SDE Request – Waiver of Redaction Rules		
Discussion:	<p>SDE data request from Karlynn Laraway:</p> <p>We would request the DMC waive redaction rules in the report card for three (3) metrics in the accountability system. The request applies to the all school level, grade level and subgroup levels. These metrics are captured in the School Quality measures under ESSA and are considered non-academic. These are participation calculations and not performance indicators.</p> <ol style="list-style-type: none"> 1. Students in Grade 8 Completing Pre-Algebra or Higher 2. Students in Grade 9 Completed Algebra I or Higher 3. College and career readiness is an aggregate measure based on three components: <ul style="list-style-type: none"> • Participation in Advanced Opportunities; • Receiving Industry-recognized Certifications; or • Participating in Recognized High-school Apprenticeship Programs. <p>Approval at the subgroup was quickly ruled out. There was significant discussion of approval at the school level. On one side, it is important to release for all schools. On the other side, small schools could show student counts as low as 0 or 1. It was also noted that participation in an advanced class is in itself a student performance indicator.</p>	
Conclusions:	After extensive discussion, this waiver request died from a lack of a motion.
