

Remediation Need For 1st-Time 1st-Year Idaho Public Postsecondary

The Family Education Rights and Privacy Act (FERPA) 20 U.S.C. Sec. 1232g, is a federal law that protects the privacy of student education records. FERPA requires that when student data are released, steps are taken to release information in a manner which protects a student's personally identifiable information (PII). This Idaho State Board of Education report groups or categorizes some data (e.g., "< 10" or "Most, if not all") to protect PII and comply with FERPA.

CAUTION - Idaho's postsecondary institutions use a variety of placement/remediation assessments and/or different scores of the same assessment to determine student need for remedial courses. Thus, comparing counts or percentages of remedial needs of a High School's graduates across postsecondary institutions is not a valid comparison.

Academic Year 2007 through 2012 Aggregate Data

High School of Graduation	Percent of Unduplicated Graduates Attending 2-Year Institutions in Need of Remediation*	Percent of Unduplicated Graduates Attending 4-Year Institutions in Need of Remediation**
