MASTER TEACHER RUBRIC AND SCORING PROCEDURES - OVERVIEW

To be designated as a Master Educator in Idaho, educators must clearly demonstrate the following characteristics in a way that directly impacts student learning. Master Educators will achieve exemplary scores in four of the five standards on the scoring rubric.

At least two members of the Master Educator Committee will score each application, and scores for each standard will be compared to determine a candidate's final score. The committee will design a process for resolving discrepancies in scoring, such as a third reader or scoring consultation.

The scoring rubric is based on the **Idaho Master Educator Standards**, largely adopted from the work of the Ohio Educator Standards Board. Candidates should be advised to refer to the *State Board of Education* website for guidance in completing their applications, and to view a copy of the scoring guide. Following submission and final scoring of the portfolio, candidates will receive a copy of their score sheet, including a summary compilation of each candidate's final scores.
