RTI International / US News Data Request		
Discussion:	<p>RTI Intenrational is completing research for US News and World Report determining the best high schools in each state. Last year, they used the redacted data located on the SDE website. Many small/high performing schools were not included.</p> <p>RTI would like to receive unredacted data in order to provide a more accurate rating. Aggregate high school ISAT scores would be provided to RTI. RTI would compile the data. US News would not be given the raw data. RTI would sign a MOU to protect the data.</p> <p>OSBE would review the report before it is released in order to verify the final data is properly masked to protect student data.</p>	
Conclusions:	Move to provide unredacted aggregate data to RTi based on the requirements linsted in the data sharing agreement. (Campbell/Luchte). Passed 8-0.
