### CONTINUOUS IMPROVEMENT GOALS

#### Educator Preparation Provider's Continuous Improvement Goals:

1. To better incorporate Standard 11 from the Idaho Core Teaching Standards within our teacher preparation programs. Specifically, we will identify places in our education core in which we can apply teacher education principles to the teaching of American Indian tribes in Idaho.
2. To better align the practicum experiences teacher candidates have at Brigham Young University - Idaho. Specially, we want to establish certain broad guidelines for all practicums. This will ensure that certain essential outcomes are being met in all teacher preparation programs.
