of looking at things and new approaches to old problems as well as formulating new problems

Material culture
Human-constructed or human-mediated objects, forms, or expressions, that extend to other senses and study beyond the traditional art historical focus on the exemplary to the study of common objects, ordinary spaces, and every day rituals

Materials
Substances out of which art is made or composed, ranging from the traditional to "non-art" material and virtual, cybernetic, and simulated materials

Medium/Media
Mode(s) of artistic expression or communication; material or other resources used for creating art

Open source
Computer software for which the copyright holder freely provides the right to use, study, change, and distribute the software to anyone for any purpose (http://opensource.org/)

Play
Spontaneous engaged activity through which children learn to experience, experiment, discover, and create

Portfolio
Actual or virtual collection of artworks and documentation demonstrating art and design knowledge and skills organized to reflect an individual's creative growth and artistic literacy

Preservation
Activity of protecting, saving, and caring for objects, artifacts, and artworks through a variety of means

Preserve
Protect, save, and care for (curate) objects, artifacts, and artworks

Style
Recognizable characteristics of art or design that are found consistently in historical periods, cultural traditions, schools of art, or works of an individual artist

Technologies
Tools, techniques, crafts, systems, and methods to shape, adapt, and preserve artworks, artifacts, objects, and natural and human-made environments

Text
That form which information can be gathered, expanding beyond the traditional notion of written language to encompass visual representations such as paintings, sculpture, diagrams, graphics, films, and maps

Venue
Place or setting for an art exhibition, either a physical space or a virtual environment

Visual components
Properties of an image that can be perceived

Visual imagery
Group of images; images in general

Visual organization approaches and strategies
Graphic design strategies such as hierarchy, consistency, grids, spacing, scale, weight, proximity, alignment, and typography choice used to create focus and clarity in a work

Visual plan
Drawing, picture, diagram, or model of the layout of an art exhibit where individual works of art and artifacts are presented along with interpretive materials within a given space or venue

~~IDAHO CONTENT STANDARDS~~
~~GRADE K-3~~
~~HUMANITIES: DANCE~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades K-3 demonstrate dance movements associated with places, historical events, and themes across various cultures and disciplines.~~

~~Goal 1.1: Discuss historical and cultural contexts of dance and perform examples.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K-3.D.1.1.1 Identify and perform dances associated with particular places and events.~~
~~K-3.D.1.1.2 Discuss common subjects, ideas, and themes in dances from different cultures.~~

~~Goal 1.2: Demonstrate through movement interrelationships among visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K-3.D.1.2.1 Compare dance and other art forms associated with various cultures in various time periods.~~
~~K-3.D.1.2.2 Identify common ideas found in other art forms and explore them through movement (e.g., students identify the idea of sadness found and improvise the idea through movement using "sad" music).~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades K-3 develop an arts vocabulary and respond through movement and discussion to ideas and themes in dance.~~

~~Goal 2.1: Exercise sound reasoning in understanding and making choices in dance.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K-3.D.2.1.1 Talk about dance as a means of communicating emotions (happy sad, angry).~~
~~K-3.D.2.1.2 Develop dance vocabulary when discussing dance.~~
~~K-3.D.2.1.3 Show through movement how the human body is used to express or communicate an action, idea, or experience.~~

~~Goal 2.2: Formulate and express opinions about dance performances.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K-3.D.2.2.1 Voice personal preferences about dances within a classroom or other setting.~~
~~K-3.D.2.2.2 Show how dance elicits various interpretations.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades K-3 identify and demonstrate movement qualities, body shapes, levels, pathways, and tempos. Students create and perform movement phrases individually and collectively.~~

~~Goal 3.1: Identify and practice concepts essential to dance.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~
~~K-3.D.3.1.1 Identify and practice different movement qualities (e.g., rise, fall).~~
~~K-3.D.3.1.2 Demonstrate how the body can change, create shapes, change levels, and move through pathways and in space at various speeds.~~
~~K-3.D.3.1.3 Demonstrate dance phrases, following a specific floor pattern.~~

~~Goal 3.2: Communicate in dance through application of artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~
~~K-3.D.3.2.1 Repeat demonstrated body movements and rhythm patterns.~~
~~K-3.D.3.2.2 Move as an individual and as part of a group without talking.~~
~~K-3.D.3.2.3 Move at various tempos.~~

~~Goal 3.3: Communicate in dance through creative expression.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~
~~K-3.D.3.3.1 Create movement based on a theme (e.g. improvise on the topic of the solar system).~~
~~K-3.D.3.3.2 Create a dance phrase with a beginning, middle, and end.~~
~~K-3.D.3.3.3 Communicate an idea through movement.~~
~~K-3.D.3.3.4 Learn and perform a simple dance, following the cues of a leader.~~
~~K-3.D.3.3.5 Create a dance phrase, working productively with others.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 4-5~~
~~HUMANITIES: DANCE~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1:~~ ~~Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 4-5 research and perform various existing dances and create their own original work based on other art disciplines.~~

~~Goal 1.1: Discuss the historical and cultural contexts of dance and perform examples.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.D.1.1.1 Research and perform dance forms that have evolved during specific periods of history (e.g., ballet, jazz).~~
- ~~4-5.D.1.1.2 Explain how a dance from a culture or time period reflects values of its society.~~

~~Goal 1.2: Demonstrate through movement interrelationships among visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.D.1.2.1 Create a dance based on another art form (e.g., students create a dance phrase based on a poem, a piece of music, or from a costume).~~
- ~~4-5.D.1.2.2 Identify common themes or ideas found in other art forms and communicate them through movement.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 4-5 articulate how dance communicates ideas and meaning through artistic choices. Students draw conclusions about dance performances through discussion and observation.~~

~~Goal 2.1: Exercise sound reasoning in understanding and making choices in dance.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.D.2.1.1 Discuss and show how dance creates and communicates meaning.~~
- ~~4-5.D.2.1.2 Develop and apply dance vocabulary when discussing dance.~~
- ~~4-5.D.2.1.3 Change one section of a dance and discuss how it affects the meaning of the dance.~~

~~Goal 2.2: Formulate and express opinions about dance performances.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
- ~~4-5.D.2.2.1 Observe a dance performance, discuss its meaning, and voice a personal response to it.~~
- ~~4-5.D.2.2.2 Discuss the process and effort involved in developing an idea into a dance work.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 4-5 identify and practice weight shifts and jumps. Students practice warm-up skills and movement phrases from different genres. Students improvise and create choreography to solve movement problems with a partner or a group.~~

~~Goal 3.1: Identify and practice concepts essential to dance.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
- ~~4-5.D.3.1.1 Identify and practice transfer of weight, elevation, turning, and falling at varying speeds.~~
- ~~4-5.D.3.1.2 Memorize set patterns of movement.~~
- ~~4-5.D.3.1.3 Identify and practice ways dancers warm up, stretch, and strengthen their bodies.~~

~~Goal 3.2: Communicate in dance through application of artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
- ~~4-5.D.3.2.1 Perform dances from at least two different dance disciplines (jazz, ballet, modern, tap, folk).~~
- ~~4-5.D.3.2.2 Demonstrate a rhythmic pattern through movement.~~
- ~~4-5.D.3.2.3 Create and follow a floor pattern.~~

~~Goal 3.3: Communicate in dance through creative expression.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
- ~~4-5.D.3.3.1 Improvise or create choreography based on how the body can create shapes, change levels, and move through pathways, using stage directions.~~
- ~~4-5.D.3.3.2 Analyze a movement problem (e.g., move to the floor from standing without using your hands) with a partner or a group, and create a solution.~~
- ~~4-5.D.3.3.3 Develop and communicate new ideas through movement.~~
- ~~4-5.D.3.3.4 Learn and perform a simple dance, expressing its mood~~
- ~~4-5.D.3.3.5 Create a dance phrase, working productively with others, respecting diverse perspectives.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 6-8~~
~~HUMANITIES: DANCE~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1:~~ ~~Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 6-8 investigate and perform a historical dance. Students compare traditional and modern art forms.~~

~~Goal 1.1: Discuss the historical and cultural contexts of dance and perform examples.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

- ~~6-8.D.1.1.1 Investigate one dance tradition of the United States and perform it (e.g., square dance, tap dance, Native American dance).~~
- ~~6-8.D.1.1.2 Examine the influence of historical events or culture on the development of a dance form.~~

~~Goal 1.2: Demonstrate through movement interrelationships among visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

- ~~6-8.D.1.2.1 Compare ballet and modern dance, and find music that is appropriate for each form of dance.~~
- ~~6-8.D.1.2.2 Create a set, costumes, or props for a dance.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 6-8 develop criteria and vocabulary for evaluating dance. Students apply the skills of critique in analyzing a dance performance.~~

~~Goal 2.1: Exercise sound reasoning in understanding and making choices in dance.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

- ~~6-8.D.2.1.1 Identify criteria for evaluating how well a dance performance conveys meaning.~~
- ~~6-8.D.2.1.2 Use appropriate vocabulary when analyzing a dance performance.~~
- ~~6-8.D.2.1.3 Experiment with how different artistic choices can change the meaning of a dance.~~

~~Goal 2.2: Formulate and express opinions about dance performances.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.D.2.2.1 Discuss how various dance disciplines express different ideas and voice a preference for one style.~~
~~6-8.D.2.2.2 Explain how lighting, music, and costuming can contribute to the meaning and/or success of a dance performance.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 6-8 practice correct increasing strength, flexibility, balance, alignment, and control. Students execute on-and off-balance movement and movement in the three planes. Students create and follow a floor pattern. Students develop their own choreography and work collaboratively with another choreographer.~~

~~Goal 3.1: Identify and practice concepts essential to dance.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.D.3.1.1 Practice correct strengthening and stretching sequences.~~
~~6-8.D.3.1.2 Practice maintaining both stationary and moving alignment, balance, and control.~~
~~6-8.D.3.1.3 Practice warming up, stretching, and strengthening body parts.~~

~~Goal 3.2: Communicate in dance through application of artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.D.3.2.1 Identify and execute on- and off-balance movement phrases.~~
~~6-8.D.3.2.2 Identify and execute movements in the three planes (vertical, horizontal, and saggital).~~
~~6-8.D.3.2.3 Create and follow a floor pattern.~~
~~6-8.D.3.2.4 Select and/or make costumes that support the intent of a dance.~~

~~Goal 3.3: Communicate in dance through creative expression.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.D.3.3.1 Perform short dance works of two different dance disciplines.~~
~~6-8.D.3.3.2 Choreograph a duet.~~
~~6-8.D.3.3.3 Create a round or canon for a group of dancers to perform.~~
~~6-8.D.3.3.4 Memorize, practice, refine, and perform a dance created by someone else, interpreting its meaning.~~
~~6-8.D.3.3.5 Create a dance phrase, working productively with others, respecting diverse perspectives.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 9-12~~
~~HUMANITIES: DANCE~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 9-12 discuss the role of dance in history and culture and create a dance that reflects a specific historical influence. Students create technical support for dance using other art forms. Students choreograph a dance inspired by another art form.~~

~~Goal 1.1: Discuss the historical and cultural contexts of dance and perform examples.~~

~~Objective(s): By the end of Grade 12, the student will be able to:~~

- ~~9-12.D.1.1.1 Choreograph and perform a dance that illustrates a significant historical event, culture, or concept.~~
- ~~9-12.D.1.1.2 Discuss how dance has a history, purpose, and function in cultures.~~

~~Goal 1.2: Explain the interrelationships among the visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 12, the student will be able to:~~

- ~~9-12.D.1.2.1 Create functional scenery, properties, lighting, sound, and costumes that enhance a dance performance.~~
- ~~9-12.D.1.2.2 Create an original dance that is inspired by visual arts, music, theatre, or literary works.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 9-12 critique dance performances based on meaning, technical support, aesthetics, political and cultural issues, and intent of choreographer. Students apply specific criteria for making informed critical evaluations of performances.~~

~~Goal 2.1: Conduct analyses in dance.~~

~~Objective(s): By the end of Grade 12, the student will be able to:~~

- ~~9-12.D.2.1.1 Write a critique of a dance performance, examining how dance creates and communicates meaning.~~
- ~~9-12.D.2.1.2 Develop and use dance vocabulary to discuss a variety of dance disciplines.~~
- ~~9-12.D.2.1.3 Discuss the aesthetics of dance.~~

~~**Goal 2.2: Formulate and express opinions about dance performances.**~~

~~**Objective(s): By the end of Grade 12, the student will be able to:**~~

~~9-12.D.2.2.1 Apply specific criteria for making informed critical evaluations of the quality and effectiveness of performance, choreography, or other aspects of a dance.~~
~~9-12.D.2.2.2 Explain how lighting, music, and costuming can contribute to the meaning and/or success of a dance performance.~~

~~**Standard 3: Performance**~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 9-12 practice lengthy and complex movement combinations, performing with contrasting movement qualities. Students identify characteristics of dance styles and perform them. Students choreograph movement phrases and complete dance works.~~

~~**Goal 3.1: Identify and practice concepts essential to dance.**~~

~~**Objective(s): By the end of Grade 12, the student will be able to:**~~

~~9-12.D.3.1.1 Practice lengthy and complex movement combinations in at least two different genres.~~
~~9-12.D.3.1.2 Perform contrasting movement qualities within a dance phrase (e.g., rise and fall, tension and release, glide and dart).~~
~~9-12.D.3.1.3 Perform new movement with an ever-increasing mastery of body alignment, balance, and control.~~

~~**Goal 3.2: Communicate in dance through application of artistic concepts, knowledge, and skills.**~~

~~**Objective(s): By the end of Grade 12, the student will be able to:**~~

~~9-12.D.3.2.1 Perform a dance using contrast in energy and tempo.~~
~~9-12.D.3.2.2 Illustrate the characteristics of a particular dance discipline through a performance that incorporates several skills.~~
~~9-12.D.3.2.3 Create a dance incorporating characteristics of a particular dance discipline.~~
~~9-12.D.3.2.4 Select and/or make costumes that support the intent of a dance.~~

~~**Goal 3.3: Communicate in dance through creative expression.**~~

~~**Objective(s): By the end of Grade 12, the student will be able to:**~~

~~9-12.D.3.3.1 Choreograph a dance based on a theme.~~
~~9-12.D.3.3.2 Choreograph a dance for a duet or a small ensemble.~~
~~9-12.D.3.3.3 Improvise a dance in silence or with an alternative accompaniment (e.g., spoken word, sound effects).~~
~~9-12.D.3.3.4 Memorize, practice, refine, and perform a dance created by someone else, interpreting its meaning and mood.~~
~~9-12.D.3.3.5 Create choreography, articulating reasons for artistic decisions.~~

IDAHO
STATE DEPARTMENT OF EDUCATION

ARTS AND HUMANITIES

DANCE

Approved by the Idaho State Board of Education, August 11, 2016

K-3 Dance

Dance/Creating
#DA.Cr1.1
Process Component: Explore
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Choreographers use a variety of sources as inspiration and transform concepts and ideas into movement for artistic expression.
Essential Question: Where do choreographers get ideas for dances?

Grade K
DA.Cr1.1.K
a. Respond in movement to a variety of stimuli (for example, music/sound, text, objects, images, symbols, observed dance).
b. Explore different ways to do basic locomotor and non-locomotor movements by changing at least one of the elements of dance.

Grade 1
DA.Cr1.1.1
a. Explore movement inspired by a variety of stimuli (for example, music/sound, text, objects, images, symbols, observed dance, experiences) and identify the source.
b. Explore a variety of locomotor and non-locomotor movements by experimenting with and changing the elements of dance.

Grade 2
DA.Cr1.1.2
a. Explore movement inspired by a variety of stimuli (for example, music/sound, text, objects, images, symbols, observed dance, experiences) and suggest additional sources for movement ideas.
b. Combine a variety of movements while manipulating the elements of dance.

Grade 3
DA.Cr1.1.3
a. Experiment with a variety of self-identified stimuli (for example, music/sound, text, objects, images, notation, observed dance, experiences) for movement.
b. Explore a given movement problem. Select and demonstrate a solution.

Dance/Creating
#DA.Cr2.1
Process Component: Plan
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: The elements of dance, dance structures, and choreographic devices serve as both a foundation and a departure point for choreographers.
Essential Question: What influences choice-making in creating choreography?

Grade K
DA.Cr2.1.K
a. Improvise dance that has a beginning, middle, and end.
b. Express an idea, feeling, or image, through improvised movement moving alone or with a partner.

Grade 1
DA.Cr2.1.1
a. Improvise a series of movements that have a beginning, middle, and end, and describe movement choices.
b. Choose movements that express an idea or emotion, or follow a musical phrase.

Grade 2
DA.Cr2.1.2
a. Improvise a dance phrase with a beginning, a middle that has a main idea, and a clear end.
b. Choose movements that express a main idea or emotion, or follow a musical phrase. Explain reasons for movement choices.

Grade 3
DA.Cr2.1.3
a. Identify and experiment with choreographic devices to create simple movement patterns and dance structures (for example, AB, ABA, theme and development).
b. Develop a dance phrase that expresses and communicates an idea or feeling. Discuss the effect of the movement choices.

Dance/Creating
#DA.Cr3.1
Process Component: Revise
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Choreographers analyze, evaluate, refine, and document their work to communicate meaning.
Essential Question: How do choreographers use self-reflection, feedback from others, and documentation to improve the quality of their work?

Grade K
DA.Cr3.1.K
a. Apply suggestions for changing movement through guided improvisational experiences.
b. Depict a dance movement by drawing a picture or using a symbol.

Grade 1
DA.Cr3.1.1
a. Explore suggestions to change movement from guided improvisation and/or short remembered sequences.
b. Depict several different types of movements of a dance by drawing a picture or using a symbol (e.g., jump, turn, slide, bend, reach).

Grade 2
DA.Cr3.1.2
a. Explore suggestions and make choices to change movement from guided improvisation and/or short remembered sequences.
b. Depict the levels of movements in a variety of dance movements by drawing a picture or using symbols, for example, high, middle, low.

Grade 3
DA.Cr3.1.3
a. Revise movement choices in response to feedback to improve a short dance study. Describe the differences the changes made in the movements.
b. Depict directions or spatial pathways in a dance phrase by drawing a picture map or using a symbol.

Dance/Performing
#DA.Pr4.1
Process Component: Express
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Space, time, and energy are basic elements of dance.
Essential Question: How do dancers work with space, time and energy to communicate artistic expression?

Grade K
DA.Pr4.1.K
a. Make still and moving body shapes that show lines (e.g., straight, bent, and curved), changes levels, and vary in size (large/small). Join with others to make a circle formation and work with others to change its dimensions.
b. Demonstrate tempo contrasts with movements that match to tempo of sound stimuli.
c. Identify and apply different characteristics to movements (e.g., slow, smooth, or wavy).

Grade 1
DA.Pr4.1.1
a. Demonstrate locomotor and non-locomotor movements that change body shapes, levels, and facings. Move in straight, curved, and zig-zagged pathways. Find and return to place in space. Move with others to form straight lines and circles.
b. Relate quick, moderate and slow movements to duration in time. Recognize steady beat and move to varying tempi of steady beat.
c. Demonstrate movement characteristics along with movement vocabulary (e.g., use adverbs and adjectives that apply to movement such as a bouncy leap, a floppy fall, a jolly jump, and joyful spin).

Grade 2
DA.Pr4.1.2
a. Demonstrate clear directionality and intent when performing locomotor and non-locomotor movements that change body shapes, facings, and pathways in space. Identify symmetrical and asymmetrical body shapes and examine relationships between body parts. Differentiate between circling and turning as two separate ways of continuous directional change.
b. Identify the length of time a move or phrase takes, for example, whether it is long or short. Identify and move on the downbeat in duple and triple meter. Correlate metric phrasing with movement phrasing.
c. Select and apply appropriate characteristics to movements, for example, selecting specific adverbs and adjectives and apply them to movements. Demonstrate kinesthetic awareness while dancing the movement characteristics.

Grade 3
DA.Pr4.1.3
a. Judge spaces as distance traveled and use space three-dimensionally. Demonstrate shapes with positive and negative space. Perform movement sequences in and through space with intentionality and focus.

b. Fulfill specified duration of time with improvised locomotor and non-locomotor movements. Differentiate between "in time" and "out of time" to music. Perform movements that are the same or of a different time orientation to accompaniment. Use metric and kinesthetic phrasing.
c. Fulfill specified duration of time with improvised locomotor and non-locomotor movements. Differentiate between "in time" and "out of time" to music. Perform movements that are the same or of a different time orientation to accompaniment. Use metric and kinesthetic phrasing.

Dance/Performing
#DA.Pr5.1
Process Component: Embody
Anchor Standard: Develop and refine artistic technique and work for presentation.
Enduring Understanding: Dancers use the mind-body connection and develop the body as an instrument for artistry and artistic expression.
Essential Question: What must a dancer do to prepare the mind and body for artistic expression?

Grade K
DA.Pr5.1.K
a. Demonstrate same-side and cross-body locomotor and non-locomotor movements, body patterning movements, and body shapes.
b. Move safely in general space and start and stop on cue during activities, group formations, and creative explorations while maintaining personal space.
c. Move body parts in relation to other body parts and repeat and recall movements upon request.

Grade 1
DA.Pr5.1.1
a. Demonstrate a range of locomotor and non-locomotor movements, body patterning, body shapes, and directionality.
b. Move safely in general space through a range of activities and group formations while maintaining personal space.
c. Modify movements and spatial arrangements upon request.

Grade 2
DA.Pr5.1.2
a. Demonstrate a range of locomotor and non-locomotor movements, body patterning, and dance sequences that require moving through space using a variety of pathways.
b. Move safely in a variety of spatial relationships and formations with other dancers, sharing and maintaining personal space.
c. Repeat movements, with an awareness of self and others in space. Self-adjust and modify movements or placement upon request.

Grade 3
DA.Pr5.1.3
a. Replicate body shapes, movement characteristics, and movement patterns in a dance sequence with awareness of body alignment and core support.
b. Adjust body-use to coordinate with a partner or other dancers to safely change levels, directions, and pathway designs.
c. Recall movement sequences with a partner or in group dance activities. Apply constructive feedback from teacher and self-check to improve dance skills.

Dance/Performing
#DA.Pr6.1
Process Component: Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Dance performance is an interaction between performer, production elements, and audience that heightens and amplifies artistic expression.
Essential Question: How does a dancer heighten artistry in a public performance?

Grade K
DA.Pr6.1.K
a. Dance for and with others in a designated space.
b. Select a prop to use as part of a dance.

Grade 1
DA.Pr6.1.1
a. Dance for others in a space where audience and performers occupy different areas.
b. Explore the use of simple props to enhance performance.

Grade 2
DA.Pr6.1.2
a. Dance for and with others in a space where audience and performers occupy different areas.
b. Use limited production elements (e.g., hand props, simple scenery, or media projections).

Grade 3
DA.Pr6.1.3
a. Identify the main areas of a performance space using production terminology (e.g., stage right, stage left, center stage, upstage, and downstage).
b. Explore simple production elements (e.g., costumes, props, music, scenery, lighting, or media) for a dance performed for an audience in a designated specific performance space.

Dance/Responding
#DA.Re7.1
Process Component: Analyze
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Dance is perceived and analyzed to comprehend its meaning.
Essential Question: How is a dance understood?

Grade K
DA.Re7.1.K
a. Find a movement that repeats in a dance.
b. Demonstrate or describe observed or performed dance movements.

Grade 1
DA.Re7.1.1
a. Find a movement that repeats in a dance to make a pattern.
b. Demonstrate and describe observed or performed dance movements from a specific genre or culture.

Grade 2
DA.Re7.1.2
a. Find movements in a dance that develop a pattern.
b. Demonstrate and describe movements in dances from different genres or cultures.

Grade 3
DA.Re7.1.3
a. Find a movement pattern that creates a movement phrase in a dance work.
b. Demonstrate and explain how one dance genre is different from another, or how one cultural movement practice is different from another.

Dance/Responding
#DA.Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Dance is interpreted by considering intent, meaning, and artistic expression as communicated through the use of the body, elements of dance, dance technique, dance structure, and context.
Essential Question: How is dance interpreted?

Grade K
DA.Re8.1.K
Observe movement and describe it using simple dance terminology.

Grade 1
DA.Re8.1.1
Select movements from a dance that suggest ideas and explain how the movement captures the idea using simple dance terminology.

Grade 2
DA.Re8.1.2
Use context cues from movement to identify meaning and intent in a dance using simple dance terminology.

Grade 3
DA.Re8.1.3
Select specific context cues from movement. Explain how they relate to the main idea of the dance using basic dance terminology.

Dance/Responding
#DA.Re9.1
Process Component: Critique
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Criteria for evaluating dance vary across genres, styles, and cultures.
Essential Question: What criteria are used to evaluate dance?

Grade K
DA.Re9.1.K

Find a movement that was noticed in a dance. Demonstrate the movement that was noticed and explain why it attracted attention.

Grade 1
DA.Re9.1.1
Identify and demonstrate several movements in a dance that attracted attention. Describe the characteristics that make the movements interesting and talk about why they were chosen.

Grade 2
DA.Re9.1.2
Observe or demonstrate dances from a genre or culture. Discuss movements and other aspects of the dances that make the dances work well, and explain why they work. Use simple dance terminology.

Grade 3
DA.Re9.1.3
Select dance movements from specific genres, styles, or cultures. Identify characteristic movements from these dances and describe in basic dance terminology ways in which they are alike and different.

Dance/Connecting
#DA.Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: As dance is experienced, all personal experiences, knowledge, and contexts are integrated and synthesized to interpret meaning.
Essential Question: How does dance deepen our understanding of ourselves, other knowledge, and events around us?

Grade K
DA.Cn10.1.K
a. Recognize and name an emotion that is experienced when watching, improvising, or performing dance and relate it to a personal experience.
b. Observe a work of visual art. Describe and then express through movement something of interest about the artwork, and ask questions for discussion concerning the artwork.

Grade 1
DA.Cn10.1.1
a. Find an experience expressed or portrayed in a dance that relates to a familiar experience. Identify the movements that communicate this experience.
b. Observe illustrations from a story. Discuss observations and identify ideas for dance movement and demonstrate the big ideas of the story.

Grade 2
DA.Cn10.1.2
a. Describe, create, and/or perform a dance that expresses personal meaning and explain how certain movements express this personal meaning.
b. Respond to a dance work using an inquiry-based set of questions (e.g., See, Think, Wonder. Create movement using ideas from responses and explain how certain movements express a specific idea.

Grade 3

DA.Cn10.1.3
a. Compare the relationships expressed in a dance to relationships with others. Explain how they are the same or different.
b. Ask and research a question about a key aspect of a dance that communicates a perspective about an issue or event. Explore the key aspect through movement. Share movements and describe how the movements help to remember or discover new qualities in these key aspects. Communicate the new learning in oral, written, or movement form.

Dance/Connecting
#DA.Cn11.1
Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Dance literacy includes deep knowledge and perspectives about societal, cultural, historical, and community contexts.
Essential Question: How does knowing about societal, cultural, historical and community experiences expand dance literacy?

Grade K
DA.Cn11.1.K
Describe or demonstrate the movements in a dance that was watched or performed.

Grade 1
DA.Cn11.1.1
Watch and/or perform a dance from a different culture and discuss or demonstrate the types of movement danced.

Grade 2
DA.Cn11.1.2
Observe a dance and relate the movement to the people or environment in which the dance was created and performed.

Grade 3
DA.Cn11.1.3
Find a relationship between movement in a dance from a culture, society, or community and the culture from which the dance is derived. Explain what the movements communicate about key aspects of the culture, society, or community.

4-5 Dance

Dance/Creating
#DA.Cr1.1
Process Component: Explore
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Choreographers use a variety of sources as inspiration and transform concepts and ideas into movement for artistic expression.
Essential Question: Where do choreographers get ideas for dances?

Grade 4
DA.Cr1.1.4
a. Identify ideas for choreography generated from a variety of stimuli (e.g., music/sound, text, objects, images, notation, observed dance, experiences).
b. Develop a movement problem and manipulate the elements of dance as tools to find a solution.

Grade 5
DA.Cr1.1.5
a. Build content for choreography using several stimuli (e.g., music/sound, text, objects, images, notation, observed dance, experiences, literary forms, natural phenomena, current news, social events).
b. Construct and solve multiple movement problems to develop choreographic content.

Dance/Creating
#DA.Cr2.1
Process Component: Plan
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: The elements of dance, dance structures, and choreographic devices serve as both a foundation and a departure point for choreographers.
Essential Question: What influences choice-making in creating choreography?

Grade 4
DA.Cr2.1.4
a. Manipulate or modify choreographic devices to expand movement possibilities and create a variety of movement patterns and structures. Discuss movement choices.
b. Develop a dance study that expresses and communicates a main idea. Discuss the reasons and effectiveness of the movement choices.

Grade 5
DA.Cr2.1.5
a. Manipulate or modify a variety of choreographic devices to expand choreographic possibilities and develop a main idea. Explain reasons for movement choices.
b. Develop a dance study by selecting a specific movement vocabulary to communicate a main idea. Discuss how the dance communicates non-verbally.

Dance/Creating
#DA.Cr3.1
Process Component: Revise

Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Choreographers analyze, evaluate, refine, and document their work to communicate meaning.
Essential Question: How do choreographers use self-reflection, feedback from others, and documentation to improve the quality of their work?

Grade 4
DA.Cr3.1.4
a. Revise movement based on peer feedback and self-reflection to improve communication of artistic intent in a short dance study. Explain choices made in the process.
b. Depict the relationships between two or more dancers in a dance phrase by drawing a picture or using symbols (e.g., next to, above, below, behind, in front of).

Grade 5
DA.Cr3.1.5
a. Explore through movement the feedback from others to expand choreographic possibilities for a short dance study that communicates artistic intent. Explain the movement choices and refinements.
b. Record changes in a dance sequence through writing, symbols, or a form of media technology.

Dance/Performing
#DA.Pr4.1
Process Component: Express
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Space, time, and energy are basic elements of dance.
Essential Question: How do dancers work with space, time and energy to communicate artistic expression?

Grade 4
DA.Pr4.1.4
a. Make static and dynamic shapes with positive and negative space. Perform elevated shapes (jump shapes) with soft landings and movement sequences alone and with others, establishing relationships with other dancers through focus of eyes.
b. Accompany other dancers using a variety of percussive instruments and sounds. Respond in movement to even and uneven rhythms. Recognize and respond to tempo changes as they occur in dance and music.
c. Analyze movements and phrases for use of energy and dynamic changes and use adverbs and adjectives to describe them. Based on the analysis, refine the phrases by incorporating a range of movement characteristics.

Grade 5
DA.Pr4.1.5
a. Integrate static and dynamic shapes and floor and air pathways into dance sequences. Establish relationships with other dancers through focus of eyes and other body parts. Convert inward focus to outward focus for projecting out to far space.
b. Dance to a variety of rhythms generated from internal and external sources. Perform movement phrases that show the ability to respond to changes in time.
c. Contrast bound and free-flowing movements. Motivate movement from both central initiation (torso) and peripheral initiation (distal) and analyze the relationship between initiation and energy.

Dance/Performing
#DA.Pr5.1
Process Component: Embody
Anchor Standard: Develop and refine artistic technique and work for presentation.
Enduring Understanding: Dancers use the mind-body connection and develop the body as an instrument for artistry and artistic expression.
Essential Question: What must a dancer do to prepare the mind and body for artistic expression?

Grade 4
DA.Pr5.1.4
a. Demonstrate fundamental dance skills (e.g., alignment, coordination, balance, core support, kinesthetic awareness) and movement qualities when replicating and recalling patterns and sequences of locomotor and non-locomotor movements.
b. Execute techniques that extend movement range, build strength, and develop endurance. Explain the relationship between execution of technique, safe body-use, and healthful nutrition.
c. Coordinate phrases and timing with other dancers by cueing off each other and responding to stimuli cues (e.g., music, text, or lighting). Reflect on feedback from others to inform personal dance performance goals.

Grade 5
DA.Pr5.1.5
a. Recall and execute a series of dance phrases using fundamental dance skills (e.g., alignment, coordination, balance, core support, kinesthetic awareness, clarity of movement).
b. Demonstrate safe body-use practices during technical exercises and movement combinations. Discuss how these practices, along with healthful eating habits, promote strength, flexibility, endurance and injury prevention.
c. Collaborate with peer ensemble members to repeat sequences, synchronize actions, and refine spatial relationships to improve performance quality. Apply feedback from others to establish personal performance goals.

Dance/Performing
#DA.Pr6.1
Process Component: Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Dance performance is an interaction between performer, production elements, and audience that heightens and amplifies artistic expression.
Essential Question: How does a dancer heighten artistry in a public performance?

Grade 4
DA.Pr6.1.4
a. Consider how to establish a formal performance space from an informal setting (for example, gymnasium or grassy area).
b. Identify, explore, and experiment with a variety of production elements to heighten the artistic intent and audience experience.

Grade 5
DA.Pr6.1.5

a. Demonstrate the ability to adapt dance to alternative performance venues by modifying spacing and movements to the performance space.
b. Identify, explore, and select production elements that heighten and intensify the artistic intent of a dance and are adaptable for various performance spaces.

Dance/Responding
#DA.Re7.1
Process Component: Analyze
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Dance is perceived and analyzed to comprehend its meaning.
Essential Question: How is a dance understood?

Grade 4
DA.Re7.1.4
a. Find patterns of movement in dance works that create a style or theme.
b. Demonstrate and explain how dance styles differ within a genre or within a cultural movement practice.

Grade 5
DA.Re7.1.5
a. Find meaning or artistic intent from the patterns of movement in a dance work.
b. Describe, using basic dance terminology, the qualities and characteristics of style used in a dance from one's own cultural movement practice. Compare them to the qualities and characteristics of style found in a different dance genre, style, or cultural movement practice, also using basic dance terminology.

Dance/Responding
#DA.Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Dance is interpreted by considering intent, meaning, and artistic expression as communicated through the use of the body, elements of dance, dance technique, dance structure, and context.
Essential Question: How is dance interpreted?

Grade 4
DA.Re8.1.4
Relate movements, ideas, and context to decipher meaning in a dance using basic dance terminology.

Grade 5
DA.Re8.1.5
Interpret meaning in a dance based on its movements. Explain how the movements communicate the main idea of the dance using basic dance terminology.

Dance/Responding
#DA.Re9.1
Process Component: Critique
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Criteria for evaluating dance vary across genres, styles, and cultures.

Essential Question: What criteria are used to evaluate dance?

Grade 4
DA.Re9.1.4
Discuss and demonstrate the characteristics that make a dance artistic and apply those characteristics to dances observed or performed in a specific genre, style, or cultural movement practice. Use basic dance terminology.

Grade 5
DA.Re9.1.5
Define the characteristics of dance that make a dance artistic and meaningful. Relate them to the elements of dance in genres, styles, or cultural movement practices. Use basic dance terminology to describe characteristics that make a dance artistic and meaningful.

Dance/Connecting
#DA.Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: As dance is experienced, all personal experiences, knowledge, and contexts are integrated and synthesized to interpret meaning.
Essential Question: How does dance deepen our understanding of ourselves, other knowledge, and events around us?

Grade 4
DA.Cn10.1.4
a. Relate the main idea or content in a dance to other experiences. Explain how the main idea of a dance is similar to or different from one's own experiences, relationships, ideas or perspectives.
b. Develop and research a question relating to a topic of study in school using multiple sources of references. Select key aspects about the topic and choreograph movements that communicate the information. Discuss what was learned from creating the dance and describe how the topic might be communicated using another form of expression.

Grade 5
DA.Cn10.1.5
a. Compare two dances with contrasting themes. Discuss feelings and ideas evoked by each. Describe how the themes and movements relate to points of view and experiences.
b. Choose a topic, concept, or content from another discipline of study and research how other art forms have expressed the topic. Create a dance study that expresses the idea. Explain how the dance study expressed the idea and discuss how this learning process is similar to, or different from, other learning situations.

Dance/Connecting
#DA.Cn11.1
Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Dance literacy includes deep knowledge and perspectives about societal, cultural, historical, and community contexts.

Essential Question: How does knowing about societal, cultural, historical and community experiences expand dance literacy?

Grade 4
DA.Cn11.1.4
Select and describe movements in a specific genre or style and explain how the movements relate to the culture, society, historical period, or community from which the dance originated.

Grade 5
DA.Cn11.1.5
Describe how the movement characteristics and qualities of a dance in a specific genre or style communicate the ideas and perspectives of the culture, historical period, or community from which the genre or style originated.

6-8 Dance

Dance/Creating
#DA.Cr1.1
Process Component: Explore
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Choreographers use a variety of sources as inspiration and transform concepts and ideas into movement for artistic expression.
Essential Question: Where do choreographers get ideas for dances?

Grade 6
DA.Cr1.1.6
a. Relate similar or contrasting ideas to develop choreography using a variety of stimuli (e.g., music, observed dance, literary forms, notation, natural phenomena, personal experience/recall, current news or social events).
b. Explore various movement vocabularies to transfer ideas into choreography.

Grade 7
DA.Cr1.1.7
a. Compare a variety of stimuli (e.g., music, observed dance, literary forms, notation, natural phenomena, personal experience/recall, current news or social events) and make selections to expand movement vocabulary and artistic expression.
b. Explore various movement vocabularies to express an artistic intent in choreography. Explain and discuss the choices made using genre-specific dance terminology.

Grade 8
DA.Cr1.1.8
a. Implement movement from a variety of stimuli (e.g., music, observed dance, literary forms, notation, natural phenomena, personal experience/recall, current news or social events) to develop dance content for an original dance study or dance.
b. Identify and select personal preferences to create an original dance study or dance. Use genre-specific dance terminology to articulate and justify choices made in movement development to communicate intent.

Dance/Creating
#DA.Cr2.1
Process Component: Plan
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: The elements of dance, dance structures, and choreographic devices serve as both a foundation and a departure point for choreographers.
Essential Question: What influences choice-making in creating choreography?

Grade 6
DA.Cr2.1.6
a. Explore choreographic devices and dance structures to develop a dance study that supports an artistic intent. Explain the goal or purpose of the dance.
b. Determine artistic criteria to choreograph a dance study that communicates personal or cultural meaning. Based on the criteria, evaluate why some movements are more or less effective than others.

Grade 7
DA.Cr2.1.7
a. Use a variety of choreographic devices and dance structures to develop a dance study with a clear artistic intent. Articulate reasons for movement and structural choices.
b. Determine artistic criteria to choreograph a dance study that communicates personal or cultural meaning. Articulate how the artistic criteria serve to communicate the meaning of the dance.

Grade 8
DA.Cr2.1.8
a. Collaborate to select and apply a variety of choreographic devices and dance structures to choreograph an original dance study or dance with a clear artistic intent. Articulate the group process for making movement and structural choices.
b. Define and apply artistic criteria to choreograph a dance that communicates personal or cultural meaning. Discuss how the criteria clarify or intensify the meaning of the dance.

Dance/Creating
#DA.Cr3.1
Process Component: Revise
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Choreographers analyze, evaluate, refine, and document their work to communicate meaning.
Essential Question: How do choreographers use self-reflection, feedback from others, and documentation to improve the quality of their work?

Grade 6
DA.Cr3.1.6
a. Revise dance compositions using collaboratively developed artistic criteria. Explain reasons for revisions and how choices made relate to artistic intent.
b. Explore or invent a system to record a dance sequence through writing, symbols, or a form of media technology.

Grade 7
DA.Cr3.1.7
a. Evaluate possible revisions of dance compositions and, if necessary, consider revisions of artistic criteria based on self-reflection and feedback of others. Explain reasons for choices and how they clarify artistic intent.
b. Investigate a recognized system to document a dance sequence by using words, symbols, or media technologies.

Grade 8
DA.Cr3.1.8
a. Revise choreography collaboratively or independently based on artistic criteria, self-reflection, and the feedback of others. Articulate the reasons for choices and revisions and explain how they clarify and enhance the artistic intent.
b. Experiment with aspects of a recognized system to document a section of a dance by using words, symbols, or media technologies.

Dance/Performing

#DA.Pr4.1
Process Component: Express
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Space, time, and energy are basic elements of dance.
Essential Question: How do dancers work with space, time and energy to communicate artistic expression?

Grade 6
DA.Pr4.1.6
a. Refine partner and ensemble skills in the ability to judge distance and spatial design. Establish diverse pathways, levels, and patterns in space. Maintain focus with partner or group in near and far space.
b. Use combinations of sudden and sustained timing as it relates to both the time and the dynamics of a phrase or dance work. Accurately use accented and unaccented beats in 3/4 and 4/4 meter.
c. Use the internal body force created by varying tensions within one's musculature for movement initiation and dynamic expression. Distinguish between bound and free-flowing movements and appropriately apply them to technique exercises and dance phrases.

Grade 7
DA.Pr4.1.7
a. Expand movement vocabulary of floor and air pattern designs. Incorporate and modify body designs from different dance genres and styles for the purpose of expanding movement vocabulary to include differently designed shapes and movements for interest and contrast.
b. Vary durational approach in dance phrasing by using timing accents and variations within a phrase to add interest kinesthetically, rhythmically, and visually.
c. Compare and contrast movement characteristics from a variety of dance genres or styles. Discuss specific characteristics and use adverbs and adjectives to describe them. Determine what dancers must do to perform them clearly.

Grade 8
DA.Pr4.1.8
a. Sculpt the body in space and design body shapes in relation to other dancers, objects, and environment. Use focus of eyes during complex floor and air patterns or direct and indirect pathways.
b. Analyze and select metric, kinetic, and breath phrasing and apply appropriately to dance phrases. Perform dance phrases of different lengths that use various timings within the same section. Use different tempi in different body parts at the same time.
c. Direct energy and dynamics in such a way that movement is textured.
Incorporate energy and dynamics to technique exercises and dance performance.
Use energy and dynamics to enhance and project movements.

Dance/Performing
#DA.Pr5.1
Process Component: Embody
Anchor Standard: Develop and refine artistic technique and work for presentation.
Enduring Understanding: Dancers use the mind-body connection and develop the body as an instrument for artistry and artistic expression.
Essential Question: What must a dancer do to prepare the mind and body for artistic expression?

Grade 6
DA.Pr5.1.6

a. Embody technical dance skills (e.g., alignment, coordination, balance, core support, kinesthetic awareness, clarity of movement) to accurately execute changes of direction, levels, facings, pathways, elevations and landings, extensions of limbs, and movement transitions.
b. Apply basic anatomical knowledge, proprioceptive feedback, spatial awareness, and nutrition to promote safe and healthful strategies when warming up and dancing.
c. Collaborate as an ensemble to refine dances by identifying what works and does not work in executing complex patterns, sequences, and formations. Solve movement problems to dances by testing options and finding good results. Document self-improvements over time.

Grade 7
DA.Pr5.1.7
a. Apply body-use strategies to accommodate physical maturational development to technical dance skills (e.g., functional alignment, coordination, balance, core support, kinesthetic awareness, clarity of movement, weight shifts, flexibility/range of motion).
b. Utilize healthful practices and sound nutrition in dance activities and everyday life. Discuss benefits of practices and how choices enhance performance.
c. Collaborate with peers to practice and refine dances. Develop group performance expectations through observation and analyses (e.g., view live or recorded professional dancers and collaboratively develop group performance expectations based on information gained from observations).

Grade 8
DA.Pr5.1.8
a. Embody technical dance skills (e.g., functional alignment, coordination, balance, core support, clarity of movement, weight shifts, flexibility/range of motion) to replicate, recall, and execute spatial designs and musical or rhythmical dance phrases.
b. Evaluate personal healthful practices in dance activities and everyday life including nutrition and injury prevention. Discuss choices made, the effects experienced, and methods for improvement.
c. Collaborate with peers to discover strategies for achieving performance accuracy, clarity, and expressiveness. Articulate personal performance goals and practice to reach goals. Document personal improvement over time (e.g., journaling, portfolio, or timeline).

Dance/Performing
#DA.Pr6.1
Process Component: Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Dance performance is an interaction between performer, production elements, and audience that heightens and amplifies artistic expression.
Essential Question: How does a dancer heighten artistry in a public performance?

Grade 6
DA.Pr6.1.6
a. Recognize needs and adapt movements to performance area. Use performance etiquette and performance practices during class, rehearsal and performance. Post-performance, accept notes from choreographer and make corrections as needed and apply to future performances.
b. Compare and contrast a variety of possible production elements that would intensify and heighten the artistic intent of the work. Select choices and explain reasons for the decisions made using production terminology.

Grade 7

DA.Pr6.1.7
a. Recommend changes to and adapt movements to performance area. Use performance etiquette and performance practices during class, rehearsal and performance. Maintain journal documenting these efforts. Post-performance, accept notes from choreographer and apply corrections to future performances.
b. Explore possibilities of producing dance in a variety of venues or for different audiences and, using production terminology, explain how the production elements would be handled in different situations.

Grade 8
DA.Pr6.1.8
a. Demonstrate leadership qualities (e.g. commitment, dependability, responsibility, and cooperation) when preparing for performances. Use performance etiquette and performance practices during class, rehearsal and performance. Document efforts and create a plan for ongoing improvements. Post-performance, accept notes from choreographer and apply corrections to future performances.
b. Collaborate to design and execute production elements that would intensify and heighten the artistic intent of a dance performed on a stage, in a different venue, or for different audiences. Explain reasons for choices using production terminology.

Dance/Responding
#DA.Re7.1
Process Component: Analyze
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Dance is perceived and analyzed to comprehend its meaning.
Essential Question: How is a dance understood?

Grade 6
DA.Re7.1.6
a. Describe or demonstrate recurring patterns of movement and their relationships in dance.
b. Explain how the elements of dance are used in a variety of dance genres, styles, or cultural movement practices. Use genre-specific dance terminology.

Grade 7
DA.Re7.1.7
a. Compare, contrast, and discuss patterns of movement and their relationships in dance.
b. Compare and contrast how the elements of dance are used in a variety of genres, styles, or cultural movement practices. Use genre-specific dance terminology.

Grade 8
DA.Re7.1.8
a. Describe, demonstrate and discuss patterns of movement and their relationships in dance in context of artistic intent.
b. Explain how the elements of dance are used in a variety of genres, styles, or cultural movement practices to communicate intent. Use genre-specific dance terminology.

Dance/Responding
#DA.Re8.1
Process Component: Interpret

Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Dance is interpreted by considering intent, meaning, and artistic expression as communicated through the use of the body, elements of dance, dance technique, dance structure, and context.
Essential Question: How is dance interpreted?

Grade 6
DA.Re8.1.6
Explain how the artistic expression of a dance is achieved through the elements of dance, use of body, dance technique, dance structure, and context. Explain how these communicate the intent of the dance using genre specific dance terminology.

Grade 7
DA.Re8.1.7
Compare the meaning of different dances. Explain how the artistic expression of each dance is achieved through the elements of dance, use of body, dance technique, and context. Use genre specific dance terminology.

Grade 8
DA.Re8.1.8
Select a dance and explain how artistic expression is achieved through relationships among the elements of dance, use of body, dance technique and context. Cite evidence in the dance to support your interpretation using genre specific dance terminology.

Dance/Responding
#DA.Re9.1
Process Component: Critique
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Criteria for evaluating dance vary across genres, styles, and cultures.
Essential Question: What criteria are used to evaluate dance?

Grade 6
DA.Re9.1.6
Discuss the characteristics and artistic intent of a dance from a genre, style, or cultural movement practice and develop artistic criteria to critique the dance using genre-specific dance terminology.

Grade 7
DA.Re9.1.7
Compare artistic intent, content and context from dances to examine the characteristics of genre, style, or cultural movement practice. Based on the comparison, refine artistic criteria using genre-specific dance terminology.

Grade 8
DA.Re9.1.8
Use artistic criteria to determine what makes an effective performance. Consider content, context, genre, style, or cultural movement practice to comprehend artistic expression. Use genre-specific dance terminology.

Dance/Connecting

#DA.Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: As dance is experienced, all personal experiences, knowledge, and contexts are integrated and synthesized to interpret meaning.
Essential Question: How does dance deepen our understanding of ourselves, other knowledge, and events around us?

Grade 6
DA.Cn10.1.6
a. Observe the movement characteristics or qualities observed in a specific dance genre. Describe differences and similarities about what was observed to one's attitudes and movement preferences.
b. Conduct research using a variety of resources to find information about a social issue of great interest. Use the information to create a dance study that expresses a specific point of view on the topic. Discuss whether the experience of creating and sharing the dance reinforces personal views or offers new knowledge and perspectives.

Grade 7
DA.Cn10.1.7
a. Compare and contrast the movement characteristics or qualities found in a variety of dance genres. Discuss how the movement characteristics or qualities differ from one's own movement characteristics or qualities and how different perspectives are communicated.
b. Research the historical development of a dance genre or style. Use knowledge gained from the research to create a dance study that evokes the essence of the style or genre. Share the study with peers as part of a lecture demonstration that tells the story of the historical journey of the chosen genre or style. Document the process of research and application.

Grade 8
DA.Cn10.1.8
a. Relate connections found between different dances and discuss the relevance of the connections to the development of one's personal perspectives.
b. Investigate two contrasting topics using a variety of research methods. Identify and organize ideas to create representative movement phrases. Create a dance study exploring the contrasting ideas. Discuss how the research informed the choreographic process and deepens understanding of the topics.

Dance/Connecting
#DA.Cn11.1
Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Dance literacy includes deep knowledge and perspectives about societal, cultural, historical, and community contexts.
Essential Question: How does knowing about societal, cultural, historical and community experiences expand dance literacy?

Grade 6
DA.Cn11.1.6
Interpret and show how the movement and qualities of a dance communicate its cultural, historical, and/or community purpose or meaning.

Grade 7

DA.Cn11.1.7

Compare, contrast, and discuss dances performed by people in various localities or communities. Formulate possible reasons why similarities and differences developed in relation to the ideas and perspectives important to each social group.

Grade 8

DA.Cn11.1.8

Analyze and discuss, how dances from a variety of cultures, societies, historical periods, or communities reveal the ideas and perspectives of the people.

High School Dance

Dance/Creating #DA: Cr1.1
Process Component: Explore
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Choreographers use a variety of sources as inspiration and transform concepts and ideas into movement for artistic expression.
Essential Question: Where do choreographers get ideas for dances?

HS Proficient
DA.Cr1.1.HSI
a. Explore a variety of stimuli for sourcing movement to develop an improvisational or choreographed dance study. Analyze the process and the relationship between the stimuli and the movement.
b. Experiment with the elements of dance to explore personal movement preferences and strengths, and select movements that challenge skills and build on strengths in an original dance study or dance.

HS Advanced
DA.Cr1.1.HSIII
a. Synthesize content generated from stimulus material. Experiment and take risks to discover a personal voice to communicate artistic intent.
b. Expand personal movement preferences and strengths to discover unexpected solutions that communicate the artistic intent of an original dance. Analyze the unexpected solutions and explain why they were effective in expanding artistic intent.

Dance/Creating #DA.Cr2.1
Process Component: Plan
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: The elements of dance, dance structures, and choreographic devices serve as both a foundation and a departure point for choreographers.
Essential Question: What influences choice-making in creating choreography?

HS Proficient
DA.Cr2.1.HSI
a. Collaborate to design a dance using choreographic devices and dance structures to support an artistic intent. Explain how the dance structures clarify the artistic intent.
b. Develop an artistic statement for an original dance study or dance. Discuss how the use of movement elements, choreographic devices and dance structures serve to communicate the artistic statement.

HS Advanced
DA.Cr2.1.HSIII
a. Demonstrate fluency and personal voice in designing and choreographing original dances. Justify choreographic choices and explain how they are used to intensify artistic intent.
b. Construct an artistic statement that communicates a personal, cultural and artistic perspective.

Dance/Creating #DA.Cr3.1
Process Component: Revise
Anchor Standard: Refine and complete artistic work.

Enduring Understanding: Choreographers analyze, evaluate, refine, and document their work to communicate meaning.
Essential Question: How do choreographers use self-reflection, feedback from others, and documentation to improve the quality of their work?

HS Proficient
DA.Cr3.1.HSI
a. Clarify the artistic intent of a dance by manipulating choreographic devices and dance structures based on established artistic criteria and feedback from others. Analyze and evaluate impact of choices made in the revision process.
b. Compare recognized systems to document a section of a dance using writing, symbols, or media technologies.

HS Advanced
DA.Cr3.1.HSIII
a. Clarify the artistic intent of a dance by manipulating and refining choreographic devices, dance structures, and artistic criteria using self-reflection and feedback from others. Document choices made in the revision process and justify how the refinements support artistic intent.
b. Document a dance using recognized systems of dance documentation (e.g., writing, a form of notation symbols, or using media technologies).

Dance/Performing #DA.Pr4.1
Process Component: Express
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Space, time, and energy are basic elements of dance.
Essential Question: How do dancers work with space, time and energy to communicate artistic expression?

HS Proficient
DA: Pr4.1.HSI
a. Develop partner and ensemble skills that enable contrasting level changes through lifts, balances, or other means while maintaining a sense of spatial design and relationship. Use space intentionally during phrases and through transitions between phrases. Establish and break relationships with others as appropriate to the choreography.
b. Use syncopation and accent movements related to different tempi. Take rhythmic cues from different aspects of accompaniment. Integrate breath phrasing with metric and kinesthetic phrasing.
c. Connect energy and dynamics to movements by applying them in and through all parts of the body. Develop total body awareness so that movement phrases demonstrate variances of energy and dynamics.

HS Advanced
DA.Pr4.1.HSIII
a. Modulate and use the broadest range of movement in space for artistic and expressive clarity. Use inward and outward focus to clarify movement and intent. Establish and break relationships with other dancers and audience as appropriate to the dance.
b. Modulate time factors for artistic interest and expressive acuity. Demonstrate time complexity in phrasing with and without musical accompaniment. Use multiple and complex rhythms (e.g., contrapuntal and/or polyrhythmic) at the same time. Work with and against rhythm of accompaniment or sound environments.
c. Modulate dynamics to clearly express intent while performing dance phrases and choreography.

Perform movement sequences expressively using a broad dynamic range and employ dynamic skills for establishing relationships with other dancers and projecting to the audience.

Dance/Performing
#DA.Pr5.1
Process Component: Embody
Anchor Standard: Develop and refine artistic technique and work for presentation.
Enduring Understanding: Dancers use the mind-body connection and develop the body as an instrument for artistry and artistic expression.
Essential Question: What must a dancer do to prepare the mind and body for artistic expression?

HS Proficient
DA.Pr5.1.HSI
a. Embody technical dance skills (e.g., functional alignment, coordination, balance, core support, clarity of movement, weight shifts, flexibility/range of motion) to retain and execute dance choreography.
b. Develop a plan for healthful practices in dance activities and everyday life including nutrition and injury prevention. Discuss implementation of the plan and how it supports personal performance goals.
c. Collaborate with peers to establish and implement a rehearsal plan to meet performance goals. Use a variety of strategies to analyze and evaluate performances of self and others, for example, use video recordings of practice to analyze the difference between the way movements look and how they feel to match performance with visual affect. Articulate performance goals and justify reasons for selecting particular practice strategies.

HS Advanced
DA.Pr5.1.HSIII
a. Apply body-mind principles to technical dance skills in complex choreography when performing solo, partnering, or dancing in ensemble works in a variety of dance genres and styles. Self-evaluate performances and discuss and analyze performance ability with others.
b. Research healthful and safe practices for dancers and modify personal practice based on findings. Discuss how research informs practice.
c. Initiate, plan, and direct rehearsals with attention to technical details and fulfilling artistic expression. Use a range of rehearsal strategies to achieve performance excellence.

Dance/Performing
#DA.Pr6.1
Process Component: Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Dance performance is an interaction between performer, production elements, and audience that heightens and amplifies artistic expression.
Essential Question: How does a dancer heighten artistry in a public performance?

Grade HS Proficient
DA.Pr6.1.HSI
a. Demonstrate leadership qualities (e.g., commitment, dependability, responsibility, and cooperation) when preparing for performances. Demonstrate performance etiquette and performance practices during class, rehearsal and performance. Post-performance, accept notes from choreographer and apply corrections to future performances. Document the rehearsal and performance process and evaluate methods and strategies using dance terminology and production terminology.

b. Evaluate possible designs for the production elements of a performance and select and execute the ideas that would intensify and heighten the artistic intent of the dances.

Grade HS Advanced
DA.Pr6.1.HSIII
a. Demonstrate leadership qualities (e.g., commitment, dependability, responsibility, and cooperation) when preparing for performances. Model performance etiquette and performance practices during class, rehearsal and performance. Enhance performance using a broad repertoire of strategies for dynamic projection. Develop a professional portfolio (e.g., resume, head shot) that documents the rehearsal and performance process with fluency in professional dance terminology and production terminology.
b. Work collaboratively to produce dance concerts in a variety of venues and design and organize the production elements that would be necessary to fulfill the artistic intent of the dance works in each of the venues.

Dance/Responding
#DA.Re7.1
Process Component: Analyze
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Dance is perceived and analyzed to comprehend its meaning.
Essential Question: How is a dance understood?

Grade HS Proficient
DA.Re7.1.HSI
a. Analyze recurring patterns of movement and their relationships in dance in context of artistic intent.
b. Analyze the use of elements of dance in a variety of genres, styles, or cultural movement practices within its cultural context to communicate intent. Use genre-specific dance terminology.

Grade HS Advanced
DA.Re7.1.HSIII
a. Analyze dance works from a variety of dance genres and styles and explain how recurring patterns of movement and their relationships create well-structured and meaningful choreography.
b. Explain how dance communicates aesthetic and cultural values in a variety of genres, styles, or cultural movement practices. Use genre-specific dance terminology.

Dance/Responding
#DA.Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Dance is interpreted by considering intent, meaning, and artistic expression as communicated through the use of the body, elements of dance, dance technique, dance structure, and context.
Essential Question: How is dance interpreted?

Grade HS Proficient
DA.Re8.1.HSI
Select and compare different dances and discuss their intent and artistic expression. Explain how the relationships among the elements of dance, use of body, dance technique, and context enhance meaning and support intent using genre specific dance terminology.

Grade HS Advanced
DA.Re8.1.HSIII
Analyze and interpret how the elements of dance, execution of dance movement principles, and context contribute to artistic expression across different genres, styles, or cultural movement practices.
Use genre specific dance terminology.

Dance/Responding
#DA: Re9.1
Process Component: Critique
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Criteria for evaluating dance vary across genres, styles, and cultures.
Essential Question: What criteria are used to evaluate dance?

Grade HS Proficient
DA.Re9.1.HSI
Analyze the artistic expression of a dance. Discuss insights using evaluative criteria and dance terminology.

Grade HS Advanced
DA.Re9.1.HSIII
Define personal artistic preferences to critique dance. Consider societal and personal values, and a range of artistic expression. Discuss perspectives with peers and justify views.

Dance/Connecting
#DA.Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: As dance is experienced, all personal experiences, knowledge, and contexts are integrated and synthesized to interpret meaning.
Essential Question: How does dance deepen our understanding of ourselves, other knowledge, and events around us?

Grade HS Proficient
DA.Cn10.1.HSI
a. Analyze a dance to determine the ideas expressed by the choreographer. Explain how the perspectives expressed by the choreographer may impact one's own interpretation. Provide evidence to support one's analysis.
b. Identify collaboratively a dance related question or problem. Conduct research through interview, research database, text, media, or movement. Analyze and apply information gathered by creating a group dance that answers the question posed. Discuss how the dance communicates new perspectives or realizations. Compare orally and in writing the process used in choreography to that of other creative, academic, or scientific procedures.

Grade HS Advanced
DA.Cn10.1.HSIII

a. Review original choreography developed over time with respect to its content and context and its relationship to personal perspectives. Reflect on and analyze the variables that contributed to changes in one's personal growth.
b. Investigate various dance related careers through a variety of research methods and techniques. Select those careers of most interest. Develop and implement a Capstone Project that reflects a possible career choice.

Dance/Connecting
#DA.Cn11.1
Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Dance literacy includes deep knowledge and perspectives about societal, cultural, historical, and community contexts.
Essential Question: How does knowing about societal, cultural, historical and community experiences expand dance literacy?

Grade HS Proficient
DA.Cn11.1.HSI
Analyze and discuss dances from selected genres or styles and/or historical time periods, and formulate reasons for the similarities and differences between them in relation to the ideas and perspectives of the peoples from which the dances originate.

Grade HS Advanced
DA.Cn11.1.HSIII
Analyze dances from several genres or styles, historical time periods, and/or world dance forms. Discuss how dance movement characteristics, techniques, and artistic criteria relate to the ideas and perspectives of the peoples from which the dances originate, and how the analysis has expanded one's dance literacy.

GLOSSARY: Dance

Aesthetic
A set of principles concerned with the nature and appreciation of beauty

Alignment
The process of adjusting the skeletal and muscular system to gravity to support effective functionality

Alternative performance venue
A performance site other than a standard Western style theater (for example, classroom, site specific venue, or natural environment)

Anatomical principles
The way the human body's skeletal, muscular and vascular systems work separately and in coordination

Artistic criteria
Aspects of craft and skill used to fulfill artistic intent

Artistic expression
The manifestations of artistic intent though dance drama music, poetry, fiction, painting, sculpture or other artistic media. In dance, this involves the dance and the dancers within a context

Artistic statement
An artist's verbal or written introduction of their work from their own perspective to convey the deeper meaning or purpose

Body patterning
Neuromuscular patterns (for example, core-distal, head-tail, homologous [upper-lower], homo-lateral [same-side], cross-lateral [crossing the body midline])

Body-mind principles
Concepts explored and/or employed to support body-mind connections (for example, breath, awareness of the environment, grounding, movement initiation, use of imagery, intention, inner-outer, stability-mobility)

Body-use
The ways in which movement patterns and body parts are used in movement and dance practice; descriptive method of identifying patterns

Bound movement
An "effort element" from Laban Movement Analysis in which energy flow is constricted

Capstone Project
A culminating performance-based assessment that determines what 12th graders should know and be able to do in various educational disciplines; usually based on research and the development of a major product or project that is an extension of the research

Choreographic devices
Manipulation of dance movement, sequences or phrases (repetition, inversion, accumulation, cannon, retrograde, call and response)

Codified movement
Common motion or motions set in a particular style that often have specific names and expectations associated with it

Context clues
Information obtained from the dance that helps one understand or comprehend meaning and intent from a movement, group of movements, or a dance as a whole; requires seeing

Contrapuntal
An adjective that describes the noun counterpoint; music that has at least two melodic lines (voices) played simultaneously against each other; in dance, at least two movement patterns, sequences or phrases danced simultaneously using different body parts or performed by different dancers

Cultural movement practice
Physical movements of a dance that is associated with a particular country, community, or people

Dance literacy
The total experience of dance learning that includes the doing and knowing about dance: dance skills and techniques, dance making, knowledge and understanding of dance vocabulary, dance history, dance from different cultures, dance genres, repertory, performers and choreographers, dance companies, and dance notation and preservation

Dance movement principles
Fundamentals related to the craft and skill with which dance movement is performed (for example, the use of dynamic alignment, breath support, core support, rotation, initiation and sequencing, and weight shift)

Dance phrase
A brief sequence of related movements that have a sense of continuity and artistic or rhythmic completion

Dance structures
The organization of choreography and movement to fulfill the artistic intent of a dance or dance study (for example, AB, ABA or theme and variation); often referred to as choreographic form

Dance study
A short dance that is comprised of several dance phrases based on an artistic idea

Dance techniques
The tools and skills needed to produce a particular style of movement

Dance terminology
Vocabulary used to describe dance and dance experiences

> **Simple dance terminology** (Tier 1/PreK-2): Basic pedestrian language (for example, locomotor words walk, run, tip-toe, slither, roll, crawl, jump, march, and gallop; and non-locomotor words, bend, twist, turn, open and close)
>
> **Basic dance terminology** (Tier 2/grades 3-5): Vocabulary used to describe dance movement techniques, structures, works, and experiences that are widely shared in the field of dance (for example, stage terminology, compositional vocabulary, language defining dance structures and devices, anatomical references, dance techniques such as alignment or “line”)

Genre-specific dance terminology (Tier 3/grades 6 up): Words used to describe movement within specific dance forms ballet, contemporary, culturally-specific dance, funk, hip-hop, jazz, modern, tap, and others (for example, in Polynesian dance (Hula), auwana, kahiko, halau, kaholo, uwehe, ami); in ballet: glissade, pas de bouree, pas de chat, arabesque; in jazz: kick ball change, pencil turn, jazz walk, jazz run; in modern: contraction, triplets, spiral, pivot turn; and in tap: shuffle-step, cramp roll, riff, wing, time step

Dance work
A complete dance that has a beginning, middle (development), and end

Dynamics
The qualities or characteristics of movement which lend expression and style; also called "efforts," or "energy (for example, lyrical, sustained, quick, light, or strong)

Elements of dance
The key components of movement; movement of the body using space, time, and energy; often referred to as the elements of movement; see Elements of Dance Organizer by Perpich Center for Arts Education (used with permission)

Embody
To physicalize a movement, concept, or idea throughout the body

Energy
The dynamic quality, force attach, weight, and flow of movement

Evaluative Criteria
The definition of values and characteristics with which dance can be assessed; factors to be considered to attain an aesthetically satisfying dance composition or performance

Explore
Investigate multiple movement possibilities to learn more about an idea

Free flowing movement
An "effort element" from Laban Movement Analysis in which energy is continuous

Functional alignment
The organization of the skeleton and musculature in a relationship to gravity that supports safe and efficient movement while dancing

General Space
Spatial orientation that is not focused towards one area of a studio or stage

Genre
A category of dance characterized by similarities in form, style, purpose, or subject matter (for example, ballet, hip hop, modern, ballroom, cultural practices)

Kinesthetic awareness
Pertaining to sensations and understanding of bodily movement

Locomotor

Movement that travels from one location to another or in a pathway through space (for example, in Pre-K, walk, run, tip-toe, slither, roll, crawl, jump, march, gallop; in Kindergarten, the addition of prance, hop, skip, slide, leap)

Movement Characteristics
The qualities, elements, or dynamics that describe or define a movement

Movement phrase
A brief sequence of related movements that have a sense of continuity and artistic or rhythmic completion

Movement problem
A specific focus that requires one find a solution and complete a task; gives direction and exploration in composition

Movement vocabulary
Codified or personal movement characteristics that define a movement style

Negative space
The area (space) around and between the dancer(s) or dance images(s) in a dance

Non-locomotor
Movement that remains in place; movement that does not travel from one location to another or in a pathway through space for example, in Pre-K, bend, twist, turn, open, close; in Kindergarten, swing, sway, spin, reach, pull)

Performance etiquette
Performance values and expected behaviors when rehearsing or performing (for instance, no talking while the dance is in progress, no chewing gum, neat and appropriate appearance, dancers do not call out to audience members who are friends)

Personal space
The area of space directly surrounding one's body extending as far as a person can reach; also called the kinesphere

Polyrhythmic
In music, several rhythms layered on top of one another and played simultaneously; in dance, embodying several rhythms simultaneously in different body parts

Production elements
Aspects of performance that produce theatrical effects (for example, costumes, make up, sound, lighting, props)

Production terminology
Words commonly used to refer to the stage, performance setting, or theatrical aspects of dance presentation

Rhythm
The patterning or structuring of time through movement or sound

See.Think.Wonder
An inquiry-based Visual Thinking Strategy (VTS) used for critical analysis from Harvard

Project Zero, in which children respond to simple questions (What do you see? What do you think? What do you wonder?) which enable a child to begin make meaning from an observed (dance) work of art

Sound Environment
Sound accompaniment for dancing other than music (for example, street noise, ocean surf, bird calls, spoken word)

Space
Components of dance involving direction, pathways, facings, levels, shapes, and design; the location where a dance takes place; the element of dance referring to the cubic area of a room, on a stage, or in other environments

Spatial design
Pre-determined use of directions, levels, pathways, formations, and body shapes

Stimuli
A thing or event that inspires action, feeling, or thought

Style
Dance that has specific movement characteristics, qualities, or principles that give it distinctive identity (for example, Graham technique is a style of Modern Dance; rhythm tap is a style of Percussive Dance; Macedonian folk dance is a style of International Folk dance; Congolese dance is a style of African Dance)

Technical dance skills
The degree of physical proficiency a dancer achieves within a dance style or technique (for example, coordination, form, strength, speed and range)

Tempi
Different paces or speeds of music, or underlying beats or pulses, used in a dance work or composition (singular: tempo)

Tempo
The pace or speed of a pulse or beat underlying music or movement (plural: tempi or tempos)

Theme
A dance idea that is stated choreographically

~~IDAHO CONTENT STANDARDS~~
~~GRADE K-3~~
~~HUMANITIES: THEATRE~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades K-3 identify elements of theatre, cultural traditions, time periods, ideas, and emotions as expressed through theatre. Students compare written stories to dramatic performances.~~

~~Goal 1.1: Identify the historical and cultural contexts of theatre.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K-3.T.1.1.1 Identify a dramatic presentation as belonging to the past or present.~~
~~K-3.T.1.1.2 Identify elements of theatre in everyday life, such as relationships (characters), clothes (costumes), locations (setting), and plot (story).~~
~~K-3.T.1.1.3 Identify and discuss cultural traditions in stories, songs, fairy tales, fables, and nursery rhymes.~~

~~Goal 1.2: Identify the interrelationships among the visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K-3.T.1.2.1 Dramatize how theatre is enhanced by dance, visual art, and music.~~
~~K-3.T.1.2.2 Compare a written (oral) story with a dramatic performance of that same story.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades K-3 identify and discuss the elements and meaning of a dramatic performance, using theatre vocabulary. Students explain personal preference about a dramatic performance.~~

~~Goal 2.1: Conduct analyses of theatre.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~

~~K-3.T.2.1.1 Use theatre vocabulary to discuss a dramatic performance.~~
~~K-3.T.2.1.2 Identify and describe the character, plot, and setting in stories. K-~~
~~3.T.2.1.3 Use drama as a form of communication.~~

~~Goal 2.2: Exercise sound reasoning in understanding and making choices about theatre.~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.T.2.2.1 Identify the beginning, middle, and ending of dramatic performances.~~
~~K-3.T.2.2.2 Verbalize personal preferences for various types of drama.~~
~~K-3.T.2.2.3 Express preferences for the various aspects of a dramatic performance.~~
~~K-3.T.2.2.4 Explain the importance of theatre in one's own life.~~

~~**Standard 3:Performance**~~

~~Students engage in the creation of original works and/or the interpretation of the works of others, culminating in a performance or presentation.~~

~~Students in grades K-3 create and present dramatic performances based on personal experience, imagination, and factual events. Students use theatrical skills to create different characters, scenes, and dialogue. Students employ the elements of scenery, props, costume, and makeup in a dramatic performance.~~

~~**Goal 3.1: Utilize concepts essential to theatre.**~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.T.3.1.1 Create characters, environments, and situations for dramatization.~~
~~K-3.T.3.1.2 Vary movement, vocal pitch, tempo, and tone for different characters.~~

~~**Goal 3.2: Communicate through theatre, applying artistic concepts, knowledge, and skills.**~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.T.3.2.1 Use dialogue to tell stories~~
~~K-3.T.3.2.2 Interact in imaginary situations.~~
~~K-3.T.3.2.3 Choose scenery, props, costumes, and makeup for a production.~~
~~K-3.T.3.2.4 Demonstrate appropriate behavior while attending and/or participating in theatrical events.~~
~~K-3.T.3.2.5 Show respect for personal work and works of others.~~

~~**Goal 3.3: Communicate through theatre with creative expression.**~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.T.3.3.1 Create spontaneous dialogue to express or create characters in a scene.~~
~~K-3.T.3.3.2 Create and present original or fictional stories.~~
~~K-3.T.3.3.3 Assume roles based on personal experiences, imagination, and reading.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 4-5~~
~~HUMANITIES: THEATRE~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1:~~ ~~Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 4-5 portray historical events and various cultures using theatrical elements. Students discuss theatre as a means of reflecting history and culture. Students analyze the interrelationships of the arts in a live performance.~~

~~Goal 1.1: Identify the historical and cultural contexts of theatre.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.T.1.1.1 Translate a specific historical event into a dramatic presentation.~~
- ~~4-5.T.1.1.2 Create stage props and scenery that convey historical accuracy in a dramatic reenactment.~~
- ~~4-5.T.1.1.3 Create dialogue involving historical figures.~~
- ~~4-5.T.1.1.4 Identify the value of theatre as a means of reflecting history and culture.~~

~~Goal 1.2: Identify the interrelationships among the visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.T.1.2.1 Analyze the ways a live performance is enhanced by the integration of visual art, music, and dance.~~
- ~~4-5.T.1.2.2 Utilize multiple art forms to communicate ideas effectively.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 4-5 use selected criteria to critique performances and justify reasons for personal preferences. Students discuss and analyze the themes and elements of theatre. Students identify and describe the character, plot, and setting in classroom dramatizations and/or formal productions.~~

~~Goal 2.1: Conduct analyses of theatre.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

- ~~4-5.T.2.1.1 Develop and use theatre vocabulary.~~
- ~~4-5.T.2.1.2 Compare and contrast film, television, and theatre as distinct genres.~~

~~4-5.T.2.1.3 Examine theatre as a means to communicate meaning.~~
~~4-5.T.2.1.4 Justify reasons for personal preference concerning a dramatic performance.~~

~~Goal 2.2: Exercise sound reasoning and understanding in making choices about theatre.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
~~4-5.T.2.2.1 Identify and describe the character, plot, and setting in classroom dramatizations and/or formal productions.~~
~~4-5.T.2.2.2 Analyze how facial expression and body language reveal meaning.~~
~~4-5.T.2.2.3 Evaluate one's own performance of a scene and the performances of others.~~
~~4-5.T.2.2.4 Identify how theatre reveals universal themes.~~
~~4-5.T.2.2.5 Explain the importance of theatre in our society.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of the works of others, culminating in a performance or presentation.~~

~~Students in grades 4-5 improvise and create dramatizations based on a variety of sources. Students use theatrical elements to convey mood and environment. Students collaborate to produce original and retold narratives. Students show respect for their work and the work of others.~~

~~Goal 3.1: Utilize concepts essential to theatre.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
~~4-5.T.3.1.1 Improvise dialogue to tell stories and convey information.~~
~~4-5.T.3.1.2 Vary movements, vocal pitch, tempo, and tone for different characters.~~
~~4-5.T.3.1.3 Create characters, environments, and situations for dramatization.~~

~~Goal 3.2: Communicate through theatre, applying artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
~~4-5.T.3.2.1 Use appropriate improvised or scripted dialogue in a scene.~~
~~4-5.T.3.2.2 Demonstrate basic stage movement.~~
~~4-5.T.3.2.3 Create scenery, properties, lighting, sound, costumes, and makeup for a dramatic production.~~
~~4-5.T.3.2.4 Demonstrate appropriate behavior while attending and/or participating in theatrical events.~~
~~4-5.T.3.2.5 Show respect for personal work and works of others.~~

~~Goal 3.3: Communicate through theatre with creative expression.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~
~~4-5.T.3.3.1 Create characters and plots from a variety of sources.~~
~~4-5.T.3.3.2 Create a short dramatic scene from narrative literature.~~
~~4-5.T.3.3.3 Improvise scenes collaboratively, based on relationships and social situations.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 6-8~~
~~HUMANITIES: THEATRE~~

~~**Students are expected to know content and apply skills from previous grades.**~~

~~**Standard 1:** Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 6-8 identify and discuss the historical roots of theatre. Students distinguish between different types of acting and identify ways various cultures have used theatre to communicate ideas. Students use and analyze the use of multiple art forms in theatre.~~

~~**Goal 1.1:Examine the historical and cultural contexts of theatre.**~~

~~**Objective(s): By the end of Grade 8, the student will be able to:**~~
~~6-8.T.1.1.1 Investigate theatre's Greek roots.~~
~~6-8.T.1.1.2 Identify the ways in which many cultures have used theatre to communicate ideas.~~
~~6-8.T.1.1.3 Compare and contrast various historical changes and developments in the theatre and stage.~~
~~6-8.T.1.1.4 Delineate the differences among various acting styles, genres, and time periods.~~

~~**Goal 1.2: Explain the interrelationships among the visual and performing arts disciplines.**~~

~~**Objective(s): By the end of Grade 8, the student will be able to:**~~
~~6-8.T.1.2.1 Analyze how other art forms contribute to a dramatic performance.~~
~~6-8.T.1.2.2 Utilize multiple art forms to communicate ideas effectively.~~

~~**Standard 2: Critical Thinking**~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 6-8 compare and contrast theatre of different cultures. Students identify and discuss dramatic elements in a work. Students formulate and defend personal preferences about dramatic performances. Students use theatrical vocabulary to discuss a performance. Students analyze a character's role, actions, and the consequences for actions.~~

~~**Goal 2.1: Conduct analyses of theatre.**~~

~~**Objective(s): By the end of Grade 8, the student will be able to:**~~
~~6-8.T.2.1.1 Use theatrical vocabulary to critique a dramatic performance.~~
~~6-8.T.2.1.2 Analyze the central action of the play and discuss its cause and effect.~~

~~6-8.T.2.1.3 Identify the theatrical elements that contribute to the meaning of a dramatic work.~~
~~6-8.T.2.1.4 Compare one's interpretation of a dramatic scene with the interpretations of others.~~
~~6-8.T.2.1.5 Compare and contrast the theatre of different cultures.~~

~~Goal 2.2: Exercise sound reasoning and understanding in making choices about theatre.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~
~~6-8.T.2.2.1 Describe the role of the protagonist and the antagonist in a dramatic performance.~~
~~6-8.T.2.2.2 Recognize the elements of conflict, climax, and theme as they relate to theatrical texts.~~
~~6-8.T.2.2.3 Defend one's personal preferences for the various aspects of a dramatic work.~~
~~6-8.T.2.2.4 Utilize drama as a study of human character and personality.~~
~~6-8.T.2.2.5 Identify roles of professional and amateur performers and theatre technicians in our society.~~
~~6-8.T.2.2.6 Explain how lighting, sets, and costumes can create meaning in a dramatic performance.~~
~~6-8.T.2.2.7 Compare and contrast modern drama with the theatre of earlier periods.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of the works of others, culminating in a performance or presentation.~~

~~Students in grades 6-8 improvise dialogue and create characters, environments, and situations. Students describe how theatrical and technical elements create meaning in a performance. Students demonstrate basic stage movement and the physical tools for acting. Students use pantomime to tell a story.~~

~~Goal 3.1: Utilize concepts essential to theatre.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~
~~6-8.T.3.1.1 Improvise dialogue to tell stories and convey information at a personal level.~~
~~6-8.T.3.1.2 Vary movements and vocal qualities to convey an interpretation of a character.~~
~~6-8.T.3.1.3 Create characters, environments, and situations to convey a specific idea or mood.~~

~~Goal 3.2: Communicate through theatre, applying artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~
~~6-8.T.3.2.1 Use pantomime to communicate an idea or tell a story.~~
~~6-8.T.3.2.2 Demonstrate basic stage movement.~~
~~6-8.T.3.2.3 Create scenery, properties, lighting, sound, costumes, and makeup for a dramatic production.~~
~~6-8.T.3.2.4 Demonstrate appropriate behavior while attending and/or participating in theatrical events.~~
~~6-8.T.3.2.5 Show respect for personal work and works of others.~~

~~6-8.T.3.2.6 Identify and describe how performance and technical elements communicate the meaning and intent of a dramatic presentation.~~
~~6-8.T.3.2.7 Demonstrate the use of physical tools for acting (voice, movement, facial expression, gestures).~~

~~**Goal 3.3: Communicate through theatre with creative expression.**~~

~~**Objective(s): By the end of Grade 8, the student will be able to:**~~
~~6-8.T.3.3.1 Build characters and portray situations through improvisation.~~
~~6-8.T.3.3.2 Create a dramatic work that expresses personal understanding, opinions, or beliefs.~~
~~6-8.T.3.3.3 Plan and direct scripted scenes~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 9-12~~
~~HUMANITIES: THEATRE~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 9-12 identify representative dramatic works from various cultures, historical periods, and theatrical styles. Students describe and compare stock characters and archetypes from various cultures. Students create and analyze the use of other art forms in dramatic performances.~~

~~Goal 1.1: Examine the historical and cultural contexts of theatre.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.T.1.1.1 Investigate representative dramatic works from a variety of cultures and historical periods.~~
~~9-12.T.1.1.2 Demonstrate an understanding of cultural and historical perspectives required by a specific script.~~
~~9-12.T.1.1.3 Identify historical periods and their theatrical styles.~~
~~9-12.T.1.1.4 Describe and compare stock characters, archetypes, and universal themes in dramas from various cultures and periods.~~
~~9-12.T.1.1.5 Investigate representative playwrights from a variety of cultures and historical periods.~~

~~Goal 1.2: Identify the interrelationships among the visual and performing arts disciplines.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.T.1.2.1 Analyze how other art forms contribute to a dramatic performance.~~
~~9-12.T.1.2.2 Utilize multiple art forms to communicate ideas effectively.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 9-12 analyze and critique dramatic performances and written texts, using theatrical vocabulary. Students evaluate the success of a dramatic production with respect to intent and audience. Students analyze the central action of a play and discuss its cause and effect. Students compare and contrast modern drama with theatre of earlier periods.~~

~~Goal 2.1: Conduct analyses of theatre.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.T.2.1.1 Develop and use theatre vocabulary to critique dramatic performances or written plays.~~
~~9-12.T.2.1.2 Analyze the central action of the play and discuss its cause and effect.~~
~~9-12.T.2.1.3 Analyze how technical elements can create meaning in a dramatic performance.~~
~~9-12.T.2.1.4 Evaluate how well the dramatic text or production meets its intended objectives.~~
~~9-12.T.2.1.5 Compare and contrast traditional theatre and contemporary trends in entertainment.~~

~~Goal 2.2: Exercise sound reasoning and understanding in making choices about theatre.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.T.2.2.1 Recognize the elements of conflict, climax, and theme as they relate to theatrical texts.~~
~~9-12.T.2.2.2 Analyze a character's actions and the consequences they create.~~
~~9-12.T.2.2.3 Develop and defend one's critique of a dramatic performance.~~
~~9-12.T.2.2.4 Utilize drama as a study of human character and personality.~~
~~9-12.T.2.2.5 Analyze production and performance appropriateness of a theatrical work within a given community.~~
~~9-12.T.2.2.6 Analyze how technical elements can create meaning in a dramatic performance.~~
~~9-12.T.2.2.7 Evaluate how theatrical participation is critical to global culture.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of the works of others, culminating in a performance or presentation.~~

~~Students in grades 9-12 interpret, perform, and create scripts to convey story and meaning to an audience. Students create and sustain character through physical, emotional, and social dimensions. Students interpret and perform a script, respecting the intent of its creator. Students build characters and portray situations through improvisation.~~

~~Goal 3.1: Utilize concepts essential to theatre.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.T.3.1.1 Interpret and perform scripts to convey story and meaning to an audience.~~
~~9-12.T.3.1.2 Utilize theatrical terminology in appropriate settings.~~
~~9-12.T.3.1.3 Research and apply physical, emotional, and social dimensions in creating character.~~

~~Goal 3.2: Communicate through theatre, applying artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.T.3.2.1 Create imaginative scripts that convey story and meaning to an audience.~~
~~9-12.T.3.2.2 Interpret/perform a work respecting the intent of its creator.~~
~~9-12.T.3.2.3 Plan and utilize technical theatre elements to support a dramatic text.~~
~~9-12.T.3.2.4 Demonstrate appropriate behavior while attending and/or participating in theatrical events.~~
~~9-12.T.3.2.5 Show respect for personal work and works of others.~~
~~9-12.T.3.2.6 Demonstrate how artistic choices can affect performances and formal productions.~~
~~9-12.T.3.2.7 Use theatrical elements to convey mood and environment.~~
~~9-12.T.3.2.8 Create works that integrate processes and concepts of other art forms.~~

~~Goal 3.3: Communicate through theatre with creative expression.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.T.3.3.1 Develop and sustain a character that communicates with the audience.~~
~~9-12.T.3.3.2 Create a dramatic work that expresses personal understanding, opinions, or beliefs.~~
~~9-12.T.3.3.3 Organize and conduct rehearsals for production.~~

IDAHO
STATE DEPARTMENT OF EDUCATION

ARTS AND HUMANITIES

THEATRE

Approved by the Idaho State Board of Education, August 11, 2016

K-3 Theatre

Theatre/Creating
#TH:Cr1.1
Process Component: Envision, Conceptualize
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Theatre artists rely on intuition, curiosity, and critical inquiry.
Essential Question: What happens when theatre artists use their imaginations and/or learned theatre skills while engaging in creative exploration and inquiry?

Grade K
TH:Cr1.1.K
a. With prompting and support, invent and inhabit an imaginary elsewhere in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).
b. With prompting and support, use non-representational materials to create props, puppets, and costume pieces for dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Cr1.1.1
a. Propose potential choices characters could make in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Collaborate with peers to conceptualize costumes and props in a guided drama experience (e.g., process drama, story drama, creative drama).
c. Identify ways in which gestures and movement may be used to create or retell a story in guided drama experiences (e.g., process drama, story drama, creative drama).

Grade 2
TH:Cr1.1.2
a. Propose potential new details to plot and story in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Collaborate with peers to conceptualize scenery in a guided drama experience (e.g., process drama, story drama, creative drama).
c. Identify ways in which voice and sounds may be used to create or retell a story in guided drama experiences (e.g., process drama, story drama, creative drama).

Grade 3
TH:Cr1.1.3
a. Create roles, imagined worlds, and improvised stories in a drama/theatre work.
b. Imagine and articulate ideas for costumes, props and sets for the environment and characters in a drama/theatre work.
c. Collaborate to determine how characters might move and speak to support the story and given circumstances in drama/theatre work.

Theatre/Creating
#TH:Cr2.1

Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Theatre artists work to discover different ways of communicating meaning.
Essential Question: How, when, and why do theatre artists' choices change?

Grade K
TH:Cr2.1.K
a. With prompting and support, interact with peers and contribute to dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).
b. With prompting and support, express original ideas in dramatic play or a guided drama experience (e.g., creative drama, process drama, story drama).

Grade 1
TH:Cr2.1.1
a. Contribute to the development of a sequential plot in a guided drama experience (e.g., process drama, story drama, creative drama).
b. With prompting and support, participate in group decision making in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Cr2.1.2
a. Collaborate with peers to devise meaningful dialogue in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Contribute ideas and make decisions as a group to advance a story in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Cr2.1.3
a. Participate in methods of investigation to devise original ideas for a drama/theatre work.
b. Compare ideas with peers and make selections that will enhance and deepen group drama/theatre work.

Theatre/Creating
#TH:Cr3.1
Process Component: Rehearse
Anchor Standard: Refine new work through play, drama processes and theatre experiences using critical analysis and experimentation.
Enduring Understanding: Theatre artists refine their work and practice their craft through rehearsal.
Essential Question: How do theatre artists transform and edit their initial ideas?

Grade K
TH:Cr3.1.K
a. With prompting and support, ask and answer questions in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Cr3.1.1

a. Contribute to the adaptation of the plot in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Identify similarities and differences in sounds and movements in a guided drama experience (e.g., process drama, story drama, creative drama).
c. Collaborate to imagine multiple representations of a single object in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Cr3.1.2
a. Contribute to the adaptation of dialogue in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Use and adapt sounds and movements in a guided drama experience (e.g., process drama, story drama, creative drama).
c. Generate independently multiple representations of a single object in a guided drama experience (e.g., process drama, story drama, creative drama.

Grade 3
TH:Cr3.1.3
a. Collaborate with peers to revise, refine, and adapt ideas to fit the given parameters of a drama theatre work.
b. Participate and contribute to physical and vocal exploration in an improvised or scripted drama/theatre work.
c. Practice and refine design and technical choices to support a devised or scripted drama/theatre work.

Theatre/Performing
#TH:Pr4.1
Process Component: Select
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Theatre artists make strong choices to effectively convey meaning.
Essential Question: Why are strong choices essential to interpreting a drama or theatre piece?

Grade K
TH:Pr4.1.K
With prompting and support, identify characters and setting in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Pr4.1.1
a. Describe a story's character actions and dialogue in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Use body, face, gestures, and voice to communicate character traits and emotions in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Pr4.1.2

a. Interpret story elements in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Alter voice and body to expand and articulate nuances of a character in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Pr4.1.3
a. Apply the elements of dramatic structure to a story and create a drama/theatre work.
b. Investigate how movement and voice are incorporated into drama/theatre work.

Theatre/Performing
#TH:Pr5.1
Process Component: Prepare
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Theatre artists develop personal processes and skills for a performance or design.
Essential Question: What can I do to fully prepare a performance or technical design?

Grade K
TH:Pr5.1.K
a. With prompting and support, understand that voice and sound and sound are fundamental to dramatic play and guided dramatic experiences (e.g., process drama, story drama, creative drama).
b. with prompting and support, explore and experiment with various technical elements in dramatic play or a guided dramatic experience (e.g. process drama, story drama, creative drama).

Grade 1
TH:Pr5.1.1
a. With prompting and support, identify and understand that physical movement is fundamental to guided drama experiences (e.g., process drama, story drama, creative drama).
b. With prompting and support, identify technical elements that can be used in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Pr5.1.2
a. Demonstrate the relationship between and among body, voice, and mind in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Explore technical elements in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Pr4.1.3
a. Apply the elements of dramatic structure to a story and create a drama/theatre work.
b. Investigate how movement and voice are incorporated into drama/theatre work.

Theatre/Performing
#TH:Pr6.1
Process Component: Share, Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Theatre artists share and present stories, ideas, and envisioned worlds to explore the human experience.
Essential Question: What happens when theatre artists and audiences share a creative experience?

Grade K
TH:Pr6.1.K
With prompting and support, use voice and sound in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Pr6.1.1
With prompting and support, use movement and gestures to communicate emotions in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Pr6.1.2
Contribute to group guided drama experiences (e.g., process drama, story drama, creative drama) and informally share with peers.

Grade 3
TH:Pr6.1.3
Practice drama/theatre work and share reflections individually and in small groups.

Theatre/Responding
#TH:Re7.1
Process Component: Reflect
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Theatre artists reflect to understand the impact of drama processes and theatre experiences.
Essential Question: How do theatre artists comprehend the essence of drama processes and theatre experiences?

Grade K
TH:Re7.1.K
With prompting and support, express an emotional response to characters in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Re7.1.1
Recall choices made in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2

TH:Re7.1.2
Recognize when artistic choices are made in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Re7.1.3
Understand why artistic choices are made in a drama/theatre work.

Theatre/Responding
#TH:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Theatre artists' interpretations of drama/theatre work are influenced by personal experiences and aesthetics.
Essential Question: How can the same work of art communicate different messages to different people?

Grade K
TH:Re8.1.K
a. With prompting and support, identify preferences in dramatic play, a guided drama experience (e.g., process drama, story drama, creative drama), or age-appropriate theatre performance.
b. With prompting and support, name and describe settings in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Re8.1.1
a. Explain preferences and emotions in a guided drama experience (e.g., process drama, story drama, creative drama), or age-appropriate theatre performance.
b. Identify causes of character actions in a guided drama experience (e.g., process drama, story drama, or creative drama).Explain or use text and pictures to describe how personal emotions and choices compare to the emotions and choices of characters in a guided drama experience (e.g., process drama, story drama, creative dram).

Grade 2
TH:Re8.1.2
a. Explain how personal preferences and emotions affect an observer's response in a guided drama experience (e.g., process drama, story drama, creative drama), or age-appropriate theatre performance.
b. Identify causes and consequences of character actions in a guided drama experience (e.g., process drama, story drama, or creative drama).
c. Explain or use text and pictures to describe how others' emotions and choices may compare to the emotions and choices of characters in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Re8.1.3

a. Consider multiple personal experiences when participating in or observing a drama/theatre work.
b. Consider multiple ways to develop a character using physical characteristics and prop or costume design choices that reflect cultural perspectives in drama/theatre work.
c. Examine how connections are made between oneself and a character's emotions in drama/theatre work.

Theatre/Responding
#TH:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Theatre artists apply criteria to investigate, explore, and assess drama and theatre work.
Essential Question: How are the theatre artist's processes and the audience's perspectives impacted by analysis and synthesis?

Grade K
TH:Re9.1.K
With prompting and support, actively engage with others in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Re9.1.1
a. Build on others' ideas in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Identify props and costumes that might be used in a guided drama experience (e.g., process drama, story drama, creative drama).
c. Compare and contrast the experiences of characters in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Re9.1.2
a. Collaborate on a scene in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Use a prop or costume in a guided drama experience (e.g., process drama, story drama, creative drama) to describe characters, settings, or events.
c. Describe how characters respond to challenges in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Re9.1.3
a. Understand how and why groups evaluate drama/theatre work.
b. Consider and analyze technical elements from multiple drama/theatre works.
c. Evaluate and analyze problems and situations in a drama/theatre work from an audience perspective.

Theatre/Connecting
#TH:Cn10.1
Process Component: Empathize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Theatre artists allow awareness of interrelationships between self and others to influence and inform their work.
Essential Question: What happens when theatre artists foster understanding between self and others through critical awareness, social responsibility, and the exploration of empathy?

Grade K
TH:Cn10.1.K
a. With prompting and support, identify similarities between characters and oneself in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Cn10.1.1
a. Identify character emotions in a guided drama experience (e.g., process drama, story drama, creative drama) and relate it to personal experience.

Grade 2
TH:Cn10.1.2
Relate character experiences to personal experiences in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Cn10.1.3
Use personal experiences and knowledge to make connections to community and culture in a drama/theatre work.

Theatre/Connecting
#TH:Cn11.1
Process Component: Interrelate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists understand and can communicate their creative process as they analyze the way the world may be understood.
Essential Question: What happens when theatre artists allow an understanding of themselves and the world to inform perceptions about theatre and the purpose of their work?

Grade K
TH:Cn11.1.K
With prompting and support, identify skills and knowledge from other areas in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Cn11.1.1

Apply skills and knowledge from different art forms and content areas in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Cn11.1.2
Determine appropriate skills and knowledge from different art forms and content areas to apply in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Cn11.1.3
Identify connections to community, social issues and other content areas in drama/theatre work.

Theatre/Connecting
#TH:Cn11.2
Process Component: Research
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists critically inquire into the ways others have thought about and created drama processes and productions to inform their own work.
Essential Question: In what ways can research into theatre histories, theories, literature, and performances alter the way a drama process or production is understood?

Grade K
TH:Cn11.2.K
a. With prompting and support, identify stories that are different from one another in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).
b. With prompting and support, tell a short story in dramatic play or a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 1
TH:Cn11.2.1
a. Identify similarities and differences in stories from one's own community in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Collaborate on the creation of a short scene based on a fictional literary source in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 2
TH:Cn11.2.2
a. Identify similarities and differences in stories from multiple cultures in a guided drama experience (e.g., process drama, story drama, creative drama).
b. Collaborate on the creation of a short scene based on a non-fiction literary source in a guided drama experience (e.g., process drama, story drama, creative drama).

Grade 3
TH:Cn11.2.3

a. Explore how stories are adapted from literature to drama/theatre work.
b. Examine how artists have historically presented the same stories using different art forms, genres, or drama/theatre conventions.

4-5 Theatre

Theatre/Creating
#TH:Cr1.1
Process Component: Envision, Conceptualize
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Theatre artists rely on intuition, curiosity, and critical inquiry.
Essential Question: What happens when theatre artists use their imaginations and/or learned theatre skills while engaging in creative exploration and inquiry?

Grade 4
TH:Cr1.1.4
a. Articulate the visual details of imagined worlds, and improvised stories that support the given circumstances in a drama/theatre work.
b. Visualize and design technical elements that support the story and given circumstances in a drama/theatre work.
c. Imagine how a character might move to support the story and given circumstances in a drama/theatre work.

Grade 5
TH:Cr1.1.5
a. Identify physical qualities that might reveal a character's inner traits in the imagined world of a drama/theatre work.
b. Propose design ideas that support the story and given circumstances in a drama/theatre work.
c. Imagine how a character's inner thoughts impact the story and given circumstances in a drama/ theatre work.

Theatre/Creating
#TH:Cr2.1
Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Theatre artists work to discover different ways of communicating meaning
Essential Question: How, when, and why do theatre artists' choices change?

Grade 4
TH:Cr2.1.4
a. Collaborate to devise original ideas for a drama/theatre work by asking questions about characters and plots.
b. Make and discuss group decisions and identify responsibilities required to present a drama/theatre work to peers.

Grade 5
TH:Cr2.1.5
a. Devise original ideas for a drama/theatre work that reflect collective inquiry about characters and their given circumstances.

b. Participate in defined responsibilities required to present a drama/theatre work informally to an audience.

Theatre/Creating
#TH:Cr3.1
Process Component: Rehearse
Anchor Standard: Refine new work through play, drama processes and theatre experiences using critical analysis and experimentation.
Enduring Understanding: Theatre artists refine their work and practice their craft through rehearsal.
Essential Question: How do theatre artists transform and edit their initial ideas?

Grade 4
TH:Cr3.1.4
a. Revise and improve an improvised or scripted drama/theatre work through repetition and collaborative review.
b. Develop physical and vocal exercise techniques for an improvised or scripted drama/theatre work.
c. Collaborate on solutions to design and technical problems that arise in rehearsal for a drama/theatre work.

Grade 5
TH:Cr3.1.5
a. Revise and improve an improvised or scripted drama/theatre work through repetition and self-review.
b. Use physical and vocal exploration for character development in an improvised or scripted drama/theatre work.
c. Create innovative solutions to design and technical problems that arise in rehearsal for a drama/theatre work.

Theatre/Performing
#TH:Pr4.1
Process Component: Select
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Theatre artists make strong choices to effectively convey meaning.
Essential Question: Why are strong choices essential to interpreting a drama or theatre piece?

Grade 4
TH:Pr4.1.4
a. Modify the dialogue and action to change the story in a drama/theatre work.
b. Make physical choices to develop a character in a drama/theatre work.

Grade 5
TH:Pr4.1.5
a. Describe the underlying thoughts and emotions that create dialogue and action in a drama/theatre work.
b. Use physical choices to create meaning in a drama/theatre work.

Theatre/Performing
#TH:Pr5.1
Process Component: Prepare
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Theatre artists develop personal processes and skills for a performance or design.
Essential Question: What can I do to fully prepare a performance or technical design?

Grade 4
TH:Pr5.1.4
a. Practice selected exercises that can be used in a group setting for drama/theatre work.
b. Propose the use of technical elements in a drama/theatre work.

Grade 5
TH:Pr5.1.5
a. Choose acting exercises that can be applied to a drama/theatre work.
b. Demonstrate the use of technical elements in a drama/theatre work.

Theatre/Performing
#TH:Pr6.1
Process Component: Share, Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Theatre artists share and present stories, ideas, and envisioned worlds to explore the human experience.
Essential Question: What happens when theatre artists and audiences share a creative experience?

Grade 4
TH:Pr6.1.4
Share small-group drama/theatre work, with peers as audience.

Grade 5
TH:Pr6.1.5
Present drama/theatre work informally to an audience.

Theatre/Responding
#TH:Re7.1
Process Component: Reflect
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Theatre artists reflect to understand the impact of drama processes and theatre experiences.
Essential Question: How do theatre artists comprehend the essence of drama processes and theatre experiences?

Grade 4
TH:Re7.1.4

Identify artistic choices made in a drama/theatre work through participation and observation.

Grade 5
TH:Re7.1.5
Explain personal reactions to artistic choices made in a drama/theatre work through participation and observation.

Theatre/Responding
#TH:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Theatre artists' interpretations of drama/theatre work are influenced by personal experiences and aesthetics.
Essential Question: How can the same work of art communicate different messages to different people?

Grade 4
TH:Re8.1.4
a. Compare and contrast multiple personal experiences when participating in or observing a drama/theatre work.
b. Compare and contrast the qualities of characters in a drama/theatre work through physical characteristics and prop or costume design choices that reflect cultural perspectives.
c. Identify and discuss physiological changes connected to emotions in drama/ theatre work.

Grade 5
TH:Re8.1.5
a. Justify responses based on personal experiences when participating in or observing a drama/theatre work.
b. Explain responses to characters based on cultural perspectives when participating in or observing drama/theatre work.
c. Investigate the effects of emotions on posture, gesture, breathing, and vocal intonation in a drama/theatre work.

Theatre/Responding
#TH:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Theatre artists apply criteria to investigate, explore, and assess drama and theatre work.
Essential Question: How are the theatre artist's processes and the audience's perspectives impacted by analysis and synthesis?

Grade 4
TH:Re9.1.4
a. Propose a plan to evaluate drama/theatre work.
b. Investigate how technical elements may support a theme or idea in a drama/theatre work.

c. Observe how a character's choices impact an audience's perspective in a drama/theatre work.

Grade 5
TH:Re9.1.5
a. Develop and implement a plan to evaluate drama/theatre work.
b. Assess how technical elements represent the theme of a drama/theatre work.
c. Recognize how a character's circumstances impact an audience's perspective in a drama/theatre work.

Theatre/Connecting
#TH:Cn10.1
Process Component: Empathize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Theatre artists allow awareness of interrelationships between self and others to influence and inform their work.
Essential Question: What happens when theatre artists foster understanding between self and others through critical awareness, social responsibility, and the exploration of empathy?

Grade 4
TH:Cn10.1.4
Identify the ways drama/theatre work reflects the perspectives of a community or culture.

Grade 5
TH:Cn10.1.5
Explain how drama/theatre connects oneself to a community or culture.

Theatre/Connecting
#TH:Cn11.1
Process Component: Interrelate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists understand and can communicate their creative process as they analyze the way the world may be understood.
Essential Question: What happens when theatre artists allow an understanding of themselves and the world to inform perceptions about theatre and the purpose of their work?

Grade 4
TH:Cn11.1.4
Respond to community and social issues and incorporate other content areas in drama/theatre work.

Grade 5
TH:Cn11.1.5
Investigate historical, global and social issues expressed in drama/theatre work.

Theatre/Connecting
#TH:Cn11.2
Process Component: Research
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists critically inquire into the ways others have thought about and created drama processes and productions to inform their own work.
Essential Question: In what ways can research into theatre histories, theories, literature, and performances alter the way a drama process or production is understood?

Grade 4
TH:Cn11.2.4
a. Investigate cross-cultural approaches to storytelling in drama/theatre work.
b. Compare the drama/theatre conventions of a given time period with those of the present.

Grade 5
TH:Cn11.2.5
a. Analyze commonalities and differences between stories set in different cultures in preparation for a drama/theatre work.
b. Identify historical sources that explain drama/theatre terminology and conventions.

6-8 Theatre

Theatre/Creating
#TH:Cr1.1
Process Component: Envision, Conceptualize
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Theatre artists rely on intuition, curiosity, and critical inquiry.
Essential Question: What happens when theatre artists use their imaginations and/or learned theatre skills while engaging in creative exploration and inquiry?

Grade 6
TH:Cr1.1.6
a. Identify possible solutions to staging challenges in a drama/theatre work.
b. Identify solutions to design challenges in a drama/theatre work.
c. Explore a scripted or improvised character by imagining the given circumstances in a drama/theatre work.

Grade 7
TH:Cr1.1.7
a. Investigate multiple perspectives and solutions to staging challenges in a drama/theatre work.
b. Explain and present solutions to design challenges in a drama/ theatre work.
c. Envision and describe a scripted or improvised character's inner thoughts and objectives in a drama/theatre work.

Grade 8
TH:Cr1.1.8
a. Imagine and explore multiple perspectives and solutions to staging problems in a drama/ theatre work.
b. Imagine and explore solutions to design challenges of a performance space in a drama/theatre work.
c. Develop a scripted or improvised character by articulating the character's inner thoughts, objectives, and motivations in a drama/theatre work.

Theatre/Creating
#TH:Cr2.1
Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Theatre artists work to discover different ways of communicating meaning
Essential Question: How, when, and why do theatre artists' choices change?

Grade 6
TH:Cr2.1.6
a. Use critical analysis to improve, refine, and evolve original ideas and artistic choices in a devised or scripted drama/theatre work.
b. Contribute ideas and accept and incorporate the ideas of others in preparing or devising drama/theatre work.

Grade 7
TH:Cr2.1.7
a. Examine and justify original ideas and artistic choices in a drama/theatre work based on critical analysis, background knowledge, and historical and cultural context.
b. Demonstrate mutual respect for self and others and their roles in preparing or devising drama/theatre work.

Grade 8
TH:Cr2.1.8
a. Articulate and apply critical analysis, background knowledge, research, and historical and cultural context to the development of original ideas for a drama/theatre work.
b. Share leadership and responsibilities to develop collaborative goals when preparing or devising drama/theatre work.

Theatre/Creating
#TH:Cr3.1
Process Component: Rehearse
Anchor Standard: Refine new work through play, drama processes and theatre experiences using critical analysis and experimentation.
Enduring Understanding: Theatre artists refine their work and practice their craft through rehearsal.
Essential Question: How do theatre artists transform and edit their initial ideas?

Grade 6
TH:Cr3.1.6
a. Articulate and examine choices to refine a devised or scripted drama/theatre work.
b. Identify effective physical and vocal traits of characters in an improvised or scripted drama/theatre work.
c. Explore a planned technical design during the rehearsal process for a devised or scripted drama/theatre work.

Grade 7
TH:Cr3.1.7
a. Demonstrate focus and concentration in the rehearsal process to analyze and refine choices in a devised or scripted drama/theatre work.
b. Develop effective physical and vocal traits of characters in an improvised or scripted drama/theatre work.
c. Consider multiple planned technical design elements during the rehearsal process for a devised or scripted drama/theatre work.

Grade 8
TH:Cr3.1.8
a. Use repetition and analysis in order to revise devised or scripted drama/theatre work.
b. Refine effective physical, vocal, and physiological traits of characters in an improvised or scripted drama/ theatre work.
c. Implement and refine a planned technical design using simple technology during the rehearsal process for devised or scripted drama/ theatre work.

Theatre/Performing
#TH:Pr4.1
Process Component: Select
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Theatre artists make strong choices to effectively convey meaning.
Essential Question: Why are strong choices essential to interpreting a drama or theatre piece?

Grade 6
TH:Pr4.1.6
a. Identify the essential events in a story or script that make up the dramatic structure in a drama/theatre work.
b. Experiment with various physical choices to communicate character in a drama/theatre work.

Grade 7
TH:Pr4.1.7
a. Consider various staging choices to enhance the story in a drama/theatre work.
b. Use various character objectives in a drama/theatre work.

Grade 8
TH:Pr4.1.8
a. Explore different pacing to better communicate the story in a drama/theatre work.
b. Use various character objectives and tactics in a drama/theatre work to overcome an obstacle.

Theatre/Performing
#TH:Pr5.1
Process Component: Prepare
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Theatre artists develop personal processes and skills for a performance or design.
Essential Question: What can I do to fully prepare a performance or technical design?

Grade 6
TH:Pr5.1.6
a. Recognize how acting exercises and techniques can be applied to a drama/theatre work.
b. Articulate how technical elements are integrated into a drama/ theatre work.

Grade 7
TH:Pr5.1.7
a. Participate in a variety of acting exercises and techniques that can be applied in a rehearsal or drama/theatre performance.
b. Choose a variety of technical elements that can be applied to a design in a drama/theatre work.

Grade 8

TH:Pr5.1.8
a. Use a variety of acting techniques to increase skills in a rehearsal or drama/theatre performance.
b. Use a variety of technical elements to create a design for a rehearsal or drama/theatre production.

Theatre/Performing
#TH:Pr6.1
Process Component: Share, Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Theatre artists share and present stories, ideas, and envisioned worlds to explore the human experience.
Essential Question: What happens when theatre artists and audiences share a creative experience?

Grade 6
TH:Pr6.1.6
Adapt a drama/theatre work and present it informally for an audience.

Grade 7
TH:Pr6.1.7
Participate in rehearsals for a drama/theatre work that will be shared with an audience.

Grade 8
TH:Pr6.1.8
Perform a rehearsed drama/theatre work for an audience.

Theatre/Responding
#TH:Re7.1
Process Component: Reflect
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Theatre artists reflect to understand the impact of drama processes and theatre experiences.
Essential Question: How do theatre artists comprehend the essence of drama processes and theatre experiences?

Grade 6
TH:Re7.1.6
Describe and record personal reactions to artistic choices in a drama/theatre work.

Grade 7
TH:Re7.1.7
Compare recorded personal and peer reactions to artistic choices in a drama/ theatre work.

Grade 8
TH:Re7.1.8
Apply criteria to the evaluation of artistic choices in a drama/theatre work.

Theatre/Responding
#TH:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Theatre artists' interpretations of drama/theatre work are influenced by personal experiences and aesthetics.
Essential Question: How can the same work of art communicate different messages to different people?

Grade 6
TH:Re8.1.6
a. Explain how artists make choices based on personal experience in a drama/theatre work.
b. Identify cultural perspectives that may influence the evaluation of a drama/theatre work.
c. Identify personal aesthetics, preferences, and beliefs through participation in or observation of drama/ theatre work.

Grade 7
TH:Re8.1.7
a. Identify the artistic choices made based on personal experience in a drama/theatre work.
b. Describe how cultural perspectives can influence the evaluation of drama/theatre work.
c. Interpret how the use of personal aesthetics, preferences, and beliefs can be used to discuss drama/theatre work.

Grade 8
TH:Re8.1.8
a. Recognize and share artistic choices when participating in or observing a drama/theatre work.
b. Analyze how cultural perspectives influence the evaluation of a drama/theatre work.
c. Apply personal aesthetics, preferences, and beliefs to evaluate a drama/theatre work.

Theatre/Responding
#TH:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Theatre artists apply criteria to investigate, explore, and assess drama and theatre work.
Essential Question: How are the theatre artist's processes and the audience's perspectives impacted by analysis and synthesis?

Grade 6
TH:Re9.1.6
a. Use supporting evidence and criteria to evaluate.
b. Apply the production elements used in a drama/theatre work to assess aesthetic choices.
c. Identify a specific audience or purpose for a drama/theatre work.

Grade 7
TH:Re9.1.7

a. Explain preferences, using supporting evidence and criteria to evaluate drama/theatre work.
b. Consider the aesthetics of the production elements in a drama/theatre work.
c. Identify how the intended purpose of a drama/theatre work appeals to a specific audience.

Grade 8
TH:Re9.1.8
a. Respond to a drama/ theatre work using supporting evidence, personal aesthetics, and artistic criteria.
b. Apply the production elements used in a drama/theatre work to assess aesthetic choices.
c. Assess the impact of a drama/theatre work on a specific audience.

Theatre/Connecting
#TH:Cn10.1
Process Component: Empathize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Theatre artists allow awareness of interrelationships between self and others to influence and inform their work.
Essential Question: What happens when theatre artists foster understanding between self and others through critical awareness, social responsibility, and the exploration of empathy?

Grade 6
TH:Cn10.1.6
Explain how the actions and motivations of characters in a drama/theatre work impact perspectives of a community or culture.

Grade 7
TH:Cn10.1.7
Incorporate multiple perspectives and diverse community ideas in a drama/theatre work.

Grade 8
TH:Cn10.1.8
Examine a community issue through multiple perspectives in a drama/theatre work.

Theatre/Connecting
#TH:Cn11.1
Process Component: Interrelate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists understand and can communicate their creative process as they analyze the way the world may be understood.
Essential Question: What happens when theatre artists allow an understanding of themselves and the world to inform perceptions about theatre and the purpose of their work?

Grade 6
TH:Cn11.1.6

Identify universal themes or common social issues and express them through a drama/theatre work.

Grade 7
TH:Cn11.1.7
Incorporate music, dance, art, and/or media to strengthen the meaning and conflict in a drama/theatre work with a particular cultural, global, or historic context.

Grade 8
TH:Cn11.1.8
Use different forms of drama/theatre work to examine contemporary social, cultural, or global issues.

Theatre/Connecting
#TH:Cn11.2
Process Component: Research
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists critically inquire into the ways others have thought about and created drama processes and productions to inform their own work.
Essential Question: In what ways can research into theatre histories, theories, literature, and performances alter the way a drama process or production is understood?

Grade 6
TH:Cn11.2.6
a. Research and analyze two different versions of the same drama/theatre story to determine differences and similarities in the visual and aural world of each story.
b. Investigate the time period and place of a drama/theatre work to better understand performance and design choices.

Grade 7
TH:Cn11.2.7
a. Research and discuss how a playwright might have intended a drama/theatre work to be produced.
b. Examine artifacts from a time period and geographic location to better understand performance and design choices in a drama/theatre work.

Grade 8
TH:Cn11.2.8
a. Research the story elements of a staged drama/theatre work and compare them to another production of the same work.
b. Identify and use artifacts from a time period and place to develop performance and design choices in a drama/theatre work.

High School Theatre

Theatre/Creating
#TH:Cr1.1
Process Component: Envision, Conceptualize
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Theatre artists rely on intuition, curiosity, and critical inquiry.
Essential Question: What happens when theatre artists use their imaginations and/or learned theatre skills while engaging in creative exploration and inquiry?

HS Proficient
TH:Cr1.1.HSI
a. Apply basic research to construct ideas about the visual composition of a drama/theatre work.
b. Explore the impact of technology on design choices in a drama/theatre work.
c. Use script analysis to generate ideas about a character that is believable and authentic in a drama/theatre work.

HS Accomplished
TH:Cr1.1.HSII
a. Investigate historical and cultural conventions and their impact on the visual composition of a drama/theatre work.
b. Understand and apply technology to design solutions for a drama/theatre work.
c. Use personal experiences and knowledge to develop a character that is believable and authentic in a drama/theatre work.

HS Advanced
TH:Cr1.1.HSIII
a. Synthesize knowledge from a variety of dramatic forms, theatrical conventions, and technologies to create the visual composition of a drama/ theatre work.
b. Create a complete design for a drama/theatre work that incorporates all elements of technology.
c. Integrate cultural and historical contexts with personal experiences to create a character that is believable and authentic, in a drama/theatre work.

Theatre/Creating
#TH:Cr2.1
Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Theatre artists work to discover different ways of communicating meaning.
Essential Question: How, when, and why do theatre artists' choices change?

HS Proficient
TH:Cr2.1.HSI
a. Explore the function of history and culture in the development of a dramatic concept through a critical analysis of original ideas in a drama/theatre work.

b. Investigate the collaborative nature of the actor, director, playwright, and designers and explore their interdependent roles in a drama/theatre work.

HS Accomplished
TH:Cr2.1.HSII
a. Refine a dramatic concept to demonstrate a critical understanding of historical and cultural influences of original ideas applied to a drama/theatre work.
b. Cooperate as a creative team to make interpretive choices for a drama/theatre work.

HS Advanced
TH:Cr2.1.HSIII
a. Develop and synthesize original ideas in a drama/theatre work utilizing critical analysis, historical and cultural context, research, and western or non-western theatre traditions.
b. Collaborate as a creative team to discover artistic solutions and make interpretive choices in a devised or scripted drama/theatre work.

Theatre/Creating
#TH:Cr3.1
Process Component: Rehearse
Anchor Standard: Refine new work through play, drama processes and theatre experiences using critical analysis and experimentation.
Enduring Understanding: Theatre artists refine their work and practice their craft through rehearsal.
Essential Question: How do theatre artists transform and edit their initial ideas?

HS Proficient
TH:Cr3.1.HSI
a. Practice and revise a devised or scripted drama/theatre work using theatrical staging conventions.
b. Explore physical, vocal and physiological choices to develop a performance that is believable, authentic, and relevant to a drama/theatre work.
c. Refine technical design choices to support the story and emotional impact of a devised or scripted drama/ theatre work.

HS Accomplished
TH:Cr3.1.HSII
a. Use the rehearsal process to analyze the dramatic concept and technical design elements of a devised or scripted drama/theatre work.
b. Use research and script analysis to revise physical, vocal, and physiological choices impacting the believability and relevance of a drama/ theatre work.
c. Re-imagine and revise technical design choices during the course of a rehearsal process to enhance the story and emotional impact of a devised or scripted drama/theatre work.

HS Advanced
TH:Cr3.1.HSIII
a. Refine, transform, and re-imagine a devised or scripted drama/theatre work using the rehearsal process to invent or re-imagine style, genre, form, and conventions.
b. Synthesize ideas from research, script analysis, and context to create a performance that is

believable, authentic, and relevant in a drama/theatre work.
c. Apply a high level of technical proficiencies to the rehearsal process to support the story and emotional impact of a devised or scripted drama/theatre work.

Theatre/Performing
#TH:Pr4.1
Process Component: Select
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Theatre artists make strong choices to effectively convey meaning.
Essential Question: Why are strong choices essential to interpreting a drama or theatre piece?

HS Proficient
TH:Pr4.1.HSI
a. Examine how character relationships assist in telling the story of a drama/theatre work.
b. Shape character choices using given circumstances in a drama/theatre work.

HS Accomplished
TH:Pr4.1.HSII
a. Discover how unique choices shape believable and sustainable drama/ theatre work.
b. Identify essential text information, research from various sources, and the director's concept that influence character choices in a drama/theatre work.

HS Advanced
TH:Pr4.1.HSIII
a. Apply reliable research of directors' styles to form unique choices for a directorial concept in a drama/theatre work.
b. Apply a variety of researched acting techniques as an approach to character choices in a drama/theatre work.

Theatre/Performing
#TH:Pr5.1
Process Component: Prepare
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Theatre artists develop personal processes and skills for a performance or design.
Essential Question: What can I do to fully prepare a performance or technical design?

HS Proficient
TH:Pr5.1.HSI
a. Practice various acting techniques to expand skills in a rehearsal or drama/theatre performance.
b. Use researched technical elements to increase the impact of design for a drama/theatre production.

HS Accomplished
TH:Pr5.1.HSII

a. Refine a range of acting skills to build a believable and sustainable drama/theatre performance.
b. Apply technical elements and research to create a design that communicates the concept of a drama/theatre production.

HS Advanced
TH:Pr5.1.HSIII
a. Use and justify a collection of acting exercises from reliable resources to prepare a believable and sustainable performance.
b. Explain and justify the selection of technical elements used to build a design that communicates the concept of a drama/theatre production.

Theatre/Performing
#TH:Pr6.1
Process Component: Share, Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Theatre artists share and present stories, ideas, and envisioned worlds to explore the human experience.
Essential Question: What happens when theatre artists and audiences share a creative experience?

HS Proficient
TH:Pr6.1.HSI
Perform a scripted drama/theatre work for a specific audience.

HS Accomplished
TH:Pr6.1.HSII
Present a drama/theatre work using creative processes that shape the production for a specific audience.

HS Advanced
TH:Pr6.1.HSIII
Present a drama/theatre production for a specific audience that employs research and analysis grounded in the creative perspectives of the playwright, director, designer, and dramaturgy.

Theatre/Responding
#TH:Re7.1
Process Component: Reflect
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Theatre artists reflect to understand the impact of drama processes and theatre experiences.
Essential Question: How do theatre artists comprehend the essence of drama processes and theatre experiences?

HS Proficient
TH:Re7.1.HSI

Respond to what is seen, felt, and heard in a drama/theatre work to develop criteria for artistic choices.

HS Accomplished
TH:Re7.1.HSII
Demonstrate an understanding of multiple interpretations of artistic criteria and how each might be used to influence future artistic choices of a drama/theatre work.

HS Advanced
TH:Re7.1.HSIII
Use historical and cultural context to structure and justify personal responses to a drama/theatre work.

Theatre/Responding
#TH:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Theatre artists' interpretations of drama/theatre work are influenced by personal experiences and aesthetics.
Essential Question: How can the same work of art communicate different messages to different people?

HS Proficient
TH:Re8.1.HSI
a. Analyze and compare artistic choices developed from personal experiences in multiple drama/theatre works.
b. Identify and compare cultural perspectives and contexts that may influence the evaluation of a drama/theatre work.
c. Justify personal aesthetics, preferences, and beliefs through participation in and observation of a drama/theatre work.

HS Accomplished
TH:Re8.1.HSII
a. Develop detailed supporting evidence and criteria to reinforce artistic choices, when participating in or observing a drama/theatre work.
b. Apply concepts from a drama/theatre work for personal realization about cultural perspectives and understanding.
c. Debate and distinguish multiple aesthetics, preferences, and beliefs through participation in and observation of drama/theatre work.

HS Advanced
TH:Re8.1.HSIII
a. Use detailed supporting evidence and appropriate criteria to revise personal work and interpret the work of others when participating in or observing a drama/ theatre work.
b. Use new understandings of cultures and contexts to shape personal responses to drama/theatre work.
c. Support and explain aesthetics, preferences, and beliefs to create a context for critical research that informs artistic decisions in a drama/theatre work.

Theatre/Responding
#TH:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Theatre artists apply criteria to investigate, explore, and assess drama and theatre work.
Essential Question: How are the theatre artist's processes and the audience's perspectives impacted by analysis and synthesis?

HS Proficient
TH:Re9.1.HSI
a. Examine a drama/ theatre work using supporting evidence and criteria, while considering art forms, history, culture, and other disciplines.
b. Consider the aesthetics of the production elements in a drama/theatre work.
c. Formulate a deeper understanding and appreciation of a drama/ theatre work by considering its specific purpose or intended audience.

HS Accomplished
TH:Re9.1.HSII
a. Analyze and assess a drama/theatre work by connecting it to art forms, history, culture, and other disciplines using supporting evidence and criteria.
b. Construct meaning in a drama/theatre work, considering personal aesthetics and knowledge of production elements while respecting others' interpretations.
c. Verify how a drama/theatre work communicates for a specific purpose and audience.

HS Advanced
TH:Re9.1.HSIII
a. Research and synthesize cultural and historical information related to a drama/theatre work to support or evaluate artistic choices.
b. Analyze and evaluate varied aesthetic interpretations of production elements for the same drama/theatre work.
c. Compare and debate the connection between a drama/theatre work and contemporary issues that may impact audiences.

Theatre/Connecting
#TH:Cn10.1
Process Component: Empathize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Theatre artists allow awareness of interrelationships between self and others to influence and inform their work.
Essential Question: What happens when theatre artists foster understanding between self and others through critical awareness, social responsibility, and the exploration of empathy?

HS Proficient
TH:Cn10.1.HSI

Investigate how cultural perspectives, community ideas and personal beliefs impact a drama/theatre work.

HS Accomplished
TH:Cn10.1.HSII
Choose and interpret a drama/theatre work to reflect or question personal beliefs.

HS Advanced
TH:Cn10.1.HSIII
Collaborate on a drama/theatre work that examines a critical global issue using multiple personal, community, and cultural perspectives.

Theatre/Connecting
#TH:Cn11.1
Process Component: Interrelate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists understand and can communicate their creative process as they analyze the way the world may be understood.
Essential Question: What happens when theatre artists allow an understanding of themselves and the world to inform perceptions about theatre and the purpose of their work?

HS Proficient
TH:Cn11.1.HSI
Explore how cultural, global, and historic belief systems affect creative choices in a drama/theatre work.

HS Accomplished
TH:Cn11.1.HSII
Integrate conventions and knowledge from different art forms and other disciplines to develop a cross-cultural drama/theatre work.

HS Advanced
TH:Cn11.1.HSIII
Develop a drama/theatre work that identifies and questions cultural, global, and historic belief systems.

Theatre/Connecting
#TH:Cn11.2
Process Component: Research
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Theatre artists critically inquire into the ways others have thought about and created drama processes and productions to inform their own work.
Essential Question: In what ways can research into theatre histories, theories, literature, and performances alter the way a drama process or production is understood?

HS Proficient
TH:Cn11.2.HSI
a. Research how other theatre artists apply creative processes to tell stories in a devised or scripted drama/theatre work, using theatre research methods.
b. Use basic theatre research methods to better understand the social and cultural background of a drama/theatre work.

HS Accomplished
TH:Cn11.2.HSII
a. Formulate creative choices for a devised or scripted drama/theatre work based on theatre research about the selected topic.
b. Explore how personal beliefs and biases can affect the interpretation of research data applied in drama/theatre work.

HS Advanced
TH:Cn11.2.HSIII
a. Justify the creative choices made in a devised or scripted drama/theatre work, based on a critical interpretation of specific data from theatre research.
b. Present and support an opinion about the social, cultural, and historical understandings of a drama/theatre work, based on critical research.

GLOSSARY: THEATRE

Acting techniques
Specific skills, pedagogies, theories, or methods of investigation used by an actor to prepare for a theatre performance

Believability
Theatrical choices thought to be "true" based upon an understanding of any given fictional moment, interpretation of text, and/or human interaction

Character traits
Observable embodied actions that illustrate a character's personality, values, beliefs, and history

Conflict
The problem, confrontation, or struggle in a scene or play; conflict may include a character against him or herself, a character in opposition to another character, a character against nature, a character against society, or a character against the supernatural

Creative drama
A process-centered, non-exhibitional approach to drama intended to benefit the performers themselves; story drama and process drama are two types of creative drama

Creative processes
The application of production and technical elements (see the definitions) to a theatrical production

Devised drama
Creation of an original performance piece by an ensemble

Dialogue
A conversation between two or more characters

Dramatic play
Make-believe where children naturally assign and accept roles, then act them out

Focus
Commitment by a participant (an actor, technician, director) to remain in the scope of the project or to stay within the world of the play

Genre
Relating to a specific kind or type of drama and theatre such as a tragedy, drama, melodrama, comedy, or farce

Gesture
An expressive and planned movement of the body or limbs
Given circumstances
The underlying actions and events that have happened before the play, story, or devised piece begins
Guided drama experience

A leader guides participants during a process drama, story drama, or creative drama experience (see the definitions) through side-coaching, narration, and prompting; the action of the drama does not stop in order for the leader to support the students; facilitator may guide participants in or out of role

Improvise
The spontaneous, intuitive, and immediate response of movement and speech; a distinction can be made between spontaneous improvisation, which is immediate and unrehearsed, and prepared improvisation, which is shaped and rehearsed

Imaginary elsewhere
An imagined location which can be historical, fictional, or realistic

Imagined worlds
An imaginary world created collectively by participants in a drama experience

Inner thoughts
The underlying and implied meaning or intentions in the character's dialogue or actions (also known as subtext)

Motivation
Reasons why a character behaves or reacts in a particular way in a scene or play

Non-representational materials
Objects which can be transformed into specific props through the imagination

Objective
A goal or particular need or want that a character has within a scene or play

Plot
A narrative as revealed through the action and/or dialogue; traditionally, a plot has the elements of exposition, inciting incident, conflict, rising action, climax, and resolution or falling action

Process drama
A non-linear, episodic, process-centered, improvised form of drama in which teacher and students are in-role exploring and reflecting on an issue, story, theme, problem, or idea in a non-exhibitional format that is intended to benefit the performers themselves

Production elements
Technical elements selected for use in a specific production, including sets, sound, costumes, lights, music, props, and make-up, as well as elements specific to the production such as puppets, masks, special effects, or other story telling devices/concepts

Scripted drama
A piece of writing for the theatre that includes a description of the setting, a list of the characters, the dialogue, and the action of the characters

Script analysis

The study of a script to understand the underlying structure and themes of the play's story, and the motives and objectives of its characters

Staging
Patterns of movement in a scene or play including, for example, stage crosses, entrances, and exits which help to convey meaning

Story drama
Episodic, process-centered, improvised form of drama that uses existing literature as a starting point for drama exploration, the drama explores moments (before, after, or within) that may not exist in the story and is presented in a non-exhibitional format that is intended to benefit the performers themselves

Story elements
Characters, setting, dialogue, and plot that create a story

Style
The use of a specific set of characteristic or distinctive techniques such as realism, expressionism, epic theatre, documentary theatre, or classical drama; style may also refer to the unique artistic choices of a particular playwright, director, or actor

Tactic
The means by which a character seeks to achieve their objective, the selection of tactics are based on the obstacle presented; in acting and directing a tactic refers to a specific action verb

Technical elements
The elements of spectacle such as sets, sound, costume, lights, music, props, and makeup used to create a unified and meaningful design for a theatrical production

Theatrical conventions
Practices and/or devices that the audience and actors accept in the world of the play even when it is not realistic, such as a narrator, flashback, or an aside

Theme
The aspect of the human condition under investigation in the drama; it can be drawn from unifying topics or questions across content areas

Visual composition
The arrangement of actors and scenery on a stage for a theatrical production, sometimes known as mise-en scène

THIS PAGE INTENTIONALLY LEFT BLANK

~~IDAHO CONTENT STANDARDS~~
~~GRADE 9-12~~
~~HUMANITIES: INTERDISCIPLINARY~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Interdisciplinary Humanities students explain and discuss the historical and cultural contexts of the disciplines they are studying. Students illustrate the relationships between those contexts by creating original works. Students analyze society through the arts and humanities disciplines.~~

~~Goal 1.1: Understand the historical and cultural contexts of the arts and humanities disciplines.~~

~~Objective(s): By the end of high school, the student will be able to:~~

- ~~9-12.I.1.1.1 Identify, in context, events and people influential in the development of historical events and/or movements and living cultures.~~
- ~~9-12.I.1.1.2 Demonstrate the ways in which the arts and humanities reflect events.~~
- ~~9-12.I.1.1.3 Illustrate how an artifact symbolizes and reflects a particular culture and/or time period.~~

~~Goal 1.2: Understand the interrelationships within the arts and humanities disciplines.~~

~~Objective(s): By the end of high school, the student will be able to:~~

- ~~9-12.I.1.2.1 Acquire a working vocabulary of two or more arts and humanities disciplines.~~
- ~~9-12.I.1.2.2 Compare and contrast the products and processes of two arts and humanities disciplines.~~
- ~~9-12.I.1.2.3 Illustrate the relationship between two or more arts and humanities disciplines and the extent to which they enhance or influence each other.~~
- ~~9-12.I.1.2.4 Create an original work that shows the relationship between two or more arts and humanities disciplines.~~

~~Goal 1.3: Understand the interrelationships between cultures. Objective(s): By~~

~~the end of high school, the student will be able to:~~

- ~~9-12.I.1.3.1 Identify the ways the structure of an art or discipline mirrors the structure and values of society.~~
- ~~9-12.I.1.3.2 Identify the ways that the humanities disciplines portray human relationships.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts and humanities. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Interdisciplinary Humanities students research and analyze important cultural, artistic, and societal issues as they relate to two or more arts and humanities disciplines (e.g., visual art, music, theatre, dance, world language, history, literature). Students discuss abstract ideas and artworks and make judgments about them. Students formulate and present personal conclusions about the importance of the humanities disciplines within a culture.~~

~~Goal 2.1: Conduct analyses in the arts and humanities disciplines. Objective(s): By~~

~~the end of high school, the student will be able to:~~

~~9-12.I.2.1.1 Relate arts and humanities disciplines to ethical and/or human issues.~~
~~9-12.I.2.1.2 Compare and contrast works or ideas from at least two cultures, historical periods, or geographical areas.~~
~~9-12.I.2.1.3 Research and present findings about the role of artworks in a society.~~

~~Goal 2.2: Engage in discussions about arts and humanities issues. Objective(s): By~~

~~the end of high school, the student will be able to:~~

~~9-12.I.2.2.1 Analyze an artifact or idea and debate its meaning in the context of its societal values.~~
~~9-12.I.2.2.2 Describe the influence of religion on government, culture, artistic creation, technological development, and/or social conduct.~~
~~9-12.I.2.2.3 Discuss ways in which the arts and humanities both break through and create class barriers.~~
~~9-12.I.2.2.4 Discuss the significance of artworks in a society.~~

~~Goal 2.3: Demonstrate informed judgment about philosophical, aesthetic, or ethical arts and humanities issues.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.I.2.3.1 Establish a set of aesthetic criteria and apply it in evaluating one's own work and works of others.~~
~~9-12.I.2.3.2 Create an original work that offers a response to a human problem.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation. Humanities students demonstrate knowledge of themes and meanings in more than one humanities discipline. Students select, analyze, and replicate or imitate significant works in the arts and humanities disciplines. Students create original work that demonstrates knowledge of a(n) historical period, culture, or universal theme.~~

~~Goal 3.1: Understand concepts essential to interdisciplinary study. Objective(s): By~~

~~the end of high school, the student will be able to:~~

~~9-12.I.3.1.1 Discuss the role of diverse cultures within the arts and humanities. 9-~~
~~12.I.3.1.2 Identify universal themes in the arts and humanities disciplines.~~
~~9-12.I.3.1.3 Select and exhibit works that communicate a common meaning.~~

~~Goal 3.2: Communicate in the humanities disciplines through application of knowledge and skills.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.I.3.2.1 Illustrate or document the potential of the arts and humanities to enhance and expand one's worldview.~~
~~9-12.I.3.2.2 Interpret how a literary/artistic work relates to the history and/or culture from which it originated.~~
~~9-12.I.3.2.3 Replicate or imitate a literary/artistic masterpiece, composition, genre, or style through its distinguishing characteristics.~~

~~Goal 3.3: Communicate in the humanities disciplines through creative expression.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.I.3.3.1 Express, through means other than expository writing, an understanding and appreciation of the arts and humanities.~~
~~9-12.I.3.3.2 Illustrate a connection between two humanities disciplines, showing how they compliment one another.~~
~~9-12.I.3.3.3 Create an artistic work that expresses the uniqueness of a historical period or cultural influence.~~
~~9-12.I.3.3.4 Create a literary work that targets a universal theme.~~

IDAHO
STATE DEPARTMENT OF EDUCATION

ARTS AND HUMANITIES
INTERDISCIPLINARY HUMANITIES

Approved by the Idaho State Board of Education, August 11, 2016

Interdisciplinary Humanities

Interdisciplinary Humanities Course

Definition:

The Interdisciplinary Humanities course is a pathway for learners to discover and understand the human experience through a balanced and integrated combination of the arts and/or humanities with inclusion of **two or more** of the following content areas: architecture, philosophy, literature, world religions, visual and media arts, music, dance, theater, history and world languages.

Purpose:

In order to prepare students both to appreciate and apply the role of the arts and humanities in critical thinking and creative problem solving, an interdisciplinary humanities course will explore the human experience through the analysis and interpretation of themes, issues, and/or movements. The Interdisciplinary Humanities course will encourage students to become lifelong explorers who discover their connectedness to the records of lived experiences outside of their own individual social and cultural context. Through the creation/interpretation/communication of an original work and through the performance/presentation/production of that work, students are able to gain new perspectives.

Design:

The Interdisciplinary Humanities course should provide a well-rounded, thematic hands-on experience. The course is intended to integrate content from **two or more** arts and humanities disciplines. This course must be built upon the following five anchor standards: connect and compare, respond, create, present, and reflect. The standards for the Interdisciplinary Humanities course do not provide discipline content; the content should be derived from the selected disciplines.

Pedagogy:

In the Interdisciplinary Humanities classroom, the teacher(s) will have extensive expertise in two or more disciplines and will enable students to identify and apply authentic connections. Instruction will integrate essential concepts that transcend individual disciplines. The integration must be balanced in content, practices, and assessments. Structured around themes, issues, and/or movements, instruction will maintain a balance of academic study, performance, and project-based learning. The instructor will foster a collaborative environment that encourages academic risk-taking and inquiry.

Anchor Standard 1: Connect and compare ideas, diverse cultures, and events through two or more disciplines.
Enduring Understanding: Sources of inspiration are transformed into works that express the human experience.

Essential Question(s):
- ✓ What inspires people or cultures to create?
- ✓ What connections and comparisons between ideas, cultures, and events can be made?
- ✓ What is the relationship of a work to its time/culture?

Goals and Objectives:
- Goal CC1: Understand the interdisciplinary relationships of ideas, cultures, and events.
  - Objective CC1.1: Develop a working vocabulary for the disciplines of study.
  - Objective CC1.2: Identify and articulate how a work expresses the human experience.

- Goal CC2: Identify the relationship between two or more works/disciplines and how the historical contexts of ideas, cultures, and events are represented.
  - Objective CC2.1: Identify, in context, events and people influential in the development of historical events, movements, themes, and cultures.
  - Objective CC2.2: Explain how an artifact or work symbolizes and reflects a particular culture, event, theme, movement, or time period.

- Goal CC3: Understand how the human experience is represented through the arts and humanities.
  - Objective CC3.1: Identify the ways in which the structure of an art or discipline mirrors or portrays the values of society.
  - Objective CC3.2: Evaluate original works and how they represent a historical event, theme, movement, and/or culture.

Anchor Standard 2: Respond to universal themes, issues, and/or movements that express the human experience.
Enduring Understanding: Human experience repeats itself.

Essential Questions(s):
- ✓ How do themes, issues, and/or movements shape the human experience?
- ✓ How do we learn from the human experience?

Goals and Objectives:
- Goal RES1: Conduct analyses in the arts and humanities disciplines.
  - Objective RES 1.1: Summarize how the human experience is expressed through the arts and humanities.
  - Objective RES 1.2: Interpret content knowledge from multiple perspectives and/or sources.
  - Objective RES 1.3: Discover how key themes, issues, and/or movements are conveyed through the arts and humanities.

Anchor Standard 3: Create original works or unique interpretations that demonstrate knowledge of themes,

issues, and/or movements that express the human experience.
Enduring Understanding: Through the creative process, people make meaning by investigating and developing awareness of perceptions, knowledge, and experiences.

Essential Question(s):
- ✓ How does creating enrich people's lives?
- ✓ How do people contribute to awareness and understanding of their lives and the lives of their communities through the creative process?
- ✓ What role does persistence play in the creative process?

Goals and Objectives:
- Goal CR1: Communicate in the arts and humanities disciplines through creative expression
  - Objective CR1.1: Express, through means other than expository writing, an understanding and appreciation of the arts and humanities.
  - Objective CR1.2: Engage in collaborative learning to foster the creative process.
  - Objective CR1.3: Create an original product that interprets and/or investigates themes, issues, and/or movements.
  - Objective CR1.4: Revise, refine and develop an original work.

Anchor Standard 4: Convey meaning through the presentation/performance/production of an original work or unique interpretation of a work.
Enduring Understanding: Connections between multiple disciplines are visible through the presentation/performance of original works.

Essential Question(s):
- ✓ How does sharing original work deepen interdisciplinary understanding of ourselves and the human experience?
- ✓ How do we select the best method of performance/presentation/production to convey meaning?

Goals and Objectives:
- Goal PR1: Perform/present/produce an original work or interpretation of a work for an audience.
  - Objective PR1.1: Combine knowledge and understanding from two or more disciplines to present/perform their original or interpreted works for an audience.
  - Objective PR 1.2: Convey meaning through their presentation/performance.

- Goal PR2: Justify choices made in creating or interpreting a work.
  - Objective PR2.1: Apply knowledge and understanding from two or more disciplines to justify choices in the creation/interpretation of works.
  - Objective PR 2.2: Engage in constructive critique with peers.

Anchor Standard 5: Reflect on the process of creating/interpreting/presenting a work.
Enduring Understanding: Reflection on the creative process deepens understanding of the content and the creator.

Essential Question(s):

- ✓ How is the quality of a performance/presentation/production determined?
- ✓ When does the creator know that a work is finished?
- ✓ How do the arts and humanities enhance and empower our lives?

Goals and Objectives:

- Goal REF1: Evaluate one's own work and the works of others as reflections of the themes, issues, and/or movements addressed in the course.
    - Objective REF 1.1: Utilize and apply a set of aesthetic criteria in evaluating the quality of one's own work and works of others.
    - Objective REF 1.2: Respond to critique and criteria to revise or justify one's own work.

- Goal REF2: Reflect upon the potential of the arts and humanities to enhance and expand one's worldview.

~~IDAHO CONTENT STANDARDS~~
~~GRADE K-3 HUMANITIES:~~
~~MUSIC~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades K-3 discuss the history, culture, and traditions found in selected musical examples. Students identify ideas and emotions expressed through music and examine how they relate to other disciplines within that culture.~~

~~Goal 1.1: Discuss the historical and cultural contexts of music. Objective(s): By~~

~~the end of Grade 3, the student will be able to:~~
~~K-3.Mu.1.1.1 Name the historical or cultural background of musical selections learned. K-~~
~~3.Mu.1.1.2 Identify the country or region of musical selections learned.~~
~~K-3.Mu.1.1.3 Recognize characteristics of suitable music for various occasions and traditions.~~

~~Goal 1.2: Discuss the interrelationships among visual and performing arts disciplines of music and culture.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~
~~K-3.Mu.1.2.1 Identify ideas and emotions that are expressed through music and other disciplines.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades K-3 differentiate among simple musical forms and identify instrument families and voices. Students discuss preferences for musical examples. Students explain the role of music in their lives.~~

~~Goal 2.1: Conduct analyses in music.~~

~~Objective(s): By the end of Grade 3, the student will be able to:~~
~~K-3.Mu.2.1.1 Examine music as a way to communicate emotions.~~
~~K-3.Mu.2.1.2 Use music vocabulary to discuss specific works of music. K-~~
~~3.Mu.2.1.3 Identify sounds of different instrument families and voices.~~
~~K-3.Mu.2.1.4 Differentiate between simple musical forms when they are heard.~~

~~Goal 2.2: Formulate and express opinions about musical performances.~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.Mu.2.2.1 Discuss the importance of music in one's own life.~~
~~K-3.Mu.2.2.2 Discuss preferences for musical examples using familiar musical terms.~~ ~~K-3.Mu.2.2.3 Draw conclusions about the meaning of the term "classical music."~~

~~**Standard 3: Performance**~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades K-3 read and perform simple music notation. Students perform alone and in groups on pitch and in rhythm responding to the conductor. Students create melodic or rhythmic responses using instructor guidelines. Students move to the beat of music.~~

~~**Goal 3.1: Utilize concepts essential to music.**~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.Mu.3.1.1 Sing independently with a clear tone and on pitch.~~ ~~K-3.Mu.3.1.2 Identify symbols and notation in music.~~
~~K-3.Mu.3.1.3 Read music notation in simple meters or groupings using a system of symbols, numbers, or letters.~~

~~**Goal 3.2: Communicate through music, applying artistic concepts, knowledge, and skills.**~~

~~**Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.Mu.3.2.1 Identify and perform simple songs from different cultures and genres.~~
~~K-3.Mu.3.2.2 Illustrate group singing and instrumental skills in response to conductor cues.~~
~~K-3.Mu.3.2.3 Echo rhythmic or melodic patterns accurately.~~
~~K-3.Mu.3.2.4 Demonstrate proper behavior for different types of music performances.~~

~~**Goal 3.3: Communicate through music with creative expression. Objective(s): By the end of Grade 3, the student will be able to:**~~

~~K-3.Mu.3.3.1 Improvise musical "answers" to given rhythmic and/or melodic phrases.~~ ~~K-3.Mu.3.3.2 Sing/play a simple melody following a director.~~
~~K-3.Mu.3.3.3 Move to the beat of music in a prescribed manner.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 4-5 HUMANITIES:~~
~~MUSIC~~

~~Students are expected to know content and apply skills from previous grades. Standard 1:~~

~~Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 4-5 identify and describe the use of musical elements from various cultures and time periods. Students explain how music relates to other subject areas, using terms common to the arts.~~

~~Goal 1.1: Discuss the historical and cultural contexts of music. Objective(s): By~~

~~the end of Grade 5, the student will be able to:~~

~~4-5.Mu.1.1.1 Describe how musical elements are used in music of our own culture as well as other cultures.~~
~~4-5.Mu.1.1.2 Identify characteristics of music from two different historical periods. 4-5.Mu.1.1.3 Identify specific compositions as belonging to a particular era in music history.~~
~~4-5.Mu.1.1.4 Recognize the uses of music in everyday life.~~

~~Goal 1.2: Discuss the interrelationships among visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

~~4-5.Mu.1.2.1 Compare a musical selection with another art form that uses a similar style. 4-5.Mu.1.2.2 Identify similarities and differences in the meanings of terms common to other arts disciplines~~
~~4-5.Mu.1.2.3 Describe ways that music is related to another subject area.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 4-5 identify specific elements of music and sounds of various instruments and voices. Students discuss the importance of music in today's society. Students express personal preferences for a specific work using appropriate arts vocabulary.~~

~~Goal 2.1: Conduct analyses in music.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

~~4-5.Mu.2.1.1 Describe music as a form of communication.~~

~~4-5.Mu.2.1.2 Use music vocabulary to discuss specific compositions of various styles and cultures.~~
~~4-5.Mu.2.1.3 Recognize and identify specific elements of music (melody, harmony, rhythm, form, timbre).~~

~~**Goal 2.2: Formulate and express opinions about musical performances. Objective(s):**~~

~~**By the end of Grade 5, the student will be able to:**~~
~~4-5.Mu.2.2.1 Discuss the importance of music in our society.~~
~~4-5.Mu.2.2.2 Express personal preference for a specific work using appropriate musical vocabulary.~~
~~4-5.Mu.2.2.3 Identify and discuss copyright issues in music.~~

~~**Standard 3: Performance**~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 4-5 use standard music symbols and terms to read, notate, and perform music. Students sing, alone and with others, accurately with appropriate dynamics, breath control, phrasing, and interpretation. Students also perform in groups blending vocal/instrumental sounds and follow a conductor. Students improvise simple melodic phrases.~~

~~**Goal 3.1: Utilize concepts essential to music.**~~

~~**Objective(s): By the end of Grade 5, the student will be able to:**~~
~~4-5.Mu.3.1.1 Sing/play independently or in a small ensemble with grade appropriate music, following the cues of a conductor.~~
~~4-5.Mu.3.1.2 Read, notate, and perform meter, rhythm, pitch, dynamics, and tempo using standard music symbols.~~
~~4-5.Mu.3.1.3 Use standard musical notation to sing/play grade appropriate material.~~

~~**Goal 3.2: Communicate through music, applying artistic concepts, knowledge, and skills.**~~

~~**Objective(s): By the end of Grade 5, the student will be able to:**~~
~~4-5.Mu.3.2.1 Sing in harmony using simple ostinatos, partner songs, descants, and canons.~~
~~4-5.Mu.3.2.2 Perform independently while other students sing or play contrasting parts.~~
~~4-5.Mu.3.2.3 Sing/play accurately with appropriate dynamics, breath control, phrasing, and interpretation.~~
~~4-5.Mu.3.2.4 Discuss and demonstrate the importance of proper concert behavior.~~
~~4-5.Mu.3.2.5 Demonstrate interpersonal skills through working collaboratively and productively with others.~~

~~Goal 3.3: Communicate through music with creative expression.~~

~~Objective(s): By the end of Grade 5, the student will be able to:~~

~~4-5.Mu.3.3.1 Create original rhythmic/melodic ostinatos to accompany group performances.~~

~~4-5.Mu.3.3.2 Sing/play an improvised simple melody in a call and response context.~~

~~4-5.Mu.3.3.3 Improvise movement that is stylistically appropriate to music (e.g., free style).~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 6-8~~
~~HUMANITIES: MUSIC~~

~~Students are expected to know content and apply skills from previous grades.~~ Standard

1~~: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 6-8 classify the historical periods of music studied. Students analyze the cultural contexts of music studied. Students compare and contrast musical styles and genres with another art form or subject area.~~

~~Goal 1.1: Discuss the historical and cultural contexts of music.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.Mu.1.1.1 Analyze the relationship of a country's traditions and its music.~~
~~6-8.Mu.1.1.2 Identify the historical period during which musical works being studied were composed.~~
~~6-8.Mu.1.1.3 Discuss the relationship of music to the historical period in which it was composed.~~
~~6-8.Mu.1.1.4 Identify prominent musicians in contemporary society.~~

~~Goal 1.2: Discuss the interrelationships among visual and performing arts disciplines.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.Mu.1.2.1 Compare a musical style with another art form sharing a similar style or movement.~~
~~6-8.Mu.1.2.2 Discuss similarities among various disciplines of the arts. 6-~~
~~8.Mu.1.2.3 Discuss the connections of music to other subject areas.~~

Standard 2~~: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 6-8 describe and analyze aural examples of music, using correct musical terminology. Students identify a musical theme. Students develop criteria for high musical quality. Students evaluate musical performances.~~

~~Goal 2.1: Conduct analyses in music.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.Mu.2.1.1 Identify a musical theme.~~

~~6-8.Mu.2.1.2 Describe and analyze aural examples of music using correct musical terms pertaining to form, meter, rhythm, basic keys.~~
~~6-8.Mu.2.1.3 Identify the sounds of voices and musical instruments as they are used in musical works.~~
~~6-8.Mu.2.1.4 Discuss the style of a musical selection.~~

~~Goal 2.2: Formulate and express opinions about musical performances. Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.Mu.2.2.1 Discuss the roles of professional and amateur musicians in society. 6-8.Mu.2.2.2 Express personal preference for music using appropriate musical terminology.~~
~~6-8.Mu.2.2.3 Debate copyright issues in music.~~
~~6-8.Mu.2.2.4 Develop criteria for high musical quality.~~
~~6-8.Mu.2.2.5 Evaluate constructively the quality of one's performance and the performances of others.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 6-8 read, notate, and perform music of various styles and genres. Students sing/play accurately and expressively, following the directions of a conductor and using appropriate dynamics and phrasing. Students perform or compose music using a variety of sound sources. Students formulate a method of consistent musical practice.~~

~~Goal 3.1: Utilize concepts essential to music.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.Mu.3.1.1 Sing/play independently or in a small ensemble with grade appropriate music, following the cues of a conductor.~~
~~6-8.Mu.3.1.2 Read and notate music symbols (time and key signatures, note values, standard notation symbols for pitch, duration, dynamics, articulation, expression).~~
~~6-8.Mu.3.1.3 Use standard musical notation to sing/play grade appropriate material. 6-8.Mu.3.1.4 Formulate a method of consistent musical practice.~~

~~Goal 3.2: Communicate through music, applying artistic concepts, knowledge, and skills.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~

~~6-8.Mu.3.2.1 Sing/play accurately and expressively in at least 3-part harmony using good breath control, diction, articulation, and posture both alone and in small groups, following the directions of a conductor.~~
~~6-8.Mu.3.2.2 Perform in an ensemble, using appropriate musical technique.~~
~~6-8.Mu.3.2.3 Sing/play expressively with appropriate dynamics and phrasing, considering the intent of the music's creator.~~

~~6-8.Mu.3.2.3. Discuss and demonstrate the importance of proper concert behavior and attire.~~
~~6-8/Mu.3.2.5. Demonstrate interpersonal skills through working collaboratively and productively with others.~~

~~Goal 3.3: Communicate through music with creative expression.~~

~~Objective(s): By the end of Grade 8, the student will be able to:~~
~~6-8.Mu.3.3.1 Create a melody when given specific guidelines.~~
~~6-8.Mu.3.3.2 Use a variety of traditional and nontraditional sound sources and electronic media when composing or performing music~~
~~6-8.Mu.3.3.3 Improvise simple rhythmic and/or melodic accompaniments.~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 9-12~~
~~HUMANITIES: MUSIC~~

~~Students are expected to know content and apply skills from previous grades.~~

~~Standard 1: Historical and Cultural Contexts~~

~~Students demonstrate an understanding of how people and cultures are connected across time. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students in grades 9-12 identify and compare music from a variety of cultures and historical periods. Students describe the historical, cultural, and stylistic similarities among the visual and performing arts disciplines.~~

~~Goal 1.1: Discuss the historical and cultural contexts of music.~~

~~Objective(s): By the end of high school, the student will be able to:~~

- ~~9-12.Mu.1.1.1 Identify representative musical works from a variety of cultures and historical periods.~~
- ~~9-12.Mu.1.1.2 Outline the purpose and function of a particular form of music through history.~~
- ~~9-12.Mu.1.1.3 Compare and contrast aesthetical aspects of music from different cultural perspectives.~~
- ~~9-12.Mu.1.1.4 Identify the roles of musicians in society.~~

~~Goal 1.2: Discuss the interrelationships among visual and performing arts disciplines.~~

~~Objective(s): By the end of high school, the student will be able to:~~

- ~~9-12.Mu.1.2.1 Discuss connections between the history of one art form or style and another related art form or style.~~
- ~~9-12.Mu.1.2.2 Describe similarities among different art forms across cultures.~~
- ~~9-12.Mu.1.2.3 Compare and contrast the origins of music with another core subject area (e.g., history, literature, math).~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of the arts. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Students in grades 9-12 analyze and discuss musical forms, artistic styles, and common themes appearing in music throughout history. Students discuss copyright issues in music. Students develop tools necessary to evaluate musical performances constructively. Students demonstrate proper concert behavior and attire.~~

~~Goal 2.1: Conduct analyses in music.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.Mu.2.1.1 Recognize commonalities in the use of musical elements appearing in music throughout history.~~
~~9-12.Mu.2.1.2 Describe and analyze aural examples of music using correct musical terms pertaining to form, meter, rhythm, basic keys, and simple harmonic progressions.~~
~~9-12.Mu.2.1.3 Compare two contrasting musical works.~~
~~9-12.Mu.2.1.4 Discuss the similarities and differences of artistic styles of music performed.~~

~~Goal 2.2: Formulate and express opinions about musical performances.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.Mu.2.2.1 Evaluate how music participation is critical to global culture.~~
~~9-12.Mu.2.2.2 Explain personal preferences for musical styles and pieces, using proper terminology.~~
~~9-12.Mu.2.2.3 Offer an alternative for copyright infringement both for the consumer and the artist.~~
~~9-12.Mu.2.2.4 Develop criteria for high musical quality and apply it to a live musical performance.~~
~~9-12.Mu.2.2.5 Evaluate constructively the quality of one's performance and the performances of others.~~

~~Standard 3: Performance~~

~~Students engage in the creation of original works and/or the interpretation of works of others, culminating in a performance or presentation.~~

~~Students in grades 9-12 perform an instrumental or vocal part accurately utilizing skills learned and practiced. Students sight-read simple melodies and rhythms applicable to their part. Students read and perform music that contains level-appropriate technical demands, expanded ranges, and varied interpretive requirements. Students improvise simple harmonies and rhythmic and melodic ostinatos on familiar melodies. Students formulate a method of consistent and efficient musical practice.~~

~~Goal 3.1: Utilize concepts essential to music.~~

~~Objective(s): By the end of high school, the student will be able to:~~

~~9-12.Mu.3.1.1 Perform an appropriate instrumental or vocal part demonstrating rhythm and pitch accuracy, articulation and expression, following the cues from a conductor.~~
~~9-12.Mu.3.1.2 Sight-read simple melodies and rhythms in clefs applicable to the performance medium.~~
~~9-12.Mu.3.1.3 Read music that contains level-appropriate technical demands, expanded ranges, and varied interpretive requirements.~~
~~9-12.Mu.3.1.4 Formulate a method of consistent and efficient musical practice.~~

~~**Goal 3.2: Communicate through music, applying artistic concepts, knowledge, and skills.**~~

~~**Objective(s): By the end of high school, the student will be able to:**~~

~~9-12.Mu.3.2.1 Perform in groups, blending vocal/instrumental sounds, matching dynamics, breath control, phrasing, and interpretation in response to the conductor.~~
~~9-12.Mu.3.2.2 Perform in a small ensemble or as a soloist using appropriate musical technique.~~
~~9-12.Mu.3.2.3 Interpret/perform a musical selection, respecting the intent of its creator.~~
~~9-12.Mu.3.2.4 Discuss and demonstrate the importance of proper concert behavior and attire.~~
~~9-12.Mu.3.2.5 Demonstrate interpersonal skills by working collaboratively and productively with others.~~

~~**Goal 3.3: Communicate through music with creative expression.**~~

~~**Objective(s): By the end of high school, the student will be able to:**~~

~~9-12.Mu.3.3.1 Create an original harmony to accompany a melody.~~
~~9-12.Mu.3.3.2 Perform level-appropriate musical works with expression and technical accuracy.~~
~~9-12.Mu.3.3.3 Improvise rhythmic and melodic variations on given melodies.~~

IDAHO
STATE DEPARTMENT OF EDUCATION

ARTS AND HUMANITIES

MUSIC

Approved by the Idaho State Board of Education, August 11, 2016

Music: General

General Music/Creating
#MU:Cr1.1
Process Component: GMS-Imagine - Generate musical ideas for various purposes and contexts.
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: The creative ideas, concepts, and feelings that influence musicians' work emerge from a variety of sources.
Essential Question: How do musicians generate creative ideas?

Grade K
MU:Cr1.1.K
a. With guidance, explore and experience music concepts, such as beat and melodic contour.
b. With guidance, generate musical ideas, such as movements or motives.

Grade 1
MU:Cr1.1.1
a. With limited guidance, create musical ideas, such as answering a musical question for a specific purpose.
b. With limited guidance, generate musical ideas in multiple tonalities, such as major and minor and meters, duple and triple.

Grade 2
MU:Cr1.1.2
a. Improvise rhythmic and melodic patterns and musical ideas for a specific purpose.
b. Generate musical patterns and ideas within the context of a given tonality, such as major and minor and meter, such as duple and triple.

Grade 3
MU:Cr1.1.3
a. Improvise rhythmic and melodic ideas, and describe connection to specific purpose and context, such as personal and social.
b. Generate musical ideas, such as rhythms and melodies within a given tonality and/or meter.

Grade 4
MU:Cr1.1.4
a. Improvise rhythmic, melodic, and harmonic ideas, and explain connection to specific purpose and context, such as social and cultural.
b. Generate musical ideas, such as rhythms, melodies, and simple accompaniment patterns within related tonalities, such as major, minor and meters.

Grade 5
MU:Cr1.1.5
a. Improvise rhythmic, melodic, and harmonic ideas, and explain connection to specific purpose and context, such as social, cultural, and historical.
b. Generate musical ideas, such as rhythms, melodies, and accompaniment patterns within specific related tonalities, meters, and simple chord changes.

Grade 6
MU:Cr1.1.6
enerate simple rhythmic, melodic, and harmonic phrases within AB and ABA forms that convey expressive intent.

Novice
MU:Cr1.1.7
Generate rhythmic, melodic, and harmonic phrases and variations over harmonic accompaniments within AB, ABA, or theme and variation forms that convey expressive intent.

Proficient
MU:Cr1.1.8
Generate rhythmic, melodic and harmonic phrases and harmonic accompaniments within expanded forms which would include introductions, transitions, and codas, that convey expressive intent.

General Music/Creating
#MU:Cr2.1
Process Component: GMS-Plan and Make - Select and develop musical ideas for defined purposes and contexts.
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Musicians' creative choices are influenced by their expertise, context, and expressive intent.
Essential Question: How do musicians make creative decisions?

Grade K
MU:Cr2.1.K
a. With guidance, demonstrate and choose favorite musical ideas.
b. With guidance, organize personal musical ideas using iconic notation and/or recording technology.

Grade 1
MU:Cr2.1.1
a. With limited guidance, demonstrate and discuss personal reasons for selecting musical ideas that represent expressive intent.
b. With limited guidance, use iconic or standard notation and/or recording technology to document and organize personal musical ideas.

Grade 2
MU:Cr2.1.2
a. Demonstrate and explain personal reasons for selecting patterns and ideas for music that represent expressive intent.
b. Use iconic or standard notation and/or recording technology to combine, sequence, and document personal musical ideas.

Grade 3
MU:Cr2.1.3
a. Demonstrate selected musical ideas for a simple improvisation or composition to express intent, and describe connection to a specific purpose and context.
b. Use standard and/or iconic notation and/or recording technology to document personal rhythmic and melodic musical ideas.

Grade 4
MU:Cr2.1.4
a. Demonstrate selected and organized musical ideas for an improvisation, arrangement, or composition to express intent, and explain connection to purpose and context.
b. Use standard and/or iconic notation and/or recording technology to document personal rhythmic, melodic, and simple harmonic musical ideas.

Grade 5
MU:Cr2.1.5
a. Demonstrate selected and developed musical ideas for improvisations, arrangements, or compositions to express intent, and explain connection to purpose and context.
b. Use standard and/or iconic notation and/or recording technology to document personal rhythmic, melodic, and two-chord harmonic musical ideas.

Grade 6
MU:Cr2.1.6
a. Select, organize, construct, and document personal musical ideas for arrangements and compositions within AB or ABA form that demonstrate an effective beginning, middle, and ending, and convey expressive intent.
b. Use standard and/or iconic notation and/or audio/ video recording to document personal simple rhythmic phrases, melodic phrases, and two-chord harmonic musical ideas.

Novice
MU:Cr2.1.7
a. Select, organize, develop, and document personal musical ideas for arrangements, songs, and compositions within AB, ABA, or theme and variation forms that demonstrate unity and variety and convey expressive intent.
b. Use standard and/or iconic notation and/or audio/ video recording to document personal simple rhythmic phrases, melodic phrases, and harmonic sequences.

Proficient
MU:Cr2.1.8
a. Select, organize, develop, and document musical ideas for arrangements, songs, and compositions within expanded forms that demonstrate tension and release, unity and variety, balance, and convey expressive intent.
b. Use standard and/or iconic notation and/or audio/ video recording to document personal rhythmic phrases, melodic phrases, and harmonic sequences.

General Music/Creating
#MU:Cr3.1
Process Component: GMS-Evaluate and Refine -Evaluate and refine selected musical ideas to create musical work that meets appropriate criteria.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians evaluate, and refine their work through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their creative work?

Grade K

MU:Cr3.1.K
With guidance, apply personal, peer, and teacher feedback in refining personal musical ideas.

Grade 1
MU:Cr3.1.1
With limited guidance, discuss and apply personal, peer, and teacher feedback to refine personal musical ideas.

Grade 2
MU:Cr3.1.2
Interpret and apply personal, peer, and teacher feedback to revise personal music.

Grade 3
MU:Cr3.1.3
Evaluate, refine, and document revisions to personal musical ideas, applying teacher-provide and collaboratively-developed criteria and feedback.

Grade 4
MU:Cr3.1.4
Evaluate, refine, and document revisions to personal music, applying teacher-provided and collaboratively developed criteria and feedback to show improvement over time.

Grade 5
MU:Cr3.1.5
Evaluate, refine, and document revisions to personal music, applying teacher-provided and collaboratively-developed criteria and feedback, and explain rationale for changes.

Grade 6
MU:Cr3.1.6
a. Evaluate their own work, applying teacher-provided criteria such as application of selected elements of music and use of sound sources.
b .Describe the rationale for making revisions to the music based on evaluation criteria and feedback from their teacher.

Novice
MU:Cr3.1.7
a. Evaluate one's own work, applying selected criteria such as appropriate application of elements of music, including style, form, and use of sound sources.
b. Describe the rationale for making revisions to the music based on evaluation criteria and feedback from others, which would include the teacher and peers.

Proficient
MU:Cr3.1.8
a. Evaluate one's own work by selecting and applying criteria including appropriate application of compositional techniques, style, form, and use of sound sources.
b. Describe the rationale for refining works by explaining the choices, based on evaluation criteria.

General Music/Creating
#MU:Cr3.2

Process Component: GMS-Present - Share creative musical work that conveys intent, demonstrates craftsmanship, and exhibits originality.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians' presentation of creative work is the culmination of a process of creation and communication.
Essential Question: When is creative work ready to share?

Grade K
MU:Cr3.2.K
With guidance, demonstrate a final version of personal musical ideas to peers.

Grade 1
MU:Cr3.2.1
With limited guidance, convey expressive intent for a specific purpose by presenting a final version of personal musical ideas to peers or informal audience.

Grade 2
MU:Cr3.2.2
Convey expressive intent for a specific purpose by presenting a final version of personal musical ideas to peers or informal audience.

Grade 3
MU:Cr3.2.3
Present the final version of personal created music to others, and describe connection to expressive intent.

Grade 4
MU:Cr3.2.4
Present the final version of personal created music to others, and explain connection to expressive intent.

Grade 5
MU:Cr3.2.5
Present the final version of personal created music to others that demonstrates craftsmanship, and explain connection to expressive intent.

Grade 6
MU:Cr3.2.6
Present the final version of their documented personal composition or arrangement, using craftsmanship and originality to demonstrate an effective beginning, middle, and ending, and convey expressive intent.

Novice
MU:Cr3.2.7
Present the final version of their personal documented personal composition, song, or arrangement, using craftsmanship and originality to demonstrate unity and variety, and convey expressive intent.

Proficient
MU:Cr3.2.8

Present the final version of their documented composition, song, or arrangement, using craftsmanship and originality to demonstrate the application of compositional techniques for creating unity and variety, tension and release, and balance to convey expressive intent.

General Music/Performing
#MU:Pr4.1
Process Component: GMS-Select - Select varied musical works to present based on interest, knowledge, technical skill, and context.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Performers' interest in and knowledge of musical works, understanding of their own technical skill, and the context for a performance influence the selection of repertoire.
Essential Question: How do performers select repertoire?

Grade K
MU:Pr4.1.K
With guidance, demonstrate and state personal interest in varied musical selections.

Grade 1
MU:Pr4.1.1
With limited guidance, demonstrate and discuss personal interest in, knowledge about, and purpose of varied musical selections.

Grade 2
MU:Pr4.1.2
Demonstrate and explain personal interest in, knowledge about, and purpose of varied musical selections.

Grade 3
MU:Pr4.1.3
Demonstrate and explain how the selection of music to perform is influenced by personal interest, knowledge, purpose, and context.

Grade 4
MU:Pr4.1.4
Demonstrate and explain how the selection of music to perform is influenced by personal interest, knowledge, context, and technical skill.

Grade 5
MU:Pr4.1.5
Demonstrate and explain how the selection of music to perform is influenced by personal interest, knowledge, and context, as well as their personal and others' technical skill.

Grade 6
MU:Pr4.1.6
Apply teacher-provided criteria for selecting music to perform for a specific purpose and/or context, and explain why each was chosen.

Novice
MU:Pr4.1.7

Apply collaboratively-developed criteria for selecting music of contrasting styles for a program with a specific purpose and/or context and, after discussion, identify expressive qualities, technical challenges, and reasons for choices.

Proficient
MU:Pr4.1.8
Apply personally-developed criteria for selecting music of contrasting styles for a program with a specific purpose and/or context, and explain expressive qualities, technical challenges, and reasons for choices.

General Music/Performing
#MU:Pr4.2
Process Component: GMS-Analyze - Analyze the structure and context of varied musical works and their implications for performance.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.
Essential Question: How does understanding the structure and context of musical works inform performance?

Grade K
MU:Pr4.2.K
With guidance, explore and demonstrate awareness of music contrasts, (e.g., high/low, loud/soft, same/different) in a variety of music selected for performance.

Grade 1
MU:Pr4.2.1
a. With limited guidance, demonstrate knowledge of music concepts, such as beat and melodic contour in music from a variety of cultures selected for performance.
b. Read and perform rhythmic patterns using iconic or standard notation when analyzing selected music.

Grade 2
MU:Pr4.2.2
a. Demonstrate knowledge of music concepts, such as tonality and meter in music from a variety of cultures selected for performance.
b. Read and perform rhythmic and melodic patterns using iconic or standard notation when analyzing selected music.

Grade 3
MU:Pr4.2.3
a. Demonstrate understanding of the structure in music selected for performance.
b. Read and perform rhythmic patterns and melodic phrases using iconic and standard notation when analyzing selected music.
c. Describe how context, such as personal and social, can inform a performance.

Grade 4
MU:Pr4.2.4
a. Demonstrate understanding of the structure and the elements of music, (e.g., rhythm, pitch, and form) in music selected for performance.

b. Read and perform using iconic and/or standard notation when analyzing selected music.
c. Explain how social and cultural context informs a performance.

Grade 5
MU:Pr4.2.5
a. Demonstrate understanding of the structure and the elements of music, (e.g., rhythm, pitch, form, and harmony) in music selected for performance.
b. Read and perform using standard notation when analyzing selected music.
c. Explain how context, such as social, cultural, and historical informs performances.

Grade 6
MU:Pr4.2.6
a. Explain how understanding the structure and the elements of music are used in music selected for performance.
b. Read and identify by name or function standard symbols for rhythm, pitch, articulation, and dynamics when analyzing selected music.
c. Identify how cultural and historical context inform performances.

Novice
MU:Pr4.2.7
a. Explain and demonstrate the structure of contrasting pieces of music selected for performance and how elements of music are used.
b. Read and identify by name or function standard symbols
for rhythm, pitch articulation, dynamics, tempo, and form when analyzing selected music.
c. Identify how cultural and historical context inform performances and result in different music interpretations.

Proficient
MU:Pr4.2.8
a. Compare the structure of contrasting pieces of music selected for performance, explaining how the elements of music are used in each.
b. Sight-read in treble or bass clef simple rhythmic, melodic, and/or harmonic notation when analyzing selected music.
c. Identity how cultural and historical context inform performances and result in different musical effects.

General Music/Performing
#MU:Pr4.3
Process Component: GMS-Interpret - Develop personal interpretations that consider creators' intent.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Performers make interpretive decisions based on their understanding of context and expressive intent.
Essential Question: How do performers interpret musical works?

Grade K
MU:Pr4.3.K
With guidance, demonstrate awareness of expressive qualities (e.g., voice quality, dynamics, and tempo) that support the creator's expressive intent.

Grade 1
MU:Pr4.3.1
Demonstrate and describe music's expressive qualities (e.g., dynamics and tempo).

Grade 2
MU:Pr4.3.2
Demonstrate understanding of expressive qualities (e.g., dynamics and tempo) and how creators use them to convey expressive intent.

Grade 3
MU:Pr4.3.3
Demonstrate and describe how intent is conveyed through expressive qualities (e.g., dynamics and tempo).

Grade 4
MU:Pr4.3.4
Demonstrate and explain how intent is conveyed through interpretive decisions and expressive qualities (e.g., dynamics, tempo, and timbre).

Grade 5
MU:Pr4.3.5
Demonstrate and explain how intent is conveyed through interpretive decisions and expressive qualities (e.g., dynamics, tempo, timbre, and articulation/style).

Grade 6
MU:Pr4.3.6
Perform a selected piece of music demonstrating how their interpretations of the elements of music and the expressive qualities (e.g., dynamics, tempo, timbre, articulation/style, and phrasing) convey intent.

Novice
MU:Pr4.3.7
Perform contrasting pieces of music demonstrating their interpretations of the elements of music and expressive qualities (e.g., dynamics, tempo, timbre, articulation/style, and phrasing) convey intent.

Proficient
MU:Pr4.3.8
Perform contrasting pieces of music, demonstrating as well as explaining how the music's intent is conveyed by their interpretations of the elements of music and expressive qualities (e.g., dynamics, tempo, timbre, articulation/style, and phrasing).

General Music/Performing
#MU:Pr5.1
Process Component: GMS-Rehearse, Evaluate and Refine - Evaluate and refine personal and ensemble performances, individually or in collaboration with others.
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their performance?

Grade K
MU:Pr5.1.K
a. With guidance, apply personal, teacher, and peer feedback to refine performances.
b. With guidance, use suggested strategies in rehearsal to improve the expressive qualities of music.

Grade 1
MU:Pr5.1.1
a. With limited guidance, apply personal, teacher, and peer feedback to refine performances.
b. With limited guidance, use suggested strategies in rehearsal to address interpretive challenges of music.

Grade 2
MU:Pr5.1.2
a. Apply established criteria to judge the accuracy, expressiveness, and effectiveness of performances.
b. Rehearse, identify, and apply strategies to address interpretive, performance, and technical challenges of music.

Grade 3
MU:Pr5.1.3
a. Apply teacher-provided and collaboratively-developed criteria and feedback to evaluate accuracy of ensemble performances.
b. Rehearse to refine technical accuracy, expressive qualities, and identified performance challenges.

Grade 4
MU:Pr5.1.4
a. Apply teacher-provided and collaboratively-developed criteria and feedback to evaluate accuracy and expressiveness of ensemble and personal performances.
b. Rehearse to refine technical accuracy and expressive qualities, and address performance challenges.

Grade 5
MU:Pr5.1.5
a. Apply teacher-provided and established criteria and feedback to evaluate the accuracy and expressiveness of ensemble and personal performances.
b. Rehearse to refine technical accuracy and expressive qualities to address challenges, and show improvement over time.

Grade 6
MU:Pr5.1.6
Identify and apply teacher-provided criteria (such as correct interpretation of notation, technical accuracy, originality, and interest) to rehearse, refine, and determine when a piece is ready to perform.

Novice
MU:Pr5.1.7
Identify and apply collaboratively-developed criteria, (e.g., demonstrating correct interpretation of notation, technical skill of performer, originality, emotional impact, and interest) to rehearse, refine, and determine when the music is ready to perform.

Proficient
MU:Pr5.1.8

Identify and apply personally-developed criteria, (e.g., demonstrating correct interpretation of notation, technical skill of performer, originality, emotional impact, variety, and interest) to rehearse, refine, and determine when the music is ready to perform.

General Music/Performing
#MU:Pr6.1
Process Component: GMS-Present - Perform expressively, with appropriate interpretation and technical accuracy, and in a manner appropriate to the audience and context.
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Musicians judge performance based on criteria that vary across time, place, and cultures. The context and how a work is presented influence the audience response.
Essential Question: When is a performance judged ready to present? How do context and the manner in which musical work is presented influence audience response?

Grade K
MU:Pr6.1.K
a. With guidance, perform music with expression.
b. Perform appropriately for the audience.

Grade 1
MU:Pr6.1.1
a. With limited guidance, perform music for a specific purpose with expression.
b. Perform appropriately for the audience and purpose.

Grade 2
MU:Pr6.1.2
a. Perform music for a specific purpose with expression and technical accuracy.
b. Perform appropriately for the audience and purpose.

Grade 3
MU:Pr6.1.3
a. Perform music with expression and technical accuracy.
b. Demonstrate performance decorum and audience etiquette appropriate for the context and venue.

Grade 4
MU:Pr6.1.4
a. Perform music, alone or with others, with expression and technical accuracy, and appropriate interpretation.
b. Demonstrate performance decorum and audience etiquette appropriate for the context, venue, and genre.

Grade 5
MU:Pr6.1.5
a. Perform music, alone or with others, with expression, technical accuracy, and appropriate interpretation.
b. Demonstrate performance decorum and audience etiquette appropriate for the context, venue, genre, and style.

Grade 6

MU:Pr6.1.6
a. Perform the music with technical accuracy to convey the creator's intent.
b. Demonstrate performance decorum, (e.g., stage presence, attire, behavior and audience etiquette), appropriate for venue and purpose.

Novice
MU:Pr6.1.7
a. Perform the music with technical accuracy and stylistic expression to convey the creator's intent.
b. Demonstrate performance decorum, (e.g., stage presence, attire, behavior and audience etiquette), appropriate for venue, purpose, and context.

Proficient
MU:Pr6.1.8
a. Perform the music with technical accuracy, stylistic expression, and culturally authentic practices in music to convey the creator's intent.
b. Demonstrate performance decorum, (e.g., stage presence, attire, behavior and audience etiquette) appropriate for venue, purpose, context, and style.

General Music/Responding
#MU:Re7.1
Process Component: GMS-Select - Choose music appropriate for a specific purpose or context.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individuals' selection of musical works is influenced by their interests, experiences, understandings, and purposes.
Essential Question: How do individuals choose music to experience?

Grade K
MU:Re7.1.K
With guidance, list personal interests and experiences, and demonstrate why they prefer some music selections over others.

Grade 1
MU:Re7.1.1
With limited guidance, identify and demonstrate how personal interests and experiences influence musical selection for specific purposes.

Grade 2
MU:Re7.1.2
Explain and demonstrate how personal interests and experiences influence musical selection for specific purposes.

Grade 3
MU:Re7.1.3
Demonstrate and describe how selected music connects to and is influenced by specific interests, experiences, or purposes.

Grade 4
MU:Re7.1.4

Demonstrate and explain how selected music connects to and is influenced by specific interests, experiences, purposes, or contexts.

Grade 5
MU:Re7.1.5
Demonstrate and explain, citing evidence, how selected music connects to and is influenced by specific interests, experiences, purposes, or contexts.

Grade 6
MU:Re7.1.6
Select or choose music to listen to and explain the connections to specific interests or experiences for a specific purpose.

Novice
MU:Re7.1.7
Select or choose contrasting music to listen to and compare the connections to specific interests or experiences for a specific purpose.

Proficient
MU:Re7.1.8
Select programs of music ,such as a CD mix or live performances, and demonstrate the connections to an interest or experience for a specific purpose.

General Music/Responding
#MU:Re7.2
Process Component: GMS-Analyze - Analyze how the structure and context of varied musical works inform the response.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Response to music is informed by analyzing context, (e.g., social, cultural, and historical) and how creators and performers manipulate the elements of music.
Essential Question: How does understanding the structure and context of music inform a response?

Grade K
MU:Re7.2.K
With guidance, demonstrate how a specific music concept, such as beat or melodic direction, is used in music.

Grade 1
MU:Re7.2.1
With limited guidance, demonstrate and identify how specific music concepts, such as beat or pitch, are used in various styles of music for a purpose.

Grade 2
MU:Re7.2.2
Describe how specific music concepts are used to support a specific purpose in music.

Grade 3
MU:Re7.2.3

Demonstrate and describe how a response to music can be informed by the structure, the use of the elements of music, and context, such as personal and social.

Grade 4
MU:Re7.2.4
Demonstrate and explain how responses to music are informed by the structure, the use of the elements of music, and context, such as social and cultural.

Grade 5
MU:Re7.2.5
Demonstrate and explain, citing evidence, how responses to music are informed by the structure, the use of the elements of music, and context, such as social, cultural, and historical.

Grade 6
MU:Re7.2.6
a. Describe how the elements of music and expressive qualities relate to the structure of the pieces
b. Identify the context of music from a variety of genres, cultures, and historical periods.

Novice
MU:Re7.2.7
a. Classify and explain how the elements of music and expressive qualities relate to the structure of contrasting pieces.
b. Identify and compare the context of music from a variety of genres, cultures, and historical periods.

Proficient
MU:Re7.2.8
a. Compare how the elements of music and expressive qualities relate to the structure within programs of music.
b. Identify and compare the context of programs of music from a variety of genres, cultures, and historical periods.

General Music/Responding
#MU:Re8.1
Process Component: GMS-Interpret - Support interpretations of musical works that reflect creators'/performers' expressive intent.
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Through their use of elements and structures of music, creators and performers provide clues to their expressive intent.
Essential Question: How do we discern the musical creators' and performers' expressive intent?

Grade K
MU:Re8.1.K
With guidance, demonstrate awareness of expressive qualities, such as dynamics and tempo that reflect creators' /performers' expressive intent.

Grade 1
MU:Re8.1.1
With limited guidance, demonstrate and identify expressive qualities, such as dynamics and tempo that reflect creators' /performers' expressive intent.

Grade 2
MU:Re8.1.2
Demonstrate knowledge of music concepts and how they support creators'/performers' expressive intent.

Grade 3
MU:Re8.1.3
Demonstrate and describe how the expressive qualities, such as dynamics and tempo, are used in performers' interpretations to reflect expressive intent.

Grade 4
MU:Re8.1.4
Demonstrate and explain how the expressive qualities, such as dynamics, tempo, and timbre, are used in performers' and personal interpretations to reflect expressive intent.

Grade 5
MU:Re8.1.5
Demonstrate and explain how the expressive qualities, such as dynamics, tempo, timbre, and articulation, are used in performers' and personal interpretations to reflect expressive intent.

Grade 6
MU:Re8.1.6
Describe a personal interpretation of how creators' and performers' application of the elements of music and expressive qualities, within genres and cultural and historical context, convey expressive intent.

Novice
MU:Re8.1.7
Describe a personal interpretation of contrasting works and explain how creators' and performers' application of the elements of music and expressive qualities, within genres, cultures, and historical periods, convey expressive intent.

Proficient
MU:Re8.1.8
Support personal interpretation of contrasting programs of music and explain how creators' or performers' apply the elements of music and expressive qualities, within genres, cultures, and historical periods to convey expressive intent.

General Music/Responding
#MU:Re9.1
Process Component: GMS-Evaluate - Support evaluations of musical works and performances based on analysis, interpretation, and established criteria.
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: The personal evaluation of musical work(s) and performance(s) is informed by analysis, interpretation, and established criteria.
Essential Question: How do we judge the quality of musical work(s) and performance(s)?

Grade K

MU:Re9.1.K
With guidance, apply personal and expressive preferences in the evaluation of music.

Grade 1
MU:Re9.1.1
With limited guidance, apply personal and expressive preferences in the evaluation of music for specific purposes.

Grade 2
MU:Re9.1.2
Apply personal and expressive preferences in the evaluation of music for specific purposes.

Grade 3
MU:Re9.1.3
Evaluate musical works and performances, applying established criteria, and describe appropriateness to the context.

Grade 4
MU:Re9.1.4
Evaluate musical works and performances, applying established criteria, and explain appropriateness to the context.

Grade 5
MU:Re9.1.5
Evaluate musical works and performances, applying established criteria, and explain appropriateness to the context, citing evidence from the elements of music.

Grade 6
MU:Re9.1.6
Apply teacher-provided criteria to evaluate musical works or performances.

Novice
MU:Re9.1.7
Select from teacher-provided criteria to evaluate musical works or performances.

Proficient
MU:Re9.1.8
Apply appropriate personally-developed criteria to evaluate musical works or performances.

General Music/Connecting
#MU:Cn10.0
Process Component: GMS-Connect #10- Synthesize and relate knowledge and personal experiences to make music.
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Musicians connect their personal interests, experiences, ideas, and knowledge to creating, performing, and responding.
Essential Question: How do musicians make meaningful connections to creating, performing, and responding?

Grade K

MU:Cn10.0.K
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade 1
MU:Cn10.0.1
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade 2
MU:Cn10.0.2
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade 3
MU:Cn10.0.3
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade 4
MU:Cn10.0.4
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade 5
MU:Cn10.0.5
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade 6
MU:Cn10.0.6
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Novice
MU:Cn10.0.7
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Proficient
MU:Cn10.0.8
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

General Music/Connecting
#MU:Cn11.0
Process Component: GMS-Connect #11- Relate musical ideas and works with varied context to deepen understanding.

Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Understanding connections to varied contexts and daily life enhances musicians' creating, performing, and responding.
Essential Question: How do the other arts, other disciplines, contexts, and daily life inform creating, performing, and responding to music?

Grade K
MU:Cn11.0.K
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Grade 1
MU:Cn11.0.1
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Grade 2
MU:Cn11.0.2
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Grade 3
MU:Cn11.0.3
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Grade 4
MU:Cn11.0.4
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Grade 5
MU:Cn11.0.5
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Grade 6
MU:Cn11.0.6
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Novice
MU:Cn11.0.7
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Proficient
MU:Cn11.0.8

Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

General Music Theory Composition/Responding
#MU:Re7.2.C
Process Component: GMS-Analyze - Analyze how the structure and context of varied musical works inform the response.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Response to music is informed by analyzing context (social, cultural, and historical) and how creators and performers manipulate the elements of music.
Essential Question: How does understanding the structure and context of music inform a response?

Grade K
MU:Re7.2.C.K
With guidance, demonstrate how a specific music concept, such as beat or melodic direction, is used in music.

Grade 1
MU:Re7.2.C.1
With limited guidance, demonstrate and identify how specific music concepts, such as beat or pitch, are used in various styles of music for a purpose.

Grade 2
MU:Re7.2.C.2
Describe how specific music concepts are used to support a specific purpose in music.

Grade 3
MU:Re7.2.C.3
Demonstrate and describe how a response to music can be informed by the structure, the use of the elements of music, and context, such as personal and social.

Grade 4
MU:Re7.2.C.4
Demonstrate and explain how responses to music are informed by the structure, the use of the elements of music, and context, such as social and cultural.

Grade 5
MU:Re7.2.C.5
Demonstrate and explain, citing evidence, how responses to music are informed by the structure, the use of the elements of music, and context ,such as social, cultural, and historical.

Grade 6
MU:Re7.2.C.6
a. Describe how the elements of music and expressive qualities relate to the structure of the pieces
b. Identify the context of music from a variety of genres, cultures, and historical periods.

Novice
MU:Re7.2.C.7

a. Classify and explain how the elements of music and expressive qualities relate to the structure of contrasting pieces.
b. Identify and compare the context of music from a variety of genres, cultures, and historical periods.

Proficient
MU:Re7.2.C.8
a. Compare how the elements of music and expressive qualities relate to the structure within programs of music.
b. Identify and compare the context of programs of music from a variety of genres, cultures, and historical periods.

General Music Harmonizing Instruments/Performing (e.g. Keyboard/Guitar)
#MU:Pr4.2.H
Process Component: GMS-Analyze - Analyze the structure and context of varied musical works and their implications for performance.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.
Essential Question: How does understanding the structure and context of musical works inform performance?

Grade K
MU:Pr4.2.H.K
With guidance, explore and demonstrate awareness of music contrasts, (e.g., high/low, loud/soft, same/different), in a variety of music selected for performance.

Grade 1
MU:Pr4.2.H.1
a. With limited guidance, demonstrate knowledge of music concepts, such as beat and melodic contour in music from a variety of cultures selected for performance.
b. When analyzing selected music, read and perform rhythmic patterns using iconic or standard notation.

Grade 2
MU:Pr4.2.H.2
a. Demonstrate knowledge of music concepts, such as tonality and meter in music from a variety of cultures selected for performance.
b. When analyzing selected music, read and perform rhythmic and melodic patterns using iconic or standard notation.

Grade 3
MU:Pr4.2.H.3
a. Demonstrate understanding of the structure in music selected for performance.
b. When analyzing selected music, read and perform rhythmic patterns and melodic phrases using iconic and standard notation.
c. Describe how context, such as personal and social, can inform a performance.

Grade 4
MU:Pr4.2.H.4

a. Demonstrate understanding of the structure and the elements of music, such as rhythm, pitch, and form, in music selected for performance.
b. When analyzing selected music, read and perform using iconic and/or standard notation.
c. Explain how context, such as social and cultural, informs a performance.

Grade 5
MU:Pr4.2.H.5
a. Demonstrate understanding of the structure and the elements of music (such as rhythm, pitch, form, and harmony) in music selected for performance.
b. When analyzing selected music, read and perform using standard notation.
c. Explain how context (e.g., social, cultural, and historical) informs performances.

Grade 6
MU:Pr4.2.H.6
a. Explain how understanding the structure and the elements of music are used in music selected for performance.
b. When analyzing selected music, read and identify by name or function standard symbols for rhythm, pitch, articulation, and dynamics.
c. Identify how cultural and historical context inform performances.

Grade 7
MU:Pr4.2.H.7
a. Explain and demonstrate the structure of contrasting pieces of music selected for performance and how elements of music are used.
b. When analyzing selected music, read and identify by name or function standard symbols for rhythm, pitch articulation, dynamics, tempo, and form.
c. Identify how cultural and historical context inform performances and result in different music interpretations.

Grade 8
MU:Pr4.2.H.8
a. Compare the structure of contrasting pieces of music selected for performance, explaining how the elements of music are used in each.
b. When analyzing selected music, sight-read in treble or bass clef simple rhythmic, melodic, and/or harmonic notation.
c. Identity how cultural and historical context inform performances and result in different musical effects.

General Music Theory Composition/Responding
#MU:Re7.2.C
Process Component: GMS-Analyze - Analyze how the structure and context of varied musical works inform the response.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Response to music is informed by analyzing context (social, cultural, and historical) and how creators and performers manipulate the elements of music.
Essential Question: How does understanding the structure and context of music inform a response?

Grade K
MU:Re7.2.C.K

With guidance, demonstrate how a specific music concept (such as beat or melodic direction) is used in music.

Grade 1
MU:Re7.2.C.1
With limited guidance, demonstrate and identify how specific music concepts, such as beat or pitch, are used in various styles of music for a purpose.

Grade 2
MU:Re7.2.C.2
Describe how specific music concepts are used to support a specific purpose in music.

Grade 3
MU:Re7.2.C.3
Demonstrate and describe how a response to music can be informed by the structure, the use of the elements of music, and context, such as personal and social.

Grade 4
MU:Re7.2.C.4
Demonstrate and explain how responses to music are informed by the structure, the use of the elements of music, and context, such as social and cultural.

Grade 5
MU:Re7.2.C.5
Demonstrate and explain, citing evidence, how responses to music are informed by the structure, the use of the elements of music, and context, (e.g., social, cultural, and historical).
Grade 6
MU:Re7.2.C.6
a. Describe how the elements of music and expressive qualities relate to the structure of the pieces
b. Identify the context of music from a variety of genres, cultures, and historical periods.

Novice
MU:Re7.2.C.7
a. Classify and explain how the elements of music and expressive qualities relate to the structure of contrasting pieces.
b. Identify and compare the context of music from a variety of genres, cultures, and historical periods.

Proficient
MU:Re7.2.C.8
a. Compare how the elements of music and expressive qualities relate to the structure within programs of music.
b. Identify and compare the context of programs of music from a variety of genres, cultures, and historical periods.

Music: Harmonizing Instruments

Music Harmonizing Instruments/Creating
#MU:Cr1.1
Process Component: MHI-Imagine- Generate musical ideas for various purposes and contexts.
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: The creative ideas, concepts, and feelings that influence musicians' work emerge from a variety of sources.
Essential Question: How do musicians generate creative ideas?

Novice
MU:Cr1.1. Novice
Generate melodic, rhythmic, and harmonic ideas for simple melodies, such as two-phrase, and chordal accompaniments for given melodies.

Intermediate
MU:Cr1.1. Intermediate
Generate melodic, rhythmic, and harmonic ideas for melodies (created over specified chord progressions or AB/ABA forms) and two-to-three-chord accompaniments for given melodies.

Proficient
MU:Cr1.1. I
Generate melodic, rhythmic, and harmonic ideas for improvisations, compositions, (forms such as theme and variation or 12-bar blues), and three-or-more-chord accompaniments in a variety of patterns (e.g., arpeggio, country, gallop strumming, finger picking).

Advanced
MU:Cr1.1. III
Generate melodic, rhythmic, and harmonic ideas for a collection of compositions representing a variety of forms and styles, improvisations in several different styles, and stylistically appropriate harmonizations for given melodies.

Music Harmonizing Instruments/Creating
#MU:Cr2.1.H
Process Component: MHI-Plan and Make - Select and develop musical ideas for defined purposes and contexts.
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Musicians' creative choices are influenced by their expertise, context, and expressive intent.
Essential Question: How do musicians make creative decisions?

Novice
MU:Cr2.1.H. Novice

Select, develop, and use standard notation or audio/video recording to document melodic, rhythmic, and harmonic ideas for drafts of simple melodies (such as two-phrase) and chordal accompaniments for given melodies.

Intermediate
MU:Cr2.1.H. Intermediate
Select, develop, and use standard notation and audio/video recording to document melodic, rhythmic, and harmonic ideas for drafts of melodies (created over specified chord progressions or AB/ABA forms) and two-to-three-chord accompaniments for given melodies.

Proficient
MU:Cr2.1.H. I
Select, develop, and use standard notation and audio/video recording to document melodic, rhythmic, and harmonic ideas for drafts of improvisations, compositions (forms such as theme and variation or 12-bar blues), and three-or-more-chord accompaniments in a variety of patterns (e.g., arpeggio, country and gallop strumming, finger picking).

Advanced
MU:Cr2.1.H. III
Select, develop, and use standard notation and audio/video recording to document melodic, rhythmic, and harmonic ideas for drafts of compositions representing a variety of forms and styles, improvisations in several different styles, and stylistically appropriate harmonizations for given melodies.

Music Harmonizing Instruments/Creating
#MU:Cr3.1.H
Process Component: MHI-Evaluate and Refine - Evaluate and refine selected musical ideas to create musical work that meets appropriate criteria.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians evaluate and refine their work through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their creative work?

Novice
MU:Cr3.1.H. Novice
Apply teacher-provided criteria to critique, improve, and refine drafts of simple melodies (such as two-phrase) and chordal accompaniments for given melodies.

Intermediate
MU:Cr3.1.H. Intermediate
Apply teacher-provided criteria to critique, improve, and refine drafts of melodies (created over specified chord progressions or AB/ABA forms) and two-to-three-chord accompaniments for given melodies.

Proficient
MU:Cr3.1.H. I
Identify, describe, and apply teacher-provided criteria to assess and refine the technical and expressive aspects of evolving drafts leading to final versions.

Advanced

MU:Cr3.1.H. III
Research, identify, explain, and apply personally-developed criteria to assess and refine the technical and expressive aspects of evolving drafts leading to final versions.

Music Harmonizing Instruments/Creating
#MU:Cr3.2.H
Process Component: MHI-Present - Perform expressively, with appropriate interpretation and technical accuracy, and in a manner appropriate to the audience and context.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians' presentation of creative work is the culmination of a process of creation and communication.
Essential Question: When is creative work ready to share?

Novice
MU:Cr3.2.H. Novice
Perform with expression and technical accuracy in individual performances of a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments, demonstrating understanding of the audience and the context.

Intermediate
MU:Cr3.2.H. Intermediate
Perform with expression and technical accuracy in individual performances of a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments, demonstrating sensitivity to the audience and an understanding of the context (social, cultural, or historical).

Proficient
MU:Cr3.2.H. I
Perform with expression and technical accuracy, in individual and small group performances, a varied repertoire of music that includes melodies, repertoire pieces, improvisations, and chordal accompaniments in a variety of patterns (e.g., arpeggio, country and gallop strumming, finger picking), demonstrating sensitivity to the audience and an understanding of the context (social, cultural, or historical).

Advanced
MU:Cr3.2.H. III
Perform with expression and technical accuracy, in individual and small group performances, a varied repertoire for programs of music that includes melodies, repertoire pieces, stylistically appropriate accompaniments, and improvisations in a variety of contrasting styles, demonstrating sensitivity to the audience and an understanding of the context (social, cultural, and historical).

Music Harmonizing Instruments/Performing
#MU:Pr4.1.H
Process Component: MHI-Select- Select varied musical works to present based on interest, knowledge, technical skill, and context.
Anchor Standard: Select, analyze and interpret artistic work for presentation.

Enduring Understanding: Performers' interest in and knowledge of musical work(s), understanding of their own technical skill, and the context for a performance influence the selection of repertoire.
Essential Question: How do performers select repertoire?

Novice
MU:Pr4.1.H. Novice
Describe and demonstrate how a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments is selected, based on personal interest, music reading skills, and technical skill, as well as the context of the performances.

Intermediate
MU:Pr4.1.H. Intermediate
Describe and demonstrate how a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments is selected, based on personal interest, music reading skills, and technical skill (citing technical challenges that need to be addressed), as well as the context of the performances.

Proficient
MU:Pr4.1.H. I
a.Explain the criteria used when selecting a varied repertoire of music for individual or small group performances that include melodies, repertoire pieces, improvisations, and chordal accompaniments in a variety of patterns (such as arpeggio, country and gallop strumming, finger picking patterns).

Advanced
MU:Pr4.1.H. III
Develop and apply criteria for selecting a varied repertoire for a program of music for individual and small group performances that include melodies, repertoire pieces, stylistically appropriate accompaniments, and improvisations in a variety of contrasting styles.

Music Harmonizing Instruments/Performing
#MU:Pr4.2.H
Process Component: GMS-Analyze - Analyze the structure and context of varied musical works and their implications for performance
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.
Essential Question: How does understanding the structure and context of musical works inform performance?

Novice
MU:Pr4.2.H.7
a. Explain and demonstrate the structure of contrasting pieces of music selected for performance and how elements of music are used.
b. When analyzing selected music, read and identify by name or function standard symbols for rhythm, pitch articulation, dynamics, tempo, and form.
c. Identify how cultural and historical context inform performances and result in different music interpretations.

Proficient
MU:Pr4.2.H.8

a. Compare the structure of contrasting pieces of music selected for performance, explaining how the elements of music are used in each.
b. When analyzing selected music, sight-read in treble or bass clef simple rhythmic, melodic, and/or harmonic notation.
c. Identity how cultural and historical context inform performances and result in different musical effects.

Music Harmonizing Instruments/Performing
#MU:Pr4.3.H
Process Component: MHI-Interpret - Develop personal interpretations that consider creators' intent.
Anchor Standard: Select, analyze and interpret work for presentation.
Enduring Understanding: Performers make interpretive decisions based on their understanding of context and expressive intent.
Essential Question: How do performers interpret musical works?

Novice
MU:Pr4.3.H. Novice
Identify prominent melodic and harmonic characteristics in a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments selected for performance, including at least some based on reading standard notation.

Intermediate
MU:Pr4.3.H. Intermediate
Identify prominent melodic, harmonic, and structural characteristics and context (social, cultural, or historical) in a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments selected for performance, including at least some based on reading standard notation.

Proficient
MU:Pr4.3.H. I
Identify and describe important theoretical and structural characteristics and context (social, cultural, or historical) in a varied repertoire of music that includes melodies, repertoire pieces, improvisations, and chordal accompaniments in a variety of patterns (such as arpeggio, country and gallop strumming, finger picking patterns).

Advanced
MU:Pr4.3.H. III
Identify and describe important theoretical and structural characteristics and context (social, cultural, and historical) in a varied repertoire of music selected for performance programs that includes melodies, repertoire pieces, stylistically appropriate accompaniments, and improvisations in a variety of contrasting styles.

Music Harmonizing Instruments/Performing
#MU:Pr5.1.H
Process Component: MHI-Rehearse, Evaluate and Refine - Evaluate and refine personal and ensemble performances, individually or in collaboration with others.
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria.

Essential Question: How do musicians improve the quality of their performance?

Novice
MU:Pr5.1.H. Novice
Apply teacher-provided criteria to critique individual performances of a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments selected for performance, and apply practice strategies to address performance challenges and refine the performances.

Intermediate
MU:Pr5.1.H. Intermediate
Apply teacher-provided criteria to critique individual performances of a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments selected for performance, and identify practice strategies to address performance challenges and refine the performances.

Proficient
MU:Pr5.1.H. I
Develop and apply criteria to critique individual and small group performances of a varied repertoire of music that includes melodies, repertoire pieces, improvisations, and chordal accompaniments in a variety of patterns (such as arpeggio, country and gallop strumming, finger picking patterns), and create rehearsal strategies to address performance challenges and refine the performances.

Advanced
MU:Pr5.1.H. III
Develop and apply criteria, including feedback from multiple sources, to critique varied programs of music repertoire (e.g., melodies, repertoire pieces, stylistically appropriate accompaniments, improvisations in a variety of contrasting styles) selected for individual and small group performance, and create rehearsal strategies to address performance challenges and refine the performances.

Music Harmonizing Instruments/Performing
#MU:Pr6.1.H
Process Component: MHI-Present - Perform expressively, with appropriate interpretation and technical accuracy, and in a manner appropriate to the audience and context.
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Musicians judge performance based on criteria that vary across time, place, and cultures. The context and how a work is presented influence the audience response.
Essential Question: When is a performance judged ready to present? How do context and the manner in which musical work is presented influence audience response?

Novice
MU:Pr6.1.H. Novice
Perform with expression and technical accuracy in individual performances of a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments, demonstrating understanding of the audience and the context.

Intermediate
MU:Pr6.1.H. Intermediate
a. Perform with expression and technical accuracy in individual performances of a varied repertoire of music that includes melodies, repertoire pieces, and chordal accompaniments,

demonstrating sensitivity to the audience and an understanding of the context (social, cultural, or historical).

Proficient
MU:Pr6.1.H. I
Perform with expression and technical accuracy, in individual and small group performances, a varied repertoire of music that includes melodies, repertoire pieces, improvisations, and chordal accompaniments in a variety of patterns (e.g., arpeggio, country and gallop strumming, finger picking), demonstrating sensitivity to the audience and an understanding of the context (social, cultural, or historical).

Advanced
MU:Pr6.1.H. III
Perform with expression and technical accuracy, in individual and small group performances, a varied repertoire for programs of music that includes melodies, repertoire pieces, stylistically appropriate accompaniments, and improvisations in a variety of contrasting styles, demonstrating sensitivity to the audience and an understanding of the context (social, cultural, and historical).

Music Harmonizing Instruments/Responding
#MU:Re7.1.H
Process Component: MHI-Select- Choose music appropriate for a specific purpose or context.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individuals' selection of musical works is influenced by their interests, experiences, understandings, and purposes.
Essential Question: How do individuals choose music to experience?

Novice
MU:Re7.1.H. Novice
Demonstrate and describe reasons for selecting music, based on characteristics found in the music and connections to interest, purpose, or personal experience.

Intermediate
MU:Re7.1.H. Intermediate
Explain reasons for selecting music citing characteristics found in the music and connections to interest, purpose, and context.

Proficient
MU:Re7.1.H. I
Apply criteria to select music for specified purposes, supporting choices by citing characteristics found in the music and connections to interest, purpose, and context.

Advanced
MU:Re7.1.H. III
Select, describe, and compare a variety of individual and small group musical programs from varied cultures, genres, and historical periods.

Music Harmonizing Instruments/Responding

#MU:Re7.2.H
Process Component: MHI-Analyze - Analyze how the structure and context of varied musical works inform the response.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Response to music is informed by analyzing context (social, cultural, and historical) and how creators and performers manipulate the elements of music.
Essential Question: How does understanding the structure and context of music inform a response?

Novice
MU:Re7.2.H. Novice
Demonstrate and explain, citing evidence, the use of repetition, similarities and contrasts in musical selections and how these and knowledge of the context (social or cultural) inform the response.

Intermediate
MU:Re7.2.H. Intermediate
Describe how the way that the elements of music are manipulated and knowledge of the context (social and cultural) inform the response.

Proficient
MU:Re7.2.H. I
Compare passages in musical selections and explain how the elements of music and context (social, cultural, or historical) inform the response.
Advanced
MU:Re7.2.H. III
Demonstrate and justify how the structural characteristics function within a variety of musical selections, and distinguish how context (social, cultural, and historical) and creative decisions inform the response.

Music Harmonizing Instruments/Responding
#MU:Re8.1.H
Process Component: MHI-Interpret - Support interpretations of musical works that reflect creators'/performers' expressive intent.
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Through their use of elements and structures of music, creators and performers provide clues to their expressive intent.
Essential Question: How do we discern the musical creators' and performers' expressive intent?

Novice
MU:Re8.1.H. Novice
Identify interpretations of the expressive intent and meaning of musical selections, referring to the elements of music, context (personal or social), and (when appropriate) the setting of the text.

Intermediate
MU:Re8.1.H. Intermediate
Identify and support interpretations of the expressive intent and meaning of musical selections, citing as evidence the treatment of the elements of music, context, and (when appropriate) the setting of the text.

Proficient

MU:Re8.1.H. I
Explain and support interpretations of the expressive intent and meaning of musical selections, citing as evidence the treatment of the elements of music, context (personal, social, and cultural), and (when appropriate) the setting of the text, and outside sources.

Advanced
MU:Re8.1.H. III
Establish and justify interpretations of the expressive intent and meaning of musical selections by comparing and synthesizing varied researched sources, including reference to examples from other art forms.

Music Harmonizing Instruments/Responding
#MU:Re9.1.H
Process Component: MHI-Evaluate - Support their personal evaluations of musical work(s) and performance(s) based on analysis, interpretation, and established criteria.
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: The personal evaluation of musical work(s) and performance(s) is informed by analysis, interpretation, and established criteria.
Essential Question: How do we judge the quality of musical work(s) and performance(s)?

Novice
MU:Re9.1.H. Novice
Identify and describe how interest, experiences, and contexts (personal or social) effect the evaluation of music.

Intermediate
MU:Re9.1.H. Intermediate
Explain the influence of experiences and contexts (personal, social, or cultural) on interest in and the evaluation of a varied repertoire of music.

Proficient
MU:Re9.1.H. I
Develop and apply teacher-provided and established criteria based on personal preference, analysis, and context (personal, social, and cultural) to evaluate individual and small group musical selections for listening.

Advanced
MU:Re9.1.H. III
Develop and justify evaluations of a variety of individual and small group musical selections for listening based on personally-developed and established criteria, personal decision making, and knowledge and understanding of context.

Music Harmonizing Instruments/Connecting
#MU:Cn10.0.H
Process Component: MHI-Connect #10- Synthesize and relate knowledge and personal experiences to make music.
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.

Enduring Understanding: Musicians connect their personal interests, experiences, ideas, and knowledge to creating, performing, and responding.
Essential Question: How do musicians make meaningful connections to creating, performing, and responding?

Novice
MU:Cn10.0.H. Novice
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

Intermediate
MU:Cn10.0.H. Intermediate
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

Proficient
MU:Cn10.0.H. I
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

Advanced
MU:Cn10.0.H. III
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

Music Harmonizing Instruments/Connecting
#MU:Cn11.0.H
Process Component: MHI-Connect #11- Relate musical ideas and works to varied contexts and daily life to deepen understanding.
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Understanding connections to varied contexts and daily life enhances musicians' creating, performing, and responding.
Essential Question: How do the other arts, other disciplines, contexts and daily life inform creating, performing, and responding to music?

Novice
MU:Cn11.0.H. Novice
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts and daily life.

Intermediate
MU:Cn11.0.H. Intermediate
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts and daily life.

Proficient
MU:Cn11.0.H. I
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts and daily life.

Advanced
MU:Cn11.0.H. III
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts and daily life.

Music: Theory and Composition

Music Theory Composition/Creating
#MU:Cr1.1.C
Process Component: MTC - Imagine - Generate musical ideas for various purposes and contexts.
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: The creative ideas, concepts, and feelings that influence musicians' work emerge from a variety of sources.
Essential Question: How do musicians generate creative ideas?

HS Proficient
MU:Cr1.1.C.HSI
Describe how sounds and short musical ideas can be used to represent personal experiences, moods, visual images, and/or storylines.

HS Accomplished
MU:Cr1.1.C.HSII
Describe and demonstrate how sounds and musical ideas can be used to represent sonic events, memories, visual images, concepts, texts, or storylines.

HS Advanced
MU:Cr1.1.C.HSIII
Describe and demonstrate multiple ways in which sounds and musical ideas can be used to represent extended sonic experiences or abstract ideas.

Music Theory Composition/Creating
#MU:Cr2.1.C
Process Component: MTC - Plan and Make - Select and develop musical ideas for defined purposes and contexts.
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Musicians' creative choices are influenced by their expertise, context, and expressive intent.
Essential Question: How do musicians make creative decisions?

HS Proficient
MU:Cr2.1.C.HSI
a. Assemble and organize sounds or short musical ideas to create initial expressions of selected experiences, moods, images, or storylines.
b. Identify and describe the development of sounds or short musical ideas in drafts of music within simple forms (e.g., one-part, cyclical, or binary).

HS Accomplished
MU:Cr2.1.C.HSII
a. Assemble and organize multiple sounds or musical ideas to create initial expressive statements of selected sonic events, memories, images, concepts, texts, or storylines.
b. Describe and explain the development of sounds and musical ideas in drafts of music within a variety of simple or moderately complex forms (such as binary, rondo, or ternary).

HS Advanced
MU:Cr2.1.C.HSIII
a. Assemble and organize multiple sounds or extended musical ideas to create initial expressive statements of selected extended sonic experiences or abstract ideas.
b. Analyze and demonstrate the development of sounds and extended musical ideas in drafts of music within a variety of moderately complex or complex forms.

Music Theory Composition/Creating
#MU:Cr3.1.C
Process Component: MTC - Evaluate and Refine - Evaluate and refine selected musical ideas to create musical work that meets appropriate criteria.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians evaluate and refine their work through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their creative work?

HS Proficient
MU:Cr3.1.C.HSI
Identify, describe, and apply teacher-provided criteria to assess and refine the technical and expressive aspects of evolving drafts leading to final versions.

HS Accomplished
MU:Cr3.1.C.HSII
Identify, describe, and apply selected teacher-provided or personally-developed criteria to assess and refine the technical and expressive aspects of evolving drafts leading to final versions.

HS Advanced
MU:Cr3.1.C.HSIII
Research, identify, explain, and apply personally-developed criteria to assess and refine the technical and expressive aspects of evolving drafts leading to final versions.

Music Theory Composition/Creating
#MU:Cr3.2.C
Process Component: MTC - Present - Share creative musical work that conveys intent, demonstrates craftsmanship, and exhibits originality.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians' presentation of creative work is the culmination of a process of creation and communication.
Essential Question: When is creative work ready to share?

HS Proficient
MU:Cr3.2.C.HSI
Share music through the use of notation, performance, or technology, and demonstrate how the elements of music have been employed to realize expressive intent.

HS Accomplished
MU:Cr3.2.C.HSII
Share music through the use of notation, solo or group performance, or technology, and demonstrate and describe how the elements of music and compositional techniques have been employed to realize expressive intent.

HS Advanced
MU:Cr3.2.C.HSIII
Share music through the use of notation, solo or group performance, or technology, and demonstrate and explain how the elements of music, compositional techniques and processes have been employed to realize expressive intent.

Music Theory Composition/Performing
#MU:Pr4.1.C
Process Component: MTC - Select - Select varied musical works to present based on interest, knowledge, technical skill, and context.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Performers' interest in and knowledge of musical work(s), understanding of their own technical skill, and the context for a performance influence the selection of repertoire.
Essential Question: How do performers select repertoire?

HS Proficient
MU:Pr4.1.C.HSI
Identify and select specific excerpts, passages, or sections in musical works that express a personal experience, mood, visual image, or storyline in simple forms (such as one-part, cyclical, binary).

HS Accomplished
MU:Pr4.1.C.HSII
Identify and select specific passages, sections, or movements in musical works that express personal experiences and interests, moods, visual images, concepts, texts, or storylines in simple forms (such as binary, ternary, rondo) or moderately complex forms.

Grade HS Advanced
MU:Pr4.1.C.HSIII
Identify and select specific sections, movements, or entire works that express personal experiences and interests, moods, visual images, concepts, texts, or storylines in moderately complex or complex forms.

Music Theory Composition/Performing
#MU:Pr4.2
Process Component: MTC - Analyze - Analyze the structure and context of varied musical works and their implications for performance.
Anchor Standard: Select, analyze and interpret artistic work for presentation.

Enduring Understanding: Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.
Essential Question: How does understanding the structure and context of musical works inform performance?

HS Proficient
MU:Pr4.2.HSI
Analyze how the elements of music (including form) of selected works relate to style and mood, and explain the implications for rehearsal or performance.
HS Accomplished
MU:Pr4.2.HSII
Analyze how the elements of music (including form) of selected works relate to the style, function, and context, and explain the implications for rehearsal and performance.

HS Advanced
MU:Pr4.2.HSIII
Analyze how the elements of music (including form), and compositional techniques of selected works relate to the style, function, and context, and explain and support the analysis and its implications for rehearsal and performance.

Music Theory Composition/Performing
#MU:Pr5.1.C
Process Component: MTC - Rehearse, Evaluate and Refine - Evaluate and refine personal and ensemble performances, individually or in collaboration with others.
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their performance?

HS Proficient
MU:Pr5.1.C.HSI
a. Create rehearsal plans for works, identifying repetition and variation within the form.
b. Using established criteria and feedback, identify the way(s) in which performances convey the elements of music, style, and mood.
c. Identify and implement strategies for improving the technical and expressive aspects of multiple works.

HS Accomplished
MU:Pr5.1.C.HSII
a. Create rehearsal plans for works, identifying the form, repetition and variation within the form, and the style and historical or cultural context of the work.
b. Using established criteria and feedback, identify the ways in which performances convey the formal design, style, and historical/cultural context of the works.
c. Identify and implement strategies for improving the technical and expressive aspects of varied works.

HS Advanced
MU:Pr5.1.C.HSIII
a. Create rehearsal plans for works, identifying the form, repetition and variation within the form, compositional techniques, and the style and historical or cultural context of the work.
b. Using established criteria and feedback, identify the ways in which performances use compositional

techniques and convey the formal design, style, and historical/cultural context of the works.
c. Identify, compare, and implement strategies for improving the technical and expressive aspects of multiple contrasting works.

Music Theory Composition/Performing
#MU:Pr6.1.C
Process Component: MTC - Present - Perform expressively, with appropriate interpretation and technical accuracy, and in a manner appropriate to the audience and context.
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Musicians judge performance based on criteria that vary across time, place, and cultures. The context and how a work is presented influence the audience response.
Essential Question: When is a performance judged ready to present? How do context and the manner in which musical work is presented influence audience response?

HS Proficient
MU:Pr6.1.C.HSI
a. Share live or recorded performances of works (both personal and others'), and explain how the elements of music are used to convey intent.
b. Identify how compositions are appropriate for an audience or context, and how this will shape future compositions.

HS Accomplished
MU:Pr6.1.C.HSII
a. Share live or recorded performances of works (both personal and others'), and explain how the elements of music and compositional techniques are used to convey intent.
b. Explain how compositions are appropriate for both audience and context, and how this will shape future compositions.

HS Advanced
MU:Pr6.1.C.HSIII
a. Share live or recorded performances of works (both personal and others'), and explain and/or demonstrate understanding of how the expressive intent of the music is conveyed.
b. Explain how compositions are appropriate for a variety of audiences and contexts, and how this will shape future compositions.

Music Theory Composition/Responding
#MU:Re7.1.C
Process Component: MTC - Select - Choose music appropriate for a specific purpose or context.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individuals' selection of musical works is influenced by their interests, experiences, understandings, and purposes.
Essential Question: How do individuals choose music to experience?

HS Proficient
MU:Re7.1.C.HSI
Apply teacher-provided criteria to select music that expresses a personal experience, mood, visual image, or storyline in simple forms (such as one-part, cyclical, binary), and describe the choices as models for composition.

Grade HS Accomplished
MU:Re7.1.C.HSII
Apply teacher-provided or personally-developed criteria to select music that expresses personal experiences and interests, moods, visual images, concepts, texts, or storylines in simple or moderately complex forms, and describe and defend the choices as models for composition.

HS Advanced
MU:Re7.1.C.HSIII
Apply researched or personally-developed criteria to select music that expresses personal experiences and interests, visual images, concepts, texts, or storylines in moderately complex or complex forms, and describe and justify the choice as models for composition.

Music Theory Composition/Responding
#MU:Re8.1.C
Process Component: MTC - Interpret - Support interpretations of musical works that reflect creators'/performers' expressive intent.
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Through their use of elements and structures of music, creators and performers provide clues to their expressive intent.
Essential Question: How do we discern musical creators' and performers' expressive intent?

HS Proficient
MU:Re8.1.C.HSI
Develop and explain interpretations of varied works, demonstrating an understanding of the composers' intent by citing technical and expressive aspects as well as the style/genre of each work.

HS Accomplished
MU:Re8.1.C.HSII
Develop and support interpretations of varied works, demonstrating an understanding of the composers' intent by citing the use of elements of music (including form), compositional techniques, and the style/genre and context of each work.

HS Advanced
MU:Re8.1.C.HSIII
Develop, justify and defend interpretations of varied works, demonstrating an understanding of the composers' intent by citing the use of elements of music (including form), compositional techniques, and the style/genre and context of each work.

Music Theory Composition/Responding
#MU:Re9.1.C
Process Component: MTC - Evaluate - Support evaluations of musical works and performances based on analysis, interpretation, and established criteria.
Anchor Standard: Evaluate - Support evaluations of musical works and performances based on analysis, interpretation, and established criteria.
Enduring Understanding: The personal evaluation of musical works and performances is informed by analysis, interpretation, and established criteria.
Essential Question: How do we judge the quality of musical work(s) and performance(s)?

HS Proficient
MU:Re9.1.C.HSI
a. Describe the effectiveness of the technical and expressive aspects of selected music and performances, demonstrating understanding of fundamentals of music theory.
b. Describe the way(s) in which critiquing others' work and receiving feedback from others can be applied in the personal creative process.

HS Accomplished
MU:Re9.1.C.HSII
a. Explain the effectiveness of the technical and expressive aspects of selected music and performances, demonstrating understanding of music theory as well as compositional techniques and procedures.
b. Describe ways in which critiquing others' work and receiving feedback from others have been specifically applied in the personal creative process.

HS Advanced
MU:Re9.1.C.HSIII
a. Evaluate the effectiveness of the technical and expressive aspects of selected music and performances, demonstrating understanding of theoretical concepts and complex compositional techniques and procedures.
b. Describe and evaluate ways in which critiquing others' work and receiving feedback from others have been specifically applied in the personal creative process.

Music Theory Composition/Connecting
#MU:Cn10.0.C
Process Component: MTC - Connect #10 - Synthesize and relate knowledge and personal experiences to make music.
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Musicians connect their personal interests, experiences, ideas, and knowledge to creating, performing, and responding.
Essential Question: How do musicians make meaningful connections to creating, performing, and responding?

HS Proficient
MU:Cn10.0.C.HSI
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade HS Accomplished
MU:Cn10.0.C.HSII
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

Grade HS Advanced
MU:Cn10.0.C.HSIII
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

Music Theory Composition/Connecting
#MU:Cn11.0.C
Process Component: MTC - Connect #11- Relate musical ideas and works to varied contexts and daily life to deepen understanding.
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Understanding connections to varied contexts and daily life enhances musicians' creating, performing, and responding.
Essential Question: How do the other arts, other disciplines, contexts and daily life inform creating, performing, and responding to music?

HS Proficient
MU:Cn11.0.C.HSI
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

HS Accomplished
MU:Cn11.0.C.HSII
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

HS Advanced
MU:Cn11.0.C.HSIII
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Music: Traditional and Emerging Ensembles

Music Traditional And Emerging Ensembles/Creating
#MU:Cr1.1.E
Process Component: MTE - Imagine - Generate musical ideas for various purposes and contexts.
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: The creative ideas, concepts, and feelings that influence musicians' work emerge from a variety of sources.
Essential Question: How do musicians generate creative ideas?

Novice
MU:Cr1.1.E.HS. Novice
Compose and improvise melodic and rhythmic ideas or motives that reflect characteristic(s) of music or text(s) studied in rehearsal.

HS Intermediate
MU:Cr1.1.E.HS. Intermediate
Compose and improvise ideas for melodies and rhythmic passages based on characteristic(s) of music or text(s) studied in rehearsal.

HS Proficient
MU:Cr1.1.E.HSI
Compose and improvise ideas for melodies, rhythmic passages, and arrangements for specific purposes that reflect characteristic(s) of music from a variety of historical periods studied in rehearsal.

HS Accomplished
MU:Cr1.1.E.HSII
Compose and improvise ideas for arrangements, sections, and short compositions for specific purposes that reflect characteristic(s) of music from a variety of cultures studied in rehearsal.

HS Advanced
MU:Cr1.1.E.HSIII
Compose and improvise musical ideas for a variety of purposes and contexts.

Music Traditional And Emerging Ensembles/Creating
#MU:Cr2.1.E
Process Component: MTE - Plan and Make - Select and develop musical ideas for defined purposes and contexts.
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Musicians' creative choices are influenced by their expertise, context, and expressive intent.
Essential Question: How do musicians make creative decisions?

HS Novice
MU:Cr2.1.E.HS. Novice
a. Select and develop draft melodic and rhythmic ideas or motives that demonstrate understanding of characteristic(s) of music or text(s) studied in rehearsal.
b. Preserve draft compositions and improvisations through standard notation and audio recording.

HS Intermediate
MU:Cr2.1.E.HS. Intermediate
a. Select and develop draft melodies and rhythmic passages that demonstrate understanding of characteristic(s) of music or text(s) studied in rehearsal.
b. Preserve draft compositions and improvisations through standard notation and audio recording.

HS Proficient
MU:Cr2.1.E.HSI
a. Select and develop draft melodies, rhythmic passages, and arrangements for specific purposes that demonstrate understanding of characteristic(s) of music from a variety of historical periods studied in rehearsal.
b. Preserve draft compositions and improvisations through standard notation and audio recording.

HS Accomplished
MU:Cr2.1.E.HSII
a. Select and develop arrangements, sections, and short compositions for specific purposes that demonstrate understanding of characteristic(s) of music from a variety of cultures studied in rehearsal.
b. Preserve draft compositions and improvisations through standard notation, audio, or video recording.

HS Advanced
MU:Cr2.1.E.HSIII
a. Select and develop composed and improvised ideas into draft musical works organized for a variety of purposes and contexts.
b. Preserve draft musical works through standard notation, audio, or video recording.

Music Traditional And Emerging Ensembles/Creating
#MU:Cr3.1.E
Process Component: MTE – Evaluate and Refine - Evaluate and refine selected musical ideas to create musical work that meets appropriate criteria.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians evaluate and refine their work through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their creative work?

HS Novice
MU:Cr3.1.E.HS. Novice
Evaluate and refine draft compositions and improvisations based on knowledge, skill, and teacher-provided criteria.

HS Intermediate
MU:Cr3.1.E.HS. Intermediate

Evaluate and refine draft compositions and improvisations based on knowledge, skill, and collaboratively-developed criteria.

HS Proficient
MU:Cr3.1.E.HSI
Evaluate and refine draft melodies, rhythmic passages, arrangements, and improvisations based on established criteria, including the extent to which they address identified purposes.

HS Accomplished
MU:Cr3.1.E.HSII
a. Evaluate and refine draft arrangements, sections, short compositions, and improvisations based on personally-developed criteria, including the extent to which they address identified purposes.

HS Advanced
MU:Cr3.1.E.HSIII
Evaluate and refine varied draft musical works based on appropriate criteria, including the extent to which they address identified purposes and contexts.

Music Traditional And Emerging Ensembles/Creating
#MU:Cr3.2.E
Process Component: MTE – Present - Share creative musical work that conveys intent, demonstrates craftsmanship, and exhibits originality.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians' presentation of creative work is the culmination of a process of creation and communication.
Essential Question: When is creative work ready to share?

HS Novice
MU:Cr3.2.E.HS. Novice
Share personally-developed melodic and rhythmic ideas or motives – individually or as an ensemble – that demonstrate understanding of characteristics of music or texts studied in rehearsal.

HS Intermediate
MU:Cr3.2.E.HS. Intermediate
Share personally-developed melodies and rhythmic passages – individually or as an ensemble – that demonstrate understanding of characteristics of music or texts studied in rehearsal.

HS Proficient
MU:Cr3.2.E.HSI
Share personally-developed melodies, rhythmic passages, and arrangements – individually or as an ensemble – that address identified purposes.

HS Accomplished
MU:Cr3.2.E.HSII
Share personally-developed arrangements, sections, and short compositions – individually or as an ensemble – that address identified purposes.

HS Advanced
MU:Cr3.2.E.HSIII

Share varied, personally-developed musical works – individually or as an ensemble – that address identified purposes and contexts.

Music Traditional And Emerging Ensembles/Performing
#MU:Pr4.1.E
Process Component: MTE – Select - Select varied musical works to present based on interest, knowledge, technical skill, and context.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Performers' interest in and knowledge of musical works, understanding of their own technical skill, and the context for a performance influence the selection of repertoire.
Essential Question: How do performers select repertoire?

HS Novice
MU:Pr4.1.E.HS. Novice
Select varied repertoire to study based on interest, music reading skills (where appropriate), an understanding of the structure of the music, context, and the technical skill of the individual or ensemble.

HS Intermediate
MU:Pr4.1.E.HS. Intermediate
Select a varied repertoire to study based on music reading skills (where appropriate), an understanding of formal design in the music, context, and the technical skill of the individual and ensemble.

HS Proficient
MU:Pr4.1.E.HSI
Explain the criteria used to select a varied repertoire to study based on an understanding of theoretical and structural characteristics of the music, the technical skill of the individual or ensemble, and the purpose or context of the performance.

HS Accomplished
MU:Pr4.1.E.HSII
Develop and apply criteria to select a varied repertoire to study and perform based on an understanding of theoretical and structural characteristics and expressive challenges in the music, the technical skill of the individual or ensemble, and the purpose and context of the performance.

HS Advanced
MU:Pr4.1.E.HSIII
Develop and apply criteria to select varied programs to study and perform based on an understanding of theoretical and structural characteristics and expressive challenges in the music, the technical skill of the individual or ensemble, and the purpose and context of the performance.

Music Traditional And Emerging Ensembles/Performing
#MU:Pr4.2.E
Process Component: MTE – Analyze - Analyze the structure and context of varied musical works and their implications for performance.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.

Essential Question: How does understanding the structure and context of musical works inform performance?

HS Novice
MU:Pr4.2.E.HS. Novice
Demonstrate, using music reading skills where appropriate, how knowledge of formal aspects in musical works inform prepared or improvised performances.

HS Intermediate
MU:Pr4.2.E.HS. Intermediate
Demonstrate, using music reading skills where appropriate, how the setting and formal characteristics of musical works contribute to understanding the context of the music in prepared or improvised performances.

HS Proficient
MU:Pr4.2.E.HSI
Demonstrate, using music reading skills where appropriate, how compositional devices employed and theoretical and structural aspects of musical works impact and inform prepared or improvised performances.

HS Accomplished
MU:Pr4.2.E.HSII
Document and demonstrate, using music reading skills where appropriate, how compositional devices employed and theoretical and structural aspects of musical works may impact and inform prepared and improvised performances.

HS Advanced
MU:Pr4.2.E.HSIII
Examine, evaluate, and critique, using music reading skills where appropriate, how the structure and context impact and inform prepared and improvised performances.

Music Traditional And Emerging Ensembles/Performing
#MU:Pr4.3.E
Process Component: MTE – Interpret - Develop personal interpretations that consider creators' intent.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Performers make interpretive decisions based on their understanding of context and expressive intent.
Essential Question: How do performers interpret musical works?

HS Novice
MU:Pr4.3.E.HS. Novice
Identify expressive qualities in a varied repertoire of music that can be demonstrated through prepared and improvised performances.

HS Intermediate
MU:Pr4.3.E.HS Intermediate
Demonstrate understanding and application of expressive qualities in a varied repertoire of music through prepared and improvised performances.

HS Proficient

MU:Pr4.3.E.HSI
Demonstrate an understanding of context in a varied repertoire of music through prepared and improvised performances.

HS Accomplished
MU:Pr4.3.E.HSII
Demonstrate how understanding the style, genre, and context of a varied repertoire of music influences prepared and improvised performances as well as performers' technical skill to connect with the audience.

HS Advanced
MU:Pr4.3.E.HSIII
Demonstrate how understanding the style, genre, and context of a varied repertoire of music informs prepared and improvised performances as well as performers' technical skill to connect with the audience.

Music Traditional And Emerging Ensembles/Performing
#MU:Pr5.1.E
Process Component: MTE – Evaluate and Refine - Evaluate and refine selected musical ideas to create musical work that meets appropriate criteria.
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: To express their musical ideas, musicians analyze, evaluate, and refine their performance over time through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their performance?

HS Novice
MU:Pr5.1.E.HS. Novice
Evaluate and refine draft compositions and improvisations based on knowledge, skill, and teacher-provided criteria.

HS Intermediate
MU:Pr5.1.E.HS. Intermediate
Evaluate and refine draft compositions and improvisations based on knowledge, skill, and collaboratively-developed criteria.

HS proficient
MU:Pr5.1.E.HSI
a. Evaluate and refine draft melodies, rhythmic passages, arrangements, and improvisations based on established criteria, including the extent to which they address identified purposes.

HS Accomplished
MU:Pr5.1.E.HSII
Evaluate and refine draft arrangements, sections, short compositions, and improvisations based on personally-developed criteria, including the extent to which they address identified purposes.

HS Advanced
MU:Pr5.1.E.HSIII
Evaluate and refine varied draft musical works based on appropriate criteria, including the extent to which they address identified purposes and contexts.

Music Traditional And Emerging Ensembles/Performing
#MU:Pr6.1.E
Process Component: MTE – Present - Perform expressively, with appropriate interpretation and technical accuracy, and in a manner appropriate to the audience and context.
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Musicians judge performance based on criteria that vary across time, place, and cultures. The context and how a work is presented influence the audience response.
Essential Question: When is a performance judged ready to present? How do context and the manner in which the musical work is presented influence audience response?

HS Novice
MU:Pr6.1.E.HS. Novice
a. Demonstrate attention to technical accuracy and expressive qualities in prepared and improvised performances of a varied repertoire of music.
b. Demonstrate an awareness of the context of the music through prepared and improvised performances.

HS Intermediate
MU:Pr6.1.E.HS. Intermediate
a. Demonstrate attention to technical accuracy and expressive qualities in prepared and improvised performances of a varied repertoire of music representing diverse cultures and styles.
b. Demonstrate an understanding of the context of the music through prepared and improvised performances.

HS Proficient
MU:Pr6.1.E.HSI
a. Demonstrate attention to technical accuracy and expressive qualities in prepared and improvised performances of a varied repertoire of music representing diverse cultures, styles, and genres.
b. Demonstrate an understanding of expressive intent by connecting with an audience through prepared and improvised performances.

HS Accomplished
MU:Pr6.1.E.HSII
a. Demonstrate mastery of the technical demands and an understanding of expressive qualities of the music in prepared and improvised performances of a varied repertoire representing diverse cultures, styles, genres, and historical periods.
b. Demonstrate an understanding of intent as a means for connecting with an audience through prepared and improvised performances.

HS Advanced
MU:Pr6.1.E.HSIII
a. Demonstrate an understanding and mastery of the technical demands and expressive qualities of the music through prepared and improvised performances of a varied repertoire representing diverse cultures, styles, genres, and historical periods in multiple types of ensembles.
b. Demonstrate an ability to connect with audience members before and during the process of engaging with and responding to them through prepared and improvised performances.

Music Traditional And Emerging Ensembles/Responding
#MU:Re7.1.E
Process Component: MTE – Select - Choose music appropriate for a specific purpose or context.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individuals' selection of musical works is influenced by their interests, experiences, understandings, and purposes.
Essential Question: How do individuals choose music to experience?

HS Novice
MU:Re7.1.E.HS. Novice
Identify reasons for selecting music based on characteristics found in the music, connection to interest, and purpose or context.

HS Intermediate
MU:Re7.1.E.HS. Intermediate
Explain reasons for selecting music citing characteristics found in the music and connections to interest, purpose, and context.

HS Proficient
MU:Re7.1.E.HSI
Apply criteria to select music for specified purposes, supporting choices by citing characteristics found in the music and connections to interest, purpose, and context.

HS Accomplished
MU:Re7.1.E.HSII
Apply criteria to select music for a variety of purposes, justifying choices citing knowledge of the music and the specified purpose and context.

HS Advanced
MU:Re7.1.E.HSIII
Use research and personally-developed criteria to justify choices made when selecting music, citing knowledge of the music, and individual and ensemble purpose and context.

Music Traditional And Emerging Ensembles/Responding
#MU:Re7.2.E
Process Component: MTE – Analyze - Analyze how the structure and context of varied musical works inform the response.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Response to music is informed by analyzing context (social cultural, and historical) and how creators and performers manipulate the elements of music.
Essential Question: How does understanding the structure and context of the music influence a response?

HS Novice
MU:Re7.2.E.HS. Novice
Identify how knowledge of context and the use of repetition, similarities, and contrasts inform the response to music.

HS Intermediate
MU:Re7.2.E.HS. Intermediate

Describe how understanding context and the way the elements of music are manipulated inform the response to music.

HS Proficient
MU:Re7.2.E.HSI
Explain how the analysis of passages and understanding the way the elements of music are manipulated inform the response to music.

HS Accomplished
MU:Re7.2.E.HSII
Explain how the analysis of structures and contexts inform the response to music.

HS Advanced
MU:Re7.2.E.HSIII
Demonstrate and justify how the analysis of structures, contexts, and performance decisions inform the response to music.

Music Traditional And Emerging Ensembles/Responding
#MU:Re8.1.E
Process Component: MTE – Interpret - Support an interpretation of musical works that reflect creators'/performers' expressive intent.
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Through their use of elements and structures of music, creators and performers provide clues to their expressive intent.
Essential Question: How do we discern the musical creators' and performers' expressive intent?

HS Novice
MU:Re8.1.E.HS. Novice
Identify interpretations of the expressive intent and meaning of musical works, referring to the elements of music, contexts, and (when appropriate) the setting of the text.

HS Intermediate
MU:Re8.1.E.HS. Intermediate
Identify and support interpretations of the expressive intent and meaning of musical works, citing as evidence the treatment of the elements of music, contexts, and (when appropriate) the setting of the text.

HS Proficient
MU:Re8.1.E.HSI
Explain and support interpretations of the expressive intent and meaning of musical works, citing as evidence the treatment of the elements of music, contexts, (when appropriate) the setting of the text, and personal research.

HS Accomplished
MU:Re8.1.E.HSII
Support interpretations of the expressive intent and meaning of musical works citing as evidence the treatment of the elements of music, contexts, (when appropriate) the setting of the text, and varied researched sources.
HS Advanced

MU:Re8.1.E.HSIII
Justify interpretations of the expressive intent and meaning of musical works by comparing and synthesizing varied researched sources, including reference to other art forms.

Music Traditional And Emerging Ensembles/Responding
#MU:Re9.1.E
Process Component: MTE – Evaluate - Support personal evaluation of musical works and performance(s) based on analysis, interpretation, and established criteria.
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: The personal evaluation of musical work(s) and performance(s) is informed by analysis, interpretation, and established criteria.
Essential Question: How do we judge the quality of musical work(s) and performance(s)?

HS Novice
MU:Re9.1.E.HS. Novice
Identify and describe the effect of interest, experience, analysis, and context on the evaluation of music.

HS Intermediate
MU:Re9.1.E.HS. Intermediate
Explain the influence of experiences, analysis, and context on interest in and evaluation of music.

HS Proficient
MU:Re9.1.E.HSI
Evaluate works and performances based on personally- or collaboratively-developed criteria, including analysis of the structure and context.

HS Accomplished
MU:Re9.1.E.HSII
Evaluate works and performances based on research as well as personally- and collaboratively-developed criteria, including analysis and interpretation of the structure and context.

HS Advanced
MU:Re9.1.E.HSIII
Develop and justify evaluations of music, programs of music, and performances based on criteria, personal decision-making, research, and understanding of contexts.

Music Traditional And Emerging Ensembles/Connecting
#MU:Cn10.0.E
Process Component: MTC - Connect #10 - Synthesize and relate knowledge and personal experiences to make music.
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Musicians connect their personal interests, experiences, ideas, and knowledge to creating, performing, and responding.
Essential Question: How do musicians make meaningful connections to creating, performing, and responding?

HS Proficient
MU:Cn10.0.E.HSI

Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

HS Accomplished
MU:Cn10.0.E.HSII
Demonstrate how interests, knowledge, and skills relate to personal choices and intent when creating, performing, and responding to music.

HS Advanced
MU:Cn10.0.E.HSIII
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

Music Traditional And Emerging Ensembles/Connecting
#MU:Cn11.0.E
Process Component: MTE – Connect #11 - Relate musical ideas and works to varied contexts and daily life to deepen understanding.
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Understanding connections to varied contexts and daily life enhances musicians' creating, performing, and responding.
Essential Question: How do the other arts, other disciplines, contexts and daily life inform creating, performing, and responding to music?

HS Novice
MU:Cn11.0.E.HS. Novice
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

HS Intermediate
MU:Cn11.0.E.HS. Intermediate
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

HS Proficient
MU:Cn11.0.E.HSI
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

HS Accomplished
MU:Cn11.0.E.HSII
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

HS Advanced
MU:Cn11.0.E.HSIII
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts, and daily life.

Music: Technology

Music Technology/Creating
#MU:Cr1.1.T
Process Component: MTS-Imagine - Generate musical ideas for various purposes and contexts.
Anchor Standard: Generate and conceptualize artistic ideas and works.
Enduring Understanding: The creative ideas, concepts, and feelings that influence musicians' work emerge from a variety of sources.
Essential Question: How do musicians generate creative ideas?

HS Proficient
MU:Cr1.1.T.HSI
Generate melodic, rhythmic, and harmonic ideas for compositions or improvisations using digital tools.

HS Accomplished
MU:Cr1.1.T.HSII
Generate melodic, rhythmic, and harmonic ideas for compositions and improvisations using digital tools and resources.

HS Advanced
MU:Cr1.1.T.HSIII
Generate melodic, rhythmic, and harmonic ideas for compositions and improvisations that incorporate digital tools, resources, and systems.

Music Technology/Creating
#MU:Cr2.1.T
Process Component: MTS-Plan and Make - Select and develop musical ideas for defined purposes and contexts.
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Musicians' creative choices are influenced by their expertise, context, and expressive intent.
Essential Question: How do musicians make creative decisions?

HS Proficient
MU:Cr2.1.T.HSI
Select melodic, rhythmic, and harmonic ideas to develop into a larger work using digital tools and resources.

HS Accomplished
MU:Cr2.1.T.HSII
Select melodic, rhythmic, and harmonic ideas to develop into a larger work that exhibits unity and variety using digital and analog tools.

HS Advanced
MU:Cr2.1.T.HSIII

Select, develop, and organize multiple melodic, rhythmic and harmonic ideas to develop into a larger work that exhibits unity, variety, complexity, and coherence using digital and analog tools, resources, and systems.

Music Technology/Creating
#MU:Cr3.1.T
Process Component: MTS-Evaluate and Refine - Evaluate and refine selected musical ideas to create musical work that meets appropriate criteria.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians evaluate and refine their work through openness to new ideas, persistence, and the application of appropriate criteria.
Essential Question: How do musicians improve the quality of their creative work?

HS Proficient
MU:Cr3.1.T.HSI
Drawing on feedback from teachers and peers, develop and implement strategies to improve and refine the technical and expressive aspects of draft compositions and improvisations.

HS Accomplished
MU:Cr3.1.T.HSII
Develop and implement varied strategies to improve and refine the technical and expressive aspects of draft compositions and improvisations.

HS Advanced
MU:Cr3.1.T.HSIII
Develop and implement varied strategies and apply appropriate criteria to improve and refine the technical and expressive aspects of draft compositions and improvisations.

Music Technology/Creating
#MU:Cr3.2.T
Process Component: MTS-Present - Share creative musical work that conveys intent, demonstrates craftsmanship, and exhibits originality.
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: Musicians' presentation of creative work is the culmination of a process of creation and communication.
Essential Question: When is creative work ready to share?

HS Proficient
MU:Cr3.2.T.HSI
Share compositions or improvisations that demonstrate a proficient level of musical and technological craftsmanship as well as the use of digital tools and resources in developing and organizing musical ideas.

HS Accomplished
MU:Cr3.2.T.HSII
Share compositions and improvisations that demonstrate an accomplished level of musical and technological craftsmanship as well as the use of digital and analog tools and resources in developing and organizing musical ideas.

HS Advanced
MU:Cr3.2.T.HSIII
Share a portfolio of musical creations representing varied styles and genres that demonstrates an advanced level of musical and technological craftsmanship as well as the use of digital and analog tools, resources and systems in developing and organizing musical ideas.

Music Technology/Performing
#MU:Pr4.1.T
Process Component: MTS-Select - Select varied musical works to present based on interest, knowledge, technical skill, and context.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Performers' interest in and knowledge of musical works, understanding of their own abilities, and the context for a performance influence the selection of repertoire.
Essential Question: How do performers select repertoire?

HS Proficient
MU:Pr4.1.T.HSI
Develop and explain the criteria used for selecting a varied repertoire of music based on interest, music reading skills, and an understanding of the performer's technical and technological skill.

HS Accomplished
MU:Pr4.1.T.HSII
Develop and apply criteria to select a varied repertoire to study and perform based on interest; an understanding of theoretical and structural characteristics of the music; and the performer's technical skill using digital tools and resources.

HS Advanced
MU:Pr4.1.T.HSIII
Develop and apply criteria to select varied programs to study and perform based on interest, an understanding of the theoretical and structural characteristics, as well as expressive challenges in the music, and the performer's technical skill using digital tools, resources, and systems.

Music Technology/Performing
#MU:Pr4.2.T
Process Component: MTS-Analyze - Analyze the structure and context of varied musical works and their implications for performance.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Analyzing creators' context and how they manipulate elements of music provides insight into their intent and informs performance.
Essential Question: How does understanding the structure and context of musical works inform performance?

HS Proficient
MU:Pr4.2.T.HSI
Describe how context, structural aspects of the music, and digital media/tools inform prepared and improvised performances.

HS Accomplished

MU:Pr4.2.T.HSII
Describe and demonstrate how context, theoretical and structural aspects of the music and digital media/tools inform and influence prepared and improvised performances.
HS Advanced
MU:Pr4.2.T.HSIII
Examine, evaluate and critique how context, theoretical and structural aspects of the music and digital media/tools inform and influence prepared and improvised performances.

Music Technology/Performing
#MU:Pr4.3.T
Process Component: MTS-Interpret - Develop personal interpretations that consider creators' intent.
Anchor Standard: Select, analyze and interpret artistic work for presentation.
Enduring Understanding: Performers make interpretive decisions based on their understanding of context and intent.
Essential Question: How do performers interpret musical works?

HS Proficient
MU:Pr4.3.T.HSI
Demonstrate how understanding the context, expressive challenges, and use of digital tools in a varied repertoire of music influence prepared or improvised performances.

HS Accomplished
MU:Pr4.3.T.HSII
Demonstrate how understanding the style, genre, context, and use of digital tools and resources in a varied repertoire of music influences prepared or improvised performances and performers' ability to connect with audiences.

HS Advanced
MU:Pr4.3.T.HSIII
Demonstrate how understanding the style, genre, context, and integration of digital technologies in a varied repertoire of music informs and influences prepared and improvised performances and their ability to connect with audiences.

Music Technology/Performing
#MU:Pr5.1.T
Process Component: MTS-Evaluate and Refine - Evaluate and refine personal and ensemble performances, individually or in collaboration with others.
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Musicians' creative choices are influenced by their context, expressive intent, and established criteria.
Essential Question: How do musicians make creative decisions?

HS Proficient
MU:Pr5.1.T.HSI
Identify and implement rehearsal strategies to improve the technical and expressive aspects of prepared and improvised performances in a varied repertoire of music.

HS Accomplished

MU:Pr5.1.T.HSII
Develop and implement rehearsal strategies to improve and refine the technical and expressive aspects of prepared and improvised performances in a varied repertoire of music.

HS Advanced
MU:Pr5.1.T.HSIII
Apply appropriate criteria as well as feedback from multiple sources and develop and implement varied strategies to improve and refine the technical and expressive aspects of prepared and improvised performances in varied programs of music.

Music Technology/Performing
#MU:Pr6.1.T
Process Component: MTS-Present - Perform expressively, with appropriate interpretation and technical accuracy, and in a manner appropriate to the audience and context.
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Musicians judge performance based on criteria that vary across time, place, and cultures. The context and how a work is presented influence the audience response.
Essential Question: When is a performance judged ready to present? How do context and the manner in which musical work is presented influence audience response?

HS Proficient
MU:Pr6.1.T.HSI
a. Using digital tools, demonstrate attention to technical accuracy and expressive qualities in prepared and improvised performances of a varied repertoire of music.
b. Demonstrate an understanding of the context of music through prepared and improvised performances.

HS Accomplished
MU:Pr6.1.T.HSII
a. Using digital tools and resources, demonstrate technical accuracy and expressive qualities in prepared and improvised performances of a varied repertoire of music representing diverse cultures, styles, and genres.
b. Demonstrate an understanding of the expressive intent when connecting with an audience through prepared and improvised performances.

Grade HS Advanced
MU:Pr6.1.T.HSIII
a. Integrating digital and analog tools and resources, demonstrate an understanding and attention to technical accuracy and expressive qualities of the music in prepared and improvised performances of a varied repertoire of music representing diverse cultures, styles, genres, and historical periods.
b. Demonstrate an ability to connect with audience members before, and engaging with and responding to them during prepared and improvised performances.

Music Technology/Responding
#MU:Re7.2.T
Process Component: MTS – Analyze - Analyze how the structure and context of varied musical works inform the response.
Anchor Standard: Perceive and analyze artistic work.

Enduring Understanding: Response to music is informed by analyzing context (social, cultural, and historical) and how creators and performers manipulate the elements of music.
Essential Question: How does understanding the structure and context of music inform a response?

HS Proficient
MU:Re7.2.T.HSI
Explain how knowledge of the structure (repetition, similarities, contrasts), technological aspects, and purpose of the music informs the response.

HS Accomplished
MU:Re7.2.T.HSII
Explain how an analysis of the structure, context, and technological aspects of the music informs the response.

HS Advanced
MU:Re7.2.T.HSIII
Demonstrate and justify how an analysis of the structural characteristics, context, and technological and creative decisions, informs interest in and response to the music.

Music Technology/Responding
#MU:Re7.I.T
Process Component: MTS – Select - Choose music appropriate for a specific purpose or context.
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Individuals' selection of musical works is influenced by their interests, experiences, understandings, and purposes.
Essential Question: How do individuals choose music to experience?

HS Proficient
MU:Re7.I.T.HSI
Cite reasons for choosing music based on the use of the elements of music, digital and electronic aspects, and connections to interest or purpose.

HS Accomplished
MU:Re7.I.T.HSII
Select and critique contrasting musical works, defending opinions based on manipulations of the elements of music, digital and electronic aspects, and the purpose and context of the works.

HS Advanced
MU:Re7.I.T.HSIII
Select, describe and compare a variety of musical selections based on characteristics and knowledge of the music, understanding of digital and electronic aspects, and the purpose and context of the works.

Music Technology/Responding
#MU:Re8.1.T
Process Component: MTS – Interpret - Support interpretations of musical works that reflect creators'/performers' expressive intent.
Anchor Standard: Interpret intent and meaning in artistic work.

Enduring Understanding: Through their use of elements and structures of music, creators and performers provide clues to their expressive intent.
Essential Question: How do we discern musical creators' and performers' expressive intent?

HS Proficient
MU:Re8.1.T.HSI
Explain and support an interpretation of the expressive intent of musical selections based on treatment of the elements of music, digital and electronic features, and purpose.

HS Accomplished
MU:Re8.1.T.HSII
Connect the influence of the treatment of the elements of music, digital and electronic features, context, purpose, and other art forms to the expressive intent of musical works.

HS Advanced
MU:Re8.1.T.HSIII
Examine, cite research and multiple sources to connect the influence of the treatment of the elements of music, digital and electronic features, context, purpose, and other art forms to the expressive intent of musical works.

Music Technology/Responding
#MU:Re9.1.T
Process Component: MTS – Evaluate - Support evaluations of musical works and performances based on analysis, interpretation, and established criteria.
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: The personal evaluation of musical works and performances is informed by analysis, interpretation, and established criteria.
Essential Question: How do we judge the quality of musical work(s) and performance(s)?

HS Proficient
MU:Re9.1.T.HSI
Evaluate music using criteria based on analysis, interpretation, digital and electronic features, and personal interests.

HS Accomplished
MU:Re9.1.T.HSII
Apply criteria to evaluate music based on analysis, interpretation, artistic intent, digital, electronic, and analog features, and musical qualities.

HS Advanced
MU:Re9.1.T.HSIII
Develop and justify the evaluation of a variety of music based on established and personally-developed criteria, digital, electronic and analog features, and understanding of purpose and context.

Music Technology/Connecting
#MU:Cn10.0.T

Process Component: MTS – Connect #10 - Synthesize and relate knowledge and personal experiences to make music.
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Musicians connect their personal interests, experiences, ideas, and knowledge to creating performing and responding.
Essential Question: How do musicians make meaningful connections to creating, performing and responding?

HS Proficient
MU:Cn10.0.T.HSI
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

HS Accomplished
MU:Cn10.0.T.HSII
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

HS Advanced
MU:Cn10.0.T.HSIII
Demonstrate how interests, knowledge and skills relate to personal choices and intent when creating, performing, and responding to music.

Music Technology/Connecting
#MU:Cn11.0.T
Process Component: MTS - Connect #11- Relate musical ideas and works to varied contexts and daily life to deepen understanding.
Anchor Standard: Relate artistic ideas and works with societal, cultural and historical context to deepen understanding.
Enduring Understanding: Understanding connections to varied contexts and daily life enhances musicians' creating, performing, and responding.
Essential Question: How do the other arts, other disciplines, contexts and daily life inform creating, performing, and responding to music?

HS Proficient
MU:Cn11.0.T.HSI
Demonstrate *understanding* of relationships between music and the other arts, other disciplines, varied contexts and daily life.

HS Accomplished
MU:Cn11.0.T.HSII
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts and daily life.

HS Advanced
MU:Cn11.0.T.HSIII
Demonstrate understanding of relationships between music and the other arts, other disciplines, varied contexts and daily life.

With permission to adopt/adapt from State Education Agency Directors of Arts Education

GLOSSARY: MUSIC

AB
Musical form consisting of two sections, A and B, which contrast with each other (binary form)

ABA
Musical form consisting of three sections, A, B, and A; two are the same, and the middle one is different (ternary form)

Ability
Natural aptitude in specific skills and processes; what the student is apt to do, without formal instruction

Academic vocabulary
words that traditionally are used in academic dialogue and text

Analog tools
Category of musical instruments and tools that are non-digital (i.e., do not transfer sound in or convert sound into binary code), such as acoustic instruments, microphones, monitors, and speakers

Analysis
(See **Analyze**)

Analyze
Examine in detail the structure and context of the music

Arrangement
Setting or adaptation of an existing musical composition

Arranger
Person who creates alternative settings or adaptations of existing music

Articulation
Characteristic way in which musical tones are connected, separated, or accented; types of articulation include legato (smooth, connected tones) and staccato (short, detached tones)

Artistic literacy
Knowledge and understanding required to participate authentically in the Arts

Atonality
Music in which no tonic or key center is apparent

Audiate
Hear and comprehend sounds in one's head (inner hearing), even when no sound is present

Audience etiquette

Social behavior observed by those attending musical performances and which can vary depending upon the type of music performed

Beat
Underlying steady pulse present in most music

Benchmark
Pre-established definition of an achievement level, designed to help measure student progress toward a goal or standard, expressed either in writing or as an example of cored student work (aka, anchor set)

Binary form
(See **AB**)

Body percussion
Use of the human body as an instrument to create percussive/rhythmic sounds such as stomping, patsching (patting thighs), clapping, clicking, snapping

Bordun
Accompaniment created by sounding two tones, five notes apart, continuously throughout a composition; can be performed in varying ways, such as simultaneously or alternating

Chant
Most commonly, the rhythmic recitation of rhymes, or poems without a sung melody; a type of singing, with a simple, unaccompanied melody line and free rhythm

Chart
Jazz or popular music score, often abbreviated, with a melody (including key and time signature) and a set of chord changes

Chord progression
Series of chords sounding in succession; certain progressions are typical in particular styles/genres of music

Collaboratively
Working together on a common (musical) task or goal

Collaboratively-developed criteria
Qualities or traits for assessing achievement level that have been through a process of collective decision-making

Complex formal structure
Musical form in which rhythmic, melodic, harmonic, and/or other musical materials undergo significant expansion and development, and may be more distantly related across sections while remaining coherent in some way, such as sonata or other novel design with three or more sections

Composer
One who creates music compositions

Composition
Original piece of music that can be repeated, typically developed over time, and preserved either in notation or in a sound recording

Compositional devices
Tools used by a composer or arranger to create or organize a composition or arrangement, such as tonality, sequence, repetition, instrumentation, orchestration, harmonic/melodic structure, style, and form

Compositional procedures
Techniques that a composer initiates and continues in pieces to develop musical ideas, such as fragmentation, imitation, sequencing, variation, aggregate completion, registral saturation, contour inversion of gestures, and rhythmic phrasing

Compositional techniques
Approaches a composer uses to manipulate and refine the elements to convey meaning and intent in a composition, such as tension-release, augmentation-diminution, sound-silence, motion-stasis, in addition to compositional devices

Concepts, music
Understandings or generalized ideas about music that are formed after learners make connections and determine relationships among ideas

Connection
Relationship among artistic ideas, personal meaning, and/or external context

Context
Environment that surrounds music, influences understanding, provides meaning, and connects to an event or occurrence

Context, cultural
Values, beliefs, and traditions of a group of people that influence musical meaning and inform culturally authentic musical practice

Context, historical
Conditions of the time and place in which music was created or performed that provide meaning and influence the musical experience

Context, personal
Unique experiences and relationships that surround a single person and are influenced by personal life, family, habits, interest, and preferences

Context, social environment
Surrounding something or someone's creation or intended audience that reflects and influences how people use and interpret the musical experience

Craftsmanship
Degree of skill and ability exhibited by a creator or performer to manipulate the elements of music in a composition or performance

Create
Conceive and develop new artistic ideas, such as an improvisation, composition, or arrangement, into a work

Creative intent

Shaping of the elements of music to express and convey emotions, thoughts, and ideas '

Creator
One who originates a music composition, arrangement, or improvisation

Criteria
Guidelines used to judge the quality of a student's performance (See **Rubric**)

Cultural context
Values, beliefs, and traditions of a group of people that influence musical meaning and inform culturally authentic musical practice

Culturally authentic performance
Presentation that reflects practices and interpretation representative of the style and traditions of a culture

Culture
Values and beliefs of a particular group of people, from a specific place or time, expressed through characteristics such as tradition, social structure, religion, art, and food

Cyclical structure
Musical form characterized by the return or "cycling around" of significantly recognizable themes, motives, and/or patterns across movements

Demonstrate
Show musical understanding through observable behavior such as moving, chanting, singing, or playing instruments

Diatonic
Seven-tone scale consisting of five whole steps and two half steps

Digital environment
Simulated place made or created through the use of one or more computers, sensors, or equipment

Digital notation
A visual image of musical sound created by using computer software applications, intended either as a record of sound heard or imagined, or as a set of visual instructions for performers

Digital resources
Anything published in a format capable of being read by a computer, a web-enabled device, a digital tablet, or smartphone

Digital systems
Platforms that allow interaction and the conversion between and through the audio and digital domains

Digital tools
Category of musical instruments and tools that manipulate sound using binary code, such as electronic keyboards, digital audio interfaces, MIDI, and computer software

Dynamics
Level or range of loudness of a sound or sounds

Elements of music
Basic characteristics of sound (pitch, rhythm, harmony, dynamics, timbre, texture, form, and style/articulation) that are manipulated to create music

Enduring understanding
Overarching (aka, "big") ideas that are central to the core of the music discipline and may be transferred to new situations

Ensemble
Group of individuals organized to perform artistic work: traditional, large groups such as bands, orchestras, and choirs; chamber, smaller groups, such as duets, trios, and quartets; emerging, such as guitar, iPad, mariachi, steel drum or pan, and Taiko drumming

Essential question
Question that is central to the core of a discipline –in this case, music – and promotes investigation to uncover corresponding enduring understanding(s)

Established criteria
Traits or dimensions for making quality judgments in music of a particular style, genre, cultural context, or historical period that have gained general acceptance and application over time

Expanded form
Basic form (such as AB, ABA, rondo or theme and variation) expanded by the addition of an introduction, transition, and/or coda

Explore
Discover, investigate, and create musical ideas through singing, chanting, playing instruments, or moving to music

Expression
Feeling conveyed through music

Expressive aspects
Characteristics that convey feeling in the presentation of musical ideas

Expressive intent
The emotions, thoughts, and ideas that a performer or composer seeks to convey by manipulating the elements of music

Expressive qualities
Qualities such as dynamics, tempo, articulation which -- when combined with other elements of music -- give a composition its musical identity

Form
Element of music describing the overall organization of a piece of music, such as AB, ABA, rondo, theme and variations, and strophic form

Formal design

Large-scale framework for a piece of music in which the constituent parts cohere into a meaningful whole; encompasses both structural and tonal aspects of the piece

Fret
Thin strip of material placed across the fingerboard of some stringed Instruments, such as guitar, banjo, and mandolin; the fingers press the strings against the frets to determine pitch

Function
Use for which music is created, performed, or experienced, such as dance, social, recreation, music therapy, video games, and advertising

Fundamentals of music theory
Basic elements of music, their subsets, and how they interact: rhythm and meter; pitch and clefs; intervals; scales, keys and key signatures; triads and seventh chords

Fusion
Type of music created by combining contrasting styles into a new style

Genre
Category of music characterized by a distinctive style, form, and/or content, such as jazz, march, and country

Guidance
Assistance provided temporarily to enable a student to perform a musical task that would be difficult to perform unaided, best implemented in a manner that helps develop that student's capacity to eventually perform the task independently

Harmonic sequences
Series of two or more chords commonly used to support melody(ies)

Harmonizing instruments
musical instruments, such as guitars, ukuleles, and keyboards, capable of producing harmonies as well as melodies, often used to provide chordal accompaniments for melodies and songs

Harmonization
Process of applying stylistically appropriate harmony, such as chords, countermelodies, and ostinato, to melodic material

Harmony
Chordal structure of a music composition in which the simultaneous sounding of pitches produces chords and their successive use produces chord progressions

Heterophonic
Musical texture in which slightly different versions of the same melody sound simultaneously

Historical context
Conditions of the time and place in which music was created or performed and that provide meaning and influence the musical experience

Historical periods

Period of years during which music that was created and/or performed shared common characteristics; historians of Western art music typically refer to the following: Medieval (ca. 500-ca. 1420), Renaissance (ca. 1420-ca. 1600), Baroque (ca. 1600-ca. 1750), Classic (ca. 1750-ca. 1820), Romantic (ca. 1820-ca. 1900), and Contemporary (ca. 1900-)

Homophonic
Musical texture in which all parts move in the same rhythm but use different pitches, as in hymns; also, a melody supported by chords

Iconic notation
Representation of sound and its treatment using lines, drawings, pictures

Imagine
Generate musical ideas for various purposes and contexts

Imagination
Ability to generate in the mind ideas, concepts, sounds, and images that are not physically present and may not have been previously experienced (See **Audiate**)

Improvisation
Music created and performed spontaneously or "in-the-moment," often within a framework determined by the musical style

Improviser
One who creates music spontaneously or "in-the-moment"

Independently
Working with virtually no assistance, initiating appropriate requests for consultation, performing in a self-directed ensemble offering ideas/solutions that make such consulting collaborative rather than teacher-directed

Intent
Meaning or feeling of the music planned and conveyed by a creator or performer

Interpret
Determine and demonstrate music's expressive intent and meaning when responding and performing

Interpretation
Intent and meaning that a performer realizes in studying and performing a piece of music

Intervals
Distance between two tones, named by counting all pitch names involved; harmonic interval occurs when two pitches are sounded simultaneously, and melodic interval when two pitches are sounded successively

Intonation
Singing or playing the correct pitch in tune

Key signature
Set of sharps or flats at the beginning of the staff, following the clef sign, that indicates the primary pitch set or scale used in the music and provide clues to the resting tone and mode

Lead-sheet notation

System symbol used to identify chords in jazz, popular, and folk music; uppercase letters are written above the staff, specifying which chords should be used and when they should be played

Lyrics
Words of a song

Major scale
Scale in which the ascending pattern of whole and half steps is whole, whole, half, whole, whole, whole, half

Melodic contour
Shape of a melody created by the way its pitches repeat and move up and down in steps and skips

Melodic passage
Short section or series of notes within a larger work that constitutes a single coherent melodic idea

Melodic pattern
Grouping, generally brief, of tones or pitches

Melody
Linear succession of sounds (pitches) and silences moving through time; the horizontal structure of music

Meter
Grouping of beats and divisions of beats in music, often in sets of twos (duple meter) or threes (triple meter)

Minor scale
Scale in which one characteristic feature is a half-step between the second and third tones; the three forms of the minor scale are natural, harmonic, and melodic

Modal
Music based on a mode other than major or minor

Modes
Seven-tone scales that include five whole steps and two half steps; the seven possible modes —Ionian, Dorian, Phrygian, Lydian, Mixolydian, Aeolian, and Locrian— were used in the Medieval and Renaissance periods and served as the basis from which major (Ionian) and minor (Aeolian) scales emerged

Model cornerstone assessment
Suggested assessment process, embedded within a unit of study, that includes a series of focused tasks to measure student achievement within multiple process components

Moderately complex formal structure
Musical form with three or more sections (such as rounded binary, rondo, or other novel design), in which section closure is somewhat nuanced or ambiguous, and the rhythmic, melodic, harmonic, and/or other musical materials across sections may be more distantly related while remaining coherent in some way

Mood
Over-all feeling that a section or piece of music conveys

Monophonic
Musical texture consisting of a single, unaccompanied melodic line

Motif/motive
Brief rhythmic/melodic figure or pattern that recurs throughout a composition as a unifying element

Movement
Act of moving in nonlocomotor (such as clapping and finger snapping) and locomotor (such as walking and running) patterns to represent and interpret musical sounds

Music literacy
Knowledge and understanding required to participate authentically in the discipline of music by independently carrying out the artistic processes of creating, performing, and responding

Music theory
Study of how music is composed and performed; analysis of the elements of music and the framework for understanding musical works

Music vocabulary
Domain-specific words traditionally used in performing, studying, or describing music (See Academic vocabulary)

Musical criteria
Traits relevant to assessing music attributes of a work or performance

Musical idea
Idea expressed in music, which can range in length from the smallest meaningful level (motive or short pattern) through a phrase, a section, or an entire piece

Musical range
Span between the highest and lowest pitches of a melody, instrument, or voice

Musical work
Piece of music preserved as a notated copy or sound recording or passed through oral tradition

Non-pitched instruments
Instruments, such as woodblocks, whistles, electronic sounds, that do not have definite pitches or tones

Notation
Visual representation of musical sounds

One-part formal structure
Continuous form, with or without an interruption, in which a singular instance of formal closure is achieved only at or near the end of the piece; also known as through-composed

Open-ended assessment
Assessment that allows students to demonstrate the learning of a particular outcome in a variety of ways, such as demonstrating understanding of rhythmic notation by moving, singing, or chanting

Pentatonic scale
Five-tone scale often identified with the pattern of the black keys of a keyboard, although other five-tone arrangements are possible

Perform
Process of realizing artistic ideas and work through interpretation and presentation

Performing, performance
Experience of engaging in the act of presenting music in a classroom or private or public venue (See also Artistic Process of Performing)

Performance decorum
Aspects of contextually appropriate propriety and proper behavior, conduct, and appearance for a musical performance, such as stage presence, etiquette, and appropriate attire

Performance practice
Performance and presentation of a work that reflect established norms for the style and social, cultural, and historical contexts of that work

Performance technique
Personal technical skills developed and used by a performer

Personal context
Unique experiences and relationships that surround a single person and are influenced by personal life, family, habits, interest, and preferences

Personally-developed criteria
Qualities or traits for assessing achievement level developed by students individually

Phrase
Musical segment with a clear beginning and ending, comparable to a simple sentence or clause in written text

Phrasing
Performance of a musical phrase that uses expressive qualities such as dynamics, tempo, articulation, and timbre to convey a thought, mood, or feeling

Piece
General, non-technical term referring to a composition or musical work

Pitch
Identification of a tone or note with respect to highness or lowness (i.e., frequency)

Plan
Select and develop musical ideas for creating a musical work

Polyphonic
Musical texture in which two or more melodies sound simultaneously

Polytonal
Music in which two or more tonalities (keys) sound simultaneously

Present
Share artistic work (e.g., a composition) with others

Program
Presentation of a sequence of musical works that can be performed by individual musicians or groups in a concert, recital, or other setting

Purpose
Reason for which music is created, such as, ceremonial, recreational/social, commercial, or generalized artistic expression

Refine
Make changes in musical works or performances to more effectively realize intent through technical quality or expression

Repertoire
Body or set of musical works that can be performed

Respond
Understand and evaluate how the arts convey meaning

Rhythm
Duration or length of sounds and silences that occur in music; organization of sounds and silences in time

Rhythmic passage
Short section or series of notes within a larger work that constitutes a single coherent rhythmic idea

Rhythmic pattern
Grouping, generally brief, of long and short sounds and silences

Rondo
Musical form consisting of three or more contrasting sections in which one section recurs, such as ABACA

Rubric
Established, ordered set of criteria for judging student performance; includes descriptors of student work at various levels of achievement

Scale
Pattern of pitches arranged in ascending or descending order and identified by their specific arrangement of whole and half steps

Score
Written notation of an entire music composition

Section
One of a number of distinct segments that together comprise a composition; a section consists of several phrases

Select
Choose music for performing, rehearsing, or responding based on interest, knowledge, ability, and context

Sensitivity

Skill of a creator, performer, or listener in responding to and conveying the nuances of sound or expression

Set
Sequence of songs or pieces performed together by a singer, band, or disc jockey and constituting or forming part of a live show or recording

Setting
Specified or implied instrumentation, voicing, or orchestration of a musical work

Setting of the text
Musical treatment of text as presented in the music

Share
Present artistic work (e.g., a composition) to others

Sight-reading
First attempt to perform a notated musical work

Simple formal structure
Musical form with a small number of distinct or clearly delineated sections, (such as simple binary, ternary, or other novel design), using closely related rhythmic, melodic, and harmonic materials across the sections

Social context
Environment surrounding something or someone's creation or intended audience that reflects and influences how people use and interpret the musical experience

Sonic events
Individual sounds (or sound masses) and silences whose succession forms patterns and contrasting units that are perceived as musical

Sonic experience
Perception and understanding of the sounds and silences of a musical work and their inter-relationship

Stage presence
Performer's ability to convey music content to a live audience through traits such as personal knowledge of the repertoire, exhibited confidence, decorum, eye contact and facial expression

Staging
Environmental considerations, such as lighting, sound, seating arrangement, and visual enhancements, that contribute to the impact of a musical performance

Standard notation
System for visually representing musical sound that is in widespread use; such systems include traditional music staff notation, tablature notation (primarily for fretted stringed instruments), and lead-sheet notation

Storyline
Extra-musical narrative that inspires or explains the structure of a piece of music

Strophic form

Vocal music in which the music repeats with a new set of text each time

Structural
(See **Structure**)
Structure
Totality of a musical work

Style
Label for a type of music possessing distinguishing characteristics and often performance practices associated with its historical period, cultural context, and/or genre

Stylistic expression
Interpretation of expressive qualities in a manner that is authentic and appropriate to the genre, historical period, and cultural context of origin

Tablature
System of graphic standard notation, commonly used for fretted stringed instruments, in which a diagram visually represents both the fret board and finger placement on the fret board

Teacher-provided criteria
Qualities or traits for assessing achievement level that are provided to students by the teacher

Technical aspects
Characteristics enabling the accurate representation/presentation of musical ideas

Technical challenges
Requirements of a particular piece of music that stretch or exceed a performer's current level of proficiency in technical areas such as timbre, intonation, diction, range, or speed of execution

Technical accuracy, technical skill
Ability to perform with appropriate timbre, intonation, and diction as well as to play or sing the correct pitches and rhythms at a tempo appropriate to the musical work

Tempo
Rate or speed of the beat in a musical work or performance

Tension/release
Musical device (musical stress, instability, or intensity, followed by musical relaxation, stability, or resolution) used to create a flow of feeling

Ternary form
(See **ABA**)

Texture
Manner in which the harmonic (vertical) and melodic (horizontal) elements are combined to create layers of sound

Theme and variations
Musical form in which a melody is presented and then followed by two or more sections presenting variations of that melody

Theoretical
(See **Fundamentals of Music Theory**)

Timbre
Tone color or tone quality that distinguishes one sound source, instrument, or voice from another

Tonal pattern
Grouping, generally brief, of tones or pitches

Tonality
Tonic or key tone around which a piece of music is centered

Transfer
Use music knowledge and skills appropriately in a new context

Unity
Presence of structural coherence within a work, generally achieved through the repetition of various elements of music (See **Variety**)

Variety
Presence of structural contrast within a work for the purpose of creating and sustaining interest, generally achieved through utilizing variations in the treatment of the elements of music (See **Unity**)

Venue
Physical setting in which a musical event takes place

Vocables
Audible sounds and/or nonsense syllables used by vocalists to convey musical ideas or intent

Vocalizations
Vocal exercises that include no text and are sung to one or more vowels

~~IDAHO CONTENT STANDARDS~~
~~GRADE 7-12~~
~~HUMANITIES: WORLD LANGUAGES - LEVEL 1~~

~~Standard 1: Acquisition and use of language.~~

~~Students comprehend and communicate in the target language through listening, reading, writing, and speaking.~~

~~Level 1 students use the four skills of language acquisition (listening, speaking, reading, and writing) with respect to very basic vocabulary. Students comprehend the language in context when spoken slowly and clearly by teachers or teaching resources. Students read short, modified texts and differentiate symbols, words, questions, and statements. Students write in short simple sentences. Students speak in rehearsed responses to rehearsed questions. The output of a level one student is comprehensible to a sympathetic world languages teacher.~~

~~Goal 1.1: Listening~~

~~Objective(s): Upon completion of Level 1, the student will be able to:~~

~~7-12.WL1.1.1.1 Comprehend basic vocabulary in isolation and in context.~~
~~7-12.WL1.1.1.2 Capture essential information from everyday conversations and short passages (e.g., cognates, context clues).~~
~~7-12.WL1.1.1.3 Recognize basic sentence types (e.g., questions, sentences, commands, negative and positive).~~
~~7-12.WL1.1.1.4 Comprehend question words (e.g., who, what, when, where, how). 7-~~
~~12.WL1.1.1.5 Recognize number and gender signals.~~
~~7-12.WL1.1.1.6 Distinguish between formal and informal address.~~

~~Goal 1.2: Speaking~~

~~Objective(s): Upon completion of Level 1, the student will be able to:~~

~~7-12.WL1.1.2.1 Use basic vocabulary to respond to familiar prompts. 7-~~
~~12.WL1.1.2.2 Express preferences, desires, opinions, and feelings.~~
~~7-12.WL1.1.2.3 Use appropriate level of politeness in simulated social exchanges.~~

~~Goal 1.3: Reading~~

~~Objective(s): Upon completion of Level 1, the student will be able to:~~

~~7-12.WL1.1.3.1 Decode written text, diacritical marks, and symbolic systems. 7-~~
~~12.WL1.1.3.2 Recognize written forms of basic vocabulary.~~
~~7-12.WL1.1.3.3 Associate the written text with spoken forms. 7-~~
~~12.WL1.1.3.4 Recognize cognates and borrowed words.~~

~~Goal 1.4: Writing~~

~~Objective(s): Upon completion of Level 1, the student will be able to:~~

~~7-12.WL1.1.4.1 Write basic vocabulary and short sentences (e.g., from dictation, picture cues, cloze activities, word banks).~~

~~7-12.WL1.1.4.2 Write a logical response to a familiar question or comment. 7-~~
~~12.WL1.1.4.3 Rewrite sentences, using substitutions.~~
~~7-12.WL1.1.4.4 Construct simple sentences using familiar vocabulary and phrases.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of world languages. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Level 1 students identify some parts of speech found in basic sentence grammar in the target language. Students demonstrate connections between the target language and English (cognates), determine whether sentences are positive or negative, and begin to use verb patterns (e.g., a specific tense when appropriate). Students use a short, comprehensible sentence structure, although it may not be completely accurate.~~

~~Goal 2.1: Analysis of Language Elements and Products~~

~~Objective(s): Upon completion of Level 1, the student will be able to:~~
~~7-12.WL1.2.1.1 Manipulate components of simple statements, questions, and commands (e.g., parts of speech, punctuation, and word order).~~
~~7-12.WL1.2.1.2 Derive meaning from word order.~~
~~7-12.WL1.2.1.3 Recognize appropriate verb patterns in context or tense. 7-~~
~~12.WL1.2.1.4 Compare linguistic elements among languages.~~
~~7-12.WL1.2.1.5 Recognize systematic changes in word families.~~

~~Goal 2.2: Modification and Manipulation of Language Elements and Products~~

~~Objective(s): Upon completion of Level 1, the student will be able to:~~
~~7-12.WL1.2.2.1 Use systematic changes within word families to expand vocabulary. 7-~~
~~12.WL1.2.2.2 Use acquired verbs appropriately to convey meaning.~~
~~7-12.WL1.2.2.3 Modify sentences to express positive and negative aspects.~~
~~7-12.WL1.2.2.4 Organize components of statements, questions, and commands to convey meaning individually and collaboratively.~~

~~Standard 3: History, Geography, and Culture~~

~~Students demonstrate an understanding of how people and cultures are connected across time in the geographical areas represented by the target languages. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Level 1 students find the areas of the world where the target language is spoken, name those lands and states in which the language is spoken, recall some historical facts about those places, and compare daily activities in their own Idaho culture with those in the target cultures. Students demonstrate awareness of customs of politeness (such as forms of address) in the target culture.~~

~~Goal 3.1: Historical Context~~

~~**Objective(s): Upon completion of Level 1, the student will be able to:**~~

~~7-12.WL1.3.1.1 Recognize major historical and cultural figures and events from the target culture.~~

~~7-12.WL1.3.1.2 Identify historical connections between English and the target language (e.g., cognates, language origins).~~

~~**Goal 3.2: Geographical Context**~~

~~**Objective(s): Upon completion of Level 1, the student will be able to:**~~

~~7-12.WL1.3.2.1 Locate the areas in the world where the target language is spoken. 7-12.WL1.3.2.2 Describe the geographical features of major areas where the target language is spoken.~~

~~**Goal 3.3: Cultural Context**~~

~~**Objective(s): Upon completion of Level 1, the student will be able to:**~~

~~7-12.WL1.3.3.1 Compare and contrast the everyday life and social observances of the target culture with U.S. culture.~~

~~7-12.WL1.3.3.2 Recognize nonverbal cues and body language typically used in the target language.~~

~~7-12.WL1.3.3.3 Use appropriate cultural responses in diverse exchanges (e.g., forms of address, levels of familiarity).~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 7-12~~
~~HUMANITIES: WORLD LANGUAGES – LEVEL 2~~

~~The student is expected to know content and apply skills from Level 1.~~

Standard 1~~: Acquisition and use of language.~~

~~Students comprehend and communicate in the target language through listening, reading, writing, and speaking.~~

~~Level 2 students use the four language acquisition skills with an expanded, but still basic, vocabulary. Students comprehend aural input in longer and more complex pieces (up to several minutes of input at a time). Students follow classroom directions given in the target language. Students read longer (100 to 250 word) passages, which contain both familiar and unfamiliar vocabulary, and use a variety of strategies to decipher the unfamiliar pieces. Students write paragraph length texts about a variety of familiar topics, in a variety of settings (place and time). Students engage in more extended conversation about rehearsed topics with the teacher and respond to unrehearsed but familiar questions with appropriate language. Students present rehearsed information orally. All student output in the second year should be comprehensible to a sympathetic native speaker and/or teacher of the language.~~

~~Goal 1.1: Listening~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~

~~7-12.WL2.1.1.1 Comprehend expanding vocabulary in isolation and in context. 7-~~
~~12.WL2.1.1.2 Follow general classroom instruction in the target language.~~
~~7-12.WL2.1.1.3 Distinguish if an action described is taking place in the past, present, or future.~~
~~7-12.WL2.1.1.4 Comprehend speech in a variety of forms (e.g., regional accents, teacher talking in varying rates of delivery).~~

~~Goal 1.2: Speaking~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~

~~7-12.WL2.1.2.1 Engage in an extended conversation about rehearsed topics.~~
~~7-12.WL2.1.2.2 Retell stories and present information (e.g., from texts, visual clues, Internet sources).~~
~~7-12.WL2.1.2.3 Read texts aloud.~~
~~7-12.WL2.1.2.4 Respond to familiar, unrehearsed questions and situations using appropriate target language.~~

~~Goal 1.3: Reading~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~

~~7-12.WL2.1.3.1 Read and comprehend short passages consisting of familiar vocabulary. 7-~~
~~12.WL2.1.3.2 Read and comprehend short passages that contain some unfamiliar vocabulary.~~

~~7-12.WL2.1.3.3 Scan authentic sources to gain specific information through visual clues and cognates.~~
~~7-12.WL2.1.3.4 Read more complex, annotated passages with supplied vocabulary.~~

~~Goal 1.4: Writing~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~
~~7-12.WL2.1.4.1 Write in a variety of forms and tenses, using acquired vocabulary to focus on time, events, and settings.~~
~~7-12.WL2.1.4.2 Create paragraph-length writings about familiar topics.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of world languages. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Level 2 students recognize and derive meaning from correctly used language elements and manipulate these elements to create texts with meaning. Students create output in speech and writing, which demonstrates improving use of grammar elements, verbal expression, and vocabulary. Students express preferences in several ways, ask a variety of questions, and express a variety of needs and wishes.~~

~~Goal 2.1: Analysis of Language Elements and Products~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~
~~7-12.WL2.2.1.1 Recognize appropriate verb patterns (e.g., tenses and intonations).~~
~~7-12.WL2.2.1.2 Recognize and derive meaning from correctly used language elements (e.g., nouns, pronouns, articles, adjectives, adverbs, prepositions).~~
~~7-12.WL2.2.1.3 Predict meaning of unfamiliar words based on context and word families.~~

~~Goal 2.2: Modification and Manipulation of Language Elements and Products~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~
~~7-12.WL2.2.2.1 Manipulate language structures to demonstrate comparative and superlative relationships.~~
~~7-12.WL2.2.2.2 Use language structures to express degrees of preference or differences (e.g., "I like hamburgers," "I prefer hamburgers to hotdogs").~~
~~7-12.WL2.2.2.3 Use language-specific structures to show roles of nouns, pronouns, adjectives, and adverbs in context (e.g., subject, possessive, object).~~

~~Standard 3: History, Geography, and Culture~~

~~Students demonstrate an understanding of how people and cultures are connected across time in geographical areas represented by the target languages. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Level 2 students recall the basic geography and history of the target cultures, and furthermore have a deeper understanding of selected regions, persons, and events in the target culture. Students discuss some of the cultural features of the regions in the target language.~~

~~Goal 3.1: Historical Context~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~

~~7-12.WL2.3.1.1 Analyze the impact of selected historical figures and events on the target culture.~~

~~Goal 3.2: Geographical Context~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~

~~7-12.WL2.3.2.1 Examine geopolitical regions selected from the target culture (e.g., focus on a city, geographical entity).~~

~~Goal 3.3: Cultural Context~~

~~Objective(s): Upon completion of Level 2, the student will be able to:~~

~~7-12.WL2.3.3.1 Identify unique cultural aspects of regions in the target culture (e.g., food, holidays, customs, celebrations).~~

~~IDAHO CONTENT STANDARDS~~
~~GRADE 7-12~~
~~HUMANITIES: WORLD LANGUAGES – LEVELS 3-4~~

~~The student is expected to know content and apply skills from Levels 1–2.~~

~~Standard 1: Acquisition and use of language.~~

~~Students comprehend and communicate in the target language through listening, reading, writing, and speaking.~~

~~Level 3 and 4 students acquire a variety of more comprehensive vocabulary, varying according to the topics selected during a particular year. Students listen to and comprehend extended spoken lectures, discussions, and media presentations in the target language. Students conduct classroom events in the target language. Students read texts of varying lengths, including stories, Internet texts, short novels, and authentic texts such as advertisements and news articles. Students write about these various topics, using appropriate resources. Students write longer and more accurate pieces. Students participate in unrehearsed classroom conversations in the target language, present formal oral projects, and read aloud comprehensibly. Output from an advanced student should be comprehensible to sympathetic teachers, classmates, and native speakers.~~

~~Goal 1.1: Listening~~

~~Objective(s): Upon completion of Levels 3 – 4, the student will be able to:~~

- ~~7-12.WL3.1.1.1 Comprehend vocabulary related to class themes and literature.~~
- ~~7-12.WL3.1.1.2 Comprehend extended passages and peer conversations in the target language.~~
- ~~7-12.WL3.1.1.3 Gather key information from longer passages.~~
- ~~7-12.WL3.1.1.4 Interpret the intent or meaning of a spoken passage (tone, idioms, nuance, sarcasm, irony).~~
- ~~7-12.WL3.1.1.5 Comprehend authentic speech.~~

~~Goal 1.2: Speaking~~

~~Objective(s): Upon completion of Levels 3 – 4, the student will be able to:~~

- ~~7-12.WL3.1.2.1 Engage in an extended conversation about unrehearsed topics.~~
- ~~7-12.WL3.1.2.2 Use alternatives to express meaning (e.g., circumlocution, synonyms, antonyms).~~
- ~~7-12.WL3.1.2.3 Engage in a planned conversation on a thematic topic (e.g., role playing, panel discussion, discussion of a literary work).~~

~~Goal 1.3: Reading~~

~~Objective(s): Upon completion of Levels 3 – 4, the student will be able to:~~

- ~~7-12.WL3.1.3.1 Acquire new vocabulary through reading.~~
- ~~7-12.WL3.1.3.2 Identify the key elements or main idea of authentic information texts.~~

~~7-12.WL3.1.3.3 Summarize content of passages (e.g., poetry, song lyrics, folktales, fiction, graphic novels, and Internet text).~~
~~7-12.WL3.1.3.4 Read and comprehend extended narratives.~~

~~Goal 1.4: Writing~~

~~Objective(s): Upon completion of Levels 3 - 4, the student will be able to:~~
~~7-12.WL3.1.4.1 Write in a variety of forms about thematic subjects.~~
~~7-12.WL3.1.4.2 Incorporate all acquired tenses, structures, and vocabulary in original works.~~

~~Standard 2: Critical Thinking~~

~~Students understand the purposes and functions of world languages. They build literacy and develop critical thinking through analysis and interpretation.~~

~~Level 3 and 4 students interpret some nuances and the intent of the target language, such as humor, irony, and sarcasm, and begin to use these in their speech and writing. Students speak and write with increasingly correct and complex structures and vocabulary.~~

~~Goal 2.1: Analysis of Language Elements and Products~~

~~Objective(s): Upon completion of Levels 3 - 4, the student will be able to:~~
~~7-12.WL3.2.1.1 Infer meaning of an unfamiliar word based on its grammatical position and origins.~~
~~7-12.WL3.2.1.2 Recognize appropriate verb patterns (e.g., modes, tenses, and intonations).~~
~~7-12.WL3.2.1.3 Compare idiomatic and figurative expressions among languages. 7-12.WL3.2.1.4 Predict the meaning of a word based on its origin and usage in the sentence.~~

~~Goal 2.2: Modification and Manipulation of Language Elements and Products~~

~~Objective(s): Upon completion of Levels 3 - 4, the student will be able to:~~
~~7-12.WL3.2.2.1 Predict outcomes of and infer meaning from authentic written and oral sources (e.g., poetry, lyrics, literature, and Internet).~~
~~7-12.WL3.2.2.2 Use language to achieve complex social objectives (e.g., persuasion, apology, complaints, regrets).~~

~~Standard 3: History, Geography, and Culture~~

~~Students demonstrate an understanding of how people and cultures are connected across time in geographical areas represented by the target languages. Humanities instruction prepares students to work and live as global citizens because of their greater understanding of their own culture and the cultures of others.~~

~~Students demonstrate an understanding of the historical, geographical, and cultural contexts of the target language.~~

~~Level 3 and 4 students examine geography, history, and culture in the context of class themes in the target language.~~

~~Goal 3.1: Historical Context~~

~~Objective(s): Upon completion of Levels 3 - 4, the student will be able to:~~

~~7-12.WL3.3.1.1 Examine selected historical figures and events in depth.~~

~~7-12.WL3.3.1.2 Investigate the historical context of selected examples of art, music, literature, and film from the target culture.~~

~~Goal 3.2: Geographical Context~~

~~7-12.WL3.3.2.1 Discuss geography in context of class themes.~~

~~Goal 3.3: Cultural Context~~

~~Objective(s): Upon completion of Levels 3 - 4, the student will be able to:~~

~~7-12.WL3.3.3.1 React to current events in the target language.~~

~~7-12.WL3.3.3.2 Use Internet resources in the target language to explore a variety of topics.~~

~~7-12.WL3.3.3.3 Demonstrate a willingness to be open and responsive to new and diverse perspectives.~~

ARTS AND HUMANITIES

WORLD LANGUAGE

Approved by the Idaho State Board of Education, August 11, 2016

World Language Standards

Communication

Goal: Communicate effectively in multiple languages and utilize the target language to function in a variety of social/work related situations

Enduring Understanding: Communication and collaboration in more than one language is vital for success in an interconnected world.

Essential Question(s)?

- What is the purpose of language?
- What do humans do with language and to what end?
- How does an increasingly interconnected world impact language learning?

Standards and Objectives:

- Interpersonal communication Standard COMM 1: Interact with others in the target language and gain meaning from interactions in the target language.
  - Objective COMM 1.1: Interact and negotiate meaning (spoken, signed, written conversation) to share information, reactions, feelings, and opinions
- Interpretive communication Standard COMM 2: Discover meaning from what is heard, read or viewed on a variety of topics in the target language
  - Objective COMM 2.1: Understand, interpret, and analyze what is heard, read, or viewed on a variety of topics.
- Presentational communication Standard COMM 3: Utilize appropriate media to present an idea to an audience
  - Objective COMM 3.1: Present information, concepts, and ideas to inform, explain, persuade, and narrate on a variety of topics using appropriate media in the target language.
  - Objective COMM 3.2: Adapt presentation to various audiences of listeners, readers, or viewers.

Cultures

Goal: Interact with cultural competence and understanding in an interconnected world.

Enduring Understanding: The study of culture is deeply intertwined with the study of other languages. Developing an understanding and awareness of other cultures' perspectives is critical in the development of global competence.

Essential Question(s):

- How do a variety of cultures impact our daily lives?
- Why is cultural sensitivity an important part of gaining global competence?

- What is their perspective?
- How does their perspective influence what people do/create?

Standards and Objectives:

- Relating cultural practices to perspective Standard CLTR 1: Investigate, explain and reflect on the relationship between the practices and perspectives of the cultures studied in the target language.
  - Objective CLTR 1.1: Analyze the cultural practices/patterns of behavior accepted as the societal norm in the target culture.
  - Objective CLTR 1.2: Explain the relationship between cultural practices/behaviors and the perspectives that represent the target culture's view of the world.
  - Objective CLTR 1.3: Function appropriately in diverse contexts within the target culture.
- Relating cultural products to perspective Standard CLTR 2: Investigate, explain and reflect on the relationship between the products and perspectives of the cultures studied in the target language.
  - Objective CLTR 2.1: Analyze the significance of a product (art, music, literature, etc.…) in a target culture.
  - Objective CLTR 2.2: Describe the connections of products from the target culture with the practices and perspectives of the culture.
  - Objective CLTR 2.3: Justify the underlying beliefs or values of the target culture that resulted in the creation of the product.

Connections

Goal: Acquire information and diverse perspectives in order to use the target language to connect to other disciplines and to function in academic and career related situations.

Enduring Understanding: Interdisciplinary learning is a critical component in the educational experience of all students. Connecting multiple disciplines builds and reinforces the content Enduring Understanding: Languages and cultures are multi-faceted, the diverse patterns and perspectives inherent to language systems/cultures express meaning in culturally appropriate ways.

Essential Question(s):

- What role does language learning play in the educational experience of students?
- How does connecting to other disciplines make students well-informed global citizens?
- How does extending student access to variety of information and diverse perspectives influence their ability to perform in academic and career related settings?

Standards and Objectives:

- Making connections Standard CONN 1: Build, reinforce, and expand knowledge of other disciplines while using the target language to develop critical thinking/creative problem solving skills.
  - Objective CONN 1.1: Compare and contrast information acquired from other content areas.
  - Objective CONN 1.2: Relate information studied in other subjects to the target language and culture.

- Acquiring information and diverse perspectives Standard CONN 2: Access and evaluate information and diverse perspectives that are available through the target language and its cultures.
  - Objective CONN 2.1: Access authentic materials prepared in the target language by or for native speakers.
  - Objective CONN 2.2: Analyze the content and cultural perspectives of authentic materials prepared in the target language by or for native speakers
  - Objective CONN 2.3: Compare and contrast cultural similarities and differences in authentic materials.

Comparisons

Goal: Develop insight and understanding of target culture and language in order to interact with cultural competence.

Enduring Understanding: Languages and cultures are multi-faceted, the diverse patterns and perspectives inherent to language systems/cultures express meaning in culturally appropriate ways.

Essential Question(s):

- How does the target language differ from the learner's first language?
- How do the target culture's perspectives compare to the learner's perspective?

Standards and Objectives:

- Cultural Comparisons Standard COMP 2: Investigate, explain, and reflect on the concept of culture through the comparisons of the cultures studied and their own.
  - Objective COMP 1.1: Observe formal and informal forms of language.
  - Objective COMP 1.2: Identify patterns and explain discrepancies the sounds and the writing system in the target language.
  - Objective COMP 1.3: Compare and analyze idiomatic expressions in the target language.
- Cultural Comparisons Standard COMP 2: Investigate, explain, and reflect on the concept of culture through the comparisons of the cultures studied and their own.
  - Objective COMP 2.1: Identify, describe and compare/contrast products and their use in the target culture with the learner's culture.
  - Objective COMP 2.2: Compare and contrast appropriate gestures and oral expressions in the target culture with the learner's culture.
  - Objective COMP 2.3: Compare and contrast authentic materials from the target culture with the learner's culture.

Communities

Goal: Communicate and interact with cultural competence in multilingual communities at home and around the world.

Enduring Understanding: The increasing interconnectedness of the world's economy requires that United States citizens continue to become proficient in other languages and adept at understanding and communicating appropriately in cultural contexts.

Essential Question(s):

- How are language proficiency and cultural competence developed?
- How do continued opportunities to learn and use language increase language proficiency over a period of time?
- What personal benefits are there to becoming a lifelong language learner?

Standards and Objectives:

- School and Global Communities Standard COMT 1: Interact and collaborate in communities and the globalized world both within and beyond the classroom.
  - Objective COMT 1.1: Participate in multilingual communities at home and around the world.
  - Objective COMT 1.2: Discuss personal preferences in activities and events both within and beyond the classroom.
  - Objective COMT 1.3: Utilize knowledge of the target language to tutor English language learners that know the target language.
- Lifelong learning Standard COMT 2: Reflect on progress using languages for enjoyment, enrichment, and advancement.
  - Objective COMT 2.1: Interpret materials and/or use media from the language and culture for enjoyment.
  - Objective COMT 2.2: Explore opportunities to use the target language for personal enrichment/professional advancement/communication skills.

World Language Performance Indicators

COMMUNICATION 1: Interpersonal

Interact with others in the target language and gain meaning from interactions in the target language.

Novice:

a. Express self in conversations that are based upon very familiar topics. Can access a variety of words, phrases, simple sentences, and questions that have been highly practiced and memorized.

b. Respond to basic questions about self and others using a series of highly practiced or memorized phrases.

c. Communicate about self, others, and everyday life using a series of highly practiced or memorized phrases.

Intermediate:

a. Express self and actively participates in conversations on familiar topics using single sentences or a series of sentences.1

b. Handle short social interactions in everyday situations by asking and answering a variety of questions.:

c. Communicate about self, others, and everyday life.

Advanced:

a. Express self fully to maintain conversations on familiar topics and new concrete academic, social and work related topics.

b. Handle changes in situations confidently and share one's point of view in discussions.

c. Communicate in more in-depth conversations about self, others, or events with detail and organization.

Interact with others in the target language and gain meaning from interactions in the target

COMMUNICATION 2: Interpretive

Discover meaning from what is heard, read or viewed on a variety of topics in the target language.

Novice:

a. List key characters and main events from developmentally appropriate narratives based on familiar themes.

b. Report out the content of brief written messages and short personal notes on familiar topics, such as family, school events, and celebrations.

c. Interpret the meaning of gestures, intonation, and other visual or auditory clues.

Intermediate:

a. Identify the principal characters and discuss the main idea and themes with a piece of literature.

b. Locate key ideas/items in authentic materials and relate them to people and objects in one's own life.
c. Restate information and react to messages within short articles or multi-media clips from the target culture.

Advanced:
a. Discuss main ideas and key details of live/recorded discussions, lectures, and presentations from the target culture.
b. Analyze main plot, subplot, characters, their descriptions, roles, and significance in authentic literary texts.
c. Compare and contrast cultural nuances of meaning in written and spoken language as expressed by native speakers from the target culture in both formal and informal settings.

COMMUNICATION 3: Presentational
Utilize appropriate media to present an idea to an audience.

Novice:
Present information about self or others using simple sentences or memorized phrases.

Intermediate:
Express opinions and state facts about self, using a series of sentences.

Advanced:
Deliver an organized presentation about a variety of topics that is appropriate for an audience.
CUES

CULTURES 1: Cultural Practices
Investigate, explain and reflect on the relationship between the practices and perspectives of the cultures studied in the target language.

Novice:
a. Use appropriate gestures within the classroom environment.
b. Imitate appropriate etiquette from the target culture.
c. List cultural practices observed in a video from the target culture.
d. Role-play simple interactions in stores and restaurants in the target culture.

Intermediate:
a. Use formal and informal forms of address appropriately in rehearsed situations.
b. Adjust language and message gradually to acknowledge audiences with varied cultural backgrounds.
c. Suggest reasons for connecting cultural practices to associated products and perspectives.

d. Role-play culturally appropriate interactions (e.g., with shop keepers, ticket sellers, waiters, taxi drivers) in the target culture.

Advanced:
a. Use formal and informal forms of address appropriately in unrehearsed situations.
b. Adjust language, message, and behavior to acknowledge audiences with varied cultural backgrounds.
c. Provide evidence based reasoning for connecting cultural practices to associated products and perspectives.
d. Utilize culturally appropriate behaviors and language in a variety of situations in the target language.

CULTURES 2: Cultural Products
Investigate, explain and reflect on the relationship between the products and perspectives of the cultures studied in the target language.

Novice:
a. Give simple reasons for the role and importance of products from the target culture.
b. Identify the author/country of origin for short poems, stories, or plays from the target culture.
c. Make simple connections between cultural products, associated practices, and possible perspectives from the target culture.

Intermediate:
a. Identify, investigate, and analyze the function of everyday objects produced in the culture.
b. Identify and analyze cultural products found in literature, news stories, and films from the target culture.
c. Create connections based on background knowledge between cultural products, associated practices, and perspectives.

Advanced:
a. Research in detail the role and importance of products from the target cultures.
b. Identify and analyze the role and importance of cultural products found in literature, news stories, and film.
c. Provide evidence-based insights connecting cultural products, associated practices, and perspectives.

CONNECTIONS 1: Making Connections
Build, reinforce, and expand knowledge of other disciplines while using the target language to develop critical thinking/creative problem solving skills..

Novice:
a. Use skills gained in other content areas to study key figures/events in the target culture.

b. Use skills gained in other content areas to convert currencies, weights, and measures from the United States' standard to that of the target culture in order to understand prices, size and distance.
c. Use skills gained in other content areas to identify the similarities and differences between the cultural norm in the United States and that of the target culture (e.g., food, clothing, music).
d. Read text from the target culture, such as maps, using skills gained in other content areas.

Intermediate:
a. Seek out sources in the target language for content presently or previously studied in history and English.
b. Use skills gained in other content areas to analyze the impact of currencies rates, and measurement systems on the global economy.
c. Analyze and discuss the similarities and differences between the cultural norm in the United States and that of the target culture (e.g. food, clothing, music) using knowledge from other content areas.
d. Analyze text from the target culture using skills gained in other content areas.

Advanced:
a. Write a critical analysis for a movie where the target language is spoken.
b. Research and discuss how various governmental structures might impact global issues.
c. Explore, discuss, and debate topics from other academic subjects (e.g., political and historical concepts, worldwide health issues, and environmental concerns).
d. Write and/or produce an original work that highlights a challenge facing people in countries where the target language in spoken.

CONNECTIONS 2: Acquiring Information/Perspectives
Access and evaluate information and diverse perspectives that are available through the target language and its cultures.

Novice:
a. Interpret main idea from infographics showing statistics, such as number of endangered species, or changes in population.
b. Identify main idea of current events reported in the news about the target culture.
c. Access short texts and multi-media from the target culture.

Intermediate:
a. Access charts and surveys about daily life in the target culture and compare this information with similar events in the United States.
b. Compare current events reported in the news to similar events in the United States.
c. View publicity and promotional information from the target culture.

Advanced:
a. Research an issue of global importance and provide insight into the issue from the perspective of the target culture.

b. Research and debate current events in the target culture.
c. Compare, analyze, and discuss how and why advertisements for the same product differ in the target culture and the United States.

COMPARISONS 1: Language
Investigate, explain, and reflect on the nature of language through comparisons of the language studied and their own.

Novice:
a. Compare word order and sentence structure between one's own language and the target language.
b. Observe the use of formal and informal structures in the target language.
c. Report similarities and differences between the sound and writing systems of one's own language and the target language.

Intermediate:
a. Hypothesize regarding the similarities of languages based on the use of cognates and idioms.
b. Match groups of people with ways of expressing respect in the target culture.
c. Identify patterns and explain discrepancies between the sound and writing systems of one's own language and the target language.

Advanced:
a. Compare the choice/use of particular grammatical structures among languages.
b. Identify, compare, and analyze how language reflects culture and regional/national linguistic patterns in the target language.
c. Compare the writing system of the target language to one's own, and discuss the nature of other writing systems.

COMPARISONS 2: Culture
Investigate, explain, and reflect on the concept of culture through the comparisons of the cultures studied and their own.

Novice:
a. Compare daily routines, celebrations etc. in one's culture and the target culture.
b. Identify, describe, and compare/contrast products and their use in the target culture and one's own (e.g., toys, clothing, and food).
c. Observe, identify, and compare/contrast simple patterns of behavior or interactions in various settings in the target culture and one's own.
d. Identify and discuss similarities and differences in themes and techniques in creative works from the target cultures and one's own.

Intermediate:

a. Compare and contrast the role of family, schools schedules, value of social media etc. in one's culture and the target culture.
b. Identify, investigate, and compare/contrast the function of everyday objects (e.g., toys, tools, clothing, food) produced in the target culture and one's own.
c. Document and contrast verbal and non- verbal behavior in daily activities among peers or mixed groups in the target culture and one's own.
d. Hypothesize regarding the relationship between cultural perspectives and expressive products (e.g., visual arts, music, and literature) through analyzing selected products for the target culture and one's own.

Advanced:

a. Compare and contrast the value placed on work, leisure time, health and wellness, the environment, and technology in one's culture and the target culture.
b. Identify, analyze, and discuss tangible and intangible products and their use in the target culture and one's own as represented through authentic materials.
c. Compare cultural nuances of meanings of words, idioms, and vocal inflections in the target language and one's own.
d. Identify, examine, and analyze the relationship between cultural products, practices, and perspectives in the target culture and one's own by conducting research, observations, or interviews.

COMMUNITIES 1: School and Global Communities

Interact and collaborate in communities and the globalized world both within and beyond the classroom.

Novice:

a. Communicate on a personal level with speakers of the language in person or via email, video chats, or other electronic means.
b. Identify professions that require proficiency in another language.
c. Simulate interactions that might take place in a community setting using the target culture/language

Intermediate:

a. Present information gained from a native speaker about a cultural event or topic of interest in the target language.
b. Discuss steps to becoming a professional in a field requiring language proficiency.
c. Discuss preferences/opinions concerning leisure activities and current events, in written form or orally, with peers who speak the target language and/or students in class.

Advanced:

a. Communicate orally or in writing with members of the other culture regarding topics of personal interest, community issues, or world concerns.

b. Participate in a career exploration or school- to-work project which requires proficiency in the language and culture.
c. Discuss and express opinions on current events and issues through interpersonal oral or written exchanges with speakers of the target language and/or students in class.

COMMUNITIES 2: Lifelong Learning
Reflect on progress using languages for enjoyment, enrichment, and advancement.

Novice:
a. Reflect on one's progress in communication skills and collect evidence to support.
b. Explore and interpret media and materials from the target culture for enjoyment.
c. Attend cultural or social events from the target culture.

Intermediate:
a. Collect evidence showing that learning targets for each unit have been met.
b. Exchange information with native speakers, and use various media to view cultural events for entertainment/learning.
c. Seek community /online activities that foster an interaction with native speakers of the target language

Advanced:
a. Document language growth through collecting evidence and records that support meeting or exceeding the learning targets for each unit.
b. Attend events or use media from the target culture for entertainment or personal growth.
c. Explore online resources to find sites of personal interest, using the target language to maintain and increase one's language skills.

MEDIA ARTS

Approved by the Idaho State Board of Education, August 11, 2016

K-3 Media Arts

Media Arts/Creating
#MA:Cr1.1.1
Process Component: Conceive
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Media arts ideas, works, and processes are shaped by the imagination, creative processes, and by experiences, both within and outside of the arts.
Essential Question: How do media artists generate ideas? How can ideas for media arts productions be formed and developed to be effective and original?

Grade K
MA:Cr1.1.1.K
Discover and share ideas for media artworks using play and experimentation.

Grade 1
MA:Cr1.1.1.1
Express and share ideas for media artworks through sketching and modeling.

Grade 2
MA:Cr1.1.1.2
Discover multiple ideas for media artworks through brainstorming and improvising.

Grade 3
MA:Cr1.1.1.3
Develop multiple ideas for media artworks using a variety of tools, methods and/or materials.

Media Arts/Creating
#MA:Cr2.1.1
Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Media artists plan, organize, and develop creative ideas, plans, and models into process structures that can effectively realize the artistic idea.
Essential Question: How do media artists organize and develop ideas and models into process structures to achieve the desired end product?

Grade K
MA:Cr2.1.1.K
With guidance, use ideas to form plans or models for media arts productions.

Grade 1
MA:Cr2.1.1.1
With guidance, use identified ideas to form plans and models for media arts productions.

Grade 2
MA:Cr2.1.1.2
Choose ideas to create plans and models for media arts productions.

Grade 3
MA:Cr2.1.1.3
Form, share, and test ideas, plans, and models to prepare for media arts productions.

Media Arts/Creating
#MA:Cr3.1
Process Component: Construct
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: The forming, integration, and refinement of aesthetic components, principles, and processes creates purpose, meaning, and artistic quality in media artworks.
Essential Question: What is required to produce a media artwork that conveys purpose, meaning, and artistic quality? How do media artists improve/refine their work?

Grade K
MA:Cr3.1.K
a. Form and capture media arts content for expression and meaning in media arts productions.
b. Make changes to the content, form, or presentation of media artworks and share results.

Grade 1
MA:Cr3.1.1
a. Create, capture, and assemble media arts content for media arts productions, identifying basic principles, such as pattern and repetition.
b. Practice and identify the effects of making changes to the content, form, or presentation, in order to refine and finish media artworks.

Grade 2
MA:Cr3.1.2
a. Construct and assemble content for unified media arts productions, identifying and applying basic principles, such as positioning and attention.
b. Test and describe expressive effects in altering, refining, and completing media artworks.

Grade 3
MA:Cr3.1.3
a. Construct and order various content into unified, purposeful media arts productions, describing and applying a defined set of principles, such as movement and force.
b. Practice and analyze how the emphasis of elements alters effect and purpose in refining and completing media artworks.

Media Arts/Producing
#MA:Pr4.1
Process Component: Integrate
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Media artists integrate various forms and contents to develop complex, unified artworks.
Essential Question: How are complex media arts experiences constructed?

Grade K
MA:Pr4.1.K

With guidance, combine arts forms and media content, such as dance and video, to form media artworks.

Grade 1
MA:Pr4.1.1
Combine varied academic, arts, and media content in media artworks, such as an illustrated story.

Grade 2
MA:Pr4.1.2
Practice combining varied academic, arts, and media content into unified media artworks, such as a narrated science animation.

Grade 3
MA:Pr4.1.3
Practice combining varied academic, arts, and media forms and content into unified media artworks, such as animation, music, and dance.

Media Arts/Producing
#MA:Pr5.1
Process Component: Practice
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Media artists require a range of skills and abilities to creatively solve problems within and through media arts productions.
Essential Question: What skills are required for creating effective media artworks and how are they improved? How are creativity and innovation developed within and through media arts productions? How do media artists use various tools and techniques?

Grade K
MA:Pr5.1.K
a. Identify and demonstrate basic skills, such as handling tools, making choices, and cooperating in creating media artworks.
b. Identify and demonstrate creative skills, such as performing, within media arts productions.
c. Practice, discover, and share how media arts creation tools work.

Grade 1
MA:Pr5.1.1
a. Describe and demonstrate various artistic skills and roles, such as technical steps, planning, and collaborating in media arts productions.
b. Describe and demonstrate basic creative skills within media arts productions, such as varying techniques.
c. Experiment with and share different ways to use tools and techniques to construct media artworks.

Grade 2
MA:Pr5.1.2
a. Enact roles to demonstrate basic ability in various identified artistic, design, technical, and soft skills, such as tool use and collaboration in media arts productions.
b. Demonstrate use of experimentation skills, such as playful practice, and trial and error, within and through media arts productions.
c. Demonstrate and explore identified methods to use tools to capture and form media artworks.

Grade 3
MA:Pr5.1.3
a. Exhibit developing ability in a variety of artistic, design, technical, and organizational roles, such as making compositional decisions, manipulating tools, and group planning in media arts productions.
b. Exhibit basic creative skills to invent new content and solutions within and through media arts productions.
c. Exhibit standard use of tools and techniques while constructing media artworks.

Media Arts/Producing
#MA:Pr6.1
Process Component: Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Media artists purposefully present, share, and distribute media artworks for various contexts.
Essential Question: How do time, place, audience, and context affect presenting or performing choices for media artworks? How can presenting or sharing media artworks in a public format help a media artist learn and grow?

Grade K
MA:Pr6.1.K
a. With guidance, identify and share roles and the situation in presenting media artworks.
b. With guidance, identify and share reactions to the presentation of media artworks.

Grade 1
MA:Pr6.1.1
a. With guidance, discuss presentation conditions and perform a task in presenting media artworks.
b. With guidance, discuss the experience of the presentation of media artworks.

Grade 2
MA:Pr6.1.2
a. Identify and describe presentation conditions and perform task(s) in presenting media artworks.
b. Identify and describe the experience and share results of presenting media artworks.

Grade 3
MA:Pr6.1.3
a. Identify and describe the presentation conditions, and take on roles and processes in presenting or distributing media artworks.
b. Identify and describe the experience, and share results of and improvements for presenting media artworks.

Media Arts/Responding
#MA:Re7.1
Process Component: Perceive
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Identifying the qualities and characteristics of media artworks improves one's artistic appreciation and production.

Essential Question: How do we 'read' media artworks and discern their relational components? How do media artworks function to convey meaning and manage audience experience?

Grade K
MA:Re7.1.K
a. Recognize and share components and messages in media artworks.
b. Recognize and share how a variety of media artworks create different experiences.

Grade 1
MA:Re7.1.1
a. Identify components and messages in media artworks.
b. With guidance, identify how a variety of media artworks create different experiences.
Grade 2
MA:Re7.1.2
a. Identify and describe the components and messages in media artworks.
b. Identify and describe how a variety of media artworks create different experiences.

Grade 3
MA:Re7.1.3
a. Identify and describe how messages are created by components in media artworks.
b. Identify and describe how various forms, methods, and styles in media artworks manage audience experience.

Media Arts/Responding
#MA:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Interpretation and appreciation require consideration of the intent, form, and context of the media and artwork.
Essential Question: How do people relate to and interpret media artworks?

Grade K
MA:Re8.1.K
With guidance, share observations regarding a variety of media artworks.

Grade 1
MA:Re8.1.1
With guidance, identify the meanings of a variety of media artworks.

Grade 2
MA:Re8.1.2
Determine the purposes and meanings of media artworks, considering their context.

Grade 3
MA:Re8.1.3
Determine the purposes and meanings of media artworks while describing their context.

Media Arts/Responding
#MA:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Skillful evaluation and critique are critical components of experiencing, appreciating, and producing media artworks.
Essential Question: How and why do media artists value and judge media artworks? When and how should we evaluate and critique media artworks to improve them?

Grade K
MA:Re9.1.K
Share appealing qualities and possible changes in media artworks.

Grade 1
MA:Re9.1.1
Identify the effective parts of and possible changes to media artworks considering viewers.
Grade 2
MA:Re9.1.2
Discuss the effectiveness of and improvements for media artworks, considering their context.

Grade 3
MA:Re9.1.3
Identify basic criteria for and evaluate media artworks, considering possible improvements and context.

Media Arts/Connecting
#MA:Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Media artworks synthesize meaning and form cultural experience.
Essential Question: How do we relate knowledge and experiences to understanding and making media artworks? How do we learn about and create meaning through producing media artworks?

Grade K
MA:Cn10.1.K
a.Use personal experiences and choices in making media artworks.
b.Share memorable experiences of media artworks.

Grade 1
MA:Cn10.1.1
a.Use personal experiences, interests, and models in creating media artworks.
b.Share meaningful experiences of media artworks.
Grade 2
MA:Cn10.1.2
a. Use personal experiences, interests, information, and models in creating media artworks.
b. Discuss experiences of media artworks, describing their meaning and purpose.

Grade 3
MA:Cn10.1.3

a. Use personal and external resources, such as interests, information, and models, to create media artworks.
b. Identify and show how media artworks form meanings, situations, and/or culture, such as popular media.

Media Arts/Connecting
#MA:Cn11.1
Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Media artworks and ideas are better understood and produced by relating them to their purposes, values, and various contexts.
Essential Question: How does media arts relate to its various contexts, purposes, and values? How does investigating these relationships inform and deepen the media artist's understanding and work?

Grade K
MA:Cn11.1.K
a. With guidance, share ideas in relating media artworks and everyday life, such as daily activities.
b. With guidance, interact safely and appropriately with media arts tools and environments.
Grade 1
MA:Cn11.1.1
a. Discuss and describe media artworks in everyday life, such as popular media, and connections with family and friends.
b. Interact appropriately with media arts tools and environments, considering safety, rules, and fairness.

Grade 2
MA:Cn11.1.2
a. Discuss how media artworks and ideas relate to everyday and cultural life, such as media messages and media environments.
b. Interact appropriately with media arts tools and environments, considering safety, rules, and fairness.

Grade 3
MA:Cn11.1.3
a. Identify how media artworks and ideas relate to everyday and cultural life and can influence values and online behavior.
b. Examine and interact appropriately with media arts tools and environments, considering safety, rules, and fairness.

4-5 Media Arts

Media Arts/Creating
#MA:Cr1.1.1
Process Component: Conceive
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Media arts ideas, works, and processes are shaped by the imagination, creative processes, and by experiences, both within and outside of the arts.
Essential Question: How do media artists generate ideas? How can ideas for media arts productions be formed and developed to be effective and original?

Grade 4
MA:Cr1.1.1.4
Conceive of original artistic goals for media artworks using a variety of creative methods, such as brainstorming and modeling.

Grade 5
MA:Cr1.1.1.5
Envision original ideas and innovations for media artworks using personal experiences and/or the work of others.

Media Arts/Creating
#MA:Cr2.1.1
Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Media artists plan, organize, and develop creative ideas, plans, and models into process structures that can effectively realize the artistic idea.
Essential Question: How do media artists organize and develop ideas and models into process structures to achieve the desired end product?

Grade 4
MA:Cr2.1.1.4
Discuss, test, and assemble ideas, plans, and models for media arts productions, considering the artistic goals and the presentation.

Grade 5
MA:Cr2.1.1.5
Develop, present, and test ideas, plans, models, and proposals for media arts productions, considering the artistic goals and audience.

Media Arts/Creating
#MA:Cr3.1
Process Component: Construct
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: The forming, integration, and refinement of aesthetic components, principles, and processes creates purpose, meaning, and artistic quality in media artworks.
Essential Question: What is required to produce a media artwork that conveys purpose, meaning, and artistic quality? How do media artists improve/refine their work?

Grade 4
MA:Cr3.1.4
a. Structure and arrange various content and components to convey purpose and meaning in different media arts productions, applying sets of associated principles, such as balance and contrast.
b. Demonstrate intentional effect in refining media artworks, emphasizing elements for a purpose.

Grade 5
MA:Cr3.1.5
a. Create content and combine components to convey expression, purpose, and meaning in a variety of media arts productions, utilizing sets of associated principles, such as emphasis and exaggeration.
b. Determine how elements and components can be altered for clear communication and intentional effects, and refine media artworks to improve clarity and purpose.

Media Arts/Producing
#MA:Pr4.1
Process Component: Integrate
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Media artists integrate various forms and contents to develop complex, unified artworks.
Essential Question: How are complex media arts experiences constructed?

Grade 4
MA:Pr4.1.4
Demonstrate how a variety of academic, arts, and media forms and content may be mixed and coordinated into media artworks, such as narrative, dance, and media.

Grade 5
MA:Pr4.1.5
Create media artworks through the integration of multiple contents and forms, such as a media broadcast.

Media Arts/Producing
#MA:Pr5.1
Process Component: Practice
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Media artists require a range of skills and abilities to creatively solve problems within and through media arts productions.
Essential Question: What skills are required for creating effective media artworks and how are they improved? How are creativity and innovation developed within and through media arts productions? How do media artists use various tools and techniques?

Grade 4
MA:Pr5.1.4
a. Enact identified roles to practice foundational artistic, design, technical, and soft skills, such as formal technique, equipment usage, production, and collaboration in media arts productions.
b. Practice foundational innovative abilities, such as design thinking, in addressing problems within and through media arts productions.

c. Demonstrate use of tools and techniques in standard and novel ways while constructing media artworks.

Grade 5

MA:Pr5.1.5

a. Enact various roles to practice fundamental ability in artistic, design, technical, and soft skills, such as formal technique, production, and collaboration in media arts productions.

b. Practice fundamental creative and innovative abilities, such as expanding conventions, in addressing problems within and through media arts productions.

c. Examine how tools and techniques could be used in standard and experimental ways in constructing media artworks.

Media Arts/Producing

#MA:Pr6.1

Process Component: Present

Anchor Standard: Convey meaning through the presentation of artistic work.

Enduring Understanding: Media artists purposefully present, share, and distribute media artworks for various contexts.

Essential Question: How do time, place, audience, and context affect presenting or performing choices for media artworks? How can presenting or sharing media artworks in a public format help a media artist learn and grow?

Grade 4

MA:Pr6.1.4

a. Explain the presentation conditions, and fulfill a role and processes in presenting or distributing media artworks.

b. Explain results of and improvements for presenting media artworks.

Grade 5

MA:Pr6.1.5

a. Compare qualities and purposes of presentation formats, and fulfill a role and associated processes in presentation and/or distribution of media artworks.

b. Compare results of and improvements for presenting media artworks.

Media Arts/Responding

#MA:Re7.1

Process Component: Perceive

Anchor Standard: Perceive and analyze artistic work.

Enduring Understanding: Identifying the qualities and characteristics of media artworks improves one's artistic appreciation and production.

Essential Question: How do we 'read' media artworks and discern their relational components? How do media artworks function to convey meaning and manage audience experience?

Grade 4

MA:Re7.1.4

a. Identify, describe, and explain how messages are created by components in media artworks.

b. Identify, describe, and explain how various forms, methods, and styles in media artworks manage audience experience.

Grade 5
MA:Re7.1.5
a. Identify, describe, and differentiate how message and meaning are created by components in media artworks.
b. Identify, describe, and differentiate how various forms, methods, and styles in media artworks manage audience experience.

Media Arts/Responding
#MA:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Interpretation and appreciation require consideration of the intent, form, and context of the media and artwork.
Essential Question: How do people relate to and interpret media artworks?

Grade 4
MA:Re8.1.4
Determine and explain reactions and interpretations to a variety of media artworks, considering their purpose and context.
Grade 5
MA:Re8.1.5
Determine and compare personal and group interpretations of a variety of media artworks, considering their intention and context.

Media Arts/Responding
#MA:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Skillful evaluation and critique are critical components of experiencing, appreciating, and producing media artworks.
Essential Question: How and why do media artists value and judge media artworks? When and how should we evaluate and critique media artworks to improve them?

Grade 4
MA:Re9.1.4
Identify and apply basic criteria for evaluating and improving media artworks and production processes, considering context.
Grade 5
MA:Re9.1.5
Determine and apply criteria for evaluating media artworks and production processes, considering context, and practicing constructive feedback.

Media Arts/Connecting
#MA:Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Media artworks synthesize meaning and form cultural experience.

Essential Question: How do we relate knowledge and experiences to understanding and making media artworks? How do we learn about and create meaning through producing media artworks?

Grade 4
MA:Cn10.1.4
a. Examine and use personal and external resources, such as interests, research, and cultural understanding, to create media artworks.
b. Examine and show how media artworks form meanings, situations, and/or cultural experiences, such as online spaces.

Grade 5
MA:Cn10.1.5
a. Access and use internal and external resources to create media artworks, such as interests, knowledge, and experiences.
b. Examine and show how media artworks form meanings, situations, and cultural experiences, such as news and cultural events.

Media Arts/Connecting
#MA:Cn11.1
Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Media artworks and ideas are better understood and produced by relating them to their purposes, values, and various contexts.
Essential Question: How does media arts relate to its various contexts, purposes, and values? How does investigating these relationships inform and deepen the media artist's understanding and work?

Grade 4
MA:Cn11.1.4
a. Explain verbally and/or in media artworks, how media artworks and ideas relate to everyday and cultural life, such as fantasy and reality, and technology use.
b. Examine and interact appropriately with media arts tools and environments, considering ethics, rules, and fairness.

Grade 5
MA:Cn11.1.5
a. Research and show how media artworks and ideas relate to personal, social and community life, such as exploring commercial and information purposes, history, and ethics.
b. Examine, discuss and interact appropriately with media arts tools and environments, considering ethics, rules, and media literacy.

6-8 Media Arts

Media Arts/Creating
#MA:Cr1.1.1
Process Component: Conceive
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Media arts ideas, works, and processes are shaped by the imagination, creative processes, and by experiences, both within and outside of the arts.
Essential Question: How do media artists generate ideas? How can ideas for media arts productions be formed and developed to be effective and original?

Grade 6
MA:Cr1.1.1.6
Formulate variations of goals and solutions for media artworks by practicing chosen creative processes, such as sketching, improvising and brainstorming.

Grade 7
MA:Cr1.1.1.7
Produce a variety of ideas and solutions for media artworks through producing a variety of ideas and solutions for media artworks through application of chosen inventive processes, such as concept modeling and prototyping.

Grade 8
MA:Cr1.1.1.8
Generate ideas, goals, and solutions for original media artworks through application of focused creative processes, such as divergent thinking and experimenting.

Media Arts/Creating
#MA:Cr2.1.1
Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Media artists plan, organize, and develop creative ideas, plans, and models into process structures that can effectively realize the artistic idea.
Essential Question: How do media artists organize and develop ideas and models into process structures to achieve the desired end product?

Grade 6
MA:Cr2.1.1.6
Organize, propose, and evaluate artistic ideas, plans, prototypes, and production processes for media arts productions, considering purposeful intent.

Grade 7
MA:Cr2.1.1.7
Design, propose, and evaluate artistic ideas, plans, prototypes, and production processes for media arts productions, considering expressive intent and resources.

Grade 8
MA:Cr2.1.1.8
Structure and critique ideas, plans, prototypes, and production processes for media arts productions, considering intent, resources, and the presentation context.

Media Arts/Creating
#MA:Cr3.1
Process Component: Construct
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: The forming, integration, and refinement of aesthetic components, principles, and processes creates purpose, meaning, and artistic quality in media artworks.
Essential Question: What is required to produce a media artwork that conveys purpose, meaning, and artistic quality? How do media artists improve/refine their work?

Grade 6
MA:Cr3.1.6
a. Experiment with multiple approaches to produce content and components for determined purpose and meaning in media arts productions, utilizing a range of associated principles, such as point of view and perspective.
b. Appraise how elements and components can be altered for intentional effects and audience, and refine media artworks to reflect purpose and audience.

Grade 7
MA:Cr3.1.7
a. Coordinate production processes to integrate content and components for determined purpose and meaning in media arts productions, demonstrating understanding of associated principles, such as narrative structures and composition.
b. Improve and refine media artworks by intentionally emphasizing particular expressive elements to reflect an understanding of purpose, audience, or place.

Grade 8
MA:Cr3.1.8
a. Implement production processes to integrate content and stylistic conventions for determined meaning in media arts productions, demonstrating understanding of associated principles, such as theme and unity.
b. Refine and modify media artworks, improving technical quality and intentionally accentuating selected expressive and stylistic elements, to reflect an understanding of purpose, audience, and place.

Media Arts/Producing
#MA:Pr4.1
Process Component: Integrate
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Media artists integrate various forms and contents to develop complex, unified artworks.
Essential Question: How are complex media arts experiences constructed?

Grade 6
MA:Pr4.1.6

Validate how integrating multiple contents and forms can support a central idea in a media artwork, such as media, narratives, and performance.

Grade 7
MA:Pr4.1.7
Integrate multiple contents and forms into unified media arts productions that convey consistent perspectives and narratives, such as an interactive video game.

Grade 8
MA:Pr4.1.8
Integrate multiple contents and forms into unified media arts productions that convey specific themes or ideas, such as interdisciplinary projects, or multimedia theatre.

Media Arts/Producing
#MA:Pr5.1
Process Component: Practice
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Media artists require a range of skills and abilities to creatively solve problems within and through media arts productions.
Essential Question: What skills are required for creating effective media artworks and how are they improved? How are creativity and innovation developed within and through media arts productions? How do media artists use various tools and techniques?

Grade 6
MA:Pr5.1.6
a. Develop a variety of artistic, design, technical, and soft skills through performing various assigned roles in producing media artworks, such as invention, formal technique, production, self-initiative, and problem-solving.
b. Develop a variety of creative and adaptive innovation abilities, such as testing constraints, in developing solutions within and through media arts productions.
c. Demonstrate adaptability using tools and techniques in standard and experimental ways in constructing media artworks.

Grade 7
MA:Pr5.1.7
a. Exhibit an increasing set of artistic, design, technical, and soft skills through performing various roles in producing media artworks, such as creative problem-solving and organizing.
b. Exhibit an increasing set of creative and adaptive innovation abilities, such as exploratory processes, in developing solutions within and through media arts productions.
c. Demonstrate adaptability using tools and techniques in standard and experimental ways to achieve an assigned purpose in constructing media artworks.

Grade 8
MA:Pr5.1.8
a. Demonstrate a defined range of artistic, design, technical, and soft skills, through performing specified roles in producing media artworks, such as strategizing and collaborative communication.
b. Demonstrate a defined range of creative and adaptive innovation abilities, such as divergent solutions and bending conventions, in developing new solutions for identified problems within and through media arts productions.

c. Demonstrate adaptability using tools, techniques and content in standard and experimental ways to communicate intent in the production of media artworks.

Media Arts/Producing
#MA:Pr6.1
Process Component: Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Media artists purposefully present, share, and distribute media artworks for various contexts.
Essential Question: How do time, place, audience, and context affect presenting or performing choices for media artworks? How can presenting or sharing media artworks in a public format help a media artist learn and grow?

Grade 6
MA:Pr6.1.6
a. Analyze various presentation formats and fulfill various tasks and defined processes in the presentation and/or distribution of media artworks.
b. Analyze results of and improvements for presenting media artworks.

Grade 7
MA:Pr6.1.7
a. Evaluate various presentation formats in order to fulfill various tasks and defined processes in the presentation and/or distribution of media artworks.
b. Evaluate the results of and improvements for presenting media artworks, considering impacts on personal growth.

Grade 8
MA:Pr6.1.8
a. Design the presentation and distribution of media artworks through multiple formats and/or contexts.
b. Evaluate the results of and implement improvements for presenting media artworks, considering impacts on personal growth and external effects.

Media Arts/Responding
#MA:Re7.1
Process Component: Perceive
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Identifying the qualities and characteristics of media artworks improves one's artistic appreciation and production.
Essential Question: How do we 'read' media artworks and discern their relational components? How do media artworks function to convey meaning and manage audience experience?

Grade 6
MA:Re7.1.6
a. Identify, describe, and analyze how message and meaning are created by components in media artworks.
b. Identify, describe, and analyze how various forms, methods, and styles in media artworks manage audience experience.

Grade 7
MA:Re7.1.7
a. Describe, compare, and analyze the qualities of and relationships between the components in media artworks.
b. Describe, compare, and analyze how various forms, methods, and styles in media artworks interact with personal preferences in influencing audience experience.

Grade 8
MA:Re7.1.8
a. Compare, contrast, and analyze the qualities of and relationships between the components and style in media artworks.
b. Compare, contrast, and analyze how various forms, methods, and styles in media artworks manage audience experience and create intention.

Media Arts/Responding
#MA:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Interpretation and appreciation require consideration of the intent, form, and context of the media and artwork.
Essential Question: How do people relate to and interpret media artworks?

Grade 6
MA:Re8.1.6
Analyze the intent of a variety of media artworks, using given criteria.

Grade 7
MA:Re8.1.7
Analyze the intent and meaning of a variety of media artworks, using self-developed criteria.

Grade 8
MA:Re8.1.8
Analyze the intent and meanings of a variety of media artworks, focusing on intentions, forms, and various contexts.

Media Arts/Responding
#MA:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Skillful evaluation and critique are critical components of experiencing, appreciating, and producing media artworks.
Essential Question: How and why do media artists value and judge media artworks? When and how should we evaluate and critique media artworks to improve them?

Grade 6
MA:Re9.1.6
Determine and apply specific criteria to evaluate various media artworks and production processes, considering context and practicing constructive feedback.

Grade 7
MA:Re9.1.7
Develop and apply criteria to evaluate various media artworks and production processes, considering context, and practicing constructive feedback.

Grade 8
MA:Re9.1.8
Evaluate media art works and production processes with developed criteria, considering context and artistic goals.

Media Arts/Connecting
#MA:Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Media artworks synthesize meaning and form cultural experience.
Essential Question: How do we relate knowledge and experiences to understanding and making media artworks? How do we learn about and create meaning through producing media artworks?

Grade 6
MA:Cn10.1.6
a. Access, evaluate, and use internal and external resources to create media artworks, such as knowledge, experiences, interests, and research.
b. Explain and show how media artworks form new meanings, situations, and cultural experiences, such as historical events.

Grade 7
MA:Cn10.1.7
a. Access, evaluate and use internal and external resources to inform the creation of media artworks, such as experiences, interests, research, and exemplary works.
b. Explain and show how media artworks form new meanings and knowledge, situations, and cultural experiences, such as learning, and new information.

Grade 8
MA:Cn10.1.8
a. Access, evaluate, and use internal and external resources to inform the creation of media artworks, such as cultural and societal knowledge, research, and exemplary works.
b. Explain and demonstrate how media artworks expand meaning and knowledge, and create cultural experiences, such as local and global events.

Media Arts/Connecting
#MA:Cn11.1
Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Media artworks and ideas are better understood and produced by relating them to their purposes, values, and various contexts.

Essential Question: How does media arts relate to its various contexts, purposes, and values? How does investigating these relationships inform and deepen the media artist's understanding and work?

Grade 6
MA:Cn11.1.6
a. Research and show how media artworks and ideas relate to personal life, and social, community, and cultural situations, such as personal identity, history, and entertainment.
b. Analyze and interact appropriately with media arts tools and environments, considering fair use and copyright, ethics, and media literacy.
Grade 7
MA:Cn11.1.7
a. Research and demonstrate how media artworks and ideas relate to various situations, purposes and values, such as community, vocations, and social media.
b. Analyze and responsibly interact with media arts tools and environments, considering copyright, ethics, media literacy, and social media.

Grade 8
MA:Cn11.1.8
a. Demonstrate and explain how media artworks and ideas relate to various contexts, purposes, and values, such as democracy, environment, and connecting people and places.
b. Analyze and responsibly interact with media arts tools, environments, legal, and technological contexts, considering ethics, media literacy, social media, and virtual worlds.

High School Media Arts

Media Arts/Creating
#MA:Cr1.1.1
Process Component: Conceive
Anchor Standard: Generate and conceptualize artistic ideas and work.
Enduring Understanding: Media arts ideas, works, and processes are shaped by the imagination, creative processes, and by experiences, both within and outside of the arts.
Essential Question: How do media artists generate ideas? How can ideas for media arts productions be formed and developed to be effective and original?

HS Proficient
MA:Cr1.1.1.HSI
Identify generative methods to formulate multiple ideas, develop artistic goals, and problem solve in media arts creation processes.

HS Accomplished
MA:Cr1.1.1.HSII
Strategically utilize generative methods to formulate multiple ideas, refine artistic goals, and increase the originality of approaches in media arts creation processes.

HS Advanced
MA:Cr1.1.1.HSIII
Integrate aesthetic principles with a variety of generative methods to fluently form original ideas, solutions, and innovations in media arts creation processes.

Media Arts/Creating
#MA:Cr2.1.1
Process Component: Develop
Anchor Standard: Organize and develop artistic ideas and work.
Enduring Understanding: Media artists plan, organize, and develop creative ideas, plans, and models into process structures that can effectively realize the artistic idea.
Essential Question: How do media artists organize and develop ideas and models into process structures to achieve the desired end product?

HS Proficient
MA:Cr2.1.1.HSI
Apply aesthetic criteria in developing, proposing, and refining artistic ideas, plans, prototypes, and production processes for media arts productions, considering original inspirations, goals, and presentation context.

HS Accomplished
MA:Cr2.1.1.HSII
Apply a personal aesthetic in designing, testing, and refining original artistic ideas, prototypes, and production strategies for media arts productions, considering artistic intentions, constraints of resources, and presentation context.

HS Advanced
MA:Cr2.1.1.HSIII
Integrate a sophisticated personal aesthetic and knowledge of systems processes in forming, testing, and proposing original artistic ideas, prototypes, and production frameworks, considering complex constraints of goals, time, resources, and personal limitations.

Media Arts/Creating
#MA:Cr3.1
Process Component: Construct
Anchor Standard: Refine and complete artistic work.
Enduring Understanding: The forming, integration, and refinement of aesthetic components, principles, and processes creates purpose, meaning, and artistic quality in media artworks.
Essential Question: What is required to produce a media artwork that conveys purpose, meaning, and artistic quality? How do media artists improve/refine their work?

HS Proficient
MA:Cr3.1.HSI
a. Consolidate production processes to demonstrate deliberate choices in organizing and integrating content and stylistic conventions in media arts productions, demonstrating understanding of associated principles, such as emphasis and tone.
b. Refine and modify media artworks, honing aesthetic quality and intentionally accentuating stylistic elements, to reflect an understanding of personal goals and preferences.

HS Accomplished
MA:Cr3.1.HSII
a. Consolidate production processes to demonstrate deliberate choices in organizing and integrating content and stylistic conventions in media arts production, demonstrating understanding of associated principles, such as continuity and juxtaposition.
b. Refine and elaborate aesthetic elements and technical components to intentionally form impactful expressions in media artworks for specific purposes, intentions, audiences and contexts.

HS Advanced
MA:Cr3.1.HSIII
a. Synthesize content, processes, and components to express compelling purpose, story, emotion, or ideas in complex media arts productions, demonstrating mastery of associated principles, such as hybridization.
b. Intentionally and consistently refine and elaborate elements and components to form impactful expressions in media artworks, directed at specific purposes, audiences, and contexts.

Media Arts/Producing
#MA:Pr4.1
Process Component: Integrate
Anchor Standard: Select, analyze, and interpret artistic work for presentation.
Enduring Understanding: Media artists integrate various forms and contents to develop complex, unified artworks.
Essential Question: How are complex media arts experiences constructed?

HS Proficient

MA:Pr4.1.HSI
Integrate various arts, media arts forms, and content into unified media arts productions, considering the reaction and interaction of the audience, such as experiential design.

HS Accomplished
MA:Pr4.1.HSII
Integrate various arts, media arts forms, and academic content into unified media arts productions that retain thematic integrity and stylistic continuity, such as transmedia productions.

HS Advanced
MA:Pr4.1.HSIII
a. Synthesize various arts, media arts forms and academic content into unified media arts productions that retain artistic fidelity across platforms, such as transdisciplinary productions.

Media Arts/Producing
#MA:Pr5.1
Process Component: Practice
Anchor Standard: Develop and refine artistic techniques and work for presentation.
Enduring Understanding: Media artists require a range of skills and abilities to creatively solve problems within and through media arts productions.
Essential Question: What skills are required for creating effective media artworks and how are they improved? How are creativity and innovation developed within and through media arts productions? How do media artists use various tools and techniques?

HS Proficient
MA:Pr5.1.HSI
a. Demonstrate progression in artistic, design, technical, and soft skills, as a result of selecting and fulfilling specified roles in the production of a variety of media artworks.
b. Develop and refine a determined range of creative and adaptive innovation abilities, such as design thinking, and risk taking, in addressing identified challenges and constraints within and through media arts productions.
c. Demonstrate adaptation and innovation through the combination of tools, techniques and content, in standard and innovative ways, to communicate intent in the production of media artworks.

HS Accomplished
MA:Pr5.1.HSII
a. Demonstrate effective command of artistic, design, technical and soft skills in managing and producing media artworks.
b. Demonstrate effective ability in creative and adaptive innovation abilities, such as resisting closure, and responsive use of failure, to address sophisticated challenges within and through media arts productions.
c. Demonstrate the skillful adaptation and combination of tools, styles, techniques, and interactivity to achieve specific expressive goals in the production of a variety of media artworks.

HS Advanced
MA:Pr5.1.HSIII
a. Employ mastered artistic, design, technical, and soft skills in managing and producing media artworks.
b. Fluently employ mastered creative and innovative adaptability in formulating lines of inquiry and solutions, to address complex challenges within and through media arts productions.

c. Independently utilize and adapt tools, styles, and systems in standard, innovative, and experimental ways in the production of complex media artworks.

Media Arts/Producing
#MA:Pr6.1
Process Component: Present
Anchor Standard: Convey meaning through the presentation of artistic work.
Enduring Understanding: Media artists purposefully present, share, and distribute media artworks for various contexts.
Essential Question: How do time, place, audience, and context affect presenting or performing choices for media artworks? How can presenting or sharing media artworks in a public format help a media artist learn and grow?

HS Proficient
MA:Pr6.1.HSI
a. Design the presentation and distribution of collections of media artworks, considering combinations of artworks, formats, and audiences.
b. Evaluate and implement improvements in presenting media artworks, considering personal and local impacts, such as the benefits for self and others.

HS Accomplished
MA:Pr6.1.HSII
a. Curate and design the presentation and distribution of collections of media artworks through a variety of contexts, such as mass audiences, and physical and virtual channels.
b. Evaluate and implement improvements in presenting media artworks, considering personal, local, and social impacts such as changes that occurred for people, or to a situation.

HS Advanced
MA:Pr6.1.HSIII
a. Curate, design, and promote the presentation and distribution of media artworks for intentional impacts, through a variety of contexts, such as markets and venues.
b. Independently evaluate, compare, and integrate improvements in presenting media artworks, considering personal to global impacts, such as new understandings that were gained by artist and audience.

Media Arts/Responding
#MA:Re7.1
Process Component: Perceive
Anchor Standard: Perceive and analyze artistic work.
Enduring Understanding: Identifying the qualities and characteristics of media artworks improves one's artistic appreciation and production.
Essential Question: How do we 'read' media artworks and discern their relational components? How do media artworks function to convey meaning and manage audience experience?

HS Proficient
MA:Re7.1.HSI
a. Analyze the qualities of and relationships between the components, style, and preferences communicated by media artworks and artists.

b. Analyze how a variety of media artworks manage audience experience and create intention through multimodal perception.

HS Accomplished
MA:Re7.1.HSII
a. Analyze and synthesize the qualities and relationships of the components in a variety of media artworks, and feedback on how they impact audience.
b. Analyze how a broad range of media artworks manage audience experience, create intention and persuasion through multimodal perception.

HS Advanced
MA:Re7.1.HSIII
a. Analyze and synthesize the qualities and relationships of the components and audience impact in a variety media artworks.
b. Survey an exemplary range of media artworks, analyzing methods for managing audience experience, creating intention and persuasion through multimodal perception, and systemic communications.

Media Arts/Responding
#MA:Re8.1
Process Component: Interpret
Anchor Standard: Interpret intent and meaning in artistic work.
Enduring Understanding: Interpretation and appreciation require consideration of the intent, form, and context of the media and artwork.
Essential Question: How do people relate to and interpret media artworks?

HS Proficient
MA:Re8.1.HSI
Analyze the intent, meanings, and reception of a variety of media artworks, focusing on personal and cultural contexts.

HS Accomplished
MA:Re8.1.HSII
Analyze the intent, meanings, and influence of a variety of media artworks, based on personal, societal, historical, and cultural contexts.

HS Advanced
MA:Re8.1.HSIII
Analyze the intent, meanings and impacts of diverse media artworks, considering complex factors of context and bias.

Media Arts/Responding
#MA:Re9.1
Process Component: Evaluate
Anchor Standard: Apply criteria to evaluate artistic work.
Enduring Understanding: Skillful evaluation and critique are critical components of experiencing, appreciating, and producing media artworks.
Essential Question: How and why do media artists value and judge media artworks? When and how should we evaluate and critique media artworks to improve them?

HS Proficient
MA:Re9.1.HSI
Evaluate media art works and production processes at decisive stages, using identified criteria, and considering context and artistic goals.

HS Accomplished
MA:Re9.1.HSII
Form and apply defensible evaluations in the constructive and systematic critique of media artworks and production processes.

HS Advanced
MA:Re9.1.HSIII
Develop independently, rigorous evaluations of, and strategically seek feedback for media artworks and production processes, considering complex goals and factors.

Media Arts/Connecting
#MA:Cn10.1
Process Component: Synthesize
Anchor Standard: Synthesize and relate knowledge and personal experiences to make art.
Enduring Understanding: Media artworks synthesize meaning and form cultural experience.
Essential Question: How do we relate knowledge and experiences to understanding and making media artworks? How do we learn about and create meaning through producing media artworks?

HS Proficient
MA:Cn10.1.HSI
Access, evaluate, and integrate personal and external resources to inform the creation of original media artworks, such as experiences, interests, and cultural experiences.
b. Explain and demonstrate the use of media artworks to expand meaning and knowledge, and create cultural experiences, such as learning and sharing through online environments.

HS Accomplished
MA:Cn10.1.HSII
a. Synthesize internal and external resources to enhance the creation of persuasive media artworks, such as cultural connections, introspection, research, and exemplary works.
b. Explain and demonstrate the use of media artworks to synthesize new meaning and knowledge, and reflect and form cultural experiences, such as new connections between themes and ideas, local and global networks, and personal influence.

HS Advanced
MA:Cn10.1.HSIII
a. Independently and proactively access relevant and qualitative resources to inform the creation of cogent media artworks.
b. Demonstrate and expound on the use of media artworks to consummate new meaning, knowledge, and impactful cultural experiences.

Media Arts/Connecting
#MA:Cn11.1

Process Component: Relate
Anchor Standard: Relate artistic ideas and works with societal, cultural, and historical context to deepen understanding.
Enduring Understanding: Media artworks and ideas are better understood and produced by relating them to their purposes, values, and various contexts.
Essential Question: How does media arts relate to its various contexts, purposes, and values? How does investigating these relationships inform and deepen the media artist's understanding and work?

HS Proficient
MA:Cn11.1.HSI
a. Demonstrate and explain how media artworks and ideas relate to various contexts, purposes, and values, such as social trends, power, equality, and personal/cultural identity.
b. Critically evaluate and effectively interact with legal, technological, systemic, and vocational contexts of media arts, considering ethics, media literacy, social media, virtual worlds, and digital identity.

HS Accomplished
MA:Cn11.1.HSII
a. Examine in depth and demonstrate the relationships of media arts ideas and works to various contexts, purposes, and values, such as markets, systems, propaganda, and truth.
b. Critically investigate and ethically interact with legal, technological, systemic, and vocational contexts of media arts, considering ethics, media literacy, digital identity, and artist/audience interactivity.

HS Advanced
MA:Cn11.1.HSIII
a. Demonstrate the relationships of media arts ideas and works to personal and global contexts, purposes, and values, through relevant and impactful media artworks.
b. Critically investigate and strategically interact with legal, technological, systemic, and vocational contexts of media arts.

GLOSSARY: MEDIA ARTS

Attention
Principle of directing perception through sensory and conceptual impact

Balance
Principle of the equitable and/or dynamic distribution of items in a media arts composition or structure for aesthetic meaning, as in a visual frame, or within game architecture

Components
The discrete portions and aspects of media artworks, including: elements, principles, processes, parts, assemblies, etc., such as: light, sound, space, time, shot, clip, scene, sequence, movie, narrative, lighting, cinematography, interactivity, etc.

Composition
Principle of arrangement and balancing of components of a work for meaning and Message

Constraints
Limitations on what is possible, both real and perceived

Contrast
Principle of using the difference between items, such as elements, qualities and components, to mutually complement them

Continuity
The maintenance of uninterrupted flow, continuous action or self-consistent detail across the various scenes or components of a media artwork, i.e. game components, branding, movie timeline, series, etc.

Context
The situation surrounding the creation or experience of media artworks that influences the work, artist or audience. This can include how, where, and when media experiences take place, as well as additional internal and external factors (personal, societal, cultural, historical, physical, virtual, economic, systemic, etc.)

Convention
An established, common, or predictable rule, method, or practice within media arts production, such as the notion of a ‘hero’ in storytelling

Copyright
The exclusive right to make copies, license, and otherwise exploit a produced work

Digital identity
How one is presented, perceived and recorded online, including personal and collective information and sites, e-communications, commercial tracking, etc.

Divergent thinking
Unique, original, uncommon, idiosyncratic ideas; thinking “outside of the box”

Design thinking
A cognitive methodology that promotes innovative problem solving through the

prototyping and testing process commonly used in design

Emphasis
Principle of giving greater compositional strength to a particular element or component in a media artwork

Ethics
Moral guidelines and philosophical principles for determining appropriate behavior within media arts environments

Exaggeration
Principle of pushing a media arts element or component into an extreme for provocation, attention, contrast, as seen in character, voice, mood, message, etc.

Experiential Design
Area of media arts wherein interactive, immersive spaces and activities are created for the user; associated with entertainment design

Fairness
Complying with appropriate, ethical and equitable rules and guidelines

Fair use
Permits limited use of copyrighted material without acquiring permission from the rights holders, including commentary, search engines, criticism, etc.

Force
Principle of energy or amplitude within an element, such as the speed and impact of a character's motion

Generative methods
Various inventive techniques for creating new ideas and models, such as brainstorming, play, open exploration, experimentation, inverting assumptions, rule-bending, etc.

Hybridization
Principle of combining two existing media forms to create new and original forms, such as merging theatre and multimedia

Interactivity
A diverse range of articulating capabilities between media arts components, such as user, audience, sensory elements, etc., that allow for inputs and outputs of responsive connectivity via sensors, triggers, interfaces, etc., and may be used to obtain data, commands, or information and may relay immediate feedback, or other communications; contains unique sets of aesthetic principles

Juxtaposition
Placing greatly contrasting items together for effect

Legal
The legislated parameters and protocols of media arts systems, including user agreements, publicity releases, copyright, etc.

Manage audience experience
The act of designing and forming user sensory episodes through multi-sensory captivation, such as using sequences of moving image and sound to maintain and carry the viewer's attention, or constructing thematic spaces in virtual or experiential design

Markets
The various commercial and informational channels and forums for media artworks, such as T.V., radio, internet, fine arts, non-profit, communications, etc.

Media arts contexts
The diverse locations and circumstances of media arts, including its markets, networks, technologies and vocations

Media environments
Spaces, contexts and situations where media artworks are produced and experienced, such as in theaters, production studios and online

Media literacy
A series of communication competencies, including the ability to access, analyze, evaluate, and communicate information in a variety of forms, including print and non-print messages – National Association for Media Literacy Education

Media messages
The various artistic, emotional, expressive, prosaic, commercial, utilitarian and informational communications of media artworks

Meaning
The formulation of significance and purposefulness in media artworks

Modeling or concept modeling
Creating a digital or physical representation or sketch of an idea, usually for testing; prototyping

Movement
Principle of motion of diverse items within media artworks

Multimodal perception
The coordinated and synchronized integration of multiple sensory systems (vision, touch, auditory, etc.) in media artworks

Multimedia theatre
The combination of live theatre elements and digital media (sound, projections, video, etc.) into a unified production for a live audience

Narrative structure
The framework for a story, usually consisting of an arc of beginning, conflict and resolution

Personal aesthetic
An individually formed, idiosyncratic style or manner of expressing oneself; an artist's "voice"

Perspective

Principle pertaining to the method of three-dimensional rendering, point-of-view, and angle of composition

Point of view
The position from which something or someone is observed; the position of the narrator in relation to the story, as indicated by the narrator's outlook from which the events are depicted and by the attitude toward the characters

Positioning
The principle of placement or arrangement

Production processes
The diverse processes, procedures, or steps used to carry out the construction of a media artwork, such as prototyping, playtesting, and architecture construction in game design

Prototyping
Creating a testable version, sketch or model of a media artwork, such as a game, character, website, application, etc.

Resisting closure
Delaying completion of an idea, process or production, or persistently extending the process of refinement, towards greater creative solutions or technical perfection

Responsive use of failure
Incorporating errors towards persistent improvement of an idea, technique, process or product

Rules
The laws, or guidelines for appropriate behavior; protocols

Safety
Maintaining proper behavior for the welfare of self and others in handling equipment and interacting with media arts environments and groups

Soft skills
Diverse organizational and management skills, useful to employment, such as collaboration, planning, adaptability, communication, etc.

Stylistic convention
A common, familiar, or even “formulaic” presentation form, style, technique or construct, such as the use of tension building techniques in a suspense film, for example

Systemic Communications
Socially or technologically organized and higher-order media arts communications such as networked multimedia, television formats and broadcasts, “viral” videos, social multimedia (e.g. “vine” videos), remixes, transmedia, etc.

System(s)
The complex and diverse technological structures and contexts for media arts production, funding, distribution, viewing, and archiving

Technological

The mechanical aspects and contexts of media arts production, including hardware, software, networks, code, etc.

Tone
Principle of "color", "texture" or "feel" of a media arts element or component, as for sound, lighting, mood, sequence, etc.

Transdisciplinary production
Accessing multiple disciplines during the conception and production processes of media creation, and using new connections or ideas that emerge to inform the work

Transmedia production
Communicating a narrative and/or theme over multiple media platforms, while adapting the style and structure of each story component to the unique qualities of the platforms

Virtual channels
Network based presentation platforms such as: Youtube, Vimeo, Deviantart, etc.

Virtual worlds
Online, digital, or synthetic environments (e.g. Minecraft, Second Life)

Vocational
The workforce aspects and contexts of media arts

Idaho Content Standards

English Language Arts/Literacy
&
Literacy in History/Social Studies, Science, and Technical Subjects

K-12

Table of Contents

Idaho Content Standards English Language Arts *& Literacy in History/Social Studies, Science, and Technical Subjects*

Idaho Content Standards describe what Idaho students should know and be able to do at each grade level in certain content areas. Content standards are reviewed by teams of Idaho educators on a rotating basis every six years to ascertain whether changes or revisions are indicated to ensure that the most current and effective standards form the foundational basis for instruction, which is the responsibility of each local public school district.

In 2015, Idaho's Content Standards in English Language Arts & Literacy were reviewed through a four month online review process. In December of 2015, Stake Holders from across Idaho came together to review all comments and suggestions submitted.

The committee then recommended changes to Idaho's English Language Arts (ELA)/Literacy Standards to best meet the needs of Idaho students and educators.

The Common Core State Standards for English Language Arts & Literacy in History/Social Studies, Science, and Technical Subjects ("the Standards") are the culmination of an extended, broad-based effort to fulfill the charge issued by the states to create the next generation of K–12 standards in order to help ensure that all students are college and career ready in literacy no later than the end of high school.

The present work, led by the Council of Chief State School Officers (CCSSO) and the National Governors Association (NGA), builds on the foundation laid by states in their decades-long work on crafting high-quality education standards. The Standards also draw on the most important international models as well as research and input from numerous sources, including state departments of education, scholars, assessment developers, professional organizations, educators from kindergarten through college, and parents, students, and other members of the public. In their design and content, refined through successive drafts and numerous rounds of feedback, the Standards represent a synthesis of the best elements of standards-related work to date and an important advance over that previous work.

As specified by CCSSO and NGA, the Standards are (1) research and evidence based, (2) aligned with college and work expectations, (3) rigorous, and (4) internationally benchmarked. A particular standard was included in the document only when the best available evidence indicated that its mastery was essential for college and career readiness in a twenty-first-century, globally competitive society. The Standards are intended to be a living work: as new and better evidence emerges, the Standards will be revised accordingly.

The Standards are an extension of a prior initiative led by CCSSO and NGA to develop College and Career Readiness (CCR) standards in reading, writing, speaking, listening, and language as well as in mathematics. The CCR Reading, Writing, and Speaking and Listening Standards, released in draft form in September 2009, serve, in revised form, as the backbone for the present document. Grade-specific K–12 standards in reading, writing, speaking, listening, and language translate the broad (and, for the earliest grades, seemingly distant) aims of the CCR standards into age- and attainment- appropriate terms.

The Standards set requirements not only for English language arts (ELA) but also for literacy in history/social studies, science, and technical subjects. Just as students must learn to read, write, speak, listen, and use language effectively in a variety of content areas, so too must the Standards specify the literacy skills and understandings required for college and career readiness in multiple disciplines. Literacy standards for grade 6 and above are predicated on teachers of ELA, history/social studies, science, and technical subjects using their content area expertise to help students meet the particular challenges of reading, writing, speaking, listening, and language in their respective fields. It is important to note that the 6–12 literacy standards in history/social studies, science, and technical subjects are not meant to replace content standards in those areas but rather to supplement them. States may incorporate these standards into their standards for those subjects or adopt them as content area literacy standards.

As a natural outgrowth of meeting the charge to define college and career readiness, the Standards also lay out a vision of what it means to be a literate person in the twenty-first century. Indeed, the skills and understandings students are expected to demonstrate have wide applicability outside the classroom or workplace. Students who meet the Standards readily undertake the close, attentive reading that is at the heart of understanding and enjoying complex works of literature. They habitually perform the critical reading necessary to pick carefully through the staggering amount of information available today in print and digitally. They actively seek the wide, deep, and thoughtful engagement with high-quality literary and informational texts that builds knowledge, enlarges experience, and broadens worldviews. They reflexively demonstrate the cogent reasoning and use of evidence that is essential to both private deliberation and responsible citizenship in a democratic republic. In short, students who meet the Standards develop the skills in reading, writing, speaking, and listening that are the foundation for any creative and purposeful expression in language. *June 2, 2010*

What is Not Covered by the Standards

The Standards should be recognized for what they are not as well as what they are. The most important intentional design limitations are as follows:

1. The Standards define what all students are expected to know and be able to do, not how teachers should teach. For instance, the use of play with young children is not specified by the Standards, but it is welcome as a valuable activity in its own right and as a way to help students meet the expectations in this document. Furthermore, while the Standards make references to some particular forms of content, including mythology, foundational U.S. documents, and Shakespeare, they do not—indeed, cannot—enumerate all or even most of the content that students should learn. The Standards must therefore be complemented by a well-developed, content-rich curriculum consistent with the expectations laid out in this document.

2. While the Standards focus on what is most essential, they do not describe all that can or should be taught. A great deal is left to the discretion of teachers and curriculum developers. The aim of the Standards is to articulate the fundamentals, not to set out an exhaustive list or a set of restrictions that limits what can be taught beyond what is specified herein.

3. The Standards do not define the nature of advanced work for students who meet the Standards prior to the end of high school. For those students, advanced work in such areas as literature, composition, language, and journalism should be available. This work should provide the next logical step up from the college and career readiness baseline established here.

4. The Standards set grade-specific standards but do not define the intervention methods or materials necessary to support students who are well below or well above grade-level expectations. No set of grade-specific standards can fully reflect the great variety in abilities, needs, learning rates, and achievement levels of students in any given classroom. However, the Standards do provide clear signposts along the way to the goal of college and career readiness for all students.

5. It is also beyond the scope of the Standards to define the full range of supports appropriate for English language learners and for students with special needs. At the same time, all students must have the opportunity to learn and meet the same high standards if they are to access the knowledge and skills necessary in their post–high school lives.

Each grade will include students who are still acquiring English. For those students, it is possible to meet the standards in reading, writing, speaking, and listening without displaying native-like control of conventions and vocabulary. The Standards should also be read as allowing for the widest possible range of students to participate fully from the outset and as permitting appropriate accommodations to ensure maximum participation of students with special education needs. For example, for students with disabilities *reading* should allow for the use of Braille, screen-reader technology, or other assistive devices, while *writing* should include the use of a scribe, computer, or speech-to-text technology. In a similar vein, *speaking* and *listening* should be interpreted broadly to include sign language.

6. While the ELA and content area literacy components described herein are critical to college and career readiness, they do not define the whole of such readiness. Students require a wide-ranging, rigorous academic preparation and, particularly in the early grades, attention to such matters as social, emotional, and physical development and approaches to learning. Similarly, the Standards define literacy expectations in history/social studies, science, and technical subjects, but literacy standards in other areas, such as mathematics and health education, modeled on those in this document are strongly encouraged to facilitate a comprehensive, schoolwide literacy program.

Students who are College and Career Ready in Reading, Writing, Speaking, Listening, and Language

The descriptions that follow are not standards themselves but instead offer a portrait of students who meet the standards set out in this document. As students advance through the grades and master the standards in reading, writing, speaking, listening, and language, they are able to exhibit with increasing fullness and regularity these capacities of the literate individual.

They demonstrate independence.

Students can, without significant scaffolding, comprehend and evaluate complex texts across a range of types and disciplines, and they can construct effective arguments and convey intricate or multifaceted information. Likewise, students are able independently to discern a speaker's key points, request clarification, and ask relevant questions. They build on others' ideas, articulate their own ideas, and confirm they have been understood. Without prompting, they demonstrate command of standard English and acquire and use a wide-ranging vocabulary. More broadly, they become self-directed learners, effectively seeking out and using resources to assist them, including teachers, peers, and print and digital reference materials.

They build strong content knowledge.

Students establish a base of knowledge across a wide range of subject matter by engaging with works of quality and substance. They become proficient in new areas through research and study. They read purposefully and listen attentively to gain both general knowledge and discipline-specific expertise. They refine and share their knowledge through writing and speaking.

They respond to the varying demands of audience, task, purpose, and discipline.

Students adapt their communication in relation to audience, task, purpose, and discipline. They set and adjust purpose for reading, writing, speaking, listening, and language use as warranted by the task. They appreciate nuances, such as how the composition of an audience should affect tone when speaking and how the connotations of words affect meaning. They also know that different disciplines call for different types of evidence (e.g., documentary evidence in history, experimental evidence in science).

They comprehend as well as critique.

Students are engaged and open-minded—but discerning—readers and listeners. They work diligently to understand precisely what an author or speaker is saying, but they also question an author's or speaker's assumptions and premises and assess the veracity of claims and the soundness of reasoning.

They value evidence.

Students cite specific evidence when offering an oral or written interpretation of a text. They use relevant evidence when supporting their own points in writing and speaking, making their reasoning clear to the reader or listener, and they constructively evaluate others' use of evidence.

They use technology and digital media strategically and capably.

Students employ technology thoughtfully to enhance their reading, writing, speaking, listening, and language use. They tailor their searches online to acquire useful information efficiently, and they integrate what they learn using technology with what they learn offline. They are familiar with the strengths and limitations of various technological tools and mediums and can select and use those best suited to their communication goals.

They come to understand other perspectives and cultures.

Students appreciate that the twenty-first-century classroom and workplace are settings in which people from often widely divergent cultures and who represent diverse experiences and perspectives must learn and work together. Students actively seek to understand other perspectives and cultures through reading and listening, and they are able to communicate effectively with people of varied backgrounds. They evaluate other points of view critically and constructively. Through reading great classic and contemporary works of literature representative of a variety of periods, cultures, and worldviews, students can vicariously inhabit worlds and have experiences much different than their own.

How to Read This Document

Overall Document Organization

The Standards comprise three main sections: a comprehensive K–5 section and two content area–specific sections for grades 6–12, one for ELA and one for history/social studies, science, and technical subjects. Three appendices accompany the main document.

Each section is divided into strands. K–5 and 6–12 ELA have Reading, Writing, Speaking and Listening, and Language strands; the 6–12 history/ social studies, science, and technical subjects section focuses on Reading and Writing. Each strand is headed by a strand-specific set of College and Career Readiness Anchor Standards that is identical across all grades and content areas.

Standards for each grade within K–8 and for grades 9–10 and 11–12 follow the CCR anchor standards in each strand. Each grade-specific standard (as these standards are collectively referred to) corresponds to the same-numbered CCR anchor standard. Put another way, each CCR anchor standard has an accompanying grade-specific standard translating the broader CCR statement into grade-appropriate end-of-year expectations.

Individual CCR anchor standards can be identified by their strand, CCR status, and number (R.CCR.6, for example). Individual grade-specific standards can be identified by their strand, grade, and number (or number and letter, where applicable), so that RI.4.3, for example, stands for Reading, Informational Text, grade 4, standard 3 and W.5.1a stands for Writing, grade 5, standard 1a. Strand designations can be found in brackets alongside the full strand title.

Who is responsible for which portion of the Standards

A single K–5 section lists standards for reading, writing, speaking, listening, and language across the curriculum, reflecting the fact that most or all of the instruction students in these grades receive comes from one teacher. Grades 6–12 are covered in two content area–specific sections, the first for the English language arts teacher and the second for teachers of history/social studies, science, and technical subjects. Each section uses the same CCR anchor standards but also includes grade-specific standards tuned to the literacy requirements of the particular discipline(s).

Key Features of the Standards

Reading: Text complexity and the growth of comprehension The Reading standards place equal emphasis on the sophistication of what students read and the skill with which they read. Standard 10 defines a grade-by-grade "staircase" of increasing text complexity that rises from beginning reading to the college and career readiness level.

Whatever they are reading, students must also show a steadily growing ability to discern more from and make fuller use of text, including making an increasing number of connections among ideas and between texts, considering a wider range of textual evidence, and becoming more sensitive to inconsistencies, ambiguities, and poor reasoning in texts.

Writing: Text types, responding to reading, and research

The Standards acknowledge the fact that whereas some writing skills, such as the ability to plan, revise, edit, and publish, are applicable to many types of writing, other skills are more properly defined in terms of specific writing types: arguments, informative/explanatory texts, and narratives. Standard 9 stresses the importance of the writing-reading connection by requiring students to draw upon and write about evidence from literary and informational texts. Because of the centrality of writing to most forms of inquiry, research standards are prominently included in this strand, though skills important to research are infused throughout the document.

Speaking and Listening: Flexible communication and collaboration

Including but not limited to skills necessary for formal presentations, the Speaking and Listening standards require students to develop a range of broadly useful oral communication and interpersonal skills. Students must learn to work together, express and listen carefully to ideas, integrate information from oral, visual, quantitative, and media sources, evaluate what they hear, use media and visual displays strategically to help achieve communicative purposes, and adapt speech to context and task.

Language: Conventions, effective use, and vocabulary

The Language standards include the essential "rules" of standard written and spoken English, but they also approach language as a matter of craft and informed choice among alternatives. The vocabulary standards focus on understanding words and phrases, their relationships, and their nuances and on acquiring new vocabulary, particularly general academic and domain-specific words and phrases.

Appendices A, B, and C

Appendix A contains supplementary material on reading, writing, speaking and listening, and language as well as a glossary of key terms. Appendix B consists of text exemplars illustrating the complexity, quality, and range of reading appropriate for various grade levels with accompanying sample performance tasks. Appendix C includes annotated samples demonstrating at least adequate performance in student writing at various grade levels.

How to Write the Idaho Content Standards for English Language Arts/Literacy & Literacy in History/Social Studies, Science, and Technical Subjects:

Full name of Standard (Grade Level Indicator)	Standard -Reading Literature -Reading Informational Text -Writing -Speaking and Listening	Grade level	Standard number	Standard sub category letter (if applicable)	How to write as Anchor Standard	Way to write for Grade Level Standard
					College &Career Readiness Anchor Standards (no grade level indicated)	
Reading Literature (K-12)	RL	6	3		CCRA.R.3	RL.6.3
Reading Informational Text (K-12)	RI	9-10	9		CCRA.R.9	RI.9-10.9
Reading Literacy in History/Social Studies (6-12)	RH	9-10	2		CCRA.R.2	RH.9-10.2

K-5 Section

College and Career Readiness Anchor Standards for Reading

The K–5 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Key Ideas and details

CCRA.R.1 Read closely to determine what the text says explicitly and to make logical inferences from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.

CCRA.R.2 Determine central ideas or themes of a text and analyze their development; summarize the key supporting details and ideas.

CCRA.R.3 Analyze how and why individuals, events, and ideas develop and interact over the course of a text.

Craft and Structure

CCRA.R.4 Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning or tone.

CCRA.R.5 Analyze the structure of texts, including how specific sentences, paragraphs, and larger portions of the text (e.g., a section, chapter, scene, or stanza) relate to each other and the whole.

CCRA.R.6 Assess how point of view or purpose shapes the content and style of a text.

Integration of Knowledge and Ideas

CCRA.R.7 Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.*

CCRA.R.8 Delineate and evaluate the argument and specific claims in a text, including the validity of the reasoning as well as the relevance and sufficiency of the evidence.

CCRA.R.9 Analyze how two or more texts address similar themes or topics in order to build knowledge or to compare the approaches the authors take.

Range of Reading and Level of Text Complexity

CCRA.R.10 Read and comprehend complex literary and informational texts independently and proficiently.

**Please see "Research to Build and Present Knowledge" in Writing and "Comprehension and Collaboration" in Speaking and Listening for additional standards relevant to gathering, assessing, and applying information from print and digital sources.*

Note on range and content of student reading

To build a foundation for college and career readiness, students must read widely and deeply from among a broad range of high-quality, increasingly challenging literary and informational texts. Through extensive reading of stories, dramas, poems, and myths from diverse cultures and different time periods, students gain literary and cultural knowledge as well as familiarity with various text structures and elements. By reading texts in history/social studies, science, and other disciplines, students build a foundation of knowledge in these fields that will also give them the background to be better readers in all content areas. Students can only gain this foundation when the curriculum is intentionally and coherently structured to develop rich content knowledge within and across grades. Students also acquire the habits of reading independently and closely, which are essential to their future success.

Reading Standards for Literature (K–5) RL

The following standards offer a focus for instruction each year and help ensure that students gain adequate exposure to a range of texts and tasks. Rigor is also infused through the requirement that students read increasingly complex texts through the grades. *Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.*

Kindergartners:	Grade 1 Students:	Grade 2 Students:
Key Ideas and Details		
RL.K.1 With prompting and support, ask and answer questions about key details in a text.	**RL.1.1** Ask and answer questions about key details in a text.	**RL.2.1** Ask and answer such questions as who, what, where, when, why, and how to demonstrate understanding of key details in a text.
RL.K.2 With prompting and support, retell familiar stories, including key details.	**RL.1.2** Retell stories, including key details, and demonstrate understanding of their central message or lesson.	**RL.2.2** Recount stories, including fables and folktales from diverse cultures, and determine their central message, lesson, or moral.
RL.K.3 With prompting and support, identify characters, settings, and major events in a story.	**RL.1.3** Describe characters, settings, and major events in a story, using key details.	**RL.2.3** Describe how characters in a story respond to major events and challenges.
Craft and Structure		
RL.K.4 Ask and answer questions about unknown words in a text.	**RL.1.4** Identify words and phrases in stories or poems that suggest feelings or appeal to the senses.	**RL.2.4** With guidance and support from adults, identify and ~~Describe~~ describe how words and phrases (e.g., regular beats, alliteration, rhymes, repeated lines) supply rhythm and meaning in a story, poem, or song.
RL.K.5 Recognize common types of texts (e.g., storybooks, poems).	**RL.1.5** Explain major differences between books that tell stories and books that give information, drawing on a wide reading of a range of text types.	**RL.2.5** Describe the overall structure of a story, including describing how the beginning introduces the story and the ending concludes the action.
RL.K.6 With prompting and support, name the author and illustrator of a story and define the role of each in telling the story.	**RL.1.6** Identify who is telling the story at various points in a text.	**RL.2.6** Acknowledge differences in the points of view of characters, including by speaking in a different voice for each character when reading dialogue aloud.
Integration of Knowledge and Ideas		
RL.K.7 With prompting and support, describe the relationship between illustrations and the story in which they appear (e.g., what moment in a story an illustration depicts).	**RL.1.7** Use illustrations and details in a story to describe its characters, setting, or events.	**RL.2.7** Use information gained from the illustrations and words in a print or digital text to demonstrate understanding of its characters, setting, or plot.
RL.K.8 (Not applicable to literature)	**RL.1.8** (Not applicable to literature)	**RL.2.8** (Not applicable to literature)
RL.K.9 With prompting and support, compare and contrast the adventures and experiences of characters in familiar stories.	**RL.1.9** Compare and contrast the adventures and experiences of characters in stories.	RL.2.9 Compare and contrast two or more versions of the same story (e.g., Cinderella stories) by different authors or from different cultures.
Range of Reading and Level of Text Complexity		
RL.K.10 Actively engage in group reading activities with purpose and understanding.	**RL.1.10** With prompting and support, read prose and poetry of appropriate complexity for grade 1.	**RL.2.10** By the end of the year, read and comprehend literature, including stories and poetry, in the grades 2–3 text complexity band proficiently, with scaffolding as needed at the high end of the range.

Reading Standards for Literature (K–5) RL

Grade 3 Students:	Grade 4 Students:	Grade 5 Students:
Key Ideas and Details		
RL.3.1 Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.	**RL.4.1** Refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.	**RL.5.1** Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.
RL.3.2 Recount stories, including fables, folktales, and myths from diverse cultures; determine the central message, lesson, or moral and explain how it is conveyed through key details in the text.	**RL.4.2** Determine a theme of a story, drama, or poem from details in the text; summarize the text.	**RL.5.2** Determine a theme of a story, drama, or poem from details in the text, including how characters in a story or drama respond to challenges or how the speaker in a poem reflects upon a topic; summarize the text.
RL.3.3 Describe characters in a story (e.g., their traits, motivations, or feelings) and explain how their actions contribute to the sequence of events.	**RL.4.3** Describe in depth a character, setting, or event in a story or drama, drawing on specific details in the text (e.g., a character's thoughts, words, or actions).	**RL.5.3** Compare and contrast two or more characters, settings, or events in a story or drama, drawing on specific details in the text (e.g., how characters interact).
Craft and Structure		
RL.3.4 Determine the meaning of words and phrases as they are used in a text, distinguishing literal from nonliteral language.	**RL.4.4** Determine the meaning of words and phrases as they are used in a text, including those that allude to significant characters found in mythology (e.g., Herculean).	**RL.5.4** Determine the meaning of words and phrases as they are used in a text, including figurative language such as metaphors and similes.
RL.3.5 Refer to parts of stories, dramas, and poems when writing or speaking about a text, using terms such as chapter, scene, and stanza; describe how each successive part builds on earlier sections.	**RL.4.5** Explain major differences between poems, drama, and prose, and refer to the structural elements of poems (e.g., verse, rhythm, meter) and drama (e.g., casts of characters, settings, descriptions, dialogue, stage directions) when writing or speaking about a text.	**RL.5.5** Explain how a series of chapters, scenes, or stanzas fits together to provide the overall structure of a particular story, drama, or poem.
RL.3.6 Distinguish their own point of view from that of the narrator or those of the characters.	**RL.4.6** Compare and contrast the point of view from which different stories are narrated, including the difference between first- and third-person narrations.	**RL.5.6** Describe how a narrator's or speaker's point of view influences how events are described.
Integration of Knowledge and Ideas		
RL.3.7 Explain how specific aspects of a text's illustrations contribute to what is conveyed by the words in a story (e.g., create mood, emphasize aspects of a character or setting).	**RL.4.7** Make connections between the text of a story or drama and a visual or oral presentation of the text, identifying where each version reflects specific descriptions and directions in the text.	**RL.5.7** Analyze how visual and multimedia elements contribute to the meaning, tone, or beauty of a text (e.g., graphic novel, multimedia presentation of fiction, folktale, myth, poem).
RL.3.8 (Not applicable to literature)	**RL.4.8** (Not applicable to literature)	**RL.5.8** (Not applicable to literature)
RL.3.9 Compare and contrast the themes, settings, and plots of stories written by the same author about the same or similar characters (e.g., in books from a series).	**RL.4.9** Compare and contrast the treatment of similar themes and topics (e.g., opposition of good and evil) and patterns of events (e.g., the quest) in stories, myths, and traditional literature from different cultures.	**RL.5.9** Compare and contrast stories in the same genre (e.g., mysteries and adventure stories) on their approaches to similar themes and topics.
Range of Reading and Level of Text Complexity		
RL.3.10 By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 2–3 text complexity band independently and proficiently.	**RL.4.10** By the end of the year, read and comprehend literature, including stories, dramas, and poetry, in the grades 4–5 text complexity band proficiently, with scaffolding as needed at the high end of the range.	**RL.5.10** By the end of the year, read and comprehend literature, including stories, dramas, and poetry, at the high end of the grades 4–5 text complexity band independently and proficiently.

Reading Standards for Informational Text (K–5) RI

Kindergartners:	Grade 1 Students:	Grade 2 Students:
Key Ideas and Details		
RI.K.1 With prompting and support, ask and answer questions about key details in a text.	**RI.1.1** Ask and answer questions about key details in a text.	**RI.2.1** Ask and answer questions as who, what, where, when, why, and how, to demonstrate understanding of key details in a text.
RI.K.2 With prompting and support, identify the main topic and retell key details of a text.	**RI.1.2** Identify the main topic and retell key details of a text.	**RI.2.2** Identify the main topic of a multiparagraph text as well as the focus of specific paragraphs within the text.
RI.K.3 With prompting and support, describe the connection between two individuals, events, ideas, or pieces of information in a text.	**RI.1.3** Describe the connection between two individuals, events, ideas, or pieces of information in a text.	**RI.2.3** Describe the connection between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text.
Craft and Structure		
RI.K.4 With prompting and support, ask and answer questions about unknown words in a text.	**RI.1.4** Ask and answer questions to help determine or clarify the meaning of words and phrases in a text.	**RI.2.4** Determine the meaning of words and phrases in a text relevant to a *grade 2 topic or subject area*.
RI.K.5 Identify the front cover, back cover, and title page of a book.	**RI.1.5** Know and use various text features (e.g., headings, tables of contents, glossaries, electronic menus, icons) to locate key facts or information in a text.	**RI.2.5** Know and use various text features (e.g., captions, bold print, subheadings, glossaries, indexes, electronic menus, icons) to locate key facts or information in a text efficiently.
RI.K.6 Name the author and illustrator of a text and define the role of each in presenting the ideas or information in a text.	**RI.1.6** Distinguish between information provided by pictures or other illustrations and information provided by the words in a text.	**RI.2.6** Identify the main purpose of a text, including what the author wants to answer, explain, or describe.
Integration of Knowledge and Ideas		
RI.K.7 With prompting and support, describe the relationship between illustrations and the text in which they appear (e.g., what person, place, thing, or idea in the text an illustration depicts).	**RI.1.7** Use the illustrations and details in a text to describe its key ideas.	**RI.2.7** Explain how specific images (e.g., a diagram showing how a machine works) contribute to and clarify a text.
RI.K.8 With prompting and support, identify the reasons an author gives to support points in a text.	**RI.1.8** Identify the reasons an author gives to support points in a text.	**RI.2.8** Describe how reasons support specific points the author makes in a text.
RI.K.9 With prompting and support, identify basic similarities in and differences between two texts on the same topic (e.g., in illustrations, descriptions, or procedures).	**RI.1.9** Identify basic similarities in and differences between two texts on the same topic (e.g., in illustrations, descriptions, or procedures).	**RI.2.9** Compare and contrast the most important points presented by two texts on the same topic.
Range of Reading and Level of Text Complexity		
RI.K.10 Actively engage in group reading activities with purpose and understanding.	**RI.1.10** With prompting and support, read informational texts appropriately complex for grade 1.	**RI.2.10** By the end of the year, read and comprehend informational texts, including history/social studies, science, and technical texts, in the grades 2-3 text complexity band proficiently, with scaffolding as needed at the high end of the range.

Reading Standards for Informational Text (K–5) RI

Grade 3 Students:	Grade 4 Students:	Grade 5 Students:
Key Ideas and Details		
RI.3.1 Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.	**RI.4.1** Refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.	**RI.5.1**Quote accurately from a text when explaining what the text says explicitly and when drawing inferences from the text.
RI.3.2 Determine the main idea of a text; recount the key details and explain how they support the main idea.	**RI.4.2** Determine the main idea of a text and explain how it is supported by key details; summarize the text.	**RI.5.2** Determine two or more main ideas of a text and explain how they are supported by key details; summarize the text.
RI.3.3 Describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text, using language that pertains to time, sequence, and cause/effect.	**RI.4.3** Explain events, procedures, ideas, or concepts in a historical, scientific, or technical text, including what happened and why, based on specific information in the text.	**RI.5.3** Explain the relationships or interactions between two or more individuals, events, ideas, or concepts in a historical, scientific, or technical text based on specific information in the text.
Craft and Structure		
RI.3.4 Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 3 topic or subject area.	**RI.4.4** Determine the meaning of general academic and domain-specific words or phrases in a text relevant to a grade 4 topic or subject area.	**RI.5.4** Determine the meaning of general academic and domain-specific words and phrases in a text relevant to a grade 5 topic or subject area.
RI.3.5 Use text features and search tools (e.g., key words, sidebars, hyperlinks) to locate information relevant to a given topic efficiently.	**RI.4.5** Describe the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in a text or part of a text.	**RI.5.5** Compare and contrast the overall structure (e.g., chronology, comparison, cause/effect, problem/solution) of events, ideas, concepts, or information in two or more texts.
RI.3.6 Distinguish their own point of view from that of the author of a text.	**RI.4.6** Compare and contrast a firsthand and secondhand account of the same event or topic; describe the differences in focus and the information provided.	**RI.5.6** Analyze multiple accounts of the same event or topic, noting important similarities and differences in the point of view they represent.
Integration of Knowledge and Ideas		
RI.3.7 Use information gained from illustrations (e.g., maps, photographs) and the words in a text to demonstrate understanding of the text (e.g., where, when, why, and how key events occur).	**RI.4.7** Interpret information presented visually, orally, or quantitatively (e.g., in charts, graphs, diagrams, time lines, animations, or interactive elements on Web pages) and explain how the information contributes to an understanding of the text in which it appears.	**RI.5.7** Draw on information from multiple print or digital sources, demonstrating the ability to locate an answer to a question quickly or to solve a problem efficiently.
RI.3.8 Describe the logical connection between particular sentences and paragraphs in a text (e.g., comparison, cause/effect, first/second/third in a sequence).	**RI.4.8** Explain how an author uses reasons and evidence to support particular points in a text.	**RI.5.8** Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which point(s).
RI.3.9 Compare and contrast the most important points and key details presented in two texts on the same topic.	**RI.4.9** Integrate information from two texts on the same topic in order to write or speak about the subject knowledgeably.	**RI.5.9** Integrate information from several texts on the same topic in order to write or speak about the subject knowledgeably.
Range of Reading and Level of Text Complexity		
RI.3.10 By the end of the year, read and comprehend informational texts, including history/social studies, science, and technical texts, at the high end of the grades 2–3 text complexity band independently and proficiently.	**RI.4.10** By the end of year, read and comprehend informational texts, including history/social studies, science, and technical texts, in the grades 4–5 text complexity band proficiently, with scaffolding as needed at the high end of the range.	**RI.5.10** By the end of the year, read and comprehend informational texts, including history/social studies, science, and technical texts, at the high end of the grades 4–5 text complexity band independently and proficiently.

Reading Standards for Foundational Skills (K–5) No Anchor Standards for Foundational Skills RF

These standards are directed toward fostering students' understanding and working knowledge of concepts of print, the alphabetic principle, and other basic conventions of the English writing system. These foundational skills are not an end in and of themselves; rather, they are necessary and important components of an effective, comprehensive reading program designed to develop proficient readers with the capacity to comprehend texts across a range of types and disciplines. Instruction should be differentiated: good readers will need much less practice with these concepts than struggling readers will. The point is to teach students what they need to learn and not what they already know – to discern when particular children or activities warrant more or less attention.

Note: in kindergarten children are expected to demonstrate increasing awareness and competence in the areas that follow.

Kindergarteners:	Grade 1 Students:	Grade 2 Students:
Print Concepts		
RF.K.1 Demonstrate understanding of the organization and basic features of print. a. Follow words from left to right, top to bottom, and page by page. b. Recognize that spoken words are represented in written language by specific sequences of letters. c. Understand that words are separated by spaces in print. d. d. Recognize and name all upper- and lowercase letters of the alphabet.	**RF.1.1** Demonstrate understanding of the organization and basic features of print. a. a. Recognize the distinguishing features of a sentence (e.g., first word, capitalization, ending punctuation).	N/A
Phonological Awareness		
RF.K.2 Demonstrate understanding of spoken words, syllables, and sounds (phonemes). a. Recognize and produce rhyming words. b. Count, pronounce, blend, and segment syllables in spoken words. c. Blend and segment onsets and rimes of single-syllable spoken words. d. Isolate and pronounce the initial, medial vowel, and final sounds (phonemes) in three-phoneme (consonant-vowel-consonant, or CVC) words.1 (This does not include CVCs ending with /l/, /r/, or /x/.) e. e. Add or substitute individual sounds (phonemes) in simple, one-syllable words to make new words.	**RF.1.2** Demonstrate understanding of spoken words, syllables, and sounds (phonemes). a. Distinguish long from short vowel sounds in spoken single-syllable words. b. Orally produce single-syllable words by blending sounds (phonemes), including consonant blends. c. Isolate and pronounce initial, medial vowel, and final sounds (phonemes) in spoken single-syllable words. d. d. Segment spoken single-syllable words into their complete sequence of individual sounds (phonemes).	N/A

Reading Standards for Foundational Skills (K–5) No Anchor Standards for Foundational Skills RF

Note: in kindergarten children are expected to demonstrate increasing awareness and competence in the areas that follow.

Kindergarteners:	Grade 1 Students:	Grade 2 Students:
Phonics and Word Recognition		
RF.K.3 Know and apply grade-level phonics and word analysis skills in decoding words. a. Demonstrate basic knowledge of letter-sound correspondences by producing the primary or most frequent sound for each consonant. b. Associate the long and short sounds with the common spellings (graphemes) for the five major vowels. c. Read common high-frequency words by sight (e.g., the, of, to, you, she, my, is, are, do, does). d. d. Distinguish between similarly spelled words by identifying the sounds of the letters that differ.	**RF.1.3** Know and apply grade-level phonics and word analysis skills in decoding words. a. Know the spelling-sound correspondences for common consonant digraphs (two letters that represent one sound). b. Decode regularly spelled one-syllable words. c. Know final -e and common vowel team conventions for representing long vowel sounds. d. Use knowledge that every syllable must have a vowel sound to determine the number of syllables in a printed word. e. Decode two-syllable words following basic patterns by breaking the words into syllables. f. Read words with inflectional endings. g. Recognize and read grade-appropriate irregularly spelled words.	**RF.2.3** Know and apply grade-level phonics and word analysis skills in decoding words. a. Identify and know the meaning of the most common prefixes and derivational suffixes. b. Decode words with common Latin suffixes. c. Decode multi-syllable words. d. d. Read grade-appropriate irregularly spelled words.
Fluency		
RF.K.4 Read emergent-reader texts with purpose and understanding.	**RF.1.4** Read with sufficient accuracy and fluency to support comprehension. a. Read grade-level text with purpose and understanding. b. Read grade-level text orally with accuracy, appropriate rate, and expression. c. c. Use context to confirm or self-correct word recognition and understanding, rereading as necessary.	**RF.2.4** Read with sufficient accuracy and fluency to support comprehension. a. Read grade-level text with purpose and understanding. b. Read grade-level prose and poetry orally with accuracy, appropriate rate, and expression. c. c. Use context to confirm or self-correct word recognition and understanding, rereading as necessary.

College and Career Readiness Anchor Standards for Writing

The K–5 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Text Types and Purposes*

CCRA.W.1 Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.

CCRA.W.2 Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.

CCRA.W.3 Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.

Production and Distribution of Writing

CCRA.W.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.

CCRA.W.5 Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.

CCRA.W.6 Use technology, including the Internet, to produce and publish writing and to interact and collaborate with others.

Research to Build and Present Knowledge

CCRA.W.7 Conduct short as well as more sustained research projects based on focused questions, demonstrating understanding of the subject under investigation.

CCRA.W.8 Gather relevant information from multiple print and digital sources, assess the credibility and accuracy of each source, and integrate the information while avoiding plagiarism.

CCRA.W.9 Draw evidence from literary or informational texts to support analysis, reflection, and research.

Range of Writing

CCRA.W.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences

***These broad types of writing include many subgenres. See Appendix A for definitions of key writing types.*

Note on range and content of student writing

To build a foundation for college and career readiness, students need to learn to use writing as a way of offering and supporting opinions, demonstrating understanding of the subjects they are studying, and conveying real and imagined experiences and events. They learn to appreciate that a key purpose of writing is to communicate clearly to an external, sometimes unfamiliar audience, and they begin to adapt the form and content of their writing to accomplish a particular task and purpose. They develop the capacity to build knowledge on a subject through research projects and to respond analytically to literary and informational sources. To meet these goals, students must devote significant time and effort to writing, producing numerous pieces over short and extended time frames throughout the year.

Writing Standards K–5 W

The following standards for K–5 offer a focus for instruction each year to help ensure that students gain adequate mastery of a range of skills and applications. Each year in their writing, students should demonstrate increasing sophistication in all aspects of language use, from vocabulary and syntax to the development and organization of ideas, and they should address increasingly demanding content and sources. *Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.* The expected growth in student writing ability is reflected both in the standards themselves and in the collection of annotated student writing samples in Appendix C.

Kindergartners:	Grade 1 Students:	Grade 2 Students:
Text Types and Purposes		
W.K.1 Use a combination of drawing, dictating, and writing to compose opinion pieces in which they tell a reader the topic or the name of the book they are writing about and state an opinion or preference about the topic or book (e.g., My favorite book is . . .).	**W.1.1**Write opinion pieces in which they introduce the topic or name the book they are writing about, state an opinion, supply a reason for the opinion, and provide some sense of closure.	**W.2.1** Write opinion pieces in which they introduce the topic or book they are writing about, state an opinion, supply reasons that support the opinion, use linking words (e.g., because, and, also) to connect opinion and reasons, and provide a concluding statement or section.
W.K.2 Use a combination of drawing, dictating, and writing to compose informative/explanatory texts in which they name what they are writing about and supply some information about the topic.	**W.1.2** Write informative/explanatory texts in which they name a topic, supply some facts about the topic, and provide some sense of closure.	**W.2.2** Write informative/explanatory texts in which they introduce a topic, use facts and definitions to develop points, and provide a concluding statement or section.
W.K.3 Use a combination of drawing, dictating, and writing to narrate a single event or several loosely linked events, tell about the events in the order in which they occurred, and provide a reaction to what happened.	**W.1.3** Write narratives in which they recount two or more appropriately sequenced events, include some details regarding what happened, use temporal words to signal event order, and provide some sense of closure.	**W.2.3** Write narratives in which they recount a well-elaborated event or short sequence of events, include details to describe actions, thoughts, and feelings, use temporal words to signal event order, and provide a sense of closure.
Production and Distribution of Writing		
W.K.4. (Begins in grade 3)	**W.1.4** (Begins in grade 3)	**W.2.4** (Begins in grade 3)
W.K.5 With guidance and support from adults, respond to questions and suggestions from peers and add details to strengthen writing as needed.	**W.1.5** With guidance and support from adults, focus on a topic, respond to questions and suggestions from peers, and add details to strengthen writing as needed.	**W.2.5** With guidance and support from adults and peers, focus on a topic and strengthen writing as needed by revising and editing.
W.K.6 With guidance and support from adults, explore a variety of digital tools to produce and publish writing, including in collaboration with peers.	**W.1.6** With guidance and support from adults, use a variety of digital tools to produce and publish writing, including in collaboration with peers.	**W.2.6** With guidance and support from adults, use technology ~~a variety of digital tools~~ to produce and publish writing, (using keyboarding skills) as well as to interact and collaborate with others. ~~including in collaboration with peers.~~
Research to Build and Present Knowledge		
W.K.7 Participate in shared research and writing projects (e.g., explore a number of books by a favorite author and express opinions about them).	**W.1.7** Participate in shared research and writing projects (e.g., explore a number of "how-to" books on a given topic and use them to write a sequence of instructions).	**W.2.7** Participate in shared research and writing projects (e.g., read a number of books on a single topic to produce a report; record science observations).
W.K.8. With guidance and support from adults, recall information from experiences or gather information from provided sources to answer a question.	**W.1.8** With guidance and support from adults, recall information from experiences or gather information from provided sources to answer a question.	**W.2.8** Recall information from experiences or gather information from provided sources to answer a question.
W.K.9 (Begins in grade 4)	**W.1.9** (Begins in grade 4)	**W.2.9** (Begins in grade 4)
Range of Writing		
W.K.10 (Begins in grade 3)	**W.1.10** (Begins in grade 3)	**W.2.10** (Begins in grade 3)

Writing Standards K–5 W

Grade 3 Students:	Grade 4 Students:	Grade 5 Students:
Text Types and Purposes		
W.3.1 Write opinion pieces on topics or texts, supporting a point of view with reasons. a. Introduce the topic or text they are writing about, state an opinion, and create an organizational structure that lists reasons. b. Provide reasons that support the opinion. c. Use linking words and phrases (e.g., because, therefore, since, for example) to connect opinion and reasons. d. Provide a concluding statement or section.	**W.4.1** Write opinion pieces on topics or texts, supporting a point of view with reasons and information. a. Introduce a topic or text clearly, state an opinion, and create an organizational structure in which related ideas are grouped to support the writer's purpose. b. Provide reasons that are supported by facts and details. c. Link opinion and reasons using words and phrases (e.g., for instance, in order to, in addition). d. Use precise language and domain-specific vocabulary to support the opinion piece. ~~d.~~e. Provide a concluding statement or section related to the opinion presented.	**W.5.1** Write opinion pieces on topics or texts, supporting a point of view with reasons and information. a. Introduce a topic or text clearly, state an opinion, and create an organizational structure in which ideas are logically grouped to support the writer's purpose. b. Provide logically ordered reasons that are supported by facts and details. c. Link opinion and reasons using words, phrases, and clauses (e.g., consequently, specifically). d. Use precise language and domain-specific vocabulary to support the opinion piece. ~~d.~~e. Provide a concluding statement or section related to the opinion presented.
W.3.2 Write informative/explanatory texts to examine a topic and convey ideas and information clearly. a. Introduce a topic and group related information together; include illustrations when useful to aiding comprehension. b. Develop the topic with facts, definitions, and details. c. Use linking words and phrases (e.g., also, another, and, more, but) to connect ideas within categories of information. d. Provide a concluding statement or section.	**W.4.2** Write informative/explanatory texts to examine a topic and convey ideas and information clearly. a. Introduce a topic clearly and group related information in paragraphs and sections; include formatting (e.g., headings), illustrations, and multimedia when useful to aiding comprehension. b. Develop the topic with facts, definitions, concrete details, quotations, or other information and examples related to the topic. c. Link ideas within categories of information using words and phrases (e.g., another, for example, also, because). d. Use precise language and domain-specific vocabulary to inform about or explain the topic e. Provide a concluding statement or section related to the information or explanation presented.	**W.5.2** Write informative/explanatory texts to examine a topic and convey ideas and information clearly. a. Introduce a topic clearly, provide a general observation and focus, and group related information logically; include formatting (e.g., headings), illustrations, and multimedia when useful to aiding comprehension. b. Develop the topic with facts, definitions, concrete details, quotations, or other information and examples related to the topic. c. Link ideas within and across categories of information using words, phrases, and clauses (e.g., in contrast, especially). d. Use precise language and domain-specific vocabulary to inform about or explain the topic. e. Provide a concluding statement or section related to the information or explanation presented.
W.3.3 Write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences. a. Establish a situation and introduce a narrator and/or characters; organize an event sequence that unfolds naturally. b. Use dialogue and descriptions of actions, thoughts, and feelings to develop experiences and events or show the response of characters to situations. c. Use temporal words and phrases to signal event order. d. Provide a sense of closure.	**W.4.3** Write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences. a. Orient the reader by establishing a situation and introducing a narrator and/or characters; organize an event sequence that unfolds naturally. b. Use dialogue and description to develop experiences and events or show the responses of characters to situations. c. Use a variety of transitional words and phrases to manage the sequence of events. d. Use concrete words and phrases and sensory details to convey experiences and events precisely.	**W.5.3** Write narratives to develop real or imagined experiences or events using effective technique, descriptive details, and clear event sequences. a. Orient the reader by establishing a situation and introducing a narrator and/or characters; organize an event sequence that unfolds naturally. b. Use narrative techniques, such as dialogue, description, and pacing, to develop experiences and events or show the responses of characters to situations. c. Use a variety of transitional words, phrases, and clauses to manage the sequence of events. d. Use concrete words and phrases and sensory details

	e. Provide a conclusion that follows from the narrated experiences or events.	to convey experiences and events precisely. e. Provide a conclusion that follows from the narrated experiences or events.
Production and Distribution of Writing		
W.3.4 With guidance and support from adults, produce writing in which the development and organization are appropriate to task and purpose. (Grade-specific expectations for writing types are defined in standards 1–3 above.)	**W.4.4** Produce clear and coherent writing in which the development and organization are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)	**W.5.4** Produce clear and coherent writing in which the development and organization are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)
W.3.5 With guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grade 39.)	**W.4.5** With guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, and editing. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grade 4.)	**W.5.5** With guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grade 5.)
W.3.6 With guidance and support from adults, use technology to produce and publish writing (using keyboarding skills) as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type a minimum of one page in a single setting. (e.g., 1-3 paragraphs)~~.~~	**W.4.6** With some guidance and support from adults, use technology, including the Internet, to produce and publish writing as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type multi-paragraph text. (e.g., 1-2 pages)~~a minimum of one page in a single sitting.~~	**W.5.6** With some guidance and support from adults, use technology, including the Internet, to produce and publish writing as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type multi-paragraph text. (e.g., 1-3pages) ~~a minimum of two pages in a single sitting.~~
Research to Build and Present Knowledge		
W.3.7 Conduct short research projects that build knowledge about a topic.	**W.4.7** Conduct short research projects that build knowledge through investigation of different aspects of a topic.	**W.5.7** Conduct short research projects that use several sources to build knowledge through investigation of different aspects of a topic.
W.3.8 Recall information from experiences or gather information from print and digital sources; take brief notes on sources and sort evidence into provided categories.	**W.4.8** Recall relevant information from experiences or gather relevant information from print and digital sources; take notes and categorize information, and provide a list of sources.	**W.5.8** Recall relevant information from experiences or gather relevant information from print and digital sources; summarize or paraphrase information in notes and finished work, and provide a list of sources.
W.3.9 (Begins in grade 4)	W.**4.9** Draw evidence from literary or informational texts to support analysis, reflection, and research. a. Apply grade 4 Reading standards to literature (e.g., "Describe in depth a character, setting, or event in a story or drama, drawing on specific details in the text [e.g., a character's thoughts, words, or actions]."). b. Apply grade 4 Reading standards to informational texts (e.g., "Explain how an author uses reasons and evidence to support particular points in a text").	**W.5.9** Draw evidence from literary or informational texts to support analysis, reflection, and research. a. Apply grade 5 Reading standards to literature (e.g., "Compare and contrast two or more characters, settings, or events in a story or a drama, drawing on specific details in the text [e.g., how characters interact]"). b. Apply grade 5 Reading standards to informational texts (e.g., "Explain how an author uses reasons and evidence to support particular points in a text, identifying which reasons and evidence support which point[s]").
Range of Writing		
W.3.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.	**W.4.10** Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.	**W.5.10** Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.

College and Career Readiness Anchor Standards for Speaking and Listening

The K–5 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Comprehension and Collaboration

CCRA.SL.1 Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

CCRA.SL.2 Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

CCRA.SL.3 Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric.

Presentation of Knowledge and Ideas

CCRA.SL.4 Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience.

CCRA.SL.5 Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations.

CCRA.SL.6 Adapt speech to a variety of contexts and communicative tasks, demonstrating command of formal English when indicated or appropriate.

***These broad types of writing include many subgenres. See Appendix A for definitions of key writing types.*

Note on range and content of student speaking and listening

To build a foundation for college and career readiness, students must have ample opportunities to take part in a variety of rich, structured conversations—as part of a whole class, in small groups, and with a partner. Being productive members of these conversations requires that students contribute accurate, relevant information; respond to and develop what others have said; make comparisons and contrasts; and analyze and synthesize a multitude of ideas in various domains.

Note on range and content of student speaking and listening
To build a foundation for college and career readiness, students must have ample opportunities to take part in a variety of rich, structured conversations—as part of a whole class, in small groups, and with a partner. Being productive members of these conversations requires that students contribute accurate, relevant information; respond to and develop what others have said; make comparisons and contrasts; and analyze and synthesize a multitude of ideas in various domains.

Speaking and Listening Standards K–5 SL

The following standards for K–5 offer a focus for instruction each year to help ensure that students gain adequate mastery of a range of skills and applications. *Students advancing through he grades are expected to meet each year's grade-specific standards and retain or further develop skills and understanding mastered in preceding grades.*

Kindergartners:	**Grade 1 Students:**	**Grade 2 Students:**
Comprehension and Collaboration		
SL.K.1 Participate in collaborative conversations with diverse partners about kindergarten topics and texts with peers and adults in small and larger groups. a. Follow agreed-upon rules for discussions (e.g., listening to others and taking turns speaking about the topics and texts under discussion). b. Continue a conversation through multiple exchanges.	**SL.1.1** Participate in collaborative conversations with diverse partners about *grade 1 topics and texts* with peers and adults in small and larger groups. a) Follow agreed-upon rules for discussions (e.g., listening to others with care, speaking one at a time about the topics and texts under discussion). b) Build on others' talk in conversations by responding to the comments of others through multiple exchanges. c) Ask questions to clear up any confusion about the topics and texts under discussion.	**SL.3.1** Participate in collaborative conversations with diverse partners about *grade 2 topics and texts* with peers and adults in small and larger groups a. Follow agreed-upon rules for discussions (e.g., gaining the floor in respectful ways, listening to others with care, speaking one at a time about the topics and texts under discussion). b. Build on others' talk in conversations by linking their comments to the remarks of others. c. Ask for clarification and further explanation as needed about the topics and texts under discussion.
SL.K.2 Confirm understanding of a text read aloud or information presented orally or through other media by asking and answering questions about key details and requesting clarification if something is not understood.	**SL.1.2** Ask and answer questions about key details in a text read aloud or information presented orally or through other media.	**SL.3.2** Recount or describe key ideas or details from a text read aloud or information presented orally or through other media.
SL.K.3 Ask and answer questions in order to seek help, get information, or clarify something that is not understood.	**SL.1.3** Ask and answer questions about what a speaker says in order to gather additional information or clarify something that is not understood.	**SL.3.3** Ask and answer questions about what a speaker says in order to clarify comprehension, gather additional information, or deepen understanding of a topic or issue.
Presentation of Knowledge and Ideas		
SL.K.4 Describe familiar people, places, things, and events and, with prompting and support, provide additional detail.	**SL.1.4** Describe people, places, things, and events with relevant details, expressing ideas and feelings clearly.	**SL.3.4** Tell a story or recount an experience with appropriate facts and relevant, descriptive details, speaking audibly in coherent sentences.
SL.K.5 Add drawings or other visual displays to descriptions as desired to provide additional detail.	**SL.1.5** Add drawings or other visual displays to descriptions when appropriate to clarify ideas, thoughts, and feelings.	**SL.3.5** Create audio recordings of stories or poems; add drawings or other visual displays to stories or recounts of experiences when appropriate to clarify ideas, thoughts, and feelings.
SL.K.6 Speak audibly and express thoughts, feelings, and ideas clearly.	**SL.1.6** Produce complete sentences when appropriate to task and situation. (See grade 1 Language standards 1 and 3.)	**SL.3.6** Produce complete sentences when appropriate to task and situation in order to provide requested detail or clarification. (See grade 2 Language standards 1 and 3.)

Speaking and Listening Standards K–5 SL

Grade 3 Students:	Grade 4 Students:	Grade 5 Students:
Comprehension and Collaboration		
SL.3.1 Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 3 topics and texts, building on others' ideas and expressing their own clearly. a. Come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion. b. Follow agreed-upon rules for discussions (e.g., gaining the floor in respectful ways, listening to others with care, speaking one at a time about the topics and texts under discussion). c. Ask questions to check understanding of information presented, stay on topic, and link their comments to the remarks of others. d. Explain their own ideas and understanding in light of the discussion.	**SL.4.1** Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher- led) with diverse partners on grade 4 topics and texts, building on others' ideas and expressing their own clearly. a. Come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion. b. Follow agreed-upon rules for discussions and carry out assigned roles. c. Pose and respond to specific questions to clarify or follow up on information, and make comments that contribute to the discussion and link to the remarks of others. d. Review the key ideas expressed and explain their own ideas and understanding in light of the discussion.	**SL.5.1** Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher- led) with diverse partners on grade 5 topics and texts, building on others' ideas and expressing their own clearly. a. Come to discussions prepared, having read or studied required material; explicitly draw on that preparation and other information known about the topic to explore ideas under discussion. b. Follow agreed-upon rules for discussions and carry out assigned roles. c. Pose and respond to specific questions by making comments that contribute to the discussion and elaborate on the remarks of others. d. Review the key ideas expressed and draw conclusions in light of information and knowledge gained from the discussions.
SL.3.2 Determine the main ideas and supporting details of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.	**SL.4.2** Paraphrase portions of a text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.	**SL.5.2** Summarize a written text read aloud or information presented in diverse media and formats, including visually, quantitatively, and orally.
SL.3.3. Ask and answer questions about information from a speaker, offering appropriate elaboration and detail.	**SL.4.3** Identify the reasons and evidence a speaker provides to support particular points.	**SL.5.3** Summarize the points a speaker makes and explain how each claim is supported by reasons and evidence.
Presentation of Knowledge and Ideas		
SL.3.4 Report on a topic or text, tell a story, or recount an experience with appropriate facts and relevant, descriptive details, speaking clearly at an understandable pace.	**SL.4.4** Report on a topic or text, tell a story, or recount an experience in an organized manner, using appropriate facts and relevant, descriptive details to support main ideas or themes; speak clearly at an understandable pace.	**SL.4.5** Report on topic or text or present an opinion, sequencing ideas logically and using appropriate facts and relevant descriptive details to support main ideas or themes; speak clearly at an understandable pace.
SL.3.5 Create engaging audio recordings of stories or poems that demonstrate fluid reading at an understandable pace; add visual displays when appropriate to emphasize or enhance certain facts or details.	**SL.4.5** Add audio recordings and visual displays to presentations when appropriate to enhance the development of main ideas or themes.	**SL.5.5** Include multimedia components (e.g., graphics, sound) and visual displays in presentations when appropriate to enhance the development of main ideas or themes.

SL.3.6 Speak in complete sentences when appropriate to task and situation in order to provide requested detail or clarification. (See grade 3 Language standards 1 and 3 for specific expectations.)	**SL.4.6** Differentiate between contexts that call for formal English (e.g., presenting ideas) and situations where informal discourse is appropriate (e.g., small-group discussion); use formal English when appropriate to task and situation. (See grade 4 Language standards 1 for specific expectations.)	**SL.5.6** Adapt speech to a variety of contexts and tasks, using formal English when appropriate to task and situation. (See grade 5 Language standards 1 and 3 for specific expectations.)

College and Career Readiness Anchor Standards for Language

The K–5 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

<u>**Conventions of Standard English**</u>

CCRA.L.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

CCRA.L.2 Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.

<u>**Knowledge of Language**</u>

CCRA.L.3 Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

<u>**Vocabulary acquisition and Use**</u>

CCRA.L.4 Determine or clarify the meaning of unknown and multiple-meaning words and phrases by using context clues, analyzing meaningful word parts, and consulting general and specialized reference materials, as appropriate.

CCRA.L.5 Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.

CCRA.L.6 Acquire and use accurately a range of general academic and domain-specific words and phrases sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when encountering an unknown term important to comprehension or expression.

Note on range and content of student language use

To build a foundation for college and career readiness in language, students must gain control over many conventions of standard English grammar, usage, and mechanics as well as learn other ways to use language to convey meaning effectively. They must also be able to determine or clarify the meaning of grade-appropriate words encountered through listening, reading, and media use; come to appreciate that words have nonliteral meanings, shadings of meaning, and relationships to other words; and expand their vocabulary in the course of studying content. The inclusion of Language standards in their own strand should not be taken as an indication that skills related to conventions, effective language use, and vocabulary are unimportant to reading, writing, speaking, and listening; indeed, they are inseparable from such contexts.

Language Standards K–5 L

The following standards for grades K–5 offer a focus for instruction each year to help ensure that students gain adequate mastery of a range of skills and applications. *Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.* Beginning in grade 3, skills and understandings that are particularly likely to require continued attention in higher grades as they are applied to increasingly sophisticated writing and speaking are marked with an asterisk (*). See the table on page 30 for a complete list and Appendix A for an example of how these skills develop in sophistication.

Kindergartners:	Grade 1 Students:	Grade 2 Students:
Conventions of Standard English		
L.K.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Print many upper- and lowercase letters. b. Use frequently occurring nouns and verbs. c. Form regular plural nouns orally by adding /s/ or /es/ (e.g., dog, dogs; wish, wishes). d. Understand and use question words (interrogatives) (e.g., who, what, where, when, why, how). e. Use the most frequently occurring prepositions (e.g., to, from, in, out, on, off, for, of, by, with). f. Produce and expand complete sentences in shared language activities.	**L.1.1** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Print all upper- and lowercase letters. b. Use common, proper, and possessive nouns. c. Use singular and plural nouns with matching verbs in basic sentences (e.g., He hops; We hop). d. Use personal, possessive, and indefinite pronouns (e.g., I, me, my; they, them, their; anyone, everything). e. Use verbs to convey a sense of past, present, and future (e.g., Yesterday I walked home; Today I walk home; Tomorrow I will walk home). f. Use frequently occurring adjectives. g. Use frequently occurring conjunctions (e.g., and, but, or, so, because). h. Use determiners (e.g., articles, demonstratives). i. Use frequently occurring prepositions (e.g., during, beyond, toward). j. Produce and expand complete simple and compound declarative, interrogative, imperative, and exclamatory sentences in response to prompts.	**L.2.1** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Use collective nouns (e.g., group). b. Form and use frequently occurring irregular plural nouns (e.g., feet, children, teeth, mice, fish). c. Use reflexive pronouns (e.g., myself, ourselves). d. Form and use the past tense of frequently occurring irregular verbs (e.g., sat, hid, told). e. Use adjectives and adverbs, and choose between them depending on what is to be modified. f. Produce, expand, and rearrange complete simple and compound sentences (e.g., The boy watched the movie; The little boy watched the movie; The action movie was watched by the little boy).
L.K.2 Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Capitalize the first word in a sentence and the pronoun I. b. Recognize and name end punctuation. c. Write a letter or letters for most consonant and short-vowel sounds (phonemes). d. Spell simple words phonetically, drawing on knowledge of sound-letter relationships.	**L.1.2** Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Capitalize dates and names of people. b. Use end punctuation for sentences. c. Use commas in dates and to separate single words in a series. d. Use conventional spelling for words with common spelling patterns and for frequently occurring irregular words. e. Spell untaught words phonetically, drawing on phonemic awareness and spelling conventions.	**L.2.2** Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Capitalize holidays, product names, and geographic names. b. Use commas in greetings and closings of letters. c. Use an apostrophe to form contractions and frequently occurring possessives. d. Generalize learned spelling patterns when writing words (e.g., cage → badge; boy → boil). e. Consult reference materials, including beginning dictionaries, as needed to check and correct spellings.
Knowledge of Language		
L.K.3 (Begins in grade 2)	**L.1.3** (Begins in grade 2)	**L.2.3** Use knowledge of language and its conventions when writing, speaking, reading, or listening.

		a. Compare formal and informal uses of English.
Vocabulary Acquisition and Use		
L.K.4 Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on kindergarten reading and content. a. Identify new meanings for familiar words and apply them accurately (e.g., knowing duck is a bird and learning the verb to duck). b. Use the most frequently occurring inflections and affixes (e.g., -ed, -s, re-, un-, pre-, -ful, -less) as a clue to the meaning of an unknown word.	**L.1.4** Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 1 reading and content, choosing flexibly from an array of strategies. a. Use sentence-level context as a clue to the meaning of a word or phrase. b. Use frequently occurring affixes as a clue to the meaning of a word. c. Identify frequently occurring root words (e.g., look) and their inflectional forms (e.g., looks, looked, looking).	**L.2.4** Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 2 reading and content, choosing flexibly from an array of strategies. a. Use sentence-level context as a clue to the meaning of a word or phrase. b. Determine the meaning of the new word formed when a known prefix is added to a known word (e.g., happy/unhappy, tell/retell). c. Use a known root word as a clue to the meaning of an unknown word with the same root (e.g., addition, additional). d. Use knowledge of the meaning of individual words to predict the meaning of compound words (e.g., birdhouse, lighthouse, housefly; bookshelf, notebook, bookmark). e. Use glossaries and beginning dictionaries, both print and digital, to determine or clarify the meaning of words and phrases.
L.K.5 With guidance and support from adults, explore word relationships and nuances in word meanings. a. Sort common objects into categories (e.g., shapes, foods) to gain a sense of the concepts the categories represent. b. Demonstrate understanding of frequently occurring verbs and adjectives by relating them to their opposites (antonyms). Identify real-life connections between words and their use (e.g., note places at school that are colorful). c. Distinguish shades of meaning among verbs describing the same general action (e.g., walk, march, strut, prance) by acting out the meanings.	**L.1.5** With guidance and support from adults, demonstrate understanding of word relationships and nuances in word meanings. a. Sort words into categories (e.g., colors, clothing) to gain a sense of the concepts the categories represent. b. Define words by category and by one or more key attributes (e.g., a duck is a bird that swims; a tiger is a large cat with stripes). Identify real-life connections between words and their use (e.g., note places at home that are cozy). c. Distinguish shades of meaning among verbs differing in manner (e.g., look, peek, glance, stare, glare, scowl) and adjectives differing in intensity (e.g., large, gigantic) by defining or choosing them or by acting out the meanings.	**L.2.5** Demonstrate understanding of word relationships and nuances in word meanings. a. Identify real-life connections between words and their use (e.g., describe foods that are spicy or juicy). b. Distinguish shades of meaning among closely related verbs (e.g., toss, throw, hurl) and closely related adjectives (e.g., thin, slender, skinny, scrawny).
L.K.6 Use words and phrases acquired through conversations, reading and being read to, and responding to texts.	**L.1.6** Use words and phrases acquired through conversations, reading and being read to, and responding to texts, including using frequently occurring conjunctions to signal simple relationships (e.g., because).	**L.2.6** Use words and phrases acquired through conversations, reading and being read to, and responding to texts, including using adjectives and adverbs to describe (e.g., When other kids are happy that makes me happy).

Language Standards K–5 L

Grade 3 Students:	Grade 4 Students:	Grade 5 Students:
Conventions of Standard English		
L.3.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Explain the function of nouns, pronouns, verbs, adjectives, and adverbs in general and their functions in particular sentences. b. Form and use regular and irregular plural nouns. c. Use abstract nouns (e.g., childhood). d. Form and use regular and irregular verbs. e. Form and use the simple (e.g., I walked; I walk; I will walk) verb tenses. f. Ensure subject-verb and pronoun-antecedent agreement.* g. Form and use comparative and superlative adjectives and adverbs, and choose between them depending on what is to be modified. h. Use coordinating and subordinating conjunctions. i. Produce simple, compound, and complex sentences.	**L.4.1** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Use relative pronouns (who, whose, whom, which, that) and relative adverbs (where, when, why). b. Form and use the progressive (e.g., I was walking; I am walking; I will be walking) verb tenses. c. Use modal auxiliaries (e.g., can, may, must) to convey various conditions. d. Order adjectives within sentences according to conventional patterns (e.g., a small red bag rather than a red small bag). e. Form and use prepositional phrases. f. Produce complete sentences, recognizing and correcting inappropriate fragments and run-ons.* g. Correctly use frequently confused words (e.g., to, too, two; there, their).*	**L.5.1** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Explain the function of conjunctions, prepositions, and interjections in general and their function in particular sentences. b. Form and use the perfect (e.g., I had walked; I have walked; I will have walked) verb tenses. c. Use verb tense to convey various times, sequences, states, and conditions. d. Recognize and correct inappropriate shifts in verb tense.* e. Use correlative conjunctions (e.g., either/or, neither/nor).
L.3.2 Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Capitalize appropriate words in titles. b. Use commas in addresses. c. Use commas and quotation marks in dialogue. Form and use possessives. d. Use conventional spelling for high-frequency and other studied words and for adding suffixes to base words (e.g., sitting, smiled, cries, happiness). e. Use spelling patterns and generalizations (e.g., word families, position-based spellings, syllable patterns, ending rules, meaningful word parts) in writing words. f. Consult reference materials, including beginning dictionaries, as needed to check and correct spelling.	**L.4.2** Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Use correct capitalization. b. Use commas and quotation marks to mark direct speech and quotations from a text. c. Use a comma before a coordinating conjunction in a compound sentence. d. Spell grade-appropriate words correctly, consulting references as needed.	**L.5.2** Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Use punctuation to separate items in a series.* b. Use a comma to separate an introductory element from the rest of the sentence. c. Use a comma to set off the words yes and no (e.g., Yes, thank you), to set off a tag question from the rest of the sentence (e.g., It's true, isn't it?), and to indicate direct address (e.g., Is that you, Steve?). d. Use underlining, quotation marks, or italics to indicate titles of works. e. Spell grade-appropriate words correctly, consulting references as needed.
Knowledge of Language		
L.3.3 Use knowledge of language and its conventions when writing, speaking, reading, or listening. a. Choose words and phrases for effect.* b. Recognize and observe differences between the conventions of spoken and written standard English.	**L.4.3** Use knowledge of language and its conventions when writing, speaking, reading, or listening. a. Choose words and phrases to convey ideas precisely.* b. Choose punctuation for effect.* c. Differentiate between contexts that call for formal English (e.g., presenting ideas) and situations where informal discourse is appropriate (e.g., small-group	**L.5.3** Use knowledge of language and its conventions when writing, speaking, reading, or listening. a. Expand, combine, and reduce sentences for meaning, reader/listener interest, and style. b. Compare and contrast the varieties of English (e.g., dialects, registers) used in stories, dramas, or poems.

	discussion).	
Vocabulary Acquisition and Use		
L.3.4 Determine or clarify the meaning of unknown and multiple-meaning word and phrases based on grade 3 reading and content, choosing flexibly from a range of strategies. a. Use sentence-level context as a clue to the meaning of a word or phrase. b. Determine the meaning of the new word formed when a known affix is added to a known word (e.g., agreeable/disagreeable, comfortable/uncomfortable, care/careless, heat/preheat). c. Use a known root word as a clue to the meaning of an unknown word with the same root (e.g., company, companion). d. Use glossaries or beginning dictionaries, both print and digital, to determine or clarify the precise meaning of key words and phrases.	**L.4.4** Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 4 reading and content, choosing flexibly from a range of strategies. a. *Use* context (e.g., definitions, examples, or restatements in text) as a clue to the meaning of a word or phrase. b. Use common, grade-appropriate Greek and c. Latin affixes and roots as clues to the meaning of a word (e.g., telegraph, photograph, autograph). d. Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key words and phrases.	**L.5.4** Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 5 reading and content, choosing flexibly from a range of strategies. a. Use context (e.g., cause/effect relationships and comparisons in text) as a clue to the meaning of a word or phrase. b. Use common, grade-appropriate Greek and Latin affixes and roots as clues to the meaning of a word (e.g., photograph, photosynthesis). c. Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation and determine or clarify the precise meaning of key words and phrases.
L.3.5 Demonstrate understanding of word relationships and nuances in word meanings. a. Distinguish the literal and nonliteral meanings of words and phrases in context (e.g., take steps). b. Identify real-life connections between words and their use (e.g., describe people who are friendly or helpful). c. Distinguish shades of meaning among related words that describe states of mind or degrees of certainty (e.g., knew, believed, suspected, heard, wondered).	**L.4.5** Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. a. Explain the meaning of simple similes and metaphors (e.g., as pretty as a picture) in context. b. Recognize and explain the meaning of common idioms, adages, and proverbs. c. Demonstrate understanding of words by relating them to their opposites (antonyms) and to words with similar but not identical meanings (synonyms).	**L.5.5** Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. a. Interpret figurative language, including similes and metaphors, in context. b. Recognize and explain the meaning of common idioms, adages, and proverbs. c. Use the relationship between particular words (e.g., synonyms, antonyms, homographs) to better understand each of the words.
L.3.6 Acquire and use accurately grade-appropriate conversational, general academic, and domain-specific words and phrases, including those that signal spatial and temporal relationships (e.g., After dinner that night we went looking for them).	**L.4.6** Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases, including those that signal precise actions, emotions, or states of being (e.g., quizzed, whined, stammered) and that are basic to a particular topic (e.g., wildlife, conservation, and endangered when discussing animal preservation).	**L.5.6** Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases, including those that signal contrast, addition, and other logical relationships (e.g., however, although, nevertheless, similarly, moreover, in addition).

Language Progressive Skills, by Grade

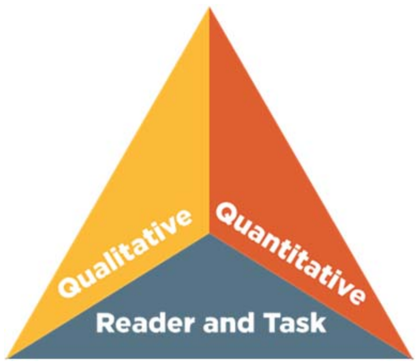
The following skills, marked with an asterisk (*) in Language standards 1–3, are particularly likely to require continued attention in higher grades as they are applied to increasingly sophisticated writing and speaking.

Standard	Grade(s)							
	3	4	5	6	7	8	9–10	11–12
L.3.1f. Ensure subject-verb and pronoun-antecedent agreement.								
L.3.3a. Choose words and phrases for effect.								
L.4.1f. Produce complete sentences, recognizing and correcting inappropriate fragments and run-ons.								
L.4.1g. Correctly use frequently confused words (e.g., *to/too/two; there/their*).								
L.4.3a. Choose words and phrases to convey ideas precisely.*								
L.4.3b. Choose punctuation for effect.								
L.5.1d. Recognize and correct inappropriate shifts in verb tense.								
L.5.2a. Use punctuation to separate items in a series.†								
L.6.1c. Recognize and correct inappropriate shifts in pronoun number and person.								
L.6.1d. Recognize and correct vague pronouns (i.e., ones with unclear or ambiguous antecedents).								
L.6.1e. Recognize variations from standard English in their own and others' writing and speaking, and identify and use strategies to improve expression in conventional language.								
L.6.2a. Use punctuation (commas, parentheses, dashes) to set off nonrestrictive/parenthetical elements.								
L.6.3a. Vary sentence patterns for meaning, reader/listener interest, and style.‡								
L.6.3b. Maintain consistency in style and tone.								
L.7.1c. Place phrases and clauses within a sentence, recognizing and correcting misplaced and dangling modifiers.								
L.7.3a. Choose language that expresses ideas precisely and concisely, recognizing and eliminating wordiness and redundancy.								
L.8.1d. Recognize and correct inappropriate shifts in verb voice and mood.								
L.9–10.1a. Use parallel structure.								

*Subsumed by L.7.3a
†Subsumed by L.9–10.1a
‡Subsumed by L.11–12.3a

Standard 10: Range, Quality, and Complexity of Student Reading K–5

Measuring Text Complexity: Three Factors



Qualitative evaluation of the text: Levels of meaning, structure, language conventionality and clarity, and knowledge demands

Quantitative evaluation of the text: Readability measures and other scores of text complexity

Matching reader to text and task: Reader variables (such as motivation, knowledge, and experiences) and task variables (such as purpose and the complexity generated by the task assigned and the questions posed)

Note: More detailed information on text complexity and how it is measured is contained in Appendix A.

Range of Text Types for K–5

Students in K–5 apply the Reading standards to the following range of text types, with texts selected from a broad range of cultures and periods.

Literature			Informational Text
Stories	**Dramas**	**Poetry**	**Literary nonfiction and Historical, Scientific, and technical texts**
Includes children's adventure stories, folktales, legends, fables, fantasy, realistic fiction, and myth	Includes staged dialogue and brief familiar scenes	Includes nursery rhymes and the subgenres of the narrative poem, limerick, and free verse poem	Includes biographies and autobiographies; books about history, social studies, science, and the arts; technical texts, including directions, forms, and information displayed in graphs, charts, or maps; and digital sources on a range of topics

Texts Illustrating the Complexity, Quality, and Range of Student Reading K–5

	Literature: Stories, drama, Poetry	Informational texts: Literary nonfiction and Historical, Scientific, and technical
K*	▪ *Over in the Meadow* by John Langstaff (traditional) (c1800)* ▪ *A Boy, a Dog, and a Frog* by Mercer Mayer (1967) ▪ *Pancakes for Breakfast* by Tomie DePaola (1978) ▪ *A Story, A Story* by Gail E. Haley (1970)* ▪ *Kitten's First Full Moon* by Kevin Henkes (2004)*	*My Five Senses* by Aliki (1962)** *Truck* by Donald Crews (1980) *I Read Signs* by Tana Hoban (1987) *What Do You Do With a Tail Like This?* by Steve Jenkins and Robin Page (2003)* *Amazing Whales!* by Sarah L. Thomson (2005)*
1*	▪ "Mix a Pancake" by Christina G. Rossetti (1893)** ▪ *Mr. Popper's Penguins* by Richard Atwater (1938)* ▪ *Little Bear* by Else Holmelund Minarik, illustrated by Maurice Sendak (1957)** ▪ *Frog and Toad Together* by Arnold Lobel (1971)** ▪ *Hi! Fly Guy* by Tedd Arnold (2006)	*A Tree Is a Plant* by Clyde Robert Bulla, illustrated by Stacey Schuett (1960)** *Starfish* by Edith Thacher Hurd (1962) *Follow the Water from Brook to Ocean* by Arthur Dorros (1991)** *From Seed to Pumpkin* by Wendy Pfeffer, illustrated by James Graham Hale *How People Learned to Fly* by Fran Hodgkins and True Kelley (2007)*
2–3	▪ "Who Has Seen the Wind?" by Christina G. Rossetti (1893) ▪ *Charlotte's Web* by E. B. White (1952)* ▪ *Sarah, Plain and Tall* by Patricia MacLachlan (1985) ▪ *Tops and Bottoms* by Janet Stevens (1995) ▪ *Poppleton in Winter* by Cynthia Rylant, illustrated by Mark Teague (2001)	*A Medieval Feast* by Aliki (1983) *From Seed to Plant* by Gail Gibbons (1991) *The Story of Ruby Bridges* by Robert Coles (1995)* *A Drop of Water: A Book of Science and Wonder* by Walter Wick (1997) *Moonshot: The Flight of Apollo 11* by Brian Floca (2009)
4–5	▪ *Alice's Adventures in Wonderland* by Lewis Carroll (1865) ▪ "Casey at the Bat" by Ernest Lawrence Thayer (1888) ▪ *The Black Stallion* by Walter Farley (1941) ▪ "Zlateh the Goat" by Isaac Bashevis Singer (1984) ▪ *Where the Mountain Meets the Moon* by Grace Lin (2009)	*Discovering Mars: The Amazing Story of the Red Planet* by Melvin Berger (1992) *Hurricanes: Earth's Mightiest Storms* by Patricia Lauber (1996) *A History of US* by Joy Hakim (2005) *Horses* by Seymour Simon (2006) *Quest for the Tree Kangaroo: An Expedition to the Cloud Forest of New Guinea* by Sy Montgomery (2006)

<u>Note:</u> Given space limitations, the illustrative texts listed above are meant only to show individual titles that are representative of a wide range of topics and genres. (See Appendix B for excerpts of these and other texts illustrative of K–5 text complexity, quality, and range.) At a curricular or instructional level, within and across grade levels, texts need to be selected around topics or themes that generate knowledge and allow students to study those topics or themes in depth. On the next page is an example of progressions of texts building knowledge across grade levels.

*Children at the kindergarten and grade 1 levels should be expected to read texts independently that have been specifically written to correlate to their reading level and their word knowl- edge. Many of the titles listed above are meant to supplement carefully structured independent reading with books to read along with a teacher or that are read aloud to students to build knowledge and cultivate a joy in reading.

Staying on Topic Within a Grade and Across Grades:

How to Build Knowledge Systematically in English Language Arts K–5

Building knowledge systematically in English language arts is like giving children various pieces of a puzzle in each grade that, over time, will form one big picture. At a curricular or instructional level, texts—within and across grade levels—need to be selected around topics or themes that systematically develop the knowledge base of students. Within a grade level, there should be an adequate number of titles on a single topic that would allow children to study that topic for a sustained period. The knowledge children have learned about particular topics in early grade levels should then be expanded and developed in subsequent grade levels to ensure an increasingly deeper understanding of these topics. Children in the upper elementary grades will generally be expected to read these texts independently and reflect on them in writing. However, children in the early grades (particularly K–2) should participate in rich, structured conversations with an adult in response to the written texts that are read aloud, orally comparing and contrasting as well as analyzing and synthesizing, in the manner called for by the Standards.

Preparation for reading complex informational texts should begin at the very earliest elementary school grades. What follows is one example that uses domain- specific nonfiction titles across grade levels to illustrate how curriculum designers and classroom teachers can infuse the English language arts block with rich, age-appropriate content knowledge and vocabulary in history/social studies, science, and the arts. Having students listen to informational read-alouds in the early grades helps lay the necessary foundation for students' reading and understanding of increasingly complex texts on their own in subsequent grades.

Exemplar Tests on a Topic

	Kindergarten	Grade 1	Grade 2-3	Grade 4-5
The Human Body Students can begin learning about the human body starting in kindergarten and then review and extend their learning during each subsequent grade.	**The Five Senses and Associated Body Parts** •*My Five Senses* by Aliki (1989) •*Hearing* by Maria Rius (1985) •*Sight* by Maria Rius (1985) •*Smell* by Maria Rius (1985) •*Taste* by Maria Rius (1985) •*Touch* by Maria Rius (1985) **Taking care of your body: overview (hygiene, diet, exercise, rest)** •*My Amazing Body: A First Look at Health & Fitness* by Pat Thomas (2001) •*Get Up and Go!* by Nancy Carlson (2008) •*Go Wash Up* by Doering Tourville (2008) •*Sleep* by Paul Showers (1997) •*Fuel the Body* by Doering Tourville (2008)	**Introduction to the systems of the human body and associated body parts** •*Under Your Skin: Your Amazing Body* by Mick Manning (2007) •*Me and My Amazing Body* by Joan Sweeney (1999) •T*he Human Bo*dy by Gallimard Jeunesse (2007) •*The Busy Body* Book by Lizzy Rockwell (2008) •*First Encyclopedia of the Human Body* by Fiona Chandler (2004) **Taking care of your body: Germs, diseases, and preventing illness** •*Germs Make Me Sick* by Marilyn Berger (1995) •*Tiny Life on Your Bod*y by Christine Taylor-Butler (2005) •*Germ Stories* by Arthur Kornberg (2007) •*All About Scabs* by GenichiroYagu (1998)	**Digestive and Excretory systems** •*What Happens to a Hamburger* by Paul Showers (1985) •*The Digestive System* by Christine Taylor-Butler (2008) •*The Digestive System* by Rebecca L. Johnson (2006) •*The Digestive System* by Kristin Petrie (2007) **Taking care of your body: Healthy eating and nutrition** •*Good Enough to Eat* by Lizzy Rockwell (1999) •*Showdown at the Food Pyramid* by Rex Barron (2004) **Muscular, skeletal, and nervous systems** •*The Mighty Muscular and Skeletal Systems* Crabtree Publishing (2009) •*Muscles* by Seymour Simon (1998) •*Bones* by Seymour Simon (1998) •*The Astounding Nervous System* Crabtree Publishing (2009) *The Nervous System* by Joelle Riley (2004)	**Circulatory system** •*The Heart* by Seymour Simon (2006) •*The Heart and Circulation* by Carol Ballard (2005) •*The Circulatory System* by Kristin Petrie (2007) •*The Amazing Circulatory System* by John Burstein (2009) **Respiratory System** •*The Lungs* by Seymour Simon (2007) •*The Respiratory System* by Susan Glass (2004) •*The Respiratory* System by Kristin Petrie (2007) •*The Remarkable Respiratory System* by John Burstein (2009) **Endocrine System** •*The Endocrine System* by Rebecca Olien (2006) •*The Exciting* Endocrine System by John Burstein (2009)

College and Career Readiness Anchor Standards for Reading

The grades 6–12 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Key Ideas and details

CCRA.R.1 Read closely to determine what the text says explicitly and to make logical inferences from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.

CCRA.R.2 Determine central ideas or themes of a text and analyze their development; summarize the key supporting details and ideas.

CCRA.R.3 Analyze how and why individuals, events, and ideas develop and interact over the course of a text.

Craft and Structure

CCRA.R.4 Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning or tone.

CCRA.R.5 Analyze the structure of texts, including how specific sentences, paragraphs, and larger portions of the text (e.g., a section, chapter, scene, or stanza) relate to each other and the whole.

CCRA.R.6 Assess how point of view or purpose shapes the content and style of a text.

Integration of Knowledge and Ideas

CCRA.R.7 Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.*

CCRA.R.8 Delineate and evaluate the argument and specific claims in a text, including the validity of the reasoning as well as the relevance and sufficiency of the evidence.

CCRA.R.9 Analyze how two or more texts address similar themes or topics in order to build knowledge or to compare the approaches the authors take.

Range of Reading and Level of Text Complexity

CCRA.R.10 Read and comprehend complex literary and informational texts independently and proficiently.

**Please see "Research to Build and Present Knowledge" in Writing and "Comprehension and Collaboration" in Speaking and Listening for additional standards relevant to gathering, assessing, and applying information from print and digital sources.*

Note on range and content of student reading

To become college and career ready, students must grapple with works of exceptional craft and thought whose range extends across genres, cultures, and centuries. Such works offer profound insights into the human condition and serve as models for students' own thinking and writing. Along with high-quality contemporary works, these texts should be chosen from among seminal U.S. documents, the classics of American literature, and the timeless dramas of Shakespeare. Through wide and deep reading of literature and literary nonfiction of steadily increasing sophistication, students gain a reservoir of literary and cultural knowledge, references, and images; the ability to evaluate intricate arguments; and the capacity to surmount the challenges posed by complex texts.

Reading Standards for Literature (6-12) RL

The following standards offer a focus for instruction each year and help ensure that students gain adequate exposure to a range of texts and tasks. Rigor is also infused through the requirement that students read increasingly complex texts through the grades. Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.

Grade 6 Students:	Grade 7 Students:	Grade 8 Students:
Key Ideas and Details		
RL.6.1 Cite textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.	**RL.7.1** Cite several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.	**RL.8.1** Cite the textual evidence that most strongly supports an analysis of what the text says explicitly as well as inferences drawn from the text.
RL.6.2 Determine a theme or central idea of a text and how it is conveyed through particular details; provide a summary of the text distinct from personal opinions or judgments.	**RL.7.2** Determine a theme or central idea of a text and analyze its development over the course of the text; provide an objective summary of the text.	**RL.8.2** Determine a theme or central idea of a text and analyze its development over the course of the text, including its relationship to the characters, setting, and plot; provide an objective summary of the text.
RL.6.3 Describe how a particular story's or drama's plot unfolds in a series of episodes as well as how the characters respond or change as the plot moves toward a resolution.	**RL.7.3** Analyze how particular elements of a story or drama interact (e.g., how setting shapes the characters or plot).	**RL.8.3** Analyze how particular lines of dialogue or incidents in a story or drama propel the action, reveal aspects of a character, or provoke a decision.
Craft and Structure		
RL.6.4 Determine the meaning of words and phrases as they are used in a text, including figurative and connotative meanings; analyze the impact of a specific word choice on meaning and tone.	**RL.7.4** Determine the meaning of words and phrases as they are used in a text, including figurative and connotative meanings; analyze the impact of rhymes and other repetitions of sounds (e.g., alliteration) on a specific verse or stanza of a poem or section of a story or drama.	**RL.8.4** Determine the meaning of words and phrases as they are used in a text, including figurative and connotative meanings; analyze the impact of specific word choices on meaning and tone, including analogies or allusions to other texts.
RL.6.5 Analyze how a particular sentence, chapter, scene, or stanza fits into the overall structure of a text and contributes to the development of the theme, setting, or plot.	**RL.7.5** Analyze how a drama's or poem's form or structure (e.g., soliloquy, sonnet) contributes to its meaning.	**RL.8.5** Compare and contrast the structure of two or more texts and analyze how the differing structure of each text contributes to its meaning and style.
RL.6.6 Explain how an author develops the point of view of the narrator or speaker in a text.	**RL.7.6** Analyze how an author develops and contrasts the points of view of different characters or narrators in a text.	**RL.8.6** Analyze how differences in the points of view of the characters and the audience or reader (e.g., created through the use of dramatic irony) create such effects as suspense or humor.
Integration of Knowledge and Ideas		
RL.6.7 Compare and contrast the experience of reading a story, drama, or poem to listening to or viewing an audio, video, or live version of the text, including contrasting what they "see" and "hear" when reading the text to what they perceive when they listen or watch.	**RL.7.7** Compare and contrast a written story, drama, or poem to its audio, filmed, staged, or multimedia version, analyzing the effects of techniques unique to each medium (e.g., lighting, sound, color, or camera focus and angles in a film).	**RL.8.7** Analyze the extent to which a filmed or live production of a story or drama stays faithful to or departs from the text or script, evaluating the choices made by the director or actors
RL.6.8 (Not applicable to literature)	**RL.7.8** (Not applicable to literature)	**RL.8.8** (Not applicable to literature)
RL.6.9 Compare and contrast texts in different forms or genres (e.g., stories and poems; historical novels and fantasy stories) in terms of their approaches to similar themes and topics.	**RL.7.9** Compare and contrast a fictional portrayal of a time, place, or character and a historical account of the same period as a means of understanding how authors of fiction use or alter history.	**RL.8.9** Analyze how a modern work of fiction draws on themes, patterns of events, or character types from myths, traditional stories, or religious works (e.g., the Bible), ~~such as the Bible,~~ including describing how the material is rendered new.
Range of Reading and Level of Text Complexity		

RL.6.10 By the end of the year, read and comprehend literature, including stories, dramas, and poems, in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range.	**RL.7.10** By the end of the year, read and comprehend literature, including stories, dramas, and poems, in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range.	**RL.8.10** By the end of the year, read and comprehend literature, including stories, dramas, and poems, at the high end of grades 6–8 text complexity band independently and proficiently.

Reading Standards for Literature (6-12) RL

The CCR anchor standards and high school grade-specific standards work in tandem to define college and career readiness expectations—the former providing broad standards, the latter providing additional specificity.

Grades 9-10 Students:	Grade 11-12 Students:
Key Ideas and Details	
RL.9-10.1 Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.	**RL.11-12.1** Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain.
RL.9-10.2 Determine a theme or central idea of a text and analyze in detail its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.	**RL.11-12.2** Determine two or more themes or central ideas of a text and analyze their development over the course of the text, including how they interact and build on one another to produce a complex account; provide an objective summary of the text.
RL.9-10.3 Analyze how complex characters (e.g., those with multiple or conflicting motivations) develop over the course of a text, interact with other characters, and advance the plot or develop the theme.	**RL.11-12.3** Analyze the impact of the author's choices regarding how to develop and relate elements of a story or drama (e.g., where a story is set, how the action is ordered, how the characters are introduced and developed).
Craft and Structure	
RL.9-10.4 Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings; analyze the cumulative impact of specific word choices on meaning and tone (e.g., how the language evokes a sense of time and place; how it sets a formal or informal tone).	**RL.11-12.4** Determine the meaning of words and phrases as they are used in the text, including figurative and connotative meanings; analyze the impact of specific word choices on meaning and tone, including words with multiple meanings or powerful language that is particularly fresh, engaging, or beautiful. (Include Shakespeare as well as other authors.)
RL.9-10.5 Analyze how an author's choices concerning how to structure a text, order events within it (e.g., parallel plots), and manipulate time (e.g., pacing, flashbacks) create such effects as mystery, tension, or surprise.	**RL.11-12.5** Analyze how an author's choices concerning how to structure specific parts of a text (e.g., the choice of where to begin or end a story, the choice to provide a comedic or tragic resolution) contribute to its overall structure and meaning as well as its aesthetic impact.
RL.9-10.6 Analyze a particular point of view or cultural experience reflected in a work of literature from outside the United States, drawing on a wide reading of world literature.	**RL.11-12.6** Analyze a case in which grasping point of view requires distinguishing what is directly stated in a text from what is really meant (e.g., satire, sarcasm, irony, or understatement).
Integration of Knowledge and Ideas	
RL.9-10.7 Analyze the representation of a subject or a key scene in two different artistic mediums, including what is emphasized or absent in each treatment (e.g., Auden's "Musée des Beaux Arts" and Breughel's Landscape with the Fall of Icarus).	**RL.11-12.7** Analyze multiple interpretations of a story, drama, or poem (e.g., recorded or live production of a play or recorded novel or poetry), evaluating how each version interprets the source text. (Include at least one play by Shakespeare and one play by an American dramatist.)
RL.9-10.8 (Not applicable to literature)	**RL.11-12.8** (Not applicable to literature)
RL.9-10.9 Analyze how an author draws on and transforms source material in a specific work (e.g., how Shakespeare treats a theme or topic from Ovid or the Bible or how a later author draws on a play by Shakespeare)	**RL.11-12.9** Demonstrate knowledge of eighteenth-, nineteenth- and early-twentieth-century foundational works of American literature, and other literary canons, including how two or more texts from the same period treat similar themes or topics.
Range of Reading and Level of Text Complexity	
RL.9-10.10 By the end of grade 9, read and comprehend literature, including stories, dramas, and poems, in the grades 9–10 text complexity band proficiently, with scaffolding as needed at the high end of the range. By the end of grade 10, read and comprehend literature, including stories, dramas, and poems, at the high end of the grades 9–10 text complexity band independently and proficiently.	**RL.11-12.10** By the end of grade 11, read and comprehend literature, including stories, dramas, and poems, in the grades 11–CCR text complexity band proficiently, with scaffolding as needed at the high end of the range. By the end of grade 12, read and comprehend literature, including stories, dramas, and poems, at the high end of the grades 11–CCR text complexity band independently and proficiently.

Reading Standards for Informational Text (6-12) RI

Grade 6 Students:	Grade 7 Students:	Grade 8 Students:
Key Ideas and Details		
RI.6.1 Cite textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.	**RI.7.1** Cite several pieces of textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.	**RI.8.1** Cite the textual evidence that most strongly supports an analysis of what the text says explicitly as well as inferences drawn from the text.
RI.6.2 Determine a central idea of a text and how it is conveyed through particular details; provide a summary of the text distinct from personal opinions or judgments.	**RI.7.2** Determine two or more central ideas in a text and analyze their development over the course of the text; provide an objective summary of the text.	**RI.8.2** Determine a central idea of a text and analyze its development over the course of the text, including its relationship to supporting ideas; provide an objective summary of the text.
RI.6.3 Analyze in detail how a key individual, event, or idea is introduced, illustrated, and elaborated in a text (e.g., through examples or anecdotes).	**RI.7.3** Analyze the interactions between individuals, events, and ideas in a text (e.g., how ideas influence individuals or events, or how individuals influence ideas or events).	**RI.8.3** Analyze how a text makes connections among and distinctions between individuals, ideas, or events (e.g., through comparisons, analogies, or categories).
Craft and Structure		
RI.6.4 Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings.	**RI.7.4** Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of a specific word choice on meaning and tone.	**RI.8.4** Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the impact of specific word choices on meaning and tone, including analogies or allusions to other texts.
RI.6.5 Analyze how a particular sentence, paragraph, chapter, or section fits into the overall structure of a text and contributes to the development of the ideas.	**RI.7.5** Analyze the structure an author uses to organize a text, including how the major sections contribute to the whole and to the development of the ideas.	**RI.8.5** Analyze in detail the structure of a specific paragraph in a text, including the role of particular sentences in developing and refining a key concept.
RI.6.6 Determine an author's point of view or purpose in a text and explain how it is conveyed in the text.	**RI.7.6** Determine an author's point of view or purpose in a text and analyze how the author distinguishes his or her position from that of others.	**RI.8.6** Determine an author's point of view or purpose in a text and analyze how the author acknowledges and responds to conflicting evidence or viewpoints.
Integration of Knowledge and Ideas		
RI.6.7 Integrate information presented in different media or formats (e.g., visually, quantitatively) as well as in words to develop a coherent understanding of a topic or issue.	**RI.7.7** Compare and contrast a text to an audio, video, or multimedia version of the text, analyzing each medium's portrayal of the subject (e.g., how the delivery of a speech affects the impact of the words).	**RI.8.7** Evaluate the advantages and disadvantages of using different mediums (e.g., print or digital text, video, multimedia) to present a particular topic or idea.
RI.6.8 Trace and evaluate the argument and specific claims in a text, distinguishing claims that are supported by reasons and evidence from claims that are not.	**RI.7.8** Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.	**RI.8.8** Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient; recognize when irrelevant evidence is introduced.
RI.6.9 Compare and contrast one author's presentation of events with that of another (e.g., a memoir written by and a biography on the same person).	**RI.7.9** Analyze how two or more authors writing about the same topic shape their presentations of key information by emphasizing different evidence or advancing different interpretations of facts.	**RI.8.9** Analyze a case in which two or more texts provide conflicting information on the same topic and identify where the texts disagree on matters of fact or interpretation.
Range of Reading and Level of Text Complexity		

RI.6.10 By the end of the year, read and comprehend literary nonfiction in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range.	**RI.7.10** By the end of the year, read and comprehend literary nonfiction in the grades 6–8 text complexity band proficiently, with scaffolding as needed at the high end of the range.	**RI.8.10** By the end of the year, read and comprehend literary nonfiction at the high end of the grades 6–8 text complexity band independently and proficiently.

Reading Standards for Informational Text (6-12) RL

The CCR anchor standards and high school grade-specific standards work in tandem to define college and career readiness expectations—the former providing broad standards, the latter providing additional specificity.

Grades 9-10 Students:	Grade 11-12 Students:
Key Ideas and Details	
RI.9-10.1 Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text.	**RI.11-12.1** Cite strong and thorough textual evidence to support analysis of what the text says explicitly as well as inferences drawn from the text, including determining where the text leaves matters uncertain.
RI.9-10.2 Determine a central idea of a text and analyze its development over the course of the text, including how it emerges and is shaped and refined by specific details; provide an objective summary of the text.	**RI.11-12.2** Determine two or more central ideas of a text and analyze their development over the course of the text, including how they interact and build on one another to provide a complex analysis; provide an objective summary of the text.
RI.9-10.3 Analyze how the author unfolds an analysis or series of ideas or events, including the order in which the points are made, how they are introduced and developed, and the connections that are drawn between them.	**RI.11-12.3** Analyze a complex set of ideas or sequence of events and explain how specific individuals, ideas, or events interact and develop over the course of the text.
Craft and Structure	
RI.9-10.4 Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze the cumulative impact of specific word choices on meaning and tone (e.g., how the language of a court opinion differs from that of a newspaper).	**RI.11-12.4** Determine the meaning of words and phrases as they are used in a text, including figurative, connotative, and technical meanings; analyze how an author uses and refines the meaning of a key term or terms over the course of a text (e.g., how Madison defines faction in Federalist No. 10).
RI.9-10.5 Analyze in detail how an author's ideas or claims are developed and refined by particular sentences, paragraphs, or larger portions of a text (e.g., a section or chapter).	**RI.11-12.5** Analyze and evaluate the effectiveness of the structure an author uses in his or her exposition or argument, including whether the structure makes points clear, convincing, and engaging.
RI.9-10.6 Determine an author's point of view or purpose in a text and analyze how an author uses rhetoric to advance that point of view or purpose.	**RI.11-12.6** Determine an author's point of view or purpose in a text in which the rhetoric is particularly effective, analyzing how style and content contribute to the power, persuasiveness, or beauty of the text.
Integration of Knowledge and Ideas	
RI.9-10.7 Analyze various accounts of a subject told in different mediums (e.g., a person's life story in both print and multimedia), determining which details are emphasized in each account.	**RI.11-12.7** Integrate and evaluate multiple sources of information presented in different media or formats (e.g., visually, quantitatively) as well as in words in order to address a question or solve a problem.
RI.9-10.8 Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is valid and the evidence is relevant and sufficient; identify false statements and fallacious reasoning.	**RI.11-12.8** Delineate and evaluate the reasoning in seminal U.S. and other texts, including the application of constitutional principles and use of legal reasoning (e.g., in U.S. Supreme Court majority opinions and dissents) and the premises, purposes, and arguments in works of public advocacy (e.g., The Federalist, presidential addresses).
RI.9-10.9 Analyze seminal U.S. documents of historical and literary significance (e.g., Washington's Farewell Address, the Gettysburg Address, Roosevelt's Four Freedoms speech, King's "Letter from Birmingham Jail"), including how they address related themes and concepts.	**RI.11-12.9** Analyze seventeenth-, eighteenth-, and nineteenth-century foundational U.S. documents of historical and literary significance (including The Declaration of Independence, the Preamble to the Constitution, the Bill of Rights, and Lincoln's Second Inaugural Address) and other documents of similar significance for their themes, purposes, and rhetorical features.
Range of Reading and Level of Text Complexity	

RI.9-10.10 By the end of grade 9, read and comprehend literary nonfiction in the grades 9–10 text complexity band proficiently, with scaffolding as needed at the high end of the range. By the end of grade 10, read and comprehend literary nonfiction at the high end of the grades 9–10 text complexity band independently and proficiently.	**RI.11-12.10** By the end of grade 11, read and comprehend literary nonfiction in the grades 11–CCR text complexity band proficiently, with scaffolding as needed at the high end of the range. By the end of grade 12, read and comprehend literary nonfiction at the high end of the grades 11–CCR text complexity band independently and proficiently.

College and Career Readiness Anchor Standards for Writing

The grades 6–12 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Text Types and Purposes*

CCRA.W.1 Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.

CCRA.W.2 Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.

CCRA.W.3 Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.

Production and Distribution of Writing

CCRA.W.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.

CCRA.W.5 Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.

CCRA.W.6 Use technology, including the Internet, to produce and publish writing and to interact and collaborate with others.

Research to Build and Present Knowledge

CCRA.W.7 Conduct short as well as more sustained research projects based on focused questions, demonstrating understanding of the subject under investigation.

CCRA.W.8 Gather relevant information from multiple print and digital sources, assess the credibility and accuracy of each source, and integrate the information while avoiding plagiarism.

CCRA.W.9 Draw evidence from literary or informational texts to support analysis, reflection, and research.

Range of Writing

CCRA.W.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences

***These broad types of writing include many subgenres. See Appendix A for definitions of key writing types.*

Note on range and content of student writing

For students, writing is a key means of asserting and defending claims, showing what they know about a subject, and conveying what they have experienced, imagined, thought, and felt. To be college- and career- ready writers, students must take task, purpose, and audience into careful consideration, choosing words, information, structures, and formats deliberately. They need to know how to combine elements of different kinds of writing—for example, to use narrative strategies within argument and explanation within narrative— to produce complex and nuanced writing. They need to be able to use technology strategically when creating, refining, and collaborating on writing. They have to become adept at gathering information, evaluating sources, and citing material accurately, reporting findings from their research and analysis of sources in a clear and cogent manner. They must have the flexibility, concentration, and fluency to produce high-quality first- draft text under a tight deadline as well as the capacity to revisit and make improvements to a piece of writing over multiple drafts when circumstances encourage or require it.

Writing Standards 6-12 W

The following standards for grades 6–12 offer a focus for instruction each year to help ensure that students gain adequate mastery of a range of skills and applications. Each year in their writing, students should demonstrate increasing sophistication in all aspects of language use, from vocabulary and syntax to the development and organization of ideas, and they should address increasingly demanding content and sources. *Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.* The expected growth in student writing ability is reflected both in the standards themselves and in the collection of annotated student writing samples in Appendix C.

Grade 6 Students:	Grade 7 Students:	Grade 8 Students:
Text Types and Purposes		
W.6.1 Write arguments to support claims with clear reasons and relevant evidence. a. Introduce claim(s) and organize the reasons and evidence clearly. b. Support claim(s) with clear reasons and relevant evidence, using credible sources and demonstrating an understanding of the topic or text. c. Use words, phrases, and clauses to clarify the relationships among claim(s) and reasons. d. Use precise language and domain-specific vocabulary to support the argument. ~~d.~~e. Establish and maintain a formal style. ~~e.~~f. Provide a concluding statement or section that follows from the argument presented.	**W.7.1** Write arguments to support claims with clear reasons and relevant evidence. a. Introduce claim(s), acknowledge alternate or opposing claims, and organize the reasons and evidence logically. b. Support claim(s) with logical reasoning and relevant evidence, using accurate, credible sources and demonstrating an understanding of the topic or text. c. Use words, phrases, and clauses to create cohesion and clarify the relationships among claim(s), reasons, and evidence. d. Use precise language and domain-specific vocabulary to support the argument. ~~d.~~e. Establish and maintain a formal style. ~~e.~~f. Provide a concluding statement or section that follows from and supports the argument presented.	**W.8.1** Write arguments to support claims with clear reasons and relevant evidence. a. Introduce claim(s), acknowledge and distinguish the claim(s) from alternate or opposing claims, and organize the reasons and evidence logically. b. Support claim(s) with logical reasoning and relevant evidence, using accurate, credible sources and demonstrating an understanding of the topic or text. c. Use words, phrases, and clauses to create cohesion and clarify the relationships among claim(s), counterclaims, reasons, and evidence. d. Use precise language and domain-specific vocabulary to support the argument. ~~d.~~e. Establish and maintain a formal style. ~~e.~~f. Provide a concluding statement or section that follows from and supports the argument presented.
W.6.2 Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. a. Introduce a topic; organize ideas, concepts, and information, using strategies such as definition, classification, comparison/contrast, and cause/effect; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. b. Develop the topic with relevant facts, definitions, concrete details, quotations, or other information and examples. c. Use appropriate transitions to clarify the relationships among ideas and concepts. d. Use precise language and domain-specific vocabulary to inform about or explain the topic. e. Establish and maintain a formal style. f. Provide a concluding statement or section that follows from the information or explanation presented.	**W.7.2** Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. a. Introduce a topic clearly, previewing what is to follow; organize ideas, concepts, and information, using strategies such as definition, classification, comparison/contrast, and cause/ effect; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. b. Develop the topic with relevant facts, definitions, concrete details, quotations, or other information and examples. c. Use appropriate transitions to create cohesion and clarify the relationships among ideas and concepts. d. Use precise language and domain-specific vocabulary to inform about or explain the topic. e. Establish and maintain a formal style. f. Provide a concluding statement or section that follows from and supports the information or explanation presented.	**W.8.2** Write informative/explanatory texts to examine a topic and convey ideas, concepts, and information through the selection, organization, and analysis of relevant content. a. Introduce a topic clearly, previewing what is to follow; organize ideas, concepts, and information into broader categories; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. b. Develop the topic with relevant, well-chosen facts, definitions, concrete details, quotations, or other information and examples. c. Use appropriate and varied transitions to create cohesion and clarify the relationships among ideas and concepts. d. Use precise language and domain-specific vocabulary to inform about or explain the topic. e. Establish and maintain a formal style. f. Provide a concluding statement or section that follows from and supports the information or explanation presented.

W.6.3 Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences. a. Engage and orient the reader by establishing a context and introducing a narrator and/or characters; organize an event sequence that unfolds naturally and logically. b. Use narrative techniques, such as dialogue, pacing, and description, to develop experiences, events, and/or characters. c. Use a variety of transition words, phrases, and clauses to convey sequence and signal shifts from one time frame or setting to another. d. Use precise words and phrases, relevant descriptive details, and sensory language to convey experiences and events. e. Provide a conclusion that follows from the narrated experiences or events.	**W.7.3** Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences. a. Engage and orient the reader by establishing a context and point of view and introducing a narrator and/or characters; organize an event sequence that unfolds naturally and logically. b. Use narrative techniques, such as dialogue, pacing, and description, to develop experiences, events, and/or characters. c. Use a variety of transition words, phrases, and clauses to convey sequence and signal shifts from one time frame or setting to another. d. Use precise words and phrases, relevant descriptive details, and sensory language to capture the action and convey experiences and events. e. Provide a conclusion that follows from and reflects on the narrated experiences or events.	**W.8.3** Write narratives to develop real or imagined experiences or events using effective technique, relevant descriptive details, and well-structured event sequences. a. Engage and orient the reader by establishing a context and point of view and introducing a narrator and/or characters; organize an event sequence that unfolds naturally and logically. b. Use narrative techniques, such as dialogue, pacing, description, and reflection, to develop experiences, events, and/or characters. c. Use a variety of transition words, phrases, and clauses to convey sequence, signal shifts from one time frame or setting to another, and show the relationships among experiences and events. d. Use precise words and phrases, relevant descriptive details, and sensory language to capture the action and convey experiences and events. e. Provide a conclusion that follows from and reflects on the narrated experiences or events.
Production and Distribution of Writing		
W.6.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)	**W.7.4** Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)	**W.8.4** Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)
W.6.5 With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grade 6.)	**W.7.5** With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on how well purpose and audience have been addressed. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grade 7.)	**W.8.5** With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on how well purpose and audience have been addressed. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grade 8.)
RI.6.6 Use technology, including the Internet, to produce and publish writing as well as to interact and collaborate with others; demonstrate sufficient command of keyboarding skills to type a minimum of three pages in a single sitting.	**W.7.6** Use technology, including the Internet, to produce and publish writing and link to and cite sources as well as to interact and collaborate with others, including linking to and citing sources.	**W.8.6** Use technology, including the Internet, to produce and publish writing and present the relationships between information and ideas efficiently as well as to interact and collaborate with others.
Research to Build and Present Knowledge		
W.6.7 Conduct short research projects to answer a question, drawing on several sources and refocusing the inquiry when appropriate.	**W.7.7** Compare and contrast a text to an audio, video, or multimedia version of the text, analyzing each medium's portrayal of the subject (e.g., how the delivery of a speech affects the impact of the words).	**W.8.7** Evaluate the advantages and disadvantages of using different mediums (e.g., print or digital text, video, multimedia) to present a particular topic or idea.
W.6.8 Gather relevant information from multiple print and digital sources; assess the credibility of each source; and quote or paraphrase the data and conclusions of others while avoiding plagiarism and providing basic bibliographic information for	**W.7.8** Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims.	**W.8.8** Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient; recognize when irrelevant evidence is introduced.

sources.		
W.6.9 Draw evidence from literary or informational texts to support analysis, reflection, and research. a. Apply grade 6 Reading standards to literature (e.g., "Compare and contrast texts in different forms or genres [e.g., stories and poems; historical novels and fantasy stories] in terms of their approaches to similar themes and topics"). b. Apply grade 6 Reading standards to literary nonfiction (e.g., "Trace and evaluate the argument and specific claims in a text, distinguishing claims that are supported by reasons and evidence from claims that are not").	**W.7.9** Draw evidence from literary or informational texts to support analysis, reflection, and research. a. Apply grade 7 Reading standards to literature (e.g., "Compare and contrast a fictional portrayal of a time, place, or character and a historical account of the same period as a means of understanding how authors of fiction use or alter history"). b. Apply grade 7 Reading standards to literary nonfiction (e.g. "Trace and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient to support the claims").	**W.8.9** Draw evidence from literary or informational texts to support analysis, reflection, and research. a. Apply grade 8 Reading standards to literature (e.g., "Analyze how a modern work of fiction draws on themes, patterns of events, or character types from myths, traditional stories, or religious works such as the Bible, including describing how the material is rendered new"). b. Apply grade 8 Reading standards to literary nonfiction (e.g., "Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is sound and the evidence is relevant and sufficient; recognize when irrelevant evidence is introduced").
Range of Writing		
W.6.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.	**W.7.10** Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.	**W.6.10** Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of discipline-specific tasks, purposes, and audiences.

Writing Standards 6-12 W

The CCR anchor standards and high school grade-specific standards work in tandem to define college and career readiness expectations—the former providing broad standards, the latter providing additional specificity.

Grades 9-10 Students:	Grade 11-12 Students:
Text Types and Purposes	
W.9-10.1 Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence. a. Introduce precise claim(s), distinguish the claim(s) from alternate or opposing claims, and create an organization that establishes clear relationships among claim(s), counterclaims, reasons, and evidence. b. Develop claim(s) and counterclaims fairly, supplying evidence for each while pointing out the strengths and limitations of both in a manner that anticipates the audience's knowledge level and concerns. c. Use words, phrases, and clauses to link the major sections of the text, create cohesion, and clarify the relationships between claim(s) and reasons, between reasons and evidence, and between claim(s) and counterclaims. d. Use precise language and domain-specific vocabulary to manage the complexity of the argument. ~~d.~~e. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. ~~e.~~f. Provide a concluding statement or section that follows from and supports the argument presented.	**W.11-12.1** Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence. a. Introduce precise, knowledgeable claim(s), establish the significance of the claim(s), distinguish the claim(s) from alternate or opposing claims, and create an organization that logically sequences claim(s), counterclaims, reasons, and evidence. b. Develop claim(s) and counterclaims fairly and thoroughly, supplying the most relevant evidence for each while pointing out the strengths and limitations of both in a manner that anticipates the audience's knowledge level, concerns, values, and possible biases. c. Use words, phrases, and clauses as well as varied syntax to link the major sections of the text, create cohesion, and clarify the relationships between claim(s) and reasons, between reasons and evidence, and between claim(s) and counterclaims. d. Use precise language, domain-specific vocabulary, and techniques such as metaphor, simile and analogy to manage the complexity of the argument. ~~d.~~e. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. ~~e.~~f. Provide a concluding statement or section that follows from and supports the argument presented.
W.9-10.2 Write informative/explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately through the effective selection, organization, and analysis of content. a. Introduce a topic; organize complex ideas, concepts, and information to make important connections and distinctions; include formatting (e.g., headings), graphics (e.g., figures, tables), and multimedia when useful to aiding comprehension. b. Develop the topic with well-chosen, relevant, and sufficient facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic. c. Use appropriate and varied transitions to link the major sections of the text, create cohesion, and clarify the relationships among complex ideas and concepts. d. Use precise language and domain-specific vocabulary to manage the complexity of the topic. e. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. f. Provide a concluding statement or section that follows from and supports the information or explanation presented (e.g., articulating implications or the significance of the topic).	**W.11-12.2** Write informative/explanatory texts to examine and convey complex ideas, concepts, and information clearly and accurately through the effective selection, organization, and analysis of content. a. Introduce a topic; organize complex ideas, concepts, and information so that each new element builds on that which precedes it to create a unified whole; include formatting (e.g., headings), graphics (e.g., figures, tables), and multimedia when useful to aiding comprehension. b. Develop the topic thoroughly by selecting the most significant and relevant facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic. c. Use appropriate and varied transitions and syntax to link the major sections of the text, create cohesion, and clarify the relationships among complex ideas and concepts. d. Use precise language, domain-specific vocabulary, and techniques such as metaphor, simile, and analogy to manage the complexity of the topic. e. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. f. Provide a concluding statement or section that follows from and supports the information or explanation presented (e.g., articulating implications or the significance of the topic).
W.9-10.3 Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences. a. Engage and orient the reader by setting out a problem, situation, or observation,	W.11-12.3 Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences. a. Engage and orient the reader by setting out a problem, situation, or observation and its

establishing one or multiple point(s) of view, and introducing a narrator and/or characters; create a smooth progression of experiences or events. b. Use narrative techniques, such as dialogue, pacing, description, reflection, and multiple plot lines, to develop experiences, events, and/or characters. c. Use a variety of techniques to sequence events so that they build on one another to create a coherent whole. d. Use precise words and phrases, telling details, and sensory language to convey a vivid picture of the experiences, events, setting, and/or characters. e. Provide a conclusion that follows from and reflects on what is experienced, observed, or resolved over the course of the narrative.	significance, establishing one or multiple point(s) of view, and introducing a narrator and/or characters; create a smooth progression of experiences or events. b. Use narrative techniques, such as dialogue, pacing, description, reflection, and multiple plot lines, to develop experiences, events, and/or characters. c. Use a variety of techniques to sequence events so that they build on one another to create a coherent whole and build toward a particular tone and outcome (e.g., a sense of mystery, suspense, growth, or resolution). d. Use precise words and phrases, telling details, and sensory language to convey a vivid picture of the experiences, events, setting, and/or characters. e. Provide a conclusion that follows from and reflects on what is experienced, observed, or resolved over the course of the narrative.
Production and Distribution of Writing	
W.9-10.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)	**W.11-12.4** Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)
W.9-10.5 Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grades 9–10.)	**W.11-12.5** Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience. (Editing for conventions should demonstrate command of Language standards 1–3 up to and including grades 11–12.)
W.9-10.6 Use technology, including the Internet, to produce, publish, and update individual or shared writing products, taking advantage of technology's capacity to link to other information and to display information flexibly and dynamically.	**W.11-12.6** Use technology, including the Internet, to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.
Research to Build and Present Knowledge	
W.9-10.7 Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.	**W.11-12.7** Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.
W.9-10.8 Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the usefulness of each source in answering the research question; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and following a standard format for citation.	**W.11-12.8** Gather relevant information from multiple authoritative print and digital sources, using advanced searches effectively; assess the strengths and limitations of each source in terms of the task, purpose, and audience; integrate information into the text selectively to maintain the flow of ideas, avoiding plagiarism and overreliance on any one source and following a standard format for citation.
W.9-10.9 Draw evidence from literary or informational texts to support analysis, reflection, and research. a. Apply grades 9–10 Reading standards to literature (e.g., "Analyze how an author draws on and transforms source material in a specific work [e.g., how Shakespeare treats a theme or topic from Ovid or the Bible or how a later author draws on a play by Shakespeare]"). b. Apply grades 9–10 Reading standards to literary nonfiction (e.g., "Delineate and evaluate the argument and specific claims in a text, assessing whether the reasoning is valid and the evidence is relevant and sufficient; identify false statements and fallacious reasoning").	**W.11-12.9** Draw evidence from literary or informational texts to support analysis, reflection, and research. a. Apply grades 11–12 Reading standards to literature (e.g., "Demonstrate knowledge of eighteenth-, nineteenth- and early-twentieth-century foundational works of American literature, including how two or more texts from the same period treat similar themes or topics"). b. Apply grades 11–12 Reading standards to literary nonfiction (e.g., "Delineate and evaluate the reasoning in seminal U.S. texts, including the application of constitutional principles and use of legal reasoning [e.g., in U.S. Supreme c. Court Case majority opinions and dissents] and the premises, purposes, and arguments in works of public advocacy [e.g., The Federalist, presidential addresses]").
Range of Writing	

W.9-10.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.	**W.11-12.10** Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences.

College and Career Readiness Anchor Standards for Speaking and Listening

The grades 6–12 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Comprehension and Collaboration

CCRA.SL.1 Prepare for and participate effectively in a range of conversations and collaborations with diverse partners, building on others' ideas and expressing their own clearly and persuasively.

CCRA.SL.2 Integrate and evaluate information presented in diverse media and formats, including visually, quantitatively, and orally.

CCRA.SL.3 Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric.

Presentation of Knowledge and Ideas

CCRA.SL.4 Present information, findings, and supporting evidence such that listeners can follow the line of reasoning and the organization, development, and style are appropriate to task, purpose, and audience.

CCRA.SL.5 Make strategic use of digital media and visual displays of data to express information and enhance understanding of presentations.

CCRA.SL.6 Adapt speech to a variety of contexts and communicative tasks, demonstrating command of formal English when indicated or appropriate.

***These broad types of writing include many subgenres. See Appendix A for definitions of key writing types.*

Note on range and content of student speaking and listening

To become college and career ready, students must have ample opportunities to take part in a variety of rich, structured conversations—as part of a whole class, in small groups, and with a partner—built around important content in various domains. They must be able to contribute appropriately to these conversations, to make comparisons and contrasts, and to analyze and synthesize a multitude of ideas in accordance with the standards of evidence appropriate to a particular discipline. Whatever their intended major or profession, high school graduates will depend heavily on their ability to listen attentively to others so that they are able to build on others' meritorious ideas while expressing their own clearly and persuasively. New technologies have broadened and expanded the role that speaking and listening play in acquiring and sharing knowledge and have tightened their link to other forms of communication. The Internet has accelerated the speed at which connections between speaking, listening, reading, and writing can be made, requiring that students be ready to use these modalities nearly simultaneously. Technology itself is changing quickly, creating a new urgency for students to be adaptable in response to change.

Speaking and Listening Standards 6-12 SL

The following standards for grades 6–12 offer a focus for instruction in each year to help ensure that students gain adequate mastery of a range of skills and applications. Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades.

Grade 6 Students:	Grade 7 Students:	Grade 8 Students:
Comprehension and Collaboration		
SL.6.1 Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 6 topics, texts, and issues, building on others' ideas and expressing their own clearly. a. Come to discussions prepared, having read or studied required material; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. b. Follow rules for collegial discussions, set specific goals and deadlines, and define individual roles as needed. c. Pose and respond to specific questions with elaboration and detail by making comments that contribute to the topic, text, or issue under discussion. d. Review the key ideas expressed and demonstrate understanding of multiple perspectives through reflection and paraphrasing.	**SL.7.1** Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 7 topics, texts, and issues, building on others' ideas and expressing their own clearly. a) Come to discussions prepared, having read or researched material under study; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. b) Follow rules for collegial discussions, track progress toward specific goals and deadlines, and define individual roles as needed. c) Pose questions that elicit elaboration and respond to others' questions and comments with relevant observations and ideas that bring the discussion back on topic as needed. d) Acknowledge new information expressed by others and, when warranted, modify their own views.	**SL.8.1** Engage effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grade 8 topics, texts, and issues, building on others' ideas and expressing their own clearly. a. Come to discussions prepared, having read or researched material under study; explicitly draw on that preparation by referring to evidence on the topic, text, or issue to probe and reflect on ideas under discussion. b. Follow rules for collegial discussions and decision-making, track progress toward specific goals and deadlines, and define individual roles as needed. c. Pose questions that connect the ideas of several speakers and respond to others' questions and comments with relevant evidence, observations, and ideas. d. Acknowledge new information expressed by others, and, when warranted, qualify or justify their own views in light of the evidence presented.
SL.6.2 Interpret information presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how it contributes to a topic, text, or issue under study.	**SL.7.2** Analyze the main ideas and supporting details presented in diverse media and formats (e.g., visually, quantitatively, orally) and explain how the ideas clarify a topic, text, or issue under study.	**SL.8.2** Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and the relevance and sufficiency of the evidence.
SL.6.3 Delineate a speaker's argument and specific claims, distinguishing claims that are supported by reasons and evidence from claims that are not.	**SL.7.3** Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and the relevance and sufficiency of the evidence.	**SL.8.3** Delineate a speaker's argument and specific claims, evaluating the soundness of the reasoning and relevance and sufficiency of the evidence and identifying when irrelevant evidence is introduced.
Presentation of Knowledge and Ideas		
SL.6.4 Present claims and findings, sequencing ideas logically and using pertinent descriptions, facts, and details to accentuate main ideas or themes; use appropriate eye contact, adequate volume, and clear pronunciation.	**SL.7.4** Present claims and findings, emphasizing salient points in a focused, coherent manner with pertinent descriptions, facts, details, and examples; use appropriate eye contact, adequate volume, and clear pronunciation.	**SL.7.4** Present claims and findings, emphasizing salient points in a focused, coherent manner with relevant evidence, sound valid reasoning, and well-chosen details; use appropriate eye contact, adequate volume, and clear pronunciation.

SL.6.5 Include multimedia components (e.g., graphics, images, music, sound) and visual displays in presentations to clarify information.	**SL.7.5** Include multimedia components and visual displays in presentations to clarify claims and findings and emphasize salient points.	**SL.8.5** Integrate multimedia and visual displays into presentations to clarify information, strengthen claims and evidence, and add interest.
SL.6.6 Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. (See grade 6 Language standards 1 and 3 for specific expectations.)	**SL.7.6** Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. (See grade 7 Language standards 1 and 3 for specific expectations.)	**SL.8.6** Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. (See grade 8 Language standards 1 and 3 for specific expectations.)

Speaking and Listening Standards 6-12 SL

The CCR anchor standards and high school grade-specific standards work in tandem to define college and career readiness expectations—the former providing broad standards, the latter providing additional specificity.

Grades 9-10 Students:	Grade 11-12 Students:
Comprehension and Collaboration	
SL.9-10.1 Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with diverse partners on grades 9–10 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively. a. Come to discussions prepared, having read and researched material under study; explicitly draw on that preparation by referring to evidence from texts and other research on the topic or issue to stimulate a thoughtful, well-reasoned exchange of ideas. b. Work with peers to set rules for collegial discussions and decision-making (e.g., informal consensus, taking votes on key issues, presentation of alternate views), clear goals and deadlines, and individual roles as needed. c. Propel conversations by posing and responding to questions that relate the current discussion to broader themes or larger ideas; actively incorporate others into the discussion; and clarify, verify, or challenge ideas and conclusions. d. Respond thoughtfully to diverse perspectives, summarize points of agreement and disagreement, and, when warranted, qualify or justify their own views and understanding and make new connections in light of the evidence and reasoning presented	**SL.11-12.1** Initiate and participate effectively in a range of collaborative discussions (one- on-one, in groups, and teacher-led) with diverse partners on grades 11–12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively. a. Come to discussions prepared, having read and researched material under study; explicitly draw on that preparation by referring to evidence from texts and other research on the topic or issue to stimulate a thoughtful, well- reasoned exchange of ideas. b. Work with peers to promote civil, democratic discussions and decision- making, set clear goals and deadlines, and establish individual roles as needed. c. Propel conversations by posing and responding to questions that probe reasoning and evidence; ensure a hearing for a full range of positions on a topic or issue; clarify, verify, or challenge ideas and conclusions; and promote divergent and creative perspectives. d. Respond thoughtfully to diverse perspectives; synthesize comments, claims, and evidence made on all sides of an issue; resolve contradictions when possible; and determine what additional information or research is required to deepen the investigation or complete the task.
SL.9-10.2 Integrate multiple sources of information presented in diverse media or formats (e.g., visually, quantitatively, orally) evaluating the credibility and accuracy of each source.	**SL.11-12.2** Integrate multiple sources of information presented in diverse formats and media (e.g., visually, quantitatively, orally) in order to make informed decisions and solve problems, evaluating the credibility and accuracy of each source and noting any discrepancies among the data.
SL.9-10.3 Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric, identifying any fallacious reasoning or exaggerated or distorted evidence.	**SL.11-12.3** Evaluate a speaker's point of view, reasoning, and use of evidence and rhetoric, assessing the stance, premises, links among ideas, word choice, points of emphasis, and tone used.
Presentation of Knowledge and Ideas	
SL.9-10.4 Present information, findings, and supporting evidence clearly, concisely, and logically such that listeners can follow the line of reasoning and the organization, development, substance, and style are appropriate to purpose, audience, and task.	**SL.11-12.4** Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience. (Grade-specific expectations for writing types are defined in standards 1–3 above.)
SL.9-10.5 Make strategic use of digital media (e.g., textual, graphical, audio, visual, and interactive elements) in presentations to enhance understanding of findings, reasoning, and evidence and to add interest.	**SL.11-12.5** Make strategic use of digital media (e.g., textual, graphical, audio, visual, and interactive elements) in presentations to enhance understanding of findings, reasoning, and evidence and to add interest.
SL.9-10.6 Adapt speech to a variety of contexts and tasks, demonstrating command of formal English when indicated or appropriate. (See grades 9–10 Language standards 1 and 3 for specific expectations.)	**SL.11-12.6** Adapt speech to a variety of contexts and tasks, demonstrating a command of formal English when indicated or appropriate. (See grades 11–12 Language standards 1 and 3 for specific expectations.)

College and Career Readiness Anchor Standards for Language

The grades 6–12 standards on the following pages define what students should understand and be able to do by the end of each grade. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

<u>**Conventions of Standard English**</u>

CCRA.L.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.

CCRA.L.2 Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing.

<u>**Knowledge of Language**</u>

CCRA.L.3 Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.

<u>**Vocabulary acquisition and Use**</u>

CCRA.L.4 Determine or clarify the meaning of unknown and multiple-meaning words and phrases by using context clues, analyzing meaningful word parts, and consulting general and specialized reference materials, as appropriate.

CCRA.L.5 Demonstrate understanding of figurative language, word relationships, and nuances in word meanings.

CCRA.L.6 Acquire and use accurately a range of general academic and domain-specific words and phrases sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when encountering an unknown term important to comprehension or expression.

Note on range and content of student language use

To be college and career ready in language, students must have firm control over the conventions of standard English. At the same time, they must come to appreciate that language is as at least as much a matter of craft as of rules and be able to choose words, syntax, and punctuation to express themselves and achieve particular functions and rhetorical effects. They must also have extensive vocabularies, built through reading and study, enabling them to comprehend complex texts and engage in purposeful writing about and conversations around content. They need to become skilled in determining or clarifying the meaning of words and phrases they encounter, choosing flexibly from an array of strategies to aid them. They must learn to see an individual word as part of a network of other words—words, for example, that have similar denotations but different connotations. The inclusion of Language standards in their own strand should not be taken as an indication that skills related to conventions, effective language use, and vocabulary are unimportant to reading, writing, speaking, and listening; indeed, they are inseparable from such contexts.

Language Standards 6-12 L

The following standards for grades 6–12 offer a focus for instruction each year to help ensure that students gain adequate mastery of a range of skills and applications. Students advancing through the grades are expected to meet each year's grade-specific standards and retain or further develop skills and understandings mastered in preceding grades. Beginning in grade 3, skills and understandings that are particularly likely to require continued attention in higher grades as they are applied to increasingly sophisticated writing and speaking are marked with an asterisk (*). See the table on page 56 for a complete listing and Appendix A for an example of how these skills develop in sophistication.

Grade 6 Students:	Grade 7 Students:	Grade 8 Students:
Conventions of Standard English		
L.6.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Ensure that pronouns are in the proper case (subjective, objective, possessive). b. Use intensive pronouns (e.g., myself, ourselves). c. Recognize and correct inappropriate shifts in pronoun number and person.* d. Recognize and correct vague pronouns (i.e., ones with unclear or ambiguous antecedents).* e. Recognize variations from standard English in their own and others' writing and speaking, and identify and use strategies to improve expression in conventional language.*	**L.7.1** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Explain the function of phrases and clauses in general and their function in specific sentences. a. Choose among simple, compound, complex, and compound-complex sentences to signal differing relationships among ideas. b. Place phrases and clauses within a sentence, recognizing and correcting misplaced and dangling modifiers.*	**L.8.1** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Explain the function of verbals (gerunds, participles, infinitives) in general and their function in particular sentences. b. Form and use verbs in the active and passive voice. c. Form and use verbs in the indicative, imperative, interrogative, conditional, and subjunctive mood. d. Recognize and correct inappropriate shifts in verb voice and mood.*
L.6.2 Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Use punctuation (commas, parentheses, dashes) to set off nonrestrictive/parenthetical elements.* b. Spell correctly.	**L.7.2** Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Use a comma to separate coordinate adjectives (e.g., It was a fascinating, enjoyable movie but not He wore an old[,] green shirt) b. Spell correctly.	**L.8.2** Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Use punctuation (comma, ellipsis, dash) to indicate a pause or break. b. Use an ellipsis to indicate an omission. c. Spell correctly.
Knowledge of Language		
L.6.3 Use knowledge of language and its conventions when writing, speaking, reading, or listening. a. Vary sentence patterns for meaning, reader/ listener interest, and style.* b. Maintain consistency in style and tone.*	**L.7.3** Use knowledge of language and its conventions when writing, speaking, reading, or listening. a. Choose language that expresses ideas precisely and concisely, recognizing and eliminating wordiness and redundancy.*	**L.8.3** Use knowledge of language and its conventions when writing, speaking, reading, or listening. a. Use verbs in the active and passive voice and in the conditional and subjunctive mood to achieve particular effects (e.g., emphasizing the actor or the action; expressing uncertainty or describing a state contrary to fact).
Vocabulary Acquisition and Use		
L.6.4 Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 6 reading and content, choosing flexibly from a range of strategies. a. Use context (e.g., the overall meaning of a sentence or paragraph; a word's position or function in a	**L.7.4** Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grade 7 reading and content, choosing flexibly from a range of strategies. a. Use context (e.g., the overall meaning of a sentence or paragraph; a word's position or function in a	**L.8.4** Determine or clarify the meaning of unknown and multiple-meaning words or phrases based on grade 8 reading and content, choosing flexibly from a range of strategies. a. Use context (e.g., the overall meaning of a sentence or paragraph; a word's position or function in a

sentence) as a clue to the meaning of a word or phrase. b. Use common, grade-appropriate Greek or Latin affixes and roots as clues to the meaning of a word (e.g., audience, auditory, audible). c. Consult reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning or its part of speech. d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).	sentence) as a clue to the meaning of a word or phrase. b. Use common, grade-appropriate Greek or Latin affixes and roots as clues to the meaning of a word (e.g., belligerent, bellicose, rebel). c. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning or its part of speech. d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).	sentence) as a clue to the meaning of a word or phrase. b. Use common, grade-appropriate Greek or Latin affixes and roots as clues to the meaning of a word (e.g., precede, recede, secede). c. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning or its part of speech. d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).
L.6.5 Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. a. Interpret figures of speech (e.g., personification) in context. b. Use the relationship between particular words (e.g., cause/effect, part/whole, item/category) to better understand each of the words. c. Distinguish among the connotations (associations) of words with similar denotations (definitions) (e.g., stingy, scrimping, economical, unwasteful, thrifty).	**L.7.5** Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. a. Interpret figures of speech (e.g., literary, biblical, and mythological allusions) in context. b. Use the relationship between particular words (e.g., synonym/antonym, analogy) to better understand each of the words. c. Distinguish among the connotations (associations) of words with similar denotations (definitions) (e.g., refined, respectful, polite, diplomatic, condescending).	**L.8.5** Demonstrate understanding of figurative language, word relationships, and nuances in word meanings. a. Interpret figures of speech (e.g. verbal irony, puns) in context. b. Use the relationship between particular words to better understand each of the words. c. Distinguish among the connotations (associations) of words with similar denotations (definitions) (e.g., bullheaded, willful, firm, persistent, resolute).
L.6.6 Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases; gather vocabulary knowledge when considering a word or phrase important to comprehension or expression.	**L.7.6** Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases; gather vocabulary knowledge when considering a word or phrase important to comprehension or expression.	**L.8.6** Acquire and use accurately grade-appropriate general academic and domain-specific words and phrases; gather vocabulary knowledge when considering a word or phrase important to comprehension or expression.

Language Standards 6-12 L

The CCR anchor standards and high school grade-specific standards work in tandem to define college and career readiness expectations—the former providing broad standards, the latter providing additional specificity.

Grades 9-10 Students:	Grade 11-12 Students:
Conventions of Standard English	
L.9-10.1 Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Use parallel structure.* b. Use various types of phrases (noun, verb, adjectival, adverbial, participial, prepositional, absolute) and clauses (independent, dependent; noun, relative, adverbial) to convey specific meanings and add variety and interest to writing or presentations.	**L.11-12.1** Demonstrate command of the conventions of standard English grammar and usage when writing or speaking. a. Apply the understanding that usage is a matter of convention, can change over time, and is sometimes contested. b. Resolve issues of complex or contested usage, consulting references (e.g., Merriam-Webster's Dictionary of English Usage, Garner's Modern American Usage) as needed.
L.9-10.2 Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. Use a semicolon (and perhaps a conjunctive adverb) to link two or more closely related independent clauses. b. Use a colon to introduce a list or quotation c. Spell Correctly	**L.11-12.2** Demonstrate command of the conventions of standard English capitalization, punctuation, and spelling when writing. a. ~~Observe hyphenation conventions~~. Use hyphenation conventions. b. Spell correctly.
Knowledge of Language	
L.9-10.3 Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening. a. Write and edit work so that it conforms to the guidelines in a style manual (e.g., MLA Handbook, Turabian's Manual for Writers) appropriate for the discipline and writing type.	L.11-12.3 Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening. a. Vary syntax for effect, consulting references (e.g., Tufte's Artful Sentences) for guidance as needed; apply an understanding of syntax to the study of complex texts when reading.
Vocabulary Acquisition and Use	
L.9-10.4 Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grades 9–10 reading and content, choosing flexibly from a range of strategies. b. Use context (e.g., the overall meaning of a sentence, paragraph, or text; a word's position or function in a sentence) as a clue to the meaning of a word or phrase. c. Identify and correctly use patterns of word changes that indicate different meanings or parts of speech (e.g., analyze, analysis, analytical; advocate, advocacy). d. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning, its part of speech, or its etymology. e. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).	**L.11-12.4** Determine or clarify the meaning of unknown and multiple-meaning words and phrases based on grades 11–12 reading and content, choosing flexibly from a range of strategies. a. Use context (e.g., the overall meaning of a sentence, paragraph, or text; a word's position or function in a sentence) as a clue to the meaning of a word or phrase. b. Identify and correctly use patterns of word changes that indicate different meanings or parts of speech (e.g., conceive, conception, conceivable). c. Consult general and specialized reference materials (e.g., dictionaries, glossaries, thesauruses), both print and digital, to find the pronunciation of a word or determine or clarify its precise meaning, its part of speech, its etymology, or its standard usage. d. Verify the preliminary determination of the meaning of a word or phrase (e.g., by checking the inferred meaning in context or in a dictionary).
L.9-10.5 Make strategic use of digital media (e.g., textual, graphical, audio, visual, and interactive elements) in presentations to enhance understanding of findings, reasoning, and evidence and to add interest.	**L.11-12.5** Make strategic use of digital media (e.g., textual, graphical, audio, visual, and interactive elements) in presentations to enhance understanding of findings, reasoning, and evidence and to add interest.

L.9-10.6 Acquire and use accurately general academic and domain-specific words and phrases, sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when considering a word or phrase important to comprehension or expression.	**L.11-12.6** Acquire and use accurately general academic and domain-specific words and phrases, sufficient for reading, writing, speaking, and listening at the college and career readiness level; demonstrate independence in gathering vocabulary knowledge when considering a word or phrase important to comprehension or expression.

Language Progressive Skills, by Grade

The following skills, marked with an asterisk (*) in Language standards 1–3, are particularly likely to require continued attention in higher grades as they are applied to increasingly sophisticated writing and speaking.

Standard	Grade(s)							
	3	4	5	6	7	8	9–10	11–12
L.3.1f. Ensure subject-verb and pronoun-antecedent agreement.								
L.3.3a. Choose words and phrases for effect.								
L.4.1f. Produce complete sentences, recognizing and correcting inappropriate fragments and run-ons.								
L.4.1g. Correctly use frequently confused words (e.g., *to/too/two; there/their*).								
L.4.3a. Choose words and phrases to convey ideas precisely.*								
L.4.3b. Choose punctuation for effect.								
L.5.1d. Recognize and correct inappropriate shifts in verb tense.								
L.5.2a. Use punctuation to separate items in a series.†								
L.6.1c. Recognize and correct inappropriate shifts in pronoun number and person.								
L.6.1d. Recognize and correct vague pronouns (i.e., ones with unclear or ambiguous antecedents).								
L.6.1e. Recognize variations from standard English in their own and others' writing and speaking, and identify and use strategies to improve expression in conventional language.								
L.6.2a. Use punctuation (commas, parentheses, dashes) to set off nonrestrictive/parenthetical elements.								
L.6.3a. Vary sentence patterns for meaning, reader/listener interest, and style.‡								
L.6.3b. Maintain consistency in style and tone.								
L.7.1c. Place phrases and clauses within a sentence, recognizing and correcting misplaced and dangling modifiers.								
L.7.3a. Choose language that expresses ideas precisely and concisely, recognizing and eliminating wordiness and redundancy.								
L.8.1d. Recognize and correct inappropriate shifts in verb voice and mood.								
L.9–10.1a. Use parallel structure.								

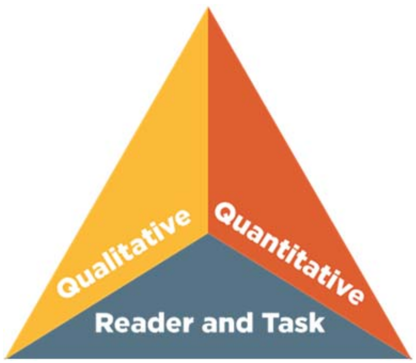
* Subsumed by L.7.3a

† Subsumed by L.9–10.1a

‡ Subsumed by L.11–12.3a

Standard 10: Range, Quality, and Complexity of Student Reading 6-12

Measuring Text Complexity: Three Factors



Qualitative evaluation of the text: Levels of meaning, structure, language conventionality and clarity, and knowledge demands

Quantitative evaluation of the text: Readability measures and other scores of text complexity

Matching reader to text and task: Reader variables (such as motivation, knowledge, and experiences) and task variables (such as purpose and the complexity generated by the task assigned and the questions posed)

Note: More detailed information on text complexity and how it is measured is contained in Appendix A.

Range of Text Types for 6-12

Students in K–5 apply the Reading standards to the following range of text types, with texts selected from a broad range of cultures and periods.

Literature			Informational Text
Stories	**Dramas**	**Poetry**	**Literary nonfiction and Historical, Scientific, and technical texts**
Includes the subgenres of adventure stories, historical fiction, mysteries, myths, science fiction, realistic fiction, allegories, parodies, satire, and graphic novels	Includes one-act and multi-act plays, both in written form and on film	Includes the subgenres of narrative poems, lyrical poems, free verse poems, sonnets, odes, ballads, and epics	Includes the subgenres of exposition, argument, and functional text in the form of personal essays, speeches, opinion pieces, essays about art or literature, biographies, memoirs, journalism, and historical, scientific, technical, or economic accounts (including digital sources) written for a broad audience

Texts Illustrating the Complexity, Quality, and Range of Student Reading 6-12

	Literature: Stories, Dramas, Poetry	Informational Texts: Literary Nonfiction
6–8	▪ *Little Women* by Louisa May Alcott (1869) ▪ *The Adventures of Tom Sawyer* by Mark Twain (1876) ▪ "The Road Not Taken" by Robert Frost (1915) ▪ *The Dark Is Rising* by Susan Cooper (1973) ▪ *Dragonwings* by Laurence Yep (1975) ▪ *Roll of Thunder, Hear My Cry* by Mildred Taylor (1976)	▪ "Letter on Thomas Jefferson" by John Adams (1776) ▪ *Narrative of the Life of Frederick Douglass, an American Slave* by Frederick Douglass (1845) ▪ "Blood, Toil, Tears and Sweat: Address to Parliament on May 13th, 1940" by Winston Churchill (1940) ▪ *Harriet Tubman: Conductor on the Underground Railroad* by Ann Petry (1955) ▪ *Travels with Charley: In Search of America* by John Steinbeck (1962)
9–10	▪ *The Tragedy of Macbeth* by William Shakespeare (1592) ▪ "Ozymandias" by Percy Bysshe Shelley (1817) ▪ "The Raven" by Edgar Allan Poe (1845) ▪ "The Gift of the Magi" by O. Henry (1906) ▪ *The Grapes of Wrath* by John Steinbeck (1939) ▪ *Fahrenheit 451* by Ray Bradbury (1953) ▪ *The Killer Angels* by Michael Shaara (1975)	▪ "Speech to the Second Virginia Convention" by Patrick Henry (1775) ▪ "Farewell Address" by George Washington (1796) ▪ "Gettysburg Address" by Abraham Lincoln (1863) ▪ "State of the Union Address" by Franklin Delano Roosevelt (1941) ▪ "Letter from Birmingham Jail" by Martin Luther King, Jr. (1964) ▪ "Hope, Despair and Memory" by Elie Wiesel (1997)
11–CCR	▪ "Ode on a Grecian Urn" by John Keats (1820) ▪ *Jane Eyre* by Charlotte Brontë (1848) ▪ "Because I Could Not Stop for Death" by Emily Dickinson (1890) ▪ *The Great Gatsby* by F. Scott Fitzgerald (1925) ▪ *Their Eyes Were Watching God* by Zora Neale Hurston (1937) ▪ *A Raisin in the Sun* by Lorraine Hansberry (1959) ▪ *The Namesake* by Jhumpa Lahiri (2003)	▪ *Common Sense* by Thomas Paine (1776) ▪ *Walden* by Henry David Thoreau (1854) ▪ "Society and Solitude" by Ralph Waldo Emerson (1857) ▪ "The Fallacy of Success" by G. K. Chesterton (1909) ▪ *Black Boy* by Richard Wright (1945) ▪ "Politics and the English Language" by George Orwell (1946) ▪ "Take the Tortillas Out of Your Poetry" by Rudolfo Anaya (1995)

Note: Given space limitations, the illustrative texts listed above are meant only to show individual titles that are representative of a range of topics and genres. (See Appendix B for excerpts of these and other texts illustrative of grades 6–12 text complexity, quality, and range.) At a curricular or instructional level, within and across grade levels, texts need to be selected around topics or themes that generate knowledge and allow students to study those topics or themes in depth.

Idaho Content Standards

Literacy in History/Social Studies, Science, and Technical Subjects

6-12 Section

College and Career Readiness Anchor Standards for Reading

The grades 6–12 standards on the following pages define what students should understand and be able to do by the end of each grade span. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Key Ideas and details

CCRA.R.1 Read closely to determine what the text says explicitly and to make logical inferences from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.

CCRA.R.2 Determine central ideas or themes of a text and analyze their development; summarize the key supporting details and ideas.

CCRA.R.3 Analyze how and why individuals, events, and ideas develop and interact over the course of a text.

Craft and Structure

CCRA.R.4 Interpret words and phrases as they are used in a text, including determining technical, connotative, and figurative meanings, and analyze how specific word choices shape meaning or tone.

CCRA.R.5 Analyze the structure of texts, including how specific sentences, paragraphs, and larger portions of the text (e.g., a section, chapter, scene, or stanza) relate to each other and the whole.

CCRA.R.6 Assess how point of view or purpose shapes the content and style of a text.

Integration of Knowledge and Ideas

CCRA.R.7 Integrate and evaluate content presented in diverse media and formats, including visually and quantitatively, as well as in words.*

CCRA.R.8 Delineate and evaluate the argument and specific claims in a text, including the validity of the reasoning as well as the relevance and sufficiency of the evidence.

CCRA.R.9 Analyze how two or more texts address similar themes or topics in order to build knowledge or to compare the approaches the authors take.

Range of Reading and Level of Text Complexity

CCRA.R.10 Read and comprehend complex literary and informational texts independently and proficiently.

**Please see "Research to Build and Present Knowledge" in Writing and "Comprehension and Collaboration" in Speaking and Listening for additional standards relevant to gathering, assessing, and applying information from print and digital sources.*

Note on range and content of student reading

Reading is critical to building knowledge in history/social studies as well as in science and technical subjects. College and career ready reading in these fields requires an appreciation of the norms and conventions of each discipline, such as the kinds of evidence used in history and science; an understanding of domain-specific words and phrases; an attention to precise details; and the capacity to evaluate intricate arguments, synthesize complex information, and follow detailed descriptions of events and concepts. In history/social studies, for example, students need to be able to analyze, evaluate, and differentiate primary and secondary sources. When reading scientific and technical texts, students need to be able to gain knowledge from challenging texts that often make extensive use of elaborate diagrams and data to convey information and illustrate concepts. Students must be able to read complex informational texts in these fields with independence and confidence because the vast majority of reading in college and workforce training programs will be sophisticated nonfiction. It is important to note that these Reading standards are meant to complement the specific content demands of the disciplines, not replace them.

Reading Standards for Literacy in History/Social Studies (6-12) RH

The standards below begin at grade 6; standards for K–5 reading in history/social studies, science, and technical subjects are integrated into the K–5 Reading standards. The CCR anchor standards and high school standards in literacy work in tandem to define college and career readiness expectations—the former providing broad standards, the latter providing additional specificity.

Grade 6-8 Students:	Grade 9-10 Students:	Grade 11-12 Students:
Key Ideas and Details		
RH.6-8.1 Cite specific textual evidence to support analysis of primary and secondary sources.	**RH.9-10.1** Cite specific textual evidence to support analysis of primary and secondary sources, attending to such features as the date and origin of the information.	**RH.11-12.1** Cite specific textual evidence to support analysis of primary and secondary sources, connecting insights gained from specific details to an understanding of the text as a whole.
RH. 6-8.2 Determine the central ideas or information of a primary or secondary source; provide an accurate summary of the source distinct from prior knowledge or opinions.	**RH.9-10.2** Determine the central ideas or information of a primary or secondary source; provide an accurate summary of how key events or ideas develop over the course of the text.	**RH.11-12.2** Determine the central ideas or information of a primary or secondary source; provide an accurate summary that makes clear the relationships among the key details and ideas.
RH. 6-8.3 Identify key steps in a text's description of a process related to history/social studies (e.g., how a bill becomes law, how interest rates are raised or lowered).	**RH.9-10.3** Analyze in detail a series of events described in a text; determine whether earlier events caused later ones or simply preceded them.	**RH.11-12.3** Evaluate various explanations for actions or events and determine which explanation best accords with textual evidence, acknowledging where the text leaves matters uncertain.
Craft and Structure		
RH. 6-8.4 Determine the meaning of words and phrases as they are used in a text, including vocabulary specific to domains related to history/social studies.	**RH.9-10.4** Determine the meaning of words and phrases as they are used in a text, including vocabulary describing political, social, or economic aspects of history/social studies.	**RH.11-12.4** Determine the meaning of words and phrases as they are used in a text, including analyzing how an author uses and refines the meaning of a key term over the course of a text (e.g., how Madison defines faction in Federalist No. 10).
RH. 6-8.5 Describe how a text presents information (e.g., sequentially, comparatively, causally).	**RH.9-10.5** Analyze how a text uses structure to emphasize key points or advance an explanation or analysis.	**RH.11-12.5** Analyze in detail how a complex primary source is structured, including how key sentences, paragraphs, and larger portions of the text contribute to the whole.
RH. 6-8.6 Identify aspects of a text that reveal an author's point of view or purpose (e.g., loaded language, inclusion or avoidance of particular facts).	**RH.9-10.6** Compare the point of view of two or more authors for how they treat the same or similar topics, including which details they include and emphasize in their respective accounts.	**RH.11-12.6** Evaluate authors' differing points of view on the same historical event or issue by assessing the authors' claims, reasoning, and evidence.
Integration of Knowledge and Ideas		
RH. 6-8.7 Integrate visual information (e.g., in charts, graphs, photographs, videos, or maps) with other information in print and digital texts.	**RH.9-10.7** Integrate quantitative or technical analysis (e.g., charts, research data) with qualitative analysis in print or digital text.	**RH.11-12.7** Integrate and evaluate multiple sources of information presented in diverse formats and media (e.g., visually, quantitatively, as well as in words) in order to address a question or solve a problem.
RH. 6-8.8 Distinguish among fact, opinion, and reasoned judgment in a text.	**RH.9-10.8** Assess the extent to which the reasoning and evidence in a text support the author's claims.	**RH.11-12.8** Evaluate an author's premises, claims, and evidence by corroborating or challenging them with other information.
RH. 6-8.9 Analyze the relationship between a primary and secondary source on the same topic.	**RH.9-10.9** Compare and contrast treatments of the same topic in several primary and secondary sources.	**RH.11-12.9** Integrate information from diverse sources, both primary and secondary, into a coherent understanding of an idea or event, noting discrepancies among sources.
Range of Reading and Level of Text Complexity		

RH.6-8.10 By the end of grade 8, read and comprehend history/social studies texts in the grades 6–8 text complexity band independently and proficiently.	**RH.9-10.10** By the end of grade 10, read and comprehend history/social studies texts in the grades 9–10 text complexity band independently and proficiently.	**RH.11-12.10** By the end of grade 12, read and comprehend history/social studies texts in the grades 11–CCR text complexity band independently and proficiently.

Reading Standards for Literacy in Science and Technical Subjects (6-12) RST

Grade 6-8 Students:	Grade 9-10 Students:	Grade 11-12 Students:
Key Ideas and Details		
RST.6-8.1 Cite specific textual evidence to support analysis of science and technical texts.	**RST.9-10.1** Cite specific textual evidence to support analysis of science and technical texts, attending to the precise details of explanations or descriptions.	**RST.11-12.1** Cite specific textual evidence to support analysis of science and technical texts, attending to important distinctions the author makes and to any gaps or inconsistencies in the account.
RST.6-8.2 Determine the central ideas or conclusions of a text; provide an accurate summary of the text distinct from prior knowledge or opinions.	**RST.9-10.2** Determine the central ideas or conclusions of a text; trace the text's explanation or depiction of a complex process, phenomenon, or concept; provide an accurate summary of the text.	**RST.11-12.2** Determine the central ideas or conclusions of a text; summarize complex concepts, processes, or information presented in a text by paraphrasing them in simpler but still accurate terms.
RST.6-8.3 Follow precisely a multistep procedure when carrying out experiments, taking measurements, or performing technical tasks.	**RST.9-10.3** Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks, attending to special cases or exceptions defined in the text.	**RST.11-12.3** Follow precisely a complex multistep procedure when carrying out experiments, taking measurements, or performing technical tasks; analyze the specific results based on explanations in the text.
Craft and Structure		
RST.6-8.4 Determine the meaning of symbols, key terms, and other domain-specific words and phrases as they are used in a specific scientific or technical context relevant to grades 6–8 texts and topics.	**RST.9-10.4** Determine the meaning of symbols, key terms, and other domain-specific words and phrases as they are used in a specific scientific or technical context relevant to grades 9–10 texts and topics.	**RST.11-12.4** Determine the meaning of symbols, key terms, and other domain-specific words and phrases as they are used in a specific scientific or technical context relevant to grades 11–12 texts and topics.
RST.6-8.5 Analyze the structure an author uses to organize a text, including how the major sections contribute to the whole and to an understanding of the topic.	**RST.9-10.5** Analyze the structure of the relationships among concepts in a text, including relationships among key terms (e.g., force, friction, reaction force, energy).	**RST.11-12.5** Analyze how the text structures information or ideas into categories or hierarchies, demonstrating understanding of the information or ideas.
RST.6-8.6 Analyze the author's purpose in providing an explanation, describing a procedure, or discussing an experiment in a text.	**RST.9-10.6** Analyze the author's purpose in providing an explanation, describing a procedure, or discussing an experiment in a text, defining the question the author seeks to address.	**RST.11-12.6** Analyze the author's purpose in providing an explanation, describing a procedure, or discussing an experiment in a text, identifying important issues that remain unresolved.
Integration of Knowledge and Ideas		
RST.6-8.7 Integrate quantitative or technical information expressed in words in a text with a version of that information expressed visually (e.g., in a flowchart, diagram, model, graph, or table).	**RST.9-10.7** Translate quantitative or technical information expressed in words in a text into visual form (e.g., a table or chart) and translate information expressed visually or mathematically (e.g., in an equation) into words.	**RST.11-12.8.7** Integrate and evaluate multiple sources of information presented in diverse formats and media (e.g., quantitative data, video, multimedia) in order to address a question or solve a problem.
RST.6-8.8 Distinguish among facts, reasoned judgment based on research findings, and speculation in a text.	**RST.9-10.8** Assess the extent to which the reasoning and evidence in a text support the author's claim or a recommendation for solving a scientific or technical problem.	**RST.11-12.8** Evaluate the hypotheses, data, analysis, and conclusions in a science or technical text, verifying the data when possible and corroborating or challenging conclusions with other sources of information.
RST.6-8.9 Compare and contrast the information gained from experiments, simulations, video, or multimedia sources with that gained from reading a text on the same topic.	**RST.9-10.9** Compare and contrast findings presented in a text to those from other sources (including their own experiments), noting when the findings support or contradict previous explanations or accounts.	**RST.11-12.9** Synthesize information from a range of sources (e.g., texts, experiments, simulations) into a coherent understanding of a process, phenomenon, or concept, resolving conflicting information when possible.
Range of Reading and Level of Text Complexity		

RST.6-8.10 By the end of grade 8, read and comprehend science/technical texts in the grades 6–8 text complexity band independently and proficiently.	**RST.9-10.10** By the end of grade 10, read and comprehend science/technical texts in the grades 9–10 text complexity band independently and proficiently.	**RST.11-12.10** By the end of grade 12, read and comprehend science/technical texts in the grades 11–CCR text complexity band independently and proficiently.

College and Career Readiness Anchor Standards for Writing

The grades 6–12 standards on the following pages define what students should understand and be able to do by the end of each grade span. They correspond to the College and Career Readiness (CCR) anchor standards below by number. The CCR and grade-specific standards are necessary complements—the former providing broad standards, the latter providing additional specificity—that together define the skills and understandings that all students must demonstrate.

Text Types and Purposes*

CCRA.W.1 Write arguments to support claims in an analysis of substantive topics or texts, using valid reasoning and relevant and sufficient evidence.

CCRA.W.2 Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.

CCRA.W.3 Write narratives to develop real or imagined experiences or events using effective technique, well-chosen details, and well-structured event sequences.

Production and Distribution of Writing

CCRA.W.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.

CCRA.W.5 Write informative/explanatory texts to examine and convey complex ideas and information clearly and accurately through the effective selection, organization, and analysis of content.

CCRA.W.6 Use technology, including the Internet, to produce and publish writing and to interact and collaborate with others.

Research to Build and Present Knowledge

CCRA.W.7 Conduct short as well as more sustained research projects based on focused questions, demonstrating understanding of the subject under investigation.

CCRA.W.8 Gather relevant information from multiple print and digital sources, assess the credibility and accuracy of each source, and integrate the information while avoiding plagiarism.

CCRA.W.9 Draw evidence from literary or informational texts to support analysis, reflection, and research.

Range of Writing

CCRA.W.10 Write routinely over extended time frames (time for research, reflection, and revision) and shorter time frames (a single sitting or a day or two) for a range of tasks, purposes, and audiences

***These broad types of writing include many subgenres. See Appendix A for definitions of key writing types.*

Note on range and content of student writing

For students, writing is a key means of asserting and defending claims, showing what they know about a subject, and conveying what they have experienced, imagined, thought, and felt. To be college and career ready writers, students must take task, purpose, and audience into careful consideration, choosing words, information, structures, and formats deliberately. They need to be able to use technology strategically when creating, refining, and collaborating on writing. They have to become adept at gathering information, evaluating sources, and citing material accurately, reporting findings from their research and analysis of sources in a clear and cogent manner. They must have the flexibility, concentration, and fluency to produce high-quality first- draft text under a tight deadline and the capacity to revisit and make improvements to a piece of writing over multiple drafts when circumstances encourage or require it. To meet these goals, students must devote significant time and effort to writing, producing numerous pieces over short and long time frames throughout the year.

Writing Standards for Literacy in History/Social Studies, Science, and Technical Subjects 6-12 WHST

The standards below begin at grade 6; standards for K–5 writing in history/social studies, science, and technical subjects are integrated into the K–5 Writing standards. The CCR anchor standards and high school standards in literacy work in tandem to define college and career readiness expectations—the former providing broad standards, the latter providing additional specificity.

Grade 6-8 Students:	Grade 9-10 Students:	Grade 11-12 Students:
Text Types and Purposes		
WHST.6-8.1 Write arguments focused on discipline-specific content. a. Introduce claim(s) about a topic or issue, acknowledge and distinguish the claim(s) from alternate or opposing claims, and organize the reasons and evidence logically. b. Support claim(s) with logical reasoning and relevant, accurate data and evidence that demonstrate an understanding of the topic or text, using credible sources. c. Use words, phrases, and clauses to create cohesion and clarify the relationships among claim(s), counterclaims, reasons, and evidence. d. Use precise language and domain-specific vocabulary to inform about or explain the argument. ~~d.~~e. Establish and maintain a formal style. ~~e.~~f. Provide a concluding statement or section that follows from and supports the argument presented.	**WHST.9-10.1** Write arguments focused on discipline-specific content. a. Introduce precise claim(s), distinguish the claim(s) from alternate or opposing claims, and create an organization that establishes clear relationships among the claim(s), counterclaims, reasons, and evidence. b. Develop claim(s) and counterclaims fairly, supplying data and evidence for each while pointing out the strengths and limitations of both claim(s) and counterclaims in a discipline-appropriate form and in a manner that anticipates the audience's knowledge level and concerns. c. Use words, phrases, and clauses to link the major sections of the text, create cohesion, and clarify the relationships between claim(s) and reasons, between reasons and evidence, and between claim(s) and counterclaims. d. Use precise language and domain-specific vocabulary to manage the complexity of the argument and convey a style appropriate to the discipline and context as well as to the expertise of likely readers. ~~d.~~e. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. ~~e.~~f. Provide a concluding statement or section that follows from or supports the argument presented.	**WHST.11-12.1** Write arguments focused on discipline-specific content. a. Introduce precise, knowledgeable claim(s), establish the significance of the claim(s), distinguish the claim(s) from alternate or opposing claims, and create an organization that logically sequences the claim(s), counterclaims, reasons, and evidence. b. Develop claim(s) and counterclaims fairly and thoroughly, supplying the most relevant data and evidence for each while pointing out the strengths and limitations of both claim(s) and counterclaims in a discipline-appropriate form that anticipates the audience's knowledge level, concerns, values, and possible biases. c. Use words, phrases, and clauses as well as varied syntax to link the major sections of the text, create cohesion, and clarify the relationships between claim(s) and reasons, between reasons and evidence, and between claim(s) and counterclaims. d. Use precise language, domain-specific vocabulary and techniques such as metaphor, simile, and analogy to manage the complexity of the argument; convey a knowledgeable stance in a style that responds to the discipline and context as well as to the expertise of likely readers. ~~d.~~e. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. ~~e.~~f. Provide a concluding statement or section that follows from or supports the argument presented.
WHST.6-8.2 Write informative/explanatory texts, including the narration of historical events, scientific procedures/ experiments, or technical processes. a. Introduce a topic clearly, previewing what b. is to follow; organize ideas, concepts, and information into broader categories as appropriate to achieving purpose; include formatting (e.g., headings), graphics (e.g., charts, tables), and multimedia when useful to aiding comprehension. c. Develop the topic with relevant, well-chosen facts,	**WHST.9-10.2** Write informative/explanatory texts, including the narration of historical events, scientific procedures/ experiments, or technical processes. a. Introduce a topic and organize ideas, concepts, and information to make important connections and distinctions; include formatting (e.g., headings), graphics (e.g., figures, tables), and multimedia when useful to aiding comprehension. b. Develop the topic with well-chosen, relevant, and sufficient facts, extended definitions, concrete details,	**WHST.11-12.2** Write informative/explanatory texts, including the narration of historical events, scientific procedures/ experiments, or technical processes. a. Introduce a topic and organize complex ideas, concepts, and information so that each new element builds on that which precedes it to create a unified whole; include formatting (e.g., headings), graphics (e.g., figures, tables), and multimedia when useful to aiding comprehension. a. Develop the topic thoroughly by selecting the most

definitions, concrete details, quotations, or other information and examples. d. Use appropriate and varied transitions to create cohesion and clarify the relationships among ideas and concepts. e. Use precise language and domain-specific vocabulary to inform about or explain the topic. f. Establish and maintain a formal style and objective tone. g. Provide a concluding statement or section that follows from and supports the information or explanation presented.	quotations, or other information and examples appropriate to the audience's knowledge of the topic. c. Use varied transitions and sentence structures to link the major sections of the text, create cohesion, and clarify the relationships among ideas and concepts. d. Use precise language and domain-specific vocabulary to manage the complexity of the topic and convey a style appropriate to the discipline and context as well as to the expertise of likely readers. e. Establish and maintain a formal style and objective tone while attending to the norms and conventions of the discipline in which they are writing. f. Provide a concluding statement or section that follows from and supports the information or explanation presented (e.g., articulating implications or the significance of the topic).	significant and relevant facts, extended definitions, concrete details, quotations, or other information and examples appropriate to the audience's knowledge of the topic. b. Use varied transitions and sentence structures to link the major sections of the text, create cohesion, and clarify the relationships among complex ideas and concepts. c. Use precise language, domain-specific vocabulary and techniques such as metaphor, simile, and analogy to manage the complexity of the topic; convey a knowledgeable stance in a style that responds to the discipline and context as well as to the expertise of likely readers. d. Provide a concluding statement or section that follows from and supports the information or explanation provided (e.g., articulating implications or the significance of the topic).
WHST.6-8.3 (See note; not applicable as a separate requirement)	**WHST. 9-10.3** (See note; not applicable as a separate requirement)	**WHST.11-12.3** (See note; not applicable as a separate requirement)
Note: Students' narrative skills continue to grow in these grades. The Standards require that students be able to incorporate narrative elements effectively into arguments and informative/explanatory texts. In history/social studies, students must be able to incorporate narrative accounts into their analyses of individuals or events of historical import. In science and technical subjects, students must be able to write precise enough descriptions of the step-by-step procedures they use in their investigations or technical work that others can replicate them and (possibly) reach the same results.		
Production and Distribution of Writing		
WHST. 6-8.4 Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.	**WHST.9-10.4** Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.	**WHST.11-12.4** Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.
WHST.6.5 With some guidance and support from peers and adults, develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on how well purpose and audience have been addressed.	**WHST. 9-10.5** Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.	**WHST.11-12.5** Develop and strengthen writing as needed by planning, revising, editing, rewriting, or trying a new approach, focusing on addressing what is most significant for a specific purpose and audience.
WHST.6-8.6 Use technology, including the Internet, to produce and publish writing and present the relationships between information and ideas clearly and efficiently.	**WHST.9-107.6** Use technology, including the Internet, to produce, publish, and update individual or shared writing products, taking advantage of technology's capacity to link to other information and to display information flexibly and dynamically.	**WHST.11-12.6** Use technology, including the Internet, to produce, publish, and update individual or shared writing products in response to ongoing feedback, including new arguments or information.
Research to Build and Present Knowledge		
WHST.6-8.7 Conduct short research projects to answer a question (including a self-generated question), drawing on several sources and generating additional related, focused questions that allow for multiple avenues of exploration.	**WHST.9-10.7** Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.	**WHST.11-12.7** Conduct short as well as more sustained research projects to answer a question (including a self-generated question) or solve a problem; narrow or broaden the inquiry when appropriate; synthesize multiple sources on the subject, demonstrating understanding of the subject under investigation.

~~Common Core State Standards~~

Idaho Content Standards for Mathematics

Revised and Adapted from the Common Core State Standards for Mathematics

Table of Contents

Introduction

Toward greater focus and coherence

> *Mathematics experiences in early childhood settings should concentrate on (1) number (which includes whole number, operations, and relations) and (2) geometry, spatial relations, and measurement, with more mathematics learning time devoted to number than to other topics. Mathematical process goals should be integrated in these content areas.*
>
> — Mathematics Learning in Early Childhood, National Research Council, 2009

> *The composite standards [of Hong Kong, Korea and Singapore] have a number of features that can inform an international benchmarking process for the development of K–6 mathematics standards in the U.S. First, the composite standards concentrate the early learning of mathematics on the number, measurement, and geometry strands with less emphasis on data analysis and little exposure to algebra. The Hong Kong standards for grades 1–3 devote approximately half the targeted time to numbers and almost all the time remaining to geometry and measurement.*
>
> — Ginsburg, Leinwand and Decker, 2009

> *Because the mathematics concepts in [U.S.] textbooks are often weak, the presentation becomes more mechanical than is ideal. We looked at both traditional and non-traditional textbooks used in the US and found this conceptual weakness in both.*
>
> — Ginsburg et al., 2005

> *There are many ways to organize curricula. The challenge, now rarely met, is to avoid those that distort mathematics and turn off students.*
>
> — Steen, 2007

For over a decade, research studies of mathematics education in high-performing countries have pointed to the conclusion that the mathematics curriculum in the United States must become substantially more focused and coherent in order to improve mathematics achievement in this country. To deliver on the promise of common standards, the standards must address the problem of a curriculum that is “a mile wide and an inch deep.” These Standards are a substantial answer to that challenge.

It is important to recognize that “fewer standards” are no substitute for focused standards. Achieving “fewer standards” would be easy to do by resorting to broad, general statements. Instead, these Standards aim for clarity and specificity.

Assessing the coherence of a set of standards is more difficult than assessing their focus. William Schmidt and Richard Houang (2002) have said that content standards and curricula are coherent if they are:

> *articulated over time as a sequence of topics and performances that are logical and reflect, where appropriate, the sequential or hierarchical nature of the disciplinary content from which the subject matter derives. That is, what and how students are taught should reflect not only the topics that fall within a certain academic discipline, but also the key ideas that determine how knowledge is organized and generated within that discipline. This implies*

> *that to be coherent, a set of content standards must evolve from particulars (e.g., the meaning and operations of whole numbers, including simple math facts and routine computational procedures associated with whole numbers and fractions) to deeper structures inherent in the discipline. These deeper structures then serve as a means for connecting the particulars (such as an understanding of the rational number system and its properties).* (emphasis added)

These Standards endeavor to follow such a design, not only by stressing conceptual understanding of key ideas, but also by continually returning to organizing principles such as place value or the properties of operations to structure those ideas.

In addition, the "sequence of topics and performances" that is outlined in a body of mathematics standards must also respect what is known about how students learn.
As Confrey (2007) points out, developing "sequenced obstacles and challenges for students…absent the insights about meaning that derive from careful study of learning, would be unfortunate and unwise." In recognition of this, the development of these Standards began with research-based learning progressions detailing what is known today about how students' mathematical knowledge, skill, and understanding develop over time.

Understanding mathematics

These Standards define what students should understand and be able to do in their study of mathematics. Asking a student to understand something means asking a teacher to assess whether the student has understood it. But what does mathematical understanding look like? One hallmark of mathematical understanding is the ability to justify, in a way appropriate to the student's mathematical maturity, *why* a particular mathematical statement is true or where a mathematical rule comes from. There is a world of difference between a student who can summon a mnemonic device to expand a product such as $(a + b)(x + y)$ and a student who can explain where the mnemonic comes from. The student who can explain the rule understands the mathematics, and may have a better chance to succeed at a less familiar task such as expanding $(a + b + c)(x + y)$. Mathematical understanding and procedural skill are equally important, and both are assessable using mathematical tasks of sufficient richness.

The Standards set grade-specific standards but do not define the intervention methods or materials necessary to support students who are well below or well above grade-level expectations. It is also beyond the scope of the Standards to define the full range of supports appropriate for English language learners and for students with special needs. At the same time, all students must have the opportunity to learn and meet the same high standards if they are to access the knowledge and skills necessary in their post-school lives. The Standards should be read as allowing for the widest possible range of students to participate fully from the outset, along with appropriate accommodations to ensure maximum participation of students with special education needs. For example, for students with disabilities reading should allow for use of Braille, screen reader technology, or other assistive devices, while writing should include the use of a scribe, computer, or speech-to-text technology. In a similar vein, speaking and listening should be interpreted broadly to include sign language. No set of grade-specific standards can fully reflect the great variety in abilities, needs, learning rates, and achievement levels of students in any given classroom. However, the Standards do provide clear signposts along the way to the goal of college and career readiness for all students.

The Standards begin on page 6 with eight Standards for Mathematical Practice.

How to read the grade level standards

Standards define what students should understand and be able to do.

Clusters are groups of related standards. Note that standards from different clusters may sometimes be closely related, because mathematics
is a connected subject.

Domains are larger groups of related standards. Standards from different domains may sometimes be closely related.

domain

Number and operations in Base ten

3.nBt

Use place value understanding and properties of operations to perform multi-digit arithmetic.

Standard

1. Use place value understanding to round whole numbers to the nearest 10 or 100.
2. Fluently add and subtract within 1000 using strategies and algorithms based on place value, properties of operations, and/or the relationship between addition and subtraction.
3. Multiply one-digit whole numbers by multiples of 10 in the range 10-90 (e.g., 9 × 80, 5 × 60) using strategies based on place value and properties of operations.

Cluster

These Standards do not dictate curriculum or teaching methods. For example, just because topic A appears before topic B in the standards for a given grade, it does not necessarily mean that topic A must be taught before topic B. A teacher might prefer to teach topic B before topic A, or might choose to highlight connections by teaching topic A and topic B at the same time. Or, a teacher might prefer to teach a topic of his or her own choosing that leads, as a byproduct, to students reaching the standards for topics A and B.

What students can learn at any particular grade level depends upon what they have learned before. Ideally then, each standard in this document might have been phrased in the form, "Students who already know ... should next come to learn ...." But at present this approach is unrealistic—not least because existing education research cannot specify all such learning pathways. Of necessity therefore, grade placements for specific topics have been made on the basis of state and international comparisons and the collective experience and collective professional judgment of educators, researchers and mathematicians. One promise of common state standards is that over time they will allow research on learning progressions to inform and improve the design of standards to a much greater extent than is possible today. Learning opportunities will continue to vary across schools and school systems, and educators should make every effort to meet the needs of individual students based on their current understanding.

These Standards are not intended to be new names for old ways of doing business. They are a call to take the next step. It is time for states to work together to build on lessons learned from two decades of standards based reforms. It is time to recognize that standards are not just promises to our children, but promises we intend to keep.

Mathematics | Standards for Mathematical Practice

The Standards for Mathematical Practice describe varieties of expertise that mathematics educators at all levels should seek to develop in their students. These practices rest on important "processes and proficiencies" with longstanding importance in mathematics education. The first of these are the NCTM process standards of problem solving, reasoning and proof, communication, representation, and connections. The second are the strands of mathematical proficiency specified in the National Research Council's report *Adding It Up*: adaptive reasoning, strategic competence, conceptual understanding (comprehension of mathematical concepts, operations and relations), procedural fluency (skill in carrying out procedures flexibly, accurately, efficiently and appropriately), and productive disposition (habitual inclination to see mathematics as sensible, useful, and worthwhile, coupled with a belief in diligence and one's own efficacy).

1 Make sense of problems and persevere in solving them.

Mathematically proficient students start by explaining to themselves the meaning of a problem and looking for entry points to its solution. They analyze givens, constraints, relationships, and goals. They make conjectures about the form and meaning of the solution and plan a solution pathway rather than simply jumping into a solution attempt. They consider analogous problems, and try special cases and simpler forms of the original problem in order to gain insight into its solution. They monitor and evaluate their progress and change course if necessary. Older students might, depending on the context of the problem, transform algebraic expressions or change the viewing window on their graphing calculator to get the information they need. Mathematically proficient students can explain correspondences between equations, verbal descriptions, tables, and graphs or draw diagrams of important features and relationships, graph data, and search for regularity or trends. Younger students might rely on using concrete objects or pictures to help conceptualize
and solve a problem. Mathematically proficient students check their answers to problems using a different method, and they continually ask themselves, "Does this make sense?" They can understand the approaches of others to solving complex problems and identify correspondences between different approaches.

2 Reason abstractly and quantitatively.

Mathematically proficient students make sense of quantities and their relationships in problem situations. They bring two complementary abilities to bear on problems involving quantitative relationships: the ability to decontextualize—to abstract a given situation and represent it symbolically and manipulate the representing symbols as if they have a life of their own, without necessarily attending to their referents—and the ability to contextualize, to pause as needed during the manipulation process in order to probe into the referents for the symbols involved. Quantitative reasoning entails habits of creating a coherent representation of the problem at hand; considering the units involved; attending to the meaning of quantities, not just how to compute them; and knowing and flexibly using different properties of operations and objects.

3 Construct viable arguments and critique the reasoning of others.

Mathematically proficient students understand and use stated assumptions, definitions, and previously established results in constructing arguments. They make conjectures and build a logical progression of statements to explore the truth of their conjectures. They are able to analyze situations by breaking them into cases, and can recognize and use counterexamples. They justify their conclusions, communicate them to others, and respond to the arguments of others. They reason inductively about data, making plausible arguments that take into account the context from which the data arose. Mathematically proficient students are also able to compare the effectiveness of two plausible arguments, distinguish correct logic or reasoning from that which is flawed, and—if there is a flaw in an argument—explain what it is. Elementary students can construct arguments using concrete referents such as objects, drawings, diagrams, and actions. Such arguments can make sense and be correct, even though they are not generalized or made formal until later grades. Later, students learn to determine domains to which an argument applies. Students at all grades can listen or read the arguments of others, decide whether they make sense, and ask useful questions to clarify or improve the arguments.

4 Model with mathematics.

Mathematically proficient students can apply the mathematics they know to solve problems arising in everyday life, society, and the workplace. In early grades, this might be as simple as writing an addition equation to describe a situation. In middle grades, a student might apply proportional reasoning to plan a school event or analyze a problem in the community. By high school, a student might use geometry to solve a design problem or use a function to describe how one quantity of interest depends on another. Mathematically proficient students who can apply what they know are comfortable making assumptions and approximations to simplify a complicated situation, realizing that these may need revision later. They are able to identify important quantities in a practical situation and map their relationships using such tools as diagrams, two-way tables, graphs, flowcharts and formulas. They can analyze those relationships mathematically to draw conclusions. They routinely interpret their mathematical results in the context of the situation and reflect on whether the results make sense, possibly improving the model if it has not served its purpose.

5 Use appropriate tools strategically.

Mathematically proficient students consider the available tools when solving a mathematical problem. These tools might include pencil and paper, concrete models, a ruler, a protractor, a calculator, a spreadsheet, a computer algebra system, a statistical package, or dynamic geometry software. Proficient students are sufficiently familiar with tools appropriate for their grade or course to make sound decisions about when each of these tools might be helpful, recognizing both the insight to be gained and their limitations. For example, mathematically proficient high school students analyze graphs of functions and solutions generated using a graphing calculator. They detect possible errors by strategically using estimation and other mathematical knowledge. When making mathematical models, they know that technology can enable them to visualize the results of varying assumptions, explore consequences, and compare predictions with data. Mathematically proficient students at various grade levels are able to identify relevant external mathematical resources, such as digital content located on a website, and use them to pose or solve problems. They are able to use technological tools to explore and deepen their understanding of concepts.

6 Attend to precision.

Mathematically proficient students try to communicate precisely to others. They try to use clear definitions in discussion with others and in their own reasoning. They state the meaning of the symbols they choose, including using the equal sign consistently and appropriately. They are careful about specifying units of measure, and labeling axes to clarify the correspondence with quantities in a problem. They calculate accurately and efficiently, express numerical answers with a degree of precision appropriate for the problem context. In the elementary grades, students give carefully formulated explanations to each other. By the time they reach high school they have learned to examine claims and make explicit use of definitions.

7 Look for and make use of structure.

Mathematically proficient students look closely to discern a pattern or structure. Young students, for example, might notice that three and seven more is the same amount as seven and three more, or they may sort a collection of shapes according to how many sides the shapes have. Later, students will see 7 × 8 equals the well remembered 7 × 5 + 7 × 3, in preparation for learning about the distributive property. In the expression $x^2 + 9x + 14$, older students can see the 14 as 2 × 7 and the 9 as 2 + 7. They recognize the significance of an existing line in a geometric figure and can use the strategy of drawing an auxiliary line for solving problems. They also can step back for an overview and shift perspective. They can see complicated things, such as some algebraic expressions, as single objects or as being composed of several objects. For example, they can see $5 - 3(x - y)^2$ as 5 minus a positive number times a square and use that to realize that its value cannot be more than 5 for any real numbers x and y.

8 Look for and express regularity in repeated reasoning.

Mathematically proficient students notice if calculations are repeated, and look both for general methods and for shortcuts. Upper elementary students might notice when dividing 25 by 11 that they are repeating the same calculations over and over again, and conclude they have a repeating decimal. By paying attention to the calculation of slope as they repeatedly check whether points are on the line through (1, 2) with slope 3, middle school students might abstract the equation $(y - 2)/(x - 1) = 3$. Noticing the regularity in the way terms cancel when expanding $(x - 1)(x + 1)$, $(x - 1)(x_2 + x + 1)$, and $(x - 1)(x_3 + x_2 + x + 1)$ might lead them to the general formula for the sum of a geometric series. As they work to solve a problem, mathematically proficient students maintain oversight of the process, while attending to the details. They continually evaluate the reasonableness of their intermediate results.

Connecting the Standards for Mathematical Practice to the Standards for Mathematical Content

The Standards for Mathematical Practice describe ways in which developing student practitioners of the discipline of mathematics increasingly ought to engage with the subject matter as they grow in mathematical maturity and expertise throughout the elementary, middle and high school years. Designers of curricula, assessments, and professional development should all attend to the need to connect the mathematical practices to mathematical content in mathematics instruction.

The Standards for Mathematical Content are a balanced combination of procedure and understanding. Expectations that begin with the word "understand" are often especially good opportunities to connect the practices to the content. Students who lack understanding of a topic may rely on procedures too heavily. Without a flexible base from which to work, they may be less likely to consider analogous problems, represent problems coherently, justify conclusions, apply the mathematics to practical situations, use technology mindfully to work with the mathematics, explain the mathematics accurately to other students, step back for an overview, or deviate from a known procedure to find a shortcut. In short, a lack of understanding effectively prevents a student from engaging in the mathematical practices.

In this respect, those content standards which set an expectation of understanding are potential "points of intersection" between the Standards for Mathematical Content and the Standards for Mathematical Practice. These points of intersection are intended to be weighted toward central and generative concepts in the school mathematics curriculum that most merit the time, resources, innovative energies, and focus necessary to qualitatively improve the curriculum, instruction, assessment, professional development, and student achievement in mathematics.

Mathematics | Kindergarten

In Kindergarten, instructional time should focus on two critical areas: (1) representing, relating, and operating on whole numbers, initially with sets of objects; (2) describing shapes and space. More learning time in Kindergarten should be devoted to number than to other topics.

(1) Students use numbers, including written numerals, to represent quantities and to solve quantitative problems, such as counting objects in a set; counting out a given number of objects; comparing sets or numerals; and modeling simple joining and separating situations with sets of objects, or eventually with equations such as 5 + 2 = 7 and 7 – 2 = 5. (Kindergarten students should see addition and subtraction equations, and student writing of equations in kindergarten is encouraged, but it is not required.) Students choose, combine, and apply effective strategies for answering quantitative questions, including quickly recognizing the cardinalities of small sets of objects, counting and producing sets of given sizes, counting the number of objects in combined sets, or counting the number of objects that remain in a set after some are taken away.

(2) Students describe their physical world using geometric ideas (e.g., shape, orientation, spatial relations) and vocabulary. They identify, name, and describe basic two-dimensional shapes, such as squares, triangles, circles, rectangles, and hexagons, presented in a variety of ways (e.g., with different sizes and orientations), as well as three-dimensional shapes such as cubes, cones, cylinders, and spheres. They use basic shapes and spatial reasoning to model objects in their environment and to construct more complex shapes.

Grade K Overview

Counting and Cardinality

- Know number names and the count sequence.
- Count to tell the number of objects.
- Compare numbers.

Operations and Algebraic Thinking

- Understand addition as putting together and adding to, and understand subtraction as taking apart and taking from.

Number and Operations in Base Ten

- Work with numbers 11–19 to gain foundations for place value.

Measurement and Data

- Describe and compare measurable attributes.
- Classify objects and count the number of objects in categories.

Geometry

- Identify and describe shapes.
- Analyze, compare, create, and compose shapes.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Counting and Cardinality K.CC

Know number names and the count sequence.

1. Count to 100 by ones and by tens.
2. Count forward beginning from a given number within the known sequence (instead of having to begin at 1).
3. Write numbers from 0 to 20. Represent a number of objects with a written numeral 0-20 (with 0 representing a count of no objects).

Count to tell the number of objects.

4. Understand the relationship between numbers and quantities; connect counting to cardinality.
   a. When counting objects, say the number names in the standard order, pairing each object with one and only one number name and each number name with one and only one object.
   b. Understand that the last number name said tells the number of objects counted. The number of objects is the same regardless of their arrangement or the order in which they were counted.
   c. Understand that each successive number name refers to a quantity that is one larger.
5. Count to answer "how many?" questions about as many as 20 things arranged in a line, a rectangular array, or a circle, or as many as 10 things in a scattered configuration; given a number from 1–20, count out that many objects.

Compare numbers.

6. Identify whether the number of objects in one group is greater than, less than, or equal to the number of objects in another group, e.g., by using matching and counting strategies.[1]
7. Compare two numbers between 1 and 10 presented as written numerals.

Operations and Algebraic Thinking K.OA

Understand addition as putting together and adding to, and under- stand subtraction as taking apart and taking from.

1. Represent addition and subtraction with objects, fingers, mental images, drawings[2], sounds (e.g., claps), acting out situations, verbal explanations, expressions, or equations.
2. Solve addition and subtraction word problems, and add and subtract within 10, e.g., by using objects or drawings to represent the problem.
3. Decompose numbers less than or equal to 10 into pairs in more than one way, e.g., by using objects or drawings, and record each decomposition by a drawing or equation (e.g., 5 = 2 + 3 and 5 = 4 + 1).
4. For any number from 1 to 9, find the number that makes 10 when added to the given number, e.g., by using objects or drawings, and record the answer with a drawing or equation.
5. Fluently add and subtract within 5.

[1]Include groups with up to ten objects.
[2]Drawings need not show details, but should show the mathematics in the problem. (This applies wherever drawings are mentioned in the Standards.)

Number and Operations in Base Ten — K.NBT

Work with numbers 11–19 to gain foundations for place value.

1. Compose and decompose numbers from 11 to 19 into ten ones and some further ones, e.g., by using objects or drawings, and record each composition or decomposition by a drawing or equation (e.g., 18 = 10 + 8); understand that these numbers are composed of ten ones and one, two, three, four, five, six, seven, eight, or nine ones.

Measurement and Data — K.MD

Describe and compare measurable attributes.

1. Describe measurable attributes of objects, such as length or weight. Describe several measurable attributes of a single object.
2. Directly compare two objects with a measurable attribute in common, to see which object has “more of”/“less of” the attribute, and describe the difference. *For example, directly compare the heights of two children and describe one child as taller/shorter.*

Classify objects and count the number of objects in each category.

3. Classify objects into given categories; count the numbers of objects in each category and sort the categories by count.[3]

Geometry — K.G

Identify and describe shapes (squares, circles, triangles, rectangles, hexagons, cubes, cones, cylinders, and spheres).

1. Describe objects in the environment using names of shapes, and describe the relative positions of these objects using terms such as *above*, *below*, *beside*, *in front of*, *behind*, and *next to*.
2. Correctly name shapes regardless of their orientations or overall size.
3. Identify shapes as two-dimensional (lying in a plane, “flat”) or three- dimensional (“solid”).

Analyze, compare, create, and compose shapes.

4. Analyze and compare two- and three-dimensional shapes, in different sizes and orientations, using informal language to describe their similarities, differences, parts (e.g., number of sides and vertices/“corners”) and other attributes (e.g., having sides of equal length).
5. Model shapes in the world by building shapes from components (e.g., sticks and clay balls) and drawing shapes.
6. Compose simple shapes to form larger shapes. *For example, “Can you join these two triangles with full sides touching to make a rectangle?”*

[3]Limit category counts to be less than or equal to 10.

Mathematics | Grade 1

In Grade 1, instructional time should focus on four critical areas: (1) developing understanding of addition, subtraction, and strategies for addition and subtraction within 20; (2) developing understanding of whole number relationships and place value, including grouping in tens and ones; (3) developing understanding of linear measurement and measuring lengths as iterating length units; and (4) reasoning about attributes of, and composing and decomposing geometric shapes.

(1) Students develop strategies for adding and subtracting whole numbers based on their prior work with small numbers. They use a variety of models, including discrete objects and length-based models (e.g., cubes connected to form lengths), to model add-to, take-from, put-together, take-apart, and compare situations to develop meaning for the operations of addition and subtraction, and to develop strategies to solve arithmetic problems with these operations. Students understand connections between counting and addition and subtraction (e.g., adding two is the same as counting on two). They use properties of addition to add whole numbers and to create and use increasingly sophisticated strategies based on these properties (e.g., "making tens") to solve addition and subtraction problems within 20. By comparing a variety of solution strategies, children build their understanding of the relationship between addition and subtraction.

(2) Students develop, discuss, and use efficient, accurate, and generalizable methods to add within 100 and subtract multiples of 10. They compare whole numbers (at least to 100) to develop understanding of and solve problems involving their relative sizes. They think of whole numbers between 10 and 100 in terms of tens and ones (especially recognizing the numbers 11 to 19 as composed of a ten and some ones). Through activities that build number sense, they understand the order of the counting numbers and their relative magnitudes.

(3) Students develop an understanding of the meaning and processes of measurement, including underlying concepts such as iterating (the mental activity of building up the length of an object with equal-sized units) and the transitivity principle for indirect measurement.[1]

(4) Students compose and decompose plane or solid figures (e.g., put two triangles together to make a quadrilateral) and build understanding of part-whole relationships as well as the properties of the original and composite shapes. As they combine shapes, they recognize them from different perspectives and orientation, describe their geometric attributes, and determine how they are alike and different , to develop the background for measurement and for initial understandings of properties such as congruence and symmetry.

[1]Students should apply the principle of transitivity of measurement to make indirect comparisons, but they need not use this technical term.

Grade 1 Overview

Operations and Algebraic Thinking

- Represent and solve problems involving addition and subtraction.
- Understand and apply properties of operations and the relationship between addition and subtraction.
- Add and subtract within 20.
- Work with addition and subtraction equations.

Number and Operations in Base Ten

- Extend the counting sequence.
- Understand place value.
- Use place value understanding and properties of operations to add and subtract.

Measurement and Data

- Measure lengths indirectly and by iterating length units.
- Tell and write time.
- Represent and interpret data.

Geometry

- Reason with shapes and their attributes.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Operations and Algebraic Thinking 1.OA

Represent and solve problems involving addition and subtraction.

1. Use addition and subtraction within 20 to solve word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions, e.g., by using objects, drawings, and equations with a symbol for the unknown number to represent the problem.[2]

2. Solve word problems that call for addition of three whole numbers whose sum is less than or equal to 20, e.g., by using objects, drawings, and equations with a symbol for the unknown number to represent the problem.

Understand and apply properties of operations and the relationship between addition and subtraction.

3. Apply properties of operations as strategies to add and subtract.[3] *Examples: If 8 + 3 = 11 is known, then 3 + 8 = 11 is also known. (Commutative property of addition.) To add 2 + 6 + 4, the second two numbers can be added to make a ten, so 2 + 6 + 4 = 2 + 10 = 12. (Associative property of addition.)*

4. Understand subtraction as an unknown-addend problem. *For example, subtract 10 – 8 by finding the number that makes 10 when added to 8.*

Add and subtract within 20.

5. Relate counting to addition and subtraction (e.g., by counting on 2 to add 2).

6. Add and subtract within 20, demonstrating fluency for addition and subtraction within 10. Use strategies such as counting on; making ten (e.g., 8 + 6 = 8 + 2 + 4 = 10 + 4 = 14); decomposing a number leading to a ten (e.g., 13 – 4 = 13 – 3 – 1 = 10 – 1 = 9); using the relationship between addition and subtraction (e.g., knowing that 8 + 4 = 12, one knows 12 – 8 = 4); and creating equivalent but easier or known sums (e.g., adding 6 + 7 by creating the known equivalent 6 + 6 + 1 = 12 + 1 = 13).

Work with addition and subtraction equations.

7. Understand the meaning of the equal sign, and determine if equations involving addition and subtraction are true or false. *For example, which of the following equations are true and which are false? 6 = 6, 7 = 8 – 1, 5 + 2 = 2 + 5, 4 + 1 = 5 + 2.*

8. Determine the unknown whole number in an addition or subtraction equation relating three whole numbers. *For example, determine the unknown number that makes the equation true in each of the equations 8 + ? = 11, 5 = � – 3, 6 + 6 = �.*

Number and Operations in Base Ten 1.NBT

Extend the counting sequence.

1. Count to 120, starting at any number less than 120. In this range, read and write numerals and represent a number of objects with a written numeral.

Understand place value.

2. Understand that the two digits of a two-digit number represent amounts of tens and ones. Understand the following as special cases:
   a. 10 can be thought of as a bundle of ten ones — called a "ten."
   b. The numbers from 11 to 19 are composed of a ten and one, two, three, four, five, six, seven, eight, or nine ones.
   c. The numbers 10, 20, 30, 40, 50, 60, 70, 80, 90 refer to one, two, three, four, five, six, seven, eight, or nine tens (and 0 ones).

[2]See Glossary, Table 1.
[3]Students need not use formal terms for these properties.

3. Compare two two-digit numbers based on meanings of the tens and ones digits, recording the results of comparisons with the symbols >, =, and <.

Use place value understanding and properties of operations to add and subtract.

4. Add within 100, including adding a two-digit number and a one-digit number, and adding a two-digit number and a multiple of 10, using concrete models or drawings and strategies based on place value, properties of operations, and/or the relationship between addition and subtraction; relate the strategy to a written method and explain the reasoning used. Understand that in adding two-digit numbers, one adds tens and tens, ones and ones; and sometimes it is necessary to compose a ten.
5. Given a two-digit number, mentally find 10 more or 10 less than the number, without having to count; explain the reasoning used.
6. Subtract multiples of 10 in the range 10-90 from multiples of 10 in the range 10-90 (positive or zero differences), using concrete models or drawings and strategies based on place value, properties of operations, and/or the relationship between addition and subtraction; relate the strategy to a written method and explain the reasoning used.

Measurement and Data 1.MD

Measure lengths indirectly and by iterating length units.

1. Order three objects by length; compare the lengths of two objects indirectly by using a third object.
2. Express the length of an object as a whole number of length units, by laying multiple copies of a shorter object (the length unit) end to end; understand that the length measurement of an object is the number of same-size length units that span it with no gaps or overlaps. *Limit to contexts where the object being measured is spanned by a whole number of length units with no gaps or overlaps.*

Tell and write time.

3. Tell and write time in hours and half-hours using analog and digital clocks.

Represent and interpret data.

4. Organize, represent, and interpret data with up to three categories; ask and answer questions about the total number of data points, how many in each category, and how many more or less are in one category than in another.

Geometry 1.G

Reason with shapes and their attributes.

1. Distinguish between defining attributes (e.g., triangles are closed and three-sided) versus non-defining attributes (e.g., color, orientation, overall size); build and draw shapes to possess defining attributes.
2. Compose two-dimensional shapes (rectangles, squares, trapezoids, triangles, half-circles, and quarter-circles) or three-dimensional shapes (cubes, right rectangular prisms, right circular cones, and right circular cylinders) to create a composite shape, and compose new shapes from the composite shape.[4]
3. Partition circles and rectangles into two and four equal shares, describe the shares using the words *halves*, *fourths*, and *quarters*, and use the phrases *half of*, *fourth of*, and *quarter of*. Describe the whole as two of, or four of the shares. Understand for these examples that decomposing into more equal shares creates smaller shares.

[4]Students do not need to learn formal names such as “right rectangular prism.”

Mathematics | Grade 2

In Grade 2, instructional time should focus on four critical areas: (1) extending understanding of base-ten notation; (2) building fluency with addition and subtraction; (3) using standard units of measure; and (4) describing and analyzing shapes.

(1) Students extend their understanding of the base-ten system. This includes ideas of counting in fives, tens, and multiples of hundreds, tens, and ones, as well as number relationships involving these units, including comparing. Students understand multi-digit numbers (up to 1000) written in base-ten notation, recognizing that the digits in each place represent amounts of thousands, hundreds, tens, or ones (e.g., 853 is 8 hundreds + 5 tens + 3 ones).

Students use their understanding of addition to develop fluency with addition and subtraction within 100. They solve problems within 1000 by applying their understanding of models for addition and subtraction, and they develop, discuss, and use efficient, accurate, and generalizable methods to compute sums and differences of whole numbers in base-ten notation, using their understanding of place value and the properties of operations. They select and accurately apply methods that are appropriate for the context and the numbers involved to mentally calculate sums and differences for numbers with only tens or only hundreds.

(2) Students recognize the need for standard units of measure (centimeter and inch) and they use rulers and other measurement tools with the understanding that linear measure involves an iteration of units. They recognize that the smaller the unit, the more iterations they need to cover a given length.

(3) Students describe and analyze shapes by examining their sides and angles. Students investigate, describe, and reason about decomposing and combining shapes to make other shapes. Through building, drawing, and analyzing two- and three-dimensional shapes, students develop a foundation for understanding area, volume, congruence, similarity, and symmetry in later grades.

Grade 2 Overview

Operations and Algebraic Thinking

- Represent and solve problems involving addition and subtraction.
- Add and subtract within 20.
- Work with equal groups of objects to gain foundations for multiplication.

Number and Operations in Base Ten

- Understand place value.
- Use place value understanding and properties of operations to add and subtract.

Measurement and Data

- Measure and estimate lengths in standard units.
- Relate addition and subtraction to length.
- Work with time and money.
- Represent and interpret data.

Geometry

- Reason with shapes and their attributes.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Operations and Algebraic Thinking 2.OA

Represent and solve problems involving addition and subtraction.

1. Use addition and subtraction within 100 to solve one- and two-step word problems involving situations of adding to, taking from, putting together, taking apart, and comparing, with unknowns in all positions, e.g., by using drawings and equations with a symbol for the unknown number to represent the problem.[1]

Add and subtract within 20.

2. Fluently add and subtract within 20 using mental strategies.[2] By end of Grade 2, know from memory all sums of two one-digit numbers.

Work with equal groups of objects to gain foundations for multiplication.

3. Determine whether a group of objects (up to 20) has an odd or even number of members, e.g., by pairing objects or counting them by 2s; write an equation to express an even number as a sum of two equal addends.
4. Use addition to find the total number of objects arranged in rectangular arrays with up to 5 rows and up to 5 columns; write an equation to express the total as a sum of equal addends.

Number and Operations in Base Ten 2.NBT

Understand place value.

1. Understand that the three digits of a three-digit number represent amounts of hundreds, tens, and ones; e.g., 706 equals 7 hundreds, 0 tens, and 6 ones. Understand the following as special cases:
   a. 100 can be thought of as a bundle of ten tens — called a “hundred.”
   b. The numbers 100, 200, 300, 400, 500, 600, 700, 800, 900 refer to one, two, three, four, five, six, seven, eight, or nine hundreds (and 0 tens and 0 ones).
2. Count within 1000; skip-count by 5s, 10s, and 100s.
3. Read and write numbers to 1000 using base-ten numerals, number names, and expanded form.
4. Compare two three-digit numbers based on meanings of the hundreds, tens, and ones digits, using >, =, and < symbols to record the results of comparisons.

Use place value understanding and properties of operations to add and subtract.

5. Fluently add and subtract within 100 using strategies based on place value, properties of operations, and/or the relationship between addition and subtraction.
6. Add up to four two-digit numbers using strategies based on place value and properties of operations.
7. Add and subtract within 1000, using concrete models or drawings and strategies based on place value, properties of operations, and/or the relationship between addition and subtraction; relate the strategy to a written method. Understand that in adding or subtracting three- digit numbers, one adds or subtracts hundreds and hundreds, tens and tens, ones and ones; and sometimes it is necessary to compose or decompose tens or hundreds.
8. Mentally add 10 or 100 to a given number 100–900, and mentally subtract 10 or 100 from a given number 100–900.
9. Explain why addition and subtraction strategies work, using place value and the properties of operations.[3]

[1]See Glossary, Table 1.
[2]See standard 1.OA.6 for a list of mental strategies.
[3]Explanations may be supported by drawings or objects.

Measurement and Data 2.MD

Measure and estimate lengths in standard units.

1. Measure the length of an object by selecting and using appropriate tools such as rulers, yardsticks, meter sticks, and measuring tapes.
2. Measure the length of an object twice, using length units of different lengths for the two measurements; describe how the two measurements relate to the size of the unit chosen.
3. Estimate lengths using units of inches, feet, centimeters, and meters.
4. Measure to determine how much longer one object is than another, expressing the length difference in terms of a standard length unit.

Relate addition and subtraction to length.

5. Use addition and subtraction within 100 to solve word problems involving lengths that are given in the same units, e.g., by using drawings (such as drawings of rulers) and equations with a symbol for the unknown number to represent the problem.
6. Represent whole numbers as lengths from 0 on a number line diagram with equally spaced points corresponding to the numbers 0, 1, 2, ..., and represent whole-number sums and differences within 100 on a number line diagram.

Work with time and money.

7. Tell and write time from analog and digital clocks to the nearest five minutes, using a.m. and p.m.
8. Solve word problems involving dollar bills, quarters, dimes, nickels, and pennies, using $ and ¢ symbols appropriately. *Example: If you have 2 dimes and 3 pennies, how many cents do you have?*

Represent and interpret data.

9. Generate measurement data by measuring lengths of several objects to the nearest whole unit, or by making repeated measurements of the same object. Show the measurements by making a line plot, where the horizontal scale is marked off in whole-number units.
10. Draw a picture graph and a bar graph (with single-unit scale) to represent a data set with up to four categories. Solve simple put- together, take-apart, and compare problems[4] using information presented in a bar graph.

Geometry 2.G

Reason with shapes and their attributes.

1. Recognize and draw shapes having specified attributes, such as a given number of angles or a given number of equal faces.[5] Identify triangles, quadrilaterals, pentagons, hexagons, and cubes.
2. Partition a rectangle into rows and columns of same-size squares and count to find the total number of them.
3. Partition circles and rectangles into two, three, or four equal shares, describe the shares using the words *halves*, *thirds*, *half of*, *a third of*, etc., and describe the whole as two halves, three thirds, four fourths. Recognize that equal shares of identical wholes need not have the same shape.

[4]See Glossary, Table 1.
[5]Sizes are compared directly or visually, not compared by measuring.

Mathematics | Grade 3

In Grade 3, instructional time should focus on four critical areas: (1) developing understanding of multiplication and division and strategies for multiplication and division within 100; (2) developing understanding of fractions, especially unit fractions (fractions with numerator 1); (3) developing understanding of the structure of rectangular arrays and of area; and (4) describing and analyzing two-dimensional shapes.

(1) Students develop an understanding of the meanings of multiplication and division of whole numbers through activities and problems involving equal-sized groups, arrays, and area models; multiplication is finding an unknown product, and division is finding an unknown factor in these situations. For equal-sized group situations, division can require finding the unknown number of groups or the unknown group size. Students use properties of operations to calculate products of whole numbers, using increasingly sophisticated strategies based on these properties to solve multiplication and division problems involving single-digit factors. By comparing a variety of solution strategies, students learn the relationship between multiplication and division.

(2) Students develop an understanding of fractions, beginning with unit fractions. Students view fractions in general as being built out of unit fractions, and they use fractions along with visual fraction models to represent parts of a whole. Students understand that the size of a fractional part is relative to the size of the whole. For example, 1/2 of the paint in a small bucket could be less paint than 1/3 of the paint in a larger bucket, but 1/3 of a ribbon is longer than 1/5 of the same ribbon because when the ribbon is divided into 3 equal parts, the parts are longer than when the ribbon is divided into 5 equal parts. Students are able to use fractions to represent numbers equal to, less than, and greater than one. They solve problems that involve comparing fractions by using visual fraction models and strategies based on noticing equal numerators or denominators.

(3) Students recognize area as an attribute of two-dimensional regions. They measure the area of a shape by finding the total number of same- size units of area required to cover the shape without gaps or overlaps, a square with sides of unit length being the standard unit for measuring area. Students understand that rectangular arrays can be decomposed into identical rows or into identical columns. By decomposing rectangles into rectangular arrays of squares, students connect area to multiplication, and justify using multiplication to determine the area of a rectangle.

(4) Students describe, analyze, and compare properties of two- dimensional shapes. They compare and classify shapes by their sides and angles, and connect these with definitions of shapes. Students also relate their fraction work to geometry by expressing the area of part of a shape as a unit fraction of the whole.

Grade 3 Overview

Operations and Algebraic Thinking

- Represent and solve problems involving multiplication and division.
- Understand properties of multiplication and the relationship between multiplication and division.
- Multiply and Divide Within 100.
- Solve problems involving the four operations, and identify and explain patterns in arithmetic.

Number and Operations in Base Ten

- Use place value understanding and properties of operations to perform multi-digit arithmetic.

Number and Operations—Fractions

- Develop understanding of fractions as numbers.

Measurement and Data

- Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.
- Represent and Interpret Data.
- Geometric measurement: understand concepts of area and relate area to multiplication and to addition.
- Geometric measurement: recognize perimeter as an attribute of plane figures and distinguish between linear and area measures.

Geometry

- Reason with shapes and their attributes.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Operations and Algebraic Thinking 3.OA

Represent and solve problems involving multiplication and division.

1. Interpret products of whole numbers, e.g., interpret 5 × 7 as the total number of objects in 5 groups of 7 objects each. *For example, describe a context in which a total number of objects can be expressed as 5 × 7.*
2. Interpret whole-number quotients of whole numbers, e.g., interpret 56 ÷ 8 as the number of objects in each share when 56 objects are partitioned equally into 8 shares, or as a number of shares when 56 objects are partitioned into equal shares of 8 objects each. *For example, describe a context in which a number of shares or a number of groups can be expressed as 56 ÷ 8.*
3. Use multiplication and division within 100 to solve word problems in situations involving equal groups, arrays, and measurement quantities, e.g., by using drawings and equations with a symbol for the unknown number to represent the problem.[1]
4. Determine the unknown whole number in a multiplication or division equation relating three whole numbers. *For example, determine the unknown number that makes the equation true in each of the equations 8 × ? = 48, 5 = � ÷ 3, 6 × 6 = ?.*

Understand properties of multiplication and the relationship between multiplication and division.

5. Apply properties of operations as strategies to multiply and divide.[2] *Examples: If 6 × 4 = 24 is known, then 4 × 6 = 24 is also known. (Commutative property of multiplication.) 3 × 5 × 2 can be found by 3 × 5 = 15, then 15 × 2 = 30, or by 5 × 2 = 10, then 3 × 10 = 30. (Associative property of multiplication.) Knowing that 8 × 5 = 40 and 8 × 2 = 16, one can find 8 × 7 as 8 × (5 + 2) = (8 × 5) + (8 × 2) = 40 + 16 = 56. (Distributive property.)*
6. Understand division as an unknown-factor problem. *For example, find 32 ÷ 8 by finding the number that makes 32 when multiplied by 8.*

Multiply and divide within 100.

7. Fluently multiply and divide within 100, using strategies such as the relationship between multiplication and division (e.g., knowing that 8 × 5 = 40, one knows 40 ÷ 5 = 8) or properties of operations. By the end of Grade 3, know from memory all products of two one-digit numbers.

Solve problems involving the four operations, and identify and explain patterns in arithmetic.

8. Solve two-step word problems using the four operations. Represent these problems using equations with a letter standing for the unknown quantity. Assess the reasonableness of answers using mental computation and estimation strategies including rounding.[3]
9. Identify arithmetic patterns (including patterns in the addition table or multiplication table), and explain them using properties of operations. *For example, observe that 4 times a number is always even, and explain why 4 times a number can be decomposed into two equal addends.*

---

[1]See Glossary, Table 2.
[2]Students need not use formal terms for these properties.
[3]This standard is limited to problems posed with whole numbers and having whole- number answers; students should know how to perform operations in the conven- tional order when there are no parentheses to specify a particular order (Order of Operations).

Number and Operations in Base Ten 3.NBT

Use place value understanding and properties of operations to perform multi-digit arithmetic.[4]

1. Use place value understanding to round whole numbers to the nearest 10 or 100.
2. Fluently add and subtract within 1000 using strategies and algorithms based on place value, properties of operations, and/or the relationship between addition and subtraction.
3. Multiply one-digit whole numbers by multiples of 10 in the range 10–90 (e.g., 9 × 80, 5 × 60) using strategies based on place value and properties of operations.

Number and Operations—Fractions[5] 3.NF

Develop understanding of fractions as numbers.

1. Understand a fraction 1/*b* as the quantity formed by 1 part when a whole is partitioned into *b* equal parts; understand a fraction *a*/*b* as the quantity formed by *a* parts of size 1/*b*.
2. Understand a fraction as a number on the number line; represent fractions on a number line diagram.
   a. Represent a fraction 1/*b* on a number line diagram by defining the interval from 0 to 1 as the whole and partitioning it into *b* equal parts. Recognize that each part has size 1/*b* and that the endpoint of the part based at 0 locates the number 1/*b* on the number line.
   b. Represent a fraction *a*/*b* on a number line diagram by marking off *a* lengths 1/*b* from 0. Recognize that the resulting interval has size *a*/*b* and that its endpoint locates the number *a*/*b* on the number line.
3. Explain equivalence of fractions in special cases, and compare fractions by reasoning about their size.
   a. Understand two fractions as equivalent (equal) if they are the same size, or the same point on a number line.
   b. Recognize and generate simple equivalent fractions, e.g., 1/2 = 2/4, 4/6 = 2/3. Explain why the fractions are equivalent, e.g., by using a visual fraction model.
   c. Express whole numbers as fractions, and recognize fractions that are equivalent to whole numbers. *Examples: Express 3 in the form 3 = 3/1; recognize that 6/1 = 6; locate 4/4 and 1 at the same point of a number line diagram.*
   d. Compare two fractions with the same numerator or the same denominator by reasoning about their size. Recognize that comparisons are valid only when the two fractions refer to the same whole. Record the results of comparisons with the symbols >, =, or <, and justify the conclusions, e.g., by using a visual fraction model.

Measurement and Data 3.MD

Solve problems involving measurement and estimation of intervals of time, liquid volumes, and masses of objects.

1. Tell and write time to the nearest minute and measure time intervals in minutes. Solve word problems involving addition and subtraction of time intervals in minutes, e.g., by representing the problem on a number line diagram.

---

[4] A range of algorithms may be used.
[5] Grade 3 expectations in this domain are limited to fractions with denominators 2, 3, 4, 6, and 8.

2. Measure and estimate liquid volumes and masses of objects using standard units of grams (g), kilograms (kg), and liters (l).[6] Add, subtract, multiply, or divide to solve one-step word problems involving masses or volumes that are given in the same units, e.g., by using drawings (such as a beaker with a measurement scale) to represent the problem.[7]

Represent and interpret data.

3. Draw a scaled picture graph and a scaled bar graph to represent a data set with several categories. Solve one- and two-step "how many more" and "how many less" problems using information presented in scaled bar graphs. *For example, draw a bar graph in which each square in the bar graph might represent 5 pets.*
4. Generate measurement data by measuring lengths using rulers marked with halves and fourths of an inch. Show the data by making a line plot, where the horizontal scale is marked off in appropriate units— whole numbers, halves, or quarters.

Geometric measurement: understand concepts of area and relate area to multiplication and to addition.

5. Recognize area as an attribute of plane figures and understand concepts of area measurement.
   a. A square with side length 1 unit, called "a unit square," is said to have "one square unit" of area, and can be used to measure area.
   b. A plane figure which can be covered without gaps or overlaps by *n* unit squares is said to have an area of *n* square units.
6. Measure areas by counting unit squares (square cm, square m, square in, square ft, and improvised units).
7. Relate area to the operations of multiplication and addition.
   a. Find the area of a rectangle with whole-number side lengths by tiling it, and show that the area is the same as would be found by multiplying the side lengths.
   b. Multiply side lengths to find areas of rectangles with whole- number side lengths in the context of solving real world and mathematical problems, and represent whole-number products as rectangular areas in mathematical reasoning.
   c. Use tiling to show in a concrete case that the area of a rectangle with whole-number side lengths a and $b + c$ is the sum of $a \times b$ and $a \times c$. Use area models to represent the distributive property in mathematical reasoning.
   d. Recognize area as additive. Find areas of rectilinear figures by decomposing them into non-overlapping rectangles and adding the areas of the non-overlapping parts, applying this technique to solve real world problems.

Geometric measurement: recognize perimeter as an attribute of plane figures and distinguish between linear and area measures.

8. Solve real world and mathematical problems involving perimeters of polygons, including finding the perimeter given the side lengths, finding an unknown side length, and exhibiting rectangles with thesame perimeter and different areas or with the same area and different perimeters.

---

[6] Excludes compound units such as cm^3 and finding the geometric volume of a container.

[7] Excludes multiplicative comparison problems (problems involving notions of "times as much"; see Glossary, Table 2).

Geometry	3.G

Reason with shapes and their attributes.

1. Understand that shapes in different categories (e.g., rhombuses, rectangles, and others) may share attributes (e.g., having four sides), and that the shared attributes can define a larger category (e.g., quadrilaterals). Recognize rhombuses, rectangles, and squares as examples of quadrilaterals, and draw examples of quadrilaterals that do not belong to any of these subcategories.

2. Partition shapes into parts with equal areas. Express the area of each part as a unit fraction of the whole. *For example, partition a shape into 4 parts with equal area, and describe the area of each part as 1/4 of the area of the shape.*

Mathematics | Grade 4

In Grade 4, instructional time should focus on three critical areas: (1) developing understanding and fluency with multi-digit multiplication, and developing understanding of dividing to find quotients involving multi-digit dividends; (2) developing an understanding of fraction equivalence, addition and subtraction of fractions with like denominators, and multiplication of fractions by whole numbers; (3) understanding that geometric figures can be analyzed and classified based on their properties, such as having parallel sides, perpendicular sides, particular angle measures, and symmetry.

(1) Students generalize their understanding of place value to 1,000,000, understanding the relative sizes of numbers in each place. They apply their understanding of models for multiplication (equal-sized groups, arrays, area models), place value, and properties of operations, in particular the distributive property, as they develop, discuss, and use efficient, accurate, and generalizable methods to compute products of multi-digit whole numbers. Depending on the numbers and the context, they select and accurately apply appropriate methods to estimate or mentally calculate products. They develop fluency with efficient procedures for multiplying whole numbers; understand and explain why the procedures work based on place value and properties of operations; and use them to solve problems. Students apply their understanding of models for division, place value, properties of operations, and the relationship of division to multiplication as they develop, discuss, and use efficient, accurate, and generalizable procedures to find quotients involving multi-digit dividends. They select and accurately apply appropriate methods to estimate and mentally calculate quotients, and interpret remainders based upon the context.

(2) Students develop understanding of fraction equivalence and operations with fractions. They recognize that two different fractions can be equal (e.g., 15/9 = 5/3), and they develop methods for generating and recognizing equivalent fractions. Students extend previous understandings about how fractions are built from unit fractions, composing fractions from unit fractions, decomposing fractions into unit fractions, and using the meaning of fractions and the meaning of multiplication to multiply a fraction by a whole number.

(3) Students describe, analyze, compare, and classify two-dimensional shapes. Through building, drawing, and analyzing two-dimensional shapes, students deepen their understanding of properties of two-dimensional objects and the use of them to solve problems involving symmetry.

Grade 4 Overview

Operations and Algebraic Thinking

- Use the four operations with whole numbers to solve problems.
- Gain familiarity with factors and multiples.
- Generate and analyze patterns.

Number and Operations in Base Ten

- Generalize place value understanding for multi- digit whole numbers.
- Use place value understanding and properties of operations to perform multi-digit arithmetic.

Number and Operations—Fractions

- Extend understanding of fraction equivalence and ordering.
- Build fractions from unit fractions by applying and extending previous understandings of operations on whole numbers.
- Understand decimal notation for fractions, and compare decimal fractions.

Measurement and Data

- Solve problems involving measurement and conversion of measurements from a larger unit to a smaller unit.
- Represent and interpret data.
- Geometric measurement: understand concepts of angle and measure angles.

Geometry

- Draw and identify lines and angles, and classify shapes by properties of their lines and angles.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Operations and Algebraic Thinking 4.OA

Use the four operations with whole numbers to solve problems.

1. Interpret a multiplication equation as a comparison, e.g., interpret 35 = 5 × 7 as a statement that 35 is 5 times as many as 7 and 7 times as many as 5. Represent verbal statements of multiplicative comparisons as multiplication equations.
2. Multiply or divide to solve word problems involving multiplicative comparison, e.g., by using drawings and equations with a symbol for the unknown number to represent the problem, distinguishing multiplicative comparison from additive comparison.[1]
3. Solve multistep word problems posed with whole numbers and having whole-number answers using the four operations, including problems in which remainders must be interpreted. Represent these problems using equations with a letter standing for the unknown quantity. Assess the reasonableness of answers using mental computation and estimation strategies including rounding.

Gain familiarity with factors and multiples.

4. Find all factor pairs for a whole number in the range 1–100. Recognize that a whole number is a multiple of each of its factors. Determine whether a given whole number in the range 1–100 is a multiple of a given one-digit number. Determine whether a given whole number in the range 1–100 is prime or composite.

Generate and analyze patterns.

5. Generate a number or shape pattern that follows a given rule. Identify apparent features of the pattern that were not explicit in the rule itself. *For example, given the rule "Add 3" and the starting number 1, generate terms in the resulting sequence and observe that the terms appear to alternate between odd and even numbers. Explain informally why the numbers will continue to alternate in this way.*

Number and Operations in Base Ten[2] 4.NBT

Generalize place value understanding for multi-digit whole numbers.

1. Recognize that in a multi-digit whole number, a digit in one place represents ten times what it represents in the place to its right. *For example, recognize that 700 ÷ 70 = 10 by applying concepts of place value and division.*
2. Read and write multi-digit whole numbers using base-ten numerals, number names, and expanded form. Compare two multi-digit numbers based on meanings of the digits in each place, using >, =, and < symbols to record the results of comparisons.
3. Use place value understanding to round multi-digit whole numbers to any place.

Use place value understanding and properties of operations to perform multi-digit arithmetic.

4. Fluently add and subtract multi-digit whole numbers using the standard algorithm.
5. Multiply a whole number of up to four digits by a one-digit whole number, and multiply two two-digit numbers, using strategies based on place value and the properties of operations. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models.

---

[1]See Glossary, Table 2.
[2]Grade 4 expectations in this domain are limited to whole numbers less than or equal to 1,000,000.

6. Find whole-number quotients and remainders with up to four-digit dividends and one-digit divisors, using strategies based on place value, the properties of operations, and/or the relationship between multiplication and division. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models.

Number and Operations—Fractions[3] 4.NF

Extend understanding of fraction equivalence and ordering.

1. Explain why a fraction *a*/*b* is equivalent to a fraction (*n* × *a*)/(*n* × *b*) by using visual fraction models, with attention to how the number and size of the parts differ even though the two fractions themselves are the same size. Use this principle to recognize and generate equivalent fractions.
2. Compare two fractions with different numerators and different denominators, e.g., by creating common denominators or numerators, or by comparing to a benchmark fraction such as 1/2. Recognize that comparisons are valid only when the two fractions refer to the same whole. Record the results of comparisons with symbols >, =, or <, and justify the conclusions, e.g., by using a visual fraction model.

Build fractions from unit fractions by applying and extending previous understandings of operations on whole numbers.

3. Understand a fraction *a*/*b* with *a* > 1 as a sum of fractions 1/*b*.
    a. Understand addition and subtraction of fractions as joining and separating parts referring to the same whole.
    b. Decompose a fraction into a sum of fractions with the same denominator in more than one way, recording each decomposition by an equation. Justify decompositions, e.g., by using a visual fraction model. *Examples: 3/8 = 1/8 + 1/8 + 1/8 ; 3/8 = 1/8 + 2/8 ; 2 1/8 = 1 + 1 + 1/8 = 8/8 + 8/8 + 1/8.*
    c. Add and subtract mixed numbers with like denominators, e.g., by replacing each mixed number with an equivalent fraction, and/or by using properties of operations and the relationship between addition and subtraction.
    d. Solve word problems involving addition and subtraction of fractions referring to the same whole and having like denominators, e.g., by using visual fraction models and equations to represent the problem.
4. Apply and extend previous understandings of multiplication to multiply a fraction by a whole number.
    a. Understand a fraction *a*/*b* as a multiple of 1/*b*. *For example, use a visual fraction model to represent 5/4 as the product 5 × (1/4), recording the conclusion by the equation 5/4 = 5 × (1/4).*
    b. Understand a multiple of *a*/*b* as a multiple of 1/*b*, and use this understanding to multiply a fraction by a whole number. *For example, use a visual fraction model to express 3 × (2/5) as 6 × (1/5), recognizing this product as 6/5. (In general, n × (a/b) = (n × a)/b.)*
    c. Solve word problems involving multiplication of a fraction by a whole number, e.g., by using visual fraction models and equations to represent the problem. *For example, if each person at a party will eat 3/8 of a pound of roast beef, and there will be 5 people at the party, how many pounds of roast beef will be needed? Between what two whole numbers does your answer lie?*

[3]Grade 4 expectations in this domain are limited to fractions with denominators 2, 3, 4, 5, 6, 8, 10, 12, and 100.

Understand decimal notation for fractions, and compare decimal fractions.

5. Express a fraction with denominator 10 as an equivalent fraction with denominator 100, and use this technique to add two fractions with respective denominators 10 and 100.[4] *For example, express 3/10 as 30/100, and add 3/10 + 4/100 = 34/100.*
6. Use decimal notation for fractions with denominators 10 or 100. *For example, rewrite 0.62 as 62/100; describe a length as 0.62 meters; locate 0.62 on a number line diagram.*
7. Compare two decimals to hundredths by reasoning about their size. Recognize that comparisons are valid only when the two decimals refer to the same whole. Record the results of comparisons with the symbols >, =, or <, and justify the conclusions, e.g., by using a visual model.

Measurement and Data 4.MD

Solve problems involving measurement and conversion of measurements from a larger unit to a smaller unit.

1. Know relative sizes of measurement units within one system of units including km, m, cm; kg, g; lb, oz.; l, ml; hr, min, sec. Within a single system of measurement, express measurements in a larger unit in terms of a smaller unit. Record measurement equivalents in a two- column table. *For example, know that 1 ft is 12 times as long as 1 in. Express the length of a 4 ft snake as 48 in. Generate a conversion table for feet and inches listing the number pairs (1, 12), (2, 24), (3, 36), ...*
2. Use the four operations to solve word problems involving distances, intervals of time, liquid volumes, masses of objects, and money, including problems involving simple fractions or decimals, and problems that require expressing measurements given in a larger unit in terms of a smaller unit. Represent measurement quantities using diagrams such as number line diagrams that feature a measurement scale.
3. Apply the area and perimeter formulas for rectangles in real world and mathematical problems. *For example, find the width of a rectangular room given the area of the flooring and the length, by viewing the area formula as a multiplication equation with an unknown factor.*

Represent and interpret data.

4. Make a line plot to display a data set of measurements in fractions of a unit (1/2, 1/4, 1/8). Solve problems involving addition and subtraction of fractions by using information presented in line plots. *For example, from a line plot find and interpret the difference in length between the longest and shortest specimens in an insect collection.*

Geometric measurement: understand concepts of angle and measure angles.

5. Recognize angles as geometric shapes that are formed wherever two rays share a common endpoint, and understand concepts of angle measurement:
    a. An angle is measured with reference to a circle with its center at the common endpoint of the rays, by considering the fraction of the circular arc between the points where the two rays intersect the circle. An angle that turns through 1/360 of a circle is called a “one-degree angle,” and can be used to measure angles.
    b. An angle that turns through *n* one-degree angles is said to have an angle measure of *n* degrees.

[4]Students who can generate equivalent fractions can develop strategies for adding fractions with unlike denominators in general. But addition and subtraction with un- like denominators in general is not a requirement at this grade.

6. Measure angles in whole-number degrees using a protractor. Sketch angles of specified measure.
7. Recognize angle measure as additive. When an angle is decomposed into non-overlapping parts, the angle measure of the whole is the sum of the angle measures of the parts. Solve addition and subtraction problems to find unknown angles on a diagram in real world and mathematical problems, e.g., by using an equation with a symbol for the unknown angle measure.

Geometry 4.G

Draw and identify lines and angles, and classify shapes by properties of their lines and angles.

1. Draw points, lines, line segments, rays, angles (right, acute, obtuse), and perpendicular and parallel lines. Identify these in two-dimensional figures.
2. Classify two-dimensional figures based on the presence or absence of parallel or perpendicular lines, or the presence or absence of angles of a specified size. Recognize right triangles as a category, and identify right triangles.
3. Recognize a line of symmetry for a two-dimensional figure as a line across the figure such that the figure can be folded along the line into matching parts. Identify line-symmetric figures and draw lines of symmetry.

Mathematics | Grade 5

In Grade 5, instructional time should focus on three critical areas: (1) developing fluency with addition and subtraction of fractions, and developing understanding of the multiplication of fractions and of division of fractions in limited cases (unit fractions divided by whole numbers and whole numbers divided by unit fractions); (2) extending division to 2-digit divisors, integrating decimal fractions into the place value system and developing understanding of operations with decimals to hundredths, and developing fluency with whole number and decimal operations; and (3) developing understanding of volume.

(1) Students apply their understanding of fractions and fraction models to represent the addition and subtraction of fractions with unlike denominators as equivalent calculations with like denominators. They develop fluency in calculating sums and differences of fractions, and make reasonable estimates of them. Students also use the meaning of fractions, of multiplication and division, and the relationship between multiplication and division to understand and explain why the procedures for multiplying and dividing fractions make sense. (Note: this is limited to the case of dividing unit fractions by whole numbers and whole numbers by unit fractions.)

(2) Students develop understanding of why division procedures work based on the meaning of base-ten numerals and properties of operations. They finalize fluency with multi-digit addition, subtraction, multiplication, and division. They apply their understandings of models for decimals, decimal notation, and properties of operations to add and subtract decimals to hundredths. They develop fluency in these computations, and make reasonable estimates of their results. Students use the relationship between decimals and fractions, as well as the relationship between finite decimals and whole numbers (i.e., a finite decimal multiplied by an appropriate power of 10 is a whole number), to understand and explain why the procedures for multiplying and dividing finite decimals make sense. They compute products and quotients of decimals to hundredths efficiently and accurately.

(3) Students recognize volume as an attribute of three-dimensional space. They understand that volume can be measured by finding the total number of same-size units of volume required to fill the space without gaps or overlaps. They understand that a 1-unit by 1-unit by 1-unit cube is the standard unit for measuring volume. They select appropriate units, strategies, and tools for solving problems that involve estimating and measuring volume. They decompose three-dimensional shapes and find volumes of right rectangular prisms by viewing them as decomposed into layers of arrays of cubes. They measure necessary attributes of shapes in order to determine volumes to solve real world and mathematical problems.

Grade 5 Overview

Operations and Algebraic Thinking

- Write and interpret numerical expressions.
- Analyze patterns and relationships.

Number and Operations in Base Ten

- Understand the place value system.
- Perform operations with multi-digit whole numbers and with decimals to hundredths.

Number and Operations—Fractions

- Use equivalent fractions as a strategy to add and subtract fractions.
- Apply and extend previous understandings of multiplication and division to multiply and divide fractions.

Measurement and Data

- Convert like measurement units within a given measurement system.
- Represent and interpret data.
- Geometric measurement: understand concepts of volume and relate volume to multiplication and to addition.

Geometry

- Graph points on the coordinate plane to solve real-world and mathematical problems.
- Classify two-dimensional figures into categories based on their properties.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Operations and Algebraic Thinking 5.OA

Write and interpret numerical expressions.

1. Use parentheses, brackets, or braces in numerical expressions, and evaluate expressions with these symbols.
2. Write simple expressions that record calculations with numbers, and interpret numerical expressions without evaluating them. *For example, express the calculation "add 8 and 7, then multiply by 2" as 2 × (8 + 7). Recognize that 3 × (18932 + 921) is three times as large as 18932 + 921, without having to calculate the indicated sum or product.*

Analyze patterns and relationships.

3. Generate two numerical patterns using two given rules. Identify apparent relationships between corresponding terms. Form ordered pairs consisting of corresponding terms from the two patterns, and graph the ordered pairs on a coordinate plane. *For example, given the rule "Add 3" and the starting number 0, and given the rule "Add 6" and the starting number 0, generate terms in the resulting sequences, and observe that the terms in one sequence are twice the corresponding terms in the other sequence. Explain informally why this is so.*

Number and Operations in Base Ten 5.NBT

Understand the place value system.

1. Recognize that in a multi-digit number, a digit in one place represents 10 times as much as it represents in the place to its right and 1/10 of what it represents in the place to its left.
2. Explain patterns in the number of zeros of the product when multiplying a number by powers of 10, and explain patterns in the placement of the decimal point when a decimal is multiplied or divided by a power of 10. Use whole-number exponents to denote powers of 10.
3. Read, write, and compare decimals to thousandths.
   a. Read and write decimals to thousandths using base-ten numerals, number names, and expanded form, e.g., 347.392 = 3 × 100 + 4 × 10 + 7 × 1 + 3 × (1/10) + 9 × (1/100) + 2 × (1/1000).
   b. Compare two decimals to thousandths based on meanings of the digits in each place, using >, =, and < symbols to record the results of comparisons.
4. Use place value understanding to round decimals to any place.

Perform operations with multi-digit whole numbers and with decimals to hundredths.

5. Fluently multiply multi-digit whole numbers using the standard algorithm.
6. Find whole-number quotients of whole numbers with up to four-digit dividends and two-digit divisors, using strategies based on place value, the properties of operations, and/or the relationship between multiplication and division. Illustrate and explain the calculation by using equations, rectangular arrays, and/or area models.
7. Add, subtract, multiply, and divide decimals to hundredths, using concrete models or drawings and strategies based on place value, properties of operations, and/or the relationship between addition and subtraction; relate the strategy to a written method and explain the reasoning used.

Use equivalent fractions as a strategy to add and subtract fractions.

1. Add and subtract fractions with unlike denominators (including mixed numbers) by replacing given fractions with equivalent fractions in such a way as to produce an equivalent sum or difference of fractions with like denominators. *For example, 2/3 + 5/4 = 8/12 + 15/12 = 23/12. (In general, a/b + c/d = (ad + bc)/bd.)*
2. Solve word problems involving addition and subtraction of fractions referring to the same whole, including cases of unlike denominators, e.g., by using visual fraction models or equations to represent the problem. Use benchmark fractions and number sense of fractions to estimate mentally and assess the reasonableness of answers. *For example, recognize an incorrect result 2/5 + 1/2 = 3/7, by observing that 3/7 < 1/2.*

Apply and extend previous understandings of multiplication and division to multiply and divide fractions.

3. Interpret a fraction as division of the numerator by the denominator ($a/b = a \div b$). Solve word problems involving division of whole numbers leading to answers in the form of fractions or mixed numbers, e.g., by using visual fraction models or equations to represent the problem. *For example, interpret 3/4 as the result of dividing 3 by 4, noting that 3/4 multiplied by 4 equals 3, and that when 3 wholes are shared equally among 4 people each person has a share of size 3/4. If 9 people want to share a 50-pound sack of rice equally by weight, how many pounds of rice should each person get? Between what two whole numbers does your answer lie?*
4. Apply and extend previous understandings of multiplication to multiply a fraction or whole number by a fraction.
   a. Interpret the product $(a/b) \times q$ as a parts of a partition of q into b equal parts; equivalently, as the result of a sequence of operations $a \times q \div b$. *For example, use a visual fraction model to show (2/3) × 4 = 8/3, and create a story context for this equation. Do the same with (2/3) × (4/5) = 8/15. (In general, (a/b) × (c/d) = ac/bd.)*
   b. Find the area of a rectangle with fractional side lengths by tiling it with unit squares of the appropriate unit fraction side lengths, and show that the area is the same as would be found by multiplying the side lengths. Multiply fractional side lengths to find areas of rectangles, and represent fraction products as rectangular areas.
5. Interpret multiplication as scaling (resizing), by:
   a. Comparing the size of a product to the size of one factor on the basis of the size of the other factor, without performing the indicated multiplication.
   b. Explaining why multiplying a given number by a fraction greater than 1 results in a product greater than the given number (recognizing multiplication by whole numbers greater than 1 as a familiar case); explaining why multiplying a given number by a fraction less than 1 results in a product smaller than the given number; and relating the principle of fraction equivalence $a/b = (n \times a)/(n \times b)$ to the effect of multiplying a/b by 1.
6. Solve real world problems involving multiplication of fractions and mixed numbers, e.g., by using visual fraction models or equations to represent the problem.
7. Apply and extend previous understandings of division to divide unit fractions by whole numbers and whole numbers by unit fractions.[1]
   a. Interpret division of a unit fraction by a non-zero whole number,

[1]Students able to multiply fractions in general can develop strategies to divide frac- tions in general, by reasoning about the relationship between multiplication and division. But division of a fraction by a fraction is not a requirement at this grade.

and compute such quotients. *For example, create a story context for (1/3) ÷ 4, and use a visual fraction model to show the quotient. Use the relationship between multiplication and division to explain that (1/3) ÷ 4 = 1/12 because (1/12) × 4 = 1/3.*

b. Interpret division of a whole number by a unit fraction, and compute such quotients. *For example, create a story context for 4 ÷ (1/5), and use a visual fraction model to show the quotient. Use the relationship between multiplication and division to explain that 4 ÷ (1/5) = 20 because 20 × (1/5) = 4.*

c. Solve real world problems involving division of unit fractions by non-zero whole numbers and division of whole numbers by unit fractions, e.g., by using visual fraction models and equations to represent the problem. *For example, how much chocolate will each person get if 3 people share 1/2 lb of chocolate equally? How many 1/3-cup servings are in 2 cups of raisins?*

Measurement and Data 5.MD

Convert like measurement units within a given measurement system.

1. Convert among different-sized standard measurement units within a given measurement system (e.g., convert 5 cm to 0.05 m), and use these conversions in solving multi-step, real world problems.

Represent and interpret data.

2. Make a line plot to display a data set of measurements in fractions of a unit (1/2, 1/4, 1/8). Use operations on fractions for this grade to solve problems involving information presented in line plots. *For example, given different measurements of liquid in identical beakers, find the amount of liquid each beaker would contain if the total amount in all the beakers were redistributed equally.*

Geometric measurement: understand concepts of volume and relate volume to multiplication and to addition.

3. Recognize volume as an attribute of solid figures and understand concepts of volume measurement.
   a. A cube with side length 1 unit, called a "unit cube," is said to have "one cubic unit" of volume, and can be used to measure volume.
   b. A solid figure which can be packed without gaps or overlaps using *n* unit cubes is said to have a volume of *n* cubic units.
4. Measure volumes by counting unit cubes, using cubic cm, cubic in, cubic ft, and improvised units.
5. Relate volume to the operations of multiplication and addition and solve real world and mathematical problems involving volume.
   a. Find the volume of a right rectangular prism with whole-number side lengths by packing it with unit cubes, and show that the volume is the same as would be found by multiplying the edge lengths, equivalently by multiplying the height by the area of the base. Represent threefold whole-number products as volumes, e.g., to represent the associative property of multiplication.
   b. Apply the formulas $V = l \times w \times h$ and $V = b \times h$ for rectangular prisms to find volumes of right rectangular prisms with whole- number edge lengths in the context of solving real world and mathematical problems.
   c. Recognize volume as additive. Find volumes of solid figures composed of two non-overlapping right rectangular prisms by adding the volumes of the non-overlapping parts, applying this technique to solve real world problems.

Geometry 5.G

Graph points on the coordinate plane to solve real-world and mathematical problems.

1. Use a pair of perpendicular number lines, called axes, to define a coordinate system, with the intersection of the lines (the origin) arranged to coincide with the 0 on each line and a given point in the plane located by using an ordered pair of numbers, called its coordinates. Understand that the first number indicates how far to travel from the origin in the direction of one axis, and the second number indicates how far to travel in the direction of the second axis, with the convention that the names of the two axes and the coordinates correspond (e.g., *x*-axis and *x*-coordinate, *y*-axis and *y*-coordinate).
2. Represent real world and mathematical problems by graphing points in the first quadrant of the coordinate plane, and interpret coordinate values of points in the context of the situation.

Classify two-dimensional figures into categories based on their properties.

3. Understand that attributes belonging to a category of two- dimensional figures also belong to all subcategories of that category. *For example, all rectangles have four right angles and squares are rectangles, so all squares have four right angles.*
4. Classify two-dimensional figures in a hierarchy based on properties.

Mathematics | Grade 6

In Grade 6, instructional time should focus on four critical areas: (1) connecting ratio and rate to whole number multiplication and division and using concepts of ratio and rate to solve problems; (2) completing understanding of division of fractions and extending the notion of number to the system of rational numbers, which includes negative numbers; (3) writing, interpreting, and using expressions and equations; and (4) developing understanding of statistical thinking.

(1) Students use reasoning about multiplication and division to solve ratio and rate problems about quantities. By viewing equivalent ratios and rates as deriving from, and extending, pairs of rows (or columns) in the multiplication table, and by analyzing simple drawings that indicate the relative size of quantities, students connect their understanding of multiplication and division with ratios and rates. Thus students expand the scope of problems for which they can use multiplication and division to solve problems, and they connect ratios and fractions. Students solve a wide variety of problems involving ratios and rates.

(2) Students use the meaning of fractions, the meanings of multiplication and division, and the relationship between multiplication and division to understand and explain why the procedures for dividing fractions make sense. Students use these operations to solve problems. Students extend their previous understandings of number and the ordering of numbers to the full system of rational numbers, which includes negative rational numbers, and in particular negative integers. They reason about the order and absolute value of rational numbers and about the location of points in all four quadrants of the coordinate plane.

(3) Students understand the use of variables in mathematical expressions. They write expressions and equations that correspond to given situations, evaluate expressions, and use expressions and formulas to solve problems. Students understand that expressions in different forms can be equivalent, and they use the properties of operations to rewrite expressions in equivalent forms. Students know that the solutions of an equation are the values of the variables that make the equation true. Students use properties of operations and the idea of maintaining the equality of both sides of an equation to solve simple one-step equations. Students construct and analyze tables, such as tables of quantities that are in equivalent ratios, and they use equations (such as $3x = y$) to describe relationships between quantities.

(4) Building on and reinforcing their understanding of number, students begin to develop their ability to think statistically. Students recognize that a data distribution may not have a definite center and that different ways to measure center yield different values. The median measures center in the sense that it is roughly the middle value. The mean measures center in the sense that it is the value that each data point would take on if the total of the data values were redistributed equally, and also in the sense that it is a balance point. Students recognize that a measure of variability (interquartile range or mean absolute deviation) can also be useful for summarizing data because two very different sets of data can have the same mean and median yet be distinguished by their variability. Students learn to describe and summarize numerical data sets, identifying clusters, peaks, gaps, and symmetry, considering the context in which the data were collected.

Students in Grade 6 also build on their work with area in elementary school by reasoning about relationships among shapes to determine area, surface area, and volume. They find areas of right triangles, other triangles, and special quadrilaterals by decomposing these shapes, rearranging or removing pieces, and relating the shapes to rectangles. Using these methods, students discuss, develop, and justify formulas for areas of triangles and parallelograms. Students find areas of polygons and surface areas of prisms and pyramids by decomposing them into pieces whose area they can determine. They reason about right rectangular prisms with fractional side lengths to extend formulas for the volume of a right rectangular prism to fractional side lengths. They prepare for work on scale drawings and constructions in Grade 7 by drawing polygons in the coordinate plane.

Grade 6 Overview

Ratios and Proportional Relationships

- Understand ratio concepts and use ratio reasoning to solve problems.

The Number System

- Apply and extend previous understandings of multiplication and division to divide fractions by fractions.
- Compute fluently with multi-digit numbers and find common factors and multiples.
- Apply and extend previous understandings of numbers to the system of rational numbers.

Expressions and Equations

- Apply and extend previous understandings of arithmetic to algebraic expressions.
- Reason about and solve one-variable equations and inequalities.
- Represent and analyze quantitative relationships between dependent and independent variables.

Geometry

- Solve real-world and mathematical problems involving area, surface area, and volume.

Statistics and Probability

- Develop understanding of statistical variability.
- Summarize and describe distributions.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Ratios and Proportional Relationships 6.RP

Understand ratio concepts and use ratio reasoning to solve problems.

1. Understand the concept of a ratio and use ratio language to describe a ratio relationship between two quantities. *For example, "The ratio of wings to beaks in the bird house at the zoo was 2:1, because for every 2 wings there was 1 beak." "For every vote candidate A received, candidate C received nearly three votes."*
2. Understand the concept of a unit rate *a*/*b* associated with a ratio *a*:*b* with $b \neq 0$, and use rate language in the context of a ratio relationship. *For example, "This recipe has a ratio of 3 cups of flour to 4 cups of sugar, so there is 3/4 cup of flour for each cup of sugar." "We paid $75 for 15 hamburgers, which is a rate of $5 per hamburger."*[1]
3. Use ratio and rate reasoning to solve real-world and mathematical problems, e.g., by reasoning about tables of equivalent ratios, tape diagrams, double number line diagrams, or equations.
   a. Make tables of equivalent ratios relating quantities with whole- number measurements, find missing values in the tables, and plot the pairs of values on the coordinate plane. Use tables to compare ratios.
   b. Solve unit rate problems including those involving unit pricing and constant speed. *For example, if it took 7 hours to mow 4 lawns, then at that rate, how many lawns could be mowed in 35 hours? At what rate were lawns being mowed?*
   c. Find a percent of a quantity as a rate per 100 (e.g., 30% of a quantity means 30/100 times the quantity); solve problems involving finding the whole, given a part and the percent.
   d. Use ratio reasoning to convert measurement units; manipulate and transform units appropriately when multiplying or dividing quantities.

The Number System 6.NS

Apply and extend previous understandings of multiplication and division to divide fractions by fractions.

1. Interpret and compute quotients of fractions, and solve word problems involving division of fractions by fractions, e.g., by using visual fraction models and equations to represent the problem. *For example, create a story context for (2/3) ÷ (3/4) and use a visual fraction model to show the quotient; use the relationship between multiplication and division to explain that (2/3) ÷ (3/4) = 8/9 because 3/4 of 8/9 is 2/3. (In general, (a/b) ÷ (c/d) = ad/bc.) How much chocolate will each person get if 3 people share 1/2 lb of chocolate equally? How many 3/4-cup servings are in 2/3 of a cup of yogurt? How wide is a rectangular strip of land with length 3/4 mi and area 1/2 square mi?*

Compute fluently with multi-digit numbers and find common factors and multiples.

2. Fluently divide multi-digit numbers using the standard algorithm.
3. Fluently add, subtract, multiply, and divide multi-digit decimals using the standard algorithm for each operation.
4. Find the greatest common factor of two whole numbers less than or equal to 100 and the least common multiple of two whole numbers less than or equal to 12. Use the distributive property to express a sum of two whole numbers 1–100 with a common factor as a multiple of a sum of two whole numbers with no common factor. *For example, express 36 + 8 as 4 (9 + 2).*

[1]Expectations for unit rates in this grade are limited to non-complex fractions.

Apply and extend previous understandings of numbers to the system of rational numbers.

5. Understand that positive and negative numbers are used together to describe quantities having opposite directions or values (e.g., temperature above/below zero, elevation above/below sea level, credits/debits, positive/negative electric charge); use positive and negative numbers to represent quantities in real-world contexts, explaining the meaning of 0 in each situation.

6. Understand a rational number as a point on the number line. Extend number line diagrams and coordinate axes familiar from previous grades to represent points on the line and in the plane with negative number coordinates.

   a. Recognize opposite signs of numbers as indicating locations on opposite sides of 0 on the number line; recognize that the opposite of the opposite of a number is the number itself, e.g., –(–3) = 3, and that 0 is its own opposite.

   b. Understand signs of numbers in ordered pairs as indicating locations in quadrants of the coordinate plane; recognize that when two ordered pairs differ only by signs, the locations of the points are related by reflections across one or both axes.

   c. Find and position integers and other rational numbers on a horizontal or vertical number line diagram; find and position pairs of integers and other rational numbers on a coordinate plane.

7. Understand ordering and absolute value of rational numbers.

   a. Interpret statements of inequality as statements about the relative position of two numbers on a number line diagram. *For example, interpret –3 > –7 as a statement that –3 is located to the right of –7 on a number line oriented from left to right.*

   b. Write, interpret, and explain statements of order for rational numbers in real-world contexts. *For example, write –3 ^{o}C > –7 ^{o}C to express the fact that –3 ^{o}C is warmer than –7 ^{o}C.*

   c. Understand the absolute value of a rational number as its distance from 0 on the number line; interpret absolute value as magnitude for a positive or negative quantity in a real-world situation. *For example, for an account balance of –30 dollars, write |–30| = 30 to describe the size of the debt in dollars.*

   d. Distinguish comparisons of absolute value from statements about order. *For example, recognize that an account balance less than –30 dollars represents a debt greater than 30 dollars.*

8. Solve real-world and mathematical problems by graphing points in all four quadrants of the coordinate plane. Include use of coordinates and absolute value to find distances between points with the same first coordinate or the same second coordinate.

Expressions and Equations	6.EE

Apply and extend previous understandings of arithmetic to algebraic expressions.

1. Write and evaluate numerical expressions involving whole-number exponents.

2. Write, read, and evaluate expressions in which letters stand for numbers.

   a. Write expressions that record operations with numbers and with letters standing for numbers. *For example, express the calculation "Subtract y from 5" as 5 – y.*

b. Identify parts of an expression using mathematical terms (sum, term, product, factor, quotient, coefficient); view one or more parts of an expression as a single entity. *For example, describe the expression 2 (8 + 7) as a product of two factors; view (8 + 7) as both a single entity and a sum of two terms.*

c. Evaluate expressions at specific values of their variables. Include expressions that arise from formulas used in real-world problems. Perform arithmetic operations, including those involving whole- number exponents, in the conventional order when there are no parentheses to specify a particular order (Order of Operations). *For example, use the formulas* $V = s^3$ *and* $A = 6 s^2$ *to find the volume and surface area of a cube with sides of length* $s = 1/2$.

3. Apply the properties of operations to generate equivalent expressions. *For example, apply the distributive property to the expression 3 (2 + x) to produce the equivalent expression 6 + 3x; apply the distributive property to the expression 24x + 18y to produce the equivalent expression 6 (4x + 3y); apply properties of operations to y + y + y to produce the equivalent expression 3y.*

4. Identify when two expressions are equivalent (i.e., when the two expressions name the same number regardless of which value is substituted into them). *For example, the expressions y + y + y and 3y are equivalent because they name the same number regardless of which number y stands for.*

Reason about and solve one-variable equations and inequalities.

5. Understand solving an equation or inequality as a process of answering a question: which values from a specified set, if any, make the equation or inequality true? Use substitution to determine whether a given number in a specified set makes an equation or inequality true.

6. Use variables to represent numbers and write expressions when solving a real-world or mathematical problem; understand that a variable can represent an unknown number, or, depending on the purpose at hand, any number in a specified set.

7. Solve real-world and mathematical problems by writing and solving equations of the form $x + p = q$ and $px = q$ for cases in which p, q and x are all nonnegative rational numbers.

8. Write an inequality of the form $x > c$ or $x < c$ to represent a constraint or condition in a real-world or mathematical problem. Recognize that inequalities of the form $x > c$ or $x < c$ have infinitely many solutions; represent solutions of such inequalities on number line diagrams.

Represent and analyze quantitative relationships between dependent and independent variables.

9. Use variables to represent two quantities in a real-world problem that change in relationship to one another; write an equation to express one quantity, thought of as the dependent variable, in terms of the other quantity, thought of as the independent variable. Analyze the relationship between the dependent and independent variables using graphs and tables, and relate these to the equation. *For example, in a problem involving motion at constant speed, list and graph ordered pairs of distances and times, and write the equation d = 65t to represent the relationship between distance and time.*

Geometry	6.G

Solve real-world and mathematical problems involving area, surface area, and volume.

1. Find the area of right triangles, other triangles, special quadrilaterals, and polygons by composing into rectangles or decomposing into triangles and other shapes; apply these techniques in the context of solving real-world and mathematical problems.

2. Find the volume of a right rectangular prism with fractional edge lengths by packing it with unit cubes of the appropriate unit fraction edge lengths, and show that the volume is the same as would be found by multiplying the edge lengths of the prism. Apply the formulas $V = l\ w\ h$ and $V = b\ h$ to find volumes of right rectangular prisms with fractional edge lengths in the context of solving real-world and mathematical problems.
3. Draw polygons in the coordinate plane given coordinates for the vertices; use coordinates to find the length of a side joining points with the same first coordinate or the same second coordinate. Apply these techniques in the context of solving real-world and mathematical problems.
4. Represent three-dimensional figures using nets made up of rectangles and triangles, and use the nets to find the surface area of these figures. Apply these techniques in the context of solving real-world and mathematical problems.

Statistics and Probability 6.SP

Develop understanding of statistical variability.

1. Recognize a statistical question as one that anticipates variability in the data related to the question and accounts for it in the answers. *For example, "How old am I?" is not a statistical question, but "How old are the students in my school?" is a statistical question because one anticipates variability in students' ages.*
2. Understand that a set of data collected to answer a statistical question has a distribution which can be described by its center, spread, and overall shape.
3. Recognize that a measure of center for a numerical data set summarizes all of its values with a single number, while a measure of variation describes how its values vary with a single number.

Summarize and describe distributions.

4. Display numerical data in plots on a number line, including dot plots, histograms, and box plots.
5. Summarize numerical data sets in relation to their context, such as by:
   a. Reporting the number of observations.
   b. Describing the nature of the attribute under investigation, including how it was measured and its units of measurement.
   c. Giving quantitative measures of center (median and/or mean) and variability (interquartile range and/or mean absolute deviation), as well as describing any overall pattern and any striking deviations from the overall pattern with reference to the context in which the data were gathered.
   d. Relating the choice of measures of center and variability to the shape of the data distribution and the context in which the data were gathered.

Mathematics | Grade 7

In Grade 7, instructional time should focus on four critical areas: (1) developing understanding of and applying proportional relationships; (2) developing understanding of operations with rational numbers and working with expressions and linear equations; (3) solving problems involving scale drawings and informal geometric constructions, and working with two- and three-dimensional shapes to solve problems involving area, surface area, and volume; and (4) drawing inferences about populations based on samples.

(1) Students extend their understanding of ratios and develop understanding of proportionality to solve single- and multi-step problems. Students use their understanding of ratios and proportionality to solve a wide variety of percent problems, including those involving discounts, interest, taxes, tips, and percent increase or decrease. Students solve problems about scale drawings by relating corresponding lengths between the objects or by using the fact that relationships of lengths within an object are preserved in similar objects. Students graph proportional relationships and understand the unit rate informally as a measure of the steepness of the related line, called the slope. They distinguish proportional relationships from other relationships.

(2) Students develop a unified understanding of number, recognizing fractions, decimals (that have a finite or a repeating decimal representation), and percents as different representations of rational numbers. Students extend addition, subtraction, multiplication, and division to all rational numbers, maintaining the properties of operations and the relationships between addition and subtraction, and multiplication and division. By applying these properties, and by viewing negative numbers in terms of everyday contexts (e.g., amounts owed or temperatures below zero), students explain and interpret the rules for adding, subtracting, multiplying, and dividing with negative numbers. They use the arithmetic of rational numbers as they formulate expressions and equations in one variable and use these equations to solve problems.

(3) Students continue their work with area from Grade 6, solving problems involving the area and circumference of a circle and surface area of three-dimensional objects. In preparation for work on congruence and similarity in Grade 8 they reason about relationships among two-dimensional figures using scale drawings and informal geometric constructions, and they gain familiarity with the relationships between angles formed by intersecting lines. Students work with three-dimensional figures, relating them to two- dimensional figures by examining cross-sections. They solve real-world and mathematical problems involving area, surface area, and volume of two- and three-dimensional objects composed of triangles, quadrilaterals, polygons, cubes and right prisms.

(4) Students build on their previous work with single data distributions to compare two data distributions and address questions about differences between populations. They begin informal work with random sampling to generate data sets and learn about the importance of representative samples for drawing inferences.

Grade 7 Overview

Ratios and Proportional Relationships

- Analyze proportional relationships and use them to solve real-world and mathematical problems.

The Number System

- Apply and extend previous understandings of operations with fractions to add, subtract, multiply, and divide rational numbers.

Expressions and Equations

- Use properties of operations to generate equivalent expressions.
- Solve real-life and mathematical problems using numerical and algebraic expressions and equations.

Geometry

- Draw, construct and describe geometrical figures and describe the relationships between them.
- Solve real-life and mathematical problems involving angle measure, area, surface area, and volume.

Statistics and Probability

- Use random sampling to draw inferences about a population.
- Draw informal comparative inferences about two populations.
- Investigate chance processes and develop, use, and evaluate probability models.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Ratios and Proportional Relationships 7.RP

Analyze proportional relationships and use them to solve real-world and mathematical problems.

1. Compute unit rates associated with ratios of fractions, including ratios of lengths, areas and other quantities measured in like or different units. *For example, if a person walks 1/2 mile in each 1/4 hour, compute the unit rate as the complex fraction* $^{1/2}/_{1/4}$ *miles per hour, equivalently 2 miles per hour.*

2. Recognize and represent proportional relationships between quantities.
   a. Decide whether two quantities are in a proportional relationship, e.g., by testing for equivalent ratios in a table or graphing on a coordinate plane and observing whether the graph is a straight line through the origin.
   b. Identify the constant of proportionality (unit rate) in tables, graphs, equations, diagrams, and verbal descriptions of proportional relationships.
   c. Represent proportional relationships by equations. *For example, if total cost t is proportional to the number n of items purchased at a constant price p, the relationship between the total cost and the number of items can be expressed as t = pn.*
   d. Explain what a point *(x, y)* on the graph of a proportional relationship means in terms of the situation, with special attention to the points (0, 0) and (1, *r)* where *r* is the unit rate.

3. Use proportional relationships to solve multistep ratio and percent problems. *Examples: simple interest, tax, markups and markdowns, gratuities and commissions, fees, percent increase and decrease, percent error.*

The Number System 7.NS

Apply and extend previous understandings of operations with fractions to add, subtract, multiply, and divide rational numbers.

1. Apply and extend previous understandings of addition and subtraction to add and subtract rational numbers; represent addition and subtraction on a horizontal or vertical number line diagram.
   a. Describe situations in which opposite quantities combine to make 0. *For example, a hydrogen atom has 0 charge because its two constituents are oppositely charged.*
   b. Understand *p* + *q* as the number located a distance |*q*| from *p*, in the positive or negative direction depending on whether *q* is positive or negative. Show that a number and its opposite have a sum of 0 (are additive inverses). Interpret sums of rational numbers by describing real-world contexts.
   c. Understand subtraction of rational numbers as adding the additive inverse, *p* – *q* = *p* + (–*q*). Show that the distance between two rational numbers on the number line is the absolute value of their difference, and apply this principle in real-world contexts.
   d. Apply properties of operations as strategies to add and subtract rational numbers.[1]

2. Apply and extend previous understandings of multiplication and division and of fractions to multiply and divide rational numbers.
   a. Understand that multiplication is extended from fractions to rational numbers by requiring that operations continue to satisfy the properties of operations, particularly the distributive property, leading to products such as (–1)(–1) = 1 and the rules for multiplying signed numbers. Interpret products of rational numbers by describing real-world contexts.

[1] See Glossary, Table 3

b. Understand that integers can be divided, provided that the divisor is not zero, and every quotient of integers (with non-zero divisor) is a rational number. If p and q are integers, then $-(p/q) = (-p)/q = p/(-q)$. Interpret quotients of rational numbers by describing real- world contexts.

c. Apply properties of operations as strategies to multiply and divide rational numbers.

d. Convert a rational number to a decimal using long division; know that the decimal form of a rational number terminates in 0s or eventually repeats.

3. Solve real-world and mathematical problems involving the four operations with rational numbers.[1]

Expressions and Equations 7.EE

Use properties of operations to generate equivalent expressions.

1. Apply properties of operations as strategies to add, subtract, factor, and expand linear expressions with rational coefficients.
2. Understand that rewriting an expression in different forms in a problem context can shed light on the problem and how the quantities in it are related. *For example, a + 0.05a = 1.05a means that "increase by 5%" is the same as "multiply by 1.05."*

Solve real-life and mathematical problems using numerical and algebraic expressions and equations.

3. Solve multi-step real-life and mathematical problems posed with positive and negative rational numbers in any form (whole numbers, fractions, and decimals), using tools strategically. Apply properties of operations to calculate with numbers in any form; convert between forms as appropriate; and assess the reasonableness of answers using mental computation and estimation strategies. *For example: If a woman making $25 an hour gets a 10% raise, she will make an additional 1/10 of her salary an hour, or $2.50, for a new salary of $27.50. If you want to place a towel bar 9 3/4 inches long in the center of a door that is 27 1/2 inches wide, you will need to place the bar about 9 inches from each edge; this estimate can be used as a check on the exact computation.*
4. Use variables to represent quantities in a real-world or mathematical problem, and construct simple equations and inequalities to solve problems by reasoning about the quantities.

   a. Solve word problems leading to equations of the form $px + q = r$ and $p(x + q) = r$, where p, q, and r are specific rational numbers. Solve equations of these forms fluently. Compare an algebraic solution to an arithmetic solution, identifying the sequence of the operations used in each approach. *For example, the perimeter of a rectangle is 54 cm. Its length is 6 cm. What is its width?*

   b. Solve word problems leading to inequalities of the form $px + q > r$ or $px + q < r$, where p, q, and r are specific rational numbers. Graph the solution set of the inequality and interpret it in the context of the problem. *For example: As a salesperson, you are paid $50 per week plus $3 per sale. This week you want your pay to be at least $100. Write an inequality for the number of sales you need to make, and describe the solutions.*

Geometry 7.G

Draw, construct, and describe geometrical figures and describe the relationships between them.

1. Solve problems involving scale drawings of geometric figures, including computing actual lengths and areas from a scale drawing and reproducing a scale drawing at a different scale.

[1]Computations with rational numbers extend the rules for manipulating fractions to complex fractions.

2. Draw (freehand, with ruler and protractor, and with technology) geometric shapes with given conditions. Focus on constructing triangles from three measures of angles or sides, noticing when the conditions determine a unique triangle, more than one triangle, or no triangle.
3. Describe the two-dimensional figures that result from slicing three- dimensional figures, as in plane sections of right rectangular prisms and right rectangular pyramids.

Solve real-life and mathematical problems involving angle measure, area, surface area, and volume.

4. Know the formulas for the area and circumference of a circle and use them to solve problems; give an informal derivation of the relationship between the circumference and area of a circle.
5. Use facts about supplementary, complementary, vertical, and adjacent angles in a multi-step problem to write and solve simple equations for an unknown angle in a figure.
6. Solve real-world and mathematical problems involving area, volume and surface area of two- and three-dimensional objects composed of triangles, quadrilaterals, polygons, cubes, and right prisms.

Statistics and Probability 7.SP

Use random sampling to draw inferences about a population.

1. Understand that statistics can be used to gain information about a population by examining a sample of the population; generalizations about a population from a sample are valid only if the sample is representative of that population. Understand that random sampling tends to produce representative samples and support valid inferences.
2. Use data from a random sample to draw inferences about a population with an unknown characteristic of interest. Generate multiple samples (or simulated samples) of the same size to gauge the variation in estimates or predictions. *For example, estimate the mean word length in a book by randomly sampling words from the book; predict the winner of a school election based on randomly sampled survey data. Gauge how far off the estimate or prediction might be.*

Draw informal comparative inferences about two populations.

3. Informally assess the degree of visual overlap of two numerical data distributions with similar variabilities, measuring the difference between the centers by expressing it as a multiple of a measure of variability. *For example, the mean height of players on the basketball team is 10 cm greater than the mean height of players on the soccer team, about twice the variability (mean absolute deviation) on either team; on a dot plot, the separation between the two distributions of heights is noticeable.*
4. Use measures of center and measures of variability for numerical data from random samples to draw informal comparative inferences about two populations. *For example, decide whether the words in a chapter of a seventh-grade science book are generally longer than the words in a chapter of a fourth-grade science book.*

Investigate chance processes and develop, use, and evaluate probability models.

5. Understand that the probability of a chance event is a number between 0 and 1 that expresses the likelihood of the event occurring. Larger numbers indicate greater likelihood. A probability near 0 indicates an unlikely event, a probability around 1/2 indicates an event that is neither unlikely nor likely, and a probability near 1 indicates a likely event.

6. Approximate the probability of a chance event by collecting data on the chance process that produces it and observing its long-run relative frequency, and predict the approximate relative frequency given the probability. *For example, when rolling a number cube 600 times, predict that a 3 or 6 would be rolled roughly 200 times, but probably not exactly 200 times.*

7. Develop a probability model and use it to find probabilities of events. Compare probabilities from a model to observed frequencies; if the agreement is not good, explain possible sources of the discrepancy.

   a. Develop a uniform probability model by assigning equal probability to all outcomes, and use the model to determine probabilities of events. *For example, if a student is selected at random from a class, find the probability that Jane will be selected and the probability that a girl will be selected.*

   b. Develop a probability model (which may not be uniform) by observing frequencies in data generated from a chance process. *For example, find the approximate probability that a spinning penny will land heads up or that a tossed paper cup will land open-end down. Do the outcomes for the spinning penny appear to be equally likely based on the observed frequencies?*

8. Find probabilities of compound events using organized lists, tables, tree diagrams, and simulation.

   a. Understand that, just as with simple events, the probability of a compound event is the fraction of outcomes in the sample space for which the compound event occurs.

   b. Represent sample spaces for compound events using methods such as organized lists, tables and tree diagrams. For an event described in everyday language (e.g., “rolling double sixes”), identify the outcomes in the sample space which compose the event.

   c. Design and use a simulation to generate frequencies for compound events. *For example, use random digits as a simulation tool to approximate the answer to the question: If 40% of donors have type A blood, what is the probability that it will take at least 4 donors to find one with type A blood?*

Mathematics | Grade 8

In Grade 8, instructional time should focus on three critical areas: (1) formulating and reasoning about expressions and equations, including modeling an association in bivariate data with a linear equation, and solving linear equations and systems of linear equations; (2) grasping the concept of a function and using functions to describe quantitative relationships; (3) analyzing two- and three-dimensional space and figures using distance, angle, similarity, and congruence, and understanding and applying the Pythagorean Theorem.

(1) Students use linear equations and systems of linear equations to represent, analyze, and solve a variety of problems. Students recognize equations for proportions ($y/x = m$ or $y = mx$) as special linear equations ($y = mx + b$), understanding that the constant of proportionality (m) is the slope, and the graphs are lines through the origin. They understand that the slope (m) of a line is a constant rate of change, so that if the input or x-coordinate changes by an amount A, the output or y-coordinate changes by the amount $m \cdot A$. Students also use a linear equation to describe the association between two quantities in bivariate data (such as arm span vs. height for students in a classroom). At this grade, fitting the model, and assessing its fit to the data are done informally. Interpreting the model in the context of the data requires students to express a relationship between the two quantities in question and to interpret components of the relationship (such as slope and y-intercept) in terms of the situation.

Students strategically choose and efficiently implement procedures to solve linear equations in one variable, understanding that when they use the properties of equality and the concept of logical equivalence, they maintain the solutions of the original equation. Students solve systems of two linear equations in two variables and relate the systems to pairs of lines in the plane; these intersect, are parallel, or are the same line. Students use linear equations, systems of linear equations, linear functions, and their understanding of slope of a line to analyze situations and solve problems.

(2) Students grasp the concept of a function as a rule that assigns to each input exactly one output. They understand that functions describe situations where one quantity determines another. They can translate among representations and partial representations of functions (noting that tabular and graphical representations may be partial representations), and they describe how aspects of the function are reflected in the different representations.

(3) Students use ideas about distance and angles, how they behave under translations, rotations, reflections, and dilations, and ideas about congruence and similarity to describe and analyze two-dimensional figures and to solve problems. Students show that the sum of the angles in a triangle is the angle formed by a straight line, and that various configurations of lines give rise to similar triangles because of the angles created when a transversal cuts parallel lines. Students understand the statement of the Pythagorean Theorem and its converse, and can explain why the Pythagorean Theorem holds, for example, by decomposing a square in two different ways. They apply the Pythagorean Theorem to find distances between points on the coordinate plane, to find lengths, and to analyze polygons. Students complete their work on volume by solving problems involving cones, cylinders, and spheres.

Grade 8 Overview

The Number System

- Know that there are numbers that are not rational, and approximate them by rational numbers.

Expressions and Equations

- Work with radicals and integer exponents.
- Understand the connections between proportional relationships, lines, and linear equations.
- Analyze and solve linear equations and pairs of simultaneous linear equations.

Functions

- Define, evaluate, and compare functions.
- Use functions to model relationships between quantities.

Geometry

- Understand congruence and similarity using physical models, transparencies, or geometry software.
- Understand and apply the Pythagorean theorem.
- Solve real-world and mathematical problems involving volume of cylinders, cones and spheres.

Statistics and Probability

- Investigate patterns of association in bivariate data.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

The Number System 8.NS

Know that there are numbers that are not rational, and approximate them by rational numbers.

1. Know that numbers that are not rational are called irrational. Understand informally that every number has a decimal expansion; for rational numbers show that the decimal expansion repeats eventually, and convert a decimal expansion which repeats eventually into a rational number.
2. Use rational approximations of irrational numbers to compare the size of irrational numbers, locate them approximately on a number line diagram, and estimate the value of expressions (e.g., π^2). *For example, by truncating the decimal expansion of* $\sqrt{2}$*, show that* $\sqrt{2}$ *is between 1 and 2, then between 1.4 and 1.5, and explain how to continue on to get better approximations.*

Expressions and Equations 8.EE

Work with radicals and integer exponents.

1. Know and apply the properties of integer exponents to generate equivalent numerical expressions. *For example,* $3^2 \times 3^{-5} = 3^{-3} = 1/3^3 = 1/27$.
2. Use square root and cube root symbols to represent solutions to equations of the form $x^2 = p$ and $x^3 = p$, where p is a positive rational number. Evaluate square roots of small perfect squares and cube roots of small perfect cubes. Know that $\sqrt{2}$ is irrational.
3. Use numbers expressed in the form of a single digit times an integer power of 10 to estimate very large or very small quantities, and to express how many times as much one is than the other. *For example, estimate the population of the United States as* 3×10^8 *and the population of the world as* 7×10^9*, and determine that the world population is more than 20 times larger.*
4. Perform operations with numbers expressed in scientific notation, including problems where both decimal and scientific notation are used. Use scientific notation and choose units of appropriate size for measurements of very large or very small quantities (e.g., use millimeters per year for seafloor spreading). Interpret scientific notation that has been generated by technology.

Understand the connections between proportional relationships, lines, and linear equations.

5. Graph proportional relationships, interpreting the unit rate as the slope of the graph. Compare two different proportional relationships represented in different ways. *For example, compare a distance-time graph to a distance-time equation to determine which of two moving objects has greater speed.*
6. Use similar triangles to explain why the slope m is the same between any two distinct points on a non-vertical line in the coordinate plane; derive the equation $y = mx$ for a line through the origin and the equation $y = mx + b$ for a line intercepting the vertical axis at b.

Analyze and solve linear equations and pairs of simultaneous linear equations.

7. Solve linear equations in one variable.
   a. Give examples of linear equations in one variable with one solution, infinitely many solutions, or no solutions. Show which of these possibilities is the case by successively transforming the given equation into simpler forms, until an equivalent equation of the form $x = a$, $a = a$, or $a = b$ results (where a and b are different numbers).
   b. Solve linear equations with rational number coefficients, including equations whose solutions require expanding expressions using the distributive property and collecting like terms.

8. Analyze and solve pairs of simultaneous linear equations.
   a. Understand that solutions to a system of two linear equations in two variables correspond to points of intersection of their graphs, because points of intersection satisfy both equations simultaneously.
   b. Solve systems of two linear equations in two variables algebraically, and estimate solutions by graphing the equations. Solve simple cases by inspection. *For example, $3x + 2y = 5$ and $3x + 2y = 6$ have no solution because $3x + 2y$ cannot simultaneously be 5 and 6.*
   c. Solve real-world and mathematical problems leading to two linear equations in two variables. *For example, given coordinates for two pairs of points, determine whether the line through the first pair of points intersects the line through the second pair.*

Functions	8.F

Define, evaluate, and compare functions.

1. Understand that a function is a rule that assigns to each input exactly one output. The graph of a function is the set of ordered pairs consisting of an input and the corresponding output.[1]
2. Compare properties of two functions each represented in a different way (algebraically, graphically, numerically in tables, or by verbal descriptions). *For example, given a linear function represented by a table of values and a linear function represented by an algebraic expression, determine which function has the greater rate of change.*
3. Interpret the equation $y = mx + b$ as defining a linear function, whose graph is a straight line; give examples of functions that are not linear. *For example, the function $A = s^2$ giving the area of a square as a function of its side length is not linear because its graph contains the points (1,1), (2,4) and (3,9), which are not on a straight line.*

Use functions to model relationships between quantities.

4. Construct a function to model a linear relationship between two quantities. Determine the rate of change and initial value of the function from a description of a relationship or from two (x, y) values, including reading these from a table or from a graph. Interpret the rate of change and initial value of a linear function in terms of the situation it models, and in terms of its graph or a table of values.
5. Describe qualitatively the functional relationship between two quantities by analyzing a graph (e.g., where the function is increasing or decreasing, linear or nonlinear). Sketch a graph that exhibits the qualitative features of a function that has been described verbally.

Geometry	8.G

Understand congruence and similarity using physical models, transparencies, or geometry software.

1. Verify experimentally the properties of rotations, reflections, and translations:
   a. Lines are taken to lines, and line segments to line segments of the same length.
   b. Angles are taken to angles of the same measure.
   c. Parallel lines are taken to parallel lines.
2. Understand that a two-dimensional figure is congruent to another if the second can be obtained from the first by a sequence of rotations, reflections, and translations; given two congruent figures, describe a sequence that exhibits the congruence between them.

[1]Function notation is not required in Grade 8.

3. Describe the effect of dilations, translations, rotations, and reflections on two-dimensional figures using coordinates.

4. Understand that a two-dimensional figure is similar to another if the second can be obtained from the first by a sequence of rotations, reflections, translations, and dilations; given two similar two- dimensional figures, describe a sequence that exhibits the similarity between them.

5. Use informal arguments to establish facts about the angle sum and exterior angle of triangles, about the angles created when parallel lines are cut by a transversal, and the angle-angle criterion for similarity of triangles. *For example, arrange three copies of the same triangle so that the sum of the three angles appears to form a line, and give an argument in terms of transversals why this is so.*

Understand and apply the Pythagorean Theorem.

6. Explain a proof of the Pythagorean Theorem and its converse.

7. Apply the Pythagorean Theorem to determine unknown side lengths in right triangles in real-world and mathematical problems in two and three dimensions.

8. Apply the Pythagorean Theorem to find the distance between two points in a coordinate system.

Solve real-world and mathematical problems involving volume of cylinders, cones, and spheres.

9. Know the formulas for the volumes of cones, cylinders, and spheres and use them to solve real-world and mathematical problems.

Statistics and Probability 8.SP

Investigate patterns of association in bivariate data.

1. Construct and interpret scatter plots for bivariate measurement data to investigate patterns of association between two quantities. Describe patterns such as clustering, outliers, positive or negative association, linear association, and nonlinear association.

2. Know that straight lines are widely used to model relationships between two quantitative variables. For scatter plots that suggest a linear association, informally fit a straight line, and informally assess the model fit by judging the closeness of the data points to the line.

3. Use the equation of a linear model to solve problems in the context of bivariate measurement data, interpreting the slope and intercept. *For example, in a linear model for a biology experiment, interpret a slope of 1.5 cm/hr as meaning that an additional hour of sunlight each day is associated with an additional 1.5 cm in mature plant height.*

4. Understand that patterns of association can also be seen in bivariate categorical data by displaying frequencies and relative frequencies in a two-way table. Construct and interpret a two-way table summarizing data on two categorical variables collected from the same subjects. Use relative frequencies calculated for rows or columns to describe possible association between the two variables. *For example, collect data from students in your class on whether or not they have a curfew on school nights and whether or not they have assigned chores at home. Is there evidence that those who have a curfew also tend to have chores?*

Mathematics Standards for High School

The high school standards specify the mathematics that all students should study in order to be college and career ready. Additional mathematics that students should learn in order to take advanced courses such as calculus, advanced statistics, or discrete mathematics is indicated by (+), as in this example:

(+) Represent complex numbers on the complex plane in rectangular and polar form (including real and imaginary numbers).

All standards without a (+) symbol should be in the common mathematics curriculum for all college and career ready students. Standards with a (+) symbol may also appear in courses intended for all students.

The high school standards are listed in conceptual categories:

- Number and Quantity
- Algebra
- Functions
- Modeling
- Geometry
- Statistics and Probability

Conceptual categories portray a coherent view of high school mathematics; a student's work with functions, for example, crosses a number of traditional course boundaries, potentially up through and including calculus.

Modeling is best interpreted not as a collection of isolated topics but in relation to other standards. Making mathematical models is a Standard for Mathematical Practice, and specific modeling standards appear throughout the high school standards indicated by a star symbol (★). The star symbol sometimes appears on the heading for a group of standards; in that case, it should be understood to apply to all standards in that group.

Mathematics | High School - Number and Quantity

Numbers and Number Systems. During the years from kindergarten to eighth grade, students must repeatedly extend their conception of number. At first, "number" means "counting number": 1, 2, 3... Soon after that, 0 is used to represent "none" and the whole numbers are formed by the counting numbers together with zero. The next extension is fractions. At first, fractions are barely numbers and tied strongly to pictorial representations. Yet by the time students understand division of fractions, they have a strong concept of fractions as numbers and have connected them, via their decimal representations, with the base-ten system used to represent the whole numbers. During middle school, fractions are augmented by negative fractions to form the rational numbers. In Grade 8, students extend this system once more, augmenting the rational numbers with the irrational numbers to form the real numbers. In high school, students will be exposed to yet another extension of number, when the real numbers are augmented by the imaginary numbers to form the complex numbers.

With each extension of number, the meanings of addition, subtraction, multiplication, and division are extended. In each new number system—integers, rational numbers, real numbers, and complex numbers—the four operations stay the same in two important ways: They have the commutative, associative, and distributive properties and their new meanings are consistent with their previous meanings.

Extending the properties of whole-number exponents leads to new and productive notation. For example, properties of whole-number exponents suggest that $(5^{1/3})^3$ should be $5^{(1/3)3} = 5^1 = 5$ and that $5^{1/3}$ should be the cube root of 5.

Calculators, spreadsheets, and computer algebra systems can provide ways for students to become better acquainted with these new number systems and their notation. They can be used to generate data for numerical experiments, to help understand the workings of matrix, vector, and complex number algebra, and to experiment with non-integer exponents.

Quantities. In real world problems, the answers are usually not numbers but quantities: numbers with units, which involves measurement. In their work in measurement up through Grade 8, students primarily measure commonly used attributes such as length, area, and volume. In high school, students encounter a wider variety of units in modeling, e.g., acceleration, currency conversions, derived quantities such as person-hours and heating degree days, social science rates such as per-capita income, and rates in everyday life such as points scored per game or batting averages. They also encounter novel situations in which they themselves must conceive the attributes of interest. For example, to find a good measure of overall highway safety, they might propose measures such as fatalities per year, fatalities per year per driver, or fatalities per vehicle-mile traveled. Such a conceptual process is sometimes called quantification. Quantification is important for science, as when surface area suddenly "stands out" as an important variable in evaporation. Quantification is also important for companies, which must conceptualize relevant attributes and create or choose suitable measures for them.

Number and Quantity Overview

The Real Number System

- Extend the properties of exponents to rational exponents
- Use properties of rational and irrational numbers.

Quantities

- Reason quantitatively and use units to solve problems

The Complex Number System

- Perform arithmetic operations with complex numbers
- Represent complex numbers and their operations on the complex plane
- Use complex numbers in polynomial identities and equations

Vector and Matrix Quantities

- Represent and model with vector quantities.
- Perform operations on vectors.
- Perform operations on matrices and use matrices in applications.

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

The Real Number System — N-RN

Extend the properties of exponents to rational exponents.

1. Explain how the definition of ~~the meaning of~~ rational exponents follows from extending the properties of integer exponents to those values, allowing for a notation for radicals in terms of rational exponents. *For example, we define* $5^{1/3}$ *to be the cube root of 5 because we want* $(5^{1/3})^3 = 5^{(1/3)3}$ *to hold, so* $(5^{1/3})^3$ *must equal 5.*
2. Rewrite expressions involving radicals and rational exponents using the properties of exponents.

Use properties of rational and irrational numbers.

3. Explain why the sum or product of two rational numbers is rational; that the sum of a rational number and an irrational number is irrational; and that the product of a nonzero rational number and an irrational number is irrational.

Quantities★ — N-Q

Reason quantitatively and use units to solve problems.

1. Use units as a way to understand problems and to guide the solution of multi-step problems; choose and interpret units consistently in formulas; choose and interpret the scale and the origin in graphs and data displays.
2. Define appropriate quantities for the purpose of descriptive modeling.
3. Choose a level of accuracy appropriate to limitations on measurement when reporting quantities.

The Complex Number System — N-CN

Perform arithmetic operations with complex numbers.

1. Know there is a complex number i such that $i^2 = -1$, and every complex number has the form $a + bi$ with a and b real.
2. Use the relation $i^2 = -1$ and the commutative, associative, and distributive properties to add, subtract, and multiply complex numbers.
3. (+) Find the conjugate of a complex number; use conjugates to find moduli and quotients of complex numbers.

Represent complex numbers and their operations on the complex plane.

4. (+) Represent complex numbers on the complex plane in rectangular and polar form (including real and imaginary numbers), and explain why the rectangular and polar forms of a given complex number represent the same number.
5. (+) Represent addition, subtraction, multiplication, and conjugation of complex numbers geometrically on the complex plane; use properties of this representation for computation. *For example,* $(-1 + \sqrt{3}\,i)^3 = 8$ *because* $(-1 + \sqrt{3}\,i)$ *has modulus* 2 *and argument* 120°.
6. (+) Calculate the distance between numbers in the complex plane as the modulus of the difference, and the midpoint of a segment as the average of the numbers at its endpoints.

Use complex numbers in polynomial identities and equations.

7. Solve quadratic equations with real coefficients that have complex solutions.
8. (+) Extend polynomial identities to the complex numbers. *For example, rewrite* $x^2 + 4$ *as* $(x + 2i)(x - 2i)$.
9. (+) Know the Fundamental Theorem of Algebra; show that it is true for quadratic polynomials.

Vector and Matrix Quantities N-VM

Represent and model with vector quantities.

1. (+) Recognize vector quantities as having both magnitude and direction. Represent vector quantities by directed line segments, and use appropriate symbols for vectors and their magnitudes (e.g., ***v***, |***v***|, ||***v***||, *v*).
2. (+) Find the components of a vector by subtracting the coordinates of an initial point from the coordinates of a terminal point.
3. (+) Solve problems involving velocity and other quantities that can be represented by vectors.

Perform operations on vectors.

4. (+) Add and subtract vectors.
   a. Add vectors end-to-end, component-wise, and by the parallelogram rule. Understand that the magnitude of a sum of two vectors is typically not the sum of the magnitudes.
   b. Given two vectors in magnitude and direction form, determine the magnitude and direction of their sum.
   c. Understand vector subtraction ***v*** – ***w*** as ***v*** + (–***w***), where –***w*** is the additive inverse of ***w***, with the same magnitude as ***w*** and pointing in the opposite direction. Represent vector subtraction graphically by connecting the tips in the appropriate order, and perform vector subtraction component-wise.
5. (+) Multiply a vector by a scalar.
   a. Represent scalar multiplication graphically by scaling vectors and possibly reversing their direction; perform scalar multiplication component-wise, e.g., as $c(v_x, v_y) = (cv_x, cv_y)$.
   b. Compute the magnitude of a scalar multiple *c**v*** using ||*c**v***|| = |*c*|*v*. Compute the direction of *c**v*** knowing that when |*c*|*v* ≠ 0, the direction of *c**v*** is either along ***v*** (for *c* > 0) or against ***v*** (for *c* < 0).

Perform operations on matrices and use matrices in applications.

6. (+) Use matrices to represent and manipulate data, e.g., to represent payoffs or incidence relationships in a network.
7. (+) Multiply matrices by scalars to produce new matrices, e.g., as when all of the payoffs in a game are doubled.
8. (+) Add, subtract, and multiply matrices of appropriate dimensions.
9. (+) Understand that, unlike multiplication of numbers, matrix multiplication for square matrices is not a commutative operation, but still satisfies the associative and distributive properties.
10. (+) Understand that the zero and identity matrices play a role in matrix addition and multiplication similar to the role of 0 and 1 in the real numbers. The determinant of a square matrix is nonzero if and only if the matrix has a multiplicative inverse.
11. (+) Multiply a vector (regarded as a matrix with one column) by a matrix of suitable dimensions to produce another vector. Work with matrices as transformations of vectors.
12. (+) Work with 2 × 2 matrices as transformations of the plane, and interpret the absolute value of the determinant in terms of area.

Mathematics | High School - Algebra

Expressions. An expression is a record of a computation with numbers, symbols that represent numbers, arithmetic operations, exponentiation, and, at more advanced levels, the operation of evaluating a function. Conventions about the use of parentheses and the order of operations assure that each expression is unambiguous. Creating an expression that describes a computation involving a general quantity requires the ability to express the computation in general terms, abstracting from specific instances.

Reading an expression with comprehension involves analysis of its underlying structure. This may suggest a different but equivalent way of writing the expression that exhibits some different aspect of its meaning. For example, $p + 0.05p$ can be interpreted as the addition of a 5% tax to a price p. Rewriting $p + 0.05p$ as $1.05p$ shows that adding a tax is the same as multiplying the price by a constant factor.

Algebraic manipulations are governed by the properties of operations and exponents, and the conventions of algebraic notation. At times, an expression is the result of applying operations to simpler expressions. For example, $p + 0.05p$ is the sum of the simpler expressions p and $0.05p$. Viewing an expression as the result of operation on simpler expressions can sometimes clarify its underlying structure.

A spreadsheet or a computer algebra system (CAS) can be used to experiment with algebraic expressions, perform complicated algebraic manipulations, and understand how algebraic manipulations behave.

Equations and inequalities. An equation is a statement of equality between two expressions, often viewed as a question asking for which values of the variables the expressions on either side are in fact equal. These values are the solutions to the equation. An identity, in contrast, is true for all values of the variables; identities are often developed by rewriting an expression in an equivalent form.

The solutions of an equation in one variable form a set of numbers; the solutions of an equation in two variables form a set of ordered pairs of numbers, which can be plotted in the coordinate plane. Two or more equations and/or inequalities form a system. A solution for such a system must satisfy every equation and inequality in the system.

An equation can often be solved by successively deducing from it one or more simpler equations. For example, one can add the same constant to both sides without changing the solutions, but squaring both sides might lead to extraneous solutions. Strategic competence in solving includes looking ahead for productive manipulations and anticipating the nature and number of solutions.

Some equations have no solutions in a given number system, but have a solution in a larger system. For example, the solution of $x + 1 = 0$ is an integer, not a whole number; the solution of $2x + 1 = 0$ is a rational number, not an integer; the solutions of $x^2 – 2 = 0$ are real numbers, not rational numbers; and the solutions of $x^2 + 2 = 0$ are complex numbers, not real numbers.

The same solution techniques used to solve equations can be used to rearrange formulas. For example, the formula for the area of a trapezoid, $A = ((b_1+b_2)/2)h$, can be solved for h using the same deductive process.

Inequalities can be solved by reasoning about the properties of inequality. Many, but not all, of the properties of equality continue to hold for inequalities and can be useful in solving them.

Connections to Functions and Modeling. Expressions can define functions, and equivalent expressions define the same function. Asking when two functions have the same value for the same input leads to an equation; graphing the two functions allows for finding approximate solutions of the equation. Converting a verbal description to an equation, inequality, or system of these is an essential skill in modeling.

Algebra Overview

Seeing Structure in Expressions

- Interpret the structure of expressions
- Write expressions in equivalent forms to solve problems

Arithmetic with Polynomials and Rational Expressions

- Perform arithmetic operations on polynomials
- Understand the relationship between zeros and factors of polynomials
- Use polynomial identities to solve problems
- Rewrite rational expressions

Creating Equations

- Create equations that describe numbers or relationships

Reasoning with Equations and Inequalities

- Understand solving equations as a process of reasoning and explain the reasoning
- Solve equations and inequalities in one variable
- Solve systems of equations
- Represent and solve equations and inequalities graphically

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Seeing Structure in Expressions A-SSE

Interpret the structure of expressions

1. Interpret expressions that represent a quantity in terms of its context.★
   a. Interpret parts of an expression, such as terms, factors, and coefficients.
   b. Interpret complicated expressions by viewing one or more of their parts as a single entity. *For example, interpret* $P(1+r)^n$ *as the product of P and a factor not depending on P.*
2. Use the structure of an expression to identify ways to rewrite it. *For example, see* $x^4 – y^4$ *as* $(x^2)^2 – (y^2)^2$, *thus recognizing it as a difference of squares that can be factored as* $(x^2 – y^2)(x^2 + y^2)$.

Write expressions in equivalent forms to solve problems

3. Choose and produce an equivalent form of an expression to reveal and explain properties of the quantity represented by the expression.★
   a. Factor a quadratic expression to reveal the zeros of the function it defines.
   b. Complete the square in a quadratic expression to reveal the maximum or minimum value of the function it defines.
   c. Use the properties of exponents to transform expressions for exponential functions. *For example the expression* 1.15^t *can be rewritten as* $(1.15^{1/12})^{12t} \approx 1.012^{12t}$ *to reveal the approximate equivalent monthly interest rate if the annual rate is 15%.*
4. Derive the formula for the sum of a finite geometric series (when the common ratio is not 1), and use the formula to solve problems. *For example, calculate mortgage payments.*★

Arithmetic with Polynomials and Rational Expressions A-APR

Perform arithmetic operations on polynomials

1. Understand that polynomials form a system analogous to the integers, namely, they are closed under the operations of addition, subtraction, and multiplication; add, subtract, and multiply polynomials.

Understand the relationship between zeros and factors of polynomials

2. Know and apply the Remainder Theorem: For a polynomial $p(x)$ and a number a, the remainder on division by $x – a$ is $p(a)$, so $p(a) = 0$ if and only if $(x – a)$ is a factor of $p(x)$.
3. Identify zeros of polynomials when suitable factorizations are available, and use the zeros to construct a rough graph of the function defined by the polynomial.

Use polynomial identities to solve problems

4. Prove polynomial identities and use them to describe numerical relationships. *For example, the polynomial identity* $(x^2 + y^2)^2 = (x^2 – y^2)^2 + (2xy)^2$ *can be used to generate Pythagorean triples.*
5. (+) Know and apply the Binomial Theorem for the expansion of $(x + y)^n$ in powers of x and y for a positive integer n, where x and y are any numbers, with coefficients determined for example by Pascal's Triangle.[1]

[1] The Binomial Theorem can be proved by mathematical induction or by a com- binatorial argument.

Rewrite rational expressions

6. Rewrite simple rational expressions in different forms; write $a(x)/b(x)$ in the form $q(x) + r(x)/b(x)$, where $a(x)$, $b(x)$, $q(x)$, and $r(x)$ are polynomials with the degree of $r(x)$ less than the degree of $b(x)$, using inspection, long division, or, for the more complicated examples, a computer algebra system.
7. (+) Understand that rational expressions form a system analogous to the rational numbers, closed under addition, subtraction, multiplication, and division by a nonzero rational expression; add, subtract, multiply, and divide rational expressions.

Creating Equations★ A-CED

Create equations that describe numbers or relationships

1. Create equations and inequalities in one variable and use them to solve problems. *Include equations arising from linear and quadratic functions, and simple rational and exponential functions.*
2. Create equations in two or more variables to represent relationships between quantities; graph equations on coordinate axes with labels and scales.
3. Represent constraints by equations or inequalities, and by systems of equations and/or inequalities, and interpret solutions as viable or non- viable options in a modeling context. *For example, represent inequalities describing nutritional and cost constraints on combinations of different foods.*
4. Rearrange formulas to highlight a quantity of interest, using the same reasoning as in solving equations. *For example, rearrange Ohm's law V = IR to highlight resistance R.*

Reasoning with Equations and Inequalities A-REI

Understand solving equations as a process of reasoning and explain the reasoning

1. Explain each step in solving a simple equation as following from the equality of numbers asserted at the previous step, starting from the assumption that the original equation has a solution. Construct a viable argument to justify a solution method.
2. Solve simple rational and radical equations in one variable, and give examples showing how extraneous solutions may arise.

Solve equations and inequalities in one variable

3. Solve linear equations and inequalities in one variable, including equations with coefficients represented by letters.
4. Solve quadratic equations in one variable.
   a. Use the method of completing the square to transform any quadratic equation in x into an equation of the form $(x – p)^2 = q$ that has the same solutions. Derive the quadratic formula from this form.
   b. Solve quadratic equations by inspection (e.g., for $x^2 = 49$), taking square roots, completing the square, the quadratic formula and factoring, as appropriate to the initial form of the equation. Recognize when the quadratic formula gives complex solutions and write them as $a \pm bi$ for real numbers a and b.

Solve systems of equations

5. Prove that, given a system of two equations in two variables, replacing one equation by the sum of that equation and a multiple of the other produces a system with the same solutions.

6. Solve systems of linear equations exactly and approximately (e.g., with graphs), focusing on pairs of linear equations in two variables.
7. Solve a simple system consisting of a linear equation and a quadratic equation in two variables algebraically and graphically. *For example, find the points of intersection between the line* $y = -3x$ and the circle $x^2 + y^2 = 3$.
8. (+) Represent a system of linear equations as a single matrix equation in a vector variable.
9. (+) Find the inverse of a matrix if it exists and use it to solve systems of linear equations (using technology for matrices of dimension 3 × 3 or greater).

Represent and solve equations and inequalities graphically

10. Understand that the graph of an equation in two variables is the set of all its solutions plotted in the coordinate plane, often forming a curve (which could be a line).
11. Explain why the x-coordinates of the points where the graphs of the equations $y = f(x)$ and $y = g(x)$ intersect are the solutions of the equation $f(x) = g(x)$; find the solutions approximately, e.g., using technology to graph the functions, make tables of values, or find successive approximations. Include cases where $f(x)$ and/or $g(x)$ are linear, polynomial, rational, absolute value, exponential, and logarithmic functions.★
12. Graph the solutions to a linear inequality in two variables as a half- plane (excluding the boundary in the case of a strict inequality), and graph the solution set to a system of linear inequalities in two variables as the intersection of the corresponding half-planes.

Mathematics | High School - Functions

Functions describe situations where one quantity determines another. For example, the return on $10,000 invested at an annualized percentage rate of 4.25% is a function of the length of time the money is invested. Because we continually make theories about dependencies between quantities in nature and society, functions are important tools in the construction of mathematical models.

In school mathematics, functions usually have numerical inputs and outputs and are often defined by an algebraic expression. For example, the time in hours it takes for a car to drive 100 miles is a function of the car's speed in miles per hour, v; the rule $T(v) = 100/v$ expresses this relationship algebraically and defines a function whose name is T.

The set of inputs to a function is called its domain. We often infer the domain to be all inputs for which the expression defining a function has a value, or for which the function makes sense in a given context.

A function can be described in various ways, such as by a graph (e.g., the trace of a seismograph); by a verbal rule, as in, "I'll give you a state, you give me the capital city;" by an algebraic expression like $f(x) = a + bx$; or by a recursive rule. The graph of a function is often a useful way of visualizing the relationship of the function models, and manipulating a mathematical expression for a function can throw light on the function's properties.

Functions presented as expressions can model many important phenomena. Two important families of functions characterized by laws of growth are linear functions, which grow at a constant rate, and exponential functions, which grow at a constant percent rate. Linear functions with a constant term of zero describe proportional relationships.

A graphing utility or a computer algebra system can be used to experiment with properties of these functions and their graphs and to build computational models of functions, including recursively defined functions.

Connections to Expressions, Equations, Modeling, and Coordinates.

Determining an output value for a particular input involves evaluating an expression; finding inputs that yield a given output involves solving an equation. Questions about when two functions have the same value for the same input lead to equations, whose solutions can be visualized from the intersection of their graphs. Because functions describe relationships between quantities, they are frequently used in modeling. Sometimes functions are defined by a recursive process, which can be displayed effectively using a spreadsheet or other technology.

Functions Overview

Interpreting Functions

- Understand the concept of a function and use function notation
- Interpret functions that arise in applications in terms of the context
- Analyze functions using different representations

Building Functions

- Build a function that models a relationship between two quantities
- Build new functions from existing functions

Linear, Quadratic, and Exponential Models

- Construct and compare linear, quadratic, and exponential models and solve problems
- Interpret expressions for functions in terms of the situation they model

Trigonometric Functions

- Extend the domain of trigonometric functions using the unit circle
- Model periodic phenomena with trigonometric functions
- Prove and apply trigonometric identities

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Interpreting Functions F-IF

Understand the concept of a function and use function notation

1. Understand that a function from one set (called the domain) to another set (called the range) assigns to each element of the domain exactly one element of the range. If *f* is a function and *x* is an element of its domain, then *f*(*x*) denotes the output of *f* corresponding to the input *x*. The graph of *f* is the graph of the equation *y* = *f*(*x*).

2. Use function notation, evaluate functions for inputs in their domains, and interpret statements that use function notation in terms of a context.

3. Recognize that sequences are functions, sometimes defined recursively, whose domain is a subset of the integers. *For example, the Fibonacci sequence is defined recursively by* $f(0) = f(1) = 1$, $f(n+1) = f(n) + f(n-1)$ *for* $n \geq 1$.

Interpret functions that arise in applications in terms of the context

4. For a function that models a relationship between two quantities, interpret key features of graphs and tables in terms of the quantities, and sketch graphs showing key features given a verbal description of the relationship. *Key features include: intercepts; intervals where the function is increasing, decreasing, positive, or negative; relative maximums and minimums; symmetries; end behavior; and periodicity.*★

5. Relate the domain of a function to its graph and, where applicable, to the quantitative relationship it describes. *For example, if the function h(n) gives the number of person-hours it takes to assemble n engines in a factory, then the positive integers would be an appropriate domain for the function.*★

6. Calculate and interpret the average rate of change of a function (presented symbolically or as a table) over a specified interval. Estimate the rate of change from a graph.★

Analyze functions using different representations

7. Graph functions expressed symbolically and show key features of the graph, by hand in simple cases and using technology for more complicated cases.★
   a. Graph linear and quadratic functions and show intercepts, maxima, and minima.
   b. Graph square root, cube root, and piecewise-defined functions, including step functions and absolute value functions.
   c. Graph polynomial functions, identifying zeros when suitable factorizations are available, and showing end behavior.
   d. (+) Graph rational functions, identifying zeros and asymptotes when suitable factorizations are available, and showing end behavior.
   e. Graph exponential and logarithmic functions, showing intercepts and end behavior, and trigonometric functions, showing period, midline, and amplitude.

8. Write a function defined by an expression in different but equivalent forms to reveal and explain different properties of the function.
   a. Use the process of factoring and completing the square in a quadratic function to show zeros, extreme values, and symmetry of the graph, and interpret these in terms of a context.
   b. Use the properties of exponents to interpret expressions for exponential functions. *For example, identify percent rate of change in functions such as* $y = (1.02)^t$, $y = (0.97)^t$, $y = (1.01)^{12t}$, $y = (1.2)^{t/10}$, *and classify them as representing exponential growth or decay.*

9. Compare properties of two functions each represented in a different way (algebraically, graphically, numerically in tables, or by verbal descriptions). *For example, given a graph of one quadratic function and an algebraic expression for another, say which has the larger maximum.*

Building Functions F-BF

Build a function that models a relationship between two quantities

1. Write a function that describes a relationship between two quantities.★
   a. Determine an explicit expression, a recursive process, or steps for calculation from a context.
   b. Combine standard function types using arithmetic operations. *For example, build a function that models the temperature of a cooling body by adding a constant function to a decaying exponential, and relate these functions to the model.*
   c. (+) Compose functions. *For example, if T(y) is the temperature in the atmosphere as a function of height, and h(t) is the height of a weather balloon as a function of time, then T(h(t)) is the temperature at the location of the weather balloon as a function of time.*
2. Write arithmetic and geometric sequences both recursively and with an explicit formula, use them to model situations, and translate between the two forms.★

Build new functions from existing functions

3. Identify the effect on the graph of replacing $f(x)$ by $f(x) + k$, $k\,f(x)$, $f(kx)$, and $f(x + k)$ for specific values of k (both positive and negative); find the value of k given the graphs. Experiment with cases and illustrate an explanation of the effects on the graph using technology. *Include recognizing even and odd functions from their graphs and algebraic expressions for them.*
4. Find inverse functions.
   a. Solve an equation of the form f(x) = c for a simple function f that has an inverse and write an expression for the inverse. *For example,* $f(x) = 2\,x^3$ *or* $f(x) = (x+1)/(x–1)$ *for* $x \neq 1$.
   b. (+) Verify by composition that one function is the inverse of another.
   c. (+) Read values of an inverse function from a graph or a table, given that the function has an inverse.
   d. (+) Produce an invertible function from a non-invertible function by restricting the domain.
5. (+) Understand the inverse relationship between exponents and logarithms and use this relationship to solve problems involving logarithms and exponents.

Linear, Quadratic, and Exponential Models★ F-LE

Construct and compare linear, quadratic, and exponential models and solve problems

1. Distinguish between situations that can be modeled with linear functions and with exponential functions.
   a. Prove that linear functions grow by equal differences over equal intervals, and that exponential functions grow by equal factors over equal intervals.
   b. Recognize situations in which one quantity changes at a constant rate per unit interval relative to another.
   c. Recognize situations in which a quantity grows or decays by a constant percent rate per unit interval relative to another.

2. Construct linear and exponential functions, including arithmetic and geometric sequences, given a graph, a description of a relationship, or two input-output pairs (include reading these from a table).
3. Observe using graphs and tables that a quantity increasing exponentially eventually exceeds a quantity increasing linearly, quadratically, or (more generally) as a polynomial function.
4. For exponential models, express as a logarithm the solution to $ab^{ct} = d$ where a, c, and d are numbers and the base b is 2, 10, or e; evaluate the logarithm using technology.

Interpret expressions for functions in terms of the situation they model

5. Interpret the parameters in a linear or exponential function in terms of a context.

Trigonometric Functions — F-TF

Extend the domain of trigonometric functions using the unit circle

1. Understand radian measure of an angle as the length of the arc on the unit circle subtended by the angle.
2. Explain how the unit circle in the coordinate plane enables the extension of trigonometric functions to all real numbers, interpreted as radian measures of angles traversed counterclockwise around the unit circle.
3. (+) Use special triangles to determine geometrically the values of sine, cosine, tangent for $\pi/3$, $\pi/4$ and $\pi/6$, and use the unit circle to express the values of sine, cosine, and tangent for $\pi - x$, $\pi + x$, and $2\pi - x$ in terms of their values for x, where x is any real number.
4. (+) Use the unit circle to explain symmetry (odd and even) and periodicity of trigonometric functions.

Model periodic phenomena with trigonometric functions

5. Choose trigonometric functions to model periodic phenomena with specified amplitude, frequency, and midline.★
6. (+) Understand that restricting a trigonometric function to a domain on which it is always increasing or always decreasing allows its inverse to be constructed.
7. (+) Use inverse functions to solve trigonometric equations that arise in modeling contexts; evaluate the solutions using technology, and interpret them in terms of the context.★

Prove and apply trigonometric identities

8. Prove the Pythagorean identity $\sin^2(\theta) + \cos^2(\theta) = 1$ and use it to find $\sin(\theta)$, $\cos(\theta)$, or $\tan(\theta)$ given $\sin(\theta)$, $\cos(\theta)$, or $\tan(\theta)$ and the quadrant of the angle.
9. (+) Prove the addition and subtraction formulas for sine, cosine, and tangent and use them to solve problems.

Mathematics | High School - Modeling

Modeling links classroom mathematics and statistics to everyday life, work, and decision-making. Modeling is the process of choosing and using appropriate mathematics and statistics to analyze empirical situations, to understand them better, and to improve decisions. Quantities and their relationships in physical, economic, public policy, social, and everyday situations can be modeled using mathematical and statistical methods. When making mathematical models, technology is valuable for varying assumptions, exploring consequences, and comparing predictions with data.

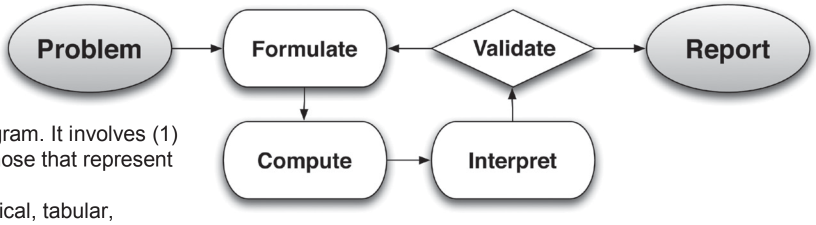
A model can be very simple, such as writing total cost as a product of unit price and number bought, or using a geometric shape to describe a physical object like a coin. Even such simple models involve making choices. It is up to us whether to model a coin as a three-dimensional cylinder, or whether a two-dimensional disk works well enough for our purposes. Other situations—modeling a delivery route, a production schedule, or a comparison of loan amortizations—need more elaborate models that use other tools from the mathematical sciences. Real-world situations are not organized and labeled for analysis; formulating tractable models, representing such models, and analyzing them is appropriately a creative process. Like every such process, this depends on acquired expertise as well as creativity.

Some examples of such situations might include:

- Estimating how much water and food is needed for emergency relief in a devastated city of 3 million people, and how it might be distributed.
- Planning a table tennis tournament for 7 players at a club with 4 tables, where each player plays against each other player.
- Designing the layout of the stalls in a school fair so as to raise as much money as possible.
- Analyzing stopping distance for a car.
- Modeling savings account balance, bacterial colony growth, or investment growth.
- Engaging in critical path analysis, e.g., applied to turnaround of an aircraft at an airport.
- Analyzing risk in situations such as extreme sports, pandemics, and terrorism.
- Relating population statistics to individual predictions.

In situations like these, the models devised depend on a number of factors: How precise an answer do we want or need? What aspects of the situation do we most need to understand, control, or optimize? What resources of time and tools do we have? The range of models that we can create and analyze is also constrained by the limitations of our mathematical, statistical, and technical skills, and our ability to recognize significant variables and relationships among them. Diagrams of various kinds, spreadsheets and other technology, and algebra are powerful tools for understanding and solving problems drawn from different types of real-world situations.

One of the insights provided by mathematical modeling is that essentially the same mathematical or statistical structure can sometimes model seemingly different situations. Models can also shed light on the mathematical structures themselves, for example, as when a model of bacterial growth makes more vivid the explosive growth of the exponential function.



The basic modeling cycle is summarized in the diagram. It involves (1) identifying variables in the situation and selecting those that represent essential features, (2) formulating a model by creating and selecting geometric, graphical, tabular, algebraic, or statistical representations that describe relationships between the variables, (3) analyzing and performing operations on these relationships to draw conclusions, (4) interpreting the results of the mathematics in terms of the original situation, (5) validating the conclusions by comparing them with the situation, and then either improving the model or, if it is acceptable, (6) reporting on the conclusions and the reasoning behind them. Choices, assumptions, and approximations are present throughout this cycle.

In descriptive modeling, a model simply describes the phenomena or summarizes them in a compact form. Graphs of observations are a familiar descriptive model – for example, graphs of global temperature and atmospheric CO_2 over time.

Analytic modeling seeks to explain data on the basis of deeper theoretical ideas, albeit with parameters that are empirically based; for example, exponential growth of bacterial colonies (until cut-off mechanisms such as pollution or starvation intervene) follows from a constant reproduction rate. Functions are an important tool for analyzing such problems.

Graphing utilities, spreadsheets, computer algebra systems, and dynamic geometry software are powerful tools that can be used to model purely mathematical phenomena (e.g., the behavior of polynomials) as well as physical phenomena.

Modeling Standards *Modeling is best interpreted not as a collection of isolated topics but rather in relation to other standards. Making mathematical models is a Standard for Mathematical Practice, and specific modeling standards appear throughout the high school standards indicated by a star symbol* (★).

Mathematics | High School - Geometry

An understanding of the attributes and relationships of geometric objects can be applied in diverse contexts—interpreting a schematic drawing, estimating the amount of wood needed to frame a sloping roof, rendering computer graphics, or designing a sewing pattern for the most efficient use of material.

Although there are many types of geometry, school mathematics is devoted primarily to plane Euclidean geometry, studied both synthetically (without coordinates) and analytically (with coordinates). Euclidean geometry is characterized most importantly by the Parallel Postulate that through a point not on a given line there is exactly one parallel line. (Spherical geometry, in contrast, has no parallel lines.)

During high school, students begin to formalize their geometry experiences from elementary and middle school, using more precise definitions and developing careful proofs. Later in college some students develop Euclidean and other geometries carefully from a small set of axioms.

The concepts of congruence, similarity, and symmetry can be understood from the perspective of geometric transformation. Fundamental are the rigid motions: translations, rotations, reflections, and combinations of these, all of which are here assumed to preserve distance and angles (and therefore shapes generally). Reflections and rotations each explain a particular type of symmetry, and the symmetries of an object offer insight into its attributes—as when the reflective symmetry of an isosceles triangle assures that its base angles are congruent.

In the approach taken here, two geometric figures are defined to be congruent if there is a sequence of rigid motions that carries one onto the other. This is the principle of superposition. For triangles, congruence means the equality of all corresponding pairs of sides and all corresponding pairs of angles. During the middle grades, through experiences drawing triangles from given conditions, students notice ways to specify enough measures in a triangle to ensure that all triangles drawn with those measures are congruent. Once these triangle congruence criteria (ASA, SAS, and SSS) are established using rigid motions, they can be used to prove theorems about triangles, quadrilaterals, and other geometric figures.

Similarity transformations (rigid motions followed by dilations) define similarity in the same way that rigid motions define congruence, thereby formalizing the similarity ideas of "same shape" and "scale factor" developed in the middle grades. These transformations lead to the criterion for triangle similarity that two pairs of corresponding angles are congruent.

The definitions of sine, cosine, and tangent for acute angles are founded on right triangles and similarity, and, with the Pythagorean Theorem, are fundamental in many real-world and theoretical situations. The Pythagorean Theorem is generalized to non- right triangles by the Law of Cosines. Together, the Laws of Sines and Cosines embody the triangle congruence criteria for the cases where three pieces of information suffice to completely solve a triangle. Furthermore, these laws yield two possible solutions in the ambiguous case, illustrating that Side-Side-Angle is not a congruence criterion.

Analytic geometry connects algebra and geometry, resulting in powerful methods of analysis and problem solving. Just as the number line associates numbers with locations in one dimension, a pair of perpendicular axes associates pairs of numbers with locations in two dimensions. This correspondence between numerical coordinates and geometric points allows methods from algebra to be applied to geometry and vice versa. The solution set of an equation becomes a geometric curve, making visualization a tool for doing and understanding algebra. Geometric shapes can be described by equations, making algebraic manipulation into a tool for geometric understanding, modeling, and proof. Geometric transformations of the graphs of equations correspond to algebraic changes in their equations.

Dynamic geometry environments provide students with experimental and modeling tools that allow them to investigate geometric phenomena in much the same way as computer algebra systems allow them to experiment with algebraic phenomena.

Connections to Equations. The correspondence between numerical coordinates and geometric points allows methods from algebra to be applied to geometry and vice versa. The solution set of an equation becomes a geometric curve, making visualization a tool for doing and understanding algebra. Geometric shapes can be described by equations, making algebraic manipulation into a tool for geometric understanding, modeling, and proof.

Geometry Overview

Congruence

- Experiment with transformations in the plane
- Understand congruence in terms of rigid motions
- Prove geometric theorems
- Make geometric constructions

Similarity, Right Triangles, and Trigonometry

- Understand similarity in terms of similarity transformations
- Prove theorems involving similarity
- Define trigonometric ratios and solve problems involving right triangles
- Apply trigonometry to general triangles

Circles

- Understand and apply theorems about circles
- Find arc lengths and areas of sectors of circles

Expressing Geometric Properties with Equations

- Translate between the geometric description and the equation for a conic section
- Use coordinates to prove simple geometric theorems algebraically

Geometric Measurement and Dimension

- Explain volume formulas and use them to solve problems
- Visualize relationships between two-dimensional and three-dimensional objects

Modeling with Geometry

- apply geometric concepts in modeling situations

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Congruence G-CO

Experiment with transformations in the plane

1. Know precise definitions of angle, circle, perpendicular line, parallel line, and line segment, based on the undefined notions of point, line, distance along a line, and distance around a circular arc.
2. Represent transformations in the plane using, e.g., transparencies and geometry software; describe transformations as functions that take points in the plane as inputs and give other points as outputs. Compare transformations that preserve distance and angle to those that do not (e.g., translation versus horizontal stretch).
3. Given a rectangle, parallelogram, trapezoid, or regular polygon, describe the rotations and reflections that carry it onto itself.
4. Develop definitions of rotations, reflections, and translations in terms of angles, circles, perpendicular lines, parallel lines, and line segments.
5. Given a geometric figure and a rotation, reflection, or translation, draw the transformed figure using, e.g., graph paper, tracing paper, or geometry software. Specify a sequence of transformations that will carry a given figure onto another.

Understand congruence in terms of rigid motions

6. Use geometric descriptions of rigid motions to transform figures and to predict the effect of a given rigid motion on a given figure; given two figures, use the definition of congruence in terms of rigid motions to decide if they are congruent.
7. Use the definition of congruence in terms of rigid motions to show that two triangles are congruent if and only if corresponding pairs of sides and corresponding pairs of angles are congruent.
8. Explain how the criteria for triangle congruence (ASA, SAS, and SSS) follow from the definition of congruence in terms of rigid motions.

Prove geometric theorems

9. Prove theorems about lines and angles. *Theorems include: vertical angles are congruent; when a transversal crosses parallel lines, alternate interior angles are congruent and corresponding angles are congruent; points on a perpendicular bisector of a line segment are exactly those equidistant from the segment's endpoints.*
10. Prove theorems about triangles. *Theorems include: measures of interior angles of a triangle sum to 180°; base angles of isosceles triangles are congruent; the segment joining midpoints of two sides of a triangle is parallel to the third side and half the length; the medians of a triangle meet at a point.*
11. Prove theorems about parallelograms. *Theorems include: opposite sides are congruent, opposite angles are congruent, the diagonals of a parallelogram bisect each other, and conversely, rectangles are parallelograms with congruent diagonals.*

Make geometric constructions

12. Make formal geometric constructions with a variety of tools and methods (compass and straightedge, string, reflective devices, paper folding, dynamic geometric software, etc.). *Copying a segment; copying an angle; bisecting a segment; bisecting an angle; constructing perpendicular lines, including the perpendicular bisector of a line segment; and constructing a line parallel to a given line through a point not on the line.*
13. Construct an equilateral triangle, a square, and a regular hexagon inscribed in a circle.

Similarity, Right Triangles, and Trigonometry G-SRT

Understand similarity in terms of similarity transformations

1. Verify experimentally the properties of dilations given by a center and a scale factor:
   a. A dilation takes a line not passing through the center of the dilation to a parallel line, and leaves a line passing through the center unchanged.
   b. The dilation of a line segment is longer or shorter in the ratio given by the scale factor.
2. Given two figures, use the definition of similarity in terms of similarity transformations to decide if they are similar; explain using similarity transformations the meaning of similarity for triangles as the equality of all corresponding pairs of angles and the proportionality of all corresponding pairs of sides.
3. Use the properties of similarity transformations to establish the AA criterion for two triangles to be similar.

Prove theorems involving similarity

4. Prove theorems about triangles. *Theorems include: a line parallel to one side of a triangle divides the other two proportionally, and conversely; the Pythagorean Theorem proved using triangle similarity.*
5. Use congruence and similarity criteria for triangles to solve problems and to prove relationships in geometric figures.

Define trigonometric ratios and solve problems involving right triangles

6. Understand that by similarity, side ratios in right triangles are properties of the angles in the triangle, leading to definitions of trigonometric ratios for acute angles.
7. Explain and use the relationship between the sine and cosine of complementary angles.
8. Use trigonometric ratios and the Pythagorean Theorem to solve right triangles in applied problems.★

Apply trigonometry to general triangles

9. (+) Derive the formula $A = 1/2\ ab \sin(C)$ for the area of a triangle by drawing an auxiliary line from a vertex perpendicular to the opposite side.
10. (+) Prove the Laws of Sines and Cosines and use them to solve problems.
11. (+) Understand and apply the Law of Sines and the Law of Cosines to find unknown measurements in right and non-right triangles (e.g., surveying problems, resultant forces).

Circles G-C

Understand and apply theorems about circles

1. Prove that all circles are similar.
2. Identify and describe relationships among inscribed angles, radii, and chords. *Include the relationship between central, inscribed, and circumscribed angles; inscribed angles on a diameter are right angles; the radius of a circle is perpendicular to the tangent where the radius intersects the circle.*
3. Construct the inscribed and circumscribed circles of a triangle, and prove properties of angles for a quadrilateral inscribed in a circle.
4. (+) Construct a tangent line from a point outside a given circle to the circle.

Find arc lengths and areas of sectors of circles

5. Derive using similarity the fact that the length of the arc intercepted by an angle is proportional to the radius, and define the radian measure of the angle as the constant of proportionality; derive the formula for the area of a sector.

Expressing Geometric Properties with Equations	G-GPE

Translate between the geometric description and the equation for a conic section

1. Derive the equation of a circle of given center and radius using the Pythagorean Theorem; complete the square to find the center and radius of a circle given by an equation.
2. Derive the equation of a parabola given a focus and directrix.
3. (+) Derive the equations of ellipses and hyperbolas given the foci, using the fact that the sum or difference of distances from the foci is constant.

Use coordinates to prove simple geometric theorems algebraically

4. Use coordinates to prove simple geometric theorems algebraically. *For example, prove or disprove that a figure defined by four given points in the coordinate plane is a rectangle; prove or disprove that the point (1, $\sqrt{3}$) lies on the circle centered at the origin and containing the point (0, 2).*
5. Prove the slope criteria for parallel and perpendicular lines and use them to solve geometric problems (e.g., find the equation of a line parallel or perpendicular to a given line that passes through a given point).
6. Find the point on a directed line segment between two given points that partitions the segment in a given ratio.
7. Use coordinates to compute perimeters of polygons and areas of triangles and rectangles, e.g., using the distance formula.★

Geometric Measurement and Dimension	G-GMD

Explain volume formulas and use them to solve problems

1. Give an informal argument for the formulas for the circumference of a circle, area of a circle, volume of a cylinder, pyramid, and cone. *Use dissection arguments, Cavalieri's principle, and informal limit arguments.*
2. (+) Give an informal argument using Cavalieri's principle for the formulas for the volume of a sphere and other solid figures.
3. Use volume formulas for cylinders, pyramids, cones, and spheres to solve problems.★

Visualize relationships between two-dimensional and three- dimensional objects

4. Identify the shapes of two-dimensional cross-sections of three- dimensional objects, and identify three-dimensional objects generated by rotations of two-dimensional objects.

Modeling with Geometry	G-MG

Apply geometric concepts in modeling situations

1. Use geometric shapes, their measures, and their properties to describe objects (e.g., modeling a tree trunk or a human torso as a cylinder).★
2. Apply concepts of density based on area and volume in modeling situations (e.g., persons per square mile, BTUs per cubic foot).★
3. Apply geometric methods to solve design problems (e.g., designing an object or structure to satisfy physical constraints or minimize cost; working with typographic grid systems based on ratios).★

Mathematics | High School - Statistics and Probability★

Decisions or predictions are often based on data—numbers in context. These decisions or predictions would be easy if the data always sent a clear message, but the message is often obscured by variability. Statistics provides tools for describing variability in data and for making informed decisions that take it into account.

Data are gathered, displayed, summarized, examined, and interpreted to discover patterns and deviations from patterns. Quantitative data can be described in terms of key characteristics: measures of shape, center, and spread. The shape of a data distribution might be described as symmetric, skewed, flat, or bell shaped, and it might be summarized by a statistic measuring center (such as mean or median) and a statistic measuring spread (such as standard deviation or interquartile range). Different distributions can be compared numerically using these statistics or compared visually using plots. Knowledge of center and spread are not enough to describe a distribution. Which statistics to compare, which plots to use, and what the results of a comparison might mean, depend on the question to be investigated and the real-life actions to be taken.

Randomization has two important uses in drawing statistical conclusions. First, collecting data from a random sample of a population makes it possible to draw valid conclusions about the whole population, taking variability into account. Second, randomly assigning individuals to different treatments allows a fair comparison of the effectiveness of those treatments. A statistically significant outcome is one that is unlikely to be due to chance alone, and this can be evaluated only under the condition of randomness. The conditions under which data are collected are important in drawing conclusions from the data; in critically reviewing uses of statistics in public media and other reports, it is important to consider the study design, how the data were gathered, and the analyses employed as well as the data summaries and the conclusions drawn.

Random processes can be described mathematically by using a probability model: a list or description of the possible outcomes (the sample space), each of which is assigned a probability. In situations such as flipping a coin, rolling a number cube, or drawing a card, it might be reasonable to assume various outcomes are equally likely. In a probability model, sample points represent outcomes and combine to make up events; probabilities of events can be computed by applying the Addition and Multiplication Rules. Interpreting these probabilities relies on an understanding of independence and conditional probability, which can be approached through the analysis of two-way tables.

Technology plays an important role in statistics and probability by making it possible to generate plots, regression functions, and correlation coefficients, and to simulate many possible outcomes in a short amount of time.

Connections to Functions and Modeling. Functions may be used to describe data; if the data suggest a linear relationship, the relationship can be modeled with a regression line, and its strength and direction can be expressed through a correlation coefficient.

Statistics and Probability Overview

Interpreting Categorical and Quantitative Data

- Summarize, represent, and interpret data on a single count or measurement variable
- Summarize, represent, and interpret data on two categorical and quantitative variables
- Interpret linear models

Making Inferences and Justifying Conclusions

- Understand and evaluate random processes underlying statistical experiments
- Make inferences and justify conclusions from sample surveys, experiments and observational studies

Conditional Probability and the Rules of Probability

- Understand independence and conditional probability and use them to interpret data
- Use the rules of probability to compute probabilities of compound events in a uniform probability model

Using Probability to Make Decisions

- Calculate expected values and use them to solve problems
- Use probability to evaluate outcomes of decisions

Mathematical Practices

1. Make sense of problems and persevere in solving them.
2. Reason abstractly and quantitatively.
3. Construct viable arguments and critique the reasoning of others.
4. Model with mathematics.
5. Use appropriate tools strategically.
6. Attend to precision.
7. Look for and make use of structure.
8. Look for and express regularity in repeated reasoning.

Interpreting Categorical and Quantitative Data S-ID

Summarize, represent, and interpret data on a single count or measurement variable

1. Represent data with plots on the real number line (dot plots, histograms, and box plots).
2. Use statistics appropriate to the shape of the data distribution to compare center (median, mean) and spread (interquartile range, standard deviation) of two or more different data sets.
3. Interpret differences in shape, center, and spread in the context of the data sets, accounting for possible effects of extreme data points (outliers).
4. Use the mean and standard deviation of a data set to fit it to a normal distribution and to estimate population percentages. Recognize that there are data sets for which such a procedure is not appropriate. Use calculators, spreadsheets, and tables to estimate areas under the normal curve.

Summarize, represent, and interpret data on two categorical and quantitative variables

5. Summarize categorical data for two categories in two-way frequency tables. Interpret relative frequencies in the context of the data (including joint, marginal, and conditional relative frequencies). Recognize possible associations and trends in the data.
6. Represent data on two quantitative variables on a scatter plot, and describe how the variables are related.
   a. Fit a function to the data; use functions fitted to data to solve problems in the context of the data. *Use given functions or choose a function suggested by the context. Emphasize linear, quadratic, and exponential models.*
   b. Informally assess the fit of a function by plotting and analyzing residuals.
   c. Fit a linear function for a scatter plot that suggests a linear association.

Interpret linear models

7. Interpret the slope (rate of change) and the intercept (constant term) of a linear model in the context of the data.
8. Compute (using technology) and interpret the correlation coefficient of a linear fit.
9. Distinguish between correlation and causation.

Making Inferences and Justifying Conclusions S-IC

Understand and evaluate random processes underlying statistical experiments

1. Understand statistics as a process for making inferences about population parameters based on a random sample from that population.
2. Decide if a specified model is consistent with results from a given data-generating process, e.g., using simulation. *For example, a model says a spinning coin falls heads up with probability 0.5. Would a result of 5 tails in a row cause you to question the model?*

Make inferences and justify conclusions from sample surveys, experiments, and observational studies

3. Recognize the purposes of and differences among sample surveys, experiments, and observational studies; explain how randomization relates to each.

4. Use data from a sample survey to estimate a population mean or proportion; develop a margin of error through the use of simulation models for random sampling.
5. Use data from a randomized experiment to compare two treatments; use simulations to decide if differences between parameters are significant.
6. Evaluate reports based on data.

Conditional Probability and the Rules of Probability S-CP

Understand independence and conditional probability and use them to interpret data

1. Describe events as subsets of a sample space (the set of outcomes) using characteristics (or categories) of the outcomes, or as unions, intersections, or complements of other events ("or," "and," "not").
2. Understand that two events *A* and *B* are independent if the probability of *A* and *B* occurring together is the product of their probabilities, and use this characterization to determine if they are independent.
3. Understand the conditional probability of *A* given *B* as *P*(*A* and *B*)/*P*(*B*), and interpret independence of *A* and *B* as saying that the conditional probability of *A* given *B* is the same as the probability of *A*, and the conditional probability of *B* given *A* is the same as the probability of *B*.
4. Construct and interpret two-way frequency tables of data when two categories are associated with each object being classified. Use the two-way table as a sample space to decide if events are independent and to approximate conditional probabilities. *For example, collect data from a random sample of students in your school on their favorite subject among math, science, and English. Estimate the probability that a randomly selected student from your school will favor science given that the student is in tenth grade. Do the same for other subjects and compare the results.*
5. Recognize and explain the concepts of conditional probability and independence in everyday language and everyday situations. *For example, compare the chance of having lung cancer if you are a smoker with the chance of being a smoker if you have lung cancer.*

Use the rules of probability to compute probabilities of compound events in a uniform probability model

6. Find the conditional probability of *A* given *B* as the fraction of *B*'s outcomes that also belong to *A,* and interpret the answer in terms of the model.
7. Apply the Addition Rule, P(A or B) = P(A) + P(B) – P(A and B), and interpret the answer in terms of the model.
8. (+) Apply the general Multiplication Rule in a uniform probability model, P(A and B) = P(A)P(B|A) = P(B)P(A|B), and interpret the answer in terms of the model.
9. (+) Use permutations and combinations to compute probabilities of compound events and solve problems.

Using Probability to Make Decisions S-MD

Calculate expected values and use them to solve problems

1. (+) Define a random variable for a quantity of interest by assigning a numerical value to each event in a sample space; graph the corresponding probability distribution using the same graphical displays as for data distributions.
2. (+) Calculate the expected value of a random variable; interpret it as the mean of the probability distribution.

3. (+) Develop a probability distribution for a random variable defined for a sample space in which theoretical probabilities can be calculated; find the expected value. *For example, find the theoretical probability distribution for the number of correct answers obtained by guessing on all five questions of a multiple-choice test where each question has four choices, and find the expected grade under various grading schemes.*

4. (+) Develop a probability distribution for a random variable defined for a sample space in which probabilities are assigned empirically; find the expected value. *For example, find a current data distribution on the number of TV sets per household in the United States, and calculate the expected number of sets per household. How many TV sets would you expect to find in 100 randomly selected households?*

Use probability to evaluate outcomes of decisions

5. (+) Weigh the possible outcomes of a decision by assigning probabilities to payoff values and finding expected values.
    a. Find the expected payoff for a game of chance. *For example, find the expected winnings from a state lottery ticket or a game at a fast- food restaurant.*
    b. Evaluate and compare strategies on the basis of expected values. *For example, compare a high-deductible versus a low-deductible automobile insurance policy using various, but reasonable, chances of having a minor or a major accident.*

6. (+) Use probabilities to make fair decisions (e.g., drawing by lots, using a random number generator).

7. (+) Analyze decisions and strategies using probability concepts (e.g., product testing, medical testing, pulling a hockey goalie at the end of a game).

Note on Courses and Transitions

The high school portion of the Standards for Mathematical Content specifies the mathematics all students should study for college and career readiness. These standards do not mandate the sequence of high school courses. However, the organization of high school courses is a critical component to implementation of the standards. To that end, sample high school pathways for mathematics – in both a traditional course sequence (Algebra I, Geometry, and Algebra II) as well as an integrated course sequence (Mathematics 1, Mathematics 2, Mathematics 3) – will be made available shortly after the release of the final Common Core State Standards. It is expected that additional model pathways based on these standards will become available as well.

The standards themselves do not dictate curriculum, pedagogy, or delivery of content. In particular, states may handle the transition to high school in different ways. For example, many students in the U.S. today take Algebra I in the 8th grade, and in some states this is a requirement. The K-7 standards contain the prerequisites to prepare students for Algebra I by 8th grade, and the standards are designed to permit states to continue existing policies concerning Algebra I in 8th grade.

A second major transition is the transition from high school to post-secondary education for college and careers. The evidence concerning college and career readiness shows clearly that the knowledge, skills, and practices important for readiness include a great deal of mathematics prior to the boundary defined by (+) symbols in these standards. Indeed, some of the highest priority content for college and career readiness comes from Grades 6-8. This body of material includes powerfully useful proficiencies such as applying ratio reasoning in real-world and mathematical problems, computing fluently with positive and negative fractions and decimals, and solving real-world and mathematical problems involving angle measure, area, surface area, and volume. Because important standards for college and career readiness are distributed across grades and courses, systems for evaluating college and career readiness should reach as far back in the standards as Grades 6-8. It is important to note as well that cut scores or other information generated by assessment systems for college and career readiness should be developed in collaboration with representatives from higher education and workforce development programs, and should be validated by subsequent performance of students in college and the workforce.

Glossary

Addition and subtraction within 5, 10, 20, 100, or 1000. Addition or subtraction of two whole numbers with whole number answers, and with sum or minuend in the range 0-5, 0-10, 0-20, or 0-100, respectively. Example: 8 + 2 = 10 is an addition within 10, 14 – 5 = 9 is a subtraction within 20, and 55 – 18 = 37 is a subtraction within 100.

Additive inverses. Two numbers whose sum is 0 are additive inverses of one another. Example: $^{3}/4$ and – $^{3}/4$ are additive inverses of one another because $^{3}/4$ + (– $^{3}/4$) = (– $^{3}/4$) + $^{3}/4$ = 0.

Associative property of addition. See Table 3 in this Glossary.

Associative property of multiplication. See Table 3 in this Glossary.

Bivariate data. Pairs of linked numerical observations. Example: a list of heights and weights for each player on a football team.

Box plot. A method of visually displaying a distribution of data values by using the median, quartiles, and extremes of the data set. A box shows the middle 50% of the data.[1]

Commutative property. See Table 3 in this Glossary.

Complex fraction. A fraction $^{A}/B$ where *A* and/or *B* are fractions (*B* nonzero).

Computation algorithm. A set of predefined steps applicable to a class of problems that gives the correct result in every case when the steps are carried out correctly. *See also:* computation strategy.

Computation strategy. Purposeful manipulations that may be chosen for specific problems, may not have a fixed order, and may be aimed at converting one problem into another. *See also:* computation algorithm.

Congruent. Two plane or solid figures are congruent if one can be obtained from the other by rigid motion (a sequence of rotations, reflections, and translations).

Counting on. A strategy for finding the number of objects in a group without having to count every member of the group. For example, if a stack of books is known to have 8 books and 3 more books are added to the top, it is not necessary to count the stack all over again. One can find the total by *counting on*—pointing to the top book and saying "eight," following this with "nine, ten, eleven. There are eleven books now."

Dot plot. *See:* line plot.

Dilation. A transformation that moves each point along the ray through the point emanating from a fixed center, and multiplies distances from the center by a common scale factor.

Expanded form. A multi-digit number is expressed in expanded form when it is written as a sum of single-digit multiples of powers of ten. For example, 643 = 600 + 40 + 3.

Expected value. For a random variable, the weighted average of its possible values, with weights given by their respective probabilities.

First quartile. For a data set with median *M*, the first quartile is the median of the data values less than *M*. Example: For the data set {1, 3, 6, 7, 10, 12, 14, 15, 22, 120}, the first quartile is 6.[2] *See also:* median, third quartile, interquartile range.

Fraction. A number expressible in the form $^{a}/b$ where *a* is a whole number and *b* is a positive whole number. (The word *fraction* in these standards always refers to a non-negative number.) *See also:* rational number.

Identity property of 0. See Table 3 in this Glossary.

Independently combined probability models. Two probability models are said to be combined independently if the probability of each ordered pair in the combined model equals the product of the original probabilities of the two individual outcomes in the ordered pair.

---

[1]Adapted from Wisconsin Department of Public Instruction, http://dpi.wi.gov/standards/mathglos.html, accessed March 2, 2010.
[2]Many different methods for computing quartiles are in use. The method defined here is sometimes called the Moore and McCabe method. See Langford, E., "Quartiles in Elementary Statistics," *Journal of Statistics Education* Volume 14, Number 3 (2006).

Integer. A number expressible in the form *a* or –*a* for some whole number *a*.

Interquartile Range. A measure of variation in a set of numerical data, the interquartile range is the distance between the first and third quartiles of the data set. Example: For the data set {1, 3, 6, 7, 10, 12, 14, 15, 22, 120}, the interquartile range is 15 – 6 = 9. *See also:* first quartile, third quartile.

Line plot. A method of visually displaying a distribution of data values where each data value is shown as a dot or mark above a number line. Also known as a dot plot.[3]

Mean. A measure of center in a set of numerical data, computed by adding the values in a list and then dividing by the number of values in the list.[4] Example: For the data set {1, 3, 6, 7, 10, 12, 14, 15, 22, 120}, the mean is 21.

Mean absolute deviation. A measure of variation in a set of numerical data, computed by adding the distances between each data value and the mean, then dividing by the number of data values. Example: For the data set {2, 3, 6, 7, 10, 12, 14, 15, 22, 120}, the mean absolute deviation is 20.

Median. A measure of center in a set of numerical data. The median of a list of values is the value appearing at the center of a sorted version of the list—or the mean of the two central values, if the list contains an even number of values. Example: For the data set {2, 3, 6, 7, 10, 12, 14, 15, 22, 90}, the median is 11.

Midline. In the graph of a trigonometric function, the horizontal line halfway between its maximum and minimum values.

Multiplication and division within 100. Multiplication or division of two whole numbers with whole number answers, and with product or dividend in the range 0-100. Example: 72 ÷ 8 = 9.

Multiplicative inverses. Two numbers whose product is 1 are multiplicative inverses of one another. Example: 3/4 and 4/3 are multiplicative inverses of one another because 3/4 × 4/3 = 4/3 × 3/4 = 1.

Number line diagram. A diagram of the number line used to represent numbers and support reasoning about them. In a number line diagram for measurement quantities, the interval from 0 to 1 on the diagram represents the unit of measure for the quantity.

Percent rate of change. A rate of change expressed as a percent. Example: if a population grows from 50 to 55 in a year, it grows by 5/50 = 10% per year.

Probability distribution. The set of possible values of a random variable with a probability assigned to each.

Properties of operations. See Table 3 in this Glossary.

Properties of equality. See Table 4 in this Glossary.

Properties of inequality. See Table 5 in this Glossary.

Properties of operations. See Table 3 in this Glossary.

Probability. A number between 0 and 1 used to quantify likelihood for processes that have uncertain outcomes (such as tossing a coin, selecting a person at random from a group of people, tossing a ball at a target, or testing for a medical condition).

Probability model. A probability model is used to assign probabilities to outcomes of a chance process by examining the nature of the process. The set of all outcomes is called the sample space, and their probabilities sum to 1. *See also:* uniform probability model.

Random variable. An assignment of a numerical value to each outcome in a sample space.

Rational expression. A quotient of two polynomials with a non-zero denominator.

Rational number. A number expressible in the form a/b or – a/b for some fraction a/b. The rational numbers include the integers.

Rectilinear figure. A polygon all angles of which are right angles.

Rigid motion. A transformation of points in space consisting of a sequence of

[3]Adapted from Wisconsin Department of Public Instruction, *op. cit*.
[4]To be more precise, this defines the *arithmetic mean*.

one or more translations, reflections, and/or rotations. Rigid motions are here assumed to preserve distances and angle measures.

Repeating decimal. The decimal form of a rational number. *See also:* terminating decimal.

Sample space. In a probability model for a random process, a list of the individual outcomes that are to be considered.

Scatter plot. A graph in the coordinate plane representing a set of bivariate data. For example, the heights and weights of a group of people could be displayed on a scatter plot.[5]

Similarity transformation. A rigid motion followed by a dilation.

Tape diagram. A drawing that looks like a segment of tape, used to illustrate number relationships. Also known as a strip diagram, bar model, fraction strip, or length model.

Terminating decimal. A decimal is called terminating if its repeating digit is 0.

Third quartile. For a data set with median *M*, the third quartile is the median of the data values greater than *M*. Example: For the data set {2, 3, 6, 7, 10, 12, 14, 15, 22, 120}, the third quartile is 15. *See also:* median, first quartile, interquartile range.

Transitivity principle for indirect measurement. If the length of object A is greater than the length of object B, and the length of object B is greater than the length of object C, then the length of object A is greater than the length of object C. This principle applies to measurement of other quantities as well.

Uniform probability model. A probability model which assigns equal probability to all outcomes. *See also:* probability model.

Vector. A quantity with magnitude and direction in the plane or in space, defined by an ordered pair or triple of real numbers.

Visual fraction model. A tape diagram, number line diagram, or area model.

Whole numbers. The numbers 0, 1, 2, 3, ….

[5]Adapted from Wisconsin Department of Public Instruction, *op. cit*.

Table 1. Common addition and subtraction situations.[6]

	Result Unknown	Change Unknown	Start Unknown
Add to	Two bunnies sat on the grass. Three more bunnies hopped there. How many bunnies are on the grass now? 2 + 3 = ?	Two bunnies were sitting on the grass. Some more bunnies hopped there. Then there were five bunnies. How many bunnies hopped over to the first two? 2 + ? = 5	Some bunnies were sitting on the grass. Three more bunnies hopped there. Then there were five bunnies. How many bunnies were on the grass before? ? + 3 = 5
Take from	Five apples were on the table. I ate two apples. How many apples are on the table now? 5 – 2 = ?	Five apples were on the table. I ate some apples. Then there were three apples. How many apples did I eat? 5 – ? = 3	Some apples were on the table. I ate two apples. Then there were three apples. How many apples were on the table before? ? – 2 = 3
Put Together/ Take Apart[2]	**Total Unknown**	**Addend Unknown**	**Both Addends Unknown[1]**
	Three red apples and two green apples are on the table. How many apples are on the table? 3 + 2 = ?	Five apples are on the table. Three are red and the rest are green. How many apples are green? 3 + ? = 5, 5 – 3 = ?	Grandma has five flowers. How many can she put in her red vase and how many in her blue vase? 5 = 0 + 5, 5 = 5 + 0 5 = 1 + 4, 5 = 4 + 1 5 = 2 + 3, 5 = 3 + 2
Compare[3]	**Difference Unknown**	**Bigger Unknown**	**Smaller Unknown**
	("How many more?" version): Lucy has two apples. Julie has five apples. How many more apples does Julie have than Lucy? ("How many fewer?" version): Lucy has two apples. Julie has five apples. How many fewer apples does Lucy have than Julie? 2 + ? = 5, 5 – 2 = ?	(Version with "more"): Julie has three more apples than Lucy. Lucy has two apples. How many apples does Julie have? (Version with "fewer"): Lucy has 3 fewer apples than Julie. Lucy has two apples. How many apples does Julie have? 2 + 3 = ?, 3 + 2 = ?	(Version with "more"): Julie has three more apples than Lucy. Julie has five apples. How many apples does Lucy have? (Version with "fewer"): Lucy has 3 fewer apples than Julie. Julie has five apples. How many apples does Lucy have? 5 – 3 = ?, ? + 3 = 5

[1]These take apart situations can be used to show all the decompositions of a given number. The associated equations, which have the total on the left of the equal sign, help children understand that the = sign does not always mean makes or results in but always does mean is the same number as.
[2]Either addend can be unknown, so there are three variations of these problem situations. Both Addends Unknown is a pro- ductive extension of this basic situation, especially for small numbers less than or equal to 10.
[3]For the Bigger Unknown or Smaller Unknown situations, one version directs the correct operation (the version using more for the bigger unknown and using less for the smaller unknown). The other versions are more difficult.

[6]Adapted from Box 2-4 of Mathematics Learning in Early Childhood, National Research Council (2009, pp. 32, 33).

Table 2. Common multiplication and division situations.[7]

	Unknown Product	Group Size Unknown ("How many in each group?" Division)	Number of Groups Unknown ("How many groups?" Division)
	3 × 6 = ?	3 × ? = 18, and 18 ÷ 3 = ?	? × 6 = 18, and 18 ÷ 6 = ?
Equal Groups	There are 3 bags with 6 plums in each bag. How many plums are there in all? *Measurement example*. You need 3 lengths of string, each 6 inches long. How much string will you need altogether?	If 18 plums are shared equally into 3 bags, then how many plums will be in each bag? *Measurement example*. You have 18 inches of string, which you will cut into 3 equal pieces. How long will each piece of string be?	If 18 plums are to be packed 6 to a bag, then how many bags are needed? *Measurement example*. You have 18 inches of string, which you will cut into pieces that are 6 inches long. How many pieces of string will you have?
Arrays,[4] Area[5]	There are 3 rows of apples with 6 apples in each row. How many apples are there? *Area example*. What is the area of a 3 cm by 6 cm rectangle?	If 18 apples are arranged into 3 equal rows, how many apples will be in each row? *Area example*. A rectangle has area 18 square centimeters. If one side is 3 cm long, how long is a side next to it?	If 18 apples are arranged into equal rows of 6 apples, how many rows will there be? *Area example*. A rectangle has area 18 square centimeters. If one side is 6 cm long, how long is a side next to it?
Compare	A blue hat costs $6. A red hat costs 3 times as much as the blue hat. How much does the red hat cost? *Measurement example*. A rubber band is 6 cm long. How long will the rubber band be when it is stretched to be 3 times as long?	A red hat costs $18 and that is 3 times as much as a blue hat costs. How much does a blue hat cost? *Measurement example*. A rubber band is stretched to be 18 cm long and that is 3 times as long as it was at first. How long was the rubber band at first?	A red hat costs $18 and a blue hat costs $6. How many times as much does the red hat cost as the blue hat? *Measurement example*. A rubber band was 6 cm long at first. Now it is stretched to be 18 cm long. How many times as long is the rubber band now as it was at first?
General	$a \times b = ?$	$a \times ? = p$, and $p \div a = ?$	$? \times b = p$, and $p \div b = ?$

[4]The language in the array examples shows the easiest form of array problems. A harder form is to use the terms rows and columns: The apples in the grocery window are in 3 rows and 6 columns. How many apples are in there? Both forms are valuable.
[5]Area involves arrays of squares that have been pushed together so that there are no gaps or overlaps, so array problems include these especially important measurement situations.

[7]The first examples in each cell are examples of discrete things. These are easier for students and should be given before the measurement examples.

Table 3. The properties of operations. Here *a*, *b* and *c* stand for arbitrary numbers in a given number system. The properties of operations apply to the rational number system, the real number system, and the complex number system.

Associative property of addition	$(a + b) + c = a + (b + c)$ a
Commutative property of addition Additive	$+ b = b + a$
identity property of 0 Existence of additive	$a + 0 = 0 + a = a$
inverses Associative property of	For every a there exists $-a$ so that $a + (-a) = (-a) + a = 0$. $(a \times$
multiplication Commutative property of	$b) \times c = a \times (b \times c)$
multiplication Multiplicative identity property	$a \times b = b \times a$ a
of 1 Existence of multiplicative inverses	$\times 1 = 1 \times a = a$
Distributive property of multiplication over addition	For every $a \neq 0$ there exists $1/a$ so that $a \times 1/a = 1/a \times a = 1$.
	$a \times (b + c) = a \times b + a \times c$

Table 4. The properties of equality. Here *a*, *b* and *c* stand for arbitrary numbers in the rational, real, or complex number systems.

Reflexive property of equality	$a = a$
Symmetric property of equality	If $a = b$, then $b = a$.
Transitive property of equality	If $a = b$ and $b = c$, then $a = c$. If
Addition property of equality	$a = b$, then $a + c = b + c$. If $a =$
Subtraction property of equality	b, then $a - c = b - c$. If $a = b$,
Multiplication property of equality	then $a \times c = b \times c$.
Division property of equality	If $a = b$ and $c \neq 0$, then $a \div c = b \div c$.
Substitution property of equality	If $a = b$, then b may be substituted for a
	in any expression containing a.

Table 5. The properties of inequality. Here *a*, *b* and *c* stand for arbitrary numbers in the rational or real number systems.

Exactly one of the following is true: $a < b$, $a = b$, $a > b$.
If $a > b$ and $b > c$ then $a > c$.
If $a > b$, then $b < a$. If
$a > b$, then $-a < -b$.
If $a > b$, then $a \pm c > b \pm c$.
If $a > b$ and $c > 0$, then $a \times c > b \times c$. If
$a > b$ and $c < 0$, then $a \times c < b \times c$. If a
$> b$ and $c > 0$, then $a \div c > b \div c$. If $a >$
b and $c < 0$, then $a \div c < b \div c$.

IDAHO CONTENT STANDARDS
~~GRADE K- 2~~
PHYSICAL EDUCATION

Kindergarten-2nd Grade

Physical literacy: Possessing both the knowledge and ability to move with competence and confidence in a wide variety of physical activities in multiple environments that benefit the healthy development of the whole person.

Standard 1: Skilled Movement

Goal 1.1: ~~Demonstrate~~ The physically literate individual demonstrates competency in motor skills and movement patterns needed to perform a variety of physical activities.

Objective(s): By the end of grade 2, students will:

K-2.PE.1.1.1 Achieve mature forms in the basic locomotor skills (e.g., walking, running, skipping~~, etc.~~) and vary the manner in which these skills are performed during changing conditions and expectations (e.g., the elements of movement, levels, speeds, pathways, relationships, and effort).

K-2.PE.1.1.2 Demonstrate smooth transitions between sequential locomotor, non-locomotor, and manipulative skills~~(e.g. PEmetrics, etc.)~~.

K-2.PE.1.1.3 ~~Achieve mature~~ Demonstrate emerging form in the less complex manipulative skills (e.g., ~~underhand~~ throwing, catching, rolling~~, etc.~~) and show progress toward achieving mature form in the more complex manipulative skills (e.g., ~~foot~~ dribbl~~e~~ing, overhand throw, kicking, striking~~etc.~~).

K-2.PE.1.1.4 Demonstrate control in non-locomotor skills (e.g., twisting, bending, weight-transfer~~, etc.~~) as well as weight-bearing and balancing on a variety of body parts (e.g.,, symmetrical/asymmetrical, stork stand, partner balances~~, etc.~~).

Standard 2: Movement Knowledge

Goal 2.1: ~~Demonstrate understanding of movement concepts, principles, strategies and tactics as they apply to the learning and performance of physical activities~~The physically literate individual demonstrates understanding of concepts, principles, strategies, and tactics related to movement and to the performance of physical activities.~~.~~

Objective(s): By the end of grade 2, students will:

K-2.PE.2.1.1 Identify simple biomechanical principles (e.g., opposition, weight transfer, wide base of support for stability~~, etc.~~).

K-2.PE.2.1.2 Identify and apply critical cues and concepts of body, space, effort, time, and relationships that vary the quality of movement (e.g., side to target, move in personal space, throw hard for distance, name different pathways~~, etc.~~).

~~Standard 3: Valuing a Physically Active Lifestyle~~

~~Goal 3.1: Participate daily in physical activity for health, enjoyment and/or satisfaction, challenge, self-expression and/or social interaction.~~

~~Objective(s): By the end of grade 2, students will:~~

~~K2.PE.3.1.1 Participate in developmentally appropriate moderate to vigorous physical activity a minimum of 33% of the lesson time (e.g., time assessment, pedometer = 1800 steps in a 30 minute class or 60 steps per minute, etc.).~~

~~K-2.PE.3.1.2 Participate daily in moderate to vigorous physical activity during and outside of class as recommended by NASPE, CDC, and USDHHS of at least 60 minutes or more per day (e.g., activity logs, step count of at least 12000 steps per day, activity breaks, etc.).~~

~~K-2.PE.3.1.3 Express feelings about participation appropriately during physical activity (e.g., use of emoticons like smiley faces and thumb up/down, etc.).~~

Standard ~~4~~3: Health-Enhancing Personal Fitness

Goal ~~4~~3.1: ~~Achieve and maintain a health-enhancing level of physical fitness.~~The physically literate individual demonstrates the knowledge and skills to achieve and maintain a health-enhancing level of physical fitness.

Objective(s): By the end of grade 2, students will:

K-2.PE.~~4~~3.1.1 Engage in a variety of activities that promote 5 health~~-related~~ enhancing physical fitness components (e.g., jumping rope, riding a bicycle, ~~animal walks,~~walking like an animal, climbing ~~rope~~ wall, chasing and fleeing games, tumbling activities, ~~dance~~ dancing skills, walking/running program, ~~etc.~~).

K-2.PE.~~4~~3.1.2 Know and demonstrate basic knowledge of health-related fitness including cardiorespiratory endurance, muscular strength and muscular endurance, flexibility, and body composition (~~e.g.,~~i.e., identify various activities that demonstrate each health-related component~~, etc.~~).

K-2.PE.~~4~~3.1.3 Recognize physiological signs associated with participation in moderate-to-vigorous physical activity (e.g., sweating, fast heart rate, heavy breathing, muscle fatigue~~etc.~~).

Standard ~~5~~4: Personal and Social Responsibility

Goal ~~5~~4.1: ~~Exhibit responsible and social behavior that respects self and others in physical activity settings.~~ The physically literate individual exhibits responsible personal and social behavior that respects self and others in physical activity settings.

Objective(s): By the end of grade 2, students will:

K-2.PE.~~5~~4.1.1 Apply physical education class rules, procedures, and safe practices (e.g., listen/respond to teacher and peers, respect personal space, follow directions~~, etc~~).

K-2.PE.~~5~~4.1.2 Interact cooperatively using interpersonal communication during partner and small group activities (e.g., taking turns, sharing equipment, helping others~~, etc~~).

K-2.PE.~~5~~4.1.3 Work together to problem solve, complete a task, and/or tackle a challenge (e.g., rock/paper/scissors, sharing, partner games~~, etc~~).

Standard 5: Valuing a Physically Active Lifestyle

Goal 5.1: The physically literate individual participates daily in physical activity and recognizes its value for health, enjoyment, challenge, self-expression, and/or social interaction.

Objective(s): By the end of grade 2, students will:

K2.PE.5.1.1 Participate in developmentally appropriate moderate to vigorous physical activity a minimum of 33% of the lesson time (e.g., time assessment, pedometer = 1800 steps in a 30 minute class or 60 steps per minute).

K-2.PE.5.1.2 Participate daily in moderate to vigorous physical activity during and outside of class as recommended within the public health guidelines of at least 60 minutes or more per day (e.g., activity logs, step count of at least 12000 steps per day, activity breaks).

K-2.PE.5.1.3 Express feelings appropriately about participation during physical activity (e.g., use of emoticons like smiley faces and thumb up/down).

IDAHO CONTENT STANDARDS
~~GRADE 3-5~~
PHYSICAL EDUCATION

Grade 3-5

Physical literacy: Possessing both the knowledge and ability to move with competence and confidence in a wide variety of physical activities in multiple environments that benefit the healthy development of the whole person.

Standard 1: Skilled Movement

Goal 1.1: ~~Demonstrate~~ The physically literate individual demonstrates competency in motor skills and movement patterns needed to perform a variety of physical activities.

Objective(s): By the end of grade 5, students will:

3-5.PE.1.1.1 Apply fundamental, non-locomotor, locomotor, and manipulative skills in dynamic and complex movements (e.g., lead-up games, dance, educational gymnastics~~, etc.~~).

3-5.PE.1.1.2 Demonstrate emerging mature movement~~s~~ patterns using ~~concepts of effort~~ varying levels of intensity, relationships, and body and space awareness (e.g., dodging, weight transfer, offensive and defensive tactics and strategies).

~~.~~

3-5.PE.1.1.3 Demonstrate a wide variety of specialized skills (e.g., passing a ball, softball fielding, defensive sliding, grapevine dance step, rollerblading heel stop, bicycle signaling~~, etc.~~).

Standard 2: Movement Knowledge

Goal 2.1: ~~Demonstrate understanding of movement concepts, principles, strategies and tactics as they apply to the learning and performance of physical activities.~~The physically literate individual demonstrates understanding of concepts, principles, strategies and tactics related to movement and to the performance of physical activities.

Objective(s): By the end of grade 5, students will:

3-5.PE.2.1.1 ~~Utilize~~Demonstrate knowledge of critical cues and simple biomechanical principles to provide feedback to self and others (e.g., speed, agility, effort, opposition, balance, ~~Did I~~ follow through~~?~~, self and peer checklist~~, etc.~~).

3-5.PE.2.1.2 Transfer concepts to new skills/games (e.g., offensive and defensive strategies, ~~bending the knees lowers the~~ center of gravity and ~~increases~~ stability, rhythm and timing, aim adjustment, placement, accuracy, scoring strategy,~~etc.~~).

3-5.PE.2.1.3 Identify ways to improve performance (e.g., appropriate practice, learn techniques, positive ~~self talk~~self-talk, visualize performance, positive specific feedback~~etc.~~).

~~**Standard 3: Valuing a Physically Active Lifestyle**~~

~~**Goal 3.1: Participate daily in physical activity for health, enjoyment and/or satisfaction, challenge, self-expression and/or social interaction.**~~

~~**Objective(s): By the end of grade 5, students will:**~~

~~3-5.PE.3.1.1 Participate in developmentally appropriate moderate to vigorous physical activity a minimum of 33% of the lesson time (e.g., time assessment, pedometer = 1800 steps in a 30 minute class or 60 steps per minute, etc.).~~

~~3-5.PE.3.1.2 Participate daily in moderate to vigorous physical activity during and outside of class as recommended by NASPE, CDC, and USDHHS of at least 60 minutes or more per day (e.g., activity logs, step count of at least 12000 steps per day, activity breaks, etc.).~~

~~3-5.PE.3.1.3 Identify and/or make use of opportunities at school and within the community for regular participation in physical activity (e.g., enroll in organized school activity, etc.).~~

~~3-5.PE.3.1.4 Seek personally challenging experiences in physical activity (e.g., sets realistic improvement goals for a greater challenge in existing activity, etc.).~~

Standard ~~4~~3: Health Enhancing Personal Fitness

Goal ~~4~~3.1: ~~Achieve and maintain a health-enhancing level of physical fitness.~~ The physically literate individual demonstrates the knowledge and skills to achieve and maintain a health-enhancing level of physical fitness.

Objective(s): By the end of grade 5, students will:

3-5.PE.~~4~~3.1.1 ~~Know and demonstrate~~ Understand the 5 health-related fitness components (cardiorespiratory endurance, muscular strength, ~~and~~ muscular endurance, flexibility, and body composition) by improving, meeting, and/or sustaining ~~gender and age-related contemporary fitness standards as defined by approved tests~~ performance on evidence-based fitness standards (e.g., ~~Fitnessgram or President's Council~~ evidence-based fitness tests, healthy fitness ~~zone/~~level, ~~identify various~~ activities that demonstrate each health-related component~~, etc.~~).

3-5.PE.~~4~~3.1.2 Regularly participate in moderate-to-vigorous physical activity ~~which~~ that improves physical fitness (e.g., physical education class, home/school/community programs~~, etc.~~).

3-5.PE.~~4~~3.1.3 With teacher assistance, interpret the results and significance of information provided by formal measures of physical fitness and set and achieve attainable personal health-related fitness goals (e.g., ~~Physical Best, goal setting,~~ evidence-based fitness results~~etc.~~).

Standard ~~5~~4: Personal and Social Responsibility

Goal ~~5~~4.1:~~-~~ ~~Exhibit responsible and social behavior that respects self and others in physical activity settings.~~ The physically literate individual exhibits responsible personal and social behavior that respects self and others in physical activity settings.

Objective(s): By the end of grade 5, students will:

3-5.PE.~~5~~4.1.1 Identify the purposes for and follow safe practices, rules, procedures, and etiquette (e.g., help a peer, use equipment appropriately, accept teacher decision regarding a rule infraction without blaming, show respect, honesty and fairness~~etc.~~).

3-5.PE.~~5~~4.1.2 Work independently and cooperatively in groups to complete tasks and challenges (e.g., develop a creative game, practice to improve performance in and out of school, team building challenges, create task cards, provide assistance to the teacher and other students~~etc.~~).

3-5.PE.~~5~~4.1.3 Appreciate the diversity of other~~s~~ people by cooperating with those of a different gender, race, ethnicity, and ability (e.g. dancing with a peer of a different gender, ~~modify~~ modifying an activity for inclusion; participating in cultural games, encouraging others~~etc.~~)

Standard 5: Valuing a Physically Active Lifestyle

Goal 5.1: The physically literate individual participates daily in physical activity and recognizes its value for health, enjoyment, challenge, self-expression and/or social interaction.

Objective(s): By the end of grade 5, students will:

3-5.PE.5.1.1 Participate in developmentally appropriate moderate to vigorous physical activity a minimum of 33% of the lesson time (e.g., time assessment, pedometer = 1800 steps in a 30 minute class or 60 steps per minute).

3-5.PE.5.1.2 Participate daily in moderate to vigorous physical activity during and outside of class as recommended by NASPE, CDC, and USDHHS of at least 60 minutes or more per day within the public health guidelines (e.g., student-initiated involvement, before and after school programs, community fitness events, run/walk programs).

3-5.PE.5.1.3 Seek personally challenging experiences in physical activity (e.g., personal fitness goals, attempt new activities, set realistic improvement goals for a greater challenge in existing activity).

IDAHO CONTENT STANDARDS
~~GRADE 6-8~~
PHYSICAL EDUCATION

Grade 6-8

Physical literacy: Possessing both the knowledge and ability to move with competence and confidence in a wide variety of physical activities in multiple environments that benefit the healthy development of the whole person.

Standard 1: Skilled Movement

Goal 1.1: ~~Demonstrate~~ The physically literate individual demonstrates competency in motor skills and movement patterns needed to perform a variety of physical activities.

Objective(s): By the end of grade 8, students will:

6-8.PE.1.1.1 Demonstrate mature form in the basic skills of more specialized activities (e.g., wall/net, invasion, field/striking, target, dance, aquatics, outdoor activities, fitness, resistance training ~~etc.~~).

6-8.PE.1.1.2 Adapt and combine skills successfully in modified games or activities of increasing complexity. ~~and in combination with other basic skills.~~

6-8.PE.1.1.3 Demonstrate movement tactics and strategies that can be applied to a variety of ~~sports and~~ physical activities (e.g., wall/net, invasion, field/striking, target, dance, aquatics, outdoor activities, fitness, resistance training~~etc.~~).

Standard 2: Movement Knowledge

Goal 2.1: ~~Demonstrate understanding of movement concepts, principles, strategies and tactics as they apply to the learning and performance of physical activities.~~The physically literate individual demonstrates understanding of concepts, principles, strategies and tactics related to movement and to the performance of physical activities.

Objective(s): By the end of grade 8, students will:

6-8.PE.2.1.1 Identify and apply the critical elements, strategies, and tactics of higher level movements in wall/net, invasion, field/striking, target, dance, outdoor activities, outdoor ethics, fitness~~, etc.,~~ (e.g., transition from offense to defense, ~~leave no trace,~~ shortest distance, angles of interception~~, fluid sequential movement, etc.~~).

6-8.PE.2.1.2 Identify principles of practice and biomechanics that enhance movement performance (e.g., describe basic principles of training and how they improve fitness, describe ~~why extending the elbow~~

~~in striking skills is important,~~ the purpose behind the mechanics and range of motion required in various physical activities~~etc.~~).

6-8.PE.2.1.3 Apply external feedback to guide and improve performance (e.g., use videos to refine skills, utilize verbal feedback to improve performance~~, etc.~~).

~~**Standard 3: Valuing a Physically Active Lifestyle**~~

~~**Goal 3.1: Participate daily in physical activity for health, enjoyment and/or satisfaction, challenge, self-expression and/or social interaction.**~~

~~**Objective(s): By the end of grade 8, students will:**~~

~~6-8.PE.3.1.1 Participate in developmentally appropriate moderate to vigorous physical activity a minimum of 50% of the lesson time (e.g., time assessment, pedometer = 3200 steps in a 40 minute lesson or 80 steps per minute, etc.).~~

~~6-8.PE.3.1.2 Participate daily in moderate to vigorous physical activity during and outside of class as recommended by NASPE, CDC, and USDHHS of at least 60 minutes or more per day (e.g., activity logs, step count of at least 12000 steps per day, activity breaks, etc.).~~

~~6-8.PE.3.1.3 Explore a variety of challenging physical activities for personal interest, self-expression and social interaction in a variety of settings including school, home, workplace, and community (e.g., bowling, golf, recreational teams, lessons, camping, etc.).~~

~~6-8.PE.3.1.4 Describe the challenges found both in experiencing high levels of competition and in learning new and/or different activities (e.g., journaling, videos, blogs, etc.).~~

Standard 43: Health Enhancing Personal Fitness

Goal 43.1: ~~Achieve and maintain a health-enhancing level of physical fitness.~~ The physically literate individual demonstrates the knowledge and skills to achieve and maintain a health-enhancing level of physical fitness.

Objective(s): By the end of grade 8, students will:

6-8.PE.43.1.1 Know and demonstrate the 5 health-related fitness components ~~including~~ (cardiorespiratory endurance, muscular strength, ~~and~~ muscular endurance, flexibility, and body composition) by improving, meeting and/or sustaining gender and age-related contemporary fitness standards ~~as defined by approved tests~~ (e.g., ~~Fitnessgram or President's Council~~ evidence-based fitness tests, healthy fitness ~~zone/~~level, ~~identify various~~ activities that demonstrate each health-related component~~, etc.~~).

6-8.PE.43.1.2 Know and demonstrate the basic knowledge of skill-related fitness including agility, coordination, balance, power, reaction time, and speed (e.g., ~~President's Council, assessment series from NASPE~~, resistance training techniques, combatives, sprint starts, vertical/standing jump, pilates~~, etc.~~).

6-8.PE.~~4~~3.1.3 Participate in a variety of developmentally appropriate health~~-related~~ and skill-related fitness activities in diverse settings including school, home, ~~workplace,~~ and community (e.g., hiking, swimming, orienteering, rock climbing, fun runs, social dance~~, etc.~~).

6-8.PE.~~4~~3.1.4 Assess physiological indicators of exercise during and after physical activity (e.g., target heart rate zone, perceived exertion~~, etc.~~).

6-8.PE.~~4~~3.1.5 Apply basic principles and types of training to improve fitness goals (e.g., ~~frequency, intensity,~~ FITT principle, ~~-~~progression, specificity, rest and recovery, overload, regularity, interval training, ~~fartlek~~Fartlek, circuit training, resistance training~~, etc.~~).

Standard ~~5~~4: Personal and Social Responsibility

Goal ~~5~~4.1:~~-~~ ~~Exhibit responsible and social behavior that respects self and others in physical activity settings.~~ The physically literate individual exhibits responsible personal and social behavior that respects self and others in physical activity settings.

Objective(s): By the end of grade 8, students will:

6-8.PE.~~5~~4.1.1 Apply safe practices, ethical behavior, and positive forms of social interaction when participating in physical activities (e.g., participate within the rules of an activity, display good sportsmanship, practice self-control~~, etc.~~).

6-8.PE.~~5~~4.1.2 Solve problems by analyzing potential consequences when confronted with a behavioral choice (e.g., resolve argument between peers, be sensitive of the rights and feelings of others, role play~~, case studies, etc.~~).

6-8.PE.~~5~~4.1.3 Work independently and in groups to achieve goals in competitive and cooperative settings (e.g., identify ways to relieve stress, develop team goals, practice for competition, sport education, adventure activities, and/or challenge activities~~, etc.~~).

6-8.PE.~~5~~4.1.4 Appreciate other~~s~~ people of diverse characteristics and backgrounds during physical activity (e.g., invite others with differences to participate in an activity, work cooperatively with peers of diverse skill levels, cultural activities/projects, and/or peer mentoring~~, etc.~~).

6-8.PE.~~5~~4.1.5 Recognize the role of ~~sport and~~ physical activity in influencing personal and social behavior (e.g., identify positive and negative behaviors of sport figures, develop leadership skills, take responsibility ~~of~~ for actions, recognize the importance of individual roles in group activities~~, etc.~~).

Standard 5: Valuing a Physically Active Lifestyle

Goal 5.1: The physically literate individual participates daily in physical activity and recognizes its value for health, enjoyment, challenge, self-expression, and/or social interaction.

Objective(s): By the end of grade 8, students will:

- 6-8.PE.5.1.1 Participate in developmentally appropriate moderate to vigorous physical activity a minimum of 50% of the lesson time (e.g., time assessment, pedometer = 3200 steps in a 40 minute lesson or 80 steps per minute).
- 6-8.PE.5.1.2 In combination with the activity acquired in Physical Education class, students should accumulate a total of at least 60 minutes of moderate to vigorous physical activity throughout the day as recommended within the public health guidelines (e.g., activity logs, step count of at least 12000 steps per day, activity breaks).
- 6-8.PE.5.1.3 Explore a variety of challenging physical activities for personal interest, self-expression and social interaction in a variety of settings including school, home, workplace, and community (e.g., bowling, golf, recreational teams, sports camps/lessons, fitness club membership, camping).
- 6-8.PE.5.1.4 Enjoy the challenge of working hard and feel satisfaction when successful in improving skills and developing personal goals (e.g., surveys, tracking, data).

IDAHO CONTENT STANDARDS
~~GRADE 9-12~~
PHYSICAL EDUCATION

Grade 9-12

Physical literacy: Possessing both the knowledge and ability to move with competence and confidence in a wide variety of physical activities in multiple environments that benefit the healthy development of the whole person.

Standard 1: Skilled Movement

Goal 1.1: ~~Demonstrate~~ The physically literate individual demonstrates competency in motor skills and movement patterns needed to perform a variety of physical activities.

Objective(s): By the end of grade 12, students will:

9-12.PE.1.1.1 Demonstrate competency in basic and advanced skills and tactics in ~~at least five~~ multiple leisure and lifetime physical activities (e.g., individual/dual/team-related sports, outdoor pursuits, ~~rhythm,~~ dance, resistance training, fitness, ~~and~~ aquatics).

Standard 2: Movement Knowledge

Goal 2.1: ~~Demonstrate understanding of movement concepts, principles, strategies and tactics as they apply to the learning and performance of physical activities.~~The physically literate individual demonstrates understanding of concepts, principles, strategies, and tactics related to movement and to the performance of physical activities.

Objective(s): By the end of grade 12, students will:

9-12.PE.2.1.1 Demonstrate the knowledge and understanding necessary to develop scientifically based personal activity plans that include self-selected physical activities ~~and sports~~ (e.g., physical activity goal setting, fitness profiles and assessments~~, mypyramid.gov nutrition~~).

9-12.PE.2.1.2 ~~Utilize complex movement concepts and principles to independently refine skills and apply them to the learning of new skills~~Apply internal and external feedback to independently assess and refine skills. Transfer previously learned skills and apply them to the learning of new skills (e.g., ~~utilizing anaerobic and aerobic performance appropriately, applying the concept of spin to a variety of activities to improve performance, biomechanical efficiency to conserve energy,~~ video, self-assessments, peer-assessments).

9-12.PE.2.1.3 Evaluate and apply appropriate tactics and strategies in a variety of ~~sports and~~ physical activities (e.g., using trekking poles to improve efficiency, ~~recognize elite level~~ comparing and contrasting various levels of ~~-~~performance, explaining tactical strategies in a game ~~of softball~~or sport).

~~**Standard 3: Valuing a Physically Active Lifestyle**~~

~~**Goal 3.1: Participate daily in physical activity for health, enjoyment and/or satisfaction, challenge, self-expression and/or social interaction.**~~

~~**Objective(s): By the end of grade 12, students will:**~~

~~9-12.PE.3.1.1 Participate in moderate to vigorous physical activity for at least of 50% of the lesson time (e.g., time assessment, pedometer = 3200 steps in a 40 minute lesson or 80 steps per minute - block or traditional schedule, etc.).~~

~~9-12.PE.3.1.2 Participate daily in moderate to vigorous physical activity during and outside of class as recommended by NASPE, CDC, and USDHHS of at least 60 minutes or more per day (e.g., activity logs, step count of at least 12000 steps per day, activity breaks, etc.).~~

~~9-12.PE.3.1.3 Provide rationale about their physical activity participation for health and manage participation based on personal interests, capabilities, and resources (e.g., develop individual physical activity plan, journaling, etc.).~~

~~9-12.PE.3.1.4 Analyze factors that influence personal physical activity patterns over one's lifespan (e.g., reflections on volunteer efforts with populations of various ages and abilities, personal profile, family physical activity tree, create personal activity pyramid, etc.).~~

~~9-12.PE.3.1.5 Enjoy the challenge of working hard to better their skills and feel satisfaction when they are successful in improving and pursuing personal goals (e.g., journaling reflections, etc.).~~

Standard ~~4~~3: Health Enhancing Personal Fitness

Goal ~~4~~3.1: ~~Achieve and maintain a health-enhancing level of physical fitness.~~The physically literate individual demonstrates the knowledge and skills to achieve and maintain a health-enhancing level of physical fitness.

Objective(s): By the end of grade 12, students will:

9-12.PE.~~4~~3.1.1 ~~Demonstrate health-related fitness components~~ Assume greater self-responsibility for improving, meeting and/or sustaining gender and age-related contemporary fitness standards for the 5 health-related fitness components ~~-~~(cardiorespiratory endurance, muscular strength and endurance, flexibility, and body composition) by improving, meeting and/or sustaining gender and age-related contemporary fitness standards as defined by ~~approved tests (e.g., Fitnessgram or President's Council healthy fitness zone/level, identify various activities~~(e.g., evidence-based fitness tests, log sheets, fitness profiles, task cards, portfolios, and identify/ participate in various activities that demonstrate each health-related component~~, etc.~~).

9-12.PE.~~4~~3.1.2 ~~Assume greater self-responsibility to improve, meet, and/or sustain gender and age-related contemporary fitness standards necessary for a healthy productive life as defined by approved tests such as Fitnessgram or President's Council healthy fitness zone/level~~ Apply knowledge of skill-related fitness components including agility, coordination, balance, power, reaction time, and speed to improve performance (e.g., ~~log sheets, fitness profiles, task cards, portfolios,~~ resistance training technique, combatives, sprint starts, vertical/standing jump, pilates ~~etc.~~).

9-12.PE.~~4~~3.1.3 Interpret and analyze information from fitness tests ~~to plan and design individual programs for achieving and maintaining current/lifelong fitness goals that encompass all components of fitness~~ and physiological indicators of exercise to develop a rationale for a personal fitness plan (e.g., ~~select various activities from skill- and health-related components, set goals, fitness plan, assessment and evaluation, website programs for lifelong fitness planning,~~ identifying strengths and weaknesses, setting goals, modifying activities~~etc.~~).

9-12.PE.3.1.4 Design individual programs for achieving and maintaining current/lifelong fitness goals that encompass all components of fitness, types of training, and training principles (e.g., FITT principle, overload, progression, specificity, rest and recovery, utilize technology-based tools for lifelong fitness planning).

Standard ~~5~~4: Personal and Social Responsibility

Goal ~~5~~4.1: ~~Exhibit responsible and social behavior that respects self and others in physical activity settings.~~The physically literate individual exhibits responsible personal and social behavior that respects self and others in physical activity settings.

Objective(s): By the end of grade 12, students will:

9-12.PE.~~5~~4.1.1 Demonstrate the ability to initiate responsible personal and social behavior, function independently, and positively influence the behavior of others in physical activity settings (e.g., ~~develop code of ethics, sportsmanship recognition, volunteer Special Olympics, assist in an elementary physical education class,~~ respectful sportsmanship, self-control, role-modeling~~etc.~~).

9-12.PE.~~5~~4.1.2 Demonstrate leadership by holding ~~themselves~~ oneself and others responsible for following safe practices, rules, procedures, and etiquette in physical activity settings (e.g., ~~assumes an active leader and/or supportive role as appropriate during a ropes course activity,~~ acknowledge a rule infraction, ~~plan and lead a backpacking trip, coordinate a fun run, respecting others space in a weight room,~~ adhere to spotting protocols in a weight room, assign team/player roles~~etc.~~).

9-12.PE.~~5~~4.1.3 Respond appropriately to ~~potentially explosive~~unacceptable interactions with others in order to mediate and resolve conflict (e.g., communicate~~s~~ in a calm and controlled manner to inflammatory remarks, ~~role play, debate behaviors that occur in current events~~, listen to both sides of an argument and agree on a conclusion, report serious offenses, identify alternative to negative behaviors, ~~etc.~~).

9-12.PE.~~5~~4.1.4 ~~Synthesize and evaluate knowledge regarding the role of physical activity in a culturally diverse society~~Accept other people with different interests, cultural backgrounds, physical characteristics and abilities while engaging in physical activities (e.g., ~~identify barriers and opportunities for physical activity in the community, document the influence of cultural events on one's own physical activity behavior, interpret the meaning of physical activity through forms of expression such as art, poetry, writing, film, movement;~~ modify physical activities, show compassion for others~~etc.~~).

9-12.PE.~~5~~4.1.5 Evaluate personal choices for engaging in physical activity over the life span including the influence of age, ability, gender, race, ethnicity, socioeconomic status, and culture (e.g., ~~the impact of family physical activity on self; successes, challenges and enjoyment in lifelong physical activities; the effect of dance, fitness or recreational activities on senior citizens; critique economic commitments,~~ recognize barriers and opportunities to participate in physical activity across a lifespan~~etc.~~).

Standard 5: Valuing a Physically Active Lifestyle

Goal 5.1: The physically literate individual participates daily in physical activity and recognizes its value for health, enjoyment, challenge, self-expression and/or social interaction.

Objective(s): By the end of grade 12, students will:

9-12.PE.5.1.1 Participate in moderate to vigorous physical activity for at least of 50% of the lesson time (e.g., time assessment, pedometer = 3200 steps in a 40 minute lesson or 80 steps per minute - block or traditional schedule).

9-12.PE.5.1.2 In combination with the activity acquired in Physical Education class, students should accumulate a total of at least 60 minutes of moderate to vigorous physical activity throughout the day as recommended within public health guidelines (e.g., activity logs, step count of at least 12000 steps per day, activity breaks).

9-12.PE.5.1.3 Actively and independently pursue physical activity opportunities outside of the school based on personal interests, capabilities, and resources (e.g., outdoor recreational pursuits, fitness club membership, walking/running club, active transportation, state rationale for physical activity choices).

9-12.PE.5.1.4 Analyze factors that influence personal physical activity patterns over one's lifespan (e.g., reflections on volunteer efforts with populations of various ages and abilities, personal profile, family physical activity tree, create personal activity pyramid).

9-12.PE.5.1.5 Enjoy the challenge of working hard and feel satisfaction when they are successful in improving skills and developing personal goals (e.g., journaling reflections).

IDAHO CONTENT STANDARDS
KINDERGARTEN
SOCIAL STUDIES

Standard 1: History

Students in Kindergarten build an understanding of the cultural and social development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of Kindergarten, the student will be able to:

K.SS.1.1.1 Share stories, pictures, and music of one's own personal life, family and culture.
K.SS.1.1.2 Describe how families celebrate in many different ways.
K.SS.1.1.3 Describe how individuals have similarities and differences.
K.SS.1.1.4 Describe how each person is special and unique within the classroom.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives at this grade level

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives at this grade level

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives at this grade level

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives at this grade level

Goal 1.6: Explain the rise of human civilization.

No objectives at this grade level

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives at this grade level

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives at this grade level

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives at this grade level

Standard 2: Geography

Students in Kindergarten analyze the spatial organizations of people, places and environment on the earth's surface.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of Kindergarten, the student will be able to:

- K.SS.2.1.1 Identify the globe as a model of the earth.
- K.SS.2.1.2 Distinguish between land masses and water on a globe or map.
- K.SS.2.1.3 Identify the north and south poles on a map or globe.
- K.SS.2.1.4 Recognize a map of the United States of America and know it is the country in which we live.
- K.SS.2.1.5 Make and use a map of a familiar area.
- K.SS.2.1.6 Recognize a map of Idaho and know it is the state in which we live.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

No objectives at this grade level

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

No objectives at this grade level

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives at this grade level

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives at this grade level

Standard 3: Economics

Students in Kindergarten explain basic economic concepts.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Kindergarten, the student will be able to:

K.SS.3.1.1 Observe that all people have needs and wants.
K.SS.3.1.2 Recognize that people have limited resources.
K.SS.3.1.3 Describe some jobs that people do to earn money/rewards.

Goal 3.2: Identify different influences on economic systems.

No objectives at this grade level

Goal 3.3: Analyze the different types of economic institutions.

No objectives at this grade level

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

No objectives at this grade level

Standard 4: Civics and Government

Students in Kindergarten build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, and that all people in the United States have rights and assume responsibilities.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of Kindergarten, the student will be able to:

K.SS.4.1.1 Name some rules and the reasons for them.
K.SS.4.1.2 Discuss how individuals and groups make decisions and solve problems.
K.SS.4.1.3 Identify personal traits, such as courage, honesty, and responsibility.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of Kindergarten, the student will be able to:

K.SS.4.2.1 Identify symbols of the United States such as the flag, Pledge of Allegiance, Bald Eagle, red, white, and blue, Statue of Liberty, and the President.
K.SS.4.2.2 Recite the Pledge of Allegiance.
K.SS.4.2.3 Describe holidays, and tell why they are commemorated in the United States, such as Thanksgiving, Martin Luther King, Jr. Day, Independence Day, and Presidents' Day.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of Kindergarten, the student will be able to:

K.SS.4.3.1 Identify individuals who are helpful to people in their everyday lives.
K.SS.4.3.2 Identify ways to be helpful to family and school.

Goal 4.4: Build an understanding of the evolution of democracy.

No objectives at this grade level

Goal 4.5: Build an understanding of comparative government.

No objectives at this grade level

Standard 5: Global Perspectives

Students in Kindergarten build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Kindergarten, the student will be able to:

K.SS.5.1.1 Name family traditions that came to America from other parts of the world.

IDAHO CONTENT STANDARDS
GRADE 1
SOCIAL STUDIES

Standard 1: History

Students in Grade 1 build an understanding of the cultural and social development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of Grade 1, the student will be able to:

1.SS.1.1.1 Recognize that each person belongs to many groups such as family, school, friends, and neighborhood.
1.SS.1.1.2 Compare differences in the ways American families live today to how they lived in the past.
1.SS.1.1.3 Use timelines to show personal and family history.
1.SS.1.1.4 Compare personal histories, pictures, and music of other selected times and places in America's past.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives at this grade level

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives at this grade level

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives at this grade level

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives at this grade level

Goal 1.6: Explain the rise of human civilization.

No objectives at this grade level

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives at this grade level

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives at this grade level

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives at this grade level

Standard 2: Geography

Students in Grade 1 analyze the spatial organizations of people, places and environment on the earth's surface and explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Goal 2.1: Analyze the spatial organizations of people, places and environment on the earth's surface.

Objective(s): By the end of Grade 1, the student will be able to:

- 1.SS.2.1.1 Explain what maps and globes represent and how they are used.
- 1.SS.2.1.2 Use directions on a map: East, West, South, and North.
- 1.SS.2.1.3 Identify legends and keys on maps.
- 1.SS.2.1.4 Identify continents and large bodies of water on a globe or a map.
- 1.SS.2.1.5 Name and locate continent, country, state, and community in which the class lives.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Objective(s): By the end of Grade 1, the student will be able to:

- 1.SS.2.2.1 Describe ways people adjust to their environment.
- 1.SS.2.2.2 Identify the ways people modify their environment.

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

No objectives at this grade level

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives at this grade level

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives at this grade level

<u>Standard 3</u>: Economics

Students in Grade 1 explain basic economic concepts and explain the concepts of ~~good~~ personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Grade 1, the student will be able to:

- 1.SS.3.1.1 Identify the basic needs of people, such as food, clothing, and shelter.
- 1.SS.3.1.2 Identify ways people meet their needs by sharing, trading, and using money to buy goods and services.
- 1.SS.3.1.3 Name things that people may want but do not need and explain the difference.

Goal 3.2: Identify different influences on economic systems.

No objectives at this grade level

Goal 3.3: Analyze the different types of economic institutions.

No objectives at this grade level

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

Objective(s): By the end of Grade 1, the student will be able to:

- 1.SS.3.4.1 Identify ways to save money for future needs and wants.

<u>Standard 4</u>: Civics and Government

Students in Grade 1 build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, and that all people in the United States rights and assume responsibilities.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of Grade 1, the student will be able to:

- 1.SS.4.1.1 Explain why rules are necessary at home and school.
- 1.SS.4.1.2 Create rules and explain why rules must be applied fairly.
- 1.SS.4.1.3 Discuss how <u>individuals and</u> groups make decisions and solve problems, such as voting and consensus.
- 1.SS.4.1.4 Identify personal traits, such as courage, honesty, and responsibility.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of Grade 1, the student will be able to:

- 1.SS.4.2.1 Identify the significance of symbols in the United States.

1.SS.4.2.2 Recite the Pledge of Allegiance.
1.SS.4.2.3 Describe holidays and events, and tell why they are commemorated in the United States.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of Grade 1, the student will be able to:
1.SS.4.3.1 Identify individuals who are helpful to people in their everyday lives.
1.SS.4.3.2 Name some responsibilities that students have at home and school.

Goal 4.4: Build an understanding of the evolution of democracy.

No objectives at this grade level

Goal 4.5: Build an understanding of comparative government.

No objectives at this grade level

Standard 5: Global Perspectives

Students in Grade 1 build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Grade 1, the student will be able to:
1.SS.5.1.1 Compare family life in other parts of the world.
1.SS.5.1.2 Discuss family structures and daily routines of various cultures around the world.

IDAHO CONTENT STANDARDS
GRADE 2
SOCIAL STUDIES

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in Grade 2 build an understanding of the cultural and social development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.1.1.1 Discuss different groups that a person belongs to, such as family and neighborhood, and how those roles and/or groups have changed or stayed the same.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives at this grade level

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives at this grade level

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives at this grade level

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives at this grade level

Goal 1.6: Explain the rise of human civilization.

No objectives at this grade level

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives at this grade level

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives at this grade level

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives at this grade level

<u>Standard 2</u>**: Geography**

Students in Grade 2 analyze the spatial organizations of people, places, and environment on the earth's surface and explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of Grade 2, the student will be able to:

- 2.SS.2.1.1 Identify landforms, bodies of water, and human made features such as cities and dams on a map and globe.
- 2.SS.2.1.2 State the cardinal directions and how to use a compass rose.
- 2.SS.2.1.3 Show that map symbols such as key, legend, and scale represent a real object or place.
- 2.SS.2.1.4 Illustrate that boundary lines separate states.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Objective(s): By the end of Grade 2, the student will be able to:

- 2.SS.2.2.1 Compare how environmental conditions affect living styles and clothing in different parts of the country.
- 2.SS.2.2.2 Describe how humans depend on the environment to meet their basic needs.

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

No objectives at this grade level

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives at this grade level

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives at this grade level

Standard 3: Economics

Students in Grade 2 explain basic economic concepts, identify different influences on economic systems, and explain the concepts of ~~good~~ personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.3.1.1 Identify wants and needs of ~~all~~ families.
2.SS.3.1.2 Define income, and identify different ways to earn and save.
2.SS.3.1.3 Identify the difference between goods and services.
2.SS.3.1.4 Identify differences between producers and consumers.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.3.2.1 Explain how natural resources affect economic activities in the local community.

Goal 3.3: Analyze the different types of economic institutions.

No objectives at this grade level

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.3.4.1 Identify reasons people save money.

Standard 4: Civics and Government

Students in Grade 2 build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, and that all people in the United States have rights and assume responsibilities.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.4.1.1 Explain why rules are necessary at home, ~~and~~ school, and in the neighborhood.
2.SS.4.1.2 Explain that there are benefits for following the rules and consequences for breaking the rules at home, ~~and~~ school, and in the neighborhood.
2.SS.4.1.3 Identify the people or groups that make, apply, and enforce rules at home, ~~and~~ school, and in the neighborhood.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.4.2.1 Explain important customs, symbols, and celebrations that represent the development of American beliefs and principles.

2.SS.4.2.2 ~~State~~ Examine the meaning of key words in the Pledge of Allegiance.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.4.3.1 Identify characteristics of good citizenship, such as courage, honesty, and responsibility.

2.SS.4.3.2 ~~Name~~ Identify historic and contemporary people who model characteristics of good citizenship.

Goal 4.4: Build an understanding of the evolution of democracy.

No objectives at this grade level

Goal 4.5: Build an understanding of comparative government.

No objectives at this grade level

Standard 5: Global Perspectives

Students in Grade 2 identify the importance of respecting multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Grade 2, the student will be able to:

2.SS.5.1.1 Compare your neighborhood~~s~~/community~~ies~~ to others in various parts of the world.

2.SS.5.1.2 Compare traditions in your neighborhood/community with those practiced in other parts of the world.

IDAHO CONTENT STANDARDS
GRADE 3
SOCIAL STUDIES

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in Grade 3 build an understanding of the cultural and social development of the United States, ~~and~~ trace the role of migration and immigration of people in the development of the United States, and identify the sovereign status and role of American Indians in the development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of Grade 3, the student will be able to:

- 3.SS.1.1.1 Explain that people in the United States share a ~~common heritage~~ national identity through patriotic ~~holidays and~~ symbols and holidays.
- 3.SS.1.1.2 Investigate the history of your community.
- 3.SS.1.1.3 Compare different cultural groups in the community, including their distinctive foods, clothing styles, and traditions.
- 3.SS.1.1.4 Identify and describe ways families, groups, tribes and communities influence the individual's daily life and personal choices.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

Objective(s): By the end of Grade 3, the student will be able to:

- 3.SS.1.2.1 Share the origins of classmates' ancestors.
- 3.SS.1.2.2 Describe how migration and immigration are continuous processes.
- 3.SS.1.2.3 Identify reasons for voluntary ~~immigration~~ and involuntary movement of people to and from your community.

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

~~No objectives at this grade level~~

Objective(s): By the end of Grade 3, the student will be able to:

- 3.SS.1.3.1 Identify characteristics of different cultural groups in your community including American Indians.

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives at this grade level

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives at this grade level

Goal 1.6: Explain the rise of human civilization.

No objectives at this grade level

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives at this grade level

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives at this grade level

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives at this grade level

Standard 2: Geography

Students in Grade 3 analyze the spatial organizations of people, places, and environment on the earth's surface and trace the migration and settlement of human populations on the earth's surface.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of Grade 3, the student will be able to:

- 3.SS.2.1.1 Describe the concepts of globe, continent, country, state, county, city/town, and neighborhood.
- 3.SS.2.1.2 Find the United States, Washington, D.C., Idaho, the state capital Boise, and your own community on a map.
- 3.SS.2.1.3 Locate on a map waterways, landforms, cities, states, and national boundaries using standard map symbols.
- 3.SS.2.1.4 Use a map title, map key, scale, cardinal directions, and symbols to interpret a map.
- 3.SS.2.1.5 Use a number/letter grid to find specific locations on a map.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

No objectives at this grade level

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.2.3.1 Analyze past and present settlement patterns of the community.
3.SS.2.3.2 Identify geographic features influencing settlement patterns of the community.
3.SS.2.3.3 Compare and contrast city/suburb/town and urban/rural.

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives at this grade level

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives at this grade level

Standard 3: Economics

Students in Grade 3 explain basic economic concepts, ~~*and*~~ identify different influences on economic systems, analyze the different types of economic institutions, and explain the concepts of ~~good~~ personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.3.1.1 Explain the concepts of supply and demand and the role of the consumer and producer.
3.SS.3.1.2 Explain the difference between public and private property.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.3.2.1 Explain how land, natural resources, labor, trade, and/or technology affect economic activities in the local community.

Goal 3.3: Analyze the different types of economic institutions.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.3.3.1 Explain the purpose of a bank.

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.3.4.1 Describe the purposes and benefits of savings.

Standard 4: Civics and Government

Students in Grade 3 build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, and that all people in the United States have rights and assume responsibilities.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.4.1.1 Explain why communities have laws.
3.SS.4.1.2 Explain that there are benefits for following the laws and consequences for breaking the laws of the community.
3.SS.4.1.3 Identify the people or groups that make, apply, and enforce laws in the community.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.4.2.1 Identify and explain the basic functions of local governments.
3.SS.4.2.2 Explain how local government officials are chosen, e.g., election, appointment.
3.SS.4.2.3 Describe services commonly and primarily provided by governments for the community.
3.SS.4.2.4 Identify local government officials.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of Grade 3, the student will be able to:

3.SS.4.3.1 Identify ways children and adults can participate in their community and/or local governments.

Goal 4.4: Build an understanding of the evolution of democracy.

No objectives at this grade level

Goal 4.5: Build an understanding of comparative government.

No objectives at this grade level

Standard 5: Global Perspectives

Students in Grade 3 build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Grade 3, the student will be able to:

- 3.SS.5.1.1 Explore connections that the local community has with other communities throughout the world.
- 3.SS.5.1.2 Examine the contributions from various cultures from other parts of the world to the development of the community and how they make that community unique.

IDAHO CONTENT STANDARDS
GRADE 4
SOCIAL STUDIES

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in Grade 4 build an understanding of the cultural and social development of the United States, trace the role of migration and immigration of people in the development of the United States, and identify the sovereign status and role of American Indians in the development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of Grade 4, the student will be able to:

- 4.SS.1.1.1 Identify characteristics of different cultural groups in Idaho.
- 4.SS.1.1.~~1~~ 2 Describe ways that cultural groups have influenced and impacted each other.
- 4.SS.1.1.~~2~~ 3 Explain the role of explorers and missionaries in the development of Idaho.
- 4.SS.1.1.4 Discuss the treaty period for Idaho's federally recognized tribes including causes, events, and results.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

Objective(s): By the end of Grade 4, the student will be able to:

- 4.SS.1.2.1 Identify the major groups and significant individuals and their ~~motives in the~~ impact on western expansion and ~~settlement in~~ the creation of the State of Idaho.
- 4.SS.1.2.2 Describe the historic role of fur trading and the discovery of gold and ~~other minerals~~ silver in ~~the settlement of~~ Idaho.
- 4.SS.1.2.3 Analyze and describe the different immigrant experiences ~~in~~ across Idaho.
- 4.SS.1.2.4 Analyze and describe ~~how~~ the responses of Idaho's tribes to the effects of westward expansion ~~impacted the American Indians in Idaho~~ and subsequent federal policies.

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

Objective(s): By the end of Grade 4, the student will be able to:

- 4.SS.1.3.1 Identify the five federally recognized American Indian tribes in Idaho: Coeur d'Alene, Kootenai, Shoshone-Bannock, Nez Perce, and Shoshone-Paiute Tribes and current reservation ~~boundaries~~ lands.

4.SS.1.3.2 Discuss ~~that although there are five federally recognized tribes in Idaho, there are many others in the state~~ how Idaho's tribes interacted with and impacted existing and newly arriving people.

4.SS.1.3.3 Identify and discuss similar and different key characteristics of American Indian tribes ~~and other cultural groups~~ in Idaho.

4.SS.1.3.4 Compare and contrast ~~how~~ past and current ~~Idaho~~ American Indian life ~~today differs from the life of these same groups many years ago~~ in Idaho.

4.SS.1.3.5 Identify ~~how American Indian tribes in Idaho governed themselves~~ the meaning of tribal sovereignty and its relationship at the local, state, and federal levels of government.

4.SS.1.3.6 Describe the preservation of American Indian resources including cultural materials, ~~and their use in everyday life.~~ history, language, and culture.

4.SS.1.3.7 Identify ~~current issues related to~~ and dispel misconceptions about American Indians ~~in present day Idaho~~ today.

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives at this grade level

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives at this grade level

Goal 1.6: Explain the rise of human civilization.

No objectives at this grade level

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives at this grade level

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives at this grade level

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives at this grade level

Standard 2: Geography

Students in Grade 4 analyze the spatial organizations of people, places and environment on the earth's surface and trace the migration and settlement of human populations on the earth's surface.

Goal 2.1: Analyze the spatial organizations of people, places and environment on the earth's surface.

Objective(s): By the end of Grade 4, the student will be able to:

- 4.SS.2.1.1 Use geographic skills to collect, analyze, interpret, and communicate data.
- 4.SS.2.1.2 Show on a map of the world the continents, oceans, landforms, poles, hemispheres, equator, and prime meridian in relation to Idaho.
- 4.SS.2.1.3 Use a number/letter grid to find specific locations on a map of Idaho.
- 4.SS.2.1.4 Describe the physical regions of Idaho, and identify major natural resources.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

No objectives at this grade level

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

Objective(s): By the end of Grade 4, the student will be able to:

- 4.SS.2.3.1 Analyze past and present settlement patterns in Idaho.
- 4.SS.2.3.2 Discuss the impact of ~~settlement~~ colonization in Idaho on American Indian tribal lands, such as aboriginal and/or ceded territories, and the Treaties of 1855 and 1863.
- 4.SS.2.3.3 Identify the geographic features of Idaho, and explain their impact on settlement.
- 4.SS.2.3.4 Compare and contrast: city/suburb/town, urban/rural, farm/factory, and agriculture/industry.

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives at this grade level

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives at this grade level

Standard 3: Economics

Students in Grade 4 explain basic economic concepts, identify different influences on economic systems, and explain the concepts of ~~good~~ personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.3.1.1 ~~Compare~~ Describe and analyze how American Indians and early settlers met their basic needs of food, shelter, and water.
4.SS.3.1.2 Explain the concepts of supply and demand and scarcity.
4.SS.3.1.3 Explain the concepts of specialization and division of labor.
4.SS.3.1.4 Identify goods and services in early Idaho settlements.
4.SS.3.1.5 Explain the concept of public and private property in the development of Idaho.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.3.2.1 Describe examples of historic and current technological innovations in relation to economic growth in Idaho.
4.SS.3.2.2 Describe how geographic features of Idaho have determined the economic base of Idaho's regions.

Goal 3.3: Analyze the different types of economic institutions.

No objectives at this grade level

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.3.4.1 Define entrepreneurship, and identify reasons for starting a business.

Standard 4: Civics and Government

Students in Grade 4 build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, that all people in the United States have rights and assume responsibilities, and the evolution of democracy.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.4.1.1 Identify the people and groups who make, apply, and enforce laws within state, local, and tribal governments.
4.SS.4.1.2 Explain that rules and laws can be used to protect rights, provide benefits, and assign responsibilities.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.4.2.1 Explain the significance of Idaho symbols and the unique tribal seal of each federally recognized tribe in Idaho.

4.SS.4.2.2 ~~Describe the difference between~~ Identify and explain the basic functions of state, local, and tribal governments.

4.SS.4.2.3 ~~Identify and explain the basic functions of~~ Describe the governmental relationships between state, local, and tribal governments.

4.SS.4.2.4 Identify the three branches of state government and explain the major responsibilities of each.

4.SS.4.2.5 Discuss ~~current governmental organization of~~ the governing structure of American Indian tribes in Idaho.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.4.3.1 Name elected state ~~representatives at the legislative and executive branches~~ officials.

4.SS.4.3.2 Explain ways to contact elected state ~~representatives~~ officials.

4.SS.4.3.3 Identify ways people can monitor and influence the decisions and actions of their state and tribal governments.

Goal 4.4: Build an understanding of the evolution of democracy.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.4.4.1 Discuss the concepts of citizenship, popular ~~consent~~ sovereignty, respect for the individual, equality of opportunity, and personal liberty.

Goal 4.5: Build an understanding of comparative government.

No objectives at this grade level

Standard 5: Global Perspectives

Students in Grade 4 build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Grade 4, the student will be able to:

4.SS.5.1.1 Analyze the roles and relationships of diverse groups of people from various parts of the world who have contributed to Idaho’s cultural heritage and impacted the state’s history.

4.SS.5.1.2 Discuss the challenges experienced by people from various cultural, racial, and religious groups that settled in Idaho from various parts of the world.

4.SS.5.1.3 Identify Idaho's role in the global economy.

4.SS.5.1.4 Identify the diversity within Idaho's tribes and develop an awareness of the shared experiences of indigenous populations in the world.

IDAHO CONTENT STANDARDS
GRADE 5
SOCIAL STUDIES

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in Grade 5 build an understanding of the cultural and social development of the United States, trace the role of migration and immigration of people in the development of the United States, and identify the sovereign status and role of American Indians in the development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of Grade 5, the student will be able to:

- 5.SS.1.1.1 Describe the interactions between European colonists and established societies in North America.
- 5.SS.1.1.2 Discuss significant individuals who have been responsible for bringing about cultural and social changes in the United States.
- 5.SS.1.1.3 Identify and explain influential political and cultural groups and their impact on American history.
- 5.SS.1.1.4 Identify different examples of how religion has been an important influence in American history.
- 5.SS.1.1.5 Discuss how the establishment of the 13 original colonies contributed to the founding of the nation.
- 5.SS.1.1.6 ~~Discuss~~ Analyze the causes and effects of various compromises and conflicts in American history.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

Objective(s): By the end of Grade 5, the student will be able to:

- 5.SS.1.2.1 Discuss the religious, political, and economic motives of ~~voluntary European~~ immigrants to the United States.
- 5.SS.1.2.2 Explain the history of indentured servitude and the slave trade in the United States.
- 5.SS.1.2.3 Analyze and discuss the motives of the major groups who participated in western expansion.
- 5.SS.1.2.4 Discuss the ~~significant~~ American Indian groups encountered in western expansion.
- 5.SS.1.2.5 Discuss ~~the~~ significant individuals who took part in western expansion.
- 5.SS.1.2.6 Describe the impact of scientific and technological advances on westward expansion.

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

Objective(s): By the end of Grade 5, the student will be able to:

5.SS.1.3.1 Discuss that American Indians were the first inhabitants of the United States.

5.SS.1.3.2 Identify examples of American Indian individual and collective contributions and influences in the development of the United States.

5.SS.1.3.3 Define the terms treaty, reservation, and sovereignty.

5.SS.1.3.4 Explain that reservations are lands that have been reserved by the tribes for their own use through treaties or executive orders and ~~was~~ were not "given" to them. The principle that land should be acquired from the Indians only through their consent with treaties involved three assumptions:

- That both parties to treaties were sovereign powers.
- That Indian tribes had some form of transferable title to the land.
- That acquisition of Indian land was solely a government matter not to be left to individual colonists or to the States.

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives at this grade level

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives at this grade level

Goal 1.6: Explain the rise of human civilization.

No objectives at this grade level

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives at this grade level

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives at this grade level

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives at this grade level

Standard 2: Geography

Students in Grade 5 analyze the spatial organizations of people, places and environment on the earth's surface.

Goal 2.1: Analyze the spatial organizations of people, places and environment on the earth's surface.

Objective(s): By the end of Grade 5, the student will be able to:

- 5.SS.2.1.1 Develop and use different kinds of maps, globes, graphs, charts, databases, and models to display and obtain information.
- 5.SS.2.1.2 Identify the regions of the United States and their resources.
- 5.SS.2.1.3 Use latitude and longitude coordinates to find specific locations on a map.
- 5.SS.2.1.4 Name and locate the 50 States and their Capitals, and U.S. Territories.
- 5.SS.2.1.5 Show on a map of the world the continents, oceans, landforms, poles, hemispheres, equator, and prime meridian.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

No objectives at this grade level

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

No objectives at this grade level

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives at this grade level

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives at this grade level

Standard 3: Economics

Students in Grade 5 explain basic economic concepts, identify different influences on economic systems, and explain the concepts of ~~good~~ personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Grade 5, the student will be able to:

- 5.SS.3.1.1 Describe examples of improved transportation and communication networks and how they encourage economic growth.

5.SS.3.1.2 Explain the concepts of tariffs, taxation, and embargo.
5.SS.3.1.3 Describe the basic characteristics of a market.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of Grade 5, the student will be able to:
5.SS.3.2.1 Discuss the economic policies ~~of England~~ that contributed to ~~the revolt in~~ rebellion within the North American colonies.

Goal 3.3: Analyze the different types of economic institutions.

No objectives at this grade level

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

Objective(s): By the end of Grade 5, the student will be able to:
5.SS.3.4.1 Identify economic incentives and risks ~~for~~ of entrepreneurship.
5.SS.3.4.2 Explain the impact of taxation on personal finance.

Standard 4: Civics and Government

Students in Grade 5 build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, that all people in the United States have rights and assume responsibilities, and the evolution of democracy.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of Grade 5, the student will be able to:
5.SS.4.1.1 Identify the people and groups who make, apply, and enforce laws within federal and tribal governments.
5.SS.4.1.2 Identify and explain the important concepts in the Declaration of Independence.
5.SS.4.1.3 Discuss the significance of the Articles of Confederation as the transitional form of government.
5.SS.4.1.4 Identify the basic principles of the United States Constitution and Bill of Rights, ~~such~~ including popular sovereignty, limited government, separation of powers, ~~majority rule with minority rights~~, checks and balances, judicial review, and federalism.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of Grade 5, the student will be able to:
5.SS.4.2.1 Distinguish and compare responsibilities among state, national, and tribal governments in a federal system.

5.SS.4.2.2 Identify the three branches of government and the functions and powers of each.
5.SS.4.2.3 Explain the difference between State public lands and Federal public lands.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of Grade 5, the student will be able to:
5.SS.4.3.1 ~~Name~~ Identify the President and Vice President of the United States and the United States senators and congressional representatives from Idaho.
5.SS.4.3.2 Identify some of the personal responsibilities and basic rights of individual freedoms that belong to American citizens.
5.SS.4.3.3 Describe ways in which citizens participate in public life.

Goal 4.4: Build an understanding of the evolution of democracy.

Objective(s): By the end of Grade 5, the student will be able to:
5.SS.4.4.1 Explain how the United States is a ~~democratic~~ republic.
5.SS.4.4.2 State the difference between direct democracy and the constitutional ~~representative democracy~~ republic of today's United States.
5.SS.4.4.3 Discuss the concepts of popular ~~consent~~ sovereignty, majority rule with minority rights, respect for the individual, equality of opportunity, rule of law, and personal liberty.

Goal 4.5: Build an understanding of comparative government.

No objectives at this grade level

Standard 5: Global Perspectives

Students in Grade 5 build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objectives(s): By the end of Grade 5, the student will be able to:
5.SS.5.1.1 Explain how the world is divided into many different nations and that each has its own government.
5.SS.5.1.2 Define a nation.
5.SS.5.1.3 Explain how the United States is one nation and how it interacts with other nations in the world.
5.SS.5.1.4 Discuss how nations try to resolve problems ~~peacefully~~.
5.SS.5.1.5 Identify the role of the United States in a global economy.

IDAHO CONTENT STANDARDS
GRADE 6-9
GEOGRAPHY-WESTERN HEMISPHERE

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in Geography-Western Hemisphere build an understanding of the cultural and social development of human civilization.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

No objectives in Geography–Western Hemisphere

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives in Geography–Western Hemisphere

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives in Geography–Western Hemisphere

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives in Geography–Western Hemisphere

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives in Geography–Western Hemisphere

Goal 1.6: Explain the rise of human civilization.

No objectives in Geography–Western Hemisphere

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives in Geography–Western Hemisphere

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.1.8.1	Describe major aspects of the civilizations of the Western Hemisphere prior to European contact. ~~such as Mesoamerica.~~
6-9.GWH.1.8.2	Examine the impact of Europeans on indigenous cultures in the Western Hemisphere.
6-9.GWH.1.8.3	Compare various approaches to European colonization in the Western Hemisphere.
6-9.GWH.1.8.4	Explain how and why events may be interpreted differently according to the points of view of participants and observers.

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives in Geography–Western Hemisphere

Standard 2: Geography

Students in Geography-Western Hemisphere analyze the spatial organizations of people, places, and environment on the earth's surface, explain how human actions modify the physical environment and how physical systems affect human activity and living conditions, trace the migration and settlement of human populations on the earth's surface, analyze the human and physical characteristics of different places and regions, and explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.2.1.1	Explain and use the components of maps, compare different map projections, and explain the appropriate uses for each.
6-9.GWH.2.1.2	Apply latitude and longitude to locate places on Earth and describe the uses of technology, such as Global Positioning Systems (GPS) and Geographic Information Systems (GIS).
6-9.GWH.2.1.3	Use mental maps to answer geographic questions.
6-9.GWH.2.1.4	Analyze visual and mathematical data presented in charts, tables, graphs, maps, and other graphic organizers to assist in interpreting a historical event.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.2.2.1	Explain how Earth/sun relationships, ocean currents, and winds influence climate differences on Earth.

6-9.GWH.2.2.2 Locate, map, and describe the climate regions of the Western Hemisphere and their impact on human activity and living conditions.

6-9.GWH.2.2.3 Identify major biomes and explain ways in which the natural environment and climate of places in the Western Hemisphere ~~relates to their climate~~ are related.

6-9.GWH.2.2.4 Analyze and give examples of the consequences of human impact on the physical environment. ~~and evaluate ways in which technology influences human capacity to modify the physical environment~~.

6-9.GWH.2.2.5 Evaluate ways in which technology influences human capacity to modify the physical environment.

6-9.GWH.2.2.6 Explain how physical processes have shaped Earth's surface. Classify these processes according to those that have built up Earth's surface (mountain-building and alluvial deposition) and those that wear away at Earth's surface (erosion).

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.2.3.1 Identify the names and locations of countries and major cities in the Western Hemisphere.

6-9.GWH.2.3.2 Describe major physical characteristics of regions in the Western Hemisphere.

6-9.GWH.2.3.3 Identify patterns of population distribution and growth in the Western Hemisphere and explain changes in these patterns which have occurred over time.

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.2.4.1 Use maps, charts, and graphs to compare rural and urban populations in selected countries in the Western Hemisphere.

6-9.GWH.2.4.~~1~~ 2 Describe major cultural characteristics of regions in the Western Hemisphere.

6-9.GWH.2.4.~~2~~ 3 Compare and contrast cultural patterns in the Western Hemisphere, such as language, religion, and ethnicity.

6-9.GWH.2.4.~~3~~ 4 Analyze the locations of the major manufacturing and agricultural regions of the Western Hemisphere.

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.2.5.1 Analyze the distribution of natural resources in the Western Hemisphere.
6-9.GWH.2.5.2 Give examples of how both natural and technological hazards have impacted the physical environment and human populations in specific areas of the Western Hemisphere.
6-9.GWH.2.5.3 Give examples of how land forms, ~~and~~ water, climate, and natural vegetation have influenced historical trends and developments in the Western Hemisphere.
6-9.GWH.2.5.4 Identify contrasting perspectives of environmental issues that affect the Western Hemisphere.
6-9.GWH.2.5.5 Explain how human-induced changes in the physical environment in one place can cause changes in another place such as acid rain, air pollution, ~~and~~ water pollution, and deforestation.

Standard 3: Economics

Students in Geography-Western Hemisphere explain basic economic concepts and identify different influences on economic systems.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.3.1.1 Define abundance and scarcity and ~~its~~ their impact on decision making such as trade and settlement.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.3.2.1 Describe how different economic systems in the Western Hemisphere answer the basic economic questions on what to produce, how to produce, and for whom to produce.
6-9.GWH.3.2.2 Compare the standard of living of various countries of the Western Hemisphere today using Gross Domestic Product (GDP) per capita as an indicator.
6-9.GWH.3.2.3 Analyze current economic issues in the countries of the Western Hemisphere using a variety of information resources.
6-9.GWH.3.2.4 Identify economic connections between a local community and the countries of the Western Hemisphere.
6-9.GWH.3.2.5 Identify specific areas of the Western Hemisphere with important natural resource deposits.
6-9.GWH.3.2.6 Investigate how physical geography, productive resources, specialization, and trade have influenced the way people earn income.

Goal 3.3: Analyze the different types of economic institutions.

No objectives in Geography–Western Hemisphere

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

No objectives in Geography–Western Hemisphere

Standard 4: Civics and Government

Students in Geography-Western Hemisphere build an understanding of comparative government.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

No objectives in Geography–Western Hemisphere

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

No objectives in Geography–Western Hemisphere

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

No objectives in Geography–Western Hemisphere

Goal 4.4: Build an understanding of the evolution of democracy.

No objectives in Geography–Western Hemisphere

Goal 4.5: Build an understanding of comparative government.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.4.5.1 Identify the major forms of government in the Western Hemisphere and compare them with the United States.

6-9.GWH.4.5.2 Give examples of the different routes to independence from colonial rule taken by countries in the Western Hemisphere.

Standard 5: Global Perspectives

Students in Geography-Western Hemisphere build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Geography-Western Hemisphere, the student will be able to:

6-9.GWH.5.1.1	Discuss how social institutions, including family, religion, and education, influence behavior in different societies in the Western Hemisphere.
6-9.GWH.5.1.2	Give examples of how language, literature, and the arts shaped the development and transmission of culture in the Western Hemisphere.
6-9.GWH.5.1.3	Define ethnocentrism and give examples of how this attitude can lead to cultural misunderstandings.
6-9.GWH.5.1.4	Discuss present conflicts between cultural groups and nation-states in the Western Hemisphere.
6-9.GWH.5.1.5	Give examples of the benefits of global connections, such as developing opportunities for trade, cooperating in seeking solutions to mutual problems, learning for technological advances, acquiring new perspectives, and benefiting from developments in architecture, music, and the arts.
6-9.GWH.5.1.6	Give examples of the causes and consequences of current global issues, such as the expansion of global markets, the urbanization of the developing world, the consumption of natural resources, and the extinction of species, and speculate possible responses by various individuals, groups, and nations.

IDAHO CONTENT STANDARDS
GRADE 6-9
GEOGRAPHY-EASTERN HEMISPHERE

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in Geography-Eastern Hemisphere build an understanding of the cultural and social development of human civilization.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

No objectives in Geography–Eastern Hemisphere

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives in Geography–Eastern Hemisphere

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives in Geography–Eastern Hemisphere

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives in Geography–Eastern Hemisphere

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives in Geography–Eastern Hemisphere

Goal 1.6: Explain the rise of human civilization.

No objectives in Geography–Eastern Hemisphere

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives in Geography–Eastern Hemisphere

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.1.8.1	Describe major aspects of the civilizations of the Eastern Hemisphere prior to European contact.
6-9.GEH.1.8.2	Examine the impact of Europeans on indigenous cultures in the Eastern Hemisphere.
6-9.GEH.1.8.3	Compare various approaches to European colonization in the Eastern Hemisphere.
6-9.GEH.1.8.4	Explain how and why events may be interpreted differently according to the points of view of participants and observers.
6-9.GEH.1.8.5	Describe the historical origins, central beliefs, and spread of major religions, including Judaism, Christianity, Islam, Hinduism, Buddhism, and Confucianism.

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives in Geography–Eastern Hemisphere

Standard 2: Geography

Students in Geography-Eastern Hemisphere analyze the spatial organizations of people, places, and environment on the earth's surface, explain how human actions modify the physical environment and how physical systems affect human activity and living conditions, trace the migration and settlement of human populations on the earth's surface, analyze the human and physical characteristics of different places and regions, and explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.2.1.1	Explain and use the components of maps, compare different map projections, and explain the appropriate uses for each.
6-9.GEH.2.1.2	Apply latitude and longitude to locate places on Earth and describe the uses of technology, such as Global Positioning Systems (GPS) and Geographic Information Systems (GIS).
6-9.GEH.2.1.3	Use mental maps to answer geographic questions.
6-9.GEH.2.1.4	Analyze visual and mathematical data presented in charts, tables, graphs, maps, and other graphic organizers to assist in interpreting a historical event.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.2.2.1 Explain how Earth/sun relationships, ocean currents, and winds influence climate differences on Earth.

6-9.GEH.2.2.2 Locate, map, and describe the climate regions of the Eastern Hemisphere and their impact on human activity and living conditions.

6-9.GEH.2.2.3 Identify major biomes and explain ways in which the natural environment and climate of places in the Eastern Hemisphere ~~relates to their climate~~ are related.

6-9.GEH.2.2.4 Analyze and give examples of the consequences of human impact on the physical environment.

6-9.GEH.2.2.5 Evaluate ways in which technology influences human capacity to modify the physical environment.

6-9.GEH.2.2.~~4~~ 6 Explain how physical processes have shaped Earth's surface. Classify these processes according to those that have built up Earth's surface (mountain-building and alluvial deposition) and those that wear away at Earth's surface (erosion).

~~6-9.GEH.2.2.5 Analyze and give examples of the consequences of human impact on the physical environment and evaluate ways in which technology influences human capacity to modify the physical environment.~~

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.2.3.1 Identify the names and locations of countries and major cities in the Eastern Hemisphere.

6-9.GEH.2.3.2 Describe major physical characteristics of regions in the Eastern Hemisphere.

6-9.GEH.2.3.3 Identify patterns of population distribution and growth in the Eastern Hemisphere, and explain changes in these patterns, which have occurred over time.

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.2.4.1 Use maps, charts, and graphs to compare rural and urban populations in selected countries in the Eastern Hemisphere.

6-9.GEH.2.4.2 Describe major cultural characteristics of regions in the Eastern Hemisphere.

6-9.GEH.2.4.~~2~~ 3 Compare and contrast cultural patterns in the Eastern Hemisphere, such as language, religion, and ethnicity.

6-9.GEH.2.4.~~3~~ 4 Analyze the locations of the major manufacturing and agricultural regions of the Eastern Hemisphere.

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.2.5.1 Analyze the distribution of natural resources in the Eastern Hemisphere.

6-9.GEH.2.5.2 Give examples of how both natural and technological hazards have impacted the physical environment and human populations in specific areas of the Eastern Hemisphere.

6-9.GEH.2.5.3 Give examples of how land forms<u>,</u> ~~and~~ water, climate, and natural vegetation have influenced historical trends and developments in the Eastern Hemisphere.

6-9.GEH.2.5.4 Identify contrasting perspectives of environmental issues that affect the Eastern Hemisphere.

6-9.GEH.2.5.5 Explain how human-induced changes in the physical environment in one place can cause changes in another place, such as acid rain, air <u>pollution</u>, ~~and~~ water pollution, <u>and</u> deforestation.

<u>Standard 3</u>: Economics

Students in Geography-Eastern Hemisphere explain basic economic concepts and identify different influences on economic systems.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.3.1.1 Define <u>abundance and</u> scarcity and ~~its~~ <u>their</u> impact on decision making such as trade and settlement.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.3.2.1 Describe how different economic systems in the Eastern Hemisphere answer the basic economic questions on what to produce, how to produce, and for whom to produce.

6-9.GEH.3.2.2 Compare the standard of living of various countries of the Eastern Hemisphere today using Gross Domestic Product (GDP) per capita as an indicator.

6-9.GEH.3.2.3 Analyze current economic issues in the countries of the Eastern Hemisphere using a variety of information resources.

6-9.GEH.3.2.4 Identify economic connections between a local community and the countries of the Eastern Hemisphere.

6-9.GEH.3.2.5 Identify specific areas of the Eastern Hemisphere with important natural resource deposits.

6-9.GEH.3.2.6 Investigate how physical geography, productive resources, specialization, and trade have influenced the way people earn income.

Goal 3.3: Analyze the different types of economic institutions.

No objectives in Geography–Eastern Hemisphere

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

No objectives in Geography–Eastern Hemisphere

Standard 4: Civics and Government

Students in Geography-Eastern Hemisphere build an understanding of comparative government.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

No objectives in Geography–Eastern Hemisphere

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

No objectives in Geography–Eastern Hemisphere

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

No objectives in Geography–Eastern Hemisphere

Goal 4.4: Build an understanding of the evolution of democracy.

No objectives in Geography–Eastern Hemisphere

Goal 4.5: Build an understanding of comparative government.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.4.5.1 Identify the major forms of government in the Eastern Hemisphere and compare them with the United States.

6-9.GEH.4.5.2 Give examples of the different routes to independence from colonial rule taken by countries in the Eastern Hemisphere.

Standard 5: Global Perspectives

Students in Geography-Eastern Hemisphere build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Geography-Eastern Hemisphere, the student will be able to:

6-9.GEH.5.1.1	Discuss how social institutions, including the family, religion, and education, influence behavior in different societies in the Eastern Hemisphere.
6-9.GEH.5.1.2	Give examples of how language, literature, and the arts shaped the development and transmission of culture in the Eastern Hemisphere.
6-9.GEH.5.1.3	Define ethnocentrism and give examples of how this attitude can lead to cultural misunderstandings.
6-9.GEH.5.1.4	Discuss present conflicts between cultural groups and nation-states in the Eastern Hemisphere.
6-9.GEH.5.1.5	Give examples of the benefits of global connections, such as developing opportunities for trade, cooperating in seeking solutions to mutual problems, learning for technological advances, acquiring new perspectives, and benefiting from developments in architecture, music, and the arts.
6-9.GEH.5.1.6	Give examples of the causes and consequences of current global issues, such as the expansion of global markets, the urbanization of the developing world, the consumption of natural resources, and the extinction of species, and speculate possible responses by various individuals, groups, and nations.

IDAHO CONTENT STANDARDS
GRADE 6-9
WORLD HISTORY AND CIVILIZATION

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in World History and Civilization explain the rise of human civilization, trace how natural resources and technological advances have shaped human civilization, build an understanding of the cultural and social development of human civilization, and identify the role of religion in the development of human civilization.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

No objectives in World History and Civilization

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives in World History and Civilization

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives in World History and Civilization

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives in World History and Civilization

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives in World History and Civilization

Goal 1.6: Explain the rise of human civilization.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.1.6.1	Describe types of evidence used by anthropologists, archaeologists, and other scholars to reconstruct early human and cultural development.
6-9.WHC.1.6.2	Describe the characteristics of early hunter-gatherer communities.
6-9.WHC.1.6.3	Analyze the characteristics of early civilizations.

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.1.7.1	Explain how man adapted the environment for civilization to develop.
6-9.WHC.1.7.2	Identify the technological advances developed by Ancient, Greco Roman, Middle Age, Early-Modern, and Modern ~~European~~ societies and civilizations.

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.1.8.1	Find examples of how writing, art, architecture, mathematics, and science have evolved in ~~western~~ civilizations over time.
6-9.WHC.1.8.2	Identify the origins and characteristics of different social classes.
6-9.WHC.1.8.3	Describe how the structure of family changes in relation to socioeconomic conditions.

Goal 1.9: Identify the role of religion in the development of human civilization.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.1.9.1	Explain the relationship between religion and the peoples understanding of the natural world.
6-9.WHC.1.9.2	Explain how religion shaped the development of ~~western~~ civilizations.
6-9.WHC.1.9.3	Discuss how religion influenced social behavior and created social order.
6-9.WHC.1.9.4	Describe why different religious beliefs were sources of conflict.

Standard 2: Geography

Students in World History and Civilization analyze the spatial organizations of people, places, and environment on the earth's surface, trace the migration and settlement of human populations on the earth's surface, analyze the human and physical characteristics of different places and regions, and explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.2.1.1 Develop and interpret different kinds of maps, globes, graphs, charts, databases, and models.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

No objectives in World History and Civilization

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.2.3.1 Identify main reasons for major migrations of people.
6-9.WHC.2.3.2 Explain how climate affects human migration and settlement.
6-9.WHC.2.3.3 Describe how physical features, such as mountain ranges, fertile plains, and rivers led to the development of cultural regions.
6-9.WHC.2.3.4 Explain how transportation routes stimulate growth of cities and the exchange of goods, knowledge, and technology.

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.2.4.1 Explain the impact of waterways on civilizations.

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.2.5.1 Explain how the resources of an area can be the source of conflict between competing groups.
6-9.WHC.2.5.2 Illustrate how the population growth rate impacts a nation's resources.
6-9.WHC.2.5.3 Explain how rapid growth of cities can lead to economic, social, and political problems.
6-9.WHC.2.5.4 Describe how the conservation of resources is necessary to maintain a healthy environment.

Standard 3: Economics

Students in World History and Civilization explain basic economic concepts and identify different influences on economic systems.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.3.1.1	Explain how ~~historically~~ people historically have relied on their natural resources to meet their needs.
6-9.WHC.3.1.2	List examples that show how economic opportunity and a higher standard of living are important factors in the migration of people.
6-9.WHC.3.1.3	Analyze the role of money as a means of exchange.
6-9.WHC.3.1.4	Describe alternative means of exchange.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.3.2.1	Analyze the impact of economic growth on ~~European~~ society.
6-9.WHC.3.2.2	Trace the evolution of hunting-gathering, agrarian, industrial, and technological economic systems.
6-9.WHC.3.2.3	Identify influential economic thinkers and the impact of their philosophies.
6-9.WHC.3.2.4	Identify important economic organizations that have influenced economic growth.

Goal 3.3: Analyze the different types of economic institutions.

No objectives in World History and Civilization

Goal 3.4: Explain the concepts of good personal finance.

No objectives in World History and Civilization

Standard 4: Civics and Government

Students in World History and Civilization build an understanding of the evolution of democracy.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

No objectives in World History and Civilization

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

No objectives in World History and Civilization

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

No objectives in World History and Civilization

Goal 4.4: Build an understanding of the evolution of democracy.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.4.4.1 Describe the role of government in population movements throughout ~~western~~ civilization.

6-9.WHC.4.4.2 Analyze the various political influences which shaped ~~western~~ civilizations including the City-State, Monarchy, Republic, Nation-State, and Democracy.

6-9.WHC.4.4.3 Analyze and evaluate the global expansion of liberty and democracy through revolution and reform movements in challenging authoritarian or despotic regimes.

Goal 4.5: Build an understanding of comparative government.

No objectives in World History and Civilization

Standard 5: Global Perspectives

Students in World History and Civilization build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of World History and Civilization, the student will be able to:

6-9.WHC.5.1.1 Explain common reasons and consequences for the breakdown of order among nation-states, such as conflicts about national interests, ethnicity, and religion; competition for resources and territory; the absence of effective means to enforce international law.

6-9.WHC.5.1.2 Explain the global consequences of major conflicts in the 20th century, such as World War I; World War II, ~~including~~ and the Holocaust; and the Cold War.

6-9.WHC.5.1.3 Evaluate why peoples unite for political, economic, and humanitarian reasons.

IDAHO CONTENT STANDARDS
GRADE 6-12
U.S. HISTORY I

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in U.S. History I build an understanding of the cultural and social development of the United States, trace the role of migration and immigration of people in the development of the United States, identify the sovereign status and role of American Indians in the development of the United States, analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States, and trace the role of exploration and expansion in the development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of U.S. History I, the student will be able to:

- 6-12.USH1.1.1.1 Compare and contrast early cultures and settlements that existed in North America prior to European contact.
- 6-12.USH1.1.1.~~1~~ 2 Compare and contrast the different cultural, religious, and social influences that emerged in the North American colonies.
- 6-12.USH1.1.1.~~2~~ 3 Describe the experiences of culturally, ethnically, and racially different groups existing as part of American society prior to the Civil War.
- 6-12.USH1.1.1.~~3~~ 4 Analyze the common traits, beliefs, and characteristics that unite the United States as a nation and a society.
- 6-12.USH1.1.1.~~4~~ 5 Discuss the causes and effects of various compromises and conflicts in American history, such as the American Revolution, Civil War and Reconstruction.
- ~~6-12.USH1.1.1.5 Compare and contrast early cultures and settlements that existed in North America prior to European contact.~~

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

Objective(s): By the end of U.S. History I, the student will be able to:

- 6-12.USH1.1.2.1 Analyze the religious, political, and economic motives of ~~European~~ immigrants who came to North America.
- 6-12.USH1.1.2.2 Explain the motives for and the consequences ~~for~~ of slavery and other forms of involuntary immigration to North America.
- 6-12.USH1.1.2.3 Analyze the concept of Manifest Destiny and its impact on American Indians ~~and~~ in the development of the United States.

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.1.3.1 Trace federal policies and treaties such as removal, reservations, and allotment ~~throughout history~~ that have impacted ~~contemporary~~ American Indians historically and currently.

6-12.USH1.1.3.2 Explain how and why events may be interpreted differently according to the points of view of participants and observers.

6-12.USH1.1.3.3 ~~Discuss the resistance of American Indians to~~ Identify the impact termination practices such as removal policies, boarding schools, and forced assimilation had on American Indians.

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.1.4.1 Explain the ~~consequences~~ effects of scientific and technological inventions and changes on the social and economic lives of the people in the development of the United States.

6-12.USH1.1.4.2 Explain how the development of various modes of transportation increased economic prosperity and promoted national unity.

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.1.5.1 Examine the development of diverse cultures in what is now the United States.

6-12.USH1.1.5.2 Identify significant countries and their roles and motives in the European exploration of the Americas.

6-12.USH1.1.5.3 Describe and analyze the interactions between native peoples and the European explorers.

6-12.USH1.1.5.4 Summarize the major events in the European settlement of North America from Jamestown to the end of the 18th century.

6-12.USH1.1.5.5 Identify the United States territorial expansion between 1801 and 1861, and explain internal and external conflicts.

Goal 1.6: Explain the rise of human civilization.

No objectives in U.S. History I

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives in U.S. History I

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives in U.S. History I

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives in U.S. History I

Standard 2: Geography

Students in U.S. History I analyze the spatial organizations of people, places, and environment on the earth's surface, explain how human actions modify the physical environment and how physical systems affect human activity and living conditions, and trace the migration and settlement of human populations on the earth's surface.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.2.1.1 Develop and interpret different kinds of maps, globes, graphs, charts, databases and models.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.2.2.1 Analyze ways in which the physical environment affected political, social, and economic development.

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.2.3.1 Describe Pre-Columbian migration to the Americas.
6-12.USH1.2.3.2 Analyze the impact of the Columbian exchange.
6-12.USH1.2.3.~~2~~ 3 Illustrate westward migration across North America.

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives in U.S. History I

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives in U.S. History I

Standard 3: Economics

Students in U.S. History I explain basic economic concepts, identify different influences on economic systems, ~~and~~ analyze the different types of economic institutions, and explain the concepts of personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.3.1.1 Describe the economic characteristics of mercantilism.

6-12.USH1.3.1.2 Compare the economic development of the North with the South.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.3.2.1 Describe the emergence and evolution of a market economy.

6-12.USH1.3.2.2 Analyze the role of government policy in the early economic development of the United States.

Goal 3.3: Analyze the different types of economic institutions.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.3.3.1 Evaluate the role of financial institutions in the economic development of the United States.

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

~~No objectives in U.S. History I~~

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.3.4.1 Analyze how economic conditions affect personal finance.

Standard 4: Civics and Government

Students in U.S. History I build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, that all people in the United States have rights and assume responsibilities, and the evolution of democracy.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.4.1.1 Trace the development of our constitutional ~~democracy~~ republic ~~in the United States~~ ~~such as the Mayflower Compact,~~ through founding documents, colonial assemblies, ~~Bacon's Rebellion~~ and colonial rebellions.

6-12.USH1.4.1.2 Identify fundamental values and principles as expressed in basic documents, ~~such as~~ including the Declaration of Independence, Articles of Confederation, and the United States Constitution.

6-12.USH1.4.1.3 Evaluate issues in which fundamental values and principles are in conflict, such as between liberty and equality, individual interests and the common good, and majority rule and minority protections.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.4.2.1 Explain how the executive, legislative, and judicial powers are distributed and shared among the three branches of national government.

6-12.USH1.4.2.2 Explain how and why powers are distributed and shared between national and state governments in a federal system.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.4.3.1 Provide and evaluate examples of social and political leadership in early American history.

6-12.USH1.4.3.2 Describe ways in which citizens participated in early American public life.

Goal 4.4: Build an understanding of the evolution of democracy.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.4.4.1 Describe the role of gender, race, ethnicity, religion, and national origin on the development of individual rights and political rights.

Goal 4.5: Build an understanding of comparative government.

No objectives in U.S. History I

Standard 5: Global Perspectives

Students in U.S. History I build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of U.S. History I, the student will be able to:

6-12.USH1.5.1.1 Explain the significance of principle policies and events in the United States' relations with the world, such as the War of 1812, Monroe Doctrine, and Mexican-American War and Spanish American War~~s~~.

6-12.USH1.5.1.2 Evaluate the major foreign policy positions that have characterized the United States' relations with the world, such as isolationism and imperialism.

6-12.USH1.5.1.3 Analyze how national interest shapes foreign policy.

IDAHO CONTENT STANDARDS
GRADE 9-12
U.S. HISTORY II

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in U.S. History II build an understanding of the cultural and social development of the United States, trace the role of migration and immigration of people in the development of the United States, identify the sovereign status and role of American Indians in the development of the United States, analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States, and trace the role of exploration and expansion in the development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of U.S. History II, the student will be able to:

- 9-12.USH2.1.1.1 Analyze ways in which language, literature, the arts, traditions, beliefs, values, and behavior patterns of diverse cultures have enriched American society.
- ~~9-12.USH2.1.1.2 Discuss the causes and effects of various compromises and conflicts in American history.~~
- 9-12.USH2.1.1.~~3~~ 2 Analyze significant movements for social change.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

Objective(s): By the end of U.S. History II, the student will be able to:

- 9-12.USH2.1.2.1 Identify motives for continued immigration to the United States.
- 9-12.USH2.1.2.2 Identify the political and social resistance to immigration.
- 9-12.USH2.1.2.~~2~~ 3 Analyze the changes in the political, social, and economic conditions of immigrant groups.
- 9-12.USH2.1.2.~~3~~ 4 Discuss the causes and effects of 20^{th} century migration and settlement patterns.

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

Objective(s): By the end of U.S. History II, the student will be able to:

- 9-12.USH2.1.3.1 Trace federal policies, such as Indian citizenship, Indian Reorganization Act, Termination, AIM, and self-determination ~~throughout history~~ ~~that~~ which have impacted ~~contemporary~~ American Indians historically and currently.

9-12.USH2.1.3.2 Discuss the ~~resistance~~ impact of forced assimilation on the land, cultural practices, and identity of American Indians. ~~to assimilation.~~

9-12.USH2.1.3.3 ~~Explain~~ Identify and discuss the influences of American Indians ~~to~~ on the history and culture of the United States.

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.1.4.1 Explain the factors that contributed to the rise of industrialization in the 19^{th} century.

9-12.USH2.1.4.2 Describe the economic responses to industrialization and the emergence of the American labor movement.

9-12.USH2.1.4.3 Analyze the political and social responses to industrialization.

9-12.USH2.1.4.4 Identify and analyze the causes of the Great Depression and its effects upon American society.

9-12.USH2.1.4.5 ~~Account for and define~~ Examine the shift from the industrial society at the beginning of the 20th century to the technological society at the end of the 20th century.

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.1.5.1 ~~Describe the factors that contributed to~~ Analyze the causes and effects of the expansion of the United States.

Goal 1.6: Explain the rise of human civilization.

No objectives in U.S. History II

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives in U.S. History II

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives in U.S. History II

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives in U.S. History II

Standard 2: Geography

Students in U.S. History II analyze the spatial organizations of people, places, and environment on the earth's surface, and explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.2.1.1 Develop and interpret different kinds of maps, globes, graphs, charts, databases and models.

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.2.2.1 Analyze ways in which the physical environment affected political, social, and economic development.

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

No objectives in U.S. History II

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives in U.S. History II

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives in U.S. History II

Standard 3: Economics

Students in U.S. History II explain basic economic concepts, identify different influences on economic systems, analyze the different types of economic institutions, and explain the concepts of ~~good~~ personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.3.1.1 Describe the emergence of the modern corporation.
9-12.USH2.3.1.2 Describe the development of a consumer economy.
9-12.USH2.3.1.3 Analyze the role of the modern United States in the global economy.

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.3.2.1 Analyze the role of government policy in the economic development of the modern United States.

Goal 3.3: Analyze the different types of economic institutions.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.3.3.1 Evaluate the role of financial institutions in the economic development of the United States.

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.3.4.1 Analyze how economic conditions affect personal finance.

Standard 4: Civics and Government

Students in U.S. History II build an understanding of the organization and formation of the American system of government, build an understanding that all people in the United States have rights and assume responsibilities, and build an understanding of the evolution of democracy.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

No objectives in U.S. History II

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.4.2.1 Analyze the relationship between the three federal branches of government.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.4.3.1 Identify the impact of landmark United States Supreme Court cases, including *Plessy v. Ferguson* and *Brown v. Board of Education of Topeka*.

9-12.USH2.4.3.2 Provide and evaluate examples of social and political leadership in American history.

Goal 4.4: Build an understanding of the evolution of democracy.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.4.4.1 Trace the development and expansion of political, civil, and economic rights.

Goal 4.5: Build an understanding of comparative government.

No objectives in U.S. History II

Standard 5: Global Perspectives

Students in U.S. History II build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of U.S. History II, the student will be able to:

9-12.USH2.5.1.1 Compare competing belief systems of the 20th century, including capitalism, communism, imperialism, totalitarianism, isolationism, and internationalism.

9-12.USH2.5.1.2 Trace the major foreign policy positions that have characterized the United States' relations with the world in the 20th century.

9-12.USH2.5.1.3 Explain the significance of principal events in the United States' relations with the world, such as Spanish-American War, World Wars I and II, formation of the United Nations, Marshall Plan, NATO, Korean and Vietnam Wars, end of the Cold War, and interventions in Latin America and the Middle East.

9-12.USH2.5.1.4 Explain how and why the United States assumed the role of world leader after World War II and analyze its leadership role in the world today.

IDAHO CONTENT STANDARDS
GRADE 9-12
AMERICAN GOVERNMENT

Students are expected to know content and apply skills from previous grades.

Standard 1: History

Students in American Government build an understanding of the cultural and social development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.1.1.1 Describe historical milestones that led to the creation of limited government in the United States, such as the Declaration of Independence (1776), Articles of Confederation (1781), state constitutions and charters, United States Constitution (1787), and the Bill of Rights (1791).

9-12.G.1.1.2 Analyze important events and individuals responsible for bringing about political changes in the United States.

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives in American Government

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives in American Government

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

No objectives in American Government

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives in American Government

Goal 1.6: Explain the rise of human civilization.

No objectives in American Government

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives in American Government

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives in American Government

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives in American Government

Standard 2: Geography

Students in American Government explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

No objectives in American Government

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

No objectives in American Government

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

No objectives in American Government

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

No objectives in American Government

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.2.5.1 Analyze the impact of geography on the American political system, such as electoral politics and congressional redistricting.

Standard 3: Economics

Students in American Government identify different influences on economic systems.

Goal 3.1: Explain basic economic concepts.

No objectives in American Government

Goal 3.2: Identify different influences on economic systems.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.3.2.1 Analyze the economic impact of government policy.

9-12.G.3.2.2 Compare and contrast different economic systems and relate each to the different forms of government.

Goal 3.3: Analyze the different types of economic institutions.

No objectives in American Government

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

No objectives in American Government

Standard 4: Civics and Government

Students in American Government build an understanding of the foundational principles of the American political system, the organization and formation of the American system of government, that all people in the United States have rights and assume responsibilities, ~~and~~ the evolution of democracy, and an understanding of comparative government.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.4.1.1 Describe the origins of constitutional law in western civilization, including the natural rights philosophy, Magna Carta (1215), common law, and the Bill of Rights (1689) in England.

9-12.G.4.1.2 Analyze the essential philosophies, ideals, and objectives of the ~~original~~ ~~organizing~~ foundational documents of the United States, including the Declaration of Independence, the Articles of Confederation, ~~and~~ the United States Constitution, Bill of Rights, and ~~Amendments~~ Federalist Papers.

9-12.G.4.1.3 Explain the central principles of the United States governmental system including a written constitution, popular sovereignty, limited government, separation of powers, checks and balances, majority rule with minority rights, judicial review, and federalism.

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.4.2.1 Identify and describe the three branches of federal government, their powers, and responsibilities.

9-12.G.4.2.2 Explain the functions, powers, interactions, and relationships among federal, state, local, and tribal governments.

9-12.G.4.2.3 Analyze and explain sovereignty and the treaty/trust relationship the United States has with American Indian tribes with emphasis on Idaho, such as hunting and fishing rights, and land leasing.

9-12.G.4.2.4 ~~Analyze~~ Trace the development and role of political parties and other political organizations and their impact on the American system of government.

9-12.G.4.2.5 Analyze the role of other political organizations and their impact on the American system of government.

9-12.G.4.2.~~5~~ 6 Explain the electoral process at each level of government.

~~9-12.G.4.2.6 Compare different forms of government, such as presidential with parliamentary, unitary with federal, democracy with dictatorship.~~

9-12.G.4.2.7 Name key officials, both elected and appointed, in the legislative, executive, and judicial branches at the State and Federal levels.

9-12.G.4.2.8 Name the United States Senators and Congressional representatives from Idaho.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.4.3.1 Explain the ways in which individuals become citizens and distinguish among obligations, responsibilities, and rights.

9-12.G.4.3.2 Explain the implications of dual citizenship with regard to American Indians.

9-12.G.4.3.3 Identify the ways in which citizens can participate in the political process at the local, state, and national level.

9-12.G.4.3.4 Analyze and evaluate decisions about rights of individuals in landmark cases of the United States Supreme Court. ~~including *Gideon v. Wainwright, Miranda v. Arizona*.~~

Goal 4.4: Build an understanding of the evolution of democracy.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.4.4.1 Analyze the struggles for the extension of civil rights.

9-12.G.4.4.2 Analyze and evaluate states' rights disputes past and present.

9-12.G.4.4.3 Provide and evaluate examples of the role of leadership in the changing relationship among the branches of American government.

9-12.G.4.4.4 Discuss how the interpretation and application of the United States Constitution has evolved.

Goal 4.5: Build an understanding of comparative government.

~~No objectives in American Government~~

Objective(s): By the end of American Government, the student will be able to:

9-12.G.4.5.1 Compare and contrast different forms of government, such as presidential with parliamentary, unitary with federal, dictatorship with democracy.

Standard 5: Global Perspectives

Students in American Government build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of American Government, the student will be able to:

9-12.G.5.1.1 Discuss the mutual impact of ideas, issues, and policies among nations, including environmental, economic, and humanitarian.

9-12.G.5.1.2 Describe the characteristics of United States foreign policy and how it has been created and implemented over time.

9-12.G.5.1.3 Identify and evaluate the role of the United States in international organizations and agreements. ~~such as the United Nations, NAFTA, and humanitarian organizations.~~

IDAHO CONTENT STANDARDS
GRADE 9-12
ECONOMICS

Students are expected to know content and apply skills from previous grades.

Standard 1: **History**

Students in Economics analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

Goal 1.1: Build an understanding of the cultural and social development of the United States.

No objectives in Economics

Goal 1.2: Trace the role of migration and immigration of people in the development of the United States.

No objectives in Economics

Goal 1.3: Identify the sovereign status and role of American Indians in the development of the United States.

No objectives in Economics

Goal 1.4: Analyze the political, social, and economic responses to industrialization and technological innovations in the development of the United States.

Objective(s): By the end of Economics, the student will be able to:

9-12.E.1.4.1 Analyze the impact of events, such as wars, industrialization, and technological developments on the business cycle.

Goal 1.5: Trace the role of exploration and expansion in the development of the United States.

No objectives in Economics

Goal 1.6: Explain the rise of human civilization.

No objectives in Economics

Goal 1.7: Trace how natural resources and technological advances have shaped human civilization.

No objectives in Economics

Goal 1.8: Build an understanding of the cultural and social development of human civilization.

No objectives in Economics

Goal 1.9: Identify the role of religion in the development of human civilization.

No objectives in Economics

Standard 2: Geography

Students in Economics analyze the human and physical characteristics of different places and regions**.**

Goal 2.1: Analyze the spatial organizations of people, places, and environment on the earth's surface.

No objectives in Economics

Goal 2.2: Explain how human actions modify the physical environment and how physical systems affect human activity and living conditions.

No objectives in Economics

Goal 2.3: Trace the migration and settlement of human populations on the earth's surface.

No objectives in Economics

Goal 2.4: Analyze the human and physical characteristics of different places and regions.

Objective(s): By the end of Economics, the student will be able to:

9-12.E.2.4.1 Explain how the factors of production are distributed among geographic regions and how this influences economic growth.

Goal 2.5: Explain how geography enables people to comprehend the relationships between people, places, and environments over time.

No objectives in Economics

Standard 3: Economics

Students in Economics explain basic economic concepts, identify different influences on economic systems, analyze the different types of economic institutions, and explain the concepts of ~~good~~ personal finance.

Goal 3.1: Explain basic economic concepts.

Objective(s): By the end of Economics, the student will be able to:

9-12.E.3.1.1 ~~Define~~ Apply the concepts of supply and demand, ~~and~~ scarcity, and opportunity costs, and explain ~~its~~ their implications in decision making.
9-12.E.3.1.2 Identify ways in which the interaction of all buyers and sellers influences prices.
9-12.E.3.1.3 Identify how incentives determine what is produced and distributed in a competitive market system.
9-12.E.3.1.4 Describe the factors of production.
9-12.E.3.1.5 Create and interpret graphs that model economic concepts.
9-12.E.3.1.6 Explain the difference between monetary policy and fiscal policy and the role of the Federal Reserve.
9-12.E.3.1.7 Analyze the various parts of the business cycle and its effect on the economy.

Goal 3.2: **Identify different influences on economic systems.**

Objective(s): By the end of Economics, the student will be able to:
9-12.E.3.2.1 Compare and contrast the characteristics of different economic systems and economic philosophies.
9-12.E.3.2.2 Explain and illustrate the impact of economic policies and decisions made by governments, businesses, and individuals.
9-12.E.3.2.3 Explain the purposes of labor unions.

Goal 3.3: Analyze the different types of economic institutions.

Objective(s): By the end of Economics, the student will be able to:
9-12.E.3.3.1 Explain the characteristics of various types of business and market structures.
9-12.E.3.3.2 Describe the elements of entrepreneurship and successful businesses.
9-12.E.3.3.3 Identify the role of the financial markets and institutions.
~~9-12.E.3.3.4 Explain the purposes of labor unions.~~
~~9-12.E.3.3.5 Explain the difference between monetary policy and fiscal policy.~~
~~9-12.E.3.3.6 Analyze the various parts of the business cycle and its effect on the economy.~~

Goal 3.4: Explain the concepts of ~~good~~ personal finance.

Objective(s): By the end of Economics, the student will be able to:
9-12.E.3.4.1 Examine and apply the elements of responsible personal fiscal management, such as budgets, interest, investment, savings, credit, and debt.
9-12.E.3.4.2 Identify and evaluate sources and examples of consumers' responsibilities and rights.
9-12.E.3.4.3 Discuss the impact of taxation as applied to personal finances.

Standard 4: Civics and Government

Students in Economics build an understanding of the organization and formation of the American system of government.

Goal 4.1: Build an understanding of the foundational principles of the American political system.

No objectives in Economics

Goal 4.2: Build an understanding of the organization and formation of the American system of government.

Objective(s): By the end of Economics, the student will be able to:

- 9-12.E.4.2.1 Explain the basic functions of government in a mixed economic system.
- 9-12.E.4.2.2 Identify laws and policies adopted in the United States to regulate competition.
- 9-12.E.4.2.3 Examine the federal budget, debt, and deficit, and their implications on the economy.

Goal 4.3: Build an understanding that all people in the United States have rights and assume responsibilities.

No objectives in Economics

Goal 4.4: Build an understanding of the evolution of democracy.

No objectives in Economics

Goal 4.5: Build an understanding of comparative government.

No objectives in Economics

Standard 5: Global Perspectives

Students in Economics build an understanding of multiple perspectives and global interdependence.

Goal 5.1: Build an understanding of multiple perspectives and global interdependence.

Objective(s): By the end of Economics, the student will be able to:

- 9-12.E.5.1.1 Describe the involvement of the United States in international economic organizations and treaties, such as GATT, IMF, and the WTO.
- 9-12.E.5.1.2 Analyze global economic interdependence and competition.

9-12.E.5.1.3 Apply economic concepts to explain the role of imports/exports both nationally and internationally.

Idaho K-12 Content Standards for Computer Science

The Computer Science standards build upon frameworks developed by professional organizations, educators, and industry. In particular, they build upon the 2016 draft standards put out by CSTA (Computer Science Teachers Association). It is not an exhaustive list of everything in computer science that can be learned within a K-12 pathway, but instead outlines what it means to be literate in Computer Science. Curriculum developers are encouraged to create a learning experience that extends beyond the framework to encompass students' many interests, abilities, and aspirations. The framework reflects the latest research in CS education, including learning progressions, trajectories, and computational thinking.

The CSTA draft standards were created by several states (MD, CA, IN, IA, AR, UT, ID, NE, GA, WA, NC), large school districts (NYC, Chicago, San Francisco), technology companies (Microsoft, Google, Apple), organizations (Code.org, ACM, CSTA, ISTE, MassCAN, CSNYC), and individuals (university faculty, researchers, K-12 teachers, and administrators). They align with the K-12 CS Education Framework (https://k12cs.org) that is steered by 5 organizations: ACM (Association for Computing Machinery), CIC (Cyber Innovation Center), Code.org, CSTA, and NMSI (National Math+Science Initiative). The K-12 CS framework provides overarching, high-level guidance per grade bands, while the standards provide detailed student performance expectations at particular grade levels.

What is Computer Science?

Computer Science is an established discipline at the collegiate and post-graduate levels. It is best defined as "the scientific and engineering approach to computation, as well as its applications and impact. It is the systematic study of the feasibility, structure, expression, and mechanization of the methodical procedures (or algorithms) that underlie the acquisition, representation, processing, storage, communication of, and access to information." [1] We will use the following concepts and practices from the K-12 CS Education Framework to structure the standards.

The five *Core Computer Science concepts*:

1. Devices
2. Networks and Communication
3. Data and Analysis
4. Algorithms and Programming
5. Impact of Computing

The seven *Computational Thinking Framework Practices*:

1. Designing and Representing Computational Problems
2. Developing and using Abstractions
3. Creating Computational Artifacts
4. Testing and Iteratively Refining
5. Fostering an Inclusive Computing Culture
6. Communicating about Computing
7. Collaborating around Computing

Idaho K-12 Content Standards for Computer Science

International Society for Technology Education (ISTE Standards):

1. Creativity and Innovation
2. Communication and Collaboration
3. Research and Information Fluency
4. Critical Thinking, Problem Solving, and Decision Making
5. Digital Citizenship
6. Technology Operations and Concepts

Navigating the Idaho Content Standards for Computer Science

The Idaho Content Standards for Computer Science is a set of learning standards that provide a foundation for a comprehensive K-12 Computer Science curriculum. The standards are organized by grade bands (K-2, 3-5, K-5, 6-8, 9-10, 11-12 and 9-12) and the five Core Computer Science Concepts as referred to by the K-12 CS Education Framework (https://k12cs.org). It is intentional that some of the grade bands overlap. An item code is designated to facilitate the ease of locating and identifying specific standards based on the grade band (e.g. K-2), the abbreviated core concept (e.g. D-Devices), and the ordered number in the sequence (e.g. K-2.D.1). The seven Computational Thinking Framework Practices are included to frame the different standards. Also included is a column for the designation of ISTE (International Society for Technology Education) Standards as they align with the content standards for Computer Science.

The standards are not curriculum. Curriculum is determined by the local school districts. The standards clarify the learning outcomes of students. The standards inform teachers of what students should know, understand, and be able to do. Teachers can create “I can” statements with student friendly language from the standards. The examples listed within the standards are intended to be suggestions and provide clarification for teachers; they are not intended to be a menu, prescriptive, or all inclusive. While these standards set a foundation of learning statewide, local school districts in Idaho have the discretion to expand expectations of student learning beyond the state standards. Educators can use the standards in a variety of creative ways.

Once standards are introduced and mastered, they become prerequisites and are intended to be included in the curriculum at advanced grade levels. For example, the standard 6-8.D.04 (troubleshooting software and hardware) introduced in Grades 6-8 isn’t explicitly repeated at higher grades as the students will continue to practice the skills identified in this standard at higher grade levels. At the high school level, the learning objectives appropriate for all students at this level are included in *Grades 9-10*. Some students will opt for additional, more rigorous elective Computer Science courses in high school. The objectives appropriate for the subset of high school students focusing more deeply in Computer Science are listed in level *Grades 11-12*.

The standards written for grade bands K-2, 3-5, K-5, and 6-8, have been written with the intent that they can be incorporated into existing classes and subject areas relevant to each grade band and do not necessitate the creation of a specific Computer Science course to address the standards. However, this does not preclude local school districts from choosing to create specific Computer Science courses or units at these levels. At the high school level, we expect most local school districts will create standalone Computer Science courses. Two nationally recognized high school courses that are worth mentioning as models are *Exploring Computer Science* (http://www.exploringcs.org) and *AP Computer Science Principles* (http://apcsprinciples.org). These courses don’t cover all of the proposed high school standards but they can serve as model courses for local school districts to adapt to their unique environments.

Idaho K-12 Content Standards for Computer Science

	K-12 CS Standards - Devices (D) *The student will be able to:*	**Computational Thinking Framework Practice**	**ISTE Standard**
K-2.D.01	Locate and identify computing, input, and output devices in a variety of environments (e.g. desktop and laptop computers, tablets, mobile devices, monitors, keyboards, mouse, printers). (Grades K-2)	Communicating about Computing	Technology operations and concepts
K-2.D.02	Demonstrate how to operate a variety of computing devices (e.g. turn on, navigate, open/close programs or apps). (Grades K-2)	Communicating about Computing	Technology operations and concepts
K-2.D.03	Recognize that software is required to control all computing devices (e.g. programs, browsers, websites, apps). (Grades K-2)	Communicating about Computing	Technology operations and concepts
K-2.D.04	Identify, using accurate terminology, simple hardware and software problems and apply strategies for solving these problems (e.g. rebooting the device, checking the power, access to the network, read error messages, discuss problems with peers and adults). (Grades K-5)	Testing and Iteratively Refining	Critical thinking, problem solving and decision making ◦ Technology operations and concepts
3-5.D.01	Create code to model intelligent behavior in computing devices (e.g. CS unplugged activities, robot programming). (Grades 3-5)	Creating Computational Artifacts	Creativity and innovation
3-5.D.02	Identify, using accurate terminology, simple hardware and software problems and apply strategies for solving these problems (e.g. rebooting the device, checking the power, access to the network, read error messages, discuss problems with peers and adults). (Grades K-5)	Testing and Iteratively Refining	Critical thinking, problem solving and decision making ◦ Technology operations and concepts
6-8.D.01	Exemplify how computational devices impact the quality of life (both positively and negatively) and enhance the ability of people to perform work, communicate, and interact with others. (Grades 6-8)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Digital citizenship
6-8.D.02	Compare and contrast the ways that humans and machines process instructions and sense the world. (Grades 6-8)	Developing and using Abstractions	Critical thinking, problem solving and decision making
6-8.D.03	Differentiate features of everyday objects that contain computing components (i.e., devices that collect, store, analyze, and/or transmit data) (e.g. Kinect, GoPro, smartphone, car). (Grades 6-8)	Developing and using Abstractions	Research and information fluency
6-8.D.04	Apply troubleshooting strategies for solving hardware and software problems (e.g. recognizing, describing, reproducing, isolating, fixing and retesting). (Grades 6-8)	Testing and Iteratively Refining	Creativity and innovation ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts

Idaho K-12 Content Standards for Computer Science

6-8.D.05	Compare and contrast the capabilities of different hardware and software in computer systems (e.g. processors, display types, input devices, communication, and storage capabilities). (Grades 6-8)	Communicating about Computing	Technology operations and concepts
9-10.D.01	Identify and evaluate what computing resources are required for a given purpose (e.g. system requirements needed to run a program, hardware, and software needed to run game X). (Grades 9-10)	Fostering an Inclusive Computing Culture	Creativity and innovation ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.D.02	Explore the unique features of embedded computers in areas such as mobile devices, sensors, and vehicles. (Grades 9-10)	Fostering an Inclusive Computing Culture	Creativity and innovation ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.D.03	Create or modify a program that uses different forms of input and output. (e.g. use voice input instead of text input, use text-to-speech for output) (Grades 9-10)	Creating Computational Artifacts	Creativity and innovation ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.D.04	Demonstrate the multiple levels of abstraction that support program execution including programming languages, translations, and low-level systems including the fetch-execute cycle (e.g. model, dance, create a play/presentation). (Grades 9-10)	Developing and using Abstractions	Creativity and innovation ◦ Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.D.01	Identify and describe hardware (e.g. physical layers, logic gates, chips, components). (Grades 11-12)	Communicating about Computing	Critical thinking, problem solving and decision making ◦ Technology operations and concepts
11-12.D.02	Create a model of how embedded systems sense, process, and actuate in a given	Communicating about Computing	Critical thinking, problem solving

Idaho K-12 Content Standards for Computer Science

	environment (e.g. ocean, atmosphere, and highway) (Grades 11-12)		and decision making ◦ Technology operations and concepts

	K-12 CS Standards - Data and Analysis (DA) *The student will be able to:*	**Computational Thinking Framework Practice**	**ISTE Standard**
K-2.DA.01	Classify and sort information into useful order without using a computer (e.g. sorting objects by various attributes). (Grades K-2)	Fostering an Inclusive Computing Culture	Research and information fluency
K-2.DA.02	Demonstrate that computing devices save information as data that can be stored, searched, retrieved, modified, and deleted. (Grades K-2)	Developing and using Abstractions	Research and information fluency ◦ Technology operations and concepts
K-2.DA.03	Explain that networks, like the Internet, link people using computers and other computing devices allowing them to communicate, access, and share information. (Grades K-2)	Developing and using Abstractions	Communication and collaboration ◦ Technology operations and concepts
3-5.DA.01	Use outcome data (results) from running a simulation to solve a problem or answer a question in a core subject area, either individually or collaboratively. (Grades 3-5)	Designing and Representing Computational Problems	Communication and collaboration ◦ Critical thinking, problem solving and decision making
3-5.DA.02	Understand how computers encode and store data (e.g. simple mapping of binary number to decimal number, letter, or color). (Grades 3-5)	Developing and using Abstractions	Communication and collaboration ◦ Technology operations and concepts
3-5.DA.03	Gather, manipulate, and evaluate data to explore a real world problem that is of interest to the student. (Grades 3-5)	Designing and Representing Computational Problems	Research and information fluency ◦ Critical thinking, problem solving, and decision making
6-8.DA.01	Describe the trade-off between quality and file size of stored data (e.g. music, video, text, images). (Grades 6-8)	Communicating about Computing	Technology operations and concepts
6-8.DA.02	Defend the selection of the data, collection, and analysis needed to answer a question. (Grades 6-8)	Communicating about Computing	Communication and collaboration ◦ Research and information fluency ◦ Critical

Idaho K-12 Content Standards for Computer Science

			thinking, problem solving, and decision making
6-8.DA.03	Understand that data collection is used to make recommendations to influence decisions as well as predict behavior. List the positive and negative impacts. (Grades 6-8)	Fostering an Inclusive Computing Culture	Research and information fluency ◦ Critical thinking, problem solving, and decision making
6-8.DA.04	Encode and decode information using encryption/decryption schemes. (e.g. Morse code, Unicode, binary, symbols, student-created codes, simple ciphers). (Grades 6-8)	Developing and using Abstractions	Technology operations and concepts
6-8.DA.05	Identify layers of abstraction in different contexts (e.g. video and animation are made of audio and video frames, which are made of pixels, which are made of color codes). (Grades 6-8)	Developing and using Abstractions	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.DA.01	Illustrate how various types of data are stored in a computer system (e.g. how sound and images are stored). (Grades 9-10)	Communicating about Computing	Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.DA.02	Differentiate between information access and distribution rights (e.g. write, discuss). (Grades 9-10)	Communicating about Computing	Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship ◦ Technology operations and concepts
9-10.DA.03	Compare and contrast the viewpoints on cybersecurity from the perspective of security experts, privacy advocates, the government (e.g. persuasive essay, presentation, or debate). (Grades 9-12)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
9-10.DA.04	Explain the principles of security by examining encryption, cryptography, and authentication techniques. (Grades 9-12)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making ◦ Digital citizenship

Idaho K-12 Content Standards for Computer Science

9-10.DA.05	Apply basic techniques for locating, collecting, and understanding the quality of small and large-scale data sets (e.g. public data sets). (Grades 9-10)	Designing and Representing Computational Problems	Research and information fluency ◦ Technology operations and concepts
9-10.DA.06	Convert between binary, decimal, octal, and hexadecimal representations of data. (Grades 9-10)	Developing and using Abstractions	Research and information fluency ◦ Technology operations and concepts
9-10.DA.07	Analyze the representation and trade-offs among various forms of digital information (e.g. lossy versus lossless compression). (Grades 9-10)	Developing and using Abstractions	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.DA.08	Analyze data and identify patterns through modeling and simulation.(Grades 9-12)	Developing and using Abstractions	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.DA.01	Use data analysis to enhance understanding and gain knowledge of complex systems to show the transformation from data to information to knowledge (e.g. using existing data sets). (Grades 11-12)	Fostering an Inclusive Computing Culture	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.DA.02	Use various data collection techniques for different types of problems (e.g. mobile device GPS, user surveys, embedded system sensors, open data sets, social media data sets). (Grades 11-12)	Fostering an Inclusive Computing Culture	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.DA.03	Understand and explain security policies by comparing encryption and authentication strategies (e.g. trapdoor functions and man in the middle attacks). (Grades 11-12)	Designing and Representing Computational Problems	Creativity and innovation ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making

Idaho K-12 Content Standards for Computer Science

			◦ Technology operations and concepts
11-12.DA.04	Discuss the variety of interpretations of binary sequences (e.g. instructions, numbers, text, sound, image). (Grades 11-12)	Developing and using Abstractions	Technology operations and concepts
11-12.DA.05	Use models and simulations to help formulate, refine, and test scientific hypotheses. (Grades 11-12)	Developing and using Abstractions	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.DA.06	Analyze data and identify patterns through modeling and simulation.(Grades 9-12)	Developing and using Abstractions	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts

	K-12 CS Standards - Impact of Computing (IC) *The student will be able to:*	**Computational Thinking Framework Practice**	**ISTE Standard**
K-2.IC.01	Practice responsible digital citizenship (legal and ethical behaviors) in the use of technology systems and software. (Grades K-5)	Fostering an Inclusive Computing Culture	Digital citizenship
K-2.IC.02	Understand that a wide range of jobs require knowledge or use of computer science. (Grades K-2)	Fostering an Inclusive Computing Culture	Research and information fluency
3-5.IC.01	Practice responsible digital citizenship (legal and ethical behaviors) in the use of technology systems and software. (Grades K-5)	Fostering an Inclusive Computing Culture	Digital citizenship
3-5.IC.02	Explore the connections between computer science and other fields. (Grades 3-5)	Fostering an Inclusive Computing Culture	Research and information fluency ◦ Critical thinking, problem solving, and decision making
3-5.IC.03	Generate examples of how the use of computing can affect society and how society can	Fostering an Inclusive Computing	Communication and

Idaho K-12 Content Standards for Computer Science

	influence the use of computing. (Grades 3-5)	Culture	collaboration
3-5.IC.04	Explain ethical issues that relate to computers and networks (e.g. equity of access, security, privacy, copyright, digital citizenship, and intellectual property). (Grades 3-5)	Fostering an Inclusive Computing Culture	Digital citizenship
3-5.IC.05	Evaluate the positive and negative impacts of computing devices in daily life. (e.g., downloading videos and audio files, electronic appliances, wireless Internet, mobile computing devices, GPS systems, Internet of Things, wearable computing). Describe the pros and cons of these impacts.(Grades 3-5)	Fostering an Inclusive Computing Culture	Digital citizenship
6-8.IC.01	Explore security risks associated with using weak passwords, lack of encryption and/or insecure transactions. (Grades 6-8)	Communicating about Computing	Critical thinking, problem solving, and decision making ◦ Digital citizenship ◦ Technology operations and concepts
6-8.IC.02	Explore how computer science fosters innovation and enhances other careers and disciplines. (Grades 6-8)	Communicating about Computing	Creativity and innovation ◦ Research and information fluency ◦ Technology operations and concepts
6-8.IC.03	Describe ethical issues that relate to computers and networks (e.g. equity of access, security, privacy, ownership and information sharing, copyright, licensing). (Grades 6-8)	Fostering an Inclusive Computing Culture	Creativity and innovation ◦ Research and information fluency ◦ Digital Citizenship ◦ Technology operations and concepts
6-8.IC.04	Explore how the Internet impacts global communication and collaboration. (Grades 6-8)	Fostering an Inclusive Computing Culture	Creativity and innovation ◦ Communication and collaboration
6-8.IC.05	Design, develop, and present computational artifacts that have a positive social impact (e.g. web pages, mobile applications, animations). (Grades 6-8)	Creating Computational Artifacts	Creativity and innovation ◦ Communication and collaboration ◦ Critical thinking, problem solving, and decision making
6-8.IC.06	Redesign user interfaces to be more inclusive, accessible, and minimizing the impact of the designer's inherent bias. (e.g. web pages, mobile applications, animations). (Grades 6-8)	Testing and Iteratively Refining	Creativity and innovation ◦ Communication and

Idaho K-12 Content Standards for Computer Science

			collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making
6-8.IC.07	Understand and explain the elements of federal, state, and local regulations that relate to digital citizenship (e.g. COPPA, CIPA, state laws, district policies). (Grades 6-8)	Fostering an Inclusive Computing Culture	Digital citizenship
6-8.IC.08	Summarize current events and changes resulting from computing and their effects on education, the workplace, and society. (Grades 6-8)	Fostering an Inclusive Computing Culture	Creativity and innovation ◦ Research and information fluency ◦ Technology operations and concepts
6-8.IC.09	Predict positive and negative social impacts of existing or student created content and computational artifacts (e.g. economic, entertainment, education, or political). (Grades 6-8)	Collaborating around Computing	Critical thinking, problem solving, and decision making ◦ Digital citizenship ◦ Technology operations and concepts
9-10.IC.01	Explain the social and economic implications associated with unethical computing practices (e.g. software piracy, intrusion, malware, current corporate fraud examples). (Grades 9-10)	Collaborating around Computing	Critical thinking, problem solving, and decision making ◦ Digital citizenship ◦ Technology operations and concepts
9-10.IC.02	Discuss trade-offs such as privacy, safety, and convenience associated with the collection and large scale analysis of information about individuals (e.g. social media, online shopping, how grocery/dept stores collect and use personal data). (Grades 9-10)	Communicating about Computing	Communication and collaboration ◦ Research and information fluency ◦ Digital citizenship ◦ Technology operations and concepts
9-10.IC.03	Understand and explain the impact of artificial intelligence and robotics. (Grades 9-10)	Communicating about Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.IC.04	Describe how computer science shares features with creating and designing an artifact such as in music and art. (Grades 9-12)	Communicating about Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and

Idaho K-12 Content Standards for Computer Science

			concepts
9-10.IC.05	Demonstrate how computing enhances traditional forms and enables new forms of experience, expression, communication, and collaboration (e.g. virtual reality). (Grades 9-10)	Fostering an Inclusive Computing Culture	Creativity and innovation ◦ Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.IC.06	Explain the impact of the digital divide on access to critical information (e.g. education, healthcare, medical records, access to training). (Grades 9-10)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
9-10.IC.07	Explain the impact of the digital divide on access to critical information (e.g. education, healthcare, medical records, access to training). (Grades 9-10)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
9-10.IC.08	Compare the positive and negative impacts of computing on behavior and culture. (Grades 9-10)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
9-10.IC.09	Evaluate a computational artifact for its effectiveness for universal access (e.g. compare sample code with accessibility standards, building in access from initial design). (Grades 9-10)	Testing and Iteratively Refining	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.IC.10	Practice responsible digital citizenship (legal and ethical behaviors) in the use of technology	Fostering an Inclusive Computing	Digital citizenship

Idaho K-12 Content Standards for Computer Science

	systems and software. (Grades 9-10)	Culture	
9-10.IC.11	Explain how computer science fosters innovation and enhances other careers and disciplines. (Grades 6-8)	Communicating about Computing	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
9-10.IC.12	Explain the impact of computing on business, manufacturing, commerce, and society. (Grades 9-12)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
11-12.IC.01	Understand the ecosystem of open source software development and its impact on global collaboration through an open-source software project (e.g. https://codein.withgoogle.com). (Grades 11-12)	Collaborating around Computing	Research and information fluency; Critical thinking, problem solving, and decision making; Digital citizenship; Technology operations and concepts
11-12.IC.02	Debate laws and regulations that impact the development and use of software. (e.g. compare and contrast licensing versus certification, professional societies, professional code of ethics). (Grades 11-12)	Communicating about Computing	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship ◦ Technology operations and concepts
11-12.IC.03	Research, analyze, and present how computational thinking has revolutionized an aspect of our culture (e.g. agriculture, communication, work, healthcare, music, art). (Grades 11-12)	Fostering an Inclusive Computing Culture	Creativity and innovation ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision

Idaho K-12 Content Standards for Computer Science

			making ◦ Digital citizenship ◦ Technology operations and concepts
11-12.IC.04	Analyze the role and impact of government regulation on privacy and security. (Grades 11-12)	Fostering an Inclusive Computing Culture	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
11-12.IC.05	Debate how the issues of equity, access, and power relate to the distribution of computing resources in a global society. (Grades 11-12)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making
11-12.IC.06	Identify and evaluate the beneficial and harmful effects of computing innovations. (Grades 11-12)	Developing and using Abstractions	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
11-12.IC.07	Practice responsible digital citizenship (legal and ethical behaviors) in the use of technology systems and software. (Grades 11-12)	Fostering an Inclusive Computing Culture	Digital citizenship
11-12.IC.08	Describe how computer science shares features with creating and designing an artifact such as in music and art. (Grades 9-12)	Communicating about Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.IC.09	Explain the impact of computing on business, manufacturing, commerce, and society. (Grades 9-12)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship
11-12.IC.10	Summarize how computer automation and control is transforming society and the global economy (e.g. financial markets, transactions, predictions). (Grades 11-12)	Fostering an Inclusive Computing Culture	Communication and collaboration ◦ Research and

Idaho K-12 Content Standards for Computer Science

			information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship

	K-12 CS Standards - Networks and Communication (NC) *The student will be able to:*	Computational Thinking Framework Practice	ISTE Standard
3-5.NC.01	Demonstrate how a device on a network sends and receives information. (Grades 3-5)	Developing and using Abstractions	Technology operations and concepts
6-8.NC.01	Simulate the flow of information as packets on the Internet and networks (e.g. model using strings and paper, note passing). (Grades 6-8)	Communicating about Computing	Communication and collaboration ◦ Technology operations and concepts
6-8.NC.02	Compare and contrast the trade-offs between physical (wired), wireless, and mobile networks (e.g. speed, security, and cost). (Grades 6-8)	Communicating about Computing	Communication and collaboration ◦ Technology operations and concepts
9-10.NC.01	Describe the underlying process of Internet-based services. (e.g. illustrate how information flows in a global network, servers and clients, cloud services, secure versus insecure communication). (Grades 9-10)	Communicating about Computing	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.NC.02	Illustrate the basic components of computer networks, protocols and routing (e.g. team based activities which may include drawing a diagram of a network including routers, switches, local networks, and end user devices, creating models with string and paper, see CS unplugged activities). (Grades 9-10)	Developing and using Abstractions	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts

Idaho K-12 Content Standards for Computer Science

11-12.NC.01	Simulate and discuss the issues that impact network functionality (e.g. use ns3 or other free network simulators). (Grades 11-12)	Developing and using Abstractions	Creativity and innovation ◦ Research and information fluency ◦ Communication and collaboration ◦ Technology operations and concepts
11-12.NC.02	Examine how encryption is essential to ensuring privacy and security over the internet. (Grades 11-12)	Communicating about Computing	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts

Idaho K-12 Content Standards for Computer Science

	K-12 CS Standards - Algorithms and Programming (AP) *The student will be able to:*	Computational Thinking Framework Practice	ISTE Standard
K-2.AP.01	Construct and test problem solutions using a block-based visual programming language, both independently and collaboratively (e.g. pair programming). (Grades K-5)	Creating Computational Artifacts	Creativity and innovation ◦ Critical thinking, problem solving, and decision making
K-2.AP.02	Create a design document to illustrate thoughts, ideas, and stories in a sequential manner (e.g., storyboard, mind map). (Grades K-2)	Designing and Representing Computational Problems	Creativity and innovation
K-2.AP.03	Construct an algorithm to accomplish a task, both independently and collaboratively. (Grades K-5)	Developing and using Abstractions	Creativity and innovation ◦ Critical thinking, problem solving and decision making ◦ Communication and collaboration
K-2.AP.04	Follow the sequencing in an algorithm. (Grades K-2)	Testing and Iteratively Refining	Critical thinking, problem solving and decision making
3-5.AP.01	Identify and understand ways that teamwork and collaboration can support problem solving and the software design cycle. (Grades 3-5)	Collaborating around Computing	Creativity and innovation ◦ Communication and collaboration ◦ Critical thinking, problem solving, and decision making
3-5.AP.02	Construct and test problem solutions using a block-based visual programming language, both independently and collaboratively (e.g. pair programming). (Grades K-5)	Creating Computational Artifacts	Creativity and innovation ◦ Critical thinking, problem solving, and decision making
3-5.AP.03	Generate a list of sub-problems to consider while addressing a larger problem. (Grades 3-5)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making
3-5.AP.04	Understand that computer program design is an iterative process that includes the following steps: define the problem, generate ideas, build a program, test the program, improve the program. (Grades 3-5)	Designing and Representing Computational Problems	Creativity and innovation ◦ Research and information fluency ◦ Critical thinking,

Idaho K-12 Content Standards for Computer Science

			problem solving and decision making ◦ Technology operations and concepts
3-5.AP.05	Understand, explain and debug the sequencing in an algorithm. (Grades 3-5)	Testing and Iteratively Refining	Critical thinking, problem solving and decision making
3-5.AP.06	Construct and test problem solutions using a block-based visual programming language, both independently and collaboratively (e.g. pair programming). (Grades K-5)	Creating Computational Artifacts	Creativity and innovation ◦ Critical thinking, problem solving, and decision making
3-5.AP.07	Construct an algorithm to accomplish a task, both independently and collaboratively. (Grades K-5)	Developing and using Abstractions	Creativity and innovation ◦ Critical thinking, problem solving and decision making ◦ Communication and collaboration
6-8.AP.01	Solicit, evaluate, and integrate peer feedback as appropriate to develop or refine a product. (Grades 6-8)	Collaborating around Computing	Communication and collaboration ◦ Critical thinking, problem solving, and decision making
6-8.AP.02	Compare different algorithms that may be used to solve the same problem by time and space efficiency. (Grades 6-8)	Communicating about Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
6-8.AP.03	Interpret, modify, and analyze content-specific models used to run simulations (e.g. ecosystems, epidemics, spread of ideas) . (Grades 6-8)	Creating Computational Artifacts	Creativity and innovation ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
6-8.AP.04	Apply an iterative design process (define the problem, generate ideas, build, test, and improve solutions) in problem solving, both individually and collaboratively. (Grades 6-8)	Creating Computational Artifacts	Creativity and innovation ◦ Communication and collaboration ◦ Research and information fluency ◦ Critical

Idaho K-12 Content Standards for Computer Science

			thinking, problem solving, and decision making ◦ Technology operations and concepts
6-8.AP.05	Create, analyze, and modify control structures to create programming solutions. (Grades 6-8)	Creating Computational Artifacts	Creativity and innovation ◦ Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
6-8.AP.06	Predict the outcome of an algorithm and then step through it to verify your predictions. (Grades 6-8)	Creating Computational Artifacts	Communication and collaboration ◦ Critical thinking, problem solving, and decision making
6-8.AP.07	Decompose a problem into sub-problems and demonstrate how the parts can be synthesized to create a solution. (Grades 6-8)	Developing and using Abstractions	Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
6-8.AP.08	Evaluate the correctness of a program by collecting and analyzing data generated from multiple runs of the program. (Grades 6-8)	Testing and Iteratively Refining	Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
6-8.AP.09	Use debugging and testing to improve program quality. (Grades 6-8)	Testing and Iteratively Refining	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.01	Design and develop a software artifact by leading, initiating, and participating in a team (e.g. pair programming, agile software development). (Grades 9-12)	Collaborating around Computing	Creativity and innovation ◦ Communication and collaboration ◦ Critical thinking,

Idaho K-12 Content Standards for Computer Science

			problem solving, and decision making
9-10.AP.02	Demonstrate how diverse collaboration, both inside and outside of a team, impacts the design and development of software products (e.g. students show their own artifacts and demonstrate and reflect how diverse collaboration made a product better). (Grades 9-12)	Collaborating around Computing	Communication and collaboration ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making
9-10.AP.03	Compare a variety of programming languages available to solve problems and develop systems. (Grades 9-10)	Collaborating around Computing	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.04	Explore security issues that might lead to compromised computer programs (e.g. ambiguous function calls, lack of error checking of the input, buffer overflow, SQL injection attacks, denial of service attacks). (Grades 9-12)	Communicating about Computing	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.05	Classify and define the different types of software licenses in order to understand how to apply each one to a specific software example. (Grades 9-12)	Fostering an Inclusive Computing Culture	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Digital citizenship ◦ Technology operations and concepts
9-10.AP.06	Understand the notion of hierarchy and abstraction in high-level languages, translation, instruction sets, and logic circuits. (Grades 9-10)	Fostering an Inclusive Computing Culture	Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.07	Explore issues surrounding mobile computing by creating a mobile computing application (e.g. App Inventor). (Grades 9-10)	Creating Computational Artifacts	Creativity and innovation ◦ Critical thinking, problem solving, and decision making ◦

Idaho K-12 Content Standards for Computer Science

			Technology operations and concepts
9-10.AP.08	Create software solutions by applying analysis, design, implementation and testing techniques. (Grades 9-10)	Creating Computational Artifacts	Creativity and innovation ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.09	Demonstrate code reuse by creating programming solutions using APIs and libraries (e.g. using text to speech in App Inventor, using Twitter API). (Grades 9-10)	Creating Computational Artifacts	Creativity and innovation ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.10	Illustrate the flow of execution and output of a given program (e.g. flow and control diagrams). (Grades 9-10)	Creating Computational Artifacts	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.11	Illustrate how mathematical and statistical functions, sets, and logic are used in computation. (Grades 9-10)	Creating Computational Artifacts	Research and information fluency ◦ Critical thinking, problem solving, and decision making
9-10.AP.12	Design algorithms using sequence, selection, iteration and recursion. (Grades 9-10)	Designing and Representing Computational Problems	Creativity and innovation ◦ Critical thinking, problem solving, and decision making
9-10.AP.13	Explain, represent, and understand natural phenomena using modeling and simulation (Grade 9-10).	Designing and Representing Computational Problems	Creativity and innovation ◦ Critical thinking, problem solving, and decision making
9-10.AP.14	Describe the concept of parallel processing as a strategy to solve large problems. (Grades 9-10)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts

Idaho K-12 Content Standards for Computer Science

9-10.AP.15	Compare and evaluate software development processes used to solve problems (e.g. waterfall, agile). (Grades 9-10)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.16	Decompose a complex problem into simpler parts using predefined functions and parameters, classes, and methods. (Grades 9-10)	Developing and using Abstractions	Critical thinking, problem solving, and decision making
9-10.AP.17	Demonstrate the value of abstraction to manage problem complexity. (Grades 9- 10)	Developing and using Abstractions	Creativity and innovation ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.18	Evaluate and improve program quality using various debugging and testing methods and examine the difference between verification and validation. (Grades 9-12)	Testing and Iteratively Refining	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
9-10.AP.19	Evaluate programs written by others for readability and usability. (Grades 9-10)	Collaborating around Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts ◦ Communication and Collaboration
11-12.AP.01	Analyze the notion of intelligent behavior through programs that learn and adapt, play games, do image recognition, perform text analysis, and control the behavior of robots. (Grades 11-12)	Communicating about Computing	Creativity and innovation ◦ Research and information fluency ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.02	Create collaborative software projects using version control systems, Integrated Development Environments (IDEs), and collaborative tools. (Grades 11-12)	Collaborating around Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts ◦ Communication and collaboration

Idaho K-12 Content Standards for Computer Science

11-12.AP.03	Demonstrate an understanding of the software life cycle process (e.g. by participating on a software project team). (Grades 11-12)	Collaborating around Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts ◦ Communication and collaboration
11-12.AP.04	Modify an existing program to add additional functionality and discus the positive and negative implications (e.g., breaking other functionality). (Grades 11-12)	Communicating about Computing	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.05	Explain the value of heuristic algorithms to approximate solutions for intractable problems. (Grades 11-12)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.06	Decompose a computational problem through data abstraction and modularity. (Grades 9-12)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.07	Critically examine algorithms and design an original algorithm (e.g. adapt, remix, improve). (Grades 11-12)	Developing and using Abstractions	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.08	Evaluate efficiency, correctness, and clarity of algorithms. (Grades 11-12)	Developing and using Abstractions	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.09	Compare and contrast simple data structures and their uses (e.g. arrays, lists, stacks, queues, maps, trees, graphs). (Grades 11-12)	Developing and using Abstractions	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.10	Decompose a problem by creating functions and classes. (Grades 11-12)	Developing and using Abstractions	Critical thinking, problem

Idaho K-12 Content Standards for Computer Science

			solving, and decision making ◦ Technology operations and concepts
11-12.AP.11	Use variable scope and encapsulation to design programs with cohesive and decoupled components. (Grades 9-12)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.12	Classify problems as tractable, intractable, or computationally unsolvable. (Grades 11-12)	Developing and using Abstractions	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.13	Understand and explain the use of concurrency (e.g. separate processes into threads and divide data into parallel streams, have students self sort by height). (Grades 11-12)	Designing and Representing Computational Problems	Critical thinking, problem solving, and decision making ◦ Technology operations and concepts
11-12.AP.14	Evaluate the qualities of a program such as correctness, usability, readability, efficiency, portability and scalability through a process such as a code review. (Grades 11-12)	Testing and Iteratively Refining	Communication and collaboration ◦ Critical thinking, problem solving, and decision making ◦ Technology operations and concepts

Idaho K-12 Content Computer Science Standards White Paper

This white paper is a companion to the "Idaho K-12 Computer Science Standards." This document provides motivation and rationale for the standards and describes their development process. This document also adds transparency for the standards development process by providing historical reference and rationale for the content of the standards. It is intended to provide context and guidance for the standards usage.

What is Computer Science?

Computer Science is an established discipline at the collegiate and post-graduate levels. It is best defined as "the study of computers and algorithmic processes, including principles, their hardware and software designs, their applications, and their impact on society." The foundational concepts of Computer Science permeates all work and play in the digital world that we live in. Although its name contains the word *science*, Computer Science is usually considered to be a branch of engineering. This is in sharp contrast to most of the physical sciences, which separate the understanding and advancement of the science from its practical applications. Science is a technique for learning about the natural world by applying the principles of the *scientific method* (which includes making empirical observations, proposing hypotheses to explain those observations, and then testing those hypotheses); engineering is the application of science.

Computers are virtually indispensable to the field of computer science. Yet, as Edsger Dijkstra, a pioneering computer scientist, so aptly put it, "Computer science is no more about computers than astronomy is about telescopes." Some of the major subspecialties of computer science are algorithms and data structures, programming methodology and languages, software engineering, computer architecture, operating systems, database systems, distributed systems, networks and communications, parallel computing, human-computer interaction, artificial intelligence, computer graphics.

The Idaho K-12 Computer Science standards are organized by grade bands (K-2, 3-5, K-5, 6-8, 9-10, 11-12 and 9-12) and the five Core Computer Science Concepts as referred to by the CSTA (Computer Science Teachers Association). The seven Computational Thinking Framework Practices (CSTA) are included to frame the different standards. Also included is a column for the designation of ISTE (International

Society for Technology Education) Standards as they align with the content standards for Computer Science.

The 5 Core Computer Science concepts:

1. Devices
2. Networks and Communication
3. Data and Analysis
4. Algorithms and Programming
5. Impact of Computing

The 7 Computational Thinking practices:

1. Recognizing and Representing Computational Problems
2. Developing and using Abstractions
3. Creating Computational Artifacts
4. Testing and Iteratively Refining
5. Fostering an Inclusive Computing Culture
6. Communicating about Computing
7. Collaborating around Computing

International Society for Technology Education (ISTE Standards):

1. Creativity and Innovation
2. Communication and Collaboration
3. Research and Information Fluency
4. Critical Thinking, Problem Solving, and Decision Making
5. Digital Citizenship
6. Technology Operations and Concepts

The Purpose of the Standards

Computer Science is a field of study that will help to prepare students for future college and career goals. There are many jobs that require the understanding of Computer Science concepts and skills, however, all Idahoans can benefit from the computational thinking that is incorporated into these standards. The development of the Computer Science standards will move the students from being consumers of technology to being able to understand and create new technologies of the future.

The standards prioritize, clarify, and build upon frameworks developed by professional organizations, educators, and industry. It is not an exhaustive list of everything in Computer Science that can be learned within a K-12 pathway but instead describes what it means to be *literate* in Computer Science.

The standards are not curriculum. Curriculum is determined by the LEA (Local Education Agency). The standards clarify the learning outcomes of students. The standards inform teachers of what students should know, understand, or be able to do. Teachers can create "I can" statements with student friendly language from the standards. These are the minimum standards for Computer Science education. The LEA may include additional standards when writing curriculum depending on course offerings and the needs of students. Educators can use the standards in a variety of creative ways.

Current Status of Computer Science in Idaho

Idaho's current state of Computer Science is unstructured, disjointed, and uneven. As a result of not having a cohesive set of Idaho Computer Science Standards, teachers grasp from various resources and standards, which may not align across the state. This causes a lack of parity and equality for Idaho's students, as well as their access to Computer Science education. Having a uniform set of Computer Science standards will provide continuity of K-12 Computer Science education offerings throughout the state. Benefits will continue through higher education, and ultimately industry, business, and commerce of Idaho as more competent and well-educated graduates fulfill positions throughout the state.

According to the Conference Board (used by the Idaho Department of Labor), there are currently around 1300 unfilled open jobs in the state of Idaho for computer science related professions, many of which can be attributed to a lack of qualified candidates. Not only is this challenging for potential employers, but also affects our state revenues in potential taxes with salaries averaging around $70,000. For the benefit of our citizens, students' education, as well as the future of computer science and the technology industry in our state, creating these standards is an important step.

The Standards Creation Process

The standards were built on a progression of skills that can be accomplished using a variety of tools and in some cases limited access. Several existing Computer Science and related standards from CSTA (Computer Science Teachers Association), ISTE (International Society for Technology in Education), Florida Department of Education, Idaho CTE Programming Standards, Teacher Preparation Standards for Initial Certification in Computer Science, and Idaho Core Standards were reviewed and considered.

The working group chose the CSTA 2016 Computer Science draft standards as the starting point for the following reasons:

- The working group felt that the CSTA draft standards were the best match for Idaho.
- They were the most up to date standards with input from a variety of educators, industry, and professional organizations.
- The CSTA draft standards were created by the following participants:
    - Several states (MD, CA, IN, IA, AR, UT, ID, NE, GA, WA, NC)
    - Large school districts (NYC, Chicago, San Francisco)
    - Technology companies (Microsoft, Google, Apple)
    - Organizations (Code.org, ACM, CSTA, ISTE, MassCAN, CSNYC), and individuals (higher ed faculty, researchers, K-12 teachers, and administrators)
    - Idaho representation within the CSTA group

The working group evaluated and adapted the 2016 draft of the CSTA K-12 CS Standards with consideration of the following:

- Is the standard appropriate for Idaho?
- Is the standard appropriate for the given grade level?
- Is the standard measureable?
- Are there areas that we want to add that are not covered in the standards?
- Does the standard need an example for clarification?
- What needs to be removed, rewritten, or repositioned?
- Do the standards parallel what occurs in disciplines such as science, mathematics, and language arts?

The working group customized the CTA standards for Idaho using the above questions as a guide. This was done over four days of intense face to face discussion as well as offline email exchanges. The working group made several improvements and changes in the draft CSTA standards. These modification were also submitted back to the CSTA for incorporation into the national standards.

Once the a draft of the proposed standards was ready, a survey was sent to individuals in industry, elementary, secondary and postsecondary educators, and other interested parties to solicit input. The working group received over fifty surveys. The working group assessed and modified the standards based on the feedback.

SUBJECT

Temporary and Proposed Rule — IDAPA 08.02.03.106, .117, Rules Governing Thoroughness, Advanced Opportunities

REFERENCE

August 2010	Board approved temporary and proposed rule to add a new section for the Mastery Advancement Pilot Program at IDAPA 08.02.03.117.
August 2011	Board approved temporary and proposed rule to add language to the advanced opportunities requirement and dual credit provisions of 08.02.03.106, Rules Governing Thoroughness, Advanced Opportunities.
November 2011	Board approved pending rule adding language to IDAPA 08.02.03.106 clarifying that students participating in the Dual Credit for Early Completers program need not complete their senior project prior to being eligible for participation.
August 2015	Board approved proposed rule amending the definition of Advanced Opportunities in IDAPA 08.02.03.007 to bring it into alignment with Board Policy III.Y. and the Advanced Opportunities the institutions were authorized to offer.
November 2015	Board approved pending rules changes to the Advanced Opportunities definition in IDAPA 08.02.02.007.

APPLICABLE STATUTE, RULE, OR POLICY

Section 33-4602, Idaho Code
IDAPA 08.02.03.106, .117 -- Rules Governing Thoroughness, Advanced Opportunities

BACKGROUND/DISCUSSION

This temporary and proposed rule will address changes made to the Advanced Opportunities funded by the state authorized in Section 33-1602, Idaho Code. Separate sections of the rule previously authorized separate programs known as the “8 in 6” Program and the Mastery Advancement Program. The new provisions in Section 33-4602, Idaho Code merge some of the opportunities from these programs with the program known as the Fast Forward Program. The temporary and proposed rule changes repeals the section of rule specific to the Mastery Advancement Pilot Program and adds provisions and clarity to the Advanced Opportunities section on the administration of the new Early Graduation Scholarship.

This rule language was vetted in the negotiated rulemaking process in which the State Department of Education conducted six (6) meetings throughout the state in April 2016. Additionally, feedback from stakeholders took place during program trainings in formal and informal settings, as well as suggestions via email. Overall, there were no concerns about the content or changes.

IMPACT

There should be no fiscal impact due to this rule above and beyond that which the legislation supports. The impact of this rule will provide detailed guidance for the administrative nuances of Advanced Opportunities funded by the State of Idaho.

ATTACHMENTS

STAFF COMMENTS AND RECOMMENDATIONS

The proposed amendments repeals the section of Administrative Code outlining the requirements for the Mastery Advancement Program. The enabling legislation creating the Mastery Advancement Program was repealed during the 2016 legislative session, while the provisions allowing for an early graduation scholarship were retained as part of a new program that expands the "Fast Forward" program. The new program provides state funding, up to $4,125 per student in grades 7 through 12, for use toward overload courses, dual credits, college credit-bearing examinations and professional certificate examinations, within specified limits. In addition to this amount students who graduate at least one year early are also eligible for an Advanced Opportunities scholarship to any Idaho public postsecondary institution in an amount equal to thirty-five percent (35%) of the statewide average daily attendance driven funding per enrolled student for each year that the student graduated early.

Proposed rules have a 21 day comment period prior to returning to the Board for consideration as a pending rule. Based on received comments and Board direction, changes may be made to proposed rules prior to entering the pending stage. All pending rules will be brought back to the Board for approval prior to submittal to the Department of Administration for publication in the Idaho Administrative Rules Bulletin. Pending rules are then forwarded to the legislature for consideration. Pending rules become effective at the end of the legislative session in which they are submitted unless rejected by the legislature.

Temporary rules go into effect at the time of Board approval unless an alternative effective date is specified by Board action. To qualify as a temporary rule, the rule must meet one of three criteria: provides protection of public health, safety, or welfare; or is to come into compliance with deadlines in amendments to governing law or federal programs; or is conferring a benefit. This rule qualifies as temporary rules as it brings the state in compliance with HB 458a (2016) and Section 33-4602, Idaho code.

BOARD ACTION

I move to approve the Temporary and Proposed Rule amendment to IDAPA 08.02.03.106 and 08.02.03.117, Rules Governing Thoroughness, for Advanced Opportunities, as submitted in Attachment 1.

Moved by ___________ Seconded by ___________ Carried Yes _____ No _____

IDAPA 08
TITLE 02
CHAPTER 03

08.02.03 - RULES GOVERNING THOROUGHNESS

106. ADVANCED OPPORTUNITIES ~~(EFFECTIVE JULY 1, 2008).~~

01. Advanced Opportunities Requirement. All high schools in Idaho shall be required to provide Advanced Opportunities, as defined in Subsection 007~~.01~~, or provide opportunities for students to take courses at the postsecondary campus. ~~(3-29-12)~~(   )

~~**02. Dual Credit**. A student participating in the Dual Credit for Early Completers program (33-1626, Idaho Code) need not have completed a senior project prior to being eligible. However, a student must still complete a senior project by the end of grade twelve (12) or the student's final year of high school. (3-29-12)~~

02. Advanced Opportunities Early Graduation Scholarship Funding (Effective July 1, 2016). (   )

a. Scholarship Calculation. (   )

i. The statewide average daily attendance-driven funding per enrolled pupil shall be calculated by adding the previous fiscal year's statewide distributions for salary-based apportionment, benefit apportionment and discretionary funds, and dividing the total by the previous year's statewide public school enrollment for all grades. (   )

ii. The statewide average daily attendance-driven funding per enrolled pupil shall be recalculated each fiscal year. (   )

iii. All benefits paid for scholarships and to public schools shall be based on the statewide average daily attendance-driven funding per enrolled pupil figure for the fiscal year in which the benefit is paid. (   )

b. Payments to Idaho Colleges and Universities. (   )

i. Annual scholarship payments will be made in one installment during the first semester in which the student is enrolled, regardless of the number of years early the student graduated. Proof of enrollment in an Idaho public college or university must be obtained before any scholarship payment is made. (   )

ii. The State Department of Education will be responsible for making payments to the Idaho public colleges and universities attended by eligible students. The payments must be made no later than August 30 for the fall semester and January 30 for the spring semester. (   )

c. Payments to Public Schools. (   )

i. Public schools shall report to the State Department of Education, no later than June 15 of each school year, students who have graduated early. (   )

ii. The State Department of Education will make a single annual payment to public schools no later than October 1 of each year for all early graduates who are not attending the public school that school year as a result of early graduation. (   )

(BREAK IN CONTINUITY OF SECTIONS)

117. ~~MASTER ADVANCEMENT PILOT PROGRAM (MAPP).~~ (RESERVED)

~~**01. Definitions**. The following definitions apply only to Section 117 of these rules. (4-7-11)~~

~~**a.** Challenge Exam. A test that is rigorous and covers the full depth and breadth of knowledge of a specific course. A challenge exam is more difficult than an End of Course exam which typically is counted only for a portion of a student's final grade and covers only a sampling of the course content. (4-7-11)~~

~~**b.** Elementary. School grades K-6 (4-7-11)~~

~~**c.** Local Education Agency (LEA). A school district or a charter school that operates independently of any district and reports to the Idaho Public Charter School Commission. (4-7-11)~~

~~**d.** Secondary. School grades 7-12 (4-7-11)~~

~~**f.** Alternate pathways. An alternate method for a student to receive a high school diploma early. The methods may include but are not limited to: portfolios, accelerated classes, online and independent study. (4-7-11)~~

~~**02. LEA Participation**. (4-7-11)~~

~~**a.** LEAs must apply for the MAPP program no later than September 2010. LEAs will not be allowed to participate in the program after the initial sign up period. (4-7-11)~~

~~**b.** LEAs may request from the State Department of Education in writing of the intent to opt out of the program during the six (6) year pilot. (4-7-11)~~

~~**c.** The State Department of Education will create and review LEA application submissions. (4-7-11)~~

~~**d.** LEAs may choose to include all or as few as one (1) school within the district. (4-7-11)~~

~~**e.** LEAs may participate in the secondary pilot or the elementary pilot or both. (4-7-11)~~

~~**f.** LEAs must include in the application a plan for public involvement and parental notification of the program (4-7-11)~~

~~**03. Secondary Pilot Program**. (4-7-11)~~

~~**a.** To be eligible for the secondary pilot program LEAs must meet the following criteria: (4-7-11)~~

~~i. LEAs will provide a detailed plan for implementing the program. This plan will include at a minimum: a process for students to request a Challenge Exam, review of the exam scores and providing advice on course or grade advancement. (4-7-11)~~

~~ii. Participating districts shall use and apply the "Standards for Educational and Psychological Testing" (AERA, 1999) if creating district challenge exams. (4-7-11)~~

~~iii. LEAs may choose to incorporate scores from national standardized test approved by the State Department of Education. The State Department of Education shall create and make public a list of approved tests. (4-7-11)~~

~~**b.** The State Department of Education, in cooperation with the vendors of the national standardized tests, will provide a list recommending the course of mastery and the standard (score) at which students would be successful in the next course. (4-7-11)~~

~~**c.** LEAs may require students to reimburse the LEA for any of the assessments administered. Costs could include the standardized test fee or the administration costs incurred by the district. Requests for reimbursement may not exceed the actual costs incurred by the district. (4-7-11)~~

~~**d.** LEAs may provide alternate pathways to students for early graduation. (4-7-11)~~

~~**04. Elementary Pilot Program**. (4-7-11)~~

~~**a.** To be eligible for the elementary pilot program LEAs must meet the following criteria: (4-7-11)~~

~~i. Elementary school participation in MAPP allows for schools to use measures other than assessments. LEAs must submit a plan including how students will be measured and advanced either to the next grade or class. (4-7-11)~~

~~ii. The State Department of Education will review the plans and provide direction or suggestions. (4-7-11)~~

~~iii. The State Department of Education will provide information on two research-based advancement programs for elementary schools as suggested models. LEAs may submit a plan that is different from the suggested models. (4-7-11)~~

~~**b.** LEAs may require students to reimburse the LEA for any of the assessments administered. Costs could include the standardized test fee or the administration costs incurred by the district. Requests for reimbursement may not exceed the actual costs incurred by the district. (4-7-11)~~

~~**05. Reporting**. LEAs are required to submit to the State Department of Education, no later than June 10, the following data for all schools within the district regardless of whether the school is a site for MAPP: (4-7-11)~~

~~**a.** Comprehensive list of all students who participated in MAPP, including the students who graduated early and the number of years that each student graduated early. (4-7-11)~~

~~**b.** Detailed information on the performance of participating students on Challenge Exams or other measures used. (4-7-11)~~

~~**c.** The number of requests for Challenge Exams or advancement and the requests granted. (4-7-11)~~

~~**d.** School and District disciplinary and/or behavioral incidents. (4-7-11)~~

~~**e.** School and District graduation and dropout rates. (4-7-11)~~

~~**f.** Number of students in each school and for the LEA participating in advanced placement concurrent enrollment, or college courses while still students in the LEA. (4-7-11)~~

~~**06. Early Graduation Eligibility**. (4-7-11)~~

~~**a.** Students must have attended an Idaho public school for four full school years, as defined in IDAPA 08.02.01, "Rules Governing Administration, State Board of Education Rules, Subsection 250.01, immediately prior to graduation to be eligible for a Mastery Scholarship. (4-7-11)~~

~~**b.** Students must have completed all LEA and State graduation requirements within eleven (11) full school years or nine thousand nine hundred (9,900) hours to be eligible for a one (1) year mastery scholarship, within ten (10) full school years or eight thousand nine hundred ten (8,910) hours to be eligible for a two (2) year mastery scholarship or within nine (9) full school years or seven thousand nine hundred twenty (7,920) hours to be eligible for a three (3) year mastery scholarship. (4-7-11)~~

~~**c.** Students must attend an Idaho public college or university for the entirety of the scholarship period~~

~~in order to receive the scholarship payment. (4-7-11)~~

~~**d.** Students are eligible for a maximum of three (3) years of mastery scholarship. (4-7-11)~~

~~**e.** Students must enroll at an Idaho public college or university immediately within two (2) years following early graduation in order to receive scholarship funds. (4-7-11)~~

~~**07. ADA and Scholarship Funding**. (4-7-11)~~

~~**a.** Guidelines; (4-7-11)~~

~~i. The statewide average daily attendance-driven funding per enrolled pupil shall be calculated by adding the previous fiscal year's statewide distributions for salary-based apportionment, benefit apportionment and discretionary funds, and dividing the total by the previous year's statewide public school enrollment for all grades. (4-7-11)~~

~~ii. The statewide average daily attendance-driven funding per enrolled pupil shall be re-calculated each fiscal year. (4-7-11)~~

~~iii. All benefits paid for scholarships and to LEAs shall be based on the statewide average daily attendance-driven funding per enrolled pupil figure for the fiscal year in which the benefit is paid. (4-7-11)~~

~~**b.** Payments to Idaho Colleges and Universities. (4-7-11)~~

~~i. Annual scholarship payments will be made in two (2) equal installments, one (1) each at the beginning of each semester. (4-7-11)~~

~~ii. Proof of enrollment in an Idaho public college or university must be obtained before any scholarship payments are made. This proof must be obtained for each semester in which scholarship payments are made. (4-7-11)~~

~~iii. Students may apply to the State Department of Education to receive a multi-year scholarship over fewer years if the student will graduate from an Idaho public college or university in less than the number of scholarship years. (4-7-11)~~

~~iv. The State Department of Education will be responsible for making payments to the Idaho public colleges and universities attended by eligible students. The payments must be made no later than August 15 for the first semester and January 15 for the second semester. (4-7-11)~~

~~**c.** Payments to LEAs (4-7-11)~~

~~i. The State Department of Education will make a single annual payment to eligible LEAs by no later than October 1 of each year for all early graduates who are not attending the LEA that school year as a result of early graduation. (4-7-11)~~

~~ii. Payments will not be made to LEAs who fail to meet the reporting requirements. (4-7-11)~~
