1. Approval of minutes (action item)

Moved (Wes and Scott W) and approved the November DMC minutes.
  
2. CTE – Request Idaho Department of Labor Data (action item)
  - CTE-IDCTE request to labor data via DMC from IDOL
  - CTE-SWIS Forms Signed  
The DMC decided that additional information is needed to gather secondary data for labor. Heather will schedule a meeting with OSBE and IDOL to work on details for a future secondary labor data request. For postsecondary data, the institutions will use data from the November labor request in the IDCTE placement survey for federal Perkins reporting.
  
3. Kathryn Hill (SDE) – Labor Data for Post-School Outcomes (action item)

I'd like to put an item on the agenda for the Labor Data request from Kathryn Hill (SDE) – it is for the Indicator 14 Post-School Outcomes – federally mandated. They don't get back labor detail, but get the answers to these questions:

- Did former students participate in the workforce after exiting secondary school?
- Did former students who participated in the workforce work;
- full-time or less than full time;
- 90 days or more; (combined across employers);
- with an average income of minimum wage?
- If they are working full time (combined across employers) - suggest proxying full-time as minimum wage \* 160 = \$1,160 - if they make at least that amount then label as employed\_full\_time. If they make wages, but less than full-time, then label as employed\_part\_time.
- Please look at two quarters and four quarters after the date specified.

# Idaho State Board of Education (SBE) Data Management Council (DMC) Meeting

- Data period June 1, 2023, through September 1, 2024.

We used to run this for Alisa Fewkes – Kathryn Hill replaced her.

Labor and DMC need to approve the request. Moved (Scott W and Wes) and approved – allowable use of data

#### 4. DMC Exception – ACGR (action item)

Date:	December 1, 2017
Exception:	Four-year adjusted cohort graduation rate (ACGR) doesn't need to be masked at the school level. Normal masking rules are followed when ACGR is broken down in any way.
