Huron, a Chicago-based consulting firm outlined the report at last month's State Board meeting. Huron conducted the in-depth review of services and personnel at the University of Idaho, Lewis-Clark State College, Boise State University and Idaho State University.

The review focused on such functions as purchasing, information technology and human resources and was funded by the Legislature. The review was recommended by former Governor C.L. "Butch" Otter's Higher Education Task Force.

Board President Dr. Linda Clark says the Board is moving forward in determining next steps and will prioritize the report recommendations.
