The Accountability Oversight Committee is an ad hoc committee of the State Board of Education. As such, it is not a governing body and is not subject to the provision of section 67-2342, Idaho code as it pertains to the Idaho open meeting law. The State Board of Education believes in and practices open government and as such the Accountability Oversight Committee meetings are open to the public. While the committee is working on recommendation regarding a new K-12 statewide accountability system every effort will be made to post the meeting times and location in advance to allow for the public to attend.
