### Section 6. EPP's Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level) Transition Plans

2024 Annual Accreditation Report : Annual Accreditation Report :

**Section 6. EPP s Continuous Improvement & Progress on (advanced level) Phase-in Plans and (initial-licensure level) Transition Plans**

**6.1. Summarize any data-driven EPP-wide or programmatic modifications, innovations, or changes planned, worked on, or completed in the last academic year.**

This is an opportunity to share targeted continuous improvement efforts your EPP is proud of. Focus on one to two major efforts the EPP made and the relationship among data examined, changes, progress with any Transition Plans (initial-licensure level) and/or Phase-in Plans (advanced level), and studying the results of those changes.

Initial Programs: The assessment platform will be changing in Fall 2024 from Taskstream to Canvas as the university moves the LMS to Canvas in the Fall. A recommendation will be made to the IACTE workgroup to review the questions and alignment of the Alumni survey during AY 2024-2025. Starting with Special Education (Spring 2024), the department is looking at curriculum alignment to completer feedback, program assessment results, and new state standards. Next steps will be to visit the curriculum for elementary and secondary education. The department will continue the work to align the student teaching portfolio with state standards for special education, early childhood blended, and deaf education. The department will be refining the field placement process for 2024-2025. Advanced Programs: MEd. Education Administration Programmatic and K-12 Principal Endorsement Graduate Certificate: Program modifications include updating the required internship activities to more closely align with program standards and outcomes. A new online Internship Handbook was produced and made available to all cooperating administrators in the field. Additionally, an Intern Performance Survey for cooperating administrators was updated and is now available via a Google form. The focus group activity was designed to collect feedback from cooperating administrators to validate and/or revise the required internship activities. This feedback from the field regarding internship requirements is critical to the success of students completing the degree or certificate and assuming a leadership position. SPED Director Certificate Program: With a very small number of graduates in this program we do not have data to suggest needed improvement to the program. Faculty will be conducting a Focus Group activity with SPED Directors in the field to determine alignment of internship activities with job expectations in 2026.
