**SECTION: I. GENERAL GOVERNING POLICIES AND PROCEDURES**

**SUBSECTION: I. Reservation of Powers**

**December 2008**

---

The Board expressly reserves to itself the power to act on its own initiative in all matters affecting the institutions or agencies. The Board is charged by law with full responsibility for governing the institutions, agencies and school under its jurisdiction. Although the Board properly and necessarily delegates certain authority to designated officers, it does not delegate its ultimate legal responsibility.
