June 2019

Board revisited committee structure and Bylaws
Board discussed potential operational priorities and meeting schedule changes

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies & Procedures, Bylaws

BACKGROUND/ DISCUSSION

The Idaho State Constitution, Article IX, Section 2, provides that the general supervision of the state educational institutions and public school system of the State of Idaho, “shall be vested in a state board of education, the membership, powers and duties of which shall be prescribed by law.” Through obligations set in the State Constitution and Idaho statutes, the State Board of Education (Board) is charged with the general supervision, governance and control of all educational institutions and agencies supported in whole or in part by the state. This includes public schools, colleges and universities, Department of Education, Division of Career Technical Education, Idaho Public Television, and the Division of Vocational Rehabilitation. The Board and the executive agencies of the Board are charged with enforcing and implementing the education laws of the state.

Due to these broad responsibilities, the Board serves multiple roles. The Board sits as a policy-making body for all public education in Idaho and provides general oversight and governance for public K-20 education, and the Board has a direct governance role as the Board of Regents for the University of Idaho and the board of trustees for the other public four-year college and universities. The K-20 Education strategic plan must encompass and serve all of these aspects of Idaho’s public education system.

The Board’s strategic plan is a forward-looking roadmap intended to guide future actions, define the vision and mission of Idaho’s K-20 educational system, guide growth and development, and to establish priorities for resource distribution. Strategic planning provides a mechanism for continual review to ensure excellence in public education throughout the state. The strategic plan establishes that the Board’s goals and objectives are consistent with the Board’s governing ideals, and communicates those goals and objectives to the agencies and institutions under the Board, the public, and other stakeholder groups. The Board reviews and updates its strategic plan annually in December (review) and February (approval). All state agencies are required to review and update their strategic plan annually by state law. This provides the Board with the opportunity to adjust and realign its goals each year.

**WORK SESSION
AUGUST 28, 2019**

At the October regular Board meeting, the Board reviews performance of the K-20 education system. Generally, this review focuses on measures from the K-20 Education Strategic Plan as well as the performance of the agencies and institutions. Unlike the strategic plan work, the performance measure review is a look back at progress made during the previous four years toward reaching the Board's strategic goals and objectives.

The Board may act only as a whole and is subject to the provisions of the Idaho Open Meeting law established in Chapter 2, Title 74. The Idaho Open Meeting Law was designed to ensure transparency. The Board governs itself and the agencies and institutions under it through the establishment of Governing Policies and Procedures. The Board's Bylaws are one such policy. The Bylaws set out the operating procedures of the Board, including the standing committee structure the Board uses to organize and conduct its business.

Between the June 2019 and August 2019 Board meetings, Board President Critchfield is proposing changes to the agenda structure that focus on:

1. How to make the most of our committees, including:
 - a. Career Technical Education,
 - b. Idaho Public Television
 - c. Charter Schools, and
 - d. Idaho Division of Vocational Rehabilitation
 - e. Professional Standards Commission
2. How committee work drives the agenda
3. Employee contracts and Board oversight/approval
4. Coordinating committee chairs and Board president roles
5. Using our strategic plan to drive our work
6. Other items of your interest or concern

IMPACT

The discussion will help inform future action on how the Board organizes itself and directs business.

STAFF COMMENTS AND RECOMMENDATIONS

The Board currently organizes itself into standing and other committees as necessary and set forth in the Board's Bylaws. Any standing committee may make recommendation to the Board, but may not take any action, except when authority to act has been delegated by the Board. The purpose and responsibilities of each standing committee are established in the Board's Bylaws. The agenda for each regular meeting of the Board is required to be organized using the areas of responsibility provided for in each permanent

**WORK SESSION
AUGUST 28, 2019**

standing committee of the Board as established in the Bylaws, with the exception of the Audit and Athletic Committees. Further, the Board Bylaws require the Board member who is the chair of the applicable permanent standing advisory committee to present the agenda items in the area of the committee's responsibility. This presentation may include calling on institutional/agency representatives and/or other individuals. In the event of an absence or conflict with respect to the committee chairperson, the Board President may designate a substitute Board member or Board officer to present the agenda items. The Bylaws further assign the authority for setting the Board meeting agenda to the Board President.

The Board's Bylaws also establish and set the scope of the working units assigned to each standing committee, the current standing committees and working units are:

- Planning, Policy and Governmental Affairs Committee
 - Presidents Council
 - Agency Head Council
- Instruction, Research and Student Affairs Committee
 - Council on Academic Affairs and Programs
- Business Affairs and Human Resources Committee
 - Financial Vice Presidents council
- Audit Committee
- Athletics Committee

Prior to June 2000 the Board Bylaws established five standing committees of the Board. These committees had developed over time, with three primary standing committees, closely mirroring the governance structure of institutions in their charge and composition. As other needs and focuses have arisen related to the Board's governance over all of public education, new committees were added. In April 2002 the committee structure was made up of the Planning, Policy and Governmental Affairs (PPGA) Committee; Instruction, Research and Student Affairs (IRSA) Committee; Business Affairs and Human Resources (BAHR) Committee; and the Targeted Educational Groups Advisory Council. During this time the agenda was organized using the areas of responsibility for PPGA, IRSA, and BAHR. In 2004 the committee structure was revised again, setting four standing committees, removing the Targeted Education Groups Advisory Council and establishing the Audit Committee.

While the Board has added and removed standing committees from time to time to address strategic areas of focus, the three main standing committees (PPGA, IRSA, BAHR) have been maintained and provided consistent structure and stability for addressing the issues that come before the Board.

Pursuant to Section 33-104, Idaho Code, the Board is required to hold "no less than four regular meetings annually." The current regular Board meeting calendar sets six regular meetings each year. The Board meetings are scheduled around

**WORK SESSION
AUGUST 28, 2019**

the state in such a way that each meeting is hosted by one of the public postsecondary institutions. The four-year institutions host the Board annually and the community colleges host the Board every other year. This structure allows the Board to visit each of the campuses it governs directly as the Board of Regents or Board of Trustees and to visit each of the community college campuses in the Board's role as the State Board of Education and its governance and oversight responsibility over all publicly funded education. This structure also allows the public and staff at the institutions to participate in the Board meetings and provides for an opportunity for individuals in each of the respective regions of the state to attend the meetings and speak to the Board through the Open Forum.

Changes to the Board meeting format, within the framework of the Board's Bylaws do not require formal Board action. Any proposed changes to the Bylaws must go through the same two reading processes as other Board policy changes and would be brought back at a future meeting for Board consideration, if needed.

BOARD ACTION

This item is for informational purposes only.

**Idaho State Board of Education
GOVERNING POLICIES AND PROCEDURES
SECTION: I. BYLAWS (Operational Procedures)**

August 2016

A. Office of the State Board of Education

The Board maintains an Office of the State Board for the purpose of carrying out the administrative, financial, and coordinating functions required for the effective operation of the institutions and agencies under the governance of the Board. The staff of the Office of the State Board is under the direction of an executive director responsible directly to the Board.

B. Meetings

1. The Board will maintain a 12-month rolling meeting schedule. To accomplish this, the Board will, at each of its regularly scheduled meetings, update its 12-month rolling schedule of Board meetings, provided, however, that the Board by majority vote, or the Board president after consultation with Board members, may reschedule or cancel any meeting.
2. The Board may hold special meetings by vote of a majority of the Board taken during any regular meeting or by call of the Board president.
3. All meetings of the Board are held at such place or places as may be determined by the Board.
4. Actions that impact ongoing future behavior of agencies and institutions shall be incorporated into Board policy. Actions limited to a specific request from an institution or agency, if not acted on within one year of approval, must be brought back to the Board for reconsideration prior to action by the institution or agency. This requirement does not apply to program approval time limits.

C. Rules of Order

1. Meetings of the Board are conducted in accordance with controlling statutes and applicable bylaws, regulations, procedures, or policies. In the absence of such statutes, bylaws, regulations, procedures, or policies, meetings are conducted in accordance with the current edition of *Robert's Rules of Order Newly Revised*.
2. A quorum of the Board consists of five (5) Board members.
3. With the exception of procedural motions, all motions, resolutions, or other propositions requiring Board action will, whenever practicable, be reduced to writing before submission to a vote.

4. A roll-call vote of the Board is taken on all propositions involving any matters of bonded indebtedness; convening an executive session of the Board; or on any other action at the request of any Board member or upon the advice of legal counsel. The first voter is rotated on each subsequent roll-call vote.

D. Officers and Representatives

1. The officers of the Board include:
 - a. A president, a vice president, and a secretary, who are members of the Board.
 - b. An executive secretary, who is the state superintendent of public instruction.
2. The president, vice president, and secretary are elected at the organizational meeting for one (1) year terms and hold office until their successors are elected. Vacancies in these offices are filled by election for the remainder of the unexpired term.
3. Board representatives to serve on other boards, commissions, committees, and similar bodies are appointed by the Board president.
4. The executive director is appointed by and serves at the pleasure of the Board unless the contract of employment specifies otherwise. The executive director serves as the chief executive officer of the Office of the State Board of Education.

E. Duties of Board Officers

1. Board President
 - a. Presides at all Board meetings, with full power to discuss and vote on all matters before the Board.
 - b. Submits such information and recommendations considered proper concerning the business and interests of the Board.
 - c. Signs, in accordance with applicable statutes and Board action, all contracts, minutes, agreements, and other documents approved by the Board, except in those instances wherein the Board, by its procedures, has authorized the Board president to designate or has otherwise designated persons to sign in the name of or on behalf of the Board.
 - d. Gives prior approval for any official out-of-state travel of seven (7) days or more by Board members, institution heads, and the executive director.
 - e. Subject to action of the Board, gives notice and establishes the dates and locations of all regular Board meetings.
 - f. Calls special Board meetings at any time and place designated in such call in accordance with the Open Meeting Law.
 - g. Establishes screening and selection committees for all appointments of agency and institutional heads.
 - h. Appoints Board members to all standing and interim committees of the Board.
 - i. Establishes the Board agenda in consultation with the executive director.

- j. Serves as chief spokesperson for the Board and, with the executive director, carries out its policies between meetings.
- 2. Vice President
 - a. Presides at meetings in the event of absence of the Board president.
 - b. Performs the Board president's duties in the event of the Board president's inability to do so.
 - c. Becomes the acting Board president in the event of the resignation or permanent inability of the Board president until such time as a new president is elected.
- 3. Secretary
 - a. Presides at meetings in the event of absence of the Board president and vice president.
 - b. Signs, in accordance with applicable statutes and Board action, all minutes, contracts, agreements, and other documents approved by the Board except in those instances wherein the Board, by its procedures, has authorized or has otherwise designated persons to sign in the name of or on behalf of the Board secretary.
- 4. Executive Secretary

The state superintendent of public instruction, when acting as the executive secretary, is responsible for:

 - a. Carrying out policies, procedures, and duties prescribed by the Constitution of the State of Idaho and the *Idaho Code* or established by the Board for all elementary and secondary school matters.
 - b. Presenting to the Board recommendations concerning elementary and secondary school matters and the matters of the State Department of Education.
- 5. Executive Director

The executive director serves as the chief executive officer of the Board, as chief administrative officer of Office of the State Board of Education, and as chief executive officer of such federal or state programs as are directly vested in the State Board of Education. The position description for the executive director, as approved by the Board, defines the scope of duties for which the executive director is responsible and is accountable to the Board.

F. Committees of the Board

The Board may organize itself into standing and other committees as necessary. Committee members are appointed by the Board president after informal consultation with other Board members. Any such standing or other committee may make

recommendations to the Board, but may not take any action, except when authority to act has been delegated by the Board. The Board president may serve as an ex-officio member of any standing or other committee. The procedural guidelines for Board committees appear in the Board Governing Policies and Procedures.

For purposes of the bylaws, the University of Idaho, Boise State University, Idaho State University, Lewis-Clark State College, College of Western Idaho, College of Southern Idaho, College of Western Idaho, and North Idaho College are included in references to the “institutions;” and Idaho Educational Public Broadcasting System, the Division of Vocational Rehabilitation, the Division of Career Technical Education, and the State Department of Education, are included in references to the “agencies.”* An institution or agency may, at its option and with concurrence of the Board president, comment on any committee report or recommendation.

1. Planning, Policy and Governmental Affairs Committee

a. Purpose

The Planning, Policy and Governmental Affairs Committee is a standing advisory committee of the Board. It is responsible for developing and presenting recommendations to the Board on matters of policy, planning, and governmental affairs. The committee, in conjunction with the chief executive officers and chief administrators of the Board governed agencies and institutions, will develop and recommend to the Board future planning initiatives and goals. This committee shall also advise the Board on collaborative and cooperative measures for all education entities and branches of state government necessary to provide for the general supervision, governance and control of the state educational institutions, agencies and public schools, with the goal of producing a seamless educational system.

b. Composition

The Planning, Policy and Governmental Affairs Committee is composed of two (2) or more members of the Board, appointed by the president of the Board, who designates one (1) member to serve as the chairperson and spokesperson of the committee, and is staffed by the Board’s Chief Planning and Policy Officer. The Planning, Policy and Governmental Affairs Committee may form working unit or units, as necessary, to advise the committee. The chairperson presents all committee and working unit recommendations to the Board.

c. Responsibilities and Procedures

* Definition provided for purposes of the Bylaws only. Recognizing the Board governance relationship varies with each of these entities, the intent in including representatives of each of the agencies and institutions as much as possible in the committee structure is to ensure proper and adequate representation, but is not intended to obligate or interfere with any other local boards or governing entities.

The Planning, Policy and Governmental Affairs Committee is responsible for making recommendations to the Board in the following general areas:

- i. Long range planning and coordination;
- ii. Initial discussions and direction on strategic policy initiatives and goals;
- iii. Legislative proposals and administrative rules for Board agencies and institutions;
- iv. Coordination and communication with the Governor, the Legislature, and all other governmental entities with regard to items of legislation, Board policy and planning initiatives;
- v. Review and revision of Board policies, administrative rules and education-related statutes for consistency and compatibility with the Board's strategic direction;
- vi. Reports and recommendations from the Presidents' Council and the Agency Heads' Council;
- vii. Other matters as assigned by the Board.

At the direction of the Board President, any matter before the Board may be removed to the Planning, Policy and Governmental Affairs Committee for initial action or consideration.

The Planning, Policy and Governmental Affairs Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board's Governing Policies and Procedures. The Board's Chief Policy and Government Affairs Officer, under the direction of the chairperson, prepares the agenda for the Planning, Policy and Governmental Affairs Committee work that is under consideration at each meeting of the Board.

2. Instruction, Research and Student Affairs Committee

a. Purpose

The Instruction, Research and Student Affairs Committee is a standing advisory committee of the Board. It is responsible for developing and presenting recommendations to the Board on matters of policy and procedure concerning instruction, research and student affairs.

b. Composition

The Instruction, Research and Student Affairs Committee is composed of two (2) or more members of the Board, appointed by the president of the Board, who designates one (1) member to serve as chairperson and spokesperson of the committee, and is staffed by the Board's Chief Academic Officer. The

Instruction, Research and Student Affairs Committee may appoint a working unit or units, as necessary, to advise the committee. One such working unit shall be the Council on Academic Affairs and Programs (CAAP), which shall be composed of the Board's Chief Academic Officer and the chief academic officers of the institutions and agencies. The chairperson presents all committee and working group recommendations to the Board.

c. Responsibilities and Procedures

The Instruction, Research and Student Affairs Committee is responsible for making recommendations to the Board in the following general areas:

- i. Agency and institutional instruction, research and student affairs agenda items;
- ii. Instruction, academic or career technical program approval;
- iii. Instruction, academic or career technical program review, consolidation, modification, and discontinuance, and course offerings;
- iv. Outreach, technology and distant learning impacting programs and their delivery;
- v. Long-range instruction, academic and career technical planning;
- vi. Registration of out-of-state institutions offering programs or courses in Idaho;
- vii. Continuing education, professional development, workforce training, programs for at-risk populations, career guidance;
- viii. Student organizations' activities and issues; and
- ix. Other matters as assigned by the Board.

The Instruction, Research and Student Affairs Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board's Governing Policies and Procedures. The Board's chief academic officer, under the direction of the chairperson, prepares the agenda for the Instruction, Research and Student Affairs Committee work that is under consideration at each meeting of the Board.

3. Business Affairs and Human Resources Committee

a. Purpose

The Business Affairs and Human Resources Committee is a standing advisory committee of the Board. It is responsible for developing and presenting recommendations to the Board on matters of policy and procedures concerning business affairs and human resources affairs.

b. Composition

The Business Affairs and Human Resources Committee is composed of two (2) or more members of the Board appointed by the president of the Board, who designates one (1) member to serve as chairperson and spokesperson of the committee, and is staffed by the Board's Chief Fiscal Officer. The Business Affairs and Human Resources Committee may appoint a working unit or units, as necessary, to advise the committee. One such working unit shall be the Financial Vice Presidents council, which shall be composed of the Board's Chief Fiscal Officer and the chief financial officers of the institutions and agencies. The chairperson presents all committee recommendations to the Board.

c. Responsibilities and Procedures

The Business Affairs and Human Resources Committee is responsible, through its various working unit or units, for making recommendations to the Board in the following general areas:

- i. Agency and institutional financial agenda items;
- ii. Coordination and development of guidelines and information for agency and institutional budget requests and operating budgets;
- iii. Long-range fiscal planning;
- iv. Fiscal analysis of the following:
 - 1) New and expanded financial programs;
 - 2) Establishment, discontinuance or change in designation of administrative units;
 - 3) Consolidation, relocation, or discontinuance of programs;
 - 4) New facilities and any major modifications to facilities which would result in changes in programs or program capacity;
 - 5) Student fees and tuition; and
 - 6) Other matters as assigned by the Board.

The Business Affairs and Human Resources Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board's Governing Policies and Procedures. The Board's chief fiscal officer, under the direction of the chairperson, prepares the agenda for the Business Affairs and Human Resources Committee work that is under consideration at each meeting of the Board.

4. Audit Committee

a. Purpose

The Audit Committee is a standing committee of the Board. The Audit Committee provides oversight to the organizations under its governance (defined in Idaho State Board of Education, Policies and Procedures, Section I. A.1.) for: financial statement integrity, financial practices, internal control systems, financial management, and standards of conduct.

b. Composition

The Audit Committee members shall be appointed by the Board and shall consist of five or more members. Three members of the Committee shall be current Board members and at least two members shall be independent non-Board members who are familiar with the audit process and permanent residents of the state of Idaho. No employee of an institution or agency under the governance of the Board shall serve on the Audit Committee. Each Audit Committee member shall be independent, free from any relationship that would interfere with the exercise of her or his independent judgment. Audit Committee members shall not be compensated for their service on the committee, and shall not have a financial interest in, or any other conflict of interest with, any entity doing business with the Board, or any institution or agency under the governance of the Board. However, Audit Committee members who are Board members may be compensated for Board service. The Audit Committee may appoint a working unit or units, which could include the chief financial officers of the institutions and financial officers of the Board office.

All members shall have an understanding of the Committee and financial affairs and the ability to exercise independent judgment, and at least one member of the Committee shall have current accounting or related financial management expertise in the following areas:

- i. An understanding of generally accepted accounting principles, experience in preparing, auditing, analyzing, or evaluating complex financial statements, and;
- ii. The ability to assess the general application of such principles in the accounting for estimates, accruals, and reserves, and;
- iii. Experience in preparing or auditing financial statements and;
- iv. An understanding of internal controls.

Members may be reappointed. The Audit Committee chair shall be appointed by the Board President and shall be a Board member.

c. Responsibilities and Procedures

It is not the Committee's duty to plan or conduct audits or to determine that the institution's financial statements are complete, accurate and in accordance with generally accepted accounting principles. Management of the applicable institutions and agencies shall be responsible for the preparation, presentation, and integrity of the financial statements and for the appropriateness of the accounting principles and reporting policies used. The following shall be the principle duties and responsibilities of the Committee:

- i. Recommend the appointment and compensation to the Board of the independent auditors for Board action. Evaluate and oversee the work of the independent auditors. The Committee must approve any services prior to being provided by the independent auditor. The independent auditing firm shall report directly to the Committee as well as the Board and the auditor's "engagement letter" shall be addressed to the Committee and the President of each institution. The Committee shall have the authority to engage the Board's legal counsel and other consultants necessary to carry out its duties.
- ii. Discuss with the independent auditors the audit scope, focusing on areas of concern or interest;
- iii. Review the financial statements, adequacy of internal controls and findings with the independent auditor. The independent auditor's "management letter" shall include management responses and be addressed to the Audit Committee and President of the institution.
- iv. Ensure the independent auditor presents the financial statements to the Board and provides detail and summary reports as appropriate.
- v. Oversee standards of conduct (ethical behavior) and conflict of interest policies of the Board and the institutions and agencies under its governance including establishment of confidential complaint mechanisms.
- vi. Monitor the integrity of each organization's financial accounting process and systems of internal controls regarding finance, accounting and stewardship of assets;
- vii. Monitor the independence and performance of each organization's independent auditors and internal auditing departments;
- viii. Provide general guidance for developing risk assessment models for all institutions.
- ix. Provide an avenue of communication among the independent auditors, management, the internal audit staff and the Board.
- x. Maintain audit review responsibilities of institutional affiliates to include but not limited to foundations and booster organizations.

The Audit Committee will meet as needed. The Committee may establish necessary procedures to carry out its responsibilities. Such procedures must

be consistent with the Board's Governing Policies and Procedures. The Board's Chief Fiscal Officer, under the direction of the chair, prepares the agenda for work that is under consideration at each meeting of the Board.

5. Athletics Committee

a. Purpose

The Athletics Committee is a standing advisory committee of the Board that reports through the Business Affairs and Human Resources Committee. It is responsible for developing and presenting recommendations to the Board on matters of policy and procedures concerning intercollegiate athletics.

b. Composition

The Athletics Committee is composed of two (2) or more members of the Board appointed by the president of the Board, who designates one (1) member to serve as chairperson and spokesperson of the committee, and is staffed by the Board's Chief Fiscal Officer. The Athletics Committee may appoint a working unit or units, as necessary, to advise the committee. One such working unit shall be composed of the institutions' Athletics Directors.

c. Responsibilities and Procedures

The Athletics Committee is responsible for making recommendations to the Board in areas including but not limited to:

- i. athletics director and coach contracts;
- ii. Athletics Department operating budgets;
- iii. Athletics Department reports on revenue, expenditures and student-athlete participation;
- iv. Athletics Department employee compensation reports;
- v. institutional National Collegiate Athletics Association (NCAA) Academic Progress Rate (APR) reports;
- vi. institutional Title IX gender equity reports;
- vii. athletics division or conference changes; and
- viii. institutional athletics sponsorship and media rights agreements;

The Athletics Committee may establish necessary procedures to carry out its responsibilities. Such procedures must be consistent with the Board's Governing Policies and Procedures. The Board's chief fiscal officer, under the direction of the chairperson, prepares the Athletics Committee work for the Business Affairs and Human Resources Committee agenda that is under consideration at each meeting of the Board.

G. Committee Presentations

1. The agenda for each regular meeting of the Board shall be organized using the areas of responsibility provided for in regard to each permanent standing committee of the Board, as described in Subsection H above, with the exception of the Audit and Athletic Committee.
2. The Board member who is the chair of the permanent standing advisory committee and spokesperson shall present the agenda items in the area of the committee's responsibility. This presentation may include calling on institutional/agency representatives and/or other individuals. In the event of an absence or conflict with respect to the committee chairperson, the Board President may designate a substitute Board member or Board officer to present the agenda items.

H. Presidents' Council

1. Purpose

The Presidents' Council convenes prior to each Board meeting to discuss and make recommendations, as necessary, on Board agenda items scheduled for Board consideration. The Presidents' Council may also choose or be directed by the Board to meet with the Agency Heads' Council for exchanges of information or to discuss projects of benefit to the entire system. The Presidents' Council reports to the Board through the Planning, Policy and Governmental Affairs Committee of the Board.

2. Composition

The Presidents' Council is composed of the presidents of the University of Idaho, Idaho State University, Boise State University, Lewis-Clark State College; and the presidents of North Idaho College, College of Eastern Idaho, College of Western Idaho and the College of Southern Idaho, each of whom has one (1) vote. One (1) of the voting members shall serve as chair of the Council, with a new chair selected each academic year such that the chair will rotate among the respective members, such that no two community college presidents' will hold a term in consecutive years. The administrator of the Division of Career Technical Education and the Board's Executive Director shall be ex-officio members of the Council.

3. Duties of the Chair

The Chair:

- a. Presides at all Presidents' Council meetings with full power to discuss and vote on all matters before the Council;
 - b. Establishes the Presidents' Council agenda in consultation with the Executive Director; and
 - c. Maintains open communications with the Board on agenda matters through the Planning, Policy and Governmental Affairs Committee.
4. The Executive Director will communicate openly and in a timely manner with the Presidents' Council.

I. Agency Heads' Council

1. Purpose

The Agency Heads' Council convenes as necessary to discuss and make recommendations on agenda items scheduled for Board consideration as well as other issues pertinent to the agencies. The Agency Heads' Council may also choose or be directed by the Board to meet with the Presidents' Council for exchanges of information or to discuss projects of benefit to the entire system. The Agency Heads' Council reports to the Board through the Planning, Policy and Governmental Affairs Committee of the Board.

2. Composition

The Agency Heads' Council is composed of the chief administrators of Idaho Educational Public Broadcasting System, the Division of Vocational Rehabilitation, and the Division of Career Technical Education; and representatives from the State Department of Education. The Board's Executive Director shall serve as chair of the Council.

3. Duties of the Chair

- a. Presides at all Agency Heads' Council meetings;
- b. Establishes the Council's agenda in consultation with the Council's members; and
- c. Maintains open communications with the Board on agenda matters through the Planning, Policy and Governmental Affairs Committee.

AUGUST 28, 2019**

SUBJECT

Three-Year Program Plan

REFERENCE

August 2017	The Board approved the Five-Year Program Plan update to Board Policy III.Z.
February 2018	The Board approved Policy III.Z. amendments that changed the planning period from five years to three years.
August 2018	The Board approved the first iteration of the Three-Year Program Plan.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho State Board of Education Governing Policies and Procedures, Section III.Z. Planning and Delivery of Postsecondary Programs and Courses. Sections 33-113 and 33-2107A, Idaho Code.

ALIGNMENT WITH STRATEGIC PLAN

Goal 3: Educational Attainment.

BACKGROUND/DISCUSSION

Section 33-113, Idaho Code requires the Board, in the interest of efficiency, to define the limits of instruction at all publicly funded institutions, and to limit unnecessary duplication to the extent practicable. Board Policy III.Z. sets the method by which the Board limits duplication or evaluates the need for duplication as well as assigns responsibility for assessing the educational and workforce needs around the state.

With amendments adopted in Board Policy III.G. in August 2018, community colleges are authorized by the Board to deliver applied baccalaureate degrees. This is the first year for the board to evaluate such delivery in the program planning process.

Board Policy III.Z.2.a.ii., requires institutions to create program plans in alignment with their Statewide and Service Region Program responsibilities that describe proposed programs to be offered over a three-year period and all programs currently offered. Board staff coordinated a work session on April 16, 2019 with the chief academic officers from each institution to review draft plans, statewide needs, and to identify and discuss programs that could potentially be viewed as duplicative or in conflict with Statewide Program responsibilities.

IMPACT

The Three-Year Plan will provide the Board with a comprehensive picture of anticipated institutional academic program and career technical program development. The plan is intended to advise and inform the Board in its efforts to coordinate the efficient delivery of educational programs throughout the state in

**WORK SESSION
AUGUST 28, 2019**

accordance with Idaho Code. In doing so the presentation is designed to provide the Board with an overview of the anticipated system-wide investment to be rendered by students, state, and the institution for delivery of programs, as well as offer an overview of how programs will be responsive to workforce needs. In addition, the discussion will include a summary of how programs connect to program prioritization outcomes at four-year institutions. Action taken on the three-year plan will provide the institutions with direction regarding their pursuit of proposals for each of the programs presented in the plan.

ATTACHMENTS

Attachment 1 – The Three-Year Program Plan

STAFF COMMENTS AND RECOMMENDATIONS

Consistent with Board Policy III.Z, each institution submitted an institution plan consisting of proposed programs in alignment with their regional and statewide program responsibilities and respective institution missions. The updated plan represents proposed programs for Academic Years 2020-21, 2021-22, and 2022-2023. To give the Board a better understanding of the investments the institutions are making in the development of these programs, institutions will be prepared to share information regarding the fiscal investments to be employed to include any potential new fees and personnel needs. Institutions will also provide how proposed programs are intended to meet workforce demands.

Board staff held a work session with institutions on April 16, 2019 to review institution plans, discuss areas of concern, and potential collaboration opportunities. The following are highlights of those discussions.

Institution(s)	Program/Degree Level	Action
CSI/ISU	Teacher Education, BAS	Continue discussions regarding Teacher Education, BAS in Region IV.
CWI/ISU	Network and Systems Administration, BAS/BAT	Ongoing discussion regarding Network and Systems Administration projected by CWI.
CWI/ISU	Fire Service programs	Ongoing discussion regarding Fire Service programs proposed by CWI.
NIC/LCSC	Dental Hygiene, AAS	Working on an MOU for the delivery of Dental Hygiene at LCSC.
NIC/CSI	Nursing, BS	Proposed Nursing programs are in response to industry needs in their respective regions.
CEI	Bachelor of Applied Technologies and AAS/Associate of Applied Technology	Projection for Fall 2021
CEI	Paramedic Program	Ongoing discussion with ISU regarding needs in Region IV.
UI/NIC/CEI	Cybersecurity, AAS Cybersecurity, BS, MS, PhD	Working on 2+2 arrangements for undergraduate and graduate Cybersecurity programs projected by

**WORK SESSION
AUGUST 28, 2019**

Institution(s)	Program/Degree Level	Action
		institutions.
BSU	Accountancy, BBA Social Work, MSW Social Work, PhD/DSW	Reviewing potential discontinuation of traditional offering of Accountancy, BBA at CSI and adding possible online fee model. Also considering discontinuation of Social Work, MSW in Twin Falls and Coeur d'Alene. BSU currently has statewide program responsibility. Added PhD/DSW in Social Work for Region III, online fee model.
BSU/ISU	Public Health, MS/DPH	Working on MOU for the MS/DPH in Public Health proposed by BSU and ISU in Region III.
ISU	Biomedical and Pharmaceutical Sciences	Ongoing discussion with BSU regarding this projected program by ISU.
ISU	Health Information Technology, AAS Fire Service Technology, AAS Dental Hygiene, AAS Occupational Therapy Assistant, AAS Medical Lab Technician, AAS Paramedic Science, AAS	ISU would like to ensure alignment with curriculum for programs proposed in health sciences areas by NIC, CEI, CSI, and CWI.

An overview of institution plans were presented to the Instruction, Research, and Student Affairs (IRSA) committee on July 25, 2019.

Board staff recommends the Board complete a thorough evaluation for graduation rates within existing programs. A responsible balance should be achieved that allows for institutions to allocate resources to address current student completion issues while also seeking to modify or expand academic portfolios that allow them to remain diligent to their respective missions.

Board staff recommends approval upon determination that the plan is responsive to the Board's completion agenda, addresses state workforce and industry needs, and most effectively contains costs that may be exacted to students, state, and institutions. The Board will take action on the Three-Year Plan as part of its agenda on August 29th, 2019.

Three-Year Plan

Planning and Delivery of Postsecondary Programs

The State Board of Education established in alignment with Board Policy III.Z., a comprehensive process for the planning and delivery of postsecondary education. Consistent with this policy, institutions create an institution plan that describes all current programs and proposed programs to be offered in alignment with each institution's Statewide and Service Region Program Responsibilities. The process requires that institutions provide a level of programmatic information for each current program being offered and for each proposed program as part of the three-year plan development.

Statewide Program Responsibility

In accordance with Board Policy III.Z.1.g, "Statewide Program Responsibility shall mean an institution's responsibility to offer and deliver a Statewide Program in all regions of the state. Statewide Program Responsibilities are assigned to a specific institution by the Board, taking into account the degree to which such program is uniquely provided by the institution."

Service Region Program Responsibility

In accordance with Board Policy III.Z.1.e, "Service Region Program Responsibility shall mean an institution's responsibility to offer and deliver a Service Region Program to meet regional educational and workforce needs in its service region as defined in subsection 2.b.ii (1) and (2). Service Region Program Responsibilities are assigned to the Designated Institution in each service region, but may be offered and delivered by Partnering Institutions in accordance with the procedures outlined in this policy."

The Three-Year Plan specifically consists of proposed programs institutions have identified they will pursue over a three-year period. As proposed programs are developed, institutions must follow the program review process and procedures provided in Board Policy III.G, Postsecondary Program Approval and Discontinuance to acquire appropriate approvals prior to implementation of programs. If the program is to be delivered outside the institution's service region, a Memorandum of Understanding must be developed and agreed upon in cooperation with the Board's Chief Academic Officer prior to implementation.

The Plan also consists of a complete program inventory of programs currently being offered by Idaho's public postsecondary institutions. Programs are listed by CIP code and then alphabetically by institution. The list includes programs, options, and degrees offered through various departments and colleges.

Consistent with Board Policy III.Z., the Plan is updated on an annual basis. It is intended that the Three-Year Plan will provide guidance to the State Board of Education in its planning and coordination of educational programs.

Delivery of Programs

Consistent with Board Policy III.Z., “Statewide Program Responsibilities are assigned to a specific institution by the Board, taking into account the degree to which such program is uniquely provided by the institution.” The statewide program list is updated by the Board every two years.

Boise State University

Boise State University must assess the need for and, when determined necessary by the assessment, ensure the statewide delivery of all educational programs in the following degree program areas:

Program Name	Degrees
Public Policy and Administration	M.S., Ph.D.
Community & Regional Planning	M.C.R.P., Ph.D.
Social Work (Region V-VI —shared with ISU)	M.S.W.
Social Work	Ph.D.

Board approved December 2016

Idaho State University

Idaho State University must assess the need for and, when determined necessary by the assessment, ensure the statewide delivery of all educational programs in the following degree program areas:

Program Name	Degrees
Audiology	Au.D., Ph.D.
Physical Therapy	D.P.T., Ph.D.
Occupational Therapy	M.O.T.
Pharmaceutical Science	M.S., Ph.D.
Pharmacy Practice	Pharm.D.
Nursing (Region III shared w/ BSU)	M.S., D.N.P.
Nursing	Ph.D.
Physician Assistant	M.P.A.S.
Speech Pathology	M.S.
Deaf Education	M.S.
Sign Language Interpreting	B.S.
Health Education	M.H.E.
Public Health	M.P.H.
Health Physics	B.S., M.S., Ph.D.
Dental Hygiene	B.S., M.S.
Medical Lab Science	B.S., M.S.
Clinical Psychology	Ph.D.

Board approved December 2016

University of Idaho

University of Idaho must assess the need for and, when determined necessary by the assessment, ensure the statewide delivery of all educational programs in the following degree program areas:

Program Name	Degrees
Law	J.D.
Architecture	B.S. Arch., M. Arch.
Integrated Architecture & Design	M.S.
Landscape Architecture	B.S.L.A., M.L.A.
Interior Design	B.I.D., M.S.
Animal & Veterinary Science	B.S.A.V.S.
Animal Science	M.S.
Veterinary Science	D.V.M.
Plant Science	M.S., Ph.D.

THREE-YEAR PLAN

Proposed Regional and Statewide Programs

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Architecture	M.S.	Region II	Statewide	Summer 2020	36-credit Master's degree to provide opportunities for focused research (based on faculty expertise). Will be connected to the architecture program, as well as other programs around the university through required and elective coursework. Emphases are Digital Fabrication, High-Performance Buildings, and Architect as Developer, Urban Design and History/Theory.	Program reallocation		
Criminology	B.A./B.S.	Region II	Regional	Summer 2020	Criminology is the study of the causes and consequences of crime. Coursework in criminology includes a comprehensive understanding of explanations of crime, research methods used to scientifically measure and study crime, the evaluation of crime control policies and a consideration of the broader social and political context of crime and justice. Elective courses will acquaint students with various types of crime and norm violation such as juvenile delinquency, social deviance, violent crime, white collar crime, and terrorism. In addition, institutional responses through policing and punishment are also considered. Students will gain a comprehensive understanding of the problems of crime and the criminal justice system. The proposed major will build on our existing strengths in sociology to stress theory and research; encouraging scientific inquiry, critical analysis of social and political systems, and a consideration of social inequalities and globalization in the context of crime and justice. The criminology program	College/dept. reallocation		Approved 6/2019

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
					will prepare students in a variety of careers related, but not limited to criminal justice and security. In addition, some criminology majors go on to graduate or law school utilizing the analytic and writing skills obtained in their criminology education.			
Global Disease Ecology	B.S.	Region II	Regional	Summer 2020	Provide an undergraduate students with broad educational science background in Global Vector Biology along with research experience. This program will provide students with a transdisciplinary background in diseases across human, plant and animals.	College/dept. reallocation		
Plant Pathology	Ph.D.	Region II	Regional	Summer 2020	These degrees existed previously in CALS prior to the consolidation of Plant Pathology and Entomology into Plant, Soil and Entomological Sciences (PSES) in 1982. Traditionally in PSES, the graduate students working with Plant Pathology faculty received M.S. and Ph. D. degrees in Plant Sciences. Since faculty who complete Plant Pathology research will now be members of EPPN department (summer 2017) and will continue to train graduate students, their students will require a M. S. and Ph. D. Degree program that reflects their department and the discipline which they study.	College/dept. reallocation		
Professional Science Master's Degree (PSM)	M.S.	Region II	Regional	Summer 2020	A new Professional Science Masters (P.S.M.) degree will be created within the College of Agricultural and Life Sciences (CALS). The CALS P.S.M. degree will create unique tracks housed in the Departments of Agricultural Economics and Rural Sociology, Food Science, Animal Sciences, Plant Sciences, Water Resources, and the Department of Soil and Water Systems. These tracks are currently not available in the P.S.M.	College/department reallocation and professional program fees		

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
					degree offered through the College of Natural Resources (CNR) and will specifically target students interested in agricultural based disciplines.			
Program offerings commencing 2021-2022								
American Indian Studies	B.A./B.S.	Region II	Regional	Summer 2021	Hybrid/combination modality: B.A./B.S. In collaboration with Washington State University and the ten MOU Tribes, offer a rigorous curriculum that introduces the student to the academic field of American Indian Studies, as well as provides the necessary skills and ethical responsibilities to professionally engage with and work in American Indian communities.	College/dept. reallocation		
Anatomy	Ph.D.	Region II	Regional	Summer 2021	The PhD in Anatomy will address a critical need for trained anatomists in medical education programs and offer a continuing education option for Science instructors. The Program will be a hybrid online/onsite program to maximize flexibility while leveraging local resources.	College/department/ University reallocation followed by revenue generation through tuition		
Cybersecurity	B.S.	Region I, II, IV	Regional	Summer 2021	Provide undergraduates with a broad, practical education in Cybersecurity.	College/department/ university reallocation, budget request for some expenses from the state, program fee is an option if necessary.	NIC and CEI for 2+2 arrangement	
Cybersecurity	M.S.	Region I, II, IV	Regional	Summer 2021	Provide Masters students with a broad, practical education in advanced Cybersecurity and an introduction to research in Cybersecurity.	College/department reallocation.	NIC and CEI for 2+2 arrangement	
Cybersecurity	Ph.D.	Region I, II, IV	Regional	Summer 2021	Provide PhD students with a broad education in Cybersecurity and the opportunity to engage in research that expands the field of Cybersecurity.	College/department reallocation.	NIC and CEI for 2+2 arrangement	

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Dietetics	M.S.D.	Region II	Regional	Summer 2021	The MSND will offer two tracks. One track will be a traditional accredited program for students wishing to become Registered Dietitian Nutritionists (RDN). The other track will be a distance program for students who do not need the RDN credential, but would like to have a master's degree.	College/department reallocation	Clinical affiliation agreements will continue with regional medical facilities providing supervised practice hours.	
Ecology and Ecological Systems	B.S.	Region II	Regional	Summer 2021	Traditional modality. Focus on ecology of terrestrial systems through coursework, laboratories, and field work. Graduates will be positioned to pursue careers in science education, ecosystem restoration, resource management, environmental consulting, environmental law, and graduate school.	College/department reallocation		
Emerging Digital Media	M.A./M.S.	Region II	Regional	Summer 2021	Online master's degree that will prepare graduates to plan, implement and assess emerging media for the purposes of branding, marketing and engaging audiences. Combination of online coursework, hands-on learning and workplace practicum.	College/dept. reallocation		
Mathematics	M.S.	Region II	Regional	Summer 2021	Masters of Science in Mathematics to be delivered online. The Masters of Science degree is already in existence, but there is a demand for a distance program. We would like to offer the courses and comprehensive exam by distance.			
Medical Science	M.S.	Region II	Regional	Summer 2021	Matriculation through medical school requires completion of the board Step exams and rigorous clinical training. Some students are not able to complete these for a variety of health and other reasons and leave a modest number of students with two years of extensive medical education but lacking a degree. The M.A. in Science will build on this foundation to provide these students a degree option, drawing on students from the 5 state WWAMI region.	College/department reallocation followed by revenue generation through tuition	A MOU will be established with UWSOM WWAMI affiliated schools to provide this option to their students	

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Natural Resource Enterprise Management	B.S.	Region II	Regional	Summer 2021	Traditional modality. Cross-disciplinary program focused on management of natural resources and application of business enterprise management. Graduates will be well positioned to pursue wide range of careers at the intersection of natural resource management and business/enterprise management (hunting, fishing rafting, ranch operations, and corporate retreat centers).	College/department reallocation		
Recreation, Sport & Tourism Management	B.S.	Online	Online	Summer 2021	Existing bachelors and master's degrees in Recreation, Sport & Tourism Management, to be put online, intended as signature program in Recreation		We hope to have MOU potential in military and athletic team organizations, but do not have any yet.	
Recreation, Sport & Tourism Management	M.S.	Online	Online	Summer 2021	Existing bachelors and master's degrees in Recreation, Sport & Tourism Management, to be put online, intended as signature program in Recreation			
Secondary Education	M.A.T.	Region II	Online	Summer 2021	Designed for individuals interested in teaching in a secondary (grades 6-12) setting. Applicants should have completed an undergraduate degree in a field taught in Idaho schools. This degree includes a one-semester, full-time student teaching experience.			
Special Education	M.A.T.	Region II	Online	Summer 2021	Designed for individuals interested in teaching exceptional students in a K-8 or 6-12 grade setting. This degree includes a one-semester, full-time student teaching experience.			
Program offerings commencing 2022-2023								
Anthropology	Ph.D.	Region II	Regional	Summer 2022	Hybrid/combination modality: The Ph.D. program offers a four-field background in anthropology and offers particular specialization in archaeology and applied, collaborative anthropology. In archaeology, the area of expertise is in historical archaeology and Plateau archaeology.	College/dept. reallocation		

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Data Science	M.S.	Region II	Regional	Summer 2022	This request is for a new interdisciplinary masters in Data Science administered by the Department of Computer Science in the College of Engineering with course contributions from other colleges. Data Science is the strategic, managerial, and operational processes and systems for gathering, processing, storing, organizing, analyzing, distributing, and using data and their associated technologies.	College/department/ University reallocation		
Educational Studies	B.S.	Region II	Regional	Summer 2022	Program for those who want to work with children in educational settings but are not seeking certification to work in traditional k-12 classrooms.	College/department reallocation		
Global Disease Ecology & Plant Health	M.S.	Online	Regional	Summer 2022	Online, non-thesis program for students with an educational background in Plant Health This program will provide students with a transdisciplinary background in diseases across human, plant and animals as well as the agricultural sciences. This will prepare graduates for mid-level professional positions in agriculture in Idaho and throughout the Pacific Northwest.	College/dept. reallocation		
Industrial Technology (INDT)	B.S.Tech.	Region I	Regional	Summer 2022	Traditional modality & Distance via Engineering Outreach: Industrial Technology provides students the ability to lead industry operations that are becoming more technical in nature and supervise direct labor. This degree bridges the gap between engineering degrees and technology degrees. There have been numerous requests to extend the program to CdA center campus.	College/dept. reallocation		
Integrated Plant Health	B.S.	Region II	Regional	Summer 2022	Provide an undergraduate students with broad educational science background in Plant Health along with research experience. This program will provide students with a transdisciplinary background in basic and applied agricultural science.	College/dept. reallocation		

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Precision Agriculture	B.S.	Region II	Regional	Summer 2022	Provide undergraduate students with the educational background to lead agricultural businesses in cutting-edge technology in precision agriculture. Students will learn how to use new technologies and research to respond to some of the greatest challenges facing agriculture today.	College/department reallocation		
Sociology	M.A./M.S.	Region II	Regional	Summer 2022	Hybrid/combination modality: M.A/M.S.; Focused on applied social science research/analysis. Applicable to non-profits, government agencies, and private industry. Research design, methods, evaluation, policy analysis, statistics, theory, internships, and reporting. Emphasis on human communities, attention toward addressing nationally significant questions at a community level. Program contributes research on social dimensions of any problem.	College/dept. reallocation		
Women's and Gender Studies	B.A./B.S.	Region II	Regional	Summer 2022	Hybrid modality: The B.A./B.S. program would provide students with a solid foundation in Women's and Gender Studies through course work that covers historical, sociological, political science, psychological, and cultural perspectives related to the study of women and men in society. The delivery method of the program would comprise a hybrid format of traditional and online modules for life-long learning opportunities that include courses addressing diversity and cultural competencies crucial for employment in many sectors today. These employment sectors include but are not limited to professions for both, women and men, in education, business, law, human resources, social services, media and communication, government, non-profit, and international organizations.	College/dept. reallocation		

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2023-2024								
Apparel, textiles and Design	M.S.	Region II	Regional	Summer 2023	Interdisciplinary program in design, construction, marketing, and innovation of clothing and textiles. Approaches and methodology typically utilized in myriad disciplines (e.g., theater, engineering, art) will prepare graduates to solve challenges currently encountered in the clothing and textile industry - particularly as they relate to two discreet unit strengths: (1) recreational and outdoor apparel and gear, and (2) preservation of historic garments.	College/department reallocation		
Apparel, textiles and Design	Ph.D.	Region II	Regional	Summer 2023	Provides opportunities for interdisciplinary studies regarding wearable technologies, reflecting a rapidly changing manufacturing changes and researching the intersection of apparel and history, sociology, psychology, and other disciplines.	College/department reallocation		
Athletic Studies	M.S.	Region II	Regional	Summer 2023	This program is an opportunity to recognize sport and athletic performance in a way that is similar to musical performance or artistic performance that is as a studied and serious endeavor. The program also aims to better prepare current athletes for their current and future work.	College/dept. reallocation		
Biomedical Engineering	M.S.	Region II	Regional	Summer 2023	Provide masters students with the knowledge of engineering principles combined with design and research methods to solve problems in the medical field to advance health care diagnosis and treatment.	College/department reallocation		

Institution Name: University of Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Child, Family, and Consumer Sciences	M.S.	Region II	Regional	Summer 2023	Program focused on early childhood development; historical and contemporary family structures and dynamics; adolescent and young adult behaviors, acute and chronic health and wellbeing; the impact of poverty on individuals, families, and communities (particularly those living in Idaho); and interdisciplinary approaches to enhancing health-promoting behaviors within the context of families and social networks.	College/department reallocation		
Nutrition	M.S.	Region II	Regional	Summer 2023	Program incorporating science-based interdisciplinary studies and research regarding micronutrient and macronutrient digestion, absorption, and metabolism; changing nutrient requirements across the human lifespan; impact of nutrient intake on human health; "functional foods," health, and wellbeing; sports nutrition; and physiology and behaviors related to dietary choices and health.	College/department reallocation		
Nutrition	Ph.D.	Region II	Regional	Summer 2023	This will be an interdisciplinary degree in cooperation with Dept. Animal Sciences and others (as appropriate) and will prepare students for careers in nutrition research, industry, nongovernmental, and government jobs related to animal and human nutrition.	College/department reallocation

THREE-YEAR PLAN

Proposed Regional and Statewide Programs

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Applied Mathematics	BS	Regions V, VI	Regional	2020-2021	A new major in applied mathematics will focus on math modeling and the mathematical methods and tools used to solve real-world problems in a wide range of disciplines. Students will graduate with computational, statistical, and theoretical tools for solving complex, open-ended problems. The degree will also serve as a complementary double major for students in science and engineering, providing added quantitative rigor to their primary degree.	No additional resources needed.		
Basic Electronics	ITC	Region V	Regional	2020-2021	This certificate is the first two semesters of the Robotics and Communications Systems Engineering program. Graduates will have knowledge of basic electricity and circuit theory for both AC and DC circuits, and knowledge of both analog and digital control devices. Graduates will be able to obtain employment as an electrical/electronic installer/repairer, or as an assembler/fabricator in the electrical/electronics industry.	No additional resources needed.		
Computer Engineering	BS	Regions V, VI	Regional	2020-2021	A major in computer engineering will focus on the hardware, firmware, and software designs and implementations of modern and future electronic computing machines, as well as methods and tools needed to achieve this. Students will graduate with digital and analog skills that prepare them for employment as computer engineers. The degree also serves as an optional double major for students in science and engineering. ABET accreditation is typically needed. MOD: Face-to-face	No additional resources needed. The current EE faculty has sufficient capacity to deliver this BS degree program		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Cyber Physical Systems Engineering Technology	BAS	Regions V, VI	Regional	2020-2021	Capitalizing on the College of Technology's unique relationship within Idaho State University, the bachelor's degree in Cyber Physical Systems Engineering Technology program provides a pathway for students graduating from any of the five Energy Systems Technology and Education Center (ESTEC) Associate degree programs to obtain a Bachelor's degree with an additional two years of study. It infuses industrial technicians produced by ESTEC with cyber security expertise through courses including IT Fundamentals, Networking, Risk Management, Critical Infrastructure Protection, Secure Systems Design, and Professional Certification. It also exposes them to fundamental business management concepts. This has the dual benefit of preparing them to enter ISU's cyber security leadership program, NIATEC, as graduate students.	Use existing resources.		
Health Informatics	Bachelor of Science	Online	Regional	2020-2021	This program will prepare individuals to enter a career in Health Informatics with the skills and competencies necessary to manage and operationalize the acquisition, processing, storage, distribution and use of healthcare data using appropriate technologies. Students will be introduced to key healthcare and information technology concepts to support the various aspects of the healthcare delivery and operations. MOD: Online using the 'Online Program Fee' financial model.	Reallocation of existing resources. New budget for Adjunct pool		Replaces state approved BBA-HI discontinued by COB. The program was recently moved from the College of Business to the College of Health Professions.
Health Informatics	Masters of Science	Online	Regional	2020-2021	Revise existing MSHI program as follows: 1. Enhance curriculum to be in accordance with CAHIIM accreditation requirements. 2. Change the delivery mode to online	Reallocation of existing resources. New budget for Adjuncts.		Revise existing program to enhance curriculum & change delivery mode to online

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Investigative Forensics	BS	Region V	Regional	2020-2021	This program will prepare students for a variety of non-laboratory-based careers, including medicolegal death investigators, forensic evidence recovery technicians, or law enforcement positions specializing in investigation. According to a 2009 report by the National Academy of Sciences, the need for academically trained criminalists and crime scene investigators has increased significantly. This program will respond to the forecasted job outlook for Forensic Science Technicians, which is promising and growing much faster than average (17%) between 2016-26. Graduates will receive training in identifying, collecting, and interpreting forensic evidence with a solid natural science background in addition to training in forensic methods, field and laboratory procedures, and the law.	Reallocation of existing resources and anticipated grant funding to support new facilities needs		
Land Surveying	Academic Certificate	All Regions (Hybrid)	Regional	2020-2021	This certificate is for students with a prior or in progress baccalaureate degree from a field related to surveying, such as engineering or science, who wish to sit for the Professional Land Surveyor (PLS) license. Currently the Idaho Board of Licensure of Professional Engineers and Professional Land Surveyors requires students with a related degree to complete 30 credits of surveying courses from an ABET accredited program to meet criteria for a PLS. The program currently supports five to seven students per year and anticipates growing enrollment through online delivery of these courses. ISU is the only institute in the state of Idaho that has an ABET accredited surveying program. MOD: traditional face-to-face in Pocatello, online as needed for other regions	No additional resources needed.		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Master of Occupational Therapy (Expansion to Meridian)	Master of Occupational Therapy (MOT)	Region III (Hybrid)	Statewide	2020-2021	The Master of Occupational Therapy (MOT) program in Meridian will be an extension program of the existing, fully accredited ISU MOT program. The MOT degree will be offered to a cohort of students at the ISU Meridian Center in addition to the cohort at ISU main campus in Pocatello. MOD: hybrid	New budget requests, grants, and student professional fees will be used to support the expansion.		
Rehabilitation Counseling	Masters (MCOUN)	Regions IV, V, VI	Regional	2020-2021	Rehabilitation counseling is a systematic process which assists persons with physical, mental, developmental, cognitive, and emotional disabilities to achieve their personal, career, and independent living goals through the application of the counseling process. Involving communication, goal setting, and beneficial growth or change through self-advocacy, psychological, vocational, social, and behavioral interventions. MOD: face-to-face	New Budget Request Professional Fees		*If funded, can move forward with faculty search, and hire, during the 2019-2020 academic year.
Respiratory Therapy	BS	Region V (Hybrid)	Regional	2020-2021	This bachelor's degree is built on, and a career ladder step up from, the associate degree at ISU. The two major factors that have precipitated the need for this expansion are: 1) changes in national accreditation standards, and 2) enhancing opportunities for AS prepared respiratory therapists to advance into management positions. This program provides instructionfor respiratory therapy students to administer respiratory care and life support to patients with deficiencies and abnormalities of the cardiopulmonary system. Graduates of the program will have the ability to accurately assess patients, determine appropriate methods of therapies, set up and operate respiratory equipment, monitor patient response to various treatment modalities, perform pulmonary function testing, and assist patients with breathing maneuvers. MOD: hybrid/combination	New budget request for 1 FTE		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
DISCONTINUE: Post-baccalaureate certificate in Informatics	Certificate	Region V	Regional	2020-2021	Program has an unsustainably low number of graduates & enrollments. ISU stopped admitting students into this certificate; courses will be available for currently enrolled students to complete program.			
DISCONTINUE: BBA Health Informatics	BBA	Region V	Regional	2020-2021	Program has an unsustainably low number of graduates & enrollments. ISU stopped admitting students into this certificate; courses will be available for currently enrolled students to complete program.			
Program offerings commencing 2021-2022								
Advanced Dental Hygiene Education	PhD	Online	Regional	2021-2022	The PhD program in dental hygiene is designed to create a cadre of dental hygiene researchers, scholars and educators, to provide advanced education for those oral health professionals who seek careers in research and academia, and to expand the body of knowledge in the dental hygiene discipline. This doctoral level program will be delivered online and open to the international community of dental hygienists. This program meets the vision of the department to be the premier global dental hygiene center of education, practice, leadership, and scholarship. MOD: online	Student Professional Fees		
Audiology Assistant Certificate Program	BS Level Certificate	Region V (Hybrid)	Regional	2021-2022	Certificate as an addition to the BS degree will prepare students to be employed in hearing aid dispensing practices, assisting Audiologists in client care. This will be a hybrid program of online and onsite classes with supervised clinical observations and experiences in local hearing aid practices. MOD: Hybrid	New budget request		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Biochemistry	MS	Region V	Regional	2021-2022	The degree awarded will be a MS in Biochemistry, which is the study of chemical processes within living organisms. ISU's program will be housed in Chemistry. As a discipline, Biochemistry provides the basis for practical advances in medicine and health technology. MOD: traditional classroom	Reallocation of Resources and grant funding		
Bachelor of Business Administration, General Business degree completion program	BBA	Online	Regional	2021-2022	This program would allow working adults with an Associate's degree to complete a BBA in General Business online. Students who have stopped out to work full time would benefit from the accessibility of the fully online format. Enough upper division business courses are already online to offer this program with currently available faculty resources.	Reallocation of existing resources The online program fee model would be used.		
Barbering	BTC	Region V	Regional	2021-2022	This program will train barbers in haircutting and styling skills, shaving, waxing, facial massage and men's hair replacement. It will also cover theory for business, infection control, anatomy and physiology, chemistry, electricity, skin, and properties of the hair and scalp related to the barbering field. Graduates will be prepared to pass a State Board Exam for Barbers, which includes both a practical and a theory exam.	Reallocation of resources.		
Biomedical and Pharmaceutical Sciences	BS	Region III, V	Regional	2021-2022	This would be a new program for students interested in working in the Pharma industry and would provide students with training in biomedical sciences relative to drug discovery. The program would be a feeder program into medical and biomedical programs including M.D., PharmD and P.A	This program would require 3 additional faculty and an administrative assistant.		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Master's in Business Administration	MBA	Online	Regional	2021-2022	Most MBA courses are already offered online. The proposed program could be offered with currently available resources.	Reallocation of existing resources The online program fee model would be used.		
Commercial Music	BM	Regions V, VI	Regional	2021-2022	A degree in commercial music will provide students an opportunity to engage in a rigorous, state of the art music program that will prepare them for a professional career in music. Graduates of this program will be expected to perform at a professional level as well as learn how to use a recording studio, mix, edit, and produce audio and video, write original music and arrange for every instrument, lead and shape an ensemble, and utilize business and promotional techniques. We believe that there is a job market for these individuals beyond the traditional "classical" or "education" venues that we currently serve.	The department already has a recording studio and a computer/music technology lab, but may need to add a faculty position.		
Cybersecurity	BS	Regions V, VI	Regional	2021-2022	CoSE seeks to develop a B.S through Ph.D. program in cybersecurity to create a regional center of excellence for cybersecurity education and research that would help meet the cyber workforce and innovation demands of Idaho and the Intermountain West. The program would initially focus on cybersecurity for critical infrastructure, a key area of research and development activity for the Idaho National Laboratory and an area central to the partnership between INL and the State of Idaho in the new Cybercore Integration Center on ISU's Idaho Falls campus. MOD: Face-to-face; distance learning	Existing faculty in CoSE and Polytechnic will contribute. Five new faculty lines will be required.		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Dental Hygiene (expansion to Meridian)	BS	Region III	Statewide	2021-2022	The BS in Dental Hygiene program in Meridian will be a program expansion of the existing, fully accredited ISU Dental Hygiene program. This request is for the expansion of Idaho State University's Dental Hygiene (DH) program, including clinic and laboratory education to the ISU-Meridian campus in Meridian, Idaho. Space (4,800 square feet) has been allocated for the Dental Hygiene Program adjacent to the Idaho Advanced Education in General Dentistry Residency. An expansion of the baccalaureate program to include an additional option for an advanced dental hygiene practitioner in Dental Therapy (DT). The dental therapist who provides direct access to oral healthcare will address the needs of rural and frontier communities with minimal or no access to oral care. Idaho has significant unmet oral health needs, and this program will help meet that demand. DT is being discussed in the State of Idaho and across the U.S. ISU could be the leader in offering the first DT option in Idaho as part of the expansion to Meridian. MOD: DL and classroom	New Budget Request		
Digital Media Art	BFA	Regions V, VI	Regional	2021-2022	This interdisciplinary program combines courses from two departments: Art and Communication, Media & Persuasion. The program prepares students for employment in the growing fields of digital art, multimedia art and graphic design. The program includes study in 2D and 3D design, graphic design, art, brand management, art and design history, advertising design, photography, web design, computer graphics, animation, and digital video production.	Primarily a combination of existing courses in the two departments. Reallocation of existing resources will occur, if needed.		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Electrical and Computer Engineering	MS	Regions V, VI	Regional	2021-2022	Industry and INL have expressed demand for this degree program for many years. This degree program is essential to support the growing needs of Southeast Idaho industry, especially in the areas of semiconductor, power and energy systems. Industry is willing to send employees to obtain MS ECE degree for development and career advancement. MOD: Face-to-face	Reallocation of resources between POC and IF; Polytechnic faculty engaged in research and teaching		
Esthetics	BTC, ITC	Region V	Regional	2021-2022	This program will train the skincare specialist to evaluate clients' skin condition and appearance, discuss treatments and products for skin quality improvement, remove hair through wax or laser treatment, apply makeup, and other cosmetic procedures related to esthetics. Graduates of the program must pass a state exam for licensure. MOD: face-to-face	Reallocation of Resources		
Health Science	AS	Region III, V	Regional	2021-2022	This program will prepare students with basic knowledge of health sciences, and serve as a bridge to bachelor's programs in health sciences. It has been requested by the Meridian Medical Arts Charter High School to allow their students to gain an associate's degree in the Health Sciences upon graduation.		Talks have been initiated with the Meridian Medical Arts Charter High School.	
Paralegal Studies	BTC	Region V (Hybrid)	Regional	2021-2022	This certificate is for students who have completed an Associate or Bachelor's degree who want to pursue paralegal studies online. Students would be offered basic courses such as ethics, contract, torts, research and writing, litigation, law office management and technology, criminal law, and civil litigation. Course work would prepare students to work in the paralegal field. The online courses would allow working adults to improve their career skills and allow people in rural areas to pursue paralegal training. MOD: hybrid; online and face-to-face	No additional resources needed.		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Paralegal Specialty Studies	ITC	Region V (Hybrid)	Regional	2021-2022	This certificate is for students who have completed paralegal training with an Associate Degree, Bachelor's Degree, paralegal studies certificate, or who have two or more years' experience as a paralegal to take specialty classes online to increase their capabilities in specific areas of the market. Specialty courses would focus on high demand areas such as litigation, e-discovery, bankruptcy and foreclosure, intellectual property, health care, labor and employment. This would prepare paralegals to advance in the profession to more lucrative jobs in areas of high demand. MOD: hybrid	No additional resources needed.		
Accelerated MS in Pharmaceutical Sciences	M.S.	Region III, V	Statewide	2021-2022	This is not a new program. The M.S. in Pharmaceutical Sciences is currently offered. The difference is the accelerated process that will allow students during their senior year & following summer to be involved in research & coursework leading to the M.S. in Pharmaceutical Sciences. This would lead to a 5 year M.S.	The program is currently available. The proposal is to offer an accelerated option.		
Accelerated Ph.D. in Pharmaceutical Sciences	Ph.D.	Region III, V	Statewide	2021-2022	This is not a new program. The Ph.D. in Pharmaceutical sciences is currently offered. The difference is the accelerated process that will allow students during their senior year & following summer to be involved in research & coursework leading to the Ph.D. in Pharmaceutical Sciences. This would lead to a 7 year Ph.D. following high school	The program is currently available. The proposal is to offer an accelerated option.		
Pharmaceutical Sciences	M.A.	All Regions (Hybrid)	Statewide	2021-2022	Program was offered in the past but has been inactive for the last 6 years. The Non-Thesis option will be brought back as a fully online program that will available across Idaho, nationally, & internationally. There is significant desire for this degree internationally. Additionally, program is designed to provide the majority of the coursework leading to a Ph.D. Students who successfully complete the M.A. will have the opportunity to pursue the Ph.D. in Pharmaceutical Sciences at ISU. They	The college has a M.S. program and Ph.D. program at this time. The intent is to re-purpose these existing courses for on-line as well as live instruction.		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
					would be physically at ISU for the Ph.D. program.			
Pharmacy Technology	AAS	Region V	Regional	2021-2022	This program currently offers a BTC and an ITC. Working in collaboration with the College of Pharmacy, an AAS will be added to the Pharmacy Technology career ladder that may serve two purposes: 1) allow Pharmacy Technology students to be eligible to obtain a BSHS and thus prepare for management level responsibilities in a pharmacy or work for a pharmaceutical company, or 2) prepare students to be in a stronger position to apply to the Doctor of Pharmacy program or other graduate degrees in the pharmaceutical sciences.	New budget request for 1 FTE and facilities		
Master's in Public Health - expansion of program emphases	MPH	All Regions (Hybrid)	Statewide	2021-2022	ISU has the only existing Master of Public Health degree in the state. BSU has an undergraduate degree in public health. ISU and BSU plan to combine resources and collaborate on additional program options. With limited resources at both universities the parties will look to leverage faculty resources to create programmatic foci that complement each institution. This collaboration will also allow for research partnerships that may not have occurred otherwise. Hybrid - online and traditional	No new resources needed.	BSU needs to execute memorandum of understanding with ISU.	
Doctor of Public Health	DPH	All Regions (Hybrid)	Regional	2021-2022	ISU has the only existing Master of Public Health degree in the state. BSU has an undergraduate degree in public health. ISU and BSU plan to combine resources and collaborate on the Doctor of Public Health degree. With limited resources at both universities the parties will look to leverage faculty resources to create programmatic foci that complement each institution. This collaboration will also allow for research partnerships that may not have occurred otherwise. MOD: hybrid-online and traditional	No additional resources needed.	Talks have been initiated with BSU.	While not currently a statewide responsibility, we will request that it become a statewide responsibility, due to the MPH statewide responsibility.

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Radiographic Science AS to BS Completion Program	Bachelor of Sciences	Online	Regional	2021-2022	This program would be a bridge to allow working technologists with an AS degree to complete a BS degree online. Currently the standard for radiographers is an AS degree, so having a BS degree would make a radiographer more valuable and poised to step into leadership positions in a clinical environment. Online course delivery would allow technologists from anywhere in the world to work while pursuing this degree. MOD: online	New Budget Request and Professional Fees		
Radiographic Science Computed Tomography (CT) Alternate Modality Program	Certificate	Region V	Regional	2021-2022	This certificate program would provide classes in CT education, allowing students to complete the didactic and clinical requirements necessary to take the ARRT exam. The program would be 2 concurrent semesters.	New Budget Request		
Radiographic Science Magnetic Resonance Imaging (MRI) Alternate Modality Program	Certificate	Region V	Regional	2021-2022	This certificate program would provide classes in MRI education, allowing students to complete the didactic and clinical requirements necessary to take the ARRT exam. The program would be 2 concurrent semesters.	New Budget Request		
Radiographic Science Mammography Alternate Modality Program	Certificate	Region V	Regional	2021-2022	This certificate program would provide classes in Mammography education, allowing students to complete the didactic and clinical requirements necessary to take the ARRT exam. The program would be 2 concurrent semesters and meet MQSA standard.	New Budget Request		
Sign Language Interpreting - degree completion	BS	Region III	Statewide	2021-2022	Completion program would give appropriate experiential credit to individuals already working as sign language interpreters. Didactic and skill courses will allow earned B.S. degree in about 2 years. Interpreters are now licensed in Idaho and demand for this program will be growing. Face to Face	Existing resources and professional fee		
Masters in Special Education	M.Ed. SPED	Region V	Regional	2021-2022	The need for highly qualified special educators is a national concern; the purpose of the proposed Master's in Special Education is to prepare teachers to work in the area of secondary education and transition through the support of an	Grant funding will be sought to support this degree program.		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
					OSEP grant. We will make every effort to encourage, seek, and recruit, teachers with proven potential or abilities in the field of special education. MOD: Face-to-face			
Speech Language Pathology Assistant Program	Bachelor of Science or Certificate add-on to BS	Region V	Regional	2021-2022	Program would be in close cooperation w/existing Bachelor's degree in Communication Sciences and Disorders, Pre-SLP track. Program would address those students earning a BS who do not have immediate plans to enter a Master's program. Helping these students address recommended competencies from our professional association & requirements for an Idaho license as Speech Language Pathology Assistant, graduates would be better prepared for jobs at the end of the Bachelor's program. This may be an add-on certificate to our existing program, or a separate track for the BS, or a new degree offering, as yet to be determined.	Reallocation of existing resources with some additional professional program fees.		
Program offerings commencing 2022-2023								
Applied Linguistics	MA	Region V	Regional	2022-2023	This interdisciplinary program will provide foundational knowledge in general linguistics with advanced knowledge and training in two main applied areas: teaching of English to speakers of other languages and language revitalization and maintenance. MOD: face-to-face	Reallocation of teaching assignments within existing faculty.		
Cybersecurity	MS	Regions V, VI	Regional	2022-2023	CoSE seeks to develop a B.S through Ph.D. program in cybersecurity to create a regional center of excellence for cybersecurity education and research that would help meet the cyber workforce and innovation demands of Idaho and the Intermountain West. The program would initially focus on cybersecurity for critical infrastructure, a key area of research and development activity for the Idaho National Laboratory and an area central to the partnership between INL and the State of Idaho in the new Cybercore Integration Center on ISU's Idaho Falls campus. MOD: Face-to-face; distance learning	Existing faculty in CoSE and Polytechnic will contribute. Five new faculty lines will be required		

Institution Name: **Idaho State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Musical Theatre	BFA	Regions V, VI	Regional	2022-2023	This interdisciplinary program combines courses from theatre, dance, and music. The program prepares students for employment in the most popular field in theatre, which is musical theatre.	Primarily a combination of existing courses in these three areas. Reallocation of existing resources will occur, as needed.		
DISCONTINUE: MA in Theatre	MA	Regions V, VI	Regional	2022-2023	The proposed BFA in Musical Theatre is expected to be a much larger draw for students than the existing MA, which has suffered from low enrollments. Eliminating the only graduate program in theatre will allow some reallocation of teaching responsibilities for the proposed BFA. Teach out of existing graduate courses will take one more year.			
Program offerings commencing 2023-2024								
Doctor of Nursing Practice (DNP)/Doctor of Philosophy (PhD) in a Nursing dual degree	DNP/PhD	Online	Statewide	2023-2024	The dual degree of DNP/Ph.D. will encompass an integrated curriculum of existing DNP & Ph.D. programs for an advanced clinical & research program of study. Graduate will be prepared as an expert & leader in primary care practice, and to contribute to the development of scientific knowledge for advancing the discipline. The dual degree program will be delivered online; students could enroll from across the U.S (KN 05-22-15). Online	No additional resources requested. Professional fees would be assessed as currently established for graduate programs each semester the student is enrolled.		-

THREE-YEAR PLAN

Proposed Regional Programs

Institution Name: **Boise State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Accountancy	BBA	Twin Falls/ Region II	Regional	Fall 2020	Discontinue the BBA offered in Twin Falls at CSI.	Discontinuation.		Discontinue site.
Accountancy	BBA	Twin Falls/ Region II	Regional	Fall 2020	The BBA in Accountancy is an online degree completion program that will allow students in Twin Falls to continue to benefit from the ability to obtain an Accountancy degree. The BBA in Accountancy will provide students with the necessary knowledge and skills required for entry-level positions in the accounting profession.	Likely will use online fee model		
Counselor Education	PhD	Boise/Region III	Regional	Fall 2020	The PhD in Counselor Education prepares students to work as counselor educators, clinical supervisors, and advanced practitioners in academic or clinical settings. Traditional Method of Delivery.	Reallocation if resources are necessary.		
Computer Programming	BA	Boise/Region III	Regional	Fall 2020	The BA in Computer Programming is designed for students who wish to learn a number of programming languages and software development. Traditional Method of Delivery.	Reallocation if resources are necessary.		
Criminal Justice	BS	Nampa/Region III	Regional	Fall 2020	2+2 completion program w/CWI that prepares individuals to apply theories and practices of organization management and criminal justice to the administration of public law enforcement agencies and operations. This includes instruction in law enforcement history and theory, operational command leadership, administration of public police organizations, labor relations, incident response strategies, legal and regulatory responsibilities, budgeting, public relations, and organizational leadership. Traditional Method of Delivery	Reallocation if resources are necessary.		
Educational Technology	MS	Boise/Region III	Regional	Fall 2020	Possible discontinuation of the MS in Educational Technology.	Possible Discontinuation		Discontinue

Institution Name: **Boise State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Environmental Sciences	BS	Boise/Region III	Regional	Fall 2020	The BS in Human-Environment Systems provides students with a strong foundation of knowledge and understanding of the complex interface between society and the natural environment. Students are engaged in an innovative education that encompasses the fields of biology, anthropology, geosciences, and public policy. Traditional Method of Delivery.	Reallocation if resources are necessary		
Integrated Strategic Communication	MA	Boise/Region III	Regional	Fall 2020	The MA in Integrated Communication is a professionally-oriented Master's program that can advance the careers of people needing an advanced degree but unable to attend a traditional MA program. Students will learn to coordinate multiple aspects of strategic communication such as advertising, direct response and public relations to deliver persuasive messages to consumers. Online Method of Delivery.	Likely will use online fee model.		
Master of Public Service	MPS	Boise/Regional III	Regional	Fall 2020	This degree is focused on public and nonprofit management, and is designed for pre-service students and in-service professionals for positions of leadership in public service. The degree will develop leaders for the public and nonprofit sectors, providing students the tools and knowledge they will need to perform effectively and ethically. Online Method of Delivery.	Likely will use online fee model.		
Nonprofit Administration	Master	Boise/Region III	Regional	Fall 2020	The Master of Nonprofit Administration provides students with the competencies to provide leadership, identify ethical considerations and effect positive change. These skills are suited for students looking to positions as executive directors, development directors, or program/service leaders at nonprofits ranging from the humanities, education, and religion to health, human services, and social change-oriented missions. Traditional Method of Delivery.	Reallocation if resources are necessary.		

Institution Name: **Boise State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Master of Nursing	MN	Boise/Region III	Regional	Fall 2020	The Master's in Nursing will respond to the national need for master's level nurses to teach in undergraduate associate degrees and in higher education clinical tracks as well as the need to provide advanced training that will allow nurses to move into leadership positions in the healthcare field. Boise State University is part of the Rural Public Academic Nursing Network consortium (9 Universities) who are working to model and combine resources to provide an online MN. Online Method of Delivery	Likely will use online fee model.		
Nursing Practice (Clinical Track)	DNP	Boise/Region III	Regional	Fall 2020	The Clinical Track within the current DNP program at Boise State will provide students with evidence-based practice principles, and leadership to provide the highest level of patient care expertise.	Reallocation if resources are necessary.		
Public Health	DPH	Boise/Regional III	Regional	Fall 2020	ISU and BSU now offer programs in public health: ISU at the master's level and BSU at the baccalaureate level. ISU and BSU plan to combine resources and collaborate on the Doctor of Public Health degree. With limited resources at both universities the parties will look to leverage faculty resources to create programmatic foci that complement each institution. This collaboration will also allow for research partnerships that may not have occurred otherwise. The DPH is a career-oriented degree that emphasizes leadership in public health and medical organizations; dissertations tend to focus on the practical application of theory in public health practice.	To be determined	MOU with ISU	
Public Policy	BA	Boise/Regional III	Regional	Fall 2020	The BA in Public Policy will provide students with a course of study that looks at the policy world through the lens of politics, analysis, and implementation. Traditional Method of Delivery.	Reallocation if resources are necessary.		

Institution Name: Boise State University

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Public Sociology and Community Research	MA	Boise/Region III	Regional	Fall 2020	The program will provide training in the application of sociological theory and methodology to community research in the public interest. Students will complete the program prepared for careers in research, education and administration for the private, public and nonprofit sectors. This program may move forward named MA in Sociology. Traditional Method of Delivery or possible Online Method of Delivery.	Reallocation if resources are necessary.		
STEM Education	PhD	Boise/Region III	Regional	Fall 2020	The PhD program will prepare those whose focus is on teaching and learning in the STEM disciplines. The program is interdisciplinary in nature but provides students with advanced study and research in teaching and learning methodologies targeted at education in the STEM fields. Traditional Method of Delivery	Reallocation if resources are necessary.		
Program offerings commencing 2021-2022								
Bioinformatics (Joint Program between BSU and ISU)	BS/MS	Boise/Region III Pocatello/Region V	Regional	Fall 2021	This will be a 5-year program offered jointly by ISU & BSU, with participation from UI. Students will join the program as Juniors or Seniors, earn a B.S. in biology, computer science, mathematics, biochemistry, etc. The 5th (graduate) year will be devoted primarily to research experience and three program-specific courses. Traditional and Online Method of Delivery	Reallocation if resources are necessary.		
Biomedical Sciences	BS	Boise/Region III	Regional	Fall 2021	The BS in Biomedical Sciences will prepare a student for: (i) most health professional schools, e.g., medical, dental, veterinary, physical therapy, physician assistant, and pharmacy, and (ii) research-based M.S. and Ph.D. degrees in cell biology, molecular biology, immunology, and other biomedical sciences, or (iii) careers in industry (e.g., pharmaceutical, biotech). Traditional Method of Delivery	No additional cost to offer program.		

Institution Name: Boise State University

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Collaborative Governance	BA	Boise/Regional III	Regional	Fall 2021	The BA in Local Governance and Public Engagement is focused on applying collaborative governance theory and practice to real world, community-based problems. Study of inclusive planning, transparency, authentic intent, breadth of participation, informed participation, accessible participation, appropriate process and evaluation will be integral points of study. Traditional Method of Delivery.	Reallocation if resources are necessary.		
Computational Science and Engineering	MS	Boise/Region III	Regional	Fall 2021	The Computational Science and Engineering program focuses on construction of mathematical models and quantitative analysis techniques and use of computers to analyze and solve scientific and engineering problems. Traditional Method of Delivery.	Reallocation if resources are necessary.		
Computer Engineering	BS	Boise/Region III	Regional	Fall 2021	The BS in Computer Engineering will focus on the relationship between computer hardware and software systems. Graduates of the program will be prepared to evaluate systems and design efficient IT solutions.	No additional cost to offer program.		
Criminal Justice	BA	Boise/Region III	Regional	Fall 2021	The BA in Criminal Justice will prepare will allow working professionals and rural Idaho students to pursue a degree in Criminal Justice. These students will graduate prepared to work in local and national criminal justice agencies.	Likely will use online fee.		
Curriculum and Instruction	Ed.S.	Boise/Region III	Regional	Fall 2021	The Ed.S. in Curriculum and Instruction will prepare students to become teacher leaders in a variety of settings. Students will deepen their personal knowledge of professional practice and enhance their skills for new responsibilities.	No additional cost to offer program.		

Institution Name: **Boise State University**

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Cyber Security	MS	Boise/Region III	Regional	Fall 2021	This program will prepare individuals to assess the security needs of computer and network systems, recommend safeguard solutions, and manage the implementation and maintenance of security devices, systems, and procedures. Includes instruction in computer architecture, programming, and systems analysis; networking; telecommunications; cryptography; security system design; applicable law and regulations; risk assessment and policy analysis; contingency planning; user access issues; investigation techniques; and troubleshooting. Traditional Method of Delivery	No additional cost to offer program.		
Data Science	MS	Boise/Region III	Regional	Fall 2021	A program that focuses on the application of statistical modeling, data warehousing, data mining, programming, forecasting and operations research techniques to the analysis of problems of business organization and performance. Includes instruction in optimization theory and mathematical techniques, data mining, data warehousing, stochastic and dynamic modeling, operations analysis, and the design and testing of prototype systems and evaluation models. Traditional Method of Delivery	Reallocation if resources are necessary		
Economic and Community Development	BA	Boise/Regional III	Regional	Fall 2021	A BA in Economic and Community Development will prepare students to works in the fields of economic development and community development. Students will learn about the democratic values of local empowerment for social change and the importance of community and economic development practitioners to facilitate and promote community empowerment through collaborative practices. Traditional Method of Delivery.	Reallocation if resources are necessary.		

Institution Name: Boise State University

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Joint Master of Public Administration and Juris Doctor (Joint program between BSU and UI)	MPA/JD	Boise/Region III Moscow/Region I	Regional	Fall 2021	The joint MPA/JD program would allow students to combine the study of law and the study of public affairs. The program will prepare students to substantively connect the law and government in our society and our world. Students will be well-equipped to assume positions of leadership not only in law and in government, but also in policy organizations, non-governmental organizations, and other organizations of influence. Traditional Method of Delivery.	No additional cost to offer program.		
Logic, Argument, and Ethics	BA	Boise/Regional III	Regional	Fall 2021	The BA in Logic, Argument and Ethics is an interdisciplinary program that will expose students to coursework in history, literature, philosophy, psychology and political science. The degree will provide students with strong critical thinking and writing skills. Traditional Method of Delivery.	Reallocation if resources are necessary.		
Inclusive Early Childhood	BA	Boise/Region III	Regional	Fall 2021	The BA in Inclusive Early Childhood will prepare students to work with children from birth through grade 3 including those with special developmental and/or learning needs and to support families and other personnel with responsibilities for their care and education.	No additional cost to offer program.

Proposed Regional Programs

Institution Name: Lewis-Clark State College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Administrative Assistant, Administrative Medical Assistant, Applied Accounting, Applied Technology, Auto Mechanics Technology, Business Management & Marketing, CNC Machining, Collision Repair, Diesel Technology, Early Childhood Development, Engineering Technology, Fire Service Technology, Graphic Communications, HVACR Technology, Hospitality Management, Industrial Electronics Technology, Industrial Maintenance Millwright Technology, Legal Administrative Assistant, Medical Assistant, Paramedic, Web Design and Development	B.A.S. degrees	Region II	Regional	Fall 2020 and Fall 2021	Discontinuation of BAS degrees in all areas as part of a consolidation effort to create one Interdisciplinary BAS that builds on any AAS degree, providing an opportunity for the student to build a unique program tailored to meet specific career and academic goals.		N/A	Discontinue all

Institution Name: Lewis-Clark State College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Bachelor of Applied Science: Interdisciplinary	BAS	Regional II and online	Regional	Spring 2020 or Fall 2020	LCSC seeks to consolidate its multiple BAS degrees. This Interdisciplinary BAS builds on any AAS degree, providing an opportunity for the student to build a unique program tailored to meet specific career and academic goals. Students must complete a minimum of 21 credits in two areas of concentration (total of 51). At least 15 of the 21 concentration area credits must be in upper division coursework (300-400).	Minimal impact as most of the BAS credits are currently delivered by academic units.	N/A	N/A
Bachelor of Applied Science: Business	BAS	Regional II and online	Regional	Spring 2020 or Fall 2020	LCSC seeks to consolidate its multiple BAS degrees. This BAS in Business builds on an AAS degree, providing an opportunity for the student to build a program tailored to meet specific career and academic goals, while preparing for advanced study. Students must complete an upper division 'business core' as well as electives for a total of 120 credits.	Minimal impact as many of the BAS credits are currently delivered by the Business Division	N/A	N/A
Dental Hygiene	AAS	Region II	Regional	Fall 2020	This degree will allow local students the opportunity to enter into the Dental Health field without leaving the region for the required training. [Face-to-Face]	1.0 FTE Instructor; funds to support supervising dental hygienists and dentists {Current agreement with LCC = \$55K/student]	NIC	
Early Childhood Development	BTC	Region II	Regional	Fall 2020	The faculty of ECD have developed a 10-credit BTC in order to provide students with the option of a certificate that meets the educational requirements to apply for the CDA (Child Development Association) credential. The CDA credential is the minimum educational requirement for employment with programs such as Head Start or Early Head Start. Offering a Basic Technical Certificate would provide those in our community with a local institution to complete the educational requirements to apply for a CDA credential. Face-to-face and online.	The addition of the new degree program would not require new faculty or facilities	N/A	

Institution Name: Lewis-Clark State College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Electronics Engineering Technology	BTC	Region II	Regional	Fall 2020	This program is set to launch when the new Lewiston high school and the new LCSC CTE Center open in fall 2020, potentially allow students at the high school to earn a basic technical certificate during the last year of high school.	No new resources	N/A	
Information Technology	ITC & BTC	Region II	Regional	Fall 2020	The current Information Technology program has only two options: an AAS degree or a BAS degree. We have several students each year who 'job out'. The ITC would capture the knowledge and skill they have gained. The BTC could be earned by Lewiston High School students. Hybrid delivery.	The addition of the new option will offer no extra constraints for the current faculty, space or equipment needs.	N/A	
Web Design & Development	A.A.S. in Game Development	Region II		Fall 2020	An associate's degree that allows students to design, create, and release games for video game consoles, arcades, mobile devices, etc. Some degree requirements will come from Web Design & Development and Graphic Communications. The degree may possibly be offered online as well as live.	1.0 FTE faculty member who is well-versed in software development; Operating expenses	NA	
English: Creative Writing	B.A.			Fall 2020	Discontinue and replace with Creative Writing BFA		NA	Discontinuance
TESOL Certificate	Certificate	Region II	Regional	Fall 2020	An undergraduate certificate in TESOL will help prepare professionals for career opportunities in teaching ESL overseas because it will provide the necessary minimum qualifications required by many of the world's language skills. In the TESOL certificate program, students gain understanding of the theoretical and cultural foundations for the teaching and learning of English language and literacy across the curriculum and across K-16 teaching contexts, including adult education.	No anticipated additional resources	N/A	

Institution Name: Lewis-Clark State College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2021-2022								
Culinary Arts	AAS	Region II	Regional	Fall 2021	There is no culinary arts program in the Lewis-Clark Valley. While Lewiston and Clarkston have many fine eateries, there is a great shortage for trained chefs and head cooks, and line cooks, etc. Face-to-face delivery.	1.0 FTE faculty member who has industry experience and contacts	N/A	
Fire Service Technology	A.A.S.	Region II	Regional	Fall 2021	This A.A.S. Degree supplements our existing WFT-certificate/AAS program in Fire Service Technology by creating the credit-bearing courses that incorporate that would lead to the A.A.S.	1.0 FTE member who has industry experience, credentials, and contacts; potential need for one or two adjuncts to teach training courses; Resources to be sought through a CTE line-item request	NA	
Interpretive Outdoor Recreation	BS	Region II	Regional	Fall 2021	An undergraduate degree in Interpretive Outdoor Recreation will provide graduates with the educational background necessary to pursue interpretive recreational specialist careers with public and private agencies such as the U.S. Forest Service, Idaho Dept. of Lands, municipal Parks and Rec. departments, and the Nature Conservancy that provide natural science education outreach and outdoor recreational opportunities to the public. The curriculum for this degree will combine coursework in natural science and kinesiology.	Adjunct coverage for 6 credits	N/A	
Medical Diagnostic Imaging: Ultrasound	BA/BS	Region II	Regional	Fall 2021	The Bachelor of Arts/Science in Medical Diagnostic Imaging (MDI): Ultrasound is designed for individuals who have completed an A.S. degree in Radiographic Science and aspire to develop additional skills required to demonstrate an advanced understanding in Ultrasonography.	1.0 FTE Faculty Member; Portable Ultrasound equipment and supplies	N/A	

Institution Name: Lewis-Clark State College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Robotics or Mechatronics	A.A.S or ATC	Region II		Fall 2021	This degree /certificate option will allow a student to study and train in greater depth in the Industrial Maintenance industry. Degree requirements will come from courses in the Industrial Electronics program.	1.0 FTE faculty member who has industry experience and contacts; repurpose existing position (EET)	NA

Proposed Regional Programs

Institution Name: College of Eastern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Business	AA	Region VI	Regional	Fall 2020/21	The real-world curriculum offers the opportunity to build a solid foundation of knowledge, concentrated in liberal arts, and areas such as accounting, marketing, economics, and effective business writing and speaking skills. Student can also explore technology, including computer systems and applications used in today's workplaces.	New funding by the State through a line-item request		
Central Processing Medical Technician	Micro-Certification and BTC	Region VI	Regional	Fall 2020/21	Help prevent patient infections by decontaminating, clearing, processing, assembling, sterilizing, storing, and distributing the equipment, instruments and supplies used in surgery and other parts of a hospital.	Line item funding will be required	This program is in response to needs expressed through local advisory boards.	
Certified Nursing Assistant (CNA) Program	BTC	Region VI	Regional	Fall 2020	This program will provide an introduction to the health care field to students interested in working in skilled nursing facilities.	No additional funding required.	This program is proposed in response to direct requests from local high school districts.	
Computer Software Programing	AAS	Region VI	Regional	Fall 2020	The Computer Software Programing Program will prepare students for entry-level positions in computer software analysis and design. Students will gain an understanding of computer technology, computer programing, program analysis and design. The delivery method will be lecture and lab with an internship.	This program will be funded by reallocated funds or with a sector grant from the Department of Labor.		
Drafting Technology	AAS, ITC	Region VI	Regional	Fall 2020	The Drafting Technology Program will be CAD based and teach skills for entry level for many fields. This program will address mechanical, structural, civil, and architectural drafting. Other skills will support these technical skills such as communications, leadership, mathematics, computer skills and soft skills.	This program will be possible by seeking new funding from a line item request.		

Institution Name: College of Eastern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Emergency Medical Technician (EMT) Program	BTC	Region VI	Regional	Fall 2020	This program will provide training specific to the National EMS Education Standards for EMT. It is being proposed in response to direct requests from local school districts.	New funding by the State through a line-item request		This program is proposed in response to direct requests from local high school districts and fire departments
Energy Systems Electrical Engineering Technology year 2	AAS	Region VI	Regional	Fall 2020	Energy Systems Electrical Engineering Technology prepares students to pursue a career in the installation, operation, adjustment, routine maintenance, inspection, test and repair of power generation equipment. This will add year two which will focus on Cyber Security and PLAs. Graduates work in all fields of electrical generation with companies who design, build, operate, and maintain electrical generation systems. The delivery will be lecture and laboratory	This program will require reallocation funds of \$78,000.00 or a line-item request.	College of Eastern Idaho designated and ISU Partnering in the MOU. The first year of this program will be completed at EITC and the second year for the AAS will be at ISU. This MOU is currently in place and we would expand it to include a 2nd year at EITC.	Closure of existing programs will be assessed on a yearly basis to determine funds available
GEAC (General Education Academic Certificate)	AS & AA	Region VI	Regional	Fall 2020	The General Education Academic Certificate formalizes the programmatic completion of the general education framework established in SBOE Policy III.N in April 2014. The General Education program (36 Credits) is required for all Associate of Arts and Associate of Science Degrees. It marks a significant milestone in a student's pursuit of these degrees. Other two-year institutions in Idaho have sought to award this certificate and it provides a specific designation for a body of academic work, designed by faculty in the state based on national models.	Line item request (funding for this transition will be from new funds of line item request)		

Institution Name: College of Eastern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Informatics	AAS or AS (TBD)	Region VI	Regional	Fall 2020	This degree track is designed to integrate "hard" and "soft skills" through "micro-certifications" in industry-specific areas--and articulate with four-year degrees in a variety of STEM-related fields. These certifications are designed to prepare graduates to manage information systems, and specialize in the interactions between humans and machines, through the collection of data and the development of programs that organize information. When studying informatics, a student may specialize in applications that involve health care, manufacturing, data centers, development of websites, social media networks or online security.	Line item funding will be required	A pilot program is being explored, consisting of collaboratively designed and articulated curriculum with partners such as Boise State University--with the finalization and launch of the degree planned for fall 2020. Grant funding for 1-2 new faculty positions will be sought as well.	This CEI program will serve as a feeder to a variety to STEM-related degree programs throughout Idaho and the WICHE region.
Paramedic Program	ITC or AAS	Region VI	Regional	Fall 2020	The paramedic program will prepare students to demonstrate competence in in many advanced emergency topics such as pathophysiology pharmacology, assessment, trauma, medical emergencies, cardiology, pediatrics, geriatrics and special operations and care. They will prepared to pass certifications in ACLS, PALS and PHTLS.	This program would be funded by reallocated funds.		
RN	AS	Region VI	Regional	Fall 2020	Curriculum prepares students for patient-centered care in a variety of healthcare settings--applying and integrating clinical reasoning, critical thinking, and assessment skills that ensure quality and accountability for the practice of Nursing.	Line item request (funding for this transition will be from new funds of line item request)		This program is transitioning from an AAS to AS. Seeking accreditation status.

Institution Name: College of Eastern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2021-2022								
Associate of Applied Science in Applied Technologies (or Associate of Applied Technologies)	AAS - AT (or AAT)	Region VI	Regional	Fall 2021	This degree is similar in concept to a Bachelor of Applied Technology; allowing working technicians from a variety of fields to achieve greater upward mobility in their career. The degree allows up to 70% of credits required for the degree to be transferred in from military and/or industry training already evaluated for college credit (e.g. through the American Council on Higher Education or other recognized organizations). The degree also requires completion of 15-18 credits in general education courses (which may be used to meet CEI's residency requirement)	Line item funding will be required	CEI will seek articulation with universities in Idaho, as well as in the WICHE group. Criteria for collaboration will be focused on university partners that a. allow college credit for prior learning (PLA), and b. offer fully online BAT/BAS degrees. The 1st articulation agreement being sought is with the Boise State BAS degree, Department of Continuing Education.	The seeking of full/permanent approval for the program will be based on demonstrated market demand, with an anticipated application by fall 2021
Bachelor of Applied Technologies	BAT Degree	Region VI	Regional	Fall 2021	This degree is in direct response to employers located in CEI's service area that are seeking to provide mid-career technicians with greater upward career mobility. It is designed as an affordable, flexible, accelerated baccalaureate program that allows credit for prior learning from a variety of technical fields. Up to 70% of the 120 units required for the degree may be granted through prior learning already assessed for college credit by recognized organizations such as the American Council on Education (lower and upper division coursework). Up to 36 units of GEM Stamped General Education must be taken (which may count toward the college's residency requirement). This degree is also intended to articulate with existing online BAT/BAS programs of Idaho and WICHE university partners (depending on students' fields of study)--while maintaining a customizable, local, affordable, industry-specific, classroom experience for industry employees.	Line item funding will be required	CEI's first planned cohort is comprised of 100+ employees currently serving in Health Safety fields for the INL. Articulation at the baccalaureate and/or graduate level will be sought with Idaho university partners.	The seeking of full/permanent approval for the program will be based on demonstrated market demand, with an anticipated application for permanent status by fall 2021

Institution Name: College of Eastern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Medical Laboratory Technician	AAS	Region VI	Regional	Fall 2021	The medical technician program will prepare students to work in the area of medical technician in a lab or doctor's office environment. They will perform diagnostic work on lab samples and help identify growth cultures. The will also be able to identify classifications of microbes and families they belong to. They will also be able to identify medications that can control growth of these organisms. This will be a lecture/laboratory program with some online instruction.	Funding for this program will be from new funds from a line item request.		
Pharm Technology	AAS	Region VI	Regional	Fall 2021	The Pharm Tech Program at Eastern Idaho Technical College will prepare students to be registered with the Board of Pharmacy and to work with a licensed pharmacist. They will perform all functions required such as preparing, compounding and distributing/ dispensing of medications. This new program will be taught on campus in a lecture/lab delivery with an on-line component. The delivery will be a hybrid between face to face lecture/lab and online.	This program will be possible by seeking new funding from a line item request.		
Program offerings commencing 2022-2023								
Agribusiness Technologies	AAS, ITC	Region VI	Regional	Fall 2022	The Agribusiness AAS and ITC will teach entry level skills in a broad range of subjects related to Agribusiness. This will include both plant and animal science. An introduction to GPS and the art of selling agricultural products. Agricultural management will also be included.	This program will be possible by seeking new funding from a line item request.

THREE-YEAR PLAN

Proposed Regional Programs

Institution Name: College of Southern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Various apprenticeship programs	AS, AAS, BTC	Region IV	Regional	Fall 2019	CSI will craft various pathways of apprenticeship to credit to certificate and/or degree programs depending on the specific needs of the region. In particular, building trades apprenticeships will be addressed (HVAC, electrical, plumbing) followed by various federal registered apprenticeship programs and industry sector-specific apprenticeships.	Reallocation of existing funds and/or request for new funding where appropriate	Potential work-based learning (internship) sites in Region IV	AAS approved 8/2/19
Community Emergency Medical Service	BTC	Region IV	Regional	Fall 2020	EMS (EMT and Paramedic) may be trained to provide community health services. Community Health EMS work as part of a health care team to extend care to patient households. Community Health EMS coordinate the patient's primary care to provide transitional care, vaccinations, medication inventories, resource coordination, basic medical therapeutics, etc.	Reallocation of existing funds and/or request for new funding where appropriate	Clinical sites may require MOU	
Engineering	AS	Region IV	Regional	Fall 2020	An AS in Engineering will allow students to complete and gain financial aid for both program requirements in Engineering and all state General Education requirements.	None.	Articulation agreements will be sought with all four-year public programs within Idaho.	
Engineering Technology	AAS	Region IV	Regional	Fall 2020	Engineering Technicians work in a team environment to design, build, and innovate. Engineering technicians gain the skills and education to become employable with an AAS degree.	Possible creation of a few new courses.	N/A	

Institution Name: College of Southern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Horticulture, Viticulture Concentration	AAS, BTC	Region IV	Regional	Fall 2020	Duties of the viticulturist include: monitoring and controlling pests and diseases, fertilizing, irrigation, canopy management, monitoring fruit development and characteristics, deciding when to harvest and vine pruning during the winter months. Viticulturists are often intimately involved with winemakers, because vineyard management and the resulting grape characteristics provide the basis from which winemaking can begin. This training program will be designed to develop the requisite skills and knowledge to carry out the responsibilities required by the position. This program will be delivered in a traditional setting with some option for gen ed components to be completed online.	Reallocation of existing funds and/or request for new funding where appropriate	NA	
Industrial Technology	BAS	Region IV	Regional	Fall 2020	Provides avenue for graduates of trade and industrial and apprenticeship programs to pursue a baccalaureate degree.	Idaho Statute 33-2107A provides details regarding the funding of the program and separation of operations, while sharing facilities. The program will commence as a self-support operation.	N/A	
Massage Therapy	AAS, ITC	Region IV	Regional	Fall 2020	This program will allow students to work as massage therapists. Students will enroll in a combination of face-to-face, hybrid and online classes. The curriculum will include both lecture, lab, and clinical hour.	Reallocation of existing funds and/or request for new funding where appropriate	N/A	

Institution Name: College of Southern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Patient Care Technician	BTC	Region IV	Regional	Fall 2020	Individuals with CNA training may receive further training to provide additional health care services such as wound care, advanced patient care, mental health first aid, EKG, and phlebotomy.	Reallocation of existing funds and/or request for new funding where appropriate	Clinical sites may require MOU	
Performing Arts Technician	BTC	Region IV	Regional	Fall 2020	Prepares students to provide technical assistance and support for audio, video, lighting, and other technologies in support of the performing arts. Program completers will work in technical team environment for performing arts centers, recording studios, radio and television studios, conference and convention centers, or other venues where there is a need for technical expertise in sound, lighting and digital media.	Reallocation of existing funds and/or request for new funding where appropriate		newly added
Teacher Education	BAS	Region IV	Regional	Fall 2020	In response to severe qualified teacher shortages in Region IV, CSI wil offer a compressed 3-year baccalaureate degree emphasizing work-based learning.	Idaho Statute 33-2107A provides details regarding the funding of the program and separation of operations, while sharing facilities. The program will commence as a self-support operation.	Potential agreements with work-based learning sites in Region IV are anticipated	Dependent on ongoing work with ISU in Region IV
Program offerings commencing 2021-2022								
Dental Therapist	BAS	Region IV	Regional	Fall 2021	Dental Therapists work as part of a dental team to provide patient care. Dental Therapists work under the direction of Dentists to provide oral evaluations, imaging, dental prophylaxes, restorative care, and extractions. The Dental Therapist Program requires and builds upon the training of a dental hygienist.	CTE for lower division - self-support upper division	N/A	

Institution Name: College of Southern Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Registered Nursing	BSN	Region IV	Regional	Fall 2021	The B.S.N program will train registered nurses to provide health care in a variety of settings.	Idaho Statute 33-2107A provides details regarding the funding of the program and separation of operations, while sharing facilities. The program will commence as a self-support operation.	Clinical sites may require MOU	

THREE-YEAR PLAN

Proposed Regional Programs

Institution Name: College of Western Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Cybersecurity	Advanced AAS	Region III	Regional	Fall 2020	Advanced coursework in Cybersecurity in order to respond to local and national needs. 300 level courses in existing content area as expanded opportunity for current students and graduates. Hybrid delivery.	Expanded State Funding Needed		
Database Administrator	AAS	Region III	Regional	Fall 2020	This program builds upon Network Administration and Software basics with the emphasis of data collection strategies and abilities. This skill would allow students to work in Management Analysis and Computer Systems jobs within our state. Face to Face	New State Funding		
Fermentation Science	AS	Region III	Regional	Fall 2020	A degree in Fermentation Sciences opens the door to careers in Beer Brewing Production, Wine Production, Distillation Technologies, and Food and Beverage Processing. As a transfer degree, students completing this degree could transfer to the University of Idaho in Agriculture and Food Science. Additional two plus two opportunities may be discovered as more conversation continues.	No new funding required / Possible new CTE state funding	N/A	
Financial Planning	AS	Region III	Regional	Fall 2020	This degree program prepares students for a rewarding career in the financial services industry and includes various strategies for accumulating and protecting personal wealth. Courses cover the fundamentals of management as well as introduce specific areas such as accounting, banking, credit management, insurance investments, marketing, retirement planning, and statistics. Graduates are equipped for a wide variety of entry-level positions in this rapidly growing business field. MOD: Traditional/Hybrid	Institutional Resources	N/A	

Institution Name: College of Western Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Fire Service Technology	ITC, AAS	Region III	Regional	Fall 2020	This degree will provide opportunities for students who want to advance in the field of fire services. The industry is trending toward associate degrees for higher level positions. Prepares for lieutenant or training captain	New state CTE Funding Needed		
Medical Lab Technician	AAS, ATC	Region III	Regional	Fall 2020	Medical Laboratory Technicians help to support the work of medical technologists in identifying abnormalities in the samples such as malignancies, bacteria, parasites, or genetic abnormalities. Medical laboratory technicians also may assist in blood-typing, or other routine blood tests. Medical laboratory technicians do similar work but at a less complex level as medical technologists, as educational requirements for medical laboratory technicians are less than the requirements for medical technologists.MOD: Face-to-Face & Hybrid	New State Funding		
Network and Systems Administration	BAT	Region III	Regional	Fall 2020	Full 4 year degree in Network and Systems Administration including programmatic and core classes. F2F and Hybrid courses.	No additional funding needed		
Occupational Therapy Assistant	AAS	Region III	Regional	Fall 2020	The Occupational Therapy Assistant AAS degree program prepares a student for the opportunity to help improve the quality of a person's life and ability to perform daily activities through rehabilitative exercises and activities. OTA work in a variety of settings including hospitals, nursing homes, outpatient clinics, home healthcare, early intervention, school systems and psychiatric hospitals.	New State Funding	N/A	

Institution Name: College of Western Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2021-2022								
Early Childhood	AA	Region III	Regional	Fall 2021	This program is intended to prepare students for transfer into a baccalaureate program in Early or Special Education, Early Childhood Intervention Certification Bachelor of Arts or Early Special Education.	No new state funding	N/A	
Education-Special	AA	Region III	Regional	Fall 2021	This program is intended to prepare students for transfer into a baccalaureate program in Special Education. Students who complete this associate's degree are also prepared for employment in schools or other educational placements in need of paraprofessionals/teacher assistants. MOD: Traditional/Online	New Budget Request	N/A	
Fire Service Management	AS	Region III	Regional	Fall 2021	This degree will provide opportunities for students who want to advance in the field of fire services. The industry is trending toward associate degrees for higher level positions. Prepares for Chief or Marshall positions	Institutional Resources		
Landscape Maintenance	BTC or ITC	Region III	Regional	Fall 2021	This training will be geared towards the person that intends to start their own lawn care business, or become employed by a lawn care company	No new resources needed	N/A	
Machine Technician	ATC, AAS	Region III	Regional	Fall 2021	This program would involve training in Welding and Machine Tool and possibly Mechatronics. This would possibly be a menu driven program that would give the students skills needed for many jobs in the manufacturing field	No new resources needed	N/A	
Network and Systems Administration	Advanced AAS	Region III	Regional	Fall 2021	This is an expansion of the existing program in response to industry needs for advanced administrators. 300 level coursework in discipline. Hybrid delivery	Expanded State Funding Needed or internal reallocation	N/A	

Institution Name: College of Western Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Paramedic Science	TC/AAS	Region III	Regional	Fall 2021	Paramedics play a critical role in emergency, public service, and health care industries. This program will align opportunities for students who want to progress in the field of emergency and public safety services. These first responder skills are necessary in firefighting, law enforcement, healthcare, and other fields.	New State Funding		
Spanish (Online)	AA	Region III	Regional	Fall 2021	An AA in Spanish is currently a degree at CWI, and this change would make it fully online. Spanish is primarily a transfer degree and allows Spanish students here at CWI to better prepare themselves for the next two years of a Bachelor's program. There are BA degrees offered at most of the 4 year institutions in the state including all of those located in the Treasure Valley.	No New Funding Needed		
Sociology (online)	AA	Region III	Regional	Fall 2021	Modality expansion- online degree offering	No New Funding Needed		
Web/Graphic Design	ATC, AAS	Region III	Regional	Fall 2021	Graphic Design coursework includes study in graphic design, illustration, typography, web design and advertising. Great facilities such as Macintosh-equipped computer design studios, with the latest design and illustration software and color printers, allow students to develop professional quality portfolios MOD: Face to Face.	New State Funding	N/A	
Program offerings commencing 2022-2023								
Civil Engineering Technology	AAS	Region III	Regional	Fall 2022	The American Council of Engineering companies (ACEC) Idaho has recognized there is a shortage surveyors and civil engineering technicians. This program would be a 2 year associate degree program that provides the first two years of surveying education as one option or provides CET students with the training and certification needed for materials testing for construction.	Possible New CTE funding		

Institution Name: College of Western Idaho

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Hospitality Management	AAS, ATC	Region III	Regional	Fall 2022	Hospitality management degree programs include the study of theoretical and practical management skills, hospitality business law and food and beverage management. Students develop skills in marketing, purchasing, budgeting and cost control. Although many entry-level management positions in the hospitality industry do not require a degree, post-secondary education is helpful for career advancement. MOD: Face-to-Face	New State Funding		
Social Work	AS	Region III	Regional	Fall 2022	This program is intended to prepare students for transfer to a baccalaureate program in the field of Social Work. Current partnership with BSU to offer lower division courses at CWI until AS degree launch.	No new state funding		
Systems Analyst	AAS	Region III	Regional	Fall 2022	The Systems Analyst Degree consists of IT curriculum that allows an individual to analyze IT systems to both trouble shoot and streamline IT network needs and functions. Face to Face	New State Funding		
Food Processing	AAS, ATC, ITC	Region III	Regional	Fall 2023	A specialization in Food and Process Technology focuses on industrial practices in modern food processing. Students learn how best to manage and supervise operations in the food processing industry as food processing technologists or managers. MOD: Face-to-Face Exploring partnership with CSI	New State Funding

THREE-YEAR PLAN

Proposed Regional Programs

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Program offerings commencing 2020-2021								
Construction Management	Intermediate Technical Certificate Advanced Technical Certificate Associate of Applied Science Degree Bachelor of Science Degree	Coeur d'Alene/ Region I	Regional	Spring 2020	The Construction Management program is designed to prepare students for entry-level employment in the residential and commercial construction trades as well as offer the opportunity to transfer to a 4 year institution or progress to the proposed 4 year degree that NIC will offer in 2021. The program will emphasize extensive practical experience in both theory and laboratory settings as well as cooperative education opportunities.	Will seek state funding as well as transition existing CADT Architectural Program into the Construction Management Program		
Craft Brewing	Intermediate Technical Certificate (CC1)	Coeur d'Alene/ Region 1	Regional	Fall 2020	The Craft Brewing certificate is for anyone looking to start a career in the craft brewing industry or simply considers themselves a beer enthusiast. Through hands-on experiences and mentorship from local brewers, students learn the fundamentals of brewing and develop the skills to improve their own craft.	Will seek state funding for 1 FTE faculty member		
Diversity Certificate	Academic Certificate	Coeur d'Alene/ Region I	Regional	Fall 2020	This program is designed to serve multiple needs, one, to be an incorporated into an associate's degree for students in many fields to enhance their ability to be successful in a variety of careers and transfer for a bachelor's degree and two, as a standalone certificate valuable for those already in the work place seeking to build their cultural competency.	Draw on existing capacity, no additional resources needed	N/A	

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Mobile Food Truck Management	Intermediate Technical Certificate (CC1)	Coeur d'Alene/Region 1	Regional	Fall 2020	The Mobile Food Truck Management certificate provides specific training required to prepare students to assume positions in catering and food trucks. Students will learn the fundamentals of kitchen equipment, tools, basic cooking, menu prep, teamwork, sanitation and safety, to meet the growing demand for trained professionals in the food truck industry. This program will help guide one through the steps of planning, starting and maintaining a food truck or food cart. Graduates should qualify for ownership of a food truck.	Will seek state funding for 1 FTE faculty member		
Professional Truck Driving	Certificate	Coeur d'Alene/Region I	Regional	Spring 2020	The Professional Truck Driving program will train students to become entry-level drivers in the commercial trucking industry. The program includes classroom and on-the-road training with special emphasis on developing safe and efficient operating skills. This program includes a driving range for practice, backing, docking, and parking.	Will seek state funding for 1 FTE faculty member		
Resource Restoration	Associate of Science Degree	Coeur d'Alene/Region I	Regional	Spring 2020	In progress - continuing discussion with Coeur d'Alene Tribe, and UI, delivery anticipated to be as follows: Traditional classroom, on-line, hybrid/combination; Recurring new budget needed to deliver is \$20000, FY20, then ongoing.	N/A	Pending State Board approval of degree; Need for and scope of MOU indeterminate at this time, part of ongoing discussion with U of I and Coeur d'Alene Tribe for delivery of such a program.	-

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Supply Chain Management	Associate of Applied Science Degree	Coeur d'Alene/Region 1	Regional	Fall 2020	In the Supply Chain Management program one will learn about the entire supply chain operation, which includes the flow of goods and information from the point of origin to the point of consumption. One will also learn business fundamentals, as well as the specific supply chain operations of transportation, inventory control, materials management, operations management, and purchasing, international business and logistics management. Training prepares one to increase profitability by optimizing company inventory investment. An internship will provide real-world experience and help one hit the ground running in this exciting career field.	Will seek state funding for 1 FTE faculty member		
Transportation Management	Intermediate Technical Certificate Advanced Technical Certificate Associate of Applied Science Degree	Coeur d'Alene/Region I	Regional	Fall 2020	The Transportation Management degree incorporates portions of the Professional Truck Driving program and the College's Associate degree in Business. This degree combines the training and attainment of a CDL (Commercial Driver's License) with business courses, allowing students to earn an Associate of Science degree in Transportation Management and subsequently transfer to a four-year university to study business with a focus on serving in the transportation industry.	Will seek state funding for 1 FTE faculty member		
Wastewater Treatment Plant Technology	Associate of Science Degree	Coeur d'Alene/Region I	Regional	Fall 2020	The Wastewater Treatment Plant Technology Program is a multifaceted program that utilizes many areas of mechanics including electronics, automation, computers, hydraulics, programmable logic controllers, electrical systems, and mechanical systems. The program is designed to prepare students for employment as entry-level wastewater treatment plant technicians and emphasizes extensive practical experience in both theory and laboratory settings using mock-up equipment and	N/A initially. If program grows, will seek state funding for 1 FTE faculty member		AAS Approved 5/29

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
					assemblies similar to those found in industry. Instruction advances many of the concepts learned in the Industrial Mechanics/Millwright and Mechatronics programs and includes theory, troubleshooting, and hands-on application in mechatronics, programmable logic controllers, pneumatics, AC and DC electrical systems, hydraulics, and motor control.			
Program offerings commencing 2020-2021								
Advanced Manufacturing	Intermediate Technical Certificate Advanced Technical Certificate Associate of Applied Science Degree	Coeur d'Alene/ Region I	Regional	Fall 2020	Advanced Manufacturing is a multifaceted field that utilizes many areas of studying including electrical, automation, computers, Computer Aided Design, Materials, basic machining concepts, basic welding, composites, blueprint reading, fabrication, quality assurance, and mechanical systems. The Advanced Manufacturing program is designed to prepare students for employment as entry-level technicians, and emphasizes extensive practical experience in both theory and laboratory setting using mock-up equipment and assemblies similar to those found in industry.	Will seek state funding as well as transition existing CADT Mechanical Program into the Advanced Manufacturing Program		
Aviation Maintenance, Powerplant	Intermediate Technical Certificate (CC1)	Coeur d'Alene/ Region I	Regional	Fall 2020	The Federal Aviation Administration (FAA) rating for "Powerplant" authorizes licensed mechanics to work on the engine and drive systems of aircraft and is a requirement of most aircraft mechanic positions. Adding "Powerplant" to NIC's existing Aviation Maintenance Training School certification FAA 4NIT612K.	Seek grant support to initiate		
Dental Hygiene	Associate of Applied Science	Region II	Regional	Fall 2020	This degree will allow local students the opportunity to enter into the Dental Health field without leaving the region for the required training. [Face-to-Face]	1.0 FTE Instructor; funds to support supervising dental hygienists and dentists {Current agreement with LCC = \$55K/student}	LCSC	

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Fire Science Technology	Intermediate Technical Certificate Advanced Technical Certificate Associate of Applied Science Degree	Coeur d'Alene/ Region I	Regional	Fall 2020	The Fire Science Technology program is designed to prepare students for entry-level careers as firefighters for municipal, industrial, state and federal fire departments. The primary mission of the Fire Science Technology program is identification and mitigation of emergencies in order to preserve life and property.	Will seek state funding for 1 FTE faculty member		
Health Information Technology	Associate of Applied Science	Coeur d'Alene/ Region 1	Regional	Fall 2020	The Health Information professional is responsible for maintaining components of health information systems consistent with the medical, legal, accreditation and regulatory requirements of the health care delivery system. The health information professional maintains, compiles and reports health information data for reimbursement, facility planning, marketing, risk management, utilization management, quality assessment and research; abstracts and codes clinical data using appropriate classification systems; and analyzes health records according to standards. This course prepares one to sit for the AHIMA registered health information technology (RHIT) credential.	Will seek state funding		
Medical Laboratory Technology	Associate of Science	Online	Regional	Fall 2020	Many opportunities await those choosing careers in medicine & science. One of the most rewarding is medical laboratory technology. As members of the medical team, technicians work side by side with medical technologists & pathologists and have relatively less contact with patients. Medical laboratory technicians (MLTs) perform a great variety of scientific laboratory procedures, utilizing automated computerized instrumentation, all of which aid in the detection, diagnosis and treatment of disease. Method of delivery: hybrid.	No additional resources	MOUs developed as/if requested by institutions	

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Pre-Pharmacy	Associate of Science	LCSC/Region II, ISU/Region V	Regional	Fall 2020	The Pre-Pharmacy is a collaborative project with LCSC/ISU. Courses currently exist and are aligned with ISU's PharmD program.[Hybrid delivery]	No additional resources	MOUs developed pending SBOE approval	
Program offerings commencing 2021-2022								
Applied Business Management	Bachelor of Applied Science	Coeur d'Alene/ Region 1	Regional	Fall 2021	The BAS in Applied Business Management degree program is designed to prepare students for leadership roles and management positions within a variety of businesses and industries. Students who have earned an Associate of Applied Science (AAS) degree will have the opportunity to continue their education and prepare for advancement opportunities within their business field. The curriculum includes courses that will provide a solid understanding of organizational leadership and management practices designed to aid and develop the potential of our graduates to be successful leaders in their business environment. General education course credits as well as technical/occupational course credits from an AAS degree can be transferred towards the BAS degree requirements. Students enrolling in this degree program must have a business related management AAS degree.	Self support		
Aviation, Autonomous Systems	Intermediate Technical Certificate (CC1)	Coeur d'Alene/ Region I	Regional	Fall 2021	Unmanned Aviation Systems (UAS) are being incorporated into the airspace management system and commercial uses are driving innovation with this technology. It appears there will be career-training needs related to operation, repair, data management and other support for this industry.	Seek grant support to initiate		

Institution Name: North Idaho College

Program Title	Degree Level/ Certificate	Region	Regional/Statewide Program Responsibility	Anticipated Delivery Date	Program Description	Anticipated Resources	Memorandum of Understanding or Contract	Other
Aviation Flight, Airplane	Associate of Applied Science Advanced Technical Certificate	Coeur d'Alene/Region I	Regional	Fall 2021	For students who wish to prepare for a career as a commercial airplane pilot. Students will work toward a college degree and commercial instrument pilot certificates at the same time. Additional ratings for flight instructor, instrument flight instructor, and multi engine may be earned. Method of delivery: face-to-face, internet, and hybrid.	Self-Support	Seeking partnership	
Aviation Maintenance, Avionics	Intermediate Technical Certificate (CC1)	Coeur d'Alene/Region I	Regional	Fall 2021	Aviation mechanics with expertise in aviation electronics (avionics) are in demand. The Boeing Aircraft Co., Aviation Technical Services, and industry experts are advocating the need for more aircraft mechanics with the ability to install, troubleshoot and repair avionics systems.	Will seek state funding		
Diesel Technology	Bachelor of Applied Science	Coeur d'Alene/Region I	Regional	Fall 2021	The BAS degree in Diesel Technology program is designed to prepare students for employment in a variety of diesel and equipment related career fields including road/bridge construction, transportation, mining, manufacturing, railroad, marine, federal/state/local government agencies, dealerships, and power generation. This degree provides students with the opportunity to acquire a deep technical foundation in all aspects of the diesel related fields. Students will learn how to plan, implement, administer, and support appropriate related technologies and systems to help an organization achieve its goals and objectives.	Self Support

Network Security Administration	Bachelor of Applied Science	Coeur d'Alene/Region 1	Regional	Fall 2021	The BAS degree in Network Security Administration program is designed to prepare students for employment in a variety of information technology (IT) positions, such as network and computer systems administrators, information security analysts, or computer support specialists. This degree provides students with the opportunity to acquire a deep technical foundation and competency in network administration and security. Students will learn how to plan, implement, administer, and support appropriate information technologies and systems to help an organization achieve its goals and objectives. Students will learn how to analyze the security vulnerabilities of an organization's IT resources, and how to plan and implement security measures and practices for those resources.	Self support		
Radiography Technology: CT	Certificate	Coeur d'Alene/Region I	Regional	Fall 2021	The Computed Tomography (CT) technical certificate program provides educational opportunities to the post-graduate registered Radiologic Technologist, registered Radiation Therapist, and registered Nuclear Medicine Technologist in good standing. It provides students with the knowledge needed to perform CT exams and to sit for the Post-Primary Computed Tomography Certification Examination. The academic component is designed to meet competency requirements of the American Registry of Radiologic Technologists (ARRT) exam in Computed Tomography.	Use of additional adjuncts

Registered Nursing	Bachelor of Science in Nursing	Coeur d'Alene/Region I	Regional	Fall 2021	At the recent Idaho Nursing Workforce Summit in Boise, a call to action was presented to each school of nursing to increase graduate #s by 30 between now and 2025. Even at this, Idaho will have 1000 vacancies in 2025. Moreover, of significance to NIC, the need for bachelor prepared nurses is paramount. With NIC's commitment to excellence in nursing education by developing distinguished graduate nurses who are prepared to meet the health care needs of the community and seek to advance the profession, partners are requesting NIC seek approval for a BSN.	N/A		
Program offerings commencing 2021-2022								
Digital Media	Bachelor of Applied Technology	Coeur d'Alene/Region I	Regional	Fall 2022	Students will express their creativity and gain the competitive advantage in the multi-faceted graphic, web/social media design, and visual communication industry. Graduates will be ready to add their talents to this rapidly growing field with a Bachelor of Applied Technology Degree in Digital Media from NIC.	Self support		
Surgical Technology: Central Sterile Processing	Certificate	Coeur d'Alene/Region I	Regional	Summer 2022	Trained central service and sterile processing technicians help reduce the risk of microbial exposure by maintaining and sterilizing equipment for a wide range of medical areas. This certificate program will train students in heat, steam, and chemical disinfecting and sterilization techniques as well as inventory management skills. Professionalism, teamwork, communications and medical language are stressed as students learn to pursue or maintain job opportunities in sterile processing technology.	Use of additional adjuncts
