IDAHO State Board of Education

650 West State Street, 3rd Floor | Boise, ID 83702

WHY COLLEGE?

College can be a valuable experience and asset to your future. Here are a few reasons why you should consider a college degree.

Earn More Money

Those who graduate from college earn more money than those with only a high school diploma. On average, someone with a college degree can earn \$1,100 a week as opposed to just \$638 with a high school diploma. Whatever your dreams are, a college degree can help you get there.

Better Health

Studies continue to show that college graduates tend to have a healthier life, both physically and mentally.

More Opportunity

Graduating from college increases your choices for future careers and provides you with specialized skills and training that are essential in today's workforce.

Build Connections

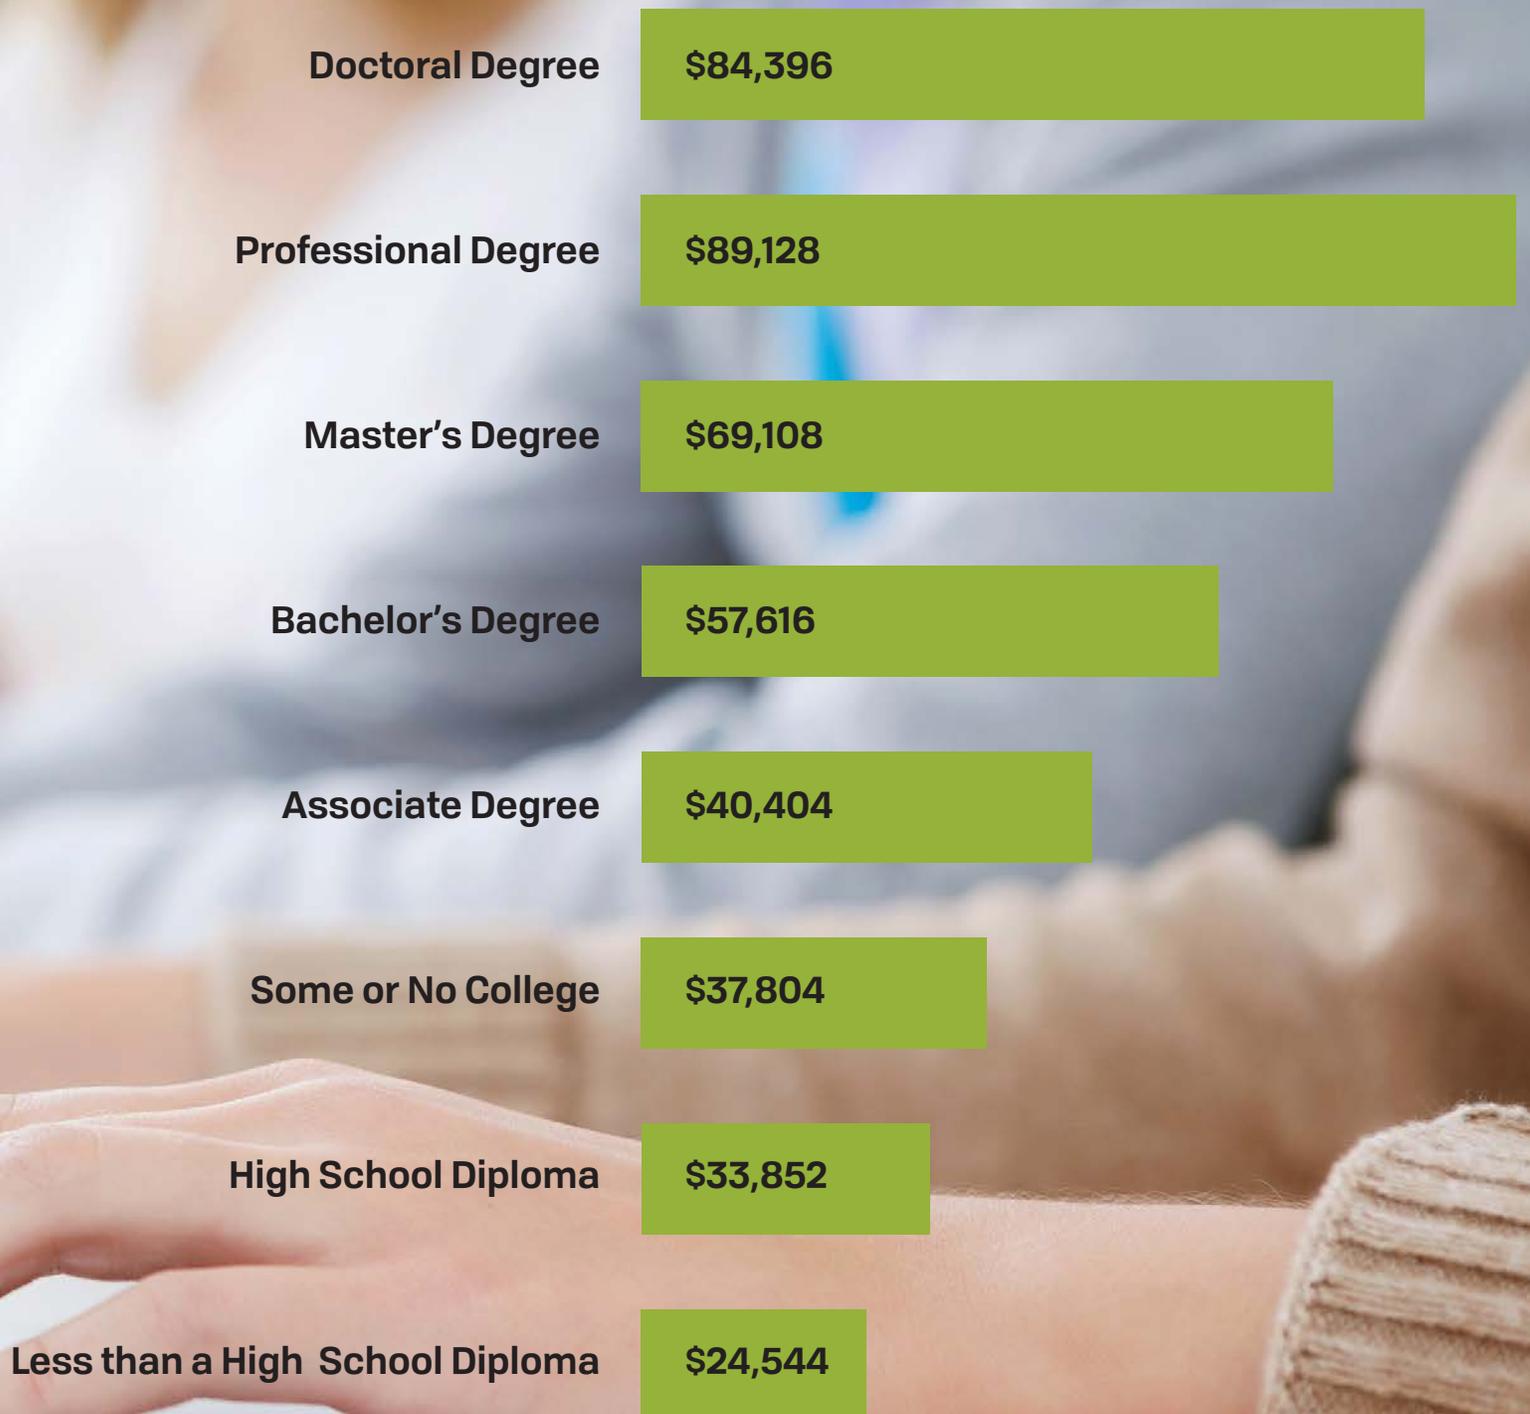

College is a great place to meet new people, make friends, and network. The friends you make in college are often friends you will have for life. You also have the opportunity to network through classmates and professors.

Better Future for your Family

71% of students with at least one parent with a bachelor's degree will apply to college themselves, as opposed to 26% of those who do not. Start a tradition that will be passed to your children by setting the example and earning a bachelor's degree.

AVERAGE SALARY BASED ON EDUCATIONAL ATTAINMENT

*Data collected from people ages 25 and over: Earnings are for full-time wage and salary workers.

BOISE BIBLE COLLEGE

Boise Bible College's 16-acre campus lies in a suburban neighborhood with easy access to shopping centers, parks, employment, and the Greenbelt along the Boise River. Most students live in a new dormitory, which carefully balances community life and private space. Instructional space is designed for plentiful interaction between students and instructors and the integration of new technology in mind. A new student center opened in 2014, facilitating the community life and spiritual development of the BBC student body.

BOISE STATE UNIVERSITY

Maybe it's our central location at the heart of the capital—the hub of government, business, health-care, innovation, or our strong connections with hundreds of companies and organizations in the region. Maybe it's because we're Idaho's metropolitan research university, or perhaps it's our close proximity to the adventures that lie in the foothills along the Greenbelt or down the river. Maybe it's the cutting edge technology and academic success which fuels the University and surrounding community. No matter the reason, coming to Boise State will put you in a culture of innovation with opportunities in all the right places.

BRIGHAM YOUNG UNIVERSITY-IDAHO

Founded in 1888, BYU-Idaho cultivates a distinctive environment in accordance with the standards of its sponsor, The Church of Jesus Christ of Latter-day Saints. While most universities are research-focused and faculty-centered, BYU-Idaho is teaching focused and student-centered. Through hands-on student instruction and leadership opportunities, students are given practical opportunities to build skills that will help them become Disciples of Christ and leaders in the workforce. As students engage in active teaching and learning, they will become a qualified leader in their families, the Church, the workplace, and the community.

COLLEGE OF SOUTHERN IDAHO

Nestled in the heart of Southern Idaho, CSI's main campus is located in beautiful Twin Falls. Skiing, rock climbing, geo-thermal hot springs, white water rafting, fishing, and more are all less than an hour away. With off-campus locations in Gooding, Jerome, Hailey, and Burley, CSI offers over 130 degree programs, including a myriad of online classes. The 315-acre campus houses a state-of-the-art Fine Arts Center, traditional dorm-style living, the largest ropes course west of the Mississippi, over 50 student clubs, and 9 NJCAA athletic teams who have brought home 20 championships. Amid rising costs for college, The College of Southern Idaho remains one of the most affordable higher education options offering Associate degrees and technical certificates.

COLLEGE OF WESTERN IDAHO

College of Western Idaho (CWI) is located in the Treasure Valley—the state’s cultural and economic hub. The Treasure Valley is recognized nationally as a great place to live, work, and get an education. CWI is the largest community college in Idaho and provides students an abundance of opportunities for learning. Locations include Boise, Nampa, and Online. Numerous degrees are offered fully online as well as hundreds of hybrid and online courses. CWI offers affordable education with low cost per credit and access to scholarships and financial aid. With a full range of certificates and two-year degrees, transferring to a university or directly into the workforce are both great options. The quality of education at CWI competes with any college or university.

COLLEGE OF EASTERN IDAHO

College of Eastern Idaho, located in Idaho Falls, is Idaho’s newest community college offering students both AA and AS degrees (starting Spring 2018) as well as Career Technical Education. Our technical programs provide hands-on-training to give our students real world experience to prepare them to enter their chosen career. Our academic degrees provide pathways to help students get their 2 years of general education completed before transferring to a university. We pride ourselves in our small class sizes with a student to teacher ratio of 9 to 1 in 2016 and our high graduate positive placement of 92%. We believe in Real Education, Real Jobs for Real Life.

IDAHO STATE UNIVERSITY

Idaho State University is a research university located in Pocatello, with additional locations in Idaho Falls, Meridian and Twin Falls. ISU is the state's designated leader in the health professions, but with more than 250 academic programs and 150 student clubs and organizations, there are plenty of opportunities to become a part of the Bengal community. Opportunities for undergraduate research, performing in a nationally acclaimed performing arts center, and personal interaction with faculty members are some of the reasons our students choose ISU. ISU is at the heart of an outdoor-lover's paradise and a short drive to some of America's greatest natural wonders and exciting outdoor recreation opportunities.

THE COLLEGE OF IDAHO

The College of Idaho has a 127-year-old legacy of excellence. The C of I is known for its outstanding academic programs, winning athletics tradition and history of producing successful graduates, including seven Rhodes Scholars, three governors, and countless business leaders and innovators. Its distinctive PEAK Curriculum challenges students to attain competency in the four knowledge peaks of humanities, natural sciences, social sciences and a professional field—empowering them to earn a major and three minors in four years. The College’s close-knit, residential campus is located in Caldwell, where its proximity both to Boise and to the world-class outdoor activities of southwest Idaho’s mountains and rivers offers unique opportunities for learning beyond the classroom.

UNIVERSITY OF IDAHO

Since 1889, the University of Idaho has provided motivated students with a transformative higher education experience that prepares them to solve real-world problems and achieve success in their lives and careers. Beginning with our beautiful residential campus in Moscow, the university’s reach extends throughout Idaho, serving over 12,000 students with educational centers in Coeur d’Alene, Boise and Idaho Falls, a research and extension center in Twin Falls, plus Extension offices in 42 counties. One of the nation’s land-grant research universities, U of I is a noted national leader in student-centered learning and interdisciplinary research that promotes public service. Our work serves businesses and communities, advancing the pursuit of diversity, citizenship and global outreach.

PREPARING FOR COLLEGE

Idaho colleges and universities, along with the Idaho State Board of Education, believe all students should have education and career goals that will prepare them to experience fulfilling lives, actively participate as educated citizens, and thrive in a particularly competitive and global marketplace. A college and career-ready student is prepared to succeed in college and in postsecondary workforce training programs.

BUILD AN ACADEMIC FOUNDATION

- Don't slow down during your senior year. Take challenging classes to develop an understanding of different subjects and a solid academic preparation for college courses.

- Take Advanced Placement (AP), International Baccalaureate (IB), or Concurrent Enrollment (CE) classes that lead to college credit and provide direct experience in college-level studies. Select Concurrent Enrollment classes that apply to general education, a certificate, or a degree that fits your educational plans.

EVALUATE PROGRESS FOR COLLEGE

- Go to class, take notes, and do your homework. Do the very best academic work possible in every class you take from middle school through your senior year of high school.

- Speak with a counselor about your course choices; ask for advice on enhancing college readiness skills.

- Throughout middle school and high school years, use external methods (such as the EXPLORE, PLAN, and ACT sequence of tests, or ACCUPLACER) to determine how close you are to being ready for college.

- Adjust study habits and school course choices appropriately to address your academic weaknesses and stay on track.

DEVELOP INTELLECTUAL AND CAREER CAPACITY

- Select courses in high school that challenge the intellect and develop critical thinking, analysis, and problem-solving strategies.

- Practice creative problem solving, increase written and oral communication and teamwork skills, and become technology proficient.

- Establish time management skills and study habits to prepare for the greater amount of independent work required in college.

EXPLORE POSTSECONDARY OPTIONS

- Visit as many college campuses as you can. Take a guided tour and ask questions.

- Learn how much college costs. Submit the Free Application for Federal Student Aid (FASFA) by the priority deadline. Ask a college financial aid advisor about scholarships, grants, loans, and work study.

- Take a college entrance exam (ACT or SAT) at least twice before applying to colleges.

- Submit college admission applications by the priority deadline (often in November/December of your senior year).

A close-up, low-angle shot of a person's foot on a skateboard. The foot is wearing a dark blue sneaker with white laces and a white sole. The skateboard has a light-colored wooden deck and two red wheels are visible. The background is a blurred outdoor setting with a paved ground.

REQUIREMENTS AND RECOMMENDATIONS

Consider the classes you should take now to prepare for your college career

	Idaho High School Graduation Requirements	1- & 2-Year Certificate and Degree Pathway	2-Year Transfer and 4-Year Degree Pathway
English & Language Arts	9 credits (English: 8 credits and Speech: 1 credit)	Concentrate on developing technical reading, writing, and research skills.	Concentrate on developing reading, writing, and research skills.
Mathematics	6 credits, including Algebra 1 and Geometry standards. Two credits must be taken in the last year of high school.	Take required mathematics courses and focus on the application of math concepts related to your chosen career goal.	Students interested in the STEM degrees should take at least one mathematics course beyond Algebra II, ideally as much math as possible including calculus.
Science	6 credits (including 4 laboratory)	Choose science courses aligned with your occupational goals and personal interests.	Students interested in STEM degrees are encouraged to explore coursework in physics, chemistry, biology, and other core sciences.
Social Science & Social Studies	5 credits	Choose social sciences classes that provide a strong academic foundation but also enable you to explore a variety of career paths.	Choose social sciences classes that provide a strong academic foundation but also enable you to explore a variety of career paths.
Health	1 credit	Build a foundation for a healthy lifestyle that is key to college and career success.	Build a foundation for a healthy lifestyle that is key to college and career success.
Required Electives	17 credits	Choose challenging electives that match your career interests and other educational goals.	Choose challenging electives that match your career interests and other educational goals.
World Languages	N/A	Consider taking a foreign language class as a pathway to developing employable skills.	Take 2+ years of the same language (other than English) in a progressive manner during high school.
District Requirements	Senior Project	Complete a project related to your career interests and educational goals.	Complete a project related to your career interests and educational goals.
College Entrance Exam	Take either the ACT, SAT, or COMPASS exam before the end of the 11th grade.	Take the ACT or SAT at least twice for best results. Schedule the test early in your senior year in order to meet college application deadlines.	Take the ACT or SAT at least twice for best results. Schedule the test early in your senior year in order to meet college application deadlines.
ISAT Exam	ISAT: Pass ISAT with a score of Proficient or Advanced in Reading, Math, and Language Usage.	This step is usually completed in middle school/junior high. See your high school counselor with questions.	This step is usually completed in middle school/junior high. See your high school counselor with questions.

HOT SPOTS

Whether you need a study break or a weekend getaway, there are plenty of Idaho destinations full of adventure.

- 1 LAKE PEND ORIELLE**
The largest lake in the Idaho panhandle, spanning 43 miles, and the 5th deepest lake in the U.S. at 1,150 ft.
- 2 LAKE COEUR D'ALENE**
A natural lake in northern Idaho, spanning 25 miles, with 109 miles of shoreline.
- 3 CITY OF ROCKS**
Expansive state park with camping, rock-climbing, hiking, and impressive granite rock formations.
- 4 HELLS CANYON**
A ten-mile-wide canyon along the border of Idaho and Oregon.
- 5 SAWTOOTH MOUNTAIN RANGE**
Part of the Rocky Mountains and a great place for hiking in the summer.
- 6 BORAH PEAK**
The tallest peak in Idaho with an elevation of 12,667 ft. Located in the Lost River Range.
- 7 THE TETON MOUNTAIN RANGE**
A mountain range in Wyoming near the Idaho border, known as a destination spot for skiing, snowboarding, and hiking.
- 8 ST. ANTHONY SAND DUNES**
Sand dunes near BYU-Idaho, a popular location for sand surfing and bonfires.
- 9 BOISE GREEN BELT**
A recreation trail along the banks of the Boise River.
- 10 SHOSHONE FALLS**
A waterfall located on the Snake River, east of Twin Falls.
- 11 CRATERS OF THE MOON**
A park for camping and hiking with a visitor center amid dormant lava fields.
- 12 BEAR LAKE**
A freshwater lake on the border of Idaho and Utah.

COLLEGE TERMS TO KNOW

Accreditation: Accreditation is the recognition that an institution maintains standard requisites for its graduates to gain admission to other reputable institutions of higher learning or to achieve credentials for professional practice. The goal of accreditations is to ensure that education provided by institutions of higher education meet acceptable levels of quality.

Accuplacer: The purpose of Accuplacer tests is to provide you with useful information about your academic skills in math, English, and reading. The results of the assessment, in conjunction with your academic background, goals, and interests, are used by academic advisors to determine your course selection. You cannot “pass” or “fail” the placement tests, but it is very important that you do your very best on these tests so that you will have an accurate measure of your academic skills.

ACT Aspire: The ACT Aspire (formerly called pre-ACT, ACT Plan, or ACT Explore) is an online testing system for students in grades 3-8 as well as early high school. These tests assess English, math, reading, science and writing contents for all grades. The assessment is used to highlight progress towards ACT College Readiness Standards and Benchmarks and is aligned to what students are learning in school.

Admissions & Scholarship Index: Admissions and scholarship decisions can be based on an index of GPA and ACT scores at some of our institutions of higher education. The score may also be used for placement. For more information please contact the institution of your choice to determine if this is applicable.

Advanced Placement Program (AP): The advanced placement program is a service of the College Board that provides high schools with course descriptions in college subjects and Advanced Placement Examinations in those subjects. High schools teach the courses and give the examinations to interested students. Those who pass the exams are eligible for advanced placement or college credit.

Applied Associate Degree (A.A.S.): An A.A.S. is a two-year program that provides broader knowledge in fields ranging from Biomanufacturing and Computer Information Systems to Dental Hygiene and Digital Media. The in-depth knowledge and skills acquired in an Associate of Applied Science (A.A.S.) degree prepare students for employment in a career track with advancement opportunities.

Associate Degree (A.A., A.S.): An associate degree is a two-year program that provides the academic foundation for transfer to a four-year bachelor's degree program. The associate of Arts (A.A.) and the associate of Science (A.S.) cover the curriculum taught in the first two years of a four-year program of study.

Bachelor's Degree/baccalaureate (B.A., B.S.): A bachelor's degree is achieved through a four-year program that provides in-depth, specialized knowledge in a major field of study. Bachelor of Arts (B.A.) or Bachelor of Science (B.S.) degrees prepare students for employment in fields from Accounting to Theatre, or for further studies.

Certificate: A certificate is generally a one-year program that leads directly to entry level employment in a specific occupation such as aviation pilot, diesel mechanic, or respiratory therapist.

Community College: A community college is a two-year college that serves the residents of a local or regional area. Most of these colleges admit all or most of the students who apply. Some programs, such as Nursing, may be more selective. Students receive an associate degree after two years of successful full-time study. Additionally, many technical programs of study are taught at these colleges. Many students who enter general education programs (equivalent to the first two years of a bachelor's degree program) transfer to a four-year college or university.

Concurrent Enrollment/Dual Enrollment (CE, DE): The concurrent enrollment/dual enrollment program makes college courses available to eligible high school students during their junior and senior years. Students earn both high school credit and regular college credit which is recorded on a college transcript.

Credit Hour: A credit hour is a unit used to measure the amount of school work a student has enrolled for or completed.

FERPA: The Family Education Rights and Privacy Act is a federal privacy law that gives parents certain protections with regard to their children's education records, such as report cards, transcripts, disciplinary records, contact and family information, and class schedules. Parents have the right to review their child's education records and to request changes under limited circumstances. To protect a child's privacy, the law generally requires schools to ask for written consent before disclosing their personally identifiable information to individuals other than the child.

When a student turns 18 years old or enters a postsecondary institution at any age, all rights afforded to the parents under FERPA transfer to the student (“eligible student”). However, FERPA provides ways in which a school may – but is not required to – share information from an eligible student's education records with parents, without the student's consent.

Financial Aid: Financial aid is money awarded to students to help them pay for education. Aid is given as loans, grants, scholarships, or work-study. Some forms of financial aid are required to be repaid after graduation.

FAFSA: The Free Application for Federal Student Aid is a free financial aid application form used to determine eligibility for need-based federal financial aid. Applications are accepted after January 1. Early application is strongly encouraged. Students should apply during their senior year. Visit www.FAFSA.gov.

Grant: A grant is a form of financial aid that does not have to be repaid or earned by working. Grants are usually based on financial need; however, academic merit may also be considered.

International Baccalaureate (IB): An international baccalaureate is a program offered in some schools that provides academically challenging courses. IB Diploma students take courses in six subjects and complete a “core” that includes community service and an extended essay. High schools teach the courses, but the broad curriculum is provided by International Baccalaureate and students around the world take the same final exams. Courses can last one or two years, and a passing grade on the final exams or the attainment of an IB diploma can make a student eligible for college credit, advanced placement in college classes, or other benefits.

Higher Education: Higher education, also called postsecondary education, is a term that refers to colleges, universities, and any education beyond high school that leads to a certificate or a college degree.

Loan: A loan is money you borrow and must pay back with interest, so be sure you understand your options and responsibilities.

Merit-based Aid: Merit-based aid is financial aid that is dependent on academic, artistic, or athletic merit. This type of aid does not require demonstration of financial need.

Need-based Aid: Need-based aid is financial aid that is dependent on demonstration of financial need. Most sources of financial aid that are provided by the government are need-based.

Open Admissions: Open admission is a college admissions policy of admitting virtually all applicants with high school diplomas or its equivalent. Conventional academic qualifications, such as high school subjects taken, high school grades, and admissions test scores are not used to limit enrollment, but can affect placement.

Pell Grant: A pell grant is money awarded directly to students by the federal government. Only undergraduate students may receive federal Pell Grants. To apply for a federal Pell Grant and other federal financial aid, fill out the Free Application for Federal Student Aid (FAFSA) at www.FAFSA.gov.

PSAT: The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) is a program cosponsored by the College Board and National Merit Scholarship Corporation (NMSC). It's a standardized test that provides first-hand practice for the SAT. It also gives you a chance to enter NMSC scholarship programs and gain access and career planning tools.

Rolling Admissions: Rolling admissions is a procedure by which the college evaluates applicants on a first-come, first-serve basis. Applicants are screened as soon as they submit all application materials. The college may consider applications on a weekly or monthly schedule. Applicants receive a notice of the decision a short time after application.

Scholarship: A scholarship is a form of financial aid that does not have to be repaid or earned through employment. Scholarship usually refers to an award based on academic merit; however, scholarships are also awarded for performing community service, leadership, talent, etc. Financial need may also be required.

SAT (Scholastic Aptitude Test): The SAT is a globally recognized college admission test that lets students show colleges what they know and how they can apply that knowledge. It tests knowledge in reading, writing and math subjects that are taught every day in high school classrooms. Most students take the SAT during their junior or senior year of high school. Colleges and universities require students to take this test or the ACT prior to applying for admission.

Semester: A semester is a term used for an academic calendar period of about 16-18 weeks that makes up half or the usual academic year for schools that use that system.

Subsidized Loan: A subsidized loan is a need-based loan, such as a Direct Subsidized Stafford. The federal government pays the interest on subsidized loans during the borrower's in-school, grace, and deferment periods.

Technical College: Technical colleges prepare skilled workers in specific occupations that generally do not require a bachelors or more advanced degree. Technical college students can earn certificates that prepare them directly for employment in a few months to a little more than a year.

Transcript: A transcript is an official copy of a student's educational record.

Tuition: Tuition is the charge for attending a college or university class.

University: A university is an institution of higher learning that offers both undergraduate (associate and bachelor's) and graduate (master's and doctoral) programs. Universities vary considerably in programs offered and in size. Compared to colleges, universities are usually larger, offer more courses and majors, and have more research facilities. Universities may be divided into a number of “colleges,” such as the College of Education or the College of Business. Each college has several departments and offers different majors.

Work Study: Work study is a federally funded part-time employment program for undergraduate and graduate students. Eligibility is based on financial need. The earnings help students meet a portion of their educational expenses. The federal government subsidizes a portion of the student's salary. This makes it cheaper for employers to hire students who have demonstrated financial need.

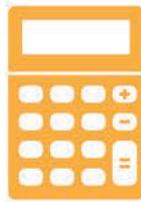

COLLEGE SAVINGS + TAX SAVINGS = your Idaho 529

Tax-deferred earnings¹, tax-free qualified withdrawals, plus significant Idaho tax deductions²— they add up to one great way to save for college.

State-tax deduction

Idaho taxpayers get a special tax deduction of up to \$6,000 for single filers or \$12,000 for married couples filing jointly for their IDeal – Idaho College Savings Program contributions.

Tax-deferred growth

Money in a 529 account grows tax-deferred, and qualified withdrawals are tax-free.

Idaho and beyond

Use your 529 savings at eligible colleges, universities and vocational schools nationwide, not just in Idaho.³

¹Earnings on non-qualified withdrawals are subject to federal income tax and may be subject to a 10% federal penalty tax, as well as state and local income taxes. The availability of tax or other benefits may be contingent on meeting other requirements.

²Contributions to the IDeal - Idaho College Savings Program are deductible from Idaho state income tax, subject to recapture in certain circumstances, such as a non-qualified withdrawal or a rollover to another state's qualified tuition program in the year of the rollover and the prior tax year.

³Eligible institutions include all post-secondary institutions that participate in federal student financial aid programs

For more information about the Idaho College Savings Program ("IDeal"), call 1.866.433.2533 or visit www.ideal.org to obtain a Disclosure Statement. The Disclosure Statement discusses investment objectives, risks, charges, expenses, and other important information. Because investing in IDeal is an important decision for you and your family, you should read and consider the Disclosure Statement carefully before investing.

Before you invest, consider whether your or the beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in that state's qualified tuition program.

IDeal is administered by the Idaho College Savings Program Board ("Board"). ABD, the program manager, and its affiliates, have overall responsibility for the day-to-day operations, including investment advisory, recordkeeping and administrative services, and marketing. The Vanguard Group, Inc. ("Vanguard") serves as Investment Manager for IDeal. Sallie Mae Bank serves as the Savings Portfolio Manager for IDeal. IDeal's Portfolios invest in either: (i) mutual funds offered or managed by Vanguard; or (ii) an FDIC-insured omnibus savings account held in trust by the Board at Sallie Mae Bank. Except for the Savings Portfolio, investments in IDeal are not insured by the FDIC. Units of the Portfolios are municipal securities and the value of units will vary with market conditions.

Investment returns will vary depending upon the performance of the Portfolios you choose. Except to the extent of FDIC insurance available for the Savings Portfolio, you could lose all or a portion of your money by investing in IDeal, depending on market conditions. Account Owners assume all investment risks as well as responsibility for any federal and state tax consequences.

Not FDIC-Insured (except for the Savings Portfolio). No Bank, State or Federal Guarantee. May Lose Value.
