E-Rate Cycle	Step 5: Invoicing USAC If you're invoiced at 100% of cost, then invoice USAC for reimbursement through EPC E-Rate Invoicing (Form 472 BEAR). Complete this during the year or by Summer 2025. If your invoice includes E-Rate discount, then no further action needed (vendor invoices USAC via Form 474 SPI).	Step 3: Form 471 Respond to review requests or modification notifications from USAC If a change needs to be made to your Funding Request, open the application to "Related Actions" and "Submit RAL Request." This cannot be done after a Funding Commitment Decision Letter (FCDL) is issued. First wave expected end of April/start of May.	Step 1: Planning Refer to ISEE submission for March 2025. This is the primary dataset used to calculate the discount percentage for 2026-27 (excludes CEP). Student demographic indicators referenced: EconDis, FRL, Survey. Schools utilizing CEP use their application-year data to calculate E-Rate percentage.
