APPLICABLE STATUTE, RULE, OR POLICY
Section 33-313, Idaho Code

BACKGROUND/DISCUSSION
Pursuant to Section 33-313, Idaho Code, each school district must evaluate and submit a proposal to the State Board of Education (Board) to redefine trustee zones equalizing the population within each zone in the school district following the report of the decennial census. Each school district is required to present to the Board a proposal for equalizing zones within 120 days following the release of the decennial census report. Once submitted to the Board, the Board has 60 days to take action on the proposals. Section 33-313, Idaho Code is not specific to what constitutes equalization.

- At the April 5, 2021 Special Board meeting the Board adopted the following criteria for rezoning proposals:
  - For the purpose of determining “equalized” populations between trustee zones, no one trustee zone shall differ in population by more than 10 percent (10%) from any other trustee zone within the school district or community college district.
  - School districts shall use the most current State Board of Education approved legal descriptions for their school district boundary.
  - Trustee zone boundaries shall follow census block boundaries or the exterior boundary of the school district, whichever is applicable. Trustee zone boundaries will group census blocks within common identifiable lines and trustee zone legal descriptions:
    - Will follow common identifiable lines, i.e., section lines, subdivision boundaries, road centerlines, waterways, railroad lines, etc.
    - Will split census blocks only when the proposal can demonstrate to the State Board of Education that any proposed deviation from census block boundaries will accurately account for all individuals within that census block.
  - There may be circumstances in which the census block lines and the proposed trustee zone boundary lines do not match. In such cases the inconsistencies
will need to be identified and a proposed solution for population count for the

census block or blocks affected must be included as part of the submitted

• Proposals shall include:
  o A copy of the legal description of each trustee zone prepared by a licenses
    attorney, licensed professional land surveyor, or licensed professional
    engineer professionally trained and experienced in legal descriptions of real
    property
  o A map of the district showing each trustee zone
  o The population of each trustee zone
  o A summary of each trustee zone population and the percentage difference
    between the largest trustee zone population and each of the other trustee
    zones
  o A list of sources used for data to create the proposal
  o Determination of the number of trustee zones and the date of expiration of
    the term of office for each trustee.

• Maps submitted with the proposal must include:
  o Include the proposed trustee zone boundaries
  o Include the existing trustee zone boundaries
  o Clearly delineate which is the existing and which is the proposed trustee
    zone boundary
  o Include census block boundaries and populations within each block

IMPACT

Approval of the recommended school district rezoning proposals will bring the

trustee zones into compliance with section 33-313, Idaho Code. School districts

whose zones are disapproved must resubmit proposals within forty-five (45) days

of disapproval.

BOARD STAFF COMMENTS AND RECOMMENDATIONS

Pursuant to Section 33-313, Idaho Code, any proposal to define the boundaries of the trustee zones in a school district must include the determination of the number of trustee zones and the date of expiration of the term of office for each trustee. Any proposal must also include a legal description of each trustee zone, a map of the district showing how each trustee zone would then appear, and the approximate population each trustee zone would have should the proposal become effective. Consistent with the requirements in Section 33-308, Idaho Code, the Board has required all submitted legal descriptions “be prepared by a licensed attorney, licensed professional land surveyor, or licensed professional engineer professionally trained and experienced in legal descriptions of real property.”

The Board has sixty (60) days after it has received a proposal to approve or disapprove the proposal. Should the Board disapprove a proposal, a board of trustees has forty-five (45) days to submit a revised proposal to the Board for consideration. Following approval of any amended trustee zones, the approved legal description of each trustee zone and map of the district showing how each trustee zone will appear must be filed by the school district board of trustees with the applicable country clerk. The Idaho 2020 Census Data was released on August 12, 2021, so the 120 day deadline was December 10, 2021. The Board received the proposals from the State Department of Education on January 5, 2022. The Board has 60 days after receiving the proposals to take action.

The State Board of Education may reject a proposal for any of the following reasons:

- The creation of bizarrely-shaped zones or potential gerrymandering;
- Creating zones that differ more than 10 percent from any other trustee zone in the school district;
- Trustee zones that do not completely account for all areas within the district boundary;
- An inadequate legal description that does not meet professional standards;
- Proposals that are incomplete and don’t include adequate legal descriptions, map and population summaries;
- Proposals that fail to use approved district boundary legal descriptions; or
- Proposals that fail to utilize the 2020 Census Data as their source for population data.

Of the six (6) districts requesting exceptions to the requirements:

- Three (3) of these districts are chartered districts. Chartered school districts have charters that predate statehood and are subject to the terms of their charter. Charter districts’ charters may state that the district is treated as one zone and the trustees are elected at-large. These districts’ trustee zone boundaries should be approved based on the requirements of their charter. These same exceptions were granted ten (10) years ago. The chartered districts are Boise, Emmett, and Lewiston.
• Two (2) districts split census blocks. However, all the split census blocks contain zero population. The split of the blocks made it easier to write the legal descriptions and does not impact the 10% variance requirement. Those districts are Arbon and Avery.
• One (1) district has asked to exclude the prison population in their district. The people in the prison are not taxpayers in the district, do not vote in the district, and while the number of people in the prison remains constant, the actual people are not the same people from day to day. Furthermore, they will not remain in the district once they are released from the prison. The prison has provided written verification of the population. This same exception was granted ten (10) years ago. That district is Cottonwood.

Staff recommends approval of the six exception requests.

Two (2) districts are not recommended for approval, North Gem School District and West Jefferson School District. North Gem School District submitted a map without the required legal descriptions of the proposed trustee zones. Based on the map submitted, census blocks are split. They have not provided to date an explanation of how they will determine in which zone trustees resides. West Jefferson School District has submitted a map with several split census blocks. The school district is working on providing additional information regarding the split blocks but were not able to update their proposal in time for this Board meeting. Rejection of the North Gem and West Jefferson School District proposals will give each district an additional 45 days to resubmit their proposals.

Staff recommends rejection of these two school district proposals.

Five school districts have evaluated their populations and found that they are still equalized based on the 10% variance set by the Board at the April 5, 2021 Special Board meeting. These school districts are: Blackfoot, Gooding, Jerome, Lake Pend Oreille, and Wallace. They have no changes to their school district trustee zone boundaries and do not require additional approval.

The document contains a map of the Basin School District with Trustee Zone information. The map includes various roads and property boundaries. There are tables listing the highest zone population and its percentage difference from the target zone population. The tables are color-coded for each trustee zone. The map also includes metadata information such as the scale, false northing, and spheroid. The footer includes the name of the file and the page number.

The chart to the left depicts the 2020 Census Block Information. Populations are color coded to identify the respective trustee zone they have been established by the Idaho State Board. The chart to the left includes the highest zone population, trustee zone, and total population percentages.

The population data includes the following:

- Trustee Zone Population
- % Difference
- Total Population
- Target Zone Population

* Calculations are based upon requirements and instructions from Idaho State Board of Education.

Legend:
- Census Block Information
- Trustee Zone
- Secondary Road
- Local Road

Comments:
The chart to the left depicts the 2020 Census Target Zone Population. If you see a bold outline around a census block, it means that the population of that census block is over 10% different from the population of your existing Trustee Zones. The trustee zone boundary is color coded to identify which census block is over 10% different from the population of your existing Trustee Zones.

Calculations are based upon requirements of the Idaho Road Network US Census Bureau. If the percentage difference is over 10%, then the trustee zone boundary will be digitally archived as ArcGIS format shapefiles. They will be available for future use.

The target zone population is calculated by taking the total population of each census block and assigning it to the nearest trustee zone. The calculations are based upon requirements of the Idaho Road Network System.

Population Computation

The calculations are based on the assumption that the population of each census block is equal to the sum of the number of people living in that block. This assumption is based on the fact that the census block is the smallest geographical unit for which population data is available.

Census Block Information

In some cases, the population of a census block may be underestimated, as the boundary of the block may not align perfectly with the town boundary. This can result in some areas being included in the population count for one town and excluded from the count for another.

Highest Zone Population: 1,755

Population Compliance:

The population in each zone is within 20% of the target population. This means that the population in each zone is either within 10% above or below the target population.

Census Block Information:

The highest zone population is 1,755, while the lowest zone population is 1,713. The difference between these two values is 42.

Calculations are based on the requirements provided in the Zone Population Plan.

Census Block Information

The actual and target population counts provided are based on the 2020 Census data. The actual population counts are the most recent data available as of the date of this report. Target population counts are based on the latest population estimates provided by the U.S. Census Bureau. The difference between the actual and target population counts may be due to sampling error, data processing issues, or changes in the population that occurred after the Census data was collected.

Data Sources

This map was created by Quadrant Consulting, Inc. (QCI). Data used in the creation of this map includes information from the U.S. Census Bureau, Idaho Road Network, and the Idaho Water System Record.

Note: This map is intended for informational purposes only and should not be used for legal or financial decisions. The information presented in this map is subject to change and may need to be updated to reflect changes in the population or other relevant data.

Population Change
The change in population was calculated as the difference between
the current and previous census block populations. The percentage change
was calculated using the formula:

\[ \text{Percentage Change} = \left( \frac{\text{Current Population} - \text{Previous Population}}{\text{Previous Population}} \right) \times 100 \%

For example, if the current population is 1000 and the previous population is 900,
the percentage change is calculated as:

\[ \left( \frac{1000 - 900}{900} \right) \times 100 = 11.11\% \]

Census Block Information

Population Compliance

The 2020 population data was provided by QCI, and is the latest of an ongoing process to ensure compliance with Idaho State Board of Education guidelines. The data represents the population of the entire Nez Perce School District as of January 1, 2020, and is updated annually by QCI.

Census-Block Information

The Nez Perce School District data is based on the Idaho Census data provided by the U.S. Census Bureau. The data includes the population of each census block, and is color-coded to identify which blocks are in compliance with the Idaho State Board of Education guidelines.

Population Compliance:
The Idaho State Board of Education has established Trustee Zones to ensure that each Trustee Zone is allocated an equal number of students. The population of each Trustee Zone must be within 1.5% of the target population. This map shows the current population of each Trustee Zone:

- Zone 1: 5,173 (6% over target)
- Zone 2: 4,675 (4% under target)
- Zone 3: 4,023 (3% under target)
- Zone 4: 4,150 (2% over target)

The Trustee Zones are out of compliance for populations of your existing Trustee Zones.

The chart to the left depicts the 2020 Census population of specific census blocks within the Trustee Zones, and the population of the entire Trustee Zone is shown in the table. If you see a bold outline around a census block, that census block has been reassigned to a different Trustee Zone, and the population of the Trustee Zone has been updated accordingly.

This map is for informational purposes only and should not be used for legal or financial decisions.

Comments:
The chart to the left depicts the 2020 Census Population Compliance. If the "% Difference" value is over 10%, then the trustee zone boundaries should be modified to include all populations from highly populated areas to lessen population decay. This zone map was prepared by Quadrant Consulting, Inc. For more details, contact the consultant at 435-741-2754.

Comments:
The chart to the left depicts the 2020 Census Population Compliance for Rockland School District #382. The Trustee Zones are out of compliance for the 2020 Census. If the "% Difference" value is over 10%, the Trustee Zones will be digitally archived as ArcGIS format shapefiles. They will be projected to a common coordinate system: IDTM83.

Moving populations from highly populated zones will increase the variance. This chart is for "Within Zone Change". If you wish to change the Trustee Boundary, please contact Quadrant Consulting.

Population Compliance:
This chart is used to determine if the 2020 Census results are within acceptable variance of the current Trustee Zone population. If the variation is within 10% (inclusive), then the Trustee Zone is in compliance for the 2020 Census. If the variation is over 10%, the Trustee Zones are out of compliance for the 2020 Census.

The chart to the left depicts the 2020 Census Population Compliance. This map shows how the population is distributed across different zones. The Trustee zones are out of compliance for moving populations from highly populated zones.

- **Zone 1**: Total 259, Population 1,450, % Difference 37%
- **Zone 2**: Total 239, Population 730, % Difference 37%
- **Zone 3**: Total 230, Population 555, % Difference 37%
- **Zone 4**: Total 219, Population 458, % Difference 37%
- **Zone 5**: Total 214, Population 355, % Difference 37%

Population Compliance:
- To ensure compliance, Trustee Zones must adjust population to achieve a balanced distribution. Calculations are based upon requirements established by the Idaho State Board of Education.
- Calculations are based on requirements from the Idaho State Board of Education.

**Population Compliance**

This table provides a breakdown of the population distribution across different blocks within the South Lemhi School District. The data is categorized by TRC zones, with each zone having various population counts.

### Data Sources

- **Survey of Population**: This data was collected through a comprehensive survey of the school district's population.
- **Building and Land Data**: Information on buildings and land within the district was obtained from various sources.
- **Historical Data**: Previous population data was analyzed to understand trends and predict future needs.

### Legend

- **Census Block Population Count**: This refers to the number of people living within each census block.
- **TRC Zones**: These zones are based on geographic and topological factors and are used to categorize the population.

### Population Compliance

This map was created by Quadrant Consulting Inc. (QCI) to show the number of T1E cases per census block. The T1E cases are color-coded to indicate the number of cases per block. The map also includes a legend with the number of cases per block. The map was created using QCI's software tools and is intended for internal use only. The data was provided by the Idaho Board of Health and the Idaho Department of Health and Welfare. The map was created to assist in the planning and development of public health initiatives in the area.

Comments:

This district retained the zone boundary locations and descriptions from the 2010 Census. There may be some block shape differences between boundaries due to the 2020 Census configurations but any splits this may have resulted in were deemed to be insignificant to retaining the 10% variance.
The chart to the left depicts the 2010 Census population of your existing trustee zones. The chart shows whether or not your trustee zones are compliant for equalized population. To keep populated zones in compliance for equalized population, all trustee zones should be modified to include ALL trustee zone boundaries. The trustee zones they have been corrected for compliance June, 2011.

The census block populations in highly populated zones are underestimated by this map. You can calculate the "True Block Population" provided via email. GIS is unable to account for unincorporated population and areas outside of the census block.

Comments:
Avery is a very rural district and a majority of the census blocks are zero population. The southern segment of the shared boundary between Zone 1 and Zone 3 has been straightened to provide a border that is easier to describe. This segment cut through multiple census blocks with zero population and does not impact the required 10% variance.
This map was prepared by Quadrant Consulting, Inc. for the Avery School District.

Comments:
The Boise School District is a Charter School District. Attached is a copy of a section of their charter dealing with Election of Trustees. Their charter does not require the formation of trustee zones. The Boise School District has not submitted any information dealing with trustee zones or census population distribution throughout their district.
and to terminate such contract or employment and the compensation of any thereof at any time when the Board shall be satisfied that the same is for the best interests of the schools of said District.

Sec. 9 (12). TO PRESCRIBE PUPILS’ EQUIPMENT.—To require pupils to be furnished with suitable supplies as a condition of membership in the schools of said District.

Sec. 9 (13). TO EXCLUDE SECTARIAN LITERATURE.—To exclude from the schools and school libraries of said District, all books, tracts or papers of a sectarian nature.

Sec. 9 (14). TO ENFORCE LAW.—To require the Superintendent and teachers to conform to the law and regulations of the Board.

Sec. 9 (15). TO CONTROL CONDUCT AND PROTECT MORALS AND HEALTH OF PUPILS.—To control the conduct and protect the morals and health of the pupils while at school, or going to and returning from school.

Sec. 9 (16). TO DESIGNATE POLLING PLACES AND APPOINT ELECTION OFFICERS.—To provide for and designate as many election polling places in said District for election purposes as may, in the opinion of the Board, be necessary, not less than six, and it shall be the duty of the Clerk to designate said polling places in the notice thereof; to designate, appoint and fix the compensation of all necessary officers for the conduct of all elections, including an election board of not less than two judges and a clerk for each polling place, but in the event an officer of election is not present at the opening of the polls, then the electors present shall appoint a legal voter to fill the vacancy.

Sec. 9 (17). TO PROVIDE A BUDGET AND PUBLIC HEARING AND TO DETERMINE THE AMOUNT AND RATE OF, AND LEVY, TAXES.—To propose a budget for the succeeding year and to notice a public hearing thereon for the time and in the manner provided herein for notice of elections, said notice to contain a synopsis of the proposed budget; and after such public hearing to adopt a final budget and ascertain and determine the amount of money required to be raised by a special tax on the property in the District for the purpose of exercising the powers granted and performing the duties imposed by this Charter, paying its obligations, including interest on its bonded indebtedness and providing funds or sinking funds for the retirement thereof, and on or before the first Monday of August in each year the Board shall fix, determine and levy as the school tax for said District a number of mills sufficient to produce such amount by order or resolution spread upon its minutes and certify such rate and levy so made to the County Auditor and Tax Collector of each county wherein any property of the District may lie.

Sec. 9 (18). MISCELLANEOUS DISCRETIONARY POWERS.—In its discretion, the Board of Trustees may:

1. Fix the fiscal year and school year of said District;

2. Invest sinking funds for bonds of, or issued by an agency of, or guaranteed by, the United States of America, or in bonds of the State of Idaho, Ada County, Idaho, or of the District, which shall be due and payable on or before the date on which outstanding District bonds to which such sinking funds are applicable shall become due and payable;

3. Issue warrants for the payment of its indebtedness, which warrants, if presented and not paid for want of funds, shall bear interest fixed and for the time, and be endorsed, called and paid, as now provided for school districts by general state law;

4. Set up and maintain, or cooperate with other agencies in setting up and maintaining, athletic or recreational programs;

5. Accept and administer gifts for educational purposes;

6. Provide or cooperate with others in providing school lunches for pupils, teachers and employees, requiring a reasonable payment therefor;

7. In addition to the elections required by law to be held in said District, namely, for Trustees, for issuance of bonds for employees’ retirement fund and for annexations, submit any other questions or matters to an election;

8. Exercise powers, additional to powers granted by this Charter, which are or may hereafter be granted to school trustees or school districts by general school laws of the State of Idaho.

Sec. 10. ELECTION OF TRUSTEES.—There shall be an election for members of the Board of Trustees of said District, held biennially on the first Tuesday of September
In the even numbered years, three members shall be elected in 1934, two members in 1936, and two members in 1938, and their respective successors at the expiration of their respective terms.

Sec. 11. ELECTIONS.—Except as otherwise provided in this Charter or inconsistent therewith, the laws of the State of Idaho now, or hereafter to be, applicable to school districts of the highest class to which this District could belong if organized under general state laws shall apply to nominations, qualifications of voters, ballots, and the manner of calling, noticing, conducting and determining elections to be held in said District.

Notices of all elections shall be given by posting the same for at least 14 days prior to the date of election at a main door of each of the schools of the District, and in addition by printing the same within said period in at least two separate issues of a newspaper published in the District. Proof thereof shall be by the affidavit of the Clerk (or parties posting) and publisher, respectively, filed in the Clerk's office.

As a condition for voting an elector shall execute an oath before a judge or clerk of election to the effect that such elector possesses all the qualifications of a qualified elector of said District and for such election.

In all elections immediately after the closing of the polls, the election boards shall proceed to count the votes and ascertain and certify the result, and on or before the second day after the day of election deliver such certificate with the poll-lists, tally sheets, ballots, and oaths of electors to the Clerk of the Board of Trustees. At the Board's next regular meeting after every election date the Board of Trustees shall meet and canvass the vote and finally determine, declare and record the result thereof in its minutes.

The person, or persons equal to the number of Trustees to be elected, for regular or unexpired terms, who shall receive the largest number of votes shall be declared elected, and if it be necessary to determine a tie between two or more persons the Board of Trustees shall determine by lot which thereof shall be declared elected. The Clerk shall promptly by mail notify the persons elected, enclosing a form of the oath; such persons shall on or before the 10th day after the day of the Board's declaration of election qualify by subscribing the oath before an officer qualified by law to administer oaths, or before the Clerk or one of the Trustees, and filing the same with the Clerk.

The issuance of bonds shall require the assent of two-thirds of the qualified electors voting at an election to be held for that purpose; all other propositions, not otherwise provided for by this Charter, shall be determined by a majority of the votes upon such proposition.

Where territory has been annexed as provided in Section 12 the Clerk shall promptly file a certified copy of the resolution with the Board of County Commissioners of each County of the State of Idaho wherein any property of the District may lie.

Sec. 12. ANNEXATION OF ADJACENT TERRITORY BY SPECIAL ELECTION.—Whenever ten or more resident freeholders, in any territory adjacent to said School District, shall present a petition to the Board of Trustees of said District, praying that a special election be held in said territory for the purpose of annexing said territory to said District, said Board of Trustees of said Independent School District may, if in their discretion the same is deemed advisable and for the best interests of said District, forthwith call a special election in said territory, fixing the date hereof, for the purpose of submitting to the electors thereof, having the qualifications required of electors for elections of school trustees, the question of annexing said territory to said District. Notice of the time and place of holding said election shall be given in the same manner, and said election shall be conducted in the same manner as is provided for holding elections of trustees in said District, so far as applicable, except that said election shall be held at a place in said territory proposed to be annexed to be designated by said Board. The ballots for said election must contain the words “Annexation Yes” and “Annexation No”, the voter placing the cross (x) after the name he wishes to vote. If a majority of the votes cast at such election are “Annexation Yes”, then the Board shall declare by a resolution that such territory has been annexed and the same shall become a part of said District. And thereafter the persons and property in said annexed territory shall be subject to the same benefits and obligations and burdens as the remainder of said District, and shall become part and parcel thereof, and said Independent School District shall become possessed of all the school property, both real and personal, within the territory so annexed and shall assume all the school indebtedness and obligations thereof, and, in the event it becomes necessary to apportion said indebtedness and such school property on account of the division of an-

Comments:

Consistent with the past two census exercises, Cottonwood is requesting an exception regarding the North Idaho Correctional Facility. The attached map and corresponding zone summary numbers disregard the 426 residents of the facility since their permanent residency is outside of the correctional facility and do not vote in Cottonwood elections.

The northernmost census block in Zone 4 (blue) that contains the North Idaho Correctional Facility has been reduced from 491 to 65 in order to remove the 426 residents of the facility.

The Emmett School District is requesting an exception due to their charter district status. Their explanation and charter are attached below.

RE: Trustee Zones  

Dear Mr. Rudeen:  

The trustees of the Emmett Independent School District conducted a thorough review with legal counsel Elaine Eberhart-Maki of the District’s charter. After the review the Board approved moving to the original procedures for elections of trustees in Emmett.  

We request approval by the State Board of Education that the Emmett Independent School District will have no trustee zones and hold district wide elections. The District’s charter does not require the formation of trustee zones as was the practice from 1885 to 1961. Further it requires that trustees be elected, “at the same time and in the same manner as school trustees of other independent districts.” As the independent districts of Boise and Lewiston do not have trustee zones and hold their elections at large, Emmett is required by our charter to follow the same process.  

The District has also taken on the task of updating our charter document so that all legislative changes are now incorporated into one document. Attached is a complete copy of our charter with highlights noted of sections 2 and 3 that deal specifically with trustee elections and qualifications.  

Please do not hesitate to contact me if you have any questions or concerns regarding this matter.  

Sincerely,  

Wayne Rush  
Superintendent

CHARTER
OF THE
INDEPENDENT SCHOOL DISTRICT OF EMMETTSVILLE
Gem County, State of Idaho
CHARTER

Of the

INDEPENDENT SCHOOL DISTRICT OF EMMETTsville

Gem County, State of Idaho

(As Amended to March 21, 1975)

Be it enacted by the Legislature of the State of Idaho

SECTION 1 – That said section one of said Act be amended to read as follows:

All that part of Canyon County bounded as described as follows, to wit:

Beginning at the northwest corner of lot 5 in the southeast quarter of
section 11, township 6, north, range 2, west, Boise Meridian, being the point
where the western line of said section intersects the southerly bank of Payette
River, thence running due south to the south line of said township, thence on a
line due east to the southwest corner of section 34, township 6, north, range 1,
west, Boise Meridian, thence due north on the west line of said section to the
southwest corner of section 15, township 6, north, range 1, west, Boise Meridian,
thence due east on the south line of said section 15, to the boundary line between
Canyon and Boise Counties, thence in a northwesterly direction following the
Payette River, thence in a westerly direction following the Payette River with its
meanderings to and through the north channel of the same to the point of
beginning, is hereby constituted an independent school district and created a body
corporate by the name of the Independent School District of Emmettsville, and in
such name may contract, sue, and be sued, and take, hold and convey property,
real and personal, and shall be exempted from the supervision of the County
Superintendent of said county.

Approved March 14, 1909
SECTION 2 – TRUSTEES-TERM OF OFFICE – There shall be in said district a board of six trustees, and in case of a vacancy in such board a majority of the remaining members may by appointment fill such vacancy. In case of more than two vacancies in such board the county superintendent of schools of Canyon County shall appoint as many persons as may be required to constitute a quorum, and the said shall then appoint persons to fill the remaining vacancies. Any person so appointed to fill such vacancy shall hold office under such appointment until the next annual election, at which time such vacancy shall be filled by election to fill out the unexpired term or terms. The regular term of office of such trustees shall be three years, and four of such trustees shall be elected in the year 1907, at the time and in the same manner as school trustees of other independent districts are elected under the general laws of the State of Idaho; Provided, that at said election in the year 1907, four of said trustees shall be elected to serve terms as follows: Two for a term of three years; one for a term of two years; and one for a term of one year, and two of said board shall be elected annually thereafter as above stated for a term of three years each.

SECTION 3 – TRUSTEES-QUALIFICATION AND OATH OF – Every trustee shall be a resident freeholder or householder in said district, and before entering upon his duties shall take and subscribe an oath faithfully to perform the duties of his trust according to law; and no trustee shall be pecuniarily interested in any contract made by the Board of which he is a member, and any contract made in violation of this section shall be null and void.

SECTION 4 – TRUSTEE NAMED – Douglas Knox, David Murray and J.M. Martin, the present trustees of School District No. 9, in said county, are hereby appointed a Board of Trustees of said Independent District, to hold their terms for the respective periods for which they have already been elected in said District No. 9. Said trustees shall, at their first meeting after the passage of this
Act, elect from their number a Chairman, Clerk, and Treasurer, each of whom shall serve until the first meeting after the next school election in said district, without compensation.

SECTION 5 – OFFICERS ELECTED – The trustees shall, at the first meeting after each annual election, choose one of their number to act as president, who shall preside at all the meetings of the board; they shall also choose, at said time, some competent person Clerk of the Board, to act during their pleasure and fix his compensation; said clerk shall execute a bond to the district in such sum as shall be required by the board of trustees, conditioned faithfully to perform the duties of his trust and faithfully to account for and pay over, as may be required by the board of trustees or the law, all moneys that may come to his hands as such clerk; and shall also, at the same time, choose one of their number or some other competent person, who shall be a resident taxpayer of the district, treasurer of the district, and shall fix his compensation, and the treasurer shall execute to the district an official bond in such sum as shall be required by the board of trustees, conditioned faithfully to perform the duties of his trust and faithfully to account for and pay over, as may be required by the board of trustees or the law, all moneys that may come into his hands as such treasurer. In the event of a tie vote upon any proposition coming before said board of trustees and in consequence thereof they are not able to come to an agreement thereon, then it shall be the duty of the president of said board to call in the chairman of the board of trustees of the village of Emmett, who shall have the power and whose duty it shall be, to cast the deciding vote on said tie, but otherwise the said chairman of the board of trustees of said village of Emmett shall have no part in the proceedings of said board.

SECTION 6 – MEETINGS OF BOARD – Regular meetings of the board of trustees shall be held on the second Monday in each month, and special
meetings may be called by the president of the board, or by any two trustees, by personal notice of the time and place of such meeting to each member of the board, or if he cannot be found, by leaving such notice at his place of residence, with some person of suitable age and discretion. Four trustees shall constitute a quorum for the transaction of any business, but a less number may adjourn any regular meeting from time to time until a quorum can be obtained. The board shall make such rules and regulations as it may deem expedient and necessary for its government, and the government of its employees and the pupils, and no meeting of the board not provided for by the rules, or by law, shall be legal, unless all the members thereof have been notified as provided for in this section.

SECTION 7 – BONDS TO ISSUE FOR BUILDING SCHOOL HOUSE –
For the erection of a proper school building in said district there shall be issued by the said trustees, four thousand dollars of negotiable bonds of said district, in sums of one hundred, and five hundred dollars each, bearing interest not exceeding the rate of eight per centum per annum, payable semi-annually, on the first day of January and July of each year, and eight hundred dollars of said bonds shall mature on the first day of January, 1890, and eight hundred dollars thereof annually thereafter until all are paid. The principal and interest thereof shall be payable at the First National Bank of Idaho, at Boise City, or in case said bank shall not be in existence, at the office of the Treasurer of said district. Said bonds shall be issued in the corporate name of said district, sealed with its corporate seal, signed by the Chairman of the Board of Trustees and countersigned by the Clerk, and bear such devices as the trustees may direct. They shall, previous to being negotiable, be numbered consecutively and registered by the Clerk of the Board in a book kept by him for that purpose, which shall be a public record, noting the amount and time of payment. All of said bonds shall state on their face that they are issued under the provisions of this Act. And, if, during the
construction of the school building hereinafter provided for, the Board of Trustees shall find it necessary to the completion and furnishing of the same, and for the providing for all necessary fixtures and apparatus, they may issue an additional amount of said bonds, not exceeding one thousand dollars additional, which shall be in all respects similar to, and shall be registered and numbered consecutively after the first issue; and said last mentioned issue thereof shall mature on the first day of January, next after the last of the first issue shall have matured.

**SECTION 8 – SCHOOL MONEY FROM COUNTY** – Said independent school district shall receive from the public school moneys of Ada County, that may be distributed under the general school law of the Territory, in addition to the per capita share of said district, in proportion to the number of children in said district, in proportion to the number of children in said district between five and twenty-one years of age, as shown by the last report of the School Census Marshal of said district, one equal share with the other districts in said county, for every fifty children or fraction thereof above twenty-five, in said district, between the ages aforesaid, as shown by such report, of said school moneys, to be divided among the several organized districts of said county, that have complied with the provisions of the general school law, and said moneys at each apportionment after the passage of this Act, shall be paid by the Treasurer of Ada County, to the Treasurer of said district, taking his receipt therefore.

**SECTION 9 – TAX TO PAY BONDS** – When said district shall have issued bonds under the provisions of this Act, it shall be the duty of the Board of Trustees to levy and assess an annual tax on all the taxable property of said district, found upon the last completed and equalized assessment roll of Ada County, in an amount not to exceed one per cent of the assessed valuation of such property, to pay the interest coupons upon all the outstanding bonds, when and as fast as said coupons shall become due according to their tenor and effect; and the
Treasurer of said district shall collect said taxes, in cash only, as hereinafter provided, and shall pay the same into the Treasury of said district, to be by the Treasurer applied only in the payment of the interest coupons of said bonds as they mature; and any surplus remaining in the hands of said Treasurer after paying the said interest coupons of said bonds to be applied to the support of the school or schools in said school district under the direction of the Board of Trustees. At the September meeting in 1889, and annually thereafter until the full payment of said bonds, the said Board of Trustees shall provided by taxation for, and shall collect eight hundred dollars of the principal of said bonds, over and above the cost and expense of collection, which amount shall be assessed and collected the same as the tax for the payment of the interest coupons, and when collected shall be turned over to the Treasurer of said school district; said money to be used only in the payment of said bonds; and the said payment shall be made by the Treasurer of the district at the First National Bank of Idaho at Boise City, or, in case said bank shall not be in existence, at the office of said Treasurer in said district, as before provided, whenever any interest on, or any part of the principal of, said bonds shall be due and payable according to the terms thereof. And the Treasurer shall cancel the bonds redeemed in the presence of the Board of Trustees, and a minute of such cancellation shall be made by the Clerk of the Board in the register of the bonds after which they shall be at the disposal of the Board, and for the purpose of making the assessment and levy mentioned in this section, said Board of Trustees shall have access to the assessment rolls of the County of Ada, and the Clerk of said Board and the Treasurer of said district may make transcription of any part thereof, and any such transcript, certified by either of said officers shall be prima facie and competent evidence of what it purports to contain.
SECTION 10 – PROPERTY PLEDGED FOR PAYMENT – No change in the boundary lines of said district shall release the taxable real estate of the district from assessment and levy of taxes to pay the interest and principal of said bonds, and the taxable property of said district is hereby solemnly pledged for the payment of the same; and if there shall be any change of the lines of said district, so as to leave any portion of the taxable real estate of the district out of the district, which was subject to taxation in the district at the time of the issue of said bonds, the assessment and levy for principal and interest of such bonds shall be made on such property as if it were still within the district; and if there shall be any change of the lines of said district so as to annex any taxable real estate, after the issue of said bonds, the real estate so annexed shall thereafter be subject to the assessment and levy for principal and interest of said bonds until they are fully paid.

SECTION 11 – NOTICE OF TAX GIVEN – Upon the levy of any tax authorized by this Act, the Treasurer of said district shall post, or cause to be posted in three conspicuous places in said district a notice stating the rate, or the amount upon the dollar, of the levy, and that such tax is payable and will, at the expiration of thirty days from the date and posting of said notice, be due at the office of the Treasurer of said district, upon all taxable property of said district, found upon the assessment roll of Ada County for the year (inserting the year of the assessment roll upon which the levy was made), and unless paid within thirty days it will become delinquent and will be collected according to law.

SECTION 12 – DELINQUENT TAXES – At the expiration of said thirty days, the Treasurer of said district shall enter upon his official tax book a statement that he has made a levy upon all the property upon which said tax was levied by the Board of Trustees as aforesaid, the taxes upon which have not been paid, and shall immediately ascertain the total amount of taxes then delinquent,
and file in the office of the Clerk of said Board a statement of said amount verified by his oath, and shall proceed to make out and file with the Clerk of the Board a list of all persons and property then owing any taxes, verified by his oath; which list shall be completed within five days from the expiration of said thirty days and shall be known as the delinquent list of said district.

SECTION 13 – BOISE CITY ACT ADOPTED – The provisions of so much of the Act “to create the Independent School District of Boise City and provide for establishing and maintaining a graded public school therein,” approved Feb. 4, 1881, as is included between sections 13 and 23, both inclusive, so far as the same are not inconsistent with this Act, are hereby made applicable to this Act. Provided that the publication therein referred to, so far as relates to proceedings under this act, shall be made by posting said notice in three conspicuous places in the district; and the place of sale shall be in front of the school house in said district.

SECTION 14 – SALE OF BONDS – The Board of Trustees, or the Treasurer of the district under their direction, shall negotiate and sell said bonds for cash, at not less than their par value, and the proceeds thereof shall be placed in the Treasury of the district.

SECTION 15 – BUILDING ERECTED BY COMMITTEE – The erection, completion, equipment and furnishing of the school building for said district shall be under the supervision of a building committee; said committee shall consist of the three trustees already named together with Levi Myers and James Wardwell, both of Emmettsville. The Chairman of the Board of Trustees shall be Chairman of such committee. Said committee is authorized to make in the name of the district all necessary contracts and arrangements for the erection, completion, equipment and furnishing of said school building. Said committee shall cease as soon as the building is ready for occupancy as a public school.
SECTION 16 – WHERE BUILDING ERECTED – Said school building shall be erected on some portion of the Southwest quarter of the Northeast quarter, of Section 7, Township 6, North, Range 1 West, in the town site of Emmettsville as shown on the plat of said town site filed in the Recorder’s office of Ada County, provided that the site for said building shall be secured without expense to the district; and the Board of Trustees is authorized to accept a conveyance of a suitable site for said building within the above described limits, and to hold the same in trust for and on behalf of said district.

SECTION 17 – WHEN TO BE COMPLETED – Said building shall be completed and ready for occupation by the schools of the district by the first Monday of September, A.D. 1885, or as soon thereafter as practicable. All the property, rights and powers of School District Number 9, of Ada County, are hereby conveyed to the district hereby created, and said Independent District shall assume all the just indebtedness of said District Number 9.

SECTION 18 – DUTIES OF BOARD OF TRUSTEES – The Board of Trustees shall exercise all the duties with reference to the school or schools of said district as are required of school trustees under the General School Law of the Territory, and every child resident of said district and between the ages of five and twenty-one years shall of right be entitled to the advantages of said school without charge therefore.

SECTION 19 - POWERS OF BOARD OF TRUSTEES – The Board of Trustees of said district shall have power, and it shall be their duty:

Subdivision 1 – To Make By-Laws – To make such by-laws, rules and regulations as they may deem expedient and necessary for their own government and the government of the schools of the district, not inconsistent with the provisions of this act.
Subdivision 2 – To Employ and Discharge Superintendent, Teachers and Others – To employ or discharge the superintendent and teachers, mechanics, laborers, or any other employees they may deem necessary and proper, and to fix, allow and order paid their salaries and compensation.

Subdivision 3 – ToPrescribe Tuition – To prescribe and fix the rates of tuition for all non-resident pupils of said district: Provided, that no non-resident pupil shall be admitted to the schools of said district without paying in advance at least one month’s tuition as fixed and determined by said board.

Subdivision 4 – To Adopt Text Books – To adopt a uniform series of text books for the use of the schools of said district, and the test books adopted by said board shall be purchased at the expense of said district and furnished to the pupils of said district free of charge, undue such rules and regulations as the board may establish: Provided, however, that said board of trustees shall have power to require the pupils of said district to provide themselves, at their own expense, with stationery, pens, pencils, rulers and other supplies not covered by the series of text books herein authorized to be adopted.

Subdivision 5 – To Grade Schools – To grade the schools of said district and fix and prescribe the course of study and the exercises therefore, and require all the pupils attending the schools of said district to conform thereto.

Subdivision 6 – To Provide Equipment – To provide school furniture, fixtures and apparatus needed or required by the schools of said district, or for the official use of the board of trustees.

Subdivision 7 – To Rent, Repair, Remodel and Insure and Preserve School Property – To rent, repair, remodel and insure the school houses and school property of said district, and to preserve the same for the benefit of the schools of said district.
Subdivision 8 - To Acquire and Dispose of Real and Personal Property – To build and remove school houses and buildings, and to purchase or sell school lots or real or personal property, owned or required by said School District.

Subdivision 9 – To Enforce Discipline – To suspend or expel pupils from the schools of said district who refuse to obey the rules thereof, and to exclude from all schools of said district all children under five or over twenty-one years of age.

Subdivision 10 – To Determine Qualifications of Superintendent and Teachers, Fix Terms and School Hours – To determine the qualifications of the superintendent and teachers who shall be employed, the length of time that school shall be kept, to fix a time for the opening and closing of school, and for the dismissal of primary and other pupils before the regular time for closing the schools, and to provide and require of the superintendent and teachers to be employed by said board, that they shall take and pass such examination as to their qualifications as shall be required or prescribed by the board.

Subdivision 11 – To Discharge Superintendent and Teachers – To discharge the superintendent or any teacher employed by said board for any cause sufficient to the board, and to terminate such contract and compensation of such superintendent and teacher at any time when the board shall be satisfied that the same is for the best interests of the schools of said district.

Subdivision 12 – To Prescribe Pupils’ Equipment – To require pupils to be furnished with suitable supplies as a condition of membership in the schools of said district, other than the regular uniform series of text-books adopted by said board.
Subdivision 13 – To Exclude Sectarian Literature – To exclude from the schools and school libraries of said district all books, tracts or papers of a sectarian nature.

Subdivision 14 – To Enforce Law – To require the superintendent and teachers to conform to the law and the regulations of the board.

Subdivision 15 – To Control, Conduct and Protect Morals and Health of Pupils – To control the conduct and protect the morals and health of pupils while at school, or going to and returning from schools.

Subdivision 16 – To Appoint Officers for Elections and Fix Compensation – To appoint all necessary officers for the conduct of special and general elections, and fix their compensation.

Subdivision 17 – To Adjust Claims for Taxation – To adjust all claims for illegal or double taxation.

Subdivision 18 – To Designate Election Districts and Polling Places and Appoint Election Officers – To provide and designate as many election districts and polling places in said district for election purposes as may, in the opinion of the board, be necessary, not exceeding six, and it shall be the duty of the clerk to designate said districts and polling places for the elections hereafter to be held in the notice thereof to be given as provided by law. The board shall have power, and it shall be its duty, to designate and appoint three judges of election for each of said polling places, but in the event such judges of election are not present at the opening of the polls then the electors present shall appoint legal voters to fill the vacancy.

SECTION 20 – TEACHERS MUST HAVE LICENSE – Said trustees shall not employ any teacher who has not received either a County or Territorial certificate or license to teach.
SECTION 21 – ELECTION OF TRUSTEES – The election of trustees shall be conducted as other school elections for trustees as provided by the general school law, so far as the same is not inconsistent with the provisions of this Act. Every elector for school trustees shall be a resident of the school district, and shall possess all the qualifications of an elector at a general election held within the State of Idaho.

SECTION 22 – POLLS, HOW AND WHEN OPENED – At said election, the polls shall be opened at one o’clock in the afternoon and closed at seven o’clock in the afternoon of the same day; provided, however, that the board of trustees may cause the polls to remain open to a later hour, but no later than nine o’clock of such day; and the notice of election shall specify the time fixed for opening and closing the polls. One clerk and two judges shall constitute a board of election at such elections.

SECTION 23 – VOTING BY BALLOT – Voting at said elections shall be by ballot, and immediately after the closing of the polls the Board of Election shall proceed to count the votes and ascertain the result, and the person qualified to be elected, who shall receive the largest number of votes, shall be declared elected, and the judges of election shall certify the result and deliver such certificate with the poll lists and tally sheets to the Clerk of the Board of Trustees; and if upon counting the votes there shall be a tie, and two qualified persons shall have the highest number of votes, the Board of Trustees shall designate which one shall serve.

SECTION 24 – CLERK’S REPORT – The Clerk of the Board of Trustees shall annually, on the 1st day of September, make a report to the Territorial Superintendent of such matters as are required to be reported by the County Superintendent to the Territorial Superintendent.
SECTION 25 – TREASURER’S BOND – the Treasurer of said district shall execute to the district an official bond, with two sufficient sureties, in such sum as shall be required by the Board of Trustees, conditioned faithfully to perform the duties of his trust, and faithfully to account for and pay over, as may be required by the Board of Trustees, all moneys that may come to his hands as such officer, and shall be entitled to a commission of five per cent of all moneys collected by him as tax collector of the district.

SECTION 26 – SPECIAL ELECTION FOR PURPOSE OF ANNEXING TERRITORY TO DISTRICT – Whenever ten or more persons with the qualifications of electors as provided in said act, in any territory adjacent to said school district, shall present a petition to the board of trustees of said district, praying that a special election be held in said territory for the purpose of annexing said territory to said district, said board of trustees of said independent school district may, if in their discretion the same as deemed advisable and for the best interests of said district, forthwith call a special election in said territory, fixing the date thereof, for the purpose of submitting to the qualified electors thereof the question of annexing said territory to said district. Notice of the time and place of holding said election shall be given in the same manner, and said election shall be conducted in the same manner as is provided for holding elections of trustees in said district, so far as applicable, except that said election shall be held at a place in said territory proposed to be annexed to be designated by said board. The ballots for said election must contain the words “Annexation, Yes,” and “Annexation, No,” the voter placing the cross (x) after the name he wishes to vote. If a majority of the votes cast at such election are “Annexation, Yes,” then the board shall declare by a resolution that such territory has been annexed and the same shall become a part of said district. And thereafter the persons and property in said annexed territory shall be subject to the same benefits and
obligations and burdens as the remainder of said district, and shall become part of
parcel thereof, and said independent school district shall become possessed of all
the school property, both real and personal, within the territory so annexed and
shall assume all the school indebtedness and obligations thereof, and, in the event
it becomes necessary to apportion said indebtedness and such school property on
account of the division of another school district, or for other cause, then the
board of trustees of each of said districts shall appoint a commissioner for that
purpose, whose duty it shall be to equitably apportion such property and
indebtedness. Such commissioner shall be allowed a reasonable compensation,
one-half of which shall be paid by each of said districts. Said commissioner shall
report his conclusions in writing to each of said boards and the same shall be
final: Provided, that an appeal shall lie therefrom to the district court for Canyon
County, if the same is taken within twenty days from the filing of such report, by
either of said boards.

SECTION 27 – ASSESSMENTS FOR TAXES – The board of trustees of
the independent school district of Emmettsville shall on or before the 15th day of
May in each year propose a budget for the succeeding year and shall also give
notice of a public hearing thereon by posting a synopsis of the proposed budget at
least ten days prior to the date set for said hearing at a main door of each of the
schools of the district, and in addition thereto notice shall be given by printing
said synopsis in a newspaper published in Gem County, Idaho for at least once a
week for not less than two successive weeks immediately prior to said hearing.
After such public hearing, the said board shall adopt a final budget and ascertain
and determine the amount of money required to be raised for all school purposes,
according to the budget, and levy limitation stipulated herein.

Assessments for the taxes of the Independent School District of Emmettsville
now located in Gem and Boise Counties, Idaho shall be made by the county
assessors of the counties wherein said district is located, each on the taxable property of said district in his own county, separately, at the same time that assessments for said State and county taxes are made, and a list of the taxable property of said district in said county and the value thereof shall be separately shown. On or before the third Monday of July in each year said county assessors shall each deliver to the clerk of the board of trustees of said independent school district a statement showing the aggregate valuation of all the taxable property in said independent school district within his own county.

The board of trustees of said independent school district shall, on or before the second Monday in August in each year, determine the rate of school tax for all purposes for said district, and levy the same by resolution, which tax shall not exceed forty-five (45) mills on the dollar of assessed valuation and shall certify the rate and levy to the clerks of the boards of county commissioners of each of said counties. The county commissioners of each of said counties, as a board of equalization, shall have power and it is their duty to equalize the assessment roll for said independent school district, as to the property thereof in their own county, at the times and in the manner provided by law for equalizing assessments for State and county taxes. In each of said counties, the county commissioners thereof shall adopt the said levy made by the trustees of said independent school district as the levy upon all the taxable property of said district within their county, and certify said levy to the county auditor of said county, and said county auditor shall extend said levy on the rolls of his county as other county taxes are extended, and such taxes shall become due and payable at the same time as state and county taxes, and in all respects collected in the same way, except that the tax collector or other officer charged with the collection of taxes must keep a separate list thereof, and when paid must name said taxes in his receipt to the taxpayer as a separate tax, and said taxes must be paid as other taxes are paid in said county.
Approved March 21, 1975

**SECTION 28 – PAYMENT OF SCHOOL TAXES** – It shall be the duty of the treasurer and tax collector of Gem and Boise Counties to pay over to the treasurer of said Independent School District of Emmettsville all moneys collected by him on account of the said school taxes as fast as collected, and on or before the third Monday in July of each year to make a final settlement with said treasurer respecting said school taxes and pay over all moneys then due said school district, including also said district’s proportionate amount of delinquent school taxes, interest and costs on all tax sales and redemptions therefrom. The treasurer of said school district shall give to the treasurer and tax collector of said Gem and Boise Counties each a duplicate receipt for such payments, and the said treasurer and tax collector of Gem and Boise Counties shall give one to the clerk of said district and the other shall be as an acquittance to such county treasurer and tax collector in settling with the clerk of said independent school district, to the extent of the payment shown.

**SECTION 29 – SCHOOL TAXES-WHEN DUE AND PAYABLE** – All school taxes levied and assessed under the provisions of this act shall become due and delinquent and shall attach to and become a lien on the real and personal property assessed, at the same time as State and county taxes; and all the provisions of the general revenue laws of Idaho governing and in aid of assessing, levying, and collecting State and county taxes are hereby made applicable to the assessment, levying and collection of said school taxes for said independent school district, wherever the same are not inconsistent with the provisions of this act.

Approved March 20, 1951

**SECTION 30 – REPEAL OF INCONSISTENT PARTS OF ACT**

RELATING TO ASSESSMENT AND COLLECTION OF SCHOOL TAXES –
That all parts of said act creating the Independent School District of Emmettsville of which this is amendatory, relating to the assessment and collection of school taxes which are inconsistent with this act are hereby repealed.

SECTION 31 – RESTRICTION OF LAWS TO ALTER OR AMEND SPECIAL TAX LAW – No general laws of the State or any amendment that may be made thereto, shall have the effect to alter or amend this special law or any provisions thereof, providing for or relating to the Independent School District of Emmettsville, when inconsistent therewith, unless the act, enacting said general laws, clearly expresses such intention by direct reference to the special and local laws of said Independent School District of Emmettsville.

SECTION 32 – PROVISIONAL ALLOWANCE FOR POWERS AND DUTIES OF BOARD OF TRUSTEES – Whereas an emergency exists therefore, this act shall take effect and be in force from and after its passage: Provided however, that the present board of trustees of said independent school district, and the clerk and treasurer thereof, shall have all the powers and shall perform all of the duties devolving upon the board of trustees, clerk and treasurer provided for by this act, until the next election of trustees in the year 1907.

Approved on the 19th day of February, 1907

SECTION 33 – ISSUANCE AND REFUNDING OF SCHOOL BONDS – The laws of the State of Idaho now applicable to school districts of the class to which the Independent School District of Emmettsville would belong if organized under the general laws, or as the same may hereafter be amended or enacted in relation to the issuance and refunding of bonds by such districts, the form and plan of the bonds to be issued, the registration and sale thereof, levies to pay interest thereon and to create a sinking fund for the payment and redemption thereof, and for the collection of such levies and for the calling and payment of
said bonds and interest thereon, shall apply to and govern bonds issued or refunded by said Independent School District of Emmettsville.

**SECTION 34 – VALIDATED BONDS** – All bonds heretofore issued by the Independent School District of Emmettsville, under the provisions of the general School Laws of the State of Idaho, are hereby validated.

Approved February 21, 1929

**SECTION 35 – TEACHERS RETIREMENT SYSTEM** – The laws of the State of Idaho made applicable to school districts, or as the same may be hereafter amended or enacted in relation to the Teachers’ Retirement System of Idaho as provided by House Bill No. 10 of the First Extraordinary Session of the Twenty-eighth Session of the Legislature of the State of Idaho, shall apply to and cover and govern the Independent School District of Emmettsville.

The Lewiston School District is a Charter District. Attached is a copy of a section of their charter dealing with Election of Trustees. Their charter does not require the formation of trustee zones. The Lewiston School District has not submitted any information dealing with trustee zones or census population distribution throughout their district.
thirty (30) days shall be eligible to office in said District and entitled to vote at all elections held therein for any purpose. As amended Session Laws 1909, Page 44, and Session Laws, 1971, House Bill 53.

SECTION 3. ELECTIONS. - An election shall be held at such school houses as shall be designated by the board of directors of schools of said district, on the second Tuesday of April, 1959, at which time two (2) directors of schools of said district shall be elected for a term expiring at 8:00 o'clock P.M., Pacific Standard Time, on the second Monday of May, 1965; and another election shall be held on the second Tuesday of April, 1961, at which time two (2) directors shall be elected for a term expiring at 8:00 o'clock P.M., Pacific Standard Time, on the second Monday of May, 1967; another election shall be held on the second Tuesday of April, 1963, at which time one director shall be elected for a term expiring at 8:00 o'clock P.M., Pacific Standard Time, on the second Monday of May, 1969. Thereafter shall be an election held for members of the board of directors of schools of said district biennially on the second Tuesday of April, in the odd numbered years. Two (2) directors shall be elected in 1965, two (2) directors in 1967, and one (1) director in 1969, and their respective successors shall be elected at the regular election held in the year of the expiration of their respective terms. Each director elected during the year 1959 and years subsequent thereto shall serve for the term of six (6) years beginning at 8:00 o'clock P.M., Pacific Standard Time, on the second Monday of May of the year of his election, or until his successor is elected and qualified. Provided however, that any Director of said district now holding office shall, if he desires, complete the term for which he was elected, but if not, a director elected in the year of the expiration of his term shall succeed him. In any case where two (2) directors are elected in an election year, and a present director, whose term expires in such year, desires to complete his present term of six (6) full years, and the other director, whose term also expires in that year, does not desire to complete his present term of six (6) full years, then the remaining members of the board of directors shall choose by majority vote one (1) of the two (2) directors elected in that year to succeed the present director who does not desire to complete his term of six (6) full years. Each person elected such a director shall file with the clerk of said board of directors within ten (10) days after his election, his oath of office, and a failure to file said oath shall be deemed a refusal to serve. And it shall thereupon be the duty of the directors holding over to fill such office by appointment until the next regular election, or until his successor is elected or appointed and qualified.

At said election two (2) of the Judges shall act as clerks and one (1) as chairman, and any person offering to vote may be challenged by any legally qualified elector of the district, and any one of the judges of the election shall thereupon administer to the person challenged an oath, as follows: "You do solemnly swear (or affirm) that you are a citizen of the United States; that you have resided in this state for six (6) months last past and in this school district for thirty (30) days last past, and that you are twenty-one (21) years of age or over; and that you have not voted at this election."
If a person so challenged shall refuse to take such oath or affirmation his vote shall be rejected.

Any person guilty of voting illegally at an election held in the district shall be punished as is or may be provided by the general election laws of the state of Idaho for the punishment of illegal voting at a general election.

At said election the polls shall be opened by one of the board of directors, or by any qualified voter, at eleven o'clock in the forenoon and closed at seven o'clock in the evening of the same day. Such election shall be conducted generally, when not otherwise provided by this act, as general elections are conducted; and any member of the board of directors or the duly appointed clerk of the board of directors may qualify the officers of election faithfully to perform their duties as such and to make true return of such election to the board of directors of said district who in turn shall make returns of such election to the County Auditor of Nez Perce County, Idaho, and for any violation of such duties any of said officers shall be liable to the same pains and penalties as are or may be provided by the general election laws for like offenses by officers of any general election.

The voting at said election shall be by ballot and the results of the election shall be determined in the same manner as the results are determined under the general election laws of the state of Idaho. As amended Session Laws, 1959, Chapter 59, and Session Laws 1971, House Bill 53.

SECTION 4. BODY CORPORATE. - Said Directors and their successors in office shall be a body corporate by the name of Independent District No. 1 of Nez Perce County, Idaho, and as such and by such name shall have perpetual succession. They shall receive all money and other property accruing to said District or to said City or any part of the same for the use and benefit of the public schools therein, and to succeed to all the rights and subject to all the liabilities of the same. As amended Session Laws 1909, Page 46.

SECTION 5. - Said board shall, on the 1st day of July, A.D. 1881, succeed to all the rights of the board of trustees of the districts included within the limits of said independent school district, and all moneys and property belonging to said districts shall be delivered to said board of education on demand by the person or officer having possession or control of the same.

On the 1st day of July, A.D. 1881, the office of those elected and serving as trustees of said districts shall become vacant, and the said board of education shall assume and thereafter exercise full control and management of the school property and common schools of said district.

SECTION 6. ORGANIZATION OF THE BOARD. - Said Board of Directors shall at 8:00 o'clock P.M., Pacific Standard Time, on the second Monday of May of each odd numbered year, beginning with the year of 1959, meet and organize by choosing from their number a president who shall preside at all meetings of the board. They shall also choose at the time of organizing said board, some competent person to act as clerk of the board, who shall serve at the pleasure of the board, and they shall at the same time fix the compen-
